Planners Approve Cady Street Rezoning

City planners recommended the rezoning of four lots on Cady street Tuesday night to permit construction of a proposed supermarket.

Their recommendation has restrictions and also limits the area to be rezoned, but still meets the requirements necessary to erect a supermarket if the proposal materializes.

Originally, the entire north side of Cady street between Center and Church streets was considered for rezoning to commercial from residential. The planners asked that lots 45 through 48 — where the store and parking area would be located — be rezoned.

The planners voted unanimously for the change with L. M. Eaton abstaining for reasons which he gave as "possible financial interest."

The action came on the fourth official hearing of the proposal.

Chairman T. R. Carrington prefaced the meeting with an explanation of the commission's action.

"Basically, this problem would seem simple — to rezone or not to rezone," Carrington stated. "But usually we have known exactly how and where a building would be constructed before we have taken zoning change action. It's no secret that A&P is interested in the location, but so far no definite plans have been made by the 'promoter' of the project, who must wait until zoning has been assured," Carrington explained.

Forrest Duren spoke up in defense of the commission's deliberation on the matter. "We have been deliberate with a purpose. We understand

the plight of the merchants and also the residents and no matter how each of us votes tonight, we will be doing what we think is best," he explained.

George Zerbel then pointed out the conclusion the board had reached. Explaining that the planners are presently in the process of strengthening its zoning ordinance, Zerbel said he believed it "would be in the best interest not to rezone the entire street." He said that this would allow the planners some control over the street until the zoning ordinance is completed.

He then outlined the commission's restrictions on the zoning:

1. A 15-foot setback for all buildings erected on the lots from the front lot-line;

2. Site and land-use plans must be submitted to the planning commission before a building permit may be issued;

3. All walls facing Cady street shall be of face brick or equivalent. "I believe our negotiations have helped protect property values on the south side of Cady street," Zerbel said.

He said the new plan, apparently agreed upon in a meeting with the builder of the project, would eliminate all truck traffic from Cady street bringing deliveries in from a Center street entrance to the west side of the building.

Zerbel then moved for adoption of the zoning change. Planners who voted yes were: Carrington, Doren, Ernest Ebert, Donald Hannabarger, Harvey Ritchie, L. C. Sullivan, Harry Wagenschütz and Zerbel.

The recommendation now goes to the city council. It will be introduced at the April 13 meeting and then probably be given public hearing by the council two weeks later.

Originally the public hearing was called to change the zoning classification of the block to permit construction of a new A&P supermarket to face the parking-ally between Main and Cady streets. Under the plan parking would be provided next to the store. In addition local merchants are giving financial backing to development of a 33-car parking lot on Main street between Northville Realty and Mainville Drugs. The A&P store would face this Main street parking area.

The issue became strongly controversial when residents of Cady street objected, principally because it would "make an alley" of Cady street. They also objected to having the back of the store on Cady.

Open Bids Tonight For School Bonds

Bids for the sale of some \$635,000 in general obligation bonds by the Northville board of education will be opened tonight in the board room of Main street school at 8 o'clock.

This sum constitutes the remainder of a \$3,000,000 bond issue approved by voters in 1956, and earmarked for: construction of an addition to the Amerman school, site purchase and construction of a new high school, rehabilitation of the old high school building for junior high use, and purchase of a site for future school development.

Busy Safe Cracker Admits Area Thefts

A 38-year-old Plymouth man, who, according to State Police admitted 66 Michigan burglaries including four area safe thefts, will be sentenced in Oakland county circuit court Tuesday.

Robert C. Davis, who originally pleaded innocent to burglary charges in October changed his plea to guilty last month before Circuit Court Judge H. Russel Holland.

State Police said Davis admitted safe burglaries at Titan Pump & Engineering Corp., Novi, in 1956; at Parrish Lumber Co., Walled Lake, in 1956; Northville Record in 1954 and Novels Lumber Co., Northville, in 1956.

In most of the 66 admitted burglaries, State Police said, Davis used pliers to remove cylinders in door

locks to gain entrance to buildings. Davis' biggest local burglary was from Novels Lumber Co. where he admitted taking \$1,100. At the time of the theft, company officials estimated a payroll of more than \$650 was taken.

Police said he entered the building by prying open a window hidden from the street by an enclosure.

Davis, who has three previous felony convictions, said he took \$60 from the Northville Record. He ransacked the office and forced open a desk safe and drawer with a crowbar.

In Walled Lake, Davis tried to break into a safe in the Parrish Lumber company, but nothing was taken.

Most of the admitted burglaries were in Washtenaw county, although State Police said he committed one as far away as Ottawa county. He reportedly took \$1,900 from a safe in the Wayne Dispatch newspaper office two years ago.

The confessed burglar was arrested last October after State Police traced stolen college football tickets to Plymouth.

Annual Meeting Saturday

The annual meeting Northville township will be held at the township hall Saturday at 2 p.m.

In addition to general business electors attending the session will receive a statement of receipts and disbursements for the 1958-59 year.

The meeting will mark the end of the official reign of Supervisor Mrs. Mollie Lawrence, who is retiring after 24 years.

City, Township Elect Officials Monday

Candidates for Top City, Township Posts

A. Malcolm Allen
Incumbent Mayor

Resides 371 East Main, 44, married, two children. Owns and operates Allen Monument Works, also owns monument firm in Flint. Member Rotary club, Mason, First Presbyterian church and Plymouth Hi-12. Appointed mayor upon death of Mayor Ely one year ago, had served on city council for nine years prior to appointment. Member Wayne county board of supervisors.

One year ago I became mayor of the city of Northville following the sudden death of Mayor Claude Ely. Prior to that I had served our community as a member of the council for nine years. In addition I worked as a member of the charter commission when our village became a city.

I believe my record to date — as mayor for one year — is proof that I am sincerely interested in doing my best to make our community a better place in which to live.

Let's look at the measures either started or completed during the past year:

1. A water improvement program, which actually began several years ago, has been completed and awaits voter approval;

2. The important "dump area" purchases have been completed to insure our community of adequate dumping facilities for the future;

3. Purchase of the Hills' building on Main street was finally made to provide more parking and an alley for access behind stores and better protection of our business area; the removal of the building will also improve the appearance of our Main street;

4. Negotiations have been carried to an agreement upon the possible sale of the community building to the school district; if pending legislation makes this sale possible, both the city and the school district will benefit by the transaction;

5. A retirement benefit plan for employees has been initiated and is now effective.

Another project which I think is of great importance to our community is the formation of an industrial committee to seek diversified light industry for our area. I believe this is essential both as a tax base and employment factor.

There are many more problems facing our community such as street improvements and sewer facilities for our expanding community. These problems are under constant study and planning by the council and I believe they can all be solved with a cooperative, hard-working effort.

I have consistently tried to do a good job for our city and, if re-elected, will continue this effort. I hope you will give me the opportunity to complete the program.

Aubrey L. French
Mayor

A resident of 353 East Cady street, 34, has five children. Has been a resident of Northville 12 years. Owns trucking business, formerly employee of Allied Products and was chairman of the bargaining committee in representing the employees. He is past president of Northwest Credit Union and also secretary of Northville Democratic club and precinct delegate.

On April 6, 1959, when city voters go to the polls and cast their votes for Aubrey French for mayor, they will make no mistake. Two hundred and forty property owners backed up my common sense stand on the water bond issue by voting it down. I know the needs of both the working people and the business men, and I believe that I have enough common sense and leadership qualities in me as should be found in a mayor.

I intend to investigate rumors concerning the public works department, and will insist a correction of our neglected streets, curbs and sidewalks. I pledge to exert every effort to save the "zoning bungled" supermarket project for Northville and to attract fresh business and industry to locate here.

I shall examine the accomplishments made by the city manager and determine whether there is any reason for taxpayer's displeasure for which he may be accountable. I shall insist that a "local-resident labor be used" clause be part of public building contracts for Northville and recommend that our police chief be chosen from the ranks.

I will fight for funds to operate a full time community house program. I shall be willing to look into any carefully thought-out water program that benefits all the users, providing that the planning, the construction, and supervision is to be performed under the experienced direction of a water engineer.

I will insist that the approval of the property owners be secured to the spending of the considerable preliminary expenses involved ahead of obligating the city treasury to their payment.

Election Returns

Election returns in the Northville-Novl area will be gathered as soon as possible Monday night by The Northville Record.

Persons interested in learning the outcome may call FI-9-1700. Although polls do not close until 8 p.m., answering service will begin at 9 p.m. with early returns or definite information as to when final totals can be expected.

George N. Bennett
Supervisor — Democratic

Married, 38, resident 46950 Six Mile road, three children. Graduated Plymouth high school, 1939; Michigan State and Wayne State universities. Instructor at Highland Park community college in sciences. Also a veterinarian doing specialty work, but no general practice. Holds real estate license. Formerly member of Woodburn, Indiana city council and was candidate for 21st district house of representatives seat. Has been active in Democratic party work. Served three years, four months in World War II.

Our belief is that this declaration of principle, as candidate for public office in Northville township, will be considered with the same sincerity that it is offered; that these principles are the keys that will unlock the doors to the kind of government that Northville township residents seek — doors that offer for consideration more than a single point of view.

Our representatives of democratic thinking believe that when considering each problem, adequate judgments result only when all the possible answers are inspected with open-mindedness; then, and only then, can intelligent action result.

That judgments are intelligently made when beliefs are held as the result of critical knowledge-gathering, and not by the use of pre-formed opinions.

That openmindedness necessitates the viewing of all sides of a question. Then action can be based on what is known.

That intelligent action requires coupling this fact-gathering with our knowledge of what has happened in the past, and then, based on these facts and past experiences, predicting what logically should happen in the future.

The above means that we shall not spend the people's money or bind them to agreements without first finding out all the facts.

The above means that commitments of the past will be reviewed and renewed action taken accordingly.

The above means that planning will be undertaken that will most benefit the futures of the township property owners.

The above means that the interests of individuals will be protected, inasmuch as they are consistent with intelligent township planning.

A review of the biographies of our candidates' training and quality is offered as evidence that these principles can be and will be adhered to.

George L. Clark
Supervisor — Republican

Married, 53, resident of 849 West Main. A.B. degree, Central Michigan college; A.M. degree, university of Michigan; graduate study, U-M and Wayne State university; business studies, Michigan State university. Former coordinator of vocational and business education of Pontiac public schools; director of education, Pontiac public schools; owner and operator resort properties in northern Michigan; owner Northville Hardware, 1945-56; now owner Clark Insurance agency. Member Northville board of education, 1950-53, Methodist church, Exchange and Optimist clubs.

We as Republican candidates are interested in a business-like form of government for Northville township.

For years, the township government has been operated in such a manner as to provide essential services with low township taxes and without a deficit. Of the total taxes collected by the township treasurer in 1958 only 2 1/3 percent were used for the operation of the township government. (The remaining 97 2/3 percent were turned over to the schools and county.)

It is the intention of the Republican candidates to continue operating in this manner. We believe in being progressive along the lines of conservative planning.

The candidates for the three chief township offices, namely George Clark for supervisor, Marguerite (Rita) Northup for clerk and Roy Terrill for treasurer are available in Northville anytime during the day for township business.

As candidates for government offices we are opposed to government by individuals who may be under the influence of any outside group who are attempting to dictate to government.

In recent months there has been considerable interest in the new assessments levied in the township. The Republican candidates are well aware of this matter and will make every effort to see that all assessments are fair and equitable to everyone in the township.

All the Republican candidates are particularly well qualified.

Set Deadline for Getting Absentee Ballots Here

Saturday is the deadline for obtaining absentee ballots for the city and township election April 6 officials announced this week.

Ballots can be picked up during township office hours: Thursday and Friday, 1 to 5 p.m., and Saturday, 9 a.m. to 2 p.m., and at the city hall: Thursday and Friday, 9 a.m. to 5 p.m. and Saturday until 2 p.m.

Big Field of Candidates Stirs Heavy Interest

Keen competition for city and township offices has stirred interest in Monday's biennial spring election, boosting hopes for a large vote.

In the city the race for two council seats is crowded with eight candidates, while opposing political slates in the township have also generated enthusiasm among party workers.

Two years ago the spring election brought out a 51 per vote total with 1001 votes cast. Five candidates sought two seats in that race.

Of the township's 1600 voters only 400 went to the polls in the 1957 spring election when Republicans had no competition.

In the city, Mayor A. Malcolm Allen, seeking election as mayor for the first time, is being challenged by Aubrey L. French.

Allen was appointed mayor last April following the sudden death of Mayor Claude Ely. Allen has been mayor pro tem.

Councilman John Canterbury, who is completing his first term in office, is the only incumbent seeking reelection to the council. Councilman John Stubbenvoll, who took Allen's seat on the council when the latter became mayor, is not seeking reelection. Thus the council will have at least one new face after Monday.

In addition to Canterbury, the seven candidates running for council are: David G. Cameron, Paul Folino, Richard Juday, Clayton Myers, Harvey Ritchie, Alfred Smith and Lloyd Shay.

In the township George Bennett heads a Democratic slate.

Bennett is running for supervisor. Other members of the Democratic slate are: Mrs. Evelyn Gothe, clerk; Joseph Miles, treasurer; Chester Robertson, trustee; Edward M. Casse, justice of the peace; Manuel Perez, constable, and Leon Gagner, board of review.

George Clark is the Republican's candidate for supervisor to win the seat of retiring Mrs. Mollie Lawrence. The complete Republican slate includes: Marguerite (Rita) Northup, clerk; incumbent Roy M. Terrill, treasurer; Incumbent Lawrence A. Stubbenvoll, justice of the peace; Chester A. Lipa, constable, and Donald E. Robinson, board of review.

On the state level, candidates will compete for 12 key partisan offices and 20 non-partisan posts on the state supreme and circuit courts.

The 12 state posts are: Regents of the University of Michigan (2); superintendent of public instruction (1); member of the state board of education (1); member of the state board of agriculture (2); members of the board of governors of Wayne State university (2 for 6-year terms, 2 for 4-year terms, and 2 for 2-year terms).

Candidates for non-partisan posts are:

For supreme court (2), William H. Baldwin, Kenneth W. Cole, Maurice F. Cole, George Edwards and John D. Voelker.

Three proposals will also appear on the ballot.

Wayne county voters will also elect 18 circuit court judges from a field of 28 candidates including 16 incumbents. Democratic incumbent Joseph P. Sumeracki is opposed by Republican William A. Lau for the county auditor post.

In Oakland county seven circuit judges will be elected, five for full terms, one short term and one term that expires in December.

Calendar

Thursday, April 2

P-TA, community building, 8 p.m., speaker: Dr. Marion Edmunds on Russian schools.

Friday, April 3

NEWS AROUND NORTHVILLE

Ronald Neiece, a student at Western military academy, received his corporal's rating last week. Ronald is the son of Mr. and Mrs. Garry Neiece, formerly of Seven Mile road and now residing in South Lyon.

Dr. and Mrs. R. M. Atchison of South Rogers street and family returned early this week from a few days' Easter vacation tour in Washington, D.C.

Weekend guests of Dr. and Mrs. Joseph Zbikowski of Stratford court will be Mrs. Redmillie McKenzie of Dearborn. Mrs. McKenzie is the sister of Mrs. Zbikowski.

Mr. and Mrs. Merner Eilber of Rayson street, accompanied by Mr. Eilber's aunt, Mrs. J. Merner who resides at the King's Daughters home for the aged, were dinner guests of Mr. and Mrs. C. Haumuller of Detroit Easter Sunday. Mrs. Haumuller is Mr. Eilber's sister.

Mrs. C. M. Goodrich of West Dunlap street honored Mrs. Paul Hoffman of Chubb road at a luncheon Tuesday. Guests were Mrs. R. M. Atchison, Mrs. Wayne Wilcox, Mrs. Francis Jennings, Mrs. Fred Cushing and Mrs. Elroy Ellison.

All members of the Arthur Heslip family were together for Easter at the Heslip home on Nine Mile road, including Mr. and Mrs. Jack Heslip of Saginaw, Mr. and Mrs. Jim Heslip of Clinton, Dr. and Mrs. T.N. Heslip of Northville and their families, and Bob, home on Easter vacation from Michigan State university and Pat, home from St. Benedict college in Atchison, Kansas.

Mr. and Mrs. William A. Gaab, Jr. returned Sunday to Big Rapids where they attend Ferris institute. They have been staying with Mrs. Gaab's parents, the Alex Lawrences, for the past ten days.

Mrs. E. B. Cavell of West Main street returned home last week after a three months' visit with her

son-in-law and daughter, Mr. and Mrs. I. W. Casady and family in California.

Herbert Wolfe and Robert Wolfe of Grand Rapids, brother and nephew of Mr. J. E. Straus of Beck road, were guests last week of the Strauses.

Jim Lawrence, son of Mr. and Mrs. Alex Lawrence of Meadowbrook road, was home for a ten-day spring vacation from Western military academy. He returned to Alton, Illinois last Sunday.

Judy Boyd, daughter of Mr. and Mrs. Robert Boyd of River street, returned to Central Michigan college Tuesday after spending the holiday at home.

Sandra Boyd, daughter of the Robert Boyds of River street, accompanied by her friend David Yurack spent Easter with her parents, returning Sunday night to Gaylord where she is employed.

Donald Dearing, 12-year-old son of Mr. and Mrs. Robert Dearing of Caldwell, returned home last weekend after spending nearly three months in University hospital. David suffered a broken hip when the toboggan on which he was riding crashed into a tree. He will have to remain in bed at home for another month.

Lois Brinson, 12, of West Seven Mile and Linda Nelson, 11, of Napier road, donated 10 small Easter baskets to the Methodist Children's home in Livonia. The two girls are members of a newly organized neighborhood club.

Mrs. J. E. Straus of Beck road

Plymouth Symphony to Close Season With Brahms-Kodaly Program Sunday

The Plymouth Symphony orchestra will conclude its 13th season as a continuing musical organization Sunday with a program of well-known and modern music.

University of Michigan students Harry Dunscombe, cellist, and Theodore Johnson, violinist, will take solo parts in the opening number, Brahms' "Double Concerto for Violin and Cello".

Both are now working on their doctoral degrees.

The audience will also hear a piece new to the Plymouth repertory: Kodaly's "Hary Janos Suite" from the opera written by the Hungarian composer in 1926.

This concert season will close on a proud note for the orchestra and one of its members.

Announcement was made Friday by New York judges that Symphony Violist Grant Beglarian was awarded the 1959 George Gershwin Memorial Foundation of B'nai B'rith first prize award for his composition "Divertimento for Orchestra".

The orchestra shares the distinction of having given the premier performance of this piece in the local February series program.

In addition to a \$1000 cash prize, the award includes performance of the winning composition by the New York Philharmonic orchestra under Leonard Bernstein next Sunday, April 12.

Mr. Beglarian, a music copyist who lives and works in Plymouth, was born in the Soviet Union, in Tiflis, Georgia, of Armenian parents who were citizens of Iran but considers himself "a product of Michigan."

His early education was obtained in Tehran before he came to the United States to study in Boston in 1947. He earned his BA, MA and doctor of musical arts degrees from

the University of Michigan.

The "Divertimento" will be heard again in the Detroit area April 18 on WJR.

Both Mr. and Mrs. Beglarian will attend the New York performance.

As has been practiced this year, members of the Plymouth Symphony Society will be able to reserve seats in advance of the concert by calling Mrs. Harriet Randall, GL-3-1826.

A nursery will again be provided for children at a charge of 15 cents per child.

The program will begin at 4 p.m. in the Plymouth high school gymnasium.

Walker-Goss Rites Told

Northville's First Methodist church was the scene of the wedding Thursday morning of Sheila Walker, daughter of Mr. and Mrs. Howard Schoenberger of Walled Lake, to John F. Goss, Jr., son of the senior Gosses of Dunlap street.

The Rev. Paul Cargo officiated at the ceremony.

Candles and mixed flowers formed the chapel decorations.

The bride wore a grey tailored suit, a white carnation corsage and white accessories.

Her attendant Dorothy Scott of Walled Lake wore a light blue tailored suit and white accessories.

Best man was Donald Goss, brother of the groom.

For her son's wedding Mrs. Goss selected a brown princess style dress with black accessories.

A reception was held for the immediate family in the Goss home.

The groom, who is employed by Casterline Funeral home, was graduated from Parsons, West Virginia high school in 1958.

The newlyweds are residing at 516 Center street.

"POOKIE" COMES THROUGH — The Harold Thomas' pet mother cat, "Pookie", left none of the children (left to right): Scott, Colleen or Leslie, empty-handed when she produced triplets recently. Being camera-shy, she stayed out of the picture, but kept a lookout on her offspring from the floor.

Maybe there are no ancestral heroes in the Harold Thomas family, newcomers in Connemara Hills, but almost any national holiday will find one of them celebrating a birthday.

Daughter Colleen turned ten this Easter, son Scott will be eight on the Fourth of July, Mrs. Thomas joins the fun on Father's Day every now and then, and Mr. Thomas usually shares honors with Labor Day. Six-year-old Leslie is the only one who has a birthday all to herself.

The former Livonians have been

residents here since early in February, but have had their eye on Northville as a place to live for several years.

Their ranch-colonial home combines old and new influences in interior decorating also, through Mrs. Thomas' additions of antique furnishings from her hobby collection.

Mr. Thomas is employed by the R. A. Hutchins company in Detroit. All three children attend American school. Leslie is in kindergarten, Scott is in the second grade, and Colleen (whose special interest is horses) is in the fourth grade.

To Serve Near East Lunch At Detroit Institute

Three Northville women will assist in serving a Near East luncheon, the last nationality luncheon of the Detroit International Institute April 9.

Miss Ruth Knapp, Mrs. Mable Cooley and Mrs. John Saimili, who will serve, will be accompanied by Mrs. W. J. Johnston and Mrs. L.M. Eaton, guests of Miss Knapp.

The Mediterranean menu includes Armenian, Syrian, Greek and other Eastern dishes.

Reservations can be obtained by calling TR-1-8600.

PD. POL. ADV.

Mother's Club To Sponsor Spring Dance

"April Fantasy", the Northville Mothers' club annual dance, will this year be held April 18 at Meadowbrook Country club.

Ralph Anthony's orchestra will play.

Tickets can be purchased from Mrs. William Weidner, FI-9-1292 or Mrs. Karl Karg, FI-9-1374, or any member of the Mothers' club.

Northville Girl In Two Concerts

A Northville girl will join with 136 other teen-age girls and boys of the Michigan Youth Symphony in presenting two public concerts this month.

Marianne King, daughter of Mr. and Mrs. Charles King, will take part in the concerts on April 4, Ferndale high school, at 2 p.m., and on April 11, Sheraton-Cadillac hotel, at 2:30 p.m.

Miss King will play the French horn.

The symphony is composed of teenage members from a radius of 150 miles of Ann Arbor. They are under the baton of Orien Dalley, music director of the University of Michigan Broadcasting Service (Radio WUOM). It is sponsored by the U-M Extension service in cooperation with the school of music.

Membership is open to students from ages 12 to 22 who are properly recommended and who pass an audition.

Voters of Northville

MAYOR
A. MALCOLM ALLEN

COUNCILMAN
JOHN S. CANTERBURY

This is a united appeal asking your support for the re-election of your Mayor, A. Malcolm Allen, and your Councilman, John S. Canterbury.

Both Mr. Allen and Mr. Canterbury have given us many hours of their time and experience in behalf of Northville.

Both men have continuously supported the better improvements scheduled for this community. Their record is an open record. Their intentions and integrity have never been challenged. Both stand for Northville.

The kind of government which these two citizens represent is the kind of government for Northville. To make our good city attractive for new residents and to provide modern facilities for lifelong residents is the basis of any community progress. Both Mr. Allen and Mr. Canterbury have worked hard toward this end. Both deserve your whole-hearted support for re-election to the offices they now hold.

Novi Highlights...

Mr. and Mrs. Herbert Vivian of Clay City, Illinois were Saturday visitors at the home of Mr. and Mrs. Joseph St. Onge. They also called on other old friends in Novi.

Mr. and Mrs. Luther Rix were the Easter Sunday dinner guests of their daughter and son-in-law, Mr. and Mrs. David O'Leary in New Hudson.

Mr. and Mrs. Donald Tuck are the parents of a son, Dennis Edward, born Thursday, March 26 at Detroit Osteopathic hospital. The grandparents are Mr. and Mrs. Walter Tuck of Novi and Mr. and Mrs. John Sukkila of Walled Lake.

Bob Loyne is back again at the home of his parents, Mr. and Mrs. Fred Loyne after an appendectomy in Pontiac Osteopathic hospital on March 18.

Mr. and Mrs. Stanley Orzechowski and children spent Easter Sunday at a family gathering at the home of their parents, Mr. and Mrs. Harold Miller on West Grand River.

Cub Scouts
On Wednesday of this week cub scout leaders met at the home of the present leader, Philip Simenon. On Friday, April 10 the cubs will meet at the Novi-community hall. There are 29 registered scouts.

Republican Rally
The Republican party met last Thursday, March 26 at Southfield school. State Representative Farrell Roberts acted as moderator, and John Denman as chairman. Discussion was on taxation. Southfield, Farmington, Franklin, Westwood, Lathrup village, Oak Park, Berkley, Novi, Northville, Wixom, South Lyon, Lyon township. Bingham and Woodcreek were represented. Arthur G. Elliott, Jr., chairman of the Republican committee of Oakland county, was also present.

Novi School Fair
All who have Birdseye labels are asked to send them to the school by April 10, no later than April 15, or call Mrs. Russell Taylor for pickup. Birdseye labels are sent into the company for prizes to be used at the school fair.

Fair Committees
Committee mothers for the second grade are: Cockrum, Holmes, Steinberger, Taftalan, Hall, Cotter, D. Hansor, Harland, Frutchey, McCormick and Marquie. Their project will be: sets and string-pull; bow and arrow and candle shoot games. Needs are aprons, place mats, bridge sets and money.

Committee mothers in the fourth grade are: Hanna, Wharton, Can-

nifax, Marchetti, Spisak and Wil-lacker; projects: parcel post, ice cream and mystery bingo; needs: money, staple food items for bingo prizes, cards available for parcel post at both schools.

Committee mothers for Hanson's seventh grade are: Kehr, McGillivray, Schargeck; projects: cartoons, pop and popcorn; needs: money.

Committee mothers in Noe's seventh grade are Fox, Warren and Martin; projects: ticket sales and free entertainment.

Novi Girl Scouts
The following will receive five-year pins: Mesdames Bellingier, Gillett, Larson, Whittington, Mac-Dermid, Coleman, Slentz, Gom-basy, Dye, MacGillivray, Gunz-ville, Henschell and Kehr.

Mrs. Ruth Bingham reported 100 cases of cookies sold by the girls this year which will be delivered to customers following March 25 meeting.

There is a need for some com-mittee mothers who do not feel they can take training to be leaders but are willing to baby sit 1½ hours on Wednesday afternoon for leaders with children. Anyone interested call Mrs. MacDermid.

Registrations may be made with Neighborhood chairmen now for the beginning campcraft course which will be held at the Novi commu-nity building Wednesday, April 22, 29 and May 6, 13, 14 and 15. There is no course fee.

Cost based on transportation and meals at camp is approximately \$3.50. This course is designed to train intermediate leaders or other qualified registered adults to plan and carry out troop camping on approved sites.

Senior Troop met at the home of Mrs. Kriedeman. They discussed menus for the trip and made plans to entertain committee people at next meeting. Noel brought treats. They plan to make stuffed dolls and need old nylon hose.

Brownie Troop 1023 learned new games and celebrated the girl scout birthday. Gay Ann Bingham brought treats.

Brownie Troop 456 worked on their doll beds they are making to fulfill the homemaking requirements for their tenderfoot rank.

Mrs. Hanna's new troop worked on flag ceremony. Rebecca Gal-luri furnished treats.

Brownie Troop 492 held flag ceremony for the first time. They learned "Tia Tia," a singing game from Mrs. Skellinger. They also made shamrocks from pipe cleaners and

shamrock hats. Judy Preston brought treats.

Intermediate Troop 149 celebrated the girl scout birthday with beau-tifully decorated cake made by Mrs. Cotter, and ice cream. They discussed the next step in their second class rank and received day camp folders.

Brownie Troop 1023 made Easter baskets from paper plates. Susan Gellatly brought treats. Reporter: Dorothy Brazelton.

Senior Troop met at the home of leader Mrs. Kriedeman Wednesday. New president, Anne Boatman, opened the meeting. Cookies were distributed. Special guest was Mrs. Bassett for whom the girls had a party and presented her with a gift. Refreshments followed the games. They closed with good night circle.

Brownie Troop 1023 made Easter baskets from bottle caps, and also made cardboard rabbits. They re-ceived information on good groom-ing for little girls. Treats were fur-nished by Kathleen Snyder.

Intermediate Troop 149 received their cookie orders. Continued with service project of making a large Easter bunny and his basketfull of candies for Maybury sanatorium.

They also reviewed folding of the flag properly and practiced flag lowering ceremonies for day camp. Then they started work on the five knots they must know for their second class rank and they received knot tying booklets. Meeting was closed with friendship circle and singing of taps.

Brownie Troop 492 made Easter baskets from pop carriers which were donated by Al's Market. They learned a new jumping rope song and treats were furnished by Georg-i-a Gourlay.

Intermediate Troop 602 received their cookies and started work on their Father's Day gifts. Mrs. Gom-basy brought treats.

Brownie Troop 456 had an Easter egg hunt at Orchard Hills. There were four prize winners for finding the most eggs. They were Marty Hanna, Rita Ciot, Lynn McCormick and Beverly Burgdolf.

Brownie Troop 1027 had an Easter egg hunt at the school. Sylvia Law-rence won a prize for finding the most eggs. Loreta Cook brought treats.

Brownie Troop 902 had a game session outside and finished their

Easter bunnies. They also had an Easter party with treats made by Mrs. Hanna and Mrs. Needham.

Novi School News

The sixth graders in Novi school, accompanied by their teacher, Mrs. Penhale, and the following mothers: Mrs. Ledford, Mrs. Altaffer, Mrs. Bingham, Mrs. Gillett, Mrs. Gatrell and Mrs. MacDermid, enjoyed a trip to Greenfield Village Wednes-day.

Mrs. Bower's fifth grade class decided to make a kaleidoscope af-ter studying about light and color. Kaleidoscopes were invented about 1817. Designers in mosaic work use it for fabric designs. Some of the children will make periscopes. Re-porters are Rebecca Lyke and Pat-ty Totten.

Officers elected in Mrs. Wilcox's fourth grade are: president, Rene Gatrell; vice president, Jimmy Pay-ton; secretary, Sharon Marchetti, and treasurer, Jack Crawford. They decorated their room for Easter and made several items of clay, such as bowls, ash trays and ani-mals. Reported by Billy Bailey and Fred Skellenger.

Orchard Hills School
Mrs. Perkin's sixth grade class had a surprise going-away party for her last Friday. She was pre-sented with a baby stroller and several other gifts from her class.

Cheryl Snyder was committee chairman for the party. Those in charge of refreshments were Mike Schott, Pat Hilderbrandt, Sharol Presley and Brian Gellatly. In charge of entertainment were Pete Wharton, Clarke Ball, Ronnie Ward and Ralph Caliguiri. Decorations were by Georgia Webb, Gale Fones, Cheryl Richards and Larry Hurl-burt.

Tuesday the class visited Cran-brook where they heard a lecture in the planetarium and visited the museum. They ate their lunch on the bus from "nosebags". Mrs. Doan drove the bus and several mothers accompanied the group.

Third graders had an Easter party before school closed for vaca-tion William Christensen's mother made cupcakes with nests of jelly bean eggs on top, and they had Dixie cups and chocolate eggs to eat. Everyone made an Easter bon-net out of colored paper.

Rev. Rex L. Dye

Salem Church Has New Pastor

Easter Sunday services marked the first official function of the Rev. Rex L. Dye, as new pastor of the Congregational church, Salem.

Rev. Dye succeeds former pastor Virgil King, who left three weeks ago to accept ministerial duties in the Congregational church near Lo-gansport, Indiana.

This is the first pastorate for Rev. Dye, a second year student at Midwestern Baptist seminary in Pontiac. For two weeks before his appointment, he conducted Sunday worship in the Salem church.

A former resident of Novi, Rev. Dye was a member of the Novi Baptist church before moving to Salem with his wife, Bonnie, and children, Judy 12, Michael 7 and John 1.

AROUND WALLED LAKE

Attend Easter Christening

By Mrs. Harper Dunlap — Market 4-3200

Sunday, March 29 was an impor-tant day for three families. It was the day of christening for Joann Marie, infant daughter of Mr. and Mrs. Ted Lebeau of Dearborn. Jo-ann was born February 14 in Dear-born hospital. Mrs. Lebeau is the daughter of Mr. and Mrs. Clarence Cole of Westlake. Joann's godpar-ents are Mr. and Mrs. M. Fox, also of Westlake drive. After the chris-tening at Christ Episcopal church in Dearborn, a buffet luncheon was served by the Leabeaus' for 30 guests.

Mrs. Joyce Tomlin, daughter of Mr. and Mrs. John McGuire of Fay-wood, has been a patient at Fon-

tiac General hospital recently.

Mr. and Mrs. Sesler and daugh-ter of Wolverine lake were after-noon guests of Mr. and Mrs. Clar-ence Cole of Westlake drive Easter Sunday.

C. M. McGuire of Ohio is visiting his son and daughter-in-law, Mr. and Mrs. John McGuire of Seawood. Mrs. Esther Devanney of Alger, Michigan has been the houseguest of the Clarence Coles of Westlake drive.

Mr. and Mrs. Ralph Patterson and family of Maudlin avenue were guests Easter Sunday at the home of Mrs. Patterson's father, Mr. Mc-Cullough, in Warren, Michigan.

NOTICE — CITY OF WIXOM

Proposed Ordinance No. 38 To Be Known As The Building Code

Please Take Notice that the following ordinance will be submitted by the City Council for adoption at the Council Meeting to be held at the Wixom City Hall on Thursday evening, April 9, A.D., 1959 at 8:00 o'clock P.M.

The public is invited to attend this meeting and all interested parties will be heard.

An Ordinance governing the design, construction, alteration, enlargement, equipment, repair, demolition, removal, conversion, use or maintenance of all buildings and structures, known as the Building Code; providing for the issuance of permits, collection of fees, making of inspections; providing penalties for the violation thereof; declaring and establishing fire limits; and repealing Ordinance No. 30, of the City of Wixom, County of Oakland, State of Michigan, and all Ordinances or parts thereof in conflict therewith as herein noted.

LILLIAN BYRD,
CITY CLERK
CITY OF WIXOM, MICH.

Fireman for Salem May be 'Hot' Issue

Residents of Salem are expecting a controversy to arise at the annual township meeting Saturday night.

The issue involves an alleged move to hire a full-time fireman. An earlier effort to place a millage increase on the April 6 ballot to provide for a fireman's salary failed to materialize.

Opponents of the idea believe it will be proposed at the annual meeting scheduled for 8 p.m. Saturday at the Salem Town hall.

A note opposing the measure was circulated by Oscar Hirth, assistant fire chief, last week and contained the signatures of the complete volunteer department. The firemen contend that protection is now adequate.

Mary Elizabeth Stephens, daughter of the Carl Stephens of Norton, celebrated her sixth birthday at a luncheon Saturday with friends, Victoria Swain, Jill Angle, Karen Hayes, Roxanne Shoner and Amy Robinson.

Willowbrook

Mr. and Mrs. Richard Zielasko of West LeBost are happy to announce the birth of twin girls on March 10 at Grittenden general hospital, Detroit. Carol Linda weighed seven pounds, one ounce, and Cheryl Diane weighed six pounds, 15 ounces. The twins have an older brother, Bobby, who is six. The grandparents are Mr. and Mrs. Larry Zielasko of Plymouth and Mr. and Mrs. Vernon Holman of St. Petersburg, Florida.

The Willowbrook association has announced committees for this year. They are: membership, Robert McKeon, chairman; Robert McClelland, Harold Young, Donald MacDougall, Dolores Jennings, Roland Heaton. Public works, Kenneth Rippey and James Newton, co-chairmen, and Earl Brady. Entertainment, William Smelt and Mary Ann Farrington, co-chairmen; Orlo Johns, Elaine Simonsen, Marlene MacDougall, Harold Young. Other committees will be formed as the need is found for them.

Mrs. Howard Stine attended a fashion show at the Rooster Tail in Detroit recently with Mrs. V. Bonetko.

Get Your Voting Lessons!

Township voters wishing to become familiar with the newly-installed voting machines before Monday's election can receive instructions at the township hall.

Deputy Clerk Mrs. George Tegge will be at the township hall to explain the operation Thursday and Friday from 1 p.m. until 5 p.m. and on Saturday from 9 a.m. until 2 p.m.

Art Club to Exhibit At Sunday Concert

The Three Cities Art club members will exhibit paintings April 5 in conjunction with the final concert of the Plymouth Symphony.

All members have been invited to contribute, and as a special feature many will show their paintings of the summer symphony of 1958.

Northville art teacher, Jack Van Haren, has a watercolor in the Michigan Artists show at the art institute. Mrs. Harold Hartley had two watercolors accepted by the Ann Arbor Art association. Several other members of the club have work on exhibit in local shows.

Northville Students Win Fair Honors

Seven Northville students who entered exhibits in the 1959 Detroit Science Fair held earlier this month at the Light Guard Armory carried home several ribbons.

Northville high school sophomores Lynn Kovarik and Jim Petrock, who entered in the physics and physiology divisions, respectively, won "outstanding" award ribbons for their work.

Lynn, the son of Mr. and Mrs. Patrick Kovarik, submitted a Van de Graaf particle accelerator, and Jim, son of the Joseph Petrocks, a mineral and rock collection.

Four Northville high students entered exhibits in the fair while junior high students from Our Lady of Victory school also made a good showing.

Patricia Carroll, seventh grader and daughter of the Patrick Carrolls, won an "excellent" award for her exhibit, "The Valves of the Heart", a discussion and model of the heart valves and their function.

Winning an "outstanding" ribbon was Roberta Herter, seventh grader, daughter of the Robert Herters, for her study of the pancreas in "The Pilot Light of the Body" through diagrams and clay models.

Honorable mentions were given to John Bertoni, eighth grade son of Mr. and Mrs. Andrew Bertoni; Patricia Rahaley, eighth grade daughter of the Robert Rahaleys, and to David Mulligan, seventh grade son of the Carroll Mulligans.

John's exhibit was "The Solar System", a model construction of the sun and planets, which was set in motion by the flip of a switch.

Patricia's "From Corn to Corn Flake" followed the processing of a kernel of corn into a corn flake through pictures, discussion and samples of various stages of the processed corn.

David entered "Weather Wisdom", a display of instruments used in determining wind velocity, temperature and air pressure.

Excellent awards were first in rank below first, second and third place division prizes. They were followed by "outstanding" designations and "honorable mention".

Mink Scarf to be Fashion Show Prize

The Western Golf and Country club will be the setting for "Spring Accent in Fashions" show to be presented by Democratic women of the 17th Congressional district at 12:30 p.m. April 4.

Mrs. Philip Hart will narrate the modeling.

Luncheon will be served after the program. Tickets for the event are available from Mrs. Don Fowler, phone FT-9-0028.

Obituary

MISS ETHEL CARPENTER

Private funeral services were held Good Friday for Miss Ethel Carpenter of West Baseline road, Northville, who passed away March 25. Miss Carpenter was born May 6, 1891 in Lyon township, Michigan, the daughter of Willis and Helen Carpenter. She is survived by two brothers, Earl and Floyd. The Rev. Richard S. Burgess of the Salem Federated church conducted last rites at the Casterline Funeral home. Burial was in Rural Hill cemetery.

(Pd. Pol. Adv.)

GOODBYE PORCH — The cement block porch on a South Main street house owned by John Penna was damaged extensively Saturday afternoon when a 1957 Pontiac driven by William L. Reynolds, 45, Dearborn, ran into a car parked in front, pushing it into the porch. Reynolds stated he was going 40 MPH and that his brakes failed as he crossed the railroad tracks on West Seven Mile, just north of the house. Witnesses reported that the car jumped into the air and landed on the shoulder of the road, skidding past the road intersection and into the car. A more serious accident with passing traffic was avoided, police commented. The parked 1956 Chevrolet convertible owned by Emil Nouttela, resident in the house, had just finished getting an all-day wash and polish by Nouttela's son, John. Reynolds was taken to Acheson hospital with a compound fracture of the nose and abrasions.

Fluoride Program Begins Next Week

Some Northville teeth will get a sound scrubbing next week when the 1959 dental fluoride program begins for second, fifth and eighth grade public school students, and parochial and nursery school classes Monday.

A dental hygienist from the Wayne County Health department assisted by room mothers will conduct the program which consists of a series of four applications of sodium fluoride to the surface of the teeth after cleaning by the dental hygienist.

Fluoride application to teeth has been found by studies in children to reduce the number of new cavities by 40 percent.

However, the fluoride doesn't help decay already present or replace regular care by a dentist, authorities say.

It is, rather, valuable in control of new cavities.

Last year 268 children took advantage of the program recommended by the dental section of the Michigan Department of Health.

Parents of the pre-schools may register their 3-5 year olds April 6 at Main street elementary school.

READERS SPEAK:

POLITICAL SIGNS NOT APPRECIATED

Dear Editor,
One point of interest to many in this election:

Any good politician knows enough to ask permission when putting up advertising on private property. Some of us (Republicans) resent finding opposition advertising on our property.

Perhaps you of the opposition party might take a few lessons in etiquette before trying such unethical tactics again.

There is enough confusion in the world today without making more of it by putting doubt in the minds of friends passing by wondering why you allow such advertising.

Please Democrats, don't do your bally-hoing on the property of: "Good Solid Republican" (Name withheld upon request)

Mr. and Mrs. Timothy Callahan, Sr. have returned from a two weeks' visit at Key West, Miami Beach and Pensacola, Florida.

Bad Luck Doesn't Dim Her Thanks

She still is weak, unable to perform the normal duties of a housewife and mother, but she's home — and thankful.

Mostly, Mrs. Horace Aenchbacher of 137 East Cady is thankful for a 19-year-old girl named Lois Leavenworth.

Several weeks ago, Mrs. Aenchbacher became ill with a very serious neck infection. She was forced to bed and later was taken to the hospital for surgery.

About the same time, Mr. Aenchbacher, a city employee, suffered a back injury while moving a piece of equipment. He too was hospitalized.

That left the couple's oldest son, Woody, a high school student, at home to care for the two-year-old twins, Pat and Patsy. Doing the housework and caring for the twins was a full time job; Woody was forced to give up school work.

"I didn't know what we would do," Mrs. Aenchbacher said. "We have no relatives here. We were at the mercy of God."

"But He cared," she said. It was then that Lois, a "complete stranger" to Mrs. Aenchbacher, offered to care for the children and do the housework to permit Woody to go back to school. For two weeks she worked, Mrs. Aenchbacher said, refusing to take anything.

Others heard about the hospitalized couple and more help was offered.

Pam Willis, 17, of Novi, pitched in, cleaning the house on weekends and whenever she wasn't at school.

Explorer Post 242 donated \$25 to help defray the cost of hospitalization, and letters of encouragement poured in.

Phyllis M. Smith is Bride In South Lyon Ceremony

Wearing a lace and nylon net gown Phyllis M. Smith, daughter of Mr. and Mrs. Newman Griswold of South Lyon, became the bride of Charles T. Buers, son of Mr. and Mrs. C. K. Buers of Salem, March 7 in the South Lyon Methodist church.

The Rev. Ferris Woodruff of South Lyon and the Rev. Richard Burgess of Salem conducted the double ring candlelight ceremony. The bride was given in marriage by her father.

Her gown featured a fitted basque waist and sabrina neckline accented with applied lace, sequins and seed pearls.

Its floor-length net skirt gathered into a bustle back, falling into back tiers of lace and net ruffles, and in front applied and inset with lace. A Swedish style crown of sequins and seed pearls caught her fingertip veil. She carried a bouquet of Amazon lilies and stephanotis.

Laura Eno of Milford was maid of honor and wore a mint green nylon chiffon ballerina length dress, with a lace bodice trimmed with pearls.

A matching veil fell from her headpiece of nylon chiffon circled with seed pearls. Her flowers were yellow roses.

Bridesmaids Nancy Gouin of South Lyon and Elizabeth Buers, sister of the groom, wore gowns like the maid of honors, in pink and blue. They carried pink roses.

James Clemens of Wixom served as best man. Groomsmen were Norman Smith, brother of the bride, and John Heard of Northville.

A reception for 175 guests was

held in the church dining room immediately after the service.

Assisting at the bridal table were Mrs. Harrison Cary of Adrian, aunt of the bride; Miss Jane Walker of South Lyon, Mrs. George Smith of Farmington, aunt of the groom; Mrs. Albert Monroe of Northville, Mrs. William Allen of South Lyon, Miss Maxine Scott of South Lyon and Mrs. Gaylon Clark of Howell. The newlyweds left for a short trip to Chicago. On their return they will reside at 232 East Lake street, South Lyon.

2—FOR SALE — Real Estate

A Wonderful Home

That's what she said after looking through this elegant 3 bd. rm., 2 tile baths, brick home in the country. This luxury home, economically priced is truly worthy of the substantial down payment required to live in an atmosphere of domestic comfort.

NO. 1 BARGAIN —
\$1,750 will buy you a 2 fam. apt. — furniture and all. Don't dare say more. See me soon.

\$30,000 —
That's a lot of hay — but the Township has that much in their Treasury. Didn't save it except by efforts of economical minded officials. Don't forget—VOTE next Monday — don't leave it to your neighbor.

100% VOTE —
goes for this nice 3 bd. rm. older home on nice lot for only \$9,500 — or less for cash. Close to stores, schools and churches.

ELECTION WINNER —
This cozy 2 bd. rm. home on a half acre with bubbling brook, fruit trees, hobby house and garage will make you frustrated if you can't connect with the substantial down payment.

BANK ROBBER ?
Yes, just tip the baby's bank a little and you will have nearly enough to pay down on this snug 2 bd. rm. gem with a full price of only \$6,800.

WEAR OUT?
Yep, that's what happened to my drive last week. One made happy—all the rest made sorry they didn't get here first. Come and see me—the more holes you wear in my drive, the better I will like it. Sign of good business and happy to serve you.

OTHERS —
Just bubbling over to tell you of many other listings I have. Have to mortgage the house if I put them all in.

CONGRATULATIONS — George Clark, township Republican candidate for supervisor, is shown shaking hands with Lucas Miel (on right) at Monday night's Republican rally at the Community Building. Miel urged the audience of 150 to "learn the issues and then communicate." Shown with Clark and Miel are: (l. to r.) Arthur Drompp, vice-

chairman 17th district; Ralph Gibson, H. B. Putnam, D. J. Stark, Roy M. Terrill, Mrs. Gladys Smith, 17th district chairman; Mrs. Marguerite (Rita) Northup, R. D. Merriam, Clark and Miel, Laurence Masselink, Chester Lipa, Mrs. Mollie Lawrence, Alex Lawrence and Robert Shafer.

Republican Rally Brings Work Promise from 150

One hundred and fifty Northville area Republicans declared a determination to "awaken" and "get to work" Monday night in a Community Building rally highlighted by spontaneous participation from the audience.

The Republicans came to hear Lucas Miel, former candidate for congress, and meet their township candidates.

Miel's address on the "Real Challenge for Republicans" brought immediate response from the audi-

ence with a declaration to organize forces locally.

Miel told the group that "Republicans are just awakening all over America — I hope it is not too late." He urged the audience to "study and understand the issues, then learn to communicate." Miel challenged complacency and likened it to "letting an infield fly ball fall uncaught."

He was joined in his plea to "get out the vote Monday" by Mrs. Gladys Smith, chairman of the Republican's 17th district, and Robert Shafer, who acted as master of ceremonies for the program.

Among those in the audience who chimed in with Miel and strongly urged better organization of the Republican party in Northville were Mrs. Arthur Carlson and Walter Couse.

Couse urged adoption of a definite training course to educate workers in the business of politics. He suggested that such a plan could be initiated with just one of two persons, who in turn could pass along their training to others.

Chairman Shafer introduced the Republican candidates for township office including: George Clark, supervisor; Marguerite (Rita) Northup, clerk; Treasurer Roy Terrill, Trustee Robert D. Merriam, Justice of the Peace Laurence A. Masselink, and Chester A. Lipa, constable.

Board of Review Member Ralph Gibson and Trustee Alex Lawrence, who are not up for election, were also introduced.

The audience had a large round of applause for Mrs. Mollie Lawrence, retiring township supervisor who is ending a 24-year career in township government. Clerk D. J. Stark and Fred Fry of the board of review, who are also retiring this term, completed Shafer's introductions.

Since 1925 the American Legion and its three affiliated organizations (the American Legion auxiliary, Forty and Eight and Eight and Forty) have devoted \$148,000.00 to child welfare and related youth work, according to the Legion spokesman "Most of these expenditures have been by individual posts, such as ours here," he said.

In times past, child welfare expenditures were largely for direct help for children of veterans in some emergency situation. However, in recent years there has been a trend to channel a part of the child welfare work into preventive programs aimed at eliminating the causes of some of the physical or social ills, he explained.

Thus, the Legion has been cooperating more and more closely with the work of United funds, the Mental Health association, the former National Foundation for Infantile Paralysis, and similar groups. Recently, the Legion also established its own Child Welfare Foundation to help underwrite special projects and research on a wide variety of problems affecting children and youth.

Locally the post has kicked off Child Welfare month with an Easter party for the children hospitalized at Maybury sanatorium.

NEWS FROM THE AMERICAN LEGION

POST 147

REX HOLLOMAN — REPORTER

Post 147 of the American Legion is joining with nearly 17,000 other Legion posts throughout the nation in observance of April as Child Welfare month.

Purpose of the event is to center attention on the needs of children and youth, according to L. W. Snow, Jr., commander of the Lloyd H. Green post.

"The American Legion feels that the nation's 60 million children are its most valuable asset," Commander Snow said, "and that in every locality there are many things that can and should be done to help youngsters grow physically, mentally, emotionally and spiritually."

Since 1925 the American Legion and its three affiliated organizations (the American Legion auxiliary, Forty and Eight and Eight and Forty) have devoted \$148,000.00 to child welfare and related youth work, according to the Legion spokesman "Most of these expenditures have been by individual posts, such as ours here," he said.

In times past, child welfare expenditures were largely for direct help for children of veterans in some emergency situation. However, in recent years there has been a trend to channel a part of the child welfare work into preventive programs aimed at eliminating the causes of some of the physical or social ills, he explained.

Thus, the Legion has been cooperating more and more closely with the work of United funds, the Mental Health association, the former National Foundation for Infantile Paralysis, and similar groups. Recently, the Legion also established its own Child Welfare Foundation to help underwrite special projects and research on a wide variety of problems affecting children and youth.

Locally the post has kicked off Child Welfare month with an Easter party for the children hospitalized at Maybury sanatorium.

Governor Williams To Join Local Party

Northville Democrats campaigning for election next Monday will have the benefit of a personal appearance of Governor G. Mennen Williams Saturday night to help boost their cause.

Governor Williams will join State Senator Raymond Dzendzel and Representative Harvey J. Beadle and the slate of local Democratic candidates in a "Democratic Booster" party at the American Legion hall.

According to George Bennett, Democratic candidate for township supervisor, the party will give citizens an opportunity to ask questions of candidates or their state officials. There will be dancing and refreshments.

EVIDENCE OF DEPRAVITY

Practically every new discovery of man is used to some unworthy end. The invention of motion pictures, and TV is used to degrade the mentality & corrupt the morality of man. The invention of the airplane, a great convenience for traveling distances in a short time, has become a carrier of destruction. The wonderful discovery of the powers of the atom, which could elevate the earthly living of man, has instead become the horror of the century. Yes, everything man touches is blighted by hatred, selfishness, sensuality, destruction and death. As long as men possess such uncontrolled depraved natures, this world could never be a Heaven. If God permitted such people to enter Heaven then Heaven would soon be as this wicked world. A radical change must take place in the human heart. This is impossible to effect by resolution, by education, or by passing new laws to govern the conduct. This change must take place on the inside. The very God who first breathed into man the breath of life now stands ready to make him a new creature by the reviving of the spiritual life. This work is called "The New Birth" in John 3. God promises to do this work in your heart when you repent and trust in Jesus Christ.

Springtime Taps the Sugarbush

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868

Thursday, April 2, 1959—9

SWEET WATER — Lawrence Ziegler, son-in-law of one of the Brinkman sugar bush founders, pours some of the "sweet water" sap into a collecting pail.

IT'S READY — Merritt Rorabacher of Plymouth "tests" the boiling thick syrup and announces it's ready to be strained for removal of sugar sand.

White smoke rises above the half-hidden hut and fans out through the tree branches.

The wind changes and a sweet, telltale odor drifts your way. You're in a "sugar bush" and that's a "sugar house" ahead.

The muddy, meandering trails through the woods lead toward the hut and the "sweet smoke". And the buckets — some made of shiny metal, others of bright red wood — hang like giant fungi from the tree trunks nearby.

Piled high beneath a roof at one end of the hut are cords of dry wood. At the other, two huge tubs — they look like old watering troughs — are cradled on rough hewn planks. Small pipes lead from the tubs into the hut.

An old tractor, spattered with mud, is parked near the tubs. Behind it, a stonebalt. And on the stonebalt, another round tub.

The woods is cold, damp and quiet. Only the smoke stirs.

You knock. "Anyone home?"

Then you're inside. Thick clouds of sweet steam curl around you. You can't see but a friendly voice invites you to sit down.

Merritt Rorabacher is his name. He works this 80-year-old sugar bush, located several miles southwest of Northville on Tower road, every spring.

As you sip some of the warm, thick liquid, he tells you about one of the oldest industries in the United States; he tells you about an art — perfected by the pioneers — that is substantially the same today as it was decades ago.

He explains that half-inch holes are drilled into trunks of maple trees and metal spiles or spouts are driven into the holes. The number of holes, he says, is gauged by trunk thickness. Up to six holes are bored into huge, healthy trees.

Sap runs best when the daily temperature fluctuates between 20 to 40 degrees, the sugar man tells you. As it drips from the spiles, the sap is crystal clear, almost tasteless.

Each day the sap is collected — poured from the nearly 1200 tree pails into the tub carried along on the stonebalt. Then it is dumped into the tubs next to the hut.

The eight-hour boiling process begins. From the tubs outside the hut, sap is fed through the pipes into a series of evaporating pans inside. The long pans are fired below by an arch — an iron stove which gobbles up wood in huge gulps.

About 60 percent of the water is boiled off in the first pan. By the time it reaches the final pan, the sap is thick and aromatic.

The sugar man takes a reading with his maple syrup "thermo-

meter". It's ready. He turns a petcock and drains the boiling fluid into a "hat" made of pure Australian wool.

As the syrup is strained through the hat into the bottling can, sugar sand or malate lime is removed. He scoops up a ladle full of the lime from one of the pans and shows you that it really looks like sand.

Then while he fills the jars with pure maple syrup, he tells you that it takes 40 gallons of sap

to make just one gallon of syrup.

He tells you that pure maple syrup is a market scarcity because of the 40 to 1 ratio. But it's profitable, he admits. "Figure it up. Seven dollars a gallon and maybe we'll get 250 gallons. And that's only a few days out of the year."

You have another sip and smack your lips. And he smacks his and says: "Sure would like to tap those maples in Cass Benton park."

INTO THE STORAGE TANK — After the sap is gathered from the tree pails it is poured into the tanks outside the hut. From there it runs into the evaporating pans inside.

SUGAR BUSH — Tucked away in a woods far behind the old Henry Brinkman homestead is an 80-year-old sugar bush — where the sweet smell of maple syrup drifts from the sugar house in the background.

CHRISTIAN SCIENCE CHURCH
1100 West Ann Arbor Trail
Plymouth, Michigan
The importance of spiritual perception in making decisions will be emphasized at Christian Science services Sunday.
"Unreality" is the topic of the Lesson-Sermon.
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, this selection will be read: "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make — hence its unreality" (525:20-22).
The Golden Text is from Psalms (119:65,104).

AFTER EASTER — WHAT?

What happens after Easter? In our private worlds it is not too difficult to note — merchants return to their places of business, men and women return to their offices and factories, our children return to their classes and our youth return to their college campuses.

Each returns to the routines with mixed hopes . . . some for a better business season . . . some for more contracts to keep work going . . . still others with the hope that this semester will soon be over for the summer months.

Mostly then the world that we know seems to return to its old "rut" of routine, and we philosophically say "these things must be if things are to be done."

Of course from the practical view of life it must be so, but need they be the same? need they be unmoved by past events? need they be unchanged?

It will help us to see, if we glance briefly at what God did after Easter, and take some note of what He did during this same period of history.

One of the first things we see is that He determines to establish in our world the knowledge of a new hope a new perspective about old routines. This is His concern in His 40 days of appearances to the disciples. He wants them, and us, to know that what has happened is not "just a one shot work, but it is an abiding thing to establish our faith. Life's perspective is now lifted to the higher plane of life beyond.

Then He concerns His self with establish-

ing of His church. The disciples are given instructions on what to do and where to be, and with that they together make the resurrection a thing of power and a thing of daily thought.

After Easter the disciples stop talking about the life of the Master in terms of what He is doing and add the final testimony of what He did in the resurrection. They tell the whole story now. So their lives were different after Easter, and their message was different after Easter, in fact their manner of living was evidently changed. Then we note another movement, the disciples were determined to tell the world about these dynamic things that took place so recently. They never lost the opportunity to spend and practice the truths they found through this experience.

It is impossible to view the disciples as "just returning to the routines" of life. Further it is impossible to understand them in terms of our disciples . . . never, but never do they allow the routines of life after Easter to keep them from daily, weekly, often hourly, concerns of worship.

History of the first century bears them out . . . for after work they gathered to talk with each other about the work wrought out by God in Christ; we see glimpses of their group gatherings in each others homes to relive and retell this wondrous thing God has wrought . . . in other words they were determined to be different about God and toward God after Easter greater than they were before Easter. They allowed the dynamics of Easter to change their thinking and their way of life . . . so we ask ourselves what happens to us after Easter?

CAMERON FOR COUNCILMAN

An honest young man capable of contributing some constructive ideas to the community.

Singing Cop Coming To Salem Church

Lieutenant Wilburn Legree, known as "Flint's Singing Cop" will be featured at a Sunday School rally at the Salem Federated church on Sunday, April 5. He will be in charge of both the morning worship service and Sunday School hour. A goal of 300 has been set in order to break the present Sunday School attendance record of 273.

Lt. Legree comes dressed in uniform and will be singing several special numbers and presenting object lessons with the use of his hand cuffs. He will also tell of his varied experiences dealing with young people in court and of the counseling he often does. Lt. Legree believes in the saying that "Boys and girls brought up in church and Sunday School are seldom brought up in court."

Lt. Legree has been with the Flint police department for 23 years and is in charge of the Child Safety division with traffic safety supervision over 35,000 youngsters in public and parochial schools. He is the director and producer of his "Singing Cop" radio safety program which is in its 14th year over radio station WFDF-Flint.

The Flint police officer is recognized nationally as an expert in school traffic safety. In church circles he is one of the most sought after soloists in the north central section of the United States. He is known nationally through television and radio programs.

The public is cordially invited to attend this special service.

Northville Sailor In Naval Exercise

Richard F. Roe, molder third class, USN, of 510 Randolph, has returned to Key West, Florida aboard the submarine tender USS Howard W. Gilmore which participated in the navy's annual winter exercise in the Caribbean.

While on the month-long exercise the Gilmore was moored most of the time at St. Thomas, Virgin Islands, where she rendered services to submarines of Guided Missile Unit 51 and Submarine Squadron Two.

NOVI TOWNSHIP CLERK

Grid, Cage Stars Meet In Local Tilt

The Northville Optimists' benefit basketball game scheduled for April 10 at the community building will bring together a host of professional football stars and well known college cagers.

Stars of the Detroit Lions professional football team will have to use more than football tactics to stop the Optimists' All Stars headed by Michigan State's Johnny Green. The MSU senior was recently picked as the most valuable player in the Big Ten conference.

Rounding out Green's team will be George Lee of the University of Michigan, Bob Lufts of Ohio Wesleyan, Cap Pethers, former Northville high school star and now a member of Lawrence Tech's team, Benny Palucci of Wayne State, Larry Brennan of Missouri, Pap Patterson and Roger McLean of Northville and Jerry King and Kenny Kismet of Plymouth.

For the Detroit Lions the line-up will be Hopalong Cassidy, Terry Barr, Joe Schmidt, Darris McCord, Gene Cronin, Jerry Reichow, Stan Campbell, Gary Lowe, Charley Ane and Bob Miller.

The game will begin at 8 p.m. Admission is \$1.25 for adults and 65c for children. William Taft is chairman of the event for the local Optimists. All proceeds will go to the club's boys' work fund.

Plymouth Cagers Capture City Crown

Plymouth Optimists — dark horse in the senior city basketball league — captured the championship by winning its final two games of the season.

Actually, the league crown was all but assured the Optimists two weeks ago when the league favorite — Plymouth Heides — went down to a humiliating defeat at the hands of Beglingers.

Optimist cagers knocked off Heide's to gain a first-place tie a few weeks ago and then rolled over the Novi Specials and Plymouth VFW in its final game.

Plymouth VFW took the third-place position despite a 52-36 loss to the Optimists last week. Two weeks ago, VFW nipped Northville Royals, 39-38.

Plymouth sewed up the first division with Beglinger taking fourth place by defeating the Specials, 46-39.

Area Golf Courses Open for Spring Play

Warm weather ushered in another season of golf this week as area clubs announced opening dates.

Golfers already have started thrashing grass at Northville, 19025 Newburg road; Bob O'Link, 48150 Grand River, and Hickory Hills, Wixom.

Fees at all three courses have not changed from last season.

Robert Jonas, pro-greens keeper at Northville, reported that his 18-hole course is wet in spots but otherwise in good spring shape. V. E. Morse is the manager.

Midge Cova, Bob O'Link pro, will teach golfing techniques this year. His 27-hole course is reported in "the best shape ever."

McCoy Craig, Hickory Hills manager, reported his semi-public, nine-hole course is in good shape.

READY TO PLAY — Jim Beerbower, foreground, accepts a registration card from Judy Drew which makes him eligible for another season of city recreation baseball and softball. Looking on (left to right) are: Dave Luedtke, Craig Bell, Larry Angove and Tom Daniels. Boys may register for the baseball program, which will start later this month, between 8:30 to 11:30 a.m. each Saturday at the Scout hall.

Local Candidates Hold Spotlight in Election Monday

Eight Seek Two City Council Seats

David G. Cameron
Councilman

Sales manager Haller, Inc., resident five years living at 760 Spring drive. Cameron is 30, married and has three children. Studied engineering, marketing and sales at Michigan and Detroit universities. First came to Northville to work for Allied Products.

I would like to be elected to the city council for a number of reasons, some of which are outlined below. I sincerely feel that I can contribute something to our city government because of my experience in business for the past 12 years.

There is no question that I am a young man, but that in itself should not be a detriment. Consider the enthusiasm of a younger man on the council coupled with the experience of older councilmen with the ultimate advantage of newer and, perhaps fresher, thoughts on city problems. This is done extensively today in industry as a means of balance.

More specifically, I believe that a program of preventive maintenance should be instituted to preserve our present streets and roads. Recently, a group was formed to study new roads which I enthusiastically support. Further, however, and perhaps foremost I urge a program of maintenance on present streets to prevent any mass deterioration so that one day we won't be faced with an overwhelming street repair program. Indeed, this lack of maintenance is precisely what caused our present problems in the water system.

I have talked about an "Industrial Planning Commission" to be formed to study ways and means for getting more industrial tax base in our area. This group should be formed of individuals from all segments of our school district, members from each of several professions so as to maintain a well qualified board. I feel that this program is vital to increase our tax base so as to remove any burden on the residents and distribute it more equally between the three basic groups, commercial, industrial and residential. I think that this group should work closely with the Michigan Economic Development Commission and develop a definite program. I would want to be on this committee and direct its activities.

In conclusion and in fairness to all candidates, I would like to urge every voter to get out and exercise his voting rights. This election which has eight candidates for two seats will be even more important because using past voting performance, it is possible to elect a new councilman with less than 100 votes. Imagine 100 voters electing a man to represent 1,300. Naturally I would like your support, but get out and vote for the man of your choice.

John S. Canterbury
Incumbent Councilman

Incumbent councilman, completing first term. Married, two children, resides at 204 Randolph. Executive Ford Motor company. Received education at Ohio Northern, North Carolina and Denver universities. Held positions as management consultant and planning director.

I am a candidate for a second term on the Northville city council and I would greatly appreciate your support in the April 6 election.

I first ran for council in 1955 largely because the late Mayor Ely, and others including members of the council, believed that my education, my background in public administration and my practical business experience would be helpful in dealing with the many complex problems facing the city government. I truly believe that with hard work and sincerity of purpose, I have been able to contribute a full share to the benefit of our community.

During my entire term, I have worked diligently on city problems

There's More!

In addition to the four Novi township candidates appearing on this page, pictures and statements of six other candidates who face political competition appear on the front page of The Novi News edition.

The other Novi candidates and their offices are: For treasurer, Republican incumbent Raymond D. Harrison and Democrat Robert F. Norton; for trustee, Republican incumbent Frank Watza and Democrat John Kubeck; for justice of the peace, Republican John T. Meier and Democrat Herbert Koester.

and have spent many hours each week collecting and analyzing information and developing solutions to problems. I have always worked for practical economy as well as for progress and improvements. I have insisted on adequate facts, reasonable study and full public information prior to decisions.

My code has been to be constructive, straight forward, completely honest and open minded. I have always tried my best to represent all the people. At times the easy vote-getting way would be to say "yes" to what appears to be favoritism or the special interests of an individual or a group. I have never done so. I have never put politics or friendship or personal popularity ahead of the over-all public good.

I am not a candidate of any party or special interest group and I have made no commitments. I hope that you will feel that my proven record in council deserves your support. I earnestly ask you to compare my background and my record of community interest and civic service — not just for now — but continuously over all the years I have lived here.

Most of all, I want you to be sure to vote on April 6th for whomever you believe are the best candidates. Your vote counts — you help make Northville what it is today and what it will be in future years.

Paul Folino
Councilman

Age 29, resides at 350 East Cady, married, lifelong resident, graduate of Northville high school class of 1947. Formerly owned Paul's Sweet Shop, now sales manager, Fabiano Sales and Service Co. Officer of Optimists, former director Retail Merchants, helped organize local Junior Chamber.

Because of my great interest in the future development of the city of Northville, I feel it my duty to seek office where I feel I can do the most good in the interest of the city. I am a non-partisan candidate and have no political obligations to anyone. If elected, I would put major emphasis on improvements of the water system which I believe can be done at lower costs and getting the fire hydrants flushed periodically, as has been done in past years successfully, preferably Friday or Saturday evenings so as not to interfere with wash days and daily high consumption; explore for more well sites to be assured of plenty of water in the future for higher consumption, expansion of the city, and use in an emergency.

We should also improve the parking conditions of our business district immediately which will be of benefit to the shoppers and business people.

We must not stand still on the thought of bringing more taxpayers on to our present taxrolls. By encouraging more business, industrial and residential buildup to help ease the burden on our present taxpayers and by adding more taxpayers we will be able to more readily cope with more and higher expenditures that must be met in the future.

I would like to organize a non-paid police force made up of citizens who would be willing to devote about four hours of their time per month to assist our present force so that we would be able to have better protection at lower costs. Our present force has done a remarkable job and I am sure they would welcome help to continue to do so. This program has been very successful in a neighboring metropolitan city and I have talked about this program with one of their representatives and would be able to get assistance from them to apply it to Northville. Another thought would be to organize the township of Northville with the Northville city police department, which I am very sure can be worked out and would help ease the burden of cost on everyone.

There is already organized a committee, composed of many citizens who are willing to work with the city on getting their streets paved. I would like to see and would attempt to broaden such a committee to work with the council on many other subjects, along with them I am sure there are many other citizens who have plenty of interest in our great city who would be very willing to work on this committee.

If I am elected I will try to meet with and work out any of the problems to the best of my ability with any of the citizens of Northville. I would appreciate your vote.

To be assured of your choice of candidates. Do your duty. Go to the polls and vote April 6, 1959.

Richard H. Juday
Councilman

Married and has three sons. Resides at 304 Lake. Juday, 40, owns and operates Juday's Standard service, Main at Church streets,

and has been a Northville resident since 1946. He was formerly a salesman for a chair company.

My decision to run for city council came after friends suggested that I become a candidate.

I would make no promises because I didn't think I was qualified to do so until after fully examining both sides of all questions. I feel the council has been doing its best and I am sure it will continue to do so, whoever might be elected.

I am very interested in the future of Northville. My home is here, my business is here, my children go to school here and I would like to see Northville continue on as one of the more desirable places to live and raise your families.

If elected, I will examine all the facts and problems and the decisions reached will be my own for the good of the people and the community.

Clayton Myers
Councilman

Myers, 36, is Standard Oil agent with franchise for area, married with three children. A past commander of VFW and now district inspector, also member of Northville Recreation committee. He has been a resident 29 years and graduated in the Northville high school class of 1939.

For the past 15 years that I have been eligible to vote I have never voted a straight ticket. Probably never will. Many people of Northville asked me to seek election as councilman on a non-partisan ballot. From all the talk and print in the past weeks I believe "NON" should be stricken from the non-partisan.

I agreed with many people that the operation of our city government could stand an over-hauling. I certainly believe that thousands of dollars could be used for important improvements, that is now being spent unwisely. But don't forget, if we want and need additions and improvements, they cost money. You are not electing magicians. You are electing men to represent their thoughts, and yours, and to the best of their ability choose to do what is best and right.

I believe we need some working men on our council. It certainly would change the thinking at city hall. How many times have you attended a council meeting? How many times have you complained about their decisions? Did the candidates you elected in past elections use sound judgment in their decisions? If not, now is your chance and duty to elect one who will.

I probably cover more miles and talk with more people within Northville, day in and day out, than most of you. Believe me, the citizens of Northville want a change at city hall. I certainly have no political ambitions or represent any group or groups. I represent myself, my family, friends and the citizens of Northville.

I will not make any promises. When a man takes an oath he promises to do his best. Can you ask or expect anymore? A prouder and better city to live in at the most economical price is the most any one can ask.

I would like to say this to you, you and you. It is not only your duty to vote but to vote intelligently. Know the candidates, know the issues, at all times.

Harvey P. Ritchie
Councilman

Owner with brother of Ritchie Bros. Laundry, 36, married, one son, resides at 821 Spring drive. Ran for council in last election, was member of city charter commission, currently member of planning commissioner. Resident of Northville for 28 years.

I am running for council because I have a deep and sincere interest in Northville and its future. I enjoy taking part in and working for the advancement of our community. It is for these reasons that I served on the city incorporation committee, served on the charter commission and am, at present, serving on the planning commission.

Regarding the present city water system, I am in complete agreement with the water improvement program and the method of financing. In view of the very narrow margin of defeat, I am very happy that the council decided a prompt return of the issue to the voters.

Improvement of our streets is also a problem that is foremost in our minds. I feel that the proper way for any community to undertake street improvement is by special assessment districts. However, Northville has not done so in the past, and, as a result, all of our paved streets were paid for from general fund monies. A fund to which all city taxpayers contrib-

ed. It is my opinion, therefore, that the only fair way would be to continue financing street improvements in this same manner until all the streets are paved, and then stop this type of financing forever. Special assessments should then be instituted to continue repairs as needed. If the voters would approve, I would favor issuing General Obligation Bonds to finance the paving and complete this sorely needed improvement.

If elected, I will welcome the opportunity to serve the voters to the best of my ability to keep Northville a fine, pleasant and progressive community.

Lloyd (Bob) Shay
Councilman

Resides at 575 Gardner, owns and operates Shay's Shell service, 446 South Main street. Married and has two children. Shay, 30, has lived in Northville 10 years coming here from Redford where he was graduated from Redford Union high school.

First, I want to thank you for this opportunity to express my views regarding the office of councilman.

I believe I can serve the citizens of Northville in a constructive and satisfactory way as city councilman. I have been interested in the affairs of our city. I believe I can do the job better and probably get closer to problems and their solutions by assessing the facts with better judgment than may be the case with some of my opponents.

Understand, I intend to be fair, use patience and understanding in arriving at solutions for I will not be stampeded into quick decisions against my better judgment.

As a business man, I shall favor those measures which will be good for the taxpayers and the businessmen. I will do all I can to encourage new business and industry to locate in Northville.

The voters being willing, I shall be happy to serve them on the council.

Alfred H. Smith
Councilman

54 years old, self-employed builder, resident 14 years, married, five children. Resides at 507 Beal avenue, member Northville Democratic club, past commander Northville Dads of Foreign Service Veterans, past master Grange No. 81 and past president of P-TA of Williamston, Vermont.

I have enjoyed living in Northville the past 14 years and believe it my duty if elected to the city council to serve you to the best of my ability.

My common sense tells me we need a well planned, close budget with at least a 10 percent emergency fund; an improved water system, which I believe can best be done by bonding; our police system changed to include a training plan for our regular and special police.

I believe we have need for a well-planned expansion of our business center. If we all work together on this, it can be really worthwhile.

We need better cooperation between the city, state and Northville Downs. This could mean a big expansion program. Let's get to work on this.

We need a street program to bring all streets up to a standard of hard surface.

By working together as a team we can do all this and keep our taxes within limits.

Let's get off the fence on the side of progress.

Plymouth Candidates

Local elections will hold most of the interest in Plymouth city and township Monday.

City voters will elect four councilmen and a municipal judge. In the partisan township election Democrats and Republicans have opposing slates.

Candidates for the four city council seats are incumbents Carl G. Shear, Robert J. Sincock and Marvin E. Terry. J. Rusling Cutler is seeking the fourth seat.

Richard Merriam and John Truer are "write-in" candidates for the city council being backed by a Plymouth citizens' group.

In the township Supervisor Roy R. Lindsay heads the Republican list of candidates which includes: Fred L. Miller, clerk; Elizabeth Holmes, treasurer; C. Veach Sparks, trustee; Thomas Dorset, Vernell Hitt, Robert Burns and Donald King, constable, and Frank Millington, highway commissioner.

Orville Tungate heads the Democratic slate as candidate for supervisor. Running with Tungate are: Vina Galloway, clerk; Silvano Salvador, treasurer; Thomas Foley, trustee, and Fred Lester, constable.

Parties Run Full Slates in Northville Township

Democratic

Mrs. Evelyn Gothe
Clerk

Resides 15790 Marilyn road. Married (Walter Gothe), three children, Michael 14, Richard 12, Phyllis 11. OUT OF THE PAST

ONE YEAR AGO . . .

Sweeping reductions in the assessments on land were initiated in both the city and township. Township cuts were as high as 50 percent as nearly every piece of land in the entire area was lowered at least 10 percent.

...A long-standing dispute between the Bernard Orchard company and Northville township concerning the use of 80 acres for a trailer camp site was won by the township.

J. Philip Anderson became the fifth member of Novi's village charter commission when he drew a lucky lot against Dirk Groeneweg. Anderson had tied with Groeneweg for the fifth seat in Novi's village election a week earlier.

Vandals stole approximately \$18, some tools and cigars while ransacking offices and equipment in three Wayne County Training school buildings.

FIVE YEARS AGO . . .

Fire caused several thousand dollars worth of damage to the Lakeside Packing company, a supermarket and slaughter house on Pontiac trail near Walled Lake.

Two escaped convicts from the Detroit House of Correction terrorized a township household and stabbed a father trying to shield his baby daughter.

Paul Reed, planning analyst, told Rotarians that the phenomenal growth, which has been the pattern for northwestern Wayne county in the past four years, probably will be the same for years to come.

Approximately 94 percent of the 1953 taxes on Northville township property for school, county and township purposes were collected, Roy M. Terrill, township treasurer, reported.

Miss Faye Herd, 17, and George Herd, 29, son and daughter of Mr. and Mrs. Earl Herd, suffered leg fractures when the car in which they were riding struck a tree between Six Mile and Northville roads.

FIFTEEN YEARS AGO . . .

The Red Cross drive for funds for 1944 was just about half over. Two weeks remained for Northville solicitors and donors to turn in their contributions to the Red Cross.

More than 100 members and guests attended the cooperative dinner at which the American Legion auxiliary was host to the Lloyd H. Green Post 147, American Legion, on the 25th anniversary of the founding of the post here.

The month of February was a banner one for fat salvage in Northville. During that month local and institutional housekeepers turned in a grand total of 905 pounds of fat to the various collection stations in the village.

The Novi Campfire Girls attended the county council fire at Pontiac. Taking part were: Trail Seekers — Lillian Hansor, Ruth Jeanette Smith, June Ann and Gloria Holmes, Florence Spisak, Mary Ann Barker and Patsy Putnam.

Twenty-five years ago . . . An average of 50 men had been employed in Northville for four months beginning December 1, 1933, on CWA projects.

Dr. H. H. Burkart presided at the first meeting of the newly elected village commission at the village hall. Frederick Hedge, village clerk, swore in the new officials: President, Dr. Burkart; commissioners, William T. Gregory, George Hicks, Wilson J. Perkins and Elmer L. Perrin; assessor, Charles L. Blackburn, and treasurer, John Litsenberger.

RAILROAD SAFETY — Students at Novi school recently were shown two films on railroad safety by Lt. William Gasper of the Chesapeake & Ohio railroad police. Police Chief Lee BeGole (left) gave a short talk on the dangers of playing near railroad tracks. Shown here with BeGole (left to right) are: Jim Jones, student projector operator; Lt. Gasper, and Principal Donald Knodle.

NON-PARTISAN OFFICERS

Two Justices of the Supreme Court
Circuit Court Judge

NOTICE RELATIVE TO OPENING AND CLOSING OF THE POLLS Election Law, Act 116, P.A. 1954

Section 720. On the day of any election the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

LILLIAN BYRD, City Clerk

State Robin Dons Sailor Cap

Michigan's proud and cheery robin, the state's official bird, has gone to sea.

Having stood astride the huge towers of the Mackinac bridge in 1958 when he proclaimed "It's Great to Live in Michigan", the jaunty, red-breasted bird, has taken up a new position and adopted a new slogan which he will sing this year.

As central figure of the official Michigan Week emblem, the robin for 1959 wears a sailor cap as he proudly points to Michigan and the St. Lawrence Seaway as it stands out on the globe of the world.

The robin's new look was recommended by the Michigan Week promotional materials committee of which Paul Penfield, advertising

manager of the Detroit Edison company, is chairman.

Before the year ends, and especially during the sixth annual Michigan Week, May 17-23, the proud robin will proclaim the new slogan "We're Proud of Michigan" before millions of people in his own state and throughout the nation and foreign lands.

He will be pictured in newspapers and magazines, on television screens, in all types of advertising, on such promotional materials as posters, placards, decals, stamps, place mats, book matches, counter cards, retail store streamers, etc.

Materials are now in production and will be made available to all local and county Michigan Week committees at cost.

Win Scholastic Honors

Two Northville college students and a Walled Lake youth were among the 516 students at Central Michigan college who last semester received an average of "B" or better.

They are: John W. Schwartz, sophomore, 23145 Novi road; Kathleen Heatley, junior, 304 West Dunlap, and Robert K. McLeod, freshman, of Walled Lake.

Of this total, 391 students were enrolled in 11 or more semester hours work. Eleven students received a straight "A" average.

Northville Township Voters - The hour for action is at hand! These Republican Candidates have defined the issues - Now it is up to YOU.

You hold the spotlight. For the moment the responsibility shifts to you. The decisions you make at the polls will affect your future, the future of your community, of your neighbors. What you do will make news. The candidates look for a clear mandate from you. Party chieftains will look for trends. When you speak at the polls your voice becomes the law of the land.

WILL YOU HOLD THIS RESPONSIBILITY SO CHEAPLY THAT YOU
WILL FAIL TO USE IT? WILL YOU SPEAK AT THE POLLS — OR
WILL YOU SQUAWK AT HOME?

Self Government versus Government by Pressure Groups

What is a pressure group? A political machine is a pressure group organized to secure special favors at your expense. It is organized and it has a money chest — a fat one. It does not have to depend upon voluntary contributions. It has a central command like a far-flung military operation and can throw its financial support to any local area it seeks to dominate. Northville is one of the areas selected for this 'special treatment'. "We are going to take over," says the voice of the political machine.

DO YOU WANT TO BE TAKEN OVER — OR DO YOU JUST WANT TO BE TAKEN?

Political machines base their calculations on two premises (1) that it can march its own members to the polls
THE LINE MUST BE HELD AGAINST MOUNTING COSTS
Obviously the issue closest to the heart of voters right now is taxes. Will they go higher? The answer to that

to vote according to orders (2) that many over-confident
Republican voters will stay away ("What's one vote!")
one: you can't have it and spend it too.

**Remember: Government can give nothing
except what it first takes away!**

It is no accident that township finances are in the black. Just how much better than that can you get? These Township Candidates have no plans for increased spending of the taxpayers' money.
Of the total taxes collected by the township treasurer in 1958 only 2 1/3 percent were used for the operation of the township government. (The remaining 97 2/3 percent were turned over to the schools and county).
They are sure the voters cannot afford special levies or assessments. WITH YOUR HELP THE REPUBLICAN CANDIDATES WILL HOLD THAT LINE.

Full Support of All these Republican Candidates is Vital

Sensible economy is the theme of the Republican party at all levels. They know that to be strong militarily, a nation must be strong financially. Krushchev has said "We'll make the United States spend itself to death." Reckless spending plays right into the hands of the Kremlin. That's why the President says "a balanced budget is our best defense." That's why it's imperative that you

Thunderbird Inn Plans Opening Soon

One of the finest facilities in the state offering accommodations for dining and dancing is nearly ready for opening in the Northville area.

The Thunderbird Inn, located at 14707 Northville road just south of Five Mile, may open this weekend if finishing touches can be completed.

The fabulous Thunderbird is strictly modern throughout. Its striking exterior is made especially outstanding by an amazingly fine finish on the brickwork which is uniformly perfect.

Inside the two-level building offers a dining room to accommodate 200 patrons, a bar and lounge to seat 52, and private banquet facilities that bring the capacity of the Thunderbird Inn to 400.

The building is 96 feet long by 75 feet wide. Some 60,000 square feet of parking space surround the Thunderbird.

Outstanding features of the Thunderbird include the dining and dancing area which has large picture windows overlooking the Cass Ben-

ton parkway. The room is decorated in turquoise and persimmon with a charcoal grey ceiling of acoustical tile overhanging the dancing area and the balance of the ceiling done in fissured tile of a lighter color.

The bar and lounge area is several steps above overlooking the dining and dancing area.

Owner of the Thunderbird is Walter Smith of Plymouth. The Inn's manager is John Dodge, who formerly managed the Old English Tavern, Sea Food Groto and Wyandotte Yacht Club. The chef is William Harmon.

The Thunderbird will be open daily from 11 a.m. to 2 a.m. and Sundays from noon until midnight. Popular-priced lunches will be featured and steaks, chops, fowl and sea food will be a specialty of the Thunderbird dinner menus.

Manager Dodge said that he is hopeful of opening the Thunderbird this weekend, but that it is not certain. He expects the orchestra of Don Pablo to be the first featured at the Thunderbird.

General contractor for the building was David K. Schaarsmith, while the fixtures were installed by Jay Cee Furnishings. These include an all-electric stainless kitchen and furnishings for the bar and dining areas.

The interior decorations were handled by Patricia Bollinger of Harrison-Frungle.

OPENING SOON — The new Thunderbird Inn at 14707 Northville road may open this weekend, according to Walter Smith, owner. Completely

modern throughout, the Thunderbird will offer dining and dancing accommodations as well as noon lunches and facilities for banquets.

Farmington Elks Install Officers

The Farmington Elks, which includes members from this area, held installation ceremonies yesterday for newly elected officers.

Installed were:
Henry Madigan, Exalted Ruler;
Robert Holecheck, Leading Knight;
Lou Abbott, Loyal Knight; William Hicks, Lecturing Knight; Fred Curcio and David Dewar, trustees; Joseph Brodie, secretary; Paul Groff, treasurer, and William Critcher, Tiler.

A rummage sale will be conducted at the Elks Lodge at 33300 Grand River on Saturday. The sale is sponsored by the Vivians club.

Winter Deer Loss Study Starts Soon

With Michigan's deer starvation losses threatening to surpass the 1956 spring toll of 36,000 — not including additional winter losses from other causes — deer research personnel of the Conservation department have their work cut out for them in 1959.

A major item on the research program's year-round agenda is the dead deer survey which is slated to begin this spring. Provided funds are available, department members will trek through miles of randomly-selected sub-areas of the deer range in both peninsulas to help determine deer mortality figures from starvation, dogs, disease and illegal kills.

pail after pail after pail ...

there's always plenty of hot water

the new electric water heater way

House cleaning is so much easier, so much faster when there's plenty of hot water.

You can be confident that an electric water heater, plus Edison's Super Supply Plan, will provide round-the-clock hot water for cleaning and all the rest of the family's needs, too.

Here's the convenient, modern way to **GET IT HOT ... GET A LOT** for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Fast—new, more efficient heating units
- ☒ Install anywhere—need not be near a chimney
- ☒ Outer shell—cool to the touch all over
- ☒ Long life—meet Edison's rigid standards
- ☒ Edison maintains electrical parts without charge
- ☒ Automatic—all the time
- ☒ Safe—clean—quiet—modern

Stock Averages Hard to Predict

Babson Park, Mass. — How high the Dow-Jones Industrial Average will go, no one knows. When anyone disputes me on this, I write back and ask him for his personal investment record for 1929, 1937 and 1942. How much money has he personally made and kept? With one exception, I have never had a reply!

Chances vs. Certainty

It is okay for any investment advisor to guess as to the "odds" that are ahead; but to dogmatically say that the stock average will go through 650 or 700 during 1959 is a very foolish statement. Such a statement is even dangerous to give to an inexperienced investor. It shows lack of experience on the part of the advisor if he makes such a definite forecast. If he does so for pay, or for some ulterior motive, it is almost like obtaining money under false pretenses.

An investment advisor can give

the relative "value" of 400 stocks and recommend which one is probably the best "buy", based upon all visible and known barometers. But no "value" or other line of study can foresee the unforeseeable. Over fifty years of such study shows that some unexpected event always has turned a bull market into a bear market, or vice versa. Also, remember that for every buyer there must be a seller of each stock traded each day. When the stock market is going up there are more buyers impatient to buy than there are sellers impatient to sell; but generally speaking, the "bulls" and "bears" are about equal in numbers — certainly so, on a day when the averages show no change.

What Caution Signifies

An investment advisor is justified in recommending at times that his subscribers use caution. This advice can be interpreted in many ways; but it surely means that the investor should get out of debt when his advisor urges "caution". This especially means that one should not carry stocks on margin if the majority of such advisors are urging "caution". Stocks held should be paid for, and should be kept in one's safe-deposit box.

One other fact to remember: Don't judge any Investment Advisory Service by its advertising only. It advertises in order to get "leads"

for subscribers. It is hard to get such leads without some optimistic hope in the advertisement.

Getting Something for Nothing

The farmer is justified in hanging a carrot over his mule's head — some feet from the mule's nose. But ultimately the farmer must give the mule the carrot. Therefore, although most investment advisors hold out hope in their ads, they will give you their honest opinion — which may be either bullish or bearish — when you subscribe to their service. Hence, it might be wise when answering such an advertisement to tell the advertiser that you do not have money enough to subscribe to his service, but that you would appreciate a short letter from him telling you whether it is bullish or bearish or "on balance". Ask him to send you a bill for such an opinion, which should be definite.

The first lesson which every investor should learn is that he cannot "get something for nothing" from an investment advisor, or a broker, or anyone else. You ask a banker for an opinion on the stock market and, if you are a good depositor, he will invite you to sit at his desk and will try to give you some honest advice. If, however, you expect to get good free advice from him at a cocktail party, you will find you are mistaken.

We're Really Not So Bad

AN AMBITIOUS campaign to sell the unlimited advantages, opportunities and resources of Michigan is underway.

Two hundred outstanding business, industrial and civic leaders, members of Michigan's Industrial Ambassador Corps, are the shock troops. The support of all citizens will be enlisted to help them.

Merritt D. Hill, general manager of the Ford Motor company's tractor and implement division at Birmingham and chairman of the Ambassadors' executive committee, is spearheading the drive.

In view of the unfavorable publicity about Michigan which has been appearing throughout the nation, Mr. Hill points out that the need for positive action in selling Michigan is urgent and that every effort must be put forth to do the job as quickly as possible.

"As citizens and as Industrial Ambassadors," he declared, "it is most important that we take a positive approach to the unfavorable situation, do all we can to correct it, and get the picture in its true perspective."

Hill set the tempo for the Ambassadors' campaign in a frank talk on the subject of Michigan's reputation before the Pontiac Rotary club recently.

"Michigan, at this moment, is probably the most maligned state in the nation," Hill said. The State's problems "have been magnified all out of proportion," he continued, and Michigan has made a "spectacle" of itself before the rest of the country because of "partisan politics."

We have hurt ourselves in the eyes of others "for some very selfish, short-range motives," Hill stated. "In becoming so engrossed with the techniques of 'back-alley infighting', we appear to have almost forgotten how to take a constructive approach to economic problems."

Michigan citizens should keep in mind that the need for a good economic climate will always be with us, the Ford executive emphasized, "whereas the political personalities, the party 'lines' and programs will undergo constant changes."

Hill said it is vital for everyone to vote and "we must preserve and defend the right to speak freely" on all issues.

However, it is also part of our American heritage that "United we stand, divided we fall," Hill said. "Many in Michigan, it seems, have forgotten that saying."

Michigan has so many things to be proud of that its people "have more reason to walk with a swag than any Texan I ever met," Hill reminded.

"If a Texan had this kind of ammunition, he would shoot off like a 21-gun salute," he said. "But we Michiganders tend to sit on these facts and wait for them to hatch. We should take a lesson from the rooster — and do more crowing and less clucking."

The Muskegon Chronicle praised Hill's address.

"The blast that came from Mr. Hill, in regard to the way the state

has been maligning itself, was music to our ears," the Chronicle said. "Nobody can accuse him of grinding anybody's political ax, for one side or the other."

"He said a lot of things that were honest and right. His statement was one that certainly needed to be heard."

The Industrial Ambassadors will hold their first general meeting of 1959 at Bay City April 22 where they will participate in the launching ceremonies at the Defoe Ship Building yards of the biggest Navy ship ever built inland in this country.

Once their program gets rolling, the Ambassadors will act as a "sales division" of the Michigan Economic Development department to help promote Michigan inside and outside its borders and correct inaccurate impressions about the state which have been widely publicized recently.

"We must keep politics out of our program and recognize the fact that selling the state is a continuous job," Hill said. "We can't wait for everything to be as we would like to have it before we start out to do a selling job. There will be a time when everything is 'all right'."

Members of the Industrial Ambassador Corps represent a cross-section of the state's economy. They come from all parts of the state and belong to both major political parties.

On their trips outside the state, these Ambassadors will be telling business leaders across the nation that Michigan's long-range forecast is one of the best in America.

At the same time, they would that every Michigan citizen hope rally "round the flag — Michigan's flag — and become a defender of this great state."

ANNUAL TOWNSHIP

MEETING NOTICE

There will be an annual meeting of electors
of Northville Township at
1:00 P.M. — APRIL 4, 1959

at the Township Hall to transact such business as is usually transacted at township meetings by viva voce vote.

This notice in accordance with Sec. 370, State of Michigan Election Laws.

D. J. STARK, CLERK
NORTHVILLE TOWNSHIP

Too Much Talent Undeveloped

Most parents are determined that their children shall have a better education than they have, a parental goal which is almost universally accepted. It is a dreadful waste of human talent, when, as in this country, about 200,000 high school graduates who could succeed in college don't go for one reason or another. While money is an important reason why many miss college, others don't go because none of their respected teachers, or friends, or parents helped to arouse in them an interest in going to college. An undetermined number of this group don't enter college for the reason that they think they would fail if they tried when, actually, all of them have the academic ability to succeed if they really tried.

In this modern day of scientific marvels in everyday life, the many potential scientists who stay away from college may be striking a dangerous blow at their country's need for scientific supremacy. Every "mind" left undeveloped to its full potential is a partially wasted one. Unfortunately, a great many able high school graduates fail to recognize that they could be among the top college students, and they don't even try to go.

The National Defense Education Act, recently passed by Congress provides for two programs which will help overcome this tragic waste of the talents of many of our high school graduates. It provides for

financial aid to high schools to carry out testing programs to identify students who could succeed in college, and for hiring trained counselors to interpret to students and their parents just what the results of these tests mean, as well as how to go about applying for college admission after a suitable one has been selected by the student.

A second part of the program under this Bill creates a loan fund for students who should go to college but who lack the necessary funds. Under this provision, a student may borrow up to \$1,000 a year for college expenses and repay it after graduation. No interest is charged on the loan while the student is still in college. While the legislation expresses particular interest in making loans to students interested in mathematics, science, and teaching, other students whose interests and abilities go in other directions are not excluded. College graduates who enter into teaching will find the interest on their loans reduced — rather, the principal is actually reduced at the rate of 10 percent per year for the first five years they remain in teaching, thus cutting the amount of the principal of the loan in half.

Parents who feel they cannot afford to send their children to school — if they graduate from high school before June 30, 1962 — should seek information about this loan fund

from the college where their daughter or son wishes to go.

The bill also provides funds for college students who are in or will enter graduate school by June of 1962. This program provides for fellowships — a regular income for up to three years — for assist with teaching or research in the field of particular interest. This program can best be explained to students and parents by the college or university of their choice.

Parents who wish full information about this program while it is in the process of getting into full operation, should write to the Commissioner of Education, Department of Health, Education and Welfare, Washington 25, D.C.
