

## Officials Ponder High School Move

Two special meetings were called by the Northville board of education this week to help complete plans for moving into the new high school.

Wednesday board members met with architects to discuss final plans for rehabilitation of the old high school building. Thursday an inspection tour of the new high school was scheduled to determine the earliest possible moving date.

From an academic standpoint, school officials are in no particular hurry to make the move. But from a practical-planning point of view, the board knows it must call for the move soon so that work may begin on the old high school.

School officials hope the old high school will be remodeled and ready for junior high school students in September.

Financially, the rehabilitation program was given a go-ahead by sale of \$635,000 in general obligation bonds — the remainder of the \$3,000,000 1956 bond issue — at another special meeting last Thursday.

Some \$150,000 has been set aside for rehabilitation, which will include such major changes as over-all rewiring, relocation of the heating plant to the Main street grade school and certain structural changes to increase classroom space.

The bid on sale of the bonds was awarded to Braun and Bosworth of Detroit, who submitted the low bid of 4.1972 percent average interest rate.

## Easter Seal Drive Falling Behind Here

Northville is falling behind in its community drive to raise funds for the 1959 Easter Seal fund.

L. C. Sullivan, chairman of the drive headed by the crippled children's committee of the local Rotary club, has expressed concern that Northville may not attain its quota of \$1800.

"Our returns through April 2 total slightly more than 50 percent of our goal," Sullivan reports. These returns include contributions from previous contributors who received special letters, replies from the general mailing and proceeds from the Lily parade. The Lily parade, for which Mrs. Lillian Cutright was general chairman, assisted by the Rainbow Girls brought in \$36.30.

Sullivan points out that Northville played an active part in building the Easter Seal Center as headquarters for social adjustment services to physically handicapped children and adults. "Such a program of clubs, classes and the Summer Day Camp for crippled children requires the support of all our citizens," he points out.

"All that we are asking is that contributions average 10¢ for each man, woman and child in western Wayne county. The average to date is only 4¢ per capita." Sullivan urges that contributions be returned without delay in the envelope accompanying the seals which were mailed, or sent directly to the Easter Seal Society of western Wayne County, P.O. Box No. 547, Inkster, Michigan.

Other bidders were: John Nuveen and company, 4.2027 percent; Blyth and Company, Inc., 4.2039 percent; Shearson, Hammill and Company, 4.2115 percent; First of Michigan Corporation, 4.24194 percent; and Halsey, Stuart and Company, Inc., 4.2927 percent.

Manufacturers National Bank has been designated as paying agent, and former Northville Record Publisher Glenn Cummings' Midwest Bank Note company, to print the bonds which will be in the hands of the school board by the first part of May.

Readiness of the new high school entered other business covered at Monday's regular meeting of the board.

Representatives of the Carrington agency discussed insurance for the new school and renewal of old policies on other buildings.

Carrington pointed out that improvements on the old high school building, especially in areas of rewiring and removal of the heating plant, will help secure better fire insurance rates.

On the other hand he predicted that more hydrants might be needed at the new school site for lower insurance costs. The board commented that provision has been made to add more hydrants if necessary.

Other business included a report by the elementary curriculum study committee co-chairman, W. C. Becker, who announced that the next area to be covered by the group will be finances.

Administrative Assistant Dr. Kenneth MacLeod also stated that the 1959 teacher-recruitment program is progressing satisfactorily.

## Guilty of Reckless Driving In Car-Porch Accident

Although pleading not guilty, William Reynolds was fined this week for reckless driving.

Reynolds, whose auto jumped the railroad tracks on Seven Mile road, just east of South Main street, and crashed into a parked car and house owned and occupied by Emil Noutela last week, was ordered to pay \$25 and costs on this charge and \$5 for failing to carry his driver's license, by Judge E. M. Bogart Saturday.

Damages to Noutela's car totaled \$1,200 and \$863.64 to the car driven by Reynolds.

Cost of repairing the porch of the house owned by John Penna has been estimated at \$500.

## Announce New Date For Fluoride Program

Registrations for the 1959 Northville public and parochial school fluoride program, postponed from last Monday, will be taken next Monday, April 13.

A cancellation appearance by the Wayne County Health Department dental hygienist who will direct the Northville program, necessitated the postponement.

Children in public school grades two, five and eight, and parochial and nursery school pupils will be treated.

### Lyon Schools Map Second Mill Bid

Residents of Lyon township school district will make a second try for approval of a three-year 4-mill school tax increase next Saturday, April 18.

The proposed operating levy increase, along with a \$450,000 bond issue proposition for construction of an elementary school, failed by less than 50 votes each March 7.

This was the first request by the school district for a voted increase in operating funds.

Until now, the district has relied solely on county allocations.

Last year's cut from 8.75 to 7.98 mills on state equalized valuation (the difference going into township funds) seriously threatened the school budget, which had also been affected by state financial difficulties. The district has been operating at a deficit for the past three or four years.

The only significant alternative to an increase in revenue to balance next year's budget, is generally thought to be a cut in the largest budget expenditure, instructors' salaries.

Besides an assured cut in some other school services — even with passage of the proposal — failure a second time would bring the school board to consider such measures as complete elimination of vocational and special subjects (shop, music, home economics etc.), half-day sessions for elementary schools, and curtailment of special bus trips.

New provisions for the elementary school construction are being constructed by the school board.

The school district serves South Lyon, New Hudson and Salem.

### Mayor in Cancer Parade With Cured Delegates

Mayor A. Malcolm Allen and a cured cancer patient from Northville attended the Cancer Crusade "Kick-Off" day ceremonies yesterday in Detroit.

The mayor took part in the proclamation-signing ceremonies held at the city-county building and later, was a part of a car-caravan, escorted by police, to the Southeastern Michigan division of the Cancer Society. A buffet supper was served and a brief program honored the cured cancer delegates.

The cancer education crusade takes place throughout April. Local chairman is Mrs. L. M. Eaton.

ALL SMILES — Mayor A. Malcolm Allen (center) and Councilman John S. Canterbury (left) welcomed Richard Juday to the council Monday night shortly after the returns were tallied. Allen and Canterbury were easy winners, while Juday edged Ritchie for the second council seat by 17 votes.

### 1959 Blood Bank Planned for May 1

Northville residents will be asked to roll up their sleeves May 1 and give to the local Red Cross blood bank.

This week Mayor A. Malcolm Allen issued a proclamation designating that day as Northville Blood Bank day.

Chairman for the 1959 blood bank is Mrs. C. C. Winter. A similar project was conducted here last May.

The blood bank — to be held at the Methodist church from 2:30 to 8:30 p.m. — is a community service effort.

Blood donated here will be used by the Red Cross for local needs. Any person in normal health, weighing at least 110 pounds and from 21 to 59 years old is eligible to contribute.

A mobile unit will be set up at the church, Mrs. Winter said.

Appointments are already being taken. Interested persons can sign up by calling Mrs. Winter at FI-9-2361 or Mrs. A. C. Carlson, FI-9-1330.

### Tickets Will be Scarce To Joe Denton Testimonial

When Joseph Denton retires as Northville's chief of police, most of his friends will be on hand to bid him farewell.

### Take Chief Exams

Written examinations were taken by four members of Northville's six-man police force Tuesday for the office of police chief.

City councilmen urged all members to apply for the position being vacated by Chief Joseph Denton, who will retire in May. The tests are open to members of the Northville department only.

An oral examination will be given by police officials from other departments next week. The council is expected to select the new chief this month.

Officers taking the written exam were Frank Heintz, Eugene King, Leonard Mazuchowski and Ray Nowicki.

At least 560 of them, anyway. That's how many tickets are available for the Joe Denton Testimonial Dinner planned for May 23 at the Community Building.

The tribute to Chief Denton is being jointly sponsored by the American Legion and the Optimist club. Ticket sales are under the direction of John Chedrick.

Already it's apparent that attendance will be a matter of first come, first serve. Everyone wants to pay his respects to "Joe".

The popular chief is retiring after 15 years on the force.

Naturally, there'll be some surprises for Chief Denton on "his night". That's all pretty secret. But if you want to be there, better contact Chedrick at FI-9-0025 and reserve your ticket. Tickets have already been distributed to all local organizations for sale to their members.

### Child Hit by Truck Injured Slightly

Charles Hannabarger, 4, son of the Donald Hannabargers of Wing court, missed serious injury Monday evening when he was hit by a pickup truck driven by William J. Dowsett of East Eight Mile road.

Witnesses reported that the child ran into the path of the truck and that Dowsett was unable to come to a full stop to avoid hitting him.

Charles was taken to Aitchison Memorial hospital and treated for cuts and bruises and examined for other injuries.

He is expected to return home today or tomorrow.

## Ritchie is Close Third In Record Local Vote

Summer-like weather brought out a record number of city voters Monday as Mayor A. Malcolm Allen and Councilman John Canterbury were re-elected by whopping majorities.

The second seat in the eight-man race for council went to Richard Juday, a surprise winner.

## GOP Sweeps Township

The bright day failed to stir the majority of Northville township's registered voters Monday. The 43 percent who did vote gave the Republican slate two-to-one support.

Considering the past spring elections in the township, the 698-vote total was heavy. In 1957 Republicans were unopposed, while in 1955 Democrats ran a slate of five candidates.

Biggest vote-getter was Roy M. Terrill, incumbent treasurer, who had 485 votes. George Bennett, Democratic candidate for supervisor, led his ticket with 229 votes.

The new township supervisor, George L. Clark, owns an insurance agency in Northville and was formerly owner and operator of Northville Hardware.

Clark replaces Mrs. Mollie Lawrence who is retiring after 17 years as supervisor.

The other newcomer to the township board is Mrs. Marguerite (Rita) Northup who was elected to the seat of the retiring clerk, D. J. Stark.

Trustee R. D. Merriam joined Terrill as an elected incumbent. Trustee Alex Lawrence, fifth member of the board, was not up for election. The new board members were sworn in Tuesday night following a canvass of the vote.

The election marked the first real work-out for the township's new machines. Two machines were used at each of the two precincts.

Women led the voting with 356 casting ballots compared to 342 men.

### Novi Township Vote Results

Although Oakland county recorded its heaviest spring vote in history, only a handful of Novi electors went to the polls Monday in giving Republicans clean sweep of township and state offices.

Supervisor Frazer Staman was returned to office for the fourth term — along with incumbents Clerk Hadley Bachert, Treasurer Ray Harrison and Trustee Frank Watza.

Other Republicans elected were: John T. Moler, justice of the peace; John Harnden, board of review, and Leon Dechot and Roger Curtis, constables.

Juday topped Harvey Ritchie by 17 votes, 312 to 295. Clayton Myers ran a close fourth with 288 votes.

Top vote-getter was Mayor Allen who defeated Aubrey French, 804 to 207.

Councilman Canterbury ran far ahead of the field of council candidates with 650 votes, more than double his nearest competitor.

Both Canterbury and Juday were elected for four year terms, while the mayor's term is two years.

For Mayor Allen it marked the first time he had been a candidate for the city's top office. He was appointed mayor in April, 1958 after the death of Mayor Claude Ely. Previously, Allen had served as councilman for nine years.

Canterbury will be serving his second term having been elected in 1955 when Northville was incorporated as a city.

Most observers had not given Juday a strong chance for election. He campaigned little and was making his first try for public office. The 40-year-old service station owner received surprising support in precinct one to go along with expected strength in his home precinct, two.

Juday's close edge over Ritchie recalled the 1957 election when Ritchie lost the council race to Ed Welch by 14 votes.

Main and Church streets and has been a Northville resident since 1946. In addition to Allen and Canterbury, he joins Councilmen Earl Reed and Welch on the city council.

He will take office next Monday night replacing John Stubenvoll, retiring councilman.

A total turnout of 1,163 set a record for spring elections in the city. In the April, 1957 election 1,001 votes were cast. Monday's vote represented 62 percent of the total registrations in the city.

### High School Girl Escapes Assault

A 14-year-old Northville high school girl escaped harm Tuesday when threatened by a man carrying a knife in the Detroit Art Institute. The girl was a member of a group of 35 Northville high school art students who were visiting the institute with their teacher, Jack VanHaren, and an assistant practice teacher.

The attacker escaped but was reportedly "known" to institute guards on duty as a "trouble maker".

According to Principal E. V. Ellison, the incident occurred when the girl, new to the Northville system and unacquainted with other students, wandered into one of the art rooms alone. She reported that a colored man approached her and asked her to remove some garments. She began to comply after he displayed a knife.

At this point two other Northville students entered the room and the man fled.

The girl was questioned by Detroit police and escorted home in a private car by VanHaren after other members of the class were returned by bus.

## "Mollie" Ends 24 Years Serving Township

Twenty-four years as a member of the Northville township board came to an end this week for Mrs. Mollie Lawrence.

Saturday afternoon she presided over the annual meeting. Tuesday night, the day after the election, Mrs. Lawrence conducted her last board meeting. At adjournment George Clark was sworn-in as the new township supervisor.

Twenty-four years ago, in 1935, "Mollie" became Northville township's treasurer. In 1942 she was called upon to fill the unexpired term of W. A. Ely, who retired because of ill health. She has been township supervisor ever since.

Naturally, there are many ordeals and triumphs to be remembered by anyone with so long a record of public service. Mollie remembers her introduction to the Wayne county board of supervisors best. That's because she was introduced to the entire session by John C. Lodge.

When Mollie attended her final county supervisors' meeting this month she was given a standing ovation by the entire membership.

There have been many changes in the township government since 1935. And probably the most trying time for Northville's woman supervisor during her long career came last year when the changing times caught up with old appraisals. Like many other communities Northville township underwent the complex chore of re-appraisal and complaints flooded in from nearly all property owners.

Mrs. Lawrence has the highest praise for Wayne county officials who have been "most helpful and

with her daughter in Ann Arbor, Mrs. Jane Baughn and her son in Florida, Sam J. Lawrence. She's admittedly proud of her six grand-

Saturday's annual meeting was perhaps a little more lively than some that Mrs. Lawrence has con-

ducted. With an election scheduled for the following Monday, interest in township government perked up.

Clerk D. J. Stark gave a report of receipts and disbursements for the past year. Township receipts totaled \$48,129.83, while disbursements were \$50,789.91. Cash on hand plus time deposits showed total funds at \$30,393.90.

The board also approved a budget for the new year based upon the same one mill tax rate levied last year.

The budget calls for total administrative expenditures of \$20,150; legislative salaries of \$1,000; fire protection, \$6,000; maintenance and supplies for roads, \$3,000; inspectors' salaries, \$1,900; recreation program, \$3,600; janitor and utilities costs for operation of the township hall, \$1,450; fixed charges (insurance, rent), \$625; total auxiliary services (library, poor relief, drains, etc.) \$6,800; and voting machines, \$3,750.

Some questions arose from the audience at the annual meeting in reference to the township's share of the Northville recreation program.

Director Stan Johnston explained the program was based on participation and that the cost was shared by the city and township. The city's share is \$6,000 and the township's \$3,600, he said.

He pointed out that the program had tripled in the past three years and that he expected an attendance of 1,000 children in this year's recreation program.

END OF ERA — Saturday afternoon Mrs. Mollie Lawrence ruled over her last Northville township annual meeting. For 17 years she has served as township supervisor and prior to appointment to the post she served as township treasurer for seven years. Tuesday night she turned over her gavel to newly elected Supervisor George Clark. Shown above (l. to r.) are: R. D. Merriam, trustee; Treasurer Roy M. Terrill; Mrs. Lawrence; Clerk D. J. Stark, also retiring; and Trustee Alex Lawrence.

## Register Families As Hosts for Foreign Students

The Northville Community Committee for the Youth for Understanding Teen-Age Exchange program this week made applications available to residents interested in becoming host families next year.

Under the program local students are sent abroad to live with an overseas family during summer months and foreign students are received into local homes for the school year.

The host family is responsible only for board and room. Other provision is made for travel and personal expenses during the student's stay.

Spearheaded by its Rotary organization, Northville has participated in this program for eight years. Until now it has remained for large part in the hands of that club.

Efforts are being made this year to encourage broader community participation in the exchange.

Application forms can be obtained from the presidents of local service clubs (Rotary, Optimist, Exchange) or at The Record office.

Deadline for host family applications is May 1.

The bloodmobile will be in Northville May 1st from 2:30 p.m. until 8:30 p.m. at the First Methodist church. For appointments call Mrs. C. Winter, FI-9-2361, or Mrs. A. Carlson, FI-9-1330.

**WELCOME STEINS!** — Believe it or not, Eric and Annie Stein can muster up that sporting smile despite the week's weather which transformed many Northville Heights backyards into mud-plots. Mother and Dad, Mr. and Mrs. William F. Stein say it doesn't bother the kids a bit.

Mr. and Mrs. Stein and children Eric 6, and Anne 4, arrived here the last week in January.

Mr. Stein is employed by the Pure Carbene company as a technical salesman for the division of air reduction.

For recreation Mrs. Stein enjoys quilt embroidery, and Dad and Eric, like outdoor sports like fishing, hunting and baseball.

Mr. Stein is a member of the now-organizing Northville Heights Civic association.

Eric is a kindergarten student at Amerman school.

The Steins say they were attracted to Northville because they like

## Garden Clinic To Be Held Next Tuesday

A garden clinic will be offered to local residents Tuesday, April 14, 8 p.m., free of charge in Plymouth high school.

Under the sponsorship of the Detroit Times and the Michigan State university cooperative extension services of Wayne, Oakland and Macomb counties, similar clinics are being conducted during the early spring throughout these areas.

Members of a clinic panel including Andrew Bertoni of Northville, Guss Krossa and Robert Copelrud of Livonia, Vernon Muller of Plymouth, Mrs. G. Colin Stover of Dearborn and district horticultural agent, Karl D. Bailey will discuss their gardening specialties and answer questions on subjects of lawns, shade-loving plants and hostas; plant propagation, annuals and perennials; flowering trees and shrubs; fruit and fruit growing, respectively.

In addition to the panel, four speakers will discuss the clinic theme "Garden Easily" in separate talks.

P. R. Biebeheimer, Wayne county extension director, will review "Garden Practices Which Help You Garden Easily"; Donald D. Juchartz, Wayne county horticultural agent, "Plants Which Help You Garden Easily"; N. A. ## from the PASTORS STUDY

By the Rev. B. J. Pankow, Pastor  
St. Paul's Lutheran Church of Northville

### "BE NOT FAITHLESS, BUT BELIEVING!"

It was exactly a week after the first Easter Sunday that Jesus appeared the second time to His disciples while they were behind closed doors. His special mission was to remove doubt from the mind of one of the disciples—Thomas.

Thomas had been absent at the first appearance. When the other disciples reported the resurrection of the Lord, Thomas dubiously brushed aside the evidence and persisted: "Except I shall see in His hands the print of His nails, and put my finger into the print of the nails, and thrust my hand into His side, I will not believe."

Many are the doubting Thomases today. They want to be convinced by their own method or not at all. We think of the incredulous rationalists and materialists who are determined to hold their position that only seeing is believing, who maintain that unless something can be placed into the test tubes of their own laboratories and successfully proven by experiments, it cannot be true.

To strengthen the faith of His doubting disciple Jesus appeared again. Using the language of Thomas almost word for word, Jesus invites him to examine and to believe: "Reach hither thy finger, and behold My hands, and reach hither thy hand, and thrust it into My side; and BE NOT FAITHLESS, BUT BELIEVING."

Fully convinced, Thomas exclaimed: "My Lord and My God!" A short and simple confession, but how beautiful. He as much as said: "Thou art My Lord who through Thy death and resurrection didst make me Thine own. Thou art my God who knowest all things, who knowest what I said in blind unbelief, when I doubted Thy resurrection. Forgive me my sin."

For the sake of all who should thereafter come to faith in Christ, the Saviour makes a very significant statement: "Thomas, because thou hast seen Me, thou hast believed. Blessed are they that have not seen and yet have believed."

The chapter in the Bible that contains this account is concluded with the words: "And many other signs truly did Jesus in the presence of His disciples, which are not written in this book. But these are written, that ye might believe that Jesus is the Christ, the Son of God, and that believing ye might have life through His name." (St. John 20:30-31).

What a powerful lesson this is in faith! True faith in Jesus causes doubts to disappear. How, then, can we receive faith? And how can the faith we already have be strengthened? The answer is given in the Bible: "So, then faith cometh by hearing, and hearing by the Word of God." (Romans 10:17).

It is not necessary to have any more basis for our belief than the Holy Scripture. Enough has been written in it to produce faith in our hearts and to give us eternal life. Sufficient miracles have been recorded with all the testimony necessary for their acceptance.

Above all, that miracle of miracles, Christ's resurrection from the dead, is amply accredited. It is prophesied in the Old Testament. It is accurately related by each of the four Evangelists in the New Testament. It is proclaimed in the sermons of the Apostles in the Book of Acts. It is announced in the Epistles and in the Book of Revelation. And this is sufficient proof; for the Word of God is everlastingly true. Jesus said: "Heaven and earth shall pass away; but My words shall not pass away." (St. Luke 21:33).

Yes, "Blessed are they that have not seen and yet have believed!"

## Events Out of the Past

### ONE YEAR AGO . . .

The state highway department was studying the possibility of converting either Beck road or Hagger way road into a north-south expressway that eventually would be part of a beltline route around Detroit.

Three Northville automobile dealers, joining in the metropolitan area's "Buy Now" campaign, launched a combined effort to boost local economy and put "tight money" into circulation.

The American satellite, Explorer II, was seen by at least four Northville residents as it flashed through the skies on its round-the-world trip.

Alert policemen interrupted a robbery at the Northville Kroger store before it was completed.

Scores of Northville high school athletes began working out in preparation for the Mustangs' spring sports schedule, due to get underway in the next two weeks.

### FIVE YEARS AGO . . .

A freak snowstorm dumped an estimated eight inches of the fleecy white stuff on the Northville-Detroit area.

Mrs. R. M. Atchison was elected president of the Woman's club of Northville. Other officers elected: Mrs. E. A. Chapman, vice president; Mrs. Maxwell S. Austin, recording secretary; Mrs. James A. Congo, corresponding secretary, and Mrs. Emmett A. Wirth, treasurer.

Lightning struck the home of Mr. and Mrs. Henry Sauer, 25599 Clark street, Novi. Any damage? You bet! Every window in the house was broken; the light fixtures in every room were smashed; the bedroom wall was pushed out into the living room; the ceiling came tumbling down in the back bedroom; one end of the house was blown out; tile blocks were blown off the bathroom walls; the refrigerator outlet was fused and hurled back of the stove; all other outlets were blown out, and Mr. and Mrs. Sauer were awakened.

**FIFTEEN YEARS AGO . . .**  
A Red Cross blood bank was planned at Novi school for April 17 from 2:30 to 7 p.m. Mrs. Art Trotter had charge of the registrations and the Mothers' club the canteen. Carl Ely, chairman of the victory garden committee in Northville, began to make plans for the allotment of garden plots for those who want them. More than 300 victory gardens were raised in Northville a year earlier.

The regular annual meeting of the voters and officers of the township of Northville was held at the Northville branch of the Wayne county library today.

### TWENTY-FIVE YEAR SAGO . . .

Approximately 150 Democrats and friends attended the political rally at the Northville high school sponsored by the Northwest Wayne county Roosevelt club.

Wilber M. Brucker, former governor, spoke forcefully concerning the "deplorable condition" of state government at the Northville Community Republican banquet.

In spite of deep snow and wintry air, Easter Sunday was the occasion of the usual large attendance at church.

One of the things that voters of Northville township were expected to resolve at the April 2 town meeting: Should the library be made a branch of the Wayne county library system?

Winter gave its last dying sign March 26 when the heaviest snowfall in years came gently but persistently down upon Northville and surrounding territory until it had covered the ground to a depth variously estimated at 12 to 15 inches.

The regular annual meeting of the voters and officers of the township of Northville was held at the Northville branch of the Wayne county library today.

## Mustangs Open Season In 4 Spring-Sport Tilts

With only a few practices under their belts, Northville athletes will launch the 1959 spring sports schedule next week with contests in track, baseball, tennis and golf.

First to face competition this spring will be Coach Merritt F. Meaker's golf team. The linksters will meet Brighton at Brae-Burn, Northville's home course, Monday afternoon.

Candidates for the squad started practice Monday. An elimination round to determine the starters was scheduled yesterday (Wednesday).

Although Meaker is confident that one or two of the newcomers will strengthen his team's league position, he is not overly optimistic. The fact that two veteran players will not be back this year may hurt Northville's chances in the league race, the coach said.

Coach Al Jones still is working hard to fill up several "diamond holes" before his squad opens the league baseball season Tuesday against Willow Run at the Cass Benton park diamond. The game starts at 4 p.m.

Jones, who may build his team around seven veterans, has indicated that several newcomers could earn themselves berths on the starting nine.

Northville is favored to repeat as champions of the southern division of the Wayne-Oakland league. A year ago, the Mustangs took seven of 10 games to capture the division championship.

The Junior Varsity nine will clash with Willow Run's reserve squad

Tuesday on the opponent's diamond. Ed Moran coaches the local team.

A nearly all-new tennis team will represent Northville Thursday here against Bentley on the Cass Benton courts.

Coach Ron Schipper has placed most of his chips on the racket of Dennis Fallon, the team's only varsity letterman. However, seven reserve lettermen are expected to give the squad additional racket strength.

Last year, the Mustangs won their second tennis championship in a row. They won the doubles title and went on to the state tournament before losing.

Northville's track coach, Chuck Yahn, anticipates some tough competition in his team's first meet next Friday at Thurston.

Yahn is hopeful, however, that the first meet will iron out team wrinkles and at the same time uncover some new talents. More than 35 boys are bidding for positions in the various competitive events, the coach said.

Although a host of injuries plagued Northville last season, the Mustangs still managed to place fourth in the league race.

## Grid Stars Tackle Cagers Tomorrow

Terry Barr

Howard Cassidy

Jerry Reichow

Ten professional gridlers turned cagers scored a "touch-back" this week five days before the "big game."

The pre-game break came as Michigan State's Johnny Green announced he will be unable to play with the Optimists' All Stars against the Detroit Lions in tomorrow's cage contest here. Green said he has other commitments.

The MSU senior was recently picked as the most valuable player in the Big Ten conference. His hardwood finesse was expected to smash the Lions' bruising tactics.

Despite the loss, however, the Optimists still are strong. George

Lee of the University of Michigan and Bob Lufts of Ohio Wesleyan knot this strength.

Rounding out the Optimists' team will be Cap Pethers, former Northville high school star and now a stellar performer with Lawrence Tech's team, Benny Palucci of Wayne State, Larry Breenan of Missouri, Pap Patterson and Roger McLean of Northville and Jerry King and Kenny Kismet of Plymouth.

Hoping to crash through the Optimists' lineup will be Hopalong Cassidy, Terry Barr, Joe Schmidt, Darris McCord, Gene Gronin, Jerry Reichow, Stan Campbell, Gary Lowe, Charley Ane and Bob Miller.

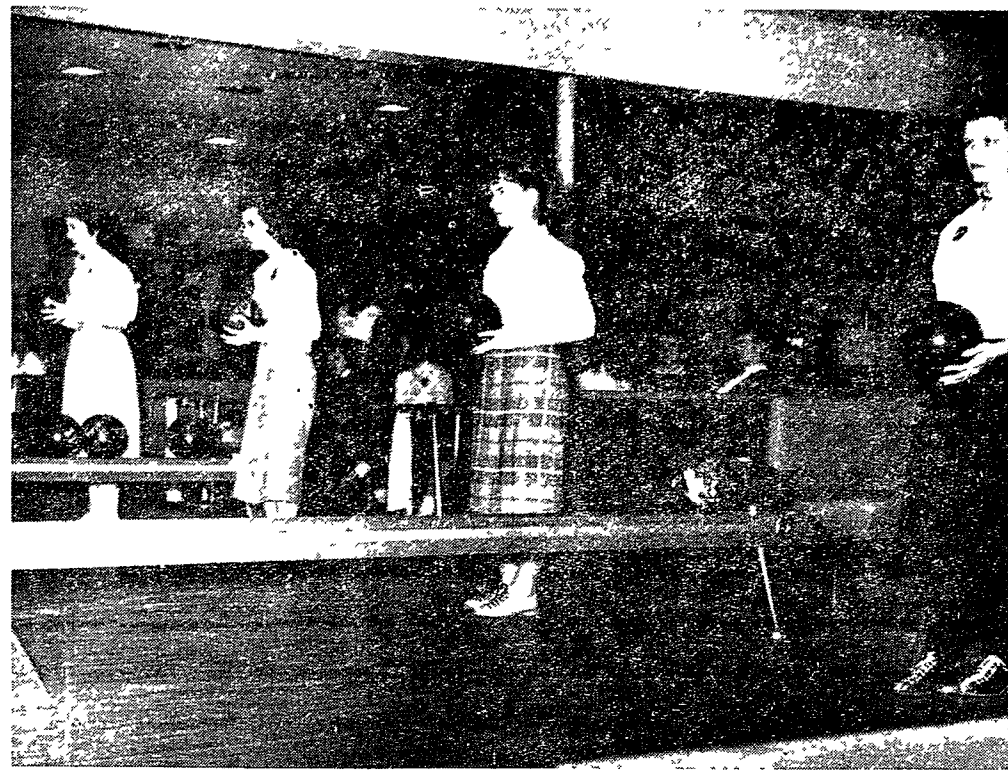

The game will begin at 8 p.m. Admission is \$1.25 for adults and 65 cents for children. William Taft is

chairman of the event for the local Optimists. All proceeds will go to the club's boys' work fund.

## Harbert Wins \$1425 in Masters

A one-under-par 71 on the final round of the Augusta National Masters golf tournament Sunday gave Northville's Chick Harbert a 291 total and a tie for 14th place.

The long-hitting Meadowbrook professional, a former PGA champion, picked up \$1,425 for his efforts. First place went to Art Wall, who finished with 66 Sunday.

**BOWL OFF** — Northville captured high individual honors last week in the GAL bowling tournament as Edith Witt rolled a high of 189 for a 179 average. Another Northville girl, Myrl Douglas, was a member of the team with the highest average — 383. Pictured here during the tournament at Northville Recreation are (l. to r.): Judy Whitlock of Plymouth, Miss Witt and Sharon McKarns, both of Northville, and Linda Whitmore, Plymouth.

## City Recreation Baseball Session Starts Saturday

First practice sessions and organizational meetings for city recreation baseball players in two age groups will take place Saturday morning at Cass Benton park.

Youngsters registered for the 14-15 age group and for the mid-13 and under group—are urged to attend Saturday morning between 9-11:30.

In announcing the practice sessions, City Recreation Director Stan Johnston said he hoped to form two teams in the 14-15 age group.

## Township Holds Brief Meet

In a brief meeting of the old board of supervisors held at the home of Supervisor George Clark, Clerk Mrs. Marguerite (Rita) Northup and Incumbent Trustee R. D. Merriam the Northville township board heard a complaint about the fines on dog licenses Tuesday night.

Herbert Bissa of Napier road pointed out that the fine of \$2.00 for purchasing a license after the

February deadline was 100 percent for female dogs and 200 percent for males. He suggested that persons who come in voluntarily to purchase the licenses should not be fined as heavily as those who avoid purchasing the licenses at all.

Trustee R. D. Merriam and Clerk D. J. Stark explained that the ordinance was standard for all areas and that it had been publicized regularly. Licenses must be purchased in January or February. Merriam pointed out that the ordinance had been in effect for four years. He added that he had forgotten himself and had to pay the fine and felt that it was fair.

Bissa was given some support by Stark who said the fine for those who must be served with a warrant should be heavier. He suggested \$5.

Citizen George Bennett, a veterinarian, pointed out that more important than licensing is to have the dogs vaccinated. He recommended some thought be given to enforcement of vaccinations so that all dogs would receive shots each 12 months, thereby allowing the dog owner to buy a license anytime during the year, whenever the shot was due.

## The 'Only Child' Myth

There seems to be a common notion abroad that an only child in a family has a strike or two against him from the start simply because he is a first child. While, as Dr. Ruth Strang points out in her recent book, "Introduction to Child Study", it is impossible to describe a typical child, most of them have some growing-up conditions which are similar in many respects. And, fortunately, most of these similar conditions are likely to be as good as they are bad.

The only child's constant association with adults more than with children of his own age helps him. Ruth Strang points out in her recent book that he is neglected, or feels he is. He may also resent having to give up the undivided attention which is the heritage of an only child when other children come along and take their share.

Parents have a responsibility to keep the oldest child assured that the coming of other children does not reduce their affection for him. Instead of making the arrival of the second child a source of responsibility and neglect for the oldest child, parents should make him a partner in managing and caring for the newcomer. This is not at all ways easy, especially if the oldest child feels strong resentment against the new member of the family. Parents need to prepare the oldest child for the new family member, to begin early to take him into the new family circle. To make the new child a burden to the oldest child is only to add to a difficult situation in which he is likely to see himself.

One of the most difficult family problems between older children and younger ones is if the younger one threatens to overtake the older by doing better in school, athletics, or in any activity which the family thinks is important. Situations of this kind need to be recognized by parents and passed off as unimportant if they threaten the older child. Certainly comparing the two is never desirable regardless of which one excels.

It should be recognized that competition between two children in the family for attention and position in the family is normal. If parents will look at the relationships between children in the family carefully, they will be convinced that there are more "good" relationships between the oldest child and the others than "bad".

By comparison with a first-born child, however, who is followed by others brothers and sisters, the only child has some distinct disadvantages. There is some evidence, according to Dr. Strang, that the first-born child gets the worst break. He often shows a lack of self confidence, leadership, aggressiveness, and is less able to chart his own course.

## The Value of Warrants

Babson Park, Mass. — I have lately received mail circulars from brokers advising the purchase of Warrants at this time. I am not now enthusiastic about the purchase of any common stocks for immediate profit. Stocks which are being purchased today are being bought largely by pension funds, mutual funds, and insurance companies solely for income. At present prices, in my opinion, they are not for readers of this column.

## What Are Warrants?

A "Warrant" looks like a regular stock certificate; but it is much more important for you to read just what this piece of paper says before you buy it. Warrants are an option to buy a certain number of shares of a stock at a fixed price within a certain time. If this price is less than the present quoted value of the stock, it is easy to figure the value of the Option Warrant. If, however, the price of the stock is less than that of the Option Warrant, the option has no value except as a gamble that some day before the Option Warrant expires the price of the stock will rise to a figure above the option price.

From the above you can see that Warrants carry no interest or dividends. Thus Warrants should never be bought for income; they provide no income. Furthermore, Warrants usually have an expiration date, when they become absolutely valueless for all purposes. Many stocks during a depression sell at very low figures. General Electric has sold at 2 7/8 (adjusted); General Motors at 1 1/4; and some good stocks now selling at high prices once sold for one dollar or less per share — but they had no expiration dates.

## Warrants Vs. Cheap Stocks

Only bankruptcy and reorganization could wipe these stocks out completely. Furthermore, in most cases, stockholders had an opportunity to put up a little more money and those stockholders who did were given new shares, some of which have since become very valuable. Northern Pacific Railway common stock is one of these. It has sold as high as \$1,000 per share and as low as 1 7/8 (adjusted basis). It now sells at about 51 and, in my humble opinion, is one of the best inflation hedges on the New York Stock Exchange.

It is my belief that a great majority of the Warrants which have been issued in recent years are of little real value today. On the other hand, some of those issued years ago have become very valuable. Brokers who are now recommending Warrants use the following few lucky ones as examples — (1) \$1,000 invested in Richfield Oil Warrants in 1942 grew to \$44,000 in less than four years. This was due to an unexpected discovery of oil. (2) \$1,000 invested in United Corporation Warrants in 1944 grew to \$83,000 in 1946. (3) \$1,000 invested in R.K.O. Warrants in 1942 grew to \$208,000 by 1946. (4) \$1,000 invested in Tri-Continental Warrants in 1942 soared to \$170,000 by 1946. These

last Tri-Continental Warrants are perpetual — that is, they don't expire. These I shall recommend to readers to buy when the stock market takes its big dip. The other three above-noted Warrants have expired so that those "sleeping estates" with no investment advisor to watch over their securities lost all the possible profits mentioned above. I also want readers to know that the United Corporation Warrants were cancelled arbitrarily by the S.E.C. before they matured — although they were supposed to be "perpetual". This scares me somewhat about the perpetual Tri-Continental Warrants, which will otherwise have tremendous profit potential when the stock market is at its low.

## Should Charitable Institutions Buy Warrants?

I surely would not want any church, or hospital, or individual to put all its funds in Warrants or in any one stock; but even a church would be justified in placing 5 percent of its funds in Tri-Continental Warrants, buying them at the right time. (1) The assets of the Tri-Continental Corporation consist of high-grade, well diversified listed stocks of large successful corporations. (2) Its portfolio is excellently managed, with a very able board of directors. (3) Because of its type of operations, it is exceptionally free from direct labor troubles. (4) The leverage of these Warrants is tremendous, enabling an investment committee with courage to make large sums with very little risk.

To accomplish same, an investment committee should trustee a certain sum of \$10,000 or more — non-revocably to be used to buy Tri-Continental Warrants, starting to invest 20 percent of the Fund at \$10 per Warrant and then investing 20 percent more on every point of decline. This will be when business is very poor and almost everyone is bearish. No sane investment committee would then normally feel like buying Warrants at any price. Hence, to make this plan work, the money must NOW be placed in a non-revocable trust, to be invested at that time. This is absolutely essential. The Charitable Corporation should, in the original non-revocable Trust Agreement, also NOW order the Trustee to begin to sell 20 percent when Tri-Continental stock is selling at \$30 and then sell 20% more at every one point of further advance. I BELIEVE THIS IS A SURE WAY FOR A CHARITABLE INSTITUTION OR INDIVIDUAL TO SAFELY MAKE A HANDSOME PROFIT. EITHER TRI-CONTINENTAL WARRANTS OR THE STOCK COULD BE BOUGHT FOR SUCH A PURPOSE IN SUCH A WAY.

## State Industrial Future is Bright

INDUSTRY is booming in Michigan.

The "state with the problems of economic climate" was ranked fourth in industrial plant growth during the past year and the future looks even brighter.

Consumers Power company is planning a \$100,000,000 electric generating plant on Lake Michigan at the mouth of the Big Pigeon river, 30 miles west of Grand Rapids.

It required a special act of the Michigan legislature to give the company use of state-owned submerged lands.

The bill would authorize the state conservation department to grant an easement over 63 acres of submerged Lake Michigan land in Port Sheldon township, Ottawa county.

President Dan E. Karn said the new plant would serve Grand Rapids, Muskegon, Kalamazoo and the other communities in the 61-county area supplied with electricity by the company.

Coal to fuel the plant will be delivered by lake boats.

"We are now in the preliminary construction work on the side and hope to begin construction of breakwaters and a deep ship and water intake channel by the summer of 1960," he said.

"Actual plant construction will begin this summer, with the first unit, of 265,000-kilowatt capacity, scheduled to begin operation in 1962."

The submerged land is shallow rivermouth area and because of the shallowness of the water, it is navigable only by small crafts.

The company's petition to the legislature promises that the general public will be able to use the breakwater for a harbor of refuge.

DEMOCRATS in Michigan are promoting Governor G. Mennen Williams as a presidential candidate in 1960 but are getting little cooperation from the nation's pollsters.

It poses the question of what Williams intends to do following his present term, which will give him 12 years in the executive office. Consider these:

1. Mrs. Williams, traveling around the world for the United Nations'

World Health Organization (WHO) said in Tokyo that her husband has "had enough" and will not run for governor again.

2. Michigan Democratic leaders were upset when a Chicago political writer took a poll of 1956 convention delegates without mentioning Williams.

3. The palace guard in Lansing is running for the governor's office. There are Secretary of State James M. Hare, Treasurer Sanford A. Brown and Lt. Gov. John B. Swainson. Supreme Court Justice George Edwards is also mentioned as a candidate.

4. Williams, himself, is non-committal, but his close colleagues consider this is his last term.

If Williams holds true to form, no one will know for certain until the last minute.

MICHIGAN'S MOST IMPORTANT industry — automobiles — is working toward a record sales year.

Some of the industry's spokesmen are predicting a 6,000-unit year, despite the competition from foreign cars, which one researcher claims are making a hit for their "snob appeal".

UNIVERSITY FACULTIES are getting worried about finance, both long and short range.

They are fretting that, even if their administrators receive the hoped-for appropriations, that other pressing needs will stand in the way of salary increases they consider long overdue.

NEWS FROM THE  
AMERICAN  
LEGION

POST 147  
REX HOLLOMAN — REPORTER

Senator George A. Smathers of Florida has introduced SB-105 to implement a major American Legion child welfare objective in the present session of the Congress. It would establish a Veterans' Children Scholarship program to be financed from the earnings of the investment of \$100,000,000 of enemy alien properties now held by the U.S. Government.

Approximately \$600,000,000 of such enemy alien assets are still held by our government.

It is estimated the earnings from such a \$100,000,000 investment would provide 2,000 scholarships annually for students interested in pursuing career training in science, technology and engineering as well as preparation for teaching in these fields.

Senate Bill 105 provides that the National Science Foundation would administer the scholarship plan. The award of such scholarships would be based on the student's demonstrated ability in these areas with priority in awards given to children of veterans of World War I and II and the Korean war.

## READERS SPEAK:

### Time for Novi To Become City

To the Editor:

Now that the election is over and the candidates of your choice have been elected let us now proceed along with the next important problem that has been tucked away in the closet—(Shall Novi remain as a Village?) Let it be understood that I never did favor village incorporation, but since it was incorporated we should now without delay move toward city status.

We are faced with an unhealthy situation, and that is operating under two governments — village and township, a dual tax system.

At our annual meet of April 4, it was brought out by Councilman Button, when township salaries were discussed, that the solution to our problem is to incorporate as a city. This would do away with the township government and dual taxation.

I agree with Mr. Button. I too cannot see the advantage of two governments. For example, the township clerk receives \$3,000 per year as a part time clerk, and the village clerk who performs 90 percent of the work and is on a five and half-day week receives only \$2,400 per year. The supervisor receives \$6,600 along with his village duties plus fringe benefits per year, and the village manager only receives \$6,000 per year. You can readily see the discrepancy that prevails.

No, we should not hesitate but move swiftly toward city status. Herbert Koester

### WCS to Meet Tuesday

## City to Observe Library Week

Chief Librarian Mrs. Rhea Wilcox issued a special invitation to local residents to visit the Northville library during National Library Week being celebrated April 12-18.

This second, greatly expanded national reading program, is aimed at reinforcing the interest generated by the first celebration of NLW in March 1958.

With the theme, "Wake Up and Read!" communities across the country will unite during this time to encourage national reading.

Sponsored by the National Book Committee, Inc., in cooperation with the American Library association, the first NLW was observed by more than 5,000 communities and resulted locally in: new library circulation records, gains in registrations, increased library appropriations and increased reading.

Last year national magazines covered NLW in 22 articles reaching 68,000,000 people; 14 radio and television network shows reached another 170,000,000 homes; more than \$800,000 in spot time was donated by broadcasters; and newsstands published 11,607 major stories about it within a three-week period.

## Obituary

### FRANK C. SKELLY

Funeral services were held April 4 from the Dempsey B. Ebert Funeral home for Frank C. Skelly of Clearwater, Florida, the father of Northville resident Mrs. Milo Dugan, 52372 West Eight Mile, Northville. Mr. Skelly, who had been living with his daughter for the past week while undergoing treatment at the VA hospital in Ann Arbor, passed away April 1. He was born April 20, 1875 in New Franklin, Pennsylvania, the son of George and Elizabeth Shull. He is survived by his wife, Clara M., whom he married May 20, 1902 in Carey, Ohio; and by his daughter, Mrs. Dugan. Mr. Skelly had lived in Pontiac until his retirement and had made his home in Clearwater for the past 19 years. He had been employed as a tool maker and musician. He was a member of the First Methodist church in Clearwater and was a veteran of the Spanish American war. The Rev. John O. Taxis officiated at the last rites. Burial was in Evergreen cemetery.

### MRS. MARION SACKETT

Former Northville resident Mrs. Marion Sackett of Rogers, Arkansas passed away suddenly at Rogers Memorial hospital April 1. Mrs. Sackett, 44, was born June 8, 1915 in Detroit, the daughter of Michael and Mary Ann Kilinski. She is survived by her father; by a daughter; Miss Marilyn Sackett of Northville; sons, Edward, of Northville, and Bill, of Rogers; sisters, Miss Martha Kilinski and Mrs. Bernice Kanka of Plymouth; brothers, Walter and Louis of Plymouth; a brother, Edward, of Kewadin, Michigan, and two grandchildren. Her husband, Owen, preceded her in death in 1952. Mrs. Sackett had lived at her Butler address here for 22 years, and moved to Arkansas at the time of the transfer of the Daisy air rifle company, where she had been employed. She was a member of the Presbyterian church in Rogers. Funeral services were held April 6 from the Casterline Funeral home, the Rev. John O. Taxis officiating. Burial was in Bell Branch cemetery, Redford.

## THANK YOU

I want to thank the Northville voters who elected me as their city councilman.

I will do my best to repay this confidence with a good job on the council.

Richard Juday

## 14 Northville Boys Chosen to Attend Boys' State in June

Fourteen Northville high school boys will join with candidates from throughout Michigan, June 18-25, in one of the biggest governmental pow-wows ever staged in the state capital.

Selected to attend the Wolverine Boys' State by high school classmates, the boys will put into practice the political and governmental theories they have learned in school.

The boys and their sponsors are:

Michael Janchick, Masonic Lodge 186; David Hay, Ford Local 896 UAW-CIO; Roger Atchinson, Northville Exchange club; Crispin Hammond, P-TA; Dean Herman, Northville Optimists; Michael Baggot, Catholic Men's club; Robert Stuber, Northville Rotary; Dave Stillson, and Jon Batzer, Lloyd H. Green American Legion Post 147; Ray Dahl, Methodist Men's club; Robert Hilton, Northville Junior Chamber of Commerce; David LaFond, Novi Farm Bureau; Thomas Darling, Novi township; and William Trotter, Novi Chamber of Commerce.

Cost of sponsoring each boy is \$46—not including transportation expenses.

Boys' State was originally and is primarily an American Legion sponsored program—but all patriotic and civic organizations interested in a better citizenry are invited to cooperate.

The 22nd annual assembly will be held on the Michigan State university campus. Program activities will include: City conventions with nominations and elections for city offices; state conventions—with posters, banners, speeches and group meetings, and the state elections—with use of voting machines.

Highlighting the event will be the inauguration and swearing-in of the Governor of Boys' State by a prominent state official.

Once elected, the Boy Governor, with the approval and consent of the Boys' State Senate, will make appointments to fill the various appointive positions throughout the Boys' State. The positions correspond as nearly as possible to Michigan's governmental set-up.

The selection and assignment of these boys is in no way connected with existing political parties in Michigan. The political parties in Boys' State are purely mythical—the "Federalists" and the "Nationalists". None of the principles of existing parties are allowed to be adopted.

I wish to thank the voters who supported me for election to the city council and at the same time urge all Northville citizens to take an interest in our city government so that we may have a better community for all.

ALFRED SMITH, SR.

## SAILORS PAY TO CURSE

A novel attempt to curb habitual cursing among sailors aboard the Apollo was revealed by the Royal Navy chaplain. They fastened a box on the mess desk with a sign attached to it:

You said a naughty word.  
You are sorry for what you have done,  
So pay your fine.  
For mild and sissy swear words — One penny.  
Out and out cuss words — Two pence.  
The kind that curdles milk — Three pence.  
The kind that kills termites — Six pence.

The chaplain might have experienced better results if he had attached the Commandments instead of the humorous inscription to the box. Cursing is no joke before the Holy God. He says, "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh His name in vain." (Exodus 20:7). Surely it will take more than six pence to square such behaviour with God. The penalty attached to such sin is death. In Leviticus 24:10-23, we read of the penalty being administered. Even though we are living in the "Age of Grace" during which the penalty of the law is not carried out, yet such sin is charged against the sinner for judgment. Only repentance and faith in Christ can absolve the blasphemer.
