

New Curbs, Walks, Flowering Crabs Brighten City

CURB PROJECT — Oakland county road commission crews began work this week to install new curbs on Main and Center streets. The city's badly damaged curbs will be replaced on Main street from the spring to Rogers and on Center street from Cady to Baseline. Damaged curbs will also be replaced on Rogers from Main to Seven Mile road.

Council Sets May 4 Cady Street Hearing

The controversial Cady street rezoning request made its first appearance before the city council Monday night. And if first reactions are any indication of things to come, the proposal may have more bumpy sessions ahead.

A public hearing will be held by the council on May 4.

The amendment came to the council after several weeks' study by the planning commission. The planners recommended rezoning the first four lots east of Center street on the north side of Cady from R-3 (residential) to C-2 (commercial) for the proposed construction of an A&P supermarket.

The planners — in order to meet some objections raised by residents of the area — included three conditions to the amendment:

- 1) That all buildings erected upon the lots be set back a minimum of 15 feet from the lot line;
- 2) That site and land use plans must be approved by the planning commission before issuance of a building permit;
- 3) That all building walls — which face on Cady street shall be of face brick or equivalent.

Before calling for a public hearing on the issue the city council added another stipulation — that the plans must also come before the city council before a building permit is issued.

Under the proposed supermarket plan the store would face north on the parking-alley area between Main and Cady streets. As a part of the project, a municipal parking lot would be created on Main street between Mainville Drugs and Northville Realty.

Monday night the measure was received by Councilman Ed Welch and Mayor A. Malcolm Allen with statements that they would like to see complete plans before making any decision. Councilman Welch pointed out that he was "not against progress, but I believe we should take a long look at the plans before making any decision."

Mayor Allen agreed. "I'd like to see a complete set of plans — this will be changing an alley to a street and creating traffic hazards at Center street. It's a real knotty problem, and streets, parking, ingress and egress are council responsibilities," the mayor pointed out. He also stated that he believed the council should also have the right to check final plans.

The mayor further pointed out that the time is coming near when the Hills' building will be torn down (May 15) and that the merchants have not yet paid their share of this project. He pointed out that this had a relation to the supermarket proposal because merchants have said they will pay half of the cost of developing the proposed Main street parking area between Mainville's and Northville Realty.

Discussion of the matter ended and a public hearing date set after Councilman John Canterbury made a strong appeal for action.

"We've had more information on this than any other zoning matter ever to come before us," he pointed out. "Let's not debate now, let's take initial action," Canterbury said.

In answer to the mayor's suggestion that the council should check the final plans Councilman Canterbury pointed out that normally no one but the building inspector does this. "But, as an added precaution, the planning commission has also asked to examine the plans," he added, indicating that this would seem sufficient.

"I'm willing to include this new stipulation, but I don't believe we should delay action on the public hearing. Nine men have had many meetings and gone into this thoroughly — I don't think it's right to say that their work and the sug-

gestions of their consultant can't be accepted."

Before making his motion for a public hearing Canterbury suggested that a special meeting be called April 27 with planners, builders and all interested parties so that councilmen with questions could get answers before the May 4 public hearing.

Councilman Earl Reed seconded the motion.

Okay Basic Plans For Junior High

The Northville board of education approved revised basic plans for remodeling of the junior high building at a special meeting with Eberle Smith Associates last week.

Original layouts have undergone some major changes in order to comply with recommendations of the state fire marshal.

Architects are now preparing specifications for bids.

Due to a postponement of their inspection tour of the new high school campus last Thursday, board members were still unable to offer an estimate on when the new building will be ready for occupancy.

Unexpected all-around delays affecting remodeling of the junior high, this week brought Board President Nelson Schrader to speculate that parts of that building might not be ready for September as hoped. He added that the board has done its best to make use of changes in the planning schedule.

Stop Building Permits In Northville Heights

The issuance of any new building permits to contractors in Northville Heights subdivision was stopped last week by City Manager John Robertson.

The action came about as the result of flooded basements in the Horton-Baseline area. Robertson stated that the flooding occurred because water was draining into the sanitary sewers in basements of homes under construction in Northville Heights. He said he had warned the builders against allowing this to occur.

VETERAN BLOOD DONOR — Sergeant Gil Glasson of the Northville police department signs up again for the Northville Red Cross Blood Bank to be held May 1 at the Methodist church. Co-chairman Mrs. Robert Dixon takes his application. Glasson has donated every year.

Northville seems headed for a general face-lifting. And, to the gratification of Councilman Ed Welch, the "epidemic" promises to come right along with the annual "Beautify Northville" campaign, which he will chairman this year.

While Oakland county is busy repairing the city's badly deteriorated curbs on Center, Main and Rogers streets, the city council thought it would be a good idea if property owners in the business district would repair their sidewalks.

So, Councilman Welch was appointed to test out the merchants' reaction at a meeting of the group held Tuesday night.

Welch was overwhelmed by the response. A committee was appointed immediately to get the job done. Now the council is hoping that many residents will take the cue and repair their own walks. At the same time, the city is preparing to launch an improvement program on sidewalks of its own.

Repair of walks — unless destroyed by uprooted trees or public utility installations — is the responsibility of property owners.

The city's sidewalk program was boosted with the news that Michigan Bell Telephone company and Detroit Edison have agreed to replace certain walks. Edison will repair walks

around utility poles in the business district that have not held up since installation about two years ago. Michigan Bell, too, has promised to replace walks it installed on Main street between Griswold and Hutton several years ago.

More beautification looms ahead with the adoption by the council Monday night of the "flowering crab" as the official tree of the city. Mrs. Arthur Carlson and John Miller suggested the choice to the council as part of the approaching clean-up drive. Miller, owner of Green Ridge Nursery, has agreed to obtain a large order of the small trees. He described the trees as beautiful, hearty, easy-growing and reasonable.

HONOR STUDENTS—These 10 Northville high school students were inducted into the National Honors Society last week on the basis of their outstanding contributions to the school in leadership, scholarship and character. They are (top to bottom): Mike Adas, David Hay, David Chapman, Richard Grieger, Fred Steeper, Carol Janetzke, Laura Darnell, Diane Luchtman, Suzanne Maidment and Sherrill Louton.

Polio Clinic Here Tuesday

The third in a series of three polio vaccine clinics will be conducted in Northville next Tuesday from 6:00 to 8:30 p.m. at the community building.

The program to immunize everyone — children and adults alike — began last October under sponsorship of the Wayne county health department.

Two clinics in October met with outstanding success in Northville as 1384 adults and children received shots. The clinics were given the full cooperation of local civic organizations, especially the P-TA and coordinating council.

Doctors of the area donated their time and services to the clinics that saw hundreds of persons line up to receive the Salk vaccine at \$1.00 per shot.

Wayne county health officials warn that the hope of ending polio will be realized only when every-

one gets three properly spaced shots of Salk vaccine.

Confronted by an epidemic last year, Wayne county residents were given the opportunity of having two injections to start the protection. The third round will now be given in numerous locations throughout the county. The charge will again be \$1.00.

Officials point out that, while the clinics are being set up primarily to give the third inoculation, anyone may get his first or second shot and then follow up a month later by going to his doctor's office for the second.

Last year's polio epidemic proved that two injections of Salk vaccine offer fairly good immunity against paralytic polio but it has also been proved that the third dose of the vaccine raises the immunity many times beyond that obtained by the first two.

Wayne county health officials issue these warnings as incentive for everyone to get their shots:

— Nearly five times as much crippling polio occurred in Michigan last year as in 1957;

— Already there have been three cases and one death from polio in

Wayne county since January, 1959;

— A recent survey made in five typical Wayne county high schools revealed that approximately 50 percent of the students who returned their questionnaires did not have complete protection.

Lutheran School Ground-Breaking Scheduled Sunday

Groundbreaking ceremonies for St. Paul's Lutheran Christian Day school will be held this Sunday the Rev. B. J. Pankow announced this week.

Building contract for the \$46,000 school scheduled to open in September was awarded recently to low bidders Gordon B. Hall and Sons of Detroit.

The two-level structure, planned to serve first to eighth grade students, will be built on the sloping ground adjoining a wooded playground area south of the church parking lot.

Both levels will have ground exits and together contain two classrooms, a principal's office, library and a large all-purpose room.

Beginning at 10 a.m., the ground-breaking will take about 15 minutes. Those who come to the 8 a.m. service will be asked to stay for the special ceremony, and 10:30 worshippers are asked to come early.

Sunday school will also recess early to permit the children to attend.

Upper and lower divisions of the children's choir will sing the anthem "Beautiful Savior" by Seiss. The first spadefuls of ground will be turned over by the pastor and members of the building committee, who have guided planning of the school for the past three years.

The new building will serve Sunday school as well as daily elementary classes. Applications for enrollment are already being received.

Tuition for children of non-church members will be a minimum \$150 per child a year, Rev. Pankow said. Principal of the new school will be Harold R. Kenow, presently a teacher in the Farmington Lutheran school.

High Court Decides City's Boundaries

To Pick New Chief Next Monday Night

Next Monday night city councilmen will probably announce their choice for police chief to replace Joseph Denton, who will retire in May.

Three officers — Eugene King, Leonard Mazuchowski and Ray Nowicki — took final oral exams today. City Manager John Robertson said he will make his recommendation to the council after studying the results of the written and oral tests.

Thursday's oral examination was conducted by Casper Enkemann, chief of police of the city of Ann Arbor, and Glenford Leonard, director of public safety of Oak Park.

Only members of the present Northville police force were permitted to apply for the chief's post.

In other business Monday night the council re-named Councilman John S. Canterbury as mayor pro tem Canterbury, Mayor A. Malcolm Allen and Councilman Richard Juday were sworn in Monday night by Clerk Mary Alexander before the official meeting began.

The council heard a report from the city manager regarding the increase in sewer rates by Wayne county. Manager Robertson explained that several heavily-populated communities are objecting to the boost because the money will be used to build more sewer facilities. These communities are already completely developed and therefore oppose helping to pay for sewer facilities for areas still growing.

On a motion by Councilman John Canterbury the council adopted a resolution to send a letter to the Michigan Public Service commission concerning the proposed Michigan Bell Telephone rate increase. The resolution will not oppose the hike, but point out that Northville was one of the communities receiving a large increase the last time rates were boosted. The commission will

be asked to consider the formula used in selecting new rates so that communities increased from 25 to 30 percent above others last time will not be penalized again.

The council unanimously approved the advertising of bids for development of the new Novi well site. The project, estimated at \$25,000, will be paid from a \$300,000 water improvement bond issue if the once-defeated measure passes on May 18. Otherwise, councilmen noted, money for the project would have to be provided in the 1959-60 budget.

The city manager reported that

Joe Denton Park

The kids that Northville's retiring police chief, Joe Denton, loves so much will have a park to play in named in his honor.

The proposal was made Monday night by Councilman John S. Canterbury and passed by the council. It follows:

Be it resolved that the Council of the City of Northville on behalf of the citizens of Northville is desirous of recognizing the meritorious service of Police Chief Joseph E. Denton and particularly to commend his outstanding contribution to the betterment of the youth of this community. Be it therefore resolved that in honor of Chief Denton the city owned land located at the juncture of Eaton Drive and Fairbrook Street shall henceforth be named and known as the Joe Denton Park.

Be it further resolved that the City shall, in cooperation with any suitable organizations which so desire, take appropriate steps to landscape, beautify and dedicate the Joe Denton Park.

Michigan's highest court heard oral arguments from attorneys representing the city of Northville and Warren Products yesterday.

The conclusions the supreme court judges draw should settle once and for all whether some 220 acres in the extreme northeast corner of the city is rightfully in Northville or Novi.

City Attorney Philip Ogilvie said he expected a decision from the court "very soon."

If this is so, it will finally mark the end of a tussle between Warren Products and Novi and the city of Northville that began in 1956.

Court troubles with Warren Products began when the original annexation of 220 acres of Novi township (including the Warren plant) took place. The firm won a reversal of the action in the Oakland county circuit court when vote fraud was claimed in the election.

The area was again annexed to Northville in November, 1957 and the action upheld in circuit court when Warren brought a suit claiming the law governing such annexations had been misinterpreted.

Warren officials declined to accept the lower court decision, however, and now seek the supreme court opinion on the validity of the law under which the area was annexed to Northville. In its supreme court appeal action Warren Products is receiving assistance in the amount of \$500 from Novi township.

Specifically, Warren officials have maintained that because the entire area of the township is affected by the loss of valuation when part of its area is annexed that all residents of the township should be allowed to vote.

In the November, 1957 election Northville voted for the annexation 159 to 32. Residents in the area to be annexed supported the action nine to five.

In addition to Warren Products the area includes Northville Lumber & Coal and the D & R Building company's fast-growing 200-home subdivision Yerkes Estates.

GOODBYE AGAIN — Councilman John Stubenvoll bade farewell for the second time in two years Monday night as he relinquished his spot on the city council to Richard Juday. Stubenvoll had retired from the council two years ago only to be asked to return for another year when Mayor Claude Ely died suddenly last April. Stubenvoll has served as a councilman for 12 years. He had some parting advice for his fellow councilmen. Referring to personal differences that have arisen on the council, Stubenvoll called for more harmony and unity. "Honest differences of opinion are healthy, but don't allow the council to become so divided that it is detrimental to the welfare of our community," he warned.

G. Rambeau Takes Bride In Utica Ceremony Friday

Mary Katherine Hawes, daughter of Mrs. Glenn Williams and the late Mr. Hawes of Utica was married Friday to George L. M. Rambeau, son of Mr. and Mrs. Lawrence D. Rambeau of East Eight Mile road. The Rev. G. MacDonald performed the ceremony in the Utica Methodist church. Escorted to the altar by her brother, William, the bride wore a long sleeved gown of white peau de soie trimmed with seed pearls and fashioned with a full skirt and fitted bodice. Her tulle veil was attached to a crown of seed pearls. She carried a bouquet of orchids and freesias. Agnes Hawes was maid of honor for her sister. Best man was James M. Rambeau. The groom is an alumnus of Kenyon college and the University of Michigan and a member of Phi Kappa Sigma fraternity. He is now with Dun and Bradstreet in Detroit. Upon returning from their wedding trip the new Mr. and Mrs. Rambeau will make their home in Fair Haven, Michigan.

Betty Lipke Weds Elmer Wereb, Jr. In Walled Lake Methodist Church

The Rev. John Mulder, pastor of the Walled Lake Methodist church, performed the evening ceremony uniting Betty Lipke and Seaman Elmer Wereb, Jr. in marriage on March 4.

Betty is the daughter of Mr. and Mrs. Morey Lipke of Walled Lake. Parents of the groom are Mr. and Mrs. Elmer Wereb, Sr. of Livonia.

The bride wore a floor length gown of embroidered nylon tulle over a bodice featuring a scalloped neckline and overskirt of nylon tulle. A tiara of seed pearls caught her fingertip veil of silk illusion. She carried a bouquet of white carnations and orchids.

Maid of honor was Lorraine Reaume of Livonia, wearing a gown of pink silk organza over pink taffeta and carrying a nosegay of pink and white carnations.

Other attendants were Ruth McClure of Walled Lake, Marion Dailley of Farmington and Sandra Minnick of Bloomfield Hills, all cousins of the bride.

They donned gowns of aqua silk organza over aqua taffeta and carried white and orchid nosegays.

Edward Konkright of Livonia served as best man. Seating the guests were Morey Lipke, Jr., brother of the bride; Carl Stilson of Ecorse and Scott Sinclair of Livonia.

Sam Prisk of Livonia sang "I Love You Truly" and "The Lord's Prayer."

For her daughter's wedding Mrs. Lipke chose an aqua sheath dress with white accessories. Mrs. Wereb selected a black and white silk print dress with white accessories. Both mothers had corsages of white carnations and pink rose buds.

A reception for 150 guests was held at Atkins hall after the service. Both bride and groom attended Clarenceville high school.

They will make their home in California where the bridegroom is stationed with the navy.

Lyon Schools Try For Mill Hike Again

This Saturday school district of the Lyon township school district will get a second chance to approve a three-year 4 mill school tax increase.

The proposed increase for operating expenses failed by less than 50 votes in the March 7 election — the first request for a voted increase in general funds ever issued by the school.

Even with success of the second election, district schools will have to pare operating expenditures to the bone.

With failure, the board of education has considered resorting to half-day sessions for elementary school students, or elimination of special subjects such as shop, music and home economics in order to balance the 1959 budget.

Until now district schools have relied only on county allocations for general funds, and for years, been operating at a deficit.

The school district serves South Lyon, New Hudson and Salem.

Wixom PTA to Hold Election of Officers

The next meeting of the Wixom P-T-A will be Thursday, April 23. Parents are invited to visit each room before the meeting as the kindergarten through sixth grades will have an art display.

At the meeting election of officers for the coming year will take place. An interesting film will be shown before the usual coffee time.

The large audience at Wixom school April 7 had nothing but wonder and admiration at the production by fourth, fifth and sixth grades of their operetta, "Molly, Be Jolly". The plot had to do with children on a farm putting on a circus to entertain their bored city friend. Circus acts, dancing, band, chorus, and mistaken identities added to the fun.

The director was Miss Marilyn Kurtz; assistant director, Miss Ethel Mugler; musical director, Miss Rebecca Balz; stage scenery, Mrs. Maud Sharp and Miss Helen Dewey, and costumes, Mrs. Ila Henry. The authentic appearing scenery was made by the sixth graders.

Wants Surplus Food For Homesteaders

Free surplus food for Alaskan homesteaders was sought today in a bill introduced by Congressman William S. Broomfield (R-Oakland county).

Broomfield proposed the new bill as a spur to new settlers in Alaska. He said present high costs in the new state make settlement by many families "prohibitive".

"We have billions of dollars of surplus food just rotting in Federal warehouses," said Broomfield. "We might as well see to it that at least part of that food is put to good use in helping settle our new state of Alaska."

Broomfield said that "all Alaska lacks is more people" to help realize the vast potential in minerals, industry, logging, business and agriculture.

To Pick New Chief

(Continued)

the Wayne county road commission indicated it would accept some 65 acres belonging to Gerald Taft in the extreme northwest section of the city into the sewer district. Presumably, this will open the way for Taft to continue plans for a subdivision on land in the area. The city attorney has been instructed to work out a special assessment ordinance to provide for financing of the sewer project.

The council indicated it will give strong consideration to leasing out the collection of rubbish to the same firm now collecting garbage. If so, collections of rubbish would be made once a week, instead of every two weeks.

In final business the council decided to delay a settlement with the D&R Building company until the city attorney determines city responsibility in joint street improvement with D&R.

Novi Highlights

Novi Community School

Lynn MacDermid represented the Novi elementary school in the district spelling bee at Milford April 10. Lynn is a member of Mrs. Penhale's sixth grade class.

Mrs. Salow's fifth graders extend happy birthday greetings to Rodger Parks, who had his birthday April 9.

Each member of Mrs. Salow's class write two or more business letters for additional information on the 50 states. Roberta Willacker, Nadine Snyder, Ruth Munro, Sharon Hazelton, Dennis Pierce and Bobby Harrison have received answers.

They also sent a friendly letter to Zeola Neely in University hospital to complete their letter writing unit.

Mrs. Boyd's second grade pupils have been learning about stones from the collections that different ones bring to school. They find there are many questions about their color, layering and textures they hope to learn more about.

Andrew Pantaleo brought a goose egg to school to show the difference in size and weight compared to a hen's egg.

David Kahler's mother, grandmother and cousin visited the second grade room Wednesday. It was David's birthday and he treated his classmates to some birthday cake.

Sharon Smith is the first second grader in Mrs. Boyd's room to have read all the 13 Dalc library books. Several more children are following closely and hope to complete the set before school closes.

NOW IS THE ACCEPTABLE TIME

You perhaps are convinced that there is a hell, and you know that if you were to die suddenly now you would have to be sent there, but perhaps you are also convinced that you will not die for a long time and that just before you do, you will reconcile yourself with your Maker.

In other words, you may be living much as you please, and wherever sin holds out profit or pleasure, you embrace it. But there is plenty of time ahead. You are not going to die for a long time. As death draws nearer, you will wisely withdraw from your serious sins and just before the end you will make a magnificent act of contrition, and so escape eternal punishment.

But your thinking contains filters with flaws in them. Despite your cocksureness, your death might be very sudden and very soon. Also, you are forgetting that you cannot, either now or thirty years from now, make a good act of contrition without God's grace, and the way you are living is lessening by the hour your chances of receiving such a grace from God. You are perhaps making the mistake that so many thousands have made; of failing to see that most men are permitted by God to die pretty much after the pattern in which they have lived. Your promised deathbed conversion is a delusion, a terrible

deception of satan.

It does, of course, make life very sweet, to take whatever you can get out of sin, with the expectation of a last minute reform. But the fact that God refuses to be mocked by people who plan their lives in this way. Neither does He mock the good people who throughout life made many sacrifices and suffered many hardships to avoid hell, by making it very easy for persons like yourself to retreat from the hell your whole life was planned to deserve.

Besides talking about the place where "the worm dieth not, and the fire is never extinguished," Christ made it clear that no man can live constantly as he pleases and in the end cry out "Lord, Lord" and be saved. He said "Be always ready, for you know not the day nor hour." He said that death will come as a thief in the night and blessed is the man who is found watchful and prepared.

You are a wise person if your attitude toward death is based on basic truths. You are serene and happy so long as you can look into your soul and see that the grace of God is there. You are strong and honest and chaste if you meet daily temptations with the thought of death. And you are beyond being frightened by talk of atom bombs and enemy attack so long as you are convinced in conscience that death in any form will be your passport to a life of endless happiness with your God.

Events Out of the Past

ONE YEAR AGO . . .

Plans for a multi-million dollar race track and sports pavilion in Novi were still very much alive. Only a stalemate over sale of the track site has been holding up construction, said B. F. Gregoric, one of the principle backers of the track.

Two high-ranking political leaders addressed a joint meeting of the Northville - Plymouth Democratic club. They were U.S. Congressman Marsha W. Griffiths and State Senator John B. Swainson.

The long-standing Warren Products - Northville annexation suit came nearer settlement last week after a hearing before Judge Clark J. Adams of the Oakland county circuit court.

The suit was brought by Warren after an election in November annexed 22 acres surrounding the Warren plant in Novi township to the city of Northville.

Conversion to dial phones was scheduled for Northville in July.

Becky Coolman of Northville high school, was one of 10 top debaters in the state who competed for a Michigan High School Forensic association scholarship award.

FIVE YEARS AGO . . .
A decision on whether Northville Downs will be permitted to reinstate running races after a lapse of 14 years was expected to be handed down by the state supreme court.

Newly elected directors of the Northville Retail Merchants association: Harry Himmelstein of S. L. Brader company; Essie Nirider of D&C stores and Roy Stone of the Stone's Gamble store.

A full program of spring sports was offered students of Northville high school again.

Northville township closed its 1953-54 fiscal year with a surplus of \$54,048. This represented the difference between the township's total assets of \$112,161 consisting of cash, investments and taxes receivable, and its total liabilities of \$58,113.

The Northville Retail Merchants association voted to poll local stores on whether they will remain open Thursday evenings.

FIFTEEN YEARS AGO . . .
Donna J. Schnute, 11, daughter of Mr. and Mrs. Arthur Schnute, won the local spelling bee contest for the second year in a row.

Three Northville boys left for Fort Sheridan, Illinois after induction into the army. They were William E. Rose, Jr., Robert J. Beasley and Wesley J. Moore.

Newly elected directors of the Northville Rotary club were Rev. H. Fredsell, T. R. Carrington, Luther Lapham, John Boyce, Lynn Sullivan and D. H. Van Hove.

At the special township election called in Novi township to determine the will of the people concerning the levy of an extra tax for recreational and other purposes in the township, the proposition lost 68-53.

Newly elected Northville Woman's club officers: Mrs. W. L. Couse, president; Mrs. Harvey Whipple, vice president; Mrs. Eural Clark, recording secretary; Mrs. Russell Clarke, treasurer; Mrs. Robert Coolman, corresponding secretary.

The People's Choice!

The trucks you see operating over the streets and highways of Michigan are there because the people want the swift, dependable transportation service they provide. People who operate factories, run farms, own retail business - they rely on trucks to stock their enterprises and to ship their finished products. And the people who buy these products - their needs, too, are served for the most part by trucks. It's a service they've grown used to, a service which has become a vital part of the American way of life . . . Yes, motor transport is the people's choice, a service and convenience that serves them night and day!

Northville TB Seal Drive Receives Record \$1,316

Residents of Northville contributed \$1,316 to the 1958 Christmas Seal Sale to fight tuberculosis, according to figures released Wednesday by the Tuberculosis and Health Society.

Of this total \$1,162 was raised through the traditional direct mail

campaign which sends Christmas Seals into the home.

Patients at William Maybury hospital contributed \$89 and Northville school children gave \$65.

This was the largest amount the area has ever given. It points out the fact that local residents are aware of the dangers of tuberculosis to themselves, their families and their community and are willing to do their part toward the defeat of the disease. A total of \$307,000 was contributed to the campaign in Wayne county.

Christmas Seal funds go into the programs of the TB and Health Society and the Detroit Tuberculosis sanatorium. The monies are used to promote the use of the chest X-ray buses which tour the county and to pay for tuberculosis testing teams which go into schools to skin test children for the presence of TB germs.

Educational programs also play a big part in the continued efforts to reduce the number of new TB cases found in Wayne county each year. Approximately 3,000 men, women and children are stricken annually.

Wins More Honors In Big Ten Debate

Lillian Zinnecker, daughter of the Carl Zinnecker of Ridge court, has been picking up more debate honors recently.

During spring vacation the former Northville high school student and University of Michigan freshman, attended the Western Conference Debating League Annual Student Congress at the University of Indiana, along with three other members of the University of Michigan debating team.

Represented in the conference were four delegates from each of the big ten universities who discussed "U.S. Policy Toward the Two Chinas".

Judgments during the conference, which was conducted on a parliamentary model, were made during committee sessions and in joint-house debate.

Leading her university teammates Lillian finished fifth in the top ten awards. Another U-M student finished tenth.

In addition she was chosen to represent her house in the joint session.

Sunday she and other U-M debaters reviewed the conference topic on television channel 10, Ann Arbor.

It is considered a special honor for a freshman to be named to the university team.

Two Local Young Men Awarded MSU Degrees

Two Northville young men were among the 552 students who earned degrees at Michigan State university at the close of the winter term.

Arthur M. Kroeger, son of Elmer P. Kroeger, 45322 Ten Mile road, was awarded a BS degree in law enforcement, and Thomas A. Moshimer, son of Mr. and Mrs. Charles B. Moshimer, 355 East Baseline, was awarded a B.S. degree in physical education.

The university winter term closed March 24.

Begin Memorial Book Program

An honorarium gift book program will be initiated in Northville this week as part of National Library Week. Librarian Mrs. Rhea Wilcox announced today.

The Memorial and Honorarium Book fund — begun at the request of individuals, business firms and clubs — provides a means of honoring living and deceased friends and associates through a gift in their name or on the occasion of a wedding anniversary or birthday.

To make a remembrance, write or telephone the Northville Public Library, 197 South Wing street, or phone FI-9-3020, giving: the name of the person to be remembered or honored by the donation, the name and address of person to be notified of the gift, the name of the individual making the donation.

Names of the person honored and the donor will appear on a book-plate in the book or books donated to the library.

All such gifts are income tax deductible. Printed announcements will be sent to the person to be informed of the gift.

Marine Corps Recruiter Starts Interviews Here

Staff Sergeant Frank J. Moser, traveling Marine recruiter, arrived in Northville Monday to interview local prospects.

Sgt. Moser, who said the Marine Corps is seeking young, ambitious men, will interview candidates at the American Legion hall each Wednesday, 11:30 a.m. to 2 p.m.

St. Mary Guild Plans Card Party

New hair fashions as interpreted by hairstylist Betty Hansen will be modeled by members of the St. Mary hospital Guild at their big April 29 card party to be held at 8 p.m. in Bentley high school gymnasium, Livonia.

Proceeds from ticket sales will benefit the Livonia hospital serving the Northville-Plymouth-Nowi area, which will open soon.

Groups reserving tables may choose their own card game. Co-chairman Marian Johnson announced. Regular and pinochle decks will be furnished by the hostesses.

Tickets can be obtained by calling GA-2-1266 or GA-4-3010. Door and table prizes will be awarded.

SECTION 1. ADOPTION OF BUILDING CODE. (BOCA Code as recommended by Building Officials Conference of America, Inc.)

That certain documents, three (3) copies of which are on file in the office of the City Clerk of the City of Wixom, County of Oakland, State of Michigan, being marked and designated as the "Abridged Building Code", 1955 Edition and the "Basic Building Code", 1955 Edition and "Accumulative Supplement of 1958" thereto, as published by the Building Officials Conference of America, Inc., be and are hereby adopted as the building code of the City of Wixom, in the State of Michigan; for the control of buildings and structures as herein provided; and each and all of the regulations, provisions, penalties, conditions, and terms of the "Abridged Building Code", 1955 Edition and the "Basic Building Code", 1955 Edition and "Accumulative Supplement of 1958" thereto are hereby referred to, adopted and made a part hereof, as is fully set out in this Ordinance, with the additions, insertions, deletions and changes, if any, prescribed in Section 2 of this Ordinance.

SECTION 2. ADDITIONS, INSERTIONS, DELETIONS AND CHANGES.

That Sections 123.3 and 124.2 of the "Basic Building Code", 1955 Edition are revised as follows:

"123.3 — VIOLATION PENALTIES — Any person who shall violate a provision of the Basic Code or shall fail to comply with any of

the requirements thereof or who shall erect, construct, alter or repair a building or structure in violation of an approved plan or directive of the building official, or of a permit or certificate issued under the provisions of the Basic Code, shall be guilty of a misdemeanor, punishable by a fine of not more than one hundred (\$100.00) dollars or by imprisonment not exceeding ninety (90) days, or both such fine and imprisonment. Each day that a violation continues shall be deemed a separate offense.

124.2 — UNLAWFUL CONTINUANCE — Any person who shall continue any work in or about the building after having been served with a stop order except such work as he is directed to perform to remove a violation or unsafe conditions, shall be liable to a fine of not less than one hundred (\$100.00) dollars or more than five hundred (\$500.00) dollars."

SECTION 3. NEW BUILDINGS, ADDITIONS, ALTERATIONS, STRUCTURES, ETC.

General Building Permit Fees Based on Construction Cost as Established by the Inspection Authorities.

In all cases before commencing construction work of any kind the owner, or his contractor, shall ob-

tain a building permit from the Building Inspector upon the payment of building permit fees, according to the following schedule:

A. Construction costing not more than \$500.00 No Fee
B. Construction costing over \$500.00, but not over \$1,000.00 \$5.00
C. Construction costing over \$1,000.00, but not over \$500,000.00 \$5.00
Plus \$2.00 per \$1,000 of cost or fraction over \$500.00
D. Construction costing over \$500,000.00 but not over \$1,500,000.00 \$1,005.00
Plus \$1.00 per \$1,000 of cost of construction or fraction in excess thereof.

SECTION 4. FIRE LIMITS ESTABLISHED.

There is hereby created a "Fire Limits" area within the City of Wixom, which shall consist of all land and premises within the following district zones, namely: ALL C-1 Local Business Districts, all C-2 General Business Districts, and all M-1, M-2 and M-3 Industrial Districts.

SECTION 5. INCONSISTENT ORDINANCES REPEALED.

That Ordinance Number 30, of the City of Wixom, County of Oakland, State of Michigan, and all other ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 6. SAVING CLAUSE.

That nothing in this Ordinance or in the Building Codes hereby adopted shall be construed to affect any suit or proceeding pending in any court, or any rights acquired, or liability incurred, or any cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited in Section 5 of this Ordinance, nor shall any just or legal right or remedy of any character be lost, impaired or affected by this Ordinance.

SECTION 7. DATE OF EFFECT. That the City of Wixom Clerk shall certify to the adoption of this Ordinance and cause the same to be published as required by law; and this Ordinance shall take effect ten (10) days after approval as so certified.

Joseph T. Stadnik, Mayor
Lillian S. Byrd, City Clerk
Dated: April 9, 1959.

I, Lillian Byrd, Clerk of the City of Wixom, do hereby certify that the above Ordinance was approved and adopted by the City of Wixom at the regular meeting thereof, held on the 9th day of April, A.D., 1959, and was ordered to be given publication in the manner prescribed by law.

Lillian Byrd, City Clerk

GREAT OAKS FROM LITTLE ACORNS GROW

Just as great oak trees grow from little acorns, so do fine, big industrial plants have humble beginnings.

As with that sturdy oak, many things happen before a small plant becomes a large one.

The oak tree depends on favorable soil and weather during its early years. Our town, if it is to have good industrial payrolls, must provide a good climate for industry.

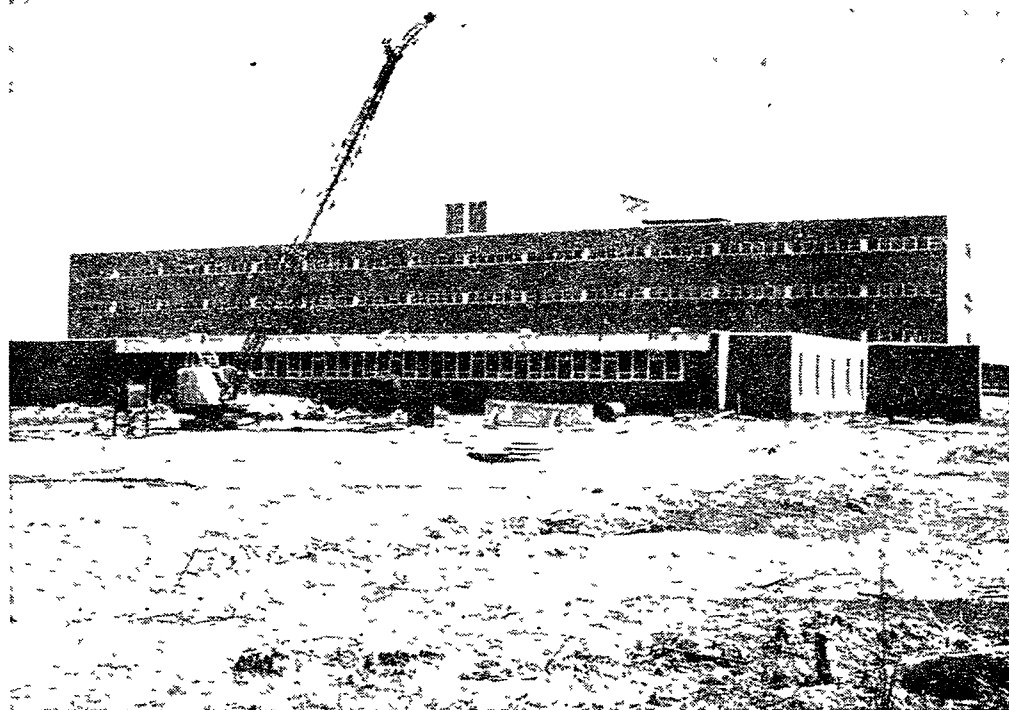

Climate for industry boils down to how present industry is treated. Good climate for industry makes our town grow stronger.

Good industrial climate helps small industry, like good climate helps the oak tree. And it attracts new industry.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

EXTERIOR NEARS COMPLETION — The exterior of this three-story first unit of the new Plymouth State Home and Training school in Northville township is rapidly nearing completion. The school, located adjacent to the Wayne County Training school, is expected to be finished by November.

Girl Scouts Call For Camp Leaders

Southern Oakland girl scouts are scouting for summer day camp leaders.

With the recruitment deadline just two weeks away, only 57 women out of the 200 volunteers needed, have signed up to date.

The number of girls able to attend the four-session Indianwood camp depends upon the number of adult volunteers obtained. On an individual-registration basis, Novi girls have attended Indianwood for the past few years.

Girl scout standards require at least one adult to every eight campers.

Anyone 18 years of age or over, who enjoys working with girls seven through 17, in an informal atmosphere of outdoor living may register until April 23.

The training course for new counselors begins at 9.30 a.m. Thursday, April 23 at Lincoln junior high in Ferndale.

Indianwood is located on 45 acres of woodland just west of Lake Orion. Transportation by chartered bus is available to and from camp.

Nursery units are available to take care of the counselors' pre-camp age girls and 4-8-year-old boys. Camp hours are 8-30 a.m. to 4:30 p.m.

Persons interested in helping can call the girl scout office, LI-7-0616.

The four sessions are scheduled as follows: June 22-25, June 29, 30, July 1-2; July 7-10 and 14-17, July 21-24 and 28-31 and August 4-7 and 11-14.

Local High Graduate To Attend Institute

Robert A. Benjamin, a Northville high school graduate, has been accepted by the Northrop Aeronautical institute, Inglewood, California, for enrollment. A Korean war veteran, Benjamin is the son of Mr. and Mrs. William Benjamin, now living in Ypsilanti.

Coordinating Council To Meet This Evening

Election of officers will head the agenda at tonight's meeting of the Coordinating Council in the city hall.

Other business will include reports from the Beautify Northville and Citizenship banquet committees.

All representatives are asked to attend.

German Topic to Head WILPF Annual Meeting

The German problem will be discussed at the annual meeting of the Women's International League for Peace and Freedom to be held next Monday, April 20 at 1 p.m. in the home of Mrs. Fred Kauffman, 720 Park Place, Plymouth.

A sandwich luncheon will precede the business meeting.

TOP SAFETY — Honored as the "Safety of the Month" at the Wayne county training school is Patricia Smith. Fourteen-year-old Patricia is one of the best-liked members of the school's safety patrol and has been a member for eight months. She is the second member of the patrol honored this year.

NEWS FROM THE AMERICAN LEGION

POST T47
REX HOLLOMAN — REPORTER

As you all know, we have had a House Veterans Affairs committee for many years, and they have been of immeasurable help to the American Legion in getting bills passed which have been beneficial to veterans and their dependents.

However, there has never been a Senate Veterans Affairs committee and it is our belief that such a committee should be formed in order to be sure that bills coming to the attention of the Senate which concern veterans will not be overlooked or lost in the shuffle of general Senate business. It is urged that you write Senator Hart or Senator McNamara and ask them to give their support to Senate Res. No. 19 so that this session can see the passage of legislation to set up a Senate Veterans Affairs committee.

It is also urged that you write your Congressman and ask for his support of H.R. 4741 to "increase rates of death compensation and of disability and death pension payable under laws administered by the Veterans Administration"; and H.R. 4536 "to provide pensions for widows and children of veterans of WWII and of the Korean conflict on the same basis as pension is provided for widows and children of veterans of WWII". The American Legion is also asking Congress to consider a bill presuming that a veteran is unemployable at age 65, as that is the age at which American employers terminate the jobs of even their able-bodied personnel, and we feel that the attainment of age 65 does constitute disability, for pension purposes.

Diabetic Driver in Coma Collides With Four Cars

A diabetic Whitmore Lake man, fallen into a coma while driving, struck four cars, injuring one driver, on Main street last Wednesday evening.

Witnesses told police that they first noticed the car driven by Elmer Smither, 35, out of control when he ran off the road on Seven Mile to avoid a collision.

In a coma while the car continued west on Main street, Smither veered across the center line near Hutton street into an auto driven by John Kaczor of Nine Mile road.

Kaczor stated that he saw Smither's car moving toward him and braked to a complete stop to miss him.

He was taken to Atchison hospital with a sprained neck and forehead lacerations.

Smither then crossed back into westbound traffic, sideswiping a car owned by Lynn Harold Stone of Farmington, parked a half block from Hutton.

He continued to East Main street where he again veered into east bound traffic, colliding headon with the car driven by Domenico Panaccione of Detroit, and finally stopped by running into the parked auto owned by Arthur Mitchell of North Center street.

Damages to the cars totaled more than \$1000, with approximately \$550 to Smither's car; \$150 to Kaczor's; \$167 to Stone's; \$64 to Panaccione's, and \$361 to Mitchell's.

Optimists Plan Annual Bike Check

An inspection of all Northville bicycles is the goal of the Northville Optimist club as the local service club makes its plans for the annual Bicycle Saety Week program.

Chairman Paul Folino reports that Saturday, April 25 will be inspection day. All youngsters are urged to bring their bikes to the city hall at 1 p.m. on that day where each bicycle will be carefully inspected for safety. Reflector tape will be installed on all bikes and Folino is hopeful that Optimist emblems will be available for each youngster participating in the inspection event.

The inspection will be carried on with the cooperation of the Northville police department.

Gunsell's to Handle Famous Candy Line

Fanny Farmer candy is coming to Gunsell Drug store in Northville.

According to Owner M. C. Gunsell, the nationally famous line of candies will be introduced April 30 when free samples of Fanny Farmer candy and Kiddy Pops will be given to store visitors.

The store will offer a wide selection of ready packaged Fanny Farmer candies including assortments, hard candies and chocolates.

What Is Your Church Like?

Is your church a life-saving station, a social or recreational center or perhaps even a morgue?

A guide was once showing a little old lady around Westminster Abbey. The guide pointed out to her this thing and that of historical interest. She finally realized that this great place was actually a church. So being a zealous Christian she poked the guide with her umbrella and said, "Well, young man, this is all very well and good, but tell me have any souls been saved around here lately?"

I'm sure such a question would be very embarrassing in many churches. Oh! sure, they have had scores "join" the church, but church membership and salvation are entirely two different matters. One can join a church these days even if he were an atheist or the worst of heretics. He can continue his gambling, drinking, and life of sin; and there will always be some church more interested in members than the salvation of the lost, who will take him in. Tell me, what is the main purpose of your church? Is it to send forth the message of salvation? Is it to provide a place for religious recreation so Christians can "play" together, or is it just a gathering of the "dead". God will be the judge.

U.S. Census Bureau To Make Survey Here

Special questions on migration will be asked locally in the April Current Population Survey, according to John E. Tharaldson of the U.S. Census Bureau's regional field office at Detroit.

The migration questions will be in addition to the regular monthly inquiries on employment and unemployment. Current population survey information will be collected locally during the week of April 20 by certified enumerators, he said.

Similar migration questions asked in the survey last year revealed that 33 million people, or 19.8 percent of the 168 million persons in the civilian population one year old and over, moved from one house to another between March 1957 and March 1958.

Two-thirds, or 22 million, of the movers in the 1957-1958 period changed residences within the same county. One-third, or about 11 million, moved from one county to another, with this group divided about half and half between intra-state and inter-state movers.

Great Books Group To Meet Tonight

Alexander deTocqueville's "Democracy in America" will be the discussion topic for tonight's meeting of the Northville Great Books study group, 8-10 p.m., in the library. Persons not regular members may attend by calling Mrs. Gladys Weiss, secretary, at FI-9-3190.

Area headquarters also announced this week that applications are still being accepted for leadership training for adults interested in becoming group moderators.

The leadership course is held every Wednesday evening in the Detroit Main library auditorium.

To attend, call or write Mrs. James Worley, coordinator of the Great Books program, 2433 Ferncliff, Royal Oak, LI-2-2721.

Northville Girl at EMC Chairman of Open House

June King, a senior student at Eastern Michigan college, and the daughter of Mr. and Mrs. Clarence King of 19076 Northville road, was general chairman of the annual Parent Open House Saturday.

The program featured demonstrations of class activities including fencing, modern, tap, folk and social dancing and other related physical education team sports such as volleyball and basketball. Miss King is a 1955 graduate of Northville high school.

OATH OF OFFICE — City Clerk Mary Alexander administered the oath of office to Councilmen Richard Juday and John S. Canterbury and Mayor A. Malcolm Allen Monday night. For Allen and Canterbury it was a repeat performance, but Juday is a brand new member, replacing John Stubenvoll. Other councilmen are Earl Reed and Ed Welch.

PROMOTED — Roger B. Smith, a Northville high school senior who lives at 355 Orchard, recently was promoted to private first class. PFC Smith, who types for the 399th Civil Affairs and Military Government Group, has been an army reservist since 1958.

3rd STRAIGHT YEAR! PLYMOUTH V-8 WINS ITS CLASS IN MOBILGAS ECONOMY RUN! OTHERS TALK ECONOMY—PLYMOUTH DELIVERS IT!

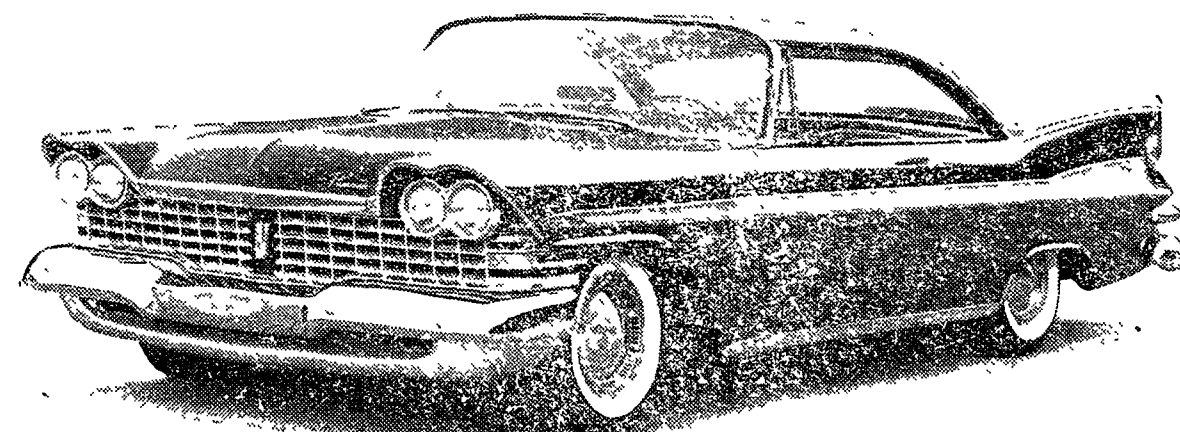

Other cars have talked economy this year. But a Plymouth V-8 has just proved it can give better gas mileage than Ford or Chevrolet V-8s. Plymouth did it by winning its class for the 3rd straight year in America's recognized competitive test for economy. Plymouth's score. 21.15 miles per gallon.

HERE ARE MOBILGAS ECONOMY RUN FACTS: HERE ARE WHAT THESE FACTS MEAN TO YOU:

- A Plymouth V-8 has just won its class in the Mobilgas Economy Run for the third year in a row. Ford and Chevrolet both finished behind Plymouth.
- Plymouth scored 21.15 miles per gallon.
- Winning Plymouth was a Belvedere 2-door hardtop, equipped with standard Fury V-800 engine and automatic transmission.
- Run was sanctioned by United States Auto Club.

- As a Plymouth owner, you can expect economical operation in everyday driving.
- As a Plymouth owner, you're driving the car that gave better gas mileage than Ford or Chevrolet in the 1959 Mobilgas Economy Run.
- As a Plymouth owner, you can also expect top performance (Plymouth's winning V-8 is the biggest standard engine in its class).

Plymouth's low prices, low upkeep, high resale value and proven gas economy make it the year's best economy buy in its class. And Plymouth delivers the Big Difference in style, ride, performance, features and comfort, too! A "Two-Mile Try-Out" will prove it, so take yours today!

Frequently area residents will call their newspaper to ask who their congressman or representative is. When a matter arises that calls for action or assistance from an elected official, the voters want to know who to contact.

So that Northville, Novi and Wixom residents may be familiar with the names and addresses of the biggest majority of their policy-making officials, we are publishing this complete list.

In addition to the state and national officers, the city, township and school board members have been included.

We suggest that you clip out the section that applies to your area for future reference.

City Recreation League Under Consideration Here

Spring recreation baseball and softball may blossom into Northville's first city league organization before summer.

Stan Johnston, city recreation director, revealed this week that a local league for recreation teams is being considered.

There are two primary reasons for organizing a local league, Johnston explained.

First, the Livonia League — in which Northville recreation teams have competed in past seasons — is getting too big. Livonia city officials may decide, after they have appointed a new recreation director,

V. F. W.
Northville Post 4012
438 PLYMOUTH AVE.
Regular Meetings:
First and Third Tuesday
of Each Month

to limit the league to Livonia teams only.

Second, a local league would permit greater participation by Northville youngsters. Only four teams represent Northville in the three classifications at Livonia.

Crowded league conditions at Livonia, Johnston said, forced many local youngsters to play ball with boys in younger age brackets. "It wasn't fair to the older boys nor fair to the younger ones," he said.

With a local city league, he explained, "we could field two 15 and under teams and four midwest teams. The 18 and unders probably would stay in the Livonia League."

"Novi has already asked if they could have two teams in the 15 and under class — plus possibly one team from the training school and another from the Ford Civic association."

Johnston said he probably would know by next week if a local league is to be formed.

Smelt Run Could be Best Ever

Spring's lingering moments of winter — ice and snow — may very likely delay the beginning of smelt spawning runs this year.

Upstream smelt migrations begin when water temperatures rise to about 40 degrees which generally occurs in early April. However, since these two persistent agents of winter influence water temperatures it appears that fishermen will have to wait longer than usual to try their luck, conservation department officials explain.

Dipping success in past seasons indicates the most rewarding smelt streams which flow into the northern third of Lake Michigan, including the Green Bay region. Second best are the streams and cuts that drain into Saginaw Bay. Improved dipping results have also developed in streams along the southwestern part of the state and in those bordering the northeastern portion of the Thumb.

Prospects for the approaching season are bright. The commercial catch in 1958 — more than 6,000,000 pounds — was the largest ever recorded, pointing to the tremendous populations in the Great Lakes.

The conservation department suggests that fishermen supplement their standard assortment of wash tubs, dip nets, lanterns and other paraphernalia with county maps. Often many small streams are overlooked in favor of the larger, more congested ones; by checking their maps fishermen can move to new streams and quite likely improve their smelt take.

It is also suggested that, where possible, fishermen control dipping by observing lights-out periods to encourage smelt to continue their upstream runs.

Hand nets not more than five feet in circumference may be used to dip smelt in designated waters from March 1 to May 31. Lists of these waters are available from the department's Lansing office or from its field district headquarters.

Game Animals, Birds Protected from Dogs

Dog owners are reminded that the annual "closed season" on dog training is in effect throughout Michigan from April 15 to July 15.

This restriction, explains the conservation department, is designed to protect newly-born game animals and nesting birds.

From July 15 to April 15, dogs may be trained between the hours of sunrise and sunset on birds and animals that may be lawfully hunted with dogs. Dogs may be trained at any time from August 15 to the opening of raccoon season in October.

Mustangs Face 3-Day Barrage

Tennis, Baseball Battles Commence Here Today

The first full week end of spring athletics at Northville high school will get underway today with action in baseball, tennis, golf and track.

Coach Ron Schipper's young tennis squad will clash with Bentley at 4 p.m. today on the Cass Benton park courts.

Veteran racket man Dennis Fallon is expected to carry the lead flag for the Mustangs in the tennis opener. Sharing the singles role with Fallon will be Scott Adams and John Rodgers. Jim McCarthy and Karl Karg and Don Lawrence and Bill Scharkey will fill out the doubles bill.

Other possible starters are Mike Goodrich, Tom Long, Mike Janichick and Joe Gotro.

Both Bentley and Northville will tangle again next Thursday on Bentley's courts.

Northville's baseball team will take the field against South Lyon here today beginning at 4 p.m. The

game scheduled with Plymouth tomorrow has been postponed.

Coach Al Jones' squad opened the 1959 season here Tuesday against the Willow Run Flyers.

The Mustangs will clash with the Clarkston nine Monday on the Cass Benton park diamond.

Sharing mound duty for the Mustangs today and Monday will be Jeff Goodrich and Bill Boyd. Boyd will start today.

The tentative lineup for Northville is: Wade Deal, catcher; Jim Anderson, first base; Bill Juday, second base; Steve Juday, short stop; Boyd or Fred Steeper, third; Roger Atchinson, left field; David Hay, center field, and either Dave LaFond or Bob Sample, right field.

Although Coach Charles Yahne isn't sure how many entries he will have for Northville's first track meet tomorrow against Thurston, he released the following lineup:

Mike, Dick Ritter, George Berryman; 880, Ron Loynes, Phil Jerome; hurdles, Roger Cheesemen; 440, Bob Starnes, Bud Adas; 220, Larry Nitzel; shot, Nelson Schrader; 5-ike Walker, Walt Doan and Bill Krist; broad-high jump, Cheeseman. Tom Dering, Hugh Crawford and Jim Cowie.

The same four starters against Brighton Monday will take to the track again next Monday against Clarenceville. Golf Coach M. F. Meaker announced.

"We'll probably play them in the order they finished the first match," the coach said. That means Bill Reuter will draw the first position, Bill Chizmar, second, and Mike Eastland and Mike Slattery, third and fourth, respectively.

The match will be played at Meadowbrook.

MUSTANG STRONGMEN — Wade Deal (behind the plate) and Bill Boyd are top favorites in the batters box to help boost Northville's chances in the Wayne-Oakland league this season.

Help Wanted: Boys or Girls

An "employment bureau" for youngsters will be established Saturday at the scout hall.

Boys and girls interested in doing odd jobs during the summer may register at the hall, City Recreation Director Stan Johnston announced this week.

"It's something new here. The kids and the parents wanted something so we thought we'd try this out," Johnston said.

Anyone who wants his grass mowed, windows washed or gardens weeded, is urged to apply for help at the hall on Saturday mornings.

Northville-Brighton Tie In Opening Golf Match

Brighton chipped away a one stroke Northville lead on the ninth hole Monday to salvage a tie at Meadowbrook Country club.

Both teams turned in total scores of 187 for nine holes.

Brighton's Bidwell fired a 40 on the par 35 back nine to take individual scoring honors. His birdie on the ninth pulled out the tie.

Northville's number one team shot a combined total of 89, while the second Mustang pair shot 98.

Bill Reuter had three par holes

in turning in a 44 to take individual honors for Northville. His partner, Bill Chizmar, shot a 45 with two par holes.

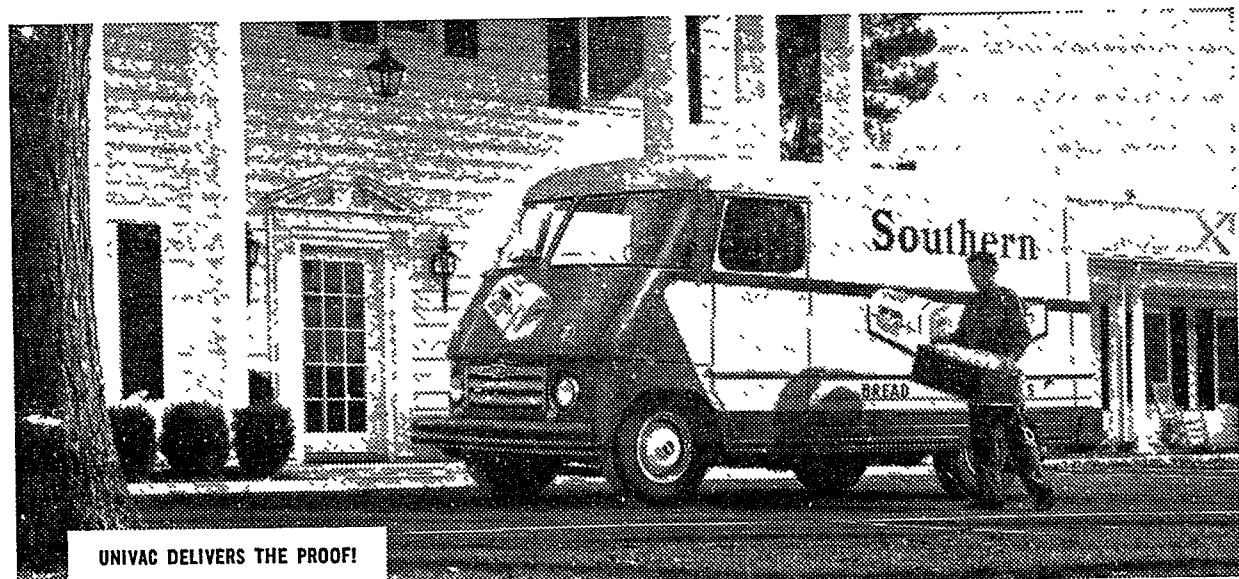

Mustang Mike Eastland shot a 46, while his partner, Mike Slattery, ran into trouble on the greens in taking a fat 52.

After the match, Coach M. F. Meaker said he was quite satisfied with his team's first showing this season. "It wasn't a bad starter considering the condition of the course. It (Meadowbrook) was still pretty wet."

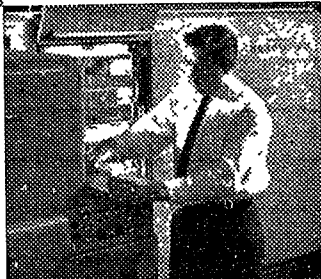

HE'S IT — Dennis Fallon has been labeled by his coach as the key to a winning season.

SPEAKING for the Record

by BILL SLIGER

Every year about this time area communities are undergoing the usual problem of rounding up all dogs to see that they have been properly licensed.

And, as usual, there is a certain amount of criticism being leveled by dog owners who are tardy in obtaining the licenses.

Both the city and township have heard complaints along these lines recently; the city for having policemen go door-to-door to check whether dogs have been licensed or not; and the township for issuing fines to residents who come in voluntarily to purchase licenses late.

Officials believe that the trouble surrounding this yearly chore stems from misunderstanding of the purpose of licensing.

Actually, it's done as a public health measure. The fees themselves are not large enough to be considered a tax.

Rabies is the real culprit.

It's bad enough to have dogs running loose during spring and summer days, but the possibility that some might be rabid and bite a child — or adult, for that matter — is frightening.

I'm told by George N. Bennett, who is a veterinarian, that rabies is 100 percent fatal to the human once it reaches the nerve tissues. And, even if shots are taken before the virus enters the nerve tissues, the series that must be taken are most unpleasant.

So, it is small wonder that local officials who are responsible to see that all dogs receive a vaccination yearly, are insistent that all precautions are carried out and ordinances governing licenses are enforced.

You might keep this in mind when an officer or dog warden calls at your door. He's really working for your protection and the well-being of your children.

* * *

Speaking of safety, traffic officers are issuing their annual plea for care on the street and highways where children may be darting in and out.

We were reminded of this abruptly recently when a small girl scooted out from between parked cars pushing a tricycle. It so happened that Ray Nowicki, Northville police officer, was driving towards us and witnessed the close call.

Fortunately, we were able to stop the car short of hitting the little girl, but it was a vivid example for both Nowicki and myself how quickly these accidents can occur.

Naturally, drivers of automobiles should exercise special care now that warm weather brings children out of doors. But, in addition, each parent should take a few minutes to tell their children that cars can kill or cripple.

Let them know it's smart to be careful and observe safety rules so that they can enjoy a full summer of running and playing.

Still Seeking New Tax

OFFICIALS who have been boosting their cities every day for years will get a special chance on a statewide basis this spring.

They will help organize local programs to dovetail with the general celebration of Michigan Week.

Robert H. Albert, secretary-manager of the Saginaw Chamber of Commerce, will head up the special board to coordinate the activities of all chambers.

Albert immediately appointed nine members of his special board in cities where regional chairmen of Michigan Week reside, a further effort toward coordination.

Members of Albert's committee are Harvey Campbell, of the Detroit Board of Commerce; Tom Cordell of Port Huron; Merle Lutz of Traverse City; Clem Bement of Mt. Pleasant; Albert Boyd of Lansing; E. J. Penny of Flint; John Hay of Muskegon; Ben Knauss of Marquette, and Rex Potter of Battle Creek.

Chambers of commerce will start the ball rolling with a special meeting in Lansing in April.

MINERALS are still being sought in the Upper Peninsula by the Bear Creek Mining company.

The company's attempt to get authority to explore for low-grade copper in the Porcupine mountains state park in Ontonagon county was discouraged last fall.

In the face of almost certain disapproval by the state conservation commission, the company withdrew its application. Conservationists won a battle to keep the park as a wilderness.

Bear Creek now has asked the commission for an "all-minerals" lease in the western Upper Peninsula, with the state retaining an interest in any valuable find.

STANLEY YANKUS, the Dowagiac farmer, has sold his land and belongings for \$26,000 to obtain money to move to Australia rather than continue a losing fight against Federal controls.

Yankus has become a famous, if pathetic, figure in the fight. He exceeded Federal wheat allotments on

his 100-acre farm, insisting his crop was not for market but to feed his chickens, the major source of income on the farm.

Yankus became a controversial figure, even among farmers who agreed with him.

At the farm auction, he disclosed that more than 600 had written letters to him, agreeing Federal controls are unfair but disagreeing that Yankus is doing the right thing by leaving.

"The law as it is interpreted deprives me of my right to own property," he said.

Some farmers contended that disagreement with the law is common, but to break it is illegal.

LEGISLATORS anticipate that the 1959 session will adjourn in mid-June, if some of the problems that have plagued members since it convened January 14 can be solved. Beyond the immediate cash crisis lies the long range tax problem.

To stay afloat and expand to meet the needs of a growing population, Democrats and Republicans agree privately that a broad-based tax is needed.

From the beginning there were signs of a long and bitter fight over Gov. Williams' proposal for a graduated income tax, a package that he said would net \$14,000,000 a year.

Williams, smarting from attacks on his program, was reported ready to agree to any form of tax that will net the necessary money.

Some Republicans are still uncertain how much more taxes are needed and are waiting to be convinced.

They said that the state government is going through the same recession the rest of the economy experienced last year because tax collections accurately reflect business done last year.

SENATOR Philip A. Hart has started something in Washington. Instead of putting relatives on the payroll or staffing his office with workers, Hart has turned to automation to get his correspondence work done.

Graduates Should Start Seeking Jobs Now

Babson Park, Mass. — Most graduates from high school or college wait too long before seeking jobs. The same applies to most employers who are seeking new workers. Now is the time for both prospective graduates and employers to get busy.

Watch Science Fairs

Most states are now holding science fairs exhibiting models and inventions by high school students of certain cities or counties. The original idea was suggested by William Guild of St. Petersburg, Florida; but with the help of J. C. Council of the Tampa, Florida Tribune these "fairs" have been promoted by the leading newspapers in their vicinity. Of course, they are not "fairs" — as they have nothing to sell — but are rather exhibits of ambitious high school students who may have worked months on their projects. This is the place for corporations and others to find students with extraordinary initiative and inventive capacity. These young people have no trouble securing good jobs or scholarships, whichever they desire.

As I read my daily newspapers I am discouraged by the crimes in which "teen-agers" are involved. It truly makes me feel that our country is "going to the devil", so to speak. But when attending one of these science fairs I become very optimistic about American youth. I believe that 95 percent of the young people are boys and girls of character and ambition. Furthermore, those who get into trouble do so largely because of neglect by their parents, some of whom are too poor and others too rich to bother about their children. "As the twig is bent, so grows the tree" applies to young people as well as to forests. The churches and schools cannot do much without the help of the parents. Furthermore, we must not think only of our own children—but for their own good we must think of the children of others who may not be as fortunate as we are. I wish every father reading this column would send 15 cents (to cover printing and postage) to The J. W. Burke company of Macon, Georgia for a copy of the "Tenth Generation" by the late Harry Stillwell Edwards.

Getting Jobs of All Kinds
The great majority of students who expect to graduate from high school or college in June are not mechanical-minded or scientific-minded. They will start as teachers or secretaries or sales clerks or in other clerical work and ultimately

become fathers or housewives. Most of these, however, want jobs first; it is most important that they get jobs for which they are naturally suited and in which they will be both efficient and happy. In fact, I believe that with every diploma there should be attached a report showing what, in the opinion of the personnel department of the school or college, the student seems best fitted for. Certainly, it can usually be foretold whether or not a graduate has the qualities of leadership, or being in business for him or herself; also, whether the student has a mechanical bent or is sales-minded or suited to teaching with a love for people or the arts.

Now let me give some rules which I have learned after 50 years in the "College of Hard Knocks" — (1) Ascertain in which of the following five groups you would be happiest: (a) The Professional Group, which includes law, medicine, teaching, and the ministry; (b) The Engineering Group, which includes chemistry, physics, architecture, building, and all phases of engineering; (c) The Manufacturing Group, which embodies economics, accounting, and the handling of employees; (d) The Merchandising Group, which has to do with selling, advertising, analysing, investing, and all forms of merchandising and finance; and (e) The Agricultural Group, which embraces farming, dairying, horticulture, forestry, etc.

(2) After deciding for which of these five groups you are best suited, take the Yellow Pages of your telephone directory and select a dozen or more colleges or corporations which would give you practical training along your chosen line. Make your graduation from high school a true "commencement" for the completion of your education. Then systematically call — properly dressed — upon the colleges or corporations which you have selected and tell them your story and your desire to learn to serve them. Forget yourself during such an interview. Talk only of how you wish

to be of service to them or to others. If you have already had a summer position, speak well of former employers. Never complain about anything or anybody when seeking a job. Remember that the party interviewing you may have many more troubles than you have.

Learn to Sell Yourself

(3) If you fail to interest the party called upon, be sure to get from him or her the name of some corporation or college which might be interested in you. This is very essential. Get the name of the person upon whom you should call and permission to use the name of the one who gives you this lead. Not only is it of great help to you to know whom to ask for when calling next, but your earnest request therefor makes a real impression on the party of whom you ask it.

(4) When making calls, avoid Mondays and Fridays — also call between 11 or 12 a.m. or directly after lunch. Be very courteous to the telephone switchboard operator or the hostess or appointment secretary whom you first meet. It is very helpful if you can get from

150,000 FAMILIES HAVE ALREADY MADE THE MAGNIFICENT CHANGE TO

THE CLEAN WINGED STYLE OF BUICK '59!

Next time you look through your windshield at the unmistakably clean, sleek tail of a Buick '59 . . . take a moment to envy its owner . . .

He owns THE Car . . . "hottest" thing on wheels today. He owns THE style that's farthest ahead both in public notice and in future trade-in worth.

He commands the most efficient automobile power plant in America today. (Buick's new Wildcat engines not only deliver an important increase in actual miles per gallon . . . but when you take car weight and performance into account, they get more out of each gallon of gas than any others.)

He stops with Buick's exclusive braking system. (Fin-cooled, front and rear, aluminum drums in front.)

When he wants to speed up or slow down, he feels the quick answers of the smoothest transmissions of all . . . (only Buick combines Twin Turbine* or Triple Turbine* transmission smoothness with Wildcat getaway).

But why not find out for yourself? This car's quietness of motion. Its comfort of roominess and ride. Its willingness to do exactly what you wish of it.

You'll live so much better in a Buick '59. Let your Quality Buick Dealer show you why . . . and how easily the man in the Buick could be . . . YOU!

Visit your Quality Buick Dealer soon. He's anxious to show you why your family belongs in the NEXT 150,000 to make the magnificent change to Buick '59!

*Optional at extra cost on some models.

TO OWNERS OF CARS IN "THE LEADING LOW-PRICED \$" . . . You'll be surprised how easily you can own a Buick Le Sabre instead! Be sure to ask your Buick dealer about "THE MOST 1M" \$200 IN THE AUTOMOBILE WORLD!
