

"SURE I'M A CHICKEN, SO WHAT?" asks the hen shown above with her five adopted children. "You should see the real parents if you think I'm an oddity." A retired Wixom foreman crossed a mallard with a muscovy duck to produce these cute fellows.

## Wixom Man has Last Laugh With Chicken, 'Odd Ducks'

He and his once shaggy muscovy duck have had the last laugh — and quack.

Old working buddies, who once kidded William Richards, 28060 Wixom road, about his backyard menagerie, now look with amazement at five little creatures waddling about the yard.

Puffing up a few strands of smoke from his "it's a duck" cigar, Richards laughs as he recalls how he and the muscovy first met.

"It was at my retirement dinner last April (Richards retired after 39 years with Detroit Edison). The gang got together, bought this scurvy-looking duck at some old market, and made a big thing of bringing him down the aisle to present to me."

"Everyone thought it was a big joke — made me laugh too."

But the ingenious Richards was laughing for another reason. He meant to do something everyone said was impossible. He mated the

muscovy with a domesticated drake mallard.

She laid nine eggs — but refused to sit on them, so Richards took matters into his own hands. First he selected a small hen chicken — "motherly type" — and put her on the nest.

The hen "was a natural. Sat right down and waited."

But Richards' job wasn't finished. Each morning for a week he placed a rag, soaked in luke-warm water, over the eggs. "I had to do that," he explained, "to soften the eggs for hatching. Baby ducks can't peck their way out of eggs like chickens because their bills aren't pointed."

"Watch a mother duck and you'll see her wet her belly feathers in a pond before sitting on the eggs. The hen wouldn't do that, so it was up to me."

Five of the nine eggs cracked open and out came five checker-colored ducks.

The young ducks have white feathers under their necks and on their breasts. Their heads and bills are dark like the drake. They have white spots on their wings.

Richards is mighty proud of the new addition to his unusual collection of ducks, chickens and pigeons — but what of the parents?

The purple-headed father looks down his long black bill, ruffles his feathers and stalks off, and the snow white mother doesn't have time to inspect her children — she's too busy sitting on another batch of eggs.

But the step-mother stands guard 'cause no one, not even Richards, is going to take away her adopted children.

## Novi Plans City Study Before Vote

Campaign activities are reaching a boiling point in Novi where, in a little more than a month, village voters will go to the polls to decide whether or not to become a city.

Latest campaign efforts of the committee for incorporation — backbone of the city movement — was culminated this week with the announcement that the director of the Michigan Municipal League, John Huss, will be the guest speaker at a public meeting Tuesday.

The meeting — second in a series of meetings to discuss city incorporation — is scheduled to begin at 8 p.m. in the Novi community building next to the Novi school.

The village council voted unanimously in May to hold the incorporation election on September 15. In providing for the election, the councilmen may have voted themselves right out of office.

However, they had no alternative but to set a date. Village Attorney Howard Bond told them they were required by law to set an election date because the petitions submitted by the city incorporation committee contained more than the necessary signatures.

The September ballot also will ask voters to elect a nine-member charter commission to write a new city charter should the change in status win approval.

Under the charter, candidates for the commission must have nominating petitions signed by not less than 20 nor more than 40 qualified electors of the village. Petitions must be filed after August 1 and before 4 p.m. August 17.

Village Clerk Mary Wallace has announced that registrations are now open for all qualified electors of the village who wish to vote in the special election. Registrations will remain open until August 17.

If Novi votes to become a city, another 90 days is allowed to prepare the charter. The charter, along with a slate of new city candidates for the council, would then come up for another vote.

The earliest Novi could become a city then would be in early 1960.

As requested by the petitions, the election will call for a city without change of present village boundaries. The city would exclude the Northville Estates and Brookland Farms subdivision located in Novi township but not in the village.

Another proposal will be placed on the September ballot as a result of action taken by the council last week. Voters will be asked to approve or disapprove a village ordinance, which changed 120 acres of Nine Mile property from an agricultural to an industrial classification. The property is owned by Arthur J. Heshup and is located at 42680 Nine Mile road.

ABOVE AVERAGE CROP — Grain crops in the Northville-Novu area are reportedly "above average" this year but below the bumper yield last year. Wixom Co-operative company officials this week revealed that wheat, now nearly completely harvested, is yielding between 35 to 40 bushels per acre. Yields for oats are running far below last year's mark. The icy winter and hot summer are blamed for the drop. Above, Howard Balko, 52730 West Eight Mile road, inches his combine ahead into a waving field of oats on Napier between Nine and Ten Mile roads.

## Cash Squeeze At State Level May Hit City

### Racing Ends Saturday; Betting Off

Attendance and betting still lagged behind last year's totals as Northville Downs began its final week of racing.

The 36-night season concludes Saturday.

Through the first 30 nights of the current season 150,679 fans bet \$7,151,681 as compared to 154,907 attendance and \$7,340,285 mutuel handle over the same period last year.

The attendance drop is 2.73 percent, while betting is off 2.57 percent.

A spurt Monday and Tuesday this week brought the betting average up to within 1.5 percent of last year, Downs Secretary Margaret Zayti reported Wednesday, however. Wednesday rains threatened to wipe out this gain.

The features of the final week started Wednesday night with the renewal of the traditional \$4,000 Wayne County Trot. The second big event of the last six days is scheduled for tomorrow night in the running of a new stake, the \$5,000 Tri-Meet Pace that will bring many of the better sidewheelers from the Midwest to the half-mile track.

The Tri-Meet Pace may develop into one of the finest paces of the entire 36-nights since it matches such speed merchants as Curly Smart's Guy Sota, Saunders Mills' Buckeye, and Irish Gallon, Chance Play, Shan-raven, Mr. Blackbird, Linda's Indian and Fashion Frisco.

Neither Livonia or Hazel Park, where both trotters and runners have had meets, have received partial payments.

The state's general fund balance was slated to be wiped out this week with authorization of payment of 20.9 million dollars. Included in this total was 13 million dollars in sales tax receipts for cities and villages.

State Treasurer Sanford Brown reported that the state's total of unpaid bills by August 1 will be 78.9 million dollars.

Whether racing rebates are included in this total — or these funds are separated into an "earmarked" category — is not clear.

Revised specifications and area plans have now been drawn up, he said.

The new plan includes blacktopping of faculty and student parking lots to the north and west of the high school, the high school access road off Center street, and kindergarten playground and faculty parking areas at the Amerman school.

Bidders on the original project have been notified, Ellison said. Specifications call for 72,880 square feet of 4" bituminous paving, 65,600 square feet of 2" bituminous paving, 3,145 lineal feet of bituminous curb, 340 lineal feet of concrete curb, 410 lineal feet of 6" perforated drain tile, 893 feet of 12" concrete storm sewer, 195 lineal feet of 15" concrete storm sewer and 11 catch basins.

Northville is one of the Wayne county cities scheduled to have an emergency March of Dimes campaign.

Headed here by Mrs. Albert Leedham, the local drive will consist of a door-to-door Mothers' March the evening of August 25, as well as a canister collection.

The local January collection, also chaired by Mrs. Leedham, fell slightly short of the area quota. County goals were likewise not met, but the shortage was not considered great.

The critical factor has come in unexpected costs. No quota will be set in the emergency drive.

Mrs. Leedham was pleased with the local response to the polio clinics here, but warns that many more persons still haven't had their Salk shots.

The danger, she indicated, can be averted at both levels: increased funds and preventative shots.

Previous volunteers have already been contacted, Mrs. Leedham said, but vacations may reduce their numbers now.

The possibility that Northville will be caught in the state's financial squeeze became a matter of concern this week to City Manager John Robertson, who doubles as city treasurer.

To date Northville has not received its state rebates from harness racing. By past year standards the first check is one week overdue.

The money — estimated at approximately \$20,000 — represents the city's 20 percent share of the state's 4 1/2 percent take of the pari-mutuel handle at Northville Downs.

The city receives approximately \$90,000 annually in rebates.

If delayed as long as a month, Northville would find itself in the same predicament as the state.

The city currently has some \$22,000 in its general fund. Another \$40,000 in taxes are expected to be collected by August 31.

But financial obligations which will come due by September total approximately \$80,000. These include paving projects, salaries, new fencing and general operation expenses.

Robertson, though apprehensive, said he was sure the state considers the racing rebates as "earmarked funds" and that payment will not be held back. The city manager telephoned the auditor general's office Tuesday but was unable to obtain any information as to the status of the funds.

Neither Livonia or Hazel Park, where both trotters and runners have had meets, have received partial payments.

### Postpone Secession Case

The circuit court trial on a request to detach 36.7 acres of land from the village of Novi originally scheduled for last Tuesday has been postponed until September.

Village Attorney Howard Bond revealed this week that the trial was postponed at the request of Attorney Edmund P. Yerkes, who petitioned the court to disconnect the Yerkes property at 12580 Eight Mile road.

If the court rules in favor of Yerkes, the property will come under the jurisdiction of Novi township.

### Home Building Up In Wayne County

Wayne county's 42 communities issued 30 percent more housing permits than in the first half of 1958, the Detroit Regional Planning Commission reported this week.

The 1959 total climbed to 5,325, a gain of more than 1,200 permits over the same period last year.

Housing permits granted in the entire Detroit region are up 15.3 with Wayne, Macomb and Monroe counties' totals rising to offset losses in Oakland county and part of Washtenaw.

According to figures released by the commission, the city of Northville issued only two dwelling permits in the past six months, while Northville township issued six.

## Council Sets August 17 For Water Project Bids

A skeleton city council held an abbreviated meeting Monday night but gave approval for bids to be advertised for a \$300,000 project.

With Councilman Earl Reed presiding in the absence of Mayor A. Malcolm Allen and John S. Canterbury, mayor pro tem, the three-member body approved plans for the city's \$300,000 water bond improvement program. August 17 was set as the date for opening bids on the project.

Actually, the improvement specifications have received study and approval of the full council in earlier sessions except for one item. Estimates for two different proposed routes of an 8-inch water line to loop the system were submitted by Engineer Harold Penn. His recommended route of Fairbrook, Hines drive, 7 Mile road, South Main from South Rogers to Gardner proved to be \$10,000 cheaper. It also avoids crossing of private property, which would have been necessary on the alternate route. Specifically, the line will serve the extreme south end of the city in addition to "looping" the system.

Councilmen accepted the engineer's recommendation and approved the entire program for advertising next week. Included in the water improvement project is a 400,000 gallon elevated storage tank, additional shut-off valves, new hydrants, chlorinating equipment, development of a new well site (already undertaken), and new and larger water lines.

The project will be financed by revenues from the system over a 27-year period. Voters gave the bonds general obligation approval last May. Councilmen are expected to authorize advertising for sale of the bonds next week with August 27 as the date for opening of bond bids.

Before concluding the hour-long meeting Monday the council approved an anti-litter ordinance for the city. The measure has been pushed by Councilman Ed Welch, who served as chairman of the "Beautify Northville" campaign this year. The ordinance will be advertised next week and a public hearing held August 17.

Two Northville men were hospitalized this week.

Clifford B. Turnbull, of Northville Electric, is in Atchison Clinic recuperating from a slight heart attack Sunday. He entered the clinic Monday.

Also, Merritt Meaker, local teacher and part-time employee at Northville Electric shop, is reported to be in good condition after undergoing surgery at Mt. Carmel hospital Tuesday.

Also, Merritt Meaker, local teacher and part-time employee at Northville Electric shop, is reported to be in good condition after undergoing surgery at Mt. Carmel hospital Tuesday.

## 2 Northville Men Flee Novi Police, Crack-Up Auto

Two Northville brothers, fleeing from Novi police, narrowly escaped death early Monday morning when their car flipped over at the Novi-Baseline road curve and crashed into a tree.

Henry Innis, 26, of 19470 Gerald street, brother of the driver, Nathan Innis, 23, same address, was admitted at Wayne county general hospital for multiple cuts. He was reported in good condition Tuesday afternoon.

The driver of the car, who was treated and released, was ordered to pay an \$85 fine or serve 30 days in the county jail after he pleaded guilty Monday of reckless driving and driving without an operator's license. He was arraigned before Justice of the Peace Robert K. Anderson.

According to Novi Patrolman Vern Loeffler, Innis drove his car south from Ben's Bar at "a high rate of speed." Loeffler gave chase at speeds close to 100 MPH. Innis lost control of his car at the corner, within the Northville city limits, and it crashed into a tree at 734 Base Line.

The car was owned by Ivan Met-off of 19484 Gerald.

RIDE IN STYLE — Northville police set out on their rounds in high fashion Saturday after John Mach, owner of John Mach Ford Sales, delivered an "April Green" and "Colonial White" Ford sedan to Chief of Police Eugene King and City Manager John Robertson. King selected the colors.

## City's Water Well Came Just in Time

With many Wayne county communities still observing rigid water-control regulations Northville officials are breathing easy — until they reflect what might have been!

June 8th the city was abruptly reminded that its two existing wells were inadequate to meet a heavy water demand. That evening the system's automatic alarms sounded the "danger" level. A hot, dry spell resulted in peak use of water for lawn sprinkling and air conditioners.

City officials had feared this possibility and therefore, despite a February set-back at the polls for funds to improve the entire system, went ahead with development of a new Novi road well site. Within two weeks after the city's temporary water shortage the new well was operating — doubling the local water supply.

Now, Northville can feel secure in its water supply. And meanwhile voters have reversed their February vote (in May) to provide funds for the project which councilmen had already undertaken.

The water shortage has continued to plague communities like Livonia, Wayne, Garden City and Inkster. Last week Livonia residents were instructed to use sprinklers on an "odds and evens" system — odd-numbered houses on odd-number calendar days, etc., but not at all when the temperature hits 80 degrees until after 10 p.m.

At one time sprinkling was completely banned in Livonia. Similar restrictions have been enforced in the other areas. City officials have indicated they will not "rest on their laurels". Potential new well sites have already been explored to avoid another close-call.

# about WOMEN

2—Thursday, July 30, 1959—THE NORTHVILLE RECORD

MEET "PHRA SHRI YHU TU KHIS-MHA-THI", Joe and Marjorie Schrody's Siamese cat, and their dobermans, "Cormichael's Cinnamon" and "Bob 'N' of Phoebe Rock" — better known as "Shri", "Cinnamon" and "Jubilee".

If lively conversation is your cup of tea, newcomers Joe and Marjorie Schrody are your kind of people.

Cat lovers, dog lovers, horse lovers, lovers of art, music, little theatre, or science, they're with you. Their multitude of interests carry them into many avenues of talk.

Joe, a graduate of Cornell university, is a clinical chemist at Mack Laboratories in Grosse Pointe Woods. He's also a registered medical technologist.

Marjorie majored in education at the State University of New York. Her childhood love of animals led to her full time "hobby" which now includes writing about pets, membership in national organizations, and raising and training of cats and dogs.

She's had numerous articles on pets published in national periodicals, and while still in college, wrote and sold a book on cats.

While living in the east — they moved here last month from Sicklerville, New Jersey, and originally hail from Westchester County, New York — the Schrody's raised and

## Northville Cooperates In Social Work Program

More than 150 University of Michigan social work students did field work in metropolitan Detroit and 14 Michigan communities, including Northville, during 1958-59.

This fact is cited by Dean Fedele Fauri of the School of Social Work as evidence of closer ties developed between the U-M and public and private agencies in this field.

Because of the increased number of full-time students taking social work, more opportunities were needed for field work with social welfare agencies last year. Communities cooperating to provide this opportunity included: Adrian, Ann Arbor, Battle Creek, Flint, Grand Rapids, Howell, Jackson, Kalamazoo, Lansing, Midland, Northville, Pontiac, Saginaw, and Ypsilanti.

During 1958-59, the State Department of Corrections, Mental Health, and Social Welfare sponsored traineeships for 23 full-time students.

trained cats and dogs for obedience and the show ring.

Marjorie had a 28-cat cattery of Siamese and domestics.

She and her husband faithfully follow the show circuits and their entries have brought back ribbons galore.

Right now they're proud owners of two doberman pinschers — "the ideal, the only dog," they say — and a Siamese cat.

Marjorie is director of the International Dog Trainers association, local chairman for National Dog Week and editor of the Trainers

## From Rodeo to Rhumba At Copa' or Latin Q.

Choose your night spot — the Latin Quarter or Copacabana. A week end in New York with a night club tour, floor show and dinner, theatre tickets, rooms at the New Yorker hotel and all extras are awaiting the winner of the prize ticket to be selected at the St. Mary's Rodeo.

Seller of the winning ticket gets a "night out in Detroit".

Winner of the children's tickets will be awarded two bicycles.

Tickets for the September 26-27 event can be purchased from any guild member. Helen O'Brien is chairman for Northville.

Proceeds will purchase china, kitchen utensils and linens for the new St. Mary hospital being constructed in Livonia.

## BIRTH

Mr. and Mrs. Paul Folino of East Cady street are new parents of a baby girl, Theresa Ann, born July 26 at Mt. Carmel Mercy hospital. Little Theresa, their first child, weighed five pounds, 13 ounces at birth. Grandparents are Mr. and Mrs. Louis Folino of Center street and Mr. and Mrs. Connie Santaventre of Concord, New Hampshire.

Mr. and Mrs. Richard I. Davis of Walnut street announce the birth of their first child, a daughter, Diana Renee. The baby was born at Mt. Carmel Mercy hospital and weighed eight pounds, one ounce.

## NEWS AROUND NORTHVILLE

The Northville State hospital MSEA held a picnic supper for members and families at Cass Benton park recently. A roast pork dinner was prepared by Tom Saunders and Emil Nuottila. Those serving were Glen Ellsworth, Marion Kellog, Matthew Boring, Crystal Woody, Dorothy Springer and M. Morris.

Mrs. Fred Schoof of North Rogers and daughters, Mrs. Harry A. Jackson, Jr. of Yerkes street, and Shirley of North Rogers, returned recently from a tour of Canada, Niagara Falls and the New England states. In Boston, Massachusetts they visited Mrs. Schoof's brother.

A quick jet flight to San Francisco, California enabled Mrs. K. E. Babbitt of South Rogers street to leave Michigan a little before supper and arrive on the west coast just about bedtime. She will be spending the month with her daughter, Mrs. Robert (Mary Ellen) Reynolds in Sacramento. The 3,000-mile trip took a mere eight hours (3-11 p.m.)

Week end house guests of Mr. and Mrs. Fred Gotts of North Center street were Mr. and Mrs. Victor Lumley of Grand Rapids. Sunday, they attended the Puritan Heights First Evangelical Lutheran church where the Gotts' son, Larry, preached the sermon. The Lumleys are former Northville residents.

Mr. and Mrs. Stanley Sorensen of St. Ignace and Mr. and Mrs. Alvin Ernst and son, Ronald, of Plymouth were dinner guests of Mr. and Mrs. Gil Glasson of Fairbrook last week end. They had an outdoor dinner.

Betty Stevens, daughter of Mr. and Mrs. Clifford Stevens of High street, was honored with a miscellaneous bridal shower recently given by Mrs. Glen Gordon of Carpenter street. Twenty guests came from Northville, Detroit and Lincoln Park. She was also given another miscellaneous shower by Mrs. DeSmyter, mother of the groom-elect, Keith DeSmyter, last Wednesday. The wedding took place Friday.

Lou Ann Comer was honored last Wednesday at a miscellaneous bridal shower hosted by Rebecca Kellogg in the Kellogg home on Orchard drive. Twenty guests from Northville, Novi, South Lyon, Detroit and Taylor attended. Lou Ann will be married September 12 to Terrence Morgan of South Lyon.

Professional association bulletin. She has also written about pets in New Jersey newspapers.

Besides keeping a hand in non-fiction she recently tried her luck at fiction and won a Writer's Digest prize right off the bat.

Joe and Marjorie were also active in little theatre in Fredericksburg, Virginia and are scouting for a local drama group to join.

## NATURAL GAS ... STILL A BARGAIN!

**HIGH IN VALUE... LOW IN COST!**

Yes, *Natural Gas* is really a bargain — an old-fashioned bargain — it costs only pennies a day! It's clean, fast, silent, economical and dependable. *Natural Gas* cools and heats your home, cooks and refrigerates your food, heats water, dries clothes and consumes garbage and trash — all automatically! *Natural Gas* provides a better, easier, healthier way of life for you and your family. The hours of work saved each day by these wonderful, convenient automatic gas appliances mean greater comfort and more leisure time for every member of the household. So, for care-free, worry-free living, have *Natural Gas* installed in your home ... it doesn't cost, it pays!

# Married at St. Paul's Church, To Honeymoon in Italy

Mrs. Pietro Aragno

Newlyweds Gertrud Anschuetz and Pietro Aragno will leave next month for a honeymoon in Italy.

They were married July 18 in St. Paul's Lutheran church. The Rev. B. J. Pankow officiated at the candlelight service. Baskets of gladioli formed the church decorations. Traditional music accompanied the ceremony.

The bride is the daughter of Mr. and Mrs. Fritz Carle of Baseline road. The groom is the son of Giovanni Aragno and the late Mrs. Aragno of Italy.

The bride was given in marriage by her father.

She wore a waltz length gown of crystallette with a sabrina neckline and lace bodice. Her fingertip veil was held by a leaf headband of net and pearls.

Maid of honor Betty Anderson of Detroit wore an avocado green cupion sheath dress and carried a cascade bouquet of yellow chrysanthemums.

Bridesmaids Lois Erickson of Ann Arbor and Beverly Dildine of Waukegan, Illinois wore matching dresses of mint green. Their flowers were bronze chrysanthemums.

Franco Migholi of Italy served as best man. Ushers were Lucien Lovewell of Northville and Douglas Cook of Ann Arbor.

For her daughter's wedding Mrs. Carle chose a beige lace sheath dress and matching accessories. She pinned on a corsage of russet mums.

A reception was held in the church parlors. One hundred and fifty guests came from Northville, Detroit, Ann Arbor, Royal Oak, Roseville, New York and Pennsylvania.

After the wedding the bride donned a blue silkscreen Italian print dress and white accessories. The newlyweds spent a brief honeymoon in Detroit. They will leave for Italy on a longer honeymoon in August.

The bride is a graduate student at the University of Michigan where the groom is studying on a U.S. Department of Labor grant.

They will make their home in Torino, Italy.

### Married Here Friday

Aline E. Pollock of Detroit and Ray D. McManus of Walled Lake were united in marriage by Justice E. M. Bogart Friday evening, July 24. Mrs. E. M. Bogart and Mrs. W. M. Bogart were the attending witnesses.

The East Novi school reunion will be held this Saturday, August 1 at the home of Mr. and Mrs. H. A. Boyden, 230 First street. A picnic dinner and afternoon social are planned.

KICKIN' UP DUST — Local members of St. Mary Hospital Guild Rodeo committee begin plans for the two-day September event. They are (left to right): Mrs. Albert Kalin, Mrs. Robert Krezel, Miss Ruth Knapp, Mrs. Ray Hartner, Miss Mary Hollis, Mrs. Joseph Crupi, Mrs. Dorin Smith and Mrs. William O'Brien. The rodeo will be held September 26 and 27 at the Detroit Race Course in Livonia.

### Engaged

Myrna Ann Boyer

The engagement of Myrna Ann Boyer to Delano D. Skow has been announced.

The bride-elect is the daughter of Mrs. Florence Boyer of Detroit and the late Philip Boyer, former Northville residents.

The prospective groom is the son of Mr. and Mrs. Alvin Skow of Horton street.

Miss Boyer attended Northville high school and graduated from Redford high. Mr. Skow is a graduate of Northville high school.

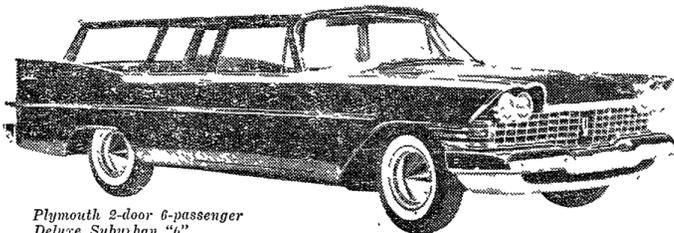

The wedding will take place September 4 at the Gallean Baptist church in Livonia.

### Births

Mr. and Mrs. Harold Mitchell of Boulder, Colorado announce the birth of a son, Darin Lee, July 26. The baby weighed eight pounds, eight ounces on arrival. Mrs. Mitchell, the former Eva Belle Clark, is the daughter of Mr. and Mrs. William Fred Clark of West street.

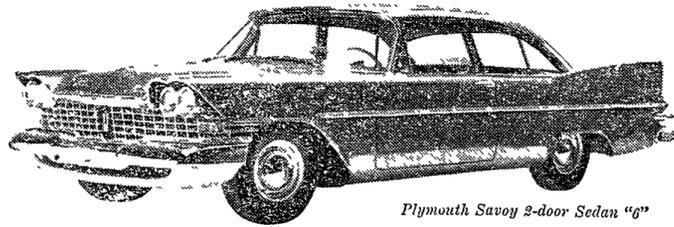

A daughter was born July 22 to Clifford and June Eckles of Garden City. The baby, Deanna Marie, is their first girl. She weighed seven pounds, 15 ounces and measured 15 inches on arrival. The Eckles' have three sons, Billy, 10; Larry, 9, and Gary, 5. Grandparents are Mr. and Mrs. Clyde Nichols of Lake street and Mr. and Mrs. Roy Necker of Detroit.

## from the PASTOR'S STUDY

By the Rev. Fr. John Wittstock  
Our Lady of Victory Church

**AM I MY BROTHER'S KEEPER?**  
Jesus is wonderful. When we are in the state of grace, we realize that.

No matter what happens, whether it be joy or sorrow, failure or success, we have Him and He is all that counts. We know that in an instant Jesus can stop affliction as if it never existed and transfer grief into joy with the rapidity of light. Of ourselves, we can struggle to remove the tears from life and their cause, we can plan diligently for happiness, but not even our most skillful maneuver will ever approach the dynamic omnipotence of Jesus Christ.

In the physical order, deafness is a handicap, the inability to speak an ordeal. The scientific world took centuries to relieve privation among those so sorely tried. But along came Jesus and so seemingly simple gave sight to those who had never seen beauty, gave hearing to those who had not heard laughter before. What an awakening for those who miraculously felt the touch of Christ!

What took place in the physical order long ago, when Jesus walked the earth, is

happening still within the hearts of men, although millions in the world are ignorant of it. We Christians, however, are familiar with the joyous return of one sheep who had left the fold.

Through entanglement with evil, or sophisticated compromise, or the playing of a worldly game with the treasures of religion, we have seen persons break away from peace with their God. Then came the miracle of grace. They got down on their knees and asked for pardon.

Many of them returned through the prayers, sacrifices and urgings of dutiful parents, or relatives or friends. Yes, all of us are our brothers' keeper. First efforts many times fail.

It is true, God's price is high. He demands absolute faith in Himself. He is still in His Heavens, waiting to perform the miracle. One thing can impede the miracle. Our lack of complete confidence in God. Give it for the sake of your brother who now blinded may see real spiritual beauty, who now deafened may hear spiritual laughter and joy once more.

## Camp Ends With Tears

Editor's Note: Rosemary Frost, one of Northville's three delegates to the second international Girl Scout Roundup in Silver Springs, Colorado, writes this her last account of her personal experiences at the 10-day camp.

After the first exciting day and the warmth of the second National Girl Scout Roundup, our lives from reveille at 7:00 a.m. to taps at 10:30 p.m. began to fall into schedule. Although rest period and evening programs were the only required activities of the day, many things were provided for those who wished to participate. Between doing our own cooking, cleaning and washing we found time to attend forums on almost every subject, interesting lectures on topics pertaining to our modern world, and movies in the shopping center area.

Even though many programs were provided, we had plenty of free time. Much of this time we spent at the trading post and soft drink stands, buying souvenirs and talking to new friends from all over the fifty states and twenty-seven foreign countries. Also among our favorite activities were hiking all over our huge ranch-camp and seeing the exhibits on minerals, Indian lore, and the "home frontier". Pictures and exhibits representing every part of our country were displayed in a main tent and exhibit area to help acquaint us with places and people we'd never seen before. One of the most colorful of these exhibits was a covered wagon bearing the slogan "Pike's Peak or Bust." This piece of the old west had carried scouts and equipment to the Roundup from a Colorado scout council.

No matter where we were or what we were doing, swapping articles from home was always in progress. Our straw western hats were soon weighted down with pins and small articles from all over the world. Since every Michigan delegate went well stocked with Michigan week pins, soon every scout bore the slogan, "We're proud of Michigan" somewhere on her hat. Swaps also pointed out the things that made each city or state proud, helping us to understand each other better.

Our city of 6,000 tents formed Colorado's tenth largest. "Roundup" city was complete with telephones, typewriters for the 1,300 newspaper

correspondents, a cinema tent, shopping center, church services, and 10,000 girl scout residents. During our stay, we prepared and consumed 327,000 meals. Chicken and steak were among our supper menus while soup and sandwiches often furnished a satisfying lunch. The "mile high" atmosphere and vigorous activity gave us all healthy appetites and helped us to sleep well in the cool Colorado nights. Our city was even equipped with its own U.S. weather station. Although we had rain, high winds and even hail often during our stay, the weather always cleared within an hour, allowing us to restle ourselves. Our weather station kept us on the alert so that bad weather never stopped our many activities.

On July 8, Colorado celebrated its centennial and provided us with a colorful program. The citizens of Colorado Springs shared their pageant on Colorado history, Indian dances, and rodeo with us for our evening program. I'm sure they all felt welcome as 10,000 girls sang hello to them and serenaded them with the Roundup song and other scout favorites, as the pony express delivered a letter from President Eisenhower. We were happy to help Colorado celebrate its one hundredth anniversary.

Each day was opened and closed with a flag ceremony at the Avenue of Flags. Here on heavy wooden poles flew the flags of each state and represented country along with the girl scout flag, world flag, and Roundup flag. Seeing all eighty flags flying together gave us all a world wide feeling suggested by the Roundup slogan, "a mile high, a world wide". The forty eight star flag, which presided over the opening of the Roundup, flew through the night of July 3 in all the glory of a spotlight until, on July 4, Alaskan girls exchanged it for the brand new flag bearing the forty ninth star.

To help acquaint us with the area which we were presently inhabiting, we were taken on a tour of the Colorado Springs area. Each of the six sections had its own special time and date to tour so that only about 1,500 girls were gone at a time. Our forty seven bus caravan took us through the mountains to the United States Air Force Academy, the garden of the gods, and finally to the Flying W ranch for a chuck wagon dinner and some cow-

boy-type entertainment.

Our last gathering was our July 12 campfire. Each attending country delivered a message for world peace both in their language and in ours. Then all 10,000 voices lifted together to sing, "Peace I ask of thee, oh River, Peace, peace, peace." A speech by the executive director of the Girl Scouts of the United States summed up the Roundup by saying, "It is a round-up of faith, fitness, fun and friendship." And surely no one could have left without these four essentials.

The next morning as the first group gathered their luggage to the bus that would take them to the train and then home, tears began to fall. No one wanted to leave all the fun they'd had and the friends they'd made. As we boarded the bus waving goodbye to the friends we'd never meet again, we looked back on our experiences of the past two weeks and knew that this was something we could never forget for it was truly "a mile high and a world wide."

# Orioles Win Third Place

Northville's two midget baseball teams wrapped up the 1959 season last week and Sunday by posting four straight victories.

The victories assured the Northville Orioles a third place position in the American Class "F" league, and the Northville Braves a sixth position in the National Class "F" league.

Although several other teams must make-up postponed games, the winners in both leagues have already been spotted. They are: Rose-dale Tigers, first; Clarenceville White Sox, second, and the Orioles, third, in the American League, and the Firemen Cardinals, first; Wayne Brewers, second, and Wilcox Red-legs, third.

In their final game of the season, the Braves felled the Clarenceville Colonels, 4-2.

Eric Peterson gave up only two hits while striking out seven batters in helping his team to the victory over the Colonels. His bat also cracked out one double and a single to spark Northville's hitting attack. Jim Bowling was nicked for the loss.

Three of the Brave's runs came in the first inning. Jack O'Dell led off with a single. Peterson smashed a double to score O'Dell who stole second. Chuck Bailey singled to score Peterson, and Bailey scored on a fielding error.

The Orioles wound up their inter-city schedule with a 9-4 victory over the Wilcox Bisons, a 9-6 triumph over the Jefferson Yanks, and a 10-3 decision over the Grant Seals.

Gary Grys and Dave Jerome teamed up to give the Orioles the first win, Jerry LaRue and Grys shared mound duty in the second contest, and Dave Luedtke and LaRue were winners over the Seals.

The Oriole batters knocked Gary Schaffer of the Bisons from the box in the first inning with five runs on six hits. The local nine added three more runs in the fourth and another in the sixth.

In the big first inning, Dave Jerome, Joe Hay, Grys, John Mach and John Badalutz all singled and Gordie Hammond smashed a long triple.

Hay, Hammond and Badalutz singled and Dave Jerome doubled in the fourth inning to account for three more runs.

The Orioles found the road rough in the second contest, as the Yanks rallied in the sixth with five runs to come within one run of Northville. But the Orioles blanked the Yanks in the seventh and scored two insurance runs to win.

Northville's hitting barrage came in the fifth inning with four runs crossing the plate. Dave Luedtke led off with a single and then dashed all the way to third when the ball skipped through the center fielder. Luedtke scored on an infield grounder.

Grys singled to drive in Bishop and Jerome, and Hammond crossed the plate on an infield out.

Dan Bishop rifled a single to left to start Northville's four-run rally in the opening inning against the Seals. Jerome followed with a walk.

Hammond then smashed out a home run to account for three runs. Hay slashed a hard shot that skipped through the left fielder. While the fielders chased the ball, he skipped around the bases to score the fourth run.

Northville scored four more runs in the fifth inning on hits by Badalutz, Hammond and Hay.

## Mustangs Bounce Back After 3 Losses to Win 9-5

After suffering three straight defeats, the Northville Mustangs bounced back last week with a 9-5 triumph over North Brothers of Garden City.

The victory gives Northville a 7-4 record — good enough for a solid third place position behind the Willow Run Flyers (9-2) and the Plymouth Elks (9-3).

## Tigers Split 2 Games But Win Softball Title

The Northville Tigers split their final two games of the regular season last week to capture the knot hole softball league.

Play-off games for the post season title got underway this week on the county park diamond off Seven Mile road.

Stan Nirider of the second-place Bears pitched and hit his team to a 16-8 victory over the Tigers. Dan Stoddard also shared pitching honors for the Bears.

Nirider collected three hits in three trips to the plate. Mike Conley of the Tigers smashed a long double to drive in two runs.

In their second game, the Tigers skipped to a 12-6 win over the third-place Bobcats. Bill Skelly was the winning pitcher, Jim Fox the loser.

Charles Fox of the Bobcats led his team to a 26-6 victory over the Panthers with six solid hits in six times at bat. One hit went into the record book as a home run. Charles' twin brother Jim, added four hits to share hitting honors for the Bobcats.

TOP WINNERS — The eight youngsters who won first place with their entries in the annual turtle race last week posed for the picture above. They are (left to right) seated; Tom McClain, Bob Moe, David Rifer; standing, Susie Conley, Brian Tabor, Susie LaRue and Mike Turnbull.

## Plumbers Win But Slip to 2nd In Race for Class "E" Crown

Despite two one-sided victories over Clarenceville last week, the Northville Plumbers slipped from first to second place in the Class "E" race.

Livonia Recreation (11-2) replaced the Plumbers (11-3) for the league lead, while Plymouth picked up a victory to tie the Northville team for second place. Wayne Ford holds down the third spot with a 10-4 record.

Meanwhile, Northville's other Class "E" nine, Recreation, was pushed deeper into the league cellar, suffering three straight defeats for a 2-11 record. Novi is still in 10th place with a 2-10-1 record.

Clarenceville failed to get a single hit in two games last week, as the Plumbers' pitching staff helped the local team to 10-0 and 16-1 victories.

Tom Swiss, who blanked Clarenceville, struck out 12 batters to take credit for the first win. Butch Willing struck out nine batters in pitching the second no-hitter.

Northville pushed across most of its runs in the fourth inning during the first game. Dan Pattison, who was safe at first on a fielder's choice, moved to third on an infield single by Phil Jerome.

Tom Long singled, scoring Pattison, and Jim Anderson singled to score Jerome. Anderson advanced to second on a fielding error and came home on a single by Craig Bell.

In the second contest, Northville pushed across six runs in the fourth inning, on singles by Tom Long, Bell, Swiss, Dennis LaRoque, Slatery and Pattison.

Recreation dropped three straight

Another Northville game with Wayne Ford was rained out last Thursday. It was rescheduled for early this week.

Several spectacular fielding plays by Bob Starnes, Bill Boyd and Bill Trotter helped Hurler Joe Kritch limit Garden City to five hits.

John Breckenridge, who was relieved by Jim Ponder in the fourth, was the losing pitcher.

Northville jumped to a 3-0 lead in the second inning with triples by Trotter, Dave Hay and Steve Juday.

The Mustangs added six runs in the fourth, while Garden City pushed across four runs in the same inning.

Hay started the sixth inning barrage with a leadoff walk. Hugh Crawford was nicked by a pitched ball. Jerry Coleman, attempting to sacrifice, was safe at first as Hay was forced at third. Steve Juday walked to fill the bases.

Fred Steeper and Kritch walked to force in the first two runs. Boyd lined a double down the left field foul line to drive in two more runs. Starnes followed with a single to drive in the final two runs.

In the field, Starnes had seven official plays — most of them hard smashes to his left where he had to cut in front of the shortstop to throw out the runner. Boyd, who caught in Wade Deal's absence, blocked several low pitches.

Trotter, playing first base for the first time, scooped up two low throws and played errorless ball.

## 70 Turtles Kick Up Dust

While nearly 70 turtles churned for the finish line more than a hundred spectators cheered on their favorites last week in the fifth annual turtle race in the city hall park.

Prizes were awarded in seven categories of the turtle race, sponsored jointly by the recreation department and The Northville Record. In the racing events, turtles were placed in the center of a 30-foot circle. The first one to reach the outside line was declared the winner.

The first three winners in each event were:

Large turtle race — Bob Moe, first; David McCrum, second, and Linda Lemon, third.

Medium size race — David Rifer, first; Darlene Baggett and Dwight Hopper, second, and Denise Spiker, third.

Small size race — Tommy McClain, first; Mike Conley, second; John Paul, third.

Open race (all sizes) — Susie LaRue, first; Lloyd Moore, second, and Brian Tabor, third.

Largest turtle — Brian Tabor. Smallest turtle — Mike Turnbull, first; Rusty Weston, second, and Jerry Crawford, third.

Best decorated — Susan Conley and Dennis Phillips, first; Diane Ambler, second, and Denise Spiker, third.

## Pet and Doll Show Plans Get Underway

The fifth annual Pet and Doll contest, sponsored by the recreation department, has been scheduled for 6:30 p.m. on August 7 at the city hall park.

According to recreation department officials, the show this year will include a parade around the Main, Center, Dunlap and Wing streets block.

No entry fees will be charged, although boys and girls must be registered with the recreation department summer program.

## Young Door, NBD Split Two Games

Young Door shattered a National Bank winning streak last week by posting a 5-2 triumph, but the victory celebration was short lived as National Bank bounced back with a 2-1 win two days later.

In other Novi Little League games, Paragon trimmed Fiberglas, 4-0, and then edged National Bank 6-5 in a one-inning playoff contest resulting from a June 25 tie.

Jim Payton was credited with Young Door's victory over National Bank. Ricky White was the losing hurler.

Leading hitters were: Carl Payton, who collected three hits in four trips to the plate for Young Door; George Burchfield, who smashed his ninth home run of the season for National Bank, and Jack Fritz, who was credited with two hits in three attempts.

In the second contest between these two ball clubs, Duane Miller hurled a three-hitter to lead the Bankers to victory. Jim Bertoni was the losing pitcher.

George Simenton was called to the mound in the fourth to relieve Miller, who had pitched six innings in league competition during the week.

Jim Schingek struck out 11 batters and gave up four walks to give Paragon the victory over Fiberglas. Ralph Caliguiri was the losing pitcher.

**And Watch Where You Spit Those Seeds, Too!**

Not only did the judge slap a fine on three youthful picnickers last week, but they probably ended up with a case of indigestion too. Detroiters Ernest Lamb, 27; Elmer Tee Sharp, 21, and Alfred Lamb, 25, were each fined \$10 and costs Monday by Judge E. M. Borgart.

Their offense? Disorderly conduct by reason of eating water melon and drinking beer at the Spring. The youth plead guilty.

**Petty Larceny, Vandalism Reported Here This Week**

A rash of vandalism and petty larceny sprang up this past week, police report.

Numerous complaints have been received on stolen hubcaps and gasoline. Tuesday, vandals damaged a child's bicycle.

Two local youths confessed to stealing hubcaps this week after a Belleville man spotted them in a parking lot and reported their action to police.

Monday, Charles Everard of Belleville noticed three boys running with hubcaps in the city parking lot between South Center and East Main. They drove off when they saw him, but Everard had time to take their license number.

Police are still looking for the third boy.

Tuesday, young Joe Bell parked his bike at the Main street school playground while he went swimming with a group of youngsters at Whitmore lake in the recreation department program.

When the children returned the boy found his bicycle tires slashed. Police are still investigating the cases.

**Report Prowlers Monday**

Joseph Hoehl of Randolph street reported prowlers around his home Monday night.

When police arrived, shortly after 10 p.m., the area was searched and two men were spotted running east on Randolph. Police gave chase but lost them in the Hays woods on North Rogers streets.

They were described about five feet, 10 inches in height, wearing light colored shirts and dark pants.

**READERS SPEAK:**

**Contact Me...**

To the Editor:  
Last week's letter to the editor by former band member entitled "Duds Instead".  
I heartily agree with him and would like him to contact me evenings by phone to further his idea for the good of our band and our community.

First and Third Tuesday of Each Month

**To Spend \$291,000 For Improvements In Northville Area**

Michigan Bell Telephone Company plans to spend \$291,000 for new construction to expand and improve service in Northville during 1959 and 1960, the company announced this week.

John Kamego, Michigan Bell Manager here, said the company will spend \$127,000 this year and \$164,000 next year.

The outlays, when added to the 1956-through-1958 expenditures, will bring Northville's total to more than \$2.1 million for the five-year period.

The \$291,000 earmarked for Northville is part of the \$171 million construction program Michigan Bell has planned throughout its territory for 1959 and 1960.

Breaking down the scheduled construction program for Northville during the 1959-60 period, Kamego said the company plans to spend \$134,000 for cable, wire, poles, and other outside plant; \$13,000 for additional central office equipment; \$144,000 for equipment on customers' premises; and the balance for miscellaneous facilities.

Kamego said one phase of the two-year construction program is to convert five more Michigan communities from the manual "number please" type of service to dial.

"Ninety-seven per cent of Michigan Bell's customers now have dial service," he said. "By the end of 1960, the company will be 98.5 per cent dial."

More customers also will be added to the nationwide Direct Distance Dialing network, enabling them to dial their long distance calls direct to 46 million telephones in the United States and many others in Canada.

Kamego said part of the money in the two-year program will go for expanding local calling areas in many parts of the state. He said the number of telephones — not counting extensions — in Northville's local calling area increased from 1,772 in 1948 to 47,589 at the beginning of this year.

**Dies Here Suddenly**

Morris S. Drew, 54, of 519 Horton street, died here suddenly Wednesday morning.

Funeral arrangements have not yet been completed.

For the time of the service, call Casterline Funeral home, FI-9-0611.

**Local Homemakers Attend MSU Meet**

Among the 1,061 women attending the 32nd annual Michigan Homemakers conference at Michigan State university last week were four local homemakers.

Mrs. Howard Atwood, Mrs. S. S. Cherne, Mrs. George Meirs and Mrs. Harold Seden attended.

Theme of the conference was "Today's Family Looks Ahead".

One of the largest conference groups in years heard 31 speakers from Wayne county.

**Where Oh Where Has...**

Keep an eye on Fido. If you don't, the police will.

Three residents were charged with violating the city dog ordinance, by letting their pets roam free.

Two were fined \$5 and costs. The third case will be tried later.

**Prize Pony Killed By Gun Shot Here**

Bad luck hit the George Whitefields of East Seven Mile road last week.

The Whitefields, newcomers to Northville, and Mr. and Mrs. Earl Clarke of the adjoining address, just began raising ponies.

Monday, Mrs. Whitefield reported to police, that one of the prize ponies died, apparently wounded by a 22-caliber bullet.

The pony seemed sick last Friday, she told police, and a South Lyon veterinarian was called out. It died while the veterinarian was there. He surmised that it had been shot and had been bleeding internally.

Mrs. Whitefield told police she later recalled that she had heard gun shots Thursday, and remembered that she thought at the time that they sounded like a 22 rifle.

A post mortem examination was performed Monday by Dr. T. N. Heslip. The doctor reported that the intestine was pierced by what seemed like a bullet hole. The bullet itself was not found.

Whether the shooting was deliberate or accidental has not been determined, police say.

Mr. and Mrs. Fred Fry of East Seven Mile road will mark their 60th wedding anniversary Sunday, August 9.

Sunday, the family honored their guests at a family dinner also attended by Mr. and Mrs. Edward Wendt, Jr. and family. After the dinner, they left for a week's stay at Burroughs Farm cottages at Brighton. They will be joined there Wednesday by Lucille Wendt, coming from Washington, D.C.

### Gerald L. Rice To Receive Degree

Gerald L. Rice

Gerald L. Rice, son of Mr. and Mrs. E. L. Rice of 11 Mile road, will graduate from General Motors Institute Friday.

A mechanical engineer, Rice attended the institute on a four-year cooperative program.

He was affiliated with Phi Tau Alpha fraternity and was active on the school inter-fraternity council. He was also sports manager for the student athletic council for which he received silver and gold keys.

He graduated from Farmington high school in 1955.

### Teenagers to Take Over Day Camp

When the regular Day Camp season comes to a close at the end of July, Camp E-Se-Da-Ca, better known throughout the year as the Easter Seal Center, will be taken over by sub-teens and teen-agers. These physically handicapped young people, interested in more adult pursuits than those which have occupied younger boys and girls for five weeks, will participate with the Day Camp staff and their teen-age volunteer helpers in planning their own five day program. From early indications an overnight camp-out is almost certain to be one of the highlights for this group of 11 boys and girls.

Closing events of the regular Day Camp season, as outlined by Mrs. Jane Devereux, executive secretary of the Easter Seal Society, will draw in parents of the day campers and their brothers and sisters, as well as representatives of service clubs who have provided transportation to camp when this was needed. Miss Marion Wyman, executive director of the Downriver Branch of the Family Service Society, will lead parent discussion groups concerning problems in family living which may arise when there is a handicapped child. Various groups of campers and their helpers will present songs, stories and skits during the final camp sessions.

Camp E-Se-Da-Ca is financed through the distribution of Easter Seals during the Easter season, and by special contributions to the Easter Seal Society of western Wayne county.

D. James Greiner, a special education teacher in the Ecorse public schools is day camp director, with Olive Shale, R.N., of the Wayne community schools as assistant. Mrs. Lawrence Chamberlain of Wayne is camp cook. Volunteers, mostly teen-agers, make up the rest of the day camp staff.

### Novi Highlights . . .

Mr. and Mrs. Lester Ward and children of Willowbrook were the Sunday dinner guests of Mr. and Mrs. R. E. Ward.

Mr. and Mrs. Doyce Ward are returning this week from a two weeks vacation in Florida. During their absence the former's parents, Mr. and Mrs. R. E. Ward, have been staying with their grandchildren.

Mrs. George Atkinson and Mrs. Glen C. Salow are spending this week at their cottages near Lewiston. Their house guests are Mrs. George Kahrl, Mrs. Floyd Darling and Mrs. Harry Watson.

John Klasermer, Jr. spent a few days last week with his grandparents, Mr. and Mrs. John K. Klasermer.

Mr. and Mrs. Glenn Salow, Sr. of Taft road and Mr. and Mrs. Fred Lenz of Farmington just returned from a trip to Niagara Falls.

Mr. and Mrs. Duane Bell and children are vacationing this week. They will be the guests of Mr. and Mrs. Ed Callan at Lake Van Etten and will also visit Mr. Bell's mother at Glennie.

Mr. and Mrs. John A. Klasermer announce the birth of a son, Jimmy David, born July 23 at Pontiac Osteopathic hospital. The Klasermers have another son, Johnny, Jr.

Mrs. Walter Tuck is ill at her home on East Grand River.

Mr. and Mrs. Anthony Olivich, Jr. are the parents of a son born at the Osteopathic hospital in Detroit on July 25.

Mr. and Mrs. Lloyd Henry of Nebraska arrived in Novi Monday to visit their daughter and son-in-law, Mr. and Mrs. Joe Hayes.

Mr. and Mrs. Dale Cook have a new baby girl, Dawn Marie. She weighed six pounds, seven ounces and was born in Garden City hospital July 20.

The Baptist church Sunday school is sponsoring a baby day August 9. Parents are especially invited to attend church and bring their babies with them.

Novi Girl Scouts Miss Shirley Myers of Farmington, district director for Farmington and Novi, and Mrs. Mae Skellenger had a business meeting at the home of Mrs. Marge MacGillivray on Tuesday of this week.

Next Tuesday the counselors will

meet at the home of Mrs. Marge MacGillivray for evaluation of day camp.

### Detroit Bank, Trust Opens Near Here

Albert M. Robertson

The Detroit Bank and Trust company moved new banking facilities Monday to Schoolcraft and Wilcox roads, site of the projected Lake Pointe Shopping Plaza in Lake Pointe Village.

The bank will officially open for business Wednesday morning, August 5. The temporary trailer office will eventually be replaced with a modern banking structure.

Albert M. Robertson of Livonia has been named bank manager. He started with the Detroit Bank and Trust company in 1926 as a messenger boy and was appointed manager of the Fort-Campbell office in 1948 and the Woodward-Brady office in 1956.

Robertson has attended the American Institute of Banking and the University of Michigan. He is past director of the Southwestern Businessmen's association and a past Sunday school superintendent of Bethany Baptist church, as well as an area director and organizer for the Torch Drive.

### "Do You Believe In Divine Healing?"

J.M.

I presume you mean miraculous healing without the aid of physicians and medicines.

Anyone who reads and believes the Bible will have to admit that Jesus Christ healed people miraculously while He was here on earth. He conveyed this power to his disciples so that they performed many miracles even as He did. From I. Corinthians 12, we understand that "gifts of healing" were given to certain believers. This has never been cancelled as far as I know. However, after the establishing of the church and in the first centuries afterward we do not read of many such miracles being performed. There, no doubt, are some very good reasons for this. First, miracles were given as "signs". (Mark 16:17-18; I. Corinthians 14:22) and after the Church was firmly established such signs of confirmation were not longer needed. And second, such miracles were diminished lest they should overshadow and take pre-eminence over the more important matter of salvation. I believe we should beware of thinking that all present-day claims of Divine Healing are genuine.

— FIRST BAPTIST CHURCH OF NORTHVILLE —

Peter F. Nieuwkoop, Pastor

Sunday School, 10 a.m.—Morning Worship, 11 a.m.—Evening 7:30

### Welcome guests! They telephoned ahead!

Thoughtful guests telephone ahead to say when they'll arrive. It's the friendly, considerate thing to do. And it's the easy way to settle the details of your trip.

If you're delayed along the way you can avoid embarrassment by calling from a handy Public Telephone, to tell your friends the change in plans.

The cost is low. You can call places a day's drive away for less than a dollar.

MICHIGAN BELL TELEPHONE COMPANY *It's faster, more fun, to dial direct.*

### MacIsaacs Hold Block Party

By Mrs. George Ames — Greenleaf 4-0830

Glen Ridge court residents held a block party at the home of Mr. and Mrs. Robert MacIsaac last Saturday night. Participating besides the MacIsaacs were Mr. and Mrs. Robert Stover, Mr. and Mrs. Bill Gould, Mr. and Mrs. John Williams, Mr. and Mrs. Ken Rippey, Mr. and Mrs. Jerry Locke, Mr. and Mrs. Donald Thorpe, Mr. and Mrs. Robert LeWitter, Mr. and Mrs. Clayton Graham, Mr. and Mrs. William Baliko and Mr. and Mrs. Raymond Stroutos.

Ruth Moore of Orchard Hills was hostess to one of the Wednesday evening bridge clubs last week. Guest-ine Lyke and Kay Riess were the players. June Anderson won the prize.

Mr. and Mrs. William Reiss of West LeBost entertained Mr. and Mrs. Fred Barton of Detroit and Mr. and Mrs. Keith Reynolds of Livonia last Saturday evening.

Mr. and Mrs. Harry Brundie of West LeBost are busy to announce the birth of a daughter, Tammy Ann, at Deaconess hospital July 16. Her birth weight was six pounds, 15 ounces. Tammy is the Brundie's first child. Her grandparents are Mr. and Mrs. Herbert Griebie of Roseville and Mr. and Mrs. Harry Brundie of Willowbrook.

Congratulations to Mr. and Mrs. Frederick Buck of LeBost drive on the birth of a son, Jon Frederick

at Garden City Osteopathic hospital July 17. His birth weight was seven pounds. The Bucks have one other child, Ronald, who is two. The happy grandparents are Mrs. Floretta Buck of Nashville, Tennessee and Mr. and Mrs. William F. Johnson of Stockport, Iowa.

Mr. and Mrs. Raymond Stroutos entertained two of Mrs. Stroutos' sisters and their husbands over the week end. Mr. and Mrs. Joseph Portalupi and Mr. and Mrs. Arthur Perrault came here from Barre, Vermont.

Mr. and Mrs. Henry Kriedeman went to an open house Sunday in honor of the 60th anniversary of Mr. and Mrs. D. Warren McColl, who live on Cherryland, Detroit.

Mr. and Mrs. Ronald Heaton and their children, Cindy and Dennis, have returned from a ten day vacation which they spent at the Hotel Orion in Port Stanley, Canada.

Mr. and Mrs. John Parney spent the week end in Grand Rapids visiting Mr. and Mrs. Richard Zimmerman. Friday evening they all had dinner at Schuler's restaurant.

The other Wednesday bridge club met at the home of Ruth George last week. Marguerite Parent won first prize, Agnes Driscoll second and Virginia Barnes booby.

Mr. and Mrs. Lloyd George spent Friday evening in Howell visiting Mr. and Mrs. Louis Stipe.

Mr. and Mrs. Robert Driscoll attended a fish fry last Friday at the home of Mr. and Mrs. John Driscoll in Redford township.

Mrs. Clifford Bunker attended a party given by Mrs. Jean Angel of Northville Monday evening. The Ames children, David, Rolf, George and Marilyn, enjoyed the Northland circus last Saturday in the company of their grandmother, Mrs. James B. Rothwell of Detroit.

### Say Last Rites For E. S. Beard

Retired Vice President of Northville Depositors Bank and Elder Emeritus of the First United Presbyterian church here, Edmund S. Beard, 4215 Eight Mile road, died at his home July 23 after a prolonged illness.

He was 94 years old. Mr. Beard, a florist by occupation, was born June 2, 1865 in Detroit, the son of George and Elizabeth Beard. He had made his home in Northville since 1914.

His wife, Cassie, died in 1944. He leaves a daughter, Miss Elizabeth Beard of Northville; three sons, Paul of Northville, George of Portland, Oregon and Allen of Ann Arbor, and six grandchildren.

Funeral services were held July 25 from the Casterline Funeral home. Dr. Harold Fredsell, former pastor of the Presbyterian church here, officiated.

Burial was in Woodmere cemetery.

### 80 Junior Police Attend Tiger Game

More than 80 members of the Northville Junior Police attended a Detroit Tiger baseball game last Thursday afternoon.

Another trip to Briggs stadium for the annual police field day is planned for August 9.

Adults interested in helping to supervise the youngsters for the August trip are urged to call Patrolman Gil Glasson of the Northville police department.

### St. Paul's School Nears Completion

The months of April to August have seen a new school emerge in Northville.

St. Paul's Lutheran Christian Day school is now nearing completion. Construction of the eight-grade elementary school began early in April, after some three years of planning.

The split-level structure has been erected adjacent to the church. Remaining work on the building includes some painting, carpentry, floor tiling, landscaping and installation of windows and furniture.

Dedication ceremonies are already being planned for August 25. The official dedication service will be held in the morning, between the regular 8:30 and 10:30 worship hours.

Traverse City, W. Harry Krieger of the Rev. president of the Michigan district of the Lutheran church—Missouri Synod, will be guest speaker at both Sunday worship services.

The intervening dedication will be held with a procession from the school to the church.

Later in the afternoon other observances will be held in connection with the dedication.

Speaker at the afternoon ceremony will be the Rev. Edwin Weber of Frazer, chairman of the church extension board for the Michigan district—Missouri Synod.

A supper will follow. Pastor B. J. Pankow has invited "any interested persons" to attend the events.

Enrollments are still being accepted, Rev. Pankow said. Persons who wish to enroll their children in the new school (grades one through eight) are asked to call School Principal Harold R. Kenow, FI-9-2033. School will begin September 9.

A "clean-up day" will be held this Saturday by parish volunteers to clear the school premises for the August celebration.

### Methodist Church Begins Vacation Church School

Vacation Church school of First Methodist church begins Monday morning, August 3, with classes for kindergarten through junior high age groups studying the theme, "God and His World".

The school will continue from 9 to 11:30 each morning through Saturday, August 8.

Attendance is not limited to Methodist; any child between 4 and 14 who wishes to attend is welcome.

Teachers for the various classes are: Mrs. Allan Peterson, Mrs. Don Hannabarger, Mrs. Dan Popa, Mrs. Charles George, Mrs. Lloyd Moore, Mrs. Fred Hicks, Jr., Mrs. Richard Ambler, Mrs. A. J. McClendon, Mrs. James Kaler, Mrs. Charles Strautz, Mrs. Melvin Mitchell, Mrs. Russell Clarke, Mrs. L. M. Lancaster, Mrs. Douglas Bolton, Mrs. Charles Altman, Jr., Mrs. Wilfred Becker, Mrs. Neil Anderson, Rev. Paul Cargo.

Mrs. Leland Mills will be the special music teacher; Mrs. Robert Gotts will be in charge of refreshments, and high school students will lead in recreation. Registrar is Mrs. Ward Schultz, and Director Mrs. Paul Cargo.

IN WIXOM:

### Survives Plane Crash Here

By Mrs. Charles Ware — Market 4-1601

A near-fatal accident occurred in Wixom Saturday noon. Mr. Ramsay of Farmington was landing his plane at Spencer air field when the engine gave out and the plane crashed in the brush. Mr. Ramsay's life was saved by the quick thinking of Mrs. Spencer and neighbors. Mr. Ramsay underwent a tracheotomy after his jugular vein was lacerated causing a blood clot which hampered breathing. He was taken to Redford receiving hospital and has since been taken off the critical list.

Mrs. Ray Burke is home from the hospital.

The Don Caravagios of Nightengale are proud parents of a daughter born Saturday at MacKenzie Clinic, Walled Lake. She weighed five pounds, nine ounces. The Caravagios have three other children, a girl and two boys.

Major and Mrs. Gordon of the USAF were Saturday guests of the Walter Tucks of Birch Park. The Gordons are residents of Florida.

Dave Richard and Bob Tuck have made the All-Star league of Walled Lake. Walter Tuck is coaching the team which will start elimination games this week for the district championship.

Mr. and Mrs. Victor Noirel of West Maple road and their houseguest, Miss Joan McKeown of Windsor, enjoyed the South Sea Island dance at Hickory Hills Saturday evening and say that the dance was a big success.

Tom Burke, the Wixom barber, has moved from his present place of business to the former Abrams real estate office in Wixom.

The Julius Nelson family are being cared for by Mrs. Robert Tomsett and family.

Mr. and Mrs. Harry Rathbone and three children were week end guests of Mr. Rathbone's uncle, Peter Croft of Wixom. Sunday, he and Lloyd Croft had a family dinner honoring the visitors.

Mr. and Mrs. Lee Harrison have returned from a 2,300 mile trip through Wisconsin, Illinois, Ken-

tucky and the Smoky Mountains. The Harrisons visited their daughter and family in Milwaukee and took three of their grandchildren on the trip.

Saturday, Mr. and Mrs. Jesse Byrd entertained Mrs. Byrd's nephews, niece and family, Mr. and Mrs. Kurk Muether of Gulfport, Florida at a family picnic.

Week end guests of the Byrds were Mr. and Mrs. Martin Kendig and Billy Byrd of Spring Valley, Ohio.

Sunday callers at the Byrd home were Mrs. Eva Hawthorne and son, Russell, of Toledo.

**RETIRING** — Edward L. Mills, who has been in charge of Detroit Edison's sales activities in western Wayne county since 1948, will retire August 1 after 44 years of service with the company. Now a resident of Wayne, Mills is well known in Northville as a former resident and past president of the Northville Rotary club.

### To Attend Summer Camp

All but 35 of about 700 (cq) Michigan Air Force reservists will be at Selfridge at 3 a.m. tomorrow to fly to summer camp at Baskalar AFB, near Columbus, Indiana.

Staff Sergeant Eberhardt F. Fretter of Northville, member of the Selfridge-based 403d Troop Carrier ("Boxer") Wing, will participate in the "war" maneuvers.

### Visiting Nurses To Work in Novi

Services of the Visiting Nurse Association of Detroit have been extended to additional Oakland county townships in which the Torch Drive is conducted.

The VNA is one of 195 health and community services made possible by the Torch Drive.

Mrs. Gertrude Redmond, supervisor of the VNA in southern Oakland county, said that Miss Beatrice Murphy was assigned July 1 to help care for patients in Novi as well as nine other townships. The service has been available in Farmington township for the past three years.

"This means that all Oakland county townships in which the Torch Drive raises funds, with the lone exception of Addison township in the northeast corner of the county, are being served by the VNA," Miss Redmond said.

"This is the first continuing nursing service for the townships."

Miss Redmond said that Miss Murphy at present has eight cases in the townships, and is driving 100 miles daily to serve them.

In addition to Miss Murphy's regular calls, patients in this area have the services, when needed, of a therapist attached to the south Oakland office.

Services of the Visiting Nurse Association are available to all who need them, regardless of ability to pay. The full fee is \$5 for a professional visit. The amount charged, however, is regulated to the patient's ability to pay. Last year, for instance, patients paid directly for 30 percent of the visits. Half of these were at the full fee.

The services of the Visiting Nurse Association are made available to the public through the generosity of contributions to the Torch Drive. Last year, for instance, the association operated on a budget totaling \$807,472.30, of which \$111,912.54 came from patients' fees and \$537,124 from the United Foundation, the balance coming from public and private funds.

### 2 Northville Graduates Visit W. M. University

Two Northville high school graduates were among a group of freshmen students who recently completed a two-day visit at Western Michigan university.

They are: Jeff Goodrich, 305 West Dunlap, and Kathleen A. Farley, 789 Thayer boulevard.

Under the direction of the counseling bureau, 100 students are coming to the campus four days each week. They are housed in university residence halls, having an opportunity to become acquainted with this mode of living.

They are also tested and counseled concerning fall classes and then complete their registration for the first semester. Swimming, movies and campus tours are planned as recreation for them.

June graduates of Northville high school, Sharon McKarns of West Six Mile road and Mary Daleo of West Ten Mile road, attended the summer counseling clinic for prospective fall freshmen at Michigan State university last week.

# Northville City Council Proceedings

A regular meeting of the Northville City Council was held at the City Hall Monday Eve., July 20th, 1959 at 8:00 P.M.

Absent: Mayor Allen, Councilman Canterbury.

Present: Councilmen Juday, Reed and Welch.

In the absence of Mayor Allen, the Council designated Councilman Reed to fill the chair.

Bills were presented for payment as follows:

General Fund \$22,979.43  
Water Fund 2,554.95

It was moved by Welch, supported by Juday, that these bills be paid. Carried.

In answer to a question raised by Councilman Welch, Mgr. Robertson reported that Northville Downs had been billed \$2,400.00 for the use of water and sewer for the years 1958 and 1959, and that this bill had already been paid.

First item of old business was the opening of bids for fencing City Disposal Area. Only one bid was received, which was from the New Hudson Fence Co. for \$4,132.00. Moved by Welch, supported by Juday, that contract for completing the fencing of the City Disposal Area be awarded to the New Hudson Fence Co., same to be completed in thirty days. Carried.

Public hearing on Sewer Rate Ordinance was the next item of old business. There being no one present to raise objection to its passage, it was moved by Reed, supported by Welch, that the proposed amendment to Ord. 140 as published, be adopted. Carried.

Regarding paving of Wing St., Wing Ct., Fairbrook and First Sts., a petition was read from all the residents of Wing Ct. requesting that City install hardtop surfacing on their street. Request was presented because a published report in the Northville Record stated "Councilmen were not sure that Wing Court should be included in the final paving program."

The estimated figures for the program as prepared by City Engineer Penn are as follows:

Wing Street \$7,823.00  
First Street \$8,162.00  
Fairbrook — Center to First \$11,493.00  
Wing Court \$4,480.00  
Cady St. at Park Place 3,300.00

Mgr. Robertson recommended that Fairbrook, Wing St., Wing Court, First St. and the Dunlap St. Parking Lot be included in the advertising for bids. Moved by Juday, supported by Welch, that the City advertise for bids as recommended by Mgr. Robertson. Carried.

Engineer Penn reported on the cost of sewer line under viaduct as follows:

From Studebaker Garage under viaduct \$2,080.00  
600 ft. with 2 manholes beside C&O Depot 2,860.00  
800 ft. with 3 manholes, through dump to proposed Public Works Bldg. 3,900.00

This matter was referred to Mgr. Robertson to make a report after talking with property owners in the area. He is also instructed to find out what the cost would be if the work is done by the City.

A discussion was held regarding the contract with Northville Township for the use of the City Disposal Area. All matters pertaining thereto have been resolved except the length of the contract. Mgr. Robertson suggested a four year contract, but the City Council does not agree with this proposal. They will only enter into a one year contract. Mgr. Robertson was instructed to write the Township stating the Council's views regarding the contract.

Residents of Northville Heights were present to complain about certain things which have been left undone in this subdivision. They state the Subdividers say they have done all they are going to do. Vacant lots are covered with weeds, loose dirt is washed down streets when it rains, and there are two or three basements which have been dug and no buildings have been erected, which creates a dangerous situation for children playing in the neighborhood. Mgr. Robertson is to contact the Subdividers and inform them that they must either build where these excavations were made, or fill them in.

Regarding the weed problem, Atty. Ogilvie was instructed to draw up an Ordinance to take care of this matter.

Engineer Harold Penn reported that he is ready for approval to advertise for Water Bond Improvements, with the provision of holding up the awarding of contracts until the bonds are sold. It was decided to hold a Special meeting of the Council on Monday Eve., July 27th, 1959, at 8:00 P.M. to further discuss

this matter before acting on the approval for bids.

Mr. Penn also reported that if the new water line that is to be installed between Fairbrook and S. Main St. is routed along Seven-Mile Rd. the estimated cost will be \$38,700.00. If it follows the alternate route the cost will be approximately \$48,000.00.

Oscar Hammond asked if there would be a larger water main installed on Walnut St. and also when curb and gutter would be installed on this street. No definite answer could be given.

Under new business, the matter of the ordinances which were scheduled to be discussed, would be postponed until the Special meeting to be held July 27th, 1959.

Councilman Juday feels that the matter of the heating received by Mike Myers several weeks ago should not be dropped, and suggested that the \$50.00 reward previously offered for information regarding those responsible for the beating should be raised to \$100.00. It was agreed that this should be done, and that an ad should be placed in the South Lyon Herald and the Novi News, as well as in the Northville Record.

The complaint regarding the burn-

ing of garbage received from a resident of S. Wing St. is to be investigated by Mgr. Robertson.

Moved by Juday, supported by Welch, that the Ordinance previously tabled setting up the Water Department as a public utility, be re-published and that a public hearing be held on same at the regular meeting of the Council to be held Aug. 3rd, 1959. Carried.

Moved by Reed, supported by Welch, that the firm of Iceerman, Johnson & Hoffman, of Ann Arbor, Michigan, be hired to audit the books of the City of Northville for the fiscal year ending June 30th, 1959. Carried.

Mgr. Robertson stated that provision had been made for a sidewalk to be constructed on the west side of N. Center St. from Base Line Rd. to the schools. Contractor will be sodding the bank around the middle of August, and it is requested that if the City is going to put a sidewalk in that they do so before the bank is sodded. It was agreed that a 5 ft. sidewalk be installed, and the Board of Education billed for two-thirds of the cost.

No further business appearing, meeting was adjourned.

(Signed) Mary Alexander, City Clerk

One-key control: only Chevy in its field has done away with fumbling for two or three keys. The same key unlocks the door, starts the engine, opens the glove box and trunk.

WHY DO WITHOUT THIS CONVENIENT LITTLE TOUCH... LET ALONE

**THESE BIG CHEVY VIRTUES!**

**BIGGER BRAKES**  
Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR\*-conducted test of repeated stops from highway speeds.  
\*National Association for Stock Car Advancement and Research

**GREATER ROOMINESS**  
Official dimensions reported to the Automobile Manufacturers Association make this point abundantly clear. For example, Chevy's front seat room is up to 5.9 inches wider than in comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

**MOST ADVANCED ENGINES**  
We'll let SPORTS CARS ILLUSTRATED talk about Chevy's standard passenger car and Corvette V8's: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." And every motor magazine concurs! There are eight V8's to pick from—the widest choice in Chevy's field.

**FRESH STYLING**  
POPULAR SCIENCE magazine's experts took one look and said, "In its price class, Chevy establishes a new high in daring styling."

**HIGHER TRADE-IN**  
N.A.D.A.\* Guide Books carry the proof of Chevy's extra trade-in value. They show that Chevrolet used car prices last year averaged up to a solid \$128 higher than comparable models of the other two cars in Chevy's field.  
\*National Automobile Dealers Association

**FULL COIL RIDE**  
You've almost got to find a really rocky road to show off Chevy's easygoing ride to full advantage. MOTOR TREND magazine gives you an idea, though: "... the smoothest, most quiet, softest riding car in its price class."

**BIGGER SAVINGS**

Two Chevrolets packing our pennypinching 6 with Powerglide delivered a whopping 22.38 mpg in this year's Mobilgas Economy Run, winning the first two places in their class and walking away with top honors among all full-size cars. How can you argue with a figure like that?

Now wonder more people are buying Chevrolets in '59 than any other car

See your local authorized Chevrolet dealer and see how much more Chevy offers!

**RATHBURN CHEVROLET SALES**  
560 S. MAIN ST. NORTHVILLE FI-9-0033

**SPEAKING**

*for the Record*

by **BILL SLIGER**

Last week the Sliger family took a week off and journeyed to northern Michigan. We headquartered at Cadillac where we had a cottage on Lake Mitchell.

Monday morning we were (by guess) the two millionth and 22nd car to cross the Mackinac Bridge.

The way I figure it, a stop for the kids, another delay eating breakfast and timeout for my wife to take pictures of the bridge as we approached cost us some \$2,000 in prizes and an all-expense week's vacation.

When we pulled up to pay the toll the Maurice Owens' family in Niles was standing by their car chatting with Governor Williams and waiting for photographers to picture the occupants of the two millionth vehicle to cross the bridge.

It was the first time we had seen the bridge — and my first visit to the Upper Peninsula. We spent the day on Mackinac Island and the tour of the beautiful island as well as the ferry boat trip across and back were the highlights of our vacation.

It's a wonderful trip for a family and one that I'm sure we'll take again.

I was told that traffic across the bridge is down this year, but tourist business is certainly booming elsewhere in northern Michigan.

Traffic through northern communities is bumper-to-bumper. Cottages are at a premium and our landlord said he could have rented 50 cottages at Cadillac this summer.

\* \* \*

Speaking of paid vacations, how about that lucky Charles Dickinson?

First he won a bicycle in the merchants' Downs Day celebration; next a free vacation to Jamaica; and now he's won a beautiful bride who will become his wife September 4 changing the vacation into a Jamaican honeymoon!

**Four Ways to Invest**

Four Ways of Investing Money Babson Park, Mass. Before explaining these four programs, let me impress upon readers the importance of not mixing the programs. Each has its advantages and disadvantages. Hence, you should select one and stick to it. This advice is based on over 54 years of experience in the "school of hard knocks and hard work."

1. INVESTING BY THE CYCLE. Program No. 1 calls for selling at a time like this and depositing the money received in a bank, waiting for the next big break which will come some day surely. Then you will again buy the most active good stocks and hold them until another bull market comes; then follow the same plan over again. This is the most profitable program for those with courage and patience.

2. THE LONG-GROWTH COMMON STOCK PROGRAM. No. 2 provides that investors pay no attention to stock market prices but purchase a little "long-growth" stock every few months as they have the money, keeping these stocks for a long time. This is satisfactory if the advisor makes sound selections. When, however, companies are young, it is difficult to know what they will be when they "grow up."

As an illustration, I am listing the names of some such stocks which were bought, in accordance with Program No. 2, by an intelligent Boston stock broker for his children and grandchildren. THESE STOCKS ARE NOW WORTHLESS. Amalgamated Gold Dredging Co.; Black Diamond Anthracite Coal; Boston Mining & Exploration; California Fortune Oil; Deadwood Standard Gold Mining & Milling; Dorothy Gold Mining; Eastern Kentucky Oil; Goldfield Mutual Prospecting & Developing; Hidden Fortune Mining Co.; Invincible Gold Mining; Mount Glines Gold & Silver Mining Co.; Old Mexico Mining & Milling; Santa Ana Tin Mining and Spearfish Gold Mining & Reduction Co.

3. BUYING GOOD STOCKS AND CUMULATIVE PREFERRED FOR INCOME ONLY. With Pro-

gram No. 3 you would not sell your stocks in a high market, but would wait for a lower market before buying others. This Program is very suitable for older people.

4. THE FOURFOLD SYSTEM. Program No. 4 is the one I like best, combining profit, income and security. Such an investor today would have one third of his money in good common stocks as an inflation hedge; one third of his funds in bonds or good cumulative preferred stocks for income; and one third in cash, waiting for a break in the market. Thus, whatever happens, he would be able to take advantage of any future market situation. Although I am not strong for Program No. 1, I feel that Program No. 2 is dangerous and that it is wrong to ignore the "ups and downs" of the stock market.

CONCLUSION: During the more than 54 years that I have been studying the stock market, I have seen it go through three wars, four panics, and five booms. Although I admire young men for their courage and initiative, I think that investors should always consult both young men and old men. The younger men think that we are continually entering "new eras" and that panics can never occur again. Then they are bearish too long when the country is in a depression.

Older men, however, know that ever since there have been any reliable records—wars, business, investments, and even nations have moved in cycles. Periods of prosperity have encouraged carelessness, dishonesty, and an unreasonable increase in government, corporation, and personal debt. This has finally resulted in a decline and depression. A depression tends to make people industrious and more anxious to pay up their debts. This results in a period of improvement and another era of prosperity.

Although those who follow Program No. 1 may be unable to pick out the exact high spot of a bull market and the low spot of a bear market, yet they are performing a very important social service.

**Michigan Mirror**

**State Revenues Up \$22 Million over Estimates**

COUNCIL of Michigan has revised upward its estimate of revenue collections during the fiscal year that started July 1.

"The state stands to take in about \$22 million more in this fiscal year than was thought possible seven months ago," the council said.

Official estimates of state revenues for the current fiscal year were made when Gov. G. Mennen Williams finished his budget drafting late in December.

"Seven months have since elapsed—seven months of what all signs and portents point to being a rapid and sound recovery from the current recession," according to a revenue report from the council.

Williams' original estimate for general fund revenues for the current fiscal year was \$308 million.

The Research Council now estimates the general fund revenues will be \$317 million.

The citizens group thinks the school aid fund revenues will reach 295 million dollars, up 13 million dollars from the original estimates.

Shortly after the Citizens Research Council talked about millions for Michigan, a panel of seven economists called together by Gov. G. Mennen Williams talked about billions for the nation.

The economists, including William Haber of the University of Michigan and Daniel Fustfeld of Michigan State University, urged expanded management of the economy of government. They also asked for more spending to relieve unemployment.

The panel of economists, meeting at Williams' Mackinac Island summer home, paid tribute to the government research that has increased productivity in the field of agriculture.

Williams said much of the praise was directed at the type of research carried out at Michigan State University.

MSU IS ABOUT to start a large research campaign against tuberculosis in cattle. The university has accepted grants of \$245,000 and \$65,000 from the federal government for laboratory investigations and field studies.

AND ONE OF MICHIGAN'S best known farmers, wheat grower-road builder John C. Mackie, has asked for some research into the way the federal government goes about measuring farm land for marketing quotas.

"Recently the Agricultural Stabilization Committee informed me I had overplanted my 15-acre wheat allotment," Highway Commissioner Mackie said in a letter to Sen. Philip A. Hart (D-Mich.). "I plowed

under 0.8 acres and cut 0.5 acres of wheat to circumvent paying a fine and to avoid the expense of a law suit.

"I am writing you as a member of the Senate Agriculture Committee to ask you to look into the background of the existing highly-inaccurate system of computing acreage used by the ASC."

Mackie said he has been "deluged" with comment from other farmers from throughout Michigan who report similar errors in measurement by ASC.

"Apparently the condition is widespread, vexing a good many people," Mackie said.

Mackie had other trouble on his farm. He claimed in court a contractor over-charged him for remodeling. Mackie lost and had to pay.

The highway commissioner's personal affairs were in the news again the day after he lost his court fight with the contractor. Mackie decided he would turn down a \$1,000 fund collected by highway contractors

who wanted the money to be used for promotion of road building activities.

PROMOTION OF MICHIGAN'S industrial development activities has been stepped up.

The first of a series of regional meetings planned to build a "dynamic sales force for Michigan" was held recently in Petoskey.

The Michigan Industrial Ambassadors, a volunteer group of business, industrial and civic leaders, started the regional series to further their efforts to sell Michigan. Edwin O. George, vice president of the

Detroit Edison Co. and a member of the Industrial Ambassadors' Executive Committee, said Michigan now needs more than ever an "aggressive sales force" to spread the truth about the state and "correct the false impressions that have been created throughout the nation".

George reported plans for enlargement of the present Ambassador force from 214 to more than 500.

"We all have a big job ahead of us in selling our own state," George said. "And this job must be carried forward within the state as well as outside our borders."

"A Service To The Living, In Memory Of Those Whom You Love"

WE ASK YOU TO KNOW AND COMPARE . . .

if you are uncertain about the cost of a funeral service, or the facilities we provide, we ask you to find out — to know. The display room, and all prices are open for your inspection as is the entire Dempsey B. Ebert Funeral Home.

**ADVERTISEMENT**

Sealed bids will be received by the Northville Board of Education up to 8:00 p.m. on August 10, 1959 for approximately the following work:

- 72,880 square feet of 4" bituminous paving
- 65,600 square feet of 2" bituminous paving
- 3,145 lineal feet of bituminous curb
- 340 lineal feet of concrete curb
- 410 lineal feet of 6" perforated drain tile
- 893 lineal feet of 12" concrete storm sewer
- 195 lineal feet of 15" concrete storm sewer
- 11 catch basins

Plans and specifications are available from the Northville Public Schools office, Northville Grade School, 501 West Main Street, Northville, Mich.

MARY WALLACE, VILLAGE CLERK

**Advertisement for Concrete Sidewalks**

CITY OF NORTHVILLE

Sealed proposals for the paving of concrete sidewalks for the following areas will be received by the office of the City Clerk until 8 P.M. Monday, Aug. 3, 1959 and then will be publicly opened and read aloud.

The work included consists of furnishing all material, labor and equipment for the following areas:

Part A. Construction of new sidewalk on the west side of North Center street between Baseline and the new Eight Mile Road. Five feet wide and placed next to the curb. Approximately 750 lineal feet.

Part B. Removal of old sidewalk, and construction of new concrete sidewalk in the Northville Business District; sections which need replacement on both sides of Main street and both sides of Center street. Approximately 2500 lineal feet.

The bidding documents and specifications may be obtained at the office of the City Clerk during business hours without charge.

Each proposal must be accompanied by a certified check, bank draft or satisfactory surety bid bond in an amount not less than 5 percent of the total bid price as guarantee and security for the acceptance of the contracts. Checks shall be made payable to the Treasurer, City of Northville.

No proposal once submitted may be withdrawn for at least 45 days after the actual opening of bids. The City of Northville reserves the right to waive any irregularity in any bid or to reject any or all bids, should it be deemed for its best interest.

CITY OF NORTHVILLE  
MARY ALEXANDER, CITY CLERK
