

City Pushes Decision on Community Building Sale

An impatient city council served notice Monday night that it intends to push for an immediate decision from the Northville school board concerning the proposed sale of the community building.

The council — noting that negotiations have dragged on for nearly three years — decided to set a deadline for disposing of the matter. City Manager John Robertson was instructed to inform the board that the city expects to reach a settlement by September 1.

But while school officials may favor acquisition of the community building, it is highly unlikely that even a "city ultimatum" will bring any immediate action from the school board. Legal complications would appear to make it im-

possible for the board to make any binding commitments.

Monday night's council action was prompted by a desire to improve city hall facilities, in addition to correcting the existing arrangement which has the school using the community building under a lease that expired three years ago.

Councilman John Canterbury introduced the matter by quoting from a letter written to School Board President Nelson Schrader in December, 1957. In particular Councilman Canterbury drew attention to the following excerpt from the letter:

"Our present city hall, for example, is already inadequate and, in addition, we have great need for the establishment of a jail in the city. As has been informally discussed in the

past, we felt it might be to the advantage of all parties and citizens concerned for the city to sell the community building at a reasonable price to the school board. This is, of course, predicated on the assumption that the school board will have continuing need for this facility and would find it economically advantageous to the citizens of the entire school district to purchase this structure. On the other hand, if this cannot or does not come to pass, there are some who believe the city should give serious consideration in the near future to an architectural study aimed at conversion of the building to a city hall."

After reading the letter Canterbury suggested that the city had waited long enough and

should establish a time limit for negotiations.

"Even if negotiations cannot be completed by September we should decide upon the value and then lease the building to the school for the next school year until the deal can be closed," Canterbury stated. He suggested one percent a month of the estimated value of the property and said \$3,000 per month would be a possible rental.

"We need the space, we must get a specific answer from the school," Canterbury concluded. Canterbury's remarks received wholehearted support of Mayor Allen and Councilmen Juday and Reed.

"If we don't do something, they'll stall longer," Reed added. Mayor Allen pointed out that if the city waited too long, when

the school turned the building back over to the city it would be time for costly major repairs. Mayor Allen also hinted that the school system may be waiting until it has all the room it needs (with the new high school and remodeled junior high school) before deciding to relinquish the community building. Meanwhile, the mayor pointed out, the city is paying insurance and other expenses while the school uses the building free.

Meetings between the city and school concerning the community building have bogged down since the school board took action to have new legislation passed by the state making purchase of the building possible.

A new law enabling fourth class school districts to purchase buildings for school use

was passed in the current session of the state legislature. It does not become effective until 90 days after conclusion of the session, however.

School Board Attorney James Littell added further complications to the transaction this week with an opinion which will be introduced to the school board when it meets next Monday night.

Specifically, Littell states that the school district cannot purchase the community building without a vote of the qualified electors of the school district. Secondly, he does not guarantee the board that the purchase could be made even with a favorable vote with existing money left over from the \$3,000,000 bond issue. This money is earmarked for construction of the high school, expansion of Amerman

elementary, remodeling of the old high school and acquisition of a new school site.

Littell's opinion advises the board to consult their bonding attorneys for a definition of the manner in which current (1957 bond issue) money can be used. The opinion points out that the new law — when it becomes effective — permits fourth class school districts to purchase existing buildings for school sites. But, he cautions, this does not permit use of money not specifically earmarked for the acquisition of a building.

In short, Littell is saying that even with approval of the voters to purchase the community building, the school district may have to ask for a new bond issue if bonding ex-

perts say they cannot touch the \$150,000 left from the present \$3,000,000 bond issue.

Presumably, the school board will have received official word of the city's September 1 "deadline for decision" by next Monday's meeting. At the same time the board will read Littell's opinion. The board must then decide if it cares to pursue the apparently complicated road towards eventual purchase of the building — or agree to lease the building for a short term with the stipulation that it would go back to the city for possible conversion to a city hall.

In their latest talks — nearly six months ago — the council and school had seemingly reached an agreement on the sale price of the building — \$145,000.

Downs Gets Started On Improvements

The thrill of the races and the roar of the crowds may be gone from Northville Downs for another season but activity around the harness oval continues to hum.

While releasing final mutual handle and attendance figures for the season which ended Saturday night, Executive Manager John Carlo also revealed that work would begin immediately on his proposed \$2 million track improvement program.

City, Township Finally Reach Dump Agreement

Agreement between the city and township concerning operation of the city dump was reached at long last Tuesday night as the township board approved a city-drawn contract.

The agreement permits township use of the dump until June 30, 1960 at a rate of \$2500 per year. The contract is retroactive to January 1, 1959.

In negotiations between the city and township over control of the dump area (now entirely owned by the city) the township had sought a long term contract. The city had proposed a somewhat higher charge, and some payment for use by the township over the past several years.

The new contract represents a compromise in which the city has lowered the rate and retroactive features. The township agreed on the one year contract with assurance that the dump would be available to the township as long as it is in use providing the township is willing to pay its proportionate share of operating costs.

The city has hired a caretaker for the dump and established definite hours which the dump will be open for use. The area has been fenced so that only city and township residents will be permitted entrance.

Operating hours of the dump are: Monday, Wednesday, Friday — 10 a.m. until noon; Saturday — 10 a.m. until 4 p.m.; Sunday — noon until 4 p.m.

City residents may obtain identification cards at the city hall. Cards are necessary to gain entrance to the dump. There is no charge for the cards.

Township cards will be ready next week. Residents will be able to obtain their cards at the township hall.

Looking at this year's 1 1/2 per cent drop in betting and attendance, Carlo expressed satisfaction and predicted that improvements at the local track would boost the figures next year.

This year's 36-night meet attracted 180,125 fans who bet \$8,577,675. In 1958 182,850 fans wagered \$8,715,882. The average nightly mutual handle this year was \$238,269.

Because the state's share of the mutual handle totals has been increased from 4 to 4 1/2 per cent this year, the city of Northville stands to pick-up more tax rebate revenues.

Despite the drop in betting at the Downs, Northville will receive approximately \$90,000 compared to \$81,000 received last year.

Initial improvement work announced by Carlo includes the removal of eight barns preparatory to constructing new winter-type barns to replace them. Four large trees along the back fence of the track will also be removed to allow widening of the track.

Carlo said the barns, extending along the Seven Mile road cut-off, will be torn down within two weeks. The new barns, similar to those in the Sheldon road barn area, will be completed by January 1. Cost of the project is estimated at \$160,000.

Before next year's meet, the Downs' oval will be widened to permit the starting of eight horses abreast. Currently the track will accommodate but six with two starting behind.

This will be accomplished by removing the four trees and moving the southern (or back) fence of the oval to the south and at the same time moving the infield southward to gain 10 feet on the track itself.

This project, along with new lights, rails and fence will cost approximately \$100,000. Earlier this year the Downs purchased and improved for parking 2 1/2 acres on River street. This site will also provide a new entrance to the track for the sulkies. Widening of the track will eliminate the present entrance.

Earlier this year Carlo announced that the Downs was ready to launch a five-year \$2 million improvement program. In addition to barn replacement, track widening and more barns on Sheldon road the program includes expansion and renovation of the grandstands.

Carlo stated that the new lights and wider track should attract better horses to the Downs. "And, like any show, with better performers we should draw bigger audiences," he added.

The Northville Record

IF IT'S NEWS... AND IT HAPPENS IN NORTHVILLE... YOU CAN READ IT IN THE RECORD

Volume 89, Number 11, 14 Pages

Northville, Michigan, Thursday, August 6, 1959

10c Per Copy, \$3.00 Per Year in Advance

NOVI EQUIPMENT SOLD — The Novi Equipment factory, a familiar structure to Novi road motorists, has been sold to the Continental Motors company. The plant is expected to reopen later this month. The not-so-familiar view of the Novi plant in the picture above was snapped from the parking lot, looking at the northeast corner of the building.

Continental Motors Buys Novi Factory

Novi's oldest and largest manufacturing plant — Novi Equipment Corporation — has been sold to Continental Motors corporation of Detroit and Muskegon.

Official announcement of the transaction was made July 31 at a private dinner meeting. Neither company has released full details of the transaction. Novi Equipment has already vacated the premises, however, and Continental has taken over operations.

Pigeon Woe-ed

Does Northville have pigeon problems?

Councilman Earl Reed thinks maybe we do. He's had several complaints from residents concerning the noisy creatures.

"If we do, it could be serious," said Reed.

"We could shoot them," offered Mayor Allen.

"But what if you missed and hit a house," asked Councilman Canterbury.

"That's an insult to my marksmanship," retorted the mayor.

Stumped for a solution, the council looked towards the city manager who automatically nodded that he'd take a count of the city's pigeon population and see what could be done to curtail the growth.

Parking Tickets? Same Dull Yellow

Shades of whiplash green and white.

The Northville police department seems to have adopted that dollar-bill color scheme that went over so well with the U.S. Mint.

Last week the department acquired a new April green and colonial white Ford sedan. Colors selected by the Chief.

And for the past month or so, Chief Eugene King and Sergeant Gil Glasson have been busy painting and remodeling their city hall headquarters. The walls are now a restful whiplash green and the ceiling and woodwork, a cheery white.

Office visitors will also notice the new furniture arrangement. Filing cabinets have been moved around to serve as room dividers, providing a new area for conducting private business.

"What we really need is more space," King says, "but this arrangement helps some."

Other innovations include a relatively sound-proof enclosure for the teletype machine, built by city hall caretaker, Arnold Teska. The "rogues gallery" posters which papered the old walls have also been filed away in a manila folder.

About the only problem brought about by the renovation so far concerns the Chief.

The floor under his desk and cozier chair slopes downward so that he has to hang on to keep from rolling away while conversing with a client.

"I guess I need an anchor," says the Chief.

City Hears Bids For New Sidewalks In Business District

The city council opened bids from six sidewalk contractors Monday night and awarded one of two advertised projects.

Installation of new sidewalk along the west side of the newly paved Center street from Baseline to Carlyle will be completed this month by Herman Perlongo company of Plymouth. Perlongo's bid was 35c per square foot.

Replacement of most walks in the business district was the second project on which bids were read. Low bidder was Edward R. White of Berkley.

The business district sidewalk replacement program has been jointly undertaken by the city and the Retail Merchants association. At the request of the merchants the city obtained bids for the replacement of all damaged walks in the business district (the walks were identified with yellow "X" marks.)

The low bid for this project was 43c per square foot.

Property owners will be notified this week of this cost and urged to agree to enter the mass sidewalk replacement program. The project will be undertaken as soon as official acceptance is received from property owners. Charles Altman is chairman of the project for the merchants association.

In other business Monday night the council approved August 27 for opening of water bond bids. Advertisements for the sale of the \$300,000 general obligation water system improvement bonds were placed this week.

A request by C. R. Ely and Son to enlarge its bulk station in the Gerald avenue area without having water and sewer facilities was granted by the council on a temporary basis. The council anticipates a water and sewer line project to that area within a year. The company was notified that it will have to install these improvements on a special assessment basis when available.

In final business Mayor Allen directed Councilman Canterbury and the city manager to study the improvements needed on Wing court and report to the council Monday night. Bids for the paving of Wing, Fairbrook, First and Wing court are scheduled to be opened next Monday night. Councilman Canterbury objected to plans calling for curbing on Wing court, contending this was too expensive, unnecessary and would cause problems of grading at driveway levels. Engineer Penn disagreed but admitted curbs would add \$1,200 to the project.

Northville's Road Department Gets State Money

The city road department is \$4,653.96 richer this week.

A check for that amount has been received from the state highway department for expenditure on local roads and streets.

The money represents Northville's share of the Motor Vehicle Highway Fund collections during the second quarter of 1959.

Novi's share of the fund amounts to \$12,342.56; Walled Lake's share is \$4,542.97; and Wixom's share is \$3,660.64. Wayne county is slated to receive the largest slice of the highway fund pie — \$821,600. Oakland county is next with \$321,600.

Under the distribution formula, 47 percent of the fund is for expenditure on state highways, 35 percent to counties and 18 percent to incorporated cities and villages.

Township May Approve City Annex of 56 Acres

A request by Gerald Taft for the annexation of 56 acres of his Northville township property into the city of Northville appears to have the blessing of both governments — with some reservations.

In a report to the township board Tuesday night the township zoning board suggested that the Taft request be granted with the provision that lot sizes for the subdivision planned for the site remain as previously approved by the township.

The 56 acres, which is located on Baseline southwest of the intersection of Taft and Baseline, was slated by Taft in 1956. At that time the township zoners granted R-1 zoning with 37 lots in the proposed subdivision.

(The property lies directly south and across Taft road from 97 acres of Taft property annexed from Novi township three years ago). Taft, who proposes to subdivide

some 150 acres of his farmland in the northwest section of the city, had requested annexation of the 56-acre portion not within the city. He told the township board that this would enable him to obtain water and sewer facilities and that the inclusion of the 56 acres would cut down the total cost per lot for these improvements.

In his report to the township board Zoning Chairman Ed Sprunk concluded:

"We are mindful of cooperation with Mr. Taft and the City of Northville, but, also, feel we must protect the Township folks in the discussed area. We also believe the land itself lends well to the lot size specified in the plat of February 14, 1956. On this basis the Zoning Board recommends that the release of the land in question should contain a minimum stipulation of the lot sizes which it had previously approved on the preliminary plat submitted."

Because construction of any new sewers in Wayne county has been halted until a financing plan is adopted for expanding the overall county system, the township board moved to table Taft's request until annexation of the land to the city was necessary for the project to progress.

March of Dimes Canisters Placed

Emergency March of Dimes canisters were placed in downtown shops last week, by canister collection Chairman Mrs. Fred Russell. Last year's polio epidemic and rising medical costs have depleted March of Dimes funds nationwide. This summer's polio season finds the organization slipping rapidly into debt.

In addition to polio research and treatment, March of Dimes contributions also go for research on arthritis and birth defects.

Mrs. Walter Tuck Dies; Funeral Service Today

Mrs. Zetta Tuck, 58, wife of Novi Village Council President Walter Tuck, died suddenly Monday afternoon, after suffering a heart attack at home.

Funeral services will be held today (Thursday) at Casterline Funeral home, Northville, at 2 p.m. The Rev. G. T. Nevin, pastor of the Novi Methodist church, will officiate.

Burial will be in Oakland Hills Memorial Gardens, Novi. The Tucks had just recently moved into their new residence at 39099 Grand River.

Mrs. Tuck was keenly interested in her husband's business and civic activities and was often a guiding inspiration in his decisions.

She was active in several local organizations. She was a member of the Novi Methodist church, and ac-

tive in the church WSCS, a member of the Novi Rebekahs, Blue Star Mothers and Mothers' club.

The Tucks moved to Novi in 1925, and in the same year they launched the Novi Auto Parts company, now operated in Plymouth as well as in Novi.

Mrs. Tuck was born in Davisburg, Michigan September 5, 1900, the daughter of John H. and Nellie (Leary) Bush. Both parents preceded her in death. She and her husband were married April 15, 1924.

Besides her husband, Mrs. Tuck leaves two married sons, Harold and Donald, both of Novi; a sister, Mrs. Richard Gaul, of Farmington, and three grandchildren, Dennis, Patti and Bill.

Mr. and Mrs. Walter Tuck

Blue Skies, Bubbling Falls, Mountains Welcome Wrights to Heart of Alaska

There's no truth to the myth that vitals are scarce for travelers in the Yukon.

Though warned plentifully of the rigors of motoring to Alaska, the R. J. Wrights of Fairbrook have yet to find them.

They just returned from a 7½-week pleasure trip to the 49th state, and it couldn't have been more fun, they say.

"Friends told us to take lots of food," says Mrs. Wright. They supposed it would be hard to get in the frontier wilds.

Well, the Wrights didn't lose an ounce.

Their two-months trip covered almost 12,000 miles.

From Northville, they first visited relatives in Illinois.

They continued to the Wisconsin Dells. Their next sight-seeing pause was at the International Peace Garden on the North Dakota-Manitoba border.

The Peace Garden, Mrs. Wright says, covers almost 250 acres in formal gardens, filled with flowers from many countries.

They later stopped at Glacier National park, then spent several days at scenic Banff.

In Canada, they drove through Calgary and Edmonton. Dawson Creek, an outpost "boom town" was their last milestone before reaching the Alcan highway.

The Wrights arrived in the famed pioneer Yukon town, Whitehorse, just the day before Queen Elizabeth and Prince Philip arrived on their Canadian junket. They were excited to watch the town's big preparation to welcome the royal pair.

In Alaska, the Wrights toured Fairbanks, Anchorage, Valdez, Palmer, Haines and Juneau.

Visiting another Yukon town, Dawson City, was a thrilling experience, the Wrights report. Many of the buildings erected during the gold rush are still standing.

"The highways are good and road

crews along the Alcan are working diligently to improve them as fast as possible," they add.

They gave a vivid picture of the face of our new state.

"The streams are full of fish, the highways lined with beautiful flowers, the forests full of animals: fox, antelope, red deer, moose, gophers and squirrels. In Fairbanks we enjoyed 20 hours of sunlight but missed seeing a single star because of the light.

"The weather was delightfully warm, a light sweater was all that was ever needed.

"All the rivers rushed rapidly to

the sea and the clear, clean water tumbling over the rocks was beautiful.

"Alaska skies are a deep blue, the clouds so fluffy, and the mountains, snow capped. The lakes are a brilliant turquoise or emerald and the glaciers awesome. Gorgeous waterfalls and majestic mountains are all around."

On their return they visited Yellowstone National park, the Tetons, Casper, Wyoming and Grant's home at Galena, Illinois.

To top it all, the Wrights say they had no tire or car trouble. Sounds like a perfect vacation.

Accepts Day School Teaching Post

Teacher of the lower elementary grades at St. Paul's Lutheran Christian day school has been named, St. Paul's Pastor B. J. Pankow announced this week.

Mrs. Allen Herbst of Beardstown, Illinois accepted the position recently. Her husband, who is doing post-graduate work at the Univer-

Mrs. Allen Herbst

sity of Michigan, will assist her in the parish youth program.

Harold Kenow, principal, will teach the upper grades.

Mrs. Herbst is a graduate of Concordia Teachers college, River Forest, Illinois where she obtained her bachelor of science degree in education. Her special interests are music, art and youth work.

The new Christian Education building in which classes will be conducted, will be dedicated August 23. Three services will be held, at 8 a.m., 10:30 a.m. and 3:30 p.m.

Guest speaker in the morning service will be the Rev. W. Harry Krieger, president of the Michigan district of the Lutheran Church - Missouri Synod.

The Rev. Edwin Weber of Fraser, chairman of the district church extension board, will preach the sermon.

Tours of the building will be conducted during the day. After the afternoon service the ladies of the congregation will serve supper. The public is invited, Rev. Pankow said.

Applications for enrollment in the school are being received by Principal Kenow. For school information he can be called at FI-9-2033.

Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

NOVI NEWCOMERS are Mr. and Mrs. Joseph Buckhave and sons Bob (left, center) and Ed.

The warm knotty pine decor of the Joseph Buckhave home on Dixon road, Novi, reminds the visitor of the family's Danish heritage.

Friendly Mr. and Mrs. Buckhave were both born in Denmark; Mrs. Buckhave in Silkeborg on the Jutland Peninsula; Mr. Buckhave in Nykøbing-Mors.

Mrs. Buckhave and son Bob, 18, toured Denmark a few years ago. Another son Ed, 17, a track star at Howell high school last year, lives

up to the sports-adeptness his ancestors are noted for. The boys also enjoy swimming, bowling and basketball. Ed will attend Bentley high in Livonia this September.

Bob has graduated from high school and works with his father and partner in their excavating business, Guff and Buckhave, of Livonia. They have been working recently on the Wonderland shopping center now

under construction there.

The Buckhaves have a third son, Jim, of Livonia, who is married and has three children.

Before moving to Novi two weeks ago the Buckhaves lived in the Brighton area where they operated a restaurant.

They are members of the Danish Lutheran church in Detroit.

Plan Spring Wedding

The engagement of Dorothy Virginia Welch to Carroll Bennink was announced by her parents, Mr. and Mrs. Ed Welch at a garden party in their South Wing street home Sunday.

The groom-elect is the son of Mr. and Mrs. Ben Bennink of Coopersville.

Miss Welch graduated from Northville high school and Hope college. She is employed at Manufacturers National Bank here.

Mr. Bennink graduated from Hope college in June and will teach in the Grand Rapids area next year. A June wedding is planned.

Dorothy Virginia Welch

Married Here Friday

Mrs. Muriel Drewek and Raoul Dussault, both of Detroit, were united in marriage by Justice of the Peace E. M. Bogart Friday evening, July 31. The new Mrs. Dussault's daughter and son, Patty and David Drewek, also of Detroit, were the attending witnesses.

NEWS AROUND NORTHVILLE

Mr. and Mrs. W. W. McKeel of Whipple drive celebrated their 25th wedding anniversary Sunday with an open house dinner in their home. Guests from Northville, Walled Lake, Birmingham, Pleasant Ridge, Huntington Woods, Ferndale, New York and London, England enjoyed an afternoon of swimming, dining and square dancing.

Mrs. Paul Folino of East Cady street was honored Sunday at a baby shower hosted by her mother and sister-in-law, Mrs. Faye Santavener and Mrs. Trudy Quinn, in the home of Mrs. Marie Guerriero in Dearborn township. Some 25 guests attended from Northville, Detroit, Dearborn and Concord, New Hampshire.

Mr. and Mrs. James Spagnuolo of East Main street attended the funeral of David Kearns in Tilbury, Ontario recently.

Mrs. Frank Politz, accompanied by her grandson, Frank Stackhouse, left last Thursday for a month's vacation in Ft. Lauderdale, Florida, where she will visit her son and his family.

Maureen O'Brien, daughter of Mr. and Mrs. William O'Brien of Beck road, returned Sunday from a week's stay with the Joseph Crupi's at their cottage on Lake Huron.

Sherry O'Brien, daughter of Mr. and Mrs. William O'Brien of Beck road, entertained a group of her friends Friday at a pajama party. Sherry's guests were Joyce Pankow, Mary Jo Dunnabeck, Karen Wetterstrom, Jo Flattery, Holly Riley, Ann Marie Riley, Nancy Bosak, Barbara Zavicar and Connie Tegge.

Some 25 former teachers and pupils of the East Novi district school and their families enjoyed a reunion and picnic dinner Saturday at the home of Mr. and Mrs. H. A. Boyden of First street, marking the 35th consecutive gathering of the group. Next year's meeting will be held at the home of the association's secretary, Mrs. Jennie (Ingersoll) Lapham of Haggerty road, Farmington. President is Mrs. Lulu (Becker) Going of Pontiac.

Dr. and Mrs. Albert G. Iandolo

Married in Spanish Ceremony

In the colorful elegance of a traditional Spanish wedding, Arlene Nelson and Dr. Albert Gerald Iandolo exchanged marriage vows July 11 at Our Lady of Victory church.

The bride is the daughter of Mr. and Mrs. Richard Gibson Nelson of Napier road. The groom is the son of Antonio Iandolo of New York.

The Rev. John Wittstock performed the nuptial service. White gladioli and palms were arranged throughout the church. Organ music accompanied the ceremony.

The bride wore a full Spanish-style gown of French lace. Her lace mantilla was secured by a Moorish tortoise shell comb which she had purchased in Mexico.

Her flowers were white gladioli arranged in the shape of a fan.

Following the Spanish custom all attendants and groomsmen wore white.

Matron of honor for her sister was Mrs. Lillian June Gasser of Northville.

She wore a decollete cocktail-length gown of white eyelet and silk organza. Her shell head-dress of pearls and pink and predominantly red gladioli fell over one ear. She carried a white lace face-fan decorated with red and pink gladioli.

Bridesmaids, in matching white gowns, were Mrs. Andrea Schaefer and Kay Peterson of Northville, and Phyllis Kolb of California.

Their floral crowns of gladioli were predominantly pink. Pink gladioli decorated their white lace fans.

Flower girl Stacy Ann Schaefer wore a pink organza frock and a pink Spanish caballero hat trimmed with red glads, and carried a white basket of red flower petals.

Best man was Edward Caliguiri of

New Jersey. Groomsmen were Stanton Schaefer of Northville, Howard Meyer of Livonia, and Dr. Philip Sunshine of Denver, Colorado. The men wore white morning suits.

For her daughter's wedding Mrs. Nelson chose a white silk suit and hat and wore a red gladioli corsage.

A wedding breakfast was held at the Mayflower hotel.

A lawn reception was held later at the Nelson home which had been decorated with gladioli and greens throughout. Guests came from Northville, Arizona, California, Colorado, New Jersey and New York.

The newlyweds left on a honeymoon to Indian River, Michigan.

For traveling the bride selected a Guy Laroche original and melon

accessories. She pinned on a corsage of cymbidium orchids and stephanotis.

The bride is a graduate of Eastern Michigan university.

The groom graduated from Georgetown university dental school.

They will make their home in New York.

3 Northville Girls Arrive at "Y" Camp

Three Northville girls have arrived for the fourth and final session of the YWCA's Camp Cavell which will feature a horse show with ribbons going to the best riders.

They are Linda Secord, 46675 West Seven Mile road; Sue Doub, 625 Fairbrook, and Carol Yahne, 512 Eaton.

U-M Displays Work Of 3 Local Artists

Award-winning works by more than 150 Michigan artists — including three from the Northville area — went on display last week at the University of Michigan Rackham Galleries.

The local artists and their works are: Mrs. Marjorie Becker, 47040 Timberlane, "Gram" (pastel); Mrs. Mabel Bacon, Plymouth, "Nuclear Fission" (oil); and Stan Hench, Walled Lake, "Downtown" (watercolor).

Continuing through August 8, the invitational exhibition includes work which has been awarded recognition in local and regional art shows during the past year. It is sponsored by the U-M Extension service, Summer Session, and College of Architecture and Design.

The galleries are open from 10 a.m. to 10 p.m. daily except Sunday.

Kathleen Heatley Engaged

Kathleen Heatley

Mr. and Mrs. Alfred S. Heatley of West Dunlap street announce the engagement of their daughter, Kathleen, to Edmund J. Brune, son of Mr. and Mrs. Edmund Brune, of Port Huron.

Miss Heatley attends Central Michigan university.

Mr. Brune is a graduate of General Motors Institute.

A fall wedding is planned.

Mrs. Alex Lawrence and Mrs. J. R. McColl drove to Northport Point Wednesday where Mrs. McColl will spend two weeks at Cedar Lodge with old friends. On their way north they stopped at Ferris Institute for a coffee break with Mrs. Billy Gaab.

A new banking office to serve you

The Detroit Bank and Trust Company is pleased to announce

the opening of a new banking office at Schoolcraft Road

and Wilcox Road on August 5, 1959.

To meet the immediate needs of the dynamic and growing Plymouth

community, the banking and trust services will be offered

in temporary quarters while the

permanent building is being constructed.

Come in and meet our friendly

and capable staff.

They look forward to serving you.

**SCHOOLCRAFT ROAD
AND WILCOX ROAD**

A Passion Flower Grows in Michigan

Its slight ray of purple and white fringes symbolizes the Crown of Thorns.

Its five anthers, the five wounds of Christ.

Its thin, smooth leaf, the soldiers' spears.

Its tendrils, the whips and cords.

Open House Sale For Handicapped

An "open house sale" of various items made by severely handicapped persons served by the occupational therapy department of the Michigan Society for Crippled Children and Adults will be held this afternoon (Thursday) at the home of Mrs. Martin Kaiser, 47390 West Main street.

Mrs. Millah Nikkel, occupational therapy supervisor, reports that all proceeds from the sale will be turned over to the persons who made the items.

The sale will be conducted from 1 p.m. until 6 p.m.

And the column of the ovary, the pillar of the cross.

The passion flower was named after Christ's passion or suffering, by early Catholic missionaries to this country, who discovered it in southern states, says Mrs. Arthur Carlson of Fairbrook street, who owns one.

The brief-blooming flower is native to tropical climates, Mrs. Carlson says, but through patience and "pampering" she's coaxed one to bloom in Michigan.

She brought it home, two slips in a jar of rainwater, from Minnesota, where a friend of hers had also succeeded in the delicate feat.

During the winter, Mrs. Carlson transferred the flourishing plant to a flower pot, and by early spring,

it was ready to meet the northern elements on a porch trellis outside.

Last week her passion flower bloomed for the first time and twice since then. Mrs. Carlson says the blossoms last only about a day and disintegrate quickly.

But it holds a promising crop of 20 buds. Later, she expects to see the apple-size yellow edible fruit develop.

The Carlson neighbors are all excited about the primadonna and troop over to catch each new tasseled production.

Performances should be running until the first frost, says Mrs. Carlson. Then she'll take it in again.

But where to store a growing passion flower indoors is one problem she hasn't solved yet.

TELLS A STORY — The purple and white passion flower, shown here by Mrs. A. Carlson, is said to represent Christ's suffering on the cross.

How spiritual understanding of God heals sickness as well as sin will be brought out at Christian Science services Sunday.
"Spirit" is the subject of the Lesson-Sermon.

from the PASTOR'S STUDY

The Rev. Peter Nieuwkoop, Pastor
First Baptist Church, Northville

DOES YOUR RELIGION AFFECT YOUR LIFE

Recently a man told me of a true account that illustrates the trend of so many religious people. It seems that a certain religious man who attended church services, read his Bible, and prayed, hired a neighboring man to work on his farm. The new hired hand had the habit of swearing a good deal.

The religious man took him to task one day and said, "You swear altogether too much!" The hired man replied, "Well, it's like this, you pray a great deal, and I swear a great deal, but neither one of us means a great deal by it!" When we examine our modern religious trend, we will see how this fits the present picture.

A RELIGIOUS BOOM
Never before in the history of our nation are so many people going to church. Church membership is at an all-time high. Religious books and Bibles are selling in unprecedented numbers. Religious songs are popular enough to get on the juke boxes.

And yet, as one church official said, "Today in our country, it is a cause of worry that morality seems to be on a decline at the same moment when there appears to be a religious boom." Crime is higher than ever before. Morality is a missing character in social, business, and govern-

mental life. Juvenile delinquency is a national scandal.

ANALYZING THE TROUBLE
You cannot make a dead man stand up, neither can you make a person who is accustomed to doing evil, do good. (Read Jeremiah 13:23). Much of this religious boom may be like the man who painted the outside of the pump hoping that it would change the rusty water that came from within.

Outward reformation, good as it may seem, is impotent to change one's way of life. It must be much deeper than that. It requires an operation on the heart, and God alone is able to do that.

PRESCRIBING THE CURE
God offers new life in the heart of men that will change his motives and thus change his life. Jesus describes this in John 3:7 as being born again. This is beginning with the inside and working out. This work is the wonderful working of God for every sinner who will surrender to God through faith in Jesus Christ. Then one will truly be able to sing, "What a wonderful change in my life has been wrought, since Jesus came into my heart . . ." Not only will you be aware of it, but the rest of the family and the neighbors, as well, will see a real change. Genuine repentance and faith in Jesus Christ will transform every life into a new man.

THE CAMPUS CHRISTIANS, a student group from Providence-Barrington Bible college, Rhode Island, will present a program of song and talk at the Wixom First Baptist church August 12 at 7:30 p.m. Leader of the group is the Rev. James Dennison, member of the college extension department.

Plan Special Sale To Aid Handicapped

An open house sale of household items — all made by handicapped persons — will be held today (Thursday) between 1 to 6 p.m. at the home of Mrs. Martin Kaiser, 47390 West Main street.
The sale is sponsored by the Occupational Therapy Department of the Michigan Society for Crippled Children and Adults, Inc. — the Easter Seal Society.
Proceeds from the sale will be returned to the individual handicapped person who made the items. On sale will be ceramic kitchenware, rugs, aprons, place mats and a number of leathercraft articles.

Goodwill Truck Visit Set for August 11

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Tuesday, August 11. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.
To arrange for a Goodwill Industries pick-up call the local Goodwill representative, Men's club, Maybury sanatorium, Fieldbrook 9-2682.

THE MOST BACK-BREAKING JOB OF THE WEEK!

Most women will agree that washday is the most back-breaking job of the week. First you wash the clothes, then put up the lines and wipe them with a damp cloth. Look for clothespins, hang the clothes and put props up. And during this hectic time, watch out for the children, dogs and the weather. But hours of work can turn into hours of fun with an Automatic Gas Clothes Dryer. Wash any time you wish—day or night—an Automatic Dryer will tumble-dry your clothes in minutes. Clothes will dry soft and fluffy; ready to fold and put away or damp dry, ready to iron. Eliminates sprinkling and cuts down ironing time. Steams wrinkles out of suits and coats. Your washables will last longer . . . look fresher with gentle dryer care. Banish washday drudgery and weather worries forever! An Automatic Gas Clothes Dryer will guarantee it!

AN AUTOMATIC GAS DRYER WILL SAVE YOU TIME, WORK AND MONEY

General Filters Completes Addition to Novi Plant

WING ADDED — General Filters, Inc., of Novi has just completed an addition to its 43800 Grand River plant bringing the total floor

space to 28,800 square feet. The new section is shown at the extreme left of the building.

Motor City Open to Attract Golf's Finest Here Next Week

The finest shotmakers in golf will parade to the firing line in the seventh annual Motor City Open at Northville's Meadowbrook Country Club on the week end of August 13-16.

According to present indications,

Novi Man to Attend University Convention

Wilfred Sterner, 46550 11 Mile road, will attend the sixth annual convention of the Valparaiso Advisory Council to be held on the campus of the Valparaiso (Ind.) university Friday through Sunday.

The Novi man will represent St. Paul's Lutheran church of Northville at the convention.

In accord with the university's celebration of its centennial this year, the 1900-strong council will review the past and consider the future of the school.

The VAC is comprised of volunteer representatives from congregations of the Lutheran Church - Missouri Synod throughout the country. Organized in 1953, it has grown steadily to its present record size.

all the top tourists on the PGA tournament circuit will participate in the tourney. Meadowbrook officials are confident that this will be one of the finest fields that has ever appeared in a Michigan meet.

Monday, Tuesday and Wednesday will be reserved for practice rounds for the tournament contestants. Whether a qualifying round will be necessary earlier in the week is uncertain at the moment.

Tournament competition will begin at 8 p.m. on Thursday and Friday, and at 10 a.m. on Saturday and Sunday.

The Motor City Open purse is \$25,000. Since this is a TTT (top ten tournament), Meadowbrook will pay an additional \$2,000 which will be distributed among the top ten money winners on the PGA list to assure their appearance.

Dr. Cary Middlecoff is rated an early favorite because he has done so well in past Motor City Opens, especially when held at Meadowbrook. He won the title outright twice and tied for the crown once in the past six meets. He and Lloyd Mangrum share the 72-hole record

of 273. Middlecoff, who doesn't appear on the circuit as regularly as he once did, won the St. Petersburg Open last March. He was even more impressive in the Master's when he finished strong to fall a stroke short of catching Art Wall, Jr.

Elbowing Middlecoff for the role of pre-tournament choice are a host of outstanding pros, including Wall and Gene Littler, each with four tournament triumphs; Bill Casper, the U.S. Open King; Mike Souchak, the Western Open monarch; Ken Venturi, winner of the Chicago and Los Angeles Opens; Arnold Palmer, who has captured the Palm Springs and Oklahoma Opens, and the newly crowned PGA champ, Bob Rosburg.

Trying to forecast the likely winner is obviously chancy, since the list includes such great competitors as Doug Ford, Dow Finsterwald, Julius Boros, Jack Burke, Tommy Bolt, Jay and Lionel Hebert, Fred Hawkins, Billy Maxwell, Ted Kroll, Frank Stranahan, Doug Sanders, George Bayer, Don January, Ed Oliver, Dave Ragan, Jr., Wally Burkemo and Chick Harbert, the host pro.

Marking its fourth plant expansion since World War II, General Filters, Inc. has been forced to add to present facilities at 43800 Grand River in Novi.

The new wing was required to gain additional manufacturing, storage and shipping space, according to General Filters vice president, Roland Redner. It stretches across three-quarters of the rear of the main building, increasing available space by one-third. A new feature is the design of the loading area which allows trucks to drive in one end, load or unload, and drive out the other end.

"Added to our present facilities," Redner said, "this gives us a total of 28,800 square feet on one floor, in one building, none of which is more than six years old."

"Sales of fuel oil filters and humidifiers have increased yearly, until we were forced to add this space to insure prompt shipments to our dealers."

Two previous expansions were made at the company's Detroit plant prior to moving to the 17-acre site at Novi in 1953.

In addition, the company in 1954 built a new Canadian plant at Scarborough, Ontario, a Toronto suburb.

WHY DO WITHOUT A LITTLE LUXURY LIKE THIS... LET ALONE

Chevy's the only car of the leading low-priced three that gives you the convenience of crank-operated vent windows. No awkward latches to fumble with . . . your knuckles and fingernails will appreciate it.

THESE BIG CHEVY VIRTUES!

bigger brakes

Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NAS-CAR*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

*National Association for Stock Car Advancement and Research.

award-winning engines

The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines . . . for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

full coil ride

You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: ". . . the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

fresh styling

POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling . . ." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

greater roominess

Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger savings

Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from every full-sized car!

higher trade-in

N.A.D.A.* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to \$128 higher than comparable models of the other two cars in Chevrolet's field.

*National Automobile Dealers Association.

See how much more Chevy has to offer—visit your local authorized Chevrolet dealer!

OPEN FOR BUSINESS — Northville's first finance company, a branch of the Milford Finance company, opened for business last Friday. Manager is Bill Morris pictured here. The local office is located at 111 Griswold.

Named U.F. Chairman For Local Campaign

Mrs. Louise Cansfield of West Dunlap street has been named division chairman for the 1959 United Foundation Torch drive, October 13-23.

Ten other divisions are represented in the area including Wayne county communities north of Van Buren road.

These are: Redford township, Livonia, West Dearborn, East Dearborn, South Dearborn township, Inkster, Garden City, North Dearborn township, Wayne, Nankin township and Canton township, besides Northville.

Novi Highlights

Sunday visitors at the home of Mr. and Mrs. Al Harnden were Mr. and Mrs. Lawrence Boyd and Mrs. John Harnden.

Funeral services were held for William Fox, Sr. on Tuesday at the VanValkenberg Funeral home, Redford. Mr. Fox was the father of William Fox, Jr. of 11 Mile road.

Leaving Saturday for a two week's vacation at Wilson's state park at Harrison are Mr. and Mrs. Fred Loynes and family.

Mr. and Mrs. Russell Race and Mr. and Mrs. William Kresin spent the week end at Greenville with the former's son and family, Mr. and Mrs. Russell Race, Jr. They brought their granddaughter, Virginia Race, back to her home on Duerson street.

Mrs. Marie LaFond returned Sunday after spending several days with her brother-in-law and his wife, Mr. and Mrs. James LaFond at Newport.

On vacation this week are Mr. and Mrs. Ernie Schultz and family and Mrs. Ray Dawson and daughter, Kathie, at their Bradford lake cottage near Gaylord.

Mr. and Mrs. Ray LaFond and family are having a short vacation at their Wildwood cottage.

The Kenneth Bassetts are touring through the states and will later visit Ottawa for several days.

Mr. and Mrs. Joe Gardella have purchased a house and an acre of land on 11 Mile road and expect to move into their house next month.

Mr. and Mrs. William Paquette and family visited the Ohio caverns at Lakeview last week and this week they are visiting the Straits of Mackinac and Mackinac Island.

Mr. and Mrs. Victor Rix and son, Leon, and daughter, Beth Elaine, from Falls Church, Virginia are the guests of their parents, Mr. and Mrs. Luther Rix, for a couple of weeks. This week they will spend some time at the Rix cottage at Pretty lake, Mecosta. On Sunday a family gathering will be held at the Rix home on Fonda street. Present were Mr. and Mrs. David O'Leary and son, Randy, and Miss Charlotte Cominsky of New Hudson and Mr. and Mrs. Edward Rix and son, Edward, of Plymouth.

Mr. and Mrs. Karl Weiss of Mooringside drive entertained friends and neighbors at a barbecue Saturday. Their guests included Mr. and Mrs. Arthur J. Bogue of Bloomfield Hills, Mr. and Mrs. Harold Henman of St. Clair Shores, Mr. and Mrs. Ernie Tracy of Detroit and Mr. and Mrs. Harold Young, Mr. and Mrs. John Bauer, Mr. and Mrs. John Lees and Mr. and Mrs. Robert Byrd, of Willowbrook. After dinner they enjoyed singing and dancing outdoors.

Mr. and Mrs. Karl Weiss has just returned from a week in Florida with her father, Baird Myers of Mt. Dora. While she was there she and her father toured the state visiting such places as St. Augustine, Daytona Beach and Fort Myers.

Mr. and Mrs. John Albu spent a week visiting their son, John, at Kessler air base in Biloxi, Mississippi recently. John has completed a course at the air force electronic school there. He returned with them to spend two weeks at home on furlough.

Mr. and Mrs. Robert McKeon entertained Mr. and Mrs. Bob Coleman, Mr. and Mrs. Joe Juett and Mr. and Mrs. Thomas McGuire at a barbecue last Saturday.

Robert Newkirk of the Willowbrook Mobil gas station was injured in an automobile accident early last week. He is now recovering at home.

Mr. and Mrs. Clifford Farrington have returned from a ten day vacation in Washington, D.C. with Mrs. Farrington's parents, Mr. and Mrs. T. J. Baker. While they were there they attended a Tiger-Senator baseball game, and also went to the races at Delaware Park, where Mrs. Farrington's brother is a jockey.

Mr. and Mrs. Robert Driscoll spent Sunday on the boat of Mr. and Mrs. R. C. White. They traveled up to Gull Island for swimming and had dinner afterwards at Brownies' in St. Clair Shores.

IN WIXOM:

Campers Take to the Lakes

By Mrs. Charles Ware — Market 4-1601

Mrs. Ken Burden of Hickory Hills was a counselor at the Baptist camp at Lake Ann to a group of 11 girls from Milford. Linda Burden was one of the group.

The Rev. Father Redmond of the Pallotine fathers was a dinner guest of the Charles Wares last Sunday. Janet Spiker of Saginaw spent last week as the guest of Denise Stafford of Hickory Hills. While David Stafford spent the week in Saginaw as the guest of Michael Spiker. On Sunday, Mr. and Mrs. Gerald Spiker brought David home and spent the day as guests of the Calvin Staffords and Janet Spiker returned to Saginaw with her parents Sunday.

Bonnie Roberts spent last week in Pontiac as the guest of Gary Roberts.

Eleven Brownies from Wixom spent two weeks at camp in the Proud lake recreation area. Mrs. Oscar Simmons served as a counselor while Mrs. Gertrude Walker helped with first aid.

Nancy Merkel and Lorene Schneider spent a week in Walled Lake as the guests of Lorene's grandpar-

ents, the Ben Schneiders. Mr. and Mrs. Edward Baumgartner of Howell were Sunday guests of the Lee Harrisons.

Mrs. Annabel Gaedt of Highland was a week end guest of her son and family, the Alfred Gaedts, of Maple road.

John Lambert of Wixom, S. Teranes of Birmingham and Phil and Doug Van Dyke of Franklin spent the past week fishing at Lake Champlain, Ontario and brought back their limit of walleyes, pike and speckled trout.

On Monday evening, the Bernard Kitsons of Wixom road honored their daughter, Mrs. Joseph Potvin of Oakley Park at a birthday dinner. Guests were Billy Potvin, and Mr. and Mrs. Clarence Shelton and family of Walled Lake.

The Frank Pennells have returned home from Fort Austin where they spent one week.

The Robert Trombleys have returned home from a week's fishing trip at Oscoda. Their three-year-old son, Robbie, caught a 14-inch perch.

SUMMARY OF AN ORDINANCE TO PLACE THE NORTHVILLE WATER SUPPLY SYSTEM ON A PUBLIC UTILITY BASIS

From and after September 1, 1959, the water supply system of the City of Northville shall be operated on a public utility basis as authorized by law, particularly Act 94, P.A. 1933, as amended.

Full text of the Ordinance is available at the Northville City Clerk's office.

OUR TOWN STANDS TALL ON THE MAP

They've mapped the anatomy of a nation.

This is the map.* It shows the exact proportions of 48 states according to the value of their manufactured products, as determined by the latest U. S. census of all manufacturing.

Michigan stands proudly fifth among the states in value of manufacturing... and our town is part of Michigan.

So our town stands tall on the map. Keeping

it there is our problem. The surest way is to keep our town attractive to industry. The surest key to attraction of new industry is attention to the needs of present industry.

No town stands still. It goes ahead or it slips back. Let's keep our town standing tall.

Join hands with your chamber of commerce or industrial development organization and the Michigan Economic Development Department to help your community prosper.

PAYSIX MILLION, NINE HUNDRED FIFTY-NINE THOUSAND, SIX HUNDRED SEVENTY-NINE AND 73/100 \$ 6,959,679.73
TO THE ORDER OF Michigan Department of Revenue, 200 Tussing Bldg., Lansing 22, Mich.
TO NATIONAL BANK OF DETROIT

This check for \$6,959,679.73 from Michigan Bell Telephone Company soon will be distributed among school districts throughout the state. The money, earmarked for the state primary school fund, represents Michigan Bell's largest single state property tax payment in history. It covers the first half of 1959. Another check for a like amount will be paid next November. Michigan Bell's property tax money is allocated to school districts on the basis of local school census figures.

Detroit Water in Northville Brought Closer by County Sale

Northville can just about set its own date for receiving Detroit water.

"We're ready to talk now if Northville officials are interested in buying water from Detroit," Gerald J. Remus, general manager of the Detroit Water Supply department, said this week.

The possibility of Detroit water being available to Northville and Plymouth in the near future came about as a result of the sale of the county system to the city of Detroit department.

Under the agreement of the sale — which is scheduled to be completed not later than December 1960 — the city is to undertake the construction of water mains along Eight Mile road to Northville. The line will continue along Sheldon road through Plymouth to the north Canton township line.

Detroit will complete this project while the county continues the remaining portion of its proposed improvement program, which includes development of new mains in southwestern Wayne county.

Originally, under county plans for completing the system's improvement program, water lines to Northville were scheduled for installation "within 10 years". Now the county has stipulated that Detroit complete the mains by 1964.

Even though the county will be constructing transmission mains in the southern part of the county the entire system will be operated as a single unit by the Detroit Water Board in 1960.

Remus said Monday that the city is committed to Farmington road

because of the great demand for water in Farmington township. A main for serving Livonia will also be constructed at this point tying into Livonia's new distribution system designed to relieve that city's water shortage problem.

Remus indicated that the expansion of the system would be undertaken faster if demand required it. "We're hopeful that the city of Farmington wants to become a customer. If Northville is interested, we have information available for their engineers," Remus stated. He indicated that Detroit would operate the system like any utility seeking new customers.

The prospect of Detroit water has been considered by Northville officials for several years. One of the reasons given for excluding a softening plant from the current water improvement program was the possibility of buying Detroit water.

And, all of the improvements included under the \$300,000 program have been termed as "necessary" whether the city buys Detroit water or not. City Manager John Robert-

son has pointed out that the proposed elevated storage tank will give Northville lower rates should the city decide to purchase Detroit water. "By having adequate storage facilities so that we can accept water into our system during the night instead of peak daytime hours we could qualify for a lower rate."

for the Special Election of the Village of Novi
to be held on September 15, 1959

The Clerk's office will be open Monday through
Friday during regular business hours from
9:30 A.M. TO 5:30 P.M.

ON THE LAST DAY OF REGISTRATION OFFICE HOURS WILL
BE 8 A.M. TO 8 P.M.

MARY WALLACE, VILLAGE CLERK

NOTICE OF SALE

\$300,000.00

CITY OF NORTHVILLE, COUNTIES OF WAYNE
AND OAKLAND, MICHIGAN

General Obligation Water System Bonds

Sealed bids for the purchase of General Obligation
Water System Bonds of the City of Northville, Counties of
Wayne and Oakland, Michigan, of the par value of \$300,000-
00, will be received by the undersigned at the City Hall in
said City until Thursday, the 27th day of August, 1959, at
7:30 o'clock p.m., Eastern Standard Time, at which time
and place said bids will be publicly opened and read.

Said bonds will be dated August 1, 1959, will be num-
bered consecutively in direct order of maturity from 1 to 300,
both inclusive, and will mature serially as follows:

\$ 5,000.00 October 1st of each year from 1960 to 1965, both
inclusive;
\$10,000.00 October 1st of each year from 1966 to 1974, both
inclusive;
\$15,000.00 October 1st of each year from 1975 to 1986, both
inclusive.

Said bonds shall be coupon bonds of the denomination
of \$1,000.00 each and shall bear interest from their date at a
rate or rates not exceeding five (5%) per cent per annum,
expressed in multiples of 1/8 of 1% Said interest shall be
payable on October 1, 1959 and semi-annually thereafter on
the first day of April and October of each year. Both principal
and interest will be payable at a bank or trust company
designated by the purchaser of the bonds. Accrued interest
to date of delivery of such bonds must be paid by the pur-
chaser at time of delivery. The interest rate for each coupon
period on any one bond shall be at one rate only.

Bonds of this issue numbered 1 to 120, both inclusive,
maturing in the years 1960 to 1974, both inclusive, shall not
be subject to redemption prior to maturity.

Bonds numbered 121 to 300, both inclusive, maturing
in the years 1975 to 1986, both inclusive, shall be subject to
redemption prior to maturity at the option of the City, in
inverse numerical order, on any interest payment date on or
after October 1, 1974, at par and accrued interest to the date
fixed for redemption, plus a premium as follows:

\$30.00 on each bond called for redemption prior to
October 1, 1978;

\$25.00 on each bond called for redemption on or after
October 1, 1978, but prior to October 1, 1982;

\$20.00 on each bond called for redemption on or after
October 1, 1982.

Thirty days' notice of the call of any bonds for redemption
shall be given by publication in a paper circulated in the
State of Michigan which carries, as part of its regular service,
notices of sale of municipal bonds. No further interest pay-
able on bonds so called for redemption shall accrue after the
date fixed for redemption provided funds are on hand with
the paying agent to redeem said bonds.

For the purpose of awarding the bonds the interest
cost of each bid will be computed by determining, at the
rate or rates specified therein, the total dollar value of all
interest on the bonds from September 1, 1959, to their ma-
turity and deducting therefrom any premium. The bonds will
be awarded to the bidder whose bid on the above computa-
tion produces the lowest interest cost to the City.

No proposal for less than all of the bonds, nor for less
than 100% of their par value, will be considered.

The City is authorized by law to levy upon all the tax-
able property therein such ad valorem taxes as may be neces-
sary to pay the bonds and interest thereon, without limitation
as to rate or amount.

A certified or cashier's check in the amount of \$6,000-
00, drawn upon an incorporated bank or trust company and
payable to the order of the Treasurer of the City of North-
ville, Michigan, must accompany each bid as a guaranty of
good faith on the part of the bidder. No interest shall be al-
lowed on the good faith checks, and checks of the unsuccessful
bidders will be promptly returned to each bidder's repre-
sentative or by registered mail.

Bids shall be conditioned upon the unqualified opinion
of Miller, Canfield, Paddock and Stone, attorneys of Detroit,
Michigan, approving the legality of the bonds. The cost of
such opinion shall be paid by the City of Northville. The
City shall pay the cost of printing the bonds. Bonds will be
delivered at Detroit, Michigan.

Envelopes containing the bids should be plainly mark-
ed "Proposal for Bonds".

The right is reserved to reject any or all bids.

APPROVED: JUNE 23, 1959
STATE OF MICHIGAN
MUNICIPAL FINANCE COMMISSION
MARY ALEXANDER
City Clerk

UNDER CONSTRUCTION — This new Speedway 79 service station will soon be located on the southwest corner of Northville road and the Seven Mile road cut-off, next to Rathburn Chevrolet Sales. The company reports that the station will feature the latest building and illumination innovations.

Modern Design Speedway Station Underway Here

The petroleum industry's most modern service station with an entirely new concept in lighting is being built by Speedway Petroleum corporation in Northville, reports T. P. Lawless, Detroit district sales manager for Speedway.

Lawless pointed to the use of inner illumination, getting away from incandescent flood lighting and other "old-fashioned" illumination.

"This is achieved through the glass-encased front topped by a massive plastic facade bearing the Speedway 79 sign. The facade is lighted from behind with fluorescent lamps. The plastic facade with its red lettering stands out as brightly in the daytime as it does at night, while old fashioned type signs fade and are practically unrecognizable in the daytime," he stated.

The architect for the new Northville station is King and Lewis and the general contractor is the Taubman company of Oak Park. Construction began this week and the station will be completed and in operation by September 15.

The service station will be located on a plot 106 by 165 by 74 feet at the southwest corner of Northville and Seven Mile road. It will be of glazed brick and concrete construction with pre-stressed T-type concrete roof. There will be two lubrication bays, and a large office and display area. With the exception of the necessary supports, the front of the station will be all glass from the bottom of the facade to the ground. There will be a three-pump island on Seven Mile road and a two-pump island on Northville road. "Speedway hopes to lease the station to an experienced business man, preferably one from the Northville area," Lawless said. "Speedway will send the operator to school and train him in station management and Speedway service."

5 Area Students At EMU Convocation

Five area students were among the nearly 400 candidates who attended the eighth annual Eastern Michigan university summer convocation.

The students and their degrees are: Peggy Ann Brown, MA in education, and James E. P. Smithers, MA in education, both of Northville; Peter Kosta Branoff, secondary teaching certificate, and Abbie Joseph LaBarge, Jr., MA in education, both of Novi; and Lucille G. LaChance, South Lyon, elementary teaching certificate and MA in education.

Edgar L. Harden, president of Northern Michigan college, spoke regarding "The Profile of a Great Teacher". President Eugene B. Elliott presided at the ceremonies.

The convocation took place in the Roosevelt high school auditorium because Pease auditorium is undergoing extensive alterations.

ADVERTISEMENT

Sealed bids will be received by the Northville Board of Education up to 8:00 p.m. on August 10, 1959 for approximately the following work:

- 72,880 square feet of 4" bituminous paving
- 65,600 square feet of 2" bituminous paving
- 3,145 lineal feet of bituminous curb
- 340 lineal feet of concrete curb
- 410 lineal feet of 6" perforated drain tile
- 893 lineal feet of 12" concrete storm sewer
- 195 lineal feet of 15" concrete storm sewer
- 11 catch basins

Plans and specifications are available from the Northville Public Schools office, Northville Grade School, 501 West Main Street, Northville, Mich.

Optimist Entertainer Wins Singing Honors

Of interest to many local residents who attended the Northville Optimist club's Christmas party is the recent honor of Singer Jackie Carbone of Detroit.

Carbone, 18-year-old recording artist, entertained local Optimists at their annual Christmas party last year. Last week he won a listener write-in contest to pick Detroit's "Singing Idol". The award gives him an 11-week contract to appear on WXYZ-TV's Saturday "Dance Party".

Clarke at Fort Dix For Army Basic Training

John W. Clarke, son of Mr. and Mrs. Russell Clarke, 720 Fairbrook, has arrived at Fort Dix, New Jersey for eight weeks of infantry basic training.

Prior to entering the army, Pvt. Clarke attended Northville high school and Rutgers university. During his training he will receive instruction in general military subjects, infantry weapons tactics, as well as character guidance programs under the post chaplain.

DO YOU NEED TO BELONG TO THE CHURCH OF CHRIST IN ORDER TO BE SAVED?

M.M.

I sense that this is a loaded question and some who read this will not agree. Let me begin by pointing out that there are two meanings to the word Church as used in the N.T. One refers to a local Church in any given community. The other refers to the entire redeemed body of believers located in various Churches on this earth, plus those who have already gone to glory. When one repents and receives Jesus Christ as his Saviour that moment he becomes a member of the great universal body of Christ spoken of in the Bible as the Church of Jesus Christ. The act of uniting such a believer to the Church is the act of the Holy Spirit (I. Cor. 12-13). He does not join this Church, he is automatically a part of this Church the moment he accepts Christ. He cannot be a Christian and not belong to this Church. However, while he still resides on this earth he may join a Baptist, or a Free Methodist, or a United Brethren Church or most any other denomination. This is not to say that there are no differences in Churches or that all Churches are equally pleasing to God.

— FIRST BAPTIST CHURCH OF NORTHVILLE —

Peter F. Nieuwkoop, Pastor

Sunday School, 10 a.m.—Morning Worship, 11 a.m.—Evening 7:30

OFF TO CANADA — Eight members of the Ugashonton club of Northville and Club Leader Leonard Bogotaitis, left for camping grounds in Quebec early Wednesday morning. The members earned money for the 18-day trip by conducting numerous profitable activities throughout the year. The club has taken along a trailer load of camping equipment, a jeep station wagon and an automobile. Shown here before leaving are (left to right): Dave Starnes, Jay Leavenworth, Pat Meyer, Lee Klopfenstein, Bob Power, Bogotaitis, Skip Howell, Gary Howell. The eighth member, Woody Aenebach, is missing from the picture.

Legion Auxiliary To Meet August 12

The last regular meeting of the local American Legion auxiliary of the fiscal year will be held at the Legion home next Wednesday at 8 p.m.

New officers will assume duties in September.

They are: president, Mrs. Lorraine Steimel; first vice president, Mrs. Hazel Wright; second vice president, Mrs. Ruth King; secretary, Mrs. Shirley Holloman; treasurer, Mrs. Clara Alexander; historian, Mrs. Betty Hay; chaplain, Mrs. Lena Hammond, and sergeant-at-arms, Mrs. Christine Goss.

Executive board members are Mrs. Dollie Chedrick, Mrs. Lydella Ely and Mrs. Leila Hagadorn.

At the Department convention July 16-19, a raise in department dues was passed. Accordingly, the local unit will now pay 25c more per senior member.

However, old rates will be in effect until September 1. Mrs. Hazel Wright will accept dues from unit members.

Receives Degree

David Goss

David Goss, the son of Mr. and Mrs. Leo Goss of Chigwiddden drive, was graduated Friday from General Motors Institute in Flint. He received a degree in engineering.

He resides in Royal Oak with his wife, the former Georgina Kahler, daughter of the Meredith Kahlers of Napier road.

Fine Passenger Hurt in Accident

The brother of a 23-year-old Northville man who drove a car into a tree while fleeing Novi police last week was fined for permitting an unlicensed man to drive a car.

Henry Innis, 26, of 19470 Gerald, pleaded guilty to the charge before Justice of the Peace Robert K. Anderson and was fined \$10.

Innis suffered multiple cuts and bruises when the car his brother Nathan was driving missed the curve at Novi and Base Line roads, struck a tree and flipped over. Police were chasing the pair for speeding.

In other court action, Henry Pierzchala, Roseville, pleaded guilty of reckless driving — reduced from drunk driving — and was fined \$100 and \$25 costs. State Police arrested him on the US-16 expressway.

George Heath, 42359 13 Mile road, pleaded guilty of fighting and was fined \$15. Heath "roughed up" several youngsters who threw a tomato at his car.

Obituary

MORRIS S. DREW

Funeral services were held August 1 for Morris S. Drew, 519 Horton street, who died suddenly at his home July 29. Mr. Drew, the son of Arthur and Louise Drew, was born December 7, 1903 in Howell, Michigan. His father is still living in Howell. Mr. Drew is survived by his wife, Freda; by four daughters: Mrs. Marilyn Warren of Northville; Judy Drew, a student nurse in Detroit; Mrs. Rosalie Beasley of Livonia and Mrs. Elaine Ulrich of Howell, and by four sons: Richard and James of Northville; Warren of Orlando, Florida and Stanley of St. Cloud, Florida. He also leaves a brother, Sumner, of Howell, and 13 grandchildren, nieces and nephews. He was preceded in death by two brothers. Mr. Drew was employed by Novi Auto Parts and was a member of the Northville Methodist church. He was also an executive officer and charter member of the Livingston Gun club, a member of the National Rifle association, and had participated in marksmanship competitions on local, regional and national levels for the past 24 years. The Rev. Paul Cargo, pastor of the Northville First Methodist church, officiated at last rites from Casterline Funeral home. Burial was in Lakeside cemetery, Howell.

MRS. MINNIE LEWENDON

Mrs. Minnie Lewendon, 75, of 8860 Greenview, Detroit, passed away suddenly at Eastlawn Resthaven here August 2. Mrs. Lewendon was born in England June 14, 1884. Her parents were James and Elizabeth (Wakefield) Cook. Her husband, Harry, died in 1953. Mrs. Lewendon is survived by two sons, Edwin, of Holland, and Norman, of Detroit, and by two daughters, Mrs. Ethel Cloutier, of Dearborn, and Mrs. Wynne Rodda of Detroit. She also leaves five grandchildren and 13 great-grandchildren. She was a resident of Northville for the past ten months. Funeral services were held here August 3 from the Dempsey B. Ebert Funeral home and August 5 from the F. H. Smith Funeral home in Kingsley. Interment was in Evergreen cemetery, Kingsley, Michigan.

Still Time to Register For Junior Police Trip

There's plenty of room on the bus for the junior police who want to attend the Detroit Police Field Day Sunday.

Police Chief Eugene King said this week that bus places have been filling up slowly. Therefore, reservations will be taken up to Sunday instead of Wednesday, as announced earlier.

Children are asked to register for the trip at the police department. The bus leaves the community building at 11 a.m. sharp, so it would be a good idea to get there a little early.

They will be accompanied by the Chief, other patrolmen and parents.

In both England and the U.S. the term "convict" refers only to a person found guilty by a jury.

Proclaim August Polio Drive Month

A proclamation has been issued by Detroit Mayor Louis Miriani, proclaiming August as Emergency March of Dimes month.

Richard T. Kelly, executive secretary of the Board of Wayne County Auditors, is chairman of the county chapter.

"The chapter's funds are exhausted and we are getting deeper into debt every day," Kelly said.

"Cost of the terrible epidemic of paralytic polio we had in 1958 plus the high cost of medical care, rehabilitation, and much needed wheel chairs, braces, shoes, etc. for about 2,000 polio patients have brought about a tragic situation. We believe the people of Wayne county who have always been generous to polio patients will not see their recovery halted."

Wins Award for Painting

Mrs. Catherine Hartley of Randolph street was awarded an honorable mention prize for her water color painting "Wet Pavements" entered in the second annual art exhibit at the Farmington Universalist church.

Jack E. Simonton of Farmington and Emily Fox of Livonia won top honors for their oil paintings. Other honorable mention winners were Ann Gullen of Livonia and W. R. Hocking of Farmington.

LUMBER & COAL CO.

NORTHVILLE

Around the spreading locust tree . . .

Biggest Locust Tree Still Growing Here

The national champ is a broad-beamed Hoosier.

Another hefty contender from south of Jackson had the local statistics pretty well sewed up too for a while.

But a recent Northville discovery suddenly out-classed the pride of Jackson, and may even come to rival the Indiana oldster some day.

We should add that the above personages are all black locust trees.

A spokesman for the Michigan Botanical club recently declared that the black locust gracing the Arthur Heslip property on Nine Mile road, may be the largest tree of its

species in Michigan.

What's more, says its discoverer, Paul W. Thompson, at a mere century and a half, our locust is still a growing sapling, so to speak.

"It's strong and in good condition," he said. "If it holds up, it will probably expand in girth."

Mrs. Heslip adds that it still blossoms early in the spring, and estimates that it is easily more than 100 years old — the age of their home.

Thompson, a research chemist and member of the botanical society, happened upon the tree accidentally last week while on his way to investigate reports of an unusually

husky sugar maple nearby.

Passing the Heslips' farm he spotted the gnarled black-bark beauty and whipped out his tape measure right away.

Its circumference, taken at the standard 4½ feet above ground, proved king-sized all right: 174 inches, or roughly 4½ feet in diameter.

He returned later to obtain figures on height (88 feet) and spread (49 feet).

Thompson said he thinks the tree is large even by national figures. Because of this, he plans to forward its measurements to the National Forestry association for national records.

One hundred inches in girth is good going for any black locust, he said.

The Heslip locust, he said, is only 16 inches svelter around the middle than the Indiana champ. They're about the same in height and spread.

And the forest patriarchs are no less immune to the fortunes of life than the rest of us. Lightning, old age, human expediency . . . snuff them out all the time, thus opening their titles to successors.

As for the Jackson locust, Thompson added, it measures about the same in girth as the Heslips', but loses out in height and spread, where it's done about all the growing it will ever do.

The Michigan Botanical club's interest in big trees is part of a two-year-long study of the size and distribution of local trees and vegetation, Thompson explained.

"Some trees might not be considered large on the basis of their actual size," he explained.

For some elms, 150 inches is a huge tree, he said, but for the white elm, a circumference up to 200 inches is nothing spectacular, and the records run around 275 inches.

"And a sassafras, the size of a small oak might be a huge tree for a sassafras."

Thompson will be back this way to size up a sugar maple that caught his eye on the Claude Crusoe property.

He said the botanical club is anxious to hear of other unusual specimens. Persons who wish to report a tree can write Miss Julia Hunter club secretary, 4502 Cooper avenue, Royal Oak.

The Michigan Botanical club numbers 400 members including amateur and professional botanists and conservationists half of whom live in the Detroit area. It is allied with several national conservation and forestry associations.

. . . a mighty girth expands

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, August 6, 1959—11

AHEAD OF SCHEDULE — Remodeling work at the old Northville high school is progressing rapidly — ahead of schedule says Principal Harry Smith who is supervising the work. School officials now are hopeful that the remodeling will be completed by September. When completed, the building will become the junior high school. The superstructure of a breezeway between the junior high school and the elementary school is shown under construction in the picture above.

Salute General Filters For Accident Record

A "merit award" from the American Insurance companies has been presented to General Filters, Incorporated and its employees for the safety record compiled by the firm during the past three years.

Mrs. Grace Redner, president of General Filters, said the award was made for the period from April 1, 1956 to April 1, 1959 in which no chargeable injuries (causing lay-off) were incurred. General Filters is located at 43600 Grand River in Novi.

Coodies was a nickname applied to those members of the Federalistic Party in New York who favored the War of 1812.

**"Guarantee my lawn!
— is Scott crazy?"**

Frankly, we're amazed ourselves. But there it is — big as LIFE. The most astonishing offer for lawn owners we've seen in all our years. A better lawn — or your money back!

Yes, Scotts actually guarantees to rid your lawn of crabgrass, weeds, grubs, moles — and give you the kind of lawn you want.

Seems fantastic at first — but come to think of it, that's just the kind of results our regular Scotts customers have been telling us about all along. Better see for yourself. We've got all the facts — a plan of action specially developed for this area by Scotts Research. Let us show you how everybody can have a better lawn — just by using the few right products, at the right time, in the right way.

FREE Scotts Lawn Success Guide. Clear, concise answers to our local lawn problems — easy-to-follow steps to a really successful lawn year-round.

Proposed Anti-Litter Ordinance

CITY OF NORTHVILLE

A proposed ordinance prohibiting the throwing or depositing of litter in public places in the City of Northville; regulating the distribution of commercial and non-commercial handbills; controlling the depositing of litter on private premises; providing a lien for city clearance; and prescribing penalties for the violation of its provisions.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NORTHVILLE:

Short Title. This Ordinance shall be known and may be cited as the "City of Northville Anti-Litter Ordinance."

Definitions. For the purposes of this Ordinance the following terms, phrases, words, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

(1) "Aircraft" is any contrivance now known or hereafter invented, used or designated for navigation or for flight in the air. The word "aircraft" shall include helicopters and lighter-than-air dirigibles and balloons.

(2) "Authorized private receptacle" is a litter storage and collection receptacle as required and authorized by the Department of Public Works.

(3) "City" is the City of Northville.

(4) "Commercial Handbill" is any printed or written matter, any sample or device, dodger, circular, leaflet, pamphlet, paper, booklet, or any other printed or otherwise reproduced original or copies of any matter of literature:

(A) Which advertises for sale any merchandise, product, commodity, or thing; or

(B) Which directs attention to any business or mercantile or commercial establishment, or other activity, for the purpose of either directly or indirectly promoting the interest thereof by sales; or

(C) Which directs attention to or advertises any meeting, theatrical performance, exhibition, or event of any kind for which an admission fee is charged for the purpose of private gain or profit; but the terms of this clause shall not apply where an admission fee is charged or a collection is taken up for the purpose of defraying the expenses incident to such meeting, theatrical performance, exhibition, or event of any kind, when either of the same is held, given or takes place in connection with the dissemination of information which is not restricted under the ordinary rules of decency, good morals, public peace, safety and good order; provided, that nothing contained in this clause shall be deemed to authorize the holding, giving or taking place of any meeting, theatrical performance, exhibition, or event of any kind, without a license, where such license is or may be required by any law of this State, or under any ordinance of this City; or

(D) Which, while containing reading matter other than advertising matter, is predominantly and essentially an advertisement, and is distributed or circulated for advertising purposes, or for the private benefit and gain of any person so engaged as advertiser or distributor.

(5) "Garbage" is putrescible animal and vegetable wastes resulting from the handling, preparation, cooking and consumption of food.

(6) "Litter" is "garbage", "refuse", and "rubbish" as defined herein and all other waste material which, if thrown or deposited as herein prohibited, tends to create a danger to public health, safety and welfare.

(7) "Newspaper" is any newspaper of general circulation as defined by general law, any newspaper duly entered with the Post Office Department of the United States, in accordance with Federal statute or regulation, and any newspaper filed and recorded with any recording officer as provided by general law; and, in addition thereto, shall mean and include any periodical or current magazine regularly published with not less than four issues per year, and sold to the public.

(8) "Non-Commercial Handbill" is any printed or written matter, any sample, or device, dodger, circular, leaflet, pamphlet, newspaper, magazine, paper, booklet, or any other printed or otherwise reproduced original or copies of any matter of literature not included in the aforesaid definitions of a commercial handbill or newspaper.

(9) "Park" is a park, reservation, playground, beach, recreation center or any other public area in the City, owned or used by the City and devoted to active or passive recreation.

(10) "Person" is any person, firm, partnership, association, corporation, company or organization of any kind.

(11) "Private Premises" is any

dwelling, house, building, or other structure, designed or used either wholly or in part for private residential purposes, whether inhabited or temporarily or continuously uninhabited or vacant, and shall include any yard, grounds, walk, driveway, porch, steps, vestibule or mailbox belonging or appurtenant to such dwelling, house, building, or other structure.

(12) "Public Place" is any and all streets, sidewalks, boulevards, alleys or other public ways and any and all public parks, squares, spaces, grounds, and buildings.

(13) "Refuse" is all putrescible and nonputrescible solid wastes, (except body wastes), including garbage, rubbish, ashes, street cleanings, dead animals, abandoned automobiles, and solid market and industrial wastes.

(14) "Rubbish" is nonputrescible solid wastes consisting of both combustible and non-combustible wastes, such as paper, wrappings, cigarettes, cardboard, tin cans, yard clippings, leaves, wood, glass, bedding, crockery and similar materials.

(15) "Vehicle" is every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, including devices used exclusively upon stationary rails or tracks.

Litter in Public Places. No person shall throw or deposit litter in or upon any street, sidewalk or other public place within the City except in public receptacles, in authorized private receptacles for collection or in official City dumps.

Placement of Litter in Receptacles So As to Prevent Scattering. Persons placing litter in public receptacles or in authorized private receptacles shall do so in such a manner as to prevent it from being carried or deposited by the elements upon any street, sidewalk or other public place or upon private property.

Sweeping Litter Into Gutters Prohibited. No person shall sweep into or deposit in any gutter, street or other public place within the City the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying property shall keep the sidewalk in front of their premises free of litter.

Merchants' Duty to Keep Sidewalks Free of Litter. No person owning or occupying a place of business shall sweep into or deposit in any gutter, street or other public place within the City the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying places of business within the City shall keep the sidewalk in front of their business premises free of litter.

Litter Thrown by Persons in Vehicles. No person, while a driver or passenger in a vehicle, shall throw or deposit litter upon any street or other public place within the City, or upon private property.

Truck Loads Causing Litter. No person shall drive or move any truck or other vehicle within the City unless such vehicle is so constructed or loaded as to prevent any load, contents or litter from being blown or deposited upon any street, alley or other public place.

Nor shall any person drive or move any vehicle or truck within the City, the wheels or tires of which carry onto or deposit in any street, alley or other public place, mud, dirt, sticky substances, litter or foreign matter of any kind.

Litter in Parks. No person shall throw or deposit litter in any park within the City except in public receptacles and in such a manner that the litter will be prevented from being carried or deposited by the elements upon any part of the park or upon any street or other public place. Where public receptacles are not provided, all such litter shall be carried away from the park by the person responsible for its presence and properly disposed of elsewhere as provided herein.

Litter in Lakes and Fountains. No person shall throw or deposit litter in any fountain, pond, lake, stream, bay or any other body of water in a park or elsewhere within the City. Throwing or Distributing Commercial Handbills in Public Places. No person shall throw or deposit any commercial or non-commercial handbill in or upon any sidewalk, street or other public place within the City. Nor shall any person hand out or distribute or sell any commercial handbill in any public place.

Provided, however, that it shall not be unlawful on any sidewalk, street, or other public place within the City for any person to hand out or distribute, without charge to the receiver thereof, any non-commercial handbill to any person willing to accept it.

Placing Commercial and Non-Commercial Handbills on Vehicles. No person shall throw or deposit any commercial or non-commercial handbill in or upon any vehicle. Provided, however, that it shall not be unlawful in any public place for a person to hand out or distribute without charge to the receiver thereof, a non-commercial handbill to any occupant of a vehicle who is willing to accept it.

Depositing Commercial and Non-

Commercial Handbills on Uninhabited or Vacant Premises. No person shall throw or deposit any commercial or non-commercial handbill in or upon any private premises which are temporarily or continuously uninhabited or vacant.

Prohibiting Distribution of Handbills Where Properly Posted. No person shall throw, deposit or distribute any commercial or non-commercial handbill upon any private premises, if requested by anyone thereon not to do so, or if there is placed on said premises in a conspicuous position near the entrance thereof, a sign bearing the words: "No Trespassing", "No Peddlers or Agents", "No Advertisement", or any similar notice, indicating in any manner that the occupants of said premises do not desire to be molested or have their right of privacy disturbed, or to have any such handbills left upon such premises.

Distributing Commercial and Non-Commercial Handbills at Inhabited Private Premises. No person shall throw, deposit or distribute any commercial or non-commercial handbill in or upon private premises which are inhabited, except by handing or transmitting any such handbill directly to the owner, occupant, or other person then present in or upon such private premises. Provided, however, that in case of inhabited private premises which are not posted, as provided in this Ordinance, such person, unless requested by anyone upon such premises not to do so, may place or deposit any such handbill in or upon such inhabited private premises, if such handbill is so placed or deposited as to secure or prevent such handbill from being blown or drifted about such premises or sidewalks, streets, or other public places, and except that mailboxes may not be so used when so prohibited by Federal postal law or regulations.

(A) Exemption for Mail and Newspapers. The provisions of this Section shall not apply to the distribution of mail by the United States, nor to newspapers (as defined herein) except that newspapers shall be placed on private property in such a manner as to prevent their being carried or deposited by the elements upon any street, sidewalk or other public place or upon private property.

Dropping Litter from Aircraft. No person in an aircraft shall throw out, drop or deposit within the City any litter, handbill or any other object.

Posting Notices Prohibited. No person shall post or affix any notice, poster or other paper or device, calculated to attract the attention of the public to any lamp post, public utility pole or shade tree, or upon any public structure or building, except as may be authorized or required by law.

Litter on Occupied Private Property. No person shall throw or deposit litter on any occupied private property within the City, whether owned by such person or not, except that the owner or person in control of private property may maintain authorized private receptacles for collection in such a manner that litter will be prevented from being carried or deposited by the elements upon any street, sidewalk or other public place or upon any private property.

Owner to Maintain Premises Free of Litter. The owner or person in control of any private property shall at all times maintain the premises free of litter. Provided, however, that this section shall not prohibit the storage of litter in authorized private receptacles for collection.

Litter on Vacant Lots. No person shall throw or deposit litter on any open or vacant private property within the City whether owned by such person or not.

Clearing of Litter from Open Private Property by City.

(A) Notice to Remove. The City Manager is hereby authorized and empowered to notify the owner of any open or vacant private property within the City or the Agent of such owner to properly dispose of litter located on such owner's property

which is dangerous to public health, safety or welfare. Such notice shall be by Registered Mail, addressed to said owner at his last known address.

(B) Action Upon Non-Compliance. Upon the failure, neglect or refusal of any owner or agent so notified, to properly dispose of litter dangerous to the public health, safety or welfare within 15 days after receipt of written notice provided for in subsection (A) above, or within 15 days after the date of such notice in the event the same is returned to the City Post Office Department because of its inability to make delivery thereof, provided the same was properly addressed to the last known address of such owner, or agent, the City Manager is hereby authorized and empowered to pay for the disposing of such litter or to order its disposal by the City.

(C) Charge Included in Tax Bill. When the City has effected the removal of such dangerous litter or has paid for its removal, the actual cost thereof, plus accrued interest at the rate of six per cent (6%) per annum from the date of the completion of the work, if not paid by such owner prior thereto, shall be charged to the owner of such property on the next regular tax bill forwarded to such owner by the City, and said charge shall be due and payable by said owner at the time of payment of such bill.

(D) Recorded Statement Constitutes Lien. Where the full amount due the City is not paid by such owner within 30 days after the disposal of such litter, as provided for in subsections (A) and (B) above, then, and in that case the City Manager shall cause to be recorded in the Register of Deeds Office for the County wherein the property in question is located a sworn statement showing the cost and expense incurred for the work, the date the work was done and the location of the property on which said work was done. The recordation of such sworn statement shall constitute a lien and privilege on the property, and shall remain in full force and effect for the amount due in principal and interest, plus costs of court, if any, for collection, until final payment has been made. Said costs and expenses shall be collected in the manner fixed by law for the collection of taxes and further, shall be subject to a delinquent penalty of four per cent (4%) in the event same is not paid in full on or before the date the tax bill upon which said charge appears becomes delinquent. Sworn statements recorded in accordance with the provisions hereof shall be prima facie evidence that all legal formalities have been complied with and that the work has been done properly and satisfactorily, and shall be full notice to every person concerned that the amount of the statement, plus interest, constitutes a charge against the property designated or described in the statement and that the same is due and collectable as provided by law.

Penalties. Any person violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in an amount not exceeding One Hundred (\$100.00) Dollars or be imprisoned for a period not to exceed Ninety (90) days or be both so fined and imprisoned. Each day such violation is committed or permitted to continue shall constitute a separate offense and shall be punishable as such hereunder.

Separability. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions hereof.

Ordinance Repealed. All ordinances and parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed.

Public Hearing on this Ordinance will be held August 17, 1959 at 8 P.M., City Hall, Northville, Michigan.

Plumbers Lose Two More

Up Hitting But Bingles Don't Help

"You can't grow fat on a starvation diet."

Members of the Northville Plumbers are willing to accept this fact—but they're wondering if the opposite isn't true as well.

After dropping a 4-0, two-hit game to Livonia Center last week, the Plumbers came back with nine hits only to lose a 2-1 squeaker to Wayne Ford.

In a later contest last week, the Northville nine downed Plymouth, 7-0, collecting five hits while holding the opposing squad to a single hit.

The Plumbers scraped together only two hits in losing to Livonia, while the losing hurler, Craig Bell, gave up five hits. Bill Booth was credited with the victory.

Livonia scored one run in the first, involving two Northville errors, one in the third on one error, one in the fourth on another error, and one in the sixth—on a double.

Both of Wayne's game winning runs were unearned. They came in the fifth on two walks and two errors.

Northville scored its lone run in the sixth. Craig Bell doubled to left and Jim Anderson singled him home. Hitting highlights included Bell's double, a two-bagger by Phil Jerome and a triple off Jim Anderson's bat.

Butch Willing, who struck out 11 batters, was tagged with the loss. Mijal was the winning hurler.

With a 7-0 lead under their belts, the Plumbers were handed the victory over Plymouth in the bottom of the sixth when Umpire C. L. Kaye called a halt to the game for "unsportsmanlike conduct" by Plymouth.

Bell, who gave up only one hit, was credited with the victory, Doug O'Brien drew the loss.

Four of the Plumbers' runs came in the first inning. Tom Long started the rally with a walk, followed by a single off Dennis LaRoque's bat. Anderson walked to fill the bases. Tom Swiss walked and forced across the first tally, and Dan Pattison walked to score another run. Then Tom Daniels singled to score Anderson and Swiss.

In other Class E games, Northville Recreation edged the Training School, 5-3, and then dropped a 9-5 tilt to Plymouth Davis & Lent and a 14-0 game to Plymouth Mill's Coffee Shop.

Johnny Kohler was credited with the only Northville victory, Mike Zayti and Bill Elwell were the losing Recreation hurlers. Shelton was the losing pitcher for the Training School.

Sports

Orioles Win 3-Game Series, Capture City Championship

Tripped up in the last of a three-game series, the Northville Orioles still managed to grab the city Class "F" championship last week.

The Braves wrestled a 5-4 victory from the Orioles on Saturday, after dropping the first two games, 11-0, and 18-13.

More than 100 players from the two Northville Class "F" teams and their parents were on hand for an end of the season picnic at Cass Benton park Saturday after the final game.

Eric Peterson gave up only two hits in hurling the Braves' lone victory. Gary Grys and Terry LaRue shared mound duty for the losers.

The Orioles were out front by a 2-1 score in the fifth when the fireworks started. Jerry French gained first on a throwing error, Doug Swiss walked and both runners advanced on a passed ball.

Chuck Bailey reached first on a fielder's choice in an unsuccessful attempt to get French at the plate. With two men on, Peterson blasted a long home to clinch the victory.

The Orioles rallied for single runs in the sixth and seventh, but were unable to push across the tying run. In the first game between the two

LOCAL CHAMPS LOSE—These smiles turned to frowns a week ago as Northville's top tennis players lost in the early rounds of the Motor City Novice Tennis Tournament at Palmer park in Detroit. Tom Slattery had captured the local junior division title to win his trip to Detroit, while Myrl Douglas was runner-up to Jackie Phillips (right) for the junior girls division, and June King (second from right) was the victor in the local senior girls division.

Slattery Fires 44 To Win Golf Tourney

Close to 50 youngsters participated in the archery and golf contests sponsored last week by the Northville Recreation department.

In the older boys golf contest, Tom Slattery shot a 44 on the back nine at Braeburn golf course to win the event. He also won the long drive and closest-to-the-pin contests. He received five new golf balls for his efforts.

Larry Angove finished the nine holes with a 56—good enough for second place.

John Tewksbury carded a 65 to win the younger boys division. Ray Tewksbury took second with a 67.

Archery contest results:
5 and 6 years—first, Paul Johnston; second, Gerald Stopper; first, Kathy MacLain.

7 and 8—first, Dave Johnston; second, Craig Turnbull; third, Bill Skelly.

9 and 10—first, Dale Sterling; second, Ted Mills; third, Mike Conley; first, Darlene Baggott.

11 and 12—first, Jeff Stubbs; second, Lloyd Moore; third, Ron Asher; first, Susan Hubbert; second, Carol Lipa; third, Susan Conley.

13 and 14—first, Rick Rebitzke; second, Richard Burton.
15 and 16—first, Ronald Richardson; second, Bill Chappel.

Hey Cats! Dig This Show

Even a few of those howling cats that rattled your garbage can cover will look respectful tomorrow as the fifth annual pet and doll show gets underway at the city hall park.

Sponsored by the recreation department, the show this year will include a parade around the Main, Center, Dunlap and Wing streets block. It's scheduled to begin shortly after 6 p.m.

Boys and girls of all ages are invited to enter their pets and dolls in the show. However, the youngsters must be registered with the recreation department summer program.

Recreation officials have stated that there will be more than 20 divisions—room enough for plenty of winners.

Pitchers "Mis-Fire" As Wayne Triumphs

Two Northville pitchers bombarded Wayne Ford's offensive unit last week—and it cost the Mustangs the game.

Pitches came fast and furious, but few crossed the plate as the Wayne batters dodged the fireworks and grabbed an occasional hit to throttle the Northville nine, 10-2.

In a later game, however, the Mustang pitching staff parceled out five hits in edging Livonia Recreation, 3-2.

Starting pitcher Roger Atchinson was tagged with the Wayne loss, although relief hurler Bob Starnes served up a platter-full of erratic pitches.

Joe Kritch came from behind the plate to relieve Starnes. The substitute catcher took the mound with bases loaded. He walked the first batter he faced, forcing in a run, allowed a line triple to clear the bases, and then struck out the next seven of eight batters.

The Mustangs scored their first run in the opening inning on singles by Steve Juday and Kritch. The second run came in the third inning. Fred Steeper walked, moved to second on a wild pitch, and scored as Wade Deal bounced a single between first and second.

Wayne scored one run in each of the first three innings and then opened the game up in the fourth when one error, a hit batter, five walks, and a bases clearing triple iced the game.

Northville came from behind in the seventh inning to nip Livonia Recreation, 3-2. Starnes led off with a walk. Fred Steeper, attempting to sacrifice, also walked. Bill Trotter bounced an infield hit between first and second to load the bases.

Juday lined a drive to right center, scoring the tying and winning runs. Steeper slid under the catcher's tag to score the final tally.

Joe Kritch, who relieved Hurler Jeff Goodrich in the fourth, was credited with the victory. Jerry Belrose was the losing pitcher.

Juday, who led Northville's hitting attack with three hits in four trips to the plate, boosted his average to .393.

Bears Top Tigers In Post Season Tilt

The same Tigers that chewed up the knothole softball league to gain the regular season title lost a tooth and nail battle with the Bears for the playoff championship last week.

Playing their best game of the season, the Bears took an early 5-run lead in the first inning and then hung on to win 7-6. Stan Nyrdler was the winning hurler, Kim Marberger the loser.

In four games played between the two teams, each won two—three of which were decided by one run.

The Bobcats felled the Panthers, 6-1, in the consolation game for third and fourth places. Jim Fox was the winning pitcher and Dennis Bidwell was the loser.

The shortstops scored two runs in the third, one in the fifth and three in the sixth to overcome the Panthers—who also settled for last place during the regular season.

In the final two games played in the knothole baseball league, the Dodgers nipped the Giants, 5-4, and the Yankees trimmed the Tigers 12-2.

Norbert Parent was credited with the win over the Giants. Pete Southerland and Bill French shared mound duty for the losers.

Doug Dingwall pitched the Yankees to their win over the Tigers. Ken Van Sickle was the losing hurler.

Young Door Wins Novi Playoff Title

Young Door of Novi narrowly edged two of its opponents last week to claim the Novi Little League playoff title.

After nipping National Bank in the semi-finals, 6-5, the Little League champions defeated Fiberglass in a 5-4 squeaker that wasn't decided until the final inning.

In the latter game, Young Door climbed on Ed Karshnick for two runs in the last inning to win the game. Jim Bertoni, winning hurler, lashed out a single to drive in one run, knotting the score at 4-4, and Norman Krugg smashed a drive to the outfield which scored Bertoni with the winning run.

Bill MacDermid collected two hits in two attempts for the winners, while Krugg hit successfully in three times at bat.

Jim Payton was credited with Young Door's opening victory over National Bank, while Duane Miller drew the loss.

Payton collected two hits and Chuck Sidaway smashed out a double for the winners. Leading hitters for National Bank were: George Birchfield, three for three—including his 10th home run of the season; Cliff Hawley, three for three; and George Simenton, two for four.

In the only other playoff game, Fiberglass edged Paragon, 9-8. Ralph Caliguri gave up six hits in winning for Fiberglass. Jim Driscoll, losing hurler, gave up eight hits.

Caliguri smashed out a home run in the first inning. His brother, Randy, was the leading Fiberglass hitter, collecting two hits in three attempts.

Joe Schutler collected four hits in four attempts while Paragon teammate, Driscoll had two for three.

Tax Study Buried

THE WIDELY-QUOTED 573-page "redbook" on Michigan taxes is headed for the archives.

Someday a tax researcher may blow the dust off a bound volume of the staff papers of the 1959 Michigan Tax Study and use it as background for a new study of Michigan's tax structure.

Most of the recommendations based on the 1958 study were scuttled by the 1959 legislature.

Also scuttled was the dream of Rep. Rollo G. Conlin (R-Tipton) for an overhaul of Michigan's patchwork revenue system.

Conlin was a proud man December 2, 1958, when a Citizens' Advisory Committee appointed by his House Tax Committee came up with a comprehensive program for revising the tax structure.

The program was promptly dubbed the "Conlin Plan".

It was built around a graduated personal income tax.

The graduated income tax, endorsed by Gov. G. Mennen Williams, failed to get wide support in the House and was denounced in the Senate. Conlin turned to a "piggy back" income tax. It failed in the House.

He then tried a flat rate income tax. It slipped by the House with one vote to spare, but was clobbered within minutes after it arrived in the Senate.

Conlin, a pipe-smoking farmer who says he is serving his last term in a 16-year legislative career, didn't vote when the House passed plans to increase the sales tax.

But everybody in the chamber knew what he was thinking.

THE LEGISLATURE may be asked next year to require zoning boards and other bodies at the township level to open their meetings and records to the public.

Kenneth West, managing editor of the Lansing State Journal and chairman of the Freedom of Information Committee of the Michigan Press Association, said some study was expected in this direction.

WATER SOFTENERS

INVESTIGATE the wonderful Reynolds Fully-Automatic Water Conditioner (the softener that does everything). Also, Ball-O-Matic and Selfstream Semi-Automatics. You can't beat the best! Factory sales, installation, service.

Webster 3-3800
REYNOLDS
WATER CONDITIONING CO.
(Michigan's oldest and largest manufacturer of water conditioning equipment... since 1931)
12100 Cloverdale, Detroit 4, Mich.

West's committee was instrumental in securing passage of a bill requiring open meetings and records of school boards.

The 1959 "Right-to-Know" bill was sponsored by Reps. William Romano (D-Warren), Einar Erlandsen (D-Escanaba), Robert Waldron (R-Grosse Pointe) and Russell Strange, Jr. (R-Clare).

Senator John H. Stahlin (R-Belding) championed the freedom of information cause in the Senate.

Stahlin was responsible for killing an amendment that would have allowed school boards to take final action in closed-door executive sessions "in the public interest".

"This would not be a fair way to do it," Stahlin said. "You would be taking away a freedom."

"A little group of people could shut everybody out; make a decision — and let you know about it afterwards."

Stahlin will be remembered as one of the most colorful freshmen in legislative history.

He was popular among Senate GOP leaders early in the session when he criticized the Democratic state highway administration during his maiden speech, which was delivered in Will Rogers style. But his colleagues held him with less enthusiasm when he argued they could get things done more quickly.

During the last days of the session he was openly critical of what he called "the wheels" in the Senate.

MICHIGAN MEN are making their mark in Washington. When Frederick H. Mueller, Grand Rapids, was nominated as Secretary of Commerce, it was the third time President Eisenhower selected a Michigan man to serve in his cabinet.

Others were Postmaster General Arthur E. Summerfield and Charles E. Wilson, former Secretary of Defense.

Army Secretary Wilbur E. Brucker, former Michigan governor, heads a list of others from Michigan who have key jobs in the Eisenhower administration.

GOV. G. MENNEN WILLIAMS will turn his attention to personnel problems once duties related to the Legislature are completed.

His biggest problem will be finding a replacement for Controller James W. Miller, who will become Secretary of Michigan State University.

Civil Service Director Arthur Rasch will retire, as will Louis M. Nims, state revenue commissioner.

Another Bumper Crop

Babson Park, Mass. — I am not surprised that my first survey of 1959 crop prospects indicates a total outturn second only to the huge 1958 record. This spotlights once again the folly of crop supports. These figures do mean that farmers should diversify more and not gamble on only one crop.

Wheat and Other Grains

Barring serious damage to the spring wheat crop, I forecast that the total outturn of wheat this year will be around 1,155,000,000 bushels. This is down about 20 percent from the record 1958 production, but 7 percent above the 1948-57 average. Including the estimated July 1 carryover of about 1,285,000,000 bushels, supplies for 1959-60 are more than double total average annual disappearance. Most of the July 1 stocks were in government hands and will not glut the market. The 1959 crop will be supported at a national average rate of \$1.81 a bushel. Thus bulwarked, wheat prices could average higher in the months ahead.

I expect the barley crop to be around 414,000,000 bushels — 12 percent below the 1958 record high, but 30 percent above average. With July 1 farm stocks the largest since 1949, total barley supplies should easily suffice for 1959-60 requirements. A smaller acreage and poor yields have cut flaxseed prospects to about 27,000,000 bushels — down sharply from the 1958 outturn and 30 percent below the ten-year average. There will be no dearth, however, for here also July 1 farm stocks were relatively large. From the smallest acreage of oats for grain since 1892, farmers probably will harvest a crop of over 1,000,000,000 bushels — down 29 percent from 1958 and 23 percent below average. Even so, I expect no shortage of oats this season. Since July 1 farm stocks were at a record high of around 300,000,000 bushels, the rice crop may be down to about 21,400,000 bushels — a third less than last year, and 5 percent below average. However, this year's crop will suffice.

Corn, Dry Beans and Rice

U. S. farmers apparently have great confidence in corn this year. The crop may hit a record high of 4,224,450,000 bushels, which would be 29 percent above the ten-year average of 3,251,064,000 bushels. Despite heavy consumption this season, July 1 farm stocks were the third largest for the date. Somewhat less than half this big reserve was under CCC loan. Smaller output of other feed grains, plus shipping of sizable supplies of corn into government loans and an expected heavy total disappearance in 1959-60, may partly offset any corn pile-up.

Another large crop of dry edible beans is in prospect. Although the indicated outturn of 18,494,000 bags is 3 percent smaller than the large 1958 crop, it is well above the 1948-1957 average of 16,804,000 bags. This crop, plus the carryover, will easily cover all needs in the 1959-1960 season. The rice crop also looks promising, with a U.S. outturn of over 50,000,000 bags (100 pounds each) expected, compared with the 1958 crop and a ten-year average of around 47,000,000 bags.

Cotton and Soybeans

U. S. farmers planted 28 percent more acreage to cotton this spring than last. Given the high per-acre yields of recent years, the cotton crop could be about 14,000,000 bales, compared with last year's 11,512,000 bales and the ten-year average of 14,136,000 bales.

U. S. consumption and exports in the 1959-60 season may well exceed the 1959 crop. Therefore, the carryover a year hence should not differ materially from the estimated 8,800,000 bales this year. Only three years ago, the carryover amounted to 14,528,823 bales. Cotton prices probably will ease during the peak of the marketing season this fall, but should strengthen thereafter.

After nearly a decade of annual acreage boosts, U.S. farmers this year cut planted acreage of soybeans 8 percent under a year ago. Thus, the 1959 outturn could be

Says Planner

Industry Vital to Suburbs

(The comments of Louis Sachar of the New York Regional Plan Association seem especially pertinent to the Northville-Nowi area. The article appeared recently in The Detroit Free Press).

The most pressing need in the American suburbs today is for industry.

This is the opinion of Louis Sachar, New York industrialist, economic adviser to New York Mayor Robert F. Wagner and a member of the board of directors of the New York Regional Plan Association.

Sachar has just completed a 15-state survey of urban and suburban planning agencies.

These are his conclusions:

"Every suburban area, regardless of wealth, must have industry or face sky-high taxes."

"The time for suburban areas to prepare for industry is while unimproved land is still available."

"Open land is an open invitation to build more homes. When the homes are up it is too late to think about industry. My Survey emphasizes my belief that pre-planning must precede suburban development."

According to Sachar, the suburban situations in New York, Detroit, Cleveland, Chicago and St. Louis are similar. Their residential development was spurred by families who wanted to get out into the wide open spaces — away from urban congestion and industrialization.

"Homeowners in these suburbs find that their dream hasn't quite come true. People of medium incomes have been moving in droves to the suburbs. And they all want the necessities of good schools, sanitation, police and fire protection. When their tax bill arrives there is universal anguish," Sachar said.

Every house costs a suburban city a minimum of \$500 for schools and services, the Sachar survey estimates, if there is no balancing tax revenue from industry.

Sachar believes that suburban homeowners should welcome industry into their areas rather than battle it.

"Factory is an obsolete word," Sachar said. "Today's industrial plants are blended into industrial parks that are both efficient and eye-pleasing."

Without industry, Sachar points out, thousands of suburbanites may eventually be taxed out of their homes.
