

**NORTHVILLE PORCH LIGHTS** will be mighty important to these three women and other area captains next Tuesday evening during the Mothers' March of Dimes campaign. Northville residents are urged to turn on their porch lights so the mothers know where contributions are ready. Examining the "symbol of willingness" are (left to right) Mrs. Albert Leedham, Mothers' March chairman, and Mrs. John Rogers and Mrs. Richard Ambler, area captains.

## Porchlight Drive For Polio Tuesday

An emergency appeal will be made to Northville residents to help pull the nation through the summer polio season.

Local mothers will conduct an emergency March of Dimes drive from 7-8 p.m. Tuesday, to replace funds which have been depleted by sudden polio epidemics and rising medical costs.

### \$100 a Toss!

Litterbugs beware! The city council gave final approval to a new litter ordinance Monday night and promises to "get tough" with violators.

Specifically, the council instructed the police chief to ticket persons caught throwing trash on the streets. The maximum fine — which the council has strongly urged to be invoked — is \$100.

### Rotary Sponsors Cruise

If the Novi Rotary club has its way, all of Novi and neighboring communities will float out of Michigan later this month.

The Novi Rotarians are urging men, women and children to climb on board for a Rotary-sponsored one-day cruise on Lake Erie Saturday, August 29.

The 520-foot luxury cruiser, "Aquamaram" will leave her Detroit dock at 8:15 a.m., cruise to Cleveland and return to Detroit about 10:30 p.m.

Tickets are available at The Record office.

## Release Myers' Slugger For Circuit Decision

A 17-year-old Wixom youth was released from the Detroit House of Correction Tuesday on \$200 bond after being sentenced to 90 days last Friday by Northville Judge E. M. Bogart.

The youth, Robert Korthas of 1318 Flamingo, had pleaded guilty to beating 15-year-old Mike Myers of Northville last May.

Korthas was sentenced and ordered to pay a \$100 fine — the maximum sentence for an assault and battery charge.

Korthas was also placed on probation for three months during which time he must make restitution of the \$94 hospital bill.

In his appearance before Judge Bogart Friday Korthas was without legal counsel. Tuesday an appeal for a trial in circuit court was filed by Attorney E. E. Juntunen of Wall Lake and the \$200 cash bond submitted.

It now remains for the case to be reviewed in circuit court, probably in September or October. According to Attorney Juntunen,

### Good Work, Chief

Northville city councilmen passed a resolution Monday night commending Police Chief Eugene King for his outstanding work in apprehending the youths responsible for the beating of Mike Myers.

Chief King conducted a thorough investigation of all area cars matching the description given by Myers after the May 29 beating.

He had special praise for the Novi, Wixom and Walled Lake police departments for their cooperation in the search for the car owner.

Korthas cannot receive a more severe penalty. And even another plea of guilty could result in probation.

Northville police arrested Korthas and his 19-year-old companion, Robert Soreno, for brutally assaulting Mike Myers at 11 p.m. on North Center near his home on May 29. The Myers' boy was slugged and badly beaten about the face.

Knocked unconscious, Myers could remember little of the incident. He managed to struggle to Councilman Richard Juday's house to get help. Soreno was expected to be brought to trial this week. He admitted accompanying the assailant and driving the car.

The confession by the two youths, obtained by Police Chief Eugene King last Wednesday, brought an end to a four-month-long investigation.

Police had questioned about 50 boys and had checked more than 20 black Fords — the suspect car — before they finally questioned Korthas and Soreno.

The two youths told police they were returning from a dance in Farmington when they drove through Northville. Korthas said he saw Myers walking on the sidewalk. After they passed him, Korthas told Soreno to drive back.

Soreno stopped, Korthas jumped out, and asked Myers "What are you looking at?" When Myers answered, "Nothing sir," Korthas knocked him to the ground, jumped back into the car and they sped away, Chief King said.

Korthas said he beat Myers because he was upset about "breaking up" with his girlfriend.

The Northville city council had offered a \$100 reward for information leading to the arrest of the guilty parties.

## Open Bids For Water Program

The first step towards Northville's \$300,000 water system improvement program was taken Monday night as councilmen heard bids from 14 contractors and suppliers.

All the bids were tabled for study but it is anticipated that contracts will be awarded shortly after bond bids to finance the projects are opened August 27.

Bids were asked on three phases of the project: installation of water lines, valves and hydrants, chlorinating equipment including chlorinators, gas masks and booster pumps for the Novi road and Wing street wells; and for two types of elevated storage tanks of 400,000 gallon capacity.

Totals of the low bidders — coupled with the cost of projects already undertaken — will bring the total cost of the water improvement program very near to the estimated \$300,000.

Bids in installation of water lines, valves and hydrants were:

Boam company, Livonia — \$120,588.88; Terra Construction company, Detroit — \$107,943.77; Waterway Construction company, Detroit — \$127,387.61; Novi Building Service, Inc. — \$94,801.83; W. Stockton Excavating company, Melvindale — \$120,751.

A legal point arose in the case of the Novi Building Service bid when it was noted that a bid bond was not included. The bond is a prerequisite of all bids.

The council asked the city attorney to submit an opinion at a special meeting of the council next Monday night to determine whether or not this bid may be legally considered.

Bids on the chlorinating equipment were as follows: Fisher & Porter company, \$2,958 (not including installation); Everson Manufacturing company, \$2,916.39; S & S Plumbing and Heating, \$3,040; and the William A. Dalee company, \$3,538.50.

Bids on the 400,000 gallon elevated storage tank were submitted for both the double ellipsoidal (standard type tank having supporting legs) and spheroid (mounted on single, enclosed base).

The bids were: Graver Tank & Manufacturing company, \$88,100 for spheroid and \$77,850 for D.E.; Pittsburgh-Des Moines Steel company, \$91,240 for spheroid and \$80,350 for D.E.; Fullerton Construction company, \$86,648 for D.E.; Chicago Bridge and Iron company, \$86,790 for spheroid and \$79,500 for D.E.; Hammond Iron Works, \$89,220 for spheroid and \$81,120 for D.E.

Work time required for installation of the lines, hydrants and valves range from 90 to 150 days, while erection of the storage tank will require from 150 to 200 days, depending on the length of the steel strike.

Actual construction is expected to start as soon after the sale of the \$300,000 in bonds as possible.

The city has already spent \$25,000 for development of the new Novi road well site including a pump house and pumps, and \$35,000 for the rehabilitation of the filter building for more storage and high level pumps. Another \$35,000 is earmarked for engineering and legal fees and construction contingencies.

The city's water improvement program was approved by a vote of the people last May. A February vote failed to win the necessary 60 per cent margin.

Although the bonds are guaranteed by the general obligation of the city tax base, payment will be made over a 27-year period from revenues received by the water department.

City Manager John Robertson pointed out that the bids were well within estimates thus guaranteeing the ability of the water department to pay for the improvements without raising present rates.

"BIG DEAL" — Not too impressed with the prospects of new school clothes, Paul Lorenz is a disinterested third party while his mother, Mrs. Douglas Lorenz (left), inspects the trousers held by Mrs. Leo Mainville at Brader's. Chances are Paul prefers the jeans and T-shirt ensemble. He has until September 11 when all classes resume in the public schools.

## OLV Classes Begin September Eighth With 218 Students

Two new teachers will join the staff at Our Lady of Victory school this fall. Principal Sister Rose Edmund, O.P., announced.

Sister Elizabeth Mary, O.P., will teach fifth and sixth grades, replacing Sister Margaret Ruth, who has been transferred to St. Patrick's school in Brighton. A postulant will teach third and fourth grades, replacing Sister Ann David, who will teach in Albion this year.

Classes begin for all students at 8:30 a.m. September 8.

Sister Ann Nicolae will again teach fifth and sixth grade classes, and Sister Rose Edmund, seventh and eighth grades.

Enrollment is also up, Sister reported. By the end of last year 191 students were enrolled in classes at Our Lady of Victory. This year 218 students are expected.

## 20 New Teachers Boost School Staff to Highest Ever

The addition of 20 — possibly 21 — new teachers in the Northville school system will push the total number of instructors to an all-time high this fall.

When school opens in September at least 75 teachers will be teaching in Northville schools, including Ammerman, Main street, the junior high and the senior high schools.

This total includes two librarians, art and music instructors and possibly a speech correctionist. It does not include the principals or the superintendent of schools.

The new teachers, their home towns, and their teaching assignments are:

Michael G. Abbott, Seattle, Washington, junior high English; Mrs. Nancy B. Allen, Ann Arbor, kindergarten, Ammerman; Arnold Anderson, Negaunee, Michigan, senior high industrial arts; John Barnett, Texas, sixth grade, Main street; William Breyfogle, junior high science, mathematics; Miss Joan Donnelly, Plymouth, elementary music; Mrs. June Freydl, 207 North Rogers, third grade, Ammerman; John Hyde, Yale, Michigan, junior high science, mathematics; Miss June King, 19076 Northville road, girl's physical education; Miss Carolyn Krause, St. Ignace, elementary music; Mrs. Marjory Lancaster, 302 Debra Lane, fourth grade, Ammerman.

Mrs. Lucy Miller, 12860 West Ten Mile road, returning from leave of absence, second grade, Main street; and Mrs. Patricia Quinlan, Plymouth, junior high home economics; Ralph Redmond, Detroit, elementary art, coaching; Miss Edith Renwick, 7596 Angle road, first grade, Ammerman; Charles Shonta, Detroit, junior high and elementary physical education, coaching; Mrs. Madeleine Stillson, 300 Ely drive, high school study hall; Miss Margaret Tudor, Dearborn, first grade, Ammerman; Mrs. Barbara Urbanovic, Ypsilanti, junior high English; and Miss Karen Walia, Hancock, Michigan, fourth grade, Ammerman.

## No Crowded Classes With Senior, Junior High

Vacation days are dwindling down to a precious few for Northville school district students.

Thursday, September 10 all junior and senior high school students will report to new surroundings.

The next day all grades answer the 8:30 a.m. bell as classes get into full swing.

For some 625 high school students it will mean the introduction to the new \$2½ million campus-style facility.

For an estimated 265 seventh and eighth graders the old high school — with a \$200,000 face-lifting — will become their junior high.

In all, enrollment is expected to increase modestly to nearly 1800 pupils. Last year the average school population was 1723.

Before any work is undertaken both junior and senior high school students will be given orientation talks — and presumably tours — so that they will be familiar with their strange surroundings.

Superintendent of Schools Russell Ammerman announced that an open house and dedication ceremony will be planned for the new high school this fall. He indicated the dates and details will be worked out with the Parent-Teachers association.

Principal Harry Smith, who has been in charge of the junior high school remodeling program, is still not certain that the buildings will be completely ready for school opening.

Workmen are far ahead of schedule — which calls for completion in November — but whether work will have progressed far enough for student use in September cannot be determined.

"We are hopeful, but skeptical," Smith remarked in summing up the chances of using the school immediately.

In addition to a new heating plant, now centrally located in the Main street elementary, the old high school will have all new acoustical ceiling, new floors in classrooms, all new wiring and plumbing and redecorated rooms and hallways.

The old study hall has been converted into a classroom and a library. Rooms in the south section of the building have been enlarged. In all there are 15 teaching stations in the junior high school including the gymnasium. The building is now connected by a breezeway to the Main street school.

According to Smith, the gymnasium will be used to provide physical education classes for junior high school girls and some of the higher elementary grades from the Main street school. The community building gym will be used by the junior high boys for physical education classes. Music classes and lunch service will also be in the community building.

Enrollment in the grades will be split between Smith's Main street school with 355 students and Principal Richard Kay's Ammerman school with 525.

Opening of the new high school and conversion of the old building into a junior high has eliminated crowded classroom conditions that existed when seventh through 12th grades were in the old high school.

E. V. Ellison, high school principal and director of transportation for the schools, stated that bus schedules have not yet been prepared, but publication is expected next week. All parents of kindergarten children will receive written instructions on bus schedules in the mail, Ellison noted.

For children of non-church members a tuition of \$15 per child per week will be charged. If one or both parents are members of St. Paul's parish tuition will be waived.

Curriculum of the new school complies with state requirements for accredited schools.

Parents' meetings have been planned Rev. Pankow said, and conferences between parents and teachers will be held periodically.

Ground exits are found on both levels.

Total cost of the building is approximately \$46,000.

School architect has been John A. Allen, AIA, of Farmington, and Robert Hall of Gordon B. Hall and Sons of Detroit, the general contractor.

The building will also be used for other church educational purposes. The parochial school will open September 9. Principal Harold R. Kenow, and Mrs. Allen Herbst will be teachers.

Enrollments for grades 1-8 are being taken by Mr. Kenow (FI-9-2030).

Classes will begin September 9 at 8:30 a.m. Daily sessions will be from 8:30 to 3:30 with lunch from 12 to 1:00. Milk will be available to all school children.

Deadline for registration is September 8. A registration fee of \$10 covers the cost of all school books except religious texts.

Walls are of masonry block, with brick exterior. Floors are of pre-stressed, reinforced concrete, and the ceiling of pre-cast concrete plank. Windows are set in aluminum stops, fastened to the steel tubing that supports the floor and roof structure. The upper floor is covered with vinyl asbestos tile. Lavatories have ceramic tile flooring. Shielded fluorescent lighting fixtures have been placed in all rooms.

Classrooms are also provided with basswood blinds, chalk board, tack board, work sinks, fountains and clocks. Heating is by forced hot-air system.

The building is so designed that it can be expanded in two directions.

The Rev. W. H. Cordts of Hankinson, North Dakota, past president of the North Dakota district, and St. Paul's pastor, the Rev. B. J. Pankow, will serve as liturgists.

Doors of the new Christian education building will be opened at the west entrance during a 10:15 a.m. ceremony.

An afternoon festival service will be held at 3:30.

The Rev. Edwin Weber of Fraser, chairman of the district church extension board, will deliver the sermon.

Dr. Samuel J. Roth, district superintendent of schools, representing the District Board for Christian Education, will also attend the afternoon observances.

At this time the Rev. Robert A. Grunow of Livonia, counselor of the Dearborn circuit, will assist Rev. Pankow as liturgist.

Guided tours of the new school will be conducted, beginning at 1 p.m.

A dedication supper will be served by ladies of the parish at 5 p.m.

## Dedicate Lutheran School Sunday

Dedication of St. Paul's Evangelical Lutheran church Christian day school will take place Sunday.

A special morning ceremony will be held between the regular worship services. Guest preachers have been invited to take part.

The Rev. W. Harry Krieger of Traverse City, president of the Michigan district of the Lutheran church — Missouri Synod, will preach the sermon at the 8 a.m. and 10:30 a.m. services.

The Rev. W. H. Cordts of Hankinson, North Dakota, past president of the North Dakota district, and St. Paul's pastor, the Rev. B. J. Pankow, will serve as liturgists.

Doors of the new Christian education building will be opened at the west entrance during a 10:15 a.m. ceremony.

# Miss Blackburn Weds William Young, Jr.

Mrs. William Young, Jr.

Bouquets of white glads and Fuji mums decorated the chancel of the First Presbyterian church for the wedding Saturday evening of Suzanne Blackburn to William Young, Jr.

The Rev. John Taxis and the Rev. Harold Fredsell officiated in the double ring ceremony before 225 guests from Northville, Salem, Wayne, Trenton, Monroe, Brown City, Toledo, Farmington, Utica and Detroit.

Given in marriage by her father, the bride wore her sister's wedding gown of chantilly lace over egg-shell summer satin. A cathedral train formed the skirt, which had a panel of white pleated nylon tulle in the front. The fitted bodice had long sleeves and a mandarin collar of lace. A seed pearl and lace cap secured her fingertip veil. She carried a white Bible with a white orchid surrounded by stephanotis.

The bride's sister, Gail Scheffer of Utica, was her matron of honor. Bridesmaids were, her sister, Priscilla, and her cousins, Kay and Jane Keskey of Redford. All of the attendants wore identical gowns of pink organza over taffeta with lace jackets and carried shaded pink carnations. Their headpieces, with

circle veils, matched their dresses. The bride is the daughter of Mr. and Mrs. John W. Blackburn of Orchard drive, and her husband is the son of Mr. and Mrs. William Young of Chubb road.

Donald Grant of Trenton, cousin of the groom, was his best man, and another cousin, Larry Grant of Detroit, and Robert Pankow and James Strange, both of Northville, were ushers.

The young brothers of the couple, Johnny Blackburn and Johnny Young, were junior ushers and escorted their respective mothers to their seats.

Mrs. Blackburn's dress was of cognac silk organza and lace with light accessories. Mrs. Young wore a tunic dress of pale blue lace with white accessories.

Both bride and groom graduated from Northville high school in 1958. She is employed at the Ford transmission plant in Livonia, and he by the Burroughs corporation in Plymouth.

Mr. and Mrs. Young left by car for a trip to Buffalo and Niagara Falls and upon their return will make their home at 318 Blanche in Plymouth.

## Betty Stevens, J. Keith DeSmyter United In Evening Service at Presbyterian Church

Wearing a waltz length silk organza gown, Betty Stevens, daughter of Mr. and Mrs. C. M. Stevens of High street, became the bride July 24 of J. Keith DeSmyter of Detroit.

The groom is the son of Mr. and Mrs. Stanley DeSmyter of Detroit. Dr. Harold Fredsell performed the evening ceremony in Northville's First United Presbyterian church. The bride's grandfather, C. R. Van Valkenburgh, sang "The Lord's Prayer".

The bride's gown was fashioned with an embroidered full skirt, and satin sash forming a large bow in back. Her short veil was caught by a pearl headpiece. She carried a bouquet of white tea roses.

Helen Schemmel of Flint was maid of honor. She wore a waltz length gown of blue silk organza with a bolero jacket. Her flowers were pink chrysanthemums.

Roger Troke of Detroit served as best man.

For her daughter's wedding Mrs. Stevens selected a brown afternoon dress and pinned on a corsage of pink carnations.

Mrs. DeSmyter chose a dress of rose lace and crepe and also wore a white carnation corsage.

A reception for the immediate

family was held at the bride's home.

The newlyweds left afterward on a short honeymoon at a Michigan lake resort.

The bride is a graduate of Northville high school and attended Wayne

State university. She is presently employed at Wayne State.

The groom is employed in his father's oil trucking business.

The new Mr. and Mrs. DeSmyter are making their home in Detroit.

## BOARD OF EDUCATION

Northville, Michigan

August 20, 1959

To the Citizens of The  
Northville Community School District:

Within a matter of days the classrooms of our public schools will again hum with the activity of education.

We have several reasons for being enthusiastic—and proud—of the prospects for the 1959-60 school year.

First of all, our classes will not be crowded. Our children will be given proper teacher attention in full-day class sessions.

This has come about because of the excellent building program which you have given us the authority to undertake. Our new high school will open for the first time; the old facility has been remodeled and will provide us with our first junior high school.

Secondly, we are consistently improving our educational methods and employing new ideas and concepts as recommended by the curriculum committee. For example, new emphasis will be placed upon counseling students this year.

We believe our facilities and program of education are the finest — and we wish to express our appreciation for your support and encouragement that have allowed us to carry out this program.

## Polio-Fighting Funds are Wiped Out...

Clyde is only three but already he has known more pain and suffering and crippling than most of us meet in a lifetime. Paralyzed by polio, Clyde — up to now — at least has had the help of the March of Dimes. But now the March of Dimes has run out of money. Fifty thousand patients

like Clyde still depend on the March of Dimes, some of them for the very breath of life itself. That's why the March of Dimes must have more funds now. Give generously to the Emergency Appeal of your local March of Dimes.

August 10, 1959  
Present: Mr. Crump, Mr. Shafer,  
Mr. Schrader, Mr. Lawrence, Supt.  
Amerman.

Absent: Dr. Johnson.  
Others Present: Mr. Gazlay, Mr.  
and Mrs. W. Becker, Margaret De-  
Kett, Mrs. Beerbower, Dr. Mac-  
Leod, E. V. Ellison.

The meeting was called to order  
at 7:30 P.M. by President Schrader.  
1. The minutes of the last regular  
meeting were read by the secretary,  
a correction made relative to driver's  
education after which the minutes  
were approved as corrected.

### II. COMMUNICATIONS

1. Notice of State Aid payment,  
\$4,719.45 (14.05% of balance due)  
2. Delinquent tax collection, North-  
ville Township, \$1,162.89  
3. Warrant for May federal milk  
subsidy, \$303.96

4. Attorney Littell relative to pur-  
chase of the Community Center

5. City of Northville relative to  
disposition of the Community Cen-  
ter

6. Michigan Education Association  
in appreciation of the services per-  
formed by Diana Lance as immedi-  
ate past president of the Wayne  
County District of the M.E.A.

7. State Fire Marshall to Eberle  
M. Smith, Architects advising that  
certain doors at the new high school  
must be equipped with anti-panic  
devices, that certain other doors  
must be rehung, that fire extinguish-  
ers are to be installed as designated  
and that various other matters be  
called to our attention.

All of the above items are al-  
ready receiving the careful atten-  
tion of the architects.

### III. REPORT OF THE SUPERINTENDENT:

1. Recommend that a resolution  
be adopted authorizing the borrow-  
ing of \$188,000 against 1959 tax  
collections to tide us over the im-  
mediate crisis due to failure in  
state aid payments.

Upon motion by Mr. Shafer and  
second by Mr. Crump the following  
resolution was proposed and adopted.  
Borrow \$188,000, notes dated Sept.  
1, 1959, due June 1, 1961 at interest  
not to exceed 4.5%.

2. Mr. Ellison reported that re-  
maining items to be completed at  
the high school include the science  
laboratory, a few roof leaks, and  
minor details.

3. Dr. MacLeod reported that the  
work on the junior high school is  
progressing satisfactorily and that  
part or all of the work may be com-  
pleted in early September.

Dr. MacLeod also advised that we  
are in need of one junior high Eng-  
lish and social studies teacher and  
that the chances for finding a speech  
correctionist are very dim.

4. All other details concerned with  
the opening of school on September  
8 have been attended to and we are  
ready to go.

### IV. NEW BUSINESS:

1. Tax resolutions for the spread  
of the 1959 tax were presented and  
after a careful study of the 1959-60  
budget needs and debt service obli-  
gations it was moved by Mr. Shafer  
and supported by Mr. Lawrence that  
the rates for the current year be  
set as follows:

General Fund	17.90
Debt 1954	1.50
1957 (Series A)	1.00
1957 (Series B)	5.25
1957 (Series C)	2.10
Total	27.75

The motion carried.

2. Moved by Mr. Crump and sec-  
onded by Mr. Lawrence that the  
low bid of \$1,850.00, submitted by  
DeKay Electric, for writing the shop  
equipment at the new high school  
be accepted. Carried.

3. Bids for paving at the new high  
school were presented by two bid-  
ders as follows:

Oakland Paving	\$35,475
Cadillac Asphalt Paving	44,720

Motion by Mr. Shafer that the  
contract be awarded to Oakland  
Paving subject to the inspection  
and approval of the terms of the  
bid by Mr. Crump. Second by Mr.  
Lawrence. Carried.

4. Moved by Mr. Lawrence that  
Wm. Taft and Son be authorized to  
furnish top soil at not more than  
\$1.00 per sq. yard as needed and  
that Green Ridge Nurseries be en-

gaged to seed the east slope at the  
high school for the same per square  
foot price as quoted for seeding  
other areas. Supported by Shafer.  
Carried.

5. Authorized the superintendent to  
draft a letter to the Northville City  
Council advising them of our con-  
tinued need for the Community Cen-  
ter and that we are delayed by  
legal technicalities in purchasing the  
building right now. However, the  
school is interested in negotiating  
another lease if the city is willing  
to do so.

6. Motion by Mr. Shafer, supported  
by Mr. Crump that the superintend-  
ent and Mrs. Amerman be author-  
ized to attend the annual superintend-  
ent's conference at Mackinac Island  
in September, expenses paid. Car-  
ried.

7. Mr. Lawrence introduced the  
suggestion that the board take steps  
to finalize the board policies which  
have been under consideration. The  
board agreed to meet next Monday  
night, August 17 to make a start on  
this material.

### V. REPORT OF THE TREASURER:

Balances as follows:

General Fund	\$51,257.48
Debt Retire't. Funds	62,531.05
Bldg. & Site	294,728.62

Moved by Mr. Crump that the  
report of the treasurer be accepted.  
Seconded by Mr. Lawrence. Car-  
ried.

VI Auditing Committee approved  
bills and payrolls upon the motion  
of Mr. Lawrence and second by Mr.  
Crump.

### VII. Special Committees:

The Citizens Curriculum Commit-  
tee, through Margaret DeKett, gave  
a comprehensive report in which  
they recommended the setting up  
of Resource Facilities in each ele-  
mentary school and the employ-  
ment of at least one teacher to  
supervise this program at the earli-  
est possible moment.

The report was received with  
thoughtful attention and the Com-  
mittee was advised that the matter  
would be turned over to the admin-  
istrators for their study and rec-  
ommendations.

VIII Upon motion by Mr. Crump  
and seconded by Mr. Lawrence the  
meeting was adjourned at 11:45 p.m.

## Obituary

### MRS. EVA MAY ALLEN

Funeral services were held Au-  
gust 17 for Mrs. Eva May Allen,  
66, of 425 West Beechdale, Com-  
merce township, who passed away  
August 14 after a month's illness.  
Mrs. Allen, the daughter of Mr. and  
Mrs. Henry Prince, was born July  
13, 1893 in Southfield township. She  
was a resident of Wixom for some  
30 years and at one time was active  
in the Wixom Community League.  
Mrs. Allen is survived by her hus-  
band, Claris, by two sons, Harold  
of Whitmore Lake and Edward of  
Milford; and by three daughters,  
Mrs. Erma Watson of Milford, Mrs.  
Mabel Hann of South Lyon and Mrs.  
Margaret White of South Lyon. She  
also leaves three brothers, Clarence  
Prince of Holly, Kenneth Farley of  
Wixom and Warren Farley of Essex-  
ville; and a sister, Mrs. Mildred  
Griffin of Davison. She leaves 20  
grandchildren and four great-grand-  
children. The Rev. Ferris Woodruff  
of the South Lyon Methodist church  
conducted last rites at the Phillips  
Funeral home in South Lyon. Burial  
was in Wixom cemetery.

## Area Businessman Dies Suddenly

Joyce H. DeLaGardie, 51, operat-  
or of Northville Stone company, died  
suddenly at Ridgewood Osteopathic  
hospital Saturday.

He had been a resident of the  
community for the past nine years  
and a member of the First Presby-  
terian church here.

Funeral services were held Mon-  
day from the Casterline Funeral  
home. The Rev. John O. Taxis of-  
ficiated.

Mr. DeLaGardie was born August  
19, 1907 in Piper City, Illinois, the  
son of Martin M. and Nettie DeLa-  
Gardie. His parents are still living  
in Ashkumb, Illinois.

He also leaves his wife, Elizabeth.  
They were married May 2, 1940.  
Also surviving are four children,  
Sandra, Marsha, Terry and Mark.

He also leaves two brothers, Clin-  
ton of Ashkumb and Allen of Ver-  
montville, Michigan.

Burial was in Piper City ceme-  
tery, Piper City, Illinois.

Mr. and Mrs. William Smelt and  
Mr. and Mrs. Clifford Farrington  
enjoyed cocktails and dinner at the  
MRA clubhouse before watching the  
races last Wednesday.

The Salow family reunion was  
held recently at the Glenn Salow,  
Sr. farm. The senior Salows were  
also visited by Mrs. Salow's son and  
daughter-in-law, Mr. and Mrs. Homer  
Proffit and baby, of Summerset,  
Kentucky.

## Novi Highlights . . .

By Mrs. Luther Rix — Fieldbrook 9-2428

Mrs. Helen Hallman, who has just returned from a summer vacation with her son in New York, was the dinner guest of Mrs. Marie LaFond Sunday evening.

Mr. and Mrs. Donald LaFond and Mr. and Mrs. Ray Dawson and Kathie spent the week end at Bradford lake.

Rev. and Mrs. James Travis and children of Poplarville, Mississippi are visiting the former's mother, Mrs. Marie Travis and his sister, Mrs. Leslie Clarke and family this week.

Mrs. Jene Zwitich and daughter, Theresa of Farmington were house guests of Mrs. Stanley Orzechowski for a few days last week. On Friday evening both families had a cook-out after spending the afternoon at Kensington beach.

Saturday evening, Mr. and Mrs. Joe Cicirelli and family were the guests of Mr. and Mrs. Stanley Orzechowski for a steak fry.

Mr. and Mrs. Art Walker returned Sunday from a four day Ford-sponsored salesman trip to New York.

Mrs. Dan MacGillivray attended a birthday luncheon in her honor at the home of her daughter in Garden City Wednesday, August 19. It was also the first birthday of Mrs. MacGillivray's granddaughter, Nanette Cheek.

John Chapman, son of Mrs. Dan MacGillivray, will be returning to the states the latter part of this month. John, who is in Aviation Ordinance 3rd Class, has been in the Mediterranean area for the past eight months.

Mr. and Mrs. Charles Trickey, Sr. and Mr. and Mrs. Charles Trickey, Jr. and family of Tecumseh attended the golden wedding celebration of Mrs. Charles Trickey Sr.'s aunt and uncle, Mr. and Mrs. Norbert Swartz at Utica last Sunday.

Mr. and Mrs. Edsel Heinlein and daughter, Shiree, of Coral Gables, Florida were the dinner guests of their cousins, Mr. and Mrs. Duane Bell, last Tuesday evening.

Wednesday Mr. and Mrs. Charles Trickey, Sr. and their guests, the Edsel Heinleins, visited the Charles Trickey, Jr. at their new home in Tecumseh.

Sunday evening, Mr. and Mrs. Charles Trickey, Sr. entertained at a steak roast Mr. and Mrs. Robert Carlile of Royal Oak and Mr. and Mrs. Edsel Heinlein and daughter, Shiree.

Timmy Bell spent last week with his cousins, Chuckie, April and Kevin at Tecumseh, and this week Kathy Bell is visiting her cousins in Tecumseh and Chuckie Trickey is here in Novi with his aunt and uncle, Mr. and Mrs. Duane Bell.

Mr. and Mrs. Roy Schram, and their daughter, Mrs. Harvey Bush and daughters, Susan, Kay and Janie, returned Sunday from a two weeks vacation near Mio. They also visited the Tahquamenon Falls and other places in the Upper Peninsula.

Fred Mandlik of West road underwent major surgery at Sinai hospital in Detroit last Friday.

Mr. and Mrs. Neil Nichols of Duerson street announce the birth of a son, Eric Thomas, born July 28 in New Grace hospital, Detroit. The Nichols' have two other children, Neil, Jr., 3, and Lynn, 1.

The Ray LaFonds returned last week from their vacation. They spent one week at their cottage at Wildwood and ten days at Bell Lake in the Upper Peninsula.

Girl scout leaders met at the home of Mrs. Kriedeman at Willowbrook last Wednesday evening to set up their schedule for the Senior scouts who will baby sit during the blood bank hours August 31.

Novi Baptist Church News  
The first Sunday in September there will be a change in schedule at the Baptist church. Sunday school will be at 10 a.m. and worship service at 11 a.m.

Rev. James Travis of Poplarville, Mississippi will preach at the morning service next Sunday. Rev. Travis is formerly of Novi, is in his third year at the New Orleans Theological seminary.

The Baptist Mission band had their annual picnic on the lawn at the home of Mrs. Mary Flint, Twelve Mile road, last Thursday. Members of Mission band families were also present. A business meeting followed after lunch.

Baptismal services will be held at the Baptist church Sunday evening. Those who will be baptized are as follows: Eugene Dallas, John French, Sammy Button, Judy Button, Rickie White, Mrs. Earl White and Bobby Taylor.

Methodist Church News  
The assistant superintendent of Milford school was the guest speaker at the Novi Methodist church Sunday. Dick Gronenberg was the soloist and he was accompanied by Mrs. Dot Sharp on the organ.

Rev. and Mrs. Nevin are having two weeks of vacation in the eastern states.

Novi Goodfellows  
The Novi Goodfellows realized a profit of over \$400 parking cars for the Motor City Open at Meadowbrook Country club.

## Northville Hosts Livonia Netters

Tennis players from Northville and Livonia will match strokes at the Cass Benton park courts this Saturday in the first of what may become an annual series of matches.

The Northville team is composed of former high school and college players. They are Dan Boland, Keith Krause, John Angell and Cliff Bunker. Livonia will be represented by Don Pierce, George King and Harry Drewry.

## Hickory Hills Goes Swimming

The second annual swimming program sponsored by the Hickory Hills Civic association consisted of ten aquatic events. Ribbons were awarded for the first five places in each.

The events began with a dog-paddle race which was won by Betty Ann Walker. The free-style for advanced swimmers was won by Mike Posey repeating his winning performance of last year. An underwater golf ball hunt resulted in Nancy Merkle finding more balls than any one else.

The girls walked off with the top awards in the "thread-needle" event, Laurie Savage breaking all records for threading a needle under water.

Blue ribbons were awarded to sisters, Renee and Laurie Savage, for their speed in the intermediate and advanced back stroke, respectively.

Sharon Whaley managed to hold her breath longer than anyone else in the breath-holding contest. The "pan-and-stone" race ended with Robert Mills being awarded the blue ribbon.

Judges for the events were Paul DePodesta, Ernie Condron, Rhea and Eino Sorvari and Irene Rollo. Oscar Simmons, president of the Hickory Hill Civic association, served as announcer and also awarded the ribbons, certificates and candy to the contestants.

Don Smith, Red Cross swimming instructor, again ran the events with the assistance of Recreation Chairman Wilhelmina Lahti and Mary Vollmer.

In the beginners class were Douglas Lahti, Nancy and Patty Merkle, Cheryl Mills, Mark Posey, Judy Schlieff, Ellen Simmons, Mary Anne Vollmer, Betty Ann Walker, Danny, Lynn and Sharon Whaley, and Tommy Young.

The intermediate class had seven enrollees: Lona Cavallaro, Robert Mills, Charlotte Preston, Renee Savage, David Stafford and Arthur and Leland Walker.

In the junior life saving class were Sandy and Carmen Cavallaro, Gayle Lahti, Mike Posey, Laurie Savage and Nancy Preston.

An adult class proved very successful according to the three ladies who faithfully attended lessons. Esther Cavallaro, Dora Jane Johnson and Dorothy Schlieff were awarded certificates and over-sized lollipops for their efforts.

## IN WIXOM:

## Wixomites Are on the Road

By Mrs. Charles Ware — Market 4-1601

Rev. and Mrs. William Green are visiting with his mother, Mrs. Howard Green, of West Bloomfield township.

Robert Wagnitz is in St. Joseph's hospital, Pontiac, for surgery.

Mr. and Mrs. Robert Rickard and family of Beck road spent two weeks vacation at Hillman, Michigan.

Mr. and Mrs. Ray Burke were in Detroit Sunday to join Mrs. Burke's father, Henry Bushaw in celebrating his 80th birthday.

Sunday, Mr. and Mrs. Bernard Kitten drove to Holt to celebrate a reunion of the Cox family.

Wednesday, Mrs. Earl Woodworth and George drove to Otsego to visit

with Mrs. Clara Whaley and Ina. The Eino Pulo family spent several days in Racine, Wisconsin as guests of the Wahamakes.

The Harry Shippeys toured northern Michigan, Wisconsin and Chicago recently.

Mrs. Charles Johnson is in Mt. Carmel hospital, Detroit.

The Stuart Spragues of Inkster were Sunday guests of the Robert Merkels. Kimberly Sprague is spending a week with the Merkel family.

The Kenneth Burdens attended a family reunion at the home of Otto Riesner in Addison, Michigan Sunday.

Miss Mary Smith of Flint is the house guest of her brother and family, the Robert Smiths, of Hickory Hills.

The Paul Salo family took a trip to Willoughby, Ohio and Niagara Falls.

Mr. and Mrs. Fred Thayer were in Saginaw Sunday, the guests of George Horn.

Mr. and Mrs. Merritt Marshall and family spent 12 days camping at Otsego lake.

Mr. and Mrs. Harley Gibson of Farmington, Mary Hamm of St. Petersburg, Florida and Mildred Gibson of Wixom spent a week touring the Bruce Peninsula, Ontario.

Sunday, Hilda Furman and Mildred Gibson were dinner guests of Helen Smith Goodman of Plymouth.

Mrs. Dorothy Pratt and daughter, Mary Jane, and Mrs. Ella Burlinger of Chula Vista, California visited their nephew, Walter Tuck, of Wall Lake, last week.

## TV to Feature Northville House

A Northville house will be featured Sunday on television's "Builders Showcase" over channel 4 at 12:30 p.m.

The residence, soon to be occupied by the new owners, Dr. and Mrs. Harold L. Wright, is located at 19850 West Hill.

It is a 4-bedroom tri-level featuring traditional architecture. It was designed by Clifford N. Wright and Associates and built by John N. Northup.

The house will be open for inspection this Sunday from 1:00 until 5:00 p.m.

## Summary of City of Northville ANTI-LITTER ORDINANCE

A proposed ordinance prohibiting the throwing or depositing of litter in public places in the City of Northville; regulating the distribution of commercial and non-commercial handbills; controlling the depositing of litter on private premises; providing a lien for the city clearance; and prescribing penalties for the violation of its provisions.

This ordinance takes effect August 27, 1959.

The full text of the ordinance is on file with the Northville City Clerk.

# PROUD

Yes, I'm as proud as a spring rooster after crowing the first time, about this lovely 2 fam. at corner of W. Main and N. Rogers. Real fine tenants and such spacious living quarters for the owners. And priced RIGHT, too.

New low price on well located bus. bldg. at corner of E. Main and Griswold. Many uses for this E-Z term deal.

Gone — that lovely home on S. Center St., but I have others that I'm sure will please you — with terms to suit YOU. From \$9400 up to a figure that separates the men from the boys — darn it, I'm still a boy, but if its high class custom quality you are looking for, I've got it.

New rentals in again. Quick come — quick go.

**TORNADO?** — No, it's just what's left of the old barns that will be replaced at Northville Downs. Ten concrete block barns will replace the old wooden-style at the track site as shown above. Below work begins on widening of the track to allow 10 horses to race abreast. The rails have been removed and all new fences, rails and lights will be installed after the track is widened 10 feet. The road along the south side of the track will be removed to permit the widening.

## Plan Another Unit For Retarded Home

Construction of another multi-million dollar building for the mentally retarded may be started late next winter at Sheldon and Phoenix roads, a spokesman for the department of mental health predicted this week.

Actual ground breaking for a 550-unit custodial building, to be located at the northwest corner probably will get underway even before the central hospital unit across Sheldon road becomes operational, Dr. V.A. Stehman, deputy director of the department of mental health, revealed.

Dr. Stehman said construction of the second — and some ten other buildings at the corner — is dependent upon the capital outlay approved by the state legislature.

However, he was optimistic in predicting an early start on the custodial building.

The central hospital unit is rapidly nearing completion on the northeast corner — adjacent to the Wayne County Training school. Only minor work and equipment installation remains to be completed.

"We hope to start moving patients here by the first of the year," Dr. Stehman said. He said hospital personnel will be moving into the building before that time — possibly in November.

The hospital, he explained, will be used as an infirmary for the first several months, and then as the entire hospital program develops, the building will become a medical and surgical hospital for retarded patients of all ages.

According to Dr. Stehman, the hospital and the related buildings which are already past the planning stage, will be similar to the state setup for the retarded at Lapeer and Coldwater. The state unit will be called the Plymouth State Home and Training school.

Eventually, the present Wayne County Training school which encompasses about 750 acres will become part of the state institution. The 250 acres which the state owns next to the county school was donated to the state by the county.

The majority of administrative personnel for the Plymouth State Home and for the Plymouth State Home and Training school at Farmington — will be centralized at the new hospital.

Dr. Stehman is the acting superintendent of the Farmington unit — and presumably will be the acting superintendent here when the hospital is opened.

Recently, Walter Kenzie, former business manager for the Wayne County Training school, was appointed business executive for both the Farmington and Plymouth sites.

## Rotary Rummage Dates Announced

Dates for the Northville Rotary Club's annual Rummage Sale were announced this week by Chairman Wally Westerfield.

The event will be staged at the Northville Downs' grandstands on September 25 and 26.

Proceeds from the sale are used by the club to promote its charitable activities.

Chairman Westerfield said the club is looking for rummage items. Anyone wishing to donate any usable discards is urged to contact Westerfield. The club will pick-up any items — large or small.

## Council Studies New System For Handling Police Calls

City councilmen will meet in special session Monday night to decide upon recommendations set forth by the city manager and police chief regarding the radio communications system for the police department.

A change in the present equipment must be made by October 1 when the Wayne county sheriff's frequency will change. Northville uses this frequency for transmitting and receiving calls.

City Manager John Robertson and Chief Eugene King have suggested to the council that Northville adopt the Plymouth frequency, broadcasting from a remote control unit through Plymouth's transmitter.

While the cost for using this method will be greater than the present system, they point out that service will be increased greatly.

Under their proposal local police calls would be handled by the remote control unit directly from the city hall during regular daylight hours. At night calls would be taken by the city hall caretaker and transmitted by telephone to the full-time Plymouth operator for transmission to our police car.

Specifically, Northville will have the advantage of joining a nearby system, easy to contact during night hours, and not have the expense of around-the-clock dispatchers. It was pointed out also that presently calls to the sheriff's department are toll calls and that lines are more apt to be busy.

Under the proposed system Northville would purchase three mobile units, one remote control unit and one loud speaker. Total cost of this equipment would be \$2965. The city manager stated that Federal Civil

Defense will pay one-half this expenditure.

Additional expense to use the new system will be \$26 per month for a leased direct line to Plymouth, \$17.50 for service contract on equipment and a minimum of \$50 per month to Plymouth for their service.

The later expense could be expected to increase yearly as local calls become heavier. Robertson pointed out that Northville could hire its own dispatchers and have its own frequency when this becomes economically advisable.

The new system also has the advantage of contact with other department units within the city — especially the fire department. A unit in a fire truck will enable an emergency call to be placed to the fire department in the event of a second fire outbreak while the truck is in use.

## You Can Help Create A Better Community

The city manager and council appealed to citizens of Northville for help Monday night.

The request came about when Frank Pauli, 508 Gardner, complained to the council that noisy "Hollywood" mufflers and skidding tires made it impossible to enjoy a comfortable evening in the yard — or sleep at night.

He pointed out that, in his opinion, the source of much of the disturbance was a drive-in where youthful drivers sped in and out, spinning tires and roaring engines with open mufflers.

City Manager John Robertson explained the difficulty in curtailing the noise. He said the owner of the drive-in had met with the mayor himself to help devise a means of eliminating the nuisance.

Robertson further pointed out that the problem exists in many parts of the community and that offenders can quickly spot local police and are careful to be on their best behavior when authorities are near.

"We need citizen help," said Robertson. He suggested that every citizen interested in the welfare of the community should take down the license numbers of violators and sign a complaint with the police department.

It was suggested that this might bring repercussions from the pranksters. But one citizen quickly pointed out that this attitude could only lead to a surrender to all sorts of law offenders.

"The Myers' case (beating of a 15-year-old youth) is a good example of what can take place in a community if we do not all cooperate to make Northville a better place in which to live," Robertson said.

He said that police are anxious to do all that they can. "But, they are terribly busy and cannot be everywhere at once. They need your help," the city manager concluded.

Meanwhile, the council instructed the city attorney to suggest what means the city can use for outlawing "Hollywood" mufflers.

WILL THERE ONLY BE  
144,000 IN HEAVEN?

V.N.

This is the utterly ridiculous contention of some who claim to be Bible Students. One needs but the ability to read the Scriptures to know that heaven will be the home of all redeemed peoples. The Apostle Paul made it plain in Philippians 1:23, and Corinthians 5:8, that when a Christian dies he goes immediately into the presence of Christ who is now in Heaven. There are far more than 144,000 Christians who have died since the formation of the church already. There are many more Christians left in the world today who are going to Heaven. 1 Thessalonians 4:15-17 tells us that when Jesus comes He will take those living at that time to be with Him. Where is that? In Heaven of course! In Revelation 4:9 we read the song of the Redeemed, "Thou art worthy to take the Book, and to open the seals thereof, for thou wast slain, and has redeemed us to God by thy blood out of every kindred and tongue, and nation." Though there will be few in comparison to the millions who have crossed this world's stage, yet there shall be millions of born again believers, infants and children who never came to the years of knowledge at home in Heaven.

This Northville foursome picked up some putting tips as they watched the pros Saturday. Left to right are Charles Yahne, Bill Williams, Dick Kay and Ed Welch.

Sports Fans Rev. and Mrs. John O. Taxis were at the final green to see the winners come in Sunday afternoon. By the time Souchak, playing in the final threesome, arrived the 18th green was completely circled with thousands of fans.

## Golf Fans See Best At Meadowbrook

Neither rain nor 90-degree temperatures can dampen the enthusiasm of the true golf fan.

This was proven conclusively last Thursday through Sunday as thousands of fans trampled the Meadowbrook country club fairways to see the nation's top pros match strokes in the Motor City Open.

Well represented among these fans were numerous Northville area residents, some of whom are pictured watching the proceedings.

The tournament — expertly conducted under the experienced guidance of Meadowbrook Professional Chick Harbert and his assistant, Nick Bersan — provided many golfing thrills. The biggest of these, of course, was the sensational golf shot by Mike Souchak. He found Meadowbrook's fairways and greens to his liking and fired four consecutive sub-par rounds for a record-shattering 268 total.

His best round came Friday when he equaled the course record with a 63.

In addition to the smooth manner in which the tournament was managed, Meadowbrook came in for more praise on the condition of the course. Greens

Superintendent Andy Bertoni had lost several greens to severe winter damage and worked until the day the tourney opened to bring them back to playing condition.

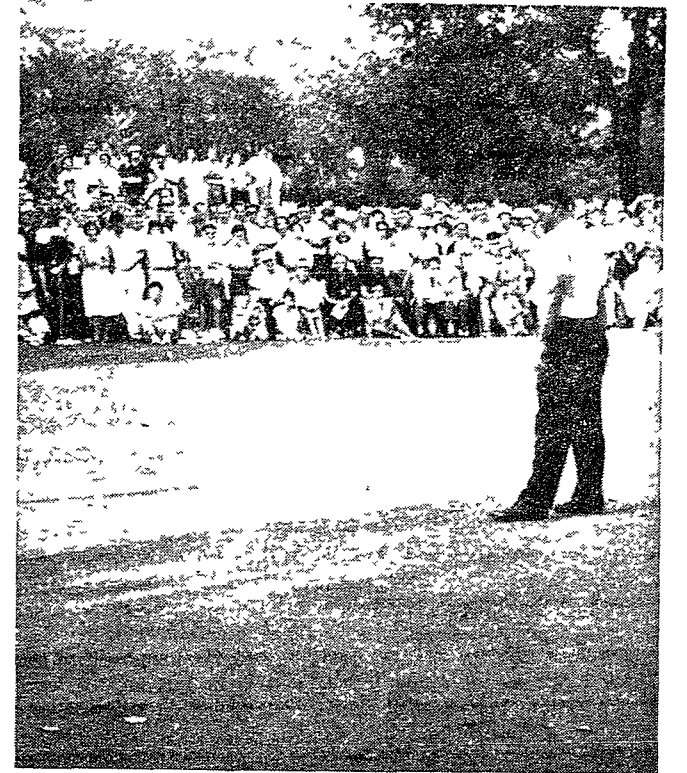

The temperature soared to the 90's every day of the tourney and on the final afternoon play was interrupted for more than an hour because of rain.

But the fans lingered on. And at the finish thousands circled the final green to see Souchak drop the last — and winning — putt of the Open.

For his efforts he received a check for \$3500. His playing partners, Doug Ford and Billy Casper, tied for second and won \$2050 each.

Winner Souchak shows the form that helped him to a record-setting 268 total. He thrilled the crowds with his powerful drives that consistently split the middle of the fairways.

Lining up his final putt, Mike Souchak finished in grand style by canning a five-footer for a par-4 and a final round of 69. Souchak's first three rounds of 69-63-67 gave him a total of 268, five shots lower than the former record for the Motor City Open.

**NEW SCHOOL BUILDING?** — The Northville Community Center may well become a full-fledged part of the school system in the foreseeable future. The school board has proclaimed the need for the facility, already used by the schools under a lease agreement with the city. Owned by the city, the building would be sold by the council to the school to obtain enough money to build a new city hall and jail. Both official bodies of the city and school have agreed on price — only enabling legislation and procedure remain. It is not yet legally clear if the school board can use present bond money for the purchase. It seems positive that a vote of the people will be needed, however. School officials have stated they would ask voters to approve the purchase.

## School Activities Resume For Northville Parents

It's back-to-school time for parents, too.

P-TA meetings, conducted in the community building, will resume in September and continue through June. P-TA board meetings are held the second Thursday of each month. General meetings are held monthly on the fourth Thursday beginning at 8 p.m.

Meetings of the Northville board of education are held all year around in the Main street elementary school offices.

Regular monthly sessions are held the first Monday of the month, and begin at 7:30 p.m.

## Athletic Schedule Released

Northville's varsity football team will play nine games next season — four at home and the remaining games away, Athletic Director Al Jones revealed this week.

The opening game has been set for September 18 with arch-rival Plymouth at Ford field. Coach Ron Schipper and his fighting Mustangs will attempt to duplicate last year's 12-6 opening victory.

The triumph over the Rocks last season was the first in three years. In the previous two contests Plymouth squeezed past Northville by the score of 13-12.

Northville's first league tilt will be played on September 25 against the Holly Broncos who took it on the chin last year, 26-6.

The second home game of the season will bring the Barons here from Bloomfield Hills on October 2.

Northville will host the Milford Redskins in a homecoming powwow here October 9. The Redskins will be out to scalp the Mustangs for the 34-6 beating they received last year.

The Lakers of West Bloomfield, who placed second in the Wayne-Oakland league last year only a game behind the championship Mustangs, will play host to the local eleven on October 16.

Third-place Brighton will be out to avenge its 26-0 loss last year. The Mustangs take on the Bulldogs October 23 on Brighton's gridiron.

On October 30, the Northville gridders will perform for their dads in the annual Dad's Night game with the Clarkston Wolves at Ford field.

The Mustangs invade Clarenceville November 6. Last year the Trojans were the last victims on the Mustangs' chopping block, as Northville rolled to a 45-0 rout.

The 1959 football season will close with Howell's gridders playing host on November 13. Last year the Mustangs gobbled up Howell's football squad in a 53-7 feast.

All of Northville's football games, except the final contest with Howell, will begin at 8 p.m. The final game will get underway at 7:30 p.m.

## Name VanIngen Varsity Mentor

"Dutch" VanIngen — New Coach

Donald "Dutch" VanIngen has been named head basketball coach at Northville high school to succeed Stan Johnston who resigned after the 1958-59 season, Athletic Director Al Jones announced this week.

Thirty-year-old VanIngen will take the varsity basketball reins starting with the opening game on December 4. Even before that, however, he'll be grooming cage prospects to replace the veterans lost through June graduation.

VanIngen started his coaching career at Northville four years ago after getting his first taste of coaching at Clarkston.

He started here as the freshmen cage mentor and moved up last year to become the reserve coach. He also is the assistant football coach.

A social studies teacher, VanIngen also is the junior high school counselor. He received his MA degree in administration from the University of Michigan in 1958 and his BA from Hope college in 1951.

It was while he was attending Hope college that VanIngen joined forces with Northville's head football coach, Ron Schipper. The pair shared the limelight as teammates on the Hope college gridiron.

Married, VanIngen lives with his wife and daughter at 744 Grandview.

## Ifversen Ready For Huron Practice

A Northville high school graduate is one of 12 lettermen returning to the Eastern Michigan university forward wall.

Al Ifversen, guard, will join 53 other candidates for two-day football practice sessions beginning August 31. The practices will continue until September 11, when the squad will close the early sessions with a scrimmage against Albion college.

The Northville guard is expected to nail down a starting position during fall training — provided he can outshine a host of newcomers bidding for the position.

## 'Big Surprise' Awaits Athletes

Athletes and physical education students will be surprised — and undoubtedly pleased — when they return to high school this fall.

The most complete athletic and physical education program in history is planned at the new high school.

In addition to the gigantic basketball court, spacious locker rooms, and shiny new shower facilities, new sports such as wrestling, tumbling, cross country and field hockey for girls will be featured.

Nearly all of the new athletic equipment is already set up and ready for use. There's a complete trampoline set, table tennis games, muscle building-therapy machinery, horizontal bars, wrestling mats, ropes rings, and archery equipment.

New facilities include: Basketball court with glass backboards (ten nets altogether), locker rooms for girl and boy gymnasium classes, locker rooms for varsity athletes and their guests, a medical room completely furnished with tables, heat lamps, whirlpool bath, medicine cabinet.

Folding bleachers, concession stand, wash room complete with huge automatic washers and dryers, two large storage rooms for athletic equipment, and an office for the athletic director.

"We've got everything now to make a complete program — except possibly for a swimming pool," Athletic Director Al Jones said.

Also new are some of the athletic instructors and coaches.

Charles Shonta, recent graduate of Eastern Michigan university, will coach wrestling and junior high school football. James Madigan will assist him in football.

Ralph Redmond, new junior high school art instructor, will coach track. He will be assisted by Richard Rusche, biology instructor. Chuck Yahné, who coached the

track team last season, will become the new cross country coach.

Ron Schipper will continue as the head football coach. He'll be assisted again by Hope college football sidekick, Don VanIngen. VanIngen will take the varsity basketball reins.

Jones will coach the junior varsity basketball team, Joe Wilkinson will head the freshmen team, Roy

Pederson will handle the eighth grade squad, and Robert Maissoneau will take the seventh grade team.

Schipper will head the varsity tennis team and Keith Krause will take the junior high netters.

Jones will be back as head baseball coach and Shonta will coach the junior varsity nine. No one has yet been named coach of the reserves.

YOU CAN BE aboard this luxury, air conditioned 5300-ton ship when it departs from Washington, D.C. October 30 for a cruise to the West Indies. You'll visit the Virgin Isles, Puerto Rico, the Dominican

Republic and Kingston, Jamaica and be back in Washington on November 11. Rates for the 10-day cruise are as low as \$225. The trip is being planned by Travel Centre of Plymouth.

## West Indies Cruise Calling You

If Kurt Thrun, operator of the Travel Centre agency in Plymouth, has his way, a host of area fami-

lies will enjoy a 12-day cruise to the West Indies this fall.

The cruise is a specially arranged trip departing from Washington, D.C. on October 30.

First stop will be St. Thomas in the Virgin Isles, followed by daylong visits to San Juan, Puerto Rico, Ciudad Trujillo, Kingston, Jamaica and then an enjoyable three-day return cruise to Washington.

Travel will be via the air-conditioned S.S. Evangeline, a 5300-ton ship with all modern accommodations for a happy cruise. Days aboard the Evangeline are bound to be enjoyable with a pool, dancing, sun-

ning, dancing lessons, deck games and native entertainers.

Thrun points out that one of the highlights of the cruise is the fact that all the stops are "free ports" offering outstanding bargains in such items as English china, fabrics, handcrafted skirts, blouses, straw goods, cameras, ceramic, perfumes, etc.

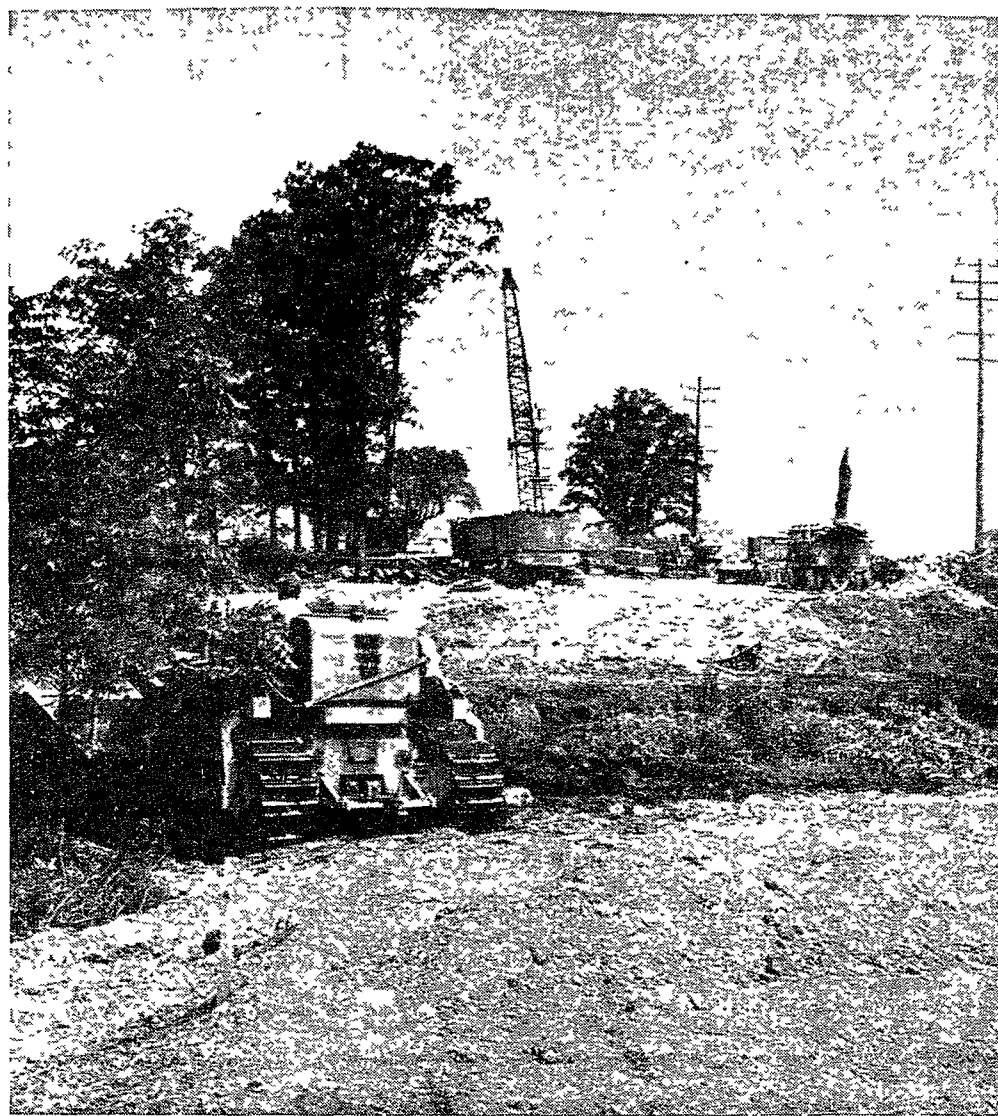

Other highlights include, of course, the planned shore excursions. Travelers will visit Bluebeards Castle at St. Thomas as well as the French Village. At San Juan the points of interest include Morro Castle, San Jose church and La Fortaleza.

In Ciudad Trujillo the excursion includes trips to Columbus Castle,

the old section of the city, Capitol Building and the Cathedral of the Americas. In Kingston, Jamaica there's lunch at the fabulous Arak hotel with swimming and a native floor show.

According to Thrun, enough reservations remain on the Evangeline to accommodate 50 or 60 area couples. He plans to take the trip himself, assuring local travelers they will receive expert attention.

Complete details about the cruise may be obtained from Thrun at the Travel Centre in Plymouth.

**NEW BRIDGES** — Work has started on two structures — one to carry relocated Base Line road over the C&O tracks, and the other to carry relocated Novi road over the Rouge river. The Base Line bridge will be 176 feet long and will carry a 52-foot roadway and two six-foot walks, and the Novi road bridge will be 53 feet long and will carry a 26-foot roadway and two four-foot walks. Both projects are to be completed by December 15, 1959. A contract also has been let for 1.5 miles of 22-foot bituminous concrete pavement on Base Line road east from west of Taft road. Completion date on this job is June 10, 1960.

at 8:10 p.m. on Wednesday, July 8: present were Mr. Heslip, Mr. Taylor, Mr. Crawford, Mr. Erwin, Dr. Morris and Dr. Medlyn. Absent, none. Guests were Mr. Hallett of GMC in Pontiac, Mr. Burt and Mr. Dennis from Superior Coach.

The minutes of previous meetings were approved as presented except for a correction on Mr. Anglin's bid on grading in the June 24th minutes.

It was moved by Mr. Taylor, supported by Dr. Morris, that the treasurer's report of fund balances be accepted as presented, provided that the amount of payroll account be added to the minutes for publication. The motion carried. The fund balances were as follows:

General Fund	\$1,983.48
Payroll Fund	22,218.58
Lunch Fund	134.73
1950 Debt Retire't. Fund	1,450.78
1955 Debt Retire't. Fund	27,234.56

The annual school board election will be held on July 13; members of the election board are to be Hildred Hunt, Helen Crawford, Dorothy Paquette and Hilda Little.

Mrs. Patsy Barnett's resignation will be effective on August first. Dr. Medlyn has two applicants for the position of secretary in the Novi School. It was moved by Dr. Morris, and supported by Mr. Erwin, that the superintendent be given the authority to hire a replacement for the secretary at the Novi School. The motion carried.

Dr. Medlyn reported that some purchasing of equipment would be necessary. Items needed are audio-visual equipment, piano, furniture for younger elementary children, and playground equipment. A committee of board members will work with Dr. Medlyn on selection of playground equipment.

The city incorporation committee had requested the use of the Orchard Hills multi-purpose room for a public meeting; it was agreed

that because of the warping of the vinyl floor tile, the multi-purpose room would not be opened to the public at this time.

It was moved by Mr. Crawford, supported by Mr. Erwin, that the board advance to Jim Heslip the amount of \$350 for material delivered on the job at Orchard Hills. The motion carried.

Mr. Weiland had reported to Dr. Medlyn that the plans for the tile field had been reviewed by a sanitary engineer, who found no fault with them. The architect believed that sod cover would help to correct weak areas on the top of the field, otherwise an attempt could be made to drain to a lower strata below the surface.

Dr. Medlyn is to request a statement from the architect regarding what will be done if the tile field bubbles up this fall as it did in the spring, and gives trouble. The board felt that some guarantee was necessary on the tile field.

It was moved by Mr. Erwin, supported by Mr. Taylor, that the debt service rate for 1959 taxation remain at 7 mills. The motion carried. Bus bids were compared and discussed by the board. Dr. Medlyn was instructed to negotiate with the firms involved on the following buses, and submit results to the board at a meeting on Thursday, July 9 at 8:30 P.M.

1. Two 66-passenger buses, with Wayne bodies and GMC chassis.
2. One 66 passenger bus with Wayne body and GMC chassis; one 60 passenger bus with Superior body and GMC chassis.
3. Two Dodge — 60 or 66 passenger.

It was moved by Mr. Erwin, and supported by Mr. Taylor, that general fund bills in the amount of \$762.50, lunch fund bills in the amount of \$139.32, and building and site fund bills in the amount of \$550.82 be paid.

The meeting was adjourned at 11:35 P.M. by the president. Russell Taylor, Secretary

#### School Census Skyrockets

Northville's school population has more than doubled in the past eight years, a recent census report revealed.

Between 1952 and 1959 student (ages 5-19) numbers climbed from 846 to 1,890, or 223 per cent higher. By sharp contrast, a total increase of only 55 was recorded between 1940 and 1951.

Since 1952-53 there has been about 100 increase each year in the 5-19 age group.

If this rate remains, administrators estimate that within eight years the local student population will reach 4214, with about 4,045 enrolled in elementary grades and 791 in the Northville public schools.

Last year an average of 931.9 students were enrolled in elementary grades and 791 in junior and senior high.

The census figures do not include pupils from the Novi school district who attend Northville high (grades 9-12).

The 1959 school census was taken by Mrs. Gladys Clark, assisted by Mrs. Marian Zayit, Mrs. Patricia Hartt and Mrs. Helen Whipple.

## for the Record

by BILL SLIGER

Northville's business district may have all new sidewalks within two weeks.

The word "may" should be emphasized.

The project is being undertaken at the request of the Retail Merchants association. It follows closely the installation of new curbs by the Wayne county road commission.

The cost of the new walks must be paid by the individual property owner. So far about 60 per cent of the retail merchants have signed up. Some property owners reside out of town or are on vacation, so this has delayed the committee.

No one can dispute that our business district needs new walks. They are probably among the very poorest in the state.

The city has obtained an excellent bid from a contractor to do the job — and he will proceed even though all property owners do not cooperate.

But while the job is being done — and at a price that experienced contractors call extremely low — it would be a shame not to do the entire project.

On the other-hand, 75 per cent would be better than nothing. Also, the city may have the final word eventually. Currently, the city is studying a special assessment ordinance that, when passed, will permit the council to have the walks installed when it is deemed necessary and simply send the property owner the bill.

\* \* \*

Several other projects are giving the community a face-lifting. The new center street paving from Baseline to Carlyle is a tremendous improvement — both in appearance and driving comfort.

A new sidewalk will soon be installed along the west side of the street. Sodding will lend an attractive green look.

Further paving projects are now underway on South Wing, Fairbrook, First and Wing court as well as the Dunlap street parking lot in the business district.

Right along with these city projects, the school board is preparing its access roads to the new high school and also rapidly completing the renovation of the old high school into a junior high school.

Meanwhile, Northville Downs is tearing down eight old barns and preparing to construct new, concrete barns at the track site. All of the track rails and fences along the south side have also been torn down to widen the track by 10 feet. New lights, fences and rails will be installed.

\* \* \*

Wilson Funk reports that Northville's Superintendent of Public Works Herman (Bud) Hartner doesn't get away from projects even when he's on vacation.

Both Funk and Elmer DeKay visited Hartner at his newly-purchased acreage on Intermediary lake near Bellaire and found him deep in the woods drilling a water well!

## They Hold Money Reins

MICHIGAN'S cash crisis focused almost unprecedented attention on the State Administrative Board this year.

Except for the Secretary of State's signature on drivers licenses, the public usually is not directly aware of Administrative Board actions.

\* \* \*

This year, the Board has been to Michigan what the Joint Chiefs of Staff is to the Pentagon.

Urgency and secrecy prevail when the Board meets to decide how to meet the pressing problems it faces.

\* \* \*

These are the men who, with Williams, exercise control over all state agencies and institutions:

\* \* \*

Lt. Gov. John B. Swainson — He is acting governor when Williams is out of town and presides over the Administrative Board meetings when the Governor is absent.

Although he carries no vote as president and presiding officer in the GOP-dominated Senate, Swainson has been a valuable liaison man between the executive and legislative branches.

Swainson, a World War II double-amputee, directed much of the effort to cash in the 50-million-dollar Veterans' Trust Fund.

Of all "cabinet members," the Lieutenant Governor has the least fulltime duties.

\* \* \*

Secretary of State James M. Hare — although he directs a far-flung agency operation, Hare's role in the cash crisis has been confined primarily to committee sessions within the Administrative Board. He was assigned to help look out for employee welfare during periods of payless paydays.

Hare feels he has made an indirect contribution to easing the cash crisis through his efforts to inaugurate programs of government economy and efficiency.

His non-crisis duties include operation of elections and motor vehicle services. His 225 branch offices throughout the state provide the bulk of the patronage jobs available in state government.

Hare's primary interest has been in the field of traffic safety.

\* \* \*

Atty. General Paul L. Adams — The legality of the board's unprecedented action in halting pay checks was carefully screened by Adams. He also has been called upon to review proposals to ease the cash crisis.

As chief legal enforcement officer of the state, his duties have been greatly increased during a time when the state has had to stall off creditors.

When contractors, suppliers and other vendors began demanding interest on money owed by the state, it was Adams who said they could take their cases to the State Court of Claims, where he is the "defense attorney" for the state.

\* \* \*

Treasurer Sanford A. Brown — He's had the worst of the headaches.

Brown supplies the figures that determine administration policies on rationing of money.

He has the constitutional obligation to make distribution of earmarked funds for schools, cities and villages and other units.

As the top fiscal officer in a state plagued with fiscal difficulties, it follows that Brown would have a

difficult job. One of Brown's toughest jobs has been to correct the misconceptions about Michigan's reputation and credit on the national money market.

Auditor General Frank Szymanski — The Auditor General's office releases the checks for payrolls, welfare bills and other obligations. When there isn't enough money, Szymanski has to impound the checks. More than 30,000 checks were impounded late in July.

A few vendors with extreme hardship cases were able to get their money. Szymanski made the decisions.

\* \* \*

Highway Commissioner John C. Mackie — As in Hare's case, Mackie's cash crisis role has been confined to joint action as a voting member of the Administrative Board.

But as chief of the largest agency in state government, Mackie has had a direct interest in impact of the cash crisis.

However, most of his employees are paid from earmarked funds and did not suffer payless paydays.

Mackie directs a board subcommittee considered with maintaining safety and defense measures should there be a collapse of state service.

\* \* \*

Lynn M. Bartlett, superintendent of public instruction — Bartlett's efforts have been directed toward helping school districts live with the state school aid deficit that reached about 30 million dollars late in July.

As a member of the Municipal Finance Commission, he helps review the thousands of requests for borrowing received from districts throughout the state.

## Northville Tank Leader In Combat Alert Test

Army Sgt. Robert M. Gates, 31, son of Mrs. Nedra Gates, Northville, is participating in a lengthy large-scale field training exercise with the 4th Armored Division in Grafenwohr, Germany.

The training is designed to test the combat readiness of the 4th Armored Division, a part of the NATO shield of defense in Europe.

Sgt. Gates, a tank commander in Co. B of the division's 37th Armor in Craillsheim, Germany, entered the army in 1949 and was stationed at Fort Sill, Okla. before arriving for duty in Europe last May.

## Fishing Industry Could Aid Russian Relations

Babson Park, Mass. — My dream is that the fishes of the sea might be a connecting link between Russia and the United States. The ocean is the only area between nations which is recognized as free and equal to all nations. This is not only according to international law but also according to custom extending over a hundred years. Therefore, I have felt that the international fishing industry might be the opening wedge in terminating the "cold war".

## Leading Fish Ports

In view of the above, I have been making a study of the fishing industry of the United States and Russia. There is not much conflict between us and Russia on the West Coast, as our principal catches are salmon and tuna. The conflict on the West Coast is between the United States and Japan. Our main fishing port on the Atlantic Ocean is Gloucester, Mass., which is now taking in over 300,000,000 pounds a year at a valuation of over \$15,000,000 per year.

At present, Iceland is exporting considerable fish to the United States. There are demands from New England to erect a tariff wall against Icelandic fish. Various requests have been sent to Washington which President Eisenhower has wisely refused. He explains that we are very dependent on Iceland, Portugal and other fishing nations for bases and airports. These we must maintain; we would be greatly handicapped if these nations made us move off in retaliation for increasing tariffs against them.

## Our Canadian Policy

One of the world's most important examples of friendly mutual protection is the boundary line between the U.S. and Canada. Although it would be very easy for either country to invade the other, there has never been a suggestion that such might ever be considered. Yet there is no military defense or offense between the two countries. There has

been some conflict at times between the two countries. There has been some conflict at times between our fishing fleets; but since fishing boats do not carry guns or military equipment, we have had continual peace. My dream is that the fisheries can bring about a similar friendly relationship with Russia.

All the above means first that neither Russian nor American fishing boats should carry guns or other military protection, but should depend upon the good will of the other. Another requirement, sought by Russia, which seems very reasonable is that the mate on every American vessel should be able to speak Russian, and the mate of each Russian vessel be able to speak English. This is very important if the radio codes are to function properly. Real world peace must have some sort of international language — such as Esperanto — which would be sponsored by the United Nations.

## Fishing Ports in Russia

We all know the big fishing ports of the United States, but are not so well acquainted with the ports of Russia. At the east end of the Gulf of Finland the leading port is Leningrad (Petrograd). The only Russian port that is open all year is Odessa on the Black Sea. I have

been trying to get figures from Odessa, but have been told that I can get them only by going there in person and giving the Russian Fishing Commission, in exchange, certain figures which apply to this country, and especially to Gloucester.

The population of Odessa is over 600,000, and is growing rapidly. Nearby is the city of Yalta where President Roosevelt had his last very important conference with Stalin. A photograph of them at this conference shows that President Roosevelt must have been quite ill. This may explain why he permitted us to get into the Berlin mess and give the Russians all that portion of Germany which surrounds Berlin. This is now known as East Berlin.

The above explains why I am planning to leave here next month for Sweden and Denmark. At Copenhagen I will be the guest of Mayor Urban Hansen and will get data on northern Russia fishing ports. Then I shall go to Berlin and to Odessa

## Two Chevy middleweights prove their rawhide stamina!

## Top hands on high-country hauls!

Ask any trucker who's been over Wolf Creek Pass, 10,850 feet up in the San Juans: a 9-mile pull to the summit and low gear all the way down. Mr. C. H. Phillips of Alamosa, Colorado, has a 6403 and a 6503 Chevrolet truck that are up over this route the year round, taking sheep and beef to pasture, later marketing the stock in Denver. In less than a year, his Chevy middleweights have averaged about 50,000 miles of

this kind of treatment—and they're going stronger than ever!

Watch Chevy trucks at work out in range country. It's a sight to see the way they pack into high-up mountain pastures and handle through brush and rock like a cowman's favorite cutting horse. Take any truck work for that matter. Chevy middleweights probably handle a bigger variety of jobs than any trucks alive. About anything you name, includ-

ing work that used to be reserved strictly for bigger rigs. When a truck's built the way a Chevy is, lean-muscled and rawhide-tough, it takes to ugly trails the same way most trucks roll over the highway. It just keeps going, without a big to-do, but looking good every mile of the way. How they do it is your Chevrolet dealer's department. He'll be glad to supply details and specifications on the type of models you need.
