

NORTHVILLE LANDMARK — This 400,000 gallon spheroid water tower will soon become a landmark for the community of Northville. The model is the type chosen by the city council to be constructed near the reservoir in the northwest section of the city. The elevated storage tank is a part of the \$300,000 water system improvement program which will soon get underway. The tower will be erected within 150 to 200 days.

Parachutes to Fall For Novi Birthday

A full afternoon and evening of fun and entertainment has been planned for Novi's celebration of its first birthday as a village this Saturday.

The program — sponsored by the Novi board of commerce — will be held at the community school grounds. Highlighting the day's celebration will be:

— Sagebrush Shorty, popular television personality who will bring along his well-known sidekick, "Skinny Dugan";

— A parachute jump contest featuring 10 of the top jumpers in the state;

Off to Mackinaw!

City Manager and Mrs. John Robertson left Wednesday for Mackinaw Island to attend the three-day convention of the Michigan Municipal League.

Other city officials expected to attend the meetings later in the week are Councilman John Canterbury, Engineer Harold Penn and Herman Hartner, director of public works.

— pony rides, a pig chase, and a variety of games with prizes for the winners;

— Outdoor dancing to the music of Rip Collins and his orchestra in the evening;

— A baseball game, refreshments and free prizes including a hi-fidelity phonograph, bicycle and radio.

The fun will get underway at noon. Perhaps the most unusual attraction will be the parachute jump. Ten members of a state parachute-jumpers club will bail out, two at a time, from a plane flying at 3,000 feet over the school area. Jumping will take place between 1 and 2 p.m. Winner of the contest will be awarded a new parachute.

The kiddies will recognize their TV friend, Sagebrush Shorty, who will entertain with his partner, "Skinny Dugan", beginning at 3 p.m.

The games will continue through the afternoon with dancing and music scheduled to begin at 8 p.m. Three grand prizes — a hi-fi set, bicycle and radio — will be given away in the evening.

Novi Votes Tuesday On Incorporation

Next Tuesday qualified electors of the village of Novi will decide an issue that has become one of the hottest in the history of the community.

By casting "yes" or "no" ballots voters will determine whether or not Novi shall become a city incorporated with its same borders.

At the same time two other matters will be disposed of on the ballot:

1. Shall ordinance No. 13 be repealed?

A "yes" vote on this measure would remove the M-3 (industrial) zoning placed on some 114 acres of property owned by A. J. Heslip lying east and west of the C & O railroad on the north side of Nine Mile road and return the land to AG (agricultural) zoning.

A "no" vote would leave the zoning as it is. The land was rezoned M-3 last June by the village council at the suggestion of the planning commission. Residents of the area strongly protested the action and, as a result of their efforts, the question was placed on the city incorporation ballot.

2. Election of a nine-member commission to draft a charter should city incorporation win approval.

Seventeen candidates will seek positions on the charter commission. They are: A. Russell Button, Jack Crawford, Joseph Crupi, Herbert C. Dryer, Clifford A. Farrington, Bert Fisher, David M. Fried, Dirk Groeneweg, Leo E. Harwood, Arthur Heslip, Orlo M. Johns, Her-

bert Koester, John Kubeck, Dean H. Lenheiser, James D. Mitchell, Sanford Sawyer and Frank Watza. Button and Groeneweg are members of the village council, while Watza is a township board trustee.

Meetings to discuss the pros and cons of city incorporation end tomorrow night (Friday) when Dr. William H. Gable of the University of Michigan will speak at a public session in the Orchard Hills school auditorium.

Tuesday night the Willowbrook association sponsored a panel discussion in which charter commission candidates participated at the community building.

Feeling both for and against incorporation has been strong. Advocates insist that it will eliminate duplication of government (with the township) and bring harmony to Novi. Organized forces against city incorporation argue that higher village taxes have not produced more service, and that city status will bring more tax increases.

Two community associations, the West Shore Community Association and the Novi Civic Improvement association, have formerly announced their opposition to the city incorporation movement.

Strongest booster of the movement has been the city incorporation committee, sponsor of three public meetings on the subject and spearhead of the organized forces for city status.

Novi has been a village less than a year. Although the vote for village incorporation was passed in March, 1958 by a 509 to 442 margin, the charter was not drafted and a council elected until last fall. Two areas — Northville Estates and Brookland Farms No. 1 — were not included in the village incorporation and therefore remain as township. These areas would be all that remains of Novi township if the city incorporation should pass next Tuesday.

If the city vote should win approval, actual city status for Novi would not come before early next year. Charter commissioners would draft a charter for voter approval and a new slate of candidates would run for the city council.

Because of the keen interest in the election a heavy vote is anticipated. Novi has 1525 registered voters in the village. Residents of precinct one vote at the village hall, while voters of precinct two vote at the community building. Polls open at 7 a.m. and close at 8 p.m.

It's School Time Again For Record 1700 Students

OUR NEW TEACHERS—New Northville elementary, junior high and senior high faculty members arrived on the job Tuesday. They are (l. to r., top row): John Barnett, Arnold Anderson, William Breyfogle, Mrs. Margaret Longridge, Mrs. Patricia Quinlan, Miss June King; (second row) John Hyde, Miss Kathleen Maskery, Mrs. Marjorie Lancaster, Miss Jaren Watia, Mrs. June Freydl; (front row) Ralph Redmond, Charles Shanta, Mrs. Barbara Urbanovic, Mrs. Nancy Allen, Mrs. Joan Morrison, Mrs. Edith Renwick, Mrs. Madeline Stillson, Miss Carolyn Krause and Michael G. Abbott.

School is back.

Today some 800 junior and senior high schoolers face up to the news with rare relish and trooped to classes for the first time at one of the finest and most modern teaching plants in the nation.

Tomorrow, all grades, kindergarten through 12 — more than 1700 students — will report for regular session. Grades 9-12 will attend the high school; 7-8, junior high.

Northville's 2½ million-dollar high school opens to classes for the first time this fall.

Remodeling of the junior high — formerly the old high school — has progressed rapidly. However, due to state fire safety rulings, no classes may be held in the building until work is completed and approved by the state fire marshal.

Meanwhile, junior high classes will be held in the community building and Main street elementary. Contractors expect remodeling to be completed by early October.

Twenty new teachers will also meet students this fall.

Ten will teach elementary classes — six at Amerman, one at Main street, three unassigned; eight will teach junior high, and two senior high.

Faculty preparation began Tuesday with conferences, room assignment and tours of the buildings.

Bus schedules, as published in The Record, went into effect this morning. Another bus has been added to the force, High School Principal E. V. Ellison said, but no additional runs are planned.

Buses will also be used to transport students to Cass Benton park during school athletic practice, though students may use their own cars, Ellison said.

A tentative cafeteria time-schedule will be used through September until the length of eating periods can be determined.

The three-part lunch session begins at 12:14. Two more lunch periods will be held fifth and sixth hours, or until 2:35.

Work on the junior high has been ahead of schedule all summer, Principal Harry Smith said. Supply shortages have slowed work lately, however.

The boiler system, relocated in the elementary school, is being installed and will be ready for the heating season, Smith said. A glassed-in breezeway now connects the elementary and junior high buildings.

High school students will be free to browse around their new surroundings this afternoon, Principal Ellison said. Faculty members will be stationed through the building to answer questions about the facilities.

Merchants to Hold Sidewalk Sale

Northville merchants will celebrate the installation of new sidewalks in the business district with a special "sidewalk sale" on September 25.

Meeting Tuesday night, members of the Retail Merchants association decided to take their merchandise "outdoors" on Friday, September 25 and stage the sidewalk sale.

President Roy Stone appointed Fred Kester, Bruce Turnbull, Essie Nirider, Harry Sedan and Charles Altman to a committee to plan the promotion.

Kids Thought Responsible For Junior High Break-In

A holiday break-in at the junior high school — believed the work of children — resulted in some \$25 damages to newly-painted and plastered walls, Superintendent Russell Amerman told the board of education at a special meeting Tuesday night.

The vandals broke through a glass door and entered a home economics room from which they took raisins and macaroni and scattered them around the building. Plaster was knocked off walls near doors where they forced entry, floors were scribbled and walls marked with handprints.

Business Piles Up for Council

City councilmen touched upon a host of minor problems in a session Monday night that wound up by scheduling a special meeting for next Monday with a full agenda.

After struggling through the details at hand in a hot, sticky night in the city hall councilmen adjourned after three hours promising to complete the following next Monday:

1. Study employee salary increases for the current year;

2. Study a sidewalk ordinance and probably recommend it for adoption;

3. Recommend the adoption of the standard traffic code;

4. Study the city engineer's report for solving the drainage problem in the high school - North Center street area;

5. Consider a request by the developers of Northville Heights to reduce their performance bond which is held in escrow until stipulated requirements are completed in the subdivision.

Councilmen decided to prepare for the special meeting by visiting the high school and subdivision area together Sunday and witness firsthand some of the problems that must be solved.

In the case of the subdivision the council wants to be certain that all work measures up to the agreement between the developer and the city before releasing any or all of the bond guarantee.

The drainage problems occur mostly on Center street where water

from the high school area floods storm sewers and has carried soil and water into yards and basements in the area.

Landscaping and installation of new catch basins by the school board promises to eliminate the biggest share of this condition.

In business Monday night the council:

— decided to lower the sidewalk level and install a new walk in front of the H. F. Croll residence, 635 North Center, to eliminate a condition called "dangerous" by the city manager; the walk ends at the intersection of Center and Baseline and is about six feet higher than the new walk which it should join along the newly paved section of North Center street; the city manager estimated that grading and installation of the new walk would cost approximately \$850;

— told the owner of O'Dell's hobby shop that he could fly model airplanes for youngsters at Ford Field between 3 and 5:30 p.m. Police had reported some complaints of the noise, but Recreation Director Stan Johnston had endorsed the program for children and councilmen agreed that some time should be allocated to permit the hobby;

— studied a recommended greenbelt for River street along Downs' property; the city manager, Councilmen Reed and Juday were appointed to work out the details of the plan with Downs' Manager John Carlo and the landscaper; payment for the greenbelt is being made by the Downs as a part of the agreement with the city in the purchase of the River street property;

— instructed the city manager to continue with plans for a city employee "set of regulations" outlining vacations, pension plan, sick leave, holidays, etc.; councilmen agreed that one of the regulations to be adopted should be a requirement for city residence for employees; it was suggested that all new employees would be given one year to comply with this rule, and present employees not residing in the city at least two years.

In final business the city manager told the council that — with the exception of walks from Wing eastward for half a block on the south side of Main — all of the city's sidewalks would be replaced by agreement with the property owners. The work is expected to be completed within a week. Councilmen decided to complete the proposed sidewalk ordinance next Monday so that the city can order replacement of walks by special assessment where it is deemed necessary.

HOSPITAL OPEN HOUSE — More than 600 area residents toured the renovated Community General hospital last week end in a special open house showing prior to re-opening the former Sessions' hospital yesterday (Wednesday). The new owners, Dr. H. L. Bergo and Abraham Farris, were highly pleased at the fine reception given the hospital by the public. According to Calvin Monfils, hospital administrator,

visitors were unanimous in their praise for the improvements made at the hospital. Monfils said the hospital admitted its first patients Wednesday and that first surgery cases were scheduled for today (Thursday). Pictured above, during Sunday's open house, at left are: Dr. A. A. Holcomb, Mrs. Elsie Zongker and Mrs. Cecil Thompson. Dr. Holcomb, who used the facilities in the 520 West Main street building

when it had but two rooms and was the Sessions' home back in 1922, was elated at the changes and improvements. He's a member of the Community staff and is pictured showing the two visitors the new x-ray equipment. At right, Mrs. Bergo shows the central supply room to Miss Grada Bulton, Mrs. Tillie Horsfall and her grandchildren, Mary Louise and Lois Marie Horsfall.

Women's Clubs Get in Step with Season

September is the month of new beginnings for Northville club women.

In the public eye the march back-to-business is heralded by the Garden club's popular fall garden show.

Proceeds support the organization's community service projects such as student scholarships and civic beautification.

A scholarship card party will be added this year to the club's money-raising projects.

President Mrs. N. K. Pattison is especially enthusiastic about talks the 65-member group will hear on horticultural therapy for hospital patients.

At the October opening meeting of the Women's club, tradition is queen for a day. The first fall meeting is usually held "out" at one of the area country clubs.

The club is known for its stimulating program topics.

This year's promises to be especially interesting, says Mrs. Yahne. Talks will cover such varied subjects as the St. Lawrence Seaway, music, "Ladies of the White House", dramatic readings, "Life with a Capital L", and world understanding.

The 35-member Mothers' club has

long been a right arm to local schools.

With book sales, an annual spring dance and inter-club rummage sale, the mothers have raised funds to furnish the teachers' room at Amherman school and buy an opaque projector recently, and this year hope to launch work on the proposed elementary school resource center.

Speakers and programs for the coming year, says President Mrs. Richard Kay, include a talk on the resource center, discussion of a community college, a talk on travel, a play presentation and a potluck Christmas party.

The Northville King's Daughters, inter-denominational service club, is the largest in the metropolitan De-

troit area. The 110-member group is perhaps best known here for its gifts of food and toys to needy families at Christmas time, however its welfare work continues throughout the year, says Leader Mrs. Eldon Biery.

TOPS (take off pounds sensibly) clubbers have but one noble aim: to fight fat fiercely. All means, social, competitive and athletic, are marshalled for the job, says the local club slim prexy, Mrs. Donald Offord. Membership is limited to 50.

The 1959-60 program of the local (Plymouth) branch of the American Association of University Women will feature a number of interesting programs, says Publicity Chairman Mrs. William Secord. Judge George E. Bowles will speak on "A Day in

Court"; William McGonagle on "Art Interpretation Through Slides"; members will tour the new high school and meet with AAUW Fellowship award recipients doing graduate work at the University of Michigan.

Northville's Extension club under President Mrs. William Hensch will continue its attractive home-centered program. Topics will range from interior decoration, cooking and child care, to dieting and legislative aspects of home management.

Women Leadership will be this year's theme for Northville Business and Professional Women, an organization dedicated to bettering women's working conditions. Program-wise, plans are set for an

October card party. Speakers on subjects of mental health and civic planning have been tentatively scheduled, says president Margaret Rager.

The Northville-Plymouth DAR will continue its assistance to the southern mountain schools it supports, registrar Mrs. Claude Crusoe announced. Program plans include reports on schools, a birthday-luncheon talk on Ladies of the Whitehouse, talks by exchange students, and year-round projects emphasizing national history and government.

Engaged

Arleen Gatherum

O. Taxis, William G. Williams, accompanied by Organist Mrs. Williams, sang "At Dawning", "Through the Years" and "The Lord's Prayer". The wedding party attended a dinner and reception after the ceremony at the Mayflower hotel in Plymouth.

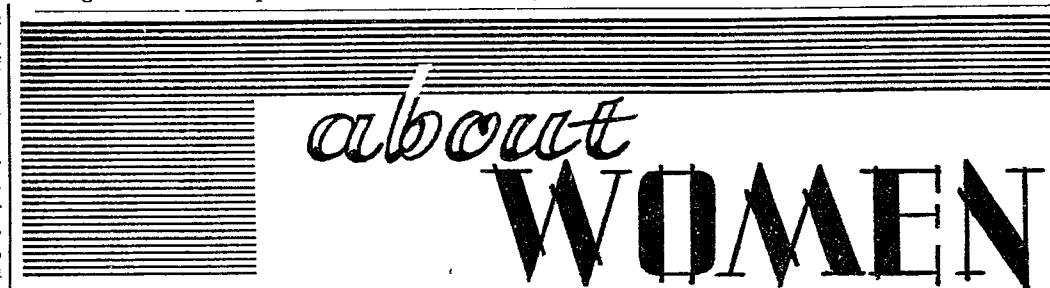

Relatives from Wyandotte, St. Clair, Royal Oak, Highland Park, Pennsylvania and New Jersey were present.

Upon their return from a wedding trip to Garden Lake, Ontario the newlyweds will make their home in Wyandotte.

The engagement of Arleen Gatherum of Lincoln Park to Thomas Moshimer, son of Mr. and Mrs. Bert Moshimer of Baseline road, has been announced by her parents, Mr. and Mrs. Thomas Gatherum.

The bride-elect is a student at Michigan State university and is affiliated with Alpha Delta Pi sorority. Tom is a graduate of Michigan State university where he received a B.S. degree. He is presently employed as a teacher and football coach at Dundee community high school.

No wedding date has been set.

2-Thursday, September 10, 1959—THE NORTHVILLE RECORD

Speak Vows in Double Ring Ceremony

Mrs. A. Surowitz

Palms and baskets of white gladioli and chrysanthemums decorated the Northville First Presbyterian church for the marriage of Margery Ann Boyd, daughter of Mr. and Mrs. Clifford C. Boyd of Bloomcrest drive, to Alexander Surowitz of Wyandotte September 1, the date of the bride's parents' anniversary.

Escorted to the altar by her father the bride wore a wall-length gown of royal blue velvet, fashioned in princess lines, with a portrait neckline, fitted three-quarter length sleeves and a full skirt. Her circle veil was held by a matching headpiece. She carried a bouquet of white fugi mums and Stephanotis and wore a pearl necklace, a gift from the groom.

Nancy Van Sickle was her sister's matron of honor and her only attendant. She wore a similar frock of avocado and blue and carried an arm bouquet of gold and bronze fugi mums.

David Boyd was bestman. Guests were seated by Albert Van Sickle.

For her daughter's wedding Mrs. Boyd selected a frock of navy shantung and wore a corsage of red sweetheart rosebuds. Mrs. Surowitz, who traveled from Pennsylvania, chose a gown of grey silk and wore a pink sweetheart rosebud corsage. Preceding the double ring ceremony performed by the Rev. John

THE DENTONS relax at home with a cup of tea, and glance over the newspaper clipping about them which appeared in a British paper, "USA Town Honours a Son of St. Ives".

The Joe Dentons are Home Again After a Summer Full of Travel

"Some of the kids I grew up with turned out to be pretty old fashioned in 40 years," chuckled Northville's retired Chief of Police Joe Denton as he and Mrs. Denton settled down at home this week after their first trip in 40 years to the land of their birth and almost two months of solid travel.

The Dentons left for St. Ives and Peterborough, England early in July after local residents surprised them with money for the trip upon the Chief's retirement.

On their return a month later they caught their breath a few days then motored off to British Columbia, Manitoba and Alberta to attend the

wedding of an old friend.

Before setting out they planned to tour as much of the British Isles as possible, but immigrations put a needle to their dream. For the first weeks of their stay Mrs. Denton was confined to quarters with a vaccination-sore arm.

It's hard to believe they missed a thing in spite of it.

Mr. Denton's brother-in-law, owner of a taxi service, took a day off and chauffeured the Dentons around the countryside, through neighboring hamlets and seaside resorts.

On other side trips the Dentons peeked through the gate at Sandringham castle, the Queen's holiday

home; viewed Caxton Gibbet; hanging-tree of many a highwayman; stopped at numbers of colorful little inns, and witnessed the annual regatta on the Willow-lined Great Ouse river which runs through St. Ives, birthplace of the famed British Statesman Oliver Cromwell.

One of the most memorable points of their trip was a visit to the American cemetery, resting place of American servicemen who died on English soil in the Second World War. The Dentons were impressed with the devotion with which the graves are tended and the large numbers of English visitors who continue to honor them.

They had little trouble recognizing friends and relatives they hadn't seen for nearly half a century, and oldtimers knew them right away, the Dentons said.

One surprise was the hundred or more new additions to their families since their departure.

"We had tea parties for our nephews and nieces at the hotel almost every night," Mrs. Denton laughed, "we had to invite them six at a time."

Back and happy for a rest in their Randolph street home the popular Northville couple will take it easy for a while.

The scores of friends to whom they sent postcards will probably be alling them up too to chat about their trip.

NEWS AROUND NORTHVILLE

Mrs. Douglas Slessor and Mrs. John Steimel were co-hostesses at a miscellaneous bridal shower recently for Margery Boyd, daughter of the Clifford Boyds of Bloomcrest drive, who was married September 1. The bride-elect was also honored at a family picnic at the home of her parents. Some 50 guests attended the picnic.

Mrs. R. J. Wright was speaker at the first fall meeting of the Women's association of the First Presbyterian church of Dearborn Tuesday. Her topic was "Flowers of the World".

Mr. and Mrs. S. L. Brader, who have been visiting their family in Detroit and friends in Northville, returned Tuesday to their home in Sherman Oaks, California.

Mr. and Mrs. Merner Eilber of Rayson street recently returned from a week's trip to Toronto where they visited Mrs. Eilber's brother and attended the Canadian National Exhibition.

Mr. and Mrs. R. J. Wright of Fairbrook street entertained Mr. and Mrs. E. Z. Shmina, Mr. and Mrs. G. K. Chapman, Mr. and Mrs. Roy Pickett and Mr. and Mrs. Arthur Pickett of Detroit at dinner Sunday.

Bob Starnes, son of Mr. and Mrs. Paul Rumley of Beal street, left last Thursday for Louisville, Kentucky where he will attend the University of Louisville. Bob received a four-year football scholarship to the university after graduating in June from Northville high, where he was on the football team for three years.

BIRTH

Their first child, a son, was born to Mr. and Mrs. William Wiley of Plymouth. Baby Craig Bradford, born September 1 at Garden City Osteopathic hospital, weighed six pounds, nine ounces. Grandparents are Mr. and Mrs. Harold Gotthard of Plymouth and Mr. and Mrs. Otto Wiley of East Eight Mile road.

Larry Gotts To Serve At Grosse Pointe Church

Larry Gotts, son of Mr. and Mrs. Fred Gotts of North Center street, began his duties September 1 as vicar at the First English Lutheran church in Grosse Pointe Woods.

He will be supervised by Pastor Paul Keppler during this one-year internship, part of his four-year course of study at the Lutheran Theological Seminary in Columbus, Ohio.

Next September he will return to the seminary for his final year.

Mr. and Mrs. Elmer Kator of North Rogers street will celebrate their 65th wedding anniversary September 14.

What's in a Name? Romance, Adventure

Monsieur Mahe

Of nature's ancient tale-weavers, the sea is probably the grand old master of them all.

Happening on such a story was the luck of Monsieur Francis Theodore Mahe, ex-fisherman and sailor, and recent construction worker at the new high school in Northville.

The modern beginning goes back about 20 years to the tiny French Canadian island of St. Pierre Miquelon, a fishing community in the North Atlantic off the coast of Newfoundland.

To the islanders, St. Pierre was a cache of salty legends.

Jacques Cartier, the Christopher Columbus of Canada, was reputed to have first set foot on Canadian soil in St. Pierre. Royal jewels, missing since the French Revolution were rumored to have been buried there by a fugitive from the Bastille.

Legend came startlingly close to fact, though, one day for Monsieur Mahe.

His family shared the history typical of the other island settlers who had emigrated from France from generations of men of the sea.

Only their non-French name modestly distinguished them.

When Mahe decided to discover the origin of the name, he opened a 200-year-old adventure crusted with intrigue, courage and romance, and came face to face with 18th century French navigator — his ancestor — Count Francis Mahe de la Bourdonnais, who had distinguished himself as a trader and military representative of France, in the waters between East Africa and India.

In no time Monsieur Mahe's passing fancy snowballed into a full time research. He wrote to the British navy, to the president of France, the governor general of the Seychelles islands, the president of Portugal, mayor of St. Malo, France and governor general of Portuguese India. He kept up a correspondence with several libraries and read art-

icles on the history and geography of the navigator's home waters. "For 20 years," Monsieur Mahe says, "I lived his life in spirit, to get to know the man he was."

His interest was rewarded 20 years later when one of the libraries turned up one of the few remaining copies of the published diary of Count Mahe. Monsieur Mahe began translating the work and hopes to have it published.

The other part of the story begins some 200 years ago with the birth of the famed navigator in St. Malo, France. At 13, he set out to sea for the first time. From then his naval career took him to most ports of the world.

Early in his sailing days, he traveled with a French trading company into the near east.

Later he brought modern methods of building and farming to his eastern stations, a group of islands off the coast of Africa and introduced new agricultural crops to the hard pressed natives. He battled pirates in the Oriental seas.

When strife broke out among traders of different European governments in the area he was assigned military leadership.

Political intrigue in France, however, resulted in his imprisonment after a lifetime of service to his country. The diary was written with crude materials while he was a prisoner in the Bastille.

Maybe he escaped from this prison on a return. Monsieur Mahe has reason to think so.

"After all, the man was a genius," he said.

Larry Gotts

A SAGINAW SERVICE REPRESENTATIVE tells us of a rather novel order she received recently. A customer called and said: "I have a brunette telephone and I'd like to exchange it for a blonde." Now it may be true that gentlemen do prefer blondes, but when it comes to telephones, you don't have to limit yourself to that color. There are nine different shades to choose from.

EVER WONDER HOW some of our Michigan colleges win so many football games? One reason is their ability to employ new strategy during a game that will capitalize on an enemy's weaknesses. Flaws in the opponent's attack are spotted by an assistant in the press box. How does he relay them to the head coach on the field? By telephone, of course. The telephone enables him to feed the coach a steady stream of information that quite often spells victory for your team.

DID YOU KNOW THAT IT takes a lot more effort and money to write a business letter than to use the telephone? According to a business magazine, the average business letter costs \$1.70 by the time you figure stenographic costs, mailing, filing and materials. That cost is duplicated at the other end when a reply is sent. If you look at the long distance rates listed in your telephone book, you'll see how many distant places you can call for less than that. Furthermore, a long distance call is easier, faster and more personal.

"Man is the only animal that blushes. Or needs to."

Durability
... makes it a wiser decision than ever!

When a Cadillac car has completed its tour of duty for its original owner, there is always a buyer on hand eager to assume title as the second owner. For motorists have discovered that a Cadillac—no matter what its age or mileage—is amazingly economical to own and to operate. Naturally, this enviable reputation for durability makes the Cadillac motor car a uniquely fine investment, for its value remains high over a span of many years. Moreover—this is an excellent time to visit your Cadillac dealer to learn why the car's all-inclusive cost makes it a wiser decision than ever.

Remind Motorists Of New Bus Laws

David H. Soule, coordinator of the Michigan School Bus Driver Education program, with offices at Eastern Michigan university, cautions motorists to remember the Michigan school bus law placed into effect September 13, 1958, requiring all motor vehicles to come to a complete stop when approaching a stopped school bus from either the front or the rear. All motor vehicles are required to stop not less than 10 feet from the bus in either case.

Soule also reminds drivers that the two flashing red lights located on the front and rear of the school bus are the only legal school bus warning signals now recognized by the state. The old warning signal of the "stop" arm extended from the left hand side of the bus is no longer legal.

Drivers are also asked to check their local ordinances regarding proper precautions to be taken. More than 30 incorporated communities have now passed ordinances which require the above precautions within the limits of the incorporated unit.

Peak hours of school bus activity are expected to be during the time when people are both going to and returning from work. Extreme caution is thus being urged by all school and state administrators and safety authorities.

"FAITH MAKES THE DIFFERENCE"

Many a Christian has found out that he can discuss religion for hours on end with a non-believer and still be miles apart. It may be that they are of equal intelligence and talent. They may share the same appreciation of music and painting. They may have spent the same number of years in obtaining formal education. But when it comes to basic doctrines of religion, they may as well be inhabitants of two different planets. In this they do not speak each other's language.

The so-called modern, for instance, will attack our convictions about marriage, birth control and divorce and wonder how his intelligent Christian friend can take such a foolish and old-fashioned position. He believes the Christian has allowed himself to be enslaved by the unreasonable demands of the church and no matter how long or intense the argument, nothing will make him change his mind.

Why is it that the believer and the non-believer are poles apart? The answer lies in the effect of the gift of Faith. The person who has Faith has another light in the soul besides the light of reason. The Divine Electrician, God Himself, has installed this light freely into many a soul. The soul in grace is enabled to see truths that otherwise would be beyond its grasp. The non-believer must rely wholly on the light of reason, on the limited powers of the human mind.

We realize at once what a handicap this can be, when dealing with a subject like Death. Death to human reason appears to be the end of all things. But the mind illuminated by Faith sees Death as the door to eternal life, the beginning of unending existence.

It is easy to misunderstand this matter. The light of Faith does not make one brainier than another. It is no tribute to his cleverness. One does not congratulate oneself on being superior to the non-believer because of the ability to grasp what the other cannot understand. The realization on the part of the believer that he has obtained Faith, serves as another opportunity in his life to thank the Generous Creator for this great gift of Faith.

Women Realtors To Meet Today

The opening fall meeting of the United Northwestern Realty — Western Wayne County Board of Realtors Women's committee will be held today (Thursday).

Guest speakers will be Mrs. Floral White and Mrs. Ann McDonald, of the Downriver Board of Realtors, both of whom were honored recently when A. R. Saunders, executive vice president of the Michigan Real Estate association, announced that they had been named the Michigan Realtors of the year.

Mrs. White, wife of Past President Walter J. White of the Down River board, has long been active in the board affairs as well as in the work of the state association. Mrs. McDonald is treasurer of the Downriver Board.

The group will meet at Capistrano's restaurant on Plymouth road at 10:30 a.m.

Graduates Wednesday From Nursing School

Mrs. Elise Lockhart Kelly, daughter of Mr. and Mrs. George Lockhart of Orchard drive, graduated Wednesday evening from the Harper Hospital School of Nursing in Detroit.

Graduation exercises were held in the Rackham building with a reception at the nurses' residence.

HOW SHOULD ONE CHOOSE A CHURCH?

The most important factor in the choosing of a Church to attend and support is whether that Church stands for and preaches the truth of God's Word. All the abilities of the preacher, the music, the choir and the building are secondary to their stand for the truth. The New Testament is filled with warnings about the deceptions in religions at the end of the age. Many Denominations who once were true to the faith have departed from it so that they are no longer worthy of your support. The following report is the result of a poll taken from among 1500 ministers by Pastor Peter Eldersveld of the Christian Reformed Church. 89 percent did not believe in the Virgin Birth; 86 percent said there was no need for the shed Blood of Christ; 50 percent did not believe in a personal devil, 60 percent did not believe in the existence of angels; 80 percent of them denied the existence of hell; 73 percent said they did not believe a Spiritual Birth necessary. To see such unbelief in the pulpits is indeed alarming. Before I joined any Church I would want to know if the Church and the Pastor believed and preached the truth about these important matters.

"A Service To The Living, In Memory of Those Whom You Love"

EVERY DETAIL IS IMPORTANT . . .

We do everything carefully at the Dempsey B. Ebert Funeral Home. We just would not have it any other way. The little things of the funeral service are always important too, and mean much to you. It may be an extra effort to call a relation, or special care of the flowers, or some other item that is most appreciated — so we do everything well and carefully.

Novi Residents . . . IT'S YOUR MONEY THINK before you Vote!

Big City Government — Big City Taxes — In spite of political promises, more government costs more money. Check the tax increases in your neighboring cities. They learned the hard way. The village tax bill you just received is a good example of paying for more government without more service.

VOTE AGAINST CITY INCORPORATION!

Village Ordinance 13 Is WRONG for Novi!

Reject It

Novi wants and needs industry but spot rezoning hurts residential development. It could happen in your neighborhood. The mere rezoning of an area to industrial does not automatically bring in industry. It does put a blight on future residential activity. Hundreds of industrial acres are lying idle NOW.

Let's build Novi's Future . . . PROPERLY and protect our property rights while there is still time.

REPEAL UNFAIR ORDINANCE 13

The Novi Civic Improvement Association representing all of Novi urges the above in the best interest of Novi. Vote September 15.

(PAID POLITICAL ADVERTISEMENT)

Gridders Eye Season Opener In Daily Drills

With the opening 1959 football game just one week away, Northville high school gridders stepped up their practice pace while local coaches started selecting front line candidates.

The Mustangs will clash with the Rocks of Plymouth next Friday (September 18) in the season opener at Ford Field. The non-league tilt will get underway at 8 p.m.

Plymouth, according to Northville Coach Ron Schipper, will field one of its toughest teams — despite pessimistic predictions by the Rock coaches. "We'll have to go all out in that game to beat 'em," he said.

Meanwhile, Schipper reports that the riggers of practice have cut his squad of candidates to about 75. Many students who previously indicated their candidacy failed to show up for the first practice.

But Schipper earlier this week said he was "plenty pleased with practice so far."

"The boys are doing a good job — really working for us," he added.

The first "real test" as to how hard and effective the practices have been will come up this Saturday when the Mustangs scrimmage Belleville.

In an earlier inter-squad scrimmage the regulars swamped the substitutes, indicating a weakness in depth, Schipper said.

Although Schipper and his assistants have not selected starters for all eleven positions the following candidates are expected to get top billing:

In the backfield where the average weight is approximately 175 pounds, Gary Morgan, senior, has nailed down the starting fullback position.

Fred Steeper, Bud Adas and Bob Stuber are top candidates for the quarterback spot — but if Steve Juday recovers in time he may have the edge.

Larry Nitzel and Roger Atchinson, both seniors with wide experience, are leading contenders for halfback positions along with Dave Hay and Tom Darling.

The latter is making his first appearance in a football uniform. A heart condition prevented the star trackster from competing in previous seasons. His speed is expected to spark an already galloping squad.

Joe Gotro is almost a "sure bet" for an end position. Fighting for the other end spot are Jim Petrock and Tom Ritter.

Extra point specialist Wade Deal will fill one of the tackle positions. Jerry Biddle, a 195-pound sophomore, currently has the edge on the other tackle position, but Seniors Dave LaFond and Bob Hilton can't be counted out.

Fred Mitchell, Bill Juday and Art Fisher, rated by some coaches as probably the best guards ever to don a Northville uniform, will fill the role again this year.

Vying for the center position vacated by Deal are last year's center substitutes, Dave Nash and Dick Willing.

Local Tennis Squad Tops Livonia, 3-2

A Northville men's tennis squad edged Livonia 3-2 in the first annual inter-city matches which were completed Monday at Cass Benton park.

Keith Krause, a Northville high school teacher and a former tennis star in college, led the Northville squad to victory with a 6-4, 6-4 win over Don Pierce.

In the only two other singles matches Livonia came out on top with Harry Drewry downing Cliff Bunker, 6-0, 6-4, and George King besting Dan Bowland, 6-4, 6-4.

Krause teamed up with Bowland to win a doubles match with Pierce and King, 6-3, 6-2. A doubles victory by Bunker and Don Angell over Frank Moulds and George Riesman gave Northville the championship.

The latter doubles score was 4-6, 6-3, 6-3.

'59 Trout Deadline Only 3 Days Away

Fishermen are reminded that September 13 is the final day of Michigan's 1959 regular trout season. This date also marks an end to all fishing in designated trout lakes and most trout streams.

Some trout streams or portions of these streams will remain open to fishing for other species after the regular trout season closes.

Brook trout will remain on the legal catch list through October 15 in Swanzy and Airport lakes of Marquette county. This experimental regulation is part of a Conservation department research project.

Big Stakes, Racing Stars On Tap at Wolverine Track

The Roaring Grand with the great stars of the harness racing world moves into Wolverine Raceway for the final six nights of the track's 42-night meeting starting Monday.

It is the greatest getaway week program ever in Michigan's history and finds a stake listed on each of the first five nights and a rich overnight is planned for closing night.

More than that Michigan fans may get a chance to see the current Hambletonian king for the first time since Joe O'Brien brought Scott Frost to Detroit back in 1955.

Dollar Hanover, the pride of the Hall Stables, Inc. of Watertown, N.Y., is nominated for Tuesday's \$7,500 added Victory Song for three-year-old trotters and the owners have every intention of bringing their great colt here.

The Diller won the Hambletonian a week ago in DuQuoin, Illinois in straight heats—just as the experts predicted he would.

Monday's opening event on the Grand Circuit program is the \$3,500 added Bombs Away for two-year-old trotters and all of the youthful stars and Hambletonian candidates of 1961 are expected.

The two-year-old pacers move into the spotlight on Wednesday in the \$3,500 added Scottish Pence. The colt that is attracting the most attention is Bright Knight, winner of the year's richest event for juveniles earlier in the year at Yonkers Raceway in New York City. Detroit hopes for a victory ride with the sensational Knight Time from Al Eastin's stable and Dr. James Blanchard's speedy Time to Race.

But the biggest event of the week and probably of the entire year is listed for Thursday when the nation's best three-year-old pacers clash in the Brown Jug Trial that is expected to have a value of \$25,000.

Teens Have Block Dance

By Mrs. George Ames — Greenleaf 4-0830

The Willowbrook Teen club had a block dance on Coral Lane on a recent Saturday evening. Mr. and Mrs. John Albu were kind enough to donate refreshments. Mrs. Clifford Farrington chaperoned the party. She treated all the teenagers to a snack after the dance. Lynda and Bill Johns, Valerie Albu, Pete Carter, Fred Burn and Pam Harnden were among those who attended.

Clifford Farrington has returned home after a week's stay at Beaumont hospital in Royal Oak.

Marguerite Parent was hostess to the Wednesday Bridge club last week. Kaye Reiss was a guest player. Dottie Flattery won first prize, Ruth George second and Virginia Barnes, consolation.

The other Wednesday Bridge club resumed their meeting at the home of Irene McCormick. Fran Peterson and Jean Cromer were guest players. Fran won the prize.

Mr. and Mrs. Alvin Closs and their children, Danny, Kenny and Mary Ann, spent their vacation in Hollywood, Florida visiting relatives. The children enjoyed their first ocean swim. The Closses visited such points of interest as Lookout mountain on their trip through Kentucky, Tennessee, Georgia and Alabama.

Mr. and Mrs. Thomas Morrison and their son, Tom, spent August at a cottage in Leamington, Ontario.

Mr. and Mrs. Lloyd George and their children, Buddy, Doug and Caroline, spent last week end at a cabin deep in the woods near Moorestown, Michigan.

Mrs. Howard Shine and Mrs. Ches-

ter Pietron had lunch at the Bloomfield Hills home of Mrs. Philip Ranno last Friday. The Rannos were formerly residents of Willowbrook.

Mr. and Mrs. Edward J. Olah entertained Mr. and Mrs. Eugene Spencer, Mr. and Mrs. Tom Quaine, Mr. and Mrs. Jack Miles, Mr. and Mrs. Tom Jones, Mr. and Mrs. Bill McGreevy, Mr. and Mrs. Bill Duguid, Mr. and Mrs. Jim Bretz and Mr. and Mrs. Ray Owen at a cook-out last Saturday.

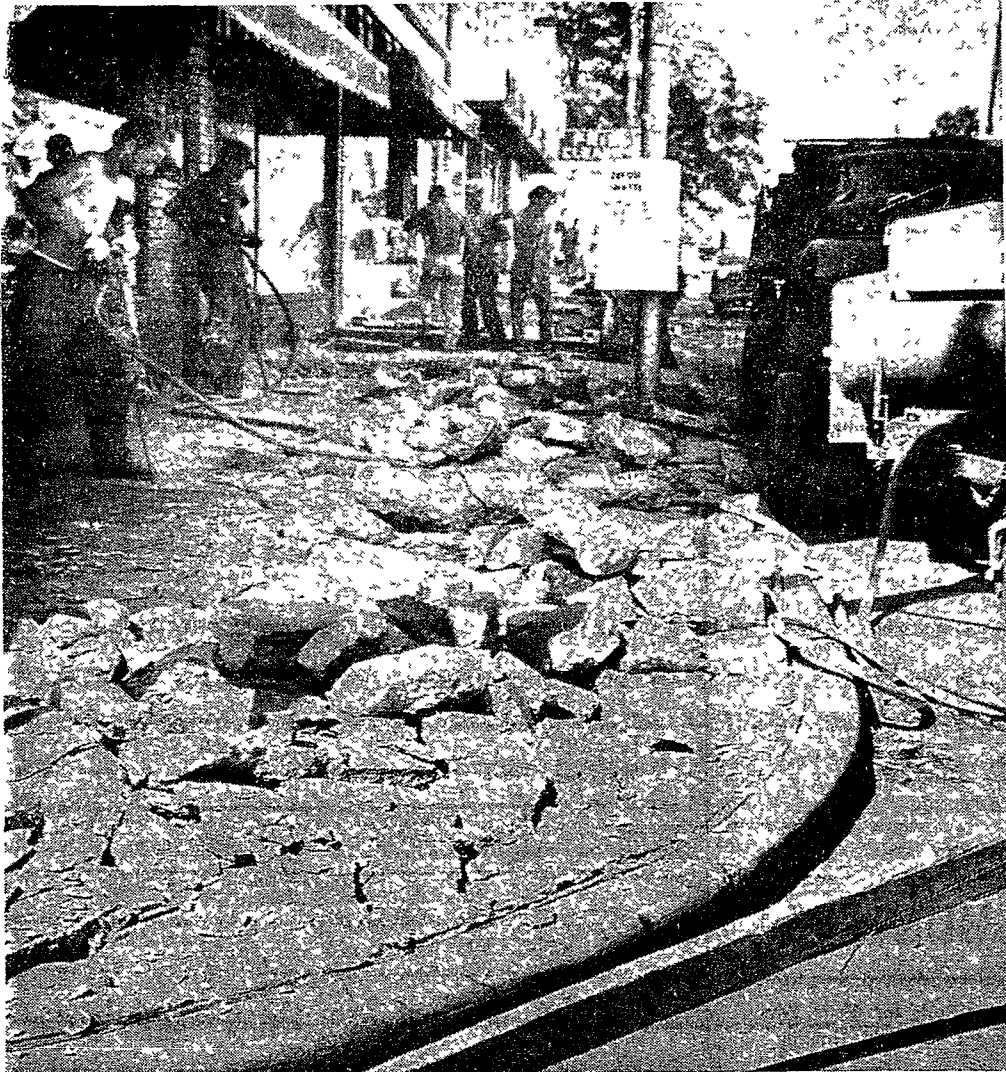

Mr. and Mrs. Ed Frutchev of Ma-lott drive had Mr. and Mrs. J. Thompson Frutchev and their sons, James, Jimmy and Bobby of Langhorne, Pennsylvania as houseguests last week. While they were here they visited Greenfield Village, the Ford Rotunda and the Ford plant in Dearborn.

Mrs. John Parent entertained Mrs. George Campau of Detroit, Mrs. Robert Toohy of Dearborn, Mrs. Joseph Maher of Lathrop and Mrs. Stanley Johnson of Berkley at luncheon last Wednesday.

Mr. and Mrs. Ralph Morse and Mr. and Mrs. Bob Radke enjoyed a barbecue dinner together at the Morse home last Saturday evening.

Mr. and Mrs. James Wharton and their children returned last week from a two week vacation in Illinois and Missouri. Mr. Wharton's mother, Mrs. Mary Wharton, flew to St. Louis from Denver, Colorado to visit with them.

Miss Susan Price spent last week end at Burroughs Farms with Mr. and Mrs. Ray Stromback of Farmington.

RIPPING GOOD TIME — Northville's business district sidewalks are rapidly being replaced. Workers have completed North Center street between Main and Dunlap. Main and South Center streets are next. The project will probably be completed in another week.

IN WIXOM:

Street Dance at St. Williams Friday Night

By Mrs. Charles Ware — Market 4-1601

Friday there will be a dance in the parking lot at St. William's for children and teenagers and their friends. An orchestra will furnish the music.

The Walled Lake Knights of Columbus realized a profit of \$3,000 on the wrestling matches which they sponsored last Saturday. Proceeds will be used to purchase athletic equipment for St. William's school children.

Thursday afternoon, September 10 the Hi-Fi extension group of Hickory Hills will meet at the home of Mrs. Gunnar Mettala to formulate plans for the coming year.

Wednesday, September 16 the Sunshine Social Service group will meet at the home of Mrs. Frank Pennell

in Wixom.

Last Saturday Mrs. Lucetta Ruggles of Wixom caught her foot on a rock and fractured her leg. She is in Pontiac Osteopathic hospital.

Mr. and Mrs. Robert Simmons spent the week end in Lainsburg, Michigan as the guests of Mr. and Mrs. Dole Carr.

Mrs. Pierce Powers has returned to her home in Highland Park having spent two months with her sister's family, the Charles Wares.

Roy Robinson, Jr. was honored at a birthday party last Friday. Roy, who became six years old, had 14 guests to help him celebrate.

Mr. and Mrs. Lowell Travis and son from Greendale, Wisconsin have returned to their home after spending a week visiting Mrs. Travis' parents, the Lee Harrisons on Pontiac trail.

Mr. and Mrs. Louis Bogart of Fowlerville are the proud parents of their first born August 23.

Mr. and Mrs. Ray York and family have returned home after having spent their vacation in the Upper Peninsula.

Mr. and Mrs. Jesse Byrd have returned from a vacation through Ohio and northern Michigan.

Mr. and Mrs. Herbert Abrams and Mr. and Mrs. Gerald Abrams spent the week end at their cottage on Fife lake.

Mr. and Mrs. Ollie Wahamaki spent the week end with Mr. Wahamaki's parents, the Sam Wahamakis, who live in Racine, Wisconsin.

Mr. and Mrs. Oscar Simmons spent two weeks touring Minnesota, the Dakotas, Wisconsin and Illinois.

Lois and Shirley Tuck honored their cousin Joan Tuck, August 24 at a miscellaneous shower at the home of Shirley's parents. Joan will be married at Oak Park Lutheran church Friday.

Labor Day dinner guests of the Everett Pearsalls were Mr. and Mrs. Luther Pearsall and son of Highland Heights.

The Beacon Light class of Wixom Baptist church enjoyed breakfast at the home of Mrs. Grace Wagnitz last Tuesday.

Mr. and Mrs. Fred Thayer of Hick-

ory Hills entertained 25 guests Labor Day including their daughter and family, Mr. and Mrs. Joseph Stadnik.

Margaret Chamberlain McClelland from Pontiac spent Sunday at the home of Miss Mildred Gibson.

Mrs. Mae Bricker is the houseguest of Mrs. Audrey Roach.

Mr. and Mrs. Lloyd Croft and son, Terry, took a trip through the Upper Peninsula.

Sunday dinner guests of the Bernard Kitsons were the William Mancores of Bradenton, Florida, the Marshall Dunkels of Flint, the Edgar Dunkels of St. Johns, the Warren Placers of DeWitt Mrs. Dorothy Miller, Mrs. George McDonald and son Michael of Lansing.

New York Trip, Kiddies Bunk House Top Rodeo Prizes

Some lucky boy or girl is going to win a genuine, custom-built bunk house which was donated by the Sheldon Land company and built by Farmington Lumber at the real western rodeo sponsored by the St. Mary Hospital Guild on September 26 and 27.

The bunk house will make an ideal doll house for the girls, or a clubhouse, cowboy ranch-house, or what have you, for the boys. Also to be given away is a boy's and girl's bicycle to the holders of the winning child's admission ticket. To the lucky adult winner goes an expense-paid week end in New York City.

The rodeo will be held at the Detroit Race Course, Schoolcraft and Middlebelt, at 2 p.m. Refreshments will be sold at a minimum cost so as to allow the kiddies a maximum of pleasure. Tickets are \$1 for adults and 50c for children and may be purchased from any Guild member or Northville ticket chairman, Helen O'Brien, FI-9-0813.

On Novi City Election Issues

To the Editor:

This "city" question is becoming clouded with "siren songs", sewers and misinformation in general. Perhaps a few thoughts on the subject would clarify the matter in some peoples' minds.

In the first place the city incorporation is what your original incorporation committee set out to do in the first place. As one member of that committee we had the choice of incorporating the whole of Novi into a village or to incorporate the four corners as a city and then try to annex the remainder of it. We chose to incorporate as a village in order to be large enough to do something with the roads, etc.

Let's forget all about village and city for the moment and go back to the basis for this incorporation which is the Public Acts of 1909, Nos. 1, 2 and 3.

Simply, one states that an area having 100 persons per square mile may incorporate to provide such services as police and fire protection; two states—that an area having 500 persons per square mile may incorporate to provide police and fire protection AND collect state and county taxes AND hold state and county elections which are township duties under Act. No. 1.

Then Act No. 3 says that an area already incorporated under Act No. 1 may incorporate under Act No. 2 without change of name or boundaries.

That is all the law says. It says nothing about "siren songs", sewers or anything else. What we do about these things is determined by the charter which we write ourselves. That charter is already written and you are living under it now. It needs only the addition of the right to hold state and county elections and collect state and county taxes.

By incorporating under Act No. 2 rather than Act No. 1 we do a number of things that we are now trying to do piecemeal.

We eliminate the duplication such as two clerks, two treasurers and two places to register.

We know who owns the fire equipment. We know who owns the police equipment. We know we can enforce our ordinances in the township park, etc.

Last but not least we no longer have to pay a township tax. This final step has been the advice of every authority we have consulted on the matter including, in the past, your township supervisor. How can we afford to do anything else?

A. Russell Button

To the Editor:

There are two questions that face the voters in the coming village

election:

1. "Shall the Heslip property rezoning be repealed?" I say "no". Ordinance No. 13 was given much consideration by the Planning Commission and the Village Council prior to its being passed. All the questions, pro and con, were raised by the parties interested and the Council sought the advice of experts in this field. The conclusion that they reached was the Heslip property would best serve the community as industrial property. The need for industry in Novi cannot and should not be underestimated. Those who say that this area shall remain residential and agricultural, are living in a fool's paradise. Every area that has attempted to keep out industry or to hurt industry when it tried to get into the area, has found that the real estate property taxes have become so high that it was impossible to maintain schools and community services with normal taxing. We need industry in Novi and therefore, I say vote "no" on the question of repealing Ordinance No. 13, the rezoning of the Heslip property.

On the second question, "Shall Novi become a City?" I say vote "Yes". The one year that we have lived under both township and village government has shown us that our present situation is not a happy one. This is not because the village hasn't been doing the job, but solely because the township has set every obstacle in the village's path that is possible. We do not need both the village and township government and the only way that we can get around the situation is by becoming a city.

The only objection that I have heard to this is that perhaps Frazer Staman will no longer be our tax assessor and as a result, our taxes will be increased. Those who make this claim are doing Mr. Staman a great disservice, either because they believe he is dishonest or a petty politician. Neither of these are true. Mr. Staman is an honest and moral person and he knows that he MUST assess property values according to the law. Therefore, he cannot hold valuations down on property when those valuations are, in fact, increasing. As a matter of fact, about one year ago, the State Board of Tax Assessors advised the local government that they have 3 years within which to bring tax assessments up to within 50 percent of the market value of the property. This means that within 2 years all of our property will be assessed at 50 percent of its market value. I call one—other point to your attention. For instance, say that someone's property is being under evaluated for tax purposes. Due to the equal-

ization factor, all the other property owners in Novi must help pay for this under-evaluation of one property. That was the purpose of the State Equalization Factor. Again I say, that the tax assessor must bring evaluations up to the State's requirements and no matter who is the tax assessor, the job will be done.

Novi must move ahead with the progress that is going on around it. We must work and strive to make our community a community of the future and not of the past. Vote "Yes" on city incorporation.

Mrs. R. D. Noble
42520 Grand River
Novi, Michigan

9-3-59

Dear Mr. Writin Fella:

I done red yore letters from Mr. Koester an Mr. Fried that was in las weeks paper, and I gotta be honest about it, they shore ar pitchin ta git ona thet thar charter job.

Mr. Koester is a gonna have a mayer and over thirteen (13) commiseners one fer everythin ya kin name, public works, buyin supplies, an one fer tha water works, etc. What fer I don't know, sure sounds like a lotta hogwash ta me — wut gits me, he never even tried ta tell a body where the money fer these jobs is a comin from. Maybe he figgered everyone would work fer nuttin, I dunno.

This here Fried fella sais, and I'm a copieing his werds (quote) every authority has said that in a community such as ours, a city status is far preferable to a village status. Kin ya imagine talk like this here from almost th same group that said the township was no good, we need a village.

We shure didn't have two kinds of government when we were a township.

We didn't have two fellas spendin oure money fightin fer fire engines that belong ta the people of Novi — them thar fire engines ain't goin nowhar except to a fire — so I think it's a good idear fer these here fellas ta quit thar bickerin — for sure as shootin they kin be replaced.

Thar were a big hullabaloo about a village bein a heck of a lot better then our ol township. Just about a year ago — now this heer Koester fella said that a village is no good and even th name, NOVI should be changed. I think these people should show us wut they kin do fer us as a village before we give um another chance ta leap into th unknown — thaint nuttin left but statehood after we become a city, and as I gits ta thinkin about it — it sounds just about as ridiculas.

Like th rest of th good people of Novi, I got me a piece of paper on July First, 1959 — tellin me ta kick in with a special axessment, an rite then and their I figgered this here Village is really gonna start uculatun — ain't seen no improvement though — the only thing different is we got one less policeman than we'uns had as a township. There again maybe these here village fellers figure that we don't need as many policeman wut we need is a bigger staff down in village hall.

I went ta one oh them go go city meetins at tha Community Bldg. — and some feller that new

all the ansurs said that we should become a city because the fellas down at city hall had big plans fer Novi — he said thet by 1975 ther wouldn't be any vacant land in Novi.

Ta me I tink it kinda silly ta fence in a pasture caus maybe in 15 years I just might buy some cows. Like I said before — these village fellers are goin great guns on paper but I tink it only fair thet they show us some industry — show us some progress before they have the gall and th brass to make us swallow this here city deal.

An fer cryin out loud tell them ta do it without leanin on my pocket-book anymore. All I ever got outta thet last big deal in July was a Receipt.

Confidently I tink they got themselves in a mess and they are axin us ta git im out. An ya know thet that ain't rite.

Thank ya, Mr. Writin Fella, Thank ya.

A Lesko

To the Editor:

To all voters of Novi at the election September 15.

Michigan stands proudly fifth among the states in value of manufacturing and our town is part of Michigan.

So our town stands tall on the map. Keeping it there is our problem. The surest way is to keep our town attractive to industry — the surest key to attraction of new industry is attention to the needs of present industry.

No town stands still, it goes ahead or it slips back. Let's keep our town standing tall.

Join hands with your straight-thinking neighbors and vote yes on city incorporation and vote no on repeal of Ordinance 13.

Burt Fisher
120 Northaven
Walled Lake, Mich.

To the Editor:

On September 15 the residents of Novi will vote on the questions of city status and zoning policy. The real issue is whether or not we wish to retain and protect the pleasant rural atmosphere of the community that has created the population growth of recent years. The increasing tax load of more government and the uncertainty of property value protection created by village ordinance 13 both threaten to curtail residential and industrial expansion.

A year ago proponents of village incorporation put out a great deal of ballyhoo about the advantages of being a village. The election carried by a slim majority and Novi has been a village for one year. We have just paid an additional tax bill amounting to approximately twelve percent: yet no one is bragging about all of the advantages we are receiving as a village. Little in Novi appears to have changed except the tempo of spending and political bickering.

Village incorporation was to have been the cure for township problems but the patient is still sick. The magic medicine is now said to be city status. If the past year is any indication, Novi will have no more advantages and no more progress, only higher taxes to support the rapidly growing political machine. Neighboring cities are good examples of city tax rates and increases and Novi cannot expect to be an exception. Higher taxes can only injure residential and industrial development. No one is coming here to pay our taxes for us.

The repeal of village ordinance 13 is also extremely important to the future development of Novi. We have always believed that zoning was a guarantee to the property owner that undesirable and damaging activities could not be established in specific areas. The decision to rezone the Heslip property was not only arbitrary and contrary to the facts of the case, but it was a breach of faith with village residents. Village ordinance 13 established an industrial island in the midst of fine residential developments thus proclaiming to the world that zoning in Novi means nothing. In passing this detrimental ordinance, the council in effect erected a sign saying:

Village of Novi
Property for Sale
Zoning Altered to Suit Tenant
Potential Residents Beware
This same sort of spot rezoning could happen to any of us. Our only protection against this arbitrary action is to vote for repeal of village ordinance 13 and demand a sound and equitable policy of protection for all village residents. Failure to repeal ordinance 13 can result in seriously retarding the residential development of the community. None of us want a factory built on the lot next to us. We cannot expect others to build here if we do not have zoning protection that means something.

Both issues in the September 15 election are of utmost importance to the welfare and development of the community. We believe that defeat of city incorporation and repeal of village ordinance 13 are necessary in the best interests of Novi. High city taxes and lack of sound zoning protection can only discourage the development of business and residential areas.

Autumn is Tasty Apple Pie Time!

Luscious wedges of fresh-baked apple pie only minutes from the oven . . . m-m-m-m, can't you just smell it now? An autumn favorite if there ever was one! You can make it an extra special treat by sprinkling grated cheese over the sliced apples before placing top crust on the pie. This little trick brings out a delicious, tangy flavor that empties pie plates like magic! And from apple pie to complete family meals, we recommend the wonderful cooking qualities of a modern Gas range oven. Perfect baking and roasting requires controlled, even heat, the kind you get in a Gas oven. The exact cooking temperature you need is accurately held . . . your cakes, pies, roasts cook evenly to a golden brown goodness. Gas range ovens are automatic too! You set the controls for the time and temperature then leave for the day if you please. The oven turns on, holds a uniform temperature, and turns off all by itself. More good cooks agree, there's nothing quite like a Gas range oven for perfect cooking and convenience. Your Gas Range Dealer will be happy to tell you today about all the advantages of modern Gas cooking!

Williams Batting .125 in Legislature

ONLY TWO OF 16 BILLS labeled "urgently needed" by Gov. G. Mennen Williams cleared the legislature this year.

The governor early in June sent a special message to the legislature urging action on bills dealing with employment, business, education and highway and industrial safety.

Thirteen of the measures died in committee; another — the controversial "K-12" bill to force school consolidation — passed the House but was shelved in the Senate Education Committee.

One of the bills was the proposal to create a state Seal of Quality for agricultural products. Williams has been advocating this for 11 years.

Success came to a widely-backed motorboat safety bill providing for numbering of motorboats under a federal system. The bill, sought by Williams' Watersafety Commission, extended jurisdiction of local enforcement agencies.

Defects in 1956 legislation were corrected by the second of the 16 priority bills.

Certain procedural and technical imperfections were noted after the 1956 legislature passed the Development Credit Corporation Act, a government sponsored plan used with success by other states in encouraging industrial development.

The legislature corrected this by permitting industrial development credit corporations to acquire land.

Another industrial lure, a measure to permit establishment of industrial park authorities, failed. It would have permitted the acquisition of property, borrowing of money and issuing of bonds to develop industrial parks.

The bill was considered necessary

to encourage communities to develop suitable land for plant development.

Despite emphasis the past year on Michigan's "business climate", Williams and the legislature were unable to agree on means of fostering programs to attract new industry.

The legislature was a forum for criticism of Michigan's economic climate. Little was done to build Michigan.

SCANDALS THAT DEVELOP in the Secretary of State's Branch System are soon forgotten by most. But Secretary of State James M. Hare, who thinks he has a remedy, remembers.

More than 50 branch managers have been removed from their jobs in the last four years for misuse of funds, sloppy bookkeeping or other improper activities.

There has been a turnover of about 260 managers — about the number of branches — in the last four years.

"A great many get in and get out," Hare said. "They can't make a living."

"We've been averaging a new branch manager every 10 days."

"It's a bad system from end to end."

Hare's suggested remedy: put the managers under civil service instead of allowing them to be appointed — by Hare.

"I have no objection to patronage," Hare said. "But not when millions of dollars are involved."

The Civil Service Commission, which has 12 large branch offices under its classification now, is considering doing the same with about 30 more.

But Hare wants them all covered

by civil service. Unless managers are busy enough to be fulltime employees, the Commission does not want any part of Hare's plan.

Most leaders of both parties like it the way it is.

IT WON'T BE LONG. Members of the Michigan Christmas Tree Growers' association are making plans for their rush season.

Nearly 13,000 growers, many of them businessmen and professional workers, are raising Christmas trees this year.

Thirty million Christmas trees are planted each year by commercial growers. About seven million become saleable every winter. But only two million will likely be sold this December, the association said in reminding its members to prepare for Christmas shopping.

Men in Uniform

Pvt. Peter R. Fairfield, son of Mr. and Mrs. Frank E. Fairfield, 502 Novi street, graduated recently from Fort Leonard Wood's basic combat training course.

The course, which begins the army service of all enlisted personnel, teaches the fundamental rudiments of self-defense in battle, firing of .30 caliber M-1 rifle, knowledge of basic military subjects and physical conditioning.

Marine Acting Gunnery Sgt. William J. Richardson, son of Mrs. Clara Richardson of Novi road, Northville, is serving with Marine Attack Squadron 223, a unit of the Third Marine Aircraft Wing at the El Toro Marine Corps Air Station, Santa Ana, California.

The squadron returned August 30 from a six-day deployment and maneuver at the Marine Corps Base, Twentynine Palms, California.

Dennis J. Young, son of Mr. and Mrs. William Young of Chubb road, Northville, graduated from recruit training September 4 at the Naval Training Center, San Diego, California.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "new recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

The Ford Falcon, first of America's new-size cars, represents a "breakthrough" in automotive design that may materially alter the future of the automobile industry. The Falcon Fordor shown here is more than two feet shorter and three-quarters of a ton lighter than a standard 1959 Ford. Yet, the Falcon is a six-passenger car, with interior roominess approximating that of standard models. The Falcon will be introduced at Ford dealerships on October 8.

Roger Babson

World Supremacy via Gravity

New Boston, New Hampshire — When I was at Cape Canaveral, Florida in the spring I was convinced that the nation which first discovers a partial insulator for gravity can conquer the world.

Winning World War III

I have kept well acquainted with the progress which has been made along such lines in this country through the Gravity Research Foundation of New Boston, New Hampshire, but I am not familiar with the state of development abroad, especially in Denmark and Germany. In Copenhagen, where I have been invited to visit the Mayor of Copenhagen, is located the Bohr Institute. I therefore am leaving for Copenhagen on the 19th of this month via the Swedish American line.

Not only would a partial insulator of gravity add greatly to the safety of all airplane travel, but it would add greatly to the power, the range, and the guidance of missiles by which World War III will be fought. Hence, all nations are now desperately at work seeking to find a partial insulator of gravity.

Gravity Insulators Must Not Depend on Power

You may think that an elevator is an anti-gravity machine, but it is not. An elevator needs outside power with which to operate. Therefore, I eliminate all schemes to overcome gravity by any form of

electrical rays so long as they must be developed by an outside power which man must produce. If some natural power — such as magnetic rays from the skies, or possibly the sun's rays — could be used, these would be satisfactory for the harnessing of gravity.

An anti-gravity paint would be ideal. Now, while so many synthetic products (from antibiotic medicines to anti-flammable paints) are being made from petroleum, it seems possible that an anti-gravity coating will some day be developed from petroleum. The metallurgists are also carefully watching for some anti-gravity product. Personally, I feel that gravity will be harnessed feel that gravity with the sun's rays. I have recently returned from Phoenix, Arizona, where Walter T. Lucking, president of the Arizona Public Service company, has gathered together a group of men to harness the sun's rays.

Everyone Should Own Some Very Cheap Land

When a partial gravity insulator is some day discovered, there could be a great jump in the price of all vacant land, especially land in a semi-tropical region such as Florida, or in any of our southwestern states which have long days of sunshine. Persons buying such land should insist on very cheap acreage and

not buy land which might be desirable for possible later subdivision. For harnessing gravity — swamp land, mountain land, wood land, or even desert land could be equally valuable. Such land should be property that is no good for anything else and which now sells for a few dollars per acre.

School for Brides Sets Fall Session

The locally popular bride's school is back again.

Brides-to-be, recent brides and experienced homemakers still willing to snap up new ideas have been invited to attend the Tuesday night meetings September 15 - October 20 at 8 p.m. in the Coolidge Service center, 4600 Coolidge highway, Royal Oak.

Arranged by the Home Service department of Consumers Power company, this fall's program will cover: kitchen planning, laundry, informal entertaining, meal planning, marketing, flower arranging, table ware, casseroles, salads and holiday foods.

Interested persons are asked to call home economist Mariel Mortensen at GL-3-0700 or LI-9-5000.

For fast results try a Record classified ad. Phone FI-9-1700.

NOVI HIGHLIGHTS:

Novi Firemen Host Tri-County Meeting

By Mrs. Luther Rix — Fieldbrook 9-2428

The Tri-County Mutual Aid meeting was held last Thursday evening in the town hall. Guests of the Novi fire department were members of fire departments from Northville, Walled Lake, Farmington, Plymouth, Plymouth township, Salem, Detroit House of Correction, Livonia, Canton township, South Lyon, Commerce and Superior township. There were approximately 55 present to hear a speaker from the Michigan Bell Telephone company and enjoy a supper served by the wives of the firemen.

Mr. and Mrs. John K. Klaserner, Mr. and Mrs. William Klaserner and son Mark, and Mr. and Mrs. John A. Klaserner and children attended the wedding of Carolyn Fair and Michael Hammond, Jr. at the Holy Redeemer church in Detroit Saturday.

Mrs. Della Mathews is back at her home on 13 Mile road after being hospitalized in Ann Arbor.

Mr. and Mrs. Clare Lockwood were the guests of their daughter, Mrs. Ray Walters and family, at a steak fry Sunday in Waterford.

Monday, September 17 Mr. and Mrs. Luther Rix and Mr. and Mrs. Edward Rix and David of Plymouth attended a family gathering at the home of Mr. and Mrs. David O'Leary in New Hudson. The occasion was the 14th wedding anniversary of Mr. and Mrs. Edward Rix.

John Chapman, A03, of the USS Intrepid, aircraft carrier, is visiting his mother, Mrs. David MacGillivray, on a 22-day leave from his base at Virginia Beach, Virginia. Sunday all members of the family were present for dinner and to welcome John home.

Will Flint entered Palmer hospital in Grosse Pointe Monday where he will undergo an eye operation.

Rev. and Mrs. Ronald Button and daughter, Jo-Anne, of Davison visited Rev. Button's brother and sister-in-law, Mr. and Mrs. Russell Button on Sunday. Rev. Button and his family also attended church services at Novi Baptist church.

Last week end Mr. and Mrs. Russell Button and children vacationed at Lost Lake Woods lodge. While there their daughter, Rose Estelle, celebrated her fifth birthday.

Novi Baptist Church News
Next Sunday the annual communi-

ty (religion) census will be taken at church time. After services a potluck dinner will be served in the fellowship room of the church.

Wednesday night, Rev. Perry Templeton, Bible Meditation League of Owosso, will be present. He represents a group distributing literature to countries bordering on communist territory.

Novi Methodist Church

Regular choir practice will be held Wednesday night at 7:30.

Sunday school hour next Sunday will be at 11 a.m.

Preaching services as usual at 9:45 p.m.

Guest soloist last Sunday was Dirk Groenberger, accompanied on the organ by Mrs. Celia Sharpe. Mrs. Sharpe will be the regular organist from now on.

The morning teen class will study "How to be Young and Enjoy It".

The Methodist church will have a booth at the Novi birthday celebration. Donations of time or homemade cider, donuts or anything to sell, will be appreciated.

Novi Rebekahs

The first regular fall meeting of the Novi Rebekahs will be held today (Thursday). Degree team practice will be held after lodge.

The Independent club met at the hall last Wednesday and final plans of the September 16 bazaar and luncheon were made.

Because of the election donations for the booth, fishpond or rummage sale will be accepted at the regular lodge meeting today (instead of at the community building) or in the kitchen on the 15th. For information call Mrs. Branch at MA-4-1824.

Novi Chapter, Blue Star Mothers

Twelve mothers were present for the annual experience social luncheon at the home of Mrs. Andrew McCollum last Wednesday. They discussed plans for the bazaar and luncheon to be held in October.

Several Mothers volunteered to put on a party for the veterans in Ann Arbor hospital Thursday evening of this week. The Mothers who plan to go are: Mrs. Joe Gardella, Mrs. Fred Mandlik, Mrs. Ralph Walden, Mrs. Russell Race and Mrs. John Klaserner.

The Mothers plan to have a bake sale at the birthday celebration on Saturday. They will also serve cof-

fee, cake and pie. Mrs. A. McCollum will act as chairman. Several Mothers have volunteered their services.

Daisy Days are scheduled for September 18 and 19. Mrs. Fred Mandlik and Mrs. John Klaserner will have charge.

Wednesday morning at 10 a.m. an evaluation meeting of the blood bank was held in the court room of the village hall.

wash after wash after wash . . .

there's always plenty of hot water

the new electric water heater way

GET IT HOT . . . GET A LOT for load after load of the cleanest, whitest laundry ever.

And washday or any day, you can be confident that an electric water heater, plus Edison's Super Supply Plan, will provide hot water for all other family needs, too.

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Install anywhere—need not be near a chimney
- ☒ Long life—meet Edison's rigid standards
- ☒ Automatic—all the time
- ☒ Fast—new, more efficient heating units
- ☒ Outer shell—cool to the touch all over
- ☒ Edison maintains electrical parts without charge
- ☒ Safe—clean—quiet—modern

**eliminate winter
heating problems
BEFORE they begin**

Now's the time to aim for ideal home heating next winter—long before indoor comfort and well-being becomes of primary importance to your family—and long before the annual rush to ready-the-homes fires begins. Let's call it a good example of preventive maintenance!

You sign for a season's supply of Gulf Solar Heat (the world's finest heating oil) now, even though your thoughts are staid on outdoor comfort and enjoyment. But—you have taken the first and only step toward providing your family ample clean

heat—comfort indoors, and YOU CAN'T MISS enjoying the finest automatic heat possible whenever winter strikes.

Arrange to sign a Gulf Solar Heat Contract with us today—your family will be glad you did!

New Library Hours

Public library hours for the school term were announced this week by Head Librarian Mrs. Rhea Wilcox.

The library will be open Monday through Thursday, 11:30 a.m. to 8 p.m., and Saturday 10 a.m. to 5 p.m. It will be closed Fridays. This week only, the library will close from 5-6 p.m. Next week it will be open continuously during the above hours.

'Bit of Ireland' in Northville

Guest at the E. C. Welch residence, 222 South Wing, over the Labor Day holiday week end was Henry McNeeley of Belfast, Ireland, whose sister Rosemary is an exchange student residing for the year with the Welches.

Henry has been employed during the summer in Toronto, Canada and will now return to Queens university in Belfast where he will complete his senior year in civil engineering.

FUN AND PRIZES — The board of commerce committee for Saturday's village anniversary celebration promises plenty of fun and prizes for everyone. The event, scheduled for the community school grounds, will include dancing and games, an appearance by Sagebrush Shorty, a parachute jump, refreshments, rides, etc. Shown with three of the prizes to be awarded are: (l. to r.) Charles Wallace, Herb Dryer, Leo Harrawood, Dicon Tafralian and John Eskro.

READERS SPEAK:

City Status Answer To Novi's Trouble

To the Editor:

Shortly before the Village of Novi began operating, on October 9, 1958, the Township admitted it was "broke". They had no funds to pay the police department or the fire department. Their one police car was broken down, and the police department was functioning by virtue of the Chief using his own car without compensation. The road budget was completely used up, and the county refused to give further service.

Since the village took over, it has been paying all of the maintenance costs for the township, including the heat, light, telephone, janitorial service, repairs, grounds upkeep, etc. The village has paid all of the expense of operating the fire department, including service on a contract with Wixom on which the township has pocketed a \$3,000 annual fee.

The township justifies its exaction by virtue of holding title to the building and fire equipment; and to ensure continuance of their strangle hold, they recently refused to honor a legal petition to place the question of transfer of the equipment on the ballot.

City status would automatically correct these conditions. It would also eliminate some \$12,000 a year in salaries.

One contributor to the public letter box apologizes for his announced intention of voting "no", and admits that his conclusions are based

on hearsay, not facts. Another seeks to prove something by contumacious reference to "politicians", and by resurrecting Ulysses from mythology, while ignoring Archimedes, who was real and could add. The Michigan Municipal League, an unbiased and authoritative organization, states that there is everything to be gained and nothing to be lost by becoming a city. By some strange paradox, the most vocal advocate of city status are not those who might be expected to achieve any exceptional benefits for themselves; and conversely, those who are opposed would seem to be ignoring both their own best interests and the general welfare of the community.

D. H. Groenberg
