

BACKYARD ITALY — Nick Defina of Northville is a long way from his native Italy, but he needs only to look to his backyard to get a glimpse of the European country in an 8-foot fig tree growing there.

Puzzled Birds Stay Clear Of His Backyard Fig Trees

There's no doubt about it — those puzzled birds and bugs flying about Northville have just visited Nick Defina's backyard.

They flew into the yard at 311 Yerkes avenue for lunch, looked over the unusual menu, and then left without ordering.

"I guess they never saw a fig tree," Defina explained this week, "cause none of them ever bother to eat the leaves or fruit."

Defina started growing his fig tree 10 years ago in a planter inside his house. Today it stands about eight feet high in his yard beside three 8-foot fig trees.

The original tree was not much more than a foot tall when a Detroit friend gave it to him as a gift. Defina accepted with pleasure this opportunity to bring a little of his native Italy into his home.

With the skill of an Italian fruit farmer, Defina pruned, trained the little tree until, after two years, its branches crowded the corner of the room.

Then Defina transplanted the tree in his backyard where, in the unfamiliar Michigan climate, even more care was required. Care of the tree during the winter presented the greatest problem. But he licked it.

Each fall about October, Defina ties the branches close to the trunk, bends over as much of the tree as possible without breaking it, and then covers it with boards and dirt.

The dirt and boards protect the delicate branches from the rigors of Michigan's winter.

In the spring when the snow has disappeared, Defina digs up the tree, removes the branch trusses, and props up the curved trunk.

Unlike other fruit trees, Defina explained, the fig tree does not produce blossoms. The fig grows out of the stem near the base of the large, soft green leaves.

The fruit itself is tear shaped, about the size and color of a blue plum when ripe. The meat of the fig resembles the inside of a strawberry. It is very rich — but does not taste much like the dry fruit.

This year the tree produced more than a bushel of fruit — by its greatest yield.

But Defina doesn't believe raising fig trees in Michigan would be profitable. "It's a good hobby, but too much work," he said. Nevertheless, he has plans of building a greenhouse around his trees next year. Then maybe he'll start selling fresh figs, he hinted.

Pay Raises in Store For All City Employees

Councilmen are expected to approve pay increases for all city employees at the next meeting of the body Monday night.

The increase has been under consideration since the 1959-60 budget was drawn in July but no definite recommendations have been made to date. Privately, however, councilmen have admitted that they favor raises for all employees.

In other business Monday night the council will also consider action on two privately-owned parking lots in the business district. The lots — located at Main and Center street and Dunlap and Center street — have been "rented" by the city for the taxes. The council has indicated that it feels the property too valuable for this use and that so long as the city continues its tax-free arrangement with the owners there remains no incentive to sell or develop the land commercially.

The council has noted that the meters in the Main-Center street lot produce little revenue and that the lot gets its greatest use in the evening after metered-parking is not enforced.

The owners will be notified of the city's new position soon so that the change may be made by December first.

Finally, the council will study its new sidewalk ordinance and also hold a public hearing on the uniform traffic ordinance.

St. John's Seminary To Hold Open House

Residents of the Northville-Plymouth area have been invited to attend an open house at St. John's Seminary, Five Mile and Sheldon roads, Sunday, October 11.

Father Edward Hogan, rector of the seminary, announced that seminarians will escort visitors through the spacious building between one and five o'clock in the afternoon.

The seminary has private rooms for 200 students plus classrooms, a gymnasium and a large chapel. At present St. John's has 493 seminarians, all priests of the Michigan Diocese receiving their last four years of training.

Teen Dances Start

Weekly dancing for teenagers starts again Saturday at the Northville American Legion post after a break during the summer.

Co-sponsored by Legion Post 147 and the Northville Navy Recruiting Station, the dances are held at the hall between 2 to 5 every Saturday. All area teenagers are invited.

Trailer Violations Again Cited On Northville's Gerald Avenue

Northville township and Wayne county health authorities resumed a familiar chore last week as notices of violations of the state trailer and housing laws, as well as the building code, were served on residents of the Gerald avenue area.

The procedure was not new. Authorities did the same thing two years ago.

Sanitarian I. J. Adelson of the Wayne county health department stated that he had ordered R. J. Gravelle and William Hukill to appear in court because they have three occupied trailers on their lots. Under state law only two are permitted outside a trailer park. Township ordinance does not permit trailer occupancy beyond six months but this ordinance has not been tested.

Building Inspector Wilbert Petz issued a stop-work order to Hershall Caudle, where two dwellings had been constructed on his lot and a third underway without obtaining a building permit.

Township Supervisor George Clark pointed out that none of the dwellings conformed with the township building code. In addition Caudle already had a dwelling on the lot before constructing three others. Clark said Tuesday it appeared that two more buildings had been moved onto the Caudle lot — possibly to be used as dwellings.

Sanitarian Adelson left notices at the two occupied dwellings on the Caudle lot calling for them to be vacated because they did not conform with the state housing law.

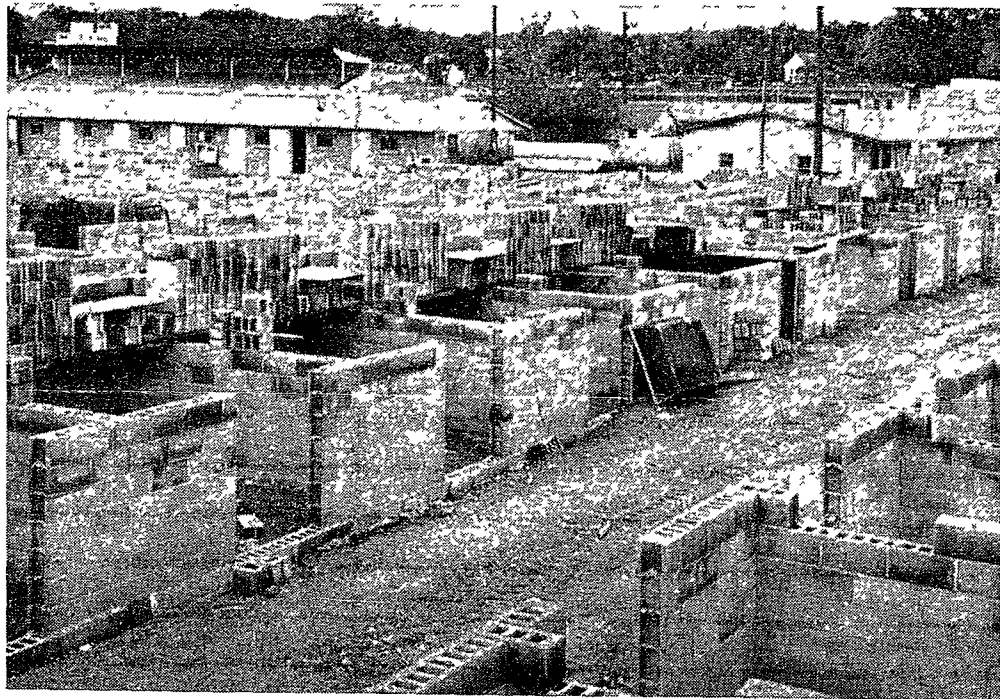

Supervisor Clark said the township would make a determined effort to "clean up" the Gerald avenue conditions that are in violation of health and building standards. He pointed out that not all of the residents were violators.

"These residents should conform with the same regulations that govern others in the township. We would

not allow any resident to build without a permit and inspections," Clark stated.

The township board, Clark said, will look to the residents of the Gerald

avenue area, as well as the community of Northville, to cooperate in bringing about a solution to a problem "dangerous to the health and welfare of our community."

WORK PROGRESSING — Foundations for 10 new barns at Northville Downs' track site have been installed as the first stage of a proposed five-year \$2 million improvement program. Some 300 stalls will be built to replace old stalls torn down. The new structures will be block construction. In addition the track has been widened by 10 feet and new rails and lights will be installed. Work also began this week on installation of a greenbelt along River street in accordance with an agreement between the city and the Downs when some 2½ acres were purchased by the Downs for parking and new access to the track.

Prepare for Annual Torch Drive

Final plans are underway for Northville's third annual United Foundation Torch Drive which begins in two weeks.

The 11-day "Give Once for All" drive will be held October 13-20. A tri-county collection goal of \$17,650,000 has been set for Wayne, Oakland and Macomb counties. Donations add close to 200 agencies in the Detroit area.

Backbone of the campaign is the house-to-house collection, this year headed by Mrs. William Canfield. More than 100 women under her will solicit local homes.

As residential drive division chairman, Mrs. Canfield is assisted by Mrs. O. F. Reng.

Another three "area chairmen" will be in charge of Northville's 11 residential districts. They are: Mrs. William F. Kleinsorge, Mrs. Robert Shafer and Mrs. Marshall Huff. Assisting them are 11 district chairmen.

Working with Mrs. Kleinsorge are Mrs. Clayton Peckers, Mrs. Lewis Alexander, Mrs. William Milne, Mrs. John Swain, Mrs. Wayne McBride, Mrs. L. M. Eaton, Mrs. George Kohs, Mrs. Nola Earhart, Mrs. Clyde Ferguson, Mrs. Allen Peterson and Mrs. Richard Ambler.

Assisting Mrs. Shafer in Northville township are Mrs. Ray Gregerson, Mrs. John Gibson and Mrs. Jan Bosch.

Alton Peters is in charge of local business solicitation. City Manager John Robertson heads the "city" collection. A. Russell Clarke is select prospects chairman for the Northville-Livonia area. Jack Van Haren heads the school collection.

The United Foundation supports 195 agencies in the metropolitan area.

Through the western Wayne county United Community Services, Northville boy and girl scouts receive indirect financial aid.

Northville King's Daughters and the Northville Recreation committee receive direct aid which last year totaled \$700.

The first year of the drive, 1957, Northville topped its goal by collecting \$5,950.

Last year contributions totaled more than \$4,500.

They Heard It --- But What?

If you hear neighbors scream, "the sky's falling," don't laugh.

At least it's an explanation for the mysterious explosions heard in this area last Friday afternoon and again Tuesday morning.

Police in Northville, Novi, Farmington and Plymouth reported hearing the explosions which shook hundreds of buildings in the area. Investigations led no where, although police theorize that the explosions were "sonic booms" caused by jets breaking the sound barrier.

But from State Police at the Redford post comes the report that air force officials either know nothing about the explosions or are "keeping something secret".

Set October 12 Date For City-Subdivider Suit

A hearing on whether Northville was justified in refusing to issue building permits on two lots in Northville Heights subdivision has been set for October 12.

The date was set Monday by Oakland County Circuit Judge William Beer after hearing statements from City Attorney Philip Ogilvie and attorneys for the developers.

The two lots, approved as part of the subdivision plat, have since been found to be under the minimum 7,500 square feet. One lot measures 6,800 and the other 7,050 square feet.

Congresswoman Griffiths Hits Pentagon Spending

Congresswoman Martha S. Griffiths left little doubt in the minds of Northville Rotarians and Exchange club members as to her opinion of brass in the Pentagon.

"The biggest waste of money in our nation is not having trained purchasers in our defense department," she snapped.

Speaking before a joint meeting hosted by the Rotary club Tuesday noon, Congresswoman Griffiths grew intense as she slipped into what must certainly be her favorite subject.

The meeting opened after an introduction by Nelson Schrader with the suggestion that the congresswoman answer questions instead of making a formal talk.

Mrs. Griffiths spoke frankly and plainly on the Landrum-Griffin labor bill, the steel strike and the problem of automation, Pentagon spending and urban-renewal.

It didn't take a question to get her started on defense spending, however. She astonished her audience of businessmen by claiming that competitive bidding for Air Force contracts could lower the cost of purchases by 90 percent.

"Sometime ago I stated that some \$11 billion in defense contracts could have been reduced

by \$5 billion with competitive bids," Congresswoman Griffiths stated. "After I made this statement, informed sources called me to say I had underestimated — that actually some \$7 billions in

savings could be made," she exclaimed.

In attacking the practice of negotiated prices in the Pentagon Mrs. Griffiths said that the officers responsible for negotiating the pur-

chases did not know what they were buying. She cited examples of competitive bids on specific items being purchased by the defense department coming in at 90 percent less than the price being paid.

She said that one firm started with a \$6,000 investment and within two years made \$2 million and owned a \$20 million laboratory which will not be sold back to the government.

She pointed out that defense spending and the interest on the national debt (now at \$8 billion annually) were the two biggest items in our budget.

Mrs. Griffiths described the labor bill passage as "creating the greatest tension of any bill ever passed in my experience in congress". She said crowds filled the galleries two hours before the sessions opened and that many congressmen received "threatening" letters, but that she had received few. "I probably received more mail than any other member of congress on the labor bill, but it was sensible and serious", she said.

Mrs. Griffiths said she decided at the outset to support whichever labor bill came out of committee. She said that many Democrats and Republicans who supported the bill believed that it might bring an end to their terms in office. Pointing out that she believed the bill was adequate, she predicted that it

would "be enforced in about the same proportion as the moral courage of the American people."

Coincidentally, arrangements to have Democratic Congresswoman Griffiths appear Tuesday were made by T. R. Carrington, often referred to as "Mr. Republican" of Northville.

Calendar

Thursday, October 1
Great Books Study group, Northville Library, 8 p.m.

Friday, October 2
Woman's club opening luncheon, Farmington country club, Hagerty and 12 Mile roads.

Monday, October 6
OLV Mothers' club, church social hall, 8 p.m.

King's Daughters potluck luncheon, home of Mrs. W. B. Walker, 3990 East Eight Mile, 12:30.

Monday, October 12
Northville Mothers' club, home of Mrs. Frank Paul.

Tuesday, October 13
Torch Drive begins.

Congresswoman Martha Griffiths was the speaker at the annual Northville Rotary-Exchange luncheon Tuesday at the First Presbyterian church. She is shown above with (l. to r.) Nelson Schrader, Dr. Walker Belasco, Dempsey Ebert, Rev. John O. Taxis and John Miller. Schrader introduced Mrs. Griffiths. Belasco heads the local Rotary club, while Ebert is president of the Exchange club.

Will School Inherit Recreation Set-Up?

City and township officials of Northville have finally come face-to-face with a situation that may trigger a change in the community recreation program.

Tuesday night the township board will hear the story revealed last week before city council members by Recreation Director Stan Johnston.

The recreation department is broke and needs \$1,500 to complete its winter and spring program. Johnston is asking the city and township for an additional \$500 each and expects to raise the other \$500 by staging a benefit dance.

Unusually heavy participation — which saw 15,000 take part in events — was responsible for the squeeze.

There is strong indication from both the city and township that officials believe the recreation program should be under the school system.

The recommendation is not new. It was made in an extensive report prepared by a community study group in January, 1957.

Neither the city or township boast budgets that can easily fork over \$500. Yet, both bodies are likely to agree that the community recreation program has an excellent record and is a definite necessity.

On this basis the recreation department will probably get its money.

But it may be the last that the city and township take from their respective budgets for the program.

The officials will have many supporters on their side when (and if) they decide to recommend school supervision of recreation. Among these will be Director Johnston.

This plan is not new. It is practiced in many communities, including Plymouth and Livonia.

One strong point in favor of school control is the fact that the program would then be broadened to include adult education classes.

Many believe that Northville is now ready for such an adult program. In Plymouth and Livonia the adult education classes are self-sustaining.

Beyond this, Director Stan Johnston points out that more use could be made of school recreation facilities to give children not participating in inter-scholastic teams an opportunity to gain this valuable experience.

The biggest single expense of conducting a recreation program is the salaries for the director and supervisors. Of the \$9,600 budget now in effect \$7,500 goes for salaries (Johnston draws \$2,700).

Under a complete school-sponsored program a full time director at a higher salary would be needed. But the director would be a part of the school system.

In its 1957 report the community study committee had this to say about the possibility of school supervision of the recreation program:

"First of all, even considered as a joint city and township program, it is difficult to determine the equities involved and the extent to which each should contribute. It should be stated at this point that although the school board has not directly contributed funds in recent years, it has contributed and is continuing to contribute much in the way of facilities and other assistance to the program.

"However, there is the problem previously mentioned of the benefits extending to areas outside the city and the township. Unless some special agency were created to act for all of the areas benefiting, it would appear that the most practical solution from the standpoint of matching benefit and burden would be for the school board to assume responsibility for the financing and administration of the program.

"This, of course, is based on the fact that the school district and the area served by the recreation program are roughly the same. It is, of course, recognized that this would involve financial and other problems.

"However, as our community increases in population, the cost of an adequate recreation program will continue to increase during the coming years.

"It is consequently believed that some thought and attention should be directed toward a device whereby the program can be directed and financed in a manner most equitable to all those receiving the benefits of the program."

Novi Young Door Plant Sold to Midget Movies Firm

Young Door plant facilities, located at 45240 Grand River, have been sold to the Michigan Midget Movies of Detroit, Young Door President Robert Young revealed this week.

The new Novi company will assemble and prepare for distribution "kiddy rides and coin operated machines", Young said. J. Auton is the president of the firm.

Although Young did not reveal when the new company will take over the plant, he said his own company will cease operation in Novi on October 23. Presumably Michigan Midget Movies will begin operation in Novi shortly thereafter.

The sale of the plant brings to an end months of negotiations since Young first announced last April that his firm would move to Plymouth, Indiana.

Earlier negotiations with a firm

engaged in punch press work, roll forming and electric molding were scrapped shortly after the village planning board insisted that the buyer comply with recommendations by the State Water Resources commission for disposal of waste materials.

The Resources commission subsequently approved the company's disposal plan. The name of this firm was not revealed.

Young has said the move of his company to Indiana is being made to give it a "better geographic location for distribution."

Young Door moved to Novi in 1950 from Walled Lake. It manufactures hollow and solid core doors for residential and commercial use.

The plant itself occupies 30,000 square feet.

Myrna Boyer, Delano Skow Wed In Galilean Baptist Church Service

Mr. and Mrs. Delano D. Skow

Myrna Ann Boyer, daughter of Mrs. Florence Boyer of Detroit and the late Philip Boyer, and Delano Dwight Skow, son of Mr. and Mrs. Alvin P. Skow of Horton street, were married September 4 at Galilean Baptist church. The Rev. Herbert Noe performed the evening service.

The church was decorated with gladioli, chrysanthemums and palms. The Rev. and Mrs. Richard Burgess sang "Saviour Like a Shepherd Lead Us" and "The Wedding Hymn".

The bride, given in marriage by her brother, John Philip Boyer, wore a gown of chantilly lace over net with wrist point sleeves. Its portrait neckline was trimmed with beaded pearls and sequins. Her fingertip veil fell from a crown of beaded pearls and sequins, and she carried a white Bible with a white orchid and Stephanotis.

Barbara Bullock was maid of honor. Bridesmaids were Joni Pyle and Rita Kay Skow.

All the bride's attendants wore lavender street length chiffon dresses with dark purple cummerbunds. Their flowers were yellow fugi mums and streamers of ivy.

The groom chose Roger Rathburn for his best man. Ushers were Roger Nieuwkoop, Jerry Schulte, Michael Huard and James Malloy.

For her daughter's wedding Mrs. Boyer selected a beige lace dress and matching accessories.

Mrs. Skow chose an aqua-blue dress with matching accessories.

A reception was held in the basement of the church with some 100 guests attending from Northville, Detroit, Plymouth, Dearborn, Ferndale, Livonia and Iowa.

For traveling the bride donned a dark blue sheath dress and matching accessories. The newlyweds left for a honeymoon in Cleveland, Ohio and Niagara Falls.

The bride is a graduate of Redford high school. The groom graduated from Northville high. They are making their home at 18494 Winstan, Detroit.

Mr. and Mrs. Edwin W. Lee of Walled Lake were witnesses.

After a small reception the new Mr. and Mrs. Baber left on a southern honeymoon.

Married Thursday
Mr. and Mrs. Max Butterfield of New Hudson announce the marriage of their daughter, Lenore Maxine, to Pvt. Peter Robert Fairfield, son of Mr. and Mrs. Frank Fairfield of Northville, on September 17 in Pontiac.

The couple will make their home at Fort Ord, California.

Plan Rummage-Bake Sale
The Vivians club of the Farmington Elks began fall activities with plans for a rummage and bake sale to be held October 23 from 8:30 to 4 p.m. For more information call Mrs. Kenneth Johnson at FI-9-0567.

NICE TO GET TOGETHER say Mrs. W. E. McCarthy, Mrs. Robert Niemi and Mrs. James Cowie.

Eastern Star Chapter To Celebrate Birthday

Orient Chapter No. 77, Order of the Eastern Star, will celebrate its 68th anniversary on Friday, October 20.

A dinner will be served at the Northville Masonic Temple at 6:30 p.m. and the degrees will be exemplified by the Past Matrons and Past Patrons.

Besides the Past Matrons and Past Patrons, life and honorary members will be honored.

OLV Mothers' Club Meets Next Tuesday

The monthly meeting of Our Lady of Victory Mothers' club will be held Tuesday evening, October 6 in the church social hall at 8 p.m.

The weekly workshop for "Holiday House" will follow the meeting.

Hostesses for this month will be Mrs. Roland Roux, chairman; Mrs. Beatrice Plamondon, Mrs. Robert Pohlman, Mrs. G. C. Prough, Mrs. Robert Rahaley, Mrs. Otto Regentuk, Mrs. Dale Richmond and Mrs. Donald Richmond.

Speak Vows In Wixom Church

On Wednesday, September 23 Joyce Posey and Donald Renard were united in marriage by the Rev. Edmund Caes at the Wixom Baptist church.

Lois Tuck was maid of honor and Hillard Posey was best man.

The bride's gown was of ballerina-length lace. She wore a fingertip veil with a crystal crown.

The maid of honor wore a navy blue cuponi.

The bride's bouquet was of white carnations while the maid of honor carried pink carnations.

The reception was held at the home of the bride on Loon Lake road.

For going away the bride wore a navy lace suit.

The newlyweds will make their home in Norfolk, Virginia where the groom is stationed with the U.S. Navy.

THE NORTHVILLE RECORD—Thursday, October 1, 1959—3

Record Crowd Tours Senior High School At P-TA Open House Thursday

Close to 1,000 local residents took a look at the new Northville high school at the annual P-TA open house last Thursday night.

Although the event was held chiefly for P-TA members and prospective members, the tour of the \$2½ million dollar campus drew several visitors who have no children in school.

The number of guests topped even the expected "record crowd" of 600.

As guests assembled in the auditorium before opening remarks, they were entertained by the Northville concert band under the direction of Leslie Lee.

P-TA President Mrs. Crispin Hammond welcomed visitors. Principal E. V. Ellison then outlined highlights in the planning and construction of the school.

Later, the entire high school staff

welcomed persons as they toured the building. In some cases faculty members who had been consulted in the design of their rooms explained the arrangement to visitors.

Demonstrations of classroom facilities were also given by teachers and students during the tour.

Refreshments were served all evening in the cafeteria.

King's Daughters Potluck Next Tuesday Afternoon

Northville King's Daughters will combine a potluck luncheon with a business meeting next Tuesday, October 6, 12:30 p.m. in the home of Mrs. William B. Walker, 39900 East Eight Mile road.

Members are asked to bring their own table service and passing dish.

Newcomer's Corner

"I look upon every day to be lost,
in which I do not make a new acquaintance."

—Samuel Johnson

THE THOMAS McDONOUGHs (left to right): Mike, Nancy, Holly, Letty, Marty and Tim. Standing are Mr. and Mrs. McDonough and daughter, Karie.

Northville is a fine place to settle down say August newcomers Tom and Helene McDonough and their seven children, Mike, 10; Nancy, 8; Holly, 7; Letty, 5; Marty, 3; Tim, 2, and Karen 1.

The McDonoughs moved to Northville from Plymouth where they had made their home for the past year. They are originally from Redding, Pennsylvania.

"We've moved around quite a bit in the past few years," says Mrs. McDonough, "now we're ready to find our roots. We thought Northville was such a lovely spot to settle."

Mr. McDonough works for Food Associates of Michigan, a food brokerage in Detroit. Four of the children are in school. Mike is a fifth grader at Amerman

school. Nancy is in third grade, Holly in second and Letty started kindergarten this fall.

In their leisure Mr. and Mrs. McDonough enjoy music and bridge.

The four school-agers get a kick out of chattering Spanish, which Nancy learns in school and teaches to her brothers and sisters.

The McDonoughs, who live in Northville Estates, are members of Our Lady of Victory church.

Births

A daughter, Paula Sue, was born September 18 at Plymouth General hospital, Livonia, to Bettie and Paul Lemon of East Main street. The Lemons also have a daughter, Bonnie Lou. Grandparents are Mr. and Mrs. John Lemon of South Rogers street and Mr. and Mrs. Arthur Fogette of Walled Lake.

Married September 24

Doris Juanita Ostrander and Charles G. Yesalones, Jr., both of Detroit, were united in marriage by Justice Bogart Thursday evening, September 24. Mrs. E. M. Bogart and Mrs. R. E. Bogart were the attending witnesses.

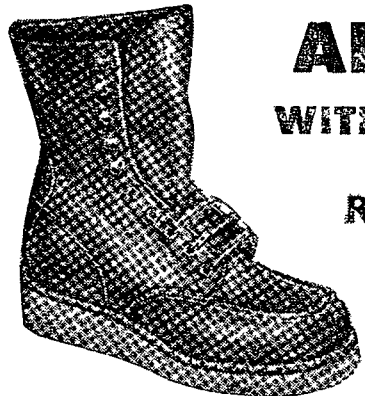

Mr. and Mrs. Jack Boyd of Baseline road announce the birth of a daughter, Jill Marie, on September 10 at Annapolis hospital, Wayne. Little Jill weighed six pounds, one-half ounce. The Boyds have another daughter and son.

Goodwill Pickup Tuesday

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Tuesday.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries pick-up trucks to Northville Goodwill representative, Men's club, Maybury sanatorium, FI-9-2682.

2-FOR SALE - Real Estate

MR. K.:

Know you like farms so why not stay over on this nice 40 A. on Garfield Rd. Really tell the folks back home how soft just ordinary farmers live with all the city folks conveniences. Also Mr. K., if you want to get away from that Wall St. crowd, better drop in on this low-priced home on W. 7 Mile Rd. on a nice sunny acre. And Mr. K., if some of your workers could just have this dirt cheap home on Linden St. they wouldn't even want to go to Russian heaven. But Mr. K., you and we Americans DO have one thing in common. We both like to shoot the — hot air. But I think that most of the time, folks here believe us both just about the same when we are shooting it. One thing certain, Mr. K., YOU found one thing that was FREE here and that was speech — and you sure got a bargain. Bon voyage. D. J. Stark, Realtor

P.S. Mr. K., I would break down and sell any of my listings to someone else, so better hurry.

BY OWNER

Donald B. Severance,
Attorney
392 Fairbrook Court
Northville, Mich.

STATE OF MICHIGAN
County of Wayne,
ss. 478,026

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Eighth day of September, in the year one thousand and nine hundred and fifty-nine.

Present Ira G. Kaufman, Judge of Probate.

In the Matter of the Estate of RAY D. HARRISON, SR., also known as RAYMOND D. HARRISON, Deceased.

The petition of Charles L. Harrison having been heretofore filed in this Court praying that administration of said estate be granted to himself or some other suitable person:

It is ordered, That the Twentieth day of October, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Ira G. Kaufman,
Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated September 8, 1959
John D. McAlpin,
Deputy Probate Register

STATE OF MICHIGAN
THE PROBATE COURT FOR THE
COUNTY OF WAYNE
No. 477,157

In the Matter of the Estate of MYRTLE S. WALDECKER, formerly MYRTLE SUSANNA LEFFLER, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon PHILIP R. OGILVIE, Executor of said estate, at 113 North Center, Northville, Michigan on or before the 7th day of December, A.D., 1959, and that such claims will be heard by said court, before Judge JOSEPH A. MURPHY in Court Room 1309, City County Building in the City of Detroit, in said County, on the 7th day of December, A.D., 1959, at two o'clock in the afternoon.

Dated September 28, 1959
JOSEPH A. MURPHY,
Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated September 28, 1959
ALLEN R. EDISON,
Deputy Probate Register

Published in Northville Record once each week for three weeks successively, within thirty days from the date hereof.

Hold Open House At Crafts Workshop

Some 30 residents attended the open house at the Edgerton crafts studio last week.

Instructors, Mrs. Kate Edgerton and daughter Linda Kate showed guests around the studio at their Randolph street home where they teach ceramics, mosaics, enameling, weaving and jewelry making.

Student work was also exhibited.

Obituary

MRS. ANNA E. STRAUBEL

Mrs. Anna E. Straubel, 17140 Winthrop, Detroit, known to many Northville residents as a member of the First Baptist church here, passed away suddenly September 26 at Mt. Carmel Mercy hospital.

Mrs. Straubel was born in Ohio April 2, 1893, the daughter of Peter and Barbara (Winkler) Funk. She leaves her husband, Charles, and daughter, Mrs. Rose Klocke of Northville. The Rev. Peter F. Nieuwkoop of the Northville First Baptist church conducted last rites September 29. Burial was in North Farmington cemetery.

Eater Beater TOPS Register Members

There is still time to get on the bandwagon for a slimmer figure.

Northville Eater Beaters TOPS club announced this week that openings are available to new members.

Since its founding last winter, the club has banished 1,000 collective pounds of fat.

Meetings are held every Monday night at Amerman school.

The weekly program starts off with a weigh-in. Evening activities of exercise or entertainment follow. Members losing the most weight in each group win prizes each week.

Smoke Damage

Northville firemen answered a fire call at a Homer road residence early Sunday morning.

The Johnstone home filled with smoke due to a faulty oil furnace shortly after 5 a.m. Only smoke damage was reported.

ALUMNAE TO HOLD MEETING

The Madonna college alumnae association will hold its annual meeting at the college in Livonia Sunday, October 4.

It's A Girl For The Wills

An announcement heralding the birth of a baby girl to Mr. and Mrs. Jerre R. Wills in Alaska was received by The Record last week.

The new addition to the Wills family is Cindy Lynn Wills, born September 12. That makes four daughters — the oldest only four.

In her letter Mrs. Wills — who only recently passed her 21st birthday — said her husband learned of the baby's birth by radio. The baby was born at Seward. The Wills' homestead is located at Kaslof on the lonely Kenai peninsula.

The Wills moved from their home here early this year with the now famous "Fifty Niners" caravan.

Northville High Students On Junior Town Meet

WJR radio's Junior Town Meeting of the Air came to Northville high school Wednesday morning.

A tape recording was made of the students' discussion and will be broadcast this Saturday at 7:30 p.m.

Great Books Study Group Meets in Library Tonight

The Great Books discussion group will meet this evening at 8 o'clock in the Northville library.

The reading to be discussed is Sophocles' "Oedipus Rex" and "Oedipus at Colonus".

MASONS HONORED — Five 40-year and two 50-year members of Northville Lodge 186 F&AM were honored at a special dinner Monday night at the local Masonic Temple. Above, Ray Van Valkenburg—himself a 56-year member — presents Albert Hackett with his 50-year pin, while Robert Coolman makes the same award to T. R. Carrington. Stanley Smith, at far right, looks on. Below, Frank Dunsford (far right) congratulates the 40-year members who were awarded lifetime memberships. The five are: (left to right) Horace Boyden, Otis Tewksbury, Sr., Alex Strachan, E. M. Bogart and Charles Freydl, Sr.

Come & Get Em!

The Presbyterian men's club will continue its traditional pancake supper preceding Northville's annual homecoming game this year, Friday, October 9.

The dinner will be held at the church house from five until seven p.m. with pancakes and sausages being served in "all-you-can-eat" portions.

Chairman of the dinner is Ed Langtry, while Philip Ogilvie is in charge of ticket sales.

Local Extension Club Begins New Season

Casserole cookery highlighted the first meeting of the year Monday of Northville's extension club.

Colorful and delicious casseroles prepared by Project Leaders Mrs. William Hensch, president; Mrs. Edward Mollema and Mrs. John Ling, at the home of the hostess, Mrs. Clifford Sinden.

Several guests attended the evening luncheon including Mrs. Stanley Travis, district representative, of Plymouth, who installed new officers of the club.

Miss Ruth Knapp of Orchard drive attended the Lansing convention of the Michigan Tuberculosis Society recently. Mrs. G. Mennen Williams, guest speaker, showed slides of her recent around-the-world tour for the World Health organization.

Oh Where, Oh Where?

A search is underway for two "missing" Northville high school graduates.

The two graduates, Bud Porter and Patricia Haley, are the only two of the 65 graduates of the Class of 1950 who have not been contacted about next year's class reunion.

Members of the class have searched most of the corners in Northville and neighboring towns but haven't come up with any clues.

Anyone who may have some information leading to the discovery of the pair is asked to call either Florence Bundoff, MA-4-1790, or Lillian Cicirelli, FI-9-3106.

BIRTH

Mr. and Mrs. Richard Lane of Yerkes street announce the birth of a son, Roland Richard, on September 26 at Mt. Carmel Mercy hospital. The baby weighed seven pounds, five ounces. Mrs. Lane is the former Eileen Schoch. Grandparents are Mr. and Mrs. Otto Schoch of Northville and Mr. and Mrs. Guy Lane of Wayne.

Mr. and Mrs. Robert Schoch of Ypsilanti are parents of a son, Robert Karl, born August 13 at Beyer Memorial hospital, Ypsilanti. The baby weighed seven pounds, two ounces. Grandparents are Mr. and Mrs. Otto Schoch of Northville and Mr. and Mrs. Thomas Michael of Oak Park.

Mr. and Mrs. Murray Lucas of Wing court announce the birth of a seven pound, 13 ounce daughter, Barbara Ellen, at Mt. Carmel Mercy hospital September 29.

NEWS AROUND NORTHVILLE

Mrs. W. A. Ely of Linden street spent the past month visiting relatives, Mr. and Mrs. Preston C. Brady in Glen Cove, Long Island. While there she attended the wedding of her grandson, Donn S. Brady of Glen Cove and Julie McKenzie of Madison, New Jersey. The wedding took place in New York.

Mrs. D. H. Van Hove of Griswold street recently spent a week in Glen Cove, Long Island, the guest of Mr. and Mrs. Preston C. Brady, and attended the Brady-McKenzie wedding in New York.

Mr. and Mrs. James Spagnuolo of East Main street, accompanied by Mrs. Spagnuolo's sister, Mrs. C. Lemieux of Stoney Pt., Ontario, attended the funeral of Mrs. Spagnuolo's uncle, David Trombley, today in Mt. Clemens.

Mr. and Mrs. Wallace Westerville of West Nine Mile road left this week for Black Lake. While staying at the Leland Smith cottage there the Westervilles plan to get in a little bow and arrow hunting. On their vacation they will also celebrate their 31st wedding anniversary October 6.

Several members of Northville high school class of '54 attended a reunion party last week at the home of the Ed Welches.

Elect Couse Accountant

Robert L. Yeip of the Walter L. Couse company has been re-elected team captain of the Detroit chapter of the National Association of Accountants.

The Couse company recently completed construction of the Northville high school and is also building in this area the St. Mary hospital and new Wonderland shopping center.

Sales Were Good on Sidewalks!

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 — Thursday, October 1, 1959—9

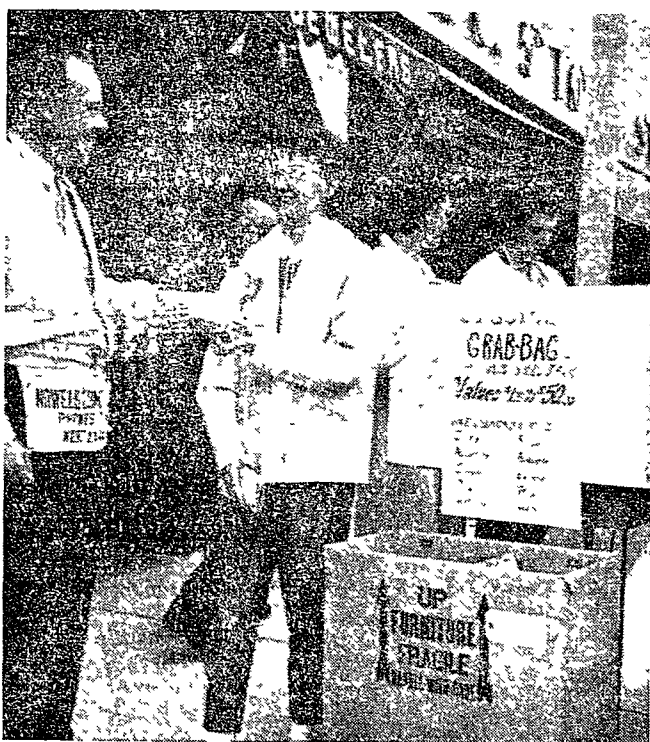

ONE THOUSAND loaves of bread at five cent each were sold as a special bargain of the Retail Merchants association. Customers flocked to grab up the values offered at the merchants' table each hour.

"BIGGEST party value in town" is how D & C advertised their specials — and they had the goods to prove it!

Luckiest customer to patronize Tewksbury Jewelers' "grab bag" was Joan Norton of Wixom who bought a diamond ring for 96c. She's shown at right with Owner Otis Tewksbury.

TABLES lined the sidewalks (below) throughout the business district. This line-up of values was at Stone's Gamble store. Schrader's Home Furnishings covered their sidewalks with carpeting — all of which was sold within the first few minutes of the sale.

CURB SERVICE — Ray Doeksen of Northville gets an assist from Charles Freydl, Jr. as he tries on a sport coat at Freydl Men's Wear.

NORTHVILLE was buzzing with activity during Friday's sidewalk sale. Retail merchants have hailed the promotion as the most successful ever staged. The 30 participating stores were kept busy handing out sidewalk specials from 9 a.m. sharp until 9 o'clock at night.

To Premiere 'African Dairy' Film in Plymouth

Jack Van Coevering of Detroit, nationally known writer, lecturer and photographer, will be in Plymouth for a two-day premiere showing of his newest color motion picture, "African Dairy".

Sponsored by the Rotary and Kiwanis clubs of Plymouth for the benefit of their crippled children's program, the showings will be Thursday, October 8 and Friday, October 9 at the Plymouth community junior high school.

The junior high is located along Lilley road, just north of Ann Arbor road. Starting time is 8:30 p.m.

Van Coevering made his new film in Kenya, Africa early this year when he went on a hunting safari with three other Detroiters. The men came back with many big-game trophies, including an elephant, rhinoceros, lion and leopard. They also bagged many species of plains game, including impallas, which re-

semble Michigan white tailed deer. "African Dairy" is more than a story of a hunting expedition, Van Coevering points out, in that it includes scenes taken at a wedding celebration of the Somali tribe.

The full-length film runs an hour and a half, of which the live animal

sequences are brought so close that it seems almost possible to shake hands with them.

Tickets are \$1.25 for adults, 50 cents for children under 12 and children under six, free. The tickets are available at the door and from Plymouth Rotarians and Kiwanians.

BEARDED Jack Van Coevering really didn't go hunting with a native spear and shield. He did all his African travels behind a movie camera with the results being shown to the public at the Plymouth junior high school on October 8 and 9, starting at 8:30 p.m. Portions of the film will be shown Monday night at Northville's VFW hall at the opening cub scout meeting of Pack 721.

1935...

Improvements throughout the years brought even better service along with more advanced knowledge in the petroleum industry. Again this meant more service, more customers and expansion.

		ball 200.	

Four was the magic number in the season's first football contest! Four contestants topped all entries by missing only four games. But only three shared in the winning money.

Two eighth graders — Jim Driscoll of Willowbrook Village in Novi and Mike Abruzzo of Sheldon road — divided the top money as their estimate of the Baltimore-Lions score came out the same. Also tied with but four misses was Clifford Rollings, 43783 Park Grove.

Number four on the "pick-the-winners" parade was a real insider of football affairs — Al Jones, athletic director and former varsity football coach of Northville high school. Jones figured on too much scoring in the professional tilt to finish in the money.

Most often missed games in the contest were Michigan State - Texas A & M and Michigan - Missouri. As a matter of fact, Rollings was the only contestant to

Four Miss Four Games In First Football Contest

predict the Missouri win in the entire field of entries.

Other frequent stumblers were the Northwestern - Oklahoma and Indiana - Illinois games.

This week there are 15 more games to entice the prognosticators and \$15 more in cash prizes.

There's something extra, too. The 'ol professor will give you these inside tips:

Iowa to stop the high-scoring Wildcats of Northwestern; Michigan and Michigan State to finish the day's top game all tied up; Purdue to upset its Indiana rival, Notre Dame.

Today, we have expanded our delivery system to a total of 12 Fuel Oil trucks. Likewise we are celebrating Oil's First Century. This photo was taken at our Bulk Plant in Northville. Looking

back through the years, it is evident that we have expanded, increased our knowledge about Fuel Oil and produced more services for satisfied customers. This is progress and Progress Means Better Service For You!

INSURED BALANCED PAYMENT PLAN...

... is designed with you, the householder in mind. During December, January and February the average home will use 57.7 percent of the entire heating cost. In just three short months you are consuming more fuel than during the other nine months of the year. Remember that Christmas bills, added doctor bills, car repairs, licenses, and insurance are always more prevalent during these months.

Therefore, the solution rests with the ELY INSURED BALANCED PAYMENT PLAN. We sincerely feel that paying as low as 8 percent of your entire

heating bill during the month of January is much more advantageous than the high of 19.3 percent.

All the time you are making your regular monthly payments YOU ARE INSURED. Yes, in the event the person who is making the payments dies or is killed during the period of his Balanced Payments the residence of the deceased will be furnished with fuel for the remainder of the heating season and any remaining oil payments will be paid by us. For CLEAN, DEPENDABLE MOBILHEAT fuel oil purchased the modern, convenient way, try the ELY INSURED BALANCED PAYMENT PLAN.

MUSTANGS BOUNCE BACK

Crush Holly, 27-0 In First League Tilt

Northville scored another strike on the gridiron Friday after losing the opener two weeks ago.

The Mustangs bowled over the Broncos at Holly, 27-0, to post their first win of the season and their 26th league victory in a row.

For Holly, the loss was a bitter potion — for it was in October of 1955 that Northville started its unbeaten string with a resounding 32-0 victory over the Broncos.

Since 1955 the Northville gridders have pelted Holly with five straight losses, including last season's 26-6 debacle.

For Northville, the victory sweetened an otherwise bitter football start.

Two weeks ago a Plymouth roadblock halted a 17-game winning streak for Northville and gave the Rocks the most decisive win over the Mustangs since 1955.

The 17-game string of victories included both league and non-league contests.

Coach Ron Schipper was obviously pleased with the performance of his offensive unit which reeled off 220 yards rushing Friday, compared to the meager 43 yards gained against Plymouth.

His defensive unit, however, continued to dominate the limelight, sweeping past Holly's forward wall to smother play after play.

Altogether Holly marched off only 63 yards on the ground while gaining 10 yards in the air. The Broncos failed to get a single first down by rushing. They got one on passes and one on penalties.

Northville's attack bogged down in the first half, resulting in only one touchdown and an extra point.

Left Halfback Larry Nitzel streaked around the right end to score from the seven in the first quarter after a Northville drive of 64 yards. Tackle Wade Deal's point-after-touchdown kick was good.

Halfback Roger Atchinson set the drive in motion with a thrilling 39-yard race to Holly's 35-yard line. Two plays later, Nitzel swung wide around the right end and dashed to the Holly 11.

The Broncos threatened late in the second quarter after recovering a Northville fumble on the Mustangs' 19-yard line. But Holly lost the ball on downs only four yards deeper in Northville territory.

Northville's second tally climaxed a drive that started on Holly's 44-yard line. Ten plays later Fullback Gary Morgan plunged two yards over tackle for the touchdown.

Nitzel scooped up a Holly fumble on the Broncos nine-yard line to set the stage for the third tally. Morgan moved the ball into the end zone on two line plunges. Deal's kick was wide.

Northville scored its final touchdown after recovering another Holly fumble deep in the Broncos' territory. With fourth down and 16 yards to go on the 23, Holly's punter lost the ball on a bad hike from center.

Northville recovered it on the nine and Halfback Tom Darling moved in for the touchdown.

Again Deal's kick was good. Holly's final and most effective drive of the game came too late to worry the Mustangs. The clock ran out with the Broncos kicking up a storm on the Northville 17.

Little Leaguers Go "Poof" After 1st Quarter Boom

Cheers and screams of delight turned sour last Sunday as the Walled Lake Little League squad took an early lead against Livonia and then stumbled beneath the rampaging Blue Jays, 25-7.

Walled Lake's two other little league grid teams also were throttled by Livonia: The freshman team lost 19-0, and the junior varsity lost 14-0.

For several minutes in the first quarter, Walled Lake's varsity eleven appeared headed for an easy-opening season victory.

On the first play from scrimmage, Russ Streeter fired a shot to Dave Fagerlie that was good for 55 yards — and a touchdown. The point after touchdown was good.

The Walled Lake spark blew out as Livonia settled down to play a heads up defensive game. The score at the half was 18-7.

On Sunday Walled Lake will take to the road in an attempt to notch its first victory of the season. The Lakers will tangle with the Roseville Mohawks beginning at 2 p.m. on the opponent's gridiron.

Smarts from Brighton Licking

Bloomfield Hills Eyes Upset On Gridiron Here Tomorrow

Looking for an upset, Coach Don Hoff's fighting eleven from Bloomfield Hills will invade Northville tomorrow night.

The Barons are anxious to swing back into the Wayne-Oakland league contention after their 19-6 defeat to Brighton last week. And beating Northville is the surest path to the top.

Meanwhile, Northville Coach Ron Schipper isn't letting his players forget that the Barons knocked off Class A Oak Park, 19-0, in the season opener two weeks ago.

The Northville mentor and his sidekick Dutch Van Ingen are equally anxious to post another league victory, extend the string of league wins to 27, and take a firmer grip on the league lead.

With only one victory under their belts in this still infant season, the

Mustangs are tied with West Bloomfield, Brighton and Clarkston for first place.

Last year West Bloomfield dropped only one contest — to Northville — in winning second place in the league race. Brighton finished third with two losses.

Behind Brighton came the Barons who tomorrow will attempt to tumble a towering Northville record.

Last season against Northville, the Barons picked up first downs the first and last times it had the ball, but there was little else for the Barons to cheer about.

While Northville's awesome defense was holding Bloomfield in check Northville backs swept methodically downfield four times for a solid, if listless, 28-0 win.

Defensively, the Mustangs were at their best — as they were against Holly last week. Bloomfield penetrated Northville territory only three times and gained only 60 yards on offense except for two fourth-quarter drives against Northville reserves.

Other league scores last week were: Clarkston 19, Milford 6; and West Bloomfield 34, and Clarenceville 12.

She'll Reign Next Week

The name of the 1959 Northville Homecoming Queen — to reign here during the Milford game next week — will be announced at the pep assembly next week Friday afternoon.

Diane Luchtman, last year's queen, will be at the assembly to crown the queen.

The queen and her court, consisting of a girl chosen from each grade, 9-12, by her classmates, will parade down Main street to Ford Field.

The Pep club and the N-club are sponsoring the homecoming activities. These organizations also are sponsoring the homecoming dance after the game. The dance will be held in the community building.

IN WIXOM:

Cris Sikilla Takes Bride

By Mrs. Charles Ware — Market 4-1601

Northville Cubs of Pack 721 will see the film, "African Diary", a film made by Jack Van Coevering, Free Press outdoor editor, on a safari organized by Karl Koepf. The latter's son, Ray, is shown above with a leopard taken on the safari. The film will be shown at the first meeting of the group Monday evening at the VFW hall.

Saturday evening, September 19 Cris Sikilla of Wixom and Carol Lumsden of Lakeview drive, Cedar Island, were united in marriage at Community church in Cedar Island and by the Rev. Faulkner. Bridesmaid was Mary Ellen Briet. Best man was Bill Lutch. The reception was held at the home of the bride. The newlyweds will live in Walled Lake. Chris is employed at the Handling factory in Wixom and has served three and one-half years in the United States Marines.

Twelve couples from the Loon lake bowling league were at Milford Lanes recently and lunched later at the Gunmar Mettala home where the meal was served by Mrs. George Touren.

Mr. Bob Turrell entertained Mrs. Noirel, Barns and Joseph Stadnik for lunch at Kingsley Inn recently and the antique show at Cranbrook.

The first fellowship supper was held recently at the First Baptist church in Wixom.

Mrs. L. Bogart and daughter, Mildred, were in Vicksburg, Michigan recently visiting Mrs. C. Mowry.

Dinner guests of the Nevin Sturmans recently were their daughter and family, Mr. and Mrs. E. N. Guirl and four sons.

Mr. and Mrs. John Gibson had dinner in Clawson as the guests of Mr. and Mrs. Henry Harder.

Mrs. Robert Hughes had a call from her sister, Mrs. Paul Hunt, whose husband has been transferred to Italy by the Chrysler corporation. The family will be in Italy for two years.

Fire Damages Tractor

A gasoline explosion badly damaged a farm tractor owned by Claude Crusoe last week Monday at the corner of Novi and Nine Mile roads. A farm hand was driving the tractor when it burst into flames.

"There are times when it is almost impossible to express one's appreciation..."

This is the beginning of a letter to us from Mr. and Mrs. Donald Henry of Traverse City.

Around 9 p.m. one night last November, the Henry baby, Bucky, suddenly became unconscious. Bucky already had a temperature and now his breathing had nearly stopped.

Desperate, Mr. Henry rushed for the phone, explained the critical emergency to Operator Pearlle Newbauer.

Mrs. Newbauer called in Senior Operator Dora Leabo and Operator Ruth Estes. While one called the ambulance, another called the fire department and the third made sure that a doctor would be ready at the hospital.

Bucky was rushed to the hospital in minutes and his life saved.

THE HENRY LETTER CLOSED WITH THESE WORDS:

"It is tremendously gratifying how efficient and dependable the telephone company is in time of need. Please extend to those on duty that night our indebtedness."

MICHIGAN BELL TELEPHONE COMPANY

Mrs. Pearlle Newbauer Mrs. Dora Leabo Mrs. Ruth Estes

The Henry family of Traverse City

READERS SPEAK:

CHARTER TOWNSHIP IS NOVI'S ANSWER

To the Editor:

Last week's election had special significance in that the citizens considered the two questions, industrial zoning and city incorporation, on merit rather than being swayed by special interested groups and persons.

The overwhelming defeat of city incorporation came as no surprise, but the approval of industrial zoning was quite a big victory for Novi. It will take many years before we

will realize the effect this victory will have.

Let me quote Paul M. Reid, director of the Metropolitan Detroit Planning commission, when he spoke before a group of businessmen in Novi on November 15, 1956. Reid estimated that the township's population, now 5700, would grow to 9,000 in 1970 and 16,000 in 1980. It would come mainly as a residential growth. He stressed that inadequate water and sewage would discourage industry.

This is one of the reasons that I opposed village incorporation. I believed then as I do now, that along with residents must come heavy industrial plants which will bear large amounts of the tax load.

I say the village is doing a good job at an added cost to the taxpayers. But do we need this form of government? Or can we afford to go back to a township? The strong backers for village incorporation now say it is no good and are working hard to revert back to township government.

Let me quote Gilbert Savage, planning commissioner of Southfield, when he spoke before a group of citizens in Novi in October, 1957. He said it would be unwise to in-

corporate as a village, but a charter township should be considered. It would protect our boundaries.

In view of Reid's and Savage's statements, who are experts in their fields, I too say that charter township is the solution to our problems for many years to come. We can progress under this form of government for a lot less cost to the taxpayers than village or city governments.

The backers of township government without a charter that you are hearing of now are not out for your interest, but more for their own personal gain. There are rumors that we should revert back to our former township government, an attempt will be made to annex the Lincoln Village and the area around Mr. Frazer's land to the city of Wixom.

I was happy to hear of a new organization springing up in our midst called the Echo Valley Civic Assn., headed by President Heinz Hoffman. You will hear more of this organization as time goes on. It is going to take a united front to stave off the old guard.

Herbert Koester
42780 Eight Mile Road
Northville, Michigan

Explorer Post Meets Next Tuesday Night

Explorer Post 755 will open its fall program with a business meeting next Tuesday, October 6 at 7:30 p.m. in the First Presbyterian church.

A newspaper drive has already been scheduled by the post for Saturday, November 14.

Other plans include a visit to a college campus and attendance at a football game November 7.

The program schedule will be completed at the first meeting.

Here Friday from Chevrolet . . .

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious

elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that

do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-

to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

Police Put Spotlight On 'Sign Drifter'

This week area drivers will see "Unwanted" posters displayed in several local shops by the City Police Department.

The anonymous culprit pictured on them is a traffic villain, the "Stop Sign Drifter". He could be you.

Beginning this month and continuing through March, the Michigan Association of Chiefs of Police will conduct a poster campaign throughout the state to awaken citizens to the problems of traffic control and safety, and driving habits which are major causes of Michigan traffic accidents.

This month the spotlight is on the "Stop Sign Drifter".

Drifters are responsible for scores of personal injury accidents in Northville, Wixom and Novi, Police Chiefs Eugene King, Frank Jadzinski and Lee BeGole said.

Who is he? He or she could be anybody, but police know he is a highway killer. Last year in Michigan the Stop Sign Drifter killed 108 and injured 987 persons, and cost taxpayers an estimated \$14.5 million.

What's he like? He hates to stop his car when driving, doesn't believe in caution signals and other traffic control devices. He drifts, rolls or high-balls through such signs on his own judgment. And his judgment proved to be wrong too often.

He begins by rolling through a sign because traffic is light. Only his so-called minor violation soon becomes a habit. Too late, the Stop Sign Drifter realizes he's made a mistake. Such little mistakes are what make the big statistics in Michigan's traffic accident record.

Willowbrook Man Receives Diploma

Edward J. Strye, Novi, was among 19 candidates receiving diplomas at the second annual graduation exercises of the Michigan National Guard Officer Candidate school.

Formal graduation exercises for the school's second class were at the Lansing Artillery armory.

Candidate Strye and his wife, Joan, reside at 41921 Quince drive. He is the son of Mr. and Mrs. Frank J. Strye, 41211 Hamilton, Farmington.

He was graduated from Farmington high school in 1953 and attended University of Detroit and Lawrence Institute of Technology, majoring in business administration. In civilian life he is employed by Bob Rozenboom service, Farmington.

Strye enlisted in the Michigan National Guard in 1952. He entered OCS from Headquarters Battery, 210th Artillery Group (Air Defense), Detroit, where he served as supply sergeant.

Upon graduation from OCS, he was appointed second lieutenant in the Michigan Army National Guard and assigned to the same unit as assistant communications officer.

Announce Coupon Savings Plan

A new Coupon Savings Plan that combines weekly or monthly reminder coupons with 3½ percent earnings on savings, starting with the very first dollar, is announced by Perry W. Richwine, vice president and branch manager of First Federal's Plymouth office on Penniman near Main.

"It is our goal through this new plan to make regular saving feasible for 10,000 additional families in the next 12 months," Richwine remarked.

"Our daily contact with thousands of savings customers shows that, with constantly increasing living standards, many families find it more and more difficult to save with any regularity. The desire is there, but the practical means and inducement are lacking, so that successive paydays go by without additions being made to savings.

"Operating on the same principle as the successful Vacation and Christmas Savings clubs, our new Coupon Savings Plan provides a "packet" of 12 numbered reminder coupons, on which the saver inserts the weekly or monthly dates when he or she will add to savings. In that way, the individual has setup sort of an "obligation" to himself

to save a given amount each payday or on the same date each month. When we receive coupon No. 12 a new set of coupons goes out to the customer.

"The packet also includes an addressed, postage-paid save-by-mail envelope and a Savings Growth Chart, all contained in a colorful wallet. The growth chart helps the customer decide what amount to set aside each week or each month to reach a particular savings goal in a specified time.

"Our plan is different in one important particular from most coupon plans," Richwine points out. "We pay 3½ percent current rate on every dollar of savings added to the coupon savings account.

Earnings are paid on the first dollar and are figured from the first of the month on money added by the 10th of the month. To receive these earnings, money must remain in the account until the end of one of our earnings periods, June 30th and December 31st.

"To make this plan useful to the smallest saver, as little as \$1 opens a Coupon Savings Account. And we feel our plan is ideally fitted to the needs of people who want to save regularly for a particular purpose.

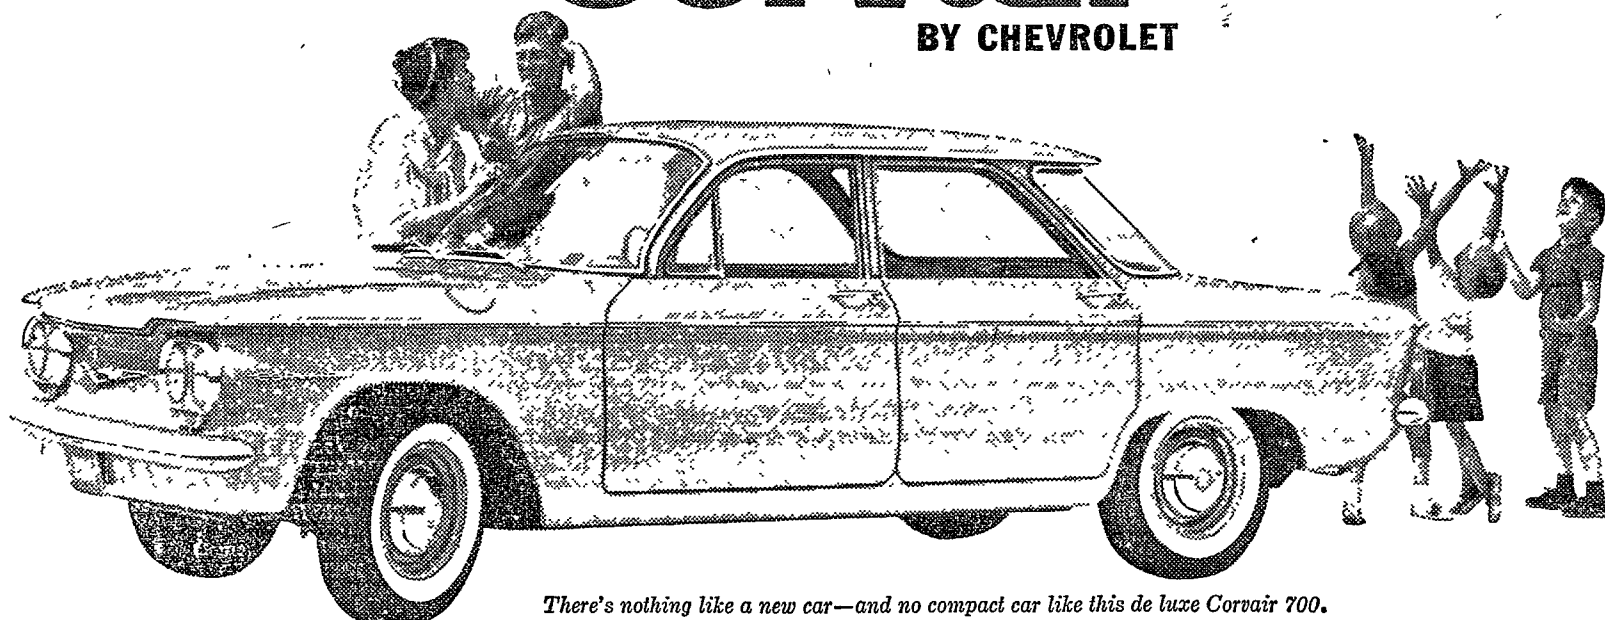

Almost everyone, we find, has some savings goal. It may be a short-range goal like money for a vacation, for Christmas gifts or for new Easter outfits. Or, it may be a long range goal like the down payment on a new home, college for the youngsters or a start in business. Experience has shown that for most families, the safe, sure way to reach such goals is by regular saving.

"The new plan is completely flexible, as it can be altered freely to meet the individual's changing situation. We're telling our customers that although it's important to them to set up a definite savings schedule and stay with it, there is no obligation to First Federal to do so, and there is no penalty for changing the amount saved or discontinuing the plan. If they find it impossible for any reason to save the amount they started out with, we tell them to add what they can. The importance of this plan is that it calls for regular saving, and practically all of the people we've surveyed on this subject feel that this plan will fill a real need. Of course, First Federal's usual withdrawal privileges apply to the Coupon Savings Plan, and these accounts are insured to \$10,000."

as different as night and day!

THE REVOLUTIONARY Corvair BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair:

The product of nine years of research and development, it's America's first truly compact car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's only rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

With the engine in the rear, the Corvair's floor is virtually flat, front and rear, so there's plenty of foot room for everybody. Combined with Corvair's unique body-frame construction by Fisher, this provides interior spaciousness comparable to many postwar conventional-sized cars.

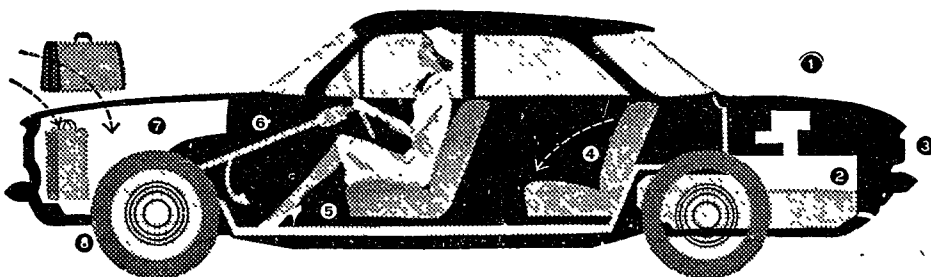

Shifting engine weight to the rear also makes for easier compact car handling and gives glued-to-the-road traction on ice, mud or snow. And with independent suspension at all 4 wheels—an advance comparable to the independent suspension of front wheels years ago—you get a poised, unruffled ride that rivals even the costliest cars.

These are all things no front-engine compact car can give you. And with them you get outstanding economy and practicality that would never have been possible if Chevrolet engineers had been content to make the Corvair merely a saved-off version of a big car. Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular. And, because the engine's air cooled, you never have to fuss with antifreeze, you get quicker warmup (even heat for passengers comes—almost instantly—from an airplane-type heater*). Wonderfully practical, yes. But you'll find the most practical thing of all about Corvair is its remarkably low price. Your dealer's the man to see for all the short, sweet details.

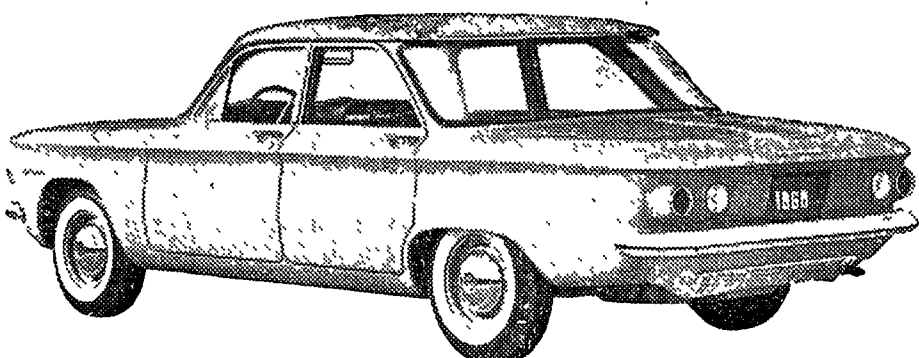

America's only car with an airplane type horizontal engine!

America's only car with independent suspension at all 4 wheels!

America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

You have your choice of two Corvairs—this one's the standard model.

See your local authorized Chevrolet dealer

1 REVOLUTIONARY TURBO-AIR 6

Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts. It's the world's first production 6 with the ultra-smooth, space-saving power of horizontally opposed (not vertical or V-stroke) pistons.

2 ONE-PACKAGE POWER TEAM

Wraps rear engine, transmission and differential into one compact unit. Takes less room, leaves you more.

3 STYLING—PURE AND SIMPLE

Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

4 FOLD-DOWN REAR SEAT*

Works instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

5 FLAT FLOOR

Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

6 UNISTRUT BODY BY FISHER

Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

7 UNDER-HOOD LUGGAGE COMPARTMENT

Trunk's up front (like an elephant's) where it's convenient for groceries, shopping bags, luggage.

8 4-WHEEL INDEPENDENT SUSPENSION

There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

*Optional at extra cost.

TEACHING

Among Christ's last words, as recorded in
the closing verses of Matthew's Gospel, is found
this statement of admonition: "Go therefore and
make disciples of all nations, baptizing them in
the name of the Father and of the Son and of the
Holy Spirit, teaching them to observe all that I
have commanded you; —."Many people may be inclined to draw back
from this statement because it smatters of being
a command and they do not care to be told what
to do. Again, some folks may not be interested
in this statement because they have come to think
of "teaching" only in professional terms and do
not regard themselves as teachers because they are
not so employed or engaged.The truth of the matter is that everyone is
a teacher. We are continually learning from one
another. Similarly, everyone is a learner. Even a
remote relationship with someone else through
the medium of television, such as the recent visit
of Mr. Khrushchev, teaches us something. But
more significant than this is the teaching which
takes place every day in the more immediate re-
lationships in the home, with neighbors and
friends, where we work, etc.What we are teaching, or what we are learn-
ing from others, may be either good or bad, help-
ful or hindering, inspiring or demoralizing. The
determination of what is good or bad, in the
judgment of an individual, is conditioned, in
part, by the responsiveness of the learner.Something intrinsically good shared in a
teacher-learner setting may be regarded by the
learner as not being good because of his lack of
a certain measure of understanding, or because
of his bias, pride or arrogance.

Many materialistically and secularly-minded

people still are not willing to accept Christ's liv-
ing example of "love your enemies" or "return
good for evil" as good teaching. And yet, some
of these same people will join most lustily in
singing, "In the cross of Christ, I glory!"It may be helpful for all of us to remember,
as our children and young people have returned
to their institutions of formal education, that the
chief purpose of all of this should be the building
of character and that every conscientious teacher,
in the home or in the school, should be com-
mitted to it. The job-analysis for all "teachers" is
the imparting of knowledge but, most important,
training in the skills with which to use that
knowledge most effectively in building a better
world.This being Christian Education Week one
can not help but remember the significant state-
ment written by Dr. Luke concerning Christ, "And
Jesus grew in wisdom and stature, and in favor
with God and man."Again, the ultimate outcome was character,
and the greatest. But Christ's character, as all char-
acter, was made possible through growth!From this well-balanced, four-fold life, we
can learn, if we will, that we can make our best
physical growth by caring for our bodies in the
consciousness that they are "temples of God";
that we can make our best mental growth by seek-
ing to discover and to honor God's thoughts; that
we can make our best spiritual growth through
regular and purposeful relationship with God;
and, that we can make the best growth in rela-
tionship with other people through relationship
with God, first.One life is worth a thousand words! Whether
you like it or not, YOU are a teacher! May you
find in Christ, the Master Teacher, the knowledge
and know-how to be a good teacher!

GETTING YOUR DEGREE

As I write this morning, schools everywhere are opening for another year. Surely we ought to appreciate our educational system here in America. We truly want to encourage every young person to go to school and go as far as you can. This is an age for learning. You should never stop learning even after you get out of school. To be esteemed in this world, we must learn of science, languages, mechanics, and many other things. However, there is a branch of learning that few have considered worth their effort. That is the learning about God, the Saviour, and the way of righteousness. Since Christian education is ruled out of our public schools there are thousands of children who never will learn about God and the Saviour. Yet the Bible says in Proverbs 1:7 "The fear of the Lord is the beginning of knowledge; but fools despise wisdom and instruction." Again he says in Jeremiah 9:24, "Let him that glorieth glory in this, that he... knoweth ME." Really, to be considered "well educated" you should not leave out a sincere study of the New Testament. Attend a Church that has a sound teaching ministry. What does a degree amount to if you lose your own soul because you neglected to get a Christian education as well?

Parade of New Models

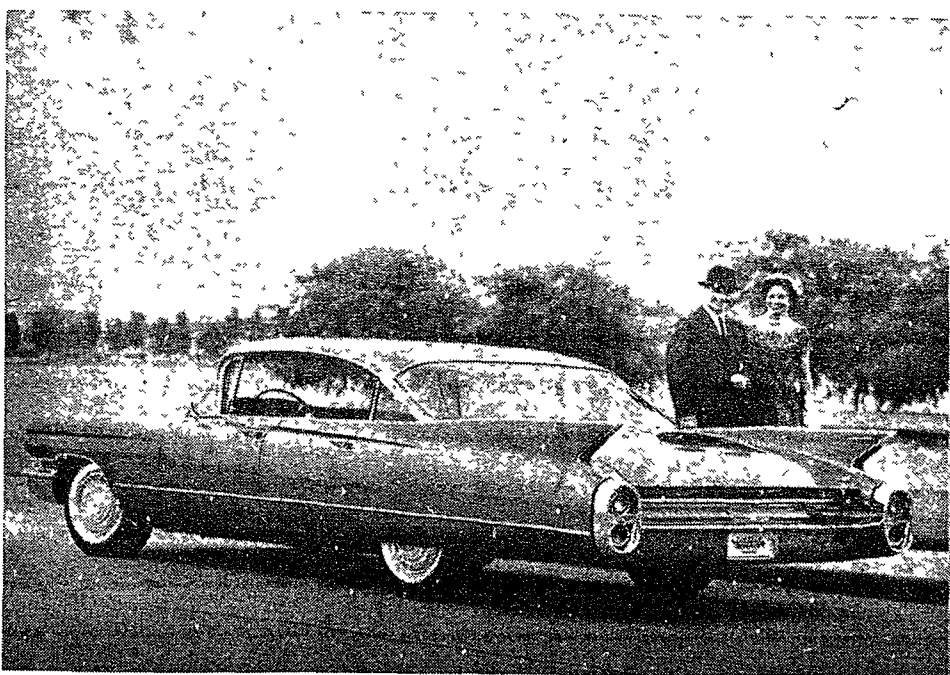

CHEVROLET-CORVAIR — The compact Corvair and 1960 Chevrolet will go on display for the first time Friday at Rathbun Chevrolet Sales in Northville. A strong family resemblance is evident between the two in this unusual profile view. At 180 inches, however, the Corvair is more than 2½ feet shorter.

OLDSMOBILE — It will be a busy week end at Rathbun Chevrolet Sales. Besides the new Chevrolet and Corvair, the Northville agency will be introducing the 1960 Oldsmobile, which goes on display today. This is the "98" Holiday Seem-Coupe.

PONTIAC — A new approach to styling is pronounced by the Bonneville convertible and the Ventura sports coupe, two of the parade of 16 models being introduced by Pontiac at Berry & Atchinson in Plymouth today.

CADILLAC — The newly created silhouette of the series Sixty-Two six window sedan typifies the handsome lines and simplicity of design of the 1960 Cadillac. The new model goes on display Friday at Beglinger Oldsmobile-Cadillac, Inc. in Plymouth.

Our Exports Lagging

Enroute to Sweden — In recent months there has been much concern in business circles, because our exports have not yet recovered from the sharp setback suffered in 1958. For the present I am much disturbed, although over the longer term we should succeed in again building up our commerce with other nations. At any rate, one reason for my present trip abroad is to secure answers to these important questions.

For a good many years, our exports have exceeded our imports by a fairly wide margin. Now it is estimated that our shipments of merchandise to foreign markets may top imports by only one billion dollars. Last year, U.S. imports had a total value close to \$13 billion. This year our imports are expected to reach \$15 billion. This is unfortunate for American labor.

This upturn in imports, however, should not necessarily frighten us. It is a natural outgrowth of our trade policies for the past 25 years. Since 1933, we have been reducing tariffs in an effort to promote international trade and thus help other nations less prosperous than our own. This has helped to attract the current large inflow of goods from abroad.

Downturn in Exports

Many people think that the formation of the European Common Market, sometimes called Euromart, is chiefly responsible for stopping the long uptrend in U.S. exports. I do not agree. Last year's decline in our exports was due largely to a world recession which accompanied our recession here at home. It was also due, in some measure, to political

tensions abroad. In my opinion, the real impact of Euromart on U.S. foreign trade is yet to come. As this united trade program of France, West Germany, Belgium, Luxembourg, The Netherlands, and Italy gathers steam, many traditional European markets for our goods will absorb less than their usual amounts. Some of these markets will be closed to us entirely. So far, Euromart has not hurt our exports much, perhaps because it has been slow in getting under way.

Challenge, Not Threat

Our foreign trade need not be in a long-term period of decline. Our trade position is not so much threatened as it is challenged by the European Common Market. It is challenged also by the growing importance of Great Britain. She is now busy with a plan to organize the non-Common Market nations — Sweden, Norway, Denmark, Austria, Switzerland, Portugal, and herself — into a Free Trade area. Finally, our commerce is challenged by the increasing stature of Russia and Japan as exporters in world markets.

We are in the midst of tremendous world economic changes. These will deeply affect our foreign trade. They will also test to the full our technological and industrial capacity. In fact, they may place in danger our position as the economic leader of the Free world. I predict that during the next few years U.S. foreign trade will suffer some bad jolts. Pressure to go back to higher tariff barriers will increase, but I believe we will stand firm. And in the end we can come out on top, provided we do not fritter away our natural advantages by failing to control wage and materials cost.

What About Russia and Union Labor?

There has been a lot of scare talk with regard to Russia's engaging in an economic war with the West. So far, I see no conclusive signs of such a development. At present, the Soviet Union does not appear to be in a position to wage such an economic war, though she may well desire to do so. In order to be successful in such an enterprise, Russia would have to establish some kind of a gold international equivalent for the ruble.

Right now the foreign trade of the West is much greater than that of Russia. Unless we become panicky, we can hold our own in any such trade contest with the Kremlin. Eventually, our side could be strongly bolstered by a solid trade alliance between the U.S., the Common Market, and the proposed Outer Seven European Free Trade Area now being promoted by Britain. In the meantime we must fight inflation, keep our costs down, and boost our productivity. This is primarily up to our union labor leaders, who appear to be largely responsible for much of our present unemployment.

Campaign to Drag Out 'Business Climate' Issue

UNIFIED EFFORTS to improve Michigan's business climate have been urged by leaders of both parties.

Both Gov. G. Mennen Williams and Paul D. Bagwell, Republican candidate for governor in 1958, have suggested the interests of Michigan should be put ahead of political considerations and suspicions.

But this may be too much to expect. Another election campaign is in the making — and both Republicans and Democrats say it appears the "business climate" may be an issue as it was in 1958.

Michigan's reputation will suffer still more if the 1960 campaign echoes 1958.

This is a warning that comes from between the lines of the widely-quoted report on Michigan's economic future prepared by the Upjohn Institute for Employment Research under direction of William Haber, University of Michigan economist.

"Guard zealously the good name of the state," Haber urged. "Stop undermining its reputation by exaggerating its problems and mini-

mizing its virtues. We have short-changed the state long enough."

I-told-you-so reaction came from both parties when the Haber report was issued. Republicans said it proved Michigan had a problem. Democrats said it proved a problem. problem was not as bad as Republicans made it sound.

But Williams and Bagwell were in agreement in saying the Haber report indicated there has been too much talk and not enough action.

"We have talked about this problem long enough," Bagwell said. "Now is the time for action."

"The time is long overdue for a really united effort . . ." Williams said.

Michigan waits.

Advertising is under increasing emphasis in discussions about what should be done to spur Michigan's economic growth.

Both the Tourist Council and the Department of Economic Development heard welcome words in the Upjohn Institute's report on the potentials of the Michigan economy.

The report cited the need for more

money for tourist and industrial promotion.

Expansion of institutional advertising of Michigan as a site for industrial location was cited as an area of necessary action by the Upjohn report.

"While many persons doubt whether industrial promotion efforts have been effective in other states," the report said, "it seems to us desirable that such efforts be stepped up in Michigan."

Special attention is needed in a study of the potentialities of the tourist industry, the Upjohn Institute said.

"While this industry will have little to do with growth in the industrialized southern half of the Lower Peninsula, the report said, it would be very helpful in improving the economic status of the remainder of the state."

LAWYER-WRITER John D. Voelker is willing to share the Upper Peninsula after all.

Voelker, Michigan Supreme Court justice, indicated in his best-sell-

ing "Anatomy of a Murder" the Mackinac Bridge would spoil the Upper Peninsula by making it too easy for people to get there.

The famous Michigan author set the record straight in "Anatomy of the Upper Peninsula," an article in the 1959 Michigan Yearbook.

"I know of no pleasure greater than having others share with me appreciation of a beautiful land," the native of Ishpeming said. "They are all welcome."

AN UNEASY summer ended with reappointment for Dr. Albert E. Heustis, who feared he was victim of a political disease.

Heustis, Michigan's health commissioner for more than a decade, last spring got caught in the middle of Governor Williams budget battle with the Legislature.

Lawmakers said they would not raise the \$18,000 salary for the position unless Williams would say whether Heustis would be reappointed. Williams refused to be pressured, and Heustis' term expired June 30 without action.

The salary finally was boosted to \$19,000.

fresh
point
of
VIEW...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

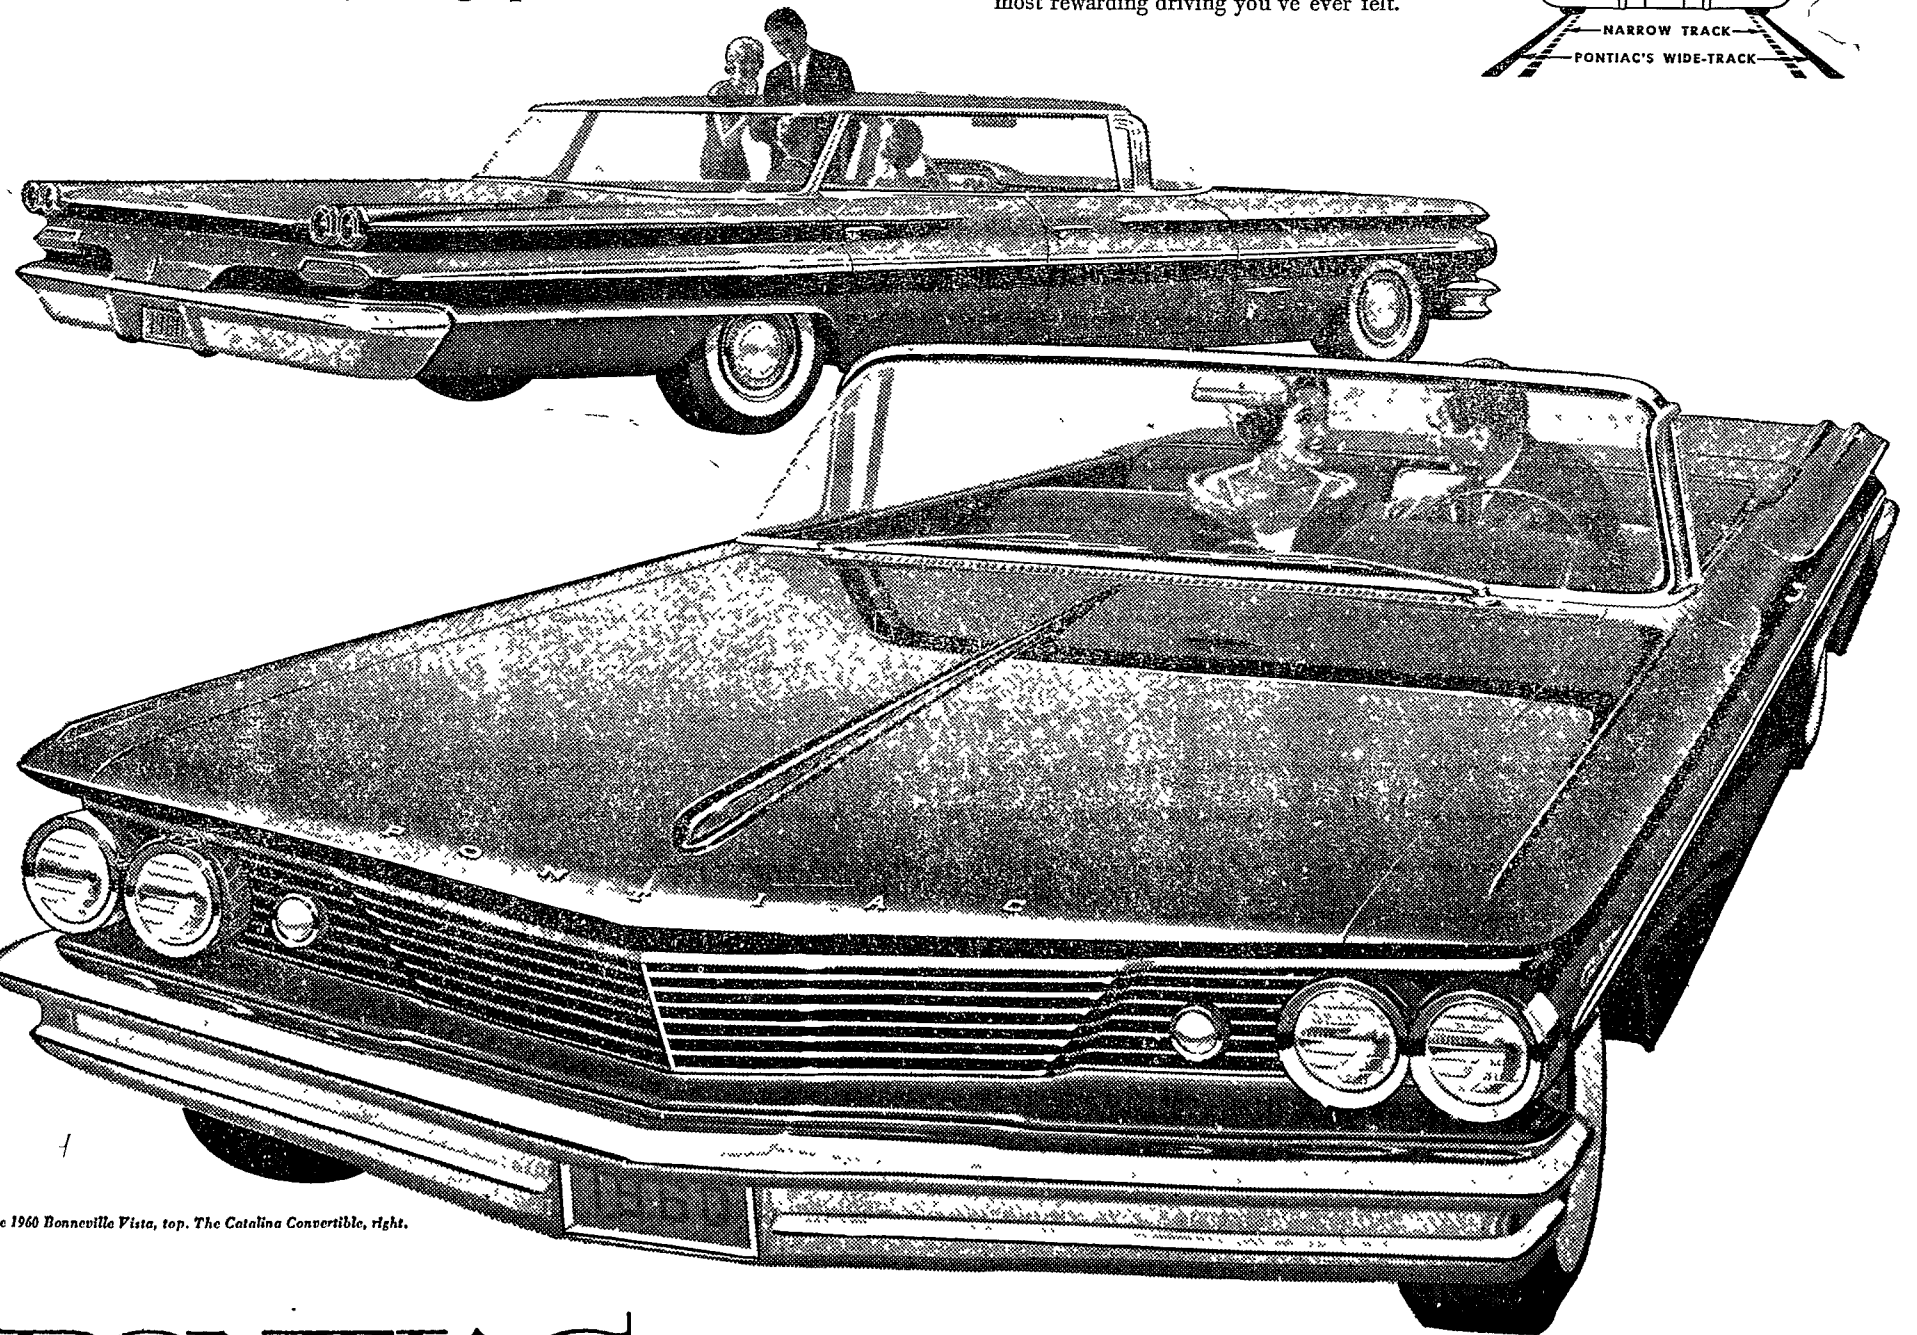

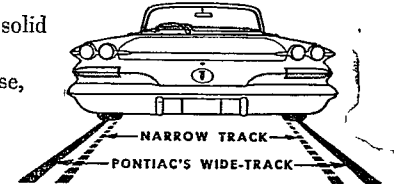

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

[The 1960 Bonneville Vista, top. The Catalina Convertible, right.

Our Junior Fire Marshals work for a safe community!

Is your youngster a Junior Fire Marshal? If so, he or she is participating in a program that's helping to make our community a safer place to live . . . learning fire safety principles that may save a life some day!

Be sure to help your youngsters put those principles into practice by inspecting your home with them when they bring home their Fire Prevention Report.

We are happy to cooperate with the Hartford Fire Insurance Company in sponsoring all Junior Fire Marshal activities throughout the year. And we invite your support for the program, too.
