

# Junior High School Ready for Students

Tomorrow is "M Day" for 277 junior high students and 13 teachers.

Principal Harry Smith told the board of education at its regular meeting Monday night that classes will begin next Monday in the completely remodeled junior high school.

Friday afternoon junior high students and teachers will pitch in for the big move, carrying chairs, books and other light equipment that will furnish their new quarters.

## Plan Open House

A public open house will be held at the junior high school next Thursday, November 12 from 7-9 p.m., Principal Harry Smith announced this week.

The newly remodeled building will open for classes Monday.

## IN NOVI Expansions, Petitions, Suit

Novi is buzzing with activity this week brought about by the following developments:

Plans for a 4-million dollar residential estates development, including a 25-acre lake, moved ahead with the completion of a control dam in southeastern Novi.

A "show house" will be built this winter on the 160 acre site, at Meadowbrook and Nine Mile roads, and construction of 139 more homes is expected to begin next spring. The homes will be in the \$25,000 price category.

The lake project — which probably will be called Meadowbrook Lake subdivision — is being developed by the Suburban Land Development company of Detroit. Dr. Samuel Chappman, formerly of Northville, is vice president of the firm.

The Novi Civic Improvement corporation, composed of Nine Mile area residents, filed suit in Oakland county circuit court against the village for enacting an ordinance amendment changing 120 acres of Nine Mile property from an agricultural classification to industry.

The village also has been issued an order to show cause why a temporary injunction should not be issued pending trial. The hearing is scheduled for Monday.

Arthur Heslip, whose farm is located at 42680 Nine Mile, originally submitted the zoning change request early last winter.

Charles A. Smith, owner of Smith Products, announced that his firm has completed negotiations to lease a portion of the Young Door company plant at 45240 Grand River.

Construction of a 5,000 square foot addition to the Holcomb Industries plant, 40900 Grand River, was started. Dr. A. A. Holcomb of Northville, founder of the company, is the vice president.

Petitions calling for an election to amend the village charter and provide a means for returning the village to township status were turned over to the council. The petitions contained 628 signatures.

In presenting the petitions Monday, Miss Eugenie Choquet pointed out that the petitions do not ask for an election to return Novi to a township. She said they make it possible for such an election whenever the people become dissatisfied with the village. "And most are dissatisfied now," she added.

# Radio Perks Up Police Service

A big step toward improving the efficiency and speed of answering local police calls was taken this week when new radio facilities were installed by the Northville police department.

NEW RADIO facilities for the Northville police department promise to step-up efficiency in answering calls. The system gives the local department its first direct car-to-station contact. Chief King is shown testing the new equipment. Radios are installed in a patrol car and Chief King's car.

# The Northville Record

IF IT'S NEWS...AND IT HAPPENS IN NORTHVILLE...YOU CAN READ IT IN THE RECORD

Volume 89, Number 24, 12 Pages

Northville, Michigan, Thursday, November 5, 1959

10c Per Copy, \$3.00 Per Year in Advance

NORTHVILLE'S AMERICAN Legion Veterans' Memorial home will be the site of two annual events next Wednesday, November 11, Veterans' Day. Starting at 5 a.m. the post will hold its annual pancake breakfast, a project sponsored to help raise funds for Legion work. At 7 p.m. the traditional flag burning ceremony will be held in front of the building.

## Blue Cross OK's Hospital; Public Meeting Thursday

Elated with the success of gaining full Blue Cross membership, the board of directors of Community General hospital immediately tackled another problem this week.

A public meeting to explain the new status of the hospital has been called for next Thursday evening (November 12) at the Northville Community building.

## Torch Drive Here Nearing Its Goal

At least three areas of the local Torch Drive were reported over the top of their quotas early this week.

The biggest contribution — \$2,472 — came from select prospect donors solicited by A. Russell Clarke. The quota in this area was \$2,368.

Also topping goals were the community business collection under Alton Peters; \$580; and schools, under Jack Van Haren: \$461.79.

Business donations showed a significant increase over a goal of \$280. The school quota was \$407.

Final figures on the residential drive headed by Mrs. William Cansfield were not complete at the time of publication. By Friday, however, house-to-house collections had reached \$1,548. This was \$571.47 shy of the quota.

The board, staff of doctors and administrative director will outline the new organizational set-up at Community General and answer any questions from the floor.

Some idea of the future plans of the hospital are also expected to be presented.

The principle reason for the public meeting is to acquaint area residents with the financial obligation undertaken to provide the area with the hospital facility.

Without a doubt the board hopes to rally community interest and financial backing.

In taking over the operation of the hospital from Dr. H. L. Bergo and Abraham Farris the board faces a three-year chattel mortgage debt of \$35,000 plus the normal expenses of opening a hospital.

The possibility of operating in the black was improved considerably last Thursday when the board of trustees of the Blue Cross Plan accepted the hospital for full membership.

To gain Blue Cross support it was necessary for the community to take over the operation from Dr. Bergo and Farris, who recently purchased the former Sessions hospital. Blue Cross frowns on privately-owned hospitals even though organized under a non-profit corporation charter.

Newly elected directors of Community General are now optimistic that with adequate public support (and Blue Cross membership) the hospital can retire the chattel mortgage, acquire the Dr. Bergo-Farris stock, and proceed to exercise an option to purchase the building in eight years.

The corporation by-laws provide that anyone contributing \$100 during a single year is entitled to one vote in the election of the board of directors. Contributions of \$250 or more during a single year qualify a person for lifelong voting membership.

Members of the board and their terms are: One year — Rev. David Davies of Plymouth, president; Clifton Hill, secretary; and Dr. L. W. Snow, of Northville; two years — Robert Jones of Livonia, vice president; Leland Smith and Mrs. C. E. Langfield, Northville; three years — A. M. Allen, treasurer, Northville; Garnard Niece, South Lyon; and Russell Taylor and Walter Tuck of Novi.

Thursday's meeting will begin at 8 p.m.

Plans for a "big thanks" celebration to honor the youth of Northville were crystallized this week with an announcement by the Optimist club that the week of November 9-14 has been designated Youth Appreciation Week.

Highlighting appreciation week in Northville will be the presentation of the movie, "Houdini" and cartoons for boys and girls — free of charge. Popcorn will be given to youngsters attending the show.

The film will be shown from 12:30 to 2:30 in the P&A theatre. Conceived by Optimist International, appreciation week is aimed at discrediting a frequent complaint that the present generation of young people is not as desirable as the previous generation.

Optimists claim that on the whole, youth of today are both idealistic and realistic. They are imbued with traditions of democracy and fair play, and they tend, more than their elders, to be tolerant and respectful of differences in race and creed.

"We of the Northville Optimist club," Appreciation Nite Chairman Fred Casterline said, "believe that Northville's youth stand head and shoulders above any other in the country in accomplishments, talent, moral standards and behavior."

"It's high time that the talents and good qualities of our boys and girls should be recognized," he declared.

Helping Casterline on the Optimists' Youth Nite committee are Donald Severance and Eldon Biery.

# School Dedication To Attract Throng

It was exactly 90 years ago that Northville graduated its first high school student, Alice M. Beal.

She received her degree in a two-story brick building erected in 1865 at a cost of \$12,000.

Proud as that day stands in the history of public education in Northville, it will have to give way Sunday when the finest facility ever provided for students of the school district is officially dedicated.

Some 3,000 school administrators, board members, teachers, parents, students, alumni and interested citizens are expected to attend the 3 p.m. ceremony.

The dedication of the \$2 million Northville high school comes as a climax to years of research and planning by school personnel and citizen groups bent upon providing students of the Northville district with a curriculum and atmosphere of study suited to their particular needs.

Dr. James W. Bushong, superintendent of Grosse Pointe public schools, will deliver the dedication address.

Dr. Bushong began his professional career in Oregon schools as a teacher and coach of athletics. He went into school administration as principal and superintendent from Bend, Oregon, where he was superintendent (1946-1950), he went to Harvard

university (1950-51) on an education fellowship. He accepted his present position in January, 1951. Dr. Bushong has been visiting lecturer in education at University of Wisconsin, University of Michigan, Michigan State university and Central Michigan college of education.

Edward F. Angove, chairman

Dr. James W. Bushong Dedication Speaker

of the dedication committee will preside over the program. Superintendent of Schools Russell H. Amerman will introduce guests, while High School Principal E.V. Ellison will accept gift presentations.

Walter L. Couse, a Northville resident and president of the firm which constructed the high school, will extend greetings to the gathering. Architect Lyndon Welch of the Eberle M. Smith firm will present the keys to the building to Board of Education President Nelson C. Schrader.

Following the official proceedings, which will be held in the gymnasium, the audience will be invited to tour the school and have refreshments in the cafeteria.

The new Northville high school is located on North Center street just south of Amerman elementary school. Opened for the first time this fall, it has an enrollment of 635 in grades nine through twelve.

The multi-unit campus style building has three wings with five classrooms each in addition to the gymnasium, auditorium and unit housing the administrative offices, cafeteria, library, home economics and art sections. The music and industrial art departments are located in the auditorium unit. Student capacity of the school is 900. (See pictures on page 10).

## Council Approves \$500 For Recreation Program

In a rapid-moving meeting Monday night city councilmen passed two ordinances, bought a pick-up truck, studied two citizen complaints and made Recreation Director Stan Johnston very happy by awarding his fund-needy department \$500.

The city followed the township pattern in complying with Johnston's request for funds beyond the budget originally presented by the recreation department.

Councilman Earl Reed moved that the money be appropriated, but said he would be against any recurrence. The council joined Reed in suggesting that the recreation committee keep closer watch over its budget. Johnston assured members that this was being done.

Last summer's heavy participation in the recreation program depleted the department's funds leaving a \$1300 deficit.

The council gave final passage to the sidewalk ordinance (to be published in full next week) but only after inserting a safeguard amendment suggested by a member of the audience. Robert Hosbach pointed out that the ordinance did not stipulate at what rate the city would be willing to pay in cases where cost of installing a new sidewalk is shared on a one-third - two-thirds basis. A paragraph has been added to set down this limit to the current rate obtainable by the city.

Final passage was also given the bulk food ordinance.

The council suggested further discussion before deciding upon a request by Charles Altman, Jr. for payment by the city for damages caused when his basement was flooded. Altman pointed out the city had cleaned other basements in the area when they had been flooded previously. The city's insurance company has ruled that the city has no legal liability.

A letter from C. E. Langfield, president of Northville Laboratories, pointed out that a fire hydrant requested three years ago had still not been fully installed. He wrote that partial installation had resulted in a leakage of water on the property. The city manager said the work would be completed this week.

Langfield also questioned the council on the tax assessment placed on his property and equipment. Manager Robertson pointed out that the firm's assessment had been raised two years ago and reduced slightly upon appeals made before the local board of appeals. He said that some unusual circumstances surround some of the inventory carried at Northville Laboratories and suggested that the council urge Langfield to appeal the matter to the tax commission.

In final business the council purchased a pick-up truck on a low bid submitted by John Mach Ford Sales and awarded a contract to construct a chlorine room on the Wing street well house to Harley Cole for \$994.08.

## Economy Measure License Tabs Go on Sale for '60

Michigan's "pint-sized" version of a license plate went on sale this week at Northville's Secretary of State office.

In an economy measure to reduce costs the state has adopted a "tab" marked "60" that will fit over the "59" on present plates.

The new tabs are yellow with green letters, the reverse of the 1959 plates.

The tabs will be issued to all passenger car owners, while full-sized plates will be sold for all commercial vehicles.

Secretary of State Manager John Litsenberger reported that sales began briskly this week. He's impressed, too, by the small amount of storage space required for the new tabs compared to the plates. The Northville office sells approximately 6,000 plates annually, Litsenberger stated.

A new, shorter application form has also been designed that state authorities claim will take one-third less time to fill out. This economy was made possible through the system of making plates serve for more than one year. The extra application copy, always made out in the past, has been used to record a registry of all cars licensed in Michigan. Since all car owners retain their 1959 plate letters and digits, there is no need for compiling a new record.

In addition, the small tabs have substantially cut down the cost of metal and stamping.

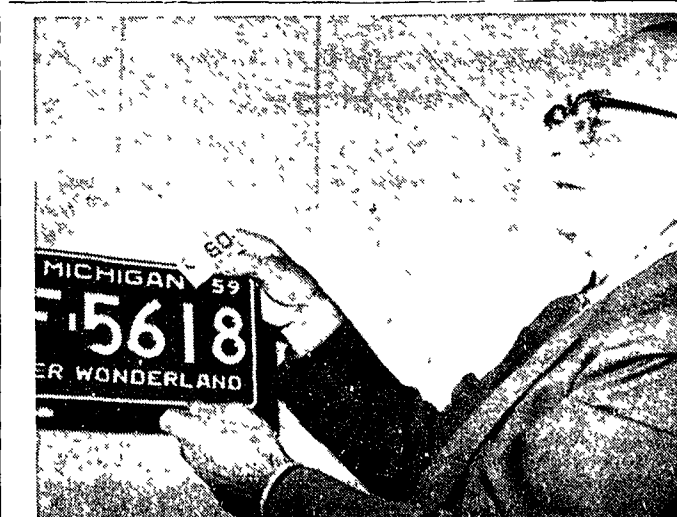

Vehicle owners can obtain their 1960 licenses at the Northville office daily between 8:30 a.m. and noon and from 1 p.m. until 5:30 p.m. Saturdays the office is open from 8:30 a.m. until 12:30 p.m.

Manager Litsenberger reminds owners that registration and certificate of title are needed to obtain the new licenses.

## Township Officials To Hear Highway Plans

Proposed plans for highway construction in this area will be discussed before members of the Northville township board and zone next Tuesday evening at the township hall.

John C. McKie, executive secretary of the Inter-County Highway Commission, will outline anticipated highways for the board members. Participating counties in the commission are Macomb, Washtenaw, Oakland, St. Clair, Monroe and Wayne.

TABS FOR '60 — Secretary of State Office Manager John Litsenberger demonstrates how the 1960 "license tabs" will fit over the 1959 plates. The yellow tabs, imprinted with a green "60", went on sale at the Main street office this week.

## P-TA Story Hour Begins

In Northville — as in scores of American communities — P-TA story hours for children have been around a long time.

It pays, though, every now and then to remind folks that a local program exists.

Free sessions are held for a half hour every Saturday morning in the basement of the Northville library.

Volunteer readers — mothers, teachers, ex-teachers, persons who like children and like to read to them — sign up for one or two Saturday's each season. Some have been coming back for years.

The sessions are designed chiefly for 5-8 year olds, says P-TA Literary Chairman Mrs. Al Myers, because this age group is most inter-

ested in having stories read to them. Story hours also encourage slow readers to keep up an interest in books.

The idea behind the program is to get children used to being read to and to enrich their literary experience and knowledge, Mrs. Myers says.

In addition, the youngsters become familiar with library facilities, she says.

"The children love it," she declared. Even restless, younger ones can be held spellbound by a talented reader.

Stories often follow a holiday theme. Last week children were read Halloween tales and given small pumpkins to take home.

The number of children attending the story hours has averaged around 20, Mrs. Myers reports. "We would like to increase attendance to about 40 or 50," she said.

One enthusiastic parent even suggested having large audiences that can be divided into small age groups, with two or more readers.

This season something new has been added, Mrs. Myers said. Girl scouts have been assisting readers.

Scout assistants are Barbara Zerb, Gloria Pacific, Nancy Slattery, Susan Reinhardt, Jan Butler, Nancy Bosak, Patty Hicks, Karen MacKay, Patty Pressly, Kristen Deibert, Shary Mills, Ruth Carrington, Linda Bolton, Susan Reed, Kathy Utley and Jo Flattery.

## Meet for Workshop

Girl scout leaders and co-leaders will start holiday brainstorming next Tuesday.

Mrs. Stanley Taylor of Detroit will discuss holiday handicraft ideas at a workshop to be held in the home of Mrs. Edwin Langtry, 712 Thayer boulevard, from 9.30 to 2.30.

Each leader and co-leader is asked to bring her own tools — stapler, scissors, Elmer's glue, notebook and paper — and a sandwich snack.

Handicraft ideas will be used for Christmas projects by local scouts and brownies.

**HALLOWEEN THRILLER** — Her young audience listens raptly as volunteer reader Mrs. Roseanne Cummings tells a story during the P-TA story hour. She is assisted by Girl Scout Gloria Pacific (background). Sessions, which resumed last week, are held at 10:30 every Saturday morning. Mrs. Al Myers is chairman.

## TO HOST AUXILIARY MEETING

Mrs. Crispin Hammond of Timberlane will hostess a dessert meeting of the Northville State hospital auxiliary at her home November 17. Interested persons are welcome to come and hear about the work of the auxiliary, Mrs. Hammond said. The meeting will begin at 1 p.m.

## Scout Leaders' Conclave Set for Tuesday Evening

Adult leaders of the Sunset District Boy Scouts will hold their annual meeting at the Cherry Hill junior-senior high school in Inkster Tuesday evening at 6:30.

Horace Cook, district chairman, who has been re-elected for 1960, will preside at the meeting. Other officers and members-at-large elected for the coming year from Northville are: Chris Hammond, vice chairman; Philip R. Ogilvie, vice chairman; Philip Fisher, Phil H. Nauman, Ed Welch, Wilson Funk and Clarence Jerome.

"This year's meeting will be attended by more than 600 adult scouts," according to Ogilvie, chairman of the annual meeting planning committee. "We hope that more than 600 will be able to attend this, our largest annual meeting; we have room for many more this year. Just send in your reservation and bring your food for the potluck dinner and have an enjoyable and inspiring evening. It's not too late."

A feature to be presented at this meeting for the first time is a special slide film of district program highlights. Narration of the slide film is by two professional radio announcers, Pierre Paulin and Hugh Roberts, station WWJ.

The Rev. John Taxis of Northville will be master of ceremonies. Community singing will be led by Dr. Sam Prisk, Livonia community commissioner. An instrumental trio has been obtained from the Plymouth high school to play music during the meal and the program. Reverend Whitmeyer, Christ Methodist church, Inkster, will give the invocation.

Two Silver Beaver awards will be given at the meeting. The Silver Beaver is the highest award of the Detroit Area Council. Nominations for the award are secret and are based on long service to boys through scouting.

Other awards will be given to 42 adult scouts. These awards are Den Mother awards, Scouters awards and Scouters keys. All are awarded for service to boys over a considerable length of time.

The meeting will be held at 1 p.m. in the home of Mrs. D. Hurd Clark. Mrs. Mueller, a member of the local branch of the Woman's National Farm and Garden association, will show how seed pods, cones, greens and materials native to the Northville area can be used for making eye-catching and artistic wall plaques and table pieces.

Her arrangement ideas have reportedly brought praise from members for their combination of practicality and smart effect.

Assistant hostesses for the meeting will be Mrs. A. E. Northup, Mrs. R. J. Wright, Mrs. Charles Ely and Mrs. W. McBride.

## about WOMEN

2—Thursday, November 5, 1959—THE NORTHVILLE RECORD

## NEWS AROUND NORTHVILLE

Mr. and Mrs. Howard Fuller of West Seven Mile road returned from a west coast trip Sunday. On their way home they visited Mr. Fuller's brother, Russell, in San Antonio, Texas.

Wayne State university and Western Reserve in Detroit. Mr. Becker was a judge of the Wayne homecoming floats.

Patty of Six Mile road returned recently from several weeks vacation in Europe. While there they visited George and Gay Bulterman in the Hague. Mrs. Bulterman is the former Gay Duerson.

Mrs. Robert Haass and daughter

The Howard Atwoods of High street motored to Traverse City last week end where Mr. Atwood attended a Masonic meeting of the Knights of the York Cross of Honor.

Mrs. James Spagnuolo of East Main street entered Community General Hospital for a check-up Monday.

The Wilfred Beckers and children of Dubuar street attended last Saturday's homecoming game between

## Engaged

Mr. and Mrs. Laurence L. Quill of East Lansing announce the engagement of their daughter, Mary Alice, to Karl Hofmann, son of Mrs. Eugenie Hofmann of Mellichstadt, Germany, and the late Wilhelm Hofmann.

The bride-elect is a graduate of Michigan State university and a member of Alpha Delta sorority.

Karl, a former Northville exchange student, graduated from Northville high school in 1954, is an honors college student at Michigan State university. Since his return to this country in 1955, Karl has made his home with Mr. and Mrs. Al Jones of Horton street.

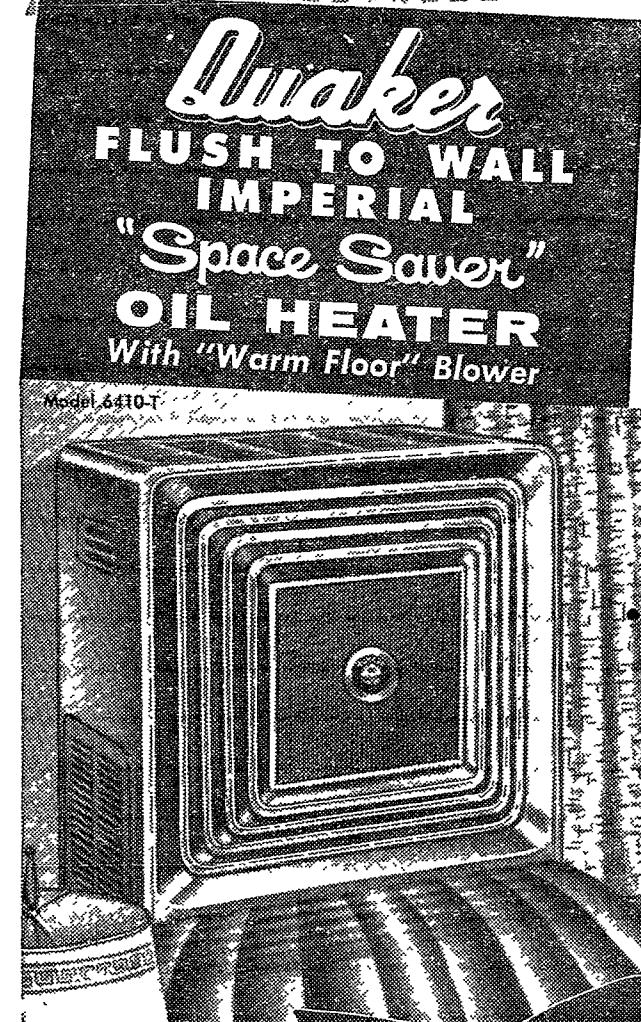

The wedding will take place November 21 in East Lansing.

## Newcomer's Corner

"I look upon every day to be lost,  
in which I do not make a new acquaintance."

—Samuel Johnson

THE SMILINGEST FAMILY are the William Rulands of Echo Valley. Seated (l-r) are Marcelaine, Charlaime, Lizabeth Anne, Mrs. Ruland with Jennifer Lynne, Billy, Mr. Ruland and Jim. Missing from the picture is their dog, "Lucky".

Ex-Detroiters Mr. and Mrs. William Ruland and their six children, Marcelaine, 11; Charlaime, 9; Billy, 7; Jim, 4; Lizabeth Anne, 2, and Jennifer Lynne, 2 weeks, like their new home in Northville.

Former residents of St. Louis and Philadelphia, the Rulands have lived in Michigan for the past three years, now hope to settle down here.

Happily their hobbies will blend with the suburban environment. The youngsters enjoy the elbow room. Their father likes the golf links. The senior Rulands also enjoy grooming the spacious yard around their Echo Valley home.

Mr. Ruland is hoist division manager for Yale and Towne Manufacturing company. He attended Temple college.

The Rulands are members of St. Paul's Episcopal church on Grand River.

### Novi Girl Initiated Into College Riding Club

SuzAnn Wallace of Novi, a student at Stephens college, Columbia, Missouri, has been formally initiated into the Prince of Wales Riding club, and will wear the black and blue ribbons and carry the horse-shoe symbol of recent club membership.

The club, which has been in existence at the college for a number of years, was organized to promote interest in the education of riders and to encourage sportsmanship and an appreciation of fine horses. Members are selected on the basis of ability and interest in horsemanship. The spring and commencement horse shows at Stephens are presented annually by this club.

Activities of Prince of Wales include attendance at the American Royal Horse show in Kansas City, lectures, and other special events throughout the year.

Miss Wallace is the daughter of Mr. and Mrs. John H. Wallace, 47430 West Ten Mile road.

### Births

A daughter, Cathy Ann, was born to Mr. and Mrs. Frank Heintz, 767 Carpenter, on October 30 at New Grace hospital. Cathy Ann weighed seven pounds, six ounces. Heintz is a member of the Northville police department.

### Legion Auxiliary Plans Friday - Saturday Sale

Next week will be a busy one for Northville's American Legion auxiliary.

Besides joining Lloyd H. Green Post No. 147 in celebration of Veterans' Day Wednesday, auxiliary members will meet Monday to make final plans for a Friday and Saturday rummage sale and to prepare boxes for veterans at Maybury sanatorium.

The meeting will begin at 7:30 p.m.

Ladies bringing cookies for Maybury vets are asked to have them at the Veterans' home by 7:30 at the latest, Auxiliary President Mrs. Lorraine Steimel announced.

Clothing and household articles for the November 13-14 rummage sale will be accepted all week. For pick-up call Mrs. Steimel at FI-9-1682.

Phone local news items to the Society Editor, Fieldbrook 9-1700.

Come in today!

## Ellis Electronics

110 E. MAIN STREET — NORTHVILLE  
WE SERVICE RCA VICTOR COLOR TELEVISION

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

## TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

A Special Message from Chevrolet and Your Local Authorized Chevrolet Dealer

## No More Footprints ...

No more footprints on those beautiful shag rugs when we retrieve them from this "giant" washing machine. This stainless steel machine uses 8 gallons of water for each pound of fabric laundered. After a thorough laundering consisting of a complete changes of "rain-soft" water, they are dried to their original fluffy softness. Clean rugs and the festive holidays seem to go hand-in-hand. Give us a call today!

## from the PASTOR'S STUDY

The Rev. Peter Nieuwkoop, Pastor  
First Baptist Church, Northville

### FAITH IN THE TRUTHFULNESS OF THE BIBLE

The history, the claims, the promises of Christianity all hinge on the veracity of the Holy Scriptures. If the Bible is true then these things may be believed.

So many people today are paying lip service to Inspiration of the Scriptures by saying, "I believe the Bible," or "I believe the Bible is the Word of God," and then almost at the same time deny what the Bible teaches. This is largely due, no doubt, to the ignorance of what the Bible contains.

Since the Bible is seldom read and even less seldom understood, people are "amending" without good reason. At best they have but a second-hand faith in the Bible. They have never taken time to examine its contents nor to consider the proof available both inside the Bible and outside evidence. It is no wonder that the Mr. Average Man is so little affected by its contents.

When one is firmly convinced that the Bible is God's word and is true, then the Bible becomes his book of authority. He can say then, "I know because God has revealed it," he can say, "I believe because God has spoken."

### MANY PROOFS

There are many available proofs to convince the inquiring heart that the Bible is what it claims to be. I wish that I had space to give a number of them to you.

I must limit myself to just one proof. The men whom God used to write the Bible wrote about scientific wonders far in advance of the age in which they lived. A careful reading of Job

38-39 will reveal a series of 40 questions which for the major part still cannot be answered by scientists today. Among these questions you will find questions about the sound of light; the world's drainage systems, the springs of the sea, and about the Gulf Stream. All written in the book of Job which is considered to be the oldest book of the Bible by scholars.

Hebrews 11:3 says "Through faith we understand that the worlds were formed by the Word of God, so that the things which are seen were not made of things which do appear." The last part of that verse says literally, "So that the things we see are made up of things we cannot see."

When I was in high school, we were taught that the atom was the smallest division of matter. (Webster's Dictionary still says the atom is indivisible, a particle, a jot). Today we know better. By the splitting of the atom we have discovered a way to blow this earth to Kingdom come. Scientists tell us that the atoms are little worlds of their own. Each with a center point around which small satellites revolve. We cannot see this, but they declare that it is true. So that the statement made back in 64 AD is a truth discovered by modern science just within the last few years.

Marvelous indeed! This is but one of the proofs which convince me that the Bible is God's Book. Therefore I can believe what it says about Noah, and the flood; Daniel in the Lion's Den; Jonah and the great fish; the Miracles of Christ; the Resurrection of the Body. It becomes the sure word upon which I may depend for my eternal Salvation. It becomes the foundation for my faith when I say, "This I believe."

## Prayer's Healing Power Told

Scientific prayer is bringing increasing numbers of people healing, comfort and reformation, Richard L. Glendon of Los Angeles said in a public lecture Monday.

The vital power of effective prayer, promised in the Bible, is available to all, impartially, Mr. Glendon declared.

On nationwide tour as a member of the Christian Science board of lecturership, Mr. Glendon spoke under the auspices of First Church of Christ, Scientist in Plymouth. He was introduced by Mrs. Mary Yahn, Second Reader.

During the course of his lecture entitled "Christian Science: The Healing Comforter," Mr. Glendon described healings through wholly spiritual means of kidney stones and stomach ulcers.

He took his keynote theme the Apostle James' promise, "Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord: and the prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed

sins, they shall be forgiven him" (5:14, 15).

He urged his audience to turn to the Bible to find the way to true and effective prayer.

Christ Jesus, he said, knew that it was his spiritual understanding of God that enabled him to accomplish his mighty works.

"He devoted his ministry and sacrificed his human life in the effort to teach others this wonderful truth that saves, heals and comforts," he declared.

Mr. Glendon pointed out the danger of personalizing the healing power of effective prayer.

"You, who are familiar with the Bible," he said, "will recall that there was always the tendency of the people to personalize this power, to see it as God's special dispensation to some particular individual. The result was that they failed to grasp the all-important fact that this power of true prayer is available to all, impartially."

He held that the Comforter promised by Christ Jesus (John 14:16) is available today to teach mankind how to pray as Jesus prayed.

"The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God — a spiritual understanding of Him, an unselfed love," he said, quoting from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

pail after pail after pail . . .

there's always plenty of hot water

the new electric water heater way

House cleaning is so much easier, so much faster when there's plenty of hot water.

You can be confident that an electric water heater, plus Edison's Super Supply Plan, will provide round-the-clock hot water for cleaning and all the rest of the family's needs, too.

Here's the convenient, modern way to GET IT HOT . . . GET A LOT for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Fast—new, more efficient heating units
- ☒ Install anywhere—need not be near a chimney
- ☒ Outer shell—cool to the touch all over
- ☒ Long life—meet Edison's rigid standards
- ☒ Edison maintains electrical parts without charge
- ☒ Automatic—all the time
- ☒ Safe—clean—quiet—modern

Stage Last Half Revival to Win 27-0

# Mustangs Crush Wolves

Someone poured life into a Northville football battery at half-time last Friday night.

That's what the Northville dads must have thought when they saw their charged-up sons bounce back after a slow first half start to crush Clarkson, 27-0.

Coach Ron Schipper who has watched his teams battle their way to 31 straight league victories said "we just talked the situation over" at the half and the rejuvenated squad electrified fans with a near perfect offensive and defensive field display.

The victory assured Northville of at least a share of the league championship — the fourth in as many years. Only a non-league loss to Class A Plymouth has marred Northville's otherwise perfect 1959 season.

However, the Mustangs must post a victory over Clarenceville tomorrow to gain undisputed possession of the league crown.

Playing before a Dads' Night crowd at Ford Field Friday, Northville's second stringers grabbed the limelight from the starters and pushed over the lone first-half touchdown in the second period.

Up until then, the Mustang regulars had penetrated the Wolves' territory — once to the one yard line — but were unable to push over the goal line.

Then with eight minutes remaining in the second period, Schipper sent in his second team. On the first play from scrimmage, Substitute Halfback Thomas Darling — who earned top honors in track last season — darted 24 yards between the right tackle and end to score Northville's first touchdown.

Center Wade Deal kicked his first of three extra points.

Earlier in the first half, the regulars powered their way to Clarkson's one-yard line, but Fullback Gary Morgan fumbled the ball as he plunged over center. Clarkson recovered the ball.

In the final seconds of the first half, Darling grabbed the ball in a "statue of liberty" play and sprinted upfield 33 yards to Clarkson's 33-yard line. But the attack died with the end of the half.

The Northville fathers met their sons at the field entrance as the second half got underway.

The Mustangs took the hint, for within three minutes they had plowed upfield 78 yards to Clarkson's goal line. Fullback Morgan redeemed himself for his first quarter fumble by plunging over for the touchdown.

A 44-yard race around the right end by Halfback Larry Nitzel highlighted the 82-yard touchdown drive.

Minutes later Halfbacks Roger Atchinson and Nitzel took turns carrying the ball from Northville's 15-yard line into Clarkson's end zone as the Mustang blockers pounded the Wolves into the ground.

Atchinson sprinted 17 yards over left tackle to score the touchdown after Nitzel dodged through a wall of would-be tacklers for a 58-yard gain.

A Northville threat early in the fourth quarter died on Clarkson's 21-yard line where Deal's first field goal attempt dropped short of the mark.

Then with little more than four minutes remaining in the game, End Joe Gotro sped past Clarkson's aerial defense and pulled in a long pass from Atchinson — good for a 60-yard touchdown.

Deal's kick went wide of the uprights.

Fans were still buzzing over Gotro's catch and Northville's second half recovery when the game ended.

## Principal, Student Win Grid Quiz

An assistant high school principal and a 13-year-old eighth grader paced the contestants in last week's football contest.

Winner of the \$10 first prize was Raymond E. Olson of Plymouth, assistant principal at Bentley high school in Livonia.

Runner-up and winner of \$5 was Robert Bosak, 4300 Nine Mile road, an eighth grader at Our Lady of Victory.

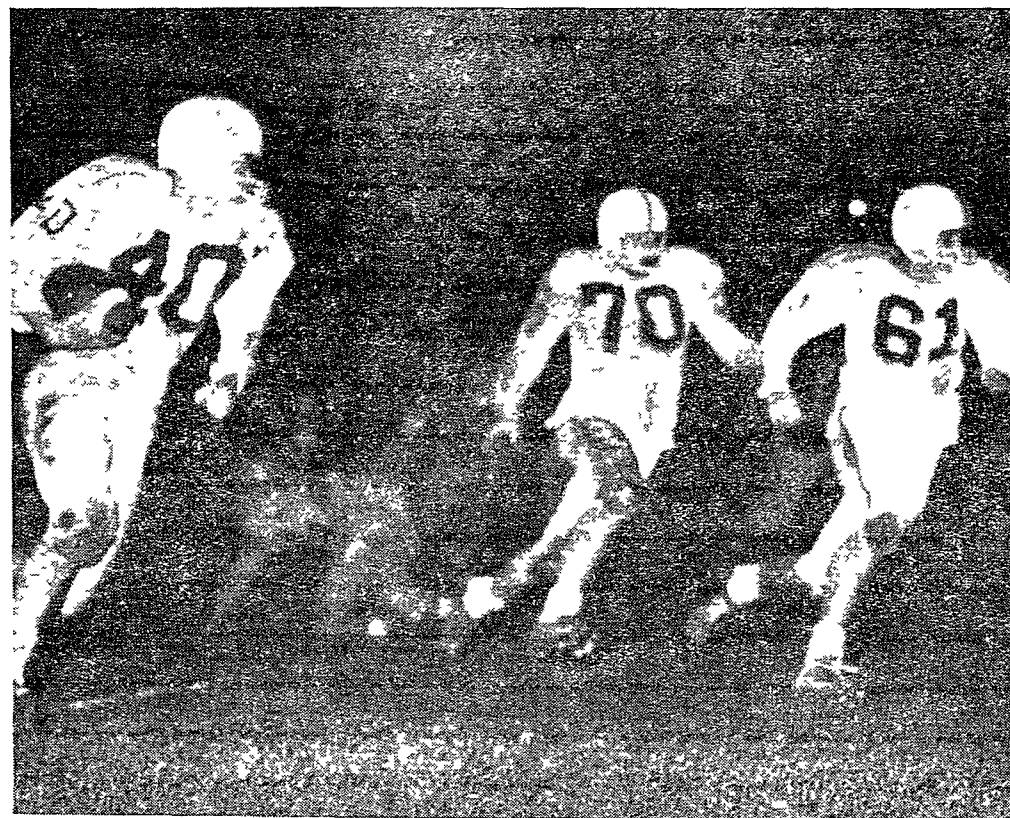

Both Olson and Bosak missed four games in a week of heavy losses by the prognosticators. Olson came closest to predicting the score of the Lions-49ers game.

Three other entries had four wrong, but their prediction of the professional score was not close enough. These contestants were Sharon Hinchman, Don Lahr and Seymour Orr.

It was a bad week for picking the winners. Many entries had as many as eight or nine wrong out of 15. Two tie games (Illinois-Purdue and Army-Air Force) were automatic misses for everyone. Other games most frequently missed were Michigan State-Ohio State, Nebraska-Oklahoma, Oregon State-Washington State and Washington-UCLA.

**DAD'S NIGHT** — Fathers of Northville football players were honored Friday night by getting choice seats next to the Mustangs' bench. They received an ovation from the crowd at the half. Above, they line the entrance to Ford Field as the Mustangs pour back onto the field for their amazing second half.

**THERE WAS NO** stopping the fired-up Mustangs in the second half of the game with Clarkson. After a weak start in the first two stanzas, Northville came back to score three touchdowns and to capture its 31st league win in a row. In the picture above Lineman Fred Mitchell (70) and Jerry Biddle (61) move into position to shovel the Wolves aside for Halfback Larry Nitzel's 44-yard sprint around right end early in the third quarter.

## W-O Crown 1 Game Away

Add 'em up: 31 straight league victories since the Mustangs rapped Holly 32-0 back in October, 1955.

Review the records: 3 W-O league championships in a row.

Count the wins this season: 6 league victories — and a single loss to a non-league Class A eleven (Plymouth, 9-0).

These are some of the figures Math Teacher — Coach Ron Schipper has mulling through his mind this week while preparing his gridders for their final league game with Clarenceville tomorrow.

Anyway you look at the figures, the answer's the same Northville has one of the toughest football teams in the state.

But tomorrow, a last place team which has lost five games and tied one will be doing its best to wreck Northville's adding machine.

"They (the Trojans) don't have much to lose so they'll probably be using a lot of different plays. We've got to convince our boys that they must at least play football to win", Schipper declared this week.

Clarenceville, Schipper said, will try everything in the book in order to come out on top — "long passes, unorthodox plays, everything."

## 'Old Friend' Beats Harbert

Chick Harbert, Northville's golf professional at Meadowbrook Country club, bowed to an old friend Sunday as he lost the third round of a television golf match series to Mike Souchak.

Souchak, who walked off with top prize money here last summer in the Motor City Open, won the third match of the new program under a wet Texas sky at Fort Worth.

We've got to be ready for anything."

One of Schipper's biggest worries is lack of enthusiasm. He is the first to admit that the Mustangs have looked poor whenever they fail to "catch fire" before clashing with a gridiron opponent.

Last week against Clarkson, Schipper explained, there wasn't much enthusiasm in the first half

of the game. "We were missing blocks everywhere; we couldn't do anything offensively."

Then after a "let's get down to business" half-time session, the Mustangs sparked to life and demonstrated some great football. Schipper is hoping this spark is in the Mustangs' back pocket when they take the field tomorrow — first half and second.

## Cross Country Team Wins 10th Place in Season Finale

The fellows with the long legs and huge lungs hung up their spike shoes Saturday, marking the close of Northville's first cross-country track season.

Coach Chuck Yahne, who has been at the helm of the new sport at Northville since it started this fall, gave his young squad "A" for effort as he put away the record book.

The long distance runners, with Phil Jerome leading the way, grabbed 10th place at the Farmington Country club Saturday where close to 120 boys from 17 schools competed in the regional cross country meet.

"That's a pretty good finish considering this is our first season," Yahne said. "The boys did their best throughout the season — and with many of them back next year, we have the nucleus for a terrific team next fall."

The Mustangs competed in eight regular matches and the regional in this their first season. These included contests with three Class A schools, Plymouth, Thurston and Walled Lake.

Fleet-footed Jerome gave Northville two first-place awards in meets with West Bloomfield and Clarenceville. His running earned him the

number one position on the varsity Mustang squad.

Ivan Ely and Howard Sherman tied for the second spot, while Dan Ling nailed down the third position. All four earned varsity letters, Yahne said.

Top runners for the junior varsity squad included Mike Myers, Gordon Hubbert, Fred Burn, Jim Wharton and Martin Klerk.

## 'Hunting Cards' Go Out To Permit Applicants

Mass mailings began this week to notify the 208,420 applicants how they fared in the recent drawings for special deer hunting permits.

Approximately 100,000 persons will receive permits to hunt deer of any sex or age in 39 areas during this fall's November 15-30 firearm season. Application cards have been sent to a commercial printer for markings which will indicate whether the applicant was successful or otherwise. The marked half of each card will be mailed to the applicant while the other half will be held in Lansing and used in checking for persons who have illegally submitted more than one application.

# FOOTBALL CONTEST

## WIN CASH PRIZES WEEKLY

★ IT'S FUN

★ IT'S EASY

★ ANYONE CAN WIN

★ NOTHING TO BUY

### \$10 FIRST PRIZE

### \$5 SECOND PRIZE

EVERY WEEK

HERE'S ALL YOU DO . . .

In each of the 15 spaces provided below place a circle around the team you believe will win. Be sure to pick a winner in all 15 games. Note that in one game it is necessary to pick the probable score. This will be used only in case a tie occurs and then the contestant whose score is closest to the actual score will be declared the winner.

Enter just once a week, but you may enter as many weeks as you desire. In case of ties, prize money will be split.

Be sure to write your name, address and phone number

plainly in the space provided. Free entries are available at The Northville Record office.

Employees of The Record-News or sponsoring merchants are not eligible to enter.

## The Buy of the Week!

A 1957 custom-built 3 br. ranch home on Cottisford Rd., Brookland Farms. One of the finest homes in the area on an easily cared for big lot (180x210) overlooking a lovely valley with big trees and a small stream on the south side. Easily reached, yet quiet and peaceful — a spot for relaxation. School bus at door. Very interesting price and terms. Call us for appointment.

A modern 2 br. ranch in a setting of beautiful gardens and trees. Fireplace, full basement, new oil furnace, near schools on N. Center.

A sound, well-kept older home on Cady, 3 br. and separate apt. with kitchenette and bath. Fenced yard with beautiful trees. 2-car garage. Can be 4 brs. or 3 brs. and apt. Brand new automatic furnace. Move fast on this one, it's priced to sell.

A 1954 3 br. ranch on large lot in nice section of Northville. Separate sewing room. Large screened porch, fireplace, storms, screens, TV antenna, ready to move in and live!

Combination store and 5 room home in Salem. With the growth of suburban living this could be a gold mine! Price is reasonable with small down payment. Here's your chance for developing a sustaining retirement business.

Here's another chance to combine home and business with a modern 4 br. home, full basement, on large lot, zoned C2. Large block garage with 10 ft. doors, suitable for machine or repair shop. On Novi Rd. between Novi and new highway.

We have several pieces of acreage that can be divided to suit the purchaser. This is your opportunity to get just what you want where you want it. But don't wait — prices on acreage are going up.

We have large lots in the most beautiful areas around Northville — Brookland, Thornapple, West Main, etc. Somebody is going to be really happy with them — it could be you!

A wonderful deal for the large family! A five bedroom home, large living room with fireplace, separate dining room, kitchen, breakfast room, enclosed porch, full basement with gas heat, 2-car garage. And a real bargain for a good location right in town.

## NOTICE OF HEARING CLAIMS

Donald B. Severance, Attorney  
392 Fairbrook Court  
Northville, Michigan

State of Michigan  
THE PROBATE COURT FOR THE  
COUNTY OF WAYNE  
No. 478,026

In the Matter of the Estate of  
RAY D. HARRISON, SR., also  
known as Raymond D. Harrison,  
Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon CHARLES L. HARRISON, Administrator of said estate, at 14291 Northville Road, Plymouth, Michigan on or before the 13th day of January, A.D., 1960, and that such claims will be heard by said court, before Judge IRA G. KAUFMAN in Court Room No. 1221, City County Building in the City of Detroit, in said County, on the 13th day of January, A.D., 1960, at 2:30 o'clock in the afternoon.

Dated November 2, 1959  
IRA G. KAUFMAN,  
Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated November 2, 1959  
ALLEN R. EDISON,  
Deputy Probate Register  
Published in Northville Record  
once each week for three weeks  
successively, within thirty days  
from the date hereof. 26

# Halloween Capers

Hundreds of children turned out for the annual Halloween party sponsored by the Recreation department, Retail Merchants and Northville Optimists. The youngsters above were awarded prizes for the best costumes. The winners were: (above) Donald Campbell and Sally Cargo, scariest costume; Susan Grieger, oldest in costume; Tom Wright and Pug Sliger, funniest costumes; Tom Wheaton and Christy O'Leary, most original costumes; Linda and Wayne McBride and Kenneth Shrewsbury and Boots Gregersen, most original couples; Cynthia Baldwin and Jane Tyler and John Canterbury and Libby Cargo, best dressed couples; and Jennie Gasser and Christine Budak, youngest children in costume.

AT RIGHT — Mrs. Lucy Miller's Main street second graders celebrated Halloween like hundreds of other elementary students by coming to school Friday afternoon in costumes and having a party.

## Give Polio Drive "New" Name in '60

The annual fund raising appeal of the National Foundation will be known in January, 1960, as the "New" March of Dimes, in keeping with the expanded program of the organization which now includes birth defects and arthritis as well as polio, the Rev. G. Burton Hodgson, chairman of the Oakland county chapter, said today on returning from a regional campaign meeting at Chicago.

The word "new" was added to call attention to the fact that March of Dimes funds are now behind the fight against two more crippling diseases, Mr. Hodgson said.

Along with the new program areas, of birth defects and arthritis, a big share of the 1960 New March of Dimes funds will continue to be used in polio work, both carrying for patients and continuing research into aspects of the disease that are still unknown.

Although the Salk vaccine has been available for four years, polio still remains a major concern because of patients stricken in earlier years and because millions of people still have not been vaccinated, he said.

"There are still 50,000 polio patients receiving assistance from the National Foundation's chapters, and there will be more polio cases in 1960 because of failure to take the vaccine. Aid to polio patients will require millions of dollars

DEDICATION of a new residential unit at Our Lady of Providence school on Beck road was held Saturday morning. The building, named Cardinal Mooney Residence, commemorates the late Edward Cardinal Mooney who passed away a year ago. Cardinal Mooney spearheaded similar development projects as Archbishop of Detroit. Detroit Archbishop John F. Dearden (below) blessed the rooms.

## Dedicate Residence at Girls' School

More than 400 friends of Our Lady of Providence school for retarded girls attended the dedication of the home's first residence cottage Saturday.

Archbishop John F. Dearden officiated at the blessing of the building, named Cardinal Mooney Residence, in memory of the late Detroit Archbishop who spearheaded

similar building programs in the archdiocese until his death a year ago.

Addition of the new \$150,000 unit will enable an enrollment increase of 40 students, Principal Sister Mary Catherine, DSMP, said. Sister Valentine, DSMP, is director of the home.

Since its opening in 1957, all housing, classrooms and administrative facilities of the school have been located in one three-wing building. Until now 80 girls, ages 6-16, were accommodated in this building.

Future plans call for construction of five more dormitory buildings. Housing space in the main building will then be converted to classroom use, Sister said.

Besides dormitory rooms the new unit contains a dining room, day room and large activities room. Dedication talks were held in the activities room. The Rt. Rev. Monsignor Joseph Bretenbeck, pastor of Assumption Grotto parish was guest speaker.

The school is conducted by Daughters of St. Mary of Providence, a religious order specializing in the care of the mentally handicapped. Among the guests were the Rev. John Wittstock of Our Lady of Victory church; Dr. Pasquale Buoniconito, medical director of Wayne County Training school; clergymen and professionals, as well as parents and friends of the school children. O.L.V. altar boys participated in religious rites.

Contributions from residents of the eight-county archdiocese financed the school building program.

### NOTICE OF PUBLIC HEARING CITY OF WIXOM

on

Proposed Amendment to Ordinance No. 40 entitled, "Offenses Ordinance of the City of Wixom", Section 8 — Penalties — To be known as "Ordinance No. 40-A".

The City of Wixom Council has for consideration of enactment, on November 12, 1959, at 8:00 P.M., at a regular meeting, an amendment to Ordinance No. 40 entitled, "Offenses Ordinance of the City of Wixom", Section 8 — Penalties. Said amendment to be known as "Ordinance No. 40", and Section 8 — Penalties, amended to read as follows:

#### Section 8 — PENALTIES.

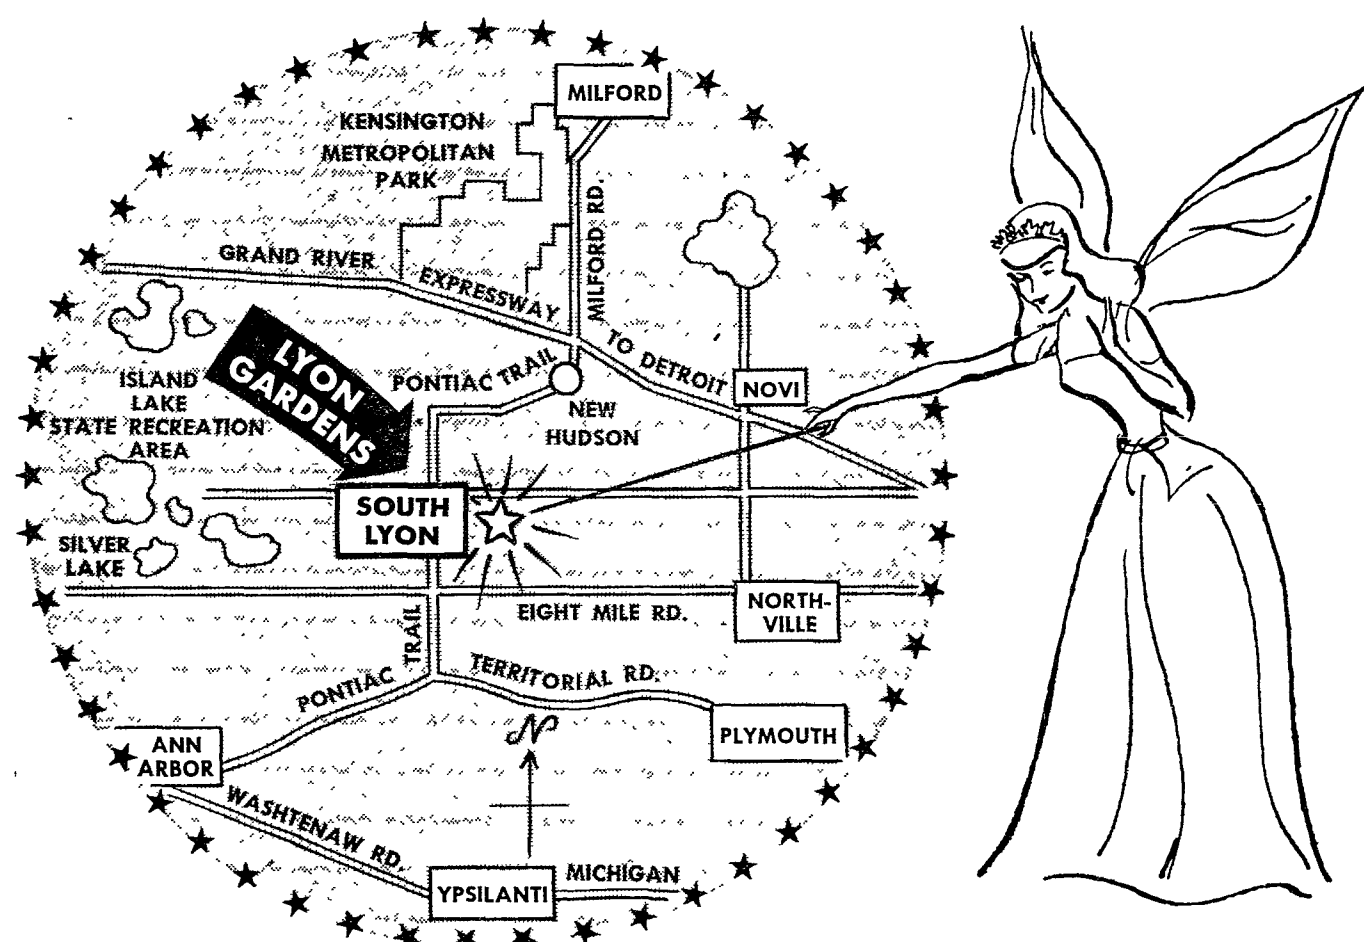

Any person who shall violate the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not exceeding five hundred (\$500) dollars or by imprisonment in the Oakland County jail for a period not exceeding ninety (90) days, or by both such fine and imprisonment in the discretion of the court, including the cost of prosecution.

All interested parties shall be given an ample opportunity to be heard.

Notice Is Further Given that the proposed amendment to Ordinance No. 40 may be examined at the Wixom City Hall, Office of the Clerk, 131 North Wixom Road, Wixom, Michigan, during office hours each day, Monday through Friday.

# Sunday is Appropriate Date For High School Dedication

More than 2,000 residents of the Northville school district are expected to attend the dedication of the new \$2 million high school Sunday. (See story on page one).

Following the program tours of the school will be conducted. Pictured on this page are some of the facilities that will be shown.

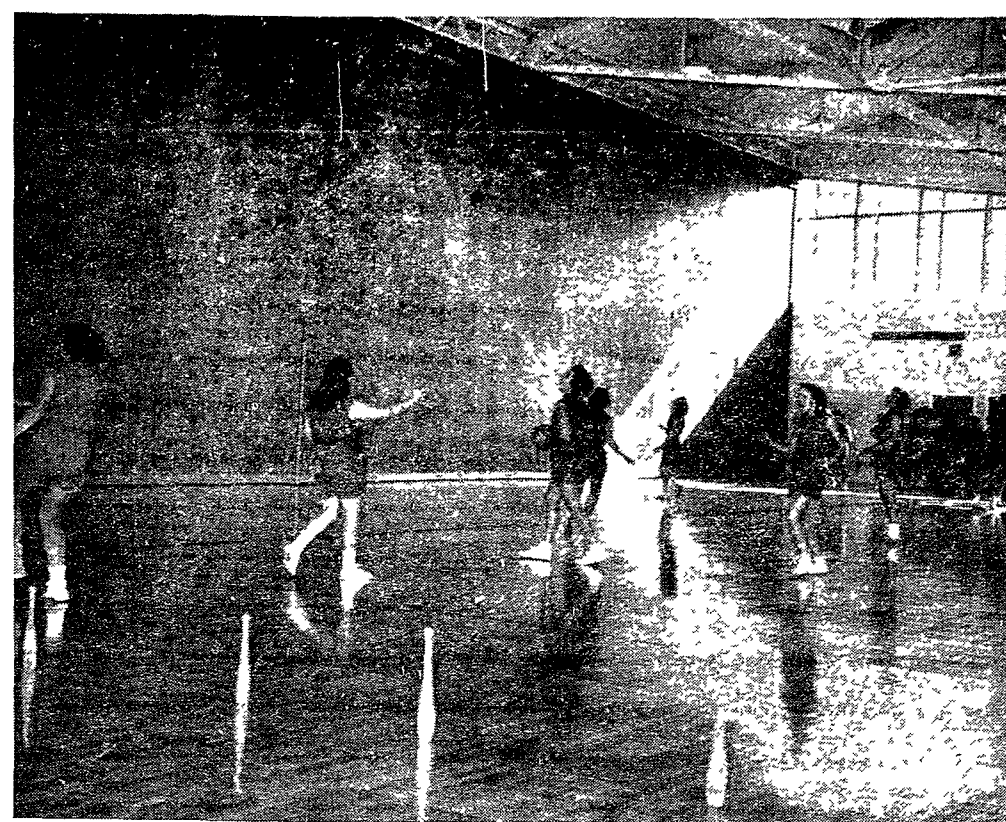

Appropriately enough, the new high school will be dedicated on the first day of National Education Week.

This modern cafeteria kitchen provides lunches daily for student and teacher alike. A well-balanced menu is prepared daily by Mrs. Marie Knapp, cafeteria manager. Two lines provide rapid service so that students may all be served during half-hour periods spread over three hours.

For 35c a student can dine quickly in this comfortable, well-lighted cafeteria. A typical menu: Swiss steak, mashed potatoes, peas, rolls, butter, raspberry chiffon and milk. For students who bring their own lunch, one cafeteria line provides drink and dessert.

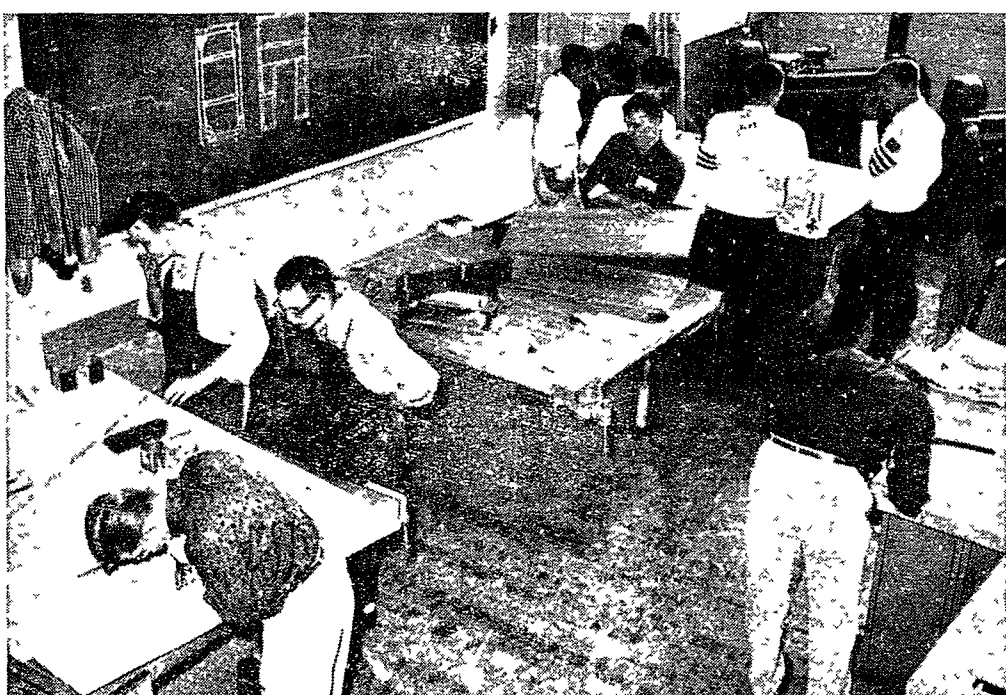

Two physical education classes—for boys and girls—are conducted simultaneously by dividing the huge gymnasium with a collapsible oak-paneled wall. The wall folds into a small area at each end of the gymnasium when the varsity basketball floor, occupying the center of the double-sized gym, is being used. Sunday's dedication program will be held in the gymnasium, which has a seating capacity of 2400.

This family living area provides facilities for courses in home economics. The picture was taken from the classroom section. In the foreground is a completely furnished living room, while a folding door separates the living area from the kitchen. The young future housewives learn to apply classroom knowledge quickly by actually performing what they have learned to these model facilities.

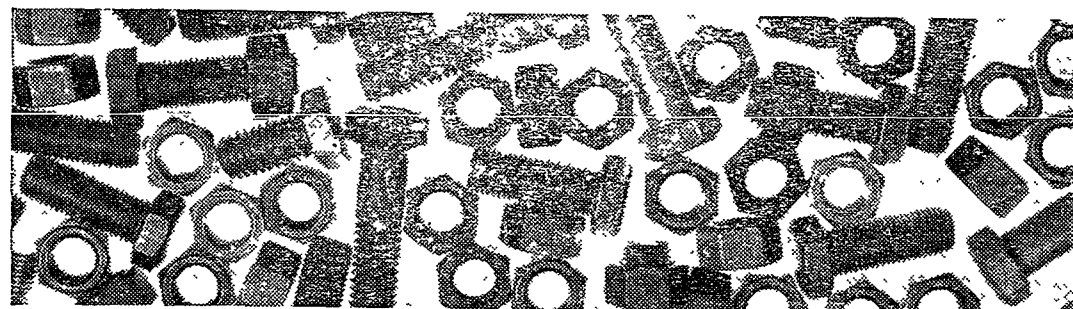

Woodworking, sheet metal, welding, machine shop and other manual arts are taught in this modern work area. The recessed area is on an outer wall to permit entrance of a vehicle for engine repair and also prevent any disturbance to classroom sections. Storage facilities along the inner wall house all necessary tools and materials needed for any particular job.

In addition to study tables the library provides a reading area where students may enjoy newspaper and magazine publications to keep up on current events. The library is still being stocked with books. Ample use of glass and overhead lighting permits easy reading in all sections of the library.

THESE ARE SOME OF THE NUTS, BOLTS AND SCREWS THAT WERE NOT PUT INTO THE BODY AND FRAME OF THE 1960 PLYMOUTH.

They can't loosen and rattle because they're not there. Instead, Chrysler engineers now bring you Dura-Quiet Unibody: a body and frame that's a single unit welded around 5400 times for super strength. You will feel and hear the difference the first mile you drive the Solid Plymouth for 1960.

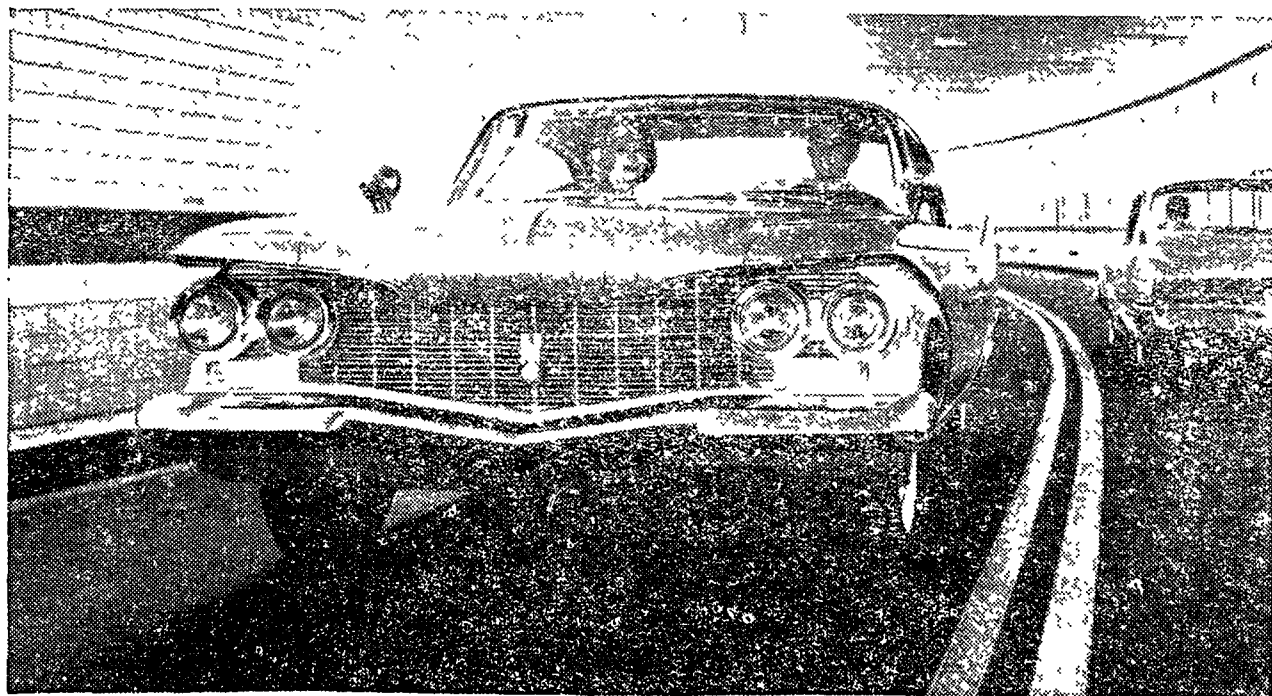

Expect a pleasant new experience when you first try the '60 Plymouth. What happened to the "car sounds" you used to think were normal? They're gone, in the new Solid Plymouth. They

were built out of it from the start. And they won't appear later to haunt you, because this car is built to stay quiet for a long, long time.

Quiet durability is only one of the advantages of solid Unibody construction. You'll notice unusual new comfort as well, and new handling ease.

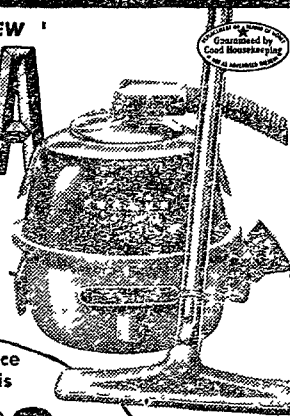

We think this is the best built, best performing car in the low-price class. Try it and see what you think.

Built a new solid way to give you solid satisfaction

John R. Nowels, vice president and general manager of Nowels Lumber and Coal company, has accepted an invitation to participate in a major business management program at the 6th annual Building Products exposition to be held this month in Cleveland, Ohio. This session covering cooperative dealer-manufacturer programs for education of retail employees in the lumber and building materials industry will employ dramatic skits and professional employee-training experts to point up the industry's training problems and their solutions. Mr. Nowels will "star" in a dramatization with his sister, Martha Nowels, head of Nowels Advertising in Tucson, Arizona.

The Building Products exposition, scheduled for November 14-17, is the yearly convention and trade show of National Lumber Dealers association. It is the largest and most comprehensive exposition of its kind and is the only national trade show staged and programmed for the particular interests of the lumber and building materials dealer. Unusual and complex in nature, it requires more than a year of advance planning.

Nowels is a second generation lumberman and son of Russell W. Nowels, who is well known for his advertising and merchandising contributions to the retail lumber and building materials industry, and is president of the lumber yard firms in Rochester, Oxford and Northville. He launched his career in this field 11 years ago with the Nowels Lumber and Coal company which also operates the Brown Lumber company in Midland, and the Lake Orion Lumber and Security Transit Mix companies in Lake Orion.

No newcomer to exposition activities, Nowels served as a program speaker at National Retail Lumber Dealers association's 1956 show in Chicago and as a program chairman at the 1957 Philadelphia show. Nowels is also a director of two Michigan wholesale buying groups.

Colts Edge Bulldogs  
Then Lose to Wolves

Northville's junior varsity eleven took the short end of a 13-6 contest with Clarkston Tuesday night after edging Brighton a week ago, 19-13. The Colts led 6-0 at the half at Clarkston Tuesday, but the Wolves' JV squad bounced back with seven points in the third period and six more in the final stanza.

Jim Anderson scored the Colts' lone touchdown, plunging over from the three. Tom Swift set up the touchdown with a 25-yard pass to Anderson.

Northville fumbled twice on Clarkston's goal line during the game to give the Wolves possession.

Last week three touchdowns on sprints around end gave the Colts the 19-13 edge over the Bulldogs.

Anderson galloped 25 yards for the opening touchdown and Swift scored from the 15-yard line — both in the first period.

Swift added the clincher in the final quarter with another 15-yard dash to the goal line.

U.S. Not Behind  
In Missile Race,  
Rotarians Told

Northville Rotarians and their guests at the annual Rural-Urban program heard U.S. Congressman William Broomfield reaffirm "America's Defense" by stating that the United States is "well ahead" of Russia in missile development with the exception of surface-to-surface models.

Congressman Broomfield spoke to an audience of area newcomers, annually invited by the Rotary club to become better acquainted in the community.

The dinner was held at the First Presbyterian church house and was chairmaned by Dr. James Harris. Toastmaster for the program was Clifton Hill and special entertainment was provided by Karen McAllister, 9-year-old television performer who sang three selections.

Broomfield pointed out that in 1920 the U.S. will spend \$3 billion, \$922 million on its missile program, compared to \$21 million in 1951. He said the effect of Sputnik I was to inflict "a tremendous wound to our pride." He said our nation is completely surrounded by a network of radar with superior ICBM missiles and a rapidly improving anti-missile program. Broomfield said the U.S. had placed its emphasis on a versatile missile program that outstrips the Russian missiles for military use.

Mrs. P. T. Wright of DeKalb, Illinois has been visiting the M. D. Wests of Conemara drive for the past two weeks. Mrs. West is Mrs. Wright's daughter.

The Edwin Langtrys of Thayer boulevard hosted a week end party of four Northville families at Lost Lakes Woods club near Alpena last week end. Mr. and Mrs. George Weiss of Grace street, Mr. and Mrs. John Blackburn of Orchard drive, Mr. and Mrs. Crispin Hammond of Timberlane and families with the Langtrys enjoyed a week end of hunting and golfing.

Mr. and Mrs. Cyril Abbott spent the past week in Ovid as guests of the Henry Polahomus.

## Obituary

## PETER RAYMOND GOERS

Funeral services will be held this morning, Thursday, for infant Peter Raymond Goers, 1½-year-old son of Charles J. and Catherine Goers of 2474 Taft road, who passed away suddenly at home November 2. He was born April 16, 1958 in Pontiac. Besides his parents, survivors include a brother, David; a sister, Deborah; grandparents, Mr. and Mrs. Arthur Goers of Farmington and Mr. and Mrs. George Decker of Hartford, Michigan, and a great-grandmother, Mrs. Theresa Goers of Farmington. The Rev. Father John Wittstock will conduct last rites at Our Lady of Victory church at 8:15. Burial will be from the Dempsey B. Ebert Funeral home in Oakland Hills Memorial Gardens.

## WAYLAND P. NASH

A 35-year resident of Northville, Wayland P. (Jimmy) Nash, 72, of 111 Main street, passed away October 30 at Laurie's Resthaven home after an illness of one week. Mr. Nash, born September 28, 1887 in Rochester, New York, was the son of John Sidney and Lillian (Adams) Nash. He leaves a son, John S., and a daughter, Mrs. Patricia Wyeth, both of Detroit, and five grandchildren, Laura, Vernon, Cindy and Walter Wyeth, and Sandra Lynn Nash. Mr. Nash was well-known as a horse trainer in this area. Funeral services were held November 2 from the Casterline Funeral home, the Rev. Francis Wilson of Woodmere Methodist church, Detroit, officiating. Burial was in Coe cemetery, Coe, Michigan.

17th District Democrats  
To Hear Wash. Report

Democrats of the 17th district will hear a "Report from Washington" at the group's regular membership meeting set for 8 p.m. Friday, November 6 at Carpenter's hall, 22521 Grand River.

Rep. John Brademan (D-Indiana), who was professor of political science at St. Mary's college (Notre Dame, Indiana) prior to his election to congress in 1958, will be the featured speaker.

All interested persons are invited to attend, Alfred V. Meyers, district chairman, announced.

THE SHRINE  
OF SCIENCE

We would not for a moment forget the great contributions which scientists have made to our civilization. Where would we be if it were not for men who through patience and discipline and much hard work have labored in their quest for truth? However, when it comes to a choice between believing what scientists have said or believing the clear teaching of the Word of God, the Christian chooses the latter. When Bible and scientists disagree, you may be sure the Bible will eventually win the argument. A pretty sorry list of mistakes made by scientists could be made in the fields of astronomy, geology, history. What the past generation of scientists taught about the atom is a good case in point. It is regrettable that some preachers have left the solid rock teachings of the scriptures to base their faith on the shifting sands of the latest scientific theory. Sir Richard Gregory has written his own epitaph in these words, "My grandfather preached the Gospel of Christ. My father preached the gospel of science." Jesus Christ said, "Heaven and earth shall pass away, but my words shall not pass away." Matt. 24:35. Faith in the sure Word of God is the highest, most accurate source of knowledge. "His word, forever settled in Heaven."

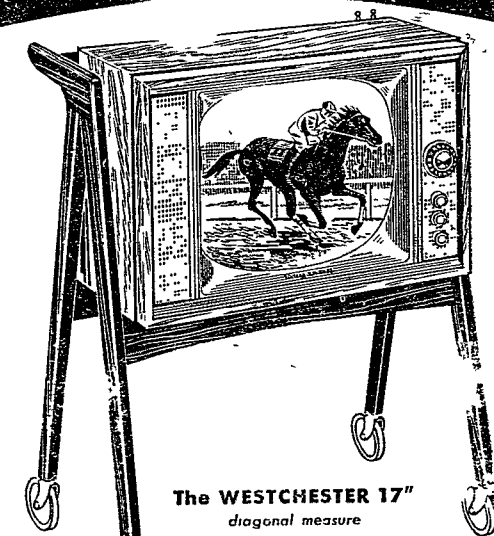

hard work have labored in their quest for truth? However, when it comes to a choice between believing what scientists have said or believing the clear teaching of the Word of God, the Christian chooses the latter. When Bible and scientists disagree, you may be sure the Bible will eventually win the argument. A pretty sorry list of mistakes made by scientists could be made in the fields of astronomy, geology, history. What the past generation of scientists taught about the atom is a good case in point. It is regrettable that some preachers have left the solid rock teachings of the scriptures to base their faith on the shifting sands of the latest scientific theory. Sir Richard Gregory has written his own epitaph in these words, "My grandfather preached the Gospel of Christ. My father preached the gospel of science." Jesus Christ said, "Heaven and earth shall pass away, but my words shall not pass away." Matt. 24:35. Faith in the sure Word of God is the highest, most accurate source of knowledge. "His word, forever settled in Heaven."
