

First of Area History Series

Indians, Wolves, Mud Confronted Novi Pioneers

NOTE: A series of articles dealing with the early history of our area has been prepared by News Editor Jack Hoffman. The series starts this week and will be presented in two parts. It concerns the first settlers of Novi. Following the Novi history, articles will be published on Wixom and Northville. It is hoped that these articles will be helpful — as well as entertaining — to present day residents upon whose shoulders the continued proper developments of the area depends.

Ten days after John Quincy Adams took office as the sixth president of the United States, a robust father of nine children felled the first tree in a wooded wilderness now called Novi.

It was spring, 1825. And Erastus Ingersoll's mind must have been

full of doubts and fears as his crude ax bit through the tree. He was standing in a wilderness, dotted with giant, virgin oaks and maples.

Ingersoll and those pioneers who followed him, could not erase from their minds these disturbing facts:

A few miles to the northwest, some 300 non-hostile, but suspicious Indians camped near the shores of a walled lake; wolves stalked the woods by day and night; seas of mud and swamp lay between them and their last encounter with civilization at Detroit; and above all, a family needed food and shelter to survive.

New York — the home of most of these early pioneers — was a long way off; its hard dirt streets, stores, churches and schools

were now only memories.

The tree crashed to the ground. Soon, others toppled, and almost as quickly as the land was cleared, Novi's first house was built. It was an unpretentious building, but the Ingersoll's found it comfortable and warm during the ensuing winter months.

Even before the Ingersolls moved into their crude, wooden home, some of their earlier fears were lessened. E. R. Ingersoll, son of Erastus, related that the Indians supplied the family with venison and fish for some three or four years after they established their home on the fertile land.

Early Township

When Ingersoll built his home here, the area was then in Bloomfield township, one of two townships in the county. The northern

part of the county was called Oakland township. Bloomfield township comprised the areas now known as Bloomfield Hills, West Bloomfield, Royal Oak, Troy, Southfield, Farmington, Novi, Commerce, Milford and Lyon.

Oakland county at that time had judicial and civil jurisdiction over a huge territory now occupied by the counties of Lapeer, Sanilac, Tuscola, Huron, Genesee, Saginaw and Shiawassee. The entire area was nearly equal to the size of the state of Massachusetts.

Two years after Ingersoll moved into the area; the Legislative Council of the territory of Michigan divided the county into five townships: Bloomfield, Oakland, Pontiac, Troy and Farmington. The latter township then con-

tained Novi, Lyon and Commerce townships — and the first township meeting was held in the home of Robert Wixom.

The township of Pontiac contained Shiawassee and Saginaw counties.

The assessed valuation of Farmington township in 1828 was the lowest in the county — \$44,600, and the total taxes were \$168.53. Pontiac township's assessment was \$106,377 and its total taxes were \$447.24.

Property assessed in 1828 consisted of horses and cattle — one year old and older — wagons, carts and watches — all assessed at their actual value.

In 1833, the following newly organized townships were represented by their first supervisors: Royal Oak by Major Curtis; Novi by Samuel Hungerford, and

Grand Blanc (Genesee county) by Norman Davison. Novi township, first tribute as the price of independent sovereignty, was \$85,941 assessment and the taxes were \$526.22.

Other Early Settlers

Not long after Ingersoll established a home here, John Gould moved into the area. He was a resident for seven years, then moved to Salem in the spring of 1832.

In the autumn of 1823, Joseph Eddy and Pitt Taft settled in the southwest section of Novi. Eddy later moved away (for "more elbow room") and settled in Clinton township where he died. Taft, upon his arrival, immediately began preparing ground for wheat and succeeded in getting in a small field before winter swept into the area.

Others who arrived in Novi during 1825 in search of land on which to erect homes were William Yerkes and Thomas Pinkerton, two young men (cousins) from Romulus, Seneca county, New York; Samuel Hungerford and James Wilkinson from Watertown, New York and Thomas Watis, an Englishman.

Williamson, who married a sister of William Yerkes, later told pioneer Joshua Simmons that, upon his arrival in Novi, after purchasing his land, his whole capital was his ax and a small bundle tied in a handkerchief.

Colonel Hungerford, who filled many public offices during his long life, later moved to California. But 11 years after he returned to live with his son, William P. Hungerford of Northville,

where he died in 1875 at the age of 76.

Other early settlers were David Bentley, Benjamin A. Hance, John Hiles and Thomas M. Gould.

One of the first justices of the peace appointed for Farmington township was William Yerkes; other Farmington offices were filled by citizens of Novi, but records of their names were destroyed in the Farmington fire of 1872.

First Schools

The first school in the township of Novi was opened in the autumn of 1827 in a log building near Baseline (so named because it was a direct line east and west across the southern edge of the territory) on the farm of Pitt Taft.

This school was supported by (Continued on Page 12)

City Hints Support Of Annex Move

Representatives of the Northville Estates Civic association — seeking annexation of their Novi township subdivision into the city of Northville — received moral support from three members of the city council Monday night.

The association, which filed its petitions calling for an annexation election with the secretary of state last week, is seeking certain assurances from the council regarding city policy toward the proposed area to be annexed.

And while the council declined any official comment on its attitude toward the proposed annexation, three of the five-member body present indicated they favored annexation of the 250-acre parcel.

William Stattery, president of the association, asked the council for assurance that:

- use of septic tanks and indi-

vidual water systems could be continued in present and future Northville Estates' homes;

- sidewalks would not be required immediately in the subdivision.

Stattery said that his association also felt it would be desirable if the council would take a position regarding the annexation and also compile information as to effect it will have on the present city tax base.

"Many stories are now circulating and some are not entirely true," Stattery said. He suggested that the council provide figures that would show what the additional cost would be to the city if Northville Estates were annexed and how these costs would compare with the additional revenue.

The council informed Stattery that it would take action to amend its present ordinance restricting the use of septic tanks in the city limits. The amendment, to be prepared by City Attorney Philip Ogilvie, will permit septic tanks in large-area lots such as found in Northville Estates.

The council pointed out that there could be no assurance given the association that would bind future councils. It was explained, however, that in regard to the sidewalk ordinance the intention was not to compel residents to build sidewalks, but rather provide a procedure for building walks where it was determined a definite need existed.

The council further agreed that it would make a definite statement concerning the annexation and also prepare a cost analysis for voters.

Councilman John Canterbury told the representatives of the association that "while I must wait for full information, I can say at this time that I favor this annexation and feel it's in the best interests of the city." He said that he believed it would be expensive for the residents of Northville Estates "in the short run, but on a long range basis it will benefit you, too, and provide for good community planning."

Mayor Allen and Councilman Welch agreed that they, too, were in favor of the annexation but hesitated to speak for the entire council until "all the facts are studied."

The proposed annexation involves the 120-acre, 36-home Northville Estates subdivision and an adjoining 135-acre parcel located in the village of Novi which connects the Novi township subdivision to the city limits of Northville.

Specifically, the entire area is located on the northeast corner of Beck and Baseline roads. It extends northward on Beck 2,643 feet and 4,132 feet east of Beck to the city limits (a point 1,000 feet west of Taft road).

It is anticipated that the election will be called in March.

Wayne State Dean To Start Series Of P-TA Talks

Francis C. Rosencrance, dean of the Wayne State university school of education, will be the kick-off speaker in a series of four talks scheduled by the Northville P-TA for coming weeks.

Discussing "The School and Community in the Near Future," Rosencrance will speak at next Thursday's (January 28) meeting at 8 p.m. in the community building.

The talks will center on the theme, "making the best use of school facilities".

Future speakers will discuss science, mental health and children's literature.

Administrative Assistant Dr. Kenneth MacLeod will be present at next week's meeting to answer questions on present school programs related to the talk.

Heslip Case Dismissed

The circuit court suit brought against the village of Novi as a result of a Nine Mile road rezoning amendment was dismissed shortly before noon Wednesday.

Judge William J. Beers granted a motion by the plaintiffs, Nine Mile area residents, for a "non-suit" or voluntary withdrawal.

The judge taxed the plaintiffs court costs of \$300 in granting the motion.

Members of the Novi Civic Improvement association had started the suit in an effort to win a reversal of a village zoning ordinance amendment that changed 120 acres of farm property, owned by Arthur Heslip, 42680 Nine Mile road, to an industrial classification.

The plaintiffs motioned for non-suit after Judge Beers cited a January 11, 1960 supreme court opinion on a similar case, in which the court recommended that the rezoning decision should be left up to citizens within the community.

Village Attorney Howard Bond asked for dismissal before voluntary withdrawal was made.

Novi citizens had already made a decision, it was pointed out, when they turned down a proposal calling for the repeal of the ordinance last fall by a vote of 532 to 388.

City Leads Township In Paying School Taxes

City residents are slightly ahead of their township counterparts in the race to pay school and county taxes.

This week's totals show that 67 percent of the total roll has been collected from taxpayers living within the city limits, while township residents stand at about 60 percent of the total.

City Clerk Mary Alexander reported collections of \$247,150 of the \$367,800 total city roll this week.

Township Treasurer Roy Terrill has collected \$214,000 of a total roll payable by township residents of \$351,000.

City residents have until February 15 to pay their school and county taxes without penalty. Township residents have until February 29.

NICE ICE — The snow and cold weather came as a welcome treat for girl scouts of Troop 223. They took quick advantage of winter's first real visit by holding their weekly meeting at the city skating pond at the fish hatchery Tuesday. Shown ready to "crack the whip" are: (l. to r.) Susan Wisner, Bonnie Phillips, Joanne Froebel, Susan Yoder, Lynn Tiilikka, Prudence Hart, Jackie Shoner, Karen Moore, Cindy Smith, Yvonne Millington, Maureen Pauli, Marianne LeButt, Vicki Lanning, Cindy Kay, Susan Bosak, Darlene Baggett and Cynthia Burnette. At the end of the line is their leader, Mrs. Fred Hart, whose co-leaders are Mrs. Louis Lanning and Mrs. Gunnar Froebel.

Will Community Building Become New City Hall?

A plan for converting the Community Building into a city hall was given preliminary study by the council Monday night.

A sketch, prepared by the city manager, proposed converting the west meeting area into offices and a council chamber. The stage would also be used for offices, while the gymnasium and locker room areas would be maintained for recreation purposes.

The council, convinced that new city hall and jail facilities are vitally needed, is hopeful that it will not be necessary to undertake conversion of the Community Building.

Presently leased to the school system, the facility has been declared an essential part of the school program by the board of education. In previous school board-city council meetings the two bodies have reached tentative agreement for sale of the building by the city to the school district.

While the legal procedure has apparently been finalized to make the sale, an election to approve the sale will be necessary in the school district. A price of approximately \$145,000 has been agreed upon. Money would come from the remainder of the 1957 \$3 million bond issue.

The council has indicated that if the sale is consummated the money will be used to construct city hall and jail facilities. The election has been proposed to coincide with the regular school board election in June.

In other business Monday night the council was asked by Angelo Gadioli, owner of Northville Lanes, to restore three parking places removed in front of his building on Center street by order of the police department.

Gadioli pointed out that there was no parking permitted for a distance of 85 feet from the corner of Cady street in front of his bowling alleys, while at other business corners in the city cars are permitted to park within 15 feet.

Councilman Ed Welch told Gadioli that the parking restriction had been imposed because the corner is a traffic hazard. He pointed out that it is very difficult for motorists driving east on Cady to see southbound Center street traffic at the intersection of the two streets.

The city manager said that he believed more parking spaces than necessary had been removed from the corner. He was instructed by the council to have police re-check and recommend a safe distance from the corner which cars may park. He pointed out that the law calls for a 30-foot distance from the corner.

Councilman Welch continued the parking discussion by suggesting that the police department seek ways to keep delivery trucks off Main street.

"Where parking and delivery entrance is available in the rear of the building, trucks should not be permitted to use the front entrance," he stated. Welch suggested a parking area on Center street beside Gussell Drugs for delivery trucks serving stores on Main street near Center that have no access from the rear. The city manager was instructed to examine the possibilities.

In final business the council set a special meeting for next Monday evening to study and recommend passage of the special assessment ordinance.

Northville Girl, 21, Dies Suddenly; Child Lost, Too

A 21-year-old expectant mother and former Northville resident, died Wednesday morning at St. Joseph Mercy hospital, Ann Arbor.

According to the attending physician, Mrs. Betty June (Langford) Neely, died of pneumonia.

Her mother, Mrs. Sue Langford of Plymouth, reported that she had been stricken with the flu last week.

Attempts to save the baby she was expecting in another month failed. The infant girl, named Corrine Bettisue, was stillborn.

Mrs. Neely, a 1958 graduate of Northville high school, lived in Northville with her mother for five years before moving to Plymouth after her marriage last May 9.

She had worked at the D&C store for four years during high school and for a short time after her graduation.

Besides her mother, Mrs. Neely is survived by her husband, Andy. She also leaves her father, James H. Langford of Montgomery, Alabama; a twin sister, Mrs. Martha Jane Booker of Livonia; another sister, Shirley Jean Langford of Plymouth, and a brother, James Harold Langford, Jr. of Plymouth.

She was born March 22, 1938 in Jackson, Tennessee.

The Rev. J. Morris of Bethel General Baptist church, Plymouth, of which she was a member, will officiate at last rites from the Casterline Funeral home.

Burial will be in Rural Hill cemetery.

Information about services was not complete at press time.

Council Eyes Plan to Pave All City Streets

City councilmen took a realistic look (from the council table) at Northville's streets Monday night and admitted that "something has to be done".

The examination began with a plea from Councilman Ed Welch that the council undertake a bond issue to pave, curb and gutter all un-improved city streets.

The idea had been discussed before by the council, but not seriously in the past two years.

Surprisingly, Welch's recommendation received general support from the members present (Councilmen Reed and Juday were absent).

"I believe our 'pay-as-you-go' policy is too slow and too costly," Welch stated. He said that while the city waits to accumulate money to pave streets, other streets that have already been paved in years past are deteriorating.

Mayor A. Malcolm Allen supported this view and said that the city would not be able to improve any city streets in 1960.

"We must use this money to repair our older paved streets or they'll be lost," the mayor announced.

The National Foundation now aids 50,000 polio victims, including those stricken in last summer's epidemics.

In keeping with the Foundation's expanded program, Mothers' March solicitors will present each household with a copy of "Door Count", a fact-finding folder in which families may indicate if any of its members has a birth defect, arthritis, or polio, and how many have had three or more Salk vaccine shots.

The Mothers' March, which will take place next Thursday night, is under the chairmanship of Mrs. Donald E. Robinson.

The house-to-house poll is not planned as a statistically valid survey, Mrs. Robinson explained. But information taken in the door count will help provide a working estimate in the county of the number of persons suffering from the three crippling.

Five questions will be asked on the brief questionnaire: Does any person in this household have arthritis? Was any person in this household born with a defect? Has any persons in this household had polio? How many live here altogether? How many have had three or more Salk shots?

Space will be provided to give the number stricken in each case, and to state if the illness was diagnosed by a doctor.

The tabulation will guide planning of local programs of aid.

Few local statistics are now available on the incidents of birth defects and arthritis, she added.

On a nationwide scale, however, it is known that each year about 250,000 babies are born with one or more major birth defects. In addition, 11,000,000 Americans are known to be afflicted with arthritis and rheumatic diseases.

Mothers' March To Include Survey On Local Aid Need

Patent aid for victims of arthritis and birth defects as well as polio will be begun this year if the New March of Dimes goal is met nationally, said Northville General Chairman Mrs. Wayne McBride.

Although no local goal will be set, aid to persons under 19 years of age suffering from certain types of birth defects and arthritis will be available if over-all national collections reach \$65,000,000, she said.

The bulk of funds, however, will continue to go for polio patient aid, she declared.

OUT FOR CULTURE — The "Thursday Afternoon Literary Club" from the hilarious script of "Xingu", satire on women's clubs, poses for the press at dress rehearsal. The play will be presented at the annual Life Members meeting of the Northville Mothers' club Monday. In the cast are, front (l-r): Mrs. W. A. Bake, Mrs. Robert Yoder, Mrs. Frank Pauli and Mrs. Edward Angove; background, (l-r): Mrs. Dayton Deal, Mrs. James Mahoney and Mrs. Fred Hart.

Mother's Club To Present Play

Apparently Northville club women don't mind a good laugh on themselves once in a while.

The local popularity of "Xingu", comic satire on women's clubs, has been demonstrated by several club groups who have chosen to put it on recently.

The play, which concerns the funny side of the "Thursday Afternoon Literary Club", will be presented Monday by the Northville Mothers' club at its annual Life Members meeting and luncheon.

The cast of seven: Mrs. Edward Angove, Mrs. W. A. Bake, Mrs. Dayton Deal, Mrs. Fred Hart, Mrs. James Mahoney, Mrs. Frank Pauli and Mrs. Joseph Petrock, is directed by Mrs. Richard Kay.

The meeting will begin at 8 p.m. at the home of Mrs. R. Beerbower. Assisting Hostess Mrs. Beerbower will be Mrs. E. W. Ebert, Mrs. W. A. Bake, Mrs. F. Schwarze, Mrs. I. Marburger and Mrs. E. Nirider.

Members are also asked to bring change and recipes for trading. Several of the recipes scored a hit at the recent club potluck.

Mr. and Mrs. John Rauber, Mr. and Mrs. Clarence Luchman and Mr. and Mrs. Ray Ahrens attended the Saturday night performance of "West Side Story" in Detroit.

Woman's Club to Hear "Billy Graham of Art"

Michael Paul Church, known throughout the state as the Billy Graham of the art world" will speak Friday to the Northville Woman's club on "An Adventure in Art".

The guest day meeting will be followed by tea.

Supervisor of Special Projects for the University of Michigan Extension Service, Mr. Church is well known in Michigan for championing community cultural activities.

Michael P. Church

As a member of the Michigan Academy of Sciences, Arts and Letters, he was awarded their gold medal for his work in this field.

His lecture will emphasize the need for alerting people to fully utilize their gift of sight. He maintains we do not see the world around us. He will accompany his talk with colored slides.

Church has served on the staff of the Interlochen Music Camp and has juried local and state art shows. Program chairman is Mrs. Kalin Johnson.

TOPS Whittle Off 888 Pounds in '59

Local weight watcher groups are scouting for new members.

Last year was so successful for Northville Eater Beaters TOPS (take off pounds sensibly) that new recruits are needed.

The Northville gals did away with an unbelievable 888 pounds.

The group meets every Monday night at Amerman school. Those who may be interested can call FI-9-3034, FI-9-0927 or FI-9-0731.

The Novi club also has its welcome mat out.

Novi members meet every Tuesday evening at the Novi school. To sign up call FI-9-2182.

KITCHEN DIARY

Tops-Tart or Sweet On Anybody's Salad

It's the dressing that makes the salad.

It's also the dressing that sneaks in the calories.

Those working to maintain or recapture their girlish or boyish figures, owe their thanks to Mrs. George Mairs for offering these all-purpose salad dressing recipes — mouth watering but low in calories.

One, on the tart side, goes well with green salads. The other, a sweet topping, is perfect for fruit salads.

The tart dressing is also delicious on potato salad, Mrs. Mairs finds. Here they are:

GREEN SALAD DRESSING

Mrs. George Mairs
1 tbs. flour
2 tbs. sugar
1 tsp. salt
dash of red pepper
1 tsp. prepared mustard
1 tbs. corn salad oil
1 cup water
2 medium eggs
4 tbs. vinegar
Blend together all ingredients but eggs and vinegar. Place in top of double boiler. Heat, stirring frequently.
Beat eggs slightly. Add vinegar.

When double boiler mixture be-

gins to thicken, add egg and vinegar mixture.

Cook and stir until mixture coats spoon. Remove promptly from heat, as overcooking curdles mixture.

Cool. Serve cold.
Makes 1½ cups. Total 413 calories, or 20 calories per tablespoon (individual serving).

Recipe can be varied by adding horseradish, onion, pickle, French dressing, or Thousand Island dressing.

FRUIT SALAD DRESSING

¼ cup pineapple juice
¼ cup orange juice
3 tbs. lemon juice
2 eggs
1/8 tsp. salt
2 tbs. sugar or 1/8 tsp. liquid low-calorie sweetener

Combine fruit juices. Cook in top of double boiler.

Beat eggs. Add salt and sugar or sweetener. When double boiler mixture is warm, add egg mixture to it. Cook another two minutes. Cool and chill.

Makes one cup. Total 324 calories (with sugar) or 20 calories per tablespoon.

Both men and women are invited to send in their favorite recipe.

SEPTEMBER NEWCOMERS — September arrivals from Detroit are the Jefferson Bakers of Walnut street. Pictured in the front row (l-r) are Bill, "Gussie" and Brian. Behind them are (l-r) Mrs. Baker with Susanna, Mr. Baker and Carol.

Few newcomers have found their way to Northville in the well-calculated manner of former Missourians, the Jefferson Bakers of Walnut street.

All jokes aside about "I'm from Missouri" aside, there was reason behind the method. Baker, an engineer and engineering instructor at Wayne State university, and his wife, Pat, knew everything about their hometown-to-be, except its location.

Both natives of Missouri hamlets, they were partial to small towns. Because of their children, Bill, 7; Carol, 6; Brian, 3; Susanna, 11

months, and Dachshund, "Gussie", the suburbs looked good. And they like hilly country.

With his engineer's know-how, Baker set to the job of consulting U.S. topographical maps. Northville checked out on all counts.

They've been pleased with their choice. "Everyone's so friendly," Pat says, "and being a small town, it's just like home."

Her husband, an engineer at Chrysler engineering, has taught thermo dynamics at Wayne State for two years.

He has two master's degrees in mechanical and automotive engi-

neering from the University of Missouri and Chrysler institute.

Pat Baker is an alumna of Stephens college and the University of Missouri where she specialized in secondary education.

Bill and Carol are enrolled in the second grade and kindergarten, respectively, at Amerman school.

Members of the Northville First Methodist church, the Bakers arrived here this September via Detroit where they made their home for the past five years.

They choose bridge and music as leisure hour favorites. Both play musical instruments.

To Feature American Composers

The 100-piece Plymouth Symphony orchestra under the direction of Wayne Dunlap will feature American composers in a concert Sunday.

The gay and nostalgic program promises to have special family appeal. American composers highlighted are Meacham, MacDowell, Aaron Copland, McDonald, Moore and Sousa.

The performance will begin at 4 p.m. in the Plymouth high school gymnasium. Admission is, as usual, free of charge.

The program is as follows:

- American Patrol Meacham
- Woodland Sketches MacDowell
- To a Wild Rose
- To a Water Lily

- Old American Songs Aaron Copland
- The Boatman's Dance
- The Dodger
- Long Time Ago
- Simple Gifts
- I Bought Me a Cat Nat Sibbold, Baritone
- Legend of the Arkansas Traveler McDonald
- Farm Journal Suite Moore
- Young Person's Guide to the Orchestra Britten
- Ford Sutherland, Narrator
- The U.S. Field Artillery
- March Sousa

A baby sitting service in charge of a girl scout troop with adult supervision will be offered during the concert.

Plymouth AAUW Meeting Tonight

"An Evening with the Drama Group" will be the program for tonight's meeting of the Plymouth AAUW.

Chairman of the Drama Study group, Mrs. Henry Walch, will be in charge of the program.

The meeting will begin at 7:45 p.m. at the home of Mrs. Kenneth L. Hulsing, Plymouth. Refreshments will be served before the program by Miss Helen Gilbert, Mrs. D. M. Whitesell and Mrs. W. O. Breed.

An added highlight of the evening will be the presentation of the girl scout flag to the troop sponsored by the local group.

All 20 troop members will attend the social hour. The girls were first sponsored by AAUW when they began as Brownies three years ago.

Begin Registration For Children's Theatre

Children's Theatre, a three-hour (9 to 12) Saturday morning program at Mercy college for boys and girls, begins the spring semester on Saturday, February 6. All youngsters from age 8 through 14 are invited to enroll in this course which combines a study of acting, speech, body movement and theatre arts.

Director of the program is Sara Lee Stadelman of the Mercy college speech and drama department, a graduate of the Neighborhood Playhouse School of the Theatre in New York City, former actress on Broadway, disc jockey, and member of the Players at Yale university and the Pasadena Playhouse in Los Angeles.

Registration for the spring session may be made by calling Mercy college, KE-1-7820 and asking for "Children's Theatre".

SEMI-ANNUAL SHOE CLEARANCE

FISHER'S GREATEST CLEARANCE NOW IN PROGRESS! CONTINUES THROUGH JANUARY 30th

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

from the PASTOR'S STUDY

The Rev. John O. Taxis, Pastor
First Presbyterian Church, Northville

We have a growing custom in our church. Whenever members go away to visit they are asked to send or bring home a copy of the church bulletin where they attended while away.

Although other motives have been attached to it, the reason is simple: to get new ideas for our own publication, sort of an exchange idea. Well, anyway, the following was given to me recently and I hope it disturbs and amuses you at the same time. It's called:

"TEN LITTLE CHURCHMEN"

(Author is unknown. No comment needed)

"Ten little churchmen went to church when fine;
 But then it started raining and there were only nine.
 Nine little churchmen stayed up very late,
 When one had overslept himself, there were only eight.
 Eight little churchmen, on the road to heaven —
 But one joined a tennis club, and then there were seven.
 Seven little churchmen, heard of Sunday "flicks",
 One tho' he'd like to go, and then there were six.
 Six little churchmen kept the place alive,
 One bought a television — leaving only five.
 Five little churchmen, loyal to the core —
 But the preacher bothered one, and so there were four.
 Four little churchmen argued heatedly,
 About the place of ritual, and then there were three.
 Three little churchmen sang the service through
 But got a hymn they didn't know, and then there were two.
 Two little churchmen disputed who should run
 The next church meeting, and then there was one.
 One little churchman, knowing what to do
 Got a friend to come to church, and then there were two.
 Two little churchmen each corraled one more
 Until the figure doubled, and then there were four.
 Four eager churchmen simply couldn't wait
 Until they found four others, and the total rose to eight.
 Eight eager churchmen at service every Sunday.
 Found dozens more so eager that they started coming Monday!
 The seats in church were more than filled with
 Ne'er an empty pew,
 Dear God, supply this grace and zeal in our own
 Church too!"

As friend Shakespeare says: "Many a Truth is spoken in a jest!", so we need only to heed our Scriptures "Do not neglect the assembling of yourselves together". See ya in Church.

Christian Scientists To Hear German

Application of God's healing power to the solution of the problems of men and nations will be the topic of a public lecture on Christian Science to be delivered in Detroit on Friday, January 22 by Friedrich Preller of Berlin-Dahlem, Germany.

On the extensive tour as a member of The Christian Science Board of Lecturership, Mr. Preller will speak under the auspices of Fourth Church of Christ, Scientist, in the church edifice, 5240 West Chicago boulevard at 8 p.m. His subject will be "Christian Science: The Revelation of True Manhood". The lecture is free, and local members have invited the public to attend.

You Name It -- We've Got It!

Ever see a rocket riding the highway? Or a tankful of flour? Or a load of oxygen? . . . Most people — when they think of trucks — think only in terms of the van or pick-up models they see carrying miscellaneous freight. These are in the majority, it's true. But it takes literally dozens and dozens of different types of trucks — many very special and very costly — to serve America's broad and bustling economy . . . Trucks are designed to transport almost every kind of cargo you can imagine—and to do so safely and efficiently. That's why it's truly said that everything you eat, wear or use — and more — comes to you by truck!

Father-Son Team Joins Detroit Tigers

A father-son team from Northville will play special roles this spring when the Detroit Tigers come out of hibernation to swing their baseball bats.

Joe Kritch, Sr., 860 Spring drive, has been signed by the Tiger ball club to a one year contract as an area scout for the major league team.

His son, Joe, Jr., left Saturday for Lakeland, Florida where he was invited to participate in the Tiger-sponsored, 15-day baseball clinic. The Tigers have expressed deep professional interest in the 19-year-old athlete.

The elder Kritch is no newcomer to the scouting field. He was a scout for the old American League St. Louis Browns for 10 years, for the Chicago White Sox for two years, and part-time scout for the New York Yankees for a year.

He played minor league baseball for several years in the Ohio State League and the Northeast Arkansas League.

Wrestlers to Host OLS Here Tomorrow

Still looking for its first victory of the season, Northville's wrestling squad will host Farmington Our Lady of Sorrows here Monday night.

Coach Chuck Shonta, who has expressed satisfaction with the steady improvement of his young squad, has his fingers crossed. The match starts at 7 p.m.

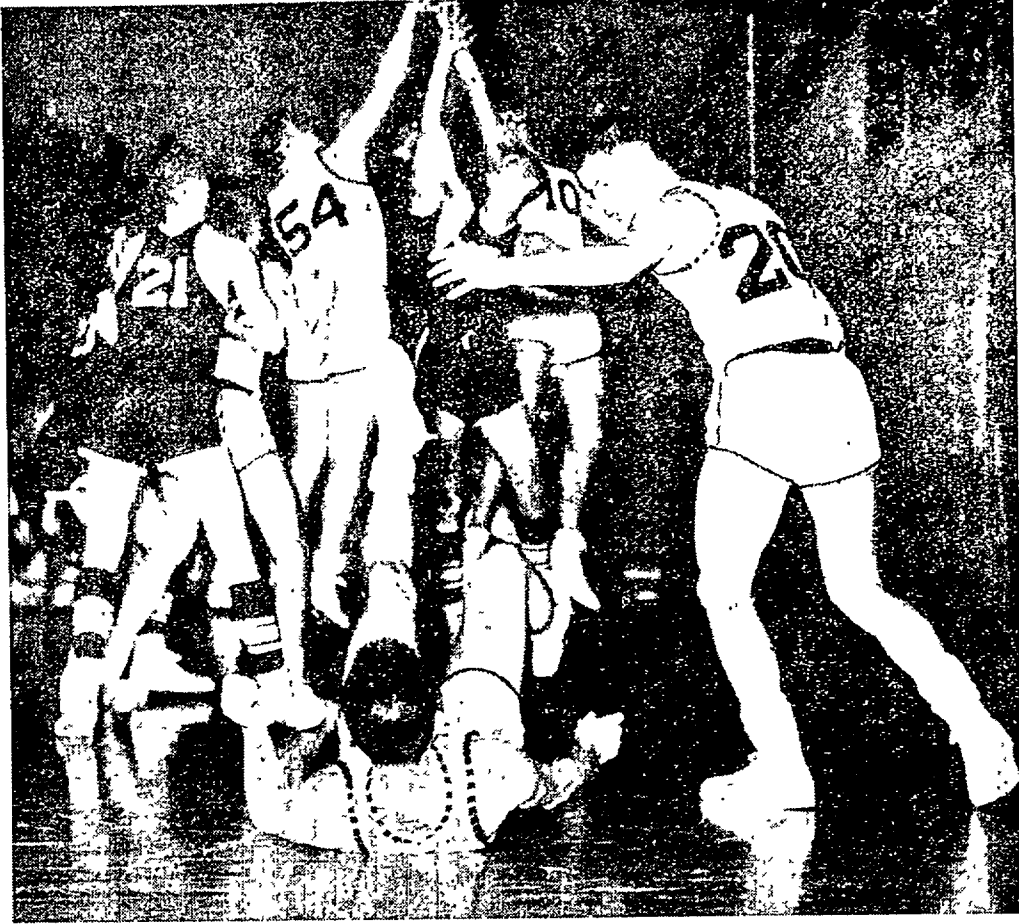

"The boys are doing as well as can be expected this year," Shonta said. "They're wrestling experienced fellows from Class A schools. But they're improving a lot."

The Mustangs were to clash with Garden City yesterday. Tonight Ypsilanti Lincoln is scheduled to invade Northville for a scrimmage match beginning at 7 p.m. in the new high school gymnasium.

Scores and individual honors to date include:

Southfield, 56-0; Cranbrook, 41-13 (winners, Blaine Ashby, 165, pinned his opponent; Fred Mitchell, 180, pin; and Bill Juday, unlimited class, by decision); Livonia Bentley, 46-3, (Ashby, 165, decision); Thurston, 54-2 (Juday, unlimited, decision);
Novice Christmas tournament, at Ann Arbor, Ashby, second place 165-pound class, Mitchell defeated Juday for the 180-pound class; and Bob Stuber, fourth place in the 127-pound class.

WORM'S EYE VIEW — Right Guard Roger Atchinson isn't lying on the floor to get a better view of the ball. He slipped — well, maybe pushed. Teammate Steve Juday turns a concerning eye on him as the others jump for the ball. Others in the picture are Wade Deal (54), Jim Patterson (10), and Don MacKenzie (21). Northville lost the ball — and the game, 64-52.

Holly Catches Mustangs In Final Stanza to Win

Northville carried the trump card through three quarters Friday, but when the chips were down in the final period the Broncos of Holly raked in the victory, 64-52.

Fortunately for the Mustangs, several other leading teams were defeated Friday thus helping Northville cling to a three-way tie for fourth place.

Tied with Northville for fourth is Bloomfield Hills — which stumbled before Clarenceville Friday, 61-43, and Clarkston. Holly took undisputed possession of second place with its victory, as Brighton dropped to third after taking it on the chin from Clarkston, 62-57.

The Redskins of Milford grabbed their first victory in five starts by toppling West Bloomfield, 59-52.

Northville will host Milford here tomorrow night.

"They (Mustangs) played their finest game of the season — through

three quarters," Coach Dutch Van Ingen commented after the game with Holly. "But the last quarter offensive was sloppy; they threw the ball away, dribbled too much, and missed some important passes."

Northville grabbed an early, slim lead, then pushed to the front by 7 points in the third period before Holly edged into the lead, 32-31, with two minutes left in the quarter.

Capitalizing on a successful full-court press, Holly pitched in several quick field goals to move out front 47-40 with six minutes to play in the final stanza. Disorganized and bewildered, the Mustangs were unable to recover.

Northville led 11-10 at the end of the first quarter, 27-25 at the midway point, and then fell behind at the three-quarter mark, 41-39.

One of the weapons used successfully by Northville in previous games — the free shot — was powerless Friday as the Mustangs scored only 10 in 21 attempts. Friday's

47 percent record was well below the 65-percent average through the first six games.

Holly potted 16 of its 22 free shot attempts for a 72-percent average.

Northville's 6' 3" forward, Jim Patterson scored 4 points in the first, second and fourth quarters, 6 in the third to take scoring laurels for the Mustangs. Guard Roger Atchinson and Center Wade Deal were next with 11 and 10 points, respectively.

Ron Morlan, Holly's star forward who has an average of 22 points per game, fell to 17 points last week — but still managed to cop honors for the Broncos.

Jinx Over - So Win em' All

"Well, the 'jinx' is over, so let's win the rest of them."

That statement — whether it was made or not — must have been on Coach Al Jones' mind Friday night after his junior varsity quintet lost to Holly, 57-36.

For the first time since the cage season began on December 4, both the junior varsity and the varsity squads lost. Up until Friday the two teams had alternated victories during each twin-bill game; when the Colts won, the Mustangs lost, and when the Mustangs won, the Colts lost.

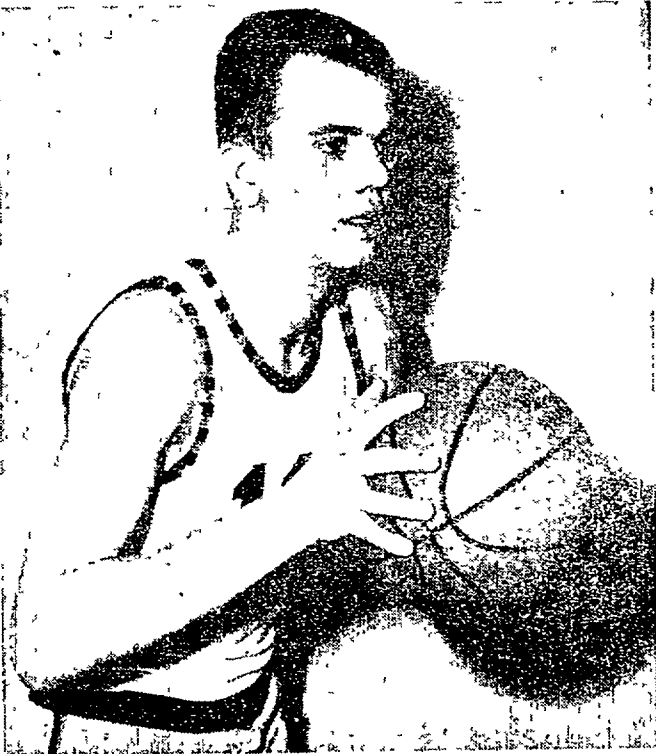

Now that this unintentional arrangement is over, Jones is looking forward to a "clean" record throughout the remainder of the season. The first test comes tomorrow with Milford.

Playing what probably was their poorest game of the season, the Colts failed to warm up until the last quarter — and by then Holly had wrapped up an easy victory.

Holly led throughout the game. The quarter scores were 14-3, 32-10, 48-19 and 57-36.

Center Dave Filkin pumped in four field goals and three charity shots to lead the losers in scoring, while W. McKenzie grabbed honors for Holly by sinking 12 points.

Cager of the Week

NORTHVILLE'S LEADING SCORER last week against Holly was 18-year-old Jim Patterson, who is playing his first full year of varsity basketball this season. The 6' 3" forward demonstrated his ability to grab the all-important rebounds Friday while netting a total of 18 points. Son of Earl Patterson, 41011 Russet Lane, Patterson is a hunting enthusiast.

3 League Teams Tie for First

The two leaders of the Warren Products senior men's league moved aside last week for a joiner.

The Warriors jumped into a three-way tie for first by pouncing the Pistons, 45-42, while the last-place Celtics upset the other league leader, Royals, 69-38.

To date, the Warriors, Pistons and Royals have each won four and lost three. The Celtics are in "second" or last place with a 2-5 record.

All four teams will see action again tonight (Thursday) at the community building beginning at 7:30. The public is urged to attend these league games, Recreation Director Stan Johnston said this week.

Another Win!

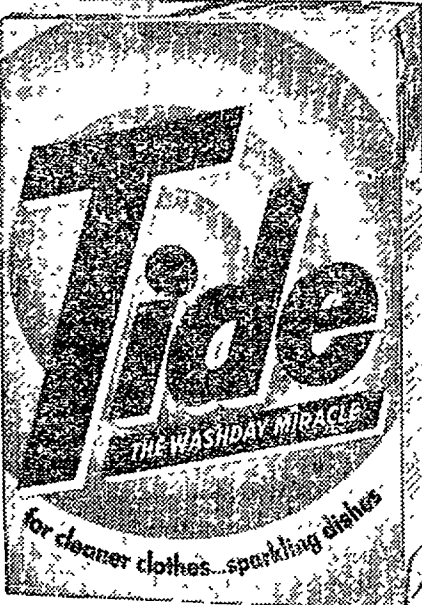

With the seventh victory of the season under their belts, the Northville freshmen will invade Willow Run tomorrow in a return match beginning at 4 p.m.

Earlier this season Northville edged the Flyers, 35-31.

In winning its seventh victory this season and its 21st in two years, the freshmen cagers walloped Clarkston 50-36 last Thursday.

Off to a slow 8-point start in the first quarter, the freshmen peppered the nets for 16 points in the second and third periods, then finished the game with 10 points in the final frame.

Honor VFW and Auxiliary Past Officers

PAST VFW COMMANDERS — Past Commanders of Post 4012, Veterans of Foreign Wars, were honored along with past presidents of the auxiliary Friday at the post headquarters. Five of the 16 past commanders are pictured above. They are (left to right): Stanley Myers (1948-1949), Floyd Kupsky (1951-1953), Glenn Gerrard (1953-54), Arthur Ash (1954-1955), and Clayton Myers (1955-1956). Other past commanders are: Donald Butler, Sr., Charles Wilgues, Harold Murray, Edward Baker, Howard Beach, Arthur Carlson, John Nulty, Wilbur Guelzow, Barnaby Bird, Lawrence McArthur and Alfred Smith, Jr. Murray, Beach and Nulty are deceased.

VFW AUXILIARY PRESIDENTS HONORED — Past presidents of the VFW auxiliary were also feted at the dinner. Nine of the 13 past presidents are pictured above. They are (standing, left to right): Dorothy Perry (1957-1958), Zada Riley (1951), Margaret Rager (1953), Florence Russell (1954), and Clara Broda (1948-1949); seated, Glory Brown (1956), BeBe Myers (1953), Meta Myers (1950), and Vernice Reed (1948). Missing are Demara Risher (1947), Evelyn Dixon (1949), Ann Guelzow (1952), and Stephanie Bird (1952).

CLEANEST AGAIN? — Last year Northville won top honors in its population class in the annual nationwide "Clean-up Campaign" contest. Northville's 1958 effort was charmaned by John Canterbury. Now Ed Welch (above) is trying to duplicate this feat. He's shown examining the entry kit being submitted that relates the projects carried on by his committee during the 1959 "Beautifully Northville" drive. Welch was assisted in the preparation of the entry by Bill Becker, Dick Kay, Lynn Sullivan and Jack Swain.

READERS SPEAK:

WANTS NORTHVILLE PICNIC IN FLORIDA

Dear Sir:
In my trips around the state of Florida I have talked to many former Northville residents and winter visitors now living in the Sunshine state.

These people have expressed a desire to get together at a centrally located location sometime during the winter for a Northville picnic.

I have offered to take care of the notices regarding this get-together and am now compiling a list of people and their addresses in order to send out cards regarding time, date and place of this picnic.

Would you please print this letter and possibly a news item asking the people of Northville that have friends that are now here in the state to write to me on a post card giving the name, address and phone number, to my home and I will in turn send cards

New Area Representative For Social Security

Harry Baltuck, manager of the Detroit-Northwest social security district office, announced today that Ronald Grenier will be the social security representative to the Northville and Plymouth area.

Grenier came to the Detroit-Northwest district office in November 1959 after working two years in the Toledo, Ohio district office. He is a native of Massachusetts and was educated at Boston university.

Grenier will be at the Plymouth Employment Security Commission office on the second and fourth Thursday of each month between 1 and 4 p.m. This service is maintained for residents in this area who are unable to avail themselves of the complete services of the Northwest district office located at 18260 Grand River, Detroit 23.

to all, so we can have a real big picnic.

I went to the Plymouth Picnic last year and 85 residents of that city arrived. I have talked personally to that many people from Northville who would like to attend, so my hope is that we will have twice that many at the First Annual Northville Picnic this year.

Thank you very much, and my best to all of our many friends in Northville.

Authority on Birds Speaks to Optimists

Bill Hopkins, chief naturalist for the Huron-Clinton Metropolitan Authority, was the guest speaker yesterday (Wednesday) at a meeting of the Northville Optimist club.

Hopkins, one of three naturalists on duty at the Nature Center at Kensington Metropolitan park near Milford, showed a movie and lectured on "Birds of Metropolitan Parks".

Harold Hartley of the Optimist club invited Hopkins to the dinner meeting.

All Catholic men bowlers are invited to participate in the 33rd annual CYO Handicap Bowling tournament which will open at the State Fair Recreation lanes on Sunday, February 14. The deadline for entries is Friday, January 29. Application forms may be obtained now from the State Fair Recreation, 18600 Woodward avenue.

IN YOUR OPINION

Each week our reporter asks six area residents to voice their opinion on a different question. This week the question concerns a matter currently being tested by the state supreme court. The questions:

"Do you think a boy or girl who is married while still in high school should be denied the right to participate in the extra-curricular activities of the school?"

Harold Hartley, Sr., 602 Randolph — "My first impulse is that because a boy is married this shouldn't take away any of his liberties. Individuals differ, and if it is a responsible high school student who marries, he will not take on more extra-curricular activities than

Hartley he can handle and still assume the responsibilities that go along with marriage. On the other hand, I don't think marriage at this early age is advisable."

Mrs. Lyman Joslin, 54299 Nine Mile road — "I would say no. After all a boy may make a mistake, but he should be allowed to finish his education — and take part in all regular activities. We all make mistakes."

Roy Sheppard, 44999 12 Mile road — "Why should marriage handicap a student. I wouldn't think it's the school board's job to

tell a student if he can marry or not. However, I don't approve of very early marriages."

Royal Snow, 24880 Novi road — "I think the married student should have the same rights as the unmarried student. I'm married — and I don't believe I should be penalized because of it — nor do I think the student should be."

Mary Welch, 222 South Wing street, (a sophomore at Hillsdale college) — "I don't think married students in high school should be allowed to participate in extra-curricular activities. After a student is married in high school he (or she) assumes adult responsibilities and should be concerned with their education only. Extra time should be spent to help support the family."

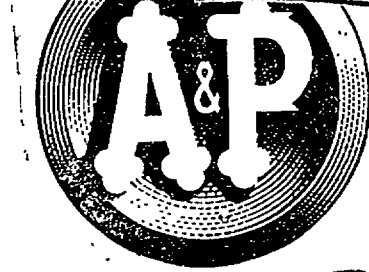

C. D. Yahne, Jr., 512 Eaton drive — (Northville teacher-coach) — "I don't feel qualified to second guess the board of education or the state supreme court. However, tradition is heavy on the side of those cases in which marriage is not approved until after high school."

(NOTE: Current policy of the Northville board of education is that married students are not permitted to take part in any extra-curricular activities).

**SPEAKING
for the Record**

By Bill Sliger

How important is a "name" to a community?

Apparently it means a great deal, economically speaking. And therefore, the mere impression of a name plays a key role in the manner in which an area develops.

Let's take Novi, for instance.

I've been reliably told that tax authorities at the county level make a 10 percent reduction in Novi property assessments as an "economic" consideration. The same consideration is not given an Oakland county house in Northville, for example.

In other words, the tax boys believe that two identical houses valued at \$10,000 would bring different prices if one is located across the Novi village lines in Northville.

The Novi house would bring \$9,000 and the Northville house \$10,000.

I've been told that real estate agents agree with this theory. Further, they do not believe the difference can be attributed to services available in Northville — such as water and sewer. The same proportion would apply to Northville township they maintain, where improvements are not available.

Then we must assume, if we are to believe this theory, (and how often are the tax experts willing to apply a reduction to assessed valuations?) that a name is important to a community. Especially, the impression that names have upon others.

One person told me recently that whenever he thinks of Novi he thinks of a railroad yard because he once heard that it had obtained its name from being station "No. VI".

Another remarked that he had been through Novi "a thousand times" driving between Lansing and Detroit on the old Grand River. He thinks of Novi as only "four corners" at the Novi road-Grand River intersection.

The point is, what kind of an impression has Novi made? Do people generally realize that it, too, has many fine homes, a rapidly growing school system, good citizens bent upon improving their community?

Is the "name" Novi a stigma?

Maybe so, maybe not. I believe that it is a question worth discussing — perhaps by the newly formed Citizens Development Committee.

Would Novi improve the character of its community by merely changing its name?

Certainly not. The people within a community make up the character — and this does not need changing.

But, what about that intangible, illusive "impression" that the family, eager to join the rush to the suburbs, carries in its collective mind?

What about the 10 percent factor that even the tax authorities are willing to deduct?

* * *

From an educator's viewpoint, Russ Amerman, Elroy Ellison, Ken Macleod, Harry Smith, Dick Kay, Fred Stefanski, etc., etc., may not see the humor in this report passed along by Al Wister.

I laughed, though. It's taken from the employee publication of The Wellman Bronze & Aluminum company of Cleveland and concerns a letter written by a hard-working salesman.

"Dear Boss: I seen this outfit which they ain't never bought a dime's worth of nothing from us and I sole them a couple hundred thousand dollars worth of guds. I am now going to Chawgo".

Two days later a second letter arrived at the home office: "I cum hear and I sole them half a milyon," it said.

Both letters were posted on the bulletin board with a note written by the company president.

"We been spendin too much time hear trying to spel, instead of trying to sel. Let's watch those sails. I want everybody should read these letters from Gooch who is on the rode doin a grate job for us, and you should go out and do like he done."

Russia and Religion

Babson Park, Mass. — I rather hesitate to write this column because some people may think that I am getting favorable toward Russia; but let me first assure you that I detest many things Russia is doing and was glad to get out of the country. Nevertheless, I can always learn something wherever I go, and from any nationality. Those who keep their eyes shut and their ears plugged are getting more ignorant every day and are only fooling themselves.

What Russians Mean By Saying They Are "Atheists"

Although I visited a church in Russia where, on the previous Sunday morning, there had been 4,000 people standing or on their knees (these churches have no seats), yet 95 percent of the one million people in Moscow and the two million in its suburbs will tell you they are "atheists". Some of them say they do not believe in "God"; but the majority will tell you they do not believe that Jesus was the "Son of God". They say that Jesus was the great leader and founder of Christianity, just as Buddha was the founder of Buddhism, Mohammed the founder of Mohammedanism, and Confucius the founder of Confucianism.

I am not acquainted with all the church denominations in this country; but I am told that the Unitarian branch and some of the Pacific Coast branches of the Protestant churches may feel about the same toward Jesus as the Russian leaders. (I cannot speak authoritatively on Russia as a whole, as Moscow was the only city which I visited).

Jesus' Sermon on the Mount. When I was talking with some prominent Communists in Moscow about Christianity, they first made the point that a very small portion of the Bible consists of Jesus' own words. They realize that the Old Testament is a history of the Jewish people and may be found in many Moscow libraries translated into Russian. They, however, would substitute the teachings of Nikolai Lenin, the founder of Communism, in place of the writings of St. Paul. When a Russian does this, he feels justified in calling himself an atheist, although this is not the description which Webster's Dictionary gives for an atheist.

I had no personal talk when in Moscow with Nikita Khrushchev, the Premier, he being in Peiping at the time; but I met people who claimed

to know his thoughts. They told me that Mr. Khrushchev has said that if we Christians in the U.S. followed the teachings of Jesus in the Sermon on the Mount, Communism might have had no opportunity to develop. This is a very important statement to be remembered when we celebrate Christmas as Jesus' birthday.

The Big Difference Between Jesus' Teaching and Communism

Seldom do I ask followers of my column to read anything; but I do ask you to read today Jesus' Sermon on the Mount (as found in the fifth chapter of Matthew) and relate it to our present mode of life. It agrees pretty well with the Communists' goal of taking care of their less fortunate people and seeing that all are fed, housed and clothed, and that those who are qualified have a proper education, etc. Jesus also warned against wealth as a handicap to proper living. Certainly, Jesus would heartily approve the desire of President Eisenhower to help backward nations and unfortunate people.

But, Jesus insisted that these changes should come about voluntarily and not by force. The wicked massacres by the Communists in Hungary and other countries, merely to eliminate private property, would certainly be considered outright murder by Jesus. I repeat that Jesus would insist that the reforms be voluntary and that men should let God (who, he said, is a Spirit) do the punishing. In order for me to take Premier Khrushchev seriously in his purported "respect for the Sermon on the Mount", he would have to raise the iron curtain full length and stop persecuting people. HOWEVER, BECAUSE KHRUSHCHEV IS NOT CONSISTENT IS NO REASON WHY WE SHOULD BE LAX IN PRACTICING THE TEACHINGS OF JESUS IN HIS SERMON ON THE MOUNT.

Michigan Mirror

Black Doesn't Wait for Details

THE SOARING 60's are off to an appropriate start in Lansing.

If the first month of the first year is any indication, it will be a decade to remember . . . or maybe one you can't forget.

Top contender for the shocker of the month was the recommendation by a Democratic study group that Michigan should have a one-house legislature.

To abolish the traditional "checks and balances" within the legislature, to many students of government, to tamper with a proven protective device.

Nebraska is the only state with a unicameral legislature.

But a committee on legislative reform appointed by the Democratic State Central Committee said a one-house legislative body would be worth a try in Michigan.

"Something needs to be done for the people," said Ralph E. Richman of Holland when he announced the recommendation of his study committee. "We have a legislature that does not represent a majority of the people."

Senate minority leader Harold Ryan (D-Detroit) agrees something should be done to make the state senate more representative of the people — but he wouldn't go so far as to abolish the Senate.

"Let's tread slowly," said Ryan.

Treading slow is just what Democrats are doing.

Before charging off on a drive to reorganize the legislature, Democrats want to hear the outcome of the Supreme Court's deliberation on a suit by August Scholle, president of the Michigan AFL-CIO, to force reapportionment of the Senate.

Surveys among party members, evaluation of editorial comment, a study of the Nebraska plan, and debate among party leaders can be expected before the Democratic State Central Committee takes up the unicameral recommendation at a special meeting February 28.

BULL IN THE CHINA SHOP this month was the Supreme Court's Eugene F. Black, a protocol-busting justice from Port Huron.

As a Republican attorney general in 1948, Black argued a constitutional convention could be ordered by a majority of those voting on the convention issue.

Twelve years have not changed his mind. He's still fighting.

A Democrat now, Black is arguing that a constitutional convention was properly called in 1958 when 821,282 voted for it and 608,356 opposed it.

Attorney General Paul L. Adams contends the court was right in 1949 when it said a majority of those voting in an election must approve calling of a constitutional convention, and that this ruling holds for the 1958 vote.

Black, angry with judicial delay, sure that "my brothers" on the court were going to hold with Adams, and convinced he has been right for more than a decade, issued a 60-page opinion from the bench before the court went into conference on the case.

A "rancid injunction against the people" is what Black called the 1949 decision. He said it was the prime cause of Michigan's financial troubles.

It wasn't so much what he said as the way he said it. There is no precedent in modern times for issuance of a written opinion from the bench as a case is being heard.

Apparently Black considers it good legal procedure for a judge to write his decision before all the arguments are submitted to the court and to release the opinion without further thought. Elmer R. Porter, Blissfield Republican, thought that such action showed contempt for the judicial procedure and demanded Black's resignation. Of course, there was no resignation.

Black has served notice he doesn't intend to stand on protocol the remaining four months of his term.

TIMES CHANGE. When Patrick V. McNamara decided to run for the U.S. Senate in 1954, most Democratic leaders couldn't have cared less! Although a long-time friend of labor, McNamara was given little chance in the primary against Blair Moody.

Moody died suddenly and McNamara got the nomination. Even after he beat Homer Ferguson, McNamara was far from a solid favorite in high party circles. There was talk of running someone against him when the time came for him to run again.

That time is approaching, but there is no longer such talk.

Praise flows for McNamara from state party headquarters.

A resolution adopted by the Democratic State Central Committee said he has established "an enviable record and stature" in Washington. It commended him for "his leadership and for the outstanding degree of integrity and conscience which Pat McNamara exemplifies in the United States Senate".

Governor Williams, at one time himself considered a possible challenger for McNamara's seat, said Michigan's senior senator has "grown into the job and into the hearts of us all."

McNamara should get the nomination with little trouble this year.

State Puts Teeth In Deer-Shine Law

A legislative proposal designed to plug a poaching loophole in a present game law has been endorsed by the Conservation Commission. The proposed change would make it illegal for persons to shine deer at night while possessing or transporting a weapon. Under the current law, persons are within legal boundaries to shine deer provided their weapons are either disassembled, or encased, or carried in the trunk of an auto. E. E. Tucker, head of the Conservation department's law enforcement sections, states conservation officers have a difficult task coping with those who merely pay lip service to the three options. He adds that poaching by deer shiners is one of the most pressing problems facing his field force. Tucker points out there is no legal reason for transporting weapons at night since the regulation on shooting hours prohibits hunting during the general hours of darkness.

Nix on The Mill Pond

The recreation department has not authorized skating on the Mill Pond — in fact the department discourages it. Director Stan Johnston issued a warning this week that skaters using the pond, do so at their own risk.

Persons wishing to skate may do so at the fish hatchery pond under supervision and during specified hours, he said. The hours are from 3-6 p.m. on week days and 9 a.m. to 6 p.m. on Saturday and Sunday.

Skating at other times at the fish hatchery is not authorized.

GEORGE G. CARPENTER
 George G. Carpenter, 77, of 367 First street, passed away January 13 after a week's illness. Born in South Lyon April 22, 1882. Mr. Carpenter was the son of John and Edway (DeKay) Carpenter. He leaves his wife, Fannie, whom he married March 21, 1910; a daughter, Miss Margaret Carpenter of Grand Rapids; a son, Clare of Commerce, and five grandchildren, Judy, Ronald, Sharon, Leta and Eric. Mr. Carpenter, a retired farmer, had lived in Northville since 1925. He was a past member of the First Presbyterian church of South Lyon. Funeral services were held January 16 at the Casterline Funeral home. The Rev. Peter Nieuwkoop officiated. Burial was in South Lyon cemetery.

JOSEPH E. LAPHAM
 Funeral services were held January 18 for Joseph E. Lapham, 76, of 48449 West Nine Mile road, who passed away January 15 at his home. Mr. Lapham was born August 9, 1883 in Novi township, the son of Callen and Sarah (Ely) Lapham. He is survived by his wife, Elizabeth; by two sons, Glen of Northville, and Floyd of Detroit; by two brothers, Luther of Northville, and Jim of Novi, and by six grandchildren. He had lived in the Northville area all his life. The Rev. Rex Dye officiated at services at the Casterline Funeral home. Burial was in Oakland Hills Memorial Gardens, Novi.

MRS. NANNIE FOREST KING
 Mrs. Nannie Forest King, 84, of 47850 West Seven Mile, passed away January 16 at St. Mary hospital, Livonia. Mrs. King, born in Barquata, Tennessee December 26, 1875, was the daughter of John and Mabel Rice. Her husband, Richard, preceded her in death Mrs. King is survived by a daughter, Mrs. Raymond Adcox of Northville, with whom she had made her home for the past 20 years. She also leaves four sons, Talbert and Leroy of Northville, Dallas of Plymouth and Porter of Murry, Kentucky; 19 grandchildren and 28 great-grandchildren. She was a member of the Northville First Baptist church. The Rev. Peter Nieuwkoop of the Northville First Baptist church officiated at last rites January 18 at the Casterline funeral home. Burial was January 20 in Old Republican cemetery, Union City, Tennessee.

Chrysanthemum Society To Meet January 31
 The newly-organized state chapter of the National Chrysanthemum Society will hold its second meeting Sunday, January 31, President Mrs. George Huger of Salem township announced.
 The state chapter includes members from this area, Mrs. Huger said. The club has 28 chapters throughout the country, she said.
 For more information about this gardening society call Mrs. Huger at GE-7-2129.

Christmas Seal Sale Totals \$148 Here
 A total of \$148.60 was collected in the Northville area during the 1959 Christmas Seal Sale, Drive Chairman Fred Stefanski announced last week.
 The 53rd annual Christmas Seal Sale began early in December and continued through Christmas.
 According to Stefanski, \$31.05 was collected through the distribution of canisters, \$37.55 at William H. Maybury sanatorium, \$27.75 and \$49.32 at the bank and post office by the Northville Woman's club, and \$2.93 by the GAL (high school girls' Athletic League).
 The drive chairman, who said he was pleased with the results of the 1959 drive, expressed thanks for the aid given the Seal program by the Woman's club and Mrs. W. L. Howard who provided seals for patients at Maybury.
 "I am particularly grateful to Dr. Howard and his staff at the sanatorium for visiting the various Northville clubs to explain the problems and work in combating tuberculosis."
 Seal contributions support the programs of health guidance, service to TB patients, X-ray programs and summer camp for 500 children carried on by the TB and Health Society and the Detroit Tuberculosis sanatorium.

Palette and Brush Club To Meet Tuesday
 The Palette and Brush club will hold its regular monthly meeting at the Westlawn Methodist church, Ohio and Grand River, Detroit, next Tuesday, January 26.
 The business meeting at noon will be followed by luncheon at 1 p.m.
 Guest speaker will be artist and critic John Coppin of Detroit and Birmingham. His talk is entitled "Out of the Hat".

READERS SPEAK: NCIA's the Name!
 To the Editor:
 We feel that corrections are in order regarding the name of an organization frequently mentioned in your reporting of the Heslip property rezoning. Vague references to a civic improvement corporation indicate either uninformed reporting or very poor taste in the use of proper names. The name of the organization to which you refer is the Novi Civic Improvement Association.
 In addition, your references to this organization as "the corporation" tend to suggest a commercial enterprise rather than the association of people that it is. Incorporation is used by most of these non-profit groups as a means of formal organization as well as to provide for continuity of existence. The Novi Civic Improvement Association was formed to represent the interests of the people of Novi in a manner similar to that of any local subdivision civic association.
 We note that news coverage of other group events usually includes the proper name of the organization. Please extend the same courtesy to the Novi Civic Improvement Association.

To Present Hypnosis Lecture, Demonstration
 A lecture and demonstration on the uses of hypnosis will be presented Sunday afternoon at the Northland auditorium by the Association to Advance Ethical Hypnosis.
 Herb Abrams of Wixom, a member of the association, explains that the uses of hypnosis in medicine, dentistry, etc., will be explained and demonstrated.
 The public is welcome to attend. The session will begin at 4 p.m.

WSU Alumni House Dedication Planned
 Thousands of invitations have been mailed inviting alumni and friends of Wayne State university to attend an open house in the new Alumni House Sunday, January 31 from 2:30 to 5:30 p.m.
 The public also is cordially invited, according to Homer Strong, director of Alumni Relations.

BOWING TO IMAGES FORBIDDEN
 In the first commandment we saw how God forbids other gods to come before Him. The second commandment has 2 main themes — "Thou shalt not make any graven image, or any likeness of anything that is in the heavens above, or that is in the earth beneath, or that is in the water under the earth — Thou shalt not bow down thyself to them nor serve them." This forbids the fashioning of any image or thing to bow down before it (paying reverence) or serving it in any way. The true conception of God is lost when man begins to fashion gods with their hands that they can see. Jesus set the woman at the well straight when He said, "God is a Spirit and they that worship Him must worship Him in spirit and in truth." Worshipping Him in spirit is just the opposite of bowing before an image or carrying candles in our hands. True worship takes place in the inner man with the invisible God revealed to us through the truth of His holy Word. The trend is toward rituals, ceremonies, altars with sacred instruments, lighted candles, etc. All of this is the influence of man's depraved nature which desires to worship what he can see or in the presence of something he can see.
