

New Subscriber Campaign Offers Bicycles, Radios

If the plans of the Northville Record - Novi News staff are successful, there'll be a lot of area people riding new Evans bicycles and listening to Motorola transistor radios in the next few weeks!

Starting Saturday The Record and News will launch a five-week "new subscriber" campaign that makes it a simple matter for anyone to earn a bicycle or a transistor radio.

The promotion is a concentra-

tion of the regular policy of the newspapers to make a continuous effort to maintain maximum readership in the area served.

Not a contest, the campaign is open to anyone and each will be awarded according to his own individual efforts — not how they compare with others.

Anyone selling 15 new subscriptions to either The Record or News will receive a 1960 Evans Interceptor 300 model

bicycle; anyone selling 10 new subscriptions to either newspaper will receive a Motorola "Pocketeer" transistor radio, complete with batteries.

The only stipulations are that the subscribers must be new and they must reside within area limits set down in the complete rules on page 13.

The campaign begins Saturday, March 5 and will continue through April 9. Sales books will be given

to all participants who report to either of the three conveniently located offices in Northville, Novi and Wixom.

In Northville The Record office is at 101 North Center street. In Novi an office will be located for the promotion in the auto sales office of Harwood's on Grand River near Novi road, while in Wixom participants may report to an office in the rear of the Wixom Barber Shop, next to the city hall.

The offices will be open from 8 a.m. until 2 p.m. each Saturday. All participants must report on Saturdays — and do so each Saturday so that new subscribers will start receiving their newspapers promptly.

The Record - News circulation campaign is an effort to keep pace with our rapidly growing area — and also keep area residents informed of what's happening in their community.

As the official newspapers of

Northville, Novi and Wixom, the Record and News cover an area that includes more than 6,000 homes. Actually, the purpose of the campaign is two-fold:

1. To have the newspapers read regularly in every home in the area so that residents may be aware of the happenings of their city, village, township governments and school districts as well as the general news of importance and interest to all;
2. To give the advertisers in

our newspapers maximum coverage and results particularly with the knowledge that advertisements go into homes in their immediate trading area.

Naturally, the success of any newspaper is greatly dependent upon its use by advertisers — and therefore the effectiveness of the sales messages within its pages.

Thus it is that The Record - News offers an opportunity for

outstanding prizes to everyone. No one can lose. Even if a participant sells less than enough to win a prize, he will be given \$1.00 per new subscription sold.

It's easy — and should be fun, too. Why not start lining up prospective customers right now. And then come to one of our three offices Saturday and get your official sales book.

But first, read the rules on page 13 carefully!

IT TAKE THAT ONE — Jeanette Martin and Larry Thibos got a preview look at the new 1960 Evans bicycles that will be given away during the Northville Record - Novi News "new subscriber" promotion. Jeanette, a sixth grader at Novi's Orchard Hills school, and Larry, who attends the sixth grade at Northville's Main street elementary, visited the nearby Evans Products plant to see the bicycles being assembled. That's Lauren Wilson, an assembler, tightening a wheel bolt. The Record-News five-week campaign for new subscriptions begins Saturday. In addition to the Evans bicycle, the popular Motorola "Pocketeer" transistor radios will also be given away.

Victorious Debaters Head for Regionals

Fresh from its district victory at Birmingham, Northville's debate team will invade the University of Detroit high school Saturday in a bid for the regional championship.

After losing the W-O conference championship for the first time in eight years, Northville swept past Bloomfield Hills two weeks ago and then won split decisions over two Class A teams to pocket the district tournament crown at Birmingham.

In claiming the district crown, the Northville squad scored a unanimous win over Bloomfield Hills shortly before noon. In the afternoon Northville gained a decision over Birmingham after the latter knocked out Royal Oak Dondero. The final championship victory was over Royal Oak Kimball by another decision.

Royal Oak gained the finals by whipping Clarkston, W-O champions this year.

The Birmingham district tournament and similar district contests throughout the state were preliminary to the final competition of the Michigan High School Forensic association.

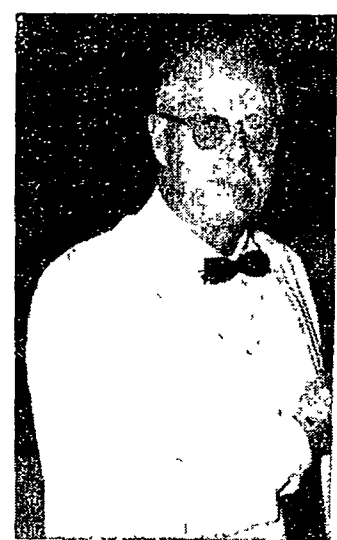

Debate teams in 211 Michigan high schools — second largest program of its kind in the nation — are matching wits on a national topic: "Resolved, that the Federal government should substantially increase its regulation of labor unions."

Veteran debaters Mike Adas and Chuck Hix, who represented the winning Northville squad, drew the affirmative side of the question, while according to Coach Miss Florence Panatoni, is the "toughest to uphold."

The competitive debate season with the elimination tournaments is sponsored by the Bureau of School Services at the University of Michigan.

Last year, Northville's championship debate squad lost a sudden death, first-round match in the Forensic association tournament at Wayne university. The loss to Class A Royal Oak Dondero dropped Northville from the tournament.

Marianne King and Hix, who is completing his fourth consecutive year of conference debating, represented Northville in the elimination round last year.

George I. Price

George Price Dies Following Surgery

George I. Price, well known Northville resident and owner of Neway Sales, Inc., died Tuesday at St. Mary hospital in Livonia following abdominal surgery performed Sunday.

Price, 67, had been a resident of Northville since 1935 and lived at 776 North Center street. He entered the hospital last Thursday and had been active in his business and organizational affairs until then.

An inventor, Price marketed his own product through his sales firm. He developed and patented a valve seat cutter.

Active in local organizations, he was a member of Northville Lodge 186 F.&A.M., the Rotary club and the First United Presbyterian church.

In addition to his wife, he is survived by six daughters: Mrs. G. Merrill Emery of Detroit; Mrs. Eber W. Lester, Jr. and Mrs. Cloyce A. Myers of Mt. Clemens; and Mrs. Earl S. Collins, Jr., Mrs. Charles H. Heiney, Jr. and Mrs. Lawrence E. Parmenter, all of Plymouth. Also surviving are a sister, Mrs. Arthur Rehrens of Detroit, and 14 grandchildren.

Funeral services will be held at the Casteline Funeral home Friday at 3 p.m. with the Rev. John O. Taxis officiating. Interment will be at Rural Hill cemetery.

Doors Open for Retarded

Fifteen infants and toddlers are the first patients to move into the new Plymouth Home and Training school for the mentally retarded on Sheldon and Phoenix roads.

Tuesday morning the diaper-clad arrivals were bundled into the new \$2,750,000 building completed last November.

Buses brought the children from the Coldwater state home for the retarded.

Another 15 babies are expected to be here in another week, said Administrator Walter Kenzie.

After that, patients will be admitted at a rate proportionate to increase in staff, Kenzie said.

By July 1, the staff, including medical and service personnel, is expected to reach 100, and bed capacity 150, the limit for the building.

Final plans for this newest of five state homes for the mentally retarded call for construction of six additional patient buildings and a service unit, with a total bed capacity of 2,500, including adults and children.

Construction of other units may get underway later this year, Kenzie said.

Estimated cost of beginning construction of the seven buildings is \$2.8 million, he said.

The money has been requested from the legislature by the State Department of Mental Health, Kenzie said, and bids are ready for immediate release upon approval.

Cost of the completed units may reach \$20 million, the administrator added.

Opening of the administrative-hospital building was delayed briefly by state cash troubles last year.

At present patient admission will be limited to infants, Kenzie explained, because the need here is most urgent.

They will be given custodial nursery care, he said. However, surgical and medical care will be provided in time, he said.

As the home is expanded, Kenzie said, patients of all ages and degrees of retardation will be admitted.

Educational facilities will also be set up in the near future, he said.

Creation of the home will serve to centralize Wayne county patients within the county, Kenzie pointed out. The new home will be similar in plans to the homes at Lapeer and Coldwater.

Other Michigan homes for the mentally retarded are located in

Mt. Pleasant and Ft. Custer.

A branch of the Plymouth home is located in Farmington.

Eventually the adjoining Wayne County Training school, covering about 750 acres, will become part of the state institution.

Kenzie, a former business manager for Wayne County Training school, was named administrator of the Plymouth home last fall.

A public open house tour of the building will probably be held this summer, Kenzie said.

CHILDREN ARRIVE — Nurses and staff members beamed with excitement Tuesday morning when the first patients were admitted to the newly constructed Plymouth State Home and Training school, corner of Sheldon and Phoenix roads. The patients, 15 mentally retarded children, were transferred by bus from the Coldwater hospital. Above, Walter Kenzie, resident director, holds the bus door as nurses carry the children into the building.

Economic Development Committee Starts Work

A six-member committee to study the need and propose a means for the economic development of Northville held its initial meeting Tuesday night.

Representing the city, township and school district, the committee members are: Councilmen John Canterbury and A. Russell Clarke, city members; William Crump and Donald Lawrence, school board representatives; and H. B. Putnam and Robert Shafer, township mem-

bers.

Concern over the inevitable growing tax burden that will continue to fall principally upon homeowners in the area prompted formation of the committee by the city council.

In its organizational session the committee appointed William Crump chairman and adopted an outline of procedure dividing the responsibility for study into three groups.

Canterbury and Shafer will explore the need for industry tax base as reflected by population predictions. They will attempt to determine what the cost of local government and school will be to the taxpayer.

Clarke and Crump will explore programs for economic development undertaken by other communities of comparable size.

Our area resources and advantages will be the subject of study by Lawrence and Putnam. This will include the availability of sites, tax structure, labor supply, zoning regulations and quality and attitude of community and governmental services.

The committee decided to bring back its information for another discussion on March 16.

According to Superintendent Daniel Mayville, Jr., work will cease in the Novi plant at the conclusion of the second shift today (Thursday).

The firm fabricates tubing for the automotive industry. About two-thirds of its employees are women. Highly successful, it has operated on a two-shift, six-day-week regularly. President of the company is Clyde Glenn.

Mayville said that the company had merged with Dover Products of Detroit and will now become known as Fayette Tubular Products.

Novi Products has been in Novi for six years. See picture page 5.

Two Teen-Age Boys Confess to Rash Of Break-Ins

Two Northville youths, 16 and 17, who wanted more pocket money, confessed early this week to a string of thefts and break-ins affecting five downtown business places and two schools.

Northville Police Chief Eugene King said the boys admitted to all burglaries and attempted break-ins reported here, this past month.

Last week the pair broke into Lyke's Plumbing, Perfection Cleaners, Irvin's Barber Shop, attempted to enter Altman's Center street grocery, and the Kroger store, and rifled a newspaper coin box.

Earlier, police said, they admitted taking some \$50 in milk money from the junior high school and another \$10 from the high school art room.

The two incidents were not definitely tied together until last week, however.

A series of small clues finally pointed to the pair.

A local merchant reported to police that one of the boys had attempted to pass a torn dollar bill.

Police knew that all bills stolen from the junior high were torn, King said.

An identification bracelet was found in one of the burglarized stores.

And the night of the three burglaries last week a resident reported a speeding car matching the description of one police had chased a few weeks ago. At that time it had been identified as belonging to the family of one of the boys.

Called in for questioning late last week, the youths denied knowledge of the crimes.

Saturday night they stole a car from Our Lady of Victory church parking lot and drove to Toledo where they broke into a grocery store to get money for gas.

Two Toledo detectives spotted the boys carrying goods from the store and apprehended them.

Toledo police and FBI authorities released the pair to Northville police.

The younger boy will be tried in juvenile court, King said. The Chief added that he will recommend trial as a juvenile for the older boy, also, who has been bound over to circuit court.

King said this was the first offense for both.

Annexation Issue Splits Novi Council

Novi councilmen will decide Monday whether or not the village should contest in court the annexation of village property along Eight Mile road to Northville.

Two weeks ago the council voted 3-2 authorizing the village attorney to "challenge" the legality of the impending March 28 election — presumably in court.

However, at a special meeting this week Councilmen Dirk Groeneweg and Walter Tuck declared that they had misinterpreted the motion in voting for it. The two councilmen indicated that they believed the motion meant only to "challenge" the state's election procedure outside the courts.

Councilman Dieron Taffrahan, who also voted for the measure, refused to withdraw his motion, however, stating that he believed the village should contest the annexation in court.

While the council decides which direction to turn Attorney Howard Bond has been authorized to begin paper work in the event the village decides to go into court.

Community to Benefit, Resolution Declares

The Northville city council took official steps this week to urge voters to support the annexation of Northville Estates to the city of Northville.

The action came in the form of a resolution in which the council declared that "the proposed annexation will permit more orderly, economic and beneficial development of the community".

Voters of the city and those residing in the 255 acres of Novi township and village located on the northeast corner of Baseline and Beck roads will vote Monday, March 28 on the annexation. A majority vote in both areas is required for the annexation to be completed.

Petitions seeking annexation to the city were circulated by members of the Northville Estates Civic association. To gain land connection to the city it was necessary that the 120-acre, 36-home subdivision (located in Novi township), bring along 135 acres of Novi village land on Baseline. The area joins the city limits at a point 1000 feet west of Taft road.

In a resolution signed by all its members the council stated that it "has determined that there will be no additional burden on present city taxpayers due to the proposed annexation".

In an official statistical report the council estimated that the additional cost to the city to service the area would be \$5,000 annually, while new tax revenues to be derived from existing buildings would be \$5,900 annually. The revenues include both property and state tax returns. The area is already in the Northville school district.

The council's list of expenses includes street lighting, garbage and rubbish pick-up, police and fire protection and public works maintenance of roads.

The residents of the area concerned would pay approximately \$100 more per year in taxes than they are now paying in Novi township if the area is annexed to the city.

Another question of expense will remain unanswered until after the election. If the annexation is approved, it is possible that the village of Novi will contest it in court. (See story, column six on this page).

In such an event court costs would probably be divided by the city and the Northville Estates Civic association.

In order to encourage voter support for the annexation in the city the council is inviting local political, business and civic organizations to invite representatives of the city government to discuss the issue at meetings of their organizations.

CD Needs Your Wagons!

The Northville Area Civil Defense unit this week issued a plea for a "wagon bank" for use in the event of a community disaster.

According to Fred Casteline, chairman of the transportation section of the unit, persons owning station wagons who would be willing to donate their vehicles for temporary use in emergencies should register with him immediately.

Names of these vehicle owners then will be put on file so that the owners can be contacted quickly in emergencies. Casteline said. Owners are asked to call him at FI-9-3050.

Mustangs Play Tonight

Northville will clash with Brighton tonight in the second round of the state Class B District basketball tournament beginning at 7:30.

The winner of tonight's contest will take on the winner of yesterday's (Wednesday) game between South Lyon and Milford for the district championship Saturday night.

The champions of the Northville tournament will be awarded a trophy after Saturday's game and will be entered in the regional tournament at Willow Run on March 8.

Admission for each of the three games played in the new high school auditorium is 50-cents for students, 75-cents for adults.

City Hall Study Continues; to Meet Again Wednesday

Northville's "new city hall" study committee will change its meeting night to Wednesday for next week only to avoid conflict with a rezoning public hearing scheduled for the city hall Tuesday evening.

The committee, chaired by Sydney Frid, was appointed by the council to come up with a city hall plan and site by May 1. The council hopes to use the committee's proposals to help promote sale of the community building to the school district for \$145,000. The sale proposal will come up before school district voters in June, and if approved, the city would use the funds for a new city hall.

To date the committee has held three meetings. Members have heard the clerk, justice of peace, and police and fire chiefs outline their department needs within the city hall.

Several possible sites — including the Detroit Edison building, Ford Field, the southwest corner of Main and Center and the present city hall locale — have been discussed. Tuesday night the committee heard Harley Cole, Northville contractor, suggest the rejuvenation of the present building. He estimated that it could be remodeled for \$30,000.

Chairman Frid announced that any citizens with ideas concerning a new city hall are invited to attend the sessions. They will be given time to present their suggestions to the full committee, he said.

Planners Meet Tuesday To Hear Rezoning Request

The Northville planning commission will hear a request by R. T. Martin to re-zone a corner lot from R-1 to C-1 next Tuesday night.

The lot is located on the northwest corner of Novi street and the new Eight Mile cut-off (formerly Carlisle). According to Planning Chairman T. R. Carrington, Martin (owner of the lot) is making the request to permit construction of a gasoline station.

The hearing will be held at 8 p.m. in the city hall.

2—Thursday, March 3, 1960—THE NORTHVILLE RECORD

Community General Hospital Auxiliary Elects First Officers, Adopts Bylaws

Officers were elected and by-laws adopted at the second meeting of the new Community General hospital women's auxiliary Monday night.

President is Mrs. William Milne of Northville, one of the four local women chiefly responsible for organization of the auxiliary.

Vice president is Mrs. John Goldsmith of Plymouth.

Mrs. Jan K. Bosch of Northville was named corresponding secretary and Mrs. Malcolm Allen, also of Northville, recording secretary.

Mrs. Harry E. Sessions of Livonia was elected treasurer.

Two weeks ago, the auxiliary

held talks by hospital president, the Rev. David T. Davies of Plymouth, hospital administrator Calvin Monfils, and state officers of the Michigan Association of Hospital Auxiliaries.

All stressed the vital need for the services offered by such a group.

Monfils explained that the auxiliary can serve an important public relations role in the communities and can help reduce hospital costs.

Committee chairmen and committees will be named within the next few weeks, Mrs. Milne said.

The temporary by-laws outline the auxiliary's activities as a service group.

Fund raising was not seen as an aim, Mrs. Milne pointed out.

Volunteers will work in the hospital, performing clerical and simple patient-care duties.

Memberships are still being taken, Mrs. Milne announced.

Active, sustaining and life memberships are offered.

These are open to women living in areas served by the hospital: Northville, Novi, Plymouth, Farmington, South Lyon and Livonia.

These will be announced at the next meeting of the auxiliary, March 21 at 8:15 p.m. in Our Lady of Victory church auditorium, Northville.

For more information about the auxiliary call FI-9-1010.

TALK ART — Northville's Mrs. Barbara (Donald E.) McKenzie was seen by many local viewers when interviewed about the Three Cities Art club mid-winter show last Monday by WWJ-TV's Faye Elizabeth. For story on the show see page 3.

Thrifty With Calendar

When Donald Cameron of Grandview avenue celebrated his 90th birthday Friday, three of his heartiest well wishers were a brother and two sisters, 87, 83 and 81, who phoned greetings from Denver, Colorado.

This was just about par for the Cameron clan.

At 90, Mr. Cameron is the eldest of ten brothers and sisters, eight of whom are still alive and active.

Two other sisters live in Canada, a brother in Detroit, and another brother in Palo Alto, California.

Wearing his Cameron tartan (navy and green) tie and looking dapper in a neatly tailored suit, Mr. Cameron and his daughter, Ethel, welcomed family and friends at a celebration here Friday night.

A retired tailor, Mr. Cameron came to Northville in 1949, making his home with Ethel.

Another daughter, Mrs. Ray Vernier, lives in Algonac, and a son, Donald A. Cameron, in Southfield. He's also granddad to two girls and a pair of boys.

After the "at home" Friday, Mr. Cameron was feted by the Donald Camerons at dinner and left this week to spend a birthday visit with the Verniers.

Mr. Cameron was born in Bayfield, Ontario, of Scottish and Canadian parents. His father settled in Novi Scotia after emigrating from Scotland and there met and married a Canadian lass of Scottish ancestry.

He learned his trade as a boy in Godrich, Ontario and moved shortly thereafter to Detroit.

Until just two years ago, Mr. Cameron kept busy tailoring almost full time. He still likes to take a stitch and tuck now and then on his home machine, Ethel says. And his yardwork and gardening are the envy of younger neighbors.

Asked for a recollection of the "good old days," the spry nonagenarian quickly decided that there was one thing he missed dearly.

Somehow, it wasn't so surprising. "Tobogganing in the winter," was the smiled reply.

BIRTHDAY PORTRAIT — Northville resident Donald Cameron poses with his daughter, Miss Ethel Cameron for a 90th birthday photo as they read his many birthday cards. Mr. Cameron was feted by friends and family Friday evening.

Night Service For World Prayer Day

The First Methodist church of Northville will have an evening service tomorrow for those who are unable to attend the daytime World Day of Prayer service at Willowbrook Community church.

All Northville area residents are invited, said Pastor Paul Cargo.

Wesleyan Service Guild members will conduct the evening service at 7:30 p.m. in the Sanctuary. The daytime services will be held at 1 p.m. at the Willowbrook church.

KITCHEN DIARY

Three Meat Meals Tops With Man of the House

Two of these dishes have been favorites in the Maxwell Austin household for some time, and have always had special appeal for the family men.

The third, called outright Meat for "The Man" was given Mrs. Austin by her niece, Mrs. Ralph Casperson of Niles.

"Even if you don't like sausage," Mrs. Casperson told her, "you'll love this one".

Mrs. Austin adds that the Mosetti and Marcini (a slight variation of the first) are ideal dress-ups for leftovers.

All are tasty and different, she says.

MOSETTI

Mrs. Maxwell Austin

- 1 lb. pork cut in cubes
- 1 cup chopped onions
- ½ pound noodles
- 1 cup finely cut medium sharp cheese
- 1 can tomato soup
- ½ can water
- Brown meat and onions together.
- Cook noodles in salted water.

Exchange Vows

Shirley Jean Glantz of Farmington and Lynn Reid Pirtle of Ferndale were married Wednesday evening by Justice of the Peace E. M. Bogart. Mr. and Mrs. Marlin Morgan of Milford, were the attending witnesses.

Added cooked noodles to meat and onions.

Place alternate layers of noodle-meat mixture and cheese in baking dish.

Mix tomato soup with water (thin more if desired) in saucepan. Bring to boil.

Pour boiling "soup" over top of casserole.

Bake one hour at 400 degrees. Serve six.

Leftovers from pork roast or other dishes may be substituted for fresh meat cubes.

MARCINI

Follow directions for Mosetti. But substitute 1 cup chopped celery for cheese.

Optional for either recipe, mushrooms may be added.

MEAL FOR "THE MAN"

- 1 lb. bulk sausage
- 1 No. 2 can pork and beans brown sugar
- 6-8 apple rings ¼-½-inch thick
- biscuit dough, recipe portion
- Brown sausage.
- Add pork and beans, pouring mixture into shallow baking dish.
- Sprinkle with brown sugar and top with apple rings.
- Drop "drop biscuits" of either homemade or ready-made biscuit dough over top. Space biscuits about 1 inch apart to allow room for rising.
- Bake 30 minutes at 375 degrees.

The Record will publish recipes of Northville-Novl area cooks every week of 1960. At the end chef's byline will be published in booklet form and distributed throughout the Northville-Novl area.

Foil Crabgrass This Winter Way

A half-hour's brisk winter stroll can do more to lick crabgrass than weeks of hard work, come summer. Just fill the hopper of the Scotts Spreader with HALTS®, set the dial, and take a walk! HALTS goes down in an even, overall blanket—lies in wait—then nips crabgrass as it sprouts. Don't let crabgrass spoil your lawn again. Apply HALTS now!

More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

Save \$5.00! Scotts Spreader (16.95) plus Halts (9.95) together only 21.90

LOTS OF POTS — A special attraction at the week end Three Cities Art club mid-winter show in the community building was the stoneware and pottery display by Roy Pedersen and Jack VanHaren. Shown here is Pedersen's exhibit. Above it is a mosaic of "Northville Steeples" by Catherine Hartley.

WE LIKE ART — A surprise crowd turned out for the two-day show. Exhibits included paintings, sculpture, jewelry, mosaics and pottery. Transportable peg boards helped show off paintings effectively.

Winter Art Show Draws Crowds

Northville welcomed its first mid-winter art show at the community building this week end like a Fourth of July parade — banners flying and crowds cheering.

The enthusiasm warmed the hearts of Three Cities Art club members who sponsored the show, only the second to be held in Northville.

A banner spanning Main street pointed the way to the exhibit. Announcements of the coming event were aired on TV. Pre-

views of works to be exhibited appeared in downtown shop windows.

And best of all, people, lots of them, trooped through the biggest snow and slush of the season to see it Saturday and Sunday.

"We're extremely pleased at the depth of interest shown by the many visitors," said Mabel Bacon, newly elected club president.

Others admitted surprise to find that Northville is "so art

conscious" after meeting a number of visitors with and earnest and knowledgeable interest in art.

Club members also confessed pride in the quality of exhibit works themselves.

The mid-winter show was possibly one of the most varied the young club has put on in its three years existence.

Exhibits included oils, water-colors, collages and sculpture, as well as jewelry, mosaics, and a first rate pottery and stoneware display.

Winner of the public "favorite entry" vote was a green, grey and white collage by Barbara McKenzie of Northville, entitled "Oriental Park."

Second place went to Margaret Cramer for her oil "Blue Mill", and Northville's Marjorie Becker for her water color, "Winter Silhouette".

Sales were brisk, too. One of the first to sell was Catherine Hartley's mosaic montage, "Northville Steeples,"

bought by Councilman John Canterbury.

Visitors came from all parts of the Detroit and Northville area. One gentleman, house hunting in Northville, dropped in from Texas.

The club, which numbers some 70 members from Northville, Plymouth and Livonia, has an annual "June Exhibit" in Plymouth's Kellogg park.

Rotating displays are shown at the Northville and Plymouth library.

NEWS AROUND NORTHVILLE

Mr. and Mrs. Huston Butler of Novi avenue entertained friends at a snow party Saturday night. Guests including Mr. and Mrs. Charles Lapham, Mr. and Mrs. Jerry Freydl, Mr. and Mrs. Eugene Maloney, Mrs. June Gasser, Mr. and Mrs. Jerry Becker and Bob Burgess, enjoyed tobogganing at Cass Benton park and returned to the Huston home for light refreshments afterward.

The Robinson Extension club discussed next year's club program at last Wednesday's meeting at the home of Mrs. Charles Davis, Plymouth. Charn school will be one of the programs offered to the club in coming months. Members were served dessert by co-hostess Mrs. Stephen Cherne. The next meeting will be March 30.

Brownie Troop 209 entertained Brownie Troop 210 at their meeting last Tuesday. The two new troops enjoyed light refreshments and games. James Madigan of the Northville American Legion presented an American flag to Troop 209. Patsy Long accepted for the troop. Mr. Madigan also showed the girls a movie on flag etiquette.

Results of the last camera shooting session will be shown next Wednesday at the meeting of the Northville Adult Camera club, 7:45 p.m., in the library.

Married Wednesday

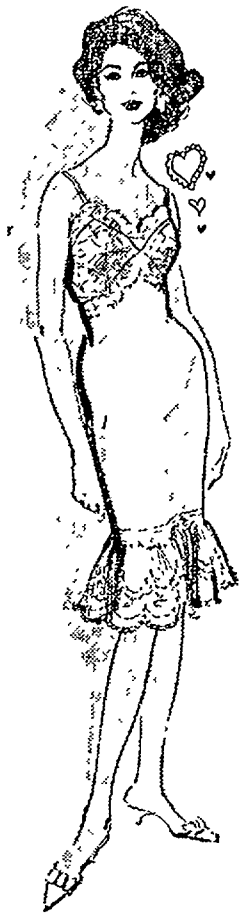

Carol Janice Bettendorf of Garden City and William MacDonald Albert, Jr. of Livonia were united in marriage by Justice of the Peace E. M. Bogart Wednesday evening. Miss Sandra Merry and Michael Albert, both of Livonia, were the attending witnesses.

NEW ARRIVALS

Mr. and Mrs. Edward Campbell of Livonia announce the birth of a son, Patrick Joseph, on February 13 at St. Mary hospital, Livonia. The baby weighed six pounds, 14 ounces. The Campbells have two other sons. Grandparents are Mr. and Mrs. William Bailey of East Cady street and Mr. and Mrs. Eugene Campbell of Detroit.

A daughter, Carolyn Marie, was born Sunday, February 28 to Mr. and Mrs. Wilson O'Brien of Rensselaer street, Livonia. The baby was born at Beyer Memorial hospital in Ypsilanti. Mr. O'Brien is an employee of The Northville Record and the family formerly resided in Northville.

Newcomer Club Activities To Get Underway in Few Weeks

Newcomer club members should get swinging in a couple of weeks, said co-president, Mrs. Charles Smith. A membership drive is now in progress.

Area representatives will be calling on new residents this

week to take registrations.

A \$2 per couple dues fee will be required to cover running expenses, said Mrs. Smith.

Questionnaires about preferred club activities were filled out by more than 200 new residents from Northville and Novi at last week's potluck supper in the Northville community building, Mrs. Smith said.

These are now being tabulated. Three of four of the most popular choices will be set up as soon as possible, she declared.

Members will be notified when they are.

An informal men's gym class has already started, Mrs. Smith added. Meetings are every Wednesday night in the community building. Bowling and card groups are set to get underway next week.

A spot check of the questionnaires showed that votes for these activities ran high, Mrs.

Smith commented.

She added that officers will soon appoint committee heads to enable broader and more detailed program planning.

Plans are also being made for another general get-together this spring, she added.

The potluck supper committee — composed of representatives of each subdivision and city areas — will go on serving on the official board for the next year, she said.

Officers were elected at the potluck supper, and constitutional by-laws, accepted.

The by-laws were presented by Mrs. E. E. Adams, a newcomer herself, who played a key role in setting up the club that many newcomers have asked for.

Anyone who ended up with the wrong dishes after last week's newcomers potluck supper are asked to contact dinner chairman Mrs. Charles Smith at FI-9-2265.

ELECTION NOTICE

To the qualified electors of the City of Northville, Counties of Wayne and Oakland. NOTICE IS HEREBY GIVEN that a Special Election will be held in the City of Northville, Counties of Wayne and Oakland, State of Michigan, on MONDAY, MARCH 28, 1960, from 7:00 in the forenoon until 8:00 in the afternoon, Eastern Standard Time, for the purpose of voting on the following proposition:

SHALL THAT PORTION OF THE TOWNSHIP OF NOVI, PARTICULARLY DESCRIBED AS FOLLOWS:

Territory lying in the South ½ of Section 33, Town 1 north, Range 8 east, Novi Township, Oakland County, Michigan; commencing at a point on the south line of said Section 33 distant 973.50 feet west from the southeast corner of said Section 33 for a point of beginning; thence westerly along the south line of Section 33, 4132 feet, more or less, to the southwest corner of said Section; thence northerly along the west line of said Section 33 2643 feet, more or less; to a point where the east and west ¼ line of said Section meets said west line; thence easterly along the east and west ¼ line of said Section 33, 4103 feet, more or less, to the northwest corner of the City of Northville; thence continuing along the present boundary of the City of Northville, Michigan, three courses as follows: Southerly parallel to the east line of said Section a distance of 2442 feet, more or less, to a point; thence easterly parallel to the south line of said Section 115.50 feet to a point; thence southerly parallel to the east line of said Section 198.00 feet to the point of beginning.

BE ANNEXED TO THE CITY OF NORTHVILLE?

Voters of Precincts No. 1 and No. 2 vote at the Northville Community Center, 307 W. Main St. Voters of Precinct No. 3 vote at the Amerman Elementary School on North Center St.

(Signed) Mary Alexander, City Clerk

Meet Eugenie Choquet

CANDIDATE FOR NOVI VILLAGE COUNCIL

I am Eugenie Choquet.

I would like to represent you as your first councilwoman.

Let me tell you a little about myself.

I've lived in Novi for 12 years and have been a property owner in Novi for 21 years.

I've always been active in local community affairs.

I worked hard to progress to a village only to see our efforts thwarted by a group of office holders who only act in the interest of a privileged few. After a close check of the record and performance of our present council I decided to run. A lot of my old neighbors, knowing of my active interest in seeing our community progress, urged me to seek a council seat knowing that I would dedicate my tenure in office toward seeing that the people would once again have a voice in the operation of their community.

The real clincher was discussing Novi with many of our newest residents who moved here with big hopes only to have them dashed through ill-advised spot zonings and landfills.

Your council has turned a deaf ear on requests of the residents. We must get our community back into the hands of the people, not in the hands of a puppet council whose every action is dictated by a hired hand who proves his interest in Novi by remaining a resident of another community.

I will appreciate your vote and can sincerely say that I will work for you and our wonderful community — NOVI.

You may be sure — as must be evident by this message — that I shall speak my mind openly and frankly where the welfare of our community is concerned.

Whether you honor me with your vote, that is of course up to you, but please do yourself the honor of voting on March 14.

It's your home and your future — It's up to You!

VOTE MONDAY, MARCH 14 — FOR EUGENIE CHOQUET (RHYMES WITH "DAY")

Paid Political Advertisement

BIRTHS

A daughter, Linda Jo, was born to Mr. and Mrs. Gary Holmes February 27 in Flint. The six pound, eight ounce miss is also the first great-grandchild of Mr. and Mrs. Ross Kenner of Novi. Mrs. Holmes is the former Arlene Kenner. Holmes is in the navy, stationed aboard the Carrier USS Lake Champlain. Paternal grandparents are Mr. and Mrs. Earl Holmes of Brighton.

Obituary

WILLIAM G. EDWARDS

Former Northville resident, William G. Edwards, 87, of 10003 Bay Pine boulevard, St. Petersburg, Florida, passed away in St. Petersburg February 21. Mr. Edwards, who lived in Northville 20 years before moving to Sebewing, Fowlerville, Ovid, Michigan and St. Petersburg, was born March 29, 1872 in Farmington township, the son of George and Sarah Edwards. He is survived by his wife, Myrtie; four sons, Kenneth of Detroit, Darwin of Linden, Melbourne of Grand Rapids and Percival of Grand Rapids; five grandchildren and four great-grandchildren. While in Northville Mr. Edwards worked at the condensery. He was a member of the Past Master Northville Lodge No. 186, F.&A.M. Funeral services were held February 24 from the Casterline Funeral home, the Rev. Paul Cargo of the Northville First Methodist church officiated. Burial was in Rural Hill Mausoleum under Masonic auspices.

MRS. ELLEN H. PUTNAM

Mrs. Ellen H. Putnam, 85, of 214 North Wing street died February 25 at Novi Convalescent home after a four years' illness. Mrs. Putnam, born October 11, 1874 in Novi township, was the daughter of George and Frances (Cook) Hicks. Her husband, Clyde H., preceded her in death November 11, 1942. She leaves three brothers, Fred of Northville, Steve of Novi and George of Walled Lake, and a sister, Mrs. Rose Watters of Harlowtown, Montana. Mrs. Putnam had been a resident of Northville since 1925. Funeral services were February 27 from the Casterline Funeral home, with the Rev. Peter Nieuwkoop of the Northville First Baptist church officiating. Burial was in Novi cemetery.

The driver's license of Clint Daniel Ferguson, 42, of Wixom was revoked by Judge E. M. Bogart after he was found guilty of drunk driving Saturday. He was fined \$100 and court costs.

SCHOLARSHIP CANDIDATE — Frank DePodesta, president of Paragon Bridge and Steel company of Novi, congratulates Gordon W. Jewell, Plymouth high school senior being sponsored by Paragon in competition for scholarships in engineering offered by the American Institute of Steel Construction, Inc. Ten \$1,000 scholarships are offered by AISC in civil or architectural engineering. The 10 winners and alternates will be named in May.

Democratic Club to Meet Next Tuesday Evening

The Northville Democratic club will hold its next meeting Tuesday, March 8 at 8 p.m. in the lobby of the community building.

Section five of the seventh grade English-social studies class of Northville junior high, will present a tape-slide program prepared for exchange with a school in Wolverhampton, England a few weeks ago.

Guests will be welcome. A social hour will follow the program.

MOVING TO OHIO — Novi Products company, 25320 Novi road, will cease operations in Novi at midnight today. The 50-employee firm is moving to Fayette, Ohio. See story on page one.

Honor Canterbury, Wallace For Service to Community

Two men, one from Northville and the other from Novi, were cited for their community leadership last week at a banquet in Dearborn honoring 106 employees of the Ford Motor company.

John S. Canterbury of Northville drew praise for his civic improvement service to the city, while Charles Wallace was cited for his outstanding work in civic improvement and youth work in Novi.

Benson Ford, vice president and chairman of the Dealer Policy Board, Ford Motor company, presented the two men with plaques bearing an engraved commendation from Henry Ford II, president of

the Ford Motor company.

They were selected from among 700 nominees employed in company installations in Wayne, Oakland and Macomb counties, and performed their services in 44 metropolitan area communities.

Ford congratulated the Community Service Award winners for "unselfish dedication to service for others."

"It is very likely that none of you ever looks on your efforts as a contribution to individual liberty. And yet your service your voluntary service does in fact shore up the foundations of freedom in our country."

"That, I think, is the true measure of what you have accomplished."

Canterbury, who lives at 204 Randolph, is a councilman for the city of Northville, is active in youth development through the Optimist club, and is actively engaged in other civic services.

Wallace lives at 46103 Grand River. He is president of the Novi Goodfellows, an officer of the Novi Chamber of Commerce, and he was instrumental in establishing the Novi Teen Town last year.

READERS SPEAK:

Opposes Rezoning

To the Editor:

I hope the people living in Oakwood, Northville Heights, and Green Acres Subdivisions, will not omit attending the Zoning Board meeting on Tuesday, March 8, 1960, to hold hearing on changing zoning on Lot Nos. 27 and 28 and part of 26, corner Novi St. and New Baseline to permit a gas station.

Your attendance will register your opposition to changing this area to anything but R-1, single homes. Cordially,
Sydney Frid

THE PRACTICE OF STEALING

You need not wear a mask and carry a gun to become a thief. You may be outwardly a respectful citizen and still be guilty of violating this commandment. The dictionary defines stealing as "To take without permission or right"; "To keep that which does not belong to you." Let me tell you some of the ways this commandment is being violated. We probably ought to head the list with bank robberies, breaking and entering, etc. Shoplifting seems to be a favorite indoor sport with a lot of people costing department stores millions every year. Some men working in factories think nothing of walking off the job with a pocketful of bolts or anything else they might need. It also means to keep borrowed articles without returning them. You would be surprised how many song books disappear from our Churches in this way. Another way to steal is to give short weights and measures. One wholesale meat company made a regular practice of it to meet competitive prices. Some folks may not know it, but not paying your debts is but another way of stealing because you are keeping what is not rightfully yours. God takes note of this dishonesty and will not acquit the guilty.

Hard - Rusty Water?

Then you should contact your local Michigan soft water representative in the Northville area.

Michigan Soft Water, Michigan's largest manufacturer and installer of water conditioning equipment has been serving the Northville area with high quality equipment and service for many years.

It will pay you to have one of our factory trained men make a complete analysis of your water problems (no cost or obligation, of course).

We have been and will be here for many years to serve you with proven equipment for your type of water.

Available on a no money down basis with up to 5 years to pay. Also lease and rental equipment and used softeners that were traded in on a new Wolverine.

13—NOTICES

Philip R. Ogilvie, Atty.
113 N. Center St.
Northville, Mich.

STATE OF MICHIGAN
County of Wayne
ss 479,277

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixteenth day of February, in the year one thousand nine hundred and sixty.

Present Ira G. Kaufman, Judge of Probate.

In the Matter of the Estate of ADA L. ROE, Deceased.

Thomas Carrington, executor of the last will and testament of said deceased, having rendered to this Court his first and final account in said matter and filed therewith his petition praying that the residue of said estate be assigned in accordance with the provisions of said last will:

It is ordered, That the Thirty-first day of March, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Ira G. Kaufman,
Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated Feb. 16, 1960
Cecil A. Bernard,
Deputy Probate Register 42

Cancer Workers Attend Conference

Six Northville women attended a potluck and training conference for volunteer workers of the Michigan Cancer Foundation at the Veterans' Memorial building in Plymouth today.

They were Mrs. L. M. Eaton, Mrs. Del Hahn, Mrs. Oscar Hammond, Mrs. Emma Reid, Mrs. Harry Smith and Mrs. William Wernett.

Friday, an education cancer film, "From One Cell" will be shown to the Northville high school biology class of Richard Rusche. Arrangements were made by Mrs. Wilbur Johnston, public education chairman of the Northville branch, to have the film shown locally.

A program will be presented to the Exchange club at its regular meeting on March 9 by Mark Entorf, public education secretary for the Michigan Cancer Foundation, division headquarters.

Corner of Main and North Center

AT SCHRADER'S — Lowell Keith joined Schrader's Home Furnishings staff this week. The 28-year-old Farmington resident has been employed at Thomas Economy Furniture company in Pontiac. He is married and he and his wife, Pat, have one son, David, 4. Keith was formerly a salesman for La-Z-Boy Chair company and prior to serving in the army attended Highland Park Junior college and Michigan State university. He is currently studying business management and interior decorating and design at Wayne State university.

SIGN OF SPRING — Villa Dress Shoppe Owner Mrs. Gladys Wallace looks at one of the new spring dresses she'll feature in the grand opening of her newly located women's store this Friday. Formerly located on North Center street, Villa Dress Shoppe is now located at the corner of Main and Center streets. Visitors to the store Friday will be given flowers and refreshments.

New Gas Lines Will Allow 21,000 More Area Customers

More than \$15,000,000 will be invested by Consumers Power company to expand and improve its natural gas services in its south-east division, headquartered at Royal Oak, in 1960.

The division has district headquarters in Royal Oak, Pontiac, East Detroit and Plymouth, with more than 240,000 gas customers. The area encompasses Detroit metropolitan communities in Oakland and Macomb and western Wayne counties.

Division Manager David H. Gerhard said major expansion of gas service facilities is made possible by the recent acquisition of a new supply of natural gas through the facilities of the Trunkline Gas Co. of Houston, Texas. The new supply is being brought to a new Consumers compressor station at Northville via a 120-mile long 26-inch pipeline extending to the Indiana border at White Pigeon. It will amount to 100,000,000 cubic

feet a day, augmenting supplies totaling more than 200,000,000 cubic feet a day from the Panhandle Eastern Pipe Line Co., up to this year Consumers' only out-of-state supplier.

Gerhard said more than 275 miles of new gas mains will be installed to bring gas service to some 21,000 new customers. In addition, many miles of older main will be replaced or refurbished to improve gas service to some 2,900 existing customers.

In this project, extensive replacement of smaller main with 16-inch and 20-inch mains will take place in various localities.

Township Meeting

(Continued)

request. Mitchell Pitak, speaking for a dozen residents of the Whipple subdivision area, expressed concern over the proposed R-1-H land use district.

The new classification, approved by the township planning board, would permit minimum lot sizes of 18,000 square feet with 100 foot minimum frontage. Currently the township has R-1 districts (varying from 7200 to 12,000 square foot minimums) and R-1-E, calling for one-acre lots.

The Whipple residents were concerned that the new classification might be permitted in areas near their subdivision.

The proposed R-1-H classification has not yet been forwarded to the township board. It must be approved by the board at a public meeting before becoming official.

New Yorkers Built First Northville Homes in 1825

NOTE: This is another in the series of articles about early area history by News Editor Jack Hoffman.

As John Miller rode down "Main street", his horse dodged through the scrub oaks and half stumbled over the choppy ground.

Up ahead past the "Record Office", through an opening in the forest, he could see a lush, green hill rising skyward. It was the highest point in view and looked like an ideal home site.

He spurred his horse ahead — and the animal would have tripped over the Dunlap curb had it not been the year 1825.

This was John Miller's new home — a virgin forest never before penetrated by a white man. He must have wondered as he stood below the towering trees whether or not his purchase from Alanson Aldrich had been a wise one.

Aldrich for some unknown reason had never settled on the land that he purchased from the United States government on May 10, 1825. Instead he chose to sell his 80 acres of swamp and forest to Miller, a fellow New Yorker.

Miller's newly purchased property actually included two 80-acre tracts, bounded by Baseline on the north, Griswold on the east, Main street on the south, and Linden on the west.

Upon his arrival, Miller survey-

ed the property and immediately set to work chopping trees and hacking away the undergrowth on what is now the east side of Center street and north of Dunlap.

When this preliminary work was completed he built himself a log hut on the high ground southwest of the junction of the Taft and Mill creeks. This crude dwelling was the first building in Northville. Later he built a second log house near the mill pond.

The late Mrs. Jennie Dunlap, who was one of the most informed residents on early Northville history, believed that this second log building was located close to the site of what is now the Ford parking lot west of Griswold.

Other Early Pioneers

Daniel L. Cady established a farm on the southeast quarter of section three (East Main south to the section line and South Center east to the section line); Hiram Robinson on the southwest quarter (West Main south to the section line and South Center west to the section line); and a Mr. Page on the east half of the northeast quarter (Baseline south to Main street and Griswold east to the section line).

Several other pioneers played important roles in the early development even though they settled in nearby areas. Most prominent of these were:

Pitts Taft settled on the southwest quarter of section 34; William Yerkes on the southeast quarter of 35 (Eight Mile road); Benjamin Hungerford on section 33; and Josua Simmons established a farm on what is now 10 Mile road.

The latter is credited with building the first frame barns in the towns of Plymouth and Livonia.

In 1826 John Miller and Israel Marsh prepared a plot of ground for a grist mill. This mill, according to late village residents, also stood on the site of what is now the Ford property.

"It was located a little south of where the Yerkes Mill formerly stood, almost on the exact spot where the C. L. Dubuar Lumber company office formerly was."

The mill was erected in the summer of the following year, and the first grist was ground in the fall of 1827.

A story is told — though its authenticity is doubted by some oldtimers — that Miller and Marsh split a huge rock for use in the mill. Using chisels, the two men chipped away at the rock for several weeks before splitting it.

By the time the mill wheel hummed to a start, other buildings began to rise nearby. A blacksmith shop was constructed near the mill, and a little religious-manufacturing shop was erected on the site of the Ford plant.

This latter building was the personal office and plant of one of Northville's most colorful pioneers — William Hickox. A wheelwright by trade but a preacher by preference, Hickox came to Northville in 1827 and set up a crude lathe turning business. He made grain cradles and rakes and furnished the old fashioned spinning wheels for Northville and nearby settlement women.

A zealous Methodist, Father or Elder Hickox, as he was called, was the first minister or "licensed exhorter" to preach in the township of Plymouth. His little shop frequently was pressed into service as a church.

In 1829, the Mead brothers — the same men who established the famous Mead's Mill at Waterford in 1834 — started a little store in the region of Miller's Mill. The site of this store has been pinpointed opposite the Ford plant in the middle of Main street.

According to the late Charles L. Dubuar, "Northville now boasted of a grist mill, a blacksmith shop, a wood turning shop, and a store, and the memorable Widow Craemer's tavern."

"With the clearing away of the forest primeval from the higher

land rising immediately west from the Rouge river came, without a doubt, the idea that such a site presented a far more favorable location for business purposes than down by the stream, and so the Meads, in the spring of 1831, moved their goods from the log store to a frame building, the first in Northville, on the corner where the Lapham State Savings bank stood (now Villa Dress Shoppe).

"This building was the old home of The Record. Here the Meads remained for several years and kept dry goods and groceries to sell to settlers around and those coming to the mill. A post office was first established in Northville in 1831, and J. M. Mead was the first postmaster."

Major William Dunlap, who was to become one of the community's most prominent citizens, scouted the area for a home site in 1825. Dunlap may have made this initial trip with William Yerkes and Thomas Pinkerton, who also searched for suitable Michigan property. All were from the Ovid, New York area.

Unlike the other two men, however, Dunlap did not return until the spring of 1831. With him came his family and several neighbors, including Robert Purdy, Samuel Blackwood, Peter Larkins, Lewis McCormick and David Clarkston.

Upon reaching the Northville settlement, Dunlap purchased the 160 acres owned by John Miller, including the grist mill.

A year after his arrival, he and his family moved into a new frame house on the site of the American Legion building. This original building was later moved to 318 Randolph where it still stands.

Other homes and shops sprung up in the "clearing in the woods". Daniel Cady lived in a log house on Cady and south of Center.

"Settlers now began to come in very fast. Every day some newcomers were heard of. People came here to trade and for lumber, and this began the business center. A meeting was called for giving the growing settle-

ment a name, and after discussion, the name Northville was decided upon.

"In 1832, the first plat of Northville was made by Major Dunlap and recorded in the Register of Deeds of the county."

The second frame house here was built in 1832 by J. M. Mead on the "hotel corner", diagonally across from the Mead store. It replaced Cady's log house. Daniel Johnson erected a frame building on the site of what is now Gussell's drug store. He used the lower floor as a blacksmith shop, while G. W. Wilcox established a shoe shop in the upper half of the building.

Samuel Sterling sold his farm to J. DeMott, moved to town, and built the first "public house" or tavern. Later, John Waterman purchased the tavern, managed the business, and established a tailor shop in one of the tavern rooms.

Workmen began on a second store building almost as soon as Mead's store was completed. Built and operated by David H. Rowland and Arthur Edwards, this country store was located on the northwest corner of Main and Center — now the site of the Record building.

Shortly thereafter, William Hay built a little store on the present site of the Detroit Edison building. David Gregory erected a store on the site of what later became the famous Northville opera house — and now a new hamburger stand.

Still later, Gregory built what was then called the "Gregory Block". He purchased several acres of land on the south side of Main street and erected the pretentious house now used as the city hall.

The Meads started an ashery near the Robinson saw mill (near the corner of South Center and Seven Mile) and made potash for use in making soap. Ambitious settlers, who found it difficult to support their families with the sale of farm products, collected all the ashes from their burned log heaps and sold them to Mead. (Next week — actual formation of Northville township).

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868—Thursday, March 3, 1960—9

FIRST FRAME BUILDING — Back in 1831 Major William Dunlap built this small frame house on his property where the American Legion building now stands. It was moved several times, finally "coming to rest" at 318 Randolph. Today the house, which has undergone extensive remodeling over the years, is owned and occupied by Burleigh Grissom. Most oldtimers agree that it is the oldest standing building in Northville. Grissom years ago found a "lucky 1828 penny" tucked away in a corner wall panel, presumably put there by Dunlap. It was the custom of early pioneers to place a penny in a corner near a door to bring good luck to a new home. According to Grissom, the subflooring is of split logs, and sections of the walls are made of 3-inch thick nine foot long black walnut boards.

IN YOUR OPINION

Each week our reporter asks six residents to voice their opinion on a different question. This week the question is: What is your favorite full course meal?

Mrs. Ebert

Smith

Lower

Mrs. Dempsey Ebert, 404 West Main: "Let's see. I think I would start with hot clam chowder. Then rare steak, baked potatoes, a good vegetable — maybe broccoli, and hot rolls. For dessert I'd like blueberry pie. Myself, I like tea with my meals."

Leland Smith, 419 Yerkes: "All those desserts and teasers fill you up too much, so I guess I'd like to have a sirloin about 1 1/2 inches thick, barbecued well done — no blood, and french fried potatoes. With enough of that I'd have plenty without dessert. I'd want cold milk with the hot meal — and some ice cold water."

James Lower, 9140 Napier road: "Guess a good old steak dinner would be best. I like the steak well done. Mashed potatoes with some good dark gravy. I like all kinds of salad, but a good vegetable is best. For dessert, either pie or cake. I think good cherry pie is as good as another. Coffee, but iced tea in hotter weather."

Sigsbee

Gombasy

Mrs. Malik

Harold Sigsbee, 41731 Aspen drive: "I prefer pork chops over just about anything — even chicken and steak. Personally, I like scalloped potatoes with my chops, some tossed salad, cream corn or string beans. Dill pickles are a must at every meal. Milk, bread and butter. I don't go much for dessert. I like to eat a good meal and the heck with the dessert."

Louis Gombasy, 26052 Clark street: "Fried chicken, mashed potatoes, gravy, cranberries, some kind of tossed salad. I like my coffee with the dessert — that means just about anything sweet."

Mrs. Joseph Malik, 47873 West Seven Mile road: "Tomato juice, tossed salad with 'thousand island' dressing, steak (medium), french fries, green peas, apple pie — and coffee first, middle and last."

Naturalist to Speak To Amerman Students

Charles Damm, park naturalist at Kensington Metropolitan park near Milford, will present two lectures to the students of the Amerman school Monday.

"Pond Life" will be the topic for students in the lower grades while "Insects, Reptiles and Amphibians" will be the subject discussed before students in the upper grades. Damm is associated with the Nature Center of the park.

The appointment was requested by Miss Margaret Sours, first grade teacher. The school principal is Richard Kay.

Northville Man Wins Angler Contest

Stanley Myers, 411 Yerkes, won angling recognition in the 25th annual Metropolitan Miami Fishing tournament when he caught one kingfish, two jack and four snapper in the all-tackle division. His fishing guide was Capt. Tony Tarracino on the Greyhound II out of Key West.

His catch will be recorded on the front page of his personalized copy of the highly illustrated Year Book of South Florida Fishing.

Meet Your Firemen

Bogart

Buttermore

BOTH OF THESE TWO Northville firemen have homes on Lake street. Warren Bogart, 38, lives at 221 Lake, and Charles Buttermore lives at 429 Lake. Bogart, a maintenance worker for the state hospital, joined the department 13 years ago. A member of the VFW, he is married and has one daughter. Charles Buttermore, 44, is married, has one daughter and two grandchildren. A superintendent for a Detroit construction firm, Bogart joined the department 12 years ago.

But No One's Jubilant Mustangs End Cage Season With Sizzling 82-56 Win

The curtain rang down on a rousing last-act performance Saturday night as the fired-up Mustangs climaxed a dismal cage season by crushing South Lyon here, 82-56.

But much of the joviality in winning dropped to the wayside in the wake of Friday's discouraging loss to Clarkson which tagged Northville as the bottom rung in the Wayne-Oakland league ladder.

Friday's 67-59 loss at Clarkson left Northville holding a season record in the league of three wins and eight losses. In the overall season, including non-league tilts, the Mustangs ended with a record of six wins and nine defeats.

Clarenceville and Brighton claimed a share of the league championship Friday as the Bulldogs rolled over Holly, 68-58, and the Trojans clipped Milford 53-48.

By losing to Clarenceville, Milford slipped to a second-place tie after an amazing climb from the cellar to tie for first place. The Redskins, who earlier in the season were favored to win the W-O crown, finished in fourth, while Clarkson grabbed a piece of second place.

Despite its impressive 14-4 season record, South Lyon was no match Saturday for the Mustangs who seemed bent on proving that they are a far better basketball team than is indicated by their last-place finish.

Coach Dutch Van Ingen, who is far from discouraged over this his first season as the varsity coach, weaved regulars and substitutes in and out of the game to pilot his club to its most impressive win of the year.

The Mustangs were ineffective in the opening minutes as the Lions exchanged blow for blow. But by midway in the quarter, the local cagers sparked to life leaving the Lions coughing in the dust.

At the first quarter mark, Northville was out front, 14-11: by inter-ferable 39-24 lead. Northville led 58-39 at the end of the third quarter.

Right Guard Roger Atkinson, mission the Mustangs held a com-who turned in his best perfor-mance of the season, led Northville's second half attack with four field goals and a single charity shot in the third stanza and six field goals in the final period. His sizzling performance under the basket matched an equally stellar job of ball handling which brought screams of approval from delig-hted fans.

Altogether, the 5' 10" senior fired 31 points to lead his team in scoring. Sophomore Steve Juday, who started the season strong, lost his noise midway in the season and then bounced back with an average of 12 points throughout the final six games, scored 10 points Saturday. Center Wade Deal and Forward Jim Patterson each scored 13 points to help boost the score to a season high of 82 points.

Percentage-wise, the Lions were tops at the free throw line, but the Mustangs tossed in 26 points in 40 attempts while South Lyon scored only 14 in 22 attempts.

Although Northville took the short-end of a 67-59 score at Clarkson Friday, the Mustangs turned for home almost elated over the fact that the Wolves will move into a new gymnasium next season.

Taking advantage of its "cracker box gym", which has brought complaints from most league coaches, Clarkson grabbed an early 13-11 first-quarter lead and then galloped to the wire unmolested.

The quarter scores were: 11-13, 13-15, 14-17 and 21-22.

Juday took scoring laurels for Northville with 17 points. Patterson and Atkinson were next high with 11 points each.

THE NORTHVILLE RECORD—Thursday, March 3, 1960—11

Long Fires 30 Points To Hand Colts 10th Win

The Northville Colts kicked up plenty of dust Saturday night, trampling South Lyon, 78-63, to sweep across the finish line with a record of ten victories and five defeats.

Saturday's victory was a grand finale in more than one way: It was the JV's fourth win in a row; it was the highest scoring game of the season; it was the greatest victory margin; and it was highlighted by the best individual performance of the season.

The spark behind the season-ending victory was Northville's 5' 6" guard, Tom Long, who netted a total of 31 points. The little sophomore fired eight field goals and three free shots in the first half, then added five field goals and two charity shots after the intermission.

Northville outscored the South Lyon five in each of the four quarters, 18-15, 26-22, 19-13 and 15-13.

Altogether, Northville connected on 12 of its 17 attempts at the free throw line for a sizzling 75 percent while South Lyon hit 19 of 30 attempts for 60 percent.

The Colts scored 33 field goals to South Lyon's 22.

Center Dave Filken was Northville's second highest scoring cager with 19 points. Teammate Dick Bathey scored 15 points.

Against Clarkson Friday night, the Colts had to fight off a fourth quarter drive by the Wolves to win 68-62.

Northville led throughout the entire game but was outscored in the final stanza, 17-26. Other quarter scores were 16-15, 15-7 and 19-14.

Long and Filken shared scoring laurels for the Colts with 15 points each. Forward Don Busch scored

13 points and Teammate Dick Bathey was next high with 10 points.

Top scorers for the 15-game season are: Tom Long, 158 points; Dave Filkin, 138; Dick Bathey, 112; and Don Busch, 62.

The season record: Clarenceville, 52-38; Plymouth, 40-29; Brighton, 46-50; Bloomfield Hills, 41-30; Farmington, 38-56; West Bloomfield, 40-47; Holly, 36-57; Milford, 58-51; Clarkson, 48-42; Clarenceville, 41-40; Brighton, 30-59; Plymouth, 35-33; Bloomfield Hills, 38-36; Clarkson, 68-62; South Lyon, 78-63.

Wrestlers Lose 3; Eye Regionals

Northville's wrestling team will travel to Ann Arbor tomorrow for the first round matches of the regional tournament.

The Mustangs, who climaxed their first regular season Monday night against Oak Park, probably will draw either Ann Arbor or Ypsilanti in the first match, according to Coach Chuck Shonta.

Against Oak Park Monday, the Mustangs took the short end of a 32-18 score with six local wrestlers hitting the scoring column.

Eugene Willnow 120-pounds, Gary Nichols 145, and Blaine Ashby 165, each grabbed three points for the Orange and Black. Bob Stuber, 127, pinned his opponent for five points. Fred Mitchell, 180, and Bill Juday, unlimited, came up with two draws for a total of four points.

Scores last week:
Hazel Park, 29-19; Stuber, 127, (3 pts.); Doug Tyler, 133, (3) Jim Tuck, 165, pin (5); Bill Milne, 180, (3); G. White 214, W. Staman 213, 203, B. Stover 213, 201, R. Bezaire 210, 605, C. Warkup 209, T. Ezell 207, M. Flavin 207, F. Gardner 206, J. Petrucelli 204, B. Coon 202, V. Imslund 202, L. Earehart 201, L. Wortley 200.

UNDEFEATED CHAMPS — Northville's freshman basketball squad wrapped up another undefeated season Friday afternoon by crushing West Bloomfield. The victory marked the 29th win without a loss over the past two seasons. The 1959-60 champs are (l-r): Standing, Dick Stamann, manager; Craig Bell, Tom Swiss, Dick Brown, Jim Riley, Joe Hay, Coach Joe Wilkinson; seated, Jim Jiggins, Jim Juday, Don Biery, Jeff Crawford and Dikran Ornekian.

Freshmen Overcome Deficit To Clinch 29th Straight Win

Northville's freshmen quintet, running on only one cylinder, was forced to power its way from behind in the third quarter Friday afternoon to overtake West Bloomfield and lay claim to its second straight undefeated season.

Coach Joe Wilkinson, who has announced that he probably will give up coaching next season, had some trying minutes Friday when the Frosh suddenly sparked to life in the third period and rolled to a 50-38 victory.

With the win over West Bloomfield here, the freshmen closed the season with 15 victories without a loss. Coupled with last year's string, the overall record is 29 victories without a defeat.

The victory streak is one of the longest ever recorded in Northville high school competition.

Craig Bell pumped in 18 points

against the Lakers to grab scoring laurels for his squad. Teammates Dikran Ornekian and Don Biery were runners-up with 10 and 11 points, respectively.

Quarter scores: 5-5, 7-10, 21-15 and 17-8.

According to Wilkinson, three of his players topped the 100 mark in scoring this season. They are: Bell 244, Tom Swiss 132, and Biery 105.

Members of the Northville squad are: Bell, Biery, Dick Brown, Jeff Crawford, Joe Hay, Jim Jiggins, Jim Juday, Dikran Ornekian, Jim Riley and Swiss.

LENT
Both the German word, "lenz", and the old English word, "lenten", from which we get our present-day word, "Lent", mean spring — the season of new life, of life revived and life resurrected.
The revival of life in nature, with the return of spring following the death and hibernation of the fall and winter, finds a corresponding experience in the spiritual life of man.
Jesus said to Nicodemus, "Except one is born again he cannot see the kingdom of God."
The resurrection of Jesus on Easter Sunday — the end of the Lenten season — is the demonstration of the Christian victory over death. Within the reality of the "resurrected life," however, is the germ of spiritual life which cannot be destroyed.
Because so much of man's life is lived apart from the things which even death cannot destroy, the season of Lent comes as a time and opportunity for the spiritual nurturing of the germ of spiritual life so that the full meaning of Easter may be reflected in one's own personal, resurrected life.
A dramatic expression of this spiritual meaning of Lent has come to be made by some people in the observance of "Fat Tuesday", a time of feasting and carnival, only to be followed with the observance of the meaning of "Shrove Tuesday", a time of confession and absolution.

from the PASTOR'S STUDY

Rev. Marvin E. Rickert
Willowbrook Community Church

These observations on the day before Ash Wednesday are, as it were, introductions to the discipline which devout Christian are oftentimes inclined to impose upon themselves during the forty days of Lent.

Because these observations can understandably be outward expressions of man's inner spiritual desires, the latent errors of Lent to be avoided are those tendencies to make the resulting rites and ceremonies ends in themselves.

In commenting on the importance and expression of fasting, for instance, Jesus said, "that your fasting may not be seen by men but by your father who — sees in secret (and) will reward you."

The Apostle Paul put it this way, "And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through him"

Sincerity is the secret of success in observing Lent, as is true of every important thing in life.

If a pun is permissible, there may be some meaning to the suggestive thought that "Lent" is a time when we are properly reminded that our personal lives have been "lent" to us of God. A good accounting of our stewardship is to be found in the exercise of the discipline of discipleship.

Again, Jesus said, "If any man would come after me, let him deny himself, take up his cross and follow me."

WORLD DAY OF PRAYER — Local churchwomen (l-r): Mrs. Robert Dixon, Mrs. Marvin Rickert, Mrs. George Lewis and Mrs. C. O. Ginter, look at a poster announcing the annual observance of the World Day of Prayer. Services will be held at Willowbrook Community church March 4.

Churches to Join in Prayer

The 74th annual World Day of Prayer — a day of united world-wide Christian worship — will be observed by Northville and Novi churches at 1 p.m. tomorrow (Friday), the first Friday of Lent.

For the first time, the local service will be hosted by Willowbrook Community church, Novi. Participating churches include Northville's First Methodist and First Presbyterian.

As customary, women of the congregation will lead the worship. However, anyone may attend.

Theme of this year's observance will be "Labourers Together with God".

The World Day of Prayer, which began in 1887, will be celebrated in 145 countries and six continents, in 60 languages and 1000 dialects during the day.

Services begin on the Tonga islands, west of the International Date Line, where Queen Salote leads her subjects in prayer. The last service ends with the setting of the sun on St. Lawrence island, Alaska.

Purpose of the day is to unite all Christians in a bond of prayer, to pray for all people of the world and to make offerings for Christian missions at home and abroad. United States sponsor of the observance is the General Department of United Church Women of the National Council of the Churches of Christ.

Thousands of U.S. communities will take part this year.

Mrs. C. Ginter, assisted by Mrs. George Lewis of Willowbrook church, heads the local celebration.

Other women on the general committee are Mrs. Marvin Rickert of the Willowbrook church, Mrs. John Taxis of the Northville First Presbyterian church, Mrs. Harold Marks and Mrs. Robert Dixon of the Northville First Methodist church, Mrs. Lorenzo Panizzoli and Mrs. Alton Beach of the Redford Baptist church, Mrs. Calvin Pershing and Mrs. Lawrence Harshfield of the Clarenceville Methodist church, and Mrs. Fred Maas, vice president of the Farmington Council of United church women.

A choir comprised of members of all participating churches will lead the singing.

Mrs. Leland Mills of Northville Methodist church will sing a solo. Nursery care will be provided for children during the service.

"BOY, IT'S EASY TO EARN A NEW EVANS BICYCLE! YOU JUST HAVE TO SELL 15 NEW SUBSCRIPTIONS TO THE RECORD OR NOVI NEWS!"

It's The New 1960 Interceptor '300' Boys' or Girls' Models

Just like the EVANS BICYCLES You see at STONE'S GAMBLE STORE!

Choice of Colors — In 24 or 26-Inch Size

Earn A Nationally Famous EVANS BICYCLE

OR MOTOROLA

Transistor Radio

This powerful Motorola Transistor is sold locally at Northville Electric Shop.

You can earn a new EVANS Interceptor 300 Bicycle or a Motorola "Pocketeer" Transistor Radio — or BOTH — simply by selling 15 new subscriptions (for the bicycle) or 10 new subscriptions (for the radio) to THE NORTHVILLE RECORD or NOVI NEWS. Subscription price is \$3.00 per year — renewals of present subscriptions DO NOT COUNT. NEW SUBSCRIBERS MUST LIVE IN THIS AREA — Read Rules Carefully!

THIS IS NOT A CONTEST!

You do not have to compete with anyone. You have until APRIL 9, 1960 to sell your subscriptions. Anyone selling less than enough subscriptions to earn a prize will be paid \$1 for each subscription sold. You must obtain an official sales book — available Saturdays only beginning March 5 — report EACH SATURDAY so that new subscriptions may be started at once.

Here Are The Rules!

To enter you must report to either our Northville, Novi or Wixom office — not before Saturday, March 5, 1960. Offices are open from 8 a.m. until 2 p.m.

To earn a bicycle you must sell 15 NEW subscriptions. To earn a transistor radio you must sell 10 NEW subscriptions.

Money must be turned in with subscription receipts each Saturday. Report sales each Saturday, whether or not you have sold enough to win a prize, so that new subscribers may start receiving their paper at once. You will receive credit each week toward the prize (or prizes) of your choice.

Anyone not selling enough to win a prize before the closing date of April 9, 1960 will be given \$1.00 for each new subscription sold.

IMPORTANT — You may sell either The Northville Record or Novi News — but a RECORD subscriber CANNOT subscribe to The News and qualify as a new subscriber; or a NEWS subscriber CANNOT subscribe to The Record and qualify as a new subscriber.

PICK UP YOUR SALES BOOK SATURDAY — BE THE FIRST TO EARN A PRIZE!

WHAT IS A NEW SUBSCRIBER?

Anyone who has a mailing address of Northville, Novi, Wixom, Walled Lake, Salem or Plymouth who has not been a paid subscriber on our subscription list since December 31, 1959. RENEWALS DO NOT COUNT.

SUBSCRIPTIONS SOLD OUTSIDE THE AREA LIMITS DESCRIBED ABOVE DO NOT COUNT! Salesmen should try to sell The Northville Record in the Northville area and The Novi News in the Novi-Wixom-Walled Lake area.

NOTE — A new subscriber is one living in the defined area who has not subscribed to either paper since December 31, 1959.

In other words, a subscriber is NOT NEW if his name appears on EITHER our Record or News subscription list, or has appeared there since December 31, 1959.

Another subscription taken out in the name of the husband, a wife or child — or close relative — living in the same household already subscribing WILL NOT BE COUNTED as a new subscription.

Northville City Council Proceedings

A regular meeting of the Northville City Council was held at the City Hall Monday, Feb. 15th, 1960, Methodist Church Board of Trustees at 8 P.M.

Present: Mayor Allen, Councilmen Canterbury, Juday, Reed and Welch. Minutes of last regular meeting were read and approved.

Bills amounting to \$19,343.60 from the General Fund, \$1,762.79 from the Water Fund and \$3,040.93 from the Water Construction Fund were presented for payment, and it was moved by Welch, supported by Juday, that same be allowed and paid. Carried.

A written request from Angelo Gadioli was read asking for permission to add 5 or 6 bowling alleys to his present building located at 132 S. Center St. Mr. Gadioli was informed that this matter would be considered at an informal meeting to be held Feb. 22nd., and he would be notified on Feb. 23rd of Council decision.

Moved by Reed, supported by Welch, that final approval of Plat of Yerkes Estates Sub. No. 3 be granted and that this plat be adopted. Carried.

Council approved contents of a letter written by Mr. Robertson to the Michigan Public Service Commission regarding the rate increase granted the Michigan Bell Telephone Co., in which he calls attention of the Commission to the fact that in the new directories put out by the Telephone Co. for our area two toll free exchanges are not included, which makes it appear that Northville is paying for these numbers, but not receiving the service. Council instructed Mr. Robertson to forward the letter.

Mr. Robertson called the Council's attention to the fact that the last bill received from the Wayne Co. Infirmary for care of indigents from this area covering a period of 4 mos. amounts to practically as much as the cost for the entire previous year, which he feels is cause for much concern. He was instructed to look into this matter thoroughly.

The septic tank ordinance was discussed, but it was decided that it should be studied further and taken up again at the next regular meeting.

Mgr. Robertson reported that he had attended a meeting with the City Hall Monday, Feb. 15th, 1960, Methodist Church Board of Trustees regarding the removal of the town clock and tower. No decision was reached, and another meeting will be called soon regarding this matter.

Regarding division of Novi Twp. assets, Mgr. Robertson reported that an auditor hired by Novi Twp. had arrived at a figure of \$1541.01 as the amount due the City of Northville, and recommended that the City accept this amount, to which the Council agreed. Atty. Ogilvie was instructed to draw up an agreement contingent upon receipt of the money.

There being no one present to object to the passage of the amendment to the Dog Ordinance as published in the Feb. 4th issue of the Northville Record, it was moved by Juday, supported by Reed, that same be adopted, to take effect 10 days after date of passage. Carried.

The Special Assessment Ordinance was the next item on the agenda, and it was moved by Canterbury, supported by Welch, that same be approved for public hearing and published in the Northville Record, hearing to be held at the next regular meeting Mar. 7th, 1960. Carried.

The condition of the Northville Twp. Tank Truck was discussed, as in its present condition it is not safe to drive. Mayor Allen will talk with Northville Township officials regarding the replacement of same.

Councilman Welch received a telegram from the National Clean-up, Paint-up, Fix-up Bureau congratulating him and his associates upon the receipt of the 1st place award in the final judging of the 1959 National Cleanest Town contest. Councilman Welch was commended and congratulated by the other members of the Council.

Moved by Reed, supported by Welch, that A. Russell Clarke and Councilman John S. Canterbury be appointed to the Area Development Committee, to represent the City of Northville. Carried.

No further business appearing, meeting was adjourned at 11 P.M.

(Signed)
Mary Alexander, City Clerk

Novi School Board Minutes

The regular meeting of the board of education was called to order by the president, Mr. Heslip, at 8:15 P.M. on Wednesday, Feb. 10, 1960. Present were Mr. Heslip, Mr. Crawford, Mr. Taylor, Mr. Erwin, Dr. Morris, Dr. Medlyn, and the Novi School principal, Mr. Don Knodle.

The minutes of the previous meeting were approved as published.

The treasurer's report of fund balances which follows was approved as presented:

General Fund	\$49,973.25
Lunch Fund	\$2,739.37
Payroll Fund	\$2,445.49
1955 Debt Retirement Fund	\$36,676.12
1957 Debt Retirement Fund	\$29,883.42
1958 Debt Retirement Fund	\$9,932.86
1957 Building and Site Fund	\$190,767.39

The board approved payment of a transportation allowance to parents who must transport children to special education classrooms outside the district.

Mr. Heslip and Mr. Crawford reported on the meeting of the Wayne-Oakland School Board Workshop held at Wayne State University on January 29.

Mr. Taylor reported on the court case involving use of the community building heard by Judge Adams on January 27. Both the Board of Education and the plaintiffs in the case were to receive further recommendations from the Court.

Mr. Knodle was present to discuss problems associated with the eighth grade graduation. It was moved by Mr. Taylor and supported by Mr. Erwin that the board of education buy diplomas for the class, but not the cases. The motion carried.

Dr. Morris moved (1) that graduation exercises be held at 5:00 P.M.,

(2) that a recommendation be made to the parents that if the parents want a dinner that such arrangements be made by the parents, (3) that the Board does not sponsor any group or class parties after graduation exercises are completed, and (4) that diplomas be given only those who are dressed in clothes usually worn at school. This motion failed for lack of support.

The Board recommended that Dr. Medlyn and Mr. Knodle talk to the members of the eighth grade class concerning graduation.

COMMUNICATIONS:

1. From Mrs. B. Marchetti.
2. From Mr. Gail Perkins, a letter requesting a meeting of the board with the Teachers' Club Salary Committee.

It was agreed that a special meeting would be held on March 2, 1960 with the Salary Committee.

The audit committee questioned the amounts of the bills of Bockstanz Bros., Grand River Auto Service, Novi Auto Parts and John C. Winston Co. It was moved by Mr. Erwin, and supported by Mr. Crawford that the bills be paid with the exception of the John C. Winston bill. The motion carried. Bills included were general fund bills, \$3,330.54; Building and Site Fund bills, \$307.17; and Lunch Fund bills, \$859.26.

The meeting was adjourned by the president at 11:30 P.M.

Respectfully submitted,
Russell Taylor, Secretary

NOTICE OF REGISTRATION

CITY OF WIXOM, MICHIGAN

Please take notice that the office of the city clerk at the Wixom City Hall will be open MONDAY through FRIDAY from 9 A.M. until 5 P.M. for the purpose of registering qualified electors for the April 4, 1960 City Election.

Our office will be open from 8 A.M. until 8 P.M. on MONDAY, MARCH 7 — LAST DAY FOR REGISTRATION.

You'll be Getting Letter Soon From Easter Seal Society

Volunteers, working at home, are typing individual letters to be mailed this week as the 1960 Easter Seal campaign for Crippled Children and Adults gets under way. These letters, expressing appreciation for substantial support in the past, are directed to over 1,000 citizens of western Wayne county who have selected the Easter Seal program as one of their major civic projects. This mailing represents the advance gifts section of the campaign.

Gil Glasson heads the campaign in Northville.

Local sponsoring groups in 22 communities, service clubs, such as Rotary, Exchange and Kiwanis club, and their helpers are readying general mailing for the formal opening of the campaign — March 17. Nearly 2,000 volunteers are trying to make it easy for all their neighbors to contribute to the well-being of crippled children and adults through their support of the Easter Seal Society of western Wayne county.

The local Society, one of nearly 1,700 affiliates of the National Society for Crippled Children and Adults, maintains a Center used as a Summer Day Camp for crippled children and as a headquarters for classes and clubs for the physically handicapped. Referral for medical

Local Woman Studies Grapho Analysis Program

Mrs. Maxwell Austin, 132 Walnut street, Northville, has been elected to a study membership in the International Grapho Analysis Society, Inc. of Springfield, Missouri, home of scientific character analysis from handwriting.

Mrs. Austin will follow an extension study program based on personal and individual instruction outlined by the Society Instruction department in Springfield, Missouri.

Lesson books are fully illustrated with interesting and famous handwriting specimens. Members study strokes, which are the foundations of all handwriting, and their meanings. Forgery detection, vocational consultation, personnel selection, credit evaluation, teaching principles, and many other fields are open to trained professional grapho analysts.

Mrs. Austin, upon completing study with the society will be awarded a certificate which is recognized throughout the world.

Evans Bicycles Produced In Auto Makers' Manner

The bicycles being featured in the Record - News "New Subscriber" campaign (see page 13) should interest area residents in more ways than one. They're manufactured by the Evans Products company in nearby Plymouth.

Producing close to 700,000 bicycles and tricycles a year for national and international distribution, Evans is ranked among the top producers in the industry, and has established a new trend in the bicycle and tri-cycle styling and coloring.

The only bicycle manufacturer located near Detroit, Automotive Capital of the World, Evans has capitalized on it. The company introduced bike styling which incor-

ated the "new look" of Detroit automobiles — everything from classic and squared-off car-style fenders to dual lights, foam rubber cushion seats and electrostatically applied automotive paints.

So outstanding were these styling innovations, Evans bicycles were included in the 1959 American Exposition in Moscow.

Because of the company's close proximity to Northville — they're located on Eckles road just off Plymouth road — and because many area residents are employed by Evans, we thought it might be interesting to tour the local facilities and report on how one of the country's leading bicycle and velocipede producers puts a bicycle together.

Probably the most interesting of all the operations is the way in which the bicycle frames are made. The frame starts out as nothing more than a few pieces of steel tubing and several very unglamorous steel stampings. After the tubing is carefully bent to the desired shapes of a battery of modern bending machines, stampings and tubing are electronically welded on modern automotive-type welding machines to form a rigid, safe and eye-appealing frame assembly.

This assembly is then painted automatically using the recently developed electrostatic process, which involves placing a positive electrical charge on the part to be painted and negatively charging the paint to be applied. Since a positive always attracts a negative, the paint actually is drawn to the part as it leaves the spray gun. Consequently, paint waste is minimized and the quality of the painted surface is greatly enhanced through more even paint distribution.

Other parts, such as the fenders and front forks are produced to rigid Evans specifications by various presses and bending machines. These too are electrostatically painted, followed by trim painting operations which employ the silk screening process — also used in the auto industry.

Also of major interest is the method by which bicycles are assembled. Here, Evans employs the same modern assembly techniques one might find in any Detroit automotive assembly plant.

As the bicycle frames move down a moving assembly conveyor, various parts such as the fenders, wheels, tires and accessory items are added. At the end of the line, completed bicycles are automatically packaged and move on a conveyor to an adjacent warehouse for shipment to dealers throughout the country.

In addition to being one of the nation's top bicycle and velocipede producers, the 45-year-old company is listed among the top 500 manufacturing concerns in the United States, ranks among the top ten plywood producers in the nation, is the world's leading producer of railroad damage prevention equipment, and is the nation's leading supplier of heating and ventilating equipment for independent truck and bus manufacturers.

Hawthorn Principal To Attend Meeting Of MEA Department

A Northville educator will participate in the 19th annual conference of the Michigan Council for Exceptional Children (MCEC), a department of the Michigan Education association in Kalamazoo, tomorrow and Saturday.

Attending from Northville will be William David, assistant principal, Hawthorn Center.

Expected to attract some 500 educators, the Friday meetings are scheduled for the Hotel Harris, and the Saturday sessions will take place in the student center, Western Michigan university.

Keynote speakers will be G. Robert Koopman, associate superintendent of public instruction, whose topic is "Curriculum Development in Public Schools", and Manley Ellis, professor of education, Western Michigan university, who will speak on "Special Education in Retrospect".

Topics for panel discussions include: General and special legislation affecting special education and the role of the county office in the development of special education programs.

Highlighting the program will be section meetings dealing with the following types of exceptional children: gifted, blind and partially sighted, mentally handicapped, socially maladjusted, speech, impaired, deaf, orthopedic, emotionally disturbed and homebound and hospitalized.

SPEAKING for the Record

By Bill Sliger

Novi's Citizens Development committee is off to a strong start, thanks primarily to an extremely high-percentage of replies to their questionnaire.

The committee, bent upon determining what kind of a community the majority of the residents desire and then mapping out a program to provide this atmosphere, sent out 1500 questionnaires. To date 519 answers have been returned and analyzed.

The information covers such material as: how long one has lived in Novi; in what area of the community he resides; what factors attracted the resident to Novi; how many children in the community; whether he is a property owner and whether his place of employment is in Novi; and finally, if the area is developing in the manner in which the resident had hoped.

While some of the answers might, on the surface, appear to indicate strong support of certain positions, the committee must (and undoubtedly will) consider them in the light of the questions asked.

For example, 465 of the 519 said they were attracted to Novi by "suburban atmosphere" or "quiet country atmosphere"; and 199 more to "escape high taxes".

Very few (only 19) said they moved to Novi to live in an industrial area.

But then, this is something like the old question, "when did you stop beating your wife?"

While 199 want to escape high taxes, only 19 want an "industrial area".

It would appear, that while this preliminary survey might provide some guidance to the committee, another survey would be of greater significance at a later date. After, for example, the committee determines what the tax burden might be on the average home-owner in 10 years with and without an industrial base. Like other growing communities, Novi will have many school rooms to provide in the coming years.

In other words, what is the price one must pay for a "quiet country atmosphere".

Somewhere between a quiet country atmosphere and an industrial area lies a compromise. The residents must determine this, after they have all the facts in front of them.

* * *

Northville councilmen had another "budget shock" recently reminiscent of the sudden increased cost of operating the library.

And again, the bill came from the county. This time for welfare costs.

Just like the library increase, the bill is proper and understandable, but still unexpected and burdensome.

Specifically, the city's bill for patients in the county hospital and infirmary jumped from an average annual payment of \$3800 to \$3500 for one quarter.

The reason, of course, is that the city has more residents confined to the hospital who cannot pay their full expense.

This year the city budgeted \$4,000 for welfare and the bill is \$3,800. But, with a first quarter bill of \$3,500 already awaiting the 1960 budget, it appears that the new budget (to be prepared in May) will have a welfare provision four times larger.

The city is catching up on its library debt. It has paid last year's \$9,100, but still owes one-third of the 1958 bill, or \$2,600. This will be to be added to the new bill for the current year, anticipated at near \$10,000, for a total library budget provision of \$12,600 in 1960.

NORTHVILLE TOWNSHIP BOARD OF REVIEW

WILL MEET

Tuesday, March 8th,
Wednesday, March 9th,
Monday, March 14th,
Tuesday, March 15th
(HOURS: 9 til 12 and 1 til 4)

AT THE TOWNSHIP HALL
16860 Franklin Road

Tax Climate Rises Again

EVERYBODY'S tired of the fight about Michigan's tax climate, but the same old storm threatens to keep blowing. And though many Michigan people are concerned that the state's reputation suffers more than the situation warrants, there seems little that can be done to keep the record accurate, once the battle begins.

Latest outbreak started when William C. Newberg, executive vice president of Chrysler Corp., stated that his company no longer could say what plans it would keep in Detroit or even in Michigan. He added, "Chrysler's future here is going to be determined in part the kind of business climate that metropolitan Detroit and the state of Michigan provide."

There was immediate reaction from city officials, both Detroit and Hamtramck, and from state officials as well. Nearly everyone agrees that the state's tax structure needs an overhaul, and everyone was anxious that Chrysler not leave its present location.

Fingers were pointed at the city tax programs, but city officials were quick to argue that in reality they are very fair to industry. Legislators showed marked interest in Chrysler's comments and most agreed that something ought to be done to keep the company, as well as industry as a whole, satisfied.

If anything productive comes of the renewed furor, it will be a welcome event in the lives of industry, legislators and John Q. Public.

MICHIGAN'S NATURAL resources help overcome some of the bad publicity about economic climate. For example, a nearly unlimited supply of limestone, readily available land and water transportation, a stable labor force and community acceptance were listed among factors responsible for a \$25,000,000 industry just located here.

The newcomer is the Dundee Cement Co., whose modern cement plant is preparing for start-up op-

erations on a site several miles north of Dundee, a small southeastern Michigan town, population 1975, on route 23 about 15 miles from Monroe. The firm checked several areas carefully before making a decision about location. During this period, the Michigan Economic Development Department prepared four separate reports to encourage them.

The new Michigan industry will market its cement throughout the Great Lakes area.

Roblee B. Martin, Dundee's vice president and general manager, is confident the Big D insignia will become a familiar trademark throughout Michigan and neighboring states.

"Our survey shows a large market in the Great Lakes area," Martin reports. "An expanding population, increased construction and stepped-up roadbuilding programs will require more and more cement—and Dundee will be prepared to supply it."

Dundee Cement has made it a policy to employ local people wherever possible. Except for a few top officials, almost every member of Dundee's staff comes from the nearby area.

Most Dundee employees had never been in a cement plant before they were hired. The company selected promising men, sent them to Canada for extensive training and brought them back to Dundee to run the new plant.

Dundee's two kilns, in which limestone and other materials are combined to produce cement, are the largest on the Western Hemisphere. Smoke and dust will be practically eliminated by electrostatic precipitators and dust-collector equipment. The installation is so efficient that only a small trail of white vapor is visible from the top of the 350-foot stack which is a new landmark on the countryside.

In addition to the producing facility at Dundee, a loading station has been established at Monroe, to handle shipment of cement by barge and lake carrier. A similar distribution station has been built at 95th Street and the Calumet River in Chicago.

Formal dedication of the new plant is scheduled for next spring. A week-long program is planned to focus state and national attention on the plant and on Michigan.

A NEW TRAFFIC safety device called crash cushion was patented by a Flint company which plans to have it on the market in six months. Police and safety officials have seen it demonstrated.

It consists of a tightly packed bag in the car dashboard triggered so that it expands automatically in one fifth of a second upon impact. Inflation is said to be so rapid that a passenger is cushioned against the gas bag instead of crashing into dashboard or windshield.

Investors Watch Labor

Babson Park, Mass. — In previous columns I discussed hedging against inflation. I said that the best "hedge" is land: — that the government can print more bonds; that corporations can print more stocks; but that only God can make more land. This means that as population increases, as woodland grows, or as more minerals, oil, gas, etc. are discovered, properly located land will increase in price as inflation increases.

Taxes Must Be Paid
Of course, either the corporation owning the land or the investor must pay the annual taxes. As investors do not like to do this, even in the case of orange groves, then it is better to buy stock in a corporation like Minute Maid, which will pay the taxes and which, when fruit is plentiful and sales are good, can also pay a dividend on the stock. Taxes, however, must be paid by some one and taxes are sure to slowly increase each year.

Big companies like the Weyerhaeuser company (largest timber owner in the U.S.) do this by selling lumber, corrugated paper, and containers of all kinds through their manufacturing divisions. Even the great owners of woodlands are subject to strikes in their manufacturing divisions, but the timber continues to grow while the labor is on strike. The steel, iron and coal supply, however, does not increase when a big steel strike is on.

Wages Will Continue To Rise
I have recently been reading an Economic History of England. The frightful long hours and low wages of the coal miners of 150 years ago seem almost unbelievable. Even little children were obliged to work in the mines for a few cents per day. The coal miners have been forced to continual struggle during these 150 years up to the present time. The same is true of the wage-workers of most every great industry.

Investors must not think that labor troubles will ever be over. After securing the highest wage that the traffic will stand and the shortest practicable working hours, labor leaders will fight for representation on boards of directors and ultimate government ownership. Only competition from European and Asian countries can check price increases or higher tariffs. High tariffs work for a while but ultimately will "kill the goose that lays the golden eggs."

Wise Investors Watch Labor Leaders
Some industries are more vulnerable to labor troubles than are others. This means that investors should constantly watch the labor trends and switch their investments from the more vulnerable industries such as the steel, coal, motor, electrical, railroads, bus companies, etc., into the less dangerous ones where labor is not yet in such a powerful position that it does not care whether or not stockholders get any dividends. Moreover, remember that Congress will vote to help labor, whether or not their

claims are just. The labor leaders find it most difficult to organize the more intelligent workers, especially sales forces working on a commission; also merchandising companies — such as variety chains — where there is a large turnover among the sales clerks. This now applies also to drug stores.

Be Prepared To Switch
Insurance companies may temporarily be free from labor troubles. The insurance premiums would continue to be paid into the home office whether or not a strike should occur. Settlement of claims would be delayed until the State Insurance Commission forced an agreement and granted higher rates to offset any wage increase. The same protection could apply to the owners of bank stocks.

There will always be some group of stocks that will be least subject to dangerous labor demands; the groups may, however, change from time to time. There are always some stocks which, for a time, are free from labor troubles; but to hedge against such troubles investors should constantly be willing to switch out of one stock into another. This means that wise investors will employ an experienced investment counselor to watch these changes or else will invest money in Mutual Funds which do not have to fear legislation.

NOTICE

CITY OF NORTHVILLE

BOARD OF REVIEW

The City of Northville Board of Review will meet
at the Northville City Hall on . . .

TUESDAY, MARCH 15, 1960
1:00 P.M. until 6:00 P.M.

WEDNESDAY, MARCH 16, 1960
7:00 P.M. until 9 P.M.

for the purpose of hearing appeals from assess-
ments made by the assessor.

Mary Alexander
City Clerk

SPECIAL ELECTION

TO THE QUALIFIED ELECTORS RESIDING IN THE TERRITORY
AFFECTED:

NOTICE IS HEREBY GIVEN, That a Special Election will be held in
the

TOWNSHIP OF NOVI — PRECINCT NO. 1

County of Oakland, State of Michigan, on

Monday, March 28
1960

At the place in each of the several Wards or Precincts of said
Township as indicated below, viz:

PRECINCT NO. 1 — NOVI TOWNSHIP HALL — 25850 NOVI RD.

PURPOSE: To submit to the qualified electors residing in the territory affected, the question of whether or not certain territory in the Township of Novi shall be annexed to the City of Northville, in accordance with petitions filed therefore.

Notice Relative to Opening and Closing of the Polls

ELECTION LAW, ACT 116, P.A. 1954

SECTION 720. On the day of any election the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

HADLEY J. BACHERT, CLERK

FASCINATING FACTS ABOUT NATURAL GAS

Enterprising Americans

After the first practical use of Natural GAS, it was clearly evident that this Stored Sunshine was a vital asset to home and industry. The fact that it could only serve communities near the productive GAS fields, spurred engineering experiments and private enterprise to overcome transmission obstacles.

"Sunshine Subway"

Now the super-abundance of Natural GAS in a few states can be shared by all states! Engineers were 100 years figuring out how to transport GAS just 100 miles — to transport GAS, it is transported yet 30 years later, it is transported 2,000 miles! Pumping and transmission — two major problems — have been successfully solved.*

*In 1870, a wooden pipeline 25 miles long was an accomplishment! At the beginning of 1959, the industry had enough miles of pipeline to circle the earth 22 times! In Consumers Power Company's area alone, there are 7,000 miles of pipeline.

GET THE FACTS — BETTER YET — GET GAS!
