

Teacher Salary Committee Selected

A committee to propose a new salary schedule for Northville teachers—and then recommend the manner in which funds can be provided to achieve the schedule—will hold its organizational meeting this evening (Thursday) in the library of the junior high school.

Formation of the study group came about as the result of a request by the Northville Teachers Club for salary increases amounting to \$33,500 annually. Superintendent of Schools Russell Amerman and the board of education turned down the request because of insufficient funds, but promised to study the plan so that definite action on teachers' salaries may be taken before next year.

Twenty-one members have been named to the study group representing the teachers, administrators, board of education, P-TA and community at large.

Board Member Donald Lawrence will act as organizational chairman at the initial meeting scheduled for 7:30 p.m. He will remain as board representative on the committee after election of officers has taken place.

Superintendent Amerman and Dr. Kenneth MacLeod will act as administration advisors at the first meeting.

Appointees to the committee representing the teachers' club are: Patricia Babel, Florence Panatoni, Robert Williams, Robert Maisonneuve, Mrs. Louva Waterman, Charles Yabne and Mrs. Edith Renwick, alternate.

P-TA members are Joseph Petrock, Robert Hallam, Frederick Hart, Robert Horner, Harold Schmidt and Mrs. Elsie Price.

Representing the community on the study committee will be William Templeton, Donald Robinson, Alfred Farmer, Donald Hannabarger, Glenn C. Long and another member, as yet unnamed.

Actually, the salary picture for Northville teachers is brighter than it was two months ago. State equalization figures for the valuation of the school district reveal a boost to \$25,103,364, up nearly \$3 million over last year and about \$1 million higher than Superintendent Amerman had anticipated in proposing his budget.

After declining the \$33,500 boost asked by teachers, Amerman recommended a \$200 increase for teachers at the maximum level. Supported by the board, this brings the top salary level to \$6600 and \$6900 (for MA degrees).

In the light of the higher valuation, Amerman and Assistant Superintendent MacLeod are currently studying plans for increasing teachers' salaries, particularly at the beginning level. Northville's \$4400 for beginners with a BA degree and \$4700 for MA degree teachers is below other school districts in the area and puts the system at a disadvantage in competing for new teachers. Neighboring Novi starts its new teachers with a BA degree at \$4500.

A deadline of December 1 has been set for the new teachers' salary study committee to complete its report.

If recommendations of the committee should require a vote for additional millage to boost teacher salaries, this would allow time before drawing the 1961-62 budget, administrators point out.

The committee is expected to hold regular meetings throughout the summer and fall.

Track Fast But Betting Slow In Downs' Opening

Northville Downs' 39-night season got off to a slow start, customer-wise, but as far as the horsemen are concerned conditions at the track are faster and better.

Monday evening 4,325 fans bet a total of \$208,536 compared to 4,679 fans and a handle of \$226,920 last year.

On Tuesday evening the mutual handle was \$192,897 with 3,833 fans in attendance, a slight gain over last year's \$189,356 and 3,697 fans. The new lights and wider track won praise of fans and drivers alike. New track records are being predicted as the track becomes "beat down" by the horses.

The Downs will hold the first of six \$5,000 invitation events Friday night. A fast field of eight or 10 starters is anticipated for this event. Top stars from Buffalo, Cleveland, Columbus and Chicago are entered.

Study Chairman Says

'Don't Hurry City Hall Plan'

After three architectural firms completed brief "sales" talks to the city councilmen Monday night, the former chairman of the city hall study committee cautioned against haste in deciding upon a new facility.

"Don't rush into this city hall project," Sidney Frid urged council members.

Frid chaired the council-appointed committee that just

New School Board To Elect Officers Next Tuesday

Northville's board of education will elect a new slate of officers next Tuesday night in the first official action of the new, seven-member board.

A special meeting has been called for organization of the expanded board to handle any other matters of business. It is unlikely that the school board will schedule a meeting for July, Superintendent of Schools Russell Amerman stated.

In next Tuesday's session outgoing President Nelson C. Schrader will conduct the meeting. If the election is completed, when a new president is named, Schrader will officially retire after 10 years on the board.

Last Wednesday the board met in special session to canvass the returns of the June 13 election and found all votes in order. New board members — Edward F. Angove, Wilfred C. Becker, James F. Kipfer and Incumbent Dr. Waldo T. Johnson — were declared officially elected. Approval of the purchase of the Community Building from the city for a price of \$145,000 was also recognized and the board instructed Attorney James Littell to proceed with legal steps to complete the purchase.

In another matter of business handled at the June 15 special session the board decided to decline financial assistance to the city in paving North Center street from the new cut-off to Ely drive in front of Amerman elementary school. As a result of the board's action, the city has dropped its plan to pave the block-long section.

Calendar

Thursday, June 23
Northville Review club, Mrs. D. C. Young, 43875 Nine Mile at 1 p.m.
Northville Coordinating Council, city hall, 8 p.m.

Wednesday, June 29

Parade, Races, Prizes Highlight Merchants - Downs Celebration

LYNN WINEMAN isn't one of the prizes that will be given away in the second annual Downs' Days celebration Saturday, but she made an attractive addition to the display at Manufacturers National Bank-She's posing atop the grand prize, a Toro riding rotary mower. More than \$1,000 in prizes will be awarded to lucky shoppers. An array of

kiddies' prizes will be given away during the activities at the track at 2 p.m., when free races will be staged. At 7 p.m. on Main street near Center the adult prizes will be awarded. Tickets for the prizes are now being distributed by 26 participating merchants.

Twenty-six Northville merchants will climax an eight-day "Downs' Days" celebration Saturday afternoon with a parade, free races and the presentation of more than \$1,000 worth of prizes.

The event is the second annual observance of the opening of Northville Downs harness racing season and is sponsored jointly by the Retail Merchants association and the Downs.

Festivities will get underway at 2 p.m. at the track where four free harness races will be staged.

Prior to this, at approximately 1:30 p.m., the sulkeys will parade through town starting from the track at Beal and continuing to Main street then west along Main to Wing street to Fairbrook and back to the track.

Officials of the track and city as well as a five-piece band led by Bob Williams will take part in the parade and activities at the track.

Orlo Owen, former operations manager at the Downs and now Wolverine raceway manager, will serve as master of ceremonies at the track.

Owen will describe the races, which will be qualifying events for the participating horsemen.

The track program will be especially designed to entertain the children. In addition to the races, all the prizes will be awarded at the track will be for children. Included in the prizes will be ice cream treats, toys and sporting goods.

A special "candy hunt" on the infield of the track will conclude the activities.

At 7 p.m. the other prizes will be awarded on Main street in the business district.

Prize winners at both the afternoon and evening programs will be determined by tickets being distributed by the 26 participating merchants.

A Toro riding rotary mower is the featured prize. The 4 1/2 horsepower mower includes a unit that vacuums and bags grass.

Among the other prizes that will be awarded in the evening are a barometer, leather handbag, barbecue grill with electric spit, portable steam iron, outdoor lawn chair, pen and pencil set, table lamp, box of four white shirts, portable radio, blanket, trampoline, cooler, flowers and a host of gift certificates worth up to \$20 each at sponsoring merchants' stores.

Winners must be present to claim their prizes.

Arrangements for the Downs-retailers' promotion have been handled by Alfred Smith, Rod Dahlgren, Carl Johnson, Charles Freydl, Jr. and Fred Kester.

A list of the participating merchants appears on page 13.

Council, Planners To Hold Hearings

Both the planning commission and city council have called public hearings for July 11 in an attempt to complete the zoning of Oakland county property located in the northeast section of the city and annexed from the township of Novi. The planners will recommend R-1-S zoning for land at the corner of Eight Mile and Taft roads on which the construction business of G. F. Taft is located.

Originally, Taft protested this zoning because it would make his business non-conforming and would not permit expansion or rebuilding. An agreement has apparently been reached whereby the planning commission designates that existing businesses within this district have "permissive" use within the confines of their present boundaries.

The city council will hold a hearing to zone a three-acre parcel east of Yerkess Estates, north of Allen drive and west of Novi road R-3, multiple dwelling.

Originally, the D&R Building company, owners of the land, had sought commercial zoning. Two other D&R owned lots won this designation two weeks ago, but the larger northernmost lot was changed to the R-3 proposal.

Planners and businessmen have objected to commercial zoning on the basis that it will hurt development of business in the downtown district.

Hearings will be at 8 p.m. at the city hall.

Watch Out For New Light

Local motorists better look twice when they approach the intersection of Center street and Hines drive.

A traffic signal was installed at the intersection last Friday by the county traffic and safety department. The corner was formerly controlled by a "blinker" and four-way stop signs.

While a lone unit now serves the corner, Chief of Police Eugene King stated that two lights, staggered in the system used at Main and Center streets, would soon be installed.

Chief King warned motorists to be alert at the crossing to avoid accidents. He noted that many motorists, by habit, may stop and then drive through the red signal believing it is still a "blinker" type.

County authorities had earlier declined to place a signal at the intersection, but reconsidered at the insistence of Mayor A. M. Allen.

City Prepares to Annex Dump Site; Condemn Lots

It appears likely that the city limits of Northville will be expanded by 10 acres in the near future. The new area to be brought into the confines of the municipality is the city dump.

Councilmen instructed City Attorney Philip Ogilvie to prepare the necessary resolution so that annexation action might be taken at a

special meeting Monday night. The area, located along the eastern side of the C&O railroad east of the South Main street entrance to the city, is owned by the city but located in the township.

According to Attorney Ogilvie, the council can annex city-owned property that is adjacent to its borders by resolution.

'Curb-Service' Garbage Collection Starts in July

Beginning Monday, July 4 city residents will be required to carry garbage containers to the curb for collection.

The council decided Monday night to adopt the "curb service" method after the collection firm under contract to haul away the city's garbage and trash offered to reduce its yearly fee by \$1,800 if the garbage is placed at the curb by home

owners. The firm already collects trash in this manner on Monday. Starting in July the garbage and trash collection will be made simultaneously.

Twice-a-week collection during two summer months (probably August and September) will be provided as in the past.

In the past the council has declined the curb-service plan believing that the saving was not adequate to offset the additional burden on the householder who must remember to deposit his garbage container at the curb each Monday morning.

But the offer of an \$1800 annual saving was too much for the council to turn down.

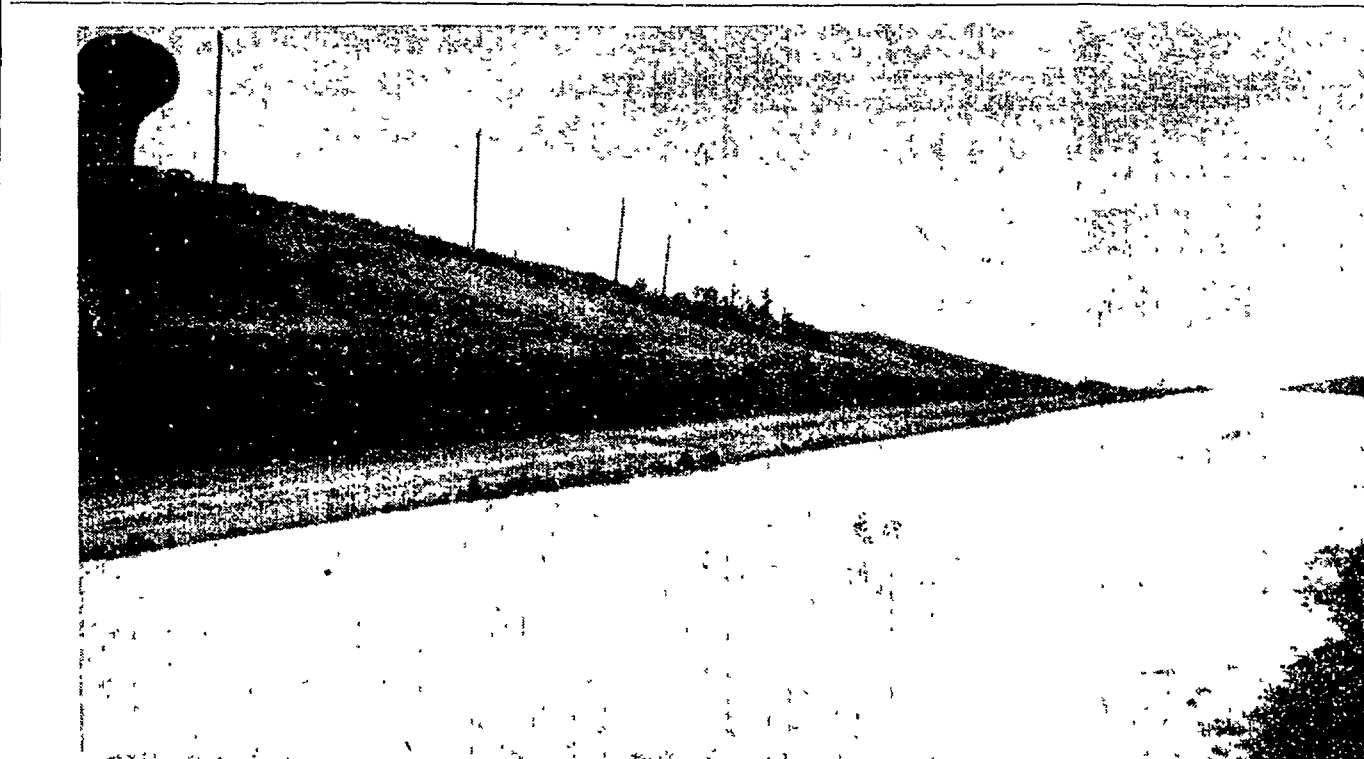

Furthermore, councilmen consoled themselves in their decision by pointing out that fewer residents would be awakened in the early morning hours by the noise of the garbage collector in the backyard!

Local Hospital Elects New Officers

New officers were elected last week to the board of directors of Community General Hospital.

President of the nine-member board is A. M. Allen, mayor of Northville. Other officers are: Walter Truck of Novi, first vice president; Vaughan Smith of Plymouth, second vice president; Clifton D. Hill of Northville, secretary; Dr. L. W. Snow of Northville, treasurer.

Other members of the board are Robert Jones of Livonia, Mrs. C. E. Langfield of Northville, Leland Smith of Northville and Russell Taylor of Novi.

TRAFFIC WILL SOON move along the new Eight Mile road cut-off, now undergoing final completion. The road, extending from Eight Mile wood subdivision along the route of the old Carlyle road and between

the high school and Amerman elementary. Completion of the bridge across Novi road is delaying opening of the cut-off. Wayne county road officials have predicted that it will be open July 1.

about WOMEN

2—Thursday, June 23, 1960—THE NORTHVILLE RECORD

James Kaiser Weds Ohio Girl

Elizabeth Dunn McGowan, daughter of Mr. and Mrs. Thomas B. McGowan of Rocky River, Ohio, became the bride of James Joseph Kaiser Saturday, June 18. He is the son of Mr. and Mrs. Martin F. Kaiser of 47390 West Main street, Northville.

The ceremony took place at 11 a.m. in St. Christopher's church in Rocky River with the Rev. James M. Killeen officiating. Following the

ceremony announcement was made that a papal blessing had been sent from the Vatican.

Given in marriage by her father, the bride wore a floor length gown of white silk peau de soie with fitted bodice and long tapered sleeves. Pearls and sequins embroidered on Alencon lace formed the motif of the dress, which featured a petal neckline and a full skirt ending in a cathedral train. Her fingertip-length French illusion veil was held by a clip of Alencon lace and seed pearls. She carried her maternal grandmother's prayer book covered in white satin and white roses and stephanotis.

Maid of honor was Margaret Kassovic. Bridesmaids included the groom's sister, Joanne Kaiser, Rosemarie Sheffield and Peggy Normile. Ronald Jagels of Detroit was best man. Ushers included the bride's brother, Thomas McGowan, Jr., John Schoelch of Detroit and Michael Sweeney.

Out-of-town guests included the groom's grandmother, Mrs. Alvina Connors of Detroit and Mrs. Percy Hewson of St. Thomas, Ontario; the groom's grandfather, Martin F. Kaiser, Sr. of Detroit, Mr. and Mrs. John Rinnell, Livonia; Dr. and Mrs. John Connors of Detroit; Dr. and Mrs. Raymond Delaney of Detroit; Mrs. Louise Hildemann of Hoboken, New Jersey, and Dorothy Dunn, Mary T. McGowan, Ruth Davey, Mrs. Arthur McLaughlin and Andrew A. Dunn, all of Brooklyn, New York.

After a reception at the Sheraton-Cleveland hotel, the couple left for an extended auto trip through the Great Smokies. They will take up residence after July 1st at Meadow Brook Hills, Farmington.

The bride is a graduate of St. Augustine Academy and attended Seton Hill college, Greensburg, Pa. The groom is a June graduate of John Carroll university.

Mrs. James J. Kaiser

PTA Scholarship Winner Receives More Honors

(Editor's Note: The following letter was received by the Northville P-TA from Lillian Zinnecker, valedictorian of the Northville high school class of 1958, in appreciation of the scholarship she was awarded by the parent-teachers group. Miss Zinnecker is one of 10 students chosen from the University of Michigan to study at the University of Sheffield in Sheffield, England from September until next February. She will study in the school of education and practice student teaching in the English school system. Miss Zinnecker adds that she will be greeted at the boat in England by Susan Clarke, foreign exchange student who attended Northville high school in 1957-58. She has also been invited to spend the

Christmas holidays with the Jurgen Hamacher family in Germany. Jurgen was another exchange student attending school here during the 1957-58 year. Lillian is the daughter of Mr. and Mrs. Carl Zinnecker of 49300 Ridge court.)

Dear P-TA members:

I just wanted to take this opportunity to thank you again for all the wonderful help you have given me in the past two years and to share some wonderful news with you.

I have just received the final O.K. from the Education school here at Michigan and they are sending me as a representative (one of ten from Michigan) to study at the University of Sheffield in Sheffield, England next year! The program is brand new — an exclusive arrangement between Sheffield and Michigan. I will be there for one semester and I leave late in August. The program sounds terribly interesting: for seven weeks we will have an intensive series of lectures (six days a week!) on the History, Philosophy and Psychology of Education, methods of teaching English in secondary schools, and in the comparison between the British and American educational systems. Then we will have six weeks of actual student teaching practice in the British schools, and finally we will wind up with a week of seminars fitting the two aspects of the program together — this will be held in Ashford, Kent.

I am so very honored and thrilled at this opportunity I wanted to share it with you who have done so much to help me.

If you are interested in hearing some of my experiences while in England, I would be delighted to speak to your club when I return next February. Do let me know!

Again thank you for all you have done and if I can be of service to you let me know.

Sincerely,

Lillian Zinnecker

Engaged

Clarice Wicke

Mr. and Mrs. August Wicke of Fairbrook announce the engagement of their daughter, Clarice, to Philip Kearney of Carpenter street. Mr. Kearney is the son of Mrs. Frances Lada of Wayne and Joseph Kearney of Janesville, Wisconsin. No wedding date has been set.

TOPS Change Meeting Times

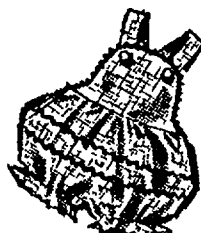

New summer meeting times were announced this week for the Northville Take Off Pounds Sensibly (TOPS) club. Meetings have been changed from Monday nights at Amerman school to 7:30 each Wednesday at the Northville scout hall, corner of Dunlap and Horton streets.

TOPS, which has a membership of almost 35 women, was organized here to aid persons with overweight problems. Anyone interested in joining the organization may either attend one of the meetings or call one of these two numbers: FI-9-0731 or FI-9-0027.

NEWS AROUND NORTHVILLE

Mr. and Mrs. Roy Utley, formerly of Northville and now residents of Harrison, Michigan, recently celebrated their 45th wedding anniversary.

Two Northville elementary teachers, Miss Ada W. Fritz and Miss Florence Keith, left yesterday (Wednesday) on their first trip abroad. The teachers will travel to Ireland aboard the Greek ship, Arkadia, then begin a tour of 19 European countries. One of the highlights of the trip will include attendance at the famous "Passion Play" at Oberammergau in Germany. Mrs. Joseph L. Fritz, mother of Miss Fritz who lives with her daughter, will spend the summer at Rose City.

Mrs. Paul I. Terry entertained seven guests at a luncheon at her home on Carpenter street June 13. The honored guest was Mrs. Richard Horton who is moving back to New York.

Mr. and Mrs. Ward Schultz of South Rogers street went to Elgin, Illinois the week end of the 18th, where they attended the 25th wedding anniversary of Mr. Schultz' cousins, Mr. and Mrs. Harry Witt.

Mrs. Hester Gou returned to her home last Friday from St. Joseph hospital, where she underwent surgery.

Mr. and Mrs. L. J. Marcoux, formerly of Northville and now of West Hollywood, Florida, have been visiting their daughter and son-in-law, Mr. and Mrs. B. L. Danielson of Highland Park. While here they will visit as many of their Northville friends as possible in their short stay.

Mr. and Mrs. Ward Schultz and the latter's mother, Mrs. Theresa Fischer of South Rogers street, attended the graduation reception of Mrs. Fischer's grandson, Alex Katon, in Taylor last Saturday.

Mrs. Roy Hollis just returned to her home on Randolph street after spending two weeks caring for her daughter and family.

Mrs. Paul Folino and daughter, Teresa, of Cady street and Charles and Dick Guerriero of Dearborn, brothers of Mrs. Folino, attended the graduation exercises of their sister, Rosemary Guerriero in Concord, New Hampshire last week. Rosemary returned with them to be the guest of Mr. and Mrs. Folino for most of the summer.

Mr. and Mrs. James Spagnuolo attended the graduation exercises of Martin F. Piccinni of Fenton at University of Detroit last Thursday.

Mr. and Mrs. Roy Hollis spent last

week at Owendale visiting Mrs. Eva Caswell.

Twenty-six members of the Great Books discussion group of Northville had a cooperative picnic at the home of Dr. and Mrs. W. L. Howard last Monday night. The discussion group meets in the library twice a month and next September will start their third season.

Mrs. J. W. Plank of Lansing is a houseguest of Mrs. H. C. Duerson of West Main street this week.

Dr. W. L. Howard of West Eight Mile road attended the American Medical association convention in Miami, Florida last week.

Eddie Beard, son of Mr. and Mrs. Paul Beard of Eight Mile road left last Thursday for Lansing where he will spend a week at Boys' State learning government fundamentals.

Mrs. Ellen Scott will entertain 12 guests at a luncheon-bridge Friday at her Seven Mile road home.

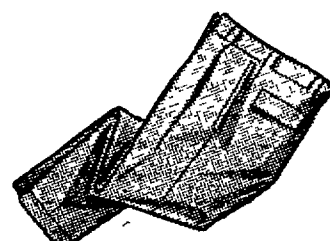

Mrs. T. N. Kampf will entertain eight guests at a luncheon-bridge party at her home on Haggerty road today.

To celebrate the graduation of their daughter, Nancy, Mr. and Mrs. Paul Beard held open house in her honor Thursday night at their home on Eight Mile road.

Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

NEW RESIDENTS in Northville Heights subdivision are these six members of the Edwin North family. They are (left to right): Dale, 9; Donna, 21; Bill, 17; Mr. North, Mrs. North, and Peggy, 12. Missing from the picture is daughter Carol, 18, a member of the United States Navy.

The Edwin North family, formerly of Flat Rock, have lived in their new home at 320 Debra Lane only two weeks but they're "tickled pink" with the house, neighbors and Northville.

One daughter, Carol, 18, has yet to see the house, since she's busy completing her training with the women's corps of the United States Navy in the east.

Carol enlisted in May to become an electronic technician after at-

tending Eastern Michigan university. She is a member of a drill team and is in charge of a color guard, her proud parents explain.

Another daughter, Donna, 21, loves her new home, but she will leave home soon to become a teacher at Monroe Awarded a state limited teaching certificate at Eastern university, she plans to complete her final year of college while teaching.

Proud as they are of their two eldest lovely daughters, the Norths are equally proud of their three other children, Edwin "Bill", 17; Peggy, 12, and Dale, 9.

All three will enroll in Northville schools next fall. Bill is a senior, Peggy a seventh grader, and Dale a third grader.

Bill, who currently is a caddy at Meadowbrook Country club, spends most of his time polishing his '54 model car. Dale, a sports enthusiast, is anxious to register for Northville's summer recreation program.

Bill, Dale and Peggy all are expert swimmers and spend much of their time perfecting this skill.

Mr. North is a quality control services supervisor for Burroughs corporation in Plymouth. He has been employed with Burroughs for close to 20 years.

Mrs. North, who along with her husband is a sports enthusiast spends most of her time caring for her family.

KITCHEN DIARY

Rolls Give Meal That Extra Touch!

Those special meals at the Al Markell residence, 218 Linden, invariably call for one of mom's baking prizes: cakes, pies, bread, etc.

Of all, one of the family's favorite but simple recipe, is for refrigerator rolls. Rolls, according to Mrs. Markell, lend a necessary touch to a delicious meal.

REFRIGERATOR ROLLS

Mrs. Albert Markell
2 cakes fresh or granular yeast
1 teaspoon sugar
1 cup lukewarm water
2 cups milk
2/3 cup melted shortening
3/4 cup sugar
4 teaspoons salt
2 beaten eggs
10 to 11 cups flour
Soften yeast and dissolve sugar in water; add milk cooled to lukewarm, shortening, sugar and salt. Add eggs. Add flour to make soft dough.

Let the dish stand 10 minutes. Knead on lightly floured surface, until smooth and elastic. Place in greased bowl. Grease top and cover, store in refrigerator.

Shape rolls about two hours before serving. Let rise until doubled in bulk. Bake in a hot oven 400 to 425 degrees, 15 to 20 minutes.

This recipe makes between four and five dozen.

Enjoy Potluck Supper

The Greater Northville Republican club enjoyed a potluck supper Wednesday night at the Spring drive home of Mrs. John Northup.

Members discussed plans for the coming year and greeted the following new officers: president, Mrs. William Milne; vice president, Harold Price; recording secretary, Mrs. C. Hoffman; corresponding secretary, Mrs. W. Tyler, and treasurer, A. T. Gillman. Wilson Tyler and Mrs. Arthur Carlson are board members.

CITY BOOKKEEPER — Mrs. Willis Stafford, 744 Spring drive, has joined the staff of city hall employees as a part-time bookkeeper. Mrs. Stafford works in the clerk's office with City Clerk Mrs. Mary Alexander and her assistant, Mrs. Harry Duerson.

BON VOYAGE — Village officials and staff members surprised Mr. and Mrs. Richard Noble and their two daughters, Catherine and Ellen, with a "bon voyage party" Friday afternoon, two days before the family left on a trip to Scotland to visit relatives. The Nobles will return to Novi late in August. Mr. Noble is a member of the Novi police department.

Wedding Gift Worries? These Answers Might Help

June, is for sure, the month of weddings; it seems that most everyone is either buying or receiving wedding gifts this time of year. Here are answers to some often-asked questions about wedding gift etiquette.

1. Do wedding announcements require the sending of a gift?

Answer: Wedding announcements require neither reply nor presents, ever.

2. Should the gift be addressed to the bride only or to both the bride and groom?

Answer: Before the wedding, send the presents to the bride, addressed in her maiden name. If your gift will arrive after the wedding, address it to the married couple.

3. Is it proper to leave cards on gifts when they are displayed?

Answer: Cards may be either left on or removed. Most people prefer leaving the cards on.

4. Is it discourteous for a bride to exchange a gift chosen for her?

Answer: Most people agree that it is perfectly proper for the bride to exchange a gift for a more suitable one.

5. Is it proper for the bride to send an engraved card of thanks?

Answer: Never. The bride should

always write a personal note of thanks, with as little delay as possible.

6. Is it proper to display checks and money along with other wedding gifts?

Answer: Why not prepare a list of names of people who gave money, omitting the amount.

Attends Week-Long Albion Conference

Mrs. William Cansfield spent last week at Albion college attending the jurisdiction school of missions of the Woman's Society of the Methodist church.

At this school the officers of the 18 conferences, including the Lexington or colored conference, come from nine midwest states to receive information and training to carry on their schools during the summer. Mrs. Cansfield is secretary of Promotion of the Detroit Conference Woman's Society and the dean of their summer school.

Wed by Bogart

Marporie M. Green of Saline and George T. Karpenski of Detroit were united in marriage by Justice Bogart Saturday, June 18. Mrs. Willard Cole and Mrs. Bogart were the attending witnesses.

12-Mile Road Landfill Faces New Obstacle

Opponents of the proposed 12-mile road landfill this week were handed unexpected ammunition in their lengthy in-and-out of court battle.

Village Attorney Howard Bond, in reporting the status

of the landfill matter with the council Monday night indicated that one of the proposed landfill property owners had severed business relations with the landfill promoters.

According to Bond, two of the

owners, Mr. and Mrs. Leo Russell, have rescinded their preliminary purchase agreement with the Wayne Disposal company because of the company's failure to "live up" to the agreement.

Wayne Disposal company, along with the Russells and Mr. and Mrs. David Kenny, had joined together in court efforts to secure permission for the proposed landfill.

In their initial action in court, the trio won approval for the landfill from Circuit Court Judge Russell Holland, despite a decision by the village board of appeals denying the landfill request.

Later, however, after angry citizens took the matter back into court, Judge Holland ruled that the final decision is up to the village council. Subsequently, attorneys for the promoters and property owners ask permission from the council, and the council in turn asked the landfill promoters for more definite information on the landfill before making its decision.

A meeting to discuss this detailed information has yet to be set.

The significance of this latest development concerning the Russells' action, according to Bond, is that Wayne Disposal company officials probably could be denied a landfill permit on grounds that they are neither property owners nor have they an option to purchase the Russell property. Bond did not discuss the status of the adjacent Kenny property.

A council meeting with Arthur L. Robbins, attorney for the landfill license applicant, probably will not be set until next month after Bond and village engineers have an opportunity to study the information gathered by the promoters.

Other council business included: — Report by Attorney Bond that the disconnection case of W. B. Chase, corner of Eight Mile and Novi roads, will be heard Thursday (today) in circuit court beginning at 9 a.m.

— Report by Bond that the 10 Mile road landfill case (Rader not Nielsen property) will be heard in court during the week of July 5.

— Received two applications for the village clerk's position, one from Mrs. Mabel Ash and the other from Mrs. Christine Spisak. No applications yet for village manager.

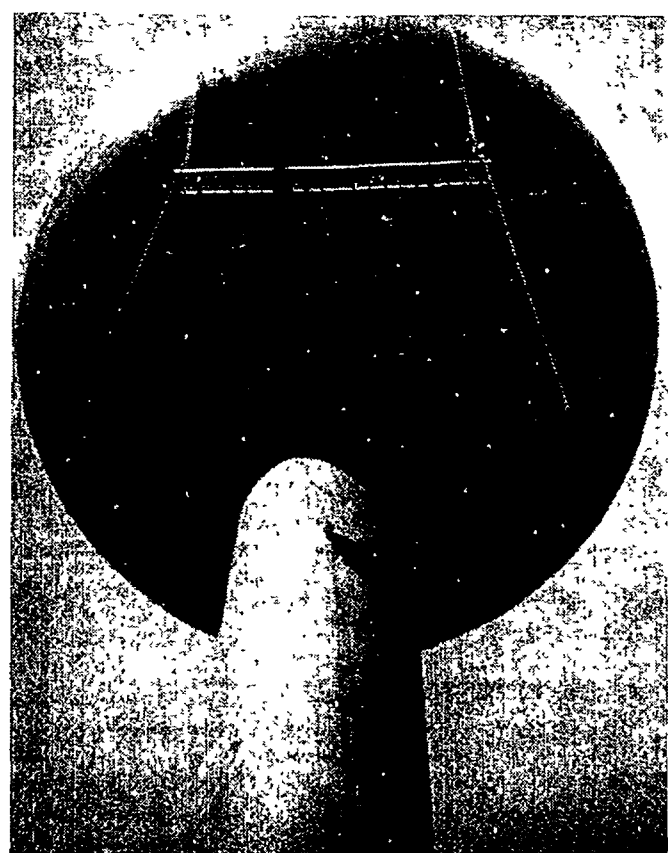

— Voted to re-establish a program of rescue training in the fire and police departments. No actual use of rescuer equipment may be made, however, until authorized by the council.

— Received and tabled resolutions from Wixom and Berkley indicating opposition to all city income taxes in the state.

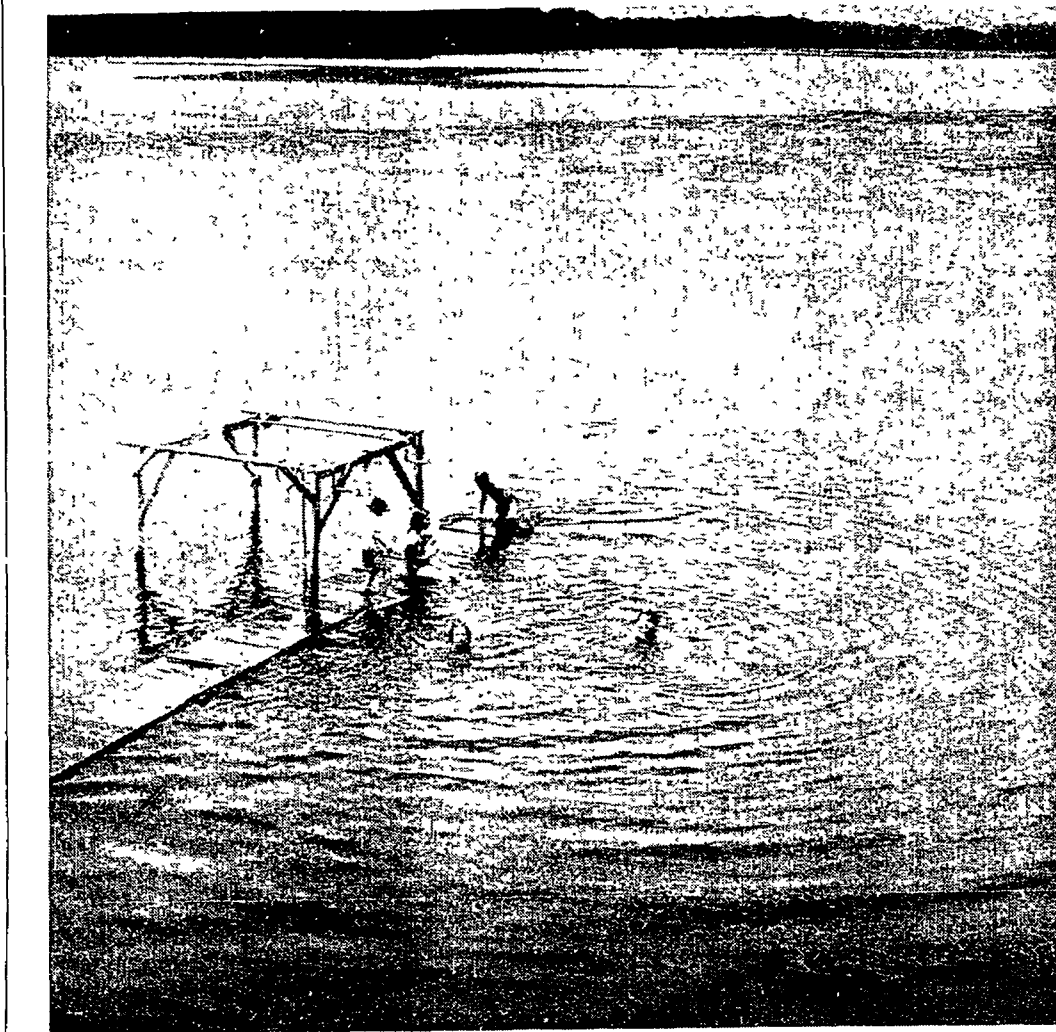

— Received a letter of appreciation from Leonard Broquet, 4210 East Eight Mile road, thanking the police department, in particular Patrolman Vernon Loeffler, for outstanding performance in recovering his stolen tractor.

Good News!

Wixom Treasurer Everett N. Pearsall announced that city tax bills are on their way and due and payable at the city hall between July 1 and August 31 without penalty.

AREA LANDMARK—Standing at 943 feet above sea level, Northville's new 135-foot-high water tower looms as a landmark visible for miles around. Painters now have scaffolding in place but have been delayed in undertaking their job by rainy weather. The 140,000-gallon spheroid tower is located just west of the new high school. It is expected to be in operation early in July.

WORST EVER — Oldtimers in the Walled Lake area claim they have never seen as bad a weed problem in the lake as during this spring and summer. The weeds, which are rusty in color, have choked water recreation activity, particularly fishing, to the lowest point in recent years. In the picture above, the shaded areas stretching across the lake are networks of rapidly growing weeds.

Wixom Boy, 2, Runs Into Car, Killed Instantly

A two-year-old Wixom youth was killed Thursday morning when he ran into the side of a car while playing near the driveway of his home at 47540 12 Mile road.

Edward Strine, son of Mr. and Mrs. John Strine, was dead on arrival at Pontiac Osteopathic hospital shortly before noon Thursday.

According to Wixom police, the boy ran into the right rear fender of a car driven by Ervin I. Bohlinger, 58, a boarder at the Strine residence.

Bohlinger had turned around in the driveway intending to take Mrs. Strine to the store, police said. As he drove out of the drive, the boy, who was playing nearby, ran into the side of the car.

Funeral services were conducted Saturday afternoon from the Livonia Funeral home, the Rev. Jay P. Coulton, pastor of St. Andrew's Episcopal church in Livonia, officiating. Burial was in Parkview Memorial cemetery, Livonia.

Goodfellows Flares Go on Sale

Novi Goodfellows launched their annual sale of road safety flares this week.

"You'll be doing yourself and an unfortunate neighbor a favor by buying a Goodfellow safety flare," President Charles Wallace explained Monday.

Proceeds from the flares help pay for baskets of food for needy Novi residents at Christmas time.

Council to Meet With Sewer Expert

Village councilmen decided Monday to meet for the second time with the director of the Oakland County department of public works before officially agreeing to help pay for a sewer survey for southwestern Oakland county.

The meeting with R. J. Alexander of the public works department has tentatively been set for Tuesday at the village hall beginning at 8 p.m.

Council members decided to meet with Alexander after receiving a letter from the county indicating that the village's share in the survey has been set at \$6,000 — largest of the participating municipalities.

However, it was not the cost which prompted village action, but rather it was a question as to whether or not a study of a large section would be less beneficial to Novi than would a study covering a smaller area such as Novi and the adjacent communities.

Last April, Alexander explained that one of two surveys might be conducted: one to encompass most of the southwestern section of the county, the other to cover Novi and possibly three or four other communities immediately to the north of Novi.

The latter survey, he hinted, probably would cost the participating communities more money than would the other survey plan. However, a survey of the larger area probably could be completed earlier — thus speeding up actual construction, he indicated.

A week ago, Novi township board members voted to pay its share of the survey cost — set by the county at \$1,500. The city of Walled Lake also has approved payment of \$3,500. Wixom council members will consider the matter at their meeting tonight.

Costs to other communities are: Commerce township, \$1,500; South Lyon, \$500; Lyon township, \$500; Wolverine Lake, \$2,500; West Bloomfield, \$1,500; Orchard Lake, \$500; White Lake township, \$500; Springfield township, \$500; Highland township, \$500.

Teenager Injured As Car Rams into Tree

A 15-year-old Detroit girl suffered severe head cuts last week end when the car a girl friend was driving roared out of control on Austin drive near Novi road and crashed into a tree.

Barbara Martin was treated for multiple head cuts at Northville Community hospital. She was thrown part-way through the windshield of the car, driven by Sharon Dalton, 15, also of Detroit.

According to Novi police, 16-year-old David L. Downing of Detroit and the two girls had attended a dance at Walled Lake Casino. Downing permitted the Dalton girl, who is not licensed, to drive the car.

The young driver grazed a parked car, police said, became panicky and stepped the accelerator to the floor board plunging the car through two guard poles and into the tree.

Police released Downing and the driver to their parents. Downing's license was suspended for a year.

ship, \$500; and Milford village and township, \$500 each.

The costs to the participating municipalities are based upon the population and area to be served as well as which will be serviced first.

During preliminary studies, Alexander explained this spring, it is very likely that Novi could be served temporarily with the extension of the Farmington Interceptor. However, the extension of this system is predicated upon plans by Wayne county for its own sanitary sewer system.

She Plugs Novi

Novi received a free nationwide plug this week thanks to Mrs. Robert Nelson, 23925 LeBost, who appeared on the daylight television program, "The Price is Right."

Mrs. Nelson appeared on the television program Tuesday and Wednesday and was scheduled to appear again this morning as top prize winner. Through Wednesday she had won close to \$4,000 in prizes.

During her program appearance, Mrs. Nelson told about her home town, explaining how it came to be named Novi.

Wixom to Consider Potter Road Paving

The Wixom city council is expected to approve a paving project on Potter road at its meeting tonight at the city hall.

Money for this project, \$18,000, was set aside in the 1960-61 fiscal budget passed several weeks ago.

According to Mayor Donald Brooks, city road officials have recommended that the council adopt a "stabilization process" for paving one mile of Potter road beginning later this summer.

Stabilization, he explained, means that by using a correct mixture of gravel, sand and blacktop, a good but temporary road can be constructed with the smallest possible cost. Once this initial step is completed, he said, the road does not require maintenance for five years. At the end of this period, a second permanent application is made.

Part of the \$18,000 set aside in the budget will be used to pay for Potter road paving this year, the other part will be added to another \$18,000 to be appropriated next year for paving two miles of Beck road, between Pontiac trail and 12 Mile road.

Plans for paving other city roads and streets have not yet been completed.

Other matters to come up before the council tonight will include: Blue-Cross-Blue Shield report, resolution regarding sanitary sewer project, sealed bids on a pickup truck, city hall property report, fire contract with the village of Novi, and a resolution to accept a lease for railroad depot property.

Citizens Back Weed Control In Walled Lake

Spurred on by the enthusiasm generated at a public meeting Tuesday night at the community building, teams of solicitors began calling on Walled Lake shore owners in an effort to collect money with which to combat the lake's rapidly increasing weed problem.

Officials of the West Shore Community association, which is sponsoring the war on weeds, hope to collect \$8,000 within the next week or two so that a weed control program may be started as soon as possible.

Planners Get New Member

Alarmed over the "poor attendance" and resignations within the village planning board, Chairman Vincent Miklas this week spurred the village council into appointing one new member while launching a search for one or two more prospects.

Miklas carried a plea of urgency to the council Monday by letter after his board was unable to convene a week ago because it lacked a quorum. The problem was compounded, he explained, because without the quorum the board could not meet to appoint new members.

Council members quickly stepped in to help at their Monday meeting, appointing William G. Pfaff to fill the unexpired, three-year term of Leo Harrawood. One other vacancy, created with the resignation of William Flynn, remains to be filled.

Although Harrawood's resignation had been rumored for several weeks, it came as a surprise to the council Monday because Miklas had indicated that both Harrawood and Burt Fisher desired to remain at their posts.

Fisher, who announced his resignation several weeks ago, reportedly has reconsidered and has asked each of his fellow board members to permit him to remain.

Harrawood, who read his resignation to the council, took a satirical slap at five village residents, who, according to him, delight in criticizing public officials.

"I believe that the members of the planning board," he said, "are spending too many hours and a lot of taxpayers' money trying to solve the problems of a growing community, and at which time we have five citizens that have all the answers."

"Therefore I recommend that these five good local citizens be appointed to the Novi Planning board: Herbert Koester, Donald Woodward, Donald Young, James Straus and Miss Eugenie Choquet."

Miss Choquet slapped back with a motion to accept Flynn's resignation with "deep regret" and Harrawood's with "no comment." The motion carried.

Flynn, who had been a member of the township zoning board and the village planning board for many years, resigned because of ill health.

In announcing his premature intentions to resign last month, Fisher said: "If the people can't support our officials, then I can find something better to do with my time. How can we have good government with everyone kicking?"

Harrawood's replacement, William Pfaff, only recently moved to Novi with his wife and three children from Berkley. A graduate of Washington and Jefferson college, Pfaff was active in civic affairs at Berkley. Most important of these was his membership on the Berkley planning commission for three years as secretary.

He also was an unsuccessful candidate for the Berkley council, and is employed with an insurance agency.

Other members of the seven-member board are: Andrew Burgess, Henry Bashian, Arthur Heslip and Guy Stevens.

Polio Clinic Tuesday In Wixom

A drive to have all Wixom residents receive polio shots will be undertaken Tuesday evening at the Wixom-Walled Lake Lions club sponsored polio clinic.

The clinic will be held at the elementary school from 6:30 until 9:30 p.m. A \$1.00 charge will be made, but this will be waived if any person is unable to pay.

Each lake shore property owner is being asked to contribute \$20; adjacent property owners are asked to donate \$10. Donations from all other sources are encouraged. Teams will solicit in five specific areas, city of Walled Lake, east, west and south shores, and remaining portions of Novi.

To ensure collection of the entire \$8,000 — cost of a one-year program — officials will encourage donations by businessmen in Walled Lake and Novi.

Speaking before the capacity crowd of close to 225 residents of both communities, E. Victor Scholl of the Modern Weed Control Service company, Grand Rapids, said he had already secured permission from the state conservation department for the control program and had completed a survey of the lake and its contents.

His \$8,000 fee for removal of weeds in the lake, according to Harry Ramay, president of the association, is the lowest of nearly a half-dozen firms interviewed by his organization.

Scholl, who demonstrated the weed control process with slides, explained that the 672-acre lake would require an estimated 200 barrels of sodium arsenite to kill the rusty colored weeds which are growing in all sections of the lake.

The chemical will be sprayed onto the water from a barge, as opposed to spraying airplanes used by some firms.

According to Scholl, the chemical will kill all weeds to an average depth of eight feet within three days to one week. However, he said he could not guarantee that the weeds would not return next year. Seeds from the weeds may sprout again next year, he said. Complete eradication, he indicated, requires a longer program.

The chemical will not kill fish, Scholl said, but swimmers should not go into treated areas until five days after the program is completed.

Among the reasons given for the rapid increase of weeds in the lake were:

1) A low water level; seeds lying dormant on the lake bottom may sprout and grow once the sun strikes them

2) Seepage from septic tanks and sewer lines increasing with the growth of population, makes lake bottom more fertile for growth of weeds.

3) Motor boats. Boats cut off weed tops and these tops float away and begin growing in other sections of the lake.

West Shore officials, who have urged village support of control of lake weeds, have indicated that they will push for village aid next year in order to continue the program until the weeds are completely eliminated.

Although one or two council members reportedly favor village support of such a program, the council has determined that it does not have enough money in the 1960-61 fiscal budget to assume any part of the cost this year.

Meanwhile, Village Attorney Howard Bond has been instructed to determine whether or not the village of Novi has any jurisdiction over its share of the lake.

Police Recover "Stolen" Tractor

Novi police last week recovered a tractor "stolen" a week earlier from the home of Leonard Broquet of 4210 East Eight Mile road.

F. Paul Palmer, 761 Taylor boulevard, Northville, was arrested and charged with grand larceny by state police after admitting that he took the tractor.

Broquet declined to press charges, however, and Palmer was released. Palmer maintained that he was within his rights to take the tractor, which he said he was purchasing from Frank Funk of Plymouth.

Funk, according to police, was behind in payments on the tractor to the Commercial Credit company. Funk reportedly sold it to Palmer whereupon the credit company asked Broquet to take possession. Later Palmer went to Broquet's residence, found the tractor and took it away.

Mrs. Gargalino Elected President of Women's Club

Mrs. Gargalino, 1260 East Lake drive, has been elected temporary chairman of the recently organized Novi Women's Civic club.

Other officers elected include Mrs. June Ray, secretary; Mrs. Joanne Jacques, treasurer; Miss Eugenie Choquet, publicity director; and Mrs. Virginia Noble and Mrs. Eldre VanVliet, program directors.

Novi club members have been invited by the Walled Lake Women's Civic club to attend a potluck picnic July 13 at the home of Mrs. Ernest Blendin, 2330 South Commerce road. The picnic will begin at 12:30 p.m.

The next meeting of the Novi club will not take place until sometime in September, according to Mrs. Gargalino.

Blue Star Mothers

The Blue Star Mothers sponsored a project of taking 20 veterans from Ann Arbor Veterans' hospital to the Tiger ball game at Detroit and later to a banquet at Rosewood restaurant in Novi. Two Red Cross station wagons furnished transportation and the patients were also accompanied by an intern from the hospital. The Blue Star Mothers who attended were Mrs. Hazel Mandik, Mrs. Ethel Smith, Mrs. George Webb and Mrs. John Klasmeyer.

Novi Highlights...

Mr. and Mrs. Bill Klaserner entertained Mr. and Mrs. William Fair and Mr. and Mrs. John Klaserner, Sr. on Father's day at their home on Novi road.

AmVet Auxiliary
The auxiliary of the AmVets held its meeting at the home of Mrs. Harold Ortwein and discussed several things including making a donation to the Novi library.

Novi Teen Town
There will be a special meeting of all members and interested parties of Teentown at the hall on Meadowbrook and Ten Mile roads Thursday evening, June 23 at 7:30. Members are encouraged to pay dues at this time; also to catch up on any back dues. Members who are paid up are entitled to one free dance a month also may attend any special activities for free.

Teen town will be open throughout the summer months if attendance continues to be good and all teenagers in the community between the ages of 12 and 21 may attend. There are always at least two or three chaperones in attendance as well as a special patrolman. Mr. Palmer, who is on duty all evening. All those in attendance are not allowed to come back in

the hall once they leave. The planning committee, consisting of Diana Harwood, Pam Harnden, Nancy Hansor and Linda Johns, met Monday evening to discuss future plans for record hops on Saturday nights.

Methodist Church News
June 26 will be the last Sunday the Sunday school will meet in separate session. Starting on July 3, Sunday school will be at 9:45 a.m., at the same time as the church session. Older children are urged to attend the upstairs service and younger children are urged to go downstairs. This will be effective throughout July and August.

Daily Vacation Bible school started this week with the following teachers: nursery, Mrs. Bumann; kindergarten, Mrs. Laere Bell and Mrs. Frisbie; primary, Mrs. Jean Killen and Mrs. Millie McHale; junior, Mrs. Schenemann and Mrs. Arlene Gillette; junior high, Mrs. Whittington and Mrs. Webb. Special service project is giving to the Church World Service. The theme this year is "The Church" and special trips are planned to visit the Catholic church, Baptist and the Willowbrook churches. Special film strips are being shown on the life of John Wesley, migrant workers and the Church at Work. Refreshments are being furnished by the Grandmothers' club, Monday, Mrs. Alma Klaserner; Tuesday, Eve Tuck; Wednesday, Mrs. Trickey Sr.; Thursday, Mrs. Bess Boyd; and Friday, Mrs. Mitchell.

Members of the Methodist church attended the conference at Ann Arbor at Hill auditorium. Some of those in attendance were Mr. and Mrs. Tiffin, Mr. and Mrs. James Mitchell, Mrs. Russell Button and daughter, Rose, Mrs. R. Ward, Jim Mitchell and fiancée, Mrs. Art Kregger, Mrs. Larson and Kristine, and Mr. Benson.

Farm Bureau
The members of the Novi Farm Bureau met for a potluck dinner at their last meeting in the Novi community building. Mr. Burgess presided in the absence of Mr. Anderson. Reports from delegates who attended the Quin County Women's meeting at the Cherry Hill Methodist church were heard. Delegates were Mrs. Riley and Mrs. Ed Ash. Ed Erwin gave a report and encouraged members to take part in civic affairs. This group is cooperating with the Blue Star Mothers in purchasing a Webster Unabridged dictionary for the Novi library. The next meeting will be June 29 and will also be potluck, in the community building at 7 p.m.

Rebekahs
Hostesses for the birthday luncheon Wednesday were January, Celia Sharpe and Rowena Salow; February, Ruth Branch; March, Nesby Button; April, Florence Slentz and Gladys Tremper; May, Valerie Curtis and Joan Combs; June, Joan Ward and Beverly Bowmann; July, Irene Kahrl and Doris Darling; August, Thelma Cheeseman and Dorothy Snow; September, Pearl Tamm and Dorothy Bush; October, Thelma Doan and Josephine Salow; November, Diane Ward and Adele Caliguri; December, Irene Staman and Vila Staman. Initiation will be held tonight.

Novi Baptist Church
Pastor Cook and family have returned from their vacation and have resumed duties.

Workers conference was held at the church Tuesday evening and plans were made for a Sunday school picnic on July 9 at Cass Benton from 1 to 5 — eat at 2 p.m. Mrs. Van Sickle is in charge of the picnic lunch and Mrs. Ozark the games. Family Sunday was June 19 and the Brent Munro family of Taft road won special recognition for having the largest family present.

Vacation Bible school will be held from July 11 to 15 under the direction of Hubert Karl of the Rural Bible Mission.

Next Sunday Mrs. Lewis King's class of primary students will present a special gift to the building fund.

The Unity circle will meet Tuesday in the church in the Fellowship room. Special project to be discussed will be choir robes.

Mr. and Mrs. Robert Skellenger and family attended the Juvenile Officers association June 16 which was held at Arrowhead in Kensington park. A special water safety demonstration was given by life guards and Don Kratt, safety director of the Oakland county water patrol. Sheriff Irons was also in attendance.

NEW COMPACT — The compact car has nothing on the new vacation trailer developed by Smith Products of Novi. Made of aluminum with a plywood interior, the trailer has one double bed and two single beds. Total weight of the trailer is under 500 pounds. The top section of the trailer telescopes down over the lower section making it slightly more than four feet high. In raised position (middle photo) there is more than six feet clearance inside. The top section is easily raised and lowered by means of a crank. Only eight feet long, the entire body is erected on a full-size boat trailer. The unit is now ready to enter production at the Novi plant and models will soon be on display and dealers appointed. An icebox with a three-burner gas stove can be supplied and a small gas heater for heating the interior is also available. Charles Smith, owner of the firm, is shown in the pictures of the "compact" trailer.

IN WIXOM:

Honor Fathers With Ham

By Mrs. Charles Ware — Market 4-1601

The ladies of the Birch Park Hunt club honored their husbands on Father's day by treating them to a ham dinner, family style.

The James Serenos celebrated their 25th wedding anniversary Saturday. Twenty-five guests wished them well.

The Staffords and Bob Smiths attended the General Motors picnic Sunday.

The Hickory Hills Civic association hired a sand sucker and 18 men donated their time Saturday and Sunday to improve their beach. Edward and Richard Harris of the United States Navy have returned to their stations on the east and west coast. The Harris boys were home with their father in his last illness.

The Wixom Planning commission met Monday evening with Charles Leman and worked on zoning.

Mayor Donald Brooks, Councilmen Ray Lahti and Lottie Chambers and Attorney Dave Utley will attend a mayor's institute in Ann Arbor today, (Thursday). This institute is sponsored by the University of Michigan.

Joe Burke is still in the hospital in Pontiac.

Mr. and Mrs. Charles Thomas honored their daughter, Mrs. Jim Rollo, with a party Saturday to celebrate her birthday. There were 18 guests present.

The Purl Farleys entertained their son's family, the Don Farleys, and their daughter's family, the

NOTICE OF PUBLIC HEARING

TIME — MONDAY, JULY 11, 1960 — 8 P.M.

PLACE — NORTHVILLE CITY HALL

The Planning Commission for the City of Northville has, on its own motion, proposed the amending of the Zoning Ordinance of the City of Northville in the following respects:

To amend the Text of the Zoning Ordinance to provide for existing contractors storage and equipment yards and buildings existing therein, in an R-1-S District.

To establish zoning on that part of the S. E. ¼ of Section 33, Novi Township, as being a part of parcel CS2, being a rectangular area of land having a frontage of 450 feet on the Eight Mile Road and 600 feet on Taft Road as measured from the center of such right-of-way, as R-1-S.

Please take notice that a Public Hearing will be held on the above described addition to the Text at the time and place specified.

Notice is further given: That the Text showing the above proposed Amendment is on file and may be examined at the City Hall during regular office hours.

Signed: George Zerbel
Chairman, Planning Commission

FASCINATING FACTS ABOUT NATURAL GAS

AIR-CONDITIONING, 200 A.D.
Through the ages Man has shown a desire to defeat the heat. As early as 200 A.D., a Roman emperor had his slaves bring snow from the mountains — discarding his dignity — he romped in it for cool relief. Others had their summer palaces packed in snow and slaves turn huge fans. We read that it is quite likely the first bath was taken as relief from heat rather than for cleansing.

AIR-CONDITIONING, TODAY
In the early 1900's the first forced-air gas furnace suggested today's principles of air-conditioning. Inventive minds in the gas industry have made revolutionary advances. No more need for slaves or mountain snow, today everyone can enjoy the royal luxury of a refreshingly-cool home — with Gas air-conditioning. Just one of the many benefits of low-cost, dependable Natural GAS.

Low-cost Gas air-conditioning makes any home a summertime haven from hot-weather irritations. Natural GAS—the ideal household fuel—heats and cools, year-round. Call or write your Consumers Power Company to learn how many ways Natural GAS can

GET THE FACTS — BETTER YET — GET GAS!

26049 Five Mile Rd.
STATE OF MICHIGAN
County of Wayne
ss. 482,610

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Seventh day of June, in the year one thousand nine hundred and sixty.

Present Ernest C. Boehm, Judge of Probate, in the Matter of the Estate of MARGARET BAGG, Deceased.

Clarence Mathews, executor of the last will and testament of said deceased, having rendered to this Court his first and final account in said matter and filed therewith his petition praying that the residue of said estate be assigned in accordance with the provisions of said last will:

It is ordered, That the Eleventh day of July, next, at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Ernest C. Boehm,
Judge of Probate
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

In Wixom...

By Mrs. Charles Ware
Market 4-1601

The Wednesday Bridge club met at Dorothy Richmond's home last week and presented Margaret Bunker with a high chair for her new baby. Jeffrey, Mary McCloskey and Eileen Miklas were guest players. Ruth George won first prize, Marty Ames second and Virginia Barnes consolation.

The Mothers' club of Our Lady of Victory school in Northville held its June meeting last Tuesday. Virginia Barnes, Eileen Miklas, Betty LeButt, Marilyn Vykdyal, Joanne Jacques, Marge Williams, Phyllis Graham and Dottie Flattery were among those who attended from Willowbrook.

Jeffrey Lawrence Bunker, son of Mr. and Mrs. Clifford Bunker of Mooringside drive, was baptized at Our Lady of Victory Catholic church in Northville Sunday. His aunt, Miss Grace Bunker of Englewood, New Jersey and his older brother, Ted, are his godparents.

Mr. and Mrs. Bud Price and their children, Bobbie and Karen, came here from Alma to spend the week end with Mr. and Mrs. Donald Simonsen of Hollydale.

Mr. and Mrs. William Gould and William Dean attended the wedding of Miss Margery Stevens and David Baker at St. Joseph's Episcopal church, Detroit, last Saturday. The reception was held in the church undercroft.

The Episcopal Church women of the Holy Cross Mission held their June meeting at the Orchard Hills home of Sue Zopf. Plans were made for the bazaar which is to be held in the fall. Sue Dean, Ruth Pritchards, Margaret Mairs, Irene Price, Maribah Garbin and Emily Thomas were among those present.

Mr. and Mrs. Robert Nelson attended the Harlequin dance at Meadowbrook Country club Saturday. Nancy Milliken was hostess to the Tuesday Bridge club last week.

June Anderson and Ann Hawley were guest players. June won first prize.

Mr. and Mrs. Ed Blackwell hosted a neighborhood cocktail party in honor of Mr. and Mrs. Cameron Campbell last Thursday evening.

The Camerons, who now live in Irwin, Pennsylvania, are former residents of Willowbrook. Other guests at the party included Mr. and Mrs. Robert Anderson, Mr. and Mrs. Ted Coan, Mr. and Mrs. Thomas Dukes and Mr. and Mrs. Tom Rasmussen.

Robert Bamford spent last week end in Chicago on business.

Thursday, Wilma Bamford entertained her sister-in-law, Mrs. Thomas Bamford, and her nephews, Tommy and Billie, at a luncheon. The Thomas Bamfords reside in Cleveland, Ohio.

Mr. and Mrs. Al Diebel are back in Willowbrook after spending an eight-day vacation at the Castle Harbor hotel in Bermuda. While they were there they enjoyed skin diving, dancing and trips to such points of interest as the Crystal Cave and Devil's Hole.

NOTICE OF PUBLIC HEARING

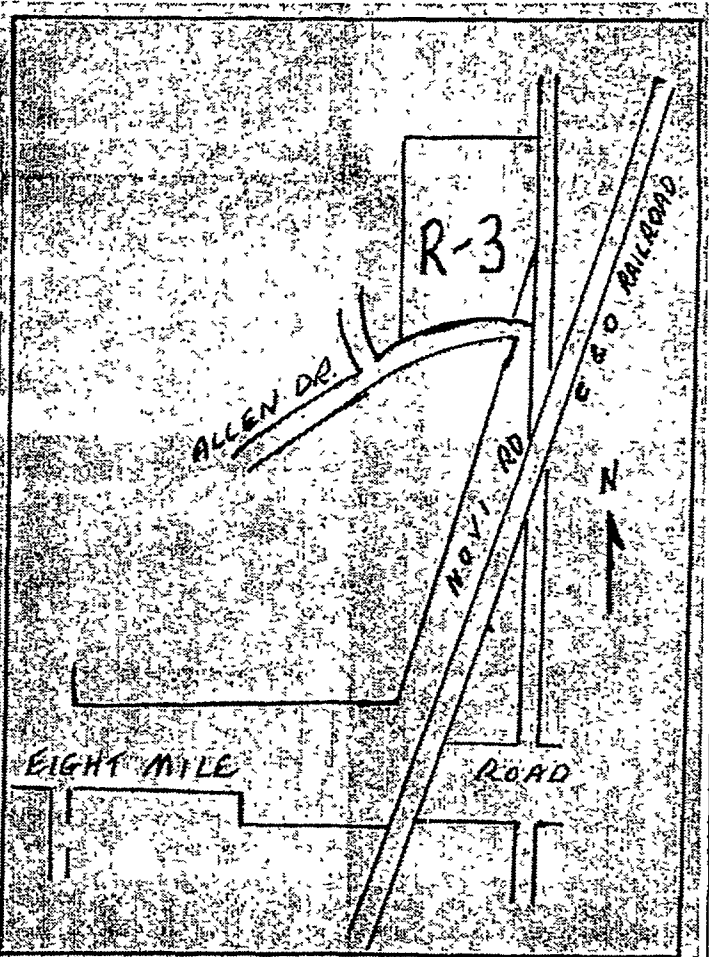

ON THE PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NORTHVILLE

PLEASE TAKE NOTICE that the Northville Township Zoning Board will hold a Public Hearing on Monday evening, July 18, 1960, at 8:00 o'clock p.m. in the Northville Township Hall for the purpose of hearing and considering a proposed reclassification of an area designated as parcel 13B of the Assessment Records Plats, of approximately 99.00 acres lying 1058 feet south of Six Mile Road and on west side of Haggerty Road in the N.E. ¼ of Section 13; and an area designated as parcel 13G2 of the Assessment Records Plats, of an area of approximately 38 acres lying in the N.W. ¼ of Section 13 and 658.6 feet west of the north and south ¼ line of Section 13, with a frontage on Six Mile Road, excepting a parcel 544.5 feet by 300 feet lying at the northeast corner of said area, from R-1-F and R-1 to an AG classification for the specific purpose of establishing a golf course thereon.

The above proposal may be examined on any week day during the hours of 1:00 p.m. to 5:00 p.m. at the Northville Township Hall. This notice is given pursuant to Act 184 of Public Act of 1943, as amended.

Gunnar D. Stromberg

City of Northville
PUBLIC HEARING

JULY 11, 1960

AN ORDINANCE TO ESTABLISH A ZONING MAP OF THE ANNEXED AREAS OF THE CITY OF NORTHVILLE

THE CITY OF NORTHVILLE ORDAINS:

PART I: The Zoning Map of a part of the Annexed Areas of the City of Northville, attached hereto, shall be a part of the Zoning Ordinance of the City of Northville and shall designate the boundaries of the zoning districts.

PART II: The Zoning Map of a part of the Annexed Areas establishes the following districts which includes the parcels or subdivisions as designated on the Tax Roll of the Oakland County Treasurer's office, as follows:

R-3 Multiple Dwelling
This district comprises that part of parcel CS24A lying east of Yerkes Estates Subdivision No. 3, north of Allen Drive, West of Novi Road and south of the north City Limits line, being a part of the S.E. ¼ of Section 34, Novi Township.

PART III: SEVERABILITY CLAUSE. Should any section, clause or provision of this Ordinance be declared by the court to be invalid, the same shall not affect the validity of the remaining portions of such section or of this Ordinance or part thereof, other than the part so declared to be invalid.

PART IV: CONFLICTING PROVISIONS REPEALED. An Ordinance or parts of Ordinance in conflict, herewith, are hereby repealed.

PART V: A Public Hearing on this proposed Ordinance will be held Monday, July 11, 1960, at the Northville City Hall at 8 P.M.

Obituary

MRS. RUBY ROSE

Mrs. Ruby Rose passed away suddenly June 20 at her home, 16544 Snowden avenue, Detroit, at the age of 57. Mrs. Rose was born October 4, 1902 in London, England to James and Emma Church Diamond. Her husband, Arthur, preceded her in death. Survivors are a son, Arthur J. Procter of Northville, and a sister, Mrs. A. M. Jenkins, Detroit, and four grandchildren. Funeral services were held today (Thursday) at 2 p.m. from the Casteline Funeral home with the Rev. John O. Taxis officiating. Interment was at Rural Hill cemetery.

ARTHUR F. HOFFMAN

Arthur F. Hoffman, 55, of 8776 Chubb road, died June 18 at St. Joseph Mercy hospital in Ann Arbor. He had been ill for the past year. Born November 3, 1905 at Lyons, Pa., he was the son of Mr. and Mrs. Joseph and Emma (Miller) Hoffman. He is survived by his wife, Edna, of the Northville address; three sons, John of Allen Park; Robert of Taylor, and Wayne of Miami, Florida; one brother, John, of Lyons, Pa.; and two sisters, Mrs. Sarah Bender of Harrisburg, Pa. and Mrs. Alma Wither of Lyons, Pa. and four grandchildren. Mr. Hoffman moved to Northville 14 years ago. He was the assistant manager of the Clay Avenue bulk plant, Standard Oil company. Services were held Wednesday from the Casteline Funeral home, the Rev. Richard Burgess of Salem Federal church officiating. Burial was in Salem Walker cemetery.

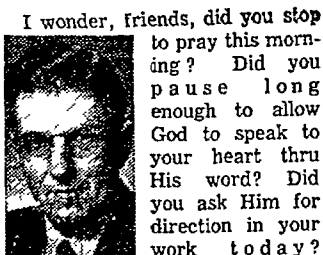

EDNA JANE SMITH

Mrs. Edna Jane Smith, 69, 43800 Grand River, Novi, died June 16 at Pontiac General hospital after an illness of three years. Born August 8, 1891 at Sandusky, Michigan, she was the daughter of Mr. and Mrs. George and Francis (Exelby) Parley. Her husband, Andrew, died March 5, 1958. She is survived by three brothers, Forrest of Snaver, George of Plymouth and John of South Lyon. Mrs. Smith moved to Novi five years ago. She was a member of the Novi Methodist church. Funeral services were held June 19 from Casteline Funeral home, the Rev. G. A. Nevin of the Novi Methodist church officiating. Burial was in Hyslop cemetery, Elmer, Michigan.

EARL BURCHFIELD

Earl Burchfield, 63, formerly of Northville and more recently from Higgins lake, died Monday, June 20 at Dearborn Veterans Administration hospital after a long illness. Born March 1, 1897 at Doanville, Ohio, he was the son of Mr. and Mrs. James F. and Sarah L. (Galloway) Burchfield. His wife, Mary, of Higgins lake, survives him. Other survivors include two sons, Earl of Novi, and Charles of Sacramento, California; three daughters, Mrs. Margaret Harmon of Novi, Mrs. Wynetta Stamper of Northville, and Eileen Palmer of Florence, Kentucky, and 18 grandchildren and one great-grandchild. Mr. Burchfield lived in Northville close to 12 years before moving to Higgins lake five years ago. He was employed as a brick layer. Funeral services were to be held yesterday (Wednesday) at Nelsonville, Ohio, with burial in Greenlawn cemetery, Nelsonville.

Are You Leaving God Out of Your Life?

I wonder, friends, did you stop to pray this morning? Did you pause long enough to allow God to speak to your heart thru His word? Did you ask Him for direction in your work today? Have you even thought about God this morning? Psalm 10:4 says, "The wicked through the pride of his countenance, will not seek after God; GOD IS NOT IN ALL OF HIS THOUGHTS." I'm afraid this description given here is true of many people; yes, even people who profess to be Christians. Think what a difference it would make in national affairs if God was acknowledged and consulted. What a difference in the home life of Americans if God was honored and worshipped at an old fashioned family altar. What a difference in our perplexing school system if God was honored through the study of His word. Think of the difference if cold, Modernistic Churches would scuttle their modern man-made philosophies and return to "the faith once delivered to the saints." How can the situation be remedied? Perhaps we cannot greatly influence the government as a whole nor change things in our churches aside from protesting against them — but we can start today ourselves by giving God a rightful place in our lives.

FIRST BAPTIST CHURCH
OF NORTHVILLE
Peter Nieuwkoop, Pastor

Mrs. Balden Dies; Services Yesterday

Funeral services for a life-long Northville resident were held at Casteline Funeral home Wednesday afternoon at four o'clock.

Mrs. Nellie Zoe Balden, 416 North Center street, died at her home on June 19. Survived by her husband, Frank, she would have been 78 years old today (Thursday).

Mrs. Balden was born in Northville the daughter of William John and Rose Howland Little.

Her uncle, Samuel Little, was the founder and first publisher of The Northville Record (then Wayne County Record) newspaper in 1869.

In addition to her husband, she is survived by two sisters, Mrs. Pearl Dunn of Plymouth and Mrs. Eva Mae Slater of Wappengers Falls, New York.

She was a member of the First United Presbyterian church and a life member of OES, Orient Chapter No. 77.

Services were conducted by the Rev. John O. Taxis. Entombment was at Rural Hill mausoleum.

St. Mary Hospital Guild News

Have you taken time for a leisurely look at the Gift Shop recently? Modern as tomorrow, St. Mary hospital boasts a combined coffee and gift shop off the main lobby of the institution.

The gift shop is staffed by Guild members and the proceeds are directed to guild projects for the benefit of the hospital.

On display are articles of necessity for the patients and visitors, toys and books for children and gifts of every variety for adults and infants.

Within the next month, the guild will be adding to this, the convenience of mobile cart, which will make regular rounds through the hospital. This will enable the patients to satisfy their needs from the comfort of their beds. Magazines, writing paper, cologne and hand puppets are a few of the things that make the hospital stay a more pleasant one.

The general meeting of the St. Mary Hospital Guild will be held June 27 at 8 p.m. in St. Michael's church hall, Hubbard avenue, south of Plymouth road, instead of at DeSales auditorium, Madonna college, as formerly planned.

New summer replacements are needed for volunteer work. Please try to be present that evening to offer your help for the summer months.

The Guild is fortunate to have as entertainment that evening, the University of Detroit Chorus, under direction of Don Large. This group of 60 voices, male and female, have made appearances in several cities and towns, and always with great acclaim for their high standard of entertainment.

This would be a fine evening to bring along a friend. The Guild is open for new members and it is certain that the meeting should prove attractive to your friends and neighbors.

A capacity crowd of almost 600 guests attended the June 2 Guild card party at Bentley high school. "Ghosts Over Broadway", a skit by Ways and Means committee members, brought a fine response from the crowd. Mary Reissenwebber at the organ provided accompaniment for the songs and background music during the serving of refreshments.

May Blankenhagen, whose hobby is millinery, turned out the particularly fine hat which she donated to the Guild. Since nothing catches the eye of a woman like a hat, the enthusiasm for this model ran high among the guests.

The Decorations committee did a particularly fine job on the colorful stands which were used to display the whimsies offered as table prizes. Much time and effort were put into these stands and also the hats which were made by the Sewing committee. Mr. and Mrs. Al Barnes donated the tickets for the card party, and Mrs. Clara Karr stenciled and printed the program.

A special thank-you to the Felician Sisters and to all Guild members not already mentioned, who helped to make the party a success.

Legion Women To Install Officers Sunday

Newly elected officers of the American Legion auxiliary unit 147 of the Northville Lloyd H. Green post will be installed Sunday at 4 p.m. at the Memorial home, 100 West Dunlap.

The installation services will be held in a joint meeting with the Legion post (see Legion column, page 15). Installing officer will be Mrs. Peggy Crawford, 17th district president.

Officers who will be installed are: Mrs. Shirley Holloman, president; Mrs. Lorraine Steimel, first vice president; Mrs. June Palmer, second vice president; Mrs. Carol Lacocot, secretary; Mrs. Hazel Wright, treasurer; Mrs. Christine Goss, chaplain; Mrs. Ruth Miller, sergeant-at-arms; Miss June King, historian; Mrs. Lydella Ely, Mrs. Helen Rieger and Mrs. Lena Hammond, executive board.

Water Break Interrupts Service

About a dozen residents were without water for two hours Wednesday morning when a water-line plug blew out near the high school. The accident occurred as workers were attempting to connect a water line leading to the new athletic field to the existing water line. The connection point had been previously "plugged" in anticipation of the athletic field line, but when it was uncovered water pressure exploded the plug.

Homes in the area as well as the high school were without water service during the two-hour period needed to repair the break.

To Meet Wednesday

The Robinson group sponsored by Michigan State university Cooperative Extension service will meet June 29 at 12:30 for a dessert luncheon at the home of Mrs. Richard Scruggs, 9314 Sheldon road, Plymouth. The lesson will be on "New Fabrics and Finishes".

FIVE GENERATIONS — The Edgar Lamerson family, representing five generations, posed recently for this picture on the 81st birthday of Mr. Lamerson of Hudson, Michigan. Shown with him (left to right) are: Jo Ann Maw, great-great-granddaughter; Mrs. Joseph Maw, 43749 Doris court, great-granddaughter; Mrs. Esther Burchfield, 24676 Taft road, granddaughter; and Mrs. Glenn Salow, Sr., 24676 Taft road. Mr. Lamerson has four great-great-grandchildren.

Leaders to Evaluate Results of 1960 Easter Seal Drive

Invitations are in the mail for a regional conference of Michigan and Ohio Easter Seal volunteers and staff members to evaluate the 1960 Easter Seal Campaign. Under the leadership of staff members from the National Society of Crippled Children and Adults, workshop groups will seek to discover why certain areas show a decrease in the support offered this year to services for crippled children and adults. The conference meets July 6 and 7 at the Detroit Leland hotel.

Among those to whom invitations have been sent in Northville are: Easter Seal Society board members, Lynn Sullivan and Russell H. Amerman, honorary director; Rotary Club President Dr. Walter K. Belasco and Rotary Crippled Children's Chairman Gill Glasson; and Lily Parade Chairman Mrs. Lillian Cutright.

Anyone who has neglected to make a contribution is urged to send it to the Easter Seal Society of Western Wayne County, P.O. Box No. 101, Inkster. Such contributions will help to support the Summer Day Camp for Crippled Children scheduled to open July 11.

Northville fell less than \$8 short of its 1959 total this year with a final collection of \$1,070.88.

Oakland County to Vote On Mill Hike Increase

Oakland county residents will be asked to approve or disapprove a special one-half mill tax for construction of county offices when they go to the polls in the August 2 primary election.

Specifically, the ballot proposition authorizes the board of supervisors to levy a tax of one-half mill (50 cents per \$1,000) of state equalized assessed valuation, over four years, from 1960 to 1963.

Actually, two propositions concerning millage will appear on the ballot. Briefly, the first asks permission to create a sinking fund with the one-half mill tax, the second asks permission to spread the tax. Only property owners may vote on the first, all county voters on the second.

County officials estimate that the one-half mill will result in a fund of approximately \$4,000,000. If approved, this money will be used to construct four wings to the new court house currently under construction near the county offices center on North Telegraph — some two miles from the center of Pontiac.

County supervisors, who unanimously favor the tax, explain that the present downtown facilities are inadequate and are badly in need of repair.

The supervisors decided back in 1946 to create a new county seat of

government on 330 acres of land off North Telegraph. Since then, facilities have been constructed on the property for the health board, road commission, county market, medical care for aged department, welfare department, juvenile court, and the animal welfare shelter.

Last year construction of a six-story court house was begun at an estimated cost of \$3,000,000 near the other new county facilities. The court house is scheduled for completion next June.

If the proposition is approved, construction of the wings could begin almost immediately since approximately \$1,000,000 would be added to the county treasury each year.

"If the people don't approve the proposition," Novi Township Supervisor Staman said, "part of the county facilities will be located in one place and part in another."

Staman indicated that city councils and township boards will be asked to go on record in favor of the proposition and new construction.

Sid Frid, Northville representative to the Oakland county board of supervisors, told city councilmen he would recommend a "yes" vote to Oakland county residents of the city.

Win Prizes at Opening Of Hocking-Gillies Store

A bicycle, FM radio and two pairs of shoes were won by visitors to Northville's new Hocking-Gillies shoe store during its grand opening event.

Rodger Park, 46300 Ten Mile road, was the winner of the bicycle. Other prize winners were: Gordie Hubbert, 325 Pennell, FM radio; Patsy Bishop, 46111 Neeson, and Mrs. James Puckett, 118 West Cady, shoes.

Judge Fines Boys

For Disorderly Conduct

Five youngsters, all about 19, were fined \$15 and \$5 costs when they were found guilty of disorderly conduct by Judge E. M. Bogart Saturday.

The boys, Jody Lee Crabtree, John J. Sikkila, Reid G. Hamilton of Walled Lake, Alfred F. Daidone of Garden City and George E. Deslover of Novi, were charged with drinking beer in a car parked in the area of North Center and Dunlap streets Friday evening.

Daidone was fined an additional \$40 and \$5 costs by Judge Bogart after he was found guilty of disorderly conduct in the parking lot of Bel-Nor drive-in. Daidone was accused of opening a car door and slapping a girl seated in the car.

READERS SPEAK:

PRAISES ACADEMIC RECOGNITION

To the Editor:

For some time many of us in the community have been urging our school administration to make public recognition of academic achievement. This is the first year that such an attempt was made (with the approval of the student honor society) by means of awarding gold tassels to "B" average students. Next year, I understand all eight semesters will be averaged.

I feel that this is a worthy attempt to give public recognition for academic standing in the same manner that the athlete who is superior is given a large school letter to wear and receives public acclaim for his victories.

Several times during high school, decisions must be made concerning the types of classes taken, the number of hours chosen, and the emphasis desired in the preparation of the student for a productive adult life. I hope these decisions are made with the best interests of the student in mind. I also hope that they are made by the student and his parents. If so, there should be no recriminations about how many subjects the student majored in, or how many credits he earned.

The student concentrating on athletics may also miss the varsity team for some slight consideration. The "D" student may miss a "C" average by 5 of a point. There must be a cut-off point somewhere. This is a fact of life. We do our children an injustice by trying to glass over excuse, or ignore such facts.

I would like to speak a word of commendation to our administrators who must make such difficult decisions in the face of known reactions from unthinking parents.

As a parent, I believe I should encourage my children to do their best at all times, regardless of rewards. As a human being, I know that rewards will stimulate all of us to strive a little harder. As a parent, I should be proud of my children's accomplishments whether others know of them or not. (I wonder if Walter is proud of his parents, or embarrassed?) As a human being, I like public recognition for achievement.

As an interested parent, I ask for a little tolerance, patience and good will for a new program that will eventually give academic standing the public recognition it deserves.

Psychiatric Education Director Addresses Rotary

Northville Rotarians heard Dr. Calvin H. Chen, director of psychiatric education and research at Northville State hospital, discuss the program of training for psychiatrists at the Seven Mile road institution Tuesday noon at the regular meeting of the service club.

Dr. Chen heads the program that serves to train approximately 15 psychiatrists. As an example of one of the phases of the hospital's training program, Dr. Chen stated that visiting lecturers from the University of Michigan and Wayne State university conduct classes at the hospital.

He concluded his talk by answering various "questions" concerning modern treatment for mental patients. Dr. Chen was introduced by Bruce Turnbull, program chairman.

Six Area Youths Elected to Office At Boys' State

Six area boys have been elected to office at the American Legion-sponsored 23rd annual Wolverine Boys' State which ends today.

Elected were: James Tuck, 46620 Stratford court, councilman of "Johnson City"; Michael Myers, 524 Carpenter, councilman of "Jackson City"; and Charles G. Forbes, constable of "Fillmore City"; Phil Simonton, 42435 West 12 Mile, clerk of "Lincoln City"; Paul E. Beard, 41261 Eight Mile, councilman of "Buchanan City"; and Ronald Dietrich, 112 Ely drive, drain commissioner of "Bingham County".

The American Legion, Department of Michigan, and its 70,000 members sponsor the patriotic program, which is intended to help teenagers develop leadership qualities, learn the responsibilities necessary for good citizenship, and gain a greater understanding and respect for the Democratic form of government.

More than 1,000 boys — considered the cream of Michigan's high schoolers — are participating in this 8-day (June 16-23) "learn by doing" course in city, county and state government.

Under the guidance of skilled political science instructors, the boys elect city, county and state officers; learn how to draft bills, enact them into laws, then enforce and administer the laws after they are passed.

In addition, the youths attend lectures on subjects covering such widely scattered fields as criminal and civil law, conservation, traffic safety, juvenile delinquency and law enforcement.

Braves Play 2 Games This Week

Scheduled to clash with two cellar dwelling teams this week, Northville's National League nine, the Braves, hoped to pick up steam in the Livonia recreation league.

The Braves, managed by Glenn Deibert, held eighth place in the 12-team race through Monday, with contests scheduled with the Wayne Brewers and the Wayne County Training school Tuesday and today. The latter two squads held 11th and 12th places, respectively.

Neither of this week's contests were expected to be pushovers, however, since the Training school's lone victory was an 8-5 win over Northville while the Brewers narrowly lost a 7-4 game with the Braves.

Scores of other Class "F" National league games include: Harrison Red Legs, 4-1; Piersen Cubs, 9-4; Sox, 12-2; a'l Northville victories; and Roosevelt Indians 11-4 and 6-3; Grant Dodgers, 5-0; Garfield Senators, 6-2, all losses.

According to Manager Deibert, two of the regulars who have distinguished themselves as polished ball players thus far this season are Gary S'bbe, who alternates between the pitching mound and the outfield, and Bob Tuck, catcher.

Fifth-grader Keith Mueller has been an outstanding rookie with consistent accomplishments at the mound and in the infield, while Pete Sutherland has developed a "real strong" arm at his outfield position, Deibert said.

Other players include: John Gibson, Jim McLean, Doug Swiss, Jerry French, Jim Mahoney, Frank Pauli, Butch Pethers, Glenn Deibert, Jr., Garry Davis, Jerry LaRoque, Ron Asher, Danny Phillips and Larry Thibos.

Orioles Come Back After Dropping 7

After losing seven games and tying one other, the luckless Orioles of the American Class "F" league turned in three straight victories in the last three times out.

The latest victory came Friday as Northville crushed the last place Barons, 11-2.

Kenny Van Sickle was the winning hurler, Rabitalle, the loser.

Catcher Dan Bishop started Northville's victory drive with a single in the second inning. He advanced to third on two putouts, then stole home with the first run.

In the third, John Mach and Gary MacDermid doubled, accounting for two more runs. A walk and two hits by Rick Milne and Arthie Forth brought across two more.

Northville exploded in the sixth with six runs as Mach, MacDermid, Dan Bishop, Van Sickle and Milne each stroked singles.

Last week, Wednesday, the Orioles topped the Jets, 9-3, as Jerry Inslaw went the distance for Northville. MacCrain was tagged with the loss.

Northville picked up seven of its runs in the first inning as MacDermid smashed a triple, Mach doubled, and Forth singled, and four batters walked.

A single by Milne in the seventh, along with a walk and a hit batter accounted for the final two runs.

Other scores have included: A 6-0 victory over the Madison Seals, losses to the Giants, 9-4; Tigers, 15-2; Red Sox, 16-0; Bisons, 3-0; White Sox, 8-10; Athletics, 11-3; and Yanks, 11-2; and a 4-4 tie with the Indians.

Two games were rained out.

The Orioles are managed by Dan MacDermid. The roster includes: Ron Vradenburg, pitcher; Bishop, catcher; Milne, first base; Forth, second base; Mach, third base; MacDermid, shortstop; Doug Dingwall, left-field; Kerry Luedtke, center-field; Bob Beller, right-field; Inslaw, pitcher; Van Sickle, pitcher; Bill Sliger, Mike Stevenson, Mike Turnbull, Billy French, Daley Hill, Harold Masters and Jim Long.

RECREATION REGISTRATION — Registrations for summer fun under the Northville recreation department started Monday at the scout hall, corner of Dunlap and Horton streets. Registration continues today from 8:45 to 12 noon for youngsters with last name initials from S-Z. Open registration will be held tomorrow morning (Friday), Saturday morning, and any week day morning thereafter. Shown above registering with Susie Conley and Mrs. M. L. Utley are (left to right): Billy Cross, Cathy Cross, Steve Utley, Jim and John Beerbower, Jim Hill and Danny Doub.

2 Local Class 'E' Nines Hope for More Sunshine

Ace hurler Craig Bell made his debut with Northville's Class "E" Western League nine, the Plumbers, Monday night in turning in a sparkling one-hit performance to shutout Wayne Ford Civic League Red Sox, 7-0.

Playing on the opponent's diamond, Bell mixed up his pitches to drop the Sox with ease. His three hits at the plate also took individual honors for the Plumbers.

Nelson of Wayne was nicked for the loss.

Catcher Mike Zayti and Rick Rebitzke each stroked doubles to help the Plumbers' cause. Altogether, Northville picked up eight hits and committed no errors in the field.

The victory was the first in this season in the league race which got underway last week. In their opening contest last week Wednesday, the Plumbers dropped a 1-0 squeaker to the Rosedale Tigers.

Called at the end of five innings because of rain and darkness, the game went to the Tigers on the lone, unearned run.

Tom Swiss was the losing pitcher, although he led Northville's hitting attack with two hits in two trips to the plate. Bill Elwell and Jim Juday collected hits.

Managed by John Kellogg, the Plumbers' (ages 14 and 15) roster includes: Juday, shortstop; Bell, pitcher; Elwell, second base; Swiss, third base; Rick Rebitzke, first base; Zayti, catcher; Jim Riley, center-field; Dick Brown, right-field; and Ron Rebitzke, left-field.

Despite six innings of actual play and two other scheduled games, the Northville Recreation squad has still to win or lose its first game. Two of Recreation's games were rained out last week, then Monday

night at Cass Benton park, the Class "E" Eastern league team battled the Wayne Ford Civic League Cardinals to a 7-7 tie through six innings.

The game, called because of darkness, must be played again.

Three Northville pitchers went to the mound in scattering three hits, one off each hurler. The pitchers were Dave Luedke, Gary Grys and Eric Peterson, and Terry LaRue, catcher.

Recreation came up with seven hits, including two hits for two by Dave Jerome, two for three by Joe Hay, and two for four by Peterson. Peterson also drove in three runs.

Managed by Leonard Luedke, the roster includes: Jerome, first base; Billy Lusk, second base; Luedke, pitcher and outfielder; Hay, center-field; Peterson, pitcher and infielder; Gordie Hammond, third base; Grys, pitcher and infielder; LaRue, catcher; Bill Weigner, outfielder; Pete Bailey, outfielder, and Bucky Anderson, infielder and outfielder.

Schedule:

Batter Up!

Braves vs. Brewers, today, at Cass Benton
Firemen, Tuesday, Cass Benton.
Orioles vs. Barons, Sunday at Cass Benton

Jets, Wednesday, at Cass Benton.
Recreation vs. Red Legs, Monday at Emerson
Fisher Shoes, Wednesday, at Plymouth.

Plumbers vs. Trojans, at Cass Benton.
Bill's Market, Wednesday, at Cass Benton.

Earth Movers Win, Drop Paragon to Third

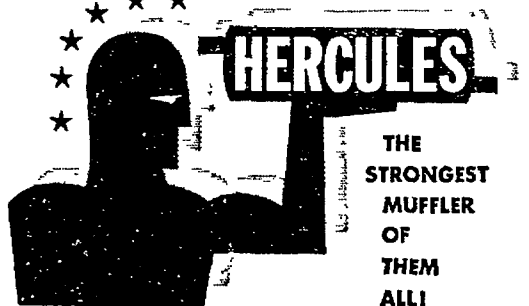

Rain dampened action in the Novi Little League last week with only one game played.

In the lone contest, the Anglin Earth Movers took undisputed possession of second place by crushing Paragon Bridge and Steel, 12-1.

J. Payton claimed the victory with a tremendous one-hit pitching performance. Bill MacDermid, who gave up 10 hits, was tagged with the loss.

Joe Shuttler came up with the lone Paragon hit, a sizzling three bagger. Top hitters for the Movers included: Chuck Sidaway, one single and a double; Bob Sprenger and Norm Krogg, two singles each; and Wayne Wolverton, a triple.

SPEAKING for the Record

By Bill Sliger

From information passed along by Ed Welch it is interesting to note that communities the world over seem to have similar problems.

As the "American" parents of exchange student Rosemary McNeilly, the Welchies maintain a regular correspondence with Rosemary's parents, the H. H. McNeillys of Shaws Bridge, Belfast, Ireland.

To keep them posted on activities in Northville the Welchies have the Record sent to the McNeillys and they have become avid readers.

In turn, Mr. McNeilly enclosed a copy of the Belfast Weekly Telegraph recently.

Its front page headlined a new government plan to encourage the growth of small industrial firms in the rural communities of Northern Ireland.

Factories are offered for a rent of only seven pounds a week, and, the article relates, "people establishing a small manufacturing project will, in addition to renting one of these factories under such favorable terms, receive a grant of one-third of the plant and machinery required."

The small factory plan, according to the article, had the joint sponsorship of the ministry of commerce and finance to provide more employment in smaller communities. The government even went so far as to design a standard type 6,000 square foot factory that can be erected in eight months.

In a letter to the Welchies, Mr. McNeilly also noted the similarity in the news of our countries.

"The Northville Record could just be any Northern Ireland town paper if the names were changed around, which just goes to show, I think, how close we all are in the bundle of life," he wrote.

We could not help but notice one difference, however. On each side of the Belfast newspaper's page one masthead (where U.S. newspapers often report weather forecasts or advertise their want ads) were advertisements for "Old Bushmills" — "One of the World's Great Whiskies."

Speaking of economic development, a Northville committee will soon report its findings after four-months' study. Formed at the request of the city council, the committee is composed of representatives of the city, township and school district.

Their job has been to determine what the future tax burden of our community might be without additional industrial or commercial development. The committee will recommend a procedure for the future to improve the economic outlook based upon the findings of its study.

The report should be submitted in early July.

Members of the study group are John Canterbury, A. R. Clarke, William Crump, Donald Lawrence and H. B. Putnam.

If Detroit were Bombed

Babson Park, Mass. — If World War III should come suddenly and your community be hit by a A-bomb or H-bomb attack, it would be demolished; probably no preparation on your part could save your life. The chances are, however, that your city will not be bombed — that you would have only fallout to worry about. This fallout is the radioactive dust thrown into the air when a bomb explodes. If Detroit, for instance, should be bombed, most of the people there would be killed. Then a cloud of radioactive dust would travel with the prevailing wind. Probably everyone within 50 miles would be subject to burns.

Therefore, everyone within a radius of 50 miles from a bomb explosion should go to a "shelter" and be prepared to remain there for three or four days. This shelter should have a supply of good water, a stock of rice and canned goods, some reading matter, and a battery-operated radio for the official news. Radio stations would operate only at 640 or 1240 on the dial; these are the Conelrad stations. Mortgage payments of principal and interest would be "frozen" and all stock exchanges closed.

What Food To Eat
Even when the fallout had dissipated and you could again lead a normal life, you would have to be very careful what you ate. Other things being equal, states having the greatest rainfall divided fairly equally throughout the year (Oregon, for example) could be the safest in which to live or loan money. The reason is that rain washes off this dangerous dust from most of the things that you would eat.

The safest foods would be fruits such as oranges, bananas, lemons, and others which have a thick skin that can be washed and peeled off. Apples, peaches, berries, grapes, tomatoes, etc. with thin skins should be avoided until the government pronounced them safe to eat. Scientists are not yet agreed on potatoes, carrots, etc., which are underground but have foliage above the ground. It is rumored that a neutron bomb will be brought out which has no fallout; but I will not comment on this until additional details are available. I, however, am carefully following this new development.

Dangerous Things to Eat and Drink
After a bomb drops anywhere in this country, we should drink no milk until the government permits us to do so. Cows eating grass which has been contaminated by "fallout" give radioactive milk. This raises the question whether we should eat butter and cheese. Unless the grass has been thoroughly washed off by heavy rains, the beef of the cattle may also be contaminated. The same could be true of sheep, hogs and other livestock. Listen to CONELRAD for advice.

Ground fish, such as cod and haddock, should be safe to eat; also possibly lobsters. But fish such as mackerel, which swim near the surface, could easily become radioactive. Drinking water is very important. Fortunately are those families which have a covered well from which pure water can be pulled up by hand, a well not dependent on electricity. People who get their water from uncovered reservoirs or rivers should have a supply of pure water in their shelter. Each shelter should have a cot for each member of the family and enough blankets to permit the family to sleep for two or three nights until the fallout disperses. For further details, write Col. H. W. Buchanan, C.D. Director, Barton, Florida.

What Fallout Does Not Kill
Fallout does not kill trees, so far as we now know. I further believe that the only 100 percent hedge against inflation is acreage with growing trees and fireproof apartment buildings.

Householders who have no basements should build a fallout shelter in the backyard of concrete blocks covered with boards and about three feet of dirt and properly drained; otherwise there should be a hand pump to keep it dry. The floor of the shelter should have some place provided for the deposit of human excretion; therefore each shelter should contain a shovel and a can of Borax. One final thought: I advise readers to be sure, before taking or renewing a mortgage on any property, that the house has some sort of fallout shelter.

Michigan Mirror

Money Available to Provide Nursing Home Beds

THE BATTLE FOR BEDS, a long campaign by the State Health Department to provide adequate hospital facilities for Michigan citizens, is far from over.

But the emphasis has shifted a little to care for the mentally ill and the chronically ill.

"The progress made during the past decade has provided adequate hospital facilities in most areas of the state, and enabled our hospitals to keep up with population growth and even to cut into the backlog of facilities needing replacement," Dr. Albert E. Heustis, State Health Commissioner, said recently.

Michigan has 75.4 percent of its needs for general hospital beds met by existing acceptable facilities, he said.

However, only a third of the needed nursing home beds, and beds for mental patients are presently available. Communities planning general hospitals and to incorporate facilities for the mentally or chronically ill will get priority on federal money for construction as it becomes available, the department said.

The need for general hospital facilities alone is acute in some areas yet, the department said.

Chief among these are Newberry, Bad Axe, Monroe, Ludington, Stambaugh, Northeast Detroit, Tawas City, Muskegon and Cass City. In these localities, existing facilities in fire-resistant structures range from none to 60 percent of the estimated need.

Statewide statistics look like this: The department's State Plan, which determines how much federal money Michigan will get for hospital construction and where it will be spent, shows 34,011 beds are needed to serve the present population.

Some 4,133 of these are considered unacceptable for long-range planning; 1690 of them are under construction and 1,029 of them will be a net addition to the state's bed supply in the near future.

There were 1,050 beds added to facilities existing in Michigan during 1959.

"The State Plan indicates that

special consideration for assistance from federal funds will be given to general hospital projects which include a psychiatric unit or which will result in a coordinated program of care for the chronically ill," the department said.

Forty-three of Michigan's 83 counties presently have either no facilities for skilled nursing home care, or none in fire-resistant structures.

A 300-bed state-operated psychiatric center and special units for disturbed children are also high on the priority list for federal funds.

MOTHERHOOD in Michigan can expect a vote of confidence in the near future.

The State Civil Service Commission has backed approval of a plan that would make it easier for state employees to get their jobs back after having a baby, or adopting one.

Under the old rule, a worker who became a mother lost her re-employment rights after three years if no job opened up for her after taking a maternity leave.

The liberalized rule would permit a mother to remain on the lay-off list indefinitely if she notified Civil Service within two years of separation that she intended to come back to work.

She would also be able to take a

job, comparable to the one she left, in any other state department.

The old rule permitted a woman to return only to the department which she left, and then only if a vacancy occurred. Heads of state departments were expected to indicate approval of liberalized rule without a hitch.

REFLECTORIZED license plates for Michigan motorists will probably not be made until 1962, in spite of a law calling for them this year.

Secretary of State James M. Hare said the Legislature didn't appropriate enough money to start using the plates.

A bill which would have knocked out the reflectorization provision in a law passed by the 1959 Legislature died in the 1960 session when a deadline passed before action was taken.

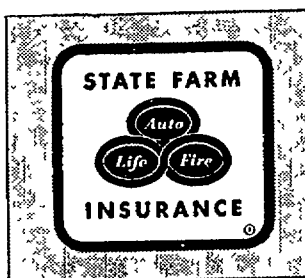

This meant the new plates would be used — as the 1959 session said — starting in the 1961 license year.

Hare said he ordered the reflectorized plates from Controller James W. Miller, but Miller said the appropriation of \$475,000 voted by the 1960 Legislature wasn't enough to cover the cost of producing the reflectorized plates.

Furthermore, Hare said Prison Industries, which produces the plates, said they could not now get

ready to make them for the 1961 license year.

The 1959 act which called for reflectorized plates in the first place made mandatory that the State Department collect an extra 35 cents each year to cover the cost of the plates, Hare said.

why there's
no kitchen
like an

ELECTRIC KITCHEN

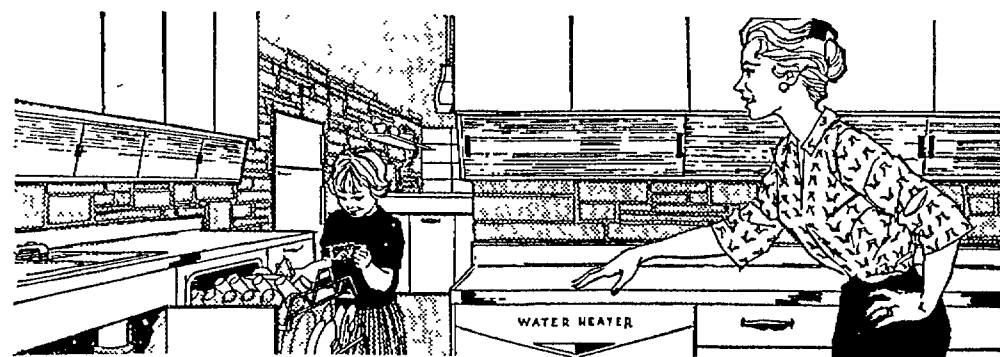

ELECTRIC COOKING IS CLEAN, COOL, QUICK. All the heat goes into the food from direct contact electric elements, none escapes into the air. Super speed units bring liquids to a boil in seconds. You never see

blackened pans in an electric kitchen for electric cooking is white-glove clean. Choose from built-in counter top units and ovens or from many styles of free-standing electric ranges.

ELECTRIC REFRIGERATOR-FREEZERS HAVE BIG CAPACITY. Two wonderful appliances in one! Refrigerator and freezer. The freezer compartment is big enough to hold worthwhile quantities of food. Buy foods at seasonally low prices and safely store them. Save time by preparing foods ahead—make three pies and freeze two. New frost free refrigerator-freezers eliminate defrosting entirely.

COUNTER TOPS DO DOUBLE DUTY with an electric appliance center. Pullout extension cords and extra outlets, all on one central panel, give you Housepower at your fingertips. Simultaneous operation of many counter top appliances—waffle iron, fry pan and coffee maker, for example—is possible without blowing fuses. Automatic timing is another feature. All together, it's just like having extra range capacity.

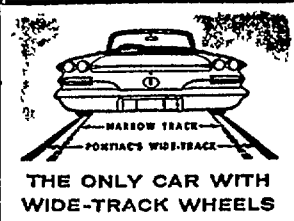

DOING THE DISHES WAS NEVER SO EASY. The process is simple—toss food scraps into the disposer. They just grind up and wash away, never have to be handled or wrapped. Then slip dishes, glasses, flatware, pots and pans into the dishwasher. Everything comes out sparkling, and much cleaner than you can wash them because most dishwashers use hotter water than your hands can stand.

PLENTY OF HOT WATER where and when you need it. What better place for a water heater than in the kitchen where you use lots of hot water? A tabletop model fits flush with counter top, or it can be placed in a hard-to-use corner of the kitchen cabinets. This is the water heater without flame or fume, so you put it where it's most convenient. The 50-gallon size supplies normal hot water needs of 4 out of 5 families.

Pontiac's Extra Measure: Better Control

The reason is this: The track (not the body) is wider than any other car. The result is astonishing. You corner more securely, cruise with more confidence, hold a truer course in traffic. The best way, in fact, to measure Pontiac's Wide-Track Wheels is from the driver's seat. Put yourself in this remarkable position soon.

THE ONLY CAR WITH WIDE-TRACK WHEELS

Rescue Breathing Saves Lives

WHENEVER POSSIBLE elevate victim's shoulders as demonstrated here with six-year-old Dennis MacDermald, son of Mr. and Mrs. William MacDermald, 44050 Slassen. A log or large boulder can be substituted for the blanket.

IF VICTIM is a stranger or someone suspected of being ill place a handkerchief over his mouth as done by Donald K. Kratt, Oakland county safety director.

ELEVATE VICTIM'S JAW into jutting out position by inserting thumb between teeth, grasping lower jaw and lifting it forcefully upward, thus lifting the tongue away from the throat.

The ambulance attendant shook his head as he pulled the sheet over the head of the tiny victim "Just a few more seconds — and maybe," he mumbled.

This tragic scene is repeated daily. And yet, any one of the persons watching the ambulance pull away — a parent, friend or a stranger — might have breathed life into the victim a few minutes earlier.

"Rescue breathing" — a life-saving technique that goes back to Biblical days — is probably the most effective, immediate action a person can take to save a life of an unconscious drowning, asphyxiation or shock victim.

Few persons acknowledge the importance of this technique now

sweeping the country more than Donald K. Kratt, director of Oakland county's water safety division which is recognized as one of the best in the nation.

"It's a proven fact," Kratt explains, "that breathing into the mouth of one of these victims — if done properly — is more effective than any other method of artificial respiration. For these victims more than anything else need oxygen."

Army personnel have proved that we exhale more oxygen than a person can get by pumping the victim's arms or chest. These tests are graphically told in an authentic film that the Oakland county sheriff's department is happy to show to any group in Oakland county.

Every adult should learn this life-saving technique, he insists, particularly now as people head for vacations near the thousands of Michigan lakes.

When a person cannot breathe for himself because of an electric shock, drowning or asphyxiation, you may preserve a life if you take the following steps:

1. Do not delay to summon a doctor or aid, transport the victim or give secondary first aid.
2. Tilt the head back with the victim on his back, his neck fully extended.
3. Elevate victim's jaw into a jutting out position by inserting your thumb between the teeth, grasping the lower jaw and lifting it forcefully upward.
4. If the air passage is not yet cleared, clear it at once with several sharp blows between the shoulder blades.
5. Open your mouth wide and cover the victim's mouth completely by placing your mouth over his with airtight contact, also closing the victim's nose by pinching it between thumb and finger.
6. Blow air into the victim's lungs until you see the chest rise (less forcefully for children); remove your mouth and let him exhale. If the chest

does not rise, check steps above.

7. Repeat step No. 6 approximately 12 times a minute until the victim revives. (20 times a minute for children.)

Other tips to know when using rescue breathing are:

— If possible, cover an infant's nose AND mouth with your mouth.

— Place a handkerchief over the mouth of a stranger or persons suspected of being ill before breathing into his mouth (air will pass through the handkerchief).

— Breathe deeper than normally before blowing air into the victim's mouth.

— Water may be removed from a victim by holding him upside down.

Wallet-size cards giving each of the above steps of rescue breathing may be picked up at the Novi police department.

Ways to Increase Your Home's Storage Capacity

EXTRA STORAGE SPACE is provided by the handsome utility column in this kitchen and dining room area. Right side of column serves as entrance closet for clothes. Wall with flush mounted clock faces living room, dramatizing rich grain pattern of plywood paneling, used throughout area.

FACING DINING AREA, the paneled column presents a bar with storage facilities below. Touch latch doors and bar shelf are composed of 3/4 inch Duraply.

WELL-PLANNED CABINET of fir fits perfectly into its surroundings. The upper portion holds books or bric-a-brac, while the lower section houses radio-phonograph, speaker and recording gear. Lumber from western pine area lends itself well to such units.

Useful Built-Ins Create Extra Storage Space

"Everybody's got problems," as they say, but for the homeowner there is one that is likely to stand out and that is the problem of storage space. Whether your home is old or new, big or small, you still undoubtedly face the question of where to put what. In many new homes there is neither attic nor basement, and in older roomier houses the lack is in convenient storage space.

One thing that will help out a lot is to create built-ins appropriate to various rooms in your home. If you build them of lumber they can be given a wood stain to lend a note of warmth, painted to match an existing decor, topped with a clear finish to bring out the natural beauty of the wood, or dramatized with a pigmented brush-on, wipe-off finish that will lend color but still allow the natural characteristics of the wood to show through.

What wood to choose is always a question. Certain species are good for certain jobs. Pine is reasonably priced and you might try the very light Idaho white pine or the slightly darker ponderosa, lodgepole or sugar pine. For a still darker, reddish tone you can buy incense cedar or inland red cedar. The former has a pleasant fragrance that makes it particularly nice for built-ins designed for clothing.

The kitchen is a spot where many homeowners begin to improve their storage facilities with below-counter cabinets, cupboards, closets and open shelving. Give thought to special spots for equipment such as blender, mixer, coffee maker and the like, and plan your cabinets so that heavy or frequently used items are easy to get at.

Bedrooms offer hidden opportunities for storage. If you have an old house your closets may be big enough for shallow drawers to go at the sides or back. You can build these of lumber painted a bright shade to match or contrast with the

closet's interior. Be sure you have a good over-head light though, or you'll have trouble finding things

Storage walls also do yeoman's duty in a bedroom and especially in a child's room where toys can be thrown into cupboards and drawers that blanket a wall. A wardrobe-type closet with shelves and drawers can help teach a youngster to keep things neat, and give some thought to building a desk into the wall unit.

Bathrooms are another likely spot for built-ins. Even in limited space you can usually box in the area under your basin and this will give you a spot to store towels, soap, tissue and brushes and cleanser. Perhaps you can also put cabinets overhead. This is a good spot for medicines since children will be less likely to get at them there, but don't set the cabinets so high that an adult will have trouble reaching them.

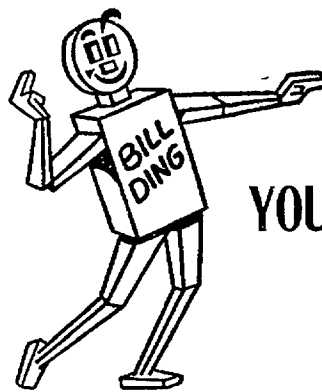

BASEBOARD PAINTING

Avoid painting the floor along with the baseboard, by using a small strip of thin cardboard as a shield. Move the shield along the floor, following the brush as it moves along the baseboard. Spillage will be caught by the cardboard, not the floor.

SAVE MOLDINGS

Pry off moldings with the wide blade of a stiff putty knife. In this way, avoid ugly gouges or cracking the molding which result from the use of narrow tools such as a screwdriver.

Shellac keeps better in glass jars, rather than in cans. It should, however, be discarded after 6 months.

A SPECIAL PROGRAM for youngsters is scheduled at Walled Lake Amusement park for Saturday. "Johnny Ginger", star of WXYZ-TV children's programs, will appear at the park in person to entertain visitors at 2 p.m. His show will be presented on stage in the Roller Rink. There is no admission charge. Following the show, youngsters will enjoy exciting rides on the Rocket, Flying Scooter, Scrambler, Junior Turnpike and many other amusements at special bargain rates, another feature of "Johnny Ginger Day".

NEWS FROM THE AMERICAN LEGION

Bob Collacott — Reporter
POST 147

Tuesday, June 14 Commander Howard Wright presented three life memberships in behalf of the Lloyd H. Green Post 147 of Northville. These were presented to George Simmons, Ray Altenberg and Oscar Hammond for their years of faithful service to this post and the American Legion.

After the presentation the regular meeting was held. At this meeting we held election of officers for the 1960-61 year. The officers elected are as follows: John Steimel, commander; Dave McElravy, senior vice commander; Bob Collacott, Jr., vice commander; Al Marsnick, finance officer; Mabel Cooley, chaplain; Paul Palmer, sgt.-at-arms; and Ruth Knapp, historian.

Sunday at 4 p.m. these newly-elected officers will be installed by the 17th District Ritual Team. At the same time the members of the auxiliary coming into office will be installed. Refreshments will be served after the installations. All Legionnaires are urged to attend. Children are welcome and the public is invited.

The Legion has in the making a homecoming, planned for the month of August, and the people will hear more of this and its plans in the near future.

This past week the annual Boys' State was held at the Michigan State campus. Nineteen boys from Northville were there to participate in democracy in action. Buz Snow, post and 17th district chairman of Boys' State, and Howard Wright, post commander, were on hand to watch the boys participate in the various activities.

The boys who attended Boys' State were honored by several guest speakers. Among those speaking were Governor Williams, Duffy Daugherty, Rev. Bob Richards of Salem, Democratic Chairman of Michigan Neil Stabler and Republican Party Michigan Chairman Lawrence B. Lindemer. This marks the first time that the two party chairmen have addressed Boys' State.

In total there were 1049 boys attending Boys' State, the largest group in its history.

NORTHVILLE LODGE

Second Monday of each month
Leo E. Patterson, W.M.
R. F. Coolman, Secretary

RECEIVES EAGLES — Harry B. Smith (center) of 355 Orchard drive, recently received his eagles, symbolic of his promotion to the rank of colonel in the Army Reserve. As Colonel Smith reads over the citation, Captain Jesse Newhouse (left) and Major Edward Bronner (right), Army Reserve Unit Advisors, pin on the eagles. Colonel Smith is the commanding officer of the 309th Civil Affairs group. He will lead his unit through two weeks of intensive summer training at Camp McCoy, Wisconsin starting June 26th. Active locally as an educator and as a member of many civic groups, Colonel Smith spends one week-end each month leading his Army Reserve unit in training at the Army Reserve Center, 285 Piquette, in Detroit. Colonel Smith's unit would have the job of supervising the government of an area occupied during war.

NOTICE OF REGISTRATION

TOWNSHIP OF NOVI
Oakland County, Michigan

A special election having been called to be held in all the voting precincts in the County of Oakland, State of Michigan, on the 2nd day of August, 1960;

Universal availability of the healing and saving power of the Christ, Truth, will be a theme dealt with at Christian Science services Sunday.

The account of Christ Jesus' healing of the woman "which had a spirit of infirmity 18 years, and was bowed together, and could in no wise lift up herself" (Luke 13) will be included in the Bible readings. "Christian Science" will be the subject of the Lesson-Sermon.

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (495:2): "Truth casts out error now as surely as it did 19 centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

The universal nature of divine power is also brought out in the Golden Text to be read from Isaiah (52:10): "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God."

MARINES NEED MEN With Scientific Knowledge

Area Marine Corps recruiters report that there are many openings for technically trained and scientifically inclined men — but these candidates must first become combat marines.

Every marine goes through three months of recruit training and four weeks of individual combat training. The latter is a concentrated dose of squad tactics in which the recruit learns to fight in the four-member fire teams of an infantry squad.

After this basic training — then comes service school or a duty assignment.

A high school graduate can enlist for three years, but the majority of recruits are required to sign up for four years. Exceptional enlisted men may be sent to the navy scientific educational program, with provisions also that promising men may be put through college at government expense.

Interested young men are asked to contact the local recruiter at the Northville American Legion hall on Fridays, 12 to 8 p.m.

Methodists Set Date For Church School

The date for the vacation church school of the Methodist church has been set for August 1 through 6, from 9 to 11:30 a.m. Mrs. Donald Hannabarger, director of the church school, leads this year's theme, "The Church", which should be of interest to all denominations.

Northville Teacher Wins U-M Fellowship

Michael Abbott, junior high school social studies teacher here, has been awarded a \$500 fellowship to study this summer at the University of Michigan.

The fellowship, a special program for English teachers, was awarded to Abbott by the American Council of Learned Societies.

GOD'S DESIRE

God's desire is for you to give your life to Him. You cannot do this within yourself in a subjective way alone. That is the reason it is necessary for Christ to appear the second time without sin unto salvation (Heb. 9:28) in a many-membered body here and now, so that you can lose your life, which includes your subjective experience of surrender to God, in that reality.

Without such reality all we can do is give up to God in the understanding of our own mind, which leaves us in the realm where every man's way seems right in his own eyes. This is the condition that has produced the religious Babylon of today.

The tombs of death are filled with the cries of the multitude of religious maniacs who are chained therein. They are bound by their dead doctrines and their lifeless forms and ceremonies. Nothing will liberate them but the reality of the many-membered body of Christ as a literal fact. There must be an objective reality in order for men to truly give up their lives to God.

This means that those who are called and chosen to be a part of this objective reality must give up their lives to each other. You cannot give up your life to God without giving it up to your brother in the reality of the birth of the many-membered body of Christ. You must be willing to lose your life in that reality, which means that you must be willing to please the other members of the body rather than yourself. No member of the Body of Christ is going to be ashamed of the way another member of that Body lives.

This is true in regard to your whole life, the way you think, the places you visit, the job you work at, the people with whom you associate, your eating and drinking. You must give all

of your life to the other members of the Body of Christ. This is the only way you can truly be in harmony with the scripture that reads, "Whether ye eat or drink or whatsoever ye do, do all to the glory of God."

In other words it is not enough for you to think that you are doing this in a subjective way alone. Even though you profess to have the witness of the Spirit that such is true still there must be the objective reality of Full Salvation Union produced in earth in order to prove your profession.

This does not mean that we are to come under bondage to the opinions or whims of each other — no member of the Body of Christ will be under bondage to another member of that Body. But it means that we must give ourselves to each other in such a real way that out of such surrender will be born the very mind of God in which all of the members of that Body will be united.

The recognition of the mind of God as it is born will be spontaneous on the part of every member of that Body. It will be self-evident truth. No one will have to strain or come under the bondage of effort to harmonize with that which they do not truly see and understand. It is simply a matter of "He that is of God hearing God's words." If you do not hear God's words, if you do not spontaneously see and harmonize with the mind of God as it is revealed in the birth of that which results from each member of that Body giving themselves to every other member of that Body then you are simply not one of those stones that slips together without the sound of a hammer. (1st Kings 6:7) Somewhere along your Christian journey of development you have failed to qualify for a place in Christ's Kingdom.

1960 CONFIRMATION CLASS — Eleven children, six boys and five girls, were members of St. Paul's Lutheran church confirmation class this year. They are shown above with the Reverend B. J. Pankow, pastor of the church. Left to right, standing, are: William Taylor, Kenneth Hellwege, Lynn Baughman, Pastor Pankow, Walter Whitrick and Norman Balko; (seated): Danny Larkin, Gail Fiene, Judith Hellwege, Sandra Geroy, Mary Marz and Dorothy Budd.

To Attend Principals' Meeting

Lansing — E. V. Ellison, principal, Northville high school, will attend a "Chewing Match" sponsored by the Michigan Association of Secondary School Principals (MASSP) at Higgins lake, June 27-29.

A department of the Michigan Education association, the MASSP has a membership of more than 700 principals throughout the state.

Keynote speaker at the meeting will be Eugene S. Thomas, principal, Central high school, Kalamazoo, and a member of the executive committee of the National Association of Secondary School Principals, a department of the National Education association.

Major topics for discussion will include administrative policies, extracurricular activities, guidance, testing, personnel services, and many other problems concerning the operation of schools.

Officers of the MASSP are: Gene D. Maybee, Ann Arbor, president;

Harold E. Jones, Mt. Clemens, first vice president; C. Lester Luce, Niles, second vice president; W. Earl Holman, Jackson, past president, and Roland J. Lecker, Ann Arbor, executive secretary.

Michigan Education association representative to the MASSP is Gerald N. Simmons, director of higher education.

David DeJohn Receives Degree at Hillsdale

At the recent commencement exercises held on the campus of Hillsdale college, David E. DeJohn, son of Mr. and Mrs. Joseph C. DeJohn of 9760 Seven Mile road, received a bachelor of science degree.

DeJohn, while at Hillsdale, served as president of his fraternity, Delta Tau Delta; was president of his freshman and sophomore classes, and was a member of the Biology club.
