Suit to Test Special Assessment

Council Won't Budge On Improvement Bill

Special assessments have a habit of landing the city of Northville in court.

And by approving a special assessment roll Monday night to install street improvements bordering on eight privately owned lots on Novi street the council definitely invited new court action.

At Monday night's public hearing Attorney James Littell represented the owners of the eight lots facing special assessment, Mr. and Mrs. Donald P. Yerkes.

He told the council flatly that if the roll was confirmed, his client would take the city to court.

Littell had some convincing arguments on his side, but the council steadfastly maintained that the assessment was fair and equitable, and therefore refused any suggestion of compromise.

(Currently, the city has been informed that it will soon face court action from property owners along the Eight Mile road cut-off protesting sidewalk assessments).

The matter of equity did not enter into Littell's arguments. He even hinted that the assessment was fair, but definitely unlawful.

Littell turned to the city charter to prove his point. Quoting from chapter 11 pertaining to special assessments, paragraph D, he read: "No public improvement to be financed in whole or part by special assessment shall be made before the confirmation of the special assessment roll for such improvement".

The Yerkes' special assessment is complicated by the fact that it was proposed in conjunction with a contract between the city and the D & R Building Company, developers of Yerkes Estates subdivision. The company purchased acreage for their subdivision from Yerkes, but the latter retained eight lots directly across Novi street from the new development.

The city is special assessing the development company by contract — the company pays for half the entire cost — while Yerkes is being assessed for 80 per cent of the remaining half with the city paying 20 per cent from general funds.

The improvements include paving, curb and gutter, storm and sanitary sewers and water.

Total cost to Yerkes is estimated at \$9,800.

While the paving has not yet been undertaken, all other improvements were made last summer.

Herein lies the basis for the legal argument. Attorney Littell maintains that the city cannot special assess Yerkes for the improvements already installed (as cited in the charter) because the assessment roll was not confirmed until Monday night.

He admitted that the city might properly assess for the paving, which amounts to about one-fourth the cost of the entire project.

But Littell concluded he would even challenge this right if the city confirmed the roll and accepted his court challenge. Littell expressed doubt that the city could handle the project by contract on one side of the street and special assessment on the other.

City Attorney Philip Ogilvie informed the council that Littell had a "strong argument". But in defense of the city's position he took the stand that the improvement project was "all one job" — therefore it had not been completed before the roll confirmation.

Littell would have none of this argument. He maintained that the city's official minutes specifically referred to the various phases of the street improvements in the plural.

Littell approached the pleading stage in his appeal to the city. He urged councilmen not to confirm the roll and hinted that a compromise could be reached.

But the council members remained firm to a man. Their position was that the assessment was fair, and that while Littell may have found a legal mistake in their procedure, it did not give them the right to compromise with taxpayers' money.

Yerkes told the council he thought the assessment was unfair. "It seems to me the assessment was formed just for me," he stated. Yerkes pointed to other streets where the entire paving had been paid wholly by the subdivider.

In the case of Yerkes, the council applied an 80 per cent of half assessment because the property is in the old city limits and had been on the tax roll for many years.

Mayor A. M. Allen pointed out that paving of the street

Mothers Hit Jackpot In March

Community residents opened their homes and hearts to 80 March of Dimes mothers Sunday afternoon to the tune of \$1,174.25, an increase of \$80.47 over last year's collection.

The door-to-door Mothers' March Sunday — directed by Mrs. Eugene Reynders — climaxed a month-long fund raising effort. Mrs. Wayne Mc Bride has piloted March of Dimes activities here.

From 2-4 p.m. teams of mothers from the 80-member squad of volunteers called on residents in their appointed districts. Their plea — "Please Say Yes to the March of Dimes", this year's campaign slogan.

Assisting Mrs. Reynders as individual team captains were Mrs. Richard Ambler, Mrs. Edward Angove, Mrs. H. Lorne Dyer, Mrs. Marshall Huff, Mrs. Gordon McKinney, Mrs. Lloyd Phillips, Mrs. Donald Robinson, Mrs. Kenneth Shrewsbury, Mrs. Alfred Smith, Jr. and Mrs. Ralph VanSickle.

Mrs. Fred Russell, March of Dimes treasurer, said families not called on Sunday may send their donations to her in care of Box 65, Northville.

SHE SAID YES — Mrs. Earl Chappell, 816 North Center street (left), did her part for the March of Dimes Sunday afternoon when Mrs. Dawn Breen, accompanied by her daughter, Marie, called on her during the annual Mothers' March that netted \$1,174.25 this year.

Record is Tops!

The Northville Record has been awarded first place in the annual Michigan Press Association general excellence contest for weekly newspapers throughout the state. The announcement was made at the 93rd annual convention of the association held last weekend in East Lansing.

It marks the second time in the past five years The Record has topped top honors in its circulation class. Two other years during the same period The Record was judged second best.

The contest is open to some 300 weekly newspapers throughout the state and is divided into five classifications depending upon circulation.

Winners in the other four categories were The Grosse Pointe News, Lapeer County Press, Clio Messenger and Dexter Leader. The Tecumseh Herald and Chelsea Standard finished second and third behind The Record.

Teachers' Pay Study Continues

Teachers' salaries stood front and center again Tuesday night when the school board convened at a special meeting in the board of education offices.

Board members were still sparring with pay recommendations they hope to have ready by March 1. They'll pass on their proposals to Superintendent Russell Amerman for consideration in the budget he's currently drawing for the coming school year.

The board took no formal action Tuesday. Discussion centered on an incentive salary schedule as compared to a flat rate pay system. At present Northville schools pay teachers on a flat rate basis with \$200 a year increments. There is a salary differential for teachers with masters' degrees.

Winners are selected on the basis of make-up of the newspaper, coverage and general story content, use of pictures and completeness of departments, i.e. sports, women's, editorial.

Seek Ballot On Hospital Authority Act

Mayor A. M. Allen will ask Northville city council members next Monday night to consider a proposed resolution calling for an April election to form an area hospital authority.

The decision to act promptly on the measure was reached last Friday evening at a Northville meeting of area community representatives.

The hospital authority proposal has been considered seriously for the past year at sessions that have been attended by representatives of some 14 area communities.

Last Friday only five communities were represented, but they voted unanimously to request their respective governing bodies to call for an April authority ballot.

The five communities that have indicated immediate interest are Novi, Milford township, Farmington township and Northville city and township.

South Lyon has indicated it will join the group if "at least four or five other communities are interested."

The proposed resolution stipulates that an authority hospital will be open to both medical doctors and doctors of osteopathy. Deadline for placing the issue of the ballot is February 13.

The possibility of the exclusion of DO's had been the objection by several communities in

The newspapers were judged by the secretary of the Georgia Press association and the head of the journalism department of Georgia State college.

the past. Thus the resolution was drafted to cover the matter. Mayor Allen, who has been heading the authority organizational program, emphasized that there was no connection between the proposed authority and Community General hospital.

"It will be up to the authority directors, when and if an authority is formed, to determine whether or not Community General hospital should be taken over", Allen stated.

Presumably, the plan of the proposed authority would be to build a new, minimum 100-bed hospital to serve the member area.

Communities that have shown interest in the past include the townships of Commerce, Farmington, Lyon, Milford, Novi, Northville and Salem; the cities of Livonia, Farmington, Northville, South Lyon, Walled Lake, Wixom and Plymouth; and the village of Novi.

The state hospital authority act permits establishment of an authority by two or more cities, townships or incorporated villages. Formation requires that voters of the governmental areas involved must approve a tax levy not to exceed 4-10ths of a mill annually.

The Novi Township Board will discuss the hospital millage proposal on the April ballot at their regular monthly meeting at 7:30 p.m. Monday in the township offices.

Library Committee Picks Yerkes

The eight-member committee appointed to study the needs, operation and finances of the Northville library elected officers at its first meeting Tuesday night.

Edmund Yerkes was named chairman, while Kenneth Shrewsbury was elected vice-chairman and Elizabeth Beard secretary.

City Manager John Robertson and Township Supervisor George Clark briefed the committee on the viewpoints held by the governing bodies they represent. The charge to study the library set-up came from the city council and township board.

The committee decided to meet monthly at the city hall. Their next meeting is slated February 28.

Fire Halts Record Presses

Fire broke out in The Record newspaper press room at 3:00 a.m. Tuesday morning damaging thousands of partially printed February 2nd edition newspapers and nearby press equipment.

A pressman on night duty was unable to extinguish the fire that started when a flame used to eliminate static from the newsprint burned the paper.

Flames rose up the back wall of the press room quickly burning spare rubber press rollers and burning in-

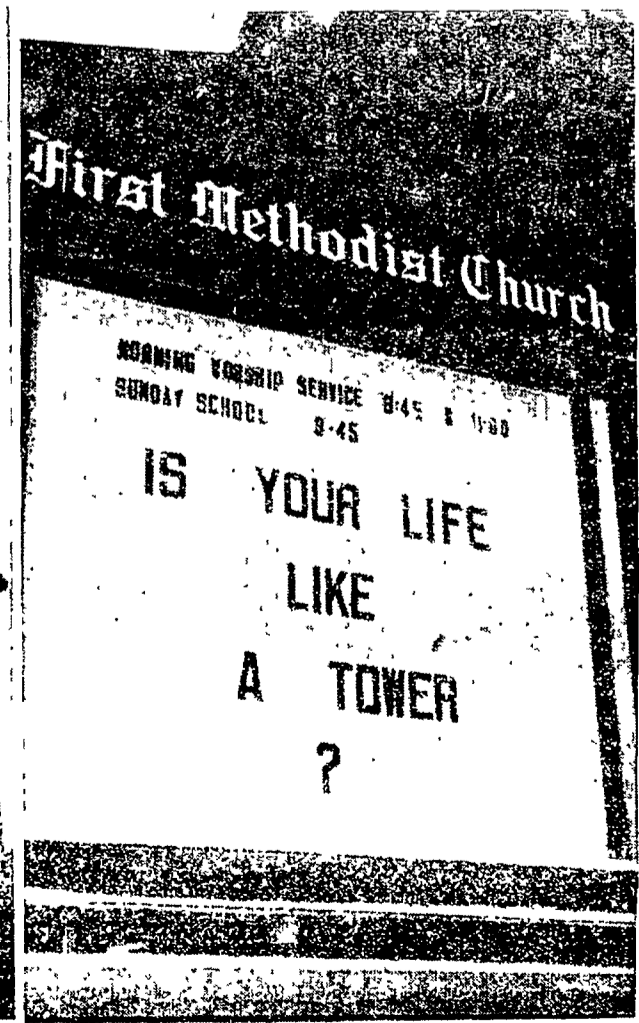

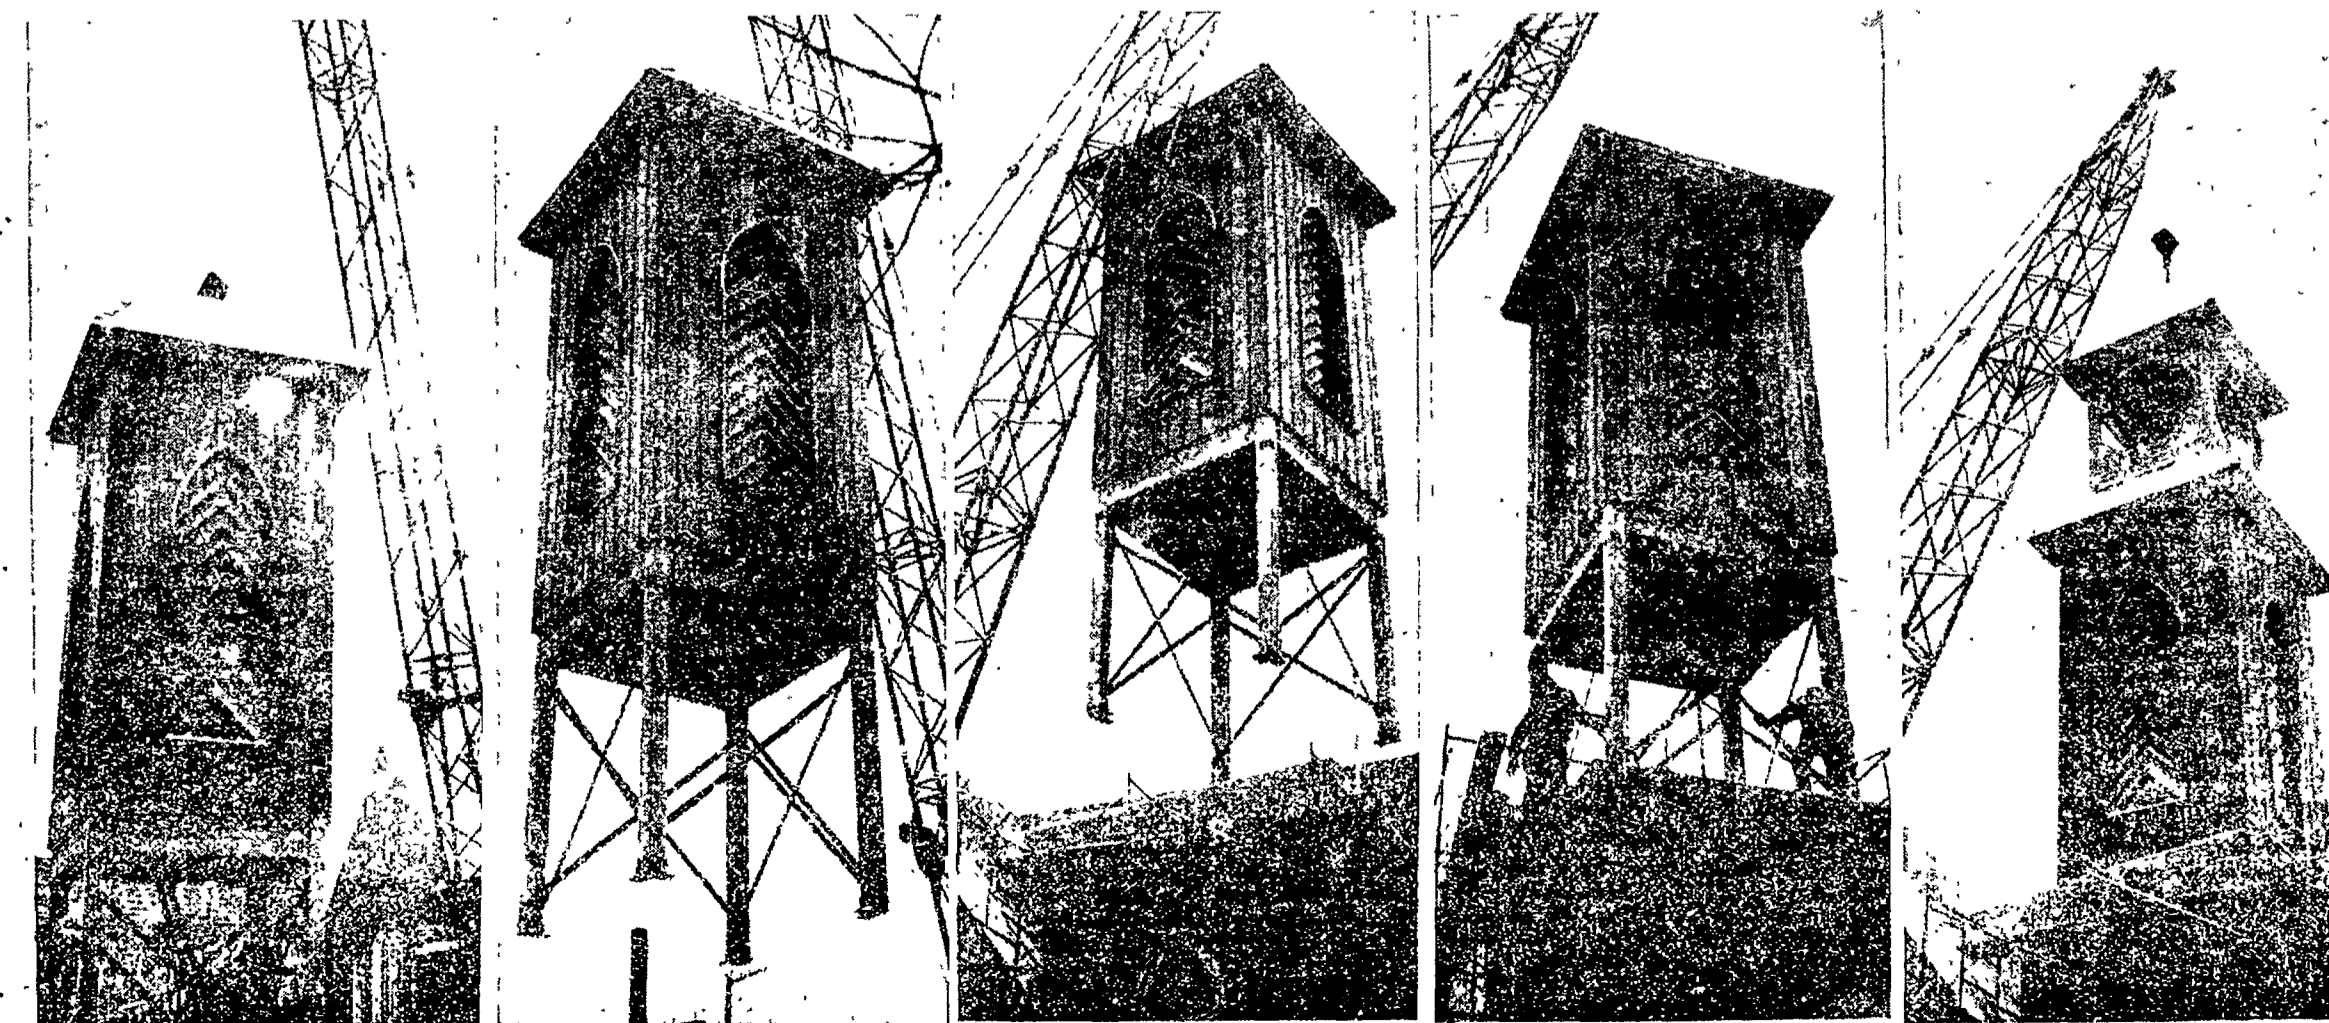

to the ceiling of the second floor.

Firemen brought the blaze under control quickly after arriving on the scene but heavy smoke and water caused additional damage to the interior and paper stock stored in the floor below the pressroom.

Although behind regular schedules, The Record published late Wednesday. Cooperation of the Farmington Enterprise in handling one press run enabled the newspaper to meet Thursday deliveries.

White-Heslip, Wicke-Kearney Say Vows at OLV

White-Heslip

At an eleven o'clock ceremony Saturday morning, January 28, Judith White, daughter of Mr. and Mrs. J. F. White of Secley road, became the bride of William Heslip in Our Lady of Victory church.

The Rev. Fr. John Wittstock officiated at the double ring nuptials.

Parents of the groom are Mr. and Mrs. Arthur Heslip of Nine Mile road.

The bride, escorted to the altar by her father, wore a white lace ballerina length gown.

Her shoulder length veil was held by a crown accented with pearls. The gown was fashioned with a square neckline and long sleeves. The bride carried a bouquet of white mums centered with white baby orchids.

Mildred Heslip was matron of honor, and the bridesmaids were Brenda Seeley and Marlene Bourgusky. They wore red sheath dresses of organza over taffeta styled with cummerbunds and dress length peplums. They chose complementing accessories and carried white mum bouquets.

Dr. Thomas Heslip was his brother's best man. Pat Heslip, another brother, and Walter White, brother of the bride, ushered guests to their seats.

Mrs. White chose a lilac wool dress, a matching purple velvet hat and black accessories for her daughter's wedding. White carnations formed her corsage.

Mrs. Heslip was attired in a ing hat. She wore black accentoast colored wool dress with a sories and a white carnation matching satin petal hat and corsage.

beige accessories. She wore a Mr. and Mrs. White received white carnation corsage with about 130 guests at their home for a breakfast following the ceremony.

Both of the newlyweds were graduated from Northville high school. Mrs. Heslip is employed at Burroughs in Plymouth, and Mr. Heslip is self-employed.

They traveled to Ohio and Indiana on their wedding trip.

Wicke-Kearney

An altar framed in white gladioli and chrysanthemums provided the setting Saturday, January 21, for the double ring nuptials of Clarice Helen Wicke and Philip Kearney at Our Lady of Victory church.

The Reverend Father John Wittstock officiated at the Nuptial Mass solemnizing the exchange of marriage vows.

Mr. and Mrs. August Wicke of 120 Fairbrook are parents of the bride. The groom is the son of Mrs. Robert Winkelman of Wayne and Mr. Joseph Kearney of Janesville, Wisconsin.

Music accompanying the Mass was sung by Mary Wetterson.

Mr. Wicke escorted his daughter to the altar. The bride wore a floor length gown of Italian silk and imported alencon lace, the same dress in which her sister, Mrs. Bernard Bock, was married. The bride's fingertip veil fell from a crown of pearls. She wore a silver necklace with a pearl — a gift from the bridegroom — and carried a bouquet of white roses and chrysanthemums.

Serving the bride as maid of honor was the groom's sister, Mary Ellen Hollis. She was attired in a mint green ballerina length dress fashioned with silk organza and lace. Her headpiece was a matching tulle hat, and she carried a bouquet of yellow roses and chrysanthemums.

Patrick Nolan of Plymouth was the best man. Thomas Wicke, the bride's brother, ushered guests.

For her daughter's wedding Mrs. Wicke chose a beige dress with complementing gold accessories. Yellow roses and mums formed her corsage.

The groom's mother, confined by illness to a Wayne hosp-

ital, was visited by the wedding party following the ceremony.

Some 100 guests joined the newly wed couple for a dinner in the church hall. They came from Detroit, Mt. Clemens, Grosse Pointe, East Detroit, Northville, Wixom, Plymouth, Inkster, Farmington, Ann Arbor, Columbia, Missouri, Washington, D.C., and Janesville, Wisconsin.

The triple tiered wedding cake was made by the bride's aunt, Mrs. A. Perreman of Detroit.

Mr. and Mrs. Wicke opened their home to guests during the day.

For their wedding trip through Northern Michigan and Wisconsin, the new Mrs. Kearney chose a white wool dress.

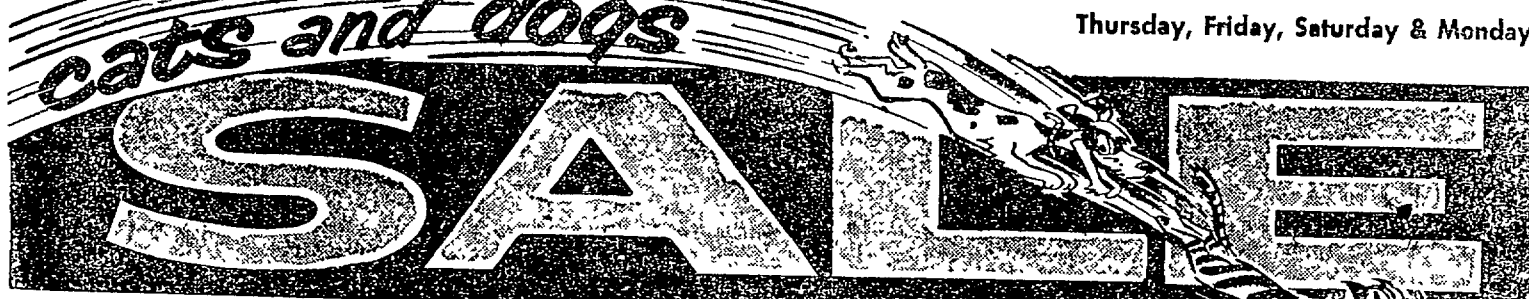

A graduate of the 1960 class at Ladywood school in Livonia, the bride is employed by Burroughs. Mr. Kearney was graduated from Northville high school in 1954 and is a member of the Ann Arbor police force.

The couple will live on East Seven Mile road in Livonia.

Add 13 More Colleges To AAUW Membership

Thirteen colleges and universities have been added to the list of institutions meeting requirements for membership in the American Association of University Women (AAUW), it was announced this week by Mrs. B. William Secord, membership chairman of the Northville-Plymouth branch. All graduates of these schools are now eligible for membership in the association.

New institutions added to the list by vote of the AAUW board of directors on recommendation of the association's Committee on Higher Education are — Adrian college, Adrian, Michigan; Concordia college, Moorhead, Minnesota; Hardin-Simmons university, Abilene, Texas; Howard Payne college, Brownwood, Texas; Louisiana Polytechnic institute, Ruston, Louisiana, and Our Lady of Cincinnati college, Cincinnati, Ohio.

Also Paterson State college, Paterson, New Jersey; St. Louis university, St. Louis, Missouri; Shepherd college, Shepherdstown, West Virginia; New York State College of Education, New Paltz, New York; New York State College of Education, Plattsburgh, New York; and Stephen F. Austin State college, Nacogdoches, Texas.

The addition of these schools brings the AAUW list to 469 colleges and universities whose women graduates are eligible

for membership. To be cited for AAUW membership, an institution must maintain high academic standards and a substantial orientation to and foundation in the liberal arts, extend professional recognition to women on faculties and in administration make adequate provision for women students and maintain academic freedom.

"Membership in the organization," said Mrs. Secord, "provides an opportunity to join with other women college graduates in a practical, constructive contribution to the functioning of democracy."

The AAUW has over 145,000 members in 1,470 branches located in the 50 states, the District of Columbia and Guam.

The Northville - Plymouth branch offers members a study-action program covering the fields of higher education, elementary and secondary education, international relations, social and economic issues, status of women, mass media and the supports a legislative program, voted by delegates at its biennial conventions, and members participate in the fellowships program that awards some 70 fellowships each year to women scholars for advanced study.

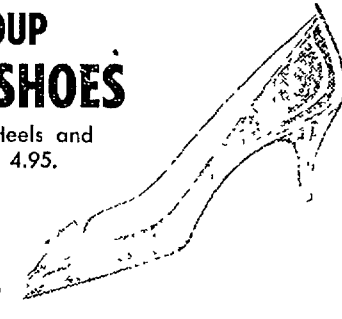

Women college graduates interested in the AAUW program may call Mrs. John Hopkins (GL 3-5558) for information about membership.

FIX UP HOUSE — Edward and Ruby Eberhart did a facelift on their new home at 116 South Rogers before moving in with their children, David (lt.), Jonathan (rt.) and Carol, sitting on Mom's lap.

Edward Eberhart and his wife Ruby didn't get in much picnicking or swimming with their family last summer. They may have longed for a few more lazy afternoons spent peering at people splashed beaches from the shade of a big tree's canopy of branches — but that wasn't to be.

Instead, the Eberharts armed themselves with paint brushes, buckets, scrapers and whatever else they could muster for their summer-long project — redecorating a house.

In September, with the interior face lifting well on its way,

the Eberharts and their three youngsters moved into the home at 116 South Rogers.

"It was a big job and there's still lots more to do," observed Mrs. Eberhart.

"We did it on our own," the housewife explained, adding that it was the first time she and her husband had ever elected such a project.

After leaving Battle Creek, the newcomers had lived on the grounds of the Full Salvation Union at 51630 West Eight Mile road. Mrs. Eberhart, long associated with the Full Salvation Union faith, is the pianist for the congregation here. When

the family lived in Kalamazoo, she was a linotype operator for the church paper.

The man of the house is employed at the Wixom Lincoln plant. He's an avid drawer and cartoonist who gets a big kick out of working out ideas for children's toys on paper, says his wife.

Edward and Ruby Eberhart have three children, Carol, almost two years old, stays home with Mom, while David, 12, and Jonathan, 9, are at school. The boys don't mind the recent cold spell; they like to ice skate and ski, says Mrs. Eberhart.

Symphony Wows Packed House With Percussion-Flavored Music

A capacity audience packed the Plymouth high school auditorium Sunday afternoon to hear a percussion-flavored concert by the Plymouth Symphony orchestra, under the baton of Conductor Wayne Dunlap.

Also participating in the program was the Junior Symphony, led by Bettie Norman, and a 250-member choir made up of fifth and sixth graders from the community elementary schools. Maude Laury, Bettie Norman

and Susan Emmett trained the school choir.

The white-bloused children sang five Hungarian folk songs. The second one — "The Shepherd's Song" — was soft and singularly serious.

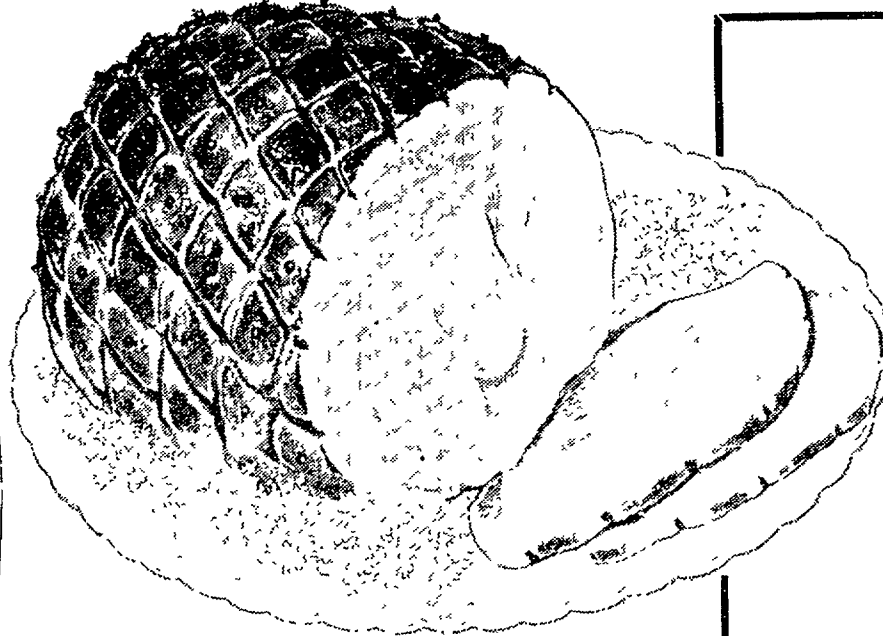

The music began innocently enough, later swelling to bombastic sensations. A gay, circus-like march by Bigelow, a portion of Haydn's "Military" Symphony 100 and Kodaly's "Venezian Musical Clock" opened the program. The orchestra's sounds

gathered strangeness in the deep, pleasing "The Little Train of the Brazilian Countryman" by Villa-Lobos.

Henry Austin, faculty member of the University of Michigan Speech department, narrated Ward's story of "Jonathan and the Gingersnare", an enchanting tale about a lonesome boy searching the woods for drums and bringing home living drums and other instruments. Austin assumed various voices with great success, the instru-

ments spoke their loudest and thunderous applause brought Austin to his feet time and time again.

A series of revolver shots (blanks) exploded at the rear of the orchestra to heighten the dramatic effect of "The Hunt Polka" by Johann Strauss. Cannon-like blasts shook the hall when, for their final selection, the musicians depicted the wild chaos of the Battle of Borodino in Tchaikovsky's "1812 Overture".

GOLDEN ANNIVERSARY — In observance of the 50th wedding anniversary of Mr. and Mrs. Frank Pennell, 310 North Wixom road, Wixom, their sons and daughters will entertain at an open house Sunday, February 12, from 3-8 p.m., at the Walled Lake Methodist church chapel basement, 313 Northport street. The Pennells were married February 14, 1911 in Farmington. They have 16 grandchildren and two great-grandchildren.

Ladies Have Their Night

Final plans are being set for one of the big events of the year in this area — the annual Ladies Night sponsored by the Novi Board of Commerce.

The shbang is scheduled for Saturday, Feb. 11 in the Community Building. Dinner starts at 7 p.m. and some good old-fashioned square dancing at 8:30 p.m. Tickets are priced at \$2.75.

Dirk Trafalian is chairman of the event.

At tonight's regular meeting of the Board, Trafalian will discuss income tax problems for individuals and businessmen. The meeting starts at 8 p.m. in the Community Building.

Extension Agent Comes to Wixom

Wayne County Extension Agent, Mrs. Caroline Schrock, will be in Wixom tomorrow to demonstrate the master pattern and its variations to the members of the Wixom Extension.

Mrs. Schrock will be at the home of Mrs. Berle Dean, 415 Wixom Road, at 10 a.m.

On Feb. 23, all extension groups will meet at the Williams Lake Lutheran Church to learn how to make fish gardens.

The members engraved aluminum metal trays at their Jan. 31 meeting at the home of Mrs. Erwin Welfare, 46841 Pontiac Trail.

So everybody is urged to help by offering their blood on the 16th and at the PTA meeting on Feb. 7th. There will be a representative from the Red Cross at the meeting to explain the blood bank. Save a life donate your blood.

Suspicious Women Plan Looking GOP Club

A group of Republican women plan to lay the groundwork Tuesday afternoon for a Republican woman's club that will welcome members from the 36-square-mile area encompassed by Novi township.

Named the Republican Woman's Organization of Novi Township, the women will meet at 1 p.m. in the home of Mrs. George Merwin, 43461 Cottisford, to discuss objectives, policies and ethics of their group in relation to the party's Oakland county organization.

At that time they'll host three representatives from county headquarters — John Gibbs, executive secretary; Mrs. Joseph Hainline, vice president for the Oakland County Council of Women's Clubs, and William Durkee, field coordinator.

According to Mrs. Merwin, wife of a county committee man, many of the women comprising the new club's nucleus were anxious to found a local organization after their work on the national convention.

She said the group hopes to strengthen the interest and effectiveness of area Republican women in party politics.

Any women interested in attending the meeting may contact Mrs. Merwin at FI 9-1469.

LEGAL NOTICE RECORD STATE OF MICHIGAN County of Wayne

Girl Scouts Host Parents at Dinner

Girl Scouts of Troop 223 entertained their parents earlier this month at a potluck supper in the Our Lady of Victory social hall.

An opening speech by Vicky Robinson preceded Bonnie Phillip's welcome to Mrs. Fred Hart, last year's troop leader who is resuming her work with the scouts after an absence of several months.

The girls thanked Mrs. Robert Yoder and Mrs. Richard Kay for the leadership they provided during Mrs. Hart's absence.

Mrs. Frank Pauli, Jr. has been named new co-leader.

Officer Attending School

Huston Butler, of the Northville Police Department, is among 17 select officers from Michigan and Illinois presently participating in a Basic Police Training Course at Michigan State University.

Butler has been on the force since last March. He is married and the father of three children.

The four week course, which ends Feb. 17, is designed to acquaint young officers with the basic elements of the police profession, covering some 20 subjects in 160 class hours.

The officers are taught by a staff of experts from the MSU faculty, the FBI, the Michigan State Police and various municipal departments.

Nearly 900 officers have participated in the program since its initiation in 1951.

NOTICE OF PUBLIC HEARING MONDAY, FEBRUARY 6, 1961, AT 8:00 P.M. CITY HALL, NORTHVILLE, MICHIGAN

The Council for the City of Northville did, on October 17, 1960, adopt a Resolution calling for the holding of a Public Hearing on Monday, November 21, 1960, for the purpose of considering the vacating of that part of West Street in the City of Northville, which lay between the south line of West Main Street right of way and the north line of West Cady Street right of way. Notice of the holding of this Public Hearing was published in the Northville Record. Said Public Hearing was held November 21, 1960, and was then adjourned to January 16, 1961 and February 6, 1961. This notice is given for the purpose of informing interested parties of the fact that the continuation of this Public Hearing will be held at the time and place specified above. The legal effect of this vacating procedure will be to divest the City of Northville of all interest in that portion of the West Street right of way described above and title to same will revert to the adjoining property owner, which is the Northville School District.

No Doubt About It This Time— Mustangs Clip Broncos, 49-47

It took a lot of doing but the Mustangs avenged an opening night defeat last Friday by squeaking past Milford, 49-47, on Way back on Dec. 2, Milford took a 45-44 decision despite a last second "winning" bucket by center Danny Brown. The crowd's shouting had drowned out the referee's whistle signaling a foul by Brown just before his tip-in.

The win boosted Northville into a three way tie for third place with Milford and Clarkston in the Wayne-Oakland League standings. Holly maintained its grip on first by breezing past West Bloomfield while Bloomfield Hills clung to second place with an easy win over Clarkston.

The Mustangs battled the Broncos on even terms throughout much of the first two periods, gaining a scant 28-27 lead at the intermission. They lost this margin, however, in the third period, falling behind by a 37-35 score and setting the stage for the hectic fourth quarter.

With 5:30 remaining in the game, Northville tied the Broncos at 40-40 and built the lead to 45-42 by the 2:37 mark. Forward Steve Juday made good on two charity tosses and the Mustangs had a 47-42 edge with 90 seconds to play. Then Milford picked up steam,

closing the gap and finally tying the score at 47-47 on Ernie Priestly's basket. There were 19 seconds left.

Bell hit for a Mustang basket with six seconds to go and this time there was no whistle ruling it down. Northville had won the game.

In an effort to get more height into the lineup, Coach Dutch VanIngen started Dave Filkins, Brown, Bell, Juday and Dick Bathey. They all came through admirably. Brown pumped in 15 points for game scoring honors while Juday added nine, Bathey, eight, Bell, seven, and Filkins, five. Pacing Milford was guard Tim Kurnick with 12.

Milford outscored Northville from the floor, 18 field goals to 15, but at the foul line where the story of many a game is told, the Mustangs hit for 19 of 29 and the Broncos, 11 of 23.

FINDERS KEEPERS — It may appear that the Mustangs' Craig Bell (43) and Dave Filkins (23) are looking for someone's contact lenses during action in last Friday's game with Milford. But whereas Bell was on the floor in this picture, he was very much up on his toes when he sank a basket with six seconds to go, giving Northville a hard-fought 49-47 win.

Colts Play It Tight, then-Pow!

The Northville junior varsity had 13 and 12 points respectively a little easier time of it Friday night than their bigger brothers as they bested Milford, 56-43.

It was the fifth win for the Colts against Milford last week. Coach VanIngen floored probably his tallest five of the season — Steve Juday, Dick Bathey, Danny Brown, Dave Filkins and Craig Bell, the hero of the game. They will have to cope most probably with two of Brighton's stars, forward Dave Hill and guard Randy Marx. Hill scored 19 and Marx 15 in the last meeting with the Mustangs.

A win for Northville is almost a necessity if they wish to keep alive their claim on second place in the W-O standings. Bloomfield Hills presently leads by a game.

And some action, too, as Northville all but wiped the floor with the Bronco Jayvees. The Colts hit the jackpot for 18 points to Milford's seven. Pacing the fourth quarter activity was center Tom Swiss with eight points. He had 18 in all for game honors. Fine support was given Swiss by guard Tom Daniels who had 15. Bill Folk and Tom Sheffer

Brighton Gunning For Second Upset

Don't be shocked if you see someone checking the hoops tomorrow night in the Northville gym. They'll just be making sure there are no lids on them. Behind all the precautionary measures is the coming of Brighton to town for a tussle with the Mustangs. In their first encounter Dec. 9, Northville players and fans alike could swear that there were lids on the baskets.

The Mustangs hit an astounding 25 per cent of their shots. They scored 22 points in the first three quarters whereas Brighton pumped in 16 in the first period alone.

It was such a cold first quarter for the Mustangs that Coach Dutch VanIngen emptied his bench trying to find someone who could break through the "invisible shield." No luck, however, until the fourth quarter — when it was too late.

The contest ended up, 50-37, with 15 of Northville's points coming in the last quarter. But there is a silver lining. While Northville has shown continual progress, Brighton — defending co-champions — haven't won a game since. They now are co-cellar dwellers with West Bloomfield. And the home court advantage should give Northville eight points before the ball is even thrown up to start the game.

Go Skate!

Ice skating races for those five years to 105 years will be staged at a 12 p.m. Sunday, Feb. 19, at the Mill Pond. The races will be co-sponsored by the Recreation Department and Optimist Club. Stan Johnson is chairman for the Optimists.

THE NUMBER "3" on the ball can very well represent

the number of sports that Dick Bathey participates in at Northville high. Standing 6 foot-1 and weighing around 170 pounds, the 17-year-old junior is an end on the football squad, a forward on the basketball team and a hurdler on the track team. Carrying a B average, Dick is a member of the "N" club and was alderman on the Student Council during his freshman and sophomore years. One of his favorite hobbies is water-skiing. His parents, Mr. and Mrs. Douglas Bathey live at 43905 Six Mile road. His dad owns the Bathey Manufacturing company, Plymouth.

DENTOPEDALOGY

New words are being coined every day in our changing world. Queen Elizabeth's husband coined the word "Dentopedalogy" out of personal and painful experiences in his life.

"It refers" says he, "to the science of opening your mouth and putting your foot into it—and I have been practicing it for years!" I'm sure that everyone of us have been afflicted with the same habit more often than we care to tell. It is the art of talking when we should be listening, or openly professing our ignorance when silence would have made wise men out of us. I doubt that this science of Dentopedalogy is ever any more in evidence than when professional men or scientists, who are not Christians, try to explain certain facts from the Bible. It is also in evidence when politicians, who are not Christians, want to appear in a good light and make quotes from the sacred book. The reason for this is that God has so written the scriptures so that it requires the miracle of the New Birth in order to understand the mysteries of Divine truth. According to I Corinthians 2:14, men by nature cannot understand much of the Word of God, in fact it appears to be so much foolishness because they lack the spiritual equipment to discern truth.

FIRST TIME HERE - Northville Navy recruiters John Goss (far left) and Jack Boggeln (fifth from right) talked shop with 15 other Detroit area recruiters last Friday in a four-hour meeting at the American Legion post. It marked the first time a Zone 1 monthly recruiting meeting was held here. Zone 1 embraces Detroit and neighboring communities.

NOVI HIGHLIGHTS . . .

By Mrs. Luther Rix Fieldbrook 9-2428

Sunday dinner guests of Mr. and Mrs. George Kahrl were their son and his wife, Mr. and Mrs. Jack Kahrl and daughter, Sharon, and Mr. and Mrs. Philip Radcliffe and sons, Richard and Michael of Detroit.

Mrs. Owen Belinger spent last Thursday with her sisters, Mrs. Morris Tull and Mrs. Max Jackson in Royal Oak. The occasion was to celebrate the birthdays of the sisters, all of their birthdays occur in January.

Russell Butten Jr. entered St. Marys Hospital in Livonia last Saturday. He is ill with a virus infection.

Mr. and Mrs. Leo Harroward and daughters, Debra and Diana, attended the wedding of Karen Buehler, daughter of Dr. and Mrs. Woodrow Buehler, in Hastings last Friday evening. The Buehlers formally lived on Novi road in Novi.

Mrs. Gladys Tremper is home again after several weeks in the Pontiac Osteopathic Hospital. Mrs. Tremper is still under the doctor's care.

Mrs. Joe Gardella arrived home via train from California on Sunday. For the past month she has been visiting her daughter at LaPuente.

Mr. and Mrs. James Erwin were called home by the death of their granddaughter, Mary Ellen, daughter of the Robert Erwins, last Wednesday. They were vacationing at Clermont, Florida.

Last Monday Mrs. Clyde Wyatt, Mrs. Hildred Hunt and Mr. and Mrs. Otto Rexin attended the Tri-County meeting of the Farm Bureau at Holly.

Mrs. Otto Rexin entertained her pinocle club of eight at a

Re-elect Miklas Board Chairmen

Despite his insisting that the job be rotated among the other members, Vincent Miklas was unanimously reelected chairman of the Novi Township Planning Board for the second year Monday night.

Miklas, of 23971 LeBost, has been a member of the Planning Board since 1956.

New officers elected by the Board included Donald Fuller, of 4114 Twelve Mile Road, vice-chairman, and Arthur Hespil, of 42680 Nine Mile Road, secretary.

Outgoing officers are Andrew Burgess, vice chairman, and Burt Fisher, secretary.

In minor actions taken at Monday's regular meeting of the Board: — the request of Henry P. Shloff, 307 Duana, Walled Lake, for rezoning was referred to planning consultant Waldemar Johnson for study.

Shloff wants to convert one or two acres of his land into a nursery and erect a greenhouse. Johnson will make his report at the Feb. 13 meeting.

— communication from D. H. Ladd, of Torrence, Calif., regarding a building permit in the Hawthorne Subdivision on Walled Lake was referred to the Village Council for further action.

— discussion to re-propose a motion made about a year ago by the Board to the Citizens Development committee providing for closer cooperation between the two panels. The Board favors having members of the Citizens Development committee serving on Board sub committees and vice-versa.

Birth

Mr. and Mrs. Steve Folino, 325 North Center, are parents of a new son, Luigi Barry, born January 7 at Community General Hospital. He weighed eight pounds, one ounce.

File Now For Vets' Exemption

Area disabled veterans or their unmarried widows can pick up application forms for the Veterans Homestead Exemption now. The deadline is March 1.

Those qualifying may receive a deductible valuation of \$2,000. Some of the qualifications for eligibility are:

- 1 - must be a veteran of World War I, World War II or post-World War II. 2 - length of term in service must be at least three months. 3 - must not own property valued at over \$7,500. 4 - must have a VA letter of disability or veteran's disability check for a period subsequent to tax date.

Residents of Northville City or Township can visit or call their respective city or township offices.

Novi residents can apply by visiting or calling Frazer W. Staman, township supervisor, 25939 Novi Road, FI 9-2188.

Wixom residents can file for the exemption by visiting or calling the City clerk.

Robertson to Attend League Meeting

City Manager John Robertson will represent Northville next Thursday at the annual meeting of Region III of the Michigan Municipal League convening in Hamtramck.

Attending will be mayors, village presidents, councilmen and other elected and appointed officials from League-member cities and villages in Wayne County.

The session will concern itself mainly with area water systems and an examination of local fiscal needs in the light of present and probable state tax programs.

A dinner meeting and election of new officers will conclude the meeting.

Burglar Gets 3-15 Years

Dale L. Swegles, 24, formerly of Northville, was sentenced from 3 to 15 years in Southern Michigan prison for burglary.

Circuit Court Judge Clark Adams sentenced Swegles after he pleaded guilty to the burglary of a business place in Walled Lake.

According to police, Swegles also admitted burglaries in several other area communities, including Farmington township, Livonia and Plymouth.

He was also questioned by Northville and Novi police about burglaries in those communities, but insisted he had no part in them.

It's Busy Day for American Legion

Northville's American Legion Lloyd H. Green post had one of its busiest afternoons Sunday at the First Methodist church.

Eight new members were initiated into the post; in addition, organization of the new Sons of the American Legion was completed with the presentation of the charter and installation of officers.

State Department Commander Wilford Morrison took part in the activities, while the 17th district ritual team headed by C. Oscar Hammond, conducted the ceremonies.

Newly initiated post members were Harold DeMile, Lloyd H. Moore, Norman Frid, James Edmunds, James Barnett, Welcomb O. Boyd, Lewis Townsend and Ray Meeuwenberg.

Charter members of the Sons of the American Legion are Curtiss and Kim Acker, Donald Collocott, Daniel and James Fisher, Michael Goss, James Madigan, Gerry and Ronald Palmer, Raymond, Richard and Robert Parmenter, Brian and Jon Steimel, Paul Tabor, Michael and Steven Utley and David Wright.

Pictured at top left are the new post members undergoing installation by the ritual team. In the picture above the new Sons of the American Legion prepare for initiation, while at left the "long and short" of the Sons—pose with Sergeant-at-Arms James Madigan. They are (l. to r.): Sons' Captain Curt Acker, Brian Steimel, Keith Trumbull, Jr. and Adjutant Kim Acker.

THE VALUE OF TIME

Recently I read a story about Benjamin Franklin in the *Prairie Overcomer* that I would like to pass on to you.
 Benjamin Franklin put it very tersely when he said: "Dost thou love life? Then do not squander time, for that is the stuff life is made of."
 The story is told that Franklin was once at work in the back of his book store, where his newspaper was printed. A customer came in, spent a long time looking at the books, and finally asked the price of one. The clerk quoted the price as a dollar, but the customer was not satisfied and insisted on seeing Mr. Franklin. It so happened that he was very busy, as always, but thinking that something urgent warranted the interruption of his time, he hurried out.
 He was astonished to find a man who thought he would sell the book cheaper than the price the clerk had quoted, and thinking to teach this selfish individual a lesson, he named the price calmly as a dollar twenty-five. The customer was surprised and said the clerk had offered it for a dollar.
 "True," said Franklin, "and I could have better afforded to take a dollar, than to leave my work."
 The customer thought Mr. Franklin was

joking and repeated his inquiry — once more asking the lowest price. This time Mr. Franklin said severely:
 "A dollar and a half."
 Naturally the man in front of the counter was surprised. He said:
 "Why you just offered it to me yourself for a dollar and a quarter."
 "Yes," returned Franklin, "and I could better have taken that price then, than a dollar and a half now." The customer put down the money and went out most crestfallen. To waste our own time is bad enough, for time is precious opportunity. But we are little better than thieves if we deliberately waste the time of others.

This means that we have no right to be late for an appointment. We have no right to enter a meeting or service when it will distract or interrupt others, unless such an offense is unavoidable. We have no right to spend our time to poor purpose, when, by a little forethought and preparation, we can make it count in a larger way.
 The best use of time must begin of necessity with a preparation for eternity through personal faith in Jesus Christ. Then a day by day living in the service of our King by using our time to help others come to know Him and to ease their burdens the best we can.

WITNESS FOR CHRIST MISSION

REV. STANFORD S. CLOSSON

— GUEST PREACHER —

"JESUS CHRIST IS LORD"

SUNDAY, FEBRUARY 5 — 8:45 and 11:00 A.M.

FEBRUARY 5 THROUGH 9 AT 7:30 P.M.

Northville Methodist Church

Methodists To Conduct Series Here

The Northville Methodist church will participate in a "United Witness for Christ" program February 5 to 9, according to the pastor, the Rev. Mr. Paul M. Cargo. The special evangelistic emphasis is to be carried out by nearly 1,000 Methodist churches in Michigan.

Guest speaker for the February crusade will be the Rev. Mr. Stanford S. Closson, pastor of the Paw Paw Methodist church. He will speak in a series of public services beginning February 5th, and will instruct teams of callers who will visit homes in the community. A School of Instruction has been scheduled during the mission for both host and guest ministers, along with an area youth rally and a mass meeting for adults.

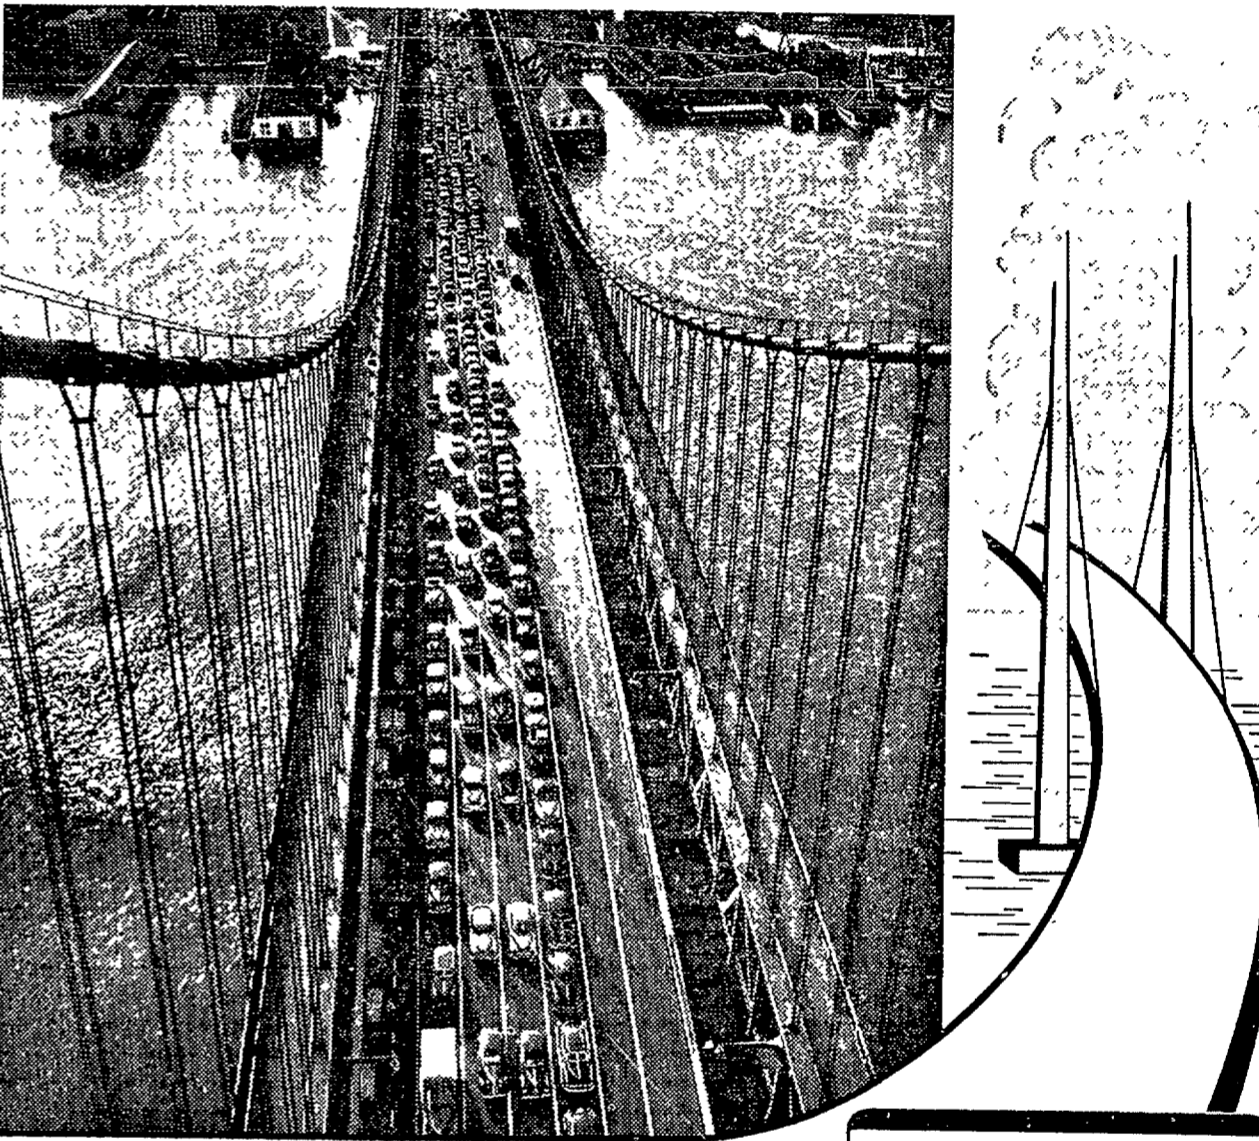

Youth of the area's Methodist congregations will attend a district youth rally at the First Methodist church, Ann Arbor, Saturday evening, February 4. The program, designed as a "kick-off" for the mission, will include an address by Dr. Hoover Rupert.

A Call for the evangelistic mission has been issued by Bishop Marshall R. Reed, spiritual head of Michigan Methodists. In a special message to his churches, the Bishop asked for participation in the mission to help strengthen the spiritual life for the churches in their communities.

The guest minister, who was educated at Union college and Boston University School of Theology, has served Methodist churches in Michigan. He will speak locally at 8:45 and 11:00 a.m. Sunday, February 5th, at the 7:30 p.m. evening service and at 7:30 p.m. week-night services Monday through Thursday of next week. In addition to his preaching ministry, he will help train teams of laymen who will call at community homes in the interest of the church.

Reverend Stanford Closson

BRIDGE TO GOD'S WORLD

The bridge, what a miracle! Tons of steel hanging in air . . . spanning miles of water . . . supporting an unending line of cars like so many ants.

And what a boon to man! The bridge saves untold hours and opens up new vistas of life.

The bridge of prayer, what a miracle! Spanning Heaven and Earth . . . carrying the needs and hopes of believing hearts. What a boon to man! The bridge of prayer opens up new paths of creative living and vistas into the realm of Heaven.

In Church you can discover prayer—the bridge which leads to God's world.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

OUT OF THE PAST

ONE YEAR AGO...

...Petitions are being circulated in Novi calling for the return of the village to township status, Miss Eugenie Choquet revealed this week.

...The Novi village planning board received a request to zone 108 acres of property on the south side of Pontiac trail east of Beck road as a trailer park classification.

...Detroit water is available to the Northville-Nowi area for the asking.

Water lines from Detroit will be extended through the area within two to five years depending upon the demand and desires of the communities.

...The Northville curriculum study group announced it will begin a new phase of study on gifted children.

...Michael Slattery has been elected president of the Northville high school National Honor Society for 1960. He replaced Edward Proctor.

...Mayor Joseph Stadnik of Wixom presented Mrs. Evelyn Simmons a certificate from the office of the president commending her for directing the United Nations program in Wixom for the past two years.

...Northville looked like a sure winner in the first round of a court battle with Milford, but the Redskins came back with an amazing offensive in the final three frames to crush the Mustangs, 79-63.

...The drought ended Monday for Northville's new high school wrestling team, as the Mustangs posted their first victory of the season over Our Lady of Sorrows of Farmington, 38-13.

FIVE YEARS AGO ...

...Fire raged undiscovered in a partially completed house in Willowbrook village, burning the structure to the ground.

...Preliminary blueprints for the new Lincoln plant, 75 pounds of 'em, were turned over for inspection by Novi township officials early this week.

...An English Setter was chosen Best-In-Show from among 622 dogs at the Oakland county kennel club dog show held at the Northville community building.

...It's still in the talking stage," sources from the Wayne County Training school said this week in regards to a release saying that the state of Michigan might take over operation of the school and expand it.

...E. M. Bogart, assessor for the city of Northville, announced this week that tax collections for the year 1956 would be based on the township valuation, pending "certain adjustments."

...A total of \$99,363.42 in real estate and property taxes have been collected to date, according to Novi Township Treasurer Charles Trickey, Jr.

FIFTEEN YEARS AGO ...

...The Novi schools are operating under the management of a new superintendent, Donald Archambeau, who came from Marquette last month to take over his new duties.

...Work is now in progress on the extension and improvement of Main street west, from Clement road to Beck, by the Wayne county road commission.

According to reliable sources, the work is being done under the provisions of a dedication signed by a certain property owner about 1936, at which time a 120-foot strip was provided for road purposes.

...A new wing is to be added to the present building which houses the Sessions Hospital. About 81 by 41 feet, the addition will be built on the west side of the old structure in such a manner that a court will be formed between the two, thus making light and air available to both.

...T-5 Bill McGee of the Ord-

nance Department arrived home January 17 after receiving a discharge from Fort Sheridan, Illinois. Bill has served in the Philippines since last March, and is the son of Mr. and Mrs. William McGee of Carpenter avenue.

...This week a transaction was closed whereby Richard E. Allan of Allan and Locke Motor Sales purchased the property on the corner of Dunlap and North Center belonging to the Northville Methodist church.

...The continued cold weather has brought the community and state face to face with a coal problem. A continued spell would undoubtedly bring an acute shortage in the area.

...TWENTY-FIVE YEARS AGO... Appraising the loss incurred by flames which destroyed the grade school in Northville January 13 (1936), continues. An adjuster has been assigned to the case and it is expected that an estimate of damage will be released by the insurance company and the board of education within a few days.

...Sherrill W. Ambler, who recently resigned as manager of the Independent Furnace Foundry, is now selling heating and air conditioning equipment. He expects to open his own warehouse and sales room in Northville within a short time.

...Word has been received here of the death of the Rev. Nicholas Musser, formerly a pastor of the local Baptist church. His three or four year pastorate began here in 1910.

...Tonight at 7:30 in the high school Northville's cage team will meet the undefeated Melvindale team and will have the chance of toppling the "Dalers" from their present place as league leaders.

...According to Superintendent R. H. Amerman, it is probable that the PWA aviation ground school will be approved within the week.

...Paul B. Thompson, assistant high school principal, has announced that two new classes, vocations and trigonometry, will be offered.

...The stockholders of the Depositors State Bank meeting last week in regular session, re-elected the following officers: President and cashier, John A. Boyce; vice-president, Edward H. Lapham; vice president, E. S. Beard; RFC proxy holder, B. H. Douglass.

SPEAKING for the Record

By Bill Sliger

Northville made the front page of the Miami Herald last week right along with the newly inaugurated president and his wife.

In a wire-service story dated Northville, the birth of twins "John Fitzgerald and Jacqueline Lee" Szczubielek at Community General hospital here on inauguration day was carried in connection with other highlights of the Washington, D.C. festivities.

The edition was sent along to us by Con Langfield, Northville Laboratories president, who is vacationing with Mrs. Langfield in Florida and throughout the Bahamas aboard their yacht "No-La-Van II".

He reports good fishing but some rough weather in the Gulf Stream.

Northville city and township clerks have reason to fret these days.

On February 20 they must conduct a primary election — that will probably go down in local history as the smallest total vote ever recorded.

It's for one office — on the county board of auditors. Both township precincts will be open, but only two of the city's three precincts are in Wayne county — so Clerk Mary Alexander can fret that much less, at least.

Figures released after a "careful study" by a special tax committee of the Wayne county association of school boards make the findings of Northville's preliminary economic development group look amazingly accurate.

In making a pilot study preparatory to recommending establishment of a full-time economic development committee the local study group predicted that county and school taxes would increase by 70 percent in 10 years.

The county study predicts that the cost of operating schools will go up 64 percent in 10 years.

Current cost of operating Wayne county schools is \$203 million. By 1970, the study shows, the cost will be \$333 million.

This should be reason enough for businessmen and home-owning taxpayers to want to lend their support to the proposed economic development project.

One of the funnest — and most appropriate — suggestions read in a long time was made last week by one of the owners of the two rival professional football teams in Dallas.

Pointing out that the city should be a one-team town, he suggested (in typical Texas fashion) that the two teams play a game and "the loser get out of town!"

Cuba Break a Mistake

Key West, Florida, I am writing this in Florida. — Cuba is only a "stone's throw" from Key West (100 miles). My first request is for every reader to get his child's geography and study Cuba.

It will be seen that Cuba is not just east of Florida; but is at the mouth of a body of water between Key West, U.S., and Yucatan, Mexico. It may truly be said that whoever controls Cuba will control the Gulf of Mexico. This means that our city of New Orleans, the outlet for all shipping on the Mississippi River, our Texas ports of Galveston and Corpus Christi, as well as the leading Mexican ports, could be closed.

All this was anticipated when we built our base at Guantanamo Bay on the extreme south-east end of Cuba, about 50 miles east of Santiago de Cuba. This is Cuba's great shipping port for sugar. At one time this site was wanted to protect our Panama Canal, but the latter has been written off since the Atomic Era. What country controls Cuba controls the gateway to the heart of the U.S. Therefore, you can be sure it will not be Russia or any other enemy.

By airplane Cuba is about 6000 miles from Moscow. Yet Alaska is only about 2000 miles from Vladivostok, Siberia, the eastern terminus of the Siberian Railway. So why should we fear even if Russia is friendly with Cuba? We already are closer to Siberia at Alaska and we don't worry.

I personally do not directly know much about Cuba, but I once taught in and owned a college in Guatemala. I know that the Spanish people get easily excited. They love to threaten and fight by propaganda. This is what Castro is now doing. We should not take

it too seriously. I feel that President Eisenhower got frightened too easily and made a great mistake by breaking off diplomatic relations as he did.

Cuba is a wonderfully rich country. It possesses marvelous soil. It enjoys plenty of rain in the right seasons. It is flooded with sunshine. Neither Florida nor the Gulf Coast have anything to fear from Cuba. After it settles down it will be a great asset to these sections. Cuba could well develop another boom in Florida. I am sure that President Kennedy will work out a satisfactory solution, as he knows Cuba from his winters at Palm Beach.

For several reasons Russia would not go to war with us to get Cuba, and Castro knows it. There are several reasons, but the chief one is that such a war by Russia or by one of her satellites would alienate all of Latin America against her.

Do not forget that Lyndon Johnson, our Vice President, knows that Cuba holds the ocean gateway to Texas. It is silly to think of Russia taking over Cuba with our Guantanamo Bay forces being among the strongest in the world.

President Kennedy wants most to make a good President. Second, he wants to develop some kind of an understanding with Russia so as to honestly say: "I kept you out of war." Third, he wants to have a good stock market and to have the Dow-Jones Averages in 1962 higher than they are today. His friends may let prices fall off during 1961 as a part of "readjustment." He is willing to "let the recession come and get over with" so he can have a good market in 1962.

Atom Tests Affect Lakes

State of Michigan scientists keep a sort of long range eye on atom bomb testing throughout the world.

Their aim is to make sure surface waters in the Water Wonderland do not accumulate excessive amounts of radioactivity. Actually, the men of the Water Resources Commission who check the lakes and streams have no real connection

with the testing of nuclear weapons. But the number of atomic devices exploded around the world are reflected in the Michigan reports.

Latest report from the commission showed only one-tenth the amount of radioactivity recorded in surface water during the latter part of 1959 was present during 1960. Loring F. Oeming, chief engineer for the Water Resources Commission, said the lower levels of radioactivity seen in 1960 stemmed from the fact that there was no nuclear bomb testing since late 1958.

He said that during the five years that regular tests have been made, radioactivity levels have fluctuated in direct relation to the extent of atomic weapons testing by the United States and other countries of the world.

Even at their peak, radiation levels were well below recognized permissible concentrations, Oeming said.

The Water Resources Commission maintains 32 sampling stations with 13 of them located on the Great Lakes or connecting waters, he said. Fourteen municipal water supplies are also constantly checked.

Cities which have their water supplies watched are Benton Harbor, Grand Rapids, Charlevoix, Petoskey, Escanaba, Marquette, Alpena, Saginaw, Port Huron, Mount Clemens, Detroit, Monroe, Flat Rock and Dundee.

All testing stations are at public water supply intakes, industrial water intakes or other strategic locations.

Plants and animals taken from the water at the Charlevoix and Monroe testing stations are checked further to determine how much radioactivity is absorbed, Oeming said.

Data which comes out of the monitoring program is used by federal, state and local governments in a variety of ways, and by private concerns, he said.

Michigan schools profit from funds which winning gamblers fail to collect.

Under a 1951 law, parimutuel tickets bought by forgetful wagers on horses

which run in the money are paid to the State Board of Escheats, if the holder of the ticket doesn't show up within a year after Sept. 1 of the year in which the ticket was purchased.

Though the total of money collected in this manner is small in comparison with annual budgets for state agencies as a whole, it usually amounts to several thousand dollars.

All money escheated to the state eventually goes into the Primary School Interest Fund.

From there, it is evenly divided among the school districts on the basis of the number of school-age children (five to 19 years old) living in the district, whether they attend school or not.

State school aid payments to districts are reduced by the amount received by the district from the Primary Fund, however, so it is really the state's General Fund which profits most directly from the uncashed racing bets. Still, the net effect is to make more money available for use by schools.

Rabies-infected skunks hit a new high in Michigan during 1960.

Forty-four out of 70 cases of rabies recorded by the State Health Department were among the pungent smelling, black-and-white little animals that roam Michigan's woodlands.

Fourteen dogs, six cats, five cattle and a bat also were found to be infected with the disease last year.

Even though the 70 cases reported last year were 18 more than were discovered during the previous year, the record was still less than 10 per cent of the all-time high incidence year for rabies, 1940.

Some 715 cases of the dread disease were recorded in 1940, with 598 of them in dogs.

Since that time, the Health Department said, a drive to have all domestic dogs vaccinated against the disease has paid off.

Pets still need to be immunized, the department said, and Spring, when both domestic and wild animals start to move around more, is a good time to have it done.

MICHIGAN IS SKILLED LABOR

The success of Michigan industry and the rewards of working in Michigan have developed a great supply of skilled workers in our state.

Michigan's workers are recognized for the ability to produce well above the national level. Recent government figures place their output at 18 percent above.

Our workers are a highly diversified labor force, manning 365 different types of industry found in

Michigan. Whatever the challenge from specialization to mass production, Michigan's skilled labor has the know-how to meet it.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.
