

April Hospital Authority Vote Out As Only City Adopts Proposal

Paved Streets Cost \$436,000

A project that would cost the city of Northville nearly half a million dollars was tossed into the laps of the city council for their consideration Monday night.

No one expects the city to undertake the entire project at one time but a 32-page report by City Engineer Harold Penn revealed what it would cost to improve nearly every unimproved street in the city.

According to Penn's estimates, the project would cost \$436,107.00.

The report included installation of storm sewers, curbs and gutters and paving wherever needed.

It did not include Baseline (Randolph) or several of the roads lying in newly annexed areas such as Taft road or streets within Northville Estates.

Councilmen have already started considering possible street improvements for the coming year. Paving of North Center street depends upon reaching some agreement with the school board on an assessment plan.

Presumably, the council will study Penn's report and set upon some program of preference based upon traffic, demand and cost of the various projects.

Following is the street-by-street report as submitted by Engineer Penn:

Horton (8 Mile to Carlyle, Carlyle to Hill) storm sewer, curb & gutter, asphalt surfacing — \$28,120;
Carpenter (8 Mile to Carlyle, Carlyle to Hill) storm sewer, curb & gutter, asphalt surface — \$28,420;
Grace (8 Mile to Hill to Maplewood) storm sewer, curb & gutter, asphalt surface — \$40,200;
Hill (Center to Novi st.) curb & gutter, asphalt surface — \$17,160;
Baseline and Novi st. (Center to Novi to mill pond) storm sewer — \$31,331;

Novi st. (South of Baseline to Rouge st.) curb & gutter, asphalt surface — \$3,160;

Pennell and Butler (Griswold to Griswold) storm sewer — \$9,161;

Pennell, curb & gutter, asphalt surface — \$6,104;

Butler, curb & gutter, asphalt surface — \$25,990;

West (Dunlap to Randolph) storm sewer, curb & gutter, asphalt surface — \$16,526;

Linden et. (Linden to end) curb & gutter, asphalt surface — \$4,545;

Spring drive (Eaton to Orchard to city limits) curb & gutter, asphalt surface — \$11,115;

Scott (Orchard to Eaton) curb & gutter, asphalt — \$7,115;

Grandview (Orchard to Eaton) curb & gutter, asphalt — \$8,890;

Fairbrook court (from Fairbrook st. north) curb & gutter, asphalt surface — \$7,910;

River st. (W. 7 Mile to Beal) curb & gutter, asphalt surface — \$21,220;

Johnson (River to Main) curb & gutter, asphalt surface — \$10,540;

Gardner (River to Yerkes) curb & gutter, asphalt surface — \$5,330;

Orchard dr. (W. 7 Mile to Thayer) storm sewer, curb & gutter, asphalt surface — \$58,210;

Center (new 8 Mile to S. Ely dr.) concrete pavement — \$18,715;

Center (S. Ely to N. Ely) concrete pavement — \$20,100;

Center (N. Ely to city limits) concrete pavement — \$15,360;

East st. paving — \$6,640; Elm st. paving — \$1,400; High st. paving — \$3,120; Walnut st. paving \$7,740 — total including fees, survey and contingency — \$20,790;

Maplewood (Center to Grace) curb & gutter, asphalt surface — \$6,790; and Maplewood (Grace to Yerkes Sub No. 3) curb & gutter, asphalt surface — \$28,170.

Township Board Opposes Plan, 3-2

Plans to hold an April election on the proposed area hospital authority met with death by delay this week.

Only the Northville city council approved the resolution to place the measure on the ballot.

But it takes two or more communities to form an authority. The council will undoubtedly rescind their action next week.

In a somewhat surprising turn of events:

—Northville township voted 3-2 to table the proposal thus killing any possibility of taking action before the February 13 deadline for placing an issue on the spring ballot;

—Novi township delayed voting until legal questions about

the proposal could be answered by the township attorney;

—South Lyon "held off" on its vote to see what the other communities would do, lack of greater support removes any chance that the South Lyon council will act now;

—Livonia indicated last week it was not interested in the authority plan at this time;

—Two other highly interested areas — Milford and Farmington townships — did not have scheduled meetings and took no special action.

Propose Teacher Pay Plan

Defining their action as "informal common consent," school board members Monday night okayed a "rough draft" of the teachers' salary package they'll eventually present for faculty approval.

Preferring to withhold details of the plan until the Teachers' Salary Study committee has a chance to review it, the board did reveal that the proposed schedule would provide pay hikes on a self-improvement basis and take two years to implement.

Superintendent Russell Amerman ailed the board proposal with Charles Yahnke, chairman of the teachers' salary study group, on Tuesday and gave Yahnke copies of the plan to go over with his committee.

School officials will meet with teachers and ask for a vote on the new pay schedule once a final draft is completed.

P-TA Slates Talk Here February 16

Dr. Albert Amermann, assistant dean of the Henry Ford Community college and director of the Northwest Community college survey, will speak at the Parent-Teachers association meeting next Thursday, February 16.

Higher education as it pertains to the community college is Dr. Amermann's topic.

The meeting is slated for 8 p.m. in the Community building.

The music department of the Northville schools will provide entertainment.

NO FROZEN water lines here! And Susan, Jimmy and Ival Cox are happy that their Daddy decided to guard against frozen water lines by keeping water running through the garden hose. The result is a giant "ice man" and a skating rink in their yard. The youngsters are the children of Mr. and Mrs. Clarence Cox of 50165 West Eight Mile road.

Frost Puts Icicles In Water Lines

The unusual "balmy-days, freezing nights" weather experienced during the past week has developed a problem that is tormenting hundreds of area residents.

Specifically, the problem is air-spouting water faucets.

In short, water lines are freezing up everywhere.

Plumbers are besieged by calls.

The Northville public works department reports that it has been swamped by calls from residents complaining that their water is off.

The deep frost is responsible for the condition.

"It's serious enough now, but this could become much worse," City Manager John Robertson stated this week.

Frost is now down to a level of between four and five feet. A two-to-three foot frost level is normal.

Tax Deadline Near For City Residents

City residents have until next Wednesday, February 15 to pay their annual winter school and county taxes without penalty.

Following that date tax bills are still payable at the city hall through February 28 but at a four percent penalty.

Township taxpayers have until February 28 before the four percent penalty is imposed.

Township residents may pay their tax bills to Treasurer Roy Terrill in the lobby of the Northville branch of Manufacturers National bank on Tuesdays and Fridays.

Warm days followed by freezing nights drives the frost line even lower.

"With six weeks of winter left we could have some real headaches," the city manager pointed out.

He suggests that residents leave a water faucet running slightly, especially at night or if the family is expecting to be away for a day or two.

Unfreezing water lines is a job for a plumber if the trouble is on the homeowners' property. If city lines are frozen, then the public works' department is responsible to make repairs.

Usually, the householder's lines are closer to the surface — if not exposed — and thus more likely to freeze up.

Teacher Profile

She's Devoted to 'Challenging Profession'

NOTE: This is the first of a series of articles to appear in The Northville Record written to help residents become better acquainted with the teachers who work daily with Northville school children. Author of the initial articles is Michael Abbott, a junior high school teacher.

Have you ever had the experience of dipping into a bucket for a cool drink of water — only to find someone's dirty sock in the dipper? Veteran teacher Miss Ada Fritz recalls this and many other experiences teaching in the often not-so-good old days.

The country school design back in those days, the early 1930's, seemed to be standard — one room and a path. This was the nostalgically renowned little red school house.

Miss Fritz vividly remembers the nine years she taught in these schools. She can recall the back-breaking tasks of carrying water from nearby farmhouses for thirsty pupils and staggering under armloads of wood destined for the huge woodstove which served as the school's only heating unit.

Snowstorms were so severe in the area that Miss Fritz occasionally

spent the night in her school, huddled next to the stove.

Disconcerting as this beginning may seem, Miss Fritz loves teaching, and has always loved it. She speaks of the "challenge of teaching," and says, "I can never quite reach or attain the goal." Of her fourth-grade assignment she says, "I feel that I can spend two years doing grade four work, and still not complete all I want to."

Her dedication to the teaching profession, however, does not end with the classroom. Miss Fritz has been active in local, state and national teachers' organizations.

She was President of the Teachers' Club in 1946 and 1947, and is President again this year. She was a delegate to the National Education Association Convention in Buffalo in 1946.

This past weekend, Miss Fritz attended the annual Michigan Education Association Leadership Conference at St. Mary's Lake.

Her present success as a teacher, however, is the result of hard work. Miss Fritz worked her way through Rose City high school, Rose City, Michigan by

"pushing plugs for the Ogemaw (County) Telephone company switchboard" at fifteen cents an hour.

After a year at County Normal college at West Branch, she earned a certificate to teach, and went to work in the rural one-room schools of Ogemaw county for nine years, teaching about 44 students in kindergarten to grade eight classes.

During much of this time Miss Fritz found time to take courses from Central Michigan Normal (now University) at Mt. Pleasant. After earning her B.S. (major in English, minor in social studies) in 1942 at Eastern Michigan, she came to Northville and has made her home here ever since.

Since coming to Northville, she's continued her education, earning a Master's Degree at the State University of Iowa in 1954. Miss Fritz has participated in two seminars sponsored by the National Education Association — one on the United States Government in Action and another on the United Nations.

Busy as she is, the fourth grade teacher nevertheless finds time for church activities. A devout Catholic, Miss

Fritz is a committee member for the Girl Scouts of her church, is a member of the League of Catholic Women, and belongs to the Our Lady of Victory Altar society.

Vacation time finds Miss Fritz relaxing near her hometown of Rose City. There, away from the hustle and bustle of

her active life in Northville, she takes hikes in the woods, reads, or just relaxes.

She probably occasionally ponders the progress made by teachers in the years she's been teaching. If so, she might well take a bow for the part she has taken in promoting better education.

Miss Ada Fritz

SUCH A TINY THING — With the deadline only 19 days away, Ed Hanson is preparing himself for the worst. He manages the local branch of the Secretary of State's license bureau in Northville. Business, much to his dismay, hasn't been exactly booming. "About 90 percent of the area drivers haven't been in yet to get their new license plates or the 1961 tags. There'll be another mile-long line on the last day this year," he predicts. The "last day" is February 28.

School Walk Trips Council

When the school district purchased the community building from the city, it was generally conceded that the formal vacating of West street between Main and Cady would be a relatively simple procedure for the city council.

But after a couple of public hearings and a huddle or two with the school board the council is still unable to arrive at a definite decision.

West street, between Main and Cady, has been closed to vehicular traffic since the construction of the community building some six years ago.

But pedestrian traffic has continued to use the route as a thoroughfare.

And Monday night at a public hearing called by the council to formally vacate the street and turn it over to the school district (which now owns both sides of the street), Mr. and Mrs. George Kohs of 473 West Cady reminded councilmen again that they considered the walk important to residents of First and Cady streets.

Mrs. Kohs had a petition with signatures of 15 residents of the First-Cady street area requesting that the walk remain on the West street right of way.

Kohs pointed out that the block between Wing and Rogers would be the longest in town if the walk were eliminated.

The school board has assured the council it has no immediate plans to remove the walk. But admittedly at some date in the future it's possible that a building or covered breeze-way could block the walk.

Kohs first requested the city to maintain ownership of the street to guarantee right of way. He pointed out it was the safest and most convenient way for pedestrians — children and elderly people — to walk between Cady and Main streets.

Councilman John Canterbury was sympathetic, but pointed out the cost connected with city maintenance of the walk and in certain areas of the city.

also acknowledged a "moral obligation" to the school district to release full rights to the property.

Mayor A. M. Allen explained that the city wanted to "do what is right and best for the majority." He said it was highly unlikely that the school would ever close the walkway.

Finally, the council decided to adjourn the hearing until March 6. In the meantime City Attorney Philip Ogilvie was instructed to meet with School Attorney James Littell and attempt to write a contract with the school that would assure continued use of the walkway in the same location.

Kohs was agreeable to this, but said he would oppose any agreement that would permit moving of the walk to another site, possibly west of the Main street school, as had been previously proposed.

In other business Monday night the council heard results of a traffic count on South Rogers, East Main and North Center streets by Police Chief Eugene King. The survey was made to determine whether or not it was necessary to retain no parking on both sides of the streets in the areas tested.

The council decided to permit parking on the west side of South Rogers when the survey showed that traffic has decreased since trucks have been diverted.

Parking will be permitted on the south side of East Main street east of Griswold. It is prohibited on the north side in front of the Ford plant and also on the south side of Main street west of Griswold to Church.

The no parking rule was maintained on North Center street. Finally, the city manager told the council that a program of "careful control" was being used in administering chlorine to the water to reduce bad odors and remove black specks out the coast connected with city frequently found in the water maintenance of the walk and in certain areas of the city.

Tour New Torch Drive Headquarters

Two Torch Drive campaign leaders — one from Northville and one from Novi — attended an open house at the new United Foundation (UF) headquarters in downtown Detroit.

A. Russell Clarke, in charge of business collections for the October Torch Drive in Northville, and Mrs. George Merwin, Novi general chairman, toured the six-story building along with other campaign leaders and major contributors.

A gift of the Kresge Foundation, the structure houses UF offices and facilities on its upper five floors. The main floor will eventually be occupied by private businesses.

The building, located at 1528 Woodward, is the foundation's first permanent headquarters.

BUNDLE DAYS — Northville students began their annual collection of used clothing this week for the "Save the Children Bundle Days" drive. Each year this nationwide organization conducts a clothing campaign for needy children and adults in the southern mountains and overseas. The federation was founded in 1932 and affords important opportunities for increased understanding amongst peoples of our own and other lands.

In the picture above representatives of each of Northville's public schools display a few of the bags that will be filled with donated clothing. Left to right are: Dave Hay and Sarah Schrader from the high school; Lois Brinson and John Mach, junior high school; Mike Hlohenic and Pat Moes, Main street elementary school; and Glenn Diebert and Peggy Tilleka of Amerman elementary school.

"I'm nuts about the Tigers." Newcomer Harry E. Warning isn't referring to the quadruped members of the cat family — like at the zoo. He's talking about the Bengals of baseball, the Detroit Tigers.

Warning and his wife Shanna ("She can quote batting averages pretty well," says he.) have been baseball fans for years. They've followed the Tigers down to Lakeland, Florida for spring training, and remained loyal while the team shuttled up and down the American League standings during the regular season.

A note of optimism crept into the newcomer's voice when he contemplated Detroit's chances this year ...

KITCHEN DIARY

Cooks Alter Menu Plans For Coming Lent Season

With the Lenten season less than a week away, many housewives are tussling with the problem of finding tasty meatless dishes to serve their families.

This week's Kitchen Diary cook, Mrs. Gerald David of 4320 Seven Mile road, has come up with two suggestions that merit consideration in any meat-free menu.

The first is for a wholesome and succulent seafood casserole that's a blend of cheddar cheese, cream sauce and "meaty" seafoods, topped with appropriate garnish.

Mrs. David's Cottage Cheese Tarts have jam or marmalade centers for a colorful touch of sweetness.

GOLDEN SEAFOOD CASSEROLE

Mrs. Gerald David
3 hard-cooked eggs, sliced
2 cups medium cream sauce (seasoned with salt, pepper and monosodium glutamate)
1 can shrimp, cut in halves
1 can tuna, rinsed with hot water
1 can mushrooms
1 can crabmeat
¼ lb. cheddar cheese, grated
2 cups bread crumbs
¼ lb. melted butter

In a greased baking dish, arrange a layer of sliced hard-cooked eggs and cover with cream sauce, then a layer of shrimp and cream sauce, then tuna and sauce, mushrooms and sauce, and crabmeat and sauce. Sprinkle with grated cheese. Mix bread crumbs with melted butter and sprinkle over the top. Bake in a moderate (350) oven for 1½ hours. Serves 6-8.

COTTAGE CHEESE TARTS.
1 cup shortening
1 t. salt
1 t. vanilla
1 cup cottage cheese
2 cups enriched flour
¾ cup jam or marmalade
Cream shortening. Add vanilla and salt, then cheese; mix well. Add flour. Chill three hours. Roll ¼-inch thick; cut in three-inch squares. Place one teaspoon of jam in center;

BASEBALL FANS — Mr. and Mr. Harry E. Warning, newcomers from Detroit as of November, have followed the unpredictable playing of the Detroit Tigers for years. If they're not at the ballpark on a balmy Sunday afternoon, you might find them at their home on Mullett Lake.

"They may not be pennant contenders, but some of the Warnings have no children. dead wood has been weeded out and they'll be fielding a younger squad."

The Warnings — she's a housewife and he's an attorney with law offices at 108 North Center and in Detroit — arrived in our town in early November. They moved into an upper floor apartment at 206 West Dunlap after living at the Town House in Detroit.

The couple have relatives here. Mrs. Warning and Mrs.

George Chabut are sisters. The Warnings have no children. He is a member of the Michigan and Detroit Bar associations and also belongs to the Detroit club, a social group.

Inclement weather has kept the newcomers around home, for the most part, since their move. But come warm weather they'll be on the move again — north to Mullett Lake.

"Actually, we live all winter for the summer," said Warning. "Then we try to get up to our place on the lake as often as possible."

While waiting for those lazy, lake days, chances are Mrs. Warning will do a little knitting — "She knits like all get out," according to her husband. And it wouldn't be too far-fetched to predict that the attorney will find it increasingly difficult to concentrate on legal briefs as spring training reports take up more space on the sports pages of the newspaper.

Swimming Classes Make A Big Splash With Local Girl Scouts

If they can churn their way through the rigorous final exam in April — 14 Northville Girl Scouts will be wearing Red Cross life saving emblems on their swim suits this summer.

Late in January, nine intermediate and five senior scouts plunged into an 11-week swimming course taught by William Del Campo at the Wayne County Training school pool. The older scouts are working to-

ward senior life saving certificates, while the intermediate scouts have junior certificates as their goal.

The one-and-a-half hour sessions they attend on Wednesday nights were arranged by Mrs. M. L. Utley, chairman of swim activities for local Girl Scouts.

The advanced swim training got underway January 18, when the scouts and some other in-

terested girls came through a qualifying night with flying colors. Their pool-side classes actually started January 25 and continue to April 5.

This course is part of a bigger swim program scout leaders here hope to offer by spring, said Mrs. Utley.

One spring offering would be an 8-week program dealing with the fundamentals of swim-

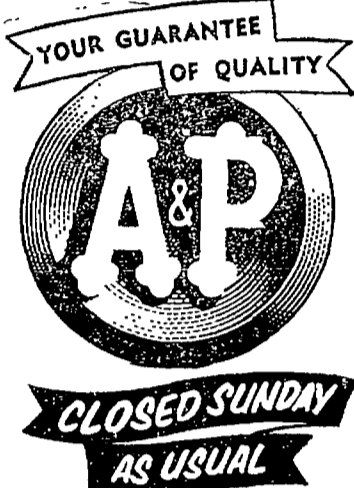

ming and floating. Third-year Brownies as well as scouts with little swim savvy would be eligible for this course. The other would be a six-week course for scouts who want to work on their swimmer's badge.

"As yet they haven't been arranged," Mrs. Utley pointed out, "but as soon as something definite is worked out we'll see that the girls know about it."

OVERLY TOLERANT

Is discrimination always wrong? According to some people it is not, except in the field of religion. We should discriminate in the matters of business, politics, choosing a Medical Doctor, or buying our groceries. But when it comes to our faith there are so many that say, "It makes no difference which church I join for one church is as good as another," which is just another way of saying, "It doesn't matter what you believe as long as you are sincere." I take issue with such broad tolerance. It would lead people into deep trouble if they would practice such tolerance in secular life. The Bible plainly tells us that error is as prevalent in the world today as truth. Two systems of thought bid for your support — truth and error. We are urged in scriptures to "Prove what is that good and acceptable and perfect will of God," and again, "Beloved, believe not every spirit, but try the spirits, whether they be of God." When your eternal destiny depends upon your taking the right way, you had better be sure that the way you take is right. The Word of God is a chart and compass and the right handling of it will guide aright the person who really wants to know.

Obituary

MRS. FLORENCE ALEXANDER

Services will be held this afternoon (Thursday) at 2 p.m. from the Casterline Funeral home for Mrs. Florence Alexander, 87, who died Tuesday at the Clark Nursing home in Wayne. Intombment will be at Riverside cemetery mausoleum, Plymouth. The Reverend Paul Casterline will officiate. A local resident 60 years, Mrs. Alexander had lived at 358 Beal street. She was born Feb. 7, 1874 in Saginaw and was preceded in death by her parents, William H. and Melissa (Hurd) Moore. Her husband, John George Alexander, is also deceased. Two sons, Lisle Alexander of Plymouth and Earl Alexander of Detroit, survive along with a sister, Mrs. Winifred Coleman of St. Augustine, Florida, two grandchildren and one great-grandchild. Mrs. Alexander was a charter member of the Lloyd H. Green Post American Legion auxiliary and a member of the Kings Daughters and the Ladies Aid association of the Methodist church.

Plan Second Annual Northville-Fla. Picnic

The Second Annual Florida-Northville Picnic for former and now residents of Northville, Mich. will be held in the Community Building in Minneola, Florida, near Route U.S. 27, on Saturday Feb. 25.

Dinner to be served at 1 p.m. Come early, rain or shine, cool or warm. Bring one passing dish and your table service. Coffee and orange juice furnished.

Please send the addresses of your friends and relatives who expect to be in Florida at that time to N. J. Schweizer, Sec'y, P.O. Box 52, Minneola, Florida, so they may be notified.

Due to the efforts of John Stark of Orlando, Florida, the picnic last year was held at The City Park at Eau Gallie, Florida, and all who attended enjoyed the first picnic very much.

Members of this year's entertainment committee are George R. Simmons, Ralph F. Foreman, Charlie Schoultz and N. J. Schweizer, secretary.

Abe's Day or Not, Offices Still Open

Although next Monday will be a legal holiday — Lincoln's Birthday — for some government offices, it will not be for Novi Village and Township officials. They'll be open as per usual.

Two meetings are scheduled for next Monday in the Village offices. The Planning Board meets at 8 p.m. in the Council Room and the Citizens Development Committee will meet at 8 p.m.

UP AND OVER — Bob Sample, of 20802 Chigwidden, shows some fancy riding atop "High Society" during competition last Sunday. The 17-year-old Northville senior received the Michigan Horse Show association's junior challenge trophy Sunday.

Sample Way Out Front, Wins His Second Trophy

For the second consecutive championship Sunday in Lansing, 17-year-old Bob Sample received the Michigan Horse Show association's Perpetual Junior Challenge Trophy Reserve competition in horse shows.

Even the Northville High senior's horse, High Society, won an award. The sleek-looking animal won the junior jumper championship.

Bob also won Over-Fences Championship and the Hunter Seat championship, both in the ages 14 to 17 class.

Delayed, a horse owned by Mr. and Mrs. John Wallace, won the open jumper championship for the third year in a row. Wallace, who is Bob's coach, is owner and instructor of the Wallace School of Horsemanship.

Bob and his sister, Sally, have been in the saddle a long time.

Last month, both were honored along with two other local riders, Stephanie Altenberg and Susie Wallace, as members of the Northville Topnotchers Equestrian team.

The team won the International Stadium Jumping championship, the International Three-Day Competition, and the Michigan Zone Equestrian Team Challenge Championship.

Bob has hopes to eventually enter Olympic competition.

Easy Does It - Our Mustangs Show Bright on How, 67-49

'Twas a breeze — this best describes last Friday's 67-49 shellacking the Mustangs administered to Brighton.

Coach Dutch Vaningen's squad had a few anxious moments at the start. Northville was throwing passes all over the floor except to teammates and ended up on the short end of a 9-8 score after the first eight minutes of play.

Then they took command, or rather, forward Steve Juday took command as he popped in 10 of the 21 points the Mustangs racked up in the second quarter to assume a 30-18 half-time bulge which they never relinquished.

Juday wound up the night with 16 points to share scoring honors with center Danny Brown. Craig Bell had 14.

With Holly very conveniently beating Bloomfield Hills, the Wayne-Oakland standings are tighter — for second place anyway — than the minute and hour hands showing a quarter past three.

Four teams — Northville, Bloomfield Hills, Clarkston and Milford — hold identical 5-4 won-lost records.

After the slow first quarter, the Mustangs opened fire on Brighton with Juday doing most

for six points in the third and seven in the fourth to pick up where Juday left off.

Juday had a cold third quarter, hitting for his final four points in the last period.

For the first time this season, Coach Vaningen employed the zone defense throughout the entire game. He said it worked well. Previously, the Mustangs used it a quarter at a time, relying on the

hustle of the man-for-man defense.

Northville had its hottest shooting night of the year, too, in sharp contrast to the last time they faced Brighton. The Mustangs connected on 28 of 60 shots for a fine 46.6 per cent.

DIMES' WINNERS — Bud Archer (left) and Bob Cole, both of Plymouth, finished first and third, respectively, in the recent March of Dimes tourney at Northville Lanes. Missing is second place winner, Bill Dorr. They go to Detroit February 18-19 for regional competition.

They Bowl So That Others May Walk!

Seven area bowlers will be giving it their all Feb. 18-19 in the March of Dimes regional roll-off to help others walk.

The competition will take place in Detroit with the winners advancing to Lansing the following weekend to vie for the prizes of two week, all-expense paid trips to either Jamaica, Florida or New York. In the women's division, Mrs. Wilma Hamlin won first place in the local competition held at Angie Gadioli's Northville Lanes with a series of 633.

Mrs. Dorothy Busch was second with 626 and tied for third were Mrs. Betty Hay and Mrs. Lillian Robinson at 620. All are from Northville.

In the men's division, Bud Archer won first place with a 677 series, Bill Dorr was second at 673 and Bob Cole, third at 665. They all hail from Plymouth.

The scores were compiled during each bowler's regular turn during his league night. A \$1 fee was necessary for one's score to count in the competition.

GAS
dries clothes
Powder-puff Soft!

Drying clothes in wintertime is a discouraging problem . . . hauling, lugging, stooping, stretching, and stringing clotheslines—a cluttered damp basement for days on end or—frosty fingers and frozen clothes. Now's the time to get a Gas clothes dryer. Why Gas? Because Gas dries clothes so white, sweet-smelling and fluffy-soft . . . so fast and easy. And a Gas dryer costs less to install and less to operate.

NOTICE OF PUBLIC HEARING TUESDAY, FEBRUARY 28, 1961, AT 8:00 P.M. CITY HALL, NORTHVILLE, MICHIGAN

The Planning Commission for the City of Northville has, upon its own motion, provided for the holding of a Public Hearing, to be held at the time and place specified above, for the purpose of considering the zoning of the following described parcels of land:

NO. 1 — Property to be zoned C-1 classification. (This property formerly zoned R-1 classification by Novi Township):

A parcel of land in the southeast quarter of Section 34, Town 1 North, Range 8 East, City of Northville, Oakland County, Michigan, described as follows: Beginning at a point distant from the east quarter corner of Section 34, North 89° 58' 45" West 378.18 feet along the east-west quarter line of said section; thence due south 314.51 feet to the point of beginning and traversing thence south 202.42 feet; thence south 8° 10' 21" east 58.08 feet; thence 267.11 feet along the arc of the curve which is convex to the north, having a radius of 353.07 feet, a central angle of 43° 20' 45" and a major chord which bears north 77° 05' 23" east 260.78 feet; thence south 81° 11' 15" east 18.37 feet to the west property line of Novi Road as relocated; thence north 8° 47' 15" east 206.71 feet along the west property line of Novi Road relocated; thence North 89° 58' 45" west 312.45 feet to the Point of Beginning.

NO. 2 — Property to be zoned R-1 classification (This property formerly zoned R-1 classification by Novi Township):

A parcel of land in the southeast quarter of Section 34, Town 1 North, Range 8 East, City of Northville, Oakland County, Michigan, described as follows: Beginning at east quarter corner of Section 34; thence north 89° 58' 45" west 378.18 feet along the east-west quarter line of said section; thence due south 314.51 feet; thence south 89° 58' 45" east 312.45 feet to the west property line of Novi Road relocated; thence north 8° 47' 15" east 215.94 feet along the west property line of Novi Road relocated; thence north 89° 51' east 33 feet to the east line of Section 34; thence north 0° 09' west 101.05 feet along the section line to the Point of Beginning.

The above two parcels of land are the southern and northern portions respectively of a parcel of land which is bounded on the south by Allen Drive, on the east by Novi Road, on the north by the Northville City Limits and on the west by Lots 51, 118 through 125 inclusive of Yerkes Estates Subdivision No. 3 and is located at the extreme northeast corner of the City of Northville.

DEADLINE — NOON TUESDAY

1—Card of Thanks

I wish to thank all of the many people who so kindly remembered me with flowers, cards and prayers during my stay in the hospital. Special thanks to Claude Tapp, Bernard Snell and Dr. Padelford for their assistance, also Rev. Woodruff for his many visits.

Merrell Renwick

The parents of Bruce Rose wish to thank his host of friends, the Presbyterian church, and all those who tried to share our grief at his departure, especially Mr. and Mrs. Casterline who were so kind and understanding.

Mr. and Mrs. Bert Rose

I wish to express my sincere thanks to my neighbors, relatives and many friends for their visits, lovely gifts, flowers and cards which were showered on me both while I was a patient at St. Mary's Hospital, Livonia and also since I've returned home. Special thanks to Pastor Pankow for his many visits and comforting words. Everything was deeply appreciated.

Mrs. Julius Feole

1—Card of Thanks

I wish to thank all friends and relatives for their kindness during my illness. A special thanks to Dr. Handorf and the nurses at the Community General Hospital.

Mrs. Ledger Brown

We wish to thank the Salem Township and Northville Fire Departments, also the Detroit House of Correction Fire Department for their efforts in controlling the fire from spreading to barns and other property last Thursday.

Mr. & Mrs. Roy Terrill

Fete Gov. Swainson

At Dinner Saturday

A dinner honoring Gov. John Swainson will be held at 6:30 p.m. Saturday at Sts. Constantine and Helen Community Center, 4801 Oakman Blvd., Detroit.

The event is sponsored by the 17th congressional Democratic district. Tickets are priced at \$10 a single person and \$15 a couple.

Tickets can be purchased in the Northville area from either George Bennett, FI 9-0455 or Mrs. C. E. Woodruff, FI 9-1644.

The Boy Scouts of America, now 51 years and a day old — their birthday was Feb. 8 — are in the midst of some busy celebrating which began Tuesday and runs through next Monday.

And in the Northville area, there will be the annual Dads and Sons dinner sponsored by the Presbyterian Church's Mens' Club at 6:30 tonight at the church.

Ed Welch, church representative for the two units of Troop 735 being honored, said that the public is invited to this public toast to the scouts.

Mayor A. M. Allen has proclaimed the week of February 7-13 as Boy Scout Week in Northville. The theme this year is "Strengthen America ... Character Counts."

Coincidentally, the annual drive for funds to support the scout activities of the Sunset District is being conducted this week. Charles McDonald heads up the campaign. He reports that area businessmen will receive a request to subscribe to \$10 sustaining memberships.

About \$700 is raised annually in this manner in the Northville area.

Monday night, the VFW unit, Troop 721, held a special uniform inspection at its regular meeting. There are over 70 boys in this cub scout pack.

There are 91,000 Cub Scouts, Boy Scouts, Explorers and vol-

unteer leaders involved in scouting activities in the Detroit District.

Area leaders are Fran Gazley, of 221 South Rogers, community commissioner; Charles Smith, of 44008 Brookwood Drive, scoutmaster of the Presbyterian Church unit; Verne Biddle, of 47000 Nine Mile Road, cubmaster of the Presbyterian Church unit.

Al Myers, of 46170 Bloomcrest Drive, cubmaster of the

Cold Weather Increases Fire Threat

Roy Terrill Farm House Completely Destroyed

These unusual night fire pictures were taken last Thursday as fire units from three area departments fought flames that destroyed a West Six Mile road farm house.

Close to zero temperatures made the task more difficult for the firefighters, who managed to keep the fire confined to the house thus saving nearby farm buildings.

Owned by Northville Township Treasurer Roy Terrill, the house was rented to Mr. and Mrs. Jack Priest, who were not at home at the time of the fire.

The seven-room house and all the Priests' belongings were destroyed by the fire. Located just east of the well-known large, brick Terrill home at 50840 West Six Mile road, the house was engulfed in flames before neighbors noticed the fire and called the Salem department Units from the House of Correction and Northville were also summoned.

It wasn't until the Salem truck arrived that the Terrills were aware the farm house was on fire.

Another possible tragedy was averted in the same area when neighbors noted fire arising from the chimney of the August Prince residence at Six Mile and Napier road Saturday evening. Firemen were summoned and discovered a plugged nozzle on an oil furnace. The Prince family was away at the time.

Fire officials noted that extreme low temperatures often over-tax heating units and

increase the danger of fires. They urge residents to check furnaces carefully, especially

at night or when they expect to be away for any period of time.

Beauty is a theme of the

Lesson-Sherman entitled "Soul"

to be presented at Christian

Science Services Sunday.

The divine source of beauty

will be emphasized in the Bible

readings, including these ver-

s from Psalms: "Give unto

the Lord the glory due unto his

name; worship the Lord in the

beauty of holiness" (29:2) ...

"And let the beauty of the Lord

our God be upon us" (90:17).

From "Science and Health

with Key to the Scriptures" by

Mary Baker Eddy this selection

will be read (246:23): "Man,

governed by immortal

Mind, is always beautiful and

grand. Each succeeding year

unfolds wisdom, beauty, and

holiness."

Purchase Camp Site

Two hundred acres of rolling farmland and woods along a meeting in Ypsilanti, officials declared the site to be ideal for scouting activities. Hard wood and pine forests alternate with meadows and swamps as excellent hiking and camping areas. The contrasts in terrain are exceptional for nature study as well, and the inclusion of a small private lake within the property plus the lake frontage on Lewis and Twin lakes provides for all water sports.

WANTED . . . OLD SHOES — The Junior Youth fellowship of the Northville Presbyterian church has already collected over 100 pairs of old shoes, but they're still looking for more to send to World Refugees. Spearheading the drive are (lt. to rt., back row) Dave Jerome, vice moderator; Debby Stafford, moderator; Larry Angove; Susan Hill, treasurer; (kneeling) Peggy Jones and Eliza Balzer, secretary.

They're Collecting Shoes

Northville Presbyterian admission to a toboggan party they held at Cass Benton park. More than 50 couples turned out.

The drive for old, but wearable, shoes will continue for the next two weeks. Shoes will be sent to New York for forwarding to the refugees.

NOVI HIGHLIGHTS . . .

Mrs. Luther Rix

The Novi Rebekahs had Degree Team practice Thursday, February 2 at the I.O.O.F. Hall. The Rebekahs report that they had a very successful bake sale on Saturday.

Novi Boy Scouts

Novi Boy Scouts met at Kensington Park last Saturday for the Otoma District operation Polar Bear. Approximately 32 Novi Boy Scouts were among the 400 present. The Novi Scouts brought with them their Yukon sleds, a sled for each of the four patrols which they made as one of their projects. Each patrol also made a North pole flag for their sled.

They practiced outdoor activities such as: compass reading, first aid, ice rescue, fire building, etc. The scouts were scored on these activities and given gold nuggets as awards.

Saturday the Boy Scouts worked in the kitchen at the fireman ball in the Novi Community Hall and helped with the serving. Sr. patrol leader of the troop is Ricky Dryer. Scribe, Dennis Paquette and patrol leaders are Robert LaFond, Lynn Snyder, Eddie Blackwell and Terry Krug.

Novi Girl Scouts

Girl Scout cookies went on sale last week, February 2. Intermediate Girl Scouts and Seniors as well as adults will be selling four kinds this year. If not contacted by Girl Scouts call cookie chairman, Mrs. Richard Bingham GR 4-5128. She will be glad to take your orders. At a meeting at her home Wednesday, January 25 final plans were made by cookie chairman for each troop for the sale. Acting on this committee are Mrs. Henry Kriedeman, Mrs. Don

Bingham, Mrs. Owen Bellinger, Mrs. Evelyn Budlong, and Mrs. Joan Chapman. During the past year profits from the cookie sales were used to purchase troop camp equipment, consisting of pup tents, kitchen flys and round up tent.

This equipment is available for use by any troops in Southern Oakland including Novi. At Camp Indianwood, cookie money was used to purchase water fountains; lights in the latrines and bus shelters, rustic tables, large kitchen flys and first aid tent was replaced. At Camp Narrin, the Trip Unit received six new pup tents and the bus was completely overhauled and painted by camp caretaker, Mr. J. L. Grovesteen.

Intermediate Troop No. 1023 met at Novi School as usual and the girls are continuing their knitting and sewing under the direction of Mrs. Laird and Mrs. Nelson. Several girls have finished their aprons. Treats were furnished by Sylvia Lawrence. This troop is re-registering and registration money must be in before February 15.

Intermediate Troop No. 149 held Court of Honor at their regular meeting on Wednesday, January 15. Mrs. Henry Kriedeman was special guest. Nancy Atherton and Patty Totten were elected to take care of the troop library for two months. The following awards were given at the Court of Awards: Nancy Atherton, interior decoration and camp craft badge and five year pin; Sandra Bernhardt, dressmaker badge; Kathleen Casey, animal raiser badge and five year pin; Rosaloe Frontera, dressmaker badge; Janis Paquette dressmaker badge; Sharon Marchetti, child care badge and five year

pin; Rebecca Lyke, dressmaker badge, cook badge and five year pin; Patty Totten, dressmaker and child care badge; Dianna Tymensky, child care badge; Roberta Willacher, dressmaker, child care badge and five year pin.

Brownie Troop No. 492 met at leaders home Saturday and practiced for thinking day program. Treats furnished by Judy Preston. Troop also taking registration money at this time.

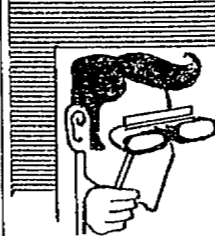

Intermediate Troop No. 602 met at leaders home January 24. They discussed additional designs for belts they are going to make also made a pizza pie and painted cookie posters.

The new Brownie Troop met in Mrs. Jennsen's room under the direction of Mrs. Harbin and Mrs. Long assisted by Mrs. Presnell. The girls played a get-acquainted game; learned Hello and Brownie smile song, and made a plaque with the Brownie promise. Closed with Brownie tunnel closing.

Brownie, Girl Scout Intermediate and Adult uniforms are needed for the uniform exchange. Call Mrs. Marge Mac Gillivay at FI 9-2718. For Brownie leader handbooks, Girl Scout handbooks etc. call Mrs. Robert Skellinger FI 9-2792 if you have any of these articles.

Brownie Troop No. 902 worked on program covers and treats were furnished by Marlene Presley. Mrs. Thorpe came to visit for the day.

Intermediate Troop No. 456 held their regular meeting opened with flag ceremony and continued work on sewing baskets. Becky Knick brought treats and Mrs. Budlong was special guest.

ONE YEAR AGO . . .

— Economic picture of area took a turn for the better with the announcement by the Ford Motor Co. that it would hire 800 more men for a second shift in its Wixom plant.

— A Novi News editorial strongly criticized the Novi Village Council for its "eleventh hour" handling of the resignation of Police Chief Lee BeGole.

— A committee of 20 was named by the Northville City Council to study the proposed new city hall. They were asked to look into present needs, make suggestions as to layout and location and determine the approximate costs.

— Bill Hopkins, chief naturalist for the Huron-Clinton Metropolitan Authority, reported seeing an albino squirrel in the trees along the Albans Nature Trail in Kensington Park.

— A four-alarm fire swept through a large two-story house owned by Mrs. Edward Theut in the northeast section of Novi, causing an estimated \$5,000 damage.

— First place Clarenceville walloped last place Northville, 69-55. Mustang Guard Roger Atchinson had 19 points.

— Northville Methodist Church board of trustees reached a decision to tear down the city clock and elaborate steeple atop the church. At the time, the trustees had not decided whether to put a new one up. (NOTE — See the Feb. 2, 1961, issue of The Northville Record for picture story of new steeple being put in place.)

— State Police arrested two men charged with stealing and storing some \$20,000 worth of office equipment in a fashionable tri-level home in fashionable Connemara Hills.

FIVE YEARS AGO . . .

— A proposed interim city budget for Northville for March 1 to July 1 amounted to \$102,600.00. The short-term budget was necessitated by the changeover from a village with a fiscal year ending Feb. 28 to a city whose fiscal year starts July 1.

— Robert L. Hazlett was sworn in as constable of Northville Township. He was on a call basis since there isn't a great enough demand for a full-time constable.

— The Northville City Council amended the city's zoning ordinance to permit construction of stables required by the State as a condition to permitting harness racing at Northville Downs next summer. The action paved the way for the city to gain approximately \$90,000 in expected revenue.

— Two more plans for large-scale subdivisions were disclosed at the regular Novi Township board meeting. The subdivisions, located at 8-Mile and Beck and 9-Mile and Taft Roads, would eventually account for more than 300 homes.

— The first day the new 65 mile-an-hour speed limit was put on Grand River in Novi Township was marred by four serious traffic mishaps with nine cars being towed away and the ambulances having a busy time. Fortunately, there were no fatalities.

FIFTEEN YEARS AGO . . .

— George R. Simmons, former Novi Township treasurer and prominent farmer, was named to lead the annual roll call of the American Red Cross in Novi. The quota was \$1,700.

— The Northville Fire Department was called to the scene of a blaze at the Northville Foundry. Damage was slight. Defective wiring caused the fire.

— Former Senator Prentiss M. Brown was the scheduled speaker at the Men's Night dinner of the Woman's Club. His topic was "History of Michigan."

— Mrs. C. L. Stewart was elected president of the Girl Scout Association of Northville. Other new officers were: Mrs. C. Harold Bloom, vice-president; Mrs. Charles Yaine, secretary; and Mrs. W. F. Clark, treasurer. The Board of Directors are Mrs. G. V. Harrison, Mrs. W. L. Couss and Mrs. A. M. Lawrence.

— On the editorial staff of the "Orange and Black" high school supplement printed weekly in The Record, are Ida Altman, Rita Sprenger, Irene Modos, Francis McLoughlin, and Leslie G. Lee.

— As the Record says it, "In

OUT OF THE PAST

one of the usual close score games between two rivals, Northville eked out a well deserved victory over the hard fighting Plymouth Rocks, Tuesday by the score of 26 to 22 . . . the half ended with Northville on top by a flimsy margin, 11 to 10."

TWENTY-FIVE YEARS AGO . . .

— Northville prominent citizen Nelson C. Schrader died in Florida while vacationing. Active in civic and business affairs in the community for 25 years, the 58-year-old resident was serving his tenth consecutive year as president of the Wayne County Fair Association at the time of his death.

— With the granting by the Council of a 10 year land lease on the corner of Dunlop and Hutton streets, the building of the Boy Scout house can go ahead.

— Further development of the parkway drive will be made during the coming summer with the building of a swimming pool between the Plymouth-Northville road and the Ford dam at the Wilcox road. It will accommodate several hundred swimmers during the hot sticky days.

— Northville is in the grip of a severe cold wave. Temperatures have hovered below or near the zero mark for days. A low of nine below was recorded.

Police Review

Submitted by Chief Eugene King of the Northville Police Department

Northville police find themselves warding off a volley of questions just about every time a motorist gets ticketed for a violation falling under Section 8-1 of the city's Uniform Traffic Ordinance.

Two dollar tickets are issued for violations.

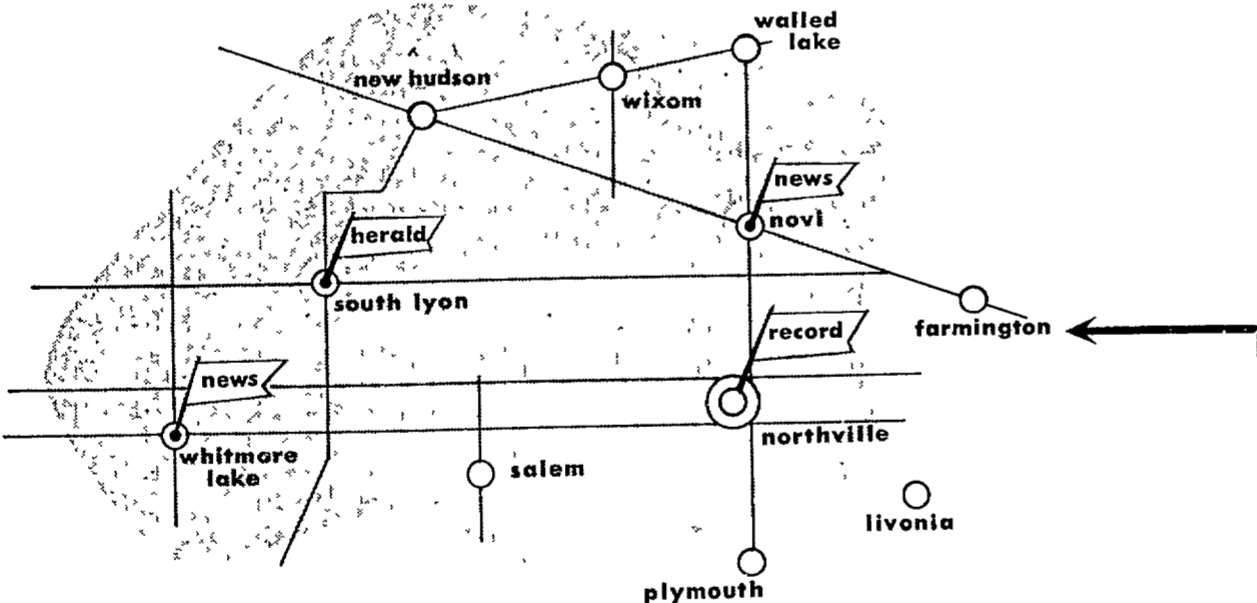

"We enforce the law strictly," King said, "to see that the flow of traffic along any roadway isn't impeded by cars jutting out from the curb, as well as to prevent any accidents that might occur when a driver, parked on the wrong side of the street (against the flow of traffic), swings across oncoming traffic to get in his proper lane."

Copies of the city's Uniform Traffic Ordinance may be obtained at the Police department Police Chief Eugene King, has for the sum of 25-cents.

OPTIMIST HEADQUARTERS — Groundbreaking ceremonies for the Optimists International's new headquarters in St. Louis, Missouri, was announced last Wednesday by Glenn Deibert, president of the Northville Optimist club. The headquarters will house 43 staff members in 15,000 square feet of office space on ground and first floor levels. The building is scheduled to be completed late this year.

SPEAKING for the Record

By Bill Silger

Whenever someone is involved in a fire, whether property damage has been heavy or light, it's inevitable that the work of the fire department will be mentioned.

"Don't forget to commend the firemen for the job they did," is the unanimous comment.

It's not just a polite phrase. But to appreciate firefighters you have to need their services.

It's like the arrival of the doctor when your small child is sick.

Last week in the early hours of Wednesday morning fire broke out in the pressroom of this newspaper.

Aroused by Officer Frank Heintz and informed that two units were fighting a fire at The Record I could only imagine the worse.

I fully expected to see a gutted shell when we arrived on the scene minutes later.

Instead Bill McGee and Alex Lyke and their crew had the flames under control and confined to one section of the ceiling in the rear of the pressroom.

Their work in the smoke-filled building was completely professional. A ton of worry was lifted off my shoulders when I watched them perform.

Township Treasurer Roy Terrill expressed the same sentiments to me this week. Fire struck his farm destroying a tenant house last week. Fast action of the Salem, House of Correction and Northville departments saved adjoining buildings from damage.

So to volunteers who answer the fire call — and usually at a most inconvenient hour — go our profound thanks.

The coordination between city departments in the case of fire is also worthy of comment.

On hand at The Record fire was Public Works Superintendent Bud Hainner in case his department was needed, while Officer Heintz handled all police problems.

We expected to hear some comments last week on the change in the appearance of the newspaper.

But not a word.

The change is from eight columns to nine columns per page.

It's hardly noticeable in the general appearance of the paper even to an experienced eye unless you bother to start counting.

The nine-column newspaper is quite common with weeklies using a flat bed press and wide-sheet newsprint. The extra column is gained by reducing the column width to the same size as the daily papers using rotary presses.

We were happy to have received several calls approving of our new combination classified advertising pages. The callers liked the idea of more want ads with wider coverage and said they received better results.

* * *

Residents accustomed to parking in front of their homes but with their cars headed in the wrong direction better take warning.

Police are ticketing vehicles parked in this manner. It's a traffic hazard, says Chief Eugene King.

To keep the public informed on other city police ordinances and the purpose they serve, the chief will write a column, "Police Review" on a fairly regular basis. His first article appears on page 11 this week.

Eyes Insurance

Babson Park, Mass., First a word regarding the purchase of life insurance. This should be a must for every young person. It should be first in one's financial program before thinking of real estate, stocks, or bonds.

Personally, I prefer the simple "twenty-payment life" without any endowment or other fringes. Get this first. After you are married you can get life insurance to pay the mortgage on your house, or to put your children through college, or to travel in the U.S. or abroad. An endowment policy may be a good way to save money for one who has no patience or self-control, but I would rather invest some other way.

I also believe in business insurance and "estate planning," in which my friend Mr. McMillan of Memphis, Tenn. has specialized. This is a newer form which applies chiefly to those in active business whose estates would be severely taxed at time of death. It also shows how by use of trusts, gifts to members of one's family and to charities, such taxes can be greatly reduced.

But this week I want to write about buying the stocks of life insurance companies. These usually do not yield much income. Their cash dividends are very small and they sell at high prices. The reason is that a growing life insurance company must continually "plow back" more money for the required legal reserve.

You know that life insurance companies are carefully audited by the government, which is another reason for buying them.

To offset the small cash dividends, the companies pay generous stock dividends. Some pay such stock dividends every year; while other companies give a large 50% or more dividend every five years. These stock dividends are nontaxable until you sell the stock received therefrom.

As a rule, life insurance stocks are bought only by rich people; but in many cases this is one reason these people are rich! My appeal this week is that small investors buy good life insurance stocks now, although most bankers and brokers will always claim that such stocks are "too high."

One of the planks in President Kennedy's platform was to help the aged by free medical care and in other ways. The American Medical Association and the American Dental Association, composed of some 275,000 doctors and dentists, are fighting this program.

Heretofore, most of the life companies have refused to insure people over 65 years of age; but if the Kennedy legislation passes, they may insure persons 75 years of age or perhaps older.

Not only do the "oldsters" favor this legislation, but also the children of the aged who are thus relieved of providing

proper medical and dental care for their parents.

Hence, I forecast that President Kennedy will succeed in getting this legislation passed.

The Eisenhower Plan was to provide Federal funds to match State funds for medical aid. The AMA and ADA were willing to approve this, apparently on the assumption that most states would be niggardly in their appropriations.

The Kennedy Plan is to have the movement purely a Federal affair, tying it to the Social Security program. It would probably mean a 1/4 of one percent boost in the Social Security Tax, to be paid as now — jointly by employer and employee.

Either of these two plans should be most beneficial to the life insurance companies, which are interested in one thing, namely in increasing the health and length of life of the American people.

Wherever the money may come from, every doctor and dentist, every drug manufacturer and druggist — and all devoted children — are interested in helping older people and their friends. In fact, there is no group of companies except the life insurance companies which have so many people working for them!

Local Four To Receive WSU Degree

Degrees will be conferred on 1,563 candidates during Wayne State University's midyear commencement exercises at 8:30 tonight (Thursday) in the Masonic Temple Auditorium.

Local students included in the list of degree candidates are:

Carolyn T. Anderson, 21234 Halsted, (B.S.); Richard C. Grimshaw, 21075 Cambridge Dr., (B.A.); Alice Pepple Sandrock, 950 N. Center, (M.E.D.); Gertrude Bagnall Sprunk, 47105 Stratford, (B.S.).

President Clarence B. Hilberry will confer 1,066 undergraduate degrees and 497 graduate degrees in addition to six honorary degrees.

The breakdown of graduates by schools and colleges is: College of Education, 484 bachelors and 313 masters; College of Liberal Arts, 354 bachelors and 81 masters; College of Engineering, 85 bachelors and 28 masters; School of Business Administration, 90 bachelors and 18 masters; College of Nursing, 16 bachelors and 23 masters; College of Pharmacy, 22 bachelors and two masters, and Law School, 15 bachelors and one master.

In addition, there are 31 doctorate degrees being presented. The total of 1,563 degrees compares with the previous midyear high of 1,328 in February, 1958.

February graduation includes students who completed degree requirements last August in addition to those who qualified this semester.

Unemployment Pinch Hurts

Echoes of unemployment in the federal Congress. He thinks this state reverberate from legislative halls to relief lines and vice versa.

Since most goods and services in the state are consumed at a higher rate by working people than unemployed, nearly everybody feels the effect of economic hardship caused by unemployment.

The year 1961 has started out as if it were going to turn into a less than satisfactory one from the employment standpoint.

Though some economists and politicians too, hopefully predict an upturn in the final half year of 1961, the fact is any period of poor economic conditions is felt for a long time after things improve.

Take two of Michigan's major, non-manufacturing industries, for example.

Farmers don't sell as much food when Michigan factory workers are out of jobs. While much farm produce is shipped out of the state, the biggest market is still at home.

Tourist and resort operations account for another big slice of Michigan business each year.

But out-of-state people alone don't bring prosperity to the owners of hotels, motels, stores, gas stations and the hundreds of other businesses surrounding Michigan recreation areas.

Michigan is not alone, of course, as a state with recurring unemployment problems.

However, the problem here is with us time and again, and always produces a hitch in state operations as well as in the economy as a whole.

It's like an athlete who runs a continuous 100-yard dash, but falls into a hole every 25 yards.

Things race along between unemployment seizures, but every time the state falls into a hole, it must painfully crawl out and get back on its feet before it can start running again.

State fiscal officials take into consideration the trials and tribulations of the economy when they estimate revenue for a given year.

Lawmakers too would like to gather an intimate knowledge of the workings of the economy to help them in planning for expenditures and decide what can be done in what year.

Committees working on the program are in operation. More people will tackle the same issues from different angles.

Whether government intervention, either state or federal, will ease the problems which unemployment creates in an economy like Michigan's is a question only trial and error will answer.

Argument over "guided economy" versus "laissez faire" will likely go on.

At the same time, government will likely continue to operate more and more programs aimed at bolstering sagging sectors of the economy.

Numerous federal programs are in the works. Some would try to guarantee less drastic peaks and valleys in the employment picture.

Others would aid chronically distressed areas. Almost all would apply in some way or another to Michigan.

Gov. John B. Swainson, for one, has his eye on area redevelopment legislation before

the federal Congress. He thinks we have fruitful training ground in Michigan for testing such a program.

Should truckers try to hoodwink the state on weight taxes, they would face a virtual army of investigators and observers. Secretary of State James M. Hare said officers from his branch of the government, whose job it is to see that commercial vehicle registrations accurately reflect the size of the vehicle being registered, work closely with the weighmasters division of the Highway Department and the enforcement officers of the Public Service Commission.

The State Department of officers carry a book with them showing each commercial registration by license number and size.

When an obvious discrepancy between actual weight and registered weight turns up, spotted by men of one or the other of the agencies concerned with these things, further investigation often leads to other violations.

In addition to follow-up checks on certain companies, the Department of State tries to cover every truck in the state every two or three years with spot checks for weight viola-

tions. Last year, \$404,744 came into state coffers from this type activity, and more than three quarters of it was additional payments from people who paid insufficient weight taxes when they registered their vehicles.

Things Uncle Sam doesn't want can often be a boon to someone in Michigan government or education circles.

Federal surplus property ranging from buttons to bulldozers and from adding machines to airplanes is distributed to states under a complicated program run jointly by the U.S. government and the states.

In fiscal 1959-60, Michigan received some \$8 million worth of such property.

This year, the total could go even higher. Local units of government as well as school districts and state agencies are eligible, under specified conditions, to receive the bounty of the unwanted federal property.

The property may be new or old, usable as is or in need of repair, but the qualified group that wants it gets it for just a nominal service charge.

These charges amounted to only a little over 4 per cent of the total worth of the property received in the last fiscal year.
