

Board Reveals Teacher Incentive Pay Plan

Northville school teachers got their first look Tuesday at the proposed self-improvement salary schedule plan drawn up by the board of education.

Administrators and board members aired the plan with teachers yesterday at meetings in the individual schools. Last week members of the Teachers' Salary Study committee reviewed the proposal.

The board's program would introduce an "evaluating council" to help determine who should receive the self-improvement raises.

Cost of implementing the plan would be spread over two years with about \$30,000 in pay raises effective as of next

year. An added expense of \$15,000 — \$17,000 must also be provided for a minimum of three additional teachers.

School officials speculated about \$40,000 in revenues would be available. The rest would be saved, they said, from some other part of the budget.

They pointed out that under the new schedule no teachers would receive pay cuts. On the other hand, all will receive a minimum \$200 pay hike come next fall if the plan is approved.

Comparing the proposed pay schedule with the one shaped by the teachers' salary committee, Superintendent Russell Amerman found the two much

the same save for two features included in the board plan — pay increases on super maximum steps (this applies to teachers with 15, 20 and 25 years experience) and increments based on self-improvement plateaus.

Outlining their rationale for their salary proposal, board members stated:

"This plan places a premium upon teacher growth and involvement in educational and community affairs. It provides opportunities for financial recognition of a teacher's effort to improve teaching skills and to advance professionally.

"The plan for advancement is that a teacher who can show

what he has, and is accomplishing by way of professional advancement and skillful use of teaching techniques, shall be eligible for advancement on the salary schedule.

"Self improvement steps on plateaus have been placed on the salary schedule between the fourth and fifth steps and between the eighth and ninth steps (this refers to the present pay system). There are also four distinct salary schedules based upon successfully earned semester hours or approved college credit. At the 15th, 20th and 25th year of teaching, three super-maximum steps are possible based upon successful completion of self-improvement requirements."

How does the plan work?

Teachers may pass a self-improvement plateau — meaning a pay hike — by (1) applying teaching techniques as spelled out in 9 areas listed in the board plan and indicated currently in a self evaluation form; teachers review annually with their building principal; and (2) completing two separate requirements from those suggested in the professional growth section of the board proposal.

In any self-improvement or merit type plan the question of whose to judge arises. The board's answer is a committee including:

— The superintendent of schools, who shall act as chair-

man and vote only in case of a tie;

— An administrator or a member of the teaching staff designated by the superintendent;

— The principal of the building where the teacher is employed;

— Two teachers, one from grades kindergarten-5 and one from grades 7-12.

Teacher representatives will be nominated by the Northville Teachers' club and selected by the superintendent of schools. At least two teachers will be proposed in each area. These members must hold life, continuing or permanent certificates, and have passed (or be eligible to pass) the first improvement plateau of the board

salary program. Teachers will serve for one year and not be eligible to succeed themselves.

According to the board program, any teacher seeking a plateau jump must write the committee of their intent by February 1st of the school year preceding the anticipated advancement.

The committee must also okay beforehand any activity a teacher might want to use to meet professional growth and credit requirements.

With greatest emphasis placed then on application of teaching techniques and professional growth, what are some specifics the committee will look for when they study a teacher's application for plateau jump?

As set down in the plan's teaching techniques section, they'll study for example, how well the applicant identifies pupil needs, directs activities, motivates students, evaluates pupil growth and maintains room atmosphere.

For professional growth, applicants may choose any two from a list including approved work experience, participation in a workshop or seminar equivalent to two semester hours of credit at an accredited school, publication of original research in a recognized journal or in book form and active participation in a service capacity in an out-of-school community activity. There are others.

Requirements for super maximum advances are measured

in the professional growth and teaching technique categories.

Reviewing other facets of the plan, Superintendent Amerman noted that teachers may get more by advancing vertically (tenure) up the salary schedule and horizontally (self-improvement).

Provision is also made for teachers with the equivalent of a Master's degree.

Should the plan be approved as it stands now, the exact position of teachers in the new salary structure would be fixed in time for 1962-63 contracts. By that time all teachers will be classified by the superintendent and building principal in line with steps and their qualifications specified in the board plan.

Center St. Paving Still 'Iffy' Issue

Exchange of communications between city and school officials regarding paving of North Center street and vacating of West street may soon require a special budget for postage.

The issues have been bounced back and forth between the bodies until officials on both sides are showing signs of irritation.

But the school board is definite about its stand on the vacation of West street between Main and Cady.

Supposedly the action was to be taken by the city council as a part of the sale of the community building to the school district.

Complaints from residents of Cady and First street that vacating the street — not used for vehicles, but serving as a pedestrian cross-walk — might eliminate the sidewalk which serves to divide the long block between Rogers and Wing have prompted the city council to hesitate.

In answer to a city request

that the school "reasonably guarantee" the maintenance of the walk in its present position, the board was told by School Attorney James Littell that this could not be done.

The answer, he suggested, is to proceed with the vacation of the street. It is the school board's intention to retain the cross-walk, but future boards cannot be obligated to this requirement. In the event it ever became necessary to build over the present walk, the board has indicated it would propose to provide another walk as close as possible to the present one.

In the latest Center street development the city proposed creation of a special assessment district that would charge the school for one-half the cost of paving from the new cut-off north to South Ely.

While the west side fronts on school property, the east side borders on property owners in the original city limits. The rule governing these residents, insofar as the city council is concerned, is that their payment for paving would come from general funds.

Attorney Littell maintains that such an arrangement does not meet the special assessment district requirements that permit school districts to participate.

Littell did indicate, however, that the school could participate if some assessment were applied to property owners on the east side on the basis that school property might be benefited more by the improvement than residences on the east side.

Thus the board declined action on the city proposal and instructed Littell to restate his opinion in a letter to the council.

Property owners on the east side of Center have urged both the city and school to take action on paving the street. Heavy traffic loads in recent years have caused mud, dust and bumpy conditions in the spring and summer months.

In other business Superintendent Russell Amerman reported to the board that local tax collections have been very good and are responsible for the board approving payment of \$100,000 borrowed against anticipated tax receipts. The payment was not due until June.

State aid revenues have also picked-up, Amerman stated. All money due through last December has been received and, according to Amerman, payments will be brought up to date by June.

Board members quizzed athletic field contractor Gerald Taft and School Engineer Harold Penn on a \$2,100 bill the board received from Taft's company for work on the high school track.

The bill covered costs for rolling down a two-inch metal curbing that hugs the inner edge of the track and for dressing up the track surface adjacent to the edge.

Penn discounted the board's suggestion that his company share any responsibility or expense. He maintained that school officials, ostensibly acting on board authority, had ordered the edge rolled, even though original plans showed it exposed.

Track and field association rules call for a raised inner curb. However, it was feared the metal type used at the high school would be a hazard to runners.

As for the additional work on the track surface, Penn said this had been done to close cracks which appeared in the Grasstex topping after the metal curb had been rolled. Water had seeped in to dilute some of the sealer, he said.

If water was standing on the track, hadn't Penn included any drainage provisions in original plans, queried the board.

Penn admitted they had been omitted, but added that he planned to cut holes or wedges in the curbing to permit water run-off.

Still dissatisfied, the board directed members James Kipper and William Crump to pursue the matter further with Penn.

Superintendent Amerman reported that an annexation petition by Richard Davis to join his property to the Northville school district had been denied at a tri-county board meeting.

Davis' property is across from Meadowbrook Country club on the corner of Eight Mile road and Cambridge drive.

The Davises have been send-

It's a Race At Mill Pond

Sharpen your skates and wish for cold weather, kids.

The annual ice skating races sponsored by the Northville Optimist club and recreation department are scheduled for Sunday at 2 p.m. at the mill pond.

There'll be trophies and medals for boys and girls in all age groups. Boys and girls will compete against youngsters of their same age and sex in seven different age categories from five to 17 and over.

Three races will be conducted for each age group with trophies going to the youngster compiling the most points on the basis of his performance in all three events. Second and third place winners in each class will be given medals.

Kenneth Conley and Stan Johnston will be in charge of the event. If the weather is bad, the races will be postponed one week.

UF, Local Drives Studied By Coordinating Council

The question of community fund drives and comparison between the United Foundation campaign and the independent community fund drive will come before the Northville coordinating council again next week.

It will mark the second session the representatives of the various area organizations have devoted to the study.

Normally scheduled to meet this evening, the coordinating council rescheduled its meeting for Thursday, February 23 at the city hall.

At that time the group will hear Mrs. William Milne discuss the Torch Drive as it is now conducted in Northville. Mrs. Louise Cansfield will review the local drive for funds as it was conducted before joining the UF.

At its January session the council members heard Russell Isbister, chairman of the 1960 Plymouth Community Fund drive, outline the function of Plymouth's campaign. It is conducted by community residents and supports four local, six western Wayne county, and 22 united health and welfare agencies.

Northville is in its fourth year as a part of the UF program. During that time, UF figures released from the organization point out that Torch Drive services to area residents have increased as much as 366 per cent. Local residents have increased their use of family services 255 per cent in these years, the report states. Mrs. Milne is a member of the local committee responsible for planning services for the Northville area.

The question of whether to continue as a part of the UF drive or conduct an independent community fund drive was discussed by representatives of the following organizations at the last coordinating council meeting: Woman's club, Mothers' club, Business and Professional Women, Retail Merchants, Kings' Daughters, Garden Club, Methodist, Lutheran and Presbyterian churches, Rotary, Optimist and Exchange clubs, Masons, W.I.L.P.F., Northville city council, D.A.R. and Delta Kappa Gamma.

Earl Clifford White, 22, of 1910 Austin Drive, Walled Lake, was bound over to Circuit Court last Thursday on a charge of first degree murder in the shotgun slaying of his stepfather in New Hudson last January 22.

Trial proceedings will begin at 1:30 p.m. next Monday. Judge Clark J. Adams will preside.

Justice of the Peace Robert K. Anderson bound White over after hearing evidence presented by the assistant County Prosecuting Attorney, Anthony Renne. Defense attorney was James P. Lawson, of Farmington.

Testimony, largely that of Michigan State Trooper Myron Franks, of the Brighton Post, painted the picture of the slaying of William Henry Thompson, 29, outside the New Hudson Inn.

The Northville Record

IF IT'S NEWS... AND IT HAPPENS IN NORTHVILLE... YOU CAN READ IT IN THE RECORD

Propose Apartment Project Here

An artist's rendering of the proposed apartment project shows four units are planned for this fall on Baseline near Taft road.

Plan \$300,000 Units For Fall Completion

The Northville planning commission scheduled a March 7 public hearing this week to consider zoning changes that will pave the way for construction of a \$300,000 apartment building project in the city this year.

Initially, four two-story buildings containing four apartment units each would be constructed. Plans call for the project to be expanded to six units providing a total of 24 individual apartments.

Detailed plans and color drawings have been submitted to city planners by Herman Moehlman, Northville attorney representing the developer, Davison Obenauer.

The project is to be located on a five-acre site on the south side of Baseline road barely within the city limits and almost directly across from Taft road and the new Eight Mile road cut-off junction. The property is owned by John Jones and adjoins his residence at 673 Baseline.

To set machinery in motion so that the project can be scheduled this spring planners must first recommend establishment of a new zoning classification for multiple dwellings. This action has been under consideration for several months.

Multiple dwellings now come under R-3 zoning, which also permits lodges, clinics, etc., and has generally been considered too broad. A new classification, R-2-A has been proposed that would permit apartment houses and home occupation dwellings or any residential units of a more restrictive classification.

Planners have been requested by Attorney Moehlman to rezone the five-acre Jones' parcel to the new R-2-A classification.

Building uniquely-designed apartment projects is not new to Obenauer. His company recently completed a million dollar five-building apartment unit in Oak Park.

The proposed Northville buildings will be 30 by 78 feet. They will all face a landscaped court area with pools formed from a natural creek running through the property. Parking will be provided in the rear of the buildings.

The two-story brick buildings will contain one and two bedroom apartments in a rental range of from \$100 to \$125 monthly.

If the necessary zoning changes are completed without excessive delay, work will get underway immediately with completion of the units scheduled for fall.

World Day Of Prayer Service Set

Northville area residents may observe the 75th anniversary of the World Day of Prayer Friday at 1:30 p.m. at the First Presbyterian church.

Principle speaker at the brief worship service will be Mrs. George Jerome of Northville. Co-sponsored by the First Methodist and Presbyterian churches of Northville, the program is chartered by Mrs. A. R. Clarke and Mrs. R. G. Nelson.

World Day of Prayer is sponsored in the United States by the United Church Women of the National Council of Churches. The day was set aside back in 1887 at the suggestion of one woman of one denomination to pray for the success of its home missions and to bring gifts for their support.

Now peoples from 145 countries take part. In America more than 22,000 communities hold special services.

Busy Township Board Holds Special Meeting

A heavy agenda of business remaining from last week's regular meeting was taken up again Saturday morning by the Northville township board meeting in special session.

After two hours, the board still had business left over for the regular March meeting.

Business piled up on the board after its lengthy discussion and split-vote decision to table the April ballot proposal on the hospital authority act at its regular meeting February 7.

Saturday morning the board completed a questionnaire from the Wayne county department of public works. The questionnaire pertained to the board's attitude toward the proposed Middle Rouge interceptor sewer project.

In general the board recognized the necessity of the enlarged sewer, approved of the "contract-bond" method of financing and the concept of the county-wide system.

But several problems remain to be solved including the handling of institution sewer needs within the township, the policing of communities to guarantee they do not exceed their allocated share of the sewer and the final cost to the community.

Contracts for the proposed sewer project are still in the hands of the county DPW awaiting corrections.

In other business Saturday the board voted to have the county treat roads in township subdivisions for dust control twice during the coming summer. Cost of the applications is approximately \$2500.

The board also received an opinion from Township Attorney James Littell regarding the care of the poor in the township. He reported that state law was changed in 1957 taking all the responsibility for welfare care from the hands of the township supervisor and placing complete authority with the county. Local welfare cases must apply for help to the area offices next to Wayne county general hospital on Michigan avenue.

Finally, the board directed Attorney Littell to investigate ordinances governing water and sewers and report his findings at a future meeting.

No Interest In Monday Vote Here

In what may set an all-time record for low vote totals, Northville will open its polls Monday to nominate an auditor for Wayne county.

Both Northville township precincts at the township hall and Main street school will be open, but precinct three in Oakland county will not be involved in the Wayne county primary.

Actually, the vote will be to nominate a Democratic candidate. Only Republican candidate is Vincent J. Murray. In the Democratic ballot are Charles S. Edgecomb, Chester E. Jaworski, Dan Radnovich, Fred S. Robinson, John Skomski and Myzell Sowell.

Interest involves contest between Republicans for township treasurer, justice of the peace and trustee. Candidates are: Incumbent Robert J. Anderson and William MacDermid, justice of peace; Diane Bell and Mrs. Willard Sprenger, treasurer; and Incumbent Gordon Promo and Emery Jacques, township trustee.

There are no primary contests for Democratic nominees or other Republican offices.

In Salem Republican nominees are squaring off for nomination to the supervisor, trustee and treasurer posts. Candidates are: Incumbent William Scheel and Township Treasurer Harlow Ingall, supervisor; Incumbent Arthur Dahl, Henry C. Lentz and Ferman Rohraff, trustee; and for the vacated treasurer's job, Glenn W. Renwick and Mrs. Harriet M. Edmunds.

Novi Man Faces Trial On First Degree Murder

Earl Clifford White, 22, of 1910 Austin Drive, Walled Lake, was bound over to Circuit Court last Thursday on a charge of first degree murder in the shotgun slaying of his stepfather in New Hudson last January 22.

Trial proceedings will begin at 1:30 p.m. next Monday. Judge Clark J. Adams will preside.

Justice of the Peace Robert K. Anderson bound White over after hearing evidence presented by the assistant County Prosecuting Attorney, Anthony Renne. Defense attorney was James P. Lawson, of Farmington.

Testimony, largely that of Michigan State Trooper Myron Franks, of the Brighton Post, painted the picture of the slaying of William Henry Thompson, 29, outside the New Hudson Inn.

P-TA Grades Local Movies

A program designed to grade motion pictures at Northville's P & A Theatre has been introduced by the local Parent-Teachers Association.

The effort has been undertaken with the cooperation of Edward J. Hohler, owner of the theatre, and will be directed by Mrs. Leland Mills, P-TA safety chairman.

The films will be graded on the basis of their suitability for adults, 15-18 age group and 12-15 age group. The ratings will be taken from the national P.T.A. magazine and published monthly in The Record, Mrs. Mills revealed.

First ratings for coming attractions as submitted by the Northville P-TA are: The Sundowners — "excellent" for all groups; Ten Who Dared! — "fair" for all groups.

Paragon Cuts Work Crew Temporarily

Competition from outstate firms paying lower labor rates and the general decline in business were blamed this week for the cut-down in production at Paragon Bridge and Steel company in Novi.

But Paragon President Frank DePodesta scuttled rumors that the firm was closing its doors.

Last week Paragon reduced its work force from a normal employment level of between 200-300 to approximately 30 plant employees. About 25 persons are employed in the offices.

"We have no intention of going out of business", DePodesta stated. "We'll continue bidding on jobs, but we will not lose money to win contracts," he added, referring to low-bidding out-state firms.

The company, which has just enjoyed one of the biggest years in its 13-year history, is one of the largest fabricators of structural steel in the Midwest.

Paragon recently completed a large order for tri-level auto carriers for rail transportation. It is also a major producer of steel for bridge and highway construction.

It is anticipated that the slow-down at Paragon may continue for two months.

Calendar

- Thursday, February 16
 - P-TA, 8 p.m., Community building
 - AAUW, 7:45 p.m., Plymouth Junior High school

 - DAR 1 p.m., Dunning-Hough library, Plymouth
 - TOPS club, 8 pm, Amerman

about WOMEN

Oh, How Garden Club's Scholarship Fund Grew

Northville's Garden club scholarship fund is about \$200 healthier thanks to the nearly 250 women who turned out for the association's Valentine card party Monday.

Sixty tables were filled at the dessert-luncheon in the Wayne County Training school gym. Door prizes were awarded to 16 women, and mandarin candies were used for table prizes. Mary Lamp, an Eastern Michigan university sophomore and recipient of a Garden club scholarship, addressed the women.

A spokesman for the local branch of the Women's National Farm and Garden association said the club was grateful to training school boys who not only decorated the gym and directed party-goers to the room, but chauffeured the women to their cars in the water-puddled parking lot after the party.

Engaged

Woman's Club Convenes Feb. 24

Woman's club members will learn about "Ladies of the White House" at their next meeting February 24 in the public library.

Mrs. D. Dwight Struthers, Birmingham writer and lecturer and former president of the Women's City Club of Detroit, will be the guest speaker at the 2 p.m. meeting.

The Woman's club decided to forego meeting this Friday which is being observed as World Day of Prayer.

KITCHEN DIARY

Scallopine Dish Hails from Rome

Attention, gourmet cooks and connoisseurs of the finer culinary art! Scallopine Madeira, right from the kitchen of a Roman chef, heads our bill of fare this week with Beef Stroganoff close on its heels.

And if you prefer to steer clear of the continental dishes, how about hamburgers (in wine sauce).

Mrs. Nickolas Jenesel, 931 Carrington, provides the recipes. Her formula for scallopine actually does hail from

Rome and found its way to the Jenesel household via an emigrant on a friend's suggestion and adopted it. They have it served on slices of dry toast.

As for Hamburgers in Wine Sauce ... demonstrates a flavorful new twist to an old favorite.

SCALLOPINE MADEIRA

Mrs. Nickolas Jenesel
1 lb. veal, cut in thin slices
salt, pepper, oregano flour
1 clove garlic
4 T butter
1 T tomato paste
1/2 C Madeira or Sherry
Cheese cut in thin slices
cooked spinach seasoned with sour cream and freshly grated nutmeg

Place veal between pieces of waxed paper and beat with a mallet to make paper-thin. Spread garlic paste over meat. Add sprinkling of pepper and oregano, rubbing it into meat, and dust lightly with flour.

Quickly brown meat on both sides in melted butter. Remove meat to a plate. Mix tomato paste and Madeira in a pan and stir until bubbling. Place meat in sauce and cover surface with strips of cheese. Let sauce bubble gently through the meat until cheese is soft. Serve over spinach.

BEEF STROGANOFF

1 1/2 lb. steak, cut into pencil thin strips and dredged in seasoned flour.
1 large onion, chopped
1/2 lb. mushrooms
1 clove garlic, minced
1 can consommé
1 pt. sour cream
1 t paprika
1 T Worcestershire sauce

Saute vegetables in 4 T butter until mushrooms browned and onions transparent. Add beef and more butter. Toss meat for 3 minutes — have heat hot. Meat will be underdone. Remove beef and vegetables to plate. Add consommé; stir until all bits are loosened from pan and sauce slightly thickened. Add sour cream, paprika, and Worcestershire sauce. Stir until smooth. Return beef and vegetables to pan. Heat thoroughly. Serve on slices of dry toast.

HAMBURGERS IN WINE SAUCE

1 lb. ground stewing beef
monosodium glutamate salt and pepper
bread crumbs
milk
to 1/2 cup dry, red wine
1 T butter

Mix all but red wine and butter together and make into 18 or 20 patties. Flatten into very thin patties (Must be done between sheets of waxed paper). Brown patties very quickly on both sides in butter. Remove to platter and keep warm. Add wine to pan and stir. When all bits of meat are removed, put butter in center of wine and swirl pan until butter melts. Strain sauce and pour over patties. Serve immediately.

News Around Northville

Ray Honsinger, 54800 West Eight Mile road, underwent surgery at Ford hospital last Wednesday. Mrs. Honsinger Monday estimated her husband would be hospitalized another 10 days.

Pinochle club members Mrs. Jack Boyd, Mrs. Otto Regentik, Mrs. Dean Honsinger, Mrs. Barney Hostetter and Mrs. Frank Heintz of Northville along with Mrs. Larry Eckles of Plymouth and Mrs. Ed Londo of Wayne dined at Hillside inn last week followed by cards at Mrs. Hostetter's Sunset drive home.

Wilda Schlessman, 220 South Main street, received a Master's degree in nursing last Thursday at Wayne State university commencement exercises. She's presently employed at Hawthorn center.

Her parents, Mr. and Mrs. William Schlessman, live in Monroe, Ohio.

The VFW Ladies' auxiliary and Post 4012 went to Ann Arbor February 8 to entertain patients at the Veterans administration hospital there. Sixteen members took part. They played bingo and served refreshments.

Mrs. Alfred Smith, Jr., hospital chairman for the auxiliary, was in charge of the project.

Mrs. Waldo Johnson will provide the review Thursday (February 23), when the Northville Review club gathers at the home of Mrs. A. W. Hahn, 548 West Main street.

Mr. Starr Bray of 231 Rogers street spent the weekend with his brother, Carl, and family in Union City and with other relatives in Coldwater and Quincy.

Roy Stone, owner of the Gamble store in Northville, is in Rockton, Illinois this week attending a paint dealers' convention.

Pilgrim Shrine will have an Advanced Officers Ceremonial Monday at 8 p.m. in the Plymouth Masonic Temple. Refreshments will follow.

NOTICE PRIMARY ELECTION

TO THE QUALIFIED ELECTORS OF THE TOWNSHIP OF NORTHVILLE, COUNTY OF WAYNE, MICHIGAN

NOTICE IS HEREBY GIVEN, That a General Primary Election will be held on Monday, February 20th, 1961, at the respective polling places hereinafter designated:

PRECINCT NO. 1—Main Street Grade School
PRECINCT NO. 2—Northville Township Hall

For the purpose of placing in nomination by all political parties participating therein, Candidates for the office of one (1) COUNTY AUDITOR.

On the day of any Election the polls shall be open at 7:00 o'clock in the forenoon and shall be continued open until 8:00 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing shall be allowed to vote.

MARGUERITE NORTHUP
NORTHVILLE TOWNSHIP CLERK

Christine Zajdel, Horace Southerland Married in Double Ring Ceremony

Christine Alexandra Zajdel and Horace Lee Southerland exchanged marriage vows January 21 in a double ring ceremony at Our Lady of Sorrows church, Farmington. Father Lauringer officiated.

The bride is the daughter of Mr. and Mrs. Stanley Zajdel of Farmington and the groom is the son of Mr. Arthur Southerland of Georgia and the late Mrs. Southerland.

For her wedding trip the new Mrs. Southerland chose a periwinkle blue wool suit with black accessories.

The groom, who has been living at 47840 West Seven Mile road in Northville, is a member of the armed forces. Presently stationed at Fort Lewis, Washington, he will leave shortly for overseas duty.

The bride, a graduate of Ladywood High school, expects to join her husband soon at his new post.

Mrs. Horace Lee Southerland

Biggest Losers Win All In Dieters' Slim-Down

Here's a new contest twist. The team that loses the most wins.

Contestants, as you may have suspected, are dieters and members of a parent organization known as the TOPS (Take Off Pounds Sensibly) club.

Two chapters — the Northville Eater Beaters and the Milford Leaners — met Monday night at the Amerman school to launch an 8-week slim-off. When it's all over, the losing team will host the winners at a low-calorie luncheon.

Wed Here

In a February 10 ceremony conducted by Justice E. M. Bogart, Nancy Carole Navaree of Dearborn and Lee Henry Conrad of Detroit were married. Shirley Beanblossom and Darrel Eyster, both of Dearborn, witnessed the marriage.

Saturday evening Justice Bogart conducted two marriage ceremonies. Shirley A. Kline of Lansing and Robert W. Wear of Bath exchanged vows with Mrs. Bogart and Mrs. Pauline A. Cole as witnesses.

In the second, Brenda Schilinski of Livonia and Richard Ambrose of Detroit were wed. Constance F. Modisette of Farmington and Joseph G. Brangato of Detroit witnessed the ceremony.

Northville Eater Beaters weighing in Monday night shared a 17 1/2-pound loss.

Anyone interested in the figure trimming club goals should call FI. 9-0731 or GL. 3-1736. The local group meets every Monday night at 8 o'clock in the Amerman school.

Hold Annual Ball Saturday Night

Orient Chapter No. 77, Order of the Eastern Star, and Northville Lodge No. 186, F & AM, will hold their Annual Ball Saturday from 9 p.m. til 1 a.m. in the Community building.

Tables will be available for cards, and refreshments will be served.

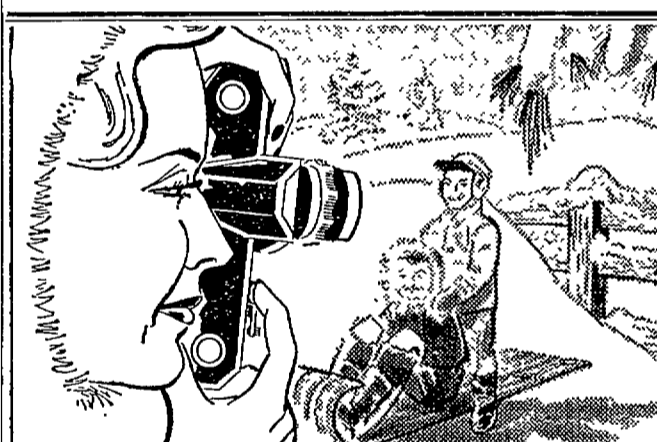

Tickets may be obtained at the door.

Perfect setting for romance

This couple look well-matched for each other. They're both well-dressed, well-groomed and this is a natural when your clothes are dry cleaned by us. Your clothes are also moth-proofed with Sanex at no extra charge. Why not make us your dry cleaning home?

NEWCOMER'S CORNER

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

BOUGHT "FARMLET" — Leonard and June Doub, former residents of the Pontiac area, will have their share of yardwork to do this summer. The newcomers' home is on a 25-acre plot at 21170 Chubb road. Their children are Eleanor, left, Margaret, next, and David. Mustangs Steve Juday (41) and Danny Brown (31) can't get this rebound from Clarkston's Bill Powell.

"They're friendly, most hospitable and seem very proud of their community," commented newcomer June Doub.

Mrs. Doub, housewife and mother of three young children, was talking about the Northville people she and her husband

time lately," the housewife remarked.

In the meantime, her girls are filling in for her. Margaret belongs to the Girl Scouts and Eleanor is a Brownie.

The Doubs are looking for great things from their 25-acre "farmlet" on Chubb road. They've already done some housebuilding, adding a couple of small rooms to the remodeled ranch-type house. There are 10 acres of fruit trees on the place and plenty of room for the horse Margaret and Eleanor have been pushing for, said Mrs. Doub.

What are some of the family's other interests? Mom and Dad like square dancing, gardening and taking pictures of their youngsters. Doub, too, is a bowler and belongs to professional groups related to his work. The girls take piano lessons.

Both he and his wife are Wayne State university graduates. A social work major, Mrs. Doub worked in Detroit settlement houses and did some professional Girl scouting after college.

Girl Scouts, especially the adult training aspect, remains Mrs. Doub's favorite activity, although "changing homes and having a new baby have demanded just about all of my

time lately," the housewife remarked.

In the meantime, her girls are filling in for her. Margaret belongs to the Girl Scouts and Eleanor is a Brownie.

The Doubs are looking for great things from their 25-acre "farmlet" on Chubb road. They've already done some housebuilding, adding a couple of small rooms to the remodeled ranch-type house. There are 10 acres of fruit trees on the place and plenty of room for the horse Margaret and Eleanor have been pushing for, said Mrs. Doub.

Both he and his wife are Wayne State university graduates. A social work major, Mrs. Doub worked in Detroit settlement houses and did some professional Girl scouting after college.

AAUW Stages Fairy Tale to Let Children Sample Live Drama

Snow White and Rose Red, as well as all the other characters from Grimm's fairy tale of that name, will slip from the pages of the storybook onto the stage of the Plymouth High school auditorium this Saturday.

Players from the Drama study group of the Northville schools by Mrs. Tom Cummings and Mrs. Don Schwendemann, with Mrs. John Robertson taking orders at her home.

The fairy tale drama is geared to youngsters in the 4-9 age bracket.

In answer to overwhelming public response, a third performance has been scheduled for 3.30 p.m. Two others are slated at 10 a.m. and 2 p.m.

Tickets were sold in the schools by Mrs. Tom Cummings and Mrs. Don Schwendemann, with Mrs. John Robertson taking orders at her home.

Take 'Stock' Of Exchange At AAUW

"What Makes Us Tick" — a film on the inner workings of the New York Stock exchange — and a talk on "Risk Investments for Security" are on the program agenda for tonight's (Thursday) regular meeting of the Northville-Plymouth branch of the American Association of University Women (AAUW).

The meeting is slated for 7:45 p.m. in the Plymouth Community Junior High school.

Mrs. Richard Larson and the AAUW Status of Women study group she heads are bringing the program. Her husband, Richard Larson, registered representative of Watling Lurchen and company — member of the New York Stock exchange — will discuss risk investments.

A team of hostesses including Mrs. Walter Nichol, Mrs. C. C. Gracey, Mrs. Doris Saunders and Mrs. F. H. Armstrong is under the chairmanship of Miss Irene Truesdell.

Lesson Planned By Camera Club

Class night, with analysis and criticism of selected slides, is planned for the next meeting of the Northville Adult Camera club Wednesday in the living room of Wayne County Training school's employees' residence.

The meeting starts at 7:45 p.m. Transportation may be arranged by phoning either FI 9-3259 or FI 9-1004.

WE'LL GIVE YOU THIS

ceiling installation kit

when you buy an Armstrong ceiling

FREE to Weekend Wonders. A Weekend Wonder is someone who installs his own Armstrong ceiling. The kit makes it easy; it contains a ceiling tile knife; 6" steel tape; chalk and chalk line; installation instruction book; Weekend Wonder apron.

Heads Local Red Cross Eighth Year

Members of the Northville branch of the American Red Cross met at the home of Mrs. A. C. Carlson, Fairbrook road, to become acquainted with the new county branches representative, Henry Maurer of Detroit.

After outlining the program for the coming year, Maurer presented the women special awards and pins.

For the eighth consecutive year, Mrs. A. C. Carlson was elected chairman. The following officers will serve with her:

Mrs. Mabel Cooley, co-chairman; Mrs. Robert Dixon, secretary and blood bank co-chairman; Mrs. Clifford Winter, chairman of the blood program; Charles Carrington, disaster chairman; A. E. Jones, co chairman; Mrs. Jess Boyd, canteen chairman; Mrs. William Cansfield and Mrs. Milton West, home service chairman, and Mrs. Emma Reid, Mrs. Clifford Turnbull and Mrs. J. R. Cunningham, trustees.

FUN DAY at Our Lady of Victory church was just that for Sharon Hlohenic (right) shown receiving her prize from Mrs. Robert Flattery in the "cake walk" event. Hundreds of children enjoyed games and refreshments. The Saturday afternoon event was staged to raise funds for school playground equipment.

Local Groups See Cancer Control Films

Two educational films on cancer control were shown during the past week at three different meetings of Northville organizations.

On February 8 the Exchange and Optimist clubs saw both "Out of the Shadows" and "The Other City". Dr. Jan Bosch presented the films to the Exchange club members, while Mrs. Ernest Shave provided the films for the Optimists. She is Northville branch chairman of the education unit of the Michigan Cancer Foundation.

Last evening the film "Time and Two Women" was shown before the VFW auxiliary with the American Legion auxiliary and Business and Professional Women as guests. Mrs. Francis Broda was program chairman for the VFW auxiliary. The program was provided by Mrs. L. M. Eaton, local chairman for the MCF, and Dr. Bosch was speaker.

NOTICE of PUBLIC HEARING

TUESDAY-MARCH 7, 1961- AT 9:00 P.M. CITY HALL—NORTHVILLE, MICHIGAN

PLEASE TAKE NOTICE that the Planning Commission for the City of Northville shall conduct a hearing at the time and place specified above, upon the petition presented to it for the rezoning of the following described property from R-1 classification to a proposed R-2-A classification (Restricted Multiple Dwelling).

LEGAL DESCRIPTION

Lot No. 442 of Assessor's Northville Plat No. 5, City of Northville, Wayne County, Michigan. This property is located on the south side of Baseline Road (West 8 Mile Road) and is bounded on the north by said Baseline Road, on the west by the City Limits, on the south by Lot No. 441 and on the east by Lots Nos. 441, 443 and 444, all of Assessor's Northville Plat No. 5. This property is also known as 673 Baseline Road, Northville, Michigan.

Signed: George Zerbel, Chairman Northville Planning Commission

We'll Know by Saturday Night

Mustangs Could be Sittin' Pretty

Psst! Don't look now, buddy, but around 10 o'clock or so Saturday night, Northville high Mustangs could be sitting pretty... pretty darn near seventh place in the W-O League standings.

This is the situation facing the sputtering Mustangs as they face a two game set this weekend. Bloomfield Hills visits Northville tomorrow night and the Mustangs travel to Clarenceville Saturday evening.

After last Friday's 66-57 defeat to Clarkston, Northville's record reads 5 wins and 5 losses, presently tied with — that's right — Bloomfield Hills for third place. And just a game below them is — right, again — Clarenceville with a 4-6 slate.

So, one can see wherein lieth the possibility of our Mustangs winding up helping West Bloomfield serve as a

foundation for the rest of the league by late Saturday night.

Northville just plain pipped out against the Clarkston Wolves last week. It was an even first quarter, tied 12-12, and an almost even second quarter with the Mustangs on the very short end of a 27-24 margin.

But they reared up their heels and kicked the Wolves right in the chops, taking a 35-33 lead on forward Dave Filkin's two free tosses with 4:05 to go in the third period.

Here was where that "popped out" feeling hit Northville. Until the final buzzer which came five minutes and 18 seconds later, they scored a measly five points to the Wolves' 15. There is no comparison between those scores and there was none on the floor.

and racing on to an eight point lead. That was sliced a little but Northville still clung to a 46-43 lead at the three-quarter mark.

Then both teams played a game of bouncy-bouncy with the lead exchanging hands something like five times in the first two minutes and 42 seconds of play in the fourth quarter. After the smoke cleared, Clarkston was holding a scant 51-50 lead.

Center Danny Brown's 14 points led Northville. He got stretch drive to victory. Altogether, he had 10 points in the last quarter, 17 in the second half compared to five in the first half to take game scoring honors with his 22 point total.

But it wasn't enough often enough. Northville hit just 31 per cent of their shots, converting 20 of 65 attempts. Of course, Clarkston's percentage was only 31 per cent — 25 of 80 — but then, they didn't pester out.

Ron Lundy had 20 and Mike Applegate 15 to help Powell out. And a sad part of the whole deal is that these three and a fourth starter, Hal Weston, had four personal fouls hanging over their heads through the last quarter.

The District opens March 3 at Milford.

eight in the last quarter. Tom Long had 13, Steve Juday 12, Dave Filkin 9 and Craig Bell 7, to give Coach Dutch VanIngen some of the best balanced scoring he's had this year.

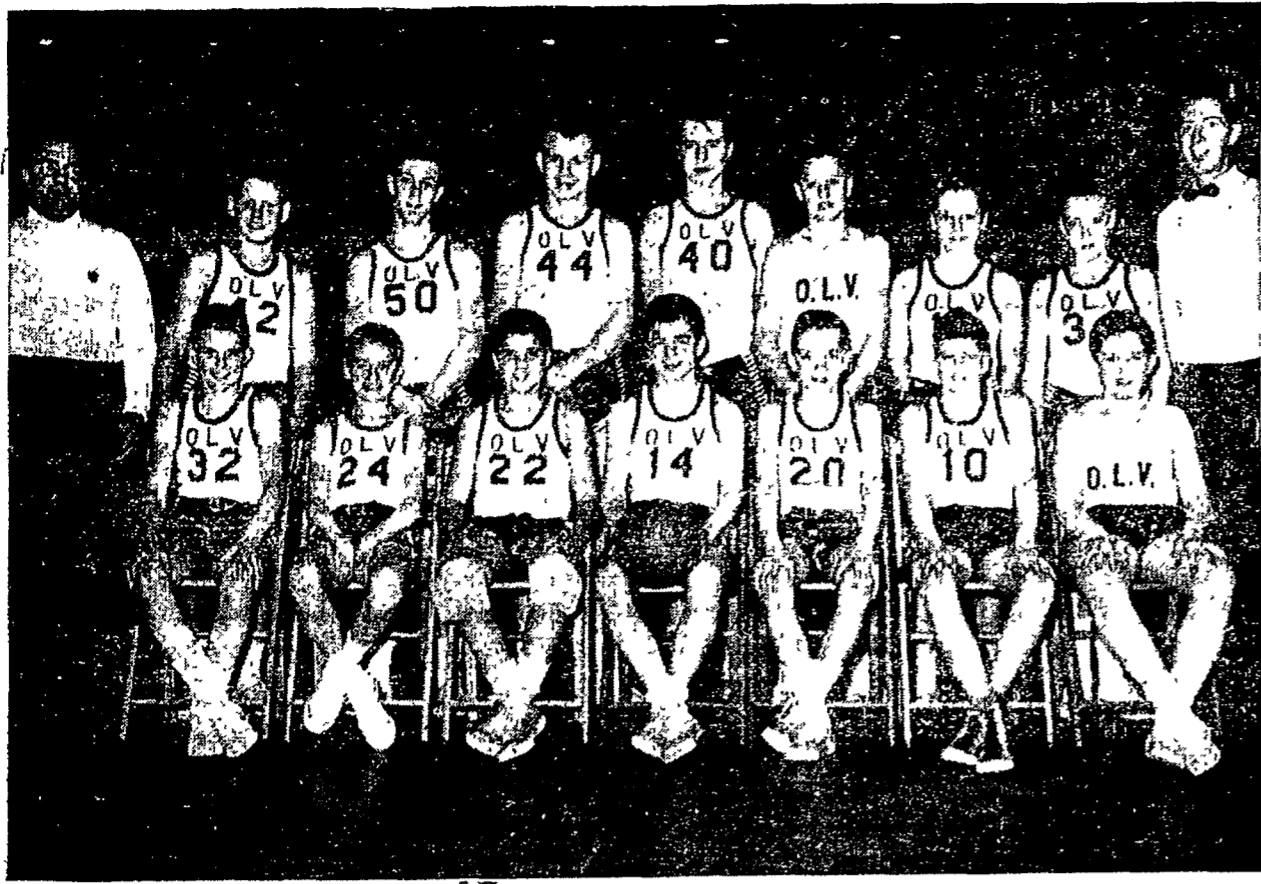

But it wasn't enough often enough. Northville hit just 31 per cent of their shots, converting 20 of 65 attempts. Of course, Clarkston's percentage was only 31 per cent — 25 of 80 — but then, they didn't pester out.

Clarkston	12	15	16	23	66

UNDEFEATED CAGERS — Our Lady of Victory's CYO entrant has yet to taste defeat this year. They've taken five in a row and lead the league. Last Sunday they won over Dearborn St. Mel, 27-18. Standing left to right: Coach Cliff Bunker, Mike Harland, Bob Flavia, Jim Lulls, Tom Wicke, Joe McGuire, Mike Turnbull, Mike Bauer, Athletic Director Bruce Turnbull. Seated left to right: Richard McIsaac, Mike Pauli, Jim Bertoni, Teddy Bunker, Dennis Phillips, Richard Vance and Norbert Parent. This Sunday, they face St. Norbert at 2 p.m. at the Wayne County Training school. There's no charge.

Northville Not Interested In Forming New League

"Feelers" sent out by South Lyon High School about forming a new athletic league in the area has evoked little response so far, Athletic Director Lee Donley said Monday.

W-O Standings

W	L
Holly	9 1
Clarkston	6 4
Milford	6 4
NORTHVILLE	5 5
Bloomfield Hills	5 5
Clarenceville	4 6
Brighton	3 7
West Bloomfield	2 8

Last Friday's Results

Milford 58, Holly 51; Brighton 63, West Bloomfield 57; Clarenceville 57, Bloomfield Hills 47; Pontiac Northern 77, Southfield 53; Trenton 60, Plymouth 52; Walled Lake 57, Waterford 54.

ing a new athletic league in the area has evoked little response so far, Athletic Director Lee Donley said Monday.

South Lyon, an independent power house this year, has sent letters of inquiry to Northville, Howell, Willow Run, Brighton, and Farmington.

Donley said he had three replies with just one school showing interest.

Al Jones, Northville Athletic Director, said that Northville is "perfectly satisfied" with the way things are going in the Wayne-Oakland League.

"I see no reason for us or anyone to drop out," he said. "We have eight teams now and we can't add anyone else."

"The only time Northville or

some of the smaller schools would consider a new league would be if they were getting belted around by some of the bigger schools in the league."

Milford is a Class A school now and Bloomfield Hills and Clarkston expect to become Class A next year. Northville ranks in the middle in enrollment.

"We're not being outranked by anyone right now," Jones said. "We're satisfied."

Behind South Lyon's efforts to form a new league is a problem that hits every independent team — scheduling difficulties.

There's a Change In Rec Program

There are two changes in this week's recreation program at the Community Building.

The Mens Basketball League program tonight will be in the junior high gym instead of in the Community Building because of a PTA meeting.

And because of a dance Saturday night, the afternoon activities that day are cancelled.

Adults of the area are reminded that the Community Building is open every Tuesday night from 7:30 to 9:30 for volleyball, ping pong, shuffleboard and badminton.

BUY IT IN NORTHVILLE
This adv. sponsored in the interest of promoting local business by Dempsey B. Ebert.

Here's One Colts Lost Themselves

The Northville Colts, who have had the nasty habit of waiting to the last minute to win their last couple games, got beat by the same trick last Friday.

Clarkston pulled from under a four-point deficit at the three-quarter mark to squeeze out a 53-50 decision.

But in all fairness, it wasn't the junior Wolves who beat the Colts. It was the Colts who beat the Colts. Cold statistics paint a grim picture:

Going into the last eight minutes of action, Northville led, 40-36. They proceeded to squash the Wolves with a ferocious output of 10 points — two baskets and six free throws. Clarkston scored 17 points meanwhile.

But here's what hurts: the Colts had 16 chances at the free throw line and they muffed 10 times.

Tom Daniels had 14, Bill Elwell 11 and Tom Swiss 10 to pace the Colts.

The jayvees' record now is 6-4.

"TACK" SPRENGER
FOR TOWNSHIP TREASURER
*Endorsed by current Treasurer Ray D. Harrison
(Pd. Pol. Adv.)

Cager of the Week

A FORMER KANSAN who thinks Michigan is great — recent cold weather and all — is Dave Filkin, 17-year-old senior center of the Mustangs. Playing his first year on the varsity, the 6 foot-4, 175-pounder came to Northville from Concordia in north central Kansas in his sophomore year. He high-jumps on the track team and runs cross country. His special interest is commercial art for which he is taking a correspondence course while keeping a B average in school. He would like to go to either Michigan State or Kalamazoo College after graduation. His parents live at 621 Fairbrook. His father, Lawrence, is a doctor for Fords in Dearborn.

THE JUSTICE OF GOD
Many people who give ear to Christianity desire to hear about the love of God, but are offended when one mentions the justice of God. What would you think of a judge that is so soft that he allows the guilty to go free? Or a judge that would not uphold the accepted law of righteousness? That would turn his back while people sin with impunity? Surely if we would not think such a Judge fit to serve on the bench, how would God be fit to sit in judgement if He did the same? The forgiveness of sin is not obtained by an indulgent Heavenly Father, too loving to enforce justice upon the sinner. The problem that faced God in saving man was simply this. The love of God desired man to be spared from the just penalty of his sin. The holiness of God demanded that the penalty of death be carried out. The only way that man could be spared is that both the love and the justice of God could be satisfied. This God accomplished in the Gospel of Salvation. Jesus Christ died for man's sin, as his substitute, thus satisfying the holiness of God. God was then free to extend His love, and pardon the guilty and give him life eternal.

Police Nab Liquor Ring Suspects

Three men suspected of smuggling liquor to Maybury sanatorium patients were tripped up by Northville police Monday night.
Officer Andrew Cain apprehended two Detroit brothers, Milton and William Wrack, and sanatorium patient William Love, alias Willie Mosley, minutes after the trio left Altman's Beer store, where they had bought over \$60 worth of liquor.
Liquor store clerk Lawrence Bogart summoned police when he noticed an expensive bottle of scotch displayed on the counter had disappeared about the same time as the men's departure.
Cain found the stolen liquor in the back seat of the suspects' car.
Chief Eugene King said the liquor smuggling question cropped up when it was discovered that Love, calling himself Mosley, was a runaway sanatorium patient. Maybury officials told King the Wrack brothers had caused trouble at the hospital on other occasions.
All liquor purchased by the trio was in pint bottles, the size easiest to smuggle without notice, commented King.
In court action Tuesday, Justice E. M. Bogart found Milton Wrack guilty of simple larceny for stealing the liquor and ordered him to pay a \$50 fine and court cost or spend 40 days in the Detroit House of Correction.
William Wrack, convicted of aiding an illegal occupation, was fined \$10.
Justice Bogart sentenced Mosley to 90 days in the security ward of Maybury sanatorium for engaging in an illegal occupation.
Court action last week saw Georgia J. Chapman, 19, of 19200 Clement road penalized \$30 and court cost following conviction on counts of negligent operation of a motor vehicle and possession of alcoholic beverages.
Wayne C. Nash, 429 Beal street, was ordered to pay \$10 and cost for failure to keep his car under control. Nash struck the rear of Mrs. Bessie Bongiovanni's car as the Center street resident turned into the driveway of her home.

Salute Scouts
Forty-three cub and boy scouts of unit 755 were feted last Thursday evening by fifty-nine members of the First Presbyterian church men's club.
The event is an annual observance of national boy scout week. Speaker at the dinner meeting was Milton Elbert, a representative of the Consolidated Gas company.

Center Street Paving

ing their two sons to grade school here on a tuition basis.
Mrs. James Ross, member of a citizens' committee that helped circulate a community college questionnaire in the high school, gave the board a preliminary report on results of the survey.
A partial tabulation prepared by the committee will be discussed by Dr. Albert Amermann, assistant dean of the Henry Ford Community college, at a P-TA meeting in the Community building tonight at 8 p.m.

Russia Slides, Talk Next for Newcomers
Russia, through slides and discussion furnished by Carl Johnson, will be the program topic at the monthly Newcomers luncheon Wednesday at Saratoga Farms.

BUSY VALENTINES — This trio of pretty little Valentines spent two hours Saturday morning making Valentine cards in the window of The Little People's Shoppe in Northville. They went about their work methodically as passers-by stopped to gaze. Left to right are: Ann Ipter, Isten Robertson and Susan Altman.

Teacher Profile

This Mr. Hyde has Many Sides, Too

If variety is the spice of life, then versatile John Hyde must certainly enjoy living. The twenty-six-year-old Junior High School teacher's activities range from singing in the Methodist Church choir, to amateur interior decorating, to peering at his classroom's guppy bowl anxiously calculating the next blessed event.

Singing, John says, is his favorite hobby, and if an overflowing box of cuff links proves

anything, he is certainly in demand as a singer at weddings. Highlights of his singing career include singing in the National Future Farmer Chorus, in the Chicagoland Music Festival and on the Ed Sullivan Show with the College Glee Club.

Northville area residents may recall that he participated in a recital last Spring with a small group from the Methodist Choir.

John is also known as an interior decorator. His apartment has been decorated in blended fall colors and a mixture of modern and antique furniture. A jungle of plants (another hobby) can be found in the living room.

During his student days he was better known as an athlete. A ten-second, hundred-yard dash is to his credit. He also set seven records while in high school in dashes and broad jumping. He bettered a twenty-one foot broad jump just before graduating from Yale High School, Yale, Michigan.

His present school activities are just as varied. In addition to his regular responsibilities as math and science teacher, John Hyde keeps busy working with the ambitious student council and junior Red Cross, both with more activities than you can shake a Bunsen burner at.

He has, for example, found himself raking leaves with the junior Red Crossers to raise money for their activities. He enjoys working with youngsters and finds their enthusiasm contagious.

John's love of the busy life probably goes back to his boyhood on a dairy farm. He proud-

ly recalls entering prize cattle at fairs and winning top honors.

With a farm background, it seemed only natural that he enter an agricultural college. During his summers at college he helped out on the farm, traveled the show circuit with a herd of registered Holstein cattle and worked at a pickle factory to keep his tuition paid. He graduated from Michigan State university with a major in agriculture and minors in agricultural engineering, general science and social science.

Upon graduating, John taught agriculture in Cedar Springs for three years and was advisor for the Future Farmers chapter in town. He then came to his present assignment in the fall of 1959.

John has spent his recent summers working toward his master's degree, and is now working on his last six credits.

Next summer, with his master's degree firmly tucked away, John is dreaming of taking a well-earned vacation — either a camping trip to Alaska or a bicycle trip through England to visit his many relatives there.

Makes MSU Honor List

Martin A. Klerkx, second term freshman at Michigan State university, has been named to the fall term All-University Honor List.

A 1960 graduate of Northville high school, Martin is in the College of Science and Arts, majoring in Physics-Mathematics. He was invited to enroll in a mathematics honor section on the basis of his excellent high school record and superior performance on MSU orientation examinations.

In December, the Northville

freshman was selected by the university faculty to act as an MSU Ambassador.

Martin became a candidate for membership in Phi Eta Sigma, national scholastic honorary for frosh collegiates with averages of 3.5 (B-plus) or better, when he finished the fall term with a 3.84 average.

Merlin L. Wheeler, Phi Eta Sigma membership chairman, notified Mr. and Mrs. Walter M. Klerkx of their son's achievements by letter last week. The Novi residents live at 24435 Millstream.

NOTICE DOG OWNERS

The Northville City and Township Ordinances require vaccination of all dogs within their limits.

Dr. Thomas Heslip will hold a vaccination clinic at the Fire Hall at 217 W. Main St., Northville Michigan, on Saturday, February 18th, 1961, from 10:00 A.M. until Noon to vaccinate your dog for a fee of \$4.00. A two-year vaccine will be used, as recommended by the Michigan Department of Health.

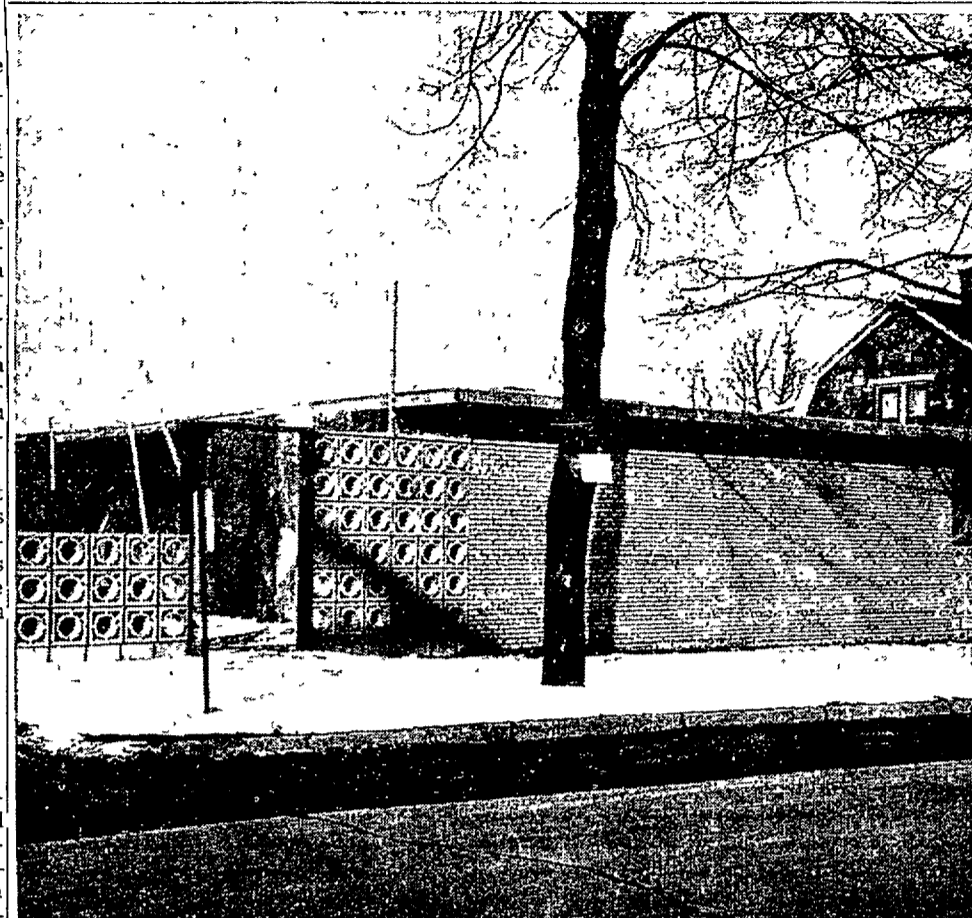

Dog licenses will be issued to both city and township dog owners at the City Hall on the day of the clinic. Licenses must be obtained on or before March 2nd, 1961.

Marguerite Northup, Township Clerk
Mary Alexander, City Clerk

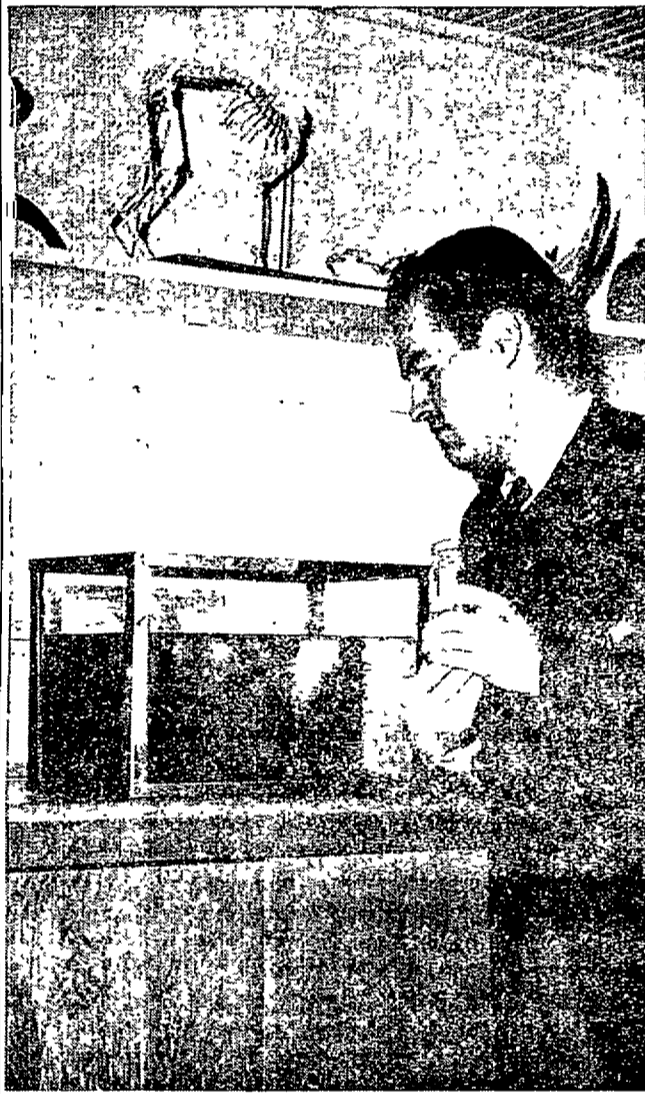

Dated February 8th, 1961

The Northville Record

Thursday, February 16, 1961 THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY

TAKING SHAPE — The contemporary design clinic and professional center on East Dunlap street in Northville is beginning to take shape. The 40x100 foot building will become the new medical offices of Dr. H. Lorne Dyer in addition to other professional offices. It is located on Dunlap just east of the Detroit Edison building. Completion is scheduled for March.

An effective approach to
world problems of disunity and
inharmonious may be found in the
Lesson-Sermon on "Mind" which
will be read at Christian Science
churches Sunday.

This hopeful promise from
II Corinthians will be among
the Bible citations read (13:11):
"Be perfect, be of good com-
fort, be of one mind, live in
peace; and the God of love and
peace shall be with you."

From "Science and Health
with Key to the Scriptures" by
Mary Baker Eddy the following
passage will be cited (27:4-9):
"When the divine precepts are
understood, they unfold the
foundation of fellowship, in
which one mind is not at war
with another, but all have one
Spirit, God, one intelligent
source, in accordance with the
Scriptural command: 'Let this
Mind be in you, which was also
in Christ Jesus.'"

er meeting.

Thursday, 7 p.m., Visitation.

CEASING TO LIVE THAT WE MAY LIVE

It is not easy to cease from the workings
of our own mind, to give up, to cease to
live any longer after the understanding
of things as they appear to us. But we can
never know the joy of living a "Life that is
hid with Christ in God," until and only as
we do.

An intelligent person is not able to think
without "willing"—exercising his will. As
long as we think the things will appear to
us as they do, not, "as they are," we will
live in a world where we are ever learning
and never coming to a knowledge of the
truth.

But in the hour that we "cease to live,"
God's mind will be revealed and we shall
awake in a new realm of conscious realiza-
tion where things will no longer appear to
us as they now do but we shall see them
"as they are" in the very mind and purpose
of God.

In all of us there is that principle of sin
—that desire to have its own way, to im-
pose your will upon others because it seems
to you that it is right. It is only natural to
believe in the vision that fills your own eyes
and not realize that God is greater than
that and knoweth all things. It is only nat-

ural to put your confidence in your under-
standing and to be determined that it shall
prevail and when it does not to resent ev-
erything that gets in the way.

God knows this, He remembers our
frame that it is but dust. That is the reason
he has arranged things as he has in this
world to destroy sin, to make us realize that
we cannot have our own way, that we must
give up to God's will and His judgment—
that we must cease to live any longer in
the will of the flesh—(our own understand-
ing and will of things as they appear to us).

God's arrangement of parenthood teaches
us this fact. When our children are small
we impose our will upon them, but when
they reach a certain age we can no longer
do this but must stand helplessly by as we
see them go contrary to what seems to us
as the right way. Happy indeed are those
parents, then, who have learned to put their
trust in the "One who guides thru the air
the birds in their uncertain flight."

It is my faith that unless one learns in
this life to fully surrender his mind and
will to God that our heavenly father has
devised means whereby such accomplish-
ment must be made in the life to come be-
fore one can enter into eternal rest. All God
would have to do is to hold them in con-

sciousness in the great cloud of witnesses
that surrounds us. They could see every-
thing that goes on and because of being
absent from the body not be able to do any-
thing about what they behold. What a fate
that would be for a person who had been
in the habit of taking things into his own
hands and doing what seemed right to him
to do.

For example for a protective mother to
see her child playing on the railroad tracks
as a fast train approached and yet not be
able to cry out or to grab the child away
from danger. And what a heaven, a joy
it would be to her to learn the lesson of
such surrender to God's mind and will that
God would use her to function in his mind
in such a way that a spiritual force or pres-
sure would flow thru her to her child in
such a way as to cause the child by means
wholly in God's will to leave the tracks in
time to be safe.

Even in this life our greatest joy has been
when we have surrendered to God that
he has been able to use us; where we have
been conscious that it was not us but our
Father that dwelleth in us that did the
works.

By the Rev. James F. Andrews

Participates In Science Youth Day

Northville high school sopho-
more John Bertoni of 40640
Eight Mile road participated in
the fifth national Science Youth
Day program put on by the
Engineering Society of Detroit
(ESD) last Thursday.

More than 150 outstanding
sophomore science students
from 50 greater Detroit schools
took part in the full day of
activities.

Twelve companies opened
their engineering facilities for
student inspection. Following
the tours, the students were
transported to the Henry Ford
museum and Greenfield village
for luncheon at Lovett hall,
where they were welcomed by
Frederick Bauer, Ford engi-
neering staff and ESD presi-
dent.

They heard a research talk
by R. W. Hartwell, general
manager of the Power Reactor
Development company, and
visited Edison's laboratory to
see some demonstrations of his
early inventions.

In Uniform

CHANUTE AFB, Ill. — Wil-
liam E. C. Allen, son of Mr.
and Mrs. A. Riley Allen, 16760
Greenview, Detroit, was re-
cently promoted to the grade
of Airman First Class in the
United States Air Force. He is
assigned duties with the Law
Enforcement of the Air Police
division at Chanute Technical
Training center, Rantoul, Illi-
nois.

A veteran of 6 years service,
Airman First Class Allen has
served an overseas tour of duty
in Okinawa. He has been award-
ed the Good Conduct medal.

Before entering the service,
he was graduated from North-
ville High school.

The Saxons had a word for Spring. It was Lencten, shortened, in
time, to Lent.

So the name Lent was given to that springtime period of 40 fast
days from Ash Wednesday until Easter.

Lent came to mean a time of penitence. And it is. But it is also a
time of preparation, and of promise. For because Lent means Spring, it
heralds good things to come. It forecasts the glorious message of Easter.
It is the dawn of the most beautiful season of the year.

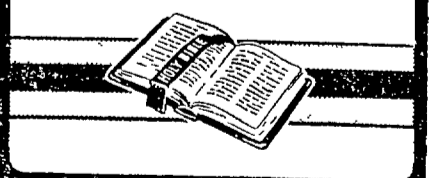

The bare branches of these trees will burst into bud and leaf with
the touch of Spring. Our thoughts during Lent, our personal prepara-
tions, also will reach fruition when the 40 days are through.

Lent is the time for prayer and self-examination. Make this Lenten
season really mean something by seeking help and guidance at your
church services.

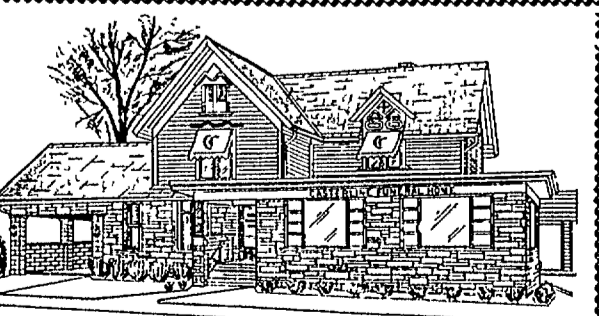

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for
the building of character and good citizenship.
It is a storehouse of spiritual values. Without a
strong Church, neither democracy nor civilization
can survive. There are four sound reasons why
every person should attend services regularly and
support the Church. They are: (1) For his
own sake. (2) For his children's sake. (3) For
the sake of his community and nation. (4) For
the sake of the Church itself, which needs his
moral and material support. Plan to go to
church regularly and read your Bible daily.

SPEAKING for the Record

By Bill Sliger

Whither do we go?
This week a report from Detroit Edison starts out in this manner:

"Southeastern Michigan communities are moving ahead in a determined and continuing drive to bring more jobs and industry into the area.

"Successes can be scored for Cass City, Caro, Bad Axe, Lapeer, Vassar, Rockwood.

"Walled Lake, Plymouth and Dundee are on the plus side. "Organized industrial developments will bring greater opportunity and prosperity to Port Huron, Monroe, Ypsilanti and Ann Arbor."

How do these communities differ from Northville?
Not in size or general location. And certainly not in need of industrial development.

Our intentions are good. An industrial development committee has been under consideration for years. Right now it's very close to formation.

And in our community we undoubtedly have one of the highest "committee-per-capita" ratings in the state. So it isn't a matter of our residents not caring about the community's future.

But whether we're all pulling in the same direction with a single goal for success is difficult to determine.

Last week, for example, the city supported a resolution to bring the proposed hospital authority to a vote of the people; the township tabled the resolution.

In the very near future the city and township must decide upon a proposed sewer contract for an enlarged Middle Rouge Interceptor with the county.

A good guess might be that one will accept the plan and the other will turn it down.

Detroit water for the area is another consideration less than a handful of years away.

Without attempting to evaluate the pros and cons of the hospital authority plan, for example, it must be a terrible disappointment to those who have wrestled with the hospital problem to be unable to summon public support, or even interest.

And in the case of sewer expansion, it's highly possible that a long-range error will be knowingly perpetrated for lack of answers to immediate financial difficulties.

There is a crying need for consolidation of brain and manpower to give direction and definite action, not lip service, to the course our community is to follow. Perhaps the long-awaited industrial development committee — in the dual role of a chamber of commerce — can reach out and bring all these problems before a single unit for study.

Such a body would be thinking of the community — not the city, township, school or any other individual interest.

State Action Needed

Probably there never was a time when more Michigan people were thinking and talking more about programs to create jobs than now. This includes both community and state levels. And probably there has never been a time when people of the state were as willing to work together in such programs.

Unemployment figures, business reports and recently the announcement that Norge will move its Muskegon Heights plant to Arkansas made it quite clear in everyone's mind that the economic climate in Michigan is in serious need of improvement — and now.

The Norge incident is dramatic evidence of a situation which has been in the news for many months. For a year the rumor had been rife that the plant would be moved. Community leaders and representatives of the state Economic Development Department worked hard; even desperately to hold electric refrigerator production here. But it became apparent that the new, one million square foot plant near Fort Smith, Ark., could easily produce both gas and electric models. On Feb. 1 it was announced that the somewhat antiquated plant in Muskegon Heights would be closed.

Arkansas' Gov. Orval E. Faubus, incidentally, lost no time in claiming that the state's gain was largely the result of legislation adopted recently and designed to lure industry there. They have a law which permits municipalities to issue revenue bonds to build plants for industry. Greenwood, Ark., a suburb of Fort Smith, issued a \$7.5 million bond issue to build the Norge plant. Michigan leaders must now decide what programs this state will adopt to help in its situation. The newly elected governor, John B. Swainson, indicates that he will have several recommendations. One approach

to receive serious consideration involves a way for the state to aid local groups financing construction of buildings for lease to industry. In the past this and similar programs have been considered too liberal by the legislature. But other states, some of them with a reputation for being conservative, have adopted such programs. To many in this state, especially the hard working staff of the Economic Development Department, some new programs are weapons urgently needed for the fight to attract industry.

Conservative Maine has a sort of industrial FHA plan. So does Rhode Island. The state guarantees up to 90 per cent of a loan made by a bank in cooperation with a community industrial development group to build a plant for lease to industry. In both states the plan seems to be working well.

In Maine the plan was delayed a year while it went to a vote of the people and then to the supreme court. Attorneys say that in Michigan, too, a constitutional amendment would be required and a supreme court test could be expected to follow. This would take important time.

Pennsylvania has advertised for several years that "100 per cent financing of industrial plants" is available. In fact, Pennsylvania has spent something more than half a million dollars for this advertising alone. Five years ago the Pennsylvania legislature appropriated \$5 million for plant construction loans. From year to year additional sums have been appropriated, to a present total of \$18 million. For each plant construction project that qualifies the state loans a third of the cost, and a community industrial development corporation and a local bank divide the rest. Commitments from the state fund have reached

more than \$16,000,000. One job was created, Pennsylvania estimates, for every \$854 loaned by the state. Payrolls created are estimated at \$82 million a year. A standard assumption would show one per cent of this payroll paid by the recipients in direct and indirect taxes to the state and its local units of government, which would mean a million dollars coming back in taxes each year on \$16 million of loans.

Republican Governor Rockefeller recommended to New York legislators this winter a plan similar to the one in Pennsylvania.

same number of cities covering close to forty states, marks everything down to zero which has not sold during the year.

Bankers do not like to loan on inventories which are over a year old. They fear that changes in styles or colors, or some other price factor, may be very serious. All of this means that wise merchants have truly "mark-down" sales in the early part of each year.

Markdowns are advertised directly after Christmas, but often do not begin until January. The goods chiefly pressed for sale are "white goods," which include sheets, pillow cases, blankets, drapes, spreads, and even rugs. Some of the stores will have big markdowns of dresses and lingerie for misses and grownups; also of boys' sports jackets and sweaters, which are usually overstocked. Nylon stockings are being offered at ridiculous prices. But be sure to save the labels until after your goods are washed.

Some years housewives can get real bargains in January; but usually women are short of cash so soon after Christmas and do not buy too much at that time. In the meantime, every merchant is carefully watching his January sales; if these are not good, he puts on

Roger Babson

February is a Good Time to Buy

Babson Park, Mass. For forty years I have been comparing monthly retail prices for household goods. With the exception of the war years, these retail prices have always been lowest early in the month of February.

The efficient merchant dislikes to carry any merchandise more than a year. The McCrory Corporation, which has over 400 retail stores in about the

real markdowns in February. Hence, we are now in the month when careful housewives will stock up on household needs.

I was brought up to pay cash and my family continues the habit. But the housewife may be justified in asking for credit to buy at these real February markdowns. It is much better to get this credit from the store at which you trade than to borrow at high rate of interest from some "Finance" or "Small Loan" company.

Tell the store's credit manager that you want to take advantage of the February markdowns, and will pay something each month. I am sure you will have no trouble; but if you do, go to another store. The prices are usually the same in all good stores.

The markdowns apply to more than household needs; they apply also to TV sets, radios, and automobiles. Second-hand cars sell highest in May and June and lowest in December, January, and February. Therefore, the best time to turn in your old car for a new car is not just now. Wait until the robins get north again and the tulips begin to blossom! These markdowns of all merchandise should be talked over between husband and wife.

fact, women as a rule are better buyers than men. Supermarkets do not advertise "markdowns," but they do advertise even nationally known products at "2 cents less" than the standard price. Some supermarkets (and this is getting too common) will at the same time mark up 2 cents some products on the opposite side of the aisle.

However, the chief purpose of these "come-ons" is to get you in the store to buy other products. If you find that some supermarkets are doing too much of this or too often, telling you "Sorry, but we are all Business Bureau of your city which exists to protect you and the newspapers which carry the advertisements.

"Neither Snow, Nor Rain..."

Herodotus, the Greek historian, said it in the 5th century, B.C., and you'll find it today inscribed on the main post office in New York City: "Neither snow, nor rain, nor heat, nor gloom of night stays these couriers from the swift completion of their appointed rounds." With the Christmas rush not far behind us, it's a good time to pay tribute to those who, day in, day out, in fair weather or foul, see that the mail gets through. Your postman deserves a pat on the back. But he'll settle for a smile. . . . Incidentally, the motor truck plays a vital part in the distribution of the mail, serving the length and breadth of Michigan, from the most densely populated cities to the most remote rural areas.

Here's how the guarantee works: Buy a

flameless electric water heater wherever you see the guarantee seal—at appliance dealers, department stores, plumbing contractors or your Detroit Edison office. Family-test it. Call on it for plenty of hot water, day after day.

If at any time within one year after installation you are not satisfied with the heater's performance, just let us know. We'll disconnect it, remove it from your home, and return the full purchase price (including installation cost). The guarantee covers any Edison-

approved electric water heater sized according to the recommendations given below, and installed in a dwelling up to and including a four-family in the Detroit Edison service area.

This Edison satisfaction guarantee is in addition to the regular manufacturer's warranty.

So, if you are tired of being half-shaved, half-showered, because of a "half-enough" water heater, now is the time for you to go ELECTRIC!
