

RAIN didn't dampen the spirit of Charles Freydl, Jr. as he led a small band of determined scrubbers in the annual "Beautify Northville" street-washing project Saturday. He's shown "sudsing" Main street while firemen and scrubbers approach. Below, General Chairman W. C. Becker (right) tugs away at a hose while Fireman-Merchant Tom Quinn signals for pressure. A steady downpour left workers as wet as the streets.

Street Scrubbing Nearly Rained Out!

The annual "Beautify Northville" campaign was ushered in Saturday morning with a steady downpour making the traditional street-washing event seem somewhat unnecessary. But workers gave Main and Center streets a quick once-over, anyway.

Raincoat-clad volunteer firemen made up the greatest percentage of the workers as those less used to braving the elements decided to pass up the event.

General Chairman W. C. Becker was on hand and agreed with Charles Freydl, Jr., who headed the street-wash, that the event should be abbreviated because of the weather.

Becker revealed this week that his committee is considering a planter box project for the business district to "decorate and provide a unique touch" to the commercial area.

While details are not complete, Becker said that it has been proposed to construct planter boxes on the sidewalks along Main and Center streets. The boxes would contain flowering crabs — or possible a variety of seasonal plants — and would become the responsibility of one of the community's civic groups for maintenance and care.

"Our 'Beautify Northville' campaign has been tremendously successful during the three years of its existence," Becker pointed out. "Now perhaps we should emphasize the idea of 'Keeping Northville Beautiful' with a project such as the planter boxes," he added.

Junior high school student

Coordinating Council Names New Officers

Herman Moehlman, a Northville attorney, was named president of the Coordinating Council for the coming year.

He takes over the position held during the past year by Mrs. Essie Nirider, who was elected vice president.

Other Coordinating Council officers are: Mrs. E. E. Adams, secretary; and Miss Ruth Knapp, treasurer.

The council named William Schulz chairman of the annual Citizenship Banquet, which will be held in the fall.

The Coordinating Council is also responsible for the appointment of the chairman of the Beautify Northville campaign. W. C. Becker is currently heading the drive.

Next meeting of the council will be Thursday, May 18 when members will hear Humphrey Jones, representing the United Foundation. As one of its studies, the council has considered the possibility of conducting a community fund drive instead

Herman Moehlman

No Contest In School Board Race

With the deadline for filing petitions just two days away it appears this week that incumbent Donald Lawrence will be the lone candidate for the vacancy on the Northville board of education.

Lawrence, board secretary, has already filed petitions for the June 12 election.

The lack of interest in the school board race is in sharp contrast to last June when 13 candidates sought four seats on the board.

At that time the board was expanded from five to seven members with Edward F. Angove and W. C. Becker winning three year terms and Dr. Waldo T. Johnson and James F. Kipper, four year terms.

Lawrence has been a school board member for three years. Under the new expanded seven-member board, however, terms will eventually all become four years. Two members' terms expire each year for three consecutive years and one member's term expires on the fourth year.

Deadline for filing petitions for school board is Saturday at 4 p.m.

The June 12 election will have one proposal in addition to the board vacancy. The proposition will ask voters for permission to use funds originally intended to retire a 1949 bond issue towards retirement of a 1957 bond issue.

Superintendent Russell Amerman explained that the 1949 bond issue — a \$165,000 bond used to construct an addition to the Main street elementary school — has already been retired. It was not due to expire until 1960, but was paid off in 1957. Meanwhile, delinquent taxes previously earmarked for the old bond issue have accumulated to \$2,416.22. This money cannot be used for any other purpose without voter approval.

Specifically, the proposal will state:

"Shall monies remaining on hand in the now retired 1949 debt retirement fund and all future collections of delinquent taxes levied for the 1949 bond issue be transferred to and deposited in the 1957 debt retirement fund, Series A."

A favorable vote on this proposition would close out a dormant account and apply accumulated funds towards the retirement of another existing bond issue, Amerman pointed out.

The area is being landscaped and designed as a study site within a garden — complete with benches lining the planter boxes.

Planter boxes were also installed by the city this week at the entrances of the municipal parking lot behind the Methodist church.

Becker announced that the month-long clean-up campaign will be climaxed with a city-wide trash collection on Saturday, May 27. Definite hours of collection will be announced.

Monday, May 22 Northville will have a new mayor. So will Swartz Creek, a community of 3,400 residents located on M-13 just west of Flint.

William Young will be Northville's mayor, while A. M. Allen will govern the city some 60 miles north of here.

The switch is temporary, of course, on "Mayor's Exchange Day" during the annual Michigan Week celebration.

Chairman of the May 21-27 observance in Northville is William Bingley. He'll have the assistance of the entire Junior Chamber of Commerce organization in staging the week-long program.

Special emphasis will be placed on the Mayor Exchange Day event with the usual mid-morning council meeting where the visiting mayor can chat with local council members, a luncheon and tour of local points of interest.

Bingley received word from Mayor Young that he is "looking forward" to his visit to Northville. He will arrive about 10 a.m. and will be accompanied by his wife.

According to Bingley, the Swartz Creek mayor will be met north of the city and escorted by motorcade to the city hall.

Michigan Week officially opens Sunday, May 21 with Spiritual Foundations Day. Local

Mom's Queen Sunday

'QUEEN' FOR A DAY — Mother's Day, a day of special tribute observed across the nation, is this Sunday and typical of the mothers being honored is Mrs. Jeanne Langtry, president of the Mothers' club. The day has a long and colorful history, going back to the first "Mothering Sunday" in England many, many years ago and finally recognized officially in this country by Act of Congress in 1914. Mrs. Langtry's children are Mary Lou (left), 12, Bob, 14, and Carolyn, 17.

Law and Tradition Set Mother's Day

It's Mother's Day Sunday, an Act of Congress in 1914 and men, so let's be nice to the lady of the house. There's no way you can get out of that special dinner not even if it happens to be your regular golfing date and you got that "I could whip Sammy Snead today" feeling.

Mother's Day has officially been a part of Americana since 1914.

Before that, as a matter of fact, in the early part of the nineteenth century, people of England celebrated a "Mothering Sunday" to pay special tribute to their mothers.

The Yugoslavs and their neighbors picked up the idea and began their own special observances.

But it wasn't suggested in this country until 1872 when Julia Ward Howe, author of "The Battle Hymn of the Republic," advocated designating June 2 as the annual day dedicated to peace and the dedicated mothers, too. This was in Boston.

Out in Kentucky, a mother named Mary Towles Sassen started celebrating Mother's Day in 1887. We don't know why, but maybe she thought it was about time that credit was given where credit was due.

Mothers got a sympathetic ear from a husband in 1904. It was Frank E. Hering, of South Bend, Indiana. But he lost his campaign to have a special day of tribute set aside at a convention of the fraternal order of the Eagles in Kansas City, Mo.

Three years later, Anna Jarvis, of Philadelphia, began a lifetime effort to establish a nationwide observance and selected the second Sunday in May for Mother's Day. Her efforts were successful and led eventually to the Act of Congress.

She also initiated the idea of wearing a colored carnation if one's mother is alive and a white one if she is dead.

What is equity? Can it be measured in dollars and cents? And how much should past policy influence future planning? These are a few of the questions confronting Northville's five-member council, which is split 3-2 in its approach to solving the city's street improvement problem.

Monday night the council re-examined the situation and apparently agreed that there would be no swift departure from present policy — even if a one majority could be mustered in a show-down vote.

Present policy is that all street improvements are paid from general funds without directly assessing the property owner whose street is improved.

An exception to this could be a willingness of property owners residing on a particular street to pay a portion of the cost so that their street might be paved sooner.

Mayor A. M. Allen believes that the latter approach may become popular. In his opinion it will take many years — perhaps 20 — to pave the city's unpaved streets, maintain and repair those already paved and meet other unforeseen capital improvements without special assessments or a sharp tax hike.

Councilmen Richard Ambler and John Canterbury share the mayor's view, while Councilwoman Beatrice Carlson and Councilman Richard Juday take an opposite stand.

This is where the matter of "equity" creeps into the picture.

On the one hand it is pointed out that for a decade or two streets have been paid from general tax funds. To depart from this and require residents who have helped pay for other street improvements to pay an additional assessment for their own streets would not be fair, advocates of the "status quo" policy declare.

Their position gained heavy support last week when petitions bearing more than 250 signatures protested the proposed special assessment plan.

The petitions were signed by citizens living on unpaved streets and were circulated by former Councilman Earl Reed, who opposed assessments when he served on the council.

Aside from the fact that without assessments — or increased taxes — the street improvement program seems hopelessly long to advocates of the opposing view, they also point out that there's a matter of "inequity" involved in continuing the present policy.

They point out that Northville's original street paving program — dating back to 1927 — was by assessment. What's more, they argue, residents of the city's new subdivisions pay 100 percent of the cost of paving their streets.

So is it fair that residents who have paid an assessment, or the entire cost of their paving, continue contributing to the general fund while others pay no assessment? Is the question asked by Allen - Ambler - Canterbury.

Mayor Allen shook the council with another reminder Monday night. As soon as the Wayne county sewer ban is lifted, the city is faced with two major improvement projects.

Some 600 feet on North Center street from Maplewood to the city limits must be paved in a 50-50 contract with the developer of Yerkes Estates. The city is also committed to a \$20,000 sewer expansion program to relieve present facilities when a subdivision proposed by Gerald Taft on Taft road near Eight Mile gets underway.

These expenditures must come from capital improvement funds.

The mayor believes that the city's present street improvement program would cost \$700,000 to complete. This year \$7,000 is earmarked for streets with \$18,000 left over from last year because of the sewer ban.

It appears that the council has now decided to stand pat. Establishment of a "sinking fund" has been proposed to accumulate enough to meet commitments and perhaps schedule a program of priority.

Into the picture, however, come such special cases as North Center street. How the council proceeds here apparently depends upon the residents themselves.

But at this point it would appear that North Center street will not be paved this year unless 100 percent of the residents are willing to pay an assessment. Even then another question mark remains.

Would it not be wasteful to pave one or two blocks of North Center now knowing full well that within a year, or perhaps two, another 600 feet must be paved to the city limits?

Equity, past policy, future planning and economy. How can they be blended?

School Board Holds to Policy

Northville board of education authorities, be permitted to stand pat on policy Monday night.

The seven board members lined up squarely behind their written policy governing married minors after hearing appeals relayed to the board by the Superintendent Russell Amerman and Board President Robert Shafer, who had been requested to bring up the cases by families of students involved.

Appeals referred to the board's policy interpretation barring married minors from participating in graduation exercises. Part three of the document specifies that married minors "are not eligible to participate in public ceremony in receiving honors or awards granted by Northville high school."

The measure, adopted in August, 1959, does, however, permit these students to finish their schooling. It provides that "minors who marry while pupils of Northville high school may, at the discretion of school

authorities, be permitted to continue their regular class work until they graduate or are otherwise separated from the school."

Although the board's final decision to stick with policy was unanimous, it came on the heels of lengthy discussion. Confronted with the question of whether policy exceptions might be justified, board members aired the cases appealed as well as the policy itself.

It was pointed out that every effort is made by school authorities to permit married minors to complete their high school academic program even when the student no longer attends daily classes.

These students, on the other hand, may not take part in extra curricular activities including athletics.

Board members agreed finally that any exception to the policy now would weaken one of its primary objectives, namely, to discourage high school marriages.

(Continued on Page 4)

Calendar

Thursday, May 11
Methodist church Mother and Son banquet, 6:30 p.m., fellowship hall.

Friday, May 12
St. Paul's Mother-Daughter banquet, 6:30 p.m., fellowship hall.
Senior Prom, 9-1, community building.

Monday, May 15
DAR, 1 p.m., Mrs. Richard Martin, 20173 Whipple drive.
Wednesday, May 17
Past Matrons club of Orient, 10 a.m., Mrs. K. H. Babbitt, 306 South Rogers.

Thursday, May 18
King's Daughter's Luncheon Bazaar, 11:30 a.m. — 2 p.m., Methodist church house.
High School Operetta, 8 p.m., high school auditorium.
Coordinating Council, 8 p.m., city hall.

about WOMEN

LUNCHEON, BAZAAR — Mrs. Arthur Fuller and Mrs. A. L. Junod (l. to r.) add some finishing touches to just a few of the batch of aprons that will go on sale next Thursday, May 18, at the King's Daughters luncheon-bazaar in the Methodist church. A chicken and biscuits luncheon will be served; baked goods will be for sale, too. Proceeds will be used for the King's Daughters welfare work.

Gets Mother Of the Year Citation

Central Woodward Christian church of Detroit has named Mrs. Charles Smith, 43843 West Nine Mile road, its "Mother-of-the-Year". Mrs. Smith will be honored at a worship service on Mother's Day morning.

Each year mothers of the congregation cite one of their number for the award. "The Christian influence which these mothers exert upon American family life is particularly noticed," reported an article in the church newsletter.

Mrs. Smith and her husband reside in Novi. She was born in Minelamotte, Missouri and spent her early life in Desloge and Flat River, Missouri.

The Smiths, who celebrated their Golden Wedding anniversary recently, have three daughters and a son.

Banquet Will Fete Moms, Daughters

The annual Mother-Daughter banquet will be held in the parish hall of St. Paul's Lutheran church, High and Elm streets, on Friday, May 12 at 6:30 p.m. Reservations may be made by phoning Arthur Janetke, FI 9-3333.

Members of the Lutheran Laymen's league Men's club will prepare and serve the dinner. Each February the women give the Father-Son banquet.

COUNT NOSES — Census takers, Mrs. Roger Harrison, Mrs. I. Paul Terry, George Hill, Mrs. Fred Hart and Mrs. Jack Willis (l. to r.), met last week in the Northville junior high school office for a briefing session before pitching in on the annual school census. They will visit homes in the school district this month to tabulate an accurate count of children in the district.

Kitchen Diary

Way to a Man's Heart

Mrs. Jackson Shook of 46605 Stratford court is one of count-

less homemakers who has capitalized with utmost success on the simple wisdom of the sage who observed "the surest way to a man's heart is through his stomach".

She cheers her husband's mealtime temperament with two old family favorites, buttermilk waffles and a main dish that's a kissin' cousin to chili. It's no coincidence that these favorites taste just like those his mother used to make; Mrs. Jackson borrowed the recipes from her mother-in-law.

BUTTERMILK WAFFLES

Mrs. Jackson Shook
1 cup buttermilk (Sour milk or sour cream may be used as substitutes.)
2 egg yolks
2 egg whites

2 T melted butter
1 1/2 cups all-purpose flour
1 t baking soda
1/4 t salt

Stir egg yolk and milk together; add slightly cooled butter. Combine first mixture with flour, salt and soda sifted together. Beat egg whites until stiff; fold into batter. Bake in waffle iron. If sour cream is used, omit butter.

CHILI
1 lb ground or chuck beef
2 cans kidney beans
1 can tomatoes (Mash)
1 small onion (chopped fine)
salt and pepper to taste
Saute onion and meat; drain off drippings. Add kidney beans and tomatoes; simmer slowly about an hour or until sauce is quite thick. Chili powder may be added.

Wed 25 Years

Mr. and Mrs. Jack Smith, 25067 Novi road, Novi, marked their silver wedding anniversary April 18.

The couple was honored at a party April 22 given by their children, Robert Smith, Jack Smith, Mr. and Mrs. Karl Erbacher and Mr. and Mrs. Robert Engel. The celebration was at the Engel's home at 46063 Neeson. Forty guests feted the Smiths.

Take Garden Tour

A tour of the West Croft Azalea gardens in Grosse Ile is on tap for members of the Northville branch of the Woman's National Farm and Garden association Monday, May 22.

Women will travel to the gardens on a bus that is scheduled to leave the corner of Main and High streets at 9 a.m. Members are asked to bring a sandwich.

P-TA Rates Movies

Northville Parents-Teachers association has given two current movies the following ratings:

"Operation Eichmann" — adults, poor; young people, no.
"All in a Night's Work" — adults and young people, sophisticated farce.

Speak Vows

Northville Justice E. M. Borgart officiated at four marriages last weekend.

On Saturday morning two Plymouth residents, William Wayne Joyner and Patricia Ann Bush, were wed with Mr. and Mrs. William Cmelka, also of Plymouth, witnessing the ceremony.

Another Plymouth couple, William Herman Pruett and Lucille Pope, were married Saturday evening. Walter Chapman of Garden City and Margaret Cutter of Plymouth stood as witnesses.

Also wed Saturday were Jerry Nathan Cohn of Detroit and Sharon Lea Opperman of Brighton. Harvey L. Dubinsky and Roxanna J. Sherinian, both of Detroit, witnessed the ceremony.

Lloyd George Zimmerman and Jeanette Irene Harvey, both of Detroit, exchanged vows in a ceremony Sunday afternoon. Witnesses were Howard DeNio of Detroit and Linda Ross of Farmington.

Garden Club Asks Help In New Therapy Project

Northville members of the Women's National Farm and Garden association are asking for help from the community in their new "Therapy through Horticulture" project at Northville State hospital.

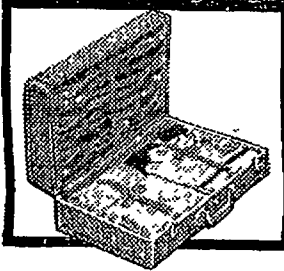

Mrs. D. Hurd Clark, garden club president, said garden tools, shared perennials and volunteers are needed for the project which will provide a landscaped garden for a group of senior citizens at the hospital. These patients plan to use the garden as a center for their new garden club adjacent to F Building in the hospital's geriatric area.

The project has been developed under the guidance of Alice Burlingame of Birmingham who has pioneered this approach to therapy throughout the United States. At the Detroit House of Correction a group of volunteers

from Northwest Detroit has already established a garden club called the Explorers for long term women prisoners.

Mrs. Howard Meyer, Sr., chairman of the local therapeutic garden project, has requested anyone who wishes to volunteer their time, garden equipment or perennials to contact her at FI 9-0289.

WESTWARD HO! — Michael and Jean Michaels were looking for a place on the west side when they hit on their present home at 23780 Maude Lea circle. The couple's son, Steven, is seven-months-old. They are former Royal Oak residents.

Generally speaking, newcomers Michael and Jean Michaels knew just where they were going every time they set out on a house-hunting junket — out of the city and on the West side. They were living in Royal Oak, where they had made their home for about two years, when they finally hit on the "right" house, the one at 23780 Maude Lea circle in Willowbrook. They made their move in June of last year.

'Gondoliers' Cast Named At NHS

Northville high school's vocal music department will stage two performances of the Gilbert and Sullivan operetta "The Gondoliers" next Thursday and Friday, May 18 and 19, at 8 p.m. in the high school auditorium.

While the cast plunged into the final week of rehearsals, Choral Director Leslie Lee revealed the names of the production's lead players. Those taking part are: David Lane, Richard Willing, James Frisbie, Mike Adas, David Sprunk, Kent Frid, James Drew, David Hay, Sam Chizmar, Dennis Bunch, Russell Stevenson, Carol Janetzke, Janice Williams, Diana McIsaac, Sharon Johnson, Gail Hartner, Christine Boretti, Racena Bailey, Karen Hill, Noel F'Geppert, Cynthia Hildebrandt and Lois Shetler.

Geologist Speaks Here

Former State Conservation Department Geologist Helen Martin gave a unique and fascinating account of history and conservation from a geological point of view recently before an audience made up predominantly of Northville teachers and members of the garden club and DAR.

Miss Martin prefaced her outline of man's development and his use of minerals with a survey of the earth's evolution before the advent of human things.

Touching on Michigan's role in the refinement of civilization, she went on to discuss conservation of mineral resources, which, she explained, is affected by the discovery of new methods to detect and extract materials that would have otherwise been useless and by finding new uses for former waste products. She noted that former mineral wastes are now being utilized as never before.

"We have wool that never saw a sheep. We have wax that never saw a bee. We have fur that never saw a beaver."

Northville Teachers club sponsored Miss Martin's talk. Besides her earlier work with the conservation department, Miss Martin is now national chairman of Federated Garden Clubs, on the National Committee of Geological Research and has worked with Standard Oil as a geologist.

Set Hours for Blood Bank

Donors wishing to bolster the Northville blood bank may do so between the hours of 2:55 and 6:30 p.m. on Friday, May 26 when the Red Cross bloodmobile sets up shop at the First Methodist church, 109 Dunlap.

Mrs. C. C. Winter, local blood bank chairman, announced bloodmobile hours this week. She pointed out that 200 donors are needed to bring the unit here and asked prospective donors to make appointments as early as possible by phoning either FI 9-2361 or FI 9-1330.

Local Red Cross officials hope, she said, to have a donation every 15 minutes. Last year 126 pints were given. Mrs. Winter extended a special plea to persons who have drawn on the Northville bank and not yet replenished the pints used. We are counting on these individuals, she said, to recruit donors to replace that which they have received so that we can maintain a sufficient supply in Northville's blood bank to meet future needs in the community. She urged replacement donors to sign up early for their appointments.

All blood donated here is credited to the community account through the Red Cross which acts as a banker. However, the local branch will credit the blood to any group account specified by the donor. Blood is stored at the Detroit Chapter house, 153 East Elizabeth. When needed, the blood is released from the community account by one of three local officials. They are Mrs. A. C. Carlson, branch chairman, Mrs. C. C. Winter, blood bank chairman, and Mrs. Emma Reid, board member.

There is no charge for the blood; however, persons requesting blood are asked to get donors to replace pints they have received. More than 60 pints of blood were released from the community bank to Northville residents in the past year.

Prom's Tomorrow

Northville high school's senior prom, this year themed "Paradise Lost", will be held at the community building tomorrow night (Friday) from 9-11. Prom tickets are \$3 a couple. Dave Martin's orchestra will furnish the music.

church under construction.

The Vera Vaughn Circle will meet Tuesday, May 16 at 7:30 p.m. in the Fellowship room of the church for their monthly meeting. The interior decorating committee will submit color plans for decorating the Sunday school rooms, kitchen and dining room of the new church.

A work day for the painting of the rooms was planned. Mrs. C. E. Stewart will have charge of the devotions and Mrs. Brent Munro the refreshments.

Sunday May 14 will be special observance day for mothers and families, with emphasis on complete families in the worship service. Bouquets of roses will be given to the oldest mother, youngest mother, and the mother with the most children present. Mrs. C. E. Stewart and Mr. Art Salter will sing a duet, "No One Knows Like Mother".

Novi Methodist Church
Children's Day was held last Sunday with all the children taking part. The seniors led the responsive reading and gave the benediction. The Sunday School choir sang several numbers. The Juniors gave a play and the Intermediate group acted as ushers and played several piano and accordion solos. The primary group gave recitations and sang hymns and Mrs. Schenimann's class had a puppet show.

The W.S.C.S. will meet next Wednesday May 17 at the church at 11:30 a.m. Mrs. Nevin and Mrs. Schenimann will act as hostesses. A special potluck is planned to celebrate Mother's Day. Everyone is to bring a mother as a guest.

An evening W.S.C.S. Circle was organized at the home of Mrs. J. D. Mitchell. The following officers were elected: Jeanne Killeen, president; Marian Smelts, vice president; secretary and treasurer Lois Dingham; sick committee, Barbara Klaserne. The June meeting will be held at the Killeen home.

A bake sale is planned for May 20 at the McCollum Drug store. Donations needed. Proceeds will go toward Camp this summer.

The M.Y.F. will meet Sunday evening at 7:00 at the church.

Holy Cross Episcopal Mission
The Holy Cross church will have a Mother's Day program May 14. It will be given by the pre-school Sunday school class. Potluck supper Friday May 19 at the church. At 7:30 a film will be shown on the "Progress of Pontiac" to celebrate the centennial of Pontiac. Every one invited to attend. Admission free. Bring your own table service and passing dish and a friend. For information call Mrs. Thomas FI 9-2190 or Mrs. Barber MA 4-2018.

Two visitors at the church last Sunday were Chris and Junior De Grandchamp of Wall Lake.

Willowbrook E.U.B. Community Church
The Council of Administration met at the church at 8:00 Monday evening. Wednesday night adult choir rehearsal.

Don't forget the weekly Junior Fellowship meetings at the church after school at 3:30. Keep up the good attendance by telling your school age friends about the meetings.

Senior Catechism mat 9:30 a.m. and Junior Catechism at 10:30 a.m. Sunday mornings.

Novi Rebekahs
Thursday, May 11 regular lodge meeting. May 25 Novi Rebekahs will have as their guest Hope Sheldon, secretary of the Rebekah Assembly. Dinner at 6:30 at Saratoga Farms. Any member who would like to attend call Kathryn Bachut, FI 9-2201 for reservations.

Novi Girl Scouts
Brownie Troop 492 will go to Kensington Park on Saturday, May 13 with their leaders. They will have stick cookery at their campfire with a salad and hot chocolate.

Neighborhood chairman Mrs. MacDermid still has some cookies available from the cookie sale for those who wish to reorder or failed to purchase any before from the girls.

Intermediate Troop 602 went to Possum Hollow at Kensington Park last Saturday. All the girls that attended brought their fathers. They had a scavenger hunt, prepared lunch which consisted of meat balls, fried potatoes, tossed salad, and peach dumplings. They also went on a hike, but the ball game was rained out. This week at their meeting they made invitations for their mother's tea on May 13 at their leader's home, Mrs. MacGillivray.

Mrs. Thorpe's new troop of Brownies made their first aid kits for Day Camp; heard the Brownie Story and played two games in the game room, "Flying fish" and "Crossing the Ice". Mary Ellen Reiss brought treats.

Brownie Troop 902 went to the woods during their meeting time. Mrs. Freytag also accompanied them in addition to their leaders. Sharon Freytag brought treats.

New Troop of Brownies from the third grade in Orchard Hills and Novi schools met in the cafeteria under the leadership of Mrs. Garbin and Mrs. Cummings. They learned "Mo She," played get acquainted sketch game, made Brownie Promise plaque, had treats and closed with Brownie Tunnel.

Brownie Troop 1027 opened with flag ceremony, made ho-bag bags from large red hankies, played the "Danish Cock Fight" and learned the daytime Taps.

Treats were furnished by Denise Ward.

Brownie Troop 550 finished bird houses, started their sit-upons, which are light blue plastic material. They made plans for the Brownie Pow Wow, learned the song "Girl Scouts Together". Had formal closing with Taps. Denise Halick brought treats.

The Senior troop met at the home of leader, Mrs. Kriedeman on Saturday. They held election of officers, president, Sue Pharo; secretary, Sue MacGillivray; treasurer, Freda Angel. They are planning to attend the council meeting on Wednesday, May 10. They discussed Day Camp and the Heritage Hike June 14. Cook out is planned for May 27.

Intermediate Troop 149 planned a party for their last meeting June 7. Each patrol has a definite part in the program, such as table decorations, refreshments, games etc. They expect to have a court of awards and they made plans for their Mother's Day gifts.

Intermediate Troop 456 had their regular meeting at Orchard Hills. They are re-registering at this time. Marty Hanna brought treats. They are making plans to have a car wash and had a scavenger hunt with the Hempk patrol as the winner.

Intermediate Troop 1023 planted bulbs for their second class requirement and worked on Mother's Day project; also built fires. These girls are completing their requirements for second class rank.

Closing date for registration applications for Day Camp is May 17. They should be sent to Mrs. Mae Skellenger, 4677 Twelve Mile road, Walled Lake. Phone FI 9-2792. Enclose camp fee of \$3.00 or ask for camper-ship forms.

Neighborhood meeting will be May 18 at the Community building at 9:30 followed by a potluck lunch. For additional information call Mrs. MacDermid FI 9-2205. This is for all registered adults in the Novi neighborhood.

Project SSB (Sharing Skills and Programs) will be held May 19, 20 and 21 at Indianwood for all senior troops and other troops soon to be seniors. This will be an encampment with girls assessing their qualifications and skills so they will be better prepared to try to qualify for the 1962 Round-Up.

School Board
(Continued from Page 1)
The policy question capped a five-hour meeting in which the board covered these other items:

— Dismissal of a first-year art teacher at the high school. Superintendent Amerman suspended the teacher last week. Among reasons he covered in explaining the suspension and recommending dismissal were the teacher's failure to discipline students and demand their respect and the extensive amount of damage to plumbing and other facilities in a classroom that occurred during the year. Amerman further stated that the school intended to seek restitution for damages from students who they discovered have had a part in any of the incidents. The board voted to pay the balance of the teacher's contract.

— Contracts for eight new teachers for the 1961-62 school year were signed.

— Board Vice President William Crump reported for the track facilities committee, recommending that work begin on the track approaches and wood curbing around the runways and pits. Due to limited finances, asphaltting will have to wait, he stated. Crump said the committee was counting on volunteer labor to do the preliminary work. The board instructed the committee to go ahead.

— The board supported Superintendent Amerman's recommendation to move the telephone switchboard now in the Main street school to the high school. Amerman proposed the change to relieve the board of education office staff. He suggested that student help be recruited at the high school to help run the board.

Board members delayed ap-

proval of Recreation Director Ken Conley's request to use school buses for the summer recreation program until the matter can be further studied.

Administrators hesitated recommending the okay, they explained, because of the "wear and tear" on the buses. In the past the schools have permitted the recreation department to use the buses as their contribution to the summer program. The recreation department furnished the drivers and pays for gas and oil. The schools share some of the cost for more major repairs.

John Mach Ford Sales on Main street was given permission to park cars behind the season at a \$60-a-month rental, high school during the racing season.

The school system received a state aid payment of about \$31,000, approximately 70 percent of the amount, due.

**The
Automobile
Industry**

It was recently estimated the average motorist spends \$36 per week on his car. This includes the financed purchase price, annual depreciation, insurance, license, and, of course, oil and gas.

The fact this represents more money than many families spend on their homes indicates how important the automobile has become to all of us. Its importance has made the car industry the largest single business in the country by far.

Is it possible for the average motorist to get more value out of his motoring dollar than he now does? We think so. So we're planning to devote this space each week to some plain talk about the automobile business.

How can a motorist deal most wisely who is trading in his old car on a new one? Or make the even more difficult decision of what used car to buy? And how can he get the most performance satisfaction out of the car he now has?

This industry is changing rapidly, even for our changing world. Being on the inside looking out we'd like to share some of our knowledge of this business with you. We're sure a lot of light can be shed on a problem by discussing it honestly.

We hope, as we go along, we'll make a friend of many of you. And perhaps you'll see fit to deal with us. But whether you do or not, we know you'll find most of what we have to say both interesting and helpful. See you next week.

TREES FOR SALE — These junior high school student council members are selling flowering crab trees — Northville's official tree — as their contribution to the "Beautify Northville" effort throughout May. Displaying their wares (l. to r.) are Gary Davis, Bob Steeper, John Callaghan and Mary Godley. The trees may be purchased for \$1.75 each this Saturday from noon until 5 p.m. at the outdoor classroom site between the junior high school and the Main street elementary.

Local Youth In Blind School Band

On Saturday, April 29, both the band and the orchestra of the Michigan School for the Blind were privileged to perform at the State Festival sponsored by the Michigan School Band and Orchestra Association in Grand Rapids. Both organizations are enrolled in the Senior High D classification. The orchestra, under the leadership of Mrs. Olive Harris, earned a Number 1 rating. The band, under the leadership of Mr. Jack Chard, earned a Number 2 rating.

Robert Orr, son of Mr. and Mrs. Seymour Orr, 748 Grace street, is a member of the orchestra. Robert is an eighth grader and plays the cello.

This week finds the 36 piece band making a tour during which they will be performing in Mt. Pleasant, Grayling, Gaylord, Cheboygan, Sault St. Marie, and Kinschloe Air Base. This tour is a part of the school's public relations program to give citizens of Michigan a better understanding of the education of blind children.

Alvin Skow to Direct A 'Team' of Teachers

Northville High history and government teacher, Alvin Skow, will be directing a team of teachers who will teach an eight week history course to 150 students at Harvard University this summer.

This is made possible by a Harvard University fellowship which will cover Skow's tuition and living expenses and give him an additional 10 credits in graduate study.

Titled the Harvard-Lexington summer program, Skow, with five general teachers assisting, will be in charge of the 150 students, giving 90 minute lectures three days a week on specific periods of history.

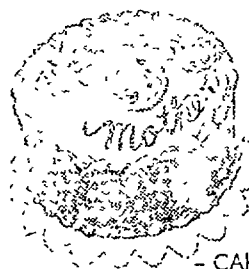

The six teachers meet the other two days to plan the course, especially regarding where to place the emphasis on the various phases of history.

The group of students will be broken down into smaller units and will meet with the teachers for a more personal approach to teaching and studying. The small group periods last 45 minutes and the students are in school from 8 a.m. to 4 p.m.

Math Group Taps Local Teacher

Miss Diana Lance, advanced mathematics teacher at Northville high school, was elected secretary of the Michigan Council of Teachers of Mathematics at a recent council conference held at St. Mary's lake.

Miss Lance attended the May 5-7 conference with Mrs. Gertrude Fey, junior high school mathematics instructor.

Elect Officers

The Northville Township Hills Property Owners association officers were elected at the annual meeting at the home of Mitchell S. Pitak Sunday.

Elected were Harold Lane, president; Earl Fiene, vice president; and Mrs. Daniel R. Brown, secretary-treasurer.

Members welcomed new property owners, Mr. and Mrs. Robert Bogart, Mr. and Mrs. Elmer McIntire, Mr. and Mrs. Edmund J. Ward, and Mr. and Mrs. John Northup.

MAPPING STRATEGY — A committee supporting Mrs. Anne Conklin for delegate to the constitutional convention met last weekend to map strategy. On the committee are Mrs. Rita Northup (left), Alex M. Lawrence, Mrs. Conklin, Fred Westfall, Bill Duffy and Mrs. Bea Carlson.

Meet Con-Con Candidate Here

Mrs. Anne Conklin of Livonia, candidate to the Constitutional Convention met with a local group interested in Constitutional Government to make plans for her campaign in the Northville City and Township area.

Other of three children, a charter member of St. Paul's Presbyterian church, and has been well known and active in professional Republican quarters for many years. She has served as president of the GOP Women's Club of Livonia, as executive secretary of the 17th District, member of the State Central Committee and was alternate delegate to the National Convention in 1956.

One delegate will be elected from the State Senatorial District (the 18th) and one from the State Legislative District (the 21st).

Republican and Democratic parties will run on separate slates with the nomination going to the single high candidate on each ticket. The primary election will be held July 25th with the finals in the fall.

Mrs. Conklin has lived in Livonia 14 years. She is the mother of three children, a

DEADLINE - NOON TUESDAY

1-Card of Thanks

I wish to thank all my friends and neighbors for their cards and letters sent me during my stay at University Hospital.

I wish to thank my neighbors and friends for their cards and gifts and acts of kindness during my stay in the hospital.

I wish to thank everyone for the cards, telephone calls, inquiries and other kindnesses extended to me during my stay in the hospital, and a special thanks to Rev. Ferris Woodruff for his visits to the hospital.

I wish to thank my neighbors and friends for their cards, flowers and gifts and those who called while in the hospital and since my return home. With special thanks to Rev. Marion Sherrill for his calls.

I wish to thank the Country Korners Farm Bureau, O.E.S., my friends and neighbors for many acts of kindness shown me during my stay in the hospital and at home.

We wish to express our sincere appreciation for all the kindness shown us during our recent loss. Special thanks to the Casteline Funeral home, Pastor Chippchase and all our wonderful friends of Northville and Salem.

The family of Mrs. Smith (Winifred) Reed

Obituary

VIOLA MAY LOCKHART
Services will be conducted tomorrow (Friday) at 1 p.m. from Casterline Funeral home for Mrs. Viola May Lockhart, 62, who died Monday at St. Mary's hospital in Livonia. She was injured April 19 in an automobile accident at Seven Mile and Farmington roads. Mrs. Lockhart had lived at 618 Orchard drive with her husband, George Henry, who survives.

Justice Court Action

A fight at Bel Nor drive-in on Seven Mile road brought \$25 fines to two youths in court action before Justice E. M. Bogart.

Thomas V. Heatley, 304 West Dunlap, and Alfred P. Daidone of Garden City appeared in court April 29. Both were cited for causing a disturbance at the drive-in. A third youth, a minor who was involved, has been referred to juvenile authorities.

Northville Police Chief Eugene King this week praised the "quick action of an alert citizen" who aided police in apprehending a hit-and-run driver.

King said Clarence Schwab of 122 South Rogers pursued a pick-up truck he had seen strike a neighbor's truck parked on South Rogers and reported the license number of the vehicle to police.

Ernest Sworthwood of 8454 West Seven Mile, the hit-and-run driver, was found guilty on two counts in court action before Judge Bogart. He received a \$25 fine for leaving the scene of a property damage accident and a \$10 fine for negligent operation of a motor vehicle.

Elmer Rice, 44109 Stassen street, Novi, was fined \$20 for leaving the scene of a property damage accident on April 15. Rice struck Richard Alkire's car. Alkire lives at 19790 Fry road. The case was tried May 5.

Goodwill Week Set

Whereas Goodwill Industries in celebrating its 40th anniversary of service to the handicapped has become established as the largest employer of physically handicapped persons in the area and is a leader in vocational training and rehabilitation; and

Therefore I, A. M. Allen, Mayor of the City of Northville, proclaim the week of May 7 through May 11 as Goodwill Industries Week and urge that everyone in the community observe it as such.

Also surviving are a daughter, Mrs. Elise Kelly, Wyandotte; son, Hugh Lockhart, Petoskey; sisters, Mrs. Pearl Saltzgaber, Jackson, Mrs. Matie Baker, Petoskey, and four grandchildren. Mrs. Lockhart was born September 8, 1898 in Petoskey. Her parents were William H. and Lillie (Mawford) Brown. A resident of the community 34 years, Mrs. Lockhart was a member of the First Methodist church, Woman's Society of Christian Service Seeley circle and the Piano Technicians guild auxiliary of Detroit. The Reverend Paul Cargo officiated at services. Interment was at Rural Hill cemetery.

CHARLES SMITH PRICE
Funeral services were held from Ebert Funeral home Friday, May 5 for Charles Smith Price, 64, who died May 2 at Maybury sanatorium. Interment followed at Oakview cemetery. Royal Oak. Mr. Smith's home was at 1200 Drexel, Detroit. His sister, Mrs. Mary F. Crain, Detroit, is the only survivor.

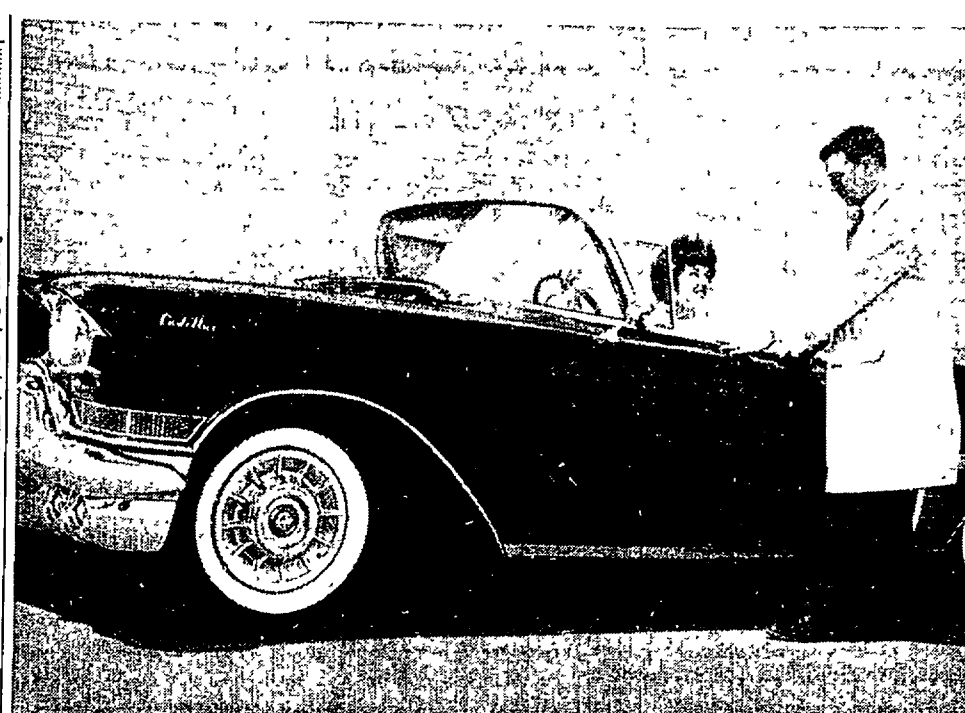

FLORA VIOLET BENTON
A former Northville resident residing at Bear Lake, Mrs. Flora Violet Benton, died April 25 in Mercy Community hospital at Manistee at the age of 76. Born in Milford township November 28, 1884, Mrs. Benton had lived with her daughter in the Bear Lake area since 1948. She is survived by her husband, William, of New Hudson; a son, Arthur, Minot, North Dakota; daughter, Mrs. Nancy Goffar, Bear Lake; four grandchildren and several nieces and nephews. Funeral services were held Friday, April 28 from the Edwards Funeral home in Bear Lake with the Reverend Justus Dowd officiating. Burial was in the Onekama cemetery.

WINIFRED REED
Mrs. Winifred Reed, 66, of 10029 West Seven Mile road died Wednesday, May 3 at St. Joseph Mercy hospital in Ann Arbor. She had been ill the past six months. Funeral services were held at 1 p.m. Saturday from Casterline Funeral home with the Reverend Elwood Chipchase, pastor of Salem Federated church, officiating. Interment followed at Oakland Hills Memorial Gardens in Novi. A native of Mecosta county, Michigan, Mrs. Reed was born December 10, 1894 to Charles and Ida (Olin) Potter. She had lived in Northville 24 years. Surviving are her husband, Smith; daughters, Mrs. Gertrude Dillavou, San Diego, California, Mrs. Ruth Lanning, Northville, Mrs. Arla Larson, South Lyon, Mrs. Dorothy Manges, Hamburg, New York; sister, Mrs. Julius Jager, Fox River Grove, Illinois; and 13 grandchildren. Mrs. Reed was a member of Salem Federated church.

EDGE OF A CLIFF

A lady wrote to Dr. Steinhorn and asked, "Don't you think all the literature on cancer prevention is too scary?" Dr. Steinhorn replied, "Suppose you were walking along an unfamiliar path some dark night and suddenly someone shouted, 'stop, don't take another step, you're at the edge of a cliff!' This sudden warning would cause your heart to pound and you would stand quivering in fear. Wouldn't you be thankful for the warning of your saviour? It is the same with cancer. You can get over a scare. The main thing is to be saved from almost certain destruction!" Certainly we will agree with the doctor and we will not be angry with him for telling us the truth about this dread disease which could bring certain destruction. Why then do so many people show poor judgment about the real ministers of God who warn about the hell toward which they are headed? As sure as there is a God in heaven, so sure is there a place called hell into which all unregenerated, Christ deniers will go when they pass from this life. I agree with Evangelist Vance Hovner who once said, "I'm glad some preacher scared my dad into heaven instead of lulled him into hell". Face the facts — your eternity is at stake!

Record Crowds Jam P-TA Carnival

There's no doubt about it — everyone likes a carnival. And literally thousands of men, women and children enjoyed a full evening of fun at last Friday's P-TA carnival at the Northville community building, junior high school and Main street ele-

mentary. At left 3-year-old Cindy Brasseur clings tightly to a giant candy cotton treat, while Mrs. John Gibson (center) enjoys a new feature of the carnival. She's receiving a "new face" from Elsie Sedan, a make-up and hair-styling student

of the Virginia Farrell school in Detroit. At right above, Jimmy Doe, eight months, is oblivious to the activity as he enjoys his pacifier and tugs at a balloon.

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY

9—Thursday, May 11, 1961

This trio of judges had the difficult assignment of selecting the winning entries in the cake decorating contest. The judges are Mr. and Mrs. Harold Searfoss (l. and r.) and Mrs. William Milne (center). The judges picked the winners without knowing who had decorated the cakes. The winners were: (11 and under class) 1st — Lisa Wright, 6; Deborah Burr and Mike Utley, both 11, tied for second; 3rd — Craig Smith, 9; (12 to 18 class) Chryal Bake, 14; Cathy Utley, 13; and Shirley Lamp, 12; (adult class) Loretta Schwartz, Jane Blough and Mrs. Al Smith.

Another popular, new feature of the carnival was the street dance. The youngsters enjoyed the music of Bob Williams and his orchestra as they beat out rhythm to both square and round dances.

It looks easy, but winning a cane proved mighty frustrating for youngsters — and adults, alike. Hundreds lined up to try their luck at this and countless other games of skill. Before the evening was over some 600 dinners were served, nearly \$3,000 spent and hundreds of arm and leg-weary parents trudged home with prizes of all descriptions. The result — another successful P-TA carnival. It's the only fund-raising event for the parent-teacher group. The carnival was chairmanned this year by Chester Lipa.

READERS SPEAK:

Assessments Not Wanted

We will have to educate them!

That is a statement made by a Councilman in one of his answers to some 250 to 300 signatures on petitions filed objecting to any special assessment on our unpaved streets.

In other words, we, comprising signatures of a past village president, former councilman, business and civil leaders, plus good sound citizens, who signed those petitions did not know what they were signing.

It is true there are arguments on both sides of this delicate subject. However, the opinion of those of us who signed said petitions think our cause is just and equitable, more so than any other kind of argument presented for said assessment.

Is it not odd that since 1927 to date any of our past council during those years had not seen fit to change the method of paving our streets? I had been of service to our community as your councilman for eight years and my street is still unpaved. But, during all that time I agreed with the principal of that with which we lived.

In the years of 1927 and 1928 our village fathers attempted, and did set up a special assessment district at the request of property owners on certain streets to have their streets paved.

However, there was an illegality in the assessment roll caused by the over assessment of the 5% allowed for any one year based upon the assessed valuation of the premises. (see chancery file no. 268252, referring that it was contrary to Section 1639 of compiled laws of 1929 and section 27.30 C.L. 1915). The roll was set up for a ten year period. This illegality caused a law suit in which it was determined by the Court that the total amount of money that could be lawfully collected by the Village was \$45,000.00. The village had to refund any over assessment upon request and that refund came mostly out of the general funds. Payments were made on bonds from 1927 to 1939 which were defaulted leaving the village to float a new issue for a period of thirteen years at a cost of \$136,724.48 which was paid off out of the general fund by the year of 1952.

We most all agree the paving of streets should have been via special assessment method. However, there was a case that created a specific problem and expense and as a result our leaders in the past said the streets should be paved out of general funds.

We, who have lived in our community for five to forty years, or even a life time have built up an equity in the general fund. Not only as far as paving is concerned but also, in public utilities such as water, sewer, both storm and sanitary, fire protection, etc. The development of these certainly cost the residents a large amount of dollars. Further, while waiting for streets to be paved the residents had to suffer the consequences of living on unpaved streets. The consequences to the uninitiated consist of dust, tracking of oil, bumpy roads, etc. Any new resident moving into our community and becoming a part thereof does have the advantage of all these improvements and the cost thereof. I believe any new citizen will recognize this theory and fact.

It may take ten years instead of seven or eight to accomplish all of the paving out of the general fund. Note it has been called a street improvement program but in reality it is nothing more than just a plain old special assessment with all of its inequities because it is against the principals as laid down in the past.

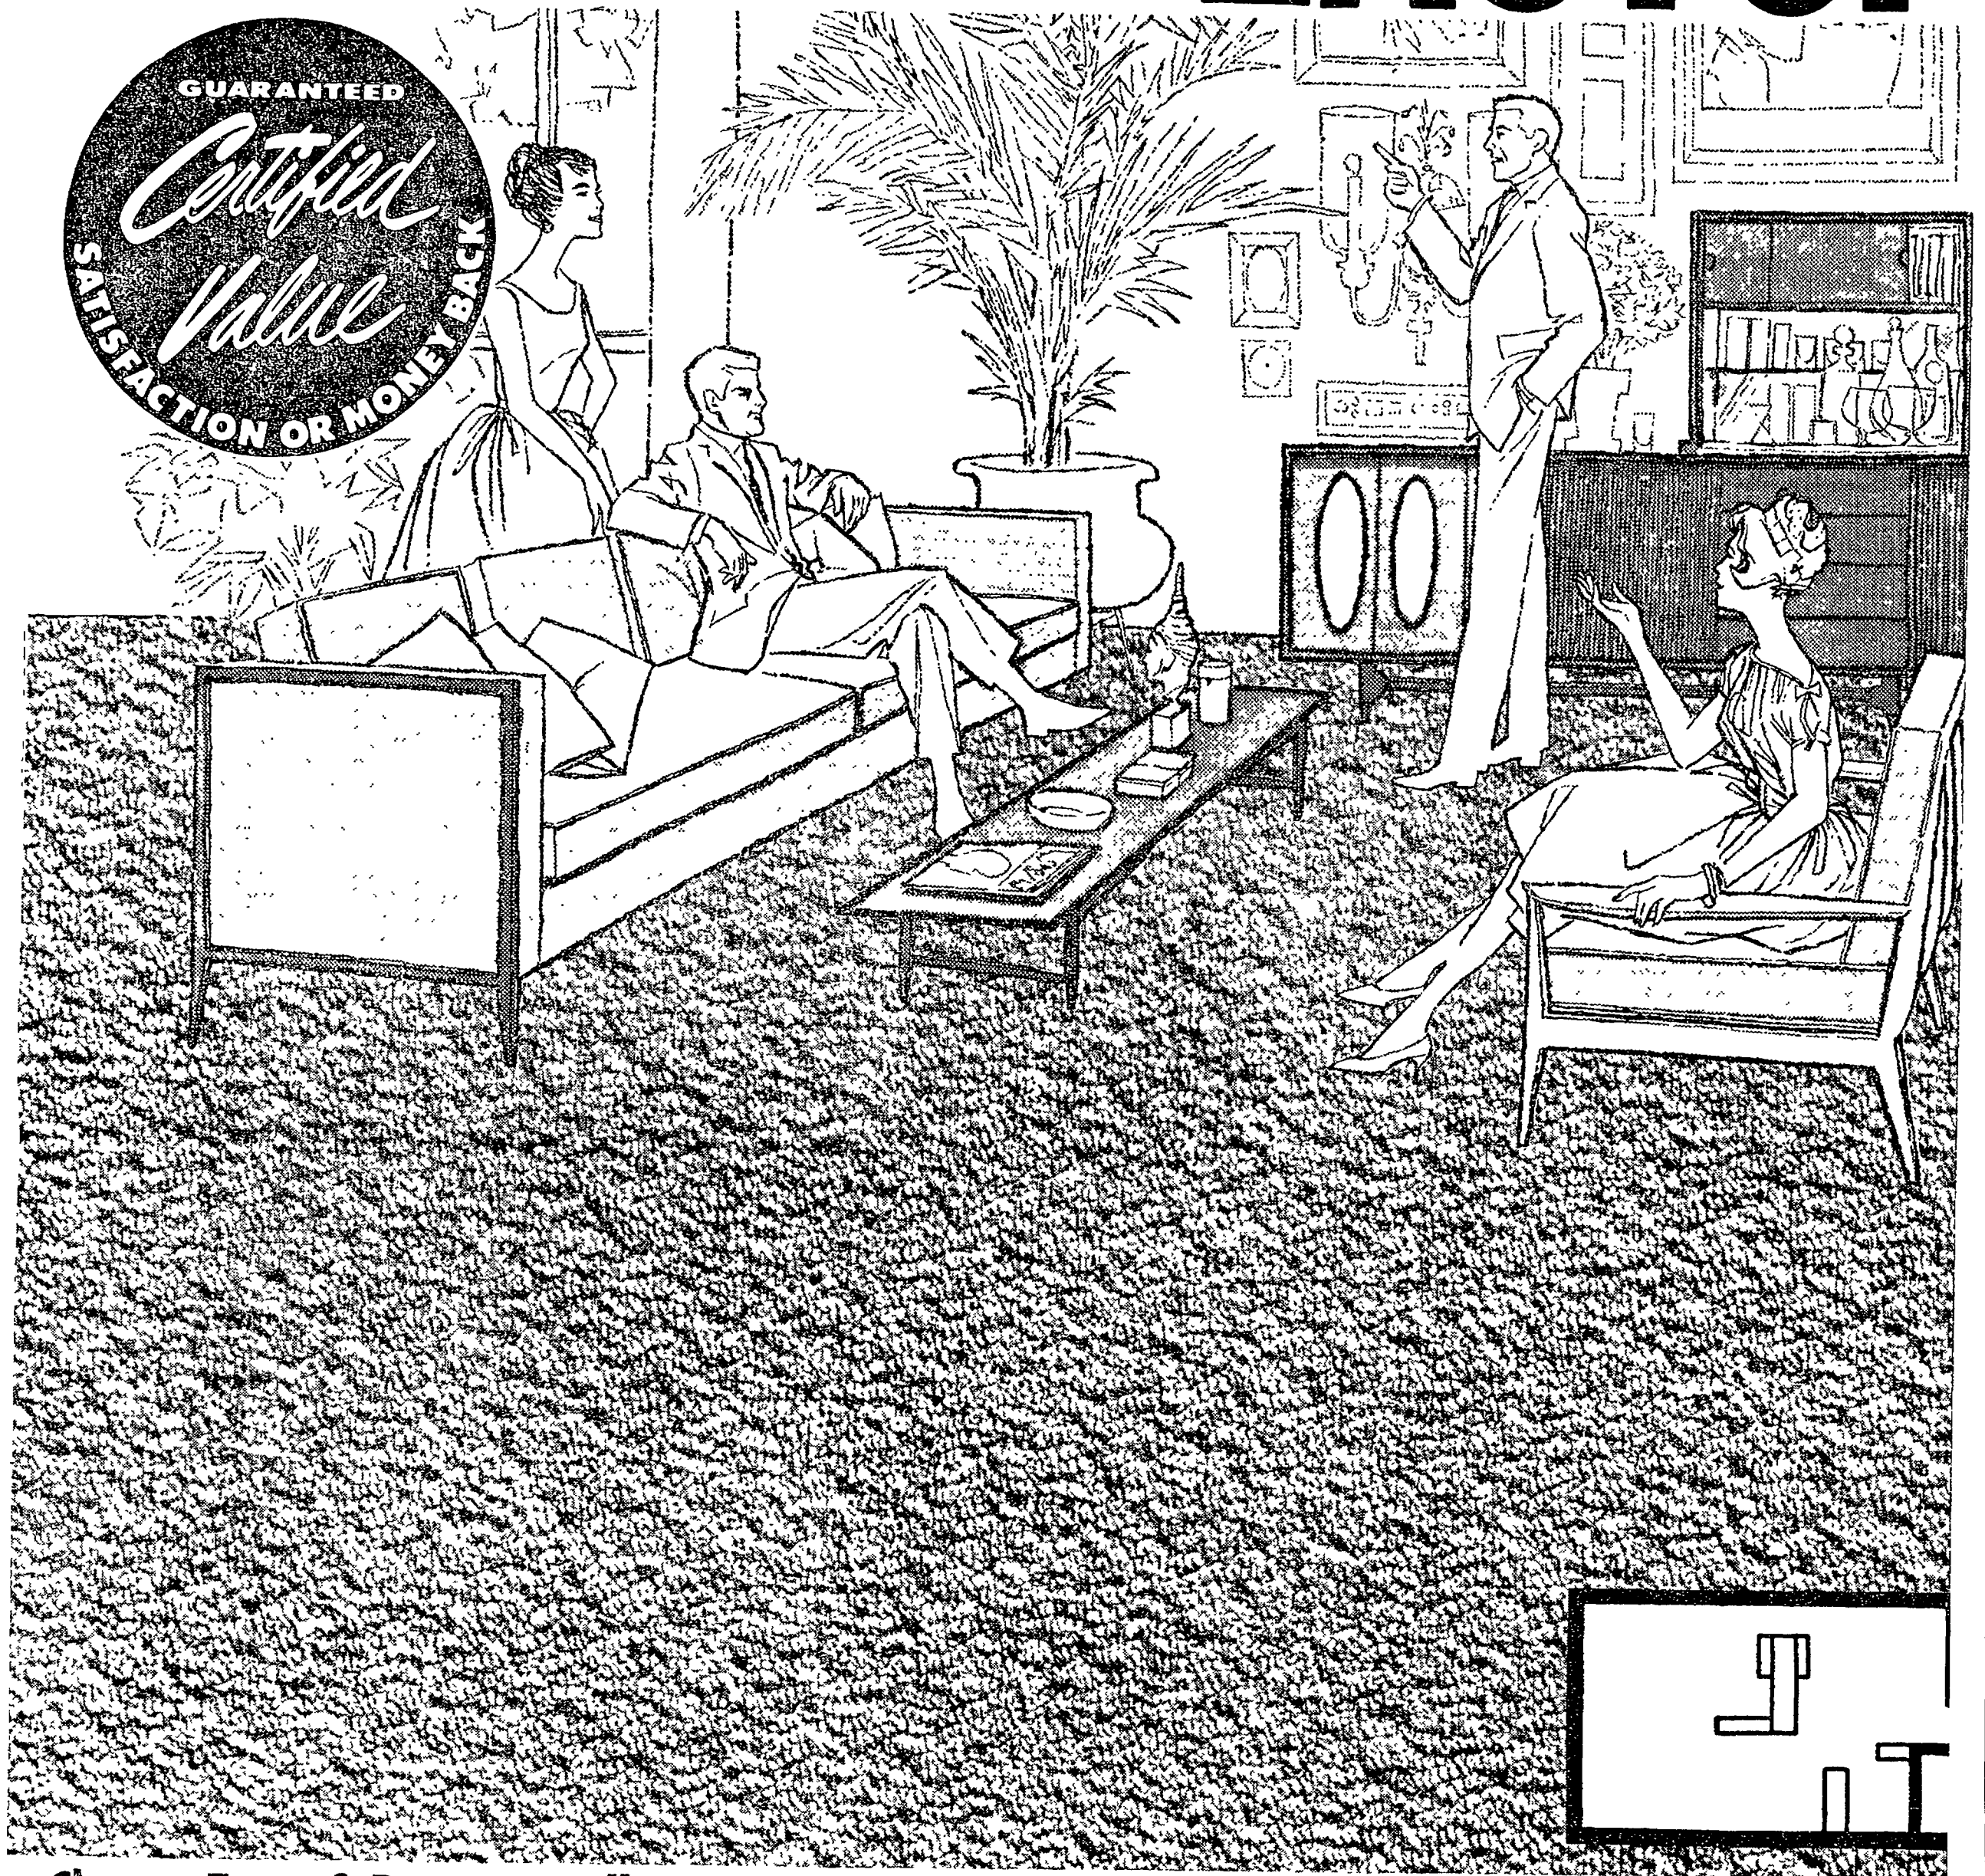

However to those of us who have waited up to thirty years or more to have our streets paved, another year or so will not make any difference.

It is my opinion from observation that any of the old paved streets that need resurfacing should be put on a special assessment basis thereby alleviating the general fund. If, in any such case it could be proven that it was inequitable to handle a situation of this kind in such a manner we could take the money from the general fund.

I wonder if we the people, who signed those petitions have to be educated or who should be?

Yours as ever,
Earl L. Reed
Your Ex-Councilman

No Stopping Thinclads— Take Their 5th Straight!

And the Northville high track team keeps rolling on.

Last Friday on a sunny, yet chilly, afternoon, the Mustang thinclads throttled West Bloomfield, 72-36, for their fifth straight win of the spring.

Three school records were re-

written in the process as Coach Ralph Redmond's boys continue to be the surprise of Northville spring sport activities.

Sleek Jim Petrock set two of the marks, cruising over the 100 yard dash in 10 seconds flat and covering the 220 in 22.45 seconds although getting

nosed out by the hair on his chinny-chin-chin by West Bloomfield's Jack Newton.

The other record was set by Dick Bathey in the 180 yard low hurdles in 21.7 seconds.

Next on the agenda for the Mustangs will be the Class B Regionals Saturday at Livonia

Bentley High. Coach Redmond isn't expecting to walk away with the trophy as much as he'd like to. One big reason is Ecorse High against whom Northville raced in the Central Michigan Relays a couple of weeks ago. Ecorse won the relays with 68 points.

However, the state regionals seem insignificant compared to the Wayne-Oakland League meet next Tuesday evening at Milford. This is the big one as far as Northville is concerned. And without sounding too boastful, the locals have a better than even chance of taking the title.

Golfers Win Playoff Hole, Win Meet

It took an extra hole for a playoff, but Northville's golf squad won its first match of the year Monday afternoon in a triangular with Brighton and West Bloomfield at Meadowbrook country club.

Both Northville and Brighton wound up identical 237 totals after nine holes with West Bloomfield third at 246. So a playoff hole to settle the tie was played and the locals came out two strokes to the good, 26 to 28. The final scores were 263 to 265.

Captain Tom Slattery led the way with a good 43 score for the ten holes. He had 39 over the regulation and four on the playoff hole.

Other ten hole scores were Dave Zielinski, 48; Eddie Beard 54; Bob Hallam, 56; and Hal Schmidt, 62.

Last week, Plymouth won by 12 strokes, 270-282, over the locals. Slattery was low man with a 40.

Tomorrow, Northville travels to Farmington for the Class B regionals. Slattery, Beard and Zielinski will make up three of the starting foursome with the other player to be announced later. Next Thursday, the league meet will be held at Brighton.

Boys 10-14! You Can Still Sign Up

All boys who will be 10 years old by July 1 but will not be 14 before September 1 and who are interested in playing knot-hole baseball should report to diamond two in Cass Benton park at 9 a.m. Saturday.

Two midget teams are ready to go and will play a practice game against each other at 6 p.m. tonight at Cass Benton. They open the regular season in the Livonia league on May 15 there.

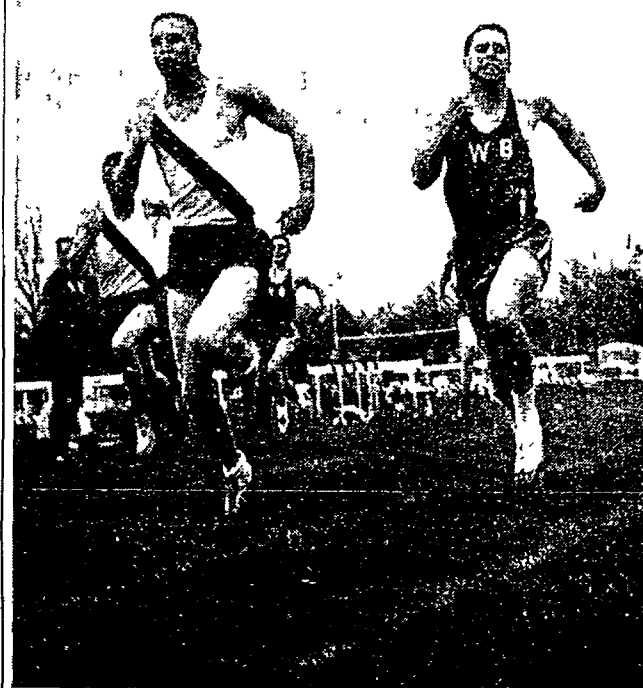

Kritch Is Tops

Former Northville High athlete, Joe Kritch, is currently leading the Florida Southern college nine with a .417 batting average.

Playing left field, Kritch is the leadoff batter for the Florida school which is currently in first place in the Florida Inter-Collegiate conference.

A freshman, he is a member of Sigma Phi Epsilon fraternity. He will be home in three weeks when school lets out for the summer.

Record Busters

HE SETS TWO RECORDS... — Speedy Jim Petrock races over the finish line ahead of West Bloomfield's Jack Newton to set a 100 yard dash mark of 10 seconds flat last Friday. Petrock, a senior, also set a 220 yard record of 22.45 although nosed out by Newton.

... AND HE SETS ONE — Dick Bathey skimmed over the 180 yard low hurdles in a record time of 21.7 seconds last week. He also won the high hurdles as Northville tromped all over West Bloomfield for its fifth straight victory. That's Dick Kernozek on the left.

Cranbrook Defeats

Net Squad Again

The Mustang tennis team boosted its season record to 8-2 the past week with a 4-1 win over Milford. But they dropped a 4-3 match, the second one by the same score, to tough Cranbrook.

Northville will probably face Cranbrook again May 19 when the regionals are held there. Bill Chapple was the only loser for Northville against Milford while Dieron Ornekian, Dennis LaRogue and the doubles teams of Gary Kohns-Jim Jiggins and Paul Rumble-Don Lawrence were winning handily.

Disputed Calls Cost 2 Games

Mustangs Seeing Red Over Men in 'Blue'

Mention the word "umpire" to Coach Stan Golonka and his Mustangs and you had better be prepared to run for your dear life.

It was a real "lost" weekend for the locals as they dropped a disputed 4-3 decision to Brighton last Thursday and then played to a 2-2 tie with Holly Monday before the game was called because of darkness. Sandwiched in between was a 6-4 defeat last Friday to Oak Park in a non-league tilt.

Monday's game was a prime

example of what has been a chief boiling point of high school sports fans all over the state. There's nothing as frustrating as an inefficient umpire who has not the slightest notion about the game he is officiating.

Northville was behind, 2-0, in the sixth inning. Tom Daniels led off with a double to a weed patch in left field. Jim Juday promptly cracked a similar blow to the patch, scoring Daniels. However, he was called out when

the Holly first baseman appealed to the umpire that Juday neglected to touch first base.

The entire Mustang team jumped on the umpires who were not even dressed in the proper uniforms if they had one.

The umpire admitted that he did not see Juday miss the bag and was, for all practical reasons, taking the Holly first baseman's word for it. And then he added: "I didn't see the bag move."

With two outs then, Steve Juday doubled and whereas his hit would have sent across his brother, Jim, with the possible winning tally, it meant not a gosh darn thing.

The Mustangs added the tying run in the seventh when Jim Anderson singled home Dave Hay. Both teams blew chances in he eighth and ninth innings. Tom Swiss nipped a Holly threat in the ninth when he picked a runner off at third.

Last Thursday, umpires failed to see a runner bump into Steve Juday fielding a grounder at short — a clear violation of the rules. The oversight allowed two runs to score and sew up the decision for Brighton.

Northville was ahead at the time, 3-2, having scored twice in the third inning on a two run single by Steve Juday and another in the fifth on a single by Roy Rice.

The game with Oak Park was a well-played one, going nine

innings. Butch Willing had everyone buzzing as he struck out the first nine men to face him. Oak Park finally reached him for two runs in the fourth, one run each in the fifth and sixth and two in the ninth.

The Mustangs scored one in the second, two in the sixth and one to tie the game up in the seventh. Willing wound up with 12 strikeouts after his fast start.

vice.

**Two Local Dentists
To Receive Awards**
Two Northville dentists are
among those to be honored
Thursday, May 18, by the De-
troit District Dental Society at
its annual meeting in the Hotel
Stalder Hilton.
Pin awards for 25 years ser-
vice will go to Drs. Kenneth J.
Eastland and Arthur J. Males-
ke.
The awards will be present-
ed by Dr. Walter C. McBride,
Detroit, newly elected presi-
dent of the Detroit District
Dental Society who succeeds
Dr. Carroll W. Kennedy, De-
troit. The Society, with a mem-
bership of approximately 2200
dentists in the Detroit area,
represents about two-thirds of
Michigan's dentists.

**Carol Simon
Wins U-M
Scholarship**
Northville High school stu-
dent Carol J. Simon, 24022 Wil-
lowbrook drive, Novi, is one of
392 state high school students
to receive a Regents-Alumni
Scholarship to the University of
Michigan, Dean of Men Walter
B. Rea, chairman of the Com-
mittee on University Scholar-
ships, announced Wednesday.
Last year, 640 students in 375
Michigan accredited high
schools won the awards.
The stipends vary according
to the financial needs of win-
ners and range from an hon-
orary \$50 entrance award to a
\$580 per year grant. Awards
continue for the normal length
of each student's degree pro-
gram if his academic record
justifies renewal.
Each school is entitled to at
least one of the scholarships if
a qualified senior applies. In
addition, a number of awards
are granted at-large on the ba-
sis of a state-wide comparison
of applicants from participat-
ing schools. No limits are set
on the number of applicants
from, or awards to, any one
school.
In evaluating applicants, em-
phasis is on character, citizen-
ship, academic record, finan-
cial need, and scores on a com-
petitive test.

in Uniform
Ray Hood, son of Norman
Hood, of 520 Grace, is spend-
ing leave with his parents after
graduating from a 27 week av-
iation school at Memphis, Tenn.
When his leave is up, he will
report to San Diego, California
for 8 more weeks of schooling.
Hood enlisted from Northville
in May, 1960, and graduated
from U-D High school, Detroit,
in 1958.
After San Diego, Hood will be
sent to the Philippines for duty
with Aircraft Patrol Squadron
No. 40.

**from the
PASTOR'S STUDY**
By The Reverend Paul M. Cargo,
First Methodist Church of Northville
band or wife. "When I
speak, step lively — and no
back-talk!" Yet a home is
not a regimented institution.
A family has to have love
and cooperation, and the re-
spect of each member for the
other or a happy home
cannot exist.
Happy the home when love
is there. No one would dis-
pute that. The happy Chris-
tian home is where two or
more people live together in
a love which is consonant
with the spirit of Christ.
Three are married, not two.
Man and wife and God. And
if this bond is firmly fixed,
the marriage is made in
heaven as well as earth, and
love will not fail.
Happy the home when pa-
tience is there. In America
we are not long on patience.
We are a hopped-up genera-
tion in a stepped-up culture.
At a cave in Athens one
hears the story of how the

wife of the philosopher Socra-
tes gave him a terrible
tongue-lashing one day. Socra-
tes stood there unmoved,
answering nothing. To im-
press her point, she threw a
bucket of water on him. The
old philosopher, drenching
wet, remarked that after all
the lightning and thunder he
had expected a shower. Some
of us wouldn't have taken it
as calmly. The Pauline
phrase of being "patient in
tribulation" could come to
the aid of a good many
homes headed for rocks and
shoals of difficulty.
"Happy the home when
God is there" — that's the
way our Methodist hymn
goes. No home, or nation, or
individual ought to forsake
God. Dr. Farber of New
York city says, "No people
has ever been known to
long endure without a faith
in God issuing in a moral
and spiritual fiber that made
them strong in their private

and public life. With no vi-
sion or understanding of the
moral and spiritual
teachings that lie at the
heart of a religious faith,
there is bound to be a dis-
regard for truth, honor and
justice. We cannot do with-
out the foundations upon
which these are built and we
cannot neglect and disobey
God in His commandments
without paying the price of a
decadent nation."
Remember mother and the
home on Mother's Day, and,
mothers, be worthy of the
praise in the Book of Pro-
verbs:
Her children rise up, and
call her blessed;
her husband also, and he
praises her
Charm is deceitful, and beau-
ty is vain,
but a woman who fears the
Lord is to be praised.

Proposed Zoning Ordinance Amendments

PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NORTHVILLE MICHIGAN

AN ORDINANCE ENACTED UNDER ACT 184, PUBLIC ACT OF 1943 OF THE STATE OF MICHIGAN, AS AMENDED, TO PROVIDE FOR THE ESTABLISHMENT OF ZONING DISTRICTS LYING WHOLLY WITHIN THE UNINCORPORATED PARTS OF THE TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN, WITHIN WHICH ZONING DISTRICTS THE USE OF LAND, NATURAL RESOURCES, AND STRUCTURES, INCLUDING TENTS, AND TRAILER COACHES, THE HEIGHT, THE AREA, THE SIZE, AND THE LOCATION OF BUILDINGS HEREINAFTER ERECTED, THE LIGHT AND VENTILATION OF SUCH BUILDING, THE AREA OF YARDS, COURTS, AND OTHER OPEN SPACES, AND THE DENSITY OF POPULATION SHALL BE REGULATED; TO PROVIDE FURTHER FOR A METHOD OF ADMINISTRATION AND ENFORCEMENT OF ITS PROVISIONS AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS; TO PROVIDE FOR A BOARD OF APPEALS AND ITS POWERS AND DUTIES.

THE TOWNSHIP OF NORTHVILLE ORDAINS:

PART I. That the Zoning Ordinance of the Township of Northville is hereby amended by the amending of sub-section (i) of Section 14.06 of Article XIV to read as follows:

Section 14.06 (i)

1. Permit a gasoline filling station in a district permitting such use; provided the general standards under Section 17.02 and the following conditions shall be complied with:

(a) The structure shall be limited in size to two (2) single car service bays, plus restrooms and office and/or supply storage space.

(b) The operations shall be limited to the terms of the definition in Section 1.25, and no outside storage of oil drums, trailers, concrete mixers or any other material or equipment shall be permitted for rent, sale or display.

(c) Provide a barrier, of such dimension, (not less than four (4) feet in height) and kind as will protect the occupants of adjacent structures so they will not be unreasonably disturbed either by day or night, by the movement of vehicles.

(d) Lighting facilities shall be arranged so they will not interfere with traffic or cause an unreasonable disturbance to occupants of adjacent residential properties.

(e) No gasoline service station shall be located or no property used as such nearer than four hundred (400) feet, in any direction as measured from

any point on the property line of any church, school, (public or parochial) public playground or park, public library, police station; fire station, post office, hospital, theatre or any place of public assembly where twenty-five (25) or more persons ordinarily, and with some regularly are gathered for lawful purposes.

(f) Pumps or other equipment, used in servicing of motor vehicles, shall be placed and used only inside the lot lines and shall be set back not less than eighteen (18) feet from any street line to which the pump island is verticle and twelve (12) feet from any street line to which the pump island is parallel and not less than twenty (20) feet from any residential boundary line.

(g) All vehicular entrances to or exits from any lot must be approved by the highway authority having jurisdiction of the road or highway upon which such lot abuts.

2. Permit a public garage in a district permitting such use; provided the general standards under Section 17.02 and the following conditions shall be complied with:

(a) All cars shall be stored or serviced within the building.

(b) Wrecked cars must be stored or parked within the building or may be temporarily stored or parked within a fenced-in yard which shall be screened from view from any street or private abutting properties. No permanent outside storage or parking of wrecked cars shall be permitted and no conduct or operation of the nature or character of an automobile junk yard or salvage business shall be permitted.

(c) Gasoline pumps in connection with a garage shall meet the requirements of paragraph (f) of Section 14.06 (i) above.

3. Permit a cleaning establishment and laundries in a district permitting such use; provided the general standards, under Section 17.02 and the following conditions shall be complied with:

(a) Cleaning establishments shall operate as a Class IV establishment as defined in the State Dry Cleaning Act.

(b) Laundries shall be customer self service only and shall not discharge steam into the atmosphere under pressure.

(c) Wastes must be disposed of into a municipal disposal system and must comply with the requirements of Section 3.28 of this Ordinance.

PART II. That the Zoning Ordinance of the Township of Northville is hereby amended by amending the title of Article XVII and by the addition by amending the title of Article XVII to be known as Section 17.02 and to read as follows:

ARTICLE XVII INTERPRETATION APPLICATION AND GENERAL STANDARDS

Section 17.02 GENERAL STANDARDS. Wherever, in this Ordinance, the Zoning Board or the Board of Appeals is authorized to permit a use within a zoning district or permit a variance from Ordinance requirements, the Zoning Board

and the Board of Appeals shall, in addition to the specific standards herein contained, give consideration to the following general standards:

(a) Any use shall be of such location, size and character, that in general, it will be in harmony with the appropriate and orderly development of the district in which it is situated and will not be detrimental to the orderly development of adjacent districts.

(b) The location and size of the use and the nature and intensity of the operations involved in or conducted in connection with it.

(c) Its size, layout and its relation to pedestrian and vehicular traffic to and from the use, and taking into account, among other things, convenient routes of pedestrian traffic particularly children.

(d) The assembly of persons in connection with it will not be hazardous of the neighborhood or be incongruous therewith or conflict with the normal traffic of the neighborhood.

(e) Vehicular turning movements in relation to routes of traffic flow, relation to street intersections and street gradient, site distance and the general character and intensity of development of the neighborhood.

(f) In commercial or industrial districts, the nature, location, height, size and site layout shall be such that it will be a harmonious part of the district in which it is situated, taking into account, among other things, prevailing shopping habits, convenience of access by prospective patrons, the physical and economic relationship of one type of use to another, and characteristic groupings of uses in a commercial or industrial district.

(g) The site layout and grading, the location, nature and height of walls, fences and the display of signs in connection with the use shall be such that the use will not hinder the appropriate development and use of adjacent land and buildings or impair the value thereof.

(h) The location, size, height, intensity and site layout of the use shall be such that its operations will not be objectionable to nearby dwellings, by reason of noise, fumes or flash of lights to a greater degree than is normal with respect to the proximity of commercial to residential uses.

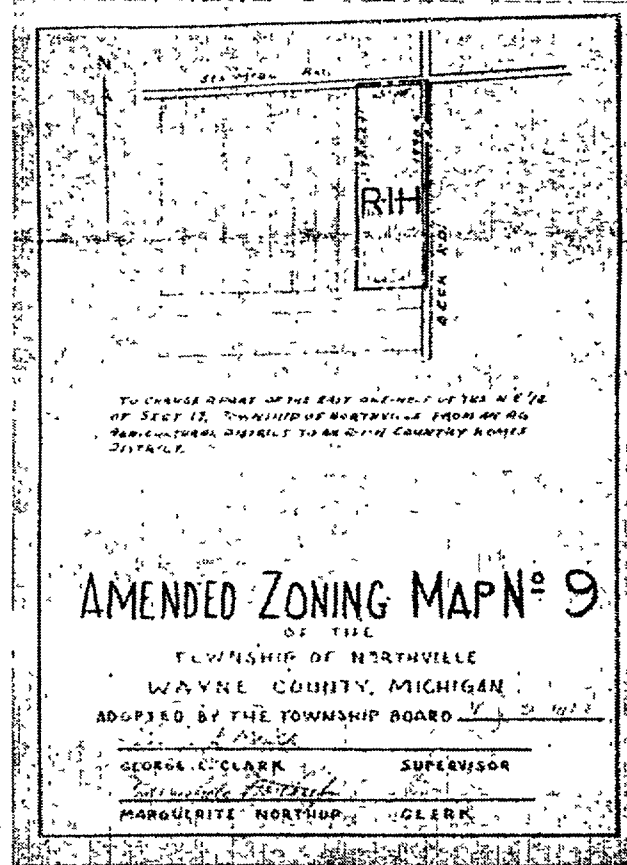

PART III. That the Zoning Ordinance of the Township of Northville is hereby amended by amending the Amended Zoning Map No. 9 attached hereto and made a part of this Ordinance.

PART IV. VALIDITY. Should any section, clause or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof, other than the part so declared to be invalid.

PART V. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict, herewith, are hereby repealed.

PART VI. EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect thirty (30) days after the final enactment and publication.

Teachers Profile

She's 'Our Miss Brooks'

Several bubbling teenaged girls were asked to comment on their favorite teacher, the equally effervescent Miss Pat Dorrian. Some notable quotes gleaned as the conversation percolated along went like this: "She's Northville's answer to 'Our Miss Brooks.'"

"Cheerful ... enthusiastic... We had a blast today ... She understands how we think."

"We all like her ... She relates our work to everyday things."

"She tells us that poems, plays and love letters are best when read aloud."

"Her smile can't be explained. It's so sweet ... She's real cute and she dresses like Wow!"

"When she explains things she dramatizes a lot. I mean she uses her hands."

"Don't tell her that it was her fifth-hour class that hung the voodoo doll in her classroom."

"She's taking some kids to see 'Romeo and Juliet' tonight."

Miss Dorrian later added this one she tells on herself:

"After teaching a grammar class for a whole hour, I noticed that the students were resisting everything I was saying and they were greeting my questions with yawns. Finally a boy's hand went up. Glad to find this much enthusiasm, I asked him what he wanted. All he asked for was the time. Annoyed at the interruption because there was a clock in the room, I asked him why he asked. He answered, 'I only want to hear one thing I can understand.'"

Despite an occasional problem such as this, she enjoys teaching — especially ninth-graders ("most exciting grade there is"). She particularly likes teaching units on advertising, "Ivanhoe" and Shakespeare. The class is now doing the Shakespeare unit. "They're studying the 'Merchant of Venice' now and will likely end up thinking I'm Shylock," she comments drily.

With this sense of humor, fun-loving and pretty Miss Pat Dorrian ("I'm still looking for my prince charming.") is nevertheless quite serious about her teaching. She regularly studies English at the University of Michigan and hopes to soon take part in a comprehensive English program offered there. In addition, her most exciting experiences have to do with her teaching (when a student truly discovers Emily Dickinson, for instance).

"Actually the most exciting experience," she said, deliberately overemphasizing "most", "was when I met my roommate, Pat Bubel." Miss Bubel showed mock disbelief at this bit of news.

The two teachers, together with a spoiled and droopy-looking cocker spaniel named Major Buffington, live in a neat book-lined little house on Ann Arbor road. Other than the inevitable confusion of two Pat's in one house ("People call and ask, 'Is Pat there?'"), the girls are quite content and compatible. An instance of this compatibility was when Miss Dor-

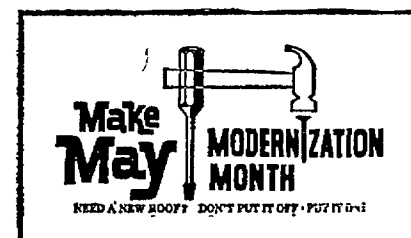

rian introduced Miss Bubel to classical music. Now both are hi-fi fans.

Miss Dorrian's other interests include "show biz", plays, jazz, ballet and reading novels. She also coaches Northville High's cheerleaders. Last year they won the Grand Championship, defeating 75 other schools.

Her background ideally suits her to be a teacher. Starting her college career with the aim of becoming the "Great American Author", she says she missed her goal only because of "reality". Actually, it was mostly because her first year in Ad-college happened to include a

AMENDMENT

CITY OF NORTHVILLE

ZONING ORDINANCE

AN ORDINANCE TO PROVIDE FOR THE ESTABLISHMENT OF DISTRICTS OR ZONES WITHIN WHICH THE USE OF LAND AND STRUCTURES, THE HEIGHT, THE AREA, THE SIZE AND THE LOCATION OF BUILDINGS MAY BE REGULATED AND TO ESTABLISH REGULATIONS WITHIN THESE DISTRICTS FOR THE LIGHT AND VENTILATION OF SUCH BUILDINGS AND TO REGULATE THE DENSITY OF POPULATION WITHIN THESE DISTRICTS OR ZONES; TO PROVIDE A METHOD OF ADMINISTRATION; AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS.

THE CITY OF NORTHVILLE ORDAINS:

PART I. That the Zoning Ordinance of the City of Northville is hereby amended by amending the Amended Zoning Map as indicated on the amended Zoning Map No. 1, attached hereto and made a part of this Ordinance, which includes a change in lot No. 685 of Assessor's Northville Plat No. 7, except the South 43.32 ft. of the West 94.92 ft.; City of Northville, Wayne County, Michigan, from a C-1 classification to a R-2-A classification.

PART II. SEVERABILITY CLAUSE. Should any section, clause or provision of this Ordinance be declared by the court to be invalid, the same shall not affect the validity of the remaining portions of such section or of this Ordinance or part thereof, other than the part so declared to be invalid.

PART III. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict, herewith, are hereby repealed.

This ordinance to take effect ten (10) days after passage and publication.

This ordinance to take effect ten (10) days after passage and publication.

Consumers Power company's new west Wayne district service center at Farmington and Plymouth roads, which will be open to the public for three days of Open House celebrations, May 26-28. The company is inviting 44,000 district customers and their families to view the building those days from 1 to 10 p.m. daily. Special exhibits and displays, favors, prizes and numerous special events are planned to attract Consumers gas customers to the center. Opened in January, the building is headquarters for more than 200 Consumers gas employees.

Public Invited To Consumers Service Center

Consumers Power company's district rolls in just ten new West Wayne district service centers, and that requests for gas service continue at a high level, particularly in view of the availability of natural gas for space heating. Consumers lifted all restrictions on gas for heating about a year ago, P. Thomas, district manager, announced.

Thomas said several thousand residents of the district are expected to visit the center. The West Wayne district includes Livonia, Farmington, Plymouth, Wayne, South Lyon, Northville and many other communities west of Inkster road and north of Wayne. It encompasses some 200 square miles.

According to Thomas, the company's 44,000 district gas customers will receive personal invitations to the open house from him. The invitations will be mailed next week.

Favors for visitors, special exhibits and displays and a tour of the new building and grounds are features which Consumers is arranging for the three-day period.

Thomas pointed out that the new center replaces older facilities in scattered locations around the district.

"Centralization of our operations in the expanding West Wayne area will result in continued efficient service and a generally smoother operation," Thomas said.

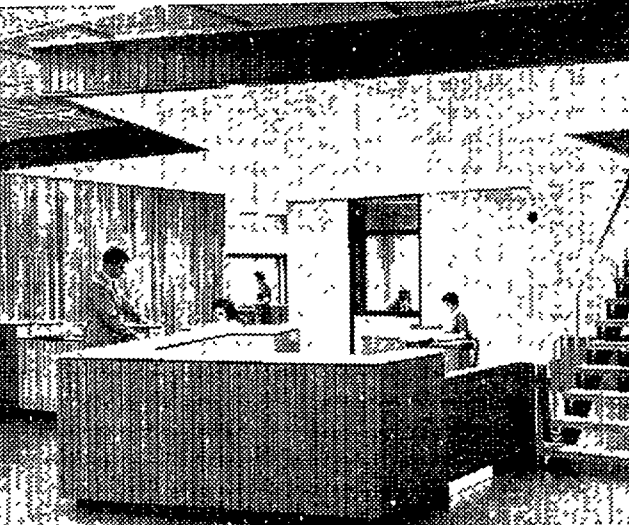

He said Consumers has added some 30,000 gas customers to

The new center includes an office building, attached warehouse and truck and car fleet service building, a radio communications center for dispatching gas service vehicles, and ample parking facilities for employees and customers. A drive-in cashier's window is at the front of the building, which faces Farmington road. The center occupies an 11-acre site.

The office portion of the building includes a customer room, appliance and kitchen displays and an auditorium with a stage equipped for home economics lectures and appliance demonstrations.

Thomas said some 225 Consumers employees will work at the center, or report to it for assignments in the field.

The West Wayne district service center is the newest of its kind in Consumers Power company's gas service area. The company supplies natural gas to more than 540,000 customers in 30 counties of Michigan's Lower Peninsula. Division headquarters for the West Wayne district are at Royal Oak. Consumers has its executive and general offices at Jackson.

Reception desk in Consumers Power company's new service center at Farmington and Plymouth roads. Here, customers who visit the building on Open House celebration days, May 26-28, will see extensive displays and exhibits about the building and will start on their tour of the new facilities, covering 11 acres.

Mrs. George Ames GR 4-0830, the S.O.E. chapter of Sweet Adelines Inc. held their Northville Region No. 2 quartet and chorus competition at Ford Auditorium Saturday afternoon. Their show for this year, "Martini Parade", was held at Ford Auditorium Saturday evening. Faye Dukes, Aris Henry and Marilyn Jamison are Willowbrook residents who participate in the convention.

Any women or children who are interested in joining softball teams are asked to contact Marlene MacDougall at GR 4-8771. Any men who would like to play should call Harold Young at GR 4-8218.

Sylvia Klerkx was hostess to the Monday Pinochle club last week. Gladys Earl was a guest player. Helen Wishaw won first prize, Vivian Musselman, second, Kaye Buck, third and Sophie Martin consolation.

Former Willowbrook resident Wilma Bamford spent Friday morning here visiting Kaye Reiss.

Thursday Bridge was at the home of Nancy Milliken last week. Fran Peterson and Ann Hawley were guest players. June Anderson won the prize. Dolores Jennings entertained Elaine Young, Margot Stewart and Lori Krause at bridge Tuesday evening.

Mrs. John Lees is a patient at St. Mary's hospital in Livonia.

Mrs. George Ames and her children, David, Rolf, Marilyn and George attended the Episcopal Family camp reunion at the new Episcopal Family camp in Tecumseh Woods Sunday afternoon.

Mrs. Donald Richmond has been a surgical patient at St. Mary's hospital in Livonia.

Minutes of Northville City Council

A regular meeting of the Northville City Council was held at the city hall Monday evening, May 1, 1961 at 8:00 p.m.

Present: Mayor Allen; Councilmen Ambler, Canterbury, Carlson and Juday.

Minutes of last regular meeting and of special meeting of April 24, 1961, were read and approved.

Bills amounting to \$7,145.90 from the General Fund and \$856.28 from the Water Fund were presented, and it was moved by Canterbury, supported by Juday, that these bills be allowed and paid. Carried.

A communication was read from the Michigan Dept. of Health disapproving of the sale of city property located at the corner of Wing and Cady streets to the Federal Government for the erection of a postoffice, due to the fact that it would be too close to the well located on this property. Their letter further states that they are agreeable to the proposal to raze the existing city hall and erect a new building at the same location, providing no portion of the new city hall is erected within 100 ft. of the pump house.

A letter was also read from the Northville Estates Civic Ass'n, suggesting the City Council consider passage of a weed cutting ordinance.

Sydney Frid reported that between the old Base Line road and the new 8-Mile Cut-off he has been informed they have no water pressure. Mgr. Robertson was instructed to investigate this matter, together with Supt. Hartner and Mr. Penn, City Engineer.

Mgr. Robertson was authorized to check into the request of Merton Brevik, of 920 Ely Court that the city put some shrubs etc., into this Court in the interests of keeping Northville beautiful.

Regarding waiver of flowage

rights by the Ford Motor Co. over lots 8 and 9 of Assessor's Northville Plat No. 1, Earl Reed reported that Mr. Osgood of the Ford Motor Co. had asked for a copy of the maps covering this property, which have been sent to him. It is expected these rights will be waived.

Franklin Knight, of 795 Carpenter street, asked when work was going to be done adjacent to the sidewalks that were installed last year. He was informed it would be taken care of as soon as weather permitted.

Public hearing on amendment to Zoning Ordinance to re-zone lot 442, of Assessor's Northville Plat No. 5 from an R-1 classification to an R-2A classification. There being no one present who objected to its passage, it was moved by Juday, seconded by Ambler, that this amendment be adopted. Carried.

Public hearing on amendment to Zoning Ordinance to re-zone lot 685, Assessor's Northville Plat No. 7, except the S.43.32 ft. of the west 94.92 ft., from a C-1 classification to an R-2A classification. There being no one present who objected to its passage, it was moved by Carlson, supported by Canterbury, that this amendment be adopted. Carried.

Regarding the vacation of West street, between W. Main and W. Cady streets. Attorney Ogilvie reported he had written the School Board and told them again that the City Council felt they could not vacate this street without some agreement regarding pedestrian traffic between W. Cady and W. Main streets. Supt. Amerman replied stating the School Board could not enter into any agreement providing for such pedestrian traffic. In view of the position taken by the School Board, it was moved by Allen, supported by Juday, that a resolution be passed to rescind the

resolution of vacation previously passed by them on March 6, 1961. Carried.

The corrected Handorf property deed was presented by Attorney Ogilvie, and it was moved by Ambler, supported by Juday, that same be properly executed by the City. Carried.

Mgr. Robertson reviewed the report which he had prepared in which he outlined all facts pertaining to the special Assessments made in 1927 and 1928, and which in 1938 were declared illegal by the Circuit Court, and refunds were made to those property owners who entered into the suit.

Mayor Allen then called on Sydney Frid to present the petitions which had been circulated asking the City Council not to pass any Special Assessment on the balance of our unpaved streets located within the limits of the old Village of Northville just prior to City Incorporation. Petitions were signed by approximately 250 property owners. After discussing this matter pro and con, it was moved by Allen, supported by Carlson, that it be tabled until the problem is gone into further. Carried.

Mgr. Robertson was authorized to proceed with the beautification of the Dunlap street entrance to the Methodist church parking lot and also to the W. Main street entrance to the Hills parking lot.

Mgr. Robertson also presented plans and drawings for the development of Joe Denton Park. He will contact the Optimist Club regarding this project, as they have expressed a desire to participate in the development of same.

There being no further business to come before the meeting, same was adjourned.

Signed Mary Alexander, Clerk

MODEL BUILDERS — Trophies were awarded last week to winners in Northville Hardware's model car contest in which some 100 youngsters took part. Pictured above (l. to r.) are: Jack Anglin, second place junior award; Tom Dixon, first place, junior award; Jim Ritchie, honorable mention; and Roger Earl, second place senior award. Gerry Kohs, the first place senior trophy winner, was not present when the picture was taken. Essie Nirider, owner of Northville Hardware, holds Kohs' trophy in the background.

IT WAS AWARD day Saturday at C. R. Ely and Sons as their month long boys' and girls' contest came to an end. Most of the winners were on hand when the photographer arrived. Pictured (l. to r., front row) are: Larry Bogart (radio winner); Eve Williams with her brother, Robin, who won a bicycle; Kim Hunter, Doug Ritchie and Jacqueline Lange, who won movie tickets. With Jacqueline is her brother, Bruce. In the back row are: (l. to r.) movie ticket winners Gerald Martin and Don Hummel and Debbie Malotte, who won a bicycle, and Patty Feight, who won a transistor radio.

Fieldbrook 9-1400

Looking Back at Events Out of the Past

ONE YEAR AGO

— Cecil Cupp, who normally serves as mayor of Hartford, will be mayor of Northville for one day in conjunction with statewide "Mayor's Exchange Day" during Michigan Week.

— The Novi village council and planning board tabled a rezoning request at the corner of Novi road and 10 Mile which would eventually permit the construction of a 92,000 square foot shopping center.

— An increase of 80 per cent in the Northville township population figures was indicated in the preliminary report on the 1960 census take. The new town-

ship population figure is 7,548.

— Some 14 candidates are in the race for the Northville School Board while four are in the running at Novi.

— Novi passed its 1961-62 budget of almost \$178,000 by a 3-2 vote after nearly four hours of wrangling over road expenditures and protests at the village manager.

The Mustangs swamped Brighton, 11-8, to grab a share of first place in the Wayne-Oakland League baseball standings.

FIVE YEARS AGO

— The Secretary of State gave the official word that

election to decide the annexing of the Yerkes farm, site of a proposed 250-home subdivision. Novi had questioned the legality of an original June 5 date.

— The council decided at its regular meeting that next year (1957), Northville will have a new fire engine — if all goes well.

— Polling places, assessed valuations, agendas of coming meetings and township bills provided plenty of ammunition at the Novi township board's meeting. The Novi Democratic Club and the Novi Civic Improvement Association packed the meeting room.

FIFTEEN YEARS AGO

— A new caddy system at Meadowbrook CC was announced by club pro, Chick Harbert. All caddies will be given an equal opportunity for advancement.

— The Northville Village Commission voted to install a supplementary pump for the water system. It would be used primarily in emergencies.

— A long letter from the Northville Board of Education was printed in the Record asking the people to approve an eight mill hike for five years. The major needs were for in-

creased teacher pay, additional janitor service and for maintenance.

— Because of the coal strike, the Flint-Detroit division of the P.M. railroad will curtail service, leaving only two trains a day running through Northville.

— Three boys from Northville were chosen for Boys State. They are George McCollum, Gene Rutenbar, and Myron Whipple. Selected to Girls State were Alice Hahn and Joan Keiser.

TWENTY FIVE YEARS AGO

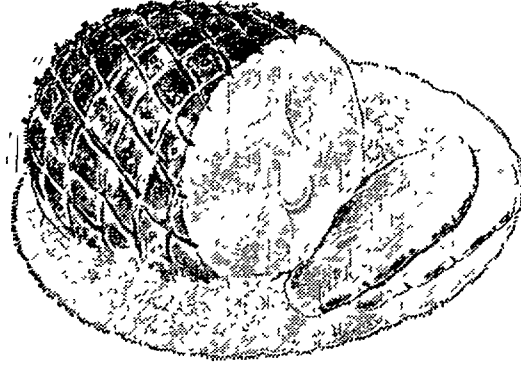

— Northville village commissioners considered asking the state police to cruise around

the village streets patrolling traffic.

— Dr. Russell Atchison was named the village's health officer by the commission. He succeeds Dr. A. A. Holcomb.

— Voters approved a \$27,000 school bond to apply on construction and equipping a new grade school. By their action, they rescinded the \$15,000 bond approved last fall.

— The mercury climbed to a record 90 degrees May 10 for the highest mark in 41 years. But three days later, it was down to 40 above with orchards luckily reporting no serious damage to fruit trees.

SPEAKING for the Record

by Bill Sliger

Local organizations eager to increase their membership might take a cue from the recently-formed Junior Chamber of Commerce.

Jaycee President Bob Prom tells me that his group picked up 10 new members in five days last week.

Their formula is a little sneaky, but who can argue with the results.

Prom bought a bantam rooster — it's called "Roscoe Rooster, the Roster Booster".

Roscoe is turned over to a Jaycee and becomes his responsibility until he has successfully enlisted a new member. Then Roscoe is turned over to another member, and so on.

Roscoe has one rather unpleasant habit. He wakes up and begins crowing about five a.m.

Present Jaycee members: 30 — and growing.

(In Walled Lake Prom says the Jaycees used an expectant rabbit with equally successful results).

While the Jaycees may employ slightly humorous methods to gain members, they're a deadly serious group and a welcome addition to the community.

They're young men (under 36) who, in the editorial opinion of their official Detroit area publication last week, are "at the Crossroad". It points out the importance of individual thought and expression to avoid mediocrity as the young man reaches the crossroad of manhood and responsibility.

"A young man, whether a Jaycee or not, must use initiative and enthusiasm, as the mainspring for his activity and thought if he is to walk the individual road. Free thought does not flourish in a crowd," says the Jaycee editorial.

The future of our community depends greatly upon its young men — their enthusiasm and wisdom and interest in community affairs.

It is then, it seems, important that we should encourage and support their projects and hail their enthusiasm.

Last weekend several members journeyed to Grand Rapids and paraded in an ancient Northville fire engine as part of the celebrating that accompanied the group's annual state convention.

Sunday at noon they'll sponsor a safe-driving "Road-E-O" at the Downs' parking lot for teenagers.

They're eager to undertake other projects, too. Any suggestions?

NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF NORTHVILLE PUBLIC SCHOOLS SCHOOL DISTRICT

WAYNE, OAKLAND and WASHTENAW COUNTIES, MICHIGAN
To the Qualified Electors of said School District:

PLEASE TAKE NOTICE that the Annual School Election of the Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, will be held Monday, June 12, 1961.

Section 532 of Chapter 8 of the Michigan School Code provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides . . ."

THE LAST DAY on which persons may register with the appropriate Township Clerk or City Clerk in order to be eligible to vote at the Annual Election to be held on MONDAY, JUNE 12, 1961 is

FRIDAY, JUNE 2, 1961

Persons registering after 5:00 o'clock p.m., Eastern Standard Time, on the said Friday, June 2, 1961 are not eligible to vote at said Annual Election.

Under the provisions of the Michigan School Code, registrations will not be taken by school officials and only persons who have registered as general electors with the township clerk of the township in which they reside or the city clerk of the city in which they reside are registered school electors. Persons planning to register with the township or city clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This notice is given by order of the Board of Education of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan.

Donald B. Lawrence, Secretary
Board of Education

Dated this 24th day of April, 1961

R R Challenge

Babson Park, Mass., The biggest headache of any corporation official in the United States will be suffered, not by General Electric officials, or even those of the AT & T, but by the man who must operate a Northern Pacific-Great Northern-Burlington Railroad Merger.

First, this man may sometime have the ill will of the former Northern Pacific stockholders who may feel they have been robbed. I will not brag of the railway traffic of the Northern Pacific. Like most railroads, the passenger business is a big loss; but even the freight is declining.

But the Northern Pacific has very valuable mineral, oil, gas, and other properties with great potential wealth. The only real hedge against inflation is land, of which the Northern Pacific has some of the most valuable.

Second, let me refer to the size of the planned merged railroad. I roughly figure that this will have the greatest mileage of any railroad in the United States. A large part of this mileage should never have been built. Yet with millions of bonds outstanding on these rails, it will be very difficult to get the necessary agreements by bondholders to dismantle a major part of a railroad and liquidate the rails, bridges, and rights-of-way. A legal merger is simple, but a division of the "spoils" is exceedingly complicated.

The only way to prevent such a great merged railroad system from going into bankruptcy is to dismantle at least one-third of the mileage and reduce the number of employees proportionately.

This thought causes great consternation among the labor unions. They will not only fight for their own jobs; but will feel in doing so they are fighting a battle for every railroad in the country which is now talking merger.

But the expected discharge of railway workers likewise angers the thousands of little towns along the lines which should be abandoned. These towns and way stations think their life depends on having a railroad station, especially for freight. To a certain extent every railroad merger will have these handicaps.

As the abandonment of a railroad's main line or branch lines usually means that the roadbed will revert to the county, state, or Federal Government, the newly merged lines will continue to operate such portions of the Northern Pacific as have the mineral rights. This creates another paradox. Handling of the freight by trucks would ordinarily be the answer; but trucks would not enable the Northern Pacific to hold ownership of all its valuable mineral and oil assets.

Such a merger awakens a sentimental recollection in my life which should be a lesson to all investors. An uncle of mine was once the operating Vice President of the Northern Pacific, with his home in St. Paul. Once when I was going to St. Paul to visit the family of my late wife — Grace K. Babson — my father, Nathaniel Babson of Gloucester, Mass., asked me to call upon my "Uncle John" and ask his opinion as to the value of Northern Pacific securities.

My uncle replied: — "Tell Cousin Nat that the Northern Pacific bonds are good; that the preferred stocks will probably work out fairly satisfactorily; but that the common stock today is not worth the paper upon which the certificates are printed."

Yet within two years this common stock sold for one thousand dollars per share! With this personal experience it is difficult for me to advise a present holder of Northern Pacific what to do. I think, however, that a good many Northern Pacific holders will sell their stock and switch into the stock of Union Pacific. The latter sells at about 32 and pays \$1.60 dividend per year.

Michigan Mirror

Big Hike in Pupil Count

A big part of the problem faced by Michigan educators is the trouble they have keeping up with the school population increase.

While the spokesmen for teachers are far from reticent when it comes to telling the Legislature and the public about the burdens they carry, the cold hard facts turned up by a recent Department of Public Instruction study are none the less impressive.

According to the figures, there were 1,676,543 children in public schools in Michigan on the fourth Friday following Labor Day.

The count, taken annually at this time, is used to determine the amount due each school district in state aid payments. This year's tabulation showed some 52,281 more students enrolled for the 1960-61 school year than were in public schools the previous semester.

Enrollment increase this year was 2,625, greater than the increase last year over the previous figure.

But the hike this year fell far below the average increase over the last five years of 58,313. Chief reason for the higher average was the huge enrollment increases in 1955-56 and 1956-57.

Gain over the previous school year when the count was taken in 1956 and 1957 was well over 66,000 students each time.

The total membership increase in Michigan public schools for the last five years has been 291,584, according to the study by the divisions of research and department services of the Department of Public Instruction.

A fact that shouldn't be lost in looking at these figures is that they stand for children, who are entitled to basic education.

Indications are that the increase for the coming school year, that is, the count that will be taken the fourth Friday after Labor Day, 1961, will be about 45,000, the Department says.

Lead pellets from the guns of hunters which never reach their mark still cause a heavy toll among Michigan's ducks and geese.

Waterfowl pick up lead pellets from the bottom of lakes and other feeding grounds while searching for food and grit. This delayed kill occasionally reaches alarming proportions.

A case in point is the heavy die off of Canada geese recently discovered at West Gilkey and Indian lakes in Barry county.

The Conservation Department reports that 99 dead geese were picked up at Indian Lake and another 13 at West Gilkey. Still another 22 birds which were visibly sick were spotted by game men.

Lead poisoning was the cause of death in virtually all cases, the department said.

Actual losses were probably higher, since many of the birds are picked up by predators and others die where the researchers are unable to find them.

Recent opening of the 1961 trout fishing season marks the start, for many Michigan anglers, of another year spent on the streams and lakes of the north country. For many, of course, fishing is a year-around pastime.

Like connoisseurs of fine wines, many fishermen pick one facet of their hobby as surpassing all others for pure pleasure.

Many pick going after trout with a flyrod on a swift stream as the peak of the sport. Others, of course, choose bass fishing; still others say pike offer the greatest challenge; some say panfish caught from a boat on a hot summer's day make the angler's greatest pleasure, and there are some who only like the hardy sport of fishing through the ice.

Probably most fishermen take part in all or a combination of the types of fishing.

The significance of the opening of trout season is that it marks the conversion from winter to summer fishing. The importance of trout fishing to

Michigan is pointed up by the annual National Trout Festival at Kalkaska to mark the opening of the season.

Some experts contend that Kalkaska is located within 50 miles of more than half the best trout waters east of the Mississippi River.

Anybody with a shovel, and a yen for gold would do well to head for South Dakota along about August 26-27. State officials there plan to plant some \$35,000 worth of the precious yellow metal near Huron as part of a "Gold Rush Days" festival which is part of the South Dakota territory centennial celebration.

At least one Michigan citizen, Gov. John B. Swainson, would have to look no farther than the end of his shovel should he decide to have a go at digging gold in the hills of South Dakota.

Swainson received a personal invitation from an emissary of South Dakota's Gov. Archibald to take part in the gold rush.

Like the other 49 governors, Swainson was presented a shovel to use should he decide to go and try his luck.

The shovel was gold-plated.

TREASURE ISLANDS

Natural Gas, the miracle fuel, comes to us from underground storehouses discovered on hazardous mountainsides, in deep forests and searing deserts — now geologists are searching even the floor of the Sea! This underwater exploration takes place from huge, man-made, metal islands called drilling platforms. The islands are built as far as 72 miles offshore in the tidelands and coastal waters, and are supported by long legs reaching to the ocean bottom. These "treasure islands" support tons of equipment, living quarters for the crew, and a helicopter landing platform. When a new reservoir of Natural Gas is discovered, the well is capped and connected with the miles of Natural Gas pipeline spread over the nation. This provides millions of people in crowded cities, spacious suburbs, and small towns with a new source of gas, the wonder-fuel, for use in home and industry.

CONSUMERS POWER COMPANY

NEW HOME? CHOOSE FLAMELESS ELECTRIC HEAT...

This New Boston family's glad it did!

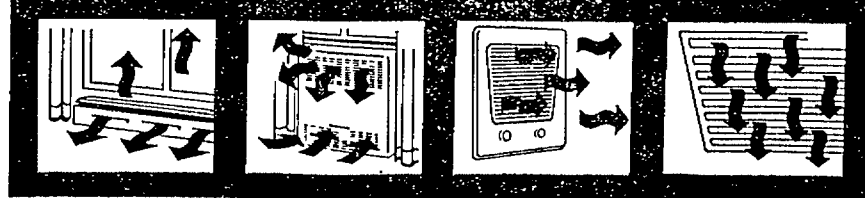

Meet the new couple Mr. and Mrs. John Brandes (married Jan. 14, 1961) of 38790 Willow Road, New Boston, Michigan

Mr. Brandes, Township Supervisor, reports, "I had electric heat installed and then just forgot about it. There's nothing to worry about and nothing to do—it's just like a light bulb. It gives us all the heat we need, and the heat's much more even. Room temperatures never vary more than a half a degree—even during a wind storm."

Only electric heat offers so many advantages

This family knows you can't beat electric heat for a new home. Because it's flameless, electric heat is the cleanest method there is—walls and furnishings stay clean with less care. And with electric heat, you get uniform warmth and comfort at a turn of a dial. There's no need to start up an entire system to get extra warmth in one room. Electric heat may cost more, but it's worth every cent in extra comfort, extra convenience. And Edison's Budget Billing Plan equalizes heating costs over the year.

If you're buying, building or remodeling, you'll find it worth while to check the many exclusive advantages of built-in electric heat. For all the facts, fill out and mail coupon below. We'll send you a copy of the free illustrated booklet "ELECTRIC HOME HEATING."

Flexible electric units meet every heating need: Built-in electric heating systems may be baseboards, forced air units or radiant panels set in walls; cable embedded in ceilings.
