

## They'll Go to Boys State

**GOING TO BOYS STATE** — On their way June 15 will be these 18 high school students to Wolverine Boys State at Michigan State University. For one week, they will learn by first hand experience the intricacies of our government. Eighteen of the boys attend Northville high school, and one, Curtis Acker (sixth from the left, standing), is from Livonia Bentley. He is sponsored by American Legion Post 147. The boys and their sponsors are: Seated, left to right: Bob Galli (Northville P.T.A.), Jim Morris (Eagles), Scott Palmer (Exchange club), Jim Juday (Northville Mothers club), Craig Bell (Masons), and Tom Daniel (Rotary). Standing, left to right: Tom Slattery (Northville P.T.A.), Gary Nichols (OLV Men's club), Jim Frisbie (Novi Farm Bureau), Jack Boyd (Novi General Filter), Don Busch (Methodist church Men's club), Acker, Dan Brown (Optimists), Dicron Ornekian (Novi Oddfellows), Paul Rumble (Willowbrook association), Tom Swiss (Meadowbrook C.C.), Bill Krist (Novi township), Jeff Crawford and Frank Steinhilber (both Novi Board of Commerce).

## Local Red Cross Issues Annual Blood Appeal

Northville's annual Red Cross Blood Bank is set for next Friday, May 26 when a bloodmobile will set up shop from 2-5 and 6-8 p.m. at the First Methodist church on Dunlap street. Mrs. C. C. Winter, local blood bank chairman, said Red Cross officials here hope to match or better the 126 pints donated last year. Prospective donors may make appointments to give blood by phoning either FI 9-2361 or FI 9-1330.

All blood donated here is credited to the community account through the Red Cross which acts as a banker. However, the local branch will credit the blood to any group account specified by the donor. More than 60 pints of blood were released from the community bank to Northville residents in the past year. Although there is no charge for the blood, persons requesting it are asked to recruit donors to replace pints used.

Part of the supply that will be replenished during Friday's steady flow of blood.

**IT'S A HIT** — Just four months ago Mark Thompson underwent a delicate open-heart operation. Today he's back in his second grade classroom at Amerman school enjoying all normal activities, as indicated by the hefty swing he's just taken at the ball. Donors at next week's local Red Cross blood bank will help replace the 15 pints needed by Mark during his four hour operation.

## City Learns

### Sidewalks Unwelcome

Mail carriers may like sidewalks, but property owners appearing at a public hearing before the city council apparently don't.

The council adjourned a hearing on installation of new sidewalks on a half-dozen city streets until June 5 after residents appeared mostly to object to the plan Monday night. Specifically, the city proposes to install sidewalks on the north side of Cady street from the school grounds to Rogers; on the east side of Orchard drive from Spring to Thayer; on lots on the south side of Grandview; and on East, Walnut and Elm streets.

In general the residents owning property where the walks would be installed objected to the idea.

Under a city sidewalk ordinance the property owner would pay two-thirds the cost of installing the sidewalk itself, but would be guaranteed preparatory work (grading, retaining walls, etc.) would not cost over \$200. The city also shares this cost on a one-third, two-third basis.

One or two residents — living on Orchard drive — were not unhappy about the proposal and stated that they had sought to build walks earlier but the city had not determined the grade level of the street.

But generally, the residents did not agree with the council that there was a need for the walks. The council was prompted to propose the walks to provide a means to school for children so they would not use the streets, as has been reported in some instances.

On Cady street the residents said that there were "very few ... maybe 10" children who had to cross Cady twice because there was no walk from the school to Rogers on the north side of the street.

Residents on other streets, especially East, questioned grade problems and the position of the walk. It was pointed out that the city would cooperate in providing proper grade for drive-way access and would also position the walks near the road to save trees and eliminate steep grades.

Some East street residents said the sidewalk should go up High street. The walk in this

area has been proposed to accommodate high school and Lutheran school students.

In other business Monday night the council heard a complaint from William Bingley on the speeding traffic on North Center street near Baseline. He suggested a radar check or a stop sign for south bound traffic. He stated that a small girl narrowly missed serious injury when she was "bumped" by a car on the hill recently.

The council and city manager agreed that the street is a serious problem. It was decided to install a stop sign and study the idea of a "flasher signal" or overhead warning sign to motorists coming south down the hill.

The council appointed Eugene K. Cook, 118 Ely drive, to the planning commission to replace newly elected City Councilman Richard Ambler.

Police Chief Eugene King, and Officers Frank Heintz and Leonard Mazuchowski were appointed constables to temporarily fill-in for Officer Gill Glasson who is hospitalized.

Exercises, slated for 8 p.m. in the high school gym, are open to the public. They will be preceded on Sunday, June 11, by a baccalaureate service and an honors convocation assembly Friday, June 9.

## OLV Plans School Addition

The Reverend Father John Wittstock announced plans this week for additions to Our Lady of Victory school and convent to accommodate anticipated fall enrollment increases.

Four classrooms will be added to the school, while the size of the convent will be more than doubled. Total cost of the project is estimated at \$123,000.

A 71 by 82 foot addition will be constructed on the south end of the present school building. The new section will be connected to the church by a 12-foot wide canopy some 24 feet long. Eventually, says Father Wittstock, this canopy will be enclosed.

The four new classrooms will give the parochial school one room for each of its eight grades. Presently 215 students attend the school. In the fall the enrollment is expected to be 300.

In addition to the classrooms the new section will provide a lounge for lay teachers, rest rooms and a janitorial closet. A lobby entrance will face Thayer boulevard.

The convent will be nearly encircled by the new section. The present basement will be extended and a recreation room constructed. The addition will include three bedrooms, enlargement of the chapel, larger dining room facilities, lavatories, a large workroom, two reception rooms and an enclosed porch.

The school will have two new teachers in the fall, Father Wittstock said.

Our Lady of Victory school was constructed in 1952 and the church in 1957.

Architect for the project is the Charles D. Hannan firm, while the general contractor is A. J. Anderson.

## School Plans Open House

Northville high school is planning a "Festival of the Arts" open house Thursday, May 25, in conjunction with the P-T-A's regular monthly meeting.

Principal E. V. Ellison said all departments of the school will participate. The open house, scheduled to start at 7:15 p.m., will precede the P-T-A's installation of officers, which will be followed by a brief band concert and style show, stated Ellison.

Commenting on the displays being planned, Ellison noted that they will be the "normal result of the everyday educational program". He added that no parent-teacher interviews will be held that evening.

## Calendar

**Thursday, May 18**  
Kings Daughters Luncheon-Bazaar, 11:30 a.m. to 2 p.m., First Methodist church.  
AAUW meeting, 6:30 p.m., Lofy's Arbor-Lill, Plymouth.  
Northville high school opera, 8 p.m., high school auditorium.

**Friday, May 19**  
Northville high school opera, 8 p.m., high school auditorium.

**Monday, May 22**  
Northville Mothers club, 6:30 p.m., Mrs. Fred Schwarz, 2106 Cambridge drive.

**Wednesday, May 24**  
Newcomers luncheon, 1 p.m., The Vineyards, Northwestern Highway and Franklin road, Southfield.

**Northville Adult Camera club, 7:45 p.m., employees' residence, WCFS.**  
**Greater Northville Republican club, 8 p.m., American Legion hall.**

## It's All Part Of Michigan Week Event

Final preparations are underway this week to roll out the red carpet for Swartz Creek Mayor William Young, who will be Northville's mayor of the day Monday.

Mayor Young will be met in Novi and escorted by a parade of historical vehicles into the city.

The mayor's exchange day activities will be the highlight of Michigan Week observance. Churches, schools, business and government will take an active part in the annual recognition has as its theme this year 'Michigan's New Horizons'.

Northville's junior chamber of commerce is responsible for the week-long program of activities. Michigan Week chairman is Jaycee William Bingley.

The motorcade will escort Mayor and Mrs. Young to the high school where a parade headed by the Northville high school band will be formed.

From the school the parade will proceed at approximately 10:15 a.m. south on Center street to Dunlap, then east to Hutton and south again to Main street. The parade will then travel west on Main street to the city hall for flag-raising ceremonies.

Mayor and Mrs. Young will be greeted by community officials headed by Mayor Pro Tem John Canterbury, who will present the visiting mayor with a key to the city.

The Reverend Peter Nieuwkoop will give the invocation to open a brief council meeting at which time the officials will discuss problems familiar to local government.

Northville State Hospital will play host to the Mayor's Exchange Day party for lunch during which the American Legion will present its annual "Citizen of the Year" award. The honor is traditionally kept a secret until presentation at the Michigan Week luncheon.

A tour of the hospital facilities will follow lunch with visits to Northville Laboratories and the high school scheduled before Mayor and Mrs. Young return to Swartz Creek.

While Mayor and Mrs. Young are being introduced to Northville, Mayor and Mrs. A. M. Allen and Councilman and Mrs. Richard Juday will be visiting Swartz Creek.

Michigan Week will get underway officially Sunday when church services mark Spiritual Foundations Day. During the week various observances will be conducted in school classrooms with special emphasis on Thursday, Education Day.

The statewide event, only celebration of its kind in the country, encourages citizens in every community to pause and recognize the opportunities that presently exist and lie ahead in our state and respective cities... and determine what should be done to best develop these "New Horizons".

## Poppy Day Coming Up

Members of the Northville American Legion and Veterans of Foreign Wars posts and their auxiliaries will again observe Poppy Day with the annual sale throughout the business district next Thursday (May 25).

The Poppies, made by veterans confined to hospitals, are sold to raise funds to support the welfare funds of the veterans' organizations. Joint chairmen of the sale for the Legion are Bob Colla-cott and Hazel Wright. VFW chairmen are Tom Moxie and Betty Kupsky.

# City Plans Celebration For New Mayor Monday

**BIG REMINDER** — Jaycee's George Miller, William Bingley and Paul Stueckle (l. to r.) made sure that residents wouldn't forget Michigan Week by posting this giant-size sign in the window of The Record office this week.

## No School Race As Petitions Late

There will be no race for school board in the June 12 ballot of education election.

But the name of Wilson D. Tyler, unsuccessful candidate last year, came within a whisker of being on the ballot opposite Incumbent Donald Lawrence's.

Superintendent of Schools Russell Amerman stated Monday that Wilson had been notified that his name would not appear on the ballot because petitions were filed in Wilson's behalf 20 minutes past the 4 p.m. deadline Saturday. And four of the required 50 signatures were found to be ineligible, Amerman reported.

In a letter to the editor — page five — Tyler explains the circumstances and appeals for voters to use write-in candidates.

In other school business this week Superintendent Amerman revealed that the school district's state equalized valuation is up \$1,479,882 this year to \$26,583,246.

To the school board this means that the net income from the 17.90 operating millage will be up nearly \$22,000 over last year. Actually, this is about \$12,000 more than the recently approved budget had anticipated. Some \$9,000 of hoped for revenues did not materialize when the proposed three per cent state aid increase was not approved.

Superintendent Amerman commented that the budget will provide for the additional \$30,000 needed to meet teacher salary increases under the newly adopted pay schedule.

Northville's total millage this year against the state equalized valuation will be 26.75. Of this 8.85 mills is for debt retirement.

Northville got its final budget okay from the tax allocation board last Friday. Attending the hearing with Amerman were board members William Crump, Ed Angove and James Kipfer and E. V. Ellison. Presently high school principal, Ellison will take over the school's business duties next summer among which will be included preparation and drafting of the budget.

## She Tops U-M Grads With All A's

Beverly Claire Stone, daughter of Mr. and Mrs. Roy Stone of Northville, achieved the highest scholastic record possible and was recognized as the top student in her University of Michigan graduating class in honors convocation ceremonies held Friday in Ann Arbor.

Her record of six straight semesters of all-A work was unmatched. First semester freshman and final semester senior grades are not included in the special recognition ceremony.

Miss Stone's exceptional academic record places her at the top of Michigan's student body of some 28,000 students.

Her major subject is mathematics. She has accepted a summer position with the John Hancock Insurance company of Boston as an actuarial. Next fall Miss Stone will return to Michigan under a full scholarship to begin work on her master's degree.

Miss Stone is a member of Phi Beta Kappa, national honorary scholastic society, and has written a book in collaboration with a university professor on the study of mathematics. Mr. and Mrs. Stone reside on East Seven Mile road and are owners of Stone's Gamble store in Northville.

Beverly Stone

## Ask 6-Mills In Novi

Novi's June 12 school board election promises to attract a record voter turn-out at the polls.

In addition to a two-man race for a single board vacancy, a proposed six-mill increase will be carried on the ballot.

Opposing Incumbent Edward Erwin, board treasurer, will be David Fried, an attorney.

## Gill Glasson Hospitalized

Patrolman Gill Glasson, familiar to all Northville residents for his participation in community activities both on and off duty, is seriously ill at St. Mary hospital in Livonia.

The police officer was stricken Wednesday evening, May 10, at 7:30 o'clock and was rushed to the hospital where his condition was called critical. Glasson suffered a stroke and paralysis.

Although his condition is now described as "improving", visitors are still not allowed. Mrs. Glasson stated this week that the paralysis is lessening. Glasson resides at 370 Fairbrook and has been a member of the Northville police department for 14 years. He also serves as constable for the city.

## about WOMEN

OFFICERS of the brand new Jaycee auxiliary display the charter received at ceremonies conducted last Friday evening. Pictured (l. to r.) are: Mrs. George H. Miller, secretary; Mrs. Charles Ely, Jr., president; Mrs. Robert Norton, vice president; and Mrs. Eugene Maloney, treasurer.

### Charter Jaycee Auxiliary

It was charter night Friday for the auxiliary of the Northville Junior Chamber of Commerce.

Eight wives of the recently formed Jaycee unit became charter members of the auxiliary in ceremonies held at Hillside Inn and conducted by an extending team from Walled Lake.

The charter was presented to the Northville unit by Mrs. Herbert Kenz, women's state auxiliary president.

Elected officers of the Northville auxiliary are: Mrs. Charles Ely, Jr., president; Mrs. Robert Norton, vice president; Mrs. George H. Miller, secretary; and Mrs. Eugene Maloney, treasurer.

The extending team from Walled Lake was composed of Mrs. Charles Davis, Mrs. Glenn Troutwine and Mrs. Duane Bachelor, who, with their husbands, were honored guests along with Mr. and Mrs. Kenz and Mr. and Mrs. Robert McPherson. The latter is state Jaycee auxiliary vice president.

Northville Jaycee President Robert Prom delivered a welcoming speech, while Mrs. Kenz was the main speaker of the evening. Mrs. McPherson conducted the installation ceremonies.

The main function of the auxiliary is to support projects undertaken by the Jaycees.

### Mail Town Hall Notices to 3,000

Three thousand Northville, Novi, Plymouth, South Lyon, Farmington and Livonia women will receive notices of the Northville Town Hall Series 1961-62 this week.

Widespread interest in the area has greeted the coming fall and winter lecture series featuring John Mason Brown, Madame Ginette Spanier, Ian Ross MacFarlane, Anthony Wedgewood Benn and Bennett Cert.

Mrs. George Kohns, ticket chairman said, "Because of the many pre-application requests for tickets, we will number the season application blanks as received and issue them in order. Since the Northville P & A theatre holds only 600, we are limiting the number of season tickets per member to three."

Mrs. John W. Swain, Jr., publicity chairman, noted that one of the speakers, Anthony Wedgewood Benn, has received a great deal of comment in the Detroit News, Detroit Free Press, New York Times and other newspapers and national news magazines in the last few weeks. Benn has been fighting to retain his seat as a member of the British House of Commons. Since he recently inherited his father's title as Viscount of Stansgate, he has been declared ineligible for his seat.

Benn, or Viscount Stansgate, has asked a special electoral court to decide the issue since he wants to refuse his title and the automatic election to the House of Lords.

Benn, a Labor member of Parliament, has specialized in foreign affairs and is well known in this country since he has made several official visits and is married to the former Caroline Middleton DeCamp of Cincinnati. He will speak at the January 18, 1962 meeting.

Mrs. Frank W. Angle, co-chairman said, "We are extremely pleased to have an outstanding group of speakers for this series. We think that our opening meeting of October 19, 1961 with John Mason Brown is particularly interesting."

Brown is well known as an editor of the Saturday Review, author, drama critic and television panelist. He is described by Brooks Atkinson of the New York Times as "A prodigiously learned man who, apparently, has read everything and forgotten nothing — a popular lecturer, as well as an essayist and critic, he comes closer than anyone else to being America's Minister of Cultural Affairs."

Earlier this month, Northville's club leader, Mrs. Fran Schlief, its 1960 queen, Mrs. Audrey Henson — she won the title by losing 54 pounds — and Mrs. Dorothy Ippolito went to the TOPS convention in Minneapolis, Minnesota.

Mrs. Henson, who lives at 40631 Rock Hill lane, Novi, saw the national title go to a queen from New York, Helen Hamerle, who dropped 130 pounds in her slim-down. Members of Michigan TOPS clubs snatched up the remaining national crowns.

King Gilbert Frank of St. Clair was 86 1/2 pounds lighter; Teen Princess Jeanne Baron of Detroit, 45 1/2; Tiny Tot Princess (under 12) Jacqueline Arcala of Detroit, 25; Tiny Tot

MAKE DEBUT — Tonight is opening night for "The Gondollers", the Gilbert and Sullivan operetta being presented by the Northville high school vocal department. Performances tonight and tomorrow night (Thursday and Friday) start at 8 p.m. in the high school auditorium. Among cast members making their debut are (front row, l. to r.) Carol Janet-zke, Gail Hartner, Sharon Johnson, Racena Bailey, (back row, l. to r.) Dave Hay, Dave Lane, Mike Adas, Jim Frisby and Dave Sprunk.

### News Around Northville

Mrs. Bertha Westerfield of Tujunga, California is visiting with her son and daughter-in-law, Mr. and Mrs. Wallace Westerfield of 50888 West Nine Mile road.

Mrs. Westerfield, who arrived here in early May, will celebrate her 83rd birthday Wednesday.

Northville Adult Camera club meets Wednesday, May 24 at 7:45 p.m. in the employees' residence of the Wayne County training school.

Phil Coleman, photographer at Michigan State university who is also a member ASP of and a photography judge and lecturer, will give a slide program entitled "Special Lighting and Manipulation."

Three area couples went down to Olympia stadium Tuesday night for the Michigan Central GOP committee's star-tudded "Go-Party."

Mr. and Mrs. Harold Bittner, 43659 Nine Mile road, Mr. and Mrs. Duane Butler, 21405 Summerside lane, and Mr. and Mrs. George Merwin, 43461 Cottis-20-2, were in the audience that applauded former Vice-President Richard Nixon and a host of show business personalities.

After being separated for 41 years, Mrs. Martin Sorensen, 218 Linden street, welcomed a visit with her sister, Mrs. Johanne Olesen, who arrived in this country from Denmark recently on a 6-months visa.

Mrs. Olesen is also spending some time with her brother, Elmar Iversen, who lives at 113 Walnut.

### Wed Here

A Northville couple Stanley Blaine Hicks and Mary Ann Kolp, exchanged marriage vows Saturday, May 13 in a ceremony conducted by Justice E. M. Bogart. The groom's sister, Sue Hicks, and Linda Jarvis, both of Northville, were witnesses.

#### Just a reminder — Northville King's Daughters are holding their luncheon-bazaar today from 11:30 to 2 at the First Methodist church. All comers can enjoy a delicious chicken and biscuits luncheon and take their pick from a wide array of baked goods and aprons that will be on sale.

Mrs. Thomas (Rosanne) Cummings, who is moving to Kansas City, Missouri with her husband and two daughters the end of this month, has been getting a royal send-off from friends in the community.

Last week Mrs. Blake T. Couse opened her Nine Mile road home for a morning coffee klatch with Mrs. Cummings as guest of honor.

The next day Mrs. William Sliger, 237 South Wing, hosted a luncheon at the Mayflower hotel in Plymouth.

Mrs. Glenn Cummings feted her daughter-in-law Wednesday at an afternoon tea she hosted in her home at 43525 West Six Mile road.

Job transfer — Mr. Cummings works with J. Walter Thompson, the Detroit advertising company — prompted the family's move. They live at 262 Wing court. Their new address will be 7558 Wabash, Kansas City 32, Missouri.

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pick-up, call the local Goodwill representative Maybury Men's Club, telephone number FI 9-2682 or ask the operator for toll-free Enterprise 7092.

### Name Bears Club's Goal

The primary goal of the Northville TOPS club is spelled out implicitly in the club's name — TOPS, Take Off Pounds Sensibly.

This organized assault on the problem of overweight was first born 13 years ago when a Milwaukee, Wisconsin housewife, Mrs. Esther Manz, recruited three friends to join her in a figure-trimming campaign. As the members of this charter group slimmed, the organiza-

tion's national popularity well-ed until TOPS Club Incorporated today boasts chapters throughout the country.

The local club, called Northville Eater Beaters, meets every Monday night at Amerman school.

Earlier this month, Northville's club leader, Mrs. Fran Schlief, its 1960 queen, Mrs. Audrey Henson — she won the title by losing 54 pounds — and Mrs. Dorothy Ippolito went to the TOPS convention in Minneapolis, Minnesota.

Mrs. Henson, who lives at 40631 Rock Hill lane, Novi, saw the national title go to a queen from New York, Helen Hamerle, who dropped 130 pounds in her slim-down. Members of Michigan TOPS clubs snatched up the remaining national crowns.

# NEWCOMER'S CORNER

"I look upon every day to be lost, in which I do not make a new acquaintance."

— Samuel Johnson

CROSSED THE ATLANTIC — Newcomers Ben and Nel Richardson and their 10-month-old daughter, Helen, moved to Northville straight from Holland last October. Their home is at 20151 Valley road.

Things have been a lot different for the Richardsons since they moved. Right from the new location to the new language, things are much different than they were seven months ago when the family boarded a trans-Atlantic plane and flew to their new home in a new country.

Until October 18, 1960, Ben and Nel Richardson had lived in Holland. Both were born and brought up there. Then in October, with Northville residents, Mr. and Mrs. Jan Reef as their sponsors, the Richardsons and their baby daughter Helen came to the United States.

Helen is now 10 months old, a little too young to notice the challenges her parents are meeting, the adjustments they are making, as they bridge the gap between life as it was in Holland and now as it is at 20151 Valley road, Northville.

The Richardsons, for instance, have gone back to school to learn what makes the English language tick. Ben Richardson had a head start on his wife — he knew some English before coming here — but she started from scratch.

There's more learning still for Richardson on his job. He is an apprentice at Jan Reef's gauge shop.

Any other differences the new-comers have noticed? Yes, replies the housewife, homes, furniture, meals and grocery shopping to name a few.

"I like shopping in a supermarket," Mrs. Richardson remarked. In Holland, she explained, getting the groceries meant stops at several shops rather than just one big tour up and down the aisles of a supermarket. And the meat prices here are much lower, she added.

# Sculptor Is Billed First In Listening Post Series

The distinguished Detroit sculptor Walter Midener will open the "Plymouth Listening Post" series next fall with a lecture entitled "The Creative Artist in American Life".

For the talk, scheduled October 5 in the Plymouth high school auditorium, Midener will bring several pieces of his work and plans to lecture from sculptures which will be displayed on the stage.

Sponsored by the Plymouth-Northville branch of the American Association of University Women (AAUW), the Listening Post has obtained Midener as its first lecturer through the assistance of Dr. William Birnbaum, director of Detroit Adventure.

The sculptor is director of the Art school of the Society of Arts and Crafts of Detroit. A retrospective exhibit of his work was shown this winter at the Huntington Woods cultural center under the sponsorship of Detroit Adventure. His work is included in numerous public and private collections throughout the country.

Working chiefly in form suggested by the human body, Midener has been quoted as saying, "Through them I try to express my reactions to the emotions that motivate man — his hopes and fears, his joy and tenderness.

Switching from art to science, the Listening Post has planned a January 31 lecture by Professor and Mrs. Fred Dohrs of Wayne State university. Title of the talk is "An American Scientist in the Soviet Union: Observations of the Soviets' Use of Their Land".

Professor Dohrs is a geographer who traveled extensively in the Soviet Union a year ago under the Soviet-United States Exchange Treaty. He will return there this summer.

As Professor Dohrs relates his observations of Soviet science and the challenge it presents, his wife, an accomplished artist, will show glimpses of various aspects of Soviet life which she sketched as they traveled. The sketches will be flashed on a screen, and she will comment on them in relation to her husband's lecture.

The Listening Post's third offering, on tap March 6, is being arranged to bring experts on international relations, probably specialists in African and Cuban affairs, to an area-wide audience.

## Kitchen Diary

## Top Warm Corn Bread With Butter and Honey

Time to think of something good to eat. Sit back, relax, and concentrate on painting a technicolor sketch of mouth-watering, sweet-smelling, good things to eat.

Picture fluffly, yellow corn bread just out of the oven. Look good? Have a slice ... spread a little butter over it and watch it melt into the bread ... now top it with a coat of honey or your favorite jam.

How about cookies ... the savory scent of ginger from fresh-baked ginger snaps. Couple them with a tall, cold glass of sweet, white milk.

No need to let these tantalizing pictures fade, not with Mrs. Wallace Westerfield's recipes in your file. Both corn bread and ginger snaps rate high at the Westerfield household at 50888 West Nine Mile road.

### CORN BREAD

Mrs. Wallace Westerfield  
2 cups flour  
1 cup yellow corn meal  
1 t salt  
1/2 cup sugar  
4 t baking powder  
2 eggs  
5 T melted shortening  
Milk (enough to make batter stiff)  
Sift dry ingredients together. Add eggs, milk; mix well. Cream in shortening. Bake in 425-degree oven about 30-35 minutes.

### GINGER SNAPS

3/4 cup shortening  
1 cup sugar  
4 T molasses  
1 egg  
2 cups flour  
2 t baking soda  
1 t cinnamon  
1 t cloves  
1 t ginger

### "Very Successful"

"Very successful" is how President Mrs. Philip Wegeng described the Newcomers club's second annual spring dinner dance held May 6 at Meadowbrook country club.

Mrs. Wegeng said about 100 members turned out for dinner and dancing to the music of George Rowet and his combo.

Cream shortening, sugar, molasses and egg. Add dry ingredients; mix well; roll into bar with diameter the size of cookie. Dip top in sugar; slice; place two inches apart on cookie sheet. Bake in 325-degree oven for 12 minutes or until done.

## Mothers Club to Change Officers at Potluck Picnic

Now that warm weather has made its debut, Northville Mothers club has decided on a picnic potluck for its final meeting of the club year.

The mothers — reminded to dress in picnic attire — will be the guests of Mrs. Fred Schwarze at her 21066 Cambridge drive home. The gathering is planned Monday, May 22 at 6:30 p.m.

Mrs. Edwin Langtry, outgoing president, will turn her gavel over to Mrs. Robert Yoder. Other officers on the new slate are Mrs. William Weidner, vice president; Mrs. Fred Schwarze, secretary; Mrs. B. G. Elliott, treasurer.

Mrs. Joseph Petrock, Mrs. James Mahoney, Mrs. Edwin Langtry and Mrs. Wayne Wilcox are picnic hostesses.

### Justice Court

In recent court action Justice E. M. Bogart levied a total of \$50 in fines against Arnold G. Gornall, Jr. of 21155 Meadowbrook road, Northville township. Gornall was tried and convicted Saturday on two counts. He was fined \$40 and court cost for driving recklessly Friday on Center street between Randolph and Baseline and was fined \$10 and cost for not having a Michigan operator's license or plates. Sonia Johnston, last address 34225 West Grand River, Farmington, pleaded guilty and was fined \$5 and cost for passing a bad check at a local super market. Judge Bogart also ordered her to make restitution.

### Police School

Northville Police Chief Eugene King announced this week that the department was mapping plans for a firearms instruction class for local full-time and auxiliary policemen. King said the class, scheduled from 9 a.m. to 4 p.m. Saturday, May 27 at Plymouth police department shooting range, would be taught by the instructor of the Michigan State Police pistol team. Instruction in the use of sidearms, tear gas gun and riot guns was planned, King said.

### 'Fran' Joins Consumers For Opening

Consumers Power company expects that more than 12,000 residents of its West Wayne district will visit its new Service Center at Livonia during three days of public open house Friday through Sunday, May 26, 27 and 28, according to District Manager James P. Thomas. "We hope the crowd's even larger, and we'll be ready for all who show up, with favors for the ladies and a series of special exhibits and displays to interest the whole family," Thomas said.

A feature will be free prize drawings each day for some \$4,000 worth of gas appliances. Another feature will be the appearance Saturday only of radio and television star Fran Allison, of "Breakfast Club" and "Kukla, Fran and Ollie" fame, who will visit informally with guests at the building all that day. Miss Allison is flying in from Chicago to help Consumers and its customers celebrate the opening of the new center as a representative of the RCA-Whirlpool corp. The center is headquarters for the company's gas service in a 250-square mile area largely west of Inkster road and extending from Farmington to Wayne, from Inkster to Novi and South Lyon, and encompassing the communities of Plymouth, Northville, Livonia and those between. Consumers has 46,000 gas customers in the area.

### Robertson Attends Chicago U Course

Northville City Manager John Robertson was awarded a certificate at the conclusion of the second annual Advanced Management Training program for city managers and administrators in Chicago last week. The program was sponsored jointly by the International City Managers' Association and the Center for Programs in Government Administration of the University of Chicago.

Sixty-one managers and administrators from 30 states, Canada, Germany, and Norway, participated in the week-long series of lectures and discussions. The program brought together veteran municipal administrators and leading university professors. It included such topics as problems of policy making, communications, planning the city of the future, motivation, decision making, and delegation of authority.

Each manager attending the program received a \$90 scholarship from the University of Chicago. These scholarships were awarded from funds given by the Ford Foundation. The certificates were presented by Bert W. Johnson, City Manager, Evanston, Illinois, and Vice-President of the ICMA and Maurice F. X. Donohue, Director, University College, University of Chicago.

The lecturers were Edmund N. Bacon, Executive Director, Philadelphia City Planning Commission; Nicholas J. Demerath, Director, Social Science Institute, Washington University, St. Louis; Willard E. Erickson, Director of Attitude Surveys, Industrial Relations Center, University of Chicago; Philip M. Hauser, chairman, Department of Sociology, University of Chicago; Kenneth K. Henning, chairman, Department of Management, DePaul University; Schuyler D. Hoslett, vice-

Television star Fran Allison will be the hostess at Consumers Power company's Livonia service center public open house all day Saturday, May 27.

### Reopen Clinic

The Northville Clinic, formerly the offices of the late Dr. V. George Chabut, was reopened this week.

W. K. Bradley and P. A. Parente, D.O.'s, both of Milford, announced the opening of offices for the practice of general medicine, surgery, obstetrics and pediatrics.

Dr. Bradley is on the staff of Community General hospital in Northville. The clinic is located on the corner of North Wing and Dunlap streets.

### Form New Company

Paul Stueckle, of Northville, recently announced the formation of the S & S Engineering Company, P.O. Box 158, Northville, Michigan with Fred W. Steinhebel, of Ann Arbor, to act as manufacturers' representative.

Companies whom they represent are the Ohio Industrial Research Corporation of Canton, Ohio, and Balcrank, Inc. of Cincinnati, Ohio.

### Rainbow Girls To Install Officers

Northville Rainbow Girls will install new officers on Tuesday, May 23 at 7:45 p.m. at the Northville Masonic Temple. June Cutright will be installed as the new Worthy Advisor of Northville Assembly No. 29. Other officers to be installed are: Vickie Boyd, Worthy Associate Advisor; Mary Mitchell, Charity; Rita Bradford, Hope; Donna Jones, Faith; Janet Famuliner, Drill Leader; Shona Davies, Love; Margaret Green, Religion; Laura Famuliner, Nature; Sue Bonner, Immortality; Leslie Fulton, Fidelity; Marie Stojanoff, Patriotism; Judy Green, Service; Bonney Bradford, Confidential Observer; Pam Milne, Outer Observer; Linda Peterson, Promoter; Linda McKinney, Associate Drill Leader.

Installing Officers will be: Janet Famuliner, Ardith Robertson and Barbara Rollings, and Mrs. Frances Famuliner, Mother Advisor.

### He'll Address Grads At Iowa High School

Alvin Skow, Northville high school history and government teacher, has been invited to deliver the commencement address at the May 26 graduation ceremonies of Amana Colonies high school in Iowa.

Skow was principal of the school 25 years ago and four of his former students are now members of the board of education in Amana Colonies. He was principal of the Iowa school when the first class was graduated.

This topic will be taken from the graduating class motto: "build for character, not for fame".

Skow will also address the alumni group. Mrs. Skow will accompany him on the trip to Iowa.

### ORDINANCE NO. 18.14 PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE VILLAGE OF NOVI

THE VILLAGE OF NOVI ORDAINS:  
PART I. That Ordinance No. 18, known as the Zoning Ordinance of the Village of Novi, is hereby amended by amending the Zoning Map as indicated on said Zoning Map No. 14, attached hereto and made a part of this Ordinance.  
PART II. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of any Ordinance in conflict with any of the provisions of this Ordinance are hereby repealed.  
PART III. WHEN EFFECTIVE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect ten (10) days after final enactment and publication.

Dean H. Lenheller, President Pro Tem  
Mabel Ash, Village Clerk

I, Mabel Ash, Clerk of the Village of Novi, do hereby certify that the above Ordinance was approved and adopted by the Novi Village Council at a regular meeting thereof, duly called and held on the 9th day of May A.D., 1961, and was ordered to be given publication in the manner prescribed by law.

Mabel Ash, Village Clerk

### State Highway Fund Nets \$82.9 Million

The Michigan State Highway Department has started distributing Motor Vehicle Highway Fund collections to Michigan's 83 counties and 510 incorporated cities and villages for the first quarter of 1961.

State Highway Commissioner John C. Mackie said net receipts of the Highway Fund for the first quarter of 1961 amounted to \$82,954,002, an increase of \$924,029 over the same period of 1960.

Mackie said gross collections amounted to \$84,614,191, from which collection costs of \$1,468,916 and the Waterways Commission's share amounting to \$171,273 were deducted.

Wayne County will receive \$5,819,734, and Oakland County, \$1,715,768.

Northville will get \$10,273, Novi \$25,856 and Wixom, \$8,023, as their shares of the fund.

READERS SPEAK:

## They Oppose Millage Hike in Novi

To the Editor:

Last Wednesday night, at the Novi school board meeting, Erwin and Taylor put through a 6 mill increase in school taxes to be voted upon by the public in the June school board election. We, Ambinder and MacBride, voted against adding this \$70,000 to the school's revenues, but, of course were outvoted by the Erwin, Taylor, Heslip group. The public needs to be informed on the question of a millage increase.

The Novi school district has been running in the red for the past three years and has accumulated a deficit of about \$30,000. Erwin, Taylor, and Heslip were on the board during the past three years, presumably were aware of the schools' financial condition, and were in a position at any time to determine the exact income needs of the district and to seek

a tax increase to put the schools on a sound financial footing. We were elected to the board last year. We asked for but could not secure a detailed account of our financial standing. Money was spent if we had it, or borrowed if we did not have it. An accounting firm totaled up the loss once a year. It was not until March of this year (when the Citizen's Finance Committee, which we established, made its report) that we were able to see a detailed increase first, knowing that by budget telling us exactly what our income and expenditures were. In March we proposed a series of steps for the coming year to bring education up to the standards of surrounding communities. Suddenly Erwin, Taylor and Heslip voiced concern about the deficit. They voted down improvements, claiming they would cost too

much money, or saying that we would have to have a millage increase first, knowing that by the time a millage increase was voted on, it would be too late to get the necessary teachers for next year, even if the tax increase were approved. Considering the way they have opposed improvements in education consistently over the past year, we felt that their sudden concern with the deficit was another excuse to avoid doing anything to improve the education of our children.

Then at the last meeting Erwin and Taylor proposed a 6 mill increase. We asked for a breakdown as to how they would spend this additional \$70,000, and could get no answer. They turned down greatly needed, carefully thought-out, realistic improvements that would have cost about two mills, and then demanded six mills with no guarantees of any improvements. We feel that they are basically opposed to twentieth century education. They have all said many times that the schools are good enough. Consequently, we are not willing to support their having any additional tax payers' money at their disposal without iron-clad guarantees that the money will be spent to provide our children with the kind of education they need in this day and age. We oppose a millage increase at this time.

If, after the election, there is a majority of the board who are interested in education, we will again offer a comprehensive program to bring our schools up to acceptable levels, we will guarantee money will be spent for education, we will give a complete breakdown of how any increase will be spent, and we

## Seeks School Race

To the Editor:

Last week's edition indicated there would be no contest this year in the School Board election. I was much amazed at the change in fervor evidenced in one year. Even the incumbent's decision to seek re-election was delayed to this same edition.

Certain conclusions are possible — none of which are necessarily healthy, nor apply to all individuals concerned.

1. Previously unsuccessful candidates — no longer have a desire for the position — have lost interest in this civic responsibility — were not sincere in their initial efforts — feel a personal or social rebuff for a defeat at the polls.

2. General estimation of school administration is — satisfactory, Board composition in proper balance — unalterable, led by a faction.

3. General feeling that to run against the incumbent would be an expression of personal dislike for him.

You may find some others but I wonder what we accomplish at elections sometimes when we have fourteen seeking two positions one year and then no opposition a year later. One new candidate, I understand, took out but did not submit a nominating petition.

Why am I writing this — because a few friends of mine tried to do a last minute job

of petition circulating to put my name once again on the ballot. I did not actively seek nomination, because having previously run last in a list of fourteen you had indicated I was possibly the most unlikely to provide administrative assistance in the system — or perhaps I was the most undesirable candidate.

My name will not appear on the School Board election ballot because my friends were unable to find enough people home last Saturday afternoon to sign the nominating petitions. I am grateful to those who made this gesture for me and to those who did sign the petitions.

However, I do not yet feel we should relax in the apathy so far demonstrated. Whether it is Wilson D. Tyler — or another you feel qualified — MAKE A CONTEST FOR THIS BOARD POSITION!

This can still be done by writing in or placing the sticker name of your preferred candidate on the paper or machine ballot. I shall try to distribute the means for you to do this conveniently if I may have your phone call or note indicating your interest in my candidacy.

Let's not sit by in idle satisfaction!

Wilson D. Tyler  
19772 Meadowbrook Road  
FI 9 0569

## Lenheiser Starts Accounting Service

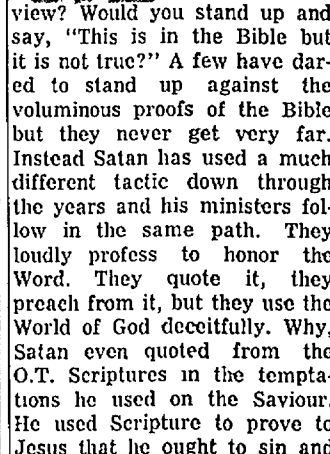

Dean H. Lenheiser, formerly an internal revenue agent and for 11 years an accountant with a manufacturing firm, is now conducting his own accounting and tax service.

He is also associated with the Data firm in Ann Arbor. Lenheiser resides at 45095 Mayo court and is a member of the Novi village council.

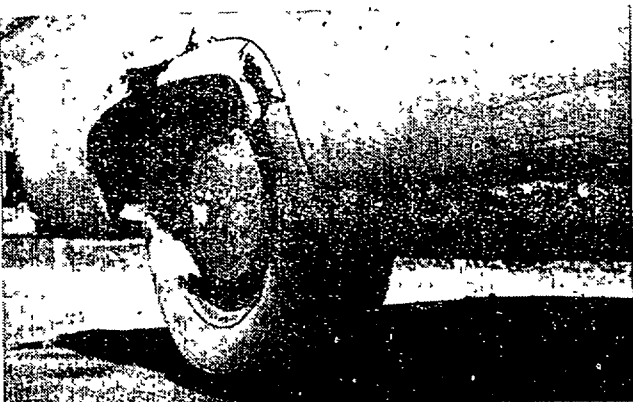

## WRONG USE OF SCRIPTURE

"It must be right, they have scripture to prove it!" "He must be a man of God, he preached from the Bible!" "They use the same Bible we do, they must be right!" Such statements are spoken by many gullible people who little suspect the deceitfulness of Satan and his messengers.

If you were a false prophet who denied many of the essential truths of the Bible, how would you go about to draw people to your point of view? Would you stand up and say, "This is in the Bible but it is not true?" A few have dared to stand up against the voluminous proofs of the Bible but they never get very far. Instead Satan has used a much different tactic down through the years and his ministers follow in the same path. They loudly profess to honor the Word. They quote it, they preach from it, but they use the Word of God deceitfully. Why, Satan even quoted from the O.T. Scriptures in the temptations he used on the Saviour. He used Scripture to prove to Jesus that he ought to sin and yield to him, and made it sound reasonable. One can prove anything from the Bible by using it ignorantly and dishonestly. Prove what you hear, (Acts 17: 11.)

# Don't Let This Happen

THIS IS NOT UNDERCOATING!  
THIS IS INNERCOATING

This is a completely new rust-proofing method. This method is not to be confused with common methods such as rustoleum and undercoating. This is designed to prevent rusting from inside the car body with a special rust-preventive grease. Areas covered are door panels, rocker panels, quarter panels, wheel housings, front fenders, and any area where rusting starts from inside the body.

THE MOST ECONOMICAL RUST-PREVENTIVE AVAILABLE!

# To YOUR CAR!

RUST IS THE NUMBER ONE ENEMY OF YOUR CAR'S BODY

## FREE EXPLANATION

Come in for a free explanation and see for yourself how this method is completely new and more effective than any old method of rust-proofing your car body.

# To Initiate Officers Next Thursday

by Mrs. Billie Thomas, Jr.

The next all school general meeting of PTA will be held in the high school auditorium at 8 p.m. on Thursday, May 25. There will be a short business meeting and installation of the new officers. This will be Open House in the high school, more appropriately called "The Festival of the Arts". All classrooms will be open for inspection by the parents. The home economics department will put on a style show by the girls who have made articles of cloth-

ing. There will be a shop display and an art show. The music students will present a one half hour program.

This is not the time for parents to hold conferences with teachers but to observe the many accomplishments of the students in the field of special talents. This will be a most interesting evening for all parents even if your children are not in high school as yet. Refreshments will be served during the evening.

New officers were elected

at the April general meeting of PTA. They are: President Mr. and Mrs. Robert Beer-bower; vice president, Dr. and Mrs. Robert Jaslow; secretary, Mr. and Mrs. Robert Regenhart; and Treasurer, Mr. and Mrs. Kalin Johnson.

The annual PTA carnival held on Friday, May 5 was a huge success, said Chet Lipa, carnival chairman. He expressed his deep appreciation to all who gave their time — some from early morning to late

evening, and to those who were so generous with their donations.

An orientation program is in progress this week May 15 to 19 for incoming 7th graders. This is the first time such a complete program has been tried and it is the hope of the teachers and principals that this will relieve some of the suspense and anxiety of the new junior high students.

All present 6th graders will take part in this program. Five students will be placed in one of the 7th grade classes and go through a typical day. They will become acquainted with teachers, subjects and the daily routine of a junior high class. Next week on Monday, May 22 at 7:30 p.m. in the junior high building, Mr. Van Ingen will conduct a meeting for parents and students to discuss "The New Situation", sports, activities, books and other things pertaining to junior high.

Tom Slattery and Robert Galli, Northville high juniors are being sponsored by PTA to attend Boy's State in Lansing. They will spend the week of June 15 to 22 on the Michigan State campus gathering new ideas to bring back to their school. The boys are chosen on the basis of citizenship, character, morals and scholastic ability.

An antique toy exhibit was put on by Mr. and Mrs. Gibbons in the Main street grade school library. The children were most interested in the toy autos and dolls.

Over 130 students from Main street elementary and junior high will present an operetta on May 24 at 7:30 p.m. in the Community Center under the direction of Miss Daisy Middleton.

### Teachers Profile

## Her Aim: Sound Lives

"It's a far cry from a little barefooted girl enjoying the feeling of squashing the silky, soft dust through her toes to the person who is sometimes called 'Grandma' by her first graders."

Expressing thoughts about her life is Mrs. Ruth Carter, first grade teacher at Main street elementary school.

Mrs. Carter is a dedicated and enthusiastic teacher who tries to develop in each child the ability to think for himself and not follow the herd. She begins each September with a little story.

### Dr. MacLeod Serves On Counseling Panel

Dr. Kenneth MacLeod, assistant superintendent and counseling director of Northville public schools, was a panelist at an art conference business meeting of the Michigan Schoolmasters' club last Friday afternoon.

The Schoolmasters' seventy-fourth annual meeting was held at the University of Michigan in Ann Arbor.

Dr. MacLeod, along with three educators from Michigan universities, discussed "Counseling and the Art Educator".

John E. Van Haren, a former Northville art teacher now teaching at Eastern Michigan university, is secretary-treasurer of the art conference which arranged the panel discussion held in the U-M's Rackham building.

"My students are just out of kindergarten, this is the first time they have gone full time, and they are learning more. Therefore, I tell them about building a house and compare it to the house of life. Before you can start to build you have to dig a hole for the foundation and lay the blocks so the house will have a good basement. Then you can start with the frame and gradually finish a home that will stand for years and years."

"The house is the house of life and they must begin right then to build their own foundation so that when each child grows up he can become a lawyer, doctor, druggist, or even a President of the United States."

"I also work on character training and development through stories, poems, songs, etc. Self-control, good listening and thinking habits, good work habits, and an appreciation of and love for our country."

"Each child should learn to criticize and evaluate his own efforts. So many children just follow the leader today instead of thinking for themselves, so I have a little book that I read to them. It's called 'Gordon the Goat' and tells of a little goat who blindly follows the leader, going where he does without questioning. One day Gordon sees a swirling cloud ahead of him and the lead goat pays no attention to it. Gordon is twirled all around in a twister and when he finally lands safely he decides that never again will he let anyone else do his thinking for him. After that he got along better."

Ruth Carter loves to read a little barefooted girl and she tries to instill the feeling in her students so that they will want to uncover the

many things hidden in a book. If the first experience a child has with reading is successful, she observed, then he can read and feels encouraged.

Mrs. Carter was born in a little town of Delhi, Louisiana, located 40 miles from Vicksburg, Mississippi. Her father was from near Ann Arbor.

She went South with some Michigan men and got into the lumber business. He married a southern girl and their children spent time in Michigan and Louisiana. Ruth Carter graduated from Louisiana State University in 1925.

Spare time in the summer filled with visits to her children who are scattered over the world. In 1955 she visited Africa and brought back a memory of many pleasant experiences. A great deal of time is also spent at her summer cottage near Chelsea.

Other spare time hobbies include playing her favorite instruments, the violin and cello, and reading a book or several. In fact, Mrs. Carter never has time to learn to sew.

She was born with the talent all around in a twister and when he finally lands safely he decides that never again will he let anyone else do his thinking for him. After that he got along better."

It certainly is a far cry from a little barefooted girl and she tries to instill the feeling in her students so that they will want to uncover the

Standing, left — Jerry LaRocca, Rex Fackler, Larry Thibos, Tom Pruett, Doug Swiss, Glenn Diebert and Kevin Lang. Head coach is Bob Prom.

## A Matter of 'Ifs'

# Baseball Season In Homestretch

We come now to the "iffy" part of the baseball season in Northville.

The Mustangs collected 14 safeties Monday afternoon to clobber Bloomfield Hills, 16-10, and tighten up the Wayne-Oakland County League pennant race as it goes into the homestretch.

With league play just about completed (Northville is at Clarenceville this afternoon and must play out a tie with Holly next, here is how the standings look:

	W	L	GB
Milford	7	1	—
NORTHVILLE	6	2	1
Bloomfield Hills	6	2	1
Clarkston	6	2	1

The "iffy" becomes so big because Northville does not get a chance to meet Milford again. They defeated the Redskins earlier, 3-2, at Northville. But one break in their favor is that Bloomfield Hills, a tough customer, and Milford have to tangle.

Because IF Bloomfield Hills can knock off Milford and IF Northville doesn't lose out in its two remaining games, then there could develop a four-way tie for first, which isn't as good as claiming the mountain top all by yourself but it still is better than the dampness of the deep dark valleys.

Monday's game was sweet revenge for Northville. Bloomfield Hills had squeezed home a run to take a 3-2 win from the locals earlier in the year. But such was not the case in the return match. In fact, the idea of a bump was laughed at.

A wild and woolly 11-run outburst in the fourth inning sewed up the game for Northville. Chalking up only a single run in the second frame, the Mustangs erupted a la Mount Vesuvius to grab a 12-0 edge.

Steve Juday started the fireworks with a Fourth of July poke over the centerfielder's head for a home run. Then with one out, the runs and hits came in machine-gun succession.

Roy Rice singled, Dave Hay tripled him home, Jim Anderson and Dan Brown walked to load the sacks, Craig Bell walked to force in one run, two wild pitches let in two more, Rice (up again) singled, Dave Hay uncorked a double to clear the sacks and Anderson smacked a triple to finally end the rout and send home the eleventh tally.

Bloomfield Hills scored once in the fifth and twice in the sixth to "close the gap" to 12-3 before Northville's second string got into the act and added the final four runs in the seventh.

Fred Steeper tripled with one out and three straight walks to Bob Budlong, Joe Hay and Jack Boyd scored two runs, a wild

## Sign! Don't Miss Out

Registration for the summer recreation program begins this Saturday from 9 a.m. to 12 noon in the scout hall, Dunlap and Hutton streets, and will continue every Saturday morning thereafter, according to director Ken Conley.

Registration fees for Northville city and township residents is 50 cents and for non-residents, \$8.

Among some of the activities are baseball, softball, archery, golf, swimming, canoeing, a Saturday gym program, physical fitness programs and field trips.

## Tennis Team Eyes Class B Regionals

Northville's tennis team focuses its attention on the Class B Regionals at Cranbrook this weekend with hopes of maybe bringing home the bacon.

But they'll have to clear one major obstacle in Cranbrook, a good tennis school which has handed Northville two identical 4-3 defeats already this year.

The Mustangs will open play at 9 a.m. tomorrow and if there are survivors after the first day of play, they will go back on Saturday.

Rain curtailed Northville's action this week. Monday's game with Clarenceville was called because of wet grounds.

Last week, Clarkson bowed to the Mustangs, 4-1, giving the local netminders an overall 9-2 won-lost record.

## Golf Team On the Way To Finals

A surprising Northville High golf team will be traveling to Kalamazoo Saturday for the State Finals after winding up third last weekend in the regionals at Farmington.

Tom Slattery, Eddie Beard, Dave Zielinski and Bill Chalace will represent the Mustang golf team. They chalked up a 379 team score to follow Grosse Ile (344) and Dearborn Sacred Heart (374).

Zielinski shot a 92, Slattery 94, Chalace 96 and Beard, a 97, for the total score.

Rounding out the first twelve schools were: Birmingham Brother Rice high 384; Troy 395; Royal Oak Madison Heights 407; Clintondale 408; L'Anse Creuse 409; Clarenceville and Wyandotte Riversdale 412; Dearborn Riverview 414; and Monroe CC 449.

Monday afternoon at Meadowbrook, the Mustangs lost by three strokes, 184-187, to Clarkson.

Chalace shot a 44, Slattery and Zielinski had 45's and Beard went to 53, the first time he went over 50 all season long.

# Our Littlest 'Majors' Start Summer Baseball Action

One half of Northville's two entries in Livonia's Class F Major "little" league teams, the Orioles, got off to a flying start Monday night with a 13-2 triumph over the Seals at Livonia.

The other squad, the Braves, were to meet the Sox Tuesday night.

The Orioles (playing on Mondays and Wednesdays) and the Braves (on Tuesdays and Thursdays) now begin a long summer of action that will take the Orioles to July 19 and the Braves to July 27.

The Orioles head coach is Dan MacDermid while Bob Prom coaches the Braves.

Here is the Oriole schedule

## Petrock, Ely And Biery Star in Win

In what Coach Ralph Redmond called their best match of the year, including the half-point opening day win over Milford, the Northville High track team trimmed Bloomfield Hills last week, 61 to 48.

It was the sixth straight win for the thinclads who were putting in a strong bid for the league title in the league meet at Milford Tuesday night. (An early copy deadline would not permit any details on the league meet for this week's Record).

Although Jim Petrock was the pacer with victories in the 100 and 220 yard dashes, it was the fine performances of miler, chips Ely, and half-miler, Don Biery, that stole the spotlight.

Ely ran the four laps around the quarter-mile oval in 4:54.8, breaking Phil Jerome's 4:58 time set last spring. Jerome wound up runner-up to Ely.

Biery snapped his brother, Dick's, 880 run record by coming across the tape in 2:07.5. But it was still not good enough for a first place which had a winning clock of 2:02.3.

The Mustangs showed good strength in the second and third place spots, getting eight seconds and three thirds to more than offset Bloomfield Hills' six first places. The locals had seven firsts.

In addition to first places by Petrock in the 100 (in 10.6.5 seconds) and the 220 dash (in 22.4 seconds), other firsts were recorded by Jerry Biddle in the shot put with a heave of 44' 5 1/2". Tom Darling won the broad jump as he leaped 19' 5" through the air into the sawdust.

Dick Bathey won the 120 yard high hurdles in 21.4 seconds while an 880 relay team composed of Mike Turnbull, Petrock, Dave Filkin and Darling won with a good time of 1:35.4.

In the Class B regionals last Saturday at Livonia Bentley High, the Mustangs qualified Petrock and Biddle for the State Finals this Saturday at Ann Arbor.

Ecorse won the regionals with 86 points while Northville wound up third with 16 points.

Petrock won both dashes, the 100 in 10.3 and the 220 in 23.0. Biddle placed second in the shot put with a toss of 44' 11".

Darling really burnt the cinders with a sizzling 51.8 timing on the 400 race but did not qualify for State play because he finished third in his heat of the race and only the first two winners from each heat could go. Darling's time was better than the winning time for the two winners in the other heats.

Another surprise of the regionals was the good 1:34.5 clocking turned in by the same relay team that whipped Bloomfield Hills. In the regionals, the quartet placed fourth.

The squad has three meets left for the year — tonight at 7:30 at Clarenceville; next Monday at 4 p.m. at Plymouth; and May 29 at 3:30 p.m. at Oak Park.

Unchanging beauty is a theme of the Lesson-Sermon "Soul and Body" to be read at all Christian Science churches Sunday. Included in the Bible selections will be these verses from Psalm 90: "Let thy work appear unto thy servants, and thy glory unto their children. And let the beauty of the Lord our God be upon us: and establish thou the work of our hands upon us; yea, the work of our hands establish thou it." One of the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (pp. 247, 248): "The recipe for beauty is to have less illusion and more Soul, to retreat from the belief of pain or pleasure in the body into the unchanging calm and glorious freedom of spiritual harmony."

**FIRST METHODIST CHURCH OF NORTHVILLE**

## from the PASTOR'S STUDY

Rev. Marvin E. Rickert Willowbrook Community Church

### SPRINGTIME OF THE SOUL

"For lo, the winter is past, the rain is over and gone, The flowers appear on the earth, the time of singing has come, and the voice of the turtle dove is heard in our land. The fig tree puts forth its figs and the vines are in blossom; they give forth fragrance." (Song of Solomon) 2:11-13

It has often been said, "In spring a young man's fancy lightly turns to thoughts of love." Something of this kind may have been happening to the two lovers sharing their affections in the "Song of Solomon."

The return of spring has not only the seeming ability to accelerate the interest of man in a maid, but, for the religiously sensitive person, it has, also, the ability to

renew and give strength to one's love for God.

Becoming keenly conscious of man's anxiety for food and clothing, the return of spring enabled the discerning Master to say — by way of illustration and admonition — to those caught up in the mad pressure of it all: "Look at the birds of the air" and again, "Consider the lilies of the field how they grow."

As there is a spring-time in the seasons there is the prospect for the spring-time of the soul. As nature is seasonally caught up in the revival of life and growth, so human life, bogged down and clouded with the cares of this world, can experience a revival of purpose and outreach.

There is a kinship which exists between the world of nature and the world of man in the manner in which this

rejuvenating "springtime of life" takes place.

There is first of all a resignation to the will of God. As the birds and flowers are content to fulfill their God-given purpose to be birds and flowers respectively, the human being gets his proper perspective by similarly seeking "first (God's) kingdom and his righteousness."

Secondly, there is the confidence that God, in His infinite wisdom, is well aware of the needs of His creation and does supply those needs. As God provides food for the birds and clothes the flowers, man, even in his extremities, has found the wonder of God's beneficent provision — new foods, new medicines and new materials.

Thirdly, spring brings its reassurance that life, not its length of days but its quality

of living, is important. Every spring is ultimately followed by the fall and birds die or return to warmer climates and flowers fade and die. Nevertheless, each bird and every flower is important because of the ministrations of its purpose. If God considers it important to clothe "the grass of the field which today is alive and tomorrow is thrown into the oven," certainly man, blessed with a normally longer span of life, is important.

The springtime beauties of the world of nature are fast returning. May there be a commensurate "springtime of the soul" for you as your love for God is re-born and nurtured into beautiful growth through resignation to His will, confidence in His bounteous provision and reassurance of the importance of your life.

### Youths at Salem Church Slate Film

"Dust or Destiny", a Moody Sermons from Science film, will be shown at 7:45 p.m. Friday, May 19 at Salem Congregational church.

The sound, color movie is a dramatic presentation of the unexplainable miracles of nature — the mechanism of the human heart, the homing pigeon, the flight of the bat by his built-in radar, and many other unmistakable evidences of the Creator.

The church youth group, which is sponsoring the film, has invited all interested persons to attend.

### Mission Nights At St. Paul's

Two Mission Nights will be held at St. Paul's Lutheran church, High and Elm streets, Northville, on Sunday and Monday. Doors will open at 6:45 p.m. when the congregation and public are invited to view various home and foreign mission displays.

The program proper will begin at 7:30 p.m. on each night. There will be presentations of various mission fields, a stirring motion picture in color entitled: "Nigeria — A Macedonian Call." All of the organizations of the congregation will participate.

Mr. Nelson Liebold is general chairman. Refreshments will be served at the close of the program.

### Observe Pentecost

The Festival of Pentecost, commemorating the outpouring of the Holy Spirit on the believers at Jerusalem 50 days after the resurrection of Christ, will be observed in both the 8 a.m. and 10:30 a.m. service at St. Paul's Lutheran church, Northville, Sunday. In the 10:30 service a class of young people will be acknowledged as communicant members of the church by the rite of Confirmation. In the same service they will receive Holy Communion for the first time.

**STORM of LIFE**

"If only I could get out from under, get away from it all, find some island of peace..."

Like everybody else, we want to escape our problems and pressures. We are seeking calm away from the storm of life.

But we can't escape from life. We can't run away from the storm but we can find calm in the storm. When a hurricane sweeps across the countryside, its circling winds lashing out in destruction, there is always in the center, an area of quiet. In the eye of the storm there is calm.

Faith is not an escape, a running away into religion. It is finding the presence and adequacy of God to face life triumphantly. It is finding an inner center of peace while the winds blow outside.

The Church points the way to peace. It helps us to find the inner experience of faith.

"I have found my island... an island of peace in my heart. I have found calm... the calm of God in the storm of life..."

# Proposed Zoning Ordinance Amendments

## PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NORTHVILLE, MICHIGAN

AN ORDINANCE ENACTED UNDER ACT 184, PUBLIC ACT OF 1943 OF THE STATE OF MICHIGAN, AS AMENDED, TO PROVIDE FOR THE ESTABLISHMENT OF ZONING DISTRICTS LYING WHOLLY WITHIN THE UNINCORPORATED PARTS OF THE TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN, WITHIN WHICH ZONING DISTRICTS THE USE OF LAND, NATURAL RESOURCES, AND STRUCTURES, INCLUDING HOUSES, AND TRAILER SITES, THE HEIGHT, THE AREA, THE SIZE, AND THE LOCATION OF BUILDINGS HEREAFTER ERECTED, THE LIGHT AND VENTILATION OF SUCH BUILDING, THE AREA OF YARDS, COURTS AND OTHER OPEN SPACES, AND THE DENSITY OF POPULATION SHALL BE REGULATED: TO PROVIDE FURTHER FOR A METHOD OF ADMINISTRATION AND ENFORCEMENT OF ITS PROVISIONS AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS: TO PROVIDE FOR A BOARD OF APPEALS AND ITS POWERS AND DUTIES. THE TOWNSHIP OF NORTHVILLE ORDAINS:

PART I. That the Zoning Ordinance of the Township of Northville is hereby amended by the amending of sub-section (i) of Section 14.06 of Article XIV to read as follows:

Section 14.06 (i)  
1. Permit a gasoline filling station in a district permitting such use, provided the general

standards under Section 17.02 and the following conditions shall be complied with:

(a) The structure shall be limited in size to two (2) single car service bays, plus restrooms and office and/or supply storage space.

(b) The operations shall be limited to the terms of the definition in Section 1.25, and no outside storage of oil drums, trailers, concrete mixers or any other material or equipment shall be permitted for rent, sale or display.

(c) Provide a barrier, of such dimension, (not less than four (4) feet in height) and kind as will protect the occupants of adjacent structures so they will not be unreasonably disturbed either by day or night, by the movement of vehicles.

(d) Lighting facilities shall be arranged so they will not interfere with traffic or cause an unreasonable disturbance to occupants of adjacent residential properties.

(e) No gasoline service station shall be located or no property used as such nearer than four hundred (400) feet, in any direction as measured from any point on the property line of any church, school, (public or parochial) public playground or park, public library, police station, fire station, post office, hospital, theatre or any place of public assembly where twenty-five (25) or more persons ordinarily are gathered for lawful purposes.

(f) Pumps or other equipment, used in servicing of motor vehicles, shall be placed and used only inside the lot lines and shall be set back not less than eighteen (18) feet from any street line to which the pump island is verticle and

twenty (12) feet from any street line to which the pump island is parallel and not less than twenty (20) feet from any residential boundary line.

(g) All vehicular entrances to or exits from any lot must be approved by the highway authority having jurisdiction of the road or highway upon which such lot abuts.

2. Permit a public garage in a district permitting such use provided the general standards under Section 17.02 and the following conditions shall be complied with:

(a) All cars shall be stored or serviced within the building.

(b) Wrecked cars must be stored or parked within the building or may be temporarily stored or parked within a fenced in yard which shall be screened from view from any street or private abutting properties. No permanent outside storage or parking of wrecked cars shall be permitted and no conduct or operation of the nature or character of an automobile junk yard or salvage business shall be permitted.

(c) Gasoline pumps in connection with a garage shall meet the requirements of paragraph (f) of Section 14.06 (i) above.

3. Permit a cleaning establishment and laundries in a district permitting such use, provided the general standards, under Section 17.02 and the following conditions shall be complied with:

(a) Cleaning establishments shall operate as a Class IV establishment as defined in the State Dry Cleaning Act.

(b) Laundries shall be customer self service only and shall not discharge steam into the atmosphere under pressure.

(c) Wastes must be disposed of into a municipal disposal system and must comply with the requirements of Section 3.28 of this Ordinance.

PART II. That the Zoning Ordinance of the Township of Northville is hereby amended by amending the title of Article XVII and by the addition of a new section to be known as Section 17.02 and to read as follows:

### ARTICLE XVII INTERPRETATION APPLICATION AND GENERAL STANDARDS

Section 17.02 GENERAL STANDARDS. Wherever, in this Ordinance, the Zoning Board or the Board of Appeals is authorized to permit a use within a zoning district or permit a variance from Ordinance requirements, the Zoning Board and the Board of Appeals shall, in addition to the specific standards herein contained, give consideration to the following general standards:

(a) Any use shall be of such location, size and character, that in general, it will be in harmony with the appropriate and orderly development of the district in which it is situated and will not be detrimental to

the orderly development of adjacent districts.

(b) The location and size of the use and the nature and intensity of the operations involved in or conducted in connection with it.

(c) Its size, layout and its relation to pedestrian and vehicular traffic to and from the use, and taking into account, among other things, convenient routes of pedestrian traffic particularly children.

(d) The assembly of persons in connection with it will not be hazardous of the neighborhood or be incongruous therewith or conflict with the normal traffic of the neighborhood.

(e) Vehicular turning movements in relation to routes of traffic flow, relation to street intersections and street gradient, site distance and the general character and intensity of development of the neighborhood.

(f) In commercial or industrial districts, the nature, location, height, size and site layout shall be such that it will be a harmonious part of the district in which it is situated, taking into account, among other things, prevailing shopping habits, convenience of access by prospective patrons, the physical and economic relationship of one type of use to another, and characteristic groupings of uses in a commercial or industrial district.

(g) The site layout and grading, the location, nature and height of walls, fences and the display of signs in connection with the use shall be such that the use will not hinder the appropriate development and use of adjacent land and buildings or impair the value thereof.

(h) The location, size, height, intensity and site layout of the use shall be such that its operations will not be objectional to nearby dwellings, by reason of noise, fumes or flash of lights to a greater degree than is normal with respect to the proximity of commercial to residential uses.

PART III. That the Zoning Ordinance of the Township of Northville is hereby amended by amending the Amended Zoning Map No. 9 attached hereto and made a part of this Ordinance.

PART IV. VALIDITY. Should any section, clause or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof, other than the part so declared to be invalid.

PART V. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict, herewith, are hereby repealed.

PART VI. EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety and are hereby ordered to take effect thirty (30) days after the final enactment and publication.

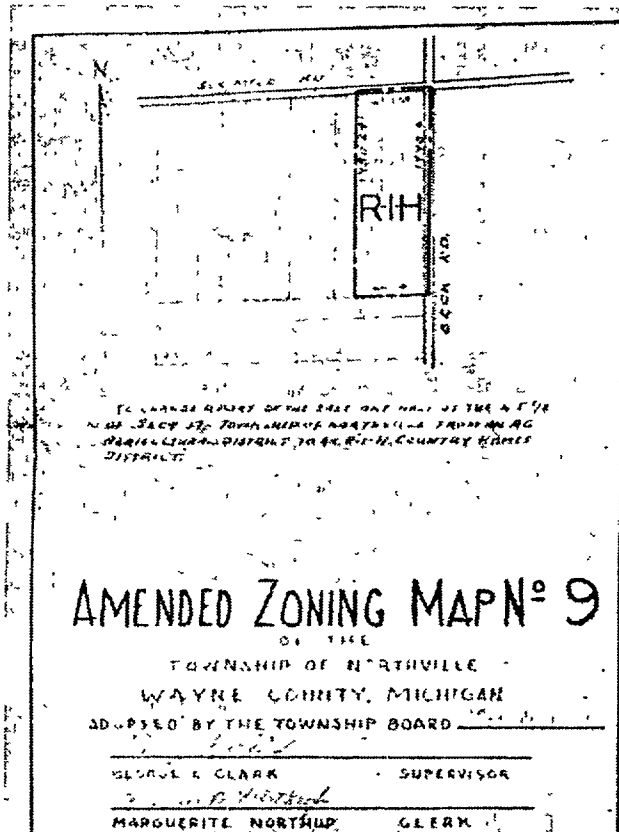

### NORTHVILLE TOWNSHIP BOARD

George L. Clark, Supervisor

Marguerite Northup, Clerk

I, Marguerite Northup, Clerk of the Township of Northville, do hereby certify that the above Ordinance was approved and adopted by the Northville Township Board at a regular meeting thereof, duly called and held on the 2nd day of May A.D., 1961, and was ordered to be given publication in the manner prescribed by law.

Marguerite Northup, Clerk

## Local Commandery Honored for Help

George J. Anderson, Eminent Commander of Northville Commandery No. 39 received a "thank you" from the boys of Starr Commonwealth for Boys for the part which the Knights Templars of Northville played in the raising of funds which built the recently dedicated Knights Templar Physical Education Building at the school.

George J. Anderson, Eminent Commander of Northville Commandery No. 39 received a "thank you" from the boys of Starr Commonwealth for Boys for the part which the Knights Templars of Northville played in the raising of funds which built the recently dedicated Knights Templar Physical Education Building at the school. Bob Mathias (far right in picture), Olympic Decathlon Champion, and Coach Dwight Herendeen of the Starr Commonwealth represent the Starr boys.

Eminent Commander George J. Anderson receives thanks.

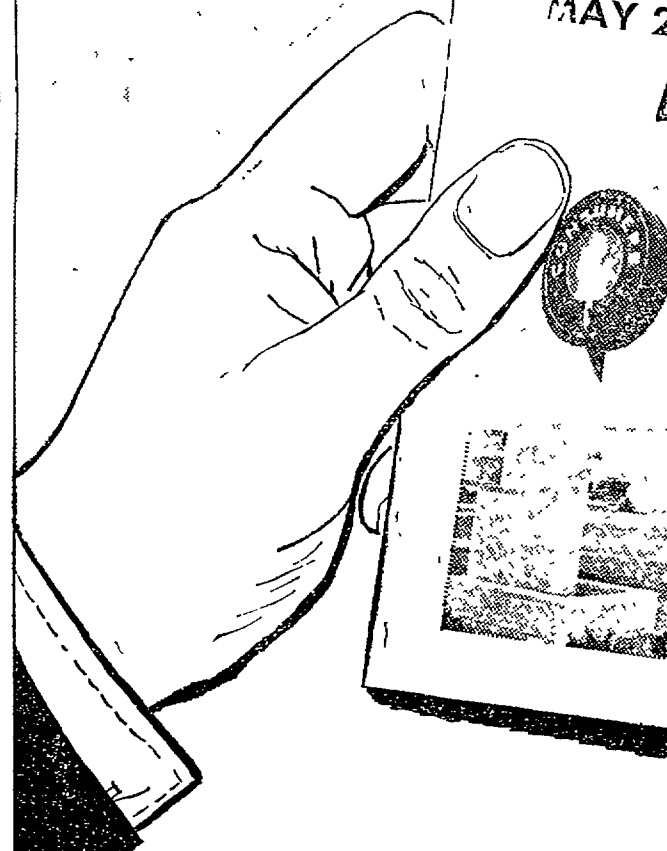

Speaking at the dedication ceremonies, Past Grand Commander Wilber E. Brucker, former Michigan Governor and Secretary of the Army under the Eisenhower administration, stated, "there is nothing happening today in Michigan as important as the dedication of this building, for the most successful things we do are those things which we do for Young America."

Also speaking at the ceremonies was Wayne (Woody) Hayes, head football coach of Ohio State University. "No area of education is more important

# Area Subdivisions Offer Luxury Living To Meet Any Budget

Springtime and building a home go hand-in-hand, or so it seems. Perhaps it's because both signify a "startling anew" or a "beginning."

In Northville city and township, this idea is prevalent in two subdivisions which are typical of many developments in the northern Wayne County-southern Oakland County area.

The Taft Colony subdivision, located in Northville Township two blocks west of the Main street-Clement road intersection, offers gracious, leisurely suburban living in homes built according to your wishes from \$26,500 and up.

The Village Green subdivision, also known as "Yerkes Estates," is situated in the city of Northville just across Eight Mile road at Novi road. Offering a new concept in home building, one can purchase a "basic house" in the bi-level series for as low as \$14,800 or

in the spacious "chalet living" line for as low as \$15,980.

As time, finances and circumstances dictate, one can add on any number of combinations up to \$19,500 in a bi-level house.

Taft Colony is being developed by John Northup, of Northville, and Earle McIntosh, Jr., of Detroit. Presently, the first section is platted with 27 lots on record and 11 of those sold. Final plans call for 96 lots within the 56 acres.

Two of the fine examples of the type of living to be found in Taft Colony are the Georgian temporary tri-level model.

The colonial, as it stands in the subdivision, is priced to sell for \$32,900, including the lot. Northup builders will duplicate the model for \$27,500.

There are four bedrooms and two-and-a-half baths in addition to a large 23 foot-by-14 foot living room, dining room, fam-

ily room (with fireplace and double book cases) kitchen and nook, two-car garage and basement.

The construction is clipper brick painted white and aluminum siding while the heating is provided by gas-forced warm air.

The contemporary model, as it stands with the lot, is priced at \$31,600, but McIntosh builders will duplicate it for \$26,500 plus lot.

Also containing four bedrooms and two-and-a-half baths, there is a living room (with a bay window), dining room, family room, kitchen and nook (with built-in kitchen facilities), two-car garage and basement.

The garage contains a tool storage area. The construction is of a mission brick and aluminum siding while the heating is provided by three-zoned gas base-board hot water.

Lots in Taft Colony average a half-acre with some being an acre and are in the \$3,500 to \$4,200 price range. Well and septic tank are not included in the duplicate prices.

Two architects design homes in the subdivision — Clifford N. Wright and Associates and Anderson Reinke.

Trend Homes, Inc., of Detroit, the builders and designers of the "new concept" homes in the Village Green, offer a combination of popular prices, comfort, and graciousness in their Chalet model.

The spacious home containing 1,625 square feet can be purchased for as low as \$15,980.

The price includes the finished first floor with the second floor to be finished at a later date. Any number of combinations can be arranged, starting with the hall and walk-in closet, the third bedroom, second full bath and loft or fourth bedroom.

These may be completed at the time of the original purchase or later as one desires.

Lots in the development are large and all improvements, including separate storm sewer system, are installed. The terms of purchase are FHA 30 year mortgages at 5 1/2 per cent interest and only minimum down payments required.

The models in Taft Colony are open in the afternoon and in the Village Green from 1-8 p.m.

LET'S TALK CARS . . .

## Ask The Man Who Owned It.

One of the headaches of the salesman's job, especially in the car business, is to find out the customer's REAL desires and his REAL objections.

It may seem that this should be a simple matter of just asking to find out — but it isn't that simple. Sometimes, of course, the buyer isn't quite sure himself.

An example of this was an instance I heard some time ago where a dealer had shown a prospective used car buyer several good cars, and he had finally settled on one that suited him perfectly. He thought the price was very fair, but finally decided not to buy.

It wasn't until later, when he had bought from another dealership, that the dealer finally learned what his REAL objection was: the buyer had noticed that the car bore an out-of-town license plate, and he was worried that there might be something fundamentally wrong with it.

Motorists often deal away from home for no other reason than that they know an out-of-town dealer personally and trust him. Since the opposite is usually also the case, the dealer can often vouch for the car 100%. In addition, a thorough reconditioning would spot any future trouble.

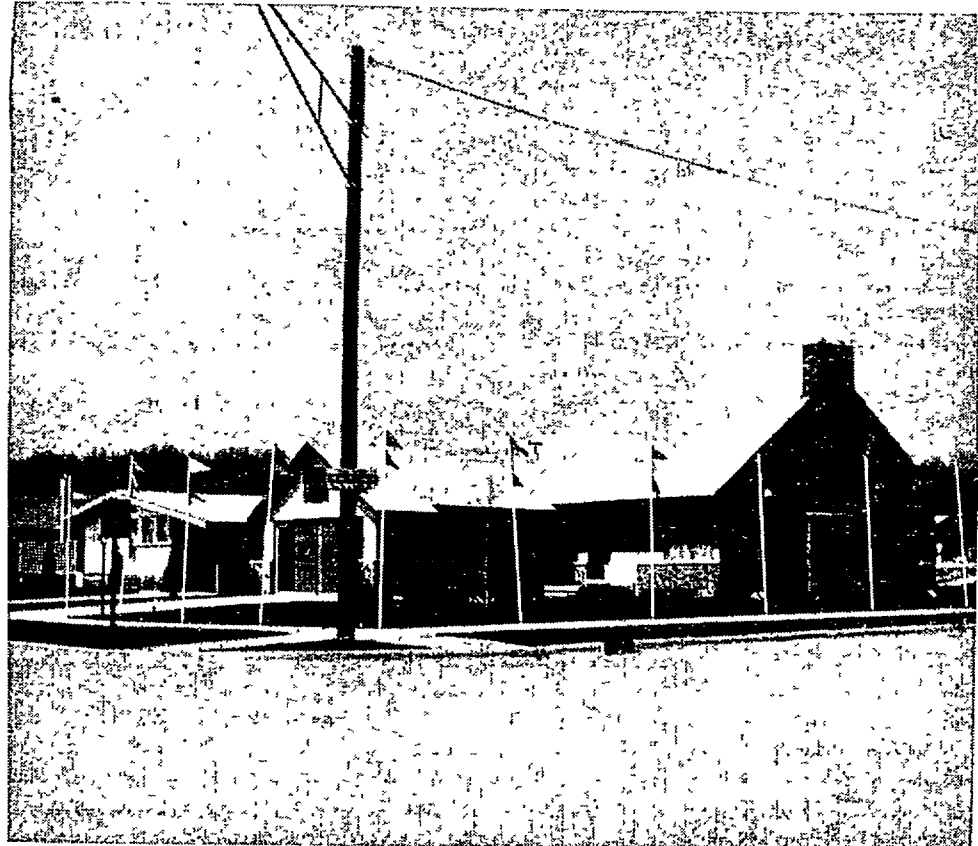

I hope that if you are ever talking to me or one of our salesmen regarding a car about which you have the slightest doubt, don't hesitate to ask for the name of the former owner. It's our basic policy to supply it gladly upon request.

## SPEAKING for the Record

by Bill Silger

Last week a representative of the Michigan Department of Economic Development program stopped by to ask what, if anything, was being done in our area to promote the economic growth of the community.

He was ready to offer the services of this governmental department to assist any local program.

It would have been a credit to the community to have been able to say that an aggressive organization was actively engaged in seeking out commercial and industrial prospects for the area.

But the truth is that we have been talking about such a committee for more than two years but doing nothing about it. Since an excellent report was compiled by a study committee recommending formation of an economic development group, only token efforts have been made to follow through.

Some appointments have been made, but no meetings called.

Meanwhile, hundreds of Michigan communities are proving that they can help themselves with burdening tax problems.

The city of Charlotte, a community of about 6,000 has had excellent results in attracting new industries through the efforts of its economic development group. Our neighbors in Plymouth have picked off a few plums, too.

There's no reason — other than the effort it takes to get underway — that Northville cannot do the same.

It's especially appropriate with the approach of Michigan Week to think in terms of state and community promotion.

Expert advice is at our disposal and crying to lend a hand. Let's quit testing the temperature and wade forth into the water.

\*\*\*

Wixom leaders deserve applause for the initiation of a chamber of commerce effort. The answer to the appeal for members was excellent and the new group is certain to play a key role in planned development for the community.

\*\*\*

A reminder to Northville city residents: Saturday, May 27 is the day that volunteer crews will haul away that trash that is cluttering your backyards, garages, basements and attics. So start planning now to take advantage of this annual Beautiful Northville effort by accumulating your "eyesores" and fire hazards so they may be hauled away.

By HUGH C. BRONAUGH, Manager

"MICHIGAN MARCHING FORWARD" is the theme of Michigan Week this year, and all of us at Michigan Bell are proud to be right in step with it. For example,

during the past 10 years Michigan's population has increased by 23 per cent and the number of telephones we serve has grown 62 per cent. This year we're planning to spend nearly \$87 million on new construction to improve and expand service. And Michigan Bell employees (we're Michigan's fourth largest employer) will earn—and spend mostly right in this State—about \$140 million this year. Our aim: to keep marching forward with Michigan.

IF YOU HAVE two-party or four-party phone service, why not change to a one-party line? A private telephone line is exclusively yours. It lets you talk whenever you wish for as long as you wish, without interruption. Unlike a party line, it's always ready to make or receive calls. And in an emergency, you can use your telephone at once. You can enjoy the benefits of private line service for only pennies more a day. Just call us here at our business office.

MOST OF US hate to throw anything away that "might come in handy" some day. Your telephone company is like that, too. But Michigan Bell does more than keep worn-out things around. Such as broken shovels. Or damaged screwdrivers. Tools like these, where practical, are repaired and made useful again. That's just one of the many ways we economize—so we can keep giving you good telephone service at the lowest possible cost.

### Protecting the Consumer

Just north of Lansing's busy Mt. Hope avenue on the edge of the MSU campus spreads an attractive two-story building of brick and glass that shelters a varied and fascinating operation little known to most of the state's nearly eight million citizens.

Consumer protection is almost as much a part of the building as the concrete and steel. The structure is actually a collection of separate laboratories, each performing analyses and chemical determinations on different products bought by people of the state.

The building is the Michigan Department of Agriculture's W. C. Geagley laboratory, named in honor of the man who was chief chemist until his retirement last year after 47½ years of service to the state.

Analyzed in this building last year were 3,010 food samples; 4,237 samples of dairy products of all kinds; 7,149 lots of seeds to determine their germination and purity; 211 tests of soft drinks and fruit juices. In addition there were 6,070 plant or tree specimens tested, and 1,515 analyses of feeds, fertilizers and liming materials. Some analyses take many hours to complete. Seeds take days and weeks.

It should be emphasized here that the vast majority of food processors in the state operate legally; keeping track of the exceptions helps them too by reducing unfair competition. The consumer, of course, is the biggest beneficiary.

By far the largest number of analyses were in the area of livestock disease control where 204,791 tests were run. These were mainly blood samples run for bovine brucellosis, a highly contagious disease of cattle which is transmissible to man under certain conditions in the form of undulant fever.

All in all some quarter of a million analyses were made in this important state facility last year. These are chemical, biological or microscopic. One laboratory is devoted entirely to the analyses of alcoholic beverages for the State Liquor Control Commission.

Another dealing with a highly specialized branch of chemistry is devoted to analysis of saliva and urine collected at race tracks to determine if horses have been doped. This is done for and at the cost of the Michigan Racing commission.

Services performed for the liquor and racing agencies of the state and at their expense may be important, but they are relatively minor functions. The main purpose of the laboratory is to protect consumers, whether they be purchasers of foods or buyers of such things as seeds, feeds, fertilizers, or spray materials used primarily in farming.

Many "interesting" things show up in the foods laboratory from samples picked up throughout the state by workers in the Michigan Department of Agriculture's foods and standards division. Violations are surprisingly few when one considers the millions of purchases of food in the state in a week. When adulteration, misbranding or illegal ingredients are detected, action from the Department follows promptly.

In the past coffee has been found to be adulterated with chickory or even roasted cereals.

Chemists have analyzed black pepper mixed generously with buckwheat flour to which capsaicin had been added to give the mixture a peppery taste. Not infrequently egg noodles contain artificial color. This is illegal. The yellow color of egg noodles must come from egg solids and not artificial color.

## Roger Babson

### Be Prepared: Diversify

Babson Park, Mass., There have been eight important unexpected events since 1860 that have affected U.S. markets. The first was the election of Abraham Lincoln and the beginning of the Civil War. This caused a great break in all markets.

In addition to the above, let

me describe the seven other severe market declines which have come from wholly unexpected events (2) Directly following the Civil War there was a tremendous impetus given to railroad building which resulted in great speculation. This collapsed in the 1870's. (3) Up until the 1890's politics had not affected business; but at this time William J. Bryan, probably the greatest orator America has seen, started a campaign to go off the gold basis and to use silver. This raised havoc with the stock market.

(4) After Bryan's complete defeat, the stock market became then relatively steady until the Spanish-American War suddenly came upon us in 1898, with the sinking of "The Maine" in Havana Harbor. This first caused a panic, after which the stock market began to pick up around 1900 when all went well.

(5) Among the various financial moves favoring trusts and other investments was a proposed merger between the Great Northern, the Northern Pacific, and the Burlington Railroads. To the great surprise of everyone, the Supreme Court forbade this merger and trusts in general, resulting in another stock market decline.

(6) Speculation again increased in the early 'twenties, reaching an all-time (to that date) stock market high in 1929 when the panic which many of my readers can remember. In a few years, however, this was largely forgotten when business and speculation revived. (7) Soon after that, we got into World War II. This gave business a boost until the war came to a sudden end in 1945, after which it took us three or four years to readjust. All these events were unexpected at the times they occurred.

Today the government is providing many cushions which should protect us against a repetition of the foregoing unexpected events. I, however, wish to suggest a few new possibilities, with which readers may not agree, but which are possible:

(1) Great Britain may go Communist — France certainly could go Communist at the death of DeGaulle; (2) There may be some unforeseen effect of all this space exploration and of the satellites now revolving in orbit around the world — these may slow the revolving of the world! Scientists do not understand why the world keeps revolving as it does; and any no-

Scientists do not understand why the world keeps revolving as it does; and any no-

(3) The present turn for the worse in the Cuban situation has been a complete surprise to President Kennedy. We must both keep Russia out of Cuba and also avoid having any more Latin American countries go Communist. Unemployment can be retarded and business is supposed to be improving; but a sudden permanent turn to Communism by any Latin American country would be both unexpected and very serious.

(4) Every so often a great earthquake has taken place, usually in the ocean, geologists tell me, however, that such an earthquake may some day take place and swallow up New York or some other large metropolitan city. Like the San Francisco earthquake, this would come wholly unexpectedly and possibly be followed by a great conflagration.

(5) Geologists and chemists also tell me that a substitute for gold may be discovered at any time, a synthetically made metal which could not be told from the gold now in Fort Knox. If so, other nations would also have the formula.

(6) A great epidemic ravaging the United States and other countries is an unexpected possibility. (7) Finally, let me add two other possible unexpected events, — namely, World War III with atomic weapons or total disarmament. Certainly, either of these would raise havoc with most of our investments. What should we do? Diversify, diversify, — and again I say, diversify.

## Brand a Bargain

AT YOUR CHEVY DEALER'S

### Truck Roundup!

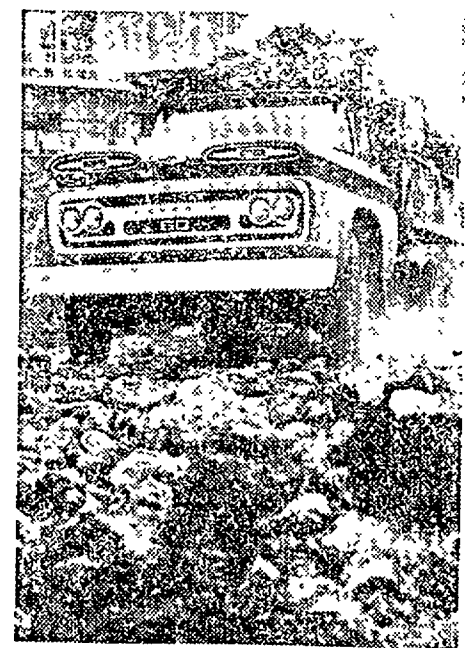

The famous Thriftmaster 6 does the saving as standard equipment in this Fleetside model. For V8 power, you can choose the Trademaster V8, optional at extra cost.

Here to talk up Chevy's big savings roundup is Western star Roy Rogers! "They tell me it's the best time of all to put your hand on a hard-working, easy-riding I.F.S. truck. You'll find a full corral to pick from—each built and priced to save you plenty."

☑ Roy's laying it right on the line, letting you in on the best time to buy and the best place to save! That goes for whatever model you need, too... from pickups to tandems. And with Chevy's I.F.S. (Independent Front Suspension) soaking up road shock and vibration, your Chevrolet stays young, protects the load better, works faster. You make more money. And who can offer you anything better than that? Just see your dealer—soon.

**CHEVROLET LES TRUCKS**

Chevy's hefty 261-cu.-in. Jobmaster 6 is a big reason for the outstanding popularity Series 60 middleweights.
