

School to Conduct Classes for Retarded

Donald B. Lawrence
Re-elected, 129-3

Only 132 Cast Votes

School district voters stayed away from the polls Monday in record droves.

More than 3,000 didn't bother to vote.

But 132 did — for a turnout of about four per cent, a new low for the past two decades.

Incumbent Donald B. Lawrence, running unopposed, received 129 votes. Three write-in ballots were cast for Wilson Tyler, a candidate for the school board last year.

Proposition A passed 122 Yes to five No votes.

This permits the school board to use monies collected for the 1949 bond issue, retired ahead of schedule, towards the retirement of the 1957 bond issue. Funds for the 1949 issue have been on deposit and could not be used without permission of the voters.

Lawrence won another election Monday.

At the regular school board meeting in the evening he was re-elected board secretary.

All other board officers were also re-named to their present posts.

They are: Robert Shafer, president; William Crump, vice president; and Dr. Waldo Johnson, treasurer.

Lights Out!

Fallen tree limbs on wires at Beal and Church streets caused a 52 minute interruption in electrical service in the Northville business district Wednesday morning at 8:15.

A Detroit Edison official reported 1500 customers were affected by the break.

Northville's public school system will have its own Type A Special Education program for mentally retarded students starting next fall.

Adopted by the board of education Monday night, the program represents a giant step in educational progress and marks the first time special education classes will be offered to mentally retarded children in the home school districts.

Record Vote Set in Close Novi Race

In sharp contrast to Northville's school board election Monday, Novi voters set a record by casting 763 ballots.

By a scant 18 votes they elected David Fried over incumbent Edward Erwin, 374 to 356.

They soundly defeated a proposed \$6 per \$1,000 of assessed valuation hike for additional operating funds, 565 to 160. Fried, an attorney, will not take office until after July 1. A reorganization of the board's officers is expected to take place with the election of Fried.

Backed by board members Dr. Walter Ambinder and John MacBride, Fried is expected to swing the power from Erwin's backers, President A. J. Heslip and Secretary Russell Taylor.

A resident of Willowbrook subdivision, Fried has lived in Novi for five years and recently chaired a citizens' committee studying the future needs of the school district. The group recommended construction of a junior high school by 1965 to handle the overflow of Novi ninth graders entering Northville.

Honor Teachers

The traditional "Teacher of the Year" award was given to Roy Pederson at last Friday's Honors Convocation, at the high school.

Attorney Clifford Hill presented the plaque to Pederson on behalf of a local businessmen's informal luncheon group of which he is a member. Hill also presented corsages to teachers Mrs. Florence Schermerhorn and Mrs. Violet Bradford for their work during the year.

Pederson teaches art in the schools, while Mrs. Schermerhorn is a kindergarten teacher at the Amerman school, and Mrs. Bradford is a counselor and Latin teacher at the high school.

Summer Exchange Sends NHS Students to Europe

Two Northville High school students leave tomorrow for a summer in Europe sponsored by the Michigan Council of Churches Student Exchange program.

Donna Lien will spend the summer with a Honnauf, German family, while Eddie Beard will live with a family in Madrid, Spain.

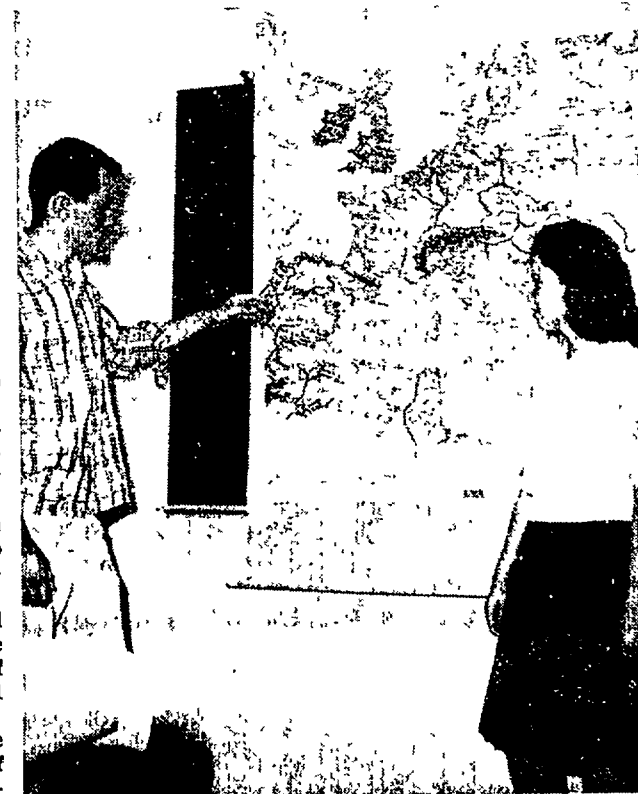

They're due back in the states late in August, and will start senior year studies at the high school in September.

Although both expect to go to school while in Europe, the exchange is primarily a cultural program designed to acquaint peoples of one country with those of another.

Eddie Beard, who has taken two years of Spanish, plans to study at the University of Madrid.

Donna's parents are Mr. and Mrs. George Lien, 46100 Twelve Mile road. Eddie is the son of Mr. and Mrs. Paul Beard, 41261 Eight Mile road.

The summer exchange is one facet in the Michigan Council of Churches "Youth for Understanding" program. Carol Jones, daughter of Mr. and Mrs. Al Jones of Horton street, leaves June 29 for a South American singing tour with the Michigan Chorale, a group of high school singers also sponsored by the council.

OFF TO EUROPE — Madrid, Spain, that's where Eddie Beard (left) will spend the summer living with a Spanish family. He locates the city on the map for Northville high school classmate Donna Lien who leaves Friday for a summer-long stay in Honnauf, Germany. Both trips are under the auspices of the Michigan Council of Churches Student Exchange program.

State Health Department Order Slaps Ban on All Local Building

22 Communities Hit; Sewer Need Cited

All construction in Northville and 21 other Wayne county communities was brought to an absolute halt this week by Dr. Albert E. Heustis, state health commissioner.

The action was termed necessary to "protect the public health."

In a letter dated June 9 and mailed to 22 communities the health commissioner specifically ordered each community to be serviced by the proposed improvement and extension of the Wayne county metropolitan sewerage and sewage disposal system to:

"Stop further overloading of the present system caused either by construction of any additional sewers or by service connections to existing sewers except where building permits have been issued by the community prior to this date."

Dr. Heustis told The Record Tuesday that the failure of the communities to reach an agreement on the proposed sewer project prompted the new ban. He said that it will be lifted only when bids are let and contracts signed for construction of the new sewers (see Speaking for the Record, page 14).

This means that all communities must agree to the county project and sign contracts, bonds must be sold and, finally, bids awarded following proper advertising.

If everything moved at top speed, it is estimated that it would take three months to complete this procedure and lift the ban.

The new health department order comes two years after a ban was placed on construction of new lateral sewers within the communities involved. This virtually stopped development of any new subdivisions not already platted and approved for construction.

The latest order is completely paralyzing, however.

Whereas under the old ban only brand new developments requiring extension of sewer service were outlawed, now all building — even single dwelling units on lots in any part of the community requiring only a tap into the existing sewer — must stop.

The only exception is where building permits have already been issued.

A check of permits issued in the city reveals a number of projects where application for permits has already been made. These include the new Kroger building on Dunlap street.

Coincidentally, Northville's city council met Monday night with George Bingham, county department of public works official, to iron out final details of the sewer project as it applies to Northville.

It's Bingham's job to get each community to agree to the sewer project plan.

After discussing financing and the city's allocation under the proposed sewer extension Bingham was assured that the local council would adopt a resolution of approval at its regular meeting Monday evening.

The project will cost Northville a maximum of \$147,000. This will be spread over 40 years at an estimated 4 1/2 per cent interest making the city's annual payments about \$8,000.

This is based on an allocation equivalent to a population of 9,000, considered the city's ultimate population.

Bingham explained that the project cost could be reduced by contractors' bids coming in lower than estimates, a lower interest rate, or the possibility of federal aid. He said there was a chance that federal assistance totalling \$2,400,000 would be granted, lowering the cost to individual communities proportionately. Cost of the entire project is \$18,000,000.

The sewer serving Northville will parallel the present Middle Rouge interceptor starting at Plymouth and continuing to the Detroit disposal plant.

Presumably, the council will learn officially Monday night of the newest ban. Just what city officials can do is unclear.

Dr. Heustis stated Tuesday that "the law is very clear" giving his department authority to enforce the order.

Communities in addition to Northville notified of the ban by the state health department are Allen Park, Ecorse, Flat Rock, Garden City, Gibraltar, Inkster, Lincoln Park, Livonia, Plymouth, River Rouge, Riverview, Romulus township, South Gate, Trenton, Wayne, Wyandotte, and Nankin, Plymouth, Redford, Taylor and Dearborn townships.

Present Concert

The Harmony and Carol Chorus of the First Methodist church will present a concert at 3:30 p.m. Sunday at the church. Arthur E. Pipok will direct and Sam Chezman will accompany. Refreshments will follow in the fellowship hall.

WHOOPEE — No explanation is needed for this picture. The expressions on the faces of these Main street elementary school children tell the story: school's out for another year!

Public schools closed Wednesday. Senior commencement exercises will be held tonight at the high school gymnasium.

Con-Con Candidates Listed for Primary

Northville city and township voters will have a host of hopeful constitutional convention delegates to choose from in the July 25 primary.

Registration of voters is taking place at both township and city offices up to and including June 26.

Running in the 18th senatorial district are:

Republicans — Paul Chandler, Plymouth and Weldon O. Yeager, Detroit.

Democrats — Ruth M. Coon, Redford Township; George F. Montgomery, Detroit; and Raymond L. Schlager, Detroit.

In the 21st state legislative district:

Republicans — Chester C. Beadle, Detroit; Anna M. Conklin, Livonia; Virginia M. Crawford, Detroit; A. Thomas Gast, Livonia; Eugene W. Dutton, Detroit; Randall C. Kohler, Detroit; and Archie H. Staebler, Detroit.

Democrats — George M. Bennett, Northville Township; James W. Boswell, Livonia; Daniel J. Crowley, Redford Township; John A. DeMoss, Redford Township; Patrick J. Dugan, Livonia; Sidney Fletcher, Livonia; William J. Hahn, Livonia; David L. Jones, Livonia; Donald H. Murch, Livonia; David J. Trombley, Redford Township; Dorothy M. Williams, Belleville; and Frank J. Zalewski, Redford Township.

In Oakland County, running in the senatorial district are Democrat William A. O'Brien, an attorney from Clawson, and Republican George Romney, an automobile manufacturer from Bloomfield Hills.

In the fourth state legislative district which includes that part of Northville city above Eight Mile road:

Republicans — J. William Roberts, Farmington and Richard C. Van Dusen, of Southfield Township.

Democrats — Joseph S. Asherson, Oak Park; Judson C. Geoltra, of Farmington; Ashley Gorman, of Southfield; David Kaufman, of Southfield; Thomas G. Cavanagh, of Beverly Hills.

He's Back

Northville Police Sergeant Frank Heintz is back on the job today after a week's absence.

Heintz wrenched his ankle last week while repairing the roof on his home.

Shopping Center At City Limits?

The prospect of a shopping center on the edge of Northville's city limits came to light this week with a request for rezoning 24 acres of land in the Novi village on Novi road near Eight Mile.

The parcel is bounded by Novi road on the west, the C & O railroad on the east and its southern boundary is in a direct line with the Northville city limits just across Novi road.

A public hearing to consider the rezoning has been called for October with 144 delegates, one from each senatorial and legislative district.

For more about con-con from an expert's point of view, turn to page nine of today's Record. Development company, owned time serving all of Novi.

Promoters of the project said that the desirability of the property lies in its proximity to the Pacific Northville while at the same time serving all of Novi.

MAKE WAY FOR KROGER'S — Only a hole remains at 135 East Dunlap where the two-story residence (inset) once stood. It's been moved around the corner to 249 Hutton where it will be remodeled and rented. Owners of the house are Mr. and Mrs. Donald Ware, who sold the Dunlap street property to the Kroger company for its new supermarket scheduled for construction this summer.

Giannine Bertoni, Donald Perigo Exchange Marriage Vows at OLV

An altar flamed in white stock and Fuji mums provided the setting Saturday for the noon nuptial ceremony uniting Giannine Diane Bertoni and Donald James Perigo at Our Lady of Victory church.

The Reverend Father John Wittstock officiated at the exchange of vows.

Parents of the bride are Mr. and Mrs. Andrew A. Bertoni, 40640 Eight Mile road. The bridegroom is the son of Mr. and Mrs. William J. Perigo, 7 Heatheridge, Ann Arbor.

Mr. Bertoni escorted his daughter up the aisle which was decorated with new bouquets of Fuji mums and fern.

Mary Welter-troom of Northville played organ music.

For her wedding the bride chose a floor-length gown of handclipped rosepoint lace over tulle with a taffeta underskirt. The short-sleeved dress was styled with a fitted bodice and a sequin and pearl trimmed scoop neckline. Its taffeta cummerbund extended around the waist into a butterfly bow at the back and fell into a chapel train. A sequin and pearl crown held the bride's fingertip veil.

She carried a cascading bouquet of white carnations, Fuji mums and Stephanotis centered with a white Calluna orchid corsage.

Bridal attendants included Maid of Honor Connie Bertoni, the bride's sister, Donna Jackson, Detroit; Marybeth Perigo, sister of the groom, Ann Arbor; and Karen Royce, Ann Arbor.

They wore pale blue silk sheaths, each with a modified pouf in front, and carried dark orchid cascading bouquets. Orchid carnations and Fuji mums were used in the maid of honor's bouquet, while dark orchid carnation centers in the brides' train, were a white lace over mums' flowers were circled avocado green silk dress. Mrs.

Mrs. Donald James Perigo

with lighter orchid cascades of Fuji mums.

His brother-in-law, Gerald Conser, of Port Huron, was the bridegroom's best man.

Alfred Pugno, Jr., Fremont; Steve Heald, Ann Arbor; Lyle McAuley, Kalamazoo; and John Bertoni, Northville, ushered guests.

The bride changed to a wine-colored linen suit, white pillbox hat and white accessories for the wedding trip to Upper Michigan.

Perigo chose a champagne silk dress. Both wore white, lavender-lipped orchids.

After the wedding, the Bertonis opened their home to a luncheon reception for some 300 guests from Ann Arbor, Northville, Lansing, Detroit, Illinois and Florida.

The groom's sister, Mrs. Gerald Conser, Mrs. William Sauer and Mrs. Richard Lyon, groomed; Mrs. Carroll Bennick took charge of the guest book.

The bride completed undergraduate studies at Central Michigan university this month. She was affiliated with Zeta Tau Alpha sorority.

When they return, the newlyweds will live at 1555 Barrington, Ann Arbor, for the summer while Mr. Perigo, a 1960 graduate of Western Michigan university, continues study towards his master's degree. The couple will move to Fremont in the fall where both will teach in the Fremont school system. Mr. Perigo also coaches.

In Town Hall Series

Area Figures Will Present Lecturers

With ticket sales for the 1961-62 Northville Town Hall series well under way, the committee has begun selecting well known local persons to introduce speakers in the lecture series.

Dr. W. L. Howard, superintendent of Maybury sanatorium, will introduce Anthony Wedgewood Benn, and Judge James A. Sexton of Plymouth will introduce Ian Ross MacFarlane. Gerald V. Harrison, Farmington superintendent of schools will introduce the opening speaker, John Mason Brown. Introductory speakers for Bennett Cerf and Madame Gnetie Spanier have not yet been selected.

Of the five lecturers to be presented in the 11 a. m. series at the P & A theatre in Northville, Bennett Cerf is probably the most widely known. His appearances on television's "What's My Line", his daily newspaper feature "Try and Stop Me" and his contributions to "This Week" magazine have made him a nationally known wit and humorist. Cerf is also known for his activities as president of the Random House publishing firm and is a primary member of the Modern Library series. Cerf will appear at the April 3, 1962 meeting.

In another sphere, Ian Ross MacFarlane, who will appear January 17, 1962, offers a timely program on African affairs. MacFarlane, a seasoned foreign correspondent and Mutual Broadcasting company news commentator, has interviewed military and political figures in all parts of the world. He was present at the establishment of the nation of Ghana in 1957 and as a close acquaintance of President Nkrumah has often visited this new and important African nation.

P-TA Aims Round-Up At Parents

Parents of next fall's kindergartners are the object of Northville Parent-Teacher association's annual Summer Round-Up scheduled to get underway before long.

Mrs. Donald Nicholson heads a P-TA committee composed of Mrs. Dean Busch, Mrs. Ernest Lusk, Mrs. Richard Ritchie and Mrs. Roger Soucy.

The assignment these women face is to contact all parents of children who expect to enter kindergarten next fall, reminding them that their youngsters must have medical and dental check-ups before school starts in September.

Between 130 and 150 children are expected to start kindergarten here next year.

Schools Empty; Cookie Jars, Too

Well, Moms, by next week your cookie jars should begin to feel the full brunt of summer vacation.

Up to now cookie batches have been dipped into for lunches and for after school snacks, but with classes over, cookies and other between meal treats will start disappearing even faster than a pitcher of lemonade on a 90 degree afternoon.

Mrs. E. William Lepper, 45429 Galway drive, has volunteered three recipes this week to help you replenish the cookie supply, fill the cake carrier or dish up a cool salad.

PEANUT BUTTER COOKIES

Mrs. E. William Lepper

1 cup brown sugar
1 cup white sugar
1/4 cup shortening
1 t. salt
1 t. vanilla
2 eggs
1 cup crunchy peanut butter

3 cups flour
1 t. soda
Cream butter and sugar; add eggs. Add peanut butter and vanilla. Sift flour with salt and soda and add a little at a time to first mixture. Roll into balls the size of a walnut. Place on ungreased cookie sheet and flatten into shape with a fork dipped in flour. Bake at 400 degrees for 12-15 minutes. Yield about 8 dozen cookies.

TOMATO SOUP SPICE CAKE

3 cups sifted all-purpose flour
1 t. baking powder
1 t. cinnamon
1 t. nutmeg
1 t. cloves
1/4 cup shortening
1/4 cups sugar
2 eggs
1 11-ounce can condensed cream of tomato soup
1/4 cup water
1 t. baking soda

1/4 cup seedless raisins

Sift together flour, baking powder, cinnamon, cloves and nutmeg. Cream shortening and sugar thoroughly. Add eggs, one at a time, beating well after each addition. Combine soup, water and soda. Add soup mixture and sifted dry ingredients alternately, stirring after each addition. Add raisins. Pour into a square, greased pan (9x9x2). Bake in a moderate oven (350 degrees) for 50-55 minutes. When cool frost with cream cheese icing.

CREAM CHEESE FROSTING

1 3-ounce package cream cheese
1 1/2 cups confectioners sugar
1/2 t. butter or margarine, softened
1/2 t. vanilla

Beat cream cheese with

rotary beater until smooth. Add sugar and continue beating until well blended. Add butter and vanilla. Blend well.

FRUIT-MALLOW SALAD

2 cups drained, crushed pineapple
1 lb. finely cut marshmallows
1 lb. California grapes, quartered

1 cup finely chopped pecans

DRESSING

1/4 t. mustard
4 egg yolks, beaten
juice of one lemon
1 pt. whipping cream
Combine mustard, beaten egg yolks and juice. Cook until thick. When cool, fold in one pint whipping cream, whipped.

Pour dressing over fruit and blend well. Chill 24 hours.

Overseas Study in Store For Albion College Student

Elsa Couse, daughter of Mr. and Mrs. Walter Couse, 45875 West Seven Mile, is London-bound.

At noon today she and 15 other Albion college students flew out of O'Hare airport in Chicago to initiate an Overseas Study program conducted under Albion auspices and arranged in collaboration with the Institute of European Studies.

Included in the overseas itinerary are stops in Berlin, Vienna, Athens, Rome and Florence. In each city lectures will be given on the city's history and importance, and visits will be made to its art museums and places of historic interest.

From Florence, Italy, the travelers will hop over to Neuchatel, Switzerland, where they will study intensively for a five-week period at the University of Neuchatel. Students with German backgrounds will live with German families, while those with French backgrounds will live with French-speaking families. Others will live in pensions.

Students on the tour can earn as much as six hours credit toward their college degrees during the program. They are being accompanied by an Albion professor and his wife and son.

After study in Neuchatel, members of the overseas program will have more than two weeks for individual travel. They plan to meet in London August 30 to fly back to Chicago the next day.

Miss Couse, who begins senior studies at Albion in the fall, has been preparing for this European study throughout the past school year. She and the other students took an orientation program on the history, political backgrounds, current popular philosophies, art and architecture of the countries they are scheduled to visit.

Democratic Clubs Slate Picnic Sunday

Northville and Plymouth Democratic clubs will hold a joint picnic Sunday, June 18 from 12 noon through the afternoon at Gansolly Mills Park area on Hines drive just south of the Plymouth road overpass.

All families of members and their friends are cordially welcome. They are to bring a passing dish and their own table service.

There will be games and free hot dogs and pop for children. Concomitant considerations will be one theme of conversation. Mrs. Ed Cassel, FI 9-0380, has further information.

Births

A daughter, Terri Jane, weighing seven pounds, 15 1/2 ounces, was born June 6 to Mr. and Mrs. Robert E. Scheffer of Utica.

Mrs. Scheffer is the former Gayle Blackburn, daughter of the John Blackburns, 456 Orchard. Grandparents in Warren are Mr. and Mrs. Raymond E. Scheffer.

Mr. and Mrs. Marvin Stayman, 39940 Twelve Mile road, announce the birth of a son, Joseph Marvin, on Sunday, June 4 at Woman's hospital in Detroit. The Stayman's third child he weighed 9 pounds, two ounces.

Mr. and Mrs. Robert Slentz, 607 Horton street, announce the birth of a son, Michael Edward, on May 16 at Sinai hospital in Detroit. He weighed seven pounds, one ounce.

Mrs. Slentz is the former Nancy Kelly of Plymouth. Mr. and Mrs. Ted Slentz, Novi, and Mrs. Velda Kelly, Plymouth, are grandparents.

DOCTOR MEETS NURSE — Doctor F. F. Ishac and his wife, Nancy, a nurse, are newcomers living at 39633 Seven Mile road. Their daughter, Carmen, is celebrating her two-month birthday today.

Doctor from Cairo, Egypt, comes to America. While intern at Cincinnati, Ohio, hospital, he meets and marries a nurse.

Sounds almost like the plot line from a storybook romance. And with just a few minor revisions, it just about describes how Dr. F. F. (they call him Fred) Ishac and his wife, Nancy, got together.

The couple came here from

Cincinnati last July when Dr. Ishac started work as a resident psychiatrist at Northville State hospital. They lived on Horton street until February when they moved to their present home at 39633 Seven Mile road.

Two months ago a third member was added to the Ishac family. Their daughter, Carmen, is two-months-old today.

Dr. Ishac hails from Egypt. He studied medicine at Cairo university and was graduated in 1937. Following a year of private practice there, he came to the states and was an intern at Good Samaritan hospital in Cincinnati when he met his wife who was graduated from Good Samaritan's School of Nursing. She's from Hamilton, Ohio.

The newcomers, besides liking to travel, enjoy boating and fishing.

A compatible dog and cat — "Tippy" and "Fluffy" — are the family pets.

ENGAGED

Mr. and Mrs. Stanley D. Travis of Canton Center road, Plymouth, announce the engagement of their daughter, Mary, to J. Charles Dickinson, Jr., son of Mr. and Mrs. R. D. Taylor, 333 Yerkes. Miss Travis is a 1960 graduate of Plymouth high school. The prospective bridegroom is a graduate of Eastern Michigan university and teaches in Farmington. No wedding date has been set.

DEADLINE - NOON TUESDAY

1-Card of Thanks

Many thanks to my neighbors and friends for the cards and flowers sent to me while in the hospital.

John Mason
H24p

We wish to thank the Community General Hospital and their staff, Dr. Ketten, Dr. Dyer, Mr. and Mrs. James Ledford, Casterline Funeral Home and our many friends and relatives for their services and kindnesses during our recent bereavement due to the loss of our father.

Mr. & Mrs. Harvey M. Hodge

Many thanks to everyone for their prayers, flowers, cards, well wishes and visits while I was a patient in St. Mary's hospital in Livonia. They were deeply appreciated.

BUSINESS IS ROTTEN
You hear it all around. But I have sold 3 homes and 2 lots in the 6 weeks I have been back. Hope it stays "rotten" like this all summer.

Remember - "Buy when everybody wants to sell" is as true today as when this saying first started. Are YOU missing the boat on substantial opportunities to buy on a "BUYERS" market?

Better check
At 400 Ely Dr. - A tri-level - a dream of a home in a fine area.

At 744 Spring Dr. - Luxurious living, low maintenance, high satisfaction.

At 542 Fairbrook - An elegant home, complete on 1st floor or already finished with 2 more nice bedrooms and sewing room on 2nd floor for an increasing family.

At 52475 W. 9 Mi. Rd. - a roomy alum. sid. reh. on more than an acre flanked by pretty pines. Truly an outdoor lover's paradise.

At 304 W. Dunlap - close to everything and chock full of various possibilities in addition to nice living.

And again remember - this IS a BUYERS market. Our offerings are priced accordingly, some on nice F.I.A. terms and others on low dn. paymt. & E-Z mo. payments on land contracts.

led the firing squad.

At the scout meeting of May 31 troop No. 54 began plans for the anniversary hike on the Pontiac Trail scheduled for June 18 and a camp out for the scouts who sold their quota during the troop fertilizer sale. A tenderfoot investiture ceremony was performed and Bruce Brooker, David Repppey, John Tymensky and Delbert Ortwin were presented their tenderfoot badge and troop neckerchief and officially welcomed into the troop. Mr. and Mrs. Kenneth Brooker and Mr. John Tymensky were present to see their sons presented their awards. Merit badges for firemanship were presented to Robert LaFond and Dennis Paquette.

Girl Scout News
Intermediate Troop No. 602 held its last meeting at the home of their leader Mrs. Mac Gillivray. Most of these girls will be going into the Senior troop next year. They had a cookout and had Indian war drums, tossed salad and some-ones, also ice cream and fizzes. Their leader baked them a special cake because so many of them were graduating. Each received a gift.

Intermediate Troop No. 149 held a flag ceremony followed by Court of Awards. They had a party at their last meeting with ice cream, cup cakes and punch.

Novi School News
The mothers of children in Mrs. Crane's third grade planned a surprise party for Mrs. Crane on her retirement last Wednesday. Cake and punch were served and Mrs. Crane was presented with a gift.

The lower grades in Novi school all had parties on the last day of school last Wednesday, June 7.

Novi Boy Scout Troop 54
The following scouts recently completed the Red Cross first aid course held at Novi school: Keith Crawford, John Tymensky, Robert LaFond, Rick Dryer, Dennis Paquette, David Spisak and Billy Spisak. Also completing the course were Mr. and Mrs. Charles Totton, Mrs. John Tymensky and Mr. and Mrs. Henry Kriedeman.

The scout uniform exchange is working out nicely. If you have a scout uniform you would like to sell or give to troop No. 54 or if your son is in scouts and you would like to have a uniform for him please contact Mrs. Kriedeman GR 4-5513.

Representing troop No. 54 at the Scout-O-Rama at Walled Lake high school this year was Dennis Paquette presenting his magic show. Assisting Dennis was Robert LaFond. Mr. William Paquette assisted the stage manager during the entire show and daughter, Janice Paquette was busy handling the microphone. On the school grounds many troops displayed camping skills along with a group of men from Ottawa district headquarters. Among them was Novi's own Dan Spisak sporting a new scout summer uniform.

Official Notice of Sale
\$55,000.00
NOVI COMMUNITY SCHOOL DISTRICT, OAKLAND COUNTY, MICHIGAN
NOTES

Scaled bids for the purchase of tax anticipation notes of Novi Community School District, Oakland County, Michigan, of the par value of \$55,000.00 will be received by the undersigned at 41900 Quince Drive, Novi, Michigan until 8:00 o'clock, p.m., Eastern Standard Time, on the 21st day of June, 1961, at which time and place they will be publicly opened and read.

The notes will be dated June 1, 1961, will mature April 1, 1962 and will bear interest at a rate or rates not exceeding 4% per annum. Both principal and interest will be payable at 19000 Quince Drive, Novi, Michigan. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

Said note or notes shall be subject to redemption prior to maturity in inverse numerical order at Park and accrued interest on the first day of any month prior to maturity thereof, upon fifteen (15) days' notice served upon the holder or holders thereof, or published in a newspaper or publication circulated in the State of Michigan, which carries as a part of its regular service notices of the sale of municipal bonds.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from July 1, 1961 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Board of Education. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the Operating Tax due and payable December 1, 1961.

Envelopes containing the bids should be plainly marked "Proposal for Notes".

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of Novi Community School District must accompany each bid as a guarantee of good faith on the part of the bidder. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at 41900 Quince Drive, Novi, Michigan.

The right is reserved to reject any and all bids.

A Busy Summer in Store Rec Program Begins

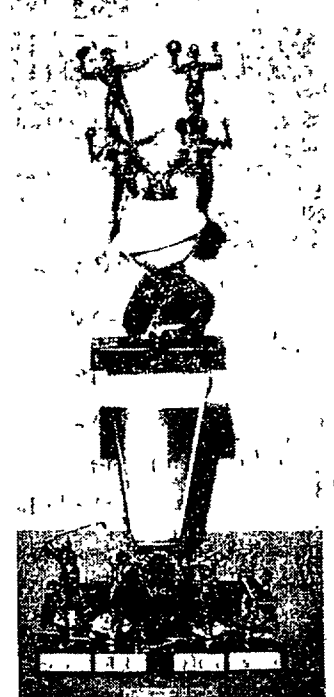

The full slate of recreation activities was announced by Director Ken Conley this week. It includes everything from knothole baseball to day camps to a pet and doll show.

A feature of the program that those from 10 years to 100 years can participate in is the physical fitness program. Each morning at 8:30 and for a half hour, mass calisthenics and fitness drills will be held at Ford Field.

Following the exercises, various running and standing events will be held for those not scheduled for some other activity. A Junior Olympic Field Day will climax the local program with the winners taking part in the Metropolitan Detroit Olympics.

Registration begins this morning in the scout hall from 8 a.m. to 12 noon and continues daily Monday through Saturday thereafter.

By the various activities,

The Wayne-Oakland League All-Sports Trophy

NHS Wins All-Sports Trophy

Northville won the Wayne-Oakland League All-Sports trophy this year with a rousing finish in its spring sports.

Winding up with 73 points, the Mustangs closest competition came from Milford with 61 and Bloomfield Hills with 60. Holly, which led after the basketball season, had 46 points for fifth place.

Northville tied for second in football, was third in cross country, tied for second in basketball, second in baseball, second in track, third in golf and first in tennis.

Other school totals were: Clarkson, 50, fourth; West Bloomfield, 43½, sixth; Brighton, 34½, seventh and Clarenceville, 28, eighth.

The points are awarded according to finishes in the major sports (football, basketball, track and baseball) and minor sports (cross country, golf and tennis). In a major sport, 16 points are awarded for a first place finish down to two for eighth. In a minor sport, it's eight points for first down to one for last.

This was the first year for the trophy. It will be maintained on a revolving basis with the winning school keeping it until another school wins it.

here is what will be happening this summer on Northville's recreational scene:

SWIMMING — Starts Monday. Buses leave from Groome's Beach, Whitmore Lake Monday through Friday at 12:45 p.m. behind the Main Street Elementary school. There is a charge of 25 cents per day.

KNOTHOLE BASEBALL — Practices will be held at 9 a.m. Monday, Wednesday and Friday on diamond two in Cass Benton Park. No practice will be held this Saturday. Shirts and schedules will be distributed at the Friday practice upon payment of a 75 cent insurance fee. Starting June 26 through August 11, games will be played every Monday, Wednesday and Friday morning.

KNOTHOLE SOFTBALL — Practice will be held at 9 a.m. Tuesday and Thursday on the diamond near the foot of First street. Shirts and schedules distributed at the Thursday practice. Starting July 27 through August 3, games will be played on Tuesday and Thursday mornings.

DAY CAMP — For children 5 to 12 years, it opens Monday, June 26 and runs through August 11. The camp's hours will be 9 a.m. to 11:45 a.m. Monday through Friday. The program will include arts and crafts and games. A small charge is made for some materials.

TENNIS — Instructions begin June 30 for boys and every Friday thereafter from 10 a.m. to 11:45 a.m. and for girls on Monday, June 26 and every Monday and Wednesday thereafter from

9:45 a.m. to 11:45 a.m. Instructions are given on the Cass Benton courts.

ARCHERY — Starts June 30, and each Friday thereafter at Ford Field. For Boys and girls ages 5 to 11, from 9 a.m. to 10:15 a.m. and for boys and girls ages 12 and over, from 10:30 a.m. to 11:45 a.m.

GOLF — Beginning Friday and each Friday thereafter, instruction for boys and girls 12 years and up from 10:30 a.m. to 11:45 a.m.

CANOEING — Boys and girls 12 years and over meet at the scout hall on Dunlap street every Tuesday and Thursday beginning June 27. Program will be climaxed by an overnight trip on the Au Sable river.

ZOO TRIPS — Three trips to the Detroit Zoo will take place on Thursday, June 29, Wednesday, July 12 and Monday, July 24. Buses will load at 9 a.m. behind the Main Street Elementary school. A charge of 25 cents is made to cover the chump show and train rides. Children must bring a lunch or money for a lunch. Children five years and under must be accompanied by an adult.

TIGER TRIPS — Two trips to Tiger Stadium in Detroit to see major league baseball will be announced later.

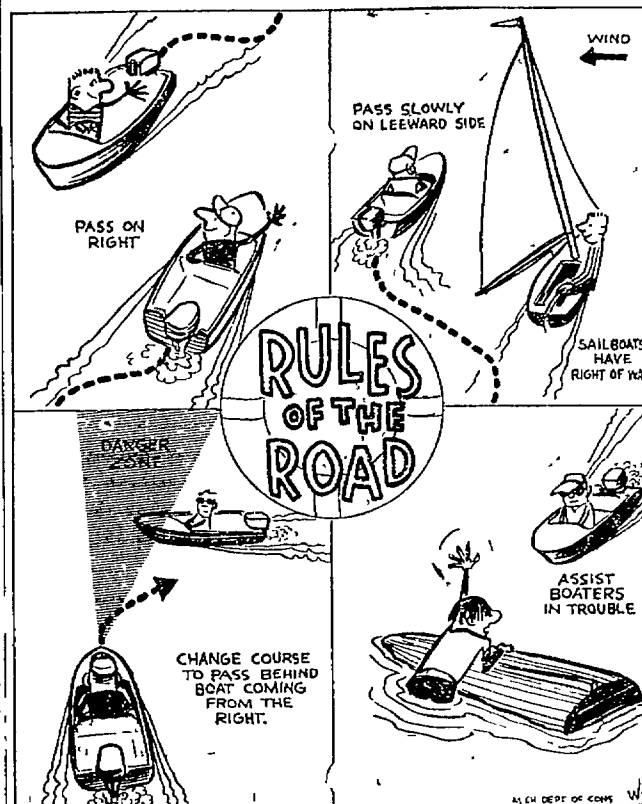

TURTLE RACE — The annual turtle race will take place on Thursday, July 30, at 10 a.m. behind the city hall.

PET AND DOLL SHOW — This will occur Friday, August 11 at 6 p.m. behind the city

hall. Categories announced later and under) and Class E (15 years and under) play on the big diamond while Class F (13 years and under) play on diamond two. The Class F teams take part in the Livonia little league. The Women's Inter-City softball league plays some home games at 6 p.m. on diamond two at Cass Benton park.

WATER CARNIVAL This will be on Wednesday, August 16, at Groome's Beach. Details later.

Baseball games are played almost every evening at Cass Benton park Class D (18 years School.

Now hear this, boaters: All hands on deck for a few simple, basic Rules of the Road in addition to those shown above. When overtaking another boat you must keep clear of the craft you're passing. Boats coming out of slips into open water, or leaving berths at piers and wharves, have no rights until they are entirely clear. Fishing boats have right of way whether they are anchored or underway with nets, lines or trawls out. Take it easy when passing a fishing party. Under Michigan law, water skiing, water sledding, and surfboarding by boat are prohibited from one hour after sunset to one hour before sunrise. Open last reminder before showing off. Written rules give you certain rights, but don't insist upon them when it will lead to confusion or possibly an accident. Always respect the rights of other boaters to the hilt and be ready to give in a little on yours for the sake of safety.

Get Set, Anglers! It's Bass Season

Michigan anglers can stop wishing and start fishing for large and smallmouths come June 17, opener of this year's bass season which runs through September 10 on trout lakes and streams and December 31 the Great Lakes.

Except in several experimental lakes regulated by the Conservation Department for research purposes, the minimum size limit remains at 10 inches for these fighting fish. The daily catch quota is still five, singly or combined.

Fishermen will find no change in license fees. Residents must have an annual \$2 license to fish on inland lakes and streams. They need only the right gear, bait, and know-how for bass fishing in the Great Lakes and their connecting waters.

Nonresidents are required to have a license for bass fishing in all Michigan waters. The annual fee for out-of-state fishermen is \$5 while the nonres-

ident 15-day license is \$4. A June 1 bass opener is in prospect for 1962, covering all waters except Lake St. Clair, the St. Clair river, and Detroit river. It was approved in a bill passed recently by the legislature which pends final action by Governor Swainson.

Rexall Drugs Have Hard Time Winning

Rexall Drugs, which is having such a hard time winning a ballgame in the Novi Little League, just about won their first one last week but another obstacle got in their way.

Their contest with the Earthmovers, tied 7-7, was finally called because of darkness. Meanwhile, they lost two more games, to the Earthmovers, 4-2, and to Paragon, 8-7. National Bank of Detroit defeated Paragon, 8-1, in other action.

Dave Longridge Named Varsity Basketball Coach

There will be four new faces in the Northville coaching lineup next fall, but the big change comes in the varsity basketball post.

Dave Longridge, wrestling coach last fall, will assume the reins from Dutch Vaningen who takes over as junior high principal in September.

And Longridge will be filling some pretty comfortable shoes. Only Tom Schwartz will be missing from the starting five when Longridge blows the whistle for the first practice.

Center Danny Brown, Steve Juday, Craig Bell and Dick Bathey will all be back. They were the nucleus of last winter's team which finished second behind Holly in the Wayne-Oakland League and then won two stirring games from South Lyon and Milford to take the Class B District crown.

And there is plenty of eager help on the bench and the reserve team to support these first-liners.

Longridge's appointment was announced this week by

Braves Win 2 Games

The Braves used some lusty hitting to win one game this week and tight pitching to take another as they boosted their won-lost record to 5-2.

Rex Fackler had a single, triple and home run to pace the Braves' win over the Brusters last Tuesday, 11-6. His homer with two on broke up a 4-4 tie in the fifth inning.

Three pitchers worked the mound — Tom Pruett, winner Keith Muller and Mike Hlohinec.

Glen Deibert hurled a fine game at the Jefferson Brusters, winning 5-4. Tom Froumelter's bases-loaded single was the winning margin.

The Orioles this week enjoyed as much success, stomping the Indians, 13-2. The second-stringers played a big role in this one. Billy Forsythe had two hits. Winning pitcher Mike Turnbull struck out five.

Monday night, the Orioles and Warriors played to a 2-2 deadlock, the game being called because of the time limit. Daley Hill and Jerry Imsland combined to drive in the tying run in the last inning. Imsland struck out 12.

Gets His Letter

PA SENT HIS PRAYERS

Some time ago I read an interesting story on prayer that I would like to pass on to my readers. A man who belonged to a church, had gotten into hard circumstances. Sickness, and other losses, had resulted in the family reaching the place of being almost destitute. The deacons of the church, somewhat concerned about the situation and at the suggestion of one of them, agreed to meet at the house of the brother, who was in need, for prayer. It was a cold night and now was lying on the ground. All but one of the deacons were present at the meeting. They had a season of prayer and were feeling rather self-righteous, when a knock sounded at the door. There stood the son of the country deacon, who had failed to appear. He said, "Pa couldn't come tonight but he sent his prayers." "Sent his prayers?" "Yes, I have them in the wagon." They went out and found the wagon loaded with food from the deacon's basement, along with flour, sugar, and other things. There is a lesson here for everyone. Let us not expect God to do what we, has already given us the ability to do for ourselves, and others. Let us not resort to prayer as a subterfuge.

Brownies Get Scout Status In Fly-Up

Twenty-two members of Brownie Troop 574 advanced to the rank of Girl Scout in a candlelight Fly-Up ceremony in the First Presbyterian church May 18.

The girls walked in pairs through a flower laden gate to accept their scout pins from leader Mrs. Bernard Baldwin and co-leader Mrs. Glen Cogdill.

Troop members taking part were: Judith Utley, Kristen E. Wistert, Rosemary Lee Van Fossen, Danette O. Toussaint, Peggy Wynne Tullikka, Paulette Lynn Stenzel, Nancy Secord, Janet M. Scott, Sandra Schwenemann, Terrie Rogers, C. Lynn Moore, Bonnie Lee McKinney, Nancy McDonough, Mary Lorenz, Meredith Hartt, Brenda Greer, Rebecca Sue Golze, Christy Lee Cogdill, Anna Choate, Suzanne Chabot, Sue Ellen Blough and Cynthia Baldwin.

Mrs. R. D. Lorenz, and Mrs. J. T. Choate served punch and cookies.

To celebrate their advancement in scouting the girls took an overnight camp trip to Plymouth lodge on May 27.

The four patrols cooked beef stew over fires they built and made lemon pudding cake for dessert. Later they pulled taffy and played charades.

Accompanying the scouts on the trip were Mrs. Archie Moore, Mrs. Walter VanFossen, Mrs. R. D. Lorenz, Mrs. Bernard Baldwin and Mrs. Glen Cogdill.

To Graduate 25 Nurses

For the past year, 25 psychiatric attendants at Northville State Hospital, 41001 Seven Mile, Northville, have been attending classes comprising 200 hours of basic training in nursing arts and elementary psychiatric nursing. This training, completed the middle of May, will be recognized in graduation ceremonies on June 16 in the hospital's Occupational Therapy auditorium. Friends and relatives are invited to the occasion.

"With the many advances in psychiatric care, it is imperative that all involved in the work of the health team, of which the attendant nurse is an important member, be cognizant of the aims of total patient care," commented Miss Evelyn Provitt, R.N., the hospital's Director of Inservice Education. Miss Provitt, formerly on the staff of the Massillon, Ohio, State Hospital, completed her B.S. in Nursing Education at Wayne State University in August, 1960, and joined the hospital staff last fall.

Miss Doris Haid, R.N., College of Nursing, Wayne State University, will be the speaker for the occasion.

G.A.L. INITIATES — Northville high school's Girls' Athletic League (G.A.L.) made its new initiates go through the paces last week in a pre-membership march from the high school campus to the center of town. The girls sang, danced and chanted in the course of their tour, nearly stopping mid-afternoon traffic.

Hospital To Honor 6 Doctors

A combined graduation and farewell party will be held on June 17th to honor six psychiatric residents at Northville State Hospital who are completing the three years of specialized training in psychiatry required by the American Board of Psychiatry and Neurology. Some of them are becoming hospital staff psychiatrists while others are entering private practice.

For approval by the American Board of Psychiatry and Neurology for this training, an institution must meet rigid standards which include adequate facilities, qualified teaching personnel, and adequate clinical materials. At the present time nine certified psychiatrists serve on the Northville hospital staff. In addition, instruction to the residents is provided by visiting lecturers, many of whom are faculty members of Wayne State University and the University of Michigan Medical schools.

The six doctors completing their training are: Sanford Bloomberg, M.D., Clemens E. Fitzgerald, M.D., Lawrence E. Jackson, M.D., Roman Migodzinski, M.D., Barbara A. Hardt, M.D., and Eleanor M. Woley, M.D.

Northville Scouts Win District Award

The Panther Patrol of Northville Troop 731 won a Proficiency Award at the Sunset District Boy Scout Camp-O-Ree held at Lower Huron Metro Park.

Over 1100 Scouts and leaders took part in the three day camping experience. Patrols were judged by troop leaders. The Panther Patrol under Patrol Leader Boots Gregersen was selected to receive this highest honor. Members of the patrol are Eddie Horsfall, Steve Lawrence, Darrell Holliman, Mike Utley, Steve Reed, and Clyde Vowel.

District Commissioner Robert E. Marshall said, "Scoutmaster Ray Gregersen should be given credit for training this patrol. The competition was tough. There were almost 900 boy scouts registered at this Camp-O-Ree."

Wins Honors

Among the 190 Ferris Institute students honored at the Third Annual Academic Honors Banquet held at the Dome Room of the Student Center here on May 31st was Joan Desarmeaux, 49910 12-Mile road, Novi, a student in the Commerce Division.

This recognition was merited for having maintained an exceptional honor-point average while carrying a full academic load.

Minutes of Northville City Council

A regular meeting of the Northville City Council was held at the City Hall Monday evening, June 5 at 8:00 p.m. Present: Mayor Allen, Councilmen Ambler, Canterbury, Carlson and Juday. Minutes of last regular meeting, of the Mayor's Exchange meeting and special meeting of June 1, 1961 were read and after one correction, were approved.

Bills amounting to \$18,080.72 from the General Fund, \$163,663.38 from the Other Government account and \$1,103.03 were presented for payment, and it was moved by Juday, seconded by Ambler, that these bills be allowed and paid. Carried.

Communication was read from the Northville public schools stating that as long as it is practicable and feasible they will permit pedestrian traffic across school property, either across the present right-of-way of West street, or over some other route, and they request that the City Council respect their agreement to vacate West St. and rely on the willingness of the school board to meet its obligations to the community and its neighbors. It was moved by Canterbury, supported by Juday, that the city attorney be instructed to re-advertise for a public hearing on the vacation of West St., hearing to be held July 17. Carried.

A petition was presented by Councilwoman Carlson, signed by residents of Fairbrook Ave. from First St. to So. Center St. requesting that no parking be allowed on either side of Fairbrook between these streets during the racing season. This petition was referred to the Police Dept. for recommendation. Councilman Juday requested that the intersections at Lake and Horton and Carpenter at Base Line be checked for visibility. He states, vision is obstructed to the north on Horton and to the east on Base Line. Police Dept. is instructed to check all corners in the city to ascertain where such a condition exists.

Councilman Canterbury hopes the committee on codification will start back to work on this project after a two-week recess. The adjourned hearing on regulation of necessity on sidewalks was resumed at this point, and a number of the property owners, who had been notified of the city's intention to install sidewalks adjacent to their property were again present. Property owners on the north side of W. Cady St. still feel there is no necessity for a sidewalk at this location. Property owners on East and Walnut Sts. were also heard, and after discussing the matter further at some length, it was moved by Canterbury, seconded by Carlson that the resolution Ogilvie covering this project be adopted. Carried.

A request was received from the Junior Chamber of Commerce for a contribution by the city to a July 4th celebration. Mgr. Robertson was directed to write this organization that the city is willing to contribute a limited amount, but would like to know first what their plans entail.

The report of the Library Study Committee was presented. It was their vote that library services be continued and expanded in the City of Northville under the Wayne County Library System. It was recommended that the present library be used for a definitely limited number of years and funds be accumulated for building a new library during this period; also that a library building be built by a private individual and leased to library administration. It was also recommended that the school district be the administrative unit, and that they levy a 1-mill tax for the purpose of supporting the library and revenue therefrom be designated as a "Library Fund," that this fund be kept in a separate bank account. That the library building be entirely separate physically from the school in both its administration and use, and that the school board appoint a permanent library committee to be responsible for its operation.

Mgr. Robertson was instructed to write letters to the members of the library study committee thanking them for their services, and discharging them from their duties.

A special meeting of the Northville City Council will be held Monday evening, June 12 for the purpose of going into the Interceptor sewer problem further and Mgr. Robertson was instructed to contact the Wayne Co. Board of Public Works asking that one of their members be present at this meeting to answer any questions that might be raised by the Council.

Mgr. Robertson read a letter from James Tiedm in which he requested that he be allowed to connect to the Northville city water system, as he has drilled 270 ft. for water and has had no success in finding any. It was moved by Carlson, supported by Ambler, that this request be denied. Carried.

The city clerk was instructed to send in reservations for Mayor, Allen, Councilman Juday and Councilwoman Carlson to attend the annual meeting for Mayors and Councilmen to be held in Ann Arbor June 14 at the Rackham building.

Moved by Allen, seconded by Canterbury, that the following resolution be adopted: "WHEREAS, the United States Postoffice Department is looking for a suitable site for the construction of a new post-office in the City of Northville, and

WHEREAS, The Northville City Council is desirous of expressing their thoughts on the location of a new Federal post-office,

NOW, THEREFORE, The Council for the City of Northville resolves that they go on record as favoring the site which is located at the southwest corner of So. Wing and W. Cady Sts. This street is across the street from a City public park which will form the focal point of a Community Civic Center area. This area already includes a community building, City hall and library, and the city is proposing to construct a recreation building and a new city hall facing this park."

The vote was unanimous for its adoption.

A petition was presented signed by 19 residents living on Pennell and Butler streets asking for the construction of curbs and gutters upon Pennell street and on Butler Street between Pennell and Griswold streets. They signified their willingness to pay 20% of the cost of making said improvements by special assessment. No action was taken on this petition.

There being no further business to come before the meeting, same was adjourned at 12:00 midnight.

Signed Mary Alexander, Clerk

Con-Con Important, Expert Says Contains State's Future Hopes

There is no single thing more politically important right now in the State of Michigan than the calling of the constitutional convention in October.

Within con-con is contained the "significance of the kind of State we are or hope to be" and for this reason, voters should elect delegates whose "controlling interest will be to make Michigan a good place to live, play and raise our children."

Thus spoke Alfred M. Pelham before the Novi Board of Commerce June 1 in the Novi Community building. Pelham is budget director for Wayne State university, coming there after holding a similar position for 19 years with Wayne County.

More important in regard to con-con, he is chairman of the Governor's Constitutional Convention Advisory Committee on Taxation and Finance.

The constitution of any state, Pelham said, is the "basis for the fulfillment of its responsibilities to its citizens." It serves to protect the people's rights and preserve the fundamental political institutions of the land.

Urging an "active interest by the citizens" in the upcoming con-con and pointing out the pros and cons of the major parts of the present 1908 constitution which will probably come under serious study by the 144 delegates, Pelham said: "The scope and complexity of these issues is indicative of the heavy responsibility facing the delegates. I hope the citizens will use more than ordinary discretion in selecting their delegates."

Pelham divided his 45 minute talk into three parts — back-

ground, procedure and the issues.

He said that no constitution as originally drafted or amended can continue indefinitely to serve effectively its purposes. A "dynamic society" can demand a constitutional review to meet the constant changes.

The three methods for amending or rewriting the constitution are by legislative proposition, initiatory proposition and by calling a constitutional convention. All three must come to a vote of the people.

Since January 1, 1909, when the present constitution went into effect, a total of 125 amendments have been submitted to the people with 69 approved. Some 90 of these were by legislative resolution with 59 of these passing and 35 by the initiative process, 10 of these winning the popular vote.

In the first 42 years (or up to 1951), Pelham said that only 48 of 101 proposed amendments passed while in the last decade, 21 of 24 proposed changes have passed.

Pelham said that the last figure is cited by some proponents of con-con as a sign of recognition by the people that a constitutional revision is needed.

Opponents cite the fact that four times since 1909 a proposition calling for a convention was defeated. But, Pelham pointed out, that up to last April, a majority of those voting was needed for approval while, in April after a legislative resolution, a majority of those voting on the issue itself and not of the total coming to the polls was ruled sufficient.

"This is the only reason the con-con call passed," Pelham said.

Reviewing the procedure that will be followed, Pelham told the audience that the convention will adjourn in Lansing on October 3.

A total of 144 delegates — representing each state senator and state representative — will assemble. They will be elected in a primary election July 25

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY

Thursday, June 15, 1961-9

and a general election September 12.

There is no time limit on their deliberations. They will be paid \$1,000 a month with a ceiling of \$7,500. If they meet for more than seven-and-a-half months, then they will work without compensation.

The convention may rewrite, amend or leave intact the present constitution, Pelham said, but any change will have to be approved by the majority of the delegates attending.

After 90 days have elapsed from the final adjournment, the new constitution or amendments will be submitted to the voters on the first Monday in April or at the general election, whichever comes first. If the voters approve, then they become effective the first day of January following the approval.

As for the issues, Pelham called the one of reapportionment of the Legislature "a dilly" and probably subject to "long and arduous debate." He hoped that the delegates would find a basis for compromise between the demands for equal representation by both the urban and rural areas.

Local government and taxation are two other sections of the present constitution that will receive consideration, Pelham thought. Under local government, the problem of home rule will be a ticklish one while establishing a "more flexible framework for sound, equitable tax structure" will come under scrutiny when the tax section is reached.

The tax structure issue, Pelham said, will depend to a large degree upon the solution of reapportionment.

He listed other issues that will probably come up on the convention floor:

Should the long ballot be eliminated? Should there be less frequent elections? Should the voting age of 21 be lowered?

Should the terms of office of the house and senate be increased? Should a legislative council be established where matters of fact and documentation could be referred?

Should the number of elected officials be reduced? (Presently there are seven. Pelham thought that maybe only the governor, possibly the lieutenant-governor if we have one and secretary of state should be elected.) Should the terms of office of the elected executive officials be increased from two to four years? Should the constitutional status of Civil Service be changed?

Should judges be appointed rather than elected? Should the judicial branch be made more flexible by providing for a more unified system of courts? Should justices of the peace be integrated into this unified court system?

Should the limit on State borrowing (presently \$250,000) be increased or eliminated? Should the 15 mill limit on property taxes be revised or eliminated? Should the earmarking or dedication of funds be revised or eliminated?

Pelham emphasized that these were not the only issues that would come up on the floor, but were among the more important ones. He said he was certain the delegates would be confronted with some "most difficult issues."

"Is the Universe, Including
Man Evolved by Atomic
Force?" is the subject of the
Lesson-Sermon to be read Sun-
day at Christian Science
churches.

The superiority of divine law
over the laws of matter will
be emphasized. Included in the
Bible readings is the account
in John (6) of how Christ Jesus
walked on the sea to join his
disciples in their ship.
From "Science and Health
with Key to the Scriptures" by
Mary Baker Eddy will be read
p.273: "God never or-
dained a material law to annul
the spiritual law. If there were
such a material law, it would
oppose the supremacy of Spirit,
God, and impugn the wisdom
of the Creator. Jesus walked
on the waves, fed the multitude,
healed the sick, and raised the
dead in direct opposition to
material laws."
The Golden Text is from
Revelation (11): "We give thee
thanks, O Lord God Almighty,
which art, and wast, and art
to come; because thou hast
taken to thee thy great power,
and hast reigned."

Area 50 to Attend Jehovah Convention

According to Mr. Coonce, pre-
siding minister of the Plymouth
congregation of Jehovah's Wit-
nesses, travel arrangements
have been completed for fifty
delegates to attend the "United
Worshippers Assembly" at Yan-
kee Stadium, New York City,
June 20-25.
Mr. Coonce said that most of
the local residents who plan to
attend the convention will be
leaving on Monday June 19th, so
as to arrive in time to get in
their accommodations and at-
tend the opening sessions of the
convention. Many of the de-
legates will stay in private homes
in New York.

"Convention sessions", said
Mr. Coonce "will provide prac-
tical instruction in Bible teach-
ing methods, and give down to
earth discussion of the applica-
tion of Bible principles to every
day living. Among the 70,000
expected to attend will be dele-
gates from every country in
South and Central America,
Canada and the islands of the
Caribbean", he declared.

Mr. Coonce said that the con-
vention highlight will be a pub-
lic discourse by Nathan H.
Knorr, President of the Watch-
tower Bible and Tract Society,
Sunday, June 25, on the subject
"When All Nations Unite Un-
der God's Kingdom".

WHILE THE SHIP SINKS

Perhaps it was an ice-
berg, or perhaps a collision
in the fog, or an explosion
in the hold. It matters not,
for the ship had a hole rip-
ped in her hull and is be-
yond repair. What should be
the next step? Should life
aboard continue as usual
for the passengers and
crew? Should efforts be
made to repair the unre-
pairable? Should the band
play on and people ignore
the situation by lectures on
"Maintaining mental health
in times of stress"? Or on
the other hand, would it be
best to man the life-boats
and save as many lives as
we can before the ship
sinks?

Here we have a parable
with two views of what
should be done about con-
ditions in this world. There
is a section of Christendom
that does not believe that
this world is doomed. She
admits the condition is ser-
ious but thinks somehow

by spreading the salve of a
"Social Gospel" religion that
the situation will one day
be remedied. Facts and fig-
ures are displayed to show
that we are no worse off
than we were 50 years ago.
It is because of better com-
munications that we have
become more aware of the
crimes committed. The
preaching against sin is sel-
dom heard from many pul-
pits. The soft, undisturbed
sleep of death remains on
the unaroused Sunday morn-
ing audience. Loudly they
say, "I am not a pessimist,
have hope for the future".
Now, before you call me
a confirmed pessimist, let
me quote for you a few
passages of scripture which
show us that this world is
like a doomed ship.

"And we shall hear of
wars and rumors of wars;
see that you be not troubled,
for all these things must
come to pass, but the end
is not yet. For nation shall

rise up against nation and
kingdom against kingdom;
and there shall be famines
and pestilences, and earth-
quakes in divers places. All
these are the beginning of
sorrows" Math. 24:8.

Then in 11 Tim. 3:1 we
read "This know also that
in the last days, perilous
times shall come...vs 13, but
evil men shall wax worse
and worse, deceiving and be-
ing deceived" In 11 Peter
3:10-13 "But the day of the
Lord will come as a thief
in the night: in which
the heavens shall pass away
with a great noise, and the
elements shall melt with
fervent heat, the earth also
and the works that are there-
in shall be burned up. See-
ing then that all these things
shall be dissolved, what
manner of persons ought ye
to be in all holy conversation
and godliness, looking for
and hastening unto the com-
ing of the day of God, wherein
the heavens being on fire

shall be dissolved, and the
elements shall melt with
fervent heat? Nevertheless
we, according to His prom-
ise, look for new heavens
and a new earth, wherein
dwelleth righteousness."

Does this look like con-
ditions will improve? Will ed-
ucation, politics, culture and
religion save this world from
destruction? Or is this like
a crew of zealous crewmen
who still wash down the
decks, scrape off the rust
and paint the woodwork
while the ship sinks?

God's program for the
church today is to man the
lifeboats. To gather out of
this doomed creation those
who through repentance and
faith will accept God's offer
to be rescued for, the new
heavens and earth. Will you
believe what God's Word
says and accept His offer of
will you be still at work
painting the ship when it
sinks into the blackness of
eternal night?

St. Paul's Plans Bible School

Vacation Bible school for kin-
dergarten through junior high
school age children will be con-
ducted at St. Paul's Lutheran
church, High and Elm streets,
from Monday, June 19 through
Friday, June 30.

During the two-weeks session
Bible stories, songs, handicrafts
and games will be on the daily
schedule. A brief chapel ser-
vice will open each day's pro-
gram.
On Sunday, June 25 all chil-
dren will sing in the 10:30 a.m.
worship service. They will pre-
sent a closing service on the
last day of school.

In Uniform

Bruce J. Kenrad, son of Mr.
and Mrs. Eugene W. Konrad
of 46253 Vesta Lane, completed
recruit training, May 20, at the
Naval Training Center, Great
Lakes, Illinois.

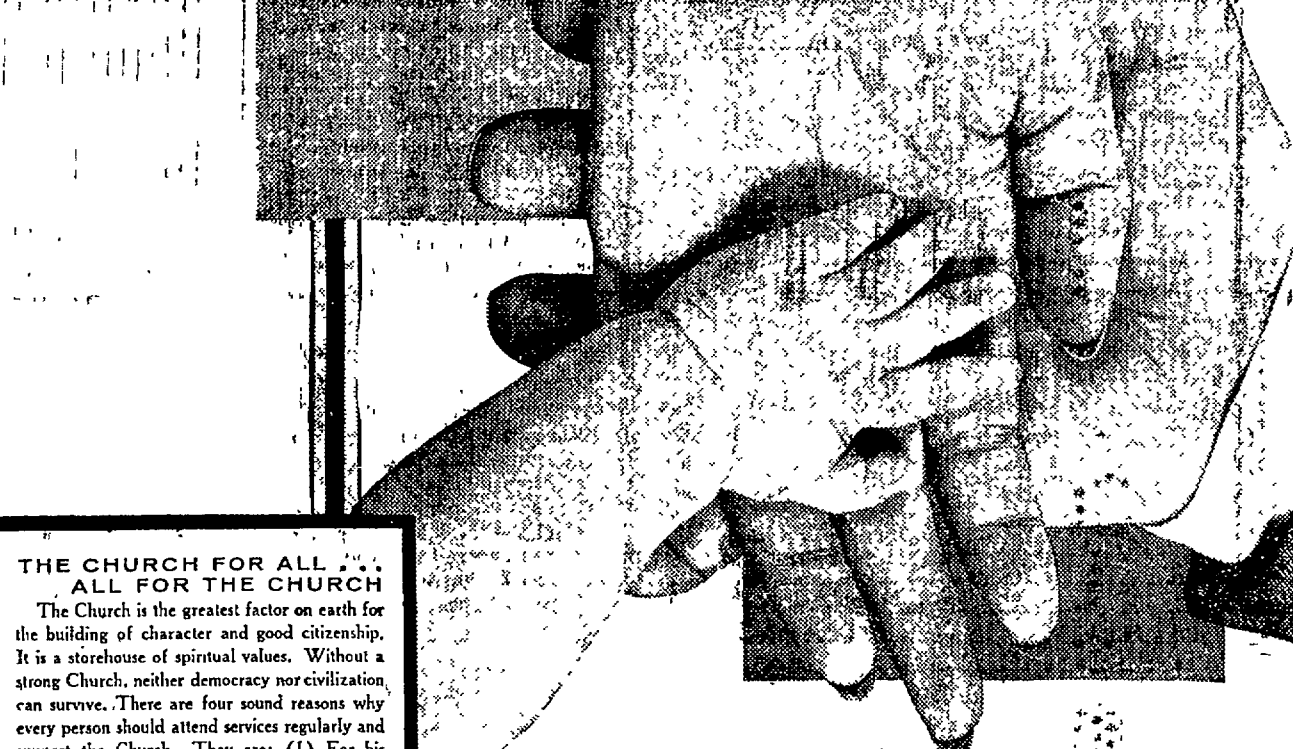

Military ceremonies marked
the end of nine weeks of "boot
camp" and included a full dress
parade and review before high
ranking officials and civilian
dignitaries.
In nine weeks of instruction,
the "raw recruit" is developed
into a Navy Bluejacket, ready
for duty with the fleet.

Robert Howard Krumm, son
of Mrs. Lorraine Krumm, 14337
Sunbury, Livonia, Michigan,
graduated from Recruit Train-
ing at Great Lakes, Illinois
April 29.

Bob has qualified himself for
a 24 week Radar school at
Great Lakes School Command.
From school he will be assign-
ed to our modern fleet and
have on the job training to be
the future eyes of freedom,
limited to those who scan the
cathory scopes of the radar
sets.

Before joining the Navy, Bob
attended Northville schools and
lived at 41201 Six Mile road in
Northville.

Whom God Hath Joined TOGETHER...

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for
the building of character and good citizenship.
It is a storehouse of spiritual values. Without a
strong Church, neither democracy nor civilization
can survive. There are four sound reasons why
every person should attend services regularly and
support the Church. They are: (1) For his
own sake. (2) For his children's sake. (3) For
the sake of his community and nation. (4) For
the sake of the Church itself, which needs his
moral and material support. Plan to go to
church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	22	1-18
Monday	Ephesians	6	1-4
Tuesday	I Chronicles	16	23-29
Wednesday	Psalms	95	1-6
Thursday	John	4	19-24
Friday	Psalm	66	13-20
Saturday	I Timothy	3	1-5

... let not man put asunder.

Before the Altar of Christ they took their vows. And now God has placed
another hand in theirs; a small hand, needing tenderness and guiding love.

Before the Altar of Christ they came with their child, and according to
the baptismal beliefs of their church, dedicate his life to God.

Before the Altar of Christ they worship each Sunday, and eagerly help
their growing son to master the Truths that will undergird his life.

Of course, there are times when the responsibilities of marriage and par-
enthood test their patience, and understanding, and courage to sacrifice.

But they have learned long since to conquer their selfishness and surrender
their pride where they receive forgiveness, strength and ever-deepening love—
before the Altar of Christ

Boosts Phys Ed

In the opinion of Northville High school girls' physical education director, Pat Bubel, physical education is not held in high enough esteem by enough people. "Physical education is stereotyped and considered unnecessary," she says, adding, "It is one of the least understood school subjects."

She nevertheless has full confidence of its value and goes out of her way to see that as many as possible share in it. As one of the school's busier people, Miss Bubel supervises the physical education needs of some 200 girls. Her regular teaching schedule includes only the 9th and 10th grades, so she provides many extra-curricular athletic activities for the older girls who can't participate during regular school hours. These add many hours to her day.

"If you want to find Pat," a colleague observed, "Don't look for her at home."

Why this eagerness to teach a subject that is often so misunderstood? "Education," says Miss Bubel, "must consider the whole child. No child can be taught, accepted or understood unless the physical drive and physical needs are developed and channeled into positive, acceptable modes of behavior. Physical education is training the body through physical, mental and emotional effort."

In this regard, Miss Bubel believes that an adequate physical education program improves scholarship in all subjects.

For an illustration she points to driving: "When you drive a car while physically tired, you are also mentally tired. Both your physical and mental reflexes are slow." A physically fit body, she feels, means an alert mind.

There are, however, many obstacles in the way of physical fitness in our culture. "Our technology," Miss Bubel observes with considerable accuracy, "is geared to providing ease. Our society wants effortless living while physical fitness requires hard work."

Miss Bubel feels that smoking is a serious detriment to health and wants to discourage it in our culture. "Our technology," she says, a little heatedly, "is the reluctance of both educators and non-educators to change. If we are to maintain our place in the world we'll have to change — curriculums, school hours, possibly year-round school, must be looked into for more efficiency."

Physical education happens to be her field, but education in general fascinates her. "Education conceivably can right all wrongs but it's a slow process," she observes. Education should be foremost in our minds, but isn't, she declares. "One thing that slows down education," she says, a little heatedly, "is the reluctance of both educators and non-educators to change. If we are to maintain our place in the world we'll have to change — curriculums, school hours, possibly year-round school, must be looked into for more efficiency."

Miss Bubel, incidentally, will be next year's president of the Northville Teachers club, where the teachers will hear more of the slow, deliberate manner of speaking that they are accustomed to hearing from Miss Bubel when she speaks to a group.

A graduate of University of Michigan in 1956, Miss Bubel majored in speech and English with a minor in Social Studies. She went back for a teaching certificate and some physical education courses. She now hopes to receive her master of arts degree from University of Michigan within the coming year.

She's been an outdoor lover since her girlhood days on her parents' Milan, Michigan farm. She owned a horse when she was 10, which she "loved to death."

Her second love (following the horse) was piano. "I studied laboriously but not victoriously," she says ruefully. "Pat's present interests include music (classical), theatre (she often travels to New York to see shows), tennis, field hockey and she loves New England. The atmosphere (and food) lure her back there constantly. "Someday," she says wistfully, "I'd like to spend a lot of time there."

OKs Admitted Students

Any students who have received notices of admission to Eastern Michigan university for this fall will be permitted to enroll as far as university officials are now able to determine.

Eastern Michigan President Eugene B. Elliott issued this policy statement last week in answer to: numerous reports, some misleading or incorrect, he noted, that have been made recently concerning the university's fall enrollment plans.

Elliott added that there are about 180 students now on the waiting list who have been sent letters indicating their names have been placed on the list. Students who apply now and meet admission requirements will also be placed on the waiting list, he said.

Ralph F. Gilden, dean of admission and student activities, should be contacted for any additional enrollment information.

Mr. and Mrs. Tom Rasmussen are happy to announce the birth of a daughter, Ellen Carol, on May 29 at Mt. Carmel hospital in Detroit. The Rasmussens have two older children, Bruce and Beth, four, Mr. and Mrs. Lloyd Brasher and Mr. Robert Rasmussen all of Detroit, are the grandparents.
Mrs. Errol Myers underwent major surgery yesterday at Henry Ford hospital in Detroit.

ONE YEAR AGO

— Northville school district voters overwhelmingly voted the purchase of the community building by a 488-212 margin. The cost will be \$145,000. Also in the election, incumbent Dr. Waldo Johnson, James Kipter, Edward Angove and Wilfred C. Becker were voted to the board.
— A wider track and brighter lights greeted trotters and spectators at the Northville Downs' 1960 opening night. Merchants, meanwhile, offered more than \$1,000 in prizes during the second annual Downs' Days.
— Completion of the Eight Mile road cutoff was made this week and work starts now on Novi Road with a November 1 deadline.
— More than 100 Northville Township residents, along with several citizens from adjacent communities, protested the proposed rezoning of 21 acres at Five Mile and Eckles road for an outdoor theatre.
— Dr. Walter Ambinder and John Mac Bride easily won the two vacant seats on the Novi School Board in elections.
— Construction of a \$110,000 bi-level UAW union hall across from the Wixom Lincoln plant began this week.
— With returns, not all in, over \$1,000 was counted from the extended library week campaign. The money is used to support the Novi Library.

FIFTEEN YEARS AGO
— Northville school district voters approved an eight mill increase in operating taxes in recent elections. W. H. Cans-

field was elected to the board. Circuit by defeating Redford Union, 6-2. This was Northville's first title in the league. The newspaper account humorously described the start of the sixth inning: "In the sixth after Redford Union had gone out in order, N.H.S. put the heat on the Redford Union 'heaver-upper' and caused him to blow up with a loud bang!"
— Some 63 seniors were graduated from the Northville High School. Superintendent Russell Amerman presented the diplomas.
— Some 1946 food prices: 15 pounds of potatoes for 69 cents; hamburger, 27 cents a pound; hills Bros. coffee, 35 cents a pound; eggs, 49 cents dozen.

LET'S TALK CARS

The Fine Art of Salesmanship

Anyone who has ever been bamboozled by a fast talking salesman will know what I mean when I say that appearances can be deceiving.

Take the case of a new car shopper. I've seen it happen many times where the prospect would tour a number of towns and cities until he got the best offer (by about \$50.00) and then end up buying a different model at a much higher price.

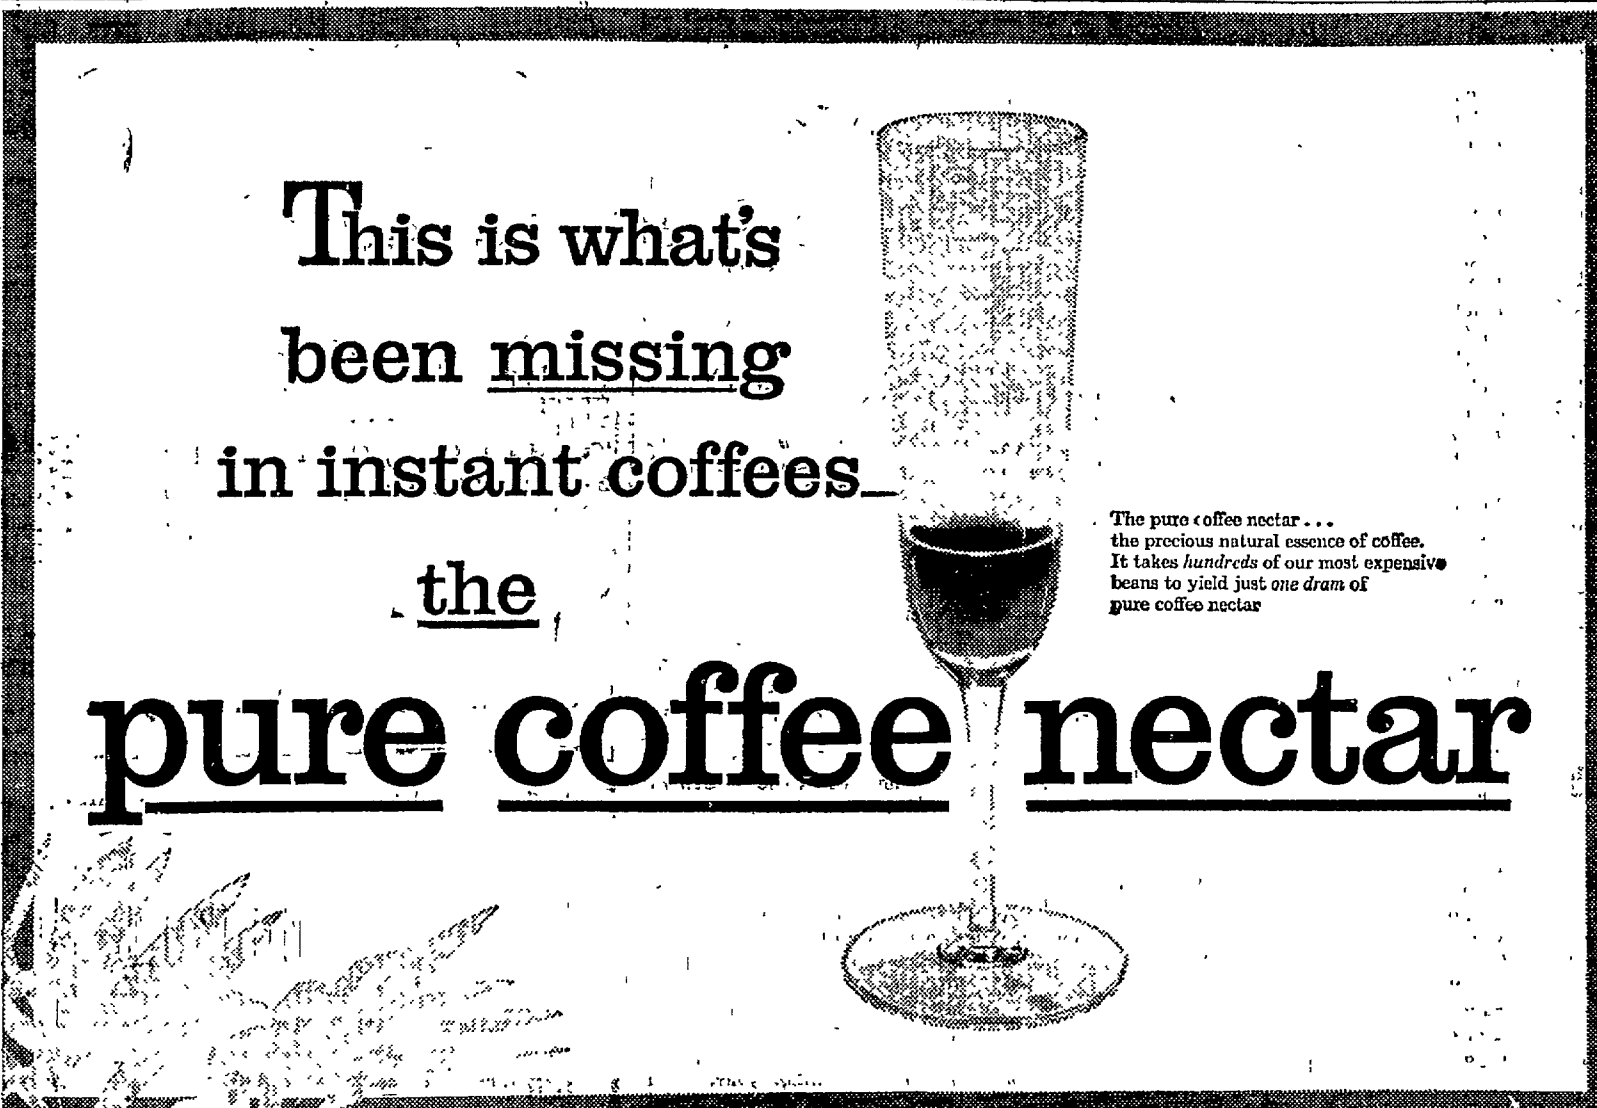

How did it happen? He simply got talked into it by the salesman. The \$50.00 he was 'saving' just got lost in the shuffle of different model prices, optional equipment, accessories and finance terms.

The trade slang for this type of high powered selling calls it "spinning" the prospect. Pretty descriptive too since it usually leaves him dizzy and confused.

Here is the kicker though: out of the confusion of the final deal, the buyer clings to the thought that dominated his mind during the whole transaction. That is that he was 'saving' \$50.00! In case you're ready to scoff, let me add I've seen many educated and intelligent people fall into this trap! It's not so surprising though when you realize most folks aren't even aware of the exact rate or amount of finance they are paying.

It is our policy to plainly state all the facts of a sale. We hope you check all the facts. If you do you'll find there is no comparable value for your money than that offered by John Mach Ford.

Electric Stock

Babson Park, Mass., At one time electric light and power stocks were as popular as electronic stocks are today. The favorite was Electric Bond & Share, which shot way up in the stock-market boom of the 1920's and then plummeted down for practically nothing. There were so many similar cases that President Franklin Roosevelt had Congress pass legislation to take the "water" out of these stocks and dissolve electric utility holding companies.

It was at this time that the Securities & Exchange Commission was formed, with President Kennedy's father as chairman. And it was as a result of this housecleaning that Electric Bond & Share dropped almost out of sight!

In fact, instead of a "stock dividend" there was a "reverse split" which forced stock owners' shareholdings virtually out of existence. I fear that the present exaggerated craze over "electronics" may later run into similar troubles for some of the companies.

Electric light and power stocks have since become both safe and popular. This has been due to the growth in population and also to the numerous new uses for electricity in every home, store, and factory. Furthermore, such public plants as the Tennessee Valley Authority's and the semi-publicly owned plants of the Northwest have served to keep rates from becoming too high and hence retarding growth.

Electric rates are the lowest in history and consumption per family has increased 8 times. I believe that much more growth is ahead with the greatly expanded use of electricity for heating and air conditioning.

The safest electric utility securities for the small or large investor to buy today are the first mortgage bonds of an electric light and power company. Your local bank will be glad to select such a bond for you.

Otherwise, purchase from your broker such a bond issued by the company which sends you your bill each month!

You should then get a yield of about 4 1/2 per cent. You must, of course, pay regular taxes on the income from the bonds and for other securities of an electric company (with a few exceptions).

In addition to the bonds, most electric companies issue both preferred and common stock. The preferred stock carries a fixed dividend, if earned, which usually yields over 5 per cent. Be sure that any preferred which you buy is "cumulative" and, if possible, "non-callable." A cumulative stock means that if the dividend is not paid in any year, it must later be made up and surely paid before the common stockholders get a penny.

"Non-callable" means that the company cannot call in the stock and pay you off for it if money rates go down. A "callable" preferred is a case of "heads or tails" — with the odds in favor of the company.

If the stock is "callable" and money rates go down, the company pays you off; but if money rates go up, the company leaves you "holding the bag," so to speak. Other things being equal, you can buy the preferred of your local company.

If you are young and patient the best investment may be in the common stock of your electric power company. It has no fixed or cumulative dividend; but you are entitled to all the earnings (less proper reserves) after the fixed interest is paid on the bonds and the accumulated interest is paid on the preferred stock. Such common stocks are "growth" stocks. They do not yield much income when you buy them; but the income should increase every year with the growth of the population and the prosperity of the country.

There is an exception to all rules, and it may now be too early to sell and take your profits on electronic stocks and reinvest in electric power stocks. Much depends upon the international situation. The chief present customer of the electronic companies is the U.S. Government.

Electronic devices are an important part of every missile, and hence of our defense expenditures. But this wild spending race cannot continue forever. Either some form of international disarmament must come about, or else World War III will come.

Tourist Trade Grows

"If you seek a pleasant peninsula, look about you."

So says the Michigan motto, in Latin, inscribed on the great seal of the state, on the state flag and many other places. This is more than a Michigan Week promotional phrase, and it could be the greatest key to what the Water Wonderland has to offer her citizens.

The motto hits the heart of a resource, specifically, tourist trade potential, that might someday vie with heavy industry as the most significant Michigan product.

Young people with vision, especially, would do well to look into tourist-related fields when seeking a career.

Not only is there a potential money tree awaiting those ready, willing and able to provide vacation and recreation services, but there can be a satisfying life which includes the pleasure of making a contribution.

The vast field of tourist, travel and recreation spending ranks right along with agriculture and industry at the top of Michigan income producers.

Estimated money intake from the tourist trade in 1960 is set at \$653 million.

And this figure does not include those fringe areas such as retail businesses, many of which depend largely on tourist spending for their yearly income.

Hoop-la about Michigan's tourist potential is aimed at a vaster target than prospective tourists from within or out of the state who will bring dollars to spend in the recreation areas.

It is an invitation to Michigan citizens to get on the bandwagon; build a satisfying life and a still better industry.

The Michigan State Chamber of Commerce recently devoted almost an entire issue of its monthly magazine, Michigan Challenge, to the tourist business as it presents an economic opportunity.

In effect, the state chamber was saying, "why not take advantage of the pleasant peninsula that you can see by looking about you."

By the way of a teaser, to get people to look into the tourist potential of Michigan, Harry R. Hall, the executive vice president of the state chamber, offered several hints as to what awaits the entrepreneur who would like to take advantage of a growing and vibrant industry.

Michigan has enough historical attractions, from the days of the fur-traders, the relics of a great lumbering industry, its Indian heritage, its mining days and its role as the birthplace of great industry to qualify it as top-flight tourist territory.

It has first-rate highways, scenic and convenient water routes and compact accessibility tailor-made for tourist travel.

A further taste of Michigan's and miles of rivers and streams.

From the Indiana line to the left side of the highway are expected to be of greatest benefit to motorists who would fail to see such signs by the vehicle they are attempting to pass.

The theory is that when a motorist pulled out to go around a big truck, for example, he would see the "no passing" sign on the left and be able to swing back into the lane of traffic.

A driver attempting to overtake several cars in one pass would also be better warned when a "no passing zone" is coming up.

The magnificent Mackinac Bridge is the gateway to the wilderness wonderland of Michigan, the Upper Peninsula.

This two-peninsula paradise, teeming with tourist opportunity, offers virtually unlimited promise to those who would join the hundreds of thousands of Michigan citizens who already gain their livelihood by serving the vacation needs of the state, the nation and the world.

Don't panic if you spot a "no passing zone" sign that seems to be on the wrong side of a Michigan highway in the future. The State Highway Department is experimenting with putting the signs on the left side of two-lane highways to see if they are better seen in this position.

Also being tested is a new kind of paint that might make those yellow lines that mean no passing easier to see in all kinds of weather.

What Grows Goes By Truck!

Like Michigan's factories, offices, shops and homes, her important farming industry depends on motor transport. Trucks play a vital part in getting crops planted, cared for, and harvested — and they are the means by which the harvest gets to market. For example, nearly 90% of fruits and vegetables moving into Detroit come directly by truck. And this is relatively true of other cities throughout Michigan. In addition, virtually ALL farm products travel by truck at least part of the way to market. So you see how very much the dynamic farming industry relies on the trucking industry in this great State of ours.

...ON YOUR SAVINGS?

When you plan your savings program, it's just common sense to save where your account grows FASTER. That's at the nearby office of First Federal, where you get a better-than-average 3 1/2% on all your savings. Your account is, of course, insured to \$10,000. Our people make saving pleasant for you at any of 14 offices. Or—you can add to savings and withdraw entirely by mail if you wish—using free postage-paid envelopes provided free by First Federal.
