

MEET PUNCTUALITY — Up in the saddle is 16-year-old Rhonda Atchison, riding her registered Morgan gelding, "Punctuality". She will be among the competitors in this week end's Jaycee Horse Show. It will be the first public appearance for both Rhonda and her horse. She trains him at Eddie Eberhart's farm on Chubb road. Three of the eight Eberhart horses will be entered including their champion Morgan stallion, "Billy B. Geddes".

Horses Take Over Local Week End

The Arabians, Morgans, Palominos, Appaloosas, etc., are invading Northville this week end.

City Tackles Toughies

The city council called a special meeting for Monday night to consider two knotty problems currently facing council members.

First will be the consideration of some 16 applications for the city manager's vacancy. Councilman John Canterbury, who is handling details of gathering applications, reported to fellow council members that sufficient inquiries have been received for the council to begin screening procedures.

The second item which councilmen must resolve is its policy on public improvements.

Councilman Richard Ambler stated that he has prepared a preliminary report on his committee's study on the pros and cons of special assessments. The council will review this report Monday night.

The council has decided that it will not undertake further street improvements until it has resolved its policy.

Presently, it appears that Mayor A. M. Allen and Councilman Canterbury and Ambler favor the special assessment plan. Councilmembers Beatrice Carlson and Richard Juday have opposed assessments, preferring that money for street paving come from general funds.

But don't be alarmed. It's a friendly invasion and the visitors are horses of nearly every breed and description.

The two-day (Saturday and Sunday) Northville Horse Show will feature some 98 individual events.

It will be staged at Northville Downs and sponsored by the Junior Chamber of Commerce. The program is being arranged by the Shawasssee Saddle Club members.

Proceeds from the show will be donated by the Jaycees to the building fund for the proposed new Boy Scout-Recreation center in Northville.

Entries in the all-breed show will be competing for some \$3,000 in cash and premiums.

Classes for Quarter Horses,

Morgan Club Likes Taft

G. F. Taft, West Eight Mile road, was elected to his third successive term of office as president of the National Morgan Horse association at its annual meeting in North Hampton, Massachusetts recently.

Mr. and Mrs. Taft attended another Morgan Horse meeting in Estes Park, Colorado, in July just previous to the national session in Massachusetts and returned to Northville this week after five weeks.

Morgans, Arabians, Pintos, Appaloosas, Palominos, Tennessee Walking Horses, Saddlebred, Gaited and Fine Harness will be judged by Miller McAfee and Larry L. Davis.

The event is expected to attract entries from several area horse breeders with local contestants putting their mounts through their paces.

Two rings will be used each day with competition opening at 9 a.m. Saturday morning will feature halter classes, while in the afternoon high-stepping horses will be hitched to gleaming harnesses.

A flag race, barrel bending and cattle cutting event will top off Saturday's show.

Sunday evening a square dance with Roy Faigle calling will be held in the parking lot area at the Downs from 8:00 p.m. to 1 a.m.

Sunday the show will feature pleasure, barrel bending, horsemanship, parade and reining classes with many youngsters displaying the skills of their ponies and horses.

Other Sunday highlights will be the saddle and harness class gaited horses, costumed Arabian horses and Appaloosa horses with Indian costume-clad riders.

The Detroit Mounted Police drill team will also be featured Sunday in an exhibition of precision drills.

Co-chairmen of the show are James Powers and Walter Ribant.

Novi Offered 2900 Taps In Wayne County Sewer

An answer to Novi's quest for sewers was dropped into the laps of village councilmembers last week.

It came from the Wayne county department of public works via Oakland county and Township Supervisor Frazer Staman.

The Novi supervisor told Village President Joseph Crupi and Councilmembers Anderson, Choquet, Lenheiser and Tuck and Coordinator Harold Ackley that 2900 taps into Wayne county's Rouge Valley system were available to Novi for the asking.

Supervisor Staman admitted that he didn't have all the details, but gave village councilmen enough facts to prepare them for a scheduled meeting Wednesday (last evening) with Raymond Alexander of the Oakland county DPW.

The announcement was generally greeted with anticipation by councilmembers, although they reserved comments awaiting financial details.

But predictions came from

Township Supervisor Staman and Paul LeBost, developer of Willowbrook Village in Novi, that at least 1800 of the taps would be immediately pledged by prospective subdividers.

LeBost also forecast commercial development — at least a supermarket — with the expanding home building.

Specifically, this is the proposal that Wayne county has offered Oakland county, and the latter in turn to Novi.

In expanding its Rouge Valley system to relieve badly over-loaded sewers and meet state health department demands so that a ban on building can be lifted in Western Wayne county, the DPW proposed the \$18 million dollar system to parallel the present sewer.

Each of the 22 communities to be serviced by the system has been allocated a certain number of taps in the system based upon the community's ultimate growth.

But some communities declined to buy as much as Wayne county predicts they will need.

According to George R. Bingham, "director of the Wayne county DPW, officials decided to offer some of the unsold allocation to Oakland county, retaining the remainder for Wayne county communities that may need it later.

Bingham pointed out that most of Novi is in the Wayne county drainage system and that the flow would have to come that way.

The proposed Novi sewer would be built from the present interceptor at a point southeast of Northville near Seven Mile road, probably to 10 Mile road.

Laterals from the main line would then be built at the expense of the developers.

Admittedly using rough figures, Staman said it would cost Novi some \$300,000 to buy into the Wayne county system. Construction of the sewer would probably run another \$1 million. The project would be financed

A & P Tells New Store Plans

Move in Fall To Hutton—Main

By late fall Northville will have two new supermarkets within the boundaries of its central business district. Announcement of the relocation of A & P was made this week by E. J. Vogel, vice president.

The announcement stated that "the building at 215 East Main street at the corner of Hutton in Northville has been leased to A & P Food Stores and will be put into operation after extensive remodeling."

The building, owned by Mr. and Mrs. Roger Christensen of Northville, is now occupied by the Kroger company.

The latter firm is currently constructing a new supermarket on Dunlap street, less than a block away from the new A & P site.

Plans call for extensive face-lifting and new paved parking facilities for 60 cars at the new A & P site.

Store owner Christensen stated that he has purchased the adjoining brick house on Main street and the next vacant lot. This area will be converted to a paved parking lot.

Christensen expects to start work on the renovation in September. He said bids had already been let on tearing down the brick house.

Included in the remodeling program will be a completely rebuilt front, converting it to A & P's distinctive face-setting. Early American design, which has received national-wide attention during the past few years.

Inside, the building will be completely renovated and given special color treatment to make shopping easier and more pleasant for consumers. The latest-type equipment will

be installed throughout including a self-service meat department with refrigerated production line for the preparation of meats. Under the new setup, meat items are weighed, packaged, labeled and priced in full view of customers.

Other service highlights include air conditioning, latest-type lighting, automatic doors and both front and rear entrance.

The entire building will be engineered for quick, convenient shopping.

Entrance to the building will be from the new parking area. The building will provide nearly double the amount of floor space at the present 13 East Main street A & P store.

Northville retail merchants, anxious to maintain business within the present commercial district, have expressed pleasure at the A & P plan. General opinion among merchants is that the modern supermarkets with increased parking facilities will provide a marked increase in local shopping.

City Decides To Vacate West Street

It took several months to accomplish, but Northville city councilmen finally decided to vacate West street between Main and Cady Monday night. The property now becomes the responsibility of the school board.

The issue has been bouncing back and forth between the city and school for several months — even dating back to the sale of the community building by the city to the school.

The street has been closed to vehicular traffic for several years. But it has been used as a pedestrian walkway and serves as the only access between Main and Cady in the long block from Wing to Rogers.

Because they feared that vacation of the street by the city might mean closing of the walk, several residents of the Cady-First street area presented a petition several weeks ago to the city protesting the vacation. George Kohs, a Cady street resident, has led the protests. He was on hand again Monday night at the council's public hearing to act on the question.

Mayor A. M. Allen explained that the city had received a letter from the school board assuring that a walk would be provided through school property "as long as is feasible and practical" to do so.

Mayor Allen said he did not believe a public body could commit itself more than that and that the school board, like the council, was responsible to the public and would act in its best interests.

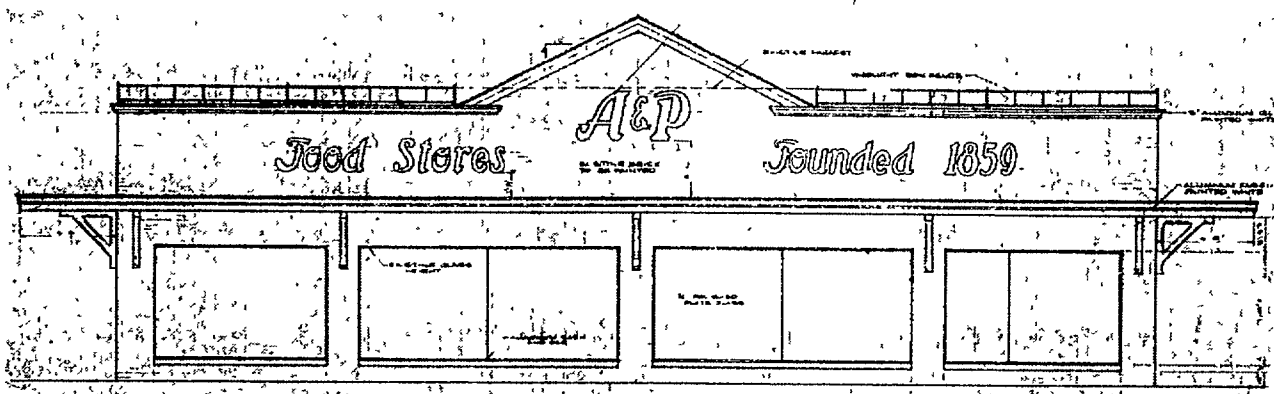

Kohs was adamant, however, and maintained that the school letter gave no assurances, that the walk would not be closed next week.

He further claimed that the school property was much safer to use for pedestrians at night than Cady street because of better lighting.

Kohs then told councilmen that he had reported youngsters breaking windows and street lights, who also threatened physical violence, to police without satisfactory results.

Finally, Councilman Canterbury moved to vacate the street after stating that he felt it was in the best public interest. It passed unanimously.

The council expressed concern with the juvenile problem in the Cady street area and promised Kohs an investigation.

A & P announced this week that it will move from its present 130 East Main street store to the corner of Main and Hutton. The building, now occupied by Kroger, will be completely

renovated and feature this Early American front. A new, paved 60-car parking lot will be installed just east of the present building. A & P expects to move by "late fall".

Race Meet Ends; Betting Off 6%

Northville Downs closed its 38-night 1961 harness racing season Saturday the same way it had opened six weeks earlier — in a downpour of rain.

And the wet week ends cost the track dollars in its total mutual handle.

Figures for the current season show that bettors wagered \$8,530,933 this year compared to \$9,182,203 in 1960 — a drop of approximately six per cent.

The average nightly handle this year was \$224,498 compared to \$240,000 last year.

Attendance also dropped, but only slightly, from 191,829 to 186,722.

Rain cut attendance badly at the final two nights of racing, Friday some 14500 fans attended the races, while on Saturday — the last night of the meet — only 4300 went through the turnstiles.

Normally Friday and Saturday nights draw between 7,000 and 8,000 fans.

A drop in revenues at the Downs has its effect on the city budget, too.

Last year state tax returns from racing at Northville produced \$97,000 for the city treasury. The six per cent dip will

Four Candidates Offer to Debate Con-Con Here

The four Con-Con nominees representing the Wayne county area of Northville have announced their willingness to meet face-to-face in a series of public debates.

Democrats George F. Montgomery and William J. Hahn announced that their Republican opponents, Weldon O. Yeager and Mrs. Anna M. Conklin agreed to the proposed debates.

The debates will be held prior to the September 12 election in communities throughout the district — wherever invitations are extended. Service clubs, school and community organizations, as well as any other groups of interested voters, are urged to contact any of the four candidates to arrange for debates.

The district includes all of Detroit west of Meyers road, the cities of Livonia, Plymouth and Northville, and Redford, Plymouth and Northville townships. Hahn lives at 10040 Hambleton, Livonia. He was victor in a field of 13 candidates who sought Democratic nomination in the 21st representative district.

Representing the Republicans in the 21st district is Mrs. Conklin, 15809 Foch, Livonia. She is a former executive secretary of the 17th congressional district Republican organization.

The Cities of Livonia, Plymouth, Northville and Belleville, and the Townships of Redford, Northville, Plymouth, Canton, VanBuren and Sumter comprise the 21st District.

Her Visit Over, Exchange Student Begins Return Trip to Germany

"I would like to have both families," wished the Janned, raven-haired, 18-year-old girl. "But I know that is impossible."

Her year-long stay in the United States at an end, exchange student Uta Rosenbrock was going home to Konigstein, Germany, there to finish high school and contemplate a return trip to America.

She will come back, says Uta, because there's so much she hasn't seen yet.

"It was more important this time," she explains, "to learn American life and get to know my American family. I will never again have the chance to come back to a family."

"But before I come back," adds Uta, "I expect some of my American family to come to Germany."

This morning Uta said goodbye to her American family and boarded a bus for Montreal. She'll sail to Europe from Montreal.

She leaves behind her foster parents, Dr. and Mrs. Lawrence Filkin, of 621 Fairbrook, their sons Dave and Woody and daughter Sally. Waiting to welcome her home to Germany are her parents and an older sister.

Uta came to Northville last summer under the Ann Arbor-Washtenaw Council of Churches Youth for Understanding stu-

dent exchange. The Northville Rotary club shared sponsorship.

The curiosity which had earlier led her to travels throughout Europe prompted her to apply for the exchange, says Uta.

Brushing up on her English — she also speaks French and Latin — and bolstering her courage, Uta began her experiment as a teenager in America.

In two semesters as a Northville High school senior, she studied speech, typing, American history, college prep English, government, chemistry, Latin and accelerated reading.

"The educational system here is totally different than the European system," remarks Uta. High school in her native Germany lasts 9 years. Only 13 subjects, almost all required, are offered. Uta feels there is more specialization here. And in Germany, she adds, a student enters high school at the age of 10.

Though their education may not be the same, Uta thinks American and German teenagers have much in common.

In fact, she believes there's some truth in the saying that "German kids are more American than American kids."

"Young people on the outside may look different," mus-

ed Uta; "but inside there is very little difference. They are interested in the same things."

One interest they share is sports, like football. Uta, an outdoor sports enthusiast, was very confused by her first encounter with the American sport.

"When I saw it the first time on television, I thought it must be the same as German 'fussball' (football)."

But the players, she noticed, "played a few seconds, stopped, had a short debate, played again and then called time out."

The 'fussball' she had seen at home was more strenuous. There were no time outs, no debates, no stopping. The 'fussball' Uta knew is called soccer in America.

She found basketball much more exciting.

The other sports that captured the German visitor's fancy were fishing and water skiing. For an experienced skier — there are mountains near her home in Konigstein — skiing on water wasn't too difficult. (except with one ski.)

Fishing? "I really loved it," exclaims Uta. She pulled in some perch and a pike on a northern vacation with her foster family.

Netmen on the high school tennis team soon discovered their new classmate was no slouch when it came to a rapid-fire volley.

Saddened by the prospect of leaving her American family and friends, Uta said she won't miss bermuda shorts, girls walking along the street with their hair in pins or curlers, television and sweet corn.

Uta's going home

Kitchen Diary

Used Wood Stove First

"I've done a lot of cooking in the 40 years I've been married," says Kitchen Diary homemaker Mrs. Fred Wenker. Some of her recipes — ones she still uses, by the way — were first cooked on an old wood burning stove, she recalls. And she still measures ingredients much like she did then, "mostly by guess and by golly."

The kitchen in her home at 46066 Sunset is equipped with modern appliances, but the old mid-century favorites, like her recipe for vegetable soup, are holding their own.

The soup is best, says Mrs. Wenker, near the end of gardening season when home-grown vegetables can be used in it.

Other recipes she has included from her collection are for a holiday type "Magic Dessert", oatmeal cookies and a chocolate cake and filling.

VEGETABLE SOUP
Mrs. Fred Wenker
Use a soup bone, or 1 pk. stewing beef, or 1 lb. hamburger.

1 cup uncooked rice
1 cup uncooked barley
1 cup diced celery
1 cup diced onion
1/2 pk. frozen peas or one can of peas
1/2 pk. frozen corn or one can of corn

3 medium size potatoes (diced)
1/4 head of cabbage (chopped)
1 cup diced carrots
2 T parsley leaves
1 qt. tomatoes or 1 large can tomatoes

Boil soup bone (meat) in about four quarts of water until meat is tender. Season to taste. Add rice and barley; cook about 30 minutes then add remaining ingredients. Cook until vegetables are done. Serves four.

MAGIC DESSERT
1/2 lb. graham crackers (Crush all but 8 crackers)
1 lb. marshmallows
1/2 lb. walnut meats
1/2 lb. pecan meats
1 pk. dates
1 pk. coffee cream

Cut finely marshmallows, nuts and dates. Mix with remaining ingredients; shape into loaf. Crush remaining graham crackers and roll loaf in crumbs. Refrigerate several hours. Slice and serve with whipped cream. Yields enough for 18. Will keep indefinitely if refrigerated.

OATMEAL COOKIES
1 cup sifted flour
1/2 cup shortening
1/2 t. baking powder
1/2 t. baking soda

Bride Fashions Wedding Gown

Elinor Anne Kroeger and Charles Pettis were married Saturday, July 22 in a double ring ceremony at St. Peters Evangelical Lutheran church of Plymouth.

Pastor Robert Baer, of East Ann Arbor, officiated at the 6:30 p.m. service.

Mr. and Mrs. Elmer Kroeger, 45322 Ten Mile road, are parents of the bride. The groom's mother is Mrs. C. Berryhill, of Frankfort.

The bride made her wedding gown. It was a princess style creation, fashioned in silk taffeta with lace bodice and lace front panels. Her long veil, edged with lace from her mother's bridal veil, fell from a crown of orange blossoms. She carried a cascading bouquet of white sweetheart roses.

Bridal attendants included matron of honor Merryann Seewerker, of Detroit; bridesmaids Ellarene Copp, of Northville, and Doris Ann Wilcox, of Garden City. Junior bridesmaids were Cheryl Kroeger, of Birmingham, Beverly Roberts, of Detroit, and Florabel Harwood, of Garden City.

Bridal attendants wore cocktail length dresses of blue silk

nylon over flowered print sheaths.

The junior bridesmaids wore white dotted swiss over pink. Each carried a nosegay of pink sweetheart roses and wore a matching crown of roses.

William Pettis, brother of the groom, was the best man. Ushering the guests were Arthur Kroeger, brother of the bride from California, and Fred Seewerker, of Detroit.

Mrs. Kroeger wore a blue silk shantung sheath with white accessories. Mrs. Berryhill chose a blue lace over taffeta dress with white accessories. Both mothers wore pink carnation corsages.

Soloist Vaughn Heard sang "The Wedding Prayer" and "The Lord's Prayer", accompanied at the organ by Mrs. Westmeier.

A reception immediately following the ceremony was held at the Veterans of Foreign Wars hall in Plymouth.

The bride, a 1958 graduate of Northville High school, is a senior at the Henry Ford School of Nursing. The groom is a graduate of Eastern Michigan university.

Mrs. Charles Pettis

Artificial Roses from Corn Husks Grow—Garden Club

A lesson in how to make artificial roses from corn husks will be the main item on the agenda at Monday's meeting of the Woman's National Farm and Garden association.

Members of the local branch will convene from 10 a.m. to 1 p.m. at the home of the president, Mrs. D. H. Clark, 42150 East Seven Mile road.

Instructions will be given by Mrs. Thomas Runk, of Bloomfield. Members are asked to bring four to five dried corn husks, four to five dried corn cobs, a sharp knife, heavy wire, floral tape, dried pods of poppy seed, and a sandwich for lunch.

Graduates

Homer Profit, son of Mr. and Mrs. Glen L. Salow, Sr., of Novi, received a Master of Arts degree in education from Eastern Kentucky State college in Richmond, Kentucky last Thursday, August 3.

Profit, head coach at Paint Lick High school in Lancaster, Kentucky, was graduated from Walled Lake high school in 1950 and after three years in the service attended Eastern on a basketball scholarship. He also won letters in varsity tennis.

Married to the former Joyce Burgess, of Somerset, Kentucky, Profit lives with his wife and three-year-old daughter in Lancaster.

The roses will be sold at the garden club's flower show September 14 at the Methodist church.

Class of '56 Keeps Vow To Reunite

"Remember the time" was undoubtedly the most popular phrase cropping up in conversation at last Saturday night's dinner reunion at Lofy's Arbor Lull.

Reminiscing about the good old days of the past and catching up to date on the present were graduates from Northville High school's class of 1956.

While most of them could hardly believe it's been that long, five years have passed since the 94 seniors slipped into their caps and gowns for that final night of pageantry known as graduation.

Saturday the grads were keeping a promise made in the spring of their senior year. Before adjourning their final class meeting before commencement, the seniors vowed that within five years they would get together. To make the promise secure, they appointed a committee, charged with organizing a reunion for the summer of 1961.

About half the graduates — 47 in all — turned out for the dinner. Those who had married brought along their spouses. Even the class sponsors, Florence Panattoni and Stan Johnston, were seated at the head table.

Ken Krezel, president of the class, addressed the gathering, and Carolyn Burkman, class secretary who engineered the reunion, spoke briefly.

Agreeing it had been a success, the '56 grads repeated their same promise of five years ago and appointed a committee for a reunion in 1966.

News Around Northville

Jeffrey Moffitt and Paul McKenna, both of Lantana, Florida, have been spending the past week visiting Jeff's grandparents, Mr. and Mrs. Fred Moffitt, of 341 East Main street.

After their visit here, they plan to travel to Pennsylvania to stay a few days with Paul's relatives.

Jeff's parents are former Northville residents. Mr. and Mrs. Jack Moffitt, who now reside in Lantana, Florida.

Mary Severance, daughter of the Donald Severances, of 392 Fairbrook court, and Judith Grieger, daughter of Mr. and Mrs. Donald Grieger, are attending the three-week Youth Music Program at Michigan State university in East Lansing.

Pvt. Lawrence Kupsky, son of Mr. and Mrs. Floyd Kupsky, of Yorks street, is home on leave after completing his basic training at Fort Knox, Kentucky.

Mr. and Mrs. Jim Spagnuolo, Main street, have returned from a 10-day vacation at Stony Point, Ontario, Canada. While there they attended a reunion of Mrs. Spagnuolo's mother's family. Some 110 members of the family from throughout the United States and Canada attended.

Mrs. Spagnuolo's sister and brother-in-law, Mr. and Mrs. J. Stark, are visiting here from Denver, Colorado.

Visiting her parents, the G. F. Tafts, of West Eight Mile road, is Mrs. Keith Simons, now of Peoria, Illinois. With her are the Simons' five children. They will remain here two weeks and expect to be joined by Mr. Simons next week.

Engaged

The engagement of their daughter, Bonnie Carolyn, to Mr. Ronald Niece is announced by Mr. and Mrs. Raymond Nettles of South Lyon. Mr. Niece is the son of former Northville residents Mr. and Mrs. Garry Niece, now of Silver Lake.

Both Miss Nettles and her fiancé were graduated from South Lyon High school in 1961. No date has been set for the wedding.

An Eaton family reunion was held at the home of Mr. and Mrs. Levi M. Eaton, 367 Eaton drive, Saturday, August 5. Joining the senior Eatons for the occasion were their daughter, Alice, her husband and family, visiting here from San Antonio, Texas; their son, Frank, his wife and family, visiting from West Palm Beach, Florida with Mr. and Mrs. R. D. Merriam; their son, Louis, his wife and family from Howell; and Medbury cousins from Detroit.

Mr. and Mrs. Norman Schweitzer, former Northville residents living in Minneola, Florida, are spending a month here visiting friends and relatives. They are staying with their daughter, Mrs. S. R. Cherne, and her family at the Cherne's Beck road home.

Blue Star Mothers Novi chapter, Blue Star Mothers held their August meeting at the home of Mrs. R. E. Ward on West Grand River, Monday. Mrs. Ward served luncheon to sixteen mothers and one visitor, Mrs. Robert Quigley of Palmetto, Florida.

Mothers who are going to the Veterans hospital in Ann Arbor for shopping service on Thursday are Mesdames, Klaserne, Fisher, Ward, Race, Rackov, Mandlik and Webb.

The mothers will furnish a picnic dinner for a group of veterans from the Veterans hospital in Ann Arbor at the Huron Dexter Park next Tuesday, August 15.

Baptist Church News The Baptist young people who will be camping at Island Lake this coming week are Pamela Lindstrom, Loretta Cook, Stella Plantz, Jack Renchuck, Lloyd Roten, Linda Shupe, David Spisak and Billy Spisak.

Methodist Church News Rev. Nevin's sermon Sunday was entitled, "Bible a Book on Philosophy".

Novi Girl Scout News The oldest scout unit and their leaders had a cookout at the home of Louise Tymensky last week on Tuesday. The girls who came were Becky Lyke, Donna May Tymensky, Kim Kozak, Susan McGilivray, Nancy Cotter, Lynn MacDermid, Linda Killeen, Laurie Killeen, Sylvia Laurence, Carol Hector, Lynn McCormick, Linda Early, Sue Wharton, Martha Hanna, Arlene Douglas, Noel F'Geppert and Sue F'Geppert. Adults present were Mitzi Kriedeman, Carolyn Hanna, Louise Tymensky, Bonnie Kuick, Pat Kozak, Betty Harbin and Marge F'Geppert.

MAIN AT PENNIMAN — PLYMOUTH

Duke's Gets License

Duke's Tavern, at 801 Southin Lake road, was approved by the village council Monday night for the granting of a Class C liquor license.

Duke's was preferred over the only other eligible applicant, Otto's Bar, at Novi and 13 Mile roads, on the strength of the law enforcement problems the village has had with Otto's.

Councilman Walter Tuck made the motion, mentioning the police problem as his reason. His motion, which won by a 3-2 vote, broke up an hour-long discussion on the matter which had been tabled three times.

Furnish Functionally

Your livingroom shouldn't be decorated to fit the pages of a magazine unless it also fits the way you live.

Patricia Klobe, home furnishings specialist at Michigan State university, says rooms should be furnished to make the home more livable and attractive. Interior design should consider the living habits of your family and satisfy your ideas of comfort, beauty, economy and ease of maintenance, as well as using general standards of good design.

Edmund P. Yerkes, Attorney
192 E. Main street
Northville, Michigan
STATE OF MICHIGAN
County of Wayne
ss. 499,649

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twelfth day of July, in the year one thousand nine hundred and sixty-one.

Present Thomas C. Murphy, Judge of Probate. In the Matter of the Estate of MARTHA MORGAN, Deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate:

It is ordered, that the Twelfth day of September, next at ten o'clock in the forenoon at said Court Room be appointed for proving said instrument.

And it is further Ordered, that a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record a newspaper printed and circulated in said County of Wayne.

Thomas C. Murphy, Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Cecil A. Bernard
Deputy Probate Register

NORTHVILLE TOWNSHIP ORDINANCE NO. 11

AN ORDINANCE IN THE INTEREST OF PUBLIC HEALTH, WELFARE, AND SAFETY FOR THE PURPOSE OF ESTABLISHING STANDARDS GOVERNING THE CONSTRUCTION, INSTALLATION, ALTERATION, MAINTENANCE, PRIVATE RESIDENTIAL SWIMMING POOLS: PROVIDING FOR A METHOD OF ADMINISTRATION AND ENFORCEMENT OF ITS PROVISIONS AND PRESCRIBING PENALTIES FOR THE VIOLATION THEREOF. THE TOWNSHIP OF NORTHVILLE ORDAINS

ARTICLE I

1. DEFINITIONS

1.1 SWIMMING POOL. Any artificially constructed portable or non-portable structure intended for human swimming or bathing, located either above or below grade, having a depth of two (2) feet or more at any point and a water surface area exceeding two hundred and fifty (250) square feet.

1.2 PRIVATE RESIDENTIAL SWIMMING POOL. Any swimming pool intended to be used by the occupants of a one-family or a two-family dwelling and their gratuitous guests and constructed on a one-family or a two-family residential property.

1.3 ENFORCING OFFICIAL

The Building Inspector or his authorized representative.

ARTICLE II

2. ADMINISTRATION

2.1 ENFORCEMENT. The Enforcing Official shall administer the requirements of this Ordinance so as to protect the health and safety of the public, the bathers, and other persons.

2.2 PERMITS. On and after the effective date of this ordinance it shall be unlawful to maintain, operate, use, construct, install or alter any swimming pool as defined herein without first having obtained the necessary permit therefor from the Enforcing Official as required in this ordinance.

The following permits shall be required of all persons owning a swimming pool:

(a) An annual permit to maintain, operate and use a swimming pool which annual permit shall be applied for on or before May 15 of each calendar year, beginning with the year 1962, and which permit shall automatically expire on May 14 of the succeeding calendar year.

(b) A permit to construct, install or alter any swimming pool as herein defined.

2.3 PERMIT APPLICATION. Before any permit herein required is issued, application therefor shall be approved by the Enforcing Official. Each application for a permit to construct, install or alter a swimming pool shall be accompanied by two (2) or more sets of identical plans, specifications and calculations, in sufficient detail to show the following:

(a) Sealed or dimensioned plan showing a cross-section view of pool and the location of buildings, swimming pool, pool equipment, fence, and gates.

(b) Filter type and size, filtration capacity, backwash requirements, and suction cleaner or other cleaning devices.

(c) Pool piping layout, showing all pipe sizes, valves, gauges, and types of material to be used.

(d) A graph or other acceptable data showing the rated capacity of the pool pump in gallons per minute (gpm) and head in feet of water.

(e) Waste disposal system for pool waste water and backwash water.

(f) Location of sewer lines, sewage disposal systems, water supplies, and utilities (gas, telephone, electrical, etc.) within ten (10) feet of the pool, and location of water wells within twenty-five (25) feet of the pool.

(g) Any topographic features which could cause surface drainage into the pool.

(h) Physical description of pool, including wall, floor, and deck finishes and diving facilities, if any.

2.4 APPLICATION APPROVAL. Pools shall be constructed, installed and/or altered in conformity with the application approved by the Enforcing Official. Any deviation from the approved application shall require prior approval by the Enforcing Official.

2.5 PERMIT FEES. The Township of Northville, by resolution of the Township Board shall determine the schedule and the amounts of fees for the permits and inspections herein provided.

All monies collected for permit or inspection fees shall be accredited to the general fund of the Township of Northville.

2.6 WORKMANSHIP. All work shall be done in an acceptable manner and shall comply with applicable building, plumbing, electrical, and heating codes.

2.7 INSPECTION. The Enforcing Official shall make a final inspection of the pool construction for the purpose of determining that all provisions of this Ordinance are being fulfilled and complied with. Additional inspections shall be made by the Enforcing Official when necessary.

2.8 STOP — WORK ORDER. Construction work that is being done contrary to the provisions of this Ordinance shall be immediately stopped upon notice from the Enforcing Official.

The stop-work order shall be in writing and shall be given to the owner of the property involved, or to the owner's agent, or the person doing the work, and shall state the conditions under which the work may be resumed.

2.9 RIGHT OF ENTRY. The Enforcing Official shall have the right at any reasonable hour to inspect any swimming pool for the purpose of determining compliance with the intent of this Ordinance.

ARTICLE III

3. DESIGN REQUIREMENTS

3.1 LOCATION AND FENCING

3.101 POOL CLEARANCE. The location and enclosure of any pool shall be such that no hazard exists for pool users or the public. The minimum distance from the nearest part of the pool water shall be as follows:

(a) Six (6) feet horizontally to any street property line, and five (5) feet horizontally to any other property line, and four (4) feet to any building wall or non-property line fence.

(b) Fifteen (15) feet vertically to any overhead electrical or telephone wires above the water surface and above the area within five (5) feet horizontally from the pool water for the entire circumference of the pool.

(c) At an indoor pool, electrical wiring conduits may be exposed if securely mounted and ten (10) feet or more above the water surface.

(d) Twenty-five (25) feet horizontally to any private water well casing or seventy-five (75) feet to any public or semi-public water well casing, unless a shorter distance is approved by the Enforcing Official.

(e) Three (3) feet horizontally to any sewer. There shall be ten (10) feet horizontally to a septic tank and tile field or other similar treatment facility, provided the water level in the pool is one (1) foot or more above the ground surface elevation of the treatment facility.

(f) Three (3) feet to any underground water, electrical, telephone, gas or other pipes and conduits, except for parts of the swimming pool system.

3.102 POOL PIPING. The buried portion of the pool suction piping shall be ten (10) feet or more from any sanitary sewer pipe or sewage disposal system. The clearance may be reduced to five (5) feet if the suction line is encased in a water-tight pipe maintained under pump pressure, or drained as approved by the Enforcing Official, or the suction line buried less than four (4) inches below grade.

3.103 FENCES. No swimming pool shall be constructed or maintained unless such swimming pool is entirely enclosed by a building, a masonry wall or chain link fence, PROVIDED HOWEVER, that existing swimming pools, with fences constructed to remain so long as in the judgment of the Enforcing Official such fences are in a good state of repair and continue to comply with the remaining provisions of this Section.

The minimum height of all parts of the fence or wall, including gates, shall be forty-eight (48) inches measured on the outside of the fence or wall upward from the highest adjacent ground. Any gate shall be equipped with a lock and key.

Said fences shall be designed and constructed so as to make the pool inaccessible to children by climbing or entering through the fence openings. Fence material within four (4) feet of the ground shall contain openings not larger than two (2) inches nominal size nor material that provides ready footing for climbing. Fence posts shall be set in concrete foundation. Fence posts to be metal.

3.2 WATER SUPPLY AND WASTE DISPOSAL.

3.201 POTABLE SUPPLY. Every swimming pool shall be filled and maintained with potable water.

3.202 METHOD OF POOL FILL. One (1) or more water pipe or hose connections shall be available to the pool. There shall be no cross-connections between the potable water system and the pool circulation system. The water supply to the pool shall be protected against backflow or back-siphonage of water by means of a fixed air gap of six (6) inches or more above the highest possible water level or by a properly installed vacuum breaker. If a hose connection from a sill cock or other plumbing fixture is to be used, an acceptable vacuum breaker shall be installed on the hose thread of the sill cock or fixture. No over-the-rim fill spout will be accepted unless located under a diving board or installed in a manner as to prevent any hazard.

3.203 POOL DRAINAGE. Facilities shall be provided for disposing of all pool drainage and waste water to the community sanitary sewer system or in some other manner approved by the Enforcing Official. There shall be a six (6) inch air gap between the pool discharge line and the sanitary sewer.

3.3 CONSTRUCTION AND EQUIPMENT.

3.301 MATERIAL AND EQUIPMENT APPROVAL. Pool equipment and material shall be subject to evaluation and acceptance by the Enforcing Official before installation.

3.302 OVERFLOW. The pool and surrounding area shall be constructed and arranged in such a manner that no water shall return from the deck to the pool. Waste water shall not be allowed to create a nuisance or to overflow onto adjoining property.

3.303 SURFACE DRAINAGE. No surface or roof drainage shall be permitted to enter the pool.

3.304 FINISH AND COVE. Pool floor and walls shall have a cleanable, light colored and impermeable surface. The pool floor and the deck shall be skid resistant. Where the water depth is less than five (5) feet, the maximum cove radius shall be eight (8) inches.

3.305 HAZARDS AND SHAPE. There shall be no hazardous projections, or low overwater construction in the pool or the pool enclosure which could trap or injure bathers. The pool shall be shaped so that all parts of the pool can be observed from a single vantage point on the pool deck.

3.306 LADDERS. Every pool shall have at least one acceptable ladder or set of steps.

3.307 LIGHTS. Pool lights, if provided, shall be shielded so as to direct the light away from adjacent premises.

3.308 EQUIPMENT LOCATION. Water treatment equipment shall be installed above grade, except that it may be installed in a properly drained residential basement, cellar, or other approved structure. Any accessory building shall comply with applicable requirements of zoning and building codes.

3.4 POOL DIMENSIONS

3.401 DECK. A walkway or deck of concrete or other approved impervious material shall be constructed around the perimeter of the pool and shall be at least three (3) feet wide. (See Section 3.405)

3.402 SLOPES. The slope of the bottom of any part of a pool in which the water is less than five (5) feet and one-half (5 1/2) feet in depth shall not be more than one (1) foot vertically in each eight (8) feet horizontally. The top three (3) feet of all side and end walls shall be vertical or shall have an outward batter not to exceed six (6) feet vertically to one (1) foot horizontally, except to comply with Section 3.304.

3.403 DIVING BOARD OR PLATFORM. There shall be at least eight (8) feet clearance between the end of any diving board or platform and each side wall of the pool. The end of the diving board or platform shall project over the water three (3) feet from the deep end wall;

except that a rigid platform having approved railings may have a projection no less than thirty (30) inches. Diving structures shall be securely anchored and shall have at least thirteen (13) feet unobstructed headroom for at least eight (8) feet horizontally over the water surface from all parts of the diving surface.

3.404 WATER DEPTHS FOR DIVING. No diving board or platform shall be installed except in accordance with the following limits:

Maximum distance above water (inches)	Minimum Depth (feet)
Deck level	18 8
Residential	30 8
One (1) Meter Diving Area	39.37 8.5
Distance from Diving Wall to Maximum Depth (feet)	
Transition (feet)	
10	10
11	11
12	12

3.405 DEPTH MARKINGS. If a diving board is installed, there shall be at least one depth marking on the deck or wall of the pool above the water line indicating greatest depth in feet.

3.406 LIFELINE ANCHORS. Recessed, lifeline anchors shall be provided in the walls of the pool at the floor slope transition point.

3.5 CIRCULATION SYSTEM.

3.501 PIPING. Pool piping shall be sized to permit the rated flows for filtering and filter backwash without exceeding the maximum head at which the pump will provide such flows. The water velocity in the pool piping shall not exceed ten (10) feet per second in pressure piping and five (5) feet per second in suction piping at design flows.

Pool piping below grade shall be installed so as to be removable without cutting through concrete, steel, or other similar materials.

3.502 INLETS. The minimum number of filtered water inlets shall be determined as follows:

Number of Inlets	Pool Perimeter (in feet)
1	Up to 120
2	121 to 240

Each of the minimum required water inlets shall be at least ten (10) inches below the highest overflow line and at least ten (10) feet from any other inlet or from any skimmer, unless otherwise approved by the Enforcing Official.

3.503 OUTLETS. One or more outlets shall be placed at the deepest point in every pool for circulating the pool water and for draining the pool. The effective area of the drain grating shall be at least four (4) times the area of the outlet pipe.

3.504 OVERFLOWS. Unless a continuous overflow weir and gutter is installed around the pool, one or more surface skimmers shall be provided. There shall be one skimmer for each eight hundred (800) square feet or any fraction thereof, which shall operate continuously while the pool water is being circulated and which shall automatically adjust for vertical variations in the water level of three (3) inches or more. A noncorrosive basket strainer accessible from the deck of the pool shall be an integral part of the surface skimmer mechanism. All skimming devices in a pool with a maximum depth exceeding five (5) feet shall be recessed or flush with the wall of the pool.

3.505 VALVES. A flow reducing valve shall be installed on the discharge side of the pump. Valves shall be installed wherever necessary for proper operation and maintenance of the circulation system. Provision shall be made for draining the filtration equipment.

3.506 PUMPS. The pump shall have sufficient capacity at maximum anticipated hydraulic head to circulate the pool volume each twelve (12) hours and to supply the required backwash rate to any one filter. Unless hydraulic analysis demonstrates otherwise, each pump shall supply the required filtration rate at a total head of at least fifty (50) feet for any sand or anthracite filter system and sixty (60) feet for a diatomite filter system. The motor horse-power rating shall be determined for maximum total head conditions at a twelve-hour (12-hour) pool volume turnover time.

3.507 STRAINER. A pump connecting to a pressure filter shall be equipped on its inlet side with a noncorrosive hairy line strainer. The ratio of the open area of the suction piping shall be at least four (4) to one (1).

3.508 GAUGES. A pressure gauge of appropriate range shall be installed on the piping between the filter (s) and pool unless otherwise approved by the Enforcing Official.

3.6 FILTERS.

3.601 SIZE AND FEATURES. (a) One or more filters shall be provided. (b) The total effective filter area in square feet shall be at least equal to the volume of the pool in gallons divided by 2160 (3 gallons per minute per square foot for 12-hour turnover).

Each filtering system shall be provided with a sight glass or visible discharge. The inflow media surface in a manner which prevents direct turbulent discharge against the media.

(c) All pressure filters shall be equipped with an air release at the high point in the system. If an automatic device is installed for this purpose, there shall be a manual valve for testing its effectiveness.

(d) The shell containing the filter media or elements shall be constructed so as to provide satisfactory strength and freedom from corrosion, and shall be installed in a manner to prevent settling or upset.

(e) All filters approved by the Enforcing Official shall be equal in performance to the sand, anthracite, and diatomite filters described in this Ordinance.

3.602 SAND FILTERS. Each pressure sand filter shall be provided with backwash water at a minimum rate of twelve (12) gallons per minute per square foot of effective surface area.

(b) Filter sand shall be uniformly graded silica material, with effective particle diameters between .045 and .075 millimeters and with uniformity coefficient less than 1.75. The sand shall be free of clay, organic matter, and water-soluble material and no less than twenty (20) inches in depth, with a twelve inch (12-inch) or greater freeboard.

(c) Graded gravel or crushed anthracite shall be used to support the filter media and shall be free of organic and water-soluble material. It shall be graded by size and separately leveled in layers. The total depth of the graded gravel shall not be less than sixteen (16) inches.

3.603 ANTHRACITE FILTERS. (a) Each anthracite pressure filter shall be provided with backwash water at a minimum rate of twelve (12) gallons per minute per square foot of effective surface area.

(b) The top twenty (20) inches of crushed anthracite filter media shall be uniformly graded with effective particle diameters between .060 and .080 millimeters and with uniformity coefficient of less than 1.75. The anthracite shall be composed of hard and durable grains, free of iron sulfides, clay, shale or dirt. There shall be minimum of a twelve-inch (12) freeboard.

(c) Graded gravel or crushed anthracite shall be used to support this filter media and shall be as specified in Section 3.602 (c).

3.604 DIATOMITE FILTERS. Diatomite filters shall be provided with backwash water at a rate adequate to cleanse all filter aid from the elements. A precoat funnel or other feeding device shall be provided.

3.605 SUCTION CLEANER. There shall be a suction cleaner outlet connected to the pump section piping between the pool and the hair and lint strainer, to permit use of a suction cleaner or other acceptable device for cleaning the entire pool area.

ARTICLE IV

4. OPERATION, MAINTENANCE AND REMOVAL.

4.1 OPERATION

4.101 GENERAL. Pools and pool equipment shall be operated and maintained in a manner which will not create health or safety hazards or any public nuisance.

4.102 SUPERVISION. The pool shall be so supervised that safety hazards are not created. The gate (s) must be locked when pool is not in use.

4.103 DISINFECTION. Proper germicidal levels shall be maintained at all times during pool usage to protect the health of users. A chlorine residual of 0.3 to 0.5 parts per million shall satisfy this requirement. Other disinfecting agents than chlorine may be used if approved by the Enforcing Official.

The hydrogen ion concentration (pH) of the pool water shall be maintained between 7.2 and 7.6. Testing devices capable of accurate measuring pH and chlorine residual or other disinfectant shall be available.

4.104 RESCUE DEVICES. A rescue pole, hook, or similar device shall be available within the pool enclosure.

4.105 WATER RESTRICTIONS. The filling of swimming pools from the public water supply shall be regulated the same as lawn sprinkling.

4.106 DRAINAGE RESTRICTIONS. No swimming pool shall be drained to a sewer during a period of heavy rainfall if such drainage would contribute to overloading the sewer.

4.2 MAINTENANCE. Any swimming pool which is not maintained to the minimum standard established by this ordinance shall be placed out of use by the owner after a notice by the Enforcing Official itemizing the corrections needed. Upon failure to correct the item or items cited, the pool may be ordered removed in accordance with Section 4.3 of this Ordinance.

4.3 POOL REMOVAL. Upon discontinuing the use of a pool, the owner thereof shall forthwith remove all water therefrom and shall remove and/or fill the structure or excavation with earth level to grade or otherwise make the premises safe.

ARTICLE V

5. EXISTING POOLS.

5.1 APPLICATION FOR INSPECTION, APPROVAL. Within sixty (60) days after the effective date of this Ordinance, all owners or such other persons as may have legal control over any existing swimming pool shall apply for an inspection by the Enforcing Official. If this inspection reveals that the pool complies with Section 3.101 (c), 3.103, 3.201, 3.202, 3.203, 3.302, 3.303, 3.306, 3.307, 3.061 (a) and Article IV of this Ordinance, the Enforcing Official shall issue a written approval of same, and thereafter such existing pool shall be in all respects subject to the provisions of this ordinance.

5.2 NONCOMPLIANCE AND ENFORCEMENT. If the Enforcing Official shall find that any existing swimming pool does not conform to any one or more of the Sections enumerated in Section 5.1 of this Ordinance, then the owner or persons in legal possession shall be given sixty (60) days to make such corrections as directed by the Enforcing Official. If after the sixty (60) days have expired and the recommended corrections are not made and completed, the Enforcing Official shall take such action as may be deemed necessary to enforce the provisions of this Ordinance as in any other case of non-compliance.

ARTICLE VI

6. PENALTIES, REPEAL, SEVERABILITY, EFFECTIVE DATE.

6.1 PENALTIES. Any person, firm, association, co-partnership or corporation who violates any provisions of this Ordinance shall be deemed guilty of a misdemeanor and, upon conviction of such violation, shall be punished by a fine not to exceed the sum of One Hundred Dollars (\$100.00) or by imprisonment not to exceed ninety days (90), or by both such fine and imprisonment, at the discretion of the Court. Each day any such violation shall continue shall constitute a separate offense. In addition, any unsafe, improper, or incorrect installation, operation, maintenance, or use so defined in this Ordinance shall also constitute a violation hereof, and the Enforcing Official may, in addition to the penal provisions, abate such violation by means of a court action.

6.2 REPEAL. Ordinance No. 8 being the Northville Township residential swimming pool ordinance adopted on the 6th day of May 1958 is hereby repealed.

6. SEVERABILITY. Should any provisions or sections of this Ordinance be held invalid for any reason, such holding shall not be construed as affecting the validity of any of the remaining portions hereof, it being the intent that the remaining portions shall stand not withstanding the invalidity of such provisions or sections.

6.4 EFFECTIVE DATE. This Ordinance is hereby declared to be immediately necessary for the preservation of the public health, welfare and safety and is hereby ordered to take effect thirty (30) days after final enactment and publication.

Northville Township Board
By George L. Clark
Supervisor

COUNTERSIGNED:
By: Marguerite Northup, Clerk
By: Marguerite Northup, Clerk
of the Township of Northville
do hereby certify that the above ordinance was approved and adopted by the Northville Township Board at the regular meeting thereof, held on the 5th day of July A.D. 1961 and was ordered to be given publication in the manner prescribed by law.

Marguerite Northup, Clerk

Out of 1 Tourney And into Another

Knocked out of one tournament, the Class E Northville Recreation squad is trying another.

The Livonia Redlegs ripped the locals, 4-2, last Sunday to take the two-of-three series in the opening playoffs of the Livonia Class E recreation tourney.

Their inability to hit cost Northville the game. They still didn't scare Roseville at Ecorse Tuesday morning in the opener of the Inter-City tournament in Detroit when they used six hits to win 3-1.

Yesterday morning, the locals went back for the second game and if they win, they play for the championship this morning in Detroit.

The backbone of the team, Eric Peterson, threw a five-hitter against Roseville, exhibiting near perfect control as he walked only one batter.

For the Inter-City competition, the locals picked up three more players including Dave Cummings of the Novi Flyers.

Some hard luck cost Northville the opener of the Livonia tournament. Leading by a scant 10 margin going into the seventh inning, Peterson walked a man and gave up two hits while his mates committed an error to allow four runs in and give the Redlegs the win.

Up to this time, Peterson gave up just one hit.

The second game was different all the way around. Both

Pef-Doll Tomorrow

Water Carnival Ends Program

An all day water carnival next Wednesday will wrap up this summer's recreation program as the final list of events reach a climax tomorrow and Monday.

To be held at Groomes Beach on Whitmore lake, the carnival features races, diving contests and loads of fun in the water. Buses will load at 9 a.m. at Amerman and Main street schools and make the customary pickups along Seven Mile road on the way to the beach. Swimmers are asked to pack a lunch or bring the necessary funds for a meal.

Indians Win 2 Take Lead by 1/2

Knottville baseball and softball winds up its action this week with games for the softballers this morning and for the baseballers tomorrow morning.

Baseball action last week was sabotaged by rains. In softball play, however, the Lions strengthened their hold on first place by winning two games. They have a 7-2 mark, good for a game-and-a-half edge.

The Cubs and Colts were the losers. The Cubs fell, 1-11, while the Colts were controlled by a 19-5 score. Jim and Charles Fox, John McIntosh and Mike Reed were the big hitters in the two games.

Tied for second are the Panthers and Tigers. The Panthers ripped the Colts, 18-4, scoring 12 runs in the first two innings, but lost a 6-4 game to the Bears.

The Tigers won two — 9-5 from the Bears and 7-3 from the Cubs. They had 15 hits against the Bears while Eric Stein's four straight singles paced the win over the Cubs.

Season Opens

Michigan's season on woodcock will again open with the ruffed grouse season in each zone while rails, gallinules and jacksnipe will be fair targets during the waterfowl season. Bag limits for these migratory birds will remain unchanged.

Year-Round Stink

Skunks were placed open to year-round hunting and trapping throughout the state, according to a recent law enacted. The measure is designed to curb skunk damage complaints which have risen 88 percent since 1958 and rabies cases which also have increased among these animals in recent years.

All's Well That —

Roy Rice singled three times to drive in five runs last Tuesday night to pace the Class D Northville recreation team to a last-inning 6-5 win over the Plymouth Optimists.

The game was the final one of the season for the locals and represented a happy ending to an otherwise sad campaign. Their record was 3-9, good for a tie for the sixth spot in the seven team loop.

Rice's third single was the biggest one. It came in the last inning with one out and Dave Hay on third base via a triple run single. They used a combination of three walks and an error for the tallies.

Plymouth bounced back with five in the fifth to tie things up, setting the stage for Northville's uprising.

Northville blew a five run lead they had built in the third and fourth innings. They scored twice in the third on singles by Jeff Crawford and Rice, a walk and a sacrifice hit.

In the fourth inning, Northville had but one hit for their three runs. That was Rice's two-

Justice-Court Action Here
A Northville woman who permitted her dog to run loose in violation of a city ordinance was assessed \$10 cost by Justice Charles McDonald in court action last week.
Mrs. Mary O'Meara, 226 Linden street, was also instructed to pay \$8 in doctor bills for treatment of a child her dog bit in June.
Justice McDonald, in other action, penalized Cecil Molands, 4787 West Seven Mile road, \$10 cost for failure to appear for a traffic violation he was issued in January when he neglected to stop at a stop sign.
Pat McCracken, of Maybury sanatorium, was fined \$10 and \$5 cost when he was found guilty of disorderly conduct by reason of indecent exposure.
Novi Justice Robert K. Anderson, presiding in the absence of Justice Charles McDonald, sentenced Dennis Madigan, 19, of 4277 East Eight Mile road, and Charles E. Klocke, 19, of 45601 West Nine Mile road, to 20 days in the Detroit House of Correction on conviction of disorderly conduct in a public place.
Both were also ordered to pay \$25 court costs.
Madigan and Klocke, who entered pleas of not guilty, were involved in a disturbance at Bel Nor drive-in late in June.
In other action:
— Thomas Darrow, Warren, Indiana, convicted of vagrancy and sentenced to 15 days in DeHoCo. Darrow was found sleeping in one of auto dealer Gib Bergstrom's new cars.
— Thomas Joseph Lang, 8915 Middlebelt, Livonia, placed on six months' probation and fined \$50 for reckless operation and \$50 for resisting arrest. Lang was involved in an accident at Northville and Seven Mile roads last Wednesday night. He was also told to pay \$100 restitution to the driver of the second car.
— Donald M. Palmer, formerly of 613 Novi avenue, fined \$10 for disturbing the peace.
— Charged as a disorderly person, William O. Abdan, 38035 South Huron road, New Boston, received a \$25 fine. Abdan caused a disturbance at the Sheldon road entrance to the Northville Downs barn area.
Justice McDonald presiding at a July 20 court session:
— Fined Charles G. Forbes, 228 Church, \$15 and \$10 cost after finding him guilty of disturbing the peace with excessively loud mufflers.

Wayne County 4-H Fair At Belleville Tuesday
The Wayne County 4-H 15th Annual Fair will open its doors Tuesday, August 15. The fairgrounds are located on Quirk Road, just off the expressway north of Belleville.
Some 2000 4-H members of Wayne County clubs will exhibit a full line of their projects including pleasure horses, beef cattle, dairy cattle, sheep, swine, poultry, vegetables, clothing, foods, flowers and handicrafts. This is truly an agricultural fair in a metropolitan area.
The visitors at the 1961 fair will be greeted by a new merchants display building which is a 60 x 152 foot building with clear-span, glue and nail trusses, masonry wall and aluminum roof. This building will house 56 commercial exhibits.
Home cooked meals will be served from the modern home economics dining hall.
Evening entertainment for this year's fair will be as follows:
Tuesday: Plymouth Community Band, novelty acts, singers, dancers and fireworks.
Wednesday: Romulus Community Band, HiYo the clown, formerly of Ringling Bros. Circus; Ozark — the talking mule; trained dogs, talking pony, Hiny race, with audience participation.
Thursday: Al Nalli trio, Fred Kendall — soloist of WJR, Guy Gibbey "Superman" — will perform acrobatics, balancing, cham breaking, 20 man tug-of-war, and other strength feats.
Friday: Johnny Ginger, Terry Sisters, acrobatic dancing, music, stunts.
Saturday: Annual 4-H Horse exhibition consisting of trick riding, mounted square dance.

South Lyon Goes West
Preparations for the annual South Lyon Frontier Days celebration on Friday and Saturday have been completed, officials have announced.
According to the South Lyon Chamber of Commerce, the two-day celebration will be the biggest, most exciting in the history of the city.
As has been the custom in past years, merchants will move store bargains to the sidewalk, merchants, civic groups, and youth and adult organizations will sponsor street booths, and everyone will be treated to barrels of fun, say Chamber officials.
Among the special events will be a Saturday morning parade, a teenage dance, a pie-eating contest, a Dunk O' Bozo booth, and a performance by the Kalide-A-Scopes of Brighton.

You Can Get 35c Refund On License
Michigan vehicle owners who paid \$1,048,782.35 in 35 cents re-licensing fees on 2,996,521 transactions can now get a credit voucher applicable on their 1962 car license plates.
Secretary of State James M. Hare announced today that re-licensing refund cards have been distributed to 250 Michigan Department of State branch offices in all 83 counties.
"All that the vehicle owner who wishes to have a 35 cent credit on his 1962 plates need do is to fill out a simple 7 by 3 1/2 inch canary-colored card and turn it in to the nearest branch office or mail it in to the Department of State in Lansing," Hare said.
The information needed is simple: The license plate number on which the credit is claimed, the amount claimed, and the name of the registered owner.
Each card will be checked with records in Lansing, and if the information is correct it will be validated and returned to the vehicle owner. On or after November 1, 1961 when new plates go on sale the refund card will be good for 35 cents on a set of 1962 plates. No cash refunds are authorized.
Hare gave an example to show how the refund system works: If a person has an auto on which the State would normally collect \$12.25, the car owner will pay \$11.90 in cash and his 35 cent refund card.
"For the sake of governmental efficiency and economy I am today urging all persons who want a 35 cent re-licensing credit to apply for it during August and September."

Obituary
Mrs. Sabine Wojcik Clark, funeral services are to be held today (Thursday) for Sabine Wojcik Clark, 58, who died Sunday, August 6 at her home at 40500 West Twelve Mile road, Novi. The procession will start at about 9 a.m. from Spencer J. Heeney Funeral home in Farmington with a 10 a.m. requiem mass at St. William's church, Walled Lake. The Reverend Father John Hoar will officiate. Interment is to follow at St. Hedwig's cemetery in Detroit. Mrs. Clark is survived by her husband, Marcus E., of the Novi address; children, Jane, Elizabeth and John, also of the Novi address, and Mrs. Marianne Willman, of Farmington; sister, Adele, Royal Oak; brothers, Mitchell, Clio, and Cass, Louis and John, Detroit; and one grandson, A. native of Poland, where she was born November 1, 1902. Mrs. Clark lived in Detroit before moving to Novi 9 years ago. She was a member of St. William's church and the Rosary Altar society of the church. Her death followed a long illness. Mrs. Clark's family has requested that in lieu of flowers donations in her name be made to the Heart Fund.
WALTER L. LAUDON
Funeral services were held from Our Lady of Victory church at 9 a.m. Monday for Walter L. Laudon, 49, of 19355 Pierson drive. Burial was to be held today (Thursday) in New Ulm Catholic cemetery, New Ulm, Minnesota. Rosary was

THE DISPENSATIONS
"God has spoken to different people, in different ages, under different agreements". This is a primary rule in understanding your Bible. Many people see the Bible as being one book to all people and therefore find it hard to understand God's ways. Personally I believe God has changed His covenant with man six times since Adam and there is still another age to come before this earth will be destroyed by fire. Two major dispensations are: the "Dispensation of Law" and the "Dispensation of Grace". Beginning with Exodus 20 to the death of Christ, God deals with the Jewish people in the law given on Mt. Sinai. It contains the moral law (Ten Commandments) the ordinances, governing the religious life, and the statutes, having to do with civil affairs. Beginning at the cross and until Jesus comes again is the "Age of Grace". Many things written in the dispensation of law have nothing to do with us under grace. We are under an entirely different covenant. We have no ritualism, no visible symbols (apart from Baptism and the Lord's Supper). According to John 4:24 it is wholly a worship of the spirit of man with the invisible Spirit of God. Therefore salvation is the free gift of God and is received by faith during this Age.

To Operate License Bureau in Novi Hall
Within a month, Novi village residents will be able to get new and renewed drivers licenses in Novi.
The new service was assured for the community Monday night when the council authorized Village Coordinator Harold Ackley to arrange for the Oakland County Sheriff's department to come to Novi on alternate weeks with Walled Lake.
Ackley said he would work with the Walled Lake police department on the matter. An earlier discussion with the Sheriff's department gained a "no" answer because of the sheriff's lack of sufficient personnel.
Ackley said Walled Lake would not object to the alternate weeks setup and felt the county would go along with the idea.
There will be no cost to the village. But it must provide the room and one of the village police officers must give the road test. The written test and other paperwork is handled by the county.
Youth Drowns
A 14-year-old Wayne boy drowned in Loon Lake last Wednesday while skin-diving. He was Steven Senninger. His brothers failed to revive him with artificial respiration after recovering his body in eight feet of water.

Obituary
said Sunday evening at Casterline, funeral home. Mr. Laudon, a local resident 18 years, died August 4 at St. Mary's hospital in Livonia. His health had been failing the past two years. He is survived by his wife, Agatha, of the Pierson drive address; his father, John Laudon; and a sister, Miss Salome Laudon, of Highland Park. Mr. Laudon was an employee of Lyon Incorporated, Detroit, and was a member of Our Lady of Victory church, Holy Name society and Plymouth Knights of Columbus. He was a native of New Ulm, Minnesota, born there December 11, 1911 to John and Mary (Mages) Laudon.

Salem Farmland Soon to Become Golf Course

Golfers will be swinging for distance come next spring when a huge, new 18-hole golf course opens in Salem township.

The course, laid out on 185 acres of gently rolling farmland at the southwest corner of Six

Mile and Currie roads, will be called Salem Hills at tee-off time next June.

Although the owners, Hiram F. Godwin & Son, are still uncertain as to whether or not the course will be public

or private, a couple of things are certain: Salem Hills will be one of the finest and perhaps the toughest course in the Western Detroit Metropolitan area.

A complex water system, al-

ready laid beneath the still sod-less course, will provide season-long watering of both greens and fairways. Three separate tees, one for regular competition, one for women and another for tournament play, will be

constructed.

Golfers playing the regulation tees will tramp over 6,462 yards of fairways and greens — not including slices and hooks. The women's distance is 6,025 yards. And for those skillful enough to try the "back" tees, there will be 7,047 yards of walking.

Although par for the course has not yet been established, individual hole distances would indicate at least a couple of par 5 holes, and some pretty long par 4 holes. For example: the fourth hole, which shoots between a corridor of trees, is 495 yards away; the straight-away ninth is 510 yards; the slightly doglegged 10th is 490 yards; and the fairly straight 15th is 475 yards. (These yardages are from the regulation tees).

The 415-yard 13th, according to Horace F. Godwin, is certain to be the toughest of the 18 holes. After negotiating a slight dog-leg to the right,

the golfer will be shooting to a green surrounded on three sides by water and by trees on the remaining side. And to make scoring even tougher, a large trap with a 10-foot high bank sits just beyond the water and just in front of the green.

But what the course lacks in "easy" holes (the shortest is the 135-yard 14th), Godwin plans to make up in beauty.

The Godwins are life-long grass farmers — they own several area grass farms including the farm near South Lyon on 10 Mile — and they plan to use their specialized skills in covering the course with grass. The greens will be seeded about the middle of next month, and the fairways and rough about the first of September.

Under construction since last November, the course includes a 1½-acre artificial lake that already contains

some water. Clubhouse facilities will be temporarily housed in a farm house on the property at the outset, Godwin said.

By 1963 the owners hope to have rebuilt and completely modernized a barn located on the property. Drawings indicate that this building will contain locker facilities for 300 men and 150 women, a pro shop, kitchen, dining room, and eventually, private dining rooms on the second floor.

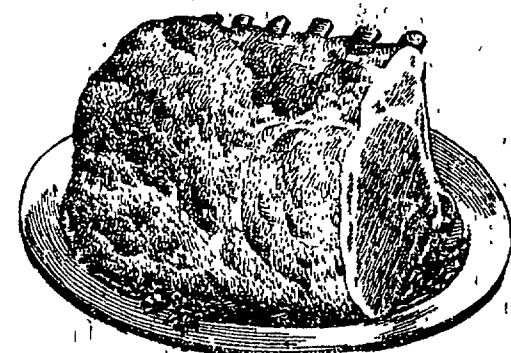

Also by 1963, the owners plan to install a practice green and a driving range.

Salem Hills, laid out by a nationally known golf course architect, Bruce Matthews, is situated far enough back of Six Mile and Currie road to permit eventual construction of one row of new houses along both roads. These houses, according to the owners, will face the golf course, not the existing roads.

SALEM HILLS Golf Course
 — The picture above shows a section of what will be the 18th fairway on the huge, new golf course currently under construction in Salem township. The course is expected to be opened next June. The house in the background will be used temporarily at the outset as the clubhouse facility. Eventually, the barn will be completely remodeled and used for modern clubhouse facilities.

FROM WILLOWBROOK . . .

Mrs. George Ames
GR 4-0830

Harriet Guenther, Audrey Greenwald, Karen and Kevin Greenwald, Eleanor Freytag, Kathy, Sharon and Don Freytag, Ruth Ambinder and her son, Richie and Pat Pinner and her children Valerie, Vicki and Mike spent Thursday at Burrough's Farm, enjoying a picnic and swim as guests of Betty LeBault.

Mr. and Mrs. William Smelt

Mr. and Mrs. Albie LaBarge, of E. LeBost, took their two children, David and Geri Anne, to Grand Haven, over on Lake Michigan, for their recent vacation.

Mr. Kenneth Goyt of N. Mc Mahon Circle, organized a surprise birthday party for his wife, Mary Jane, last Saturday evening. Their guests included Mr. and Mrs. Robert Woodard of Flat Rock, Mr. and Mrs. Luther Nickerson of Inkster, Mr. and Mrs. Ed Taylor of Garden City, Mr. and Mrs. Ed Wasinski, of Garden City, Mr. and Mrs. Raymond Goyt of Farmington, Mr. and Mrs. Herman Goetting of Detroit and Mr. Robert Pohlman and Mr. Donald Richmond, both of Willowbrook.

The Farmington Elks Club had a picnic at Mathews Farm near Walled Lake Sunday. Mr. and Mrs. John Lees, Mr. and Mrs. William Hawk, Mr. and Mrs. Raymond Stroutson and Mr. and Mrs. George Ames were among those who attended from Willowbrook.

Mr. and Mrs. Robert Driscoll have returned from a two week trip through the east. Their children Jim and Janet, who have been staying in St. Cloud, Florida, with their grand-

parents, Mr. and Mrs. Joseph Rollinson, flew back from Florida last Thursday.

Mr. and Mrs. Warren Conklin and their daughter, Janice, spent their three weeks vacation at the sea shore in Lavallette, New Jersey.

Mr. and Mrs. Robert Radtke and their children Ronnie and Kathy, spent last week at a cottage near Port Austin, Michigan.

Mr. and Mrs. William Beadle of Longhorn, Pennsylvania, is spending a few days here visiting her son-in-law and daughter, Mr. and Mrs. Ed Frutchey.

Laura Beadle, daughter of Mr. and Mrs. William Beadle of Border Hill, is home after a stay in Children's hospital. She is recovering from pericarditis.

Vi Myers joined Mary Matthews at Ranucis for lunch Tuesday.

Mr. and Mrs. George O'Neal and their children Tommy, Carol, Martha and Kathy, spent last week camping in Canada.

Judy Morse, daughter of Mr. and Mrs. Jack Morse, spent four days here last week visiting her aunt and uncle, Mr. and Mrs. Ralph Morse.

17-Notices

NOTICE — Due to increased volume, beginning August 14, 1961, Dairy cows will be sold at 12:30 p.m. sharp. All cows to be tested must be consigned by 11 a.m. Please plan to consign all other stock 1 to 1 1/2 hours earlier than in the past. Sale Labor Day as usual. Howell Livestock Auction.

1949 CHRYSLER sedan, abandoned. To be sold at public auction by the Northville Police Dept. Friday, August 11 at 10 a.m. at the City Hall.

ONE MAN Art exhibit Sat. Aug. 12, 9 a.m. to 8 p.m. Located on So. Main corridor of Wing, Plymouth, one and a half blocks so. of Mayflower hotel. Large selection of clipper ships. New three-dimensional style. For information contact Al Clark, 736 Church, GL 3-5551.

Mr. and Mrs. Robert Driscoll have returned from a two week trip through the east. Their children Jim and Janet, who have been staying in St. Cloud, Florida, with their grand-

parents, Mr. and Mrs. Joseph Rollinson, flew back from Florida last Thursday.

Mr. and Mrs. Warren Conklin and their daughter, Janice, spent their three weeks vacation at the sea shore in Lavallette, New Jersey.

Mr. and Mrs. Robert Driscoll have returned from a two week trip through the east. Their children Jim and Janet, who have been staying in St. Cloud, Florida, with their grand-

parents, Mr. and Mrs. Joseph Rollinson, flew back from Florida last Thursday.

Mr. and Mrs. Warren Conklin and their daughter, Janice, spent their three weeks vacation at the sea shore in Lavallette, New Jersey.

Mr. and Mrs. Robert Radtke and their children Ronnie and Kathy, spent last week at a cottage near Port Austin, Michigan.

Mr. and Mrs. William Beadle of Longhorn, Pennsylvania, is spending a few days here visiting her son-in-law and daughter, Mr. and Mrs. Ed Frutchey.

Laura Beadle, daughter of Mr. and Mrs. William Beadle of Border Hill, is home after a stay in Children's hospital. She is recovering from pericarditis.

Vi Myers joined Mary Matthews at Ranucis for lunch Tuesday.

Mr. and Mrs. George O'Neal and their children Tommy, Carol, Martha and Kathy, spent last week camping in Canada.

Judy Morse, daughter of Mr. and Mrs. Jack Morse, spent four days here last week visiting her aunt and uncle, Mr. and Mrs. Ralph Morse.

HOW CHRISTIAN SCIENCE HEALS
Station 1400 K.C. Sunday
Also on CKLW at 9:45

FIRST CHURCH OF CHRIST, SCIENTIST
1100 West Ann Arbor Trail
PLYMOUTH, MICHIGAN

Sunday service 10:30 a.m.
Sunday school at same hour.
Wednesday evening service, 8 p.m.
Reading room in church edifice open daily except Sunday and holidays, 11:30 a.m. to 5 p.m.; 7 to 8 p.m. Wednesday and 7 to 9 p.m. Friday.

Mankind's need for a spiritually meaningful set of values will be brought out at Christian Science services this Sunday.
Keynoting the Lesson-Sermon on "Soul" is the Golden Text from Psalm 62: "My soul, wait thou only upon God: for my expectation is from him. He only is my rock and my salvation."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this passage will be read: "Mortals must gravitate Godward, their affections and aims grow spiritual, — they must near the broader interpretations of being, and gain some proper sense of the infinite, — in order that sin and mortality may be put off" (p. 265).

A citation to be read from the Bible, (Matt. 16), states: "For what is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?"

Electronics Degree Leads to Missile Job

Dennis Ferguson

Dennis C. Ferguson, 20, 110 Maplewood, Northville, has been awarded an associate degree in Applied Science for successfully completing a 96 week training program in Electronic Technology and Design at the Chicago laboratories of DeVry Technical Institute — one of the nation's largest and best-equipped Electronics training centers.

J. J. Gershon, Director of DeVry Tech's laboratory training, in making the award, said: "Today's specialist, particularly the person trained in Electronics, is in a position to work in some of the most challenging and profitable opportunities I have been privileged to see. I congratulate you on choosing a career in such a promising field as this."

Dennis is the son of Mr. and Mrs. Clyde Ferguson. He has accepted a position as missile field test technician with Convair Astronautics in Salina, Kansas.

John A. Crusoe

Undergoing three weeks of amphibious warfare training at the Little Creek Naval Amphibious Base, Norfolk, Va., is midshipman second class John A. Crusoe, son of Mr. and Mrs. Claude A. Crusoe of 43180 W. 9 Mile road, and a student at Marquette University.

The busy schedule for the 750 midshipmen from various eastern colleges and universities includes classes on techniques of amphibious warfare and practical work in the use of amphibious equipment.

Four days will be spent aboard ship conducting drills and an amphibious assault to top off the training.

from the PASTOR'S STUDY

The Rev. Peter Nieuwkoop, Pastor,
First Baptist Church, Northville

THE DECAY OF CHRISTIAN PULPITS

There was a day when attacks upon the Bible and arguments against the historic doctrines of our faith were set forth only by infidels and atheists. This is no longer true for many preachers in the pulpits of our lands no longer believe what their denominations profess to stand for in their articles of faith. To prove this let me give you a report on 1500 questionnaires sent out by the Reverend Peter Elgerveldt of the Christian Reformed Hour. These were sent to preachers of various denominations.

Fifty percent of them did not believe in the existence of a personal devil. Yet, Jesus did, and explained in detail of an encounter with him.

Sixty percent of them did not believe in the existence of angels. Yet, Jesus con-

stantly referred to them and accepted their ministry in the Garden of Gethsemane.

Eighty percent of them denied the existence of hell. Yet, Jesus gave more information in the Gospels on hell than any other writers in the Old or New Testament. To deny the existence of a hell of fire is to contradict Jesus Christ.

Seventy-three percent said they did not believe a spiritual birth necessary to go to heaven. Yet, Jesus taught "Except a man be born again he cannot enter into the Kingdom of God" (John 3:5).

Eighty-nine percent said they did not believe in the virgin birth of Christ. Yet, Jesus Christ's whole claim of deity was based upon it.

Eighty-six percent said there was no need for the shed blood of Christ. Yet, Jesus contended that His blood was

the only acceptable payment for our sins.

Now I place this before you that you might be informed on the trend in churches since the turn of the century. This ought to cause members of churches to be concerned and careful in the selection of a pastor or speakers for their pulpits.

It is absolutely in order for elders or deacons of pulpits committees to question candidates or speakers on these important issues. What right has a man to be in the pulpit who denies what the Bible plainly teaches? If he doesn't believe the Bible, he ought to get out of the pulpit for he has no basis or authority for anything he might say.

These men seldom clearly reform their congregations that they do not believe these historic Christian doctrines.

Usually they steer clear of these subjects in their preaching. They preach rather upon neutral subjects from the Bible, or resort to fables and travelogues for their messages. Frankly, I am alarmed at the trend and the gullibility of passive church members who support what they actually do not believe. There is an underground system of unbelief in our churches (no denomination exempt) that is more akin to atheistic communism than to Christianity. It's high time we investigate our leaders and denominations. The true man of God has nothing to hide and would welcome such inquiry! The man who has something to hide will squirm and yell "intolerance" as they have in the Senate investigation of un-American activities.

Elks Plan Sixth Picnic

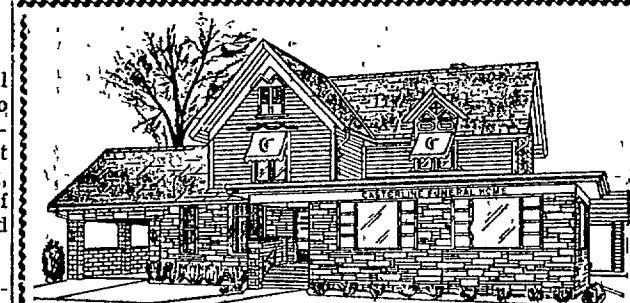

The Farmington Elks Lodge will hold its sixth annual picnic on Sunday, September 10, at Walled Lake Amusement Park, according to Fred Curcio, Picnic Committee Chairman.

Plans are now being formulated for the program and games for the children. The Vivians Club will serve food if you do not wish to bring a picnic lunch. All Elks and their guests are invited.

Goodwill Pickup

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pick-up, call the Local Goodwill representative Maybury Men's Club, telephone number FI 9-2682 or ask the operator for toll-free Enterprise 7002.

IT PAYS TO READ THE CLASSIFIEDS

WHO does not marvel at the flight of a bird? The roaring jet does not seem such a miracle. It cannot fly with the same grace and beauty and ease.

Every bird must learn to fly. The mother bird pushes her fledgling out of the nest. The young bird falls helplessly until its wings discover the invisible support of the air.

If our lives are to rise beyond frail human nature, we too must learn to fly... on wings of faith. We must discover the invisible support of God's presence and power.

Come to Church next Sunday. You can find there the invisible support of God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	91	1-8
Monday	Psalms	91	9-16
Tuesday	Isaiah	40	27-31
Wednesday	Matthew	9	18-26
Thursday	Hebrews	11	1-6
Friday	1 Peter	1	3-9
Saturday	1 Peter	1	17-25

Why Industry Moves South

Babson Park, Mass., Many cities wonder why new factories do not start in their area, and why so many are moving South.

One trouble is that old industries are dying faster than the area can get new ones. In my estimation, all of the northeastern states are suffering from high labor costs due to rampant unionism; high state taxes; overpopulation; too great a distance from raw materials; leftists who want to spend before they earn; workers who don't want to work and don't respect their employers; state and local officials unfriendly to industry; and lack of a desire to help newcomers.

Already six states in the South have solved their problem, but all needed to amend their state constitutions. These have been drawn to protect the holders of tax-exempt bonds within their states.

Times have changed, — and we now must choose between giving a monopoly to present holders of tax-exempts or aiding the unemployed. Also, owing to the new Congressional mortgage legislation, we have the U.S. Government guaranteeing 40-year mortgages at 5% interest!

We all are acquainted with non-taxable Revenue Bonds for building highways. The holder of such bonds is dependent upon the toll receipts for his interest. If enough people use the new highway full interest is paid, but not otherwise. At first leading investment bankers objected to such Revenue

Bonds; but finally they accepted them and the bonds sold freely. Of the hundreds of millions worth of bonds issued, only one (that put out by West Virginia) has defaulted.

Now certain cities in the South are issuing such Revenue Bonds to provide funds for new industries. They are tax-exempt and must be voted by a majority of the citizens. These bonds have been freely accepted by northern investors.

Many of our cities are now taxing their citizens heavily to provide education for their children. But as soon as the more intelligent of these children graduate from high school, they are obliged to leave their native city and go to a more progressive city in a more progressive state.

Hence there has been little population growth for many northeastern cities. They need new factories, and the issuance of Industrial Revenue Bonds seems the best answer.

The biggest such Industrial Revenue Bond we know about is for \$25,000,000 issued by the little city of Cherokee, Alabama. The money received from these bonds will be used to build a huge fertilizer plant to be leased by Armour & Company.

The bonds give both the community and the company a highly advantageous contract. Armour has agreed to pay off the bonds at 4-1/2% interest over a period of 26 years. Both interest and principal will come entirely from Armour's lease payment. Investors who buy the bonds find themselves

with a highly desirable tax-exempt 4-1/2% bond.

If you are in the 50% tax bracket you get the equivalent of a 9.5% taxable yield. Cherokee has no problems because: (1) The bond issue is covered by strong legal restrictions, (2) the plant will employ over 300 workers.

The second largest municipal bonding program we have heard about is a \$9,000,000 project for General Tire in Kentucky. Ranking third is a \$7,000,000 bond issue for Borg-Warner Corporation in Arkansas.

The above is the only method which I now see for cities in the northeastern U.S. to get new factories to provide employment for their people and proper schools for their children.

Remember that today, when locating new factories, the owners are looking for localities where the executives and their wives will be glad to live.

New England cities which are some distance from raw materials must provide some offsetting advantages. They must have friendly Chambers of Commerce which are not controlled by "old fogies." The C of C Secretary should be an experienced man, preferably from one of the fast-growing Southern cities which have already issued Industrial Revenue Bonds. New England has many natural advantages; but it must wake up to the new conditions facing us. The same applies to many cities of the Central West which now depend upon farming.

Michigan Mirror

Interests Watch Con-Con

Election turnouts, at least in the primary to nominate candidates for Constitutional Convention delegates, indicate public apathy at an all-time peak.

Most observers, however, predict some resurgence of interest will be apparent when delegates are elected (Sept. 12) and, hopefully, in the convention itself, scheduled to convene at Lansing Oct. 3.

If the public as a whole is somewhat indifferent to Con-Con, the delegate hopefuls have indicated high interest and a desire to write the best possible Constitution for the state.

Keen observers of the entire Con-Con process are also found among spokesmen and representatives for Michigan's multitude of pressure groups.

This is not necessarily bad. Con-Con delegates will have need of specialized counsel from various quarters about a variety

of highly technical and complex governmental subjects in order to provide the state with a good basic law. This information is supplied accurately and without charge by lobbyists.

What kind of Constitution will be forthcoming after convention deliberations? This is the big question which will be answered by voters who must approve it or reject it.

Ideally, it should be simple. According to Dr. Fred S. Siebert, an expert in newspaper law and head of MSU's College of Communication Arts, a sound Constitution must be one which makes a framework for legislative action. This allows the important flexibility a dynamic government needs and permits laws to be made which can deal with problems as situations change.

Another important requirement of a sound Constitution, says Dr. Siebert, is that it be free of special provisions for groups or ideas which sometimes are "enshrined" in its sections.

County prosecutors in Michigan would like to get the power to subpoena persons who might know something useful in connection with an investigation and see that such power is given to the state Attorney General.

Such a move would have far-reaching effects on criminal investigations. Currently the power to summon people to testify is reserved to the courts, although the Legislature customarily grants it to its own committees.

Extension of the subpoena power was one of several changes in procedure that the county prosecutors advocated at a recent meeting.

While granting prosecutors the subpoena power would doubtless aid immeasurably in some criminal investigations, a long look should be taken before such a move is made because sweeping power to summon citizens for testimony comes dangerously close to infringing on the constitutional rights guaranteed by both federal and state documents.

Another of the points backed by the prosecutors was retention by this fall's Constitutional Convention of all civil rights now in the Constitution.

While no one denies the need for thorough investigation by the Attorney General or prosecuting attorney before proceeding with criminal action, unlimited subpoena power for these law enforcement officers might cause severe embarrassment, if not economic harm, particularly if used too enthusiastically by zealous public servants.

The question of whether to extend the subpoena power is one of those touchy ones that needs to be examined with common sense.

Other changes which the prosecutors said they would like to see included:

Transfer of all law enforcement duties now with the Highway Department and the Secretary of State to the State Police; tighter welfare statutes concerning non-support; numerous changes in criminal law and procedure including a tighter blood test law for drunk drivers; Con-Con consideration of provision for home rule counties, thus broadening the powers of and strengthening local government, and Federal legislation to classify as fugitives fathers who leave the state and refuse support to their children.

OUT OF THE PAST

ONE YEAR AGO

— A plan by Wayne County to expand sewer services for the area has solved some problems but left one — the matter of money — still facing local officials. The county proposal would cost Northville city and township \$175,000.

— Northville school board approved a school tax levy of 25.75 mills, down by two mills from a year ago. But taxpayers will still pay about the same because of the higher state equalization factor.

— Novi police joined with state authorities this week in a search for a Novi woman who allegedly sold a fake divorce to a Pontiac woman, who has since remarried.

— Funeral services were held August 15 for C. R. Ely who died August 5. He was 79.

— Some \$1,200 from area contractors have been turned over to Novi officials to help pay for a preliminary sewer study of the Rouge water shed. The county, which will conduct the study, has asked the village for \$6,000 as its share. The township has already paid its \$1,500 share.

FIVE YEARS AGO

— Northville city council purchased parking space property at 117 Dunlap for 25 cars at a recent meeting for \$13,000.

— Northville school board will wait two weeks before deciding whether to bar some 60 students from East Novi District No. 2. The condition is that East Novi pay Northville approximately \$8,000 over due 1955-56 tuition and fees and advance fees for the coming year.

— Northville voters approved by a 369-32 margin the annexation of an 82-acre Novi township tract to Northville city. The approval came in the face of an unsuccessful last minute attempt by Novi officials to prevent the annexation.

— Northville city council unanimously approved the city manager ordinance and instructed councilman John Canterbury to start the search for one.

— The law enforcement powers of Cameron Lodge, Novi township building inspector, were the subject of bitter denunciations by several board members and citizens at a recent meeting. The dispute arose over Lodge's stopping a careless driver on Wixom road. Supervisor Frazer Staman told the board that Lodge had "full police powers."

FIFTEEN YEARS AGO

— According to John Boyce, president of the Depositor's State Bank, 36 GI loans for homes totaling over \$234,000 are operative or pending in the community.

— Cyrus E. Pierce of Mason was named the new principal of Northville High replacing Gerald V. Harrison who resigned some time ago. Pierce taught school in Mason the last 17 years.

— During July, Northville police handled 64 cases ranging from accidents to a grand larceny charge. Fines totaled \$403.

— The Villa Hat Shoppe reopened this week after being closed three weeks for stocking fall merchandise and fashions.

— Because of the polio epidemic prevalent in the United States, recreation swimming at the pool near the Pickett Gravel Pit on Seven Mile has been discontinued.

— Miss Doris Estella Maynard of Northeast, Pa., has been signed to teach the overflow fourth and sixth grades in the grade school here.

— Some of the orchardists around Northville have been thinning their apple trees for the second time to take off some of the apples scaled in the recent heat wave.

NO. 1 ON THE HEAT PARADE

GAS HEAT

AND FOR VERY GOOD REASONS!

NATURAL GAS IS CLEAN HEAT!
AUTOMATIC HEAT!
ECONOMICAL HEAT!
DEPENDABLE HEAT!

More people than ever are heating with Gas because it is an ideal fuel! Clean-burning Natural Gas makes no smoke or soot, leaves no ashes, and never deposits greasy grime on walls and furnishings.

Silently and automatically, with just a flick of the thermostat, Natural Gas provides wonderful, work-free warmth for home heating. It is a constant, faithful fuel—no storage problems, no worry about running out of fuel. You can't see it, you can't hear it, but it's always there.

The cost of Natural Gas is low and the equipment long-lived with minimum maintenance requirements. With Natural Gas as your automatic heating fuel, you get more for your money. No wonder Natural Gas is the Nation's Number 1 fuel for heating homes!
