Dog Days

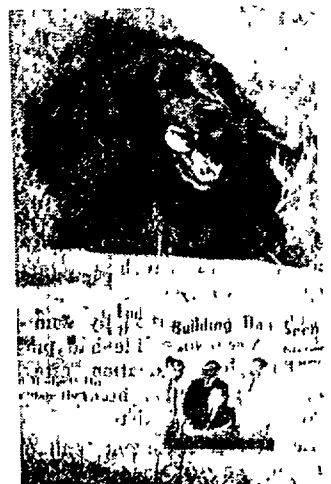

Fido Speaks Up On World Events

"What's all this talk about our foreign aid program going to the dogs? We South Americans think it's just fine. Sure, there are abuses and maybe the rich are getting richer and the poor, poorer. But we have an answer: why not grant South America statehood? Then you could call it domestic aid and there'd be no foreign aid problem down here anymore."

"I've got problems of my own. It's a giant's world we live in. Everything's built for the big guy. What about the little fella? Wait'll I find that superintendent of public works!"

"Sure, I read your lousy newspaper. Nothing in it but human news. Seems like you'd have at least one canine corner. Dogs are big business, you know. Think of the dog-food advertising you could pick up. I've already got a great idea for a new column — 'litters to the editor.'"

"Don't think I'm whining because I'm a poor sport or something. But I think Mantle and Maris both should be outlawed from baseball. And you want to know why? It's dangerous. With all those baseballs flying in the stands, somebody might get hurt. And besides, without them, the Tigers would have a better chance."

"What ees thees world coming to? All thees hot spots all over the world. Even we French, peace-loving that we are, are having ze trouble with Algeria and now everyone ees going berserk over Bizerte. You know, all thees fighting, it makes my hair just curl."

"I just don't understand you humans. The answer to Cuba is very simple — it's all in Castro's beard. You've heard the story of Samson and Delilah, haven't you? He got a 'close shave' that robbed him of his power. Our next invasion of Cuba should be a horde of razor-sharp barbers."

"How do you do, sir? Yes, I'm from London. But I just love it here. Me and my 'usband, Harry, think the British government is carrying this 'ere inflation bit too far. Why, they've cut our tea-and-crumpet breaks to one a day. Now I ask you: how can anyone live on one cup of tea a day?"

"This orbiting business is quite a thing. Personally, I'm curious to see what a Martian dog looks like. You hear so many stories about them having 5 1/2 legs and three eyes and two tails. No, I wouldn't care to be sent to the moon. But — uh — can you help me off this dog-gone diving board before I fall off?"

If you look in the heavens these balmy nights, your eye will probably catch a star that is the brightest of them all. Astronomers tell us this is Sirius, or the Dog Star as it is also called.

And if you look at your dog and he appears a little wild-eyed and a wee bit snappish, then you'll know why. It's his star up there.

And if you look at yourself almost any day during this month of August and you see a human being drained of every drop of ambition, then you'll also understand the main reason for all these occurrences:

It's dog days.

It may be hard to believe that a star, which rises in conjunction with the sun and which is almost always located near the solar system could have such profound effects. And if you scoff this all off as a myth, you will probably be just as near the truth as the strict believer.

The Dog Star's days are numbered — from between early July to early September. But if you consult your encyclopedia, you'll find that this is not accepted everywhere.

The effects on the dogs is something no one knows for sure. Our sources say dogs are "liable" to go mad in this period of his star. Ancient tradition is behind most of the thought on this.

It was responsible for naming the Sirius star for the dogs when, one day, some ancient's best friend showed some snap back and he, being an astronomer, thought the cause was in the heavens. No one knows for sure.

In antiquity, just to show you how unsure this whole business of dog days is, the Dog Star was often called red from its color, but if you look tonight, you'll see a brilliant white star which more modern star-gazers have designated as the one.

The dog itself has an interesting origin. Again our sources say he came from the wolf because of the similarity in the dental structure. (This discovery was B. C. — Before Crest). Scientists discount any role by the jackal in the dog's origin of species. Again, they point to the differences in the jackal's and dog's jaw bone structures.

We all know, of course, about the dog's tremendous senses, especially hearing and smelling. Tests show that a dog can hear a voiced command from 26 yards out compared to the human's six yards.

Or that the dog can detect a "silent whistle" wave length from 75 yards away. You and I can't even hear the whistle many times when we blow it. The secret: the dog hears higher pitches than the human ear was constructed to do.

The bloodhound is the supreme example of dogdom and its ability to sniff well. Ask any escapee from our prisons. The only area where the human being seems to have the edge (if we discount our rationality) is sight. Here the canine is for all practical reasons blind. He cannot distinguish colors but can detect the very slightest movements.

This is why you'll see dogs solve arithmetic problems on television or at the circus that baffled you and me as first and second graders. The dog is trained to detect a very slight signal from its master — either of the hand or finger or jaw movement.

Amazing animal, man's best friend. And with this point established, we set out to take advantage of the dog's extraordinary senses. In attempting to find answers to many of the world's complexing problems, we gathered these comments from a cross-section of typical "dogs-on-the-street".

CLOSING, TEMPORARILY — Ten years as manager in the same store will end Saturday at 6 p.m. for Ed Barnes (above). But the local Kroger store manager will be back on the job as soon as the company's new store opens on Dunlap street later this fall. After Kroger moves out of its present Main street store, remodeling will begin in preparation for A & P to take

over the site. The front will be of Early American design and the apartment house in the background will be torn down to make way for a 60-car parking lot. It's possible that both the new Kroger and A & P stores will be ready for opening about the same time this fall.

Building Ban Off But Novi Sewer Is Concern Here

Northville's Mayor A. M. Allen and Township Supervisor George Clark received the good news by telegram last Friday: Wayne County's ban on all building in 14 western townships has been lifted.

The telegram, signed by Dr. Albert E. Heintz, state health commissioner, said the ban was not unexpected. Both Allen and Clark had participated in a special "signing ceremony" Thursday, in which 14 of the 22 communities involved in the proposed interceptor sewer project signed contracts agreeing to terms. The new Rouge Valley interceptor sewer will cost an estimated \$18,000,000.

Downriver cities and townships have not yet agreed to their portion of the sewer project, which will cost \$15,000,000, so the building ban has not been lifted in those communities.

But while Allen and Clark were happy to learn that building could return to normal, they expressed concern over the proposed extension of the sewer into Novi and possibly Walled Lake.

Last week Wayne county announced that it had offered 2,900 taps in the new system to Oakland county. The taps represented part of the remaining allocation in the new system now purchased by Wayne county communities.

Oakland county has offered Novi and Walled Lake to tap into the Wayne county system under a 15-year bond program. The Oakland county line would begin at the existing Middle Rouge interceptor line near Seven Mile road just southeast of the city. It would be constructed to a point near Nine Mile road — or all the way to Walled Lake if that city decides to accept 1400 of the 2900 taps offered.

What Mayor Allen and Supervisor Clark fear is that the existing interceptor from Northville to Plymouth will become overloaded because of the Oakland county tap-ins.

They pointed out to Wayne county officials last week that the present new interceptor sewer is necessary, not because Northville has used its allocation in the old sewer — but because of growth in Garden City, Redford, Livonia, etc.

Both Allen and Clark asked George R. Bingham, director of the Wayne county DPW, for written guarantee that the Northville communities will receive their full allocation in the present sewer line. Further, the officials want it to be a matter of record that when the existing line reaches its capacity, it will be the responsibility of Oak-

Kroger to Close; Await New Store

When the doors of its 130 East Main street store close this Saturday at 6 p.m., the Kroger company will not have a Northville store until its Dunlap street supermarket is completed this fall.

Kroger announced the closing this week. The store is conducting a discount close-out sale of all its merchandise this week (see pages 12 and 13).

Most of the local employees, including Manager Ed Barnes, will move to the Plymouth Kroger store where they will be employed until Kroger's new Northville store opens probably in about six weeks.

In the meantime Kroger is asking its customers to "go-Krogering" in Plymouth until the grand opening of the Dunlap street supermarket.

Soon after Kroger closes its Main street doors and removal of fixtures and display cases is completed, work will begin on extensive remodeling of the building.

The Kroger sign will come down — and in its place will be the Early American design of A & P Food stores.

Announcement was made last week by the A & P company that it would move into the Main and Hutton street building by "late fall".

In addition to interior and exterior remodeling, the entrance will be changed from the southwest to the southeast corner facing a new 60-foot paved parking lot.

The apartment building and vacant lot directly east of the store will be converted into the parking lot.

For Kroger Manager Barnes Saturday night's closing marks the end of 10 years in the same location. The popular local manager has been in Northville 18 years and a store manager for the grocery chain for 34 years.

Barnes said that most of his employees would be working at the Plymouth store until the new store is ready to open, taking vacations and rotating with fellow employees at Plymouth.

3,500 Make Jaycees Horse Show A Success

Preliminary reports from the Northville Junior Chamber of Commerce's horse show at the Downs indicate a "huge success." President Walter Ribant reported Tuesday.

An estimated 3,500 people turned out to watch horses from all over the country go through their paces for money prizes. The spectators were supporting a good cause, too. The city will get 25 per cent of the profits for a proposed youth center behind the present city hall.

Jaycee officials said it would be the end of the month before final financial figures are available.

Ribant was especially grateful to John Carlo, president of the Northville Downs, for the use of the facilities. Ribant said the club is considering sponsoring the show again next year.

The complete list of winners was not available as of Tuesday night. Jim Power, secretary of the Shawassee Saddle Club, said the list would be finalized this weekend.

But among the local residents who had winners were:

Walter Carole, two firsts, in the Morgan Western pleasure and the Morgan English Pleasure;

Ed Porath, who had the grand champion quarterhorse mare; Mr. and Mrs. Marlow Dugan who had three winners, including "Ricky Marlow" in the Morgan Fine Harness class; he was shown by Henry Jennings;

Rhonda Atchison, riding "Punctuality," in the Open English Pleasure Class.

The complete list of winners will be published in next week's paper.

THEY'RE WINNERS — Jack Frankfurth (left), president of the Shawassee Saddle club, and Walter Ribant, president of the Northville Jaycees, congratulate those top three riders in the quarterhorse western pleasure \$100 stake class. From the left, they are: Tommy Lyons of Austin, Indiana, first; Richard Rubish of Birmingham, third; and Judy Lowther of South Lyon, second.

School Millage Rate Set

Northville board of education Monday night approved a 1961-62 school tax levy of 25.75 mills — exactly the same as last year's rate.

For taxpayers the levy will mean no additional tax burden unless their property assessment has risen in the past year.

This year's state equalized valuation of the school district — the assessment against which school millage is levied — rose to \$26,583,246 almost \$1.5 million over last year's \$25,103,364 figure.

Of the 25.75 mill levy for 1961-62, 17.95 mills will again go to the general fund, with 7.85 mills for bonded indebtedness.

Operating millage will raise \$475,840 of the total \$903,620 general fund budget. Additional monies come from state aid and tuition.

Superintendent Russell American said the increase in the district's equalized valuation would only net the school about \$12,000. He pointed out that according to the present state aid formula, aid to a school district decreases as equalized valuation in the district increases.

In later action, the board passed a resolution to borrow \$100,000 against anticipated state aid.

Board members also approved Athletic Director Al Jones' recommendation to increase adult admission to football games from 75 cents to one dollar. Football programs will be distributed without charge with the new admission price.

A bid on, milk for the high school cafeteria and elementary buildings was awarded to Del Black, local Twin Pines milk man.

Action on other bids on fuel oil, a water heater at American school and grading of grounds behind the community building was deferred until the next meeting August 28.

City Selects 5 Manager Candidates

Northville council members made a preliminary survey of 15 applications for the post of city manager Monday night, narrowing the field down to a favored five.

Originally the city received 16 applications to fill the job vacated by John Robertson, now manager of the city of Ferguson, Missouri. One applicant withdrew his name.

Councilman John Canterbury had provided fellow councilmembers with letters from each of the applicants plus a tabulation of their background information. The council then classified each candidate either A, B or C — with A candidates designated as those who will receive immediate attention.

Experience in municipal work and educational background were major considerations in selecting the candidates.

Next step will be to gain further information on the five selectees and then schedule personal interviews with the final candidates under consideration.

The job of city manager for Northville has a pay range of from \$7,000 to \$8,500 annually.

Receive Share

The State Highway Department has started distributing second quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.

Northville received \$5,421; Novi, \$13,645; and Wixom, \$4,234.

Do We Need More Driver Training?

Dr. Russell Atchison was a man with a mission Monday night when he appeared unannounced before the board of education to question school officials' wisdom in reducing the high school's driver education program.

Openly disturbed by what he feels is now an inadequate program, Dr. Atchison fired a round of questions at board members.

"Why," he asked, "have the hours been cut back?"

Last year the course was pared from 53 classroom hours and 8 hours training behind the wheel to the state minimum requirement of 30 classroom hours and six hours behind the wheel.

"What I'm getting at," Dr. Atchison continued, "is that we should either train them adequately or not at all. Why give second place to a car, to something an individual is going to be driving the rest of his life, to something you have to know how to do?"

A member of a national committee on automotive medicine, Dr. Atchison told, the board would rather pay more taxes to enable a student to take a year or so of driver training.

School officials had some answers. Cost of the program was one. Driver education training currently costs the school almost twice as much as other academic courses.

Schoolmen additionally pointed out that Northville had pioneered driver education, offering the instruction before any state minimum existed.

Board Vice-President William Crump also explained that "We can't perfect everything we teach students. We attempt to start them on the right road, aim them in the right direction. Perfection of driver technique is largely experience."

"I think licensing procedures are at fault," stated Crump.

Administrators said as far as they could see teaching standards had not been sacrificed in the reduced program. They did agree that students were not getting the "extras" they had before.

"Perhaps," suggested Board Secretary Donald Lawrence, "we should look into the program to see if it is adequate enough in terms of training."

Board members backed the idea, and Dr. Atchison thanked them for their time and left the meeting, his mission at least partially accomplished.

Apply Now

Local residents who paid 35 cents for reflectorized license plates can now get a credit voucher applicable on their 1962 plates at the Northville Police department.

The canary-colored card should be filled out and turned in at the nearest Department of State branch office or mailed to the department in Lansing.

GARDEN SHOW WARES — Though their fall show, "Garden Jewels", is still almost a month away, Northville's Garden club members got together Monday at the home of their president, Mrs. D. H. Clark, to learn how to make floral arrangements — like the ones shown here — from corn husks. Their teacher is Mrs. Thomas Runk of Birmingham.

KITCHEN DIARY

Guests Like Patio Picnic Mealmates

While summer may seem to be on the way out — school starts three weeks from today — there's still a month and more of good outdoor cooking days ahead.

Before packing up your barbecue equipment for the season, Mrs. George S. Maxon, 228 Debra Lane, invites you to try a pair of mealmates that have become favorites of guests at the Maxons' patio picnics.

Mrs. Maxon's party potatoes get the indoor oven treatment, while her barbecued sirloin is roasted over an outdoor grill.

BARBECUED SIRLOIN

Mrs. George S. Maxon
3 1/2 to 4 lb. sirloin tip
2 cloves garlic
1/2 t. pepper
1-8 t. ground cloves
2 T wine vinegar
1/4 cup olive oil

Mince garlic cloves; add pepper, ground cloves, wine vinegar; mash with back of a spoon in shallow pan or bowl. Place roast in mixture and roll to cover all sides. Pour olive oil over roast; coat all sides. Cover meat and let it stand at room temperature at least two hours, turning occasionally.

Start fire at least 45 minutes before putting on roast. Place roast on grill five inches above the coals. Turn occasionally. Cook for 45-60 minutes for medium rare doneness.

PARTY POTATOES

8 peeled potatoes
1 onion
1 green pepper
pimiento
salt and pepper
paprika
butter
grated cheese
parsley
hot milk

Cube potatoes and soak in cold water. Dice onion, pepper and pimiento in grease casserole, place layer of potatoes, layer of chopped ingredients, season, dot with butter and repeat procedure, finishing with layer of potatoes on top. Dot generously with butter, sprinkle grated cheese over top, and add hot milk. Bake uncovered for three hours in 300-degree oven.

Teacher Marries South Lyon Man

Nancy Mae Coit, kindergarten teacher at Amerman Elementary school, became the bride of Paul A. Geiger Saturday, July 15 in an afternoon ceremony at Saint John's Evangelical Lutheran church, Northfield township.

The Reverend Raymond O. Frey officiated.

Mr. and Mrs. Drayton J. Coit, 6864 Six Mile road, are the bride's parents. The groom is the son of Mr. and Mrs. Frank F. Geiger, 5300 Five Mile road.

For her wedding, the bride chose a floor-length gown of Shiffler embroidered silk; over tulle and taffeta. It was styled with an embroidered bodice, scalloped Sabrina neckline and cap sleeves. The princess style waistline fell into five tiers of delicately scalloped embroidered ruffles.

Mrs. Coit designed her daughter's headpiece of seed pearls, sequins and embroidered Shiffler silk, with a tiered silk illusion veil. White baby carnations with stephanotis and ivy streamers formed the bridal bouquet.

Attending the bride as maid of honor was her sister, Miss Suzann Coit. She wore a full skirted turquoise dress made by Mrs. Coit, and carried a cascade bouquet of shasta daisies and white carnations, with ribbons to match her dress.

Miss Cheryl Richter, of Ann Arbor, a cousin of the bride, and Mrs. Richard Jacobson, of Ypsilanti, were bridesmaids. Both wore dresses made by Mrs. Coit. To match the maid of honor's, Miss Richter's gown was mint green. Mrs. Jacobson's lace. They flowers complemented the color of their dresses.

Miss Evelyn Gardner, junior bridesmaid and a godchild of the bride, wore a pink nylon dress and carried a basket of shasta daisies.

Lauren W. Geiger, of South

Lyon, was his brother's best man. Luther Schaible, of Manchester, cousin of the groom, and Dale Kapp, of Ann Arbor, ushered guests. The bride's brother, Richard Coit, was a junior usher.

Mrs. Coit wore a nylon jersey dress in shades of green for her daughter's wedding. Her corsage was of white carnations. The groom's mother wore a gray lace dress and white carnation corsage.

Mrs. Alfred Honke, Jr. played the organ.

A lawn reception at the home of the bride's parents followed the ceremony. Guests came from Northville, South Lyon, Ann Arbor, Brooklyn, Dexter, Trenton, Saline, Manchester, Walled Lake, Ypsilanti, Plymouth, Wixom, Southfield and Belle Center, Ohio.

The new Mrs. Geiger is a graduate of South Lyon high school and Michigan State university. Her husband, graduate of South Lyon high school and a Michigan State university short course, is engaged in farming.

They will reside at 5379 Five Mile road, South Lyon.

HERE'S HOW IT'S DONE — Cooking on a grand scale (60 pounds of lamb for a French lamb stew) is an art in itself. A. A. Brewer (center), Northville State hospital food service director, gets some timely tips from Chefs Eugene Ertle, Ernest Kovacs and Eugene Coubet, who were at the hospital last week as part of a food institute co-sponsored by Brewer and a Cleveland wholesale food base company for business and food department executives from 11 Michigan state hospitals.

At Food Institute Here

Chefs Share Know-How

Thirty-five business and food department executives from 11 Michigan state hospitals gathered at Northville State hospital last Wednesday to learn interesting, unusual and economical

ways to prepare surplus food commodities available to state institutions.

In line with the state's renewed emphasis on economy at its institutions, the food institute — as it was called — pointed up several procedures that can be used to conserve labor and reduce expenses.

The L. J. Minor company, of Cleveland, Ohio, wholesale preparers of food bases, co-sponsored the five-hour program with A. A. Brewer, Northville State hospital food service director.

Chef consultants who both demonstrated and lectured were Ernest Kovacs, of New York, associate editor of "Chef" magazine and first vice-president of the American Culinary Federation; Eugene Ertle, of Chicago, internationally known culinarian and former president of the culinary federation; and Eugene Coubet, of Detroit, executive chef of the Sheraton-Cadillac hotel 24 years and more recently chef of Cobo hall.

All three are associated with the L. J. Minor company.

A variety of preparations were made including curried, stewed, fricasseed, Scotch and broiled, cassoulet and Hungarian goulashed lamb. For one

dish — "French lamb" stew — the base ingredient is 60 pounds of lamb; two pounds of shortening, 110 pounds of water and two pounds of garlic. This quantity is served with five different vegetables.

During the morning, those who attended the institute crowded into the hospital kitchen to observe preparation procedure. They later sampled the dishes at a noon buffet luncheon served in the hospital's "A" building cafeteria. A question and answer period followed.

In addition to its food service director, Northville State hospital was represented by Thomas Patterson and Nelson Rich, food service supervisors, and Tom Saunders, head cook.

Plymouth State Home and Training school sent Mrs. Jean Dwyer, supervisor. Mrs. Irene Heiber, administrative dietitian; Mrs. Beatrice White, cook; Mrs. Alice Tullgren, food service; William Johnson, and Roger Moss, cook.

Lafayette clinic, Wayne county General hospital, Ypsilanti State hospital, Ionia State hospital, Adrian Training school, and Lapeer State Home and Training school were also represented.

News Around Northville

Dr. and Mrs. Stuart F. Campbell, with their daughter, Janice, and son, Donald, returned Sunday from a motor tour to Gettysburg, Philadelphia and Valley Forge where they visited points of historic interest.

Mr. and Mrs. Richard Somers and Chuck, of 777 Grace, got home August 10 from a camping trip at scenic spots along the north shore of Lake Superior.

Mrs. Marjorie Lanning, 214 North Wing, recently spent two weeks vacationing in Fayetteville, North Carolina with her daughter and son-in-law, Captain and Mrs. Ted Baldwin and their four sons. The first four days were warm ones, said Mrs. Lanning, with the temperature climbing to 100 degrees.

Miss Sherry Coykendall, 47150 West Seven Mile, is home from a four-weeks' stay with her aunt and uncle in Hemet, Calif.

Mrs. Winifred Proctor, Amerman Elementary school secretary, traveled to Big Rapids last week to attend the Fifth Work Conference for educational secretaries held at Ferris Institute. About 150 secretaries attended the confab which is held in cooperation with the Michigan Association of Educational Secretaries.

Bride-to-be Barbara Ann Rollings, 43783 Park Grove, was feted Friday, August 11 at a pantry shower given for her by Miss Patricia Willing and Mrs. Donald Valenine at Miss Willing's home on Smock road.

Mrs. Elden Biery, 217 West Dunlap, did the honors Tuesday, playing hostess to a luncheon and linen and personal shower for Miss Rollings.

PLYMOUTH

On 3,000 Mile Trip.

Sees Church in Action

Pam Clark, daughter of Mr. and Mrs. Wilson J. Clark, of 340 East Cady, was one of 37 Methodist young people from the Detroit Methodist conference who recently went on a bus caravan to the Midwest and South.

The tour, sponsored each summer by the Woman's Society of Christian Service, Board of Missions and Board of Education of the Detroit conference, is designed to give young people the opportunity to see the work of the church and to acquaint them with the numerous types of full-time Christian work.

This year the tour covered

Accepts New Post

T. R. Carrington, Jr., son of Mr. and Mrs. T. R. Carrington, of West Main street, has accepted the position of treasurer and second officer with the Berkshire County Savings bank, a \$57 million institution located in Pittsfield, Massachusetts.

Carrington and his family will move to Pittsfield from Bristol, Connecticut where he has been an officer with the Bristol Savings bank.

Births

A son, Gregory Russell, weighing seven pounds, 10 ounces, was born to Mr. and Mrs. Bernard Bach August 9 at University of Michigan Woman's hospital in Ann Arbor. The Bachs live at 21255 Summerside Lane.

A daughter, Tammie Marie, weighing six pounds, 15 ounces, was born July 28 at St. Mary's hospital, Livonia, to Mr. and Mrs. Marion F. Lee, Jr. (nee Phyllis Starr) of South Lyon.

Mr. and Mrs. Don Starr, 328 River, are maternal grandparents. Mr. and Mrs. Marion Lee, of Livonia, are paternal grandparents.

Cook Corn Right

Ears of corn can be cooked in an open fire. Remove one or two of the dry outer leaves and soak the ears in cold water for at least half an hour. Snip off the corn silk and place the corn in red hot coals for about 15 minutes.

When the picnic menu includes ears of corn for a large crowd, include a bowl of melted butter and a small paint brush. This avoids the confusion of knives for everybody.

Librarians Exhibit Works Of Three Local Artists

The works of three Northville artists are being exhibited this month in Northville and Plymouth libraries.

Mrs. Kate Edgerton, 571 Randolph, is showing original pottery and weaving. Linda K. Edgerton, of the same address, is displaying her distinctive jewelry made from exotic woods, silver and colorful enamel.

Mrs. Edgerton, an art teacher at Lola Valley Junior high school, and Miss Edgerton, a school librarian, operate the Edgerton Handcraft studio in their home, offering courses in weaving, ceramics, jewelry and leathercraft.

Water colors by Mrs. Marjorie Becker, of 47040 Timberlane, are also being shown. Mrs. Becker, whose paintings have been accepted in regional and state competitions and have won several awards, is coordinator of elementary art education in Livonia.

Two other artists, Mrs. Mabel Bacon, of Plymouth, and Orville Barron, of Livonia, are contributing.

Teen Singers End Tour At September 10 Concert

The Michigan Chorale, a group of 67 high school singers currently on tour in South America, will give a special homecoming concert at the University of Michigan's Hill auditorium in Ann Arbor Sunday, September 10, at 3 p.m.

Tickets for the concert will be available at the Northville Record office, 101 North Center.

Carol Jones, daughter of

Mr. and Mrs. Al Jones, 791 Horton, sings with the chorale.

Chorale director Lester McCoy, in a recent letter to the Joneses, said "chorale members are doing a wonderful job both musically, and interpreting American teenagers to every one here."

"The trip thus far," he continued, "has been rugged, with 23 concerts in 23 days; seven

television concerts, one radio concert, total live audience of 36,800. This does not count the number of miscellaneous numbers sung here and there."

The group's six-weeks' tour is part of the "Youth for Understanding" teenage exchange program administered by the Michigan and Ann Arbor-Wash-tenaw Councils of Churches in co-operation with the Department of State.

Lady Bowlers Organize League

Area women who would like to bowl in a Thursday night league are invited to attend an organizational meeting at Northville lanes next Thursday night, August 24, at 7 p.m.

GOP to Meet

Greater Northville Republican club has slated a meeting Wednesday, August 23 at 8 p.m. in the American Legion hall. Order of business will be planning fall program.

DEADLINE - NOON TUESDAY

1-Card of Thanks

The family of Sabine Clark wishes to thank Fr. Raymond Jones, Fr. John Hoar, Dr. Lyle Fetting, Novi Police, Our Lady of Lourdes Guild, Rosary Altar Society, neighbors, and all of the many people who sent get-well cards, made visits during her long illness.

Thanks to everyone for the cards and thoughtfulness while my husband was in the hospital. They were greatly appreciated.
Mrs. Albert Earehart

1-Card of Thanks

We wish to thank our friends and neighbors; also Reverend Ferris Woodruff and the St. Joseph Altar Society for the many kindnesses shown to us in our recent bereavement.

Mrs. Wm. E. Close
Margaret Close

Minutes of Northville City Council

A regular meeting of the Northville City Council was held at the City Hall Monday evening, August 7 at 8:00 p.m. Present: Mayor Allen, Councilmen Ambler, Canterbury, Carlson & Juday.

Minutes of last regular meeting were read and approved. Bills amounting to \$27,274.19 from the General Fund and \$3,202.15 from the water fund were presented for payment. It was moved by Carlson, supported by Juday, that these bills be allowed and paid. Carried.

Public hearing on the vacation of West St. was the first time of old business. After listening to the objections of George Kohs, of 473 E. Cady St., to such vacation, it was moved by Canterbury, supported by Ambler, that that portion of West St. lying between the South line of W. Main St. right-of-way and the north line of West Cady St. right-of-way be vacated, as per resolution adopted. Carried.

It was moved by Canterbury, supported by Ambler, that the hearing on the resolution to vacate parts of Reed and Canterbury Sts. be adjourned to Aug. 21, at 8:00 p.m. Carried.

With reference to the Court records in possession of former Justice Bogart, Mayor Allen reported that he had made a settlement with Mr. Bogart in the amount of \$350 for these records, and that he had also agreed to buy a file owned by Mr. Bogart containing many of these records for \$35. This arrangement was satisfactory to the other members of the council.

Letter of resignation from the Zoning Board of Appeals by Elmer DeKay was presented. Moved by Canterbury, supported by Allen, that the council accept his resignation as chairman of the Board of Appeals, and that they go on record as expressing their appreciation for his 15 years of fine service to the community. Carried.

Appointment to fill the vacancy will be delayed until August 21.

Moved by Juday, supported by Carlson, that the resolutions of the corporate board required by the Manufacturer's National Bank relating to Commercial accounts, as well as the Resolution of the corporate board required by the Manufacturers Safe Deposit Company be adopted. These resolutions authorize the Acting City Manager and City Clerk to withdraw funds from the Commercial Accounts until notice in writing to the contrary is duly served on said bank. Regarding the safe deposit box, the clerk, acting city manager and mayor shall have access to same, any two of whom must be present when the box is opened. Motion was carried.

Special meeting will be held Monday evening, Aug. 14 at 8:00 p.m. to consider reviewing St. at a cost of \$1,146.34. Carried.

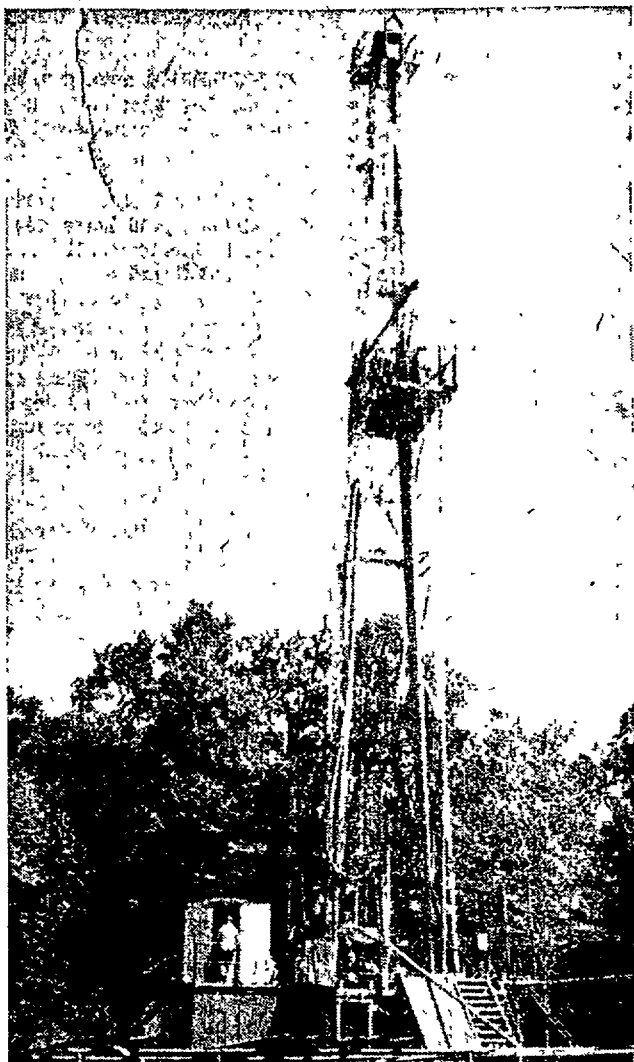

Engineer Penn was instructed to prepare specifications for bids on an air compressor. There being no further business, meeting was adjourned. Signed Mary Alexander, Clerk

of Police Eugene King regarding a radar timing unit which he feels the Police Dept. should have, and requesting that the council waive the requirement for bids on this equipment and purchase the unit he recommends. The council feels they want more information as to the reason for waiving bids.

Letter was read from Engineer Harold Penn regarding a metal type bin retaining wall for 444 East St. which it is proposed to install, and stated that the delivered price for this wall was \$1,146.34. Mr. Penn also stated that the cost is approximately \$87 less than the price quoted by the Armco Co. to the only bidder on this project, therefore the cost will be below that quoted by him, and the city employees will install same. He recommended the waiver of bids in this instance in order to expedite the work. Moved by Canterbury, that in view of the time, prices available & source of supply, and based on engineer's recommendation, it is in the best interests of the city to waive bids for the purchase of this wall. Motion supported by Ambler and carried.

It was then moved by Juday, supported by Carlson, that the bin-type retaining wall be purchased from the Armco Co. to complete the job at 444 East St., at a cost of \$1,146.34. Carried.

Engineer Penn was instructed to prepare specifications for bids on an air compressor. There being no further business, meeting was adjourned. Signed Mary Alexander, Clerk

EXPLORATION WELL — Believed to be the first oil well in Wixom, the Sun Oil Company presently is exploring the depths on land they are leasing from a Detroit owner on Charms road. If they don't find oil, they will terminate their lease. Drilling since August 5, they will probably reach a depth of 4,100 feet before quitting.

Name Winners Of Pet-Doll, Golf, Archery

An enthusiastic crowd of boys and girls turned out Friday night for the annual pet and doll show to help close out a successful summer recreation program in Northville.

A water carnival at Whitmore Lake yesterday was the final event. Now it's just a short wait until school opens.

Archery and golf tournament results were also announced by Recreation Director Ken Conley.

The pet and doll show winners in their order of finish were:

Best dressed doll — Gail Geroy, Cheryl Hollis and Carol Turnbull.

Biggest doll — Candace Cain and Melanie Cole, tie.

Prettiest doll — Linda Allen, Celia Miller and Gail Geroy.

Largest collection of dolls — Charlene Holloman (first and second) and Gail Verville.

Most unusual doll — Debbie and Patty Mallette, Terrie Rogers and Carol Turnbull.

Cutest doll — Roxanne Shoner, Cheryl Hollis and Kay Sterling.

Best homemade doll — Christy O'Leary, Andrea Cain and Carol Turnbull.

Smallest doll — Valerie Spik.

Smallest dog — Rick LaRue, Mike Konoposki, and Sandra Bongiovani.

Prettiest dog — Karen Jackson and Susie Werdehoff.

Cutest puppy — Wendy Vrandenburg, John Geraghty and Chuck Konoposki.

Shaggiest dog — Susie Yoder.

Biggest dog — Susie Conley and Nancy McDonough, tie.

Largest dog family — Frank Konoposki.

Friendliest dog — Dale Stealing, Debby Phelps and Steve Pauli.

Homeliest dog — Valerie Richmond.

Oldest dog — Randy Marburger and Mark Whittlesey.

Youngest dog — Barbara Schmidt and Woody Finken.

Best-looking registered dog — Bonnie McKinney, Bob Hempe and Debbie Leavenworth (tie) and Eddie Karschnick.

Most unusual pet — Jim Ritchie, Jim and Karen McKay, and Elma Van Fossen.

Smallest pet — Mike Geraghty, Jennifer Brown and Joe Hinz and Eddie Hammond.

Fluffiest kitten — Marie Hinz.

Fluffiest cat — Jackie Phelps.

Biggest cat — Connie LaRue and Eddie Hammond.

Cutest kitten — Cathy Hempe and Rosemary Van Fossen.

Blackest cat — Mike Conley and Martha Smythe.

Prettiest float — Madigan children, Allen children, Spiker children, and Eggert children (tie).

Most original float — Shoner children and Gazlay children (tie), Cole children and Cherny children.

Prettiest bicycle — Gail Geroy and Greg Geroy.

In Friday's archery tournament, these are the winners:

Ages 13 and over class: boys — Bob Langtry, Richard Martin and Mike Turnbull; girls — Sue Conley and Pat Werdehoff.

Ages 11 and 12: boys — Dale Sterling and Mike Conley.

Ages 9 and 10: boys — Ronnie Baggett, Tom Hochkins and Craig Turnbull.

Ages 7 and 8: boys — Ed Chessman; girls — Wendy Vrandenburg.

In Monday's golf tournament results on the back nine at Brae-Burn course, Mike Hohenic had the low score with 44.

Larry Angove was second at 48.

Closest to the pin on the 12th hole was Hohenic and the longest drive was hit by Angove.

Indians, Lions Knothole Champs

The Indians in knothole baseball and the Lions in knothole softball were declared the winners after last week's action.

And the odd part about it all is that the Indians tied the only game they played and the Lions won one and tied another.

Trailing by five runs in the last inning, the Indians saved their own scalps with a six-run outburst to take a one-run lead over the Angels. But that was short-lived. The Angels scored one and the game was called with the score tied, 9-9.

The Lions scored twice in their last time at bat to tie their game with the Panthers, 6-6. But against the Bears, they scored five times — again in the last inning — to win 7-6.

In other knothole baseball action, the Yankees beat the Angels, 9-2, and then lost to the Athletics, 8-4. Dennis Matthews had a big Yankee hit against the Angels. The Dodgers scored three times in the

first and then hung on to claim a 3 decision over the Giants.

In knothole softball, a five-run third inning wrapped up an 11-6 win for the Bears over the Cubs. The Tigers, collecting 16 hits, romped the Colts, 23-5, in the biggest score of the week.

Eric Stein and Tom Lepper of the Tigers, combined to whitewash the Panthers, 8-0, and the Cubs scored eight runs in the first to win easily over the Colts, 17-5.

Here are the final standings:

KNOTHOLE BASEBALL

Indians 8 4 1 1
Yankees 8 3 1 1
Athletics 7 6 0 1
Angels 6 3 6 1
Dodgers 5 9 9 0
Giants 2 8 1 1

KNOTHOLE SOFTBALL

Lions 8 2 3 1
Tigers 7 3 1 1
Panthers 5 4 2 1
Bears 5 6 0 1
Cubs 4 7 0 1
Colts 1 10 0 1

Michigan's fall goose season holds promise of being the same as last year, but duck hunters might have to brace themselves for added restrictions.

Conservation officials from 14 states and three Canadian provinces has recommended a tightening up on the duck harvest in its flyway in light of drought conditions which have staggered duck production in the prairie pothole country of Canada.

Reports from the Canadian prairies, where about 50 percent of the flyway's ducks are hatched each year, show brood numbers were down some 78 percent from the 11-year average through the end of July.

It's Just Not Their Year — Rec Team Loses to Wyandotte, 7-4

It's just not Northville recreation's year.

Nosed out of the Class D tournament play a week ago, the local contingent lost a 7-4 game to Wyandotte Tuesday afternoon to finish as the runner-up in the Inter-City baseball tournament.

A handful of errors helped Northville's downfall in the eighth inning when Wyandotte scored four times on just two hits.

Northville blew a three-run lead in the sixth. They could get only one run back in their half of the eighth.

This game was a replay of one that wound up in a 3-3 tie last Thursday. Rain caused the cancellation then.

But there was no rain this time, except maybe in the hearts of the boys.

Eric Peterson, a strong right-hander who has been a bulwark of strength on the mound all season, pitched a fine ballgame. He allowed five hits, struck out seven

and walked two in going the distance.

But he received no support — either offensively or defensively. The locals managed four hits. Joe Hay had two singles and Gordie Hammond and Dan Prebenda had the other safeties.

Northville scored three times in the first inning to grab a fast lead. Wyandotte tied it in the sixth and this

set the stage for the eighth inning uprising.

To get to the finals, Northville defeated Roseville, 3-1, and Highland Park, 7-1.

In that latter victory, Prebenda, picked up from a Livonia Class D squad, hurled a one-hitter. Again, hitting was not Northville's strong point in this one.

They got four hits with Terry LaRue collecting two.

and walked two in going the distance.

But he received no support — either offensively or defensively. The locals managed four hits. Joe Hay had two singles and Gordie Hammond and Dan Prebenda had the other safeties.

Obituary

ALTA MOAK

Alta Moak, 58, widow of the late Myron J. Moak, died Sunday at Eastlawn convalescent home after an illness of several months. Funeral services were held Tuesday at 2 p.m. from Ebert Funeral home with the Rev. Lloyd G. Brasure, First Presbyterian church, officiating. Burial followed at Rural Hill cemetery. Mrs. Moak is survived by a son, Robert J., Northville; daughter, Mrs. Shir-

ley Van Sickle, Northville; sister, Mrs. Jane Lawton, Springfield; brother, John Grogan, Detroit; and 8 grandchildren. Mrs. Moak, a local resident since 1943, was born December 17, 1902 to George and Ida Dryer.

ALVIN H. (HEC) SHUTTLE

Funeral services are to be held this afternoon (Thursday) at 2 p.m. from Ebert Funeral home for Alvin H. (Hec) Shuttle, 67, of 109 East Main street. The Reverend Lloyd Brasure, First Presbyterian church, will officiate. Burial is to be at Rural Hill cemetery. Mr. Shuttle, a Northville resident since 1958, died Monday at Wayne County General hospital after an illness of three weeks. He was a native of Leamington, Ontario, Canada, where he was born August 17, 1893 to Amos and Mary (Gillan) Shuttle. Before moving here, he lived 40 years in Detroit. Surviving are his daughter, Mrs. Eileen Simms, Novi; sisters, Mrs. Hazel Boden, Mrs. Donald Corby, and Mrs. Mabel Stewart, all of Canada; brothers, Burn, Albert and Frank, all of Canada; three grandchildren; and one great-grandchild. He was preceded in death by his wife, Louise Blanche. A tailor by trade, Mr. Shuttle was a member of Northville Lodge 185 F&AM and the Detroit Scottish Rite Lodge.

CHRISTIANITY IS EXCLUSIVE!

Christianity is an exclusive religion! It does not recognize any other religion in the world as its equal or share with it in any fashion. The popular belief fostered by such organizations as the United Nations, our modern Education System is that each praying and serving to his own God in his own way, in the way that seems best to himself, will be acceptable by the true and living God and he will be enough to get anyone by at the judgement bar of God and an entrance into heaven. Just two plain verses in the Bible are sufficient to refute these claims. John 14:6 "Jesus said unto him, I am the way, the truth and the life, NO MAN COMETH UNTO THE FATHER BUT BY ME." In Acts 4:12, "Neither is there salvation in any other; FOR THERE IS NONE OTHER NAME UNDER HEAVEN GIVEN AMONG MEN WHEREBY WE MUST BE SAVED." Tradition records that when the Apostle Paul was offered a space in the "Hall of Gods" for his God, he refused emphatically. For the God of Heaven tolerates no other! It is either believing in and yielding to Jesus Christ or to perish forever. Christianity is just as narrow as that! Let us then beware of becoming so liberal and so broadminded that we become unbelievers.

Program to Study Evils of Communism

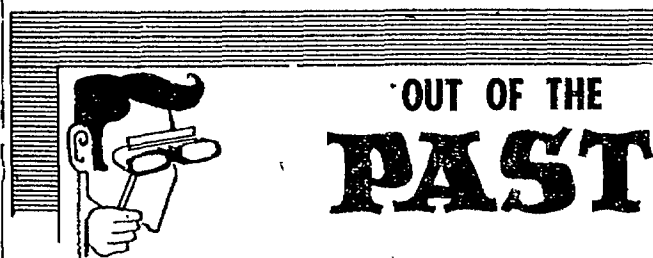

A five-day classroom course in the evils of Communism and the advantages of the American way of life will be conducted August 28 to September 1 at the University of Detroit.

Sponsored by Education for American Freedom, Inc., and called the Counterattack Freedom School, the program has as its honorary co-chairmen Detroit Police Commissioner Herbert W. Hart, retired Federal Judge Frank A. Picard and Charles R. Landrigan, executive vice president of Detroit Edison company.

The Counterattack Freedom School has 20 speakers for its five-day program. Herbert Philbrick, Dr. Gerhart Niemeyer and William J. Edwards will speak on the first day of the program, Monday, August 28.

Topics of Philbrick's talks will be "Communism and Youth" and "I Led Three Lives." He is the author of the widely-publicized "I Led Three Lives," which detailed his experiences as an FBI-informant member of a Communist cell.

Dr. Gerhart Niemeyer, Professor of Political Science at the University of Notre Dame, will speak on both "The Philosophy of Communism" and "Foundations of American Government." He is the author of "Handbook on Communism and An Inquiry Into Soviet Mental-

ONE YEAR AGO

— The second meeting of area community representatives on the proposed hospital authority produced some obstacles that threaten the proposal before it gets to a vote. At a meeting in Wixom, both Wixom and Milford insisted that both osteopaths and MDs be permitted to practice in the hospital. At least four other communities objected.

— Northville city council approved building a public works building.

— After a joint meeting of city and school officials, the Center Street paving issue was still in the "iffy" stage — if the school board would concur with the city's special assessment answer. The school insists it could not possibly do this.

— Groundbreaking ceremonies for the new UAW hall across from the Wixom Lincoln plant were scheduled for August 18. The \$120,000 structure is expected to be completed by November.

— Blaine Ashby, Fred Mitchell, Gary Morgan and Dave Nash were four Northville players taking part in the Oakland County All-Star football game. — Wixom should have its new city hall by the end of the year after the council okayed the purchase of seven acres of land located south of Pontiac Trail, east of the C&O tracks, for \$17,000.

— Novi council eyed a solution to the long-disputed trailer park issue. After learning that it could not hold a referendum vote in conjunction with the November presidential election, the council considered rezoning the area to agricultural.

FIVE YEARS AGO — Northville council was ready to approve construction of two sewers — on Wing and First streets and on Fairbrook from Center to Hines Drive. Bids were to be opened soon.

— Two persons were killed in two days on Novi road with five others injured in the accidents. One accident occurred at Novi and Nine Mile and the second on Novi at 12 Mile road. Bruce Simmons, a passenger in one of the cars, suffered facial lacerations.

— Six new teachers will swell Northville's faculty to 61, it was announced at this week's school board meeting. The board started preparing for the opening of the school year with a special meeting called to orientate the new teachers.

— Northville's newest "resident" arrived July 31. She is Hedi Trithart, an Austrian exchange student. She will spend the year with the Al Jones family on Horton street.

— Oscar Hammond, of North-

OUT OF THE PAST

ville, was recently installed as the state vice-commander of the American Legion.

— Mayor and Mrs. Claude Ely of Northville will join more than 100 Michigan mayors in the opening ceremonies of Detroit's 1956 Riverama civic festival.

— The East Novi school district was busy preparing proof that it can pay the tuition to Northville High for 60 Novi students. Northville said it would not admit the students if Novi could not meet a past debt and offer an advance sum for the coming school year.

FIFTEEN YEARS AGO — Elroy V. Ellison was named to head the Northville Veterans' Institute. He is presently elementary school principal and auto-mechanics instructor.

— Over 5,000 youngsters participated in the Northville recreation program this summer. Some 1,850 grade school youngsters and 3,430 high schoolers took part in activities.

— The improvement of Ford Field, is the latest Exchange Club project. The club is hoping to have the lighting installed in time for the first football game. On the committee is Chairman George Locke, Orson Achanson, E. V. Ellison, Carl Ely, A. Russell Clarke and Harold Bloom.

— The daily Bible vacation school sponsored by the Northville Baptist Church got off to a good start with 67 enrolled for the first day.

— Some food prices: beef roast, 39 cents pound; pork roast, 37 cents pound; watermelon, 99 cents each; lemons, 13 cents pound; butter, 71 cents pound.

TWENTY-FIVE YEARS AGO — "Hurrah, hurrah, the new pavement is open to the traffic." This is how the Record of 25 years ago welcomed the opening of the widened and improved Main street. A street dance and band concert were scheduled to celebrate the event.

— Drought-plagued farmers in the area are fearing huge crop losses unless rain comes to bring relief. Farmers termed the hot, dry spell the worst in history. Corn in some places is only four feet tall. Gardens have yielded nothing under the blazing sun. Fruit is holding up well, although needing rain also.

— Village Treasurer Harold Bloom said about 40 per cent of the taxes have been paid so far.

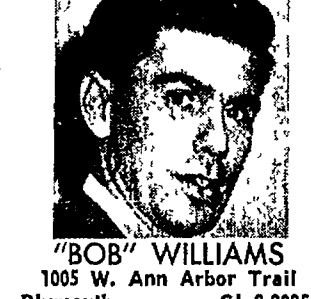

— The possibility that land within a mile of Northville may be rich in oil grew this week when a Detroit oil company was attempting to get farmers in the north parts to lease their lands for drilling wells. It was reported the company is interested in leasing some 18,000 acres.

— A local citizen, watering his lawn to keep it green during the present hot spell, thought he would check costs. He found that one hour's spraying cost him 2½ cents. The rate after four thousand gallons are used is 25 cents a thousand gallons. — Now at the local theatre: Harry Carey and Hoot Gibson in "The Last Outlaw."

Novi Police Arrest Driver Who Fled Accident Here

The alertness of Novi police aided in the arrest of a hit and run driver involved in an injury accident at High and Randolph streets Friday night.

Novi police apprehended the driver, Dean F. King, of Vermontville, near their firing range at Twelve Mile and Dixon roads within hours of the mishap. King's car matched a description broadcast by Northville Patrolman Andrew Cain, who had investigated the mishap.

Injured in the collision was Mrs. Michael Batt, of Northville, who was riding with her husband when their car was struck. She suffered a shoulder sprain.

King, appearing before Justice Charles McDonald Saturday, was charged on three counts, leaving the scene of an injury accident, driving on an expired operator's license and failing to have registration on his person.

King entered a plea of guilty on the first count and was fined \$50 and \$25 cost. Justice McDonald also ordered him to pay \$100. King, released on \$100 personal bond, is scheduled to appear Saturday on the other two charges.

In the absence of Justice McDonald, Novi Justice Robert Anderson presided in court action dealing with three other auto accidents.

Justice Anderson fined Ralph Hester Moore, 30035 West Seven

Mile, Livonia, \$15 and \$10 cost and ordered him to pay \$100 restitution after finding him guilty of failure to control his car causing an accident. Moore struck the rear of a car driven by Max Richmond, of Detroit, on August 4 at South Main near Seven Mile.

Clifton McIntosh, 411 Baseline, was charged \$15 cost for conviction on the same charge. McIntosh struck a car driven by Lawrence Rackow, 24391 Halstead, Plymouth, at Novi avenue and Eight Mile on August 2.

Driver Hits Bridge Suffers Head Cuts

A Northville DPW employee suffered severe head injuries Monday afternoon when he crashed broadside into a bridge abutment on Nine Mile at Center street.

Edward P. Austin, 54, of 404 Beal street, was taken to St. Mary's hospital, Livonia, by Castorline ambulance service. He was ticketed by Novi police for reckless driving.

According to police, Austin was driving west on Nine Mile in the eastbound lane when he hit the abutment. Police said he had been drinking.

A Novi police car suffered \$25 in damage while en route to the Austin accident when it collided with another car at Grand River and Novi roads.

Patrolman Earl Bailey said he approached the intersection slowly with his red light flashing and, believing he had the clearance, disregarded the red traffic light.

He collided with a car driven by Ernest E. Peterson, of Detroit. There were no injuries.

Police Chief Lee BeGole emphasized that all emergency vehicles — police, fire or ambulance — do not have the right of way simply because their red light is flashing (and) siren screaming. By state law, these vehicles must use caution at all times when crossing through intersections.

Last Friday morning, a two-car collision at Grand River and Novi road resulted in minor damage to both cars. A car driven by Tessa M. Snyder, of Spruce, was leaving a service station when she was struck by a car driven by Robert D. Cotter, of 43220 11 Mile road.

Discards? Call Rotary

If you're starting your fall cleaning early, don't throw away any old clocks, appliances, toys, dishes, etc.

The Northville Rotary club is searching for, for sale, items for its annual rummage sale, scheduled this year for September 29 and 30 at Northville Downs.

The event is Rotary's largest single fund-raiser and helps the local club promote its community service projects.

Anyone having discards they are willing to donate may call one of the following numbers for pick-up: Fieldbrook 9-1019, 9-0394, 9-0660, 9-0717, 9-1100.

News from Wixom

Mrs. Charles Ware, MA 4-1601, The Jesse Birchard family enjoyed one week traveling through Northern Michigan. They visited the Soo Locks, Indian River, Big Bear Sand dunes and several other beauty spots.

The Fred Wagnitzes of Wixom entertained at a cookout dinner on Sunday. Guests were Mrs. Myron Pickard and family, Mr. and Mrs. Robert Wagnitz and family and Mr. and Mrs. Marvin Wagnitz and family.

Mr. and Mrs. Russell Bloom of Detroit were visitors of the Rollin Porters Wednesday.

Rev. and Mrs. Edmond Caes and family returned home to Wixom having spent three weeks vacation in New York City and state and New Jersey.

Helen Vincent of Royal Oak was a weekend guest of Mildred Gibson.

Jeff Stadnik spent one week in Plymouth as the guest of his aunt, Mr. and Mrs. Gene Dalsey and family.

Over 200 guests attended a dinner on Sunday August 13 at the Charles Ware residence given by Mrs. Patrick Brady of Eight Mile road, Northville.

Mrs. Pat Quinn of Commerce and Mrs. Charles Ware to aid the Irish Pallotne Fathers of

Wyandotte. They realized \$341 clear profit from the dinner.

Mr. and Mrs. Charles Proctor and Eldon were guests of Charles Armstrongs of Walled Lake for Sunday dinner.

Twenty-two ladies from Wixom helped at the Red Cross blood bank at Lincoln plant on August 2.

Bill Ware from New York City is the guest of his uncle, Charles Ware of Wixom.

The George Spencer family attended a St. John family reunion at the Eugene St. John home near Elizabeth Lake on Sunday, August 13.

Vernon and Mrs. Spencer attended the annual Brown Swiss Michigan State Cattle Show in Sherlock Sunday. Mrs. Spencer is state secretary of the Michigan Brown Swiss association.

GRAND CHAMPION — Norman Balko, 15-year-old Northville high sophomore, has a real prize-winner "Terry", his three-year-old Holstein cow, who was judged the reserve grand champion at the Oakland county 4-H fair. Norm has raised "Terry" from a calf. He is the son of Mr. and Mrs. Howard Balko of 52730 West Eight Mile road.

Permits Trouble Salem

Persons planning to purchase property in Salem township were advised this week by Supervisor Harlow Ingall to secure percolation tests before consummating purchases.

According to Ingall, people wishing to build homes in Salem are finding it more and more difficult to obtain sewage disposal permits.

Since last February, when the Washtenaw county board of supervisors adopted a code submitted by its health department, such permits must be obtained before a building permit can be issued, he explained.

Although sanitary permits are issued by the health department, applicants may appeal denials to "certain committees and to the courts," Ingall said.

"Property owners, realtors, and would-be purchasers of land for home sites are all affected by this situation, and have this land — particularly — our clay soils — tested and approved by the County Board of Health, before purchases are consummated, could be to their mutual advantage."

"We realize the effect this is having in Salem, and other townships as well, and feel that it is very urgent that our people understand the situation. There may be a silver lining to this dark cloud, however. With our county planners and our health department insisting that most of our soil should be used for farming, and having the power to carry out that plan,

how long can the state tax commission value our land at suburban prices?"

"We have already presented this matter to the county board of supervisors, and others who have some influence we hope. Information in regard to prices asked or received for land could often be used to our advantage."

Ingall pointed out that a ruling by the Attorney General held that requirement of sewage disposal permits cannot be

avoided by the township enacting its own building code.

Rotarians Host Farewell Dinner

Au Revoir, Auf Wiedersehn, Goodby

FAREWELL PICNIC — Northville Rotary club hosted a farewell picnic at Wayne County Training School last Wednesday night for 148 foreign exchange students sponsored by the Michigan Council of Churches "Youth for Understanding" program.

Rotarians estimate between 650 and 700 persons attended, including the students, their American families, foreign consuls and other guests.

Nearly 700 persons — exchange students, their American foster parents, foreign consuls, representatives from the Michigan Council of Churches and Northville Rotarians — filled a tree shaded grove at Wayne County Training school last Wednesday evening for the annual foreign exchange students farewell dinner.

In typical American style, the throng sat down at rows of white, paper-clothed tables for a picnic dinner.

It was the biggest crowd the Northville Rotary club has hosted. Exchange students — 148 in all — came from all over Michigan, with a few from Indiana and Ohio.

Music by the Northville High school orchestra, under the baton of Bob Williams, punctuated the lively chatter of conversation.

Only the prospect of the students' departure the next day cast a shadow of sadness over the gay atmosphere. After a year's stay in the United States, the teen ambassadors were getting ready to return to their European homes.

The value of their American sojourn was perhaps best expressed by Leo Beebe, Rotary district governor, who told them:

"...I couldn't help but think how different this world might be if every young person in every country had the opportunity to have the experience the young people here tonight have had."

Beebe returned recently from a trip to the Orient where he observed some of the effects of student exchanges. Rotary International has itself sponsored over 10,000 exchanges.

Students at Wednesday night's picnic are sponsored by the Michigan Council of Churches "Youth for Understanding" program now in its tenth year.

Introduced by toastmaster Charles Smith, student representatives from England, Denmark, Finland, Ireland, Germany, Holland, Switzerland and Italy gave capsule accounts of some of their experiences during their year here.

Said Andrea Irvine, an Irish visitor, "I shall always feel a little part American — and be mighty proud of it."

And there was group singing led by Carol Tabor, accompanied at the piano by Sam Chizmar.

After the picnic, the exchange students were the overnight guests of Northville Rotarians and their families. Thursday morning they returned to the training school to board buses for Montreal.

Directing the entire project for the Rotary club were Richard Kay and Philip Ogilvie, committee chairmen, Dr. P. Buoniconto, club president, L. C. Sullivan and Dayton Deal.

Thursday, August 17, 1961

CONSULS CAME — Finnish Consul and Mrs. Harri M. Virjo (second and third, left), and Mexican Consul Esteban Morales (third, left) and his son (far right) are greeted by Rotarians Dayton Deal (far left), Dick Kay (center) and J. J. Brummel.

SPECIAL GUEST—(upper left) Dr. Pasquale Buoniconto, local Rotary president, (left) played host to Rotary district governor Leo Beebe, who described Northville as "a typical American community that has opened its heart to bid you a fond farewell." **NORTHVILLE'S OWN** — (left) Dr. Buoniconto chats with Uta Rosenbrock, German exchange student who spent 12 months with the Lawrence Filkin family of Fairbrook, and Dave Filkin. **HIDDEN TREASURES** — (above) A maze of suitcases, containing souvenirs of the students' year as American teenagers, stand by dutifully while their owners waited for bus assignments.

COMING BACK — Tom Nielsen from Odense, Denmark, told his listeners, "I wanted to stay and wouldn't say goodbye to my friends. I just said, 'See you later!'"

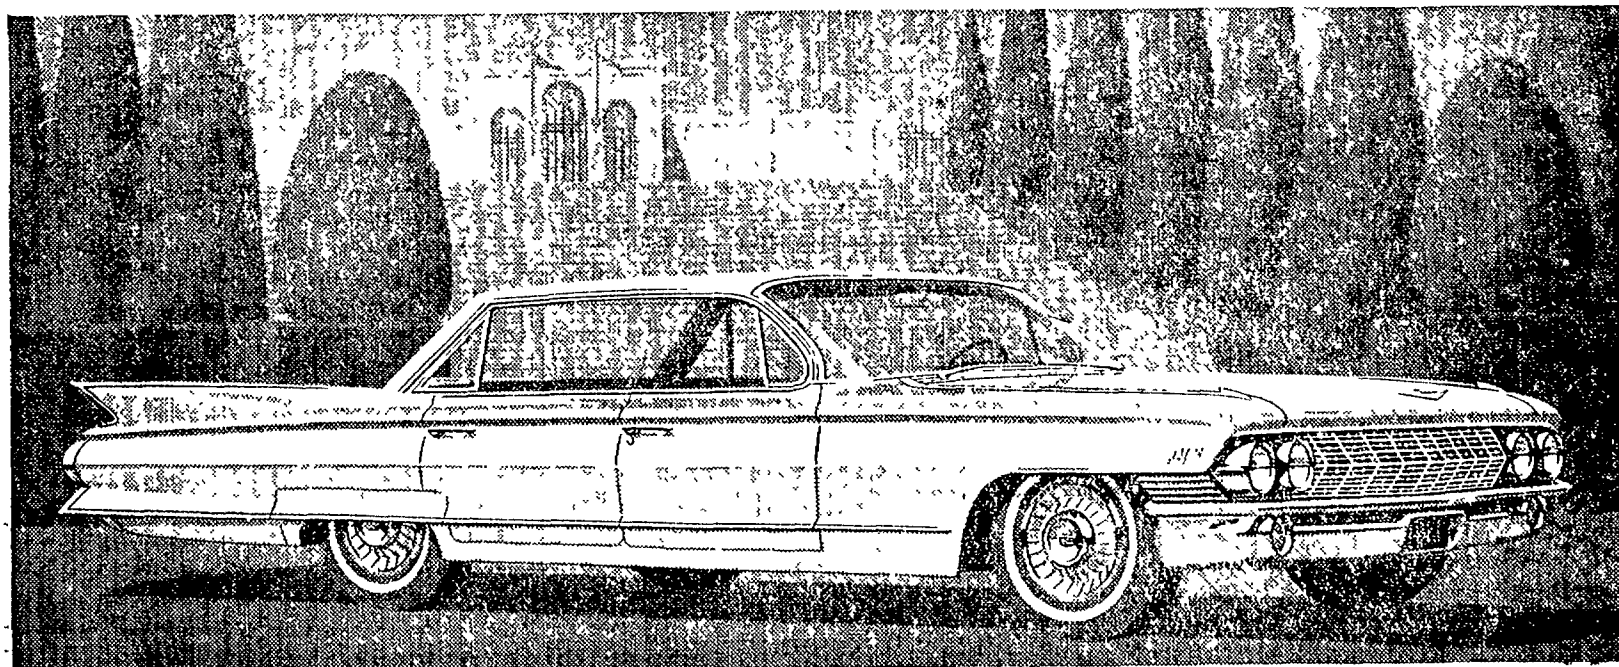

LAST GOODBYES — Thursday morning exchange students gather at Wayne County Training school to board buses that will take them to Montreal for the trans-Atlantic voyage home.

NOVI HIGHLIGHTS

Mrs. L. Rix
The Victor Gilletts have returned from a week's vacation at Higgins Lake. While there they attended Pines Theatre. This week Mr. and Mrs. Vincent Gillett and Kay and Gary are having a week of vacation at Higgins Lake.

Mr. and Mrs. Anthony Skellis and children, Diane, Tim, Jim and infant daughter are home again after a week of camping in Northern Michigan.

Mr. and Mrs. John French spent last week with the former's relatives. Mr. and Mrs. Boyd French at Rocky Gap in Virginia.

Mr. and Mrs. James Erwin returned last Saturday from a vacation spent in the Upper

Peninsula where they visited parents of Mrs. Robert Erwin. Their trip also took them to the Georgian Bay in Canada and to New York state to visit the latter's sisters.

On Sunday the John Frenches visited Mrs. French's mother, Mrs. Richard Stevens at Albion.

Last week Mr. and Mrs. Charles S. Crawford vacationed in the Keweenaw Peninsula.

Mr. and Mrs. Emery Green honored their nephew, Danny Green at a birthday dinner Sunday at the home of Danny's parents, Mr. and Mrs. Carl Green. The grandparents, Mr. and Mrs. Eugene Dallas from Warren road were also present.

Mrs. Belle Walter, who has been visiting her sister and brother-in-law, Mr. and Mrs. Clyde Johnston for the past several weeks returned to her home at Ormond Beach, Florida the fore part of this week.

The Donald Ponner family attended the Donner family reunion at Lola Valley Park on Sunday. Approximately 100 relatives were present.

Mrs. Richard Rutter celebrated

her birthday with her family at a barbecue at the Ritter home this past Sunday. Mrs. Ritter's mother, Mrs. Mary McLaren of Detroit was also a guest.

Mr. and Mrs. Gerald Trotter and family left on Wednesday for Clearwater, Florida to visit Mrs. Trotter's mother, Mrs. Frank Beiths. Their son Bill will enter St. Petersburg college this fall.

Mr. and Mrs. Donald Mayhew were hosts at a farewell party for their nephew, Gary Harland at the Al Harland home on Quince drive. Gary will be leaving soon to attend the Mission Seminary in Geneva, Illinois. There were 72 guests present.

Mrs. Al Harland and children after a summer at Grayling, have returned to their home in Novi.

Mrs. Glen Salow, Sr. and granddaughter, Jessica Proffitt, have just returned from Eastern Kentucky college where they attended the graduation of Mrs. Salow's son, Homer Proffitt, who has received his master degree.

House guests at the Luther Rix home on Fonda street are their children, Mr. and Mrs. Victor Rix and daughter, Beth Elaine, from Falls Church, Virginia and David O'Leary from Winter Park, Florida. David O'Leary returned to Florida by plane on Tuesday but the Victor Rixes will spend some time at the Rix cottage at Prety Lake, Mecosta.

Mr. and Mrs. Fred Mandlik and family spent several days at Cheboygan visiting their daughter and son-in-law, Mr. and Mrs. Ralph Bartholemew and children for the past two weeks.

Sunday supper guests at the Luther Rix home aside from their house guests the Victor Rixes from Virginia and Dave O'Leary from Florida, were Mr. and Mrs. Kenneth Pender and daughters Donna, Rickie and Christine of Keweenaw, Mr. and Mrs. George Schwarz of Detroit and Mr. and Mrs. Ed Rix and David Rix and friend from Plymouth.

Novi Baptist Church
The Novi Baptists will have on display at Gala Day old and unusual Bibles. They will also have a tent where they will show film strips for the children. Mrs. Jack Anglin is chairman of the committee for distributing literature Gala Day.

Novi Am. Vet. Auxiliary
The Novi Am. Vet. Auxiliary met at the home of Mrs. William Rackov on Fonda street last Tuesday afternoon. They sorted out articles, priced and typed them for the white ele-

ment.

LET'S TALK CARS!

THE 1961 MODEL CLEANUP

If there is one consistent tradition among North American car buyers, it is that the best buys in new cars are to be obtained in the two or three months before the introduction of next year's models.

The reasons are common knowledge with today's informed motorists — dealers are anxious to clear the decks for the incoming '62 models and are prepared to offer better deals on cars that are still as new as they were at the turn of the year but which space and finance restrictions make it necessary to move off their lots.

1961 offers one significant difference from the last few years though: cautious reaction to the upswing in our economy of the last few months has resulted in dealer stocks being much lower than in previous years. Factory production, for instance, is an average 28% below the first six months of last year.

In a word, there are fewer new cars on hand in dealer stocks or still on order this year than for years past. The early new car buyer, like the early bird, will get the best selection.

In addition, the used car market of the past few months has been a good one. This means that a dealer can secure a better price on resale for your old car and is therefore prepared to offer you more.

John Mach Ford is planning on an early clean-up of its 1961 models with liberal allowances, accompanied, of course, with the same reputable dealing and service follow-up as usual.

John Mach Ford, Inc.
117 W. MAIN — NORTVILLE

phant booth and rummage sale at Gala Day, August 26. Any one having articles for the Am. Vet. Auxiliary call Mrs. Whittington or Mrs. Bell for pickup.

Methodist Church News
Rev. Spiller of Ann Arbor supplied the pulpit of the Novi Methodist church on Sunday in the absence of Rev. and Mrs. George Nevin who are on vacation.

Mrs. Celia Sharpe and Mrs. Russell Button sang a solo at the church hour Sunday morning.

The Sunday School choir will sing at the 9:45 church service Sunday, August 20.

E.U.B. Willowbrook Community Church
Pastor Marvin E. Rickert is on vacation. Substituting for Rev. Rickert Sunday will be Rev. Spiller retired minister of the church and conference. Last Sunday Rev. Newburg was the pastor.

Last Sunday was the beginning of the evening Vesper services at Lakeside Park, beginning at 7:00 p.m. and directed

by Rev. Robert Schürman, pastor of First Church in Dearborn. Services will be continued for the rest of the summer. Promotion material is available now for the Lakeside Family Camp near Brighton from September 1 to 4. Meals, housing, recreation and child supervision is being provided for children from 3 to 12. No charge for children under three.

The pastor's wife, Mrs. Alice Rickert and her sister have published a book, entitled, "Sayer materials to Willowbrook Again", "Finger Play Book"

designed for children of nursery and kindergarten level. Copies can be secured by writing to Mrs. Hickert, 24575 Border Hill road, Novi. The authors are currently at work on another book by request of publishers.

ORDINANCE NO. 25 NOTICE OF ADOPTION OF UNIFORM TRAFFIC CODE.

NOTICE is hereby given that pursuant to the provisions of Act 62 of the Public Acts of 1956, State of Michigan, the Uniform Traffic Code for cities, townships and villages was adopted by reference by the Council of the Village of Novi on the 7th day of August, 1961.

The purpose of such Code is to regulate the operation of vehicles, to provide for the regulation and use of streets, highways and alleys and other public and semi-public places with the Village of Novi and to provide penalties for the violation of said Code.

Complete copies of the Uniform Traffic Code are available at the office of the Village Clerk for inspection by and distribution to the public at all times. No further or additional publication of the Uniform Traffic Code is required or contemplated.

Mabel Ash, Village Clerk

CONSUMERS POWER COMPANY

Nowels

Selected

By Magazine

The Nowels Lumber & Coal Company, 630 Base Line road, Northville, has been chosen by The American Home Magazine as one of 900 American Home Qualified Home Improvement Centers across the country.

As a Qualified Home Improvement Center, the Nowels Lumber & Coal Company is rated among the top 3% of the country's retail lumber and building materials dealers, and is featured in the August special home improvement issue of American Home. Extent and quality of customer services were the important criteria used by the magazine in qualifying retail lumber and building material dealers as American Home Magazine Home Improvement Centers. Centers offering the following services were eligible for this designation: Cost estimates, design and planning assistance, financing arrangements, and use of nationally advertised quality merchandise.

Hubbard H. Cobb, American Home Magazine's Building Editor, has called the qualified dealers, "one-stop remodeling centers". In explaining the magazine's program, he pointed out that the publication's management has been very much aware of the numerous difficulties often encountered by a consumer in need of even the most minor home improvements. Then, there are problems in getting reliable estimates, and later, problems in finding competent contractors.

"By designating only the most select retail lumber dealers as Qualified Home Improvement Centers," Mr. Cobb added, "we have insured that the people in the areas in which these centers are located will be able to obtain all these services in one place. We know also," he said, "that if the consumer can find a reliable local concern that can help him handle all phases of home improvement, he is very unlikely to become prey to home-improvement racketeers and fast-buck operators."

Regular Meeting

UF Names

A. R. Clarke

Appointment of A. Russell Clarke as Co-Chairman for Community Business was announced this week by Mrs. Cyril M. Brown, 1961 Torch Drive Chairman for the North Western Wayne County Region.

Clarke is a vice president of the Manufacturers National Bank in charge of its Northville branch. He will be responsible for planning and organizing Torch Drive solicitation of local businesses in the North Western Wayne County Region's five divisions: Northville, Livonia, Redford Township, Dearborn Township, and Garden City.

The 1961 Torch Drive begins on Tuesday, October 17. Funds will be sought to finance the 195 Torch Drive agencies throughout all of 1962.

In Uniform

Airman DeJohn

Norfolk, Virginia — Paul D. DeJohn, Airman, son of J. C. DeJohn of 17635 Beck road, is now at the U.S. Naval Receiving Station, Norfolk, Virginia undergoing pre-commissioning training in connection with the commissioning of the USS Constellation CVA (N) 65. This Receiving Station, commanded by Captain V. A. Bladin, USN, processes approximately 6,000 men per month. These sailors are on their way to and from Naval Activities all over the world.

Novi School Board Minutes

July 12, 1961.

The regular meeting of the board of education was called to order by the president, Dr. Ambinder, at 8:13 p.m. on Wednesday, July 12.

Present were Dr. Ambinder, Mr. Fried, Mr. Heslip, Mr. Taylor and Dr. Medlyn. Absent, Mr. MacBride.

The minutes of the regular meeting of June 14th and the special meeting of June 21st, were approved as presented.

The treasurer's report which follows was approved as read:

General Fund \$45,658.02; Lunch Fund, \$844.55; Payroll Fund, \$23,813.94; 1957 Building and Site Fund, \$144,239.88; 1955 Debt Retirement Fund, \$35,970.21; 1957 Debt Retirement Fund, \$18,806.04; 1958 Debt Retirement Fund, \$6,424.73.

Dr. Tom Stone, curriculum consultant, reported that he had worked in the Novi School System for two months, becoming acquainted with the curriculum and the teachers. He had spent a full day with the teachers in a curriculum study workshop. The teachers are interested in eliminating areas of duplication so they can concentrate on doing a better job in basic areas of instruction. The first objective now is to build a basic program in social science, arithmetic, and language arts. They plan on setting aside two days at the beginning of school to get set up for work for the next year. Dr. Stone stated the committee will probably request ½ day per month for curriculum planning. The teachers will be meeting at least once each week after school, and working sometimes on Saturday.

Mr. Fried asked Dr. Stone how the teachers were responding to this program. Dr. Stone stated he found the teachers both eager and willing. There are 18 teachers interested in having a curriculum course taught here. Dr. Medlyn suggested this course might come from Wayne or Eastern, probably with Dr. Stone as co-teacher. The teachers were to collect materials from summer school to use during this next year. Dr. Stone will spend the equivalent of two days per week on Novi's curriculum work.

The Tax Allocation Board has allocated the school district 8.37 mills for operation for 1961 tax levy, plus the 2.5 mills voted increase for operating. The district can levy up to 13.5 mills for debt service. Dr. Medlyn recommended the board levy the 8.37 plus 2.5 for operating, and 7 mills for debt service.

It was moved by Mr. Fried, and seconded by Mr. Taylor that the district spread 8.37 mills plus 2.5 mills voted increase for operating expenses and 7 mills for debt retirement. The motion carried.

Dr. Medlyn requested authorization to write to Barcus, Kinard and Co. of Chicago and Donald Severance, 392 Fairbrook Northville, Michigan STATE OF MICHIGAN County of Wayne ss. 478.026

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-fourth day of July, in the year one thousand nine hundred and sixty-one.

Present Thomas C. Murphy, Judge of Probate.

In the Matter of the Estate of RAY D. HARRISON, SR., also known as RAYMOND D. HARRISON, Deceased.

On reading and filing the petition of Charles L. Harrison praying that administration de bonis non of said estate be granted to Arthur M. Hoffeins or some other suitable person:

It is ordered, that the twenty-first day of September, next at ten o'clock in the forenoon before Judge Ira G. Kaufman, at said Court Room be appointed for hearing said petition.

And it is further Ordered, that a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Thomas C. Murphy, Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated July 24, 1961.

Cecil A. Bernard, Deputy Probate Register.

11-13

REYNOLDS WATER CONDITIONING CO.

Factory Representative — BOB KREZEL FI-9-0519

offer to call some of the 1955 bonds.

It was moved by Mr. Fried, and seconded by Mr. Taylor that the board offer to pay off \$15,000 in bonds. The motion carried.

Dr. Medlyn recommended investing the surplus debt retirement money with Michigan National Bank at 3% interest.

It was moved by Mr. Fried, and seconded by Mr. Heslip that \$36,597.58 be invested with Michigan National Bank in Flint at 3% interest. The motion carried.

In order to have all buses in good running condition for the coming school year, Dr. Medlyn stated one bus needed a rebuilt engine, priced at \$183 from Novi Auto Parts, also some tires would need to be replaced. Goodyear tires were recommended.

The school's supplies, such as paper etc., are being bid by Michigan Products, Michigan School Service and Standard School Supply and will be ordered for fall.

The Novi School needs two classrooms of furniture, one 2nd grade and one 7th and 8th grade, two teacher's desks and 60 units, attached lift lid was recommended.

It was moved by Mr. Taylor, and seconded by Mr. Fried that the board purchase the necessary furniture from American Seating Co. The motion carried.

The library at Novi School is moving into the 1955 addition and will use the furniture already in the room.

Dr. Medlyn recommended the purchase of the Ginn Reading Series, including Kindergarten Readiness plus 1st through 4th grade textbooks at a cost of approximately \$4,000-\$4,200.

It was moved by Mr. Fried, and seconded by Mr. Taylor that the superintendent be authorized to purchase the Ginn Reading Series of Kindergarten Readiness and books for 1st through 4th grades. The motion carried.

The superintendent presented the Annual Report, it will be acted on at the special meeting on Monday, July 17.

Dr. Medlyn stated that he was leaving the choice of lighting fixtures for the Novi Annex for his successor to make. The trial installation had been discussed with the dealer and would remain in the kindergarten room. Bids were left on file in the office.

Dr. Medlyn read the recommendations of Miss Slater in regard to preparation of food at Orchard Hills and transporting it to Novi School.

The board would like to have Miss Slater's recommendations for Novi School if the food were not to be transported.

The board would like both Miss Slater and Mrs. Darling to appear before the board at the next regular meeting on August 9th.

Mr. Heslip stated that the Lunch Fund should reimburse the Building and Site Fund \$300 for the mixer.

It was moved by Mr. Fried, and seconded by Mr. Heslip that the board secretary be authorized to negotiate the school lunch agreement. The motion carried.

There were to be special meetings Monday, July 17 at 7:30 and Tuesday, July 18 at 8:00 for the purpose of interviewing candidates for the position of superintendent.

Mr. Vincent Niklas questioned the cost of the proposed news letter. The costs will be presented by the secretary at the August meeting.

It was moved by Mr. Heslip, and seconded by Mr. Taylor that the bills be paid as presented, with the exception of Ward's Super Service. The motion carried. The bills follow: General Fund, \$1708.60; Lunch

Fund, \$479.56 and Building and Site Fund \$718.37.

A letter from the Michigan Association of School Boards was read. This association provided communication between board members and is a guide to legislation on school matters.

It was moved by Mr. Heslip, and seconded by Mr. Taylor that the M.A.S.B. assessment be paid. The motion carried.

The meeting was adjourned at 10:20 p.m.

Respectfully submitted
John MacBride,
Secretary

Novi Rotary To Host Club Official

The Rotary Club of Novi will be host to Edward S. Trupp, governor of the 68th district of Rotary International, when he makes his annual official visit to Novi next Thursday.

He will address the local club and confer with President Dr. Lytle Fetting and Secretary George Kenyon and committee chairmen on Rotary administration and service activities.

An attorney in Ypsilanti, Trupp is a member and past president of the Ypsilanti Rotary Club. Presently, he is a member of a State Bar committee to coordinate its activities with the forthcoming constitutional convention in October.

Rotary's objectives are developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, and fostering the advancement of understanding, good will and peace among all the peoples of the world.

During the past fiscal year, more than 300 new Rotary clubs were organized in 43 countries.

NOVI AUTO PARTS

NOVI, MICHIGAN

By HUGH C. BRONAUGH, Manager

A SIGNIFICANT MILESTONE IN FREE ENTERPRISE

was reached recently when Mr. and Mrs. Hugh T. Polson of Wichita, Kan., together became the 2,000,000th AT&T share owner.

Thus, the Bell System becomes the first privately owned business in history to be owned by so many people—people from all walks of life. This is a prime example of people's capitalism in action—a dramatic testimonial to the American economic system—democracy in action. Incidentally, just 10 years ago Mr. and Mrs. Brady Denton of Saginaw jointly became the 1,000,000th AT&T share owner.

WHEREVER YOU ARE

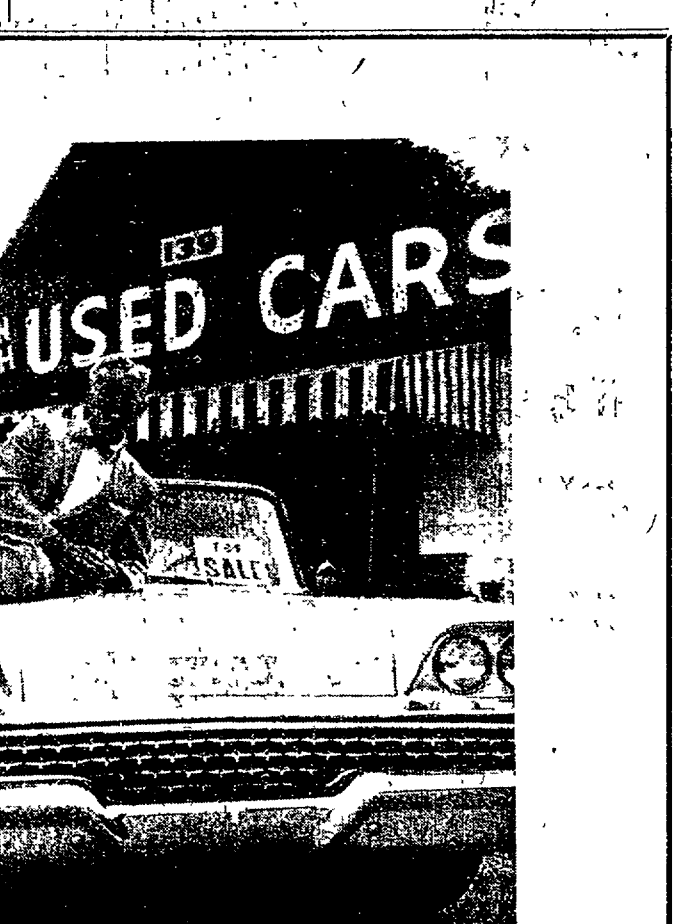

this summer, chances are you'll be near a public telephone—whether it's an indoor booth or the familiar outdoor booth, or the handy new Walk-Up or Drive-Up variety. Any one of them—and there are more than 45,000 in Michigan—is your "phone away from home."

PRODUCING A RABBIT

out of a hat is a startling feat of magic—much like the "magic" produced by Bell System scientists. A good example is a new way to increase the capacity of transatlantic cables. The equipment seeks out the pauses which are a part of every telephone conversation and uses them for extra calls. This remarkable achievement doubles the capacity of undersea cables. It's this kind of ingenuity that helps keep your phone costs low while providing you with ever-improving service.

Writer Turns Golfer: Lesson Two

Slow Back Swing, Wiggle, Press... And POW!

BY DON HORKEY complex business of the swing. Well, the grip and stance "Golf is not a game of violence," he said. But, oh, that swing. A beautiful statement and so I had the coolest instructor in appropriate for old flubbin' me 50 miles when I went back for my swish-swish method. The second lesson at River Tee "There's no need to rush your golf range at 3925 Grand Riv-swing," he said. And as we proper, between Meadowbrook andgressed further into the lesson, Haggerty roads. "You're not hitting the ball, Assistant pro Ron Walker en-you're pushing it." "Pushing it?" I thought. "Yes, Ron explained. Because ball. I was really whacking the of my rapid-fire up and down daylight out of that sphere-swing, I was disassembling my-Swish, swish, swish. self, so to speak. My pivot was And then, with just a gentlemore like a sway, my left heel and kind admonition, Ron madeat the backswing was up too me see the light of this whole,high, my weight was not shift-

ed from the right to the left on the downswing, and I was un-cocking my wrists at the top of my swing because of the frenzied pace. "Slow down that backswing," Ron said. "Pause at the top and ready yourself for hitting the ball." Let's start all over, I told him. So we did. I took my stance and gripped the club as I was taught in the first lesson. I felt comfortable, my back straight and knees slightly bent. Then the start of the swing. This is a very slight movement. A "forward press" Ron calls it wherein you begin to collect yourself for sending the ball straight down the middle about 250 yards. Really the motion comes naturally. If you try it, you'll see you couldn't bring the club back naturally from just the stance. There's a slight wiggle (if you want to call it that) that puts you into the proper gear. The clubhead is brought back slowly along the ground for the first six inches or so. You don't cock your wrists until waist-high. Your left arm is extended straight out and your right elbow is close to your body. At the same time, your right knee is locked. This is the beginning of the pivot. And here was, where I was swaying. (Think I'll try Sammy Kaye next.) Imagine yourself in a barrel, Ron told me. It fits about your waist and the pivoting is done all within that barrel. Hips are turned at about 45 degrees from the line of flight and your back is facing the line of flight. That's all. There is no swaying out of that imaginary barrel. The head remains stationary with eyes fixed on the ball and not on that pretty girl just walking by. Business first. When we reach waist high, then we begin to cock the

wrists. The left arm is still extended straight out. Wrists are fully cocked at the top of the swing and the club is horizontal to the ground. (See accompanying photos). At the top of the swing, the head is looking directly over the left shoulder at the ball. (There goes that blonde again). The left knee is bent at a point directly behind the ball and the heel is about a half-inch off the ground. Here was one of my troubles. I had my whole foot off the ground with just the toe touching. "Too much," Ron said. The top of the swing is a most important part of the swing. Here Ron urged me to pause just a moment. Not a complete one so that it is visible to the eye, but a flashing moment enabling me to get set to hit the ball. "You're overswinging," Ron told me, "and that's where you

come all apart." By overswinging, Ron meant I was bringing the club back below the horizontal line. I could catch a glimpse of the clubhead as I did this. As a result, Ron said I was un-cocking my wrists and hitting the ball with my arms. "You're pushing the ball and not hitting it," was the way he put it. At the start of the downswing is where the weight is shifted from the right foot to the left. Ron called it "planting the left heel" and "getting into the hitting area." Hands and arms are lowered to the waist, wrists are still cocked. Then "throw the club-head into the ball," Ron said. It all sounded beautifully. But why doesn't someone tell the

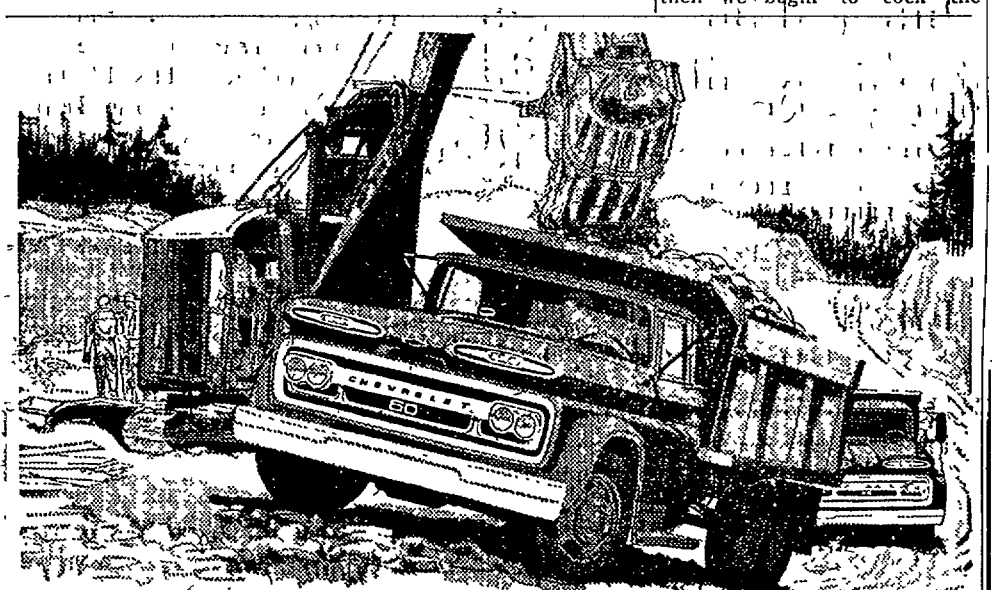

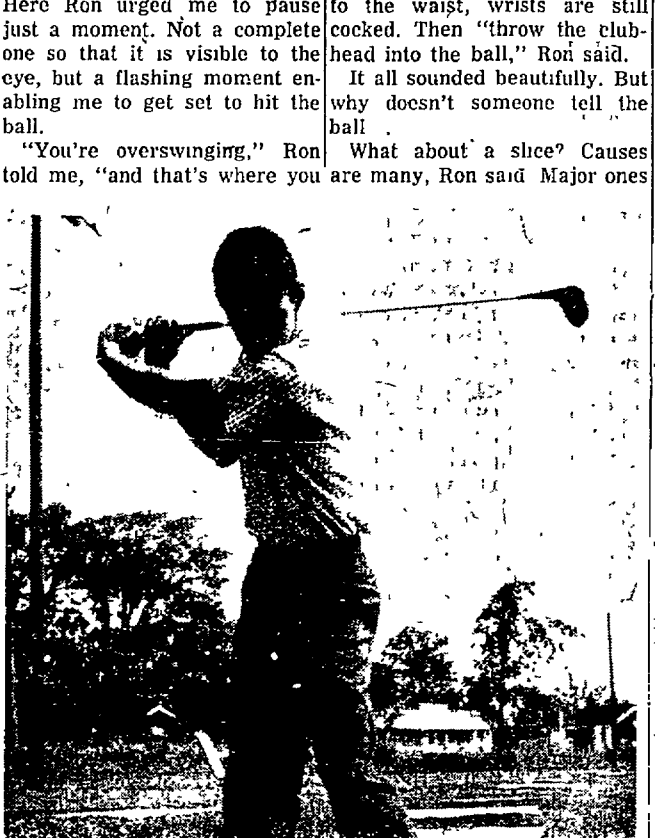

are a faulty grip (left hand too far to right, right hand too far to the left), "flying" the right elbow (it should be kept close to body on upswing), and an open stance, restricting body swing. The effect of these mistakes is to create an "outside-in" swing which cuts across the ball and sends it sailing off on a slice. What about a hook? Mistakes are just the opposite, Ron said. Both hands in the grip are too far to the right, closing the face of the club at impact; or rolling wrists; or stance is too closed. Just the opposite effect is produced, an "inside-out" swing sending ball into an inside curve or hook. So there I was, after slamming out a bucket of balls, the perfect picture of how NOT to do it. I still had that swish and away — isn't getting a Record and, brother, what a pivot. Yep, I think I will see Sammy Kaye right away.

Northville Record — Novi News—15 Thursday, August 17, 1961

ON THE WAY UP — The start of the backswing is very important to a good drive. Important points to remember are: left arm extended straight, right elbow close to the body, wrists not yet cocked, right leg locked and left leg slightly bent.

AT THE TOP — The top of the backswing should look like this: left arm extended, wrists cocked, club on a horizontal line with ground, right leg locked, left leg bent with knee pointing to a spot directly behind ball and heel just slightly off the ground. And, of course, head down and eyes on the ball.

It's the savingest time of the year on the trucks with the workingest ways

SAVE! You just can't beat August buys for saving. It's the time of year when Chevrolet dealers traditionally pull all the stops. You'll find sweeter-than-ever savings waiting for you on every '61 Chevy truck—from the nimble Corvair 95's, right up to the mighty medium- and heavy-duty jobs. Come in and save a bundle!

SAVE! You just can't beat Chevy trucks for working. With Chevy's easier riding Independent Front Suspension, loads ride easier, drivers stay fresher, the truck lasts longer. You get more work, more hauls, for your truck dollars!

SAVE! And for the frosting on the cake—you just can't beat Chevy trucks at trade-in time, either. Latest official industry reports prove that Chevrolet trucks lead in trade-in value, week after week, over every major competitor in Chevy's price range.*

READERS SPEAK:

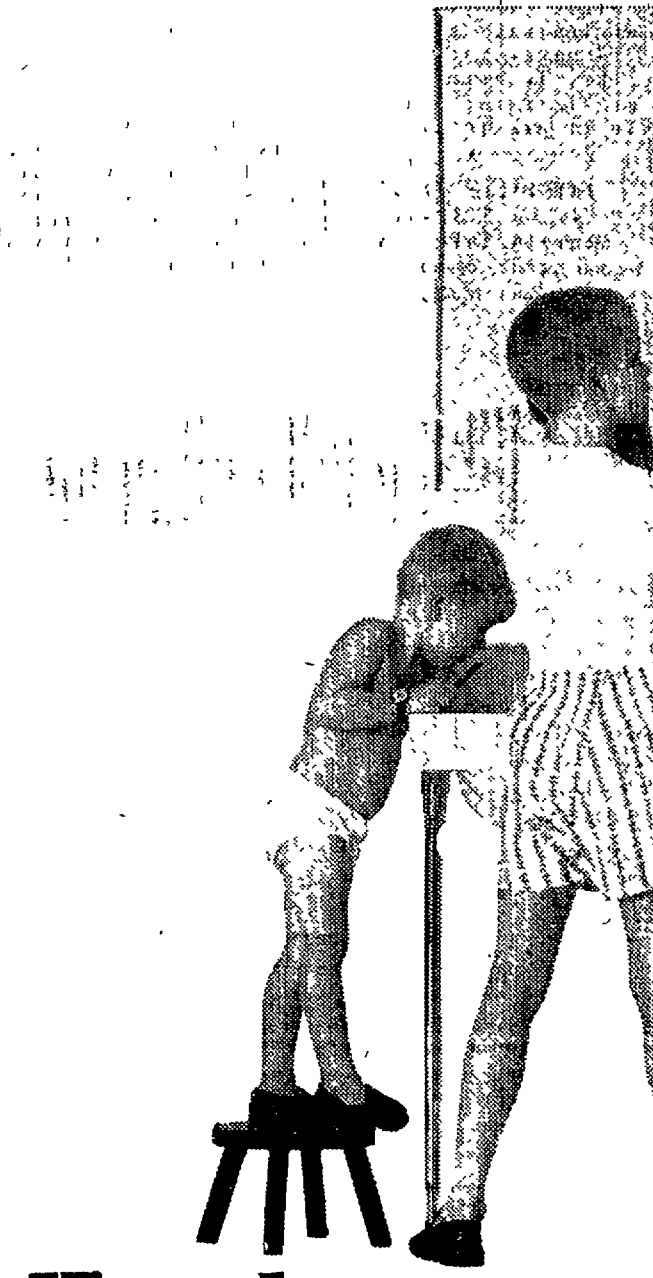

But Two's Too Many!

Editor's Note: The William Davis family, residents of Orchard drive in Northville, are living in Massachusetts for one year while Mr. Davis studies at MIT under a Sloan Fellowship awarded to him last spring as one of Ford Motor company's promising young executives. The following letter was received from Mrs. Davis, which we use as an unsolicited testimonial — and, incidentally, which we believe will be of interest to their many friends in this area.

To the Editor:

We think your paper is terrific, really we do! We (kids included) eagerly await its arrival on Friday, meet the mailman half-way up the block, almost snatch it out of his weary hands, read the headlines and by-lines and school-board minutes and want ads and editorials (yes, we do) and the base ball scores and the horse race scores and the recipes and — well, just anything you want to put in we'll read — and enjoy — but, honestly, we don't need two. I have been using the second one for swatting flies, starting fires, wrapping garbage, stuffing packages, picnic-table covers, emergency rain-covers, sitting on at the beach, etc. But along with the Boston Herald, Christian Science Monitor and Wall Street Journal I am beginning to have nightmares of being swallowed up in great mounds of paper. Your circulation department has apparently gotten mixed up somehow and gotten our name down twice — or maybe some poor Davis somewhere far away — isn't getting a Record at all! Thought we ought to let you know. All goes well here. We are looking forward to a week's vacation on the Cape early in September and in the meantime Bill is up to his ears in studies — it's a strange kind of existence we're leading.

Sincerely,
Marge Davis

Family-Test a flameless electric water heater!

DETROIT EDISON GUARANTEES SATISFACTION OR YOUR MONEY BACK!

Want a water heater that's "satisfaction guaranteed"? Here's all you do: Buy a flameless electric water heater that bears the H₂O₂ guarantee. Family-test it. Call on it for plenty of hot water day after day. Get all the hot water you need, or your money back!

What does "satisfaction guaranteed" mean? Just this—if at any time within one year after purchase of your flameless electric water heater you are dissatisfied with its performance, just let us know. We'll remove it and return the full purchase price, including any installation charge. This guarantee covers any Edison-approved electric water heater, sized according to the recommendations given at right, and installed in a dwelling of up to and including four-family in the Detroit Edison service area. This Edison satisfaction guarantee is in addition to the manufacturer's own warranty.

Where to buy? That's easy, too. At appliance dealers, plumbing contractors or Detroit Edison offices, where you see the H₂O₂ satisfaction guaranteed seal.

Family-test a flameless electric water heater for yourself. Get all the hot water you need or your money back!

SPEAKING for the Record

by Bill Sliger

The last five days of last week were the shortest of the summer.

An astronomer, or whoever figures out such details, might argue this point but to a family taking a short vacation he'd just be flipping his switch.

We don't take vacations very often — as I'm tactfully reminded on occasion (daily from June 1 to September 1).

So it's a big event. And, although I've read dozens of statistics on the millions of dollars spent annually by vacationing Americans, I never realized just how many people are wandering around and enjoying the wonders of our countryside.

I'll grant you that five days certainly can't qualify one as an expert, but nevertheless I'm ready to recommend a vacation to everyone. And specifically, a visit to Gatlinburg, Tennessee.

This is a place the whole family can enjoy. It's 600 miles away, so a week is really needed to fully enjoy the trip down and back through some very beautiful Ohio, Kentucky and Tennessee countryside. Steady driving gets you there in a day and a half.

Gatlinburg is fabulous. It's nestled in the foothills of the Smoky mountains and has more hotels than people. Nearly every hotel has a swimming pool and chances are your room overlooks the Pigeon river where you can drop a fishing line out the window if you're so inclined.

The community itself offers a change of pace to the tourist. It's very commercial, naturally. But the window shopper can have a wonderful time watching candy-makers, artists, candlestick makers, etc. Or he can ride a ski-lift-like chair straight up the mountainside overlooking the entire town.

Tossed in with this kind of entertainment are countless games for the children, and adults who, when vacationing, suddenly realize they are not too old to have fun, too.

This carnival-like atmosphere is in sharp contrast to the solemn beauty of the mountains just minutes up any number of well-outlined routes.

There are bears, Indians, Hill Billies and their original cabins and winding roads with sharp curves that bring screams from the kids.

It's a wonderful thing, this vacation living. Someone ought to invent longer days for vacationers.

Teen-Agers Make Business Boom

Babson Park, Mass., August 15 and 21; second, the productive group, between 25 and 55; and third, the older-age group. To my surprise I find that the teen-age group has increased 50% since the previous census. The older-age group has increased 25%. However, those between the ages of 25 and 55, who are earning money by producing goods and services, have just about held their own.

The bulge in the teen-age segment has far-reaching effects upon business. Also, more teen-agers today are seeking higher education and graduation from

high school than ever before. For young people in this age group, any income earned is likely to be small; but their needs are enormous. Hence, the longer period spent in classrooms places a heavier burden upon parents who are footing the bills.

What teen-agers are buying the most is food. Teen-agers are the profit makers for supermarkets. They buy more goods, get their parents to buy more, and they buy things which are attractively and conveniently pre-packaged and pre-cooked. In short,

they are highly susceptible to "impulse buying", and very responsive to the forces of advertising, fashions, and fads. The fast pace of youthful life, together with the generous allowances which parents today give to their children, are proving to be a boon to "snack" shops, ice cream parlors, and confectionery stores.

Next to food, I would say that clothing lines are profiting most from the teen-age group. Young people like to dress up and look

attractive. They spend considerable money on clothing, at least until they get married. Therefore, the department stores and chain stores which handle inexpensive lines of clothing are profiting.

It follows that beauty parlors, barber shops, and manufacturers and distributors of cosmetics also derive a big chunk of business from this segment of the population. Doctors and dentists, firms engaged in medical and dental supplies, and drug stores also are profiting from the desire of teenagers to look and feel well.

In studying my grandchildren, I would judge that telephone companies also benefit greatly. When I was young, few households had a telephone, and those that did used it largely for emergencies. Today, teen-agers think nothing of calling a friend some distance away on a rainy day for want of something to do. In fact, I am told that the principal users are the teen-agers.

Since the newly aroused interest in science education, school committees are spending more money on textbooks and equipment. This also applies to school buildings and, unfortunately, to competitive school athletic tournaments. Certainly, the large universities have made a great error in building huge stadiums which put competitive athletics ahead of studies.

As my column is read mostly by small investors, they should try to use their savings to the best advantage by considering the above facts in connection with their investments. The economy should experience continued husky demand from teenagers for several years more.

However, some industries are not faring so well at the hands of teen-agers. For example, young investors just entering the market regard railroad securities as "out-of-date." A railroad president attributes the railroad and bus passenger service deficits to the fact that teen-agers insist on going everywhere by automobile.

Michigan Mirror

Legislative Power Needed?

How much power should the state Legislature have?

This is more than the academic question it might seem, and especially important because of the coming Constitutional Convention which can control this power.

Lawmakers frequently complain that they have no real power over day-to-day operations of state government, except through their function of budgeting. There is some merit to this statement, and those who would argue that things are as they should be.

Loss of power from legislative control develops in several ways, some of which the Legislature can reverse if it chooses. However, amendment to the Constitution by referendum limits legislative control and nothing can be done about it except by another public vote.

The 3% sales tax, for example, was set by public vote and had to be changed the same way. Earmarking of funds by constitutional action leaves legislators' hands tied.

The Civil Service Commission, also voted into the Constitution, permits a group of commissioners to raise pay of state employees with no regard to

legislative power, as well as game and wildlife management projects.

The money in the so-called Pittman-Robertson fund and there might be a considerably bigger saving for Michigan in the long run.

The Pittman-Robertson Act has been on the books since 1937, but in 1959 the Interior Department upset what had been a smoothly running program.

Funds under the plan are handed out on a formula basis. The number of hunting licenses sold in a state is the key to how much money it gets.

In 1959 the department changed to a formula based on the number of persons buying licenses. This meant that the state could collect only once for a person who might buy a deer license, a small game license, and possibly some other kind of hunting permit.

The states went to court because they said the number of licenses sold, not just the number of persons buying them, was the best indication of how much hunting was done in each state. Total sum which the four states collected was more than \$1.3 million. While the federal government could appeal, there was no indication it would.

The action in which Michigan was joined by Minnesota, Wisconsin, and Colorado, forced the U.S. Department of the Interior to return to its old ways of computing eligibility for a federal grant used for
