

VISA VISITORS — Klaus, of Germany, Amelie, of Sweden, and Manfred, of Germany.

City Hosts Three On Exchange Visit

Youth for Understanding, the Michigan Council of Churches' name for its far-reaching student exchange program, reveals the why behind the arrival of three young Europeans in Northville last month for a year-long visit.

Manfred Bartelt, 17, of Lubeck, Germany, Amelie Sigfridson, 18, of Långskrona, Sweden, and Klaus Borkman, 18, of Berlin, Germany, "are here, they say, because they want to 'understand' the people of America. And they want 'he people of America to understand them."

Their curiosity about the American way of life extends beyond things visible to the eye. As Amelie, the guest of the L. E. Frountfelters, phrases it, "I want to know how you think and I want you to know how we think."

Tall, attractive Amelie, already named a candidate for queen to reign over Northville high school's Homecoming festivities next month, has her parents and an older sister at home in Sweden.

Like Manfred and Klaus, she is a senior at the high school. Her interests run the gamut from golf to cooking. "I like to cook, and eat, too," says she.

Manfred, who hopes to broaden his own horizons this year, has already done some long distance traveling with his American family, the George Weisses.

He motored to Yellowstone and other points West with the family just before school opened. "Manfred's German home, where he lives with his mother, an aunt and uncle and two cousins, borders on the Baltic Sea. "We are always at the sea," explains Manfred, whose favorite pastimes include soccer, handball, and water sports.

He is also active in the church and its youth groups and likes jazz festivals and the theatre. Klaus lives with his mother in Berlin, a cultural center for concerts, the theatre and ballet, which Klaus attends regularly. In Northville he is staying at the home of Miss Elizabeth Beard.

Their American stay just beginning, the exchange visitors are in the midst of attuning themselves to the myriad differences they have encountered. They have discovered the expected contrasts in fashions, foods, fads and school.

Need Adults For Classes

A call for more adults to participate in night classes being offered by the Northville public schools was issued this week by William Hensch of the adult education program.

Several classes, which got underway this week, are short of the required number of students to continue, Hensch said. Specifically, four more students are needed in sewing, three shop class students, three in art and a number in a stock and bond course "Introduction to Stock Market."

Hensch suggested that interested adults call the high school during the day to make arrangements for registration. To date the courses, being offered in Northville for the second year, have about 50 members.

She's Children's TB Authority

Dr. Jones Retires at Maybury

Thirty-one years ago Dr. Edna M. Jones joined the staff of Maybury sanatorium fresh out of the University of Kansas medical school and internship at Huxley hospital in Flint.

Today she is recognized nationally as an authority on tuberculosis in children — a field she chose because she, too, had been stricken with the disease as a child.

Today, too, Dr. Jones — physician in charge of the children's division — retires leaving Maybury with what Superintendent Dr. W. L. Howard calls "a big void."

It is quickly evident to the visitor at Maybury that everyone will miss Dr. Jones — the nurses, fellow doctors and perhaps most of all, the children. The soft-spoken Missourian has devoted her life's work to the fight against TB, most particularly in children.

She has treated some 4,000 children and she has seen the disease battle to its knees over the past three decades. And to her efforts must go much credit for the progress gained in treatment and cure of TB patients. Dr. Jones credits drugs with arresting TB and bringing about its faster cure.

in its children's hospital attributable to TB in the past seven years. Presently, Dr. Jones has 160 children in "her" hospital. She points out that it is most important to their recovery that the hospital becomes home and school as well as a place to receive care and treatment.

"And although she will retire to her farm home near Clinton, Missouri, "it will be like leaving home," says Dr. Jones.

Dr. Jones is married to James B. Allen, also once an employee of Maybury, who now raises Black Angus cattle on the Missouri farm. She has always been known professionally, however, as "Dr. Jones", her maiden name.

Last Friday evening a staff party was held at the nurses home honoring Dr. Jones. Associates and friends from throughout Michigan and surrounding states attended. Other going-away parties were held by the staff in the hospital this week.

Dr. Howard praised the work of Dr. Jones and pointed out that Maybury's children's hospital is now ranked as one of the top two in the nation. "She has done more than treat these children medically — she has mothered them and shared their problems. We can put someone in her position, but we can never replace her," he stated.

For her service Dr. Jones was presented with a special certificate of recognition by the Detroit board of health.

LOSING A FRIEND — Some 4,000 children have been treated by Dr. Edna Jones at Maybury sanatorium's children's hospital during the past 31 years. Pictured are a few of the 160 children, now TB patients at Maybury, who will miss her after she retires today.

Community General Future: Hospital or Rest Home?

City OK's Plan; Doctors to Decide

The future of Northville's Community General hospital, recently closed for lack of sufficient operating funds, apparently now rests with the group of men who have been most determined that it should re-open.

It is still possible the facility will be used again as a hospital.

But it was also revealed this week that a decision must be reached soon or the hospital will be converted into a convalescent home.

The issue apparently now rests with the doctors who formed the hospital staff.

Community General hospital, owned by Abraham Farris and Dr. H. L. Bergo and leased to a community board of directors, closed its doors July 26. Its failure to succeed was attributed chiefly to its loss of full Blue Cross plan membership.

Last month former staff members of the hospital, still intent that it should be re-opened, presented the city council with an unusual offer. In effect, the city was asked to accept the hospital facility "free and clear" and lease the hospital back to area doctors on the staff.

They reported to the city that a donation amounting to \$90,000 could be obtained if it were city-owned and the contribution

could thereby qualify as a tax-deductible donation.

Doctors then proposed to raise another \$60,000. With \$150,000 it was estimated they could purchase the hospital; install a sprinkler system; increase the number of beds by use of the second floor and apply for renewal of Blue Cross.

After consideration the council accepted the proposal — with definite stipulations that would assure the city that it would not become involved or obligated in the business of operating a hospital.

Rodney C. Kropf, Livonia city attorney and secretary of the hospital board who has represented the doctors in their negotiations, reported this week that the doctors have not replied to the city's response.

Meanwhile, one of the hospital's owners, Abraham Farris, revealed that a definite request to lease the building for a convalescent home has been submitted.

Farris pointed out that the hospital is "still available" to the doctors, but he was skeptical. "We stand to lose, between \$70,000 and \$80,000," he stated in pointing out that the hospital and equipment had been offered at a very low price. He said that if some action is not taken soon the equipment will be sold and plans carried out to convert the hospital into a convalescent home.

When the hospital closed, it was operating under a combined M.D. and doctor of osteopathy plan. Staff members had hailed its success and were deeply disappointed at its closing.

Heading the proposal to purchase the facility is former chief of staff, Dr. Patrick Daoust.

NEW VOTERS — Sixteen new 21'ers were on hand last week at the 21st annual Citizenship Banquet as honored guests of the Coordinating Council and Northville Optimist club. The banquet was held at the Lutheran church with D.T. President Dewey F. Barich as speaker. The speaker called for the new voters to "know and appreciate our heritage for without this our children will not understand what our forefathers have provided for us." Participants in the program pictured in the front row (l. to r.) are: Miss Ruth, representing the D.A.R.;

Toastmaster Richard Kay; Walter Couse, introduction; Chairman William E. Schultz; Speaker Barich; Optimist President Dempsey Elbert; Councilman John Canterbury, representing the city. New 21'ers in background (l. to r.): Mrs. James Hollis, Lee Lemon, Mrs. Dale Segrest, Mrs. Gerald Stowell, Mrs. Ronald VanDeven, Jeff Goodrich, Mrs. Richard Davis, Betsy Merriam, Alice Sutton, Jerry Schulte, Mrs. Mark Bell, Becky Coolman, Mrs. William Newman, Dave Janetzke, Mrs. John Sweet and Harry Sedan.

City Moves Slow On Assessments

Moving ever so slowly, the city council Monday night again postponed final action on the initial report on the proposed assessment plan involving paving of High, Elm, East, Walnut and North Center streets.

Approval or disapproval of the report was held over until next Monday because certain portions of the report were not complete and several changes were recommended by the council.

The meeting was attended by more than a dozen residents, but the meeting did not reach the point of public discussion.

As a matter of fact, discussion was almost entirely confined to three members of the council — Mayor A. M. Allen and Councilmen Richard Ambler and John Canterbury.

Council members Beatrice Carlson and Richard Juday, known to be opponents of assessments, were noticeably silent throughout most of the evening. At one point Juday entered into a discussion of one of the issues. But when it was gently suggested by Mayor Allen that he might be changing his viewpoint, Juday quickly retorted that his opinion on special assessments was that "there should be none."

Acting City Manager Philip Ogilvie read the list of properties involved, their front footage and assessed valuations. His report proposed that the front lot assessment should be 25 percent of the cost of half the street abutting on the property on a per foot basis. The report called for a payment plan over a 10-year period with a minimum annual payment of \$10 and an annual interest of six percent.

He also suggested that the assessment against side lots (corner residences where paving would abut the side of the owner's property) be less than 25 percent and the council decided that this should be one-half the front lot charge, or 12½ percent of one-half the cost of the improvement of a per foot basis.

His report proposed a 100 percent assessment against the school district for the west half of North Center street abutting on school property. Councilman Ambler then proposed that North Center street residents be assessed on a basis of 25 percent against the cost of asphalt paving. It has been proposed that concrete should be used on North Center because of the heavy school traffic.

half of North Center street abutting on school property.

Councilman Ambler then proposed that North Center street residents be assessed on a basis of 25 percent against the cost of asphalt paving. It has been proposed that concrete should be used on North Center because of the heavy school traffic.

Ambler won the support of Mayor Allen and Councilman Canterbury. It was at this point that Councilman Juday entered the discussion. He suggested that a similar plan should be used on Walnut, where heavier asphalt is being used because of the steep grade.

Ambler argued that it was the "grade and not the traffic" that required additional thickness on Walnut. Allen and Canterbury supported Ambler, so Juday's proposal was not included in the report's changes.

City Engineer Harold Penn then explained plans, specifications and terms of bid contracts. The council directed Ogilvie to have the revised report ready for next Monday night when it will be put to a vote of the council.

Passage of the report would set the stage for calling of a public hearing at least 10 days following notification to property owners involved.

In other business Monday night the council waived bids on purchase of an air compressor granting permission to purchase a rebuilt model for the public works department at \$1200 less \$100 for trade-in of the city's present model.

The council also heard a complaint from Roger Harrison, 851 Carpenter, that heavy rains had caused the sewer to flood his basement. He said it had happened frequently and told the council that it had become a health problem as well as a nuisance.

S. H. Robinson, 895 Grace, also complained that a newly installed lawn was washed away from his residence because of poor street drainage and lack of gutters along the street. Mayor Allen promised prompt attention to both matters.

Township Slaps Sand Operation; Court Suit Filed

A dispute concerning the right of a Northville township resident to conduct a sand removal business has resulted in a suit against the township and a scheduled hearing in Wayne county circuit court Friday.

The suit involves Leon Bonner, 42616 Seven Mile road. Through his attorney, William S. Munger of Dearborn, Bonner has filed a suit against the township and obtained a restraining order from the court preventing the township from interrupting his operations at least until the 3 p.m. hearing Friday.

The controversy started last week when Wilbert Petz, township building inspector, issued a stop-work order when he discovered trucks removing sand from the property. Petz maintained the operation violated the township zoning ordinance. The land involved is zoned R-1-E (residential estates).

According to township officials, it was originally believed that Bonner was removing the sand from a 91 acre site. In 1957 he had obtained a permit to remove specific mounds of top soil from this land. Bonner was requested to appear before the board of appeals Tuesday night to explain his action.

Meanwhile, according to township authorities, Bonner continued the sand removal and it was discovered that the operation was taking place on another 20 acre site east of the north end of the 91 acre parcel.

Because of Bonner's suit and the court's restraining order, Township Attorney James Littell advised board of appeals' members that no action could be taken at Tuesday evening's hearing. He advised the board not to discuss the matter until after Friday's hearing and although Bonner was present no arguments were heard. According to Attorney Lit-

tell, Friday's "show cause" hearing will determine whether Bonner's restraining order should be continued or whether it should be dissolved. He said the township will ask for an order preventing Bonner from continuing his operations until the suit is heard by the court, probably in November or December.

According to Township Supervisor George Clark, the sand removal operation is "a big one involving some 2,000 yards a day." He said he observed two loaders filling trucks while others were lined up waiting last Friday.

The bill of complaint charges that the township's zoning ordinance is unconstitutional.

Bonner said that he considered an "injustice" was being done by the township "or else I wouldn't have brought suit." He declined to comment on the charge of the township but indicated the operation was the removal of "offal", a waste material.

Calendar

Thursday, September 28
P-TA General Meeting, 8 p.m., community building.

Tuesday, October 3
King's Daughters Fall luncheon 12:30. Mrs. Ray Richardson, 800 West Main.

Wednesday, October 4
DAR Dessert Benefit Card Party, 12:30, Wayne County training school.

Thursday, October 5
Plymouth Listening Post, 8:30 p.m., Plymouth high school auditorium.

Friday, October 6
Woman's Club Fall Luncheon, 12:30, Fox Hills country club.

Kitchen Diary

Meal Warms Winter Eve

Although Old Man Winter has yet to frost the countryside with his icy breath, today's Kitchen Diary offers the basic recipe for a cold winter night meal.

Mrs. William Pressly, 413 Ely drive south, teams "Quick and Easy Chicken" with baked po-

tatoes and acorn squash for the main course, with deep dish apple pie and cheese wedges for dessert.

The chicken, potatoes and squash, she notes, can all be baked in the same temperature oven and will be done at about the same time.

QUICK AND EASY CHICKEN

Mrs. William Pressly

1 frying chicken, cut up
1/4 cup cooking oil
season to taste
small green pepper, finely chopped
small Bermuda onion, finely chopped
paprika

Spread aluminum foil on broiler pan. Cut up frying chicken and flour pieces well. Place flour pieces on broiler.

Pour cooking oil over pieces. Salt and pepper to taste. Mix finely chopped green pepper and onion; sprinkle over chicken. Dust with paprika. Bake chicken 30 minutes at 400 degrees; reduce heat to 350 degrees and bake 20 minutes more, or until done. Turn pieces once while cooking.

Mrs. Pressly has also included her recipe for an easy to work with frosting that "stays fresh till the last piece of cake is eaten."

LILLIAN'S FROSTING

1 cup white corn syrup (warmed)
1 stiffly beaten egg white
1 t vanilla
cake coloring, if desired

Pour corn syrup into small pan; warm, but do not boil. Beat egg white till it stands in stiff peaks. Pour warmed syrup over egg white. Beat at high speed. (Be sure to use a medium size bowl; this frosting expands.) When mixture reaches thick spreading consistency, add vanilla and cake coloring. Extra icing can be used to ice graham crackers for after school snacks.

P-TA Gets Musical Play For Children

Children's drama comes to Northville next month when the Parent-Teacher association will sponsor two performances of "Bobby and the Space Trip", a live musical play to be staged by the Millan Children's Theatre, of Southfield.

The curtain will go up on Saturday, October 28, at 1 and 3 p.m. in the high school auditorium, which seats 1,000.

Tickets at 35-cents each will be sold in the schools on dates to be announced.

The Millan group, a professional touring repertory company, will bring 15 adult actors, full-stage scenery, costumes and music. Millan plays are written specially for the troupe.

Jaycee Auxiliary To Visit Maybury

As part of their community service effort, a group of women from the Northville Jaycee Auxiliary will visit the children's ward of Maybury sanatorium Monday afternoon, October 2.

The women will take along refreshments and a special treat, Jaycee Paul Stueckle's movies of Disneyland. Used and new clothing for the youngsters are being gathered.

Mrs. Arliss Laux is in charge of the program.

Take the Family

Northville Parent-Teacher association recommends the Walt Disney production "Nikki - Wild Dog of the North" as a first rate film for the whole family.

Theatre Primps for New Role

ADVICE AND CONSENT — Theatre revamping gets the woman's touch as Mrs. George Hanley and Mrs. Frank Angle (left to right) advise and get the nodding consent of painter Roy Hollis on some changes in the P&A marquee. The new red, white and black decor sported by the theatre has been created for the Northville Town Hall Series lectures which open Thursday, October 19, with John Mason Brown at the rostrum.

Fresh white paint, brilliant crimson squares, ebony black contrasts.

Overalled painters stretching, bending, reaching, carefully gliding their brushes over walls, across ceilings, into nooks and crevices.

Hammers, saws, carpenters, a candy striped awning, crimson squares, painters.

Patiently, anxiously, Northville's P&A Theatre bares itself to the sights, sounds and smells of a face-lifting. Workmen are erasing the telltale lines and cracks that betrayed her age.

Once the hostess to vaudeville's song and dance and slapstick comedians, the P&A welcomed motion pictures to its parlors and is now preparing for another enterprising assignment in the entertainment arts.

Costumed in red, white and black, it will be the home of the new Northville Town Hall Series. Internationally recognized speakers will travel long distances to ascend the P&A stage and talk about lively, timely topics — their own specialties.

Numbered among the personalities are Bennett Cerf, Anthony Wedgewood Benn, Ian Ross McFarlane, Madame Ginette Spanier and John Mason Brown. Setting aside worldwide assignments for their appearances here, they in turn will be introduced by popular local figures.

Jane Schermerhorn, familiar to Detroit News readers for her "Day by Day" column, is coming to introduce Bennett Cerf, another proficient writer whose witty books and panelist role on television's "What's My Line" have made his name a household word.

Kicking off the series October 19 will be John Mason Brown, editor of the Saturday Review who was described by Brooks Atkinson of the New York Times as "a prodigiously learned man who has apparently read everything, seen everything and forgotten nothing."

The revamped theatre that will open its doors to these highly esteemed personages is the product of generous citizens who have volunteered their skills without charge.

Ed Hohler offered the theatre; Roy Hollis and Son have been doing the painting, and Robert Cole is starting work on a speaker's platform to extend over the orchestra pit. Materials for other jobs were also donated.

Altogether it has been an ambitious project, and there is more to be done.

"Our ultimate goal is to fill the house for every lecture," said co-chairman Mr. Frank Angle. That means 600 at each lecture.

Mail reservations may be sent to Box 93, Northville, Michigan; telephone reservations can be made by calling FI-9-1443 or 9-1289.

"And don't forget the speaker's luncheons," Mrs. Angle reminded them. They will follow each lecture and be held at Roy's Arbor-Lill. Reservations should be made by mail (Box 93) or by phone (Miss Ruth Knapp, FI-9-1829 between 6 and 9 p.m.).

Mrs. Verschaeve To Host Reviewers

Northville Review club meets today (Thursday) at 1 p.m. at the 19759 Clement road home of Mrs. A. J. Verschaeve.

Mrs. Max Austin will review "Fresh Water Fury" by Frank Barcus.

CAR Maps Year's Work At Meeting

The Plymouth Corners society, Children of the American Revolution, held its first fall meeting in the home of their president, Vicki Merwin, on September 19.

The meeting, preceded by a spaghetti dinner, was lively with plans for the coming winter meetings. Plans were laid to have meetings with slides from the Mountain schools supported by the CAR and DAR and also the Indian schools. The group started their candy sale with each member taking a case to sell in their respective neighborhoods. The money they earn will finance their activities through the year.

Those in attendance were Linda Barney, Glen Jewell, Norman and Mark Saunders from Plymouth from Northville were the following: Debbie Older, Susan and Pat Templeton, Frank Martin and Vicki, Alimi and Jacki Meryn.

The next meeting will be held on October 17 in the home of Susan and Pat Templeton on Novi road.

Four New Agencies to Get 1961 Torch Drive Dollars

"We hope to make this year's Torch Drive a greater success than ever before," said Divisional chairman Mrs. Hugh F. Conser, Sr. this week in a second appeal for volunteers in the Northville area.

Mrs. Conser explained that the hope for a bigger and better drive was spurred, among other things, by the addition of four new agencies — Cystic Fi-

brosis, Don Bosco hall, Home for Boys (old St. Joseph's home), Oakland County Legal Aid society, and National Council of Alcoholism.

These new obligations are above and beyond those of last year which she said included a \$2,152,362 contribution to four American Red Cross chapters and \$741,400 to the Michigan Cancer Foundation.

Women interested in soliciting for the one-day Torch Drive fund-raising campaign Wednesday, October 18, are requested to phone FI 9-1081.

Housewife Wins On TV Quiz Show

Mrs. Dean Busch, a Northville housewife, is reported to have won \$2,100 in merchandise on the television quiz show, "The Price is Right".

Mrs. Busch appeared on the show this past week. She is in New York with her husband, newspaper production superintendent for the Plymouth Mail, who is attending special lineo school in connection with his work.

A Northville Heights neighbor of the Busches called in the story.

Delegates Named

Northville King's Daughters elected the following delegates to represent them at the sixty-fourth convention to be held in Howell next Tuesday and Wednesday:

Mrs. William Cansfield, Mrs. E. M. Starkweather, Mrs. Donald Severance, Mrs. Mark Gardner, Mrs. William Walker, Mrs. John Litsenberger and Mrs. Clifton Nutter.

WSU Alumnae Elect Officers

Wayne State university Alumnae club of Farmington — including members from the Northville-Novi area — has chosen officers for the 1961-62 year.

They are: Barbara Wolff, president; Shirley Schlosser, vice-president; Edna Timmins, recording secretary; Margaret Miller, corresponding secretary; Mary Jane Beaumont, treasurer; and Norma Gaskin, historian.

Clubwomen will meet October 19 at the Reynolds Aluminum building on Northwestern highway, Southfield.

Mrs. John Cotton, GR 4-2024, has information about the club and its activities.

Rainbows Install Heads

Northville Rainbow Assembly 29 installed new officers Tuesday at the Northville Masonic Temple.

Vickie Boyd was installed as new worthy advisor. June Cut-

right, retiring worthy advisor, was an installing officer.

Miss Madge Ford, Grand Hope of the Grand Assembly Order of the Rainbow for Girls and affiliated with Red Rose

Assembly 82, was the installing marshal. Miss Jackie Kiefer, of Tyrion Assembly 6 and Grand Love of the Grand Assembly Order of the Rainbow for Girls, was the installing chaplain.

Others installed were: Mary Mitchell, associate advisor; Rita Bradford, charity; Donna Jones, hope; Deanne Wedemeyer, faith; Sue Tewksbury, recorder; Betty Peterson, treasurer; Sue Bonner, chaplain; June Cutright, drill leader; Laura Famuliner, love; Kathy Votgitch, religion; and Margaret Green, nature.

Seek Sweetest Smile Girl From Area 16-Year-Olds

Who has the prettiest smile in your neighborhood?

Year daughter? Your sister? The girl next door?

If she's 16 — and has a happy smile — there's big excitement in store for her.

She's eligible to participate in a very exclusive contest — the Sweet Sixteen Sweetest Smile Contest.

It's open only to 16-year-old girls in the Northville-Novi area who will compete for the title of Sweet Sixteen Sweetest Smile and scores of glamorous prizes.

The second annual contest is conducted in connection with the traditional Sweetest Day observance, this year slated for Saturday, Oct. 21.

Sponsor of the contest is the Southeastern Michigan Sweetest Day Committee.

Winners in each area of Detroit will be chosen for the contest and prizes. They then will compete in a final judging for the honor of becoming the Metropolitan Detroit Sweetest Sixteen Smile Queen.

This area winner will be announced just before Sweetest Day. The Metropolitan winner will be chosen on Oct. 19.

There are no rules. The only requirements are: Contestants must be female, age 16 — and most important — the owner of a sweet smile.

To enter, simply send a recent photograph, accompanied

by name, age, address and names of parents to Southeastern Michigan Sweetest Day Committee, 826 Fox Building, Detroit 1. Entries must be postmarked by 6 p.m., Thursday, October 12.

Pictures will be returned only if accompanied by a self-addressed, stamped envelope.

Three City Women To Aid Red Cross

Mrs. A. C. Carlson, Northville Red Cross chairman, reports that three local women have volunteered to become canisters for the Red Cross.

The women, Mrs. John Siok, 46103 Sunset, Mrs. Arthur O'Leary, 46256 Norton, and Mrs. C. Jerome, 419 Dubuay, attended the first of four classes to qualify for the volunteer work last week, said Mrs. Carlson.

The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and needs precisely! For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier cars. If you are looking for economy without

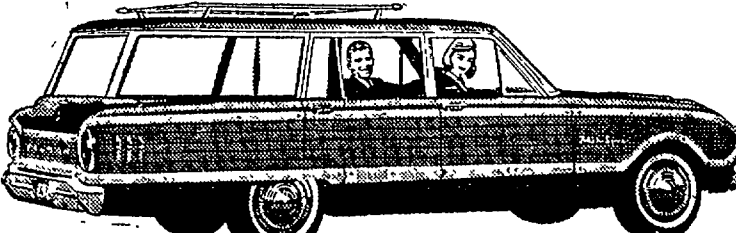

compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

GALAXIE 500 CLUB VICTORIA (foreground)
... GALAXIE TOWN SEDAN (background)
... The Galaxie 500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxie makes

it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service. They go 30,000 miles between major lubrications, 6,000 miles between oil

changes and minor lubrications. Brakes adjust themselves automatically.

FALCON SQUIRE WAGON... Brand new for '62, it's sleek and sophisticated. Inside, it is available with Futura bucket seats and console. Outside, it has elegant woodlike steel side paneling.

FALCON FORDOR SEDAN... Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon six engine that last spring recorded the best gas mileage for a six or eight in the 21-year history of the Mobilgas Economy Run.

CONTEST

IT'S EASY...IT'S FUN!

- ★ ANYONE CAN WIN
- ★ NOTHING TO BUY

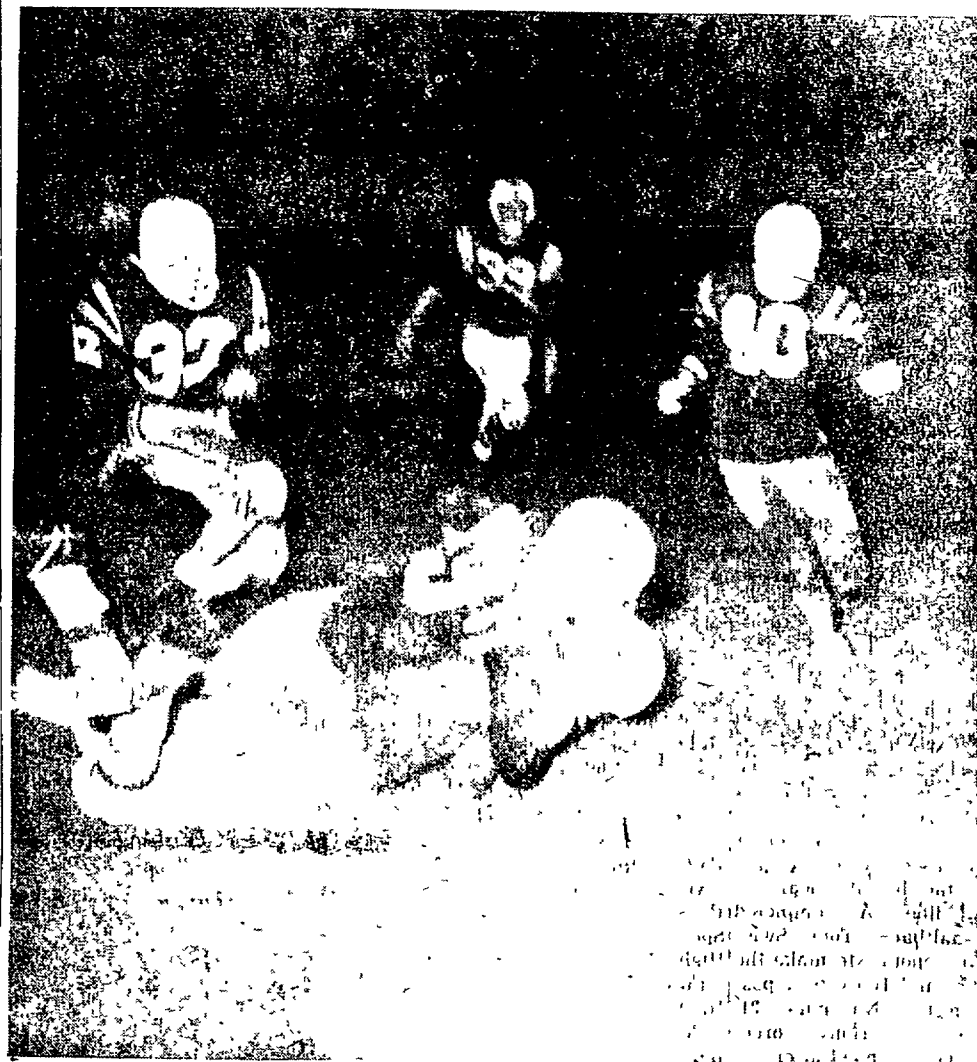

WIN CASH PRIZES EACH WEEK

\$15. FIRST PRIZE **\$10. SECOND PRIZE**

\$10. BONUS

TO THE "FIRST PRIZE WINNER"

If the "First Prize Winner" presents the Northville Record with a receipt for merchandise purchased during the week of the entry from any one of the sponsoring merchants listed below, he will be awarded a \$10 bonus. The receipt, to be presented when the winner picks up his prize, must be dated Monday through Saturday, the week of his entry. In case of a "first prize" tie, the bonus will be split. Be sure to ask for a receipt from any one of the merchants listed below.

A GOOD WIN — Pictured here are some scenes from last Friday night's victory by the Northville Mustangs over the Holly Broncos. The win was a great come-back from last year when Holly handed the Mustangs their first Wayne-Oakland League loss. Top above shows Northville defenders stopping Holly halfback Bill Conti (22) on the Mustang eight yard line. The efforts of unidentified tacklers helped stop a strong Bronco bid for a third touchdown late in the fourth quarter. Number 30 is Northville's defensive halfback Don Biers. Bottom above shows another Northville tackle on an unidentified Holly runner by end Jay Sugrue. The play came during the second half of the ball game. At the side, Mustang fullback Joe Hay and quarterback Steve Juday watch Hay's second point-after-touchdown kick, as it soars for an extra score. The kick, Hay's first success in this season's competition, put the Mustangs out in front by a score of 13-7. It came just before the end of the first quarter. The Mustangs meet Bloomfield Hills tomorrow night at 8 on Ford field.

In Uniform
Fort Buckner, Okinawa — Army Specialist Four Joseph E. Wooten recently arrived on Okinawa and is now a member of the U.S. Army Ordnance Group.
Wooten, an ordinance parts specialist in the group, entered the Army in 1958 and was last stationed at Fort George G. Meade, Md.
The 24-year-old soldier is a 1955 graduate of Northville High School.
His mother, Mrs. Olivia Wooten, lives at 560 Carpenter st.

HERE'S ALL YOU DO . . .

In each of the 20 spaces provided below place a circle around the team you believe will win. Be sure to pick a winner in all 20 games. Note that in one game it is necessary to pick the probable score. This will be used only in case a tie occurs and then the contestant whose score is closest to the actual score will be declared the winner.

Enter just once a week, but you may enter as many weeks as you desire. In case of ties, prize money will be split.

Be sure to write your name, address and phone number plainly in the space provided. Free entries are available at The Northville Record office.

Entries must be postmarked or brought into The Record office no later than 5 p.m. each Friday.

Employees of The Northville Record-Nowi News or sponsoring merchants are not eligible.

Mustangs Hobble Holly

First-Half Pace Over-Runs Broncs

The Northville Mustangs opened this season's Wayne-Oakland league play last Friday night by out-running, out-passing and out-scoring the Holly Broncs in an away game which ended 27-13.

Quarterback Steve Juday figured in all four of Northville's touchdowns, carrying two across himself, and passing for the other two. Three of Mustang fullback Joe Hay's four extra point kicks were good, bringing the local eleven's final score to 27, a welcome relief from last year's 13-7 defeat handed the Mustangs by Holly.

Holly presented a serious threat to the Mustangs only in the opening quarter. On the first running play after Northville's first score, Bronco halfback Jim MacArthur ran around the Mustang right end and sprinted 60 yards to a touchdown. A successful conversion kick put Holly ahead, 7-0.

But in the next six plays the Mustangs marched from their own 29 yard line to the Holly 26, and Juday passed to end Dan Brown, who twisted free from a would-be tackler on the Holly 20 and dashed for Northville's second TD.

At the start of the second quarter Holly's MacArthur fumbled and Mustang center John Dowd recovered, on the Holly 47. This set the Mustangs up for a quick march to the Bronco one foot line, from which Juday crashed over in a quarterback sneak.

Holly lost possession of the ball near the end of the half when Mustang fullback Ron Price intercepted a Bronco pass on the Holly 40 and ran it back to the 33. Several plays brought the Mustangs once more to the Holly one foot line, and Juday followed Dowd through the center of the line to Northville's final score.

Holly's second TD, and the final score in the game, came late in the third quarter, on an end-zone pass from quarterback Dick Cardfield to Halfback Bill Conti.

The score was set up when Holly's only punt gave the Mustangs the ball deep in the Bronco territory. Unable to make a first down, Juday went back to punt. A high pass from his center went over his head, and he had to chase the ball to near his own goal line. A completed pass to halfback Tom Swiss wasn't long enough to make the first down, and Holly took possession on the Northville 31. Four plays later Holly scored, and the quarter ended after the kick-off.

A long Holly march from its own 30 to the Northville three yard line took up most of the fourth quarter. A penalty and the hard-working Northville defense prevented a third Bronco score.

Northville's most effective play, which picked up 72 of the Mustangs' 214 yards, gained rushing, was a pitch-out from Juday to Swiss, who consistently picked up good yardage by dancing down the sidelines. It was a good play that clicked well around either end, and Juday used it to set up Northville's last two TD's.

A second Juday-to-Swiss play that worked well was a pass into either flat, with Swiss having the option of running inside or outside his end. This play netted the Mustangs half of their 123 yards gained passing.

Mustang coach Ron Horwath said Swiss played his finest game since coming to Northville.

Horwath also commented that the Mustang defense hadn't held up too well, especially against Holly's running attacks. He said that defense was one of the things he planned to work on during this week in preparation for the Bloomfield Hills game at Ford field tomorrow night at 8.

Northville scouts who've watched Bloomfield Hills play for the past two weeks report that they have a large and fast

Gals Show Way In Grid Contest

All right fellas, let's see you sharpen your pencils and get going on our football contest. Two of last week's three prize

Bonus Notice

Due to some confusion concerning the \$10 "bonus" prize offered to winners of the weekly football contest, we draw the attention of contestants to the rules governing the bonus appearing in the contest advertisement.

Purchases must be made during the week of the contest; a receipt must be presented at the time the winner is notified; weekly payments for previous purchases do not count — it must be a new purchase made during the week.

Read the "bonus" rules — page four.

Get Good Ratings

With two wins under its belt, the Northville high football team has climbed into a metropolitan paper's rating of eighth place for all-state class B high schools. This is the first time the Mustangs have been listed among the top ten since the Wayne-Oakland championship team of two years ago ended the season with a second-place rating.

Offer Races At Livonia

The nation's top motorcycle riders are expected to participate in the season's wind-up race meet at Livonia's Wolverine Raceway this Sunday.

The 10-event program, which includes a special tri-state championship for riders from Michigan, Ohio and Indiana, will begin at 2 p.m. The one-half-mile dirt track is located at the intersection of Middlebelt and Schoolcraft roads.

Now here—a great new exclusive from Buick

ADVANCED THRUST

Moves power forward for arrow-straight going

It puts the engine ahead like the tip of an arrow • It tames "wind wander" and road sway • It sweeps you forward in a hush of luxury • It turns the floor hump into foot space.

WHAT IT IS—Buick's big new move: It positions the great new Wildcat V-8 and Turbine Drive way up front over Buick's front wheels.

WHAT IT DOES—As the engine went forward, the floor hump went DOWN. And, the forward weight makes wheel response far quicker, cornering far surer, ride far smoother.

WHY YOU'LL LOVE IT—It's the closest you can come to sports car handling in a passenger car. Distances shrink before its 3/4-G thrust. Hills disappear. Lean on curves is gone because the frame's gone wider. Winds don't make you wander. It's going at its Buick best!

'62 BUICK

JACK SELLE BUICK
200 ANN ARBOR ROAD PLYMOUTH

FROM JACK'S BEANSTALK? Jake Morgan holds a 16 1/4-pound, five feet long squash or gourd (he isn't sure which, in fact, it may even be a bean for all he knows, he says) which grew in the garden of his daughter, Mrs. Bob Grady, of 251 South Wing street. He says she bought a large amount of seed for her garden and was given a bonus package containing a "duke's mixture", which she planted along with the rest of her seeds. She now has a garden over-run by vines from which growths like the one he holds are hanging. He took the plant to the Woman's National Farm and Garden association's flower show held last week at the Methodist church.

Wins Encyclopedia

A 16-volume set of the Golden Book Encyclopedia was won by Bobby Woodcox, son of Mr. and Mrs. Clarence Woodcox of Randolph street.

The set was awarded by Brader's department store as part of a store promotion.

Going Out of Business SALE

"Goodbye Forever"

Dear Friends:

It is with deep regret that we announce the intended closing of our fine jewelry store. Due to ill health and Doctor's orders, am forced to take this drastic action!

As you know, our store has been a jewelry store for 39 years and has always been known for quality, selling only nationally advertised merchandise. We chose this way of selling out, so you, our friends and customers alike could take advantage of the sensational low prices on every single item in our store during this complete liquidation. We personally guarantee each and every purchase, you must be satisfied or your money back!

We urge you to attend.
Sincerely,
H. C. Corbin

Obituary

WALTER H. BROWN

Funeral services were held yesterday (Wednesday) noon at the Casterline Funeral home for Walter H. Brown, 87, who died suddenly Saturday in his home at 405 Horton. The Reverend Paul Cargo, First Methodist church, officiated at the service. Interment was at Union cemetery, Ypsilanti. A native of Bangor, Mr. Brown had lived in Northville 40 years. He was a retired Ford Motor company employee. Surviving are a sister, Mrs. Anna Collier, Detroit, and three grandchildren, Mrs. Shirley Wells, Inglewood, California; Mrs. Ann Peppiatt, Lathrup Village, and Harold Nester, Los Angeles, California. His wife, Martha, preceded Mr. Brown in death. The son of, Orland H. and Josephine (Merritt) Brown, Mr. Brown was born May 17, 1874.

H. JACOB DYE

H. Jacob Dye, Novi resident who died suddenly Tuesday in his home at 23425 Novi road, will be buried at Riverside cemetery, Plymouth, tomorrow (Friday) following funeral services at 2 p.m. from Casterline Funeral home. The Reverend Rex Dye, Jr., grandson of the deceased and pastor of Salem Baptist church, will officiate. Mr. Dye, lumberman, restaurant proprietor and nursery owner in his lifetime, had lived in Novi 18 years. He was born in Mecosta on November 2, 1884 to Morris and Cynthia Dye. He was 86. Survivors include a son, Rex J. Dye, Novi; brothers, Amos, Iron Mountain, Ray, Traverse City; John, Miami, Florida; sisters, Mrs. Anna Supernaw, Miami, Florida, and Mrs. Sue Detwiler, Haines, Pennsylvania; three grandchildren and six great-grandchildren. His wife, Grace, preceded Mr. Dye in death.

**Rotarians to Sell
Rummage at Downs**

If you're looking for bargains, you'll find them Friday and Saturday under the grandstands at Northville Downs.

That's the site of the Northville Rotary club's annual rummage sale. Hundreds of usable items have been gathered and will be placed on sale at low prices.

Chairmen of the event are Wally Westerfield, Dempsey Ebert and Dr. H. L. Dyer. Rotarians will be on duty throughout the two days selling merchandise. Proceeds will be used for the club's charitable activities.

LET'S TALK CARS...

**It's
"Look See"
Time!**

It's fall and new car showing time again! Most dealers will have their new models on display this weekend or during the next two weekends to follow.

We will have our new line of 1962 Ford Falcons, Galaxies, Station Wagons and Thunderbirds available for public viewing on Friday and Saturday, September 29th and 30th. We would like to take this opportunity to extend an invitation to each of you to visit our showroom and take a "looksee" at the new Fords.

For those of you who may still be looking for a bargain on a brand new 1961 car, we wish to remind you that we have 25 of these models left... mostly in the lower priced Fairlane Series.

Just a note to you dads...if you have a son between the ages of 6 and 10 who would like to see how well he can kick and pass a football in competition with other boys, simply bring your boy to our dealership and register him in our PP&K Contest with Gordon Bunn.

READERS SPEAK:

Dog-Walker Suggestion

To the Editor:
I am a resident of one of Northville's nicest streets which is peopled by the finest neighbors one could ask for. However, we have a problem which is bound to erupt and create dissension among these same good neighbors.

Possibly this letter will serve to alleviate the trouble.

Many of us own dogs which are confined to their own premises, while others deliberately "walk" their animals away from their own lawns and shade trees to leave their dog's debris strewn anywhere and everywhere along the street but on their own territory. This is a disgusting habit, for the dogs are limited to the length of their leashes which means their elimination is in close proximity to the sidewalks, one side or the other. Even driveways are subjected to the same use, and the property owner is forced to clean up after the dog. I have been tempted to carry the shovel and dump it on the

dog-owner's property.
My suggestion is that the animal be confined to his owner's property until after elimination, the waste being buried or burned ... and then take the dog for his daily exercise. Dogs properly trained, will gladly ignore other dogs, trees, shrubs ... or convenient fire hydrants. For the sake of the children who play on this street and for the sanctity of this peaceful, friendly part of town, won't you "dog owners" please think this over and apply a little of the Golden Rule to this particular habit?

"Dog-owner, Too"
(Name withheld on request)

Buys Business

It was announced this week that Florence E. Kates has purchased full interest in the tax accounting service of Doran & Kates.
The firm, located at 103 North Center street, will continue to operate under the same name.

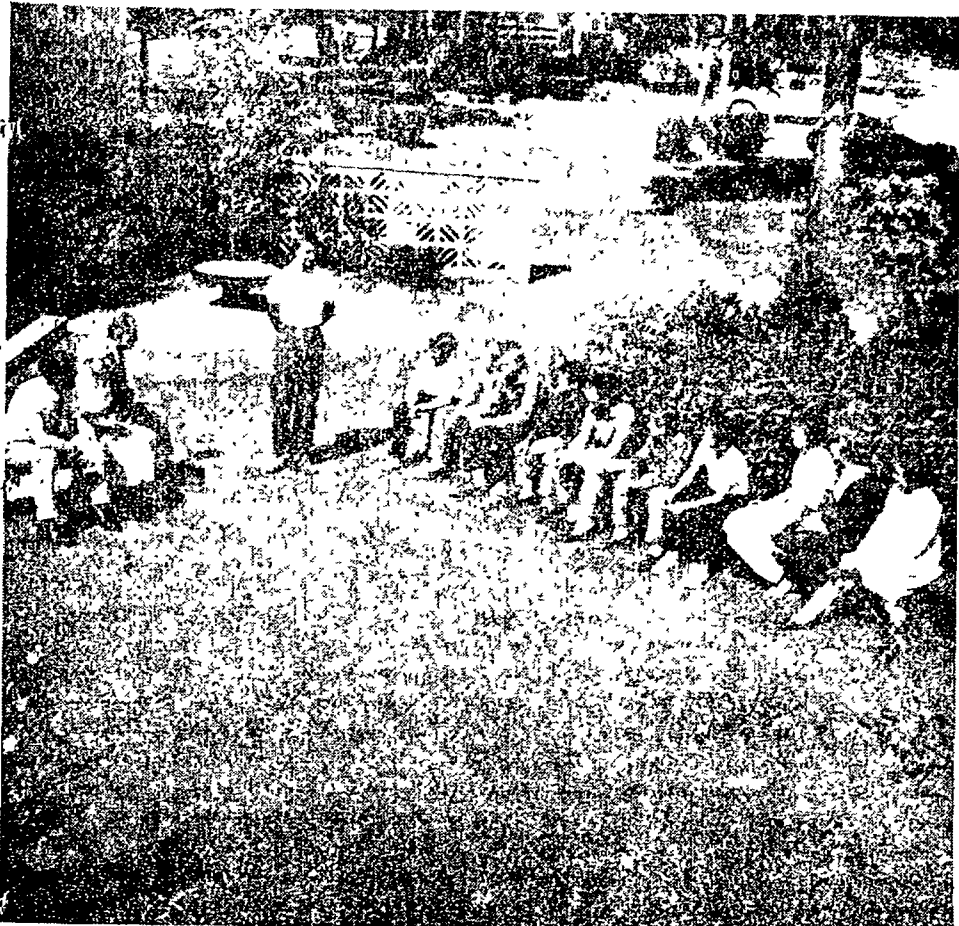

You Can Help Crippled Children

Friends of crippled children and adults are urged to purchase Len tickets now for the Church Supper which is to celebrate the annual meeting of the Easter Seal Society of Western Wayne County on Monday, October 9 from 5-7 p.m.

To be held at the Easter Seal Center in Inkster near Middlebelt and Michigan, the occasion offers an opportunity for area residents to see how their contributions are used when they respond to the Easter Seal appeal during the Easter season.

The annual meeting of the society will convene at the center at 4 p.m. The rest of the evening will be informal, with entertainment by strolling troubadours.

Tickets which must be obtained in advance may be secured at the center or in Northville from James J. Brummel, FI 9-1481 or Russell Amerman, FI 3-6525.
The donation is \$2.

OUTDOOR CLASSROOM — John Beerbower (standing), newly-elected president of the Northville junior high student council, addresses the council members and, left to right, Donald Vaningen, school principal, Mrs. Al Fey, past sponsor of the student council, and John Hyde, present council sponsor, in the recently-finished outdoor classroom the student council has built. All funds for the \$1,600 project were raised over the seven years prior to last school year by the efforts of student council projects. The construction was designed and executed by Green Ridge Nursery, under the careful eye of a council committee. The flower beds and circular seats which now replace a one-time eyesore used as a parking lot, are in the form of geometrical figures, to help math students visualize them. They provide seats for about 30 students. The beds are planted and maintained by science classes, who also study the various types of plants as they grow. The black-topped surface requires no maintenance.

Official Notice of Sale

\$200,000.00
NORTHVILLE PUBLIC SCHOOLS SCHOOL DISTRICT
WAYNE, OAKLAND AND WASHTENAW COUNTIES, MICHIGAN

NOTES

Sealed bids for the purchase of tax anticipation notes of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, of the par value of Two Hundred Thousand Dollars (\$200,000.00), will be received by the undersigned at the Board Office, 501 West Main Street, in the City of Northville, Michigan, until 8:00 o'clock, p.m., Eastern Standard Time, on the 9th day of October, 1961, at which time and place said bid, will be publicly opened and read.

The notes will be dated October 1, 1961, with maturity, June 1, 1962, and will bear interest at a rate or rates not exceeding four per cent (4%) per annum. Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the notes. Par value and form of notes to be delivered by the purchaser. A 10% interest to date of delivery of said notes must be paid by the purchaser at the time of delivery.

For the purpose of awarding the notes the lowest cost of each bid will be computed by determining the rate or rates specified therein (the total dollar value of all interest on the notes from November 1, 1961 to their maturity) and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest net cost to the School District. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered. All bids are final.

The loan is in anticipation of

Cadillac presents for 1962
the Masterwork of the Motoring Age

Fleetwood Sixty Special, above, Sedan de Ville, below.

You have had your first look at the new "car of cars".

Its name is Cadillac—and its destiny is a place among the most renowned automobiles of our time.

Its new styling is remarkably clean and crisp and graceful—with a look of "rightness" in every line and contour and detail.

Cadillac's new Fleetwood interiors beckon with a jewel-like beauty. There are marvelous new fabrics and leathers ... and new conveniences and appointments on every hand.

Engineering triumphs include independent front and rear braking ... exclusive new cornering lamps that light your way around turns ... and a revolutionary three-phase rear lighting system.

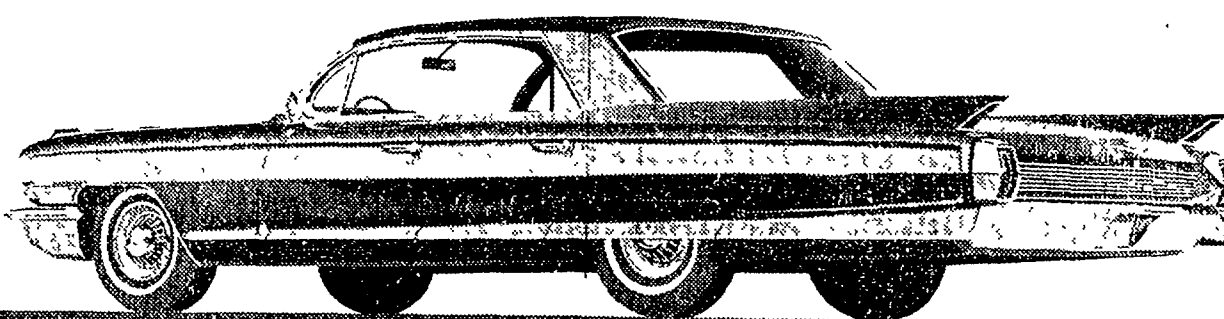

Yet, some of the noblest advances cannot be seen. They must be felt and sensed—performance that is incredibly quiet and smooth and nimble ... handling ease so great that the mere weight of your hand puts you in command of the road ... craftsmanship that is so practiced and so precise that the car has

become a marvel of construction and a paragon of dependability.

These new Cadillac wonders are evident in each of twelve new body styles—and are available with the widest selection of interiors in Cadillac history.

Even if you have never before considered a Cadillac—you should take a journey in this one.

It's Cadillac for 1962. And we suggest you inspect it soon at your nearest authorized dealer because you'll be hearing a lot about it.

Fire Causes Damage to Heslip Home

A fire of undetermined origin swept through a small frame house near the corner of Eight Mile and Beck roads Wednesday night, causing an estimated \$5,000 damage.

The house, located behind the Harris Howell home at 4555 Eight Mile, was rented by Mr. and Mrs. William Heslip, who were planning to move soon into a new home.

Killed in the fire were a dog and a parakeet. The Heslips were not at home when the fire broke out.

Starting in the utility room at the back of the house, the fire quickly spread to the walls of the room and ate into the bathroom and kitchen. Flames also shot into the attic and were heaving at the rear roof when Northville firemen arrived.

Other rooms in the house were damaged by smoke and water. Much of the furniture was either destroyed by the flames or damaged by smoke and water.

Although the flames were visible from the road, firemen had the fire out within 35 minutes of their arrival. There was no fire damage to the exterior of the house, except for the rear roof.

The fire was discovered by a friend of the Howell family.

In other fires this past week, an empty chicken coop located on the Wayne County Training School property was destroyed last week Wednesday evening and the rear wall of the Northville Record building was damaged slightly Wednesday afternoon by flames which started in the basement.

Schools To Add Teacher

A request by school administrators to hire another teacher at the high school was approved by the board of education at its meeting Monday night.

In an attempt to bolster the high school's counseling program, Superintendent Russell Amerman said the schools will seek to contract a teacher with counseling background or one qualified to take over classes now being taught by counselors. Superintendent Amerman in later business told the board that details to permit the schools to borrow \$200,000 against anticipated tax revenues had been completed. Bids will be opened at the board's October 9 meeting.

J. M. Price Wins Award

Jesse M. Price, Association Group Sales Specialist, National Insurance Company, was awarded the Chartered Life Underwriter designation at National Conference Exercises of the American College of Life Underwriters in Denver, Colorado Wednesday.

The American College of Life Underwriters grants the C.L.U. designation to persons in life and health insurance who pass a series of professional examinations and meet the experience and ethical requirements of the college. This year 1076 men and women were awarded the designation, bringing to 9802 the number of people who have received it since the college was founded in 1927.

P-TA Presidents Letter to Members

Northville Parent-Teacher Association kicks off its 1961-62 meeting schedule tonight (Thursday) with a general meeting at 8 p.m. in the community center.

Mr. and Mrs. Robert Beerbower, this year's presidential team, addressed the following letter, containing an outline of the P-TA's projects and expenditures last year, to the citizens of the Northville School District.

"We are taking this opportunity to sincerely thank all of the members of P-TA and the most of interested citizens who supported the organization through the past year. A special 'thank you,' of course, to the many supporters of the Carnival last May since the entire year's budget is dependent upon the success of this endeavor.

"The 1961 P-TA Carnival held on May 5 not only provided an evening of fun for several hundred children and adults, but also increased the treasury of P-TA by almost \$1500. Total receipts were about twice that amount with the majority of the expenditures labeled for mid-way novelties and food supplies. In addition the many contributions of money, material and work made this function its usual success. The net was about 10% less than the previous year, but this is not disturbing if everyone had a good time.

"We feel that it is of interest to report how the budget for 1961-62 was spent and believe that it will follow the same pattern in 1961-62. Of the \$1640 total available last year, \$940 or 33% was earmarked for Scholarships to students and teachers thus supporting one of the major principles of our organization. Thirty per cent or \$495 was given to the various schools for use in their Safety Patrols; for purchase of playground equipment; and support of the music program. Another \$185 was used to send high school students to training programs and to help support the Northville Cooperative Nursery. The final 20% or \$320 was

used in the conducting of the activities of the organization — program, publicity, social, subscriptions, equipment and conferences.

"In addition to the project requiring money, several service projects were continued or initiated during the year. Some of these projects were:

1. Sponsored a live drama production for more than 500 children.
2. Assisted school officials in surveying adult education interest.
3. Helped survey high school students on interest in Junior College.
4. Conducted kindergarten round-up.
5. Handled the sale of saving stamps in elementary schools totaling over \$3000.
6. Instituted a movie rating with cooperation of local newspaper.
7. Supplied committee members to several School Board study groups.
8. Held a summer story hour for younger children.
9. Began a monthly newsletter in the Northville Record, including school news.
10. Had six general P-TA meetings and three building meetings in each of the four schools, a total of eighteen meetings.

"We believe that the citizens of this school district can be proud of the work done by the large group of interested men and women. All of the functions of the past year helped to achieve a better understanding between the parents and the school. We are also certain that there are many other worthy projects which should be supported by this organization and urge each of you to take an active part in our group so that we will be able to broaden the scope. We invite each of you to attend our meetings, you will find them informative."

Sincerely,
Mr. and Mrs. R. E. Beerbower
President,
Parent-Teacher Association

Northville Council Minutes

A regular meeting of the Northville City Council was held at City Hall Monday evening, September 18, 1961 at 8:00 p.m.

Present: Ambler, Mayor and Councilman Judy. Absent: Mayor Allen and Councilman Judy.

Minutes of last regular meeting were read and approved. Bills amounting to \$20,175.38 from the General Fund and \$1,477.64 from the Water Fund were presented for payment. It was moved by Carlson, supported by Ambler, that these bills be allowed and paid. Carried.

A letter from the City of Northville and the Township of Northville was read, which will be forwarded to the Wayne County Department of Public Works, asking for an immediate opportunity to meet with representatives of this department regarding the possibility of reaching the capacity of the existing interceptor sewer if Novi and Oakland County are allowed to connect to same, so that the reserve capacity for City and Township of Northville will not be available when it is needed. Sydney Frid, Oakland County Supervisor for the City of Northville, reported that a meeting would be held at 10:00 a.m. September 28, 1961, of the Oakland County Board of Supervisors regarding this problem, at which they wish to discuss this problem with representatives of Northville City and Township.

Councilman Carlson reported that about 30 inquiries and applications for the position of City Manager were received. After careful screening, six candidates were selected for reference checks and interviews. These interviews were handled by the entire Council and about two hours were devoted to each candidate. After careful consideration, the council unanimously agreed on one individual, Bruce K. Pothoff. His starting salary will be \$7,200 for one year, plus out of pocket expenses in conducting city business, and an allowance of \$200 for moving. He will take over his duties October 1, and Mr. Canterbury asked for co-operation of citizens with the new City Manager.

The Acting City Manager's report on special assessments will be taken up at a special meeting to be held Monday evening, September 25. The matter of purchasing radar equipment for the Police Dept. will also be taken up at this meeting. It was moved by Carlson, supported by Ambler, that up to \$60,000 of idle funds in the General Fund be invested for a six month period in a certificate of deposit. Carried.

Councilwoman Carlson reported that the Civil Defense Committee had held its first meeting, and they recommend that a Civil Defense Ordinance be drawn up and that a director be appointed who should be paid. Mrs. Carlson was asked to obtain a standard type of such an ordinance from the Office of Civil Defense for use by the codification committee. Attorney Ogilvie was instructed to contact F.H.A. regarding the removal of the house on So. Ely drive which is sinking at one end so that it is uninhabitable. Moved by Ambler, supported by Carlson, that the city advertise for bids for the purchase of a "62" model truck, as recommended by Supt. Hartner and approved by City Manager. Carried.

Moved by Canterbury, supported by Ambler, that only the first parking space on each side of So. Wing St. south of W. Main street be reserved for the parking of police vehicles. Carried.

There being no further business, meeting was adjourned at 10:00 p.m.

Signed, Mary Alexander, Clerk

ADVERTISEMENT FOR BIDS

Sealed bids will be received by the Clerk for the City of Northville at the City Hall up to 8 p.m. on Monday, October 2, 1961, on the purchase by the City of a 1962 Truck, meeting the following specifications:

- 2 Marker
- 3 Clearance
- 1CC Flasher Unit
- Front Tow Hooks
- 1955 DODGE TRUCK TRADE-IN

SEMIFINALISTS — Gene Quay, assistant principal, takes aside Northville high school seniors Paul Chadwick (center) and Ed Beard (right) to tell them they have been named semi-finalists in the National Merit Scholarship competition.

Seniors Qualify On Merit Exam

Northville high school seniors Ed Beard and Paul Chadwick have been named semi-finalists in the 1961-62 National Merit Scholarship program, it was announced yesterday by Gene Quay, assistant principal at the high school.

He said selection was based on the students outstanding performance on the qualifying test each took in March.

Each boy is now one step closer to winning a four-year Merit Scholarship to the college of his choice. The semi-finalists will take another rigorous examination, the three-hour Scholastic Aptitude Test of the College Entrance Examination Board, on December 2.

If their scores on this exam substantiate their performance on the qualifying test and they are endorsed by the high school, both students will become finalists in the competition.

As finalists, they would be eligible for scholarship awards sponsored by about 130 business corporations, foundations, associations, individuals and the National Merit Scholarship Corporation itself.

Each scholarship is a four-year award to cover the student's undergraduate years at college. The recipient's stipend is tailored to his need. Stipends currently average about \$800 a year. Awards may reach a maximum of \$1,500 annually. Some \$100-a-year stipends are granted to students who already possess financial resources but need additional aid to enable them to attend the college of their choice.

The student's high school grades, extracurricular activities, school citizenship and leadership qualities are evaluated in the final phase as well as his test score.

Finalists designate the college they wish to attend and the course of study they plan to pursue. In most cases, supplementary grants are also awarded to the college selected.

The Merit Scholarship Program, now in its seventh year, has up to date contributed direct financial assistance to nearly 5,000 students and their colleges.

Schools Inch Closer to Education for All

Northville public schools scored a first this month with the introduction of special education instruction for mentally retarded students.

Eleven children, grade school and junior high school age, are enrolled in the morning and afternoon classes which are being taught at the Main street campus by Mrs. Margaret Longridge, former first grade teacher at Amerman who has been taking special courses at Eastern Michigan university to qualify for her new assignment.

Northville has cared for the education of its mentally retarded students in the past, but not in the home district. Until this fall, local youngsters were transported to Plymouth for instruction in a cooperative program between the two districts.

The need for some new arrangement became apparent this year.

Superintendent Russell Amerman told schoolmen this spring that Northville had a sufficient number of retarded youngsters to warrant a program here. At the same time, Plymouth, he observed, was experiencing a growth in student population that seemed to indicate the neighboring district needed a program of its own.

Northville and Plymouth will continue to share the services of psychologist Gene Alexander, whose job includes consultation with the teacher, certification of the children — as required by the state — and work in the classroom.

He and Main street elementary principal Harry Smith took time out recently to talk about the new program.

LEARN DIFFERENTLY

Students enrolled in the State Type A program launched here this fall though retarded are educable, said Alexander. While their I.Q.'s are below average, these youngsters are capable of learning, he explained; they are able to read, to write and to handle symbols to some extent. In most cases, they will be

and teaching aids.

"Where possible he is integrated into regular, non-academic classes such as art, music, shop and gym," added the psychologist.

He pointed out that the retarded are quite often capable of developing a skill as adequately or better than the normal individual. Some of them have unique perceptual abilities and others may become competent in manual skills.

And as far as reliability, dependability and consistency are concerned, Alexander noted that retarded children can compete effectively with normal youngsters.

He remarked that they love and hate and need acceptance and respect just like any other human being, but are more open to rejection and ridicule because of their handicap.

Principal Harry Smith here pointed out that normal as well as retarded children will profit from the new program.

It relieves the regular classroom situation, he said, because retarded youngsters now have classes in which they can learn at their own speed while the other classes — with retarded children no longer on their rolls — can move along at a faster pace.

It is the Type A special education program that plays a vital role in preparing the children for this environment. "The child is accepted as he is and helped to find his own way, as far as he can go," said Alexander. "He learns to read and write at a slower pace and gets more individual attention. He is given more concrete learning experiences, using more elementary level books

THREE MAIN CAUSES

A discussion of special education quite naturally led to the question of what causes retardation in children.

Alexander mentioned three as the most frequent — damage to the brain, cultural deprivation and emotional deprivation.

The first occurs most often during prenatal development or during childbirth, he said. Cultural deprivation relates to the child's everyday surroundings, particularly his home life. The economic status of the child's family comes into play here, said the psychologist. The child's environment may be very sterile, his experiences very limited and without variety, he explained. In other instances, Alexander said the youngster may be deprived of a healthy emotional environment and become so involved in protecting himself from fears and anxieties that he is unable to benefit from the usual learning experience.

In some cases, even the experts are unable to pinpoint the cause, remarked Alexander. He pointed out that there are even a few instances in which something happens to permit the child to function normally.

"We are only beginning to teach upon a real understanding of the retarded child and to discover adequate ways of helping him," stressed Alexander.

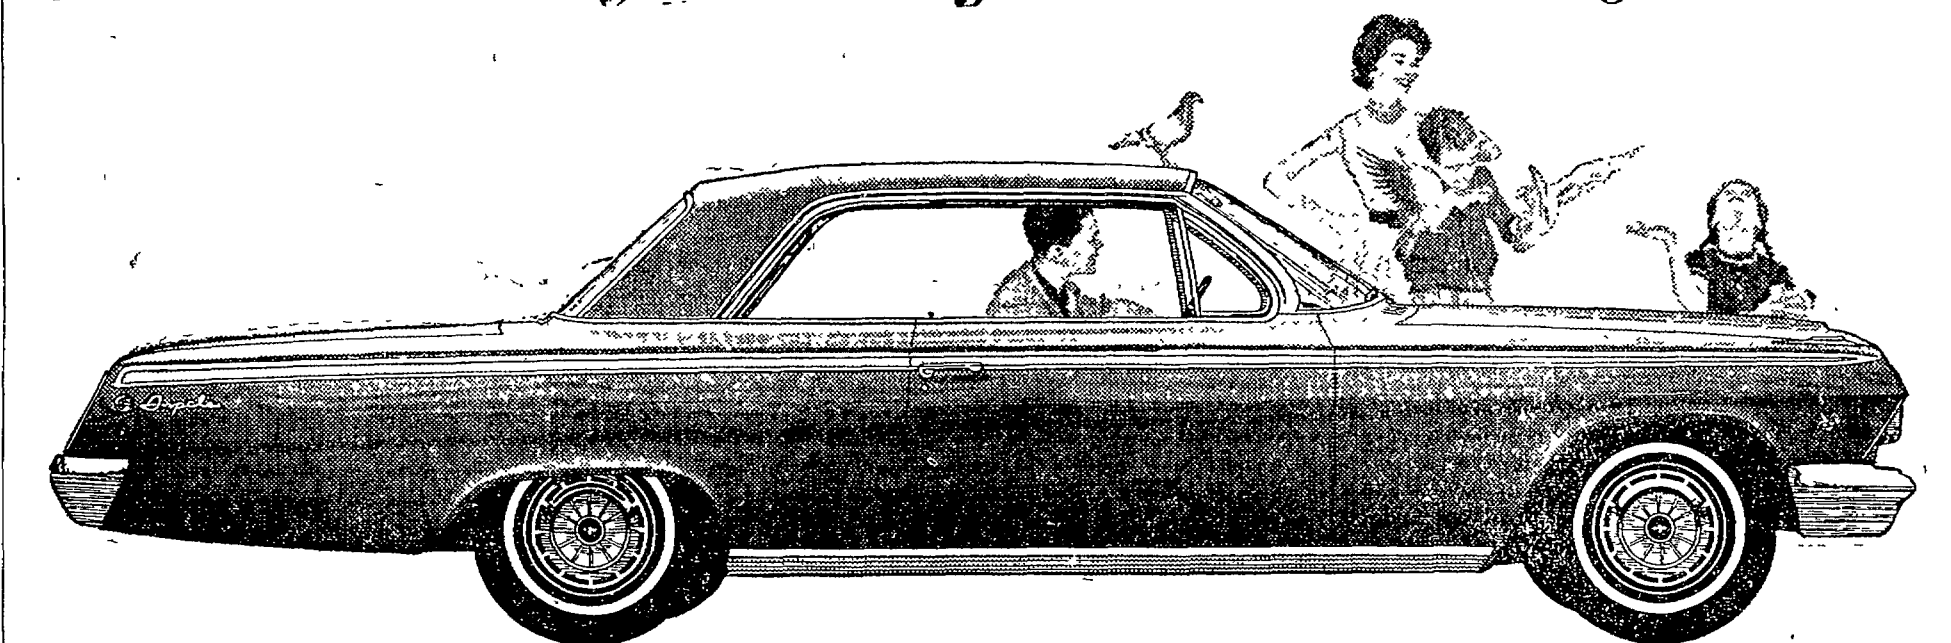

"The average citizen can help by respecting the retarded child for his 'human-ness' and by seriously attempting to appreciate the child's capabilities. In the final analysis it is the acceptance and affection of the normal individual that determines whether the retarded child can live happily in society," concluded Alexander.

INDIVIDUAL INSTRUCTION is one of Mrs. Longridge's key teaching tools. As specified by the state, which reimburses the schools, enrollment in special education classes is kept to a number that enables the teacher to spend more time helping each student overcome his particular difficulties.

FRIDAY

A New World of Worth from Chevrolet for '62!

'62 Impala Sport Coupe—with a roof line that looks like a convertible's

'62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Look inside the deep-well trunk. Then—head for the open highway. That sittin'-on-eatin' feeling you get is Chevrolet's famous Jet-smooth ride at work—with a pliant Full Coil spring cushioning at each wheel. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. ■ Hard-working helpers (like the new steel front fender underskirts that guard against corrosion) give this '62 its built-for-keeps beauty. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

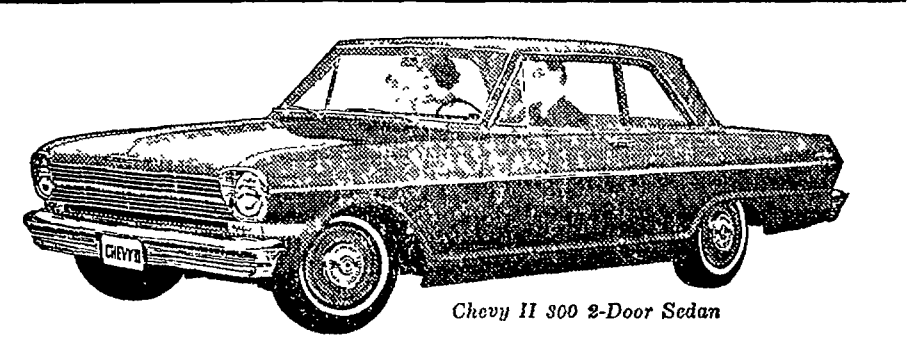

Corvair Monza Club Coupe

THE '62 CORVAIR MONZA

Meet the car that puts sport in the driver's seat! Bigger new brakes and Corvair's renowned rear-engine traction offer just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

This jim-dandy's got the stuff that drivers dote on. ■ Backstage you have a standard aluminum air-cooled engine that turns up 80 hp. (or if you like more razzamatazz, one that uncorks 102 hp.). ■ Sure enough, there's independent suspension on all four wheels to keep the ride as amiable as ever. Inside, you'll find a heater and defroster, cigarette lighter, dual sunshades, front-door armrests and automatic choke as standard equipment on most models. ■ There are lots of reasons for liking what's new—and tried and true—in the '62 Corvair. And your dealer's eager to tick 'em off for you. *Optional at extra cost.

Chevy II 300 2-Door Sedan

HERE'S THE NEW CHEVY II

Here's modern basic transportation in a totally new line of cars with all the solid, time-tested Chevrolet virtues—plus some surprises you've never seen on any car before. A full line of saucy new-size models. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A real pleasant surprise!

This plucky new Chevy II comes about as close as a car can to perpetual motion. ■ All nine models (station wagons, a hardtop, even a convertible will soon be available in the lineup) are designed to save you money and service. Major front-end sections, including fenders, bolt on for easy replacement in case of damage. The heater and defroster are yours as standard equipment. Tough—but ever-so-gentle—Mono-Plate rear springs eliminate the friction of old-fashioned multi-leaf springs. ■ And, maneuverable and sensibly sized as this Chevy II is, it gives you the kind of room that'll make many a "big" car wonder how it's done.

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's

WIXOM NEWS

Mrs. Chares Ware MA 4-1601

Jack Robinson of Potter road is home on a five day vacation from the U.S. Army before leaving for Germany. Jack, whose time in the Army has expired, is being detained because of the world crisis. Jack is the fourth Robinson brother to serve honorably in the U.S. Armed forces; Jim in Korea during that war, Roy in the Army of occupation in Europe and Hugh, at present in Germany.

At the Wixom planning commission meeting which was held on Tuesday the 19th Joseph Stadnik was elected chairman. Joe has served the city as village mayor and two years as mayor of the city. Elwood Grubb was elected vice chairman and John Frickson secretary. Roy Bryan was present at the meeting to discuss the soil content of Wixom of which he made a thorough study for the U.S. in 1959.

Michael Stadnik and family from Encino, California were the guests of her brother, Joseph last week. They are spending a few weeks in Michigan visiting friends and relatives.

Hickory Hills Civic association held a work bee at the beach to get ready for winter by storing dock, raft and picnic tables. The entertainment committee took care of refreshments.

The mothers of the swimming group and track team honored their swimming instructor with a luncheon held at the Hawaiian Village in Holly.

A smorgasbord was held by the V.F.W. Saturday night with over 300 present. Funds will be used to aid the V.F.W. home.

On September 30 the Hickory Hills Civic association will hold their annual dance at the V.F.W. hall. All are invited.

The weekly meeting of the knitting club was held at the home of Mrs. Cal Stafford.

The invincible group of the Wixom Baptist church will meet at the home of Mrs. Orville Templeton of New Hudson at 7:30 p.m. Saturday, September 30.

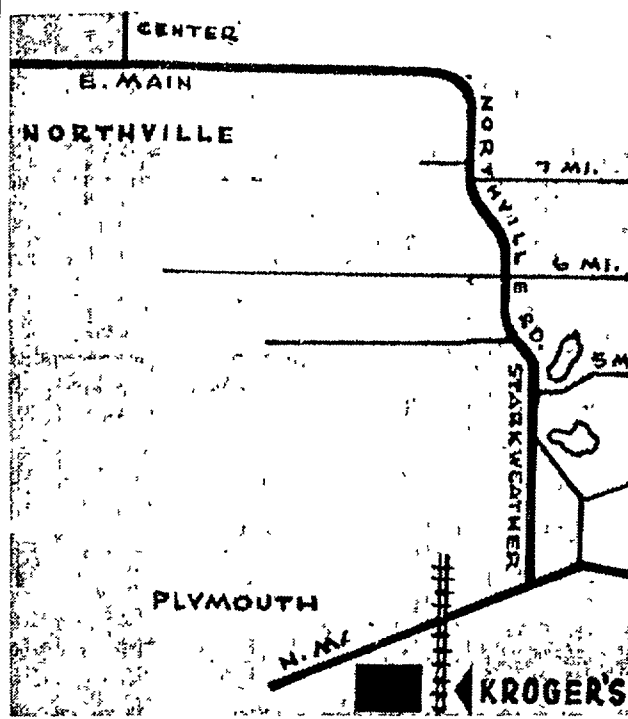

Mr. and Mrs. Harold Ortwine entertained Mr. and Mrs. Howard Randolph and family and Mr. and Mrs. H. J. Ortwine on Sunday September 24 to honor their mother, Mrs. Delbert Geyer on her birthday.

INTRODUCING FOR 1962

THE NEW LEAN BREED OF DODGE

The black automobile above is the 1962 Dodge Dart 440, first of the Action-Economy cars. A low-price, full-size Dodge that will outrun, out-economize most any car around. For a fact, it accelerates seven percent faster on five percent less gas than last year's comparable model. Seats are chair-high. There's a fold-down center armrest in front.

The white car is the Lancer GT, America's first Sports Compact. It carries five. Corners flat. Handles neat. Really goes. Bucket seats, all vinyl upholstery, full carpeting are standard.

Full-size or compact, every Dodge is rustproofed. Has a smooth ride. Goes 32,000 miles between grease jobs. As always, Dodge means dependability.

NOW ON DISPLAY AT YOUR DEPENDABLE DODGE DEALER

open daily except Sundays
and holidays, 11:30 a.m. to 5
p.m.; 7 to 8 p.m. Wednesday
and 7 to 9 p.m. Friday.
The importance of distinguish-
ing between sound and unsound
thoughts will be brought out at
Christian Science services Sun-
day.

Scriptural readings in the
Lesson-Sermon entitled "Un-
reality" will include these ver-
ses from Psalm 119: "I have
vain thoughts but thy law do
I love... Thy righteousness is
an everlasting righteousness,
and thy law is the truth."
From "Science and Health
with Key to the Scriptures" by
Mary Baker Eddy, this citation
will be read (p. 288) "The su-
periority of the spiritual over
the material is the basis of
the understanding of divine
Love."

Church of Christ
Meets October 1-11

The Church of Christ — meet-
ing at 9451 South Main street
in Plymouth — announces its
annual fall series of meetings.
These services will be con-
ducted October 1-11. Sunday meet-
ings are 8:45 a.m., 11:00 a.m.
and 6:30 p.m. Bible school is
10:00 a.m. Week days all ser-
vices are 7:30 p.m. Allen Bar-
ber is the visiting evangelist
and Melvin Sims the song di-
rector.

This will be Barber's first
such meeting in Plymouth, but
he is no stranger here. His
wife's parents, Mr. and Mrs.
James Waid, and her sisters,
Mrs. Herbert G. Smith and
Mrs. James R. Jones, all live
in the Plymouth area. Barber
is regular minister for the Hu-
ber Heights church in Dayton,
Ohio.

Sims has appeared in Ply-
mouth many times as song di-
rector, music instructor and
soloist. He is song leader for
the Strathmoor Church of Christ
in Detroit.

Everyone in Northville, Li-
vonia, Plymouth and surround-
ing area is invited to these
special services.

from the
PASTOR'S STUDY

By Rev. John I. Wittstock
Our Lady of Victory Church, Northville

In every community in
the world you will find a
number of men and women
who are devoid of possess-
ing supernatural faith and
yet they are living good nat-
ural lives. You may know
intimately one or two peo-
ple who are honest and de-
cent despite their lack of
faith. Perhaps you have even
told your non-believing
friend that supernatural faith
is an act of taking God's
word for something as true
even though we mortals, hav-
ing a limited intelligence
may not fully understand a
certain truth.

"No!" your friend may ob-
ject "I can't do that! I'm
not super-intelligent but I
have some reason. I try to
use my reason. Logic is just
applied common sense. I
must have a reason for my
belief."

And your friend is very
right. Faith cannot and will
not make you accept a con-
tradiction. Our faith has its
reason, God himself. So a

knowledge of God is funda-
mental to faith and supplies
the reason for faith. God who
revealed himself, can nei-
ther deceive nor be deceived.
Therefore, it is reasonable
to believe in Him. Faith
completes reason, but rea-
son can lead us to the door
of faith. Yet supernatural
faith is a gift, something
freely given. And God is the
Giver. We cannot earn faith,
but we can pray for it. Like
the blind man in the Gospels
our now believing friend
can cry out "Lord, that I
may see!"

Once given the gift of
faith, we can strengthen it
by prayer and study. If our
faith has four qualities we
say it is a strong faith.

(1) When it is universal.
We believe all that God has
revealed because every at-
ticle of faith is a piece that
forms a beautiful mosaic.
Remove one piece and you
spoil the mosaic.

(2) When it is firm. We
are rock-solid in our belief
when we hold unshakingly

to all God's truths. We never
doubt, but we ask questions
to seek further knowledge.

(3) When it is lively. We
live our faith in action. We
are as excited about it as the
World Series. We try to ex-
plain it to others.

(4) When it is constant.
We are steady in our faith,
being Christians seven days
a week, not just on Sunday.
We defend it despite jibes
and jeers. We are willing to
suffer for it, like the martyrs
of Red China.

Our faith, then, is our trust
in God. By study and prayer
we get to know God's super-
natural truths and get to
harmonize our reason with
His truth. When this gift of
faith is universal, firm, liv-
ely and constant, then we
are walking this earth as citi-
zens of heaven. All of us
are proud to be privileged
citizens of earth. All good
people, even our non-believ-
ing friend, are in this cate-
gory, but it is a greater
privilege indeed to be a citi-
zen slated for heaven.

Methodists to Host Talk by Educator

Dr. Welthy Honsinger Fisher,
founder and director of Literacy
Village in Lucknow, India, will
speak at the Northville Metho-
dist church at 7:30 p.m. Friday.

Life magazine in a salute to
"non-Ugly" Americans recog-
nized the war on illiteracy wa-
ged by Dr. Fisher. In some
areas the percentage of literacy
is below eight percent and it
seldom goes beyond 20 percent
anywhere. More than 400,000
of the nation's villages have no
school at all.

Today Dr. Fisher's establish-
ment, Literacy Village, and it's
assistant teachers can teach a

farmer to read and write within
five months. In hundreds of
villages little groups squat
around kerosene lamps and
scrabble on their slates. Those
who have learned to read and
write are proud of their accom-
plishment. They, in turn, be-
come teachers to their friends
and children.

The public is invited to hear
Dr. Fisher. There will be time
for discussion and questions at
the close of her address.

Join in Worldwide
Holy Communion

The Northville Presbyterian
church and the Northville Metho-
dist church will observe World
Wide Communion on Sunday,
October 1.

The Reverends Lloyd Brasure
and Paul M. Cargio stated that
this is a way in which churches
here and throughout the world
express their togetherness in
the Christian faith. The united
witness is gathered around this
great sacrament of the church,
Holy Communion. Both clergymen
are calling their people to
prayer and to Christian disci-
pline in these trying times. They
express the hope that members
and friends of their churches
will avail themselves the means
of grace afforded by the Lord's
Supper.

The Church for All...
ALL FOR THE CHURCH

The Church is the greatest factor on
earth for the building of character and good
citizenship. It is a storehouse of spiritual
values. Without a strong Church, neither
democracy nor civilization can survive.
There are four sound reasons why every
person should attend services regularly and
support the Church. They are: (1) For his
own sake. (2) For his children's sake. (3)
For the sake of his community and nation.
(4) For the sake of the Church itself, which
needs his moral and material support. Plan
to go to church regularly and read your
Bible daily.

BOOKS FOR SALE — Dick Bathey buys books from Andrea Bissa at the Northville high school Library Staff club's book-selling project in the school library. The books, on the display rack at the right, are mainly paper-back reference books and educational materials that are not available in local stores. The club, sponsored by Librarian Mrs. Sullivan, plans to use funds raised by the sale to purchase library equipment. Mrs. Sullivan, who reported that about 30 books were sold on the first morning, pointed out that many of the classics and reference books are copies of books that are in the school library, but aren't always available because so many students use them. She said the project will give students experience in owning good books.

READERS SPEAK:

Condemns Censorship

Free education has always been one of the things Northville has prided itself on; the right of every child to learn, to grow, to develop according to his individual talents and abilities. Yet there is a danger that these freedoms of the student may soon be limited.

I am speaking of the possible censorship of Dos Passos from the Northville high school library. It seems the book has been in the library for several years and no one was even aware of its existence. Suddenly it has been discovered and immediately condemned because of certain objectionable parts.

Is this a fair judgment of the author or the book? Is it fair to condemn an entire work because we find parts of it offensive? Surely no one would suggest the elimination of books by Steinbeck, Faulkner, or Hemingway because of their questionable passages. Even the Bible contains certain parts that may offend many readers. Yet we accept these parts in order to judge the entire book objectively. Surely Dos Passos deserves the same consideration.

Dos Passos writes as a critic of our society. If he sees life as a thing of beauty, he should reveal it as such. If, however, there are parts of our environment that are basically decadent, it is just as important that he tell us of them. Apparently Dos Passos believes that our culture is corrupt.

Many critics have acclaimed Dos Passos as a great writer of our time. Others have accused him of "going to extremes" by writing only about the sordid side of our culture, and by losing all objectivity in his criticism. I am inclined to agree with the second opinion, but I could not have reached this decision without first being exposed to his works.

This is the main injustice of censorship. If we tell the student what he may or may not read, he will never be able to distinguish for himself between valuable and worthless literature. When we tell him that a book is too vile for him to read, we set ourselves up as the supreme judge of the book's value. By pre-judging the book for him and condemning it as unsuitable material, we not only restrict his reading, but also control his right to think. Furthermore, we are depriving him of the rights to explore, to read, to criticize, and to choose for himself that which is truth.

The censorship of Dos Passos can only lead to further censorship, which in turn will result in the limitation and regression of free education. This must not happen.

SPEAKING for the Record

by Bill Sliger

With Amerman Principal Dick Kay as toastmaster it was inevitable that the 21st banquet last week would be sprinkled with a few humorous stories about youngsters.

I particularly like the true anecdote recalled by Walter Couse, who introduced D.I.T. President Dewey Barich, speaker of the evening.

It concerned a boy and girl — about first grade age — that Couse observed holding hands while each sipped a bottle of milk in an elementary school cafeteria. For the sake of conversation Couse asked the little girl if the boy was her brother. She shook her head negatively. "Is he your boy friend?" she was asked.

"I don't even know him," replied the little girl as she continued sipping her milk and holding hands with the boy.

One of our area's most remarkable citizens, Octogenarian Belle McColl, has little trouble keeping busy in her golden years.

Another of her talents is revealed in this poem written in memory of a cardinal that once serenaded the McColl home early each morning.

*On the beat-most bough of the elm tree
The Cardinal carols his lay,
Singing his faith in the sunrise
While the dark still shrouds the day.
Tho' the earth may be torn with tempests,
Tho' it's wracked with human strife,
Still the jubilant song of the Cardinal
Rings with the Joy of Life.*

Probably the happiest person in town when the new city manager reports for duty next Monday will be City Attorney Philip Ogilvie.

He's been acting as city manager for the past two months and last Monday night it became apparent that he's weighted down with work — as city attorney, manager and at Monday's special meeting, clerk.

There were quite a few complaints, too, from residents whose basements have been flooded by recent rains or where new lawns have been washed away because drains are not functioning properly.

New Manager Bruce Potthoff attended the meeting just as a visitor Ogilvie hoped aloud that he wouldn't be "scared away" by the work that has piled up.

On Equal Rights

An exceptional activity in the Governor's office this year has been the consistent policy of fighting racial discrimination.

In an era when moral right is too often tied closely to what is politically expedient, John B. Swainson has provided leadership in the equal treatment for all struggle time and again.

Apparently this is a strong and sincere personal feeling with Swainson.

Too many politicians tend to favor equal rights for all minority groups only when making a pitch for their votes. These campaigners may not be actively bigoted, but seem to be disinterested in a problem that touches them personally only as it can win or lose votes.

A great many present or potential officeholders are more cognizant of the votes they can lose through too active backing of anti-discrimination causes than of the few minority group votes they might win.

Swainson, whether campaigning or not, has shown deep concern for minority rights.

A "good faith" attempt to lessen bias can sometimes produce results because its very sincerity commands respect. Apparently Swainson's "Code of Fair Practices" issued some months ago is having this effect.

The Democratic Governor's contention in his code is that equal treatment for all is morally right, and that it is economically incumbent upon state government to provide leadership in the field of job equality.

Encouraged by Swainson many state departments have taken several significant steps to eliminate any possible bias of discrimination. In fact, civil rights have gained ground in many ways affecting segments of the Michigan government.

Latest and perhaps most significant item arose when the Michigan Employment Security Commission refused to take part in the annual meeting of the Interstate Conference of Employment Security Agencies because the Atlanta, Ga., hotel where it was to be held would not admit Negroes.

Swainson said he didn't know if any Negroes had planned to be included in the Michigan delegation to the conference or not, but that it didn't make any difference, the state would not send its official party to a meeting where discrimination was to be practiced under any circumstances.

The Governor commended MESCC director Max M. Horton for refusing to attend the conference, although Horton was a candidate for president of the national group.

"This is the policy," Swainson said. "Wherever all the citizens of Michigan are not welcome, we will not participate."

Michigan dentists would like to make it easy for people to take good care of their teeth.

A possible means to accomplish this is prepaid dental care, which would be somewhat like the widespread programs of health and hospitalization insurance now offered by various companies and used by many people.

Dentist members of the Michigan Dental Association have been studying a plan of prepaid dental care which would be handled through the Michigan Dental Service Corp.

Another problem for dentists, and related to their studies of prepaid care plans, is how to keep patients informed on the importance of regular dental care.

It presumably has been found that toothaches are better than telephone calls for reminding people to see their dentist.

A higher regard for the possible dangers of neglecting tooth care and regular attention by a dentist is something the dental group would like to instill in everybody.

They might even consider an advertising program which would keep people advised within ethical limits of their profession.

Hardly a project ever undertaken in Michigan has been so sure to capture the imagination as was the recent Summer of '61 study conducted in Williamston.

And a great many people will maintain a close watch on the results of the tests are analyzed.

Roger Babson

South Investments Hurt

Babson Park, Mass., The treasurer of a large Massachusetts Savings Bank told me yesterday that his new deposits are running over \$20,000 a day. I asked him how he invested that much and he replied: "I send it all to Mississippi."

This means that the people of this New England city, instead of having their savings invested in New England, are sending them down South to be invested in Mississippi. Individuals in New England are sending their savings to New York City for investment in the stock market. Therefore, most New England cities are starving for capital with which to start new factories and give employment to their own people.

This largely explains the troubles of New England cities today. Furthermore, this same situation explains unemployment conditions in other cities of the North.

In a previous column this summer I mentioned six Southern States which have special laws to encourage industry. I briefly explained that these laws permit city bonds to be issued to build factories, just as most states float bonds to build highways. So many inquiries have come to me asking details of these revenue bond laws, that I am devoting this week's column to the subject.

I take as an illustration the city of Tupelo, Mississippi. This city is getting not only its capital largely from New England, but also some of our best young men. One of the ablest men in Tupelo is Frank Dodge, who came from the little town of New Boston, N.H.

The first step which a northern city must take, in this connection, is to have the state pass a law whereby a city may issue these revenue bonds, to build factories as well as to build toll roads. Thus far, when a northern city has gone to its legislature for such an amendment, the bond dealers have killed the proposed amendment. They have been assisted by the conservative municipal bond holders of their community.

These bond holders have selfishly thought only of themselves and have disregarded the welfare of their community.

Let us assume that an established company with good credit is willing to build a factory in your community costing \$500,000, provided the city will issue industrial revenue bonds in this amount to pay for the cost.

The company for which the factory is being built takes a twenty-year lease for \$35,000, which includes modernization and interest at very low annual rates. This is possible be-

cause the interest is federal tax exempt and because of other advantages. The cost of \$500,000 includes land, concrete floors and walls, and all normal electrical wiring, plumbing, air conditioning, a sprinkler system and heating for a building of approximately 125,000 square feet.

The building is owned by the city and gets a 99-year tax exemption from the city, county, and state. The credit of the firm leasing the factory is not encumbered because it is a lease contract. The \$500,000 revenue bond issue provides the full faith and credit of the city voted by the citizens at a special election on the project.

These bonds furnish federal tax exemption to the purchasers because they are issued by a city. The rate of interest will be determined more by the credit of the leasing company than by the credit of the particular municipality issuing the bonds.

Readers of this column may write to Mayor James O. Ballard of Tupelo, Mississippi for a copy of the "Bawit" Law. States amending their constitutions accordingly should find their unemployment problem largely solved, since the new industries will provide new jobs for people who are willing to do good work at a fair wage.

The
gas-saving "4"
with Pontiac
Punch!

PONTIAC TRIGGERS ANOTHER TEAM OF WINNERS. Every one is a fancy mover. Convertible. Sedan. Wagon. Two Coupes. Choice of 110, 115, 120 or 140 h.p., gas-saving 4-cylinder engine. A couple of extra cost options: Put on a 4-barrel carb and get 165 h.p. The citizen who wants even more can go for an aluminum V-8 option that pulls 185 horses.

TEMPEST HAS A FRONT ENGINE/REAR TRANSMISSION! (The only American car with this feature.) It gives Tempest equal weight at every wheel. It has biting traction on the bricks or in the mud. Tires last longer. Brakes take hold like they mean it. The front floor is practically flat (no big hump in the middle). Tempest seats six—easily!

TEMPEST HAS INDEPENDENT SUSPENSION—FRONT AND REAR! Each wheel (and it's a big 15" one) moves up and down independently of the opposite wheel. There's no solid axle in the rear. Result: Firm ride on pavement, soft ride in the boondocks! Swing axles in the rear help the Tempest to carve out clean, firm curves.

PLUSH NEW SERIES—THE LE MANS (LUH-MAHNZ). The Tempest Convertible and Coupe are out this year in special custom trim. Call them the Le Mans! They both have sports-type bucket seats, full carpeting, floor mounted stick shift, acceleration rear axle option—no extra cost. Extra cost option: 4-speed gearbox. Take one out—it's a going machine!

Drive America's only front engine/rear transmission car... it's balanced like none of the others!

TODAY! '62 TEMPEST
