

Board Backs Fight Inquiry; Slaps League

"We owe the community, especially parents, every guarantee that an incident of this nature will not occur again," emphasized Northville Board of Education President Robert Shafer in remarks prefacing action taken by the school board Monday night as a result of the assault on Northville high school quarterback Steve Juday by Clarenceville players in the closing seconds of a contest between the two schools a week ago Friday.

The Northville board went on record in full support of Superintendent Russell Amerman's decision to curtail all athletic competition between the two Wayne-Oakland league schools until the issue is satisfactorily resolved.

It further took issue with the league's eight-member board of control for its "obvious irresponsibility" in failing to arbitrate in the breach between the two schools.

Confirmation of the superintendent's action by the board is needed to protect the school from any penalty that could be levied by the state athletic board against Northville for its failure to take part in scheduled league games.

The formal reprisal lodged against the local league board of control grew out of queries Trustee James Kipfer directed to High School Principal Fred Stefanski, president of that group.

Stefanski said the board of control, meeting last Wednesday night, had decided to turn the matter over to principals of the two schools for solution.

It has been rescheduled for next Monday at 8 p.m. at the city hall.

City Manager Bruce Potthoff explained that a complete check of the applicants' credentials had not been completed.

Local Gallery to Show North's Encaustic Work

An afternoon reception at the Hartley-Powers gallery, 116 Main street, will mark the opening of a one-man art show by Cecil North, Ann Arbor artist-teacher.

Sunday's reception is slated to last from 2 to 6 p.m. The artist's encaustic paintings and wooden and ceramic sculptures will be exhibited at the local gallery through Saturday, December 2.

North, whose training includes study with Dr. Laura Zibbes, nationally known figure in elementary education, and degree work at Ohio State university, has been an art instructor at Ann Arbor high school since 1948. He planned and organized the fine arts laboratories in Ann Arbor's new high school.

The artist learned encaustic painting, a method using hot wax as the medium, at Cranbrook Academy of Art. The encaustic technique consists of subjecting a mixture of bees wax and other waxes to a hardening catalysis which raises the melting point of the wax composition. Pure pigments are added to the wax while it is white hot. This hot, colored wax is then applied with a brush to the painting surface. A blow torch is used to fuse the wax to the board. Polishing finishes the work.

Before coming to Ann Arbor, North taught one year in Chillicothe, Ohio public school; and a year at Florida Southern college. He is married and the father of three children.

Here's Unbeaten Mustang Squad

THE CHAMPIONS of the Wayne-Oakland league, Northville's Mustangs, are pictured above. The high school gridder took all seven of their W-O league games this season to recapture the crown, and won two non-league contests as well, giving them a perfect season. They had lost possession of the title last year, after having been league champs four years running.

Gridder Banquet Planned

The Northville Mustangs, once more champions of the Wayne-Oakland league, will be honored December 6 at the annual Exchange club-sponsored banquet in the Methodist church.

The program will include awards to the players and two members of the Detroit Lions as speakers, says Cliff Hill, who is arranging the program. He added that the banquet is for the players, their fathers, the coaches and members of the sponsoring organization.

The Mustangs triumphed over all nine opponents this season, to build up a 13-game winning streak after having suffered three defeats last year. The

losses last year, which ended a 32-game winning streak, also kept the Northville eleven out of the championship circle. They ended up second, tied with Holbrook.

This year, the Mustangs bounced back to score a total of 263 points for the season. They gave up only 26 points to opposing teams, and shut-out all but three games.

In recapturing the league crown, which they had held

four years running before last season, the Mustangs also retired their third league trophy, says high school Athletic Director Al Jones.

He explains that the league uses a circulating trophy which goes to the league champions only so long as they hold the title. But, he adds, the first team to get its name on the award three times retires the trophy, and a new one is put in to service.

The Mustangs opened their season with a 19-0 defeat of the Class A Plymouth Rocks. Quarterback Steve Juday scored twice on running plays, and halfback Dennis Gilbert picked up the third Northville touchdown.

The Northville league season started the following week with a 27-13 defeat of Holly. Holly had ended the Mustangs' 32-game winning streak the year before, and the local eleven were seeking due reparation. Juday carried twice and passed twice for the four Northville TD's.

The Mustangs then damped Bloomfield Hills 26-7 in their first home game of league play. Juday scored two on quarterback sneaks, fullback Jack May carried once, as did halfback Tom Swiss.

Northville's next battle was at Milford, where the Mustangs piled up 25 points while holding their opponents to six. Swiss and halfback Dick Bathey each carried for touchdowns, and Juday completed passes to ends Dan Brown and Craig Bell for the other two TD's.

The Mustangs' toughest game of the season came next, when they traveled to West Bloomfield. They won, but the score was 6-0 and it was a real cliff-hanger. Juday made the only score in the game, with a 50-yard punt return.

Northville then traveled to Brighton, where they combined with the weather to spoil a homecoming with a 26-0 score. Juday passed once to Biery and once to Swiss for touchdowns, and dashed 25 yards for a third. Rice picked up the fourth score on a 16-yard run.

The Mustangs came home for parents' night, and wowed the crowd with a 52-0 trampling of Clarkston. Bathey and Juday each scored twice, and Hay, Bill Elwell and Dennis Gilbert each picked up additional points on running plays. Juday also hit Brown for a TD.

Northville's final league game was a 33-0 drubbing of Clarenceville. Hay picked up a fumble and dashed five yards for the Mustangs' first score, and Bathey and Swiss each scored twice on running plays.

The Mustangs ended their season last week with a 49-0 triumph over Howell. For details of this non-league game, see page seven.

Seek Gravel Pits Landfill Permit To Develop Sub

A plan to rehabilitate depleted gravel acreage in Northville township and construct a multi-million dollar community of homes will come before the township appeals board next Tuesday evening.

Date for the hearing was set by the township zoning board after it inspected drawings submitted Tuesday night by the Manning and Locklin Land company for a subdivision development on some 370 acres between Seven and Eight Mile roads where gravel is now mined.

The reclamation idea is generally hailed by township officials — but the manner in which the plan will be accomplished has already aroused strong objections.

At Tuesday night's hearing the appeals board will be asked to issue a permit to operate a landfill in the Manning & Locklin Gravel company pits on Eight Mile road. It will be held at the township hall at 8 p.m.

Specifically, the company proposes to fill the rock-marked area with rubbish from the city of Detroit. Officials of the firm explained that no garbage would be carried into the area and that negotiations are also underway to contract for hauling away clay, broken concrete and destroyed buildings to help expedite the filling project.

Sheldon G. Hayes, president of Cadillac Asphalt company of Detroit and an officer of the land company with Perry Manning and Charles Locklin, stated Tuesday night that some 218 acres can be filled and subdivided into lots within 11 years. He said that 80 per cent of the work would be completed in five to seven years.

Hayes and his attorneys, C. D. Hill and Herman Wochlman, called the landfill idea "the only economically feasible method of reclaiming the land". The landfill proposal has been before the township planners for several months. They have discouraged the idea because until Tuesday night it was not accompanied by a constructive plan for proper development of the site.

And while they now agree that the proposed subdivision — with lakes, recreation site and an offer of a free site for a school — is desirable, they expressed concern over the landfill.

Specifically, they point to proper landfill operation with inspection, compaction, odor controls, etc., and fastest possible completion of the filling

process. They would prefer a minimum of rubbish fill and greater emphasis on broken concrete and other solid building material.

The board also expressed an opinion that by movement of earth the area could be rehabilitated at varying levels — not necessarily raised to a single level.

Hayes said the land company has options on land behind the Manning-Locklin site bringing the total development to 370

acres. He estimated the worth alone after subdivision at between \$4 and \$5 million.

Planners who heard the proposal Tuesday night were Chairman Gunnar Stromberg and B. Putnam and J. R. Gibb. Stromberg, Roy Terrill and John Miller are members of the appeals board.

Tuesday night objections to the dumping proposal voiced by Mr. and Mrs. Howell of 43243 West Eight Mile road, whose home is adjacent to the gravel area.

City, Township Oppose Novi Use of Sewer

Northville city and township officials took a firm stand this week against sale of Wayne county sewer taps to Oakland county — unless!

The "unless" is a \$250,000 provision — the cost of building a line from Northville to Plymouth to dump sewage from Novi directly into the new \$18 million interceptor from Plymouth to Detroit.

Northville's position was made clear by attorneys representing the city and township at a meeting Monday with George Bingham, director of Wayne county's department of public works.

The issue arose when Wayne county offered to sell Oakland county a portion of the allocation in the new facility unclaimed by Wayne county communities within the sewer district.

Novi leaped at the opportunity for sewer service and has pledged itself to participate to the tune of some 2900 taps.

But Northville, already smarting from the fact that it must help finance a new sewer line when it has not yet used its allocation in the present interceptor sewer, is determined that history won't be repeated.

Both Township Supervisor George Clark and Mayor A. M. Allen have agreed that they are not opposed to Novi gaining capacity in the new sewer. But they insist that Northville's line to Plymouth be maintained exclusively for local users.

Township Attorney James Little and City Attorney Philip Ogilvie told DPW Director Bingham this Monday.

County officials claim the Northville-Plymouth line is not near capacity but admit it would not carry the complete allocation for Northville and Novi. (Specifically, Novi is being offered capacity equal to 4 cubic feet per second. The city of Northville has a 3.6 CFS and Northville township 1.6 CFS. The latter has not used any of its capacity to date.)

Northville officials do not agree with the county on the capacity of the present line to Plymouth. They point out that Northville DPW Superintendent Bud Hartner has cited instances when the line has run near capacity now.

Even if this can be attributed to leakage during peak storm periods, Northville officials believe a separate Novi sewer is needed anyway.

"Suppose we should receive a request from an industry to settle in our area just when the present line is near capacity because of additional taps from Novi", Mayor Allen points out. "What could we do? Tell the industry to wait a year until Oakland county builds a new sewer?"

It isn't a matter of a guarantee that Novi (Oakland county) will build the sewer from Northville to Plymouth when needed, Northville officials point out. It's necessary to do so when the sewer to Novi is constructed so that any conflict is avoided.

The present proposal under consideration calls for construction of a sewer from Seven Mile road east of Northville to approximately 9 1/2-mile in Novi. Another meeting with Wayne county DPW officials and Northville's mayor and supervisor has been scheduled for December 2.

New Office Area For Haller, Inc.

Completion of an addition to provide new office facilities for Haller, Inc., in late December will mark the second expansion of the Northville road firm since its opening three years ago.

General Manager M. C. Sarnes said this week that the new 48' x 66' area would contain executive offices, the engineering section and general offices.

In August last year Haller doubled its manufacturing area with a 12,500 square foot addition. Owner John Haller moved his powdered metal parts operation from Plymouth in 1958 when he purchased the former

Waterford plant from Ford Motor company.

Haller, Inc., designed and built many of the presses now used in its production of gears and pumps from powdered metal. The firm pioneered the process of pressing powdered metal into the shape of parts and heating it to fuse the particles of metal together. Haller produces parts for the automotive and appliance industries.

According to General Manager Sarnes the present office area can be adapted to additional manufacturing space if needed.

She's City Clerk

Mrs. William S. (Martha) Milne

The appointment of Mrs. William S. Milne, 537 West Dunlap to succeed Mary Alexander as city clerk of Northville was announced Monday night by City Manager Bruce Potthoff.

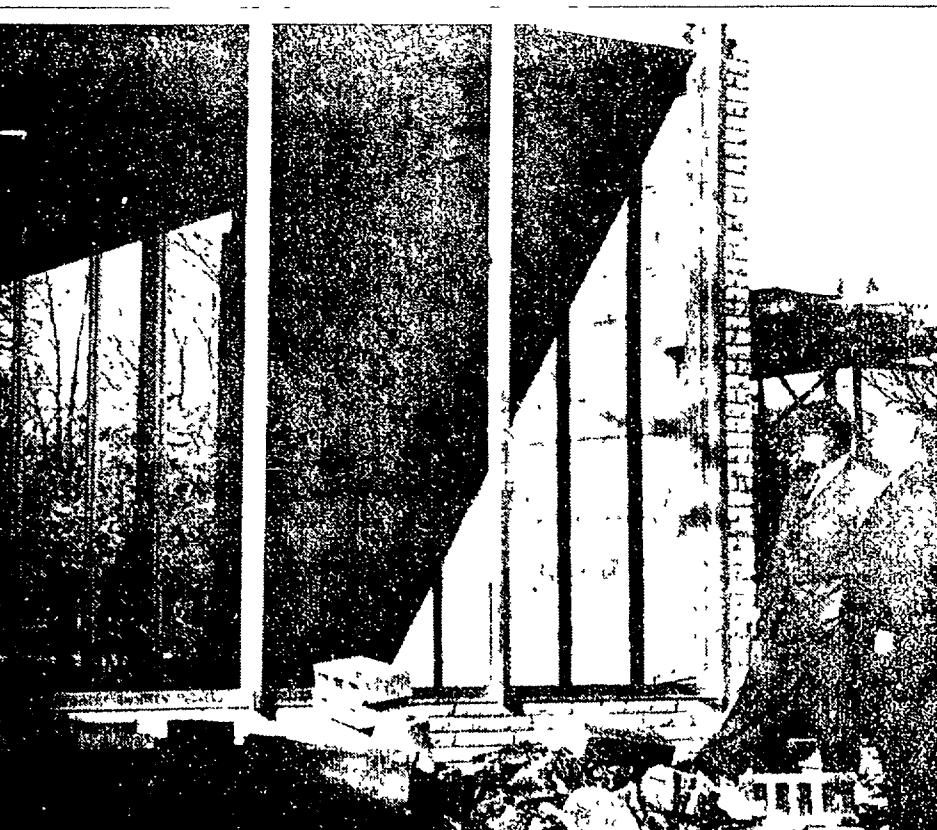

Although Mrs. Alexander does not retire until late December, the new clerk reported for work Wednesday to become acquainted with the duties of the office.

Mrs. Alexander has been clerk for nearly 30 years. The new clerk is well qualified for the office both in experience and community service. She has resided in Northville for 16 years and was employed as a private secretary and stenographer to the Wayne County Agricultural agent for 10 years prior to moving here.

In Northville she has been active in a wide area of community interests. Mrs. Milne is one of the founders of the cooperative nursery school. She is a past president and secretary of the Parent-Teachers association and served as a member of the Northville-Nowi community school study committee. She also worked on the committee for city incorporation.

Presently Mrs. Milne serves as treasurer of the Northville Woman's club and is the Northville representative on the United Community Service board.

Mr. Milne is employed in the graphic arts division of Detroit Edison company. The Milnes have two children, Bill, Jr., 17 and Richard, 14.

Owner John Haller and General Manager M. C. Sarnes inspect the progress of the newest addition to the Northville road Haller, Inc. plant. The new area will contain offices and the engineering section.

Methodists Slate Annual Holly Mart November 30

A gay, pre-Christmas market with shoppers' booths and a holiday decor of green and red will spring up in the fellowship hall of Northville's First Methodist church, Thursday, November 30, when the Woman's Society of Christian Service unveils its fourth annual bazaar.

Appropriately named "The Holly Mart", the bazaar will be an all-church, all-day affair lasting from 10 a.m. until 8 p.m. Sparking overall preparations is Mrs. Wilson Clark, chairman.

From all indications, The Holly Mart promises to be a shoppers' holiday. A bounty of booths, each well stocked with handmade and homemade treasures, will welcome all comers. Booth wares and chairmen include: APRONS, Mrs. Allan Peterson; LINENS AND KNITTING, Mrs. Oscar Hammond, Mrs. Merritt Meaker and Mrs. William Cansfield; CANDY, Mrs. Phelps Hines; THE PANTRY SHELF, Mrs. Merner Euler; DOLLS AND DOLL CLOTHES, Mrs. Richard Jen-

nings; STUFFED TOYS, Mrs. Kenneth Cockin; CHRISTMAS DECORATIONS, Mrs. Floyd Gregory and Mrs. Andrew Ophan.

Other shops are planned by the Men's club and the Wesleyan Service guild. The guild will sell Christmas cards and gift wrappings along with candy and cookies packaged in gift boxes.

An array of rummage articles will be on sale in an "Attic Treasures" booth under the supervision of Mrs. William B. Walker, Jr.

Throughout the day visitors

will be able to snatch a bite to eat at the snack bar which will be staffed by Mrs. Jesse Boyd, chairman, and her staff. Piping hot coffee and breakfast rolls will be morning fare. During the afternoon, weary shoppers can sample home baked cake and hot apple pie with either coffee or tea.

At the noon hour sloppy joes, assorted sandwiches, homemade cabbage salad, cake, pie, coffee, tea and milk will comprise the luncheon menu. The church's Senior Methodist Youth Fellowship will man the snack bar during suppertime. The evening meal, to be served 5:30 to 7 p.m., is still in the planning stages.

All Holly Mart committees have invited the public to visit the bazaar.

Northville branch of the Woman's National Farm and Garden association has scheduled a workshop this coming Monday, November 20, from 10:30 a.m. at the Cambridge drive home of Mrs. Charles Walker.

Members are requested to bring along a sandwich, gloves and wire snippers

It's a Woman's World

'Gardening for Joy It Brings'

Northville branch of the Woman's National Farm and Garden association is recognized as just about the most active, energetic garden club in the state — and the branch has awards to prove it.

This spring, for example, officers from the local branch went to the annual meeting of the Michigan division and came home with no less than four citations — first place honors in education and flower show categories and second place ties in horticulture and marketing.

Most prized of all, however, was the coveted Orchid Award, captured by the Northville branch for the second straight year. This award is the state division's special way of citing a club for its outstanding work.

What makes the local branch tops in the state? Several factors figure in the answer, but two key traits in particular seem to keep the club in its front running position: ambition and optimism. Every project is a new challenge that profits from the undivided energies and attentions of the entire group.

Also significant is the club's refusal to shy away from new endeavors. "We're not afraid to try something new," pointed out Mrs. David Hurd Clark, president.

This is evident in light of a new first which the branch is in the process of organizing. Fifteen other area garden clubs have tapped Northville as the hostess branch for a "Christmas Market" that will be staged in the community center here on December 2.

"This could well be the largest mart of its kind ever held in the state," estimated Mrs. Clark.

Participating branches will contribute their specialties, and demonstrations on how to make Christmas arrangements of all types will be included, said Mrs. Clark. Materials used in making the arrangements will also be on sale.

Other firsts initiated by the Garden Club this year are its

horticultural therapy projects at Northville State hospital and the Wayne County Training school. Last season clubwomen began a similar project at Eastlawn Resthaven. All three, no doubt, will figure highly in balloting by the state division for next year's Orchid Award.

Last spring the club injected a new feature to go with the Silver Tea that benefits the organization's scholarship fund. This was a tour of local gardens which the club hopes to continue.

Celebrating its 25th anniversary this season, the Garden Club has provided college scholarships for local students since 1939. These tuition scholarships are generally continued through a student's four years of study.

Just this week the club voted to contribute to two other scholarship funds. One sends rural homemakers throughout the state to a four-day homemakers' conference held annually at Michigan State university. The other is the Grace E. Frysinger International fellowship which enables National Farm and Garden association women from around the world to meet and share ideas.

Northville branch additionally provides monies to send two of its members and two teachers from the local school system to a conservation school at Higgins lake each summer. And it also sponsors a "grownie troop."

Besides doing things for others, the Garden Club has traditional activities designed for its own members. Since 1938 it has sponsored an annual flower show; every July clubwomen meet for a picnic and plunge; at Christmas there is a potluck luncheon; and in the spring a tri-club luncheon for Northville, Plymouth and Rosedale branches is held.

Since its inception in May of 1936, the club has limited its membership to a number that could meet comfortably in the homes of members. At present

Mrs. David Hurd Clark, W N F & G A

there are 65 active, four honorary, 7 associate and two life members.

Membership candidates — women interested in gardening and flower arranging — are customarily sponsored by a member. Directing the club's activities is a board consisting of officers. Board recommendations are subject to branch vote.

In both its monthly meetings and its special activities, the club is guided by one dominant aim: "Gardening for the Joy It Brings."

How Mom Made Stuffing

Sharing her culinary know-how for the benefit of Record-News readers this week is a woman whose genuine interest in homemaking is reflected by her 30 years as a member of the Wayne County Home Economics extension.

Mrs. John A. Ling lives with her husband and two of their six children at 521 Randolph. Her recipes for bread stuffing and lemon cream pie (with variations) should prove helpful to housewives planning their Thanksgiving Day menus.

That the recipes are tried and true is attested to by the fact that one, bread stuffing, originated with Mrs. Ling's mother, while the other, for lemon pie, goes back to the home-maker's high school home economics days.

BREAD STUFFING

Mrs. John A. Ling (for 6-12 lb. bird)
2 qts large, bread crumbs
1½ cups chopped celery and celery leaves
6 T chopped parsley
4 T chopped onion
1 t. salt
2-3 cup butter, or poultry fat
3 eggs
raw liver from turkey or goose

Melt butter (or fat) in a large skillet. Add celery, parsley and onion; cook a few minutes. Add crumbs with seasoning. Scrape raw liver and add to crumb mixture. Break raw eggs over crumbs and mix lightly, but well. Stuff bird.

LEMON CREAM PIE

1 single baked pie shell
2¼ T corn starch, or 1-3 cup flour
1 cup sugar
1 cup milk
2 egg yolks
2 T butter
3 T lemon juice
grated rind of 1 lemon
1-8 t. salt

Mix cornstarch (or flour) with sugar; add milk and cook in double boiler 20 minutes, stirring frequently. Remove from heat; cool two or three minutes; add butter and well beaten egg yolks.

Return to burner; cook in double boiler 15 minutes or more. Add lemon juice and rind. Cool 5-10 minutes and pour into baked pastry shell.

When filling has stiffened, cover with meringue and brown in moderate oven.

MERINGUE

2 egg whites
¼ cup powdered sugar
½ t. cream of tartar
¼ t. flavoring

Beat egg whites until they are very stiff. Continue beating and gradually add remaining ingredients.

CHOCOLATE CREAM PIE

Omit lemon juice and rind and add 2 squares melted chocolate just before removing pie filling from double boiler.

COCONUT CREAM PIE

Substitute ¼ cup cream for ¼ cup milk. Omit lemon juice and rind; add ¾ cup grated coconut and ½ t. vanilla.

"You Can't Take It With You", the comical, laughter-evoking play that won a Pulitzer Prize for Moss Hart and George S. Kaufman, will be presented tonight and tomorrow night, November 16 and 17, in the Northville high school auditorium. The curtain will go up at 8 p.m. for both performances.

Admission is one dollar for adults and 75 cents for students. Student thespians, under the direction of Miss Florence Panattoni and Miss Pat Dorian, will portray the delightfully amusing members of the Sycamore family and the equally humorous friends that whisk in and out of their hectic homelife.

A different cast will stage the all-school production each night. Characters and those who en-

act them appear below with Thursday night performers listed first.

Penelope Sycamore, Heidi Handorf and Susie Cowie; Elsie, Joan Brevicek and Freda Angel; Rhea, Susan Templeton and Joan Smith; Paul Sycamore, Tom Morrison and Bob Galli; Mr. Depinna, Klaus Borkman and Richard Marshall; Ed, Stuart Schief and Tim Weiss; Donald, Edd Austin; Martin Vanderhof, Frank Steinburger and Phil Simenton; Alice, Chris Muller and Elisa Batzer; Henderson, Bill Milne and Gary Webb; Tony Kirby, Dan Pattison and Jim Riley; Boris Kolonkhov, Chris Gazlay and Manfred Bartelt; Gay Wellington, Kathy Gallagher and Rosemarie Padgen; Mr. Kirby, Dave Lane; Mrs. Kirby, Pam Kaye and Debby Stafford; three men, Chuck

Somers, Tom; Barbara and John Darnell; Olga, Alison Atherton and Carol Jones.

Behind-the-scenes committees and their chairmen include: stage construction, Bill Milne and Grace Brinson; stage dress, Laurie Chabut and Dan Pattison; props, Dennie Bunch and Dana Rowland; make-up, Holly Hines and Peggy Moore; lighting, Jim Riley; costumes, Jean Ann Dixon; tickets, Sue Swank; advertising, Marsha Zoll and Carol Oglesby; programs, Tom Morrison; sound effects, Edd Austin; house manager, Cynthia Zoll; bookholders, Sue Swank, Lynn Spietz and Cathy Utley.

The play is being sponsored by the Forensic club.

Van Haren Exhibit Opening

Recent drawings and paintings by John Van Haren, former Northville high school art teacher, now an assistant professor at Eastern Michigan Uni-

versity, will be exhibited November 19 to December 2 at the AAA gallery, 2805 Grand River, Detroit.

An opening reception will be held from 2 to 6 p.m. on Sunday at the gallery.

The exhibit, Van Haren's first one-man show, will include several drawings and paintings of Northville area scenes.

Methodists Slate Annual Holly Mart November 30

A gay, pre-Christmas market with shoppers' booths and a holiday decor of green and red will spring up in the fellowship hall of Northville's First Methodist church Thursday, November 30, when the Woman's Society of Christian Service unveils its fourth annual bazaar.

Appropriately named "The Holly Mart", the bazaar will be an all-church, all-day affair lasting from 10 a.m. until 8 p.m. Sparking overall preparations is Mrs. Wilson Clark, chairman.

From all indications, The Holly Mart promises to be a shoppers' holiday. A bounty of booths, each well stocked with handmade and homemade treasures, will welcome all comers. Booth wares and chairmen include: APRONS, Mrs. Allan Peterson; LINENS AND KNITTING, Mrs. Oscar Hammond; Mrs. Merritt Meaker and Mrs. William Cansfield; CANDY, Mrs. Phelps Hines; THE PANTRY SHELF, Mrs. Merner Eubler; DOLLS AND DOLL CLOTHES, Mrs. Richard Jen-

ings; STUFFED TOYS, Mrs. Kenneth Cockin; CHRISTMAS DECORATIONS, Mrs. Floyd Gregory and Mrs. Andrew Ophan.

Other shops are planned by the Men's club and the Wesleyan Service guild. The guild will sell Christmas cards and gift wrappings along with candy and cookies packaged in gift boxes.

An array of rummage articles will be on sale in an "Attic Treasures" booth under the supervision of Mrs. William B. Walker, Jr.

Throughout the day visitors will be able to snatch a bite to eat at the snack bar which will be staffed by Mrs. Jesse Boyd, chairman, and her staff. Piping hot coffee and breakfast rolls will be morning fare. During the afternoon, weary shoppers can sample home baked cake and hot apple pie with either coffee or tea.

At the noon hour sloppy joes, assorted sandwiches, homemade cabbage salad, cake, pie, coffee, tea and milk will comprise the luncheon menu. The church's Senior Methodist Youth Fellowship will man the snack bar during suppertime. The evening meal, to be served 5:30 to 7 p.m., is still in the planning stages.

All Holly Mart committees have invited the public to visit the bazaar.

It's a Woman's World 'Gardening for Joy It Brings'

Northville branch of the Woman's National Farm and Garden association is recognized as just about the most active, energetic garden club in the state — and the branch has awards to prove it.

This spring, for example, officers from the local branch went to the annual meeting of the Michigan division and came home with no less than four citations — first place honors in education and flower show categories and second place ties in horticulture and marketing.

Most prized of all, however, was the coveted Orchid Award, captured by the Northville branch for the second straight year. This award is the state division's special way of citing a club for its outstanding work.

What makes the local branch tops in the state? Several factors figure in the answer, but two key traits in particular seem to keep the club in its front running position: ambition and optimism. Every project is a new challenge that profits from the undivided energies and attentions of the entire group.

Also significant is the club's refusal to shy away from new endeavors. "We're not afraid to try something new," pointed out Mrs. David Hurd Clark, president.

This is evident in light of a new first which the branch is in the process of organizing. Fifteen other area garden clubs have tapped Northville as the hostess branch for a "Christmas Market" that will be staged in the community center here on December 2.

"This could well be the largest mart of its kind ever held in the state," estimated Mrs. Clark.

Participating branches will contribute their specialties, and demonstrations on how to make Christmas arrangements of all types will be included, said Mrs. Clark. Materials used in making the arrangements will also be on sale.

Other firsts initiated by the Garden Club this year are its

Mrs. David Hurd Clark, W N F & G A

there are 65 active, four honorary, 7 associate and two life members.

Membership candidates — women interested in gardening and flower arranging — are customarily sponsored by a member. Directing the club's activities is a board consisting of the officers. Board recommendations are subject to branch vote.

In both its monthly meetings and its special activities, the club is guided by one dominant aim: "Gardening for the Joy It Brings".

DAR to Convene

Sarah Ann Cochran chapter, Daughters of the American Revolution, will meet Monday, November 20, at 1 p.m. in Plymouth's Dunning-Hough library.

Mrs. Agnes Pauline, guest speaker, will review Dale Van Every's novel, "Forth to the Wilderness".

NEW IN NORTHVILLE ESTATES — Former Inkster residents Frank and Ruth Whitmyer and their children, Alan, Joan and Jan, are now at home at 46935 Dunsany.

The Frank H. Whitmyers arrived in Northville just in time for their two older children to start school. Alan, 11, a junior high schooler, and his sister, Joan, 8, a student at Main street elementary, have a younger sister, Jan, almost 3.

After living 10 years in Inkster, the family moved into a more spacious house at 46935 Dunsany, Northville Estates, on September 8.

Frank Whitmyer, a University of Michigan graduate, is employed as a design engineer at General Motors Detroit Transmission division. Away from the drawing board, he turns to books for reading and relaxation. Ruth, his wife, gardens and is a past president of the Woman's National Farm and Garden association in Inkster. Two Siamese cats, Sit and Koko, get a lot of attention from all the Whitmyers.

How Mom Made Stuffing

Sharing her culinary know-how for the benefit of Record-News readers this week is a woman whose genuine interest in homemaking is reflected by her 30 years as a member of the Wayne County Home Economics extension.

Mrs. John A. Ling lives with her husband and two of their six children at 521 Randolph. Her recipes for bread stuffing and lemon cream pie (with variations) should prove helpful to housewives planning their Thanksgiving Day menus.

That the recipes are tried and true is attested to by the fact that one, bread stuffing, originated with Mrs. Ling's mother, while the other, for lemon pie, goes back to the homemaker's high school home economics days.

BREAD STUFFING

Mrs. John A. Ling (for 6-12 lb. bird)

2 qts. large, bread crumbs

1½ cups chopped celery and celery leaves

6 T chopped parsley

4 T chopped onion

1 t. salt

2-3 cup butter, or poultry fat

3 eggs

raw liver from turkey or goose

Melt butter (or fat) in a large skillet. Add celery, parsley and onion; cook a few minutes. Add crumbs with seasoning. Scrape raw liver and add to crumb mixture. Break raw eggs over crumbs and mix lightly, but well. Stuff bird.

LEMON CREAM PIE

1 single baked pie shell

2½ T corn starch, or 13 cup flour

1 cup sugar

1 cup milk

2 egg yolks

2 T butter

3 T lemon juice

grated rind of 1 lemon

1-8 t. salt

Mix cornstarch (or flour) with sugar; add milk and cook in double boiler 20 minutes, stirring frequently. Remove from heat; cool two or three minutes; add butter and well beaten egg yolks.

Return to burner; cook in double boiler 15 minutes or more. Add lemon juice and rind. Cool 5-10 minutes and pour into baked pastry shell.

When filling has stiffened, cover with meringue and brown in moderate oven.

MERINGUE

2 egg whites

¼ cup powdered sugar

½ t. cream of tartar

¼ t. flavoring

Beat egg whites until they are very stiff. Continue beating and gradually add remaining ingredients.

CHOCOLATE CREAM PIE

Omit lemon juice and rind and add 2 squares melted chocolate just before removing pie filling from double boiler.

COCONUT CREAM PIE

Substitute ¼ cup cream for ¼ cup milk. Omit lemon juice and rind, add ¼ cup grated coconut and ½ t. vanilla.

New Officers Take Oaths At 71st OES Installation

Orient Chapter 77, Order of the Eastern Star, held its seventy-first installation ceremony Friday, November 3, at Northville Masonic Temple.

Accepting their offices as worthy matron and worthy patron were Juanita Smith and J. Earl Smith. Retiring matron was Marion Sterling, retiring patron was Lawrence Miller. Betty DeKay, past matron, acted as mistress of ceremonies. Rainbow Girls Judy Green and Rita Bradford presented a candlelight ceremony that preceded a Bible ceremony by the past matrons.

Officiating at the installation were Doris Atwood; Leon Boldt, past patron; chaplain Violet Bradford, past matron, Marshall Kerry Pattison, past matron; organist Ruby Wren, past matron; soloist Ray Van Valkenburg, past patron; and Gladys Cologan, Bible degree.

Other new officers included: Marion Green, associate matron; Donald Green, associate patron; Virginia Dunsford, secretary; Martha Hawes, treasurer; Muriel Wilson, conductress; Mildred Pello, associate conductress; Lillian Cutright, chaplain; Marjorie Wainwright, marshal; Betty Willing, organist; Elsie Shields, Adah.

Also: Edna Tremor, Ruth; Adeline Borkowski, Esther; Elsie Carey, Martha; Frances Tewksbury, Electa; Frances Pamuliner, warder; Herbert Pamuliner, sentinel. As auxiliary officers: Leon Boldt, past patron; Arlie Thomas; Charles Wilson; Ray Van Valkenburg; Bessie Goodale; Matthew Borling; Orpha Moshimer; and Beatrice Boldt, past matron. On the Bible degree: Marjorie Wainwright, Orpha Moshimer, Irene Tiffin, Edna Francis, Arlie Thomas, Bertha Tiffin, and Meta Schroder. Mabel Stensen took care of flower arrangements.

DEADLINE — NOON TUESDAY

1—Card of Thanks

Our sincere thanks to Rev. Brasure, Casterline's Funeral Home, neighbors, and many friends who extended comforting sympathy and help in our recent sorrow.

The Family of
Mrs. Leota McCormick

We wish to express our thanks and appreciation to all our friends and neighbors and especially to the Salem Federal church and the First Baptist church, of Northville, for their kindness at the time of our bereavement. We also wish to thank Pastor Chipchase for his comforting words and the Casterline Funeral Home.

Mrs. Oscar L. Graham and Family
I wish to thank all those who remembered me with cards, flowers and visits during my stay in the hospital.

Mrs. Guy Fisher

READERS SPEAK:

Council Audience Missing

To the People of Northville:

After such a huge crowd at the public hearing, October 30, we all should be ashamed of the turn-about uninterest shown Monday evening at a regular council meeting.

There it was only an ordinary "run of the mill" meeting, and no dollar bills, being snatched out of our pocket-books. But what a discouraging sight to the city officials.

They are used to this common non-attendance by the public, yet, what a grateful mayor or council we would have if some people would spare an occasional evening by coming to a council meeting. These people

devote countless hours of their personal time to solve the endless problems of running a city. They don't expect the public to be in accord on every motion, but having a few people listen to the pros and cons, and give their personal suggestions would save many hours on each issue. This would enable them to accomplish much more in furthering the growth of our city. Americans take this great privilege too much for granted.

Think how thrilled the Russian people would be if they were given this opportunity — Can't we have more than two people at the next meeting?

An interested Northville Citizen

Mustangs Beat Highlanders to End Season

Northville's Mustangs gained 478 yards, scored seven touchdowns and made seven extra points to shut-out the Howell Highlanders 49-0 and end a perfect football season last Friday night.

The non-league win added a little glitter to the Wayne-Oak-

FIGHTING HIS WAY through a group of would-be tacklers is Mustang fullback Ron Rice, who is touchdown-bound near the end of the first quarter. Rice also ran across the Howell goal line in the final quarter, but a penalty nullified his fine effort.

land league crown the Mustangs had recaptured earlier in the season by taking all seven of their league battles. They also trounced the Plymouth Rocks in the season opener to begin their lossless season. (For a complete round up of the season, see story on Page 1.)

The Mustangs started their assault on the Highlanders early in the game when co-captain Jerry Biddle recovered a Howell fumble near mid-field. Several plays later, Northville had reached the Howell 17, but two holding penalties pushed them back to mid-field.

They fought back to the 30 but a pass play which had previously given the Mustangs several TD's lost them the ball. The play involves a short pass from quarterback Steve Juday to end Dan Brown and a lateral from Brown to halfback Tom Swiss, and had been most successful during earlier games. But Swiss bobbled the lateral and Howell recovered.

Four plays later Howell fumbled on their own 39, and the Mustangs once more took possession of the ball. Swiss carried for 12 yards, Juday passed to halfback Dick Bathey on the 16, fullback Joe Hay dove to the 10, and Bathey dashed into the endzone for Northville's first score.

Juday intercepted Highlander quarterback Jon Roberts' pass on the third play after Northville's kickoff, and dashed 34 yards to the 11 yard line. Swiss picked up four yards, and fullback Ron Rice dove over left tackle for the Mustangs' second TD. The quarter ended after Northville's kick-off.

First-Timer Youngsters Capture Contest Prizes

Last week was the week of first-timers as far as our football contest is considered. Both winners were youngsters who had entered for the first time.

First prize went to 11-year-old George D'Haend, of 46150 West Seven Mile road. He took home \$15 as well as our \$10 bonus because he had a receipt for having a window repaired at Stone's last week.

George, a sixth grader at Main Street school, played a little football this year and has played baseball in the little league for the past two summers. His mother said this was

his first entry, and added that she imagined he probably guessed most of his choices, since she thought he hadn't followed the college teams too closely.

Five-year-old Jerry Peterson, of 19665 Meadowbrook road, had his name on the second-place entry, but his mother informs us that the kindergartener had the entry submitted by his 12-year-old brother Tom. She added that the pair will probably split the prize money.

Tom, a seventh grader at Main Street school, likes sports and plays them in the neighborhood. He also played sum-

mer baseball with the little league. This was the first time he had entered the contest.

Both boys missed four games, but George was closer on the final score of the Lions-Cardinals game last Sunday.

You will have only two more chances, this week and next week, to become a prize-winner in our annual contest, so hurry and get your entry in before the 5:30 p.m. Friday, closing time. And don't forget to do business with our sponsoring advertisers ... a receipt dated the week of the contest from one of them means a \$10 bonus for the first prize winner.

PROUDLY HOLDING the Wayne-Oakland League circulating trophy, which his team retired this year, is Northville high center Jack Dowd. Coach Ron Horwath (right) and Athletic Director Al Jones look on as Jack and teammates (l-r) Joe Hay, Jerry Biddle and Steve Juday admire the trophy. The boys were selected last week by league officials as members of the all-league team.

League Picks Top Players

Northville high school football players have captured three offensive and four defensive positions on the Wayne Oakland league's all-league team.

The league board of directors, meeting last week, picked Steve Juday as defensive safety and offensive quarterback, Jack Dowd as defensive guard and offensive center, and Jerry Biddle as a tackle on both teams. Joe Hay was chosen as a line backer on the defensive team.

Other league players who made the offensive team were Roger Stewart, backfield, and Bill Calhoun, tackle, both of Bloomfield Hills; Jim Ferguson, backfield, Dave Helmreich, end and Bob Mannor, guard, all of West Bloomfield; Jim Ray, backfield, of Holly; Don Miller, end, and Dick DeBose, guard, both of Clarkston.

The defensive team also includes Brighton halfback Randy Marx; West Bloomfield halfback Gary Carpenter, end and Dave Helmreich and center Ken Victor; Clarenceville linebacker Ron Ridling; Bloomfield Hills linebacker Tom Pinney; and Clarkston end Don Miller.

FOUR YEARS as a regular on the Hope college football team ended last Saturday for Richard Buckley, a 1958 Northville high school graduate and former Mustang linemen. Buckley has been hailed as a "crowd pleaser" at Hope and one of the team's most popular players. A linebacker and guard on defense, Buckley plays guard and centers the ball on punts and points after touchdown on offense. Hope had a losing season this year but the '58 and '59 squads racked up 8-1 seasons, best in Hope history. Buckley is majoring in business administration.

day then followed Dowd guard for a 42-yard gain, and a series of shorter yardage-gaining plays had brought the Mustangs to the three.

The next Northville TD came late in the third quarter with an 18-yard pass from Juday to Bathey, who caught the ball on the three yard-line and stepped into the endzone. The Mustangs had reached the 18 on a 49-yard run by Hay.

Juday again went across the Howell goal line on a sneak near the start of the second half but this time it was for three yards. End Jay Sugrue had received Howell's kickoff on his own 20 and returned it to the 27. Swiss then went over right

guard for a 42-yard gain, and a series of shorter yardage-gaining plays had brought the Mustangs to the three.

The final quarter began just after the Northville kick-off. Two 15-yard penalties against the Mustangs enabled Howell to reach midfield, where they were forced to punt.

Four passes and several runs later, Juday took the ball on the one yard line and passed into the endzone. The pass, intended for Sugrue's hands, was nearly intercepted by Highlander quarterback Jim Simmons, but he bobbled the ball, and Sugrue was able to secure it before it hit the ground.

Three minutes later Rice carried for seven yards into the endzone, but an off-sides penalty nullified the score. Then, with only seconds before the

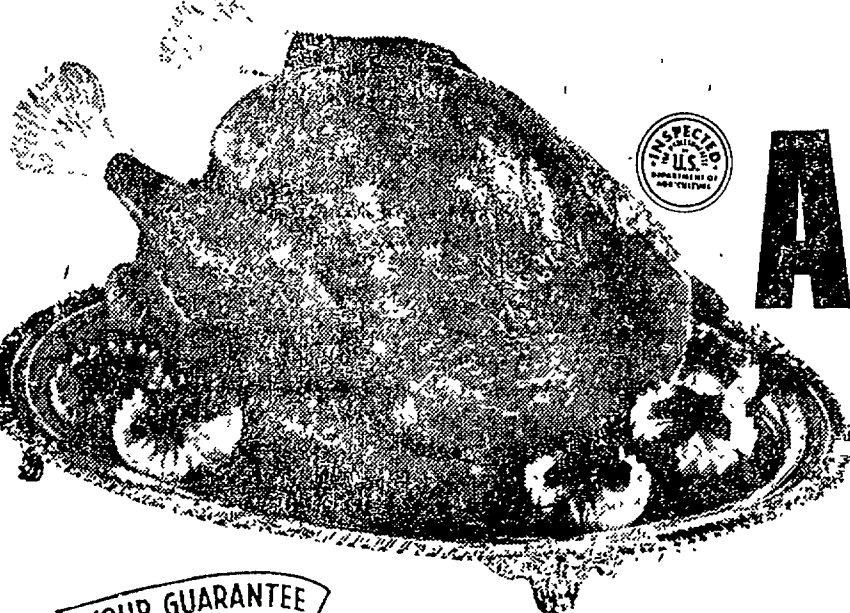

end of the game, Juday took over halfback position, received a pitchout from quarterback Tom Slattery and dashed 16 yards for the final Northville touchdown.

Jack Dowd, a 270-pound Mustang center, took over fullback position and went through the middle of the line for the extra point. The game had ended at

the TD, so there was no further play following the extra point play.

The Mustangs picked up 270 yards rushing and 208 yards passing, and had 100 yards in penalties assessed against them. Howell gained only 82 yards on the ground, and completed two passes for a total of 23 yards. They lost 40 yards on penalties.

HIGH SCHOOL PLAYERS were running through that last rush of rehearsals this week in preparation for two performances of the Pulitzer prize-winning comedy, "You Can't Take It With You", which will be presented in the Northville high school auditorium (Thursday) and tomorrow night at 8. Cast members rehearsing for Friday's show are: Phil Simenton, Joan Smith, Bob Galli, Jim Riley, Elisa Batzer and Susie Cowie. See story, page three.

J-Hop Goes Hawaiian

Northville high school juniors will recreate the romantic Polynesian paradise of Hawaii for their annual J-Hop which will be held, according to tradition, on the Friday following Thanksgiving, November 24.

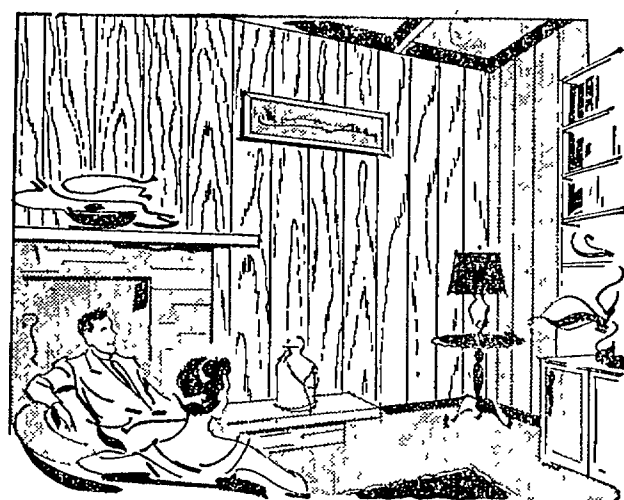

Themed "Hale Kahi", the dance will be held in the community building from 9-12 p.m. Tickets are \$3 per couple and may be purchased at the door. Bob Durant and his orchestra will furnish the music.

Members of the Class of 1963 invite the entire community to join them for an evening of dancing.

Roy McLean, of 24569 Orange Lawn road in Redford township, swerved to miss a dog on Eight Mile road, between Napier and Beck roads, and this upturned car was the result. Northville Mayor A. M. Allen, a witness to the accident, said McLean lost control in the gravel on the shoulder of the road, zig-zagged about 100 feet, rolled over several times and landed upside down in the middle of the road, about 30 feet from where Allen had stopped his car in order to avoid a crash. Allen took Mrs. McLean and her two daughters to the office of Dr. L. H. Dyer who said he treated the entire family for various scrapes and bruises. The younger daughter also suffered a broken finger he said. The accident occurred Sunday afternoon.

Obituary

NELLIE B. JOHNSON

Former Northville resident Nellie B. Johnson, 63, died Sunday, November 12, at University of Michigan hospital in Ann Arbor. She had been in ill health the past five years. Funeral services were held yesterday (Wednesday) from Casterline Funeral home with the Reverend Lloyd Brasure, First Presbyterian church, officiating. Interment was at Riverside cemetery in Plymouth. Mrs. Johnson lived in Northville 9 years before moving to Plymouth where she resided at 355 Holbrook avenue. Surviving are two daughters, Mrs. Howard Simonds, Plymouth, and Mrs. Karl Wise, Anaheim, California; two sons, Raymond and Wilbur, Plymouth; two brothers, Lynn and Norman Schnarrs, Clearfield, Pennsylvania; two sisters, Mrs. Daisy Colgrove, Hazel Park, and Mrs. Pearl Goldie, Brown City; and 13 grandchildren. Mrs. Johnson was preceded in death by a son, Donald. The daughter of Martin and Mary Schnarrs, Mrs. Johnson was born August 26, 1898 in Clearfield county, Pennsylvania.

NEWLY ELECTED MEMBERS of Northville high school's chapter of the National Honor Society are, left to right, front row: Taddy Johnstone, Carol Budek, Rose Kaminski, Elita Ruttan and Diane Brasure. Back row: Janice Williams, Carol Leavenworth, Phil Simenton, Heidi Handorf and Jeff Crawford. To become a member, students must earn "B" averages and receive top ratings on citizenship, service and leadership. Only 15 percent of the senior class, 10 percent of the junior class and five percent of the sophomore class are eligible for the honor.

Local Jaycees Host Quartet

The Northville Junior Chamber of Commerce paid tribute to four local citizens last Thursday evening at a dinner meeting held at the Mayflower hotel in Plymouth.

Special "honorary memberships" were awarded George Miller, Jr., Mike Nash, William Slinger and John Wortman in appreciation of their contributions to the Jaycee organization.

Certificates were presented by President Walter Ribant, Jr. During the meeting representatives of the Walled Lake Jaycees, surprised the local Jaycees, with the presentation of a birthday cake in honor of Northville's first year. Walled Lake sponsored the local Jaycee organization.

Dr. Mudd Replies

Jealousy won't Wed-away

Dear Dr. Mudd:

I have been going steady with a boy for about two years. I think I love him but I get upset because he gets so jealous.

I used to kinda like it, but now it's getting so bad I can't go anywhere without his accusing me of sneaking around with some fellow behind his back.

When we are at parties, he says I dance too close with other fellows, and says if I really loved him, I wouldn't want to dance with anyone else but him. I think he needs help, but he says I'm crazy to think so and that the only reason he is jealous is because he loves me so much.

He wants me to marry him and I think I love him, but I don't know how I can stand his always checking up on me.

Jealous people are immature and unfortunately, little disposed to see anything odd or unusual about their attitude. A sick man, to be cured, must first recognize that he needs help and those who are ill of jealousy seldom recognize illness in themselves.

I can't advise you as to whether or not to marry this young man, but I can tell you that despite all, he will not change except for brief periods, his basic suspicious and untrusting attitude toward you.

It is not, of course, his fault, but that should not blind you to facing the facts beforehand. If his jealousy annoys you now, how will you feel about it ten, twenty, or thirty years hence?

Sander Mudd, M.D.

Written by a psychiatrist of

Dear C.F.:

Jealousy is a disease which unfortunately is chronic, relatively intractable, and the cause of the greatest unhappiness for all concerned. It should not, however, be confused with love, which it often declares itself to be.

Cadillac

What a difference a year makes!

If anyone had told him, a short while ago, that his 1961 Cadillac could be improved on—he would have regarded them with disbelief.

And yet, after only half an hour in the newest "car of cars", he knows that a year of Cadillac progress has made a world of difference.

In fact, the list of Cadillac advancements for 1962 embraces each of the great motoring virtues. For added beauty, there is a lower, longer silhouette . . . greater simplicity and dignity of line . . . and new interior elegance and luxury.

For improved comfort, there is increased spaciousness . . . new convenience of appointments . . . and a ride that is unbelievably quiet and smooth.

For finer performance, there is greater power . . .

more responsive handling . . . and a degree of all-around road ableness that is new even to Cadillac.

For increased safety, there is a new dual braking system . . . a new three-phase rear warning light system . . . and new cornering lights that illuminate your way around turns.

And we would like to say that even Cadillac quality has been enhanced for 1962. But the truth is simply that the car continues to be built to the highest standards that can be brought to the production of an automobile.

Stop by your dealer's showroom soon, won't you? He'll be happy to demonstrate to you what a difference a year can make—when the year is this one and the car is Cadillac.

The availability here and now
of the healing power of the
Christ, Truth, will be stressed
at Christian Science church ser-
vices this Sunday.

Luke's account of the healing
by Christ Jesus of the "woman
which had a spirit of infirmity
eighteen years, and was bowed
together, and could in no wise
lift up herself" is included in
the Scriptural readings "Soul
and Body" is the subject of the
Lesson-Sermon.

From "Science and Health
with Key to the Scriptures" by
Mary Baker Eddy this passage
will be read: "God will heal the
sick through man, whenever
man is governed by God. Truth
casts out error now as surely
as it did nineteen centuries
ago. All of Truth is not under-
stood, hence its healing power
is not fully demonstrated" (p.
495).

The Golden Text is from
Psalm 90: "Lord, thou hast
been our dwelling place in all
generations... Let thy work
appear unto thy servants, and
thy glory unto their children."

By The Reverend Paul M. Cargo,
First Methodist Church of Northville

Spirit of God, Descend

There is one power which
we are not often calling
upon today, the power of the
Holy Spirit. The great mov-
ing force that can move the
world in the direction it
should go is the Spirit of God
in the soul of man.

The atom may be the se-
cret to the power of the
physical universe, but the
spirit is the secret to the
power of the spiritual. The
spiritual is basic to the phys-
ical. "In the beginning God."
We are finding out that the
struggle with communism has
many dimensions, and that
one of them is in the
realm of the spirit. If the
Western world doesn't have
a dynamic democracy that
can grow and bear fruit in
many lands bringing order,
hope, and human dignity to
people, then the spiritual bat-
tle will be lost and other

means of warfare will be
for nought. As Frank Lau-
bach says, this is a time to
wake up or blow up!

Christians need to be more
Christian than ever before.
Fence sitters can feel the
fence quivering and must get
off their neutral positions to
declare themselves part of
the failure or part of the
answer. "Not by might nor
by power, but by my Spirit,"
saith the Lord.

The Spirit works in as
powerful a way as this true
story indicates. Engineers
were building a bridge across
the Hudson river and they
discovered that an old barge,
sunk in the mud of the river,
obstructed their progress.
The mud held it fast, defy-
ing all efforts to move its
prisoner. Finally a young
engineering student offered
to help them move it, and,
in desperation, the engineers

agreed to try his plan. The
young student ordered another
barge to be brought and
fastened to the sunken one
while the tide was out and
the water was low. Placing
the floating barge directly
overhead giant steel cables
were fastened and snugged
tight.

Then came a period of
waiting. Shortly the tide be-
gan to turn. The waters of
the great Atlantic swept up
the Hudson river. The float-
ing barge began to rise. As
it rose it lifted the sunken
barge until finally the old
barge was completely free
of the muddy river bottom.
One young man had harness-
ed the power of the tides
and lifted the sunken barge
when "others had well nigh
given up."

The Spirit, like the tide, is
a great power. It has a lift-
ing force for personal living
and for our sick world.

DISCOVERY

Maybe it seems odd to think that anyone has to "dis-
cover" the Bible. Yet stop and think how few of us really
know this Book of books.

Time was when families read the Bible together, and
most youngsters could quote their Scriptures. Biblical allu-
sions were commonplace and understood by one and all.

Then somehow, over the years, a lot of people forgot

about the Bible. Or they reserved it exclusively for Sunday
in church

Now, there is a great and blessed resurgence of Bible
reading in our land—thanks to the great work of the Ameri-
can Bible Society. Youngsters like these are learning new
truths for themselves. They are putting God's word not just
into Sunday, but into every day.

THE WORD FOR THE WORLD

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for
the building of character and good citizenship.
It is a storehouse of spiritual values. Without a
strong Church, neither democracy nor civilization
can survive. There are four sound reasons why
every person should attend services regularly and
support the Church. They are: (1) For his
own sake. (2) For his children's sake. (3) For
the sake of his community and nation. (4) For
the sake of the Church itself, which needs his
moral and material support. Plan to go to
church regularly and read your Bible daily.

SPEAKING for the Record

by Bill Sliger

It's been brought to our attention on several occasions — Fourth of July parades, Memorial Day services, football games — that many citizens are unsure of how to properly pay respect to the American flag.

Mrs. Allen J. Buckley and Mrs. Frank Martin noticed this, too, and decided to do something about it.

They ordered some 400 copies of "The Flag Code" booklet through the National Society of the Daughters of the American Revolution. And so that our children might learn the rules and customs pertaining to the display and use of the flag the copies are being distributed in our schools.

For the benefit of our readers we're reprinting three articles dealing strictly with rules of conduct by citizens during flag ceremonies:

— Sec. 5. That during the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention, and salute. Those present in uniform should render the military salute. When not in uniform, men should remove the headress with the right hand holding it at the left shoulder, the hand being over the heart. Men without hats should salute in the same manner. Women should stand at attention. Women should salute by placing the right hand over the heart. The salute to the flag in the moving column should be rendered at the moment the flag passes.

— Sec. 6. That when the national anthem is played and the flag is not displayed, all present should stand and face toward the music. Those in uniform should salute at the first note of the anthem, retaining this position until the last note. All others should stand at attention, men removing the headress. When the flag is displayed, all present should face the flag and salute.

— Sec. 7. That the pledge of allegiance to the flag, "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all", be rendered by standing with the right hand over the heart. However, civilians will always show full respect to the flag when the pledge is given by merely standing at attention, men removing the headress. Persons in uniform shall render the military salute.

No Nuclear War

Babson Park, Mass., At the present time most Americans seem to believe that there will be a nuclear war and that Russian missiles may fall on some United States city and absolutely destroy it.

To the contrary, I am for the first time sure there will be no such war. I suppose one reason why the people are now taking this so seriously is because their brothers and neighbors are being called into the service and are being transported to Berlin. Every magazine has pictures of our soldiers in Berlin.

Naturally, those with relatives over there study these pictures. Well, here are two main reasons why we should not now expect such a World War III.

We have already made great progress on "Nike-Zeus" missiles to intercept and destroy airplanes coming toward us. The fastest bombers go only from 1,000 to 2,000 miles an hour, hence it is fairly easy to prepare a missile that will catch and destroy them. Moreover, our country is surrounded by a bank of radar installations. These are supposed to find any Russian planes flying through the radar banks and give our country at least twenty minutes notice of what to expect.

The principle is that a "Nike-Zeus" would throw a beam into the air, and when it intercepts an incoming enemy plane it would explode it. The "Nike-Zeus" would not need to hit the incoming enemy airplane, the explosion would be enough to make its bomb useless. It would all happen within a few minutes.

The above "Nike-Zeus" may be able to protect us from Russia's fastest bombers, but success has not yet been achieved by any nation to intercept and destroy intercontinental ballistic missiles (ICBMs). They go too rapidly.

Russia will not fire these ICBM missiles until she has a stock of practical sure-hit anti-missile missiles. Nations may talk about going to the moon or orbiting the earth, but they are working day and night to make an anti-missile missile.

The purpose of the present testing by Russia is to make an anti-missile missile. It would be impossible to make these tests underground. The big atomic and hydrogen bombs Khrushchev talks about are only a bluff to take our minds off of what he is really doing.

Of course, these anti-missile missiles are very expensive. We are supposed to be carrying on our tests in the Pacific Ocean, under the Nike-Hercules defense system. The best of defense and defense which the Russians would now have would be to send up a number of decoys, since we would be unable thus far to tell one from the real missile, which could be launched from Poland.

Russia does not want the United States in ruins; she wishes to capture us as a "going concern." This is to get the benefit not only of our factories but also of our climate and geography. Although Russia is double the area of the United States, yet she has much less land suitable for crops.

A very large portion of Russia is too cold, too dry, and too salty for agriculture. At most all of the Soviet Union is farther north than the Canadian-U.S. border. Russia has no "Florida." Even Yalta is as far north as Minnesota. All this means that Russia has shorter growing seasons.

Whether the forced organization into big cooperatives has more than offset the lack of incentive of the independent farmer I do not know. When I was in Russia I was told that in addition to being a part of a big cooperative each farmer is given a little patch for a personal garden.

This is another reason why I do not now fear that the Russians will drop any nuclear bomb on the United States.

Chevy offers sure-saving power for every truck job with a total of 10 High Torque, light-fused engines for '62. Rugged new Chevy-GM Diesels. A new High Torque 409 V8. And a new choice of six-cylinder savings in light-duty models.

How to Get License Refund

Speed reading with comprehension has been highly touted in the U.S. in recent months, especially since President Kennedy's reading and understanding abilities were made known.

The experts report anyone can increase his reading speed while maintaining his current level of understanding.

Michigan residents presumably could improve their reading ability the same as others, but incidents reported to Secretary of State James M. Hare indicate "many persons need work on their comprehension rather than speed."

Here's most recent problem with the public's reading habits came in an area which has plagued him for more than two years: reflectorized license plates.

"All communications media gave us excellent coverage on the procedure for returning the 35 cent fees collected for the reflectorized plates," Hare said.

Yet it appears that a large percentage of Michigan license plate purchasers still do not know that they must get their "credit card" from Lansing.

An estimated three million people paid the 35 cent fee for the plates approved by the 1959 Legislature. The law was never implemented with appropriations for equipment, however, and it was repealed this year.

Refunds credited against the purchase of 1962 license plates must be approved in Hare's Lansing office from "master files."

Michigan week, a promotion which began nine years ago to encourage state residents to recognize the resources available to them at home, has come a long way.

In recent years the seven-day observance has been used to convince non-residents of the many advantages Michigan has to offer industries, tourists, convention-goers and every other classification of business and individual.

Plans for the 1962 Michigan Week, scheduled May 20-26, got under way almost before the current year's promotion was finished.

Edwin O. George, Detroit, was named general chairman. He appointed 16 regional chairmen several weeks ago and most county chairmen have now been named.

The 1961 promotion also brought a new angle. The Prime Minister of Ontario and several members of his cabinet, comparable to Michigan's major agency heads, were shown the "Water Wonderland" and a sampling of her people to emphasize the need for continued good will between the two governmental units.

Michigan Week officials indicated they hoped to invite officials of other states during the promotion each year.

Thus the promotion first designed to make Michigan residents appreciate their surroundings becomes "more and more an effort to get outsiders to see us as we see ourselves."

Public officials take an oath throughout the nation to uphold their respective state constitutions and the basic document of the United States, which guarantees the rights of individual citizens.

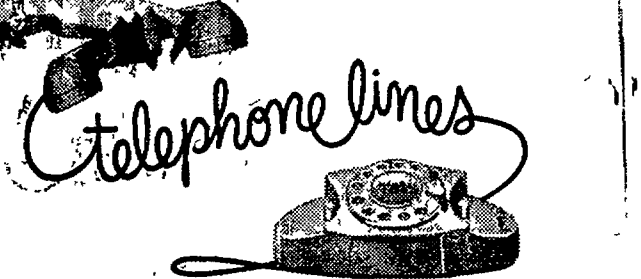

State Highway Commissioner John C. Mackie recently reminded his colleagues in the roadbuilding field of one way they could further fulfill this obligation: by making roads safer and more pleasant on which to drive.

Mackie urged the nation's highway officials to keep in mind their "responsibility" to preserve natural beauty as much as possible when building new roads.

"If we can add the subtle but pervading note of beauty to our highways, we will have given the motorist a bonus in his ease and pleasure of travel," Mackie said.

NORTHVILLE

By HUGH C. BRONAUH, Manager

WHEN STORMS, fires or floods strike, people depend on the telephone to carry urgent—often life-saving—messages. At most Michigan Bell central offices we keep "stand-by" generators or storage batteries that can be used at a moment's notice to supply power needed to maintain phone service until the emergency is over. This extra "dependability insurance" is a good example of the way your telephone company plans ahead so you'll always have phone service when you need it.

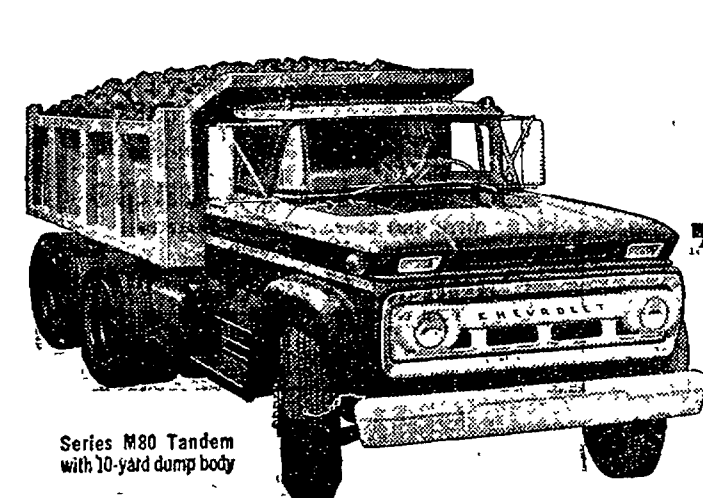

NOT ALL our customers get their telephone bills at the same time of the month. Some of them have asked us why. Here's the answer: issuing bills throughout the month spreads the work load, keeping our employees who prepare bills busy during the whole month. This makes most efficient use of billing equipment and also spreads the work load more evenly at bill payment offices. You're served more promptly than you'd be if every bill came due on the same day.

ONE OF THE ways the Telephone Company keeps the cost of your phone service low is by figuring how many calls will be made at any given time. The volume of calls varies with the time of day, the day of the week, the weather and the season. Our studies tell us how many people we need to meet each day's expected work load. Thus there's no wasted manpower that would add to the cost of your service. When emergencies such as storms increase calls, we can quickly bring in extra people. That's why your telephone is always ready to serve you, 24 hours a day.

Noble Grand, Celia Sharpe, entertained twenty Past Noble Grands with luncheon and entertainment last Thursday evening.

Next Monday, November 28 the Rebekahs will have a visitation at Clyde.

Explorer Scouts Post No. 119
At their meeting last Thursday the Explorers were presented with an American flag by Commander King of the Walled Lake V.F.W.

The new members are James Newton, Ricky White and Tim Krug.

A movie was donated by the Ford Motor company. Refreshments served were cakes donated by the boys in the post.

Boy Scout Troop No. 54
The troop met at the camp area at Haggerty and 12 Mile road Saturday morning. They spent 4 hours cleaning, painting and scrubbing out the cabin in preparation for winter camping. Mr. Brooker supervised the work and was assisted by Mr. Crawford, Mr. Bogglin, Mr. Tymensky and 14 boys.

Novi Girl Scouts
Brownie Troop No. 492 will resume meetings this week at Novi school. This troop of 5th grade girls will fly-up shortly into Girl Scouting. The leaders are Mrs. Clara Willacker and Mrs. Daphne Hanson and there is room in this troop for additional girls who wish to join.

Intermediate Troop No. 149 will be combined with Intermediate Troop No. 902, formerly Mrs. Hanna's troop. This troop will be led by Mrs. John Mc Bride and Mrs. Totter and will meet on Wednesday, November 22 at Orchard Hills school. Girls now attending troop No. 149 who are not able to meet at O. H. school should contact the neighborhood chairman for placement into another troop.

Intermediate Troop No. 1023 held their meeting as usual in Novi School. Mrs. Trotter assisted the leader, Allison Lyke brought treats. The patrols worked on badges and played games. This troop's meetings start after Novi school is out and girls attending O.H. school must be at the troop meetings on time. There is no longer a shuttle bus and the last bus is too late to come into the meeting. Questions on the subject will be answered by leader Mrs. Ratliffe or neighborhood chairman Mrs. Skellenger.

Intermediate Troop No. 456 girls are making plans for Christmas activities and are going to work on their swimming badges. They will attend swimming classes in Plymouth.

Brownie Troop No. 550 was led by Mrs. Spisak in the ab-

sence of leader, Mrs. Kriedeman. Mrs. Lewis was the assistant. They went out side and gathered weeds for the center pieces they plan to make this week.

Brownie Troop No. 1027 said their promise to open their meeting and sang "White Choral Bells" and "Going to Leave Ole Texas". Treats were furnished by Ellen Lyke. Elections were held, president, Irene Long; vice president, Janice Harbin; secretary, Jackie Wallace and treasurer, Kristine Killean. They carved soap for their activity and closed with tunnel closing.

Neighborhood meeting of adult Girl Scouts will be held Thursday, November 16 at the community building from 9:30-11:30. Hostess will be Intermediate Troop No. 1023. Plans will be made for troop Christmas activities, also regional conference reports from Mrs. Mac Gillivray, Mrs. Skellenger and Mrs. Loynes will be heard. The film "Mile Hi Mile Wide" will be shown.

St. Williams Bazaar committee reports an approximate profit of \$3,000 at their bazaar, which was held Friday and Saturday, October 10 and 11.

The Wixom planning committee will hold their regular monthly meeting on Tuesday evening, November 21 at 7:30 p.m.

LET'S TALK CARS...

Who Sets Used
Car Prices?

Many motorists, about to trade in their used cars, wince when the salesman quotes them in allowance figure. They fail to realize he is only quoting, not setting, the market price.

Starting out to estimate a trade-in deal, most dealers use one of the popular price guides for a general indication of wholesale or retail prices. These are figures obtained from auctions and sales reports across the country and represent an approximate average of values.

They are never a substitute for the specific valuation a dealer puts on a car from his day-to-day knowledge of what it will bring on his own lot.

Isn't it plainly evident, then, that the real used car price setter is the cautious used car shopper who looks long and hard before he lays out his hard earned money? What he is prepared to pay for a particular model in a given condition is that car's true market value.

Excepting a really top condition used car sold by a dealer with a reputation for quality, this true market price is a standard and uniform figure, common to all dealers.

It logically follows, because profit and loss economics is a hard master, that a dealer offering you more for your car than its true market value, MUST shortchange you somewhere else if he is to survive economically.

That is why a wise buyer buys only from a dealer whose reputation will stand investigation and whose customers testify to the value and satisfaction he delivers.

Because we had a disastrous fire in our previous store, and suffered a tremendous financial loss, plus no available place to relocate, we were forced to move into this large house to try and conduct our business. It has been unsuccessful and we have suffered a large financial loss trying to operate under a handicap.

After a long period of deliberation, we came to a decision to go out of the furniture business. After serving you well and honestly for 30 long years.

We regret to sell out, but due to our misfortunes, the past couple of years, it became a must.

I have marked down every piece of furniture in the place less than our cost. And some pieces half of our original cost. So, please take advantage and be an early bird for good selections.

I do hope that in the near future that we may be back in business in a new locality. I personally wish to thank everyone for making the past 30 years successful and pleasant.
