

'New' Downs to Open 42-Night Season Monday

Monday night the trotters are scheduled to open the 19th season of harness racing at Northville Downs — a 42-night meet ending August 4.

But this week it's the workmen who are racing. Right now they're odds-on favorites to complete the \$400,000 remodeling project just in time for fans to start filing through the turnstiles at 8:30 p.m. Monday.

And when they are done, Downs Executive Manager John Carlo can boast of one of the finest grandstand facilities in the Midwest.

Last year Carlo spent \$300,000 converting the wooden stands into a modern structure of steel and concrete plus adding a five-section compartment for timers, judges, press, program and darkroom facilities. New lighting, sound and betting facilities were also added last year.

Since the close of the 1961 season, the grandstands have undergone an even greater change.

The grandstand has been lengthened by 40 feet at each end. It has been deepened by 30 feet. The overall length of the stands is now 320 feet with a seating capacity of 4,500. Another 3,000 fans can be accommodated in the temporary bleachers.

Practically everything in the stands is new — both inside and out.

The exterior is covered with colorful gray and blue panels of marbleite; while the ends of the stands are glass enclosed to protect patrons from inclement weather.

Inside the three-story structure a new mezzanine section has been added that includes 55 mutual windows, modern rest rooms and a 320-foot long area for fans who like to stand and watch the races.

In between the mezzanine and main floor areas an entire new floor of offices has been provided. Included are executive offices, calculating room, money room and electronic totalizer equipment — requiring some 20 miles of additional wiring.

A private elevator has been installed between the main floor and executive offices and money room.

A color scheme of yellow, blue and gray is followed throughout the office area as well as the stands.

New entrances featuring a modern canopy design have been constructed at both ends of the grandstands to avoid congestion.

In addition to the grandstand work, the parking area adjacent to the stands has had surface repairs and all buildings repainted.

Downs officials are looking forward to one of the most successful seasons in recent years. More than 700 horses have moved into the stable area during the week and every stable is expected to be filled by Monday.

Northville city officials are hopeful, too, that the 42 night season will set pari-mutuel betting records.

Last year's 38-night season produced \$91,000 in state tax returns for the city. The 39-night season in 1960 brought some \$97,000 into the city treasury.

An inaugural pace matching the fastest on the grounds and a secondary trot listing the top stars will be featured races Monday night.

One stake, the \$13,500 HTA Trot, and six \$5,000 invitational exchange events and six \$2,500 colt stakes will be the high-spots of the 42-night season.

The first invitational pace will be held Friday, June 22.

Fans will discover one other change. Admission prices have been hiked from \$1.00 to \$1.25.

High, Low

School Elections Set Vote Records

Both Northville and Novi school district voters set records at the polls Monday.

Novi for registering the biggest turn-out for an election involving school board members alone, and Northville for the largest total of registered electors who did not vote.

In Novi board members A. J. Heslip and G. Russell Taylor were returned to office. Taylor topped the ballot with 451 votes, while Heslip received 433, Dicon Traffalio 344 and Mrs. Lily May Skellenger 315. A total of 783 votes were cast.

In fairness to Northville voters, there was little incentive for voting. Board President Robert Shafer and William Crump, vice president, were unopposed candidates for four-year terms.

Of the more than 3,000 registered voters in the Northville school district only 64 went to the polls. Shafer received 61 votes and Crump 59.

While a smaller vote total may have been recorded years ago, Monday's results definitely set a new mark for "absentism." District registration is considerably higher than it was in other low-vote years.

The Novi results mean that the school board maintains its 3-2 split. Heslip and Taylor have differed frequently on board matters with Members Walter Ambinder, David Fried and John MacBride.

But last week the board reached a compromise on its request for additional operating millage. On June 28 voters will be asked to approve a hike of 4 1/2 mills — an actual increase of two mills (debt retirement millage will be reduced by 2 1/2 mills, when some \$80,000 in excess building funds are used for the building bonds).

Originally, Ambinder, Fried and MacBride had voted to ask for five mills. Heslip and Taylor held out for 4 1/2 mills and finally won agreement.

But this week the board learned of the new state aid bill, approved by the senate and awaiting the Governor's approval.

While it increases state-aid

payment per pupil, it slashes drastically the state refund payments for tuition students.

In total, Superintendent Tom Culbert estimated that Novi would lose \$23,500. Loss of this tuition revenue presents new problems for the Novi board.

The new state proposal will help the Northville district (See story on this page) because it does not support any tuition students.

The Novi millage vote June 28 holds keen interest for the Northville board of education. It has told the Novi board that unless it wins millage so that it can pay its tuition fees to Northville without jeopardizing its own (Novi's) elementary program, it cannot send its high school students to Northville.

Loss of Novi tuition students would put a \$130,000 dent in the Northville budget — a problem the board hopes it will not face.

Township Planners OK Zoning Change

The Northville township planning commission approved the rezoning of some 65 acres south of Seven Mile road and just west of Rural Hill cemetery Tuesday night.

Specifically, the area was changed from R-1-E country estates classification to R-1-H country homes district.

Approximately 48 acres in the area has recently been purchased by John Northrup Company, builders. An adjacent 17 acres is owned by Walter Couse.

The change in zoning reduces the lot size requirement for the parcels from one acre and 150 foot frontage to a minimum of 18,000 square feet and 100 foot frontage.

Planning Chairman Gunnar Stromberg said that sewers are available for home development in the area, thereby prompting the board to approve reduction of the lot size requirement.

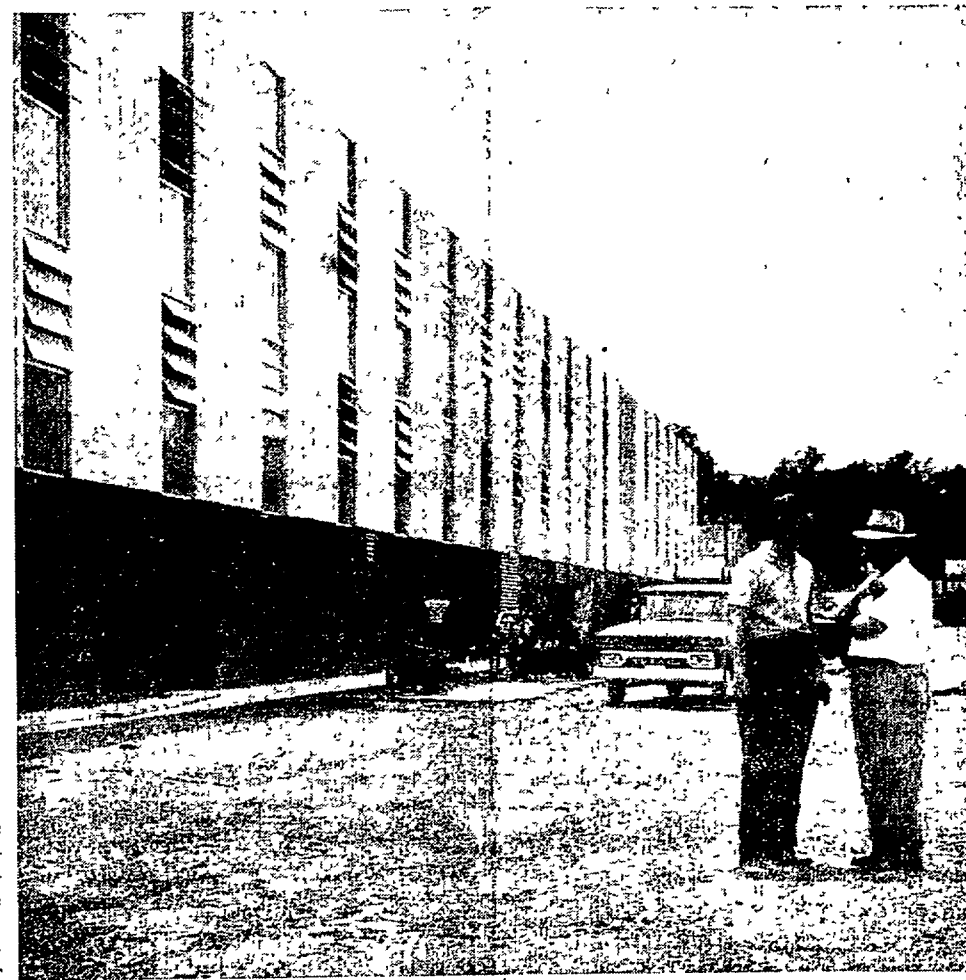

The Northville Record

IF IT'S NEWS... AND IT HAPPENS IN NO RTHVILLE... YOU CAN READ IT IN THE RECORD

Vol 92, No. 4, 14 Pages, 2 Sections

Northville, Michigan, Thursday, June 14, 1962

10c Per Copy, \$4.00 Per Year In Advance

DOWN TO THE WIRE — Workmen were rushing to put the finishing touches on Northville Downs' \$400,000 improvement project this week in preparation for Monday night's opening of the 19th harness racing season. Executive Manager John Carlo is shown (right) discussing details with Nelson Hyatt of Hyatt Construction, Inc., general contractors.

Aid Bill, Valuation Up School Revenue

Northville public schools' financial picture looked a little brighter — for next year, at least — with the news this week of increases in both the district's equalized valuation and the aid it will receive from the state in 1962-63.

Superintendent Russell Amer-

man told the board of education Monday night that Northville's equalized valuation had spiraled to \$28,014,369 — up nearly a million and a half dollars over last year's figure of \$26,583,246.

In terms of actual revenues, this represents close to \$13,000 more than Director of Administrative Services E. V. Ellison had anticipated when preparing the budget for next year.

The aid plan approved by the state legislature for next year, on the other hand, nearly matches Ellison's budget estimate, stated Amerman. It is expected to bring about \$9 more aid per pupil.

Strike Two!

A bolt of lightning struck Northville high school in the night of Monday's electrical storm, causing more alarm than damage, according to Principal Fred Stefanski.

The lightning crackled in along a line that operates the school's gas pump, striking an electrical switch inside the garage. Stefanski said there was little damage other than some chipped paint on the wall near the switch box.

A bolt hit the high school last year in almost the same place.

by the Municipal Finance commission in Lansing. The board will open bids on the tax anticipation notes at a meeting June 25.

In other matters Monday: —Administrative Services Director Ellison said sources at the Municipal Finance commission could give no earlier date than mid-July for approval of the district's \$43,000 revenue bond request to pay for a new athletic field at the high school.

Even with that late a start, board members indicated that the facilities could be completed in time for the football season. Lighting and seating firms can reportedly complete their work in a matter of a few weeks — as long as the money is available.

The board hired a junior high physical education teacher to replace June King and accepted Main Street elementary teacher Priscilla Smith's resignation.

—Results from Monday's election were certified (see companion story).

Quiz County on Capacity

Sewer Plan For Novi Hit By Northville

The question of whether Northville will consent willingly to the connection of Novi to the Middle Rouge Interceptor sewer line remained unanswered Monday night after a 2 1/2-hour meeting between city, township and Wayne county officials.

Local officials appeared unconvinced by the assurances of Wayne County DPW Director George Bingham that the sewer line between Northville and Plymouth is adequate to handle the capacity of the city and township plus 4 cubic feet per second (CFS) proposed for allocation to Novi.

The meeting, hosted by the township, ended with city and township officials requesting time for their engineers to study county tests made on the line before Wayne county proceeds with its sale of capacity in the Middle Rouge system to Oakland county.

Specifically, the problem surrounds Wayne county's proposal to sell excess capacity in the new Middle Rouge Interceptor line to Oakland county.

The new Middle Rouge line is being constructed from Detroit to Wilcox road in Plymouth. Oakland county proposes to build a line from 10 Mile road in Novi to Northville, tapping on to the Northville-Plymouth line, thus reaching the new interceptor via the Northville line.

Northville officials would prefer that the Novi line would extend all the way to Plymouth. They fear that the existing

Northville-Plymouth line does not have the capacity to serve both the city and township and the township hospitals and institutions plus Novi.

DPW Director Bingham said Monday night it did. But his statistics did not serve to convince Northville officials. Bingham explained it this way:

— the Northville-Plymouth line is engineered for a capacity flow of 14.5 cubic feet per second;

— the city of Northville has purchased a capacity of 3.6 CFS in the Middle Rouge system; Northville township, 1.6 CFS; Maybury Sanitorium and DeHoCo, 3.32 CFS; Northville State Hospital, 2.2 CFS; the Wayne County Training School and Plymouth State Home, 1.4 CFS — for a total of 12.12 CFS.

Bingham then assured Northville officials that the line could accommodate an additional 4 CFS from Novi. What's more, the Wayne county DPW director insisted that another 3.5 CFS, as yet unpurchased in the system, could be bought by either Northville or Northville township if the need arose.

Northville officials then noted that this amounted to a total of 19.62 CFS and that the line had been designed for 14.5 CFS.

Bingham explained that there is an additional 10 per cent accommodation above the engineered capacity. In addition, he said capacity would never be attained in a line because this would mean that the flow would

hit its peak at a particular point from all sources at the same time.

It was Bingham's contention that the distance between communities and institutions using the line resulted in high flowage reaching the same point in the line at different times.

But Northville officials were concerned about other things, too. County tests showed that in some areas the line is running nearly half capacity now. And the tests were made during an extremely dry season, they point out. What's more, surface leakage into the line is known to be heavy, they contend.

The city has purchased capacity to serve a population of 9,000 — nearly three times the present population. And the township purchased capacity to serve a population of 4,000. Presently, the township has less than a dozen resident taps on the line.

"If the line (which varies between 24 and 30-inches) is testing nearly full now, how can it provide for Northville's ultimate need plus 4 CFS from Novi?" the Northville officials asked.

Bingham expressed confidence that it could. He also noted the possibility of a sewage disposal plant in Novi if use of the Middle Rouge system was not permitted. He said that this would empty into the Rouge River and be harmful to the park system.

Northville officials asked Bingham to delay contract arrangements with Oakland county until their engineers could study county tests of the lines.

Depending upon the engineering reports, Northville has indicated two courses to follow: 1. Agreement with the plan if strong guarantees are provided that eventually Oakland county will build another line to Plymouth and that Northville capacity in the sewer will not be reduced or used by Novi; 2. An injunction to prevent the project and subsequent settlement by the courts.

Bingham indicated that Oakland county would probably start construction of the Novi line late this year and that the new Rouge Interceptor would be completed for use by late summer, 1963. He said the Novi line would be 42-inch size, far larger than necessary for 4 CFS, but that eventually the line would serve all the way to Walled Lake and Wixom when the capacity through the Middle Rouge system was available.

Attending Monday night's meeting with Bingham were: Supervisor George Clark, Trustee R. D. Merriam, Trustee Alex Lawrence, Clerk Marguerite Northup, Planning Chairman Gunnar Stromberg, Engineer L. W. Mosher and Attorney James Littlell from the township; and Mayor A. M. Allen, Councilmembers Richard Ambler, Beatrice Carlson and Richard Juday, City Manager Bruce Polthoff, Oakland County Supervisor Sydney Frid, Engineer Harold Penn and Attorney Philip Ogilvie.

The total valuation of permits issued for new construction in the township last month equaled nearly three-quarters of the value of building permits issued by the city during the first five months of the year.

Deputy Clerk Mrs. George Tegge reported that the township last month issued permits for construction worth an estimated \$138,000, while so far this year, the city has issued permits for construction valued at \$189,216, says Clerk Mrs. Martha Milne.

Between January and the end of May, the city issued a total of 50 permits. Some 28 of these were for alterations to houses, with an estimated value of \$33,570.

Alterations to five commercial properties in the city would increase values by \$80,495, Mrs. Milne added. The city issued only one permit for construction of a new business, she said, which is valued at \$36,000.

The value of two new houses for which permits were issued is estimated at \$34,000, she said, and five new garages were valued at \$5,050. The city also issued permits for one new shed, valued at \$100 and for eight signs.

Mrs. Tegge said the township has issued 14 new home permits since January, with a total value of \$327,000. Some 15 permits for private home alterations in the township were valued at \$36,425, she said.

The township issued only one permit for a new business, she added, which was valued at \$7,500. Construction of three swimming pools was estimated as worth \$7,850, and two garages were valued at \$2,000.

So far this month, the township has issued permits for construction estimated to be worth \$34,900. Township building permits for this year are worth a total of \$380,775.

Township Tops City In Building Permits

Plans for new construction in Northville township are outpacing those in the city by great strides so far this year, according to building permit figures.

School's Out... Some Are Sad... Others Glad

The expressions tell the story. School's out, but for Northville high school seniors the pride and joy of graduation is mixed with the sadness of leaving. In contrast Mrs. Lenore Upthegrove's third graders display no mixed emotions — they're vacation bound! Commencement exercises for the 146 graduating seniors will be held tonight at eight o'clock at the high school gymnasium. Junior Class President Jim Juday and Secretary Etta Ruttan will lead the procession, as they are shown doing at last Sunday's baccalaureate.

Newlywed Lykes Travel to Niagara

Roger Russell Lyke took Nancy Lee Bower for his bride Saturday, June 2, at a 7 p.m. ceremony in Whitmore Lake Methodist church.

The bridegroom is the son of Mr. and Mrs. Russell C. Lyke of 21550 Napier road. Miss Jane Bower of Whitmore Lake is the bride's mother.

Nuptial vows were exchanged before an altar decorated with vases of white stock and carnations.

The former Miss Bower, given in marriage by her brother, George Bower, wore a white floor length gown of peau de soie. It was styled with a scalloped neckline, bouffant skirt and chapel train and had seed pearl accents and appliques of alencon lace.

Dressed in yellow taffeta and carrying a cascade bouquet of miniature carnations in shades of lavender to purple was maid of honor Mara Newpower.

Bridesmaids Sharon Hoban, Diane Gauthier and Sandra Goldman were attired in orchid taffeta. Miniature carnations in hues of yellow to tangerine formed their bouquets. Bridalies for the trip.

attendants were all from Whitmore Lake.

The groom's brother, Jerry Lyke, was the best man. Ushers Willard Beilinger, Roger Smith and Everett Angell, all of Northville, seated guests.

Mrs. Bower wore a beige lace dress and Mrs. Lyke selected a blue lace dress for the wedding. The mothers' flowers consisted of orchid corsages.

Nearly 350 guests from Northville, Plymouth, South Lyon, Belleville, Livonia, Kalamazoo, Romulus, Dearborn and Whitmore Lake attended the reception at Whitmore Lake hall.

The newlywed Lykes — he is a 1959 graduate of Northville high school and she graduated from Whitmore Lake high school last year — will make their home at Whitmore Lake following their wedding trip to Niagara Falls.

Mr. Lyke is employed at Edwards Brothers in Ann Arbor. His wife works at Pally's man-ager in Whitmore Lake.

The bride changed into a beige suit and brown accessories for the trip.

Mrs. Roger Russell Lyke

News Around Northville

Paul Chadwick, salutatorian of Northville high school's senior class, has received an Honorary Scholarship citation from Michigan State university. Paul is enrolled for the fall term at the University of Michigan.

Oberlin college in Oberlin, Ohio has awarded a Bachelor of Divinity degree to Norman H. Rody, son of Mr. and Mrs. Clarence A. Rody of 9839 Currier road.

Rody earned his Bachelor of Arts degree at Great Lakes college in 1955 and his Master of Arts degree at Western Reserve university in 1956.

A Bachelor of Arts degree in art was conferred on Mary Welch, daughter of Mr. and Mrs. Ed Welch, 222 South Wing, in commencement exercises at Hillsdale college.

Miss Welch, who graduated from Northville high school, was also awarded a Michigan Provisional Certificate in Elementary Education. She plans to teach in Farmington in the fall.

While at Hillsdale she was affiliated with Kappa Kappa Gamma sorority.

Mr. and Mrs. William Wilson of Grace street were honored at a surprise Bon Voyage party Saturday night. The couple's children and their spouses, Mr. and Mrs. John Wilson and Mr. and Mrs. Leslie Nagy, arranged the party.

The Wilsons leave for Scotland a week from Friday.

Mark and Lucy Byard made their way to the winner's circle again this past weekend at the Grand Rapids Charity Horse show. They brought home four ribbons, including a blue and a trophy won by Lucy in novice horsemanship.

Accompanying their youngsters to the show were Mr. and Mrs. John Begle.

Trainer Henry Jennings also took a lion's share of awards at the Grand Rapids show. His

prizes included several blue ribbons.

Pat Meyer, Northville high school senior and son of the Howard Meyers, 48120 West Eight Mile road, will begin freshman studies at Kemper Military academy's junior college in the fall.

Lorraine Campbell, daughter of Mrs. Howard Campbell, 26445 Novi road, is home from first year studies at St. Francis prep school in Springfield, Illinois.

Mr. and Mrs. John C. Burkman, of Baseline road, accompanied Mr. and Mrs. Allen J. Buckley, 425 Yerkes, to Hope College commencement exercises in which the Buckley's son, Richard, received his Bachelor of Arts degree.

Degrees were conferred on eight area students at Eastern Michigan university's 109th annual commencement Saturday afternoon in Wilbur P. Bowen Field house on the University's campus in Ypsilanti.

Northville graduates receiving degrees included Frances B. Cooke, B.S. degree and Elementary Provisional certificate; Carl D. Pursell, M.A. degree in education; Roberta J. Quay, M.A. degree in education.

Richard L. Zielasko, of Novi, earned a Bachelor of Science degree and George P. Woodworth, of Wixom, was awarded an Elementary Provisional certificate.

Students from Salem completing degree work were Murray G. Lyke, B.S. degree and Secondary Provisional certificate; Leon R. Holman, M.A. degree in education; Bonnie M. Burnham, B.S. degree and Elementary Provisional certificate.

Albion college commencement June 4 saw one Novi and two Northville students awarded degrees.

Elsa Couss, daughter of Mr. and Mrs. Walter Couss, 25875 West Seven Mile, and James E. Hammond, son of Mr. and Mrs. Crispin Hammond, 47100 Timberlane, were Bachelor of Arts graduates. Brenda Lee Seeley, daughter of Mr. and Mrs. Harold W. Seeley, 25700 Seeley road, Novi, also received a B.A. degree.

His family and friends feted Leland Mills Sunday at a buffet supper following his graduation from Lawrence Institute of Technology. Mills received his

diploma and an Associate degree in electrical engineering at afternoon exercises at Ford auditorium.

The supper was held in the Mills' home at 232 South Center.

Mr. and Mrs. Dempsey Ebert were in East Lansing Sunday to watch their daughter, Susan, graduate from Michigan State university.

Susan, who finished among the top 50 girl grads in her class, earned her Bachelor of Arts degree in foreign language. She went to work Monday in the Overseas division of General Motors corporation in downtown Detroit.

Mach Troth Revealed

Mr. and Mrs. John B. Mach of 45241 Byrne, announce the engagement of their daughter, Nancy Jo, to Linwood H. Atkinson, Jr., son of Mr. and Mrs. Linwood H. Atkinson, Sr., of Okemos.

Miss Mach plans to transfer studies from Michigan State university to the Detroit Business institute this fall after her return from Glacier National park where she is employed for the summer.

Mr. Atkinson is resuming studies at Michigan State. No date has been set for the wedding.

Scholarships Send Three Teachers Back to Class

NEW JOB — Sandra Houtz, former Northville high school student, has been employed by

American Airlines as a reservation agent. She will be stationed in Chicago. Miss Houtz, whose parents are Mr. and Mrs. George E. Houtz, 447 Butler, had completed an extension course from the Weaver Airline Personnel school and was attending Weaver's resident school in Kansas City, Missouri when selected for her new job.

They will attend the August 6-17 workshop along with 39 other scholarship winners including public and parochial school teachers, police officers and community leaders.

The workshop, like many being sponsored by the National Conference of Christians and Jews at leading colleges and universities throughout the

country, offers intensive period of study on methods and techniques that help meet and deal more effectively with the problems that arise out of intergroup tensions. The session provide instruction in skills and techniques designed to encourage harmonious relations among racial, religious, national and ethnic groups in the school and community.

OES Faces Busy June

A busy month is on tap for members of Orient chapter, Order of the Eastern Star.

Orient chapter has scheduled a business meeting tomorrow (Friday) at 7:30 p.m. in the Masonic Temple and a special meeting Tuesday at 7:45 p.m. in the temple.

Also slated this month is a

joint Eastern Star-Masonic picnic which will be held Sunday, June 24 in Cass Benton park. Dinner will start at about 2 p.m. Those attending are to bring a passing dish and their own table service. There will be signs to direct picnickers to the exact site in the park at Six Mile and Northville roads.

"I look upon every day to be lost, in which I do not make a new acquaintance."

— Samuel Johnson

HARBERT DRIVE'S newest family consists of Paul and Katherine Hughes and sons, Michael, 8, (left) and Stephen, 11, (right). The newcomers left Livonia the end of May to take advantage of Northville's country atmosphere.

all sorts of things

By SHARON MAZANEC

ALL SORTS of Things and its writer, Women's Editor Sharon Mazanec — that's me — return from the pages of The Northville Record this week. All sorts, no doubt, is writing its epitaph.

Its writer, although exiting from the organized chaos of glue pots, printer's ink and deadlines, may still bang out a brainwave or two on that battered portable typewriter that's followed her from high school in Southfield to college in Ann Arbor and finally to The Record, here in Northville, two years ago.

It's going to seem funny not to lean into the door of The Record office on weekday mornings anymore. Not that I have any sentimental attach-

ment for that weighty rectangle of wood and glass, but coming through that door, trading "greetings" with the rest of the staff and pulling up the squeaking swivel chair to that scarred and stained hulk I call my desk have become habits.

AND NOW I'll be abandoning these well learned habits, probably only long enough, however, to condition myself to some new ones.

My premature — watch how you use that word, Sharon — retirement won't take me too far from deadlines. As a matter of fact, The Record and I are parting company so I can get ready for two deadlines very important to husband Tom and I.

The good Lord willing, we'll have a mortgage and baby of our own before the summer's out.

The house being built for us up on North Center, between the Cucchettis and the Fergusons, is scheduled for completion the end of this month.

That should give us plenty of time to dress up a nursery for our first heir apparent expected late in August.

In another 20 years or so she could be Bill Slinger's answer for the Record women's desk — then again, maybe he'd fare better at the sports' desk.

I SIGN OFF here with abundant thanks to co-workers and townspeople who have generously shared their ideas, press releases and friendship with me — they sold the Mazanecs on Northville.

Mrs. R. J. Wright, chairman of the 25th annual show, accepted the award Saturday at a luncheon in the Student Activities building of the University of Michigan Dearborn center.

An attractive colonial dwelling looking out over a quiet, wooded neighborhood near Seven Mile and Meadowbrook roads is the new home of former Livonians Paul and Katherine Hughes and their sons, Stephen, 11, and Michael, 8.

Brand new in Northville — they moved into the house at 39915 Harbert drive on May 21 — the Hugheses are comparatively new arrivals to Michigan and the Greater Detroit area. They came here 12 years ago when Hughes accepted a job offer from Ford Motor company. He's employed as a manager of purchase analysis for Ford's Transmission and Chassis division in Livonia.

Paul and Kathy Hughes hail from Tennessee. They met while both were majoring in business administration at the University of Tennessee in Knoxville. Mrs. Hughes worked for a time in the market research department of Procter and Gamble.

Most of the family's travels consist of trips to and from the couple's home state.

A hobby shared by all four of the newcomers is coin collecting.

Give Meats Texas Tang

While they were living down in Shreveport, Louisiana, Mr. and Mrs. Roger L. Rae made a number of trips across the state line to sample the cooking at king-size East Texas barbecues.

Foods, especially meats, served at these outdoor feasts had personalities all their own, recalls Mrs. Rae. They got their special flavor, she says, from barbecue sauces made according to prized family recipes which are passed down from generation to generation and seldom divulged to strangers.

Thanks to a friend, Mrs. Rae, whose home is now at 38653 Silken Glen, has the recipes for two of these delectable sauces. There's no matching chicken or steak barbecued with one or the other of these sauces, explains the homemaker.

For those who want to give their patio picnic the trappings of a real Texas cook-out, Mrs. Rae suggests pinto beans, garlic bread, potato salad, a relish tray and iced tea to round out the menu.

To add zest to those pinto beans, she advises cooking

them with a small amount of ½ cup bacon drippings cured ham or ham hock until they are almost done. Remove the ham, add some barbecue sauce and finish cooking.

SIMPLE BARBECUE SAUCE

Mrs. Roger L. Rae

2 bottles Worcestershire sauce
2 bottles A-1 sauce
1 bottle ketchup
1 cup onion juice
¼ cup vinegar
½ cup brown sugar
1 Tbsp. red pepper

Combine ingredients. Bring almost to a boil then simmer over moderate heat until mixture thickens.

BARBECUE SAUCE

2 medium size cans tomato juice
1 large onion, chopped
6 cloves garlic
2 Tbsps. hot sauce
½ small jar mustard
1 stick butter
1½ cups vinegar
6 Tbsps. sugar
1 Tbsp. salt
4 Tbsps. liquid smoke
6 Tbsps. chili powder
½ cup mayonnaise

Combine ingredients. Bring to a boil then simmer over moderate heat until mixture thickens. Garlic leaves may be removed before mixture is done.

Head P-TA At Amerman

Parents of students attending Amerman Elementary school have elected a new slate of officers to head their unit of the Parent-Teacher association in 1962-63.

Couples voted to office in balloting tabulated last Wednesday are Mr. and Mrs. Eugene Cook, president, Dr. and Mrs. Gordon Forrer, vice-president, Mr. and Mrs. Neal Taylor, secretary-treasurer, Mr. and Mrs. Kalin Johnson and Mr. and Mrs. Charles Lapham, area council representatives.

Mrs. Marion Petrock will serve as teacher vice-president

FOR YOU, MISS ALM — It was a toss-up as to who enjoyed the shower more, teacher Linda Alm or her Amerman kindergartners. In any event, the party given by the students, with some help from their moms, for their bride-elect teacher was a resounding success. Helping Miss Alm to some refreshments is Jeff Layton as Steve Quick, Karen Korte, Ian Dingwall, Jeff Layton and Laurie Gotts (l-r) look on approvingly. Miss Alm will be married to Paul Sobol, of Belleville, a week from Saturday in her hometown of Grand Haven.

PROMISES —
"Legal liquor will eliminate stills" — Words used to repeal "dry" law. Results: "They uncover more illegal stills in Mich. than in any other midwest state" — Det. News, 6/8/62. Some promises are made to break but I'll promise you that you will get a great big bargain in this fine tri-level at 1955 Caldwell. Not for those with \$5,000 incomes, but priced right for those that can enjoy the comforts and joys of a large fine home of brick and stone close to town and still private and secluded.

A lot of "GUFF" — about everybody stopping smoking because of the 2c tax increase. Let's be truthful — just a way of bragging about the high cost of your "Cig" lung cancer. But there's no "guff" when I say that I have 3 real nice sturdy older homes that warrant your inspection. 121 West St. — 519 Horton Ave. & 429 Beal Ave. are the addresses. All on nice lots with shade trees that are here now. Low down. E-Z payments.

"Picky" this week, ain't it? But I'd like to see anyone beat the buys I have on 3 ranch-type homes — a beauty in South Lyon in nicest section — a fine suburban one at 19577 Smoak Rd. and a conveniently located one at 416 East St. in the City. All priced right too. "Pops" Day Special — Lot 173x120 — \$2500.00. Others in fine locations priced accordingly.

By Mrs. L. Rix

Bonnie Kirkwood, daughter of Mr. and Mrs. R. H. Kirkwood of Summit drive, will be honored at an open house at the home of her parents on her graduation from Walled Lake High school on Father's Day, Sunday June 17. On Friday, June 22 Miss Kirkwood will fly to San Diego, California for a months vacation with her uncle and aunt, Mr. and Mrs. Ray Glynn.

Mr. and Mrs. Frank Pennell attended the wedding of their granddaughter, Miss Linda Lou Whitmore, daughter of the Sam

REYNOLDS WATER CONDITIONING CO.

BOB KREZEL FI-9-0519
Factory Representative

Whitmores and Mr. Bruce Hathaway at the Trinity Methodist church in Keego Harbor, Saturday evening, June 9.

Sunday afternoon the Frank Pennells attended an open house in honor of their grandson, Terry Pennell, at the home of Terry's parents, Mr. and Mrs. Harold Pennell in Highland. Sunday evening Mr. and Mrs. Pennell attended the silver wedding anniversary of Mr. and Mrs. Ivan Graham.

Mrs. Marie LaFond honored her house guest, Janette Ann Wild, from Darlington, England, at a dinner one day last week. The guests were Mrs. Joe Bokar, Mrs. Prudence Dawson and Mrs. Donald LaFond.

Mrs. George Webb and Mrs. John Klaserer visited the Dearborn Veterans Carnival on Saturday.

Sunday dinner guests of Mrs. L. Rix on Fonda street were her sister, Mrs. Rose Young and her brothers, Louis Tobias and Henry Tobias of Williamston and her son and daughter-in-law, Mr. and Mrs. Edward T. Rix of Plymouth.

Mr. and Mrs. Robert Quigley of Palmetto, Florida, will be the house guests of Mr. and Mrs. Russell Race for the next two weeks.

Mr. and Mrs. John Klaserer spent a week in Ohio and Kentucky visiting friends and relatives.

Mr. and Mrs. Fred Mandlik had their grandchildren, Renee and Mark Bartholomew with them over the weekend.

Between 60 and 70 classmates of John Schwartz and Russell Stevenson were their guests at a picnic and swimming party at the Lower Straits Lake, Homestead, on Wednesday this week.

SKIN ITCH

DON'T SCRATCH IT!

Scratching spreads infection, causing more pain. Apply quick-drying ITCH-ME-NOT instead. Itching quiets down in minutes and antiseptic action helps speed healing. Fine for eczema, insect bites, foot itch, other surface rashes. If not pleased, your 30c back at any drug store. TODAY at GUNSELL'S Drug Store.

Thank You

To the people who supported me in the recent election to the Novi School Board.

STATE OF MICHIGAN Probate Court County of Oakland

In the matter of the estate of MILDRED E. BOGART, Mentally Incompetent

At a session of said court, held at the Probate Court in the City of Pontiac, in said County, on the 29th day of May A.D. 1962.

Present: Hon. Arthur E. Moore, Judge of Probate.

Order Appointing Time For Hearing Claims

Notice is hereby given and it is hereby ordered that the time and place for hearing on claims against the above estate shall be the 13th day of August 1962, at nine o'clock in the forenoon at the Probate Court in the Court House at the City of Pontiac, Michigan.

All creditors or claimants against the above estate are further notified and ordered to prove their claims at said hearing and prior to said hearing to file written claim therewith this Court and with the fiduciary of this estate, under oath, containing sufficient detail reasonably to inform the fiduciary of the nature and amount of the claim.

It is further Ordered that notice be given to all interested parties as shown by the records in this cause by delivering a copy of this order to each of them personally, or by mailing such copy to each of them by registered mail with return receipt demanded addressed to their respective last known addresses as shown by the files and records in this cause.

And it is further Ordered that public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing in the Novi News a newspaper printed and circulated in said county.

Arthur E. Moore
Judge of Probate

League ball team will be given a picnic at Lower Straits Homestead. The sponsors are Mrs. Gerald Trotter, Mrs. John Harnden, Mrs. Philip Simenton and Mrs. Etta Hammell.

Mr. and Mrs. George Taylor of Dearborn spent last weekend with Mr. and Mrs. Al Pritchard. On Sunday Mr. and Mrs. Les Groes of Wayne were dinner guests of the Al Pritchards. Al Pritchards has been spending quite some time the past two weeks at the Osteopathic hospital.

Mrs. Hildred Hunt visited Mrs. Betty Heiker at the Garden City hospital on Saturday. Betty who underwent major surgery is getting along nicely.

Mrs. Hildred Hunt, Mrs. Clyde Wyatt, and Mrs. Lily Bingham attended the Oakland County Farm Bureau women's committee on Tuesday.

The canasta club will meet at the home of Mrs. Hildred Hunt on Eleven Mile road on Thursday of this week.

Miss Lois Hall gave a picnic for her third grade class of 32 children at the home of Mr. and Mrs. Duane Bell on Fonda St. on Monday. Those who helped Miss Hall with the picnic were Mr. and Mrs. Duane Bell, Mrs. Robert Hanson, Mrs. Orland Bumant, Mrs. Earl Clappison, and Mrs. Victor Muscat.

Mrs. George Webb and daughter, Donna and her son, David visited Niagara Falls and cousins in Massachusetts for a week recently.

Mr. and Mrs. Vincent Gillett and children are leaving the forepart of this week for a week of vacation at Washington D.C.

Pauline Stanbury and Wendy Lofquist, choral group girls from Peoria, Illinois, were overnight guests of Mr. and Mrs. Clyde Johnston, Sunday and Monday.

Two girls from the young peoples chorus were the overnight guests of Mr. and Mrs. John French.

Kay, Edith, daughter of Mr. and Mrs. Harvey Bush of Farmington, is spending the summer months with her grandparents, Mr. and Mrs. Roy Schram.

Mr. and Mrs. George Atkinson and Mr. and Mrs. Glen C. Salow returned the latter part of last week from several weeks abroad.

Mr. and Mrs. Herman Smith Sr. celebrated their 50th wedding anniversary at their home on Novi road, Sunday. Thirty relatives and friends were present. Their children and grandchildren, Mr. and Mrs. Jack Smith and family, Mr. and Mrs. Rex Smith and family, Mr. and Mrs. Herman Smith, Jr. and family, Mr. and Mrs. Edward Shoemaker and family and Mr. and Mrs. Jack Swartz and family.

Mr. and Mrs. Smith were married 50 years ago June 12, 1912.

TO THE VOTERS

OF THE NOVI SCHOOL DISTRICT

I wish to thank all the voters of Novi who expressed their confidence in me at the polls last Monday.

It is my intention to retain this confidence by fulfilling my duties as a School Board Member to the best of my ability with the honesty and sincerity of a dedicated representative of the citizens of this school district.

I would like also to express my humble appreciation to all of those selfless people who worked so diligently in my behalf.

Arthur J. Heslip

NOTICE OF ENACTMENT

Ordinance No. 27

VILLAGE OF NOVI

TAKE NOTICE that on the 4th day of June, 1962, the Council of the Village of Novi, Oakland County, Michigan, enacted an ORDINANCE to provide for the full payment of regular property taxes, due to the Village of Novi, for the year 1962-63, at the National Bank of Detroit, Novi Office, and the accounting of such monies paid to said bank.

The provisions of this Ordinance shall become effective ten (10) days after said adoption, and the publication thereof.

JOSEPH CRUPI, PRESIDENT

MABEL ASH, CLERK

Novi Baptist Church

A musical concert was presented by the youth choir from Peoria, Illinois at the Novi Baptist church Sunday evening. The 55 voice group on four with their sponsor, Rev. Deane Ballard, arrived in Novi, Sunday afternoon. The ladies of the church prepared a buffet luncheon in the Fellowship hall. The young people are being entertained in the homes of the church families.

Daily Vacation Bible school gets underway June 18 at 9 a.m. Baptist church youngsters 3 years and up are invited. Games, surprises, Bible stories and hand craft will be featured. The theme for this year's school will be "Patriots for Christ". Pastor Cook will direct the Bible school which will continue for two weeks.

Official Notice of Sale - \$200,000

Northville Public Schools School District, Counties of WAYNE, OAKLAND and WASHTENAW, MICHIGAN NOTES

Sealed bids for the purchase of tax anticipation notes of Northville Public Schools School District, Michigan, of the par value of \$200,000.00 will be received by the undersigned at Board of Education Office, 501 West Main Street, Northville, Michigan, until 8:00 o'clock, p.m., Eastern Standard Time, on the 25th day of June, 1962, at which time and place they will be publicly opened and read.

The notes will be dated June 15, 1962 will mature June 1, 1963 and will bear interest at a rate or rates not exceeding 4% per annum. Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the notes. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from July 1, 1962, to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the municipality. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the December 1, 1962 Operating Tax due and payable December 1, 1962.

Envelopes containing the bids should be plainly marked "Proposal for Notes".

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer must accompany each bid as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at a place to be designated by the purchaser. The right is reserved to reject any and all bids.

Recreation Program Begins Activities Next Week

The Northville recreation department's summer activities will get underway starting next week, and will swing into full bloom by June 25, says Director Ken Conley.

He said, the swimming program will begin Monday, continuing until August 15. Buses will leave the Amerman school and the back of the community building at 1 p.m. each day, except July 4, and will return at about 4 p.m.

A charge of 25 cents is made to cover admission to the beach. Children must be eight or older, unless in direct custody of an adult. Swimming is held at Groome's Beach on Whitmore Lake.

Swimming instruction will be given to beginner and intermediate swimmers each Monday, Wednesday and Friday, beginning June 25. They will be held in conjunction with the swimming program, and will continue until August 3.

End Season

The Northville baseball squad suffered through two end-of-the-season defeats at the hands of the arch rival Plymouth Rocks last week, losing 2-0 Tuesday and 4-3 Thursday.

Both defeats, the Mustangs' second and third of a 21-game season, round slugging batting with many base runners stranded.

Last Friday the varsity bounced back to down the faculty 4-2 in extra-inning play. Track coach Paul Mack's seventh, inning homer, extended play into the eighth inning by tying the game at 2-2. But a pair of uncained runs gave the varsity the upper hand.

Evening swimming for those 13 or older will be held each Tuesday and Thursday from July 5 to August 14. Buses will leave the community building at 6:30 and return at about 9 p.m.

The annual water carnival will be held August 15 at Groome's beach. Buses will leave both Amerman school and the community building at 9:15 a.m. and return at 4 p.m.

Swimming races, canoe races, diving events and numerous other games will be conducted. All children must be at least eight.

A 25-cent charge covers the all-day event, but participants must bring or plan to provide their own lunches.

The Northville day camps will be held in two locations, the Ford Field and the Amerman school playground. They will begin each weekday morning at 9 a.m. and last until 11:45, starting June 25 and ending August 10.

There will be no camps on July 4 and 10. A small charge is made for some of the materials used in such activities as arts and crafts and the group games. Children must be five or older.

The physical fitness program will begin June 25 and last until August 3. The program of group calisthenics and track and field events will be held each weekday morning from 9:30 to 10:30 at Ford Field. Boys and girls five years and older may participate.

This program is climaxed

Mike Breen and his catch

Pit Pike Hits His Hot Dog

Jason sought the Golden Fleecce and Ahab chased the whale, but Michael Breen caused nearly as much commotion by fishing in a pond.

Nine-year-old Michael, son of Mr. and Mrs. James Breen, of 106 South Ely drive, suddenly found himself the center of attraction last week.

"But all I did was catch a fish," he said, wondering what all the excitement was about. The fish he caught was a 26-inch pike that weighed three and a half pounds.

And just as unusual, as the hot dog Michael used for bait was the place he was fishing—the "Tat's pond," as neighbors call it, located in an old gravel pit on the northwest corner of Taft and Eight Mile roads.

Michael said he had some help in landing the fish from two young friends who had gone to the gravel pit with him.

by the metropolitan area junior olympics program at Belle Isle. It is held for children 10-15 years old who have qualified in the local program.

Tennis activities will start June 25 on the courts in Cass Benton park. Matches will continue each Monday and Wednesday until August 8. The 10 a.m. to 11:45 a.m. activities are for boys and girls aged 10 and over.

Golf will begin at 10:30 a.m. June 29 and continue each morning until August 10. Most activity will be at Ford Field, but one session at a local driving range and a match at the end of the season will be played on a course. Participants will pay golfing fees.

Canoeing instruction will be given each Tuesday and Thursday at 8:30 a.m. from June 26 until August 9. Participants will meet at the recreation office at 157 East Cady street.

Canoeing sessions will include trips to the Proud Lake recreation area and a three-day trip on the Au Sable river at the end of the program. Dates and fees for the river trip will be announced later.

Archery instruction will be given each Friday morning from June 29 until August 10 at Ford Field. Boys and girls aged six to 10 will meet at 10 and those 11 and over will meet at 10:45.

Knothole softball practice sessions for boys seven to nine will begin on June 19 and June 21. Enrollment on a team may be made at the time of registration. A schedule of games will be distributed at registration, and a team shirt will be provided each player by the sponsors. A \$1 insurance fee must be paid by the first practice session.

Knothole baseball for boys 10-13 will begin soon. Schedules for practice and games will be provided at registration in the recreation office. Each player receives a team shirt and must pay the \$1 insurance fee at the first practice session in Cass Benton park.

Pee Wee baseball instruction in throwing, batting, fielding and running fundamentals for boys five and six years old will be given each Thursday morning. The hour-long sessions begin at 10:30 and will be held from June 28 until August 2. The boys will meet at diamond number two in Cass Benton park.

Five Northville teams will

Local Stable Wins Honors

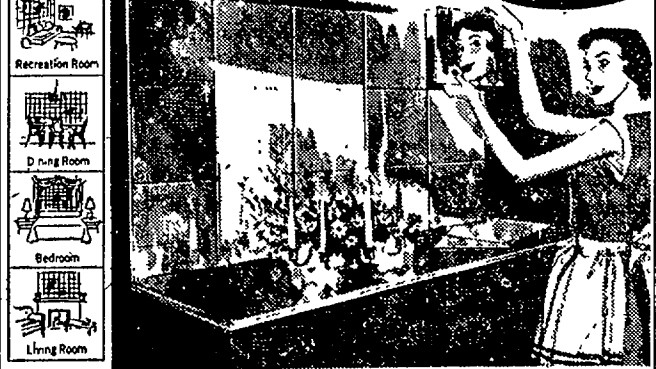

The Eddie Earehart Training farm on Chubb road brought home two blue ribbons and three seconds from the Stockbridge horse show Sunday.

Rhonda Atchison won the open English pleasure class blue and took second in the Morgan English pleasure class. "Billie B. Geddes," Earehart's morgan stallion, topped the harness class blue and a second in the three gaited class.

The morgan mare "Blanca," owned by the John Parkers, of Plymouth, took second in the Morgan Western Pleasure class.

play in evening leagues this summer. The rosters of these teams have been closed, but they will be playing home games in Cass Benton park. At least one team plays each weekday evening.

Special events this summer will include zoo trips, nature hikes, turtle races and the pet and doll show.

Trips to the Detroit Zoological park will be held on July 5 and 25. Buses will leave Amerman school and the community building at 9 a.m. and return at about 3:30. A charge of 25 cents covers the chimp show and train rides, but participants must provide their own lunches.

Nature hikes in the Lower Huron metropolitan park are scheduled on July 16 and 31. Buses will leave Amerman school and the community building at 9 a.m. The time of return and lunch arrangements will be determined later.

The annual turtle races will be held July 10 in the park behind city hall. Judging for small

est and largest, best decorated floats and most categories of pets and dolls.

Conley reminded residents that every participant in any of the recreation program must be registered with the recreation department. Registration fees, which must be paid at the recreation office at 157 East Cady street, are 50 cents for residents of Northville city and township and \$8 for non-residents. Phone number of the office is FI 9-0713.

A MODERN PARABLE

The U.S. Bureau of Public Roads says that last year the AVERAGE motorist travelled 9529 miles on 666 gallons for 14.3 miles per gallon.

It's a curious trait of human nature that most of us like to exaggerate a little about our poor or good mileage. It's best to add a grain of that proverbial salt to most folk's testimony on mileage matters.

If you are dissatisfied with your mileage, check it against the official figures and chances are you'll find you're pretty close to normal.

Reminds me of a story going around some years back that had more truth than fiction. It concerned an economy-minded motorist who set his sights on gas savings to the exclusion of all else. He finally decided to buy one of the smallest small cars.

He inquired about mileage of every owner he met and all the figures seemed to average out about 23 MPG. But despite the most careful record keeping over a thousand miles, the best figure he could come up with was 17 MPG.

When a second thousand mile check failed to raise that figure, he took his problems to his dealer, offering to pay for it if the dealer would adjust the motor to "get 23 MPG like the other owners are getting."

"You'd only be wasting your money," the dealer replied. "There's only one way to get that mileage and that's the way they do it."

"How's that," asked the motorist.

"By lying about it."

Obituary

We Need Course In Patriotism

Katherine May Tillotson, 530 Jener, Plymouth, died June 8 at Garden City Osteopathic hospital after a long illness. Born in Novi, Mrs. Tillotson was the daughter of George and Anna (Trumbull) King. She is survived by her husband, Frank, daughter, Mrs. Gladys Pokora, Plymouth, sister, Mrs. Blanch Lyke, Plymouth, brother, Clarence King, Northville, two grandchildren and six great grandchildren. Services were held Monday from Scader Funeral home in Plymouth with Christian Science Reader F. Earl Reh officiating. Interment was at Riverside cemetery, Plymouth.

In Justice Court

Northville Justice of the Peace Charles McDonald rendered decisions on the following cases in a court session Monday morning.

A Detroit truck driver, Louis Majdak, was fined \$100, placed on six months' probation and ordered to pay \$225 to the Secretary of State following conviction on counts of driving an overloaded truck without valid registration or license plates. Majdak was stopped on Seven Mile road on May 10. Complaint was filed by the Wayne County Road Inspectors.

I found guilty of excessive speeding, Russell (Rusty) Atchison, 332 South Rogers, was penalized \$25 and \$10 cost. Atchison was ordered to appear in court on complaint of Shirley Dickin, of Novi, who claimed the defendant had passed her car in a reckless manner May 16 on Northville road south of Seven Mile. Atchison was first charged with reckless driving.

A \$25 fine and \$10 cost were levied against Leonard Dobies, of Plymouth, on conviction of attempted larceny of food from Maybury sanatorium. Dobies pleaded not guilty. His case will be appealed to circuit court.

Another Plymouth man, Wilbert Pack, of Napier road, entered a plea of guilty to disobeying a stop sign causing a property damage accident. Pack ran a stop sign at North Wing and Dunlap, striking a car driven by Harold T. Kett. He received a \$15 fine and \$10 cost or five days in the Detroit House of Correction.

READERS SPEAK:

We Need Course In Patriotism

To the Editor:
Were you at the Northville Memorial Day parade?
This was the first one my husband and I have attended. The manner in which the flag of our country was displayed was disgraceful.
Aren't the Boy Scouts, Cub Scouts, Girl Scouts and Brownies taught proper respect as part of their program anymore?

State Home Needs Teenage Volunteers

Plymouth State Home and Training school has issued an appeal for teenage volunteers — both boys and girls — to work with children at the institution during the summer months.

Minimum age for volunteers is 14.
Teen orientation classes will be held at the Administration building, 15480 North Sheldon road, next Monday and on Monday, June 25 at 10 a.m.
For additional information phone GL 3-1500.

Long Makes State Finals

Northville tennis players rounded out their season at the state class "B" finals last weekend. Team Captain Tom Long was the only Mustang to make a showing.
Long battled to the final round in singles competition, but was knocked off by the defending champion, Dieron Ornekian and a doubles entry of Paul Rumble and Dan Pattison lost out in the first rounds.

To Fly Flags

With the weatherman's graces, a display of 16 different American flags will be shown today on the Novi library's front lawn.
Explorer Scout Post 119 will erect the display today in observance of Flag Day. The 16 flags are copies of American flags as they have changed over the years.

'Daughters' Tap Officers

Northville King's Daughters installed a new slate of officers at their annual picnic June 5 at the home of Mrs. William B. Walker.

Accepting their new posts were Mrs. Harold Bloom, leader, Mrs. Oscar Hammond, vice-president, Mrs. Donald Severance, secretary, Mrs. Elden Biery, treasurer, and Mrs. William B. Walker, financial secretary.

Serving on the welfare committee will be Mrs. Lee W. Walker, Mrs. Ernest Wood, Mrs. William Cansfield, Mrs. Fred Russell, Mrs. Elden Biery and Mrs. Clifford Rollings.
Another highlight of the picnic was the presentation of corsages to King's Daughters old-

Couples Planning Family Breakfast

The Couples club of the First Presbyterian church has scheduled a family breakfast Sunday at 7 at the Cambridge drive home of Clarence Davis.

Families are to bring their own utensils, table service and food. Coffee will be furnished. Games for young and old are being planned.
The breakfast will be cancelled in the event of rain.

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)
2. Fail to appreciate that the basic price of a new Cadillac includes important things that are extra on many other cars. (Including automatic transmission, power steering and power braking.)
3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think.

Obituary
Katherine May Tillotson
Katherine May Tillotson, 530 Jener, Plymouth, died June 8 at Garden City Osteopathic hospital after a long illness. Born in Novi, Mrs. Tillotson was the daughter of George and Anna (Trumbull) King. She is survived by her husband, Frank, daughter, Mrs. Gladys Pokora, Plymouth, sister, Mrs. Blanch Lyke, Plymouth, brother, Clarence King, Northville, two grandchildren and six great grandchildren. Services were held Monday from Serader Funeral home in Plymouth with Christian Science Reader P. Earl Reh officiating. Interment was at Riverside cemetery, Plymouth.

In Justice Court
Northville Justice of the Peace Charles McDonald rendered decisions on the following cases in a court session Monday morning.

A Detroit truck driver, Louis Majdak, was fined \$100, placed on six months' probation and ordered to pay \$225 to the Secretary of State following conviction on counts of driving an overloaded truck without valid registration or license plates. Majdak was stopped on Seven Mile road on May 10. Complaint was filed by the Wayne County Road Inspectors.

Found guilty of excessive speeding, Russell (Rusty) Atchison, 332 South Rogers, was penalized \$25 and \$10 cost. Atchison was ordered to appear in court on complaint of Shirley Dickinson, of Novi, who claimed the defendant had passed her car in a reckless manner May 16 on Northville road south of Seven Mile. Atchison was first charged with reckless driving.

A \$25 fine and \$10 cost were levied against Leonard Dobies of Plymouth, on conviction of attempted larceny of food from Maybury sanatorium. Dobies pleaded not guilty. His case will be appealed to circuit court.

Another Plymouth man, Wilbert Pack, of Napier road, entered a plea of guilty to disobeying a stop sign causing a property damage accident. Pack ran a stop sign at North Wing and Dunlap, striking a car driven by Harold T. Kett. He received a \$15 fine and \$10 cost or five days in the Detroit House of Correction.

READERS SPEAK:

We Need Course In Patriotism

To the Editor:
Were you at the Northville Memorial Day parade?

This was the first one my husband and I have attended. The manner in which the flag of our country was displayed was disgraceful.

Aren't the Boy Scouts, Cub Scouts, Girl Scouts and Brownies taught proper respect as part of their program anymore?

There was one Girl Scout leader who did know. The last Boy Scout in his troop carried his flag in his pocket. I noticed one adult, besides the police officer on duty, my husband and myself, who bothered to stop and stand at attention when the colors went past.

Do the schools, except on National holidays ever give the pledge to the flag — do they ever sing any patriotic songs except on National holidays?

Many flags were displayed in front of homes, but not enough. Also, how many were taken down at sun-down?

How about all of us stirring up a little patriotism.

Sincerely,
Virginia L. Straith

State Home Needs Teenage Volunteers

Plymouth State Home and Training school has issued an appeal for teenage volunteers — both boys and girls — to work with children at the institution during the summer months.

Minimum age for volunteers is 14.

Teen orientation classes will be held at the Administration building, 15480 North Sheldon road, next Monday and on Monday, June 25 at 10 a.m.

For additional information phone GL 3-1500.

Long Makes State Finals

Northville tennis players rounded out their season at the state class "B" finals last weekend. Team Captain Tom Long was the only Mustang to make a showing.

Long battled to the final round in singles competition, but was knocked off by the defending champion, Dieron Ornekian and a doubles entry of Paul Rumble and Dan Pattison lost out in the first rounds.

To Fly Flags

With the weatherman's graces, a display of 16 different American flags will be shown today on the Novi library's front lawn.

Explorer Scout Post 119 will erect the display today in observance of Flag Day. The 16 flags are copies of American flags as they have changed over the years.

'Daughters' Tap Officers

Northville King's Daughters installed a new slate of officers at their annual picnic June 5 at the home of Mrs. William B. Walker.

Accepting their new posts were Mrs. Harold Bloom, leader, Mrs. Oscar Hammond, vice-president, Mrs. Donald Severance, secretary, Mrs. Elden Biery, treasurer, and Mrs. William B. Walker, financial secretary.

Serving on the welfare committee will be Mrs. Lee W. Walker, Mrs. Ernest Wood, Mrs. William Cansfield, Mrs. Fred Russell, Mrs. Elden Biery and Mrs. Clifford Rollins. Another highlight of the picnic was the presentation of corsages to King's Daughters old and new.

Smoke signals are for Indians...

GAS
incinerators burn clean and fast
...Automatically!

One thing you don't have to tell your neighbors is your refuse-disposal problems. Keep it a family secret with a gas incinerator. There's no smog, no smoke, hardly any ashes. Gas-powered appliances are the answer to a housekeeper's dream. Quick, clean, economical, dependable, safe, silent, and automatic. Better for cooking, water heating, home heating and cooling, refrigeration, drying, and incineration. See your local gas utility or gas appliance dealer for expert advice.

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)
2. Fail to appreciate that the basic price of a new Cadillac includes important things that are extra on many other cars. (Including automatic transmission, power steering and power braking.)
3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think.

These Students Received Honor Awards

SCHOOL SUPERINTENDENT Russell Amerman takes his turn at the speaker's rostrum in Friday night's Honors Convocation program in the Northville high school auditorium. Amerman and high school Principal Fred Stefanski introduced honored students. Seated behind Amerman are others who figured in the ceremonies — (l-r) Assistant Principal LaGene Quay, announcements; David Lane, interpretative reading; Edward Austin, humorous reading; Dennis Gilbert, invocation; Ed Beard, flag salute.

Northville high school passed out awards to students excelling in all areas of school activity last Friday evening at the annual Honors Convocation held in the high school auditorium.

Capping the ceremonies were presentations of special citations and scholarships to outstanding students by both school and community organizations. There were even prizes for teachers.

Grace Bollock, kindergarten teacher at Main street school, captured the Saturday Noon Luncheon club's Teacher of the Year award. Wil-

liam Hensch, high school science teacher and counselor, and John Hyde, junior high math and science instructor, were runners-up. Attorney Clifton Hill announced the club's selections.

Senior Grace Brinson claimed both the Ely Memorial award, presented by Mayor A. M. Allen, and the high school student council's grant-in-aid.

Phil Simenton received the American Legion Oratory award from James Madigan. Other students and the honors they earned are listed below.

10:30 a.m. Morning Worship and Communion.
Wednesday:
7:30 p.m. Adult membership class.

What is Love?
A popular song, of not too many years ago, directed its attention to the question, "What Is This Thing Called Love?" This is a good question! On occasion, we hear people say that they love their pet animals and, in the next moment, speak of loving their sweetheart. Is love the same no matter where it is found or expressed? Hardly! There is a great difference between the love of God revealed to mankind in Jesus Christ and the so-called love played up in many of our motion pictures, novels and plays.
Scholars of the Bible tell us that the writers of the New Testament used at least five different forms of the word "love." Since love is eternal, as well as universal, a closer look at these five forms of the Greek word for love may give us some insight into the variety of meanings this common word, "love," may have.
There is, first, the Greek word, "eros," which is descriptive of sensual love. This is the sentimental and temperamental kind of love which causes people to give or to withhold their love depending upon whether or not the object of their affection pleases them.
The second Greek word

for love is "storge," which is descriptive of sheltering love. This is the protective kind of love which is commonly expressed within the family.
The third kind of love is "philia," which is descriptive of the sociable-kind of love. This is the kind of love man expresses in the so-called "social" areas of society. It is this kind of love which prompted the name, "Philadelphia," meaning "the city of brotherly love."
"Philanthropia" is the fourth Greek word for love and is, descriptive of that kind of love which leads one to be concerned about those less fortunate. The desire to be of help to others, which this kind of love generates, has led many people to be "philanthropists."
All four of these kinds of love are, if one will but look closely, man-centered and subject, therefore, to becoming self-centered. This is most certainly true of "eros," the sensual love. The sheltering love, "storge," can become so protective as to do injury to those of one's own family. "Philia" love thrives on the popular thing of being well liked. And "philanthropia" love can prompt one to be compassionate and generous simply

to gain status.
The fifth Greek word used by the writers of the New Testament is "agape" and it is descriptive of sacrificial love. This is the kind of love many people have come to see in God who "so loved the world that he gave his only son that whoever believed in him should not perish but have everlasting life." It is this kind of love which Jesus, referred when He put the standard of discipleship in these terms: "Greater love has no man than this that a man will lay down his life for his friends."
But "agape" love, differs from the other four kinds of love not only in character but in source. Whereas other loves are of man, "agape" love is of God. This is true because God is love.
What kind of love are you expressing in your life — the sensual, the sheltering, the sociable, the social or the sacrificial?

Mrs. George Ames GR 4-0830
Mr. and Mrs. Louis Chismark, of E. Leost, entertained the eighth grade of Our Lady of Victory School Thursday evening in honor of the graduation of their son, Stephen, and of Stephen's birthday. Their guests included Father Wittstock, Richard McIsaac, Mary Sugrue, John Tymensky, Kathy Bishop, Barbara Zavicar, and her parents, Mr. and Mrs. John Zavicar, Helen Bro-

ckout at Cass Benton Park Thursday as their final meeting of the season. Mrs. Donald Thorpe and Mrs. William Reiss are their leaders.
The Tuesday Penochle Club held their final meeting for the year at the home of Helen Waugh last week. Vi Musselman and Phyllis Berardi were guest players. Helen Waugh won first prize, Vi Musselman, second, Agnes Driscoll, third, and Betty Garner, consolation.
Mr. and Mrs. Ed Prutchev went to see "My Fair Lady" at the Fisher Theatre in Detroit Thursday evening.
Mr. and Mrs. William Hawk and Mr. and Mrs. George Ames had dinner at the Canopy in Brighton Thursday evening.
Augusta Lewis was hostess to the Thursday Bridge Club last week. Joann Pfaff was a guest player. Nancy Miliken won the prize.

Set 2-Week Bible School At St. Paul's
Vacation Bible school will be conducted for two weeks at St. Paul's Lutheran church, High and Elm streets, beginning Monday, June 18, at 9 a.m. The school will be open for children of kindergarten through junior high school age and will be held only during the morning hours.
The daily schedule will include Bible stories, Christian hymns and songs, art projects related to the lessons, group discussion and supervised play.
All of the children will sing special songs in the 10:30 a.m. church service on June 24.
As in past years the children will participate in a closing service in the parish hall on the last day of school, which this year will be Thursday, June 28. The closing service will be held at 7:30 p.m.
Parents interested may enroll their children in the Sunday school office, Sunday June 17 during the morning.
Additional information may be obtained by phoning FI 9-3140.

OUT OF THE PAST

ONE YEAR AGO
June 15, 1961
All construction in Northville and 21 other Wayne county communities was brought to an absolute halt this week by Dr. Albert E. Heustis, state health commissioner. The action, termed "necessary to protect the public health," was aimed at the 22 western Wayne communities along the line of a proposed sanitary sewer interceptor. The failure of the communities to agree individually to take part in the sewer line was cited as the reason for the ban on construction.

The Northville Retail Merchants' association went on record Tuesday night as opposing the new post office site endorsed last week by the city council. The merchants had the backing of Postmaster Leland Smith who favors two business district locations under consideration.

The possibility of a shopping center on the edge of Northville's city limits were brought up this week when a request was made in Novi for rezoning of 24 acres to permit the commercial use. A public hearing to air the proposal has been scheduled for June 30.

FIVE YEARS AGO
June 13, 1957
Seventeen years of planning a bigger and better school system for Northville will end this month for retiring board members Robert Coolman and Donald B. Severance. Coolman, board president, completed nine years of service and Severance eight. Their seats were easily taken in Monday's election by Dr. Waldo Johnson and Adrian White.

Northville school district voters this week authorized the school board to negotiate with Wayne county in the possible sale of school property to the county for the proposed Eight Mile road cut-off.

A nurse at Atchison Memorial hospital was struck by a car last week and hospitalized with minor bruises and a fractured left hand. Dorothy Issanharthy of Livonia, was crossing Wing street in front of the police station when she was struck by a car driven by James R. Newman of East Baseline.

The Novi school district voters will be asked to approve an \$825,000 bond issue June 26 for construction of a new elementary school and purchase of two sites for future schools. The proposed school, which would accommodate about 420 students, will be built on a 10-acre site near the west side of the Willowbrook subdivision.

FIFTEEN YEARS AGO
June 13, 1947
Two sisters died and their two companions were seriously injured in a Novi road crash last week. Dead on arrival at Sessions hospital was Mrs.

Joyce Clark, 22, of Royal Oak. Her sister, Mrs. Jacqueline Hartzel, 22, of Plymouth died shortly after admission to the hospital. Thomas Martin, driver of the car, of 16240 Northville road, and Miss Lou Green 34500 Seven Mile road, were reported as seriously injured.

State police are investigating the firing of a pistol at the Lee Carron Riding stables last week-end. The police were summoned by report that small children had discharged the weapon. When they arrived, officers could not locate the children. The pistol was found to be unregistered.

A group of five Northville high school students left yesterday as local representatives to Wolverine Boys' State in Lansing. The boys, including Dave Pottinger, Bob Campbell, Bob German, Mickey Nagey and Bart Connors, will join similar envoys from throughout the state in learning the workings of Michigan's state government.

The circus and jamboree held in Novi last week earned \$1024 for the proposed community building. The events, sponsored by the board of commerce, drew large crowds.

TWENTY-FIVE YEARS AGO
June 18, 1937
Northville's PWA reservoir, under construction since April of last year, passed its inspection last week. H. B. Culbertson, contractor, and the Western Waterproofing company have completed all repair on the leaks, and engineer H. F. Hamill reports only normal losses of water from the reservoir.

Clarence Tucker, 29, owner of a West Seven Mile road fruit farm, was crushed to death by his tractor Monday. Tucker was hauling several logs and a roller when the tractor overturned, pinning him underneath.

Northville schools ended the year \$600 in the black, says Superintendent Russell H. Amerman. He said he was "proud" of the surplus and predicted it would be used for landscaping of the new grade school.

Percy Angrove, of West Main street, was named vice-president of the International Society for Crippled Children at a convention held recently in Milwaukee. He is executive secretary of the Michigan branch of the organization.

NOTICE CITY OF WIXOM

INVITATION FOR BIDS FOR 1 POLICE CAR:
Sealed bids are invited for one 1962 model Police Car, subject to trade in on one 1960 Police Car.

All bids must be received by the City Clerk of the City of Wixom not later than 8 P.M., June 14, 1962, at the City Offices which are located at 49045 Pontiac Trail, Wixom, Michigan.

- SPECIFICATIONS:**
- Four Doors
 - V-8 Engine 220 HP 352 Cubic Inches
 - Heavy Duty Front and Rear Springs
 - Heavy Duty Front and Rear Shock Absorbers
 - High Capacity Drive Pinion Bearings & Rear Axle Assembly
 - Heavy Duty Riveled Brake Lining of Increased Area with Ribbed Brake Drums
 - 70 Amp. Hour Battery
 - Heavy Duty Generator 40 Amp. Rating Top Mount
 - Large Capacity Radiator for Extra Cooling
 - Heavy Duty Cruiseomatic Automatic Transmission
 - Heavy Duty Front and Rear Seats with Interior Conventional
 - Heavy Duty Front End
 - Radio Suppression Kit
 - Calibrated Speedometer
 - 15" Wheels with 4-Ply Nylon Tire 7.10x15, Tubeless
 - Single Spot Light
 - Electric Windshield Wipers
 - Turn Signals
 - Windshield Washers
 - Heavy Duty Front and Rear Mats for Floor
 - Front Air Heater

The City of Wixom reserves the right to accept or reject any or all bids.
Pearl S. Willis, City Clerk

Observe Rules For Pool Safety

Swimming and wading pools should have special attention to make them safe for use by children or adults, Dr. Charles P. Anderson, health commissioner, states. Certain important precautions are needed to keep them from becoming accident hazards or to prevent them from becoming a means for spreading infection.

Sanitary regulations make it mandatory for public swimming pools in Detroit to have the water treated by controlled filtration and also to have it chlorinated or otherwise properly disinfected.

The water in these public pools is kept in satisfactory condition by being recirculated, filtered and chlorinated continuously while in use. Personal cleanliness is required of the users of public pools. Sanitation and operation are checked frequently by the Department of Health.

Dr. Anderson says proper care of private swimming pools require measures quite like those practiced at public pools which are carefully engineered, operated and supervised to keep health and accident hazards at a minimum. Family swimming pools should be equipped with a filter and pump which have enough capacity to recirculate the water every 12 hours. In addition water should be disinfected with chlorine or some other suitable chemical. A fenced-in area or yard is a must for safety around every swimming pool.

It is not practical to change the water in a wading pool often enough to keep it safe. In hot weather it is better to use a shower spray from a hose to keep children cool and this water is always fresh.

The following hints on the care of the small pools should be followed in order to reduce the chance of accidents or the spread of infection.

1. Keep in mind that the person maintaining the pool has a legal liability as well as moral responsibility for its condition and safety.
2. Do not permit too many people in the pool.
3. The use of the pool should be restricted, if possible, to members of one family. If play-

mates are allowed to share it, make certain that they are in good health.

4. Any pool is a potential drowning hazard and should be maintained only in a completely fenced area.
5. Make sure that water in the pool is clean. Dirt in the water prevents disinfectants from reaching the bacteria to destroy them.
6. Metal and glass objects, soap, foodstuffs, pets, leaves or grass trimmings tend to cause accident hazards or to use up the disinfectant and should be kept out of the pool.
7. Rinsing the feet before entering the pool is a valuable precaution.
8. Avoid submerging the end of the hose in the pool water. Unless the hydrant has an approved vacuum breaker, the pool water may contaminate the city water in your house.

Dr. Anderson says proper care of private swimming pools require measures quite like those practiced at public pools which are carefully engineered, operated and supervised to keep health and accident hazards at a minimum. Blending Bench

Give your patio a graceful ending by building a simple garden bench around its perimeter. Use fir 2x4s and stain them a soft buckskin beige or let them weather to silver. Bench does a fine job of blending paved patio into adjacent lawn area.

Plan for Indoor Convenience Outdoors

For true relaxation in outdoor living, your patio or swimming pool area should be planned as carefully as your living room. Such indoor conveniences as a telephone, radio and TV, electric coffee maker, fryer, pan and portable refrigerator can add much to your pleasure.

MOTHER MAKES PHONE CALL, while keeping eye on children at the swimming pool. This pool-side convenience is available via outdoor phones, usually portable, equipped with plug-in jack.

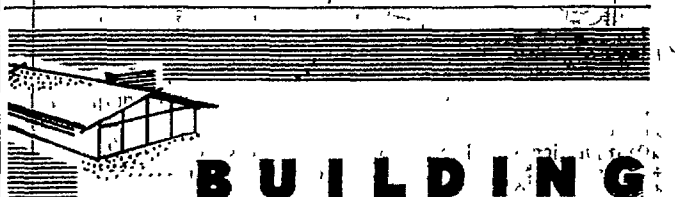

The important thing is proper planning and a primary point in this is the correct placement of special conveniences both for ease of use and safety. When circuits for electrical appliances are planned, the placement of outdoor furniture should be taken into consideration. Avoid stretching cords across open spaces — a common cause of accidents about the home. Enough outlets should be installed to adequately handle the number of appliances needed.

The telephone site also should be planned ahead for the greatest possible convenience and with the arrangement of outdoor furniture in mind. When the phone is placed in a spot handy to a table and some comfortable chairs, it can make it easier to place and answer calls.

With the telephone, it's possible to have the same neat appearance of concealed phone wiring (whereby phone wires are channeled out of sight in the manner of electrical wiring) outside the house as well as inside.

The telephone company should be consulted when the outdoor area is in the early planning stage. It makes sense to have the telephone wire run beneath a concrete surface — a difficult feat if the concrete is already in.

Outdoor phones are usually portable instruments equipped with plug-in jacks. Color is an added feature of today's phones and can be used to accent or blend with the color scheme of outdoor furnishings.

If variety is the spice of your life, see the choice selection of buys now at your Chevrolet dealer's One-Stop Shopping Center. One of those new Chevrolets, Chevy II's or Corvairs should suit you perfectly and spare your budget any strain! We wouldn't presume to tell you which one to buy, but your Chevrolet dealer has more ways of helping you make up your mind. Like the Jet-smooth Chevrolet Impala, luxurious, extremely comfortable, undoubtedly the best riding car in its field; the Chevy II Nova, lively, lovely, and inexpensive, too; the Corvair Monza, a family car that rather thinly disguises its desire to be a sports car; and the Corvette, America's out-and-out sports car. As you see, your Chevrolet dealer has just the tonic for that "let's go traveling" look in your eye. And, what's nice about buying one, you won't have to juggle your life around to afford it. You know?

Four fun and fun ways to get away (shown top to bottom) are the Corvette, Corvair Monza Coupe, Chevy II Nova Station Wagon and Chevrolet Impala Sport Sedan.

Now, beautiful buying days at your local authorized Chevrolet dealer's Golden Sales Jubilee!

New 'Shell Homes' Introduced

The popular line of Cost-Saver Shell Homes is being offered for sale for the first time in this area by the Novels Lumber & Coal Company, 630 Base Line Road.

These owner-completed homes which are built with quality name brand materials and feature every up-to-date convenience and comfort, provide savings up to 40% for home buyers the firm notes.

Buyers make savings by doing their own interior finishing work; first cost is low and

monthly payments are low. In addition, if the buyer has his own lot, Novels Lumber & Coal company does not require a down payment for a Cost-Saver Home.

A wide choice of designs and floor plans is offered. And where individual preferences or family needs require it, these designs or floor plans can be altered or changed. The homes, one of which is illustrated above, can be built on town, suburban, farm or resort property. They go up fast; in just

weeks buyers can take possession.

Many families in all sections of the country are finding quality homes they can afford in the shell home group. They are putting their do-it-yourself talents to work and can wind up easily with completed homes worth two to three times the original cost of the shells.

Novels provides complete detailed "how-to" instructions for finishing homes.

SMOOTH SPLICE

To splice two pieces of lumber, cut one off at a long, tapered angle, use it as a template at the same angle. Join with screws through edge, reinforce with glue.

Whew! It's Hot! Where's My Cooling Shade Tree?

Next summer when it's broiling hot, and the sun's reflected heat bounces off everything from pavements to the top of your head, will you wish you'd planted a shade tree? Did you know, for example, that a shade tree will transfer the heat level from the ground to the overhead foliage, thus making it cooler and more comfortable on the ground beneath?

According to the authorities, including the American Association of Nurserymen, that's a scientific fact.

In suburbs where there are large cooling trees, it also is

much cooler than in cities without many trees. Some years ago, tests were made, and the suburbs with trees were eight to ten degrees cooler. In Texas, it was found that trees shading homes greatly reduced the costs for air conditioning as compared to homes without trees.

On Saturday and Sunday mornings do you like to sleep late in a room on the east side of the house? Then plant a shade tree. It will keep the room cool all morning. The same thing happens to a room on the west side of the house at night. It gets cooler much earlier and by the time you go to bed it's pleasantly cool, providing you have a shade tree on that side.

In the summer the hottest time of day usually is in the afternoon when the sun shines from the west, or west-by-northwest sky. A large shade tree planted between the sun and your garden living area will shade and cool it. Without large trees that really give shade and have a tempering effect on climate, the country really would "burn up" at times in summer and everybody would have to dress like the Arabs, or else "sweat it out" in complete discomfort. You can bless the large trees in America, for without them you'd soon be living in a desert.

NOW a better paint for Brick or Stucco

Amazing new Du Pont "Lucite" House Paint gives your home a wonderful, rich low-luster finish that lasts and lasts! It spreads quickly and easily, too... and dries to a hard, weather-resistant finish in just an hour. You can paint in any weather with "Lucite" — it may be applied even to damp surfaces.

Local Cadets Take First Flight

Twelve Civil Air Patrol cadets from the Northville squadron had their first orientation flight recently. They were flown in the C.A.P. L-16 plane assigned to the Inter-Lakes Group, and piloted by Group Commander Major S. N. Domingue and staff

officer Major Don Patterson. From Spencer airport in Wixom the cadets were shown how Northville and the local area looks from the air. Domingue said that during the flight the cadets were allowed to take over the controls for a few minutes.

He said many were surprised to find that the plane could fly level by itself after being properly trimmed, but when they handled the controls it was "all over the sky." This is done on a cadets first ride to show how a plane can fly straight without much help from the pilot, he explained.

The Northville squadron now has fourteen cadets, and will receive its charter when one more cadet joins the unit. Domingue said that so far there haven't been enough adults interested to supply the officers needed to operate the squadron. He said he will stay with the unit until he finds someone capable of taking command.

In Uniform

Jacksonville, Fla. — William E. Gallagher, airman apprentice, USN, son of Mr. and Mrs. Ralph W. Gallagher of 549 Dunlap, has reported to the Naval Air Technical Training Unit, Jacksonville, Fla., to attend the Aviation Electrician's Mate School.

The 22-week school offers instruction in the fundamentals of the aviation electrical field, including various electrical systems, instruments and components.

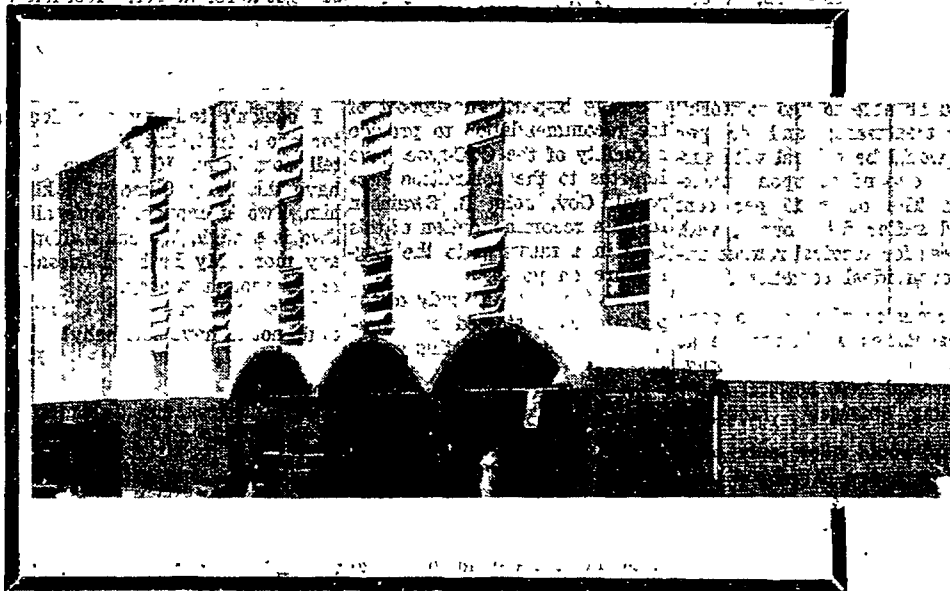

Groton, Conn. — Ernest W. Ebert III, interior communications electrician, fireman, USN, son of Mr. and Mrs. Ernest W. Ebert of 218 West Dunlap Street, was graduated on May 29, from the Enlisted Basic Submarine School at the New London Naval Submarine Base, Groton, Conn.

Graduates usually report aboard operating submarines of the fleet where they have nine months in which to qualify fully as a submariner. Only then may they wear the coveted "silver dolphins" — symbol of the Submarine Service.

FIRST FLIGHTS — These Civil Air Patrol cadets were among 12 who took their first flights recently. They are members of the Northville squadron, which files from the Spencer airport in Wixom. The cadets are, (l-r) front row: Lynn Baughman, Wyatt Hazlett, Wes Klonecke, Robert Wiley and Russ Schoof. Back row: Gary Williams, Linda Gombazy, John Harrison and Tim Dickinson.

SPEAKING for The Record

by Bill Sliger

We're living in a world these days that is chocked full of a variety of forms of entertainment designed to tickle the pleasure of the most harried person.

One can read, go to the movies, theater or opera, attend a symphony, watch television, listen to the radio, see a ball game or risk a few dollars on the horses.

But none of these, in my opinion, can match the effectiveness and excitement of the inspirational speaker — the real pro who has you laughing one minute, fighting tears the next, and finally, resolving to start improving your way of life the very next day.

The Reverend Carl S. Winters, pastor of the First Baptist church in Oak Park, Illinois, is such a speaker. His ability takes him around the world and he is employed by General Motors as a lecturer.

He's a humorist with a deft touch; he's dramatic and dynamic; and he's a living example of what he preaches.

What is most remarkable about this man's effectiveness is that, in this particular instance, it was created by "remote control".

Last Thursday evening I heard an address given by the Reverend Winters at an installation of officers of the Novi board of commerce.

The speaker was not there. But a recording of a speech he had given to the Royal Oak chamber of commerce in 1959 was brought to the meeting by R. B. Powers, secretary of the Royal Oak chamber.

It is difficult enough for the average speaker to hold the attention of his audience when he can look them in the eye. And somehow, it seems rather awkward for a group of people to huddle around a box and listen to a voice.

But despite these disadvantages, the Reverend Winters held the undivided attention of his audience for nearly an hour. I think everyone wanted to burst out in applause on several occasions, but the "live" audience in Royal Oak took care of this.

It would be impossible to relate with any degree of completeness the inspiring message that the Reverend Winters had for his chamber of commerce audience. But several of his thoughts and anecdotes should serve to bring out the point.

His address was entitled "The Glory Road" and it was designed to inspire people to help one another toward a better life for all. He said it this way:

— A man being shown the difference between heaven and hell was taken to a large, luxurious room with tables heavily laden with delicious foods. All of the people in the room were walking around with their arms in splints extending horizontally. They were pale and under-nourished because they could not feed themselves and this was hell. In another room the same condition was duplicated exactly, but the people were happy and healthy. They were feeding each other, and this was heaven.

— The world is composed of only two kinds of people — lifters and leaners, builders and wreckers or givers and takers.

— Everyone is familiar with Babe Ruth's great home run records and that in his career he hit more than 800 homers. But did you know that he struck out more than 1,000 times? When asked how he attained success in the face of all these strike-outs, Ruth replied that he just "kept swinging".

— If you don't like your lot in life, build a service station on it.

— And on the lighter side, the Reverend Winters compared the different kinds of "responsibility". He told about the little boy who answered an advertisement placed by a store-keeper for a "responsible boy". "I'm your boy, mister," a small, freckled-faced lad announced. "How do you know this," asked the store-keeper. "Everywhere I've ever worked when something goes wrong, the boss says I'm responsible."

— Still another example of responsibility was the young man married to identical twins. "How can you tell them apart," he was asked. "I can't, but that's their responsibility," he replied.

The Reverend Winters' address had special meaning to me. As a small boy, less than 10, I attended Sunday school at the First Baptist church in Jackson where a young minister was winning legions of friends among the young and old alike. His voice came clearly back to mind last week — after 30 years.

The Reverend Winters had just started his "glory road" at this early stage of his career. And you never forget the "lifters".

Civil Defense

Civil defense is a field of concern in which every individual must make a judgment.

Much of civil defense preparation depends on one big "if" — if a nuclear attack occurs near you.

For example, State Health Department officials say if a medium range nuclear weapon were exploded in the center of a city the size of Lansing, an estimated 40,000 people would be killed outright, 33,000 would be wounded seriously enough to require medical attention, and 52,000 would suffer the explosion without serious injury.

The individual's choice is whether he is located where a fallout shelter would be of value or whether he wants to take his chances on existing facilities in the hope the "if" never occurs.

Communities, however, have little choice, according to health authorities.

The problems which would confront a community at or near a nuclear blast are of a magnitude rarely realized by individuals.

Statistics are available, however, to show what facilities, equipment, supplies and personnel would be required for the care of mass casualties.

In the event of a blast at a city like Lansing, State Health Commissioner Albert E. Heustis said two-thirds of the victims who survived the initial explosion would be suffering from burns alone, or in combination with lacerations and broken bones.

This would not include cases of radiation sickness, which would not be detectable until later symptoms developed.

Of the burn victims, half would be able to "go to work" after treatment; and 40 per cent would be critical with survival dependent upon treatment. The other 10 per cent would suffer fatal burns, with chances for survival remote under even ideal conditions.

Community planning to care for casualties would require at least 300 physicians surviving, and around 2,000 hospital beds, including emergency facilities.

This would allow only one bed for every 10 injured but might be sufficient if proper pre-planning was carried out, Heustis said.

Effective use of every survivor of such an attack would depend greatly on widespread

knowledge of first aid and medical self-help techniques, Heustis said.

Michigan's conservation program could get a boost under a legislative proposal which is gaining strength.

The House of Representatives recommended Senate approval this year of a measure which has been under consideration for six years by legislators interested in lessening the problem of delinquency among youth.

Representatives Harry De Maso, Battle Creek Republican, and E. D. O'Brien, Detroit Democrat, headed the move to gain acceptance of a part of a program proposed by a legislative interim committee they led.

Of five proposals, the House accepted two almost without opposition.

The main proposal which was approved by the House would allow the creation of a camp facility, similar to the CCC camps operation during the depression.

Youths referred to the State Social Welfare Department by courts, police, or other agencies, could be put to work in the camp unit. It initially would include 60 persons.

The Conservation Department and Department of Public Instruction would cooperate in the project.

The Conservation Department would provide work for the youths to do at state forests and park lands. Teachers for an educational program at the camp would be provided by the Department of Public Instruction.

Minnesota and several other states have similar programs in operation, De Maso said. Success of these programs led to the camp recommendation by the Michigan legislative committee.

Strong bi-partisan support of the recommendation to provide a facility of the CCC-type gave impetus to the committee proposal. Gov. John B. Swainson made a recommendation of this type in a message to the Legislature on youth.

Six years ago, a study of the probate code started the committee on the road to this year's proposal.

By putting delinquent youth to work helping improve the state's conservation and recreation lands, De Maso said the Legislature would be "taking a realistic step toward building the defenses which the state must have in order to have an effective and adequate defense to the ever-occurring juvenile problems."

Roger Babson

Gravity and Airplane Accidents

Babson Park, Mass., My first investment was in the stock of Niagara Power Company. I was astounded by the tremendous power of gravity which had been going to waste over Niagara Falls for thousands of years.

When I was later connected with MIT, I became interested in Sir Isaac Newton and his studies of Gravity. The Babson Institute now has the second largest Newton Gravity Library in the world.

Gravity Research Foundation When the Gravity Research Foundation was established and endowed at New Boston, New Hampshire, I was glad to help.

My first interest was aroused by Harry Vissering of Babson Park, Florida, who flew the first giant dirigible from Berlin to New York. I was then even taught that it was impossible to make heavier-than-air machines fly and not fall to the earth.

I further found that Clarence Birdseye, the discoverer of quick freezing, and Igor Sikorsky, the father of the helicopter, and Dr. Howard Stearns of Simmons College were members of the Board of Trustees. I gladly promised them my help.

Up to that time no serious accidents had happened on commercial airlines; then the original idea of the Foundation was to "harness gravity".

The present purpose is to make an airplane temporarily float in case of trouble and drop slowly to the ground so the passengers can safely get off.

Most of the studies have thus far been along developing a semi-insulator of gravity, which could cover commercial airplanes. This would require the development of some new metal, with the molecules arranged differently than exists in any present metal. I understand that the Gravity Research Foundation will send details of

this proposed new metal to anyone who writes them at New Boston, New Hampshire.

A young inventor named Norman Dean, of Washington, D.C. has invented a machine to be put into an automobile which will raise the automobile when the machine is operating. This idea has been discarded under the theory that it is "pulling oneself up by one's bootstraps". Hence the idea has not been adopted by helicopters or individual airplanes.

However, there is no objection to this for an emergency purpose. If "Lord Howe's" friend's invention had been such that the engines of the fatal French airplane could have suddenly been used to prevent this anti-gravity fall, it might have saved the lives of these Atlanta people.

The Foundation makes no experiments and has no laboratories of its own; but it is endeavoring to interest scientific departments of colleges in the

problem. Up to the present time four colleges have erected monuments near their science building with these words thereon: "This monument has been erected to remind students of the blessings forthcoming when a scientific breakthrough discovers what Gravity is, how it works, and how it may be controlled to prevent airplane accidents."

Another, hopeful feature is the offering of Annual Awards of \$1,000 for essays on the subject of gravity. Last week awards were made to the following five persons: Dr. G. M. Clemence of the U.S. Naval Observatory in Washington, D.C.; R. L. Forward of Hughes Laboratory, Malibu, California;

D. W. Sciama, Department of Applied Mathematics and Theoretical Physics, Cambridge, England;

F. J. Dyson, The Institute for Advanced Study, Princeton, New Jersey;

C. Y. Wang, Harvard University, Cambridge, Mass.

I advise those who travel much in commercial planes to take an interest in this non-profit Foundation about which I am writing this week.

Dr. Mudd Replies

'I Don't Want Baby'

Dear Dr. Mudd:

I am pregnant for the third time and I don't want to have this baby. I don't care what happens to me or to any of us, but I'm not going to go through another seven months like the last two have been.

I'm nauseated all the time. Smoke makes me retch and my husband doesn't even care enough about me to not smoke in the house.

Two of my children are in diapers and taking care of these makes me sick to the stomach. I retch so much I can't even hold anything down. It was just like this before. Exactly like this. The last one I said I wasn't going to have any more. I didn't care what anyone said about having babies. I wasn't going to have any more.

I tried to find out the name of an abortionist but I can't find one. What is so wrong with an abortion? I can't have this baby. I just can't have this baby. Even now I'm so sick I can't hold my head up and I've still got to fix supper. I feel like killing myself and the only reason I'm writing to you is because last night I thought about killing my husband.

I couldn't tell my own doctor about that, but I've got to tell somebody. If I have to have this baby I know I'll kill him. Two is enough. That's all. Two is enough. We can't afford any more. My husband doesn't make enough money.

Please tell me what I have to do not to have this baby!

Dear R: Your distress and discomfort is obvious — and not uncommon during the early months of pregnancy, as virtually every mother can tell you. It will do no good to point out how much you will enjoy your new baby for all you can see now is a future of endless "morning sickness."

You may be certain that you will feel far differently after your delivery and very probably will have altered your views on the subject long before that. I am glad to hear that you could not obtain the name of an abortionist. Abortion is a criminal act anyhow and it would hardly help matters to make a trade of guilt in exchange for relief from morning sickness.

Aside from the immorality of a married woman being aborted of her husband's child,

there are dangers to such procedures which cannot be overlooked. It is not surprising that you have had a few angry thoughts about your husband, for he is the most obvious source for your present complaint.

However, you had something to do with this pregnancy too and must, as a matter of reality, acknowledge that it is not "all his fault."

In any event, perhaps you have something to learn about birth control techniques which are becoming increasingly more certain and effective. At least for the future, you may be better able to plan the size of your family.

Of course, if this is opposed to any religious beliefs you may hold on the subject, I should not suggest you follow this counsel. In any event, you will have to examine your own conscience insofar as determining what would be best for you.

I am not sure that you need

psychiatric help, but I do suggest that you talk to your family doctor or to your obstetrician. Be very frank and open with him about your concerns and anxieties.

If he feels you need to see a psychiatrist, he will tell you and suggest someone you may see. It may very well be that there is a medication available which will greatly relieve not only your nausea and vomiting, but also help you over the rough spots insofar as the anxiety and tension you are presently experiencing.

Sincerely,
Sandor Mudd, M.D.

On June 30 Our
Customers Will Receive
Another Earnings Payment
at 4% Annual Rate

Your savings don't have to stay in a full year at Detroit Federal Savings to receive earnings at 4% annual rate

We have been open only 4½ months, but on June 30 we will be making our second earnings payment to our customers.

Even \$5.00 accounts will receive these earnings.

Our earnings are payable and compounded quarterly. All savings on deposit here by July 10 will receive full quarterly earnings at 4% annual rate on our third distribution date, which will be the end of September.

Open Saturdays, 10 a.m. to 1 p.m.
