

# Rash of Automobile Accidents Hits Area Over Weekend

A total of 24 persons were injured, none critically, in eight accidents in the Northville-Plummeton area over the weekend, police report.

Ten of the injured were in an accident on Six Mile at Northville roads. Harry Howard, 46, and seven of his nine passengers were injured Sunday afternoon when police say he failed to stop at a signal on Six Mile at Northville road. His car was struck by a car driven by Joyce Appleton, 19, of 11680 Morgan in Plummeton.

St. Mary hospital reports Howard was treated for a scalp laceration and released to a Hamtramck hospital, and his son Charles, 10, and Cecile, Joseph, Debra, Frida, Regina and Elvin Williams, ranging from ages nine to four, were treated for minor injuries and released to Children's hospital in Detroit.

The Williams' children's mother and another infant were in the Howard vehicle, but were not injured.

Miss Appleton and her passenger Debra Kohler, four, of Garden City, were treated at the hospital and discharged.

312 Randolph, suffered a broken leg when her car dragged her about 70 feet after she had tried to stop it from rolling backward.

Novi police said Mrs. Randall and her sister, a passenger, told them she had stopped on Meadowbrook road at Eight

They received only minor scrapes and bruises.

David R. Smith, 18, of Wayne received a nose injury, and his passengers Edward Daniels and Richard LeBance were treated at St. Mary hospital for slight injuries and released after Smith's car overturned on West Eight Mile road Sunday afternoon.

Investigating officers report Smith told them the youths had been playing with fire crackers, and he had lost control of the car when he took his eyes off the road.

The car overturned on the shoulder of the road, a quarter mile east of Napier road, and slid nearly 75 feet on its top. Smith was ticked.

Mrs. Marian Randall, 76, of

Mile Saturday afternoon and gotten out of the car to see whether Eight Mile was passable because of construction being carried out there.

While Mrs. Randall was returning to her car, police said, the emergency brake loosened and the car began to roll backward. She was dragged by the car door when she tried to get into the car to stop it.

Mrs. Randall was hospitalized in St. Mary hospital, and has now been released.

Mrs. Irene Bradley, 33, of Farmington, and her children Thomas, 6, and Linda, 10, were taken to their own doctor for treatment of minor injuries when their car was struck from behind by a truck driven by Ernest C. Fisher, 65, of 29737 Old Plank road in Wixom.

Police said Mrs. Bradley slowed down on Grand River avenue Monday morning to turn into a private drive near Meadowbrook, when Fisher's truck hit them, forcing the Bradley car in a semi-circle. Fisher was ticked for failure to stop in the assured clear distance ahead.

Four Detroit youths, Norman Benham, Jeff Grace, Bill Hart, all 17, and James Comer, 16, received injuries Friday evening when Benham's car crashed into a tree on Beck road, 350 feet south of Grand River.

Benham told investigating officers he had bent over to adjust the car's air conditioning when he lost control of the car and struck the tree, located on the shoulder of the road.

Benham, Comer and Hart were taken to St. Mary hospital, where Hart was treated and released and the other two were reported in good condition with head injuries. Grace received only minor injuries.

At the same time Novi police were handling the Beck road accident, another occurred on 12 Mile road.

Police Sergeant Vern Loeffler and Patrolman Allen Olsen said they were heading east on 12 Mile when they were forced to pull to the shoulder of the road by a west bound car attempting to pass another.

They said the car, driven by Herman Hagedorn, 30, of 25377 South Wixom road, pulled back into line, striking the car it had attempted to pass.

Robert J. Hayden, 18, of Madison Heights, received a whip-lash neck strain when his car was struck in the rear by Hagedorn's car.

Hayden's car was forced 144 feet off the road and Hagedorn's car traveled 390 feet from the point of impact, the officers reported.

Hagedorn was ticked for reckless driving and for carrying a concealed weapon, the policemen said. They explained that while investigating the accident, they noted a gunbelt in Hagedorn's car, and later found that he had no permit for the gun.

Mrs. Jeanette O'Hearn, 38, of 913 East Lake drive, received a severe leg cut Friday when a hubcap came

loose from a passing car while she was putting groceries in her car in front of 1320 East Lake drive.

## Rebecca Coolman Weds Frank George Muller

Rebecca Fuller Coolman became the bride of Frank George Muller in an evening ceremony performed at the First Presbyterian church in Northville Saturday, June 16.

The wedding rites were conducted by the Reverend Lloyd Blaine.

The bride's parents are Mr. and Mrs. Robert Coolman of 342 West Dunlap street. Mr. Muller is the son of Mr. and Mrs. George Muller of 215 Hill street.

The former Miss Coolman, given in marriage by her father, chose a floor length ivory brocade gown with train and very shoulder length veil falling from a crown of pearls and ribbons. White roses, stephanotis with miniature carnations and ivy composed the bridal bouquet.

Vases of white stock and majestic daisies decorated the altar.

The bride was preceded up the aisle by her mother of honor, Mrs. Richard Coolman of Northville, and Mrs. Richard Lyor and Miss Christine Muller of Northville and Mrs. Kenneth Zachs of Birmingham, bridesmaids.

The attendants wore periwinkle blue dresses of silk organza with matching shoes and flower hats with veils. Mrs. Coolman carried a crescent bouquet of yellow roses, white daisies and ivy, while the bridesmaids carried bouquets of miniature yellow carnations with yellow daisies and ivy.

For her daughter's wedding Mrs. Coolman was attired in an ice blue brocade gown with a hat of the same fabric, matching shoes, elbow length white kid gloves and carried a white beaded purse.

Mrs. Muller selected a beige lace and chiffon gown with a beige and rose flower hat and matching shoes and handbag.

Mrs. Coolman wore a corsage of white roses and ivy with blue trim, while Mrs. Muller's corsage was an arrangement of yellow roses and tangerine carnations with ivy. Mrs. Denise Volpert, grandmother of the groom, wore a corsage of white miniature carnations and yellow roses.

Joseph A. Mastro of Yonkers, N. Y. was the groom's best man. Ushers were William Morris Cusenza of Grosse Pointe Woods, Richard Coolman, James F. Krolczyk of Manistee,

and Philip Muller.

After the ceremony a reception for 250 guests was held in the church parlors. Guests attended from Grand Rapids, Ludington, Paw Paw, New York, Akron, Buffalo, Argentina and Northville.

Following the reception the couple left for their home in Charlotte. The new Mrs. Muller wore a brown linen suit with a braided trim, green and brown silk petal hat, bone shoes and a purse.

The new Mrs. Muller was graduated June 10 from Michigan State university and will teach English at Charlotte high school next fall. Both Mr. and Mrs. Muller will attend Michigan State university summer school with Mrs. Muller working on her masters degree.

## Librarian Rhea Wilcox to Retire

"I know I'm going to miss it for awhile. But maybe I'd miss it more the longer I'd wait," Northville's public library and its patrons, young and old are going to miss Rhea Wilcox too. At 60, the amiable, soft-spoken librarian has decided to retire. She ends nearly 23 years of service a week from tomorrow.

Mrs. Wilcox has been with the library, a branch of the Wayne county system, almost as long as she's been in Northville. She joined the staff three years after moving here from Grosse Ile with her parents.

"They were in desperate need of help," she recalls "when the head librarian asked me to apply for a position. I went down to the main library in Detroit, made out an application and got the job." Although she had never studied library science, Mrs. Wilcox had gone to school at St. Mary's convent in Monroe — and now Marygrove college — and

at Detroit Teachers college, which later became part of Wayne State university.

She has since proved her competence in library management by making the branch here one of the finest facilities in any town the size of Northville.

Plaudits won by its well-balanced collection rightfully belong to the retiring librarian who has been in charge of book selection since the county relinquished that task in the forties.

Now that Mrs. Wilcox is giving up the head librarian's job, she's held since 1946 what will

fill those hours spent ordering, cataloging and circulating books.

"I'm finally going to get around to reading some of those books," she says, "and beyond the nifty jackets of books that have crossed her desk over the years."

"And I'll be going down to Missouri, Cape Girardeau, to visit the O. L. Wilcoxes." Mr. Wilcox was a brother of the librarian's late husband who died suddenly less than two years after the couple married.

"Maybe I'll take a nice long trip. I don't know where. We'll see what comes along."

Mrs. Wilcox is determined to make some real headway in her early American doll house.

What's more she may get back to drawing and painting, something she says she hasn't done for years.

"I will get back to the library," promises Mrs. Wilcox, knowing that it may take a while to get used to being a patron after 23 years on the other side of the check-out desk.

COMPANY one of the Northville public library and Mrs. Rhea Wilcox, head librarian since 1946. Mrs. Wilcox, checking out books for 11-year-old Sara Bowen, is retiring on the eve of what would have been her 23rd year at the local branch of the Wayne county library.

## Garden Club 'Patio Party' Set Today

Alice Wessels Burlingame, pioneer in horticultural therapy in Michigan, will be at Northville State hospital today (Thursday) to see some of the progress being made by a local garden group working with geriatric patients at the hospital.

Promoting Mrs. Burlingame's visit is a "patio building party" hosted by the Happy Diggers, elderly mental patients who have been helped in their gardening by women on the horticultural therapy committee of Northville branch of the Woman's National Farm and Garden association.

The Happy Diggers' patio will eventually give patients an outside area for their own relaxation and enjoyment as well as a place for them to entertain guests.

Today's party is being held from 9:30 a.m. to noon at the patio site at the east end of F building. The public is invited.

Mrs. Howard Meyer, chairman of the Garden club's horticultural therapy work at the hospital and new chairman of horticultural therapy for Michigan division of the Farm and Garden association — a position once held by Mrs. Burlingame — said the aim of the state hospital project is to motivate the geriatric patients to participate in gardening and its related activities.

Mrs. Meyer has been assisted by Mrs. Frederick Sterner, Jr., Mrs. L. M. Eaton and Mrs. Charles Rathbun. Nearly all other Garden club members have pitched in at one time or another in the 13 months the program has been in existence, added its chairman.

WED IN CONNECTICUT — Mr. and Mrs. Reuben R. Jensen of Chigwidden drive announce the marriage of their daughter, Shannon Leigh, to Edward Paul Hellenbrecht on Saturday, June 16 in Groton, Connecticut. The couple will reside at 1099 Piquette road, Groton, where Mr. Hellenbrecht is employed.

## Kitsons to Celebrate Fiftieth Anniversary

Mr. and Mrs. Bernard Kitson, 20700 Wixom road, will celebrate their golden wedding anniversary Sunday, July 1 with a 2 to 5 p.m. open house at First Baptist church of Wixom.

Married June 28, 1912 in Lansing, Tressa and Bernard Kitson moved to New Hudson September 15, 1915 and opened a small store.

Both are well known in the Novi-Wixom-South Lyon area. Mr. Kitson for his long-time association with the Wixom Co-op and Novi township board and Mrs. Kitson as a correspondent for the South Lyon Herald newspaper. Kitson was manager of the co-op 42 years and served the Novi board 30 years, nine of them as treasurer.

The Kitsons have two daughters, Mrs. Bulah Potvin, of Oakley Park, and Mrs. Rebecca Shelton, of Walled Lake, and six grandchildren, Joseph Lee Potvin and Michael Bernard, Sandra Sue, Patricia Ann, Kathleen Elizabeth and John Clarence Shelton. Tressa Kitson was born in Ovid and her husband hails from Ingham county.

OFF TO WESTERN Michigan university for a June 24-30 workshop for student library assistants are Andrea Bissa (left), Northville high school senior, and Nancy Frountfeller (center), June graduate. The girls, who have been learning library know-how from High School Librarian Marian Sullivan, will take part in activities ranging from book lending to a tour of the Western campus. Andrea, whose stay is being sponsored by the Mothers' club, will be returning to share some of her workshop ideas with the Library club next fall.

## Auxiliary Card Party 'Pays Off'

Even the weatherman went to bat for the Northville State hospital auxiliary last week, pushing away the dark clouds and serving up a clear sky for the auxiliary's fourth annual picnic at the Timberlane road home of Mrs. Crispin Hammond.

The only showers were showers of gifts and thanks exchanged by auxiliaries and hospital representatives.

Proceeds from the recent card party enabled the auxiliary to present a check to buy trapezes for the stage of the auditorium in the Occupational Therapy building. Harriet Miller, registered occupational therapist and director of occupational therapy at the state hospital, accepted the donation.

Supplementing Miss Miller's words of thanks was Dr. Philip N. Brown, NSH superintendent, who expressed his gratitude to auxiliaries for the hundreds of volunteer hours they give to the institution and for a sizeable check received from the auxiliary for the ambulance fund.

Dr. Brown made a presentation of his own, giving certificates of appreciation to Mrs. Louis Pearlman, president of the women's group, and Mrs. Lawrence Wright.

A commercial size popcorn machine for teenage patients brought expressions of gratitude from Tikvah Haggar, Social Service, and Geraldine Reinhardt, registered nurse, who said Dr. S. B. Bloomberg felt the machine would furnish a great deal of pleasure for the young people.

A 16 millimeter sound projector that is being bought with \$253 received from the disbanding of Community General hospital auxiliary was applauded by Fred Galli, registered nurse and director of nursing who supervises In-Service, a program the projector will benefit.

Although the auxiliary will not meet during the summer, it will continue its work in the gift shop, card service to the wards, guiding tours, giving ward parties and other activities.

### Births

A daughter, Nancy Lenore, was born to MM 2nd Class John Doan and Mrs. Cumming III on May 31 at Portsmouth Naval hospital. Cumming formerly attended Northville high school and joined the Navy in 1959. He is the son of Mr. and Mrs. J. D. Cumming, Jr., 28165 Novi road.

### Goodwill Pick-Up

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

GIFTS AND THANKS are exchanged at the Northville State hospital picnic by (l-r) Mrs. Rae Pearlman, auxiliary president; Philip N. Brown, M.D., hospital superintendent; Harriet Miller, OTR, director of occupational therapy; and Fred Galli, RN, director of nursing.

### News Around Northville

Harold Hartley, Jr. and Jon Batzer traveled to Groton, Connecticut Saturday for the marriage of Shannon Jensen, Northville, to Edward Hellenbrecht, the Bronx, New York. While in the East, Hartley and Batzer visited the Coast Guard Academy and Connecticut College for Women, both in New London, Connecticut, and Yale University.

Week-end guests of the Clarence Jeomies of Dubuque street were their daughter and son-in-law, Rev. and Mrs. Richard Hooker, Kalamazoo, who were here to attend Northville High School's commencement exercises.

Mr. and Mrs. E. H. S. West of Alexandria, Virginia have been the guests of the C. F. Walters, Currie Road. Mr. and Mrs. West were here to attend the graduation of Frances Walters from the University of Michigan.

Numerous parties, open houses, and luncheons were held during the recent graduation week in honor of the graduating Class of 1962. Those families entertaining the graduates were the Albert Athertons, Mr. and Mrs. Ivan Ely, the Allan

Harndons, Mr. and Mrs. Jack Willis and their daughter Vicki Joan, the Tony Bongiovannis, the James Sugrues, the Gilbert Winners, Mr. and Mrs. Thomas Morrison and the Robert Hallams.

Among the anglers registered for the Second Annual Everglades tournament in Everglades, Florida are E. W. Adams and L. S. Addis of Haggerty road in Northville.

Fifty doctors, nurses, office personnel, voluntary workers, and auxiliary members of the Northville State hospital enjoyed their annual pollock picnic June 12 at the Crispin Hammond home on Timber Lane.

#### BIDS WANTED

Bids are wanted for the removal of the existing porch entrance and the construction of an enclosed entrance porch for the First Methodist Church, Northville, Michigan.

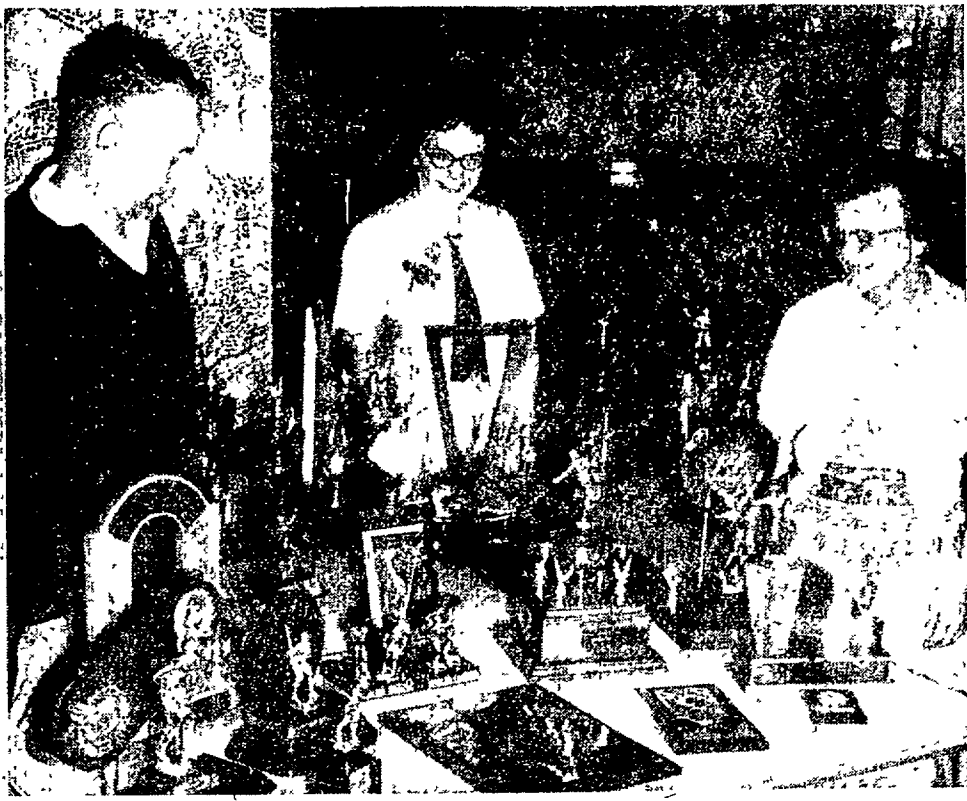

Plans and specifications can be obtained at the Church Office, 109 W. Dunlap, without charge.

Bids are due July 1

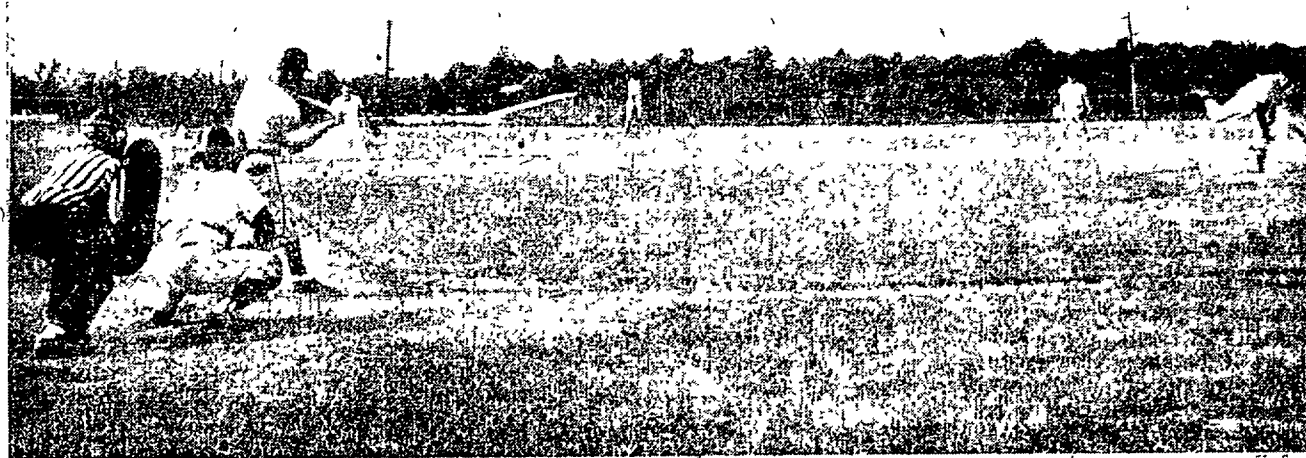

TO THE VICTORS belong the spoils, and Northville high collected many symbols of this tradition during all sorts of competition with other schools this past year. If Athletic Director Al Jones looks a little prouder, it's because Northville athletes provided the vast majority of the trophies. But not to be forgotten are the efforts of cheerleader Coach Miss Pat Dorrian (center) and forensics and debate Coach Miss Florence Panattoni.

BATTER UP — Northville Mustang Joe Hay prepares to swing during the recent varsity faculty tilt that marked the end of the varsity season and threatened to mark the end of the faculty. Pitching for the faculty was Athletic Director

Al Jones. The varsity won 4-2 in an extra eighth inning after track Coach Paul Mack's home run tied the game at 2-2 in the seventh.

## 18-and-under Ball Club's Manager Predicts Success

"We're going to win every-thing," the 12-0 victory over Novi's 18-and-under team.

The little guy, with the wide forehead and the big plans is Joe Kritch, manager of the Northville Plumbers, local entry in the area 18-and-under baseball league.

"And why shouldn't we?" he asked. He pointed to his team roster, which includes most of the best varsity baseball squad Northville high school has seen in a long time.

And he pointed to their first two showings — the Plumbers downed Novi 12-0 last Wednesday, and on Friday they drubbed Plymouth Optimists 10-1.

Kritch said he is already thinking about the state playoffs for 18-and-under recreation teams, and has plans for entering the summer-long adult play-off rounds in the Grand Rapids area recreation program.

The Plumbers opened their local season last Wednesday by slugging away for 11 hits and

Eric Peterson went the distance on the mound, striking out 12 batters and allowing only two hits during the five innings before the game was called because of darkness.

Two walks and a double steal opened up scoring for Northville when Craig Bell's single allowed Joe Hay and Steve Juday to cross home plate. The local squad continued to run through its entire batting order, and Northville led 6-0 at the end of the first inning.

The Plumbers scored two more in the third, one in the fourth and three in the fifth. Bell hit best, connecting for three singles, while Jim Juday and Butch Welling had two each.

Dan Brown provided pitching services for the Plumbers' Friday in their 10-1 bid against Plymouth. A bloop single to center field ruined his no-hitter in the fifth inning, and two walks and a balk gave Plymouth its only run. Brown fanned 16 batters during the six-inning game.

The Plumbers continued their first-inning burst by going through the entire batting order, with Hay getting a single on his second trip to the plate before the side was retired.

They scattered hits all over the diamond, ending the inning with a 5-0 lead. In the second, Brown, Roy Rice and Tom Slattery all singled to add a run.

An error following Tom Daniels' third inning single gave Northville its ninth run. Another error in the fifth, followed by Welling's up-the-alley double into center field scored the final run.

Hay, Steve Juday and Brown each had one hit, while Daniels, Welling, Rice and Slattery all contributed two.

## WATCH OUT FOR CHILDREN

Now that school is out once more and the streets are full of carefree children running round like playful puppies, it is best to ease up on the throttle.

The law recognizes the fact that children are not responsible for their acts in the broad sense that adults are. They dash out on a road without looking, despite the fact that their anxious parents have told them dozens of times to use caution. Caution and careful youth have a difficult time of it together. That is why school zones have extra low speed limits usually rigidly enforced.

Now that school is out for the summer, the school zones are spread out everywhere that children care to roam. So if you see children playing on the road, slow up well in advance and give them a wide berth when you do pass.

The most tragic of accidents are those involving children who are killed or crippled before their life has hardly begun. To lose a little time on the chance of saving a little life is odds that any motorist would be foolish indeed to ignore.

He can be on the right end of the odds by just reducing speed, the number one cause of fatalities.

## Braves Looking Toward Playoffs

The Northville Braves, local entry in Livonia's National League program, have taken to the warpath, winning their last five straight.

While the Braves had started strong by downing the Wayne county Training School Phillies 9-4 in the season opener, they had lost three of their next four, including their first home game.

But then they bounced back, starting a winning streak that has almost insured a berth in the championship playoffs next month.

They downed the Lions 11-2 and squeaked by the Yankees 2-1. Clarenceville's Lakeis next.

## They Get Soaked During First Win

They finally did it. The Orioles, Northville's American league team in the Livonia recreation program, won their first game last week — with help from the weather man.

The Orioles, who had lost eight straight, last Monday won when the Twins failed to show up for a game. The game was rained out, but a league ruling that requires both teams to appear at the ball diamond despite the weather gave them the win by forfeiture.

But the Orioles returned to their previous loss pattern by losing to the Cardinals 8-5 last Wednesday and to the Colts

## Bandits Lead Novi League

The Novi little leaguers are approaching the mid-point of their 60-game season, and will soon be on the downward side, heading toward play off competition in August.

Near Monday marks the middle of the six-team league's schedule. They have played a total of 28 games so far this season.

Coach Ron Grant's National Bank Bandits are leading the league with a "couldn't-be-better" 9-0 record. They have bombed every team in the league so far.

Running second are Coach William MacDermid's Paragon Steelers, whose record is now 6-3.

Coach Dave MacMillan's Novi Drug team stands third in the league, with a 5-4 tally for the season. They are followed closely by Coach Wes Krogg's Anglin Earth Movers, with a 5-3 showing on the record book.

In fifth place are Coach Don Donner's Cole's Eagles, who show a 1-7 season so far. Coach Keith Branch has found his Cole's Jayhawks stymied into a winless 0-9 record.

A league play-off for special championship honors will be held after the end of regular-season play.

The Jayhawks were slated to meet the Bandits last night (Wednesday), and the Bandits will return to the diamond to-

night to face the Novi Drug. Tomorrow finds the Earth Movers scheduled to compete with the Steelers. The Jayhawks will meet the Eagles on Monday, and the Novi Drug is pitted against the Eagles on Tuesday.

Novi's Flyers and Giants, members of the western Wayne county recreation program's youth league, clashed head-on in their season opener Tuesday night, the Giants coming out on the happier end of a 9-2 tally.

But Flyers fans had something to be happy about also, for all of the runs scored against them came on passed balls and bad throws. And the Flyers out hit the Giants 5-3.

Six Giant runs came on passed balls, while the other three were made possible by catcher-to-second over throws.

The Flyers' two runs were also scored on fielders' mistakes. One was allowed in by a passed ball and the other came when a fielder threw a batter out at first, allowing the runner on third to cross home plate.

Jim Schingek was the winning pitcher, while George St-

menton was the loser.

The Giants are scheduled to meet the DiPonio Builders in Riverside tonight (Thursday), while the Flyers are inactive.

The Flyers will travel to Riverside next Tuesday, and the Giants are scheduled to meet Fisher's Shoes at Plymouth high school.

## Downs Schedules Invitational Races

Moving into the opening week-end of its 42-night meeting, Northville Downs will present the first of six \$5,000 invitational exchange events tomorrow (Friday) night.

It will be pacers in the spotlight in the rich event with entrants from Ohio, Chicago and Canada, as well as the regulars who headlined the Hazel Park meeting that closed last Saturday.

Racing Secretary Bill Connors sights a field of eight for the inaugural invitational with Ronnie C. Grattan and Carolyn Grattan, a pair of Canadian speedsters, as the early favorites.

Pitted against the pair from across the border are such standouts as: Fortune's Treasure, from the Russell Thumey stable; Mary's Joan and Vito

Volo, who arrived recently from Ohio; and Butch Harmony from the Joe Marsh, Jr. barn.

Others in the field: Bill Rainbow, the fast-moving veteran from the Don McIlmurray stable; Doug Ackerman's Peachadon, and Royal Worthy who carries the colors of Hoyt Wilson of Walled Lake.

0000H, FUZZY — LuAnn Kline, a first grader from Henry High school in Dearborn, gets a close look at a young calf while on a tour of the Arthur Heslip farm recently. LuAnn's class, taught by Mrs. Lulu Barton (right), visited the Nine Mile road farm "to see a little nature in person" and to hold the annual class picnic. That's Dick Heslip showing the calf to the children.

## Sleep Tight — It's Short Night

Summer is just beginning — officially —  
The season's official beginning comes at 4:24 p.m. today (Thursday).

"On this day Michigan will receive the most heat from the sun for any 24-hour period of the year, because the sun will reach its most direct position over the northern half of the earth," explains U of M astronomer Hazel M. Losh.

But the chances are good that this day will not be the hottest of the year, because the sun will be about three million miles farther away sky."

than it was in January, the U-M astronomer says.  
"The northern hemisphere will continue to receive more heat from the sun than it loses until about the first of August, so temperatures generally can be expected to keep climbing until then."

June 21 will also be the shortest night of the year with only about nine hours between sundown and sunup, Professor Losh notes.

"On this day the sun will rise and set about 33 degrees north of the east and west points, and swing its greatest arc across the southern sky."

OFFICERS INSTALLED — New officers for the coming year were installed recently at a Novi board of commerce meeting. James Mitchell, a former officer, conducted the installation. Harold Miller will head the board of directors as president, while Kenneth Bassett will serve as vice president. Dieron

Tafraian will be treasurer for the coming year and Herb Dryer and Emory Jacques will serve as trustees. John Eskro was appointed secretary of the board. The new officers are, (l-r), Jacques, Eskro, Mitchell, Miller, Bassett, Dryer and Tafraian.

## Tell Children 'Why' When Giving Orders

We've got to learn to put that "because" on what we tell a child to do, says Ned A. Flanders, University of Michigan professor of education.

"Teachers usually just tell a pupil, 'Johnny, sit down!' instead of saying 'Johnny, sit down, because...' and then explaining the reason why Johnny should sit down."

"The most common mistake of teachers is to act as

diagnostician, judge and jury in one moment of decision without being realistic about the attitudes of the child and why he reacts as he does," Flanders claims.

"Teachers need to find out what's 'bugging' the child, whether it be family trouble or some other personality problem that interferes with learning. They too often give directions because they lack time to an-

alyze a pupil or situation. "The word 'because' is perhaps the most magical word in the teacher's entire vocabulary," says Flanders. "It permits the child receiving the order to think of it as part of a problem-solving process rather than mere compliance."

"Even when one is studying something like history it's more interesting to know why Napoleon waged a certain campaign

rather than to know how many men got shot down."

"Because" is equally important in the giving of praise. "If the pupil can 'scramble like eggs and please, the teacher,' he gets praise. But too often he spends his time and ability trying to learn how to earn praise and this detracts from learning."

## Milwaukee Graduate

HAROLD SCHMIDT, son of Mr. and Mrs. Harold W. Schmidt of 2017 Woodhill, was graduated June 8 from Concordia College high school in Milwaukee, Wisconsin. Harold attended high school in Northville for three years prior to taking his senior year at Milwaukee. After a summer vacation at home he will enter Michigan State university.

## Attend Soo VFW Confab

Eleven delegates from Northville Veterans of Foreign Wars Post 4012 and its auxiliary are attending the 13rd annual VFW department convention at Sault Ste. Marie today (Thursday) through Sunday.

Representing the post are Thomas R. Moxie, commander, Lawrence McArthur, Clayton Meyers, Walter Sousa and Ernest Ash. Suzanne Smith, president of the ladies' auxiliary, said the women had selected Eileen Sousa, Margaret Ragor, Irene Moxie and alternates Beatrice Myers, Lena McArthur and Clara Broda.

Some 5,000 VFW and auxiliary members are expected to make the convention the largest ever held at the Soo.

## Obituary

David Edward Dennis Curl

David Edward Dennis Curl, age 28, died suddenly June 15. He collapsed while on his job at the Ethyl Corporation in Ferndale. Mr. Curl, born May 12, 1934, lived with his wife, Jeanne Sovey Curl, and son, David Edward Dennis Curl II, at 6508 Sunset, Garden City. Besides his wife and son, Mr. Curl is survived by his parents, Mr. and Mrs. Gus H. Kolb of 1928 Franklin Road, Northville, a brother, Thomas and sister, Kathleen Chase, both of Northville. Mr. Curl was born in Northville and was graduated from Northville high school with the class of 1952. Before his position as chemical technician with the Ferndale corporation, he attended both Michigan State University and Wayne State University. His memberships included the First Presbyterian Church, Northville and the Northville Lodge, No. 186, F & A.M. Services were conducted by Eberl Funeral Home Tuesday at the First Presbyterian church, Northville with the Reverend Lloyd G. Brasure officiating. Interment was at Rural Hill cemetery.

Some 5,000 VFW and auxiliary members are expected to make the convention the largest ever held at the Soo.

## Official Minutes of the Northville City Council

A regular meeting of the Northville City Council was held at the City Hall, Monday June 4, 1962 at 8:00 p.m.

Present: Allen, Ambler, Canterbury and Carlson. Absent: Juday.

The minutes of the May 22nd meeting were approved with one correction. Moved by Carlson, supported by Ambler that bills in the following amounts be paid:

General — \$21,869.21; Water — \$1,297.44; Other Government — \$4,506.44. Carried unanimously.

Communications:

A letter from Mrs. Patricia Baker of the TOPS club requesting permission to sponsor an ice cream social during one of the band concerts this summer and council had no objections. Matter referred to the city manager who was instructed to check with the band and deal with details.

Letter from Robert James Watson regarding oil damage to his car from allegedly excessive oil on Beck road. This matter referred to the city attorney.

Letter from Karl Knott, Junior Chamber Commerce, requesting permission be given to allow city equipment to participate in the July 4th parade and any other considerations that council might suggest. Moved by Canterbury, supported by Carlson that \$100 be allowed the Junior Chamber of Commerce

toward the July 4th program; also that available equipment appear in the parade. Carried unanimously.

Communications from Citizens:

Mr. Henry Barnhart appeared to ask that something be done regarding the spring on Beck road. The water from the spring had overflowed onto the land which he is operating for Mr. Keating. Mr. Allen asked the city manager for his recommendation and Mr. Pothoff said he felt the city no longer has an interest in it as it cannot serve its original purpose. He felt it reasonable that these easements should be vacated & returned to original owners. After some discussion council recommended that the city manager and the city attorney work out details of this situation and that Council would lend whatever help they could.

Consideration of Garbage Disposal contract:

The City Manager reported that Mr. Willard has requested an increase in his contract with the City of Northville — this contract expires July 1, 1962. Mr. Willard's rate was not increased with the Oakland county portion of the city was recently added. The city manager was instructed to do some research on this and report to council at the next meeting.

Bids for 1/2 ton Truck:

The specifications for the 1/2 ton truck as advertised were reviewed and bids were opened from the following firms as follows:

G. E. Miller Sales & Service, 1962 Dodge, Model D-100 — \$1539.50; Rathburn Chevrolet Sales, 1962 Chevrolet, Model C-1404 — \$1566.52; Gib Bergstrom Studebaker Sales, 1962 Studebaker-Lark, Model 7E-512 — \$1439.38; John Mach Ford Sales, 1962 Ford Model F-100 — \$1506.76.

Council asked the city manager to review these bids and report results at next meeting.

Contract for Architect:

Mr. Ogilvie reported on the contract which had been drawn up for the Scout and Recreation building using the standard contract form as a basis. Mr. Ogilvie suggested that an additional paragraph be added regarding the services for supervision, etc. It was also mentioned that a survey of the property is needed.

Moved by Carlson, supported by Ambler that this contract be signed and include the addition

al paragraph as recommended by Mr. Ogilvie. Unanimously carried

Bids for Police Car:

The city manager read a report regarding the mileage on the two police cars and reported that he felt that repair bills began to mount after 40,000 miles, and recommended that cars be replaced when the mileage was in this area.

It was decided to have the price submitted on these bids include the transfer of specified equipment.

Moved by Ambler and supported by Carlson that bids for a police car be advertised. Carried unanimously.

City Manager's Report:

Mr. Pothoff discussed posting Beck road for 35 or 40 mile speed limit. It was recommended that he consult with Novi regarding this before posting same.

Mr. Pothoff asked for confirmation on signs for the following areas. (one for the north side of East Main St. along the curve) (from Griswold St. to the Spring). Moved by Ambler, supported by Carlson that the following resolution be adopted:

(one file at City Hall)  
Unanimously carried.

Moved by Allen, supported by Ambler that two stop signs be installed at Grace and Hill Sts., making this intersection a two-way stop. Unanimously carried.

Moved by Ambler supported by Carlson that minutes of previous meetings be examined and if the books show no previous specified action that removal of all parking on the east side of Hutton St., south of Rayson St. be instituted.

Unanimously carried.

Mr. Pothoff announced that Mrs. Norma Brugman had been employed to fill the position of bookkeeper and will begin June 18, 1962.

Miscellaneous:

Mrs. Carlson mentioned the manhole on South Center St., near Cady St., which is unusually noisy for some reason. This to be referred to the DPW.

She also asked regarding the availability of water in all parts of the cemetery. Some discussion concerning the black-topping of Orchard drive between Mam St. and Thayer Blvd because of a request by some of the residents in that area. Mr. Ogilvie was asked to talk to Mr.

Schrader regarding an agreement to be signed by all residents of the above area agreeing to pay 25% of the total cost and at the same time it is to be determined if the A and A Paving Company would pave this stretch at the same rate as the East, Elm, High and Walnut job. If these above qualifications are met there is to be a Special Meeting called for Thursday, June 7 at 8:00 p.m. at the city hall.

Mr. Ambler presented a check for \$500 which he had received from the Northville Mothers' club along with word that they have pledged a like amount for next year for the Scout and Recreation Building. The check was turned over to the city clerk who was asked to send a letter of appreciation and acknowledgement to the Northville Mothers' club.

Two committees were appointed to facilitate the building this project:

Finance committee: Mr. John Canterbury, chairman (he will make recommendations at the next meeting for remainder of committee).

Richard Ambler, chairman, Beatrice Carlson, Ken Conley and Ed Welch.

Mr. Allen reported that Mr. Ray Garrod of S. Center St. had withdrawn his offer to the city made at the previous council meeting of May 22, 1962.

Mr. Wallace Nichols reminded council of the vacancy on the Zoning Board of Appeals created by the death of Lawrence LeFevre.

There being no further business, the meeting adjourned at 10:00 p.m.

## What Do Teachers Do in the Summertime?

By Grace Brinson  
When school doors closed last week, and students gave out whoops and cries of delight, Northville's weary teachers sat down to prepare their summer vacation schedules. Oddly enough, few of the instructors plan to take it easy

(and recuperate!). Just "bears" before their departure. Junior high teachers Alex Klukach, Mrs. Jennie Donnelly, and Miss June King (who will be leaving Northville to take up the girls' physical education reins at Hartland, Michigan next fall), will be enrolled in summer classes at Eastern

Michigan University. Time-out will be taken for travel, however, with Mrs. Donnelly going to Philadelphia, Gettysburg, and Richmond, Virginia, and Miss King venturing to Washington, D.C. Leading a summer life of variety will be John Hyde.

His plans include taking in the World's Fair, peddling his bicycle around Lake Huron, and pruning ten thousand pine trees on his father's Port Huron farm.

"I'm not planning anything exciting like last year," replied Miss Ione Palmer, the junior high's well-traveled librarian. Even though her summer won't include return trips to Tahiti, New Zealand, and other exotic places, Miss Palmer can do her traveling through the books on her library shelves. She'll be working there during most of the summer months. ("I want to save money to replace my rusty car," she smiled.)

Junior High Principal Donald Van Ingen is going north. After the trip he'll be looking for houses to paint. Also traveling to Northern Michigan will be Junior High Math teacher Mrs. Gertrude Fey and her Plymouth family. Mr. and Mrs. Leslie Lee of the high school faculty, Shop Instructor Arnold Anderson, and Athletic Director Al Jones and his family.

One of the most extensive journeys has been planned by Merritt Meaker, high school history teacher. Highlights of his and Mrs. Meaker's trip will include the Badlands, Black Hills, Yellowstone and Glacier National Parks and Disneyland.

Jack Kreiner, of the high school's science department, has also begun his packing. Kreiner will be putting down his test tubes for sombreroes. Travel, new experiences, and a knowledge of the Spanish language will all be his after he returns from his summer studies at the University of Guadalajara in Mexico.

school English instructor. Stefanski will mingle his two-week stay at Fort Gordon, Georgia, with a vacation trip with his family and duties at the high school office. Besides his two-week return to the service, Kraus plans to fill his summer with classes at Eastern and golfing.

Mrs. Myrtle Funk and Mrs. Helen Bradshaw will be taking advantage of their summer scholarships to Eastern Michigan University by attending classes in inter-group relations. Amerman teacher Mrs. Reva Shave also plans to take graduate work in the same field.

The LaGene Quays will be traveling West come July. Then in August, Quay, assistant principal at the high school, and Mrs. Quay, third grade teacher at Amerman Elementary, will be leaving with their son Steve, 11, and eight-year-old daughter, Nancy, for a relaxing stay at their Northern Michigan cottage.

After graduate work, a trip to Hawaii and the Seattle World's Fair are in the offing for Mrs. Funk. Amerman's Miss Carol Shuman may also see our fiftieth state, if summer school doesn't interfere.

A June wedding is item number one on Miss Linda Alm's summer agenda. After her June 23 marriage, she'll settle down to being Mrs. Paul Sobol — that is, until she resumes her Amerman School career this fall.

A graduate class entitled "TV in Education" and tours to Washington, D.C. and California are featured in Miss Rita Salan's (fourth grade teacher at Main Street) vacation arrangements.

Next fall, Brian Dunn's sixth grade pupils at Main Street will want to hear all about his summer stay in Ogunquit, Maine with Mrs. Dunn and their seven-month-old son.

Mrs. Anne Ripberger, Richard Rusche, and Charles Yahnke high school instructors, will travel to the New England States for their summer days. For Yahnke it will mean an enjoyable vacation with his family, but Mrs. Ripberger and Rusche will be back with the books, pencils, and studying. While her husband is employed by a Wilmington, Massachusetts firm, Mrs. Ripberger will be taking up studies at near-by Boston University. Not too far away at the University of Rhode Island will be high school biology instructor Rusche.

The entire community will be aware of Bob Williams' summer activities. As high school band director, he will conduct the traditional band concerts in the City Hall Park and a music training program for all Northville Public School music students.

Six fortunate high school students have become a part of Miss Florence Panatoni's plans for the summer. They will be traveling to Stratford, Canada, to attend the "Shakespearean Festival." To add to their appreciation of the plays, Miss Panatoni has enrolled in MSU-O's "Analysis of Shakespearean Plays at Stratford" course.

### Teacher Florence Keith Honored at Retirement

A teaching career that has spanned 38 years — 20 in the Northville public school system — ended "officially" for Miss Florence Keith this year. But although Miss Keith has reached the retirement age, she is not ready to say that she is through teaching.

"Maybe I'll substitute or work in a private school," she stated this week as she recalled her work with first and second grade pupils. Miss Keith has taught at Amerman elementary school since it was opened. Prior to that she taught at the Main Street school.

She started her teaching career in South Dakota, then Minnesota and Kaleva and White Pigeon, Michigan before coming to Northville.

Miss Keith received her B.A. degree at South Dakota State and her masters degree at Northwestern university in Chicago.

At the May meeting of the Northville Teachers Club she was presented with a check by President Miss Patricia Babel. Further recognition of her contribution to the Northville school system was accorded by her second grade pupils and their parents last week at a surprise tea in the Amerman school multi-purpose room. She was presented with a table cloth and napkins.

Teachers and friends also held a luncheon for Miss Keith last week at which time Principal Richard Kay presented her

Miss Florence Keith

THIS STUDENTS said their last goodbys to Amerman Elementary School Principal Richard Kay last week at a surprise assembly that opened with smiles and ended in tears. Kay, leaving the Northville system to take a principalship in Grosse Pointe, accepts a barometer, gift of the students, from their representative, Susan Jenesel.

## Sleep Tight — It's Short Night

Summer is just beginning — officially — The season's official beginning comes at 4:24 p.m. today (Thursday).

"On this day Michigan will receive the most heat from the sun for any 24-hour period of the year, because the sun will reach its most direct position over the northern half of the earth," explains U of M astronomer Hazel M. Losh.

But the chances are good that this day will not be the hottest of the year, because the sun will be about three million miles farther away

than it was in January, the U-M astronomer says.

"The northern hemisphere will continue to receive more heat from the sun than it loses until about the first of August, so temperatures generally can be expected to keep climbing until then."

June 21 will also be the shortest night of the year with only about nine hours between sundown and sunup, Professor Losh notes.

"On this day the sun will rise and set about 33 degrees north of the east and west points, and swing its greatest arc across the southern sky."

## Tell Children 'Why' When Giving Orders

We've got to learn to put that "because" on what we tell a child to do, says Ned A. Flanders, University of Michigan professor of education.

"Teachers usually just tell a pupil, 'Johnny, sit down!' instead of saying 'Johnny, sit down, because...' and then explaining the reason why Johnny should sit down."

"The most common mistake of teachers is to act as

diagnostician, judge and jury in one moment of decision without being realistic about the attitudes of the child and why he reacts as he does," Flanders claims.

"Teachers need to find out what's 'bugging' the child, whether it be family trouble or some other personality problem that interferes with learning. They too often give directions because they lack time to an-

alyze a pupil or situation. "The word 'because' is perhaps the most magical word in the teacher's entire vocabulary," says Flanders. "It permits the child receiving the order to think of it as part of a problem-solving process rather than mere compliance."

"Even when one is studying something like history it's more interesting to know why Napoleon waged a certain campaign

rather than to know how many men got shot down."

"Because" is equally important in the giving of praise.

The U-M educator says he feels teachers should be more open about their criterion for praise. "If the pupil can 'scramble like eggs and please the teacher,' he gets praise. But too often he spends his time and ability trying to learn how to earn praise and this detracts from learning."

Present: Allen, Ambler, Canterbury and Carlson. Absent: Juday.

The minutes of the May 22nd meeting were approved with one correction. Moved by Carlson, supported by Ambler that bills in the following amounts be paid:

General — \$21,869.21; Water — \$1,297.44, Other Government — \$4,508.44 Carried unanimously.

Communications: A letter from Mrs. Patricia Baker of the TOPS club requesting permission to sponsor an ice cream social during one of the band concerts this summer and council had no objections. Matter referred to the city manager who was instructed to check with the band and deal with details.

Letter from Robert James Watson regarding oil damage to his car from allegedly excessive oil on Beck road. This matter referred to the city attorney.

Letter from Karl Knoth, Junior Chamber Commerce, requesting permission to be given to allow city equipment to participate in the July 4th parade and any other considerations that council might suggest. Moved by Canterbury, supported by Carlson that \$100 be allowed the Junior Chamber of Commerce

toward the July 4th program; also that available equipment appear in the parade. Carried unanimously.

Communications from Citizens:

Mr. Henry Barnhart appeared to ask that something be done regarding the spring on Beck road. The water from the spring had overflowed onto the land which he is operating for Mr. Keating. Mr. Allen asked the city manager for his recommendation and Mr. Potthoff said he felt the city no longer has an interest in it as it cannot serve its original purpose. He felt it reasonable that these easements should be vacated & returned to original owners. After some discussion council recommended that the city manager and the city attorney work out details of this situation and that Council would lend whatever help they could.

Consideration of Garbage Disposal contract:

The City Manager reported that Mr. Willard has requested an increase in his contract with the City of Northville — this contract expires July 1, 1962. Mr. Willard's rate was not increased with the Oakland county portion of the city was recently added. The city manager was instructed to do some research on this and report to council at the next meeting.

Bids for 1/2 ton Truck: The specifications for the 1/2 ton truck as advertised were reviewed and bids were opened from the following firms as follows:

G. E. Miller Sales & Service, 1962 Dodge, Model D-100 — \$1539.50; Rathburn Chevrolet Sales, 1962 Chevrolet, Model C-1404 — \$1566.52; Gih Bergstrom Studebaker Sales, 1962 Studebaker-Lark, Model 7E-512 — \$1439.38; John Mach Ford Sales, 1962 Ford Model F-100 — \$1506.76.

Council asked the city manager to review these bids and report results at next meeting.

Contract for Architect: Mr. Ogilvie reported on the contract which had been drawn up for the Scout and Recreation building using the standard contract form as a basis. Mr. Ogilvie suggested that an additional paragraph be added regarding the services for supervision, etc. It was also mentioned that a survey of the property is needed.

Moved by Carlson, supported by Ambler that this contract be signed and include the addition of paragraph as recommended by Mr. Ogilvie. Unanimously carried.

Bids for Police Car: The city manager read a report regarding the mileage on the two police cars and reported that he felt that repair bills began to mount after 40,000 miles, and recommended that cars be replaced when the mileage was in this area.

It was decided to have the price submitted on these bids include the transfer of specified equipment.

Moved by Ambler and supported by Carlson that bids for a police car be advertised. Carried unanimously.

City Manager's Report: Mr. Potthoff discussed posting Beck road for 35 or 40 mile speed limit. It was recommended that he consult with Novi regarding this before posting same.

Mr. Potthoff asked for confirmation on signs for the following areas: (one for the north side of East Main St. along the curve) (from Griswold St. to the Spring). Moved by Ambler, supported by Carlson that the following resolution be adopted:

(one file at City Hall) Unanimously carried.

Moved by Allen, supported by Ambler that two stop signs be installed at Grace and Hill Sts., making this intersection a two-way stop. Unanimously carried.

Moved by Ambler supported by Carlson that minutes of previous meetings be examined and if the books show no previous specified action that removal of all parking on the east side of Hutton St., south of Rayson St. be instituted.

Unanimously carried.

Mr. Potthoff announced that Mrs. Norma Bugman had been employed to fill the position of bookkeeper and will begin June 18, 1962.

Miscellaneous: Mrs. Carlson mentioned the manhole on South Center St., near Cady St., which is unusually noisy for some reason. This to be referred to the DPW.

She also asked regarding the availability of water in all parts of the cemetery. Some discussion concerning the black-topping of Orchard drive between Main St., and Thayer Blvd. because of a request by some of the residents in that area. Mr. Ogilvie was asked to talk to Mr.

Schrader regarding an agreement to be signed by all residents of the above area agreeing to pay 25% of the total cost and at the same time it is to be determined if the A and A Paving Company would pave this stretch at the same rate as the East, Elm, High and Walnut job. If these above qualifications are met there is to be a Special Meeting called for Thursday, June 7 at 8:00 p.m. at the city hall.

Mr. Ambler presented a check for \$500 which he had received from the Northville Mothers' club along with word that they have pledged a like amount for next year for the Scout and Recreation Building.

The check was turned over to the city clerk who was asked to send a letter of appreciation and acknowledgement to the Northville Mothers' club.

Two committees were appointed to facilitate the building this project.

Finance committee Mr. John Canterbury, chairman (he will make recommendations at the next meeting for remainder of committee).

Richard Ambler, chairman, Beatrice Carlson, Ken Conley and Ed Welch.

Mr. Allen reported that Mr. Ray Garrod of S. Center St. had withdrawn his offer to the city made at the previous council meeting of May 22, 1962.

Mr. Wallace Nichols reminded council of the vacancy on the Zoning Board of Appeals created by the death of Lawrence LeFevre.

There being no further business, the meeting adjourned at 10:00 p.m.

## What Do Teachers Do in the Summertime?

By Grace Brinson (and recuperate!). Just "bearsers before their departure. Michigan University. Time-out will be taken for travel, how-  
When school doors closed last week, and students gave out whoops and cries of delight, Northville's weary teachers sat down to prepare their summer vacation schedules. Oddly enough, few of the in-  
(and recuperate!). Just "bearsers before their departure. Michigan University. Time-out will be taken for travel, how-  
Junior high teachers Alex Klukach, Mrs. Jennie Donnelly, and Miss June King (who will be leaving Northville to take up the girls' physical education reins at Hartland, Michigan next fall), will be enrolled in summer classes at Eastern

His plans include taking in the World's Fair, peddling his bicycle around Lake Huron, and pruning ten thousand pine trees on his father's Port Huron farm.

"I'm not planning anything exciting like last year," replied Miss Ione Palmer, the junior high's well-traveled librarian. Even though her summer won't include return trips to Tahiti, New Zealand, and other exotic places, Miss Palmer can do her traveling through the books on her library shelves. She'll be working there during most of the summer months. ("I want to save money to replace my rusty car," she smiled.)

Junior High Principal Donald Van Ingen is going north. After the trip he'll be looking for houses to paint.

Also traveling to Northern Michigan will be Junior High Math teacher Mrs. Gertrude Fey and her Plymouth family. Mr. and Mrs. Leslie Lee of the high school faculty, Shop Instructor Arnold Anderson, and Athletic Director Al Jones and his family.

One of the most extensive journeys has been planned by Merritt Meaker, high school history teacher. Highlights of his and Mrs. Meaker's trip will include the Badlands, Black Hills, Yellowstone and Glacier National Parks and Disneyland.

Jack Kreiner, of the high school's science department, has also begun his packing. Kreiner will be putting down his test tubes for sombreroes. Travel, new experiences, and a knowledge of the 'Spanish' language will all be his after he returns from his summer studies at the University of Guadalajara in Mexico.

It's back to the army for High School Principal Fred Stefanski and Keith Kraus, high

school English instructor. Stefanski will mingle his two-week stay at Fort Gordon, Georgia, with a vacation trip with his family and duties at the high school office. Besides his two-week return to the service, Kraus plans to fill his summer with classes at Eastern and golfing.

Mrs. Myrtle Funk and Mrs. Helen Bradshaw will be taking advantage of their summer scholarships to Eastern Michigan University by attending classes in inter-group relations. Amerman teacher Mrs. Reva Shave also plans to take graduate work in the same field.

The LaGene Quays will be traveling West come July. Then in August, Quay, assistant principal at the high school, and Mrs. Quay, third grade teacher at Amerman Elementary, will be leaving with their son Steve, 11, and eight-year-old daughter, Nancy, for a relaxing stay at their Northern Michigan cottage.

After graduate work, a trip to Hawaii and the Seattle World's Fair are in the offing for Mrs. Funk. Amerman's Miss Carol Shauman may also see our fiftieth state, if summer school doesn't interfere.

A June wedding is item number one on Miss Linda Alm's summer agenda. After her June 23 marriage, she'll settle down to being Mrs. Paul Sobol — that is, until she resumes her Amerman School career this fall.

A graduate class entitled "TV in Education" and tours to Washington, D.C. and Cal-

ifornia are featured in Miss Rita Salan's (fourth grade teacher at Main Street) vacation arrangements.

Next fall, Brian Dunn's sixth grade pupils at Main Street will want to hear all about his summer stay in Ogunquit, Maine with Mrs. Dunn and their seven-month-old son.

Mrs. Anne Ripberger, Richard Rusche, and Charles Yahnke high school instructors, will travel to the New England States for their summer days. For Yahnke it will mean an enjoyable vacation with his family, but Mrs. Ripberger and Rusche will be back with the books, pencils, and studying. While her husband is employed by a Wilmington, Massachusetts firm Mrs. Ripberger will be taking up studies at near-by Boston University. Not too far away at the University of Rhode Island will be high school biology instructor Rusche.

The entire community will be aware of Bob Williams' summer activities. As high school band director, he will conduct the traditional band concerts in the City Hall Park and a music training program for all Northville Public School music students.

Six fortunate high school students have become a part of Miss Florence Panatoni's plans for the summer. They will be traveling to Stratford, Canada, to attend the "Shakespearean Festival". To add to their appreciation of the plays, Miss Panatoni has enrolled in MSU-O's "Analysis of Shakespearean Plays at Stratford" course.

### Teacher Florence Keith Honored at Retirement

A teaching career that has spanned 38 years — 20 in the Northville public school system — ended "officially" for Miss Florence Keith this year.

But although Miss Keith has reached the "retirement" age, she is not ready to say that she is through teaching.

"Maybe I'll substitute or work in a private school," she stated this week as she recalled her work with first and second grade pupils.

Miss Keith has taught at Amerman elementary school since it was opened. Prior to that she taught at the Main street school.

She started her teaching career in South Dakota, then Minnesota and Kaleva and White Pigeon, Michigan before coming to Northville.

Miss Keith received her B.A. degree at South Dakota State and her masters degree at Northwestern university in Chicago.

At the May meeting of the Northville Teachers Club she was presented with a check by President Miss Patricia Bubel. Further recognition of her contribution to the Northville school system was accorded by her second grade pupils and their parents last week at a surprise tea in the Amerman school multi-purpose room. She was presented with a table cloth and napkins.

Teachers and friends also held a luncheon for Miss Keith last week at which time Principal Richard Kay presented her

with a gift certificate. Superintendent Russell Amerman awarded Miss Keith a leather bound certificate of service, a presentation of the Northville board of education.

Although she is the only teacher to reach "retirement" status this year, Miss Keith will not be the only teacher leaving the system.

Others include: high school — Mrs. Carolyn Neff and Richard Rusche, the latter is taking a year's leave to study at Michigan; junior high school — Miss June King, Joel Solie and William Mandt; Main street — Mrs. Anna Brosio, Mrs. Emily Johnson and Mrs. Priscilla Blackburn Smith; Amerman school — Mrs. Edith Renwick and Mrs. Margaret Gyde.

Miss Florence Keith

HIS STUDENTS said their last goodbyes to Amerman Elementary School Principal Richard Kay last week at a surprise assembly that opened with smiles and ended in tears. Kay, leaving the Northville system to take a principalship in Grosse Pointe, accepts a barometer, gift of the students, from their representative, Susan Jenesel.

"She Hath Done What She Could"

When Jesus walked about in the days of His flesh He walked alone. No one seemed to understand or appreciate the place in which He stood. Many saw Him, and talked to Him but they did not know Him.

Even His own disciples were not able to meet Him in the place where He stood. They did not know Him. That is why Jesus said one day, "Have I been so long a time with you, Philip, and yet hast thou not known Me. He that hath seen Me hath seen the Father also. Why say ye then 'show us the Father'?"

Jesus was in the world but He was not of it. He stood alone in God's mind, surrendered to God's will. He had come from the glory He had with the Father, before the world was and had taken upon Himself the form of a man but He had never left the shelter of God's mind. He was in the world surrounded with the noise of the chatter of the working of men's minds but He refused to go out of God's mind in order to meet anyone! He had come as far as He could go. If men were to meet Him they must meet Him in the place where He stood — in God's mind.

This He tried to explain when He said, "My Father and I are One. I do nothing of Myself alone. The Father that dwelleth in Me, He doeth the works."

Christ desired someone here in this world to meet Him in the place where He stood — in God's mind.

God's mind which this act indicated existed between Himself and this woman. God who was the author of the Passover which they were observing together desired recognition for His Son as the lamb without spot or blemish that was to be offered and He used this woman to atone His body for burial.

"She hath done what she could," Jesus said. We should be willing to do what we can do today in bearing witness to the truth as to God's purpose and will now.

Christ desires to return and establish His kingdom in this world but wants to be received in God's mind. To return prematurely according to the desire and working of men's minds would only build more religious Babylon!

What is in thing-hand? Are you doing what you can do? Christ appears to those who look for Him.

## OUT OF THE PAST

ONE YEAR AGO  
June 22, 1961

A freak and tragic accident Monday afternoon took the life of Richard G. Nelson, 58, of 2205 Napier road. He suffered severe crushing chest injuries when he was run over by his own car. He had parked in a driveway, and when the car started to roll backward after he had gotten out, he stepped behind it to try to hold it back.

Construction began this week on the new Kroger company supermarket to be located on Dunlap between Center and Huron streets. The company has announced that completion date for the 16,000-square-foot facility has been set for early this fall.

Northville city and township officials this week agreed to accept allotments of sewer taps in the proposed Rouge interceptor, Wayne county, which will build the line, said all but a few of the 22-county communities now under a building program.

Novi village officials were reaching a little earlier this week. Administrative Assistant Harold Ackley reported that the village has finally moved from the red to the black side of the ledger, clearing up all backlogs and ending with a surplus of about \$4,000.

Some 216 signatures have been gathered on petitions calling for Wixom to amend the city charter to reduce the city's assessing power from eight to four mills. The petitions were circulated by the Wixom Civic Association.

Northville city councilmen this week made sharp criticism of double parking on Main Street by truckers making deliveries to local stores. While they took no definite action, they directed the city manager to take Main streets aware of the problem.

The Salem school board this week petitioned the South Lyon school district to annex the entire Salem district. Members of the Salem board had met with officials of both Northville and South Lyon districts and visited facilities in both before making the decision.

Novi school district voters will go to the polls next week to decide whether the schools pay for a new elementary school and three future school sites.

Wixom's July 15 charter election will also present a live contest for the village's first council. A total of 18 candidates have filed for the six council seats and the village presidency.

Northville village commissioners this week approved a plan to build a new elementary school and three future school sites.

tax roll for the coming fiscal year that will mean a reduction in village property taxes. Tax bills will dip \$2.05 a thousand for next year. The levy has been reduced from \$17.38 to \$15.33 per \$1,000 valuation.

Action taken by the state legislature recently made the ultimate construction of a Northville state hospital a virtual certainty. And the legislature's commitments for the facility include plans for one of the most modern mental hospitals in the world. Actual date for the start of construction has not been determined.

Boy Scout troop number five, sponsored by the Presbyterian Men's Club, received its charter last week from the Northville Scout troop number one. The charter for the newly-organized troop was presented in special "court of honor" ceremonies.

A small fire of undetermined origin was quickly extinguished by the Northville fire department last week. The fire, at the Marchand apartments, 118 Church street, did little damage. It was started in the basement of the building.

Northville village tax rate for next year will be \$18.32 per \$1,000 of valuation, a new low. The previous low for village taxes was \$18.82, set in 1936.

Northville's new grade school building, designed by Detroit architects Maynard Lyndon & Eberle Smith, has been awarded first prize in a national competition. The school, has been named best in its classification in a national contest conducted by the Pittsburgh Glass Institute, sponsored by the Architectural Forum.

A Novi farm hand was fatally injured Wednesday morning when he was run over by the 5105 Pere Marquette freight train near the Novi cemetery. John Goodin, 35, suffered loss of both legs and an arm. He died several hours later in Sessions hospital, regaining consciousness only briefly before death.

The \$600 surplus reported last week for Northville schools is in the building fund and will be used for landscaping, Sherrill W. Ambler explained this week. He said the general fund also has a surplus, amounting to \$10-\$11,000.

## Building Plans On Rise in Novi

Plans for new construction are on the increase in Novi, according to building permit figures.

Last month the building department issued permits for construction worth nearly half of the total value of permits issued for the first five months of the year.

Building permits for May included five new homes, with a total value of \$189,535. Nine were for new homes, including the five issued last month and four issued in May for construction worth \$57,500.

So far this year, 35 building permits have been issued, for a total value of \$1,000. No commercial alteration permits have been issued.

Permits in January were for two alterations, valued at \$2,100. In February, the village issued only one permit, for erection of a new sign, and in March only three permits were issued for private alterations valued at \$13,500.

April marked the start of the increase, when six permits were issued for a total of \$16,000 in home alterations, two permits were issued for new garages worth \$4,000 and two permits were issued for sheds estimated at worth \$1,040.

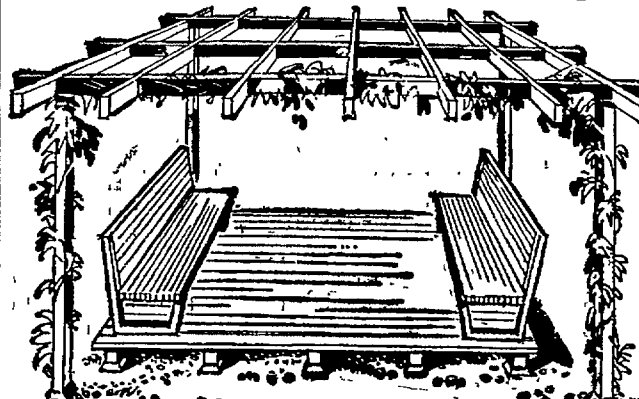

The village has issued only one permit for construction of a new business this year.

## Outdoor Living, Patio Style

BOLD CONTRAST is the keynote of this contemporary patio. The black's and white of beams and paneling are repeated in the abstractionist masks. Though simplicity of line is maintained, the effect is warm and informal.

## Check Street View of Your Home

From the street-side, a home should present a pleasing picture that will provide neighbors and yourself with a pleasant feeling of family stability and beautiful living. Such an appearance can be provided by sound plantings of trees and shrubs that help fit the house into the surrounding landscape, instead of having it look stark and naked, or overgrown.

sent a most pleasing appearance. Natural beauty by the use of trees and shrubs has no limitations — rich or poor can achieve it. You can plant it yourself or have it done by an experienced landscape nursery.

Stand on the sidewalk at a point opposite your front door and look directly at the house. Draw imaginary lines from where you are standing to the corners of your house. Any large trees should be planted outside of these lines, so your

home will present an unbroken view of lawn.

Along the foundation, in curvatures bed plant a variety of low-growing plants, with just slightly higher plants beside the doorway and grouped at the house corners. Avoid a straight line row of plants along the front of the house. This is poor practice. Vary the plants so that you have evergreens and some flowering plants. In planting trees have at least one flowering tree to bring springtime beauty. Depending on the neighborhood and custom, you may wish a low, or high hedge along the street.

Your main objective is to plant a pleasing picture. Take care in the planting, standing off at a distance and observing it to get the effects you wish.

## PROPOSED UNIFORM WATERCRAFT ORDINANCE FOR OAKLAND COUNTY

by the authority granted the Township Board of the Township of Novi by Act 246 of the Public Acts of 1945, as amended,

### THE TOWNSHIP OF NOVI ORDAINS:

1. Definitions
- a. Boats are defined as all water craft with or without self-propulsion, machinery, including sea-planes when not airborne. The word "boat" shall include water skis, water sleds, surf boards or similar contrivances while being towed by any boat.
- b. The term "navigable waters" is defined as including all lakes, ponds, streams, lagoons, canals or other waters capable of navigation within the territorial limits of the Township of Novi.
2. It shall be unlawful for any person to operate any boat upon any navigable waters unless said boat is properly licensed as required by state and federal laws and regulations.
3. It shall be unlawful for any person to operate any boat upon any navigable waters while under the influence of intoxicating liquor, narcotic drugs or barbiturates. It shall be unlawful for the owner of any boat or any person having such in charge or in control thereof to authorize or knowingly permit the same to be operated by any person while under the influence of intoxicating liquor, narcotic drugs or barbiturates.
4. It shall be unlawful for any person to operate any boat upon any navigable waters in a reckless manner or at an excessive rate of speed or in a manner causing a wake which would endanger or be likely to endanger any person or property of any person. No person shall operate any boat at a rate of speed greater than will permit him in the exercise of reasonable care to bring the boat to a stop within the assured clear distance ahead. No person shall operate a boat in a manner so as to unreasonably interfere with the lawful use by others of any navigable waters.
5. No person shall operate on any navigable waters a motor boat at a speed in excess of 10 miles per hour within 100 feet of any boat lawfully anchored on such navigable waters, within 100 feet of any lawfully marked bathing beach or within 100 feet of any lawfully anchored raft or float used for swimming purposes.
6. No person under the age of fourteen (14) years shall operate any motor propelled boat equipped with a motor greater than 7 1/2 horsepower, unless accompanied by an adult.
7. No person shall throw, place or otherwise discard any bottle, box, paper, garbage, rubbish or similar objects or any type of unsanitary matter, material or fluid into or upon any navigable waters.
8. No operator of any boat shall have in tow or shall otherwise assist in the propulsion of a person on water skis, water sleds, surf boards or other similar contrivances before 10:00 a.m. (in the morning) on any day. Such activities shall be permitted until sunset, except that on Friday, Saturday, and Sunday, the day first preceding a holiday and the holiday, such activities shall be terminated not later than 7:00 p.m. (in the afternoon). Any person permitting himself to be towed on water skis, water sleds, surf boards or similar contrivances before or after the time set forth above shall be in violation of this paragraph and shall be guilty of a misdemeanor.
9. No person shall operate on any navigable waters a motor boat having in tow or to otherwise assist a person on water skis, water sled, surf board or similar contrivance unless there is in such motor boat in addition to the operator at least one competent person in a position to observe the progress of the person being towed. This requirement shall not apply to motor boats equipped with not less than a 170 degree wide angle rear view mirror affixed in such a manner as to permit the operator to observe the progress of the person being towed.
10. It shall be unlawful for any person to operate any boat unless equipped with a proper muffler as required by State law, or to use any siren or noise producing or noise amplifying instrument on any boat or on any of the neighborhood is disturbed; provided, however, that nothing in this ordinance shall be construed to prohibit the use of whistles, bells or horns as signals required by the United States Motor Boat Act or other Federal law for the safe navigation of motor boats or vessels.
11. The provisions of this ordinance shall not be construed to prohibit the running of racing or exhibition boats muffled or unmuffled during any race or regatta operating under the provisions of Act 208 of the Public Acts of Michigan, 1958, as amended.
12. Should any provision, sentence, clause or phrase of this ordinance be held to be invalid for any reason, such holding shall not affect the validity of the ordinance as a whole or any part thereof other than the part so declared invalid, it being the legislative intent that this ordinance shall stand notwithstanding such holding.
13. Every operator of any boat livery or boat launching site open to the public shall post a copy of this ordinance in a conspicuous place.
14. Any person violating any of the provisions of this ordinance shall upon conviction thereof be subjected to a fine not exceeding the sum of One Hundred (\$100.00) Dollars or by imprisonment in the Oakland County Jail for a period not exceeding ninety (90) days or both such fine and imprisonment in the discretion of the Court.
15. This ordinance shall become effective thirty days after first publication in the Novi News.

I, Hadley J. Bachert, Clerk of the Township of Novi, do hereby certify that the above Ordinance was approved and adopted by the Novi Township Board at a regular meeting thereof, duly called and held on the 11th day of June A.D., 1962, and was ordered to be given publication in the manner prescribed by law.

HADLEY J. BACHERT,  
NOVI TOWNSHIP CLERK.

## WE LOVE A BARGAIN...

just like anybody else. But even though we're as careful as the most efficient housewife, our supply purchases tally up to quite an impressive annual figure. In 1961, for example, Michigan Bell's shopping bill—together with that of the Western Electric Company, the Bell System's supply unit—came to almost \$58 million. We spent this with more than 1,400 businesses in 160 communities throughout the state. So these purchases not only go to provide you with good telephone service; they contribute to the growth of Michigan's economy.

**SUMMER'S COMIN' IN!** And that means sun, fun, and your long-awaited vacation. Wherever you're going, why not pack more comfort and leisure into your trip by putting Long Distance to work for you? Advance reservations are a must these crowded days, so always be sure of a bed by phoning ahead. And don't forget the folks back home. They'll love hearing all about your vacation, and you'll double your fun by telling them about your adventures.

**A STITCH IN TIME...** that's the thinking behind Michigan Bell's automatic line testing. Special equipment at many of our central offices makes automatic tests periodically on telephone lines. For example, if a minor electrical defect is located, the information is recorded so that the problem can be fixed promptly—usually without interrupting service. Automatic line testing saves money in the long run, while it helps us give you dependable service every minute of the day, every day of the year.

## SPEAKING for The Record

by Bill Sliger

Summer can be a temptation. It tests your ability to resist excesses.

Too much sun, speed, exercise — in short, an overdose of fun — often leads to tragedy.

Reports of highway accidents have already started in the immediate area. More will follow. And the most tragic will involve youngsters . . . having fun.

We are reminded by a release from the Red Cross of another summer killer, drowning.

This tragedy shows little regard for age. Some 6,500 persons died by drowning in the United States last year and Michigan had more than its share with 262.

And while we have annually reminded drivers that caution behind the wheel is particularly important during vacation days when children are all about, these water safety tips deserve attention, too:

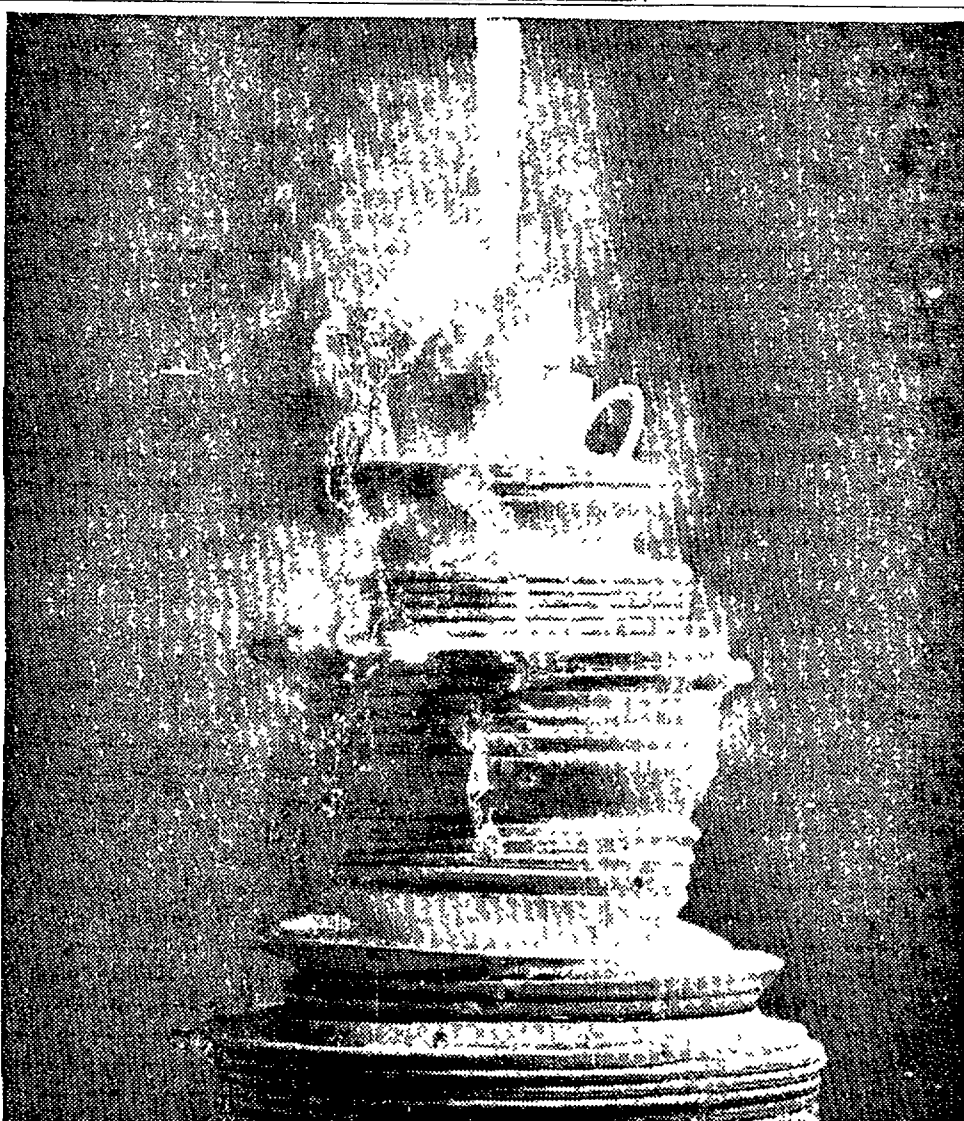

1. Learn to swim. If you can swim a little, learn to swim better.
2. Always swim with a companion. Make sure someone is near by to help if you get into trouble.
3. Swim in a safe place. The presence of lifeguards usually indicates the area is safe for swimming.
4. Know the area. Before diving, make sure the water is deep enough, and has no hidden objects such as submerged rocks.
5. Respect the water and know your limitations.
6. Use Discretion. Wait at least an hour after eating before swimming, and don't swim when overheated or overexerted.
7. Try to remain calm in case of trouble. Assume a face-up floating position, keep your hands under water and slowly move your hands and feet.
8. Even if your boat overturns, stay with it. Most small craft will float, even when filled with water.
9. Don't depend on a tube or an inflated toy to hold you up.
10. In river swimming, watch out for swift currents. Lifeguards will tell you to recognize these conditions and how to save yourself if you are caught.
11. In long distance swimming, always swim parallel to the shore and with a companion or boat nearby.
12. Equip your boat with safety items. A life jacket for each passenger and a stern light are musts. Recommended also are anchor, oars, boat hook, extra line, fire extinguisher, first aid kit, and tool kit.

If you have a few extra dollars . . .  
— call up Northville Township Clerk Rita Northup and ask her about the young mother with seven children and little or no income;  
— or in Novi give a boost to John Meier's finance committee for the Novi Youth Protective Committee, they're helping kids help themselves and their treasury is nearly depleted.

# R R Passenger Business Dead

Babson Park, Mass. In my column which appeared during the week of May 17th, I referred to the new corporations which are being formed by the Bangor & Aroostook and the Kansas City Southern railroads. (I think this Release was No. 2050, which means that I have written this number of columns for a similar number of weeks over the years.

These business corporations which are gradually being formed do not change the operations of the railroad passing through your city. Such a "business corporation", however, gives the railroad an opportunity to use its right-of-way, its stations, and its opportunities for business in more profitable ways.

Every Chamber of Commerce should now take this matter up with the railroad passing through its city. Said railroad enlarging its facilities means a profit, which should mean an advantage to your city as well as to the stockholders of the railroad.

The railroad passenger business is dead and every community should recognize this as soon as possible. Otherwise, the railroad stockholder perhaps should consider alternatives in other transportation fields.

Every Chamber of Commerce at its next Directors' meeting should appoint a Railroad Committee. This Railroad committee should meet and carefully

go over the property of the one or more railroads passing through its city. It further should ask the city tax assessors for a rough map of the property which these one or more railroads own in said city.

In fact, it might be well to have the Chairman of the Tax Assessment Committee present at the next meeting of the Railroad Committee. I fear that the railroad would hesitate to give a Chamber of Commerce a list of all its land holdings, even in said city; hence such a list must come from the tax assessors.

One of the first things for this Railroad Committee to consider is the amount of idle track which now exists. Certainly the railroads will want no more tracks, and probably much of its present track could be abandoned, enabling abundant land to be utilized for other purposes. If the railroad company refuses to sell or use such land, then the assessors should feel free to raise the tax assessments thereon.

The Railroad Committee can explain to the railroad company authorities that it wishes to provide some additional earnings for the railroad rather than handicap them by higher taxes.

As suggested above, there are many things which a railroad company can do without any additional legislation. The Boston & Albany Railroad, which runs through Wellesley, Mass., had two beautiful stone stations built during prosperous times.

One of these it has rented to a clothes cleaning establishment, with a small waiting room for passengers. The other railroad station, one mile beyond, is being demolished by the railroad company which will sell the land for various purposes.

In almost every community there is a shortage of good parking spaces at the present time. There are sections of vacant land which could be rented for parking lots. These would be both a contribution to the community, and also give a constantly increasing revenue to the railroad companies from whom it would collect money through the leases of the property.

Such "outside businesses" vary from the operation of buses to the leasing of supermarkets and small factories. This is a real opportunity for railroads to discover what can be done. In the case of the Bangor & Aroostook, it has had its business corporation purchase a personal loan company to make small loans along its line; it is now negotiating for a machinery company to install automation in various plants of New England.

Its headquarters are at Bangor, Maine; the Chamber of Commerce of that City will be glad to send to any other Chamber of Commerce details of what the Bangor & Aroostook Corporation is doing.

# Network of Taxes Not Exclusive to State

Patchwork taxes, nuisance taxes, stopgap measures! These shopworn phrases used by opponents of miscellaneous additions to Michigan's present tax structure are not entirely borne up by studies of other states.

The Michigan Department of Revenue recently reported, while the State Senate was debating an income tax, that there are 22 states with both a sales tax and payroll levy. The report indicated that in only two of these states did the revenue from the income tax exceed that brought in by the sales tax.

The connotation of the words

"patchwork," "nuisance," and "stopgap," are such that they effectively cast a dark cloud over the temporary taxes which were first passed in 1959 under the term "nuisance" tax, and enacted again this year as permanent measures.

Opponents of the "miscellaneous" taxes, which they would now be called if supporters had their way, would like Michigan residents to believe this state is the only one with a variety of taxes.

The U.S. Census, however, shows that Michigan's taxing ideas are in use throughout the country. Some states have taxes Michigan lawmakers

haven't even thought of.

The Census showed, for example, that in 1960 all 50 states taxes sales of alcoholic beverages. Tobacco products came under a tax in 46 states.

Several states tax soft drinks, a levy which was proposed late in the current Michigan legislative session but not enacted. One state imposes a tax on lubricating oil and "power use," another has a levy on "meals."

In the number of taxes imposed, Michigan ranks among the top.

In 1950, the latest complete compilation available, Louisiana led the states with 28 different taxes, followed by Iowa with 24.

Michigan, Maine and Kansas each had 23.

Among the states with income taxes that year, Indiana had 20 other kinds of taxes; the payroll levy was one of 17 taxes imposed in California; and in Delaware 19 other types were on the lawbooks.

Several thousand Michigan motorists driving only because of the type of insurance they carry may be violating the law without knowledge, according to Secretary of State James M. Hare.

Under Michigan's financial responsibility law, some 77,000 motorists are required to have financial responsibility insurance for a three-year period if they wish to continue driving.

These are motorists involved in an accident who could not prove financial responsibility by having adequate public liability and property damage insurance.

"Unfortunately in recent months, three companies which wrote this special insurance in Michigan have gone out of business," Hare said.

Persons insured under the three firms were notified by letter from Hare's office. There was no way of checking, however, how many of these moved to other locations or for some other reason did not receive the notice.

"There may be a considerable

number of Michigan motorists who still believe they are properly covered but they are not," Hare said. "If they are driving on invalid insurance, they are inadvertently in violation of the state financial responsibility law."

Some 200 companies with valid Michigan licenses sell this type of insurance, the Secretary of State said. Driving privileges will be restored to motorists who take insurance with any of the remaining firms.

It will soon be known who wants to represent the voice of the people in Michigan next year. The top spots in the fall election are already spoken for, but the next line of command is still up for bids.

By the middle of this month, county clerks and the State Elections Division will be getting the bulk of the nominating petitions for the August primary. A number have already been filed.

The 144 seats in the Legislature, numerous county and city posts, and many local questions will be on the primary ballot.

Legislative hopefuls are expected to be great in number this year, at least partly because of the recent Constitutional Convention which gave a taste of politics to many newcomers and several previously perennial candidates.

# Ignore Her Pleas; Get Help

Dear Dr. Mudd:

Two years ago my wife had a nervous breakdown. Our family doctor referred her to a psychiatrist who worked with her in his office but then had to hospitalize her because she got too nervous and couldn't sleep or eat.

She got some treatment at an electroencephalogram I think it was, and this made her a lot better. She stopped pacing the floor all the time. Her appetite improved and she began to sleep at night. The doctor at the hospital gave her medicine to take and it has helped her too, but when my wife left the hospital she went back to her family doctor who changed the medicine because my wife complained that what the psychiatrist had been giving her was not helping her.

Actually, it was. It returned about four months ago, and since that time she has started the same thing over again. She can't sleep, she can't eat, she paces up and down and can't sit still for a minute. It's even worse this time because she's afraid of being alone. She sticks to me like glue. I can't go anywhere without her tagging right along.

I want to help her and do all I can for her but this is more than I can take. She even yokes me up in the middle of the night and when I asked her why she does it, she says she wants to make sure nothing has happened to me and that I am all right.

I try to get her to go to the doctor who cured her two years ago, but she says the hospital is so depressing and like a jail and if she goes there she'll just get worse.

Finally, I got the name of another psychiatrist from a neighbor of mine. My wife is afraid our family doctor will be mad when he finds out she saw a psychiatrist and so I

couldn't go to him to get the name of one. My wife went with me to see the new doctor. He was very nice to me but she wouldn't let me stay with her while he talked to her.

He told me that it might be possible to keep her out of the hospital, but that he really didn't think it would be. He was right. That night she started all over again, pacing, crying, hanging on to me like she was drowning or something. So I called the doctor and he got her a bed in his hospital and called me back to tell me I could take her in. So I asked her if she wanted to go and she carried on worse than ever and said she'd rather die than go to the hospital.

I told the doctor she didn't want to go to the hospital and he told me he had done all he could do and that nothing could be done to help her unless she was willing to be helped. Now I don't know what to do. She is no better. She won't go to our own family doctor or to the first or the second psychiatrist. Something has to give because I can't stand this any more. I have decided to do whatever it is you tell me to do.

J.C.V.

Dear J.C.V.: Your wife is undoubtedly suffering from a severe emotional disturbance. Although the precise nature of it can only be determined by an adequate psychiatric evaluation, there is little question but that she needs and would be benefited by hospitalization and treatment in a

This is an emergency situation and it does you no credit to be guided by her wishes or preferences at this time. You sought a doctor's advice. He gave you the best possible advice available and then you chose to ignore it alleging that your wife wouldn't like what was advised!

You have no grounds for complaint that you received no help! It was you who failed to follow the advice you sought. No doubt you feel it is deep devotion and love for your wife which makes you so willing to follow her wishes. I fail to see any love or devotion when, by your very inaction, you in effect prolong her suffering and misery.

She is too ill to know what is best for her and you must become strong enough to do what has to be done no matter how much it pains and distresses you. Yours is not a unique situation but it has its own long history of development and this cannot be dealt with here.

Specifically, my advice to you is this: regardless of your wife's pleas or denunciations, turn a deaf ear to her and hospitalize her immediately. If she won't go voluntarily, then your doctor can help you with obtaining the necessary legal authority to hospitalize her.

You can at any time take her, if unfortunately that should be required, to the Psychiatric Division of the Wayne County Hospital at Eloise. They are empowered to hospitalize her if that be required in their judgment.

Sincerely,

Sandor Mudd, M.D.
