

Biggest Enrollment Awaits School Bell

Northville public school students have just two weeks to enjoy summer vacation "freedom" before ticking back to the classrooms — 2,105 strong.

All students report to their respective classes at 8:30 a.m. Thursday, September 6. Elementary grades will have half-day sessions both Thursday and Friday, while secondary students will attend all day Thursday and Friday morning (See full school calendar, page two, section two.)

Parochial Schedules

Full classes are all set to begin early in the first week of September for Northville's two parochial grade schools. Our Lady of Victory and St. Paul's Lutheran.

Sister Mary Bernarda, principal of OLV, said that classes will begin with an 8 a.m. mass on Tuesday, September 4. Half day sessions will be held on Tuesday and Wednesday for all grades.

It will be the first year the school has opened with its new building addition. Last fall OLV pupils had to attend half-day sessions until the four new classrooms were completed December 1.

Sister Bernarda estimated that 300 children will be enrolled in grades one through eight. The new accommodations will provide one classroom per grade.

Our Lady of Victory will have an eight-member teaching staff. Sister Bernarda said it would include four new teachers.

Classes commence Wednesday, September 5 at St. Paul's Lutheran school.

Miss Ruth Ellison, a June graduate of Concordia college in River Forest, Illinois, will teach grades one through four, a position vacated by Miss Judith Klenz.

Principal Harold Kenow, who teaches grades five through eight, said that he expects approximately 45 students to register this year.

Kenow said that registration of all Lutheran school pupils will be from 2 until 4 p.m. and 7 to 8:30 p.m. on registration day, September 4.

An opening service at 9 a.m. will mark the beginning of school on September 5, with the school day ending at 3:30 p.m. Regular classes will be conducted on Thursday, September 6 from 8 a.m. to 3:30 p.m.

GETTING ACQUAINTED — Northville school administrators greeted a new member to their staff this week. He's Raymond E. Spear, principal at Amerman elementary school. Appropriately, the meeting took place at Spear's school. Pictured chatting (l-r) are: Principal Harry Smith, Main street school;

Principal Donald Van Ingen, Junior high school; LaGene Quay, assistant high school principal; Dr. Kenneth MacLeod, assistant superintendent; Spear; Superintendent Russell Amerman; and High School Principal Fred Stefanski.

Aim for Spring Construction

Council Ready to Go Ahead With New City Hall Plans

Mayor A. M. Allen, pulled the wraps off the proposed new city hall Monday night and called for the council to resume "full speed ahead" in its planning for the new facility.

It has been nearly two years since the council has given serious attention to construction of a new city hall.

The mayor told the council he would hope that all preparations for the city hall could be completed this winter, so that bids could be awarded for early spring construction.

His proposal was given enthusiastic support by council members.

The turn-about attitude is the result of a meeting held last week with planning consultants concerning the possibility of acquiring federal funds for use in the city hall building program.

Ed Hustoies, an urban renewal expert with the consulting firm of Villacian-Leman and Associates, told the council that federal funds were not available for construction of government buildings.

In June, 1960 the city acquired \$147,000 when it sold the community building to the school district. The money was earmarked for construction of

a new city hall and a citizens' committee undertook a study to determine where and what kind of a facility should be constructed.

For several months during late 1960 the city council interviewed prospective architects and narrowed the list to a half dozen before halting the project.

At this point the council undertook to determine if it could obtain federal funds to match its \$147,000 and possibly broaden its plans to include an urban renewal program.

The city hall study committee proposed that the new building should be constructed on the present site. It recommended a two-level building with approximately 5,000 square feet per level with one level providing access from Main street and the lower level from the rear.

The committee had 20 members, but only a dozen worked actively on the project through the 11 meetings. There were numerous differences in opinion, but the committee agreed to approve the final report.

Grid Bonds Re-Advertised

The Northville board of education has been advised it must make another attempt at selling \$43,000 worth of revenue bonds in one lump sum before permitting a public sale in smaller increments.

September 4 at 8 p.m. has been set for new bids. A similar sale August 13 failed to attract a single bid.

The board had decided to turn the sale project over to a committee headed by Nelson C. Schrader. The funds will be used to purchase lights and 3,000 seats for the new high school athletic field.

Some hope has been expressed that the new lump-sum sale attempt might meet with success. But whether the bonds are sold September 4, or later by Schrader's committee, little hope remains that the project will be completed for the home opening football game with Clawenceville September 21.

Northville Well Represented in Fair

More Michigan livestock and farm products than have ever been shown at the state fair in its entire 113-year history will be on display beginning tomorrow (Friday).

Walter A. Goodman, general manager of the state fair, which is to be held tomorrow through September 3 at the Detroit Fairgrounds, said a record \$141,000 in prizes will be awarded this year for farm exhibitions.

Among area residents who will be competing for some of that prize money and the fancy blue ribbons are long-time horticulture exhibitors the Ralph F. Foremans.

"We've been entering (and winning) at the state fair for better than 25 years," Foreman said this week, "so I guess it's sort of become a habit with us."

But it's not quite a habit, because the Foremans, now busily selecting apples, peaches, prune plums and pears for their display, take a deep interest and pride in showing off the high quality of their products.

Source of the fruit for their livelihood and the displays is the Foreman Orchards farm, at 5050 West Seven Mile road.

The Foremans, Ralph F. and Ralph Junior, operate 100 plus

acres containing five different kinds of fruit trees in Wayne and Washtenaw counties. The younger Foreman lives at 49711 West Seven Mile

Another indication the state fair is not "just a habit" for the Foremans is that for the first time in 25 plus years, they will not have an artistic exhibit among their entries.

"We're entering most of the other fruit displays," Foreman explained, "but we haven't enough help now to prepare in

time the kind of artistic display we'd want."

Another first for the Foreman Orchards will be their entry in the fair's commercial exhibit. In deciding to remain out of the artistic competition, the local fruit farmers also decided to show off the other side of their business — the packaging of fruit for sale.

Their big display this year will feature boxes, baskets, and bags of shiny red apples, juicy ripe pears, plump peaches and examples of the prune plums and cherries produced by the Foreman Orchards.

The Foremans will also be entering several other fruit displays, including:

—the educational exhibit, which describes each variety of a fruit and explains its uses;

—the crops and products display, featuring all produce of the farm that's offered to the public;

—the plates and trays of fruit exhibits in which each entry is judged on uniformity of fruit, absolute absence of blemishes, color and size of the fruit and its general condition.

The Foremans win regularly in these smaller judging events, and have been frequent winners in the large exhibits.

"But win or lose, we enjoy it," Foreman said. "It's good,

tough competition with well-qualified judges picking the winners, and it gives us a chance to show off our fruit and do some boasting."

Also competing with the Foremans from this area will be Ralph's brother William, of 49824 West Seven Mile road, Robert F. Mitchell, of 50286 West Seven Mile road and Don C. Griggs, of 49824 West Seven Mile road.

In the horse competition, entries from this area include Bill O'Brien, of 17191 Ridge road, Roy L. and Rese F. Williams, of Williams' Five R's Farm, 19233 Clement road, John W. Montross, of 8973 Six Mile road, Edna O. Walter, of 9184 Currie road and Rhonda Atchison, of 332 South Rogers.

Also in the horse showing will be Eddie Porath, of Water Cress Farms, 6500 West Six Mile road, H. Edwin Earehart, of Eddie Earehart's Training farm, 9566 Chubb road, Earl Clarke, of Totem Pole Pony Farm, 41810 East Seven Mile road, Fred Hembrey, of 9300 Napier road and Gerald F. Taft, of 45518 West Eight Mile road.

Among entrants in the beef cattle competition will be Larry Mabery, of 1927 Tozer road, and competing in the dairy cattle division will be Water Cress Farms.

Another witness tried to stop Sandy, but halted when he saw

Auxiliary Police Officer Kills Wife Then Slays Self

A part-time Northville auxiliary police officer shot and killed his wife early Tuesday morning, and then turned his gun upon himself.

Found dead in his apartment bedroom just seconds after he shot himself with a 410 gauge shotgun was Ernest D. Sandy, 51, of 103 North Rogers street.

Sandy had shot his wife Loretta about an hour earlier as she was about to enter the Highland Park drug company warehouse in which she worked.

Witnesses told Highland Park police Sandy had stopped his wife in a parking lot at about 7 a.m. Tuesday. They said he grabbed her around the neck, shot her in the chest and shot her again in the back as she fell to the ground.

Sandy then turned his .38 caliber pistol upon himself, inflicting a non-fatal wound in the lower chest. He tried the gun again, but it did not fire, so he walked back to his car and drove to Northville. Police discovered later the pistol had been only partially loaded, and he had no more ammunition.

The machinery of police action swung into action, and while Sandy was returning to his car, officials traced his car and notified Northville police of the shootings.

Northville Patrolman Frank Heintz, who had talked with Sandy at about 4 a.m. Tuesday morning, but had noticed no indication of trouble, was sent to the Rogers street address at about 7:45, but no one was there. Heintz returned at just after 8 o'clock, and as he was knocking on the door, he heard the shotgun blast by which Sandy completed his suicide.

Police later discovered Sandy's car, its rear window smashed by a rock thrown by a witness to the parking lot shooting, parked about a block down Main street from Rogers.

Northville Police Chief Eugene King said Tuesday afternoon that Sandy had apparently parked away from the apartment building to avoid being seen before he could finish the abortive suicide.

Police learned that Sandy and his 42-year-old wife had been having marital difficulties recently, and that he had decided to "end it all."

Officers report Sandy telephoned his sister in Northport, Ohio Monday night to say his wife refused to help reconcile their problems, and to ask his sister to come to Northville to take care of the Sandys' two children.

His sister told Northville police she had assumed Sandy intended to seek a divorce.

The attractive, dark-haired Mrs. Sandy had taken the children, a 13-year-old boy and a 10-year-old girl, to stay with friends in Highland Park Monday afternoon.

Sandy, employed by the Rager Detective Service of Detroit as a plant security guard for the Paragon Bridge and Steel company, had apparently been searching for his wife most of the night before deciding to contact her at the warehouse where she had worked for over eight years.

"No," she replied when he asked her whether she would bring the children back home, and then he grabbed her and started shooting, a witness told Highland Park police.

Another witness tried to stop Sandy, but halted when he saw

Sandy was still holding the pistol. He then stopped a passing car and attempted to chase Sandy, but lost his car in traffic.

The Sandys had lived around the Northville area for a number of years. Sandy had once been employed as a guard at the Detroit House of Correction. He had also served as a Northville auxiliary policeman during the racing season for the past five years.

Detroit police placed the Sandy children in a Detroit child-

dren's home until Sandy's sister came to get them.

In a note to his sister found in Sandy's car, he asked her to take care of the children and "raise them as good Christians."

Police report both bodies were taken to the Wayne county morgue, where autopsies were performed. A county medical examiner's inquest was scheduled to be held yesterday (Wednesday).

Funeral arrangements had not been completed by Wednesday morning.

City Seeks More Sidewalk Bidders

City council members who had through a light agenda Monday night in record time — less than two hours.

One of the chief items on the agenda had to be postponed for another week when only one bid for new installation, and replacement of city sidewalks was received.

The council had planned to undertake a sidewalk program on 14 different streets under the city's one-third, two-thirds assessment plan.

Lone bidder Paul Palmer told the council that previous bids had been so low in Northville that contractors couldn't afford to bid on the sidewalk project.

Mayor A. M. Allen suggested that more bidders be contacted and that a special meeting be called for next Monday for re-bidding.

One of the new sidewalks to be installed is on North Center street in front of Amerman school. Mayor Allen pointed out that this installation should be completed before school begins.

In other business Monday night the council decided to reverse the "stop sign" at the corner of Wing and Dunlap streets. Presently, Dunlap traffic must stop. At other intersections Dunlap traffic has the right of way. A police report notes that it has caused frequent accidents and recommended the change.

Following recent heavy rains sewage has appeared in the stream and a stagnate pool has caused unpleasant odors in the area, the complainants stated.

City Manager Bruce Potthoff said that a temporary measure that had permitted overflow of the sanitary sewer to run into the storm sewer had been corrected.

Finally, the council gave Mayor Allen permission to negotiate with Roy Stone, owner of a Main street lot now used for parking, for possible purchase of the lot by the city.

'Dropping In' On Novi

SKY DIVERS from throughout Michigan will compete for state championships as a special feature of Novi's Gala Day celebration Saturday afternoon. A variety of entertainment is planned throughout the afternoon in observance of the fourth anniversary of the village. The celebration will be held at the Novi school on Novi road.

News Around Northville

Miss Susan Rathburn and Mrs. Kenneth Rathburn entertained 17 guests Wednesday, August 8 at a kitchen and linen shower for bride-to-be Diane Luchman, daughter of Mr. and Mrs. Clarence Luchman of Orchard drive. Guests were from Ann Arbor, Inlay City, Plymouth and Northville.

Weekend guests of Mrs. W. Horsfall, 600 Horton street, were her sister, Mrs. Walter Grant of Bay City, and Mr. and Mrs. Art Thompson of Kalamazoo, Michigan.

A pink and blue stork shower was held at the home of Mrs. Jessie Boyd, 406 Duhamel, Tuesday, August 14 in honor of Mrs. William Bentley of South Lyon. Mrs. James Reading was the co-hostess. Fourteen guests

from South Lyon, Sahne and Northville attended the buffet shower luncheon.

Mr. and Mrs. Elgyn Callis of Plymouth attended the funeral of their son, Thomas W. Callis, on Wednesday, August 15 in Nashville, Tennessee. Mrs. Callis is employed as the tailor of Lapham's Northville Men's Shop.

Mr. and Mrs. Roy Stone and their son Dwane have returned from a trip through the New England states. Highlights of their vacation were a visit with their daughter Beverly in Boston, Massachusetts and a stop at the Tel Star earth station at Andover, Maine. They returned via Canada.

Billy Kelly, 43565 Cottisford, and Ralph Luckett of 44049 Wyngate have returned from two weeks of camp at Hidden Acres on Indian River while in the North the boys traveled to the Mackinac bridge.

The Brookland Farms neighborhood bridge group met for their August meeting on Tuesday, August 14 at the home of Mrs. Arnold (Mildred) Ellison, 44029 Wyngate.

Brookland Farm couples who

attended a Hawaiian party at the George Meiw home Saturday night were: Mr. and Mrs. Dan Sullivan, Mr. and Mrs. William Kelly, Mr. and Mrs. Charles M. Smith, and Mrs. Mitchell Wayne, and Mrs. Arnold Ellison, and Mrs. Ralph Luckett, and Mrs. Boyd Armstrong, and Mrs. Ray Anchor, Mr. and Mrs. Phillip Wegeng and Mr. and Mrs. Bermon Martin.

Mr. and Mrs. Freeman Lytle, 43458 Cottisford, spent last week at Harbor Springs, Michigan, where they attended the business convention of Calbio Chemicals. This week Mr. and Mrs. Lytle and child are vacationing in the West Branch-Houghton Lake area.

Miss Sharron Lund, who has been spending several weeks at the home of her uncle and aunt, Mr. and Mrs. George Hill of West Seven Mile road, has returned to her home in Hialeah, Florida.

Eight days of Mr. and Mrs. Philip Nauman and daughter Judy's recent vacation was spent camping on the Pacific ocean at Westport, Washington with their son and brother, Robert Nauman, who was on leave from his Ft. Lewis, Washington Army base. While in the west they also took in the World's Fair. The Naumans live at 21831 Connemara drive.

This week Dr. Albert G. Kalin of Haggerty road is attending the Golden anniversary meeting of the American Podiatry association in Washington, D.C. He serves as secretary of the State of Michigan Board of Registration in Chiropractic (Podiatry).

Peggy Dresselhouse Weds William Chizmar

A candlelit Northville First Methodist church was the scene of the Saturday marriage of Peggy Dresselhouse and William Chizmar. The groom's uncle, the Reverend William Richards, pastor of the First Methodist church, Clarkston, performed the 7:30 p.m. ceremony.

Parents of the Northville couple are Mr. and Mrs. Herman Dresselhouse, 19730 Marilyn, and Mr. and Mrs. William Chizmar of 19390 Maxwell. Mrs. Leland Mills sang "The Lord's Prayer" and "O Perfect Love" while accompanied by Organist Sam Chizmar, the groom's younger brother.

Escorted up the gladiolus aisle on the arm of her blue All the bride's attendants

wore matching hats and shoes. Their bouquets were arrangements of daisies and carnations that matched the colors of their gowns.

Flower girl Carol Zuenner, 4, wore a white dress decorated with pink roses to match the maid of honor's gown. The bride's six-year-old brother, Bobby, served as the ring bearer.

The groom chose William Walker of Northville for his best man. Fred Mitchell, Bill Ziegler and Gerald Dresselhouse seated the 250 guests.

For her daughter's wedding Mrs. Dresselhouse wore a green lace dress with beige accessories. Mrs. Chizmar was attired in a blue, flowered dress and blue accessories. Both mothers pinned on corsages of white carnations.

After the ceremony the guests were entertained at a reception at the American Legion hall. Guests attended from Canada, Brooklyn, Chelsea, Adrian, Manchester, Britton, Saline, Detroit and Northville.

For their wedding trip to the North, the new Mrs. Chizmar wore a navy blue suit and red accessories. Her corsage was the white orchid from the bridal bouquet.

Both Mr. and Mrs. Chizmar were graduated from Northville high school, the groom in 1959 and the bride in 1961. In the fall Mr. Chizmar will continue his studies as a junior at Eastern Michigan university where he is affiliated with the Tau Kappa Epsilon fraternity. Mrs. Chizmar will continue her work with Michigan Bell at Ann Arbor.

After their trip, the couple will live at F-105 Cornell courts in Ypsilanti.

Mrs. John Donovan, South Rogers, and Mrs. E. B. Cavell of West street are vacationing at the Tawas, Michigan cottage of Mrs. Cavell's son, Dr. Ted Cavell.

Richard Horton, a former resident of Northville now living in West Nyack, New York is here this week visiting friends. He is staying at the home of Donald Busch, son of Mrs. Dorothy Busch, South Center street.

A SURPRISE PARTY celebrating the 25th anniversary of Mr. and Mrs. Peter Gross (left) of 625 Novi avenue was shared by Mr. and Mrs. Stuart Thomson (right) of 974 Grace street Sunday afternoon. Ironically, the Thomsons, whose daughter is Mrs. Peter Gross, Jr., were married on the same day, August 14, and the same year as the senior Mr. and Mrs. Gross. The anniversary picnic, held at the Novi avenue home of the junior Gross family, was arranged by the Gross' children and Mrs. Robert Garley of Homer road. Seventy-five guests from Detroit and Northville attended.

THEY "WENT HAWAIIAN"—Over 100 Connemara Hills residents donned their best mu-mu's and colorful Polynesian shirts for Saturday night's subdivision party held at the V. J. Kingsley home, 45015 Galway drive. Kingsley is shown above carving the "almost authentic" roast pig, as Mrs. Kingsley and curious guests look on. Another Hawaiian party, sponsored by the neighborhood bridge club, was held the same evening in nearby Brookland Farms at the George Merwin home, 43161 Cottisford. Eleven couples attended the patio get-together.

Scott-Soule Vows Spoken At Methodist Church

A church parlor reception for 200 guests followed the Saturday wedding of Elizabeth Ann Scott and Joel V. Soule. The Reverend Lloyd G. Brasure, pastor of Northville's Presbyterian church, officiated at the 4 p.m. ceremony held in the First Methodist church here.

The bride is the daughter of Mr. and Mrs. Winfield Scott of Dearborn. Mr. Soule's parents are Mr. and Mrs. Roy Soule, 241 South Wing street.

Glowing candles and flowers in traditional white adorned the altar. John Hyde sang the wedding melodies.

Given in marriage by her father the bride wore a floor-length gown of silk organza with a full embroidered overskirt. Sequins sparkled at her neckline. The bouffant bridal veil fell from a tiara of crystals and rhinestones.

Maid of honor Carole Moore of Dearborn preceded Miss Scott up the aisle wearing an orchid street length sheath with a matching overskirt and headpiece. She wore white elbow-length gloves and carried a bouquet of lavender and orchid colored flowers.

Mrs. Dennis Proctor of Wayne and Mrs. Edward Mollema, Jr. of Dearborn wore bridesmaid dresses and accessories styled identically to the maid of honor's. Their colors were pink and green respectively.

The groom chose Paul Schulz for his best man. Edward Mollema, Jr. and Dennis Proctor seated the guests from Dearborn, Detroit, Windsor, Plymouth and Northville.

For her daughter's wedding Mrs. Scott chose a powder blue chiffon dress with a lace bodice and matching accessories. Miss Soule was attired in an aqua chiffon sheath and a white lace hat. Their corsages were roses with matching ribbon trim.

For their wedding trip to the North the new Mrs. Soule donned a white wool suit.

When they return the newlyweds will reside in Ann Arbor where the groom attends the University of Michigan law school.

The bride graduated from high school in Dearborn and was a 1960 graduate of Wayne State university. She has taught in the Allen Park public school system for two years.

A graduate of Northville high school and Wayne State university, Mr. Soule has taught in the Northville junior high school for two years.

Mr. and Mrs. Joel V. Soule

PLANNING SESSION — Officers of the St. Mary hospital guild met last week at the home of Mrs. H. Lorne Dyer, 718 Grandview, to lay plans for a membership tea next month and a dance to raise funds for hospital X-ray equipment. They extended an invitation to residents of Northville, Novi, Plymouth, Livonia, Redford and Garden City to attend the tea, scheduled for 8 p.m. September 5. The tea will be held in the DeSales auditorium, located at Madonna college on Schoeler road between Levan and Newburg. The officers are (l-r): Mrs. Joseph Allen, Redford township; Mrs. Louis Oswald, Farmington; Mrs. Edward Blankenhagen, Livonia, and Mrs. Dyer.

Kitchen Diary

Try Hungarian Cabbage

When Mrs. Donald Ware, 229 Hutton, was given two fresh home-grown heads of cabbage last month she didn't waste any time in calling up Mrs. B. A. Zayti, 10868 West Seven Mile road for a cabbage roll recipe.

But since Mrs. Zayti's only directions were "a little of this" and "a little bit of that", the two homemakers decided they should get together in one kitchen.

Well, plans got going and Mrs. Ware called Mrs. James Kipfer, 914 Ely court and Mrs. Rodney Grover, 361 South Wing to invite them to the "Cabbage Stuffing Party".

The ladies termed the demonstration party a success — and each homemaker took home a pan of the stuffing to prepare for her family's evening meal.

"Cabbage Rolls" is just one

of the many Hungarian dishes Mrs. Zayti prepares for her family.

The homemaker, who also works in the junior high school office, says Hungarian food has a flavor all its own. She notes that the chief flavoring ingredients are, sour cream, onions and paprika.

Mrs. Zayti hasn't always been a Hungarian gourmet — just since she's been married. "It's my husband that's the Hungarian," she explains. "And he paid me the highest compliment ever when he said, 'Your chicken is as good as my mother's'."

HUNGARIAN CABBAGE ROLLS

Mrs. B. A. Zayti

2 pounds ground lean pork
3 medium onions (finely chopped)

1½ cups uncooked rice (not the quick-cooking type)

Salt and pepper (approximately 2 teaspoons salt)
1 large head of cabbage
1 tall can of tomato juice

Mix first four ingredients in mixing bowl. Steam the head of cabbage in small amount of water for a few minutes. Cut off the outside leaves and steam again, until you have been able to separate all of the leaves. Pare down the core of the cabbage leaf to the thickness of the leaf (to make it easier to roll). Form oblong rolls of the meat mixture and roll in cabbage leaf, folding over one side of leaf and tucking in the other when the roll is completed.

Place in large pan, cover with tomato juice (sufficient water can be added to bring juice level up to almost cover the cabbage), cover and cook for about one hour and 20 minutes.

If there is more cabbage than meat, cover the rolls with the extra rolls while cooking. A small piece of hot pepper may be added to the juice while cooking, to add to the flavor.

May be served with a sour cream topping.

AAUW—Theatre Guild Plan Play for Children

Children of the Northville-Plymouth area are due for a special treat as the American Association of University Women and the Theatre Guild of Plymouth put their heads to-

gether to plan a stage production of a favorite fairy tale, "The Fisherman and His Wife."

Previous children's productions given by A.A.U.W. have been sellouts, and by joining forces with the experienced Theatre Guild, the group can bring two plays to the children each year instead of their one regular spring production.

The joint project will be presented in four performances on October 6 at the Plymouth high school.

Under the leadership of President Merlin Heft the Theatre Guild will shoulder the production end, taking care of casting, staging, costumes, lighting and direction.

Mrs. Richard Fritz, president of A.A.U.W., will direct her crew in the handling of finances, tickets, publicity and ushering.

The original script was written by Theatre Guild member William Mandt, adapted from the old story.

News of casting is secret as yet.

Births

A son, Gregory Foster, weighing seven pounds, nine ounces, was born last Thursday at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. Gerald W. King, of 789 Carpenter street. Mrs. King is the former Miss Priscilla Hilton. Grandparents are Mr. and Mrs. R. D. King, of Plymouth, and Mr. and Mrs. Foster S. Hilton, of Cedarville.

Twins were born last Wednesday to Mr. and Mrs. William Newmeyer, of 46236 Sunset. Dean Edward, six pounds, 15 ounces and Denise Elizabeth, five pounds, six ounces, were born at St. Mary hospital. Mrs. Newmeyer is the former Theresa Wilkins, of Plymouth. The grandparents are Mr. and Mrs. William Newmeyer, of Livonia, and Mr. and Mrs. Walter Wilkins.

DEADLINE

TUESDAY NOON

1—Card of Thanks

I wish to thank my friends and neighbors for the gifts, flowers, cards and good wishes during my recent stay in the hospital.

Joseph LeRoy
H34px

In loving memory of John Maurer, who passed away on August 23, 1961. You're not forgotten loved one; nor will you ever be, as long as life and memory last, we will remember thee. Your loving ones.
Ida Maurer and Children
H34cx

3—For Sale—Real Estate

SOLD — The fine home in Echo Valley Estates. Another one to sell at 416 East St. right in the City. Be proud to have your children bring in their friends. Investment in child development in a nice home pays big dividends.
Sold — The suburban country home on Smock Rd. on 1 acre. Another nice home in the country with 9 acres is available.
Sold — The older type home at 121 West St. — but I still have a REAL BARGAIN at 340 Eaton Drive. Remember — you can't see how nice a cherry pie is until you get inside. This home the same.
Sold — The big bldg. lot at corner of Chubb & 9 Mi. Rd. Sure — I have several others equally as nice. Acreage, too.
SOLD — My interest in selling to you or for you. Try it. Maybe we will both make 10c.
For Rent — Suburban home close in or lovely furnished apt. Note: Just read "If you don't toot your own horn, no one else will". Ahem & Amen.

Educators See Many Changes In Future Secondary Schools

What will the secondary schools of the future be like? How will they be better able to serve the needs of your children?

Achieving the goal of better secondary schools requires a focus on change — a focus on courage. The Michigan and National Education Associations report that school administrators and classroom teachers are constantly seeking new ways to organize classes, to implement new methods of instruction and to use staff resources.

In 1956, the National Association of Secondary School Principals, a department of the NEA, organized a commission to sponsor and study the results of experiments involving

STATE OF MICHIGAN

ss. 512,911

County of Wayne

At a session of the Probate Court for said County of Wayne held at the Probate Court room in the City of Detroit, on the sixteenth day of August, in the year one thousand nine hundred and sixty-two.

Present Ira G. Kaufman, Judge of Probate.

In the Matter of the Estate of EMELINE M. SLOVER, Deceased.

On reading and filing the petition of J. D. Soper praying that administration of said estate be granted to Edmund P. Yerkes or some other suitable person:

It is ordered, that the eighth day of October, next at ten o'clock in the forenoon at said court room be appointed for hearing said petition.

And it is further Ordered, that a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Ira G. Kaufman, Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated Aug. 16, 1962

Harry Bolda,
Deputy Probate Register

100 junior and senior high schools representative of many parts of the United States. The suggestions presented here are the commission's findings.

SOME CLASSES will be small. Often instruction in the schools of the future will be provided in classes with 15 or fewer pupils, designed for small-group discussion. In these classes, teachers will be able to analyze students' reactions to course content, and they will be able to observe the ability of students to handle data and to solve problems.

INDEPENDENT study will be emphasized. Many different types of laboratories will be available for a variety of student activities — not only in the sciences, but in mathematics, social studies, fine arts, and English and foreign languages. Study materials for reading, viewing, and listening will be available in libraries and laboratories.

SOME CLASSES will be large. Tomorrow's schools will use classes of 100 to 150 students whenever educational purposes can be best achieved in large groups. Under this arrangement, two or more skill teachers with assistants will plan, instruct, and evaluate cooperatively class groups in order to take advantage of special competencies of teachers. Large-class instruction makes possible economical use of technological equipment and better use of time. Large classes help prepare students for large college classes.

TEACHER assistants will be used. The use of teacher assistants and team teaching in tomorrow's schools will make possible the use of staff specialists to supplement teachers' work in such areas as guidance, research, reading, audio-visual instruction, health, and instruction of exceptional children.

Community consultants, especially competent in certain fields, will provide teachers with special information. Clerks will type, assemble materials, keep records, take attendance. To perform the tasks which fall between the clerical level and the instructional level of teaching, schools will employ

instruction assistants. These persons will evaluate some of the students' written work, serve as laboratory assistants, and supervise students engaged in independent study. College students, housewives, industrial employees, and retired persons are potential sources of these part-time assistants.

SCHEDULES will be more flexible. Tomorrow's schools will emphasize flexibility of school schedules. Less attention will be given to the school bell which today breaks the school day into six or seven exactly equal periods of time. The schools of the future will schedule students in class groups an average of 18 hours a week. The typical tenth-grader will spend about 12 of these 18 hours in large group instruction, six in small group discussion. He will spend an additional 12 hours in independent study. Students who do not have out-of-school jobs or heavy activities schedules often will spend 20-24 hours weekly in independent study instead of today's average of 10 hours.

Faculty members also will find their day governed by the needs of the students rather than by a fixed time schedule. The average teacher will be scheduled with groups of students about 15 hours per week. The hours gained will be used by teachers for professional tasks and conferences with individual students. Tomorrow's schedules can be changed as needs dictate. This flexibility will be possible because students will be scheduled in groups for few hours per week. Electronic and mechanical devices will facilitate the making and revising of schedules.

INDIVIDUAL differences among teachers and students will be recognized. In the schools of tomorrow, automated teaching devices will enable each student to proceed at his own pace in acquiring basic facts and understanding. Time allowed for individual study in depth in particular subject fields will vary according to the subject and student maturity. Recognizing the differences among types of teaching, to-

orrow's schools will provide opportunities for teachers to work in teams and to have different assignments. Teachers will differentiate between what they must do and what assistants and machines can do. They will be assigned responsibilities according to their individual skills.

THE CURRICULUM will be reorganized. Tomorrow, the points of entry to and exit from elementary and secondary schools will be determined by each student's emotional maturity, his readiness to move on, and his capacity for organized instruction. Determining the proper time for change in the student's program will require professional skill and judgment. The curriculum of tomorrow will be organized so that students are kept up to date in all areas of knowledge. The number of hours required to keep students up to date will be progressively less in the upper grades because they will have acquired reasonable basic skills in the content of many amount of time for specialized pursuits will increase progressively with the maturity of the student.

Tests in the schools of the future will continue to place much emphasis on what the student knows in various subject areas. But other methods of evaluation will appraise his development of individual responsibility for his own education, his effectiveness in problem solving, his ability to discuss important issues.

MONEY will be spent differently. The schools of the future should ask themselves these questions: Does today's world make some classes obso-

lete? Are there any school activities which are of marginal value? Are professional skills of teachers wasted because they must perform clerical duties? Are there costly features of school construction that contribute relatively little to educational goals?

On the whole, tomorrow's schools will be different. They will use large-group instruction when specific purposes can be achieved. They will spend more money when necessary to accomplish other specific goals, for example, to provide for small group discussion periods. They will purchase the necessary competencies in teachers, even at high costs. Maximum use will be made of school space and equipment. Automated teaching devices will be used for tasks not requiring the full-time supervision of teachers. All educational facilities will be used more hours, days, and weeks. Greater use will be made of existing community facilities and new facilities will be planned cooperatively by schools and other agencies. And schools will spend more money on research to see if maximum values from expenditures are being realized.

She's A Winner

Mrs. Elsie Maykovich of 41000 11 Mile road was the winner of a 19 inch portable television set in an ideal home contest sponsored by a Detroit television station.

In order to win Mrs. Maykovich had to estimate the combined weight of 15 specific building objects or materials used in the construction of an ideal home.

Novi Police Raid Moonshine Depot

Novi and State police last week raided an illegal liquor distribution point in Novi, closing down a moonshine warehouse which had operated for at least several months.

Arrested and charged with selling untaxed alcohol was Richard Wagner, proprietor of Wagner's Auction Barn on Grand River avenue.

After several weeks of tracing the moonshine to its source, the police last Friday night sent three volunteer citizens to the auction barn with marked money to make a purchase.

When the citizens, three Negroes from Royal Oak, one of them a constable, returned to the Novi police station with their purchase, the police raided the barn, arresting Wagner and confiscating crocks of moonshine found in his basement.

Wagner was arraigned before Novi Justice of the Peace Robert K. Anderson after the arrest, and pleaded not guilty. He was released on a \$500 cash bond pending examination September 6 to determine whether there is sufficient cause to bind him over to circuit court.

Police Chief Lee BeGole said officers traced moonshine found in the possession of several persons who were stopped for traffic violations to the auction sale.

During their investigation, he said, they learned it was rumored the auction barn was a central distribution point for alcohol which was trucked into the Novi area from southern states.

The weekend before the raid, he added, plainclothes state

police officers from Brighton and Redford posts attempted to purchase alcohol, but were unable to do so.

After spending several weeks waiting unsuccessfully to catch the truck which the police thought was bringing the alcohol to the auction barn, they decided to send in the volunteer citizens to make the purchase.

The citizens purchased the moonshine at about 7 p.m. Friday, and police made the arrest and search about 5 p.m.

BOARD OF EDUCATION

NORTHVILLE, MICHIGAN

August 23, 1962

To the Citizens of the Northville Community School District:

Once again the time draws near when Northville's public schools will open their doors for a new year of study.

We're happy that the 1962-63 year presents no major problems so far as teaching staff, classroom facilities or buildings are concerned. Physically speaking, our system is in order.

We fully realize that such preparedness is a mark of credit to the taxpayers who support our school system and make it possible to provide students of the school district with a well-rounded education.

It is significant to note that this is the first full year of our new teachers' salary plan adopted through the cooperation of the teachers' club and the board of education. The plan, we believe, has proven itself successful.

School administrators are continuing to give particular attention to the matter of curricula and spend considerable time in consultation with principals and teachers discussing classroom studies.

Attention has also been turned to the high school physical education program this year with the proposed installation of new lighting and seating facilities at the high school athletic field. Completion of this project is expected early this fall.

As your board of education, we wish to express our appreciation of your support and solicit your suggestions for continued improvement of our public school system.

First Football Practice Work Set for Monday

"There's gonna be some changes made around here," go the lyrics of a song Northville high school football Coach Ron Horwath has found himself humming lately.

Horwath will start putting his players through their paces Monday, when schoolboy gridders across the state take to the fields for their first day of practice.

But Horwath and company will be suffering from the same malady which often hits a high school sports squad that has been training together long enough to go undefeated against league rivals, as the Mustangs did last season — lack of players.

"We'll have plenty of boys out," he explains, "but few of them will have had any varsity experience."

Of last year's 26 football letter-winners, only eight remain this year. Eighteen of last year's top Mustangs — who handily defeated all competition — graduated last June.

"And worst of all," means Horwath, "we've lost almost all our linemen."

Of the eight returning letter-men, Craig Bell, Don Bierly, Joe Hay, Jim Juday, Ron Rice, Ron and Rick Rehitzke and Tom Swiss, only Bell has played on the offensive line — as an end. Juday and the two Rehitzkes saw continuous action last year as defensive linemen.

The rest of Horwath's veterans are backs, with emphasis on offensive experience.

So while Horwath hums, he and his assistants will be deciding where to place seasoned players to best serve as teachers for the inexperienced and still retain as much power as possible.

All's not too blue, the coach points out. He says there are several of last year's reserve players who will probably be giving the varsity a boost, and there's always the chance of finding good players among new transfer students and boys.

"I'm not too worried," Horwath says, "but neither am I any too optimistic."

At any rate, the coach won't be tearing out his hair by the roots at least until after Monday.

"I can't afford it," he chuckles.

who've never tried out before.

"But no matter how you slice it," Horwath says, "there's no getting around the fact we'll have to depend on a lot of young kids who've never played varsity ball."

The first thing the coaching staff has to do is find out just exactly who's going to be out for football this fall. They're predicting a larger-than-usual turnout because of last year's highly successful season.

"Seeing who we can use where" is the way Horwath describes the next step he and assistant Coaches Dave Longridge and Alex Klukach will be taking with their charges.

And it all starts with Monday's opening practice.

First thing on the list after brief orientational work will be teaching. Horwath says they plan to start running plays immediately.

"Those boys all know enough to be in shape by the time practice starts," he explains, "so we'll be all ready to start work on timing and polish."

One thing the coaches aren't planning is a series of in-team scrimmages. They point out there are just too few experienced players to chance any of them getting hurt during scrimmage.

"I'm not too worried," Horwath says, "but neither am I any too optimistic."

At any rate, the coach won't be tearing out his hair by the roots at least until after Monday.

"I can't afford it," he chuckles.

And it all starts with Monday's opening practice.

She Has "Horse Sense"

Cross Country To Begin Soon

High school cross country Coach Chuck Yahne this week reminded all Northville runners their first practice will be next week.

Yahne said the runners will meet in the high school gymnasium Monday afternoon at 4 o'clock.

Meanwhile, reserve football players and boys who are planning to go out for any other sports during the next school year must report for physical examinations next Tuesday at 9 a.m.

The physicals, offered only once each year, will be given in the gymnasium. Boys who do not make next week's session will have to make their own arrangements for physicals.

Linda's mare, a cross between pony stock with Arabian features and a quarter horse, and colored with Appaloosa markings, actually belongs to her grandfather, Earle Clarke, of 41810 East Seven Mile road.

Clarke turned training of the young colt over to Linda nearly two years ago. Since then the

mare has been stabled mainly in the barn of her parents, Mr. and Mrs. George Whitefield, 41850 East Seven Mile road.

The Whitefields and Clarke, Mrs. Whitefield's father, run the Pony of the Americas breeding service at Clarke's Totipot Pole Pony farm, one of the half-dozen P.O.A. breeders in the state.

Mrs. Whitefield is secretary of the Michigan P.O.A. club, and her husband is director. They and Linda will be showing several ponies at the Michigan State Fair beginning tomorrow and running through September 3 at the Detroit Fairgrounds.

Bowling season is fast approaching, and preparations for winter leagues are now being made.

Royal Recreation's Ladies House League and Sunday Mixed Double league will be holding meetings this and next week to set their plans.

The Ladies House League meets tonight (Thursday) at 7:30 at the bowling lanes. Those who wish to join the league were urged to attend the meeting or call Earlene Gaffield at FI 9-3082 or Joe Alessi at FI 9-9820.

The Sunday Mixed Double league has scheduled its planning session for next Monday evening at 8 o'clock. The league officials requested those interested to attend, or call Earlene Gaffield or Joe Alessi.

NOTE: Boldface denotes home contests. All varsity games begin at 8 p.m. except at Bloomfield Hills, which starts at 3:30. All junior varsity games begin at 7 p.m., and all junior high games start at 4 p.m., with home games at Ford Field.

Exchange to Hear Manager Potthoff

"Municipal Problems of a Small City" will be the topic of a talk to be given by Bruce Potthoff, city manager of Northville before the members of the Northville Exchange Club on Wednesday, August 29 their next regular meeting.

Potthoff was formerly on the administrative staff in Jackson, Michigan, and also served an apprenticeship in the Plymouth municipal government.

He received his master's degree in public administration at the University of Michigan and is a graduate of Dearborn high school.

Potthoff will speak on the specific topics of the increasing tax burdens in small municipalities and of the problem of state equalization of taxes.

WHY WORRY

about dirty coal or oil heat when you can install clean gas heat today. Just call Oil Heat Heating for a free estimate, and they'll furnish your gas permit, too. Dial GL 36330 now...there is no obligation, of course. But don't delay...get your bid and gas permit now during the slack season and save real money with gas heat all next winter.

Obituary

CHARLES W. MEYERS

A resident of Northville since 1906, Charles W. Meyers, 82, of 221 Church street died Saturday at Wayne County General hospital after a week's illness. The son of George and Nancy Pickens Meyers, Mr. Meyers was born February 3, 1880 in Subfield, Michigan. He is survived by his wife, Edith, whom he married April 3, 1906; and one niece, Mrs. Howard Harper of Lake Odessa, Michigan. Mr. Meyers was a factory worker and for many years the caretaker of the First Presbyterian church, Northville. Funeral services were held Tuesday at 2 p.m. at the Ebert Funeral home. The Reverend Robert Stradling of the First Baptist church, Northville, officiated. Interment was held at Rural Hill cemetery.

CHARLES W. THOMAS

A resident of Novi for three years, Charles W. Thomas died suddenly at his 45189 Mayo drive home Monday at the age of 73. Mr. Thomas was born April 13, 1889 in Chester, England, the son of John Thomas and Sarah Bentley Thomas. He was preceded in death by his wife, Effie, who died in July of 1959. Survivors are sons Harold of Novi and Leonard of Ann Arbor; two sisters, Mrs. Mabel Morrison and Mrs. Doris Harrison of Chester, England; a brother, J. Fred Thomas of Malden, Ontario Canada; and eight grandchildren. Mr. Thomas was a member of the Temple Lodge, Number 501, F & A.M. Funeral services were to be held at 10 a.m. today (Thursday) at the Casterline Funeral home with interment at the Parkview Memorial cemetery in Livonia.

DAVID W. DAVIS

Forty-seven-year-old David W. Davis died suddenly Monday of a heart attack at the Ford Motor company's Wixom plant, where he was employed as an electrician. He lived at 43100 Eleven Mile road and had been a Wixom resident for 23 years. The son of Vern Davis and Annabel Provencher Davis Mr. Davis was born June 27, 1915 in Saginaw, Michigan. He is survived by his wife, Katherine, of the same address; his mother who is a resident of Northville; a daughter, Miss Sherry Davis of Indiana; two sons, Vern Davis, who lives at home, and Richard Davis, Northville; and two grandchildren. Services were to be at 1 p.m. today at the Casterline Funeral home with interment at the Oakland Hills Memorial cemetery in Novi. Pallbearers were Orville Whittington, Fred Nadas, Michael and Stanley Bertovich, Gordon McKinney and Albert Champion.

vices were to be at 1 p.m. today at the Casterline Funeral home with interment at the Oakland Hills Memorial cemetery in Novi. Pallbearers were Orville Whittington, Fred Nadas, Michael and Stanley Bertovich, Gordon McKinney and Albert Champion.

EMMA M. MOODY

Services were held Monday at St. Paul's Lutheran church, Northville, for seventy-six-year-old Emma M. Moody who died at her home Friday, after many years of failing health. The Reverend B. J. Pankow, pastor of the church officiated. Mrs. Moody has lived with her husband, Roy, at 4275 12 Mile road, Novi, for the past 3 1/2 years. The moved to the area from Detroit. Born November 16, 1885 in Waltz, Michigan, Mrs. Moody was the daughter of Belthazar Hoffmann and Henrietta Molino Hoffmann. Besides her husband, whom she married in December, 1914, Mrs. Moody is survived by one son, Roy Moody of Northville; a brother, Fred Hoffmann of Detroit; two sisters, Mrs. Matilda Bowman, Royal Oak, and Mrs. Lizzie Murphy of Flat Rock and five grandchildren. Mrs. Moody was a member of St. Paul's Lutheran Church. Interment was at Michigan Memorial Park in Flat Rock. Pallbearers were Glen Hoffmann, Fred Kemp, Ervin Hoffmann, Lewis Ernest, Dale Benjamin and Howard Zeh.

South Lyon Finally OK's Millage Bid

By better than a 2 to 1 majority, South Lyon school district voters approved a 5-mill operational millage Monday in the largest election turnout in the history of that school system.

Eighteen hundred voters cast ballots in approving the special millage proposal, 1,192 to 564. Two ballots contained no votes and 42 were spoiled.

Monday's election was the fourth millage vote this summer. In the previous three elections, voters turned down 6.5-mill propositions twice, 5-mills once, and 4-mills once.

Late Tuesday, organized opponents of the millage propositions told School Board President Donald Smith they wished to withdraw petitions calling for a fifth election. A decision on this request was to be made this week.

The fifth election proposals, if carried, would nullify last Monday's vote and result in the transfer of funds from the school's building and site fund to the operational account.

Disconnection Court Date Set

Village Attorney Howard Bond this week said the disconnection suit filed by Harold I. Carmin, of 30645 Haggerty road, will be heard by Oakland county circuit Judge Frederick C. Ziem next week. Carmin, who seeks to withdraw from the village some 40 acres located on Haggerty between 13 and 14 Mile roads, originally filed a joint disconnection suit with Guy Seeley, but the court ruled the suits would have to be brought separately.

GETTING READY for school is a major project in the James Mahoney household, 110 South Rogers street. And Mrs. Mahoney finds her skill at the sewing machine comes in mighty handy. There'll be six Mahoneys in the public schools this fall. The oldest, Jim, is 16 and a junior in high school. He was vacationing when the above picture was taken. Pictured (l-r) are: Mike, 14, a freshman; Allison, 11, a sixth grader; Jeffrey, 9, a fourth grader; Patricia, 7, a second grader; and Susie, 5, a kindergartner. Sally, 3, and Janet, 2, will have to stay at home with mother for a few more years.

Madonna Offers Nursing Degree

The first nurse students at Madonna college in Livonia will begin classes on September 17.

The college offers a nursing program with a bachelor of science degree. It combines professional education with general and liberal education.

Candidates must meet the general requirements for admission to the college. Living in the college dorm is optional.

Students will begin their field experience in nursing during the sophomore year. Field experience will be obtained under the supervision of the college faculty at St. Mary hospital, Livonia, and in cooperating institutions in all major areas of nursing.

Interested applicants may contact the Registrar at Madonna college.

Modeling the new student nurse uniform is Sally Plamondon of Northville, who will be a student in the first class of the Madonna college's school of nursing.

Amerman Given Rotary Position

Russell Amerman, superintendent of Northville schools and a member of the Northville Rotary club, has been appointed special representative for Rotary's district governor serving a six-club area.

The appointment was made by William Gillett, district governor from Detroit.

Amerman acts as liaison man for Gillett preparing clubs for visits from the district governor. The clubs in Amerman's jurisdiction include Redford, Livonia, Plymouth, Dearborn, Garden City and Northville.

Use Our Want Ads

Here's Help in Selecting Back-to-School Clothes

In just two weeks school bells start ringing. And that means there are clothes to be bought for those fast-growing youngsters.

Most kids know what kind of clothes they want — the style and the color. But it's still Mom's job to see that they fit properly.

Here is a 6-point checklist to keep in mind when shopping or back-to-school clothes: —Neckline. Is the collar low enough in the front to be comfortable and snug enough in the back so that it will neither ride up nor slip down? —Shoulders. They should be wide enough and roomy enough for free arm movement without binding, yet should not be so full the shoulder seams will not stay in place.

—Sleeves. Roomy sleeves are preferred. Tight ones restrict movement, put out with strain. —Waistline. Slight looseness will allow for growth and longer wear. Elastic part of the way around will help garment adjust as the child grows.

—Length. Shirts and blouses should be long enough to tuck in and stay tucked in. Avoid overlong slacks and trousers. Look for generous hems in skirts.

—Quadruple Fine. An eighteen-year-old Plymouth youth was fined \$30 in Justice of the Peace Charles McDonald's Monday court session for four tickets he received from Northville police on Friday, August 17.

Harold Acker was issued the tickets for disobeying a stop sign at North Center and Eight Mile road, speeding on North Center, and failing to carry an operator's license and automobile registration.

Mrs. Shirley Hoffman (Tumcseh), B.S. 1962 Eastern Michigan; Experience, None — Jr. High Girls Physical Education.

Miss Betty Leavitt, (Ashley), B.S. 1962 Central Michigan; Experience, None — High School Commercial.

Miss Sally Lemke (Northville) A.B. 1962 University of Michigan; Experience, None — High School Commercial.

Blacksmith Shop Burglarized Here

The Northville police department is investigating a burglary that occurred at the Northville Downs' blacksmith shop sometime between August 4 and 17.

Police stated that the Downs' officials had discovered the theft on August 17, and the shop had not been checked since August 4.

Entry into the shop was gained by forcing open the rear door at the west end of the building. Police estimated the value of the stolen equipment at \$500.

LET'S TALK CARS...

IT'S '62 CLEAN - UP TIME!

It's that time of year... when the new '63 cars are about to be displayed. In just a few simple words, this means you can get a "good deal" on a '62 Ford right now at John Mach Ford Sales. During our '62 Clean-Up, you will be able to buy a new Ford at probably the best price you'll find anywhere.

We have on stock, 65 new '62 Fords which we must sell before the '63 Fords are delivered. As you can see, this many new cars this late in the season, would present a problem if we didn't sell them at a good price... right away.

Here's another factor that makes this an ideal time, for you to buy a '62 Ford... the used car market right now is up. This enables us to give you a better price on your trade-in.

In essence, if you need a new '62 Ford... come in now during our '62 Clean-Up for the "best deal".

John B. Mach

John Mach Ford, Inc.

117 W. MAIN — NORTHVILLE

She's Elected At Convention

A Novi woman has returned from the two-week International China Painting Teachers convention as one of the club's officers.

Mrs. Daniel Latchford, 4688 Grand River, lectured and demonstrated her art of china painting at the Long Beach California convention and was elected to the office of second vice president.

More than 500 attended the noncompetitive event to display their work and learn more about the growing art.

Mrs. Latchford said that the 1964 convention will be held in Detroit's Cobo Hall.

This fall there will be an area exhibit of china work at the Carpenters' Hall, 2252 Grand River. Proceeds from the show, sponsored by the Guild, will go to the Wayne county crippled children's fund.

Mr. and Mrs. Crispin Hammond and sons, Gordy and Eddy, of Timber Lane have returned from Alaska, where they spent a month's vacation. The motorcade and camped the 10,000 mile round trip. Several points of interest along the way were climbing a mountain, swimming in Alaskan hot springs, and seeing many wild and interesting animals.

Reading room in church edifice open daily except Sundays and holidays, 11:30 a.m. to 5:30 p.m.; 7 to 8 p.m. Wednesday and 7 to 9 p.m. Friday.

All things are possible to God. The mind is the theme of the Lesson-Sermon entitled "Mind" to be heard in Christian Science churches Sunday.

Luke's account of the healing of the palsied man by Christ Jesus will be presented in the readings from the Bible. Included is this verse (Luke 5): "And immediately he rose up before them, and took up that whereon he lay, and departed to his own house, glorifying God."

"From 'Science and Health with Key to the Scriptures' by Mary Baker Eddy this citation will be read: 'When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus' (p. 180)."

June 14—End of school year.

from the PASTOR'S STUDY

By the Rev. B. J. Pankow, Pastor
St. Paul's Lutheran Church of Northville

Using God's Word Each Day

Many of us who have traveled during the summer were pleased to find a Bible in our motel or hotel room, either in a dresser drawer or more conspicuously, on top of the dresser itself.

The thought that comes to our mind is: How often do people take advantage of these Bibles, or do most people not even take the time to open this blessed book?

Let us read from its pages every day, even when we are traveling. This book tells us about our greatest need—

Christ, our only Savior—in and through whom alone there is hope and eternal life, and from whose Word

age, guidance, and strength. Many not only read the Bible, but systematically commit parts of it to memory. This becomes a source of incalculable blessing.

A minister relates this story: "I recall a young man whom I used to meet at our Bible conferences. He was an uneducated man, but he had resolved to learn a new Bible verse every day. When I first met him, he had been studying the Bible for eight years. By that time, he had committed over two thousand verses of Scripture to memory. His gift of praying was amazing. It was like a rich brocade of silver and gold of the Word of God interwoven with praise, testimony, and petition. It was a wonderful thing to hear that young man, a workman in a steel mill, witnessing of Christ and His salvation. And yet, it all came from his desire to learn a new verse of the Bible every day."

What Paul once wrote to Timothy is still of importance today: "And that from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus. All scripture is given by the inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works." (2 Timothy 3:15-17).

Willowbrook News

Mrs. George Ames GR-4-0830

Mr. and Mrs. George O'Neal, Mr. and Mrs. Harold Young, Mr. and Mrs. David Fried, Mr. and Mrs. Harvey Reynolds, Mr. and Mrs. Donald Simonsen, Mr. and Mrs. William Hawk, Mr. and Mrs. Alex Curran, Mr. and Mrs. Donald Stewart and Mr. and Mrs. Joseph Greene enjoyed a block party at the home of Capt. and Mrs. David Longacre on Hollywood Saturday evening.

Jody and Pam LeWitter, daughters of Mr. and Mrs. Robert LeWitter, of Glen Ridge Ct., spent last week attending the Thunderbird Day Camp. Allie Carter was hostess at a farewell party for Agnes Driscoll Tuesday afternoon.

The Driscolls have moved from Willowbrook to Livonia. The guests included Mary Jo Fritz, Vicki Richardson, Betty Garner, Jean Huston, Helen Waugh, Sandy Lemmon, Helen Moloney and Mary Jane Goyt.

Mr. and Mrs. Ross Naidow and their children, Lori, Mark and Mathew have returned from a five week vacation at Potawatomi Resort near Benton Harbor, Michigan.

Mr. and Mrs. John Hood, of Mooringside Dr., spent five days at Harbor Springs, Mich., with their children John, Mary Jo and Beth last week.

Mr. and Mrs. Robert McKeeon spent the weekend at Coldwater, Michigan with Mr. and Mrs. Robert Coleman.

Dottie Flattery was hostess to the Wednesday Bridge Club last week. Agnes Driscoll and Virginia Bozak were guest players. Agnes Driscoll won first prize, Marguerite Parent second and Dorothy Richmond, consolation.

Mr. and Mrs. Ray Stroutsoos spent their vacation at Grandhaven, Michigan. They were accompanied by their three children, Gary, Cathy and Lori.

Mr. Charles Moran, of Mooringside drive, has been elected head of Junior Achievement for the coming year.

Mr. and Mrs. John Hood, of Mooringside Drive, are happy to announce the birth of a daughter, Beth Marie, on June 27th at Mount Carmel Hospital in Detroit. Her birth weight was six pounds and one ounce. The Hoods have three older children, John, Grace and Mary Jo. Mrs. Josephine Hughes and Mr. and Mrs. John Hood all of Detroit, are the grandparents.

Mr. and Mrs. Louis Chismark, of E. LeBost drive, spent their vacation at Gould Lake in Canada. They were accompanied by their three children, Stephen, Larry and Beth.

We couldn't appreciate the beauty of flowers if there were no weeds.

"CHERRY PICKER'S" bringing "SPAGHETTI"!

THIS IS NOT A CALL FOR DINNER — IT'S A SIGNAL THAT STEEL PIPE HAS ARRIVED.

To the pipeline working in the Gas fields of Southwestern United States, this message does not mean a cherry picker is coming down from a cherry tree to put on a spaghetti dinner. It means that a light rig (which is called a "cherry picker") is bringing a load of small diameter pipe (which is called "spaghetti") to the construction crew on a pipeline project.

In Outstate Michigan, Consumers Power Company has the big task of planning, constructing and maintaining pipelines. It has over 7,000 miles of Natural Gas pipeline supplying this WONDER FUEL to customers in 30 Outstate Michigan counties.

OFFICIAL PROCEEDINGS OF THE NORTHVILLE BOARD OF EDUCATION

Regular Meeting, August 13.
The meeting was called to order by President William B. Crump at 7:30 p.m. Present: William B. Crump, William C. Becker, Waldo T. Johnson, Donald B. Lawrence, Robert H. Shafer, Absent: Edward F. McGrove and James F. Kipper. Others present: Superintendent R. H. Amerman; Assistant Superintendent K. M. MacLeod; Director of Administrative Services E. V. Ellison; High School Principal Fred Stefanski; Mr. Lou Zarza of Standard Steel Bleachers; Mr. Gordon Bunn of South Lyon; Mr. Ebersole of the Wayne County Board of Education; Dr. Patrick Buonicontino of the Wayne County Training School.

The minutes of the regular meeting and a special meeting held on July 23rd were read by the secretary. There were no corrections or additions to these minutes and both were pronounced approved as read.

III. Communications:
Mr. Thomas Culbert, Superintendent of Novi Community School District, acknowledging receipt of information that Novi school students will be accepted at Northville this fall, advising that the Novi Board of Education has adopted a balanced budget for the 1962-63 school year. Mr. Culbert's letter also indicated that the Novi Board would like to get again with the Northville Board of Education in late September or early October.

Mr. Stefanski, Principal of Northville High School, reminding the Board of its intention to request the counseling staff of the high school to begin working one week before the official opening of school. Mr. Stefanski would like authorization to summon the counselors at this schedule.

Mr. Gordon Bunn, of South Lyon, requesting that his son be admitted to the 10th grade at Northville on a personal basis.

IV. Report of Superintendent:
1. Counseling Staff: In response to Mr. Stefanski's request, it was recommended by the superintendent that he be authorized by the board to summon the counselors to work one week before the official opening of school. So moved by Mr. Lawrence and seconded by Mr. Shafer. Motion carried.

2. Finances: Mr. Ellison reports that we will be a much better financial position if the board will authorize a resolution to borrow the amount of \$100,000 against 1962-63 State aid. So moved by Mr. Shafer, seconded by Mr. Becker. Motion carried.

3. Opening of School: Mr. Amerman and Dr. MacLeod reported that all is in readiness, and will be on opening day. Three vacancies remain on the staff, two of which will be filled tonight, if the Board approves contracts being presented for Mrs. Dolores Gerhardt, Elementary Library Research Coordinator, and Mrs. Sondra Gunn, Junior high science and math teacher. The third position is high school math and science and the administrators will hope to fill this before the opening of school.

It was moved by Mr. Shafer and seconded by Mr. Becker at the contracts for Mrs. Gerhardt and Mrs. Gunn be approved. Motion carried.

4. N.E.D.A.: Dr. MacLeod requested authorization by the board to send in application for Title V — Guidance reimbursement. No motion was made but the board reiterated its position taken previously, that such application is approved provided the materials purchased would be bought anyway, even without reimbursement. Dr. MacLeod assured the board that this is the case and approval was indicated.

5. Accounting System: The new mandatory system of accounts was discussed and it was suggested by Mr. Shafer that perhaps Mr. Hanson, our auditor, might appreciate an opportunity to meet with other P.A. firms auditing school accounts, to share their understanding of the new code. No motion was taken on this suggestion, except that Mr. Amerman was asked to talk with Mr. Hanson about it.

6. Tuition: Dr. MacLeod has figured tuition rates for school year 1962-63 as follows:
Elementary School Charges:
Maximum Rate (\$44.80 plus 556.00)
State Pays 224.00
Charge to sending district parent: \$332.00
High School Charges:
Maximum Rate (\$44.80 plus 575.46 plus 12%) \$375.46
State Pays 224.00
Charge to sending district parent: \$332.00
It was moved by Mr. Shafer and seconded by Mr. Becker

(that tuition rates be set as per superintendent's recommendation. Carried.)

V. Report of Secretary: Mr. Becker reported the following monies in July: State Aid, \$12,519; Delinquent Taxes, \$2,141.08; Insurance Refund, \$961.08.

VI. Report of Treasurer: Dr. Johnson reported a balance in the General Fund of \$202,827.56 at July 31, 1962. Expenditures to date in August have reduced this balance to \$125,677.09. It was moved by Mr. Lawrence, supported by Mr. Shafer, that the report of the Treasurer be accepted. Motion carried.

VII. Report of Special Committee: There were no reports of special committees tonight.

VIII. Report of Auditing Committee: The Auditing Committee, approved bills and payrolls for payment as follows: General Fund bills, \$8,035.83; Payroll, \$40,381.71. It was moved by Mr. Becker, seconded by Mr. Shafer, that the report of the Auditing Committee be accepted and bills and payrolls be paid. Motion carried.

IX. Unfinished Business:
1. Sidewalks: Mr. Crump brought the board up to date on his latest conversations with the city regarding costs of sidewalk paving at the Amerman school. He will attend another council meeting next Monday evening and will keep the board advised.

2. High School Roadway: Mr. Ellison has obtained two quotations for repair of the entrance road into the high school. One is from Clifford A. Smith, for \$4,965.60; the other from Langsdorf & Leveille for \$4,847.20. Both quotations include re-paving of the roadway. Since this would be a quite expensive operation, after discussion it was moved by Mr. Shafer that Mr. Ellison be instructed to investigate the possibility of tiling the area and filling in with gravel, as a temporary expediency. Mr. Lawrence seconded the motion, which was carried.

X. New Business:
1. State Aid for Training School: Mr. Clare Ebersole of the Wayne County Board of Education, appeared with Dr. Patrick Buonicontino, Superintendent of the Wayne County Training School, to request the Northville School District to include the students at the Training School in their child

accounting for State Aid purposes. This is a one year proposition only and the County of Wayne will reimburse us for all added costs that we might incur in accepting this request.

1. The board indicated its willingness to cooperate, providing it will not involve too much additional work for our clerical staff, and Mr. Shafer moved that a tentative affirmative reply be given tonight, with definite action to be taken at the next meeting, when all members may be present and the necessary legal documents available for consideration. Motion supported by Mr. Lawrence and carried.

2. Revenue Stadium Bonds: No bids were received on these bonds and they will now be made available for private sale through the local committee,

Nelson Schrader, chairman.

3. Stadium Seating: The secretary opened the following bids for seating at the new athletic field:
A. Standard Steel Bleachers Co. — \$26,420.35.
B. University School Equipment Co. — \$27,291.
Since no bids had been received for sale of the bonds, no action could be taken on the bids for seating.

4. Lighting for Athletic Field: Mr. Crump had procured drawings and specifications from General Electric Co. for the board's inspection. These were approved, with the one change that the scoreboard should be at the side of the field, center, instead of where it was shown on the drawing. General Electric considers that the entire lighting system should be

obtainable for \$15,000 installed.

Mr. Ellison was instructed to send out invitations to bid on the lighting installation this week, bids to be returned on August 27, 1962.

5. Tuition Student: Mr. Gordon Bunn, whose letter requesting admission of his 10th grade son to Northville High School is a part of the communications, appeared to personally state his reasons for making the request. After considerable discussion it was decided that this matter be tabled, in view of the increasing number of requests of this nature, while the board and the administrators investigate the possibility of establishing a quota system for the admission of individual tuition students.

6. Fuel Oil Bids: The secretary opened and read the following bids for fuel oil for the 1962-63 heating season:
A. Gulf Oil Corp.: No. 2 Oil 10.0c escalating 1%, 30 days; No. 5 Oil, 8.9c escalating.
B. Fuel Oil Corp.: No. 2 Oil 10.0c 1%, 10 days; No. 5 Oil 9.5c.
C. Marathon Oil Corp.: No. 2 Oil 10.0c market; No. 5 Oil 9.5c; Net 30.
D. Standard Oil Co.: No. 2 Oil 10.4c 1%, 30 days; No. 5 Oil No quote.
It was moved by Mr. Lawrence, seconded by Mr. Shafer, that the bid of Gulf Oil Corp. be accepted. Motion carried.

7. Milk bids: The secretary opened the following bids for milk for school year 1962-63:
A. Ira Wilson & Sons: White 5.2c per 1/2 pint; chocolate 5.7c per 1/2 pint.
B. Twin Pines Dairy: White 5.1c per 1/2 pint; Chocolate 5.9c per 1/2 pint.
C. Guernsey Farms Dairy: No bid.
It was moved by Mr. Shafer, seconded by Mr. Lawrence, that the milk contract be awarded to Twin Pines Dairy. Motion carried.

8. Millage Resolution: It was moved by Mr. Shafer, seconded by Mr. Lawrence, that the school millage for 1962 be set as follows:
1954 Debt Fund 1.20 mills;
1957 Debt Fund, Series A .75 mills; 1957 Debt Fund, Series B 3.60 mills; 1957 Debt Fund Series C 1.50 mills; General Operating Fund 17.90 mills; Total 24.95 mills.
Motion carried.

By Mrs. L. Rix

Mr. and Mrs. Gene Van Sickle and children, Gilbert, Mary Lynn and Tommy left Sunday morning for a week of vacation. They plan to visit the Soo, Tahquamenon Falls, Iron Mines in Minnesota, Yellowstone, Salt Lake City and Denver, Colorado.

Mr. and Mrs. Brent Munro and family are on vacation in the Upper Peninsula. Last week they met Mrs. Munro's brother, Almar Muelar at Ontonagon for a few days visit, after which they went on to Eagle River and the Gitchee Gomee Bible Camp.

Miss Claudia Mairs will be visiting her parents, Mr. and Mrs. George Mairs until she is ready to attend Junior college at Port Huron in September. Miss Mairs' guest this week is her roommate, Jean Norman. Mr. and Mrs. George Mairs celebrated their 25th wedding anniversary Wednesday, August 15. Only members of the family were present to help them celebrate.

Mr. and Mrs. J. D. Mitchell spent their vacation last week in the Upper Peninsula. They visited relatives at Iron Mountain and at Marinetti in Wisconsin.

Mr. and Mrs. Willis Miller and daughters, Marguerite, Janeen and Pamela and Howard Greer, attended the Steam Engine Convention at Patrolia, Canada on Saturday.

Mr. and Mrs. Leroy Holmes and sons, Mark and Matthew of St. Clair Shores, and Mr. and Mrs. Wilford Cogar and daughters of Five Mile road were the Sunday dinner guests of their parents, Mr. and Mrs. H. Holmes.

Susan Cogar is staying with her grandparents, Mr. and Mrs. H. Holmes this week.

Mr. and Mrs. Joe Tarantowski and son, Ricky spent the weekend with the latter's sister and brother-in-law, Dr. and Mrs. William Barber at Pickford in the Upper Peninsula.

Mr. and Mrs. Vincent Gillett and family visited Mrs. Gillett's parents, Mr. and Mrs. J. Miller in Dansville this past weekend.

Sunday camp at the home of the Al Pritchards on Novi road Sunday were Mr. and Mrs. Floyd Henderson and Mr. and Mrs. Laurence Hilpila of Detroit.

Mrs. George Webb is entertaining a guest, Mrs. Earl Varner from Australia this week.

Mr. and Mrs. William Berry and their four children from Cincinnati, Ohio were the house guests of Mr. and Mrs. John Klaserer, the fore part of last week. Their guests the latter part of the week were Mr. and Mrs. Ralph Flohr and three children from Pleasant Ridge, Ohio.

Mr. and Mrs. Kirt Bailey and family returned last Thursday from their vacation with relatives at Higgins Lake.

John Sohn has returned to his home in Champaign, Illinois.

Arthur M. Hoffens, Attorney, 1903 Dime Building, Detroit 26, Michigan.

STATE OF MICHIGAN
County of Wayne

ss. 478, 026

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the first day of August, in the year one thousand nine hundred and sixty-two.

Present Joseph A. Murphy, Judge of Probate. In the Matter of the Estate of Ray D. Harrison, Sr., also known as Raymond D. Harrison, deceased.

Arthur M. Hoffens, special administrator and administrator de bonis non of said estate, having rendered to this Court his combined first and final account in said matter and filed therewith his petition praying that the residue of said estate be assigned to the person or persons entitled thereto:

It is ordered That the thirtieth day of August, instant at ten o'clock in the forenoon before Judge Ira G. Kaufman, at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Joseph A. Murphy, Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof & have found the same to be a correct transcript of such original record.

Dated August 1, 1962

ois' after spending the summer months with his daughter's family, the Andy Kozaks on Clark street.

Richard, son of Mr. and Mrs. Bernard Marchetti, was 6 years old last week. Wednesday night his aunt, Mrs. Marie Shpiece and cousins, Kathy, Billy and Michael, came over to help Richard celebrate and on Saturday he had a party. Six of his school mates were invited.

Mr. and Mrs. Lloyd Coleman have returned from a ten day vacation with the latter's parents, Mr. and Mrs. Clarence Nelson at Ashby, Minnesota.

Shirley Coleman, who is in nursing training at Midland hospital, spent the weekend with her parents, Mr. and Mrs. Lloyd Coleman.

For two days last week, Mrs. Carolene Quinlan of Royal Oak was the guest of Mr. and Mrs. Floyd Darling.

Terry Dryer, son of Mr. and Mrs. Herb Dryer and Jackie Crawford, son of Mr. and Mrs. Jack Crawford are home again after a week at Judson Collins Church Camp in the Irish Hills.

Mrs. Kenneth Cook and sons, Dave and Denny and Mrs. Cecil Withrow of Redford, are camping this week at Camp Dearborn.

Mrs. John Gotro left Wednesday for Elyria, Ohio where she will spend some time with her brother-in-law and sister, Mr. and Mrs. Bert Jaycox.

Mr. and Mrs. Barton Perkins of Detroit were the Sunday dinner guests of the former's sister, Mrs. John Gotro.

Last Thursday, Mr. M. D. Perkins and his parents, Mr. and Mrs. John Perkins from Terre Haute, Indiana were guests of Mr. and Mrs. Russell Button. On Friday Mrs. M. D. Perkins, who had been visiting her sister, Mrs. Button for several weeks, returned to Terre Haute with her husband and his parents for a short visit before they return to their home in Winter Park, Florida.

Rev. Ronald Button and daughter, Joan of Davison are visiting at the home of Mr. Button's brother, and his wife, the Russell Buttons, this week. The TAPs will be having a booth at Gala Day Saturday. They will have a penny toss and other games and an information table.

The Blue Star Mothers, Novi chapter, will have a bake sale at their booth on Gala Day.

Novi Rebekah & IOOF News

Fifty-four Rebekahs and Odd Fellows went to the Rebekah and I.O.O.F. Home in Jackson on Sunday, August 19 for a picnic and a tour of the home. Their adopted brother, Everett Phipps, took the Odd Fellows on a conducted tour and the matron took the Rebekahs on a tour around the home. Among those who made the trip were Mr. and Mrs. George Atkinson, Mr. and Mrs. Hadley Bacher, Mr. and Mrs. Charles Wallace and children and guest, Cathy Bundoff, Mr. and Mrs. Glen C. Salow, Mr. and Mrs. Glen Salow, Sr., Mr. and Mrs.

ELEAN MISNER, Plaintiff,

vs.
CLINTON MISNER, Defendant
No. 624643

Order For Appearance

AT A SESSION of said court, held in the City of Detroit, said County and State, on July 19, 1962.

PRESENT: The Hon. Neal Fitzgerald, Circuit Judge.

It appearing from an affidavit filed herein that, after diligent search and inquiry, it cannot be ascertained in what State or Country the defendant, Clinton Misner, now resides:

On motion of John L. Crandell, attorney for Plaintiff, IT IS ORDERED that the said defendant enter his appearance in this cause on or before three (3) months from the date of this Order, and that this Order be published once in each week for six (6) weeks in succession, as provided by law; Provided, however, such publication shall not be necessary in case a copy of this Order shall be served on said Defendant by registered mail as provided by the statute in such case made and provided.

Novi Baptist Church News

The Vera Vaughn Circle held its monthly meeting Tuesday evening, August 21.

Friday evening a going away shower will be given for Linda Lindstrom who is leaving Novi to attend the Southland Bible Institute at Pikeville, Kentucky.

Rev. Roy Grindell will conduct the services Sunday, August 26 in the absence of Pastor Cook, who will be on vacation with his family in the U.P. They will spend two days at the Gitchee Gomee Bible conference and then journey on to the Wisconsin Dells.

The Church is planning a booth at the Gala Day Saturday. The theme will be "Witnessing to the Community and to the World". They will be displaying materials used in Sunday school and the Daily Vacation Bible school program, also a missionary display with curios from Africa and the Navaho Indians.

Interviews with the teachers and staff have been completed for the coming year. Mrs. Don Bingham is now the church reporter.

Methodist Church News

The Novi Methodist W.S.C.S. will be serving a ham lunch with a variety of home made pies on Gala Day. Members are urged to assist in serving.

The Junior choir on Sunday sang "Brighter the Corner".

Vacation Bible School begins on Monday, August 27 with classes will be held from 9:30 to 11:30 daily for children of all ages. The theme is "The Bible" music and art will be included. All children in the community are invited. Open house will be held Friday night. Handwork, notebooks, and projects will be on display. Refreshments of ice cream and cake will be served.

The teachers and helpers are as follows: nursery, Gertrude Burnstrom and Daphne Hanson; kindergarten, Loree Bell and Sally Day; first primary, Phyllis Ritter and Barbara Klaserer; second primary, Grace Frisbee and Kathryn Bachert; juniors Vivian Coleman and Bess Boyd; intermediates, Dorothy Paquette; Betty Dryer, kool aide and cookie chairman.

All the electric fixtures have been installed in the church and the grading and tiling is finished and the lawn seeded. Fiber-glass drapes have been donated and hung at the windows in the basement.

Out of the Past

ONE YEAR AGO
August 24, 1961

A long-debated problem came into the limelight again Monday night as Northville city councilmen discussed its recent \$14,000 library bill from Wayne county. The bill's amount has grown steadily over the past five years from approximately \$2,000 annually.

Expansion of the grandstands continued this week at Northville Downs, but all hopes of using the new facilities again this year were dashed with the withdrawal of the request from Jackson Raceway to stage its 33-night fall trotting meet here.

Novi village officially notified Oakland county this week that it is interested in Wayne county's offer to provide capacity for 2,900 sewer taps in Wayne's proposed Middle Rouge interceptor system. Council action came at a special meeting last Thursday, when area developers pledged to purchase at least 1,250 of the taps.

The Novi school board last week appointed Tom Culbert as superintendent of schools. Culbert, 37, replaces William Medlyn, who resigned to take a position on the placement bureau of Indiana University.

FIVE YEARS AGO
August 22, 1957

A request by the Consumers Power company for approval to service 20,000 additional customers with natural gas for space heating was made this week to the Michigan Public Services commission. The request was expected to bring service to the oldest of the 700 applications for gas in the Northville-Nowi area. Consumers has had no releases since 1955, and currently reports a waiting list of about 180,000 applications.

Officials of Allied Products corporation still had not decided Wednesday whether to rebuild the razed Northville plant that was destroyed two weeks ago in a \$1,000,000 fire. Northville division Manager John J. Roberts said he and other Allied executives are studying the situation, but do not know when a decision will be reached.

Telephone rates in the Northville-Nowi area will increase as a result of action taken by the Public Service commission.

Over the objections of Lieutenant Governor Eugene C. Keys, the state will proceed with preliminary construction of the proposed Northville state hospital to serve the mentally ill from the metropolitan area. The State Administrative board approved a \$57,500 contract for a railroad siding into the area of the proposed hospital, which probably won't be ready for use until at least 1959.

With its attendance and betting records growing steadily, Northville Downs moved into the second half of its biggest night harness race meeting Monday night.

Throngs filled the Presbyterian church Thursday afternoon to pay their last respects to Donald Purdy Yerkes, one of Northville's pioneer businessmen, who died Tuesday afternoon at the age of 80. Mr. Yerkes had been ill for a short time before dying at Sessions hospital.

"On Wheels Day." That's the title given to the Northville recreation department's final day of activity this year. The event will feature a series of races on bicycles, tricycles, wagons, scooters and roller skates.

Charged with a hit-and-run crash into the car of a Northville resident last week, Curtis W. McCown, of Plymouth, was fined a total of \$125 by Northville Justice E. M. Bogart Monday, McCown, 17, struck the car of Russell Knight, 795 Carpenter, and then led police on a 100-mile-an-hour chase.

Novi police Patrolman Veron Loeffler began Wednesday morning a 90-day suspension for allegedly taking part in political activities while on duty. The suspension was ordered by three members of the township board two weeks ago. They gave him 15 days in which to appeal, but he failed to appear before the board by the Tuesday deadline.

Hurrying to inaugurate its own zoning and building regulations, the Wixom Village council Monday approved a nine member planning commission and a five member zoning board of appeals.

FIFTEEN YEARS AGO
August 22, 1947

Over the objections of Lieutenant Governor Eugene C. He's Part of Top Crew

When veteran raceboat driver Sam Griffith set a new record for the Miami to New York motorboat run last week, George Merwin, of 43461 Cottisford road, was part of his three-man crew.

Merwin, from the special projects department of Ford Motor company, was a passenger on the 31-foot Bertram fiberglass utility boat, which is powered by two 310-horsepower Ford 406 engines.

Griffith drove the 1,257-mile course in 38 hours and 28 minutes of running time to break

famed boatman Gar Wood's 41-year old record of 47 hours and 15 minutes set in 1921.

In setting the new record, Griffith averaged 35.5 miles an hour. Wood averaged 26.6 m.p.h. when he set the original record for the event.

Other members of Griffith's crew were George Meekins, a mechanic, and James Walker, Jr., a magazine writer and official timer. The trip took a total of 55 hours and 58 minutes, with several stops for fuel and other supplies.

Article 4 Covers Apportionment

EDITOR'S NOTE: This is No. 4 in a series about the proposed new Michigan Constitution. Additional articles will appear in subsequent weeks.

Legislative apportionment — one of the most controversial matters debated in the constitutional convention — is covered in Article IV dealing with the Legislative branch of state government.

The new document establishes a commission equally representing the major political parties to reapportion periodically House and Senate seats in accordance with the requirements of the constitution. Supreme court review is provided in the event of disagreement of the commission.

The House of Representatives of 110 members is to be apportioned on the basis of population but adhering to county lines in the setting up of districts. There will be only single member districts and the method of equal proportions used by the U.S. House of Representatives is employed to allocate seats to the various districts.

The state Senate apportionment is worked out on a formula which gives 80 per cent weight to population and 20 per cent weight to area.

The actual apportionment of the Senate is not ordered until after the 1970 census. Until that time, if the new document is adopted, one additional senator will be assigned to each of the state's most populous southeastern counties — Wayne, Oakland, Macomb and Genesee. Senate membership is increased from 34 to 38.

The debate on apportionment in the convention reflected clear differences among the delegates' political philosophies.

The Republican majority insisted on some consideration of

area as well as population in allocation of legislative seats. Democrats were committed to apportionment strictly on the basis of population.

It is safe to say that no one got exactly what he wanted in the resulting compromise, but the application of the principles laid down in the new document will bring Michigan to the forefront of the states in fairness and equitability of its system for allotting representation among its population.

Article IV provides that the position of auditor general, presently an elective office, is to be filled by legislative appointment.

He would serve the legislature, conducting fiscal audits and studies of the effectiveness of departmental performances. His duty would be to provide the legislature with the means of knowing that its policies are being honestly and effectively carried out.

The Article also sets up a bipartisan legislative council, named by the legislature from among its members. The council would supervise the work of a full-time staff whose duties would be to maintain bill drafting, research and other services for the legislature.

To eliminate secret procedures, legislative committees are required in this Article to keep a recorded roll call vote of all actions, on bills and resolutions. Notice of all committee hearings and the subjects to be considered are to be announced prior to each hearing.

Terms of state senators are increased to four years, but state representatives continue to be elected for two-year terms.

The legislative branch article includes also numerous proposed improvements in legislative procedure, which have been recommended by present and former members of the senate and house.

NOW! PACKAGE LIQUOR

We have been appointed by the Michigan Liquor Control Commission as an official package liquor dealer for this immediate area.

In Uniform

Mediterranean — Thomas F. Dolan, seaman, USN, son of Mr. and Mrs. Frank T. Dolan of 9535 Chubb road is serving aboard the fleet oiler USS Neosho, operating as a unit of our Sixth Fleet in the Mediterranean.

The ship visited Menton, a port city of the French Riviera near the Italian border, in early July and found the city preparing for its annual Bastille Day celebration.

The Neosho conducts replenishment operations with other units of the fleet, furnishing these units with jet fuel, oil, aviation gasoline, other petroleum products and frequent mail deliveries.

— Goodwill Pickup —

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pick-up, ask the operator for toll-free Enterprise 7002.

SPEAKING for The Record

by Bill Silger

Truck traffic through Northville city streets became the subject of discussion for the city council Monday night. And the longer the conversation continued, the more evident it became that there is no satisfactory solution. There's only one way for north-south truck traffic to get through Northville. And it isn't likely that the county will spend the money to alleviate the condition for many years.

Center street is the thoroughfare. And most officials believe that before a north-south by-pass is provided all parking will be removed from Center street to permit the increasing traffic load to pass more easily.

Monday night the city manager suggested that Center street be designated as a "truck route" to prevent south-bound trucks from turning left on Main street. It was also proposed that speed control signs should be posted and limits enforced.

But whatever steps the city takes, the noise, congestion and confusion created by the huge trucks cannot be reduced. We agree with the manager that left turns onto Main street off North Center are dangerous. It would be an improvement to control traffic where possible on this single street.

It should be noted that the truck drivers themselves would happily avoid Northville if a route existed. They have a job to perform and our narrow streets, traffic, stop lights and hills only make it more difficult.

A proposal by the Northville planning commission to construct a highway connecting South Main street and Novi road was rejected by the county as impractical and too expensive.

It would appear that Northville officials would be well advised to continue prodding and suggesting new routes.

This "squeaking wheel" treatment may help attract attention to the problem. But as "country cousins" in two counties, we'll have a long wait.

The state department of mental health issued some statistics this week that should shake us up a bit if we've become lulled into a belief that our responsibility in this field has been adequately met.

Waiting lists of patients committed, but not admitted, to Michigan's mental hospitals now total 2,562.

Of this number 1,351 are children under the age of 18.

"We simply do not have the facilities required to take care of all those who are committed to state institutions by the courts," Department Director Charles F. Wagg stated.

He reported that Northville's Hawthorn Center along with six state hospitals has a waiting list of 215 emotionally disturbed children.

Area families seeking good old fashioned carnival fun this Saturday afternoon need drive no farther than the Novi elementary school on Novi road.

The Village of Novi will be celebrating its fourth anniversary and a midway of games, displays, refreshments, plus a sensational sky-diving act will be featured.

Entertainment starts at noon. A street dance will climax the celebration in the evening.

Even if we can't come up with any witty philosophy, here's proof that some newspapers can:

Fort Collins Coloradoan — "A dollar isn't worth a dime unless you spend it and then it's worth about 50c."

Sacramento Bee — "One of the certainties of life is that when a person tells you he will think it over and 'let you know,' he knows."

Langford (S.D.) Bugle — "Government statistics show concern over the fact that 25 per cent of American families live beyond their incomes. Look who's talking."

Ovid (N.Y.) Gazette and Independent — "People who are the parents of handsome, brilliant children are great believers in heredity."

Roger Babson

Utah is Working State

Babson Park, Mass. Every community has its own cycle of business activities. These usually include:

(1) Some basic industry of the city, such as the manufacture of textiles, steel, or shoes.

(2) The building industry, which depends largely on population growth.

(3) The money distributed by the State to the unemployed, which is constantly increasing.

(4) The automobile and gasoline businesses, which are constantly draining money out of the city to support Detroit or Texas.

(5) The liquor business, which does the city no good and perhaps much harm.

Take a moment to analyze your community and decide how your city or town stacks up with neighboring communities.

Is Your City Going Ahead or Falling Behind?

The answer to this question depends largely upon the percentage of unemployment over the entire year. If your town needs little unemployment insurance money to depend upon, and if most everyone works, your city is a good one to live in. If, on the other hand, the reverse is true; then you should think of moving elsewhere with your children. Hence the question arises, "Are you living in the best state?"

The state which has probably the best record is Utah. The Mormon religion teaches everyone to work. During the last World War Utah was the only state which asked no Federal Aid.

The Mormons believe that if a person cannot get regular employment at some given town, he should go out and work without pay to make a better Utah. I have written many books, but the one which had the largest circulation is "Fundamentals of Prosperity". Actually, 80% of these books were purchased by Mormons.

Mutual Funds Give Safety

Just now many families are moving to California, which is greatly profiting from the defense industry, including the manufacture of missiles, airplanes, submarines, and electronics. Of course, we will never see full disarmament. As a last resort, people would fight with spears and rocks. Yet I do expect that nuclear warfare will be strictly limited. California could temporarily suffer from such a movement, notwithstanding the fact that it would be good for the nation as a whole.

Fortunate are you readers who live in a city with activities which are fully diversified, — that is, not dependent too much on any one industry. The safety of your employment depends largely upon diversification, as does the safety of your investments. One should not put too much money in Mutual

Funds, though they surely provide protection through sound diversification. No one ever got rich buying Mutual Funds. There is an old saying: "We cannot eat our cake and have it too."

Importance of Natural Resources

After graduating from high school or college, settle in a section which has great natural resources. This may be a fine harbor, either on the seacoast or on some large river or lake.

The center of good agricultural or mineral land always offers opportunities for young people. Big discount houses, shopping centers, and even chain super markets may be temporary "fads".

There will always be opportunities for young people of good character who are anxious to work. My experience teaches that poor young people of

ten rise to the top while the "well-to-do" boys often sink to the bottom. Another favorite saying of my father's is: "Only three generations from shirt sleeves back to shirt sleeves". The wheel of opportunity keeps slowly revolving.

The great national finance corporations tell me that the so-called "poor boys" are the best financial risks, if they have good wives. "A woman usually makes a man or breaks a man."

What Should My Boy Do?

If your boy intelligently decides that he should move to some other state, do not hold him back after you have visited the territory. But if he decides to move, be sure he takes a good character reference from a local banker, teacher, librarian, minister, priest, or rabbi. Have him start right with the right people.

Dr. Mudd Replies

'Why Should I Be Uneasy?'

Dear Dr. Mudd:

I have a lovely home, a husband much better than I deserve, and three fine, sturdy, and intelligent children. I belong to a church and our family attends regularly. I have no vices except that I smoke more than I should. I like people, or at least I think I do. I have everything in the world that I have wished for including good parents and a friendly neighborhood in which to live.

We don't have a lot of money, but then by the time you reach 38 you begin to realize that you never will have a lot and that even if you did it wouldn't make any real difference to you. I belong to the P.T.A., a lodge, the Altar Guild, and two bridge clubs. My husband's work is important and responsible. I keep up my house and bring up my children and read all the latest books to keep up with things. I have my own car and charge accounts in more places than I can think of. My husband loves me, my children love me, but I guess I just don't love myself. I feel inadequate and ignorant.

Of late, I've even felt ill at ease where before I've been comfortable in crowds. I'm not happy and yet I have everything to be happy about. I feel like I am drifting — like I have no purpose in life. And yet I know I am useful and others depend upon me and need me. Sometimes I feel nervous and anxious about little things or about things I don't even know about. My husband tried to encourage me and he boosts my morale a lot, but still I have that nagging, dark cloud hanging over me. Living is just no fun for me anymore.

I don't know what troubles me. I have trouble sleeping at night but I don't know why. I keep imagining someone is trying to break into the house at night, even though I know this can't be so. Do you think this could be the menopause I'm in? I haven't noticed anything different, but I just wonder because I hear "the girls" talking about there being an early menopause.

I know there are lots of other women just like me, but still that doesn't help. You think I need to see my doctor? I haven't had a check-up for a couple of years.

Dear Jane:

It is not a bad idea to see your doctor for a "check-up". But I don't think your doctor will be of much help with the nervous condition you describe, although he may give you tranquilizers. Some people buy tranquilizers over the counter at the drug store, but this is never advisable, since you take medication without a doctor's supervision and recommendation and this may be dangerous.

Tranquilizers will allay, but not get to the source of the difficulty, and it may be that this will be all that you desire. But

if you have any wish to really get to the bottom of the mystery of how you can feel so badly when you have so many desirable things of life, then you must go to a physician trained in psychotherapy for help.

I do not mean just any psychiatrist, but a doctor who has himself been successfully psychoanalyzed and is thereby in a privileged position to help you find the truth about yourself. I am frankly quite skeptical of the therapeutic quality of the psychotherapy practiced by those who have neglected to have their own problems ironed out before they attempt to clear up the difficulties of others. The success of psychotherapy, in great measure, dependent not only on the courageous determination of the patient to get well, but also on the knowledge of the maturity of the doctor.

You are suffering from a condition common enough in all circumstances. In living situations less pleasant than your own it is easy to blame one's unhappiness on factors which are essentially irrelevant, but nonetheless logical from the common sense point of view. You hit the nail on the head when you said you do not love yourself. This, after all, is one's first obligation, for if you do not love, respect, and honor yourself, how can you know what it is to hold such feelings in a full measure towards others?

Something is amiss. Somewhere in your own personal experiences, probably when you were very young, you began to find yourself "bad", or "undesirable", or "missing something". Only in psychotherapy can the matter be resolved and you but waste your time to try other methods or to "do it yourself". Despite the fact that you demonstrably need such assistance, only you can decide if you want such help and to pay the cost of it not only in money

(psychotherapy is of necessity expensive) but also in time, energy, and emotional wear and tear.

Sincerely,
Sander Mudd, M.D.

State Legislature Sets Bill Record

The 1962 Legislative session was, by tradition, supposed to be short and unproductive because this is an election year.

Productivity conformed to tradition for the most part, but by sheer length and amount of activity, the Legislature made history.

During the 102-day session, extremely long for an election

year, nearly 1,250 bills were introduced, setting a new record. Of these, 251 passed. This was also well up among the record-setting sessions for the number of measures approved.

Gov. John B. Swainson vetoed 10 of the measures presented for his approval. Last year, he turned down 17 bills.

Perhaps most notable of the session was the perennial tax squabble which resulted in the enactment of \$77 million package of nuisance taxes.

Other laws enacted of note included the complicated "Sunday closing" regulations affecting the entire retail industry; a rider to create a state conservation camp for teenagers; a new commercial code covering all commercial transactions and paper; and a boating control measure to provide uniform regulations over lake uses.

Research is and will be a "basic industry" in Michigan, according to a Michigan State University spokesman.

Dr. Milton E. Muelder, vice president for research and development, predicts that in 10 years the expansion of research will be as great as or greater than in past decade.

During the past 10 years, he said, investments in research have tripled nationally, from \$5 billion in 1953 to an estimated \$16 billion this year.

Michigan and most of the Midwest "stood idly by" during the last decade while areas on the east and west coasts deliberately attracted most of

the funds spent on research, Muelder noted.

"These areas have succeeded, not because they have railroads, or raw materials, but because they have had reservoirs of ideas," he said.

Muelder contends the universities in a state provide much of the attraction for research. Universities in Michigan can help attract research industries by providing for cooperation with industrial scientists and pointing out resources and cultural benefits, he maintains.

"Efforts of chambers of commerce, realtors, and special promotional agencies are also needed," Muelder said.

"These groups must provide favorable industrial sites near our universities and make them available to interested concerns."

Another requirement for attracting research work to Michigan is a high quality of faculty members at institutions of higher education, he said.

"It has been observed many times that the more qualified and distinguished the faculty, the more extensive and available are research programs supported by off-campus agencies," he said.

"Dollars invested in distinguished faculty and researches unquestionably represent one of the finest investments a state can make."

The man who indirectly issues all Michigan driver's licenses stands in probably the No. 2 power slot in state government.

Aside from this benefit of the elected post, the Secretary of State has probably the most varied responsibilities of any Michigan officer.

In the line of succession to the governorship, the Secretary of State stands behind the Lieutenant Governor. Like most top state officers, his position is established in the Constitution.

Michigan's Secretary of State wears many hats during a working day.

At one hour, he is the keeper of the Great Seal and all the records and archives of state government. He also is the State's chief elections officer, responsible for establishing rules and regulations and enforcing the laws relating to ballot procedure.

At another time he is responsible for registering motor ve-

hicles; licensing motor vehicles, operators, chauffeurs, dealers, and watercraft; and maintaining 228 branch offices in all the county seats and other centers of population.

Certain times of the year, the Secretary of State is given the additional jobs of compiling, publishing and distributing laws, pamphlets and administrative rules; licensing private detectives and detective agencies; regulating savings and loan associations; and registering trade marks, legislative lobbyist receipts, railroad leases, city and village charters.
