

Township electors kicked out salary hikes at Saturday's annual meeting.

Annual Township Meeting Attracts Record Audience

Two-hundred Northville township residents sat for three hours Saturday afternoon at the annual meeting in the Northville Community building and made the following decisions:

—to reject the proposed salary increases for township officials;

—to approve a resolution to publish official minutes of township board meetings in *The Northville Record*;

—to reject a proposal that the township board be requested to charge a minimum of \$400 for sewer tap fee;

—to approve a suggestion that the township treasurer make arrangements for payments of taxes during tax collecting period to banks in the area as an optional method to paying the treasurer in person or by mail;

—approved the proposed 1963 budget with the deletion of the salary hikes and authorization up to \$600 for publication of minutes

Attendance at the meeting was the largest in the memory of any township official. And although several matters stimulated heated discussion, the session remained orderly.

A direct mail campaign opposing the salary increases and proposing other resolutions was apparently responsible for attracting many of the citizens to the meeting.

Mrs. H. B. Price, unsuccessful GOP candidate for nomination as supervisor admitted directing the drive and distributing literature.

Outgoing Supervisor George Clark also revealed that he was submitting his resignation as a member of the township water and sewer commission.

Clark has more than two years of a three-year term to serve yet. He has been outspoken in his criticism of fellow board members Clerk Marguerite Young and Treasurer A. M. Lawrence for not accepting his idea of hiring a full-time manager for the water and sewer department.

Clerk Northrup stated that she also was resigning from the commission.

The voice vote to reject salary increases was extremely close and brought some criticism from the floor when Supervisor Clark failed to call for a hand vote.

In her report Clerk Young noted that Supervisor Clark had originally proposed the increases. She emphasized the increased workload of the clerk's job and has supported the salary raise.

The salary hikes would have raised the supervisor from \$4,000 annually to \$4,800; the clerk from \$3,200 to \$4,200; and the treasurer from \$3,200 to \$4,000.

A hand vote, 73-48, decided against a proposal that would have directed the board to "charge a minimum of \$400 sewer tap in fee for use of capacity in the interceptor sewer, as recommended by the township engineering firm of Mosher Associates, in order to make the water and sewer commission more self-supporting so it will not require taxpayers dollars to support the department."

Builder John Northrup, currently developing the township's first sewer system in his 66-home Shadbrook subdivision just south of West Seven Mile road, had requested that the board review the tap-in fees. They are currently under consideration but no changes have been made.

Northrup reiterated his stand at Saturday's annual meeting. He called the fees higher than any other area fees except Waterford. He stated that a fee of \$138 per tap would pay for all the township's indebtedness for the interceptor sewer and recommended a \$250 tap fee that would "still leave \$110 per tap for maintenance of the system."

The vote appeared to be a reluctance on the part of the citizens to hold the board to any set fee, leaving it free to establish rates it considers necessary.

Township Attorney James Littell explained that by attorney general ruling electors at an annual meeting do not have the authority to mandate action on the part of the town-

ship board. He, therefore, urged the electors to "request" rather than "require" the board act in three of the five resolutions mentioned.

The electorate does have the power to approve the budget, however, and may therefore approve or disapprove of salaries.

A resolution to appoint two of the three members to the water and sewer commission from outside the township board was defeated. The chairman be one of the outside appointments did not come to a vote.

In his report Treasurer Lawrence noted that \$413,291.36 of the township's total school, county and township tax roll of \$441,678.53 has been paid. This near 94 per cent collection is considered high. The remaining delinquent taxes are collected by the county under four per cent plus one-half per cent per month penalty.

A motion by Wilson Tyler, new township trustee, that "any other responsible area bank" be named as depository along with Manufacturers National Bank for township funds was defeated. Attorney Littell noted that such wording would not be possible and that each designated bank would have to be named.

Tyler, an official of Detroit Bank and Trust, had recommended the resolution that would permit direct payment of taxes to banks during any regular banking day during

tax collection time. In the past the treasurer has collected in the bank on Tuesdays and Fridays.

Tyler noted there was no charge for this service.

Mrs. Price also criticized the township clerk for "350 errors or omissions in the registered voter list." Mrs. Price said she had purchased the list for \$5.00 during the February primary campaign. (See Clerk Young's answer in letter, page eight).

Arthur E. O'Leary, defeated in Monday's election by Merriam, asked why the township paid the city \$2,500 annually for a dump if only 150 permits for dumping were issued.

Clark defended the payment as "a small price to pay if the township had to purchase and maintain a site." He also noted it was unlikely that anyone would want the township to create a dumping site in the township.

Glenn Cummings, a Six Mile road resident, asked whether or not the supervisor could act as head of the water and sewer commission. He noted Merriam's engineer experience and capability to handle the job and proposed that he be given a salary hike to handle the additional responsibility.

This proposal died for lack of support. Merriam said he intended to assume the responsibility anyway and salary wasn't a question.

Auto Crash Results In Death, Injury

A Northville man was seriously injured and an Ypsilanti man killed Friday night when the car in which they were riding at high speeds careened out of control and crashed into a tree on North Territorial road.

Dead on arrival at Wayne County General hospital was Leo Caldwell, 24, a passenger. The owner and driver of the car, a 1962 convertible, was

Robert Sheldon, 21, of 514 West Cady street. He is in critical condition in University hospital, Ann Arbor.

According to the Wayne county sheriff's department, the two men were traveling at speeds estimated at 100 miles an hour going west on North Territorial road. The car hit a soft shoulder near Napier road, swerved over the east bound lane and crashed into a culvert.

The car then flipped 54 feet into the air and rammed sideways into a tree. Both men were pinned in the car, police said.

Caldwell was wearing a safety belt, and Sheldon was wearing one also, it was reported.

Caldwell was an employee of the Plymouth State Home and Training School. The body was transported Saturday to his home town of Mt. Pleasant.

Sheldon who is an employee of the G. E. Miller Sales and Service in Northville, is married and has three children. Caldwell was also a part time employee of Miller Sales and Service.

★ ★ ★ GOP Vote Dominates Township

Northville township's Republican stronghold voted as expected Monday electing a GOP slate of officials and supporting adoption of the new constitution by 2-1.

R. D. Merriam, a former trustee, became the new supervisor topping Democratic Nominee Arthur O'Leary, 600-226.

In the only other contests on the ticket Republican Chester Lipa defeated Mrs. Edna L. White for board of review, 560-243 and Richard Mitchell, GOP candidate for constable, won over Democrat R. J. Gravelle, 596-205.

Wilson D. Tyler, unopposed Republican candidate for trustee, became the only new member on the township board. While Merriam takes over for George Clark, who retired as supervisor, Tyler now occupies Merriam's old seat on the board.

Township voters cast 575 YES votes for the new constitution against 286 NO votes.

Total turnout at the polls was 900 out of a registration of 1667 — a 54 per cent vote.

Unopposed Republicans received the following vote totals: Clerk Marguerite Young, 643; Treasurer A. M. Lawrence, 649; Trustee Tyler, 640; Justice of the Peace Laurence A. Masselink, 560.

In the races for state educational offices, a county auditor and supreme court justices Northville township voters cast the following ballots:

Easter Party for Kids

Northville's Jaycees are planning an Easter cartoon party for Northville area youngsters Saturday, April 13.

The cartoons will replace the Easter egg hunt sponsored by the Jaycees in previous years.

Chairman Bob Pratt stated that there will be two hour-long performances at 10 a.m. and 11:15 a.m. at the P&A Theatre.

Youngsters living west of Center street are invited to attend the first performance, and youngsters from east of Center street may attend the second showing.

The cartoon party will be free and there will be candy gifts for all children. Pratt said local retailers contributed funds to finance the party.

City Vote Hits 65%; Frid Third

In the biggest ballot ever recorded in a local city election Monday Northville voters returned Mayor A. M. Allen and Councilman John S. Canterbury to office.

They elected Fred P. Kester to fill the other vacancy on the council.

But they registered some surprises in doing so. For example:

—they gave Kester, a political newcomer, a whopping 666 votes to lead the field of eight council candidates;

—two of the city's three precincts favored Mayor Allen's challenger Earl L. Reed, a former councilman.

Only a top-heavy 315-144 vote in precinct three saved Allen from defeat. He trailed Reed by 36 votes in precinct one and 87 votes in precinct two.

Allen's narrow 48-vote victory (742-694) came as a surprise to most observers who expected easier-going for the incumbent.

Ironically, while Allen is a longtime resident of the community, his voter support came from the "new city" — the precinct three area which includes the entire Oakland county portion of the city north of Baseline.

Trailing Kester was Councilman Canterbury with 579 votes. Canterbury was considered a "shoo-in" by most predictors.

But Canterbury was saved by new-city voters, too. He topped Sydney Frid by 130 votes (579-449) but he had to come from behind with a 134-vote margin over Frid in precinct three to win.

Following Frid were William Bingley and Joseph Denton with 295 votes each, Ed Welch, 212, Peter Gross, 148, and Hiram Pacific, 100.

With 1540 votes cast out of a total registration of 2,359 in the city the voting percentage was 65 per cent.

In the last city election two years ago 1,243 votes were cast. Biggest city vote ever came in the 1960 presidential election with 1,816 votes.

City voters favored adoption of the new constitution by a 2-1 margin. But only 1,390 votes were cast on the proposal with 886 YES votes and 423 NO votes.

In the races for state educational offices, a county auditor and supreme court justices Northville city voters cast the following ballots:

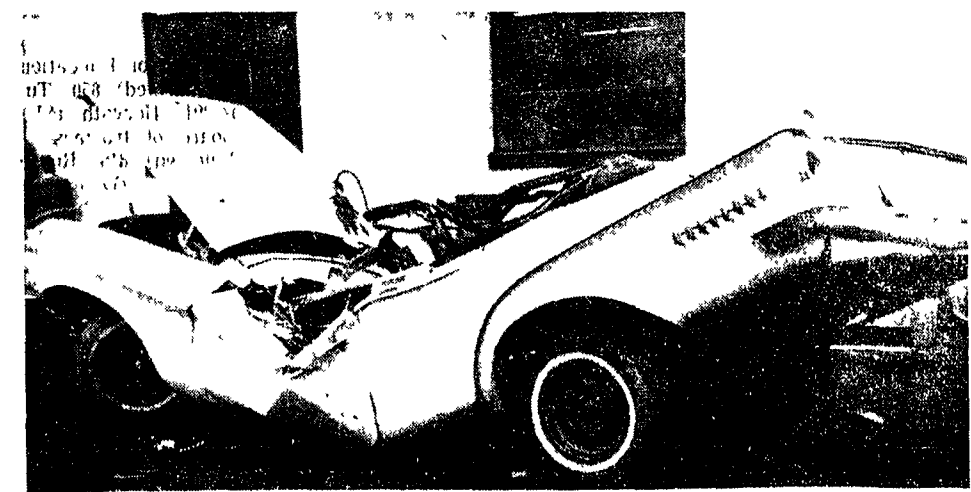

U of M board of regents — Cudlip (R-elected) 807, White (R) 755, Thurber (D) 473, Power (D-elected) 471, Bentley and Zywicki, both Socialist Labor, 9 and 5; Superintendent of Public Instruction — Hatch (R) 768, Bartlett (D-elected) 491; State Board of Education — O'Neil (R-elected) 850, Tuchow (D) 391, Horvath (SL) 4; MSU board of trustees — Nisbet (R-elected) 815, Rouse (R) 792, Stevens (D-elected) 441, Vanderploeg (D) 446; Mills (SL) 5, Grove (SL) 1; WSU board of governors — Whittaker (R-elected) 794, Noecker (R) 776, Woodcock (D-elected) 467, Ference (D) 454, Fraser (SL) 4, Sim (SL) 3; Wayne county auditor — Adams (R) 501, Sumeracki (D-elected); Supreme Court Justices, non-partisan — Black 684 (elected), Adams 562 (elected), Holbrook 401, Smith 360.

Susan Jane Rathburn Weds Lawrence Wells

The marriage of Susan Jane Rathburn and Lawrence Stevens Wells was solemnized at a 7 p.m. candlelight service March 23 in the First Presbyterian church with Reverend Lloyd Brasure officiating. The couple exchanged vows in a double ring ceremony before a group of 40 relatives and close friends.

White floral pieces and tall candelabra were placed at each side of the altar and traditional wedding music was played by Mrs. William Williams.

The bride, who is the daughter of Mr. and Mrs. Kenneth Rathburn of 729 Grandview, was given in marriage by her father.

Her gown of white peau taffeta, accented at waistline and bodice with alencon lace, featured a portrait neckline, elbow length sleeves and a modified bell skirt. Her shoulder length illusion veil was held in place by a small flower-shaped headpiece in material matching her gown. She wore a wrist corsage of white roses.

Miss Mary Welch of Northville, maid of honor and the

Ushers were Roger Rathburn and Harvey Wells, brothers of the bride and groom.

For her daughter's wedding, Mrs. Rathburn chose a sheath of pink lace with a matching hat and bone accessories. Her flowers were white orchids.

Mrs. Wells wore a beige-gold suit of textured silk with matching accessories and pale yellow orchids.

After the ceremony, a wedding dinner was served for the guests in the Miles Standish room of the Mayflower hotel, Plymouth.

For her going-away outfit, the bride chose a dress of pale blue wool and black accessories.

The new Mrs. Wells graduated from Northville high school in 1959 and attended Cleary College and Western Michigan university. She is presently employed at the AAA Plymouth office.

Mr. Wells is a 1959 graduate of Plymouth high school and attended Arizona State university and Ferris institute. He is employed at Merchant Machine Tool, Plymouth.

Following a honeymoon at Niagara Falls, Mr. and Mrs. Wells will reside at 320 Blanche, Plymouth.

Swim Club Plans Member Parade

Northville Swim Club members will urge their fellow citizens to "take the plunge" and join the fun as they parade through Northville subdivisions community-at-large at 6 p.m. Friday (tomorrow).

Paraders in convertibles will be escorted by a calliope and an informal band of high school students as they take their get-in-the-swim membership drive through Northville and the subdivisions north and west of town. High school girls and their escorts will fill the decorated cars.

Participants are to gather at 5 p.m. in the high school parking lot. The parade will wind its way through residential streets and terminate at the community building.

In the event of rain it will be postponed until 1 p.m. Saturday.

The Swim Club committee also announced plans this week for a drawing April 20 when a year's free membership dues (\$50) will be given away. Everyone joining by April 20 will be eligible. The drawing is to be held at 10 a.m. Saturday, April 20, in the city park.

Ray Jackson, swim club president, asks all members sponsoring new members to sign the backs of the application blanks, as the person obtaining the most new members by April 20 will receive a special gift. Jackson pointed out that the membership fee will remain at \$350 until after the April 20 deadline. Then, he said, it will be raised as high as \$400.

Readers Speak:

Invites Clubs to Tour Northville State Hospital

To the Editor:

Would you bring to the attention of your readers that, should a club or group in your community be interested in touring Northville State Hospital, most appropriate time will be on Tuesday, Wednesday, or Thursday of Mental Health Week, April 30, May 1, or May 2? Organizations plan such tours throughout the year. A special effort, however, is made by the hospital staff to extend invitations into the community during Mental Health Week. Our hope is for exhibits to abound along the path of the tours. Details about general tours for the public on Sunday afternoon, April 28, will be reaching your newspaper in a few weeks.

But we realize that many of the clubs in your community plan their programs for their weekly meetings well in advance. Perhaps that club would like to plan a 12:30 p.m. luncheon with us, served at a modest cost. One of our staff members, following the luncheon, then could outline briefly our hospital's work. By 1:20 p.m. or 1:30 p.m., the program would close, except for those who might be able to remain to tour. For ladies' groups, a morning tour climaxed by the luncheon would allow the mothers to be home

by mid-afternoon, when children return from school. A call for further details can be made to Mr. Louis J. Schultdt, our Director of Community Relations, FI 9-1800. Or a letter can be addressed to him, Northville State Hospital, 41001 Seven Mile Road, Northville, Michigan.

Sincerely,
Philip N. Brown, M.D.

She's Calling Class of '41

To the NHS-Class of '41: Several weeks ago the Record published an announcement of a '41 class reunion this summer. All those interested were to write to Mrs. Robert Casady, 1419 Monte Maria, Novato, California. (Marilyn Cavell)

I wrote to Marilyn. She wrote back saying I was the only one who had contacted her. If she doesn't hear from everyone, she will have to drop the reunion plans. She asked me to help, so here I am trying in the best way I know.

Come on all you '41 Grads. Let's get together. Write to Marilyn so she can get the ball rolling. She needs the backing of us all to make it a success.

Class of '41

Youths to Join Methodist Church

On Palm Sunday, April 7, at the Northville Methodist church 17 youths will be received into Church membership. Responding with vows at the 8:45 a.m. service are Linda Amerman, Gerald Asher, Kevin Barnes, Scott Bergo, James Marks, Jeffrey Mills, James Peterson, William Skelly, and Susan Verdehoff; and at the 11:00 a.m. service: Gary Becker, Donald Beller, Ross Butt, Daryl Holloman, Edwin McClendon, Wayne Miller, Steven Quay, and Paul Tabor. The youths will receive a fine Bible, upon the occasion of their successful completion of the Membership Course and reception into the church. The pastor, Rev. Paul M. Cargo, personally taught the group.

At the first service the Harmony choir will sing, and at the second service, the Sanctuary and Cherub choirs. The pastor will preach on "Face Your Jerusalem."

There will be a special Baptismal Service in the afternoon at 3:30 p.m.

- BIRTH -

Mr. and Mrs. Thomas Andrews of Randolph street announce the birth of a son, Todd James, Sunday in St. Mary hospital, Livonia. The boy weighed seven pounds, six ounces at birth. Maternal grandparents are Mr. and Mrs. Emory Mapes and paternal grandparents are Reverend and Mrs. James Andrews, all of Northville.

"FINE AS FUZZ" — That's the word given by Mrs. Belle McColl when she celebrated her 90th birthday last Saturday. Mrs. McColl was feted by 75 friends at a gala birthday party Saturday in the Clarence Davis home, 20889 Cambridge drive. Mrs. McColl, who lives at 270 Hutton, reports she's been "overwhelmed" by the number of cards and flowers she's received in the past week.

'Snow White' Starts Tonight

Snow White and the Seven Dwarfs will be presented in the Northville High school auditorium by the Forensic club, April 4, 5 and 6. Curtain time will be 8 o'clock Thursday and Friday evenings, and 2 o'clock Saturday afternoon. The public is cordially invited to the performances; tickets may be purchased at the door.

Cast members are: Snow White, Kristine Larson; the seven dwarfs, Jeanne Barnes, Dawn McCollum, Kathy Beckel, Bob Steeper, Bob Fisher, Jack Britton and Charles Collins. Judy Imsland, Linda Nelson, Nancy Christenson, and Rebecca Lyke will be the maidens. The prince will be Doug Clark, Rhonda Atchison will play the queen, and Frank Steinberger will be the court chamberlain.

Other cast members are: Dennis Anchors and Jamie Jameson, pages to the prince; Pam Kay, witch; Rowan Murphy, Heidi Handorf, and Shary Mills, witch's cats. Also with parts in Snow White are Maureen Darnell, John Pem-

berton, Phil Skow, Stan Scelief and Sally Mallette.

Stage screens will include one in the courtroom, the den and the forest. Sets were constructed with the help of the Art club. The cast was costumed by Van Beau of Royal Oak.

Student committees are headed by Debby Stafford, tickets; Gary Webb, sets; and Elisa Batzer, costumes.

Faculty sponsors are Miss Florence Panatier and Miss Patricia Dorrian, Forensic club advisors and Roy Pederson, Art club advisor.

An Open Letter To Our Riding Public WE APOLOGIZE

Because in trying to adjust our schedule to suit your transportation needs in the very best manner, we know we have caused you some inconvenience. The changes in our original bus schedule without sufficient notice to you may have been confusing, and if we failed to make our intentions clear enough to our riding public, we assume full responsibility and invite your patient indulgence with a new bus service.

Here are the facts. We have been trying for the past three weeks to provide what you have said was a much needed service to the Northville - Plymouth - Livonia communities, — an express bus service downtown. However, you were not riding our buses on the schedules as originally presented, although they were prepared in accordance with the requests we received, so we checked and double-checked and changed the bus schedule (the reason for some of the confusion), and now have the following permanent schedule on which you can depend:

Leaving Northville (Main at Center)	6:20 AM
	7:00 AM
	3:30 PM
Leaving Plymouth (C & O Station)	6:30 AM
	7:10 AM
	3:40 PM
Leaving Livonia (5 Mile-Farmington)	6:45 AM
	7:25 AM
	3:55 PM
Arriving Detroit Downtown	7:40 AM
	8:15 AM
	5:00 PM
Leaving Detroit	8:30 AM
	5:15 PM
	5:45 PM

Some of our riders have told us how relaxed they are all day at their respective places of employment because they no longer have to fight traffic to and from work. Makes for happier home life, too.

If you enjoy our service and want to say so, or if you have a complaint, call me personally. We'll take care of it.

A. Schiller, President

LET'S TALK CARS ...

A Stitch
In Time ...

There once was an Irishman who declared: "I'd give a hundred dollars to know where I'm going to die."

"Why do you want to know that?" asked a friend. "You'd be no better for knowing."
"Faith," said the Irishman, "but I would. If I knew where it was I'd never go near the place."

That Irishman reminds me of a lot of motorists who drive cars equipped with automatic transmissions that they neglect and treat roughly. If they only knew when the mechanism was going to give out they could sell the car just a little ahead of time and save the repair expense.

Automatic transmission specialists know that almost all transmission trouble is unnecessary if the driver drove with ordinary care and gave some ordinary service to his transmission.

Automatics should not be jerked into gear or reversed with the engine revolving at high speed, which seems too obvious to mention until you see someone doing it.

And like the engine itself, it should have its oil changed — at 25,000 mile intervals — and the pan dropped and cleaned out. This will hold ordinary wear to a minimum by getting metal particles and sludge out of the fluid.

These two simple rules will likely make your automatic last the life of your car and avoid a hefty repair bill.

ORDINANCE NO. 18.24

PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE VILLAGE OF NOVI.

THE VILLAGE OF NOVI ORDAINS:

PART I. That Ordinance No. 18, known as the Zoning Ordinance of the Village of Novi, is hereby amended by amending the Zoning Map as indicated on said Zoning Map No. 24, attached hereto and made a part of this Ordinance.

PART II. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of any Ordinance in conflict with any of the provisions of this Ordinance are hereby repealed.

PART III. WHEN EFFECTIVE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect ten (10) days after final enactment and publication.

JOSEPH CRUPI, PRESIDENT
MABEL ASH, VILLAGE CLERK

I, Mabel Ash, Clerk of the Village of Novi, do hereby certify that the above Ordinance was approved and adopted by the Novi Village Council at a regular meeting thereof, duly called and held on the 25th day of March A.D., 1963, and was ordered to be given publication in the manner prescribed by law.

Baseball, Net Teams Open Play

Tennis and baseball teams of Northville high school will lead off the spring sports program Monday at home.

And both will play teams from North Farmington.

Coach Stan Golonka's baseball hopefuls will take the school field for the first time at 3:30.

"Only this week we have been able to practice outside, but we've done a pretty good job of getting into shape," Golonka said. "We should be ready."

The Mustang netters, under the mentorship of Keith Krause, will open the season at 4 p.m. on the Cass Benton park tennis courts.

One of the easier matches of the year, it should be a good workout for the Mustangs.

Grass Fires Hit Area

The Northville fire department extinguished six grass fires during the past week.

The largest fire — on Bradner road north of Five Mile road — burned up five acres Friday.

One-quarter acre was burned Thursday in the Haggerty road and Seven Mile road area.

There were three small grass fires Saturday. They were on Beck road, between Six and Seven Mile roads; West Seven Mile near West Beck road, and on Eight Mile road east of the new Eight Mile cut off.

Another grass fire gutted two acres Tuesday between Bradner and Franklin roads. It was extinguished within half an hour.

SAFETY PAYS — Like the policeman on the corner, the patrol boys perform an important function — they prevent accidents. Chosen patrolmen for the months of November, December and January were (l. to r.) Richard Adams, David Wright, Brian Myers, Robert Martin, Peter Lindberg and Gary Reinwand. Here they receive pen and pencil sets from Chief Eugene King, which were donated by Manufacturers National Bank. They also received a certificate. Their sponsoring teachers are (behind, l. to r.) Brian Dunn and Ralph Redmond.

THE GRAND TOUR — Brownie Troop 407 visited the Northville Record last week, stopping to pose for the above picture in front of the newspaper's press. Accompanying the troop were Mrs. Donald Nicholson, leader; Mrs. Paul Hunt, co-leader, and Mrs. Glen Deibert, helper.

Don't Forget To Dial '1' New Phone Books Out

Northville-Novl area telephone customers were reminded this week that beginning Sunday they must dial the numeral 1 before dialing a call to any point for which a toll charge applies.

Not only will the code "1" requirement prevent misdialed local calls from reaching the long distance net work, it will serve as a reminder to customers who dial it that they are, in fact, placing a long distance call, Michigan Bell officials noted.

For Example: Calls to any number outside the local calling area such as 53 or KE (Detroit), dial 1 and the telephone number. Calls requiring an area code such as Grand Rapids, dial 1 and area code.

A study conducted last year by the telephone company revealed post billing adjustments were 75% lower in offices requiring an access code in order to get into the long distance net work.

Where customers must make a conscious physical distinction between local and long distance calls, billing adjustments and customer aggravations — are at a practical minimum.

Calls dialed in error — using the code "1" when it is not needed or omitting it when it is needed — will be intercepted.

Books Out

The Michigan Bell Telephone Company began delivery of its 1963 telephone directories in the metropolitan area this week.

Included in the distribution are 545,000 West-and-Downriver area directories, weighing some 204 tons. It will take two weeks for some 450 distributors to complete the delivery in the 44 communities covered by the 268-page book.

The answer to Crabgrass — before you see it!

Agrico Pre-Emergence Crabgrass Control

Now is the time for effective action against Crabgrass. An application of granular Agrico Pre-Emergence Crabgrass Control sets up a barrier in the soil that kills Crabgrass, Goosegrass, Foxtail and similar seedlings as they sprout. The dry granules of this preventive can be effectively applied right up to the two-leaf stage (when Crabgrass is about 1-inch high). So safe to use, it can be applied on flower and shrub beds. In fact, it's beneficial to mature lawn grasses. Spread yours today.

The Novi justice court fined five youths Thursday on a count of minor in possession of liquor.

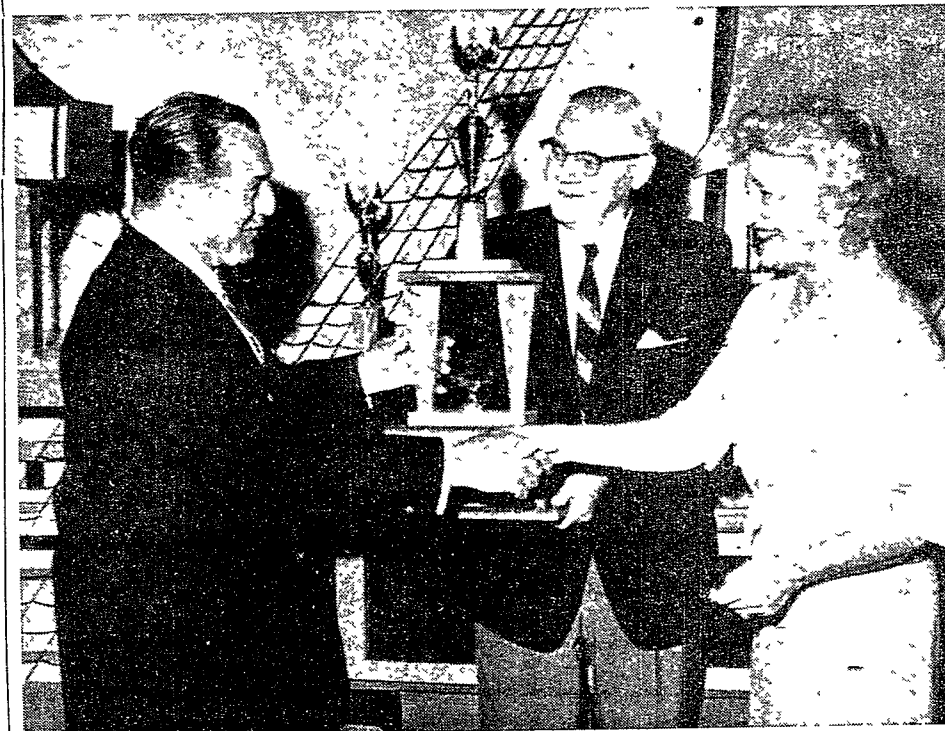

Andrew Mast, 20, and Frank LaPointe, 18, both of Ann Arbor, were fined \$25 each for a March 22 drinking violation at the intersection of Linhardt and Paramount streets.

Craig Nelson, 17, of Farmington pleaded guilty to a minor in possession charge, which took place March 22 in the Walled Lake Casino parking lot. He was fined \$25.

Two 17-year old Detroit youths were guilty of the same charge March 22 on the corner of East Lake Drive and Lashbrook. Kenneth Lyon was fined \$25 for consuming the liquor and having it in his possession. Raymond Lichy, who had just been picked up by Lyon a few minutes before being apprehended, was fined \$10 for having liquor in his possession.

WINNER TWICE — John S. Canterbury (left) was re-elected to the Northville city council Monday. And just a week earlier he was honored by the Ford Motor company for outstanding community service. He's shown above receiving a "Citizen of the Year" award from Kenneth D. Cassidy (center), Ford vice president, industrial relations. The bronze town crier bell — the company's highest award for community achievement — this year went to seven employees who work in the Detroit-area Ford facilities. Governor George Romney, principal speaker at the award banquet, also congratulated Canterbury.

TROPHY WINNERS — Mr. and Mrs. C. E. Langfield of Northville are shown receiving the trophy for the best all around boat in the International Show at Miami, Florida, which featured 145 entries. Langfield is also continuing his winning ways as a fisherman. Winner of Metropolitan Miami Fishing Tournament for his 14-lb., 3-oz. bone fish last year, he's leading all anglers this year with 19 bone fish ranging from 9 to 13 pounds.

125 Acres Burn in Novi

Three grass fires raged through the Novi area Friday and burned up a total of 125 acres of grass, brush and trees.

Novi authorities caution that citizens must have permits to have an open fire. And, they added, when high winds prevail, no fires should be set.

Two fires resulted from carelessness officials said. One fire, which burned up 40 acres on 13 Mile road near Meadowbrook, began when high winds blew a spark from a trash pile. The fire in the area of Novi road south of Grand River singed five acres. Sparks from a three-day old fire started the blaze.

Eighty acres were also burned on 12 Mile road between Haggerty road and Meadowbrook. Cause of the fire was undetermined, officials said.

READERS: Township Clerk Asks Apology

To the Editor:

Mrs. Elsie Price made the statement at the Annual Meeting of Northville Township held on Saturday, March 30, 1963, that she had purchased a voters registration list from the township office and had found over 360 errors such as wrong addresses, etc.

If Mrs. Price was referring to the fact that the lists do not specify which addresses receive their mail thru the Plymouth Post office and which thru the Northville post office, I wish to advise that these voter registration lists are not titled mailing lists, they are lists of the Registered Voters of the Township of Northville.

Mrs. Price purchased this list in January 1963. What Mrs. Price doesn't realize is that voters registration files change constantly as people move in and out of a community. By law, the clerk is required to check the voter registration file every December and mail

out double postal cards to all registered electors who have not voted in four years, advising them that their name will be removed from the registration file within thirty days if they do not return the re-instatement postal card with their signature, asking to be reinstated. A number of these cards go out each year and in most cases, only a few are returned.

This is the only way a clerk has of checking on changes that may occur during the year. In cases where a citizen has moved out of the township and registers in another community we are supposed to receive a cancellation of their registration from the clerk of that community. All clerks do not do this however. We never receive a cancellation notice from the City of Detroit. I wish to advise also, that for these reasons, people may have moved out of the township or are deceased but by law, their names cannot be removed from the township registration file until such time as we are notified by mail or a four year period check of their registration removes the card. For the reasons stated and the fact that Mrs. Price's statement was, false, I feel that she owes me a public apology.

Marguerite Northup-Young
Township of Northville Clerk

Letter Brings Answers

To the Editor:

Because of a letter written last week by this writer, well — the response has been quite unexpected. I received answers to my questions, from both sides, and many more I didn't even ask. I find I was half right, and half wrong. I feel as if I have been on a guided tour of Northville's old attic that has been closed for a long time, but the door has never been completely shut. Then the tour has led me to the streets and I find two sides battling away and I got caught in the middle because I wanted to get to the other side of the street.

I am not without respect to the history of Northville, but I do feel I do not care to take another tour of this attic for putting my thoughts into words, but feel the door should be completely shut or the attic cleaned up and put to some good use. My only interest lies with the welfare of all of us who have made our homes here and plan to raise our family. We saw everything that was here including the race track, and have no complaints, or we would not have moved here. I can only account for the way I read a newspaper. I give much thought to a letter that is, and will be affecting

the area I am now living in. I felt very strongly about the importance of other newcomers, like myself, seeking out the other side of a story to stimulate his interest to vote wisely and to make a decision he himself made because he, too, is interested in the best leadership and a good sound government for his community. This in turn affects this writer because of the township's many connections with Northville. My letter was aimed for the other side of a story of which the facts were already there just for the asking.

Mrs. Arthur Hempe

Obituary

Fred A. Fry

Fred A. Fry, 86, of 41320 Seven Mile, a retired carpenter, died Saturday in Wayne county general hospital after a three week illness.

He once owned the former Fry Restaurant.

A resident of Northville most of his life, he was a member of the First Methodist church. He was a life member of Zion lodge, of Detroit, F & A.M., and an honorary member of Northville lodge 186, F. and A.M.

Born November 26, 1876, in Novi township, he was the son of the late Frank S. and Mina (Simmons) Fry. He married his wife, Anna, August 9, 1899.

In addition to his wife, he leaves three sons, James Fry of Southfield, Cecil Fry of Plymouth, and Duncan Fry of Plymouth, nine great great grandchildren and five great grandchildren.

Funeral services were held Tuesday afternoon in the Casterline funeral home, 122 West Dunlap, with the Reverend Paul Cargo officiating. Masonic lodge 186 held graveside services at Rural Hill cemetery.

Mrs. Beulah Huff

Mrs. Beulah Belle (Spencer) Huff, 85, of 43564 Reservoir road died Monday in her home after a three-week illness.

Mrs. Huff had resided with her sister, Mrs. Bernice Marshall, for the past year. Prior to that, she resided in Regal Park, Long Island, New York. Born April 18, 1877, in Cass County, she was the daughter of the late Edward R. and Francis (Rich) Spencer. She was the wife of the late Frederick I. Huff. She had two children, Marshall and Helen, both dead now.

In addition to her sister, she leaves two grandchildren, Marshall Huff of Northville and Mrs. Judy Anderson of Blissfield.

Funeral services were held Tuesday evening in the Casterline funeral home, 122 West Dunlap, with the Reverend Lloyd Brasure, pastor of the First Presbyterian church officiating.

Graveside services were held yesterday afternoon at Riverside cemetery, Dowagiac.

OUT OF THE PAST

ONE YEAR AGO
April 51 1962

—The Northville city council Monday night awarded the bid for the paving of North Center street from Eight Mile road to South Ely drive to the Edward White company. The \$15,135 bid was some \$5,000 below the city engineer's estimates.

—Wixom voters elected Wesley McAtee to the mayor's post Monday and returned three council members to office. They are Howard Coe, Raymond Lahti and Mrs. Lotie Chambers. Defeated by the two-to-one majority was the proposal to cut the city charter's tax millage limit in half.

—Reverend Robert K. Spradling became the new pastor of the First Baptist church of Northville this week.

—A young Northville man, Ray Francis Hood, was one of 12 crewmen of a downed Navy sea plane in the South Pacific who was rescued after 30 hours.

—The Northville city council, in the first public hearing Monday night on the proposed paving of East-High-Elm and Walnut streets, voted 3-2 in favor of paving. A second public hearing on paving by the 25 percent assessment method was set for April 16.

FIVE YEARS AGO
April 3, 1958

—The state highway department is studying the possibility of making either Beck road or Haggerty road a north-south expressway that would be part of a beltline route around Detroit. Preliminary planning, however, will begin in about five years.

—Occupants of trailers on Gerald avenue were given 30 days to leave the premises last week in a joint action taken by Northville township and Wayne county board of Health.

—Northville's Michigan Week committee will meet Thursday at the city hall. Members are L. M. Eaton, Wilbur Johnston, Mrs. Harvey Ritchie, Clayton Myers, Michael Green, George Clark and LeLand Smith.

—Prompt action by Northville policemen prevented a robbery of the Kroger store Friday night. Officer Ray Nowicki discovered the robbery at 10:30 p.m., then apprehended Robert Duffin of Inkster. Charles Hebert of Warren was apprehended at Baseline near the C & O railroad by Officers Gil Glasston and Eugene King.

—A rash of grass fires hit Novi over the weekend, forcing a temporary moratorium on burning permits in the township. Twenty fires swept across fields and meadows as the result of leaving burning trash unattended.

FIFTEEN YEARS AGO
April 2, 1948

—New officers were elected at the Thursday night regular meeting of the P-T-A. Officers for the coming term are: William F. Miller president; Mrs. Harold House, vice-president; Mrs. Donald Matzen, secretary, and Harry Sedan, treasurer.

—Dr. William Murray, who will be the guest speaker Wednesday at the Exchange club, will discuss cancer. His speech will kick off the annual Cancer Campaign Drive in Northville.

—Chick Harbert, Meadowbrook golf pro, walked off with top honors when he won first prize of \$2,000 in the \$10,000 Charlotte Open Golf tournament in Charlotte, North Carolina.

—Easter morning church goers braved the brisk cold to attend the church of their choice.

—The senior class of Northville high school will present the play Home Sweet Home at the high school auditorium Thursday and Friday nights.

—Monte Ellis of Ellis Electronics has assembled the first television set in Northville. He feels television has an exciting future.

TWENTY-FIVE YEARS AGO
April 8, 1938

—Northville's need is 10,130 feet of sidewalk, according to a recent survey made by Earl Montgomery, for several years street commissioner for Northville. The investigation, suggested by President Arthur S. Nichols, is preparatory to considering an application for a government project which would leave Northville with only 25 percent of the cost.

—Members of the Northville village council approved a motion by George A. Hicks which provides for the connection of sewers of Northville with the Wayne county sewer line. The line will be constructed along the branch of the River Rouge, passing through the village.

—Rollin C. Preston was the first villager to be examined for a drivers' license this week when tests were given in Northville by Chief of Police Earl Montgomery.

—Northville councilmen voted Tuesday evening to appropriate \$100 for concerts to be played by the high school band this summer under the direction of Leslie G. Lee.

—A new type driving axle and transmission which powers all four wheels of a truck instead of just the rear wheels, designed by Karl D. Kysor of Northville, will be demonstrated here Saturday.

NOVI HIGHLIGHTS

REPORT from LANSING

By PAUL CHANDLER
State Representative, 21st District

Lansing — Not all the mail is pleasant which a legislator receives.

For instance, the following from a woman in our District —

"I thought the people who Paul Chandler represents in Lansing might be interested in how he voted on the very important bill to prohibit communist speakers on our universities and tax-supported colleges. He was in favor of these deadly, vicious traitors giving their poison to the impressionable youth. Respectfully, R. J. P.S. — Please do not print my name."

It was an interesting bill and it consumed something like three hours of oratorical debate before the vote was taken.

The vote tally in the house was 51 "Aye" and 52 "Nay" and I was counted among the negative. Assurance should be given at this point that there are not 52 members of the House "in favor of deadly, vicious traitors." In fact, the verbal drubbing given "Communism" during the debate was awesome to behold. Almost everybody took a crack at it.

The lady's letter, however, is fairly typical of how an emotional issue can get out of hand and how a representative simply has no way of voting right in the eyes of every constituent.

The bill in question would have denied the communists any of the privileges of a political party in Michigan. They couldn't be registered, wouldn't appear on the ballot, etc.

As such, it didn't mention prohibition of speakers on the Michigan campuses, though as a practical matter that would have been a partial side-consequence if the party were to be outlawed.

I voted No because of a belief that passage of the bill would have exactly the opposite result desired by its sponsors.

The most massive rebuke and repudiation the American public can deliver anything is by way of the polls. When the communist party does appear on the ballot and takes a lopsided drubbing, then it is revealed in its true perspective and in a way everyone can see. Its puny strength is a matter of open public record.

If the ballot is denied the communists, then the party exists in mystery, beneath the surface, unmeasured and inevitably an unknown quantity.

And if the political leaders of Michigan were to outlaw the party, it would provide the communists a chance to shout in Cuba, South America and across the world: "the political leaders in America are afraid to let the people vote on communism. The people are being denied a chance to get what they want, in a country that pretends to be democratic."

Since the battle with communism essentially is that of winning the minds of mankind, the proposed bill struck me as one which would actually give the communists a weapon they do not now possess.

Mrs. R. J. obviously does not share the viewpoint, and certainly is entitled to her own. There's one difference between us. When a legislator votes, he can't hide behind an unsigned name.

Lansing — Money was the subject of every bill before the House on Friday.

Two bills involved the subject of how much assessment to place on iron and other minerals in the ground. The proposals were to reduce the assessments, which would make competitive life easier for the mining companies of the Upper Peninsula. But it also would take huge chunks from the tax revenue of the counties and cities of the U.P. In some cases, where there were minerals in the ground but no company working them, the change would amount to virtual tax bankruptcy for the local community.

But the representatives from the iron country had made their minds up, and they argued passionately for passage

age of the bills. They said that the mining companies would expand if the tax relief was forthcoming — one case a \$10 million dollar processing plant would go up — but if it wasn't forthcoming, then the companies would pull out altogether and more unemployment would result in the stricken U.P.

The man from Gogebic County said he had been instructed by his board of supervisors to endorse the bills, even though they would impoverish their county. The welfare of neighboring counties was more important, they had decided.

I voted "Aye" on the two bills, as did most of the House, and they now have been passed to the Senate.

Then came a packet of bills containing basic appropriations for the next year — something like \$400,000,000 worth.

If all goes according to plan, revenues will exceed expenditures by perhaps \$7 million dollars, which would be applied to the State's deficit. The final appropriations will be about \$2 million higher than Governor Romney had budgeted. He has been firm about the legislature staying within his figures, and probably will be displeased with the new totals. He has a chance to veto any items he chooses, but it won't be easy.

Appropriation bills look dull and cold, but there's plenty of heat and many a story inside them. Fox bounties are an example. Something like \$250,000 is spent every year in bounty payments and the subject has become extremely controversial, with much pressure to have the system abolished.

The sum is contained in the new bills. Opponents got up and argued for an amendment where it wouldn't be included. The delegates from the Upper Peninsula stood up and fervently declared that without bounties the deer herd would be destroyed, rabid coyotes would run rampant, etc.

The financial experts said that the \$250,000 was being appropriated because, as of this date, the bounty law still was on the books and it would be imprudent not to have some money budgeted for the payments, in case the law continued. So it remains in the bill.

In committee, \$750,000 had been removed from the Governor's budget which he had sought to parcel out to colleges and universities for research work — part of the general "economic development" program. No other State has such an item.

On the floor, the item was restored in a special amendment, and it carried when the vote came.

The Republicans generally had agreed not to offer amendments for special projects because there simply would be no end, if everybody's pet project was dusted off and an attempt made to tack it to the budget.

Finally, the resistance was stilled. Approving votes were given the bills and the House recessed for the weekend. In a couple of hours it had "spent" more than \$400 million.

Novi Girl Scouts
All Novi Girl Scouts and Brownies should have received their day camp folders by now and should be making their plans to attend day camp either at council-owned Indianwood located near Lake Orion or at the Farmington-Novi district day camp headed by Director Mrs. John Hanna, formerly of the Novi Girl Scout association, now affiliated with the Farmington district.

Camp will be held in Warren's Woods, Haggerty road just south of 12 Mile road. Dates are July 22, 23, 24, 25, 29, 30, 31 and August 1, Monday through Thursday. Fee is \$3.75. Parents should read the day camp folder for additional health examinations, equipment etc. Contact your daughter's leader if she failed to receive the folder.

Campcraft training which consists of 20 hours plus overnight at Camp Narrin starts Wednesday April 10, 17, 24 from 9:30 a.m. to 2:30 p.m. at the First Baptist church, Farmington. Overnight will be May 8 and 9. The purpose of this training is to enable leaders to help girls plan and carry out overnight camping. However, this need not be a leader to take the training, it could be a committee person who wishes to help the leader in this way.

All people in the Novi area who have ten year or more pins coming, please contact neighborhood chairman, Mrs. Bowen so she may make necessary arrangements for you to obtain your pin.

Uniforms of all kinds — also leaders uniforms — are needed because of several troops flying up recently and because of new Brownie troops being formed. If you have an outgrown one or one that has

been stored away, please contact Mrs. Dan Mac Gillivray who serves as clearing house for the Novi area. Be sure you have the size listed, also the price you wish to receive for it with your name and address attached to the uniform phone FI 9-2718.

Also wanted are spare keys to the Girl Scout lockers which are located at the Novi school. Anyone having one please contact Mrs. L. Clarke (FI 9-2598) or they are going to have to be pried open. Also needed are Brownie leader handbooks to be used in troop organizations.

Intermediate troop 913 had an out-door meeting with games and made plans for service project for Easter baskets from cottage cheese cartons for children at Maybury Sanatorium. Delynn Tobias brought treats. Closing with taps with hand motions.

Brownie troop 391 also went outside for games and additional plans and rehearsed for their fly up. Judy Cockrum brought treats.

Intermediate troop 149 spent most of their meeting time on badge work. Some of the girls fulfilled some of their requirements in front of the rest of the troop by dramatized folk song. Closed with songs. Mrs. Beadle was at the meeting to collect cookie money.

Senior troop is continuing plans for their rummage sale and will discuss it more at their meeting April 6 at 3 p.m. at home of leader Mrs. Cook. Anyone having rummage items may call GR 4-5757 for pick up or take to Mrs. Cook's home at 24042 Willowbrook drive.

Intermediate troop 550 is making plans for a troop birthday party. They went outside for games. They are looking forward to all troop skating party in May after which they

plan to have a cookout. This troop also had a very successful direct cookie sale on Saturday. Some cookies are still available.

Intermediate troop 1027 met at the home of leader, Mrs. Lyke on 12 Mile. Mrs. J. Ratcliffe visited the troop and demonstrated proper fire building techniques with the help of committee members Marja and cooked Panama boats in the fire. Mrs. Joanne Ward assisted with transportation.

Brownie troop 891 opened the meeting by learning several new songs; Deaf Woman's Courtship, All Night, All Day and two new singing games. Here We go Round the their business meeting, they Mountain and Queen Mary. In elected officers, read a letter from Northville State hospital about the need for tray favors for holidays for the wards; wrote thank you notes to special guests of the past month. They also discussed Brownie do's and don'ts and worked in patrols. They received information regarding registering for another year and discussed day camp equipment. For their activity of the day, they made 35 tray favors using cardboard rolls stuffed with Easter grass and jelly beans, covered with yellow cellophane and tied with lavender ribbon. They completed the meeting with Brownie Taps.

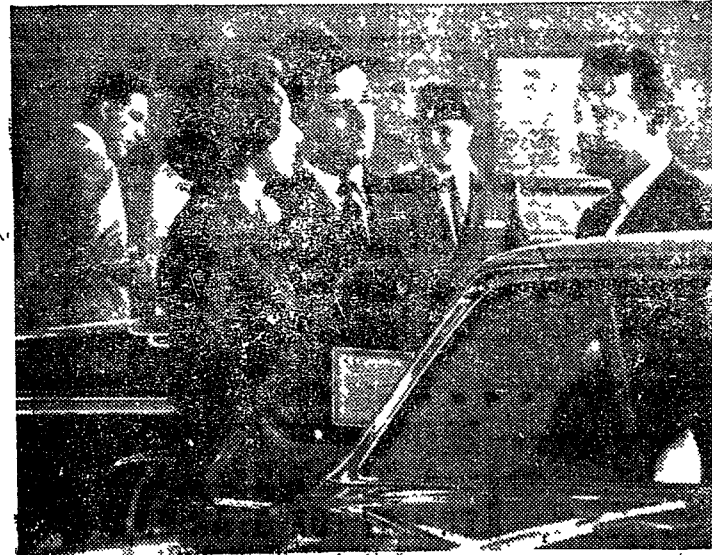

All girls at least 10 years old or entering fifth grade in September are reminded that if they are planning to attend established camp at camp Narrin their applications should be sent in to Girl Scout headquarters in Berkley with \$5 deposit fee, starting April 1. They will be notified of their acceptance or placed on a waiting list. Applications will be processed according to postmarks.

Policy of Northville Swim Club

This statement of Northville Swim Club policy is made this week by Ray Jackson, club president, as a result of often-asked questions about club rules. It is printed in the hope that it can clear up confusing points.

1. The pool will be completely supervised by Red Cross trained life guards from 10 a.m. to 10 p.m. seven days a week. There will be ten to 12 life guards. Free Red Cross instruction will be given members.
2. The pool will be heated. It will have a separate diving ell and facilities for small children.
3. Memberships may be sold, with the Swim Club retaining first option to buy. This, Jackson says, is like buying stock in a corporation. "You own an investment." It is not necessary to be a home owner to join.
4. A 21-year-old student, in college and living at home automatically is a member when his parents belong. A 21-year-old who works and lives at home may buy an associate membership for \$10 if his parents belong.
5. Four guest passes per membership will be issued at one dollar a guest (a guest consists of a family) each season. Guest privileges may be increased after the first year upon vote of the membership. Houseguests will be admitted without guest passes if the club is given ten days' notice.
6. If there is a demand, there will be a plastic dome for fall swimming.
7. Tentative plans are being made for intramural swimming.
8. Except for food sold at the pool, there will be no extra charges beyond those for guests mentioned above.

SPEAKING for The Record

by Bill Sliger

Philip Anderson, Novi village councilman and well known apple grower, stopped by last week with one of the oldest and best-preserved copies of a Northville Record that I've ever seen.

It's exactly 92 years old. The four-page, six-column newspaper is dated April 1, 1871.

Unlike the original publication of The Record that we have framed and hanging in our offices, it's published under the name of "The Northville Record".

The July 15, 1869 first edition was called "The Wayne County Record".

The "editor and proprietor" was Samuel H. Little. And under the newspaper's masthead are the words: "Our Aim — The People's Welfare".

Every word of the fine-type publication is clearly readable, which is amazing when one considers that Anderson found the newspaper "lying in the bottom of a bureau drawer."

The entire front page is devoted to poetry and a short story entitled "One Night".

Inside are many familiar names — an attorney, E. S. Woodman of Novi advertises his services and offers as reference William P. Yerkes of Northville; Hutton & Bradford advertise wagon and carriage manufacturing and repair; A. S. Lapham & Co. Bankers; Lapham & Swift Dry Goods; Jackson & Horton, dealers in drugs, medicines, window glass, putty, wallpaper and wines and liquors; V. O. Whipple Harness & Saddle Repository; and F. R. Beal & Co., general hardware.

The Northville Union School announces its sixth annual term schedule "for those interested in educational matters."

The school offers a 13-week term in higher branches for \$6.50; common English, \$5.50 per term; Second academic, \$4.00; and primary, \$2.00. Bookkeeping and penmanship is included without extra charge.

The principal of the school was Professor A. G. Jepson, Mrs. N. E. Jepson was preceptress, Elizabeth Blackwood, intermediate, Mrs. Eliza B. Dunham, primary, and Kittie Covert, music.

In a story concerning Union School activities, Miss Nellie Cady recited "The Beautiful Snow"; and Miss Emma Dubur presented an essay entitled "The Art of Puffing," in which she anticipated the time when "the first puff of locomotive would be heard in Northville, and when we should all cry for a little more puffing of the same sort."

Market prices in Northville on April 1, 1871 were: butter per lb., 20c; eggs, per dozen, 10c; apples, dried per lb., six cents; and potatoes per bushel, \$1.

The Record was a semi-monthly publication, "\$1.50 per year in advance."

As one official of Novi commented after Monday's election results, "it was a day of accomplishment for Novi."

We agree and extend our congratulations to the voters who decided to: 1—support a community library; 2—continue 2½ mills of expired operating millage for the schools; and 3—construct a new junior high school.

School Bus Bill Stirs Controversy

One of the most potentially controversial pieces of legislation proposed in the current session received only limited debate.

Some 27 Senators signed as co-sponsors of a measure to require school districts which provide bus transportation to public school students to offer the same service to students in non-public institutions.

Fast becoming known as the "parochial school bus bill," the measure faced little opposition in the Senate since it is rare when a member signs as co-sponsor unless he plans to support a bill.

One Senator described the probable action on the bill as a parallel to the controversial Saturday-Sunday closing law enacted last year with almost no floor debate. This measure now is being sharply challenged in the courts.

Discussion about the school bill is expected to be limited in the House with the main opposition built upon the financial aspect.

Gov. George Romney kept relatively silent on the measure although he indicated when it was introduced he considered it "a reasonable idea" to provide equal services for all school children if the service did not cost the state too much.

During his campaign last year, however, Romney reportedly gained considerable support from selected church units by saying he would endorse such a proposal.

Surprisingly some of the strongest opposition, at least from outside the legislative halls, comes from church groups which would stand to gain considerably if the bill was enacted into law.

The Seventh Day Adventist Church emphatically opposed the measure as a violation of the guarantees in the Federal Constitution of the separation of Church and State.

The Michigan Council of Churches' board of directors took a similar stand on the proposal.

"We are committed to the principle that the choice of schools for children should be determined by their parents," the Council board said. "We feel also that non-public schools and the parents involv-

ed must underwrite the cost of such institutions."

The State Police is doubling its canine corps which is used in unusual circumstances. Five new trooper-dog teams will be added.

Initiated in 1961, five teams are now assigned to department posts at East Lansing, Ionia, Jackson, Houghton Lake and Marquette.

Commissioner Joseph A. Childs said the decision to expand the dog unit program was made because of the extremely high rate of success in using the officer-dog teams for searches.

To date, all the dogs have been donated. The recent call for dogs to use in the expanded program brought 150 offers, Childs said. Five were selected for the 14-week training program and another 30 will be kept in reserve to serve as replacements if needed during the training period.

Plans call for the new teams to be assigned to the northern, western, eastern, east central, and southern areas of lower Michigan.

Did you ever wonder how much the roads on which you drive cost? The State Highway Department has the answer, but it is much more complicated and difficult than the question might imply.

The most expensive roads in Michigan cost about 150 times as much as the least expensive. The most expensive, of course, are the freeways through cities. In downtown Detroit, for example, a freeway will cost up to \$15 million per mile.

On the other end of the scale is the two lane route out in the country, which costs about \$100,000 a mile.

In terms of cost, however, the per-mile figure does not always compare on two different routes. Highway Department spokesmen note that in terms of moving people, the most expensive roads are frequently the cheapest.

The \$15 million freeway mile in Detroit carries about 125,000 vehicles daily, meaning the section cost \$122-a-mile per car. Applying the same formula to the \$100,000 two-lane stretch in a rural area, which may only carry 200 cars a day provides a per-car cost of about \$500.

Department officials are quick to point out that these figures in themselves are rather meaningless, but the 4-1 ratio is an important figure. Current department estimates are that every dollar spent on a heavily traveled freeway gives about four times as much service as a dollar spent on a lightly used rural route.

Gradual Inflation To Continue

Babson Park, Mass. — Let me repeat: Inflation is a very tricky word. Most natural resources which I have mentioned in this column the past few weeks are helped by inflation. However, most railroads, public utilities, and corporations whose income is largely fixed by government and state commissions are handicapped by inflation. Therefore, wise investors should balance their portfolios so they will not be hurt — whether inflation comes or not.

Personally, with the constantly growing government debt, I think the U.S. is headed for inflation; but it will come about gradually. If, however, speculators temporarily run up stock prices too soon in advance, beware of a market collapse to follow. Also, readers should remember cost of taxes when buying timber or other real estate.

The primary asset of the paper industry is the millions of acres of land and growing timber they own. Most of the timber properties lie in remote regions of the U.S. and Canada. Timber growth is not circumscribed by union regulations with regard to productivity and length of work week.

The trees do not require holidays, vacations, coffee breaks, and the myriad of other fringe benefits.

Labor costs are a relatively small proportion of total costs. Book values of these companies are generally understated in relation to realistic timber values.

St. Regis Paper Company owns or controls over 5 million acres of timberland in the U.S. and Canada. It is a highly integrated producer of many products, including kraft and wrapping papers, containers, printing paper, pulp, lumber, and even packaging machinery.

Kimberly-Clark Corporation is the largest producer of cellulose wadding, and a leading manufacturer of book and printing paper, napkins and towels, and cigarette and other specialty paper. Its affiliated companies produce newsprint. Kimberly is a highly integrated organization and controls some 11 million acres of timberland in the U.S. and Canada.

The largest American manufacturer of newsprint is Great Northern Paper Company. Company's mills and some 2¼ million acres of timberland are concentrated in the state of Maine. While worldwide excess capacity in newsprint production has created problems, company has expanded modernized facilities and is placing increasing emphasis on specialty papers.

Scott Paper is heavily concentrated in the consumer-goods field, as an important producer of tissue, napkins, towels, wax paper, etc. Aggressive advertising and promotion have been made Scott a leading brand name.

Company owns valuable timberland (it is self-sufficient in pulp requirement); and has a wonderful retail distributing organization.

Despite intense competition in the plywood field, the growth of U.S. Plywood Corporation has been remarkable. Because of its wide distributing facilities throughout the U.S. and Canada, company is considered to be more of a seller than a manufacturer. In addition to distributing plywood, it sells doors and other timber products to the building trades. It maintains extensive timber

stands on the West Coast, in New England, various South Atlantic states, and Canada.

The largest expense in house building today is labor. Plywood manufacturers are doing much to reduce labor costs. Another development to accomplish the same end is the building of "shell" homes, which my friend Jim Walters of Tampa originated.

May I end with a message sent me by a famous Turkish Missionary. (Turkey could be a great battleground between Russia and the West. It holds the key to the Mediterranean Sea and the Near East oil lands.) woman cables me: The world is full of both opportunities and problems for everyone to think about for years to come. I suppose I am an incurable optimist; because I believe so firmly that

"This is my Father's world. O let me ne'er forget that though the wrong seems oft so strong, God is the Ruler yet!"

Though nations are uprising and battles rage fiercely all over the world, let us put our faith in our Captain, who is bound to win in the end. This especially applies to Cuba.
