

John N. Northup Company's Shad Brook Sales Manager Ken Gipp and Building Superintendent Wayne McBride check site plans in Northville township's first subdivision featuring sanitary sewers, paved roads and underground utility and telephone lines. It's just south of West Seven Mile road.

New Home of E-Jay Lumber Mart

This 40 by 80 foot building now being erected between East Cady and the parking alley will house E-Jay Lumber Mart on the upper level and three other businesses at the Cady level below. D & C Stores, Inc. will move into E-Jay's present 139 East Main street store.

Northville Downs' \$175,000 Paddock

Now near completion this new paddock at the northeast end of the track provides six tack rooms, a veterinarian and judge's office, driver viewing stand, 64 paddock stalls on the second level and 52 stalls at the ground level.

No Date Indicated For Post Office

The post office department released official word this week that Northville has been tapped for a new post office, but all sources neatly sidestep "when".

Notice that the southwest corner of South Wing and Cady streets had been approved as the new post office site was revealed last week by Congresswoman Martha S. Griffiths.

Postmaster General J. Edward Day released a more detailed report Monday confirming the site selection and outlining construction procedure, but no reference was made to building schedules.

"The new building is designed to carry out the Post Office department's objective of providing newly constructed postal units where they are most urgently needed in the interest of more efficient postal service and improved working conditions for postal employees", Day stated.

The post office department holds an assignable option on the site. Preliminary plans call for 4,800 square feet of floor space with an area of 14,500 square feet for parking and movement of postal vehicles.

In the only reference as to when Northville might expect construction to begin Day stated that "plans and specifications for the new building, as well as bidding forms and other pertinent data, will be made available to prospective bidders at an early date, at which time the post office department will advertise for bids. The site option will be transferred to the successful bidder, who will purchase the land, construct the building and lease it to the post office department on a long term basis."

The Postmaster General noted that the building will be constructed under the depart-

ment's lease-construction program which limits the department's capital investment to postal equipment. "The building will remain under private ownership while leased to the federal government and the owner will pay local real estate taxes," Day noted.

The Postmaster General also cited the economic significance of the new structure. "Not only will the project provide jobs during the construction period, but the new facilities will increase the community's attractiveness for industry and commerce. This, in turn, can be translated into new economic opportunities for Northville," Day concluded.

With many wells near-dry the 150-home area including Plymouth Gardens, Ambrose Estates and the Marilyn to Park Lane area on Five Mile residents have petitioned to the township board for help.

The board has received informal assurances from the city of Plymouth that water can be supplied from a line along Northville road near Five Mile.

There is also a possibility that Detroit water — now supplied to Livonia and Plymouth township along Five Mile — is available. But Detroit has not yet answered a township request written at the instruction of the Detroit water board following a discussion of the problem with township officials and citizens representing the area.

Meanwhile, Supervisor R. D. Merriam noted that work is progressing on special assessment plans — but the work is detailed and complicated, especially for a governmental unit undertaking its first special assessment project.

Crash Kills Novi Man

A 68-year-old Novi township man was killed early Monday near Northville State hospital when his car was forced off the pavement and into a tree.

John W. Quin of 305 Duana, was pronounced dead on arrival at St. Mary hospital, Livonia.

Wayne county police said his car was traveling east on Seven Mile road in front of a gravel truck preparing to make a left turn.

Police said the deceased's car was struck by a car passing the gravel truck on the right and driven by Miss Michele Schmalzried, 19, of Plymouth.

Miss Schmalzried was questioned by the prosecutor's office and released pending further investigation.

Assessing Details Delay Township Water Project

Northville township's "waterless" subdivisions in the southeastern area near Phoenix Lake and along Five Mile road have little hope of immediate relief despite an all-out effort by township officials.

The delay is "red tape" rather than water.

With many wells near-dry the 150-home area including Plymouth Gardens, Ambrose Estates and the Marilyn to Park Lane area on Five Mile residents have petitioned to the township board for help.

The board has received informal assurances from the city of Plymouth that water can be supplied from a line along Northville road near Five Mile.

There is also a possibility that Detroit water — now supplied to Livonia and Plymouth township along Five Mile — is available. But Detroit has not yet answered a township request written at the instruction of the Detroit water board following a discussion of the problem with township officials and citizens representing the area.

Meanwhile, Supervisor R. D. Merriam noted that work is progressing on special assessment plans — but the work is detailed and complicated, especially for a governmental unit undertaking its first special assessment project.

Detailed descriptions of each parcel to be assessed must be obtained and legal petitions

prepared. Township Attorney James Littell is handling this assignment.

According to Merriam, Littell reports that 65 per cent of the property owners of record must sign the petition for the assessment to be approved. If this is achieved, the board must then call a public hearing, determine costs of the project, hire bonding attorneys, determine the length of the assessment, sell the bonds — then start the actual construction.

Building Activity Setting Record Pace

For pure building activity — projects either completed or started — you'd have to look deep into Northville history to find a bigger year than 1963.

Without revealing projects now in the planning stages but unannounced here's a brief run-down of what is taking place building-wise:

—a 21,000 square-foot addition now near completion at Haller, Incorporated in Northville township;

—a \$175,000 paddock nearly complete at Northville Downs;

—the new E-Jay Lumber Mart commercial building on East Cady street now underway;

—a \$185,000 addition to Foundry Flask and Equipment planned by company and Northville Economic Development Corporation;

—new community recreation building now near completion on West Cady street;

—new city hall-library scheduled for construction this spring;

—proposed new post office (see story elsewhere on this page);

—remodeling and expansion of present E-Jay Lumber Mart on Main street for occupancy by D & C Stores, Inc.;

—\$120,000 Christian educa-

tion unit addition to First Presbyterian church;

—the new Shad Brook subdivision in Northville township, a development of 30,000 homes planned by the John N. Northup company now underway with 30 homes planned this year and 66 in entire project;

—the new Edenderry subdivision, a development of homes adjoining Shad Brook and planned by Walter Cousse with 15 homesites approved for construction this year; both these developments will introduce the first township subdivisions providing paved roads and

sanitary sewers;

—continuation of the D & R Building company's Yerkes Estates subdivision in the northeastern section of the city;

—a proposed \$100,000 swimming pool club.

These projects alone, not to mention normal residential and commercial building activity, would boost building improvement in the community far beyond the \$3 million mark.

In actual building permits during the first quarter of 1963 there's little indication of the boom prospects.

The city of Northville has

issued (through March) permits totaling \$140,200. Six new homes in Village Green (D & R Building Company) account for \$88,000 of this total, while a Northville Estates permit was issued at \$18,000. City Building Inspector Stanley Waterloo reports three permits for house alterations estimated at \$3,700 and the E-Jay building permit at \$30,000.

In the township Clerk Marguerite Young reports six permits at \$14,550 — all either additions or remodeling.

In Novi permits during the first three months of 1963 to-

tal \$117,578 with six new home permits accounting for \$78,300 of this total.

Wixom tops all building in the area for permits issued through March, thanks to Ford Motor Company. The Lincoln-Thunderbird assembly plant has been issued three permits totaling \$216,750. Altogether Wixom has issued \$220,750 in permits.

The largest Wixom Ford plant project, not included in the first quarter permits, is scheduled to begin late this month — an 80,000 square foot addition to the northern end of the huge assembly plant.

The Northville Record

IF IT'S NEWS... AND IT HAPPENS IN NORTHVILLE... YOU CAN READ IT IN THE RECORD

Northville, Michigan, Thursday, April 18, 1963

10c Per Copy, \$4.00 Per Year In Advance

New Bids Sought For Demolition Of Old City Hall

Northville's city council declined to open a lone sealed bid for demolition of the old city hall Monday night. Instead the city will re-advertise for bidders and hope that on April 29 there will be a larger selection.

Meanwhile, the council instructed City Manager Bruce Potthoff to investigate the possibility of burning down the old building.

Mayor A. M. Allen expressed doubt that such a large frame structure could be safely destroyed by fire. But Councilman John Canterbury noted that the procedure had been suggested to the council as possible and more economical.

We'll check the possibility with fire experts, but I'd hate to be nearby when they touch a match to this building," added the mayor.

The city manager reported Monday night that the Geraghty property at 122 North Wing has been officially vacated and is now the property of the city.

He said that some moving from the present city hall to the interim facility would begin this week, he also reported that garage space was available in the Atchinson building at the corner of Main and Wing streets for city fire engines.

The manager also noted that final city hall-library plans had been prepared by the architect for council inspection this week.

Time schedule for construction depends largely upon demolition bids. The city has some 120 days after receiving the official government offer of the \$137,000 grant before construction must begin. The government offer was expected this week.

But plans are moving ahead rapidly enough to indicate that the city would advertise for building bids immediately after awarding the demolition bid April 29.

In other business Monday night, the council approved May 18 for the city-township dog clinic date. This year's clinic will be held at Dr. T. N. Heslip's office on West Seven Mile road.

No Mayor Exchange

The Northville City council decided Monday night to bow out of this year's Michigan Week celebration.

Scheduled to exchange mayors on Monday, May 20 with East Jordan, the council declined after it was pointed out that construction of the new city hall would start about that time.

Lack of citizen response in heading up the week-long observation also contributed to the council decision.

A race against time developed this week for advocates of Northville's entrance into the Northwest Wayne County Community College district.

The obstacle which, has blocked a possible local vote on the issue was scheduled to be removed by passage of special legislation in the state Senate today.

But whether local citizens favoring participation in the college program can act fast enough to place the question on the June 10 school election ballot remains to be seen.

Indications were that a community college vote will be held in Northville if a study committee's recommendations are followed.

The 10-member committee, headed by Mrs. Eugene Cook, is scheduled to make its report to the Northville board of education Monday night.

It is known that the committee favors a vote of the electors on the matter, and that a majority of the study committee members favor joining the community college plan.

Annexation of the Northville school district to the Northwest Wayne County Community College district could not be considered under old laws.

Statutes covering annexation elections did not provide for the annexed area to be taxed to support the college. Under the community college plan, the board of trustees of the district has the authority to levy one mill.

Legislation introduced by State Representative Paul Chandler which obligates the district petitioning to be annexed to pay the one mill passed the House two weeks ago. Chandler said this week that

it is expected to pass the Senate Thursday (today).

In addition to Northville the South Redford school district has filed petitions to join the community college district now composed of Plymouth, Livonia, Garden City and Clarenceville.

College President Eric Bradner (the college has now been officially named Schoolcraft college) stated this week, however, that new petitions must be filed to comply with the new law.

These petitions must be signed by not less than 50 qualified electors of the petitioning district. Upon receipt of the new petitions the community college district's board of trustees must then act on the request.

Bradner expressed confidence that the board of trustees would welcome both South Redford and Northville. "It's a natural and valid situation and I don't see any reason why the petitions would not be accepted," he stated.

But Bradner noted that the petitions must then go to the state superintendent of public instruction. Bradner said he would deliver the petitions personally to avoid delay.

New petitions must then be submitted by the community college to the local district. These second sets of petitions must be signed by not less than two per cent of the qualified electors of the petitioning district.

The final petitions are then directed to the local school board and a request made

that the issue be placed on the June 10 ballot.

All this must be accomplished by May 20.

Schoolcraft college is scheduled to be constructed on the south side of Seven Mile road in Livonia at the corner of Haggerty, across the road from Northville township.

Plans call for opening of the facility in the fall of 1964 with four buildings. A first year enrollment of 1,000 students is expected with ultimate plans calling for a \$4 million campus equipped to handle 3,200 students.

Another community college is planned in Oakland county. Under new legislation, split districts such as Northville may choose to join either college.

Two Seats On School Board Ballot

Whether the community college question (see adjoining story) is on the ballot or not, Northville school district voters will elect two members to the board of education June 10.

The terms of W. C. Becker, board secretary and Edward F. Angove expire. Neither has indicated as yet whether or not he will seek re-election. All board members are elected to four-year terms.

Nominating petitions are now available and may be obtained at the board of education offices. Petitions must bear the signatures of 50 registered school electors. They must be filed with the secretary of the board of education by 4 p.m. Saturday, May 11.

retaining their existing service in preference to any of the new proposals.

Polling will be conducted by Michigan Bell among all residence and business customers served with GARfield (42), GLENview (45), GREENleaf (47) and FELDbrook (34) telephones.

"These new proposals are part of our continuing effort to tailor our service so that it comes as close as possible to meeting the ever-changing calling needs of our customers," said Hazen J. Wilson, local manager for Michigan Bell.

"The results of the poll will indicate whether a significant number of customers desire the broader calling privileges that would be possible under these new proposals. We hope every residence and business customer will participate in the poll," Wilson added.

Intended to replace the present flat rate service, Super Extended Area Service (SEAS) would create a huge toll-free calling area into the Detroit Zone. Super SEAS would be offered to customers with all grades of residence service.

Another proposal would combine Super SEAS with the present Metro-Calling Service which provides customers with toll-free calling throughout the metropolitan area from 6 p.m. to 9 a.m., Monday through (Continued on Page 8)

Recreation Contributions Top \$13,000

Contributions totaling \$13,527.25 were reported this week by A. R. Clarke, treasurer for the Northville Scout-Recreation building fund campaign.

The drive, headed by Councilman John S. Canterbury, had a goal of \$12,000, plus some additional funds for site improvements, furnishings and campaign expenses.

Clarke reported that all but \$797.50 of the pledges has been paid. This sum is included in the grand total reported by Clarke.

The city council Monday night accepted a plan for landscaping the new building, now near completion, which would employ heavy use of concrete around the building along with planter boxes.

The plan, submitted by Councilman Richard Ambler who is council representative on the recreation committee, was estimated to cost approximately \$1,000.

Council gave its okay subject to approval of the architect.

Contributors submitted by Clarke this week and previously unreported were:

John N. Northup Co., Mr. and Mrs. James Tellam, James LaRue, Daniel R. Brown, Mr. and Mrs. J. D. Howarth, Frank Arlen, Dr. Robert R. Yoder, Exchange Club, Mr. and Mrs. W. W. McKeel, Robert Bogart, Mr. Stanley Waterloo.

Dr. H. Loone Dyer, Northville Coordinating Council, Junior High Student Council, Midwest Bank Note — Glenn Cummings, Dr. Arthur R. Basel, D. J. Stark, R. W. Kay, Miram Pacific, Neal C. Taylor, Alex H. Johnson.

Little People Shoppe, Great Atlantic and Pacific Tea Co., Mr. and Mrs. Elwyn R. Kaake, Glenn E. Deibert and family, Dr. and Mrs. Harold Wright, Mr. and Mrs. John H. Begle, Mr. R. J. Schultz.

Michigan Bell Asks Opinion Poll

Telephone customers in this area will be asked to vote for their choice of a series of alternative plans that would greatly expand their present calling privileges.

The Michigan Bell Telephone Company announced it will conduct the poll to determine which, if any, of the plans are most favored by its customers.

Ballots, accompanied by detailed descriptions of the plans, will be placed in the mails during the month of May to more than 50,000 residence and business customers whose telephone service may be affected by the outcome of the vote.

Among the plans is a proposal for a new type of service that would give telephone users unlimited, toll-free calling privileges into wide sections of Detroit, including the downtown and the Midtown-New Center areas.

The plan, Super Extended Area Service, would be the first of its kind in a metropolitan area anywhere in the country and is designed to meet the changing calling habits of persons who have moved to the suburbs from a core city.

Three other proposals — each providing various liberalizations of the present Metro-Calling Service — will be included in the poll.

Customers also will be asked whether they would favor

Public Invited to See Final Travel Series

"The Mighty Amazon," the final in the current Northville Rotary club world travel series, will be open to all area residents.

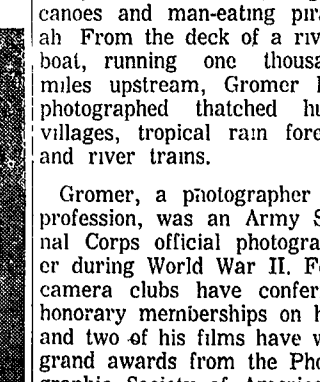

Tickets for the 8 p.m. performance Tuesday in the Northville high school auditorium may be purchased at the door for \$1.

Produced and presented by Photographer Julian Gromer, "The Mighty Amazon" is an adventurelogue of the largest river in the world.

Included in the river's story will be a visit to the gay South American town of Bellem, cowboys on Marajo Island, water buffaloes, dugout canoes and man-eating piranhas. From the deck of a riverboat, running one thousand miles upstream, Gromer has photographed thatched huts, villages, tropical rain forests and river trains.

Gromer, a photographer by profession, was an Army Signal Corps official photographer during World War II. Four camera clubs have conferred honorary memberships on him and two of his films have won grand awards from the Photographic Society of America.

Gromer's most recent honor was the Ralph F. Windoes trophies for being the most popular film-lecturer on the 23-town circuit of the world travel series for two consecutive years.

Julian Gromer

News Around Northville

Ten-year-old Scott Lenheiser took a flight to adventure last Thursday night.

The youngster, son of Mr. and Mrs. D. H. Lenheiser of 45095 Mayo court, boarded a jet plane bound for Boston, Massachusetts.

There, Scott was to be met by his cousin, Jeff Lang, who's also 10, and his parents.

The group were then scheduled to return to the Lang home in history-filled Concord, Massachusetts, where Scott will be spending 10 days.

111 N. CENTER NORTHVILLE FI-9-1838

Traveling to Ionia for Sunday dinner were the E. V. Ellisons of Dunlap street. There, they visited with Mr. Ellison's parents, Mr. and Mrs. Carl Gasper.

The R. M. Atchisons of South Rogers spent four days last week touring Columbia, Missouri, and its Christian college where their daughter, Rhonda, will be going this fall. Also along for the sightseeing tour was another daughter, Roxanne.

The J. W. Cheethams of 744 Thayer will be leaving Northville tonight to spend a few days visiting in Washington, D.C.

Last week Wednesday, several Northville Town Hall members were guests of Detroit's Wheaton Gallery at a special preview for area Town Hall members.

Entertaining their grandson during his spring holiday last week were the L. M. Eatons of 365 Eaton drive. The Eatons drove their grandson, David Sackett, back to his freshman classes at Central Michigan university Tuesday.

Mrs. R. E. Atchison, a former Northville resident and mother of Dr. R. M. Atchison, has been spending this week visiting the Richard Amblers of Carrington street.

Mr. and Mrs. Jack Maas of 128 Walnut entertained her sister and family this Easter, the John Henshalls of Detroit. Highlighting the day was a chocolate rabbit and Easter egg hunt for the four Henshall children and a birthday cake with two candles for young Mary Henshall.

Spending Easter in Kalamazoo were the Clarence Jeromes of 419 Dubuque. There, they visited their daughter, Mrs. Richard Hooker, her husband, Reverend Hooker, and the four Hooker youngsters.

Easter guests at the J. M. Keyes residence, 142 Randolph, were Mrs. Keyes' parents and her sister's family: Mr. and Mrs. Harry Gartrell, Mr. and Mrs. Duane Root and Mr. and Mrs. David Fisher, all of Howell.

Two former Northville residents, Mr. and Mrs. Paul Bayliss, now of Fennville, came back here for the weekend. The couple were entertained by their daughters and families, Mr. and Mrs. Richard Davis of 112 Walnut and Mr. and Mrs. Bruce Wagenschutz of 213 Church.

Mrs. Fred Casterline of Northville and Mrs. Jean Steele of Farmington visited their sons at Howe Military Academy in Indiana Easter Sunday. Cadet Ben Boyd, formerly of Northville, joined them for dinner.

Mrs. Tocco will play "Symphonic Variations" by Franck and the choir will sing "Carmena Burana" by Orff. Also on the program is the Tannhauser Overture by Wagner. Choir soloists will be Russell Smith, baritone, Eric Freudingham, tenor, Carolyn Grimes and June Benton, sopranos.

Tocco is the youngest of 12 children of Vincent Tocco and the late Rose Tocco. He began studying piano at the age of six in 1950, and from 1954-1962 his teacher has been Boris Maximovich.

A student at Wayne State University since 1961, Tocco is majoring in music. He was named to the Dean's list for achieving an academic average of 3.5 for his first year of study.

Tocco's many credits include a special award given by the South Oakland County Symphony Society in 1958; and an award for winning the high school division of a piano contest sponsored in 1959 by the Grand Rapids Symphony Women's society. He was runner-up in the 1960 and 1961 Grinnell Piano Award Auditions; winner of the Detroit Scandinauian Symphony Contest in 1962; recipient of Pro Mozart Society of Detroit Scholarship for summer study at Mozarteum in Salzburg, Austria in 1962, and recipient of a special summer scholarship from the Madrigal Club of Greater Detroit in 1962.

The concert begins at 4 p.m. in the Plymouth High school auditorium. It is free of charge and baby sitting services for children age two and over will be provided by a Plymouth Girl Scout troop.

The 100-piece Plymouth Orchestra is conducted by Wayne Dunlap.

Bullington - Tesar Vows Spoken in Kalamazoo

Mr. and Mrs. Frank Benson Tesar

Judith Anne Bullington, daughter of Mr. and Mrs. James Bullington of Plymouth became the bride of Frank Benson Tesar, son of Mrs. Jarmella Tesar, of Kalamazoo in an afternoon double ring ceremony, April 13 at the First Presbyterian church of Kalamazoo.

The bride wore a floor-length white satin gown with a matching pill box holding her illusion veil and carried white gardenias and ivy.

Miss Lois Pangman was maid of honor. Bridesmaids were Miss April Corey and Miss Alice Olendorf of Plymouth. They wore street-length gowns in spring colors and carried yellow roses.

Serving as best man was Marvin Baldwin. Ushers were Tim Tesar, brother of the groom; Steven Bullington, the bride's brother; Russell Wood and Henry Buehling.

After a reception in the church parlor, the wedding guests enjoyed a buffet at the home of the groom's mother. Guests attending the wedding were from Northville, Plymouth and Kalamazoo.

The new Mrs. Tesar is a 1960 graduate of Plymouth high school and is presently attending Bronson School of Nursing, Kalamazoo.

Mrs. Tesar is attending Western Michigan university.

The newlyweds plan to make their home in Kalamazoo.

Symphony Finale Sunday To Feature Young Pianist

An eighteen-year-old Detroit boy, James Vincent Tocco, who has a long list of musical achievements to his credit, including the 1962 Grinnell Foundation award, will be piano soloist with the Plymouth Symphony Orchestra Sunday, in the orchestra's final concert of the 17th season.

Also featured will be the Kenneth Jewell Chorale, a young professional choir of 30 voices, which is having wide success in the Detroit area this season.

Mrs. Tocco will play "Symphonic Variations" by Franck and the choir will sing "Carmena Burana" by Orff. Also on the program is the Tannhauser Overture by Wagner. Choir soloists will be Russell Smith, baritone, Eric Freudingham, tenor, Carolyn Grimes and June Benton, sopranos.

Tocco is the youngest of 12 children of Vincent Tocco and the late Rose Tocco. He began studying piano at the age of six in 1950, and from 1954-1962 his teacher has been Boris Maximovich.

A student at Wayne State University since 1961, Tocco is majoring in music. He was named to the Dean's list for achieving an academic average of 3.5 for his first year of study.

Tocco's many credits include a special award given by the South Oakland County Symphony Society in 1958; and an award for winning the high school division of a piano contest sponsored in 1959 by the Grand Rapids Symphony Women's society. He was runner-up in the 1960 and 1961 Grinnell Piano Award Auditions; winner of the Detroit Scandinauian Symphony Contest in 1962; recipient of Pro Mozart Society of Detroit Scholarship for summer study at Mozarteum in Salzburg, Austria in 1962, and recipient of a special summer scholarship from the Madrigal Club of Greater Detroit in 1962.

The concert begins at 4 p.m. in the Plymouth High school auditorium. It is free of charge and baby sitting services for children age two and over will be provided by a Plymouth Girl Scout troop.

The 100-piece Plymouth Orchestra is conducted by Wayne Dunlap.

'Spring Fantasy' Sale

BOOSTING TICKET SALES — Some Mothers' club members were out knocking on doors last week, trying to sell a record number of tickets for Saturday's "Spring Fantasy" dance in Meadowbrook Country club. At right Mrs. R. E. Martin listens to the sales pitch of Mothers' club member Mrs. O. J. Robinson. Music makers for the dance, scheduled to run from 9:30 p.m. to 1 a.m., will be Phil Cole and his orchestra. General chairman for the fund-raising affair is Mrs. Irvin Marburger. Dance proceeds will be used in the club's school projects. Tickets, priced at \$3.50, may be purchased at the dance.

Club Notes

DAR
"Rumblings from Washington" will be the theme of the next meeting of the Sarah Ann Cochran chapter, Daughters of the American Revolution.

The tureen luncheon meeting will be Monday in the home of Mrs. Sherwin Hill, 38125 Eight Mile road, beginning at noon.

At the meeting, reports of the Continental Congress, held in Washington, will be given. Hostesses from Northville will be Mrs. Claude Cruse and Mrs. Fred Van Atta.

Mothers Club
Mothers Club members and their guests will hear a Plymouth dentist and his wife speak about Mexico Monday at 8 p.m. in the home of Mrs. Gordon Forrer, 46995 West Main.

Speakers for "Guest Night" are Dr. and Mrs. Gerald Fitch who recently visited Mexico. Hostesses for the evening

Births

Dr. and Mrs. Stanley O. DeVries of 908 Ely court are the proud parents of an eight-pound baby boy. The boy was born April 5 in University hospital, Ann Arbor.

Mr. and Mrs. Terrence Morgan of South Lyon announce the birth of a daughter, Terry Lou, Saturday in St. Mary hospital, Livonia. The baby weighed eight pounds, one ounce at birth.

Mrs. Morgan is the former Lou Ann Comer of Northville. Maternal grandmother is Mrs. Ruth Comer of Northville.

Reverend and Mrs. Charles F. King of Lapaz, Bolivia, are proud to announce the arrival of a son, David Charles, March 29. The baby boy weighed seven pounds, 14 ounces at birth.

Paternal grandparents are Mr. and Mrs. Charles F. King of Northville.

Reverend King is serving as pastor of the United Community church in Lapaz and teaching in the school there.

Joan Raubar
An August wedding is planned by Joan Raubar and Jeff Schoof, it was announced this week by the bride-elect's parents, Mr. and Mrs. John W. Raubar Jr. of 640 Fairbrook. Parents of the groom-elect are Mr. and Mrs. Raymond Schoof of 23701 Heartwood.

Plymouth Players Looking for Cats

The Plymouth Theatre guild is looking for a cat to use in its May production of "The Mousetrap."

Guild members will be sponsoring a cat contest in Kellough park, Plymouth, Saturday from 11 a.m. to noon.

Prizes will be given to the winners in any of five divisions: blackest cat, cat with the most spots, most beautiful cat, smartest cat, biggest or lightest cat.

Anyone can enter. Only rules in the contest are that the cat be on a leash and that the cat's owner have with him a completed application blank.

Application blanks may be picked up at the Record office.

NEWCOMER'S CORNER

I look upon every day to be lost, in which I do not make a new acquaintance.

— Samuel Johnson

SPACIOUS QUARTERS — Much to the delight of Mr. and Mrs. LaCourse and their son Daniel there's a lot of room to move about inside and outside their new home.

A salesman is typically a traveling man.

But there's an exception to the rule in the case of James LaCourse. He and his family recently moved to 23971 Woodham, in Echo Valley, to be closer to his work.

LaCourse, a salesman for an insurance agency in Plymouth, had to travel back

and forth to work each day when the LaCourses lived in Southfield.

"It was a long way," Mrs. LaCourse said.

"Now it's a relatively short drive," she added.

"We also like the country feeling very much," noted Mrs. LaCourse. "We've got a lot more room out here."

Both Mr. and Mrs. LaCourse claim Wyandotte as their home town. Mr. LaCourse, however, is a native of Cheboygan. He moved to Wyandotte as a young boy.

While Mr. LaCourse now has a short ride to work, his son, James Daniel, has a long way to travel every day to Wayne University. "He's a senior, majoring in mathematics and hopes to continue study for his master's next year," Mrs. LaCourse explained. Their daughter, Dorine, is away from home.

Mrs. LaCourse, most of all, appreciates her new home and especially the location. "I don't do much traveling, so I'll get a lot of enjoyment out of this house."

Since she likes to dabble in oil painting, Mrs. LaCourse won't have to go far to find landscapes. "There's pastoral scenery right outside our door," she said.

Kings Daughters Review Year of Community Aid

The Mizpah circle of the King's Daughters and Sons, under the direction of leader Mrs. Harold Bloom, is completing another year of service to the Northville area.

This group, with a present membership of 99, has as its primary objective the furnishing of emergency aid to persons in need.

The circle, during the past year, gathered material for and made 5000 cancer pads, according to the year-end report. It also staffed the Plymouth Cancer center one day each week during '62-63.

Other activities of the circle last year included sewing and furnishing of layettes, baby clothing, and toys to the children at "University" Hospital school in Ann Arbor; aiding local churches of all faiths in vacation Bible school programs; sending two local girls to summer camp and contributing to support of the Kings Daughters Home for the Aged in Detroit.

The circle had a visitation

Get and keep lawn beauty with long-lasting...

Agrico GRASS FOOD

Rewarding results will be yours when you feed your lawn with non-burning Agrico Grass Food. The plant food in the free-flowing, nutrient packed granules encourages deep root development and provides grass with an immediate pickup — color revives. The 60% organic nitrogen with Urea-Form In Agrico Grass Food supplies a steady, long-lasting feeding that will sustain this renewed grass vitality. For maintaining a thick, healthy lawn that will stay green longer, apply Agrico Grass Food now.

The answer to Crabgrass—before you see it!

Agrico Pre-Emergence Crabgrass Control

Now is the time for effective action against Crabgrass. An application of granular Agrico Pre-Emergence Crabgrass Control sets up a barrier in the soil that kills Crabgrass, Goosegrass, Foxtail and similar seedlings as they sprout. The dry granules of this preventive can be effectively applied right up to the two-leaf stage (when Crabgrass is about 1-inch high). So safe to use, it can be applied on flower and shrub beds. In fact, it's beneficial to mature lawn grasses. Spread yours today.

Card of Thanks

Girl Scout troop 574 would like to say thank you to everyone who made the troop bake sale such a huge success.

We wish to express our heartfelt thanks to relatives, neighbors and friends for all the help, kind words and deeds in the recent loss of our beloved husband, father, son and brother. Mrs. Dan Burnham and children; Mr. and Mrs. Robert Goodman and family; Mrs. Delphia Stuby and family; Mr. and Mrs. Ulin Jones and Jimmy; Mr. and Mrs. Marion Farrel and family; Mr. and Mrs. Norell Burnham and family; Mr. and Mrs. Thomas Burnham.

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us a precious memory. Our sincere thanks and gratitude for all those comforting acts.

William and Betty Piasecki and Family

Eddy Edition
A paperback edition will be published on May 8 of one of the world's most widely-circulated religious books — "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

This is the book that for nearly 70 years has been read along with the Bible at all Christian Science church services, in place of sermons by ministers. Christian Scientists turn to it regularly for explanation of the Bible and religious inspiration.

Although this will be the first paperback edition of Science and Health, the book has already reached sales of several millions since it first appeared in 1875.

She's Stewardess
Sharon L. Watson, daughter of Mrs. Margaret Johnson of 415 North Center, has begun a career with American Airlines. She was recently graduated from the McConnell Airline school, Minneapolis, Minnesota, where she received special training in preparation for an airline career. She is a 1961 graduate of Northville high school.

Miss Watson is employed in Detroit.

HOW HARD IS A ROCK? — Charles T. Weiss, son of Mr. and Mrs. George W. Weiss, 925 Grace, Northville, learns how to determine the relative hardness of a rock in a geology laboratory at Michigan State University. Holding the rock and nail used in the test is lab assistant Patricia Astala. Weiss, a freshman at MSU, has selected park management as his major field of study. He is a graduate of Northville high school.

Administrator
Department of Public Works

Mustang Nine Splits Pair Of W-O League Games

Shades of the past haunted the Northville Mustangs as they "dropped" their first league and road game Wednesday, 6-3, to Milford.

The local team bounced back Monday by slamming the ball and Brighton 10-1 here to even their conference record at 1-1.

The Mustangs couldn't find the handle at Milford.

It was a repeat of last year's debacle when the Mustangs threw the game away 4-3 with all of the Milford Indians' runs being unearned.

And the Mustangs were no threat at the plate. They could garner only three hits—a double and two singles, all by Jim Juday.

Coach Stan Golonka summed up the day's antics. "It was a very poor ball game. They got five unearned runs on six errors in the 4th inning. All the runs were scored with two men out."

But the Indians weren't much better. They tallied four hits and were victimized by walks and errors.

Northville scored twice in the second inning without benefit of a hit. It took a 2-0 lead on three walks and an error.

Milford countered with one run in the third. A single and a double between the outfielders brought one run in.

Eric Peterson walked to open the Mustangs' half of the fourth and advanced to second on an error. Juday banged a single to left to score Peterson.

Northville lost its 3-1 lead in the fourth as Milford scored five runs on a walk, single, double, three errors and a passed ball.

Peterson took over the pitching chores from starter Tom Swiss and struck out the last man to retire the side.

Coach Golonka praised Swiss. "He did a fine job on the mound, but no one could win with that poor support."

He added, "It seems that we just fall apart when we play Milford. They hung our only conference defeat on us last year."

The Mustangs played their best game of the young baseball season against Brighton.

Northville's 10 runs came on a combination of nine hits and six walks. There was also a hit batsman.

Brighton was still in contention until the Mustangs tucked the game safely away with four runs in the sixth inning.

Juday carried the big bat again, leading the hitters with three doubles and a walk in four trips to the plate. He also scored four times.

Sophomores Howie Jones and John Mach also contributed to the Mustang attack. Each had a double and a single. Jones scored three times and Mach had four runs batted in.

In hotting his second win of the season, Eric Peterson pitched the full seven innings, striking out seven and walking only one. He was in control all the way.

Brighton's lone run came in the final frame, when the visitors bunched three of their seven hits. But Peterson bearded down to quell the rally.

Northville got off to a two-run lead in the first inning.

Jones, Juday and Joe Hay walked to load the bases. Mach lined a single to left to score two runs.

With two out in the second inning, Jones singled, Juday doubled him home and scored on a bad throw to the plate.

The Mustangs added single markers in the fourth and fifth innings to assume a 6-0 lead.

Then the local team broke the game wide open in the sixth frame. The four runs were scored on four walks, a hit batsman and two doubles.

"I expected stronger opposition from Brighton, but the boys got some good wood on the ball," noted Coach Golonka. "Too bad we didn't get some of those hits against Milford. We could have used them."

The Mustangs now stand 2-1 for the season.

T-Birds Take Double Header

The T-Birds won a double header here Thursday in the league basketball tournament.

After taking a 78-70 decision in the first game, the T-Birds came back in the second with a 74-62 triumph over the Northville Teacher's team.

Members of the T-Birds are Joe Kutch, Bill Elwell, Tori Daniels, Frank Driscoll, Mike Meyers, Gary Stobbe and Dan Boland.

Finals in the tourney will be played this week.

Names Election Day

Northville high school's P-TA will elect officers for the 1963-64 year at a meeting next Thursday at 8 p.m. in the high school auditorium.

The slate of officers includes Reverend and Mrs. Lloyd Brasure, president; Mr. and Mrs. William Sliger, parents' vice presidents; Donald Brown, teachers' vice president; and Mr. and Mrs. Clarence Hink, secretary and treasurer.

Also on the program will be an art's in crafts exhibit in the school gymnasium. Contributors to the exhibit are the art department, the English, home economics and shop mechanical drawing classes.

Help Wanted

If you've ever had a secret desire to become a "midway barker," here's your golden opportunity.

Chairman B. W. Secord needs workers (parents) for the senior midway booths in the annual P-TA carnival May 24 at the community building.

Shifts are from one-half to one hour. Secord asks that volunteers call the school and leave their name.

NEWS FROM WIXOM

Mrs. Charles Ware, MA 4-1601 On Easter Sunday, Hilda Furman had dinner in Howell with her cousin.

Mrs. Mae Decker is in Pontiac Osteopathic hospital.

Norman Moore, U.S. Army, has been assigned to the 82nd Airborne Division at Fort Bragg, North Carolina. The 82nd, a major Strategic Army Corps (STRAC) unit, maintains an immediate readiness for airborne developments in any area of the world. Norman is a 1962 graduate of Walled Lake high school. His parents live at 1000 Wixom road.

To Exhibit Water Colors

Six prize-winning watercolor artists will open an exhibit with a reception Sunday from 2 to 6 p.m. in the Hartley Powers gallery, 116 East Main. The show will continue through May 4.

Exhibiting will be Marjorie Becker, art supervisor in the Livonia school system, and Gloria Parres Yoshikawa, both from Northville; Mabel Bacon and Jessie Hudson, art teachers at Plymouth high school; both from Plymouth; Ruby Churchill and Barbara Dorr, top winners of state prizes; both from Ann Arbor.

The Paul DePodestas entertained Mr. and Mrs. Aldo, Darin and their two daughters, Julie and Barbara from Detroit for Easter Sunday dinner.

Mr. and Mrs. Lloyd Croft and son Terry and granddaughter Debbie had dinner in Northville with Mrs. Croft's mother, Mrs. Bessie Goodale. For dinner on Easter Sunday, the Herbert Abrams entertained: Mrs. Abrams' sister and family, the Fred Henrys; her parents, Mr. and Mrs. Bruce Shear of New Hudson. Pamela Abrams has left for Northern Michigan college to complete her school year.

Mr. and Mrs. Joseph Stadnik and Jeff had dinner on Easter Sunday with Mr. and Mrs. Dallas Dagenais at Madison Heights. Mr. and Mrs. Fred Thayer were also guests of the Dagenais.

Mr. and Mrs. Alfred Gaedt's guests for Easter dinner were the Harry Brawn family and

the Gerald Burl family. Afternoon callers were Mrs. Ernest Gaedt, Mr. and Mrs. Bud Burkett, all from White Lake, and the Louis Bogart family from Webberville.

On April 9 Mr. and Mrs. Bernard Kitson travelled to Lansing to visit Mr. and Mrs. Warren Placer and they were overnight guests with Mr. and Mrs. Edgar Dunkel of Ovid.

Mr. and Mrs. Ray York had as Easter guests Mr. and Mrs. Ray York from Milford and Mr. and Mrs. Russell Craig of Ovid.

Wixom.

The Frank Pennells entertained their families: the Harry Buffmeyers from Keego Harbor and Ronald Dicks from Charns road.

On Easter Sunday, Mrs. Vernon Spencer visited her daughter and family in Midland.

The Walled Lake chapter of the Eastern Star will sponsor a family-style roast beef dinner, open to the public, Sunday from 12 noon to 8 p.m. in Walled Lake's Masonic temple.

We'd like your opinion of ...

A NEW Telephone Rate Plan for Fieldbrook Customers

To meet the needs of our Fieldbrook customers who want to call Detroit telephones more often, Michigan Bell is considering a new rate plan outlined below. We'd like to know what you think of it.

SUPER EXTENDED AREA SERVICE

The new plan, known as Super Extended Area Service, would provide non-optional a toll-free calling area into Downtown Detroit and the Midtown-New Center area as well as all of the northwest portion of the Detroit zone, and the entire Southfield zone (see map). Fieldbrook customers can already call the Farmington and Livonia zones and the Plymouth, South Lyon and Walled Lake exchanges without a toll charge.

Residence Flat Rate Service. The new non-optional plan would have these basic rates for residence customers:

- 1-party, flat rate, \$3.70 more than present rate, or a total of \$8.15 a month
- 2-party, flat rate, \$2.50 more than present rate, or a total of \$6.20 a month
- Rural, flat rate, \$2.05 more than present rate, or a total of \$3.55 a month

Residence Metro-Calling Service. Metro-Calling Service will continue to be offered to residence customers between 6 p.m. and 9 a.m. for \$10.95 a month. In addition, Michigan Bell is considering three new options:

1. Metro Service customers could also have the new Super Service during the other hours of the day (9 a.m. to 6 p.m.) for only \$1.50 more, or a total of \$12.45 a month
2. Or they could subscribe to Metro-Calling Service beginning earlier in the day (4 p.m. to 9 a.m.) for only \$3.50 more, or a total of \$14.50 a month

3. Or they could combine the "After 4 p.m." Metro Service with the new Super Service during the remaining hours (9 a.m. to 4 p.m.) for only \$5.05 a month more, or a total of \$16.00 a month

Two-Party Residence Measured Service. For Fieldbrook residence customers not needing the Super Service's greater calling area, Michigan Bell would offer an economical 2-party residence measured service for \$3.05 a month including 55 messages covering calls made within their present local calling area. Additional messages would cost a nickel each, and toll charges would still apply for calls outside that area.

Business Flat Rate Service. The new non-optional plan would have these basic rates for business customers:

- 1-party, flat rate, \$11.20 more than present rate, or a total of \$20.25 a month
- Rural, flat rate, \$3.00 more than present rate, or a total of \$8.85 a month

In both instances above there would be an additional charge of 4.2 cents for each call to the Detroit portion of the Super Extended Area (regardless of length of time talked). Toll charges would still apply for calls outside that area.

Business Measured Service. For Fieldbrook business customers not needing the Super Service's greater calling area, your telephone company would offer an economical business measured service for \$6.85 per month, including 75 messages covering calls made within their present local calling area. Additional messages would cost 4.2 cents each, and toll charges would continue to apply for calls outside that area.

Note: Customers outside the base-rate area who pay either mileage or locality area charges would continue to pay them in addition to the above rates. All rates exclude taxes.

We think Super Extended Area Service is a good plan for Fieldbrook customers. But we want to know what you think about it. You'll have a chance to express your preference for the new plan—or no change at all—in a return postcard "ballot" which will be sent to you soon. Meanwhile, if you have any questions, feel free to call our Business Office, 453-9900.

be expanded by moving up the effective daily starting time from 6 p.m. to 4 p.m., providing about 50 additional daytime calling hours monthly throughout the metropolitan area.
The fourth proposal on the ballot will ask customers if they would prefer only the expanded Metro-Calling Service without the additional calling privileges of Super EAS.
The present Metro-Calling Plan would continue to be offered to customers who desire it whether Super EAS or any of the other plans becomes effective.

Should Super EAS become effective, Wilson said, Michigan Bell would offer an economical service on an optional basis for Glenview and Fieldbrook customers who are satisfied with their present local calling areas. This two-party measured service would continue to be available to residence customers with Garfield and Greenleaf telephones.

Rates for the various proposed plans would vary slightly, as they now do, among the four different telephone areas — Garfield, Glenview, Greenleaf, and Fieldbrook — all of which have different calling areas.
For residence customers with Fieldbrook telephones, the one-party rate for Super EAS would be \$8.15 per month and the two-party rate would be \$6.20.

Letters accompanying the ballots that will be mailed to customers will describe the rates and calling privileges that would be available under

FERTRELL natural organic fertilizer, Agrinite, Blood-meal, Bonemeal, Cattle manure, Cottonseed meal, Dri-conure, Fertile, Hybrotite, Dolomitic Limestone, Buckwheat hulls, Cocoa bean hulls, Cocoa meal, Ground Corn Cobs, Peat Moss, Perlite, Vermiculite, Bulk Lawn and Vegetable seeds, Packaged flower seeds, Garden Tools, Supplies, Mowers, Tractors, Chain Saws.
"EVERYTHING FOR THE GARDEN . . . BUT RAIN!"
SAXTON'S GARDEN CENTER
587 W. Ann Arbor Trail
Plymouth GL-3-6250

the various plans.
Business customers will be asked to vote whether they favor having super EAS or retaining their present service.
Business rates for Super EAS also would vary among the various telephone areas as they now do because of the difference in calling areas.
The business rate for Fieldbrook Super EAS would be \$20.25 per month. The basic monthly rate would include unlimited calling within the present local calling area.
In addition to the basic monthly rate, business customers would pay 4.2 cents for each call into the portion of the super extended area that is in the Detroit Zone. However, there would be no time limit on the length of the calls. Today, business customers pay either toll charges or multi-message units for these calls.
Business customers who have no need for the broad calling privileges available under the Super EAS plan could subscribe to an economical measured service. At present, this type of service is offered to business customers with Garfield, Greenleaf, and Glenview telephones. It would also be made available as an optional plan to Fieldbrook customers.

"We believe the calling needs and changing calling patterns of customers in this area are typical of a trend taking place throughout the suburbs in the Detroit Metropolitan area," Wilson said.
"Our objective in taking the poll is to determine whether a sufficient number of customers is interested in the wide-ranging plans we are proposing.
"If there is a sufficient number, we plan to ask the Michigan Public Service Commission for permission to begin putting one, two or all of these plans into effect," he added.
Use of the plans in this area could lead to them serving as models for introduction throughout the metropolitan area.

Northville Man Hurt in School Roof Cave-In

A Northville man narrowly escaped death Friday when a section of the Beverly Hills school he was working on collapsed, dropping him and another worker 30 feet.
Injured were Doyal Gray of 16581 Bradner road, Northville and Evan Flippin of Plymouth. Both were taken to Beaumont hospital, Royal Oak, for examination. Gray was admitted Friday for further examination and released Sunday.
Beverly Hills police said the men were guiding precast concrete slabs into place on the new Berkshire Valley junior high school at the time of the accident. Police reported that the roof on which they were standing collapsed, dropping them 30 feet, along with 51 tons of concrete.
Nine other workmen on the roof at the time were not injured.
Construction on the school, part of the Birmingham system, was stopped pending an investigation.

Obituary

MRS. MARY ANNE MOERKE
Mrs. Mary Anne (Sims) Moerke, 87, a teacher for many years, died Friday in Whitehall Convalescent home, Novi, after a long illness.
Mrs. Moerke spent many years teaching in the Greenwood school in Blue Island, Illinois, until her retirement at the age of 64 when she came to Northville to live with her daughter, Dr. Georgine Moerke, a chemist at Maybury Sanatorium.

She was a graduate of State Teachers college in Stevens Point, Wisconsin, with special work at the Pestalozzi-Froebel school in Chicago.

She taught in several Wisconsin schools before marrying Adolph W. Moerke, who died in 1901.

Always interested in social problems in all countries of the world, national government and travel at home and abroad, she was an eager student and avid reader until her eyesight failed.

She was a faithful member of the Northville Woman's club which made her an honorary member at the age of 86.

Born July 28, 1876, in Manitowish, Wisconsin, she was the daughter of the late John Francis Sims of Oswego, New York and Mary Mangan of Kilrush, County Clare, Ireland. In 1901, she was delivered of twins, Adolph, who was stillborn, and Georgine.

She leaves her daughter, Dr. Moerke.

The funeral was held Monday from Casterline's Funeral home, 122 West Dunlap, with Reverend Lloyd G. Brasure, pastor of the First Presbyterian church, officiating. Cremation was at Evergreen cemetery, Detroit.

JOSEPH M. CAYLEY

Joseph M. Cayley, 71, of 50105 Grand River, Wixom, a retired plasterer, died Monday in Pontiac Osteopathic hospital after a 10-day illness.

A resident of Wixom since 1944, he was a member of St. Joseph Catholic church in South Lyon.

Born May 13, 1892, in Harwood, Ontario, he was the son of the late John and Mary (Swift) Cayley.
He leaves his wife, Ethel Maude; three sons, John Frederick Cayley of Dearborn, James Joseph Cayley of Wixom, and Martin C. Cayley of Northville; two daughters, Mary Catherine Lindemuth of tica and Elizabeth Jean McLeay of Detroit and nine grandchildren.

The Rosary was said Wednesday in Casterline Funeral home, 122 West Dunlap, with the Reverend John Wittstock officiating.

Mass will be said today (Thursday), at 9:30 a.m. in St. Joseph church, South Lyon. Burial will be in St. Mary cemetery, Milford.

In Uniform

Bainbridge, Md. — Gerald L. Jerome, seaman apprentice, USN, son of Mr. and Mrs. Clarence Jerome of 419 Dubuque street is serving at the Naval Training Center, Bainbridge, Maryland.

Local Man Electrocuted

A Northville man, lineman for a private electrical company, was electrocuted Friday when he touched a live wire from the top of a Commerce township utility pole.
Pronounced dead on arrival at Pontiac General hospital was Joseph W. McLean, 45, of 318 River.

Co-workers of the dead man and another employee of L. E. Myers Electrical Construction company were hoisting wires to the top of the pole at the time of the accident.

Mr. McLean, who came to Northville three years ago from Plymouth, was a member of Our Lady of Victory church. Born in White Earth, Minnesota, April 21, 1917, he was the son of the late George R. and Gertrude (Dunnell) McLean. He married his wife, Magdalene, May 16, 1940.

In addition to his wife, he leaves three sons, Louis W. McLean in the U.S. Navy, James McLean and David McLean, both at home; two daughters, Vaunnie McLean and Elaine McLean, both at home, and one sister, Mrs. Yvonne Olson of Northville.

The Rosary was said Monday night in the Casterline Funeral home, 122 West Dunlap.

The funeral was held Tuesday with a Mass at 10 a.m. in Our Lady of Victory church. Reverend John Wittstock officiating. Burial was in Holy Sepulchre cemetery, Southfield.

Called to Indy Father, Son Win Award

Northville Legionnaire Dave McDougal received instructions this week from National Legion Commander James Powers to attend an emergency meeting of the American Legion's membership and post activities committee April 29 and 30 at Indianapolis.

McDougal was appointed to the committee last October as Michigan's lone representative. McDougal is currently serving as campaign manager for C. Oscar Hammond, candidate for state Legion commander.

Drive Lags

Northville area residents have contributed \$776.50 to the 1963 Easter Seal campaign.

Rotarian J. J. Brummel, who along with Fred Casterline is a member of the Easter Seal campaign, committee for Rotary, reported at Tuesday's luncheon meeting that "contributions are lagging — and should hit some \$1,300". He appealed to residents who have not yet done so to contribute.

Address of the Easter Seal Society of Western Wayne County is P.O. Box 101, Inkster.

The Northville Record—Novi News—Thursday, April 18, 1963
Section One — Page Eight

— In Justice Court —

Two men, who were arraigned Saturday before Northville Judge Charles McDonald, pleaded guilty to two counts each.
The men, who were riding in the same car, were involved in a two car collision Saturday on Novi road.

Roy Dean of Union Lake, driver of the car was charged with reckless driving and leaving the scene of an accident. Fined a total of \$85 and \$10 costs or 25 days, Dean chose jail.

Willard Nelson of Walled Lake, the owner and passenger in the car, was charged with having improper license plates and having no vehicle registration. The court fined

JC's Plan Car Wash

Northville Jaycees are already planning their annual July Fourth parade.

And number one on their list of needs is money!

So Sunday the Jaycees begin a series of "car wash clinics" to help raise funds for sponsorship of the giant holiday parade.

Sunday's car wash will be held at G. E. Miller's auto dealership at 127 Hutton from 10 a.m. until 3 p.m.

The Jaycees promise prompt service and a clean car.

Father, Son Win Award

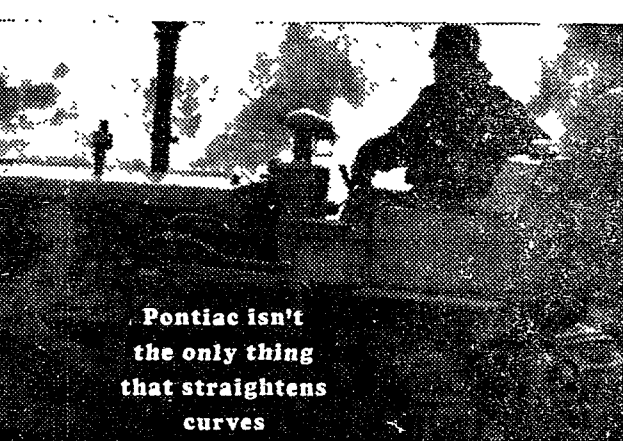

A Northville father and son, members of the local Civil Air Patrol unit received awards at the Thursday meeting in the American Legion hall.

Qnter-lakes group Commander Major S. N. Domingue awarded first lieutenant bars to squadron Commander Robert E. Parmenter.

Cadet second class Robert Parmenter won the flight scholarship award given to the cadet who recruited the most new cadets. The award, which entitles Parmenter to 10 hours of observer flight training, was presented by Major Domingue.

Some people do. Then again, every 2 seconds, someone is disabled in an accident in the U.S. Be prepared. Provide now for cash benefits to help cover expenses in case of accident or sickness. Call me for the plan that fits your needs.

Walter Slezak to Open Third Annual Town Hall Series

LOANS
UP TO \$500.
• FURNITURE, AUTO OR SIGNATURE
NORTHVILLE BRANCH
MILFORD FINANCE CO.
HARRY DIEHL, MGR.
135 N. CHURCH
NORTHVILLE FI-9-3320

An author who signed his first contract in a Vienna coffee house will be among the five speakers coming to Northville as part of the third annual Town Hall series beginning next October.

Other Town Hall speakers next season will include the first American reporter to be imprisoned by Castro, a TV star who concentrates on making Americans THINK, the author of the bestseller NILA and an Italian nobleman turned fashion designer.

Speakers and dates announced this week by Chairman Mrs. George P. Hanley are Actor Walter Slezak, October 17; Reporter Alexander Rorke, November 21; TV-Star Dr. Albert Burke, February 20; Author Nila Magidoff, March 19, and Designer Count Ferdinando Sarmi, April 16.

Tickets for the new series will go on sale today at the final lecture in the '62-63 series.

ies at the P&A theatre. Also beginning this week will be the Town Hall direct mailing campaign.

Walter Slezak, first to speak from the Town Hall rostrum, has fashioned for himself a many-faceted theatrical career. His roles have included anything from a bumbling comedian to a heavy villain, from romantic heroes in Berlin films to the role of Zsupan in "The Gypsy Baron" at the Metropolitan Opera in New York.

When Slezak appears in Northville, he'll be speaking on why "Show Business Is No Business."

Slezak, perhaps best known for his performance in the stage play "Fanny," has received both the New York Critics award and the Antoinette Perry award.

Born in Vienna, Slezak first studied for a career as a doctor. However, one day, while sipping coffee at a Vienna sidewalk cafe — he was spotted by Michael Curtiz, then casting his film "Sodom and

Gomorra." Curtiz offered him the juvenile lead in the picture and a contract was signed at the cafe.

From there, Slezak went to Berlin and UFA films, finally coming to New York in 1930 as the star of "Meet My Sister."

Second Town Hall speaker, Alexander Rorke, maintains that "the underground in Cuba is still alive and the revolution against the communist regime in Cuba will continue."

When Rorke comes to Northville, he'll be giving a first-hand report on the current situation in Latin America. He has the somewhat dubious distinction of being the first American reporter imprisoned by Castro. And the even more dubious distinction of having been sentenced (in absentia) to death by Castro's regime.

Rorke, 35, attended the School of Foreign Service at Georgetown university and holds a B.A. degree from St. John's university. When 16, he enlisted in the U.S. Army during World War II, winding up as a military intelligence specialist responsible for the security of five German provinces.

Returning to college after the war, Rorke eventually became a reporter, taking the first news films of anti-Castro activities in Cuban territory.

Author Nila Magidoff, third on the Town Hall agenda, is the heroine of the best-seller "NILA" and wife of the former NBC correspondent, Robert Magidoff.

Mrs. Magidoff came to America alone at the outbreak of World War II, leaving her husband in her native Russia. There, Magidoff won fame as he reported, via radio, from Moscow.

During her years in Russia, Mrs. Magidoff led many lives. After finishing school, she went to Moscow where she designed clothes, worked in factories, explored the wilds of Central Asia, travelled

around Europe as a Merchant Marine sailor third class and became an author and noted Moscow newspaper woman.

The hostilities over, Mrs. Magidoff, already a U.S. citizen, rejoined her correspondent husband in Moscow and left with him in 1948 when he was expelled on a charge of spying for the U.S.A.

Dr. Albert Burke, fourth lecturer in the series, is sponsor of the syndicated TV series called "Probe — With Dr. Albert Burke." Starting in December, 1960, on a single independent station in New York, Dr. Burke had some 60 TV stations carrying his program within a few months.

A scientist, economist and expert on world affairs, Dr. Burke has lived in Russia, China, Germany, Czechoslova-

kia, Latin America and among the American Indians.

He speaks six languages fluently, is studying Hebrew and Arabic and has dabbled in Chinese. Formerly director of undergraduate studies in conservation at Yale university, he received his Ph.D. in international relations from the University of Pennsylvania.

On his programs, Dr. Burke covers a wide variety of international and domestic issues including conservation, the importance of natural resources, air pollution, racial discrimination and Cuba. However, his main objective is to alert the American people to the dangers of communism and to get them to think and act.

Last to speak from the Town Hall stage will be Designer Count Ferdinando Sarmi.

Sarmi, an Italian nobleman by birth, says "I have always thought that clothes must be feminine. To me, femininity means clothes that accentuate the female — that make a woman more herself."

Among the many honors this credo have won for Sarmi are the 1960 Coty American fashion critics award (the "Winnie") and the 1961 Neiman Marcus award.

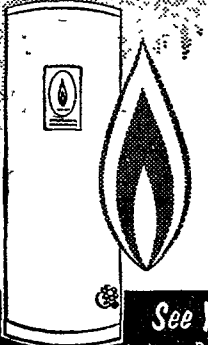

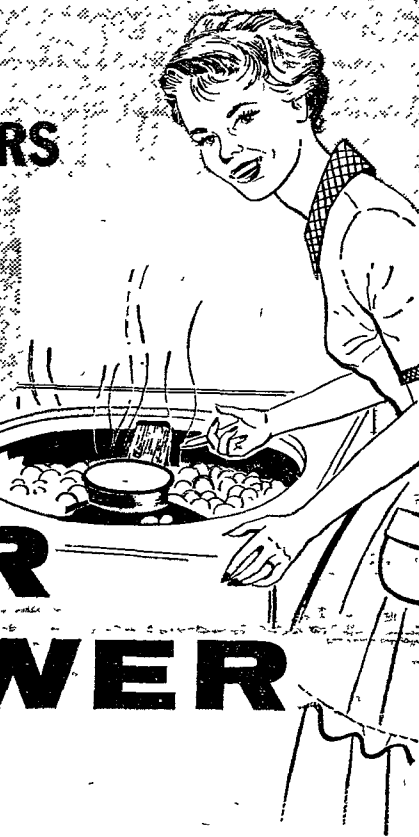

Sarmi originally started out to be a lawyer, but turned to designing during the war. Along with thousands of other allied sympathizers, Sarmi sought refuge within the Vatican during the Nazi occupation of Italy. There, he became associated with some of those already well-known in the Italian field of fashion.

While associated with the custom house of Fabiani after the war, he helped prepare the house's first collection for American buyers. It was this collection that attracted the eye of Elizabeth Arden. She summoned him to America where for seven years, he designed collections for her. In 1959, he opened his own Seventh avenue house.

Helping make possible the '63-64 series are, in addition to Mrs. Hanley, the following: Mrs. Claude A. Crusoe, Town Hall vice chairman; Mrs. Roy Mattison, treasurer; Mrs. Robert J. Cole, secretary; and Mrs. Wilson D. Tyler, corresponding secretary, all of Northville. Outgoing chairman is Mrs. Frank Angle, also of Northville.

from the PASTOR'S STUDY

Robert K. Spradling, Pastor
First Baptist Church of Northville

When this writer was a student in elementary school, he had to ride a school bus some twenty miles each day. The students who rode the bus were all different shapes and sizes and from varying social and cultural backgrounds.

One spring day, an older fellow seized the cap of a younger, smaller boy and threw it out the window of the bus. When the older boy was confronted with his thoughtless misdeed and asked why he had done such a thing, his reply was: "I didn't have a reason, I just wanted to throw something out the window."

Believe it or not, this is just the attitude some people have regarding the inspiration of the Bible. They are very quick to say that certain parts of the Bible may be inspired but certain other parts are not. It all depends on what part "speaks to them when they read it" and that constitutes inspiration. They say that parts of the Old Testament are purely mythological in origin and have no

value to the man living in the twentieth century.

After all the theological jargon has been stripped away from arguments for and against the inspiration of the Bible, the alternatives seem to be very simple and very clear. Either the Bible is the verbally inspired word of God, completely inerrant in the original autographs and fully trustworthy, or it is the product of human genius neither divine in its origin or authority.

One great problem arises from a weak view of inspiration. If the Bible is not accurate in the details of the Old Testament, how can a person be really sure it is accurate in such matters as the birth and death of Christ, personal salvation, heaven and hell? Personally, this writer would rather believe in the infallibility of a divinely inspired book than be left to the logic and reason of fallen men as pertaining to spiritual matters.

Loose, non-scriptural ideas about the inspiration of the

Bible have been the "hole in the dike" for many religious groups and denominations in church history as well as in our time. This great doctrine is foundational to the born-again believer.

One's attitude toward inspiration will determine the kind of life he or she will live for the Lord. For example, a person will not be interested in telling others about the realities of salvation through Christ, and the dangers of eternal retribution, if that person does not believe what the Bible says about these important matters. There is no such thing as neutrality in this vital truth.

For readers who might be interested in further study of this doctrine, this writer would suggest two excellent books on the subject: "The Inspiration and Authority of the Bible" by Benjamin Warfield and "The Word is Truth" by Edward J. Young. Both of these books came from the pens of great Presbyterian scholars—that is quite an admission for a Baptist!

News From Willowbrook

Mrs. George

NOVI HIGHLIGHTS

Mrs. H. D. Henderson
FI 9-2348
 Mrs. Robert Cotter entertained her sister, Mrs. Donna Lee, of Ypsilanti, and her daughter and son-in-law, Fred Schrieber of Taylor, and Mr. Ollie Tucker of Hazel Park, Easter Sunday.

Mr. and Mrs. John Bailey and children of Elmira, New York, were the house guests of Mrs. Bailey's grandmother, Mrs. Robert Cotter, last week. Mr. and Mrs. Vincent Gillett and Mr. and Mrs. Victor Gillett visited the latter's parents, Mr. and Mrs. A. J. Miller last week.

Guests at the home of Mr. and Mrs. Larry Smith last week were Mrs. Smith's mother, Mrs. Gertrude Storey, and her brothers, Bob and Rick of Howell. On Sunday afternoon they all went back to Howell for Easter dinner.

Mr. and Mrs. Dan Mac Gillivray were hosts to a group of relatives Easter Sunday. They were Mrs. Mac Gillivray's mother, Mrs. Mabel Shilliday, and her daughter's family, the Rufus Cheeks of Garden City. Tiny Nanette Cheek spent last week with her grandparents.

Mr. and Mrs. Charles Trickey Sr. have returned from a three-month vacation in Florida. Among the places visited was Marco Island. They also stopped to see their nephew, Edsel Heinlein and his family

at Coral Gables and their aunt Mrs. Northrup, at Tampa. On Easter Sunday Mr. and Mrs. Charles Trickey Sr. had dinner for the family: Mr. and Mrs. Duane Bell and family and Mr. and Mrs. Charles Trickey Jr. and family of Tecumseh.

Mr. and Mrs. Lloyd Coleman and family spent Easter Sunday with their niece and nephew, Mr. and Mrs. Donald Sasse, in Northville where they had an egg hunt and dinner.

Mr. and Mrs. Lawrence Boyd Sr. had all their children and grandchildren with them on Easter Sunday. They were Lieutenant and Mrs. Lawrence Boyd Jr. and son, Wesley and sons, William and Jack from Ann Arbor, and their daughter's family, Mr. and Mrs. Gerald Dalder and sons, Brian and Greg of Royal Oak.

William Boyd and Jack Boyd have been spending their Easter vacation from the University of Michigan with their parents, Mr. and Mrs. Lawrence Boyd Sr.

Mr. and Mrs. Russell Button and daughter, Rose and son, Russell Jr. and Reverend Ronald Button of Davison returned home last Monday from a seven-week vacation in Florida. On the return trip they made several sightseeing trips including Gettysburg.

Sue F'Geppert celebrated her 18th birthday Tuesday at the home of her parents, Mr.

and Mrs. Erwin F'Geppert. The Andy Kozak and Russell Taylor families helped her celebrate.

Mr. and Mrs. Millard Lindsey of Tuscola, Illinois were the Easter weekend guests of the latter's sister and her husband, Mr. and Mrs. John French.

Mr. and Mrs. Carl Green and family spent Easter with Mrs. Green's parents, at Seymour, Indiana.

Mr. and Mrs. Larry Smith attended funeral services for the latter's grandmother, Mrs. Lucy Story, in Detroit last Tuesday and on Wednesday they attended burial services for Mrs. Story in Chicago.

Bob Taylor returned Saturday from a week of vacation with Reverend and Mrs. Arnold Cook at Reidville, North Carolina.

Easter dinner guests of Mr. and Mrs. Russell Taylor Sr. were Mr. and Mrs. Russell Taylor Jr. and daughter, Patty of Farmington and Mr. and Mrs. Erwin F'Geppert and Sue.

Noel F'Geppert and five of her sorority sisters took turns driving the F'Geppert station wagon to Bridgeport, Connecticut, where they are spending this week. They are initiating a new sorority chapter in Bridgeport and staying on Long Island.

Mrs. John Harnden had an Easter breakfast for several members of her family at her home in Northville Sunday morning.

Weekend guests of Mr. and Mrs. Clyde Wyatt were Mr. Wyatt's nephew and family, Mr. and Mrs. Gerald Gallup and four children from Muskegon. Daughters, Patty and Louise stayed on for a couple more days with their aunt and uncle. On Easter Sunday, the Wyatts took their guests to see the Easter flowers at Belle Isle.

Mr. and Mrs. Stanley Orzechowski and sons had Easter dinner with the latter's parents, Mr. and Mrs. Harold Miller. They were also there for the evening. Other guests in the evening were Mrs. Miller's sister and her husband, Mr. and Mrs. Russell Main and son Russell and their daughter, Mrs. Garland Williams of Detroit.

Mr. and Mrs. Dennis Ireland are the parents of a daughter, Laura Ann, born April 3 at St. Mary hospital, Livonia.

Novi Baptist Church News - A large group of Baptist young people attended the Voice of Christian Youth at the Masonic temple in Detroit Saturday evening.

The Vera Vaughn circle met Tuesday evening. They had an election of officers.

Norm Brower, leader of the Novi Baptist Youth group gave the sermon at the evening service Sunday. A duet "In the Garden" was sung by Brenda Coburn and Alice Sindén. A testimony on "What Easter Means to Me" was given by Lynn MacDermald and Mary Munro.

Novi Methodist Church News - Monday evening, the MYF will meet at 8.

Teachers' study class will be held at the New Hudson church from one to three Saturday afternoon with Reverend LaVere Webster instructing. The theme "The Bible in Contemporary Christian Education." Baby sitting at the 9 a.m. church hour every Sunday morning. Classes for everyone at the 10 a.m. church school hour.

Novi Rebekah Lodge Past Noble Grands meet today (Thursday) for a 6:30 pot-luck dinner at the hall. At the last meeting, the Novi Rebekahs had four visitors from the Collins Rebekah lodge 325 of Wayne. One of these visitors was Sister Dorothy Reiser, past president of the Rebekah assembly of Michigan. Drill practice will be held at the Novi Community building Monday at 7:30 p.m. Regular lodge Thursday. Novi Rebekahs plan to celebrate the 144th anniversary of odd fellowship in America.

Blue Star Mothers - Approximately 40 Blue Star Mother past presidents of the district had a meeting and a luncheon at the community hall last Tuesday. They were the guests of the Novi chapter.

The following chapters were represented: chapter 30, Detroit; chapter 49, Farmington; chapter 166, Keego Harbor; chapter 39, West Bloomfield; chapter 5, Highland Park; chapter 15, Port Huron. Several mothers from the Novi chapter prepared 411 Easter baskets filled with candy, hard boiled eggs and cookies and took them to Maybury Sanatorium. The Novi chapter has available as gifts pillow slips and dolls. Call Mrs. Klaser, Mrs. Henderson or any Blue Star Mother.

Coordinating Council Seeks New Members

A campaign has been undertaken by Northville's Coordinating Council to help boost its membership and improve attendance by representatives of member organizations.

Letters are being sent to each community group explaining the purpose of the Coordinating Council and urging cooperation.

The 22-year-old Coordinating Council meets the third Thursday of each month at the city hall. Its membership is made up of representatives from community organizations.

The object of the Coordinating Council, as outlined by its constitution, is to give member organizations an opportunity to discuss community needs, to furnish a channel for interpretation and information concerning community projects, to unite the community in support of projects too large or too difficult for any single group, and to provide an agency that can suggest priority for community projects and avoid conflict in scheduling of major events.

The group elected Alfred Smith president for the coming year and named William Shulz, vice president, Ruth Knapp, treasurer and Mrs. Hurd Sutherland, secretary.

Some \$100 was reported donated by the Coordinating Council, Rotary and Exchange clubs for the Joe Denton Park Improvement program being undertaken by the Garden Club. Total cost is expected to be \$420.

Representatives attending the last meeting included: Mrs. Douglas Strath, Garden Club; Ruth Knapp, D.A.R.; Mrs. Louise Canfield, Methodist church; Mrs. Beatrice Carlson, city council; Alfred Galli, Northville State Hospital; Mrs. Hurd Sutherland, Woman's Club; Ada Fritz, Our Lady of Victory; Al Smith, Masons; F. W. Sterner, Lutheran church; Mrs. June Gasser, TOPS; William Gaab, Jaycees; and Mrs. Crispin Hammond, United Community Services.

The next meeting of the Coordinating Council is Thursday, April 21 at 8 p.m.

HOUSE OF REPRESENTATIVES
LANSING, MICHIGAN

REPORT
from
LANSING

By PAUL CHANDLER

Lansing — If this correspondent should fail to return home next weekend, it would be because he has been buried under a blizzard of telegrams and letters discussing a bill which would provide bus transportation to students of non-public schools.

The bill passed the State Senate recently and now sits with the Education Committee of the House of Representatives. I am a member of the Education Committee and hence hold one vote in deciding whether the bill emerges to the floor for general consideration by the House membership.

Voters of this district (particularly of Livonia and Plymouth, in terms of mail received) view the bill with a fervor hard to match. The communications received are passionate in their demands that the bill be approved or rejected.

Somewhere along the line, a rumor started in the District that I myself hold the "swing vote" in the committee. That rumor is responsible for some of the special treatment coming my way.

If this is true, the constituents know more than I do — the sentiments of the other eight committee members are a complete mystery to me, as of this writing.

The bill itself would require (in 1964) Michigan's public schools to provide transportation to parochial schools for parochial students who live 1 1/2 miles or more from their

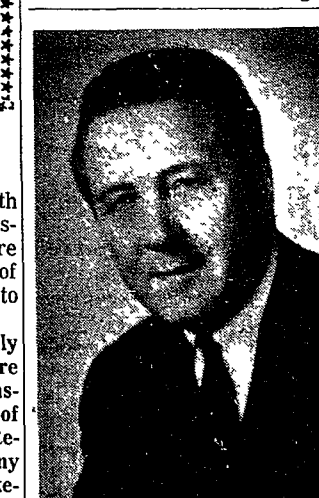

classrooms. Money is involved — both to the State and the local districts — and in addition there is the ancient "separation of church and state" riddle to consider.

Catholic parents are keenly interested, of course, but there are others who plead for passage. On the western part of Michigan, the Christian Reformed church operates many schools. Many Lutherans likewise are concerned.

As of this writing, it's not clear whether the Education Committee could pass the bill directly to the floor, or whether it would go first to the Ways and Means Committee. The latter body considers most bills which involve appropriating new sums of money. The "fair play bus bill," however, doesn't mention money as such and the financial considerations could be brought up as a separate item in another session.

Is the measure an "opening wedge" which will lead to a series of uses of tax money to assist non-public schools? Is it no more than "fair play" and a humanitarian safety proposal for those doing their part by voluntarily helping provide education?

Such are the elements of a decision which must be made this week. "I'm in favor of the bill," one lady said in a telephone call this week, "but I sympathize with you. If I were in your shoes, I guess I'd pray for help in reaching an answer."

Named Director — Raymond D. Peltier, vice president, has been named director of investment sales of Schmidt, Ellis and Associates, Inc., member of the Detroit Stock Exchange. President Harold W. Schmidt also announced the appointment of Raymond P. Tomich and Patrick R. Foley to assist Peltier in supervision of registered representatives. All three men have been added to the staff since the first of the year in an expansion that includes physical growth as well as personnel. Within the next few weeks the remodeling of an adjacent building will be completed that will double the company's office space at 19201 W. Seven Mile. Before joining Schmidt, Ellis, Peltier was vice president and treasurer of a firm specializing in mutual funds and prior to that was a divisional sales director for a national mutual fund underwriter. He resides at 38259 Tralee Trail, Northville.

City of Wixom Ordinance No. 52

AN ORDINANCE TO REGULATE OR PROHIBIT THE FILLING OF LANDS WITHIN THE CITY OF WIXOM; TO REGULATE OR PROHIBIT DUMPING, DEPOSITING OR ACCUMULATION OF WASTE, RUBBISH, REFUSE, DEBRIS, JUNK, OR GARBAGE; TO REGULATE THE COLLECTION, HANDLING AND DISPOSAL OF WASTE, RUBBISH, REFUSE, JUNK OR GARBAGE; TO PRESCRIBE RULES, REGULATIONS AND CONDITIONS FOR THE ISSUANCE OF PERMITS OR LICENSES FOR SAME, AND TO PROVIDE PENALTIES FOR VIOLATIONS THEREOF.

The City of Wixom Ordains Section 1.01. The City of Wixom, Oakland County, Michigan hereby declares that it is necessary to provide and establish regulations and conditions governing the filling of land within the City, or the dumping or depositing therein or thereon of waste materials, or substances, rubbish, refuse, debris, junk and or garbage, whether household, commercial, industrial, or otherwise, and the collection, handling, transporting or disposal thereof, in order to protect the public health, safety and welfare.

Section 2.01. It shall be unlawful from and after the effective date of this Ordinance for any person, persons, firm, partnership, association, company or corporation to conduct any filling, dumping, depositing, transporting or disposal operations within the territorial limits of the City of Wixom by means of waste materials or substances, rubbish, refuse, debris, junk, and or garbage, whether household, commercial, industrial or otherwise, upon lands or premises within said City, without first having obtained a license as hereinafter provided.

Section 3.01. It shall be unlawful from and after the effective date of this ordinance for any person, persons, firm, partnership, association, company or corporation to engage in the business of the collection, handling, transporting and or garbage in the City of Wixom, without first having obtained a license as hereinafter provided.

Section 4.01. It shall be unlawful for any person, firm, or corporation, from and after the effective date of this Ordinance, to allow any garbage, or any material which is commonly classified as waste, rubbish, refuse, debris, or junk, to collect or lie on property which he or it owns, occupies or controls, in such a manner that it attracts flies, insects, or rodents, emits offensive odors, or otherwise interferes with the safety health or welfare of the public.

Section 5.01. Application for licenses hereunder shall be made to the City Clerk and shall contain the following information.

A. Name, residence, telephone and business address of the applicant.

B. Name, address and telephone number of the owner of the land or premises involved.

C. The full description of the land or premises upon which the filling, dumping or depositing is to take place.

D. The kind of business applicant was previously engaged in, the place or places where and the length of time the same was conducted.

E. The exact purpose for which license is desired including operation or activity intended, extent and scope thereof, contracts or agreements involved, and length of time operation or activity will consume.

F. The number, license number and description of all motor vehicles and of all other equipment or facilities intended to be used and the places where the same is presently located.

G. The financial status of applicant relating to the ability to fulfill duties in the operation activity.

H. Any and all other information that may be required at the time to enable the City to determine the ability and qualifications of applicant to conduct such business in compliance with the ordinance of the City, State and County laws and regulations, and in such manner as will be deleterious to public health, safety and welfare, and so as not to create a public or private nuisance.

I. Said application shall contain an agreement by the applicant to obey, abide by and comply with all of the provisions of this ordinance, all health requirements, and all other ordinances, rules and regulations applicable to the conduct of said business, now

in force or which may hereafter be adopted.

Section 6.01. There shall be filed with such applications, if involving any filling, dumping, depositing or disposal other than minor or small fills, a map of the premises under consideration showing contour lines of at least the lowest and highest elevations before any filling or depositing in relation to the topography of the premises and existing public roads or easements and also information covering the nature, and kind of soil on the premises before depositing and filling and nature, kind and quantity of soil available from the premises or elsewhere for covering the compacted material as required by this ordinance.

Section 6.02. Such map shall show existing drains, streams and water courses through or arise within the property. All drains, streams, springs or other water sources shall be enclosed, diverted, channeled or otherwise controlled as approved by the City Health Inspector and DPW Administrator. All ditches, and natural or constructed drains shall be protected and separated from the compacted material of the sanitary landfill by at least fifteen (15) feet of earth in such a manner that the drain or ditch cannot drain into or out of the compacted material. Roadside ditches will not be disrupted nor disturbed without prior approval.

Section 7.01. That upon filing such applications and information there shall be paid to the City Clerk a license fee based upon the estimate of the City Health Inspector and DPW Administrator of the actual cost of reviewing such plans and information, according to the following cost schedule:

A. \$8.00 per hour for each hour work of DPW Administrator.

B. \$8.00 per hour for each hour work of each engineering or health department aid.

C. In addition to the basic license fee which follows:

(1) The sum of twenty-five dollars (\$25) for five (5) acres of the sanitary landfill area or less.

(2) The sum of fifty dollars (\$50.00) for an area from five (5) acres to ten (10) acres of sanitary landfill.

(3) The sum of seventy-five (\$75.00) for an area from ten (10) acres to twenty (20) acres of sanitary landfill.

(4) The sum of one hundred dollars (\$100) for an area of more than twenty (20) acres of sanitary landfill. A license fee of twenty dollars (\$20) for each truck unit and the sum of ten (\$10) dollars for each trailer unit transporting sanitary material as described in this ordinance upon the public streets or highways within the boundaries of this municipality.

Section 8.01. That any license issued hereunder shall include provision requiring inspections by or in behalf of the city at least once a month and more often if in the judgement of the City Health Inspector and DPW Administrator, it is necessary to protect the public health, safety and welfare. For such additional inspections there shall be imposed a fee for the actual cost thereof based on the hourly rate of \$8.00 per hour generally and at \$8.00 per hour of DPW Administrators services are required and the licenses will be billed each month therefore, and failure to pay such inspection fees within thirty (30) days from date of billing will permit immediate temporary suspension of said license, to be reinstated only upon payment thereof.

Section 9.01. All requirement of the City Zoning Ordinance shall be complied with before application is made for license hereunder.

Section 9.02. A license for filling, dumping, or depositing, other than minor or small fills, shall only be issued after the applicant shall have received the written approval of the Oakland County Department of Health, to the effect that the proposed operation will not cause increased loading of sewers, ditches, drains, septic tanks or systems in the area affected nor cause or create any health or safety hazard.

Section 10.01. Upon receipt of said application in proper form, the same shall be referred to the City Health Inspector and DPW Administrator and to other proper department for inquiring, investigation, and review, and:

A. All such persons or department reviewing such application shall attach their recommendations and note whether the proposed activities

would create or be likely to create a public or private nuisance, or a hazard to the public health, welfare, or safety.

Section 11.01. Upon receipt of the application, information and recommendations, the City Council shall, at any regular or special meeting consider the same, and if, after due consideration, the council shall be of the opinion that the proposed application shall not create conditions inimical to the public health, or safety, nor create any drainage, sewerage, or other problems or conditions of danger, nor constitute or cause a traffic hazard, it shall authorize the city clerk to issue proper license to applicant.

Section 12.01. Any license granted shall be subject to the following limitation, standards and conditions:

(A) The licensee must furnish all labor, materials, tools, vehicles, equipment, supplies and incidental items to fulfill and complete the operation or activity in accordance with the obvious intent of said license.

(B) In the discretion of the City Council, licensee may be required to furnish a bond to the city of Wixom up to an amount of twenty-five thousand (\$25,000) dollars to secure the faithful performance of the operation permitted.

(C) If permission to fill or deposit shall be granted, the operation shall be conducted so that sanitary landfill procedures are followed. The working area within the designated parcel of land shall be enclosed in an approved fencing to control blowing of papers or light rubbish blown by the wind. At the entrance of the disposal area a suitable gate shall be installed which shall be kept locked at night and at all times when an attendant is not present. Adequate drainage shall be maintained at all times to prevent accumulation of surface water at any point in the disposal area.

No scavenging shall be allowed on the disposal site and a suitable method of screening salvageable material from view and disposing of same will be required. No deposits of garbage shall be allowed to covered overnight. The dump-accumulate and remain uning of stumps, broken concrete, radioactive wastes, industrial and toxic wastes, paint, lacquer, thinner, turpentine or similar materials is prohibited unless specifically approved by special permit by the DPW Administrator. No chemicals or septic tank wastes are permitted to be emptied on the premises. No burning shall be permitted on the premises, except by a written permit signed by the DPW Administrator or council for a specific purpose or a stated period of time. Either the approved trench method or progressive slope method of landfill shall be used, and in either case the deposits shall be continuously "worked" by a bulldozer or front end loader thoroughly compacting it. The deposit or fill shall be covered at least weekly by at least (6) six inches of earth or more often and to a greater depth as determined by the City Health Officer or DPW Administrator. After completion of the fill to it's height, the entire fill shall be covered with earth of approved mineral content to a compact depth of not less than two feet and the grade in land elevation shall comply with the topographical map attached to the original application. The premises shall be sprayed or treated by an approved chemical or insecticide used for the purpose of spraying or treating sanitary land fills when necessary as determined by the City Health Inspector and DPW Administrator. Full access to premises shall be granted to the city officials at all times.

(D) Vehicles used in transportation shall be kept clean and in good repair and so maintained and operated that no portion of contents therefrom shall be spilled or allowed to remain on the public highway. The hauling body shall be watertight and completely enclosed on all sides by metal and of such a design as will be acceptable to the health inspector and DPW administrator for the control of flies and insects. Such vehicles shall be completely closed while in transit.

Section 13.01. The provisions of this Ordinance do not restrict an individual from disposing of garbage, rubbish, or refuse from his own dwelling when done so as not to create either a nuisance or menace to health.

Section 14.01. This ordinance, and the avarious parts, sections and clauses thereof are hereby declared to be severable. Should any section, paragraph, sentence, clause, or phrase be declared unconstitutional or invalid for any reason, it is hereby provided that the remainder of the ordinance shall not be affected thereby.

Section 15.01. All ordinances or parts of Ordinances contrary to or inconsistent with the provisions of this ordinance are hereby repealed.

Section 16.01. Each and every violation and non-compliance of this ordinance shall be construed as a separate and distinct violation thereof and any violation of any of the provisions are hereby declared to be a nuisance per se and may be abated by appropriate injunctive action. Also any person, persons, firm, partnership, association, company or corporation who shall violate any of the provisions hereof or shall fail to comply with the same shall upon conviction thereof be punished by a fine not exceed one hundred (\$100) dollars or by imprisonment not to exceed ninety (90) days, or by both such fine and imprisonment in the discretion of the court. Licenses issued under the provisions of this ordinance and amendments thereto may be revoked upon just cause.

Section 17.01. The provisions of this ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety and shall be effective immediately upon publication, the same to be in accordance with Section 7.3 of the city charter.

Made and passed by the City Council of the City of Wixom, this 14 day of February A.D. 1963.

ORDINANCE NO. 51

Merchants Cautioned By Police

Northville Chief of Police Eugene King warned local merchants last week that solicitors for the Fraternal Order of Police, are incorrectly identifying themselves as connected with the local police.

"It is requested," he said, "that when calls of this kind are received using the name of the Northville department that the merchant check with the caller to see if he has received written permission from me.

"This is the only way our merchants should be participating in such a program," Chief King added.

Novi Justice Court

Three 18-year-olds were found guilty Thursday in Novi justice court on a count of disorderly conduct.

Kathryn and Nancy Stark, and James Orlando all of Detroit, were given six months probation and fined \$25 apiece for the April 7 disturbance at the Walled Lake Casino.

In another disorderly conduct incident on 10 Mile road, Robert Russell of South Lyon pleaded guilty to an April 7 charge. He was fined \$15.

George Crouch of Southfield, guilty of passing on a marked bill April 5 on Novi road, paid a \$10 fine.

The Northville Record—Novi News—Thursday, April 18, 1963

QUALIFIED INSTRUCTORS — Northville Police Chief Eugene King (left) and Patrolman Huston Butler are now qualified to give first aid instruction to local groups. They've just completed 15 hours of first aid instructor's training at the Livonia chapter of the Detroit Red Cross. J. Bine Leavenworth, one of the Northville volunteer firemen, also completed the course.

Police Chief Issues Solicitor Warning

By Police Chief Eugene King

Spring is here and it has come to the time of year when door to door solicitors plague our city. Northville Police are attempting to crack down on what is believed to be a fly-by-night door to door solicitation. This thing has reached a saturation point, as many people are high pressured into subscribing to things that they receive for a short time and then ceases. Then, when they try to find the salesman that talked to them, he cannot be located. Usually the address used is a hotel room in some Detroit hotel.

In the last couple of years, a policy was set that requires sales crews to register their names, addresses and ages. Even this failed to solve the problem because of the use of a temporary address. Word got around and some magazine salesmen just took it upon themselves to solicit and the only time the Police knew about these solicitors was when officers observed them while patrolling the city streets or if some citizen would call in after they were at their home and ask if permission was granted. By the time the Police checked the area, these people were gone.

These people have a regular script which they are trained to say from memory. It is called the "\$60.00 Sales Talk Presentation." It reads as follows: Salesman knocks, housewife answers the door. Salesman says, "Hi! I'm just checking if you received your copy of the Post yesterday. Didn't you get a call from this office yesterday? You do have a phone don't you? How many magazines did you sign up for?" (Salesman hands a card to housewife) Then he states, "Here's a pencil. Check off those you have been receiving." Then he says, "Check off others you would like to read." (Housewife hands back card and pencil to salesman) Then salesman opens his pouch and pulls out a pad. He says, "Now, you have been paying 30 cents a week for the first four, and for an additional sum of money I can give all you checked off for as long as 60 weeks." He then states,

"Now, you can pay me for the first month's delivery and the balance by check when these are delivered." Salesman states "Would you kindly sign your name here so I can be sure of delivering them to the correct place?" Housewife signs and pays for first month's delivery. He tears off top copy and gives it to housewife. She does not really know what is printed on second sheet until 60 days later when a bill comes for payment in full. Then it's too late because they have your signature.

If we are going to get rid of this type of fraudulent scheming in our community, we must all work together. It is suggested that some of the ways to do this is when someone comes to your door, ask them to show you a peddler's permit issued by the City Clerk's office. If they don't have one, then shut your door and call the police. If you sign any contracts, read the carbon copies as well as the top copy. Tell the solicitor you will pay for the merchandise when it is delivered. Especially watch out for photographers. City Ordinance states, "It shall be unlawful for anyone to solicit from house to house between sunset of one day and sunrise of the next day."

HOW DO YOU HANDLE A ROOM THAT'S HARD TO HEAT? The quick and economical answer is to supplement the present system with flameless electric heat. It goes exactly where it's needed most, and independently, automatically adjusts for any degree of warmth. One of the modern units illustrated below can end your part-time shivering for good. Here's the simple way to turn a problem area into a cozy, liveable one.

WHAT'S THE BEST WAY TO HEAT A NEWLY FINISHED UPSTAIRS, BASEMENT, ENCLOSED PORCH OR BREEZEWAY? Electric heat's the answer since it imposes no burden on your present heating system and assures real comfort at all times. You can keep the room cooler when it's not in use, then feel it warm up quickly at a touch of its independent thermostat. Several types of electric heating units are available, all easily installed at mini-

Northville Township Minutes

A special meeting of the Northville Township Board was called to order by Supervisor Merriam on Friday, April 5, 1963 at 8:00 p.m.

Board members present: R. D. Merriam, Marguerite N. Young, Alex M. Lawrence, Donald E. Robinson and Wilson D. Tyler.

Visitors: Mr. Peterson of the Northville Record, representatives from C. Harold Bloom Ins. Agency, Carrington Agency, Ohio Casualty Ins. Agency and the Clark Insurance Agency and approximately eight citizens.

1. Announcement of R. D. Merriam regarding the proposed water to be installed in the Southeast section of the township.

Mr. Merriam advised that the township attorney was working on a legal form for an assessment petition, Mr. Mosher, Township Engineer, was working an estimate of the cost of the water installation and as soon as all property owners had been contacted and a majority of the assessment petitions signed by them agreeing to a special assessment, the water and sewer commission will work out further details.

2. Authorization by the board to the clerk to order bonds for the treasurer, clerk, deputy clerk, justice of peace and constable.

After discussion and due consideration, Trustee Tyler moved that all of the bonds available and due be placed with the Clark Insurance Agency. His movement was supported by Trustee Robinson.

Yeas: Tyler, Robinson and Lawrence. Motion carried.

3. Authorization by the board to pay Water & Sewer Commission bills.

Robinson moved, supported by Lawrence, that the Northville Township Water & Sewer

Commission bills be paid.

Yeas: All. Nays: None. Motion carried.

4. Consideration of preliminary approval of Walter Couse's Edenderry Hills Sub. as recommended by the Township Planning Commission.

After discussion, by the board, receipt of Mosher Associates recommendation, and letter of recommendation from Waring & Johnson, Planning consultant.

Robinson moved, supported by Tyler, that Preliminary Approval be granted Edenderry Hills Subdivision, lots 1 through 15, as submitted by Wynn Wakenhut, Engineer for Walter Couse.

In Years Gone By

ONE YEARS AGO

April 19, 1962
—The Northville city council Monday approved the assessment roll for paving of East, High, Elm and Walnut streets. —Novi school district voters turned down a request Monday for a proposed six-mill increase, 601 to 389.

—The city of Northville could lose \$90,000 annually if the ban on parimutuel betting, as voted by delegates to the constitutional convention last week, is upheld.

—Wixom Councilman Raymond Lahti will attend the Oregon Summer institute in the humanities on the John Hay Fellows program.

—The Wixom city council heard reports last Thursday from engineers and state and county health officials on the status of sewers for Wixom. Wallace Benzie of the state health department pointed out that development of a treatment plant in Wixom, with outlet through the Norton drain into the Huron river, could serve as an interim solution.

FIVE YEARS AGO

April 17, 1958
—Dial telephone service will come to Northville and Novi at 2:01 a.m. on July 20.

—L. M. Eaton and Leland Smith were chosen to direct the activities of Mayors' Exchange Day, May 5.

—Funeral services for Louis V. David, a pioneer builder of midjet racing cars, were held in Northville Sunday.

—Announcement was made this week by the Farmington Savings and Loan association that an agency will be opened locally in the Northville Refrigeration service location on North Center street. Charles Hall announced that Northville Refrigeration will move into larger quarters of the Famous stores on Main street.

—U.S. Congresswoman Martha W. Griffiths and State Senator John B. Swainson will address a joint meeting of the Northville-Plymouth Democratic club tomorrow in the Amernman school.

—Assessor James Gardner's appraisals showed Wixom's assessed valuation to be over nine million dollars.

FIFTEEN YEARS AGO

April 16, 1948
—Walter C. Ballagh, pastor of the Northville Baptist church, will continue as pastor for the coming year.

—Racing Commissioner Lewis Bredin announced that Northville Downs had received a license to conduct harness races for 60 days, beginning August 2.

—The golden anniversary year of the fraternal order of Eagles will be commemorated by the Northville Aerie by launching a gold rush campaign, it was announced by Lawrence Drake, president.

—Reverend Harold Fredsell, pastor of the Northville Presbyterian church, is the new president of the Northwest Wayne Ministers' Association.

—Northville's University of Michigan club, under the direction of club President Mrs. William Chaffee, will show movies Tuesday in the school lunch room of the university's Rose Bowl victory.

—D. H. Van Hove was elected a trustee of the Presbyterian church Wednesday and he will serve until the next annual congregation meeting.

TWENTY-FIVE YEARS AGO

April 22, 1938
—Mary Elizabeth Harper, Robert Lyke, Dorothy Niles and Charles Strautz, all of Northville, have registered for the spring term at Cleary college, Ypsilanti.

—Twenty-one Northville merchants have banded together to protect their businesses by becoming members of the National Rating association of South Bend, Indiana.

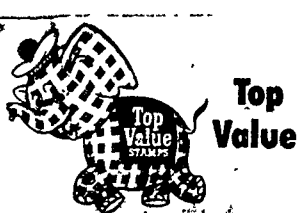

—For paying excessive paving taxes levied in 1928-29, residents of Dunlap street have been refunded \$3,105.

—Neil Hannafor, president of the newly-organized camera club, gave a program of interesting movies at the Northville Rotary club Tuesday noon.

—Orlow G. Owen will devote one of his display windows in the men's shop for bird house exhibits Friday, Saturday and Sunday. The Northville Garden Club will present prizes to the contest winners.

SPEAKING for The Record

by Bill Sliger

Charles H. Brower is president of Batten, Barton, Durstine & Osborn, an advertising agency with a name that rolls off your tongue and a list of clients that adds up to one of the biggest, bigtime agencies in the business.

As head of an organization in one of the most fiercely competitive fields of our modern age, you'd hardly expect Brower to be classified as a "square".

But he'd be proud to be called exactly that. Speaking before the Illinois State Chamber of Commerce Brower challenged his audience to "dare to be square". His address was condensed in the April edition of Reader's Digest.

Using his creative talent, Brower makes some interesting observations. For example:

Back in our grandparents' day, "square" was one of the finest words in our language. You gave a man a square deal if you were honest; you gave him a square meal when he was hungry; you stood foursquare for right; when you were out of debt you were square with the world and you could look a man square in the eye.

Now a square is a man who never learned to get away with it, Brower notes.

He's a boob who gets so lost in his work he has to be reminded to go home; a slob who still gets all choked up when the band plays "America the Beautiful"; a square, and strictly from Squaresville.

He doesn't fit neatly into the current group of angle players, corner cutters, sharp-shooters and goof-offs. He's burdened down with old ideas of honesty, loyalty, courage and thrift.

Brower sadly notes that our ancient disciplines have been abandoned as too stark for the poor feeble souls we are — and that our colleges are loaded with youngsters who are hardly prepared for high school — and learning without discipline has produced non-books thrown together by non-writers and paintings by people who never learned to paint.

He points out that it is easy to prove that almost all our national heroes were squares — simply by thinking what they might have said had they not been squares:

Nathan Hale: Me spy on those British? Are you trying to be funny? Do you know what they do with the spies they catch? I'll give you a news flash, chum. They hang them!

Patrick Henry: Sure, I'm for liberty. But we've got to be a little realistic. We're a pretty small outfit. If we start pushing the British around, someone is going to get hurt.

Paul Revere: What do you mean — me ride through every Middlesex village and town? And in the middle of the night yet? Why pick on me? Am I the only man in Boston with a horse?

Another Brower observation: a recent survey of school history books issued before 1920 compared with those issued since shows that Nathan Hale said "I only regret that I have but one life to give for my country" in 11 of the old texts and only one of the new; that Patrick Henry said "Give me liberty or give me death" in 12 of 14 earlier texts and in only three of 45 recent ones; and that John Paul Jones said "I have not yet begun to fight" in nine of the old books — and in none of the new.

It's noted by Brower that 19 of 21 notable civilizations perished from the evaporation of belief from within. Hopefully, he believes our country is going back to its old beliefs — in such things as ideas, pride, patriotism, loyalty, devotion and even hard work.

And he points to a whole new set of heroes — named Glenna, Grissom, Shepard, Carpenter, Schirra and Cooper from little towns like Boulder, East Derby, New Concord, Mitchell, Oradell and Shawnee.

"These lads apparently lived too far from the big city and grew up to be squares. For who but a square would volunteer his life for his country's good?"

But the forces of conformity are still strong, says Brower. Too many of us are still sitting it out instead of sweating it out. Too many of us haven't got the guts to stand up and dare to be a square.

Michigan Mirror

Seek New Ideas for Fairground Use

State Fair officials have a number of ideas for expanding the uses of the Fairgrounds at Detroit, but they are looking for more suggestions.

The State Fair Authority recently retained Oskar Stonorov, an internationally known architect, to design a site plan for future development of the Fairgrounds.

Walter A. Goodman, general manager of the Fair, emphasizes the Authority will keep

the staging of the annual State Fair as its basic purpose but another objective is to provide facilities to meet the year-round recreational needs of the State.

Some of the suggestions for year-round facilities to be added to the Fairgrounds are for ice and field hockey, soccer, amateur and semi-professional theater, miniature golf, skiing, an antique car museum, and

special buildings for use by groups.

The groups for which facilities have been recommended by interested citizens to date include 4-H, Future Farmers of America, Boy Scouts and Girl Scouts, and senior citizens.

Development of settings similar to California's Disneyland and Denmark's Tivoli Gardens also have been suggested.

Goodman is now looking for other ideas which the architect can use in laying out the plan for the Fairgrounds.

Effects of the controversial Sunday Closing Law, passed by the 1962 Legislature, are just beginning to be felt in counties where it will be enforced.

Many County Boards of Supervisors voted to exempt their areas from the provisions before the enactment actually became law late in March. Court action tied up enforcement in a number of other areas.

One of the more curious effects of the law came in the Legislature, however, where an attempt to repeal it throughout the state was started even before it became law.

Russell Strange, a fourth-term Republican Representative from Clare, introduced the repeal bill early in the 1963 session.

Although his proposal died in committee, Strange said he thought the committee's decision was a wise one. "They told me they wanted to give it a year to run before making a decision on whether it should remain in effect," he said.

Support for the repeal bill appeared to be strong although the measure never got to the floor for debate. Indications were another attempt to eliminate the mandatory one-day closing will be made during coming sessions.

Failure of his proposals to regulate the trading stamp industry disappointed Atty. Gen. Frank J. Kelley, but he says he plans to renew the effort.

during the next legislative session.

Identical bills introduced in the House and Senate this year on Kelley's behalf were designed to give an insurance factor to Mrs. Michigan Housewife that when she saves stamps over a long period of time she will receive some measure of value from them.

Both bills died in the committees to which they were assigned. The Senate State Affairs Committee held a hearing on the proposal which drew strong protest to the regulation from spokesmen for the industry. In the House working unit, the bill was lost in the shuffle to consider other measures.

"I am, of course, disappointed that this reasonable regulation failed to be adopted by the Legislature this year," said Kelley, the state's chief law enforcement officer. "However, I think we have made clear the necessity of regulation of this multi-million dollar industry in the public interest."

Kelley's strong interest in the legislation was prompted by the failure of two stamp companies in Michigan in the past three years. In both cases, poor management was blamed primarily for the bankruptcy of the firms, but Kelley and others felt if the industry had been regulated the impractical management procedures might have been noted before the firms became insolvent.

In each case, housewives holding stamps issued by the firms were unable to redeem them for merchandise.

Roger Babson

Goldmine in Colors

Babson Park, Mass. — Here are interesting questions: Why are beets red? Why is squash yellow? Why are potatoes white? Why is milk white, but water neutral?

As I mentioned in a recent weekly column, one of the greatest future achievements will be the discovery of how the sun makes the leaves, grass, and other things green. This is the color which is best for our eyes. If everything were green, the oculists would not do so much business.

Already the interiors of many factories and offices are painted green, and I forecast this may someday become state law.

Another important color is white. All raincoats and overcoats should be white — and probably evening clothes. The wearing of white would greatly reduce accidents to people crossing streets after dark. White shirts should be generally adopted.

My next automobile will be white. In fact, I may have my present cars repainted white. The time is coming when the builders of houses will have to get clearance from the city's planning board before deciding on a color to paint houses.

Cities may be zoned according to color. The houses in one block may be all of one color and the houses listed by number within that color.

This would save people passing in automobiles much time in locating homes or offices they might be seeking. Color has great and exciting possibilities.

At the present time newspapers are using red ink for certain advertisements — but I forecast that more and more they will be using different colors. Some ads will be done in red; some in green; and some in yellow. Tests will then be made to determine what colors best catch the reader's eye; and the price of an advertisement will be adjusted accordingly.

The use of color by newspapers to call attention to special news items will help these papers compete with color TV. We know that color has been greatly developed in our homes, in our stores, and in labels and illustrations. Manufacturers of all merchandise are now using color increasingly to get us to buy goods. Hence, they spend much money on package design of all kinds. Note how the supermarkets feature color.

Remember — a few years ago it was to be color television that would be the great new industry that would lead our economy out of the wilderness? But then came the Sputniks and the space programs — and while the missiles soared, color TV never did get off the ground.

However, word is getting around in top commercial circles that 1963 will be the big year for TV's trek to color. 1962 saw color TV sales start rolling — across the 400,000-set mark and double 1961. 1963 could see dollar sales of color moving up close to the halfway mark in relation to black-and-white sales.

I personally do not look at TV except for a few special programs. I prefer to use the time in reading my favorite newspapers and magazines.

While the radio and TV program editors have been making their "shows" more attractive, no inventor has increased the length of days or made it possible to cut down a man's required sleep. Now let me say a word about the movies. If the movies will keep absolutely free from advertising, there will always be a need for good movies.

It is rumored that certain air conditioning or heating companies are experimenting with the use of color to make a room cooler or warmer. If successful, this will result in another gadget for the utilities people to sell, as it should use more electric power.

One thing is certain: — Very interesting developments are in test tubes and on drawing boards today which will appear in advertisements and shop windows tomorrow. Hence — whenever you note color — realize that it may revolutionize your city, your block, your home, and your habits.

Therefore, diversify your investments, and keep some cash on hand to invest when the proper time comes. Many investors will someday make millions on new and better uses for color.
