

Which One Will Reign?

CANDIDATES FOR QUEEN — One of these three lovely senior girls at Northville high school will be named Homecoming Queen tomorrow afternoon for the annual homecoming football festivities. The candidates are (l to r) Rosie Budek, Mary Logeman and Chris Moase.

W-O Title on Line For Homecoming

Royalty will reign supreme Friday in Northville.

That's when the Homecoming queen will take the throne to watch a battle royal between the league leading Northville Mustangs and the Milford Indians, termed a top contender for the Wayne-Oakland County league title. The game will get underway here at 8 p.m.

After balloting by high school students and the coronation of the queen and her court will be held in a parade, during half-time ceremonies and after the game at a dance.

Announcement of the selection of the queen, chosen by the student body, will be made at a pep assembly tomorrow by Principal Fred Stefanski. She will be crowned by the 1962 Homecoming queen, Karen Peterson, a freshman at Central Michigan university, Mount Pleasant.

Candidates for the honored position are seniors Rosie Budek, Mary Logeman and Chris Moase. Included in the court will be Marcie Ruland, sophomore, Pat Moase, freshman, and Linda Nelson, junior.

This year's queen will be the sixth to wear the crown, presented originally by the student council. The queen will be given a miniature crown at day's end as a remembrance.

There will be a parade through the downtown business district, beginning at 7 p.m.

During half-time ceremonies, the queen will be officially presented.

The band will perform a short routine, diamonds for the queen, and then form a crown. She will meet the team captains, Dave Cummings and Ron Rice, who will present her with a bouquet of flowers.

Capping the festive evening will be the Homecoming dance at the Community building following the game. Providing dance music until 12 p.m. will be the Northville high school stage band, directed by Robert Williams.

Winner of tomorrow night's contest between the Mustangs and Indians could very well go on to win the Wayne-Oakland League crown.

Northville is tied for the lead with Clarkston; both have 3-0 records.

Griddle To Gridiron

Don't bother with dinner Friday, Mom.

Tell Dad to pack the family in the car and join the Homecoming football crowd for pancakes and ham and genuine maple syrup at the Presbyterian Men's Club annual Pancake Supper.

Chairman Ed Sprunk says the men will serve customers "all they can eat" with prompt service promised from 5-7 p.m. at the church fellowship hall.

Milford is riding high since knocking off the number three ranked class B team in the state and pre-season title favorite, West Bloomfield.

Milford's victory, however, was no startling surprise.

The Indians are not especially big, but they're the fastest in the league. Halfbacks Skip Miller and Bob Ward are dangerous open field threats. Once they get that step, they're gone.

What's more, in the person of Tom Yeager, the Indians have a top rate passer and a heady signal caller.

"Evidently, they're the best in the league," said Coach Ron Horwath.

Backing up Horwath's contention is an awesome fact — Milford has averaged at least five TD's per game. Only a good Clarkston team has been able to stop the Indians. Clarkston won 25-12.

But Yeager was on the sidelines, nursing an injury.

Coach Horwath indicates that his gridders will try to defend the Indians. As he says, "it'll be a real test for the defense."

Improving Northville's chances for victory is the return of Tailback Dave Cummings and Lineman Ralph Conrad. Just off the injured list, they will give the Mustangs more depth in the backfield and line.

Other injuries are hurting the Mustangs. Halfback Bill Wilson will be out indefinitely and Quarterback John Mach is definitely out for the season.

Next Thursday

It's Magidoff for Slezak In Town Hall Opener

Just as planned, the Northville Town Hall series will open its third season next Thursday (October 17) at 11 a.m. at the P & A Theatre.

But not as originally planned, Nila Magidoff will be the leadoff speaker.

Actor Walter Slezak was scheduled to open the 1963-64 season with "Show Business is No Business". But he's busy — completing a Walt Disney film in Germany. So a switch was arranged with Nila, who was to appear March 19, 1964.

Russian-born Nila Magidoff will reveal her experiences behind the Iron Curtain with "I Return to Russia as an American".

She will offer an unusual, off-beat report on the human element in the USSR — on how the life of the people has changed from the days of Stalin. Nila takes her audience with her to a Moscow public bath-house, to a Soviet fashion show, to a Bolshevik wedding ceremony and reports on her meetings with

people who returned from concentration camps after Stalin's death.

She has gained audience favor throughout the country with her vibrant personality, effervescent sense of humor, enthusiasm for life and deep sense of patriotism to this country.

Town Hall series tickets are

NILA MAGIDOFF

sold on a season basis. It was noted this week that a limited number of tickets still remain available for the five lectures. They may be reserved by calling Mrs. J. W. Cheatham, FI 9-1016 or Mrs. H. F. Wagenschutz, FI 9-2976.

The Celebrity Luncheon immediately following the first lecture will be held at Meadowbrook Country Club. The luncheon provides further comments by the guest speaker and usually permit questions from the audience.

Reservations for the luncheon must be made by Monday by contacting Mrs. W. L. Howard, FI 9-1643.

Subsequent lectures include: Alexander Rorke, Jr. November 21 "Communism in Latin America and the Anti-Castro Revolt." Dr. Albert Burke, February 20, 1964 "A Way of Thinking." Walter Slezak, March 19, 1964 "Show Business is No Business." Count Ferdinando Sarni, April 16, 1964 "Highlights of High Fashion."

Boy Bitten; Seek Dog

A two-year-old boy faces more painful rabies shots this week unless a small, dark brown dog is found in or near Salem.

Matthew Helmer, son of Mr. and Mrs. Jack Helmer of 15812 Maxwell, Plymouth was bitten about the face and hand by the dog while playing near the Salem Baptist church on Chubb road near Six Mile road.

Anti-rabies shots were begun shortly after the boy was bitten last week Wednesday. The shots will continue until the boy has had 14 in all unless the animal is found.

Anyone knowing of a dog of that description in the Salem area is urged to call the Helmers immediately at GL 3-1280.

All Bonds Sold — Building to Start

Stamp "success" on the first project of Northville's Area Development Corporation.

The debentures are sold, agreement is signed and construction set to start on the \$185,000 expansion of Foundry Flak & Equipment company.

To the working members and backers of the non-profit community development group completion of final details marks the end of year-long efforts.

To officials and employees of Foundry Flak it means an opportunity to improve plant operation, expand production and create new employment.

To the community it means a stronger tax base, more employment opportunity and the satisfaction of accomplishment thru community cooperation with local industry.

The last of the local development corporation's debentures were sold this week. Altogether, the Northville Area Development Corporation had to sell \$27,500 worth of debentures as its share of the project.

In round figures, the federal Small Business Administration provided \$133,000 at four percent interest rate; Manufacturers National Bank participated in the loan in the amount of \$15,000; and Foundry Flak, \$9,000.

The 120 by 150-foot building addition to the Cady street firm will be constructed by the development corporation, leased to Foundry Flak and in 15 years — or when all indebtedness is retired — the building will be sold to the firm for \$1.00.

Rental of the building will permit the development corporation to make annual principle and interest payments at six percent return.

The infant-development corporation has been in operation for approximately two years. It was

organized originally thru appointments made by the city council, school board and township board.

Initial organization of the development "committee" led to incorporation. Councilman John Canterbury

headed the committee. He was succeeded by Eugene Cook. C. A. Smith was elected president of the corporation, a smaller body within the total committee with corporate powers to do business.

Center street traffic dominated Monday night's city council session.

Petitions seeking the removal of the early morning and afternoon parking ban between Main and Dunlap were presented by two Center street businessmen.

A report on traffic survey results submitted by the city manager concluded that "it not only appears that the existing restrictions are necessary and generally desirable but that there is justification for extending limitations to later hours."

The petition came first. It was turned over to the council by Roger McClain, owner of the Spinning Wheel. Signatures of 164 customers from throughout the area, as well as several merchants, appeared on the petition.

McClain told the council that the businessmen he represented would like the ban lifted because "we feel it's hurting our business."

Parking is prohibited on the west side of Center between Dunlap and Main from 6-9 a.m. and on the east side from 3-6 p.m. Monday through Friday.

Mayor A. M. Allen explained to McClain that some pressure had been brought by the county, which has jurisdiction over Center street, to ban parking altogether. The mayor said that the limited ban was introduced at peak traffic hours as a compromise, and as the result of suggestions by a citizens' traffic study committee.

McClain proposed that other methods could be used to accomplish the same thing. He asked that school buses be taken off Center street and that no left turns be permitted off Center at Dunlap and Main.

"Where would we send the buses?" asked the mayor.

McClain said he didn't know... "maybe Wing street."

Councilman John Canterbury asked the merchants if businessmen favored "no left turn" at Main street. McClain said

those he had talked to did. Leo Markum, owner of Ramsey's Bar, admitted to councilmembers that a traffic problem did exist, but suggested that another means, such as "no left turn" would solve it. He noted that prospective customers could not stop for a drink before work in the morning.

Councilman Canterbury noted that a "no left turn" at Main would prevent the customer from patronizing a Main street bar east of Center.

Canterbury then went on to note that the council is interested in helping business. "We've spent considerable money for off-street parking and have been criticized by some people for doing this," he stated. The councilman noted that the temporary city hall would be torn down for alley entrance and additional parking in the existing lot behind the Methodist church.

McClain disputed the council's safety claims. He said it was safer to have parking on both sides because traffic then moves slower. John Chedrick, barber shop owner, noted that the parking ban not only hurt business, but was an inconvenience for shoppers.

The council promised to consider the protest, but noted that it had been under study for a year and had been reviewed after some complaints shortly before the plan was initiated.

City Manager Bruce Potthoff read his report, the results of traffic count surveys. His report concluded:

"In spite of the fact that for the past two years there has been speculation, discussion and publicity concerning parking prohibitions on Center street between Main and Dunlap, it wasn't until after the restrictions were made that opposition was expressed.

"It isn't as if the decision to make the restrictions was arbitrary or capricious; to the contrary, this particular problem area has received more attention from diverse sources than any other.

"In the fall of 1961, the Wayne County and Oakland County Road Commission recommended that on-street parking be severely restricted in this area. Later in 1962 a citizens' traffic study committee

Other active members include A. M. Lawrence, Gunnar Stromberg, John Miller, Fred Kester, Robert Shafer, A. R. Clarke, N. C. Schrader, Bruce Potthoff, Philip Ogilvie and H. B. Putnam.

made recommendations including a parking restriction for this same area. In addition, the Planning Commission proposed some restrictions in conjunction with their proposed revised traffic plan for the business district.

"In each instance the Police Department and myself had concurred that such restrictions were desirable. In order that accurate and up-to-date information was available for appraisal, a 48-hour traffic count was conducted. The counters were so placed that the north-bound and south-bound traffic was tabulated separately. In addition, personal observations were made to determine what other factors might have a bearing on the situation.

"The traffic count by itself revealed a most interesting situation. In 1961 the Wayne County Road Commission conducted a count at several points within the city. This survey showed a volume of 5,479 vehicles per day on Center street at the Seven Mile road and 5,665 vehicles per day on Center street at the Eight Mile road.

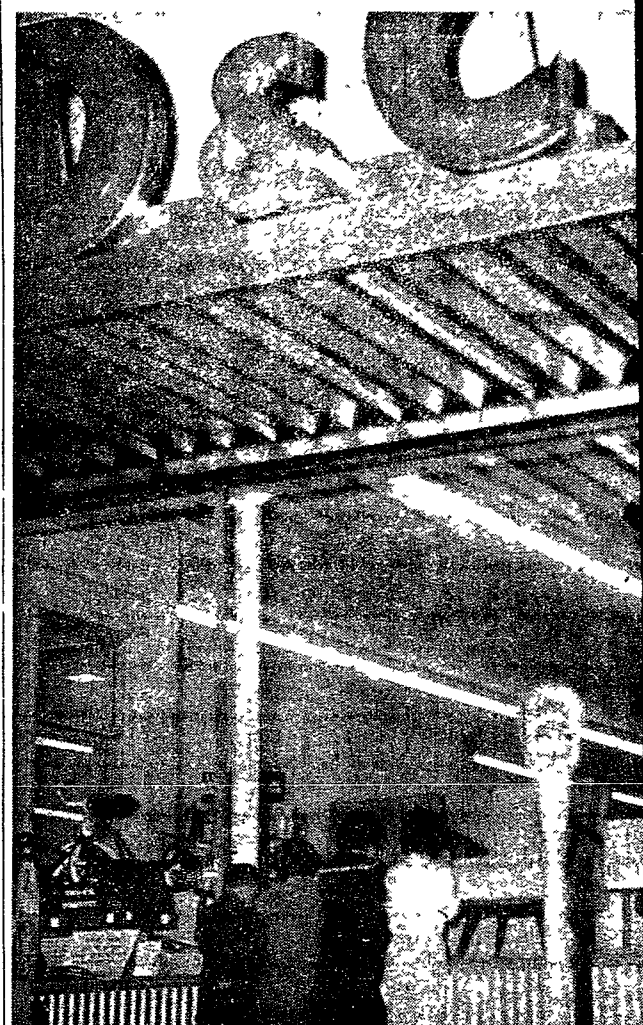

"Our recent traffic count, just two years after those sited above, shows an average of 9,350 vehicles per day on Center street between Main and Dunlap. Without very exhaustive and detailed studies it is difficult to draw any number of conclusions but it is clear that this one segment of street carries almost twice as much traffic as sections of the street where parking is much more severely restricted.

"The removal of parking during the periods of heavy traffic serves several purposes. There are numerous left-hand turns off Center street, either on to Main or Dunlap. With cars parked along the curb, the turning car effectively stops all traffic. By removing parking, traffic may continue to flow.

"The most obvious and prevalent situation is what happens when a car is either trying to move into or out of a parking place. Likewise traffic again is stopped. A study conducted by Yale University in an average city with parking stalls slightly larger than ours showed the average time that it takes to park a car in a parallel position was 32.2 seconds. This half-minute may not sound like a lot of time but it is where traffic is concerned. This is particularly true where there is a 40 second cycle to the traffic lights."

In final business Monday night the council passed the Orchard drive assessment for storm sewer installation without a question. Bids for the job are scheduled to be opened at the October 21 council meeting with construction expected to be completed this fall.

The council also awarded a contract for installation of more than 400 feet of new sidewalk and replacement of some 5,700 feet throughout the city to Smith and Forrester Excavating Company of Novi, low bidders.

PREVIEW PEEK — For an inside look at the new D & C store, these youngsters will have to wait until tomorrow, just like everyone else. That's when the grand opening of the newly-located and enlarged variety store is scheduled. D & C moved this week from 103 to 139 East Main. For more information about the grand opening see pages two and three, section two.

Scout Building Dedication Set

Dedication ceremonies for Northville's new Scout-Recreation building on Cady street will be held November 3.

City Councilman Richard Ambler told fellow councilmembers Monday night that the recreation committee had recommended that date and urged total completion of the facility for public viewing.

Fencing, grading, sodding, parking and an area for ice skating remain as the priority needs at the site, Ambler stated.

But the council faces money problems.

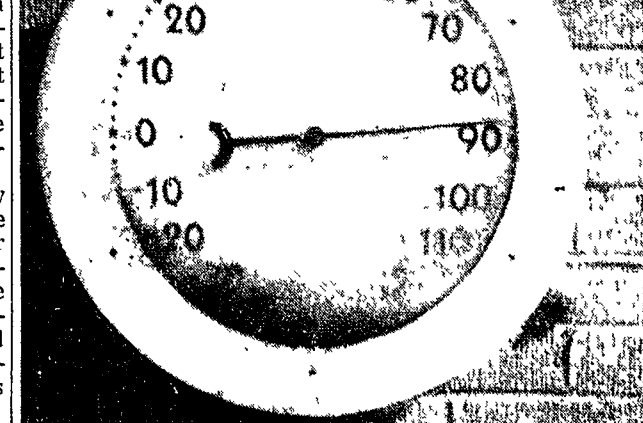

The building was constructed on city-owned property with funds acquired from the sale of the old scout building on Dunlap (\$13,000) and public contributions. Total cost of the building was approximately \$26,000.

Councilman John Canterbury suggested that some persons who had not contributed to the building itself might now wish to help finance the ground work.

No definite plan for obtaining needed funds was established but the council instructed the city manager to proceed with grading, sodding and bids for fence and seal coat for an ice skating rink.

Councilman Fred Kester will chairman the event which pays tribute to employees and volunteer members of the city government.

Scheduled for October 24 at the VFW hall, the dinner will feature Attorney Clifton Hill as master of ceremonies and Wayne County Circuit Judge John Wise as principle speaker.

COOLER IN SUBURBS — Detroit recorded a record high October temperature of 91-degrees Sunday at 1 p.m. At the same hour in Northville this unofficial thermometer recorded a "cool" 89-degrees.

News Around Northville

Wayne Wendel, the youngest son of Mr. and Mrs. Ernest Lusk of 561 Grace street, celebrated his fourth birthday on October 2 at his home. Wayne received a birthday call from his grandparents, Mr. and Mrs. James Lee of 302 Pennell, who vacationed in Quebec and Woodstock, Ontario. Cake and ice cream were served.

Word has been received that Max L. Hollis has been promoted to Specialist E-5. Hollis entered the Army in December of 1961 and is presently serving in Germany. He is the father of Vanessa and Samuel Hollis of this city.

Mrs. Sadie Bush, 96, who makes her home with her daughter and family, the Fred

Wenkers on Sunset street, recently fell and suffered a hip fracture. She is a patient at William Beaumont Hospital in Royal Oak, room 536. Only a few weeks ago she recovered from a broken knee. She fell while visiting in the home of her son, Evert Bush of Royal Oak.

Mrs. Ward Schultz and her mother, Mrs. Theresa Fisor of South Rogers street, returned home Sunday by jet after a three weeks vacation, visiting relatives and friends in Lakewood, California.

Mrs. Bruno Freydl, 88, of 118 East Main, suffered a broken hip this week and is a patient at St. Mary hospital in Livonia.

Fred Watson of East Cady street is a patient at the Veteran's hospital in Ann Arbor where he is to undergo surgery.

In Our Town:

Fashions on View At Meadowbrook

By Jean Day

FASHION SHOWS are more exciting this fall than they have been in many a year. The fashion show following luncheon today at Meadowbrook Country club is no exception.

The reason is the new floor length for dinner and evening gowns. Sure to draw applause from the capacity crowd at Meadowbrook will be sleek velvet gowns topped with important evening coats—new in wool.

Mrs. Robert Spangler of Union Lake, social chairman for the club, is in charge of arrangements. Fashions are by B. Siegel company, Detroit. Adding to the fun will be a drawing for a sable boa. A cocktail hour at 11:30 a.m. will precede the luncheon and the preview of fall and winter fashions.

TODAY ALSO IS A SOCIAL DAY for members and friends of Newcomers club. A fall card party, the group's fund-raising event for the year, gets underway at 8 p.m. in Our Lady of Victory church social hall.

Mrs. Donald Waldenmayer, chairman, estimates there will be 25 tables in play. She requests that anyone not planning to play bridge bring her own cards. There will be a fruit cake sale in conjunction with the party.

Funds raised will be donated to community causes. Assisting with arrangements is Mrs. F. F. Ishac, president.

A NEW, AND MOST WELCOME, ARRIVAL in Northville is wee Bonnie Beth, daughter of Mr. and Mrs. Earl McIntosh, of Woodhill road. She was born September 27, fulfilling her parents' "pink prediction". When the McIntoshes moved into their new home this summer, nursery walls were painted pink in anticipation of the baby-to-come. Such optimism was rewarded this week as Bonnie was admired by her four brothers.

NORTHVILLE TOWN HALL board members found Monday that they have good news for newcomers to the area and for those who may have neglected getting their season tickets — there still are a few available. Anyone interested may call Mrs. H. F. Wagenschutz, FI-9-2976.

The 1963-64 series opens next Thursday with a switch in programming: Nila Magidoff, originally scheduled for March, will lead off the five-lecture series, replacing Walter Slezak, who has been detained in Europe. He's reported making a movie for Walt Disney.

FINGERS CROSSED — Mrs. Albert G. Kalin (left), in charge of Northville area reservations for Saturday's second annual dinner-dance sponsored by St. Mary's Guild of St. Mary hospital, and Mrs. R. M. VanEe, chairman of raffle tickets for this area, are hoping for another successful event. They posed in front of the picturesque Kalin home after conferring on ticket sales. The program will be held at Roman hall in Livonia beginning at 7 p.m. Proceeds, of course, are donated to the hospital.

Choral Conductor Speaks Here

Lauds Student Exchange

A "smile and handshake" go a long way in world relationships, Michigan corale conductor Lester McCoy told Northville Woman's club members and guests at their opening-season luncheon last week. These, he said, have been the passports-to-friendship for the 70-member groups of teenagers who have gone abroad as part of the Youth for Understanding exchange programs.

McCoy, who has been University of Michigan Choral Union director since 1947, admits he would prefer to spend his summer vacation on his farm but says he feels the benefits of this people-to-people tour by youngsters "with no axes to grind" make the trips worthwhile.

He cited high lights of last summer's tour of the Scandinavian countries from Helsinki, Finland, through England, Sweden, Denmark and Holland. The young singers gave 49 concerts — in addition to television and radio shows — in 48 days!

One main lesson learned, "People the world over are the same, no matter what their nationality," declared McCoy, pointing out that the singing teenagers were at an age where their impressions were most lasting.

"These youngsters," he said, "learn a lot about themselves under pressure — they learn to get along with themselves, with eight or nine families with whom they live during the tour and in public appearances."

Almost all are high school seniors, leaders in their own Michigan schools, and in the top third of their class academically. The group travelled by

charter airline with each young singer paying \$750 toward his expenses. They sang in banks and stores as well as churches and auditoriums.

McCoy felt one tourist summered up the experience well in the after-trip report each writes, saying: "I have the feeling now that I don't have just my family here in Michigan, but I have eight other sets of parents in the world!"

—Engagements—

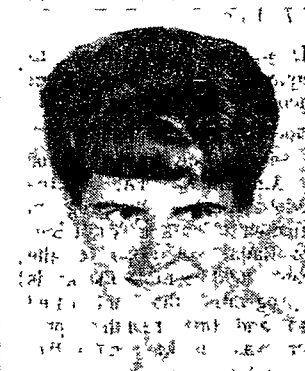

Carol Anne Bensen

A November 9th wedding is planned by former Northville resident, Carol Anne Bensen of Redondo Beach, and Chester Robert Lee of Hawthorne, California.

The bride elect, daughter of Matilda G. Bensen of Redondo Beach, California and Willard L. Bensen of Ferndale, Michigan, was a 1960 graduate of Northville high school, and is now employed by Security First National Bank of Westchester.

Mr. Lee is the son of Chester Lee of Reno, Nevada and Mrs. F. Powell of Boise, Idaho, and is employed by United States Plumbing of Hawthorne.

The couple met while attending El Camino College and have been engaged since April.

Eva Marie Shafer

Mr. and Mrs. Harry Shafer, Indian River drive, Eau Gallie, Florida and formerly of Northville announce the engagement of their daughter, Miss Eva Marie to Mr. Daniel G. Thompson, son of Mr. and Mrs. George Thompson, Waterway Drive, Eau Gallie, Florida.

Miss Shafer and Mr. Thompson are both graduates of Melbourne High school in the class of '60. The bride to be is a senior at the University of Florida and Mr. Thompson is a Naval Air Cadet at Milton, Florida. A wedding date has not been set.

First Fall Concert Set at Plymouth

Another season of outstanding music will get underway Saturday, October 19 when Plymouth Symphony Orchestra presents its first fall concert.

Under the baton of Wayne Dunlap, gifted conductor, entering his 12th season with Plymouth Symphony, the opening night presentation will feature Robert Schulman, piano soloist.

The program will include Savannah River Holiday, Overture, by Ron Nelson; Piano Concerto No. 3 by Bartok; and Symphony No. 7 by Beethoven.

The soloist, a resident of Detroit, was winner of the \$1,000 Grinnell Foundation award and the Mozart Foundation scholarship for study at Mozarteum in Salzburg, Austria. Both awards were made this year.

First official pianist and soloist for the Detroit Opera Company, Schulman has been pianist for the Detroit Symphony for different parts; once, when Aaron Copland came to conduct his work, for the Detroit Opera Company, and once for the Midwest Congress of Ballet Companies.

He has composed a number of pieces including works for piano, a violin and piano sonata, a string quartet, and he is now completing a poem for orchestra. In 1961 his violin and piano sonata was performed at Wayne State university and recorded for WDET. He has been teaching privately for a number of years and now has 30 pupils.

Plymouth's conductor is entering his 12th season with the orchestra. He also this year assumed the position of conductor of the South Oakland Symphony Orchestra.

The orchestra itself numbers between 95 and 100 musicians and is made up of both professionals and talented amateurs drawn from 20 different communities near Plymouth. The concert master is Emily Mutter Adams Austin.

All concerts, which are held in the Plymouth high school auditorium, are open to the public without charge.

Other upcoming programs in this 18th season at Plymouth include:

November 17 — Shakespeare Program, including Overture to the "Tempest"; the University of Michigan Consort directed by Robert Warner; excerpts from music to "A Midsummer Night's Dream";

Suite from the Stage Music to Haraucourt's Comedy "Shylock"; and Romeo and Juliet, a dramatic symphony, Part II.

December 8 — Christmas Oratorio, Parts I, II and III, to include the Kenneth Jewell Chorale.

January 26 — Family Concert, including the Bibicoff scholarship and winners; Noyes Flude; and soloists to be announced later.

March 1 — Lierenkonzerte No. 1 in C, for Two Flutes and Strings; Concerto for Violin and Orchestra in D Minor, Emily M. Austin, soloist; New Wine in Old Bottles, Addison Suite; and Death and Transfiguration.

April 11 — La Boheme, concert performance, with soloists to be announced later.

AAUW Plans Sale Of Books

Used books of all types are being sought by the Northville, Plymouth branch of the American Association of University Women for its annual book sale, April 30 - May 2, 1964.

The drive for used books will be October 14-26; the books collected then will be sorted and priced for the spring sale.

Prices will range from 5 cents to \$1 according to content and condition. All profits go to the AAUW's Fellowship Fund which assists deserving women in graduate studies here and abroad.

"This is your opportunity to clean out the attic and bookcase and let those old book friends bring pleasure again to some reader," officials said. "They are too good to throw away and of no use to you, so why not let them be of double good again: another reader will enjoy them, and their price will help a student in her work. Histories, novels, textbooks, pocketbooks, reference books, magazines, anthologies, children's books, 'how to' books, and all others are needed and welcome."

A collection box will be in the Northville Kroger store as well as in Kroger, Food Fair, Stop and Shop, and A&P in Plymouth October 14-26. For a personal pickup, call Mrs. Maas at FI-9-2847 or Miss Webb at GL-3-0485.

Excitement, Activities Mount Here As State Button Convention Nears

Members of the local Mayflower Button Group stepped up their activities this week as they prepared to host the Michigan State Society button meeting on Saturday, October 19.

The meeting will be held in the Methodist Church house throughout the day.

Featured at the conclave, which is expected to attract 100 persons from throughout Michigan and Canada, will be a buffet lunch prepared by the WSCS of the Methodist church. Reservations for the luncheon should be addressed to Mrs. Mary Meaker, 45801 West Seven Mile road.

Cost per luncheon ticket is \$2.50.

According to local club officials, guests will be welcomed by host members who will wear pink and green corsages of the Mayflower design so that these persons can be easily identified by visitors to Northville.

Edmund Yerkes has offered to serve as chauffeur in driving the courtesy car, officials said and those desiring this service are asked to contact him at FI 9-3442, the Methodist church at FI 9-3815, or Mrs. Meaker at FI 9-2181.

Guest speaker for the event will be Mrs. Milla Livingston, president of the state organization, who will talk on transportation. Her talk will be supplemented by a film.

Following the program, guests and members will be served coffee or tea "for the road" at 4 p.m.

Button displays will decorate the church hall, and button supplies will be available, officials said. There'll be road-way cards, polycel bags, walnut frames, and a few Michigan bulletins.

HOMEcoming BEAUTIES — These six Northville high school girls will be the center of attention tomorrow for the annual homecoming festivities — before, during and after the football game between Northville and Milford. They are (l. to r. top): Marcie Rüland, Pat Moase, Linda Nelson; Chris Moase, Mary Legeman and Rosie Budek. (See story and picture on Page 1).

Junior High P-TA Meets Thursday

Introduction of new teachers will highlight a meeting of the Northville Junior High School P-TA tonight (Thursday).

The meeting will be held in the junior high school library beginning at 8 p.m.

In addition to the introduction of teachers, Principal Donald VanLingen will discuss policy, curriculum and school activities.

Installation of new officers also will take place. The new officers are:

Mr. and Mrs. A. T. Gillahan, president; Mrs. Donald Boor, vice-president; Mrs. Gertrude Fey, teacher vice-president; Mrs. Howard Evans, secretary-treasurer; Mr. and Mrs. Martin Cayley and Mr. and Mrs. Alex Johnson, area council delegates;

Mrs. John Keyes, membership chairman; Mrs. William Martin, social; Mrs. Arthur Harned, hospitality; Mrs. Donald Hammabarger, nominating; and Francis Gatzky, junior-high carnival.

Guild to Meet

Northville Lights Home Extension Study Group will hold a meeting on Monday at the home of Mrs. Robert Horner, 351 South Rogers.

U-M Instructor to Speak At Amerman P-TA

An instructor in the University of Michigan school of education will be the guest speaker at a meeting of the Amerman P-TA on Monday, October 21.

Lionel Metivier will speak on "Common Concerns of Children" at the 8 p.m. meeting.

Born in 1926 in Berlin, New Hampshire, he attended Teachers College in Plymouth, New Hampshire, where he graduated in 1952 with a bachelor in education degree.

He taught in New Hampton, New Hampshire, and Rockport, Maine, before traveling to Japan where he taught English at Yamagata university for the Fulbright Commission in Japan.

Metivier is a member of Phi Delta Kappa and a life member of the National Education association. He was a participant in the White House Conference on Children and Youth in Washington.

Attend Conclave

Six local women attended the Kings Daughters convention at Midland Tuesday and Wednesday.

They are Mrs. Ruth Starkweather, Mrs. Clifford Nutter, Mrs. Emma Reid, Mrs. Gerald Taft, Mrs. J. Lilienberger, and Mrs. Alice Junod.

Births

The number of children in the Charles Nichols family of Northville was doubled Wednesday, October 3, with the birth of twins.

The twins, a boy and a girl named Gregory Ray and Kimberly Gave, were born at St. Mary's Hospital in Livonia. They weighed 3 pounds, 13 ounces and 6 pounds, respectively.

Welcoming their new brother and sister at their home at 212 North Wing are Lynn, 10, and Denise, 3.

The proud grandparents are Mr. and Mrs. Kelley Spencer of Jackson, Kentucky and Mrs. Rachel Nichols, also of Jackson.

A son, Roger Stuart, was born Sunday, September 29 at 9:59 p.m. to Mr. and Mrs. Charles Altman, Jr., at St. Mary's hospital in Livonia. The baby weighed 8 pounds, 7 ounces. Mr. and Mrs. Altman reside at 866 Grace in Northville.

A son, Ross Owen, was born to the Rev. and Mrs. Bruce Felker of Alpine, Texas on Monday, October 7. The baby, first child of the Felkers, weighed 7 pounds, 6 ounces at birth.

Maternal grandparents are Mr. and Mrs. H. H. Beauchamp of Rosenberg, Texas. Paternal grandparents are Mr. and Mrs. Ancil Felker of Randolph street, Northville.

Mr. and Mrs. Robert Nickels of 106 East Cady are proudly announcing the birth of their first child, a baby girl born September 11 at St. Mary's hospital.

The baby, named Tracy Lee, weighed 7 pounds, 3 ounces at birth.

Maternal grandparents are Mr. and Mrs. C. H. Johnson of Cady street and the paternal grandparents are Mr. and Mrs. William Nickels of Livonia.

NEWCOMER'S CORNER

I look upon every day to be lost,
in which I do not make a new
acquaintance.

— Samuel Johnson

Newcomers Mr. and Mrs. Roger Eichen

A young man who lived with his parents here in early childhood and who lived in Ypsilanti most of his life has returned with his wife to make Northville their home.

He is Roger Eichen, 22-year-old son of Mr. and Mrs. Kenneth Eichen of Ypsilanti. His wife, Karen, hails from West Palm Beach Florida.

The Northville newcomers are making their home in an apartment at 137 Center street.

A September graduate of the Indiana College of Mortuary Science at Indianapolis, Indiana, Roger is now working at Casterline Funeral Home. He is a graduate of Ypsilanti high school.

Mr. and Mrs. Eichen met and were married in West Palm Beach, where for three years he worked in a funeral home. They have been married for two years.

Only recently moved to Northville, the couple are not yet members of any organization or church here.

Many older Northville residents will recall Roger's parents. His father was an em-

ployee at the Northville post office and his mother was a nurse for Dr. R. M. Atchison before moving to Ypsilanti years ago.

Northville holds a special place in Roger's memory, but the community already is a favorite of Mrs. Eichen. Both have made many new friends here, and both expect to make many more in the next few months as they become better acquainted.

1—Card of Thanks

I would like to thank everyone for the acts of friendship and kindness during my stay in the hospital I enjoyed all of the calls, visits and gifts.
Mrs. Rollen S. Hollis

We wish to express our sincere thanks to Rev. Kinde, Castlerline Funeral home, friends and neighbors for their kind expressions of sympathy which was greatly appreciated during our recent bereavement. Mr. and Mrs. Arthur Lyke and family.

I wish to thank all my friends and neighbors for their acts of kindness during my stay at the VA hospital, Ann Arbor. Harvey L. Guntzville.

I wish to thank all of my relatives, neighbors, Michigan Seamless Tube Company, CIO and Mr. Baisch for the many kindnesses extended to me during my illness. These kindnesses were much appreciated.

MORTGAGE SALE

Default having been made
for more than thirty (30) days
in the terms and conditions of
a certain mortgage made by
James F. Chavey and Ruth H.
Chavey, his wife, to Harry De-
lely and Clara D. Delely, his
wife, dated January 16,
1962, and recorded January 19,
1962, in Liber 14657, Page 531,
Wayne County Records, was read
regarding the traffic signal at
Hines Drive and Sheldon road
being placed on a flasher opera-
tion from 11 p.m. to 6 a.m.
seven days a week, beginning
Monday, Sept. 16.

Council requested a full page
ad in the Henry Ford Com-
memorative issue of the North-
ville Record and Mayor Allen
asked Mr. Ambler to work with
Mr. Sliger on this material.

**COMMUNICATIONS FROM CITI-
ZENS:**
Mr. Harley Cole spoke re-
garding the publicity on the
rubbish pile in back of the
Scout-Recreation building. Af-
ter considerable discussion as
to the disposal of rubbish and
agreement as to final payment
for this building to Mr. Cole,
it was moved by Canterbury,
supported by Ambler to adopt
the following resolution:
"Withhold funds equivalent to
\$500 for folding doors and kit-
chen unit and in addition suf-
ficient funds to cover any in-
completed items:

(1) Clean-out chimney (2)
painting of one bathroom as
of Sept. 16 — two brick walls
and 2 dry walls.
Unanimously carried.
Public Hearing on Sidewalk
Program, 1963-64.

The city manager explained
the Sidewalk Program accord-
ing to the letter sent out to
all persons needing sidewalk
replacement, removal or new
sidewalk.

Mr. Carlo's request that new
sidewalks on his Northville
heights lots be deferred until
he could start building houses
which would be November 1,
1963 at the latest, was grant-
ed.

Mr. Chas. Batt's sidewalk
(Dubur St.) grade should be
clarified — this property to
be included in next year's
program.

Mrs. Mildred McCrumb,
First street, asked if tree could
be cut down where walk is bot-
tled. Mr. Richard Gronin, 549
W. Dunlap stated that side-
walk on his property is not

cracked or broken and asked
if he might use a sealer coat
on present walk. Council asked
that this be deleted from list
and that Mr. Gronin with-
in the prescribed time have
the above done and the city
engineer is to inspect this side-
walk. Moved by Canterbury,
supported by Kester that the
following resolution be adopt-
ed (30 days from date of notice
— Special Assessment may be
spread over 5 years with 6%
interest and minimum yearly
installment of \$10) Unani-
mously carried.

COMMUNICATIONS:

Municipal Employees' Retire-
ment System requesting certi-
fication of two delegates from
the city of Northville to the
Annual Meeting on October 24
at the Jack Tar Hotel, 11:00
a.m. Moved by Kester, sup-
ported by Carlson that the city
manager be appointed delegate
and the city attorney an al-
ternate. Unanimously carried.

A letter from David Van-
Hine, Wayne County Road
Commissioner, was read re-
garding the traffic signal at
Hines Drive and Sheldon road
being placed on a flasher opera-
tion from 11 p.m. to 6 a.m.

asked the city manager to ob-
tain copies of "Constitutional
Implementation" and suggest-
ed meetings might be possible
with state representatives.
Presentation of Proposed Al-
teration to Novi road:
The city manager explained
two proposed plans as present-
ed to Wayne County:
(1) Swng road off Novi (400
feet north of railroad) across
street from Allen drive, east
to connect into Eight Mile road
— proposed connection to Gris-
wold street.
(2) Re-open old Novi road
across track — create traffic
intersection
(b) Novi road — Novi St. —
increase ratio of curve — bank-
ing high side, making a turn-off
handling west and east-bound
traffic — island separating
east and west-bound traffic.
(3) Vacate west portion of
Novi.

After discussion it was de-
cided that No. 1 and 3 combi-
nation would be the best of
those presented. Also widen
the Novi road area.

Consider an Engineering
Agreement for West, Butler
and Pennel streets:
Moved by Kester, supported
by Carlson that the city man-
ager's recommendation to have
West, Butler and Pennel stre-
ets engineered at a cost of \$990
be accepted. Unanimously car-
ried.

Set Date for meeting with
the Township Regarding the Li-
brary:
The Mayor and Mr. Ambler
would like to meet with some
members of the Township
board before the library meet-
ing is scheduled.

Request from Manager to
install "Yield Right of Way"
Signs on Walnut:
Moved by Ambler, supported
by Kester that "Caution"
sign be placed on East St. and
"Yield Right of Way" on Wal-
nut and "Yield" to Novi for
Hill and Langfield. Unani-
mously carried.

Further Consideration of Ad-
ditional street lighting:
Moved by Canterbury, sup-
ported by Carlson that the re-
commendations for street light-
ing as presented by the Com-
mittee, with the exception of
No. 11 because of possible
street changes in Novi road
and No. 24 until the city man-
ager has discussed this North-
ville Estates Civic Associa-
tion, be adopted. Unanimously
carried. The 10,000 lumen to be
added at Athletic field entrance
as soon as possible. Check to
see if lights could be lowered
on Wing street. The city man-
ager is to report back to coun-
cil after checking with North-
ville Estates on the matter of
lighting.

Manager's recommendation
on the re-organization of
Northville Police & Fire de-
partment:
The city manager presented
his recommendations as at-
tached:
The city manager reported
with the police chief and fire
chief. Council asked that he
discuss this also with mem-
bers of both departments. The

city attorney reported no prob-
lem involved in such a change.
Mr. William McGee is to be
hired as a member of the po-
lice department but is to re-
tain his capacity as fire chief.
Policy rules are to be set up
before this is turned over to the
Director of Public Safety.

Miscellaneous.
Mr. Allen asked that the city
manager check the possibility
of 2.6 CFS still being available
from Wayne County and the
price of same. (Possibility of
Mr. Allen seeing Mr. Bing-
ham).

Mr. Allen inquired about the
odor from Mergraf Oil Com-
pany and the city manager re-
ported that Mr. Penn has been
working with Mr. Swain on the
possibility of sewer and water
for his plant.

Mrs. Carlson mentioned the
matter of the trash situation at
Wing and Main streets.
Mrs. Carlson also asked re-
garding the policy of the prop-
erty owner being responsible
for the sewer line to the main
in the street.

Mr. Kester asked regarding
the sidewalk in front of 123 W.
Main street and the beauty
shop having the sidewalk ex-
tended to the curb.
He also asked if something
could be done about the cars
from the Supermarket being
left on the streets.

Moved by Canterbury, sup-
ported by Carlson that the city
manager be given permission
to take bids on sidewalk con-
struction which would be open-
ed on Monday, October 7, 1963
8:00 p.m. Unanimously carried.

Mr. Ambler asked about the
parking on North Center street.
The city manager is to an-
alyze the traffic count and re-
port back to council.

Mr. Canterbury asked if
there was any progress for
dedication plans for Scout-Re-
creation building.
Moved by Kester, supported
by Canterbury that a special
meeting be held at the city
hall, Monday, September 23, to
accept the Assessor's Roll on
the Orchard Drive Storm Sew-
er Special Assessment and
any business pertaining to this
and also the consideration of
purchase of property in Green
Valley Acres by the city. Unani-
mously carried.

There being no further busi-
ness, the meeting adjourned
at 12:15 a.m.

NORTHVILLE'S MIKE HALL (33) is about to be forced out of bounds by two Bloomfield Hills tacklers as he sweeps around left end during a touchdown drive.

Mustang Defense Hobbles Redskins

Misers would do well to take a cue from a group of stingy Northville youths who begrudgingly give up that green stuff.

Woe be to anyone coming near their territory. They just don't give up ground.

Last Friday, it was the same old story.

The helmeted youths, clad in black and orange uniforms, held a band of Barons from Bloomfield Hills scoreless as Northville chalked up its third straight Wayne-Oakland league victory, 26-0.

Northville and Clarkston are tied for first place in the W-O league with identical 3-0 records. Close behind are Milford and West Bloomfield, both with 2-1 slates.

Ever since Northville's opening game loss to a good Plymouth squad, only 12 points have been scored against the Mustangs' defensive unit.

And each game, the defense has been instrumental in Northville's scores.

But against Bloomfield Hills, the defense reached its peak. It gave up a scant 67 yards, intercepted two passes — both by Halfback Gary London — and recovered three fumbles.

Even with Jamie Miller, the Barons' highly touted quarterback, back in action after a two game absence, the Bloomfield attack was ineffective. Hard rushes by Coach Ron Horwath's charges kept Miller off balance and off target.

A 53-yard punt ultimately led to the first of the local grid-ders' two first period scores.

When the Mustangs were unable to move the ball on their own 22, Bishop spiraled a punt dead on the Bloomfield 25. Still on the 25 four plays later, the Barons punted short to their 47.

Senior Fullback Ron Rice lugged the ball 43 yards to pay dirt in eight carries, and scored the extra point on a dive. He added two other TD's in the fourth quarter and added one more extra point to account for 20 of his team's 26 points.

Rice thus has tallied 67 of the Mustangs' 79 points this season in four games.

Though it was the defense that copped the laurels, it failed to overshadow the offensive gem executed by Orange and Black Quarterback, Gary Stobbe, who scored the second touchdown.

Plagued by the bull-like rushes of Rice, the Blue and White set for him. Stobbe ran the option left, faked a pitch out to Rice and raced down the left sidelines.

A tide of blockers escorted him into the end zone, 60 yards from scrimmage. An

extra-point try by Tailback Mike Hall, after a five yard penalty, fell short as the Mustangs took an early 13-0 lead.

The second quarter was a defensive battle with Bishop's punts keeping the Barons deep in their own territory. Neither offensive unit was able to move the ball as the teams left the field at half time.

The Mustang defense staved off the visitors in the second half and discouraged Bloomfield's only serious TD bid in the third quarter.

The Barons received the second half kick-off on the 10 and scampered 30 yards into the end zone. But the play had been pushed out of bounds on the Mustang 38. On the next play, the Barons rambled to the 17.

With play reminiscent of the goal line stand against Holly, the Black and Orange bottled up the visitors on the seven yard line on fourth down with two feet to go. Northville's Jim Mahoney pounced on a fumble by Miller.

Bloomfield kept the pressure on, however, when it came right back. But the drive fizzled on the Mustang 25 when Bob Tuck recovered a loose ball.

After Bishop's toe hoisted the Mustangs out of danger, London went into action.

He snared a wayward Bloomfield pass on the Northville 40 and returned it 26 yards to the Barons' 34 to set up the third TD.

Again when the visitors set their defenses to stop Rice, Stobbe rolled out, this time down the right sideline for 21 yards to the 10. Rice eventually toted the ball over from the 3.

On the second play after the ensuing kick-off, the Mustang defenders swarmed into the Bloomfield backfield. Linebacker Dave Jerome covered a bobble on the 14.

Five plays later, Rice, iced the game on a three-yard charge into the end zone.

In the remaining minutes, Bloomfield failed the air with passes to no avail while Coach Horwath cleared the Northville bench.

PARENTS OF NORTHVILLE football players had front row seats Friday as they cheered on their sons. And the cheering wasn't for naught — the Mustangs rolled up an easy 26-0 victory over the Barons.

Holly Squeaks by Colts In Second Half Surge

A last half Holly surge and penalties combined to defeat the Northville Colts October 1 as the local JV's dropped their second contest of the season, 14-13.

Northville left the field at halftime with a 13-0 lead, but Holly came back strong with counters in the third and fourth quarters to win.

A backfield in motion penalty in the final period, however, cost the local squad the game.

Colt End Bob Sprenger caught a Chris Holman aerial on the Holly six yard line and raced over for the TD, a 25-yard scoring play. It was called back because of the infraction.

Northville assumed an early lead on runs of 28 and 8 yards by speedy Halfback Mike Dennis.

A dive for the extra point after the marker in the second quarter fell short. It proved to be the margin of defeat.

Even though the Colts lost, Coaches Brian Dunn and Dick Gray were pleased with the team's performance.

"We looked real good," Dunn noted. "Our performance was a hundred per cent improvement over our first game loss. Those six penalties killed us," he added.

Cited for their fine play were Halfback Pete Sutherland, who exhibited some fine running; Fullback Dick McIsaac, a standout at middle guard on defense; End Bob Regenhart, a solid defensive end; Ron Asher, a hard hitting defensive halfback and Tackle Mike Mahoney, a steady performer.

Chuck Annett Tops Cross Country Team

Although the Northville high school cross country team has not won any meets this year, there have been some solid individual performances.

Anchoring the team is veteran Harrier, Chuck Annett, who has placed in all six of the Mustangs' meets this year.

Two other members of the squad, Jack Fritz and John Spitz, have also placed in several meets.

The fourth member of the team, John Blackburn, has turned in a creditable performance each time out.

Because of a lack of personnel, Coach Chuck Yahnke noted, we have a difficult time coping team honors.

Upcoming tests include a dual meet with Clarenceville 4 p.m. tomorrow at Cass Benton park, the Clarenceville Invitational Tuesday afternoon at Cass Benton, and the Wayne-Oakland County meet Friday, October 18.

Novi Grid Streak Ends Here, 12-0

The Northville junior high gridders jumped off to an early 12-0 lead last Thursday afternoon and made it stand up for the remainder of the game to defeat Novi.

Northville thus avenged two defeats by Novi last year.

Fullback Scott Bergo squirmed 10 yards to pay dirt in the first period, then Quarterback Larry Biddle scored on a quarterback sneak in the second period to sew it up.

A 50-yard romp by Everett Greer was nullified in the third quarter by a penalty.

According to Coach Bob Prom, ball control was the most decisive factor in the game. Northville held on to the pigskin for 85 per cent of the plays.

Coach John Osborne's hopefuls, 20-Odd strong, could not muster a drive.

Novi Gives OK For Sewers

A resolution approving future work by the Oakland county department of public works in installing sewers in the southern portion of Novi was approved by the village council Monday night.

The unanimous action grants the county DPW permission to use, maintain, replace, and/or repair sewers, drains and appurtenances in streets where sewer lines may eventually be installed.

The streets in question include:

1. Willowbrook drive, from 10 Mile road south to terminus.
2. West LeBost drive, from LeBost to 600 feet west of Holy Dale drive.
3. Meadowbrook road, from Chattman drive to 200 feet north of Chattman.
4. Chattman drive, from Meadowbrook drive to Ennishore drive.
5. Ennishore drive, from Chattman drive to Nine Mile road.
6. Nine Mile road, from Chattman drive to Novi road.
7. Novi road, crossing 300 feet north of Nine Mile road.

Conditions of the agreement provide that the county, before construction, shall file plans showing size and location of sewers and drains; shall do all work in a careful and workmanlike manner, causing as little inconvenience as possible to the village and street users; shall restore street surfaces, sidewalks, and pavements, both public and private to a reasonably good condition as they were previous to excavation;

Shall not disturb under-

ground existing works which are owned by the village or other public corporation without first obtaining permission, and in case of authorized disturbance costs shall be borne by the county;

Shall hold the village harmless against all claims and damages resulting from construction, use, and maintenance, and the county shall be responsible for the expense of defending all claims and actions brought against the village, and the village shall endeavor to keep underground utility facilities at least five feet distant from those of the county.

Actually, installation of sewers in Novi is not yet assured since easements must still be secured from two property owners in Novi and four in Northville township. Condemnation proceedings against Arthur Heslop, William Chase, D & R Building company, Northville Lumber company, Donald P. Yerkes, and Ruth Burkman for this purpose has begun.

Meanwhile, negotiations and planning continues for possible installation of an "arm" from the main sewer line at Nine Mile to the site of the new Novi junior high school, located at the southwest corner of Taft and 11 Mile roads.

According to Village Administrator Harold Ackley, financial pledges from property owners along the route of the proposed arm to the school site continue to come in. Counting the money the school system is willing to pay in lieu of its own sanitary disposal system, pledges are within \$24,000 of the goal, he said.

The school board has set November 1 as the deadline for assurance of the installation of this arm. Otherwise the school will proceed with the installation of a mechanical sewage disposal system to service the school.

Wash-Oak On Half-Day Schedule

An experimental half-day program at Wash-Oak school in Salem township appears to be "working out nicely" officials revealed this week.

With enrollment of a record high number of 33 children this fall, the school board decided to "try half-day" sessions primarily to give the teacher more time to spend with each class.

The board plans to review the half-day program in the single room school at examination time in November to determine whether or not to continue the program.

Presently, 17 children in kindergarten, first, second and third grades attend school in the morning, while the remaining pupils in the fourth, fifth, and sixth grades attend school in the afternoon.

Junior high and senior high school students from the Wash-Oak district attend school in Northville.

Novi Sniper Goes on Trial Tomorrow

A 22-year-old former divinity student, accused of shooting at a Novi housewife last January, will go on trial Friday in Oakland county circuit court.

According to Police Chief Lee BeGole, several Novi policemen will appear during the trial as witnesses for the prosecution.

On trial will be Gary Goodrum of Southfield, who is charged with shooting at Mrs. Gertrude Race, 40, of 28000 Dixon.

In July four professional psychologists and a clergyman testified at a sanity hearing that he was sane.

Goodrum, a gardener who spent a year in a Baptist seminary, turned himself in at Novi police headquarters. He told police at that time that he fired a rifle shot at Mrs. Race through a bedroom window of her Novi road home, BeGole said.

At the time of his confession, he reportedly told police, "I guess I just wanted to see how good I was with a target."

Walled Lake Girls Hurt Near Wixom

Three Walled Lake teenagers were injured last week Wednesday when the car in which they were riding spun out of control and crashed into a ditch at the Pontiac Trail and West road intersection.

The injured were: Dorothy Baker, 16, driver, who suffered leg, ankle and head injuries; Shirley Carter, 14, who suffered face cuts and a concussion; and Linda Whittemore, 16, who suffered face cuts and a nose fracture.

All were treated at Pontiac Osteopathic hospital.

According to Novi Patrolman Vern Loeffler, the driver was traveling east on Pontiac trail when the brakes of the car failed at the stop sign. Attempting to avoid a collision with another car at the intersection, she lost control and the car plunged into the ditch.

Motorist Fined in Novi Following Police Chase

A 17-year-old Ferndale man, charged in Farmington with nearly hitting a police officer commanding a road block, pleaded guilty of reckless driving here before Novi Justice of Peace Emory Jacques Saturday.

Ronald R. Ratliff was fined \$35 and \$15 costs. He was to face trial in Farmington this week.

Ratliff's arrest followed a complaint by a young motorist Friday night that a carload of men repeatedly tried to force his car to a stop on Novi road. The car followed him to the Novi police department and then sped away.

Police Chief Lee BeGole and Patrolman Roy Hallock gave chase. They spotted the car parked without lights on the shoulder of Grand River east of Novi road, but as they turned the patrol car around Ratliff sped east toward Farmington.

The Novi officers radioed ahead to Farmington police, who set up a roadblock. With BeGole and Hallock in hot pursuit, the Ferndale motorist sped through the road block, narrowly missing a

Farmington policeman who managed to fire one shot at the speeding vehicle.

Several hundred yards beyond the roadblock, however, Ratliff's car spun out of control and crashed into a utility pole. He and several companions fled, but the Novi police arrested him while the latter posed as a spectator viewing the damaged car.

"He had a big knot on his head, and it was still bleeding," BeGole said. "When we asked him how he hurt his head he said he bumped it, while hitch-hiking. It didn't sound right so we took him to the Farmington headquarters where he confessed."

Other Novi police action this past week included:

—Seven juvenile cases were turned over to the Oakland county juvenile court.

—Patrolman Loeffler recovered a stolen car in which three Detroit juveniles were riding on Novi road. The boys were turned over to the Detroit police. The car was stolen from Detroit.

In another stolen car case, Patrolmen Richard Faulkner

and Ralph Mullens recovered a vehicle near the Wixom road and 11 Mile road intersection. However, after investigation police learned that the owner had actually given a false report to Dearborn police and that he himself had left the car in Novi.

—A seven-year-old boy was turned over to juvenile court after admitting that he entered the home of Robert McClelland, 23672 East LeBost, by crawling through a window. A model airplane and a bottle of paint, stolen from the home, was recovered.

—Mrs. John Begle of Nine Mile road complained that during the past several months vandals have been damaging her mail box. In one case it was blown apart by firecrackers, she said. Police are investigating this and several other cases of mail box vandalism along Nine Mile road.

—Assistance on two grass fires, one occurring on October 5 at the corner of Grand River and Lansing road, and the other occurring on October 6 between Endwell and Paramount streets.

Jaycee Auxiliary Sponsors Troop

Literature will be sent through the mails soon to Northville senior citizens in regards to a winter recreation program, officials of the Jaycee auxiliary announced this week.

Working with Ken Conley, city recreation director, the auxiliary will help solicit suggestions from senior citizens as to the type of recreation program they would prefer.

Auxiliary officials also revealed that the organization recently became sponsors of a new Girl Scout troop in Northville — Troop 407, led by Mrs. Eugene Guido.

Car Flips, Driver Hurt

A Detroit motorist, whose car rolled over at the curve on Novi road at the entrance to Northville on Friday night, was reported in "fairly good" condition at St. Mary's hospital yesterday morning.

Hospitalized with head injuries, a jaw fracture, cuts and bruises is Theodore S. Forcier.

Because Forcier has been unable to give local police a statement, the accident report carries only the report of witnesses.

According to witnesses, Forcier was traveling at a high rate of speed when his car failed to make the curve, spun out of control, and rolled over a couple of times.

Forcier was thrown from the car, which police believe rolled over him. The accident took place about 10:30 p.m.

Child Guidance Talk Slated

The Alpha Nu Chapter of the Delta Kappa Gamma Society will meet Monday evening at the home of Mrs. Luetta Reng of 718 Thayer.

Assisting Mrs. Reng at the 7:30 p.m. meeting will be Ruth Knapp and Martha Egge.

Featured speaker will be Mrs. Crispin Hammond, who will talk on the Child Guidance Clinic of Western Wayne county.

All members are urged to be present.

To Meet Tonight

Discussion of plans for a party for children of the community will take place tonight at the regular meeting of the Novi board of commerce.

Scheduled for Rosewood restaurant, the program will open with dinner at 7 p.m., followed by a general meeting at 8 p.m.

All members are urged to be present so that plans for the party can be arranged, John Eskro, secretary said.

Lutheran TV Program Enters Its 12th Year

TV programs may come and go, but "This Is the Life" goes on forever! At least, so it seems.

When The Lutheran Church — Missouri Synod launched its popular series of religious dramas in the fall of 1952, no one dreamed that the church body, already well known for its 1,100 station Lutheran Hour on radio, was launching one of the most durable TV programs the industry has seen.

According to the Rev. B. J. Panikow, pastor of St. Paul's Lutheran Church, not only has "This Is the Life" proved one of the hardest of TV perennials, being on the air every week for eleven years without interruption; but it also ranks among the most televised programs in the world today.

Currently carried by some 350 stations in the United States and Canada, the program is also reaching out into foreign fields in Africa, Asia, and South America. Recently it pierced the Iron Curtain, when three stations in Finland began carrying it regularly on a weekly basis and beaming it beyond the Finnish border.

Professionally produced in Hollywood, but paid for out of the mission treasuries of The Lutheran Church — Missouri Synod, "This Is the Life" is a dramatic portrayal of Christian faith and life in action. It is on the air both winter and summer and enjoys a weekly

audience well up in the millions.

The TV series began its twelfth season on Sunday, October 6. Locally the program can be seen on Channel 2 every Sunday at 10 a.m. Sponsoring "This Is the Life" in this community is St. Paul's Lutheran Church.

In Justice Court

Six persons were fined in Novi justice of peace court before Judge Emory E. Jacques this past week.

Kenneth P. Eden of Detroit entered a plea of not guilty on a charge of driving an improperly registered vehicle, and the case was dismissed.

Three Harper Woods youths were each fined \$15 after pleading guilty to charges of being minors in possession of alcoholic beverage. They are Phillip F. Gabriel, Luciano Genova, and Eugene W. Macduzinski.

Noah Hook of Walled Lake entered a plea of guilty to a charge of assault and battery and he was fined \$35 and placed on one year's probation.

Joann L. Kraatz changed her plea to guilty of the charge of destroying property. She was fined \$25 and 15 days in the Oakland county jail. However, her jail sentence was suspended.

Kappa Deltas To Meet

"A More Beautiful You" is the theme of the October 14 meeting of the Northwest Suburban Alumnae Association of Kappa Delta Sorority. The meeting will be held at the home of Mrs. Donald Greenbury, 36559 Lyman Road, Farmington beginning at 8:30 p.m.

The co-hostess will be Mrs. Robert Kirkwood of Detroit. A make-up and grooming demonstration will highlight the evening.

All Kappa Delta Alumnae in the Northville area are invited to attend. Contact Mrs. William Young, 349-0584.

Rummage Sale

The Ladies Auxiliary, Northville Post 4012, will hold a rummage sale at the post home, 438 South Main street, from 9:00 a.m. to 3 p.m. Friday, October 18.

Readers Speak New Bus Route Called Unsafe

To the Editor:

Until last week it has always been the policy of the Northville school buses to run only on the main roads. Because of requests from parents in Taft Colony Bus 2 now turns off of Main street and goes down Woodhill and turns onto Bloomcrest, then onto Clement and back onto Main street.

This is done so that the children from Taft Colony will not have to cross Main street. I realize how much the parents want safety for their children

but there are also children on Main street. To get on the bus at present stated bus stops these children have to cross Main street, walk five hundred feet west facing heavy traffic, cross back over Main street and go down Woodhill to Bloomcrest. So now these 10 children are supposed to be exposed to heavy traffic and cross Main street twice, so that the children from back in Taft Colony do not have to cross at all. I do not believe that this is the best safety condition available.

Forth Wins Grid Quiz

If you don't win at first, try again — that's the motto of 17-year-old Larry Forth of 21718 Kilrush drive, who won first place in last week's weekly football quiz.

Larry, an avid football fan, correctly picked 16 of the 20 football games and won for himself the first-place prize money of \$10.

A senior at Northville high school, he said he entered a "good share" of last year's weekly contests but never won. He's a bit more optimistic today.

In second place this past week was Don Lahr of 409 North Center, who picked up \$7 for correctly picking 15 of the 20 winners.

Don, who last year also won a second place, edged out two others for second place money this past week by coming closer on his score for the Detroit-San Francisco game. He was just three points off, picking the Lions over 49ers 26-6 when actually the score was 26-3.

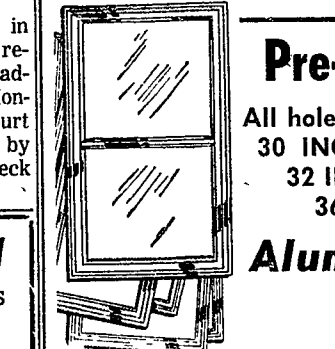

Tied for third place, thus sharing the \$3 third place prize money, were Dick Talbot of 40160 Fairway drive and Jeffrey Schoof of 23717 West LeBost, Novi.

Both missed on five games and both were nine points off the actual Lions-49ers game. Dick picked the Lions at 24-10, while Jeffrey had the Lions winning, 21-7.

Car Wash

A car wash will be held by junior class members at the First Presbyterian church parking lot Saturday from 9 a.m. to 5 p.m.

They'll serve coffee and one lucky customer will win a free car wash.

Fire Hits Salem House

Fire departments from Salem and Northville were called to the home of Mrs. Don Butler, Sr., 8661 Napier road, Saturday about 3:30 p.m.

Their assistance was almost unnecessary, however, as neighbors had practically put out the alarming fire with a garden hose when they arrived shortly after getting the call.

Damage was confined to the basement wiring and overall smoke ruin, thanks to the prompt efforts of the Butler's nearby neighbors, a Salem fire department spokesman said.

The localized fire started when Mrs. Butler was attempting to light a gas fueled hot water heater. Flame jumped to a gallon can of gasoline which was nearby the appliance and an explosion resulted.

The Salem fire department spokesman said that damage could have been extensive had not neighbors immediately summoned help and then gone on to combat the blaze with the garden hose as they did. Northville firemen also responded to a grass fire call at the city dump on Monday.

LET'S TALK CARS . . .

Three Tips to Used Car Buyers

A dealer I heard of recently took in two used cars of the same make and year but in different condition. One had 29,000 miles on its speedometer and was in rough condition. The second had 60,000 speedometer miles but had been meticulously kept in excellent shape.

The dealer decided because of its poor condition to wholesale the 29,000 mile model immediately but retained the 60,000 mile model to retail because of its excellent condition.

In due time, however, he was forced to wholesale this model also because of buyer resistance to its high speedometer reading.

Some months later the dealer chanced to be talking to a service customer regarding a minor fault in his steering. He didn't recognize the man but he did recognize his car as the same 60,000 mile vehicle he had reluctantly wholesaled earlier. A serial number check confirmed his suspicions.

The owner stated that his "regular" dealer had been unable to fix the ailment and he was pleased when mechanics promptly spotted the trouble. "I really didn't expect anything serious," he said, "since it has only 22,000 miles on it."

When he was informed of the true history of his car the customer was naturally dismayed. But he still admitted that the car had been very satisfactory regardless of its mileage.

Next time, it is to be hoped, he will look less closely at the speedometer, more closely at the condition and still more closely at the reputation of the dealer he buys from.

It's 'Hot Lunch Week'

Children of Northville and Novi are among 450,000 students who enjoy well-balanced lunches in some 2,100 Michigan schools.

That's the word from the lunch program supervisors of the two communities as they noted that the week of October 13 to 19 is National School Lunch Week.

The lunch program managers are Mrs. Marie Knapp, Northville, and Mrs. Doris Darling, Novi.

"The hot lunch program," the managers said, "means improved health and better accomplishment in school. Nationwide, the school lunch program is a one and a quarter billion dollar business, reaching more than 16 million school children daily in the United States."

In the past school year, Novi and Orchard Hills schools served 47,796 "Type A" lunches and 66,114 special milk, Mrs. Darling said.

Novi lunches are available to students for \$1.60 per week or they may be purchased daily for 35-cents. Milk is sold for 10-cents a week or 20-cents per one-half pint.

According to Mrs. Knapp, some 600 lunches are served daily in the Northville high school — or about 100 more than was served last year.

Mrs. Knapp noted that about two-thirds of the food used in the hot lunch program is purchased by the school system, with the remaining one-third resulting from government surpluses.

Basic monthly surplus donations include powdered milk, butter, flour and dried eggs. Occasionally, other kinds of food are supplied by the government, Mrs. Knapp said.

In Northville where the hot lunch program is limited to the high school, students can purchase a Class A lunch for 36-cents. A la carte lunches are available at varying costs.

At these prices, according to the managers, the tasty, attractive school lunches are the best value for the money — and they're far superior — nutritionally — to the average home packed lunch.

At Novi Elementary, lunches are prepared by Mrs. Irene Kahrl, manager; Mrs. Daphne Hansor and Mrs. Florence Loynes, while Mrs. Darling and Mrs. Irene Pratt prepare food at Orchard Hills.

Assisting Mrs. Knapp in Northville are: Mrs. Emma Copland, baker; Mrs. Marge Louton, cook; Mrs. Lucille Martin, salads; Mrs. Viola Davis, Mrs. Pearl Lundquist and Mrs. Alena Sharpe, helpers; and Mrs. Mae Winters and Mrs. Helen Rickert, cashiers. "Our motto," Mrs. Darling said with a smile, "is to serve good food — well prepared — with a smile."

BEST FOR LESS — The nation's school hot lunches have been called the 'best food for less money' and in Northville and Novi it's no different. Above, Mrs. Doris Darling and Mrs. Irene Pratt prepare lunch for pupils at Orchard Hills school, while in the picture below Northville high school students move down the serving line past the tasty food toward the cafeteria.

Application Forms For College Ready

Application blanks for admission to Schoolcraft college will be released on Tuesday, October 15, officials have announced.

Applications will be available for high school seniors at all senior high schools of the district. Others should contact the Office of the Registrar, Schoolcraft college on Newburgh road, GA-7-6620, during the office hours of 8 a.m. to 5 p.m.

The college offices also will be open for those employed during the day, on Tuesday, October 15, and Thursday, October 17 from 6:30 to 8:30 p.m.

It is of utmost importance to both full-time and part-time students that they make early application to be assured admission, officials said. All evidence points to a very large number of applicants.

"While residents of the College District will be given priority until May 1, they cannot be assured admission or choice of courses if they are late in applying. Those who apply within the next few weeks, will be able to assure themselves places in college for the coming year."

Non-residents making application will be placed upon a waiting list, in the order of application. No action can be taken upon their applications until May 1, they said.

The tuition as announced earlier by the Board of Trustees is \$105 a semester for residents and \$165 for non-residents. The cost per semester hour for part-time students is \$8 for residents and \$12 for non-residents.

Tuition and fees for practical nursing students residing in the College District will be \$101 for the program. Additional costs will be approximately \$119, including uniforms.

Counseling tests will be given to all full-time applicants on the following schedule. Students will not necessarily receive tests in their own schools. Northville students for example, will be tested in another school of the district.

OUT OF THE PAST — Rummaging through old papers this past week, Mrs. Anna M. Fry, 87, of 41320 Seven Mile road, came across these two pictures of buildings that many years ago hummed with activity in downtown Northville. Above is the old Star Laundry operated by I. H. Webster and owned by George Northrop. Also located in the building was a wallpaper agency operated by Charles A. Blair, a brother of Mrs. Fry. The building was located on the north side of Main street, between Wing and Center streets. Also located in the same block were blacksmith and buggy shops (below). Shown in the picture are Jim Slater, George and Peter Barley, little Rose Barley, Mr. Guthrie and Jervis Palmer.

All Hands Help on Moving Day for Northville's D & C Store

Everyone got into the act this week as Northville's D & C moved from 103 to 139 East Main street. Forty-five D & C managers and employees from throughout the state helped Northville Manager Fred Kester move merchandise and set-up new displays. Above (at left) is Jack

Davis, Belding store manager, carrying a basket-load to the new store. In the center picture clerks move a cartfull of merchandise, while in the picture at right a crew works to prepare the store for its Friday opening.

State Variety Chain Store Has Long Local History

It was 25 years ago that the Northville D & C Store made its last location move.

D & C came to Northville in 1931 purchasing a store from Frank Woodworth at 107 North Center street, now occupied by Northville Hardware.

Woodworth's son, Gerald C. (Jerry) Woodworth, was the first D & C manager here. He became store supervisor in 1937 at which time Essie Nirdler, now owner of Northville Hardware, took over as D & C manager. Woodworth became general store superintendent in 1943, a position he held until retirement in 1959.

In 1937 Jerry Woodworth purchased the building at 103 East Main street and after considerable remodeling the building became the new home of D & C in March, 1938.

Prior to the remodeling, Jerry remembers that the 103 East Main street building had been three stories high with a bowling alley in the basement, bakery and real estate offices on the main floor, offices on the second floor and lodge headquarters on the third floor.

D & C Stores, Inc., was founded in April 1926 by J. (Herb) Dancer, Paul Dancer and Glen Cowan. The headquarters office was and remains in Stockbridge. The first store opened in Romeo in May, 1926 with stores at Rochester, Brighton, Lake Odessa and Marshall opening later that year.

Fred Kester

Other stores have been added, some closed, during the 37-year history of the company and at present there are 34 stores in southern Michigan.

Herb Dancer was president and general manager from the beginning of the company until his death in 1961. Paul Dancer was secretary-treasurer from 1926 until assuming the presidency in 1961. Glen Cowan had a financial interest in the company but was never active in its affairs except as a member of the

Kenneth Chappel is supervisor of the Northville store. He came to D & C in 1942 as manager of the Brighton store when this and five other stores were purchased from Line's at that time. He was appointed supervisor in 1959.

Fred Kester, manager of the Northville store, came to D & C Stores, Inc. in 1953 after leaving the S. S. Kresge Company. Fred assumed management of the Northville store in 1956. Cliff Wheatley, assistant manager, started with D & C in 1961 in Fenton, being transferred to Northville in February 1963.

The new Northville store at 139 East Main (formerly A & P and E-Jay Lumber Mart) is owned by Woodworth and leased to D & C. There are no immediate plans for use of the old building, Woodworth said, although a tenant is being sought.

There are good people who upon hearing of the needs of others are quick to say, "I'll be glad to help, here is my cash donation." This is always good. It is better to have the cash than to not have it.

But is it enough to simply hand out money to meet human need? Isn't it also true that in so many cases the real need is for something other than money? Or perhaps money PLUS something else?

It is related of Tolstoi that one day when famine had wrought great misery in Russia, a beggar came asking for alms. The poor outcast was emaciated, gaunt, all but starved to death. Tolstoi searched in his pockets for a coin only to discover that he was without so much as a copper piece. Taking the beggars worn hands between his own, he said, "Do not be angry with me my brother, I have nothing with me." The thin lined face of the beggar became illumined as from some inner light as he whispered in reply, "But you called me brother ... that was a great gift." There are some things in life, other than money, we ought to be willing to share.

The Apostles Peter and John went into the temple to pray. At the door lay a cripple begging. Peter said, "Look straight at us! If you

are expecting silver or gold, I have neither, but what I have I will certainly give you. In the name of Jesus Christ of Nazareth, Walk!" Then they took him by the hand and lifted him to his feet and he walked.

Peter said to those who were witnesses to the walk-
ing, "It is Faith ... which has cured this man whom you see and know." Yes, it was faith which gave this man perfect health and strength, a faith in God which the apostles were will-
ing to share. It was a gift to be treasured above gold. Do you have a faith in God to share with people who need that faith? Someone may be in need of a good word, a warm handshake, a prayer, a word of friendli-
ness or of encouragement. These you can give freely.

A small news boy stood on a busy intersection distrib-
uting his papers when a business man with sober facial lines and a bit of concern written on his face came up to buy a morning paper. The newsboy let out a cheery, "Good Morning Mister" and beamed a big broad smile toward the bus-
iness executive. He in turn began to smile and held it while he boarded a street car to travel to another portion of the city. His smile on the street car was caught by a dozen stran-
gers who went on their sev-

eral ways smiling.

The business man left the car and entered a business building and smiled at the elevator girl who smiled in return and kept her smile aglow. He, going to his office, smiled at a messenger boy and then his office workers and they all smiled in return.

The scribe who observed these facts, being interested in tracing the effect of a smile, did so and then told the business man what his observations were. The business man and reporter then went out looking for the newsboy and took him out to lunch and told him of the far reaching effects of his smile. He was totally un-
aware that he had smiled for it was an unrehearsed habit.

Today as you leave your home, or meet a friend, or have a visitor, share what you have. Is it a smile? Good! Share it. Is it a kind word? Let it be spoken. Is it a bit of good-will? Let it be expressed. Let us be like St. Paul who said, "Such as I have, I give thee." The poet has summed up God's teaching well: "Not what we give, but what we share." For the gift without the giver is bare; Who gives himself with his alms feeds three, Himself, his hungry neighbor, and Me."

THE NORTHVILLE RECORD

101 N. Center St. FI-9-1700

"but for the Grace... THERE GO !!"

You've often thought that ... even said it ... at the sight of a badly smashed car, the sound of an ambulance siren, the report of a traffic death.

These are dramatic reminders of the tragic part of our auto accident problem ... of more than 108,000 persons injured and nearly 1,600 killed in Michigan last year, and of an even greater rate of injury and death this year to date.

The less-dramatic accidents aren't so likely to arouse this feeling of deep concern ... but they should.

These are the broad, and fast-growing, base of the problem. Our present rate of 260,000 accidents a year involves nearly four damaged cars for every injury, 250 for every death ... and in many of these the only difference between a bent fender and a funeral is just a split second.

Stopping traffic tragedy starts with the take-no-chance driving which avoids even minor mishap.

BRIDGE CONSTRUCTION — Hampered at the outset by water seeping into excavations, workmen building the two new bridges near the Haller plant on Northville road, between Five and Six Mile roads, now are rapidly catching up to the construction schedule which calls for near completion late next month. The new bridges will

replace two badly worn bridges and will be widened to provide for eventual widening and resurfacing of Northville road. The two new bridges will represent expansion from 24 to 48 feet. Two more bridges are slated for construction next year, one north of Five Mile and one north of Six Mile.

— Out of the Past —

ONE YEAR AGO
October 11, 1962

—Harry E. Watson, well-known Novi businessman who was active in many community affairs, died of a heart attack. He was a member of the latter commission which drafted the village charter.

—Organization of the Northville scout-recreation building and committee got underway as the 40-member group held first meeting.

—A policy governing the entrance of non-resident students to the Northville public school system was adopted by the board of education.

—The Northville city council launched a "cash program" to prepare preliminary plans for a new city hall when it was learned that the project could qualify for up to \$150,000 in federal funds under the new Federal Public Works Acceleration Act.

—An audience of 105 Northville area business people paid tribute to Northville's industry and heard the chairman of Michigan's Industrial Ambassadors outline what industry expects from a community.

—The group seeking to locate a 100-bed community hospital for service in the western Oakland county area selected an architect for its building, even though it has not yet obtained a site.

—The council awarded the contract to construct the new scout-recreation building to Harley J. Cole and Son.

—"I'd rather not say," replied Northville Football Coach Ron Horwath when asked what he thought about Friday's 7-0 loss to Bloomfield Hills — The Mustangs' first in 14 starts since midway in the 1960 season.

—The council awarded the contract to construct the new scout-recreation building to Harley J. Cole and Son.

—"I'd rather not say," replied Northville Football Coach Ron Horwath when asked what he thought about Friday's 7-0 loss to Bloomfield Hills — The Mustangs' first in 14 starts since midway in the 1960 season.

—School Superintendent Russell H. Amerman took a dim view of possibilities for building a new elementary school under Northville's present \$3 million bond-vote agreement.

—Northville councilmen adopted a firm stand on the city's perennial dump problem with the promise that by December 1 it would be closed to outside use.

—A flash fire broke out at the printing plant in Plymouth of Glenn Cummings, former Record-News publisher, Plymouth firemen fought the blaze but it had too much of a start. Equipment and supplies were badly damaged or destroyed. Cummings plans to rebuild soon.

—Bloomfield Hills picked up first downs the first and last times it had the ball, but there was little else for the Barons to cheer about.

While Northville's awesome defense was holding Bloomfield in check, Northville's backs swept methodically

downfield four times for a solid, if listless, 28-0 win.

—Red raspberries arrived late or very early, according to Ward Cook of 242 South Center, who picked them in his yard this week. The berries are red, ripe and tasty, too!

—Dr. Albert G. Kalin of Haggerty road was elected second vice president to the National Federation of Chiropractic Podiatry boards at the 46th annual convention of the American Podiatry Association Federation of Examining boards.

—Ten watercolors by Jack VanHaren, art teacher at Northville high school, will be on exhibit at a Detroit art gallery for two weeks.

FIFTEEN YEARS AGO
October 15, 1948

—The Northville football team took their third straight victory at Holly when they defeated that team, 24-7.

—Walter L. Couse of Northville, general contractor and a member of the executive committee of the Associated General Contractors of America and chairman of the association's Market Development Committee, is among the business leaders Senator Capehart recently appointed to the advisory council of the Senate Committee on Trade Policies.

—A record number of voters in the village and township of Northville is expected to go to the polls in the general election scheduled for November 2 if the present registration period is any indication. Some 2,500 persons at this writing are signed up to vote in this national election.

—Prelates, priests and lay-

men from the five dioceses of Michigan assisted Edward Cardinal Mooney in the cornerstone ceremonies of the first joint project, St. John's Provincial Seminary, on Phoenix road near the Northville road.

—Mrs. Lula Bachman, prominent Detroit attorney, will address the Woman's Club.

—The Northville recreation committee announced that memberships in the fall and winter hobby classes are still open to citizens in the community. Persons wishing to join these classes which begin October 25 were asked to fill out entry blanks. Among the classes offered were sewing and tailoring, men's basketball, beginners square dancing, antique refinishing and shop, oil painting, and charcoal etching.

—Laurence LeFevre of West Cady street reported his car stolen.

TWENTY-FIVE YEARS AGO
October 14, 1938

—The paving of the West Eight Mile road between Taft and Napier roads will be completed within a week, according to officials of the Wayne County Road Commission.

—Contrary to rumors which are circulating through the village, the site for the new \$75,000 post office building has not been selected.

—Nelson C. Schrader, a former Northville football man

and a star player of Michigan State college, East Lansing, during his days there on the campus, told local students in an assembly just what the football team should be able to expect from the school as a whole in the way of support.

—Ronald "Red" Gilts is the new manager of the filling station at Main and Hutton streets.

—A cave-in at Lodges gravel pit, Wixom, caused the death October 15 of Fred A. Algrim, 36, of Wixom, who operated a gravel-hauling business with his brother, Carl Algrim.

—Communism, fascism and nazism and their "creature, the totalitarian state," were clearly defined in a talk made by the Rev. Fr. Joseph G. Schuler before the Exchange club at the Methodist church house. The speaker denied that we must choose only between communism and fascism, as some contend, but declared that we can choose between our real democracy and the three alien "isms."

—Placing stress on a statement made by L. J. Carr (author of "Organizing to Reduce Delinquency") that no child is born delinquent, but that we (society) make him that way, Superintendent R. H. Amerman spoke before members of the Mother's club on the topic, "Training for Normal Life."

— Men in Uniform —

— Marine Lance Corporal Hugh D. Crawford, son of Mr. and Mrs. Jack Crawford of 23623 Novi road is serving with the Second Marine Aircraft

Wing at the Marine Corps Air Station, Cherry Point, North Carolina.

The wing provides tactical air support for the nearby Second Marine Division at Camp Lejeune, North Carolina.

Ford Announces Annual College Scholarship Tests

Ford Motor Company Fund has announced its 14th competition for approximately 70 four-year college scholarships.

Benson Ford, president of the Fund, said that students eligible to apply for the scholarships are sons and daughters of employees of Ford Motor Company, certain of its affiliated corporations, and the Fund. Stepchildren and children of deceased or retired employees are included.

Applicants must be graduated from high school between Sept. 1, 1963 and August 31, 1964, and be in the upper one-

third of the class scholastically. Completed applications will be accepted until December 1, 1963.

Candidates for scholarships will take the College Entrance Examination Board's scholastic aptitude test in major cities on January 11, 1964. Winners will be announced in the spring of 1964 following selection by the Ford Motor Company Fund Scholarship board composed of the presidents of nine universities.

The winners will be those whose academic records and personal qualifications indicate

to the Scholarship Board most clearly that they will benefit from college education and will develop into well-rounded adults, capable of constructive work and responsible citizenship," Mr. Ford said.

Since the scholarship program began in 1951, approximately 70 scholarships have been awarded by the Ford Fund each year. This fall, 262 winners are enrolled at 85 colleges and universities.

Scholarship recipients may attend any approved college or university in the United States

ART AROUND US

By Jesse Hudson

There is a weed that grows in Michigan fields that is a beautiful example of design in nature. It is salsify or oyster plant. It used to grow profusely in this area's vanishing vacant lots. It was cultivated in earlier gardens, the root cooked and served with milk and butter as a kind of oyster stew. But it is not the edible portion that interests me; it is the flower before opening, and again when the flower has gone to seed. The seed-head is about five inches across, of intricate open umbrella seedlets attached to the parent head with strong structural stems. It is fragile yet geometrically exact. It is a challenge to draw or paint because each little umbrella is an open gauze of golden strands through which all the other seedlets can be seen and through which the starlike cluster of sturdy stems are clearly visible.

Having struggled with the problem of representing salsify's dual characteristics — fragile in material but strong in structure, solid woven seedlet but transparent, glowing golden in the summer sun but a dead yellow-ochre in the shade, I am well acquainted with the weed. I was delighted to find a Forsythe Gallery artist who has been similarly inspired by nature's oyster plant — "Weed in vase" the enigmatic title and \$190 the astounding price of the drawing. Guess I'll have to keep on sketching.

SPEAKING for The Record

By BILL SLIGER

One of my loyal readers, Attorney Cliff Hill, (don't ask me who the other one is) once pointed out that he gets tired of reading long, wordy columns.

"You ought to write shorter items about several different things," Hill suggested.
Well, this week that's just what I have. Just a little bit about a lot of things . . .

Like Bill Milne and his wife, Northville City Clerk Martha Milne, playing the lead in a surprise party for the Don Lawrences, now of Grand Rapids.

Lawrence, a former school board member, was transferred to Grand Rapids this summer by Evans Products.

Guests of the Lawrences for this week end, the Milnes had made it a condition of their visit that they be permitted to take their hosts out for Saturday evening dinner.

When they arrived at the chosen dining spot, they were escorted into a private dining room where the Lawrences were greeted by the Don Hannabargers, William Soellners, W. J. Cheethams, William Slatterys, John Canterbury and Grant Allens — all old friends from Northville.

Councilman John Canterbury passed along a good idea to fellow councilmembers Monday night. The idea came from Fran Gazlay, who'd like to start a historical commission in Northville.

At first thought this might seem like an expensive undertaking . . . a museum, curator, etc. But Gazlay proposes collecting all the historical material available about Northville, storing it safely, then displaying items alternately in a showcase provided at the new city hall.

Confidence in Northville's business future is expressed by long-time resident Jerry Woodworth. He's owner of the new D & C building which opens Friday.

Now that D & C is all settled in its new home, Jerry's next task is to find a suitable tenant for the old building, also a choice retail location.

Other businessmen wish him well. Merchants don't like empty stores and have already expressed concern over the long-vacant Main and Center street corners (both the northeast and southwest).

Take a look at Schrader's new rear entrance. It's nearly complete and will provide a display room entrance to the furniture store from the parking lot.

It's very possible that Owner Nelson Schrader is looking ahead to the day when Center street parking is greatly curtailed or eliminated.

Incidentally, the entrance is Early American in design. And just Monday night the planning commission passed along a resolution to the city council which proposes that Northville "encourage" commercial builders to follow the Early American motif in new buildings, store fronts, etc.

Sunday at 12:30 p.m. groundbreaking ceremonies will be held for the new Novi junior high school at Taft and 11 Mile.

The school board is hoping that it won't have to construct a mechanical sewage disposal system, which can be avoided if an arm to the proposed Novi-to-Northville sewer main can be constructed. But assurances of this connection must be obtained by November 1.

What's the hold-up? The new Novi sewer, which will connect to the Wayne county Middle Rouge system and provide Novi with its first sanitary sewers, faces condemnation suits for easements.

Here's the irony. One of the suits involves A. J. Heslip, who would presumably like the sewer as president of the Novi school board, but protests the route of the main line through his farmland.

ORDINANCE NO. 18 AMENDMENT TO THE ZONING ORDINANCE OF THE VILLAGE OF NOVI

THE VILLAGE OF NOVI ORDAINS:

PART I. That Ordinance No. 18 of the Village of Novi is hereby amended by the amending of Section 3.23, sub-section 3, thereof to read as follows:

3. Signs shall not be less than one hundred fifty (150) square feet and shall not exceed two hundred (200) square feet in area and shall not exceed twenty-five (25) feet in height above the natural and existing ground surface.

PART II. CONFLICTING PROVISIONS REPEALED. Any ordinance or parts of any ordinance in conflict with any of the provisions of this ordinance are hereby repealed.

PART III. WHEN EFFECTIVE. The provisions of this ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect immediately after final enactment and publication.

Made and passed by the Village Council of the Village of Novi, this 7th day of October A.D., 1963.

Recalling my past experiences at casting, trolling and just plain angling, I've come to the conclusion that consistent failure is the result of unsophistication.

To catch trophies you've got to be a trophy yourself; no longer is the artless innocence of cane pole determination sufficient. In this age of rockets, fission and automation, catching the big ones is reserved, only for those with scientific determination.

I'm determined to familiarize myself with all the ac-

couterments of fishing — like the inebriated frog I purchased recently — and to develop a sophisticated fishing professionalism. No more slumy worms and straight poles for me. From now on its monofilament lines, burrowing mayflies with speckled wings, and dual control bass-action rods. And I'm going to bone up on all that long-haired stuff about stratified water currents and oxygen cycles in high altitude lakes.

Admittedly, my past failures were mute evidence of

Seven Reasons To Make A Will

Babson Park, Mass. — Everyone should make a will, and many should make a codicil. I give here seven reasons why. Too many people die suddenly and unexpectedly (especially in automobile accidents). While of course you may live a long life, you also may die next week. My wife, after many happy years which we had together, died suddenly a few months ago after only two days of illness. She had made her will six years ago; but I am sure she would have made many important changes but was too busy to get to it.

Reason 1 — To be sure of having an executor friendly to your interests and one who would be pleased with your will, rather than having some judge perhaps appoint a friend of his as executor with whom you might not be satisfied. You can appoint your own executor when writing your will; but I would not let the executor know what it contains until after your death.

Reason 2 — If you die without a will and the court has to disburse your estate, it may feel obliged to advertise for heirs you might never have heard of. Such expense and complications can be largely eliminated by making a will and appointing your own executor. You can then also provide that the executor give your beneficiaries property or securities at a fair value instead of cash.

Reason 3 — By making a will you can give your executor certain discretionary powers, like determining what property to sell and deciding various other things. You can directly will certain articles of furniture, clothing, etc., to definite people and be sure things are done as you would want to do them yourself, without fear of litigation.

Reason 4 — If a court should liquidate your estate, it might sell property hurriedly or during a depression. By making a will you can give your executor time and enable him to use his judgment and consult other people. This privilege could save your estate

thousands of dollars.

Reason 5 — By making a will, you can arrange to leave money in trust so that your brother or sister or spouse may thus have the full income during his or her lifetime and then have it go to the children or to others. You may wish to distribute your property in unequal proportion, especially if one beneficiary is disabled, or handicapped. To do this, you must make a will or add a codicil.

Reason 6 — If the estate goes to a court-appointed executor it may take two years or more before being settled and your wife and family may have nothing on which to live during this period. By making a will you can authorize your executor to pay your wife a certain amount each month pending settlement of your estate, or to give her more money if an unexpected illness or other trouble should come.

Reason 7 — I hope you will have some church or charities, as well as friends, to whom you wish to make a gift. This can be done only by executing a will. The only hope of this old world is religion; and the church holds the key and is the doorway thereto.

Don't try to make your own will or codicil yourself to save a few dollars; but go to a good lawyer. I reread my will once every year — usually on my birthday — usually make a codicil as needed.

The lawyer should be a resident of your state; laws differ in different states. He will tell you how many witnesses must see you sign your will, and explain that these witnesses should be people who are NOT mentioned in the will or codicils. There are also other technicalities which your lawyer will explain to you.

Finally, let me stress the importance of letting nobody except the lawyer who draws up the will for you know its contents. Sign only the original will and original codicils, and then take these — sealed with red wax — to your bank for safekeeping, getting a receipt.

State 4th in Pay to Unemployed

LANSING — Michigan boosted its unemployment compensation rates by \$5 this year and was one of 16 states which jacked weekly jobless pay benefits higher.

The current \$60 maximum benefits in Michigan placed the state fourth highest in the nation, behind only Alaska at \$70, Connecticut at \$67 and Massachusetts.

In Massachusetts an unemployed man draws a maximum of \$45, but \$6 is allowed for each dependent child. The maximum in compensation cannot exceed the worker's average weekly wage on the job.

Of the 16 states which increased benefits to unemployed workers this year, Massachusetts and New Hampshire also added \$5 to the allotments.

The 1963 state changes brought the nation's average maximum benefit rate for out-of-work employees to about \$42.50 per week.

In a switch from the trend to higher benefits, two states decreased the maximum payments. Colorado rescinded a bonus previously paid to employees with stable work records, and Wyoming adjusted its escalator clause downward by 5%.

Although the number of weeks for which benefits are paid varies from state, Michigan ranks with the majority which limits payments to not more than 26 weeks.

If you ever have an idea that the Michigan State Police don't have their work cut out for them, take a look at the department records.

During a single recent month, when department strength was below 1,100 men, the department recorded 17,446 arrests of adults. During the same period 645 juvenile traffic offenders were arrested and 574 delinquent and wayward minors were apprehended.

This is just the beginning, however.

Troopers assisted 6,175 motorists during the month. An additional 7,624 cars were investigated; some 22,850 drivers were given oral warnings; and more than 1,000 property and liquor inspections were made.

Department vehicles traveled well over 1.5 million miles, of which 853,000 were on traffic patrol and the rest on criminal investigations and other complaints.

This was the activity outside the police posts and headquarters in East Lansing.

Inside the offices of the department there was other work to be done. Some 12,268 sets of fingerprints were received for identification. Of these, 7,060 were criminal and the rest civilian. Thirty-one "wanted" persons were identified through this process. One unknown dead was identified through the same means.

Criminal records also were found on 235 of the 2,289 appli-

cants for permits to carry concealed weapons.

The department's crime lab recorded 783 examinations during the period. These included questioned documents, firearms, tool marks, microscopic and botanical examinations. Over 100 requests for lab services from other law enforcement agencies also were handled.

Observance of Michigan Meat Week from Sept. 30 to Oct. 5 was very replete with the usual attention gaining whoopee that such special weeks usually engender. Proclamation by the Governor, a kickoff dinner, special displays by meat retailers, and ample publicity on the event were a part of this affair under sponsorship of the Michigan Livestock Improvement Association in cooperation with meat retailers and others.

The event focused attention on two things — the desirability of Michigan-produced red meat, and the opportunities in

raising more livestock in the state.

Michigan is a surplus state in production of many fine agricultural products. Most states do not have the wide variety of exportable products. But red meat is not one of them.

Michigan produces a bare 35 percent of the red meat its eight million citizens consume. Yet the state has ample feed grains to support a more extensive livestock population plus some of the finest pastures land to be found. There is plenty of room for expansion in the industry for people with know-how and facilities.

It's official!

'64 Studebaker beauties

break over 72 records

27 hours of torture tests at Bonneville prove Studebaker's endurance, engineering and speed!

We took to the Salt Flats with our whole '64 line. Not to prove we're faster. Just better. Built to take the beating Bonneville dishes out.

And now the proof is in the official USAC record book . . . 72 new records set by Studebaker.

There's a name for what these beauties showed at Bonneville: Performance. For at Studebaker "different by design" means more than style.

- STUDEBAKER'S SWEEP OF THE SALT FLATS
- Studebaker 6-Cylinder Commander—102.77 mph, plus 11 other records.
 - Studebaker Daytona Convertible—139.49 mph, plus 11 other records.
 - Studebaker Hawk—147.86 mph, also 1 mile from standing start . . . 88.32 mph, plus 10 other records.
 - Studebaker Avanti—170.78 mph, also 5 other records.
