

# Feathered Friends 'Shoo-ed' to Safety

DUCK DEFROST — Liz and her brood of ducks enjoy life every summer at a pleasant pond at the home of Mr. and Mrs. Donald Ware, 229 Hut-ton. But winter hit with swift-footed pets homeless and cold. So Ware and his neighbor, Al Gleason, and little Ann Kipfer herded the ducks from the frozen pond to the open waters of the river beside the Ford Valve plant. The sequence of pictures shows the bewildered mother duck and her brood (including pure white Gussie) huddled beside the frozen pond, Gleason "shooing" them toward the stream, finally the open water and the happy sight of a flock of feathered friends. Ware, Gleason and Ann bade farewell until another spring.

## City Eyes Water Route On Baseline

Northville's city council was scheduled to meet in special session this week to grant an easement to the city of Detroit to extend a water line along old Baseline to North Center street.

Mayor A. M. Allen, Councilmembers Richard Ambler, Beatrice Carlson and Fred Kester, City Manager Bruce Potthoff, City Attorney Philip Ogilvie and City Engineer Harold Penn met with Detroit Water Board officials last week.

According to Mayor Allen, the city gained valuable information pertaining to costs and supply in the event Northville decides to become a Detroit water customer.

The council expects to discuss this information at its special Christmas week session. But the mayor noted that immediate attention would be given to the easement problem.

Detroit has federal grant funds to extend its 24-inch main from Meadowbrook road on Eight Mile to Center street. While the mayor indicated the city would probably grant the Baseline easement, some doubt remains as to the route through the city. Detroit would like to install the line along the east side of Center southward through the city to Five Mile road.

# The Northville Record

IF IT'S NEWS...AND IT HAPPENS IN NORTHVILLE...YOU CAN READ IT IN THE RECORD  
Vol. 93, No. 32, 14 Pages, Two Sections Northville, Michigan, Thursday, December 26, 1963 10c Per Copy, \$4.00 Per Year in Advance

**LAST YEAR'S FIRST** — It won't be long and Sherry Lynn Folsom, now nearing her first birthday will end her reign as the first baby of 1963 within the circulation of this newspaper. Another contest, this one for the first baby of 1964, will get underway at 12:01 a.m. on January 1.

## Prizes Await First '64 Baby

Little Sherry Lynn is just now learning to walk by herself, but in a few days she will relinquish a distinguished title that she's had for nearly an entire year.

The Novi baby, daughter of Mr. and Mrs. David Folsom of Willowbrook subdivision, was the first baby born to local area parents in 1963 and thus becoming the winner of the Record-News annual First Baby contest.

It's just a matter of time until Sherry gives up her title to the First Baby, 1964.

Rules for entry in the contest are simple. There's absolutely nothing to buy. To qualify you must be a resident of either a Northville or Novi mailing address.

It's necessary, of course, that your newly born baby is the first born in 1964 and that you report the birth to this newspaper not later than noon on Monday, January 6.

The winning baby and her parents will be awarded a host of prizes from nearly a dozen local merchants. Specific gifts and names of the merchants will be announced next week. The "First Baby" competition started here in 1957. And so far, the girls are leading the boys, 5-2.

Last year's First Baby didn't arrive until January 4. But even so, the six pound, seven ounce bundle arrived soon enough to claim the title and the prizes.

Sherry Lynn's parents have lived in Novi about four and a half years. She has a three-year-old sister, Barbara.

First Baby 1962 was Kimberly Ann Berger, daughter of Mr. and Mrs. William Berger of 40030 Grand River. She was born January 3 at 12:38 a.m.

In 1961, Tamara Ann MacDonald took the honors, arriving at 3:38 a.m. on January 2. Her parents are Mr. and Mrs. Ian MacDonald of 43440 Cottisford.

The "earliest born" of the First Babies was in 1960. In that year Danny Rolph was born at 1:50 a.m. January 1. He was the son of Mr. and Mrs. George Rolph of Novi road.

In 1959 First Baby was Timothy Michael McDonald, born January 2 at 4:45 a.m. He's the son of Justice and Mrs. Charles McDonald of Northville.

Sherry Coykendall, born January 5 to Mr. and Mrs. Keith Coykendall of Novi was First Baby, 1958.

And the "first" First Baby was Ruth Ann Edgin, born at 8:30 a.m., January 1, 1957 to Mr. and Mrs. Charles Edgin of Northville.

# Contract Awarded For New Post Office

Northville will have a new post office by September 1, 1964.

This was confirmed Monday by Northville Postmaster Leland V. Smith.

The new facility will be located on the southwest corner of Cady and Wing street.

Smith received word Monday morning from Postmaster General John A. Gronouski that a contract to construct the building has been awarded to George W. Timmons & Son of Columbus, Ohio. The Ohio firm will build and rent the building to the post office department.

The new Northville post office will be early American in design, blending with the nearby city hall now under construction and the recently completed Scout-Recreation building, just two doors away on Cady street.

Site for the post office presently contains an apartment house and a vacant lot. Total area of the site is 19,305 square feet.

Interior area of the new post office will be 5,342 square feet. Some 7,872 square feet will be provided around the building for parking and movement of postal vehicles.

In announcing the awarding of the Northville contract Postmaster General Gronouski stated that "the construction program is being concentrated in those areas where the need is urgent and suitable space cannot be obtained except through new construction."

The new structure will contribute materially to the efforts being made by Northville, in cooperation with the new Federal Area Redevelopment Administration, to revitalize the local economy and help provide permanent new job opportunities, the Postmaster General pointed out. New employment will be provided during the construction phase, he said, and the completed building will help community efforts to sell Northville as a good place, for business to grow.

This cooperation between the

Post Office Department and ARA, Mr. Gronouski added is designed to implement the Administration's broad program of Federal assistance to areas of chronic unemployment and underemployment.

Under the Department's ren-

tal program George W. Timmons & Son will construct the new building on the Southwest corner of Wing and Cady streets, and rent it to the Department for ten years, with renewal options running up to twenty years.

The Department's capital investment is limited substantially to postal equipment, while the building remains under private ownership, with the owner paying local real estate taxes.

## 251,000 Greetings

The volume of Christmas mail handled by Northville's post office was up 10 per cent over last year and set a new record. Assistant Postmaster Elmer Balko reported this week. Through Friday (December 20) some 251,000 cards and letters were mailed out of the local office. In addition 574 bags (more than 10 truck loads) of parcel post packages left Northville for friends and relatives in other communities. Balko said that local deliveries are up to date and that only perishable items or special deliveries will be sent out Christmas day. The post office proved more efficient this year, too. Only four extra employees were hired for the Christmas rush, compared to seven last year.

# Volunteer Firemen Protest Police Integration Plan

A paid advertisement placed by members of Northville's volunteer fire department in this edition of The Record (page six, section one) expresses disfavor with the city's new

department of public safety. The advertisement is signed by all members of the volunteer department. It was submitted as a petition this week to members of the council.

Northville moved towards unification of police and fire forces last September when Fire Chief William McGee was hired as a police officer.

McGee has served as elected chief of the volunteers for nearly 16 years. Prior to joining the police force he had been employed both locally and in Plymouth.

When McGee was hired as a policeman, City Manager Bruce Potthoff announced that it would mark the first step in unification of police and fire forces into a single department of public safety. The process would not be immediate, however, he noted.

The manager proposed that McGee would maintain his position as fire chief, work as a police officer and direct long-range training of policemen in fire fighting techniques to establish qualified "public safety officers."

Potthoff noted at that time that the reorganization would not change the status or function of the volunteer firemen, except that the chief would become a full time member of the department of public safety. McGee takes charge at fires. If he is not in attendance, the next ranking volunteer takes over, Potthoff noted.

In their signed complaint, the firemen state that:

—we are not interested in integration of the fire and police departments;

—we want to be under our own chief or officers at any fire;

—the voting upon and acceptance by our department on

any new applicants; —the right to elect our own chief subject to your approval;

—a closer relationship with the Mutual Aid Firemen's Association.

At one point the petition directed at the city council by the firemen notes that "if you want a public safety director that is your business". Under the plan, Chief Eugene King is director of public safety.

The firemen's petition calls the city plan "political". They also indicate that policemen should be directing traffic and "escorting us to the fire. Without that escort you not only endanger our lives but the lives of the taxpayers and his offspring."

The council was given until January 15 to act upon the petition. The firemen did not indicate what the consequences might be if a reply was not received by that date.

The council's next regularly scheduled meeting is January 6.

## Deadline Monday

Monday noon, December 30 will be the deadline for all news and advertising copy for the New Year's edition of The Record.

Anyone wishing to submit copy for publication in this edition should do so as early as possible. Newspaper offices are open Saturday until 1 p.m. The telephone number is FI-9-1700.

## Roger Babson's Forecast

# Johnson Will Defeat Nixon in '64

BABSON PARK, MASS. — I am still emotionally upset as I make this forecast after the brutal assassination of President Kennedy. I, however, will try to submerge my emotions and base this forecast of 1964 on the facts as I interpret them.

1. Our New President — I state emphatically that President Johnson may accomplish far more constructively before November 1964 than our late President would have been able to do.

2. Election in November — At the Republican Convention in the summer of 1964, there will be a conflict between Goldwater and Rockefeller, and perhaps others. For this reason, Mr. Nixon may slip in and get the Republican nomination. Certainly President Johnson will secure the nomi-

nation of the Democratic Party; he is a farsighted man, and knows politics. Therefore, with any one of the three leading names mentioned above, I now forecast that President Johnson will be elected President of the United States in November 1964. All of this gives me more assurance that 1964 should be a good year.

3. Tax Cut — A tax cut will be enacted sometime during the coming session of Congress; and it will surely be made retroactive to January 1, 1964. The tax cut should help consumer buying; it may even increase general business.

4. Civil Rights — Some sort of a civil-rights bill will be passed by Congress during 1964. The Administration wants to please the South and hold its Democratic votes there, but the civil-rights bill now before Congress is not satisfactory to the white people of the North.

Therefore, I forecast that whatever civil-rights bill is passed before the election of 1964 will be considerably watered down.

5. Negro People — The Negroes will continue to make progress and get more, but I predict that the gains will have to come largely through changing attitudes of the people.

6. Government Spending — Of course, in the long run, the survival of a nation should depend upon its spending less than it takes in. Nowadays, however, it is unfashionable — for consumers or government — to have balanced budgets. Therefore, I predict that 1964 will see a bigger deficit than this year's.

7. Depression — Whether for better or for worse, the voters have been taught to believe they can and should get something for nothing, and only a severe depression could ultimately change this belief. I, however, look for no depression in 1964.

8. Agricultural Outlook — Although crops, prices, and farm income may be basically dependent on the weather, much of the world is short of food. Russia's and China's heavy purchases of grains will do much to bolster U.S. farm income than will government-supported prices in 1964.

9. Dow-Jones Industrials — I forecast that the stock market as measured by the Dow-Jones Average will make a new high in 1964, but may sell lower after the elections. However, readers must remember that the Dow-Jones Industrial list, which everyone seems to think represents the market, may be very deceptive.

10. Speculative Stocks — Of the approximately 1550 stocks listed on the New York Stock Exchange, a majority have been going down while the Dow-Jones list of 30 which everyone watches have been going up. This is due to the purchase of Dow-Jones issues today largely by trustees, pension funds, mutual companies, and others that prefer fairly conservative and dividend-paying companies. I forecast that stocks not in the Dow-Jones list will do better proportionately in 1964 than they did this year.

11. Switching — Based on my above forecast, and having learned that only buying can send stocks up, I predict that 1964 may prove to be a good year to switch from some of the overcrowded Dow-Jones stocks into other issues that are now overlooked.

12. Government Bonds — The only government bonds that interest me are the long-term ones which may now be purchased at a discount to use in payment at par for death taxes. I forecast that more governments will be issued during 1964 and that their prices may gradually sag as money becomes tighter.

13. Corporation Bonds — Those buying corporate bonds should either stick to issues of under five years' maturity or keep their money in the savings bank. I predict that long-term corporation bonds will drop in price in 1964 as interest rates rise.

14. Tax-Exempt Bonds — Likewise, I predict that long-term tax-exempt bonds will decline next year. They are even more overpriced than corporation bonds, because of heavy bank buying during the past two years. I do not look for this to be repeated in 1964.

Therefore, I would certainly confine buying of tax-exempts to short maturities; and I would avoid revenue bonds.

15. Interest Rates — I forecast that interest rates will continue at least as high as today. Continued on Page 6, Section 2

Roger W. Babson

## She's Picked For Choir

Miss Margaret Kupsky, daughter of Mr. and Mrs. Floyd James Kupsky, of Northville, has been selected a member of the 1963-64 Chapel Choir at Berea College, Berea, Kentucky.

The Berea College Chapel choir has become a tradition since its establishment fourteen years ago. Although the choir has made several professional recordings and numerous tours, its main function is providing special music for Sunday night chapel programs and other important occasions.

The choir's musical pieces encompass a rich heritage of Western music, both sacred and secular, as well as several modern numbers. Knut Nystedt, eminent Norwegian composer, dedicated a special composition to the choir two years ago.

Miss Kupsky is a graduate of Northville high school where she was a member of the school choir and the All-State Choir. A sophomore art education major at Berea, she is a member of the Art Club.

## News Around Northville

Myrl L. Douglas, ETN3, daughter of C. J. Cox, 50165 West Eight Mile road, arrived home this past week bringing with her as a guest, Carol J. Means, SN, who is stationed with her at Pensacola, Florida at the Naval Air Station. Myrl, who entered the service nearly two years ago, will be home for about a week.

Janet Pauli and Judith Zayti, area residents, were recently accepted into the University of Detroit Chorus. Miss Pauli, daughter of Mr. and Mrs. Frank G. Pauli of 508 Gardner is a sophomore majoring in history in the U. of D. College of Arts and Sciences.

Miss Zayti, junior psychology major, is the daughter of Mr. and Mrs. Benny A. Zayti of 10868 West Seven Mile road.

Joseph A. Hay, son of Mr. and Mrs. David Hay, 46141 Sunset, is enrolled for the winter term on the Midland campus of Northwood Institute. He is following a liberal arts program.

Mr. and Mrs. George Clark of West Main street will entertain members of the Northville Optimist club and their wives at an open house Sunday afternoon from two until five.

Northville Optimists held their annual Christmas party for children last week at the regular meeting at the Thunderbird Inn. Wives were also guests for the occasion. Magician Roy Rew provided entertainment and Santa Claus arrived to greet the youngsters and distribute candy.

Mrs. Percy Angove of 841 West Main, Northville, entertained some 18 guests for Christmas dinner. Guests included the Angove children, Edward, Robert and Mrs. Marie Foster and their children. Special guests were Mrs. Mary Alexander and her grandson.

Paul Bray, a student at Michigan State University.

Captain Richard K. Somers and family arrived from Bitberg Air Force Base in Germany for a three week visit with his parents, Mr. and Mrs. Richard I. Somers of 18900 Valencia.

While here they will visit relatives in Northville and Walled Lake. They will return to Moody Air Force Base at Valdosta, Georgia.

A "Christmas Is For Children" theme pervaded most of the pre-holiday student activities at Christian College, Columbia, Missouri. Participating in the busy round of parties, programs, and projects of community service before leaving the campus for the college vacation period, December 20-January 5, was Miss Rhonda Atchison, daughter of Dr. and Mrs. Russell M. Atchison, 332 South Rogers, Northville.

Among the myriad Yule projects planned by Christian College "Cathies" to make the Christmas season brighter for youngsters in the community: Student-Spanish Club members are entertaining, with gifts and carols "en espanol", the young patients confined to the Pediatric Ward of the University of Missouri Medical Center.

Home Economics students are carrying on a more than thirty-year practice of playing

## Sunshine Group Enjoys Party

Thirty patients in the admitting ward of Northville State Hospital enjoyed a party Saturday afternoon sponsored by the Sunshine Group of Our Lady of Victory Church.

The group presented gifts to all women present, and the guests played bingo, were given a number of prizes, and were served egg nog, cookies and apples.

Chairman of the Sunshine Group is Helen O'Brien. Assisting were her daughter, Sherry, Betsy VanEe, Marie McKenna, June Mainville, Reba McCarthy and daughter Leah.

## about WOMEN

The Northville Record—Novi News—Thursday, December 26, 1963 Section One — Page Two

## Women Enjoy Christmas Tea

An interesting talk about the Holy Land at Christmas, supplemented by a display of artifacts, maps and papers, highlighted the annual Christmas Tea of the Northville Woman's club Friday afternoon.

The tea, held in the library building, honored new members of the club.

Retired from the social-studies department of the Detroit board of education after a 24-year teaching career, Mrs. Ralph MacMullen specialized in the field of government.

Later, after she and her husband retired, they spent a good deal of time visiting 36 countries in four continents, traveling 52,000 miles by plane, helicopter, boat, train, car, bus, elephant and camel.

In 1959 she spent 11 days in the Holy Land, Jerusalem and she spent Christmas Eve in Bethlehem.

It was this experience, in Jerusalem that was the basis for her presentation last week entitled, "Christmas in the Holy Land."

The presentation was prefaced by an outline of the approach to the Holy Land, and charts were displayed with souvenirs including a "salty" stone from the Dead Sea.

She also displayed pictures in a newspaper sized scrap book for closer scrutiny.

CHARTS DISPLAYED — Mrs. Ralph MacMullen, guest speaker at the Woman's Club Tea, discusses a chart concerning the Holy Land with her husband.

## Celebrate Anniversary

An open house celebration will be held at the Walled Lake Methodist Church Sunday for Mr. and Mrs. Fred Thayer of Wixom, who were married on Christmas Day 50 years ago.

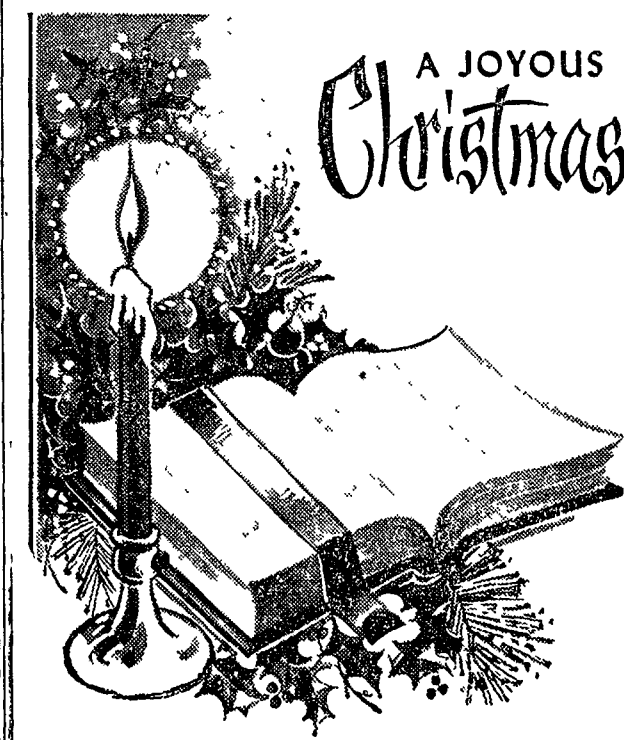

The golden wedding celebration will be held from 4 to 8 p.m.

Married in Hillsdale in 1913, the Thayers have three daughters, Mr. and Mrs. George Campbell Sr. of Pontiac, Mr. and Mrs. Joseph Stadnik of Wixom, and Captain and Mrs. Francis Buckneridge, who is stationed in Utah with the Air Force.

Mr. and Mrs. Thayer, who live at 2655 Loon Lake road, Wixom, also have seven grandchildren and nine great grandchildren.

CHRISTMAS TEA — Pouring tea for the guest speaker, Mrs. Ralph MacMullen, is Mrs. Wilbur Johnston, who is filling in for Mrs. Raymond Wright who was ill. The Christmas Tea honored new members of the club.

John 3:16

For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life.

## In Our Town

By Jean Day

THIS CHRISTMAS-TO-NEW YEAR WEEK brings the full magic of the season to its peak. Families and friends are enjoying reunions over turkey and egg nog — and the gala eve of New Year 1964 lies ahead.

A holiday tea, almost a yearly tradition for Mrs. William B. Walker, Jr., will bring about 125 friends to the Walker home, "Happy Acres," on Eight Mile road between 3 and 6 p.m. this Friday.

For Christmas Day dinner the Walkers were hosts to their children and grandchildren and friends in a gathering which totaled 31, including their son and his family, the William Lee Walkers, Sr., and their daughter and her family, the Paul Beards. Also guests for a few days have been Dr. and Mrs. Louis Eaton, of Howell, Michigan.

THE J. W. CHEETHAMS' holiday plans included a Christmas Day trip to Grand Rapids to spend the holiday with a former Northville family, the Donald B. Lawrences. The two families have holidayed together for about 18 Christmases.

Next year the get-together may take place in Northville as the Lawrences shortly will be moving back to town. They plan to rent temporarily in Brookland Farms.

Mr. Lawrence (who was a member of the Northville school board) was sent to Grand Rapids last June by Evans Products. Now he is being transferred to the Plymouth office.

Before leaving for Grand Rapids, though, the Cheethams were planning to spend Christmas Eve "as always" with the Claude Cru-soes.

ANOTHER POPULAR and civic-minded family who left Northville this past year is the Robert Beerborders. They — with Jody, Joyce, Jim and John — are returning Friday or Saturday to holiday with friends. The Beerborders will be dividing their time between the William E. Davises on Orchard drive and the Richard Kays on Thornapple lane. The children are visiting with their friends.

Dr. and Mrs. Gordon Forrer will entertain at a small dinner party Saturday at their West Main street home for the Beerborders. Guests are to be members of the evening bridge group to which the Beerborders belonged.

CHRISTMAS NOTES from South Bend, Indiana, tell friends of Mary and Jim Norris that they and their young sons are happily enjoying a White Christmas with lots and lots of snow (in which their new, bright red home makes a gay contrast.) They lived on Debra lane until last summer's transfer.

ON THE HOLIDAY CALENDAR for December 29 is a buffet dinner to which Mr. and Mrs. Pat Montagano of Woodhill road have invited a group of their neighbors.

The James H. Tellams have waited until after the Christmas rush to invite 40 friends to an open house from 8 to 10 p.m. this Saturday at their home on Caldwell.

On Saturday, the 21st, the Wayne D. McBrides invited a group of friends in for a holiday get-together at their Clement road home.

NEW YEAR'S EVE — oft billed as The Biggest Night of the Year — may be just that in Northville next week. Parties are planned all around town, with the largest at Meadowbrook country club.

Last week's reservation list at the club already had far outdistanced 1962's. The club expects 250 members and guests "seeing the New Year in" while dancing to the music of Eddie Schick.

At one table will be the Arthur R. Hempes, Jr. of West Fonger court. With them will be their house guests, Mrs. Hempes' brother-in-law and sister, Mr. and Mrs. S. T. Sneed. They were expected to arrive on the 23rd from Shreveport, La. to spend the holidays here. Completing the table will be Dearborn friends.

At an adjacent table will be the Hempes' neighbors, Mr. and Mrs. M. C. Sarnes, whose artistic holiday lighting in front of their home has been a focal point on Woodhill road.

EARLY RESERVATIONS for a Meadowbrook table also have been made by the Bernard Baldwins of Meadowbrook road. With them will be Mr. Baldwin's brother and his wife, the Edward Baldwins, who will be their house guests from the Grand Rapids area. Completing the family get-together will be Mr. and Mrs. Victor Dewis of Royal Oak.

Others in the party will be Northville neighbors: Mr. and Mrs. Lawrence Wright, Mr. and Mrs. Richard Talbot, and Mr. and Mrs. Robert Peterson.

Merry Christmas to everyone!

## They're Engaged

Lillian Mary Zinnecker

Mr. and Mrs. Carl L. Zinnecker of Mansfield avenue, Detroit, formerly of Ridge Court, Northville, announce the engagement of their daughter, Lillian Mary, to James Albert Stoner, son of Mrs. Nora Stoner of Windsor, Ontario and the late Albert Stoner.

The bride-elect, valedictorian of the 1958 graduating class of Northville high school, is a graduate with distinction of the University of Michigan where she participated in the first exchange program with the University of Sheffield, Yorkshire, England.

Mr. Stoner holds a bachelor of arts degree in psychology from the University of Windsor and will begin graduate studies at Wayne State university in September.

A late summer wedding is planned, but no specific date has been set.

Joyce Marie Balko

Mr. and Mrs. Howard Balko of 52730 West Eight Mile road announce the engagement of their daughter, Joyce Marie, to David M. Swinehart, son of Mr. and Mrs. Charles Swinehart of Lansing.

The bride-elect is a graduate of Northville high school and of Cleary College and is presently employed at the University hospital.

Mr. Swinehart is a graduate of Everett High School in Lansing and has attended both the United States Military Academy and the University of Michigan. He presently is employed with Townsend and Bottom in Ann Arbor.

A May 23 wedding is planned.

Karen Lee Hill

Mr. and Mrs. George W. Hill of 46871 West Seven Mile road announce the engagement of their daughter, Karen Lee, to Richard G. Schadel, Jr., son of Mr. and Mrs. Richard G. Schadel, Sr. of 290 Davis Lake road, Lapeer, Michigan. A late summer wedding is planned.

Judith Ann Newcombe

Mr. and Mrs. John Newcombe of Keansburg, New Jersey, announce the engagement of their daughter, Judith Ann, to Mr. John M. Kahler, son of Mr. and Mrs. Meredith Kahler of Napier road.

Both are students at the Professional Business Institute in Minneapolis, Minnesota, studying to be lab technicians.

No wedding date has been set.

Laurie Chabut

Mrs. Elaine Chabut, 18585 Sheldon road, announces the engagement of her daughter, Laurie, to Richard Hazzard of Frankfort, Michigan. He is the son of Mr. and Mrs. Robert Hazzard.

Miss Chabut is a student at Michigan State university and her fiancé is a graduate of the University of Michigan.

## Society Plan Progresses

Formation of the Northville Historical Society moved a step closer to reality last week as backers discussed matters of finance and a proposed constitution and by-laws.

With approximately 20 interested persons on hand at the meeting in the library, the group decided to meet again late next month to review and correct the proposed constitution before submitting it to the first general meeting of the society.

Meanwhile, the committee in charge of drawing up the constitution is to rewrite or change sections which were challenged last week.

One of the constitutional provisions which the majority present last week felt should be clarified concerned membership. The constitution, they asserted, should include no wording that might indicate that membership in the society was restricted.

It was decided by those present that membership should be in no way restrictive, that the constitution should be so worded that anyone can become a member.

Furthermore, it was suggested that for general membership be kept to a minimum — and that one of the membership classes be for "family" memberships. Four classes already suggested included active, institutional, life and junior.

The proposed constitution calls for eight officers, including a curator, which are to constitute the board of directors.

Purpose of the society, as outlined in the constitution is: "To bring together those people interested in history, and especially in the history of the Northville, Michigan region."

"The society's major function will be to discover, collect, preserve, advance, and disseminate knowledge of the history of the Northville region."

"To this end, said society may collect, printed materials, manuscripts, and artifacts relating to the history of the Northville area. It may hold property, both real and personal, in any amount; may lend, sell, lease, or rent such property provided such action be consistent with the terms of gifts, bequest, or other conveyance under which title was originally acquired. It may hold exhibits, state pageants, erect markers, sponsor or engage in activities of any kind."

TUESDAY NOON

## 2-In Memoriam

In loving memory of our daughter, and sister, Shirley Ann Husted who passed away one year ago December 20. Her love left a beautiful memory. And a sorrow too great to be told; But to us who loved and lost her Her memory will never grow old. Sadly missed by mother, father, sisters and friends.

# Official Notice of Sewer Bonds Sale

**\$1,510,000**  
**OAKLAND COUNTY, MICHIGAN**  
**OAKLAND COUNTY SEWAGE DISPOSAL BONDS — HURON-ROUGE SYSTEM**  
Sealed bids for the purchase of Oakland County Sewage Disposal Bonds — Huron - Rouge System to be issued by the County of Oakland, Michigan, of the par value of \$1,510,000 will be received by the undersigned, at the office of the Board of Public Works of said county, No. 550 So. Telegraph Road in the City of Pontiac, Michigan, until 11:00 o'clock A.M., Eastern Standard Time, on Tuesday, the 7th day of January, 1964, at which time and place said bids will be publicly opened and read.

Said bonds will be dated January 1, 1964, will be coupon bonds in the denomination of \$5,000 each, will be numbered consecutively in the direct order of their maturities from 1 to 302, both inclusive, and will bear interest from their date at a rate or rates not exceeding 5% per annum, payable on June 1, 1964, and thereafter semi-annually on June 1 and December 1. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1/8 of 1%. The interest rate for each coupon period on any one bond shall be at one rate only and shall be evidenced by one coupon only. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on June 1 in each year as follows:  
1965 — \$ 65,000  
1966 — \$ 80,000  
1967 — \$ 85,000  
1968 — \$ 90,000  
1969 — \$ 95,000  
1970 — \$100,000  
1971 — \$105,000  
1972 — \$110,000  
1973 — \$115,000  
1974 — \$120,000  
1975 — \$125,000  
1976 — \$130,000  
1977 — \$140,000  
1978 — \$145,000

Bonds maturing on June 1, 1978 shall be subject to redemption as a whole, at the option of the County prior to maturity on any interest payment date on or after June 1, 1966. Bonds maturing on or after June 1, 1974 shall be subject to redemption in whole or in part, in inverse numerical order, at the option of the County prior to maturity on any one or more interest payment dates on or after June 1, 1968. Bonds called for redemption shall be redeemed at the par value thereof and accrued interest plus a premium on each bond in accordance with the following schedule:

\$150 if called to be redeemed on or after June 1, 1966 but prior to June 1, 1967  
\$125 if called to be redeemed on or after June 1, 1967 but prior to June 1, 1969  
\$100 if called to be redeemed on or after June 1, 1969 but prior to June 1, 1971  
\$75 if called to be redeemed on or after June 1, 1971 but prior to June 1, 1973  
\$50 if called to be redeemed on or after June 1, 1973 but prior to June 1, 1975  
\$25 if called to be redeemed on or after June 1, 1975 but prior to maturity

Notice of redemption shall be given to the holders of bonds called for redemption by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem the same.

Both principal and interest will be payable at such bank and/or trust company which qualifies as a paying agent under Federal or Michigan law and which shall be designated by the original purchaser of the bonds. Such purchaser shall have the right to name a similarly qualified co-paying agent.

The bonds are to be issued for the purpose of defraying

the cost of acquiring and constructing the Huron-Rouge Sewage Disposal System. They are to be issued pursuant to the provisions of Act No. 185 of the Michigan Public Acts of 1957, as amended, in anticipation of the payment of the amounts to be paid to the county under a certain contract dated April 20, 1962, between the County of Oakland and the Village of Novi, whereby said village and said township agree to pay to the said county 100% of the capital cost, divided as therein set forth, of the Huron-Rouge Sewage Disposal System, with interest, in annual installments beginning June 1, 1965, in the same amounts as the annual maturities of the bonds of this issue. The aggregate amount to be so paid is \$1,510,000 plus interest. Interest payable on the bonds on June 1, 1964 and December 1, 1964, is capitalized.

The said bonds will not be general obligations of the county but will be payable, as to both principal and interest, solely from the amount collected from the township and

the village pursuant to the above mentioned Contract. The aggregate obligation of the township pursuant to said Contract is 1.05% of the final cost of the System and the remaining 98.95% of the cost thereof is the aggregate obligation of the village. The full faith and credit of the township and of the village (without limitation as to rate or amount) are pledged for the making of the required payments to the county.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from February 1, 1964 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the county. No proposal for the purchase of less than all of the bonds or at a price less than their par value or which provides for supplemental coupons, will be considered.

A certified or cashier's check in the amount of \$30,200 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the County of Oakland must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Dickinson, Wright, McKean & Cudlip (Claude H. Stevens of Counsel), attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the County. There will also be furnished the usual closing papers, including a non-litigation certificate, dated as of the date of the delivery of the bonds. Bonds will be delivered at Detroit, Michigan.

The right is reserved to reject any or all bids.  
Envelopes containing the bids should be plainly marked "Proposal for Huron-Rouge System Bonds."

**Untrained Vanish Says U-M Visitor**  
Ann Arbor — Noting could be plainer than that the place of the ill-educated untrained worker has all but disappeared from our society, says Merritt M. Chambers, University of Michigan visiting professor of higher education.  
"The day is already here when many skilled workers must become technicians," says Chambers. "The advance in technology means that all jobs are upgraded. There is an insatiable demand for more and more men and women who are educated scientifically, professionally, and technically."

Chambers advises against thinking of higher education as consisting solely of four years in college. "This is sometimes erroneously spoken of as a 'four-year loaf' for those country club life of ease.  
Chambers makes a plea for diversity. "It is important that certain students shall have a chance for one or two years of training in some technical specialty, coupled with some general education, in a community-junior college reasonably near their homes."

**Here's Way to Remove Candlewax from Fabrics**  
To remove candlewax from fabrics, place the stain between clean paper toweling or facial tissue and press with a warm iron.  
If a stain remains, sponge with a grease solvent. Many of the grease solvents sold at grocery and drug stores contain carbon tetrachloride or naphtha. Test the fabric to be sure Always use grease solvents in a well ventilated room as the vapors may be extremely poisonous and/or flammable.  
Place the stained area on an absorbent pad. Place stained side down. Dampen a pad of cotton with the solvent. Work from the center of the stain toward its outside edge and the fabric will be less likely to ring, and sponge the back of the stain.  
If any candlewax color remains, treat the stain with a full-strength, liquid detergent.

## Our Position on the Proposed Department of Public Safety And Related Matters

HONORABLE MAYOR  
CITY COUNCIL

We, the undersigned Volunteer Firemen of the City of Northville, submit the following for your consideration.

As you know our Department would be the first of any group in the City to recommend any change that would be beneficial to our Community.

However, when the change may affect our lives then, we are vitally interested and we want to know all the answers. We are not betting our lives on some political whim or politics.

We believe at this time we should make our position clear so there will be no misunderstanding whatsoever in this proposed change.

As we do not have a paid Fire Department the evaluation of saving a lot of money for the Tax Payer is Political Humbug.

If you want a Public Safety Director that is your business. But we do not want him to have anything to do with actual fire fighting. We only have confidence in our own men.

In this proposed change the City Manager speaks as though we have not planned or recognized the value of continuous training. If he or some of the City Fathers knew all the facts then you all would realize we have one of the most efficient Departments of its kind in the Country. This was not made so by politics but by hard work on our part.

We question the effectiveness of integrating the Police and Fire Departments. We have not thought of becoming Policemen and the Policemen, we are sure, do not want to be Firemen.

It is said there are two good reasons the argument against combining the two Departments will not stand the test of logic.

(1) It is stated that it is being done very successfully in a number of cities. This may be true where there is a paid Fire Department. But, it has not proven a success where it is strictly a Volunteer Department.

(2) We agree that the men in our Department are adaptable in meeting new situations. That is one of the reasons we have a high rating as a Volunteer Fire Department.

As far as the command of fire-fighting activities is concerned, we want at all times to be in the hands of our own chief or officer next in command, at a fire. We have confidence in those with whom we work and know.

In order to continue that confidence and maintain our recognized standing as a Fire Unit we do not understand who gave the order or why the Chief says he hires all applicants.

This in our opinion is wrong. In the past it has always been the policy and privilege of our Department to select and vote upon any new member. Then, in turn, the Chief presented this applicant's name to your body for approval.

While we were in good standing with the Mutual Aid Fireman's Association, we knew that their Officers and ours were elected from the rank and file. Then these names were presented to the City Fathers for approval. We wish to continue this privilege in order to select our Chief subject to your approval.

If you want Police Officers fighting fires, again that is your business.

But, we believe they should be directing traffic or escorting us to the fire. Without that escort you not only endanger our lives but the lives of the Taxpayer and his Offspring.

If you want to train any of your paid Employees in fire fighting we would welcome that extra help. But, at a fire they should be under the direction of our Chief or Officer in charge of our unit.

It is stated that under this proposed system there will be little or no difference.

We say there would be a tremendous difference to us if a Public Safety Fire Officer appointed politically is in charge of a fire.

It is our lives that you are playing with and you do not have the answer to that.

As you can readily see we believe the following suggestions should be fully observed, and acted upon by January 15, 1964.

(1) We are not interested in the integration of the Fire and Police Departments.

(2) We want to be under our own Chief or Officers at any fire.

(3) The voting upon and acceptance by our Department on any new applicants. (That is the way it has always been).

(4) The right to elect our own Chief subject to your approval. (That is the way it has always been).

(5) A closer relationship with the Mutual Aid Firemen's Association.

Yours respectfully,  
William D. Phillips  
Harvey A. Jackson  
Warren M. Bogart

## Mustangs Come from Behind

# Edge Clarenceville, 53-50

The Northville Mustangs gave Coach Dave Longridge a Christmas present second to none last Friday night when they wiped out a 15 point deficit to edge the Trojans at Clarenceville, 53-50.

It was the local cagers second win of the season and their most impressive. Northville's record is now 2-3.

Clarenceville's semi-stall tactics to protect an eight point margin in the final stanza backfired as the Mustangs scored 17 points to a mere six for the Trojans.

Aggressive rebounding and hard driving in the late stages of the game, in the final analysis, won the game for the Mustangs. Leading the Mustangs in these respects were Center Jerry Imsland and Forwards Rick Milne and Lance Hahn.

Pacing the Mustangs' offensive effort was Hahn, who flipped in 22 points, one more than Clarenceville's all-league Center Dave Graves.

Keeping the Mustangs in the game during the first half was the outside shooting of Hahn and Forward Jim Mazel, who bagged 12 points.

In Jerry Imsland, the Mustangs found a scrappy guard, who showed good poise and an

accurate eye at the free throw line.

It was largely through his and Hahn's efforts that Northville was able to evade the back court press, which has been fatal to Northville in previous games.

And these two back court men effectively directed the stall in the last minute of play to protect the Mustangs' two-point margin.

In the opening quarter, Northville jumped to a 3-0 lead, which was short lived as the Red and White scored 10 straight points. Score at the end of the period was 18-12 with the home team ahead.

Graves scored 11 of his points and used his six feet four inches to control both boards.

The local cagers closed a 21-12 gap to 30-25 with a few minutes remaining in the first half, but Clarenceville surged to a 34-25 lead at the buzzer.

Beginning the second half, the host team pushed its advantage to 42-27, before Northville, led by Mazel and Hahn, tallied nine consecutive points.

With the Mustangs lagging by only six points, Clarenceville began its semi-stall deep in its front court.

When the local five shifted into a man-to-man defense, the Trojans broke for the bucket. They missed two shots close in, but increased their lead to 44-36 at the end of the third period.

The fourth quarter was all Northville.

It closed the score to 44-43 with 4:50 remaining in the contest on the strength of free throws by Milne, Hahn and Imsland and two drive-in buckets by Imsland.

Graves then hit a jumper from 10 feet and a free throw to momentarily stall the Mustangs come back effort.

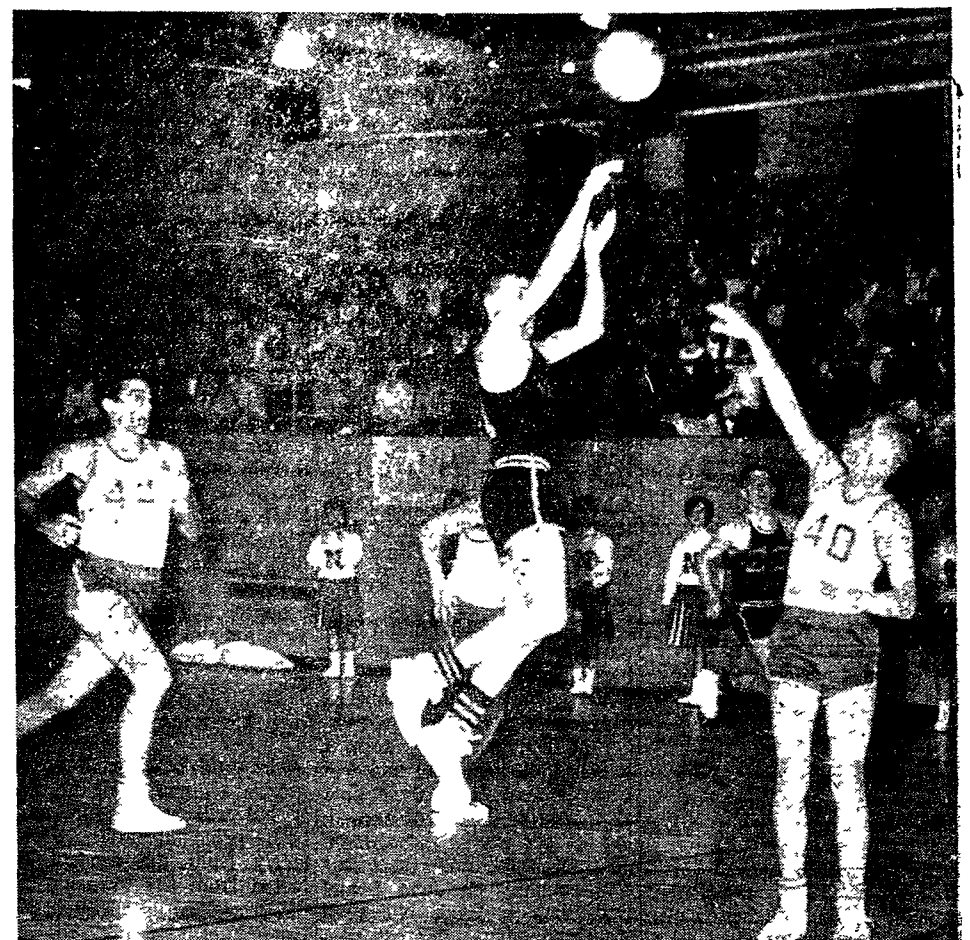

Two free throws apiece by Hahn and French tied it up at 47-all with 3:50 left, and Mazel cashed in on a jumper to finally put Northville ahead 49-47.

Again, Graves was the thorn in the Mustangs' side as he made good on a free throw and a field goal to give Clarenceville its last lead at 50-49.

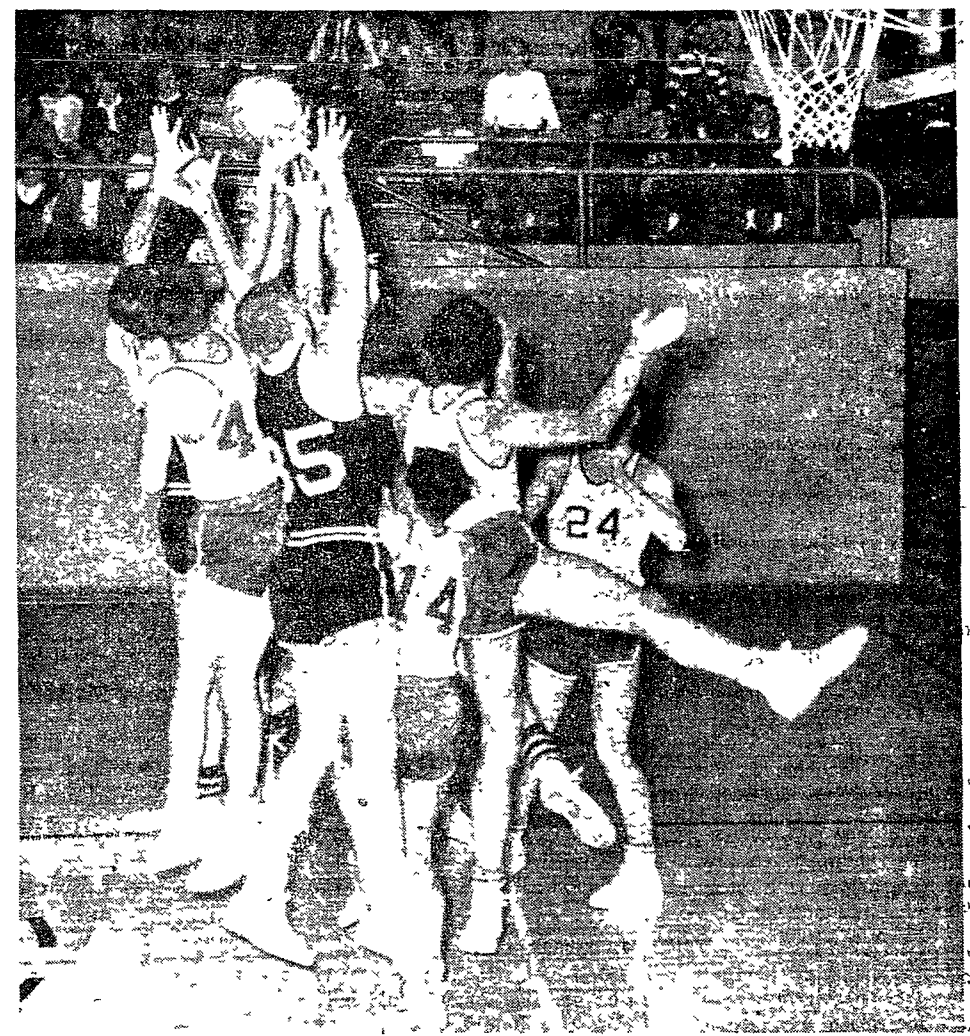

French, fouled in the act of shooting, then converted one free throw and missed the second. Milne went high in the air to grab the rebound and put it in, giving Northville a 52-50 margin.

When the Trojans missed their opportunity for a comeback, the Mustangs rebounded and successfully stalled away the last minute.

Fouled with one second left, Imsland made it 53-50.

**TWO-POINTER** — A Northville Mustang lofts a two-point, leaping above the outstretched arm of a Clarenceville net defender. Northville played its finest game to date in defeating the Trojans on their home court.

**HARDWOOD BALLET** — Nearly every player from both sides joined here under the basket in a ballet-like performance while scrapping for a rebound. We count eight of 'em — how about you?

## Colts' Play Tops; Coast to Victory

Playing their finest game of the season, the Northville Colts ran over and around an inferior Clarenceville quintet, last Friday, 61-46.

The addition of Mark Cushing, a six-foot two-inch former varsity player, gave the local

five a decided height advantage. He chipped in 19 points and controlled the back boards.

Backing up Cushing in the scoring department was Center Steven Evans, who tallied 11 times.

Even when Coach Alex Kluckach substituted freely in the final period, the Colts maintained their margin, although Clarenceville did make a better show.

The Trojans stayed close through the first period, trailing by only 14-10, but in the second period Northville went on a scoring rampage to take a 35-16 lead at half time.

Sparking the Colts' early attack were Cushing, Evans and Guard Bob Regenhardt, who scored all of his nine points in the opening canto.

In the third quarter, the local five increased its margin to 51-27, while once again dominating play. Cushing with eight points and Phil Andrews with four paced the attack.

Clarenceville put on its best spurt of the night in the final quarter to close the gap by eight points, but it wasn't enough as the Colts starters watched from the sidelines.

## Freshmen Win Another

Riding the crest of a three-game winning streak, Northville's freshman squad rolled over Clarenceville last Thursday at the Community building, 38-23.

Because of a wrestling match

scheduled the same night, the local frosh were forced to use a neutral court. But not even that could hold them back.

Northville's season slate stands at 3-1, its lone loss coming in the opening game against Birmingham Groves.

Although Northville was in command most of the way, Clarenceville made a game of it in the first half, staying in contention from the free throw line, 17-13, at half time.

According to Coach Dave Madden, the local frosh were off target in the opening canto, giving Clarenceville a chance.

But Northville hit its stride in the second half, led by Pat Hall, "He showed a lot of hustle and promise," Madden noted.

The top scorers for the Black and Orange were Jim Zayt with 10 points and little Doug Dingwall with seven.

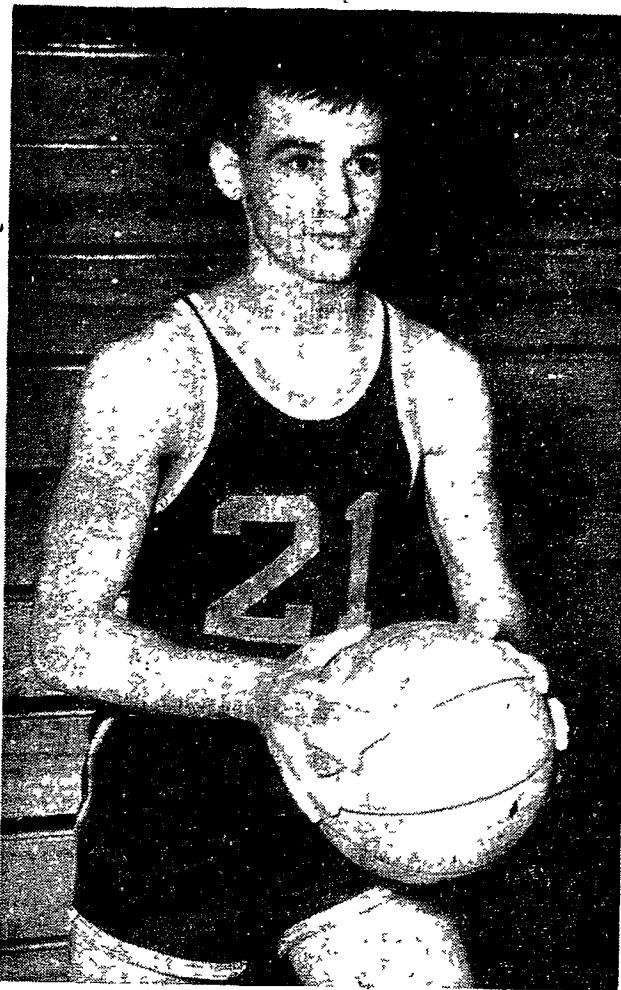

After the Christmas vacation, the local frosh will take on Nankin Mills January 10 here.

**In the Spirit of Christmas**  
We wish you a Day, bright with hope, rich in the blessings of the season.

## Cager of the Week

**DAN BISHOP** — From his guard post, Bishop is the Mustangs' field general. A letter winner in basketball last year and football this year, he uses speed to compensate for lack of size. Only 5' 5", this senior provides the spark for the Mustangs. Upon graduation, he hopes to attend Schoolcraft college or Eastern Michigan university to major in business administration. He is the son of Mr. and Mrs. Charles Bishop, who reside at 46111 Neeson street.

## Matmen Lose 35-10

Injuries continued to plague the Northville matmen last Thursday as they dropped a 35-10 decision to Flat Rock here.

But it was still questionable whether the Mustangs could have toppled Flat Rock had they been healthy.

"Flat Rock was the best team we have met this year," noted Coach Dick Gray. "They had some very good boys."

Turning in his finest performance of the season was Sophomore Frank Plantz, a 95 pounder, who pinned his man for five of the Mustangs' 10 points.

Jerry Burns, a heavyweight, also did yeoman work in winning a three-point decision.

The other Mustang point winner was 112-pound Russ Nichols, who held his man to a draw.

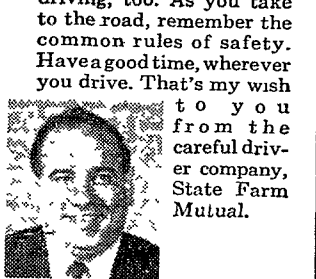

Coach Gray pointed out that his boys worked very hard, but they were behind the eight ball with injuries.

Those on the injured list, which seems to be growing longer each week, are two undefeated wrestlers, Dennis Cook and Dave Kerr, and two other stalwarts, Bill Wilson and Bob Steeper.

## Happy Holiday!

Big day... lots of excitement for you and your family. Probably some driving, too. As you take to the road, remember the common rules of safety. Have a good time, wherever you drive. That's my wish to you from the careful driver company, State Farm Mutual.

# OBITUARIES

**CLARENCE W. ROBERTS**  
Funeral services were held Saturday, December 21 at Richardson-Bird Funeral Home in Walled Lake for Clarence W. Roberts, 47, of Union Lake. Mr. Roberts died December 18

at St. Joseph hospital in Pontiac. He had been ill for two weeks. Born in Salem on April 3, 1916 to Forest W. and Mabel Roberts, he is survived by his wife, Lila; and four children, Joyce of Brighton, Dina Mihelech of Walled Lake, Forrest C. of Garden City, and Michael L. of Belleville; a brother, Earl; and two grandchildren.

**LAWRENCE F. RIEDEL**  
Lawrence F. Riedel, 65, of 1874 LeRene, Walled Lake, died December 17 at Michigan Veterans Facilities, Grand Rapids. A former Northville resident, he had been ill nearly six years.

Born July 12, 1898 in Lafayette, he was the son of Henry and Alma (Westlake) Riedel. His wife, Mearl, preceded him in death.

Survivors include two daughters, Mrs. June Pennell of Walled Lake and Marguerite Sherman of Plymouth; a son, Lawrence III of Plymouth; brother, John of Monroe; and eight grandchildren and six great grandchildren.

Mr. Riedel moved from Northville to Walled Lake about 25 years ago. He was a member of the Lawrence F. Simms Post 3952, VFW, Walled Lake. Funeral services were conducted Friday, December 20 from Casterline Funeral Home, with the Rev. Carl Grapentine, pastor of the First Baptist

church of Walled Lake, officiating. Burial was in Oakland Memorial Gardens, Novi.

**OTTO H. LAMP**  
Otto H. Lamp, 66 of 49300 West Nine Mile road, died Thursday, December 18 at the Oakland County Medical Care Facilities in Pontiac after an illness of five months.

Born March 31, 1897 in Kraken, Germany, he was the son of Johannes and Meta (Puck) Lamp. His wife, Helen L., survives him.

He had lived in Northville for 23 years and was retired from the Ford Motor company plant here.

Other survivors include a son, John of Long Beach, California; daughters Miss Mary Lamp of Warren and Miss Carol Lamp of Northville; children at home, Robert Bernard, Shirley, Ethel, Richard; and one brother, Herman of Germany.

Funeral services were conducted Monday, December 23 from Casterline Funeral Home with the Rev. Robert Spradling pastor of the First Baptist Church of Northville, officiating. Burial was in Rural Hill cemetery.

**JACOB L. REUTHER**  
Jacob L. Reuther, 61, of Belleville, Illinois, died here suddenly while visiting with his son at Novi for Christmas on Friday, December 20.

General tax supervisor for the Southwestern Bell Telephone company of St. Louis, Missouri, he was born August 25, 1902 in East St. Louis, Illinois to Lawrence and Edith Reuther.

Survivors include his son at Novi, Donald E. of 23660 Maude Lee Circle; his wife, Margaret; daughter, Mrs. Margie Donahue of Belleville, Illinois; one sister, Miss Caroline Reuther of East St. Louis, Illinois; and four grandchildren.

Funeral arrangements were handled by Casterline Funeral Home, with burial at Mt. Carmel Cemetery, Belleville, Illinois.

## Delay Pickup Of Garbage In Wixom

Garbage normally picked up in the city of Wixom on Wednesdays will be picked up on Thursday, December 26, and again on Thursday, January 2, because regular pickup dates fall on holidays, officials reminded city residents this week.

## In Uniform

Army Specialist Five Gary N. Scheel, son of Mr. and Mrs. William I. Scheel, 6803 Seven Mile, South Lyon, was awarded The Good Conduct Medal late in November while serving with the 1st Armored Division at Fort Hood, Texas.

Specialist Scheel was awarded the medal for exemplary conduct, efficiency and fidelity as a soldier in active service.

The 24-year-old soldier, a clerk-typist in Headquarters Company, 1st Battalion of the division's 46th Infantry, entered the Army in December 1961 and completed basic training at Fort Leonard Wood, Missouri.

Scheel is a 1957 graduate of South Lyon High school.

## Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, ask the operator for toll-free Enterprise 7002.

## Don't Forget!

Early copy must be submitted next week. Deadline Monday noon.

Custom Building - Remodeling  
Real Estate

To all my friends... and those who will become friends and acquaintances in the year... I wish a cordial and very happy holiday season.

**SANTA ALREADY?** — Busy with her housework late last week, Mrs. Horace Aenchbacher, 129 West street, heard some peculiar noises coming from this register in her home (top picture). "I began to wonder if Santa Claus was coming a little early," she laughed. Later the noise increased, this time coming from the basement. She opened the basement door and there hopping up the steps was a squirrel with an apple in its soot-covered mouth. Later she somehow managed to plop the frightened critter in the crock (bottom picture) before turning him loose. "I don't know how he did it," the equally frightened housewife explained. "I guess he must have come down the chimney — probably trying it out for Santa Claus."

## Plan Historical Society

(Continued from Page 3)  
consonant with any other agencies, local or otherwise."

Although the impetus leading to current action to form a society was a widespread belief that the library building should be preserved because of its historical significance, it is the thinking of at least some of those backing the society that efforts first be concentrated on establishing an active historical society.

Among those who voiced this position last week were Sidney Strong, president of the Plymouth Historical Society, Richard Lyon, who worked with

Councilman John Canterbury in collecting data on financing, and Francis P. Gazlay, who has requested the council to consider adoption of an ordinance to provide for an historical commission.

The first concern should be in creating an active organization with emphasis on securing members interested in history. The fact that the library probably will be used by the school for two or three years means, said Lyon, that an historical group would have ample time to study means of saving the building and consider establishment of a museum.

# It's Part of Youth for Understanding Program

## 5 Latin American Students Visit Here

Five Latin American students, three from Mexico and two from Uruguay, are visiting in the Northville area under the widely acclaimed Youth for Understanding Exchange Program.

Nearly 400 Mexican youth, including those now visiting Northville, arrived during the week of November 25, while some arrived during the first week in December.

On December 17 and 31, twenty-six exchange students arrived in Ann Arbor from South America for the Youth

for Understanding seven-month program — including of course the two here from Uruguay.

Here from Mexico for two months are:

Raquel Garcia De LaFuente, 12, who is visiting with the Kalin Johnsons and who is enrolled in the sixth grade here; Jorge Carral, who is a guest of the William Kurtz family, 39180 Hunters Row (Farmington township), and a 12-year-old student in the 10 Mile Elementary school; and Gonzalo Casas, a guest of the John McGuire of 240 Orchard drive and a student at Our Lady of Sorrows high school in Farmington.

Arriving here last week from Uruguay were:

Carlos Moreira of Colonia Sviza, who is living with Mr. and Mrs. Robert P. Brueck of 47129 Dunsany, and Ivonne Castañer of Montevideo, who is living with Mr. and Mrs. H. E. Heimbecker of 24760 Glenda.

The December arrivals from South American countries are the result of several years of preparation and international conversations.

The Michigan Youth Chorale, with which several Northville students have participated, awakened interest in teenage exchange in Uruguay in 1960 and 1961. Dr. Eric Simon, a member of the Ministry of Education in charge of music in that country, began talking

with local people in Montevideo and with the national Ministry of Education.

These talks resulted in the first group of 14 coming in 1962. Twelve full-year students from Uruguay came in September and are here now.

Professor and Mrs. Clyde Johnson of Ann Arbor traveled in several countries of South America in the late summer and talked with local and national leaders regarding the values of the program of teenage student exchange. They found it to be something which interested industry as well as educators.

"Local groups began asking for maps of Michigan and wanted information about our schools," explains Mrs. Marjory A. Poole, program interpreter.

"They asked about the kinds of homes in which their sons and daughters would live, whether they would work and if so, in what occupations. They learned from the Johnsons about school clubs to which their youth might belong and how they might see how democracy functions within schools, communities and churches."

The youth who have returned from their first experience in the United States are now meeting monthly in Uruguay. Some of them are teaching English and all of them are translating. Some are working as youth members of local committees.

"The vast contrasts of the South American continent," says Mrs. Poole, "give promise to open for understanding of Michigan families in an immediate and intimate way through this exchange. By the same token, the homes of Latin America are opening to receive the understanding that Michigan can send through their youth."

For the first time this year, students visiting in Michigan homes will receive full credit in their own schools in Latin America. Previously, they were faced with the task of making up credits upon returning home from Michigan, Mrs. Poole explains.

Now, she adds, these students combine their regular summer vacations with several months of school to come here.

Carlos and Ivonne, along with the others who arrived this month, enrolled in Michigan high schools upon arrival and will take the full semester's work until the end of the second semester. All South American students have English as a required second language and are able to read, write and speak it. They are selected from the top achievement group in their countries.

In the Mexican Exchange of the National Council of Catholic Women of the five Michigan Districts of the Michigan Diocese have worked closely with the office of Youth for Understanding in finding home and school placement for the incoming youth.

Consistent growth in the Mexican aspect of teenage exchange is evidence of the value placed upon it both in Mexico and in the United States. In 1959 this aspect of the Youth for Understanding began with 20 Mexican students coming here.

The number has increased significantly since then. While students from South America are here for a full semester, youngsters here from Mexico will stay only until the end of January.

### Joins Fraternity

Peter W. Van Atta, son of Col. W. H. Van Atta, 136 East Cady street is one of 15 Michigan State University students initiated this fall into the Michigan Alpha Chapter of the Tau Beta Pi Association, national engineering honorary fraternity.

The fraternity, with chapters in 112 colleges and universities throughout the country, selects its members from the upper 20 per cent of the senior engineering class and the upper 12 1/2 per cent of the junior engineering class.

Also eligible are active engineers, out of college for at least 15 years, who have made notable advances in the engineering field.

The fraternity has 116,000 active and alumni members. Van Atta is a senior majoring in electrical engineering.

**WELCOME TO NORTHVILLE** — Northville's high school principal, Fred Stefanski, welcomes two students from Uruguay who will spend the second semester in the high school system as part of the Youth for Understanding Student Exchange Program. Ivonne Castañer and Carlos Moreira were two of 76 exchange students who arrived from South American countries. In addition to Ivonne and Carlos, three youngsters from Mexico are visiting the Northville area under the program. The Mexican children will return home at the end of January.

### A & P Picks Assistant Sales Head

Promotion of Robert J. Murray, former field superintendent of A & P Food Stores' Detroit Unit, to assistant sales director of the company's Central Western Division was announced today by Division President Byron Jay.

In his new assignment, Murray will assist Sales Director E. A. LePage in directing sales activities of the division's six-state area extending from Memphis, Tenn. to Sault Ste. Marie, Michigan.

A native of Saginaw, Murray joined the nation's foremost food chain in 1934 as a store clerk while still in school. He received his first managerial appointment in 1937 and managed A & P stores in Saginaw, Bay City, Midland and Flint prior to coming to Detroit in 1944. In Detroit, he was associated with the sales department for six years and was a store supervisor three years prior to becoming assistant sales manager for the Detroit Unit in 1956. He was advanced to sales manager in June 1959 and elevated to field superintendent in April 1962. He held this post in the Detroit Unit until his recent promotion.

### As 'Surfman' in 1913

## He Saw Wrath Of Storm Too

Reading a story in this newspaper two weeks ago Guard, said he was serving another sailor who survived the disastrous Great Lakes storm of 1913.

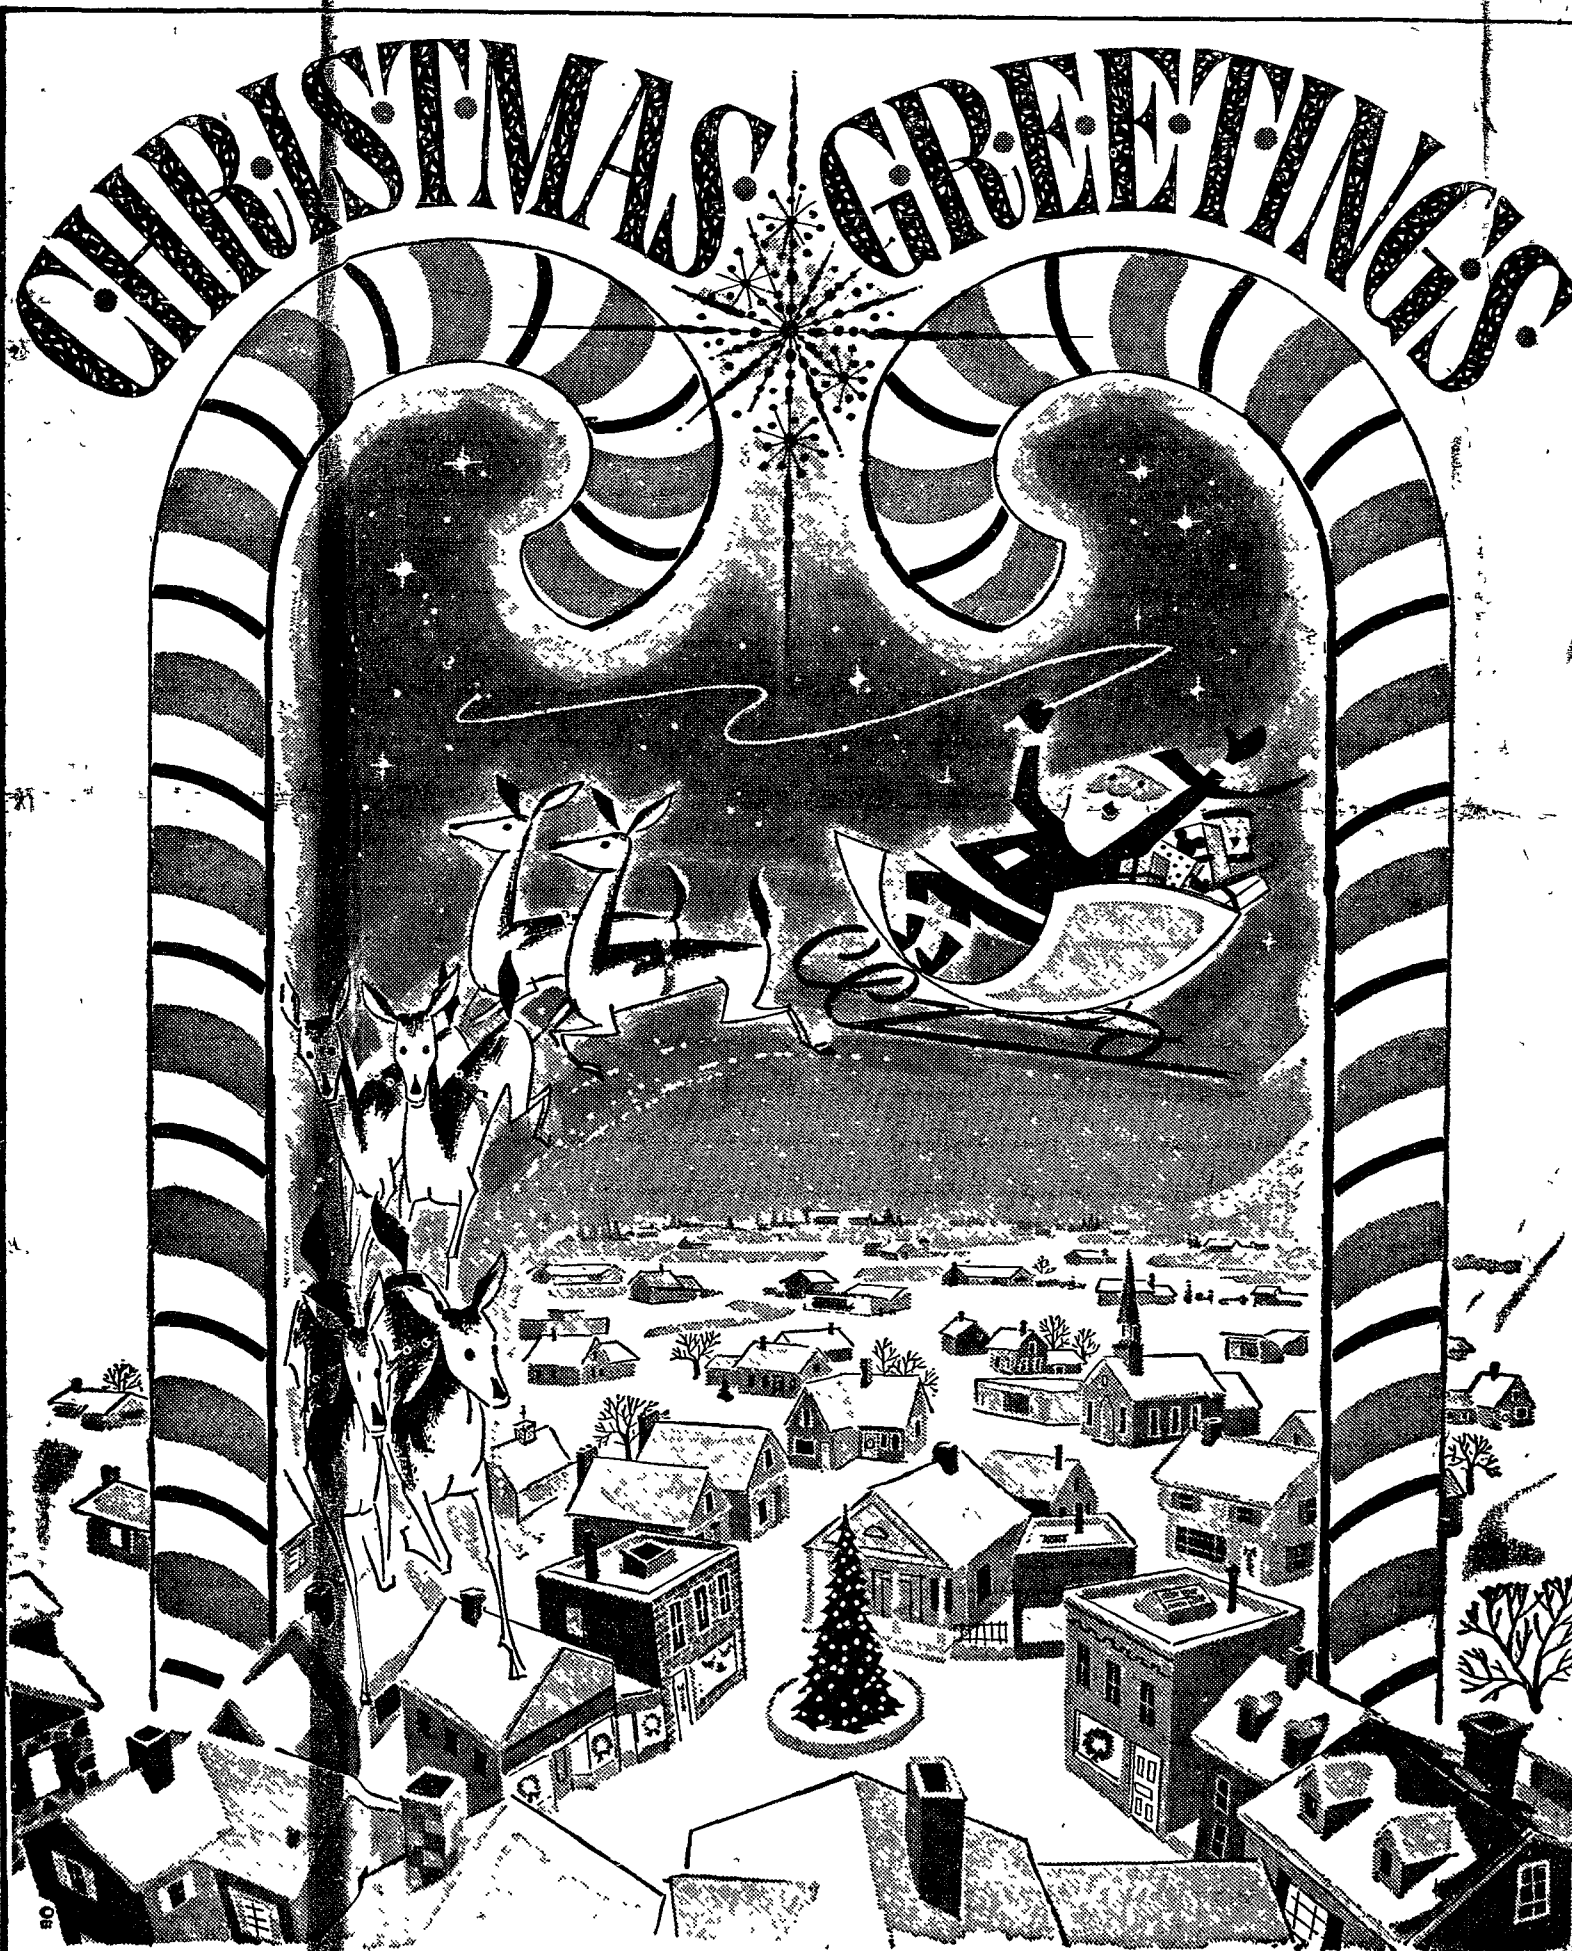

Donald Maclean, 340 High street, had read the story about L. L. Vradenburg and his experience during the storm, considered the worst in history on the Great Lakes, which claimed 251 lives and damaged 71 vessels.

Maclean recalled that he too had seen the wrath of the storm — not as a sailor aboard a freighter, but as a "surfman."

A "surfman," he explained, was a man trained to ship on a reef. It was a dangerous shore-line search of shipwrecked sailors or distressed ships. In those days, he continued, the surfman was part of a "life-saving corps" — which later became known as the Coast Guard.

The man who served three years as a "surfman" and 1896 — is still in service to then later during World War day.

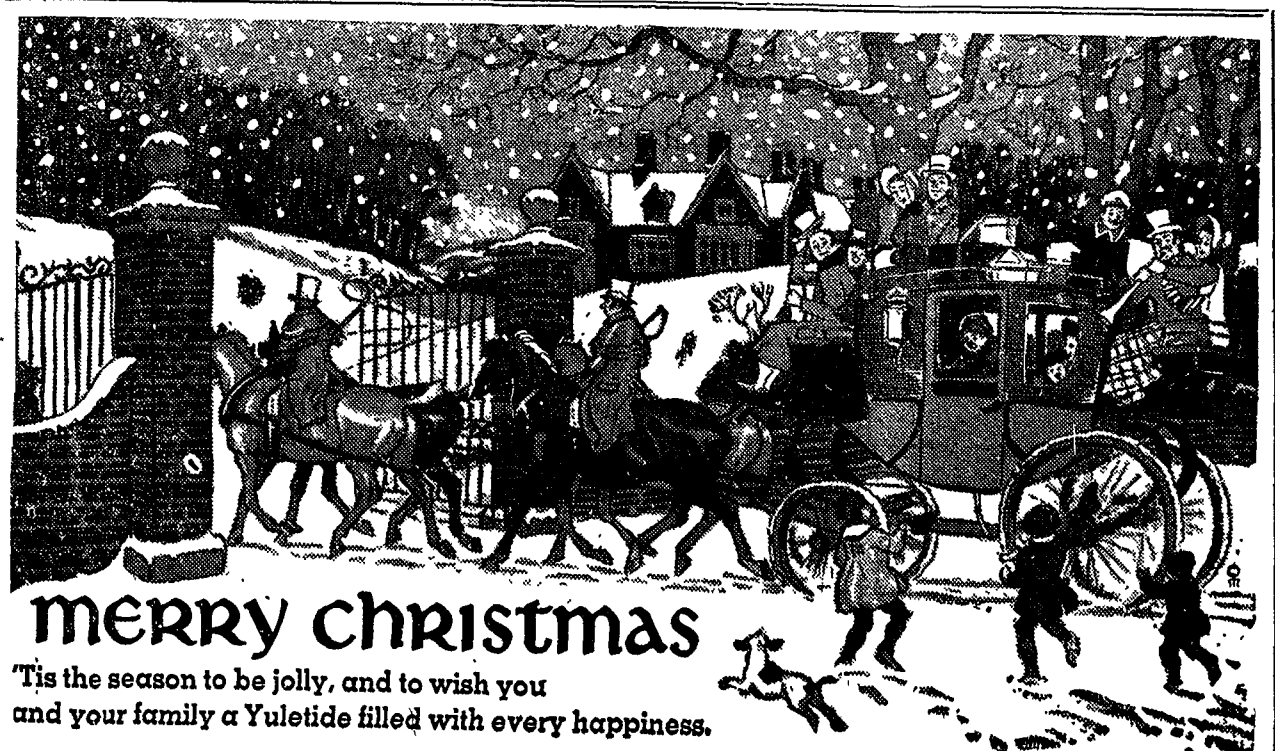

Incidentally, the 472 x 48 foot freighter — built in 1896 — is still in service to then later during World War day.

It's Christmastime, and here comes Santa with a sleighful of our warmest holiday greetings to all of you whose friendship and good will we cherish. With genuine appreciation of your kind patronage and friendly goodwill, we extend our sincere thanks and best wishes for every happiness during the holiday season. A very merry Christmas to all!

### FIRST CHURCH OF CHRIST SCIENTIST

1100 W. Ann Arbor Trail  
Plymouth, Michigan  
Sunday Service 10:30 a.m.  
Sunday School 10:30 a.m.  
Wednesday Evening service  
8:00 p.m.  
Reading Room, 873 West  
Ann Arbor Trail open daily  
10:00 a.m. to 5:30 p.m.  
Evenings 7:00 p.m. to 9:00  
p.m.  
Wednesday 7:00 to 7:45 p.m.  
Sundays 2:00 to 4:00 p.m.  
The scientific nature of Chris-  
tianity will be explored in next  
Sunday's Bible Lesson at all  
Christian Science churches.  
Scriptural readings will in-  
clude this verse from Isaiah  
(51:4): "Hearken unto me, my  
people; and give ear unto me,  
O my nation: for a law shall  
proceed from me, and I will  
make my judgment to rest for  
a light of the people."  
Selections from the denomina-  
tional textbook will include  
these lines: "Our Master taught  
no mere theory, doctrine, or  
belief. It all was being which he  
taught and practiced" (Science  
and Health with Key to the  
Scriptures by Mary Baker Ed-  
dy, p. 26).  
The lesson is entitled,  
"Christian Science."

### MSU Awards Include Three from Area

Michigan State University  
awarded degrees to 1,254 stu-  
dents, including three from this  
general area, at fall term  
commencement exercises.  
The graduates included 90  
doctoral candidates, 394 mas-  
ter's degree candidates and  
762 bachelor's candidates.  
Fall term closed at MSU on  
Friday, December 13.

### 600 Apply for Study At Schoolcraft College

Nearly 600 persons had ap-  
plied for full-time study at  
Schoolcraft College by early  
last week, Dr. Eric J. Brad-  
ner, president, reported to the  
board of trustees.  
A total of 596 applied for full-  
time study, while 85 indicated  
an interest in part-time study.  
With applications arriving  
daily, all indications point to  
an initial enrollment of approx-  
imately 1,000 full-time stu-  
dents, with a similar number  
of part-time students, officials  
said.  
At its December 11 meeting,  
the board of trustees approved  
final contracts for telephone  
service with the Michigan Bell  
Telephone company and for  
street lighting with the Detroit  
Edison company. The architec-  
tural firm of Eberle M. Smith  
Associates, Inc. was author-  
ized to secure bids on such fixed  
equipment as a sound system,  
as well as chemistry, physics,  
biology and geology equipment.  
The next meeting of the  
board will be held on Wednes-  
day, January 8, 1964, instead  
of January 1, which normally  
would be the regular meeting  
date.

Can Bring You

### Green Ridge Nursery

We've wrapped  
up best wishes for  
a very Merry Christ-  
mas, along with our  
sincere thanks  
for your kind and  
generous patronage.

### from the PASTOR'S STUDY

By the Rev. B. J. Pankow, Pastor  
St. Paul's Lutheran Church of Northville

### Are you too wrapped up for Christmas?

That is to say, too wrapped up in ma-  
terial things? Feverishly  
rushing from store to store,  
from party to party? Fran-  
tically cleaning, cooking,  
baking, writing, mailing,  
decorating, "full of care  
and troubled about many  
things," as Jesus once said  
to Martha? (Luke 10:41).  
Have you lost the true  
meaning of Christmas, or  
did you perhaps never have  
it?  
Will you slow down for a  
proper celebration of Chris-  
mas (The Festival of  
Christ's birth)? Will you  
drop everything to consider  
the miracle of the ages —

### God sending His own Son

to this planet to become hu-  
man flesh, a Babe, one of  
us, in order to take our  
place under the Command-  
ments, to live, suffer and  
die for our sins?  
Removed from all worldly  
distractions, will you pause  
to ponder the great love of  
God for sinful mortals?  
Will you take time for wor-  
ship (not only on Christmas  
Eve, but also on Christmas  
Day, and on Sunday)? Will  
you take time to read the  
first chapters of Matthew,  
Luke, and John? Will you  
take time for prayer; time  
to discuss the true meaning  
of Christmas in your fam-  
ily group and with your

### friends, neighbors, and fel-

low employees, regardless  
of their race of color, re-  
membering that the Savior,  
Christ the Lord, was born  
for all? Will you take time  
to share the "good tidings  
of great joy," time to stop  
by for someone who has no  
transportation to church;  
time to help the needy?

### In short, rather than be-

ing totally engrossed in ma-  
terial things, let our thoughts  
revolve about Him who was  
Wrapped in Swaddling Clo-  
thes and Laid in a Manger  
(Luke 2:7), who became the  
poorest of the poor that we  
through His poverty might  
be eternally rich (2 Corin-  
thians 8:9).

### News From Willowbrook

Mrs. George Ames GR 4-0830  
Mr. and Mrs. Donald Koskel-  
la are new residents of Wil-  
lowbrook on McMahon Circle.  
They have one son Timothy,  
who is fifteen months old. The  
Koskellas, who moved here  
from Farmington, are both  
fond of horseback riding and  
penocle. Mr. Koskella is em-  
ployed as a test driver at the  
G. M. proving grounds.

### Services Mark Christmas Eve

Two services were held  
Christmas Eve at St. Paul's  
Evangelical Lutheran Church,  
High and Elm streets, namely  
at 6:30 and at 8:30 p.m.  
In the 6:30 service the chil-  
dren of the Sunday school sang  
Christmas songs and gave rec-  
itations entitled "The True  
Meaning of Christmas" and  
"The Prince of Peace."  
The 8:30 service was in the  
nature of a candlelight carol  
service in which the youth of  
the congregation participated  
and the congregation joined in  
the reading of the Christmas  
Gospel, which was given in  
booklet form to all worship-  
ers.  
In both services the Rev. B.  
J. Pankow, pastor, preached  
on the theme: "Christ's Pov-  
erty — Our Riches," as based  
on 2 Corinthians 8:0.

### On Christmas Day, Decem-

ber 25, the festival of Christ's  
birth was observed at St.  
Paul's in a service at 10:30  
a.m. The senior choir sang in  
this service, Pastor Pankow  
chose John 1:14 as his text  
and used as his theme: "Jes-  
us — True Man, True God,  
Our Savior."  
This coming Sunday, ser-  
vices will be held at the usual  
hours of 8 and 10:30 a.m., with  
Sunday school and Bible class-  
es for youth and adults at 9:15  
a.m. The subject of the ser-  
mon will be: "The Time, Man-  
ner and Purpose of Christ's  
Coming" on the basis of Galatians  
4:1-7.  
On New Year's Eve, Decem-  
ber 31, St. Paul's will celebrate  
a service at 7:30 p.m. with  
Holy Communion.

### at the home of Mr. and Mrs.

Frank Morse Sunday after-  
noon.  
Mr. and Mrs. Jack Lambeth  
of Mallott drive are grandpar-  
ents again. Their daughter,  
Carol, who is now Mrs. Donald  
Frost, gave birth to a son, Ter-  
ry Thomas, on December 16.  
The Frosts also have a daugh-  
ter, Susan, who is two.

### Terry Auten, son of Mr. and

Mrs. Ralph Auten, of Riple  
Creek drive, celebrated his  
10th birthday with a surprise  
party Tuesday. His guests in-  
cluded all the members of Cub  
Den 10, Larry Brooks, Tommy  
Mitchell, Jim Cook, Allen Cof-  
fee, Ron Schultz and Gary  
Stroutsos.

### Mr. and Mrs. Ray Stroutsos

have moved from Willowbrook  
back to their former home in  
Barre, Vermont.  
The Tuesday Penocle Club  
had their annual Christmas  
party at the home of Wilma  
Balogh last week. Mary Jo  
Fritz won first prize, Vivian  
Musselman second, Adele Cal-  
igiuri third and Mary Jane  
Govt, consolation.

### The following children who

are Willowbrook residents are  
now on the Honor roll at Our  
Lady of Victory School in  
Northville:  
First grade, Margaret Mc-  
Keon, Patricia Byrd, Elizabeth  
Chismark, Robert Cole, Caro-  
lyn George, Mary Kay Par-  
ent, Cheryl Pohlman, Margar-  
et Richmond; Second grade,  
Teresa McKeon, Dennis Wil-  
liams; Third grade: Denise  
Byrd, Mark Miklas, Cynthia  
Heaton; Fourth grade: Denise  
Jacques, Michele Locke, Sally  
Wharton;

### Fifth grade: Janet LeButt,

Mary Ellen Locke, Mary Pa-  
tricia McKeon; Sixth grade:  
Nancy Byrd, Douglas George;  
Seventh grade: Henry George,  
Ann Bunker; Eighth grade:  
Stephen Williams.

## OUT OF THE PAST

**ONE YEAR AGO**  
December 26, 1962  
—An 11-year-old Novi girl was bludgeoned to death when she interferred with the savage beating of her father.

The murder came in the middle of a spree of sex offenses and beatings committed in Novi late Wednesday night (December 19).

Killed with the same claw hammer that had been used to beat her father into critical condition and was later used in an attack on her mother was Shirley Husted, daughter of Wesley and Rita Husted, 2099 Austin drive.

—Harry S. Atchinson, 76, a life-long area resident and owner of Atchinson Realty, died Sunday night at his Six Mile road home in Salem. He was born in Salem on August 12, 1886, and was a member of the Salem Federated Church.

—Roger Babson new year forecast: "I forecast that the Dow-Jones Industrial Averages will register lower sometime during 1963 and stocks will show an average yield of about four percent. Either dividends must be increased or prices of stocks must go lower. Both cannot continue forever so poorly adjusted."

—Looking its best this year, Northville's Mustang cage squad played every man on the team Friday night in brightening its Christmas vacation with a 71-58 victory over Clarenceville.

—Northville's junior varsity wrestlers dropped their first meet last week in a 20-31 contest with their Livonia Bentley counterparts.

—Testimony was completed last week in the 12 Mile road Kenny landfill case, and a decision will probably not be made until late next month.

**FIVE YEARS AGO**  
December 24, 1958

—A "new" party filed for a spot on the April ballot in Northville township last Friday evening.

A full slate of Democrats — complete with a party petition as well as personal petitions — filed for the seven offices up for election next April. Because the Democrats had no candidates in the 1957 election, it was necessary that petitions be submitted to reinstate the party.

Santa Claus has not forgotten some 130 children at Maybury sanatorium. As a matter of fact, he'll make a special trip by helicopter Christmas morning to deliver their presents.

—The controversial all-night parking ban is scheduled to return to Northville but in a highly revised form.

—A Plymouth motorist narrowly escaped death Saturday morning when his car slammed into a tree 12 feet above the ground after striking a steel guard rail and culvert on Seven Mile just east of Northville road.

—Little David Rochon will not be plagued by pain again. It left as the young brain tumor victim slipped into death last Friday — just three days after his sixth birthday.

David was the son of Mr. and Mrs. Henry Rochon, 729 Horton. He had been a normal five-year-old until last

April when suddenly walking and seeing became difficult. His parents learned that a nasty fall down the basement stairs in February was probably the cause of a brain tumor.

**FIFTEEN YEARS AGO**  
December 31, 1948

—Dr. E. Dwight Barnett, director of Harper Hospital, has been appointed consultant for the new Oakwood Hospital, Donald B. McLouth, president of the Oakwood Hospital board announced.

—Newly elected officers of the Northville Exchange Club are Dr. Hugh G. Godfrey, president; George Clark, first vice-president; Ed Barnes, second vice-president. Re-elected were Merritt Meaker, secretary, and C. Harold Bloom, treasurer. Bill Petz is the club's outgoing president.

—An accident which occurred about six p.m. Christmas Eve at the corner of Brentwood and Seven Mile road sent George Smith, a Northville Coach Lines bus driver, and Ernest Evans of Eckles road to Redford Receiving hospital.

—Dr. Elizabeth Bryant Lee of Cady street will speak on "The Present Status of the American Woman" at the next Northville Woman's Club meeting to be held at the village library.

Dr. Lee holds a bachelor of arts and master's degree in sociology from the University of Pittsburgh and a PHD in sociology from the University of Yale. She and her husband in 1939 co-authored a book, "The Fine Art of Propaganda," and at present are working on another to be brought out in March, entitled "Social Problems in America."

—The local barbershoppers sang for the patients at Maybury Sanatorium.

**TWENTY-FIVE YEARS AGO**  
December 30, 1938

—Last rites will be held on January 5 for Mrs. Robert G. Yerkes, who died Thursday, December 22, at her home in Bridgetown, Barbados Island in the West Indies.

—The Northville Electric shop's window won the silver cup offered this year for the fifth consecutive time by the Exchange club for the most attractive holiday window display.

Second place honors went to the Schrader Furniture store. The Louis store was rated third and the Northville Hardware store was given fourth place by Bayard K. Kurth, a Detroit commuter and a newcomer to the village, who has made decorating a vocation: The Freydl Department store, the Lyke Hardware and the Jack and Jill Shop were given fifth, sixth and seventh place ratings.

—James B. Watts died December 21 at the home of his son, Ray G. Watts of Rosedale Gardens, where he had made his home since the death of his wife two years ago. He was 77 years of age.

—Ethel Rambo of Marlette has bought the controlling interest in the Plymouth County Club. The sale was made by the RFC.

—Ira Turman has made his work shop seem gayer with new leather covering for his barber chair and other chairs.

—Rev. H. J. Lord was elected to succeed Ray J. Casterline as club president of Exchange at its regular meeting. Others elected were Darrell Nollar, first vice-president; Tom Edmondson, second vice-president; Dr. H. I. Sparling, marshal; Charles Dolph, secretary-treasurer; Harold Bloom, assistant secretary-treasurer; and C. B. Turnbull, council representative.

**TOP PATROL BOYS** — Selected as the top patrol boys in the Northville elementary school system for the month of November are Dale Orphan (center left) and Philip Guider. The boys, shown here with patrol boy sponsors Brian Dunn (left) and Ralph Redmond, and Police Chief Eugene King, were presented with pen and pencil sets donated by the Northville branch of the Manufacturers National Bank.

**KEYS TO MIAMI** — Fred F. VanAtta, son of Mrs. Fred VanAtta of Northville, ASTM treasurer and exhibits manager, and retiring president of the National Association of Exhibit Managers, was presented the Keys to the City of Miami, Florida, by Mayor Melvin J. Richard at the opening meeting of the NAEM 36th Annual Convention, December 5, at the Fontainebleau Hotel. VanAtta, who assumed his present position in 1960, is a Fellow of the American Society of Civil Engineers; a member of ASTM, American Concrete Institute, Tau Beta Pi (engineering honor society), and Phi Kappa Phi (superior scholarship honor society).

## Safari Show Coming to Plymouth

Combining expert knowledge of a camera with a champion's ability with a handgun, the latest Wally Taber Safari Show brings high adventure to the screen Tuesday, January 7 at Plymouth Junior High East auditorium when the B.P.O.E. 1780 Natl. Foundation invites the public to witness another personally narrated, living-color film-adventure-in-our time.

"We've been sponsoring Wally Taber shows annually for years with tremendous audience approval," E. R. Jarsky said. "Each time we feel it will be impossible to surpass the just-witnessed program. But, each year as regular as clockwork, a new and even more fascinating program comes our way."

"This time we are presenting the newest Wally Taber Associate, a gent by the name of Denny Haver who has specialized in exploring the Ontario wilderness. Also, "Jarsky said, "Haver has specialized in pistol, shooting and artistic camera achievements. Combining his talents under the personal supervision of Wally Taber, Haver came forth with the double-header, high-adventure program in living-color film which we offer publicly January 7 at 8 p.m."

In one epic titled "Canoe Country," Haver, his teen-age son and an Indian guide explore the innermost vastness of the Albany river wilderness area. Four hundred miles of paddling, poing, pushing and pulling bring the trio to a lake known only to the Indians and but few of them, a lake which produced trout as large as your arm and pike as long as your leg. Adventure a-comin' and again make this a long-to-be remembered father-son drama, Jarsky advised.

### NOTICE OF HEARING ON SPECIAL ASSESSMENT IMPROVEMENT BY NORTHVILLE TOWNSHIP BOARD

TO THE OWNERS OF THE FOLLOWING-DESCRIBED PROPERTY:

PLEASE TAKE NOTICE that the Township Board of the Township of Northville has tentatively declared its intention to make the following-described improvement:

**WATER MAINS TO SERVE THE FOLLOWING-DESCRIBED LANDS:**

Lots numbered 141 to 167, inclusive, 177 to 186, inclusive, and Outlot "A", all in "PLYMOUTH GARDENS NO. 1," A Subdivision of Part of the East 1/2 of the Southwest 1/4 of Section 14, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, recorded in Liber 62, Page 42, Wayne County Register of Deeds,

and also

That part of the S.W. 1/4 of Sec. 14 described as beginning at a point on the S. Section Line, distant N. 84° 00' W. 757.93 ft. from the S. 1/4 Cor. of Sec. 14 and proceeding thence N. 6° 00' E. 197.60 ft.; Thence N. 84° 00' W. 397.47 ft. to the E'ly. shoreline of Phoenix Lake; Thence S'ly. along said E'ly. line 200 ft.; Thence S. 84° 00' E. along the S. Section Line 361.47 ft. to the point of beginning,

and also

That part of the S.W. 1/4 of Sec. 14 described as beginning at a point on the S. Section Line distant S. 89° 43' 30" W. 575 ft. from the S. 1/4 Corner of Sec. 14 and proceeding thence S. 89° 43' 30" W. along said line 182.93 ft.; Thence N. 0° 16' 30" W. 197.60 ft.; Thence N. 89° 43' 30" E. 182.93 ft.; Thence S. 0° 16' 30" E. 197.60 ft. to the point of beginning;

All of said lands being located in the southwest quarter of Section 14, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, and has tentatively designated the special assessment district against which the cost of said improvement is to be assessed, as consisting of all the lots and parcels of land set forth above.

Plans and estimates have been prepared and are on file with the Township Clerk for public examination.

TAKE FURTHER NOTICE that the Township Board will meet on January 3rd, 1964, at 8:00 o'clock p.m. at 16860 Franklin Road in the Township of Northville for the purpose of hearing any objections to the petition, to the improvement and to the special assessment district therefor.

Marguerite N. Young, Clerk  
Township of Northville

## NOVI HIGHLIGHTS . . .

FI-9-2428  
Mrs. H. D. Henderson  
The Duane Bell family will spend Christmas eve with Mrs. Bell's parents, Mr. and Mrs. Charles Trickey Sr. at Walled Lake. On Christmas day they will entertain Mr. Bell's relatives. His parents, Mr. and Mrs. Kenneth Cole of Glennie and his sister and her husband, Mr. and Mrs. Henry Menche, of St. Clair Shores.

Last Saturday evening Mr. and Mrs. Duane Bell attended the wedding of William Menche Jr. and Janice Beard at Mt. Clemens.

Mr. and Mrs. Charles Trickey, Sr. were the guests of Mrs. Irene Moergolle at the Woman's Club of Detroit one evening last week. They were privileged to hear the Chevrolet singers as a part of the program.

Mr. and Mrs. Al Harnden of Fonda street have invited their relatives for a buffet dinner on Christmas day. They are Mrs. Etta Hammell and daughters, Nancy and Cathie and son, John, Mr. and Mrs. Marvin Harnden of Detroit, Mr. and Mrs. Larry Boyd of Ann Arbor, Mr. and Mrs. Emil Anthon of Wyandotte, Mr. and Mrs. Gail Enders of Taylor and their families.

John Schwartz came home from college on Friday to spend the holidays with his family. Pam Harnden will be home for a 20 day vacation from the School of Nursing in Detroit.

G.G. Sgt. Robert Hildebrandt and his wife of Miami, Florida are visiting the former's sister and family, Mr. and Mrs. Willis Miller for a few days during the holidays.

Mr. and Mrs. Harold Miller will have their children and grandchildren with them for Christmas this year. Their son William who is out of the service now and his wife, Vera and Mr. and Mrs. Stanley Orzechowski and sons will be their guests.

Mr. and Mrs. James C. Cotter came up from Oakridge, Tennessee to be with their relatives Mr. and Mrs. Robert Cotter.

Mr. and Mrs. Robert Cotter and granddaughter, Kathleen will have Christmas dinner with Mr. and Mrs. Larry Snider at Taylor.

The Don Bingham family will have Christmas dinner with the latter's brother-in-law and sister, Mr. and Mrs. Norman Gebert in Rochester.

Raymond P. Heyman, Attorney  
18724 Grand River  
Detroit 23, Michigan  
STATE OF MICHIGAN  
Probate Court  
County of Wayne  
No. 526,109

In the matter of the estate of SOPHIE SZCZECZ, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon Edith Deagle, Executrix of said estate, at 13142 Meyers road, Detroit, Michigan on or before the 18th day of February, A.D. 1964, and that such claims will be heard by said

The Arthur Heslop family will have their annual family celebration the Sunday after Christmas. All the children and grandchildren numbering 33 will be present. Their son and daughter attending Michigan State university will be home as well as their son Michael, who is attending St. Benedict college in Kansas.

Mrs. Erwin F. Geppert and Mrs. Ted Slentz made a trip to Grand Ledge on Monday. They each brought back an aunt who will spend the holidays with them here in Novi.

Noel and Sue F. Geppert are home for two weeks vacation from E.M.U.

Mr. and Mrs. Russell Taylor will entertain their relatives on Christmas day. Their son, Robert, will be home from the Detroit Bible Institute. Others will be Mr. and Mrs. Russell Taylor, Jr. and daughter, Patty and the Erwin F. Geppert family.

The Lloyd Coleman plan to have Christmas dinner for Mr. Coleman's relatives, Mr. and Mrs. Roy Warner and their mother, Mrs. Opal Coleman of Plymouth and Mr. and Mrs. Frank Saunders and Mr. and Mrs. Gordon Rady of Wayne.

Mr. and Mrs. Lloyd Coleman and daughter Shirley and sons Jerry and Don were the guests of the Sam Bonjovanni family for coffee and dessert on Monday.

Shirley Coleman, who is a student of the Mercy School of Nursing in Detroit is spending a two weeks vacation with her parents.

Mr. and Mrs. J. D. Mitchell will have their children and grandchildren home for the Christmas holiday. Mr. and Mrs. George Dingman and children and Mr. and Mrs. James Mitchell and son, Jimmy of Plymouth.

Tom Darling is home for the holidays with his parents, Mr. and Mrs. Floyd Darling. After New Years he will return to Central Michigan university at Mt. Pleasant.

Mrs. George Kahrl is recovering from pneumonia at her home in Walled Lake.

Dr. and Mrs. Harold Henderson are planning to spend New Years eve with the former's son and family, Dr. Charles Henderson in Holt and on Christmas day they will be the guests of the latter's son and daughter-in-law, Mr. and Mrs. Edward Rix in Plymouth.

Blue Star Mothers  
Novi Chapter 47, Blue Star Mothers will be entertained by Mrs. Marie LaFond at the home of her daughter, Mrs. C.

court, before Judge Ernest C. Boehm in Court Room No. 1301, City County Building in the City of Detroit in said county, on the 18th day of February, A.D. 1964, at two o'clock in the afternoon.

Ernest C. Boehm  
Judge of Probate  
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

The B.Y.F. teens will be going on their winter retreat January 2 and 3. There will be a watch service Christmas eve with communion at midnight.

Novi Girl Scouts  
All of the Girl Scout troops participated in the filling of the Goodfellow baskets for Christmas.

**FIGHT BIRTH DEFECTS**

THROUGH THE MARCH OF DIMES!

LET'S TALK CARS . . .

### Some Thoughts On Christmas

The biggest build-up of the year emotionally, commercially and in a religious sense always precedes the holiday we're just getting into — a week when we can all take it easy and rest on the oars a little.

This flowering of goodwill and happiness and charity has an effect on all of us and acts as a pep rally for those ideas that make life worthwhile after all. No matter how many worries we have they get shelved for awhile while we become a little more human.

If proof was needed that Christmas fills a deep human need then observe that this holiday and the thought and spirit associated with it has prevailed for almost two thousand years. That's two thousand times when kindness took a new lease on life.

It's been said before but a re-issue always helps — a little less money spent on expensive gifts and a little more time on trying to do something Christian would help us all. Every minister has some names of people who could use a little cheer right now.

We're grateful if you've found these articles of our informative. We hope the commercials have been accepted as well as the other information as our honest thoughts, which they are.

The streets and highways are filled this week with the cars of shoppers and party goers, some of whom have been celebrating. The accident tragedies that happen at Christmas are always the most tragic of the year. Don't let one happen to you.

And incidentally, Merry Christmas.

John B. Mach

John Mach Ford, Inc.

## Art Around Us

By Jessie Hudson

The stained glass window decorating the front of Plymouth High school building was a labor of love by the Art Club of the school. Building started before Thanksgiving — twelve separate frames were put together from narrow lattice — boys and girls proved equally adept with hammer and saw and at measuring the strips for each panel.

Colored cellophane paper in overlaid colors were stapled to the frames and the whole taped to the windows by the school maintenance department. The cost of materials for the impressive decorations will be born by the student council and it is planned to use them with variations from year to year and at the Christmas assembly program. The project is more than a Christmas decoration. It was a valuable experience in group planning, working and in achievement — a little big like the association of guilds who built the original windows, though on a much more modest scale.

An original way to spend your Christmas money, if you're lucky enough to have some, is to buy original art of some sort. It could be an oil painting, a one of a kind original or it could be a more modest if just as unique water color, serigraph, or drawing — or in the artisan department you might enjoy a piece of distinctive jewelry, weaving or ceramics. The trend in ceramics today is away from utility and towards sculptural emphasis on form (shape) and color (glaze) — but sometimes it combines sculptural quality with functional form. In the latter class are casseroles of unusual proportions and hand decoration — candle holders of various combinations and bowls of all styles for holding fruit, candy, or mixing batter in. One way to beat our automated world is to support the artist-craftsman.

The nearest spot to do this is at the Hartley-Powers Gallery in Northville. Supported in part by a license-plate bureau in the back, this little gallery presents the works of local artisans and of Michigan artists in this area, some of whom are local. The quality is high, the prices really reasonable. It is the haunt of wise shoppers from all around — Dearborn, Wyandotte, Birmingham, Ann Arbor, Wayne who are happy to make the trip for the outstanding values they find. Hours are 12-6 weekdays — 12-9 Fridays, 9-6 on Saturday.

The Three Cities Art Club just finished their annual Christmas sale in the former Linda Lee shop. Only moderately successful as far as sales go but very popular with the many people who came in to look — all were disappointed that the display was not to be permanent. Unfortunately not many stores are available rent free on a permanent basis.

This same group does maintain a permanent exhibit in both the Plymouth and Northville libraries. The works at both places are usually for sale but contact with the individual artists is necessary since the librarians already have enough to do. The present show at Plymouth has work by Franklin York, Jessie Latter, Ann Gentry, Wayne Huber and Jessie Hudson all of Plymouth. Northville has mostly the analogs cubism of Irene Woods of Livonia.

## TO THE 1,185,000 FAMILIES SERVED BY DETROIT EDISON

People often ask if Detroit Edison is a part of any other electric company which has "Edison" in its name. The answer is no. Years ago, Thomas Edison licensed a number of newly formed companies to use his patented devices to generate and distribute electric power. In each agreement was a clause—long since expired—which stated that his name be a part of every company name. We are proud to continue this historic tie.

Detroit Edison serves Southeastern Michigan only. This being so, we are always deeply interested in the progress of the area. Edison employees are your neighbors and their concerns, as good citizens, are the same as yours.

About 110,000 individuals and organizations are Detroit Edison shareowners. Their dollars, working for the company, earn dividends at the current rate of about four per cent of the market value of the shares.

Nearly 73,000 Edison shareowners live in Michigan. Of this number, 63,000 are also Detroit Edison customers. So our company is very much a part of Michigan. Many insurance companies and retirement funds own Edison shares too. Thus other Americans here and elsewhere, are indirect owners of the company.

Investor ownership is basic to the American way of life and is largely responsible for the economic progress of the nation. Ours is an economic system which, more than any other in the world, supports and enlarges personal freedom. And it is an appropriate time, as an eventful and historic year draws to a close, to pledge ourselves anew to the cause of freedom.

May I, on behalf of my associates and myself, wish you a Happy New Year!

Sincerely,

*Walker L. Cisler*

## Reader Speaks:

### Blinker Light Best In Late Hours

To the Editor:

I am a resident of Northville who occasionally drives on Center street in the late evening hours. In the middle of November the signal light at Dunlap street was placed on a flashing program during the late hours of the night. Since I have never observed any traffic on Dunlap street at that time of night, I had been puzzled as to why the light needed to be operating all night. I was, therefore, very pleased to see that someone agreed with my thoughts, and placed the signal on flashing. Lately someone has again made the signal to operate all night. I don't know who did this, but I assume, from an article in the

Record, that it was Mr. Canterbury. I don't know his reasons for such an action, but in my opinion it is not needed at all, and the light should again be placed on a flashing operation. I have no objection to stopping for the signal at Main street, since it is an important road and does have some traffic on it. I do object to stopping one short block away for a street that carries little or no traffic during the late night hours. Only one business in that entire area is open all night, and the traffic generated by it is negligible. I therefore ask the council why the light cannot be placed on flashing operation again.

# Johnson Will Defeat Nixon in '64

(Continued from Page One) and will possibly rise through 1964 in order to keep gold here in this country and uphold the value of the dollar.

16. Devaluation of Gold — I forecast that there will be no devaluation of gold during 1964. I am personally acquainted with conditions in Africa, and will say that those who wish to speculate in gold mines should consider American-South African Investment Co. Ltd. Readers should remember, however, that gold-mining stocks will go down as well as up, in accordance with many different conditions.

17. Profits — I forecast that corporate profits will continue to rise in 1964, though possibly at a somewhat slower pace than recently.

18. Copper prices — Commodity prices are dependent on two factors: Demand and supply. Take copper: I believe demand will continue to increase during the electrical era we are now in. And, since my visit to Africa, I feel the supply of copper is almost unlimited. Hence I forecast little change in price on balance in 1964.

19. Other Basic Raw Materials — With some few exceptions, the above applies generally to many of the basic raw materials, including iron and steel, and especially aluminum. The present firming in quotations will not carry much further and could be subject to setbacks later in the year.

20. Sugar — Sugar prices, however, will hold in a generally high range all through 1964.

21. Building in Suburbia — I forecast that new building will continue around present levels through 1964, with additional growth in "suburbia". This applies to single homes and to apartment houses, which could easily be overbuilt as the hotels and motels have been.

22. Public Construction — Otherwise, strength in building will occur mainly in the public sector — especially roadbuilding.

23. Real Estate — I predict that farms on the "right side" of cities will constantly increase in value during 1964. I say "right side" because every city seems to have some one best direction in which to grow. This usually is toward the higher land and often to the west; but this is something subdivision developers must watch very closely.

24. Rural Areas — As I have said before, the way to buy real estate profitably is to drive out the main road away from the city in which you live, on the "right" side. Every few miles, stop and inquire the price of land; so long as it is quoted by the foot, get back in your car and drive until it is quoted by the acre. Everything else being equal, I forecast that the purchase of this land in 1964 will show you a profit over the long term.

25. Florida Property — There is still a lot of land in Florida, and there are many retired people who are hoping to move there. I forecast that your best Florida buy in 1964 will be waterfront property. God made only so much waterfront land;

but there is an enormous amount of interior land which for many years will be good only for pasturage. Do not buy land — anywhere — until you see it; don't depend on blueprints, catalogs, and super sales organizations.

26. Florida Home — I believe a small home in a small Florida city, and ownership of the vacant lot on each side thereof, will prove a safe and attractive investment in 1964 for anyone who has a check coming in regularly from the North.

27. Advertising — While TV advertising will continue strong for patent medicines and some other products, I forecast that honest newspaper advertising will hold its own. Newspaper ads can be cut out and kept for reference, which is impossible with radio or TV ads.

28. Newspapers — I forecast that competing newspapers will continue to consolidate; and there may possibly be a return to the days when newspapers represented the opinions of some one man with courage, influence, and personality rather than the decisions of a "cold" board of directors. Note that this is something television is already trying to develop in its news reports, and newspapers must match it.

29. Strikes — I believe that 1964 will be free from large strikes. The "big show", of course, will be the negotiations between the auto workers and manufacturers. However, I predict that both sides will arrive at a peaceful settlement before the deadline.

30. Wages — While labor will not get all the pay increases it wants in 1964, it will get the equivalent in "fringe benefits."

31. Employment — I forecast employment will rise further in 1964, due to a prosperous economy with new and expanding operations. Unemployment will rise, too, because of the influx of young job seekers and displacement of unskilled workers by automation.

32. Work Week — There will be continuing agitation to cut the 40-hour week in 1964 to a 35-hour week with the same pay. I forecast this will not be accomplished. There may be a compromise to 37½ hours, though this will depend largely upon President Johnson.

33. Foreign Trade — Rising automation in the U.S. in 1964 will enable us to compete more effectively with lower per-man-hour labor costs in Europe. Labor costs in Italy are already rising, and inflation is threatening Europe — particularly Italy and France.

34. Inflation — Like the rest of the world, we will be tempted to resort more and more to inflation; but I forecast this will not be a vital factor in 1964.

35. Living Costs — There will be continued upward pressure on living costs during 1964, even though the Administration may soft-pedal any abnormal rise in the Labor Department's index to prove that costs are being held down.

36. Retail Sales — I forecast that 1964 will show an increase in retail sales and in installment purchases.

37. Recreational Equipment

— I forecast that the great increase in leisure time and the consistent gains in personal income will give manufacturers of recreational equipment a prosperous year in 1964.

38. Synthetic Foods — I forecast that many new synthetic foods — cheaper than the natural, and just as healthful — will appear in supermarkets in 1964.

39. Synthetic Clothing — I forecast that this new industry will develop notably in the United States during 1964, particularly as regards specialty work clothes.

40. Auto Parking — The auto companies are devoting much study to the parking problem. I forecast real progress toward mechanical parking in 1964.

41. Seat Belts — I predict that insurance companies will put added pressure during 1964 on all state governments to enact legislation requiring "roll-up" seat belts on all cars.

42. New Inventions — I forecast that rapid strides will be made in 1964 in the direction of transferring mass through matter.

43. Electronic Production — I forecast a great increase in electronic manufacturing in 1964 — with emphasis on adaptation of space efforts to military applications.

44. Air Conditioning — I predict radical changes in air conditioning in 1964 via the reduction, and later elimination, of

moving parts in the heat-withdrawal machinery.

45. Electric Heating — I forecast experiments in electric heating in 1964 whereby radio waves will heat only the individuals in the room, but not the air.

46. Oceanography — I forecast great developments in 1964 in mineral recovery, food supplements, new chemical derivatives, etc., obtained through oceanographic research.

47. Cuba — People in Florida have no reason to worry about their nearness to Cuba in 1964. Russia will undoubtedly keep a controlling finger on Cuba until she decides to withdraw in a swap of some kind with the U.S. in connection with Berlin or West Germany.

48. War — There will be no World War in 1964, and even the "cold war" pressures should gradually soften and prove less costly. I, however, am watching carefully how President Johnson and Premier Khrushchev get on together.

49. Russia — I predict that the Russian government will vastly increase the manufacture of electrical appliances, and will have a 100%-owned installment company which it will operate without competition.

When I was in Russia it was evident from my talk with the young people that they would have to be given more of the advantages enjoyed by the free should say that, like the U.S., Russia is very rich in natural

resources ... and in research. This latter is especially important these days. I was much impressed, during my visit, with the Russian educational system which is developing a very able generation of young people. I forecast, however, that Mr. Khrushchev's real problem will be how long he will be able to hold these young people in line! nations.

50. In this connection I

# State Economy Drive

LANSING — The call by President Johnson for tightening the belt on U.S. Government spending rings a familiar bell.

Michigan's agency heads have been under similar orders since the beginnings of the now famous cash crisis. The orders have not changed even now, when the prospect of a surplus is within close reach.

Shortly after he took office Gov. George Romney said he wanted to be assured Michigan taxpayers were getting a dollar's worth for every dollar spent.

Quite some time before Romney became Governor, it should be noted, several legislators were shouting about the state's expenditures.

Rep. Harry DeMaso, Battle Creek Republican, was one of the more vocal of these. As each new tax was proposed during the late 1950's, DeMaso had the same thing to say: "Tax problems exist because of decisions to spend and they grow because spending grows more rapidly than existing tax bases. Both the level and the trend of spending, but especially the latter, determines the size of the problem."

DeMaso's solution to the annual calls for new taxes to meet spending demands is a simple one. "It is time we all took a good look to see if the (spending) barrel has a bottom, for from the taxes that have already been levied and spent it seems the barrel is bottomless," he said.

Careful, tedious studies of spending and agency management in the past year or two have indicated there are many areas where savings could be accomplished.

These studies are yet to be fully implemented but it appears progress will be made. Most of the areas noted represent savings of only a few thousand dollars per agency, but multiplied by the number of agencies in operation it could

mean a substantial amount of funds could be eliminated from the state's budget or put to areas of real need.

Substantial or not, the maxim of "A penny saved is a penny earned" applies to state and federal governments just as it does to individuals.

A new phenomena is taking place in state government, but it will be repeated every decade in the future.

The new Constitution provides for decennial apportionment of the State Legislature to be accomplished by an evenly divided bipartisan Commission named by the major political parties.

The first commission operating under the apportionment provision has been at work for several months. By the end of January the eight man group hopes to have an apportionment plan ready.

A deadlock appears likely even though the method of dividing the 110 House seats and 34 Senate spots is spelled out in the Constitution.

The four Democrats on the commission, of course, want to write the district plans so their party can gain seats in the Legislature. Republicans, who have held the majority in both houses for many a year, are anxious for their four commission members to maintain this edge.

The national trend appears to be giving city delegations a greater portion of representation.

Failure to agree on a plan by the self-imposed deadline would mean the commission's job goes to a higher level, the State Supreme Court.

This possibility would appear to favor the Democratic viewpoint in two ways.

First, after the start of the year, Democratic-nominated judges will hold five of the

eight high court posts.

Second, this national trend is largely being set in courts across the land and there is no indication that this state's highest tribunal would take a position in opposition to the trend.

The reversion of the commission's responsibility to the Supreme Court and the prospect of developments there could well give Republican commission members a strong desire to settle it themselves, holding as much as they can but giving some small measure to their political counterparts.

mean a substantial amount of funds could be eliminated from the state's budget or put to areas of real need.
