

Township Frowns on City Plan To Annex Mayor's New Home

Northville township board members assumed a cool attitude Tuesday night towards a proposal to permit a residence recently purchased by Northville Mayor A. M. Allen to be annexed to the city.

Only a motion to table the matter until the next board meeting (February 4) saved the request from defeat.

Denial by the township could mean that Allen, mayor of the city since 1958, would have to resign his office. His present term expires in April, 1965.

The possibility also looms that Allen could call for an annexation election. In this case only residents of the township parcel to be annexed (Mr. and Mrs. Allen) and city electors would vote on the proposal.

The peculiar predicament arose when Allen purchased the home of D. J. Stark at 900 Scott avenue. The house is located at the end of Scott, a city street just one block long which extends west of Orchard between Fairbrook and Spring.

The city's western boundary line crosses the end of Scott. The house and 2 1/2-acre lot is beyond the boundary.

Allen proposed to annex the parcel to the city by joint resolution of the two governing bodies. And Monday night the city council acted favorably on the mayor's petition for annexation.

In deciding to act favorably on the mayor's request, the council was prompted by the fact that the property is served by city sewer and water and is accessible only by a city street.

Councilman John Canterbury noted that it was a consideration that would be accorded any citizen, but he cited the long record of community service by the mayor and expressed hope that it could be continued.

Although the council decided to act immediately on the annexation petition, Canterbury suggested it might be "more neighborly" to adopt a resolution of intent and give the township the first opportunity to act on the petition.

Mayor Allen and Councilmen Canterbury, Richard Ambler

and Fred Kester attended Tuesday night's township board meeting.

After Supervisor R. D. Merriam introduced the proposal Trustee Donald Robinson stated that "the only possible objection I see is that there is no reason others couldn't ask and receive the same privilege."

Trustee Wilson Tyler wondered aloud "why this is the only place for the mayor of the city to live?" He also asked Mayor Allen why he hadn't obtained an option to buy until it could be determined whether the property could be annexed.

Allen explained that circumstances did not permit an option. He said he thought it was the only piece of property in the township that had access only by city streets and enjoyed city services. The mayor emphasized that he did not think the request was unreasonable and that the owner of such property should expect to pay city taxes.

Clerk Marguerite Young, who resides adjacent to the property, said she would not make such a request if she wanted her property in the city. She indicated she opposed the move.

Treasurer A. M. Lawrence raised questions about neighbors, particularly to the north

extending to Main street. He proposed that they be advised and suggested tabling the issue. Tyler, however, pressed for a decision. "We have all the facts. What more can we learn in 20 days?"

Robinson's motion to table the matter won unanimously, however.

Supervisor Merriam then appealed for public reaction to the proposal.

"The mayor has approached us in a neighborly manner and it makes the decision very difficult not knowing how township residents feel," the supervisor added.

Mayor Allen made no secret of his disappointment. "I'm not mad, just disappointed. I've served the community 17 years and I feel this is a small favor to ask. I don't see why they delayed voting... either for or against," the mayor stated.

The mayor still resides at 490 Griswold and has not made definite plans to move. A sale of his city home is now pending, however.

In the event Mayor Allen would be forced to resign his office the new mayor would undoubtedly be Councilman Canterbury, mayor pro tem. A councilman to replace Canterbury would then be appointed to serve until the April, 1965 election.

Board Rejects Sewer Proposal

In other township business Tuesday night the board turned down a proposal submitted by Seven Mile road developers for installation of a sewer line from the interceptor at Northville road to Marilyn street.

Trustees Robinson and Tyler strongly opposed the plan. Supervisor Merriam gave it equally strong support.

Specifically, Sheldon Hayes, who is developing a gravel pit area into future homesites along Seven Mile road, and a developer who proposes to erect a convalescent home and 50-home subdivision near Seven Mile and Marilyn, offered to pay for the sewer, estimated at \$90,000, under a "pay-back" arrangement.

The plan provides that the developers would be entitled to 200 taps to be used within

12 years at a charge of \$100 instead of the normal \$400. The developers also asked to be paid \$100 for any other tap sold by the township on the new line during the 12-year period. The maximum amount that would be paid back to the developers, however, would be \$60,000.

Supervisor Merriam called the plan common practice. "It will help the township develop by opening an area where no sewer exists. It gives us money that we won't have ourselves for 15 years, and at no interest. If we had another four or five developers who would do this in other areas, I'd jump at the chance," declared the supervisor.

Robinson said the plan would leave the township without funds to operate the system and that water and sewer maintenance should come from that department, not general funds. He also objected to extending service as far as the 7,000 feet required to reach Marilyn.

Tyler doubted the overall benefit and objected to giving up the township's assets (the taps) for 12 years. He also took the position that \$120 of the \$400 tap fee was earmarked for payment of the interceptor obligation.

Finally, Tyler proposed to leave the door open by rejecting the plan because the period of time and cost of taps to the developers was "unacceptable."

All board members supported the motion with the understanding that negotiations would continue.

The board passed on to the state liquor control commission a request for a Class "C" and SDM liquor license made by Leon V. Bonner for property owned by him on the south side Seven Mile road and east of Northville road. The land is now zoned industrial.

Finally, the board proposed a meeting with the city council over rent and maintenance fees in the new library. The supervisor indicated concern over the cost and noted it had increased from original estimates.

FLYING HIGH — Russell Schoof of Echo Valley subdivision (right) receives the congratulations of his Northville squadron commander, Lt. Robert Parmenter, upon being named winner of the top state CAP award in competition at Selfridge Field last weekend. The Northville senior and Commander Parmenter pose in front of the squadron's plane at Spencer Airfield in Wixom.

Wins Overseas Trip

Top State CAP Award Goes to Northville Cadet

A 17-year-old Novi boy, competing with Civil Air Patrol cadets from all over Michigan, has been named winner of the top state award — the coveted International Air Cadet Overseas Exchange.

He is Russell Schoof, son of Mr. and Mrs. Raymond Schoof, of 23704 Heartwood.

Tech-Sergeant Schoof, who helped organize the Northville CAP squadron and who has served as its cadet commander, participated in the Michigan Wing Special Activities Screening (CAP) program last weekend at Selfridge Air Force Base.

By winning the IACE award, Schoof wins a trip to some foreign country — the name of which is to be announced at a later date. Winners are flown to the foreign country by the Air Force and spend approximately two weeks with an exchange family.

Other local cadets who took part in the testing program supervised by the United States Air Force were T-Sgt. Jon Kaake, 15, T-Sgt. Robert Parmenter, 16, and CFC Timothy Dickinson, 15, all of Northville.

Only top cadets from Michigan squadrons who have qualified for the certificate of proficiency award were eligible to participate in the screening program.

Testing included a wide range of subjects, ranging from uniform codes to CAP drills. Fifty cadets from throughout Michigan participated.

Among the 18 awards presented to the top 18 cadets were IACE (won by Schoof), jet orientation at Perrin Air Force Base, radar course at Oklahoma City, and a flight scholarship. Only cadets age 17 or older were eligible for the IACE award.

Schoof, an honor student at Northville high school where he is a senior, has been accepted for entrance to the University of Michigan next September. He will study aero-

nautical engineering at the university.

He is a member of the Forensic Club, treasurer of the Honors Society, a semifinalist in the National Merit Scholarship test, and a Boys State participant.

The Northville CAP squadron, chartered in January of 1962, is one of four squadrons in CAP's group 10. Others are Milford, Walled Lake, and Pontiac.

Although it is relatively new organization, the Northville squadron won distinctive honors this past year by having seven of its cadets qualify for certificates of proficiency — 300 percent of quota, highest ever recorded in Michigan.

Senior officers of the squadron are Lt. Robert Parmenter, squadron commander; Lt. Andrew Orphan, squadron executive; Lt. William Cleland, aerospace education officer; and Lt. Ann Parmenter, personnel officer.

Any adult of the area is eligible to become senior members of the squadron, according to Lt. Parmenter, and any boy or girl, ages 13 to 21, is eligible to become cadets.

The squadron meets each Thursday evening at 8 p.m. in the American Legion hall.

CAP is an auxiliary of the United States Air Force. Lt. Parmenter explained, but it is not financed by the Air Force; it promotes and encourages Air Force endeavors but it is not a recruiting agency for the Air Force.

"Like any good youth group," he explained, "we try to give youngsters something constructive to do with their spare time while emphasizing good citizenship."

Contrary to the popular belief, CAP cadets are not youngsters learning to fly aircraft, he said. "In fact, it is against CAP regulations to teach members to fly. But naturally they pick up some important basics during orientation flights that will be of benefit if they should later take pilot training."

Although CAP is not financed by the Air Force, it is furnished aircraft for orientation purposes. In addition, qualified CAP pilots — such as Lt. Orphan — use these planes in emergencies such as location of downed airplanes, etc.

Name Carrington To Review Board

Charles F. Carrington, 220 Hill, was named to the board of review Monday night by the Northville city council.

Carrington, a real estate and insurance agent, succeeds Stuart Thomson whose term expired.

Band to Present Concert Monday

The 110-piece Northville high school band will present its annual public concert Monday evening in the high school auditorium.

A program marked by a variety of classical, semi-classical and contemporary selections will feature works by such well-known composers as Puccini, Tchaikowsky and Jenkins.

Band Director Leslie Lee and Robert Williams, assistant director, will share the conducting duties.

Highlights of the program will include a wood-wind ensemble featuring Sherry Mills, oboe, Flutist Judy Grieger, Wanda Partridge, clarinet, Ann Hembrey, bassoon, and Carole Klopfenstein, French horn; and a clarinet trio including Miss Partridge, Jean Downer and Christine Robinson.

The 1 1/2-hour program will get underway at eight o'clock. Student and adult tickets may be purchased at the door.

Baby's Late

Tune in Again Next Week

Area residents are urged to be on the lookout this week for a tardy stork who failed to show up for the Record-News first baby contest.

Because Mr. Stork may have been stuck in a snow-drift on his way to the community, contest officials decided to extend the deadline from January 6 to next Monday, January 13 at 5 p.m.

The first baby arriving in 1964 and reported to this newspaper by next Monday's deadline will be declared winner of the contest — and the lucky bundle will join a distinguished list of winners dating back to 1957.

A host of prizes donated by local merchants will be presented to the parents of the winning baby.

To Add Patrolman

City Police Calls Increase in 1963

Northville's police department had a busy year in 1963. They recorded 3,709 calls compared to 759 in 1962.

Police Chief Eugene King was quick to explain to the city council Monday night that there's more than one reason for the increase, however.

He noted that the city is now providing 24-hour local service and that all calls are recorded by local clerks on night duty. Area growth also contributed to the increased activity.

After hearing the report the approved the city manager's request to hire an additional police officer. It was pointed out that the department now has one less policeman than in 1960, while the work-load has increased.

While the entire council agreed to approve the addition to the police department, a

disagreement developed, mainly between Councilmen Richard Ambler and John Canterbury, over adoption of a new police work schedule. Councilman Ambler had submitted a schedule that would reduce the work week to an average of 46 hours. Police now work a 48-hour week. Ambler has proposed three 48-hour weeks followed by a 40-hour week to give officers two days off in a row.

Canterbury insisted it had been the council's position that it would not change the work week. He pointed out that this would constitute a raise and involve consideration of other departments.

Other council members agreed and it was decided that any schedule changes would be left for future consideration.

FIVE FOR FIVE — Little Laurie Jean Day will be five years old next week. She's also missing five front teeth... "and another one's loose!" Even without teeth, Laurie's smile is a winning one. She's the daughter of Mr. and Mrs. Douglas G. Day of Woodhill road.

Area Building Tops \$4 Million Mark

Permits for construction of more than \$4 million worth of commercial, residential and industrial development were issued during 1963 in the Northville-Novi area.

The estimated construction value was nearly twice the amount recorded the previous year.

For the second year in a row, Novi led the way in total estimated value of new construction at \$1,680,729. A total of 157 permits were issued in that community.

The city of Northville, in third place in 1962, climbed to second spot last year with 111 permits for \$1,350,549. Construction in Northville township was well over its 1962 figure but far back in third place this past year with a total value of \$992,237.

Altogether, the total value of construction in Novi, Northville and Northville township was \$4,023,515. In 1962 the total figure hit approximately \$2.1 million.

None of these figures take into account a significant building boom in neighboring Wixom where 62 permits were issued and where the value of construction was estimated at \$1,274,150.

Residential construction accounted for the greatest share of the city of Northville's building value. With 37 permits issued for this purpose, esti-

mated value was set at \$572,200. The next highest construction value was in the commercial area where five permits were issued for a total value of \$346,164.

Three industrial permits were issued in the city for an estimated value of \$252,000, 13 commercial alteration permits were granted for \$122,200, 33 for residential alterations at \$42,105, and 20 for garages at \$15,880.

Most significant construction projects here in 1963 were: Foundry Flak, \$172,000; city hall, \$165,164; Presbyterian

church, \$90,000; Anger Manufacturing, \$80,000; Northville Swim Club, \$60,000; and E. J. Lumber Mart, \$30,000.

Construction values by month in Northville city were: January, 0; February, \$106,500; March, \$33,700; April, \$135,850; May, \$157,285; June, \$237,840; July, \$286,864; August, \$24,095; September, \$109,595; October, \$219,320; November, \$34,900; and December, \$4,600.

Of the total estimated \$992,237 worth of construction in Northville township last year, building involved 29 remodeling projects, 13 garages, 28 new homes, and the \$56,000 Dun Rovin clubhouse currently under way.

In 1962 the township issued permits for \$613,675 worth of homes and private buildings, \$142,500 for commercial, and \$378,400 for residential.

Two years ago, the city issued 47 residential permits for a total value of \$586,400 — several thousand more than last year. However, commercial construction was up from \$296,195 to \$346,164 last year, and industrial construction value was up more than \$250,000.

Much of Novi's increase in 1963 over the previous year was due to the start of construction on a new \$850,000 junior high school which isn't expected to be completed until next fall.

Novi commercial construction hit \$68,025 in 1963, industrial construction \$343,500, residential \$225,991, and additions porches, etc. \$193,213.

Tax Deadline Extended

The deadline for paying school and county taxes has been extended beyond the January 16 date which appears on tax notices for both city and township residents.

Township Treasurer A. M. Lawrence stated that all township treasurers in Wayne county have agreed not to enforce any penalty, thereby extending the deadline for payment in the township until February 29.

The city will enforce the penalty after February 14, when a one per cent charge will be added.

Announce Engagement

Mr. and Mrs. Merrill S. Hobart of Longmeadow, Massachusetts announce the engagement of their daughter, Martha C. to Mr. William Brian Niemi, son of Mrs. Robert A. Niemi and the late Robert A. Niemi also of Longmeadow. The Niemis were former resi-

dents of Northville. A September wedding is planned. Miss Hobart was graduated from Longmeadow high school and is now a student at Russell Sage College in Troy, New York. Mr. Niemi was educated in the Northville schools and was graduated from Longmeadow high school. He is presently a student at the University of Hartford, School of Engineering, and is associated with Combustion Engineering, Windsor, Connecticut, as a project engineer.

Theater Group Slates Party

Local members and friends of the Plymouth Symphony League were reminded this week of a theater party slated for February 28.

The party will mean seeing the Broadway hit, "Never Too Late", at the Fisher Theater in Detroit.

Although the play is still several weeks away and although tickets are not yet reserved, interested persons are asked to make reservations now to ensure good seats.

Reservations may be made by calling Mrs. Charles Childs, GL 3-0503, or Mrs. Thomas Kelly, GL 3-4329.

Mr. and Mrs. Earl Baughman

Nine Mile Road Couple Celebrate Anniversary

Mr. and Mrs. Earl Baughman of 51858 West Nine Mile road celebrated their golden wedding anniversary on January 1.

The couple were feted at an anniversary party at the VFW hall on Sunday.

Married in Northville on January 1, 1914, the Baughmans have two children, Edward and Mrs. Roger (Imogene)

McClain, who also live on Nine Mile road. They also have seven grandchildren.

Local Woman Exhibits Art

Artura Verschaeve of Clement road is represented in the Michigan Craftsman's Exhibition at the Detroit Art Institute by two entries.

One entry is a three-dimensional pendant executed in silver and gold and the other a silver ring cast by the lost wax process with an insert of ebony and embellished with gold.

Miss Verschaeve is currently teaching art in the Ann Arbor schools and teaching privately in her own workshop.

The exhibition at the Institute will open January 14 and continue until February 9.

Dr. Hans Kolbe, guild director, will conduct the auditions. At their year-end meeting members of the NPG board of directors voted to reduce adult ticket prices from \$2 to \$1.50 for the three performances of "East Lynne".

Weber said the move was prompted by a board of education decision to cut the rental fee for use of the high school auditorium. Student tickets at 75 cents will be sold for all three nights.

In other business, Weber was elected to the guild presidency vacated by William Soelner. Accepting other board positions were Mrs. Coy Sand-

For February Presentation

Northville Guild Picks Play

Northville Players Guild has reached back into the 19th century for the first full-length production of its premier theater season.

"East Lynne", an English novel that enjoyed widespread public acclaim as a stage melodrama, will be presented by the guild on the nights of February 20, 21 and 22 in the Northville high school auditorium.

Written by Mrs. Henry Wood in 1861, the story focuses on Lady Isabel Vane, who after running off with another man, returns to her remarried husband, completely disguised as a nurse hired to care for her own children. The novel was adapted for the stage by Ned Albert.

Auditions for "East Lynne" cast of eight men and seven women are scheduled Wednesday and Thursday of this week at 8 p.m. in the Scout-Recreation building. Guild president-elect E. O. Weber emphasized that all aspiring actors and actresses, including those who do not belong to the players' group, are invited to try out. Persons for production committees are also being sought, he added.

Plans also are underway for the auction for club members slated for Monday, January 27. Program chairman for the event is Mrs. Betty Hoffman.

rock, Charles Freydl and Jack Sweeney, who was also appointed stage manager. Mrs. Ruth Jerome was named program chairman.

The board will meet next on Tuesday, January 14, at 8 p.m.

Election to Highlight Garden Club Meeting

Election of new officers will highlight meeting of the local branch of the National Farm and Garden association Monday.

The election meeting will be held at the home of Mrs. W. L. Howard, 47787 Eight Mile road, at 12:30 p.m.

A slate of officers, present-

ed first to the board of directors at an officers' business meeting this week, will be presented at Monday's meeting.

Chairman of the slate of officers' committee is Mrs. Orson Atkinson. Members of her committee include Mrs. Charles Ely, Mrs. Merner Eiler, and Mrs. Harvey Whipple.

Among the matters discussed this week at the board of directors' luncheon meeting was the recent Christmas Magic project. Some decision was expected to be made as to whether or not a similar project will be held next winter.

Hosting the luncheon meeting was Mrs. E. O. Whittington.

Present officers of the Garden Club are Mrs. George Kohs — president for the past two years; Mrs. John Begle, first vice-president; Mrs. William Slattery, second vice-president; Mrs. C. W. Whittlesey, recording secretary; Mrs. Alfred Millington, treasurer; and Mrs. E. O. Whittington, corresponding secretary.

— BIRTH —

Mr. and Mrs. William Lee Walker, Jr. of 562 Baseline proudly announce the birth of a baby boy at St. Mary Hospital on December 31. Named William Lee Walker III, the baby weighed 6 pounds, 10 ounces at birth.

Grandparents are Mr. and Mrs. William Lee Walker, 42825 Seven Mile road, and Mr. and Mrs. James Stephens of Napier road, South Lyon.

Coffee Hour

A coffee hour for captains of the upcoming Northville Mothers March for the March of Dimes will be held at the home of Mrs. Loren Dyer today (Thursday) beginning at 10 a.m.

Mrs. Paul H. Schulz

Speak Vows In Candlelight

Henderson Memorial Methodist Church was the setting for the candlelight ceremony uniting Patricia Ann Lloyd and Paul Henry Schulz in marriage.

Patricia is the daughter of Mr. and Mrs. Emlyn Lloyd of Glastonbury road, Detroit, and Paul is the son of Mrs. Paul H. Schulz and the late Mr. Paul H. Schulz of Northville.

The Reverend Ellis Lloyd, uncle of the bride, officiated, assisted by Reverend John Mulder. The ceremony took place at 7:30 p.m. on December 28, and was followed by a reception for 200 guests at the Detroit Golf Club.

Miss Linda Morris, college room-mate of the bride, assisted as maid of honor. Serving as bridesmaids were Mrs. Thomas Addison and Carol Catrain, both of Ann Arbor, and Miss Linda Secord of Northville, niece of the groom.

The bridegroom's brother-in-law, Mr. B. W. Secord assisted as best man. Serving as ushers were Rudy Kalafus, Joel Soule, Darwin Teshka, and Richard Lloyd, brother of the bride.

The bride wore a classically styled gown of pristine white dulcette satin combined with Alencon lace. The lovely lace traced a floral pattern over the shoulder line and bodice designed with petal scalloped decolletage, long traditionally tapered sleeves accented at the wrists with lace, and buttons down the back. Below the diminutive cuffed waistline, the satin skirt, fashioned with a

wide front lace panel framed by deep folds of the fabric on either side, blended from waistline Watteau pleats to toe-touching length and drifted to a bow-topped train of chapel length.

A double filigree crown of seed pearls and aurora crystals held her tiered veil of silk illusion. She carried a white bible on which was placed a single white orchid in the center of a ring of white sweetheart roses.

The bridesmaids were dressed in Christmas green velvet A-line gowns and wore white fur pill boxes to match white fur muffs adorned with sprigs of holly.

After a honeymoon trip to New York City, the new Mr. and Mrs. Schulz will be at home in Ann Arbor where both are students at the University of Michigan.

Button Club Elects New Chairman

Mrs. Lyman Joslin of South Lyon was elected general chairman of the Mayflower Group, a local area button club, at its annual Christmas party meeting Saturday in Plymouth.

She succeeds Mrs. Merritt Meaker of Northville.

Other newly elected officers are: Mrs. Elmer Burnstrum, Wixom, vice-chairman; Mrs. Joseph Feldkamp of South Lyon, secretary-treasurer; Mrs. Roy Livingston of Northville, program chairman; and Mrs. Frank Aldrich, chairman of cards and flowers committee.

The newly elected general chairman is also secretary of the Michigan State Button Society of which the Mayflower Group is a member.

Mrs. Livingston is president of the state organization, which will hold its spring convention near Lansing in April.

Currently, the state organization is making plans with the state button societies of Indiana and Ohio for the national convention to be held in Cleveland next October.

Button club members from throughout the United States, Canada and even as far away as Europe will attend the national convention.

SKATING, SLEDDING, A BIT OF SKIING—or just "spectating" will bring friends and neighbors of Mr. and Mrs. Crispin M. Hammond to their hill and pond at the end of Timber lane the next two Sunday afternoons, January 12 and 19.

"Open House on the Hill" has become a most popular tradition in the last half-dozen years with the Hammonds hosting almost 100 guests each afternoon.

This is strictly a family affair, Mrs. Hammond says, with adults invited to participate or just to observe and sip coffee and punch. Weather co-operating, of course (and it always seems to), the snow party begins at 2 p.m. and continues after dark.

A TRIP TO EUROPE would be exciting anytime. For Mrs. George F. Merwin of Cottisford lane in Brookland Farms, it promises to be absolutely glamorous, as she is meeting her husband at Monte Carlo in less than two weeks.

Mr. Merwin has been in Europe since January in his capacity as competitions manager for Ford Falcons in the Monte Carlo rally. Mrs. Merwin expects to join him in time to attend the awards banquet hosted by their Serene Highnesses Princess Grace and Prince Ranier.

While Mr. Merwin made a dozen trips to Europe last year, this is the first time Mrs. Merwin has been able to join him. She's looking forward to meeting friends she has talked to "long distance." The Merwins will return in time for him to attend the Canadian rally the end of the month.

Meanwhile, as Michigan State senior president of the CAR, Mrs. Merwin with daughters Mimi and Jackie will attend a state board meeting in Kalamazoo this week end; Tuesday she hosted a dinner meeting of the Plymouth Corners society, CAR, at her home.

MARCH OF DIMES captains for the Northville area are having coffee in a Winter Wonderland setting this morning at the home of Mrs. H. Lorne Dyer on Chadworth court, Brookland Farms. (The Dyers' contemporary living room overlooks a snowy, woodsy area.)

This is the second time Mrs. Dyer has chaired the Northville - Northville township Mothers' March, having headed the dimes drive also in 1962.

Mrs. Dyer consented to head the 1964 Mothers' March because she feels strongly what is being done for children crippled by birth defects or arthritis is so worth while. The mothers are to march January 28th in the city, but will ring township doorbells Sunday afternoon, January 26 (township roads being unpredictable in winter).

Last year's Northville area Mothers' March chairman, Mrs. I. F. Marburger, will be one of the captains this year. Others are Mrs. Hiram Pacific, Mrs. Arliss Laux, Mrs. Fred Kester, Mrs. Robert C. Boyd, Mrs. Donald VanIngen, Mrs. William F. Kleinsorge, Mrs. Richard Lyons, Mrs. Stanley J. Johnston, Mrs. Glenn E. Deibert, Mrs. Eugene A. Reynolds, Mrs. Craig Rathburn, Mrs. Roy Mattison.

Mrs. Dorothy Anders from the Detroit March of Dimes headquarters also is attending the 10 a.m. coffee.

NORTHVILLE WOMAN'S CLUB members and guests took a nostalgic trip through the years 1914 to 1927 at their meeting last Friday as they viewed the recently assembled film, "Henry Ford's Mirror of America."

This was a "Premiere Performance" in this area of the film, which was received from Washington, D.C., archives by Ford Motor company that morning. It is composed of original film clips taken by the Ford Motor company motion picture department started by Henry Ford in 1914. During last year's Ford centennial celebration all the Ford films were presented to the National Archives, together with \$200,000 to process them.

Richard Ruddell, of the Ford research and information department, announced that the film has been entered in the Cannes and Edinburgh film festivals.

Newcomers Plan Lunch

A luncheon program, sponsored by the Northville Newcomers' Club, will be held Wednesday, January 15 at the Black Whale restaurant in Northville.

The fried chicken luncheon will get underway at 1:30 p.m. Highlighting the social event will be a model and lecturer who will speak on "Charm in A Capsule."

Cost for the luncheon is \$2 per person. Reservations may be made by calling Mrs. George Glenn, 349-2849.

Fellowship Club

The Young Adults Fellowship club of the First Presbyterian Church of Northville will hold a snow party at the home of Crispin Hammond, 47100 Timberlane, on Friday, January 17 at 8 p.m.

Northville TOPS Club

Cites Big Weight Losses

Mrs. Ruth Marroni of Northville was named queen of the TOPS club here Monday evening at a meeting in Amerman school.

Newly elected officers of TOPS (Take Off Pounds Sensibly), are Phila Baldwin, leader; Betty Lonn, co-leader; Barbara Defina, secretary; and Fran Bissa, treasurer.

The Northville clubwoman won her title by shedding the greatest amount of weight during 1963—a total of 52 pounds. Members learned that the total weight loss by the club during the previous year was 279½ pounds. In December the loss was 63½ pounds.

DEADLINE

TUESDAY NOON

1—Card of Thanks

We wish to thank our friends and neighbors, the Ladies Aid from the Salem Federated church and especially Fred and Emily Casterline and Rev. Elwood Chipchase for all the kindness and the many acts of thoughtfulness during our recent bereavement.

Mrs. Damon George and Family

I wish to thank my dear friends and neighbors for their many cards, prayers and acts of kindness. I also wish to thank Dr. Young, Dr. Siebert, Dr. Dyer, Dr. Tarpinian and Rev. Kinde.

Jean Angell

We wish to thank Rev. B. J. Pankov, Mr. and Mrs. Fred Casterline, The Salem Federated church and all of the neighbors and friends for their kindness during the death of our mother, Catherine Hollis.

The Hollis Family

We wish to thank our friends and neighbors for their kindness shown us during the recent loss of our wife and mother, Martin Fleming and Mr. and Mrs. Yale S. Conroy.

We wish to thank the Rev. Kinde, W.S.C.S., Casterlines, Eastlawn Convalescent Home, friends, neighbors and relatives for expressions of sympathy and other courtesies extended at the passing of our dear mother, The Family of Ella Waterman.

Your kind expression of sympathy is deeply appreciated and gratefully acknowledged by the family of Rue Ehrenberg.

Our deep appreciation to the Class of '62, to the Police Department, and to those we were unable to thank personally during our recent sorrow. For the many kindnesses extended to us by everyone, our heartfelt thanks.

The Family of Lynn Deleruyelle Atchison H2cx

We wish to thank our kind neighbors and friends for their many expressions of sympathy and understanding at the passing of our husband and father. Special thanks to the ladies of the Methodist church who were so very kind and helpful.

The Family of John J. Russo H2p

Cager of the Week

JIM MAZEL — As a senior, Mazel has come into his own this year at one of the Mustang forward posts. The best outside shot on the team, he has been instrumental in Northville's three recent victories. Mazel lists baseball, cars and track, in which he has lettered, as his other interests. The son of Mr. and Mrs. Jerome Mazel of 41695 Grand River, Jim will attend Michigan State university as a business administration major this fall.

Sewer Bonds Sold, Contract Awarded

With the sale Tuesday of Novi trunkline sewer bonds, officials pointed hopefully to a surge in residential development here soon.

The sale, consummated with the opening of bids in the County department of public works offices in Pontiac, means that actual construction of Novi's first public sewer system is "just around the corner."

And, predict officials, new residential housing isn't far behind.

"We can expect construction to start momentarily," said Village Administrator Harold Ackley upon announcing that the Halsey Stewart Company had been awarded the contract for purchase of the bonds at the interest rate of 3.56771 percent. It was lowest of three bids.

The general contractor, who will do the work for an overall low bid price of \$961,844.50, is the Northwest Construction company of Livonia.

"Northwest," said Ackley Tuesday, "probably will start moving in his equipment in the next week or so. He'll start work on the southern end of the line in Northville township, working his way through Northville as fast as he can to avoid any conflict with the racing season at The Downs."

Completion is expected by late spring or early summer.

While officials are naturally jubilant as the sewer system nears realization, their attention is already turning

to another area — residential development.

Assurance now of sewers, say officials, means that developers will find it easier to obtain financing for their proposed projects. Several are expected to complete paper work soon so that construction can begin in the spring. Plats for some proposed developments already have been approved.

According to Ackley, well over a 1,000 sewer taps have been requested. And, he explains, developers are not likely to pay tap-in fees unless they expect to build and sell.

Additional development, he points out, is certain to get underway in 1964 in the Willowbrook subdivision area, and "undoubtedly the long-delayed Meadowbrook Lake subdivision near Meadowbrook and Nine Mile will start this year."

The sewer trunkline which will get underway soon will be laid in a northerly direction through Northville to Nine Mile road east of Novi road, branch west along Nine Mile to Center street, and also continue north — on the east side of Novi road — to 10 Mile road in the vicinity of Willowbrook subdivision.

The branch along Nine Mile to Center is expected to be an impetus for new housing in the Connemara subdivision area as well as in the area further west. Requests for numerous tap-ins have been made in these areas too, Ackley adds.

OK Water For 18 Homes

A project to bring Detroit water to 18 homes in Northville township's Plymouth Gardens subdivision was given the green light at a public hearing Friday night.

Township board members voted to proceed with the special assessment project after homeowners in the audience voiced approval.

The Friday night hearing is the first of two public meetings required under the special assessment procedure. Its purpose was to introduce the plan, estimated costs and decide whether or not to undertake the project.

Sale of bonds, awarding of bids and determination of exact costs based on the construction contract are subsequent steps that must now be taken by the board. Another public hearing is called when exact assessments are prepared.

About 15 of the 18 homeowners of the Five Mile-Bradner road subdivision were represented at Friday night's hearing. Supervisor R. D. Merriam pointed out that the township board "was not selling water, but only responding to a petition by the people."

The supervisor explained that the engineer had estimated the cost of the project at \$24,000. He pointed out that the cost would be divided between 23 benefitting properties — lots either containing houses or of adequate size to meet zoning regulations for building.

It was noted that the assessment may be paid over a 10 year period at six per cent interest on the unpaid balance. It was also explained that the project would include 2,000 feet of six-inch line, two fire hydrants and a one-inch connection at the property line of each house. It is the property owner's responsibility to provide for the line on his own property.

Several property owners raised questions, including the estimated cost. When it was described as high, township Engineer William Mosher explained.

According to Ackley, well over a 1,000 sewer taps have been requested. And, he explains, developers are not likely to pay tap-in fees unless they expect to build and sell.

Additional development, he points out, is certain to get underway in 1964 in the Willowbrook subdivision area, and "undoubtedly the long-delayed Meadowbrook Lake subdivision near Meadowbrook and Nine Mile will start this year."

The sewer trunkline which will get underway soon will be laid in a northerly direction through Northville to Nine Mile road east of Novi road, branch west along Nine Mile to Center street, and also continue north — on the east side of Novi road — to 10 Mile road in the vicinity of Willowbrook subdivision.

The branch along Nine Mile to Center is expected to be an impetus for new housing in the Connemara subdivision area as well as in the area further west. Requests for numerous tap-ins have been made in these areas too, Ackley adds.

ed that it was "safely high" to guard against sale of bonds lower than the actual cost of construction. He explained that the cost to the property owner could be less than the estimate if bids are lower.

In answers to others questions the supervisor explained that Plymouth water would cost twice as much and the federal assistance is not available for this project.

Supervisor Merriam admitted that the contract details with Detroit had not been settled as yet. "I don't think we'll have any trouble, but we want guarantees of pressure and supply," he added. One of the stumbling points is the projected population of the township and a Detroit requirement that the township guarantee future use of water based on the projected population, the supervisor explained.

One other matter was left unsettled. One of the lots scheduled to be assessed for the project was described as "Out lot A", reportedly dedicated to the subdivision but recorded, as privately owned. If it is determined that this lot would not qualify as a possible future building site, the number of benefitting properties which must divide the cost would be reduced to 22, thus increasing the cost per owner.

The Plymouth Gardens subdivision overlooks Phoenix Lake and has 18 homes in the \$40,000 class. Many of their wells have run dry, others are experiencing trouble.

Detroit water will be gained by tapping into a 12-inch main which now runs through the area and serves the Wayne County Training School. For the time being the supply will come east along Five Mile road. When a new Detroit line is completed along Sheldon road to supply WCTS, the flow will be reversed, thus supplying the subdivision from the new line.

It is anticipated that water service will be available for Plymouth Gardens by mid-May.

Bowlers to Aid March of Dimes

Campaign preparations continued this week as Northville March of Dimes officials set their sights on topping last year's collection total — \$2,476.

High on the list of events planned for the month-long campaign is the traditional Mothers March, headed this year by Mrs. Lorne Dyer.

Captains of Mothers March soliciting teams were to meet at the home of the chairman today (Thursday) to map strategy for the campaign slated for two days this year — on Sunday afternoon, January 26 in the township and on Tuesday evening, January 28 in the city.

Last year a total of \$1,400 was collected by the marching mothers.

Plans for the annual bowling tournament, sponsored by Northville Lanes, are well underway. League bowlers will each contribute \$1 or more to compete for prizes while at the same time aid the March of Dimes cause. Bowling for competition begins Sunday.

Last year, Northville bowlers out of the local bowling establishment contributed a total of \$762 — highest total raised in the state of Michigan in 1963.

And with several leagues already pledging 100 percent participation, the tournament is expected to raise another \$700 for the March of Dimes this year.

According to Charles Parton, general chairman of the overall campaign, plans for related benefit projects are nearing completion. These include distribution of canisters and dimes boards, a peanut sale high school dance, an ugly man contest, and a tavern's contest.

City OKs Furniture

The city council approved purchase of contemporary steel furniture for the new city hall Monday night as recommended by Councilwoman Beatrice Carlson and City Manager Bruce Potthoff.

The bid was awarded to Doubleday Bros. for \$5,709, while library shelving will be purchased from Speaker & Associates for \$3,019.

The bid for library furniture was rejected and the manager and Councilwoman Carlson will seek additional sources. It is expected to cost approximately \$2,000.

Mrs. Carlson and Potthoff examined furniture and shelving proposed by several bidders. The contemporary line was viewed in the new Clawson

city hall. They expressed preference for the line because of the variety of color offered as well as quality.

In other business Monday night the council directed the manager to purchase street signs for some 39 unsigned intersections within the city. Most of the intersections are within subdivisions. It is anticipated the signs, which will signify "yield", will cost nearly \$1,000. They will be installed over a period of several months.

An agreement with Northville Downs to permit concrete enclosure from Downs property up to the south side of the Beal street bridge was approved subject to investigation by Mayor A. M. Allen, the city manager and engineer.

NEWCOMER'S CORNER

I look upon every day to be lost, in which I do not make a new acquaintance.

— Samuel Johnson

Newcomers Mr. and Mrs. Hugh McKay, and (l. to r.) Fritz, Mary and Geof.

Sunday afternoon drives brought the Hugh McKay family to Northville from their home in Dearborn.

The small town atmosphere and friendliness convinced the McKays that Northville would be a perfect place to raise their three children, Mary, Fritz, and Geof, aged eight, six, and five, respectively. So, they moved to 444 East Street, where they have lived since August.

Mr. and Mrs. McKay met at Albion when they were stu-

Schoolcraft Encourages Night Scholars

Eric J. Brädrner, president of Schoolcraft College, has encouraged people interested in college training to apply for courses at Schoolcraft, even if they are not presently enrolled in high school. Schoolcraft is providing both academic and technical training, available at night for the convenience of employed students.

People interested in either the day or night courses may receive information by contacting the college registrar, GA 7-6620.

Among the facilities offered by the school to prospective students is the new Schoolcraft College testing program. These tests are administered to new students to aid in the selection of courses. The testing schedule is as follows:

Saturday, January 11, Franklin high school
Saturday, January 25, Clarenceville high school
Saturday, February 15, Garden City high school
Saturday, February 29, Plymouth high school.

Holidays Safe 'n Sane Says Chief

Now that Christmas and New Year's Eve have passed, many towns in Michigan are recuperating from tragic accidents which always seem to accompany the holiday season. Northville is a notable exception.

For the fourth year in a row, no major traffic accidents occurred within the city limits. The police department received no calls on New Year's Eve. Not even a case of rowdiness, reports Police Chief Eugene King.

Chief King gave a great deal of credit to the local tavern operators who maintained good order throughout the holidays. The men responsible for the safe driving conditions on Northville streets also deserve a compliment, he said.

But, he added, the major contribution came from the conscientious citizens who conducted themselves sensibly, drove carefully, and kept the holidays a happy time.

dents. Mr. McKay is a certified public accountant and is now working with the Abner Wolfe company in wholesale food distributing.

The McKays are members of the P-TA at Amerman School and the Presbyterian church in Northville, but they both

take time for reading and painting. Mrs. McKay creates primitive paintings and sells some of them in Dearborn.

The whole family is pleased with their new home, reports Mrs. McKay, and looks forward to a happy future in Northville.

Play Tryout Set Tonight

Veteran Director Bob Wall has scheduled Thursday and Friday nights (January 9 and 10) as tryout dates for the Plymouth Theater Guild's production of the classic melodrama, "The Drunkard" or "The Fallen Lifted".

Tryouts will be held in the Plymouth high school auditorium from 7:30 p.m. to 10 p.m. each evening.

"The Drunkard" is a moral domestic drama written more than a century ago. In the past 120 years this classic cornball has been performed over 50,000 times by professional, amateur and semi-literate groups. Its appeal as a temperance drama was understandable during the first 50 years of its run. What kept it running for 26 years in the Los Angeles area is still a mystery.

Northville residents will have an opportunity to discover for themselves what makes this antiquated drama so popular on February 13, 14 and 15 as the Plymouth Players present the show in true Music Hall Fashion. "You will be able to sip root beer and nibble pretzels at tables as you view the dastardly deeds of the crass corrupter of youth, Lawyer Cribbs," Wall said.

Auditions are open to everyone. A person need not be a member to participate at the January 9 and 10 tryouts at the Plymouth high school.

Senior Citizens

The next meeting of the Northville Senior Citizens club will be held on Tuesday, January 14 at 7:30 p.m. at the Scout-Recreation building.

Business will include election of officers, formulation of by-laws and a schedule of future activities. Refreshments will be served.

Adult Courses Start Again

The Adult Educational Program conducted at Plymouth high school is ready to start its winter semester. Recreation Director Herb Woolweaver reported this week.

Many of the 92 courses offer high school credit to those who do not have a high school degree.

Registration for the courses takes place at the Plymouth high school recreation office, January 13-17. The office is open 8:00-5:00.

This year's program offers a wide variety of courses, ranging from knitting to poetry. Most of the courses begin January 27 or 28, with classes held on weekday evenings and Saturday mornings.

Students can also enroll in many of the courses, if they obtain special permission.

Mrs. Jefferson Baker entertained Mrs. Douglas Bolton, Mrs. Leland Mills, and Mrs. Allan Peterson at lunch in her home, 145 Walnut street, on January 2.

The Arthur Basel family of 39710 Haggerty court are expecting Mr. Basel's parents from Rogers City, Michigan, to visit them today.

Rev. and Mrs. Richard Hooker of Kalamazoo, spent New Years Day with the Clarence Jeromes of Dubuque street.

Mr. and Mrs. Billie Thomas, Jr., 40301 Fairway drive, entertained 45 friends and neighbors at a cocktail party Sunday.

Curly Strange of Northville has returned to Rathburn Chevrolet Sales, Northville.

The meeting of the Northern Lites study group has been changed from Monday, January 13 to January 27. The meeting will be held at the home of Mrs. William Hensch, 855 Scott, Northville, at 7:30 p.m.

Pick Koester

Herb Koester of Novi has been appointed Oakland county Democratic coordinator for Novi.

The appointment was announced last week by Sander Levin, chairman of the Oakland County Democratic committee.

Koester also was recently appointed coordinator and publicity director for the Novi Youth Protective and the General Citizens committees as well as liaison between the committees and the three branches of Novi government.

Alpha Nu Chapter

Meets Tuesday

The Alpha Nu Chapter of the Delta Kappa Gamma Society will meet Tuesday evening, January 13, at the home of Mrs. Orpha Moshimer, 355 Baseline road.

An interesting program on "Changing Patterns in Race Relations" is planned. All members are urged to be present at 7:30 p.m.

Ronnie R. Van Sickle visited his parents, Mr. and Mrs. Oda S. Nipp of Northville, through the holidays during a 30-day leave. He returned to Miami, California January 6 to finish his training as an aviation electrician's mate, Third Class, Fighter Squadron 124.

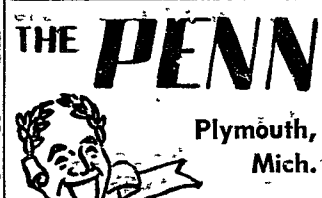

Mr. and Mrs. Marvin Tibble of 50905 West 12 Mile road entertained 46 children and grandchildren on December 28. Members of their family were here from Europe, Copper Harbor, Wayne, Flint, Wixom, New Hudson, Novi and Walled Lake.

Mayor and Mrs. A. M. Allen of Northville along with their daughter, Sharon, and son and daughter-in-law and family, Mr. and Mrs. James Allen, attended the golden wedding anniversary of the mayor's parents in Durand last weekend. Mr. and Mrs. O. B. Allen of Durand celebrated their anniversary on Saturday, January 4.

Mr. and Mrs. Thomas McDough of 663 Thayer Boulevard returned home last week Monday after attending a family reunion at the home of Mrs. McDough's parents, Mr. and Mrs. R. J. Wenger of Reading, Pennsylvania. The reunion, which marked the 50th wedding anniversary of the Wengers, was attended by seven sons and daughters and their families from California, Virginia, Connecticut, Michigan and Pennsylvania.

On their way home, the McDoughs picked up three nieces at Shaker Heights, Clare, Margie and Anne, who are now visiting here at Northville.

During the Christmas holiday, the McDoughs entertained Mr. McDough's brother and wife, Mr. and Mrs. Edward McDough of Cherry Hill, New Jersey.

Imsland Stars As Milford Falls, 58-48

JUMPING JACKS — That's what the Mustangs turned into last Friday night. Rebounding, such as Rick Milne is doing here, ultimately won the ball game for Northville. It was a story of just too much height and muscle for Milford.

The Northville Mustangs knocked the holiday spirit out of visiting Milford Friday night as they muscled their way to a 58-48 Wayne - Oakland conference victory.

Playing their best game of the season, the Mustangs recorded their third win in the last four outings. They are now in third place in the W-O circuit with a 3-2 mark.

In other W-O action Friday, Clarkston, which trailed by one point at half time, broke a tie for first place in the loop by whipping second place Bloomfield Hills, 69-52.

Jerry Imsland, the Mustangs' six-two sophomore center, made an indelible impression on the losing quintet.

Showing marked improvement with every game, Imsland tallied 22 points, the highest output by a local cager this season. He also led the rebounding parade and his efforts on defense discouraged the smaller Redskins as they dove for the bucket.

Senior Jim Mazel's outside shooting loosened up Milford's tight zone as he chipped in with 13 vital points.

And Coach Dave Longridge kept the opposition guessing as he wisely shifted his charges from a first half man-to-man defense to a second half zone. This move kept the Redskins away from the basket.

But it was Northville's aggressive tactics that won the ball game. It seldom gave the visiting cagers a second crack at the bucket and the Mustangs forced the Redskins to hurry their shots.

Northville was never headed after taking the lead at 7-5 in the opening period on a three pointer by Mazel and Imsland's second drive-in from the left side.

Although the Redskins fought hard to wipe out Northville's early first half lead of nine points, the Black and Orange then assumed the attack to regain a nine point lead. Milford never came closer than five points again.

Mustang Mentor Longridge praised the team for its improved play, but he cautioned that "We have to work on defense." "Our size gave us the rebound advantage and that was the whole difference," he said.

Northville completely dominated play in the first quarter by controlling the boards.

Imsland and Mazel scored all of the points to give Northville a 14-7 margin at the end of the period.

In the second frame, Milford bottled up the middle to temporarily stymie the Mustangs' attack. And the Redskins, led by stellar Guard Jim Barnes, began to find the range as they closed the gap to 20-19.

But the fired up Mustangs, passing the ball quickly around the zone, tallied eight straight points to squeeze the visitors' rally.

In the flurry, Captain Dan Bishop countered on a 30-foot shot and on a drive-in, Mazel hit on a goal from the corner.

Imsland converted two free throws and Forward Tom Wicke tipped one in.

Score at half time was 30-23. The pace increased as the second half opened. Both teams utilized the fast break in an attempt to break the zone, but Northville had more success.

Led by Imsland, who scored eight points in the period, the local five zoomed to a 15 point advantage, 44-29, with two minutes left in the third frame.

Northville hit a torrid 50 per cent of its shots, cashing in on eight of 16 attempts to take a 46-33 lead at the buzzer.

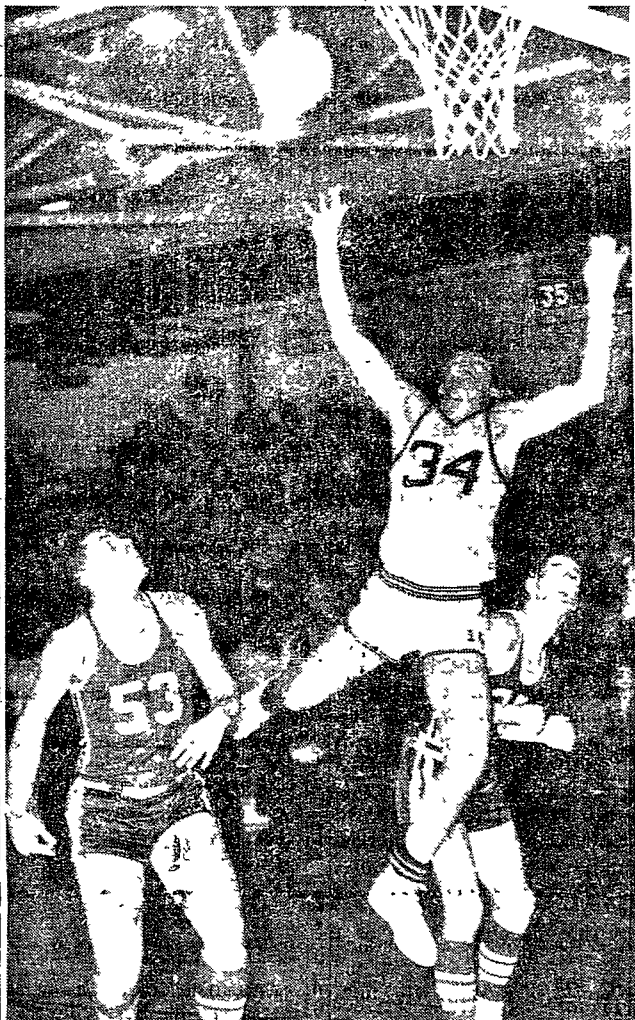

In the final frame, Milford stepped up its attack while the local cagers protected their lead, largely from the foul line. They converted eight of 16 attempts.

But the Redskins rained 18 shots on goal, connecting on seven to narrow the margin to ten.

0-4 Brighton

FLYING MUSTANG — Center Jerry Imsland, who sparked the Northville attack with 22 points, flies by two onlooking Milford Indians for a two pointer. On the strength of his scoring spree, the Mustangs rode to a 58-48 victory.

Milford Socks Colts Here, 64-25

Plagued by errors and befuddled by the Milford attack, the Northville Colts absorbed a 64-25 drubbing here Friday night.

The local JV's could do little right as Milford took complete advantage of their miscues to score 11, 19, 17 and 17 points in successive periods.

In comparison, Northville scored only three points in the second and fourth frames, six in the first and a respectable 13 in the third.

The statistics proved the futility of the Colts' efforts.

They hit on only nine of 41 shots for a field goal percentage of 22. Milford, on the other hand, cashed in on 26 of 66 attempts for 40 per cent.

Four of Milford's JV's hit in double figures.

Mark Cushing with 10 points was the only local cager with more than four points. In fact, he was the only bright spot in Coach Alex Klukach's otherwise unpleasant night.

In an attempt to find a winning combination, Klukach substituted much of the second half. But all efforts failed.

Mustangs Set Sights On 4th Win

A team which has shown marked improvement with every game, the Northville cagers will be shooting for victory number four against Brighton here tomorrow night.

The game is scheduled to get underway 20 minutes after the finish of the JV contest, which begins at 6:30.

Northville will assume the favorite's role against the Bulldogs from Brighton.

The Mustangs, after an opening game route at the hands of Bloomfield Hills and a similar shalaking from Plymouth, have come a long way. They have won three of their last four contests, all in Wayne-Oakland conference play.

Brighton, on the other hand, has had its troubles. The Bulldogs are winless this season and occupy the W-O league cellar.

But Friday night's visitors could prove troublesome and given a hot night, they could spring an upset.

Again, it will be Northville's height against a smaller, but speedier Bulldog five.

Matmen Compete Tonight

Two Northville teams will return to action this week, their first competition since the 14-day holiday rest.

Winners of three successive games after an opening game loss, the freshmen cagers will host a squad from Nankin Mills at 4 p.m. at the high school.

Although the team has not worked out during the vacation, it has been working hard this week under the watchful eye of Coach Dave Madden. By all indications, the frosh will be ready at game time.

The Northville matmen will commence activities 7:30 to-night in search of their first win of the season against Willow Run.

Plagued by injuries during the last three matches, the local wrestlers should be at full strength. Every hand will be needed. Willow Run is one of the best mat teams in the state.

Park Naturalist To Speak in Novi

Bill Hopkins, chief naturalist for the Huron-Clinton Metropolitan Authority, will be the guest speaker at Novi elementary school in Novi on Friday, January 17.

Students will hear a lecture entitled "Metropolitan Birds" and "Animal Homes".

The appointment was requested by Samuel B. Stewart, principal at the school.

The Authority is a five-county park and parkway agency serving Livingston, Macomb, Oakland, Washtenaw and Wayne counties. One of its key attractions is the Nature Center.

Merchants Score 100 In Opener

The Northville Merchants and the Northville Drug-Record came up with opening round triumphs in the Recreation Basketball League competition which got underway last week Thursday.

Four teams are competing in the league, sponsored by the city recreation department. The others are the Thunderbirds and the Northville Downs Drivers.

In the opening game last Thursday evening, Ken Kisabeth blistered the hoops for 40 points in leading the Merchants to a sizzling 100-69 victory over the Thunderbirds.

Other high point men for the Merchants were Joe Kritch, who notched 28 points, and Dave Biery with 20.

Taking scoring honors for the losing Thunderbirds were Bannon, who picked up 16 points, and Gary Stobbe who came up with 14.

Bryan Dunn fired 20 points in the second game in helping Drug-Record to its 85-41 triumph over the Downs. Assisting Dunn for the winners was Bud Bell, who scored 18 points.

On the loser's side, T Mer-

riman led in scoring with 11 was second high with 13. All four teams will see action again tonight (Thursday) beginning at 7:30 p.m. in the community building. The Merchants are slated to take on the Downs, and Drug-Record will be pitted against the T-Birds.

Obituary

ADA LOUISE FRITZ

Mrs. Ada Louise Fritz, 77, mother of Miss Ada Winifred Fritz of Northville — a school teacher here for 22 years — died at the University of Michigan Medical Center on Sunday, January 5.

Born December 1, 1886 in Ogemaw County, Michigan she was the daughter of Christopher and Margaretha (Hoffman) Reetz. Her home was in Rose City. She was married to Joseph L. Fritz on October 6, 1908. Her husband preceded her in death in 1958.

Besides her daughter, Miss Fritz, she is survived by another daughter Mrs. Mary Johnson of West Branch, one brother, Otto A. Reetz and a sister, Mrs. Eva Parliament, both of Detroit; seven grandchildren and 11 great grandchildren.

She was preceded in death by two sons.

During the winter, Mrs. Fritz lived with her daughter here at Northville.

Rosary was said at Ebert Funeral Home here at 8 p.m. Monday, January 6, with a 10 a.m. funeral service at St. Joseph's Church in West Branch on Thursday, January 9.

Burial was in St. Joseph's Cemetery, West Branch.

GEORGE SINCLAIR

Funeral services for George E. Sinclair, 73, former manager of the Northville Men's shop, were held Tuesday, December 31 at Hartford, Michigan, where he has lived for the last six years. He died December 28 at his home following a sudden heart attack. Sinclair had spent his lifetime in the men's clothing business at Gladstone, Michigan; Rochester, Michigan; Columbus, Ohio and Northville. He was a past master of Gladstone Masonic lodge.

Surviving are his wife, Leahy, and a son, Jack, publisher of The Hartford Day Spring. Burial was at Hartford.

JOHN ROBERT CONNER
John R. Conner, 74, of 605 Grace street died suddenly, Sunday, January 5 at his home.

A long time resident of

LET'S TALK CARS . . .

INTEGRITY AND THE AUTOMOBILE DEALER

There is hardly a business in the world that doesn't have its odd black sheep. Though no worse than any other, the car business is no exception.

It's quite easy to understand why otherwise reputable car dealers, for instance, decide to use a low advertised price as bait to attract customers while the "hook" in the deal lies disguised under the surface. They are simply trying to set themselves apart from others so people will think they can get the best deal at their shop.

Motorists who buy on price alone are the real cause of this practice. If the gimmick didn't work, no dealer would use it. But here is the contradiction though. All buyers, including the most energetic price shoppers, are merely trying to get the most real VALUE for their hard earned money.

If a dealer pockets the factory new car preparation charge, for instance, and delivers cars with a wash and a polish for a few dollars less, it is the customer who is getting stung. Or the customer can lose by getting the brush off when he deserves service. Or in jugged finance figures.

We believe that the significant difference between all cars, both new and used, is the dealer who sells them. Price is but one thing to be considered. You must compare ALL parts of the deal. This is a policy that has served us and our customers well. If you are in the market for an automobile, we would like to talk to you and show you how it can serve you too.

John B. Mach

John Mach Ford, Inc.

Post Office Adopts New Check Law

Northville Postmaster Leeland Smith announced a new ruling in the Postal Laws and Regulations which affects the use of checks to pay for postal charges and services.

Under the new law, the post office will accept certified commercial and bank cashier's checks, but will not accept uncertified checks unless the patron can provide a check guarantee, in writing, from his bank. The only other exception to refusal of uncertified checks is "a corporate indemnity bond covering the acceptance of such checks in amounts specified by the patron", which must be filed with the postmaster.

— In Justice Court —

Disorderly cases topped justice court action in Northville as the last cases of '63 and the first cases of the new year came before JP Charles McDonald.

Mrs. Eileen Cox entered a complaint against her husband, Albert Cox, on charges of assault and battery. Cox was brought to trial December 21 where he pleaded guilty and was assessed a fine of \$50 and \$10 court costs.

A guard at Maybury Sanatorium brought charges against George Wynna, a patient, for malicious destruction of property. Wynna was tried on December 23. After pleading guilty, he was committed to the sanatorium's security ward for 20 days.

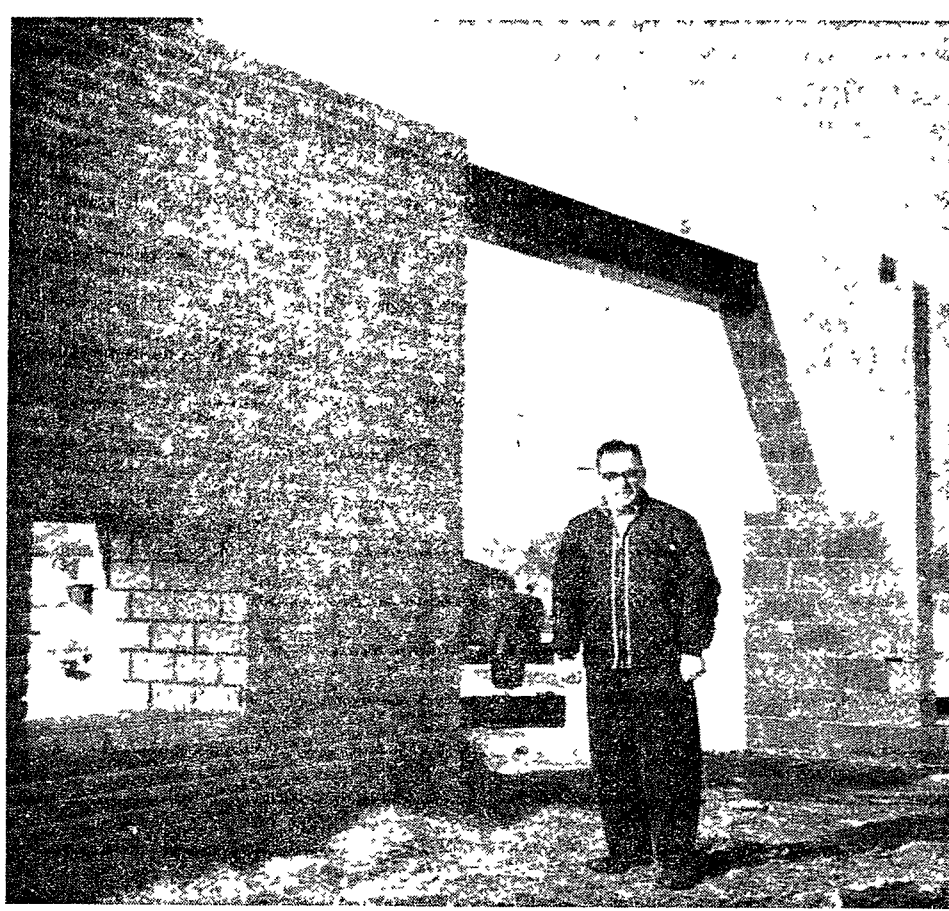

Charles A. Wright, who lives at the Northville Downs Raceway, was brought to court December 27 for operation of a motor vehicle without a license. He pleaded guilty and was fined \$5 and \$5 court costs.

Also tried on December 27 was Nelson Carney of Milan, Michigan. Charged with a speeding violation, for which he had received a bench warrant, Carney pleaded guilty and received a sentence of five days in the Detroit House of Correction.

On January 6, Alvin M. Whistle of Novi was charged for two offenses. Bel-Nor Drive in issued a complaint against him for disorderly conduct. He pleaded guilty and was fined \$15 and \$5 court costs. He was also tried for drunk and disorderly behavior and was fined \$15 and \$5 court costs.

Also on January 6, Flora Hamil of Dearborn pleaded innocent to a charge of speeding. Her case was dismissed as the arresting officer failed to appear at the trial.

Clifford N. Carter, who lives in Lyon township, was brought to court by a complaint issued by Bel-Nor Drive in for drunk and disorderly conduct. Tried on January 7, Carter pleaded guilty and was fined \$25, \$5 court cost. He was also ordered to make full restitution to Bel-Nor for destruction of a glass door.

EYE SPRING COMPLETION — Manager Fred Sayig stands in front of the new Dun Rovin clubhouse which officials hopefully predict will be completed in time for spring golfers.

Dun Rovin Starts New Clubhouse

Dun Rovin, the 18 hole golf course located in Northville Township, may have its new addition, a \$56,000 clubhouse, completed in time for the spring golfers, Manager Fred Sayig announced this week.

The 70 by 80 foot building will include two dining rooms with facilities for banquets. Dun Rovin recently was issued a license to serve liquor by the glass. This permit had been sought by the owners when clubhouse plans were announced.

Township residents voted 690

AAUW

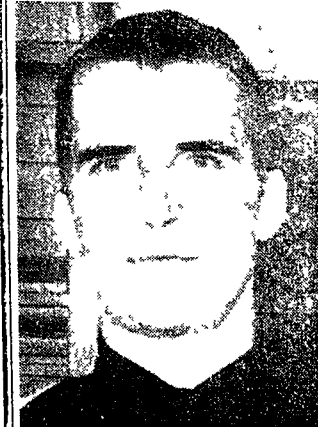

Meets Jan. 16

The Jacob's Room of the Hillside Inn in Plymouth will be the scene of the January 16 meeting of the Plymouth Branch of the American Association of University Women. The meeting will begin at 7:45 p.m. with a coffee social hour.

Highlight of the evening will be a discourse by Dr. Sheldon Lowry, professor in the Sociology and Anthropology Department of Michigan State University. Dr. Lowry will discuss "The American Woman in a Changing World", a subject he presented to the association with slides and comments in October, 1961.

Mrs. Donald Potma of Northville, vice-president, will conduct the meeting. The hostess chairman is Mrs. A. E. Vallier, assisted by Mrs. Arthur Haar, Mrs. John Haas, Mrs. Roswell Tanger, all of Plymouth, and Mrs. D. Lawrence Borgia, of Livonia. For rides or information, persons are asked to call Mrs. Robert Messerly at GL 3-3605, or Mrs. David VanHine at FI 9-3015.

Novi Officer Ends Course

Richard Faulkner

Patrolman Richard Faulkner of the Novi police force recently completed an intensive course on delinquency prevention and control at Michigan State University.

The course, sponsored by the National Institute of Health, lasted from December 2-20. Faulkner was one of 47 police officers in the state and seven from out-of-state who were selected for the course.

Banker Dies Of Auto Injuries

A 33-year-old Ypsilanti man, who recently was appointed an assistant manager of the Manufacturer's National Bank here, died Friday of injuries suffered in an automobile accident on Christmas Eve.

Funeral services for Donald L. Neuman, 1434 Jeffrey street, Ypsilanti, were conducted Tuesday from the UHT Funeral Home, Wayne. Burial was in Highland Cemetery, Ypsilanti.

Mr. Neuman died at Wayne County General Hospital where he was taken following a head-on collision on Sheldon road near the county training school. He was alone and on his way home from work at the time.

The accident occurred when another driver, John Hydorn of Detroit, headed in the opposite direction, crossed over the center line and into the path of Mr. Neuman's car. Hydorn was pronounced dead on arrival at the hospital.

Mr. Neuman, who was born October 10, 1930 in Garden City, is survived by his wife, Bonnie, and three children,

Michael, 9, Stephen, 8, and Jani, 2.

Other survivors include his parents, Edward Neuman and Mrs. Cleome Good; a sister, Mrs. Sally Lemhagen; and a brother, Glenn.

A graduate of Romulus high school, he entered the banking field in 1950, joining the bank in Romulus. Previous to working here, he served as an administrative assistant at Manufacturer's Telegraph-Sheridan office in Dearborn and at its Melvindale office.

Mr. Neuman was a member of the Romulus Methodist Church and he was active in the American Institute of Banking.

Donald L. Neuman

Ask Citizens To Register

Officials of Novi and Wixom voiced concern this week as the deadline for voting registration neared.

Few of the persons notified that their registration will be suspended unless reinstated have appeared.

The notices took on new significance this year because of the new state constitution which took effect on January 1.

Previously, voter registrations remained on the rolls if the citizen had voted within a period of four years.

The time limit is now two years.

All electors who have not voted, continued their registration, reinstated their registration or recorded a change of address within a period of two years have been reminded to do so.

Teaching Needs Stressed Here

Northville schools have a "crying need" for a full-time visiting teacher and a psychologist at least half-time, Mrs. Catherine Thoburn, psychiatric consultant to the Northville and Plymouth schools, told Northville Cooperative Play Group mothers at their meeting Monday.

Mrs. Thoburn, who spends six hours a week in the Northville schools, sees children who are having difficulty in the school system.

She reported that she has time only to see the child and his teacher briefly, but not the parents. Children with problems in the Northville area, she said, are referred to Hawthorne center, Children's Psychiatric hospital in Ann Arbor, Northwest Child Guidance clinic, Lafayette clinic in Detroit and the Wayne county office.

Mrs. Thoburn received her training at Harvard University and in the Newton public school system in Massachusetts. She has been associated with the Mental Health Research Institute of the University of Michigan.

She pointed out that the state of Michigan will reimburse a school district half the cost of a visiting teacher if it

meets enrollment and other requirements. Such teachers work with the home and the school in helping a child.

One important part of mental health requirements is getting and keeping good teachers, and this Northville does, Mrs. Thoburn commented, adding that elementary teachers and high school home room teachers are "geared to good mental health."

A highlight of Northville's individual programs is the kindergarten screening of children who become five years old between September 1 and December 1. Mrs. Thoburn said, declaring that this maturity evaluation "really works."

Other programs in effect, she said, are those of reading and speech consultants, as slowness in reading or talking can affect mental health. There also is a visiting nurse provided by the county, who, Mrs. Thoburn said, visits here about once a month. Hearing and vision tests are given on alternate years.

Mrs. Thoburn also outlined the Northville schools' intelligence and achievement testing programs.

'Tames' Wild Driftwood for Home Zoo

"Just say I make something out of nothing," he laughed while putting away an alligator, a sea monster and a dozen other animals.

His zoo menagerie safely out of reach of his eager youngsters, Oren E. Schneider began an explanation of how he happens to have a house full of birds, fish and animals.

It all began about three years ago, he said, when he and his family were vacationing near Alpena on the shore of Lake Michigan. While walking along the lake shore, he happened across a wrinkled piece of cedar driftwood washed up on the beach.

Upon examining it, Schneider noticed that a section of the root resembled a goose — or at least the head of a goose.

His curiosity aroused, Schneider began looking at each piece of driftwood that he came across and, within a few minutes, he found numerous faces of animals staring out of the twisted wood.

Thus, an unusual hobby was begun — a hobby that has grown with each new vacation.

Now when Schneider and his family head north they can expect to return carrying a carload of twisted cedar roots. Then during the months that follow, Schneider mounts the faces and heads of wooden animals on the walls and shelves of his home.

"It's funny," he said, "some of that wood will lay out there for two or three months. And then out of the clear blue I'll find a duck's head or something that I just overlooked before."

"And lots of time I'll find two figures on a single piece of wood ... like that fish there. When I split it apart I found this fish."

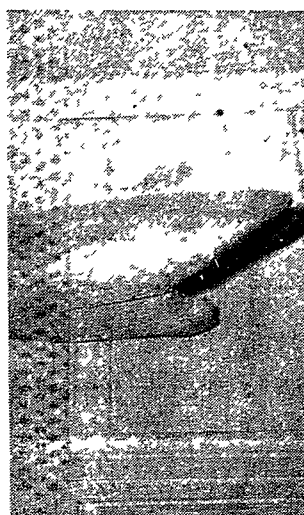

Probably the most impressive looking specimen that he has collected is the head and neck of a duck. He's not sure just what kind of duck it is, but there's little doubt that it's

a duck — "or maybe a goose." And it's been valued at about \$100. "That's what they told me it would bring ... but I probably wouldn't get a cent for it."

Among the other specimens in his collection are: whale, kingfisher, barking dog, bird in flight, Indian with hair knot, alligator, pike, and moose.

According to Schneider, who lives at 364 South Wing, nearly all of the driftwood that decorates his home was found within a 200-yard area, between the lake and a cedar swamp. "Why, I can find all I can handle in 15 minutes," he said.

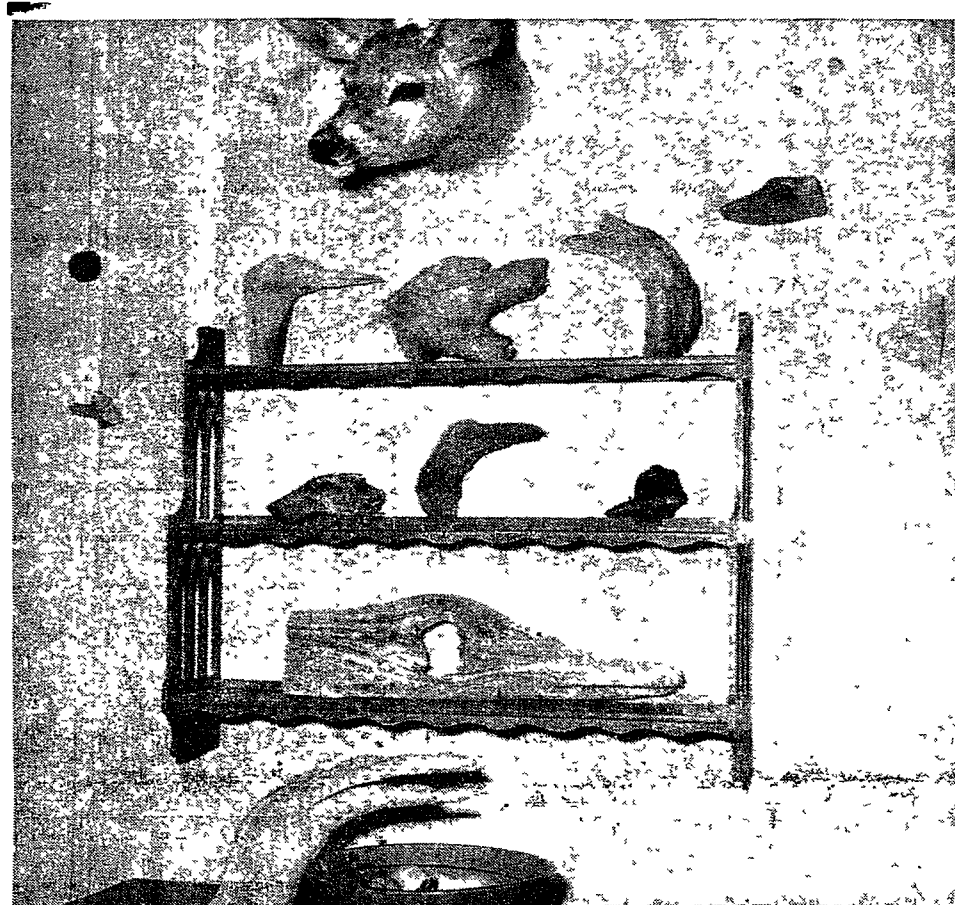

At that rate Schneider will be adding to his collection for years to come — and then he'll have only barely scratched the surface of this marine zoo.

SHARK
(Or Whale)

BIRD
(In Flight)

GUESS WHAT — Several kinds of animals are presented in the driftwood here, including ducks, barking dog, an alligator, Kingfisher, fish — and even an Indian. Can you pick 'em out? Oh, yes, that deer head is real!

Chamber of Commerce To Adopt Constitution, Elect Officers Tuesday

Approval of a proposed constitution and election of directors will highlight a Chamber of Commerce organizational meeting here Tuesday evening.

All area business, professional and industrial persons are urged to attend the meeting slated to get underway at 8 p.m. in the junior high school library.

High on the list of business will be presentation of a proposed constitution and bylaws for approval and adoption.

Heading up the 14-member committee which has drafted the proposed constitution and which has met several times to revise certain sections is John Carlo. Approval of this proposed document is a prerequisite for election since the constitution calls for 15 directors.

These directors, as suggested by the constitution committee, upon election will themselves meet to elect their own officers. It suggests further that five directors be elected for three years, five for two and five for one.

Currently, three men are

serving as temporary officers pending election of permanent officers. They are Marvin Partridge, chairman; Leo Markham, vice-chairman; and C. A. Smith, secretary.

These temporary officers were appointed in December when 24 Northville area businessmen met and voted unanimously to form a chamber of commerce.

Chairman Partridge has emphasized that next week's meeting, which has been switched from the office of Detroit Federal Savings & Loan Association to the junior high library to accommodate an anticipated large turnout, is open to representatives of industry, business and the professions.

The proposed chamber would encompass the Northville area as well as neighboring communities, Partridge said.

Art Around Us

By Jessie Hudson

"Art is anything made or done by man that affects or moves us so that we see or feel beauty in it. We distinguish between beauty in nature and beauty in manmade things. A flaming sunset, wind-blown clouds, a swift-running brook, snow-capped mountains, are beauties of nature. The form, light, color and even the movement of these scenes can be caught by the camera and reproduced. Though the camera is man's invention, he has nothing to do with creating the beautiful effects that are recorded by the photograph. They are nature's own. Such records, therefore, are not works of art. Copying leaf, rock or flower forms accurately with pencil or paint is merely recording na-

ture. Such drawings and paintings may help one to discover and appreciate the beauty in nature, but however accurate and skillfully done, they are not art.

The artist does not shape materials by instinct according to a fixed pattern, as does the spider when he weaves his web or the snail when he builds his shell. He does not follow nature's laws rigidly, as plant forms do. When man works as an artist he invents new forms, new beauty. He does not repeat forms and patterns that he finds in nature, nor does he copy or imitate the work of other men ... the beauty that delights us is due to man's creative faculty. Nature may have been the inspiration, but the artist is the designer, the creator, of the work of art. This ability to design and invent raises man above all other living things."

The above paragraphs are quoted from a book, Art Appreciation by Collins and Riley, which I picked up at one of the wonderful used book sales run by the University Women every year. I am passing these thoughts on to you because I think they put in a different way what I have been trying to say about art in these many columns.

In the Galleries: Northville Library: Same exhibit. Better see it before it changes in mid-January after the next Three-Cities Art Club meeting.

Plymouth, Dunning-Hough Library: More paintings by members of the Three-Cities Art Club, all Plymouth residents this time. Mixed in style and quality but interesting.

Hartley-Powers Gallery, 116 E. Main street, Northville. Special winter sale of paintings, pots, jewelry and weaving. Prices really reduced to make room for new exhibits coming up. Good chance to acquire a genuinely original piece of man's (and woman's) creative talent. Hours 12-6 weekdays, 12-9 Friday and 9-6 Saturday.

Artist's Gallery, Nickels Arcade, Ann Arbor. One man show of works by Sally Markey a versatile young teacher-artist. For two weeks. Hours, 10-6 Monday through Saturday.

Forsythe Gallery, 201 Nickels Arcade, Ann Arbor. Opened Sunday, January 5, and running until January 31 a special exhibit featuring the "Human Image" in oil, watercolors, prints and sculpture. Many familiar names — Leonard Baskin, nationally known print maker, Irma Cavat and her husband Zubei Kachadorian, Ray Gloeckler once of Eastern Michigan University, William Lewis, Thomas McClure, Richard Wilt all of the University of Michigan. Hours at this large and well established gallery are 10-4 daily and 10-1 on Saturday.

Evenings 7:00 p.m. to 9:00
p.m.

Wednesday 7:00 to 7:45 p.m.

Sundays 2:00 to 4:00 p.m.

The spiritual meaning of sacra-
ment will be emphasized at
communion services to be held
this Sunday at all Christian
Science branch churches.

Responsive Reading will open
with a verse from John
(6:35): "Jesus said unto them,
I am the bread of life; he that
cometh to me shall never
hunger; and he that believeth
on me shall never thirst." Ex-
planatory readings from the
Christian Science textbook will
include these lines: "Obeying
his precious precepts; - fol-
lowing his demonstration so
far as we apprehend it, - we
drink of his cup, partake of
his bread, are baptized with
his purity; and at last we shall
rest, sit down with him, in a
full understanding of the di-
vine Principle which triumphs
over death" (Science and
Health with Key to the Scrip-
tures by Mary Baker Eddy,
p. 31).

OUT OF THE PAST

TEN YEARS AGO
January 10, 1954

The Novi court examination of James Gostlin, charged with the slaying of an 11-year-old Novi girl, was held before Judge Robert K. Anderson. Smith Products, an aluminum fabricating company, moved from its location at 45240 Grand River avenue to a new plant at 25503 West Nine Mile road in Farmington.

Permits for construction of over \$2.1 million worth of homes, additions, garages and commercial buildings were issued during 1962 in the Northville-Novato areas, it was learned.

A public meeting to unveil a model and explain all the details of the plans for the proposed Northville Swim Club was called for February 6.

Northville high school will host the 1963 district basketball tournament, Athletic Director Al Jones announced.

A proposed one-way street plan for Northville's business district was discussed at the community building by city council, planning commission and local businessmen.

Township Clerk Marguerite Northrup Young announced that the February 18 primary election ballot must include the names of all candidates for office — both Republican and Democrat — whether or not they have competition for office.

The clerk also noted that because there will be no county primary election the entire expense of conducting the election must be borne by the township. She estimated the cost at \$600.

FIVE YEARS AGO
January 8, 1959

The serious financial condition of Northville's school system brought suggestions for drastic measures as board members surveyed the plight facing nearly every Michigan school district.

Curtailment of certain school activities and services was tossed into the discussion as economy recommendations; even half-day sessions and complete curtailment of school operation were mentioned, but these steps seem to go far beyond the seriousness of the local situation.

Signs prohibiting parking between the hours of 3 a.m. and 5:30 a.m. will go up on streets in the city business district January 19.

The ban — passed by the council to allow proper cleaning of streets — will receive final approval at the next regular council meeting.

Opening of the new Northville high school — now roughly one month away — will signal the race to meet a September deadline for rehabilitation of the junior high.

No one hereabouts can remember a more treacherous New Year's Eve, and most hope they'll never experience another.

Oddly enough, however, the freezing rain and super-slick streets caused no major accidents. But they left countless cars stranded and ditched. The slippery underfooting also resulted in numerous pains and bruises as the result of falls.

M. C. Gussell, owner of Gussell Drugs, is recovering at

home following a sudden illness which hospitalized him for three days.

City residents were paying their school taxes at a faster rate than township residents, according to reports from the respective treasurers.

FIFTEEN YEARS AGO
January 7, 1949

The Roy Terrill farm on West Six Mile road had visitors Saturday night in the roll of cattle thieves.

Mrs. Dayton Deal was installed as president of the Nellie Yerkes Auxiliary. Her fellow officers are Mrs. Karl Karg, vice-president; Miss Olga Nelson, recording secretary; and Mrs. Charles Yahne, treasurer.

The Northville Community Concert Association will present the second community concert at the Wayne County Training School on January 19 it was announced.

The concert association will present Camilla Williams, two-times winner of the Marion Anderson Award and winner of the 1944-45 Philadelphia Orchestra Youth Concert Audition.

At the Exchange Club luncheon members of the club voted to name their scholarship fund the "William H. Cansfield Memorial Scholarship Fund" in memory of their fellow Exchangeite and Northville Record editor who passed away last July.

Tuesday's Detroit News carried an account of the proposed Northville State Hospital, the completion of which was abandoned by the Legislature after a power plant had been built.

The report stated that the mental hospital should be located as close as possible to the area that it serves and that the Northville location was chosen only after a careful survey had been made.

Postmaster Fred VanAtta and his wife attended the inauguration of Governor G. Mennen Williams.

TWENTY-FIVE YEARS AGO
January 13, 1939

A complete food market, operating as a unit of Wolf's Markets and a branch of Detroit's Packers' Outlets, opened for business in the Murphy building, 112 East Main. Appointment of Paul Spence as manager and Jay Leavenworth as his assistant was made early this week. The store staff includes Edward Heibner, meat manager, Pauline Wayne, cashier and Emerson C. Robinson.

Upon completion of an addition to the plant on West Eight Mile near Beck road, all offices of Twin Pines Farm dairy except the sales department will be relocated here, it was learned. A. B. Holmes, head of the milk distribution company, will make the new office his headquarters.

Re-elected officers of the Depositors State Bank: John A. Boyce, president; E. H. Lapham and E. S. Beard, vice-presidents; and A. Russell Clarke, cashier.

The big fire of the year, Fire Chief Fred Hicks recalled, was the burning of the Michigan Woods Products Manufacturing company the night of June 28, when the damage was estimated at some \$80,000.

The first fire of the year, according to Mr. Hicks' annual report, occurred January 19 at the home occupied by the S. Elmer Reed family at 519 Du-buar. The damage was so great that the family had to move out.

A check this week with the health officer, Dr. Russell M. Atchison, and the school nurse, Mrs. Starr Bray, brought to light no additional cases of scarlet fever.

The home of Myron Robbins, 616 Carpenter, was damaged by fire.

Postmaster Fred E. VanAtta went to Detroit to find out the status of Northville's \$75,000 post office and to learn just when the site selection could be announced.

NOVI HIGHLIGHTS

Mrs. H. D. Henderson

Mr. and Mrs. Jack Anglin and sons spent the Christmas and New Year holidays visiting the latter's relatives in Pennsylvania. They also made a trip to Gettysburg and to Washington, D.C. to visit the grave of President Kennedy.

Zeola Neeley entered the University Hospital in Ann Arbor this week for another operation on her left hand.

Janice and Jane Culbert, Kim Kozak, Donna Tymensky and Patty Trotter attended the reunion at Camp Narrin last Monday, December 30.

Mr. and Mrs. Vincent Hayes are having a two weeks vacation at Tampa Beach in Florida.

Rev. and Mrs. Dean Parker were the guests of the latter's mother Mrs. Hattie Garlick on Sunday. Mrs. Parker stayed over and returned to her home in Vassar on Monday.

Mr. and Mrs. Garland Killeen were hosts at a New Year's Eve neighborhood party. There were 10 couples present.

Mr. and Mrs. Brent Munro celebrated their 18th wedding anniversary on Christmas Day.

Mr. and Mrs. George Mairs visited friends at Davison this past Sunday.

Mr. and Mrs. Roy Schram spent Christmas day also New Year's Eve with their daughter and family. Mr. and Mrs. Harvey Bush and children in Farmington.

Mr. and Mrs. Roy Schram have a new granddaughter, Rebecca Lynn. Her parents are Mr. and Mrs. Harvey Bush of Farmington.

Russell Button Jr. had the misfortune to cut his foot in a home accident. He will be out of school for at least 2 weeks.

Overnight guests of Rose Button Monday were her cousins Janet and Jennifer Warren.

Eugenie Choquet and Leon Dochot will teach First Aid for the scouts January 14th in the library at Novi School. Both Miss Choquet and Mr. Dochot are qualified American Red Cross instructors and are registered with the Clinton Valley Council Boy Scouts of America and qualified as counselors in the following merit badge subject First Aid.

Miss Choquet and Mr. Dochot are instructing a class in Red Cross First Aid at the K of C hall in Farmington on Mondays from 9 a.m. to 11 a.m. Next Monday the instruction will be on mouth to mouth resuscitation.

Mrs. Etta Hammell and Mr. Harold Hromek were married New Year's Eve. They are at home to their friends at 4525 Blue Bird street in Commerce. The new Mrs. Hromek formerly lived on Fonda street in Novi.

John Schwartz has returned to college in Chicago after a two weeks vacation with his mother, Mrs. Etta Hromek and his sisters, Nancy and Cathy.

Debby Ward, daughter of Mr. and Mrs. Lester Ward will be on Television January 12 at 9:30 a.m. She will appear on the Rita Bell Starlit Stairway program WXYZ as a dancer with the Dickerman Dancers.

Chuck, April and Kevin Trickey of Tecumseh visited their aunt and uncle and cousins the Duane Bells during the holiday vacation. Chuck and Kevin also spent some time with Dennis and Lynne MacDermaid.

Mr. and Mrs. Robert Skelenger and Fred and Annette returned the last of December from two weeks of vacation with the former's parents at New Port Richie, Florida. While there they visited Mr. and Mrs. R. E. Ward.

Mr. and Mrs. Doyce Ward and daughters, Denise, Kathy and Pattie were the guests of Mrs. Ward's brother, Delmer Hunter and family in Detroit on New Year's Day.

Captain Lawrence Boyd Jr. received his B.A. degree at Christmas time from the University of Michigan at Ann Arbor. He specialized in the Russian area and will have special classes for the next six months.

Mr. and Mrs. Hi Holmes had 20 members of their family home on Christmas day. They were Dr. and Mrs. William Barber of U.P., Mr. and Mrs. Wilford Cogar and family of Northville and Mr. and Mrs. Joe Tanantowski and family of Wayne.

Dr. and Mrs. Harold Henderson spent New Year's and January 2 with relatives in Holt, Mason and Williamston.

Novi Boy Scouts

Troop No. 54 Novi Boy Scouts had a two weeks vacation during the holidays. The

meetings were resumed Wednesday January 8.

The pen sale has been a successful venture but the final results are not in as yet.

Novi Baptist Church

Clyde Kistland, Missionary from North Africa, was the speaker at the Sunday evening service. Slides were shown following the service.

Last Monday night the Youth club went tobogganing at Northville. They came back to the church for a planning session and dinner. Approximately 30 young people and their sponsors were present.

The teen group had their retreat at Worrolls Church Life Camp in Milford last Thursday and Friday, January 2 and 3.

A fine group attended Watch Night Service New Year's Eve. Games and entertainment were followed by Communion at midnight.

Several teens will attend the Voice of Christian Youth in Detroit Saturday evening.

Novi Methodist Church

The Evening Circle of the W.S.C.S. welcomes you to their meeting Thursday, January 9 at the home of Mrs. Lillian Killeen on Milford road.

The M.Y.F. met Sunday night. They planned a work bee for Saturday evening at the church.

The W.S.C.S. will have their second study class at 11:30 a.m. Wednesday January 15 at the church. Bring your own sandwich and study with us. The study is entitled "Christian Family and Its Money."

On Student Recognition Day December 29 several of the following students took part in the program. Freda Angel, Judy Ritter, Jeff Crawford, James Frisbie, Jr., and Tom Darling all from Central Michigan University; Shirley Coleman, Mercy college of Nursing in Detroit; Jack Boyd and Dennis Gilbert from the University of Michigan; William Boyd, Wayne State university; Greg Larson, Houghton Tech and Frank Steinberger, Michigan State university.

Methodist men in the service are Hugh Crawford in the Marines and Harry Schenimann in the Navy.

Novi Rebekah News

Thursday January 9 at 8:00 regular lodge meeting. All recipes for the Rebekah cook book must be in by this date. Please order books now. Price \$1.00.

Public Installation will be held at the Novi Community Building January 11 at 8:00. All Rebekahs who have not already been solicited may bring sandwiches.

Novi installing team will install officers at Milford January 18 and Clyde and Holly officers January 21. Several Novi Rebekahs attended Rebekah Installation at South Lyon Saturday evening.

Novi Girl Scouts

The Neighborhood meeting will be held Tuesday, January 14 at Orchard Hills school from 9:30 to 11:30 for all registered adults.

The Junior Red Cross First Aid course will start January 14 at Novi school for all juniors both boys and girls under 14 years of age.

Novi Cub Scouts

The pack meeting was held December 22 at the Novi Community hall. The cubs had a Christmas party. They made all the decorations for the tree. After the party they took their tree and decorations with left over cookies and punch over to the Novi Convalescent Home. Next Pack meeting is scheduled for January 31. The following are the awards:

November, Bobcat, Ronnie Frisbee and Kerry MacBride.

December, Bobcat, David Egan, Randy Tobias and Joey Greene; Mark Bumann, wolf badge, gold arrow; Leslie Branch, wolf badge, gold arrow, 2 silver arrows; David Ward, wolf badge, gold arrow; Tom Ritter, wolf badge, gold arrow; David Dye, wolf badge, gold arrow; Ronnie Campbell, wolf badge, gold arrow, 2 silver arrows; Steve Pelchat, silver arrow; Tom Bell silver arrow; David Bumann, silver arrow.

Blue Star Mothers

Novi Chapter 47, Blue Star

Mothers had its monthly meeting on Monday with Marie Lafond hostess at the home of her daughter.

Irene Krueger, state officer was present and installed the officers of Chapter 47.

Those who plan to go to the Veterans Hospital in Ann Arbor on Thursday this week are Olive Clappison, hospital chairman, Alma Klaserner, Hazel Mandlik, Ruth Pritchard and Eileen Webb.

On Tuesday Lois Nehmer, Hazel Mandlik and Alma Klaserner attended installation of Farmington Chapter 49 officers.

The mothers donated 50 gifts and two bushels of apples to the Veterans at Maybury San at Christmas time this year.

Offers Tips On Safe Driving

These tips heartily endorsed by the International Association of Chiefs of Police — on how to avoid winter traffic jams were issued by the Northville Police Department this week.

Alter your driving schedule, if possible, to avoid rush hour traffic.

Consider the possible benefits of an alternate route which by-passes known areas of traffic congestion, slippery hills, and other obstacles and danger points with which you may be familiar.

Drive with great caution to avoid skids which could result in an accident. Accidents, in addition to being very unpleasant, and sometimes tragic, can tie up traffic quicker than anything.

Use proved traction devices in bad weather. Winterized tires can't be installed at a moment's notice, perhaps, but a set of tire chains in the car trunk can provide instant traction when needed.

Allow a safe distance between cars. Otherwise, if the fellow ahead gets into trouble, you're in trouble, too — and a traffic jam is born.

Obey all traffic laws. They were established to prevent confusion and traffic tie-ups.

In extremely bad winter weather, if your trip isn't really essential — stay home.

SKATING'S FINE — The city's new skating rink behind the Scout - Recreation building on Cady street attracted its first enthusiasts last week. They weren't discouraged by snow or colder weather. The youngsters grabbed shovels, cleared the rink and then rested and warmed up in the building.

Skating Schedule

Because of the recent thaw, Recreation Director Ken Conley announced this week that the city's ice rink will be open at the discretion of the rink supervisor until weather conditions change.

The director released the following times for use of the rink and warming room — barring changes caused by weather:

Monday, 4 to 9 p.m.; Tuesday, 4 to 6 p.m.; Wednesday, 4 to 9 p.m.; Thursday, 4 to 6 p.m.; Friday, 4 to 6 p.m.; Saturday, 10 a.m. to 9 p.m.; and Sunday, 1 p.m. to 6 p.m.

Official Minutes of Northville Township

Pursuant to call by Supervisor Merriam a Special Meeting of the Northville Township Board was called to order by him on Monday, December 16, 1963 at 4:00 p.m.

Members present: R. D. Merriam, Alex M. Lawrence, Marguerite N. Young, Donald E. Robinson and Wilson D. Tyler.

Purpose of the Meeting:

1. Adoption of Resolution No. 1 — Water Installation Five Mile and Bradner road.
2. Adoption of Resolution No. 2 — Water Installation.

After due consideration, Robinson moved, supported by Tyler, that Water Installation Resolution No. 1 (Township Resolution No. 63-23) acknowledging petition filed by land owners of 51% of total land area in assessment district and ordering Mosher Associates to prepare plans showing the improvement and estimate of cost thereof, be adopted by the Township Board.

Yeas: Merriam, Tyler, Robinson, Lawrence and Young. Nays: None. Motion carried.

After study and discussion, Robinson moved, supported by Tyler, that Water Installation Resolution No. 2 (Township Resolution No. 63-24) setting the time for a public hearing to be held on Friday, January 3, 1964 at 8:00 p.m. at the Northville Township Hall and ordering the Township Clerk to cause Notice of such hearing to be published twice prior to said hearing in the Northville Record and the Plymouth Mail, the publication to be at least ten (10) days before the hearing and cause such notice of hearing to be mailed by first class mail to all property owners in the special assessment district at least ten (10) days before the date of said hearing, be adopted by the township board.

Yeas: Merriam, Tyler, Robinson, Lawrence and Young. Nays: None. Motion carried.

No further business, Supervisor Merriam adjourned the meeting. Meeting adjourned at 5:15 p.m.

TO THE
1,185,000 FAMILIES
**DETROIT
EDISON**
SERVES

Detroit Edison and the individual men and women who make up the company participate in a wide variety of educational, social and civic affairs.

It is a common practice for Edison employees to serve during business hours, and in what would otherwise be their leisure time. They are on boards of education, act as special instructors and visiting lecturers in many schools, accept appointive and elective offices. They are active in churchwork and charities.

Many of our engineers, staff and management people serve at state, national and international levels—in the development, for example, of electric power facilities and systems overseas.

Our company has a broad program of educational assistance. There are grants to Michigan schools of higher learning; scholarships—44 of them currently—for deserving students; the support of science fairs; the sending of student delegates and teachers to conferences on peaceful atomic development.

In the belief that good government depends upon the willingness of all to accept the responsibilities of citizenship, the company also has a non-partisan program of political education for interested employees.

The taxes Edison pays help build and maintain essential community services, schools and colleges. During 1962, for example, the company paid \$67-million in taxes to federal, state and more than 400 local governments. In many areas of southeastern Michigan, Edison is the largest single taxpayer.

We like to give our support in these many ways, by engaging in and encouraging others to participate in community work for the good of everyone.

Sincerely,

Walter L. Cisler

WALKER L. CISLER, PRESIDENT
THE DETROIT EDISON COMPANY

Look for the handy new INDEX in your 1964 Northwest Area Yellow Pages!

Shopping the Yellow Pages way will now be faster and easier than ever before. For now there's a handy cross reference Index at the beginning of your new Yellow Pages...to show you exactly how everything is listed, and how to find it fast.

Even gives you the page number to turn to!

Suppose you want to rent a tuxedo for the big party coming up. No need to wonder if the Yellow Pages calls it a tuxedo, a dress suit, or a dinner

jacket. Just look in the Index for the first heading that occurs to you... "Tuxedo Renting," for example. The Index will refer you to the correct classification ("Dress Suit Renting") and will tell you the page you'll find it on.

Turn there and presto!...a complete list of all the rental shops in your area.

Speed your shopping. Always look first in the new Index of your Yellow Pages.

LET YOUR FINGERS DO THE WALKING—SHOP THE YELLOW PAGES WAY

Credit Union
Announces Dividend

More than 10,000 Burroughs Corporation employees, including many in the Plymouth and Northville area, will share in a 14 1/4 per cent dividend which Burroughs Detroit Employees Credit Union is distributing among shareholders of record December 31. The payment, announced by Howell E. Reed, treasurer, marks the fourth consecutive year in which a dividend of this size has been paid.

There will also be a rebate of 16 and two-thirds per cent on credit union loan interest paid by members during 1963, Mr. Reed said. These payments will bring to more than \$1,000,000 the total dividend and rebate payments to members in the past nine years.

LEGAL
NOTICE

Edmund P. Yerkes, Attorney
192 E. Main
Northville, Michigan
STATE OF MICHIGAN
County of Wayne
ss. 525,442

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the thirty-first day of December, in the year one thousand nine hundred and sixty-three.

Present Thomas C. Murphy, Judge of Probate.

In the Matter of the Estate of ELIZABETH E. KIGER, Deceased.

Kathleen L. Keger, administratrix of said estate, having rendered to this Court her first and final account in said matter and filed therewith her petition praying that the residue of said estate be assigned to the person or persons entitled thereto:

It is ordered, That the Twenty-ninth day of January, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Thomas C. Murphy
Judge of Probate
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.
Dated December 31, 1963

ON SCHOLAR TOUR — Jeff Crawford (right) was among the 1963 Detroit Edison scholarship winners honored at the company's 11th annual Scholarship Day. He's shown with Donn Kipka of Edison's speakers bureau touring the company's Conners Creek Power plant. Crawford, who lives at 23623 Novi road, was graduated from Northville high school and is now a freshman at Central Michigan university. Edison sponsors 42 college study grants awarded annually on the basis of scholastic ability, character, citizenship and school activities.

Be Slimmer by Summer

Do you really want to be slimmer by summer? It won't be easy. It will take will power. But you won't be alone. One out of every four Americans are at least 10% overweight, reports Rosella Bannister, county extension agent.

Overweight is caused by eating more foods than the body needs. The best way to lose weight is to eat less foods than the body needs.

Before you begin your 1964 slimmer by summer diet, check with your physician. He will tell you your ideal weight, and he will help select the best diet plan for you. Lean meat, poultry, fish, eggs and cheese are good protein foods. Fresh fruits and vegetables supply needed vitamins and minerals. Use skimmed milk and go easy on the rich salad dressings, sauces, starch foods and desserts. Beware weight control pills used without your physician's advice. Weigh yourself two or three times a week, and keep a record of the pounds you lose. One and one-half to two pounds a week is the ideal weight loss. More than this may be harmful.

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer? If the car happens to be a '64 Chevrolet, one thing only. A highway. You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor. There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8*—and four transmissions, including a finely honed 4-speed stick shift.* And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

THE GREAT HIGHWAY PERFORMERS Chevrolet • Chevelle • Chevy II • Corvair • Corvette

Name Dubuque

Mrs. Grace Redner, president of General Filters, Inc., Novi, announced the appointment of Thomas F. Dubuque as secretary-treasurer of the corporation, located on Grand River. Dubuque's appointment became effective January 1.

Study in Kentucky

John L. Dowd and Larita Spooner, both residents of Northville, are studying at Eastern Kentucky State College, Dr. Charles Ambrose, dean of admissions and registrar, announced this week.

John and Larita are part of a full-time student body of 4,734 men and women, a 14.9% increase over the school's enrollment of last year.

Take Precaution Against Frostbite

Frostbite is an ever present danger in winter in much of the nation. It can be a serious injury.

First signs of frostbite are "pins and needles" prickly feeling and then numbness, says Today's Health, the magazine of the American Medical Association. The affected part will turn white or gray, and later red.

Frostbite can be very painful for a long period, can result in amputations and leave the victim hypersensitive to cold for the rest of his life. In some ways the damage is similar to a burn.

Prevention is the best protection against frostbite. Dress properly in warm clothing, wa-

terproof shoes and heavy dry socks. Cover face and ears. Keep clothing dry from outside moisture and from perspiration. Avoid tight clothing or garters that may restrict circulation.

Motorists should carry heavy clothing and shoes in the car. It might be necessary to hike to a garage for assistance if the motor stalls.

The first step in first aid is thawing of frozen body tissue. Bring the victim indoors to a warm room. Treat the frozen part with gentleness. Don't rub or massage. Ice or snow applied to the frozen part merely delays thawing.

Prompt medical treatment is important. Control of severe

pain is required. Antibiotics and antitetanus injections may

Production Up
At Wixom Plant

Automobile production at the Ford assembly plant in Wixom saw a sharp increase during the month of December, 1963, compared to December 1962, officials announced.

The plant produced a total of 9,928 Thunderbirds and 4,965 Continentals in December, 3,745 more automobiles than the previous December.

The Wixom plant is the sole assembly center for Thunderbirds and Continentals in the world.

be needed if the skin is broken. First degree frostbite, similar to sunburn, is likely to attack the ears, toes, fingers, cheeks or nose. Second degree frostbite produces blisters, and third degree freezing damage deep tissues. Much of the frozen part may be lost.

Most cases of frostbite need not have happened, if the victim had been properly dressed and had used judgment about staying out too long in subfreezing weather.

SPEAKING for The Record

By BILL SLIGER

For close followers of Northville city government the petition of protest against a department of public safety signed by members of the fire department was a disheartening development.

The public proclamation was a deliberate blow to the mid-section of the city administration.

This is not to imply that the firemen have no right to protest.

But the language in which the protest was written left little doubt of its true purpose, origin or inspiration.

Ostensibly written to reflect the attitude of the fire department towards the department of public safety, the protest wandered far afield. The author could not resist the temptation to get in his jabs at the city, to belittle and to suggest politics (why beholdst thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye? —St. Matthew 7:5).

At least one member of the department has privately admitted distaste for the political aspect of the protest, but declined to experience the unpleasantness of standing apart.

I do not believe that all parties connected with the authorship of this protest are genuinely concerned with the fire safety of our community. Instead they have seized the opportunity to agitate to satisfy personal ambitions.

But I accept the concern of devoted firemen, as I am certain our city councilmen do.

It is no secret that the city has experienced personnel problems in its police department. Likewise, it is apparent that a definite relationship exists between the firemen's protest and the appointment of the chief of police as director of public safety.

But the city manager, council, police chief and fire chief have worked hard to correct shortcomings. They have faced up to problems, tossed them on the table for discussion and attempted to find solutions that seem in the best interest of the entire community.

We do not have a do-nothing council. It has met many challenges that lesser bodies would have tabled for future consideration. Like any working body, it has come up with mud on its face on more than one occasion.

Any sports fan knows that a fielder who never moves more than a step or two out of position to field a ball, makes few errors. His average may rank high above a Willie Mays, for example. But how about his value to the team . . . his record of accomplishment?

I have never been slow to criticize our council . . . or any other elected body . . . when I believe criticism is justified. And in the fire department issue I believe errors have been committed, but only because the team has tried its best to produce a victory for the community.

Perhaps the most glaring error has been in communication between the manager, council and fire department personnel. Here the city administration has both stumbled in its own conduct . . . and tripped over obstacles deliberately erected by others.

A harmonious department of safety can be one of the most valuable assets a community can possess. It takes a team working together.

It can be accomplished in Northville if tolerance and understanding prevail.

George Clark passed along a letter from vacationing Carl Bryan, his associate at Northville Realty, which relates the story of a merry Christmas for a young newly-wed couple . . . and typifies the Bryans.

It seems that the Bryans, enroute to Florida, were detained in Kentucky for 48 hours after snow and slippery roads caused an auto accident. The Bryans' car and trailer ended up in a ditch after being struck by a car driven by young newly-weds from the University of Kentucky.

Returning home from a honeymoon, the couple was broke. They, too, were stranded by the accident. So that night they were the guests of the Bryans . . . who took them to dinner, paid their motel bill, bought their breakfast and sent them on their way with a \$10 wedding gift.

Added Carl . . . "tomorrow I must look up an insurance adjuster."

Tap Independents

BABSON PARK, Mass. —

When you are looking for a share in a good business venture, don't bypass the possibilities among the "independent" firms. In my years of counseling, I have many times pointed out that there are more hidden opportunities for sound profits among independents than is generally recognized.

I believe that the future of our country depends to a considerable extent on encouragement of the independents in all lines of endeavor. Some investors buy only "blue chip" stocks, or perhaps just those in the Dow-Jones Industrial group. But, in a sense, such investors are "cutting their own throats" by contributing only to the already established concerns.

In fact, it is to the interest of our system of democratic free enterprise to support smaller companies, — for a number of valid reasons.

For one thing, competition of a healthy sort can be fostered only in a climate where the independent is not overwhelmed and blotted out by the giants. During the birth of the electronics industry, many firms now leaders in our nation first saw the light of day in somebody's garage or in a make-shift laboratory in somebody's attic.

An amazing number of products now known throughout the world were the brainchildren, originally, of small independents. Here are a few items which were invented and first marketed by such establishments: Penicillin, colored motion pictures, electric light bulbs, automobiles, long-playing records, instant coffee, fountain pens, frozen foods, zippers, toasters, hearing aids, vacuum cleaners, irons, Kodak — and Polaroid — cameras, electric heating pads, radios, flashlights, paper towels, and a great galaxy of household appliances. Then, in most instances, the big companies came along and swallowed them up, along with their markets.

It is still tough sledding for the small pioneers. For instance, magazine, radio and TV advertising rates are the same for the smalls as they are for the giants. It is easy to see how this handicaps the independents in their efforts to raise capital and to sell their names and products. There is no question, either, but that bigness creates power and a kind of bureaucracy that breed a difficult climate for the smalls to weather.

It is always worth while, when you have funds to place, to look into the prospects for some of your local enterprises, such as banks and chain stores. When considering income, safety, and growth possibilities, I can think of few better opportunities than the telephone company that serves your locality.

For years I have recommended to readers that they invest in their local telephone company, whether it be a Bell or an independent.

If you are not served by a Bell or independent unit, you can always buy into the Ameri-

can Telephone and Telegraph Company, which supplies the whole country — including Bell and the independents — with long-distance coverage. The telephone industry has been one of the fastest-growing of them all, and I expect still further expansion in this field as our population fans out. Also, innovations that mean more efficient service, more time savings, and more convenience will be constantly developed over coming years.

It should be kept in mind that while the big Bell com-

panies serve most of the large cities, the independent phone companies serve nearly twice as many individual communities. Most of these firms are locally owned and contribute directly to the economic welfare of their areas. They have a built-in monopoly for their districts which almost no other industries possess. For the reasons given above, my investment sense has always drawn me toward the independents. But be careful . . . investigate before you take any action!

Whenever the mercury begins courting the freezing mark on the thermometer I am reminded of New Years Eve — five years ago.

Each of us probably has his own little adventure to tell of that infamous date in history when the glacial ice storm moved across the southern Peninsula.

But none of them, I'm certain, can hold snowballs next to our adventure. Recalling this experience still chills the spine and helps dispel the pangs of heat fatigue in summer time. Ice tea works no better magic.

It was shortly after the witching hour when my wife and I boarded our car following a hilarious but sober gathering with other members of the Fourth Estate. Our destination — Flint, about 20 miles and 20 minutes away. As we passed the Saginaw city limits sign, the car suddenly developed an acute case of "sliditis".

A light rain fell and as quickly as it hit the pavement, it turned to ice. Our car was only one of dozens that performed acrobatics along US-10. Not even the state police patrol cars could stagger along a straight line.

With professional-like skill, however, I managed to navigate the drunken vehicle down the roadway, two wheels rolling along the shoulder while the other two skated over the icy pavement.

Just over an hour later, we turned off the main highway, planning to skirt Flint on the northwest. It was a serious mistake. As the road crested, a symphony of spinning wheels and grinding motors greeted us below. At least a dozen motorists were desperately attempting to climb the hill beyond. As our car began an uncontrollable descent, instinctively I turned the steering wheel and we spun safely onto a country cross road.

I barely had time to congratulate myself for this bit of finesse when the exhausted car settled itself into a shallow ditch for a rest — little more than a mile from home. My wife suggested we spend the remainder of the night in the warm confines of the car.

Sales Tax Collections Reflect Times

Like most of the country, Michigan had a good economic year during fiscal 1962-63.

Total sales tax collections, a good measure of personal spending, jumped from \$427.2 million the previous year to \$455.6 million.

Combined state and local taxes collected in the state, and federal taxes collected from Michigan set an all-time record of \$10.3 billion during the fis-

cal year, said Revenue Commissioner Clarence Lock.

County by county the sales tax collections generally increased during the year.

Lock was quick to note that per capita collections in each county do not necessarily reflect the level of prosperity within the county. This is particularly true in counties where resort areas, tourist trade and shopping centers near county lines are involved.

Roscommon County, for example, has a small permanent population but also has lake resort areas and a huge transient tourist trade. As a result, Roscommon County had the highest per capita sales tax collections. The state average was \$57.98; Roscommon's per capita figure was \$83.10.

Eighteen counties were above the state average, eight

of them in the tourist center category. The other 10 which increased sharply are metropolitan centers.

The Upper Peninsula is at the bottom of the per capita collection list again this year with all 15 counties below the state average. Missaukee County, just west of Roscommon in northern lower Michigan, recorded the lowest figure — at \$27.10 per capita.

Long lines of waiting will soon be forming at the various Secretary of State branch offices throughout the state.

While only new tabs will be issued this year, it takes as long to purchase them as it does in years when entirely new license plates are sold to register vehicles.

The March 1 deadline seems far away now, but too many

motorists will let the time slip by until late in February, when the rush begins.

Misunderstanding about the possibility of replacing bent, faded or rusted license plates has arisen in the last few years. Until a few years ago, Michigan issued new plates annually and this was no problem.

The Secretary of State's office notes that a special service is now available for motorists whose license plates have become unreadable.

"All of our branch offices have been instructed to issue a complete new set of passenger plates for a \$1 fee," said assistant secretary Frank Sierawski.

"To get this service the car owner must surrender both faded or rusted license plates at the time new ones are issued. In cases where passenger plates have been mutilated, lost or stolen so both old plates cannot be turned in, a fee of \$2 will be charged."

Many single women, and others too, report difficulties with phone calls from perverted people who make rude and obscene remarks. While it is difficult to trace these calls and arrest the offender, such arrests are made.

In the meantime, police have come up with a suggestion for the person who is bothered by such calls: Keep a police whistle, one with a loud, shrill tone, near the telephone. When an offensive call is received, take a deep breath and blow as hard as possible into the mouth-

piece. Police say that the resulting experience for the caller is so unpleasant that he's likely not call that number again.

Driving along Michigan roads at dusk will give you a good indication of how many people change their habits to keep up with state law.

The 1962 Legislature passed a law prohibiting the use of parking lights. The law specifies that when it is dark enough to turn on lights, they must be the regular driving lights.

State Safety Commission Executive Secretary Gerald S. Shipman said statistics indicated there was good reasoning behind the new requirement.

The dim and often obscure bulbs provided for parking lights do nothing for the motorist's own visual alertness and provide uncertain warning for other motorists and pedestrians alike, Shipman said.

"The parking light is usually located closer to the dust and mud of the highway and the least likely to receive attention either from the driver or serviceman," the safety spokesman said. "The parking light also is deliberately made low-powered to conserve battery energy."

"This modest gleam, seen through layers of road grime in the twilight, frequently deceives the passing motorist or crossing pedestrian as to its distance and his percentage of making good on the next move," said Shipman.

Better Go Easy, Snow Shovelers

Snow shoveling requires a lot of energy and muscle. Pushing a stalled auto out of a snow bank is even more demanding.

The American Medical Association reminds men of middle age and beyond, especially those who are overweight and lead otherwise sedentary lives to take it easy in clearing away the snow from the walks and driveways.

If you're in reasonably good health, snow shoveling may actually be good exercise — if you take it easy. This could mean getting up 15 minutes earlier on the mornings of a fresh snow fall, to allow time for leisurely shoveling, with frequent brief rest periods. The frantic, hurried approach to clearing the drive in an effort to get to the office on time most definitely is not good for health.

Most common serious health result of overexertion from snow shoveling is a heart attack. If your physical condition is such that you are already prone to heart trouble,

the extra exertion can hasten an attack. If your heart is sound, it likely won't be damaged.

Unless you have had a recent checkup, however, you cannot be certain that you aren't a likely candidate for heart trouble.

Don't be ashamed to invest in a machine that blows or scrapes aside the snow with the power of a small engine substituting for muscle power. Or don't hesitate to hire the neighborhood lad from down the street to shovel your walks.

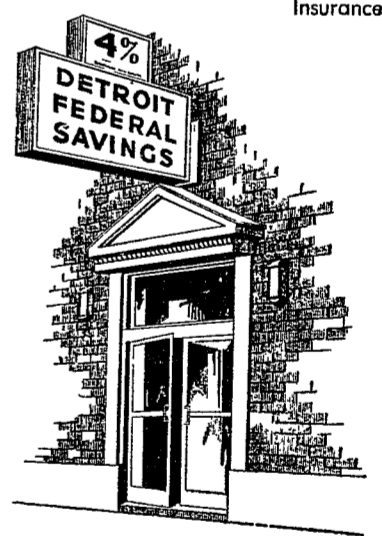

It's hard for the American male to accept, but the chances are that the lady of the house is in better physical condition than her office worker husband. An hour or two daily pushing mop and broom keeps milady in good shape for shoveling.

Snow shoveling can be good for you, if you use a little common sense. Light exercise and fresh air in the winter both are important to maintaining health. Just don't overdo it.

Start The Year Off Right With A Detroit Federal Savings Account

4%

You don't have to wait a full year to start earning that big 4% annual rate at Detroit Federal Savings. We compute and pay our 4% annual rate earnings quarterly. You can open a 4% account at Detroit Federal with as little as \$5.00. And don't forget . . . when your account is maintained at \$500, you get 10 money orders without service charge each month.
