## 95th Senior Class Bows Out Monday

FIRST TO WEAR caps and gowns among the 159 members of the Northville high school graduating class were Debbie Harwood and Eric Peterson. They modeled the togs for our photographer. Debbie, who is the daughter of Mr. and Mrs. Leo Harwood of Novi, can claim a record never before matched by a local student. She's never been absent in her 13-year student career.

As school days narrow down to their final few, the 95th graduating class of Northville high school prepares itself for its last official bows.

The climax comes Sunday and Monday evenings with baccalaureate and commencement exercises.

With 159 youngsters in caps and gowns the 1964 graduation class will be the largest ever to receive diplomas from Northville high school.

Highlighting the tradition-laden commencement exercises will be an address by Gordon A. Sabine entitled "Forever and Tomorrow."

Sabine, a former newspaperman who lists the Chicago Sun, Christian Science Monitor and Kansas City Star among his ex-employers, is vice president for special projects at Michigan State university.

The Monday commencement exercises will be held in the gymnasium at 8 p.m. Seniors, including 22 honor students, will open the program with their processional march down the aisle. The Northville high school band will play The Star Spangled Banner.

Invocation by the Reverend Father John Wittstock will be followed by salutatory and valedictory addresses by Anna Martine and Anne Hembrey, respectively.

Dr. Kenneth MacLeod, assistant superintendent of schools, will introduce the speaker, Principal Fred Stefanski will present the 95th graduating class to Superintendent Russell Amerman, who will present the diplomas.

Benediction will be given by Father Wittstock.

Graduates will don the caps and gowns for the first time Sunday for the religious baccalaureate service at 8 p.m. at the gymnasium.

Featured speaker will be the Reverend S. D. Kinde, whose address is entitled "The Keys of the Kingdom."

Sunday's program will get underway with the class processional, invocation by the Reverend Lloyd Brasure and selections by the high school choir: "All Hail the Power of Jesus' Name" and "Onward, Ye People."

The Reverend Robert Spradling will offer benediction.

## Townships Want New Election Date

Petitions are being circulated in both the city and township of Northville to amend the Michigan constitution so that township elections will be held in the spring.

According to Northville Township Clerk Marguerite Young, some 300,000 signatures must be filed with the state by July 6.

Northville township's goal is 800 names in the hands of the township clerk by June 22. Clerk Young explains that both city and township residents can sign the petitions, but they must be certain that the petitions they sign designate in which area they live.

All township officials have petitions. Specifically, the Michigan Township Association is acting to take the townships out of the November elections and return them to biennial spring election status.

A senate resolution which had the backing of the governor would have done this, but the legislature did not act to adopt its provisions.

The proposed amendment would remove township elections from the "first Tuesday after the first Monday in November in each even-numbered year" and place the election on "the first Tuesday in April 1965 and not less than every two years thereafter."

"Operation Sugar Cube No. 2" is scheduled for Sunday in the Wayne-Oakland-Macomb county areas with some 2½ million persons slated to take their second dose of the anti-polio vaccine.

If everyone returns for "lump number two" in the local area, Northville will have 5,500 customers; Novi,

3,450, and Wixom 1,718. The first dose was administered April 19 and residents learned then that it's a pleasant way to gain protection against polio. The sponsoring county medical societies have emphasized the importance of taking the second dose of vaccine.

"For complete protection against polio, the second dose is essential," said Dr. Francis P. Rhoades, in charge of the Wayne county part of the campaign. He suggests that anyone who missed the first dose should take this one — it's identical — and then get a second one from his private

physician eight weeks later. Donation for the sugar-cube dose is again 50 cents, but no one will be turned away for lack of funds. Consent forms are again needed for anyone under 21 years of age. If youngsters do not have their cards from the April 19 dose, they must have new consent forms sign-

ed. Forms will be available at each clinic. In Northville the clinic will be held at the community building from 10 a.m. until 4 p.m. Chairman is Dempsey Ebert. In Novi clinic hours are from 11 a.m. until 7 p.m. at the community building.

Chairman is Mrs. Royal Snow. In Wixom the hours will also be 11 a.m. until 7 p.m. at the UAW hall. Chairmen are Mrs. Norman Moore and Mrs. Donald Gasska. The two doses of vaccine provides confers immunity from four to eight years.

## Bold Bank Robber Walks Away With \$6,565 Haul in Northville

A hold-up man who predicted he would "probably get caught" was still being sought by FBI agents Wednesday after walking out of the Northville office of Detroit Federal Savings and Loan Monday afternoon with a bagful of \$6,565 in cash.

The stockily-built young man went about his business slowly and deliberately taking time to talk to two employees and a customer and interrupting his departure to return for a second helping of money.

The armed bandit entered the Center and Dunlap street office shortly after 2:15 p.m. On duty were John McCauley, office manager, and Mrs. Candida Partridge.

Carl Johnson, a local insurance and real estate agent, was the lone customer.

The entire episode lasted about five minutes. McCauley then turned in the alarm at 2:25 p.m. Chief Eugene King and Officer Louis Westfall answered the call immediately. In another half-hour the office was swarming with Detroit FBI agents.

The thief was not seen entering a car. He walked from the office and proceeded eastward on Dunlap as far as Hutton and disappeared.

The hold-up man was described as "good looking", about 30, heavy-set, 5' 9" tall, dark wavy hair but slightly thinning on top, well dressed in a blue "iridescent" suit, white shirt and tie and wearing thin-rimmed dark glasses. He was shaven but had a dark beard. He wore a silver ring with a diamond inset on his little finger.

He stepped up to Mrs. Partridge's window and said, "this is going to be a little psychological test for you." He then produced a silver-colored short automatic revolver and said, "I want all the money from your drawer."

At this point McCauley and Johnson, talking at the next window, were aware what was

Mrs. Partridge "I was scared"

Manager McCauley "A nervous laugh"

Johnson "I thought he'd shoot us"

taking place. After Mrs. Partridge placed the money on the counter the bandit asked for a bag. McCauley handed him a white canvas deposit bag with red letters of "Manufacturers National Bank of Detroit", used by the local savings and loan association for its deposits in the Northville bank. McCauley filled the bag with the money.

The bandit then warned the trio that "I'm quite desperate, don't step on any bells."

Just when it appeared he might leave, the hold-up man turned to McCauley and said, "let's clean out the other drawer while we're at it." The office manager filled the bag with the money from his window while the bandit held the bag open.

At first the intruder suggested that the two employees sit at their desks behind the counter. Then he changed his mind and instructed all three to sit in chairs next to a large window facing Dunlap street.

After the trio had complied with his instructions he asked a question that made the victims wonder what his next move might be.

"You all have a pretty good description of me, don't you?"

No one answered.

"I thought sure he was going to shoot us," said Johnson.

Instead, the bandit turned to go and announced that he wanted "three minutes to get away."

At this point McCauley laughed. "It was a nervous laugh," he later explained.

The bandit turned and in serious reply told his victims, "I want three minutes." And pointing the gun at each of the trio said, "You know I can boom, boom, boom."

Although he then walked from the office, this was not the last the victims were to hear from the bandit. As they sat, backs to the Dunlap window, they heard a tapping at the window. It was the bandit, holding up three fingers and saying, "remember, three minutes."

"We didn't give him three minutes, but we waited quite a

while," admitted Johnson.

McCauley then turned in the alarm and also phoned the local police. Officers combed the area, but found no clues as to the means of get-away.

The office was closed immediately and the FBI was called. Agents powdered the counter area and door the bandit had used for fingerprints.

Agents quizzed all three and produced photographs of known bank robbers hoping for some identification.

They also acquired the list of all persons who had transacted business at the office during the day and quizzed them Monday afternoon.

FBI agents urged any citizens who may have seen someone matching the description of the hold-up man to report their information to either the Northville police or the Detroit office of the FBI, WO 5-2323.

## Downs Attendance, Betting Up

Northville Downs opened its 21st season of harness racing Monday night with a big jump both at the gate and pari-mutuel windows over last year.

First night attendance was 3,785 compared to bad-weather opening of 2,892 in 1963.

Betting was also up. The mutual handle was \$253,613 Monday night, while last year first-night bettors wagered only \$173,039.

Moving into the first weekend of its 48-night meeting the Downs will attract race fans with a pair of events matching the fastest and highest class trotters and pacers. \$2500 open handicap events will be staged on Friday and Saturday evenings.

Charley Horse will head the Friday night card of trotters and on Saturday pacers Dr. Lindsey and Livonia Boy will top the field.

## College Bond Passes

# Kipfer, Cook, Weber Win Board Seats

A disappointing turnout of only 746 voters — less than 20 per cent of the school district registration — elected incumbent James Kipfer, Eugene Cook and Elmer O. Weber to the Northville board of education Monday.

The Schoolcraft college bond issue to permit construction of four additional buildings to the Haggerty and Seven Mile road facility passed in all five school districts of the community college and by a vote of 488 YES to 164 NO in Northville.

In the board member balloting the tally was:

FOUR YEAR TERMS (two elected)	
Kipfer	449
Cook	336
Angle	272
Prodrger	137
Sutherland	115
Mrs. Hempe	87

ONE YEAR TERM (one elected)	
Weber	418
Mrs. Lang	168
Bown	127

Election officials expected about 1,000 votes, based on the 1960 school election which topped 900.

Mrs. Harry Wagenschutz, chairman of the board of election inspectors, reported a late flurry that found about 75 voters waiting in line when the polls closed at 8 p.m. It was 8:30 p.m. before the last votes were cast and official tallies

were not reported until 10 p.m. As a result of Monday's vote Northville's school board now has two new faces — Cook and Weber. Cook replaces Dr. Wald Johnson, who did not seek re-election, and Weber will take over for William Templeton, who retired after serving the third year of a four-year term vacated by Donald Lawrence.

The new members will be officially sworn in at a Monday, July 6 meeting of the board, when it is provided that election of officers shall take place. Voting in the other four community college member-districts was as follows: Garden City — 1167 YES, 343 NO; Plymouth — 650 YES, 149 NO; Livonia — 3029 YES, 824 NO; and Clarenceville, 263 YES, 97 NO.

In Novi voters returned David Fried to the school board in a hotly-contested race with Edward Erwin, 359-293.

## Good Food And Friendship

Sunday afternoon will be "get acquainted" time at Ford Field in Northville. Junior Chamber of Commerce members are urging old and new residents of the community to come out and eat together at a chicken barbecue dinner, 1:30 to 4:30 p.m.

The Jaycees will serve up generous portions of barbecued chicken, potato chips, relish, hot buttered rolls, coffee, milk, ice cream and pop.

There'll be seating available and to improve the

surroundings the Hartley - Powers Gallery will display paintings.

What's more, the price is right. It's only a \$1.50 for adults, 75 cents for children, and senior citizens will be served at half-price.

The Jaycees, who learned by their community survey that people find difficulty getting acquainted in Northville, are doing something about it. But they point out that it takes "you" to make their efforts succeed.

## Library To Re-Open

Public library customers will soon be able to enjoy the new surroundings of the Northville library located in the city hall.

It is scheduled to open Monday at noon. New shelving has been installed and books have been moved from the old building across the street during the past week.

Main entrance to the library is on Wing street.

Persons having books that were due while the library was closed may return them between June 15-19 without penalty.

## Administrative Salaries Cause Split on Board

Teacher tenure and administrative salaries took up most of the school board's time Monday evening with the latter issue causing President William Crump to call for an executive session after the 10:30 p.m. adjournment.

State law now provides that tenure becomes effective August 28 and Superintendent Russell Amerman reminded board members that this calls for board action sometime between August 28 and the opening day of school, September 8.

Specifically, the board must unanimously adopt the tenure resolution. If the vote is not unanimous, it becomes effective anyway. But, unanimous adoption gives the board the opportunity to decide whether there are some teachers who should not immediately be approved for tenure.

Therefore, between the time the district comes under tenure and school opening, the board may review the qualifications of each teacher. The body has the authority to place a teacher on probation for one year.

Administrators will also come under tenure, but only as teachers and not "in position," the board decided.

Board members did not see eye-to-eye on the matter of administrative salary schedules. But on a motion by Robert Shafer, new maximums proposed by the superintendent were adopted for the positions of elementary, junior high, assistant high school and high school principals.

The vote was 4-3 with Dr. Wald Johnson, James Kipfer and William Templeton opposing.

The new maximums represent a \$300 boost, corresponding to the teacher raises. They are based on years of experience in the system and for the high school principal are: 4-

years — \$12,300; 5-years — \$12,800; 10-years — \$13,300; 15-years — \$13,800; and 20-years — \$14,300.

For the other principalships and on the same basis of experience the salary maximums are \$10,600, \$11,100, \$11,600, \$12,100 and \$12,600.

In general the board appeared to hold a difference of opinion on the basis of "blanket increases" and the determination of an element for "evaluation."

And when the discussion turned to specific salaries for the present principals, director of administrative services and assistant superintendent, Crump called for the closed session. A motion to adopt proposed increases by Shafer died for lack of a second.

It was later learned that the board adopted proposals for 1964-65 salaries only, but declined to project them beyond one year. Actual salary figures approved were: Ray Spear, \$10,600; Harry Smith, \$11,600; Donald Van Ingen, \$10,600; LaGene Quay, \$10,600; Fred Stefanski, \$12,300; E. V. Ellison, \$13,300; and K. M. MacLeod, \$14,200.

In other business Monday night the board approved the formation of a permanent athletic committee to be composed of all school principals, the athletic director, assistant superintendent, and director of administrative services who would act as chairman.

The board okayed use of school buses for summer recreation; decided that G.A.L. members and cheerleaders should be required to take physical exams and named Robert Geake as the Republican replacement to Mr. Frank Angle on the board of canvassers. Mrs. Angle had to relinquish the position because her husband was a candidate for the board in Monday's election.

# Schmittling — Flavin Wed in Plymouth

St. Peter's Evangelical and Lutheran church in Plymouth was the scene of the double ring ceremony uniting Janet Ellen Schmittling of Farmington and Michael Douglas Flavin of Northville in marriage. The Reverend Norman Berg officiated at the 7 p.m. service of May 16. The bride is the daughter of Mr. and Mrs. Clarence Jarvis

of 24395 Powers road. The groom's parents are Mr. and Mrs. Roy Flavin of 10107 West Seven Mile road. The bride wore a floor length gown of silk organza over taffeta with a Sabrina neckline and long, pointed lace sleeves and with Chapel train. She carried white orchids with stephanotis.

Karen Esch, cousin of the bride, was maid of honor. Nancy Esch and Patricia Etherington were attendants.

The bride's cousin, Herman Esch, was best man, while ushers were Robert Flavin and James Esch.

Mrs. Helen Goebel sang "O Perfect Love".

A reception was held at the K of C Hall in Plymouth immediately following the wedding. The couple honeymooned in Florida and are now making their residence at 32297 Alameda in Farmington.

The new Mrs. Flavin is a graduate of Plymouth high school and is an accounting clerk for Consumers Power Company. The groom is a graduate of South Lyon high school and is employed at Master Gage company in Berkley.

## D.A.R. Picnic In Belleville

The June meeting of Sarah Ann Cochran Chapter, D.A.R. will be a picnic at the home of Mrs. Thomas M. Lavery, 47983 Merle Court, Belleville Monday at noon.

Each member is to bring a potluck dish and her own service.

Members are asked to be at the home of Mrs. Felix Hoheisel, 698 S. Evergreen, Plymouth at 11:00 a.m.

Assisting Mrs. Lavery as hostesses are: Miss Ruth Knapp, Northville; Mrs. William Zeiss, Livonia; and Mrs. Kenneth Carey, Plymouth.

This is the last call for usable, discarded clothing to be sent to the D.A.R. schools.

## She'll Supervise At Girls' Dorm

Miss Etta Ruttan, daughter of Mr. and Mrs. Emerson Ruttan of 840 Grace street, will be a resident assistant for Butterfield dormitory next fall.

Her function as resident assistant will be to supervise the girls living on one floor of the dormitory. She will also help them to organize their dormitory activities.

Miss Ruttan is now living in Butterfield.

A 1963 graduate of Northville high school, Miss Ruttan is now in her freshman year at Michigan State.

## Past Presidents Honored

## In Our Town

By Jean Day

SOME — JUNE EVENTS in our town might just as easily have happened in Northville in 1900 — but these took place last Saturday.

First, there was a beautiful June bride who cried. Church people say this doesn't happen too often anymore, but Sandra Gazda who became the bride of Joseph Kritch in a Saturday morning ceremony at Northville Presbyterian church had real tears glistening in her eyes. After she pledged her vows before the Rev. Lloyd G. Brasure she used the dainty hankie she carried.

Also winning the hearts of the wedding guests was the bridegroom's young brother, eight-year-old Eddie Kritch, who was a perfect ringbearer except that he had an American-boy black eye!

It didn't seem too inappropriate in this sports-minded family. The bridegroom made the varsity baseball team his first year at Florida Southern university. He presently is continuing his studies at Detroit Business Institute. He has followed the baseball inclinations of his father, Joe Kritch, who scouted and played professional ball with the former St. Louis Browns, now a Baltimore team. He was a scout for Detroit and for Cincinnati in the National League.

PIANO PUPILS of Mrs. William G. Williams gathered at her home on Eaton drive Saturday afternoon to present a recital for their families.

Participants were Leslieanne Brasure, Kim Davis, Roberta Day, Prudence Hartt, Jane Jerome, Sheryl Schwendemann and Cathleen Mapes, whose mother, Mrs. Theodore Mapes, also is one of Mrs. Williams' students. Two other students, who were unable to appear in recital because of illness, are Mary Stephens and Don Hummel.

Leslianne's sister, Diane Brasure, who has just completed her sophomore year at Alma college, played the music she had recently performed in her college recital. Over punch cups afterward, parents had opportunity to congratulate Mrs. Williams who last year became the fourth member of the family to enroll in college. She began study for a master's degree in organ at Wayne State university.

The Rev. Lloyd G. Brasure and his wife and two younger children are preparing for their annual trip to Omena on Grand Traverse Bay. They will spend the month of July there with Mr. Brasure serving as minister of the Mission church. Son Neal will be a junior counselor at Camp Daggett on Walloon Lake for six weeks.

SATURDAY also proved a fair day for an old-fashioned lawn sale where antique-loving friends met each other. Mrs. Wayne Wilcox took this method of reducing her household inventory prior to moving to the home she has purchased and is re-decorating on Thayer boulevard.

Mr. and Mrs. Hugh McKay, who have been living on East street, have purchased Mrs. Wilcox's home on Seven Mile road and will be moving the beginning of July.

LAST SATURDAY, too, was a fine day for weed-pulling and garden manuring prior to the Garden Walk taken Monday by members and guests of the Northville branch, Woman's National Farm and Garden association.

Touring members and guests Monday learned that while the colorful gardens of Mrs. E. O. Whittington on Stratford court were open, Mrs. Whittington was not present because she returned from Europe JUST in time to begin jury duty.

Friends of Mrs. Donald Ware not only admired the new gardens the Wares have created against the backdrop of the Kroger store but also their own spacious apartment decorated throughout in a Williamsburg yellow theme.

Among the 51 members and guests attending the luncheon meeting at the home of Mrs. B. W. Baldwin on Meadowbrook road were eight past presidents who gave highlights of their terms.

They were Mrs. T. R. Carrington, first president when the branch was organized in 1936; Mrs. Joseph Denton; Mrs. Manly Hoysradt; Mrs. Paul H. Schulz; Mrs. Lola Alexander; Mrs. Glenn Cummings; Mrs. D. H. Clark and Mrs. George Kohs.

New members of the branch announced and welcomed were Mrs. Philip Nauman, Mrs. Gene B. Cushing, Mrs. R. Douglas Lorenz, Mrs. Reuben Jensen and Miss Betty LeMaster. Mrs. Wayne McBride was made an associate member.

# CURTAIN CALLS

THREE WEEKS from tonight some remarkable transformations will be taking place on the stage of the Northville high school auditorium.

Through the magic of make-up and costuming a school teacher will become a giddy English girl, a college student will become a Chinese teahouse proprietor, a steel salesman will become a pompous Japanese magistrate, and a housewife will become a titled English woman.

ALL FOUR have been cast in major rolls in "The Geisha," the musical comedy that the Northville Players Guild has chosen as its first-season finale.

The schoolteacher, Carolyn Oldford, is a Northville girl, born here, schooled here, and now teaching at the junior high school. As "The Geisha's" unpredictable Molly Seamore she steams to Japan in pursuit of her English navy officer and finds herself on the trading block at a teahouse auction.

A charter member of the players guild and one of its board directors, Carolyn appeared in "The Flattering Word," a one-act comedy that opened the group's first theatre season here last winter.

Before majoring in speech at the University of Michigan, she was active in drama and forensics at the high school. She and her husband live in Plymouth.

HELPING MOLLY in and out of trouble in "The Geisha" is the bustling teahouse proprietor Wun Hi, sung and acted by Gino Farrah, whose off-stage activities are nearly as

hectic as his musical comedy roll. Gino is a man of many hats. He's a music and language student at the University of Detroit; he's a recording star for Revelle Records, cutting rock-and-roll and popular songs; and, when a day has a few extra hours, he's a composer, archer, reader and occasional performer at a Detroit nightspot.

A veteran of the Detroit Institute of Arts Cometrage Players, Gino has had a part in all of the Northville guild productions to date. Born in Detroit, he now resides in Northville.

EVERY PLAY has its villain and steel salesman Tom Griffin received the nod for "The Geisha." Portraying the pompous, yet laughable, Marquis Imari in the Sydney Jones musical, Tom musters all his wiles and wits to snare his favorite geisha and still ends up with the wrong girl.

Born and brought up in Mississippi, "the 'Evonia" resident studied metallurgical engineering at Montana School of Mines and Lehigh university. Friends at St. John's Episcopal church in Plymouth brought him to the Northville players. Earlier this year he appeared in the Plymouth guild's production of "The Pleasure of His Company."

Tom and his wife, Joyce, who is also in "The Geisha" cast, have four children.

HEADING her yacht into Japanese waters long enough to become mired in the problems of the Teahouse of Ten Thousand Joys is Lady Constance Wynne, better known to her Northville friends as Betty Sterner.

Betty's penchant for art and music piloted her to the players' guild and the current musical. She sings with the St. Paul's Lutheran church choir and was auditioning for a chorus assignment when director Hans Kolbe chose her for Lady Constance.

Born in Detroit, Betty called Glendale, California, home before coming to Northville 17 years ago. Betty graduated from high school here, is married and has a daughter. She's a charter member of the players' guild and a Girl Scout leader.

"The Geisha" will be staged June 25, 26 and 27 at 8:30 p.m. in the high school auditorium. Tickets are \$2.00 for adults, 75 cents for student. They are being sold by guild members and will be available at the door.

Director Hans Kolbe has posted the following schedule for the balance of rehearsals: Thursday, June 11, cast principals, Scout building, 7:30 p.m. Sunday, June 14, full cast, Scout building, 2 p.m. Monday, June 15, Wednesday, June 17, and Sunday, June 21, full cast, Scout building, 6 p.m. Monday, June 22, full cast dress rehearsal, Northville high school auditorium, 6 p.m. Wednesday, June 24, full cast dress rehearsal, high school auditorium, 6 p.m.

**NEW AND OLD** — The incoming board members of Our Lady's League stood ready to take over the seats of the outgoing officers at the annual meeting last week. They are: (standing l-r) Pat Kunst, Ruth Zywiec, Delores Hyatt, Geri Kampmann, Marion Berry, Midge Karrer, Mae Mohr, Beverly

Grunheid and Helene McDonough; (seated) Kay Keegan, Betty Hubbert, Jean Wetterstroem, Helen Etnar, Agatha Laudon, Corrine Tucker, Evelyn Suddendorf, Fran Bissa, Betty Adas and Dorothy Bach.

**TOWN HALL GIFT** — One-half of the proceeds from the Town Hall series are annually given to Our Lady's League of Our Lady of Victory church, sponsoring organization of the popular lecture series. Shown receiving the 1963-64 series' check is Mrs. William Tucker (center), president of Our Lady's League. She's flanked by Mrs. William Slattery (left), new chairman of the Town Hall, and the outgoing chairman, Mrs. George Hanley. Town Hall makes other donations to area organizations by request.

## Blind Jew, Now Christian To Speak Here

Adolph Loeb, a blind Jew who became Christian upon becoming blind, will speak at St. Paul's Lutheran Church, High and Elm Friday at 7:30 p.m. He is being sponsored by the Young Adults group of the church.

This is one of over 50 appearances Loeb is making over a six-month period in the metropolitan area.

Loeb is a native of Chicago but is presently living in Hot Springs, Arkansas. While in Chicago and before becoming blind he was a restaurateur at the Merchandise Mart. Later he became chief steward at the South Shore Country Club. It was upon losing his sight approximately ten years ago that he became a Christian and subsequently a member of the Lutheran Church - Missouri Synod.

He has since served as a frequent participant in Preaching-Teaching-Reaching Missions & in Spiritual Life Missions.

## Men in Uniform

Southern California — Marine Private First Class Kenneth E. Stoddard, son of Mrs. Margaret Harmon of 19540 Maxwell road and Lance Corporal Clarence A. Wood, son of Mr. and Mrs. Clarence E. Wood of 48345 West 9 Mile road, and Private First Class Frederick L. Runstrom, son of Mr. and Mrs. Frederick J. Runstrom of 9343 West 5 Mile road, all of Northville, participated in an extensive sea assault exercise called "Operation Pine Tree" off the coast of southern California May 20-28 while serving with Ninth Marine Expeditionary Brigade.

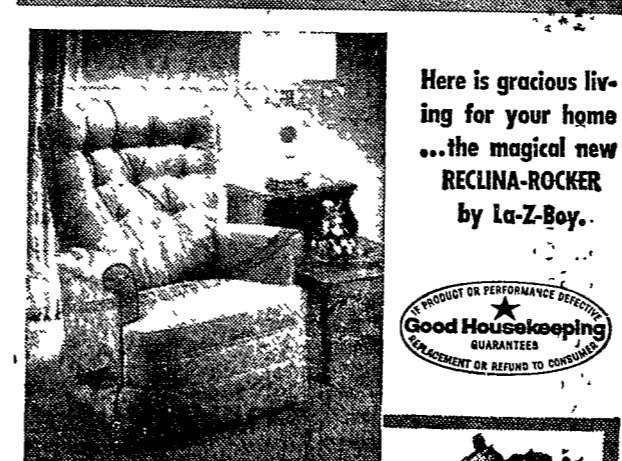

The exercise involved twenty ships of the Pacific Fleet and 9,000 Marines from the First Marine Division at Camp Pendleton, Calif., and consisted of direct assaults, on simulated enemy held beach positions. Vertical envelopment, the flying of combat ready Marines, over and behind enemy lines, was also employed.

Aircraft from the Marine Corps Air Station, El Toro, Calif., and missile units from the Marine Corps Base at Twentynine Palms, Calif. provided support for the ground forces.

**Editor's Opinion Not Based on Fact**

To the Editor: It is the privilege of the editor of any news medium to publish a qualified opinion concerning subjects of interest to his readers. An editorial per se is a personal expression of opinion. However, the editor has a responsibility. If he chooses to endorse a candidate for public office, his choice should be based on only the pertinent facts and the qualifications of the candidate.

Last week this paper endorsed three candidates for office on the Board of Education. The reasons for these endorsements seemed trivial to me. Previous attendance at meetings does not qualify a candidate for office. This, however, is the only reason this paper has given for endorsing these candidates.

Does a large industrial concern hire a top salaried executive only after having allowed him to observe its procedures for six months? Obviously, the answer is no. The job goes to the man whose past experience and successes have proved that he is a man of ability who will be of value to the company.

Five thousand miles after a tune-up your engine has lost considerable power and economy, though you may not notice it since you have been getting used to the decline gradually. But there is no reason why a 30,000 mile engine should not function with new efficiency providing these wear tolerances are properly adjusted.

At John Mach our tune-up mechanics first clean and adjust the plugs and points. They rebalance the carburetor's intake of air and fuel and retune the ignition firing to compensate for its compression. They make these adjustments, and many others, to prevent abnormal wear that results from NEGLECTED normal wear. Without doubt, the money spent on regular engine tune-ups comes back to you in longer engine life, greater economy and with a bonus of new-car performance.

before the election. Otherwise he uses his newspaper in the worst sense of a monopoly. Mrs. Lewis W. Alexander NOTE — I appreciate the fact that Mrs. Alexander read my editorial. She must have missed the more than 100 column inches given to the candidates to express their views and list their qualifications in the same edition. We made this available to avoid using our community newspaper "in the worst sense of a monopoly." I cannot agree that "interest" is not a qualification for any candidate for office or private profession. If one can avoid being "personal" when selecting candidates, I would sincerely appreciate knowing how. However unpleasant, I believe it is the duty of every good community newspaper — Bill Slinger.

**Opposes Church Use of Schools**

Dear Editor: I was stunned without words when I called the Northville school and was told it was legal to rent our school for a church convention.

What does this mean? Is this what the people want mixing school and religion? Plymouth does not rent to any church body. What is the rent used for? To reduce taxes? The use of the school for 1,000 people means more upkeep — more cleaning, using our school help for this.

Let every Christian who values their religion freedom — flood the Superintendent of schools or the Record with their views on the matter. I have talked with many after I read of using our schools for religious meetings and we as Christians can't picket them so let's get those letters in so it won't happen again. Each minister of our churches here in our town take the issue with your people.

Yours for Religious Freedom A Citizen

# Recreation Baseball Gets Underway Here

The Northville Recreation summer program got off to an auspicious start Monday evening with two of the three Northville entrants in the class E 15-and-under league posting victories.

A 13-run first frame put the Northville Plumbers out front, to stay and they coasted home to a 15-4 decision against the Wayne County Training School at the local high school.

Walks — there were 10 given up by WCTS twirlers in the game — and good base running accounted for the win. The Plumbers garnered six hits, while Bill Skelly was limiting WCTS to the same amount.

## Caddie Scholarship Goes to Bob Bosak

Golf, Illinois — Robert D. Bosak, 18, son of Mr. and Mrs. Frank H. Bosak, 43000 Nine Mile road, has been awarded a Chick Evans college scholarship to the University of Michigan by the Golf Association of Michigan.

Bosak's selection was made possible by the financial support given the Evans program by more than 45,000 golfers this year, including 10,000 in Michigan and the members of the Meadowbrook Country Club where Bosak caddied.

Bosak was among 26 winners announced by George H. Webb of Detroit, chairman of the Golf Association of Michigan caddie scholarship committee. He will be among 400 Evans Scholars in college this fall, including 60 at Michigan. About 60 others will be enrolled at Michigan State university.

The famed amateur golfer Chick Evans conceived the caddie scholarship idea in 1930 and, under the administration of the Western Golf Association in Golf, Ill., approximately 1,650 scholarships have been awarded.

Since the Golf Association of Michigan became affiliated with the program in 1948, it has awarded 336 scholarships. Each covers full tuition and housing and is renewable for four years. Its value is in excess of \$2,500.

Bosak, a graduate of Northville high school, will enroll at Michigan in September, and reside at the Evans Scholars Chapter House in Ann Arbor.

## For Mustang Nine

# A Ball Caught, A Hit Made... And it Would have Been Different!

The rule of horseshoes — the one where close counts — is the most widely sought after regulation in sports today by coaches, managers and players who have a losing season. An "if only" has been on the lips of mentors since the inception of sports aeons ago. Athletes on the short end of too many scores also have a tendency to replay the game in their minds with the deciding play going the other way. Sometimes this wishful thinking is a little far fetched. But in the case of the Northville baseball squad, it seems justified.

Coach Chuck Shonta would like to settle on the first season — lack of a base hit in the clutch. Recapping Northville's 4-12 season — its most disastrous in recent years — Shonta pointed out that a hit or two at the right time would have given his stalwarts a 13-3 slate this year. With the exception of two Milford games and one with Clarkston, he is sure Northville would have reversed its record. In substantiation, he was quick to say that the Mustangs' defense was second to none in the league and the pitching, for the most part, was good.

Paradoxically, the reason for Northville's troubles with men on base stemmed from the same source as Shonta's optimism about the future. "We were young and over-anxious," he said. This year's hitting ranks were depleted by the graduation of Jim Juday, Tom Swiss and Joe Hay, all experienced, strong stickers. Add to this the fact that a few veterans did not play because they were working and the fact that the few remaining lettermen had stick troubles of their own and you have a complete picture of the problem.

With experience under their caps, this year's letter winners plus a few good prospects from the Jayvee squad could come back strong next year to compete for the Wayne-Oakland conference crown. In Shonta's estimation, the top contenders will be Clarkston, Milford, Bloomfield Hills, and of course, Northville. The stiffest opposition should come from Milford, where there is a smattering of veterans and an especially good crop of JV ball players.

## NHS Golfers Top Coaches

Northville's high school linksters took their coaches and teachers to a match-play task Monday night at Meadowbrook Country Club, but the task was not as easy as first presumed. Although the teachers coped only one match, they gave the varsity players some troublesome moments in the other four contests. And although three teachers were spotted as much as a stroke per hole, the players were evenly matched since the teachers had not been playing regularly.

Medalist honors for the evening's "challenge matches" went to Jim St. Germain with a 36 for nine holes and golf Coach Al Jones with a 39. Even then it took a 60-foot putt by St. Germain on the 17th to pull off the victory by a mere three strokes. Providing the only upset of the evening was football Coach Ron Horwath who recorded a stunning 5-up victory over Jim Bertoni, one of Northville's top golfers. Horwath was spotted one stroke on each hole.

Other matches went true to form with plenty of sweat by the students. Rick Talbot beat basketball Coach Dave Longridge 5-up; Ron Hloheic beat tennis Coach Dick Norton 4-up, and Ron Bennett slipped by Chuck Yahne 1-up. Both Norton and Yahne played without benefit of a spot. Concensus of the evening's play was that each participant had a good time. Although there is a hole in

the outfield, two or three returning lettermen should provide good speed and punch. Howie Jones, a junior, will be back next year. Sophomore Phil Andrews can, in Shonta's terms, fill the bill with any ball club in the league. And center fielder Bob Beller, a junior, is the most consistent outfielder, who came through with some timely hitting. Pat Templeton, junior, will also be on hand. Right field is wide open. Catching will be no source of concern. Returning are Freshman Doug Swiss and Junior Bob Tuck, two healthy, strong receivers. Shonta expects great things from Swiss, who has plenty of baseball savvy for his age and natural talent. Tuck is one of the best hitters. With the loss of Northville's top twirler, Eric Peterson, the pitching burden will fall on the shoulders of veteran Sopho-

## Rotary Wheels Take Over 1st

The Rotary Wheels moved into first place the past week in the Novi Little League with a record of 5-1. After an 8-0 shutout loss on May 29 to the Jayhawk, the Wheels shifted into high gear with a walloping 23-2 conquest of the Smith-King Tigers June 2 and a 6-3 win last Thursday over the Paragon Stealers.

Winning pitchers in the last two contests were John Kaminske and Ron Thompson. Close on the heels of the Wheelers the Cole Jayhawks, who wrapped up the week's play with three decisions, two of them on the strength of Jon Van Wagner's twirling. Van Wagner is the only undefeated pitcher (3-0) in the league. Besides the victory over the Wheelers, the Jayhawk's bumbled the Paragon Stealers June 1, 9-2. Dave Cole gained credit for the win, while Van Wagner had three for three, including a home run. With Van Wagner on the mound once again, the Jay-

hawks won easily over the Revall Pillers, 6-1, Friday. This time it was Cole who displayed solid batting form with a home run and a single. In other games, Novi Party Store and the Pillers split a pair. Party Store, on the crest of Jay Penrod's strong arm and a brace of hits, beat the Pillers June 3, 15-3, and the Party Store reversed the tables by an identical score Saturday. In each contest, Party Store's Lee Snow was the big stick man with three for three and a home run in each game. Contests in consecutive week nights today through Wednesday of next week find the Pillers vs. the Wheelers, the Tigers vs. the Stealers, the Jayhawks vs. the Tigers, the Wheels vs. the Eagles and the Pillers vs. the Tigers.

## CHEVELLE by Chevrolet

**FRISKY AS IT CAN BE...FINE A BUY AS YOU CAN GET (even finer now!)**

Trade 'N' Travel Time is running out at your Chevrolet dealer's. This is about your last chance to get in a whole summerful of fun with a beautiful buy like a Chevelle Malibu wagon. Let us point out some less obvious pleasures. It has curved side windows—not just for looks, but to give you more shoulder room. It has those self-cleaning rocker panels.

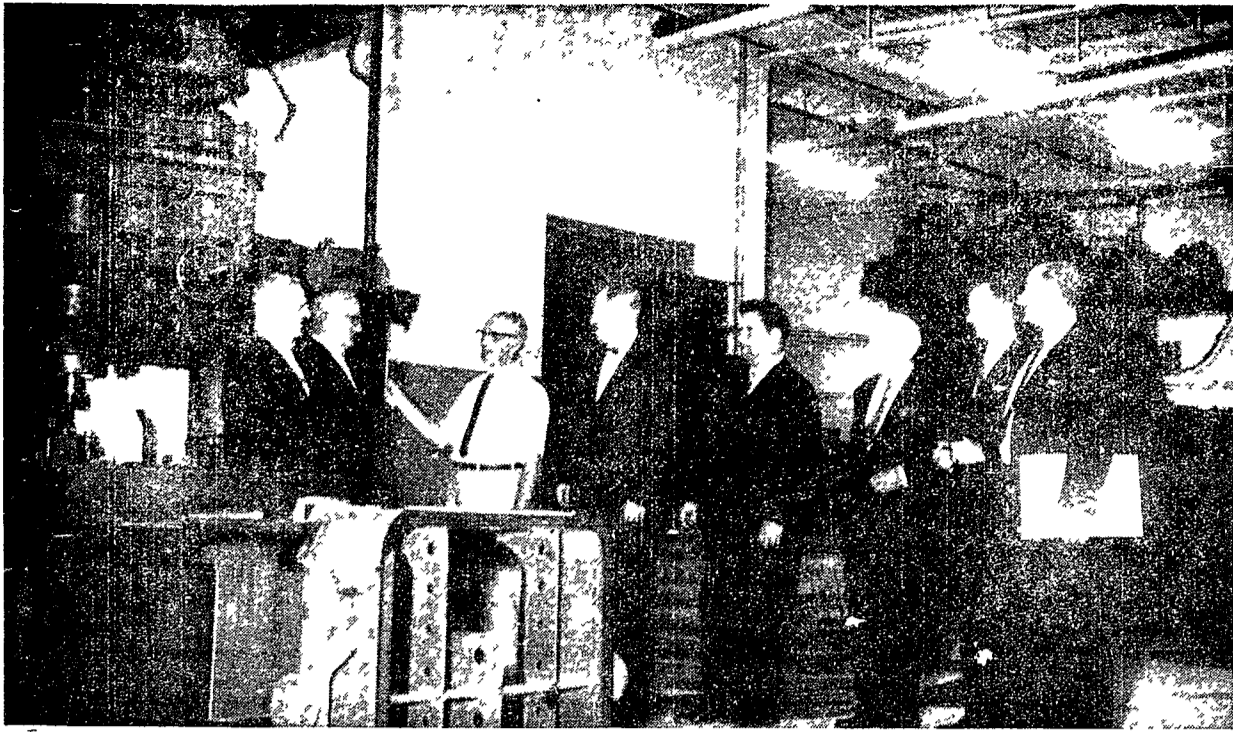

Inside, the upholstery over its wide foam-cushioned seats is soft, durable vinyl. We don't want anything playing havoc with Chevelle's good looks if we can help it. All in all, there are 11 different Chevilles being offered during Trade 'N' Travel Time. Wagons, coupes, Super Sports, convertibles, sedans. One's as beautiful a buy as the other. It's up to you. But hurry, whatever you do!

Two 17-year-old youths were convicted of being minors in possession of alcoholic beverages in Northville justice court at arraignment June 3. James Lulis of 810 West Main and James Orrison McLean of 318 River pleaded guilty to the offense committed May 28. They each paid \$15 fines in lieu of two days in

**Salesman Stripped**  
Someone stole the pants off a traveling salesman who stopped in Northville Monday evening, along with several other items of clothing and two business machines.

Northville police are seeking a thief who stole \$700 worth of clothing and two business machines worth \$300 each from the trunk of a car parked in the Main parking lot.

Kenneth Sullius of Shawnee, Kansas, reported that the articles were taken between 8 and 11:45 p.m. Monday.

Police Chief Eugene King upon investigation determined that entry had probably been gained into the locked car by means of a wire through a window. Access to the trunk was through the rear seat.

Apparently someone knew Sullius had items to be taken to the cleaners.

Stolen were five men's suits valued at \$100 each, three pairs of slacks, 20 shirts, 20 pairs of socks, three pairs of shoes, five ties and underclothing valued at \$200 for the lot.

An adding machine and a Stenoret Dictaphone were a part of the loot also.

of alcoholic beverages and paid \$55 in fines and cost in lieu of 10 days in jail. After pleading guilty to driving on a revoked license he was sentenced to pay \$35 in fines and costs and spend 5 days in jail.

William Vernard Patterson, 9639 Currie road, was found guilty at trial June 8 of a charge of reckless driving brought by State Police May 9. He paid \$30 in fines and costs in lieu of two days in jail.

**Tree Sparks**  
Fireworks lit up the night sky at 986 Novi avenue, Northville, shortly after 1 a.m. Wednesday morning, giving the fire department an impromptu show.

Firemen were called at 1:20 a.m. when a tree apparently blown over by the wind of a raging storm fell across high tension wires and set off sparks.

By 1:27 a.m. the tree and wire were burning against a garage below. It fell to the ground, leaving the garage unburnt, at 1:42 a.m. the firemen and Detroit Edison linemen ended the danger.

**BALLOON BUSTERS** — These youngsters were just a few of the hundreds who caught balloons dropped from an airplane over Northville Saturday. Inside each balloon was a number for a prize at Del's Shoes. Unfortunately, none of the lucky winners were on hand when the prizes were awarded Saturday afternoon, but these boys and girls were good-natured losers. The winners: PF Flyer shoes went to Gary Osborne, Diane Line, Gary Guntzville, Jerry Junod, Jeff Slesser and Jerry Lynn Junod. A go-cart was won by Rene Martin and Michelle Wallace won an airplane.

**GIRLS' STATERS** — Mrs. John Steimel, Girls' State chairman for the American Legion auxiliary (top), is shown with Northville's contingent to Wolverine Girls' State at the University of Michigan June 16 to 25. They are: (front to back) Jean Downer, sponsored by the Legion auxiliary; Judy Insland, who is an alternate; Kristin Deibert, sponsored by the Mothers Club; and Carol Yahnne, sponsored by the Woman's Club.

## Northville Sends Two To Wolverine Girls State

The American Legion auxiliary of Northville has selected four girls, including an alternate, to attend Wolverine Girls' State on the campus of the University of Michigan June 16 through 25. Mrs. John Steimel, chairman of the program for the auxiliary announced.

For nine days some 462 girls attending Wolverine Girls' State will play the role of junior politicians and build a unit of government, electing from their own representatives, city, county and state officials for a model state. Under the sponsorship of the American Legion Auxiliary the girls will be assigned to cities, petition for offices, form party platform and caucus their way into a whirlwind week and half of self-government.

At the close of their session, two girls will be selected to represent Michigan at Girls' Nation held in Washington, D.C.

The Northville girls selected are Carol Yahnne, 512 Eaton drive, Jean Downer, 46050 Fredrick, Kristin Deibert, 9825 Napier, and Judy Insland, alternate, 19880 Fry road.

Wolverine Girls' State was established in 1941 and dedicated to the training and development of girls who have qualities of leadership. The primary objective of Girls' State is to stimulate girls to take a deep interest in the development of home and community life and to encourage them to be better citizens of tomorrow. Wolverine Girls' State brings to the girls attending a knowledge of National, State and local government through actual practice. It gives them a state of their own, a session governing themselves through democratic procedures. Officials of towns, county and state are elected. In this way the girls have an opportunity to understand just how the government in their state operates. The girl's physical condition should be such that she could actively participate in the fast moving program.

Girls may be sponsored by civic, social, fraternal and pa-

# High School Senior Builds Own TV Station

## 17-Year-Old Larry Hill Screens Local Closed-Circuit Program

He'll graduate from high school this month, but already he has made a mark for himself in a highly technical field that most adults find too complicated to match.

Seventeen-year-old Larry Hill, Jr., son of Mr. and Mrs. A. Laurence Hill of 20076 Valley road, may be the only high school student of amateur radio in Michigan — and perhaps the nation — to completely build a television transmitter, receiver and component parts.

An amateur radio ham, Larry decided to launch himself in the field of amateur television last summer after mastering the basics of amateur radio. Even most adult radio hams, including a good many electrical engineers, prefer to steer clear of this difficult field.

But Larry dug up all the books he could find on the subject and, by diligent study, began to understand the complicated jargon of television. It was a struggle, admits the young man but putting the know-how to work in actually building equipment was even more difficult.

"I can appreciate now," explains Larry, "the terrific ob-

stacles that the inventors of television had to overcome. They had nothing to work from. I at least had plans and their technical explanations."

Working weekends and after schools, Larry assembled a crude but working video camera, a transmitter and adjusted television set that could pick up his pictures.

Since then, he has constantly tried to improve his equipment. Today he can throw a picture on the television screen that looks as good as the professional picture. It's a closed circuit transmittal, but nevertheless fascinating.

Neighborhood children — and adults too — occasionally drop in on Larry as he putters around in his "ham shack" behind his home. Often times they enjoy the thrill of seeing themselves on television.

During the recent senior prom at Northville high school, Larry provided a closed circuit telecast of the big student affair.

Now that his high school days are at an end, Larry is looking forward to electrical engineering at Michigan State university. It takes a bright mind to master an engineering course, but it also takes a

sense of frugality. Larry has both. All of the equipment inside the "ham shack" has been purchased with money earned by the young man. The building itself is the only outlay that his parents have needed to supply.

And because Larry feels that at least a good portion of his college expenses should be his own responsibility, he is considering the possibility of selling his amateur radio and television equipment.

"It would be a shame to let it sit here with no one getting any use out of it. I just won't have the time, and certainly the added money will help. Besides I can always start over again."

With his radio license, Larry is able also to operate his amateur television apparatus. Many times he will talk with another radio ham and they will watch each other on TV at the same time.

Young Hill stands at the base of his 68-foot radio tower.

Larry is shown rewiring his TV set. There are fewer than a half-dozen amateur television buffs in the Detroit area and all are adults except Larry.

### Bike Tabs Due

Northville Police Chief Eugene King this week issued a reminder that bicycle licenses expire June 30.

He said that new licenses may be obtained at the police department in the city hall for a 25-cent fee.

Licenses were required for bicycles last year for the first time in Northville with the adoption of a city ordinance.

### NHS Elects

#### Larry Forth

Student council officers for the coming year were elected last week at Northville high school.

They are: Larry Forth, mayor of the student body; Jean Downer, secretary; and Glenn Deibert, treasurer.

### Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, ask the operator for toll-free Enter-prise 7002.

Northville High School Graduate Larry Hill is shown here adjusting his home-made television transmitter.

"Just 7 bucks\* a month more for a Chrysler than for a Ford or Chevy? You've got to be kidding!"

"Nope. Just bought one."

No "ifs," "ands," or "buts" about it! We've got the figures to prove it! This big, beautiful Chrysler Newport is priced less than \$7 a month more than a comparably equipped Ford Galaxie 500 or Chevy Impala.

We're not talking about a stripped-down Chrysler. We're talking about a full-size Chrysler. With a 361-cubic-inch V-8 engine. Power steering. Power Brakes. Pushbutton automatic transmission. Radio. Heater. The works! Everything you want on a big car.

Still skeptical? Come in. Talk price. We'll convince you.

## from the PASTOR'S STUDY

R. LaVere Webster,  
Pastor Novi Methodist Church

Values are those things which are of high worth, those things that take priority in a persons life. Some are to be desired and to be held dear; others are to be avoided. But, only we can hold values ourselves.

These values become a part of us and a part of each concept and idea that we hold — housing, education, religion, family, politics, ... We cannot bequeath values to children as we can real property, but we can attempt to provide the experiences by which values may grow. We can provide the experiences for a basis of choice and priority of values are assigned.

In the family exist the most basic experiences by which values may be learned — love, tenderness, understanding, concern, peace. Value consistence, therefore, is extremely important. But we live in a world in which values are inconsistent and too often the values held by the family's mom and dad are likewise

inconsistent. We have one set of values for life and another set for business. As a result we are non-committal with life and business. We give uncommitted lip-service to both sides. The result is "we love things and use people." Status symbols are more important than people. What we own, then, is more important than what we are.

The key is renewed commitment to family and high value placed on it. Research has proven that the family is the most powerful influence that shapes us. It can be our greatest deterrent or our greatest asset. The family is the raw material out of which life (or ?) is made.

What can we do? The family must be nourished in each generation. Here in the family grow the traits: love, understanding, hostility, resentment, trust or mistrust, faith or skepticism, "the world owes me a living" or "I am responsible for every relationship to God." We use all kinds of

scapegoat from too much TV to too much sex education, from the funny book to not enough sports; one says, "keep them dumb", another, "the whole answer is education." But the home is the primary teaching factor.

What the family does about God and the church is important for the church is the second influencing or shaping factor in life. Surveys show that three times as many marriage breakups occur among non-affiliated couples than churchgoers. Religion, by its very nature, makes marriage and family bonds firmer, for it inspires patience, respect for each other, unselfishness, and inner security.

The priority of values given by the home shapes our lives. The family that plays together stays together; the family that prays together stays together. We need a re-appraisal of values. We need to bequeath the experiences that give the tools for life.

# Christian Scientists Hold Annual Meeting

A call to use "spiritual power" to help solve the world's "thorny problems of human relations and race inequalities" greeted Christian Scientists at their annual meeting Monday.

Several thousand members from many states and countries attended the meeting at The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A message from The Christian Science Board of Directors reaffirmed the church's conviction that the mightiest force on earth is "the still small voice of universal Christian idealism."

All human thinking is being stirred to its very depths, the message noted. But "the Mind of Christ surmounts, divisions of creed and doctrine and binds in one holy family all who love God, and seek to do His will."

The election of Edward Froderman as the new president of the church for the coming year was announced.

His address to the gathering described "spiritual perception" as a necessity for meeting today's great human responsibilities. "This unparalleled hour is presenting an opportunity for each of us," he said. It has become essential to "make use of our God-given spiritual power."

Mr. Froderman is a former vice-president of a Chicago bank, resigning in 1949 to enter the public practice of Christian Science healing. He moved to Boston in 1956 to serve as Manager of the church's Department of Branches and Practitioners. In 1961, he was appointed as a Trustee of The Christian Science Publishing Society, a position he still holds.

The new church president is a native of Bad-Salzungen, Germany, emigrating to the United States as a teen-ager. Living with relatives in Chicago, Mr. Froderman soon became interested in Christian Science and enrolled in the Sunday School. He went on to become First Reader and board chairman at First Church of Christ, Scientist, Chicago.

Revised religious stirrings in Eastern Europe were reported to the meeting by the Clerk, Gordon V. Comer. Applications from this region for membership in The Mother Church have begun to arrive again, ending many years of no communication, he said.

The retiring president, Mrs. Helen Wood Bauman, noted the "unlimited possibilities" open to humanity through the "healing-power of goodness" — the power "inherent in justice, mercy, truthfulness, and love" to overcome sin and disease.

This is "natural rather than miraculous," said Mrs. Bauman, editor of the church's religious periodicals.

"Energies of goodness are God-derived. They are equal to this troubled age because they are understood as divine laws and not merely personal virtues."

She quoted the Discoverer and Founder of Christian Science, Mary Baker Eddy: "The marvellous healing-power of goodness is the outflowing life of Christianity, and it characterized and dated the Christian era." (Miscellaneous Writings).

**OFFICIAL NOTICE OF SALE**  
**\$68,000.00**  
**NOVI COMMUNITY SCHOOL DISTRICT**  
**COUNTY OF OAKLAND, MICHIGAN**  
**NOTES**

Sealed bids for the purchase of tax anticipation notes of Novi Community School District, Oakland County, Michigan, of the par value of \$68,000.00 will be received by the undersigned at 41900 Quince Drive, Novi, Michigan, until 8:00 o'clock P.M., Eastern Standard Time, on the 24th day of June, 1964, at which time and place they will be publicly opened and read.

The notes will be dated May 1, 1964, will mature May 1, 1965 and will bear interest at a rate or rates not exceeding 4% per annum. Both principal and interest will be payable at the Board of Education Office. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

Said Note or notes shall be subject to redemption prior to maturity in inverse numerical order at par and accrued interest on the first day of any month prior to maturity thereof, upon fifteen (15) days' notice served upon the holder or holders thereof, or published in a newspaper or publication circulated in the State of Michigan, which carries as a part of its regular service notices of the sale of municipal bonds.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from July 1, 1964 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Board of Education. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the Operating Tax due and payable December 1, 1964.

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of Novi Community School District must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at Novi, Michigan. The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Notes".

Again, as in the Gay 90's, the soft, mellow glow of gaslight has found widespread popularity. And it's no wonder when you consider all its advantages! The gas yard light is decorative... it sheds its golden light over lawns, patios and pools for nighttime relaxing or entertaining. It helps guard against unwelcome intruders. Homeowners like its dependability too... its unfading source of outdoor illumination. In addition to being highly decorative, useful and dependable; gas yard lights are economical to operate and simple to maintain.

# Northland Playhouse To Open Tomorrow

The curtain will go up on the ninth season for Northland Playhouse 8:30 p.m., Friday, June 12, with Walter Pidgeon starring in the extremely funny, "Take Her, She's Mine."  
Northland begins its ninth season all spruced up, with improved air-conditioning. Ticket prices are a low \$3.90, \$2.90 and \$1.90, Tuesday, Wednesday, Thursday, 8:30 p.m., Saturday, 8:00 p.m. and Sunday 7:30 p.m. Weekend prices are Friday, 8:30 p.m. and Saturday, 9:30 p.m. \$4.40, \$3.40, and \$2.40. There is never a charge for the paved, supervised parking that adjoins the geodesic dome, just off Greenfield between Eight and Nine Mile roads.  
"Take Her, She's Mine" ran for 50 side splitting weeks on Broadway and will be in Detroit for the first time at Northland.  
Pidgeon plays a comically distraught father who very reluctantly allows his oldest

daughter to leave their home in California to go to Hawthorne College for women in the East.

The action shifts from California to New England as father and daughter muddle through the problems of their separation. The play was written by Phoebe and Henry Ephron and will be directed by Malcolm Black.

One June 23-28 Kathy Nolan (of TV's Real McCoys) and Roger (77 Sunset Strip) Smith will star in "Sunday in New York." Miss Nolan will play a girl who despairs of ever finding a husband in her home town of Albany, N.Y., and comes to New York City to enlist her brother's help. The Norman Krasna smash comedy will also be in Detroit for the first time at Northland.

Esther Williams will play a glamorous stage star, and Fernando Lamas a banker about to join the State Department, when Norman Krasna's second play in a row comes to Northland June 30-July 5. This delightful comedy is the play on which the motion picture "Indiscreet" was based.

Comedienne, Peggy Cass, will be a cigarette girl who is swept off her feet by a 38 year old mamma's boy, disguised as a truck driver, in the Don Appell comedy, "Bachelor's Wife" which will come to Northland July 7-12.

Stars scheduled for the remainder of the season include Hugh O'Brian who will play "Mr. Roberts", Hal March, Marjorie Lord (Danny Thomas' TV Wife) Allyn Ann McLeer, Kathryn Crosby, Allan Sherman (My Son, the Folk singer), Lynn Bari, June Allyson and Jayne Mansfield.

# Honor Patrol Boys, Service Girls

Last week patrol boys and service girls of Amerman and Main street elementary schools were honored for the performance of their duties. In the picture at top right Police Chief Eugene King is shown with (l. to r.) Brad Cole and Cheryl Burr, patrol boy and service girl for May at Main street; Colleen Deibert and Bill Andrews, honored for May from Amerman school; and Mary Prodder and Jack Mowat, service girl and patrol boy of the year at Amerman. At an assembly at Main street Lois Horsfall and Andrea Davis are shown above presenting a gift to Mrs. Ruth Carter, while Principal Harry Smith looks on. Mrs. Carter will retire as a teacher this year. She has been in charge of the service girls for eight years at Main street. In the pictures at right A. R. Clarke, vice president of Manufacturers National Bank, congratulates Todd Bult for being named patrol boy of the year at Main street. Mrs. Irvin Marburger presents the service girl of the year plaque to Debra Cobb at Main street school on behalf of the Mothers Club.

## Studebaker

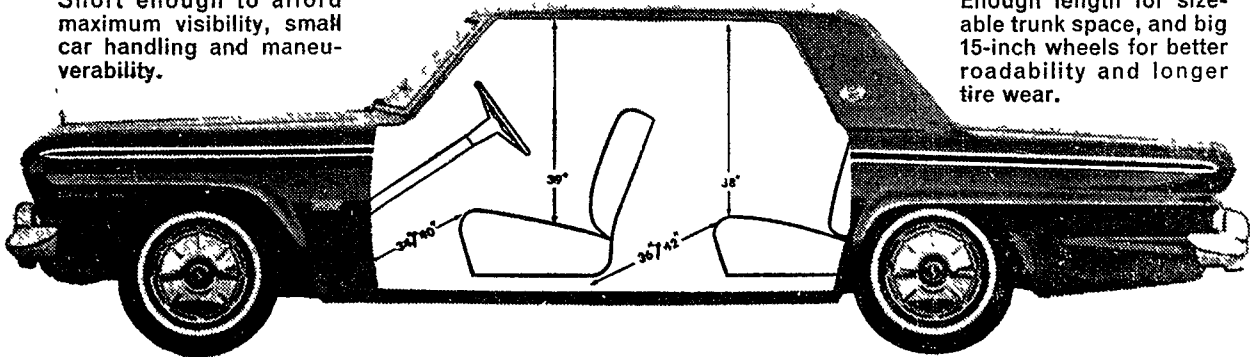

THE COMMON-SENSE CAR

### Compact in the front

Short enough to afford maximum visibility, small car handling and maneuverability.

### Compact in the rear

Enough length for sizeable trunk space, and big 15-inch wheels for better roadability and longer tire wear.

### full-size in the living room

The Common-Sense Car has an interior as roomy as a car with a far longer wheelbase. You can stretch your legs out, and your arms, too. Your hat doesn't bump into the roof. Three people sit in front, and three in the back, and they fit in comfort. Full-size people, not pygmies. Its common-sense size is only one of 28 features that makes Studebaker the Common-Sense Car.

# Admendment to the Northville Township Zoning Ordinance

An ordinance enacted under Act 184, Public Acts of 1943 of the State of Michigan, as amended to provide for the establishment of zoning districts lying wholly within the unincorporated parts of the Township of Northville, Wayne County, Michigan, within which zoning districts the use of land, natural resources, and structures, including tents and trailer coaches, the height, the area, the size and the location of

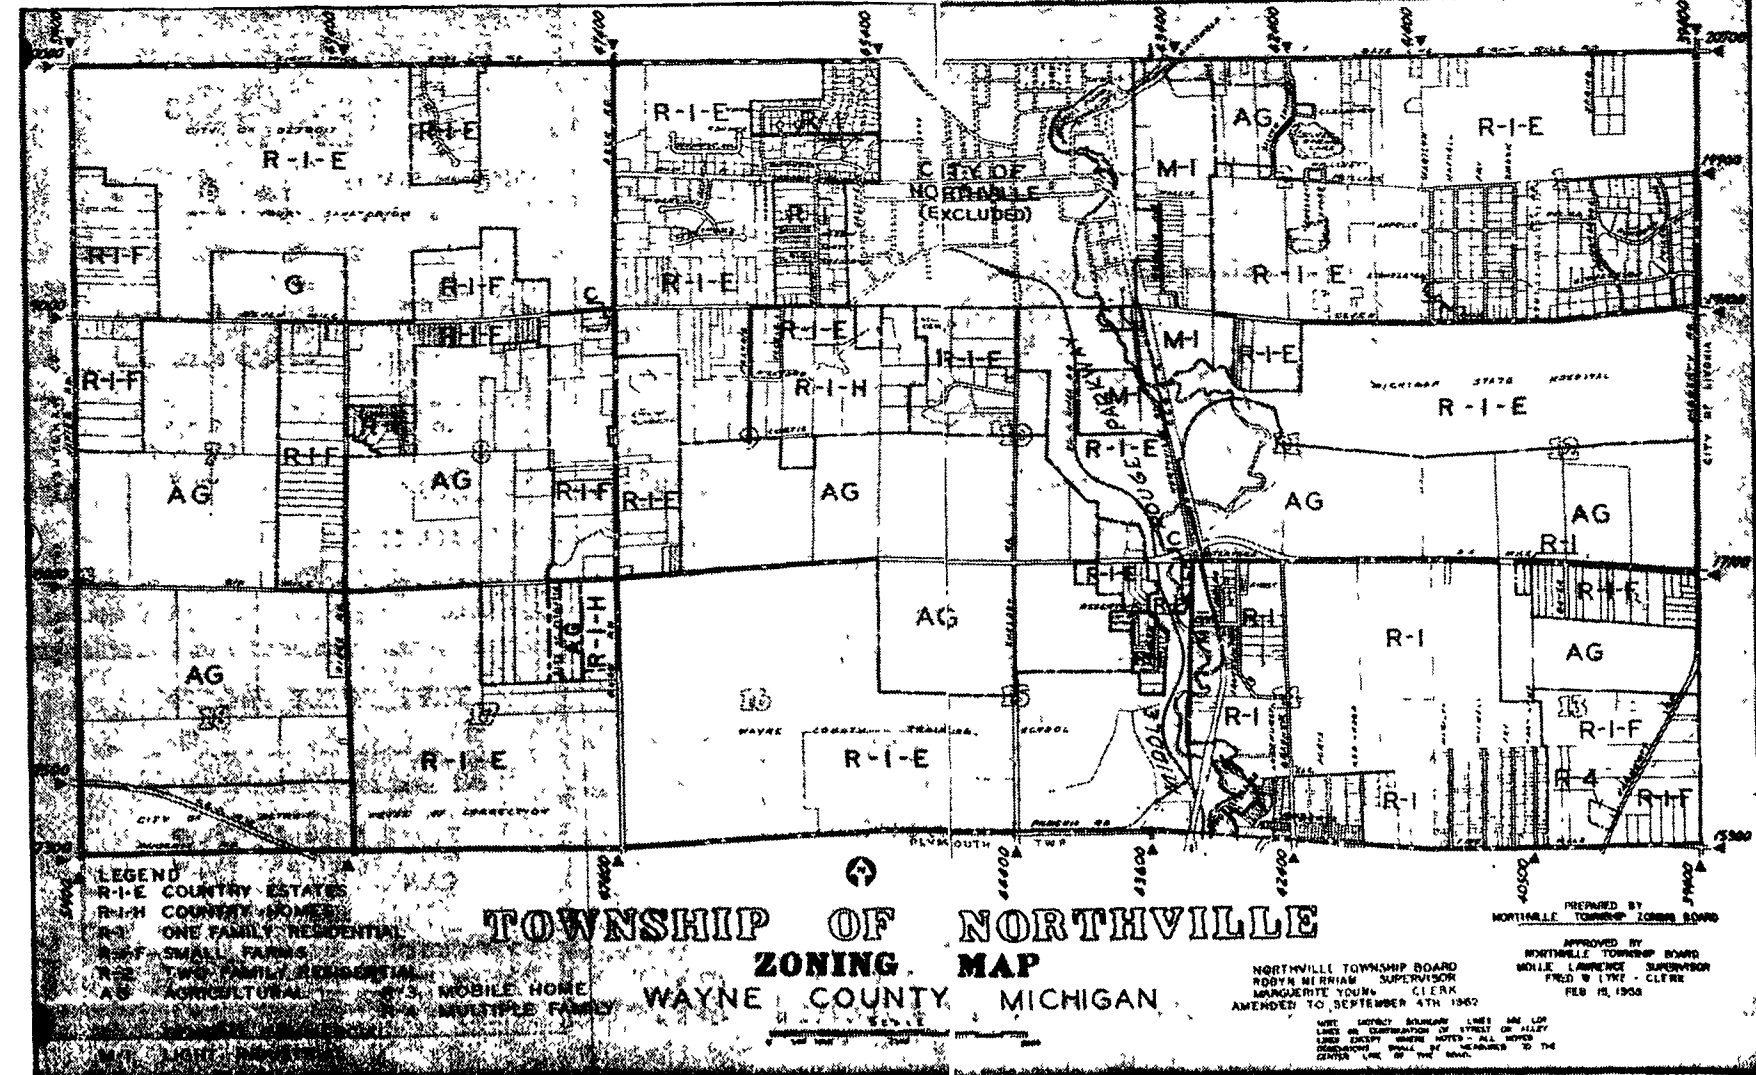

buildings hereafter erected, the light and ventilation of such buildings, the area of yards, courts and other open spaces, and the density of population shall be regulated: to provide further for a method of administration and enforcement of its provisions and to prescribe penalties for the violation of its provisions: to provide for a board of appeals and its powers and duties.

**NORTHVILLE ORDAINS:**  
Part I. That the Zoning Ordinance of the Township of Northville is hereby amended by amending the Amended Zoning Map No. 12, attached hereto and made a part of this Ordinance.  
Part II. That the Zoning Ordinance of the Township of Northville as amended is hereby amended by repeal of Article IX.

Part III. VALIDITY. Should any section, clause or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so declared to be invalid.  
Part IV. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict hereof are hereby repealed.

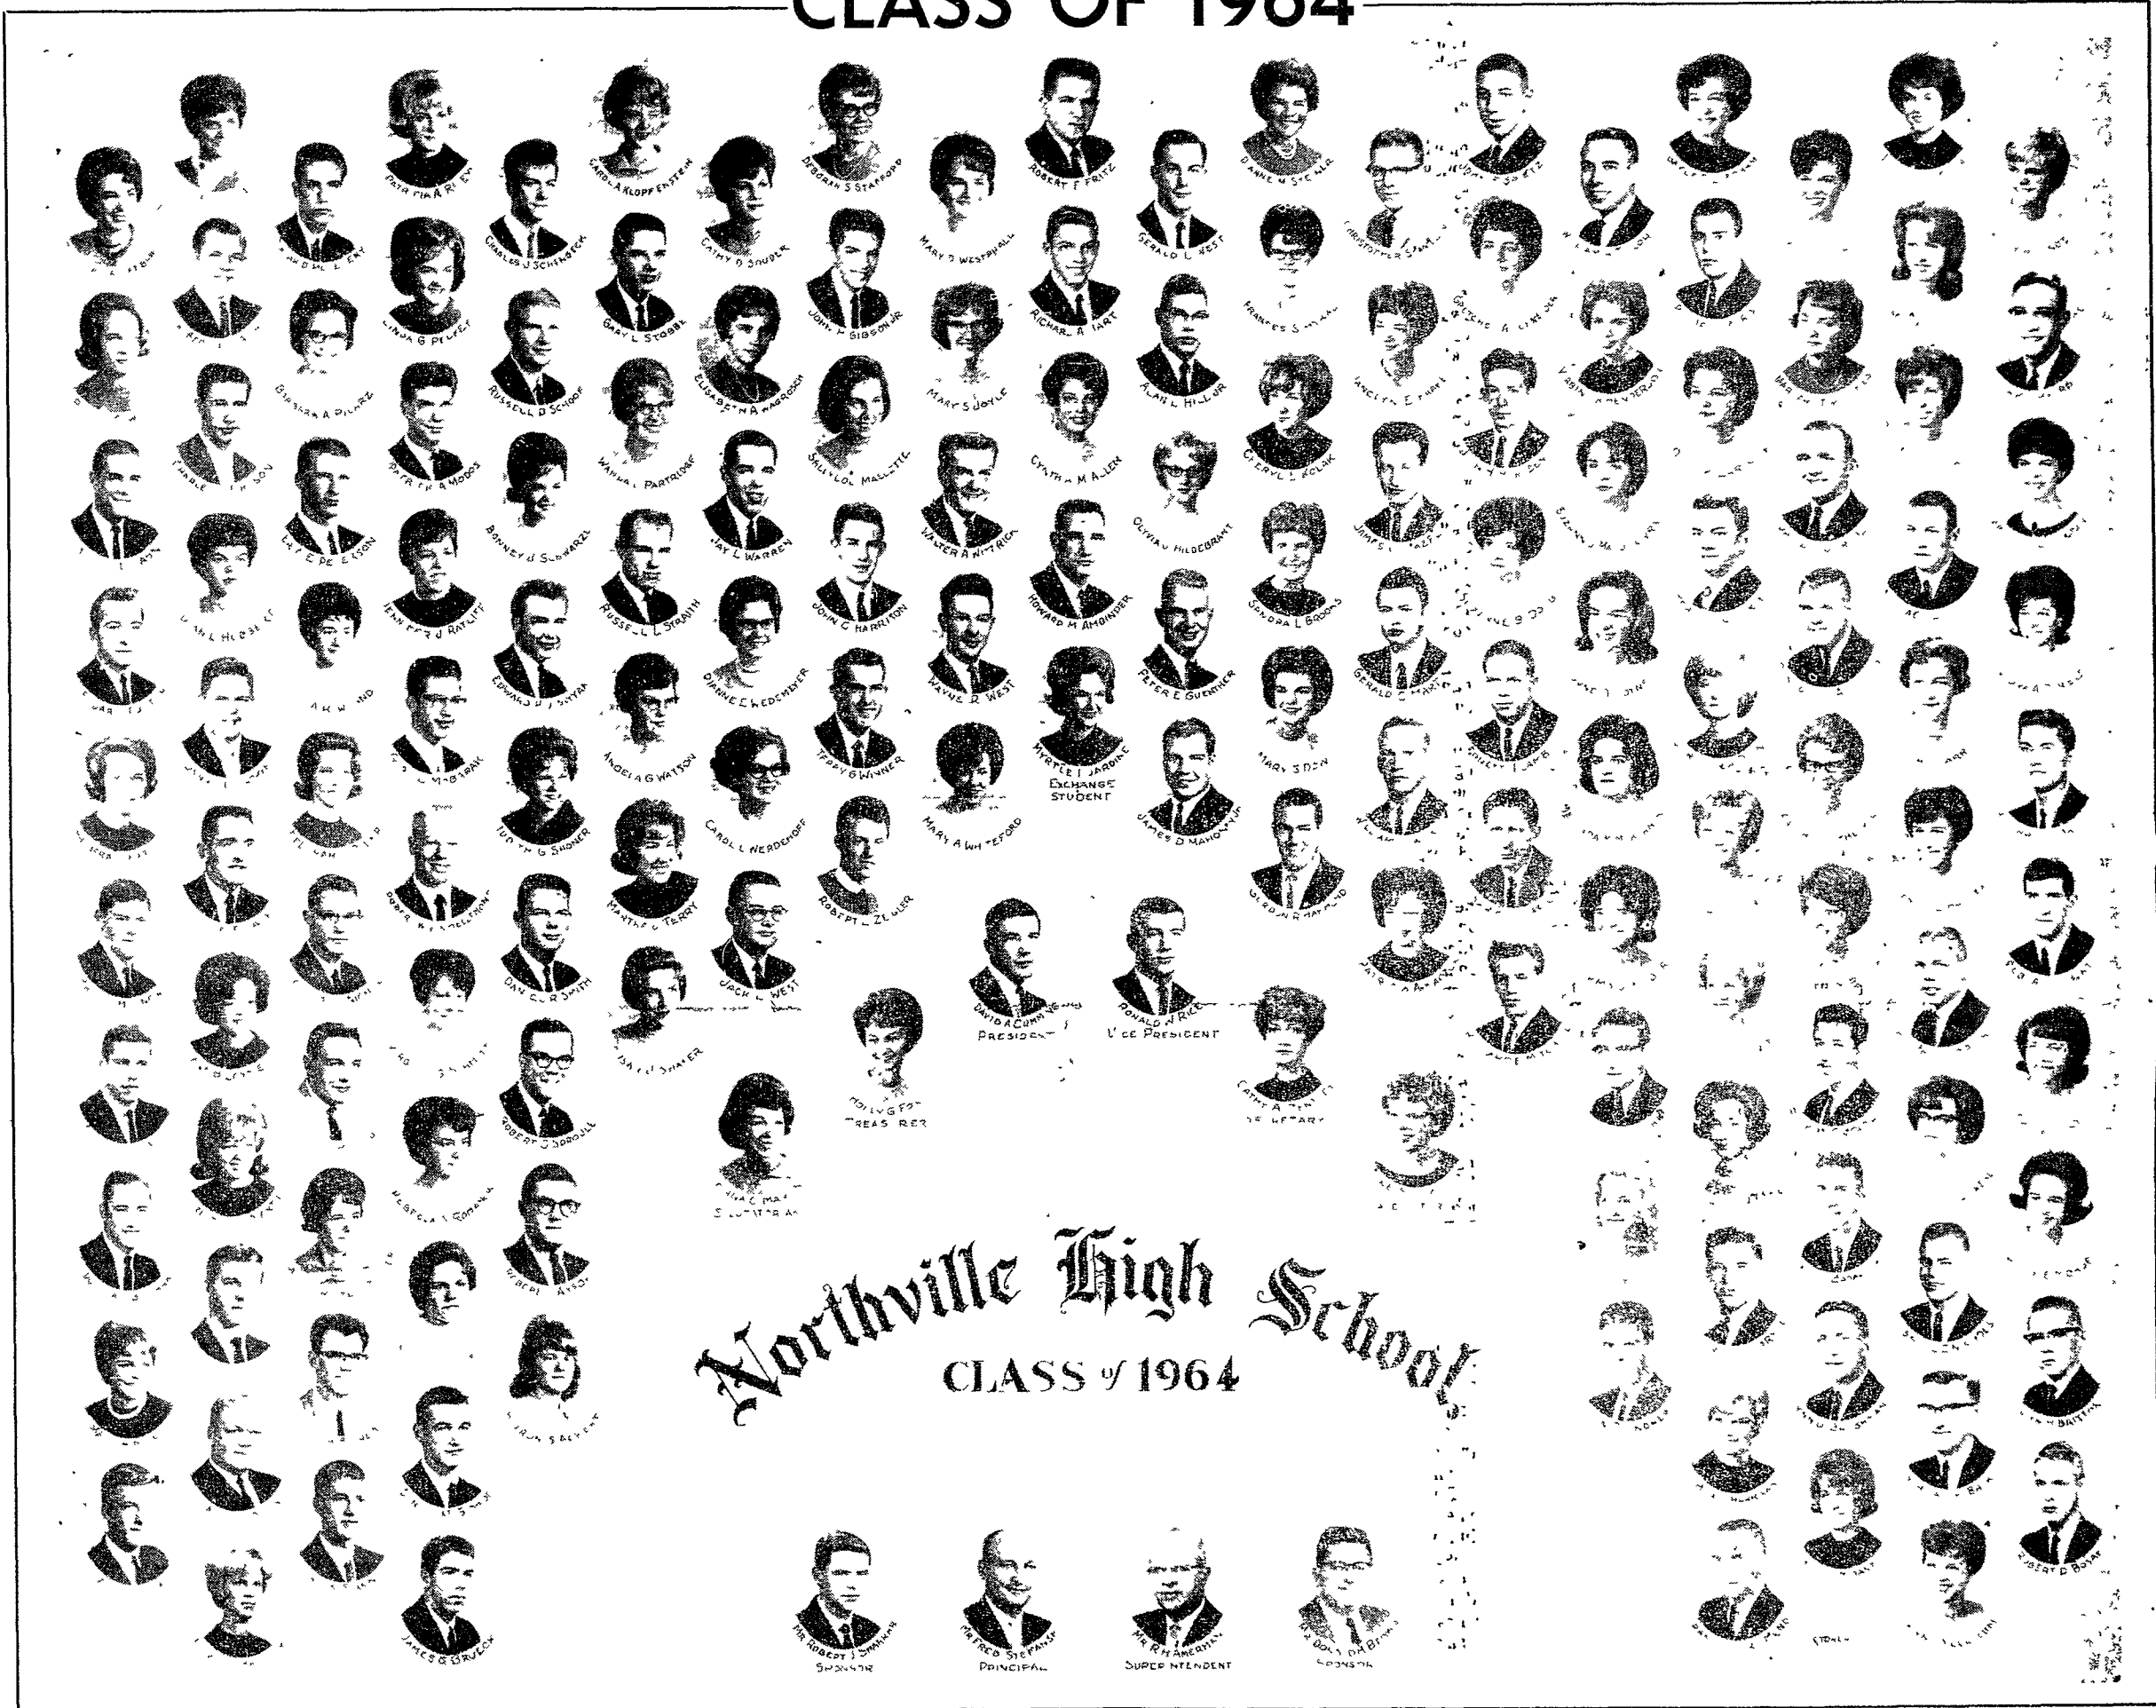

Part V. EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect thirty (30) days after final enactment and publication.  
**NORTHVILLE TOWNSHIP BOARD**  
R. D. Merriam, Supervisor  
Township of Northville

Marguerite N. Young, Clerk  
Township of Northville  
I, Marguerite N. Young, Clerk of the Township of Northville do hereby certify that the above Amendment was approved and adopted by the Northville Township Board at the Regular Meeting held on June 2nd, 1964, and was ordered to be given publication in the manner prescribed by law.

# SPEAKING for The Record

By BILL SLIGER

Time speeds by, summer is here and July 25 is fast approaching.

I mention this date because it marks the arrival in Northville of more than 300 teen-age youngsters from 13 different foreign countries.

About three months ago I noted in this column that the Northville Rotary club would again host youngsters who have lived with foster parents in Michigan, Indiana and Ohio during the past year under the Youth for Understanding Teen-Age Exchange Program sponsored by the Ann Arbor-Washtenaw Council of Churches.

On Saturday evening, July 25 Rotarians will conduct a farewell dinner for the students and their American parents on the Northville high school grounds.

**When the dinner is over, Rotarians are responsible for finding over-night homes for each of these youngsters.**

Dr. H. Lorne Dyer, A. R. Clarke, Bruce Pott-hoff, Fred Kester, Dr. Pasquale Buoniconto, E. V. Ellison and many other Rotarians have been working to make this year's observance the best ever. They know it will be the biggest because of the increased number of visiting students.

Rotary has enlisted the aid of the Baptist, Catholic, Lutheran, Methodist and Presbyterian churches in the undertaking. The ministers of these congregations are urging their members to accommodate one or more youngsters for an evening and bring the visitors to their respective churches the following Sunday morning.

It will be foreign-exchange student week end in Northville and one of the last evenings many of these youngsters will ever spend in America.

Rotary hopes that local homes are found for each visitor.

This is where you can help.

**If you would like to become an "over-night parent" to one of these students, contact the pastor of your Northville church or call any of the above named Rotarians, or this writer.**

Last week I received a call from Mayor A. M. Allen. "I wonder if we couldn't somehow impress upon people that the new city hall is paid for," he remarked.

The mayor, and other officials, were pleased with the turn-out at the dedication ceremonies. But Mayor Allen said that several visitors mellowed their enthusiasm for the facility with the comment, "now we have to pay for it."

**As most residents know, the new municipal building was constructed with the aid of federal matching funds. And the city's half came from sale of the community building to the school district.**

No doubt about it, taxpayers picked up the bill — several times. But the cash is all collected and there's no lingering bond to be paid off by the city.

This column seems to have gotten itself into a serious rut of late. It's contrary to my nature . . . honest So to brighten things up, I'll close with three jokes that appeared in one of our trade journals.

"Jim wake up. There's a burglar in the kitchen and he's eating up the leftovers."

"Go back to sleep. I'll bury him in the morning."

After boasting of his prowess as a marksman, the hunter took aim on a lone duck overhead. "Watch this," he told his companions.

He fired, and the bird flew on. "My friends," he said with awe, "you are now witnessing a miracle. There flies a dead duck!"

A wise teacher sent this note home at the start of the term: "If you promise not to believe everything your child says happens at school, I'll promise not to believe everything he says happens at home."

William R. Reiss of 23861 West LeBost, Novi, has completed a three day series of conferences on group insurance and pension plans conducted by Mutual of New York at the Hilton Hotel in New York City. Reiss is manager of the life and health insurance company's group office in Detroit. The conferees, including the staffs of MONY's group offices around the country, were addressed by top MONY executives, including President Roger Hull. The latest developments in group insurance and pension plans were discussed.

### Roger Babson

# Electrical Power

**BABSON PARK, Mass.** — In the early 'fifties, in the flush of the "atomic age," and with some evidence of limited reserves of fossil fuels to meet an expanding demand for energy, it was logical to suggest that nuclear power would be called on to fill the deficiency. Bernard McGarva, of Babson's Canadian Reports, disagrees; let me give you his reasoning.

Engineering analysis had indicated that if, under this rising demand, prices for fossil fuels followed their projected rising pattern, the cost of thermal power would increase to over 6 mills per kw-hr.

Only, then, it costs for nuclear power could be lowered to that level would it become competitive. Further factors militating against nuclear power have been engineering developments that increased the efficiency of the conventional methods of electric generation. By design improvements, plus vastly increasing the size of individual generating units so as to obtain efficiencies of scale, thermal power can still be generated at an appreciably lower cost than nuclear.

This differential should be maintained, or even increased, by the current trend toward construction of super-large generating plants located at the pit head of coal mines or under developed large water falls.

Similar benefits are likely to derive from recent developments in the field of extra-high-voltage transmission equipment. Thus, by reducing power losses, would enable electricity to be transmitted economically over much greater distances.

In contrast to the previous Canadian maximum of around 330,000 volts, power from the Manicouagan development now under way — but not completed — will be transmitted to Montreal at 500,000 volts, over equipment of Canadian design on the Hamilton River Falls in Labrador. (Lines in Russia are said to be currently operating at this voltage.)

These techniques would permit the six million horsepower from the Hamilton River to be transmitted to New York City. (Note that Consolidated Edison made engineering analysis of the cost of purchasing

power from Labrador against that from nuclear installations relatively near N.Y.C.; cost factors favored import of the Canadian power.)

There are a number of possible river developments of large size in the Canadian north that could, via extra-high-voltage, supply power to Chicago, New York, and Richmond. However, nuclear power would appear more practicable for Florida than attempting to bring anything from Labrador or the north on wires. Hence Florida should give careful attention to all nuclear developments, however slowly they may occur.

**One final word: The time may be coming when wires will not be needed to send these 500,000 or more volts from Labrador to New York or Chicago, or other points.**

This may come about through wireless or through the development of lasers or other experimental processes which could make the use of such high-voltage wires wholly or partly unnecessary. Progress here should be carefully watched.

**LANSING** — Fall campaign issues were clearly set in the final days of the 1964 Legislature.

The Massachusetts ballot, new Congressional districts and the legislative reapportionment plan approved by the State Supreme Court will provide the highlights for the biennial GOP-Democratic struggle for

public offices.

Republicans, led by Gov. George Romney, say the Massachusetts ballot as a means to, as Romney put it, "whittle away at excessive partisanship."

Democrats, on the other hand, viewed the new voting method as an unfair and unnecessary removal of one choice in the balloting process. The new ballot eliminates the straight-ticket lever on voting machines and box on the paper rally.

Changes in the Congressional and legislative districts find the parties generally at opposite poles. There are exceptions.

In districts where incumbent is pitted against incumbent, neither party is satisfied. This is particularly true in the legislative plan approved by the Supreme Court and ordered put into use.

New challenges in the courts are anticipated on both apportionment plans, but there has been no definite indication whether these will be made in the form of attempts to stop use of alignments in the 1964 election.

Overall issue of the campaign is most likely to boil down to the question of accomplishments by the Legislature this year.

Republicans say they logically faced and solved more problems this year than in any period in history. These included implementation of the new Constitution, the new Congressional apportionment and such matters as minimum wage and aid to dependent children of the unemployed.

Democrats contend much of

the action taken this year was merely a warmed-over version of what should have been accomplished previously.

The minimum wage, ADC-U and Congressional apportionment plans all fall into this disputed category over what was real accomplishment and what was last year's business renewed or corrected.

Sportsmen will have a new field for game this fall by virtue of legislative approval of conservation experts' advice.

Approval of a special limited elk hunting season for the state will be implemented by a select number of license issues by the Conservation Department.

Michigan's elk herd is largely concentrated in the Pigeon River game area. Preservation of the herd has been a serious effort for years.

Population of the herd has been increasing at a faster rate than biologists anticipated, providing an excess of elk over the number desired to maintain a supply of the animals in the state.

Thus, Conservation Department biologists suggested Michigan hunters be allowed to take a small percentage of the herd. The hunting number will probably be held down to the very serious by the \$25 license fee imposed by law and the department over license issue numbers.

Hazards of summer activities loom large as Michigan residents start vacation time, the season for long-distance traveling, water recreation and camping trips.

Motoring has become a hazard the year-round, and water

accidents are common on ice as well as sun-sparkling lakes, but one of the dangers of camping often goes unheeded until it is too late. This is primarily a summer problem.

Often a dry season, summer brings a marked increase in the number of fires both at home and outdoors.

State Police records show fires hit an all-time high in Michigan last year, claiming 273 lives and causing an estimated \$59 million in property damage.

A total of 86,845 fires of all types caused the highest damage figure in 10 years, said State Police Commissioner Joseph A. Childs.

Teaching caution with fire is fundamental where children are concerned but all too often it is adults who are careless. The deaths from fire last year included 188 adults and 85 minor children.

Careless smoking and accidents where clothing caught fire were primary among the 86,845 blazes recorded in 1963. Many of these were at home barbecues and camp sites, cases where the fun of family activity led to carelessness.

**HIS THIRD CADILLAC... HIS FIRST NEW ONE**

This man is enjoying his first brand-new Cadillac—after becoming acquainted with the car's unsurpassed value by twice buying used Cadillacs.

He learned that a late model used Cadillac gave him more standard equipment and engineering advancements than most new cars.

First of all, while Cadillac's styling was continually refined, it never lost the clean, dignified look that says Cadillac and Cadillac alone. The smooth, quiet performance and complete reliability of his used Cadillac was a constant source of enjoyment. Then, too, he and his family enjoyed luxury and comfort to a degree reserved exclusively for Cadillac owners.

The pride of ownership of so distinctive a car was a never-ending pleasure, for he had the satisfaction—always—of knowing he drove the finest.

When it came time to trade his previously owned Cadillac for a later model, he found its value had held remarkably high . . . and returned a substantial part of his original investment.

So what could be more natural—or wise—than to make the eventual move to a new Cadillac?

New or used, there is no finer motoring investment than a Cadillac. And new or used, your authorized dealer has one to fit any budget. There's never been a better time to invest in the finest of them all.
