

Leading the 95th senior class in the processional march at last Monday evening's commencement exercises were Kristin Deibert, junior class secretary, and Robert Steeper, junior class president. One hundred and fifty-nine seniors, largest class ever graduated locally, received their diplomas at the high school auditorium ceremonies.

Council Holds Millage Line in New Budget

City Employees Given Pay, Benefit Increases

In the shortest session ever conducted by a Northville city council a \$414,355 budget was approved for 1964-65, bids opened for petroleum products and rubbish collection and several brief reports recorded.

The business was accomplished in a 55-minute period with a three-member council. Graduation ceremonies on the same evening kept Council members Canterbury and Carlson from the meeting.

The budget, prepared by City Manager Bruce Potthoff and under council study for several weeks, provides wage increases for all full time employees of 2 1/2 per cent and insurance and weekly disability benefits equaling another 2 1/2 per cent hike.

Specifically, the budget provides for obtaining life insurance policies on employees as well as weekly indemnity for disability because of accidents.

While the budget is up about \$5,000 over last year, the millage rate remains the same, 12.5. The city's assessed valuation stands at slightly more than \$12 million, an increase of 9.1 per cent over last year.

Property taxes account for \$149,200 of the annual city revenue, while the remaining funds come from pari-mutuel handle at Northville Downs, estimated at \$120,000, state returns, \$67,000 and miscellaneous sources, \$78,155.

Largest single expenditure on the new budget goes for capital improvements. It totals

some \$100,000 with sidewalk construction, offstreet parking and street improvements coming in for the biggest share of this sum.

Biggest single equipment purchase proposed under the capital improvement list is \$11,000 for a street sweeper.

Anticipated street improvements include Orchard drive (curb, gutter and paving), Butler and Pennell (paving), Maplewood (storm sewer, curb, gutter and paving) and River street (curbs, gutter, paving).

In other business Monday night the council decided to comply with a request from the Northville Estates Civic Association and officially protest a proposed mobile home zoning

for property in the village of Novi near Northville Estates on Beck road. The city will send its protest to the village council and planning council before a June 29 public hearing on the matter.

Bids for gas and oil from Marathon, C. R. Ely and Standard Oil were opened and referred to the city manager for consideration. The same action was taken after three firms bid for city rubbish and garbage collection.

The latter bids were: \$9,600 per year from C-B Rubbish Disposal of Detroit; \$12,000 from Willard Sanitation of Milford; and \$11,400 from Gus McCready, the firm now serving the city.

Bids will be awarded at the next city council meeting, Tuesday, July 7. The Tuesday meeting date was approved by the council because Monday, July 6 will be observed as a holiday in city offices.

City Manager Potthoff announced that Eight Mile road within the city, from Griswold to Beck road, will be posted at 40 mph speed limit.

City Attorney Philip Ogilvie reported that presentation of testimony in a zoning suit involving a lot owned by Richard Martin on the northwest corner of Novi street and the Eight Mile road cut-off was scheduled to be completed this week.

Martin wants the corner lot rezoned C-1 to permit construction of a gasoline station. The site is now zoned residential Oakland County Circuit Judge Clark Adams heard testimony from both sides and called for briefs from the attorneys. A decision will probably not be rendered before August.

Old Spring Flows Again

It may be little more than a trickle, but the Old Spring is flowing again.

Efforts to trace its source since the famous Northville watering spot went dry last winter have met with no success.

But this week, as suddenly as it disappeared, the water returned — and with it the many customers from miles around.

Cube Clinics Boom

Sugar lumps sold like hotcakes in the second anti-polio vaccine clinics held Sunday throughout the Wayne-Oakland-Macomb county areas.

Clinics in Northville, Novi and Wixom all reported more customers than the first-dose sessions held on April 19.

In Northville Chairman Dempsey Ebert reported 5,600 persons took the vaccine-soaked sugar cubes compared to 5,500 at the first clinic.

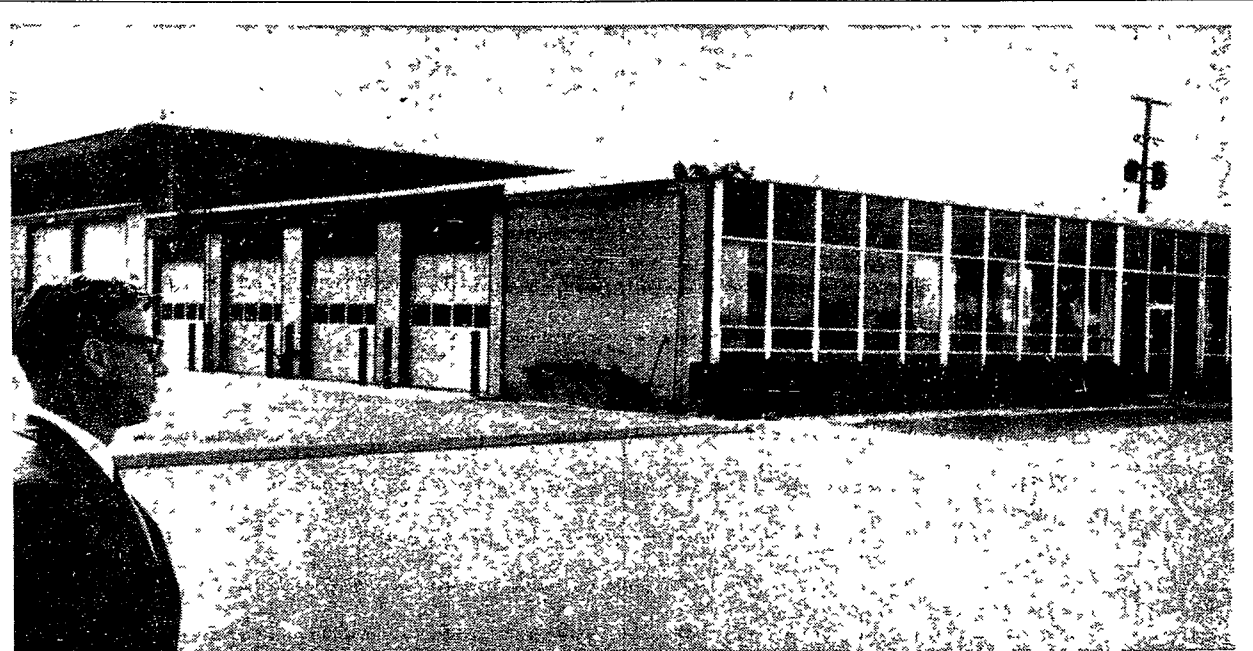

In Novi 3,681 showed up compared to 3,450 on April 19. Co-chairmen Mrs. Royal Snow and Mrs. Bernard Marchetti stated.

The same story was recorded in Wixom — 1,777 customers compared to 1,703 at the first clinic. Mr. and Mrs. Norman Moore were in charge of the Wixom clinic.

Northville Chairman Ebert noted that many persons appeared to be vacation-bound and probably obtained their first cube at another clinic.

The two doses, taken eight weeks apart, are identical and provide from four to eight years immunity.

Persons who secured their first dose last Sunday may obtain a second one from their private physicians.

General Manager R. H. Jansa looks over the new Perkins Engines, Inc. North American headquarters on Wixom road just south of Grand River. The 20,000-square-foot building will house the

firm's executive offices, engine and parts depot and product development center. It will be expanded to provide a technical school for training customers in service and repairs.

Perkins Engines, Inc.

World Diesel Firm Moves U.S. Headquarters to Novi

An affiliate of the world's largest producers of diesel engines will move its North American headquarters' technical center and warehouse facilities to Novi.

M. I. Prichard, managing director of the British parent enterprise, F. Perkins Limited, announced this week that Perkins Engines, Inc. has leased the 20,000 square foot plant on five acres at 27575 Wixom road in Novi.

The company also announced it plans immediate expansion of the facility.

The five-year-old building was originally constructed for an auto haul-away firm and is located just south of Grand River.

A spokesman for Perkins estimated that the

firm would employ 75 persons at the Novi office and plant.

The company, a major supplier of diesel engines to U.S. truck builders and other equipment manufacturers, is also reactivating its Canadian affiliate, to be based in Windsor, Ontario.

"For the first time since our U.S. company was established four years ago, all of its important operations will be consolidated under one roof," Prichard said. "This marks a key step in our new expansion program."

Perkins now maintains headquarters at 12345 Kercheval Avenue, in east Detroit, sharing quarters with Massey-Ferguson Inc. Its technical center and warehouse is located at 540 Lycaste street, a few blocks from its headquarters.

Perkins plans to make major additions and structural modifications on the \$300,000 building, Prichard said. Among the first projects will be construction of a technical training center where Perkins will conduct classes in diesel service and maintenance for its customers.

Perkins supplies engines to many manufacturers of trucks, farm machinery, mobile refrigeration units, boats, compressors, generating sets, bulldozers, fork-lift trucks and other industrial vehicles. Major customers include Dodge, White Motors, International Harvester, Kaiser Jeep, Massey-Ferguson, Hyster and Transcold.

The company expects to make "some increases in staff," according to R. H. Jansa, general manager of the local firm, as it activates a newly independent North American marketing program. Perkins had marketed its engines jointly with Chrysler Corporation until a few months ago when the agreement was modified by mutual consent.

Prichard, who plans to visit the Far East after completing a tour of Perkins facilities in North and South America, said the U.S. company's move to larger quarters was hastened by "a gratifying surge of interest in diesel power by many American manufacturers."

In the first quarter of 1964, he said, Perkins is estimated to have supplied 11 percent of all diesel installed in new U.S. trucks, against its estimated 8 percent share of the market in 1963. The nation's diesel truck output reached a record level in the first three months of this year, leading the industry to expect its fourth con-

secutive record year.

Prichard said Perkins shipments to industrial equipment and farm machinery makers "are substantially ahead of last year," and he described the market for marine diesels as "showing signs of considerable increase."

Recent gains in the company's U.S. sales, he noted, "reflect the high quality of management that we enjoy in North America."

Prichard was accompanied to Detroit by J. P. Allan, who established the Perkins office

here several years ago and now directs all of the parent company's overseas sales and service offices from Peterborough, England.

The Perkins alliance of companies, with factories in nine countries, is the world's largest producer of diesel engines. Its output last year topped 300,000 units, more than all U.S. diesel makers combined. The main Perkins plant in Peterborough, covering more than 1,000,000 square feet, is currently turning out 1,200 engines a day.

Township Sells First Detroit Water Tap

Northville township has signed up its first Detroit water customer.

With the ink hardly dry on the township's contract to purchase water from the city of Detroit the township issued a permit to tap into the line presently serving the Wayne County Training School to the Oasis Miniature Golf Course, which recently opened on Five Mile road between Eckles and Hagerly.

Arrangements to purchase Detroit water were made to accommodate Plymouth Gardens subdivision, where wells

are running dry. Clerk Marguerite Young reported this week that bonding attorneys are presently preparing notices for sale of some \$24,000 worth of bonds to install the subdivision water system.

Construction bids will be accepted soon after the bond sale is completed. It is anticipated that the 18-home subdivision will be served with Detroit water in August.

The project will be financed by special assessments against the benefiting property owners.

Teaching Staff Signed for Fall

As far as Dr. K. M. MacLeod is concerned, school could start tomorrow. He has all his teacher-hiring problems solved for next year.

A total of 106 teachers have been contracted for the Northville public school system, said MacLeod, assistant superintendent of schools. "Now we have all the teachers we need."

According to his report on teacher recruitment to the board of education, there were 19 vacancies. As of June 8, 24 new teachers were hired, providing an additional five teachers needed for next fall's enrollment.

Teachers that have been recently signed are: Miss Patricia Podlesak, a graduate of Michigan State university, for the sixth grade; Miss Oakley

Noblet, Eastern Michigan university, taught in Taylor for 2 years, for the fifth or sixth grade; Mrs. Mary Duff, Eastern Michigan university, for the fifth or sixth grade; Mrs. Donna Rose, Olivet Nazarene, previously taught in Bellville, for the second grade; Miss Harriette Patterson, University of Michigan, taught in Garden City, as the music instructor, and Miss Jill Barber, Michigan State university, for the fourth grade.

Beginning next fall, one sixth grade will be in the Main street school and the four others in the junior high school. Also every room in the Main street, Amerman and junior high schools will be occupied, MacLeod noted.

Downs Setting New Records

Business is booming at Northville Downs where two new mutual handle records were set Saturday night as the local harness racing track completed the first week of its 48-night season.

In further evidence that harness racing is enjoying a new wave of popularity the first week's betting revealed an increase of 25 per cent over last year, while attendance was up 14 1/2 per cent.

The most money ever wagered at a single evening's program at Northville Downs passed

ed through the windows Saturday night. The total night's handle was \$367,627, compared to the old record of \$349,150 set on July 26, 1955.

A daily-double record for betting was also set. Total wager on the double was \$30,248, which topped the July 30, 1960 record of \$29,502.

Total mutual handle for the first six nights of racing was \$1,598,465 for an average nightly handle of \$266,411.

Last year the first six nights of racing produced a total mutual handle of \$1,278,316, an average of \$213,053 per night. Attendance through Saturday night totaled 25,862 compared to 22,591 in 1963.

Chamber of Commerce Calls Membership Meeting

The first general membership meeting of Northville's newly-organized chamber of commerce has been called for next Wednesday evening at 8 p.m. at the council chambers in the city hall.

Chamber officers met Tuesday evening to map plans for the initial session. A speaker from the state chamber of commerce is being sought to help outline objectives and procedures.

A Day for Food, Fun and Fellowship

The numbers may not have been great, but the spirit was high and Northville's Jaycees are pleased at the turn-out at their first "get acquainted" outdoor barbecue. Four hundred chicken dinners

were served at the Ford Field community get-together. "We have no complaints. It was really a success for the first time, and we'll do it again next year," promised Jaycee President Karl Knoth. Having fun above (l. to r.) are: Jaycee Tom

Brown and the Black Whale's Dick Collins, who served as cook; Ann Kipfer and Mrs. Donald Ware, munching candy apples; and Steve and Jim Penn, reaching for another handful of potato chips.

Phillips—O'Leary Vows Spoken at OLV Church

Sandra K. Phillips and Donald C. O'Leary, were united in marriage in a double ring ceremony at Our Lady of Victory church May 30.

Mr. and Mrs. Donald-C. O'Leary

The bride is the daughter of Mr. and Mrs. Lloyd T. Phillips of 461 River street, Northville. Parents of the groom are Mr. and Mrs. Patrick O'Leary of Detroit.

The bride's gown was made of peau de soie with three quarter length sleeves and a scoop neck. She carried a cascade bouquet with an orchid corsage in the center surrounded by white roses.

She was given away by her father.

Bonita Phillips, the bride's sister, was the maid of honor. Jane Flattery and Antoinette Merlino were the bridesmaids.

The groom's brother, Brian O'Leary, was the best man. Dennis Phillips, the bride's brother, and Dennis Short were the ushers.

After the ceremony a reception was held in the church social hall and was followed by an open house at the bride's home.

The bridal party visited the bride's sister, Jackie, who is a postulant at the Sisters of St. Dominic convent in Adrian.

For her going away ensemble, the bride chose a white suit with navy blue accessories.

The couple honeymooned in northern Michigan and make their home at 1921 Infantry, Detroit.

The new Mrs. O'Leary graduated from Ladywood high, Livonia, and is presently a senior at the Harper Hospital School of Nursing in Detroit. The groom is a graduate of All Saints high school, Detroit, and is currently employed in Detroit.

Showered

A bridal shower was given for Linda Lepper by Janet Gross and Pat Atchinson at the home of Mrs. Stuart Thomson, 974 Grace, Friday evening.

The 16 guests came from Northville, Novi, Ann Arbor, Royal Oak and Mt. Pleasant. Decorations for the shower were done in silver, white and red.

Miss Lepper will be the bride of Roger Atchinson in July.

Mrs. Don Jeffrey Doolittle

Janice Howarth, Don Doolittle Wed

Janice Martha Howarth and Don Jeffrey Doolittle were united in marriage, June 13 at the First Presbyterian church by the Rev. Lloyd Brasure.

The bride is the daughter of Mr. and Mrs. James Daniel Howarth of 42675 Seven Mile road, Northville. Parents of the groom are Mr. and Mrs. Russell Doolittle of Rochester.

The bride's father gave her away.

She wore a white peau de soie floor length gown with court length sleeves, a wide banded waistline applied with alencon flowers and a Chapel Train. She carried a crescent-shaped bouquet of white roses, snowdrop mums, stephanotis and ivy.

The maid of honor was Miss Heidi Bader of Birmingham.

Miss Elaine Pyrras of Detroit was the bridesmaid. Their dresses were made of turquoise linen with court length sleeves, bell-shaped skirts and scooped necklines. They carried yellow

roses. Arlan Asher was the best man and Del and Dan Doolittle were ushers.

The bride's mother wore a silk shantung rose hued sheath and jacket with white accessories. The mother of the groom chose a beige sheath dress with beige accessories.

As her going away outfit, the new Mrs. Doolittle wore a beige two-piece suit with an orange and white flowered shell.

Following the ceremony the couple greeted guests at the church. The 150 guests were from Lansing, Birmingham, Pontiac, Northville, Lake Orion, Rochester, Berkley, Bloomfield, Flint, Livonia, Ann Arbor, Pennsylvania, Ohio, Illinois, Royal Oak and Spring Lake.

The bride is a graduate of Alma College. The groom attended Highland Park Junior College and the Detroit Institute of Technology.

They will reside in Pontiac.

JUNE IS PROVING to be a delightful "mixed bouquet" of events, ranging from orange blossom festivities to pink-rosebud teas and Hawaiian-lei luaus.

Bride-elect Pam Parmenter, who will pledge her vows with James Correll this Saturday, concludes her pre-wedding festivities with a rehearsal dinner party this Friday evening. Parents of the bridegroom-to-be, Mr. and Mrs. Edward Correll, will be hosts to 25 members of the bridal party and family at the dinner at Hillside Inn. Pam is the daughter of Mr. and Mrs. Alfred Parmenter.

IN LONG-ARRANGED wedding plans, Mary Ellen Crusoe will exchange vows with Howard Edmund Byrne, Jr. on June 27. Her fiancé's mother, Mrs. Howard Byrne, will give the rehearsal dinner June 26 at her Royal Oak home.

The bride-elect is being honored at a round-the-clock shower and tea Thursday given by Mrs. J. W. Cheetham and Mrs. John E. Hauser of Birmingham at Detroit Golf club. Earlier, Mrs. C. Harold Bloom and Mrs. W. L. Howard were hostesses at a luncheon and linen shower at the Eight Mile road home of Mrs. Howard.

A kitchen shower was given by Mrs. Byrne's cousins, Mrs. Robert Prange and Mrs. David Armstrong, in Detroit May 16. The bride-elect was, feted by co-workers on the fourth floor of the Fisher building at a dinner party last Wednesday at Stouffer's-Northland. A special guest was the mother of the bride-to-be, Mrs. Claude A. Crusoe. Miss Crusoe, an attorney, is an alumna of Marquette University and the University of Detroit Law School.

A BIRTHDAY CAKE set the theme for the surprise party Edwin R. Langtry arranged for his wife, Jean, Tuesday evening. Helping with arrangements were Mr. and Mrs. John W. Blackburn, at whose home on Orchard drive the group of long-time friends gathered for the surprise potluck dinner.

PINK ROSEBUDS were clustered in a 200-year-old pink overlay epergne that centered the tea table at the benefit Friday given at the Ever-seal Farm home of Mrs. Charles Walker. The tea was given by Mrs. Walker for all women of the Presbyterian church to help furnish the Christian education building now under construction.

The delicate pink theme was repeated in the French lace tea cloth and other appointments. Mrs. Walker, in a pale pink sheath, welcomed her guests. Assisting were Mrs. William G. Williams, Mrs. John W. Blackburn, Mrs. J. W. Alexander and Mrs. Mark Gardner.

Presiding at the tea services were Women's association president Mrs. Elden Biery, Mrs. Lloyd G. Brasure, Mrs. L. M. Eaton and Mrs. Alfred Parmenter.

SPLASHY-PRINT MUUMUUS were much in evidence at the Northville Swim Club Saturday evening as 200 members and their guests gathered for a Hawaiian luau. The evening before rain drenched the turquoise pool, causing postponement of the teenagers' swim to 6 p.m. today or the first hot night. When the downpour came, teenagers fled to Amerman school for the chuck-wagon dinner.

The family pool — a modern successor to the ole swimmin' hole — has locker rooms much more appealing than any hickory limb. A yellow-striped awning hangs over the mirror while fishes "swim" on shower curtains.

Such things as topless bathing suits, mentioned in metropolitan papers, are only topics of conversation. However, one anonymous area resident called us to comment that, "You don't know how much enjoyment you get out of swimming bare-topped." She added that she knew because she had tried it on secluded summer vacations way back in 1908-1916.

WE WELCOME to the summer staff of The Northville Record Miss Marilyn Sable of Detroit. She is a senior at Wayne State University and a journalism major. She is a member of Theta Sigma Phi honorary journalism society for women and already has had 11 weeks of professional experience on The Detroit Free Press as part of her training.

She will be taking my place. Please call her with your summer news — and HAPPY VACATIONS to all!

Child Census Hits 3,255 In Northville

A preliminary report of the 1964 school census issued by Dr. Kenneth MacLeod, assistant superintendent of schools, indicates a net gain of 180 children, both pre-school and school ages, over last year.

The report for the Northville Public schools shows that the smallest gain is in the number of pre-school children, those under 5 years old. There were 704 in 1963 compared to 710 for this year. The total of those of school age, 5 to 19 years, is 2545 in 1964 compared to 2371 for last year. Total census for all children is 3255 compared to 3075 last year.

The report, dating back to 1920 indicates there are nearly 10 times as many youngsters in the school district in 1964 than there were in 1920.

Since 1950, the number of children has tripled. This includes both those of school age and pre-school age. Prior to 1943, the census included children from the ages of 5 to 19 only.

She Wins Chrysler Scholarship

For every year that she's in college, Carol L. Werdehoff will receive \$250.

Daughter of Mr. and Mrs. Albert Werdehoff, 919 Carrington, Carol is one of 51 Chrysler Corporation Fund scholarship winners.

The scholarships were applicable to any college or university. Carol selected Oakland University and will begin her freshman year there in the fall, majoring in sociology.

The winners, sons and daughters of Chrysler Corporation employees, will be guests of the company Monday, June 22, for a plant tour and luncheon. In the evening they will be honored at a dinner and awards ceremony conducted by Chrysler president, Lynn A. Townsend, and F. L. Misch, vice-president - finance.

Around Northville

The Carl Bryans of West Main have a house guest, Mrs. Mary Davis, from California. Mrs. Davis will stay in Northville for two weeks.

Mrs. Ray Letchfield of 214 S. Center street returned home recently from a visit with relatives in North Carolina. Her visit was saddened by the death of her brother, David Beamen, who had been ill for several years.

Martin Klerkx, 24435 Millstream, Novi, was among 3,460 candidates awarded degrees by Michigan State University at the spring commencement exercises last Sunday. Klerkx received a Bachelor of Science degree in Mathematics.

Births

Mr. and Mrs. Terry D. Goebel of Plymouth are the parents of a daughter born June 6 in St. Mary hospital, Livonia. Little Krystal Ann Goebel weighed 7 pounds, 6 ounces at birth. Mrs. Goebel is the former Sharon Budd of Northville. Grandparents are Mr. and Mrs. Henry Budd of Northville and Mr. and Mrs. Paul Goebel of Plymouth.

Mr. and Mrs. Robert Freydl of 207 North Rogers announce the birth of a son, Foster Robert, June 2 at St. Mary hospital. Little Foster weighed 8 pounds and 14 ounces at birth. His maternal grandparents are Mr. and Mrs. Curt Roberts of Detroit. The paternal grandparents are Mr. and Mrs. Charles Freydl, Sr. of 455 Eaton drive.

Engaged

Ruth Anne Rawlings

Mr. and Mrs. Donald Rawlings of 6155 Island Lake drive, Brighton announce the engagement of their daughter, Ruth Anne, to Mr. Donald Fultz, son of Mr. and Mrs. Henry Meier of East Ten Mile road.

Ruth Anne is a graduate of Brighton high school and currently is employed at Refrigeration Research, Inc. as a secretary.

Donald is a South Lyon high school graduate and plans to enter Eastern Michigan university this fall. He is presently employed at the Northville Ford Motor company.

An August wedding is planned.

Local Boys Graduated At Kemper

Glenn Martin, son of Mr. and Mrs. Frank J. Martin, 45332 Byrne drive and Terrence Pat Meyer, son of Mr. and Mrs. Howard Meyer, 46120 West 8 Mile road were members of the 1964 junior college graduating class at Kemper Military School and College, Boonville, Missouri and were awarded their Associate in Arts degree in commencement exercises, May 30.

The final exercises of Kemper's 120th year featured the inauguration of Col. James P. Kelly, Trenton, Missouri, as the eighth president of the school. Colonel Kelly, who represents the 12th district in the Missouri Senate, attended the school in 1925-31, serving two consecutive years as battalion commander.

Martin received awards as the best "old cadet" in individual competitive drill in the battalion, as well as the best drilled "old cadet" in individual drill his company, Company E.

Meyer was designated to two of the school's honor societies — scholastic and general. He received the John Philip Sousa plaque and scroll for excellence in musicianship. In other awards, he received a certificate as one of the "old cadets" having the least number of demerits for the 1963-64 school year. He also received a Kemper scroll for consistent achievement in economic history.

IT'S AMAZING what a little organization and knowhow can do.

Take a house. All that lumber and nails and bricks and mortar don't look like much without blueprints and carpenters and bricklayers.

Or take a play, like the musical comedy The Northville Players Guild will present next weekend. A gaggle of actors and actresses with all their scenery and stage paraphernalia couldn't get by the overture without direction.

And this direction isn't the Hollywood prototype of canvasback chair, dark glasses and megaphone. Direction for the Northville Players' "Geisha" cast is a man with baton, score and script and a woman with a pencil and notebook.

Col. Van Atta to Command U.S. Army Map Service

Colonel Ward H. Van Atta, son of Mrs. Fred Van Atta, 136 E. Cady, has been appointed Commanding Officer of the U. S. Army Map Service (AMS) effective July 1.

The AMS, located in Washington D. C., is the world's largest and foremost mapping agency. Its activities range from topographic mapping and the collection of geodetic data to maintenance of the world's largest topographic map li-

brary. Van Atta is currently Director of the U.S. Army Engineer Geodesy, Intelligence and Mapping Research and Development Agency (GIMRADA) in Fort Belvoir, Virginia.

After graduation from Michigan State University, he was commissioned in the Corps of Engineers in 1937. Later, he received a Master of Science in Engineering from Harvard University and a Master of Arts degree in International Affairs from George Washington University.

Colonel and Mrs. Van Atta are the parents of two sons.

Many thanks to all my
friends and relatives for the
beautiful flowers, cards and
gifts during my stay in the
University Hospital. Special
thanks to Northville Eagles
and Auxiliary for their many
kindnesses.
Helen Robertson

We wish to express our sin-
cere thanks to our friends for
their thoughtfulness during our
bereavement. The family of
Frances Defina.

The family of Fred J. Moffitt
wishes to sincerely thank all of
our friends, and neighbors who
sent cards and messages of
condolence in our recent be-
reavement. Also our special
thanks to Dr. Atchison, Rev.
Robert Spradling and Fred
Casterline.

HE SHOULD HAVE
ASKED HIMSELF
THESE QUESTIONS:

- 1—Can I evaluate the market
for my house?
- 2—Do I have a ready list of
prospects?
- 3—Am I able to follow up on
prospects and close the
sale?
- 4—Do I know how or where
to obtain a loan for a
buyer?
- 5—Am I able to handle all the
proper work involved?
- 6—How do I handle curiosity
seekers?
- 7—How do I cope with bargain
hunters?
- 8—Why should I expose my
family to perils from
strangers?
- 9—Why should I neglect my
job to play salesman?

Spagy - T-Birds Remain Undefeated in Class E

Spagy - Thunderbird remained undefeated in the Northville Recreation class E 15-and-under league by outscoring Wayne County Training School, 10-8, June 10.

The Birds' record now stands at 2-0 after the second week of play.

Although they garnered only five hits, the local nine took good advantage of 13 walks and six errors to establish an early lead that held up.

Scott Bergo led the local attack with two singles. He was the only Bird to collect more than one hit.

Big inning for the Birds was the fourth as 10 men went to the plate to push across four runs. A combination of four walks and an error loaded the sacks to set the stage for singles by Bergo and Bill Shiger.

WCTS pounded out 10 hits, including two doubles, a triple and a round tripper, but a late inning rally fell short. WCTS scored three runs in the fifth frame and two in the sixth.

But pitchers Glenn Deibert and Bruce Durham weathered the attack.

Northville Recreation was not so fortunate in its second diamond venture as Bill's Market blasted its way to a 25-0 victory.

Bill's only had seven hits, but the players literally walked around the bases as the Recreation twirlers gave up 21 walks.

Novi General Filters came from behind to snatch victory from the Northville Plumbers, 6-5, June 10.

Four runs on four hits in the bottom of the seventh put the game away for the Filters.

Larry Biddle went the route on the mound for the Plumbers, and he also pounded out a double to pace his mates.

A misjudged fly ball led to five big Dearborn Heights' runs Friday as the Northville Plumbers dropped their first encounter, 8-5, in class D 18-and-under recreation play.

Despite the loss, Northville looked good in its first outing, according to Coach Dave Hay, because the Plumbers have had only one practice. He added that potential for a good team was present.

Opportunity for a comeback was squelched when the game was called at the end of five innings because of darkness.

Big man at the plate for the Plumbers was Terry LaRue, who had two for three. Mike Turnbull, however, supplied the big punch of the evening when he stroked a triple with the bases loaded, giving Northville an early lead.

Ahead 5-3 entering the fourth frame, the Plumbers lost their own ball game. Dearborn loaded the bases, and then a misjudged fly ball wound up as a grand slam home run.

Paragon On Heels Of Rotary

The Paragon Steelers, by copping three victories the past week, closed in on the league leading Rotary Wheels and Cole Jayhawks in Novi Little League play as the season reached the half way mark.

Led by Rick Ortwine on the mound and D. Heathcock, who had three for four at the plate, the Steelers edged the Wheels Saturday, 8-6, to make a strong bid for top honors in the loop.

The Steelers then took the Rexall Pillers to task June 9, 6-5, with M. Bingham gaining credit for the win. Heathcock then paced his mates to a 9-0 win over the Tigers Friday by twirling a neat two-hitter.

The Jayhawks, who were trailing the Wheels by one-half a game last week, won their only encounter with ease, topping the Party Store Eagles, 16-4, June 10. Winning pitcher was Jon Van Wagner, holder of a 4-0 record, the best in the league.

In a tilt conspicuous for home runs, the Wheels won their only game by edging the Pillers last Thursday, 8-7. Circuit clouts were slammed by Lee Snow of the Pillers (who also had three for three) and R. Thompson of the Wheels. John Kaminski got credit for the victory.

The Eagles turned the first double-header win of the season when they trounced the Tigers, 17-2, in a full length contest June 8. Then the Eagles slipped by the Tigers, 8-7, in a play off of a previously tied ball game.

Games this week include the Eagles vs Steelers Wednesday; Wheels vs Jayhawks Friday; Steelers vs Jayhawks Monday; Tigers vs Wheels Tuesday, and the Pillers vs Eagles Wednesday. All games begin at 6 p.m. at the Novi school.

Police Proclaim Burglary Week

Police Chiefs Eugene King and Lee BeGole announced that the mayors of Northville and Novi, A. M. Allen and Joseph Crupi, in cooperation with Michigan Association of Chiefs of Police state-wide program, have proclaimed the week of June 21st through June 27th as Burglary Prevention Week.

According to the chiefs, "this is not intended to be facetious, nor an indication we're only interested in preventing burglaries one week of the year. Rather, various law enforcement agencies throughout the country have designated this week to emphasize the seriousness of this crime and how the public can help by observing some simple means to keep burglars out of their homes during the vacation months ahead."

Few people realize burglaries account for 44% of the total major crimes in the country. They occur at a much greater frequency than any other crime — one every 35 seconds; day and night, throughout the year. During 1963 there were an estimated 90,000 burglaries committed across the country. The total dollar loss of these burglaries was approximately \$200 million.

Here are some suggestions the police department recommends you take before leaving your home during the warm months ahead:

1. Use good locks. Don't rely on cheap door locks to protect your home and valuables. Pin tumbler cylinder locks or locks with a dead-bolt mechanism are more effective.
2. Have one or two lamps burning during the evening.

NEW DIAMOND — Northville's recreation department opened a new baseball diamond this week on Ford Field, in past years the home field for Northville high school football games. The field was officially opened Tuesday night when City Manager Bruce Potthoff tossed the first ball of the class F (13 and under) game between the Casterline Braves and Northville Orioles to Recreation Director Ken Conley. The Braves won, 23-0.

Must Register for Rec!

Northville Recreation Director Ken Conley advises parents and prospective participants in the summer program to consult the 1964 brochure, which was distributed to all families, for a complete listing of activities.

According to Conley, each participant must be registered at the Scout-Recreation building before attending any activity.

The following revision and practice schedule were announced this week by Conley. All Class F evening games will be played at the new diamond on Ford Field instead of at Cass Benton Park.

The practice session for the Northville Record Dodgers will be held at 8 a.m., the John Mach Ford Yankees at 9 a.m., the Casterline Indians at 10 a.m. and the Bloom Insurance Cardinals at 11 a.m. Friday, June 19, at diamond number two in Cass Benton Park.

Let's Save Larry's Television Station

To the Editor:

I think the article and pictures read to me by my husband (concerning young Larry Hill's TV station) very commendable and had this thought which I am enclosing. I would like to see Northville help this young man and not dismantle what he has assembled. What do you think?

Let's get behind our Northville graduate, Larry. As Bill and I, after reading about this young man in last week's Record, feel we have a genius in

our midst. Let's rally around and keep Larry's "ham shack" intact. It could mean the center of attraction in a few short years to come — like Greenfield Village.

Let's not sit on our hands, but keep what he has strived to earn. You know many a paper boy has made good — a future citizen or president, if God so wills. Let's go up hill with Larry. He has got what it takes except perhaps some financial aid. How about it?

In Justice Court

Kenneth Wesley Segrest of Detroit was charged June 6 with driving under the influ-

ence of intoxicating liquor and possessing a mutilated driver's license. At arraignment before Northville Justice Court of Judge Charles W. MacDonald, he pleaded guilty to both charges. On the first count, he paid a \$75 fine and \$5 costs. His license was also suspended for 90 days. He was fined \$5 on the second count.

At a trial June 15 James Harvey Shinaver of Livonia was found guilty of speeding 80 mph in a 65 mph zone on West Eight Mile road, May 12. He had pleaded 'not guilty' at arraignment, May 25, and was released on \$100 personal bond. After being found guilty, he was assessed \$20 in fines and cost.

Alvin A. Jasperson of Chicago was charged June 10 with driving without a valid operator's license in his immediate possession. He posted a \$25 cash bond and was released. Jasperson entered a plea of guilty at his arraignment, June 15, and paid a fine of \$10 and costs.

Gertrude June Atchinson, 410 Beal street, was released on a personal bond of \$50 after being charged with driving without a license, May 31. She pleaded guilty at arraignment, June 6, and was fined \$5.

While making the rounds of the buildings at 4:15 a.m. an officer found the front door of the bar unlocked. He investigated inside and found nothing wrong. He locked the door. Meanwhile another officer checked the back door and found it locked.

An hour later when the owner, Leo Markum, entered the bar, he found the front door unlocked. He went to the back and found a cigar box, which had contained the cash, on the floor.

Investigation subsequently revealed that the bandit had attempted to break through the back door. Police Chief King said that he probably was afraid to use the front door; but when he found he couldn't get out the back had to resort to it anyway.

A stop watch, the type used for timing horse races was also taken.

Fingerprints were found on the cigar box, but as yet have not been identified, said Chief King.

Two cars collided early Monday morning, June 15, at the

'Overnight' Burglar Nets \$200 at Bar

Ramsey's Bar, 105 North Center, was robbed early Friday morning of \$200.

Police believe the bandit had been locked in when the bartender, Harley Ward, closed for the night. He apparently slipped down the back stairs and hid in the basement, said Police Chief Eugene King. Police found burnt matches in a little room of the basement. Ward said he did not check the basement when he closed for the night.

Mrs. Joyce E. Klimecky of East Lansing was attempting to make a left hand turn from North Center on to East Main in the face of oncoming traffic. Mrs. Jeanne M. Tanke of Dearborn Heights, was driving north on Center.

Mrs. Klimecky received a cut on her upper lip. Mrs. Tanke received a slight head injury. However, neither was injured seriously.

Police Chief Eugene King stated that the FBI is still investigating, checking and interviewing people concerning the \$8,565 robbery at the Northville office of Detroit Federal Savings and Loan, Monday, June 8.

Dems Organize Club in Novi

The first meeting of the Novi Democratic Club will be held Wednesday, June 24, 8-10 p.m. at the home of James M. Haas, 44911 Grand River, Novi.

Major item on the agenda will be the election of officers and the setting of an official time and place for future meetings.

Members will also launch a petition drive against the Massachusetts ballot in Michigan.

Special guest at the meeting will be Sander Levin, Democratic county chairman. Other guests include Ray Lahti, Democratic candidate for state representative and Dorothy Olsen, a delegate to the Democratic National Convention who is also treasurer of White-lake Township.

Members are urged to invite their Democratic friends.

Robinson moved, supported by Tyler, that the Water & Sewer Commission bills be paid Ayes: All. Motion carried.

Old Business: 1. Report from Committee Trustee Robinson advised that a brief meeting had been had with the City of Northville committee as Mr. Canterbury had arrived late and left early. The decision arrived at — sometime in June a firm date would be set to firm up all figures.

New Business: 1. After due discussion and consideration, Lawrence moved, supported by Young, that Resolution No. 64-20 (Amendment No. 1-L) amending the Zoning Ordinance of the Township of Northville, be adopted. Ayes: Merriam, Tyler, Robinson, Lawrence and Young. Motion carried.

2. After study, Tyler moved, supported by Young, the adoption of Resolution 64-21 authorizing Bonds of the Township of Northville be issued for the sum of \$24,000 for Special Assessment District No. 1. Ayes: Merriam, Tyler, Robinson, Lawrence and Young. Motion carried.

3. Supervisor Merriam informed the board that he would like to direct attorney Littell to draw an Ordinance

or Resolution to set charges for additional taps to lines built in special assessment districts to persons or property not included in the original district assessment, his thinking being that it would not be fair for a property owner to tap-in to a new special assessment water main at a later time for the \$400 tap fee when it was costing \$1358.76 per benefit at the time the assessment district is originated.

The board was in agreement with Supervisor Merriam. Attorney Littell suggested that he be given some time to study the situation before deciding how his should be drawn. This was agreeable.

4. Consideration of purchase of new office lighting, water cooler and an air conditioner was taken up.

After discussion, it was decided to obtain more information and bids on the water cooler and air conditioning.

Young moved, supported by Lawrence, that DeKay Electric bid be accepted on the lighting for the office. Ayes: Merriam, Robinson, Lawrence & Young. Nays: Tyler. Motion carried.

5. Fees, which had been recommended by Mosher Associates, for charges to review plans for requests for removal of soil, sand or gravel, was brought under discussion.

With full agreement by the board, Attorney Littell was asked to draft a resolution covering these requests, which would be brought up for adoption at the next regular Board meeting.

Supervisor Merriam asked if there was any further business to be brought before the board.

Trustee Robinson advised he had two different matters. First — Robinson moved that the Northville Township Board reconsider the petition submitted by A. Malcolm Allen requesting joint resolution action to annex his Scott Avenue property to the City of Northville.

Trustee Tyler stated that while he had voted against this annexation originally, on the basis of hope for a more harmonious relationship between the township and the city of Northville, he would support Robinson's motion.

Ayes: Merriam, Tyler & Robinson. Nays: Lawrence voted Nay, stating that he did not believe that an elected official

Ambinder Family 'Adopts' 8-Year-Old Chinese Boy

Mr. and Mrs. Walter Ambinder of 23941 East LeBost, Novi, have financially adopted Tong Chi Sing, an 8-year-old Chinese boy in Hong Kong through the Foster Parents' Plan, Inc.

Chi Sing is in the second grade. Four years ago, Chi

Sing, his mother, two sisters and brother escaped from Communist China. His father has not been able to escape or to get permission to leave from the Chinese Communists.

They live with his maternal grandparents and an uncle, in one cubicle, 12 by 16 feet. It has three beds, a folding and two other small tables and several stools. They have an electric light.

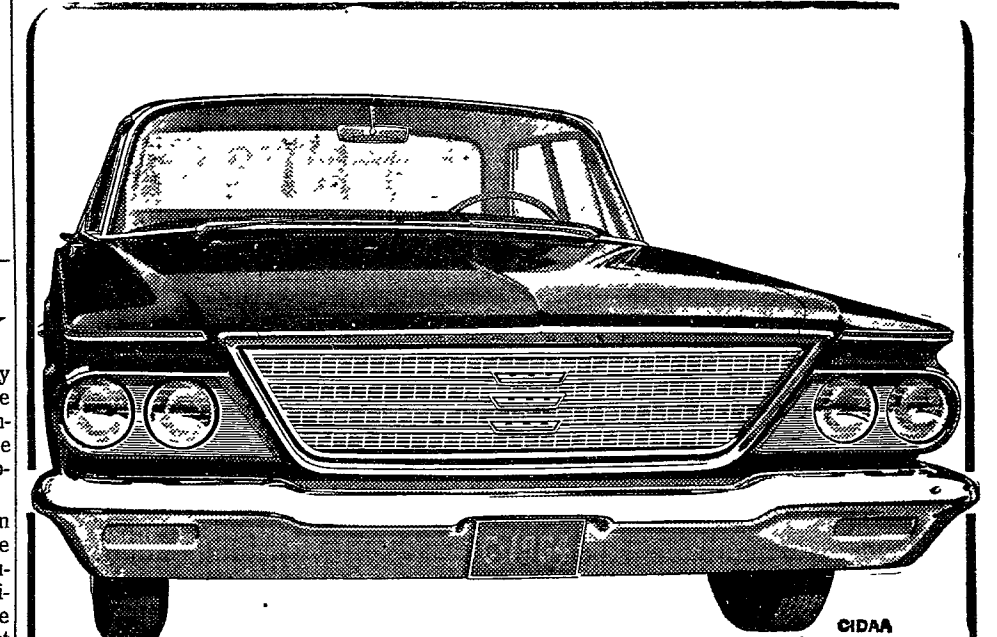

Chi Sing and 33,000 other children are being helped through the Foster Parents' Plan. The Plan is a non-profit, non-propaganda, independent and government approved organization. Adoption through the plan is financial not legal.

Tong Chi Sing

The Ambinders contribute \$15 a month for Chi Sing's support. He receives \$8 a month in cash plus new clothing, household equipment, medical care, school fees and books. Under the Plan his immediate family is also eligible for good used clothing and is offered vocational training and medical care.

Every month Chi Sing writes to "Dear Foster Parent." The Foster Parent also writes monthly.

This big beautiful Chrysler is priced less than \$7 a month more than you'd pay for a Ford or Chevrolet*

We're comparing prices on a Chrysler Newport, Ford Galaxie 500, and Chevy Impala. All 4-door sedans. All comparably equipped. The difference is less than \$7 a month!

We're talking about a beautiful big, 18-foot, 2-ton Chrysler. With a 361-cubic-inch V-8 engine. Power steering. Power brakes. Automatic transmission. Radio. Heater. The works!

Come in. We'll quote you a price you'll go for. And subtract a big bundle for your car to boot.

*Payments based on manufacturer's suggested retail prices. 1/2 down. 36 month payments. Excluding destination charges, state and local taxes, interest and insurance.

Telephone Lines

By H. J. WILSON, Manager

IF YOUR PHONE could talk, it might have a bit of a Southern accent! For one important part of most phones today is a small fluffy ball of cotton. The cotton is tucked into the hollow part of the handset, to prevent vibrations and echoes from the mouthpiece reaching the earpiece. This tiny addition contributes greatly to the amazing clarity with which today's phones transmit voices across town or over thousands of miles with equal ease.

"WE'RE ON OUR WAY!"

Planning a trip? Before you pack up, pick up the phone and let folks know when to expect you. You'll avoid the disappointment of finding them away from home when you arrive. And of course, it's equally important to phone ahead when a hotel or motel is your destination. And when you arrive, why not phone the folks at home? They'll be glad to hear you arrived safely. It doesn't cost much to keep in touch by Long Distance—use it often.

BE OUT-OF-DOORS without being out-of-luck when the phone rings. Ever miss out on an important call because you were out in the yard and couldn't hear the phone ring? It won't happen again if you'll just ask your Telephone Man to install a Bell Chime ringer. This device can be set to ring extra loud when you're outside. Then when you're indoors the Bell Chime can be set to announce calls with soft, melodious notes that will soothe your ear—or set for your regular telephone "ring." Order yours today. Just call our Business Office.

for Highway EMERGENCIES!

Truck drivers are trained to drive safely, courteously, and to offer a helping hand when needed. Most fleet drivers know first aid as they know the routes they travel... know how to use the safety devices and first aid equipment in most trucks.

The Michigan Trucking Association maintains a full-time Safety Director with the responsibility of promoting safety courses, which the drivers take on their own time. So, when you need help on the highway... flag a truck driver. He's trained... and glad to assist you.

Light Up for Fun

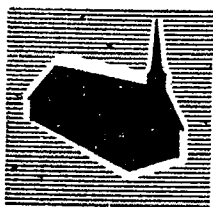

GAS YARD LIGHT Special Offer
SAVE \$20.00
ON INSTALLATION FOR LIMITED TIME

An added "golden glow" is given to family fun when you prolong the enjoyment of a pool, garden or patio with a gas yard light. Outdoor gaslighting has so many advantages. It makes it possible to entertain outdoors after dark. Gives just the right light for patio cooking and dining. With a soft, mellow glow; gaslighting serves as a safety feature too. It illuminates steps and walking hazards while it dresses up a flower garden, accents a well-shaped tree, a path or a rock garden. The gas yard light is gaining widespread popularity among homeowners because it lends a pleasant note of grace and charm to even the most informal occasions.

Witnesses To Show Film Here

Carson C. Coonce, Plymouth, presiding minister of the Plymouth Congregation of Jehovah's Witnesses, said today that a free two-hour film will be presented Saturday, June 20 as a special feature of the three-day assembly of Jehovah's Witnesses scheduled for this weekend at the Northville high school. The film is entitled "Proclaiming 'everlasting Good News' Around the World."
According to Coonce, the film was produced by the Watch Tower Society as part of the around-the-world series of assemblies held from June 30 to September 8, 1963. Over 580,000 persons from 161 lands attended the 24 conventions in principal cities of the U.S.A., Europe, Asia, Australia and the Islands of the Pacific.
"We expect to show this film to people all over the world," Coonce said. "It is already being scheduled in cities all over the country and will soon be carried into the heart of Asia, South America and Africa — in fact, everywhere where people are allowed to congregate, which might rule out, for the present at least, countries behind the Iron Curtain," Coonce added.
The showing in Northville is scheduled for 7 p.m.

Identification By Association
Crouching cowardly and confused against the wall of the Priest's court, Peter was recognized and publicly heralded as being "one of them" — meaning, one of the followers of Christ. Peter's spontaneous defensive denial was both true and false. In terms of past association, he was assumed to be a follower of Christ. However, at this very moment of accusation by his own words of defense, he was not a follower of Christ. Instead, he was a liar and, therefore, a traitor to Christ and to one of the basic virtues of following Christ namely, honesty.

It was not uncommon for Peter to be with Christ and yet not be with Christ. Just a few moments before the trial in Pilate's court, Peter had proven the fallacy of reliable identification by association by picking up a sword and cutting off the ear of a Roman soldier which is hardly the way a Christian should act. On another occasion, Jesus had to say to him, "Peter, you are an offense unto me. Get thee behind me, Satan."

Many of us were brought up to accord merit to the maxim, "a man is known by the friends he keeps." In terms of judging a person purely upon the basis of the company he keeps. This is not necessarily so. For instance, many people are regarded, by some, as being Christians because they are members of a Christian church when actually they make little or no effort to exercise themselves in the Christian virtues or responsibilities. This is false "honor" based upon identification by association! At the same time, other people are falsely accused of

"guilt" because they have been in the company of questionable people. This is what happened to Jesus when the scribes found Him eating with sinners in Matthew's house. It is just as wrong to accord "honor" to a person purely upon the basis of his association with a "good cause as it is to accord "guilt" to a person who has been identified with people known to be participants in a "bad" cause!

The formulation of judgments concerning other people purely upon the basis of "identification by association" is far from being reliable. This is so for many reasons. First, no person nor group can forcibly cause any person to believe or spiritually feel what he does not want to believe or feel. Even Communism can not control the "hearts" of men, hence, the increasing number of people who defect from Communist countries to the free world. Second, there is the ever present human quality of hypocrisy. Some men will deliberately profess one thing and then live in an entirely opposite fashion. Some will even falsify their profession concerning the Christian faith simply to gain status by becoming a member of the Christian Church. Third, men have been known to identify themselves with certain groups simply for the purpose of "spying" on them. Witness such a documented television of a few years ago as "I Lived Three Lives" and more current accounts of similar experiences. Fourth, the word "subversive" is very much a part of our common language today and connotes the fact that one will identify himself with others primarily in the intent to help bring about a change with-

in the very group with which he is associated.

If there is any group in the world that should refrain from employing the method of accusation of "guilt by association" it is the followers of Christ. This is true because, if they are doing their God-given job, they are engaged in the greatest "subversive" activity of all time! Through their sincere commitments they are partners-with-God in God's struggle, from within, to "overturn" (subvert) the world from sin to righteousness. Christians, being in the world, are not "of" the world. They are not guilty of worldliness simply because they live among worldly people! They are in the world for the same reason that Christ came into the world — not to condemn but to redeem. In order to redeem or change anything, one must be a part of it. Redemption does not take place in absentia! It was because of the redemptive witness of the early Christians that they came to be known as those "who turn the world upside down!" They were "subversives."

How does one go about judging another — honestly and reliably? NOT by his assumed or known associates; but by his life! And this, in the Judao-Christian heritage, is a judgment in the light of each man's love for God and, through God's love, love for his fellow men!
"There is no fear in love, but perfect love casts out fear. For fear has to do with punishment, and he who fears is not perfected in love. We love, because he (God) first loved us. If any one says, 'I love God,' and hates his brother, he is a liar." (I John 4:18-20).

Three from Northville Sign Livonia Teaching Contracts

Kenneth E. Thompson, of 114 East Dunlap, Miss Elsa Couse, of 45875 West Seven Mile road and Mrs. Marjorie Jones of 760 Spring drive, Northville, will teach in the Livonia public schools next fall.

According to Benton Yates, Livonia's superintendent of schools, more than one hundred new teachers will be hired to take care of the growing needs of this 36 square mile school district.

Thompson, who holds a B.S. and a M.A. degree from Eastern Michigan University will be with the speech correction department. Miss Couse, who holds a B.A. degree from Al-

bion College and a M.A. degree from the University of Michigan, will teach science in the Bentley high school, and Mrs. Jones, who will teach in the elementary grades, holds a B.S. degree from Wayne State University.

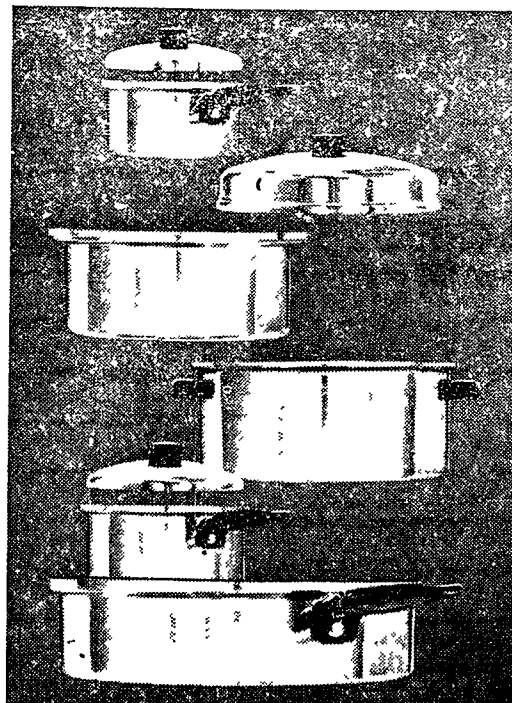

The award was instituted in Michigan this year.

It was earned by Burkman for active participation in presenting educational materials and services to schools, civic groups and churches in his community.

CITY OF WIXOM

ORDINANCE ESTABLISHING A VIOLATIONS BUREAU

ORDINANCE NO. 54

THE CITY OF WIXOM ORDAINS:

Section 1. There is hereby established a Traffic Violations Bureau of the City of Wixom. The object of such bureau of the City shall be to relieve the congestion of the Court and to save the time of both the violator and the police officer making the complaint.

The following is a summary of the remaining Sections. Provision is made for a violator to have 10 days to pay his fine through the Violations Bureau; a schedule of fines was adopted, with exceptions listed; Bureau to be under supervision of Justice of the Peace; and regulations were established for accounting.

Notice that printed copies of this Ordinance are available for inspection at the office of the Clerk at the City Hall.

THE BANK THAT FARMINGTON BUILT

Please join us: Thursday and Friday, June 25th and 26th, at our new Farmington office

You and your family are cordially invited to help us celebrate the opening of our new Farmington Office at the corner of Farmington Road and Alta Road. Won't you join us for refreshments Thursday, June 25 from 9:30 a.m. to 3:00 p.m., or Friday, June 26 from 9:30 a.m. to 7:30 p.m.

We would like to show you how our new facilities will make banking in Farmington easier than ever — three new Drive-In windows, large parking lot, and modern Installan office — all designed with you in mind.

Our friendly, courteous staff is ready to serve you in Michigan's most modern full-service banking

office with NBD Commercial, Personal, and Econ-O-Check® Checking Accounts, 3½% Regular and 4% Investment Savings Accounts, as well as our Automatic Savings Plan and complete Installan and Trust Services. Safe Deposit services are provided by the Safe Deposit Company of Detroit.

Banking hours for our new office will be Monday through Thursday, 9:30 a.m. to 3:00 p.m., and on Friday until 7:30 p.m. Our Drive-In windows will be open Monday through Thursday from 9:00 a.m. to 4:00 p.m., and on Friday until 7:30 p.m., and of course we will continue to operate our Grand River Walk-Up windows for your convenience during the same hours.

SPEAKING for The Record

By BILL SLIGER

It's been more than a week now since a customer stepped up to the counter at Detroit Federal Savings and Loan association in Northville and walked out \$6,565 richer.

His method of withdrawal — with gun and canvas bag — places him on the "wanted" list of the local police and FBI.

Officials are guarding whatever leads they have, but so far it appears that the stranger is still unknown — at least to authorities.

But not to "Dorothy."
She knows who he is and what motivated his action.

But I'm getting ahead of my story.
It all started the evening of the robbery. It was nearly 11 p.m. and I had returned to the office from a school board meeting. In the still of the late-hour I could clear some of the work from my desk.

My concentration was interrupted by Chuck Gross, who works in our darkroom, and his friend, Al DePorter of Plymouth.

"Didja hear about the bank robbery?" they asked.

"Of course," I answered, affronted at the suggestion that the newspaper was asleep at the linotype.

"Yeah, but do you know who did it?" replied Al.

For a fleeting second I thought the boys were going to produce the bank roll and give me an exclusive.

But then Al explained that his mother has an interesting hobby . . . and a "spirit" friend named Dorothy.

Al's mother is Mrs. Ivan Baldwin of Plymouth. Professionally, she's a hairdresser. But for fun, and the entertainment of her friends, she does a little forecasting through her connections with "Dorothy."

Informed of the robbery by Chuck and Al she consulted Dorothy and discovered that the hold-up man was really out of character when he pulled the robbery.

But as a businessman, he is having financial difficulties. His firm had been turned down for a loan, so in desperation, he used a more direct approach to securing needed funds.

His company has a first name of a city or state and the second name of an auto part, says Dorothy.

She listed other details, but frankly I'm afraid they may describe someone too accurately and this column will have a lawsuit on its hands.

To this point I wouldn't have believed one word of the above.

But the boys had one other bit of information from Dorothy — the winner of the 10th race at Northville Downs on that very evening.

"Who'd she pick?" I asked, knowing full well the race wouldn't be run for another 30 minutes.

The boys said she predicted that the winning horse would have a girl's first name and a very short second name. Producing a program, the boys pointed to a long-shot named "Debbie's Boy."

With this bit of choice information my interest increased . . . in fact, it became downright uncontrollable.

So I gave the boys a small sum and told them to bet it on the nose of Debbie's Boy.

"If we win, we'll split. If we lose, we'll know Dorothy's a fraud," I proposed.

The boys were off for the track and I went back to work.

They returned less than an hour later, faces beaming . . . Debbie's Boy had won in a photo.

State Sends 44% of Grads to College

LANSING — Less than half of Michigan's high school graduates last year went on to continue their education in college, according to a national survey.

The 44 percent figure ranked Michigan well below the national average, in spot No. 37 among the states. The national average was 51 per cent, California, with 81 per cent, leads the list. Two of Michigan's border states, Ohio and Indiana, had the same 44 per cent of high school graduates enroll in college.

Officials in the U.S. Office of Education emphasized the study justified few conclusions because many factors affect college enrollment in the various states.

Skepticism over the value of the national report has been voiced by some Michigan schoolmen because of its incomplete nature.

Educators say the survey shows very little since it does not include comparative information such as the proportion of young people attending high school in each state, the drop-out rates, and the extent of vocational training available in the schools.

The availability of college facilities, economic status of the students' families, opportunities for jobs without higher education, and many other factors would need to be studied to draw any real conclusions from the national survey.

While fighting hard for the No. 2 spot in Michigan business, the tourist industry has received some encouraging words.

One source predicts the industry is headed for its first billion dollar year, combining both direct sales of services and the indirect product sales which make a vacation enjoyable.

In the past couple years the best estimates on the business done by the tourist industry in Michigan have ranged between \$500 and \$725 million.

Inquiries at tourist-information centers range 25 per cent above last year, a good omen for the summer season.

With a well-rounded tourist program throughout the state, Gov. George Romney has urged members of the industry to pool their efforts to emphasize the appeal of the state as a natural wonderland.

"What we must grasp is the relatedness of all these natural attractions, events, developments and services," Romney said. "We must consciously cluster our attractions. They are not in competition with each other, but instead each supplements and reinforces the appeal of the other."

A well-rounded offering of resources to the traveling public is constantly being broadened in Michigan.

Farmers are encouraged to enter the recreation business as a means of turning poor or marginal farmland into productive use.

More leisure time, better roads, finer equipment more within the reach of modest

purses combine to give the tourist industry a great potential for continued growth.

Need for consolidation and revision of Michigan's election laws may force a special session of the Legislature this year.

Mid-summer is the most likely time, despite the November election. Legislative leaders quashed the idea of a June meeting to give members a chance to cool off from the long, hot session which ended in late May.

Michigan's legislators seem to make a habit of leaving something important undone in regular sessions.

Special sessions have become

a regular occurrence in recent years. In the past seven years, only two have passed without

the governor calling a special session. In those two years, however,

Business Cycles to Continue

BABSON PARK, Mass., — With the current expansion phase of the business cycle now ranking as the second-longest in peacetime history, the tendency is to feel that cycles have been eliminated through legislation and pump-priming. This type of thinking crops up from time to time, but prolonged booms inevitably lead to careless practices which must ultimately be corrected in ensuing downswings.

Conversely, recessions breed disappointment and disillusionment which curtail demand and growth and build up pressure for the next upswing.

From the last cyclical low point in industrial production in February 1961, factory output has trended consistently upward. This reflects the combined effects of rising demand due to population growth, increased government spending at all levels, and rising consumer income structures. One must not overlook, either, the tremendous impact of advertising and the easy credit conditions.

This rising trend, however, cannot go on indefinitely. The time is coming when one market after another will reach saturation. Demand and output will then level off, and decline. This, in turn, will adversely affect employment and incomes, further contracting business until natural growth forces and confidence again take hold.

Up to the present, this current business upturn has been unique in that inventory holdings have been kept low relative to sales growth. Excess productive capacities in many industries, ample supplies of most commodities on a worldwide basis, and the benefits of modern transportation and communications in speeding up ordering and deliveries — plus use of computers and other techniques — have all helped businessmen to operate with a low level of inventories. Businessmen now, however, show interest in more forward buying, which may be a mistake at this advanced stage in the upcycle. A later flattening out, or decline, in the sales curve could quickly result in burdensome inventory holdings.

If projections of sharply increased business capital expenditures over the rest of this year run true, this could be

the prime source of business vitality. However, the step-up in capital outlays may come too late for them to cash in on the current high level of demand. And the rising flood of goods resulting from increased plant could cause market glut and price cutting in the next recessionary period.

Borrowings by business have been only moderate in the present period of rising business. This has been due to the accelerated internal generation of cash resulting from liberal depreciation schedules. Hence, borrowings by consumers for installment purchases and mortgages have risen more rapidly than business loans. Expansion of consumer debt markedly inflates consumer buying power, and thus is a potent business stimulant. But growth in debt cannot long outpace growth in income. When debt repayments command too large a slice of take-home pay, consumer demand for durable goods and housing suffers.

Swings in interest rates, of course, are largely dependent upon demand for credit. So far, the upturns in borrowings have been edging interest rates higher. As borrowing costs increase further, however, they will tend to dampen demand for durables and housing — until debts become less burdensome and borrowing costs less expensive.

The foregoing illustrations

serve to point out that certain cycles are influenced importantly by human judgment. This is true of cycles in stock, bond, commodity, and real estate prices, as well as in the above-mentioned aspects of business. In a free enterprise economy such as ours, the cyclical ebb and flow reflects the net effect of the free choice and action of the people.

WHY should you buy a Studebaker?

Because it's good common sense. Studebaker's shape means small car maneuverability without sacrifice in comfort. It's compact front and rear, but full-size in the living room. Its style doesn't change from year to year, so your investment is protected, and so is your resale. Studebaker has big 15-inch wheels (most other cars are 13 or 14) for better roadability and longer tire wear. Its Armor Guard frame is durable. And, its performance is economical.

Your dealer invites you to see, hear, and feel the 28 extra value features that make Studebaker the Common-Sense car.
