The idea in the picture above was to have Jon Arnold sit in the middle of his water-filled boat and eat an ice cream cone. He steadfastly refused, despite the pleadings of two reporters and his mother, Mrs. James Arnold, 526 Langfield. For just a second he sat on the edge of the boat. Then he assumed the feet-in-the-water head-on-the-ground position. While others sweltered, Jon seemed to enjoy the 110 degree temperature recorded on the C. R. Ely & Son thermometer at 2:30 p.m. Monday.

On LeMaster Farm

Drill Rig Seeks Gas Space, Not Oil

A remnant of an exciting era towers against the sky near Northville.

It is a 128-foot high oil derrick on the LeMaster farm. Situated on Seven Mile just west of Napier road, it undoubtedly reminds residents of a decade ago when speculators abounded and slapped down huge sums of money in hope of discovering "black gold."

Some sank wells, bored thousands of feet through the earth and oil gushed forth. Others were not so lucky — they ended up with "dusters."

A duster is a dry or empty hole in oil industry jargon.

But the venture now underway is not "wild catting." North American Drilling Company is doing exploratory drilling for Consumers Power Company which holds the rights to natural gas and oil on the LeMaster property. Drillers have been on the spot since June 27 and will remain a few more weeks.

Actually, Consumers is searching for another underground gas facility well. It would hold natural gas from Texas fields and nearby wells around Northville during the summer months. Then, in the winter months when demand is heaviest, the gas would be channeled through the Northville pumping station and be distributed to most of the Detroit suburban area.

Other subterranean storage facilities operated by Consumers are located at Overisel near Holland and Marion. A third is in prospect at St. Clair. Max Sneary, a field foreman for Consumers, indicated that capacity of the potential storage well cannot be measured until drilling stops.

"Then we will probe the hole to determine how much gas can be stored," Sneary explained.

Asked if the mission is to strike oil, Sneary hinted that natural gas might be brought up but any oil "would be a real find."

Sneary said that many dusters were uncovered north and east of the drilling site during the "boom."

Ten years ago when Northville was an oil town, a few wells were tapped at 4,000 feet. At the present location, drillers have reached a depth of 3,675. They intend to go down as far as 4,600 feet.

"We are using the core method on this one," said Fritz Hodges, a member of the drilling crew. "A core is sunk prior to the regular tap for oil. Dirt and sludge come up the core and oil and gas come up the tap."

Hodges related that the diamond drill is cutting at the

rate of seventh-eighths of an inch a minute. But the rate varies according to the material encountered under the surface.

Meanwhile, as the drillers proceed toward their goal, the original LeMaster oil well which set off a round of prospecting in 1954, is still producing but at a slow pace.

The LeMaster well was the first substantial producer in Michigan to be struck in the Trenton formation. This layer is located nearly a mile beneath the surface and is the source of most of the oil produced today in Ohio.

Michigan ranks 13th in petroleum production and 17th in natural gas output. About half of the state's natural gas emanates from wells clustered in four counties — Wayne, Washtenaw, Clare and Livingston.

Only foreign exchange students, their American parents and Rotarians may attend the dinner, although Rotary hopes, and urges, all local residents to enjoy the program following dinner.

Rotary President A. R. Clarke will greet the visitors. A few words of welcome will also be heard from Albert A. Applegate, administrative assistant to Governor George Romney.

Mrs. Rachel Andresen, director of the sponsoring Youth for Understanding organization of the Council of Churches, will present certificates of recognition to students and their host families.

Two exchange students have been selected to speak for their fellow students. One will be Northville's Myrtle Jardine and the other Rudolf Weber, a German youth who has been living with an Ann Arbor family.

The "Russ Allen Downbeats" a group of Des Moines high school seniors who will tour Europe as a part of the Youth for Understanding program this summer, will provide musical entertainment.

Raymond Spear will serve as master of ceremonies for Rotary. Dr. H. L. Dyer is general chairman of the project. Rotarian S. D. Kinde, pastor of the First Methodist church, will offer invocation and introduce his fellow ministers of the

community, who will be guests at the program.

At approximately 8 p.m. foster families will leave and local residents will host the students until they depart for the New York World's Fair.

The students must be returned to the high school for briefing Sunday at 5:30 p.m. Their buses are scheduled to leave at 8:30 p.m. After a few days at the fair they'll board ship for the return home.

A special blue tabloid section in this edition contains the pictures of the foreign exchange students. Additional copies of these sections will be given to students and their foster families.

Among the youths bidding farewell to America will be Myrtle Jardine of North Ireland, who has spent her year in America in Northville with the Alfred Parmenter family.

Rotary has sought, and received, community cooperation in promoting the "foreign exchange weekend."

Residents have opened their homes to the visiting teenagers. Overnight accommodations have been volunteered to meet all needs, although a few will be guests in Plymouth Rotary homes because of special requests.

The Northville Baptist, Catholic, Lutheran, Methodist and Presbyterian churches have given strong support to the program and have urged their members to welcome youngsters into their homes.

In addition they have planned special services for Sunday as a highlight of the weekend activities.

Students and their families are expected by mid-afternoon Saturday. They'll gather at the high school for registration.

The outdoor dinner program will start at 6:30 p.m. Tables and chairs to accommodate the 1,800 guests will be set up in the parking area behind the high school.

Racing to Bring Record Tax Take

Racing fans have shoved more than \$10,000,000 through the pari-mutuel windows at Northville Downs this year.

Through last Saturday night, the 36th evening of racing in the 48-night meet, the total mutuel handle was \$9,973,300 compared to \$8,521,931 over the same number of nights last year.

Average nightly handle this year has been \$277,036, up 17 per cent.

Attendance is up 14 per cent with 173,113 fans through last Saturday evening compared to 152,405 during the same period last year.

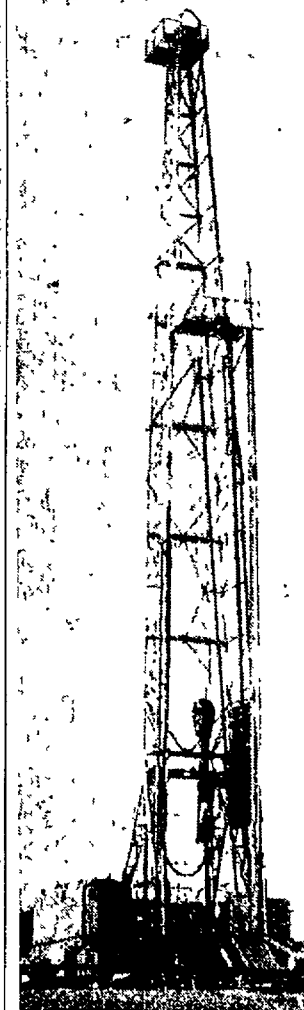

Saturday was a big night at

the track, the second largest betting-wise of the year. A total of \$369,093 was wagered.

Based on the average handle to date, the city of Northville is certain to receive its largest return from the state's share of the pari-mutuel handle.

Last year the city received a record \$120,000. This year the betting return could hit \$140,000.

The Northville meet closes Saturday evening, August 1. Executive Manager John Carlo anticipates a good turn-out this week end with \$2,500 open handicap events scheduled for both Friday and Saturday nights.

Rotary Club Prepares to Greet 1800 Exchange Students, American Parents

Community Opens Homes to Visitors

(Blue Plate Insert Carries Pictures)

Northville Rotarians are bracing themselves for the annual gathering of foreign exchange students and their American parents.

They'll say their "goodbyes" here Saturday night at the Rotary-sponsored farewell dinner.

Nearly 350 students from 13 foreign countries will be on hand at the box lunch dinner on the grounds of Northville high school. Total attendance is expected to reach 1,800.

American families from Michigan, Indiana and Ohio will attend the dinner program, along with a 19-member "Youth for Understanding" jazz band from Des Moines, Iowa and consuls representing many of the countries from which the youngsters came one year ago.

Among the youths bidding farewell to America will be Myrtle Jardine of North Ireland, who has spent her year in America in Northville with the Alfred Parmenter family.

City Pledges Clean-Up Of Business Property

Describing the area directly behind his Main street shoe store as a "skid row", Del Black urged city councilmen Monday night to lead the way in cleaning up the area so that businessmen might be encouraged to improve their store facilities.

He won full council support with a promise that action would be taken to buy by negotiation or condemnation buildings owned by Reuben Petersen on Main street between the Northville Electric-Del's Shoes building and Brader's and apartment dwelling units at the rear of the business buildings.

Black told councilmembers he was in the process of purchasing his building. He stated that plans were underway to improve the building and surrounding property, including removal of a barn for customer parking.

The young merchant was particularly critical of the residential unit in the rear of the stores, terming it unsightly. He said he had investigated the possibility of purchasing the property, but called the asking price unreasonable.

All council members supported Black's stand. A member of the audience at the council session also chimed in.

John Macauley, president of the Jaycees, noted that the property acquisition might be costly to the city, "but it will be more costly if nothing is done and businessmen interested in improving their properties are discouraged", said Macauley.

"The only way we'll ever correct this situation is to stand up and take action", Mayor A. M. Allen acknowledged.

Councilman John Canterbury urged immediate notification of the city's intentions so that negotiations might be opened. He expressed the belief that acquisition of the Main street building as well as the apartment units would provide desirable access between Main and Dunlap street businesses

and to parking areas. "I think we should point out that it is our expressed determination to see that this improvement is accomplished in the proper and best manner," Canterbury added.

City Manager Bruce Pott-hoff was instructed to inform Petersen of the city's intention to pursue acquisition of the property.

The proposed purchase is one of a series of business district projects undertaken by the city in the past eight years.

The parking area on Dunlap between Hutton and Center was acquired in 1956. Since then the city has purchased parking areas on Main street across from the bank; between Main and Dunlap behind the Methodist church; on Wing street just north of Main where temporary city hall quarters were housed during construction of the new facility; and at 123 West Main, a gray brick apartment building soon to be torn down.

Considerate Thieves

A McIntosh home at Edenderry Hills had visitors Monday night but not during the regular display hours.

The nocturnal guests forced their way in through the back door and made off with a dishwasher and garbage disposal. However, they were neat and even considerate enough to go in the basement and turn off the water. They didn't want it all over the kitchen floor.

James C. Cutler of Cutler Realty reported the robbery to the Michigan State Police.

Call for Goods

The Northville Police Department has unclaimed articles that have been lost or stolen during the past year. Police Chief Eugene King requests that owners phone the police department and describe the article.

Any unclaimed articles will be sold after August 1.

In Voter Drive Night Hours Set For Registrations

A drive for voter registrations will get underway this evening in the city of Northville.

Headed by Karl Knoth, the drive was proposed by the city council after the Wayne county board of supervisors urged communities to sponsor such efforts in the metropolitan area.

Knoth says his committee will make registering as convenient as possible.

Volunteers will be on hand each evening starting tonight at the city hall from 7-9 p.m. except Saturday and Sunday until the August 3 deadline.

Saturdays, special registration clerks will be on hand from 8 a.m. until 2 p.m.

On the final day, August 3, the deadline for registration is 8 p.m.

Transportation to city hall will be provided for those unable to drive themselves, Knoth stated. Persons may call FI 9-1300 days or FI 9-1015 evenings for transportation.

A qualified elector is automatically registered if he voted in the November, 1962 election. If it has been longer than this period, the elector must re-register.

Newcomers must be residents of the state for six months or, if they moved to the city from elsewhere in the state, they must reside in the municipality for 30 days.

City May Sell Township Water

The city council considered a request from Northville township Monday night for water service to four township residents on Baseline just east of the city limits.

In recent years the council has held to a policy of not selling water outside the city limits, although some long-standing township taps do exist along Clement road and in the West Main street area.

Councilmembers were willing to consider the proposal with certain provisions. These include the stipulation that the city would be selling water to the township at the city limits and the township would be responsible for providing and maintaining transmission lines.

Councilman John Canterbury further proposed that all areas of the township where city water service now exists but presents maintenance and service problems should be considered along with the Baseline request.

Mayor A. M. Allen questioned whether the city should tie up the present request with the West Main area. He noted that the Baseline section was isolated and almost impossible for the township to serve from any direction but the city.

One of the residents of the Baseline section is currently without water. A well is no longer producing. Another is served by a city line that is not adequate.

Councilman Canterbury was firm in his position that the entire policy of selling water to the township could be considered with the Baseline request.

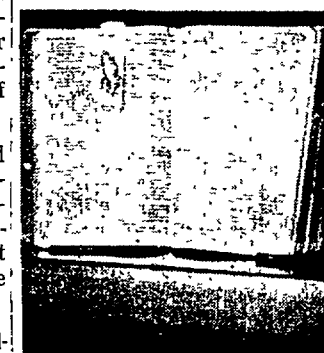

Councilman Richard Ambler agreed, indicating that he "did not think the township has shown much interest in solving the West Main street water problem."

But Ambler added that he thought the city and township could agree upon water service for Baseline without delaying the project because of the West Main area problems.

Finally, the council appointed Mayor Allen and Councilman Ambler to a committee to discuss the proposal with the township. It was decided that their goal should be to resolve both the existing water problem on Main and Clement and devise a total plan for selling water that could be applied to the Baseline project.

In other business Monday night the council awarded a contract for draperies to United Drapery Mills, low bidders; adopted an initiatory resolution to pave Orchard drive; opened bids for a new street sweeping machine as well as bids for life, weekly indemnity and accident insurance for full time city employees. The manager will study bids and make a recommendation to the council.

The council re-appointed L. M. Eaton and Jefferson Baker and named Del Black as a new member to the board of appeals.

A BIBLE was presented to the city Monday night by Councilwoman Beatrice Carlson to be displayed in the lobby showcase. It is opened to Psalms 90, 91 and 92, which Councilwoman Carlson termed favorite passages.

Two Offices Face Run-Off In Township

Northville township Republicans must choose between three trustee and two treasurer candidates in the September 1 primary.

The following petitions for township office were filed before the Tuesday deadline:

Supervisor — R. D. Merriam, incumbent;

Clerk — Mrs. George (Marguerite) Young, incumbent;

Treasurer — A. M. Lawrence, incumbent; and Mrs. Harold B. Price;

Trustee — Donald Robinson, incumbent; Gerald Dresselhouse and James Tellam;

Justice of the Peace—none;

Constable — Richard Mitchell, incumbent.

Dresselhouse was the last candidate to file. He is an engineer for Wayne county and lives at 19730 Smock road.

Democratic candidates can file for the November election, but the party must enter a slate that does not include more than one candidate for each office.

Supervisor Merriam, Clerk Young and Constable Mitchell are assured spots on the November Republican ballot, but Treasurer Lawrence and Trustee Robinson must face primary competition.

Trustee Wilson Tyler is the only board member not facing election. His term has another two years to run.

Dresselhouse and Tellam are newcomers to local politics, but Mrs. Price was an unsuccessful candidate for supervisor on the Republican ticket in 1963.

Local Business Women Hear Sen. Margaret Chase Smith

Among the 4,000 members of the National Federation of Business and Professional Women's Clubs attending their annual convention in Detroit this week were: Miss Mazie Markham, Mrs. Alice Ritchie, Reverend Miss Elizabeth Elz, Mrs. Marcella Douglas, Mrs. Beatrice B. Carlson and a guest, Mr. Harvey Ritchie.

Miss Elz gave the invocation at the banquet Sunday evening.

The 170,000 member Federation is organized in 50 states, the District of Columbia, Puerto Rico and the Virgin Islands.

Opening speaker at the convention Sunday evening was Senator Margaret Chase Smith, a past president of the Maine Federation of Business and Professional Women's Clubs. She was introduced by a past National Federation President, Judge Sarah T. Hughes of Dal-

las, Texas.

Miss Virginia R. Allan, national president of the Federation, a native of Detroit and Executive Vice President of the Cahalan Drug Stores, Inc., presided at the five-day Convention. The agenda included business meetings, workshops, training sessions, all aimed at the accomplishment of Federation objectives.

Final item of business on the agenda was the election of the national officers for 1964-65.

Emphasizing the Federation theme — "Responsibility of Full Partnership," outstanding leaders from across the country addressed the convention.

Berryman — Rowe Vows Said Last Saturday at First Baptist

Kay Dee Berryman and John Richard Rowe exchanged marriage vows before the Reverend Robert K. Spradling July 18 at the First Baptist Church.

Parents of the bride are Mr. and Mrs. Wilbur McRay Berryman of 15153 Northville road, Plymouth. The bridegroom is the son of the Reverend and Mrs. Ellis M. Rowe of New York.

For her wedding the bride wore a floor length gown of imported silk organza touched with alencon lace appliques, seed pearls and miniature organza rosebuds. Providing the back interest was a chapel train attached with two roses. She wore a shoulder length bouffant veil and carried a cascade bouquet of miniature ivory carnations and yellow roses.

Attending the bride were Fern Kinnamon as maid of honor, Peggy Rowe, Susan and Donna Berryman and Sara Lee as bridesmaids.

The maid of honor was at-

tired in a floor length gown of blue bridal satin. She carried ivory miniature carnations. Her headpiece was also formed out of similar carnations.

The bridesmaids' gowns matched the maid of honor's but were street length.

Richard Evans was the best man. Ralph Anderson, Paul Vanderroy, Dale Kennedy and Roger Cuffey were ushers.

For her daughter's wedding, Mrs. Berryman chose an orchid sheath with a lace evening coat. The bridegroom's mother, Mrs. Rowe, wore a rose pink ensemble. Both mothers had corsages of ivory orchids.

Following the ceremony the new couple greeted guests at a buffet dinner at the church.

For her going away outfit the bride changed into a white tailored suit with dark accessories. She and her husband will honeymoon in Canada and the New England States including a visit to the New York World's Fair. Then they will return to Shelby, Ohio where they will make their new home.

The bridegroom received a bachelor degree in music from Wheaton College, Illinois and a masters in music from the University of Michigan. The bride attends the University of Michigan School of Music.

LET'S TALK CARS . . .

WHAT IS A GOOD DEAL?

It is pretty much standard practice for many people thinking of buying a used car to "shop" several dealers to get the lowest price. We have nothing against the common sense procedure, PROVIDING the purchaser knows that price is but one of the things he must weigh in buying intelligently.

How he can be fooled on price alone was illustrated recently in an incident related in an automotive trade paper. The customer wanted a particular year and model of used car but couldn't be persuaded to pay more than the very low (and fictitious) price he had seen advertised in a large, nearby city.

After considerable haggling during repeated visits the dealer finally agreed to meet his customer's price (\$125.00 less than the dealer was asking for a quality used car) on a "similar" car he had coming in the next day.

The sale was promptly closed with the customer beaming "I knew you fellows would come around..." He then examined the second car (which looked identical) and signed the papers. It was not until then that the dealer, who happily was a reputable businessman, informed his customer that the second car was a former taxi with 87,000 miles on the set-back speedometer (against 23,000 actual miles on the first car) which he had planned to wholesale.

Offered his money back, the customer wisely decided an additional \$125 was a bargain price for a car with 80% of its life ahead of it against one with 80% of its life gone.

Ely Oilers Pick Up Steam, Win 2

The Ely Oilers kept the pressure on undefeated DiPonio Contractors the past week as they won two more contests. The Oilers now hold a 8-1-1 slate.

A victim of wildness, the Oilers' Craig MacDermid walked 10 in his team's 6-4 win over the Braves July 14.

He held the Braves hitless however.

Jerry Asher with a triple, Jim Peterson with two singles and Bill Morland with a double paced the Oiler attack.

Clutch hitting turned the tide for the Oilers last Thursday as they dumped Finlan Realty, 6-3.

Northville Athletics Win Pair in Class A

Northville's entry in the Class A men's baseball league in Livonia is catching up after a slow start.

Losers of three straight when the season got underway, the Athletics capped two games Saturday and Sunday to give them a 3-3 won-loss mark.

Saturday the Athletics downed Willow Run, 14-2. On Sunday the Northville nine avenged an earlier 10-2 loss by tripping Wayne, 4-1.

In Saturday's game at Willow Run Steve Juday and Tom Swiss, a couple of MSU athletes, led the way at the plate. They slugged back-to-back home runs in the fifth inning. Juday had two homers and a single and drove in three runs. Swiss added a triple to his round tripper and also

drove in three runs. Swiss is hitting at a .545 clip, while Juday's average is .444.

Bob McKinney threw a five-hitter at the Willow Run team and fanned 12.

At Wayne the Athletics won a pitchers' battle with Ken Kisabeth hurling a five hitter and striking out 13. Kisabeth also drove in three runs (6) and his cause. Pete Gross, drove in a run with a double and Jim Juday had a perfect day at the plate with a triple and two singles.

Saturday the Athletics play Livonia at Riverside Park in Plymouth at 5:30 p.m. Sunday they meet South Lyon at Henry Ford field on Farmington road between Schoolcraft and Five Mile road in Livonia at 5:30 p.m.

Peterson limited Finlan to six hits, but spaced them well. Peterson and MacDermid both led the attack with two singles.

...

The Bears moved into a tie with the Panthers in the Knot-hole softball loop by dropping the Colts last Thursday, 11-2. Both have 5-1 slates.

It was a question of too much Bear woodwork as they pounded out seven hits.

Hugh Jones starred on the mound and at the plate. He allowed only six Colts to reach first base, and he singled twice in two trips.

By virtue of a 13-2 victory over the Lions, the Clippers closed to within one game of the leaders. They have a 4-2 record.

In the other softball contest, the Tigers came out on top of a 14-13 slugfest with the Cubs. Gary Allen bagged two hits in three trips for the Tigers, and Billy Epps was two-for-two for the Cubs.

...

The Spagy - Thunderbirds extended their win streak to five games this past week as they won twice.

Now, 9-2-1 in class E play, the T-Birds are close but trail DiPonio Contractors (9-1) and Fisher Shoes (10-0).

It was victory by forfeit Monday over the Northville Plumbers who could only field seven players.

But the hard-fought T-Bird win over the Novi General Fillets, 5-4, July 15 was a come-from-behind effort.

Novi surged to a four-run lead, scoring once in the first and three times in the second inning.

Keith Mueller, the T-Birds' strapping twirler, then settled down to hold Novi scoreless.

In the last five frames, he faced only 18 men, striking out 11, including six in a row.

A double with the bases loaded by Bruce Durlam was the big T-Bird blow.

In another game July 15, the Northville Mets took another one on the chin, losing to the Wayne County Training School, 14-2. Although the Mets hitting improved, they lost their eleventh game without a win.

...

By winning the ones that count, the Indians maintained their position atop the Knot-hole baseball league the past week with a 7-1 loop record.

The Indians' David Grondin twirled a one-hitter in a 6-0 victory over the second-place Giants July 18. Using an effective fast ball, Grondin whiffed 10 Giants in five innings.

The only Giant hit was Keny Lach's single.

Grondin was locked in a tight pitching duel with Bob Lanning, through the first three scoreless innings, but then the Indians broke the game open with two runs. The big blow was Grondin's triple.

Four more runs in the fifth iced the game.

Although the Indians came out on top in the big one, they suffered their first setback Monday, 4-1 at the hands of the Athletics.

With the bases loaded in the opening frame, Jim Darnell and Rick Schuchard singled in succession to score three runs

for the Giants.

Charles Wooten, the Athletics' mound magician, hurled a one-hitter at the league-leading Indians. Robert Reimer of the Indians spoiled his no-hit bid with a single to drive in the lone Indian tally.

It was the pitching of Wooten in a Saturday make-up fray that brought the Athletics a 1-0 win over the Yankees. This time Wooten pitched a no-hitter.

The winners were also hard-pressed for runs, scoring their only marker off Pitcher Billy Puckett on Wooten's single, a wild pitch and a single by Irving Gaffield.

With a 5-2 record, the Giants remained a step behind the Indians as the second-placers topped the Cardinals Monday, 11-6.

A rash of walks by Cardinal twirlers, and four singles, two by Pete Avery and two by Keny Lach constituted the Giants' offensive.

...

In the other lone Knothole encounter, the Dodgers downed the Athletics July 15, 5-3, behind the stellar pitching of Bill Baldwin.

Wooten again pitched for the Athletics, giving up only one hit, but, a series of walks and errors paved the way for the winners.

...

The luckless Northville Plumbers have yet to find a winning formula in the class D league, despite the fact that they have come up with a formidable pitching duo.

...

A new find, Jim Mazel, and Eric Peterson have teamed up to largely silence opponents' bats. They have allowed only nine hits in two successive outings.

...

Northville's fielding, however, leaves something to be desired. The local players have committed seven errors in each contest.

And although the hitting has improved, timely hits are still scarce as Northville scored only three runs.

South Dearborn Heights capitalized on the Plumbers' shoddy fielding and just two hits to win July 14, 5-2.

Mazel was coasting along for three and one-third innings, until a side injury forced him to leave the game. He had allowed only one scratch hit and fanned six.

In relief, Peterson struck out seven of the 10 men he faced, while giving up only one hit. But five errors in one inning gave South Dearborn four unearned runs.

Dearborn Heights, a team that has won 10 straight in loop play, then used the same road — Northville Errors — June 16 for a 7-1 victory.

R. Keith Kriser of Detroit was ordered by Judge Charles W. McDonald to pay a \$75 fine, \$578 in restitution and \$177.42 for checks held by the Detroit police department.

A complaint was signed by Travel Plans, Inc. against Kriser July 13. He had written a check without having an account.

A request was made by Northville police July 14 to the Detroit police to arrest Kriser. He was picked up at the Whittier hotel in Detroit.

Kriser was arraigned before Judge McDonald July 15 and stood mute. He was released on a \$3,500 bond.

There were only three other cases on Judge McDonald's docket Monday.

Michael J. Giacalone of Detroit entered a plea of guilty at arraignment and was fined \$20 and \$5 costs.

He was charged July 10 with contributing to the delinquency of a minor at Northville Downs and placed on a \$50 cash bond.

After pleading guilty to having alcoholic beverages in his possession, Detroit John Simo, a minor, was assessed \$20 in fines and costs. The offense was committed July 16 at Northville Downs.

At his trial, Kenneth A. Neely of Madison Heights, was found guilty and fined \$20 and \$5 costs. He was charged June 26 with contributing to the delinquency of a minor and soliciting without a permit. He pleaded not guilty to the charge at arraignment July 7.

It was rather a light docket last Thursday for the Novi Justice Courts. Judge Robert K. Anderson's court didn't convene and there weren't many cases before Judge Emery Jacques.

Items on Jacques agenda were:

Michael Omell, Farmington, charged with reckless driving July 9. At arraignment the same day he pleaded not guilty. At trial he was fined \$35 and \$10 costs.

After pleading guilty to failing to yield the right of way on Ten Mile and Taft roads July 15, Charles D. Berger of Garden City was fined \$15.

Joseph Allen Sankovich of Livonia, charged with being a disorderly person, was assessed a fine of \$25.

For being a minor in possession of alcoholic beverages July 11, Gary F. Swan of Wayne was fined \$25.

BACKYARD CIRCUS — Jane Forrer (left) and Judy Bogart were ringmasters and originators of the JU-JA Circus for Northville children. It was held Monday afternoon in the backyard of Mr. and Mrs. Robert Bogart, 46638 West Main. Judy and Jane are shown standing in front of some of their prizes and decorations. Since the bosses must also work, Judy and Jane (pictured right) had to

sell refreshments, which included flavored snow-cones in gaily colored paper cups, and souvenirs—everything from comic books to maracas. The day's festivities, which included a ten-minute show under the big-top (improvised with blankets), antics of a clown, a fortune teller, a water pistol game and egg carton throw, netted Jane and Judy \$21.44. Over 40 children attended.

Morgan Horse Show Dates Set

The twelfth annual Michigan All-Morgan Horse Show is slated for August 1 and 2 at the Washtenaw county farm council grounds.

Cadets at Camp

Several local civil air patrol cadets attended separate encampments last week at Custer air station in Battle Creek and Shaw air force base in South Carolina.

Purpose of the missions was to give the cadets a glimpse of actual basic training. Activities included classes in leadership, survival, drill practice and physical training.

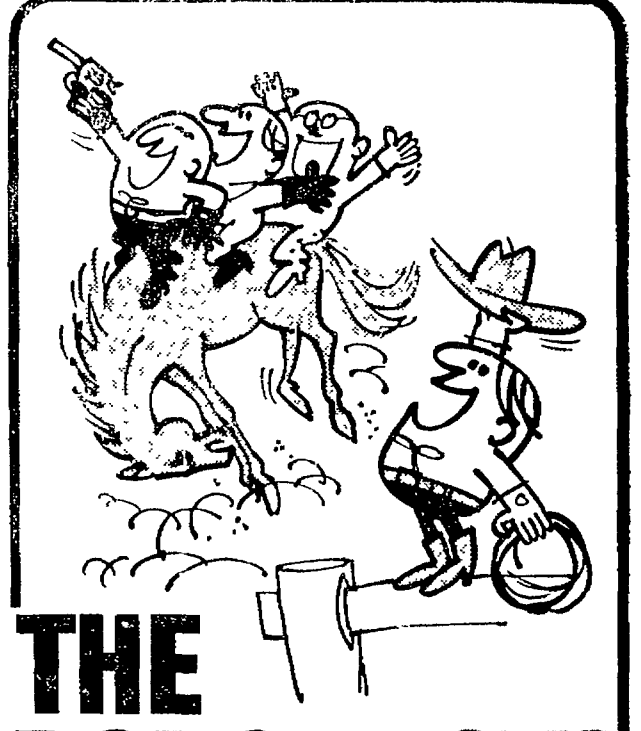

Representing the Northville squadron at Battle Creek were Bob Hardesty, Paul Tabor, Ray Parmenter, Pat Sissom, David Orphan and Jon Kaake. Kurt Glaser, Garry Williams, Marlin Turbett, Tom Krauter and Ed Horsfall were in uniform at the airfield in the South.

The Morgan, America's first established breed of horses, is known for its stamina, vigor and eagerness.

The popularity of the Morgan horse has increased since two Morgan stallions made a tour of the United States with the Austrian Lippizzans earlier this year.

Local Morgan entries in the show are owned by C. Frank Walter of Currie road; Miss Rhonda Atchison of North Rogers; H. Edwin Earehart of Chubb road; Fred Verran of West Six Mile road; Mrs. Lena Hembrey of Napier road and Milo Measel of Twelve Mile road. A Northville resident, Gerald Taft of West Eight Mile road, was one of the founders of the Morgan in Michigan and is past president of the Morgan Horse Club, Inc.

Obituary

RAY A. ALTENBERG
Funeral services for Ray A. Altenberg, past commander of the Lloyd H. Green Post, will be held at 2:45 p.m. today at St. Andrew's Episcopal Church in Livonia.

Mr. Altenberg died Monday at the University of Michigan Medical Center after a three-week illness. He was 65.

He came to Northville in 1930 and lived here until he retired as an employee of Maybury Sanatorium last December and moved to Roscommon. He worked at the institution for 32 years and was foreman of outside maintenance during his last 18 years on the job.

Surviving Mr. Altenberg are his wife, Marjorie; a son, Ray Johnstone, U.S. Army stationed in Germany; three daughters, Mrs. Lorretta Hickok of Birmingham, Mrs. Florence Stock of East Tawas and Mrs. Patricia Stephenson of Chicago; a brother, Al Altenberg of Owosso; a sister, Mrs. Esther Weathers of Butte, Montana and 17 grandchildren.

Mr. Altenberg was commander of the Northville branch of the American Legion in 1935 and 1936. He was also a member of Northville Lodge No. 186, F & A.M. and of St. Elizabeth Church of Higgins Lake. He was a veteran of both World Wars and the Mexican Border Insurrection.

He will be buried at Oakland Hills Memorial Gardens in Novi. The Rev. Jay P. Coulton will conduct the American Legion service at the graveside.

Arrangements were handled by the Ebert Funeral home.

Novi Boy Drowns

Francis Harold DeLaney, 19, 42488 13 Mile road, Novi drowned at 1 p.m. Tuesday in Conventry Lake at Inkster and 14 Mile road.

Funeral services will be conducted at the Casterline Funeral Home at 2 p.m. Saturday.

A complete obituary will appear next week.

MABEL DROEGE

The Reverend John Wittstock conducted funeral services for Mabel Droegge at Our Lady of Victory Church Saturday. Miss Droegge, 88, died at the Northville State Hospital last Thursday. She was born in Covington, Kentucky November 11, 1875.

HENRY E. BAKER

Funeral services were held for Mr. Henry E. Baker of 43777 West Six Mile road Saturday at the Schrader Funeral Home. Officiating was Reader Ted R. Hermans. Mr. Baker was buried at the Riverside Cemetery in Plymouth.

Mr. Baker died July 16 at the Concord Nursing Home, Detroit. He is survived by his wife, Mrs. Thelma Gladeline Baker, William E. Baker, Houston, Texas, Mrs. "Betty" Fritz, Northville, Miss Cynthia H. Baker, Northville, a sister Mrs. Roderick (Norma) Cassidy, Plymouth and two grandchildren.

Mr. Baker resided in Northville since 1953. Prior to that he lived in Plymouth.

He was the superintendent of the Detroit Metropolitan Airport for the Wayne County Road Commission. Mr. Baker belonged to the First Church of Christ Scientist of Plymouth. He also was a member of the Airport Executives Association and the First Marine Air Corp Reserve.

Mr. Baker was born in Michigan the son of Mr. and Mrs. Chauncey Baker (Hattie Marshall).

CHAUNCEY ERNEST CLIMIE
Chauncey Ernest Climie of 26180 Novi road died Friday of cerebral thrombosis. He was 79.

Funeral services were held Sunday at the Harbin Funeral Home. His body was cremated Monday at Evergreen Cemetery.

Mr. Climie came to Novi 12 years ago.

FRANK W. BROWN

Frank W. Brown, a native and former resident of Northville, died in the U.S. Army Walter Reed General Hospital Washington, D.C. Saturday.

Mr. Brown was a World War I veteran. He is survived by a brother, Ledger Brown of Northville, a sister, Mrs. Bessie Bromley, and another brother, Perry A. Brown, both of Detroit.

Hit Run Driver Surrenders to Police

A hit and run driver, after failing to halt for a stop sign, striking the side of a car and shouting to the other driver "Go take care of your own trouble", was found.

The accident occurred Tuesday afternoon and was reported to police by a citizen at the scene.

Andrew Nagy of Wayne was driving south on Center street when his car was struck by an auto driven by Wava Forbes of Plymouth who was driving west on Cady. Nagy said he was going 10 mph.

Nagy followed her to Seven Mile road and got the license number. He met Northville police who then radioed Plymouth to stop her, but she wasn't intercepted.

When officer Louis Westfall returned to the police station he looked up the registration of the hit-and-run car. He phoned the party and informed her of her obligation to file an accident report. She came down to the station.

Nagy has indicated he will file a complaint.

Other action in Northville this last week included:

A report to Northville police from Ray Jackson and Robert Bretz of the Northville Swim Club that on numerous occasions kids were climbing the fence at the club and sneaking in at night.

Jackson and Bretz decided July 16 to wait and apprehend two Northville boys as they entered the pool.

They were turned over to the police and then to their parents.

The youths could have been charged with trespassing, a misdemeanor, and could have received fines of up to \$100.

The Northville Fire Department answered a fire call July 14 at the home of Mr. and Mrs. A. Chappel, 429 Beale street. It was apparently started by children.

Linda French, who had been baby-sitting at the Chappel home, said she smelled smoke for about 20 minutes before she discovered where the fire was. It was confined to the garage. Also on July 14 the Northville Fire Department and the Novi Fire Department answered a fire call at the home of Mr. and Mrs. Joseph Sands, 22800 Napier road.

Mrs. Sands was lighting the oil heater in the basement when the end of the match broke off and ignited some oil spilled on the floor. Only the basement was damaged.

This could be an item for Ripley's Believe It Or Not. The reporter saw it and believes it.

The object is a blue jay, a month old, and a woman whom it has adopted as its mother.

Mrs. Lola Alexander of 752 Spring Drive was sitting on the screened porch in her backyard visiting with guests. She happened to look out and saw a "ball of fuzz."

It turned out to be a baby blue jay.

"I don't know how it got there. It just was," said Mrs. Alexander. She couldn't find its parents — there were no other blue jays around. So Mrs. Alexander took the in-

truder into her house and began to care for it until the day when it could be on its own.

However, the little blue jay had ideas of its own. Chris, as Mrs. Alexander calls him, decided he liked human style living and stayed.

Of course, he doesn't live in the house but he does pay his respects and shouts a birdly "hello" to Mrs. Alexander four times a day.

He wakes Mrs. Alexander up every morning at 5:45 a.m. "He's never a minute off," said Mrs. Alexander.

"Every morning I'm surprised to see him." One day she knows that she won't.

Morning begins with a sunnyside-up egg for Chris. "He's very particular," said Mrs. Alexander. "He likes his egg just so." Chris, even though birds are supposed to like the yolk of the egg better, seems to enjoy the white more. But he does nibble on some of the yolk.

Of course, he doesn't eat an entire egg. He just eats the normal requirement of a blue jay — a very small portion.

Chris is also fond of hamburgers, breast of white chicken and whole kernel corn from the can. His other favorites — more in tune with what a normal bird would eat — are grasshoppers, moths and flies which the neighborhood youngsters bring to him.

Chris' appetite was formed almost from his first day with Mrs. Alexander.

When she found the bird, she was worried about the neighbors' cats devouring it so her only solution was to take care of it in her house.

Not knowing what exactly to feed a bird, aside from worms, Mrs. Alexander checked in numerous books and found that a bird eats acorns, other bird eggs and corn.

She didn't have access to these delicacies and was forced to improvise. Chicken eggs and canned corn were prepared for Chris.

And they seemed to work out. Chris is a beautiful blue jay, spritely and active. He has lost most of his fuzz, but a little still remains.

Sometimes he eats in Mrs. Alexander's screened porch, but now that he is getting older she feeds him four times a day on a plate attached to a branch of a crabapple tree in her yard. When she first found him, Mrs. Alexander fed him every hour.

At 3 p.m. Chris leaves and isn't around until the next morning. Perhaps he has found a female companion and soon will fly away for keeps. Chris, however, seems to be very reluctant for his solo venture.

During the past month it has been Mrs. Alexander who has cared for him — and he appreciates it.

When she talks to him, it's almost as if he understands her. He perks up his little head and watches her. He's at home on her porch, walks on the floor, perches on her shoulder and sits on her finger.

When Mrs. Alexander wears high heels he follows her and pecks at them.

"Sometimes it gets embarrassing," said Mrs. Alexander. "I can't go to the neighbors without Chris following me."

Chris, when he sees Mrs. Alexander, flies to her and lands on her shoulder or a branch of a nearby tree.

"Then I have to tell him 'Chris go home.'" Sometimes he won't let her alone and she has to take her car just to visit someone who lives a few doors away.

Occasionally, Mrs. Alexander finds it perplexing to be a foster mother to a bird. Especially when it rains.

Chris gets drenched. His feathers get soaked, becoming so heavy that he just drops to the ground.

It's nothing unusual for Mrs. Alexander to be seen running out to her yard, no matter what time, to rescue poor Chris.

Brunch for Mrs. Loia Alexander's friendly blue jay — whole kernel corn from a can.

"The time for thinkers has
come. Truth, independent of
doctrines and time-honored sys-
tems, knocks at the portal of
humanity."

These words from the open-
ing preface of the Christian
Science textbook (Science and
Health with Key to the Scrip-
tures by Mary Baker Eddy) will
help set the theme of a Bible
Lesson on "Truth" to be read
at Christian Science churches
this Sunday.

Responsive reading will in-
clude these verses from
Psalms: "Truth shall spring
out of the earth; and righteous-
ness shall look down from
heaven. Teach me thy way,
O Lord; I will walk in thy
truth; unite my heart to fear
thy name."

from the PASTOR'S STUDY

Reverend Paul E. Barnes
First Baptist Church of Novi

The Faith Is Kept
(Recently our new church
was dedicated. Below is the
message, I wrote for the
dedication book which I
would like to share with
readers of this paper.)

The first verse I commit-
ted to memory after I be-
came a christian was Rev.
2:10b "Be thou faithful un-
til death and I will give thee
a crown of life." More than
talent, more than promises,
more than a long list of
"don'ts" in your life, God
is looking for faithfulness.

I do not believe that God
will hold you accountable
for winning a certain num-
ber of souls to Christ, or for
being well versed on the
latest theological debates. I
do feel, however, He will
hold you accountable for be-
ing faithful. "It is required
of a steward that he be
found faithful." It does not
matter how great or how
small you are; whether you
are noted for many abilities
or for the lack of ability.
The criteria of God's re-
ward is still faithfulness.

The First Baptist Church
of Novi has for 118 years
been faithfully proclaiming
the gospel of Jesus Christ.
Just as Christ told "the
church of Smyrna in the
verse I quoted from in Rev.
so this church has had its
trials and testings — but
thank God, He has had ser-
vants, who were "faithful un-
til death."

Our church will continue
to be faithful in holding
forth the gospel only if its
members are faithful in do-
ing so! Contrary to the
thinking of many, the faith-
fulness of a church is not
dependent on the Pastor —
but the people. The people
can call any type of a Pas-
tor they desire. No, it is
you who sit in the congrega-
tion that on hard pegs that
make the difference. It was
to the average christian
that Paul said "Be not
weary in well doing for in
due season we shall reap if
we faint not." Gal. 6:9 and,
"To be steadfast, unmove-
able always abounding in
the work of the Lord, for as

much as ye know that your
labor is not in vain in the
Lord." I Cor. 15:58 The
word of Hebrews is the mes-
sage for every member of
our church. "Let us hold
fast the profession of our
faith without wavering; for
He is faithful that promis-
ed."

Today is the dedication of
our church. But, we cannot
dedicate bricks, mortar, and
stone. We are consecrating
our building — but we can-
not consecrate beams and
shingles. We are the church.
The First Baptist Church of
Novi will be dedicated and
consecrated only so much
as each individual member
is dedicated and consecrat-
ed! We are as strong as the
strongest member and as
weak as the weakest.

It is my earnest prayer
that when the final chapter
of the history of our church
is written, it might be said
of us as it was said of the
church of Philadelphia in
Rev. 3:8, "Thou hast kept
my word, and hast not de-
nied my name."

BUSY DAYS AHEAD — Joseph F. Dunnabeck
(center) of 21900 Beck road, co-chairman of the
clergy arrangements committee, goes over plans
with Fr. Bernard Wernert, SJ (left, executive di-
rector of Manresa Retreat House and Fr. Cam-
pion Clifford, CP, executive head of St. Paul of
the Cross Retreat House, for the coming tri-union
retreat convention. The conclave is sponsored by
the National Catholic Laymen's Retreat Confer-
ence, the National Laywomen's Retreat Congress
and the Canadian Retreat Congress. The meet will
be held in Detroit and Windsor July 29 to August
2. Eleven bishops will be among the 2,000 dele-
gates attending the conclave.

Novi Firm Announces Changes

Perkins Engines, Inc., which plans to move its U.S. headquarters to Novi, is beefing up its North American marketing program.

Affiliated with Britain's F. Perkins Limited, Perkins last month announced it had leased a 20,000 square foot plant on five acres at 27575 Wixom road in Novi. Perkins offices are now located on Detroit's eastside.

R. H. Janas, general manager of the firm, said that Perkins has expanded and realigned its executive staff. Three appointments have been made.

William D. Winemaster, former manager of sales engineering for Chrysler Corporation's marine and industrial products division, has rejoined Perkins as manager of sales to original equipment manufacturers.

Robert L. Cartwright, former sales manager, has been named distribution sales manager in charge of establishing and supervising a national network of regional sales and distribution outlets. He will also direct the marketing of marine engines to original equipment customers.

Patrick W. Percy, former service manager, has been upgraded to technical training manager to conduct programs for vehicle and equipment manufacturers and their customers.

Perkins, a leader in its field, supplies engines to many producers of trucks, farm equipment and other industrial vehicles. Major customers include Dodge, White Motors, International Harvester, Kaiser Jeep and Massey-Ferguson.

Perkins had marketed its engines jointly with Chrysler Corporation until a few months ago. Chrysler has since bought a big interest in Mack Trucks.

Schoolcraft Appoints Night Class Director

Dr. Eric J. Bradner, president of Schoolcraft college, has announced that L. Dell Reed has been appointed as director of the evening division of the college.

During the past year, Reed has been studying in the graduate school of Michigan State university under the W. K. Kellogg Foundation Fellowship Program, which accepts only those particularly selected for community college leadership.

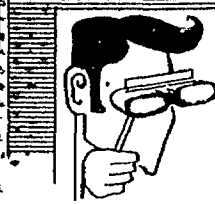

Reed plans to complete his doctorate in Community College Administration.

For some years, Reed was the dean of Chanute, Kansas, junior college as well as the principal of the senior high school. In addition to a varied educational background, Reed was employed as a statistician with the Beech Aircraft Corporation. He has been an active member of Rotary International, the Chamber of Commerce and the American Red Cross.

As well as serving as a college administrator, Reed has written a number of articles on the community college which have been published in national magazines. He will move to the Schoolcraft college area in the near future with his wife and their three sons.

★★ NORTHVILLE TOWNSHIP MINUTES ★★

The regular monthly meeting of the Northville Township Board was called to order by Supervisor Merriam on Tuesday, July 7, at 8:04 p.m.

Members present: R. D. Merriam, Marguerite N. Young, Alex M. Lawrence, Donald E. Robinson and Wilson D. Tyler.

Consultants present: James E. Littell, township attorney.

Visitors: Eight or ten citizens and Don Bauerle of the Northville Record.

The minutes of the regular board meeting of June 2, 1964 were accepted as written.

The treasurer's report for the month of June 1964, was read, accepted and ordered placed on file.

Office receipts for the month of May 1964 for \$4693.82, Township bills payable for \$6147.54 and Water & Sewer bills payable for \$1726.32 were reviewed.

Robinson moved, supported by Tyler, that the bills be paid. Ayes: All. Motion carried.

The Appeal Board meeting minutes of June 8 were read by the Clerk. No questions.

Old Business:

1. Report from Committee Robinson advised that due to his illness, a meeting with the city had been an impossibility. Tyler advised that he had talked to Mayor Allen and the city were drawing a contract covering the township's use of the city dump.

Clerk Young advised that Mayor Allen had telephoned her, suggesting that the township start issuing new dump cards. The new contract was in the making for township citizens' use but no institutions would be allowed to use it.

Supervisor Merriam said he would write a letter to all the Institutions immediately and set up a meeting with them to discuss their dumping procedures.

Attorney Littell informed the board that Phil Ogilvie had drawn a contract covering disposition of the old library building and was of the opinion that a copy was being mailed to the township. He was advised that it had not been received.

Nothing was reported on the rental and maintenance cost of the new library.

2. Robinson moved the adoption of Resolution 64-23 covering the assessment to be imposed on any applicant for water service in Special Assessment District No. 1. Lawrence supported. Ayes: Merriam, Tyler, Robinson, Lawrence and Young. Motion carried.

3. Robinson moved the adoption of Resolution 64-24 relative to fees for removal of any kind of soil from an area within the limits of the township of Northville, as a condition precedent to the processing of any

such application the payment of a minimum fee of \$100 plus \$3.00 per acre for the removal of soil from such area as may exceed twenty acres. That in all instances where a permit issues pursuant to such application, there shall be imposed as a condition precedent to operations pursuant to such permit a charge payable by the Permittee in advance of \$50 per acre, plus one cent per cubic yard of soil removed based upon the calculation of material removed. Lawrence supported. Ayes: Merriam, Tyler, Robinson, Lawrence and Young. Motion carried.

4. Consideration of purchase of water cooler and vent fan for township offices. Bids were reviewed. Robinson moved, supported by Young, the purchase of a water cooler for \$220 and vent fan for the township office. Ayes: All. Motion carried.

New Business

1. After due discussion and consideration of Mosher Associates' recommended charges and rates for standard 1" service connection with 3/4" meter.

Lawrence moved, supported by Tyler, the adoption of Resolution 64-25 covering charges for water connections, water main use, service charges and Ayes: Merriam, Tyler, Robinson, Lawrence and Young. Motion carried.

2. Supervisor Merriam addressed the board, stating that inasmuch as Northville township had created a Water & Sewer Commission by Ordinance, it was necessary that members be appointed and the Commission be reactivated.

He recommended Herbert Froger, former administrator for Detroit Public Schools for a two year term and chairman of the board — David Dodge, formerly a purchaser of materials and equipment on a large scale, to serve the remaining year of George Clark's unfinished term and Alex Lawrence for a three year term and Secretary of the Board inasmuch as Lawrence was in the office almost all of the time and was available for questioning by citizens.

Trustee Tyler and Robinson objected on the grounds that they hadn't been assured the candidates were qualified and qualifications should be clarified before any appointments are made.

After further discussion, Supervisor Merriam that the appointments to the Water & Sewer Commission would be held over to the next regular meeting in August and asked Alex Lawrence to continue on for one month in the work he has been doing.

3. Supervisor Merriam informed the Board that he and Clerk Young had attended a meeting in Sumpter township where Mr. DeDonna of A. DeDonna & Associates had discussed township policies and procedure Manuals which they were developing for different townships. Inasmuch as Northville township has never adopted an ordinance covering general policies and procedures to be followed by the township, Mr. Merriam suggested that the board allow DeDonna & Associates make a study for the township.

Trustee Tyler stated he would like to check on DeDonna Associates before approving this study. No action was taken.

4. Home Occupations. Since Mr. Donald Nutten was attending the meeting asking that he be allowed to continue with his hobby of furniture building in his garage, there was general discussion by the

Board and Attorney Littell what constituted a Home Occupation.

Decision reached — Mr. Nutten should file with the Zoning Board of Appeals for a decision.

5. Mr. Harold Edwards, owner of Dun Rovin Country club and Mr. Clarence Charest, attorney for Dun Rovin, approached the board, asking for audience.

Audience was granted by Supervisor Merriam.

They were asking that their request for a Dance Permit for private party use again be considered.

After considerable discussion, Trustee Tyler moved that an informal public hearing be held before the next regular board meeting on Tuesday, August 4, 1964 and the time be set at 7:30 p.m. Robinson supported.

Ayes: All. Motion carried.

No further business, Tyler moved for adjournment.

Supervisor Merriam adjourned the meeting at 10:45 p.m.

In Annual Race

Fastest 'Turtle' Disqualified

A rare breed of turtle beat all speed records in the annual Northville Derby but was not declared winner of the event.

He was dethroned because he was a youngster disguised as a hard-shelled creature and his appearance was all in jest.

Just as the first race was about to get underway last Friday, a voice boomed from the second floor of the Scout Recreation building. A letter from Hay and Jerome Farms, breeders of quality turtles, was read.

The correspondence further said:

"Although in the past our policy has been one of non-participation, we have decided that the prestige gained by meeting the sternness of Northville competition far outweighs the meager purses paid to the winner.

(Winners are awarded 50 cent prizes and second receives 35 cents. Show turtle is paid 25 cents).

"However our consciences prohibit this letter from being merely an epistle informing you of our entry. Indeed, we would not be able to rest easily if we did not make some effort to impress on you the exceedingly high caliber of our entry.

"Our champion, Bing Lee, has met and defeated the top thoroughbred turtles in the country.

"In the past year Turtle O'War, Swamps, and Northern Turtle have all gone down to defeat when pitted against our entry. Furthermore, Bing Lee is the winner of this year's Kenturtle Derby. His qualifications are many and I am certain that his performance

will highlight the Derby Day in Northville this year."

It did.

Phil Jerome and Dave Hay, members of the recreation staff, showed off their entry to the crowd of children and parents. And the crowd howled.

For Bing Lee was really Rick Bingley dressed as a turtle. His shell was a metal disc used for winter sports. He wore green pants, brown shirt and green cap.

When he was put in the racing ring, he shattered the all-time speed record. He went from gate to finish line in the incredible time of 14 seconds.

Regular honest-to-goodness turtles, who usually creep along, were clocked at times ranging from about 40 to 50 seconds.

But few will ever forget the performance of Bing Lee at the 1964 Northville Derby.

In the real turtle-judging contest and races that followed, there were many winners. Seven races were held, including a free-for-all which was the last competition of the meet.

Diana LaRosa was judged to own the largest turtle while Rick Bingley and Tom Wheaton had the smallest ones.

Prettiest turtle, decorated with purple and white flowers, was entered by Lois Horsfall. In second place was Carol Turnbull and Lisa Vaningen showed.

Most original turtle was the property of Mabelle Rody. It had a facsimile of a phonograph record on its head spotlighted by a picture of the Beatles. Placing was Martha Gazlay with a "whirly turtle" and Stephanie Bach came in third with her patriotic turtle,

featuring a picture of Uncle Sam.

Owners of turtles that won, placed or showed in the large, medium and small contests were:

Large turtles (1st race): Bill Bretz, Jerry Crawford and Stephanie Bach.

Large turtles (second race): Rance VanEe, Diane LaRosa and Cindy Bretz.

Medium turtles (1st race): Lois Horsfall, Frank Knott and Gary Puckett.

Medium turtles (2nd race): Stephanie Bach, Bill Epps and

Greg Mach.

Small turtles (1st race): Bill Bretz, Cara Schmieder, Janet Miller and Carol Turnbull (a tie for third).

Small turtles (2nd race): Charlene Holloman, Cindy Bretz and Tim Casteel.

In the final race where all sizes of turtles were placed in contention, Diane LaRosa saw her turtle, the largest at the derby, come home the winner. Second was the entry of Lois Horsfall and Wendy Wheaton's turtle crossed the line in third spot.

In bottom photo, Lois Horsfall, Lisa Vaningen and Martha Gazlay pose with their champs.

YOU MAY BE LOSING MONEY BY PAYING LESS

There are many cars that cost almost as much as a Cadillac. But it is a matter of fact that the decision to buy one of them could be a false economy.

Consider the major items included in the basic price of a Cadillac that are usually extra on other cars: automatic transmission, high-performance engine, power steering, power brakes, automatic cornering lights, and power windows on most models.

Then think of what a new Cadillac can save you on operation and maintenance. Cadillac is actually the rival of much smaller, lighter cars in gasoline efficiency

—and it is so soundly built that it has reduced upkeep expense to the practical minimum.

You're ahead again—every mile you drive.

Finally, reflect on Cadillac's historically high trade-in value. No car at or near its price preserves so much of its owner's original investment through the years.

So add it all up. You'll see what most owners mean when they say you don't spend more for a Cadillac. You just invest a little more—and get a lot more back.

If a Cadillac has long been in your plans, visit your dealer and get all the dollars-and-cents facts.

SPEAKING for The Record

By BILL SLIGER

With the state spotlight focused on traffic safety in the face of rising accident tolls local authorities should urge both state and railroad officials to take another look at the C&O crossing at Seven Mile road in Northville.

By modern standards and under present traffic conditions it cannot be defined as safe.

About two years ago a Plymouth man lost his life when he drove his car into the path of a train at this crossing. Less than two weeks ago a truck driver miraculously escaped injury when he, too, was struck broadside by a northbound freight.

Both vehicles were headed east into the bright morning sun and up the sharp incline leading to the open crossing.

For heavy trucks the incline makes stopping and starting again very difficult, if not impossible under certain weather conditions.

There is no question that every driver should exercise extreme caution at all railroad crossings.

But every effort should also be employed to make crossings as safe as possible.

Ideally, the Seven Mile road crossing should not exist at all.

This could be accomplished by continuing the Seven Mile road cut-off directly across South Main street and under the already elevated railroad and then gently swinging the cut-off southward until it joined Seven Mile road east of the present crossing.

This was the original cut-off plan.

Apparently it was considered too expensive when the present cut-off was constructed some 10 years ago.

But times and traffic have changed. And expenses cannot always be measured in dollars and cents.

There will be more bright morning suns and more (and more) trucks leaving Northville gravel pits heading eastward on Seven Mile road, as well as increasing numbers of passenger cars.

We were lucky two weeks ago. Only time and a little over \$100,000 were lost.

We like letters to the editor. And we'd like to publish them all.

We would, too, if writers would follow a couple of simple rules:

- 1—sign your name, even if you want to remain anonymous;
- 2—refrain from use of profanity or libelous statements;
- 3—submit letters by Monday noon of the week you wish to have them appear and keep the length to 500 words maximum.

Two letters arrived this week that won't appear because they are unsigned.

One of them criticizes an editorial that recently appeared on the sports page concerning adult activity in little league baseball.

The other letter from "a concerned citizen" urges residents to register and vote and be especially mindful of the "qualifications and ideals" of the presidential candidates.

Good advice: become informed, register and vote.

But it's all for naught unless the writer signs the letter.

We insist upon this stipulation for several reasons, but the most important, it guarantees our readers that The Record is not writing "letters to the editor" itself because it lacks courage to identify its opinion.

Congratulations to Mr. and Mrs. Roy Terrill. They were wed 59 years ago last Friday. And the former Northville township treasurer reminded A. R. Clarke, when the latter complained of 94-degree heat, that on July 17, 1905 it was 105 degrees.

Thanks to The American Legion and outgoing State Commander C. Oscar Hammond for the plaque presented to The Record last Saturday at the state Legion convention in Grand Rapids.

The handsome award was for cooperation and press coverage of Legion programs.

Conventions to Decide No. 2 Spot on State Ticket

LANSING — Only a sudden, unexpected surge in the conservative voice at the polls September 1 could provide a change from the near certainty of a Romney-Staebler gubernatorial contest in November.

Barring a GOP primary upset by Ferndale auto dealer George N. Higgins over Gov. George Romney, the spotlight then focuses on who will hold down the No. 2 spot on the Michigan ballot in the first election under the team principle.

Under the new Constitution, the Lieutenant Governor candidate for each party will be nominated at convention and run on a ticket with the gubernatorial nominee just as the President and Vice President run as a team.

Previously, nomination to the No. 2 slot was by petition or filing fee just as for Governor and other offices. This system resulted in the 1963-64 situation where the Governor was a

Republican but a Democrat held the Lieutenant Governor's chair.

Three men have openly announced interest in the Republican nomination. On the Democratic side, open availability remains a big question mark.

Hoping for the Republican nod are former Lt. Gov. Clarence A. Reid of Detroit, House Speaker Allison Green of Kingston, and State Sen. William G. Milliken of Traverse City.

Reid was the party's nominee in 1962 but was bested by Democrat T. John Lesinski by just over 3,000 votes. He previously served as presiding officer in the Senate in 1953-54.

Closest to Romney's moderate Republican views is Milliken, now completing his second term in the Senate. Green is generally viewed as a conservative but was instrumental in gaining House passage of Romney's programs during the past two years.

Green has served seven terms in the House, four of them as majority floor leader and this past term as Speaker.

Romney has given no indication as to which he prefers, if any. He did no team campaigning with Reid two years ago.

Elimination of two present Democratic Administrative Board members from the No. 2 possibilities list by their entry in Congressional races left only one prominently mentioned candidate.

State Party Chairman Zoltan A. Ferency has denied aspirations for the post, however, and there has been doubt expressed about his acceptability to Neil Staebler.

Ferency's selection as state party chief in 1963 was vigorously opposed by Staebler.

Candidates for the No. 2 spot will be chosen by the parties in mid-September, after the primary vote.

Thus, many Democrats are

looking to the Congressional contests for other prospects for Lieutenant Governor.

In several districts, incumbent Democrats will be pitted against each other. To a loser in one of these combined districts may go the spoils of the Lieutenant Governor's slot on the state ticket, say several Democratic leaders.

Annual issuance of license plates will be resumed next year if Secretary of State James M. Hare and two State Senators have their way.

The resumption of annual plates, abandoned in 1959, will be formally proposed in the Legislature next year by Sens. John T. Bowman, D-Roseville and Robert VanderLaan, R-Grand Rapids.

Hare said he fully supports the idea and hopes Michigan citizens will express their sentiments on the matter when the time comes.

Since the unforgettable cash

crisis year of 1959, new plates have been issued only every three years with tabs sold in the other years.

Pleas in this session to either issue annual plates or make the three-year ones of more rust-resistant metal went unheeded. Many motorists have paid the \$1 or \$2 fee this year to replace unreadable, corroded 1962 plates now in use with tabs.

Costs of the change to annual plates have not been computed but Hare, Bowman and VanderLaan think the price of readable plates would be worthwhile.

Michigan's 14,000 blind residents are being short-changed on state services, according to one expert in the field.

The state's lag has also resulted in failure to use four-fifths of the Federal matching funds available for blind aid, says Dr. Edward Fitting, supervisor of services for the blind.

With only seven full-time state employees doing work for the blind, Fitting said Michigan has fallen to 48th ranking among the states in the amount of state money spent to aid blind persons.

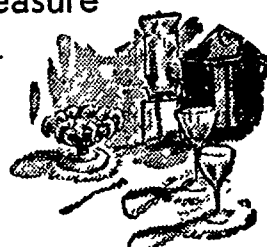

Of 36 states with separate agencies providing services to the blind, Fitting said Indiana is the only state which spends less money than Michigan to operate its agency.

Goldwater's Opportunity

BABSON PARK, Mass. — This is Barry Goldwater's great hour. He has received the nomination of the Republican convention and it may mean his election in November to the presidency of the United States.

I doubt whether he expects it. If President Johnson retains his health and selects a satisfactory man for vice president, the consensus is that President Johnson will be re-elected in November. However, many events will occur in the meantime and even President Johnson could be defeated. Similar political surprises have happened in the past.

The defeat of Barry Goldwater by President Johnson may result in making Goldwater the greatest individual in the English speaking world. Indeed, the English speaking countries are in need of a courageous leader. They are already beginning to talk in their press about Barry Goldwater as the one and only man who has the necessary foresight and courage.

Great Britain and, in fact, the entire British Commonwealth including Canada would naturally be the first to appeal to Goldwater to help them out. Great Britain is now on the verge of an election between the Conservatives and Labor. The English press is strongly divided between the financial interests of London and the working people of Liverpool.

Some of the editorials are already saying "we need a man like Senator Barry Goldwater to lead us out of our present conflicts — a courageous man, absolutely unselfish and not a politician." This does not mean any permanent change of government, but simply a temporary agreement for the good of all parties. But let us look at other English speaking countries. The next great one without a strong leader is India.

India is a vast sub-continent and a long-civilized country, second only to China in population, with over half a billion people, including Pakistan. It had been held together by Prime Minister Nehru who recently died suddenly leaving

these millions of people as a prey to Russia, China, or to a purely revolutionary group. This is one of the world's greatest political problems today. It is vitally tied up with South Vietnam which is now holding back the Chinese.

Furthermore, it looks as if the South Vietnam war can only be contained by more active United States participation. This President Johnson is in no mood to do now, especially before the election in November.

With this, Laos, and Cambodia are also involved. Many national leaders believe that Barry Goldwater is the only one who, at present, could hold the Chinese back and be unselfish enough to retire after he has performed this important function. Furthermore, even though he should not get the presidency of the United States, Barry Goldwater may one day be widely viewed as a "prophet" of the English speaking world.

Barry Goldwater is human and may forget his unselfish independence when he comes to the test, but as yet he has not

He will undoubtedly stick to his present hope of beating President Johnson in the November elections. Should Barry Goldwater win, he will go down in history as a great figure such as George Washington or Abraham Lincoln. But the temptations before him will be very great from now on.

The purpose of this week's column is to warn readers of the terrific importance of the events we are now facing. This is not an appeal for Barry Goldwater. He may stumble as have many before him having the same opportunity. No one, of course, can tell what the future holds.

Yet, I am one of those who
