Today marks the 38th "news-paperless" day for the metropolitan Detroit area and settlement of the dispute between publishers of the two dailies and representatives of the pressman and plate and paper handlers' unions did not appear close this week.

Meanwhile, state, national and world headlines continued to be made even though they cannot be seen locally.

Here they are reported in thumb-nail style.

**PAGE ONE NEWS**  
Prospects of another strike throughout Detroit and the nation threatened this week as the United Auto Workers union rejected new contract proposals by General Motors, Ford and Chrysler.

UAW leaders branded offers of the Big Three auto makers for new three-year contracts to replace those expiring August 31 as "inadequate".

Company officials praised the offer of higher wages, earlier retirement and larger pensions. Speculation began as to which of the companies would become the number one strike target. This decision was expected today at a meeting of the UAW executive board in Chicago.

Counsel for James R. Hoffa says he will appeal the five-year prison term given the Teamsters union president on a mail fraud and conspiracy conviction.

Hoffa was sentenced to four concurrent five-year terms and fined \$10,000. The term is scheduled to be served after Hoffa finishes an eight-year prison sentence imposed in Chattanooga, Tennessee for jury tampering.

**Mrs. Schrader Succumbs at 81**

Mrs. Jerusha Schrader

Funeral services were held Wednesday afternoon for Mrs. Jerusha Schrader at the Ebert Funeral home. The Reverend Lloyd Brasure of the First Presbyterian church officiated.

Mrs. Schrader passed away suddenly in her home August 16. She had lived at 46300 Fairway Three drive.

Born in Northville 81 years ago, Mrs. Schrader was a member of the First Presbyterian church and a life member of the Order of Eastern Star Northville chapter. She belonged to the Daughters of the American Revolution, Kings Daughters and the Senior Citizens.

She was the widow of Nelson C. Schrader, a well-known Northville businessman. They were married in 1905. The late Mr. Schrader established Schrader's Home Furnishings in 1905 which has been carried on by his son. Mr. Schrader died in 1936.

Mrs. Schrader is survived by two daughters, Mrs. Ernest J. Shave of Northville and Mrs. Ross B. Northrop, Jr. of Redford; and a son, Nelson C. Schrader, Jr. of Northville. She was the grandmother of Nelson C. Schrader III, Mrs. Wade (Sara) Deal, Ross B. Northrop III and Reva Ann Northrop. Other survivors include four sisters, Mrs. Zada Riley of Northville, Mrs. Ruth Parmenter of Grand Rapids, Mrs. Fern Rutendar of Redford and Mrs. Thelma DeVee of Arizona; two brothers, Grover Simpson of Lansing and John Simpson of Brighton.

Interment was at the Riverside cemetery in Plymouth.

ed reporters Tuesday when he opened his press conference by saying he would "definitely not" be a candidate for the United States senate this year... from the state of Massachusetts. It was Keating's way of saying he would run for reelection and that he took a dim view of Attorney General Robert Kennedy's plan to run on the Democratic ticket in New York. Keating said he would run on his own merits, not as a Goldwater supporter.

The Barry Goldwater blueprint for victory in Michigan calls for 1,914,000 state votes, estimated to be 59.3 per cent of the total. In 1956 Eisenhower polled 1,713,647, about 55 per cent. In 1960 Nixon lost Michigan with 1,620,428 votes, 48.8 per cent of the turnout.

# Sewer Project Repair Irks City

## Plan Paving This Year On Orchard

A hearing for installation of curb, gutters and paving of Orchard drive from Thayer to Fairbrook streets has been set for Tuesday, September 8.

The project, which carries a 25 percent special assessment to benefiting property owners, is being pushed by the city council so that it may be completed this year.

Total cost of the project as estimated by the city engineer is \$26,911. Of this amount \$5,605 will be assessed against property owners and the remaining paid from general funds.

In the declaration of intent presented by City Manager Bruce Potthoff Monday night it was determined that property owners could finance the cost over a five year period at six per cent interest with minimum annual payments of \$10.

Installation of storm sewer facilities for Orchard drive and area streets was completed earlier this year.

Councilman Fred Kester said he had been asked by John Chedrick of Scott avenue if other streets, such as Scott, which were included in the storm sewer project, were slated for paving, too.

Manager Potthoff said it had not been a part of the original plan and that these streets were far down the priority list for paving.

Councilman John Canterbury agreed, but added that he might yield his position if it could be proved that considerable savings would be realized by paving these streets at the same time.

Councilman Richard Ambler pointed out that it has been the council's policy to pave where it was determined necessary.

"It's certainly so on Orchard drive, and I'd hate to see the project delayed to consider other streets."

The city engineer was instructed to prepare specifications for council approval so that bids could be sought as soon as possible.

Norm Balke, 18, and his brother, Neil, 13, got tired of competing against one another in 4-H contests so each went his separate way and raised a different breed of cow. Both saw results last weekend at the Oakland county fair, emerging as winners in their respective classes. Neil walked off with the grand champion honor for his guernsey cow and Norm came away with the grand champion award for his holstein cow. Their parents are Mr. and Mrs. Howard Balke, 52730 West 8 Mile.

# School Tax Levy Takes Bigger Dip

The 1964-65 school tax levy in the Northville Public Schools' system will be 1.1 mills lower than last year.

A decrease of less than one mill (.6 to be exact) had been anticipated when school board members met last week to officially adopt the coming year's tax rate.

But Superintendent of Schools R. H. Amerman discovered

that a half mill reduction in the 1954 debt retirement fund could be made this year, thereby lowering the levy to 23.60 mills (\$23.60 per one thousand dollars of state equalized valuation).

Board members noted that four years ago the rate was 28 mills.

The 1954 bond issue was made for 20 years to construct the original portion of the Amerman elementary school. Retirement of these bonds will have been accomplished in 11 years.

In other business at the Wednesday night meeting last week the board promised to examine the matter of transportation of some 24 parochial youngsters in the Village Green subdivision area.

Under the school board's bus policy children in this area must walk to school.

But Lee Emens and Robert Mohr, residents of the area, produced copies of state sen-

ate bill 1144 which they said indicated that transportation must be provided in such areas, even though they are in the city limits and therefore not eligible for state funds, if the distance is over 1 1/2 miles.

Walking distance to Our Lady of Victory school from Village Green is 1.8 miles, they stated.

Consideration has been given to a bus shuttle service from Amerman school to OLV.

Emens and Mohr said many parents were anxious for an answer on the matter. They suggested that some of the youngsters, if they were not picked up, would enroll at Amerman.

In answer to Board Member Eugene Cook, Mohr said this "was not a threat".

It was also noted that about 15 public school students attending grades six to eight at the junior high school will not be provided transportation. This distance was estimated at 1 1/2 miles.

## Holland Boy Home Here for Year

Northville high school will have a new student entering its senior class this fall — Hank Penseel from Holland.

He is Northville's foreign exchange student who is staying with Mrs. George Chabut and three of her children, David 17, Mike 15 and Susan 13 of 18585 Sheldon road.

Hank, 18, will be in the U.S. for a year under the Youth sponsored by the Michigan council of churches.

When Hank begins school in

September one of his classmates will be Dave, his foster brother. Dave will have just returned from Holland and Germany where he is now spending two months under the summer Youth for Understanding program.

In addition to carrying a full load of classes, Hank plans to join the football team. Practice will start at the end of the month.

An avid sports enthusiast, Hank was a member of the

selection team in Amsterdam for "korfbal". The game is similar to American basketball. Selection is comparable to being on the all-stars, Hank explained.

After graduation Hank says he will go to college to be a physical education instructor or will attend drama school.

Interested in the theater, Hank is no novice to acting. He has appeared in several non-professional plays and comedies in Amsterdam.

Another fascination is painting, especially modern art. He paints a little himself and collects slides of famous works. He brought a few slides to show the Chabuts.

Hank is one of two children. In Amsterdam he lives with his parents, Mr. and Mrs. Daniel Penseel. His father is a social worker and president of the korfbal club.

He has a married sister who was formerly a secretary with the United Nations. She traveled around the world and speaks six languages.

Asserting that he is not as bilingual as his sister, Hank speaks four languages, Dutch, French, English and German. He has toured most of Europe.

While in school in Amsterdam Hank was president of the student council.

He studied English for five years.

Last September Hank applied for the foreign exchange student program after two attorneys spoke about it at his school. He was one of 2500 applicants. Only 80 were selected.

**TOWNSHIP TALK** — Northville township was host to the Wayne County Treasurers' Association at its bi-monthly meeting last Thursday. The member treasurers heard Joseph A. Paris, Jr., executive director of the Michigan Townships Association, discuss township issues, particularly new election procedures. The luncheon meeting was held at Thunderbird Inn. Shown in a pre-lunch discussion are: (l. to r.) A. M. Lawrence, Northville township treasurer and president of the county association of treasurers; Clerk Marguerite Young, Paris, Supervisor R. D. Merriam and Roy Terrill, a former Northville township treasurer.

## Novi Line Installation Now Near Completion

With the completion of the Novi sanitary sewer line running through Northville expected early in September city councilmen turned their attention this week to clean-up and repair details centering around the project.

The matter was brought to the attention of the council by Sidney Frid, owner of apartments on South Main street. Frid complained that sidewalks in front of the building had been replaced four inches lower than the previous level.

"Who's responsible to see that the contractor makes proper repairs," Frid asked the council.

City Manager Bruce Potthoff said the job was his and that if the walk had been installed incorrectly it would be repaired.

Under questioning by Mayor A. M. Allen and Councilman John Canterbury the city manager and Engineer Harold Penn reported that an Oakland county inspector worked closely with city officials to see that the contractor made repairs.

"This has been a sloppy job since the word go," said Mayor Allen, who pointed to needed repairs on Seven Mile road and South Main street.

Councilman Canterbury proposed that the manager bring major problems to the council so that any question of what might be considered adequate repair could be aired by the council.

Manager Potthoff admitted some slowness on the part of the contractor in making repairs following the trenching operation, but he indicated that the work was good.

He noted that city crews had repaired River street when the project bogged down and billed the county.

The council decided to send a letter to R. J. Alexander, director of public works for Oakland county, expressing dissatisfaction with the private contracting firm's clean-up performance.

Mayor Allen also expressed concern over the Ford mill pond, which Manager Potthoff indicated would be cleaned and refilled to former level.

The 42-inch Novi sewer extends from connection at the Middle Rouge Interceptor south of the Seven Mile road cut-off to Nine Mile road near Novi road.

In addition to the 2,900 taps into the line the city of Northville has arranged to divert a portion of its sanitary system north of Baseline into the new line thus relieving existing facilities in the central city.

He said McCreeley wanted a permit to dump in the area.

Manager Potthoff said he would recommend issuance of the permit if McCreeley would agree to construct a separate entrance (not through the city's dump), enclose the area, prohibit burning, keep the area tidy, provide a performance bond and deed the property over to the city when it is filled (within a three-year period).

Councilman John Canterbury questioned the advisability of permitting a private dumping operation within the city.

Mayor Allen favored the city purchasing the property from McCreeley (previous city negotiations with C. R. Ely and Son had been unsuccessful).

"I can't see anyone putting a dump in our dump," said the mayor.

The council was ready to adopt a resolution prohibiting privately-owned dumping operations in the city when Councilman Richard Ambler said he'd like more time for thought.

"This doesn't mean I approve private dumping, but I'd like to become more familiar with all the implications before we adopt such a resolution," Ambler stated.

City Attorney Philip Ogilvie gave more reason for delay when he suggested to the council that prohibiting a dumping operation in an area already so used might be thin legal ground on which to stand.

Action was delayed to permit time to determine whether the property has been sold to McCreeley and if the city might negotiate for its purchase.

In final business Monday night Councilmembers Beatrice Carlson and Fred Kester were appointed to a committee to investigate the possibility of installing large trash containers behind stores in the business district.

The proposal came from Councilwoman Carlson who termed conditions behind Main street stores "a health hazard."

## OUT OF THE PAST

**ONE YEAR AGO**  
August 15, 1963

A small but significant cut in the millage levy for the 1963-64 fiscal year was approved by the Northville school board.

Northville Swim Club members, who have anxiously awaited the opening of their new pool were scheduled to take their first "splash" yesterday.

John Steimel will be installed as district commander and Mrs. Howard Wright as auxiliary president of the American Legion, 17th district, Saturday night.

Northville Jaycees will do their best Saturday to see that local motorists will be driving safe cars. They conduct a 10 point safety check from 9 a.m. until 4 p.m. for all cars driving along South Main between the Seven Mile road cut-off and Beal street.

Young hands turned this year's Pet and Doll show into a big event Friday as Northville youths staged a block-long parade of floats, pets and dolls, then gathered behind the community building for judging. Sponsored by the Northville Recreation department over 50 participated in the event.

David McDougall has been appointed to one of the highest state positions, state membership chairman in the American Legion.

**FIVE YEARS AGO**  
August 13, 1959

The board of education approved a 1.65 mill tax increase Monday night for the present fiscal year.

The new foreign exchange students have arrived and you couldn't ask for a prettier trio. Rosemary McNeilly from Ireland is making her home with the Ed Welches of Northville; petite Hollander Antoinette Michelsen with the Charles Tremble family of Napier road and Isolde Seiferot from Germany with the Robert K. Andersons of Willowbrook.

Northville becomes the golf capital of the world this week as 155 top touring professionals and amateurs gather at Meadowbrook Country club to match strokes in the Motor City open.

The Northville School Community band, directed by Robert Williams, will participate in a musical program at the 110th Michigan State Fair to be held in Detroit September 4 through 13.

The handsome handwork displayed at the open house sale at the Martin Kaisers last Wednesday would have been a credit to nimble fingers and sharp eyes. But the items — handloomed towels, knitted goods, rugs, ceramics and jewelry — were a triumph of personal struggle for a number of Detroit area handicapped persons who are blind or muscularly disabled.

"Ye Olde Country Flower Fair", this year's fall show of the Northville Garden Club, will be held Saturday, September 12 in the community building.

With two Northville boys, Joe Hay and John Mach, carrying the explosives, the American League All-Stars bombed the Class "F" champions, 2-0 in a seven inning contest at Livonia last Wednesday.

The Novi Rotary Club — which will soon receive its national charter — has announced plans for a Rotary-sponsored cruise on Lake Erie Saturday August 29.

**BRIDGE ORGANIZERS** — Mapping out plans for the Northville Mothers Club second annual bridge marathon are (l-r) Mrs. Irvin Marburger, president; Mrs. Gordon Forrer, marathon chairman; Mrs. William Slinger, finance chairman, and Mrs. Blake Couse, committee member.

## Mothers' Club Plans 2nd Marathon Bridge

Last year's marathon bridge tournament proved so successful, the project will be sponsored again by the Northville Mothers' Club.

The unusual fund-raising project underwrites the purchase of needed equipment and facilities for local schools, according to Mrs. William Slinger, chairman of the club's finance committee, and Mrs. Gordon Forrer, marathon chairman.

Club officials announced this week plans are scheduled for a nine-month marathon to begin in September.

Open to all bridge enthusiasts, the marathon will feature cash prizes of \$50, \$20, and \$10 to each group of ten couples. The cash prizes will go to the three top winners in each group at the conclusion of the marathon in May.

Local spirit for the marathon was high last year with 40 couples playing monthly games. Renewed interest is gaining momentum as couples are inquiring when the marathon will begin.

The marathon is not only a means of testing bridge playing skill, but is an excellent opportunity to meet other Northville residents.

According to Mrs. Forrer, the tournament will work as follows: Entrants will play 20 consecutive hands, once each month for nine months as scheduled. Schedules for each couple will be mailed as soon as groupings are completed. One table will be permitted in a home with the hostess responsible for collecting \$1 per person each game, turning in scores and money to the leader in charge of the designated group.

The marathon will be open for singles, mixed couples, or ladies.

Reservations for the marathon or questions pertaining to any of the procedures may be directed to Mrs. Forrer, FI 9-0348.

**Oilers Fall In Finals**

The Ely Oilers fell one game short of perfection last week as the local 13-and-under recreation baseball champs dropped a 10-3 decision to Allen Park Friday in the finals of tournament play at Livonia.

It was just a matter of being outplayed by a better team in the final encounter with Allen Park. A seven-run fourth inning cinched the inter-city crown for the Allen Parkers.

Even in the fighting Oiler line managed to hit the ball. Pat Cayley led the team with three hits, while Jerry Asher and Dave Grondin collected two each.

The Oilers vaulted into the championship round by defeating three opponents in consecutive games at Livonia.

They trounced Wyandotte, 8-1, Monday behind the two-hit pitching of Jim Peterson.

Then they manhandled the Taylor Township nine, 9-2, Wednesday, in a game delayed one day by rain.

A five-run outburst in the sixth frame turned a close 2-1 contest into a rout. Twelve men went to the plate in the inning, with Craig MacDermid, Barry Deal and Stan Nirider furnishing the singles, while other men reached base on three walks and a hit batsman.

The first run was knocked in by Asher, which gave Northville its impetus. Another big blow was Nirider's two-run single.

MacDermid hurled five innings, striking out four and permitting five hits. Peterson came on in the bottom of the sixth to quell a Taylor uprising, and Randy Simpson finished up in the final frame.

Leading hitters in the fray were MacDermid, Nirider and Simpson, all of whom had two hits.

Taylor took a one-run lead

**First Ace At Brooklane**

The first hole-in-one at the nine-hole par three Brooklane Golf Club was scored last Saturday.

No Oiler got more than one hit off the fast-ball offerings of the Dearborn pitcher, who struck out 10. But Peterson's triple, and singles by Simpson, Deal, Cayley and Marburger were all timely hits.

**— Goodwill Pick-up —**

To arrange for a Goodwill Industries truck pickup ask the operator for toll-free Enterprise 7002.

in the opening frame on a double and a single. Then Northville took the lead on single markers in the second and fourth.

Thursday's clash with Dearborn was a real hair-raiser as the Oilers pushed across the deciding run in the bottom of the seventh inning to win, 3-2.

Cayley slammed a sharp single to left with one man out in the seventh. When the pitcher wound up, Cayley stole second, then advanced to third on a passed ball to put him in scoring position.

After an Oiler went down swinging Deal rifled a liner to center to score Cayley with the winning run.

The final run was even more spectacular in view of the fact that Dearborn tied the game 2-2 in the top of the last inning.

Dearborn scored on a walk, a single and an error and threatened to score again when Peterson picked up a slow roller to the mound, stumbled, then fired to first to just nip the runner.

Peterson went the distance in another sparkling performance. He struck out six, walked four, hit one and gave up five hits, but he was especially tough in the clutch. In fact, he left nine men stranded.

Three fielding gems helped Peterson's cause. With a man on third base, Rightfielder Grondin raced back and to his left to spear a sharply hit fly ball. Leftfielder MacDermid robbed a Dearborn batter of an extra base hit when he ran to make a lunging grab in left center.

Perhaps the real Dearborn back-breaker was an unusual play in the sixth inning. Centerfielder Deal caught a fly ball for the second out, but his throw to the infield was wide and the man on second attempted to advance. Peterson, backing up the play, fielded the ball and fired to Third Baseman Asher, who applied the tag in time.

Northville's first run in the second inning was scored by Peterson, who walked moved around to third and tallied on Kim Marburger's perfect bunt single. This tied the score at one and one.

The Oilers took the lead in the fourth. Peterson lead off with a booming triple over the centerfielder's head and scored on a ball hit deep to second by Marburger. This is the way it stood entering the last frame.

No Oiler got more than one hit off the fast-ball offerings of the Dearborn pitcher, who struck out 10. But Peterson's triple, and singles by Simpson, Deal, Cayley and Marburger were all timely hits.

**INTER-CITY FINALISTS** — The Oilers 13-and-under recreation team (l. to r., kneeling) John Gustaf, Dave Grondin, Rich Adams, Stan Nirider, Gary Bauman and Craig MacDermid; (standing) Tom Lepper, who injured his leg early in the season, Jerry Asher, Bill Morland, Randy Simpson, Jim Peterson, Kim Marburger, Pat Cayley and Barry Deal. The youngsters were coached by Dan MacDermid. Adams, Marburger and Deal played for the Braves during the regular season. Under tourney rules a team may add three players from other league teams.

Barry Deal was given a hero's ride by Jim Peterson and Kim Marburger after he singled in the winning run against Dearborn in the semi-final contest Thursday.

Establish lakes levels in Genesee, Oakland and Livingston Counties, also, where necessary as part of a state-wide program. The State requires licenses for fishing, hunting and boat registrations, yet they do not enforce safety laws or try to control lakes or their levels. You and I living on the lakes have our money invested in homes, also people who pay taxes to support roads, schools, etc., have to live with this stinking mess. Let us correct this situation.

Exempt all persons over 65 years of age from paying any state or local taxes. They paid taxes, built schools, roads, parks, etc., while you and I were too young to assume this responsibility. We were allowed to have a care free youth. Now, let us give them a carefree retirement. Perhaps in a small measure, this will give them more cash to grow old gracefully and be independent.

Exclude food, clothing, medical and school supplies from sales tax, also other essential commodities. Large families with several children in school, need this extra money to keep their children in high school. Perhaps there will be less drop outs if they have decent clothing and enough food. This also would give some relief to retired people who have sickness in their families.

Assh local government units solve their problems such as water and sewer, schools, roads and other problems that confront them from growing pains and above all give them the representation that is needed to make them first class.

Ease a state highway department restriction on signs along expressways so that greater exposure could be given to tourists and travelers. This restriction has forced many merchants and resort persons out of business that were in business before the expressways were built. This did not stop the highway department from closing the roads or refusing them the right to advertise although we are suppose to have freedom of speech and freedom to earn a living.

Last but not least and perhaps the most important of all problems is the deaths and injuries on our highways and lakes. This my friends is a grave situation and will remain so and become more so as long as the state, county, cities, courts and police take a complacent attitude. It's hard to tell widows, widowers and orphans that it was just an accident, and that insurance will take care of their grief. There must be a will and a desire on the part of the state legislators to correct this situation. They could start by chasing all lobbyists and individuals out that oppose legislation. That perhaps would help correct the mass murders on our highways and lakes. Let us work and strive to bring about enforcement and legislation that will protect our loved ones and all who may chance upon our highways and lakes.

Three barn fires have erupted in Northville and vicinity in less than two weeks. Origin of two blazes is not known.

In all three, nobody was home when they broke out.

According to Northville Fire Chief Bud Hartner, volunteer firemen Sunday fought a barn fire on the property of L. Morland on Ridge road near Seven Mile in Northville township.

Reported at 5:30 p.m., the fire was extinguished about two hours later. Chief Hartner said. The barn, used for storage, burned to the ground. Damage has not been estimated.

Morland and his family are

on vacation. Cause of the fire has not been determined, Hartner said. He remarked "This was the first barn fire in our area and it is hard to tell what started it."

In other calls, the Northville department answered a false alarm Tuesday morning and responded to a brush fire in the Caldwell street area of Northville township.

Similar fires were reported recently in outlying areas.

A week ago, a barn was destroyed on the Bill Lundy farm, Martindale road at 11 Mile road in New Hudson. The occupants were absent.

A neighbor turned in the alarm and Lyon township firemen saved the Lundy home and other outbuildings from extensive damage. Cause is not known.

Two corn cribs and a small barn were leveled during a fire Aug. 10 on the Charles Burks farm, 8564 West Seven Mile road. Salem and New Hudson Firemen put out the fire after a five-hour battle. No one was home.

There was no estimate of damage to the Burks property. However, defective wiring was blamed for setting off the blaze, fire department officials said.

### 2 Novi Youngsters Suffer Dog Bites

Two children were the victims of dog bites in Novi last week.

Debra Blackwell, 9, of 41551 Tamara was bitten on the back by a five-month-old collie last Thursday. Debra was playing with the dog owner's daughter at the time. She was given first aid by her mother and taken to the family doctor for further treatment.

A german sheperd got loose and bit Jaime Loy, 2, of 48500 Nine Mile road August 13. Jamie was given a tetanus shot.

### Nurse Found Unconscious

A nurse at Dr. H. Lorne Dyer's clinic was found unconscious Friday morning.

Mrs. Leatrice Schrieber was discovered at 8:20 a.m. by the office assistant, Miss Alice Hrycay. Miss Hrycay immediately telephoned police.

Mrs. Schrieber was lying just inside the reception office. Her glasses were broken and were on the floor along with her office keys.

As she entered the office at 8:10 a.m., Mrs. Schrieber told police, she heard something or someone behind her. Before she had a chance to turn around she was hit.

Patrolman P. E. Young and Police Chief Eugene King checked the building and the basement. They found the back door was unlocked from the inside.

Since Dr. Dyer was on vacation, Dr. R. G. Wetterstrom was notified. After checking Mrs. Schrieber, he recommended she be sent to St. Mary hospital for further examination and x-rays.

Police are still investigating.

### Charges Dropped

## Local Boys' Impressions Of Europe

EDITOR'S NOTE: This is the second letter received from David Chabut, son of Mrs. George Chabut of Sheldon road. David is one of three Northville students spending the summer in Europe under the Youth for Understanding Summer Exchange Program. He is vacationing in Carsac (Dordogne), France with his foster family.

I am coming to the end of a most beautiful summer and my wonderful experience in my life.

It has been very exciting for me to have lived in the home of the Hesselink family in both Holland and France.

All the Dutch people are most friendly to me and speak in English. They feel it is most important to learn the English language. Their nation is small and they wish to know about other nations and languages. The school children are taught English, French and German. In business and in colleges they use those three languages. It has thus been hard for me to learn very much Dutch.

I have a little trouble with their English too, for they use the English accent and not the American, and pronounce things differently than I do.

Even our table manners are different! My family starts the day with coffee and then breakfast consists of bread and cheese. This has been their custom from generation to generation. They do not feel that breakfast is an important meal. The only hot one we have is dinner.

The general image of Holland is that people wear wooden shoes and scrub the sidewalks in front of their homes. I don't like to spoil the image, but the only time I saw a group of people wearing wooden shoes was during market time and those worn were by the farmers. The wooden shoes are uncomfortable and so the people do not wear them.

I believe that Paris is the most beautiful city I have ever seen. I shall never forget coming into it at night. The Hesselink's took me around to see the sights and I was told the city is busy from dawn to dawn. It would have taken many days to see all that I would have enjoyed but we were on our way to southern France and could not spare the time.

My family recently bought a house near Bordeaux, in a small village called Carsac. There is just one general store in which you may buy everything from food to clothing. There is one hotel and a post office.

The post-master and I have a great deal of trouble understanding each other, for he speaks French and cannot understand the phrases the family teaches to me, and I cannot understand his replies to my phrases.

The people are very friendly and anxious to talk to me. I don't understand much of what they say, but I try to figure it out and answer by yes, no, or just a smile. It is possible to find someone who does speak English, but the accent is hard to understand.

The weather is very much like Northville, at present. There are five boys here and we walk about a mile to a nice beach on a river that is called La Dordogne. We are glad for the warm weather. In Holland now it is chilly, rainy and the wind from the North Sea is cold.

The fashions in this town, come from Paris. My clothes are American. The men and boys wear short shorts. I wear Bermudas. They think I am old fashioned with such long pants. People look, point and start chucking when I appear in a crowd.

I went to a carnival and wrestling match and the people spent a great deal of time laughing at me.

The funniest part about it is that in this area the people either speak French or Dutch and the boys translate for me what is being said. Two Dutch girls were having a great deal of fun over my appearance and I burst out laughing over what they were saying. Even though we were talking in English, we said goodbye to them in Dutch so the girls were very surprised.

It took us two days to get down here with our caravan.

### TAX-RATE LIMITATION INCREASE PROPOSITION [No. 1]

Shall the County of Wayne increase the millage as provided in Article IX, Section 6, of the State Constitution, by one mill for a period of five years from 1965 through 1969 (\$1.00 per one thousand dollars of State equalized valuation), the proceeds to be used to help meet the rising cost of County services, maintain hospitalization for the medically indigent, help furnish medical care of the aged poor, help care for and train juveniles under County care, help provide treatment for the mentally ill and those suffering from tuberculosis and maintain adequate public health, recreation and safety services?

All registered electors may vote on the tax-rate limitation increase proposition.

This proposition is being submitted in accordance with the following resolution duly adopted by the Board of Supervisors of said County on the 7th day of July, 1964.

## RESOLUTION OF BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE

WHEREAS, diligent effort has been made to bring the County budget into balance, within the available millage allocated by the Wayne County Tax Allocation Board under statutory limitation, by pursuing every possible economy and yet provide sufficient funds to meet the ever rising costs resultant from providing essential minimum services to a rapidly expanding population in a period characterized by increased cost of commodities and personal services; and

WHEREAS, this available millage has not been sufficient to maintain services at a level to assure adequate health, welfare and safety standards for the citizens of the County; and

WHEREAS, the County will be faced with a deficit as of November 30, 1964, of approximately \$16 million consisting primarily of unpaid bills due the City of Detroit and the State of Michigan for hospitalization and other social service functions; and

WHEREAS, the County has no alternative but to seek approval by the electorate of extra tax revenues to maintain minimum essential services without incurring further indebtedness; Now, Therefore, Be It

RESOLVED, by the Board of Supervisors of the County of Wayne, this 7th day of July, 1964:

- That there be submitted to the qualified electorate of the County of Wayne, State of Michigan, at the primary election to be held in said County on Tuesday, September 1, 1964:

when Pa Pa was driving. Mrs. Hesselink will drive all of us home and she thinks it will take three or four days. Driving through Belgium was an experience for everyone goes as fast as he can and there seem to be no rules. With five of us in the caravan it will be crowded.

I love it and shall never forget these two great and wonderful months the Hesselink's have given to me.

Editor's Note — Gordon Hammond, son of Mr. and Mrs. C. M. Hammond, 47100

Timberlane, is spending the summer in Germany under the auspices of the Youth for Understanding exchange program. The following is an excerpt of a letter sent home about his trip.

Gordon is staying in Hering, Germany, with the parents of Inga Knoth, a Northville resident.

Hering is about 4,000 feet from the Russian-East German border and often they tell me that Russian border guards and soldiers defect here.

When crossing the border it is illegal to take pictures of the Russian soldiers. One guy took some snapshots with a tiny camera and got out of there. The guards, though, followed him in a tank and forced him to stop.

They pulled him out of his car, smashed his camera and ripped his luggage apart while holding his hands up against the car. He finally was freed after some fast talking. I would have got some good pictures of it all but it is too early for me to lose my camera.

Life here is like life anywhere in West Germany; the border only cuts down on traveling time — nothing else.

Meanwhile, back at the Lederie farm in Fritzlitz, it is hot and sunny for the tenth straight day. No rain is in sight and the farmers are desperate.

Right now, the Lederies are picking cucumbers and in a few days we start on barley and hay. I am not too sure about my weight — according to their scales, I have either gained 10 pounds or lost 21.

While looking at a map, I noticed that Fritzlitz lies in the only valley in Germany and everywhere else around here are hills, 500 to 1,000 meters high. After swimming at their huge pool (every town

Visitors: Mr. Harold Edwards, Owner and Mr. Clarence Charest, attorney for Dun Rovin Country club. Mr. Glen Cummings, some ten residents and William Sliger of the Northville Record.

Supervisor Merriam asked for questions or corrections to the regular board meeting minutes of July 7.

Trustee Tyler asked that paragraph three under Item 2 in New Business be changed to read as follows:

"Trustee Tyler and Robinson objected on the grounds that the qualifications of the office should be clarified before any appointments were made."

No further corrections, Merriam declared the minutes of the Regular Board meeting of July 7, would stand approved as revised.

The Treasurers report for the month of July 1964 was read.

2. Copy of letter from the Wayne County Dept. of Health to the Municipal Finance Commission at Lansing, asking that early approval be given to Northville Townships' request to issue bonds for Special Assessment District No. 1 water installation.

Business by Citizens: Mr. Glen Cummings presented the board with a copy of a petition which had been filed with the Michigan Liquor Commission and a letter addressed to the board and signed by John Haller, D. Bathey and G. H. Cummings.

The petition listed 32 property owners residing and owning property in Northville township within a radius of 1/2 mile of Brook Lane Golf club and respectfully petitioned the Michigan Liquor Control Commission to continue its refusal of a liquor license to Brook Lane Golf Club and stated reasons for their opposition to same.

The letter was lengthy, the principal requests were:

(1) That the Northville township board rescind forthwith its resolution of April 7, 1964, favoring issuance of an alcoholic beverage license to Brook Lane Golf Club and

(2) That Article VIII, Section 8.01 (g) of the Northville Township Zoning Ordinance be amended to provide that the opening of private parks, gun clubs, golf courses and golf driving ranges in an area zoned for agricultural use be made subject to approval of the township Planning Board and that applications for licenses permitting the serving of alcoholic beverages in the aforesaid establishments also be subject to approval of the township Planning Board.

After considerable discussion Supervisor Merriam advised

### Local Boys Write from Europe

here has one) we had dinner and then went to the border.

At first impression, it didn't look anymore harmful than a picket fence. But looking closer, I noticed many details that are interesting. The road we were driving on was a wide highway but suddenly it stopped at a white and red cross bar. There was a dusty old road on the other side and a bridge that was never used.

Behind that was a cement post fence with rolls of barbed wire strung up along between pillars. Then there is 500 meters of forbidden territory and if anyone is seen in that area, the guards will shoot to kill.

In many places the barbed fences are double strength and in between the wire are mines. But the guards are so thoughtful! They put up signs on the western side.

Every 1,000 meters or so there is a high tower in which two to four soldiers sit and watch -- just watch with guns hanging on their sides.

Last week, a German border guard escaped to a house over the border. The guards in the towers opened fire. They shot up the old house. The defecting soldier made it to freedom but an old man in the house was hurt.

When we went there we could see the bullet holes in the wall of the house. The house is half over the border so people live only in the west half. The east half is all closed off and deadlocking.

Everything actually looks deader and dirtier across the line. While taking a picture, I walked over the line for a better angle and the guard in the tower stuck his gun out.

The guard waved his hands and the people with me yelled and pulled me back over the line. I hadn't realized that things were that bad.

I am at Inga's parents home again. The Rathenpieters are different than the Lederles.

They are more typical Germans. In the kitchen is a small oven, table, cupboard and tiny sink -- and nothing else. No refrigerator. They keep milk on the window sill and the beer under the table. Inga's mother goes shopping for each meal since she has no place to store food. Yet we had better meals here than in America.

We had cauliflower, cheese, sausage, potatoes and sour-cream peaches. Like all Germans, Catholic or Protestant, they pray before each meal and afterward, too. Then we always sit and talk for an hour or so after dinner.

Tonight we are gathered

around the piano and Inga's father is playing and singing church songs. Then we walked up to the sports hall and practiced playing ping-pong for the big tournament. After losing three games, I challenged a 10-year-old kid -- and won by two points. The paddle was bigger than he was. I did learn to play their style and it should help me in the U.S.

Each room in Inga's parents home has a heater; there is no central heating. Each heater is a tiny oil or coal burner and looks like something out of the past. Inga's father works in the bank and says I was cheated out of eight marks in cashing three travelers checks in the Fritziar bank.

# SPEAKING for The Record

By BILL SLIGER

September 1 Wayne county residents of Northville will be asked to vote an additional one mill for the next five years to help finance essential county services.

The measure is being given strong support by those most familiar with county government and its financial plight.

Northville's city council voted unanimously Monday night to support the proposal. The members said they would encourage local residents to vote "yes".

Although the township board has taken no official action, Supervisor R. D. Merriam has endorsed the request as necessary.

The county, like the schools and townships, must run its services from tax dollars raised within the 15-mill levy limitation.

Roughly speaking, the schools take about eight of these allocated mills, the townships one and the county six.

Each year the county and school districts compete for shares of the 15 mills.

Now the county has decided to do what school districts have had to do for many years . . . go to the voters and ask for additional millage.

There is no doubt that the county badly needs the \$9 million that the one mill levy will raise.

But there are certain conditions that should be clearly understood by the voters regarding our county government and the use of these new funds.

First of all, Wayne county has a \$16 million deficit.

There is no assurance, or requirement, that any of the \$9 million in increased revenues be used for liquidation of these deficits.

In all likelihood, the money will not be used for this purpose.

It will, however, improve care for patients at Wayne County General Hospital; for children at the Wayne County Training School; improve TB and VD and other health control programs; provide for improved operation and maintenance of county parks; and improve juvenile court services.

These are important considerations that must be faced squarely and provided immediately.

Therefore, I join area officials in urging Wayne county residents of our community to vote "yes" on this proposal.

But this is not the final answer. And less the supervisors of Wayne county fall prey to the belief that in five more years they can again tap the tills of the taxpayer for continuation and expansion of needed services, I think it is important to heed the words of a report by the Citizens Research Council of Michigan.

It concludes that it is doubtful that any tax increase will contribute much toward solving the problems at the heart of Wayne county's plight.

"If the county is to become a responsive unit of government with expanded responsibilities, it requires both financial and structural overhaul," says the report.

County government in Michigan is now a loose confederation of local governments. It has no definable executive branch. The answer is an organization with powers to raise revenues, if it is to provide the services our modern society now demands.

# 'Unemployables' Train for Jobs

LANSING — A "new and different" educational project is underway within the shadow of Michigan's State Capitol. Students attending classes in old St. Mary's School are all majoring in the same subject — jobs.

"The world doesn't owe us a living — all we ask is that it give us a chance to earn one ourselves."

With this creed, 150 students, most of them previously unemployables are undergoing a one-year training program at the Michigan Catholic Conference Job Training Center. Religious background is not considered when enrolling stu-

dents, and many faiths are represented.

The unique anti-poverty program, designed to make them employable, is being paid for by three federal agencies and is sponsored by the Michigan Catholic Conference which represents the Catholic Bishops of Michigan. However, few of the students and staff are Catholics.

Students attend classes daily from 8 a.m. to 3 p.m. in old St. Mary's School. The program calls for 30 weeks of basic education and 20 weeks of vocational instruction. Students receive training allow-

ances ranging from \$20 to \$48 weekly depending on their family status.

Average age of all students is 34. Married students have an "average" of four children; one has 12. Their formal education level is grade six. One in four students had less than three years of formal education.

The average earnings of each trainee last year was below \$700.

Francis J. Coomes, Executive Director of the Michigan Catholic Conference, said the program has received "outstanding support" from all major faiths in the Lansing area

and other community organizations like the Lansing Community Services Council.

"Central Methodist, for instance, is operating a Nursery School for pre-kindergarten children of the 'Trainees,'" Coomes said. "And transportation for the pre-schoolers is being supplied by the Lansing Chapter of the American Red Cross."

Coomes said most of the students are making "good progress." "We're pleased with results of the program so far but the real test will be whether they can get jobs afterward," he said.

"If they can get jobs that will pay twice as much as they were receiving on welfare, then the training will pay for itself," Coomes said.

members of the same family for more than 100 years. One of these is Stanley M. Powell of Ionia. Powell is very active in the Farm Bureau and raises both prize milking shorthorn cattle and prize sheep.

The other Centennial Farmer is Delmont Chapman, South Rockwood. He has served on the State Fair Authority several times and in the State Legislature. He is the third generation to operate the farm and now raises prize sheep. His youngsters are also active in sheep raising.

Former Director of Agriculture Charles Figy, a Morenci farmer, is chairman of the State Fair Authority. Youngest member of the group is Robert Zeebe, 32. Chosen Outstanding Young Farmer of the Year in 1963 by the Junior Chamber of Commerce, Zeebe operates a 480 dairy farm with his father near Bath.

Robert J. Noon, Jackson, has been on the Fair Authority for more than a dozen years. He raises swine sheep and Shetland ponies.

Lyle Glover, operates a 247 acre dairy farm near Fowlerville where he was born in 1907.

# 'Collector' Investing

BABSON PARK, Mass. — I doubt that there has ever been such a craze for collecting things as there is throughout the country today. Coins, old furniture, stamps, glassware, paintings, books, and many other articles are being bought and hoarded on an almost unbelievable scale.

What is behind this scramble for collectors' items — why has it reached such a fever pitch?

It is my opinion that people have always loved collecting material things that have caught their fancy. History indicates this especially through archaeological studies. But today there seems to be an extra incentive, and I believe that it is a conscious (or sometimes unconscious) fear of inflation. When you stop to think of it, inflation has been going on for longer than statistics have been available. It is punctuated by only temporary periods of deflation, then it resumes. So the assumption by most people that more inflation will come seems reasonable enough.

Even the most casual economic observer knows that money itself becomes less valuable intrinsically as the cost of the goods it will buy increases. Therefore, many seem to feel that if they start hoarding some articles these are going to be worth more in terms of dollars in days to come and they will be better off than if they hoarded the dollars themselves. You probably wonder whether I believe in such collecting as a type of hedge against possible further declines in the purchasing power of the dollar.

The answer is "Yes — IF

your collecting is done with intelligence, restraint, and know-how."

Antiques always make a good investment, but you must know what you are doing. Avoid stuffed furniture, for example, books that may be old but otherwise undistinguished, most of the ancient prints that adorned living-room walls in earlier years, stamps of foreign nations that have been collecting trade, and so on. For a start in antique furniture, it is still a good idea to check up on things that may have come down to you as family heirlooms. Sift the things in your attic, or on your family farm.

Keep an eye out for fine mahogany furniture, Sandwich glass pieces, early costume jewelry, articles of gold or silver, old coins, and U.S. stamps. Even a broken-down article of furniture is often valuable after it is restored, particularly if the wood is fine and the piece is of the right period. Restorer of antiques can usually replace missing parts. Take any doubtful glassware to an expert; it may be only a copy . . . but it could be Sandwich glassware, and that is always valuable.

Amateur coin collectors now number in the millions, and they will often buy up freshly minted coins at a foolish premium. A perfect example of this is the recent withdrawal of Kennedy half-dollars by hoarders. So many have been issued that they will never be any more valuable unless the price of silver is allowed to go so high that it would be worth while to melt down any silver coins — something the government will certainly try to avoid. Keep a few contemporary coins in mint condition if you have a large-scale collec-

tion; but pay greatest attention to historic coins that can never again be minted.

Foreign stamps are not usually worth very much; the exceptions are rare. But U.S. stamps in good condition and of sought-after issues should always be worth money.

If you have some interesting early U.S. stamps, you can get an idea of their value by consulting a stamp catalog at your library. Or you could seek professional advice, but be sure your man is responsible and honest.

There is one basic rule to remember when assembling things to hold as inflation hedges: Concentrate on items which can never be increased in supply. An astute collector or dealer recognizes that there will never be any more old U.S. coins, Sandwich glass, genuine Heppelwhite furniture, — or, for that matter, waterfront property or underground natural resources.

If lack of cash has forced you to spend a stay-at-home summer this year, start putting next year's vacation money aside now in
