Nation Mourns Loss Of Herbert Hoover

Detroit's newspaper strike has passed its first 100 days and still no settlement is in sight.

It was July 13 that the pressmen and paper and plate handlers' unions struck the two dailies — and both sides are at an impasse, although Washington may now enter the negotiations.

Meanwhile, here's another round-up of national news.

PAGE ONE NEWS

The body of Herbert Clark Hoover, 31st President of the United States, will be taken to Washington tomorrow where it will lie in state under the rotunda of the nation's Capitol. Mr. Hoover died Tuesday at 90 after a recurrence of an intestinal hemorrhage. Following the services in the Capitol, his body will be flown to West Branch, Iowa for burial at the site of the small cottage where Mr. Hoover was born in 1874.

Governor George Romney, while stumping the state, said that Michigan has no immediate need for a state income tax. Meanwhile, his Democratic opponent, Neil Staeble, said that the state's mental health program is going at a snail's pace.

As the Presidential campaign enters the home stretch, Barry Goldwater asked the FBI for a report on security factors involved in the case of resigned White House aid, Walter Jenkins. At the same time, President Lyndon Johnson will try to make appearances in all areas where his campaign lieutenants believe he can boost his vote total.

Former President Dwight Eisenhower said he doesn't feel "too good about Khrushchev being removed." He indi-

cated that with the change in the Soviet government, the Russians could move closer to the United States or else Red China.

GENERAL NEWS

The U.S. weather bureau said that radioactive material from Red China's atomic test blast last Friday may be passing over the nation but little will fall to earth due to lack of rain.

Senator Hubert Humphrey, Democratic vice presidential choice, said that the Republican party leaders have lost control of their party to the apostles of discord and radicalism. He said the GOP has infiltrated its ranks with people and organizations who profess the politics of hate. Humphrey mentioned the John Birch Society, Christian National Crusade and the Minute-men, which trains its members for guerrilla warfare.

Vandalism Crackdown Ordered

Hooliganism already has erupted in the Northville - Novi - Wixom area — and Halloween is still a week away.

Police officials in Novi and Wixom claim that property damage has been negligible but Northville authorities are facing "a rash of malicious destruction."

And Northville Police Chief Eugene King hinted that local youths are behind the incidents. Northville Councilman John Canterbury Monday night told his colleagues that "I am alarmed at the rash of vandalism in the city."

"In all my experience on the council, I have never heard of such vandalism."

Canterbury called on the council to back the city manager in spending whatever funds are necessary to bring the vandalism under control.

Siding with Canterbury, Councilman Richard Ambler added: "This is a problem for parents as well as the police. The public ought to be alerted and nip it before it goes too far."

In an interview, Chief King indicated that only a few cases of property destruction were reported earlier in the month but now the list is growing longer — and more severe.

"On October 1 someone was reported to have thrown a rock through a window on Grace street," the chief explained. "Now homes are targets for B-B's and pellets."

"A few days later there were reports of danger signs at the construction site on Eight Mile and Novi road being knocked down and gunshots in the early morning hours at the gravel pit on Eight Mile near Taft."

"Things have been getting progressively worse. I don't recall vandalism having been this bad before."

Even animals have been destroyed.

"A horseman at Northville Downs claims that on two occasions recently some youths caught a few cats, pounded nails in the walls of a stall and hanged the cats," King said.

At the end of September, a pet duck of the Robert Reed family on Randolph street was found shot to death. Buckshot was discovered in its coat and a neighbor told police a gunshot blast was heard the afternoon the duck was killed.

A cluster of damage complaints were recorded October 7, according to local police reports.

At that time, many portions of Northville were pelted by missiles. Broken windows were reported from Village Green subdivision to the Orchard drive area.

Apparently there has been a "deliberate attempt at harassing the police, too," King remarked that the culprits have been criss-crossing the city.

"We get a call on one side of town, dispatch a car and then get a complaint from the other end," the chief said.

Another pattern has emerged. King believes that "kids are doing it. They are throwing and running. Nobody has heard any cars or taken down any license numbers."

Lately, King related, eggs, pumpkins and tomatoes have been thrown at local homes and even a rifle slug has penetrated a resident's house.

A rifle shot recently broke the bathroom window of a home on Yerkes street, went through the shower curtain and landed in the bathtub.

"No one was hurt," King said, "and we recovered the rifle slug and sent it to the state police ballistics laboratory in East Lansing. We should be getting a rundown on it soon."

King revealed another trick of youths. An auxiliary policeman saw a bunch of boys fighting recently and stopped his car.

"When he approached they screamed and hollered and started to run. Later, after interrogation, it was learned that they were trying to gain attention by faking a fight."

"Just think what might happen if people ignored such things and perhaps a boy were injured or killed!" A silly prank could turn into a serious thing.

What to do?

King suggested that the "parents take action along with police. If a youth is caught locally, we should sit down with his parents and make them assume the liability. This is better and more effective than the juvenile court system."

He said: "County facilities (Continued on Page 3)

Plan Halloween Party

Local merchants and the recreation department will "treat" youngsters on October 31.

Pre-school and elementary school youngsters are asked to come to the junior high gymnasium (community building) for a Halloween party from 5:30-7 p.m. Saturday, Oct. 31. Prizes will be given out for the best costumes at 6:15 p.m.

Later, a dance will be held for junior high and high school students from 7:30-10 p.m. Cider and donuts will be served and costume awards made.

City Seeks New Route For Detroit Water Line

The route of the Detroit water line through the city of Northville was at a standstill this week.

Detroit wants to dig its trench right down Center street (Sheldon road) from Baseline to 5 Mile; The Northville city council insists there ought to be another way.

Time is getting short. Detroit would like to move this year if possible, but next year for certain.

Monday night the council heard a letter from Gerald Remus, general manager of the Detroit Water Board.

Remus maintained that the Center street route is the best and that investigation of alternate routes show that the additional cost would be "from \$28,700 to \$198,200 extra."

He called the route the best for the city, listing connection advantages and lower rates.

Remus said actual working time in Northville would not exceed 75 days.

He added that "the time it would take to cover the critical five blocks in Northville would be approximately 30 days, and not more than one intersection would be tied up at a time."

The council took a dim view of the prospect of such a construction project through the city's main thoroughfare.

Aside from the financial damage to local business, it was roughly estimated that damage to other streets that would have to serve as alternate routes for all north-south traffic, including trucks, could

amount to \$50,000.

The council agreed that "the time will come when Northville uses Detroit water." It was also pointed out by Councilman John Canterbury that the city doesn't wish to be placed in the position of blocking progress for neighboring communities (both Plymouth and Northville townships expect to be served by the extension of the Detroit line to Five Mile road).

"We're willing to cooperate for the benefit of the entire area," replied Councilman Richard Ambler, "but not at the expense of our local merchants and taxpayers."

Ambler carried the Remus letter a "one way proposition" that offers no compromises. "He threatens higher rates if we don't agree, but doesn't mention the possibility of sharing the additional cost of an alternate route," he concluded.

Councilman Fred Kester favored a firm stand against the Center street route, a position Canterbury has also taken.

Finally, the council decided to appoint Ambler and Canterbury to meet with Remus to seek out grounds for possible compromise.

Mayor A. M. Allen proposed that the full council could again meet with Remus after the two-man committee had held preliminary sessions.

Township Taps Detroit Line

Water Near for Dry-Well Homes

Eighteen homeowners in Plymouth Gardens, a subdivision of \$40,000 homes in the southeast corner of Northville township, will soon bid farewell to water shortage headaches.

Their bromo is a new water system connected to a city of Detroit main. Most of the ground wells that have served the area are either completely dry or faltering.

The Northville township board awarded a contract for installation of the system to Michael J. Clarke, low bidder

at \$14,092.50. There were three other bidders. The price should be good news, too. It's lower than previous estimates and will reduce the cost to property owners, who will pay for the system through special assessment.

Supervisor R. D. Merriam expects the installation to get underway no later than November 15 with completion within 30 days.

Plymouth Gardens' neighbors along Bradner road were already benefiting from the township's agreement to purchase water from the city of Detroit.

The Detroit main, which now serves the Wayne county training school, runs through the area. It was being tapped this

Annex Vote On Ballot

The city council learned Monday night that the election to annex six township residences on West Main street to the city will be held as scheduled.

An attempt to have the secretary of state call off the vote because of inaccuracies in the description of the property failed.

City Attorney Philip Ogilvie told the council that the state attorney general's office would not recommend the action because the errors did not invalidate the petition.

Meanwhile, the township board had agreed to permit the annexation by joint resolution of the city and township governing bodies.

If the annexation wins approval of the voters residing within the township area to be annexed and the entire city, the area will become a part of the city and joint resolution action will not be necessary.

Monday night the council adopted a resolution urging local voters to support the proposed annexation.

In other business the council voted to purchase a police car from G. E. Miller Dodge agency for a low bid of \$789, including trade-in; decided to have the Peterson property on Main street appraised for possible future purchase information; and gave permission to the city manager to advertise for bids for replacement of "dangerous" sidewalk on some 29 city properties.

Married in New Jersey

Judith Newcombe and Frank Kahler spoke their marriage vows October 3 in St. Anne Roman Catholic church in Keansburg, New Jersey.

The bride is the daughter of Mr. and Mrs. Frank Newcombe of Keansburg and the groom is the son of Mr. and Mrs. Meredith Kahler of Napier road, Northville.

For her wedding the bride chose a gown of brocaded satin fashioned with long sleeves and a scooped neck line. Her butterfly veil was held in place with a brocaded pill box and she carried a bouquet of cascading mums.

Maid of honor was Maurine Weil of Irvington, New Jersey. Margaret Keating of East Keansburg and Mary Durnien of West Keansburg were bridesmaids. Both girls wore dresses of shocking pink with Empire lines, elbow length sleeves and they wore head pieces of matching bows with circular veils. They carried arm sprays of mums.

Following the wedding a reception was held at the Crystal Ball Inn, Eatontown, New Jersey.

Thomas Heslip of Northville was best man and ushers were Richard Newcombe of New Jersey and William Simon of Pennsylvania.

For her daughter's wedding Mrs. Newcombe chose a sheath of shell pink crepe with matching accessories and wore a gardenia corsage. Mrs. Kahler's teal blue silk sheath had matching accessories and she wore a corsage of gardenias.

After returning from a wedding trip to the World's Fair the couple is making their home in Caro, Michigan where

"IT LOOKS LIKE CHRISTMAS" — Mrs. E. O. Whittington, Mrs. John Begle, Mrs. Denis Schwarz and Mrs. C. W. Whittlesey admire a greens' basket which will be among the items on sale at the Christmas Frosting Mart to be given December 5 by 13 branches of the National Farm and Garden association in Northville. Mrs. Whittington, Northville chairman, hosted a meeting of the 13 branch-committee chairmen Monday to show samples of wares which will be sold.

Senior Citizens Meet Tuesday

The Senior Citizens' Club meets next Tuesday evening at 6:30 o'clock in the Scout-Recreation Building for a co-operative supper and social hour.

Attorney Edmund Yerkes was the speaker at the October 13th meeting, showing his pictures of the old interurban system and of local places of interest.

OLV Senior League Halloween Party

A Halloween party is planned for the Senior League, at 1 p.m. Friday, October 30, at Our Lady of Victory rectory. Mrs. Allor will be hostess to the group that will choose a new name for its league. A prize will be offered for the member who presents the best name.

BIRTHS

In Our Town

By Jean Day

"TRULY WE ARE BLESSED," said Mrs. William R. Slattery as she welcomed Northville Town Hall's opening audience last Thursday morning. Mrs. Slattery, town hall chairman, referred to the perfection of the Indian Summer day — which stretched into a golden week end blessing for many vacationing Northville families.

Those staying in town Thursday were stockholders in a preferred brand of entertainment by Miss Cornelia Otis Skinner. In viewing the audience which almost filled the P & A Theatre, Mrs. Slattery appreciatively pointed out that each member was a "stockholder" in town hall with gains being awards made to charitable organizations in the area.

She introduced vivacious WWJ-TV star, Miss Carol Duvall, who brought her own treasured copies of Miss Skinner's "Dithers and Jitters" and "Our Hearts Were Young and Gay" — and thus presented their author.

In her bronze brocade formal with mink-collared jacket, Miss Skinner dominated the stage as she became, alternately, a woman seeking a box of powder in a New York salon, a resort hotel visitor, and various Americans in Paris.

Miss Skinner commented that her "unseen" cast of supporting people are "real flesh and blood" to her and that in preparing her one-woman sketches she made a complete biography of each invisible person in order to present a greater visual illusion.

The celebrity luncheon following at Meadowbrook country club drew 300 Town Hall members. As she greeted the smartly dressed assemblage, Mrs. Slattery confided that her white hat of ostrich plumes was a "birthday present, belated!"

FAREWELL EVENTS are being arranged to honor Mrs. John S. Krider of Holmbury road, who will be leaving the end of the month with Scott, Rick and Kathy to join Mr. Krider in the East. Mr. Krider already has left for a new position in New Jersey.

Mrs. Ruben Jensen, Mrs. Hiram Pacific and Mrs. Ward L. Hummel will be co-hostesses at a luncheon Monday at Mrs. Jensen's home on Chig-widden road for a group of neighborhood friends to say "good-bye." Wednesday Mrs. Thomas McDonough invited 24 friends of Mrs. Krider's to a coffee at her Thayer boulevard home.

"A TEMPORARY EXODUS" was the term given by school board member William Crump to the mass vacation plans of Northville residents taking advantage of the two-day public school MEA convention holiday last week.

The Crumps took their daughters on a "sentimental journey" to Philadelphia where they had made their home 20 years ago. Also East-bound were Mr. and Mrs. E. O. Weber of Woodhill road, who drove to University Park, Pennsylvania, to see Penn State lose to Syracuse in the last 35 seconds of its football game.

The Arthur Hempe family of Fonner court west headed for Chicago to see the Chicago Bears - Detroit Lions game. Since Mr. Hempe is an avid Bears' fan, the Hemptes also attended the Bears game the previous week end.

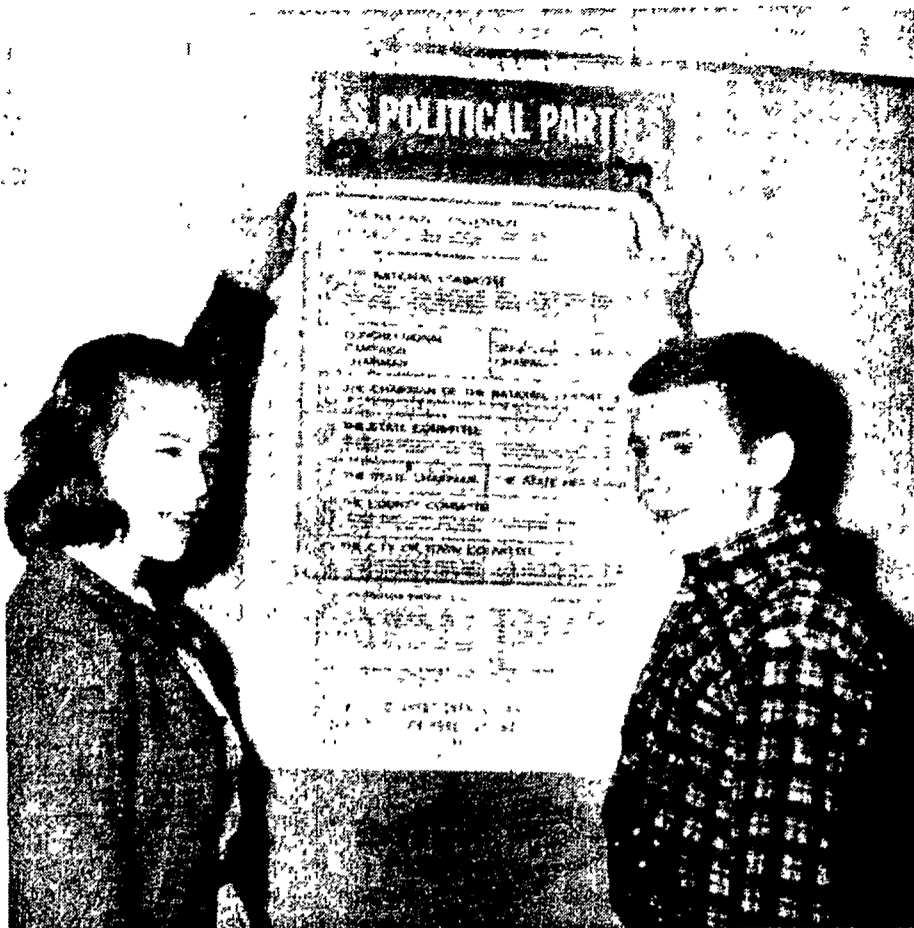

Guest week end at Lost Lake Woods in northern Michigan attracted several Northville families. The Richard Amblers were guests of the A. C. Parmenters and the H. O. Evans family, of the William E. Davises. Also there for the week-end were the Edwin R. Langtrys.

The George Millers and the Charles Elys travelled up the western side of the state to Traverse City area. Mr. and Mrs. Hugh McKay visited Saugatuck, Traverse City and Petoskey on a tenth anniversary week end, after leaving their children with Mrs. McKay's sister in Kalamazoo.

A KICK-OFF COFFEE for her torch-drive area workers was given Tuesday morning by Mrs. McKay at her 7 Mile road home. Mrs. Edward Hodge of Westhill road greeted her workers at a coffee Monday. Other United Foundation coffee hostesses are Mrs. John Miller, Mrs. David Vincent, Mrs. Richard Rusche and Mrs. Victor Lonn.

A TEMPTING TASTE of "Christmas Frosting" items to be sold at the annual Christmas market given by 13 area branches of the National Farm and Garden association was given Monday at a sampling meeting called by Northville Chairman Mrs. E. O. Whittington.

The annual sale December 5 in the junior high gymnasium (community building) will yield door decorations and tree ornaments as well as decorative items. Among the new items were antiqued wood wall plaques brought by Mrs. Charles Casper of the Inkster chapter. Children's sun-bonnets were included in another display.

BARRY OR LBJ? — Eighth graders Betty Klein and Bill Wilcox will be two of the 28 students of Mrs. Peggy Quinn who will poll local residents on their political preferences.

8th Graders Turn Pollsters

Don't be surprised if a survey taker knocks on your door in the next few days.

Chances are he, or she, will be a member of Mrs. Peggy Quinn's Northville junior high school social studies class.

The twenty-eight students plan to conduct a survey of the political views of the Northville school district. And they composed the questions themselves.

They won't take names, but they plan to compile the re-

sults and attempt to predict the outcome in the Northville area of the November 3 election.

The youngsters expect to call upon some 500 residences.

Following are the questions they will ask:

1. Are you registered to vote? Yes ... No
2. Do you plan to vote on November 3rd? Yes ... No
3. Place a check by your party affiliation: Independent Democratic— Republican

Socialist ... Prohibition Other (please list).

4. Are you satisfied with the candidates for President? Yes ... No

5. Are you satisfied with the candidates for Vice-President? Yes ... No

6. Have you changed your position since the start of the campaign? Yes ... No

7. Do you feel this has been an especially "dirty" campaign? Yes ... No

8. Do you feel the "resignation" of Khrushchev will significantly affect the outcome of the election? Yes ... No

9. Do you plan to vote: All Republican ... All Democratic ... A split ticket

10. How do you plan to vote for President: Check one. Democratic ... Republican ... undecided ... other

Perilous Intersection Under Surveillance

Grand River and Taft road has been described as a dangerous intersection by Oakland county road authorities.

Because of the peril at the corner, Tom Culbert, school superintendent, no longer allows buses to swing down Taft to the new junior high.

"Grand River and Taft is a blind corner due to the hill," Culbert explained. "I have ordered our buses not to go west on Grand River from Taft or turn left from Grand River on to Taft."

Now the buses proceed to Lannys or Clark roads and then head toward 11 Mile road. They travel along 11 Mile to the school.

As the county stressed in a letter to school officials: "Any left turn made on Taft road by westbound traffic was a very hazardous turning movement." Reason is that Grand River is a three-lane road and at the intersection westbound buses and cars must turn from the outside lane due to the position of the yellow line. A no-passing zone exists there.

In its correspondence, the road officials emphasized that it eventually may "become a necessity that all left turns be prohibited there."

Fraser Staman, an Oakland county road commissioner, stated that a "driver making a left turn can never tell when someone will come roaring over the hill from the other direction."

Staman said that the county will be taking traffic counts and keeping the intersection under surveillance.

However, he indicated it would "be dangerous to erect

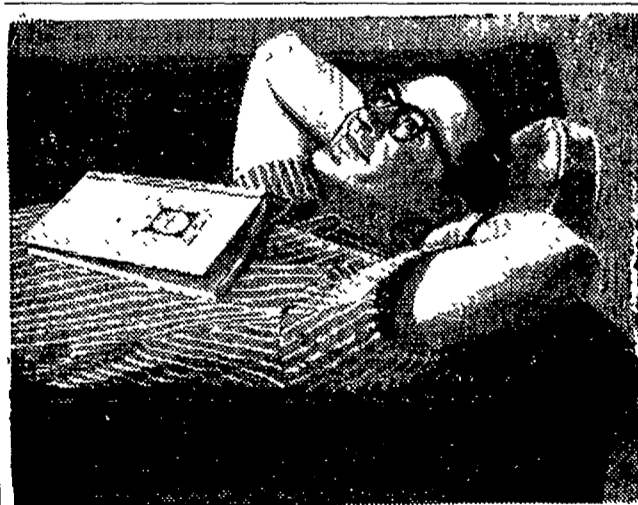

a signal light there because there is no sight distance. In addition, 500 cars an hour must pass by to justify a traffic light installation."

Staman added: "We aren't making a flat no decision on the situation but will keep watching the intersection."

The communication from the county further said that "in observing the condition it was agreed that the only physical changes that could be made to alleviate the hazard would be a very expensive project of lowering the grade to the west of Taft road."

"Cost of such a project would prevent us from doing it at this time."

"However, the final decision on this matter would be resolved by the Oakland county highway engineer and the board of county road commissioners."

Vandalism

are overcrowded. Boys who should be confined are being turned away. The boys get a slap on the wrist down there — and you can't tell the court what to do."

King said that some "surprises" will be in store for local hooligans in the next week. He and Bruce Potthoff, Northville city manager, will sit down today and map out their strategy.

He remarked that there will be an increased patrol in the city but revealed no other parts of the plan to combat the vandalism.

In Novi, Police Chief Lee BeGole reports less malicious destruction in 1964 than a year ago.

"And we have a lot of pumpkin fields, too," he said. "But the kids are behaving, themselves and I am pleased with them."

"We have had a few complaints of pumpkins splintering homes but nothing serious for our 32-square mile area."

Cpl. Richard Faulkner, who is juvenile officer for the Novi force, commented that "under civil law parents are subject to civil actions for their child's delinquency up to \$500. It was changed a few years ago from \$300."

Some mailboxes were blown up earlier in the year in Novi but police linked them to some juveniles and turned them over to the proper authorities.

Faulkner stressed: "Depredation of a mailbox is a federal offense and carries a \$1000 fine and a prison sentence of up to three years."

"We file a copy of each mailbox bombing complaint with the U.S. post office department."

D'Arcy Young, acting police chief in Wixom, said that "pumpkins have been thrown at mailboxes, some mailboxes have been knocked down and a few windows soaped but we've had nothing real serious so far."

But, he is keeping his fingers crossed. Halloween is celebrated in only nine more days.

What can you do to support the President's program for peace, prosperity, progress?

SEND MICHIGAN'S AUDITOR GENERAL
BILLIE S. FARNUM
TO CONGRESS

A RESPONSIBLE MAN

- Supports peace policy of "never negotiating out of fear but never fearing to negotiate"
- Opposes irresponsible ideas of Goldwater forces

AS AUDITOR GENERAL

- Cracked down on waste throughout State government
- Gained State-wide praise for guarding taxpayer dollars
- Termed by Detroit Free Press: "man whose integrity is legend"

IN CONGRESS

- Pledged to safeguard rights of senior citizens, work for aid to education, and help the disadvantaged to help themselves

Mustangs Outlast Barons In Scoring Spree, 34-25

It wasn't a Fourth of July celebration, but the Northville Mustangs shot the works Friday afternoon as they outscored host Bloomfield Hills, 34-25.

Northville thus knocked Bloomfield out of a tie for second place in the Wayne-Oakland Conference. As a result of last week's games, Northville and Holly (3-1) are tied for second behind Milford (4-0).

The Mustang offense shifted into high gear, scoring five TD's on strikes of 15, 64, 78, 41 and 52 yards.

Leading the scoring parade was Halfback Kent Kipper who carried 15 times for 194 yards. Easily the fastest man on the field, Kipper romped 78 yards with a pitch out, 41 yards on a pass-lateral combination and 52 yards on the old Statue of Liberty play. And one 55-yard TD scamper by Kipper was nullified by a penalty.

Although the Mustangs poured it on, they found themselves behind, 19-6, at the end of the first quarter. The Barons drove 45 yards after the opening kickoff for the initial score, 48 yards a short time later after a fumble recovery and 55 yards on a pass interception.

Then came the turning point of the game.

Northville's George Burchfield, who played an outstanding game at offensive end, gathered in a perfect aerial on the Bloomfield 30-yard line and raced into the end zone. The pass play covered 64 yards to put Northville within striking distance, trailing by only 19-13. Kipper put Northville out

front, to stay, 20-19, with 2:32 remaining in the half as he ran 78 yards.

Minus the services of Linebacker Art Forth, the defensive spearhead, and John Jameson, a solid end, the Northville defense collapsed.

Bloomfield's 180-pound Fullback Bill Barrett skirted the ends with little difficulty and with a full head of steam, he bulldozed for substantial yardage. He gained 101 yards and scored two touchdowns.

Only three missed Bloomfield conversion attempts and an interception on the five yard line saved the Mustangs from defeat, even though they tallied 34 points.

Bloomfield took a 6-0, lead five plays after receiving the opening kickoff on its 31. Bill Kratz capped the drive with a scintillating 45-yard run to paydirt.

Northville struck back 59 yards to score, sparked by the running of Fullback Doug Swiss, who slashed for 18, 14 and 15 yards, the last for the touchdown. The extra point kick was wide to the left.

Score: 6-6.

With Northville on the move once more, Bloomfield stopped the drive by covering a fumble on the Northville 48. A 33-yard pass play set up Barrett's eight-yard scoring plunge. The pass for the extra point was good to End Gary Fisher to put Bloomfield back in front, 13-7.

Four plays later, Fisher speared a Mustang pass in the flat and raced 55 yards untouched into the end zone. A pass for the extra point fell to the ground.

Behind 19-6 and with no sign of Bloomfield's attack abating Northville's Burchfield provided the big break. He beat the Bloomfield defender to score on a perfect pass from Quarterback Tom Baughman. The play covered 64 yards.

Burchfield then kicked his first of four extra points to close the gap to 19-13.

Kipper then rocketed to the Mustangs' longest touchdown of the season — 78 yards. On a pitchout, he cut upfield through the center of the Bloomfield secondary and sprinted for the score. The extra

point gave Northville a 20-19 advantage at halftime.

Kipper and End John McMillan combined to score again seven plays after resumption of the second half. McMillan caught a short pass and, later, aided to Kipper who streaked 41 yards down the left sideline to score.

Northville threatened to break the game wide open when Kipper raced 55 yards on a Statue play. But the TD was nullified by the penalty.

Mounting a drive on their own 49, the Barons marched to the Northville 14. On a third down and six situation, Northville's Jack Winner intercepted a pass on the five yard line to stop the drive as the third quarter ended.

Not to be denied, Bloomfield came right back from Northville's 48 to score in seven plays. A 15-yard penalty kept the drive moving and Barrett slammed over from four yards out. Barrett's run for the extra point, however,

was stopped short as Northville retained a 27-25 edge.

Kipper simply outran the Barons three plays later. He took a hand off on another Statue play and scampered 52 yards down the sideline for the TD. Burchfield's extra point conversion completed the scoring.

The Barons got no closer than the Mustang 44 as they took to the airways in the closing minutes.

4th Grader, Teacher Win Quiz

A nine-year-old Amerman fourth grader, a high school geography teacher and his wife walked off with top money in the weekly football contest.

Mary Jo Holman, 1730 Beck road, topped all contestants in a week marked by startling upsets with 17 correct calls out of 24 contests. She won the \$10 first prize.

Bob Kucher, a teacher at Northville high school who also coaches baseball and assists with basketball, won second place and \$5, while his wife took third honors and \$3.

Kucher had won second place earlier this year.

Both Mr. and Mrs. Kucher were surprised by the outcome. They thought they had done badly.

But it was a week of upsets, with Texas, Michigan, Michigan State, Kentucky and Green Bay losing and Pitt and Miami playing a tie game. Don't be discouraged. There's more prize money — and we have some information to help you get off to a flying start.

Lowly Stanford will hold Notre Dame to a tie; Wisconsin will surprise Ohio State; and Detroit will send the Colts back to Baltimore licking their wounds and soundly defeated.

Now turn to the back page of section three and write down those tips right away.

Thinclads Lose Two

Northville's hard-working harriers suffered two more setbacks recently.

In cross country competition, the Mustangs lost October 13 to Holly 15-40, and dropped another decision to Clarenceville, 15-45, last Friday.

Their next engagement will be tomorrow with other Wayne-Oakland teams in the conference meet at Kensington Park.

Coaches' Choice

KENT KIPPER — In his first year on the varsity, Kipper has made good use of his speed to give Northville a breakaway threat. He hit full stride against Bloomfield Hills, shaking loose for touchdown jaunts of 78, 52 and 41 yards for a total of 194 yards.

In addition, a 55-yard run was called back. He is no newcomer on the high school sports scene, however, having set the Northville pole vault record the past track season. A senior, he is the son of Mr. and Mrs. James Kipper of Ely Court. Selection of Kipper as Player of the Week was made by Coach Ron Horwath and his assistants who will choose the outstanding player each week.

Oil Kings Seeking Players

Baseball has faded out of the sports picture, football is the focal point, and now hockey is coming into the limelight.

So the Ely Oil Kings, under the player-coach Roger Nuottila and assistant player-coach Phil Kearney, are searching for players to fill openings on this year's team.

The local team competes in the Garden City senior league against Plymouth, Wayne Garden City, Jackson and Ypsilanti. Games are played Tuesday and Thursday nights at the Garden City rink situated at Cherry Hill and Merriman roads.

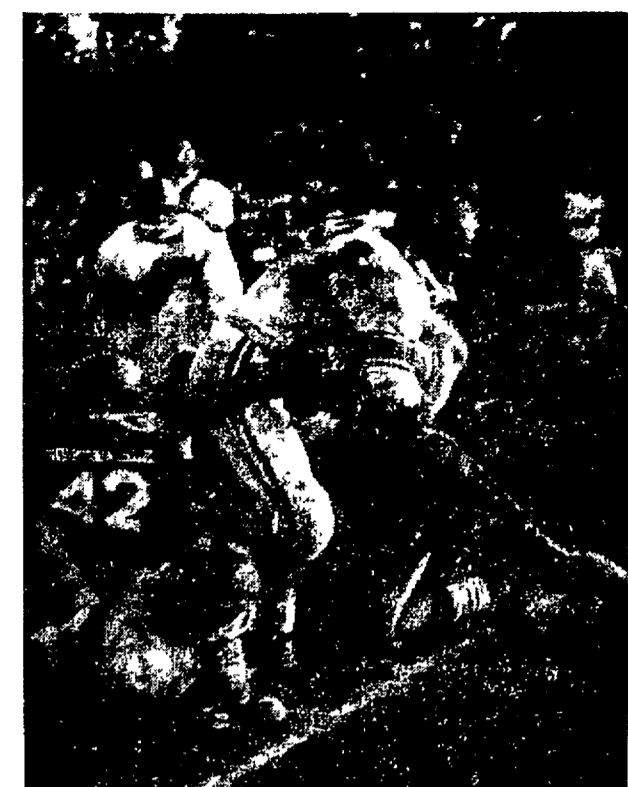

Anyone who is 18 or older and would like to sign up should call Roger Nuottila at 349-0446.

Schoolcraft Harriers Split Meet

Schoolcraft college split its cross-country meet with Henry Ford community college and Delta college last Thursday in Dearborn.

Bob Geist placed first, Keith Watson second, Nikola Sihon third, Jerry Koski fourth and Mike Baker sixth as Schoolcraft turned back Delta, 16 to 40. Geist ran the three-mile distance in 16 minutes, 45 seconds.

Against Henry Ford, the same runners placed second, third, sixth, ninth and eleventh. Henry Ford won, 25 to 31.

OUCH — Big Bob Tuck puts a shoulder into Bloomfield Halfback Bill Kratz for no gain. Tuck's 220-pound presence in the center of the Mustang defensive line is one reason why opponent's favor the outside.

LIGHTNING STRIKES — Northville's Kent Kipper (20) streaks into the picture and 52-yards down the sidelines for his third score of the afternoon. Center Dave Kerr is out front to discourage any would-be tacklers.

Mighty Milford Awaits Northville

"Figure out a way to stop the Milford juggernaut," said Mustang Mentor Ron Horwath. That's the task confronting Northville as it prepares for Friday's clash with the Wayne-Oakland conference leader, Milford, owner of a 4-0 loop slate.

Game time will be 8 p.m. at Milford.

At stake is Northville's chances for at least a share of the 1964 title. A loss would drop the Mustangs out of a tie for second place with Holly (3-1) and eliminate the Mustangs' championship hopes.

Holly, which suffered its only defeat at the hands of Milford, 13-0, would be the only team then in position to threaten Milford. At that it would be through the back door, if Milford loses one.

And Holly defeated Northville 18-0, just an indication why the odds makers choose Milford as a top heavy favorite.

Northville's formula for surprising the forecasters is hit, hit, hit. With this in mind, the coaches are sending their charges through spirited practice sessions.

"We have to learn how to hit on defense as we did against Plymouth in the first game of the season," Horwath pointed out after Bloomfield had solved the Mustang defense for four TD's.

The Redskins are loaded with talent with an almost veteran squad. Back is speedy Halfback Jim Ward, who rushed for 984 yards last year, including a 70-yard scamper against Northville.

In Quarterback Gary Newcomb, Milford has a top-notch passer, one who can throw the ball with accuracy and for distance. John Kasper, a 180-pound fullback, is a hard runner and one of the swiftest backs in the conference. Even Milford's forward wall

is something to behold. There's the likes of Tackle John Griffin, who tips the scales at 235 pounds spread over a six-foot three-inch frame and Tackle Keith Grantham, another behemoth, weighing 215 pounds and towering six-foot three.

Playing alongside them at guard is Jim McFarland, a five-foot nine 185 pounder.

Perhaps the most significant indication of Milford's strength however, is their season record. The Indians have scored 20 touchdowns in their last three outings, all of which were runaways.

Starting slow in the conference they beat Holly, 13-0. Then the Redskins opened up with a 55-6 victory over Brighton, followed by a 43-0 slaughter of Clarkston and a romp over West Bloomfield, 26-6.

Once again, Northville will take the field without the services of two of their best defensive specialists. End John Jameson is still sidelined with a fractured hand and Linebacker Art Forth is recuperating from a head injury.

In last week's encounter, however, there were no serious injuries.

Other victors last Friday were Holly, 46-0, over Brighton, and Clarkston with a 12-0 decision against Clarenceville.

Frosh Rebound, Pancakes Defeat Milford Coming Up

Recovering from a loss, the Northville ninth grade football team rolled over Milford Highland last week, 14-0.

Scoring touchdowns were quarterback Joe Andrews and halfback Everett Greer.

A week earlier, the freshmen eleven was setback by Plymouth, 6-0. With the season closing in a few weeks, the gridders now have a record of two wins and one loss.

Plans are well underway for the annual Presbyterian Men's club pancake supper.

As in past years the supper will precede the Northville high school homecoming game, which will be played Friday, October 30 against West Bloomfield.

Ed Sprunk is chairman of the dinner. It will be held in the fellowship hall with service between 5 and 7 p.m.

Staebler to Attend Rally Here Monday

NEIL STAEBLER

Neil Staebler will head up a slate of state and local candidates at a rally Monday night at the Northville Community Building.

The rally is sponsored by the Northville Democratic Club. Jack Ruland, local Democratic club co-chairman, will serve as moderator for the program.

Because of a similar rally being held at 7:30 p.m. in Plymouth, the Northville program will not get underway until 9 p.m.

Ruland said it is still uncertain how many candidates will attend the session, but Staebler, the Democratic nominee for governor, will definitely be on hand.

Following exchanges of greetings and brief talks by the candidates refreshments will be served.

Republicans Plan Rally in Plymouth

Creighton Holden

Creighton Holden, state chairman of the Citizens for Goldwater committee, will be the main speaker Thursday evening, October 29, when Plymouth-Northville Republicans hold an open house rally at the Plymouth high school auditorium.

The rally will begin at 7:30 p.m. Candidates slated to speak are Paul Chandler, George Meader, Wallace Green, James O'Neil, Robert Briggs and Wilson Brucker, Jr. Judges Harry Dingeman and Benjamin will also attend.

Holden will present a 25-minute talk, while candidates will be limited to five minutes each plus a question and answer period. Dr. A. E. Van Ornum will serve as moderator.

The rally is being sponsored by Northville-Plymouth area Republicans.

2nd District Dems Meet in Milan

Democrats from Plymouth and Northville Township, the area comprising Wayne II, journeyed to Milan township Sunday for a meeting of the Second Congressional District.

The Second District organization concerns itself with the election of congressional candidates for the five county area.

The members of Wayne II who are also members of the Second District Organization are — Bob Dwyer, Lois Jensen, Harvey Kahaia and Dick McGinn of Plymouth and Plymouth Township, Eugene Rice and George Bennett of Northville.

Candidate Weston Vivian described the nature of the widespread Republican defections in the District. The consensus of the meeting was that Vivian would be the first Democratic Congressman from this district since 1932.

Reports from the five county area gave further support to the belief that a large number of supporters of Ann Arbor's Stanley Thayer have switched allegiance to Vivian's candidacy.

GOLDEN HARVEST — Three members of Girl Scout Troop 209 — Kay Blough, Holly McDonna and Beverly Forsyth — are perched atop a pile of pumpkins that they hope will turn into profit this Saturday. The troop will hold a pumpkin sale on John Mach's used car lot on North Center street. Time is 9 a.m. to 6 p.m. The troop planted the pumpkins which have been stored at the Glenn Deibert farm on Napier road. Mrs. Deibert is the troop leader.

TWO BIRDS AND A BUNNY — This trio of Northville township hunters managed to scare up two pheasants and a rabbit opening day around the Bradner road area. They reported that their beagles, normally considered rabbit hounds, were excellent bird dogs. Left to right are Ed Kasmer, William Bell and Walter Knically.

Seek Ex-Con in Novi Break-In

An ex-convict is sought today for breaking and entering the Novi school Saturday night. A warrant has been issued for his arrest.

Local police said he has been identified by fingerprints left at the scene.

According to a police report, Officers Hugh Owen and Max Hay observed a car with its motor running across from the school at 1:16 a.m.

Investigating, the officers discovered that the door to the secretary's office was open

and spotted a flash of light in the building.

Other area departments were called to surround the school. But here's the rub: there were 10 policemen at the school and 21 doors to cover. And the doors only opened from the inside so police couldn't enter without breaking a window.

The culprit appeared at one door and an officer told him to

come out. He didn't. Instead, he took off for another exit and started to escape.

Hay fired one shot in the air and another at the culprit. Hay said the man fell once but still managed to run into an area of thick brush behind the school.

He then got away but police later found a right shoe and cigarette lighter belonging to the suspect.

Novi Post Office Seeks Carrier

An examination for Rural Carrier at the Novi post office will be open for acceptance of applications until November 10.

Applicants must take a written test for this position. They must have resided within the delivery of the office for one year preceding the closing date of the examination.

In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. There is no maximum age limit. However, persons who have passed the age of 70 may be considered only for temporary appointments of one year.

All qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

Accused Posts Bail

Richard A. Palmieri, 23, arrested by local police October 13 and charged with gross indecency between male persons, is free today on \$500 cash bond. Palmieri was arraigned before Judge James McDonald last Wednesday and entered a plea of not guilty. An examination will be held Monday afternoon. The accused reportedly enticed a seven-year-old boy into his car and later made the boy disrobe, although no criminal assault took place.

Plan Party For Stempien

A campaign party for Marvin R. Stempien, Democratic candidate for 35th District State Representative, will be held Friday at the Livonia K. of C. hall in Livonia.

Jack Reid, dance chairman, reported a heavy demand for tickets to the affair, but added that there are still a substantial number left.

The K. of C. hall is located at 39050 Schoolcraft. Tickets can be obtained by contacting Reid at GA-2-5127, or Eugene Rice at FI-9-3257.

Indecent Act Charged Against Detroiter in Novi

A 22-year-old Detroit man is free on \$500 bond today pending his trial on a morals charge in Novi.

Novi police arrested the Detroiter last Saturday in the village and charged him with indecent exposure. He was arraigned Monday before Judge Emery Jacques and entered a plea of not guilty.

An October 29 court date was set.

Police Chief Lee BeGole said that the man was identified by a seven-year-old girl.

Police said that the girl was sitting in a truck parked on Llewellyn street with the accused, who was fixing the truck's radio when he confronted the girl and apparently committed an indecent act. She ran from the truck and told her parents about the incident.

Two witnesses told police that they saw the man in the truck with the girl. Both were in the front seat. The accused was on the driver's side and the girl on the other side where the doors were open.

The man admitted to police that the girl was in his vehicle while he was repairing the radio but that "nothing that the girl states is true."

Later, the accused was taken to Oakland county jail and placed under investigation for indecent exposure, police said. He was asked and agreed to take a polygraph test yesterday. Results of the test were not known at press time.

— In Justice Court —

William Ward of 121 High street paid fines for two offenses in Judge Charles McDonald's court in Northville. On September 19, Ward was ticketed for excessive noise on South Main street. He was found guilty Monday and paid a \$5 fine.

Disorderly conduct and the use of profane language at Paul's restaurant in Northville — September 27 — was the second charge against Ward. He was arraigned September 28, pleaded not guilty and was released on a personal bond of \$25. After his trial he paid a fine of \$25.

James D. Deaton of 13614 Nine Mile road, South Lyon, was stopped at Randolph and Eight Mile road for not having a valid drivers license October 1. Deaton pleaded guilty to the charge and paid a \$10 fine.

Clarence Cariveau of 38905 West Seven Mile road, Livonia, was charged with drunk and disorderly conduct at the Northville race track, October 17. He was arraigned Monday, pleaded guilty to the charge and was committed to the Detroit House of Correction for 10 days.

"What am I bid?" the huge big-top crowd was asked.

Business Booms At Northville's First Horse Sale

Buyers from all over the county gathered at Northville Downs last Friday and Saturday and purchased some 1965 models for the racing oval.

Yet their acquisitions already are a year old — and aging quickly.

Actually, 109 yearlings were sold at an average price of \$1,300, highlighting the

ninth annual Michigan Standard Bred horse auction that opened Friday.

Paul Linehan, manager of the auction, explained that all yearlings automatically become two-year-olds January 1 no matter when they were born in 1964, according to racing regulations.

Linehan, who staged the auction for the first time at the Downs, described it as "very good." Take for the two-day affair was "just slightly over \$200,000." Previously, it was held in Adrian.

Broodmares, colts and older horses were put on the bidding block the first day Queen's Trust, a colt halter broke only and sired by Queen's Adios, went for \$2,550 early in the day.

But the big money was slapped down Saturday.

Jewel's Knight brought the highest bid. Sired by Reed's Knight and foaled April 30, he was bought for \$6,800. Other high-priced horses were: John Paul, \$6,500; Church Key, \$5,500; Elite Gene and Poplar Hoosier, both \$5,100 and Never Too Late, \$5,000.

Howard Niles of Northville was the agent for Never Too Late.

Robert Huff, a ped-gree expert and part of the auction team, related that Dancer Hanover was auctioned off for a whopping \$105,000 in 1959.

Huff added: "If you meet a Rockefeller you know he has money. Well, if you buy

a horse sired by Queen's Adios, Elby Hanover or Chief Lenawee, you know he is top-notch."

A huge tent erected on the infield of the local track was the focal point of the auction. Several hundred people were seated under the big top, listening to the unintelligible chatter of the auctioneer.

Victor E. Cronk, another member of the auction group, stood at the front of a platform where the horses were exhibited and rendered a colorful performance.

As a "spotter," he would signal the chief auctioneer to jack up the asking price whenever he acknowledged a bidder in the audience and yelled: "Yea, Yea, Yea!"

For the uninitiated it was hard to see who was making bids. But Al Smith, a driver and trainer from Novi, said "an auctioneer knows the crowd — he knows who has the money."

With the initial sale at the Downs history, Paul Linehan hinted that he would like to come back next year.

"It would bring a lot of business to Northville," Linehan said. "People in Adrian were sick when I told them I was pulling out. The show would be an asset to Northville."

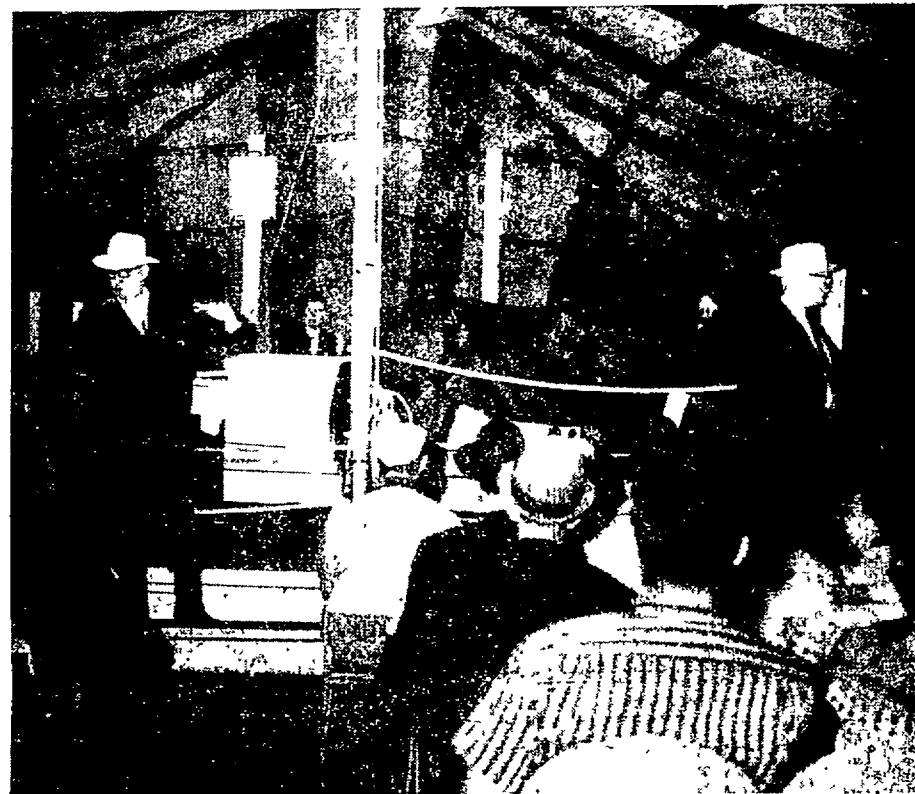

Just over a week ago, six property owners petitioned for rezoning their lots on the west side of River street between Beal and Seven Mile from R-2 to T-1 (two-family residential to track use).

John Carlo, executive manager of the Downs, told city planners that track plans call for removal of the houses, concrete covering of 200 feet of the river to provide additional parking and construction of a 152 by 84 foot building that would serve as a sales arena for horse auctions and a receiving barn for pre-race housing of horses.

Action on the rezoning request is still pending.

Victor Cronk and Stan Goodale (top), member of the auction team, survey the crowd for bids. A nod of the head raised the asking price another \$25. "Sold to that man in the red jacket," says Al Linehan, chief auctioneer (in the background below). Goodale points to the buyer while Al Hoofman (right) talks to someone in the audience.

Al Smith of Novi bought "Hootenanny", a filly, for \$1,950.

Jim Zayri of Northville helped lead the horses into the tent.

Stan Goodale waves his arms but his actions just add color to the auction. He is really trying to spot bids in the audience.

Kappa Delta 67 Years-Old

Manufacturers Bank is looking for people to lend money to...

Responsible people with worthwhile needs. Like the new James Allisons. Off on their honeymoon, theirs is a private world.

But, soon after they return, the price of reality will intrude. Food. Furniture. An automobile. A home. And, children. And with all of this, Manufacturers Bank stands ready to help.

For though the financial assets of the James Allisons are likely to remain small for a while, theirs is a collateral more valuable than money. A future.

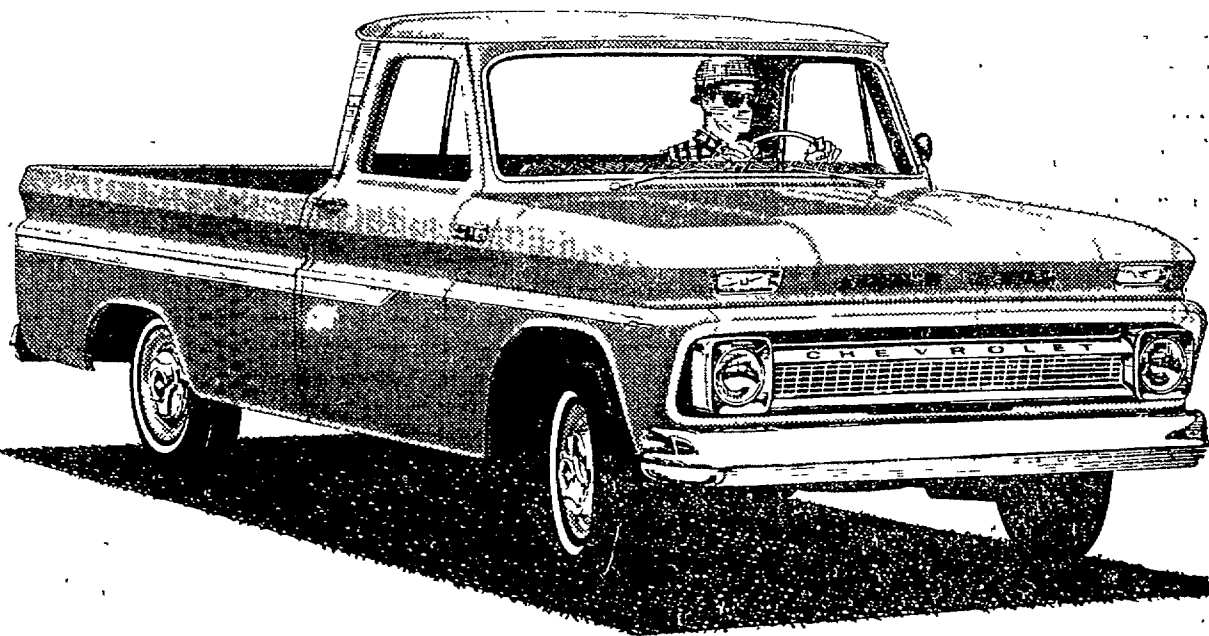

The new James Allisons are the kind of people Manufacturers Bank is looking for to lend money to. Responsible people with worthwhile needs.

Like building a life together.

WES VIVIAN FOR CONGRESS COMMITTEE

Send a Responsible Man to Congress!

ELECT BILLIE S. FARNUM

Democrat 19th District

Billie S. Farnum staunchly supports President Johnson's program for peace, prosperity, and progress... and vigorously opposes the irresponsible ideas of the Goldwater forces. As Michigan's Auditor-General, he cracked down on waste throughout State government, earning high praise from Democrats and Republicans alike. In Congress, he will support Medicare for our senior citizens, support aid to education, and encourage free enterprise... while obtaining for our District all Federal aid to which it is entitled by law. On November 3rd, elect as your Congressman Billie S. Farnum... termed by The Detroit Free Press "a man whose integrity is legend."

Billie S. Farnum is a responsible man who will actively support President Johnson's programs. He values peace and prosperity the most important issues.

As Auditor-General, Farnum's campaign for administrative efficiency has helped economize State government and save tax dollars. He will put this experience to work for you in Washington.

Billie and Maxine Farnum have 3 sons, 4 grand-children. A family-man, Billie knows the urgent need to maintain world peace.

Kehrls Donate \$6,500 in Stock To Schoolcraft

Mr. and Mrs. Floyd Kehrl residents of Northville, have presented Schoolcraft college with eight-seven shares of National Bank of Detroit stock, amounting to approximately \$6500.

This gift was received by the board of trustees and Dr. Bradner, president of the college. The money was given for the purchase of a carillon for the tower on the college campus.

Mr. Kehrl is a vice-president of NBD.

The board now has authorized purchase of three bells from the John Taylor and Company, bell founders and carillon builders, Loughborough, England. Delivery is expected within three months.

The carillon will carry three bells tuned for A Flat, D Flat, and F. They will be electrically controlled and will strike the hours and quarter hours.

The trustees further authorized that a plaque be installed indicating the nature of the gift from Mr. and Mrs. Kehrl.

The four bells now hanging in the tower will remain as they are. Each of the original four school districts, Clarenceville, Garden City, Livonia, and Plymouth, donated a school bell from a nineteenth century school house.

Off to Canada

A. Frederick McLaughlin, group supervisor of The Great-West Life Assurance Company, leaves October 25 for Winnipeg, Manitoba, Canada to attend a six-day sales conference being held for his company's group sales organization, October 25-30.

Because McLaughlin is responsible for group sales and service in both Michigan and Ontario he will attend both United States and Canadian sessions.

The conference will involve six days of business sessions at which new products and sales techniques will be emphasized, along with the latest developments in the group life and health insurance and pension markets.

McLaughlin resides at 42580 Eight Mile road, Northville.

It's Sgt. Konrad

Ralph Konrad, son of Mr. and Mrs. Eugene W. Konrad, 20314 Woodhill, has been named a squad leader of the special drill platoon and issued the rank of sergeant in the Reserve Officers' Training Corps at Kemper Military School and College, Boonville, Missouri. He was issued the rank and duty assignment in an order by Major B. H. Purcell, head of Kemper's ROTC program.

Konrad, a college sophomore, is attending Kemper for his second year.

Martin A. Klerkx, son of Mr. and Mrs. Walter M. Klerkx of Millstream Lane, Novi, has been selected for appointment as ensign in the United States Navy. He will begin his training October 24 at the United States Naval Officers School, Newport, Rhode Island.

Martin was a member of the 1960 graduation class of Northville high school and earned his bachelor of science degree in mathematics at Michigan State university.

Novi Church Conducts Harvest Festival

The Willowbrook Community Church of Novi celebrated its "Harvest Festival" last Sunday. The church chancel was festive with the "fruits of the harvest" — fresh fruits, canned foods, jars of jams and jellies, and many baked items.

Reverend Rickert preached from the Scripture, Nehemiah 8:9-17 with special emphasis on the religious heritage of "sending portions unto them for whom nothing is prepared."

Recipient of the "harvest festival" was the Flat Rock Children's Home at Flat Rock, Ohio, one of the homes maintained by the Evangelical United Brethren Church.

Participating in the planning and preparing of the gifts were the Junior and Youth Fellowships. Cookies, fudge and popcorn balls were made by the young people as a part of a complete gift packet prepared for each individual resident of the Home.

After the morning Worship Service, a lunch, prepared by Mrs. Robert Keating, was served to a group of twenty adults and children.

This group then motored to Flat Rock, and presented the "harvest festival gifts" to the home. Meeting the youthful residents and supervisory personnel of the home and touring the cottages, dairy and other buildings completed the day's activities.

Carbon Monoxide Deaths Bring Renewed Warnings

Lansing — "The people of Michigan have been served a grim reminder that carbon monoxide is a merciless killer which strikes without warning," said State Health Commissioner Dr. Albert E. Heustis following the death of seven people in two incidents recently.

A family of five perished, apparently as they slept in their car at a roadside park 12 miles southwest of Caro on M-46 in Tuscola County. The bodies of 24-year-old Gary Mucott of St. Charles, his 23-year-old wife, Charlotte, and their three children, ages one, two, and three were found by a motorist early Sunday morning. The engine of their 1958 model car was running at a rapid idle, filling the interior of the car with deadly fumes from a rusted-out muffler.

Twenty-one-year-old John Blopp of Helsey and 17-year-old Bonnie Bailey of Sears died while watching a movie at a drive-in theater near Mt. Pleasant Saturday night. The car's engine was still running when a theater attendant investigated. Again, a defective muffler was blamed.

"These deaths were absolutely needless," Dr. Heustis said.

"I wish we had a vaccine against carbon monoxide, but we don't. All we can do is repeat over and over again these few simple precaution-

ary rules that will prevent this deadly killer from striking." Have the muffler and exhaust system checked every time the oil is changed. Never sit in a parked car with the motor running. Always drive with a window open.

Have the home heating system and all fuel burning appliances in the home, trailer, or cottage checked at least once a year by a competent service man. "Although the incident in Mt. Pleasant is the first time, to my knowledge, that people

have died from carbon monoxide at a drive-in theater. I have always been concerned about the possibility, especially in the early spring and late fall," he said. "I urge all of the newspapers, radio and television stations to give prominence to

messages concerning the danger of carbon monoxide. "I urge all of the newspapers, radio, and television stations to give prominence to messages concerning the danger of carbon monoxide."

"And I urge all parents and teachers to warn young people of the very real danger of sitting in parked cars with the motor running."

Area Sales High In Real Estate

Sales of residential real estate in Northville and Novi and adjoining communities continue to break all records according to Don Merritt, Northville Realtor and member of the United Northwestern Realty Association.

Merritt cites as his authority the latest multi-list sales figures, just released by UNRA. The report, which covers Detroit's west side and the western portions of Wayne and Oakland counties, shows that during September Realtor firms belonging to the United Northwestern Realty Association sold a record breaking \$7,940,000 of residential property—54% from September 1963.

September was the 14th consecutive month that residential property sales in this territory have shown an increase over the corresponding month a year ago, Merritt said. "Total sales by all members of the United Northwestern Realty Association for the first nine months of 1964 amounted to \$73,209,706, as compared with \$51,569,916 for 1963—an increase of 41% for the year to date."

Residential property sales in Novi and Northville contributed substantially to the over all figures, Merritt said. The United Northwestern Realty Association is the cooperative sales and statistical affiliate of the Western Wayne and the Western Oakland County Board of Realtors. Organized in 1920, it serves the area west of Woodward avenue in Detroit and the 20 suburban communities that compose the western portions of Wayne and Oakland counties.

Membership in the multi-list organization includes 20 Realtor offices, with nearly 1,400 experienced salesmen. The complete sales facilities of all these offices are instantly at the disposal of any prospective home buyer or home seller who consults any member office, Merritt explained.

Schoolcraft Applications Ready for January Term

Northville residents who plan to enroll at Schoolcraft college in January can pick-up application now at the admissions office.

Students wishing to attend classes for the first time are asked to call at the office of student affairs and secure an application blank and information about fees.

Both full-time and part-time students who want to accumulate college credit must matriculate and take counseling tests on October 24 or November 21. Tests will be given at the forum building, beginning at 8 a.m. and lasting all day.

Applicants not seeking to build college credit won't be required to matriculate and take the tests but will be limited to choice of subjects.

All tests and forms must be completed by December 1.

Non-matriculated students will be admitted to courses as late as the first meeting of the class, provided there are openings. Evening students are advised to reserve places now.

Full-time students must make a payment of \$25 and part-time students \$10 to be sure of their schedule.

VFW Holds Ward Party At Ann Arbor Hospital

Members of VFW Post 4012 and the Ladies' Auxiliary visited patients at Ann Arbor Veterans hospital recently and held a ward party. Refreshments were served and

the patients were entertained at bingo with canteen books as prizes. President Eileen Sousa noted that these visits, once a month, under the direction of Doris Paquin, hospital chairman have been successful.

The next hospital party is scheduled for November 6. This will be an auditorium party with approximately 100 veterans attending.

Do we really need a Medicare Tax?

Health care is now available for "over 65's" who cannot afford to pay

If you are over 65, facing medical expense and can't pay for it... it's yours for the asking, already provided for by law. The Kerr-Mills Act offers a Health Opportunity Program for the Elderly with the federal and state governments sharing the cost.

In most states this care is far, far greater than that offered by Medicare proposals... and no additional tax is necessary!

If you are elderly, and without funds for needed medical care, ask your doctor about the Health Opportunity Program for the Elderly, or call your local medical society.

Detroit Race Course Starts Modernization

A major construction and modernization program designed to make the Detroit Race Course one of the finest in the nation, has been announced by Dale Shaffer, president of the DRC.

The building program will get under way immediately after the DRC closes its 1964 racing program today.

The expansion program, designed to make the DRC an outstanding show place among thoroughbred racing plants, will include:

— A new clubhouse;

— Expanded and improved grandstand facilities;

— New, close-in paved parking areas;

— An improved roadway system, with increased entrances and exits to provide easy-in, easy-out access.

The expansion program, Shaffer said, is an expression of confidence on the part of the DRC management staff and its board of directors in the growing prestige and future of Michigan racing.

"The racing fans of the metropolitan area and throughout

the State have given us unparalleled support and patronage during our 1964 meeting," Shaffer said. He pointed out the 72-day meeting has been the most successful in the 18 year history of the Detroit Race Course.

In Justice Court

Novi Judge Robert K. Anderson Thursday charged Robert S. Thompson, 18, of Walled Lake with breaking and entering the Walled Lake Casino October 7.

At his arraignment a week ago Friday, Thompson pleaded guilty but demanded an examination. He was free on \$1,000 bond. Judge Anderson waived the examination and bound Thompson over to circuit court for trial.

Breaking and entering carries a maximum sentence of 10 years in prison.

Thompson's companion, 17-year-old Wayne Laingren of Walled Lake, faced the same charge. He too was bound over to circuit court.

An improper turn made by Leo Bezerko of Allen Park was the cause of an accident last May 14. Bezerko was hospitalized after the mishap at Nine Mile and Novi road. He was

arraigned September 19 and stood mute. His court date was last Thursday. Because there were no witnesses present at the time of the accident the case was dismissed.

Robert Tomlinson of Richey, Florida, was issued a ticket for abandoning a vehicle on West Grand River October 8. Tomlinson posted a \$15 bond at his arraignment October 5, and was assessed a \$10 fine last Thursday.

GLAMORIZED ALLEY — A new adventure in Northville is to walk down the alley running along side the Carrington and Johnson insurance agency on North Center street. One section of the exterior wall of the agency has been named Pleasant Street (left) and the other is called Tulip Lane (right), complete with painted flowers, flower

boxes and shutters. Mrs. T. R. Carrington undertook the project to make the area outside the building "more like a street than an alley. It is pleasant and presentable now and the children seem to enjoy it." Work was completed last Friday. "It was my mother's idea to spruce up the alley," said Charles Carrington.

To The Editor:

In response to "Disgusted Resident's" letter printed in your last edition, I must take issue to the statements which he made about our local law enforcement agency, namely the Novi Police Department. Perhaps if the Editor had conducted an investigation pertaining to this matter previous to the time it was printed I am sure it would not have appeared in the newspaper, however, here are the facts in this case.

At 3:29 a.m. according to the records of the Dispatcher, a call was received from "Disgusted Resident" which informed that he lived at 31025 Fourteen Mile road in Farmington Township. This is incorrect as the subject actually lives at 31025 Haggerty road in Farmington Township. The "Disgusted Resident" surely should have given the Police Dispatcher his correct address. An Officer who had completed a tour of duty at 3 a.m. was completing his reports when this report was received and responded to the call with another Officer.

Upon their arrival they found a car parked in the front of 31025 Haggerty road and upon their investigation they found three subjects who had completed an errand of mercy with a broken down automobile. The subjects were questioned by the Officers at which time they informed that they did go to the complainant's door and rapped and asked them to call the police so that they would sent some help out to them as their car was broken down and also that they were lost. Further investigation disclosed that the cable on the battery was broken. With the assistance of the Officer's flashlight they were able to make the repair and get the stranded motorist started on his way home.

Further investigation disclosed that the operator of the motor vehicle had an expired operator's license for which the Officer promptly issued a summons. A search of the motor vehicle revealed a can of beer, not opened, at which time the three subjects in the vehicle informed the Of-

ficers that they did have a hand-pack of beer and consumed five cans of it and had one left.

"Disgusted Resident" insisted that the Officer arrest the subject for an Attempted Breaking and Entering in the Nighttime. The Officer informed them that they could never prove the corpus delicti as to the attempted Breaking and Entering but he, "Disgusted Resident" could take this matter up with the Prosecuting Attorney's Office.

The Police Dispatcher was interviewed in this matter at which time he informed that he tried to be very polite to the people at the time they called in, however, they were very indiscreet.

Further investigation in this matter disclosed that "Mr. Disgusted Resident" did not write the letter appearing in your newspaper, but it was written by a disgruntled person whose husband could not qualify to become a Novi Police Officer, and "Disgusted Resident's" wife signed the letter.

A REPORT TO THE PEOPLE BY VES VIVIAN
Businessman, Scientist, Active Citizen - Democrat for Congress, supported by people in both parties.

I think it's time to begin saying "Yes." Yes to facing the problems in this district and in the country. Yes to working out solutions to these problems. And Yes to responsible, responsive representation for the Second Congressional District.

I didn't come to this conclusion overnight. For one thing, I have been an active and permanent resident of this district since 1952 — shortly after the present incumbent, George Meader, arrived in Congress. Since 1952 I have watched the way in which we're being represented: as a businessman, as a vice-president of the Conduccion Corporation, as a scientist, as a research engineer and as a family man, the father of four children — and what I have seen disturbs me! NO DOUBT you are disturbed too—by the foot-dragging ultra-conservatism of our present representative. By the Goldwater "Vote-No" philosophy that the incumbent has brought and continues to advocate for the solution to each new problem of our changing times.

There is no reason why you, who have recently been added to the Second Congressional District, should be stuck with a man who votes NO on every important piece of legislation presented to the Congress.

I KNOW the choice is clear. "This district can have responsible, progressive representation in Congress, or we can continue to have the do-nothing, vote — NO representation provided by the incumbent for the past fourteen years. I call for an end to Meader-Goldwaterism in the Second District. Vivian for Congress Committee — S. Tuttle, Chairman and Treasurer

in the Village of Novi, however, I feel we should be very thankful to our Boys in Blue who after having completed a tour of duty are willing to protect yours and mine at any hour of the night. Sincerely, Conrad C. Koneishny, Detective Sergeant Michigan State Police, Retired 43853 Twelve Mile Road Novi, Michigan

EDITOR'S NOTE: The "facts" are that the caller did reside in Novi township, not Farmington township. It appears plain, however, that the Novi police did act promptly and properly. After the correct address was determined by a second call, police responded and found no evidence of a breaking and entering attempt. The two subjects (not three, as reported in the letter above) were having car trouble, not breaking and entering. A third party, with apparent ill-feeling toward the Novi police department, reportedly had a

hand in the letter which appeared in the newspaper, however it was properly signed. It is the opinion of this newspaper that Novi has a dedicated police department, capably headed. But like all tax-supported agencies it will always be subject to some criticism. When it is justified, we shall join the critics. Meanwhile, we would hope that those with personal grudges would identify themselves as well as their gripes.

LET'S TALK CARS . . . TWENTY SIX WAYS TO SAVE GAS
One of the "Big Three" car manufacturers ran an ad recently on gas economy. It stated prominently in the text that gas savings "depend on who is doing the driving." You know something? They've got a point there!

Over the years we've learned to check twenty six causes of excessive gas consumption. Twelve are human factors and the rest are mechanical.

Since most cars are in fairly good shape, the human ones are usually most important. Needless fast getaways from traffic lights cause unnecessary stops at the next light and REALLY waste gas. Racing a cold engine, especially in winter; varying bursts of speed with excessive passing—and others less important.

The mechanical ones are most numerous. Like a lot of small leaks they add up to one big one. Dirty carburetors out of adjustment and fouled-up plugs head the list. Burned distributor chokes and fuel pumps add to the toll, along with ignition timing.

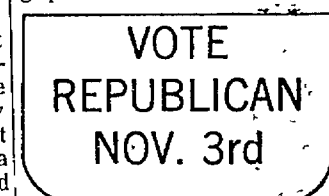

Dragging brakes and even automatic transmissions with insufficient fluid have been shown to be gas wasters. Also under-inflated tires on wheels out of alignment and out of balance. High engine temperature and fan and generator belts that are too tight. Weak piston rings too!

Wherever you go for service on your car, ask them to check all these mechanical factors, if they're not doing it now. As we've said, the human part is the most important. It won't cost anything to check that.

Proposed Amendment to Chapter 15 of the Charter of the City of Northville to create a Municipal Court for the City of Northville.

A City Charter Amendment proposed by the City Council to abrogate all of Chapter 15 of the Charter and to substitute therefor the proposed Chapter 15A in order to replace the City Justice Court with a Municipal Court?

Shall Chapter 15 of the Charter of the City of Northville be repealed and the provisions of the proposed Chapter 15A regarding the creation of a Municipal Court for the City of Northville be substituted therefor?

THE POLLS OF SAID ELECTION WILL BE OPEN AT 7 O'CLOCK A.M. AND WILL REMAIN OPEN UNTIL 8 O'CLOCK P.M. OF SAID DAY OF ELECTION.

MARTHA M. MILNE, CITY CLERK

SPEAKING for The Record

By BILL SLIGER

Northville's city council has taken a position on two proposals that will appear on the November 3 ballot.

The council is urging a "yes" vote on the charter amendment to create a municipal court and the proposed annexation of six township homes on West Main street.

Establishment of a municipal court in the city may save the local court.

"May" is a key word here, for no one really knows the future of local courts. But the new constitution has said that all justice courts must be abolished within five years.

It is the opinion of those close to the state legislature that new "district" courts will be established to serve areas where small justice courts now prevail. Conceivably, these courts, which would serve more than one community, could take over municipal court jurisdiction.

But the likelihood of retaining a court within the community appears much stronger with a charter-established municipal court than the definitely-doomed justice courts.

There are other reasons for favoring a municipal court. The most important is that the new charter created court would make it mandatory for the local judge to hold a degree in law. Court jurisdiction would also be enlarged.

Term of the municipal judge would be four years with a salary of \$4,200.

Presently, Northville's justice of the peace is paid \$3,000. But court business is booming. Fines handled in the Northville justice court have increased from \$7,415 in 1959 to more than \$18,000 in 1964.

The court can well afford to pay its judge a higher salary.

Much of the credit for the Northville court's growth is due to the capable performance of Judge Charles McDonald, an attorney serving his first term. His conduct of court matters has certainly attracted law enforcement agencies, such as the state police, to turn to the Northville court for fairly-rendered justice.

As a full-fledged municipal court, it is apparent that local court activities will continue to expand.

And hopefully, attorneys of the McDonald caliber can be attracted to seek the office.

The annexation election is a rather confused ballot issue.

Description errors on the property proposed for annexation had prompted petitioners to withdraw the request.

But the state attorney general's office has advised the secretary of state not to rescind the election. Apparently, the description errors are not considered serious enough to invalidate the election.

So the council adopted a resolution Monday night urging city voters to vote in favor of the annexation. Only the residents of the area involved vote in the township.

It's logical that city voters should approve the request — the residences are practically within the city already.

But this piecemeal progress is not the long range answer.

And one day soon, brave and wise (city and township) officials will step forward and admit the truth.

They will name a blue-ribbon committee of the community's most devoted citizens to objectively study the future of our area and recommend a plan for Northville that considers only mutual problems, not imaginary boundaries.

New Power for State School Board

LANSING — Far down the list of officers on the November 3 ballot will be a group of contestants for the new State Board of Education, a very powerful unit under the 1963 Constitution.

The Constitution makes the eight member body responsible for "leadership and general supervision over all public education . . . except as to institutions of higher education granting baccalaureate degrees."

"It shall serve as the general planning and coordinating body for all public education, including higher education, and shall advise the legislature as to the financial requirements in connection therewith," the document continues.

Four short paragraphs of the Constitution gives this board control over about one billion dollars in state funds for various institutions.

With the exception of the 10 degree-granting public colleges and universities, the State Board of Education will hold tight control over the regular public schools, vocational training institutions, community and junior colleges, and facilities for special education.

The present Superintendent of Public Instruction will be replaced by an executive officer appointed by this board, serving a term to be determined by the board.

On the ballot this fall are candidates seeking to initiate the first policies of the State

Board of Education. They will serve staggered terms ranging from two to eight years, but eventually each member will be elected to an eight-year term.

Appointment powers of the board also extend to the creation of a State Board for Public Community and Junior Colleges, an advisory body designed to serve in this ever-growing area of higher education.

Community and junior colleges will remain under supervision and control of locally elected boards by dictate of the Constitution, but the State Board is given power of general supervision and planning for these institutions. State funds to these schools will go

through the State Board.

The extensive powers given to this board by the Constitution requires close attention by the voters to the candidates this year and in the future.

This board will be responsible for an area of public concern which is more important today than ever before and undoubtedly will continue to hold this importance as years pass.

Although nominated on a partisan basis at conventions, members elected to this board are being given a free hand with a valuable tool which requires nonpartisan thought and action.

Good news for Michigan workers and businessmen alike was confirmed recently by the Department of Eco-

nomic Expansion.

In case some had not been otherwise affected by economic growth and employment opportunities in the last few years, Department Director B. M. Conboy announced that state industries are expanding this year at a rate about twice that of 1963.

The total comparison of major construction during the first eight months of the year showed contracts totaling nearly \$1.5 billion, or slightly less than twice as much as in all of 1963, Conboy said.

"Even more encouraging than the total comparison is a two-fold increase in construction contracts for manufacturing plants," he said.

A longer range report on recent economic activity in Michigan also was favorable.

Conboy said Michigan had 2,226 "favorable moves" by industry in the past 7½ years as compared with 511 "unfavorable moves." The department considers moves into the state, expansion activity, new starts and reopenings in the "favorable moves" classification.

Below normal temperatures and frequent intermittent rains in the past few weeks have brought to mind the perennial motoring problem of icy overpasses and bridges on highways.

Highway Department studies show there are about 2,800 overpasses which tend to become icy while adjacent roads remain dry. Cold winds circulating air over and under the bridges cool the surface and cause any moisture present to freeze into a thin layer of ice not always apparent to the eye.

One sign of freezing can be noted if metal signs near bridges and overpasses are frosted when the highway appears dry, the only deterrent to dangerous accidents.

All attempts to insulate bridge decks against this early freeze driving hazard have been unsuccessful so the motorist's awareness and caution are highway experts advise.

Guideline Proposal Falts

BABSON PARK, Massachusetts — When the late President Kennedy announced that 3.2% would be the annual productivity guideline beyond which labor wage hikes should not go, I told my clients that the "regulation" would be ignored.

Sure enough, neither management nor the unions have honored that barrier against wage-price inflation, even though President Johnson repeated the call for 3.2% ceiling in his economic report last January.

Fear of further wage-price uprisings first prompted the government to ask for voluntary restraints. It was estimated that productivity — output per manhour — has been going up 3.2% a year. Hence, it would be permissible, and reasonable, for unions to ask for a parallel raise in pay-fringe outlays. This could be granted without bringing enough pressure on labor costs so that employers would have to lift product prices. Thus it was hoped to avoid wage-price inflation while still allowing reasonable gains in worker incomes.

Although neither the unions nor management had much to say when the productivity yardstick was announced, it was soon evident that neither side intended to comply with the government's request.

Most of the important labor contracts signed since that

time have gone beyond the guideline in their wage-fringe concessions. Thus far, however, many of the companies involved have been able to absorb the extra expenditures without sharply boosting prices. But advances are in the air, especially in coal, clothing and transport.

Just how ready the unions and management are to overlook the productivity guideline has been shown in autos. Industry, the government, and the public were brought up short when Chrysler started the ball rolling by giving the United Auto Workers a package—including pensions, raises, and working benefits—that topped costs an estimated 4.7% a year during the agreement's three-year span.

True, this avoided a strike at Chrysler and Ford just before the national elections—but not at the more tough-minded General Motors. It proved once again that the guideline means nothing to either employer or union forces. And the scope of the annual boost in labor costs means that cost-push inflation in the auto industry is on the march. Anything more will mean a severe squeeze on profits. While the wealthy auto makers might be able to absorb some of the costs — and perhaps sop up some more by installing "extras" in their cars — many smaller concerns that will be pushed to keep up with the wage-fringe gains will simply have to raise prices.

Whether the new lift in labor costs comes from new and-or more liberal pensions, wage hikes, or fringe benefits, the results will be the same. Upward pressure on price ceilings will definitely increase. There have already been quiet boosts at the manufacturers' level, and there will be translated into higher retail prices over the period ahead.

"How long will prices and wages continue to mount, how far will they go?" The answer as to what is almost certainly going to happen is easier than the matter of when. Here is how I see it: Higher labor costs must be offset — at least to a certain degree — by higher prices. As always, higher prices will mean new demands for raises. So the spiral will continue to rise until —

Sooner or later wage-price increases will become so unrealistic that there will be an inflationary blow-off. Things will be tough when that happens, and the long business climb could be stopped short.

I am optimistic enough to believe, however, that this inevitable correction may be all to the good. The blow-off will bring us back to our senses, and the heyday will be over for those who think that inflation can creep upward forever, without running away.

From then on — given common sense and a rebirth of religious conviction — we should be in a position to build both

our personal and business lives upon much firmer foundations.

They Visit Farm

"A trip to a farm" was a big day for pre-schoolers of the Northville Co-op Play Group October 14. Instead of the usual morning school routine the pre-schoolers went to the Apple Crest Farms on Eight Mile road and enjoyed a tour of the orchards, a tractor ride and most exciting, a fling at knocking down a few apples.

Each child brought home a small basket of apples and a happy smile. The fruits of their labor became even more apparent Monday afternoon when the youngsters, with supervision, made applesauce at school. They bottled it and took it home for lunch, slightly sticky this time but with the knowledge of a most interesting experience.

We'd be Happier Without Prejudice

Over 50 persons heard Dr. J. Alan Winter of the University of Michigan's sociology department speak last Sunday evening in the Catholic Fellowship Hall under the auspices of the Northville Human Relations Council. Dr. Winter presented an objective comment on the Negro movement for equal opportunities and its impact on the judicial, legislative and moral life of our country at the present time.

He took the view that the elimination of segregation and discrimination would strengthen our nation, producing a healthier and happier climate.

Further meetings by the human relations council are:

THE MORTGAGE LOAN YOU'RE ABOUT TO GET:

Perhaps the most important financial decision you'll make for years to come is the mortgage you select now for your new home. It involves a number of important questions: What kind of mortgage loan? What's the most sensible amount? For what length of time? Where to get it?

Years of experience have shown us the importance of planning properly, and how the *wrong* kind of mortgage can take away much of the joy and pleasure that comes with ownership of a new home. We'd like to help you buy that house, just as we've helped thousands of others buy or build.

That's why we take extra care to make sure your mortgage fits your future as well as your new home will—to be sure you get the right loan for the right length of time... at competitive interest rates... with lower closing costs, prepayment privileges, and even an automatic payment plan.

If you're about to buy or build, talk first to us about a National Bank of Detroit mortgage. Stop in at any of our 78 offices and pick up a copy of our helpful free booklet "Buying and Financing a Home." Along with the personal counsel that's yours for the asking, it can help you arrive at the best answer to your biggest question about a mortgage.

OUT OF THE PAST

ONE YEAR AGO

Nancy Logeman was chosen as homecoming queen by her classmates at Northville high school.

Formation soon of a citizens committee for general and detailed study of future Northville school building programs became a distinct possibility. Members of the board of education indicated an intent to initiate such a group. The group, according to Superintendent R. H. Amerman, would acquaint itself with the present classroom situations and general financial structure of the school system and then study and suggest ways of best solving problems arising in these areas.

Northville opened its seventh annual Torch Drive. Mrs. Paul Hughes was residential chairman and LeRoy Stone headed the business solicitation.

Dr. Kenneth MacLeod said there are 872 students enrolled in the high school, 296 in the junior high and 1,099 in the two elementary schools.

Sophomore defensive end John Jameson was injured in practice and will be out for the season. He underwent surgery at University hospital in Ann Arbor.

Fred Hembrey, 52, of 9300 sident of the Arabian Horse Association of Michigan at the annual meeting in East Lansing.

FIVE YEARS AGO

Petitions calling for an election to return Novi to township status will be presented to the village council Monday night. Petitions began circulating a few days ago and 200 signatures already have been obtained. Nearly 400 are needed or one-fourth of registered voters. If the movement succeeded, it would go down in the record books as a "first."

Northville was eyeing a showdown tilt with West Bloomfield. Even though the Mustangs carried a string of 28 straight Wayne-Oakland wins, the opposition was predicted to lift the crown from the proud but teetering local eleven. A week ago, Northville breezed by Milford, 22-0.

Guy Stevens, Leo Harrowood and Arthur Heslip were appointed members of the Novi village planning board.

Mr. and Mrs. George Gleason of Novi celebrated their 60th wedding anniversary last Sunday.

Village Manager Fred Olson received a vote of confidence from the Novi council Monday night before a packed house of local residents. The vote was sparked by a citizen's demand that the council either fire or give the manager its full support.

Tommy Bingham, son of Mr. and Mrs. Richard Bingham of 23906 East LeBoeuf drive, was named the most valuable player in the Novi little league at a banquet Saturday in the community building.

FIFTEEN YEARS AGO

Russ Amerman was awarded a pin for eight years of perfect attendance by the Northville Rotary club.

Mrs. Doris Atwood, worthy matron, and Ray Van Valkenburgh, worthy patron, entertained the members of the Orient Chapter No. 77 on the

58th anniversary of the local chapter.

The Northville police department collected \$631 in fines during September.

Al Westert, captain of the University of Michigan football team and well known to villagers, spoke before the Fisherman's club of the Methodist church.

Work is expected to begin in a week on the first patient unit of the Northville state hospital. It will handle 650 patients.

More than a 1,000 spectators watched the Mustangs win their second home game by squeezing past Bentley, 6-0. Chuck Stephens scored the only touchdown.

The annual citizenship dinner was held at the Methodist church. "New" voters honored were: Joan Litsberger, Merritt Meaker, Fred Wick, Shirley Ely, Barbara Defina, Marja Killeen, John and Joyce Stark, Juliann Harris, Wilbur W. Johnston, Irene Tesch, Velma Dayton and Norman Frid.

Benjamin Duguid of 741 Grace became a pledge of Delta Sigma Phi fraternity at Albion college.

Walter E. Zells retained his position in the telephone book of being the only "Z" and the last name in the 1939 directory. There were 335 names in the directory.

Harry German, a former Northville resident and mayor, talked about his 52-year pitching career during a radio interview.

C. A. Sessions made a call to the record office Saturday to renew his subscription for another year. He has been a steady reader of the paper since it was founded.

C. W. Hamilton, a former supervisor of Novi township, was appointed by the Oakland county board of supervisors to serve for three years as a member of the social welfare board.

State Representative Clyde Fenner was in the village Monday to go hunting with R. J. Hammermeister.

The Old Mill pond may be the scene of skating activity this winter. The Michigan Skating Association would bring meets to the area if there is enough room on the pond for a one eighth mile track. A similar meet was held two years ago.

A drama club was formed at the high school. Named officers were: Bob Parmenter, president; Douglas McCluskie, vice-president; Mary Potter, secretary; and Eugene Reaver, treasurer.

Green Tomatoes Will Ripen Yet

Uses can be found for green tomatoes that may have been bitten by the frost. The tomatoes themselves are not harmed by frost, only the vines.

Mature green tomatoes will ripen indoors, according to Michigan State University cooperative extension home economists. Spread them out in cool room temperatures. Light is not needed to produce good red color after the tomatoes are picked.

Immature green tomatoes won't ripen and are likely to rot if kept too long. It is best to cook or pickle them soon after picking.

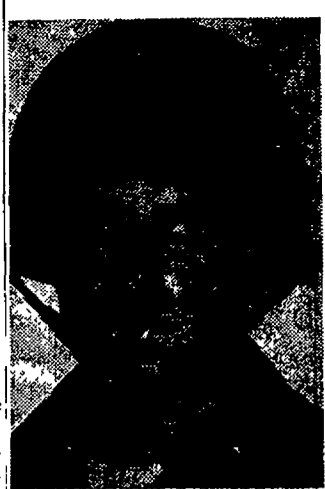

Green tomato mincemeat is one way of using the fruit. The mincemeat may be used in fruit cakes, cookies or pies.

Official Proceedings of the Northville Township Board Meeting

The regular monthly meeting of the Northville Township Board was called to order by Supervisor Merriam on Tuesday, October 6, 1964, at 8:05 p.m.

Members present: R. D. Merriam, Marguerite N. Young, Alex M. Lawrence, Wilson D. Tyler and James H. Tellam

Consultants: James E. Littell, Township Attorney; Visitors: Mr. Joseph Petrock, Mr. Ralph Ayers, Mr. and Mrs. George Clark, Mrs. Percy Angove, Attorney Philip Ogilvie, Mr. Clancy of Charest and Clancy, Mrs. Elsie Price, Mrs. James Tellam and Bill Sliger of the Northville Record.

Proposed annexation of Township Property to the City of Northville.

Supervisor Merriam informed the interested citizens that he asked for their attendance at the meeting so that they might be informed of the discrepancies that had been found in the petition which they had filed for annexation of their properties to the City of Northville and asked Attorney Littell to explain the difficulties.

After explanation by Attorney Littell, Attorney Philip Ogilvie spoke on behalf of the six families to be annexed. He acknowledged the errors in the description of the properties and said that he had been advised that it would only require an affidavit from the surveyor that he had made this error in his description to clear up the title. He stated that he did not know whether his clients wished to go ahead with the election or not but he offered the following alternative:

If the people in the area to be annexed wished to withdraw their petition for the El-

ection, he would draw another petition, have it signed by all six families affected and present it to the Township Board and the City of Northville Board for their acceptance.

Before doing this, he wished to have some expression from the Township Board as to their feeling about the annexation. The Township Board members were of the opinion that they would not stand in the way of the annexation if all six families signed the petition asking for same.

With this conclusion, Supervisor Merriam returned to Township Board business.

The minutes of the Regular Board Meeting of September 2, 1964 and the Special Meeting of September 24, 1964, were accepted as written.

Treasurer's report for September 1964, was read, approved and ordered placed on file.

The following were reviewed: Office receipts for the month of September 1964 \$762.00; Water and Sewer Commission receipts \$1559.75; Township Bills payable \$8,352.02.

Water and Sewer Commission Bills payable \$2099.55.

Trustee Tyler questioned the depreciation item of \$1,700.00 on the City of Northville Fire contract as a cash expenditure and was of the opinion it should not be included.

Trustee moved to approve the payment of the bills with the understanding that this part of the Fire contract payment be checked out with Mr. Potthoff.

Lawrence supported.
