

State Reveals Plans for Haggerty Area Expressway

Interchange Slated For 10 Mile in Novi

Novi will soon rank as one of the largest hubs of expressway interchanges in Michigan.

By late 1971, three freeways will cut through the state's largest village — and two of the routes will terminate in Novi.

John C. Mackie, state highway commissioner, disclosed this week that the Edward J. Jeffries freeway will start at the Ambassador Bridge in Detroit and be linked to the existing Interstate 96 near 10 Mile and Haggerty roads.

Equally important, it was

learned that Interstate 275 — which will begin north of Monroe — will end in Novi. A future extension of I-275 is eyed but no commitment has been made.

Presently, Interstate 696 merges into I-96 in the village. Both I-96 and I-275 will run together along the same path east of Haggerty.

It was noted that I-275 eventually would connect to Interstate 75 which winds its way northerly through the lower peninsula and stops at Sault Ste. Marie in the upper peninsula.

"I-275 will be the route to take to by-pass Detroit," a highway spokesman said.

The Jeffries freeway — an extension of I-96 into Detroit — is 26.5 miles long and will cost \$214,725,000 to construct according to highway officials.

Besides Northville, Novi and Detroit, the new stretch of I-96 will serve the city of Livonia and the townships of Plymouth, Farmington and Redford.

Highway officials said that the longest stretch of the Jeffries — measuring about 10 miles — is Schoolcraft road. Leaving Schoolcraft, the freeway swings toward Grand River and parallels the main thoroughfare into the heart of Detroit.

Actually there will be 2.7 miles of dual I-96 and I-275 in Novi. Both I-96 and I-275 follow the same course north after meeting on Schoolcraft west of Haggerty road in Livonia.

Residents of Northville township will be able to enter and exit at a cloverleaf at Six Mile road. Another cloverleaf is set for Eight Mile Northville and Novi residents.

An existing ramp at Novi road an I-96 will divert traffic into Novi and toward Northville.

The section of I-96 that now connects Novi with Farmington and Grand River and Eight Mile in Detroit will be designated as an extension of Eight Mile (M-102).

Irving J. Rubin, a spokesman for the highway department, said that in acquiring land for the expressways a "current and fair bid will be made."

"Outside appraisers are hired" to come up with "prices the property would bring on the open market," Rubin stressed. "But property owners should continue to maintain and repair since it will be reflected in the buying price."

Rubin further revealed a timetable for construction of the I-96 extension and I-275. Before the project can be launched, public hearings must be held. One is slated for November 17 for the Detroit extension and others are planned later in the month for other communities involved.

Rubin said the highway department receives resolutions of approval from the communities through which I-96 will pass. Surveys will begin.

"These will be followed by the preparation of preliminary plans and right-of-way drawings so that the needed property can be purchased."

"The department expects to begin acquiring property for the project within two years. Construction is scheduled to begin in 1967 and 1968. Completion of the entire project is scheduled for late 1971 or early 1972 with sections opened earlier as ready."

Cost of the Jeffries freeway has been estimated at \$160 million for construction and right-of-way in Detroit and \$54,275,000 for the section outside the city.

In comparison, I-275 will only run about \$46 million and constitute a 30-mile stretch — it's 3.5 miles longer than the Jeffries. A highway official explained the substantial difference in cost.

"I-275 will be built mostly on vacant land while the I-96 extension will be placed partly on at Thanksgiving.

Breakfast At the Legion

Northville Legionnaires will serve up pancakes next Wednesday morning from 5:30 until 10:30 for all area residents.

The pancake breakfast is traditionally held on Veterans Day, November 11 by the local post.

The breakfast will be served at the Legion hall, Dunlap and Center streets, with "all you can eat" for one dollar.

City Starts Sidewalk Replacement

The city council, breezed through a routine agenda Monday night handling a variety of business ranging from sidewalk repair assessments to adoption of a pool room ordinance.

One bid was received for a host of sidewalk repair work throughout the city.

In most instances property owners must bear the full cost of replacement of walk that has been declared unsafe.

An exception was made for property owners on Dubuque, who pointed out Monday night that the level of their sidewalks had been changed by street paving nearly 10 years ago.

It was promised at that time that the city would pay one-third of the cost. Council members voted to uphold this long-standing decision.

The council approved a pool room ordinance for the city. It decided to delete a reference to "pea pool" and "bottle pool" which would have made these games illegal.

Gambling is prohibited and a midnight closing hour was established.

A preliminary plat for undeveloped land adjacent to Northville Heights on North Center street was tabled by the council for further study. The 70-lot subdivision is currently before the planning commission for approval.

The council approved purchase of VHF communication equipment for the fire department providing the township board agrees to divide the \$1,875 cost.

Councilman John Canterbury voted against the purchase. He explained that he did not oppose addition of the equipment, which City Manager Bruce Potthoff described as badly needed, but that he objected to purchases without competitive bidding.

In final business the council gave its blessing to efforts by Mayor A. M. Allen to acquire a crossing gate for the C & O railroad intersection at Seven Mile road. Mayor Allen stated that he would cooperate with Township Supervisor R. D. Merriam in appealing to the road commission for addition of the safety feature.

In local issues Tuesday Northville city voters approved establishment of a municipal court and annexed six township houses to the city.

At the same time township voters elected an unopposed slate of Republican township officials and the 13 residents of the six township houses voted unanimously to join the city.

The municipal court proposal won easily in every precinct. The total tally was 1,275 YES to 335 NO.

By precinct the vote was: precinct one — 427-121; precinct two — 357-123; precinct three — 491-91.

Charles McDonald, judge of Northville's justice court, had strongly recommended the adoption of the municipal court and expressed his appreciation for support by local voters.

The bid, by six township homeowners on the south side of West Main street east of Clement road to join the city also won heavy city voters approval. The vote was 1,228 YES to 369 NO. By precinct the tally was: precinct one — 421-124; precinct two — 332-135; and precinct three — 475-110.

All 13 registered voters living in the area voted for the proposal in the township.

Voting for the unopposed slate of township officials went like this: Supervisor R. D. Merriam, 540-488 — 1,028; Clerk Marquerite Young, 587-523 — 1,080; Treasurer A. M. Lawrence, 588-518-1,104; Trustee James Tellam, 572-513 — 1,085; Constable Richard Mitchell, 447-413 — 860.

OLDEST VOTER? — P. G. Thompson, 19061 Sheldon road, voted in his 17th presidential election Tuesday. The 86-year-old Northville township resident first voted for William McKinley in 1900.

Police Squelch Vandalism

The rash of complaints resulting from vandalism during October came to an abrupt halt in the city of Northville last week.

Police Chief Eugene King reported a relatively quiet Halloween and credited increased police patrol with squelching the outbreak.

In a report made by City Manager Bruce Potthoff to the

city council Monday night police records show that only six vandalism complaints were received during the month of October last year.

In October this year police received 51 vandalism complaints including smashed windows, cutting car tops, pellet gun shooting and egg and tomato splatting of homes.

Chief King reported that the department doubled its patrol by adding auxiliary policemen. His report shows that a total of 226 man hours was required to cope with the outbreak. Of this 293 hours were turned in by auxiliary police, 66 hours by regular police on overtime and 66 hours of additional patrol by Chief King.

Romney Survives Democratic Deluge

President Lyndon B. Johnson polled an avalanche of votes Tuesday that completely swamped Republican Presidential Nominee Barry Goldwater and turned history back to FDR's 1936 sweep of Alf Landon for a comparable election.

But in Northville, there was nothing to compare to the LBJ victory.

Johnson won in both the city and township, something never before accomplished by a Democrat.

And no other Democratic candidate won in either the city or township Tuesday!

While Johnson was leading his ticket, both locally and throughout the state, Republican Governor George Romney turned in a political miracle of his own.

Romney was the top vote-getter in Northville. His popularity was demonstrated by the fact that Johnson won by some 900,000 votes in Michigan, while Governor Romney was defeating Democrat Neil Stabler by some 450,000 votes.

Political dopsters had predicted that Romney would be in trouble if Johnson carried Michigan by more than 300,000 votes.

Ticket-splitting for Romney was perhaps best demonstrated in Northville precinct two (east of Center, south of Baseline). The voters in this precinct gave majorities to all Democratic candidates and opposed the Massachusetts ballot, the only city or township precinct to go Democratic.

But precinct two liked Romney over Stabler, 412 to 249. (See tally of precinct voting below.)

Sunny skies and balmy weather accompanied the record turnout in Northville. The new record barely edged the 1960 vote, however, by a total of 68 votes.

A total of 1,493 ballots were cast in the township compared to 1,456 in 1960. In the city the total was 2,084 compared to 2,053 four years ago.

The township did the best overall job of voting. In precinct one 766 votes were cast out of 844 registrations for a 91% turn-out. In precinct two 727 of 841 registered voters went to the polls for an 86% average.

City precinct one had a 77% average with 705 out of 913 voting. Precinct two had 675 out of 894 for 75% and precinct three (north of Baseline) led the balloting with 704 out of 792 voting for a whopping 88%.

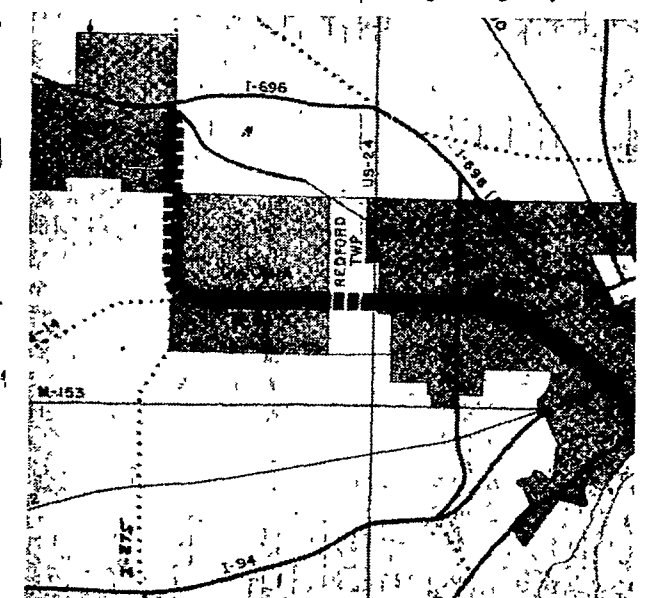

While the Massachusetts ballot was losing by more than two to one in the state, city and township voters approved the proposal.

The same condition held true in most other races where Democrats swept into office. Although returns were incomplete at press time, it appeared that Paul Chandler in the 14th senatorial district and Clifford Smart, in the 60th state representative district, were the only area Republicans elected.

It was reported that Congressman George Meader has called for a recount in his narrow loss to Wes Vivian in the second district. Democrat Billie Farnum won election over Richard Kuhn in the new 19th congressional district, while Democrat Marvin Stempien topped Lonnie Brashear in the 35th state representative district.

City and township Republican preferences in other state and Wayne county races failed to coincide with the final outcome. Democrats swept all offices.

In the judicial contests the elected judges in the first district court of appeals were Watts, Lesinski and Gillis; for circuit court in Wayne county the winners were Kaufman, Brennan and Burdick; in Oakland county the apparent winners in circuit court were Thorburn, Moore and Pratt, while Roberts, McGregor and Kavanagh were elected to the second district court of appeals. See judicial voting tally on page eight.

This map shows the route of the dual expressway from Novi to Northville township and I-96 into Detroit.

Merchants Plan Big Christmas

Northville's retail merchants reminded the city council Monday night that Christmas is not far off.

What's more, said Retailer Essie Nirider, Northville merchants are making plans for the biggest Christmas season ever, locally.

Accompanied by fellow merchants, Fred McLean and Charles Lapham, Nirider appealed to the city for more help this year in decorating the business district for the Christmas season.

Specifically, the merchants want the city to erect and remove the decorations in lieu of a \$150 contribution previously made by the city.

"We're planning to boost our budget for Christmas decorations from \$800 to \$1,800 this year. We have plans for a Santa workshop and more elaborate decorations and we hope the city will cooperate with us in a project that we believe benefits the entire community," Nirider pointed out.

The merchants found no opposition on the council.

It was agreed that the city would erect the decorations, a project that has cost some \$800 in the past. Christmas decorations are traditionally turned on at Thanksgiving.

SLIGHT DELAY — Unlike the postman, who must deliver his mail on time, the new Northville post office will be a little late — four months, as a matter of fact. Postmaster Leland Smith said this week that the Cady-Wing street building is now scheduled for completion January 1. Originally, it was to have opened in early September. He blamed final plan approval for the hold-up.

Thirty children from the Northville Cooperative play group for pre-schoolers attended a Halloween party at the Scout building Friday. The children, dressed in Halloween costumes, staged a fashion show and enjoyed pumpkin-faced cookies and cut-outs on the windows and walls. Punch was served and prizes were distributed to all the youngsters.

James A. Tuck, 46620 Stratford court, was one of 58 University of Michigan engineering students to win a place on the Dean's Honor List for the summer session. Tuck had a 3.66 grade average out of a possible 4.

Butch Casterline, son of Mr. and Mrs. Fred Casterline of Dunlap street, was home last weekend from Howe Military academy. He was recently promoted from corporal to sergeant.

Three area residents were among the 629 Central Michi-

gan University students achieving averages of B or better for the spring semester of 1963-64. The students are: Jeffrey J. Crawford, Northville freshman; Judith Marie Ritter, Novi sophomore; and David George Taylor, South Lyon sophomore.

Thomas E. Williams, 446 Eaton drive, was one of 45 students graduated from the Dearborn campus of the University of Michigan in October. He received a bachelor of business administration degree.

Mr. and Mrs. Leonard Klein were honored October 24 when 30 friends and neighbors gathered for a surprise party at their new home in Edenderry subdivision.

Mike, Tommy and Nancy with their father Thomas McDonough of Thayer boulevard, attended the Notre Dame-Stanford football game at South Bend, Indiana October 24.

Worthwhile projects emerge from the "coffeeclatches" in the Edenderry and Shadbrook subdivisions. While the women are sipping their coffee, they are making plans to furnish the needs of one of the wards at Northville state hospital. Brightly colored bedspreads and curtains are made by members and money, making projects carried on throughout the year are used for purchasing equipment for the wards.

Mr. and Mrs. Tony Bongiovanni of 308 North Center street were honored at a 25th wedding anniversary party given by their children, Thomas and Sharon on October 25. Guests from Northville, Plymouth, Novi, Detroit, Farmington, Wayne and Garden City attended the reception. Victor Shukstov, father of Mrs. Bongiovanni, surprised his daughter with a visit from Chicago.

Mr. and Mrs. Harold Howey and sons.

An attractive ranch in Willowbrook Estates is the home of Mr. and Mrs. Harold Howey. Their address is 23710

Meadowbrook road. The Howeys with their two sons, Steven, four, and David, three, moved to Novi from Indianapolis.

Mr. Howey is an engineer with the Ford Motor company in Livonia. He received his degree from General Motors Technical Institute and is now looking forward to studying for

his master's degree in engineering. Mary met while students at Saginaw high school in their home town and have been married six years.

They are members of Our Lady of Victory parish in Northville. Quilting is Mrs. Howey's hobby and Mr. Howey enjoys reading.

Wine, Anyone?

Kappa Deltas of the Northwest Suburban Alumnae group will have a wine tasting party Wednesday, November 11.

The meeting will be held at the home of Mrs. Ruth Hartman, 3306 West Outer Drive, at 7:45. The party is being held in conjunction with West Side Kappa Deltas and will also feature films on the selection and care of wine.

Assisting the hostess from the Northwest group will be Mrs. Thomas Holman and Mrs. Robert Benjamin. For more information call Mrs. William Young, 349-0584.

Senior Citizens

The Northville Senior Citizens club meets Tuesday, November 10th at 7:30 p.m. at the Scout Recreation building.

A business session is scheduled and will be followed by a "do-it-yourself" program planned by Mrs. B. Carlson and Mrs. B. Janichik. Refreshments and a social hour will follow.

JAYCETTE FAMILY — The Northville Jaycee auxiliary has sponsored Jae Yong under the Korean foster child program. Recently, the local Jaycettes received this picture of Jae Yong and his family. Mrs. Kenneth Roberts, chairman of the project for the Jaycettes, expressed appreciation of the group for the support given by community residents to their fund-raising projects, which help Jae Yong. Pictured are (l. to r.): Jae Oh, 15, Jae Yong, 10, their mother, and Jung Soon, 4, and Min Sook, 8.

In Our Town

NORTHVILLE-AREA WOMEN who "plant for pleasure" will exchange horticultural treasures next Monday at a plant auction. Members of the Northville branch, Woman's National Farm and Garden Association, will bring their plants to the November meeting at 12:30 p.m. at "Everseal", the Cambridge road home of Mrs. Charles Walker.

Club members also will take a picture tour of European gardens as Mrs. E. O. Whittington and Mrs. Clifford Hill show films taken on their European tour last spring. Assisting the hostess will be Mrs. Edwin Mueller, Mrs. John Northrup, Mrs. Richard Martin and Mrs. C. E. Ratliff and Mrs. Hill.

Mrs. Whittington qualifies as one of our town's busiest chairmen these days as final arrangements are under way for the Christmas Frostings market being given by 13 area garden clubs at the junior high gymnasium (community building) December 5.

"A VERY SPECIAL SPEAKER" is the way Mrs. Dewey Horning, Northville State Hospital Auxiliary president, describes Mrs. Herbert E. Norris, who will present the program at the auxiliary's opening fall luncheon at 1 p.m. Tuesday in the Terrace room of the O.T.R.T. building at the hospital.

Mrs. Norris, past president of the Michigan Association of Hospital Auxiliaries, will speak on the theme for all hospital auxiliaries this year: "Meeting the Challenge of Growth and Development." Mrs. Horning confided that her board is delighted to have Mrs. Norris as she speaks most winningly on an important volunteer subject.

This will be a guest meeting with reservations to be made by Friday with Mrs. Horning, FI-9-3358, or Mrs. Robert Lang, FI-9-2893.

A FAIR LADY in our town, Mrs. Walter L. Couse, will be participating this Friday evening in an Engineering Society of Detroit theatre party to "My Fair Lady", during its premiere week performance at United Artist Theatre.

Mr. Couse, who is president of the Engineering Society of Detroit, and Mrs. Couse will attend a reception and buffet at the society in the Rackham building preceding the performance. A chartered bus will take members to the theatre and return them for an afterglow with dancing.

Because the initial party was a sell-out, two additional parties have been scheduled for November 13 and 20 — and they already are sold out, Mrs. Couse reports. The engineering society, largest of its kind in the world, currently is conducting a membership drive under Mr. Couse's "Membership Explosion and Participation" campaign. The Couses recently were hosts to the society's board of directors and their wives at a dinner in their home on Edenderry drive.

A FUN-EVENING of conversation and card games is planned for the next meeting of Mother's Club at 8 p.m. Monday at the new home of Mrs. William Sliger, 18439 Fermanagh, in Edenderry. Life members of the club will be honored. All are receiving a special invitation to attend from program chairman Mrs. Glenn Diebert.

Co-hostesses will be Mrs. Eugene Cook, Mrs. Walter Gall, Mrs. Frederick Hartt and Mrs. Irvin Marburger, club president.

WITH HALLOWEEN PARTIES just the first round in a school year of parties it may be reassuring to other room mothers to know there is expert help available — the Gessell Institute has published a party book for children!

Fourth grade room mothers, Mrs. Bernard Bach and Mrs. Harold Penn, at Amerman school used a party plan that delighted nine-year-olds, as promised. The youngsters cut through flour in a pie pan to find a hidden ring — and then "bobbed" for donuts and cider on strings.

NEWCOMERS CLUB with a widespread range of activities for families-new-to-town seems to have a special interest in bridge. A series of evening bridge lessons to begin after the first of next year now is being organized by Mrs. E. O. Weber, bridge chairman. Also in the formative stage is a couples bridge group. Interested members are asked to call her at FI-9-9971.

More than 40 club members and guests gathered Monday in the Cherrywood room of Topinka's restaurant for luncheon and a talk on newest hair fashions. A family Christmas party was announced for December.

Late Rally Wins for Mustangs, 20-14

A furious final quarter finish wiped out an eight-point deficit Friday night to give Northville a 20-14 victory over West Bloomfield before a happy homecoming crowd.

Although no championship hung in the balance as in past clashes between these teams, it was an important contest. Northville clinched third place in the Wayne-Oakland Conference with a 4-2 record. West Bloomfield, however, sunk to its lowest depths in recent years, losing its fourth game against only two wins.

In the frantic fourth period, Northville rallied twice, once on a one-yard sneak by Quarterback Tom Baughman and again on a 26-yard scamper by Fullback Doug Swiss, which provided the winning margin.

Workhorse of the Mustang backfield was Sophomore Swiss, who also tallied Northville's first TD on a six-yard slant off left tackle in the opening period. It was his most productive game as he gained 98 yards in 18 tries for a 5.44 average.

Rapier-like thrusts of West Bloomfield's two powerful halfbacks, Jay Williams and Bruce Ferguson, almost turned the tide in the Lakers' favor. They ran for a combined total of 205 yards (West Bloomfield gained 246 on the ground), with Williams copping game

honors with 158 yards. Williams paced the Lakers' first TD drive of 86 yards with runs of 22 and 19 yards. The extra point after the tally put West Bloomfield out front in the second quarter, 7-6.

Again it was Williams who provided the spark in the second half. He scored on a 60-yard touchdown march of 60 yards with only 43 seconds of the second half gone. He streaked 53 yards to the Northville seven yard line. Ferguson bulled over tackle for the score, making it 14-6.

Straw that broke the Lakers' eight point lead were two 4th quarter gambles that didn't pay off, both in fourth down situations with short yardage to go.

After stopping a Northville drive on the six by recovering a fumble West Bloomfield moved to the 15 in three plays. On fourth down, Williams was piled up at the line of scrimmage. Five plays later, Northville scored.

On the subsequent series, West Bloomfield's Ferguson was stopped on the Northville 42 yard line, three yards shy of a first down. The Mustangs drove downfield, and after an exchange of fumbles, they scored the decisive touchdown.

At first, it looked as if Northville would win with ease. The Mustangs surged 96 yards into the end zone — their longest

sustained march of the season. Holes opened wide in the Lakers' front wall as Swiss scooted through for 13 yards. Halfback Kent Kiefer for 29 and Baughman for 15.

The extra point kick, however, was blocked. Complexions of the game changed in the second quarter as West Bloomfield charged 86 yards for a TD. Quarterback Greg Hepinstall skirted right end into the end zone and his pass to Ferguson was good, putting West Bloomfield on top, 7-6, at halftime.

On the second play from scrimmage after the second-half kickoff, Williams exploded for 53 yards to the Northville seven yard line. Ferguson slammed over on the next play and dove over the goal line for the extra point and a 14-6 lead.

A partially blocked punt gave Northville the ball on West Bloomfield's 36 yard line. Halfback Mike Turnbull then flashed top form, slanting over left tackle for six, seven, five and five more yards to the six yard line. A fumbled handoff on the next play squelched the drive.

It was then that Northville held on the 15 and came right back for the TD with Baughman sneaking across. The kick was good this time, but Northville trailed 14-13 early in the final period.

Northville set out for TD territory the next time it got the ball when the second Laker gambled and failed. A pass to Turnbull ate up 12 yards. Swiss drove up the middle for 15 and a 15-yard penalty put the Mustangs on the 12 yard stripe.

A Mustang fumbled to the eight yard line, but West Bloomfield gave up the football on the following play as Hepinstall broke into the clear and fumbled on the 26.

Swiss electrified the crowd

on Northville's next play, tearing through left tackle and racing down the sideline for the TD. End George Burchfield kicked his second extra point.

Brighton Here For Grid Finale

Respectability will be at stake tomorrow night when Northville takes on visiting Brighton Bulldogs in the football finale.

Milford already has nailed down at least a share of the Wayne-Oakland Conference title with a 6-0 record.

The Redskins blitzed Bloomfield Hills, 42-0, last Friday to ensure a piece of the championship. And barring a major upset, Milford should finish the season undefeated in conference play by whipping Clarencerville tomorrow.

Holly, in second place with a 5-1 count, slaughtered Clarencerville, 54-13, to stay on the heels of the front runner. The Broncos could tie for the crown, providing Milford loses.

With the third spot sewed up, Northville can only improve on its record 4-2, but a 5-2 year would mean the difference between a so-so season and a good one.

Brighton has only two victories to its credit, but the Bulldogs have won their last two outings. They upset a strong West Bloomfield squad, 27-6, then edged Clarkston last week, 20-14.

In beating Clarkston, the Bulldogs overcame an eight point deficit in the final period, scoring 14 points. Halfback Don Zimmerman tallied the winning TD late in the quarter on a 65-yard scamper.

By beating the Mustangs, Brighton could cap one of its best seasons in recent years. With a Mustang letdown, the Bulldogs could do it.

"They can throw and run," said Mustang Coach Ron Horwath. "And if we don't play ball, we'll get whipped."

Brighton got off to a bad start when it was defeated by Holly and Milford by substantial margins. Horwath pointed out He added that the Bulldogs seemed demoralized, but since then there has been a shake up and they've bounced back.

Horwath will depend on the Northville defense to stop the Bulldogs the way it stopped West Bloomfield last week late in the third and in the fourth quarter.

Sideline observers will be the Mustang Moms and Dads. It's "Parents' Night" and the guests of honor will be provided seats alongside the bench.

Scientific, engineering and industrial prospects for the next few decades will be the topic at the Thursday, November 12, meeting of the Men's

Club at the First Presbyterian Church of Northville.

In Justice Court

James E. Quinton of 106 Pickford, Walled Lake, was tried in Judge Emery Jacques court in Novi last Thursday on the charge of assault. He was fined \$15.

Also charged with assault was Robert G. Moore of 45799 Grand River, Novi. He was fined \$10.

Ticketed in the Meadowbrook road area for not having a Michigan license, William R. Wyrick, 21656 Hamilton, Farmington, was fined \$10.

Charles K. Sparre of 33630 Pierce, Garden City, was assessed a \$30 fine last week for drunk and disorderly conduct at Walled Lake amusement park.

Soliciting without a sales permit on Clark street, Novi, cost Marc L. Brown, 18596 Indiana, Detroit, a \$5 fine.

Twenty-year-old Tom A. Marsh of 15765 Doris, Livonia, was charged with being a minor in possession of alcoholic beverages at Nine Mile and Novi roads — October 24. He paid a fine of \$25.

Delta Kappa Meets

The Alpha Nu chapter of Delta Kappa Gamma will have a dinner meeting at Hillside Inn Monday, November 9 at 5:30.

Steve Pauli Wins Quiz

Steven Pauli, a sixth grader who lives at 508 Gardner in Northville, topped all contestants to win \$10 first prize money in the weekly football contest.

Steve was the only contestant to miss as few as three games. Second place and \$5 was won by John Bunn of 9791 Mathews road, South Lyon.

John missed only four games. In third place, winner of \$3, was the wife of Northville high school athletic director, Mrs. Albert Jones. Mrs. Jones missed five games and was tied by a host of other contestants, but her prediction of the score of the Detroit Lions - Los Angeles score was closest of all.

REMEMBER NOVEMBER 12 — Parents of students at the junior high school will go through the same schedule of classes as their children next Thursday night but with only 10-minute

periods at the P-TA open house. Members of the student council (pictured) will act as guides for the event. A similar program is planned at the high school Wednesday (see below).

Junior High P.T.A. Holds Swap Day

As a community service to parents of the Northville Schools, the Junior High P.T.A. will have a boot, ice skate, raincoat, and all other sport equipment exchange, Saturday, November 21, from 9 a.m. to 2 p.m. in the lunchroom of the community building.

The P.T.A. feels parents would appreciate realizing something from outgrown articles that are still in good condition. Also, parents will be able to buy the proper sizes needed for the same reasonable price.

Junior High Parents will be in the lunchroom Thursday and Friday, November 19 and 20 at the back entrance of the community building from the hours of 8-11 a.m. and 2-4 p.m. to receive articles to be sold.

Since this is a new project for the P.T.A. it is the feeling that all schools would like to be invited to have the opportunity to benefit in this exchange.

William D. Flint Dies; Oldest Novi Resident

Novi's oldest resident — whose family roots are imbedded deep in the history of the area — is dead.

William Delos Flint died Saturday in his home at 27757 Novi road. Mr. Flint, 91, was born September 28, 1873 in Novi.

Mr. Flint's grandfather came west from New York sometime in the early 1830s. His name was Loren Flint and he was one of the charter members of the First Baptist church in Novi founded February 21, 1846.

Services were held at 2 p.m. Tuesday for Mr. Flint at First Baptist. The Reverend Paul Barnes officiated. Funeral arrangements were handled by the Casterline funeral home.

Burial took place in Oakland Hills memorial gardens — a cemetery behind Mr. Flint's homestead on 12 Mile and Novi roads. At one time, the cemetery land was part of Mr. Flint's property.

He was the last living son of the Flint descendants. Only his

sister, Mary Flint, is left. She is his sole survivor.

Mr. Flint's wife, Alice, preceded him in death. She died March 8, 1964.

A fruit grower for 50 years, he was an active member of First Baptist during his lifetime. He and his wife were mentioned in a booklet published for dedication ceremonies June 28 of the new church on Taft and 11 Mile roads.

It said they "have had a life time witness in the Baptist church. Loren Flint, Mr. Flint's grandfather, was one of the charter members who was instrumental in establishing the church."

In addition, the social hall of the church was named in honor of the Flints and Mr. Flint designed and helped build the parsonage occupied by Pastor Barnes and his family on Novi road.

Pastor Barnes related that Mr. Flint discovered the church fire in 1913 after it had been struck by lightning and tried to put out the blaze. He was burned and his attempt was in vain. The church — the second that was built, was destroyed. Mr. Flint will be remembered as the one who selected the bell for the third church situated on Novi road. It was built in 1914 and torn down in 1964. The bell was made at the old Northville foundry.

Pastor Barnes said the bell was removed from the old building but has never been installed at the new location. A steeple has yet to be erected. In an interview almost three years ago, Mr. Flint was nostalgic about the Novi of yesterday. He recalled the passing of the blacksmith, Novi's first settler who had a shop on Taft road and Grand River.

Mr. Flint said:

"He came from New York in 1830, just a little while before my grandfather came west. I used to go to his shop when I was a lad to watch him pound things out of his metal with his great strength."

"And he retold an amusing story about one of the first horseless carriages in Novi. It belonged to Fred Smith's whose son, George, now resides at 4620 West 11 Mile road. The elder Smith used to drive the car to the Detroit market."

One afternoon he stopped in Detroit for dinner on his way home and when he came out he found his car started. "So he called a mechanic. We called them 'experts' with those days, and the man came all the way from Detroit on the inter-urban."

As soon as he arrived, he looked in the car and asked "Where's the key?" It turned out that Fred had the key in his pocket."

High School Parents To Attend Classes

Northville high school parents will have an opportunity to experience a typical day in the lives of their youngsters in capsule form next Wednesday evening.

As part of the annual P-TA open house, parents will follow the daily class schedule of their respective children. But their

time in class will be cut to about 10 minutes each. The program will get underway at 7:30 p.m. with a short business meeting in the auditorium.

Refreshments will be served in the cafeteria following the march from class to class.

Jim Sophia in action

His Hands Pack Power

Jim Sophia is rated as a "strongman" but he doesn't try to impress anybody by flexing his muscles.

His might centers in his hands.

Sophia, a full-time Royal Oak insurance agent who pursues physical education as a sideline, appeared at the Novi Rotary club.

First, with his hands acting as clamps, he gripped a Detroit telephone book. His face got red as the muscles in his arms began to bulge. There was a pause of about 10 seconds and then he sighed.

The phone directory broke into two pieces.

Sophia is an advocate of dynamic tension, a form of exercise that he described as "pushing one muscle against another."

He explained that it is "the strength and unity of muscles that enable me to do this feat. I tense every muscle from my feet to my neck."

"I use the pressure of my body to exert myself. Actually, before I tore up the book I was 'alone' in the room for a number of seconds. I was meditating and coordinating my muscles with my mind."

He then proceeded to tear the directory into eight sections.

Sophia maintains that he can outdo anyone who tries to perform the same feat by "brute force."

"Once a policeman in Detroit boasted that he could rip a directory into three pieces with his bare hands. He did, too. I just said 'how about that'."

"And I split it into many more pieces."

"He was just using one part of his body. I tore the book with the strength of all my body."

His second act was to tear up a deck of playing cards. It took three attempts but he was successful. The cards, it was discovered, were plastic-coated and made his conquest even harder.

Well built, Sophia weighs 180 pounds and is five foot

seven inches tall. He is in top-notch condition and can exercise daily in about five minutes.

"All I do is tense an arm and that particular side of my body is exercised," he said. "My body has been built up and now all I must do is maintain it."

At age 11 Sophia got tired of being beaten up by bullies in his neighborhood and launched an extensive study to fortify his body.

"I got fed up when I was pushed around for seven days in a row," he recalled.

In carrying out his ambition, he even studied anatomy to "learn the weak points of the body." Later he was introduced to jujitsu and karate.

During World War II, Sophia, who is 53, was an instructor in hand-to-hand combat for American and Canadian troops.

Jujitsu is a means of self-defense where you make use of your opponent's strength and weight to disable or hurt him. But karate is "where you hit vulnerable parts of the body and try to maim or kill."

Sophia pointed to his hands. The backs of them and a muscle between the thumb and wrist are as solid as a rock.

He can smash 2 by 4's or even pound six-penny nails into a board without feeling any pain.

"At first," Sophia related, "I used to thrust my hands into sand so I wouldn't harm any bones."

"Later, I started applying more force and hitting harder objects like boards. However, I have never tried to split a brick."

He keeps his hands in shape by pulling 300-pound cables when "he is lazy" or else he strains the muscles by putting his thumb between his fourth and fifth fingers and squeezing.

Sophia always endeavors to remain calm because he knows his hands could get him into trouble. "They would be considered concealed weapons if I were taken before a judge."

EARTH PICTURES
Several months ago our country obtained spacecraft pictures of the moon. This was accomplished after three years of failure in half a dozen attempts involving millions of dollars.

Many of the pictures are unusually close-up shots, bringing into view small craters estimated to be no more than a yard in diameter.

By the recent success many are eager to get an even closer view of our distant earth satellite and if possible to land on its surface.

Are we as eager to take a close and concerned look at this earth, the planet God has given us to live on?

As we look at the close-up pictures of our cities, our society, our world, we see rough places. We see pock-marks and craters. We see craters of hatred and love-lessness, veritable gulfs and chasms among nations and within our nation, race clash-es, strained relations between labor and management. We see people who cannot get along even in small groups and families. We see broken homes and lives.

We see craters of greed, people who live only for themselves and who walk over the next person to get to the top.

We see craters of vice in communities, in motion pictures, in literature.

We see craters and pockets of enforced poverty and dis-ease.

Worst of all, we see craters of spiritual ignorance and unbelief.

Jesus once had a close-up view of one of the earth's best known cities - Jerusalem. The Bible relates: "When He was come NEAR, He BE-HELD the city, and WEPT over it." (St. Luke 19:41).

The words He then spoke, as tears streamed from his eyes, came from the very depths of his soul: "If thou hadst known, even thou, at least in this thy day, the things which belong unto thy peace! But now they are hid from thine eyes." (v. 42).

Do not many of our cities today fit into this category? The only hope for the sin-ful world is Christ. He came into this world to seek and to save lost humanity. He saw the craters and the horrible pits of sin. He came to re-move sin's curse by fulfill-ing every demand of the Law

Jesus once had a close-up view of one of the earth's best known cities - Jerusalem. The Bible relates: "When He was come NEAR, He BE-HELD the city, and WEPT over it." (St. Luke 19:41).

The words He then spoke, as tears streamed from his eyes, came from the very depths of his soul: "If thou hadst known, even thou, at least in this thy day, the things which belong unto thy peace! But now they are hid from thine eyes." (v. 42).

Do not many of our cities today fit into this category? The only hope for the sin-ful world is Christ. He came into this world to seek and to save lost humanity. He saw the craters and the horrible pits of sin. He came to re-move sin's curse by fulfill-ing every demand of the Law

of God and by dying the sinner's death and by rising again from the dead. Only in this way could forgive-ness and eternal life be ob-tained.

The people of Jerusalem had their opportunity for sal-vation and so do we. Now is our day of salvation. Let us not neglect it. Forgiveness is there for all who sincerely repent of their sins and ac-cept Christ by faith.

And those who have receiv-ed forgiveness possess peace,

real inner peace and joy.

Astronomers have named an area of the moon the "Sea of Tranquility." The exact nature of this region is not known. On earth, however, we know that we have true seas of tranquility. Wherever the Gospel of Jesus Christ is preached and people accept Christ by faith, there we find a true sea of tranquility; for sinners are made right with God and come into possession of a peace that is a fore-taste of heaven itself.

HOW DOES LIFE GET SO TANGLED?

Interesting thing about a rope—it rarely becomes tangled when it's serving some useful purpose. It stretches firm and taut... reaching... holding.

But lay the rope aside... waiting without a purpose... and it becomes so tangled you can't even find the ends.

Life is like that! For some folks it seems an impossible tangle of conflicts, worries and disappointments. They haven't discovered how to devote their strand of years to a vital, constant purpose.

But for others life stretches firm and taut from birth to Eternity. The tangles disappear as men reach across time to hold certain truths by which God would have us live.

Life without tangles... life with purpose... discover it in Church next Sunday!

Willowbrook

VI MEYERS GR-4-8015
Barbara Argeline, daughter of Mr. and Mrs. William Argeline of Ripple Creek road, celebrated her third birthday last Monday afternoon, by having a party. Her guests were Bobbi Wilkens, Sally Auten, Gloria Bell, Liz Collacot, Mark and Jamie Reuther, Peggy Graham and Steve and Lisa Michaels.
Michael John Wilson, four, and Jimmy Erin, two, have two nearly "new" sisters. Twin daughters of the Harvey Willsons of Willowbrook drive were one month old Sunday. The twins names are Kelly Michelle and Kathy Jo.

Mr. and Mrs. Jack Carter of West 10 Mile road attended a costume party Halloween night given by the Irwin Lewises of Detroit. Theme of the party was the "Roaring Twenties" and all were dressed of that era. Last Thursday evening the Carters and Mr. and Mrs. Dennis Hoyt of Walled Lake attended the "live" showing of the Perry Como TV show at Cobo hall, Detroit.

Nancy Bowen, daughter of Mr. and Mrs. Marvin Bowen of Willowbrook drive, gave a pre-Halloween costume party Friday night. Her sister Sandra was present, also Joan Baliko, Louise Dery, Louise Sigbee, Marilyn Ames, Jody Cockrum, Patty Ritchie, Carol Pallunas, Suzanne Cookson, Pat Wilkens, DeLyn Tobias, Barbara Auten and Andrea Anderson. Andrea won the prize for the best costume. She dressed as a boxer.

The Emery Jacques of Malott drive had little Aimee Louise christened Sunday at Our Lady of Victory church in Northville. Mr. and Mrs. Lloyd George of Malott drive are the godparents.

Mr. and Mrs. Thomas Needham of McMahon Circle had Mrs. Needham's brother and wife, Mr. and Mrs. Bill Schendel of Marshalltown, Iowa as guests last week. The Schendels visited the Needhams on their way home from New York, where they had attended the National Test Control association convention. They brought the news that Mrs. Needham's and Mr. Schendel's brother Bob of Topeka, Kansas was made president of the NTCA convention for the coming year. They reported that all of the U.S. and 19 other countries were represented at the convention.

Mr. and Mrs. Walter Suobank of West LeBost held a masquerade Halloween party Saturday night. Mr. and Mrs. Robert Braidwood of West LeBost were one of nine couples (rest "out of town"), who enjoyed late dinner and dancing at the Suobanks. Mr. and Mrs. Braidwood captured the prize given for the best costume. They dressed as a Zulu chieftain and his bride.

Mr. and Mrs. Robert McKean of Willow Lane also had a costume party Halloween night. Twenty couples attended, including Mr. and Mrs. David Fried of Hollydale.

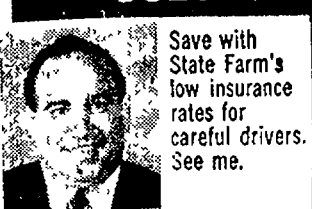

Mr. and Mrs. Jack Van Wagner of Maude Lea Circle spent the week end in Cleveland as guests of Mr. and Mrs. William Milford and children, Karen, Douglas, Debbie and Susan. The Milfords were former neighbors on Maude Lea Circle.

Arnold Bell of Maude Lea Circle has returned home from a week in New York. He attended the World Wide Dealers conference and represented the Droquet Tractor Sales of Farmington. While there Mr. Bell also spent two days visiting the World's Fair.

Wednesday Bridge met at Dottie Flattery's home on LeBost drive. Pat Crupi was guest player. Margaret Bunker took first prize, Pat Crupi second and Delores Olah, consolation.

Beverly Smith won first prize when the Thursday bridge club played at the home of Irene McCormick on McMahon Circle, Thursday evening. Marty Ames was guest player.

Andy Orphan Elected VP

Andrew G. Orphan, 356 Rogers street, Northville, was elected vice-president of the Kiwanis Club of South Lyon Monday evening.
The vice president-elect, who is plant engineer for the Bell Telephone company, will assume his post at the outset of 1965. He succeeds Richard Russell of South Lyon, who is the club's president-elect.
Orphan has served the club in various capacities, as a member of the board of directors, project chairman, and as program chairman.
Another resident of Northville, Joseph Malik of 4787 West Seven Mile road, was one of four men elected Monday to two-year posts on the board of Directors. Malik owns and operates his own heating business on Seven Mile road.

LET'S TALK CARS... HOW TO AVOID A REPOSSESSION

No industry has benefited more from the finance business than automobiles. There is one fly in the ointment though. It is that not all cars sold on finance stay sold.
Of the 64% of used cars and 75% of new sold to time-buyers each year, an average of 5.6% are repossessed. The small finance companies have by far the highest percentage of repossessions — up to 20% — while the large firms report as little as 2.9%. Of the total, 20% are ultimately redeemed.
Some of these are due to illness, death, strikes and seasonal unemployment. But a big percentage could have been avoided if the buyer had put a little more equity into his car in the first place. On long term finance a point is sometimes reached where the car needs repairs which the customer has difficulty affording in addition to his regular payments. If the unpaid balance on the car, plus repairs, totals close to the automobile's market value, as sometimes happens, then a repossession may occur.
The customer has needlessly lost all he put into the car, and the dealer will lose along with him in having to repay the finance company and resell the car.
We can, of course, provide the longest possible terms, if the customer's situation warrants it. But if we urge the buyer to pay as much down with the fewest payments he can afford, he is the one to gain. The longer the finance term, the greater the buyer's finance charges.

NORTHVILLE

Telephone Lines
SOME OF YOU HAVE ASKED why we don't somehow prevent annoying telephone sales calls from reaching our customers' homes. One reason is that the law requires us to provide service for any lawful purpose. And selling by phone is entirely legal. Another reason is that many sales-by-phone organizations really do offer outstanding bargains. We wouldn't want our customers to miss out on those.
We do try in many ways to encourage better telephone manners among business people. Gradual improvement can be expected as a result.
Meantime the law of self-defense certainly applies. When a telephone salesperson is rude or overly insistent on the phone... feel free to hang up.

THIS CHRISTMAS, GIVE YOUR PHONE AN EXTENSION—and give yourself the added convenience of two phones at a fraction more than the cost of the first one. What can say more at Christmas, and all year long! To order your Christmas extension phone, call our Business Office or ask your Telephone Man.

SHOP EARLY for the best buys at Christmas! Equally good advice: shop by phone, whenever the weather's too bad or you're too busy for shopping in person. You'll enjoy the season twice as much, because of all the time and trouble you save.

FOOTBALL CONTEST

HERE ARE THE RULES

Take a plain piece of paper and number down the left hand side from 1 to 24.

You will notice that each square below is also numbered from 1 to 24 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding numbered square.
- (2) following the sponsor's name — write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 24. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry).

Enter just once a week, but you may enter as many weeks as you wish. In case of ties, prize money will be split.

Copies of the contest will be posted at the Northville Record and South Lyon Herald office each week.

Entries must be postmarked or brought to either of our offices no later than 5 p.m. each Friday.

Employees of the Northville Record - Novi News or South Lyon Herald or sponsoring merchants are not eligible.

FIRST PRIZE \$10⁰⁰
SECOND PRIZE \$5⁰⁰
THIRD PRIZE \$3⁰⁰

Do we really need a Medicare Tax?

Health care is now available for "over 65's" who cannot afford to pay

If you are over 65, facing medical expense and can't pay for it... it's yours for the asking, already provided for by law. The Kerr-Mills Act offers a Health Opportunity Program for the Elderly with the federal and state governments sharing the cost.

In most states this care is far, far greater than that offered by Medicare proposals... and no additional tax is necessary!

If you are elderly, and without funds for needed medical care, ask your doctor about the Health Opportunity Program for the Elderly, or call your local medical society.

SPEAKING for The Record

By BILL SLIGER

One of the joys of Christmas is that it encourages us to think in terms of "giving".

For those who have not completed their Christmas lists this year, a rare opportunity to add another name or two exists in Northville.

You can make Christmas something more than another day inside an institution for some forgotten youngster or adult at Northville State hospital, Plymouth State Home and Training school, Maybury sanatorium or Wayne County Training school.

At huge Northville State hospital hundreds of patients of all ages become the responsibility of Louis J. Schultdt and his community relations staff at Christmas time. Many of the patients are alone or forgotten, or perhaps disappointed when an anticipated Christmas leave is not possible.

Directions on how you can help a Northville State hospital patient may be obtained by calling the community relations department, FI-9-1800.

At Dr. Pasquale Buoniconti's Wayne County Training school about 125 of the 600 boys and girls of school age are either forgotten or have no home to which they may go at Christmas.

School officials plan a special dinner and program for Christmas. Your gifts would brighten the celebration. Call either Paul Haupricht or Nino DelCampo at GL-3-6500.

Mrs. Elaine Chabut has made it her annual duty to help brighten Christmas for patients at Maybury. There are about 100 children and 400 adults at the tuberculosis sanatorium, many of whom would go gift-less if it were not for Mrs. Chabut and her legion of volunteers. She can be reached evenings and week ends at FI-9-3257 or call Elizabeth Beard at Maybury, FI-9-3200.

Plymouth State Home estimates it has some 250 forgotten patients.

They range in age from babies to 20 years. And while each suffers from retardation, they are not insensitive. They feel the hurt of neglect and the joy of attention.

If there's a spot on your Christmas list for these young unfortunates, call the office of William Boyd, GL-3-1500.

In answer to many inquiries: the four year gubernatorial term provided under the new state constitution does not start until the 1966 election.

The campaign for governor will not coincide with the presidential race.

A worthwhile project, the brainchild of Northville's city council, will be repeated next Wednesday evening.

It's the fifth annual recognition dinner in honor of citizens who serve as employees and volunteer members of the city's many departments, commissions and boards.

Councilman Richard Ambler and Police Chief Eugene King are in charge of arrangements. The recognition dinner will be held at the Presbyterian church.

Did you hear the (true) story about the woman who, after learning her car was out of gas, asked if it "would hurt the car to drive home on an empty tank?"

Are County Boards Legally Formed?

LANSING — County boards of supervisors throughout the state have just begun what could be a long wait to determine whether the boards are legally constituted.

A court test of county board apportionment was started in Kent County Circuit Court and has now reached the State Supreme Court. There is every indication it will be carried to the U.S. Supreme Court regardless of the state decision. Kent Circuit Judge Fred N. Serl ruled in September that the county board in his area was illegally constituted because it failed to reflect the one-man, one-vote factor set down for State Legislatures earlier this year by the U.S. Supreme Court.

Several cases now awaiting decision in the State Supreme Court have been there six months or more. There is no indication this case is being given any preferential treatment in the decision-making process.

Opponents of Serl's ruling, led by County officials, say the population factor does not prevail where county boards are concerned because they are administrative bodies rather than

legislative units, as dealt with in the U.S. Supreme Court decision.

The Kent County case could well affect every area where there is a large city accounting for the majority of county population. In most counties of

now have less city members than would be provided under a strict one-man, one-vote basis.

Schools of tomorrow, and particularly high schools, may bring even more changes than scientific advances of the past decade have brought.

Summer-long vacations and seven-hour daily sessions very likely will be just a memory, according to two leading Michigan educators.

Michigan State university president John A. Hannah recently called for high school administrators to consider keeping their doors open 12 months a year.

"The excuses for releasing pupils in the summer months are far less convincing than they were," he said. "And in the light of the amount there is to be taught and the limited time available it is our duty to ask ourselves if we can still afford the luxury of long, lazy summer vacations."

Use of high schools year-round would accomplish little, however, if the extra time was this type, the county boards used "merely to expedite the completion of high school education at an earlier age," said Hannah.

Superintendent of Public Instruction Lynn M. Bartlett predicts that a longer school year and extended daily hours will be an accomplished fact within 10 years and that the extra time will be put to good use. "There is no question in my mind that in 10 years not only will the school year and the school day be significantly longer than today, but also because of the tremendous increase in knowledge and the ever-growing need for more skills and training, our schools will be open on some basis the year around, perhaps on a 10-15-hour daily program," he said.

Bartlett notes significantly that 25% of Michigan's secondary schools have lengthened the school day since 1953 and 16% of the elementary schools have taken the same step. Nearly 15% of the schools on

both levels have already extended the school year to some degree in the same five-year period.

It was evident during the recent campaign that security measures were tightened considerably in the many public appearances of President Johnson around the country.

The same was not true in Michigan, where governor George Romney has virtually ignored any attempts to keep state police aides close to him in all public gatherings.

Three state police officers are permanently assigned to the governor of Michigan on basically a 24-hour guard. Usually only one, but on infrequent occasions two are with him when he attends public functions.

A sharp contrast in acceptance of police protection was noted between Romney and his predecessor, John B. Swainson.

Swainson, because of a war injury which required him to wear artificial legs, was glad to have his state police aide and local officers near him constantly to clear his path. In contrast, Romney is prone to wander into the thick of crowds where it is virtually impossible for anyone to stay by his side.

Should a serious threat to Michigan's chief executive arise, it is presumed future governors would be required to accept close security protection in much the same manner as the President.

Our Trend: to Blend

BABSON PARK, Massachusetts — The words "either, or" have particularly significant uses.

For instance, the word "or" may express indefiniteness, as in the sentence, "There were 10 or 12 people present." Or it may indicate definiteness, as in "It is black or white." "It is plus or minus." ("either" being implied in these last instances).

The word "or" is often used loosely with reference to human beings. For example, saying a person is a liberal or a conservative is usually far from precise because most people support elements of both points of view. It is probable that there are very few who are wholly liberal or wholly conservative.

Free Enterprise vs. Socialism

In the heat of political debate the backers of one philosophy talk as though the other philosophy were wholly evil, and vice versa. Free enterprise is, of course, the older of the two, in its purest form, it is the law of the jungle. Each animal is free to prey on those it can destroy until a stronger one comes along to destroy it. This led to the old concept that wealth is the reward for virtue, and poverty the result of sin. It has led in more modern times to the wage slaves in Northern mills and the Negro slaves in Southern plantations. It has also led to the rise of dictators, Stalin, Hitler, Mao.

On the other hand, pure socialism leads ultimately to individual stagnation, except perhaps in certain deeply religious societies where true communism has been practiced. (Note communism with a small c).

This latter is the kind of life practiced by the early Christians. It is thus of much later origin than free enterprise. It stems from the teaching of Jesus, — "Thou shalt love thy neighbor as thyself." Early communism implied that each member of the community was working for the common good. Since the society was made up of deeply religious individuals, it needed almost no government. (Communism of the Russian type is, of course, not voluntary but forced).

In our government here in the United States we have neither one nor the other of these forms of society, but a mixture of both. We have police departments and fire departments which are run by the community. However, individuals are free to engage in numerous activities without governmental interference.

Many of the "socialistic" accretions of the federal government stemmed originally from inability or refusal of individuals, local communities, or states to solve by themselves the problems that confronted them. It was the excesses of the railroad magnates that led to the formation of the Interstate Commerce Commission. It was the depression of 1929 that brought into being the numerous government agencies that shored up the economy so

it could function — at all in some cases. The federal guarantee of bank deposits at the request of banks has eliminated the likelihood of a run on banks like that of 1933. Price supports in agriculture were instituted to ensure us food to eat. Rural electrification made it possible for those living on farms to enjoy some of the conveniences of those who live in the cities.

Which Way To Go?

If we were to imitate Sweden we could go a long way in both directions, because there they have a higher standard of living for the total population than we have here. They have less unemployment, and less interference with business from government. They have more socialism in the form of job retraining for the unemployed, state care for the sick, needy, and older people.

If we accept the philosophy of the Declaration of Independence that we are to enjoy "life, liberty, and the pursuit of happiness," then it is in the pursuit of happiness — old group of our society causes another group to be unhappy, it may sometimes be necessary for the government selected by the people to equalize the pursuit of happiness for everyone.

Ideally, government "of the people, by the people, and for the people" should be able to solve most problems, providing the greatest good for the greatest number. The final result will not be "either-or" — but a mixture of the two.

"walks" right over bumps and trouble

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.
