

## Water Nears Dry-Well Homes

Northville township Supervisor R. D. Merriam is shown inspecting the trenching operations for the water line that will soon provide 18 homes in Plymouth Gardens subdivision with Detroit water. The special assessment project is expected to be completed before Thanksgiving, a blessing to many homeowners of the area who have been

without house water for more than a year. The line shown is on Lakeview. Connection of the six-inch line starts on Bradner, extends down Roberta to Lakeview, then to Elk and completing a loop to Bradner. It's connected to a 12-inch city of Detroit main. When completed it will become the township's first water system.

## Township Officially Accepts Littell Letter of Resignation

Meeting the night after the election last week, the Northville township board officially accepted the resignation of Attorney James Littell.

The township's legal advisor for 19 years, Littell abruptly submitted his resignation orally at the October meeting of the board following a controversy which flared from a remark by Trustee Wilson Tyler.

It was moved by Trustee James Tellam and seconded by Treasurer A. M. Lawrence to accept the letter of resignation.

Supervisor R. D. Merriam then called for an executive (closed) meeting November 17, to discuss a possible successor.

Littell's letter set October 31 as the effective date of his resignation. He left the door open for possible consultation service by stating that "I will always hold myself available for any assistance I can render you (Supervisor Merriam) or the township board should the need arise."

Littell closed by adding that

"I have thoroughly enjoyed my association with township affairs and want all members of the board to know that I will constantly be interested in the welfare of the township and its residents."

In other township matters at the regular monthly meeting the board agreed to accept a contract which permits dancing for private parties at Dun Rovin golf club.

The board also agreed to share the cost of a \$1,900 VHF

communication system with the city for fire department use.

Bids for new plumbing, roofing and remodeling for the township hall were awarded to Edward Musolf and Glenn Long.

Donald Robinson, a former board trustee, was named to the board of review replacing Supervisor Merriam. Under the new constitution the supervisor becomes clerk, but cannot vote, on the review board.

## Well-Known Northville Men Die

Harry Himmelsteib's retirement was short-lived.

One of the best-known and most successful of Northville's Main street merchants, Mr. Himmelsteib retired as owner and operator of Brader's department store in July, 1963.

He died Monday at the age of 70 in Southern Pines, North Carolina.

Mr. Himmelsteib had suffered a stroke before selling out his business here. He had been in ailing health since.

Funeral services were held Wednesday afternoon in Southern Pines. He had been living with his brother-in-law and sister, Mr. and Mrs. Robert Morse, both of whom were formerly associated with Brader's and ex-residents of Northville.

A quiet-spoken man, Mr. Himmelsteib was a bachelor. Retailing was his life, aside from an interest in watching the trotters at Northville Downs.

As a merchant Mr. Himmelsteib confounded many experts.

He was frequently accused of underpricing his merchandise and overpaying his employees.

He insisted upon good values for his customer's dollar, and he believed in sharing the success of his business with his employees.

He was also a firm believer in advertising and Brader's advertisements appeared weekly in The Record. They always emphasized "price values."

When it came to sponsorship of almost any worthwhile cause Mr. Himmelsteib was a "soft touch."

He was especially interested in the local recreation program and sponsored countless athletic teams.

Mr. Himmelsteib's career in

Northville spanned 35 years, from 1928-1963. He joined his uncle, S. L. Brader, in business and became sole owner in the mid-forties.

His employees were his family and many of them worked with Mr. Himmelsteib for more than 20 years.

Mr. Himmelsteib was born in Pennsylvania June 10, 1894. He is survived by four brothers and four sisters.

A collection was undertaken by Leo Mainville among local businessmen this week to provide flowers from his many friends. It was suggested that those wishing to make a contribution in Mr. Himmelsteib's memory do so to the Heart Association.

Dr. Paul N. Lovewell, who practiced medicine in Northville for 30 years, died Friday at Detroit Osteopathic hospital. He was 59.

Services were held at 2 p.m.

Dr. Lovewell

Monday at the Ebert Funeral home. Rev. Joseph Adams of Hamtramck officiated. Following cremation, interment was at South Lyon cemetery.

Dr. Lovewell was born December 1, 1904 in South Lyon, but attended Northville public schools and Kirksville college of Osteopathy and Surgery.

He and his wife Victoria were married in 1926 in Grand Rapids shortly after he graduated from Kirksville.

For the next six years Dr. Lovewell did post graduate work and opened a practice in Grand Rapids. He came to Northville in 1934.

His only local affiliation was the Fraternal Order of Eagles No. 2504.

Besides his wife, Dr. Lovewell is survived by a daughter, Mrs. Mary Kirkey of Cleveland and a son, Lucien S. of Berkeley, California.

In addition, a brother, Carley, of Ventura, California and two grandchildren survive.

## High School Over-Crowded

# Northville Prods Novi To Remove Students

The Northville - Novi tuition student "honey-moon" appears to be over.

Faced with beyond-capacity classroom loads in the high school, the Northville board of education told Novi board members Tuesday night to prepare to teach their own tenth graders next fall.

The Northville board proposed that Novi would keep its eleventh graders in 1966 and its twelfth grade in 1967.

In other words, Novi's present ninth grade students would become the first graduating class of Novi high school if the Northville proposal stands.

The announcement caught Novi flat-footed and unprepared. It left Novi facing the prospect of providing at least partial high school facilities in less than a year.

There was a hint, however, that Northville might relent slightly from its position.

This came when Novi officials said they had believed that the joint meeting at Northville high school had been called to discuss the problem "with an open mind." They asked time to consider alternatives and meet again with Northville.

A second meeting has been set for November 24 at the new Novi junior high school.

Tuesday night's meeting was short, if not sweet. It was attended by board members and administrators from both districts. The discussion lasted little more than an hour.

Representing Northville were board President James Kipper, Edward Angove, W. C. Becker, Eugene Cook, William Crump, Robert Shafer and E. O. Weber.

Northville administrators in attendance were Superintendent R. H. Amerman, assistant Superintendent Kenneth MacLeod, E. V. Ellison, director of administrative services, Gene Quay, assistant high school principal, and Don Van Ingen, junior high school principal.

Novi was represented by William MacDermald, Richard Bingham, David Fried, Arthur Heslip and Russell Taylor, board members; and Superintendent Thomas Culbert and Sam Stewart, junior high school principal.

Kipper opened the session by outlining the Northville board's position — a three-year phase out beginning in 1965.

Culbert expressed surprise and disappointment.

"It sounds like you have already made your decision," the Novi superintendent stated. "We have. This is our position," replied Kipper.

"There's no doubt you can do this, but we thought you would give us reasonable notice," answered Culbert.

To Fried's suggestion that Northville might be willing to "listen to the Novi story and perhaps convince you otherwise," Kipper gave some ground.

But during the course of the discussion Northville board members and administrators re-emphasized the Northville position:

— a high school built to accommodate 750, currently serving 875 and facing the prospect of a student body of 916 next year;

— a junior high school with five sixth-grade classes crowding facilities to ease the elementary bulge;

— an immediate need for six more elementary classrooms with three more needed by

next fall.

"Where do we put 916 bodies in the high school?" asked Superintendent Amerman.

The Northville board said it was considering such temporary measures as mobile classrooms or rental of houses for classroom space.

Northville board members let it be known that they were aware that Novi had empty elementary classrooms, an unfilled junior high school, and that it was becoming embarrassing to explain to district taxpayers why outside tuition students were accepted when the classroom squeeze was so critical.

If Novi were to keep its tenth grade next year, it would reduce the student body at the high school by 80.

It would also mean the loss of some \$26,000 in tuition fees. The 201 Novi tuition students presently attending Northville high school bring \$69,153 into the treasury of the Northville school district.

Novi was sympathetic to the Northville problem. "But we counted on more notice and now we're faced with the almost impossible task of providing high school facilities next year," said Fried.

"We're hurting now and I'm unhappy with the present high school load. It's not fair to our children," said Becker.

Shafer joined Becker in the need for prompt action and said he disagreed with Novi's position that adequate warning had not been given.

Shafer and other Northville board members admitted that the Novi students and tuition money had been necessary for development of the high school facility in 1959.

"But we've both known the arrangement was temporary and that time was running out fast," Shafer pointed out.

"It's no surprise to me," admitted Heslip, senior member of the Novi board. "But I'm disappointed at the timing. I know there comes a time when

every little fellow must go out on his own, but I can't believe you're going to turn us out now. I hope you're not serious."

"Don't fool yourself. We are serious," declared Crump.

Kipper pointed out that the Novi board hadn't come up with any alternatives.

"You're proposing orderly development for Novi while we panic," the Northville board president stated.

"Our problem is more than just one of dollars, although this is serious," said Bingham. He pointed out that Novi had

ly had enough students to justify a high school at this stage.

Fried noted that the state bonding authorities would not approve bonding for a senior high school when the junior high school facility was built.

Culbert then cited the support of Novi taxpayers during the past three years.

"We've been voted 4 1/2 mills for operating, five mills for a \$1 million bond issue, a renewal of 2 1/2 mills for operating, and an additional 3 mills this year for operating the new school," he pointed out. He said he thought it was too soon to go back to the voters for additional classrooms.

"You're still behind us in millage. You're just catching up," said Shafer.

Taylor suggested that the Novi board be given time to consider the situation. "We came in here cold. This has been a shock and there's nothing we can do tonight," he concluded.

The new Novi junior high school has service facilities for 700 so that high school classrooms can be added. But the present classroom capacity is 300 and 275 junior high school students are already attending the school.

## Here's Final Tabulation On Elected Area Officials

Now that the (gold) dust has settled, two trends have emerged from the November 3 general election.

All local Republicans in Northville and Novi townships were retained but their county, state and national counterparts were generally routed by the Democrats.

In Michigan, all Democrats were elected to state offices except Governor George Romney and Lieutenant Governor William G. Milliken.

All state officials are now placed in office for two years but in 1966 the governor and administrative board will run for a four-year term.

Romney faces a dilemma in the state legislature and senate

as a result of the returns at the polls. In the legislature there will be 71 Democrats versus 39 Republicans. Democratic senators will outrank Republican Daniel Barry, Treasurer Charles Sparks and Sheriff Frank Irons — were re-elected.

Other Republicans, however, attained victory.

Clifford Smart, superintendent of schools in Walled Lake, edged Dwight Lawler for the 60th district seat in the legislature. Tally: Smart, 10,758; Lawler, 9,119. Results don't include the portion of Genesee county in the district.

Paul Chandler was successful in his bid for the state senate, graduating from the lower house Chandler beat out

a fellow Livonian, James McCarthy, 46,843 - 42,266.

In Oakland county, earlier results were accurate. Three Republicans — Drain Commissioner Daniel Barry, Treasurer Charles Sparks and Sheriff Frank Irons — were re-elected.

But Democrat John Murphy edged incumbent David Calhoun as clerk and register of deeds while S. Jerome Bronson, another Democrat, was declared the winner in the prosecutor race.

In other contests, Democrats got the nod.

Weston Vivian, an Ann Arbor executive, won over veteran Congressman George Meader by 1,693 votes in the second congressional district. Totals were: Vivian, 77,980 and Meader 76,287.

Billie S. Farnum ran up an 11,000 margin over Richard Kuhn in the 19th congressional district. Farnum, presently state auditor-general, collected 88,339 votes against 77,204 for Kuhn.

Marvin Stempien subdued Republican Lonnie Brashear in the 35th state legislative district by accumulating 18,356 votes. Brashear garnered 14,523 votes.

On the non-partisan portion of the ballot, judges were named to the Wayne and Oakland county circuit courts and the 1st and 2nd district court of appeals.

Wayne county constitutes the 1st district.

Thomas Brennan, Charles Kaufman and Benjamin Burdick were put on the circuit court bench in Wayne county.

In Oakland, the winners were Arthur Moore, James Thorburn and Philip Pratt.

John Watts, T. John Lesinski and John Gillis were named to the 1st district court of appeals. Thomas Kavanagh, Louis McGregor and Timothy Quinn were chosen for the 2nd district court of appeals.

## Accident Rate Down From '63

Northville is riding a wave of safety again in 1964. For the first 10 months of the year, no fatal accidents have been reported in the city.

In his October vehicle accident summary, Police Chief Eugene King noted that all categories of accidents have declined from a year ago.

Personal injury accidents were down from 30 to 18, pedestrian mishaps off from 10 to 4, and bicycle crack-ups dropped from 4 to 3.

Overall, there have been 104 accidents reported so far this year, compared with 108 in 1963, Chief King said. Twenty-five persons have been injured in contrast to 33 in the same span last year.

## NHS Senior Attends Schoolcraft

Many students at Northville high school probably feel their studies are equivalent to a full-time job.

An exception is Richard Castillo — a scholastic "moonlighter."

Richard, a lanky 17-year-old, is a senior who keeps up with his regular assignments but, in addition, is attending classes at Schoolcraft college near Seven Mile and Haggerty road.

His feat is a "first" at the college.

Frederick Stefanski, high school principal, noted that Richard sought an "extra curricular course" when he registered last summer. He was a transfer from Bay Ci-

ty.

"At that time, Richard said he wanted another year of Spanish. We couldn't offer it. Rather than hold him back, we made arrangements with the college."

Receiving no exemptions, Richard is subjected to the same lessons and tests as his colleagues in intermediate Spanish. He sits in class on Monday, Tuesday, Wednesday and Friday mornings for an hour.

But Richard is permitted to use the language laboratory at night because of his study conflict during the day.

Already Richard is fulfilling his ambition to be-

come a linguist. So far he has taken French and Spanish. Next he plans to learn German and major in foreign languages at college.

"Eventually I would like to serve in the government as a translator," he revealed.

A college prep student, Richard ranks high as a scholar, according to school officials. His average is a "solid" B but Richard moaned that he got a "C" in chemistry.

Richard is the son of Mr. and Mrs. Charles Castillo of 41400 West Seven Mile road. The family moved to Northville in July. Mr. Castillo is a speech instructor at School-

craft college.

An official at Schoolcraft said it is a matter of policy to admit high school students for advanced learning.

"We drew up the policy about a year ago among the high school principals in the college district and the administrative staff," said Dean of Student Affairs Lois Waterman.

"A high school student can be enrolled if a particular course is not available and the principal recommends the student."

Dean Waterman indicated that Schoolcraft may widen its scope of courses for pupils like Richard to "include science and mathematics."

## Winner-Stiles Vows Repeated

Mrs. Robert Stiles

A candlelight ceremony at the First Methodist church of Northville was the setting Saturday of the wedding of Suzanne Winner and Robert Stiles.

The double-ring service was conducted by the Reverend S. D. Kilde. Kay Goodchild was the soloist.

Parents of the couple are Mr. and Mrs. Gilbert Winner of Northville and Mr. and Mrs. Gordon Stiles of Wyandotte.

For her wedding the bride chose a chapel length gown fashioned with a bell-shaped skirt. The bodice was embroidered with pearls. She wore a matching pill-box headpiece trimmed with pearls and a finger-length veil. Her cascading bouquet was made up of red roses, stefanotis and ivy.

Sally Winner, sister of the bride, was maid of honor and wore a red gown of peau de soie with a matching headpiece. She carried a bouquet of white flowers, slightly tinged in red with a red Fuji mum in the center.

Bridesmaids were Alison Ahterton and Sandra Stiles, sister of the groom. They wore matching floor-length gowns of red-rouge de soie with bell shaped skirts and matching pill box headpieces and carried cascading bouquets of Fuji mums, baby mums and ribbon streamers.

Rex, Bufo of Wyandotte was best man and ushers were Terry and Jack Winner and Gary Parker of Climax, Colorado.

For her daughter's wedding, Mrs. Winner chose a pink dress with matching accessories and wore a white gardenia corsage.

A reception was held in the church after which the couple left for a nine-day wedding trip to the Pocono mountains. They will make their home in Jackson.

Stiles is a graduate of Logan College of Chiropractic and will practice in Jackson. Mrs. Stiles is a graduate of Northville high school and a former employee of the Ford Motor company.

Grandparents are Mr. and Mrs. Paul Bayless of Fennville, Michigan and Mr. and Mrs. George Cumberworth of White Pigeon.

## In Our Town

By Jean Day

"THE PLEASURE OF TRAVELS exists in retrospect" — Thus, memories of European trips were evoked for several members and guests of the Northville branch of the National Farm and Garden association Monday as Mrs. E. O. Whittington and Mrs. Clifton Hill showed their European "Flour Tour" slides.

For Mrs. Eugene Konrad, of Woodhill road, the views of Rome were vividly familiar — exactly one week before, she had been in Italy! Mrs. Konrad participated in a flying tour to attend the Dedication of the founder of Our Lady of Providence schools.

The appearance of the Pope and his blessing were highlights of the trip, reports Mrs. Konrad. Also memorable: Roman ruins by moonlight. The itinerary led from Rome to Venice and Florence with a stop at its famed straw market. Others from this area on the tour were Father Lederman, Northville State hospital chaplain; Mrs. Dominic Schreiber of Beck road, a teacher at Our Lady of Providence school in Plymouth; and Sisters Joann and Margareta, principal and Mother Superior.

Mrs. Konrad confides she, too, had thrown a coin in the ornate Roman fountain, which insured a return, as had Mrs. Whittington. The latter's garden films showed flowers tucked in everywhere as Europeans make extensive use of underplanting.

BECAUSE JUDY NAUMAN presently is enroute to Rome, the cathedral views and slides of Italian cafes where coffee was served with whipped cream held special interest for her mother, Mrs. Philip Nauman of Connemara road.

Judy, who left in September to spend five months abroad, will be returning to the Bavarian Alps to ski at Christmas.

AS THE GARDEN TOUR took viewers through Dutch estates, vineyards along the Rhine and finally to Versailles in France and Hampton Court's Cue Gardens in Britain, there were many scenes familiar to recent tourist Mrs. Charles Ely. The Elys trip last summer included Spain.

With much care Mrs. Ely brought back a Spanish dancer doll to add to her already-sizeable collection of dolls bought as trip mementos. The varied collection lines the shelves of Mrs. Ely's dining room. It began with a Cuban doll and includes a fur-bedecked Eskimo miniature.

Other tourists Monday who recalled familiar scenes were Mrs. George Miller of Bloomcrest drive, who toured Europe two years ago with Mr. Miller, and Mrs. William J. Seibert of West Eight Mile road, who was in Europe last summer.

Mrs. Seibert and Mrs. Jack Scanlon were welcomed as new members of the garden club. Mrs. Charles Conklin was returned to membership. Hostess for the day was Mrs. Charles Walker, another much-travelled member, who opened "Everseal", her Eight Mile road home for the dessert meeting. As Mrs. John Begle, president, remarked: It was a November treat to drive down the winding roadway lined with stately pin oak trees.

MONTEGO BAY, JAMAICA was the destination last week end for Mr. and Mrs. Donald Schwendemann of Grassmere road. They have begun a two-week vacation, staying first at the Tower Isle hotel and then touring the region. Before leaving, Mrs. Schwendemann admitted that their 16th wedding anniversary "just happened" to fall during the vacation.

Former Northville Estates neighbors, the George Murany family, are reported settled in their new home in Lisburn county, Antrim, North Ireland, Mrs. Schwendemann reported.

MEMBERS OF THE DISTRAFF Botanists Garden group will be heading for a "red felt-lined barn" near Birmingham to search out novel Christmas decorations at 12:30 today. President Mrs. Kenneth Driver of Livonia is in charge of arrangements.

IF A LARGER SIZE is needed in children's boots or skates, you are urged to bring them to the Exchange being organized as a community service for 9 a.m. to 2 p.m. Saturday, November 21. Co-chairmen Mrs. Eugene Cushing and Mrs. Frank Whitmyer ask that boots, skates and other sports equipment to be sold be brought to the back of the junior high gymnasium (community building) the Thursday and Friday before the sale. The sale will be in the gymnasium with proceeds being given to the seller, except for a 25-cent fee, which will be donated to the junior high school student council. Items should be marked with the price desired and the seller's telephone number.

— Samuel Johnson

Daughters Elizabeth Ann (left) and Ellen Louise flank their parents, Mr. and Mrs. Leonard Klein. That's 'Schatzi' on Mrs. Klein's lap.

'Fermanagh Court' in Edenderry is the location of new home of the Leonard Klein family. The roads in Edenderry subdivision are named after counties in Ireland, and the Kleins chose this site for its picturesque view. The Kleins, with their two daughters, Ellen Louise, a ninth grader at Northville

high school, and Elizabeth Ann, an eighth grader at the junior high school, have been busy getting their new home in order since their move to Northville a month ago.

Mr. Klein is a civil engineer with the Superior Products company and has just received his registration as a professional engineer. He is a graduate of Michigan State university.

A Bachelor of Science degree in textiles and related arts from the University of Chicago was an asset to Mrs. Klein in furnishing her new colonial at 18450 Fermanagh Court. She is a home economist and at one time worked for U. S. Rubber company in the footwear styling department.

Mrs. Klein, who was born in Chicago, is active as a group leader for the Girl Scouts, her favorite project is working with Alpha Tau Beta sorority and sewing pads for the cancer center. Her sorority also sends 10 crippled children to a camp in northern Michigan during the summer.

Mr. Klein likes flying, which dates back to his Air Force days as a major. He has served as a reserve officer in the Michigan Air National Guard. Other interests are golfing and taking the family to a favorite spot, their cottage at Elk Lake.

LET'S TALK CARS . . .

## OIL CHANGES: HOW OFTEN?

There is no more controversial subject in the car business than when you should change oil — or more differing answers. Oil companies, perhaps to sell more oil, have always favored the once-every-thousand-miles formula. Automotive engineers, who want to claim greater economy, have favoured 5,000 mile changes.

The ordinary driver who has no interest in making the oil companies richer, but who doesn't want to invite valve trouble and shorten his engine's life, has to figure it out for himself.

One manufacturer who advocated 4,000 mile changes found that lubrication oils held up well for that mileage. But additives (detergents) which prevent corrosion and suspend dirt, broke down after 2,000. So they went back to 2,000 (that's the figure generally accepted now).

Other studies showed that sludge and carbon increased rapidly after 2,000 miles. And acids, which accumulate from unburned fuel and can't be stopped by a filter, reach damaging strength after that mileage. They eat at your rings and cylinder walls.

There's one more point: that's the KIND of driving you do. If it's start and stop on a cold engine in winter, then thousand-mile changes may not be often enough. Acids and water (from condensation) accumulate many times faster then. Dusty roads in summer increase grit getting into your oil. If you're a salesman driving long distances over clean pavement, then 2,000 miles or more will be all right.

Best way is to feel the oil on your dipstick occasionally. If it is unclean and gritty to rub between your fingers, then it is time to change it.

HOLLY MART WORKSHOP — Workers for the annual Methodist church Holly Mart Bazaar were busy last week making gifts for the November 20-21 event. A workshop was conducted at the home of Mrs. Andrew Orphan, 356 Rogers. Displaying some of the completed items above are: (l. to r.) Mrs. Walter Nicholls, Mrs. Fred Russell, Mrs. Joseph Selman, Jr. and Mrs. William Brown. Working below are Mrs. Brown, Mrs. R. G. Skelly, Mrs. Paul Beard, Mrs. Douglas Bolton, Mrs. Orphan, Mrs. Russell and Mrs. Fay Waldren.

## Black Dress Isn't Bleak

"Never underestimate the power of a black dress," declared Mrs. Virginia Forsman, John Robert Powers model lecturer, who proceeded to demonstrate why for Northville Woman's club members at their tea meeting Friday.

From her hat box she brought out a sleeveless coat of small black-and-white checks as well as vests, jackets and a long over-panel of purple wool to change her "basic black" dress. For after-partying she donned a black organza overskirt with velvet ties.

Creating variety, she stressed, is part of "the fun of being a woman — and also, also helps 'really wear out a dress'."

Sparkling jewelry, along with satins, silk velvets and brocades are strictly for after-dark lights, Mrs. Forsman told club members. She also deplored bright colored shoes because they draw attention away from the "personality area" of the face.

BASIC BLACK AND BASIC BEIGE are the fashion choices of Mrs. Virginia Forsman, John Robert Powers Finishing School of Detroit lecturer, right, and Mrs. H. O. Evans, Northville Woman's club program chairman of the day. Mrs. Forsman presented a Hat Box lecture on accessorizing basic fashions at the club's meeting Friday.

**Some Volkswagen owners look down on other Volkswagen owners.**

When you graduate from a Volkswagen Sedan to a Volkswagen Station Wagon, you really step up in the world.

The Station Wagon stands a good foot taller than other cars.

And it holds more than the biggest conventional wagon you can find.

But the VW Wagon isn't only tall. It's also short.

We saved 4 feet of hood in front by putting the engine in back.

Big as it is, inside, it's only 9 inches longer than the Volkswagen Sedan.

So people who move up to the high-slung model still feel very much at home.

They park in the same little spots.

They still don't worry about freezing or boiling. The engine is air-cooled.

They still go a long way on a gallon of gas (about 24 miles) and a very long way on a set of tires (about 30,000 miles).

And it just tickles them to drive one Volkswagen and look down on a million others.

## In Willowbrook

Vi Myers GR-4-8015  
Mr. and Mrs. Kent Mathes  
of Willowbrook drive, are re-  
cent newcomers to Willowbro-  
ok, having moved here from  
Evansville, Indiana. They  
have one daughter, Michelle,  
nine months old. Mr. Mathes  
is a manufacturers representa-  
tive of the A.W. Lundblad Co.  
and has the Michigan, north-  
ern Indiana and northwest  
Ohio territory. He is an avid  
hunter and fisherman, hence  
the family pets, Dolly and  
Christie (German short hair  
pointers) are also working  
dogs as well as pets. Mrs. Ma-  
thes hobbies are art work,  
painting, music, bridge and  
bowling. She recently joined  
the newcomers club in North-  
ville.

Mr. and Mrs. James Simp-  
son and children, Ginger, Lin-  
da and Stacy of Ripple Creek  
road, have just returned from  
a trip to St. Louis, Missouri.  
The Simpsons met Mrs. Simp-  
son's parents, Mr. and Mrs.  
Dorris Napier, of Joplin Mis-  
souri and an Aunt, Bea Ma-  
gette (who was on a 60 day  
leave from Pusan, Korea) in  
St. Louis for a family "get to-  
gether". Mrs. Simpson reports  
that Miss Magette who works  
for the U.S. government and  
has lived in Korea for 17 years  
found many things (common-  
place to us) extremely inter-  
esting to her, such as television,  
super-markets etc.

Mr. Russell Hector has re-  
turned home from St. Mary's  
hospital of Livonia, where he  
underwent major surgery.  
Mr. and Mrs. Karl Krest of

Mr. and Mrs. Michael Mich-  
aels of Maude Lee Circle,  
and guests Mr. and Mrs. Lar-  
ry Banghart of Bloomfield  
Hills, had dinner at the "Top  
of the Flame" Saturday eve-  
ning. After dinner they saw  
"My Fair Lady".

Mr. and Mrs. George Mc-  
Caffery and children, Kathy,  
Sharon and Michael of East  
Le Bost, spent Sunday with  
Mrs. McCaffery's grandmo-  
ther, Mrs. Martha Opalewski,  
at her cottage in Fenton.

Mr. and Mrs. Raymond Lil-  
ley of Mill Stream lane have  
had house guests for the past  
week. Mr. Lilley's brother and  
wife, Linwood and Janet Lilley  
of Chichester, Pennsylvania  
were the guests.

Mrs. Louis Geiger of Malott  
drive was the guest last Wed-  
nesday of Mrs. Harold Taylor,  
also of Malott, at a luncheon  
for the "Ford Wives Club" at  
the Ford Yacht club on Grosse  
Isle. Mrs. Taylor won a door  
prize.

Mrs. Robert Turrell is in  
New Grace hospital Detroit.  
Mr. and Mrs. Herbert  
Abrams, attended the annual  
Lions dinner at the Morey

# Mustangs Close Season By Blanking Brighton

Northville wrapped up the 1964 grid season Friday night by winning 14-0 over visiting Brighton before a Parents' Night crowd.

Victory enhanced the Mustangs' position as the third best outfit in the Wayne-Oakland Conference. They finished the league season with a respectable 5-2 slate, losing only to Holly 18-0, and Milford 14-7. Northville lost its only non-league contest to Plymouth 19-12.

By trouncing Clarenceville Friday 39-0, the Milford Redskins copped the conference title with an unblemished 7-0 record. Close on their heels with a 6-1 record was Holly, which posted a thumping 47-13 victory over Bloomfield Hills.

In the other conference finale, West Bloomfield squeezed by Clarkston 9-6 to grab fourth place honors.

Once again the defense sparkled as the Mustang offense spluttered.

Thanks to the defensive forces, Brighton got no closer than the Northville 28-yard line and that as a result of a fumbled punt. Otherwise the Bulldogs did not penetrate beyond the 31.

And the defense provided the opportunity for both Northville scores on short drives by rushing the Bulldog kicker, who punted for only eight yards and by intercepting a pass.

Northville scored its two TDs in the first half, then made them stand up while the teams played to a virtual standstill in the second stanza.

Rushed hard by the Mustang forward wall, Brighton hurriedly punted eight yards to its 25-yard line in the first quarter. Five plays later, Halfback Kent Kipfer skirted right end from 10 yards out for the TD. End George Burchfield's placement was perfect for a 7-0

Northville lead.

Late in the second period, Burchfield, who starred for the Mustangs, picked off an enemy aerial, returning it seven yards to the Brighton 37.

Halfback Mike Turnbull then churned out 30 of the 37 yards to pay-dirt by slashing over left tackle for seven, eight, nine and six yards, the last for the touchdown. Burchfield added his second extra-point kick to give Northville a 14-0 half-time advantage.

Four fumbles hampered the Northville attack, one coming on fourth down with inches to go on the Brighton 13 early in the first quarter.

With the exception of the 43-yard drive to the 13, Northville could not muster a sustained march. Against the weak Brighton line, in fact, the Mustangs garnered only 190 yards.

## All Miss 6 In Grid Quiz

No contestant could do better than six wrong in the weekly football contest last week.

So picking the winner became a matter of which one did the best job of predicting the Detroit - Green Bay score.

On this basis first place honors went to Marvin LaKuold, 501 West Lake, South Lyon. The win was worth \$10 to Marvin.

Second place and \$5 was won by Mickey O'Leary of 43663 West Six Mile, Northville, while the \$3 third prize went to Jerry Imsland of Fry road, Northville.

Ohio State's loss was the biggest upset, while many loyal Detroit fans were let down by the Lions.

rushing.

Brighton mounted the longest drive of the game, however, when it marched 60 yards from its own four late in the fourth period. But then the Mustang defense stiffened.

Eating up the yardage were a 16-yard sweep around left end by Larry Flowers; a 19-yard pass to Halfback Mike Fournier, and a 19 and six-yard run by Halfback Doug Zimmerman.

Brighton's deepest penetration came with only a minute remaining in the first half when a Brighton punt was touched by a Mustang and covered by Brighton on the 28.

Burchfield stopped the threat, however, when he intercepted a pass on the 18, returning it 23 yards to the Northville 41.

Northville Coach Ron Horwath pointed out, "We just played well enough to win. That's been the pattern all season long."

## Lion Stars to Speak At Mustang Grid Bust

Final reflections of the 1964 Northville high school football season will be cast next Wednesday evening at the annual football banquet.

The toast to the players will be held at the high school cafeteria.

Detroit Lions Sam Williams and Tommy Watkins will speak. And Northville coach Ron Horwath hopes that Steve

Juday, an ex-Mustang and now quarterback at MSU, will be able to attend.

The program will get underway at 6:30 p.m. with Cliff Hill acting as master of ceremonies.

Awards will be presented to the team's "most valuable player", "lineman of the year" and "sportsman of the year".

## Coaches' Choice

Burchfield

Jacques

Cited by the coaches for their stellar play in the Mustangs' last two victories were Tackle Ted Jacques against West Bloomfield and End George Burchfield against Brighton.

Jacques, a burly junior guard, led his teammates in tackles in the West Bloomfield fray, which Northville won. Since his return to the lineup midway through the season after a back injury healed, he has bolstered the interior of the defensive front wall. A veteran grider,

he is the son of Mr. and Mrs. Antoine Jacques of Napier road.

Burchfield was a standout on defense in Northville's win over Brighton last Friday. In addition to playing a solid defensive game by intercepting two passes, he also kicked 2 extra points. It was his unerring foot during the season that gave Northville a decided advantage in close contests. A senior, George lives with his grandmother, Mary Burchfield of Maxwell street.

ON TARGET — Al Parmenter, 727 Thayer, bagged a 120-pound doe near Alpena October 20 with aa bow and arrow. He downed the animal with a bow and arrow from a distance of 40 yards. It is the sixth doe he has brought home. Al says he never hunts with a rifle.

## Juday Sparkles For Spartans

In his second year directing the Michigan State university grid machine, Northville's Steve Juday has blossomed into one of the top quarterbacks in the Big Ten.

Playing on a team whose ranks were depleted by graduation, Juday has led the Spartans to upset victories over Southern California and Purdue, the last by a 21-7 count last Saturday in which he completed eight of 10 aeriels.

The Spartans are sporting a respectable 3-2 conference and a 4-3 season record. Due largely to the passing of Juday, which loosens up the defense, the Spartans' ground game has been more effective recently. They now spell trouble for any team.

Juday and his teammates will have an opportunity next Saturday to play "giant killer" when they take on the number one team in the nation, Notre Dame, at South Bend. The game will be televised on channel four.

Juday's accomplishments, however, are not only measured by his team's performance.

With the likes of Michigan's Bob Timberlake, Ohio State's Don Underfirth, Northwestern's Jim Myers, Iowa's Gary Snook and Indiana's Richie Bader tossing the pigskin in a tight conference race, Juday's pin-point passing stands out.

The former Northville all-star is leading the league with a 7.2 average gain every time he throws the ball. What's more, he's got the lowest pass interception percentage record of .015, a further indication of his throwing accuracy.

Spartan Mentor Duffy Daugherty paid tribute to Juday by declaring that he was one of the most accurate roll-out passers he has seen in a long time.

Partly responsible for the Northville youth's success this season is his ability to get the ball away quickly on a roll out or sprint out pattern by cocking his arm early, ready to fire.

This maneuver has paved the way for eight TD tosses, which ties Juday with Snook for the conference lead in that department. Overall, Juday is ranked seventh in total offense.

To his credit is the most outstanding single game passing show of the conference year—against Indiana. Juday threw three TD passes, tops in the league, and set this year's Big Ten and all-time MSU accuracy

mark by completing 16 of 20 aeriels, good for 187 yards, an all-time school mark in conference play.

The local grider is assaulting other school passing records set by such All-Americans as Al Dorow, Earl Morrall and Tom Yewcic.

One Juday is sure to beat in the upcoming battle with Notre Dame is the number of passes completed in a season, 64, held by Dorow since 1951. Juday has completed 60 of 103 passes, this year for 672 yards and a completion average of 58 per cent.

With two games remaining, he will also probably break Dorow's record of 114 passes attempted.

He's within shooting distance of the top five in total yards gained per season through the air. Tops is Morrall's and Yewcic's 941 yards, followed by Dorow's 842 yards, Morrall's 1954 pace of 795 yards and Dean Look's 765 yards.

Already records are within the grasp of the Michigan State junior, but as Nick Vista, assistant sports information director, predicted, Juday will threaten a lot of career marks before his collegiate days are over.

Steve Juday

## Northville Court

The following cases came before Judge Charles McDonald's municipal court in Northville: Calliope Sophinopous, alias, Calliope Marshall and Ann McCarthy, alias, Ann Johnson were charged with assault and battery at Ramsey's bar, 105 North Center street, October 16, by Carol Miller of 19321 Gerald, Northville. Sophinopous of 18970 Northville road 'Plymouth, pleaded not guilty at her arraignment last Friday and posted a \$100 personal bond. Ann Johnson, of 8901 West Warren Plymouth, also posted a \$100 personal bond. Trial was held Monday, and after hearing testimony the judge found both women guilty.

Louise Gorshe of 422 DuBuar street was charged with blocking a private driveway at the rear of 106 Dunlap street on October 18. At her arraignment Monday, Miss Gorshe pleaded guilty and was fined \$10.

A fine of \$10 was paid by Charles Woodruff, Jr. of 20145 Beck road for over-taking another vehicle and passing on a hill at Baseline road, October 26. At his trial Woodruff was found guilty as charged.

Wyatte Massey, a patient at the Northville State hospital, was charged with assault and battery at the hospital, October 30. He was arraigned, and pleaded not guilty and posted a \$50 bond. At his trial, Massey was found guilty as charged and fined \$25 and \$5 court cost, or five days in jail. Massey chose the five-day stay in DeHoCo.

Frederick White of 15973 Leona, Detroit, was ticketed October 26 for littering the highway with a glass bottle at Fairbrook and Rogers streets. At his arraignment White posted a \$25 bond and was released. He was found not guilty Monday.

## Defeated Candidate Speaks

To the Editor: I would like to take this opportunity to congratulate the winners of the recent election and to extend to all of them my best wishes for a cooperative and progressive administration of our state government.

My grateful appreciation to those who worked for me and voted for me in the past election. Let us all unite to keep Michigan on the go.

Very truly yours,  
Lonnie H. Burshear

## NOVI JUSTICE COURT

Ralph B. Mausolf of Grand River, New Hudson, was ticketed November 1 for reckless driving on 12 Mile road. At arraignment he was found guilty and paid a \$25 fine.

For driving under the influence of alcohol, Charles R. Flinchum of Orchard Lake, Farmington, was fined \$100.

Flinchum was arraigned July 30 and pleaded not guilty to charges. At his trial, he was found guilty and charged \$15 court costs and put on a year's

probation because of a bad driving record.

Sharon Heliker of 14 Mile road, Walled Lake was ticketed October 27 for passing a loaded school bus at East Lake and Newcourt roads. She pleaded guilty and paid a fine of \$15.

Sandra K Braatheys formerly of Des Moines, Iowa, was fined for not having a Michigan operators license at Grand River and Novi roads, October 30. She was fined \$10

A host of Northville business places have been "dressing up" in recent months. Some have moved, others expanded, still others have redecorated their interiors.

Our cameraman didn't get them all. But his tour around town resulted in the following business changes

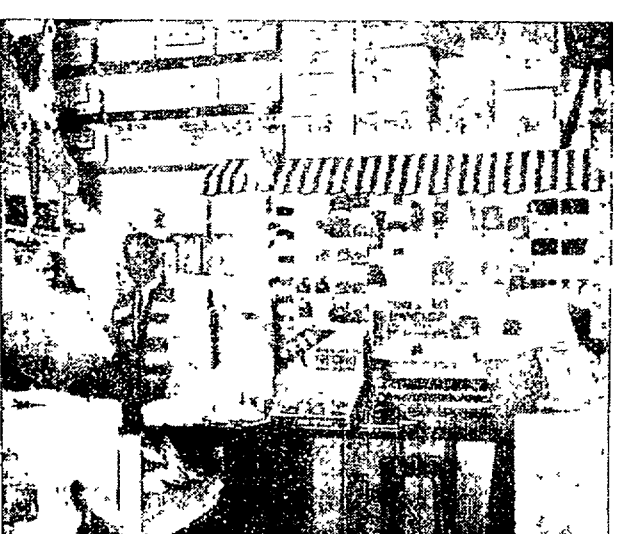

A remodelled interior at Brader's that includes new shelves, display cases and floor covering.

A new location for Stewart's Gifts, across the street from the former store and directly next to the theatre.

Much more space has been provided on the main floor at Freydl's Cleaners and Men's Wear. Cleaning operations have been moved downstairs.

# State Constitution Strong On Civil Rights, Levy Says

Burton Levy, director of Community Services for the Michigan Civil Rights Commission, told a public meeting in the city hall Sunday night that Michigan's new constitution contained the strongest legislation of any state regarding civil rights.

The Commission was created to implement the rights bill that covers the fields of employment, housing, education, public facilities.

In the area of housing, Levy said the commission's attitude is that, while a homeowner may refuse to sell a home to a person he knows without question to be morally undesirable, for instance he may not refuse to sell on account of the purchaser's race, religion or national origin.

Levy, in reviewing race relations in the Detroit area, told his audience that where integration is taking place, it is

# For the Gardener

This column on gardening information is compiled by the Northville branch of the National Farm and Garden Club.

If you want to find spring sitting on your window sill some wintry day, plan ahead now. Select the right kinds of bulbs and plant them soon enough so they will have plenty of time to grow good roots. When you bring them indoors in January, they will provide a colorful lift for winter-jaded spirits.

Tulips, daffodils, hyacinths, and crocus are the big four for forcing. But many of the small hardy bulbs like scillas, grape hyacinths, and species tulips can be forced in the same way for daintier bloom.

In planting any of these bulbs, use low squatty clay pots (bulb pans) large enough to accommodate three to seven bulbs of the same variety. Hyacinths can also be planted singly in 4" pots.

Soak new pots well before you use them. Mix two parts each of garden soil and sand with one part compost. Place a flat stone or piece of broken clay pot over the drain hole. Fill half-way with soil. Then set the bulbs in place giving them enough room so they do not touch and add more soil to barely cover them. Water thoroughly.

Place the pots in a dark place—a shaded coldframe, a peatmoss-covered trench, an unheated basement or garage—anywhere where the temperature will stay at 40 degrees until the pots are well filled with roots. Check them occasionally to see that the soil is moist to the touch.

In early January bring a few pots into the house. Keep them cool—no higher than 50-55 degrees—until the buds are well above the foliage. Gradually expose them to light. Water

# School Board to Meet With Citizens Committees

Northville school board members decided Monday night to call its citizen committees together November 30 at the junior high school library for "re-charging".

The decision to hold a joint meeting was made after some misunderstanding was expressed as to the responsibility of some committees.

Principal Ray Spear said the question of whether top priority should be given plans for a new elementary or a junior high school had been expressed. Mrs. Robert Yoder noted that it was important to curriculum committee workers to know whether they were designing a curriculum for a new

school (junior high) or old facility.

The board took the position that population studies would reveal building priorities, but that curriculum committees should develop the best possible program, not necessarily patterned to a building.

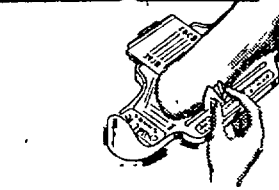

In other business in a brief meeting Monday night the board heard Coach Dave Longridge discuss the summer physical education program conducted at the high school, which will be repeated next year.

W. C. Becker discussed development in the proposed educational television channel to

## 12.5 Million Gallons

# Gulf to Fill 'em Up in Novi

Like water, petroleum products will soon be heading toward Novi.

Gulf Oil corporation — one of the world's largest oil producers — plans to fill up six gigantic field tanks in Novi.

In late July, Gulf announced that a tank farm was under construction and Novi would rank as a major petroleum redistribution center in the U.S. Target date for completing the project is late December.

Occupying a 23-acre site on Seeley roads and Grand River, Gulf initially will pump nearly 8 million gallons of gasoline and 45 million gallons of fuel oil into the tanks.

"There will be a lot of crude going into the Toledo refinery," a worker at the site said, "and the by-products will be shot ahead to Novi."

All petroleum products will be transported to the local farm by Buckeye Pipeline. Lines have been laid at the facility and are ready to handle the "surge".

Gulf retails three brands of gasoline — Gulfane, Good Gulf and Gulf No-Nox. If the three average out to 30 cents a gallon, Gulf's tanks will hold roughly \$24 million worth of gas on the first loading.

A compilation shows that the fuel oil load will be valued at \$675,000.

Besides the tanks, Gulf is erecting an office building and truck center. Future plans call for two additional tanks to store kerosene. Their capacity would be just over two million gallons.

The Novi tank farm — Gulf's largest installation in Michigan — is being modeled after one in Houston and will resemble five others being put up along the eastern seaboard.

It will serve southeastern Michigan and Gulf will de-emphasize its operations in Hamtramck and River Rouge where small tank fields now exist.

Two painters — Dale Bonnell and Carl Maier — swab the storage tanks with a coat of rust-proof. They'll get a coat of white later.

Jack Brothers, an electrician working on the Gulf complex on Grand River at Seeley road, stands beside one of the main petroleum feeders from the refinery in Toledo. Buckeye Pipeline will transport the petroleum products to Novi.

In another month, these meters will be ticking off thousands of gasoline and fuel oil that will be loaded into tank trucks and delivered in the metropolitan area. The storage farm will be Gulf's largest in the midwest.

A view from the top of one of six storage tanks — all 48 feet above the ground — shows the entire complex. A tank truck garage is going up on

the left, the loading area on the right and an office building in the middle.

**from the PASTOR'S STUDY**  
Reverend Norman Riedesel, Pastor  
First Presbyterian Church

"I am too great a sinner to be saved!" That is what a stranger said one day to Pastor R. A. Torrey. The man had been a rounder! His record was far from good!

Mr. Torrey opened his Bible to First Timothy 1.15 and asked the man to read it. He read, "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners; of whom I am chief."

"Well, said the man, 'I am 'chief!'"  
"Then," said Mr. Torrey, "It means you!"  
"It is a precious promise!" exclaimed the man.  
"Will you accept it right now?"  
"I will!"

Believe it or not, after they had had prayer together, the stranger was a different kind of a man. He lived a good life from that day forward.

There came about a reconciliation with his estranged wife. The family became active in a church. They became happy, responsible, respected members of the community.

It is said that a Scotchman once claimed that no railroad could be built through the middle west of the United States. When asked why not he replied, "Why not, ye ask me? Why not? Dinna ye see the country's flat as a floor? Ye have nae place at all to run your tonnels through!"

Railroads can be built, whether the country is rugged or flat. Sinners also can be saved, whether they be big sinners or little sinners. "He is able for all time to save those who draw near to God through Him." (Hebrews 7:25) Jesus Christ can make our lives fine, happy, and meaningful today. He will do it for you if you give Him your heart.

**Scientists To Hear Lecturer**  
Otto G. Ziegenhagen  
The power of scientific prayer to overcome fear and other everyday problems will be discussed in a free public lecture in Plymouth next Sunday by Otto G. Ziegenhagen, a Christian Science lecturer from Chicago.

First Church of Christ, Scientist, Plymouth, is sponsoring the lecture, to be delivered in the church edifice at 4:00 p.m. The subject of the lecture will be "How Christian Science Destroys Fear."

Mr. Ziegenhagen, an authorized teacher and practitioner of Christian Science, is on nationwide tour as a member of The Christian Science Board of Lecturership.

A native of Chicago, he is a former actor. In addition to his stage and radio work, he taught platform art and literary interpretation. Mr. Ziegenhagen withdrew from these activities in 1942 to enter the full-time practice of Christian Science. He served from 1944 to 1946 as a Christian Science War-time Minister. He became a Christian Science teacher in 1955.

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

There is joy in giving to God. That is freedom's ultimate discovery. And the hundreds of thousands of churches which we have built and supported bear testimony to the fact.

But when there are nations who despise God . . . who tear down churches . . . or forbid their support, how shall we teach this Christian joy to the boys and girls who will be our nation—tomorrow?

Karen and Paul are placing Sunday School "envelopes" at the foot of the children's altar.

Of course, what Karen and Paul and their classmates can give will hardly pay for an altar. But our world of tomorrow cannot be built on Kremlin economics.

A mighty generation must learn to worship in prayer and faith and sacrifice. There is joy in giving to God!

Our children learn this chiefly from our example and encouragement.

IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE  
TRICHITA G. LEWIS, Plaintiff  
vs.  
ARTHUR M. P. LEWIS, Defendant  
George E. Bowles

**ORDER OF PUBLICATION**  
At a session of said Court held in the City County Building, Detroit, Wayne County, Michigan, this October 28, 1964.

Present: Honorable Circuit Judge George E. Bowles.

On the 28th day of October, A.D. 1964, an action was filed by TRICHITA G. LEWIS, Plaintiff, against ARTHUR M. P. LEWIS, Defendant, in this Court, to obtain an absolute divorce.

IT IS HEREBY ORDERED that the Defendant, ARTHUR M. P. LEWIS, shall answer or take such other action as may be permitted by law on or before the 28th day of January, 1965. Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded in the complaint filed in this Court.

## Local Resident Attends Sales Conference

Martin A. Seamon, a Northville resident who is district representative for Lutheran Brotherhood, attended a fall sales conference sponsored by the Minneapolis-based fraternal insurance society Tuesday in Detroit.

Seamon is a member of the Frank Sernak agency which has headquarters in Detroit.

Principal speakers were Raymond J. Bodin, director of education for Lutheran Brotherhood, and Loren Endorf, manager of the society's health insurance benefits division, both of Minneapolis.

Lutheran Brotherhood recently passed the 2-billion-dollar mark of life insurance in force. The society has assets of about 288 million dollars.

## In Justice Court

A Detroit resident paid fines for four tickets in Judge Emory Jacques' court. His tab was \$40.

The tickets were issued to Gerard Pehrson of 16178 Chatham, Detroit, at Grand River and Meadowbrook roads on October 30.

Pehrson was arraigned the same day and pleaded guilty to all charges.

The first fine of \$10 was assessed for a defaced drivers license. Having no registration cost Pehrson another fine of \$10. Open beer cans in his car and no license plate light were additional fines of \$10 apiece.

This is the new permanent location of the Northwestern Child Guidance Clinic, 6221 Merriman road between Warren and Ford roads in Garden City. An open house will be held Sunday from 1 to 6 p.m.

## Child Guidance Clinic To Hold Open House

The public is invited to an open house at the Northwestern Child Guidance Clinic located at 6221 Merriman road in Garden City Sunday from 1 to 6 p.m.

The clinic serves all of western Wayne county providing help for children with emotional problems who may be referred by their parents, physicians or the school.

Since the clinic opened in September, 1963 there have been 481 referrals. A psychiatrist, two case workers and a stenographer were hired during the summer. Diagnostic services are provided by Children's Center of Wayne county consisting of one psychiatrist one half day every other week, a psychologist one half day weekly and additional psychiatric consultation another half day bi-weekly. There are also a clinic supervisor and a secretary.

The idea for the clinic grew out of a study conducted by a Wayne county committee of 12 which was appointed by the

metropolitan branch of the United Community Services to study the treatment needs of children with emotional problems.

Under the direction of Mrs. Crispin Hammond of Northville the clinic began to emerge as a going concern. It became a branch of Children's Center of Wayne county and the state legislature recognized the clinic in 1963.

Until July, 1964 when the state began to give partial financial assistance the clinic was solely dependent on local contributions for its income. The bulk of these local funds came from many of the school boards in the areas to be served who contributed 25 cents per enrolled child. Other contributors were the United Community Services of metropolitan Detroit, the Plymouth Community Chest, service and professional groups, and individuals.

Currently the state pays only the salaries of a specified number of professional workers.

All other financial responsibilities are to be assumed locally. The recent move to Garden City in August, 1964 was necessary due to the increased case load requiring a larger staff which outgrew the three offices rented at the Wayne County Health Center.

The large, old frame house on Merriman road is of Victorian architecture and the reception room is decorated in the Victorian manner. The five offices downstairs are done in modern but the upstairs is expected to be also finished in a Victorian decor. The enclosed back porch is planned to be used as a play area eventually.

Referrals to the clinic from the school districts it serves include: Cherry Hill 15, Clarenceville 4, Dearborn 26, Dearborn Heights 10, Garden City 70, Inkster 22, Livonia 107, Nankin Mills 21, Northville 7, Plymouth 12, Redford Union 26, Romulus 28, S. Redford 9, Van Buren 4, Wayne 60.

**MOTHBALL HOSPITAL** — A 200-bed hospital, shipped in boxes, has arrived at Wayne County Training school where it will be stored. It will be used in the event of a large-scale nuclear attack or natural disaster. The emergency unit is capable of providing care for 30 days. Watching the equipment for the "mothball" hospital being unloaded are (left to right): Eugene Guido, Wayne county civil defense coordinator; Dr. Pasquale Buoniconto, medical superintendent at WCTS; William Seibert, deputy director of civil defense; Dr. Gordon A. Eadie, medical director for civil defense; Louis Stein, chairman of the Wayne county ways and means committee, and George Witkowski, another civil defense coordinator. Guido is a Northville resident.

# Camera Catches Action at Mustangs' Season Grid Finale

Another football season became history for the Northville high school Mustangs Friday night.

Coach Ron Horwath's charges ended their schedule on a winning note (see page seven, section one).

And we thought our reporter - photographer, Roland Peterson, did a pretty good job, too.

A high school English teacher, Peterson doubles as a sports reporter for The Record. The pictures on this page reveal some of the action he caught in the Northville - Brighton game.

We won't try to describe each picture individually. Most are self-explanatory.

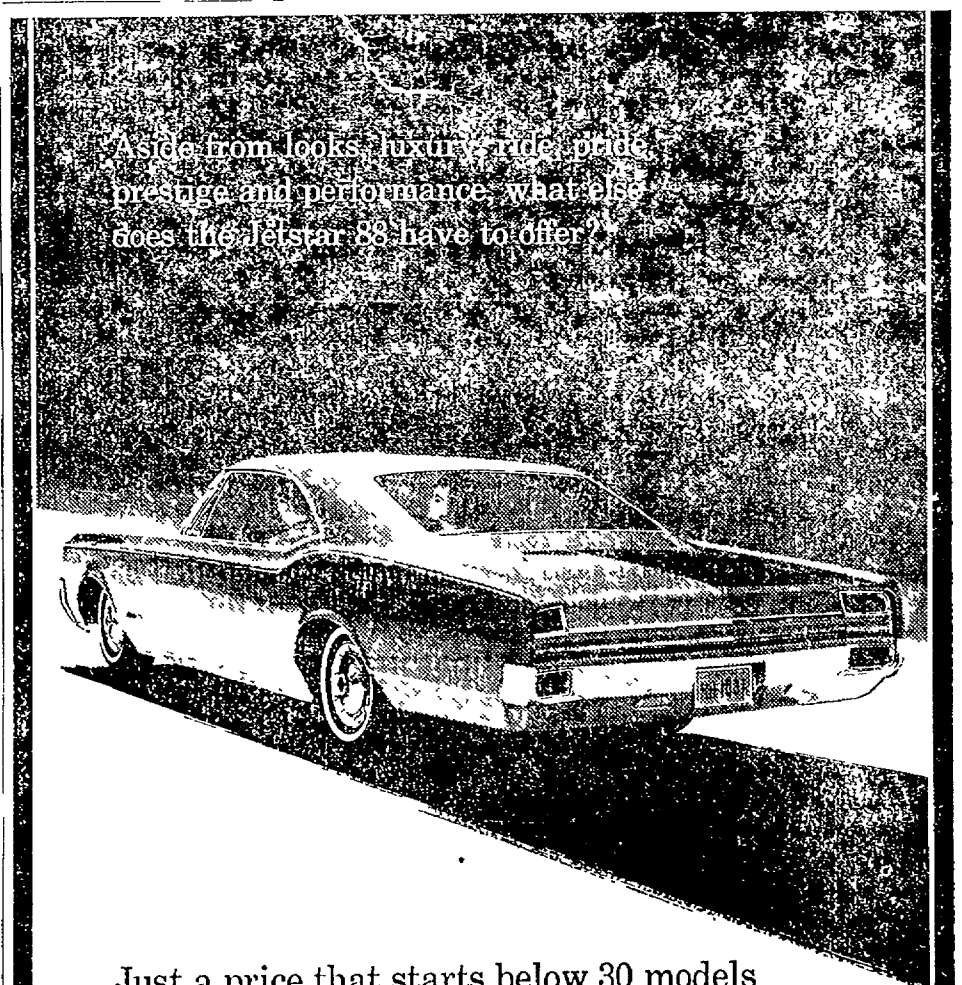

It should be explained, however, that in the middle of the huddle of band members is Director Robert Williams being tossed about in a blanket. Some of the senior band members, who were introduced to the fans at halftime, thought Williams deserved some recognition, too.

The adults bundled along the sidelines are parents of the players. Traditionally, they are honored guests at the final home game.

In still another shot, Coach Horwath is the "twelfth" man on the field. His assistants, Alex Klukach and Dave Longridge, plus a handful of Mustangs seem somewhat puzzled by field beings-on.

The cheerleaders were busy all night dancing and shouting the Mustangs to victory. Their efforts were well rewarded by a vocal band of teen-age rooters.

Aside from looks, luxury, ride, pride, prestige and performance, what else does the Jetstar 88 have to offer?

Just a price that starts below 30 models with low-price names...that's all!

## SPEAKING for The Record

By BILL SLIGER

Education Pays Dividends" is the theme of the 43rd observance of American Education Week, November 8-14.

Northville schools have invited parents to visit classrooms this week to view the dividends accumulated by their children.

The high school held an open house Wednesday night. And a similar event is scheduled for tonight at the junior high school.

Both elementary schools have encouraged parents to view classrooms in session today and Friday.

And in the Record editions this week subscribers will find the annual report of the Northville public schools. In a few words and a host of pictures the report outlines the financial status of the district, its facilities, classroom activities, projected growth and resulting problems.

Board members, administrators and teachers recognize the importance of keeping the public informed. It is their job to provide the best education possible for our children. And the ability to do this depends upon the support of the community.

So take the opportunity this week to become better acquainted with your school system. Visit your schools, talk to your board members, administrators and teachers.

In the words of President Lyndon B. Johnson, "education is basic to every facet of our individual lives and of the life of our nation. We must constantly strive to assure that each of our people has the opportunity to obtain the best education possible — for upon the accomplishment of that task depends the realization of our hopes and aspirations for a bright future for our nation and our children."

Speaking of LBJ, his sweep of Northville surprised many, including this fearless forecaster who told Mrs. Peggy Quinn that the survey taken by her eighth grade social studies' class was just fine, but BOTH the city and township of Northville would not reject the GOP. How will it be, Mrs. Quinn, cream and sugar?

I've paid Charles Gross for the same unwise wager.

Our election returns failed to report a few scattered write-ins. Only one was for president.

Charles Altman voted for Richard Nixon.

"I may have wasted my vote, but so did many others who voted for someone they really didn't want," says Altman. "I voted for the man I wanted to be president."  
Fair enough.

State and county health authorities have told Wixom officials that a sewage disposal and sanitary sewer system is badly needed in Wixom.

The starter plan devised by the council, which would derive its funds from within the eight mills presently levied, should be received with welcome arms by taxpayers.

It provides the basics — the lagoon-type disposal plant and main interceptors — at no additional tax burden. If growth projections are accurate, it should trigger development that will furnish a great portion of the future laterals.

Mayor Wesley McAtee, his council and Wixom planners deserve community support for their forward planning.

## Importance of Water

BABSON PARK, Massachusetts — Water, an absolute necessity for life, is close to the universal solvent. All the elements in the earth's crust are dissolved in rain water then carried to the sea.

Because of the solvent action of water, a cubic mile of average sea water contains enormous quantities of the elements—all the way from 4 billion tons of oxygen, which sustains fish life, to 9 hundred-millionths of a pound of radon, the radioactive gas from radium. My associate, professor Howard O. Stearns, provides the following data: Per cubic mile of sea water there are 89 million tons of chlorine, 49 million tons of sodium, 6 million tons of magnesium, 4 mil-

lion tons of sulfur, 306,000 tons of bromine, 235 tons of iodine, and so on to 38 pounds of gold. When inland seas evaporated in past geologic ages, they left large deposits of the salts of these elements.

In Stassfurt, Germany and Midland, Michigan, deposits have yielded a wealth of magnesium and potassium salts — the latter used for fertilizer.

The principal elements in sea water are bromine and magnesium. Plants are located on peninsulas so that the water may be pumped from one side, then treated, and discharged on the other side. A large bromine plant is located near the mouth of the Cape Fear River in North Carolina; magnesium plants on the gulf coast of Texas. Magnesium is about one-third lighter than aluminum. Its alloys, known as DOWMETALS, are as strong as some steels.

# Heavy Dockets Await New Courts

LANSING —Nine men elected to newly-created posts in the November 3 election will have their work stacked up when they take office formally at the first of the year.

Even before the election it was estimated there would be 200 cases filed for consideration by the new state court of appeals as a matter of right, a new appellate procedure under the 1963 Constitution.

In addition to these criminal cases granted automatic right to appeal, many more cases will come before the new court as it attempts to handle some of the heavy load now burden-

ing and slowing the judicial process in the state supreme court.

Each voter helped select three judges from three state districts, but the bench members will serve the state as a single unit under court rules set down by the legislature and supreme court this year.

Court sessions will be held in Lansing, Grand Rapids, Marquette and Detroit with three-member panels. The central office will be in Lansing.

Holding monthly sessions nine months of the year, the new court will handle most appeals except those dealing with the validity of legislative acts, constitutional questions or major legal principles of statewide concern, and "significant public interest" problems involving governmental units.

The supreme court reserved for its own deliberation those special categories as well as any appeals sought from decisions of the intermediate court.

With three separate court sessions each month, in effect, it is anticipated appeals can be handled much more rapidly than at present.

The four locations for hearings also were viewed by the supreme court as a means of lessening costs of court procedures to litigants.

Internal organization of the appeals court has been left largely to the nine judges sitting on it, but the supreme court retained for itself final determination in the event the case load gets too heavy for even this new unit to handle.

Michigan motorists would be more uniformly good drivers if each met the same qualifications for licensing, according to Secretary of State James M. Hare.

This may sound like a contradiction of present law which sets standards for motorists, but Hare says other factors currently influence driver licensing.

His proposed answer to the problem of licensing is to put this responsibility into the

hands of a state agency.

"A substantial weakness in the system is the political involvement in driver licensing," said Hare. "We unfortunately operate on a fee system and the only way that fees are paid to local law enforcement agencies is if the applicant passes his driver test."

Hare said it appears unwise to continue a system in which the persons examining potential motorists are, in many cases, candidates for political office.

An example of central, uniform licensing procedure is seen in New York state where, Hare said, up to 40% fail on their first try for a license. "Here in Michigan failures are infinitesimal," he said.

Central control over licensing was one of several recommendations made by the governor's special traffic safety commission two months ago.

Hare's office currently administers the production and distribution of driver licenses, but examination, are given and fees collected locally, frequently by politically-elected officials.

"Certainly a staff of civil servants performing the same chores would be under less pressures to favor the applicant," said Hare. "In short, under our present system it is almost impossible to keep the driver licensing, examinations out of the sphere of political influence."

If you think hospital costs have risen in the past two years in Michigan, your observation is correct.

A survey by the Michigan Hospital Association showed 1963 patient care costs in state short-term community hospitals averaged \$42.66 per day. This was over \$3 above the national average, and \$2.33 more than the average daily cost in Michigan the previous year.

Rising costs were noted during 1963 in all types of Michigan hospitals, including federal, state and county institutions, the survey showed.

Total patient care expenses

last year in the state were \$538.2 million, a hike of \$28 million over 1962.

The rising costs in the past two years were attributed largely to increased salaries, medical specialization and advanced technology. This evaluation was made by association executive director Allan Barth.

"Many hospital specialists and technicians today are performing jobs that were unknown 10 years ago but are commonplace today," he said. "At the same time, the public has increasingly turned to hospitals for more health care, adding to the demand for larger staffs."

## Annual Report

# 1963-1964

"I view education as the most important subject  
we as people can be engaged in"

**Abraham Lincoln**

# From Your Superintendent

This is the thirty-second and final annual accounting by the writer to the public of the condition of the Northville Public Schools.

We invite you to examine the several pages of this report, to see for yourself what the schools are accomplishing and the educational environment in which our children function.

Let us briefly take stock of our assets and needs as our schools face the future:

## **Inventory:**

Up-to-date classroom facilities

K-12 plus Community College

Capable and dedicated faculty

Continuing curriculum revision to meet the needs of rapidly changing world conditions

A competent and dedicated board of education

An interested and loyal citizenry that has provided support and encouragement to the school over the years

Financially sound.

## **A few of the more urgent matters that need immediate attention include:**

Many new classrooms to meet the rapidly expanding school population

Central Office space

Adequate financing of school program

Continued and accelerated review of our total instructional program

Citizens' committees composed of administrators, teachers, board members and lay people are organized and at work studying these problems and others, and will provide recommendations to the board of education from time to time.

While this final year as your superintendent draws to an end on June 30, 1965, I say "Thank You" for all the encouragement and cooperation that has been extended to me these many years. In return, I pledge my continued support to the interests of the school system in the days ahead.

With Gratitude,

# From Your Board of Education

A few moments reflection on the progress and achievement of your community schools this past year, as illustrated by this report, may be reassuring. However, neither your Board of Education, or you as individual citizens, can long indulge in complacency over our present state of affairs.

As we approach the move in our top school administration, brought about by Mr. Amerman's retirement in June of 1965, and as citizens volunteer to study school problems with the Board and our school administrators, it becomes only too apparent that we are in the mainstream of growth and change in our school district.

The challenge of meeting these changes — yes, even anticipating them well in advance — is the job of your Board of Education, but not theirs alone. We can study, deliberate and make decisions, but we can lead only to the degree that you, the informed citizen of this district, will follow and support. We ask, therefore, that you study and reflect on this report, but that is not all we ask.

During this coming year, when major decisions in education for this school district are before us, we ask that each of you as individual citizens and taxpayers lend your voice and your vote in a solid expression to the boys and girls of this community that says to them "We want you to have the best education we know how to provide."

# Citizens' Committee

CITIZENS VOLUNTEER TO ASSIST THE NORTHVILLE BOARD OF EDUCATION IN MAKING PLANS FOR THE FUTURE

Population Committee

1. A committee on POPULATION GROWTH AND FACILITIES. The charge to this committee would include the following:
  - A—Study population trends in the District.
  - B—Evaluate uses and needs of existing and future facilities
  - C—Work closely with the school architect in the development of specific school plant requirements.
  - D—Develop plans, publicity, and a favorable community image to insure needed citizen support.

Finance Committee

2. A committee on FINANCING. The charge to this committee would be to:
  - A—Conduct cost evaluation studies relating to needs for capital outlay and for the improvement of present and future operations. This committee would plan and prepare cost data relating to bonding and millage programs.

Curriculum Committee

3. A committee on CURRICULUM. This subcommittee would be responsible for study and recommendation of curriculum content at all grade levels, particularly those requirements relative to the immediate building needs.

# Main Street Elementary

HARRY B. SMITH  
Principal

The most significant thing which happened at Main Street Elementary during the school year 1963-64, was the conversion of the space formerly called the "lunch room" to a library.

Moving the Board of Education offices out

of this building has restored a classroom for use.

Experimental work was also carried on in the area of "New Math". As a result, we have instituted this modern approach to the teaching of mathematics at all grade levels.

The teaching of Spanish was introduced to many of our children at the upper elementary level. This opportunity has been continued into the 1964-65 school year.

Perhaps the most wonderful thing which took place during the past school year was the development of a deeper understanding between home and school. It is through this understanding that your children benefit the most.
