

Council Sets Hearing On New CBD Zoning

The first step towards the adoption of three new, much-discussed zoning classifications was taken Monday night by the city council.

By unanimous vote the council approved the first reading and set February 16 as the date for the public hearing on the central business district (CBD) and central business district parking (CBD-P) classifications and the establishment of a parking authority.

Councilmembers were careful to explain that adoption of these new classifications did nothing to change the status of any present zoning within the city.

"We're merely creating new zoning categories, but not applying them anywhere," Councilman John Canterbury pointed out.

Councilman Richard Ambler noted that such zoning classifications could be helpful to the council in case any parcels became available for possible business development. He used the Methodist church as an example, indicating that it could be zoned for CBD or CBD-P use if it were vacated as a church.

Harley Cole, owner of South Center street property adjacent to the track, told the council he was concerned over the proposed master plan because a road is indicated through the center of land which he planned to use for apartment buildings.

The council assured Cole that adoption of the proposed ordinance classifications did not mean that the council had ap-

proved the planning commission's master plan.

"There's much more studying to be done before any application can be made," Councilman Canterbury stated.

A planning consultant has been retained by the council to make a one-year study of the proposed master plan. He has been asked to determine its feasibility, estimated cost and outline possible methods of financing.

In other business Monday night the council appointed Councilman Fred Kester to serve on a two-man city committee to meet with township representatives on possible rehabilitation of the Gerald avenue area including the city dump. Bernard Baldwin and James Tellam have been appointed by the township.

Novi Asks More Time To Ready High School

Will the Northville board of education accept 10th graders from Novi next fall?

Members of the Novi school board hope so — and have made this request in a letter sent to the Northville board of education.

Northville's board will announce its decision Monday night.

Earlier, the Novi board was urged to keep its own tenth graders next September. Then the last Novi tuition student would graduate from the high school in 1967.

Classrooms at NHS are overcrowded, prompting the withdrawal of Novi pupils over the three-year period.

Novi's school board weighed the matter for nearly two months. Even parents were asked their feelings on the matter. Many said the students should stay at NHS while others said they should be the first graduating class at Novi high school.

In the correspondence to the Northville board of edu-

cation, Novi Superintendent Tom Culbert spelled out his district's position:

"It is their (School board) request that Northville accept the 10th graders students from Novi in September of 1965 and complete their education in grades 11 and 12 at Northville high school.

"The plans of Novi will be to begin immediately preparation for the planned addition to the new secondary school (junior high) with the understanding that we will take our own 10th grade students in 1966 to complete their high school education in Novi.

"The Novi board is appreciative of the quality high school program afforded Novi students throughout the year at your high school.

"We sincerely hope the proposed transition can be made in the best interests of both districts."

Thus Novi will embark on a program to build a classroom wing at the junior high on Taft road and 11 Mile to accom-

modate a high school program.

At the Novi school board meeting last Wednesday night, it was suggested that an architect be hired to draw up preliminary plans for the addition which would cost between \$200,000 and \$300,000.

A bond issue is necessary to attach the additional classroom space. A special election could be called this spring.

If the bond issue were approved, construction would start later this year and the new classrooms would be occupied in the fall of 1966.

Commenting on the need for a high school in Novi, Trustee Russell Taylor said:

"The sooner we get a high school the happier I will be." President William MacDermid said he had "mixed feelings". He elaborated: "I feel one way as a parent and another as a board member."

MacDermid had earlier advocated that Novi cut its ties with Northville and set up its own 10-12 program.

Chamber Plans Fire Check

An inspection to promote fire safety in commercial and public buildings in Northville will be sponsored by the chamber of commerce.

Permission to sponsor the project was granted Monday night by the city council upon the request of Dempsey Ebert, chamber president.

Ebert told the council that the inspection tour of local buildings would be conducted by a 30-man team of insurance adjusters associated with the Michigan Fire Prevention Association.

No inspection will be made without the consent of the own-

ers and findings will be submitted to the owner and chief of the fire department, Ebert explained.

Councilmembers lauded the proposal and promised city cooperation. Ebert said the project would probably be undertaken in late March.

South Lyon Man Cited by LBJ

When President of the United States Lyndon B. Johnson cited the individual efforts of South Lyon Hotelman Irving DuPree as a contribution to the 'war on poverty,' DuPree was suddenly 'in the news.'

So were three elderly gentlemen who DuPree has granted rent - free lodging in his hotel.

DuPree did not like being brought into the limelight, but graciously accepted it for the sake of President Johnson's program. The three elderly gents, described as being poverty stricken, could not understand all the 'todo'.

The President Sunday cited DuPree's philanthropy in a speech announcing 88 new projects in the war on poverty, at a total expenditure of \$102 million which included grants to three Michigan institutions of \$330,970.

During the speech President Johnson said the 'war' has become "truly every American's war on poverty."

Pointing to efforts across the country, he said they ranged from organization of local anti-poverty units to a Michigan landlord's decision to quit charging rent to two \$80-a-month pensioners.

He cited DuPree as being that landlord.

That was Sunday, Monday

weeklies alike traveled to the sprawling red and white hotel on the corner of Lafayette and Whipple to interview and photograph DuPree and his beneficiaries.

The two pensioners referred to by President Johnson are 74-year-old George Gibson and 73-year-old Gene Gibson (no relation).

A third man, 78-year-old Al Shears, has also come under the wing of DuPree. It was his case, in fact, which brought

DuPree's gestures to the attention of the president.

DuPree revealed that he had granted both Gibsons free lodging beginning at Thanksgiving time, prompted by the President's poverty program. "I got to thinking about them and said to myself that I didn't need their money. I was only charging them part rent, \$30 per month, but I didn't even need that."

"So I told them I would forget their rent. I have been chiding them to spend their

money on something besides beer as the only condition."

Then, said DuPree, "I learned about this other fellow, peniless, 78-years-old. No one knew him except the young fellow who moved here with him."

That young fellow had entered the hotel bar moments earlier and DuPree had pointed him out. His name: David Rheame, 29. "This boy has been paying his (Shears') rent, buying his food, giving him a

little bit of spending money — although he doesn't have very much himself," said DuPree.

The gray haired, bespeckled proprietor was asked how the President knew of his actions.

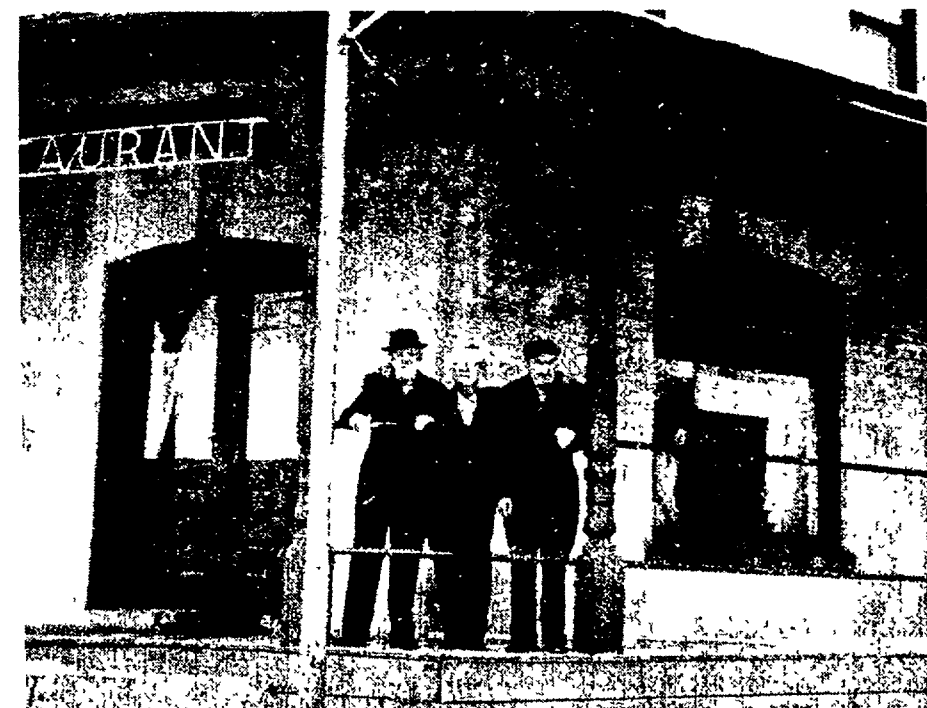

"I wrote to Washington to try to get them to get him (Shears) more money under the poverty program," he answered.

Washington agents asked DuPree if Shears could get by until Monday (January 18) and promised to have investigators here by then.

Washington also asked DuPree if Shears could get any kind of local help to which DuPree said he answered "No, because Shears did not have a birth certificate."

"I called John Noel (mayor of South Lyon) and he promised to get some help from Pontiac. He'll get it done, I'm satisfied of that," said DuPree.

GRACIOUS HOST — Flanked by elderly roomers Gene and George Gibson, South Lyon Hotel owner Irving DuPree stands on the porch of the over 70-year-old hotel. DuPree's gesture granting the two men free rent brought acclaim by President Lyndon B. Johnson in a national war on poverty speech Sunday.

Mothers to March Tuesday

Mothers will be marching next Tuesday night to stamp out birth defects.

Lead by Mrs. Howard F. Meyer, Jr., the mothers march will be launched early in the evening in the city and township. No specific goal has been set.

Residents who wish to contribute can turn on their porch lights.

The mothers march is the chief money-raising project for the March of Dimes. Last year, local residents donated more than \$2,000. The march netted \$1,423.65 and the March of Dimes bowling tournament at Northville Lanes brought in \$675.

Mrs. Meyer has 13 captains to assist her in the door-to-door solicitation. They are Mrs. Hiram Pacific, Mrs. Douglas Slessor, Mrs. Keith Wright, Mrs. George White, Mrs. Donald Van Ingen, Mrs. Rodney Grover, Mrs. Nola Earehart, Mrs. Joseph Holman, Mrs. John Rogers, Mrs. Thomas Heslip, Mrs. LuVerne Inslund and Mrs. Stanley Good.

All told, Mrs. Meyer said there will be 130 mothers battling the freezing temperatures to solicit funds for the dimes drive.

"Territories have been assigned and we are ready to go," said Mrs. Meyer.

However, she said a few more volunteers are needed to help Mrs. Wright (349-9956) and Mrs. White (349-0819).

After making their rounds, the mothers will report to the

Four Marching Mothers — Mrs. James McCurdy, Mrs. Clarence Jerome, Mrs. Robert Spradling and Mrs. Lloyd Brasure — are ready to launch the fight against birth defects.

By Taft Colony Residents

Larger Lots Sought In New Development

A mild protest has been registered against the proposed \$10,000,000 apartment - residential development of the Thompson-Brown company at Taft and Eight Mile roads introduced at a public meeting last week.

The complaint comes from a group of neighboring residents in Taft Colony, a township subdivision of \$30,000 to \$50,000 homes.

The residents submitted a letter this week to the city, township, Northville Record and Thompson-Brown company.

Specifically, their objection centers on the proposed lot sizes in the 35-acre township parcel on the south side of Eight Mile road. The homeowners have appealed to the developers to expand the lots from 90-foot frontage to 110-feet.

The letter, signed by three Taft Colony residents who asked that their names be withheld, stated:

"The residents of Taft Colony, which is the subdivision adjacent to the proposed Thompson-Brown subdivision south of Eight Mile road, would like to comment on the proposed development."

"We bought in the township because of the desire for 'Country living', including large lots and felt that the township ordinances would protect this rural feeling. Our homes fall in the \$30,000 to \$50,000 category without improvements. The lots are one-third-acre minimum. We realize this lot size is due to the need for septic tanks and water; however, as we are surrounded by township lots, we assumed all lots would be the same."

"Thompson-Brown is propos-

ing 70-foot homes on 90-foot lots starting at \$25,000. This would be accomplished by annexing this particular 35 acres to the city. It is understood that the township zoning board has a policy of 'like homes meeting like homes.' We are requesting of the township, the town, and Thompson-Brown reconsideration of this 35 acres in the township from 90-foot frontage to 110-foot frontage, and preservation of the rural

atmosphere. This has been done in one of the Thompson-Brown developments. Our only objection to this development is the lot size — the homes are most attractive."

"We would appreciate recognition of this problem by all three parties involved."

About 60 area residents heard Robert H. Carey, Thompson-Brown president, outline the project at a city hall meeting last week. Reaction to the plan appeared favorable.

Thompson-Brown proposes to build approximately 225 homes and an equal number of apartment units if approval of rezoning for the apartments is granted. The company has an option on 135 acres at Taft and Eight Mile now owned by Gerald Taft.

Carey said that plans call for installation of sewer and water facilities this year with construction of homes beginning on the parcel next to Taft Colony in 1967. Completion of the entire project is anticipated by 1970.

The council indicated Monday night that it is happy with the results of the recent "test" conducted by Robert Cole.

Last week Cole used three tractors and cleaned all city sidewalks within four hours.

But now the city must come up with a contract arrangement, which may present some problems. Meanwhile, however, Cole will continue to clean the walks.

Legally, the council feels compelled to submit the snow removal job to bidders. But to undertake the project, Cole must purchase two additional tractors and is reluctant to do so if there's a possibility that he'd lose out in the bidding.

The council instructed Manager Bruce Potthoff to come up with a proposal leading to a three-year contract for sidewalk snow removal.

Northville to Investigate Anti-Poverty Possibilities

Mayor A. M. Allen gave strong support to President Johnson's anti-poverty program Monday night and urged the council to investigate the plan for local application.

The mayor told the council that the educational approach of the program had been outlined at a meeting of the Wayne county board of supervisors and he was impressed by its prospects.

He explained that a team of program experts from the county will meet with local officials to help solve the problems of school drop-outs, for example.

"The idea is to educate people to help themselves, not to be educated to be on welfare all their lives," stated Mayor Allen.

He said it was very possible

that there would not be enough need to provide special training here, but that funds were available to transport individuals to training schools in Detroit.

The council approved Mayor Allen's suggestion that he meet with Superintendent of Schools Russell Amerman and establish a meeting with county representatives of the poverty program for further clarification.

U-M Returns

Top Male Choir To Perform Here

The University of Michigan Men's Glee Club under the direction of Philip Ducey will make a return appearance here under sponsorship of Mothers Club at 8 p.m. February 18 in the Northville high school auditorium.

The U. of M. singing group last year was named world's top male choir in world-wide competition at Llangollen, Wales. It is the only American choral group ever to win this distinction — and it now has won this top competition twice, the first time in 1959.

Organized in 1859, the club is the second oldest college glee club in America and is composed of graduate and undergraduate members from every college in the university.

As demonstrated in its appearance here two seasons ago, the club is renowned for its varied repertoire and smooth, sophisticated style. Selections range from works of the mas-

ters to popular numbers of the day. Ensembles and soloists further vary the program.

The club has made three European tours, covering more than 17 countries from Norway and Sweden to West Berlin, Yugoslavia, Greece and Italy. Their press notices throughout the world cite their performances for "perfect precision without ostentation or any trace of showing off. Modest — musical — accomplished."

In announcing the return-by-request visit of the University of Michigan Glee Club, Mrs. Irvin F. Marburger, Mothers Club president, stresses that everyone in the community is invited to attend the performance.

Tickets at \$1 for adults and 50 cents for children through school age are on sale beginning this week from any Mothers Club Member or from Mrs. A. L. Wistert, ticket chairman.

In Our Town

By Jean Day

THIS IS THE YEAR of Cooperation in the United Nations. What this and other General Assembly or UNESCO developments in the news mean will be explained Friday as Mrs. Philip Gentile makes the United Nations seem "human" to members and guests of Northville Woman's club at a tea meeting at 2 p.m. in the junior high library.

Because she has served as official observer to the United Nations since 1954 and has been official delegate to UNESCO conferences in New York, Paris, Geneva and Rome, Mrs. Gentile has ample background to interpret current happenings. Her observer post is through a grant from the Ford Foundation Fund for adult education.

Because she notices people and details Mrs. Gentile's talks always are sprinkled with humanizing incidents, bringing out, as she intends, the fact that the United Nations is "people". She is a member of the speakers' research committee for United Nations. For her work she is listed in Who's Who of American Women.

Mrs. Gentile has been attending winter sessions of the UN in New York and has just returned to her Lathrup Village home and her minister husband. She witnessed the opening of the current General Assembly and promises to comment on its agenda.

A question period is to follow the talk. For this program, Mrs. O. F. Reng, club president, has invited groups studying the United Nations to be special guests.

Mrs. Gentile came to her present work with a background of community service in advisory groups on school and college needs, Detroit council of churches committees, YMCA and YWCA posts, and League of Women Voters. She was born in Hamilton, Ontario, and received her teacher's certificate from Eastern Michigan university and a BS degree from Wayne State university.

Miss Elizabeth Etz and her social committee will serve tea following the program.

FEBRUARY 18 is a date to draw a heart around because this is when the University of Michigan Men's Glee club is giving a return performance at 8 p.m. in the high school auditorium. The Mothers club again is sponsoring the group's appearance as "They enjoyed us and we enjoyed them even more," explains Mrs. Bernard Bach, publicity chairman.

Luckily, Mothers club members are good cooks and the Northville audience two seasons ago was a most responsive one. Since the glee club now has twice garnered international honors as top male choir in competition in Llangollen, Wales, it has many, many more singing requests than it can fill.

The glee club members, Mrs. Bach explains, vote on which to accept. Northville with its home cooking and its audience captured by the club's fast-paced, varied program, came out "high on the list." Club director Philip Duey recently dropped by the Ann Arbor bookstore where Wcman's club member Mrs. A. L. Wistert works to relay the good news. Mrs. Wistert is ticket chairman for the performance. Tickets at \$1 for adults and 50 cents for children through school age are now available from her or any Mothers club member.

The 35 active members of Mothers Club now are busily planning a pre-concert dinner for the choir to live up to their reputation. Because they KNOW collegiate male appetites are enormous, each mother is supplying a meat dish for eight and a vegetable dish for 12, or two pies! The club also is buying a ham and a turkey.

It must be because they are young that the students can "eat and sing". Area residents may have seen them recently on a Perry Como show. They also have appeared with Pat Boone, Dinah Shore and Ed Sullivan.

Proceeds from the Northville concert will be used by Mothers club for high school and junior high school band needs.

ANOTHER MOTHERS CLUB activity, the second marathon bridge contest is reaching its mid-point. Mrs. Gordon Forrer, chairman, requests that all December play scores be turned in to individual team captains this week so that a tally may be published.

Lecture by Artist Next at Town Hall

Norman Garbo

"Anyone who can hold a paint brush can learn to paint," contends artist Norman Garbo who will present a lecture-demonstration at the next Town Hall meeting, February 4, at 11 a.m. at the P&A Theatre.

His talk is entitled "Pull up an easel." Mr. Garbo feels that art should be for fun and relaxation.

His works have hung in the Metropolitan Museum of Art, the Chicago Art Institute, The Philadelphia Museum and numerous other art galleries.

With Mr. Garbo's appearance, there will be a change of format in the Town Hall series for this meeting only. A celebrity luncheon will not follow the lecture. Instead there will be a question and answer period after the meeting.

The Town Hall series is sponsored by Our Lady's League of Our Lady, of Victory Church.

Project Hope Explained

NINETY CANDLES — Mrs. Nellie Freydl celebrated her 90th birthday, Tuesday, January 19. Born in East Tawas, she came to the area when she was six, living in Plymouth one winter and then moving to Northville with her parents, Mr. and Mrs. Charles Joslin. Her father had a general store here. She graduated from the Northville schools in 1894 and was married to Bruno Freydl in 1895, who was a tailor. Mr. Freydl passed away in 1936. Mrs. Freydl has three children — Edgar, Charles and Mrs. Nellie Barry — and a sister, Mrs. R. Roth Ball, who lives in California.

Guest speaker was Dr. Kappman, who has served on the famous floating hospital. He told about the concept of Project Hope and explained about the work the hospital does with the aid of a movie, "Hope in Peru".

The next meeting of the Kappa Deltas will be February 15.

Mrs. Boyden Re-elected

The Senior Citizens club of Northville held its first meeting and election of officers Tuesday.

New officers for the coming year are: Mrs. Hazel Boyden, re-elected president; Mrs. Mary Slessor, vice-president; Mrs. Emma Reid, treasurer, and Mrs. Eloise Angove, secretary. A film on Japan was shown, narrated by Miss Mildred Young. Following the meeting, birthday cake and ice cream were served.

BIRTHS

Mr. and Mrs. Richard Hurlburt of Six Mile road, announce the birth of a daughter, Dawn Laurette, born Monday at Pontiac Osteopathic hospital. The baby weighed seven pounds and one and a half ounces.

Grandparents are Mr. and Mrs. George Merwin of Northville and Mr. and Mrs. Leon Hurlburt of Novi.

News Around Northville

Former residents of Northville Estates, Mr. and Mrs. Billie Runkle of Anaheim, California, are house guests this week of Mr. and Mrs. Ward Hummel of Grasmere road.

Members of the class of '32 of Wayne State University were reunited Saturday evening at a dinner given by Mr. and Mrs. Crispin Hammond of Timberlane road.

Guests and former graduates with Mr. Hammond, included Secretary of State, James Hare and Mrs. Hare from Lansing, Mr. and Mrs. Arthur Rosenau of Southfield and Mr. and Mrs. Nellis W. Hammond of Livonia.

Secretary of State James Hare, Mr. Rosenau principal of Tappan School, Detroit and Mr. Hammond recalled when they were teammates on the track team and football squad. Wayne was then a city college.

The Plymouth Corners Society of the Children of the American Revolution met at a dinner meeting Tuesday at the home of Mrs. T. H. Benson on Morningstar drive. Members were present from Northville, Farmington, Plymouth and Livonia. Each child told how his Revolutionary ancestor contributed towards achieving the goals fought so hard to gain.

Mr. and Mrs. George Gardner of Wixom attended the "tip up" festival at Houghton Lake last weekend. The annual festival on ice is held annually and prizes are awarded for the largest fish caught during the event.

NEWCOMER'S CORNER

"I look upon every day to be lost, in which I do not make a new acquaintance."

— Samuel Johnson

Mr. and Mrs. Thomas Fagan with their children (left to right): Barbara 14, Mike 10, Tommy 13, Kathy 16, and Nancy 5.

Mr. and Mrs. Thomas Fagan and their five children moved into their new colonial home on Fanner Court East just in time to challenge the busiest of seasons.

It was just before the holidays that the van with Fagan's household furnishings pulled into the driveway, of 46120 Fanner Court, in Taft Colony subdivision.

Not many days before the

former occupants of the home, Our Lady of Victory parish, went eastward en route to Boston. The address was the former residence of the Walter J. Averys.

The new residents came to Northville from Detroit, but call Toledo their hometown. Mr. Fagan, a manufacturer's representative for three men's clothing firms, was born in Toledo and is a graduate of Penn State University. Mrs. Fagan attended the University of Toledo at Bowling Green.

Practical Nurses Graduate Tonight

Miss Judith Banks of Northville and Mrs. Wanda Moogan of Wixom will be among the 52 students graduating Thursday night from the Ann Arbor practical nurse education center.

The graduation exercises will be held at 8 p.m. in the auditorium of Ann Arbor high school. Luther Christman, associate professor, University of Michigan School of Nursing who presently serves as president of the Michigan Nurses association, will give the graduation address.

This is the 32nd class of students to be graduated from the center.

To Discuss New Math

The Mother's Club of Northville will hold a meeting January 25 at 8 p.m. at the home of Mrs. D. E. Schweidemann of 46907 Grasmere road.

Co-hostesses for the evening will be Mrs. William C. Wiley, Mrs. Gordon Forrer and Mrs. Edwin Mueller.

Mrs. Reva Shave, a fourth grade teacher at Amerman school, Mrs. Gertrude Fey, a junior high teacher, and Miss Diana Lance, a teacher at the high school, will explain to the mothers the new math program in their respective schools.

Symphony Featuring French Horn Soloist

The Plymouth symphony orchestra will present its fourth concert of the season Sunday afternoon at the Plymouth high school auditorium under the direction of Wayne Dunlap.

The concert starts at 4 p.m. and is open to the public without charge. Baby-sitting service is available.

Featured soloist is Louis Stout, an associate professor of music at the University of Michigan.

During the section of the program called "music for brass instruments, Stout will demonstrate the french horn and other related instruments.

Stout has played first horn for the New Orleans symphony, Kansas City philharmonic, Radio City Music Hall orchestra and the Chicago symphony.

Other selections on the program are March Joyeuse by Chabrier, Symphony No. 45, "Farewell" (last movement) by Haydn, Young Person's

John M. Hoben, assistant principal of Plymouth high school and former coach and director of the YMCA youth program, will be guest speaker of the Plymouth Soroptimist club, Wednesday, January 27 at 7:30 p.m. at the Plymouth Credit Union on Maple avenue.

Rev. Emrich To Officiate

The Rt. Rev. Richard S. Emrich, Bishop of the Diocese of Michigan, will officiate at the Apostolic Rite of Confirmation at Holy Cross Episcopal church in Novi this Sunday at 4 p.m.

Bishop Emrich was born in Mardin, Turkey, in 1910. His parents were missionaries. His schooling was obtained at the Phillips Andover Academy, Brown University, the Episcopal Theological School in Cambridge, Union Theological Seminary in New York and the University of Marburg in Germany, where he received the degree of doctor of philosophy.

He came to Michigan in 1946 as Suffragan Bishop and in 1948 became Diocesan Bishop. The eastern half of the Lower Peninsula is in his jurisdiction, with Detroit being the See City.

Bishop Emrich serves on national, state and city boards, both for the church and the community. He is a member of the joint committee of the Episcopal church on approaches to unity; chairman of the citizens advisory committee on hospitals and of the Detroit commission on community relations; a member of the executive committee of the Detroit branch of the NAACP; chairman of the recently formed citizens committee for equal opportunity.

He also served for six years as a member of the national council of the Episcopal church. Bishop Emrich has received a number of honorary degrees, and in 1958 he was made an Honorary Commander of the Most Excellent Order of the British Empire, by Queen Elizabeth II.

In addition, he lectures and preaches widely throughout the state and the nation, and is the author of two books and numerous articles and pamphlets. He also writes a weekly newspaper column.

Bishop Emrich

Guide to the Orchestra by Britten and Peer Gynt Suite No. 1 by Grieg. Britten's composition is a mixture of narration and introducing the listener to various instruments of the orchestra.

GOLDEN ANNIVERSARY — Mr. and Mrs. Anthony Bender of Valencia road celebrated their 50th anniversary Monday with a Mass of Thanksgiving offered Monday morning at Our Lady of Victory church by the Reverend John Wittstock. A breakfast for the family followed. Mr. and Mrs. Bender have been active in OLV for many years, having lived here when the parish was a mission. They saw the construction of the first church in 1923. On hand to congratulate their parents were Mr. and Mrs. Robert Herter, daughter and son-in-law, of West Seven Mile road, and their son and daughter-in-law, Mr. and Mrs. Edward Bender of Plymouth.

MRS. PHILIP GENTILE, official observer to the United Nations through a Ford Foundation Fund adult education grant, will relate and interpret happenings at the winter session of the General Assembly in New York for members and guests of Northville Woman's club at a guest day meeting and tea at 2 p.m. Friday in the junior high library. (See In Our Town).

Readers Speak

Letter to Editor:

"I may be prejudiced, but I
certainly hope everyone in
Northville knows that this is
National Jaycee Week. I also
hope everyone realizes what
benefits come from a well-
organized and active Jaycee
group. Most of these benefits
are for the local community
although much leadership training
is stressed as a personal
benefit to Jaycees.

May I urge, if you do not
know about and support the
Jaycees, that you find out
about them and support their
efforts in the future. It is a
very deserving men's organiza-
tion that seldom, if ever, lets
the community down.
Isn't it too bad our Jaycees
lacked support and had to cancel
last year's Fourth of July
parade and carnival?

No. 85,962
STATE OF MICHIGAN
Probate Court
County of Oakland

In the Matter of the Estate
of WILLIAM D. FLINT, in said
County, on the 23rd day of
December A.D. 1964.

Present: Honorable Donald
E. Adams, Judge of Probate.

Order Appointing Time
For Hearing Claims
Notice is hereby given and
it is hereby ordered that the
time and place for hearing
on claims against the above es-
tate shall be the 15th day of
March 1965, at nine o'clock in
the forenoon at the Probate

All creditors or claimants
against the above estate are
further notified and ordered to
prove their claims at said hear-
ing and prior to said hearing
to file written claim therefor,
with this Court and with the
fiduciary of this estate, under
oath, containing sufficient de-
tail reasonably to inform the
fiduciary of the nature and
amount of the claim.

It is further Ordered that
notice be given to all interest-
ed parties as shown by the rec-
ords in this cause by delivering
a copy of this order to each of
them personally, or by mailing
such copy to each of them by
registered or certified mail
with return receipt demanded
addressed to their respective
last known addresses as shown
by the files and records in this
cause.

And it is further Ordered
that public notice thereof be
given by publication of a copy
of this order once each week
for three successive weeks pre-
vious to said day of hearing in
the Novi News, a newspaper
printed and circulated in said
county.

WHY ADVERTISE?

There's only one businesslike reason to advertise.
You can make more money WITH advertising
than you can WITHOUT advertising. This means
your advertising is an investment . . . not an ex-
pense.

HERE ARE FIVE WAYS ADVERTISING PAYS DIVIDENDS:

1. Advertising builds a desirable reputation for your business.
You must sell your share as the place to buy before you can
sell your merchandise.
2. Advertising attracts new customers to your store. Before you
can really sell, you have to bring customers to your store.
Advertising attracts new customers, brings back former cus-
tomers . . . many more and much faster.
3. Advertising helps you meet and overcome the fierce compe-
tition in today's retailing world. Advertising helps you main-
tain and protect your business.
4. Advertising is informative . . . it tells your customers what's
new.
5. Advertising increases profits by building volume. Competi-
tion tends to trim profits on each sale, so volume becomes the
key to success. Advertising gets your selling message to
enough people to build volume sales.

Mustangs 'Head for the Hills' In Showdown W-O Road Games

The Northville Mustangs will put their cage title hopes on the line this weekend when they hit the road to play back-to-back contests with West Bloomfield and Bloomfield Hills.

Frosh Nips Rocks, 31-29

The Northville frosh rode the wings of an all-court press to a 31-29 victory Friday evening over Plymouth here to raise their season record to 5-2.

It was sweet revenge for the local freshmen who absorbed a four point defeat at the hands of the young Rocks in their first encounter.

Only missed layups prevented Northville from mounting the score. "We blew quite a few layups," commented Coach Bob Kucher, "and in doing so we actually kept Plymouth in the ball game."

The game was won at the free throw stripe with the local cagers converting 11 of 21 attempts. They were outscored from the floor, 13-10.

Northville's press made the real difference, especially in the second period when Kucher's cagers held Plymouth scoreless, while tallying eight points themselves to wipe out a 14-10 first quarter deficit.

Pacing the local attack was Joe Andrews who flipped in 11 points. Dennis Matthews hooped seven and Bob Hubbert six.

Fans should see plenty of fireworks in both games as the top contenders in the Wayne-Oakland Conference square off in a mid-season showdown. Northville and West Bloomfield are deadlocked for third place with 4-2 slates, while Bloomfield Hills with a 5-1 record is tied with Holly for first place.

To Coach Dave Longridge's cagers goes the Herculean task of trying to beat West Bloomfield and Bloomfield Hills on successive nights.

First comes the Lakers on Friday night, previous victors over Northville by a 60-50 count in the first game of the season.

They're headed by six-three Rick Hacht who controlled the boards and proved a general nuisance all night long as he whipped in 22 points in his team's clash with the Mustangs.

As if that isn't enough to perplex the local cagers, West Bloomfield is the only conference foe this year to beat Bloomfield Hills. The Lakers won that one, 43-42, as the traditional rivals fought right down to the wire.

Bloomfield Hills, Saturday night's opponent, is the terror of the north country and the favorite at this point to cop the crown.

The Barons have essentially the same team back from last year, a year in which they grabbed a share of the W-O honors with Clarkston on the basis of a 12-2 record.

A guard, sharp shooting Greg Riggs, is the only cas-

ualty through graduation. Back are Greg Anderson, high scorer at six-one; Joe Menger, a six-three forward with good rebounding muscle, and Center Jay DeBrandt, a six-two scrapper who is the big man in the forward wall.

Such towering cagers and more in the wings will give the Barons a height advantage and coupled with their pressure defense, it spells plenty of hard work and perhaps, big trouble for the visiting Mustangs.

Last year, Bloomfield literally ran Northville off the court in the opening game of the season at Bloomfield and al-

most duplicated the fete here later in the year.

More than Northville's title aspirations will be at stake in the weekend junket.

At the same time last year, the Mustangs were in an identical position — threatening the league leaders with a 4-2 record. But that was as far as the 1963-64 Mustangs got as they went into a tailspin and finished with a disappointing 5-12 record over all.

It's a question, then, of whether their history will repeat itself, starting with the next two ball games, or whether this year's Mustangs will surpass last year's performance.

Clarkston Nips Colts In Overtime, 46-44

In a thrill-packed contest Friday night, the Northville Colts lost a heart-breaker 46-44 to visiting Clarkston in overtime.

Two base line drives by Clarkston wrecked Northville's chances for victory. The first, a twisting back-handed effort tied the ball game 40-40 in regulation time and the last was the clincher with 50 seconds remaining in the extra period.

The Colts' last chance came as the buzzer split the air and the ball bounced off the rim.

It was a dismal third period performance which ultimately spelled defeat for the local JV's.

Leading 25-13 going into the third frame, Northville scored only one point in the quarter while Clarkston was pouring through a whopping 16 to take a 29-26 advantage.

A combination of solid Clarkston defensive play and the Colts' poor scoring show accounted for Northville's difficulties.

Topping the local scorers was Jim Zayti who netted 14

points, backed up by Jim Long with 11 and Jim Crawford with seven.

There was every indication at the outset that the Colts would win with ease as they rushed to a 14-8 lead at the end of the first quarter, then pulled farther ahead, 25-13, at halftime.

Then came the third period disaster.

The teams exchanged leads in the fourth quarter, and with Northville trailing, 38-37, with 28 seconds left, Zayti tallied underneath the basket. Seconds later Zayti was fouled and converted to increase the Colts' margin to 40-38.

With only six seconds remaining in regulation play, Clarkston tied it up.

Northville charged to the front again in overtime as Long hit a jumper, but Clarkston tied it up seconds later, 42-42. Clarkston took the lead by two and Northville came back to tie it on Crawford's jumper.

Clarkston then potted the

Cager of the Week

JERRY IMSLAND — After a slow start, Northville's Jerry Imsland is coming into his own as backbone of the Mustangs. Just a junior, six-two Jerry is in his second year as the regular pivot man. A soft outside shot makes his play under the hoop all the more effective. He is the son of Mr. and Mrs. LuVerne Imsland of Fry road.

Cagers Hit Stride In Clarkston Win

It's been a long, dry spell, but Northville fans finally got a good look at a Mustang team that lived up to its potential Friday night.

Northville beat a good Clarkston squad, 64-52, before a delighted home town crowd to hold on to a share of third place in the Wayne-Oakland Conference with a 4-2 slate.

Though the final margin was a mere 12 points, Clarkston averted a humiliating 20-point defeat only when Coach Dave Longridge's regulars bowed out with three minutes left on the clock. At that time the Mustangs led 64-46 and threatened to make it a complete rout.

Not since Dan Brown and Steve Juday led the 1962 team to the W-O title with an unblemished record have local spectators been treated to such a display of court antics.

There was simply no stopping the aroused Mustangs as they controlled the boards (40 rebounds to Clarkston's 25) and shot with a dead eye (25 of 61 shots for 41 per cent). On defense, the Mustangs were no less potent as they shackled the Wolves.

Center Jerry Imsland led his mates by turning in the best performance of his two-year career. Just a junior, Imsland seemingly scored from every conceivable angle — outside jump shots, underhand layups, tip-ins and hook shots — to tally 27 points.

His performance was a Cazzie Russell as he beat the buzzer by a split second at the end of the second and third quarters with field goals.

But it was far from all-Imsland as Forwards Mark Cushing and Rick Milne and Guards John Jameson and Tom Bingham displayed considerable poise in making the offense click.

And Guard Jim St. Germain came off the bench in the third period to provide the spark that pushed the Mustangs' advantage to 59-38.

Behind the scenes, Coach Longridge mapped out the game strategy that kept Clarkston on the ropes. After his cagers had harassed the Wolves throughout the first half with a zone-press and a tight man-to-man defense, they came out in the second half in a zone that befuddled the visitors. Northville outscored Clarkston in the third quarter, 18-8. With the exception of having knocked Clarkston out of a three-way tie for third place, the Mustangs' victory, however, had little bearing on the W-O race.

Bloomfield Hills and Holly remained atop the league with identical 5-1 records, with Spikes Shell Ser. 31 41 Northville Lanes 29 43 Thomson Trucking 26 46 Perfection Cleaners 24 48 Team Hi Series. John Mach Ford — 2323. Team Hi Single — Spikes Shell service — 862. Ind Hi Series and Hi Single, M. Coxford 576 — 256.

press caught Clarkston by surprise and the Mustangs quickly moved into an 8-2 lead before the Wolves could regroup in the first quarter.

Sloppy passing, however, momentarily spiked Northville's surge as Clarkston closed the gap to 10-9. Then the local cagers swarmed back on two buckets by Bingham and one each by Milne, Jameson and Imsland to grab a 20-13 lead at the end of the period.

The teams exchanged baskets in the second quarter un-

til Clarkston hit a hot spot three consecutive two-pointers to cut Northville's lead to 28-20. But that's as close as the Wolves came the rest of the night as Imsland took over. He converted a free throw then scored on a free break a driving layup and a jump shot from the corner as the buzzer sounded.

In the third quarter, Northville rendered the Clarkston zone defense completely ineffectual with strong offensive rebounding and sharp passing to gain a quick 41-31 advantage, which was pushed to 53-24 at the buzzer.

Defense made the big difference in the third period, however, as the Mustangs held Clarkston to just eight points. Northville played inspired basketball covering whenever a visitor broke free from a tight man-to-man, forcing the Wolves to rush their shots.

With a big margin to follow, Northville slowed the tempo in the final period to take full advantage of good field position. And with substitutes entering the game in the closing minutes, a hectic scramble ensued.

Lincoln-Mercury Promotes Karrer

Eugene R. Karrer

Appointment of Eugene R. Karrer as Lincoln-Mercury product engineering manager was announced today by Bert T. Andren, engineering and product planning manager for the division.

A native Detroit, Karrer attended Massachusetts Institute of Technology on a Sloan Fellowship in 1958-1959 and obtained his master's degree in industrial management.

He is vice president of the American Society of Body Engineers and a member of the Society of Automotive Engineers and of the Engineering Society of Detroit.

He graduated from General Motors Institute in 1951 with a B.S. degree in mechanical engineering and joined Ford Motor Company two years later as a body designer in the Special Products Division working on the Continental. Later he worked on advanced design on the Lincoln car. In 1957 he became supervisor of body and electrical engineering on the T-Bird.

Following his return from MIT, Karrer was made manager of the body and electrical department in Mercury and

Ford engineering and then manager of the vehicle development department for Mercury, Ford and Fairlane.

In 1962 he was promoted to engineering administration manager in product engineering and a year later he was named executive engineer over product test and development.

In his new position he will assist Mr. Andren in directing an engineering group which will work closely with engineering, styling and product planning activities in the company toward the development of Lincoln-Mercury Division cars.

Karrer and his wife, Madeleine, and their five children live in Northville at 47000 South Chigwidden drive.

Wilke Accepts Equitable Post

The appointment of George R. Wilke as representative for the Equitable Life Assurance Society of the United States has been announced by Gene McIlvane, district manager. He will be associated with the Stoneking Agency with offices in the Penobscot Building, Detroit.

A native of Dearborn, Wilke was associated with Massey Ferguson Inc. for twenty-three years in various supervisory and management positions. For the past five years, he was Public Relations Manager for the farm Machinery manufacturer.

Since 1960 he has lived in Northville at 507 Reed street with his wife, Betty, son, Dennis and daughter, Debbie.

Obituary

CALVIN L. HOPKINS

Calvin L. Hopkins of 53853 Pontiac trail, Wixom, died Sunday, January 17 as a result of injuries sustained in a traffic accident. He was 26 years old.

Hopkins and a companion were struck down by a passing motorist while conferring beside their car with the driver of another with which they were involved in a minor auto accident.

Born in Ann Arbor April 29, 1938, Hopkins was a lifelong area resident. He was a graduate of South Lyon high school and was currently attending college.

He lived with foster parents, Mr. and Mrs. Edwin Westervelt. They and a foster brother, Barry, survive.

Also surviving are two sisters, Mrs. Marvin Wagnitz of Milford and Mrs. Carl Scharf of Union Lake, and a grandmother, Mrs. Beulah Pickett of Coalmont, Tennessee.

Funeral services were held Wednesday at the Wixom Baptist church, the Rev. Robert Warren officiating. Burial was in Wixom cemetery. Funeral arrangements were made by the Richardson - Bird Funeral Home, Walled Lake.

Jaycees Raise \$10,000 For Plymouth Home Pool

Retarded children at Plymouth State Home and Training School will have a swimming pool next summer — thanks to the Jaycees of District six, which includes the Northville Chapter.

The New Year's Eve Candlelight Ball, sponsored by the Jaycees, raised some \$10,000 to make construction of the pool possible.

Two hundred and seventy couples enjoyed the Ball at Carpenters Hall in Detroit. The

response brought praise from Dr. Robert I. Jaslow, superintendent of Plymouth State Home, who emphasized the importance of the pool facility for the recreational and therapeutic benefit of the patients.

The Jaycees expect to make more contributions to the school in the near future, possibly expanding the pool facilities. Organizations or individuals wishing to make donations may send checks to the Jaycee Candlelight Ball in care of

John Macauley, 46057 Sunset Northville.

Ford's Tuition-Refund Plan Extended to All Employees

New opportunities in education are being offered to Ford Motor company hourly employees through a tuition-refund plan.

The company said that under the plan employees will be reimbursed for the cost of tuition for university, high school and other approved courses completed on the employee's own time.

Up to \$250 is allowed for courses ending in a calendar year.

The company's statement said the plan is part of a continuing effort to increase the competence of employees. The plan was originally proposed by the company during last year's negotiations with the UAW.

All seniority employees, ex-

cept apprentices who already receive classroom instruction provided by the company, have the opportunity to improve their qualifications for present duties and to enhance their potential for advancement.

In addition to university and high school courses, the plan covers approved business, trade or vocational courses.

Hourly workers, after determining what courses are available, obtain approval from management for particular courses. After successfully completing a course, they present a receipt for tuition paid and receive a company check for the allowable amount.

A continuing education program already is in effect for salaried personnel.

Bring Bundles

"Bundle Days" will continue today (Thursday) and tomorrow at Northville schools.

Students can bring wearable used clothing to the Amerman and Main Street elementary buildings and the junior high school.

Items needed are blue-jeans, sweaters, diapers, dresses, shoes, coats, shirts, pants, pajamas, blankets and overalls.

Under the auspices of the Save the Children Federation, the Junior Red Cross at the junior high is sponsoring the drive to help children living in the southern Appalachian mountain area.

Wittrick Wins Ford Tourney

William Wittrick of 112 East Cady won the Ford valve plant employees six games "across the house" tournament last Saturday night at Northville Lanes.

Wittrick rolled a 1307 series, bowling on all alleys. Thomas Deegan of Livonia, competing in the same meet, missed a perfect game by 13 pins. After throwing 10 straight strikes, he ended up with a 287.

Myers and Mrs. Orin Hove. Mr. and Mrs. Amerman will be honor guests at the program at which Otto Yntema, state PTA president and director of field services for Western Michigan university, will be PTA Founders Day speaker. Mrs. Myers and her husband are Amerman PTA presidents while Mrs. Hove is co-chairman of banquet decorations. Amerman parents may have their children purchase tickets at the school, for \$2 a person, Friday.

OPERA HOUSE RECALLED — Mrs. Nina Brown of Salem township admires a portrait by Robert Hopkin called "The Foot of Woodward Avenue, 1867 View". Hopkin, said Mrs. Brown, painted the curtain at the old Northville opera house which stood at the corner of Dunlap and Center streets for over 70 years. In the Detroit Free Press of November 12, 1876, an article said: "Robert Hopkin and sons of this city are to furnish the scenery for Little's new opera house of Northville. They are also to do the interior decorations." Mrs. Brown now wonders if anyone salvaged the stage curtain when the former cultural center was torn down 15 years ago.

Novi Rotary Slates World's Fair Film

A color-slide tour of the 1964-65 World's Fair will be featured at the Thursday, January 28 meeting of the Novi Rotary club.

The fair, which opened in New York last spring, is closed for the winter months but will re-open next April 21. It is expected to attract some 70 million visitors in the two-year period.

One of the most spectacular exhibits is the "Tower of Light" sponsored by the Detroit Edison company and 150 other investor-owned electric utility companies.

Visitors to this exhibit — described as the "Brightest Show on Earth" — are carried through seven segments of a dramatic presentation which glides

from reality to fantasy in telling the story of the development and progress of the electric industry.

William Spence of Detroit Edison's Oakland sales division will narrate the tour for the Rotary club and will give a graphic account of the many exhibits.

The meeting will be held at Saratoga Farms Restaurant in Novi and will begin with luncheon at noon.

Meyer Initiated

Terry Meyer, son of Mr. and Mrs. Howard Meyer, 48120 West 8 Mile road, Northville is one of 46 students initiated into Alpha Phi Sigma, national police honorary, at Michigan State University for the fall term.

The honorary participates in senior government day, MSU Activity Carnival and projects for professionalization of law enforcement.

Alpha Phi Sigma, a national organization founded in 1937, is made up of students majoring in police administration and public safety.

Meyer is a junior majoring in police administration.

Rover Needs Rabies Shot

Dr. Frank R. Bates, director of the Oakland county animal shelter, urges all dog owners to have their pets protected against rabies.

"You will be protecting your family, your neighbors and the community," said Dr. Bates.

The value of rabies vaccination has been clearly demonstrated. Since 1954 no cases of rabies have been found in dogs in Oakland county.

Rabies has been reported, however, in skunks and cats, both in north and south Oakland county, in the last year.

Under county ordinance all dog owners must produce a certificate of vaccination against rabies to secure a license. This certificate can be obtained from your local veterinarian, or at one of the county operated clinics to be held at various locations throughout the county starting January 30.

The age-old question of
"What is truth?" is given a
fresh exploration in Christian
Science churches this Sunday.
The Bible Lesson is on
"Truth," and the Golden Text
is from Psalms (86:11): "Teach
me thy way, O Lord; I will
walk in thy truth."
One insight into the question
is presented in a paragraph
from the opening pages of the
Christian Science textbook:
"The time for thinkers has
come. Truth independent of
doctrines and time-honored sys-
tems, knocks at the portal of
humanity. Contentment with
the past and the cold conven-
tionality of materialism are
crumbling away. Ignorance of
God is no longer the stepping-
stone to faith."

from the PASTOR'S STUDY

by Rev. Elwood H. Chipchase
Pastor, Salem Federated Church

As the new year before us unfolds, ask yourself, "How am I going to serve my family, country and God this year?"
When a family in the Detroit area was struck with tragedy recently, scores of friends and concerned people donated to make their bur-
den lighter. These folks are to be commended for think-
ing of others at this busy season of the year. This was human compassion being demonstrated. God made us to respond . . . how do we respond to our own needs? For a brief time let us take a look at our needs, desires, and goals for the new year.

OUR NEED
God made us to respond and to respond to Him. God's Word says, "Set your affec-
tions on things above, not on things on the earth." He never would have asked it of us unless somehow it was possible for us to do it. He gives all the necessary strength through His Son. It is imperative that we con-
sider our need. The fact is that too many people today are unwilling to face the fact that they are needy people.
God made man to depend on Him. He wants each of us to see that we need some-
thing to prepare us for fu-
ture life here and life after death. The serious consid-
eration over spiritual matters seems to be horribly low, but restless, despondent, discour-
aged, unhappy people, crime in all varieties, parental and juvenile delinquency point to the need for serious consid-
eration of God and His Word. We were not made to live our life without Him and we are greatly lacking if we try to do so.

OUR DESIRE
There is a desire within every human being to know God. Many there are who try to blot out this desire, covet it up with pleasure or ma-
terial things, or drink it away. Perhaps you are one of these struggling individ-
uals, wandering through life.
Seek the Lord. Seek after Him, the Son of God who died on the cross of Calvary to pay for your sin and give you New Life. Desiring the cleansing of God is the first step upward. The Bible says, "But as many as received Him to them gave He the power to become the sons of God." John 1:12. Begin the new year by entering God's family, God's way . . . then daily, walk on with God.

OLV Ladies To Hear Father Roll

Reverend Burton Roll, National Director of the Archcon-
fraternity of Christian Mothers will be guest of Our Lady's League of O.L.V. at the Feb-
ruary 3, meeting at 8 p.m.
He will enroll the women in the international society which was organized over 100 years ago in France.

Father Roll, O.F.M., Cap., is a native of Pittsburgh and studied for the priesthood at St. Fidelis Seminary, Herman, Pennsylvania, and Capuchin College, Washington D.C. He was ordained in 1942.

Besides conducting several retreats each year for sisters, high schools and men and women's organizations, Father Roll is active in radio and tele-
vision work and has appeared on many programs sponsored by the National Council of Cath-
olic men.

He has held his present ca-
pacity since 1944.

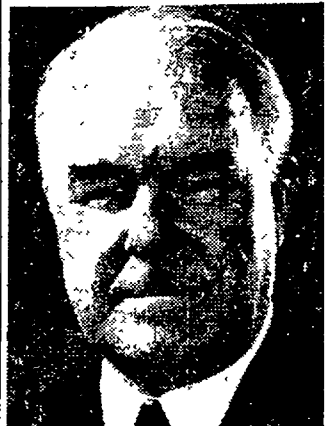

To Lecture in Plymouth

The Christian Science way of worshipping God will be ex-
plained in a public lecture in First Church of Christ Scien-
tist, 1100 West Ann Arbor Trail, on Sunday, January 31 at 4 p.m.
Geith A. Plimmer of London will be the speaker. He is a member of The Christian Science board of lecturership, and will speak here at the invita-
tion of the Plymouth church.

Mr. Plimmer was formerly a schoolmaster in New Zealand and his native Australia, and a joint headmaster in England. He left the teaching profession some years ago to devote his full time to the practice of Christian Science.
He served as an officiating minister to the allied forces in Italy during World War II, and has also represented Christian Science as the former district manager of committees on publication for Great Britain

Ireland, including radio and television appearances over the British Broadcasting Company network.

The title of his lecture is, "Christian Science: The Chris-
tian's Best Friend."

GEITH A. PLIMMER

Through cold, snow-covered fields, underneath ice-
encrusted trees, the river runs its course.
This brings to mind the Christian Church. It was
founded upon the teachings of Jesus who lived. His
life and did His work unperturbed by the coldness
of many of His fellowmen, and of the ruling officials.
He knew that His work would stand because it was
founded upon truth. It not only stood, but has flowed
steadily on for centuries. It is still going on today in

His churches.
If you do not attend church services why not go
this coming Sunday, and identify yourself with this
steady flow of the best for which life stands?
There is always room in the river for one more
drop of water. There is always room in the Church
for one more worshipper.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

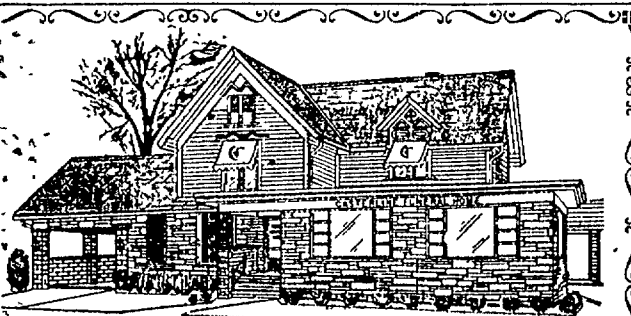

The Church is the greatest factor on earth for the building of charac-
ter and good citizenship. It is a store-
house of spiritual values. Without a
strong Church, neither democracy
nor civilization can survive. There
are four sound reasons why every
person should attend services regu-
larly and support the Church. They
are: (1) For his own sake. (2) For
his children's sake. (3) For the sake
of his community and nation. (4)
For the sake of the Church itself,
which needs his moral and material
support. Plan to go to church regu-
larly and read your Bible daily.

VI. Myers GR 4-8015
Mr. and Mrs. Thomas Fisher of Glen Ridge Ct. received a nice "present" on their 18th wedding anniversary January 11. Little Mary Jane Fisher was born on that day at St. Mary hospital in Livonia. She weighed 6 pounds 2 ounces. The Fishers have three other children, Richard 14, Karen 6, and Billy 4. The grandparents are Mr. and Mrs. Ed Fisher of South Lyon and Mrs. Jenny Roussin of Flagler Beach, Florida.

Bruce Allen Folsom (7 pound 2 ounces) was born January 12 at St. Mary hospital in Livonia. He is the first son of Mr. and Mrs. David Folsom of McMahon Circle. His two sisters, Barbara Carol four, and Cherry Lynn two, welcomed their "new" brother home Sunday. Grandparents are: Mr. and Mrs. J. B. Folsom of Livonia, Mr. and Mrs. Keith Agy of Litchfield, Connecticut and great-grandmother Mrs. Roy Midgley also of Litchfield.

Melinda Needham daughter of Mr. and Mrs. Thomas Needham of McMahon Circle spent the weekend with Jill Souder of Plymouth. Jill is a former Willowbrook resident.

Mr. and Mrs. Ray Mason of W. LeBost, attended a banquet Saturday evening at the Greenfield Inn given by Mr. Mason's place of employment, the Keystone Readers Service. Mr. Mason received his promotion to full franchise owner at the banquet. Mr. and Mrs. Don Koskella of McMahon Circle also attended the banquet. Mr. Koskella won a portable T.V. for outstanding sales ability from the Keystone Readers Service.

The Doug Foleys, the Len Ueinskis and the Carl Rowleys co-hosted a party at the Foleys of E. LeBost, Saturday evening. The guests of honor were Mr. and Mrs. Robert McClelland who moved to W. Bloomfield Hills last month. Others who attended the "Goodbye" party for the McClellands were the Jim Bruces, the David Reeds, the Leon Blackburns, the Tom Moores and the Fritz Gensings.

Neighbors, Joan Thomas, Phyllis Graham, Peggy McIsaac, Donna Krist and Charlene Hare prepared dinner for the Fisher family Tuesday evening. Del Fisher had just returned home from St. Mary hospital in Livonia.

The Herbert Andersons of E. LeBost have had Mrs. Anderson's brother, Mr. Wallace Hanson of Duluth, Minnesota as house guest last weekend. On Sunday afternoon the Andersons and Mr. Hanson visited the Auto Show.

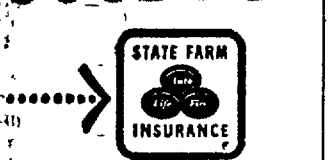

Four year old Timmy Thomas, participated in Mrs. Lancaster's School of Speech and Expression on Sunday. He gave "Grandpa's Nap" and also played his first piano recital, his selection was "From a Wigwag". Timmy is the son of Mr. and Mrs. Timonty Thomas of Glen Ridge Court.

Tuesday Penochle was held at the home of Jo Andrews of W. Ten Mile road. Ruth Promo and Sandy Thompson were guest players. Jean Huston won first prize, Mary Jane Goyt second, Jo Andrews third and Sandy Lemon, consolation.

Wednesday Bridge met at the home of Virginia Barnes of Mooringside Drive. Irene Hohenic was guest player. Margaret Bunker won first prize, Virginia Bosak second, Marion Berry consolation.

Donna Dorsey of Rock Hill Lane held the Bridge Club (un-named as yet) Wednesday night. Guest player was Pat Crupi. Pat won first prize, Sue Glass second and Phyllis Graham consolation.

Official Minutes of The Northville Board of Education

I. The meeting was called to order by President James F. Kipfer, in the Board of Education offices at 7:30 p.m.

Present: Mr. Kipfer, Messrs. Wilfred C. Becker, Edward F. Angove, Eugene K. Cook, William B. Crump, Robert H. Shaffer and Elmer O. Weber. Absent: None. Others Present: Superintendent R. H. Amerman; Assistant Superintendent K. M. MacLeod; Director of Administrative Services E. V. Ellison; Principals H. Smith, R. Spear, Dr. Van Ingen, and F. Stefanski; Mrs. H. O. Evans of Northville Mothers' Club; Miss Linda K. Edgerton; Mr. Roger G. Fehdt; Mrs. G. Peter Quisenberry; Mr. Henry R. Tikikka; Mr. Eugene S. Guido.

II. The minutes of the last regular meeting, held on December 14, 1964, were read by the secretary. There were no corrections and it was moved by Mr. Crump that the minutes be approved as read. Mr. Shaffer supported the motion, which was carried.

III. Communications:

1. James E. Littell, school attorney — indicating completion of negotiations with Mrs. Margaret McHugh's attorney regarding the Chapman School property and enclosing a check from Mrs. McHugh for \$500 in consideration of the school's release of all claim to the property.

2. Mr. Robert Bretz — complimenting Frank Cochran on his demeanor while on playground duty at the junior high school at the close of school each day.

3. Mrs. Mary Quinn, junior high school faculty — requesting release from her contract, effective February 1, 1965.

4. State Representative Marvin Stempien — indicating his interest in school problems and his intention of attending a board meeting in the near future. The board expressed gratification at Mr. Stempien's great interest and asked Mr. Amerman to advise him of meeting dates and hours.

5. Mr. Ronald Slobor, High school faculty — requesting that he be released from his contract, effective January 29, 1965, in order that he may accept a position which has been offered him in Detroit.

6. Novi Board of Education — verbal communication, from Mr. Culbert to Mr. Amerman,

advising that an informal meeting of Novi parents had been held, to discuss the matter of what is to be done with their high school students. A Board of Education meeting will be held on January 13, at which time it is hoped some definite decision may be reached. A further communication will, definitely reach the Northville board of education prior to its January 25 meeting.

IV. Report of Superintendent:

1. Teacher resignations — It is Mr. Amerman's recommendation that the resignations of Mrs. Quinn and Mr. Slobor be accepted and that both be released from their contracts.

It was moved by Mr. Angove and supported by Mr. Shaffer that Mrs. Quinn's resignation be accepted. Motion carried.

It was then moved by Mr. Cook that Mr. Slobor's resignation be accepted. This motion was seconded by Mr. Angove and also carried.

2. Tenure Policy — Mr. Amerman has been reviewing the tenure implementation policies of various school districts, and has composed a written policy which he is recommending for Board of Education adoption. An additional paragraph suggested by Mr. Amerman was discussed at some length and it was finally decided that it belongs in the administrative directive rather than in the policy. It was then moved by Mr. Angove that the policy as presented, without the addition of Item 6, be adopted. The motion was supported by Mr. Shaffer and carried.

The Superintendent then presented a suggested administrative policy on tenure, for the board's review. It will be further discussed by the administrative staff and Superintendent Amerman expects to be able to recommend a definite directive for board adoption at the next regular meeting.

It was then moved by Mr. Cook and seconded by Mr. Becker that the policy dated June 3, 1941, adopting continuing contracts, be hereby rescinded. This motion was passed unanimously.

3. Administrators' Contracts — Superintendent Amerman presented three-year contracts for principals and other administrators, for Board signature, in accordance with the salaries

voted upon at the December 14th board meeting. Because of the inclusion in the contract of a paragraph which had not been in the previous contracts, it was moved by Mr. Weber that the administrators' contracts be tabled, without signature, until such time as a board could review them in an executive session. Mr. Cook supported this motion which was voted upon as follows:

Ayes: Cook, Weber and Crump.

Nays: Shaffer, Becker, Angove and Kipfer. Motion to table was declared defeated.

Mr. Shaffer then moved that the contracts be adopted and signed just as presented by the Superintendent. Mr. Becker supported this motion. Discussion followed during which some changes were suggested. The motion was finally voted upon and carried by a vote of 4 ayes and 3 nays.

4. Superintendent's meeting — Mr. Amerman advised the board of his intention to attend the mid-winter meeting of the Michigan Association of School Administrators at Grand Rapids on January 13 and 14.

5. Annual Audit — Superintendent Amerman announced that H. Earl Hanson, C.P.A., has the annual audit report ready for presentation to the board and would like an opportunity to bring it in person and to show the board some films dealing with accounting procedures.

It was suggested by Mr. Cook that this matter be made a part of the agenda for the second meeting in February.

6. Check Handling — Mr. Amerman and Mr. Ellison reported that they have been reviewing with other schools various, more efficient means of handling checks in payment of general bills. Discussion followed, and a motion was made by Mr. Weber that the check preparation procedure be changed in whatever may be necessary in order to mechanize the check signing, making it possible for check signing machine to be used following official approval by the board of a voucher list. Mr. Cook seconded the motion, which was carried unanimously.

7. Bus Ordinance — Mr. Amerman and Mr. Ellison reported the results of their conversations with the city attorney and the chief of police, respectively, regarding the possibility of the city's passing an ordinance similar to the State law which requires motorists to halt their vehicles when a school bus has stopped on the street in front of them and has its signal lights flashing. The city attorney promised to investigate the necessary wordage and will discuss it again with Mr. Amerman in the near future.

The board indicated a wish that this matter be pursued.

V. Report of Secretary:

Mr. Cook reported the following moneys received in December, 1964:

1964 Taxes \$18,961.75
Delinquent Taxes 451.38
Interest on Delinquent Taxes 30.08

Abatement of Expense 79.34
State Aid 83,330.00
Tuition (personal) 658.80
Transportation Fees 51.87
From Cafeteria - wages 1,904.96
Miscellaneous 500.00
TOTAL: \$105,967.98

VI. Report of Treasurer:

Mr. Angove presented a report showing the following balances in each of the accounts at December 13, 1964:

General Fund \$192,147.51
1964 Debt retirement fund \$6,489.74
1967 Debt Retirement fund; Series A \$1,976.06
Debt retirement fund; Series B \$4,330.83
1957 Debt Retirement Fund, Series C \$1,632.79
Stadium Receiving Fund \$3,331.09
Maintenance Fund \$110.62
Stadium Replacement Fund \$809.00
Stadium Bond & Interest Redemption Fund, \$3,239.40

Mr. Shaffer moved the report of the Treasurer be accepted. Mr. Becker seconded the motion. Motion carried.

VII. Report of Special Committees:

There were no reports from the Citizens Advisory Group Sub-Committees at this time, but Dr. MacLeod presented the Board with copies of various statistical reports he has prepared for the information of the Population and Growth Sub-Committee. Mr. Kipfer reminded the board that there will be a meeting on February 1 of all the sub-committees of the Citizens Advisory Planning Group. This meeting will be held in the junior high school library at 7:30 p.m.

VIII. Report of Auditing Committee:

The Auditing Committee approved bills and payrolls for payment as follows: General Bills, \$10,758.88; Cafeteria bills, \$4,881.09; Stadium Bills, \$4.63; Payrolls, \$58,415.83.

It was moved by Mr. Angove and supported by Mr. Becker that the report of the Auditing Committee be accepted and the bills and payrolls be paid. Motion carried.

IX. Unfinished Business:

1. Westview Drive Bus Problem — Mr. Ellison reported he has made a thorough investigation of the possibilities of complying with the request of the people who live on Westview drive that the school bus come down their street instead of picking up the children on Eight Mile road. Mr. Ellison's recommendation is that no change be made in the loading spot, but that the bus be moved onto the shoulder of the road, and this change has already been put into effect. The vision clearance on Eight Mile road is 500 feet, the required amount to meet State Police safety standards, even though there is a slight rise in the terrain at this point. He explained the practical reasons for not wishing to take a bus into the side street, and the parents present discussed the matter again, at some length, with the board. Mr. Cook moved that Mr. Ellison's recommendation be accepted, with the addition that the school will investigate the possibility of installing safety warning

signs at the approach to the loading zone. Mr. Crump supported this motion, which was unanimously carried.

2. Racing Dates — Mr. Weber re-opened the subject of the spring racing dates at Northville Downs, which he had introduced at the last meeting. Mr. Weber had prepared a letter protesting the allocation of racing dates to Northville Downs during the school year. Mr. Weber moved that a similar letter be sent to the Racing Commission over the Board of Education signature. Mr. Crump supported the motion, which was then discussed pro and con. Mr. Weber then amended his motion to read "that this letter be sent to the Racing Commission". Mr. Crump also supported the amendment. The amendment was voted upon as follows:

Ayes: Weber, Crump and Becker.

Nays: Shaffer, Cook, Angove and Kipfer.

X. New Business:

1. School Bus Bids — The Secretary opened and read the following bids on school buses:

John Mach, Ford, \$2,952.35, Superior body \$3,661., Thomas body \$3,473.

West Bros. I.H.C. chassis, \$3,400, Thomas body \$3,473, \$2,535, Wayne body \$3,753.

Rathburn Chev. Chevrolet chassis, \$3,115. Thomas body, \$3,473.

G. E. Miller, Dodge Chassis, \$3,151.31, Superior body \$3,661, \$3,468.81, Superior body \$3,661.

Frank Jurski, Thomas body \$3,473.

The bids were given to Mr. Ellison for analysis and recommendation and Mr. Ellison was also instructed to further investigate the possibility of leasing buses.

2. Educational T.V. — Mr. Becker reported that the Schoctcraft college district educational television organization is well under way. The articles of incorporation have been executed and sent in to the proper government agency, and the official name of the organization television organization is Broadcast Association, Inc.

Mr. Becker also announced that the articles of incorporation indicate that each member school district is to appoint two representatives to the executive board of the Association, one of the two to be a school board member, the other to be one of the administrative employees of the school district, to be appointed by the superintendent. To date, Mr. Becker and Principal Harry Smith have been attending these meetings. Mr. Becker as our official board of education representative, and Mr. Smith purely out of interest.

Mr. Amerman then appointed Mr. Smith to be our official administrative delegate to the association, a duty which he willingly accepted.

XI. Adjournment: There being no further official business to transact at this time, the meeting was adjourned at 11:30 p.m.

Eugene K. Cook, Secretary

★ ★ NORTHVILLE TOWNSHIP MINUTES ★ ★

The regular monthly meeting of the Northville Township Board was called to order by Supervisor Merriam on Tuesday, January 5, 1965, at 8:05 p.m.

Members present: R. D. Merriam, Marguerite N. Young, Alex M. Lawrence, Wilson D. Tyler and James H. Tellam.

Visitors: Mr. and Mrs. Carl Wilson, Gerald Dresselhouse, Richard Mitchell, Elsie Price, Bill Sliger of the Northville Record.

The minutes of the regular board meeting of December 1, 1964 and the special meetings of December 17, 21 and 22, 1964 were accepted as written.

Treasurer's report for December 1964 was read and approved.

The following were reviewed Office receipts for December 1964, \$1,213; Water & Sewer Commission receipts for December 1964, \$3,573.21; Township Bills payable, \$7,332.37; Water & Sewer Commission Bills payable, \$2,698.80.

Trustee Tellam moved that the township bills and the Water & Sewer Commission bills be paid. Lawrence seconded. Motion carried.

There was no question of the Planning Commission minutes of December 15 and December 23, 1964.

Correspondence:

1. Notice of Annual Conventions of Townships Association on January 13, 14 and 15, 1965.

2. Letter copy from Wayne County Road Commission to Otis F. Sonefeld, Railroad Division of Michigan Public Service Commission, regarding installation of gates at the C. & O. Crossing at Seven Mile and Northville road.

3. Letter from State Representative Marvin R. Stempien.

4. Letter from the late State Senator Paul M. Chandler relating to Supervisor Merriam's letter regarding legislation to ban hunting in town-

ships.

Old Business

1. Trustee Tellam advised that there had not been a meeting of his committee with the City of Northville regarding the rehabilitation of Green Valley Acres Subdivision. He asked that the clerk write a letter to the city council informing them that the township had established this committee and the purpose, and asking them to establish a committee to meet with them.

New Business:

1. Resolution covering salary schedule to be included in the 1965-66 budget to be submitted to the Annual Township Meeting of April 3, 1965.

After discussion, Trustee Tyler moved that the Resolution be adopted and salaries be — Supervisor \$5,000, Clerk \$4,500, Treasurer \$4,000, Trustees \$20, per meeting.

Trustee Tellam moved to amend Mr. Tyler's motion stipulating salaries:

Supervisor \$5,000.00, Clerk \$4,500.00, Treasurer \$4,200.00, Trustees \$20 per meeting.

There being no second to Trustee Tyler's motion, he withdrew his motion and seconded Trustee Tellam's motion. Yeas: Tellam and Tyler. Nays: Lawrence, Young and Merriam. Motion denied.

Young moved the adoption of the Resolution with Supervisor Merriam's recommended salaries of Supervisor \$5,000, clerk \$4,800, Treasurer \$4,800, Trustees \$22.50 per meeting. Lawrence seconded. Yeas: Young, Lawrence and Merriam. Nays: Tyler and Tellam. Motion carried.

2. Clerical help in Building Department: After discussion, Young moved that additional clerical help be obtained for the Northville Township Building Department. Lawrence seconded. Ayes: All. Motion carried.

3. Street Light — Westview drive and Eight Mile road. Supervisor Merriam informed

ed the Board that this intersection was the most dangerous in the township, that you could hardly see Westview Drive at night. He had talked with Wayne County Road Commission Sewer Main on Seven Mile road.

Supervisor Merriam told the board that Dr. Gyzynski had decided to build his nursing home on Seven Mile road providing he could have sewage. There were two other doctors who wanted to build a hospital in the area. Sheldon Hayes would not enter into the building of sewer. Dr. Gyzynski wished to build the sewer on the south side of Seven Mile and Northville township wanted it built on the North side. The difference in cost is more than the Doctor wishes to invest. Mr. Walter Sarcevic, who is the doctor's representative, will be in the office Monday with more information.

5. Supervisor Merriam informed the board that Alex Gordon had filed suit against the board of zoning appeals of about the situation but they could not help as Eight Mile road was under the jurisdiction of Oakland County Road Commission and they refused to do anything about the condition. The cost of a light would be \$75 a year and legally the Township could spend the money.

Inasmuch as there were other areas that needed street lights and the township could not afford to take care of all of them, Tyler stated that Westview subdivision should exhaust their own efforts to come up with the \$75 a year. No action.

4. Proposed installation of Northville township, consisting of Gunnar Stromberg, John Miller and Alex M. Lawrence. Also, R. B. Willis, Building & Zoning Inspector. Reason — refusing to allow him to remove 300,000 cubic yards of sand from land he owns in the township, he therefore standing a

loss of \$100,000 and upwards. Papers had been served on December 22, 1964 and the township attorney would have to appear in court on January 14, 1965 to answer.

6. Release of Northville Sand & Gravel company's \$2500 Escrow monies.

Supervisor Merriam said that Northville Sand & Gravel had cleaned up their gravel operation very satisfactorily with the exception of a small amount of grading which would cost approximately \$50. They are asking that their money be returned. Tyler moved that Northville Sand & Gravel Company's escrow account of \$2500 be returned to them, the Township withholding \$100 until such time as the land was put in final condition. Tellam seconded. Ayes: All. Motion carried.

7. Northville Township Policy Manual.

There was general discussion of material submitted by Trustee Tyler on a proposed township Policy Manual which covered areas of insurance, purchasing, appointments, employment, meetings, hearings, public relations, fees, investments, depositories.

Decision — Each board member could take a subject to study and report back to the board. Clerk Young was asked to list all fees paid in different departments.

8. Since the board had interviewed the following attorneys, it was decided that they should make a decision

Mr. Joseph T. Brennan, Farmington, Mich.; Mr. Edward Draugelis, Plymouth, Mich.; Mr. Ralph Cole, Northville; Mr. John J. Nellis, Wayne.

Tyler moved that the township board appoint and hire Mr. Edward Draugelis as legal council. Tellam seconded. Ayes: All. Motion carried.

Young moved, supported by Tellam, that the meeting be adjourned. Meeting adjourned at 10:20 p.m.

SPEAKING for The Record

By BILL SLIGER

The Kiplinger magazine, "Changing Times," used an interesting slant on its forecasts for 1965. Turning the coin over and looking at the other side of the things the magazine noted:

- About 7,233,000 children will stop outgrowing their shoes every couple of months;
- About 194,100,127 Americans will not be hurt or killed in an auto accident;
- Nearly 13,199,000 girls will outgrow the Beatles;
- About 750,000,000 acres of forestland will not burn up;
- About 44,503,000 couples will stay married;
- About 55,503,000 citizens will file tax returns on which the arithmetic is absolutely correct;
- About 11,000,000 teen-agers will not drop out of high school, and over 600,000 of those who go on to college in 1965 will stay there four years;
- One out of 4.3 golf balls hooked or sliced into a tree will bounce back onto the fairway;
- Over 20 billion dollars' worth of auto loans will be paid off;
- And all year long there will be only one Friday, the thirteenth.

"Changing Times" also quipped that "once upon a time when you said your battery was dead you were talking about your car, not your toothbrush."

This column didn't support Billie Farnum for congressman in the new 19th district. Maybe we underrated him.

Excessive party partisanship has always left me nauseated, so it was with pleasure and admiration that I read of Farnum's statement concerning a recent action of three fellow Democrats and a Republican.

After Farnum had pointed out 11 specific kinds of mismanagement in the state's national guard and Governor Romney had suspended two generals and called for a hearing, four state legislators adopted a resolution calling for their reinstatement.

Senators Garland Lane of Flint, Raymond D. Dzendzel (still representing the Northville district at that time), and Rep. William Romano of Warren (Democrats) and lame-duck State Senator John Smeekens of Coldwater (Republican) voted as a majority at a scant quorum meeting of a lame-duck legislative audit commission to send a resolution to the national guard division commander seeking reinstatement of the two generals.

In one of his parting statements as the state auditor general Farnum denounced the action and charged that the quartet were more interested in politics than taxpayers' dollars.

Farnum told the press . . . "when I sign an audit report, I don't sign anything that isn't true . . . I don't care what party you belong to, there can't be two kinds of government . . . there can't be a double standard for handling public money."

There's no doubt that Farnum is a 100 per cent Democrat, but he refuses to substitute political maneuvering for responsibility to office.

He may have a field day investigating expenditures in Washington. He's just been appointed to the powerful Appropriations Committee of the House. This committee reviews all recommendations for expenditures of tax money made by other committees.

Accident Prevention Costs Money

Traffic safety is costly in many ways, but most experts agree the investment is worth the dividends. The alternative, no action, is tremendous tragedy.

With a highway death toll over 2,000 in 1964, higher auto insurance premiums bring predictions for continually rising costs.

Related costs are many. One of these is prevention. This is a possibility destined to bring pressure on state government officials in months ahead.

Late in 1964, the governor's special commission on traffic safety brought forth several recommendations for more strict enforcement of existing laws, new legislation, and research aimed at reducing the annual increase in accidents and deaths on the highways.

The secretary of state's office is basically the largest single state agency involved in

safety-related activities with which the governor's commission concerned itself.

James M. Hare, administrator of this department, says now that the commission's recommendations which relate to his department would cost about \$1.2 million annually.

Largest single expenditure for Hare's department would be an estimated \$821,000 to combine the various existing state driver licensing services into a single jurisdiction, presumably the secretary of state's office.

Additional sums of more than \$200,000 would be required, Hare said, for each of two other commission recommendations. These dealt with the use of an electronic computer system to aid in the control and improvement of problem drivers, and sending various notices to errant drivers at three stages in the 12-point violation system.

Lesser expenditures, each

under \$100,000, would be needed annually to implement three other commission recommendations dealing with stricter enforcement of driving laws.

The healthy surplus remaining in the state treasury at the end of the last fiscal year and an even bigger one anticipated this July will mean a mass of requests from all state departments for a share of the pie.

Traffic safety has taken a back seat to other appropriations on a couple of occasions in the past few years, but this year real pressure will be on to give this area long-due attention.

The \$1.2 million estimated necessary for Hare's department and other amounts for other agencies dealing with the problem will pose a serious question to legislators this year: Which costs more, the multi-faceted costs of a continually rising highway accident-death toll or a full-fledged program to educate Michi-

gan citizens and enforce state laws?

Dollar value of Michigan's year-round tourist industry has been variously estimated at from several hundred thousand dollars to well over \$1 billion, depending largely on how many related expenditures were considered.

By the end of this year, the state tourist council hopes to have a relatively accurate and uniform yardstick for all seasons.

Through a \$78,000 legislative grant to Central Michigan university, a 15-month study is being conducted covering every season and type of tourist activity to determine the amount spent in Michigan on food, lodging and direct recreation by various tourists.

Last fall's deer season, for example, resulted in a report that more than \$13 million was spent by some 450,000 hunters in 16 days. Based on interviews, the count indicated the average party was about four persons spending 5 1/2 days in the state, each person spending \$30 during the period.

Transportation, equipment & license fees were not considered in the study, but rather were viewed as side effects of the deer season.

Tourist council director William J. McGraw said his department and the regional associations expect to get new insight from the results of the study.

"We are confident the completed study will be of great value," said McGraw. "In some matters it is pioneering new areas which the industry previously has been financially unable to study," he said.

The Johnson-Romney split victory in Michigan's November election came as no surprise to astute history students in the state.

Pollsters and most Democratic Party leaders had predicted Gov. George Romney would be defeated if President Johnson carried the state by 500,000 votes, which he did easily.

The history books, however, leaned in favor of the Johnson-Romney combination. They showed Michigan voters favored a governor and president of the same party only once in the past quarter-century of presidential year balloting.

That was in 1960 when Democrats John F. Kennedy and John B. Swainson both won.

LBJ's Great Society To Boost Business

BABSON PARK, Mass. — One thing is certain: President Johnson's Great Society program is going to open up sparkling opportunities for on-the-ball manufacturers, marketers, and service establishments. And it may be much sooner than you think; that is the way LBJ operates once his mind is made up.

No feature of the plan will send out more profitable waves to practically all parts of the nation's economy than the massive construction complex envisioned by the White House. A strong majority of Congress is at the President's beck and call, ready to support his utopian and wide-ranging proposals — prepared to keep the necessary funds pouring into the required channels.

Even businessmen who fear the long-term march toward a complete welfare state, toward a more "socialistic" government, can ill afford to neglect the opportunities that lie ahead, whether they like the trend or not.

There is going to be a monumental building explosion, with special emphasis on educational institutions, hospitals, health centers, and recreation conveniences. There will be few settled parts of the country that will fail to share in this special bonanza, superimposed upon an already prosperous business fabric. Spurred by the construction surge will be an already burgeoning highway building program and expansion of such inevitable needs as more ef-

ficient water and sewer facilities. Utilities of all sorts will benefit.

From the very first there will be glittering advantages for those keen enough to work for an inside track early in the game. Architects and professional planners will be in increasing demand, followed by engineers, suppliers of all types of building materials and labor, and landscape technicians. If you manufacture goods which do not appear to be applicable to forthcoming needs, look into the possibilities of adapting existing plant to turn out such products.

Local boards of trade and chambers of commerce will be able not only to give you helpful information but also to lead you in the right direction as new developments take shape. Commerce Department and Small Business Administration offices, — either in your nearest large city or in Washington — will be of assistance in helping to formulate the best pattern for cashing in on emerging opportunities related to the vast building scheme.

The first step for manufacturers and service concerns is obviously to find out where government projects are to arise in their localities. Next is to get close to the most promising distribution set-ups. Then follow through.

In erecting schools and medical centers, government planners and operators will need land, construction equipment of

all types, and a complete assortment of materials, seating and other furnishings, — in addition to skilled personnel. There will be a heavy — and continuing — market for all kinds of consumable articles. Schools will require books, paper, writing equipment, blackboards, maps, decorative and artistic items, tape and sound machines, internal-circuit TV, biological supplies, chemistry materials, woodworking machinery, laboratory equipment, printing equipment, duplicators, office apparatus, gymnasium supplies. The variety is almost endless, and use and obsolescence will require steady replacement.

The medical centers call for an even greater outlay, with such a wide scope of basic equipment — and replacement needs that it is hopeless to try to list them in this limited space. It should be noted here that, once a building is in use, cleaning costs amount to about 50% of each operational dollar. Hence, it will be worth while for service concerns to arrange in advance for openings in the forthcoming schools and hospitals. Contract cleaning is already a huge industry, and it will grow by leaps and bounds.

Whether directly or indirectly, scores of lines will benefit from prospective vacation-recreation innovations. Astute businessmen will plan now to take full advantage of all these coming projects.
