

# Color Highlights Our New Look

See the color. It is brown. Now our press will print in color.

It's not quite that simple, but in coloring-book jargon, that's the story of one of the big improvements resulting from our switch to offset printing this week.

Full details, along with pictures of the conversion, are carried in section two. Some comments about the change-over also included in this week's "Speaking for The Record" column, page four.

But getting back to color. And why did

we choose brown for page one?

A glance at the back page of this section will reveal that Paragon Bridge & Steel company of Novi congratulated us on our new equipment and the opening of Inter-City Press, Inc., in Novi, where our Goss Suburban press is located.

Paragon used color to emphasize its message. And "brown" is a Paragon trademark. It can be seen on their emblems on auto-shipping racks used by most of the nation's leading railroad lines.

It's on their stationery, their forms and even the floor coverings and furnishings of their offices.

Without getting too technical, it's enough to say that the mechanics of the new press permit introduction of color on four-page units. Thus "brown" on page 12 of a 12-page section, allows use of the same color on page one. It could also be used on pages two and 11 at the same time.

Joining Paragon as the first user of

color in The Record and Novi News is Rathburn Chevrolet Sales, Inc.

Rathburn's chose "green" for their "zing into spring" campaign and their advertising message appears in section two.

In addition to color, you'll find three new features: "Citizen Sibley", a typical suburbanite who manages to become involved in situations that poke fun at us all; a self-analysis quiz; and a crossword puzzle.

## Bigger Board, Charter Eyed In Township

For sheer accomplishment the annual meeting of Northville township held last Saturday afternoon must rank above all others in recent years.

The audience of 53 voters and five board members didn't confine their action to the agenda of required business. In addition they:

- called for expansion of the township board to its maximum limit of seven members, which would add two trustees to the board;

- tossed out the proposed schedule of salary increases, boosting the supervisor's pay by \$500 more than requested and reducing the increases sought for clerk and treasurer by \$300 and \$600, respectively;

- adjourned the township meeting for 60 days until a study can be made of charter township form of government to determine if such a step holds advantages for Northville township.

The meeting lasted two hours and twenty minutes and produced two tie votes on the matter of salary hike proposals.

Salaries drew the most comment. And at one point it caused Supervisor R. D. Merriam to refer to his trustees as "nit-pickers" and "unsportsmanlike" for opposing the salary increases at the annual meeting after the proposals had been passed by majority vote (3-2) at an earlier board session.

Merriam later apologized for this outburst saying it was the right of the trustees to object and calling himself out of order.

Voters appeared to be close to agreement on the salary hikes. No one opposed granting pay raises, but the degree and application to specific jobs caused a near perfect split in sentiment.

When Trustee Wilson Tyler called for a reduction of the salary hikes from the proposed \$5,000 for supervisor and \$4,000 for clerk and treasurer to \$5,000 for supervisor, \$4,500 for clerk and \$4,200 for treasurer, his motion died for lack of a second.

Then Bernard Baldwin submitted the same schedule, but boosted the supervisor's salary to \$5,500.

This proposal finally won and was adopted as the official salary set-up for the coming year. Trustees remained at \$20 per meeting, rather than the proposed \$22.50.

But before it gained acceptance, an amendment by Eugene Guido was submitted to two votes — one by standing vote, which ended 25-23, and one by secret ballot, which resulted in a 29-23 vote.

Guido called for the clerk's salary to be boosted to \$4,800 and the treasurer to \$4,500.

Supervisor Merriam, Clerk Marguerite Young and Treasurer A. M. Lawrence took strong positions favoring the increases. They pointed out that the workload had nearly doubled and that there had been no increases in four years.

Under questioning, Merriam admitted that he had not requested more money for the supervisor's job because, although he works full time and believes the position deserves greater pay, he was receiving a retirement pension from the Wayne County road commission and did not need the additional money.

Several voters took the position that there should be a greater difference between the supervisor's pay and that of the clerk and treasurer than the \$200 proposed. The majority also indicated

a belief that the office of clerk should be paid more than the treasurer's position.

Trustees Tyler and James Tellam reported the results of their investigation of salary schedules in other townships. They pointed out that they had been assigned this detail by the board and that their recommendations had been \$5,000, \$3,800 and \$3,600 for supervisor, clerk and treasurer. Later they offered to go to \$5,000, \$4,500 and \$4,200, but noted that this had not been acceptable to the other three board members.

Tellam said he drew his comparisons from several townships, but that Huron and Sumpter townships were most like Northville and salaries there compared with the recommendations of Tellam and Tyler.

Joseph Fiorilli proposed expansion of the township board "as soon as legally possible." Township Attorney Edward Brattigelli explained it was legally possible to expand the board by two members, but he was uncertain as to whether this could be done by special election or whether the township must wait until its next regular election, two years away.

Fiorilli supported his proposal for a bigger board by noting that the work of the board is growing and that more help is needed. "An expanded board will give the supervisor more help in assisting him in research and reaching decisions," Fiorilli pointed out.

His motion gained unanimous support.

Guido asked for the charter township study. He suggested that it might be a device for preventing loss of township area due to annexation.

In recent months township property owners have sought annexation to the city in two sections of the township. Both were accomplished, one by joint action of the city and township governing boards and the other by vote.

(Recent interpretations of the law governing annexations by cities the size of Northville would indicate that such annexation requests could not be prevented by forming a charter township — or even village incorporation, as neighboring Novi has learned. Full incorporation as a city provides such protection.)

Supervisor Merriam agreed that the board would see that a study of charter township government is undertaken and a report made in 60 days. It was proposed that the annual meeting be "adjourned" for 60 days so that action on the formation of a charter township could be undertaken, if determined advisable.

At the outset of Saturday's Northville township annual meeting, held in the community building, reports were heard from all three board officers. Following are excerpts from these reports made by Supervisor R. D. Merriam, Clerk Marguerite Young and Treasurer A. M. Lawrence:

Supervisor Merriam — the township is now negotiating to sell water from the new Detroit lines to both Northville State Hospital and Plymouth State Home; acreage on Bradner road, now owned by the Alex Gordon Company, may soon be sold to the Greenspan company

## The Northville Record

IF IT'S NEWS . . . AND IT HAPPENS IN NORTHVILLE . . . YOU CAN READ IT IN THE RECORD

Northville, Michigan, Thursday, April 8, 1965

10c Per Copy, \$4.00 Per Year In Advance

## Mrs. Carlson, Del Black Win City Race; Roberts Elected

Farrell Roberts will be the voice of Northville, Novi and Wixom in the state senate. Roberts, a Republican, was elected Monday to fill the seat in the 14th district left vacant by the death of Paul Chandler in December.

Defeated last November for the new court of appeals, Roberts showed his strength at the polls against Democrat Edward McNamara.

Roberts received a grand total of 15,744 votes in the district which consists of western Oakland county and Northville, Plymouth, and Livonia in Wayne County.

McNamara, a Livonia councilman, tallied 12,146 votes, trailing Roberts by 3,598.

There are 2,376 registered voters in the city of Northville where 601 votes were cast for Roberts and 323 for McNamara.

In Northville township, Roberts collected 300 votes compared with 83 for his opponent. Township Clerk Marguerite Young said 24% of the voters — 383 of 1600 — showed up.

Hadley Bachert, Novi township supervisor, said Roberts led McNamara by 77 votes. Robert's total was 301 with 224 going to McNamara.

Some 531 voters — or 21% — pulled the levers on the voting machines out of 2,500 who were registered, Bachert said.

Elizabeth Waara, Wixom city clerk, reported that Wixom experienced a 20% turnout. There are 752 registered and 142 came out.

Of all area communities, Wixom was the only place where McNamara pulled ahead of Roberts. The totals were 90 for McNamara and 52 for Roberts.

Roberts has spent two terms in either chamber of the state legislature. Instead of running for the Senate last year, he chose to try for the court of appeals.

He won in the primary but lost in the fall face-off.

Another well-known politician — former governor John Swainson — is back in public office.

Swainson was elected to the Wayne county circuit court. He got 354 votes in the city of Northville and 181 in Northville township.

Overall, Swainson racked up 142,961 votes in Wayne county. He was unopposed for the judgeship.

HAIL AND FAREWELL — Council Winners Mrs. Beatrice Carlson and Del Black congratulate each other. Mayor A. M. Allen, next to Mrs. Carlson, and Council-

man Richard Ambler seem happy, too. The mayor was unopposed and Ambler didn't run again.

## City to Launch \$58,000 Street Repair Program

The city council will take bids April 19 for an estimated \$58,000 worth of street repairs, which city Manager Bruce Potthoff reports can be nearly all completed from excess budget funds.

While the city manager informed the council it had the money to make the badly needed repairs, City Engineer Harold Penn outlined the proposed program:

- Main street from Rogers to Hutton, a one-inch overlay of asphalt;

- Thayer boulevard, repair and overlay;

- Eaton drive, Thayer to 7 Mile and on the east leg around Denton Park;

- Cady, Rogers to just east of Center, repair and grade;

- Church south of Cady to Beal, overlay;

- repair Novi and Rouge inter-

section; —Dunlap, Rogers to Hutton, overlay;

—joint repair of concrete streets in Northville Heights.

Penn said the estimated cost was \$58,560 and Manager Potthoff said the city had a surplus of \$50,000 mostly from track rebates. Potthoff noted that the repair program could be completed without hampering other programs for new paving, etc.

After discussion the council adopted the attitude that all such repairs should be done without special assessment. Installation of new streets or complete replacement of streets would come under the city's 25 per cent assessment program.

The council received four bids for paving West, Butler and Pennell. Three of the companies submitted bids within a few hundred

dollars — Oakland with \$6,651.62, A & A with \$6,638.73, and Cadillac with \$6,216.03. The council instructed the manager and engineer to study the bids and make a recommendation at the next meeting.

Manager Potthoff recommended that the council should give "serious consideration" to prohibiting all night parking both in commercial and residential districts. He suggested a street parking ban between 2 and 5 a.m.

Councilman John Canterbury took a more cautious approach. He said he had received numerous objections to the plan since it had been reported in the newspaper. Canterbury proposed that the ban be confined to the business district and that the manager outline definite areas. He also noted that a 2 a.m. might be too early to impose a ban.

Councilman Fred Kester agreed with Canterbury, stating that a parking ban in residential areas imposed too many hardships. In final council business Mayor A. M. Allen urged formation of a city-township library committee to assist the Wayne county branch with local problems. He said that county authorities had suggested the committee.

Councilman Canterbury was named by the mayor to discuss the proposal with the township. Allen and Canterbury were named to clear up the dump and fire department contracts with the township. City attorney Philip Ogilvie is scheduled to meet with Township Attorney Edward Draugellis to complete details of the library contract. The council concluded its meet-

ing with a tribute to Councilman Richard Ambler, who completed a four-year term Tuesday night.

Councilmen John Canterbury and Fred Kester roundout the council with Mayor Allen and Mrs. Carlson and Black.

Here's how the precinct vote went: No. 1 — Carlson, 255; Black, 157; Hammond 150; Nichols, 124; and Toussaint, 33;

No. 2 — Carlson, 170; Black, 109; Hammond, 147; Nichols, 70; Toussaint, 56; No. 3 — Carlson, 177; Black, 200; Hammond, 114; Nichols, 168; and Toussaint, 43;

and Toussaint, 43;

and Toussaint, 43;

and Toussaint, 43;

and Toussaint, 43;

and Toussaint, 43;

and Toussaint, 43;

and Toussaint, 43;

Incumbent Councilwoman Beatrice Carlson showed her heels to four male competitors for two vacancies on the city council Monday.

She easily topped her closest rival, Del Black, 602 to 466 as Black now takes over the council position formerly held by the retiring Richard Ambler.

Black, 35-year-old owner of Del's Shoes, edged C. Oscar Hammond by 55 votes.

Fourth place went to W. Wallace Nichols, who polled 362 votes. Charles Toussaint trailed with 132 votes.

Mrs. Carlson will begin her second four-year term on the council when elected councilmembers are officially sworn in April 19.

Unopposed Mayor A. M. Allen polled 720 votes, while Municipal Judge Charles McDonald garnered 699 votes without opposition.

For a race with little controversy to spark voter interest the turn-out cannot be classified as bad. A total of 1,074 votes were cast in the city election out of a voter registration of 2,376 for a 45 per cent response.

Black will replace Ambler, who attended his final meeting Tuesday night.

Councilmen John Canterbury and Fred Kester roundout the council with Mayor Allen and Mrs. Carlson and Black.

Here's how the precinct vote went: No. 1 — Carlson, 255; Black, 157; Hammond 150; Nichols, 124; and Toussaint, 33;

No. 2 — Carlson, 170; Black, 109; Hammond, 147; Nichols, 70; Toussaint, 56; No. 3 — Carlson, 177; Black, 200; Hammond, 114; Nichols, 168; and Toussaint, 43;

## Officials Report To Citizens

At the outset of Saturday's Northville township annual meeting, held in the community building, reports were heard from all three board officers.

Following are excerpts from these reports made by Supervisor R. D. Merriam, Clerk Marguerite Young and Treasurer A. M. Lawrence:

Supervisor Merriam — the township is now negotiating to sell water from the new Detroit lines to both Northville State Hospital and Plymouth State Home; acreage on Bradner road, now owned by the Alex Gordon Company, may soon be sold to the Greenspan company

developers of nearby Lakeport Village in Plymouth township, and that 300-400 homes were planned; that acreage on Northville road across from the root beer stand has been rezoned to permit multiple dwellings and that up to 400 apartments could be provided there; that a manager will soon to serve the water and sewer system on a part time basis; that legislation may soon pass in the state to allow township to prohibit hunting if they wish; and that the township is opposing a request from the city of Detroit to permit the operation of a gravel pit on May-

bury Sanatorium property.

Treasurer Lawrence — the tax levy in the township in 1963-64 was \$459,789 compared to \$502,619 in 1964-65; state equalized valuation in the township last year was \$11,297,000 compared to \$12,363,600 in 1964-65; the county's share of the tax levy went up from \$94,000 last year to \$117,000 in 1964-65, while the Northville school district went from \$299,653 to \$314,211 and the township government's share rose from \$13,574 to \$14,803; this year the township government's share rose from \$13,574

to \$14,803; this year the township collected \$478,077 of its \$502,000 levy.

Clerk Young — in the township's building department 129 building permits were issued, 145 violations, 31 sewer permits, 164 electrical, 115 plumbing and 74 heating permits with 145 contractors registered in the township; Total building valuation in the township in 1964 was \$1715,641 with the total income from building permits standing at \$10,410; 307 dog licenses were issued, 228 dump cards and numerous burning permits.

## Hi, Davison

The city of Northville was notified this week that Davison would be its "exchange" city for the annual swap of mayors during Michigan Week.

Davison is located east of Flint. Michigan Week will be celebrated May 16-22.

The Wixom board of appeals Monday night granted permission for the bank to house its operation in a trailer until its building is completed.

# Carnival Plans Jell

Plans for the annual PTA Carnival, set for noon to 7 p.m. May 15 this year, will be finalized at a meeting of representatives of participating groups at 8 p.m. Tuesday in the community building.

Myron Utley, carnival chairman, announced that a meeting of group chairmen with booth locations and other details. Changing the carnival time from Friday evening to Saturday is an innovation, he explained, to

avoid some of last year's congestion.

With more area residents coming to the annual PTA money-raising event, Utley said, it was felt that longer hours would relieve crowded conditions that sometimes prevailed on stairs and in the halls.

Having outdoor food booths, Utley explained, will replace the dinner usually held in the community building. (now part of the junior high).

## We're Sorry

We're sorry, Mr. and Mrs. William Rattenbury.

You observed your 70th wedding anniversary March 30 and have lived in Northville for 40 years, but as well-known as you are, we spelled your name wrong in last week's paper. It came out Rattenburg.

So we apologize for our error and extend our belated best wishes to you on your matrimonial milestone. And to Mrs. Rattenbury on her 90th birthday which was celebrated the same day.

# about WOMEN

THE WASHINGTON SCENE is the beat of Martha Rountree, final 1964-65 Town Hall speaker who was welcomed Thursday by Mrs. William Slattery, chairman, and Mrs. Philip Wegeng, publicity chairman. Miss Rountree criticized excessive government size and spending, saying "The American people must want to take back some of the power in Washington." Mrs. Slattery is at right.

## News Around Northville

Nine members of the Northville high school Future Teachers Club of America, were guests of Alpha Nu, the local chapter of Delta Kappa Gamma, at a spring tea at the home of Mrs. Wilson Funk, 845 Grace street, Saturday afternoon.

Miss Betty Leavitt, and Miss Carol Simon, a senior from the University of Michigan, sponsored the girls.

Guest of honor was Miss Jane O'Connor, the state president of Delta Kappa Gamma, who came from Grand Rapids to meet with the group. Miss O'Connor dis-

cussed some of the qualities of a good teacher and related some of her teaching experiences.

Hostesses for the tea were Mrs. Wilson Funk and Mrs. Bert Moshimer.

Anne Hembrey, daughter of Mr. and Mrs. Fred Hembrey of 9300 Napier road, has been initiated into the University of Michigan chapter of Alpha Lambda Delta, national freshmen women's honorary society.

Mr. and Mrs. Quentin Biddle of Edmonds, Washington, have been visiting relatives and friends in Northville and Plymouth. They are former owners of the Northville coach line.

Mr. and Mrs. Arnold Ellison and Mr. and Mrs. Mitchell Wayne of Brookland Farms spent a week's vacation together in Las Vegas. Mrs. Ellison and Mrs. Wayne extended their vacation by going on to Nassau and the men returned to Northville. Mrs. Ellison stopped over in Vero Beach, Florida to call on relatives before returning home.

A leisure luncheon in a favorite restaurant, instead of exchanging gifts, is the way Mrs. Russell Atchison of South Rogers street and Mrs. E. V. Ellison of Dunlap street celebrate their birthdays. Mrs. Atchison was host to Mrs. Ellison to honor her birthday, March 30, at Stouffers.

Leah McCarthy, daughter of Mr. and Mrs. Lawrence McCarthy of Clement road, spent her spring vacation in Long Beach, California, where she visited her cousins. The west coast vacation was a gift from her parents on her 21st birthday. Leah returned to her studies at Michigan State University last week.

Mrs. George Merwin of Cottingham road and her daughter, Mimi, attended the 32nd annual conference of the Michigan Society of the Children of the American Revolution in Battle Creek, March 26 and 27.

Mrs. Merwin was re-elected senior state president for another two years, and Mimi was elected state historian.

John Poulas, Jr., son of Mr. and Mrs. John Poulas of 795 Thayer Boulevard, has been transferred to St. Croix, Virgin Islands. He is manager of the Queen's Quarter hotel, Pelican Cove Beach Club and the Montpelier Estate Homes. Previous to his move, he was general manager of the North Shore hotel in Evanston, Illinois. Poulas is a graduate of Northville high, class of 1950, he received his master's degree from Michigan State University. The Poulas' have two children, a son Michael, 9, and a daughter, Andrea 6.

## In Our Town

By Jean Day

NORTHVILLE WOMAN'S CLUB'S 72nd year - just completed - will be entered in that venerable society's maroon and gold-silk yearbook as one of signal importance. As it moved to a temporary meeting place in the junior high school library the group intensified its campaign to "save the library building."

It also voted to re-affiliate with the Detroit Federation of Women's Clubs, which has its own building at 4811 Second Avenue in the Wayne University campus area. Approval of the Northville club's request came at the March 25 meeting of the Federation, along with an invitation for all members interested to attend its meetings.

A February snowstorm cancelled that month's meeting and brought approval just one day before Mrs. O. F. Reng turned over club presidency to Mrs. William B. Crump. Other officers for 1965-6 named at the annual luncheon meeting are Mrs. E. V. Ellison, vice-president; Mrs. J. B. Canterbury, re-elected recording secretary; Mrs. Robert Shafer, corresponding secretary; Mrs. Blake Couse, re-elected treasurer. Directors are Mrs. W. H. Cansfield, Mrs. George W. Kohs, Mrs. J. W. Cheetham and Mrs. Donald B. Lawrence.

Club records show that at the turn of the century the club already was sending members to state federation meetings in Ann Arbor. It was in the 1928-9 year that the membership voted to withdraw from the state federation and to become affiliated with the Detroit Federation. When the club's golden anniversary year dawned in 1942, it was wartime and "limitations of transportation" forced a policy of no out-of-town meetings. From that time, the Northville club remained independent.

Until 1943 when the club voted its present policy of meeting the first and third Fridays of the month, weekly meetings were held - sometimes as many as 26 a year. In early days, the group devoted a year's programs to exhaustive studies of histories of England, Germany, Scotland, Ireland, Russia, China, Spain, India, America and Michigan.

But there were miscellaneous program topics in 1901-3 with debates on these questions: "Resolved that Woman's Character is weakened by a multiplicity of pursuits," and "Is Innocence a Safeguard for our children?" The members also discussed: "Will a neat irritable woman make a better wife than a good-natured slovenly one?"

The club's yearbook gives this account of its founding: "The Mother of The Northville Woman's Club, Mrs. Lucy Stout Dowd, was a woman of rare intellectual ability. . . . She went about much and often when remaining any length of time in a place, would organize some kind of a literary club, before the day of universal women's clubs. So in Northville in 1891 she assembled a few women for the purpose of study. They met in the different homes and started with the study of lives and works of some of the prominent authors along with discussions of current events. Thus was interest spread, and in 1892 with Mrs. Dowd as leader, our present club was organized." In 1893 she was formally elected president by 70 votes, total membership of the group.

Doctor Mary E. Lapham was elected second president of Woman's Club in 1894. It was she who provided the club with a home. As she presented the library to the Ladies Library association, she stipulated that the Woman's Club could hold meetings there "so long as they desired."

NORTHVILLE BRANCH of the Woman's National Farm and Garden Association reports a "sell-out" for its portion of the annual Tri-Club luncheon to be held at 12:30 p.m. Tuesday at Lofty's Arbor Lil restaurant in Plymouth. The luncheon is the joint project of the Northville, Rosedale Gardens and Plymouth clubs with the Rosedale Garden club as hostesses this year. Mrs. William J. Ullenbruck will present films of a trip to Holland, showing Dutch gardens.

"ELEANOR'S EXCLUSIVE" - a first interview with the Italian-born bride of Henry Ford II which appeared on the front of The Detroit News-Sunday society section reminds us that Eleanor Breit-meyer, News society editor, is a former Northville resident and Record editor.

acquaintance.

—Samuel Johnson

## CORNER

Now settled in their Edenderry home, Mr. and Mrs. Harold Price, Anne, 9, Mark, 6, and "Pierre".

A rustic contemporary home on Fermanagh court is the new address of Mr. and Mrs. Harold Price, newcomers to Northville.

Their two children, Anne, 9, and Mark, 6, are students at Our Lady of Victory school, where their parents are active members of the parish.

The Prices lived for many years in Denver, Colorado. Mr. Price was employed with the

government there and Mrs. Price worked for Continental Airlines.

After graduation from the University of Iowa at Iowa City, Harold, did graduate work at the University of Colorado where he met his future wife.

Mrs. Price (Grace) attended Nebraska teachers College in Holdrege, her home town and then entered the teaching pro-

fession for a short time.

Before moving to Northville they lived for ten years in Livonia. Mr. Price is an engineer for Ford Motor Company in Allen Park.

Hobbies of the Price family include skiing and bowling and for relaxation they enjoy stereomusic, Grace especially likes the musical scores of Broadway plays.

## Groom's Father Officiates Langtry-Anderson Rites

Carolyn Jeanne Langtry and David Anderson exchanged wedding vows March 27 at the First Presbyterian church.

Carolyn is the daughter of Mr. and Mrs. Edwin R. Langtry and the groom is the son of Dr. and Mrs. Lauri Anderson of Bellaire, Long Island, New York.

Dr. Anderson is pastor of the Church of the Good Shepherd in New York and officiated at his son's wedding along with Reverend Lloyd G. Brasure.

The church was decorated with white gladioli and mums. Mrs. William Williams was organist and her husband Bill Williams soloist.

organza with insets of chantilly lace at the bodice and the lace was repeated in bands, trimming the full skirt. She wore a lace mantilla. Her bouquet was of white gardenias.

Mary Louise Langtry, sister of the bride, was maid of honor and Karen Beauregard of Onaway, and Rita Whaley of Flint, sorority sisters of the bride, were bridesmaids.

The attendants wore matching gowns of Nile green lace and chiffon and carried bouquets of Fiji mums and magnolia leaf gardenias.

Richard Henriques of Allentown, Pennsylvania, was best man and ushering the guests were, Bob Langtry, Mark Anderson, brother

of the groom, of Gettesburg, Pennsylvania and Gary Church.

Mrs. Langtry chose for her daughters wedding an ensemble consisting of a powder blue lace coat over a blue dress and Mrs. Anderson wore a dress of coral chiffon.

A wedding reception followed at Meadowbrook Country Club for 250 guests.

The bride is a student at Michigan State University and a graduate of Northville High school. She is affiliated with Alpha Gam-

ma Delta sorority.

The groom is a graduate of Dartmouth University and is affiliated with Phi Kappa Psi Fraternity and is doing graduate work at Michigan State University.

For her return to Lansing, the new Mrs. Anderson chose a coat and suit of celery green and wore brown accessories.

The newlyweds will live in Spartan Village until June when they will move to New Plotz, New York.

Mr. and Mrs. David Anderson

## Japan Topic Of AAUW

The American Association of University Women will hold its monthly meeting, Thursday, April 8. The meeting will be held at the Plymouth Community junior high school - East beginning at 7:45. Co-hostesses for the evening will be Miss Lucille McLaughlin, Chairman, Mrs. Gayle K. Brewer, Mrs. Florence Lathers and Mrs. Harold E. Pine.

Following a brief business meeting there will be a study group panel presentation on the subject: Living Japan. Members of the panel will include six Japanese students from the University of Michigan. Also as part of the evening program there will be a presentation of a Tea Ceremony.

The Japanese students will be dinner guests at the home of Mrs. George Purcell, 1291 Beach Street prior to the Branch meeting.

## Volunteers Honored

Mrs. Howard Atwood of 121 High street and John Hyde, 112 East Dunlap, a teacher at the Northville junior high school, were among the 200 Red Cross volunteers who received five year pens at the Detroit Chapter's annual awards ceremony held March 27.

Fredrick K. Cody, chairman of the Detroit chapter of the American Red Cross, described the volunteer as one who serves to relieve human suffering and who dedicates himself to the many causes of the Red Cross, by placing its goals and aspirations in the forefront.

## Guild Feting Priest

The Jesuit Patna (India and Nepal) Mission Guild of Detroit in conjunction with Reverend John A. McGrail, S.J., of the Society of Jesus and the Jesuit fathers, brothers and scholastics are extending an invitation to a farewell reception in honor of Reverend Louis DeGenova, S.J.

The reception and donation tea will be held, Sunday, April 25, in the Fries ballroom, Grosse Pointe War Memorial center, 32

Lake Shore Drive, Grosse Pointe Farms.

A Northville resident, Mrs. Joseph Fiorilli of Harbert road, is in charge of publicity for the guild. Members of the guild from Northville, and Livonia will attend.

For the past 45 years the Jesuit Fathers of the Detroit Province have been assigned by the Pope, to the largest single mission in the Catholic Church, Pat-

na, India and the Kingdom of Nepal. Jesuit personnel numbers 281 (American and Indian), conducting and supervising 41 main mission stations, 114 sub-stations, five hospitals, leper clinics, six high schools and 147 mission schools with 19,800 students.

Father DeGenova, will comment on color slides of the Patna Mission from 2 to 2:45 p.m. A reception will follow in the ballroom.

Donations received at the reception will be used for the most pressing needs of the Patna Mission in India.

## Modern Math Topic

"Modern Mathematics", will be the topic of a talk by Jan Mangan, assistant principal of Farmington junior high school, at the Northville junior high P.T.A. meeting at 8 p.m. tonight in the junior high boys' gym.

Mangan is a 1959 graduate of the University of Michigan and has been with the Farmington school system since then.

Election of P.T.A. officers for 1965-66 will be held during the meeting.

## Named Markle Scholar

Dr. Roger F. Palmer, son of Mr. and Mrs. Roger E. Palmer of Llorrae Lane, has been named a Markle scholar. Dr. Palmer is assistant professor of pharmacology and medicine at the University of Florida's college of medicine.

Palmer was the top honor student of the first graduating class of the college of medicine in 1960.

The honor, among the highest in academic medicine for young scientists, was awarded by the John and Mary R. Markle Foundation of New York and includes \$30,000 over a five-year period.

Dr. Palmer was one of 25 medical scientists in the U.S. and Canada selected as a Markle scholar from 74 candidates submitted by medical colleges this year.

## Engaged

Mr. and Mrs. Edward Fisher of 19010 Balden road, announce the engagement of their daughter, Darlene, to Kenneth Robinson, son of Mr. and Mrs. Joseph Robinson of Salem.

A June 26th wedding is planned at Our Lady of Victory church.

## SPEAKING for The Record

By BILL SLIGER

This has been the week that was at The Record.

For many months we've looked forward to the day when the conversion from letterpress to offset printing would take place.

With as much advance knowledge as we've had, you'd expect that the switch might be made smoothly.

But there's an old saying.. "the best laid plans", etc. and we're finding there's truth in that.

It was our decision that when we converted to "offset" we'd go all the way. That is, we'd set all our copy by the new "cold type" method, rather than using our linotypes and other "hot type" equipment and then pulling proofs for photographing.

You'd be surprised how many things appear in the newspaper week after week without being reset. Standing headlines, repeat want ads, display ads that run many weeks without change, etc.

This week we've reset nearly every one of these "standing" items — so you might say, all our copy is brand new.

Normally, we could have started weeks ago on this "reset project" — except that we didn't have the new cold type equipment to do the resetting.

So everything has come at once, and there have been some compromises with previous plans.

This first edition of The Record and Novi News publications by the offset method is the beginning of a whole new series of plans to improve our community newspapers.

One major change, which will take place next week, is a full-coverage section of the newspaper delivered free to every home in Northville, Novi and Wixom. Pages from this section will also appear in the regular edition of The South Lyon Herald.

Basically, this is our want ad section, but it will also contain a feature page, area church announcements and other news of area interest.

What this section provides is a medium for the advertiser who feels he would like to reach every home — not just subscribers — with his sales' message.

At the same time we have not reduced the status of our publication from a paid-subscription newspaper to free-distribution.

Subscribers will receive the full edition — the front page section as well as the full-coverage section.

There are many advertisers who feel that if a person is not interested enough in a newspaper to subscribe, then he probably won't read the ads and therefore is a poor customer prospect. That's one of many reasons why we believe it is important to maintain the paid-subscription status of our newspapers.

We've always believed that nearly everyone reads want ads, however, and that's what prompted our decision to include the classified pages in the full-coverage section. We also know that the more readers, the better results our want ad users will receive. Logically, the better the results, the more want ads we'll receive.

You may notice, too, that our newspaper is slightly smaller. Not quite down to "metropolitan newspaper" page size; but reduced from the old sheet size used on the flatbed letterpress. And our pages now contain the more conventional eight columns, instead of nine.

Improvement of picture reproduction is always pointed to as the major advantage of offset. But we're finding there's more to good picture reproduction than just slapping snapshots on a page. Proper screening of photographs is essential in offset, and we're still learning. If our pictures appear improved this week, it's luck. They should become sharper as the weeks go by.

With our new versatility will come more improvements. And in our plans is a public open house to "show off" our composition set-up at The Record and our new press facilities in Novi. But this must wait until our house is in order. Right now, getting out the weekly edition is a major production.

## Readers Speak

# Getting Full Value From School Taxes

To the Editor:

In the next few months, Northville citizens are going to be asked to approve a bond issue of some \$3,000,000 for additional classroom space and a swimming pool.

It is obvious that we need more classroom space and that the necessary funds should be voted.

I personally favor a swimming pool, although in this area there is more room for controversy.

I hope it will not be presumptuous for me to offer a few comments.

I hope there is active citizen participation in the planning of the schools to see that the most practical buildings are built at the lowest cost consistent with their purpose. I am quite sure our administrative officials, the teachers and the Board of Education will welcome constructive help in this area. If citizens do not participate, let no one say he had no opportunity to let his views be known.

Regarding the swimming pool, it is my opinion that in most organized sports, the larger, brawnier lads have the advantage and that the smaller boys are side-liners. This is a

fact of nature and no one is to blame. There is no better sport than swimming and all children can participate regardless of size and regardless of athletic ability. I hope that the administration of the pool will be on this basis, rather than reserving it for the teams almost exclusively. If the cost is high, consider the cost of the football field, the baseball diamond (land cost as well as stands, lights and upkeep).

As to the cost in additional taxes, I will make no brief about the pain. Tying educational financing to real estates for the main source of revenue is archaic and unjust. The remedy however is not in the hands of your local school board. It is in your hands and the hands of the people of this state and of the nation.

At present Northville has a need. To older people, retired people, low income people the tax may be a big burden. I feel that it is an unjust burden. The remedy is not in denying a proper education to our children. Vote for the tax even though it hurts, and look for a remedy by raising cain with your representatives.

One final word. The finest physical plant in the country

does not make a good school. It is going to cost money to operate the schools — heat, light, maintenance, teachers, etc. Most of all good teachers. Teachers are little different other people. They go where the most money is. Of late we have done better, but there is still room for improvement in teachers' salaries if we want to preserve and improve our educational standards. (It is a sad commentary, in my opinion that two of our best teachers had to become administrators to improve their financial position.) Unless something completely unexpected happens, Northville can look to no great improvement in its tax base by gaining industry. So in 1966, the request will be to renew the extra millage which was voted in 1956. It is unlikely — in my opinion — that this will provide enough for the operation of the schools. More likely the community will be asked for 12 to 15 mills. I mention this not because I want to frighten people, I mention it because I think the hedge-podge tax laws of the state and the nation need revision. And nothing is being done about it. Nearly everyone is getting a tax break these days, either through loop holes such as capital gains allowances, depletion allowances, etc., but very little break is given the man on a salary — and the smaller the salary the less the break. Every one cannot be expected to be a tax expert, but something smells when we can send men to the moon but cannot afford to educate the children of this nation.

Very truly yours  
D. B. Lawrence  
EDITOR'S NOTE: Mr. Lawrence is a former member of the Northville School Board.

## Upholds Record On Prank Story

Dear Editor:

I am writing to you regarding the letter from Kent Hunter on the article concerning the fire-cracker throwers. He states that the article was "blown out of proportion" and "it boils down to two boys pulling a prank." A prank? What kind of a prank is it that could have caused the police officer or anyone else, for that matter, his eyes? He (Hunter) says the boys need some punishment, but the \$15 fine and 3000 word theme was enough. We have to write themes like that in the 11th grade English classes quite often. Also, who's pocket will the \$15 come out of, the boys? Or their fathers? The "punish-

ment they get from their parents," will probably not amount to much more than being grounded for a weekend or two. But the article, printed in a home town paper where everyone in the town can read it, might humiliate the so called "young men" (who are seniors in high school as Hunter) enough so they might be inclined to grow up enough to act their age instead of playing grade school games. In my opinion Hunter's letter was more "out of proportion" than that, or any other article printed in the "Record". Thank you.

Sincerely,  
Rick Dalbot  
Class of '66

## Albion Band Features Six NHS Musicians

Six members of the Northville high school band are on tour this week with the Albion college band playing concerts in Michigan and Illinois.

The last program will be performed tonight in Batavia, Illinois.

Participating from the high school are French horn players Judy Sommers and Sherry Meyer, cornetist Kris Diebert and percussionists Mary Severance, Tom Wilson and Gary Becker.

Albion students from Northville in the band are freshmen Jo Hildebrandt and Carol Klopstein and sophomore Charles Somers.

Earlier, the Albion band appeared in five Michigan cities — Northville, Danville and Detroit on Monday and Clinton and Adrian on Tuesday.

Assistant Principal Eugene Quay said the NHS students will spend a few days in Chicago before returning to Northville.

## A Friendly Reminder

## Revolutionary new mower FLYMO

You've never seen anything like it. The 19" Flymo rides on a cushion of air, just like the famous military hovercraft. Flymo is exceptionally maneuverable. It weighs just 30 lbs. and fingertip pressure is all that's needed to move it in any direction. It handles as well on hills and terraces as it does on flat lawns. With its ground-hugging design, it even trims under low-hanging trees, shrubs and bushes.

## Manufacturers Bank is looking for people to lend money to

Responsible people with worthwhile needs. Like Gary and Barbara Adamson, whose family in recent years, has grown faster than family income. So, when they found they had to enlarge and modernize their kitchen and convert unfinished upstairs space into extra bedrooms, they simply couldn't pay cash. But they could get the job done now, and with the help of a Manufacturers Bank FHA Home Improvement Loan, have the time to pay for it.

Manufacturers makes FHA Home Improvement Loans up to \$3500, with up to five years to repay. And the Adamsons were able to arrange Manufacturers Bank FHA financing through their own contractor.

Manufacturers Bank is looking for people like Gary and Barbara Adamson to lend money to. Responsible people whose needs are not really more than they can handle. Just more than they may be able to handle all at once.

## Willowbrook News

**VI Myers** GR 4-8015  
Recent newcomers to Willowbrook are Mr. and Mrs. Ronald Fischer, formerly of Rivergrove, Illinois and now residing on E. LeBost drive. Mr. Fischer is with Greyhound as food manager. The Fischers have one child, Fred Edward 14 months old. The family pets are mother and daughter miniature German Schnauzers and answer to their names of "Sweetie" and "Schotzie". Mr. Fischers' hobbies are varied, they include cards, chess, bowling, photography and hunting. Mrs. Fischer likes cards, bowling and sewing.

Also newcomers to Willowbrook are Mr. and Mrs. Richard Masten, formerly of Madison, Wisconsin and now residing on Malott drive. Mr. Masten is employed by Cunningham Limpcoan engineering and building firm in Detroit. The Mastens have four children Catherine, nine years old, Janet, eight, Carol, five and Tommy five months. The Mastens hobbies are outdoor activities whenever possible.

Eleanor Foley of E. LeBost is home recuperating from surgery done at Brent General hospital in Detroit last week.

Several Willowbrook ladies were present at the card party and fashion show given by the Town Club of Farmington last Thursday. The theme was French and the style show was presented by Harvi's of Farmington. Mary Bruce was Jan Uciniski's guest, Jan and Audrey Blackburn were two of the "workers" and Donna Reed was a model. Among others who attended were: Pat Rowley, Linda Grensing, Jean McClelland, Margo Stewart, Deloris Jennings, Glenna Grant, Norma Fischer and Nancy Miliken. Glenna, Norma and Nancy each won a prize.

The Mathew Echols of McMahon circle are home after spending four months in Phoenix, Arizona. They made many side trips while there, including California and Mexico.

Linda Polak, daughter of Mr. and Mrs. Edward Polak of Border Hill road, auditioned last Saturday at Oakland University for a music scholarship. Good luck, Linda!

Mr. John Berry and children, Eric and Kim of McMahon Circle were guests of Mr. Berry's parents, Mr. and Mrs. Fred Berry of Coloma, Mich. for the weekend.

Mr. and Mrs. John Zimmerman of Grand Rapids were weekend houseguests of Mr. and Mrs. John Parent of W. LeBost. The Parents and the Zimmermans were guests Sunday of Mr. and Mrs. John Dennehy of Grosse Pte for cocktails. They all then went to Hucks in Grosse Pte. for dinner that evening.

Nestorlene Kuchinskis of W. Ten Mile road and former Willowbrook resident, Edie Secrist are back from a two week trip to Chicago. They had a wonderful time seeing shows, going to various night clubs and shopping. They saw Don McNellis "Breakfast Club" at Hotel Hilton while there and stopped at Gary, Indiana for two days on the way home.

Glenn Gardener, son of Mr. and Mrs. Merv Gardener of LeBost drive celebrated his ninth birthday with a family party Saturday. Mr. and Mrs. Arnold Bell of Maude Lea Circle, Mr. Bells' parents, Mr. and Mrs. Lester Bell of Romeo and his sister and husband Mr. and Mrs. Carl Avery, celebrated the senior Mr. Bell's birthday Saturday March 27 by having dinner at the "Short Horn" in Lapeer, Michigan.

Mrs. Robert Bralwood of W. LeBost drive is at home recuperating after spending nine days at St. Joseph's Hospital in Pontiac. She had quite a bout with pneumonia.

This year a movie entitled "Smoking—The Inside Story" is available. Mrs. Weber, chairman of the Northville branch of Michigan Cancer Foundation, said the film can be obtained by calling 349-9971. Mrs. Smith was the chairman last year.

**SAFETY FIRST**—Police Chief Eugene King was on hand Friday to present awards to the safety boys and service girls for February from the elementary schools in Northville. Winners from the Main Street elementary were (left to right) Kathy Simpson and David French and from Amerman were Mary Joe Holman and David Earehart. Manufacturers National Bank provided the pen and pencil sets for the boys and the Northville Mothers club the pins for the girls.

## Municipal Court

Trials were heard Monday by Judge Charles McDonald in Northville Municipal court.

Edward Jennings of 100 East Cady street, was ticketed Sunday at Edward Hines drive and South Center streets for disobeying a red traffic signal. At his arraignment, Jennings pleaded guilty as charged. The fine was suspended.

Excessive noise caused by a defective muffler cost a Northville motorist a fine of \$10. Raymond Sudz of 355 East Main street was ticketed March 24, at Main and Center streets. At his trial Sudz pleaded guilty.

Robert Richmond of Adrian was charged by Ross MacKay, a state department of agriculture inspector, for violation of the ag-

riculture quarantine by transplanting straw from Lenawee county to Northville Downs without having it fumigated. Richmond was fined \$10 and \$5 court costs.

Roland Beyer, 47500 Six Mile, was charged by R. B. Willis, Northville township building inspector, for violation of zoning and building codes. Beyer conducted commercial business in a residential district. Beyer was arraigned March 22, stood mute and was released on \$100 personal bond. At his trial Beyer changed his plea to guilty and was fined \$35 and \$10 court costs.

Nicholas Kondur of 49091 Ridge Court was fined \$10 and \$5 court cost for violation of the Northville township building code. Kondur was found guilty of failing to get a permit for occupying a residence without a final certificate of occupancy.

## To Install New Officers

New officers of the Northville Commandery No. 39, Knights Templar, will be installed at the Northville Masonic temple Saturday night.

Walter D. Hutchins is the incoming eminent commander. The retiring commander is Edward D. McCarthy.

Other assisting officers to be inducted for the next year are Earl K. May, generalissimo; Wang J. Livingston, p.c., captain general; Herman A. Wedemeyer, senior warden; Ernest R. Gartz, junior warden; Wilfrid J. Lus-

sier, p.c., prelate; Eldred H. Huff, treasurer; C. Ray VanValkenburgh, p.c., recorder; August Canke, standard bearer; John T. Harrington, sword bearer; George Y. Cheng, warden; and Ward A. Cook, sentinel.

Also to be installed as guards are Lee V. Harrison, Roy D. Smith and Ralph Gish. Edward D. McCarthy, p.c., will serve as associate captain general and Lawrence M. Miller, p.c., as associate prelate.

Fred G. Kirby, p.c., Redford Commandery No. 55, K.T., Emi-

nent grand senior warden, Grand Commandery Knights Templar of Michigan, will officiate as installing officer. Harold H. Blackett, p.c., acting as Grand Marshal and Lawrence M. Miller, p.c., acting Grand Prelate, past commanders of Northville Commandery, will assist Kirby in the Templar rites.

Following the commandery's seventy-eighth installation ceremonies a reception and social hour will be observed. Masons, their ladies and friends are invited to attend.

## Car Rams Gas Station

A car driven by a Northville teenager rammed into a corner of a gas station at 10 Mile and Meadowbrook roads in Novi Sunday, breaking three plate glass windows.

The boy, a juvenile, fled. But he quickly returned and was ticketed by Novi police for leaving the scene of an accident. His case will be heard in juvenile court.

The boy said he was parked facing the station. He started to back up but put the car in forward instead of reverse. The car lunged ahead, striking the building.

# NOVI HIGHLIGHTS

by Mrs. H. D. Henderson FI 9-2428

Mr. and Mrs. Daniel MacGillivray were honored on their 20th wedding anniversary Sunday by a surprise party. Their daughter, Suzanne planned the whole affair including a buffet supper. Novl guests were Mr. and Mrs. John Schillters and son Michael, Mrs. Marian Weiss, Mrs. MacGillivray's son, John Chapman and his friend, Sharon Friedman, also Mr. Jene Windrows of Detroit, Mr. and Mrs. Earl Spicknell of Wolverine Lake and Mrs. Mac Gillivrays relatives, her daughter, Mrs. Annette Cheeks, and granddaughter, Nanette Cheeks and her mother, Mrs. Mabel Shilliday all from Garden City.

Mr. and Mrs. Harold Miller visited the latter's sister and brother-in-law, Mr. and Mrs. Russell Main in Detroit this past Sunday. The Mains had just returned from visiting the sister of Mrs. Main and Mrs. Miller, Mrs. Sidney Ross in San Francisco, California.

On Saturday March 27 Mrs. David Howard LaFond entertained her mother, Mrs. Margaret Nicols of Detroit on her 75th birthday. There were 25 relatives present for the occasion, all from Detroit.

Mr. and Mrs. James Holmes are the parents of a son, James Malcolm born at St. Marys hospital in Livonia March 24. He weighed 7 pounds and 15 ounces. The grandparents are Mr. and Mrs. Dan Kenny of Twelve Mile road and Mr. and Mrs. Hiram Holmes, Novi road.

Melvin Guntzville has been a guest at the home of Mr. and Mrs. Hiram Holmes for several days.

Dr. Harold Henderson returned home Sunday after spending five weeks in St. Mary hospital at Livonia.

Robin and Lori Fox spent sister weekend with their sister, Holly, who is attending Eastern Michigan University at Ypsilanti.

Lori Fox, daughter of Mr. and Mrs. William Fox of Eleven Mile road, celebrated her 11th birthday, Monday April 5.

After spending 3 1/2 months vacationing in California, Mr. and Mrs. Fred Mandlik have returned to their home on West road. They visited their son, Fredrick and family at Westminster. Among the many places they visited were Knotts Berry Farm and Disneyland, both near Westminster, and

Death Valley, Imperial Valley, India, Las Vegas and Old Mexico.

Mr. and Mrs. Roy Schram spent the weekend at their cottage near Cadillac, Michigan. A daughter Karen Ann was born to Mr. and Mrs. Norman Somers at St. Marys Hospital in Livonia, March 28. The grandparents are Mr. and Mrs. Richard Somers of Northville and Mr. and Mrs. Clayton Stephens of Lakeview in Northern Michigan.

Rev. and Mrs. LaVere Webster and Mr. and Mrs. Duane Bell attended a wild game dinner at Davison, Monday evening. The dinner was sponsored by the Williams Gunsmith Company.

Tim Bell was 13 years old Friday, April 2. He celebrated at a special supper with his parents, Mr. and Mrs. Duane Bell and his brothers and sister Kathleen. Later he went camping with the Boy Scouts and supplied cup cakes for the whole troop.

Mrs. William Newman and son, Mark, of Los Angeles, California arrived in Michigan by plane last Thursday to visit her parents, Mr. and Mrs. Alfred Gow and other relatives and friends.

Mr. and Mrs. Alfred Gow were called to Pontiac on Sunday by the death of the former's aunt, Mrs. Augusta High.

Mr. and Mrs. Willis Miller were the dinner guests of Mr. and Mrs. Wayne Patton of Clyde at Fenton on Monday this week.

Mrs. Willis Miller entered Botsford General hospital at Farmington on Wednesday where she will undergo major surgery.

Novi Baptist Church News

The Junior B.Y. group elected officers at their meeting Sunday evening. President, Larry Smith; vice president, Danny Munro; secretary, Janet Warren and treasurer, Mike Pittman. They also made plans for the children of Israel Party on Friday from 7-9 at the church. The children are to come dressed as their favorite Bible character and be prepared to give clues so they can guess who they are.

Miss Carole Swain, Missionary Intern will be a guest at the Lawrence Smith home for the next month.

The College and Business age group attended the special services at the First Baptist church in Pontiac Monday night to hear associate Evangelist Roy Gustafson of the Billy Graham team. This group also plans to attend the

Tri-county Youth Rally in Kalamazoo next Saturday night when Pastor Barnes will be speaking.

All fathers and sons in the community are reminded there is a well planned special night for them at the church Thursday April 15 at 7:00 p.m. On the reservation committee are Mr. Warren, Mr. Salter, Mr. Lippert, Mr. Tait and Mr. Coburn. The program committee has a need for putters to be borrowed for the miniature golf course that will be set up in Flint Hall. There are two special calling nights for men only - April 5-12.

There will be a Singspiration next Sunday evening at 8:45. Ten churches have been invited and each church will furnish special music. Surprise guest will be Max Davey who recently conducted a concert at the Henry and Edsel Ford auditorium; he will be bringing some of his ensemble members with him. Anyone who likes music is invited to attend following your own church services, and will be most welcome as our sanctuary seats 500.

Pastor Bob Warren was present at the Workers Conference on Tuesday and presented a plan they have used in their Sunday School with great success called "A Record of Achievement". Plans were made for all church calling night on April 19 or 26.

The fourth grade class had a party on Saturday at the home of Mr. and Mrs. Coburn. The children received their awards for accomplishments in the last quarter of Sunday School. Reye Coburn was presented the award for best attendance by her teacher, Miss Gloria Bugni and the following girls received awards for memory verses, Debbie Moore, Jennie Warren and Reye Coburn.

Novi Methodist Church News

Next Sunday April 11 is Palm Sunday, April 15 Maundy Thursday at 8 p.m. services will be held in Novi Church for both Novi and New Hudson churches. Good Friday services April 16 will be held in New Hudson for both churches at 1 p.m. On Easter Sunday the MYF sponsors a pancake breakfast between the 7 o'clock service and the 9 o'clock service from 8 to 9 o'clock.

The last Lenten Potluck was held on Wednesday sponsored by the Commission on Finance. A short film strip "Reason for Being" was shown, followed by a hymn sing. Choir practice at 8:15

Steering committee meeting at 8:30.

Consult the prayer calendar and take time to pray for Home Missions, Newberry Center, Chicago, Illinois and Foreign Missions, India, Jabalpur, Leonard Theological college and Reading room.

The MYF met Sunday evening at 7 p.m. and made plans for serving the Easter breakfast.

Mr. Orland Bumann led the discussion group and Mrs. Van Wagener served the group coffee. Holy Cross Episcopal Mission The Bishops committee met April 4th at the home of Robert Collocott in Northville.

The E.C.W. held its monthly meeting at the O'Hara home, 40450 W. Eleven Mile road on Tuesday.

During Lent the chapel services will be held on Wednesday at 7 a.m. Holy communion and at 7 p.m. The Way of the Cross Service.

The adult inquiring class meets on Thursday at 8 p.m. at the Vicarage, 44080 Marlson drive and the Catechism and Acolyte training classes are held every Saturday at 4 p.m. also at the Vicarage.

Choir practice is held at the home of Mrs. Cookson every Thursday. Call Mrs. Cookson, GR 4-7869 if you wish to join the choir.

Sunday Church services are held at Orchard Hills school, 10 Mile and Quince drive, Holy Communion at 8 a.m. at the vicarage.

Blue Star Mothers

Novi chapter 47, Blue Star Mothers will meet next Tuesday, April 13 at the home of Mrs. Earl Clappison, Twelve Mile and Novi road. Bring your own sandwich and the hostess will serve dessert and coffee.

Novi Boy Scout News

Twenty-nine Boy Scouts and five leaders left Novi Friday evening for a weekend campout at the Island Lake Recreation area. Unfortunately three boys and one leader had to return home when they came down with the flu before the end of the campout.

Leaders who accompanied the Scouts were Mr. Robertson, Harold Sigbee, Art Sigbee, Mr. Parla and Mr. Gombasy. Mrs. Bell treated the boys to cup cakes in honor of her son Tim's 13th birthday on Friday. The boys made several advancements and took several five mile trips where

they identified edible plants etc. This campout was the first time the boys used their new tents.

The scouts wish to report that they had the best paper drive they have ever had and they received a good price for their papers. They plan to have more paper drives this year.

Odd Fellow News

There were 50 present at the IOOF meeting last Tuesday evening. Their guests included Philip Bialock, Grand Master of the Grand Lodge of Michigan and several district deputies who came from Pontiac, Plymouth, South Lyon, Garden City and Milford.

After the meeting the Novi Rebekahs served a luncheon.

Novi Rebekah Lodge News

Thursday (tonight) is the regular lodge meeting for Novi Rebekahs. There will be a memorial service for sister Alice Waite.

Next Monday, April 12 the Independent Rebekah club will meet at the home of Pearl Tamm at 38396 Thirteen Mile road, Farmington. Hildred Hunt will assist Mrs. Tamm as co-hostess.

Eleven Novi Rebekahs attended the district meeting at Berkeley last Saturday.

There were 95 present for the Luncheon is served and an afternoon of cards last week on Tuesday. They had table prizes and several door prizes.

Novi Girl Scouts

Junior Troop No. 1027 elected new patrol leaders the Black Cats - Reye Coburn leader; assistant, Vickie Rock and treasurer, Kathleen Ward, Corinne Colton brought treats. Honey bees - Diane Skelton leader; Terry Tornow, assistant; Janeen Miller, treasurer. Kirsten Fetting brought treats, Green Hornets. Loretta Harbin, leader; Bonnie Rock, assistant and Rose Button treasurer. Juana Whittington brought treats. The older girls helped the new girls with their work on hospitality and dramatics for their badges.

Brownie troop 351 practiced on their flag ceremony and worked on their project for their mothers.

Novi Cub Scouts

Last Wednesday night the Pack committee men had the first of four training sessions. Den mothers and assistants will attend training sessions April 7 and 14 in South Lyon in conjunction with den mothers there.

It was decided at the last den mother's meeting that the dens will follow the theme the green thumb. Each boy in the pack will be making a head mask of either vegetable or fruit for the pack meeting Friday, April 30.

The annual dinner for the Clinton Valley Council, Ottawa District for Cub and Boy Scouts was held at the Clifford Smart Jr. high in Waterford township last Saturday, April 3. Seven couples attended from Novi.

Courses may be taken by those who wish to work toward the completion of a degree or by those who want to upgrade their occupational skills.

WHO MAY ATTEND: All bona fide residents of the College District are eligible. The College District includes the School Districts of Clarenceville, Garden City, Livonia, Northville and Plymouth. Non-residents may enroll in courses for which they are academically qualified as long as there are openings.

HOW MUCH DOES IT COST: Resident tuition is \$8.00 per credit hour plus a 50c per semester hour student service fee. The total non-resident tuition and fee is \$12.50 per credit hour. All students entering the College for the first time must pay a \$10 non-refundable registration fee in addition to the tuition and student service fee.

HOW DO I REGISTER: Evening College students wishing to accumulate college credit must matriculate and take the counseling tests. Details for matriculation are included in the application materials. Make application in the Admissions Office. This should be done immediately. Each student who has completed his application may make an appointment to arrange his courses with a counselor by calling 591-6400, Ext. 223.

Applicants not wishing to accumulate college credit need not matriculate but must make application and pay the \$10 registration fee. Non-matriculating students do not take the counseling tests, and are limited in choice of subjects to those courses having no pre-requisites. These students may complete application forms and register at the first meeting of the class.

WHEN DO I REGISTER FOR EVENING COLLEGE CLASSES: May 3, 4, 5, and 6. Come in person, prepared to complete all details of registration including payment of fees and purchase of books and class materials. \*All students, whether pre-registered or not, should report directly to the room in which their class is to be held at the regular scheduled time.

Instructions and directions will be given by the instructor for completing the registration procedures. Students are urged to enroll at the first class session. No one will be permitted to enroll after the second meeting of the class.

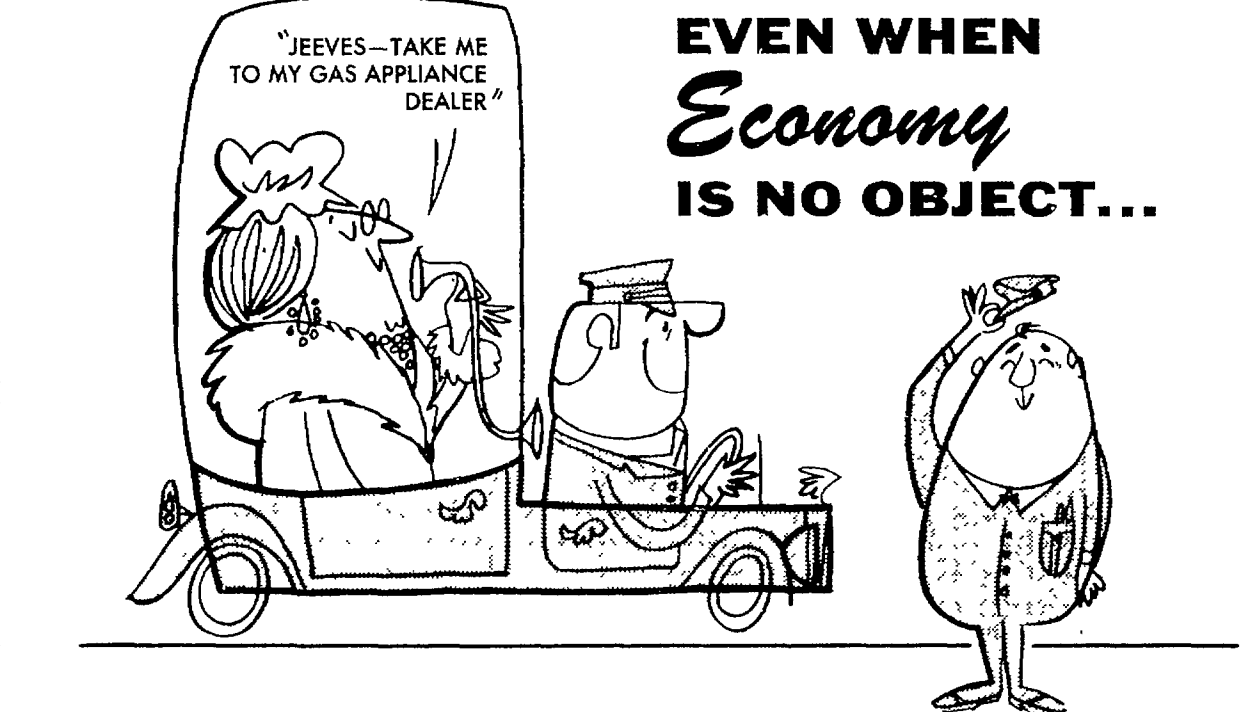

WHAT IS THE DEADLINE FOR REFUND OF TUITION AND FEES: The registration fee of \$10 is non-refundable. Until Friday, May 7, at 5:00 P.M., at least 60% of the difference between the tuition for the number of semester hours still being taken will be refunded. May 10 through 14, 30% will be refunded. After May 14, at 5:00 P.M., no refunds.

WHEN WILL I KNOW FOR SURE THE CLASS WILL BE HELD: A class will be held if 8 or more students enroll. The College reserves the right to cancel any class without sufficient enrollment. Cancellation will be determined no later than the second session of class.

\*Welding students are to register in the College Library at 7:00 P.M., May 3, before going to class at Bentley High School.

Norman E. Dunn, Registrar

Dell Reed, Director of Evening College

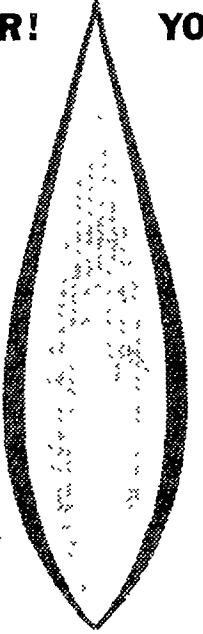

EVEN WHEN  
*Economy*  
IS NO OBJECT...

## GAS is still a wise choice!

NOTHING COOKS FASTER!  
NOTHING COOKS BETTER!

ENJOY ALL THE HOT WATER  
YOU WANT...AT LOW COST!

All the new gas ranges offer amazing automatic timing devices - new, low temperature oven control - automatic meat thermometer - speedy top burners with automatic controls that hold heat where you want it - plus many other features you'll enjoy. See them today.

Gas Ranges offer ALL the most modern features... and styling that is second-to-none

If economy is important YOU SAVE when you buy, install and operate a Gas Water Heater

Today's automatic GAS water heaters meet every demand for hot water needs in the modern home. With GAS you can depend on plenty of hot water for all the family - in the kitchen, in the laundry and in the bath. That's the joy of owning a GAS water heater.

# Spirited Mustang Nine Meets Mighty Milford

Unless 'Old Sol' cooperates, chances that Northville's spring sports program will get into full swing this week as scheduled are mighty slim.

Last Thursday's snow took care of that. It was just enough to turn local athletic fields into seas of mud to keep prep hopefuls indoors.

But still spirit and optimism run high.

Hardest hit by the inclement weather has been the golf squad, which has not had an opportunity to even work out. Things are better in other quarters as baseball, tennis and track hopefuls go through spirited workouts.

"We haven't had a chance to see how good we'll be because we haven't been outside yet," said baseball Mentor Bob Kucher.

His charges have been working out in the high school gymnasium the past four weeks, drilling on fundamentals of the game and sweating through calisthenics.

Still Kucher's reserving final comment on his team's potential until he has a chance to see it behind the bat. "We've got to see how well we can stick the ball," said Kucher.

Twenty-four players remained on the varsity roster as of last Friday, but Kucher pointed out that at least six, and maybe even

nine hopefuls will be cut sometime this week. The Mustangs, then, will meet Milford on the road today with either 15 or 18 members on the squad.

And what's more, transfer of Outfielder Bud Rathert, a junior from Upper Merion, Pennsylvania, has bolstered the outfield corps. His presence may prove vital, for the Mustangs lost the services of prospective starter, Phil Andrews, who sustained a bad sprain.

Except for the presence of these newcomers, Kucher's stalwarts are veterans. On them rests the hopes for improving on last year's disappointing record of 4-10 in Wayne-Oakland Conference play and 4-13 overall.

Tentative starting lineup for Thursday's ball game is:

First Base - Mike Turnbull, a letterman junior;

Second Base - Bob Bartski, a letterman junior;

Third Base - Senior John Mach, a two-year veteran;

Shortstop - Junior John Jameson, last year's shortstop;

Catcher - Doug Swiss, just a sophomore in his second year;

Left Field - Senior Bob Tuck, a veteran who can also catch;

Center Field - Senior Bob Beller, a letterman last year;

Right Field - Newcomer Rathert.

Getting the starting pitching call will be Jerry Imstrand, a fast-balling right hander. Since the graduation of last year's star, Eric Peterson, Imstrand will take over the number one spot on the pitching staff on the basis of his experience.

Fellow twirler, Steve Evans, another junior with a good curve ball is high on Kucher's list as a solid ballplayer. "Both Imstrand and Evans have pretty good stuff," noted Kucher.

The Mustang Mentor lauded his charges for their spirited determination, pointing out that he's been well pleased. Of course, the big question remains - how well will they hit.

In the Milford Redskins, Northville will meet one of the toughest ball clubs in the W-O league. On the basis of last season's finish atop the loop, the Redskins must be given the favorite's role.

Margaret Becker, daughter of Mr. and Mrs. Wilfred Becker of Dubuay street, was honored Saturday evening on her 17th birthday, at a surprise party given by her Northville high school classmates.

## Thinclads Host Triangular Meet

Back from their first competition of the year, the Northville thinclads are ready to open the local track season. Only thing holding them back thus far has been the weather.

And all hands are working to ready the Northville track for today's opening home track meet with South Lyon and Brighton. It is scheduled to begin at 4 p.m.

In the Spartans Relays held last Friday for class B entries from throughout the state, the Mustangs failed to garner a point. In fact, River Rouge, which walked off with the team title, did not cop one first place but piled up plenty of seconds and thirds.

Coaches Roy Herald and Ralph Redmond pointed out that they were still pleased. "It gave us a chance to try a few things," Herald said, "and it also provided some good experience for our young team."

Despite Northville's failure to even place, there were some solid performances by four Mustangs in the field of over 2,000 preppers.

Kent Kipper, holder of the school record in the pole vault, reached 11 feet six inches before being eliminated. He had qualified by soaring over the bar at 10 feet six inches. The majority of the 36 vaulters failed to qualify.

Transfer student Richard Castillo also gained the finals by clearing five feet-six inches in the high jump.

Jim Bell in the high hurdles and Jack Crawford in the 60-yard dash took fourth place in the eight-man heats.

## Township Buys Fire Tanker

Northville township officials have approved the purchase of another piece of fire-fighting equipment.

At its monthly meeting Tuesday night, the township board earmarked \$650 to be spent for a 3,000 gallon water wagon.

The rig will be acquired from civil defense and be housed at the city's DPW garage near the dump.

Township Treasurer Alex Lawrence told other board members that the city has agreed to repaint and letter the wagon.

Lawrence added that now "we can tell the people that we can take care of fires."

He mentioned that the city has little use for such a rig because it has access to hydrants. That's why it declined to split the cost of the purchase.

Other financial items confronted the board, too.

Instead of paying members of the township planning commission a flat \$150 a year, the board set up another plan.

Now planners will receive \$10 per meeting attended but the total for each will not exceed \$350 annually.

The board felt that the planners have been holding more sessions than normal in the last year and should be further compensated for their time.

Further, the board thought the increase was "fair" since some members, even if they don't at-

tend meetings, still get a quarterly check for \$37.50.

In other business the board: Accepted the resignation of Carl Johnson from the township board of review. A successor will be appointed at a later date.

Agreed to increase the salary of custodian Gus Coles to \$50 a month.

## Lisa Pledges Delta Zeta

The Gamma Pi Chapter of Delta Zeta, national social sorority at Western Michigan University, recently announced the members of the 1965 Spring Pledge Class. The new pledges include Lisa Batzer, daughter of Mr. and Mrs. Rolf Batzer, 711 North Center. She is a sophomore in special education.

**HAPPY WINNERS**—Members of the Double N Riders 4-H club of Northville and Novi display items which have won blue ribbons and will be on exhibit at the Greenfield Village fair May 13-15. They are (left to right) Linda Whitefield (her pony Totem Spots Ka-chi will be shown), Barbara Krezel (homemade cookies), Charlotte Weaver (a painting, "A Study In Cool Pastels"), Susan Deisley (knitted mittens), Becky Whitefield (weaving exhibit at the fair and Wayne county 4-H dress review May 7), and Diane Krezel (crocheting project). Diana LaRosa (rabbit exhibit) was not present for the picture.

## Northville Township Minutes

### SPECIAL MEETING TOWNSHIP OF NORTHVILLE

Pursuant to call by Supervisor Merriam, a Special Meeting of the Northville Twp. Board was called to order by Supervisor Merriam on Monday, March 19, 1965, at 8:07 p.m.

Purpose of the meeting: The proposed agreement between the township and Dr. W. E. Gizynski for construction of a Seven Mile road sewer main as recommended by the Township Water & Sewer Commission.

Members present: R. D. Merriam, Marguerite N. Young, Alex M. Lawrence, Wilson D. Tyler and James H. Tellam.

Others present: Wm. McDermott, chairman of the Water & Sewer Commission, L. W. Mosher, Twp. Engineer, Edward Draugelis, Township Attorney, Wm.

Sliger of the Northville Record. Supervisor Merriam turned the meeting over to William McDermott. He explained the main points of issue which were:

1. The location of the proposed sewer installation referred to as Plan AEFD, would be on the south side of Seven Mile road to Northville road and the east side of Northville road to the interceptor. While the township would prefer that the sewer be built on the north side of Seven Mile, referred to as Plan ABCD, from the standpoint of economics Dr. Gizynski had agreed to the second alternate route (AEFD).

2. The pay back arrangement on the proposed sewer main installation would be \$200 per tap. This was agreeable to Dr. Gizynski.

3. Dr. Gizynski had agreed to

place \$10,000 in escrow with the township. This money to be used for engineering, easements and all preliminary work. If any difficulty should develop wherein the township were not able to complete the preliminary work, only the monies not used would be returned to the Doctor.

4. If no difficulties were encountered in the preliminary work, Dr. Gizynski would then deposit in escrow with the township the balance of the monies needed for the construction of the sewer main. All work would be done thru the township.

5. A twenty year limitation on the pay back agreement was agreeable to Dr. Gizynski. After that period of time all paybacks would be terminated.

After questioning from the board members regarding the le-

gality of a pay back agreement — the adequacy of the capacity of the sewer to serve the whole area involved — the cost of running a sewer lateral from the north side of Seven Mile to the sewer main on the south side, etc.

Lawrence moved, supported by Tellam, that the township attorney Mr. Edward Draugelis, be directed to draw up a contract on the terms agreed upon by the board for the board's consideration upon completion.

Ayes: All. Motion pronounced carried. No further business, Merriam moved for adjournment. Meeting adjourned at 9:30 p.m.

Marguerite N. Young, Clerk

Andrew Birlheimer, retired member of the Detroit Police Department's photographic department, will be the guest speaker at the Northville Camera club Wednesday, April 14 at 7:45 p.m. at the Wayne County Training school. Birlheimer will speak on "Photography in Its Connection and Application to Crime Prevention and Detection".

## Obituary

### MRS. HILDA KANGAS

Services were held at 1 p.m. Wednesday at the Richardson-Bird funeral home in Walled Lake for Mrs. Hilda Kangas, a Wixom resident. Cremation followed at White Chapel cemetery. She died Sunday at her home, 2035 Euna street, following a long illness. Mrs. Kangas, who was born September 30, 1889 in Finland was 75. She had lived in Wixom 15 years. Survivors include her husband, Nefor, and a brother, Jalmar Liutka of L'Anse.

### WILLIAM E. WITTRICK

An employee of the Ford Valve plant in Northville, William E. Wittrick of 112 East Cady street, died suddenly at his home Friday, Born January 13, 1916 in Detroit, he was 49. ## NOTICE PUBLIC HEARING

MONDAY, APRIL 19, 1965 - 8:00 P.M. - NORTHVILLE CITY HALL  
215 West Main Street Northville, Michigan

The Northville City Council, upon recommendation of the Planning Commission, is holding a Public Hearing relative to the adoption of an amendment to the Zoning Ordinance as follows:

AN ORDINANCE TO AMEND THE ZONING ORDINANCE OF THE CITY OF NORTHVILLE.

THE CITY OF NORTHVILLE ORDINANCES:

PART I. The Zoning Ordinance of the City of Northville, as amended, is hereby amended by the addition of a new Article to become and be known as ARTICLE XIII-B, RESIDENTIAL UNIT DEVELOPMENT PLAN, to read as follows:

### ARTICLE XIII-B RESIDENTIAL UNIT DEVELOPMENT PLAN

Section 13-B.01 PURPOSE. The purpose of planned unit development is to allow diversification in the relationships of various buildings, structures and open space in planned building groups and in the allowable heights of said buildings and structures, while insuring substantial compliance with the district regulations and other provisions of the Zoning Ordinance. Further it is the intent of the Ordinance to require adequate standards relating to the public health, safety and general welfare, without unduly inhibiting the advantages of modern large scale site planning for residential purposes.

13-B.02 OBJECTIVES. In approving the application of the "Unit Development Plan" the Planning Commission and the City Council shall consider the following objectives:

(a) To provide a more desirable living environment by preserving the natural character of open fields, stands of trees, brooks, hills and similar natural assets.

(b) To encourage developers to use a more creative approach in the development of residential areas and to encourage a more efficient, aesthetic and desirable use of the land while recognizing a reduction in development costs and by allowing the developer to bypass natural obstacles on the site.

(c) To provide a more desirable living environment than would be possible through the strict application of Ordinance requirements.

13-B.03 APPLICATION. Application for permit shall be made by the owner or owners of any tract where use of the planned unit development process is contemplated. The application shall be accompanied by a fee to be determined by the City Council in each case and shall cover the cost of evaluating the plan as to the principles and conditions herein-after set forth. A permit will become effective on approval by the City Council of the Residential Unit Development Plan and the Preliminary Plat as required under Ordinance No. 139. Approval shall be authorization to proceed with a Final Plat as required by Ordinance No. 139, as amended.

13-B.04 CHANGE OF DISTRICT. No application shall be accepted for a use which will require a change in the overall density of a zoning district, unless said application is accompanied by an application for a zoning district change.

13-B.05 DRAWINGS AND PLANS. The application shall be accompanied by a general development plan to be submitted to the City Planning Commission which shall study the plan and its relation to the Master Plan for the City and make such recommendations as deemed advisable. The plan shall show the use or uses, dimensions and locations of proposed structures, areas to be reserved for vehicular and pedestrian circulation; parking; public uses, such as, schools and playgrounds, landscaping; open spaces; together with architectural drawings and sketches demonstrating the design and character of the proposed uses and the physical relationship of the uses. Such other pertinent information shall be included as may be necessary to determine the contemplated arrangement, or use, making it desirable to apply regulations and requirements differing

from those ordinarily applicable under the Zoning Ordinance.

13-B.06 HEARINGS. No public hearing need be held, provided that no zoning amendment increasing over-all density is required; provided, however, that a hearing may be held by the Commission in any case when it deems such hearing to be necessary in the public interest. Such a public hearing shall be held by publishing notice thereof at least five (5) days prior to the hearing in a newspaper of general circulation printed and published in the City of Northville.

13-B.07 PLANNING COMMISSION APPROVAL. Before submitting its recommendations for approval, for any planned unit development to the City Council, the Planning Commission shall determine that the following principles and conditions have been provided:

13-B.08 PRINCIPLES AND CONDITIONS.

1. Lot dimensions in R-1-H, Country Homes Districts, or R-1-S, Suburban Residential Districts, may be reduced in accordance with the following schedule, provided, the number of residential units shall be not greater than if the land area to be subdivided were developed in the minimum square foot lot area required in R-1-H Districts and R-1-S Districts. Land in R-1-H, Country Homes Districts, and R-1-S, Suburban Residential Districts, may be developed in accordance with the requirements of the R-2-A, Restricted Multiple Dwelling Districts, provided the number of residential units shall be not greater than if the land area to be subdivided were developed in the minimum square foot lot area required in the respective districts.

A. All calculations of density for residential development shall be predicated upon the R-1-H, Country Homes District, and R-1-S, Suburban Residential District, having the following gross densities, (including roads)

R-1-H 1.6 Dwelling Units per Acre  
R-1-S 3.6 Dwelling Units per Acre

B. When developed as Single Family Residential, lot width in R-1-H, Country Homes District, shall not be less than ninety (90) feet and in R-1-S, Suburban Residential District, shall not be less than eighty (80) feet.

C. When developed as Single Family Residential, lot depth in R-1-H, Country Homes District, shall not be less than one hundred twenty (120) feet; provided, however, lot depth may be reduced to not less than one hundred (100) feet when such lots back on land dedicated to the common use of the subdivision as indicated in paragraph 2 of this Section.

D. When developed as Single Family Residential, lot depth in R-1-S, Suburban Residential District, shall not be less than one hundred (100) feet.

E. When developed as Single Family Residential, minimum front yard for R-1-H District, shall be not less than thirty (30) feet and the minimum side yard shall be not less than ten (10) feet and the combined width of both side yards shall be not less than twenty-five (25) feet.

F. When developed for Single Family Residential, minimum front yard for R-1-S District, shall be not less than thirty (30) feet and the minimum side yard shall be not less than eight (8) feet and the combined width of both side yards shall be not less than twenty (20) feet.

G. When developed as Single Family Residential in either R-1-H or R-1-S Districts, lots shall have a rear yard of not less than thirty-five (35) feet in depth, except that rear yard may be reduced to not less than twenty (20) feet when rear yards back on lands dedicated to the common use of the subdivision as indicated in the following paragraph 2.

H. Lot coverage in the R-1-H and R-1-S Districts shall not apply under this article.

2. For each square foot of land gained under the provisions of Paragraph 1 of Section 13-B.08 within a residential subdivision, through the reduction of lot sizes below one-half (1/2) acre required for R-1-H Districts and ninety-six hundred (9,600) square feet required for R-1-S Districts, equal amounts of land shall be dedicated to the common use of the owners and/or residents of the land so developed in a manner approved by the City Planning Commission.

3. The area of land to be dedicated for the common use shall, in no instance, be less than two (2) acres and shall be in a location and shape approved by the City Planning Commission, provided a parcel divided by a road or stream may be considered as one parcel.

4. Access, by means of streets or pedestrian access ways, shall be provided to areas dedicated for the common use of the land developed for those lots and parcels not bordering on such dedicated areas.

5. The developer or subdivider shall (1) dedicate the total land area designated for use by the owners and/or residents (See Item 2 above); (2) create an incorporated non-profit home owners association; and (3) record covenants which automatically make every lot owner an association member giving him the right to use the common property and establish his obligation to pay its assessments. The above items shall be in force at or before the time of filing the final plat on all or any portion of the plat.

13-B.09 REVOCATION OF PERMIT. A planned unit development permit may be revoked in any case where the conditions of such permit have not been or are not being complied with, in which case the City Council shall give the permittee notice of intention to revoke such permit at least ten (10) days prior to review of said permit by said City Council. After conclusion of such review, the City Council may revoke such permit if the Council finds that a violation in fact exists and has not been remedied prior to such hearing.

13-B.10 EXPIRATION OF PERMIT. In any case where a planned unit development plan under a permit has not been started within nine (9) months after the date of granting thereof, then without further action, the said permit shall be null and void.

13-B.11 EXTENSION. Extensions of time limitations in this Article may be granted by the City Council upon the showing of good faith effort, by the permittee to comply therewith and failure to so comply by reason of conditions beyond the control of the permittee.

13-B.12 ASSURANCE OF INSTALLATIONS AND MAINTENANCE. Provisions for bonded security for the assurance of the installation of required improvements, utilities and facilities shall be in compliance with the City's requirements.

13-B.13 CONFLICTING PROVISIONS. Where ever the provisions of Ordinance No. 139, as amended, are in conflict with these regulations, these regulations shall govern.

PART II. SEVERABILITY CLAUSE. Should any section, clause or provision of this Amendment Ordinance be declared by the Court to be invalid, the same shall not affect the validity of the remaining portions of such section or of this Ordinance or part thereof other than the part so declared to be invalid.

PART III. This Amendment to the Zoning Ordinance dated March 18, 1965, as amended, shall become operative and effective on the \_\_\_\_\_ day of \_\_\_\_\_, A.D., 1965.

Made, passed and adopted by the City Council of the City of Northville, Michigan, this \_\_\_\_\_ day of \_\_\_\_\_, A.D., 1965.

Mayor  
Clerk

Please take notice that a Public Hearing will be held on the described proposed zoning change at the time and place specified above.

Martha M. Milne  
City Clerk

## CITY OF WIXOM ADVERTISEMENT FOR BIDS FOR ROAD IMPROVEMENT

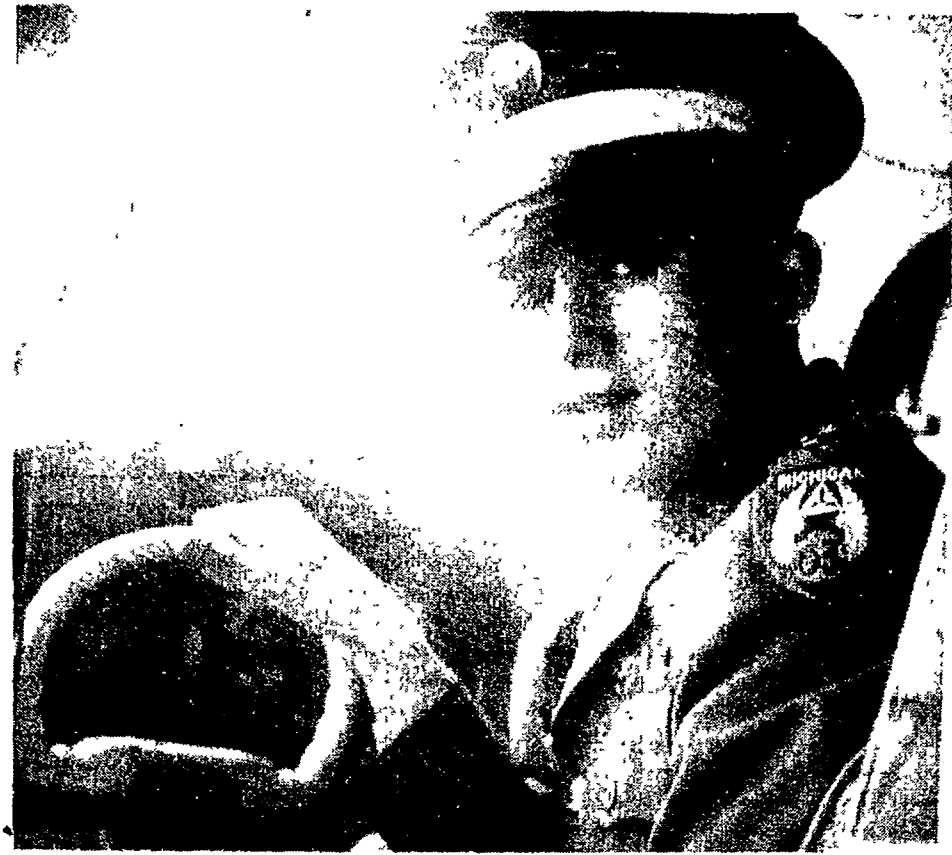

Sealed lump bids for construction of approximately 3580 lineal feet of road base and approximately 3580 lineal feet of asphalt surface along with appurtenant drainage facilities on Beck Road between West Maple Road and Pontiac Trail in the City of Wixom will be received by Wixom City Clerk at the Wixom City Hall on Pontiac Trail until 8 o'clock P.M., E.S.T., Tuesday, April 13, 1965, and then at said office publicly opened and read aloud.

Specifications under which work is to be done are on file and may be examined or picked up at the office of the City Clerk on April 8, 1965 between the hours of 9 a.m. and 5:30 p.m.

The City of Wixom reserves the right to accept or reject any and all proposals. No bids may be withdrawn after the above date and time for receiving bids for a period of 30 days.

Robert Trombley, Administrator  
Department of Public Works

Bob, seated in the pilot's seat, is ready for take-off.

## 'Junior Birdman' Just Loves Flying

Robert Parmenter Jr. — a Northville youth — may be called a junior birdman but he doesn't mind the ribbing. At least he has got his "wings."

At 17 he holds a private

operators license to fly an aircraft and cherishes it like any teenager does a driver's license.

"He is probably the youngest pilot in the Michigan Wing of the Civil Air Patrol," said

Robert Parmenter Sr., commander of the Northville CAP.

Robert Jr. is a first lieutenant in the local unit which is a part of Group 10. Others in the group are Walled Lake, Milford and Pontiac.

CAP is an auxiliary of the U.S. Air Force but is not financed by it.

Young Bob soloed and coped his student pilot's license last May after winning a flight scholarship for 10 hours of instruction. He took lessons at the Wixom airport.

At that time the flying instructor cut-off, initialed and dated a piece of Bob's shirt-tail, showing he had passed the test. The shirt belonged to his father who had soloed at 14.

"I soloed before World War II," said the senior Parmenter. "I was in the Coast Guard during the war and then there was a lapse of 20 years before I took up flying again."

Robert Sr. says he'll have his private license in another month but "young Bob beat me to it."

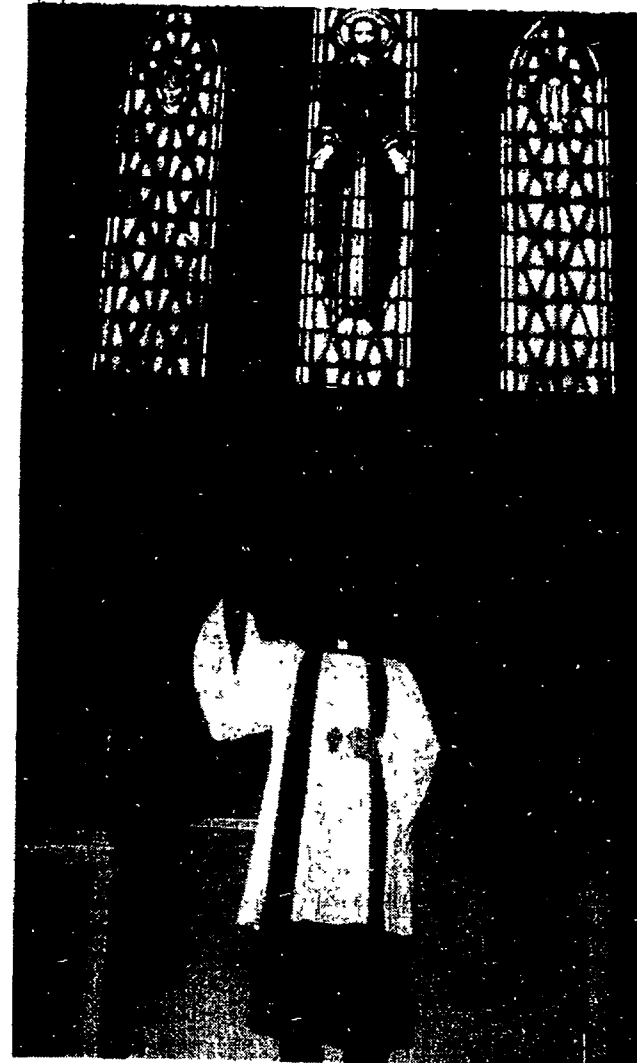

The Parmenters own a Stinson single-engine plane which was purchased last fall. It is kept at the Mettetal airport in Plymouth.

A driving examination is not as strenuous as one for flying, Bob thinks. He was required to take a "tough" three-hour written test plus soloing 10 hours cross-country.

Now he is eyeing a commercial pilot license with the goal of someday working for a major airline. This license calls for 200 hours in the air including a 350-mile cross-country trip.

Bob usually goes out for a spin in the Stinson on the weekends. A reporter tagged along recently. The pilot and scribe occupied the front seat. Mr. Parmenter sat in the rear.

One nice thing about the flight — there was no back seat drive — er, flying.

PASTOR COMETH—The Reverend Charles Boerger will preach his first sermon Sunday at St. Paul's Evangelical Lutheran church in Northville. He and his family moved into the parsonage last week.

# Consolidates Insurance Agencies

Two Northville businesses — the Church and Clark insurance agencies — have changed hands.

Kenneth R. Rathert has bought the two agencies and is consolidating them into one operation. The transaction was consummated April 1.

Rathert commented: "Harold Church and George Clark have sold their agencies to me but

they will continue to be associated with me in the new agency I am forming."

Rathert's agency will be known as the Northville Insurance Agency. His office will be situated in the Clark realty office on Main street.

Clark described Rathert as "well known in insurance circles in the metropolitan area."

Rathert is a C.P.C.U. — a chartered Property Casualty Underwriter — the top rank in his field.

"I am pleased," Clark said, "that he will be located in my office. He is well qualified and will carry on Harold and my former insurance business."

Rathert has held various management positions for the Standard Accident Insurance Co. in

Detroit and has taught classes at the University of Michigan extension service for 10 years.

In addition, Rathert set up the research and product development department for one of the large insurance groups in the east and recently was a partner at Northland Underwriters, Inc., a general insurance agency located at Northland Center.

Rathert and his family reside

at 592 Reed in the Village Green subdivision.

Prior to opening an insurance and real estate business, Clark ran the Northville Hardware. He is also a former supervisor for Northville township.

Church was in the insurance business for four years. Earlier he was manager of the Nowels Lumber Co. in Northville for 26 years.

NEW VENTURE—Kenneth Rathert (seated) has taken over the insurance agencies operated by Harold Church and George Clark. Rathert will call his business the Northville Insurance Agency.

### Schoolcraft

### Dedication

April 25

Plans are underway for the formal dedication of Schoolcraft college. The dedication program is slated for Sunday, April 25, at 3 p.m.

A dedicatory hymn—Fanfare and Dedication—written especially for the occasion will pay tribute to the citizens of Northville, Plymouth, Livonia, Garden City and Clarenceville.

These five areas comprise the college district.

A prominent guest speaker, city officials and civic leaders will be in attendance. A procession with the faculty in full academic regalia will precede the ceremony.

### Delta

### Gamma

### To Meet

The Farmington alumnae association of Delta Gamma will meet at the home of Mrs. Richard Boyesen, 14169 Harrison, Livonia, on Monday, April 12, at 8 p.m.

A movie "Crossroads at Four" will be shown, explaining certain pre-schoolers need for an eye test.

Members are reminded to bring their money from a series of benefit parties held during March. Proceeds are for the Plymouth State Home and Training School.

Delta Gammas from Farmington, Plymouth, Novi and Northville are invited to attend the April meeting.

### Mitchell Elected

Richard Mitchell, Northville Township Constable, was elected president March 28 of the Wayne County Division of the Michigan Constable Association.

Other officers are Clarence Hoffman, vice-president; James Paris, secretary; Joseph Alec, treasurer — secretary; trustees Raymond Blair, Ithel Roden and Samuel Hawkins and sergeant-at-arms Donald Nisun.

### Novi Democrats

The Novi Democrat club will hold its monthly meeting April 13, at 6:30 p.m. Dutch treat dinner at Saratoga Farms will precede the general meeting at 8 p.m. All Democrats in the area are invited to attend.

## Whistling Swans

### Visit Kent Lake

Twenty-five Whistling Swans  
are visiting Kent Lake in Ken-  
sington Metropolitan Park near  
Milford.

Richard Mortemore, park nat-  
uralist, reports that these Whist-  
ling Swans are located in waters  
near Windfall Hill picnic area  
near Buno Road Bridge in the  
4,300-acre park.

For the past several days  
Whistling Swans have been re-  
ported in several locations  
throughout southeastern Michi-  
gan and are probably resting  
and feeding while enroute to  
northern Canada from southern  
sections of the United States  
where they have spent the win-  
ter months.

For additional information  
persons may call the park office  
685-1561 (Milford exchange).

## from the PASTOR'S STUDY

Reverend R. LaVere Webster, Pastor  
Novi Methodist Church  
New Hudson Methodist Church

There is great bliss in bring-  
ing men together. Jesus said,  
"Blessed are the peacemak-  
ers, for they shall be called  
the children of God." It is  
most certain that the word  
Jesus used for peace was a  
Hebrew word, "shalom". Sha-  
lom never only means the ab-  
sence of trouble but also al-  
ways the presence of every-  
thing which makes for man's  
highest good.

It should be carefully noted  
that the blessing is on the  
peace-makers, not necessarily  
on peace-lovers. If a man loves  
peace in the wrong way, he  
succeeds in making trouble  
and not peace. We may, for in-  
stance, allow a dangerous sit-  
uation to develop, and our de-  
fence is that for peace's sake  
we do not take any action. We  
may allow injustice to exist  
because we are fearful and at  
the same time call our-  
selves peace-lovers.

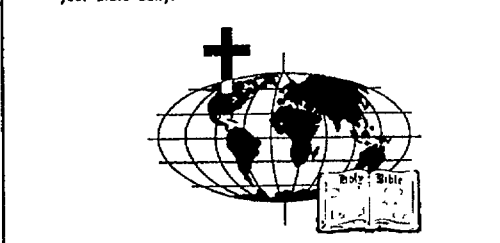

This is not enough. The  
"Peace" of the Judeo-Chris-  
tian faith is not passive ac-  
ceptance of things evil and un-  
just, but active facing things  
and the making of peace, even  
when the way to peace is  
through struggle. Blessed are  
the peace-makers for they  
shall be called "sons of God."  
There are people who are al-  
ways storm centers of trouble  
and bitterness and strife.  
Wherever they are, they are  
either involved in quarrels  
themselves or the cause of  
quarrels between others. They  
are troublemakers. There are  
people like that in almost every  
society and every church, and  
such people are doing the  
devil's work. On the other hand,  
there are people in whose pre-  
sence bitterness cannot live,  
people who bridge the gulfs,

heal the breaches and sweeten  
the bitterness. Such people are  
doing a God-like work; for it  
is the great purpose of God to  
bring peace between man and  
Himself and between man and  
Lead us, O Father, in the paths  
of peace:  
Without thy guiding hand we go  
astray, And doubts appall, and sorrows

still increase;  
Lead us through Christ, the  
true and living way.  
man.  
The man who divides man is  
doing the devil's work; the man  
who unites man is doing God's  
work. O the bliss of those who  
produce right relationships be-  
tween man and man, for they  
are doing a God-like work.

THE CHURCH FOR ALL - ALL FOR THE CHURCH  
The Church is the greatest factor on earth for the build-  
ing of character and good citizenship. It is a storehouse of  
spiritual values. Without a strong Church, neither democracy  
nor civilization can survive. There are four sound reasons  
why every person should attend services regularly and support  
the Church. They are: (1) For his own sake (2) For his  
children's sake, (3) For the sake of his community and nation.  
(4) For the sake of the Church itself, which needs his moral  
and material support. Plan to go to church regularly and read  
your Bible daily.

One hundred sixty-two feet high and one hundred forty-seven  
feet wide Napoleon built his arch of triumph. Proudly it rises above  
the Place de l'Etoile reminding the world of an Emperor's early vic-  
tories—and later defeats.

On the road from Bethphage to Jerusalem centuries before there  
had been another arch of triumph. Nature had fashioned it of palm  
trees. Beneath their bowing branches the Prince of Peace rode into  
the city that was to crucify Him.

Jesus, unlike Napoleon, never had need of a gigantic monument  
to help the world remember Him. The doors of a million churches  
bespeak His victory. Men pass through them not to gaze upon the  
majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of  
other men's blood.

Jesus bought for All Men eternal life—at the price of His Own  
Blood!

# We Switch: Letterpress to Offset

All straight matter—news and classified ad copy—now goes through the Justo-writer, operated here by Donna Richardson. This machine sets a tape, which runs through a sister machine.

All cutlines and much of the body copy in display ads is set by Florence DeVriendt, ex-linotype operator, on this VariTypewriter.

## New Method Leaves us 'Cold'

For a "hot-type printer to publish a newspaper via the "cold-type" method is like asking a submarine commander to fly a jet.

He might get the job done, but there are times when he isn't sure what he's doing.

It was this kind of confusion that reigned around the Northville Record-Novi News and South Lyon Herald newspapers this week as the "big conversion" took place.

Pictures on this page tell the story of the change.

Type is no longer set in hot metal on the linotype machine (not for the newspaper, at any rate—but there's still use for the "Lino" in our commercial printing department). Instead, all straight-matter copy, like this story, is set on Friden Justowriters. They're typewriter-like machines which first set copy on a tape. The tape is then run through a second Justowriter, called the reproducer, which sets the line "justified", or flush left and right.

For "cutlines" (the description found under pictures), we're using a VariTypewriter, another machine not unlike a typewriter. It also sets type

for body copy in advertisements and has a variety of uses for commercial printing and setting of office forms.

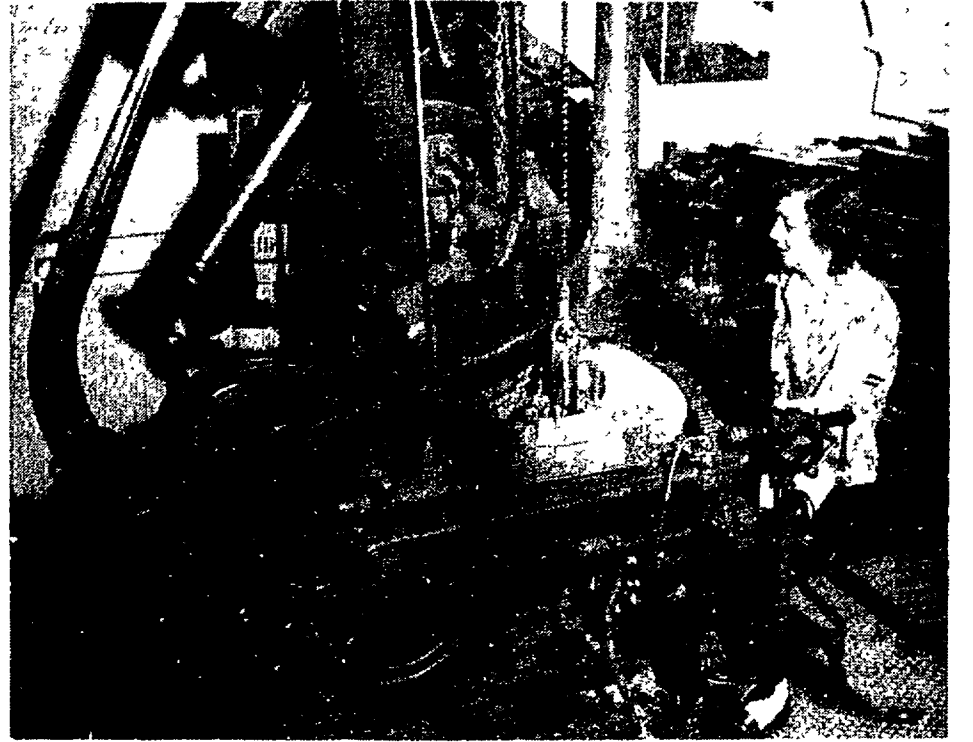

Our display type for ads and headlines is set on Headliner and Strip Printing machines, which photographically produce copy instantly.

The new process is called "cold type" because (and this makes sense) it is not "hot", like the conventional metal.

Instead all copy is set directly on paper and, after corrections, run through a "waxing" machine, which allows the layout artists to place copy in position. The wax "sticks" the copy to the page, but not so tight that it cannot be removed for replacing.

After all copy is set, ads composed and pages made up the final product is ready for the camera and our new 16-page Goss Suburban press located at Inter-City Press, Inc., in Novi.

The Record-News and Herald believes that you can "teach an old dog new tricks". So we're using all our former "hot type" printers, who have been undergoing training in the new method.

The old method of setting type—Florence DeVriendt at the linotype above, which set all news copy—and Harry Scott at the Ludlow below, which set headlines and display type.

The Headliner—it sets most of our display lines for headlines and ads photographically. The operator is Harry Scott.

Record Superintendent Bob Blough puts a page together with razor blades, wax, scissors and patience.

## Papers Printed At Inter - City

A new, small industry got into full swing in Novi this week. Inter-City Press, Inc., located at 46585 Grand River—about one mile west of Taft road—will print newspapers on a 16-page Goss Suburban offset press.

Stockholders in Inter-City are: William C. Sliger, publisher of The Northville Record—Novi News—South Lyon Herald; Robert Silbar, publisher of the Fenton Independent; and Russell Strickland, publisher of the Farmington Enterprise and Plymouth Mail.

The new press building was constructed by Allen Heyn, owner of the site, who is leasing the building to Inter-City.

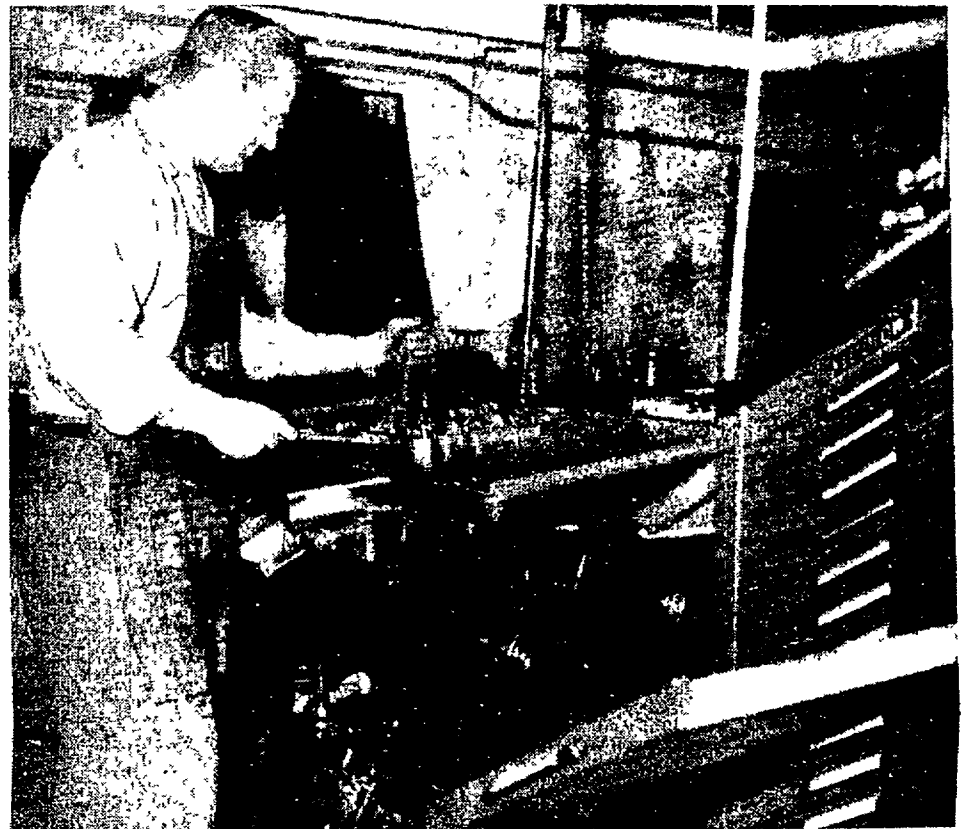

Presently, Inter-City employs three men. Doug Smith, formerly of the Fenton Independent is superintendent; Wilson O'Brien, formerly of the Northville Record, and Pat Bradley of the Farmington Enterprise, take care of the camera and press work.

When The Record, Novi News and Herald newspaper staffs complete their copy and have their pages laid out, they will now take them to the Inter-City plant in Novi.

At Inter-City the pages are photographed on a huge, specially-designed camera. Full-page size negatives are made and when these negatives have undergone opaquing the negative is burned onto an aluminum plate, which is then placed on cylinders of the press for printing.

Inter-City will be a busy place, especially on Tuesdays and Wednesdays, when the area community weekly newspapers will be printed.

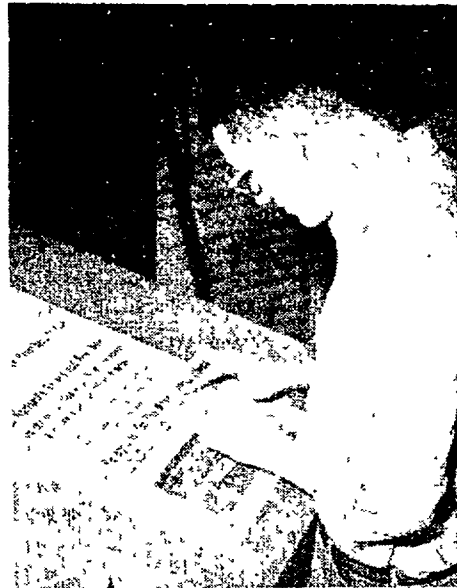

The speedy Goss press will print up to 16-pages at one time at 18,000 copies per hour. It is capable of printing up to four colors, although each time an additional color (besides black) is introduced into a press run, the capacity of the press becomes four pages less.

No more of this. News Editor Don Bauerle and Publisher Bill Sliger are shown at composing tables where hot type galley are being placed into page forms.

Picture printing becomes an important part of the new operation. Chuck Gross is shown at the enlarger. All pictures must now be "screened" for offset printing.

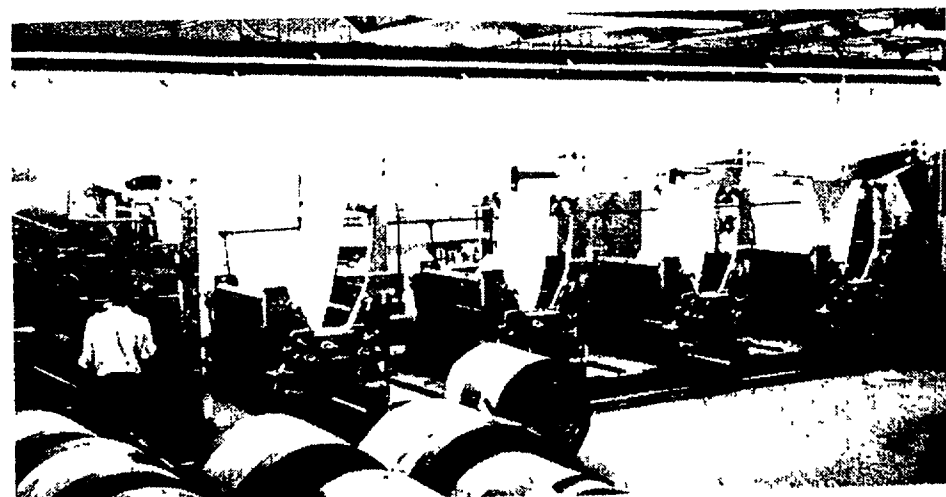

Advertising Manager John Harrington puts the finishing touches on a layout at light table.

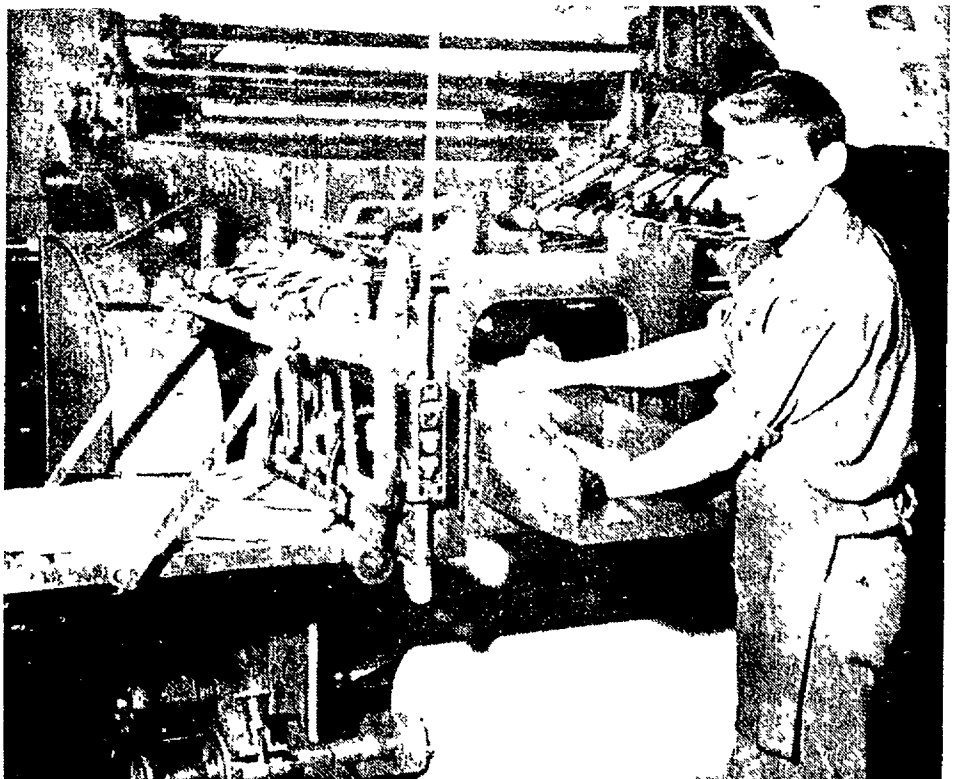

Sliger, Record Bookkeeper Mary Donovan and Doug Smith, superintendent at Inter-City, inspect one of the first editions printed at Novi.

Herald Editor Dennis Pajot copies a picture for screening.

Out at Inter-City the Record-News and Herald rolled off the presses for the first time this week. The Goss Suburban is over 40 feet long. Each of the units shown in the center of the photo above print four pages. The paper rolls are installed on the left and the papers come off the press at the far right.

Record Pressman Bob Major stands by as one of the last runs is made on the 8-page Model E Goss at the Northville Record.

## Youth Guidance Workshop Slated

A realistic workshop - conference has been planned by members of the twenty-four citizen protective service groups in Oakland County and is being co-sponsored by fourteen social service agencies and the two honorable judges of the Oakland County Probate Court.

The conference is slated for Friday, April 23, in Oakland University, Rochester, from 8:30 a.m. to 5:30 a.m.

South Lyons Youth Guidance Committee is a part of this county wide program.

Invitations have been sent to mayors, city managers, police authorities, city council and township board members; school board officials; educators; clergymen; civic, fraternal, parent-teacher groups; professional men and women; service clubs and members of the press.

The main speaker of the day, at the noon luncheon will be R. Bernard Houston, Director of the department of Social Welfare of the State of Michigan.

Workshops will be devoted to a thorough review of the functions of over 400 militant citizens of Oakland County who are members of the twenty-four protec-

tive service committees in as many local communities, where from fifteen to twenty-one dedicated men and women are involved in the attempt to combat delinquency and neglect. Five workshops will be conducted with these subjects covered:

1 - Citizen involvement in child welfare legislation and the development of the Oakland County Protective Service program.

2 - Prevention of delinquency and neglect through citizen involvement, community studies (Fact Finding), and programs in action.

3 - The importance of a citizen's role in a protective service program.

4 - Interpreting local protective service programs through education and public relations.

5 - Creative use of Case Study committees in providing case work services toward the solution of anti-social problems.

If you are interested in such a program and would like to have an invitation contact your local newspaper or Edgar W. Flood, Oakland County Probate Court, County Court House, Pontiac.

## For The Gardener

This column on gardening information is compiled by the Northville branch of the National Farm and Garden Club.

How to tell what ails a sick house plant and what to do about it? There are four major factors that affect a house plant. The first is light. If your plants are getting too little light, they may not show any ill effects for a short period of time. They will continue to produce new leaves by using stored energy.

If light is insufficient for a longer period, new stems become spindly. Foliage gradually becomes yellow-green. Eventually, all growth stops and the plant dies.

To cure light starvation, move the ailing plant to a sunny window, or give it an extra amount of light artificially in the evening. For plants in stationary planters where you know light is consistently insufficient, it is wise to install an overhead light to supplement whatever daylight reaches them.

Plants in the home seldom get an overdose of light. If they have been accustomed to filtered light, rays of direct light will burn them. Or, if you place them close to a window, the glass can intensify the heat enough to do severe damage to tender leaves. Too much sun produces burned spots on foliage.

Different plants require varying amounts of light. In general the foliage plants can survive with considerably less light than those which produce flowers. Choose the right plant for the light situation you can offer and you'll have few light troubles.

Plant food is another essential. Plants manufacture their food from the air and the soil in which they grow by a process called photosynthesis, in which light is the source of energy. Fertilizers supply essential minerals, of which nitrogen is an important one and often unavailable in sufficient quantity for healthy growth. If there is too little food, the new leaves may be smaller than normal, and perhaps will be light-

er in color. Growth will be slow, and both stems and leaves will be smaller than normal. To cure, adopt a regular feeding program for the undernourished plant.

You can use the same fertilizer that you put on your lawn. Or you can buy fertilizers especially made for houseplants. They come in powder, liquid or tablet form. Follow directions carefully.

If there is too much food applied accidentally or carelessly, the roots of your plants may be burned. The plant will then wilt even when the soil is moist. To cure this trouble, flush extra plant food out of the soil with lots of water. Or repot it in fresh potting soil.

Don't assume that every plant which looks sick is in need of a quick dose of fertilizer. Check to be sure trouble is not due to some other cause of poor plant health.

The amount of water needed for house plants and the control of diseases will be discussed the next time.

## Salem Township Eyes Land

Salem township board was authorized to negotiate for purchase of land adjoining the town hall at the annual meeting Saturday, according to Supervisor - elect Floyd Taylor.

Taylor told The Herald that he had proposed purchasing 2 1/2 lots adjacent to the South street. A quoted cost, he said, was \$6,125. A building is included.

Authority was granted for the township board to levy one mill for one year to finance the purchase, if negotiation and further discussion of the township board deemed it wise, said Taylor.

He said the property would be used for parking, storage of materials and records and kept for future building needs.

Also Saturday, the people approved a \$21,510 proposed budget which does not require a millage levy. Tax refunds due the township will cover expenses, said Clerk Edward Fitzgerald.

It was a rather quiet annual meeting, he said, with about 25 people in attendance. It lasted less than two hours.

voiced again this year was authority to match county funds for road improvement.

Taylor corrected The Herald's statement of last week that Edwin Hamilton was a trustee. In fact, said Taylor, Hamilton resigned about 14 months ago and was replaced by the appointment of Ralph Wilson.

## In Uniform

Operation Gemini III - Radioman Seaman Gerald L. Jerome, USN, son of Mr. and Mrs. Clarence Jerome of 419 Dubuque, was part of the recovery force during the first manned Gemini flight March 23. His ship, the destroyer USS Robert L. Wilson, was one of twenty vessels assigned to the National Aeronautics and Space Administration project.

Navy and Coast Guard ships took station along the path of the spacecraft's orbital track. The recovery area, whether one, two or three orbits were completed, was calculated to be between Cape Kennedy and the Canary Islands.

Several weeks prior to the mission, his ship underwent extensive training in recovery techniques and communications procedures necessary for smooth task force coordination, assuring safe recovery of the astronauts and Gemini craft.

Following completion of the project, his ship returned to her regular duties with the Atlantic Fleet.

Pvt. Charles J. Elbert, 22, son of Mr. and Mrs. Robert J. Elbert, 29121 Elizabeth Lane, New Hudson, completed eight weeks of military police training at the Army Training Center, Fort Gordon, Georgia, March 26. Elbert's training included instruction in civil and military law, traffic control, map reading, prisoner-of-war control and self-defense. He worked for the Michigan Sealmless Tube Co. in South Lyon before entering the Army last November. Elbert is a 1961 graduate of South Lyon High school.

Operation Gemini III Seaman Apprentice Jeffrey D. Sullivan USN, son of Mr. and Mrs. Edward M. Sullivan of 28945 Milford road South Lyon was part of the recovery force during the first manned Gemini flight March 23. His ship, the destroyer USS Sarafield, was one of twenty vessels assigned to the National Aeronautics and Space Administration project.

Navy and Coast Guard ships took station along the path of the spacecraft's orbital track. The recovery area, whether one, two or three orbits were completed, was calculated to be between Cape Kennedy and the Canary Islands.

Several weeks prior to the mission, his ship underwent extensive training in recovery techniques and communications procedures necessary for smooth task force coordination, assuring safe recovery of the astronauts and Gemini craft.

**SELF ANALYSIS QUIZ**

**Are You a Snob?**

By Jane Sherrod Singer

Snobbery is a gate that blocks a man or woman from getting the most out of life. There are social snobs, clothes snobs, intellectual snobs, and snobbish snobs, to name only a few. And here are only a few questions for you to test yourself to see whether or not you are losing a bit of the fun of living. Answer truthfully YES or NO

- |  | YES | NO  |
|--|-----|-----|
| 1. Do you meet everyone with the idea you will find something to be gained by knowing him?         | ( ) | ( ) |
| 2. Do you only belong to exclusive groups, country clubs, sororities, etc?                         | ( ) | ( ) |
| 3. Do you often refer to your college, your family background, your achievements with great pride? | ( ) | ( ) |
| 4. Do you shop only at the "best" dress shops?   | ( ) | ( ) |
| 5. Are you tempted to make fun of others?  | ( ) | ( ) |
| 6. Do you make a sincere effort to put everyone you meet at ease?                                  | ( ) | ( ) |
| 7. Are you a name-dropper or do you like to talk at length about places you have been?             | ( ) | ( ) |
| 8. Given a choice, would you order your favorite food rather than to try something new?            | ( ) | ( ) |
| 9. Have you ever gone "slumming"?  | ( ) | ( ) |
| 10. Are material possessions more important to you than people?                                    | ( ) | ( ) |
| 11. Do you find that you are easily bored?   | ( ) | ( ) |
| 12. Do you have respect for your mate's opinions even if they are contrary to your own?            | ( ) | ( ) |

**ANSWERS:**

- 1-yes. Everyone has something to give a bit of knowledge, experience, a smile or even a problem. The true snob is too self-centered to listen.
- 2-no. Pride in your beliefs is one thing, but the rock of superiority can be easily undermined.
- 3-no. Better listen and stop relying on the past. The catch word is "often."
- 4-no. It is not the labels on your clothes that make the person.
- 5-no. Humility and compassion are basic parts of a good life. Making fun of others is sheer poor taste.
- 6-yes. A person who is genuinely interested in making others happy has little time to be a snob.
- 7-no. Linking yourself with famous people and places, not only shows your snobbery but also your own insecurity.
- 8-no. Variety is the spice of life and you limit yourself if you are not willing to try new things.
- 9-no. The very term is snobbish. Everyone has gone to different or unusual places but it should be with the idea of learning rather than gaping or making fun of others.
- 10-no. Clothes, jewels, furs or household goods are very nice, but human values should come first.
- 11-no. Only a narrow, limited person is quickly bored. An alert mind can make its own fun and interest any time, any place.
12. yes. If you think your ideas are always right, your husband will soon decide he has the wrong wife.

**RATING:** Give yourself one point for each correct answer.  
12 correct answers: You may have some traces of snobbery in your soul, but on the whole, you are out-going enough so that everyone admires you. Call yourself a Model, as far as snobbery is concerned.

6-11 correct answers. Your superiority complex is showing. Better start thinking of others.

1-5 Correct answers: Our consolation to you!

**STRICTLY FRESH**

The attractive girl in a convertible was breezing along in the left-hand lane when suddenly, without warning, she made a sharp right turn and almost slammed into another car.

"For Pete's sake, lady, why didn't you signal?" yelled the other driver.

"Don't be stupid!" came the indignant reply. "I always turn here."

Reading from the suggestion box, the boss said to his secretary, "I wish these blasted employees would be more specific. What kind of a kite? What lake?"

**Michigan Mirror**

**Prisoner Prefers Press**

LANSING — Ever been arrested? If you had, you'd be more interested in a battle going on, not only in Michigan, but across the country.

Police officials, mostly prosecutors, and others in government have been making a big to-do about news coverage of arrests and trials.

They argue that leaving this important part of our government operation open to public view prejudices the jury so a person can't get a fair trial. They also assume that all police departments, all prosecutors and all courts operate fairly and promptly.

In fact, the lawyers have a saying to the effect: slow justice is no justice. People who wait two to three years for results in civil actions are inclined to agree.

A prisoner spoke out on this news problem. Until then, the argument had been theoretical. It is surprising no one thought to ask people who have been through the experience of a court trial, be they innocent or guilty.

Until now the argument had been mostly between newsmen and lawyers. But the prisoner's thoughts ought to shake many "just ordinary" people into action. No one can tell when he himself will be in a lawsuit. Everyone runs the chance of finding himself in a police station or a court.

Everyone should ask himself: "Would I rather be in a court system which is open to public view or one in the hands of a court where the records and reactions of those involved are hidden from public view?"

Here's what the prisoner thinks. He is Hugh Dillon, associate editor of The Spectator at Southern Michigan Prison at Jackson. He wrote to the Jackson Citizen Patriot to argue for open courts and police records. These are quotes from his letter:

"My stand is basically I'd rather be at the mercy of a newspaper than to take the chance on the conscience of a police officer who knew he would not have to account to newsmen for his actions in my case."

"The most important factor from a defendant's viewpoint is the possibilities that could come about from 'muzzling' the press."

"With no outsiders to answer to, there will always be the possibility of abuse. There are many cases on record where newsmen were the primary cause of such abuses coming to light."

"As distasteful as the adverse publicity is, it might be better to be 'spotlighted' momentarily than to abuse in darkness."

Reaction from the public in general would strengthen news media's position when defending the public's right to court information in arguments with lawyers who have less faith in public knowledge than in bureaucracy of secret police proceedings. Letters to public officials, to newspapers or even to legislators are important.

Nearly five years have passed since a group of legislators said, "We must regulate outdoor advertising this year." To this date nothing has been done but much is still being proposed.

In 1960 the urgency of the matter was pinned largely on federal funds being added to highway appropriations for states which kept some 660 feet of right-of-way clear of roadside signboards.

Having passed the deadline to receive the federal bonus, the lawmakers now are dealing with lesser restrictions.

Current proposals would set sign restrictions in various locations at 250 to 300 feet.

The ban on signs would apply to special scenic areas, some residences, churches, schools and proximity to other billboards. Certain types of signs such as those resembling traffic markings would be outlawed by the

proposal introduced by Senator Garland Lane, (D-Flint).

Licensing fees and a regulatory board would also be established by the proposed law.

Back in 1960 and 1961 when the federal bonus and nationally-set restrictions were being considered, much of the lobbying opposition from businessmen was that the 660-foot ban was unreasonable.

Since that time much study has been conducted on highway visibility, advertising impact and other factors to produce the current proposal.

Businessmen were consulted

throughout the consideration but lawmakers anticipated considerable opposition to this bill also.

\*\*\*\*\*

Estimates of Michigan's wealth of lakes and ponds have always been around the 35,000 mark.

Now it is official that there are 35,068.

A Michigan State University professor of resource development, Clifford Humphrys, has started a long-term study of Michigan's lakes which he calls "lacology," an original term.

Humphrys' study shows that among all these lakes and ponds only 8,632 have names. Confu-

ion among Michigan travelers about lakes is understandable, however, because Humphrys notes many lakes have the same names.

Most popular are Long, Round, Cranberry, Mud and Duck Lakes. There are some unusual names too, such as Quack Lake, N.Y.C. Lake and S Lake.

While Humphrys' original findings in his estimated 20-year study are of a common-interest nature, he now plans a more scientific approach. Humphrys is now undertaking the mammoth job of classifying all these lakes and ponds by size, depth, fish species, type of shore and public facilities and other physical and cultural characteristics.

**Roger Babson**

**Polluting Waterways**

BABSON PARK, Mass. — Our waterways are being befouled and poisoned at an almost incredible rate. The problem of how to fight this pollution of our most valuable natural resource is becoming complicated more critically every day by the population explosion. By the time pending legislation at the federal level becomes law, it will already be obsolete if we hope to restore our lakes, ponds, rivers, and brooks to their original beautiful and sparkling condition.

Men of wisdom and foresight have long been battling against pollution, but political and public apathy have slowed down the move to purify our natural water systems. Chief despoilers of our lakes and streams are communities sewage and industrial waste. While considerable progress has been made in the establishment of sewage treatment plants in our major cities, the population is growing so swiftly that most of these systems may be entirely inadequate within a matter of a few years.

If the building of sewage treatment facilities should continue at its current rate, it is estimated that by 1970 the equivalent of raw municipal waste from 85 million people would still have to be disposed of in our waterways. And by 1980, given the same construction rate for facilities, the equivalent of untreated community waste from 114 million persons would be dumped into our rivers.

Unfortunately, sanitary municipal sewage is only a part of the pollution problem. Vast despoilage of our waterways results from industrial wastes and chemicals, plus the discharge of overflow sewer systems.

Stream contamination from these industrial organic wastes has been increasing at a much faster pace than that stemming from municipal sources. At the turn of the century, water pollution from factories was equal

to the raw waste of some 15 million people. By 1960, it had risen to the equivalent of the raw waste of 160 million people. The U.S. Public Health Service has completed studies which indicate that within five years industrial pollution will be equal to the untreated waste of the entire population of the country, — or in the vicinity of 210 million persons.

Governor Rockefeller of New York has proposed an outlay of \$1.7 billion to purify the misused lakes and rivers of his state. Anti-pollution moves have been made in many other states as well. Greatest pressure from now on, however, is likely to come from the federal government.

Recently, Health Secretary Celebrezze has been conferring with anti-pollution forces in an effort to intensify campaigns to clean up Lake Michigan and other waterways serving Chicago and its environs. Both local communities and industries are being urged to purify their waste discharges themselves.

If the pleas of the federal au-

thorities and the anti-pollution campaigners are ignored, the government will order offending communities and/or factories — through the courts — to arrange for proper treatment of waste before it is deposited in waterways. President Johnson's insistence on cleaning up our lakes and streams we hope will have an immediate effect upon cities and industrial establishments that have been dragging their feet on this important matter. Plans and programs that have been discussed and temporarily pigeon-holed will be brought forth and put into operation.

Every man, woman, and child in our country has a stake in our waterways. Streams and ponds must be made safe, not left as open sewers endangering health and even life. The recreational value of our waterways also is immense, but there can be little enjoyment of rivers and ponds in which the fish are dead or dying, the water fowl driven away by filth and desecration. Today the problem must be met head-on; tomorrow may be too late.
