

Old Landmark Finally Falls To Arsonists

An investigation is underway today to determine if there is a link between spectacular fires that broke out Sunday morning in Northville and Livonia. Arson is suspected.

A blaze that lit up the sky reduced the old Whipple house on Eight Mile road in Northville township to a mound of ashes.

At the same time, an unoccupied convalescent home at Eight Mile and Newburgh roads in Livonia burned to the ground.

Livonia Detective William Collins and Fire Inspector John Bunk conferred with Northville Officer Dave LaFond Tuesday afternoon.

LaFond said he could offer no leads but said the local department would cooperate "in any way possible with Livonia."

Meantime, Collins said he plans to follow up a report on file at the Novi police station.

Two Novi officers - Max Hay and Ronald Randolph - thought they saw a "glow" in the Whipple house at 12:37 a.m. Saturday, 24 hours before the fire erupted. They investigated.

Hay and Randolph rounded up five youths. Two were found lying down in a car. One was apprehended running away from the house. Another was hiding under some bushes and the fifth was discovered in the house.

Four were from Detroit and one from Redford township. Three were 17 years of age or older and two were minors. Beer was found in the car.

Since Novi has no jurisdiction in Northville township, the Wayne county sheriff was summoned. Collins said the only other clue is that some youths in a dark late model car were spotted at the convalescent home before that fire ignited.

Hundreds of on-lookers gathered near the Whipple house. Traffic was closed on Eight Mile and the flames could be seen as far south as Plymouth road.

The fire roared from early morning until dawn.

Northville Fire Chief Bud Hartner said that the fire call was received at 12:35 a.m. By the time the volunteer arrived "the fire was going good."

The Livonia fire was reported at 12:45 a.m.

Two other departments - Novi

and Plymouth township - were called to assist Northville.

Asked if the Whipple house was set off by an arsonist, Chief Hartner answered: "The department has made four runs to the house and to the barn in the last year.

"This time someone finally beat us."

Northville firemen fought the blaze for six hours. Novi stayed for three hours. Then bulldozers filled up the basement with smoldering rubble.

The debris was still smoking late Sunday afternoon.

Even though the house was destroyed, a main telephone line running across which extends to South Lyon was saved.

Chief Hartner said: "We kept the lines cool by putting a lot of water on them."

The lines were blistered, however. Repair crews were on the job Sunday and were still working at the site Tuesday.

"There was no disruption of phone service," Hartner pointed out. "We made sure of that by placing calls at the police station to South Lyon."

Last week Hartner announced that the township was going to negotiate with the Salvation Army and Michigan Bell to tear down the Whipple estate.

It has been a mecca for beer parties and a target for vandalism and arson for many years.

In his will, Frank E. Whipple, who died July 23, 1960, left the house to the Salvation Army. It has been vacant since his death.

The house was believed to have been built sometime in the 1860's according to the estimates of some Northville residents.

Board Asks 1.3 Millage Hike For School Building Program

State Guarantee Limits Levy

Northville's board of education turned in a performance Monday night that would have been considered a classic by Houdini the Magician.

The board adopted a resolution that establishes the millage increase needed for the district to undertake a five-year, \$2,800,000 school building and improvement program.

It's 1.3 mills.

And to make a Houdini performance even more pale by comparison, a \$500,000 swimming pool can also be tossed into the program at no additional increase.

Coming on the heels of earlier predictions of increases from six to 10 mills, the hike of slightly more than one mill is certain to raise eyebrows.

But there are no "gimmicks" or "tricks" involved . . . only the state government.

Superintendent Russell Amerman and E. V. Ellison, director of administrative services, explained the provisions of the state's qualified bond issue program which sets the limit on debt service in a local school district at seven mills.

Beyond this level the state picks up the tab.

Northville now pays a debt service (millage on construction of buildings) of 5.7 mills. The maximum increase to the local district under the state-guaranteed program is therefore the difference between 5.7 and seven mills, or 1.3 mills.

While it was quickly calculated that without the limitation guarantee it would probably cost the district an additional seven mills annually to support a \$2.8 million building program, Ellison assured the board the program was genuine. "The state recognizes responsibility to provide relief to local districts to construct classrooms," he stated.

He added whipped cream to the cake by noting that it has been predicted that the state may one day forgive repayment entirely.

Superintendent Amerman said that as additional buildings are needed, the district can continue to borrow so long as the maximum of seven mills is being levied. This level must be maintained until the debt is retired, however - unless, of course, the state sees fit to forgive all construction debts.

The board voted unanimously to take advantage of the program, but not without some soul-searching.

"As you all know, I'm opposed to this kind of thing. But if it's there, we might as well jump on the bandwagon," said William Crump. He said he thought it should be pointed out that it's not the best fiscal approach.

Robert Shafer summed up general board feeling. "The majority of the taxpayers are concerned with immediate cost, not how long the debt continues. It's difficult to predict the next five to 10 years and in order to have a school program approved, we must make it as acceptable to the taxpayer as possible," he stated.

Looking beyond the immediate millage needed to undertake the building program, the board examined operational needs. It was noted that, if the bond issue is approved and the additional 1.3 mills levied, the total levy for the 1965-66 year would become 24.9, compared to 23.6 now levied.

But it is estimated that an additional five mills will be needed to provide operating funds for the expanded school system. This millage would not be required until the 1966-67 year, when voters will also be asked to renew a voted 10 mills currently levied for operational use.

The building program to be placed before the voters June 14 calls for construction of an elementary building first, followed closely by a new junior high school, expanding the high school, converting the junior high school into central offices and a service center, acquiring additional land for site purposes and developing and improving sites.

The new elementary would open in September 1966 and the junior high school the following year.

Building Activity On Rise

Value of new construction in the Northville - Novi - Livonia area in the first three months of 1965 was \$353,396 higher than a year ago.

Building activity in the first quarter of 1964 stood at \$421,304. It zoomed to \$774,700 in the same span this year.

Northville and Novi shared in the surge.

In Northville - the undisputed leader so far in 1965 - City Manager Bruce Pothoff said that the total reached \$387,950 in the first period. This compares with only \$84,640 last year.

Pothoff said permits were issued for the new John Mach Ford agency on Seven Mile road (\$155,000), 11 new homes (\$183,000) and miscellaneous additions or alterations to present residences and businesses at (\$49,950).

Novi officials reported that the January - February - March total for 1965 climbed to \$231,000 from a mere \$61,164 in 1964.

Permits were taken out in the village for seven new homes (\$145,000), alterations to industrial sites (\$43,100) and modifications to private homes (\$43,400).

Northville township's pace slipped drastically.

In the first period construction pegged at \$133,050 was started. This included five homes (\$121,500) and the remaining \$12,000 for the additions and alterations.

A year ago, the township held first place in the building race. Some \$236,500 of new construction was recorded with Shadbrook subdivision responsible for \$113,000 alone last March.

But a township spokesman indicated that the building pace is "booming" in April, so a much-improved second quarter is expected.

At the same time, Novi officials foresee a big jump in the April-May-June span this year based on a bigger demand for permits this month.

City, Township Assessments Up

Local assessed valuations as well as county equalized valuations for 1965 are up in both the city and township of Northville. The total increase is nearly \$2 million.

Supervisor R. D. Merriam announced this week that property

assessments in the township total \$13,344,810 compared to \$12,363,600 in 1964. Wayne county increased this total to \$13,613,410. The state equalized valuation, slated to be revealed about July 1, will add about 20 per cent to this total if past procedure is followed.

The township's hike by the county was entirely on land valuations, a total of some \$287,000. This under-assessment on land is spread over the entire property tax - real and personal as well as land.

In the city the local assessed valuation showed an increase of \$492,860 over 1964. County equalized valuations were up \$522,465 over last year, from \$12,993,581 to \$13,516,046.

The Wayne county portion of the city increased in county equalized valuation from \$9,111,030 to \$9,361,400, while the Oakland county section jumped in equalized valuation from \$3,882,551 to \$4,154,646.

Like the township, the city will receive about a 20 per cent hike in equalized valuation from the state.

State Boosts City Values

In addition to the expected 20 percent increase normally added to county equalized valuations by the state the city of Northville may find another \$440,000 added to its total state equalized valuation this year.

City Manager Bruce Pothoff said that county taxation officials had been informed by the state that the city of Northville is one of several Wayne county communities that is "under-assessed".

According to Pothoff, no supporting data accompanied the announcement and until the state reveals its figures - about July 1 - it is not known whether the under-assessments are on land, personal or real property, or a combination.

The entire amount lies within the Wayne county portion of the city, however.

Although it is spread over all property, the result of the additional equalized valuation is a boost in revenue to the county and school district. The city tax coffers would not benefit because millage in the city is levied against local assessed valuations, not state equalized.

Girls Lead Again In Scholastic Race

For the second year in a row, two senior girls have earned the highest scholastic honors at Northville high school.

Kris Deibert has been named valedictorian and Carol Yahne salutatorian of the 1965 graduating class, Principal Frederick Stefanski announced.

Last year, Anne Hembrey and Anna Martin were so honored.

Kris achieved a grade point average for her four years at NHS of 3.97 out of a possible 4.00. At the same time, Carol recorded a 3.85 average.

Both are alike in many ways. Each is an attractive brunette, has taken an active role in school affairs and plans to attend the University of Michigan in the fall.

Kris, the daughter of Mr. and Mrs. Glenn Deibert of 9825 Napier road, has participated in the school band and dance band.

In addition, she has served as president of the girls athletic league, secretary of the Future Teachers Association, representative to Girls State and a member of the pep club and honor society.

At U. of M. she thinks she "would like to major in journalism, or some type of writing."

This summer she will work in the credit department of a national retail firm.

Carol, daughter of Mr. and Mrs. Charles Yahne of 512 Ea-

ton, is eyeing a career in the United Nations "maybe as an interpreter or diplomat."

She hopes to major in Spanish at the university. Two years ago she was a foreign exchange student and visited Mexico. And her father is a Spanish teacher at the high school.

"I just love my summer job," she added, "I am working with kids in the Northville recreation program. That means swimming!"

At NHS Carol has taken part in the band, the model United Nations, Future Teachers Association, student council, Girls State, honor society and is a member of the yearbook staff.

Fringe Benefits Sought By Northville Teachers

An appeal for fringe benefits for Northville teachers was heard Monday night by the board of education.

A teacher committee headed by Robert Sharrar and composed of Violet Bradford, Donald Brown, Douglas Harger, William Hensch, Betty Leavitt, David Mohrhardt, Richard Norton and Ralph Redmond introduced proposals which included paid hospital insurance, sabbatical leave, termination and retirement pay and tax-deferred annuities.

The board heard the request, but made no promises aside from a reply "in a month or so."

In a detailed report the teacher committee drew comparisons with other school districts in the same region to indicate the ability of the local district to provide the fringe benefits. The report included millage, district tax base, cost per student, etc.

The report estimated the annual cost of hospitalization insurance at \$17,445 for the teaching staff and \$6,783 for the non-professional staff.

It recommended severance pay of one-half of the accumulative leave days at the current substitute rate of pay (now \$24 per day).

If asked for sabbatical leave to encourage self-improvement and benefit the school system through study, research or travel. Only those teachers with seven years consecutive service would be eligible. They would receive half-pay while on leave and would agree to return to the system for three years after the leave.

The board also heard a report from its citizens' committee on sites. Kirk Atton, Douglas Day and Joseph Petrock told the board that it still considered the Eight Mile road area between Taft and Beck as the prime site for an elementary school.

best location, but that Nine Mile might be a good future spot.

Finally, the board heard William Secord report on a schedule of appearances by the "speakers' committee" to explain the school program to the public.

At the suggestion of Board Vice President W. C. Becker, the board decided to hold a public meeting on Monday evening, June 7, at the community building to explain and answer questions on the school building program.

Secord's schedule, which will include members of the administrative staff and school board, calls for appearances before the following groups: May 6 - Main and Amerman PTA; May 11 - Rotary club, Senior Citizens and Jaycees; May 17 - Junior and senior high PTA; May 20 - Retail Merchants.

Assistant Superintendent Kenneth MacLeod announced that all but 12 teaching vacancies had been filled. Some 85 contracts were signed Monday and the board approved contracts for six new teachers including Judith Ann Coleman, Jane Farris, Janet Packard, Mary Scherpenisse, Carol Simon and Mrs. William Slinger.

Lawrence to Challenge School Board Successor

A race for the lone opening on the Northville board of education has been assured in the June 14 election.

Petitions are now being circulated for Incumbent E. O. Weber and Donald B. Lawrence, a former board member.

Weber announced this week that he would seek re-election. He was elected to the board last June and, ironically, is serving the final year of a four-year term originally held by Lawrence.

Lawrence resigned from the board before completing his term

when the company for which he works transferred him to Grand Rapids. The Lawrences moved back to Northville about a year ago.

Candidates must file petitions with the secretary of the board of education by 4 p.m. Sat, May 15.

News Around Northville

Carol Klopfenstein, daughter of Mr. and Mrs. Morris Klopfenstein of 20145 Beck road, Northville, is a new member of Alpha Lambda Delta, freshman women's society at Albion College, Albion, Michigan.

Carol was one of forty-four students named to the national scholastic honor society.

Laura Buckley and Eleanor Schock will be co-hostesses at a baby shower Friday evening for prospective mother, Karen Boyer. The shower will be held at the home of Laura Buckley.

Kathryn Kinde, senior at Albion College, has accepted a teaching assistantship in chemistry at Tufts University, Medford, Massachusetts, for the coming year. She will be following a program leading to the degree of master of science.

Miss Kinde will be granted a bachelor of arts degree from Albion in June along with a teaching certificate. She is presently active in student MEA, psychology club, Psi Chi — the national honorary in psychology — and in the Albion chemistry club. She is secretary of Psi Chi and president of the chemistry club.

Miss Kinde is the daughter of the Reverend and Mrs. S. D. Kinde of 139 West Dunlap street.

Mrs. Arthur Hempe of Fonner court, West, will have neighbors in for cocktails before the Mothers Club dance at Meadowbrook country club Saturday evening.

Airmen 3rd class, Ronald L. Richardson, son of Mr. and Mrs. H. G. Richardson of 814 Main street will serve as marshal for the Texas open golf tournament. The tournament runs four days Thursday through Sunday. Airman Richardson, a 1962 graduate of Northville high school, was a member of the NHS golf team.

Mr. and Mrs. Rueben Jensen of Chigwidden drive, joined friends Friday evening for dinner and the floor show.

Mr. and Mrs. Robert Flaherty of Chigwidden drive were also at the DAR Friday night.

Monday evening Dr. and Mrs. Russell Atchison of South Rogers street and Mr. and Mrs. Walter Cause of West Seven Mile road had dinner at the D.A.C. and enjoyed the floor show. Dr. and Mrs. Atchison spent Wednesday visiting with Mrs. Atchison's mother Mrs. Don Harrington of Albion.

The Detroit Athletic club celebrated its 50th birthday last week. Many Northville residents, despite the cold rainy weather, drove to Detroit to hear singer Robert Goulet, who was featured at the club.

Mr. and Mrs. Albert G. Spaeth of Northville Estates spent last week end with their son Albert at Kemper Military school, Boonville, Missouri. While there they drove to the Ozarks.

Mrs. Hempe Renamed To Torch Drive Post

Mrs. Arthur R. Hempe has again been named Torch Drive residential chairman for Northville.

Her appointment was announced by Mrs. Ammie Enoch, Residential chairman for Region 34, which includes Northville, North and South Livonia and Redford.

Northville's quota for the 1965 Torch Drive campaign has not yet been announced. In 1964, the women volunteers who called on residences in the area went over their assigned quota by collecting \$2,221.90.

Mrs. Enoch said, "Mrs. Hempe has proved to be a most valuable worker in previous campaigns. We are pleased that she has again accepted assignment as Northville chairman."

Last year a record \$23,700,000 was collected in a tri-county area by the Torch Drive for distribution to 207 health and welfare agencies.

This year's goal of the "Give Once for All" campaign has not been set.

Included in the agencies supported by the Torch Drive are 54 health and medical organizations, 25 research facilities, 32 child care agencies, 44 services to the

family, 32 services for the aging and 68 youth character building agencies.

Mrs. Hempe is the mother of five children. Her husband is vice president of sales of the O & S Bearing Co. of Whitmore Lake.

Besides her Torch Drive work, Mrs. Hempe is active in the Parent Teachers Association and the United Community Services. The family lives at 46246 Fonner Court.

Mothers Club Dance Saturday

"Spring Fantasy", the Northville Mothers club spring dance, will be held Saturday evening at Meadowbrook country club.

Phil Cole and his orchestra will play for dancing from 9:30 p.m. until 1 a.m.

Tickets at \$3.50 per couple can be purchased at the door or from members of the Mothers club.

All profit is used for community projects, particularly in Northville schools.

So far this year, the Mothers club has purchased a ditto machine for Amerman school, five projection screens for the high school, a television set for Main street school, a podium for the junior high and given a donation for the band.

In the past the club has contributed money for choir robes, playground equipment and given \$1,000 toward the building fund for the Scout Recreation building.

Engaged

Dr. and Mrs. Russell Atchison of 332 South Rogers street announce the engagement of their daughter, Rhonda Marilyn, to Roger Warren Schlack son of Mr. and Mrs. Warren E. Schlack of Alma avenue, Detroit.

The bride-elect attended Schoolcraft college. Her fiancé is a junior at Wayne State University. A June 26 wedding is planned at Our Lady of Victory church.

To Register Youngsters

A kindergarten registration program for the 1965-66 school year will be held at 7:30 p.m. Monday at the junior high school boys gym.

Parents who have youngsters reaching their fifth birthday on or before December 1 of this year are asked to attend.

All youngsters who will be five on or before September 1 will be registered for kindergarten classes at the Amerman and Main Street Elementary schools.

Furthermore, the screening program for those children who will turn five between September 2 and December 1 will be discussed.

The screening class is conducted before regular classes begin in the fall and lasts one week, said school officials.

SPRING IS DUE to blend prettily into summer. That's the fashion forecast which is attracting Northville area women to two upcoming May fashion shows.

The first is the annual spring fashion show and luncheon at Meadowbrook country club next Wednesday, May 5. The late spring and summer fashions will be from the Jacqueline Shops of Bloomfield township, Oak Park and Florida. Jackie Cramp-ton will be the professional commentator while her models display the new fashions.

Mrs. Robert H. Spengler of Union Lake, who again is serving as show chairman announces that Wednesday can be "a full day at the club" as a limited number of reservations are available for members to play bridge prior to the luncheon.

Among those with early reservations for the luncheon is Mrs. Reuben R. Jensen who has invited guests from Birmingham, Detroit and Northville. Mrs. Charles Chase has reserved a table for eight and is bringing her Detroit bridge club.

A group of members planning to attend together includes Mrs. Lawrence Wright, Mrs. Richard Talbot, Mrs. Bernard Baldwin, Mrs. Theodore Benson, Jr., Mrs. C. J. St. Germain and Mrs. Philip Wegeng. Mrs. James McNeiece and Mrs. Charles W. Hook also have their reservations made. Mrs. Hook has invited a group of Detroit and Northville friends.

Mrs. Arthur Hempe, who has agreed to be Northville Torch Drive chairman for a second year as "It's always easier to do a better job the second time", has slated a first meeting with her four area chairmen for Wednesday morning. Then they will be her luncheon guests at the fashion show.

These new area chairmen are Mrs. Herbert Frogner, Mrs. Daniel Boland, Mrs. David Vincent and Mrs. Orin Hove. Mrs. Hempe also has invited four Northville friends to join the group.

A DESIGNER SHOW that will be a "fashion first" is creating interest among Detroit fashion writers and commentators as well as among Federated clubwomen who are co-sponsoring the event at 7:30 p.m. May 20 in the Scottish Rite auditorium of the Detroit Masonic Temple.

This will be the first event in which members of the Northville Woman's Club will be participating since re-federating with the Federation of Women's Clubs of Detroit this year. The Detroit Federation is co-sponsoring the show with Montgomery Ward & Company with proceeds to benefit philanthropic and educational causes.

The fashions to be shown have been designed especially for M-W by established European and American designers as the store debuts a Brentshire Designers line to upgrade its merchandise. As it is a departure for this type of store to be featuring designer originals, there will be a special pre-show luncheon at the Statler-Hilton for commentators, the fashion press and club presidents. Mrs. O. F. Reng will be attending from Northville.

The Show is open to the public. Mrs. E. V. Ellison is handling tickets for this area.

A LIBRARY project will be initiated at the May meeting of the Northville Cooperative Pre-School Play group at 8 p.m. Tuesday at the home of Mrs. Thomas R. Lovett, 46274 Pickford. A member of the group, Mrs. Thomas Johnson, is in charge of the project which includes plans to expand the present children's book collection and to house it on shelves in an anteroom of the Scout-recreation building where the pre-schoolers meet.

How to expand parents' own libraries of children's books inexpensively also will be of interest to young children, Mrs. Johnson is a former teacher. She presently is a Junior Great Books leader.

Members of the Northville Swim Club will "sweep now and swim later" as they ready the club for the new season at an annual work bee set for 2 p.m. Sunday, May 2.

Chairman Richard Brown again invites men to bring rakes, shovels and other outdoor equipment and women to come with pails and brooms for inside clean-up.

val, Sherry Lynn, Grandfather's Clock, Safari, Krazy Klock, Daisy, All Through The Night, Men of Harlech and Go Down, Moses. After an intermission the chorus will sing eight numbers - Non Nobis Domine, Jesu, Joy of Man's Desiring, Lonesome Valley, All Creatures of Our God and King, Village Charm, Toyland, Careless Clyde and This Old Man.

PREPARING FOR NEW SEASON—Officers of Northville Town Hall meet Monday to discuss plans for the 1965-66 lecture series. Pictured here are (left to right) Mrs. Fred Tuck, recording secretary; Miss Ruth Knapp, mailing list chairman; Mrs. H. F. Wagenschutz, tickets and awards chairman; Mrs. Donald Ware, advertising chairman; Mrs. Cletus Austin, hostess for the meeting, and Mrs. Gene Karrer, luncheon hostess chairman.

PTA's to Hear Building Program

Both Main Street and Amerman PTAs will hold special meetings at 8 p.m. Thursday, May 6, to acquaint parents with school expansion needs and proposals in the upcoming June bond election. The

proposals will be presented by a team composed of members of the citizens committee studying school needs, the school board and administration representatives. A question session will

follow. Main Street Elementary PTA is to meet in the small room adjacent to the junior high school gymnasium.

New officers for 1965-66 at Main Street school are Dr. and Mrs. Charles Wheatley, who are moving up from the vice-presidency this year to presidency. Mr. and Mrs. Stan Schaefer, who have been serving as president-team, will exchange posts to be vice-presidents and program chairmen. Mrs. Ralph Luckett is treasurer, and Mrs. John P. Moorhead, secretary.

At the Amerman school program in the school's multi-purpose room Mr. and Mrs. Arthur Prodrger will be installed as presidents, succeeding Mr. and Mrs. Albert Myers. Others to be installed are Mr. and Mrs. Theodore Slabey, vice-presidents, Dr. and Mrs. Harold Wright, secretary; Dr. and Mrs. Charles Fountain, treasurers; Mrs. Helen Bradshaw, teacher vice-president.

Marathon Bridge Wrap-Up Near

Marathon Bridge, sponsored by Mothers Club, will conclude its second year of play May 21 when all participants are invited to gather at 8 p.m. in the Amerman school multi-purpose room to play the final game together. Refreshments will be served following the play.

Mrs. Gordon Forrer, bridge chairman, asks that all other games be played by this date and that members unable to play that evening play and report scores prior to May 21 as prizes of \$50,

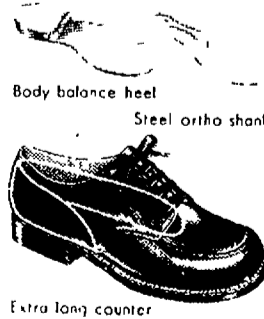

\$20 and \$10 will be awarded to the top three couples in each league playing. Couples who already have played the final game are invited to bring guests and play for fun with the group.

Final play for the afternoon group is set for May 19 at the home of group chairman, Mrs. Walter Gall. All participants in the marathon are being notified of arrangements by league chairmen. These are Mrs. Forrer, Mrs. Chester Lipa, Mrs. H. C. Evans and Mrs. Blake Couse.

Win Lifts Spirit Of Mustang 9

"We're on the move." Those were the optimistic words of Baseball Coach Bob Kucher after his charges had whipped Brighton, 4-0, Saturday.

The win gave Northville a 2-4 record over all and evened its Wayne-Oakland league mark at 2-2.

Even though Brighton did not present any formidable opposition, Northville's solid play was the climax of a week of progress.

Experience came the hard way as Northville suffered two losses last week by the slimmest of

margins.

Walled Lake eked out a 3-2 win on the local diamond April 21, and Bloomfield Hills went one better by topping the Mustangs Thursday, 6-4, in an extra-inning tilt.

Northville played flawless ball in winning the only game in its last three starts.

Pitcher Steve Evans was superb on the mound. He went all the way against Brighton - seven innings - giving up just one hit, striking out 13, and walking five. The lone hit was a clean shot, a

sixth inning single to center by Doug Zimmerman.

While Evans was setting the Bulldogs down, his teammates gave him solid support at the plate and in the field. They didn't commit an error, and banded out nine hits.

Big blow of the day was Jerry Imstrand's towering home run blast in the fourth frame with men on first and second. The three runs gave Northville a 4-0 lead.

Besides his circuit clout, Imstrand also slammed two singles to break out of his hitting slump. He tied leftfielder Bob Tuck for the most hits, three, but Tuck had a perfect day at the plate.

Northville jumped into a one-run lead in the first inning when it put three singles back to back. Third Baseman John Mach spanked one to left as did Tuck. Then Evans provided all he needed to cart home the win by slashing a single to right field to score Mach.

Then came the game breaker. Tuck singled and Right Fielder Chuck Boerger walked. Both scored ahead of Imstrand.

"We weren't able to hit in key situations," was the way Kucher summed up his team's performance against Walled Lake - that and a few damaging mistakes.

Northville again jumped off to a two-run lead in the first inning. Shortstop John Jameson's double drove in Boerger, who had walked, and Beller, who had singled.

But Walled Lake tallied twice in the fourth frame to erase the Mustangs' lead and sew up the game. They were scored on an error, a wrong-field double to right, a walk and a single to left - all with two men out.

Mustang errors accounted for the other run in the third inning. Tagged with the loss was Evans, who relieved starting Twirler Mike Grant in the third. In five and two-thirds innings Evans gave up only two hits, but his mates wracked up five bables.

The Bloomfield Hills contest was a real heartbreaker. Baron Bill Pappas was the hero, poking the ball over the fence in the eighth to win it.

Top local hitter was Backstop Doug Swiss, who lashed two doubles in four trips to the plate. He also drove in two runs.

Starting his first game in a Mustang uniform, Boerger, a transfer student, sparkled. As the Mustang leadoff man, he bagged one hit, a double, and walked three times.

Netters Climb Atop League

The Northville netters took a giant step last Monday - they upset perennial contender Bloomfield Hills, 3-2, on the Cass Benton courts.

The victory catapulted Northville into a first place tie in the Wayne-Oakland Conference with Bloomfield Hills and Clarkston. All have 4-1 records.

It was the first defeat pinned on Bloomfield this year.

Randy Caliguiri, moved into the number one singles spot, dropped straight love sets to tough Dave Gottlieb of Bloomfield.

But the strategy paid off as the Mustangs swept the other two singles matches. Jim Long beat Wes Schultz, 6-2, 6-2, while Norbert Parent, though extended, came through with a 6-4, 5-7, 6-3, victory over Gary Markley.

To gain some strength Coach Norton put Larry Thibos and Bob Langtry, two former singles stalwarts, on the same team. They came through with a 6-3, 5-7, 6-4 conquest of Greg Lau-John Liles.

In the other doubles pairing, the local duo of Dave Kerr-Steve Quay fell to the rackets of Mike Righter and Rick Carrier, 6-1, 6-3.

The match with Clarkston Friday was a tough battle with one of the strongest teams in the W-O loop. Clarkston came away the winner, 3-2.

Failure of a doubles team to post a victory crippled Northville's chances.

The combination of Bob Langtry - Randy Caliguiri dropped a match by scores of 6-4, 4-6, 6-2,

to Paul Hinkley - Bill Bailey, and the team of Dave Kerr - Steve Quay lost to Ken Beattie - Tom Bullard, 6-2, 0-6, 6-4.

Playing one of his finest games of the season, Northville's Jim Long came from behind in the first set to wrack up a 7-5 victory. The second set he took by an identical score.

Number two singles man, Norbert Parent, didn't have any luck as he dropped a match 6-3, 7-5, to Mike Fulton. But Larry Thibos played stellar tennis in turning back Mike Dougherty of Clarkston, 6-1, 6-1.

In a match that was not counted, Clarkston's Jack Samson dropped Randy Burnett in extended sets, 7-5, 7-5.

Northville put the pressure on Clarkston April 21 in waltzing to victory, 5-0.

Although he was pushed to three sets, Long took the measure of Gary Haley, 6-1, 6-8, 7-5.

And Parent and Thibos took care of their opponents in convincing fashion with Parent taking love sets from John Head and Thibos clipping Richard Stern, 6-1, 6-0.

The doubles teams picked up the tempo by sweeping every match. The duo of Langtry-Mark Hesse clobbered Doug Hood-Gordy Schmitz in love sets, and Caliguiri-Kerr polished off Riley Saylor - Russ Uirey, 6-1, 6-0.

In an extra encounter, Northville's doubles team of Cliff Smith and Jim Lundstrom, a transfer student from California, stopped Bernie Kent-Neil Fellaender, 6-1, 4-6, 4-0. The final set was called.

It was another runaway for Northville Thursday, when the Mustangs defeated Holly, 4-1, at the Cass Benton courts.

Only Mustang to suffer defeat was Long, who, according to Coach Norton, had an off day. Long lost to Duane Addis, 6-2, 3-6, 6-0.

Parent breezed by Chris Musaus, 6-1, 6-0, and Thibos, the number three singles man, dumped Ron Ranger, 6-2, 6-4.

Joining their teammates as victors were all members of the local doubles teams.

Kerr-Quay won easily, 6-1, 6-3, over Dick Jones-John Lehman, and Caliguiri-Langtry eased by the combination of John Brummer - Junior Pocius, 1-6, 6-2, 6-2.

In a singles match not scored, Burnett copped two love sets from Lane Barrett.

Golfers Hit Stride

The Northville linksters have come of age. They're finally on the winning trail.

Their latest victim, after two opening setbacks, was West Bloomfield Monday night at Meadowbrook Country Club by a score of 157-186.

Most of the excitement was provided by two members of the Northville team, Jim St. Germain and Jim Bertoni.

After the final team score was a foregone conclusion, they were still on the green, playing off a 36-36 tie of their own.

Who won the playoff? Bertoni. This marks the first time that he has accomplished this feat since the two youths have been teammates.

Behind the two Jims came teammate Rick Talbot with a 41 and Ted Bunker with a 44.

The Northville's linkster's first victory of the season Friday was a decisive one against Brighton. The Mustangs won 157-175.

Northville's Jim St. Germain once again paved the way by posting a 36. But he was given some strong support by Rick Talbot, a 39.

Win Lifts Spirit Of Mustang 9

Competing in the Howell Relays last Saturday, the Northville Mustangs bumped into some tough opposition.

Only Northville's Kent Kipter walked away with any honors. At that, he had to settle for third place in the pole vault with an effort of 11 feet six inches.

"It was a disappointing turnout by our athletes," said Coach Roy Herald. Only 11 boys were free to compete in the meet.

Although the Mustangs pulled down only one third-place finish, Herald pointed out that the local thinclads who did compete turned in stellar performances. "They posted some of their best times," he said.

And although Northville's Roger Kline copped first place in his 880-yard heat, he failed to make the time qualification.

Correction

Robert Budd of 46070 Neeson street, Northville was found guilty on two charges in Novi Justice court April 8, not his father Henry Budd. The error appeared in the April 15 edition.

Drop First Track Meet

Novi's thinclads faced Dunkel April 21 at North Farmington in their first encounter of the season. Outcome: They lost but still made a good showing.

Jon VanWagner won the high jump at five feet one inch and placed second in the pole vault competition. Greg Carr outran all rivals in the 75-yard dash.

Other Novi Wildcats who scored: Mike Ferra, third in the 75-yard dash and broad jump; Andy Pantello, third in the 75-yard hurdles; Bill Christensen, third in the broad jump; Barry Campbell, third in the 75-yard hurdles

Douglas C. Mullen

Chevrolet Promotes Mullen

Appointment of Douglas C. Mullen as personnel director of Chevrolet Motor Division's Gear & Axle plant here was announced today by Sylvester J. Thrasher, manager of Chevrolet-Detroit manufacturing plants.

Mullen, who has been personnel director of the division's Spring & Bumper plant at Livonia, succeeds Marshall F. North, who has been appointed personnel director of Chevrolet's Grey and Nodular Iron foundries at Saginaw.

Mullen, a Northville resident, joined Chevrolet in 1954 as a college graduate in training at the Flint manufacturing plant. He became a labor relations representative a year later at the Chevrolet frame and stamping plant at Flint and was named a production foreman there in 1957.

He was appointed supervisor of employment at the Livonia plant in 1958 and assistant personnel director in 1959. The following year he was named a divisional labor relations representative at Chevrolet central office at Detroit. He has been personnel director at the Livonia plant since April 1, 1962.

Mullen has been chairman of the public affairs committee of the Livonia Chamber of Commerce, a member of the board of directors of the Livonia Youth Organization and co-chairman of the recent Boy Scout fund drive.

A native of Toronto, Mullen is a graduate of De LaSalle High school there and received his degree in journalism and business administration from the University of Michigan, where he played varsity hockey from 1950 to 1954.

Mullen and his wife, Agnes, have three daughters and a son. The family resides at 19956 Caldwell.

Area GOP Opposes Medicare

Following a meeting last Thursday evening of the 15-man advisory board of the Plymouth Republican Club, residents of this area are being urged to send telegrams to their Congressmen asking for defeat of the proposed Medicare bill.

Senate Hearings on the proposed legislation were scheduled to begin Tuesday, April 26.

The re-activated Plymouth Republican Club urged citizens to wire their Congressmen immediately advising defeat of the Medicare bill and adoption of one of the alternate bills, such as Eldercare.

The club includes the second congressional district of which Northville township is part.

Arrest Pair In Cafe Fight

Northville police ticketed two men early Sunday morning for being disorderly persons at Paul's restaurant, North Center and Dunlap streets.

At 2:38 a.m. officers Paul Young and Robert Pankow found Paul Schilinski of Plymouth and John Baggott of Garden City fighting in the parking lot behind Paul's.

According to the police report, Schilinski provoked the brawl. Police said Schilinski pulled Baggott backwards off a stool. Baggott hit his head against the jukebox, sustaining a small gash.

Then Schilinski and Baggott went outside to continue their fight.

Police said both were released on bond and are scheduled to appear May 3 in the city's municipal court for arraignment.

Four Steps to Follow for Spring Lawn Care

(As Recommended by Wayne County Extension Service)

1. Remove winter's accumulation of trash and debris from the lawn by power raking; lower the mower blade height to one-inch and mow the entire lawn once (this will remove the dead, discolored grass on top and allow the new green growth to appear earlier); raise to 1½-2" height for normal mowing.
2. Apply a complete fertilizer over the lawn to stimulate growth for the early part of the season; spread either a 12-6-6, 10-6-4, 15-5-5, 20-10-5, 10-3-7, 12-12-12, 10-10-10, etc. fertilizer at rates listed on the bags. At this time of year it will not be necessary to water them in. For best results divide the amount of fertilizer to be spread into two parts. Spread one-half in a north-south direction and the other one-half in an east-west direction. This will help to avoid streaking and burning.
3. If crabgrass has been a problem in years past you might want to apply a pre-emergent crabgrass herbicide. Due to the late spring, ample time remains to apply. Observations over many years have shown that crabgrass begins to germinate about this time and it only makes sense to apply herbicides before this time, if possible, and control as much of the crabgrass as possible.
4. If you have bare spots in your lawn more than 4 inches in diameter it may pay you to sow some grass seed; also, sod can be laid as soon as the ground has thawed and the sod is available from the turf farm. If your lawn is thin and sparse, overseeding with more grass seed will not necessarily thicken it up. Perhaps a bag of fertilizer will do more good in stimulating the basic lawn you have.

Reverend Paul E. Barnes
First Baptist Church of Novi

No doubt we are all guilty of looking for a convenient time for doing some task that needs to be done. Finally we come to the conclusion that there is no convenient season, and that we might just as well do it now. In Acts chapter 24, Felix was looking for a convenient season to make a decision that weighed heavily upon him, but he never found that convenient season; at least he never made the decision.

People today are looking for a convenient season to: 1. Attend Church. How many times have people said, "when the children are older," when we get settled," or "we intend to come"? However, that convenient season never comes, and one of the basic parts of their nature, the spiritual, is neglected.

2. Accept Christ. Felix knew that he should receive Christ as his savior. His conviction was so strong that he tried to, but instead of receiving Christ, he said, "Go thy way and some more convenient season I'll call on thee." It is often said

Ever thought about that word - its deep, stirring meaning? We start out as part of a family. And even though we know we are "little" it doesn't matter. We are part of the family—that's important. And what we will become—the family is looking out for that!

Then one day we are grownups. And again we are part of a family. But now we are "big" *Oh so big!* For what the rest of the family will become—that depends on us!

How important a part did the Church play in your transition from being little to being big? Well, in this free land, the chances are good that you grew up spiritually as well as physically.

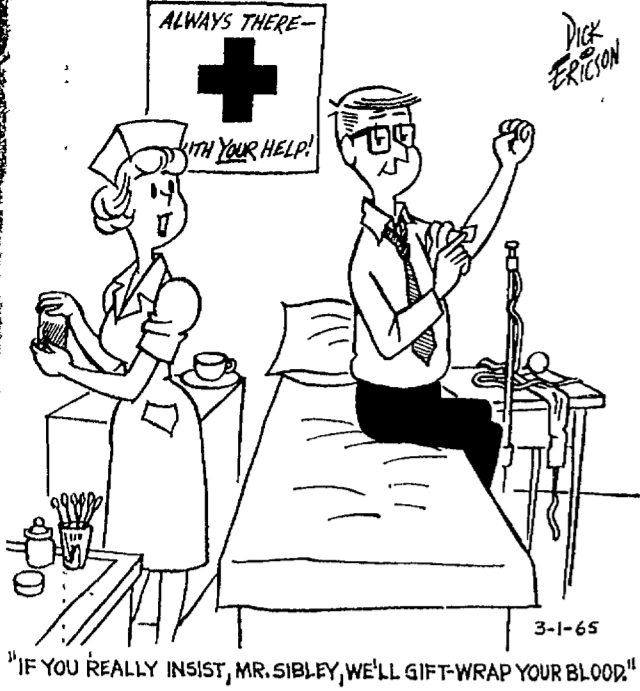

But, even if you didn't—it's not too late! Not only can you see your children off to a free and fine education, but you can come with them to the church . . . where the "little" and the "big" learn of GOD . . . where the truth of the Church guides the destiny of THE FAMILY.

Wrangling in Legislature

LANSING — Things seem more loused up in the Legislature this year than usual. This is probably not the case. It is just that there are more things to be mixed up about, so the confusion looks worse.

discipline very well and know how to exercise it.

to the eye banks now located throughout the country, the Michigan ear banks are in Ann Arbor and Detroit.

The only thing which keeps them from writing their own ticket completely is the threat of a Governor veto. It takes two thirds of the elected members of each house to override such a veto.

Contributions of the inner ear after death to the program allow research which cannot be conducted otherwise because the nature of this portion of the body prevents its examination in a living human.

Watch the jockeying in efforts to reorganize state government. This is a basically important issue and one which can be important for a long time, once resolved. If the Legislature does not come up with a plan to group all the state's boards and commissions under 20 or fewer departments by December 31, the Governor can proceed with his own plan.

In Michigan, the ear bank program is being coordinated by the Association for Better Hearing in East Lansing, but doctors specializing in ear surgery also can provide information on the donor program.

Bigger and bigger state government is more than just a saying in Lansing this year.

The balance here means that Gov. Romney can get some of what he wants, even though the Democrats don't want to give it, in return for not vetoing the arrangement the Democratic legislature approves. On the other hand, if he demands what the Democrats think is too much, they will take their changes with a veto and seek to rearrange legislatively whatever the Governor puts into effect after January 1.

The bigness has been applied in the legislature to its own operations first, before agency budget requests were even formally before it. There is no indication yet whether the legislature's generosity with state funds will spill over into budget considerations.

On every floor of the Capitol can be seen offices with new carpeting and other furnishings where the legislature expanded its facilities and moved previous occupants to other, rented quarters.

Staff size has been increased by several factors. One was the lack of experience Democratic supporters available to run the intricate legislative process.

Many Republican appointees in House and Senate patronage posts were kept on, but given assistants from Democratic constituencies where previously only one person handled the job. The GOP appointees are scheduled to be relieved as soon as the assistants learn their duties.

Legislators seemed to suddenly become image conscious this year. Funds were made available for both sides to hire high-priced public relations personnel.

Salaries were upgraded in several posts to meet the demands of individuals who were sought to fill the jobs.

Planning by Newlyweds

BABSON PARK, Mass. — We are approaching the big season for weddings. When a young man and woman get married, they become, in a very special sense, two different people, — particularly in terms of basic responsibility to one another and to the new home they are establishing.

gether. Marriage counselors generally favor a small, efficient apartment at a realistic rental for newlyweds, especially if the bride intends to continue, or to start, working. This will leave ample time for the days of early adjustment when extraordinary burdens should be held to a minimum.

ed the ensured. Young people seem to think they are going to live forever, but parents or grandparents should point out to their airborne youngsters that to draw a will is a sign of maturity and intelligent responsibility. Newlyweds are likely to feel that they haven't enough to bother with yet, so they'll draw their wills later on. But they usually have a great deal more than they realize, — and there are such "would-never-happen-to-us" things as transportation accidents that could bring tragedy. Better to make out wills early, then forget them; no need to dwell upon death, but foolish to deny its inevitability. Use the family lawyer; or get another good one and stick with him.

ly where their income is going, and note how realistic their budget may be. Also, cancelled checks are good evidence for income-tax deductions. Young marrieds should be warned, however, that a living budget should be the key to sensible spending and not a strait jacket that permits no leeway in the direction of more gracious, more companionable family life.

STRICTLY FRESH

The woman was angry as she waved her bill at the doctor. "What do you mean by charging me five dollars? All you did was paint my throat."

In turn, the doctor snapped, "What did you expect—wallpaper?"

The customer was struggling valiantly with his so-called choice steak. Finally he put down his knife and said to the proprietor: "It's a shame to fry a tire that still has so much tread on it."

Husband: "If it hadn't been for my wife, I would have lost every cent I owned."

Friend: "What did she do?" Husband: "She spent it before I could."

SELF ANALYSIS QUIZ

Are You A Conversation Killer?

By Jane Sherrod Singer

It has been said that motion pictures, radio and television have reduced the art of conversation to mere chit-chat, office chatter or gossip. And, since human beings pride themselves on the development of written and vocal communication, the skills should be practiced, not forgotten.

- 1. Do you seldom listen because you are busy thinking of what you are going to say next?
2. Do you interrupt the person who speaks with ideas or stories of your own?
3. Do you twist the speaker's ideas to fit into your own thoughts and opinions?
4. Do you "know it all" with such expressions as "I know that," "that's right," "Yes, yes?"
5. If a person asks you a question, do you have a more substantial answer than, "I don't know," "I don't care."
6. Do you feel on safe grounds only when you talk about yourself?
7. Are you vitally interested in a number of different things?
8. If you disagree with a statement, can you challenge it without showing anger or over-confidence?
9. Are you sure of your facts?
10. Do you listen with all of you when someone is talking (not like an inert vegetable)?

SCORING: Give yourself 1 point for each NO to questions 1 through 6 and for each YES to questions 7, 8, 9, and 10.

8-10 correct answers: You are an excellent conversationalist and people enjoy you. Keep reading, listening, looking and learning to enrich your conversation and ideas.

4-7 correct answers: You are just average, a plodding person, not very stimulating in a discussion. Don't be discouraged. Start with this quiz and then practice.

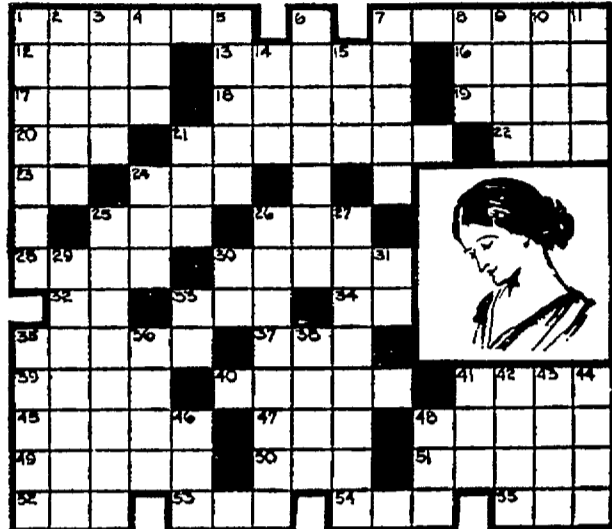

0-3 correct answers: You win the questionable title, Conversation Killer. If you respect your friends and have any desire to be popular, start to mend your bad habits.

CUPID'S A CUTIE-That's the name of the little fellow on the right. Cupid, a shetland foal was born April 6. He is the pet of Veronica Romanow, 7, of 45241 Grand River in Novi. She is the daughter of Mr. and Mrs. Peter Romanow. Cupid poses with his mother, Dolly, as Veronica feeds him sugar.

OFFICIAL MINUTES OF NORTHVILLE CITY COUNCIL

Before the meeting was called to order Mr. Mike Conrad, of Triple A, presented an award to Mayor Allen in behalf of his company, in recognition of the splendid job done by the City of Northville in removing the snow from the streets and sidewalks during the recent heavy snow falls.

The regular meeting of the Northville City Council was called to order by Mayor Allen, Tuesday, April 6, 1965 at 8:15 p.m. in the Northville City hall.

Present: Allen, Ambler, Canterbury, Carlson and Kester. Absent: None.

The minutes of the previous meeting were read and a correction of Paragraph 2, page 4,

was cited by Mr. Ambler. This paragraph to read as follows: "Mr. Harold Penn, city engineer, reviewed the streets to be repaired in the spring of 1965 and estimated their cost at \$88,050. The City Manager was asked to prepare a list of the street improvements in priority order and also to present for consideration by the council, the surplus funds available which might be used for the street improvements from the current year budget."

Minutes then approved. Moved by Carlson, supported by Ambler, that bills in the following amounts be paid: General \$26,843.05 Other government 94.59 Water 4,444.29 Unanimously carried.

Communications: A letter was received from Susan Schief, secy., Girl Scout troop 222 thanking the Council for allowing them to attend the council meeting on Monday, March 15.

A letter was received from Otis Hardy, executive secretary, Michigan Week Mayors Exchange Committee, advising that Free Soil, Michigan will not be able to participate and that we have been re-paired with City of Davison. Mr. Ebert has been notified of this and Mrs. Milne is to call the city on Wednesday, April 7th for details on Michigan week, May 16 to 22. No further information requested by Council.

A letter was received from James F. Kipter, Chairman of Program Committee, informing

Council of a community-wide recognition dinner and program on May 25, 1965, to honor Russ Armerman on the occasion of his retirement. A letter is to be sent in accordance with their request.

Bids for Paving of West, Butler and Pennell Streets: The clerk read the advertisement for Bituminous Aggregate Surfacing on Butler, Pennell and West streets. The city attorney opened the bids which were accompanied by 5% bid bond and were in amounts as follows:

- Oakland Paving Co., Berkley, Mich - \$6,651.62.
Thompson McCulley, Belleville, Mich. - \$7,557.84.
A & A Asphalt Paving Co., Birmingham, Mich. - \$6,638.73.
Cadillac Asphalt Co., Detroit - \$6,216.03.

Senate Bill 65 (State Aid to Public Libraries)

After discussing this matter in detail it was suggested that Mr Canterbury talk with Ray Dzendsel in regard to this and if it is necessary he will call Lansing for any information needed.

Township Agreements: Mayor Allen and Mr. Canterbury will meet with the township committee on Landfill and Fire department. The city attorney is to furnish additional copies of the agreements. The city attorney and township attorney will work on the library agreement.

Motion made by Carlson, supported by Canterbury that the public hearing on Residential Unit Development Amendment to the Zoning Ordinance be adjourned for two weeks.

Mr. Zerbel passed out copies of the Comprehensive Plan and Report of the City of Northville.

Mayor Allen remarked that buildings changing hands and changing uses could have an adverse effect on proper development of the business district if not closely watched.

Appraisals for the property at 122 and 124 E. Dunlap streets were received. Mr. Canterbury suggested negotiations for this property in connection with the development of the business district. Mayor Allen, Mr. Ogilvie and the city manager are to be the negotiators in this regard.

Mayor Allen requested the city attorney to review the file on the Ford Field, with the idea of the City purchasing this property.

Mr. Canterbury presented a resolution acknowledging the contributions of Mr. Ambler to the council and city and expressed the hope that Mr. Ambler will see fit to serve the community in other capacities. All of the council members voiced like sentiments. A resolution was adopted.

Unanimously carried.

Mayor Allen discussed the subject of having pictures of all council members available of those in the past and of future ones. Mr. Sliger remarked that he would endeavor to obtain any and all pictures he had thus far.

Mr. Ambler talked about the traffic problem on Center and Main streets about which Mr. Sliger spoke in his paper. This corner presents quite a bottleneck and there is a definite need for a "no left turn" or other control device in order to move the traffic in a smoother manner. The City manager will get in touch with Mr. Harrison, Wayne County Road Commission, to find out what can be done. The city attorney will review insurance coverage of Recreation Department employees. This matter was brought up by Mr. Ambler.

Mrs. Carlson again brought up the subject of bicycles being parked on the business streets and stressed the need for some action in this regard. The city manager is to report further.

Mr. Ambler expressed his sincere appreciation for working with all of the council members and felt they all worked well together and accomplished quite a volume of work.

The meeting was adjourned at 10:50 p.m.

Respectfully submitted Hilda Boyer, Acting Clerk

How the Savings Bonds you buy help our State grow - a message from our Governor

Chances are you live a little better because of the U. S. Savings Bonds program—because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers—in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in Series E and H Bonds... money that will someday be spent in worthwhile ways and help us grow further.

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.
