

King Assailant Faces Sentence

Warren Robert Wright is still behind bars today awaiting sentencing for shooting Northville Police Chief Eugene King three months ago.

His sentence will be pronounced May 20 by Wayne County Circuit Court Judge Charles Kaufman.

Wright's trial halted after three days last week and he pleaded guilty Wednesday to the reduced charge of assault with the intent to do great bodily harm.

At first he was charged with assault with intent to kill and murder.

Assistant Prosecutor Gerald Groat told the court: "Acceptance of the plea of guilty to the offense of assault with intent to do great bodily harm ... fits the facts and circumstances of the happening."

"The prosecution is of the opinion that there is a question of fact as to the intent to kill and murder and that both of the crimes ... provide for a long term of imprisonment."

"The defendant is awaiting sentence on a count of bank robbery. It is quite possible that sentence would be served consecutively."

Assault with intent to do great bodily harm carries a maximum sentence of 10 years.

FBI agents said that Wright pleaded guilty March 31 to robbing the Northville branch of Detroit Federal Savings last June 8. No date of sentencing has been set, the FBI said.

Wright could be put in prison for up to 25 years for the robbery, the FBI indicated.

Wright's trial got underway last Monday. Testifying from Northville were Mrs. Alice Ritchie, police dispatcher; Officer Louis Westfall; Mrs. Judith Hedlund, a teller at Detroit Federal Savings and Chief King.

King spent over three hours on the stand Tuesday. It was the first time that he publicly told his side of the incident.

When his luncheon date at the Thunderbird Inn with Ted Cuda, a uniform supplier, was interrupted February 10, King said he was told "a man in a green car is suspiciously circling around the bank."

"At this point Wright hadn't done anything wrong," King said. "I was curious about the aqua colored car."

In an effort to check the suspect's identity, King ordered officers William McGee and Louis Westfall, who were in another car, to stop him for speeding.

Wright was going 52 in a 35-mile-per-hour zone.

"The only thing we had was that he was driving a suspicious car," King indicated. "The car had 1965 plates so the old license number couldn't be verified."

"There wasn't really enough evidence to arrest him. I wanted to talk to him and find out what he was doing. And I wanted to do it in such a way to make it legal. A traffic violation would make it legal," King said.

Confronting Wright, King detected a strong odor of alcohol on his breath. King then told Wright: "I am taking you back to the police station. I think you should have some black coffee and I am going to give you a ticket for speeding."

King felt that once he got Wright to the station "I could really check him out." He would have called several witnesses to identify the suspect.

But King never got a chance to carry out his investigation.

After ordering him out of the car, Wright shot King twice in the abdomen in front of the Harold Bloom residence on West Main street.

"He quickly fired one, two," King said. "I lunged towards him to prevent being shot again. Bill McGee disarmed him."

King remembered Wright saying: "Don't worry about me. Take care of that man. He's shot."

Asked why Wright wasn't frisked or handcuffed, King replied that "if I had had more information the situation would have been handled differently."

"Had the teller at the bank called and said the man in the green car looked to her like the man who robbed her I would have had a probable cause" for making an arrest.

Stores to Open Monday Night

Seventeen Northville retailers will start staying open Monday evenings beginning May 17.

The decision to try another night opening with as many stores cooperating as possible was made at a meeting of the merchants' division of the chamber of commerce.

Charles Lapham was named to make a survey of store-owners.

Most Northville stores now remain open Friday evenings. Some also stay open Thursday and Saturday evenings. All 17 stores agreeing to the Monday night opening will also be open Friday evenings, if not Thursday or Saturday.

Lapham said the Monday night opening would be given "a good try". He said that it should be continued for at least six months to determine whether or not it becomes a popular shopping night.

Set Deadline On Amerman Ticket Sale

A May 19 deadline has been set for purchase of tickets to the Russell Amerman retirement banquet planned for Tuesday, May 25 at the high school gymnasium.

Amerman retires from his position as superintendent of Northville public schools in June. He has served in the Northville system since 1926.

Program Chairman Nelson Schrader said tickets will not be sold at the door. All local organizations have been supplied with tickets. They may also be purchased at Good Time Party Store, Gunzell's, Northville Drug, Northville Record or Schrader's.

Sewer Line Project OK'ed in Township

Township board members agreed Tuesday night to terms of a contract with Dr. W. E. Gizynski to provide for installation of a sanitary sewer from Marilyn road along Seven Mile to Northville road.

The line then extends southward 1200 feet on Northville road to the present interceptor line.

Dr. Gizynski will pay for the \$70,000 sewer line. The facility is necessary to service a 100-bed nursing home and/or 100-bed hospital planned by Dr. Gizynski on Marilyn at Seven Mile road property. The Dr. Gizynski project also includes a development of homes near the hospital.

A pay-back agreement allowing recovery of all or part of the cost of the sewer provides that for the next 20 years Dr. Gizynski will receive \$200 for each tap into the line. The township's spread tap-in fee is \$400. If the full cost of the sewer is recovered before the 20-year period, the pay-back ceases at that point. If the full amount is not recovered in 20 years, repayment stops.

The board voted unanimously to accept the proposal. All construction arrangements for the line will be handled by the township.

Name Steimel Postmaster

John Steimel, 488 Hill street, has been appointed acting postmaster for Northville.

He succeeds Leland V. Smith, who has retired voluntarily due to ill health.

Smith has not worked actively in the post office since shortly before Christmas. He has been in poor health for five years.

Steimel's appointment was made public by the Detroit office of the post office department this week. He is scheduled to be sworn in officially Friday.

The naming of Steimel does not change the line-up of personnel in the Northville post office. Elmer Balko, who has been in charge during Smith's illness, remains as assistant postmaster.

It is understood that the appointment of Steimel is made for one year when applications will be accepted for permanent postmastership.

Steimel is 37 years old and presently employed at the Plymouth State Home and Training School as a storekeeper, a position involving supervision cost accounting and inventory management.

He has been especially active in American Legion affairs having served as commander of the local post and Wolverine Boys State chairman for the past four years. He has also served as

commander of the 17th district of the Legion.

Steimel will take over his duties shortly before the post office moves from its present Center street location to a newly completed building at Wing and Cady streets.

No definite moving date has been set, although it has been estimated that the new facility will be ready by May 15.

Smith has served as the Northville postmaster since October 1, 1949 when he succeeded the late Fred Van Atta. Smith is 62 years old.

By coincidence, Steimel, a native New Yorker, served in the Navy with the son of the former postmaster, Francis Smith. When Steimel first moved to Northville in December, 1951, he resided with the Smith family for a short time.

Now married, Steimel and his wife, Lorraine, have two boys, Jon Jay, 11, and Brian, 8.

Plan Detouring For Water Line

Installation of the 24-inch city of Detroit water main through Northville is scheduled to begin

Monday.

The project must be completed before the summer meet at Northville Downs, June 21 to avoid major traffic problems.

Meanwhile, City Manager Bruce Potthoff said that the county plans to direct all north-south "through" traffic along Griswold. Southbound would take Griswold to South Main and Northbound would be directed to the Seven Mile road cut-off and South Main.

The manager does not anticipate serious problems with local traffic. "This will be handled day-to-day and we expect the work crews to move fast enough to avoid long tie-ups," Potthoff indicated.

In council business Monday night a 69-home plat for Northville Heights number two on North Center street was accepted by the council. Final agreement was delayed until details can be resolved concerning provision for storm drainage. The developer agreed to pay for offsite costs of a new sewer line to provide service for the northern portion of the city into the new Novi sewer line. Two-thirds the cost of a 10-inch diverter line into the 42-inch Novi sewer will also be paid by the developer.

The council awarded a bid for repaving paved streets to Oakland Paving Company. Cost of the work is \$58,000.

Hit Grass Fires With Burning Ban

A state-wide burning ban is in effect today for an indefinite period.

The Michigan Conservation Department ordered the ban late Monday afternoon because of dry conditions in the state.

A conservation department spokesman in Pontiac said that "no burning will be allowed until we get a good soaking rain."

Last year a similar ban was imposed.

Local fires again have taken their toll in land loss, area fire officials said. Carelessness accounts for many of the blazes, they pointed out.

A spectacular grass fire in Wixom, Monday swept across 1,200 acres of land. Wixom Fire Chief Robert Potter estimated that a two-mile square area was destroyed. The destruction was confined to an area bound Wixom, West Maple and Charns roads.

"It is the worst fire I have seen in a good many years," Potter related. "It was started by a Milford resident who was carelessly burning rubbish."

Potter said that the wind was

"the biggest obstacle in trying to bring the fire under control."

Other departments from Novi, Milford, Commerce township, Kensington Park and the Proud Lake recreation were called to the scene.

Potter said that some of the firemen were scorched but "their burns were confined to their hands and back. Many had their hair singed."

The fire alarm was sounded at 12:46 a.m. and the last piece of equipment pulled away from the scene at 6:30 p.m., Potter said.

Meanwhile, Novi Fire Chief Fred Loynes said an investigation is being made to determine the cause of a fire Saturday night in the village.

It occurred in an unoccupied farm house located on Ten Mile road near the C & O railroad tracks.

"We believe it was started by an arsonist," Chief Loynes stated. Robert Skellenger, a Novi fire officer, is conducting the probe.

The blaze was reported at

Annual Meeting Returns June 1

Northville township's annual meeting, adjourned for 60 days on April 3, will be resumed at 8 p.m. Tuesday, June 1.

Adjournment of the meeting took place to provide time for a report on charter township form of government.

Township Attorney Edward

Draugelis supplied the board with a report Tuesday night that determined Northville could incorporate as a township, that it would not provide protection against annexation, that it would give the township greater taxing authority, and that it would provide for expansion of the board to seven members.

In answer to another question raised at the annual meeting — expansion of the board to seven members as soon as legally possible — attorney Draugelis said he was awaiting an attorney general's opinion of Northville's population. If the more than 4,000 institutionalized persons may be counted, the township's population would be more than 7,500, well beyond the 5,000 requirement for a seven-member board.

Without the patient count, however, the township would have but 3,500 inhabitants.

Councilwoman On the Mend

Recuperating at home following an emergency appendectomy, Northville City Councilwoman Beatrice Carlson reported this week that she is "temporarily grounded."

Mrs. Carlson underwent surgery at St. Mary hospital on April 22. She expects to be confined to her home at 201 Fairbrook for another two weeks.

Parking Ban Starts Soon

Signs prohibiting all night parking in Northville's business district are scheduled to be posted within the next week after approval by the city council Monday night.

City Manager Bruce Potthoff said the signs would indicate no parking between the hours of 3 a.m. and 5:30 a.m. on the following streets:

Dunlap from Center to Hutton; Hutton from Dunlap to Main; Church from Main to Cady; Cady from Church to Center; Center from Cady to Dunlap; and Main street from Church to Wing.

The ban has been adopted to assist the public works department with street cleaning and snow removal.

Dog Clinic

A clinic to provide vaccinations for city and township dogs will be held Saturday from 9 a.m. until noon at the fire hall on Main street.

Dog licenses, which must be purchased by May 31, will also be available to both city and township dogowners.

For The Gardener

This column on gardening information is compiled by the Northville branch of the National Farm and Garden Club.

Water is another essential of plants. If a plant receives too little water, it will wilt. This seldom causes serious damage unless it occurs frequently, and then it stunts growth and causes flower drop.

Too much water is more common. The first symptom is usually the dropping of lower leaves. New leaves may continue to appear on top, but an over-watered plant gets leggy and bare of foliage at the base.

If you suspect that a plant has had too much water, tap it out of its pot and look at the roots. Root tips should be white. If they are brown, repot in loose, spongy soil mixture; and water less frequently.

Moisture in the air is also important to a number of house plants. It is difficult to supply in adequate amounts under average wintertime home conditions, where air is consistently warm and dry. If there is too little humidity over a period of time, the leaf tips of some plants will turn brown.

You can increase the amount of humidity in the immediate vicinity of the plants if you grow them in a metal plant box or tray lined with pebbles. Set pots onto this layer and keep moist. Evaporation will increase the humidity of the air layer just above and surrounding the plants.

If you use this method, you must not have the water deeper than the pebbles, for drainage action through the bottom of the pot must continue to take place. If the pot stands in water, the roots will receive less oxygen and they will rot, just as when you overwater a plant from the top.

Plants grown indoors will seldom be attacked by insects or disease if you buy them from a reputable florist.

The only disease - as distinct from infestation by insects - which occurs often enough to consider, is caused by soil borne, rot-producing organisms. In young plants, it is known as "damping off". As there is no effective remedy, a plant that has this disease should be destroyed promptly.

What to do about insects? Insects that attack houseplants can be controlled with the same chemicals used to eliminate similar pests outdoors. An aerosol house-plant bomb is both effective and convenient to use indoors. Follow the directions on the package.

ANTIQUING IN SCOTLAND is the pleasurable prospect on schedule for Mrs. Charles O. Brosius, Dr. and Mrs. Brosius of Haggerty Court left for New York last week to attend the convention of the American Psychiatric Association. They plan to leave from there for Edinburgh, Scotland, where Dr. Brosius will attend professional meetings.

While she sightsees abroad, Mrs. Brosius hopes also to pursue her antiquishobby. Before leaving for the East she accepted second vice-presidency of the newly-formed Base Line Chapter of the Questers society. For some time a member of the Farmington Questers chapter, Mrs. Brosius was instrumental in helping form the new Northville group.

THE NEW NORTHVILLE chapter received its official Quester status as part of the national antique study society just last month. Organized for the purpose of studying antiques, art objects and their historical backgrounds and dedicated to the preservation of historical landmarks, the national society has granted charters to 30 Michigan chapters.

Names of Quester chapters are selected to reflect some specific aspect of local history or heritage. Base Line was chosen by the local group as the Old Base Line of the county was said to have been surveyed north and south and east and west from here.

OTHER OFFICERS of the new chapter are Mrs. Jack Willis, president; Mrs. H. J. Froger, first vice-president; Mrs. George Miller, treasurer and membership chairman; Mrs. Arthur Basel, secretary; Mrs. Robert Bretz, corresponding secretary; Mrs. John Burkman, librarian. The group, which meets on the fourth Monday of the month, gathered for a dessert tea last week at the home of Mrs. Miller on Bloomcrest. Cut and pressed glass were studied. With 16 members already in the chapter, the membership voted to close at 20 in order to be able to meet in homes.

Plans were made to participate in the national convention currently being held (May 4-6) at Greenfield Village. Members signed to tour the decorative art building at the village Wednesday and visit Detroit antique shops on Jefferson and Cass avenues as well as the Walker museum in Canada on a bus tour Thursday.

Future plans of the group include a trip to Marshall, Michigan, and a tour of centennial homes.

Especially for teenagers will be a rendition of "Downtown" and the parody, "Uptown," by their mothers. Mrs. H. O. Evans, Mrs. Joseph Petrock and Mrs. Jerome with daughters Stacey, and Mary and Jane are participants. Traditional awards to the oldest, youngest and "most-est" are being arranged by Mrs. Fred Kester. Mrs. Crispin Hammond is chairman.

AT ST. PAUL'S LUTHERAN church mothers and daughters will be honorees at 6:45 p.m. May 21 as the men of the Laymen's League cook and serve the banquet. Program plans are under way. Leonard Hack is ticket chairman. Mrs. Warner Krause will preside as toastmistress.

AT OUR LADY OF VICTORY Catholic Church 312 mothers and daughters were feted at a breakfast following 8 a.m. Mass last Sunday. Holy Name Men's Club under chairmanship of Theodore Marzoni arranged the program and served breakfast. Stan Johnson and a kitchen crew were responsible for breakfast.

Carnation corsages were presented to each mother. The 24 spring floral centerpiece were given as prizes. First and second grade daughters from Our Lady of Victory school recited a poem to mothers.

SPEAKING for The Record

By BILL SLIGER

A four-inch obituary announcement in The Detroit News last Friday brought back some fond memories for many long-time Northville residents.

Funeral services were held last Saturday afternoon in Detroit for Edwin J. Head, retired band master and music teacher.

Ed Head was hired by the Northville board of education in 1926 to organize a "Northville School and Community Band".

The idea was spearheaded by the late Ed Langfield, then a member of the school board. Langfield had seen a high school band perform at a Rotary convention in Denver and decided that Northville, too, should have a band.

Head, a native of Cornwall, England, was employed by the Detroit school system as a music teacher.

He applied for the Northville assignment on a part-time basis in March, 1926. He was hired by the board on the same night another young fellow appeared before the board for a job. His name was Russell Amerman.

Head would come to Northville twice a week, once to teach and once to direct the band. It was one of the few bands in the area and became very much in demand.

Its membership was made up of adults as well as high school students. But the core of the organization was Head's family and friends.

Insurance man Charles Carrington was a member of that original Northville school and Community Band. He remembers that Head, an excellent cornetist, would play the cornet with one hand while directing the band with the other.

Head's brother, Cecil, now living in England, played the French horn; the director's two sons and four daughters were also members. There was Edwin, a cornetist, and Samuel, still a top popular band trombonist who has played with the Pete Fountain aggregation. Daughters Bess, Peggy, Joyce and Cecile were joined by a half-dozen other outside musicians giving the band a solid brass section, Carrington recalls.

Others who played in that original band include Ed Angove, Bob Reed, Russell Knight, Charles Altman, Bill, Ben and Cathy Duguid and Don Robinson.

In later years the community band lost some of its earlier zip. But Head continued to ride the bus twice a week to Northville until he "couldn't stand waiting in the cold weather for the bus," Leslie Lee recalls. Lee then took over and rebuilt the band along its present lines as a "high school" marching band.

But for those who thrilled to the stirring marches of John Phillip Sousa or can recall favorite marches of those days, "On the Mall" and "New Hartford", the memory of Ed Head and his Northville School and Community Band will linger on forever.

One of the best ideas I've heard for Michigan Week comes from Wixom. Precision Tool's John Lutz has been given credit for proposing a free trip to Lansing for all the 275 grade school youngsters at the Wixom school. Wixom industry is footing the bill and arrangements for special accommodations aboard the C & O railroad have already been made. According to plans, the youngsters will be greeted by Governor Romney and attend a session of the legislature.

There's one hitch. It's up to Wixom Mayor Wesley McAtee to convince the Walled Lake board of education that the project has enough merit to permit the children to miss a day of school. It's scheduled for "hospitality day", Tuesday, May 18.

FILL 'ER UP—Jack Hicks of Lansing loads up his tanker at the Gulf redistribution center in Novi. Next to Hicks is Richard Grondin, delivery foreman at the Novi tank farm. The Gulf facility will be in full operation by next month.

Gulf 'Tank Farm' Nears Full Scale Operation in Novi

Gulf Oil Corporation's largest facility in Michigan will be in full operation next month in Novi.

The village will then rank as a major petroleum redistribution center in the U.S.

Construction on Gulf's 23-acre tank farm got underway last July. The facility is modeled after one built in Houston and is similar to five put up along the eastern seaboard.

Six towering storage tanks hold the Gulf's three brands of gasoline and fuel oil, said Richard Grondin, delivery foreman at the Novi farm.

When filled up, the tanks contain 3.8 million gallons of fuel, oil and 7.9 million gallons of gasoline, Grondin said.

Grondin, a Northville resident, has been employed by Gulf for 10 years. Previously, he was terminal supervisor at Gulf's River Rouge tank farm.

"The River Rouge facility is now completely closed down. The office personnel came out here last Monday. Operations at the

Hamtramack facility will be curtailed extensively," he said.

Besides the storage field, a terminal office and truck and pump and tank maintenance centers will be located at Novi.

Gulf will employ 100 people, Grondin said.

Initially the facility is serving the metropolitan area, Grondin said, but eventually tanker trucks from the lower half of the state will load up in Novi.

In addition, a computer will be installed to direct the loading aspect so that the Novi farm can be open on a 24-hour basis six days a week, Grondin said.

Driver Charged In Fatal Crash

A Southfield resident, charged with manslaughter in a fatal and fiery accident in Northville April 9, was arraigned last Thursday in Northville Municipal court.

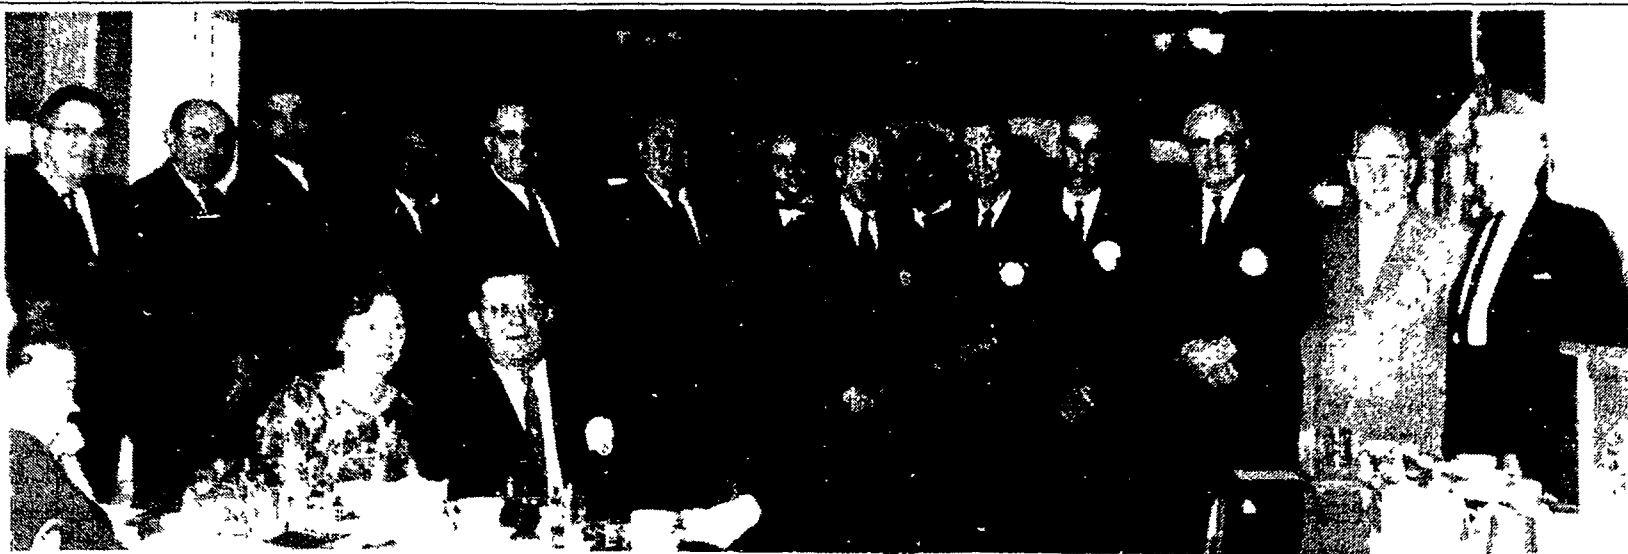

Robert Oak, 23, stood mute and Judge Charles McDonald entered a plea of not guilty. Oak will now face an examination in the local court May 17.

Oak's car, according to police, smashed head-on on South Main street with another driven by James Lalewicz, 21, who died in the smoldering wreckage.

Lalewicz, originally from Howell, was boarding at 111 South Wing street.

On impact Lalewicz's compact car, with the gas tank in the front, burst into flames. He was trapped inside. The Wayne county coroner said Lalewicz succumbed before the tank erupted, spewing out the fuel.

His body was badly charred. Oak suffered a cut over his right eyebrow and banged up his knees. Police said that Oak refused to make a statement.

SUCCESS STORY—Ten new members were added to the roll of Nov. Rotary club last Thursday during the "Ladies Night" program. Pictured are Elmer Conrad, past governor of district 638; Earl Lacey, Emory Jacques, John Johnson, Virgil Feldman, Art Brandenburg, club secretary Bob Metz, Harold Ackley, John Farrell, present district governor, Phil Anderson, Bill King, Andy Burgess, Henry Bashian and Bill Hughes, past district governor. The club now has 38 members, an increase of 22 from last year. Leo Harwood is president.

NEWS FROM WILLOWBROOK

Marion Berry 474-7470
Edythe and Paul Herrmann of McMahon Circle, also Edythe's six brothers and sisters: Frank Bosak, Jr., Robert, Nancy, Susan, Ginny and Steve had the happy occasion of celebrating Edythe's parents' 25th wedding anniversary on Saturday April 24. Her parents are Mr. and Mrs. Frank Bosak of Northville.

Paul's parents, Mr. and Mrs. Peter G. Herrmann of Livonia were also celebrating their silver wedding anniversary the following week; so, they were also honored guests.

The families enjoyed a chicken dinner at Frankenmuth's Bavarian Inn at Frankenmuth, Michigan.

Mr. Ray Mason of LeBost parents, Mr. and Mrs. Joe Mason of Pittsburgh, Pennsylvania came to visit Ray and Carol on April 16 for a week. The grandchildren Marti, Cheri, and Boni really enjoyed having their grandparents with them at Easter.

While the grandparents were here, grandpa had his 66th birthday and the happy couple had their 42nd wedding anniversary.

Roy and Carol, his sister and brother-in-law, Mr. and Mrs. McHale, celebrated these wonderful events by taking Mr. and Mrs. Joe Mason to the Danish Inn, Farmington.

Mr. and Mrs. George McCottery of East LeBost had Delores' mother, Mrs. Eleanor Wojcik with them for Easter breakfast. Just this past week they also had her grandmother, Mrs. Martha Opalewski, visiting with them from Fenton.

Mr. Larry Chismark of LeBost attended the Puppy Match of the Poodle Group of Southeastern Michigan at the American Legion Hall, Sunday April 25, Royal Oak.

Steven Chismark attended an open house retreat at Duns Scotus College on West Ten Mile

road relative to "Vocations Week".

Mr. and Mrs. Edward Andrews of West Ten Mile are the proud parents of a little baby girl. They named her Heather. She was born at St. Joseph Mercy hospital, Pontiac on April 14, weighing 7 lbs. 13 oz.

She has a little brother Michael, 3 yrs. of age, the grandparents are: Vern and Grace Fisher, Franklin; and Merrill and Lillian Andrews, Farmington.

Kim Berry of McMahon Circle went on a bike hike at Kensington State Park with members of troop 755 of Northville. The boys rode a total of 32 miles, camped out and over night and worked at passing tests to upgrade themselves in the scouting program. Kim's mother and father, Mr. and Mrs. John Berry, went to Northville to the Presbyterian church to watch the waves of scouts arrive wet, muddy but very happy and very tired.

Mr. and Mrs. Robert McKeon of Willow Lane had several guests for breakfast Easter morning. This certainly made it more festive and exciting for the children. Bob's parents Mr. and Mrs. H. J. McKeon were there, as well as Mr. and Mrs. William Smelt.

The Willowbrook Association meeting of Friday, April 23 which was to have been a general election of officers was so poorly attended that the business at hand could not be successfully concluded.

Mustang Nine Runs Win Streak to Five

The Mustangs are out to make a prophet of their coach and in the process, they just might carve a niche for themselves in the Wayne - Oakland Conference baseball race.

No sooner had Coach Bob Kucher proclaimed that his charges were "on the move", then they took it to heart and hung up four more victories to run their win streak to five games.

Optimism runs high and spirit even higher for good reason. The local nine got off to a dismal start, dropping two conference

tilts due to mental lapses and weak hitting.

Now the Mustangs are firmly entrenched in second place in the Wayne-Oakland Conference with a 5-2 mark, second only to Milford's 5-1 slate.

Thanks to Northville's alert play Monday, Milford was topped from the unbeaten ranks by the convincing score of 11-5.

And Northville did it the hard way, coming from behind to wipe out a 4-0 first inning deficit. A big six-run second frame turned the trick. Shortstop John Jame-

son's bases loaded single provided the spark.

No less instrumental in the win was Right Fielder Chuck Boerger.

He banged out three hits in three trips to the plate to score three times and to drive in two more. That's his finest game thus far, although since he broke into the lineup, none of his efforts have been lackluster.

As Kucher put it, "It looked like a runaway in the top half of the first when Milford came up with four runs. But the boys really showed me something," he added.

Northville got two back in its half of the first.

Boerger led off with the first of his hits. Then Catcher Doug Swiss reached first on an error. First Baseman Jerry Inslund singled to score Boerger, before he and Swiss executed a double steal to account for another run.

Then Northville exploded for six runs in the second. Dave Boerger, Chuck's junior brother who plays second base, walked. Center Fielder Bob Beller bunted safe to first base and both runners moved along on the bad throw.

Chuck Boerger singled to center to knock in two runs. Swiss and Inslund walked to load the sacks, setting the stage for Jameson.

He rifled a single into center to score two markers, and when the ball eluded the center fielder, Jameson came all the way around to score behind Inslund. This gave Northville an 8-5 lead.

Northville added three insurance runs in the sixth to sew it up.

Pitcher Steve Evans got credit for the win, his fourth against two losses. After a shaky start, he settled down to limit Milford to five hits in the last six innings.

The spark that ignited Northville's baseball surge was a wallop, 14-1 win April 27 against visiting West Bloomfield.

In that one, the Mustangs broke loose for 14 hits. Chuck Boerger, Bob Tuck, Jameson and Bob Bartski all had two hits apiece.

West Bloomfield was handcuffed by the fire-balling right arm of starter Inslund, who gave up only one hit in a four inning stint. He struck out six and walked five.

Sophomore Mike Grant finished up, blanking the Lakers while striking out two and walking only one.

In a prolonged, free scoring affair, Walled Lake was edged by Northville, 12-10, April 28.

First inning splurges became a habit with Northville in its 8-6 conquest of visiting Holly Friday.

The Mustangs countered four times in the opening frame, and traded runs the rest of the way to wrap up their fourth straight win.

All but one Mustang garnered a hit in a nine hit onslaught. Chuck Boerger lashed out two hits and brother Dave spanked one single, but drove in four runs.

Trackmen Win Triangular Meet

Surprise performances in the shot put highlighted Northville's second track conquest of the year in a triangular meet here Saturday.

Northville tallied 73 points to Brighton's 62 and South Lyon's 19.

By heaving the shot 41 feet six and three-quarter inches, Northville's John Hincck surprised the field and his coaches to boot. He beat favored teammate Jerry Burns.

But Coaches Roy Herald and Ralph Redmond pointed out that Hincck, Burns and Mark Lipa, who finished fourth, all turned in stellar performances by surpassing the 40-foot mark.

Northville's Kent Kipfer again was the top point getter, wracking up two firsts and two seconds.

He took his specialty, the pole vault, with a 10-foot six-inch effort. He also won the 100-yard dash in 11 seconds flat, in addition to seconds in the broad jump and as a member of the 880-yard relay team.

Other first place winners from the ranks of the Northville thinclads were Ron Jones in the mile run in 5:04 and Roger Kline in

the 880-yard run in 2:09.

Second place finishers were Dennis Cook in the pole vault, Jon Kaake in the 440-yard run; Jim Trotter in the 100 and 220-yard dashes, Dave Cook in the 180-yard low hurdles; the 880-yard relay team of Chuck Keegan, Trotter, Bob Ruland and Kipfer; and the mile relay team of Kline, Pete Sutherland, Kaake and Cook.

Ken Boor in the mile, Jim Bell in the low hurdles and Keegan in the 220-yard dash all took third places.

Golfers Set New Mark

The sky's the limit as far as Northville's linksters are concerned.

They almost reached that high in smashing the Northville team score of 156 with a solid 154 total against University of Detroit high April 28.

And Coach Al Jones' golfers needed the low score to top a good U of D team, which polled a 164 team score. That's good golfing in any prep circles.

Low man on the totem pole was Northville's Jim Bertoni, who once again beat his touted teammate, Jim St. Germain. This time Bertoni didn't need any play-off. He fired a 35 to top St. Germain's 37.

All the local golfers sparked in the team effort, however, as Ted Bunker and Bob Regenhardt both posted 41's.

With a 167-195 victory over Redford Union Friday, Northville pushed its season record to 6-2.

St. Germain continued to shoot in the 30's as he led the field with a 37. Just behind him came Bertoni with a 41, Rick Talbot with a 42 and Bunker with a 47.

Northville upended Southfield, 163-179, Monday on the Meadowbrook links for its seventh season win.

Netters Continue Winning Ways

By winning twice the Northville netmen held on to a share of first place in the Wayne-Oakland Conference and set the stage for a showdown today at the Cass-Benton courts.

The Mustangs will take on Clarkston in a return match. By night's end, they hope to avenge an earlier 3-2 loss.

Adding importance to the match is the fact that Northville is tied with Clarkston at 4-1 for the loop lead. The winner will have to battle Bloomfield Hills, also 4-1, for the crown.

It was easy pickings for Coach Dick Norton's preppers in their two previous matches.

First to feel Northville's sprow-ess was Holly last Thursday on the home courts. The score was 3-2.

As in the past, Northville was strong in the singles, sweeping

each match.

Jim Long whipped Ron Ranger, 6-0, 6-3; Larry Thibost took identical 6-1 sets from Chris Musaus, and Bob Langtry had a little more difficulty in disposing of Bill Husted, 6-1, 9-7.

Doubles still looms large as a problem as Northville dropped both matches.

The duo of Jim Hill-Ron McCollum was upended, 6-2, 4-6, 6-1, while the team of Randy Burnett-Steve Quay succumbed, 6-2, 10-8, in the final contest.

Milford was no match for Northville Monday as the local netters breezed to a 5-0 victory.

Playing in the number one singles spot, Long dumped Mike Caswell, 6-3, 6-3; Parent beat Butch Morose, 6-0, 6-3, and Thibost blanked Joe Schultheis in love sets.

Norton, while moving his stalwarts around to give them experience, came up with two doubles wins.

Randy Calliguri - Bill Hart came up with a 6-2, 1-6, 7-5, win over Bob Sanders-Dave Powers, and Burnett-Quay polished off Jim Demko and Jim Heatley, 6-1, 6-0.

In an extra match, Northville's Jim Hill almost matched Thibost's feat of beating Schultheis, 6-1, 6-1.

Novi Stops Colts, 10-3

Novi, in its first year of ninth grade baseball, sports an unblemished record.

Novi's latest victim was Northville junior varsity by a 10-3 count in a loosely played game Monday. Its record now stands at 6-0.

Errors plagued Northville as they made 10 miscues. In the process, they dropped routine pop-ups.

Northville banged out six hits. It was a different story for the Colts Friday when they came from behind to beat Clarenceville, 11-7.

Northville trailed 6-1 at the end of two innings, due to shaky pitching. But then the JV's settled down to permit only one run the rest of the way.

Big poke of the game was Bob Hubbert's home run. Scott Bergo pounded out three hits, a triple and two doubles, and Ted Budek also slammed three hits.

"The boys really hustled," said Coach Dino Soussanis. They stole a total of eight bases.

Jim Peterson got credit for the win.

Novi Nine Win, 19-1

The Novi Wildcat nine was too much for Nankin Mills as Dennis Primeau pitched his way to a one-hit victory last week.

Novi battered Nankin with a 14-hit attack which produced a 19-1 score.

Primeau baffled the Vikings all the way. An error robbed him of a perfect game.

Besides pitching flawlessly, Primeau led the Wildcats with four hits.

ARSONIST HITS—An unoccupied farm house at Ten Mile road and the C&O railroad crossing went up in smoke Saturday night. Novi firemen were assisted by the Northville department. The fire was brought under control after four hours. "We believe it was started by an arsonist," said Novi Fire Chief Fred Loynes.

Win Quiz

Northville beat Garden City in a TV quiz show Sunday and the local team won a movie projector for being newsy.

The show, seen on channel 4, consisted of questions based on newspaper articles in the past week. In addition, the students gave opinions on editorials.

Representing Northville high school were Margaret Becker, Karen Hembrey, Larry Hurlbert and Barbara Elliott. Margaret and Karen are juniors and Larry and Barbara seniors.

Mrs. Jean Dugan of the high school English department coached the winning team.

Debaters Honored

The varsity debaters at Northville high school have made their point.

The University of Michigan Tuesday presented an "excellent" award to the NHS team for winning a majority of its debates.

Members of the varsity crew are Margaret Becker, Karen Hembrey, Larry Thibos and Antoinette Alexander. Miss Florence Panattoni is the coach.

Hit Grass Fires

Continued

11:33 p.m. Saturday, and like the Whipple estate a week earlier, lit up the sky. "We could see it burning from 10 Mile and Taft," Loynes said.

Northville was called for assistance and sent along two pieces of equipment, including the 3,000 gallon capacity tanker truck which was purchased recently.

Firemen finally doused the blaze at 3:33 a.m. Sunday.

In another fire Saturday, approximately three acres of land owned by Frazer Staman of 26850 Wixom road were ruined.

Staman is a former Novitownship supervisor and currently is an Oakland county road commissioner.

Mrs. Staman was legally burning some trash when the wind came up and a spark set nearby open fields afire. Further, the back of the Staman garage and a telephone pole were seared.

Chief Loynes said four firefighters were injured. W. Shoemaker cut his leg while Dennis Ireland and Robert Hanson sustained burns on the arms. Hanson and Bill Skeltis singed their hair, too.

Other residents weren't as fortunate as Mrs. Staman. They didn't obtain burning permits at the village hall and were ticketed by Novi police.

Grass fires haven't been as rampant in Northville, according to Fire Chief Bud Hartner.

The department responded to a fire at 6:55 p.m. Sunday in Cass Benton park but it was put out quickly, according to the fire report.

Court Proceedings

A Detroit motorist was convicted of traffic violations by Judge Charles McDonald in Northville municipal court Monday.

Lawrence Sepich of 15087 Parkside, Detroit, was ticketed April 21, at South Main street for driving the wrong way on a one-way street. Sepich's drivers license had been revoked, too.

At his trial he was found guilty on both charges, fined \$35 and two days in jail.

He can serve his jail sentence on the weekend.

A ruckus in the parking lot in the rear of Paul's restaurant April 21, cost the participants a fine of \$25 or five days in jail.

Paul Schlinski of 42266 Five Mile road, Plymouth, and John Baggott, 34603 Ford road, Garden City, pleaded guilty to disorderly conduct.

Alfred Lane, 57845 East Ten Mile road, South Lyon, was found guilty of driving without due care and caution on Grace Street April 11.

He was arraigned April 19, pleaded innocent and posted a \$100 personal bond.

The court found him guilty and he was fined \$15, \$5 court cost or one day in jail. He paid the fine.

A \$50 fine was paid by Dennis Brandenburg, 41751 Aspen drive Novi, when he was found guilty in court Monday of being a minor in possession of alcohol on South Rogers street Sunday.

William Marshall, 335 Linden, was ticketed for speeding, 70 in a 40-mile zone in the city. He was found guilty and fined \$35.

Dennis Carnes, 39 Woodland Place, was charged with abandoning a car for a period over 48 hours on High street March 19. At his trial the fine was suspended.

A woman driver who failed to yield the right of way to another motorist causing an accident at Linden and Dunlap streets April 22, pleaded guilty. Mable Shaffer, 415 Lake street, was fined \$15 or one day in jail.

Plan Memorial Parade on 30th

Traditional Memorial Day observances in Northville will be celebrated this year on Sunday, May 30, American Legion Commander Harold Penn announced this week.

Because it falls on Sunday, some consideration had been given to holding the parade and cemetery ceremonies on Monday.

Judge Piggins To Speak Here

Wayne County Circuit Judge Edward Piggins will be the featured speaker at the annual Ladies' Night banquet of the Presbyterian Men's club Thursday evening, May 13.

Judge Piggins, a popular after-dinner speaker, is a former commissioner of police for the city of Detroit and has been on the Wayne county circuit bench since 1960.

Reservations for the 6:30 p.m. dinner at the church fellowship hall may be made by calling the church, FI 9-0911 or Phil Nauman, FI 9-3509 by Monday.

New Credit Card Plan Offered

Donald R. Ward, an executive of Michigan industry for twenty years, has announced the formation of Retailers Credit Card Acceptance Co. as a licensed affiliate of Credit Card Acceptance Corp., Fort Lauderdale, Florida.

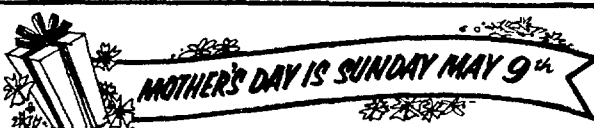

Ward said his company, headquartered in Plymouth, offers to independent business men in western Wayne and Oakland counties the opportunity to tap the credit market represented by approximately one hundred million outstanding credit cards.

Member-affiliates of Credit Card Acceptance Corp., are guaranteed payment for transactions made via approximately one-hundred different types of credit cards on the confidential list approved by the Florida company.

Ward is a resident of Plymouth.

Penn said the parade would begin at 1:30 p.m. On the same afternoon, from noon until three, the Northville Jaycees will hold a family chick-

en barbecue at the high school baseball diamond. Dave Ballinger is chairman of the event. He said plans call for service at the field as well as home de-

Old Cars New(s)

IMPRESSIVE IMPERIALS—Bruce Thomas, a Northville resident and member of the Classic Car Club of America (Michigan region) owns two swank automobiles—a 1933 Chrysler Imperial Custom 8 Dual Cowl Phaeton (above) and a 1952 Chrysler Imperial (below). Both cars weigh 6,000 pounds each. The Phaeton was originally owned by Mrs. Marjorie Merriweather Post of a famous cereal family and the open limousine (1952 vintage) was used in Washington during the Eisenhower and Kennedy administrations. The limousine was sold shortly after President Kennedy was assassinated in a topless car. Coincidentally, Thomas is a Chrysler Corporation executive.

Spice CABINET
Ever wonder if there was any use for empty plastic bleach bottles? Probably not, but the manufacturer of one such product passes along word that scuba divers would do well to save their empty containers.
The bottles can be tied together in a cluster and make a good float. The diver then drops a line from it, as a guide, when he heads down to hunt the denizens of the deep.
The cluster floating on the surface also serves to warn boaters in the vicinity that there is a diver below.

Immanuel Lutheran Church, South Lyon

"Cleanse out the old leaven that you may be fresh dough, as you really are unleavened. For Christ, our paschal lamb, has been sacrificed." 1 Corinthians 5:7

The Church against good works? If not performed by bona fide Christians? Of course Christians applaud whenever and wherever good and useful works are accomplished! We are grateful for the many fine and helpful services performed by individuals and groups of the most diverse sort in our communities; hospital auxiliaries, assistance to orphans, veterans, youth, and many, many more examples. But the Christian faith is wary of motives.

Not all works have the same spiritual value in relation to God and his eternal judgment. Here the saying holds true, "A good tree brings forth good fruit." Many works, even though they are good and useful to the community here on earth, are not properly motivated in the sight of God - "with an eye to eternity."

If you are talking about whether or not a person is worthy of eternal life, the Christian faith calls you to repent and believe a man (every man) falls short of what God expects (This is taught in God's law); and no matter what works you do, your works lack any value before the eternal judgment of God. The works may be useful to the community, but they won't help on the day of judgment.

But God has redeemed us through the coming of his Son,

through his death and resurrection. He has thereby cleansed us of the leaven, or yeast, of evil, which (like natural yeast in a lump of dough) left to itself would ferment our whole being into something abominable in God's sight. Through Christ a man is declared acceptable by God; we are cleansed of all leaven of guilt; through Christ we are "unleavened."

Now a person who is "unleavened" through faith in Christ will strive to do good because he is grateful. He will not perform good works with any idea of meriting his own salvation - God has already granted him that through Christ - but he

A mother's thoughts

Atomic bombs darken our skies... radioactive fallout threatens unborn generations... there is strife, unrest, even war in many parts of the world! How can we face the future with confidence when humanity stands at the very brink of destruction?

There is only one way: to be courageous and steadfast, and trust in the wisdom and mercy of God!

This little girl, my own daughter, does not know what troubles my heart. She is not afraid of tomorrow... not yet! Through the Church she will learn the ways of the Lord and how to live a truly Christian life. Through prayer may God help me set an example for my daughter... teaching me to put my trust, yes, my very life into His hands, no matter what the future might have in store for us!

Know Any Civil War Stories? Tell State

LANSING — Stories based on Civil War activities are in demand currently as the State Civil War Centennial Observance Commission concludes its five years of work.

The Commission was appointed by former Gov. John B. Swainson to bring to light the contributions of Michigan people in the war between the states.

Life of the commission ends this year. A part of its work has been the publication of a series of books on Michigan's participation in the war.

Still in progress is the preparation of a book entitled "Twice Told Tales of the Civil War" to be edited by Mrs. Mildred Millbrook. She performed a similar job on another commission publication, "Michigan Women in the Civil War."

Floyd L. Haight, commission chairman, is looking for between 150 and 200 stories of the war which are recalled by relatives or friends of Civil War veterans. "Most all of us have heard

Clarence W. Lock, revenue commissioner, says his department has an arrangement with the federal unit providing for an exchange of tax information between the two agencies.

Lock emphasized the information exchanged on a request basis would be used only for tax purposes. Both governmental agencies are bound by secrecy provisions which guard against improper use of tax information.

Tax returns made available to Lock's department would be only those specifically requested and would be issued only to authorized personnel.

The department chief stressed the fact that the exchange plan would provide greater certainty

some of those stories but it is a job to get individuals to sit down and write them out so that Mrs. Millbrook may put them in shape for publication," said Haight.

"We no doubt will find that some of these stories will approach what we might call mythology, but most of them do have some basic truth," he said. "Our commission feels that it is important to obtain some of these stories to preserve a part of our heritage which will be lost otherwise."

A "helping hand" in checking state tax resources has been extended to the Revenue Department by the U.S. Internal Revenue Service.

that persons would be discovered if they failed to file complete returns with either state or federal authorities.

Some 37 other states have similar agreements with the Internal Revenue Service. District Director R. I. Nixon in Detroit said the program has been of mutual advantage in the other states.

The states release information to the federal service from various state tax returns, such as those required under estate and corporate laws.

Despite deadlines already set for legislative action, including

a mid-summer adjournment date, most observers agree a long session is in the offing.

With government reorganization and fiscal reform still hanging in the air without form, there appears little hope these major areas can be acted upon along with other pending controversial legislation by the scheduled adjournment.

As in previous sessions, it is expected this year will find the legislature extending its work-time indefinitely when summer arrives. Best guess is the majority of the work will be accomplished by early or mid-July in time of the new budget to take effect.

An adjournment is then expected for a month or longer before resumption of a fall session to deal with such weighty problems as fiscal reform.

From present indications, at least that much time will be needed before any firm plans for new or revised revenue measures to be drawn and ready for consideration by the entire legislature.

SELF ANALYSIS QUIZ

Do You Have Annoying Mannerisms?

By Jane Sherrod Singer

Every one of us have said or thought at some time or another: "That person drives me crazy" . . . or there is a person now and then from whom you shy away. Many times these reactions arise from simple, innocent mannerisms that are annoying . . . but before we criticize others, let's take a good long look at ourselves.

- | | YES | NO |
|---|-----|-----|
| 1. Do you have several stock phrases you use constantly? | () | () |
| 2. Do you ever walk down the street with a toothpick in your mouth? | () | () |
| 3. Do you jingle the coins in your pocket, rattle car keys, etc.? | () | () |
| 4. When you are talking to a person do you flick real (or imagined) hairs or specks of his or her clothing? | () | () |
| 5. Do you have poor table manners and eating habits? | () | () |
| 6. Is it hard for you to keep your feet still? For instance, when sitting, do you cross one leg and whip it back and forth? | () | () |
| 7. If you have a cold (or even when you don't) do you sniffle? | () | () |
| 8. Do you bite your fingernails and/or comb your hair in public? | () | () |
| 9. Is your voice much louder (or much softer) than normal? | () | () |
| 10. Do you often drum on the table or chair arm? | () | () |
| 11. Do you enjoy shocking people with off-color stories? | () | () |
| 12. Are you prone to insist on one certain brand of food, clothing, etc. and refuse to try any other? | () | () |
| 13. Do you enjoy arguing or contradicting others? | () | () |
| 14. Are your feelings easily hurt? | () | () |
| 15. Is your conversation centered around yourself and things that have happened to you? | () | () |

SCORING: The answers to all the questions should be NO. ANALYSIS: The questions fall under three headings:

1 through 5 are just bad habits which you can break with a little thought and awareness of your actions.

6 through 11 are physical traits which may indicate nerves, fatigue, self-consciousness, etc. If you can't eliminate the cause, you can at least use self-control.

12 through 15 are annoying mannerisms that are the most difficult to correct because they stem from the inner YOU, your character and your personality. However, you can change yourself if you want to badly enough.

GIVE YOURSELF TWO POINTS FOR EACH NO.

24 to 30 points: People like you and you are careful of the impression you make. You give the appearance of being calm and self-assured. Your little faults are overlooked, but why don't you try for all no's on this test?

12 to 22 points: In the broad sense, you may be charming and intelligent, but you drive people away from you by a series of silly and senseless mannerisms. Now that you know what they are, get busy!

0 to 10 points: We suggest you take serious stock of yourself and perhaps even talk with someone close to you, family, friends or your doctor or clergyman. You are obviously high-strung and having emotional problems as well as difficulties with your relationships with others. You want help . . . or you wouldn't have read this far!

Tourism Hits Peak

BABSON PARK, Mass.—While tourist travel in the continental United States smashed all records in 1964, even that all-time high is likely to be surpassed during the upcoming months when vacationing reaches its peak. This will be of great importance to industry, and to retailing, wholesaling, and service trades of practically all types. For there are very few fields that are not affected to some degree—either directly or indirectly—by the volume of tourist traffic webbing the country, particularly from early spring to early fall.

With national income and family spendable funds at historic heights and still heading persistently upward, it would not surprise us to see over-all tourist spending during 1965 top that of last year by as much as 10-15%,—a truly impressive advance.

One of the most heartening indicators in this direction is the consensus of travel agencies, tour planners such as gasoline companies, and resort establishments that spectacular gains are already visible all along the line.

Helpful also to domestic travel is the Administration's continuing plea for Americans to travel at home instead of abroad in order to help stem the outflow of the dollar. Even though it looks as if our citizens still plan to go in for heavy overseas travel this year, there will be a good number who will heed the Administration's appeal. Perhaps the most significant results here will stem from the number of business groups that have already changed—and others that will change—earlier plans for meetings outside the country to stateside arrangements. Foreign cancellations are showing up more frequently.

During the first quarter of 1965, sales of new autos soared to another record for that period. There is no question that more families have at least one new car than ever before in the nation's history,—and there are few things more conducive to stimulation of the travel urge than a brand-new, trouble-free car just waiting to go. The unending threads of highways are an invitation to far vistas and natural wonders, and the combination of fast, comfortable cars and high-speed turnpikes make longer trips more attractive.

Nor should the almost incredible growth of interest in boating over the past few years be ignored. This, too, means a fantastic addition to many facets of vacation business and trade, for both fresh and salt water localities. In the warmer climates, the boating mania prevails the year round, bringing profitable rewards to boat builders, marinas, shore resorts, novelty shops, and boating service establishments of all

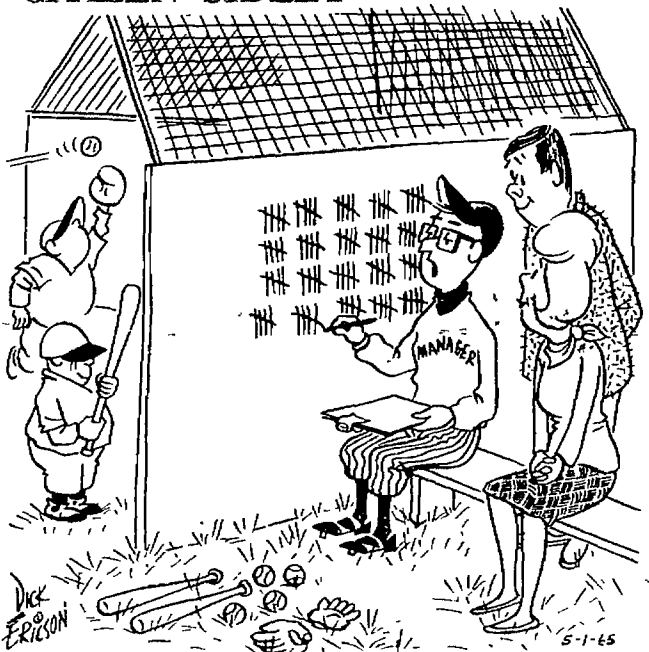

kind. There will be few areas indeed that will fail to receive some fillup from the big upswing in tourist traffic. Those catering to vacationers would do well to increase their inventories by perhaps as much as 10%, especially in the case of experienced, well-established operations. There will be healthy gains for motels, hotels, resorts, restaurants, camping sites, entertainment centers, gift shops, roadside stands, service stations, garages, cottage rentals, and transportation of many sorts besides automotive.

Trade and service establishments that do not have an adequate staff of skilled employees will

lose heavily over coming months to those who prepared more carefully. Attentive and friendly service will reap a rich harvest, since buyer resistance will be encouragingly slight during the most prosperous summer this nation has ever enjoyed.

According to travel authorities, there may be 15%-20% more foreign visitors coming to the United States during the height of the vacation season. This, of course, will add its measure to the tourist boom. Hence, businessmen and merchants who are on their toes should easily chalk up the best year ever in terms of tourist trade alone.
