

Smile... You're on Camera at Driver's License Station

The city of Northville joined some 130 other state driver examination stations last week Wednesday when the secretary of state's office installed new photographic equipment.

From now on, a colored picture of the driver will appear on all licenses -- and each will be laminated.

The new process was adopted by the state department to prevent the alteration of licenses, and to facilitate in identification, said Charles Thomas, state field representative.

Thomas pointed out that not only will municipal agencies benefit. Businesses also can use the picture to assure they are dealing with the proper person, the one to whom the license was issued.

But there has been an increase of 50 cents in the cost of applications. An original or first application costs \$4.50; a renewal, \$3, a renewal of a chauffeur's license, \$3.25; a duplicate, \$1.50; and a correction, 50 cents.

Even though examiners must cope with 16 instead of the old 12 forms, the new system will be a time saver. It will take just three weeks to receive the finished license from Lansing. Although Thomas admitted processing takes longer than that now, it's just a matter of time until the expected minimum limit is reached.

The licensing procedures have changed somewhat, too.

The applicant fills out a declaration form, containing all pertinent information. Application is then processed by the examiner. After paying the fee, the applicant takes an oath verifying that the information he has given is true. The picture is then taken -- in one second -- and a temporary permit is issued.

Saving time is the fact that the application form is in triplicate. One is issued for the actual driver's license, another is turned over to the finance bureau in Lansing, and the other becomes the temporary permit. Previously, a separate temporary license was issued.

A normal license, good for three years as before, is renewable 90 days before it expires on the driver's birth date. A chauffeur's license, however, is good for only one year from the date of application.

When an applicant changes address, he must have this recorded on his license. This procedure has been simplified also, because a special plastic address tab is pasted to the back. What's more, it can't be removed.

Who can obtain a license at the Northville police station?

Police Chief Eugene King declared that anyone in the area could get a license at the Northville station. Already residents of Novi, Wixom, South Lyon, New Hudson and as far away as Milford have secured their licenses here.

Those seeking licenses for the first time, unlike renewals, must phone the Northville station to make an appointment to receive a road and written test, King said.

Closest licensing agency outside of Northville is Livonia. Others in this area are Dearborn Heights, Garden City and Wayne. In addition, the sheriff's department, with stations in Redford and Plymouth townships, will begin issuing new licenses September 7.

Speeding up the processing procedure is imperative, Thomas declared that the Northville station can expect an increase in the number of applicants simply because there are fewer examination stations since the new system was adopted by the state.

Last Thursday, the first full day of operation, there was a waiting line of 10 to 12 persons, more than the average flow under the old system, Examiner Mrs. Alice Ritchie said. She added, however, "we just have to get down to a routine on this, then people won't have to wait as long."

City council first accepted the state's offer to make Northville an examining station at the June 7 meeting.

At that time, interim city manager, George Clark, estimated that the operating cost would increase \$2,400, even though more money would be coming back from the state. The state pays for leasing of the photographic equipment.

Clark also then said that a full-time clerk would have to be employed to handle the extra applicants. New City Manager Roger Rehberg indicated recently that the city will await preliminary results before making a decision, "but it looks like we'll probably need one," Rehberg noted.

This is the reason some surrounding communities have rejected the offer. They declined because of added expense.

Regardless of the cost, the new system has met with great success in other states, including California, Nevada, Louisiana, Arizona, Arkansas and Colorado, Thomas claimed.

325-Unit Mobile Home Complex Proposed in Northville Township

An \$800,000 mobile home site project was presented to the Northville township planning commission Tuesday night with a request for a public hearing to gain rezoning for immediate construction.

The proposed "Aaron Valley Village" would be located on a 50-acre site at the northwest corner of Beck and Six Mile roads. The land is owned by Charles and James Lapham, who are partners in the mobile home project with Rodney Grover and Gilbert Pearson. All but Pearson, a resident of Plymouth, are Northville residents.

Township planners listened to a presentation of the proposal by Charles Lapham and Grover but postponed any immediate action. On a motion by Leonard Klein, supported by James Tellam, the planners decided to "take the proposal under advisement to see how it relates to our master plan."

Other planning commissioners are Chairman Gunnar Stromberg, Bernard Baldwin, Luke Bathey and Ralph Gibson. The latter was absent.

Procedure would call for the planners to either grant or deny a public hearing on the rezoning request. The property must be zoned R-3 for multiple dwellings. If the hearing is granted,

the planners then forward to the township board its recommendation after hearing evidence from all interested parties.

The township board of trustees decides whether or not to grant the rezoning request.

Lapham outlined the proposal emphasizing it was not "a trailer court." He said there would be no house trailers allowed in the area, which would be under his management. All the mobile units would be at least 10 feet wide and 50 feet long, Lapham stated.

Lapham said that development of the land had been hindered by the fact that gravel mining takes place on two sides of the parcel. He said the proposed Aaron Valley would exceed the provisions of the township ordinance and would be "an asset to the community."

He outlined these features: lots of 45 and 50 feet wide by 80-foot depth; paved streets and

sidewalks; underground utilities and television antennas; community post office and laundry; swimming pool, gas utility, sewer and water. He said 325 lots were planned.

"It will be a self-contained community cared for by the owners", Lapham stated. He said he and his partners would maintain ownership of the area and that he would be employed as manager. He presented a letter of approval of the project signed by the owners of all abutting property.

Lapham told the planners that there is a strong demand for mobile home areas to accommodate large units. Grover substantiated this with statistics. Grover said most of the renters would be retirees and that the area would compare favorably with housing subdivisions in its school tax support.

In other business Tuesday night the planners gave tentative approval to the \$8 million apartment development planned by the Bert L. Smokler company on a 47-acre site on Northville road (across from the root beer stand).

The luxury apartment complex provides for 485 units including 75 one-bedroom, 260 two-bedroom and 150 three bedroom apartments. Only delay in approval of the plan was time for Township Engineer William Mosher to study the layout for sewer and water.

Planners held off approval of a plat presented by Bulder Earl McIntosh until provision for water and sewer can be determined. His home development project is located on the east side of Beck road between Six and Seven Mile roads. It includes 20 lots on a 12 1/2 acre site.

PRIZE PICK--Narda Foreman picked off first place with her apple display at the state fair.

Her Apple, Plum Display Wins \$600 at State Fair

"I just can't believe it!" exclaimed a 16-year-old Northville girl, Narda Foreman, after winning the "biggest prize you can win" in the fruit and vegetable competition at the Michigan State Fair.

Narda won a blue ribbon and \$600 for her 12-by-10-foot display which features a large tree made of hundreds of apples and backed by a sky of plums.

"Only four sets of exhibitors are allowed to enter the class," she explained, "and the other three exhibitors were adults." Up against such strong competition, she said her winning was "really shocking."

She has won several other ribbons in the past four years but this year's entry was by far her "real winner."

She conceived the idea three weeks ago and proceeded to research it. Last Wednesday she began to put the exhibit together.

First the fruit had to be picked. Then it took her all day Wednesday, and working straight from Thursday morning until Friday morning to complete the display.

Narda is the daughter of the Bill Foremans of 49824 West Seven Mile. The Foremans have been entering -- and winning -- State Fair competitions for over 35 years.

Narda's brother, Ralph, proved a winner this year, too. He took an eighth place in the horticultural competition.

Many other local entrants won awards also. Two perennial winners, Mrs. Fred Cobb of 21355 Beck road, and Mrs. W. L. Howard of 47787 West Eight Mile, again came away with several ribbons.

Mrs. Howard won a first prize for her watermelon rind pickles. Mrs. Cobb won blue ribbons for

her white layer cake and applique pillow case, second places for her orange bread, mint jelly, and canned fruit, third for her strawberry jelly and fourth for her raspberry jelly.

Mrs. Ludwig Kitter of 13500 Twelve Mile road, South Lyon, was one of the biggest winners in the Home Arts division, win-

ning 10 awards. She took first prizes in grape juice and peach conserve, second places in strawberry marmalade, black berries, plums and raspberry marmalade, third places in apricots and canned fruits, pineapple and apricot marmalade, plum conserve and red raspberries.

Area to Honor 21'ers Tonight

Dr. Morris R. Boucher, academic dean of Olivet College, will be the featured speaker tonight at the twenty-fifth annual 21'ers banquet.

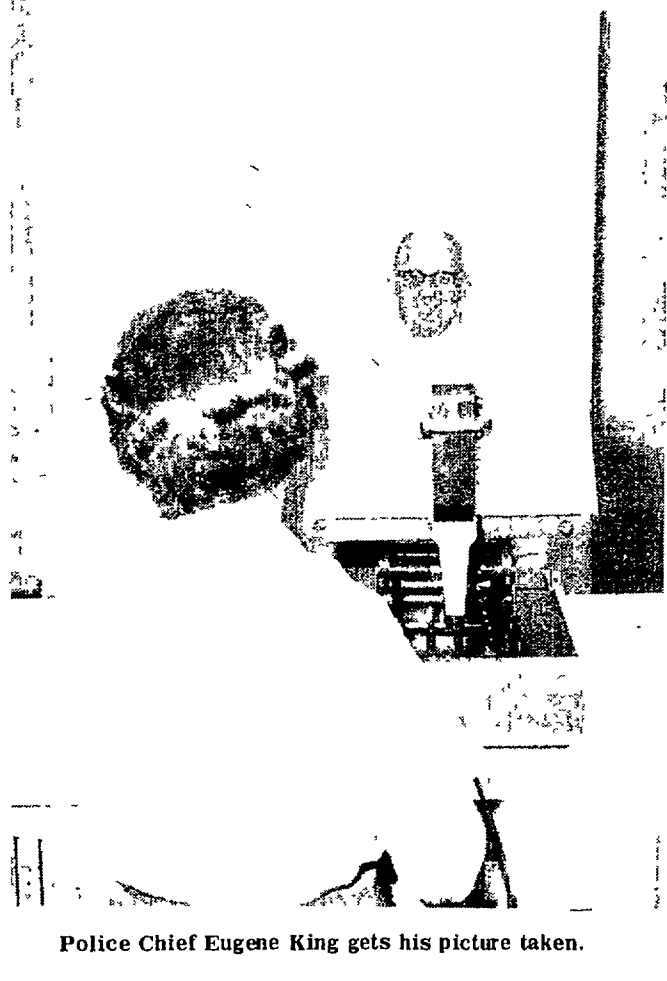

Sponsored by the Northville post of the American Legion, the dinner program honoring new voting citizens will be held at 6:30 p.m. at St. Paul's Lutheran Church.

Harold Penn, Legion commander, is chairman of the program. In addition to paying tribute to the community's new 21-year-olds and newly naturalized citizens, Penn said that the 33 original 21'ers, honored at the first citizenship banquet on October 29, 1940, will be recognized. Penn hopes some of this group will be in attendance.

Prior to his appointment as dean at Olivet in 1952, Dr. Boucher served as chairman of the social sciences division. He is a member of numerous professional organizations and committees, among them being the Michigan Board of Teacher Training Committee, appointed by the State Department of Public Instruc-

tion. Receiving his A.B. degree from Atlantic Christian college, and his M.A. from the University of Alabama, Dr. Boucher was awarded the Ph.D. in history from the State University of Iowa. He performed ministerial service in two college towns, Snead Junior college, Boaz, Alabama, and Alabama College for Women at Montevallo, Alabama. During World War II, he served as an army chaplain in the United States, France, and England. Dr. Boucher taught at the University of Alabama, then at Harding college, Searcy, Arkansas, before joining the faculty at Olivet.

Dr. Boucher is widely known as an off-campus speaker for service clubs, teachers' institutes, and as a guest pastor in Michigan and Indiana churches. He humorously sums up his family membership by delivering the following statement in his deep, southern voice, "I have one wife, two sons, two daughters-in-law, one grandson, and one cocker spaniel."

Police Chief Eugene King gets his picture taken.

City May Sealcoat All Unpaved Streets

A plan to sealcoat the city of Northville's unpaved streets may be adopted by the city council at its next meeting, Tuesday evening.

Manager Roger Rehberg urged the council in special session last week to consider sealcoating and emphasized that the road treatment would be less expensive than the present cost of maintaining and oiling the existing unpaved streets.

The subject first came before the council when a request for

a new road grader was made by the department of public works. Manager Rehberg told council members that he would prefer to postpone action on the purchase until a comparison of costs between sealcoating and grading and oiling could be developed.

Northville has about a dozen unpaved streets. These include Carpenter, Hill, Horton, Grace, Johnson, Gardner, River, Linden court and Scott.

According to Manager Rehberg, some 29,000 gallons of oil were applied to the streets during the past year. Cost of the oil was \$2,700. In addition, Rehberg points out, many hours in grading and application of oil are involved.

The manager proposes to apply a prime and double sealcoat initially to Carpenter, Horton and Grace immediately. He said this could be done for less than \$5,000. Rehberg also indicated that Johnson, Gardner, River, Linden court and Scott could also be completed this year.

"I think all the city's gravel streets could be sealcoated for less than \$7,500", said the manager. He pointed out that the sealcoating would provide a cleaner, more desirable road for residents in addition to reducing maintenance costs. Eventually, Rehberg noted, most of the streets would be scheduled for full paving with curbs and gutters.

In other business at last week's

special meeting a contract was prepared for presentation to Weissman Construction Company, contractors installing the Detroit water line through the city of Northville. It provides that a \$1,750 cash bond will be retained by the city until all clean-up work is completed along the route of the line through the city. Deadline for completion is November 1. The agreement also provides that a one-inch asphalt cap is to be installed on Wing and Fairbrook streets from Cadiz to Fairbrook and Wing to Center. The city agrees to pay one-fourth of the cost and the contractor the remainder.

This agreement must be signed before the company may secure a new permit to complete the installation of the water line from Center and Fairbrook to a point on Sheldon road across Hines drive where installation is complete to Five Mile road.

An option was approved by the council to purchase the Randolph street residence of Olva Kolvenera for \$7,500. The city plans to remove the house so that the Randolph street curve may be moved when the road undergoes improvements beginning next year.

Manager Rehberg also announced this week that he had purchased a leaf sweeper from the city of Plymouth for \$400. The Northville council has indicated it will consider leaf removal on all city streets this fall.

Dr. Jaslow Resigns

The medical superintendent at Plymouth State Home and Training School, Robert I. Jaslow, M.D., has resigned his position effective September 17 to become chief of the mental retardation branch, division of chronic diseases, U.S. Public Health Service, Washington, D.C.

Dr. Jaslow will administer the branch of Public Health Service which is responsible for approval of state comprehensive plans for the retarded.

Dr. Jaslow has been associated with the development of Plymouth State Home and Training School since it was

opened in April, 1960. He served first as clinical director, then as acting superintendent and, since September of 1961, as superintendent.

He and his family will reside in Bethesda, Maryland.

Although expressing regret at leaving the many friendships established in Northville, Dr. Jaslow said that he feels that his experience in Michigan will benefit the national program.

The departure of Dr. Jaslow leaves both major state institutions in Northville without superintendents. Dr. Philip Brown left his post at Northville State Hospital last month.

Garden Club Flower Show Slated For September 13

The Northville branch of the Women's National Farm and Garden association will greet the fall season with a membership flower show entitled "The Pleasure of Your Company." Show date is Monday, September 13.

Exhibits should be brought to the First Presbyterian church social hall from 9 to 10:30 a.m. that day. Judging will be conducted by accredited judges, and ribbons will be awarded for the best entries.

Tablecloths and tables will be provided for the entrants. Members need to bring flower arrangements only.

A tea and regular meeting will begin at 1 o'clock. Guests may be invited to attend.

This is the first year the flower show is being limited to members. Each is asked to enter an arrangement in one of the eight classes.

The theme of the classifications is derived from the 19th century fireplace motto, "The Glory of the House Is Hospitality."

CLASS ONE is a "Breakfast," using arrangements in pottery or copper containers. The table will have a pastel green cloth.

CLASS TWO is a "Before the Game Brunch." Accessories are permitted. The tablecloth will be yellow.

Brunch became popular during the 1900's in New Orleans. The late risers found the breakfast hour past and the lunch hour still too far away. The solution was a

brunch, a combination of the two. A brunch today seems the perfect prelude to the "big game of the week."

CLASS THREE is a "Ladies Luncheon," involving an arrangement for a round table. A pink cloth will be on the table. Members can take their cue from two of the nation's recent First Ladies.

Mrs. Dwight D. Eisenhower used pink in her tablecloth and flowers for nearly every luncheon she gave. Mrs. John F. Ken-

nedy used old-fashioned bouquets, large wedgewood bowls of cherry blossoms and baskets of lilies-of-the-valley at her luncheons.

One important consideration is that luncheon centerpieces must be especially pretty to charm feminine guests, and should be arranged so as not to obstruct the view of any of the guests.

CLASS FOUR is a "Four O'Clock Tea," featuring arrangements with candles as accessories. The tea table will

have a pastel blue cloth. Tea began of course, in England. In the early 1800's Anna, the seventh duchess of Bedford, invited friends to have tea and cakes with her. Since then it has become a daily ritual in England and a few other places in the world.

Tea is part of a religious and artistic ceremony in Japanese

Women Frolic at Fun Day

Meadowbrook Country club was invaded by several fashionable boxes, Beatles, flowers and birds last Friday. That's the day women club members and guests, all in imaginative costumes, hit the links for their annual Fun Day. Mrs. Toni Mericka was chairman this year.

The day began with "four holes of crazy golf" with the ladies teeing off on rubber tire tubes to attack the first, ninth, 10th and 18th holes. To complicate the games, each lady was allowed to use only one club. Hair pins painted green were set around the cups as extra challenges.

After completing the four holes, the golfers went inside for a luncheon. The Beatles, a French singer (alias Mrs. Mericka), and a skit starring several illustrious players highlighted the meal.

Afterwards Mrs. Florence Wright announced the raffle and costume winners. Mrs. Miriam Peterson of Northville, in Beatle attire, won the first raffle drawing, the middle drawing and the last drawing.

The prize for the most original costume went to Mrs. Mary Ann St. Germain of Northville who was dressed as a golf bag. (see picture). Peg Grimm and Mrs. Mary York of Birmingham shared the prettiest costume award. Mrs. Grimm was a flapper, while Mrs. York was a daisy. Mrs. Grace Frankjac was a chicken, and as such won the prize for the funniest costume. Mrs. Sally Campanaro was the sexiest entry with her "Morticia" (of the Addams family) costume. She wore a long, black wig, and even had a box with the "Thing" in it.

A wide range of courses includes sewing, typing, languages, dancing, painting, bridge, philosophy, history, scuba diving, guitar and folk singing, swimming, knitting, business machines, cake decorating and many others. A total of 67 courses will be held.

On Saturday an additional eight activities will be held. These are ballet, boys' basketball, baton twirling, cheerleading, great books, square dancing, swimming and a swim club.

For more information concerning these and the other activities call GL 3-3100.

tradition which is still held in high esteem today.

CLASS FIVE is a "Patio Party," using small arrangements for a card table covered with a green-and-white-check cloth. A patio party is informal, gay and typically American, and the arrangements should follow these lines.

Small arrangements combining hurricane lamps or candles with flowers are a perfect, cheerful accessory to the tables.

CLASS SIX is a "Harvest Buffet." This class calls for floral arrangements using artificial grapes or fruits. The tablecloth will be beige, and the table will be set against a wall.

The centerpiece is of great importance to a buffet table and therefore should be of considerable height. The buffet began in the famous old Parisian restaurants where the master chefs wished to display their dishes before the customers. As the furniture used for this purpose was called a buffet, the name was thereafter applied to the meal also.

CLASS SEVEN is a "Christmas Dinner." Accessories are permitted. A white cloth will be on the Christmas table. Arrangements can be very imaginative, but the flowers should be kept low and accessories should complement the flowers.

CLASS EIGHT is an "After the Theatre Midnight Lunch." The table will have a lavender cloth. Arrangements can be dramatic to fit the occasion.

TEERING OFF—Mrs. Wilson Tyler shows top form as she prepares to tee off from atop a tire tube. She's wearing a table setting—and table—to complete her four holes of golf.

Our old ones
are a compliment.

Every fall we introduce Jumping Jacks to a lot of brand-new customers, and continue to serve old customers as well. We welcome the challenge of fitting your child's feet as perfectly as it can be done. He gets the same careful attention whether he's an old regular, or is visiting our store for the first time. Youngsters like the way Jumping Jacks feel—so soft, light and flexible. Their parents like the painstaking way we fit Jumping Jacks. Find out for yourself why people keep on coming back to our store. Northville gridders are going through rugged paces this week, getting prepared for the upcoming season.

Fifty to sixty hopefuls are participating in the twice-a-day sessions. That's 20 less than turned out last year. Still Coach Ron Horwath figures that he will carry approximately 50 on his varsity squad, the same as last year.

And there remain a few veterans who have checked in because they are on vacation trips. As in the past, the coaching staff expects to pick up 10 more gridders when school starts.

Having lost 20 senior lettermen, 13 of them linemen, time is of the essence. And what's more, Horwath wants to develop a strong kicking game.

"It cost us the championship last year," he pointed out. Bad passes from center in two kicking situations cost Northville the game against Plymouth as it did against Milford in a showdown conference battle.

Plymouth won, 20-19, and Milford eked out a 14-7 victory. It's Milford again, along with Holly, that threatens to walk off with league honors again, said Horwath, who picks them as pre-season favorites.

Milford, with three linemen weighing 240 pounds, will have a Goliath-sized line to clear the way. But they have lost their break-away threat, Jack Ward. Holly also has a solid line returning, Horwath reported. And back to lend punch to the Broncos' running game is Mark Phalen, a bruising fullback.

Dark horse is Bloomfield Hills, Horwath predicts. He pointed out that the Barons have the most returning veterans in the Wayne-Oakland circuit.

"The rest of the teams, including us, are bunched in the scramble for the title," he said.

Car Hits Local Man

A Northville man was almost run down Monday night when he got out of his car on Beck road near Grand River in Novi.

Charles M. Early, 21, of 34 Hillcrest road was struck and knocked down by a side mirror and his foot run over. Novi police are investigating.

According to police, Early said he passed a truck on Beck road, which flashed its lights and honked its horn. Early then said he stopped his car, thinking that the other driver was a friend.

He told police that when he got out of the car, driver of the truck asked him what he was doing driving in the middle of the road. Early said he was not, and the driver backed the truck up, hitting Early, police reported.

Amermans Sail For Europe

It will be "bon voyage" tomorrow noon for the Russell H. Amermans when the "Rafaello" embarks from New York City.

Amerman, who retired as Northville's superintendent of schools last June after a career of 38 years in the local system, and his wife left for New York, Wednesday. They are accompanied by their son-in-law and daughter, Mr. and Mrs. George Mathews, who will remain in New York to attend the World's Fair.

The retired school official expressed his deep appreciation to the citizens of the community and his associates who contributed some \$1500 at the Amerman retirement banquet making the overseas vacation possible.

The Amermans will enjoy a seven-day voyage to Naples. Then they'll travel to Capri, Rome, Florence, Pisa, Venice, Geneva, Lucerne, Basel, through Germany and finally to London.

From London they'll board a jet airliner and return to New York on October 2.

Markova with "The World of the Ballet." She will be introduced by Miss Eleanor Breitmeyer, Detroit News society editor.

A celebrity luncheon will follow each lecture. The October, November and April luncheons will be held at Meadowbrook Country Club. The February and March luncheons will be at the new Mayflower Meeting House in Plymouth.

Season tickets may be purchased by sending \$10 to Northville Town Hall, Box 93, Northville, Michigan. For ticket information call Mrs. Harry Wagenschutz at FI 9-2976.

Assailant Shot In Panic

A Northville youth wrestled a gun away and reportedly shot a robber in an attempted holdup Monday night in Edward Hines park.

Lloyd Moore, Jr., 19, of 660 Horton and his girl companion were accosted in Lakeview drive, where they were parked in a car.

When the robber attempted to drive off with Moore's car and the girl, sheriff's deputies said Moore objected, and in the ensuing battle took the gun away.

Moore told police he then shot his assailant in the scuffle, and reported the incident immediately to authorities. But when sheriff's deputies and Moore returned to the scene, they found no man or even a trace of blood.

The gun was not registered, police reported.

Novi Burglars Strike Twice

Burglars broke into two Novi business establishments this week, escaping with approximately \$25 in cash and merchandise.

Police received a call 8 a.m. Sunday that \$15 to \$18 had been stolen from Nick's Grocery at 2206 Novi road. And Monday night thieves broke into Graham's Mobil Gas station and stole off with \$10 in cigarettes.

Entry was gained in both cases by smashing a door glass and climbing in. Police are investigating.

Town Hall Awaits Meredith Willsons

A varied and interesting line-up of four men and one woman will introduce the speakers in the 1965-66 Northville Town Hall series.

Northville's Mayor A. M. Allen will welcome Meredith and Rini Willson when the series opens October 21 at the Northville high school auditorium. Starting at 11 a.m. the Willsons will present a musical program entitled "A Morning with the Meredith Willsons."

On November 18 Paul Williams director of public affairs for WWJ-TV, will introduce Mme.

Claire Chennault who will present "A Report on the Far East." Thomas Roberts, director of the audio-visual department at Wayne State University, will introduce Fulton Lewis III, Lewis' lecture topic is "Revolt on the Campus."

March 17 Judd Arnett, well-known columnist for The Detroit Free Press and a much sought-after speaker himself, will greet Vance Packard. The famous author will lecture on "The Status Seekers."

Closing the series on April 21, 1966 will be Dame Alicia

Court Reports

Judge Robert K. Anderson levied fines totaling \$100 on a Warren man who pleaded guilty on four counts Thursday in Novi Justice court.

Edward Koneczny, 28, was fined \$50 for reckless driving, \$30 for driving a defective vehicle and \$10 apiece on two charges of driving with an expired operator's license.

He was first stopped August 19 on East 12 Mile road near the railroad tracks for driving a defective vehicle, police said. He was warned to have the defects repaired and to obtain a new driver's license, police added.

Three days later he was stopped again, this time after he had driven in a reckless manner near Novi and 12 Mile roads. Still he had not renewed his license or repaired the car, police said.

A Detroit man and a Wayne youth were each fined \$25 Thursday by Anderson. Danny Sipple, 18, was cited for having liquor in his possession August 22 in the Novi township park. His companion, Richard Williams, 27, was charged with having open beer in the car.

Earl Sockow, 24, of Walled Lake paid \$30 in fines on two counts. He left a car parked on South Lake drive July 25, creating a traffic hazard, and on February 1 he made an improper left turn off South Lake drive onto Novi road.

Howard Davis, 63, of Detroit, charged with reckless driving August 20 on East Grand River near Meadowbrook road, was fined \$25 by Judge Emery Jacques. Davis, it was reported, was weaving back and forth in his car.

There were two separate drinking cases, involving five youths at the Club A-Go-Go parking lot near Walled Lake.

Robert Seggie, of Warren, Harry Vazquez, of Detroit, both 19, were arraigned on charges of having liquor in their possession. Both were fined \$25.

Julio Perazza, 21, also of Detroit, was fined \$35 for furnishing the beer August 21 for the

minors.

In another incident the same day, Thomas Everson, of Lathrup Village, and Wayne Gordon, of Detroit, were caught by Novi police with liquor in their possession. Both 19-year-olds youths paid \$25 fines to Judge Jacques last Thursday.

Keith Hitch, 19, of Birmingham paid a \$25 fine for having liquor in his possession August 20 in a car parked at the intersection of Beck and 12 Mile roads. Anderson was judge.

Two cases involving the illegal possession of alcohol at Maybury Sanatorium were heard this week in Judge Charles McDonald's municipal court. The charge was levied against Joseph Sumpter, a patient at Maybury, August 19, by William Holly of the Sanatorium.

After pleading guilty at arraignment August 20 he was committed to the Detroit House of Correction for 10 days.

Charles Ernest Faust of Detroit faced the same charge August 26. Faust pleaded not guilty and was released on personal bond.

At his trial Augst 30 the judge found him guilty and assessed him a \$15 fine plus \$10 costs.

Monday's Labor Day

A Time for Tribute To The American Worker

On May 8, 1882, Peter J. McGuire, founder of the Carpenters Union and a co-founder of the American Federation of Labor, recommended that one day in the year be designated as "Labor Day."

McGuire suggested that the first Monday in September would be most appropriate for the labor holiday because "it would come at the most pleasant season of the year, nearly midway between the Fourth of July and Thanksgiving, and would fill a wide gap in the

chronology of legal holidays."

For the day's celebration, he suggested a street parade "which would publicly show the strength and esprit de corps of the trade and labor organizations," to be followed by "a picnic or festival in some grove."

In keeping with Mr. McGuire's suggestion, the first Labor Day -- Tuesday, September 5, 1882, was celebrated by the Central Labor Union with labor demonstrations and a picnic in New York City.

Two years later, the first Mon-

day in September was selected as the labor holiday, and the Central Labor Union urged similar organizations in other cities to celebrate a "workingmen's holiday" on that date.

The idea spread with the growth of labor organizations, and in 1885, Labor Day was celebrated in many of the industrial centers of the country.

Nationally, the Labor Day celebration of the mass parades and huge parades have almost

disappeared, but Labor Day addresses of leading union officials, industrialists, educators, and clergymen, as well as governmental officials, are given a wide hearing in newspapers and over radio and TV.

It is, however, still a day for the laboring man and a day for taking stock of and paying tribute to the creator of so much of the Nation's strength, freedom, and leadership -- the American worker.

from the PASTOR'S STUDY

Reverend S. D. Kinde
First Methodist Church of Northville

In a recent issue of "The Rotarian" magazine John Evans Jones tells of his experience in the "blitz" of 1940 while drilling with a Civil Defense fire-fighting unit in England.

"Jones" barked the captain, "when I give the word, you take the nozzle of the hose and rush into the burning building while the rest of the squad mends the pump."

"While the attack is on, the enemy will be strafing with bombs and machine guns," he continued grimly. "Now Jones just remember this: if you get hit by a bomb, don't go all to pieces!"

And while Mr. Jones could not have followed the advice literally at that time, he never forgot it.

Since that time he has been hit by a number of "bombs"—emotional bombs, financial bombs, sickness bombs. But in the darkest hours of this experience he can hear his captain shouting: "If you get hit by a bomb, don't go all to pieces." There is something about this

story that ought to give each of us a lift as we face the problems of the day in our town. Some "bomb" may fall upon us and tend to destroy us, but let us put our trust in the Lord who cares for his own... and not go to pieces.

When so many alcoholics, chain-smokers, and nervous wrecks are on the increase due to the pressures of life getting the better of them... it might be well for each of us to take a new look at our religious faith and see if it is adequate for these times. We need a great faith in a great and good God if we are to stand up under the "bombs" of this hectic hour. And with that kind of a faith and trust in Him we can endure what the day may bring forth...

and not go to pieces.

An English physician said to many of those who came to his office frightened by the air raids, "Take two aspirins with a glass of warm milk, read the 23rd Psalm and go to bed."

One patient later wrote, "I was curious so I read the 23rd Psalm. It was beautiful, warm, comforting. I learned it by heart so I could say it to myself in other times of distress that I would have to face. I began to develop an inner calm."

If you have a problem, turn to your Bible now and read the 23rd Psalm. Think upon its message for you. Take time to ask God to apply its truth to your problem and your life. Try it and see what happens!

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mr. and Mrs. Walter Suobank and their son David of West Le-Bost have recently returned from their vacation. Paul, their other son, stayed with friends in Willowbrook and attended classes at Schoolcraft college. The family drove to Elkhardt, Indiana and on to Springfield, Illinois to see the Lincoln Memorial. Next they toured the Truman Library and home in Missouri. They camped at the Boonesville State Park in Missouri. Next on their itinerary was Denver, Colorado; next on to Rifle Colorado where they visited very dear friends of the family. In Colorado the best thing they enjoyed was the hot mineral pools where they went swimming. On leaving Rifle they drove to South Dakota and camped at the Custer National Park. They also visited a niece for a few days at the Ellsworth Air Force Base in South Dakota.

When they were in Cheyenne, Wyoming, they camped at a national park where a rodeo was performing. They camped at the Scott City State Park in Kansas. They took a route across Minnesota to northern Michigan and spent the rest of their vacation at Champion visiting relatives. The Suobanks also saw Adlai E. Stevenson's funeral motorcade going to Bloomington, Illinois.

Mrs. Zeruah Goerlitz and her daughter, Mrs. Sharon Shaw were co-hostesses for a wedding shower honoring Barbara Isaacs. The shower was at Zeruah's home on McMahon Circle. Guests included Mesdames Eleanor Bennett; Mrs. Leila Foss, Mrs. Margaret Isaac mother of the bride-to-be; Mary Beth Willis, Jan Mack, Carol Brown, Sue Konwalski, Lorraine Kordell, and Mrs. Gauger. Barbara's grandmother. The guests played some games and enjoyed a buffet lunch.

ty" on Friday, July 13. The guests played charades and various writing games; also games concerning superstitions practices. Guests were: Patsy Ritchie; Beth Reid; Barbara and Debbie Auten; Carol Pallunas; Jody Cochrum; Debbie Dorsey; Nancy Bowen; DeLynn Tobias; Valarie and Vickie Pinner.

The Coffey Family of East Le-Bost have moved from Willowbrook.

Next they drove to Wisconsin and visited Mr. and Mrs. Larry Kendall and family, Mary Lou's brother, for five days. They also visited a service-connected friend. After that they drove back to their cottage and spent another weekend and then home to LeBost drive.

Nancy Barnes of Mooringside flew by plane with a group of girls to Arlington, Virginia. They went sightseeing in Washington, D.C. Nancy particularly enjoyed visiting the Smithsonian Institute and the Shrine of the Immaculate Conception. Nancy left on the 18th and returned on the 24th of August. She will commence attending Schoolcraft college again this fall term. Nancy is the daughter of Mr. and Mrs. Earl Barnes of Mooringside.

Mr. and Mrs. Errol Myers of Border Hill have just returned from their vacation. On July 31 they went to Paradise, Michigan on Lake Superior. They had Mr. and Mrs. Wilfred Clarke as guests for two weeks from Mundelain, Illinois. Robin and Cheryl Luce, Clawson, spent the last week with them. While there they made a boat trip through the Sault Locks and through the Pictured Rocks.

Mesdames Wm. Argeline of Ripplecreek and Donald Reuther of Maude Lea Circle were co-hostesses at a kofeklat hon-

oring Mrs. Margaret Reuther, who is visiting her son from Belleville, Illinois. The kofeklat was at the home of Lillian Argeline on Wednesday, August 18 from 10 to 12 noon. Guests were Mesdames Phyllis Graham; Del Fisher; Delores Oolah; Lorraine Auten; Marion Alies; Linda Morrolls; Veronica Dery; Marilyn Van Wagner, Pat Callcott, Betty Carr, Rose Aubrey, Jean Michaels, Mary Wilkins and Annabelle Simkins.

dy, 11. Maternal grandparents are Mr. and Mrs. Floyd Coe, Royal Oak. Paternal grandparent is Mrs. Estelle Bowman, Detroit. The Bownmans reside on Willowbrook drive.

Mr. and Mrs. John Berry and sons Eric and Kim have just returned from a vacation through Indiana, Kentucky and Ohio. First they visited in Anderson, Indiana, Jack's hometown, camping at Mound's State Park. Next they drove to southern Indiana to New Albany, Marion's hometown and visited her father's family. They travelled through Kentucky following the Ohio river and saw a locks and dam to control the flood situation. Next they visited Mr. and Mrs. Stanley Beaber

and daughters, Candy, Lorraine, and Tammy at New Philadelphia, Ohio. Stan and Jack were together for three years in the army. They took the Berry's sightseeing to Schoenbrunn, an Indian village, to the Dover Dam to see the world's master carver, Ernest Wharther, Dover and to the Yaggi Cheese factory where Swiss cheese is made. After a nice visit they continued on to Willard, Ohio and spent an afternoon with Mrs. Ruth Fox, a friend they had known for many years in Michigan; then home to McMahon Circle. The previous week Eric and Kim were at the Charles Howell Scout Reservation at the Ranger Campsite, Howell with Troop 755 from

Northville. Wednesday bridge met at the home of Ruth George. Guest players were Nellie Taylor and Jo Geiger of Malott street. First prize went to Marguerite Parent; Willowbrook Community Church, E.U.B.

The Reverend Newell C. Liesemere, Conference Superintendent will fill the pulpit on Sunday, September 5 during the absence of the Rev. Marvin Rickert. Rev. and Mrs. Rickert are directors at the Lakeside Family Camp, Brighton, September 3 through the 6th.

Chase Hits Speeds of 115

At speeds of over 115 miles per hour, Novi police chased a Dearborn Heights man 15 miles before stopping him on the expressway.

Joseph Zieliński, 30, was released to his wife August 23 on \$250 bond, pending trial before Judge Emory Jacques. Zieliński pleaded not guilty.

He was first spotted August 23 making an unsafe turn south onto Novi road from East Lake drive, police reported. He then continued south, driving 55 in a 40-mile-an-hour zone, Chief Lee BeGole said.

He turned onto the expressway. When police gave chase, Zieliński's car hit speeds of more than 115 miles an hour, BeGole reported. Novi officers then said they radioed ahead to Southfield and Detroit, who set up road blocks.

But Zieliński was finally caught and pulled over just west of Southfield. He admitted having eight beers, said BeGole.

Brewers Warn Teens on Risks of Drinking

Unfortunate consequences of teenage drinking are seldom considered by the violators, especially if the warnings come from parents, school authorities and other officials.

The one group getting short term gain from this law violation now hopes that perhaps teenagers will listen to its plea for a realization of the hazards. This group is the alcoholic beverage industry.

The trade publication, "Michigan Beverage News," is conducting a campaign aimed at persons under 21 who might now or at some future time be tempted to participate in teen drinking parties similar to those which have caused such official frustration this summer.

By circulating a leaflet entitled "The Choice is Yours," the Detroit-based publication

hopes to "tell teenagers in honest terms what could happen if they are caught drinking or even with alcoholic beverages in their possession."

The leaflet is being distributed through church groups, schools, libraries, civic and community organizations and retail outlets.

Teenagers are warned that reckless acts now may jeopardize their admittance to college, a military career or future job prospects. It emphasizes the law and the fact that violation could produce a criminal record.

"What is needed most is education, we feel," says publisher Ken Davison.

The Michigan Liquor Control Commission had hoped to publish a similar pamphlet on its own but did not receive funds for this purpose and has endorsed the leaflet prepared by the Be-

verage News.

The thought-provoking message on the four-page leaflet is a simple and yet complex one: "Is taking 'a little drink' worth risking all your hopes for an honorable and rewarding career?"

Some accomplishment was recorded by the legislature this year in the continuing implementation of the still new state constitution, but gaps still remain.

One gap which fortunately involves little time pressure is the enactment of laws relating to the new job of legislative auditor general.

Democrats control both houses this year and best guesses indicate future elections will find them in the majority in at least one house. They appointed Albert Lee to this new position.

One attempt to spell out the legislative auditor general's du-

ties was made this year but the governor's veto ax fell on it.

Gov. George Romney said the bill as written would have given this new officer much broader powers than were intended in the constitution. He also used his line item veto to withhold from the legislative auditor general \$17,869 designated for race track audits, which he also said was outside the province of the job.

Veto of the main bill had little effect on the continuing operation of Lee's department. It simply meant the Democrats will have to do some work to meet the governor's objections.

Very specific language is used

in the constitutional section dealing with the legislative auditor general.

In a single paragraph the constitution provides for a certified public accountant to be appointed by the legislature to an 8-year term. It prohibits the appointee from being named or elected to any other state public office during or for two years following his term.

The constitution designates that he is to conduct performance and "post-audits of financial transactions and accounts of the state and of all branches, departments, offices, boards, commissions, agencies, authori-

ties and institutions of the state."

Important gain has been made so far this year in one area of traffic safety, but it has been almost totally offset by a worsening in another area.

"Highway fatalities have dropped but unfortunately the number of injury accidents has climbed to an alarming degree," reports State Police Commissioner Frederick E. Davids.

In the first five months of the year, Michigan motorists recorded 56,518 traffic injuries as compared with 51,786 in the same period of 1964. The number of accidents also jumped from 108,000 last year to 125,000 this year.

New Life for Unions

BABSON PARK, Mass. — The big unions have been waging an uphill battle in recent years. Gains in membership have been hard to come by. As a percentage of the total work force, unionism has been slipping. But all that will be changed with repeal of 14b of the Taft-Hartley Act... doing away with the right of the states to prohibit the union (closed) shop. From now on, we say, watch the unions roll to new heights of power!

It was thirty years ago that labor was given its first magna carta, the Wagner Act. Under the sponsorship of the New Deal, this measure guaranteed the right of workers to organize, to negotiate with employers, to strike, and to be protected against un-

fair labor practices. Employers, in general, claimed that the law was one-sided, giving full consideration to the unions but restricting management. Over subsequent years, Congress has appeared to agree with this claim.

In 1947 the Taft-Hartley Act was passed, over a Truman veto, giving protection to management's rights. It was promptly dubbed a "slave labor act" by the unions. The congressional pendulum, nevertheless, continued to swing away from labor and toward management. By 1958 Congress was ready to force unions to file reports on their pension and welfare funds. Further restrictions were placed on organized labor by way of the Landrum-Griffin Act of 1959, which barred certain types of

picketing and secondary boycotts.

Over the last several years, union heads for the most part have maintained agreeable relations with the White House as well as with government labor agencies. Labor's progress with Congress, however, has been slow. Not until the current session has there been a safe majority who could be counted on to get behind major demands of the unions and push through legislation favorable to labor.

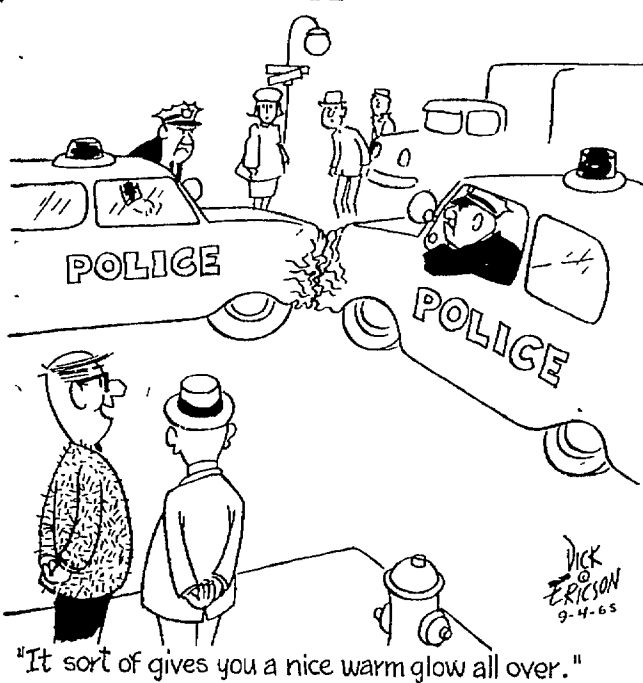

Partly responsible has been the hard-fought battle of AFL-CIO groups to elect friendly aspirants to both the House and the Senate. Then, too, President Johnson has given encouragement, even though sometimes rather muted, to a number of union legislative targets... upping of the minimum wage, for example, — eventually to \$1.75 — and wider coverage.

Perhaps no other piece of legislation has netted labor leaders more than section 14b of the Taft-Hartley Act. The reason is clear. This section gives individual states the right to pass their own right-to-work laws making the involuntary union shop illegal. In the 19 states which have taken advantage of this opportunity under 14b, it has meant that workers no longer had to join a union and pay dues in order to get or keep a job. Repeal of 14b will erase these state laws and bring a return of the union-shop labor contract.

As a result, union exchequers in these 19 states could be increased by as much as \$10 million by initiation fees alone coming from those employees who will have to become union members if they are to work with firms that are under union contract. This, of course, will substantially improve the financial condition of such labor organizations; for the newly signed up members will be contributing regular dues each month. This will serve to strengthen labor's economic position for lobbying as well as in political campaigns.

Top labor officials are steadily raising their sights for further demands in Congress. Still on the longer-term agenda are calls to reduce the basic work week from 40 hours to 35, to gain bigger and more prolonged payments for the unemployed, to promote ever-wider public works schemes, and to eliminate, eventually, other labor constraints in the Taft-Hartley and Landrum-Griffin Acts. Union lobbyists feel that under this Congress at least they have little to fear from forces that would try to cut back labor's legal rights by such means, for example, as placing unions under existing anti-trust measures. And labor surely will fight vigorously to improve its congressional "edge" at the 1966 elections.

SPEAKING for The Record

By BILL SLIGER

Vacations are nice, but home's better. Our 10-day trip to Quebec and down the New England coast with one day at the World's Fair for frosting taught me several things:

Don't drive in Boston, you'll get lost; all Frenchmen should be overweight; the motel industry is booming; service stations on turnpikes are mining money; New England expressways (with 50 mph speed limits) far exceed ours in beauty, mostly because there are no billboards; parking meters can be made attractive with ornate wrought iron fixtures extended above, holding floral creations; for city travel you can't beat subways; once you get accustomed to the odor, lobsters by the sea are delicious; the Fair is a most worthwhile adventure, not expensive and in one day we visited the Ford, GE, GM, Chrysler, USA and Churchill exhibits and enjoyed them all; Maine, New Hampshire, Rhode Island, Massachusetts and Connecticut are rich in natural and Early American architectural beauty; New York City has far too many motion picture theaters ablaze with "adult only" attractions; Bostonians don't know how to get to Concord.

In a small Massachusetts village along the coast we bumped into the Brian Dunn family. They're natives of the area and spend their summers there. A Northville teacher last year, Dunn joins the Livonia system this year.

Enough vacation talk. Back to work.

Northville merchants are alarmed at the high rate of shoplifting.

Meeting last week retailers considered hiring a private detective to patrol stores. A communication system to spread the word when known shoplifters are seen was also suggested.

Youngsters, even pre-teens, have been tabbed as the worse offenders by store-owners. They've taken air rifles, radios, knives, etc. The total take is certain to add up to the highest of any previous year, retailers state.

While several preventatory suggestions were considered, it was definitely decided to report all cases to police. The young pilferers are most feared by the merchants. They report that the youths work in gangs and steal not for need, but "kicks".

The prime responsibility, of course, rests with parents. A few minutes for a few words might prevent a call from the police that shocks an unsuspecting parent.

Playboy magazine (honest) picks Northville's Steve Juday as a potential All American selection. Quarterback Juday is a senior at MSU and has been the Spartans' first string signal caller for three years.

Roger Rehberg, Northville's new city manager, hopes the council will buy his idea to help clean up unsightly paper and trash in the business district.

He'd install 21 large containers throughout the business area (central and fringes). Businessmen would pay for these containers at a total cost of \$3,000. Then the city would pay for an additional weekly pick-up from these containers at a cost of \$1,000 annually.

Merchants and shoppers should hail the plan. Sturdy, permanent, attractive containers, properly located, would remove a pesky eyesore and solve a problem for many businesses.

Fears Gravel Pits Will Drain Water

To the Editor:

Gravel pits in our community should be of much concern to the public, since we rely almost entirely on wells for our water supply. It is no secret why the spring in Northville went dry. It gave way to the gravel pits.

The gravel pit that I am much concerned about is located at Garfield between the 8 and 9 mile roads, and is owned by Councilman Philip A. Anderson.

I have watched this operation and the depth of this pit for some time, and quiver to think how soon the wells will go dry in the community. It could be argued that it would make no difference if a small amount of water would flow into the pits from the wells, but wells that drain more than 20 square miles of territory is no small volume. If we were to take one drop of water, at a time, from a 50 gallon drum which was full, that drum would go empty in time.

This is happening so rapidly that homes all around Novi will find themselves without water in a short time.

We can stop this by requesting the Novi government to threaten to sue the operators of gravel pits

for draining the water table of Novi.

If anyone is interested, and you should be, please contact me by

letter or phone FI 9-3072 so we can hold a meeting to force this all important issue.

Wants Saturday Sidewalk Sales

I think the yearly sidewalk sales are very nice, that is, if everyone were able to attend, but can they? No, because the sales are on Friday instead of Saturday. The majority of the people who live in the country
