

In Two Years

Nelson Eyes Ungraded Schools Here

Northville's new superintendent of schools, Alex M. Nelson, let his educational hair down Tuesday noon and revealed to Rotarians his philosophy of education.

Making his first speaking appearance before the businessmen's group on the day he was inducted as a club member, Nelson told his audience that he visualized an un-graded school system (one through twelve) within two years.

He strongly criticized traditional teaching methods that fail to come up to the abilities of the pupil, predicted that substantial pay increases must be made to good teachers and that teachers who do not measure up "must go".

And soon, Nelson predicted, we will make full-year use of our school buildings with classes "from 8 a.m. until 11 p.m."

The responsibility of education rests with the community, Nelson pointed out. "Consistently good schools tend to be in communities that know the value of good education, that want good education positively, and that are willing to pay for the good education whether or not they are well off financially."

He said that this is also re-

flected in the election of able citizens to the board of education and the appointment of capable administrative leaders. But he noted, "the essential, and scarce, element obviously is the teacher."

Nelson chided the beginning reading book that exposes the youngster to "Look ... Look ... Look! See father jump!" As preschoolers, the superintendent noted as an example, many of these youngsters are making play rockets and pretending to launch them to mars.

"They want to read when they get to school, but we make them wait. And by the time we're ready to teach them to read, they're not interested," Nelson declared. He advocated the un-graded system to permit youngsters to progress in learning at their own speeds of capability, noting that some would move more swiftly in one subject than another, but that in the end they would come out together.

In conclusion, Nelson said that in addition to the school system's proposed building project and improved personnel management techniques, the following "major thrusts" were anticipated during the coming year:

- To attempt to identify the keys to instructional excellence in the primary grades;

- To attempt to identify the keys to instructional leadership;
- To explore methods whereby the high school student can be encouraged to assume more personal responsibility for nurturing the learning process, and a greater respect for law and order;

- To examine the vocational-education picture, particularly as the local program relates to state and federal programs;

- To set down in writing the minimum essentials for a secondary-school program in English;

- To design a proposal under the new Elementary and Secondary Education Act of 1965 with great care, for decisions made in drafting this proposal may influence the organization and operation of our schools for many years;

- To examine extent of continuity in our educational program—vertically as well as horizontally.

ALEX M. NELSON

Vol. 95, No. 19, 16 Pages, Two Sections

Northville, Michigan—Thursday, September 23, 1965

10c Per Copy, \$4.00 Per Year In Advance

A Pair of Happy Mustangs. . .

19 ... COUNT 'EM—It takes nearly all the fingers and thumbs Quarterback Tom Baughman (r.) and End Jerry Insland, have to show the number of passes Baughman completed Friday night. It was a record-setting performance for the jubilant Mustangs as they opened the season by dumping traditional rivals, Plymouth, 45-0. Insland grabbed seven of the 19 for 24 completions fired by Baughman and the two were named "players of the week" by Coach Ron Horwath. See game details on page 7A.

City Clamps Down On Rubbish Pick-up

Strict enforcement of the city's ordinance governing the collec-

tion of rubbish and garbage will be observed in the future.

This is the word being sent to residents this week by City Manager Robert Rehberg.

In a letter to all residents (and an advertisement in this edition, page 4B) the manager reminds residents that proper containers must be provided for pick-up and that definite rules set forth what may and may not be left for collection.

The crack-down on offenders came about when the city council became aware that "special" collections were being made on Fridays by public works' crews to haul away items that the city's paid, private collector refused to remove.

Several items left at curbside by residents far exceed in size and weight the maximums for collection.

Manager Rehberg is also drawing attention to the type of containers which must be used. His letter informs residents that if proper containers are not used they will be "red tagged". After two tags all collections will be withheld until a new can is provided, the manager notes. Tagging begins after October 1.

The page 4B advertisement defines rubbish and garbage, outlines the type of containers that must be used and sets maximums for size and kinds of items that may be left for pickup.

Wells or Detroit?

City Studies Water Supply

Northville's city council is now pondering the problem of whether to continue its ground supply water system or seek a contract with the city of Detroit for water.

Last week the council received a report from the water consulting firm of Ayres, Lewis, Norris and May. The report provided a basis for making a decision, but it did not give a clear-cut recommendation.

This has been left to the council. Presently, Northville is operating its system on two wells—one on city hall property and another on Novi road. In peak summer months these wells have pumped at capacity. The council has been advised that a third well-site should be sought.

But how much should be spent in improving the present system? This depends upon the future source of water.

Two questions are paramount in reaching a final decision. 1—How long will the ground supply last; and 2—Do residents desire soft water.

Number one cannot be answered. But the consultant stated flatly that the Detroit supply -- the Great Lakes -- could supply the nation for the foreseeable future.

If residents want soft water in the future, the Detroit system is by far the most economical. A softening system here would cost \$600,000.

For now the council seems to be taking the position that another ground well should be sought. But in the meantime meetings are being slated with the city of Detroit water board to determine costs and timetable for supplying Northville.

Following is a summary of the highlights of the consultant's report:

- Present water use is 385,000 gallons per day, will reach a peak of 2.2 million gallons per day by 1985;

- Needed water main improvements in city estimated at

- \$302,000;
- If continued use of hard water is satisfactory and new well sources are found, continued use of ground water is most economical;

- Development costs and construction of mains for Detroit water would amount to \$340,150, while construction of new well sites plus needed main improve-

ments would cost \$430,000; --Water rates in Northville are among the lowest for communities with similar systems; a rate increase is needed to maintain the system amounting to 180 per cent to finance Detroit supply or 150 per cent with improvements to present system with unsoftened water from wells.

Routine Matters Slow Council

The agenda was brief and routine but Northville's city council got bogged down in details Monday night and the session still ran more than two hours.

Nearly an hour was spent in discussion of whether to buy a new police car now or later. Other matters included accepting an audit, vacating an alley easement, scheduling a civic recognition dinner, preparing for Halloween and hearing Jaycee plans for next Fourth of July.

Most of the items were left incomplete, partly because both the city manager and mayor were absent. Manager Roger Rehberg is attending an international city managers' convention in Montreal this week.

A proposed housing ordinance, for example, was deferred for a manager's report and was also referred to the planning commission for study and recommendation.

The council accepted the annual audit, but decided that a session with the auditor might be helpful to find out whether or not any recommendations had been made in the city's fiscal practices. Councilman John Canterbury has been especially critical of annual audit reports without recommendations. He proposed that the meeting be arranged.

The council approved vacating an alley behind homes on Novi street between Hill and Maplewood, but balked at the easement width. The developers of Village Green homes in the area as well as the homeowners had requested the vacation of the alley. The property is then divided between owners of adjacent lots, each receiving eight feet.

Robert Krue, representing the developers, asked for a 12-foot easement for utilities so that property owners could use the remaining four feet for garages, etc. But the council proposed leaving the entire 16 feet as an easement.

It was decided to refer the matter of width of easement to the city

engineer and city manager. Police Chief Eugene King asked the council for permission to advertise for bids for a new car. He explained that bids for new cars are made when each of the two patrol cars has 35,000 miles. After this point, he stated, major overhauls become necessary.

A long discussion followed as to whether a 1965 or 1966 car should be sought, what its specifications should be and whether it should be the same color as the present cars or not.

It was finally decided to buy a new 1966 model next month, but the manager must still explain why he doesn't want to continue use of the city's traditional "yellow" color for all vehicles.

Jaycee Richard Norton told the council that the local chapter would again sponsor a major July Fourth event next year. He asked for city approval and financial aid. He said the group had lost money on fireworks displays.

He received council approval and encouragement. "I would think that the city would contribute to the program, but not the whole amount," said Councilman Fred Kester.

Plans and city participation will be outlined by the Jaycees with the city manager.

The council named Councilman Del Black to chairman the annual recognition dinner for city employees and volunteer commission members. It will be held in late October.

UF Opens Campaign

The United Foundation drive got underway in Northville this week, but only in the business area. The community-wide door-to-door Torch Drive does not begin until October.

On Monday, however, members of the business solicitation committee began their calls.

Goal for Northville is \$1,036. The local campaign is being co-chaired by Fay Waldron and Mrs. Margaret Zaytli.

Campaign committee members met last Thursday and outlined their assignments.

Strong support is being given the effort by the Northville Community Chamber of Commerce.

Six of the 12 solicitors are members of the chamber board of directors. They are President Essie Nider, John Carlo, Dempsey Ebert, John Macauley, Fred McLean and Dr. L. W. Snow. In addition, Mrs. Zaytli serves as chamber secretary.

Others who are assisting in the campaign are David Biery, Del Black, Charles Freydl, Jr., Charles Ely, Jr., Fred Kester and Richard Lyon.

The business drive ends October 4.

Downs Buys 10 Acres For Additional Parking

Steps to alleviate the parking squeeze at Northville Downs for next racing season were taken this week by the track's executive manager, John Carlo.

He announced that the Downs had purchased 10 acres on Seven Mile road, which will be converted into parking.

Exact location of the site is the north side of Seven Mile road just east of the Huff Welding & Machine Shop, 43230 Seven Mile road.

Carlo pointed out that the distance from the track will necessitate providing a bus shuttle service.

Just last week the track executive announced a 10-year expansion program to accommodate increased attendance at the harness meets. The \$3 million program calls for extensive expansion of parking area around the

track to Cady on the north and South Main street on the west. This would provide parking for 4,000 cars.

A \$600,000 clubhouse is slated for construction next year with a new \$900,000 grandstand to follow.

Until the additional parking is provided next to the track, however, Carlo said the parking at the Seven Mile road site would be needed. The site, which lies in the township, will be improved and blacktopped, he said.

Residents Fight Apartment Zoning

A PUBLIC HEARING has been called for Monday, October 4 by the Northville city council to determine whether property at 623 Randolph should be rezoned from R-2 (two-family dwelling) to R-2A (restricted multiple dwelling) to permit construction of an eight-unit apartment building. The property is owned by James Cutler and Earle McIntosh, who submitted the above artist's rendering of the building. The rezoning was given approval by the planning commission by a

3-2 vote. A majority of the residents of the area protested strongly to the project, however. It is expected that they will again voice their objections to the city council, which must make a final determination. The property is located at the Randolph street curve near the Eight Mile road intersection. It is next door to a residence recently purchased by the city which is slated for removal so that Randolph may be improved and the curve straightened.

Football Quiz Now Underway

Okay, you arm chair quarterbacks. Let's see how good you are at picking the winners! Another football season has rolled around and there's more cash to be given away to the best prognosticators in the area.

Twenty games scheduled to be played this week end are listed in the first contest appearing on page 7B.

There's absolutely nothing to buy. You simply take out a piece of paper, number the games as they appear in the advertisement, and list the advertisers name along with the

team you predict will win. Read the rules carefully so that your entry won't be eliminated.

First prize is \$10 while second and third place winners receive five and three dollars, respectively.

You can enter but once each week, but you can enter every week no matter how many times you win.

So, if you are to win every week, you must start now. Here's a tip. Don't let it get out, but top-ranked Notre Dame is slated for a drubbing when they play the Bollermakers at Purdue Saturday.

Mrs. Robert Erwin Schlenker

O'Brien-Schlenker Vows Spoken at OLV Church

Maureen Elizabeth O'Brien and Robert Erwin Schlenker were wed August 21 at Our Lady of Victory Church the Reverend Wittstock said the morning service. Vases of white gladiolus and Fuji mums decorated the church. "Ave Maria" was sung by Parke Bowman with Constance Tegge the organist.

The bride is the daughter of the William F. O'Briens of 18831 Beck Road. The groom is the son of Mr. and Mrs. Erwin Schlenker of Ferndale.

The bride's gown of silk organza and Venetian lace was fashioned with an empire waist and a long train. White roses held a silk illusion veil. Her bouquet was of white roses and Fuji mums.

Sherry O'Brien, the bride's

sister, was maid of honor. Kathy Hult, Carrol Crupi and Jean O'Brien, the bride's cousin, were bridesmaids.

All wore Nile green nylon and white lace floor-length gowns of green and yellow Fuji mums and gladiolus.

John Balog was best man, while William Norton, Raymond T. Hunter and Lawrence Leveque seated the guests.

Mrs. O'Brien chose a yellow linen A-line dress with a white lace coat and yellow accessories. Mrs. Schlenker wore a dark green shantung dress and jacket and matching accessories.

After the ceremony, a small breakfast was held in the Colonial House in Taylor. That evening a reception was held at the Colonial House for 225 guests from North-

ville, Ferndale, Detroit, Livonia, Grosse Pointe, Wisconsin and Ohio.

The bride's going away outfit was a cranberry linen suit with shoes and purse. The couple took a wedding trip to Niagara Falls and the Pocono Mountains in Pennsylvania.

The bride received her B.A. degree in Russian from the University of Michigan. The groom received his B.A. degree from the University of Michigan and is working on his Ph. D. in economics there.

They have taken up residence in Ann Arbor.

Patient Posters Judged

Northville State Hospital's annual patient fair poster contest was declared "very successful" by contest director C. H. McQueer, safety officer.

Fifty-five entries were made by patients in the contest. Theme was fire prevention in anticipation of fire prevention week coming up October 3-9.

Four judges deliberated more than an hour to determine winners from the many excellent entries. At last five were chosen to receive prizes and seven honorable mentions were named.

The winning poster was a forest landscape threatened by a large cloud of smoke in which the words "Fire---Destroys Our Forests. Help!" were printed in large letters.

Judges were Lt. R. T. Maki of the Detroit fire prevention bureau; Dr. Jacob Miller, hospital clinical director; William Sliger, Northville Record publisher, and Mrs. Blaine Ford, volunteer art instructor.

McQueer said that the hospital auxiliary is planning an award party.

The contest was conducted during patient fair Tuesday and Wednesday, September 14 and 15.

Youth Granted Membership

Richard Cort of Northville has been granted a junior membership in the Holstein-Friesian Association of America headquartered at Brattleboro, Vermont.

To qualify, candidates must be under 21 and have successfully completed one year's work in a 4-H or vocational agriculture dairy product. Individual ownership of at least one Registered Holstein is also required.

Birth

A daughter, Mary Beth, was born to Mr. and Mrs. Charles Gross, 360 Eaton drive, Tuesday at 3:30 p.m. at St. Mary hospital in Livonia. The baby weighed seven pounds. Maternal grandparents are Mr. and Mrs. Charles Tremor of Napier road. Paternal grandparents are Mr. and Mrs. Peter Gross of Novi street.

News Around Northville

In the words of an 18th century poet, James Thomson, autumn came "nodding o'er the yellow plain" this week. Today is the first official day of autumn and already Northville is busy with a new season of clubs and other activities.

From Europe arrives word from the Russell Amernans that "we are enjoying every minute of our trip." They have visited Naples, Pompei, Capri, Rome and Florence so far.

Doris Wick, a member of the Northville Senior Citizens Club, is also doing some fall traveling. She is now visiting her daughter, Sharon, in Seattle, Washington, and will visit Anchorage, Alaska this week. Saturday she and her daughter will leave for Honolulu for a couple weeks. Before returning home she will stop in Los Angeles, California.

Kathryn Kinde, daughter of the Reverend and Mrs. S. D. Kinde, left last week for Tufts University in Medford, Massachusetts. She is following a program leading to a Master in Science degree in chemistry. Kathryn is a graduate of Albion College.

The Mother's Club first fall meeting will be held Monday, September 27 at 8 p.m. at the home of Mrs. Irvin Marburger on 20149 Whipple drive. Mrs. Robert Bogart and Mrs. Robert Matthews will be co-hosted for a business meeting.

The Wayne Western Deaneery will meet today (Thursday) at 8 p.m. in the social hall of Our Lady of Victory Church. Members of Our Lady's League will be hostesses.

Several relatives visited the Alex Johnson family of 404 DuBuvar recently. Their cousins from Edmonton, Alberta, Canada, the Jack Tighes, spent a week with them.

Their sister-in-law, Mrs. Kenneth A. Martens, and her three children, who live in Silver City, New Mexico, visited for two weeks. Mr. Martens is stationed with the American Embassy in Saigon, Vietnam. He is a 1939 graduate of Northville high, and worked with the U.S. Air Force at the Pentagon before retiring as a lieutenant colonel in 1964.

A Northville Town Hall Committee meeting will be held Monday, September 27 at 10 a.m. at the home of Mrs. Eugene Konrad of 20314 Woodhill. The committee will finalize plans for the opening program of Town Hall. Anyone interested in working on the committee is invited to attend the meeting or contact Mrs. William Slattery, chairman at FI 9-0170.

The 1955 graduating classes of Chadsey high school are planning a class reunion. A dinner dance is planned for October 30. For information, contact Joan Kobylarz at GA 2-4046. The ticket deadline is September 30.

Roger A. Palmer, district manager of the John Hancock Mutual Life Insurance Company who lives at 41310 Liorrac Lane, was awarded the Chartered Life Underwriter designation at the National Conference Exercises of the American College of Life Underwriters in St. Louis, Missouri September 15. The college grants the designation to persons in life and health insurance who pass a series of professional examinations and meet the ethical and ex-

perience requirements of the college.

Mr. and Mrs. George Norton attended a speech given by Robert Welch, founder of the John Birch Society, at the Masonic Temple in Detroit Thursday evening. They also met Welch personally at a reception attended by local leaders at the Fort Shelby hotel.

Mrs. W. Horsfall of Hutton street returned home after attending the funeral of her sister, Mrs. Lulu Grant, who died suddenly after a long illness in Bay City, Michigan.

Shary Mills, daughter of Mr. and Mrs. Leland Mills of 314 West Dunlap, was off to her freshman year at Adrian College last weekend.

Butch Casterline has been promoted from sergeant first class to lieutenant at Howe Military

Academy in Indiana. He's the son of the Fred Casterlines of 114 West Dunlap.

The Lloyd H. Green Post and Auxiliary of the American Legion will be host and hostess to the seventeenth district American Legion posts tomorrow at 8 p.m. Gilbert Williams is the district commander and Laura McDougall is the auxiliary district president.

Sixty-three relatives, including the Clancey Shoebridge family of East Main street, celebrated the 80th birthday of Mrs. Shoebridge's mother, Mrs. Bertha Franklin, in Fowlerville August 29. Her birthday was actually the day before. Twenty-two grandchildren, 17 great grandchildren and one great, great grand child were all there to wish Mrs. Franklin a "happy birthday." She was the wife of the late Merle Franklin. They lived in Northville at one time.

In Our Town

By Jean Day

Jean Day returns from summer vacation next week. Watch for her interesting column on people, clubs and events around our community.

Elementary P-TA's Meet Next Week

Introduction of new teachers and a report of building progress will be the highlights of the Main Street Elementary School P-TA meeting September 30, 8 p.m.

To be held in the junior boys' gym, the meeting will also feature a talk by new superintendent of schools, Alex Nelson. Principal Harry Smith will introduce the new teachers and a member of the school board will give the progress report.

Fifth grade home room mothers will assist at serving refreshments.

Amerman elementary school parents will hear their children's teachers outline objectives for the year at the first PTA meeting of the 1965-66 year at 8 p.m. Thursday, September 30.

Parents are to meet in the school's multi-purpose room where they will be welcomed by Arthur Procter, PTA president, and Raymond Spear, principal.

Benefit Tickets Still Available

The Northville Jaycettes are participating in the Metropolitan Jaycee Auxiliary's second annual Fisher Theatre benefit for the Michigan Association for Emotionally Disturbed children. The benefit will be given on Wednesday evening, September 29.

Julie Harris is starring in her first musical, "The Sky Scraper." Mrs. Paul Sobol, who is in charge of tickets locally, said yesterday was the last day to buy tickets from her. However, tickets may still be purchased by calling Mrs. Ronald Milner, 626-0120 before Sunday.

They then will visit teachers in their classrooms, returning to the multi-purpose room to see a film of Amerman pupils visiting the Detroit zoo.

Sharon Johnson

Nurse Graduates

Sharon Johnson, daughter of the Alex Johnsons of 404 DuBuvar, graduated September 10 from the Harper School of Nursing in Detroit. She will begin work for St. Mary hospital in Livonia after taking a 10-day vacation with friends in New York.

Sharon is a 1961 Northville high school graduate.

NEWCOMER'S

I look upon every day to be lost,
in which I do not make a new
acquaintance.

—Samuel Johnson

CORNER

THE CHOMIC FAMILY—The Leonard Chomics and their six children are the new residents in Brookland Farms subdivision. Their address is 44554 Chedworth. Sitting in front are Bobby, eight, and Don, four. In the back are Bill, ten; Leonard, Cindy, two; Virgilene; Diane, five months; and Gary, six.

The eight new residents of Brookland Farms subdivision are Mr. and Mrs. Leonard Chomic and their six children. Before July they lived in Farmington, but now their address is 44554 Chedworth, Novi township.

They had lived in Farmington for five years, but Jackson is their real hometown.

Mr. Chomic is the manager of purchasing and inventory control at Pyles Industries in Southfield. He is a graduate of Jackson Junior College and St. John's High school in Jackson.

He is a musician -- he plays the accordion -- and was quite active in this respect while living in Jackson. He also likes to bowl and his wife says, "watches every football and baseball game there is."

Virgilene Chomic, also a St. John's graduate, likes to sew. "Northville," she claims, "seems like a friendly town. Several neighbors have already come to call on me."

The Chomics are members of Our Lady of Victory Church. Their six children range in age from five months to 10 years. Bill,

10, is the oldest. For the past three years he has participated in Little League baseball. He also likes to play football and has an interest in music. He has played the clarinet for one year now.

Bobby, eight, likes to play baseball with his older brother, and enjoys putting model boats, planes and cars together.

Gary is six, Donnie, four, Cindy, two and Diane, five months. Mrs. Chomic says they "just like to play."

Bill, Bobby and Gary are students at Main street elementary.

What is it that argues strenuously, yet never gets mad; stresses its point to the best possible advantage and yet is always prepared to take the other side of the issue? Doesn't sound human does it? But it is human. It is a debating team.

Next question: What high school debating team has won a University of Michigan plaque for excellence in every year of its existence? Answer: The Northville High School squad. For 10 consecutive years the debaters here have earned the plaque by winning 75 percent or more of their interscholastic debates.

And twice the local teams have won state semi-final award trophies.

Now, the debaters are warming up at the rostrum for an attempt to win an eleven straight trophy, and hopefully a state championship.

Twenty-two students comprise this year's debate club under the direction of Mrs. Jean Dugan and Miss Florence Panattoni. They have five members returning from last year. The returnees are Mark Hessee, Larry Thibos, Elma Van Fossen, Sue Conley and Margaret Becker.

Others in the club are Daryl Herter, Dave Grondin, Cris Becker, Sara Lindberg, Buzzie Collocott, Steve Jordan, Kurt Kinde, John Bunn, Wayne Miller, Bob Armstrong, Meredith Hartt, Pam Smith, Karen Stefanski, Sue Jensen, Alice Schuchard, Jan Taylor and Carol Pilarz.

During the upcoming year they will be debating the question: "Resolved that the federal government should adopt a program of compulsory arbitration in labor-management disputes in basic industries."

They will participate in two leagues, varsity and junior varsity. Members of the varsity league with Northville are Brighton, Milford, West Bloomfield, Bloomfield Hills, Clarendonville, and Clarkston.

The first varsity tournament will be held November 2 at

Debaters in Action—Margaret Becker and Larry Thibos.

Our Want Ads Work Like Magic . . .

1-Card of Thanks

Our sincerest thanks for their help and generosity to make our annual carnival a huge success. The Mayflower Auxiliary #6695 and Krogers of Plymouth and Sally Bell Bakery for their beautiful cakes and the teachers and staff at the Wayne County Training School.

The Wayne County Training School Association for Retarded Children.

We wish to express our sincere thanks and appreciation to all our friends for their sympathy at the loss of our beloved wife, mother, daughter and sister. Your kindness to us in our time of sorrow will forever be remembered.

Arthur, Pamela & Rodney Braun
Mr. & Mrs. Oliver Warner
Mr. & Mrs. Ronald Faleris

We wish to thank everyone for all the kindnesses extended to us during our recent bereavement.

The Family of Bruce Shear

Mustangs Run Wild: Crush Plymouth, 45-0

The Northville Mustangs unveiled an awesome passing attack here Friday night as they pulverized Plymouth 45-0, the biggest margin ever registered by Northville in this traditional battle of bitter rivals.

Northville's senior Quarterback Tom Baughman looked every inch a polished professional as he hit on 19 of 24 passes, good for 292 yards - both school records. He was unerring, firing four touchdown strikes, while setting up three others with aerial bombs. He hit on TD tosses of 14, 7, 11 and 27 yards.

His passing percentage would have been even better had his receivers gathered in three passes that were right on target.

It was a letter-perfect night for Northville grid fans. The overflow crowd sat comfortably in shirt sleeves on a hot summer night. And with the exception of having to punt once, Northville scored every time it got its hands on the ball.

Not since 1961 with Steve Juday at the controls have the Mustangs been able to muster enough offensive punch and defensive stubbornness to beat Plymouth. But this one beat them all.

Baughman had plenty of help. The Mustang forward wall proved impenetrable, and Plymouth's pass defense was porous. With any one of five receivers on the loose, the Rocks were befuddled.

Prime target was End Jerry Imsland, who turned in a top performance, both on defense and offense. The six-two, 200-pounder grabbed seven passes for 94

yards, and almost single-handedly mangled the Rocks' offense.

Imsland's end mate, Steve Evans, was the top receiver, however, as he hauled in three aeri-als for 52, 27 and 18 yards. Also getting into the act were Half-backs Jim Zayti with three recep-tions for 49 yards, and Mike Turnbull, two for 37, and Full-back Doug Swiss, two for 34.

Main running threat was Full-back Jack Winner who tallied three times on plunges of four, four and two yards. Of the Must-angs' total of 87 yards rushing, Winner was tops with 23 in seven tries.

As much as anything, it was Coach Ron Horwath's new of-fense that turned the victory trick. The Mustangs lined up with an unbalanced line right or left, a split end and a roving flanker. It made for a wide open game.

With the new formation taking Plymouth by surprise, "every-thing seemed to jell," said Hor-wath. "Baughman was simply tremendous. Imsland played a great game. And the defense sur-prised me."

That Mustang defense, green though it was, held the Rocks to a net total of 10 yards, 20 pass-ing and minus 10 rushing. They completed only two of nine pass-es.

Northville scored the first time it got the pignisk, going 65 yards in six plays. Baughman started off on a sensational foot, hitting Turnbull for 30 yards and a first down on the Plymouth 35.

Imsland grabbed an eight-

yarder, and Swiss one for 19 yards, before Baughman fired a pass to Imsland on the two. He bulled into the end zone for the first score. The extra point kick failed and Northville led 6-0.

Plymouth gained six yards, then punted to Northville on its own 42.

Again the Mustangs set out goalward, moving the 58 yards in just five plays. A 52-yard pitch to Evans, who was knocked out of bounds on the six yard line, set up the TD. Turnbull, flaring to the right, grabbed the ball in the end zone as he was falling to the turf for the second score and a 12-0 lead.

The ball exchanged hands just before the second quarter start-ed. Plymouth then put on its best show of the evening, pick-ing up two first downs in a row. But that's all the Rocks could muster as a 15-yard penalty rub-bed out the drive.

The Mustangs then capitalized on a big break. A pass from cen-ter sailed over the punter's head, and Northville took over on the Plymouth 31. Baughman tossed five yards to Imsland, 15 to Swiss and nine and 11 yards to Zayti, the last one for the tally.

Northville led, 18-0, as the third successive kick failed.

Following an interception two plays later, Northville hit pay dirt again. Baughman unlimber-ed a 27-yard TD pass to Evans, and the extra-point boot by Chris Holman gave Northville a 25-0 halftime margin.

Northville extinguished any Plymouth comeback hopes when the Mustangs took the second half kickoff and drove 32 yards for the TD. Winner slammed four yards off tackle for his first touchdown.

But it was Baughman who did yeoman work. He hit Imsland for 14 yards and a first down on the Plymouth 38. A 15-yard rough-ing penalty put the ball on the 22, and on the next play Evans took a Baughman pass over his shoulder in the right flat and sped to the four from where Winner ran for the score.

When Plymouth's attack bogged down, the Rocks punted to North-ville on its 39. This time it took the Mustangs eight plays to go the distance across the goal line.

Baughman connected with Zayti on a 29 yarder to the Plymouth 32. Two running plays netted a first down on the 22, and passes of 12 and nine yards to Imsland set the ball on the two. Winner dove into the end zone; point after TD made it 38-0 Northville.

With two minutes remaining in the third quarter, Northville be-gan its final TD march from its own 26. Halfback Pat Hall bucked for five and Zayti four as the third period ended.

End Mark Cushing nabbed a pass, good for five yards and a first down on the Northville 40. Two 15-yard penalties gave Coach Horwath's gridders a first down on the Plymouth 35. North-ville took the pignisk in on the ground with Winner blasting the last four for the TD. The extra point wrapped up the scoring at 45-0.

Horwath Picks Two 'Players of Week'

Not one, but two Northville gridders were singled out by Coach Ron Horwath for their sparkling play in Friday night's fray with Plymouth. Both sen-iors, they are quarterback Tom Baughman and End Jerry Imsland.

Baughman turned in the fin-

est performance in his two years as varsity quarterback by breaking two school passing marks. He passed for 292 yards and what's more, he connected on 19 of 24 tosses.

Imsland, in his third varsity year, is a tough customer who uses a good pair of hands and

sheer power to overwhelm the opposition.

Against Plymouth he was Northville's most effective two-way griddier. He excelled in all phases of the game, grabbing seven aeri-als for 94 yards and leading the Mustang defensive charge.

League Play Begins Friday at Clarkston

Northville will face a two-pronged attack when it journeys to Clarkston to battle the Wolves tomorrow night.

And from all advanced notices, the Mustangs will have to play heads-up ball to win this one, their first Wayne-Oakland Con-ference game.

Game time is 8 p.m.

Clarkston, too, won't its first en-counter of the grid season -- a non-conference affair -- by whipping Oxford, 19-6. It was a combina-tion of running and passing that did it, the same threats that

Northville will have to cope with tomorrow.

Quarterback Dan Fife, a vet-eran, heads the Wolves attack. He runs and passes with equal fit-ness. Fife's prime targets are Halfback Rod Allen and End Dave Osgood.

Good as he is, Fife's not the Wolves' top rusher. That distinc-tion goes to Halfback Rick Binka, a sturdy runner who gained 130 yards in last week's victory over Oxford.

Like the Mustangs, the Wolves

Banquet Honors MCC Swimmers

The first annual swimming team awards banquet was held last Thursday at Meadowbrook Coun-try Club. The awards were pre-sented by the pool director, Alec McInnes, and the coach, Scott Kriessl.

The club president, George Talbot, and the pool chairman, Robert Hallam, delivered talks. All team members were pre-sented with swimming certifi-cate awards. Several Meadowbrook Country Club awards were also given on the three-fold ba-sis of attendance at practice, at-tendance at meets and attitude and team spirit.

Those who received these awards were Judy Hallam, Kevin Hesse, Craig Hesse, Wendell We-geng, Sue Roberts, Marta Nor-man, Sue Benson, Beth Angle, Jill Angle, Chris Angle, Wick Angle and Cindy Baldwin.

Also, Helene Walter, Ralph Posmlk, Tom Woods, Pat Young, Debbie Keese, Debbie Norman,

Mary Beth Targatt, Don Ander-son, Chris Stewart, Phil Weg-eng, Mike Targatt and Mary Wal-ter.

Four coach's awards were also given for improvement from year to year in swimming ability, lead-ership of team and character, de-sire and ability. The winners were Cindy Baldwin, Chris Bald-win, Craig Hesse and Sue Benson (who won first place in the back stroke in the Suburban Inter-Club Association finals).

Speaking Of Horses

By ROBERT GEAKE

While the county 4-H fairs at Belleville and Pontiac were a climax for many area children and parents, they were just a stepping stone for others. Linda Whitefield, for example, went on the state 4-H Fair at Lansing and took first place in the P.O.A. halter class, winning a trophy. She also placed fifth out of 35 entries in western horsemanship.

At the Tuscola County Fair at Caro Linda ran into some stiff competition, however, and came out with only Reserve Champion mare (2nd place). The Grand Champion mare was shown by her younger sister, Becky. Linda and Becky took first and second place respectively in the pleasure and costume classes for P.O.A.s at the fair.

Karen Hembrey has written the following interesting account of the recent activities of Arabian horse owners in our area: "The regular Arabian show circuit is almost complete for 1965, and it has left us with a host of exciting memories. We (Hembreys) moved over the Yermeh Arabians down to the Michigan State Fair, Monday, August 30. Besides our own three, we were also showing the grey stallion Kazal's Tez that we recently sold to Tom Hackney, and Kazaraah, a filly belonging to former Northville residents, the George Carman's. The Fair is always exciting since it usually attracts the best Morgans, Arabs, and Appaloosas in the state. Our filly, Modina, brought home a third place in hand, as did Tez. Kazaraah added her own fifth place to the winnings.

After four eventful days of showing, and trying to keep spectators from feeding the horses lollipops in the barns, we came home, deposited our horses, and went back down to the fair. From there we left with two other Arabian Horse Assoc. of Michigan (AHAM) directors and their families and horses for the Arabian National Championship Classes in Springfield, Illinois. Our companions were the Dr. James

Rookers of Davison, and the George Berridges of Otter Lake. The Nationals are held in conjunction with the Illinois Arabian Horse Show. The Nationals are "by invitation only", and in order to earn an invitation one's horse must have placed either Grand or Reserve Champion at a major (class A) show, or have won four blue ribbons in a specific division (e.g. English Pleasure, Western Pleasure, Park, or Halter). The Rookers had three horses qualified and the Berridges had two. We were the groomers, cooks, and babysitters — the crew.

The Nationals are an event to remember always, whether your horse wins, or stays home in his snug stall, but our trip was complete when Dr. Rooker's two-year-old mare Nadja placed in the National Top Ten Mare Championships, and when Jim Berridge placed his sister Barb's mare, Ghasya, in the National Top Ten Park Horse Championships.

Another Michigan entry was Abazed owned by the George Fosters of Fostoria. "Abi" also placed in the Top Ten English Pleasure National Class. We don't think that this is a bad record at all for Michigan horses -- to place in three of the six divisions of the Nationals, especially when you consider that they were competing against the cream of the crop. "The Cream" consisted of about 300 of the 621 total number of horses that were entered in the combined Show and Nationals.

Other Michigan enthusiasts in Springfield included another Northville resident, Mabel Ash, who went down early to catch the Illinois Arabian Consignment Sale. Sale, show, and trip turned out to be a tremendous success for all of us and we've started already to save our pennies for next year.

Two remaining horse events on the circuit are the Saginaw Fair, with Morgan and Arab classes on September 17, and the Arabian Horse Breeder's Futurity, September 25, at the MSU Livestock Pavilion.

looks like its back to building our new twelve stall pole barn for us."

Dr. Rabinovitch To Give Address

Dr. Ralph D. Rabinovitch, director of Hawthorn Center, Northville, will deliver the keynote address on "Schools and Agencies -- Our Mutual Responsibilities" at the Western Wayne County School-Social Agency Conference October 1 at the H. J. Robichaud high school, Dearborn Heights.

The conference is sponsored by the schools and agencies in Western Wayne County and the School Program Advisory Committee of United Community Services of Metropolitan Detroit. Alexander M. Nelson, Northville Schools Superintendent is one of the chairmen of the conference.

Northville Choral Group Joins with Schoolcraft

Plans are now under way to have the Northville Choral Society join the Schoolcraft College Evening Choir. The long established choral society is directed by Leslie Lee. Each year the group presents Handel's Messiah.

The Schoolcraft College Evening Choir was organized in the fall of 1964 to create a community-wide choral group. The group presented the Faure Requiem in April and the Brahms Liebeslieder Waltzes with the Plymouth Symphony.

The director of the group is Wayne Dunlap, director of music at Schoolcraft and conductor of the Plymouth Symphony. His assistants are Lee Eltzen, director of the Osborn High School Choir in Detroit and Allen Shaffer, a member of the music staff at

Schoolcraft and organist and choirmaster for the First Methodist church, Garden City.

The choir will meet Wednesday evenings from 7:30-9:30 p.m. this year in Room F-530 of the

Forum building on the Schoolcraft campus. The first rehearsal will be held October 6. For additional information call either Mr. Dunlap or Mr. Shaffer at 591-6400. Extension 317.

Burglars Enter Industry, Home

Another vending machine robbery took place in Northville this week, apparently by the same subjects who last week hit the vending machines at the Kwik-Lock Form Company, 279 Park Lane, and the Foundry Flask company, 456 East Cady.

This week's target was the Anger Manufacturing Company at 755 Novi road.

Police Chief Eugene King said the robbers entered the building Saturday night by smashing a rear window and then reaching in and opening it. The vending machines were forced open and the contents removed.

Besides the two other Northville vending machine robberies, similar robberies have been reported in Livonia recently. Chief King said, "We feel it might be the same people who did it."

Two other places were broken into this week. An alarm was set off early Saturday morning at the Warren Product company, 637 East Baseline. A police investigation revealed a window at the rear of the building was broken to allow entrance.

Police theorize that the thieves were probably scared away when the alarm was set off by their attempt to enter the office. Nothing was taken from the company. Tuesday night the police de-

partment received a call from Mrs. Charles Altman, Jr., of 866 Grace. She reported that her home had been broken into while she was away for two hours that evening.

The house had been ransacked -- everything in the drawers, cupboards and closets had been pulled out. The fruit cupboard in the basement had also been looted by the intruders, she reported.

Police said that thieves entered by cutting a screen in the back of the house and entering the kitchen. Several rings and other jewelry were found to be missing, along with \$50 in cash and six bed sheets and pillow cases that were individually wrapped.

Accidents Hit Area

Three traffic accidents occurred this week in Northville, Police Chief Eugene King reports.

Officers discovered a wrecked car on Novi road south of Allen Drive early Saturday morning. An investigation revealed that the driver had been coming toward the Novi road curve at too fast a speed. The car skidded and the driver lost control and went off the road.

The owner of the car is William H. Townsley of Milford. He was in the car at the time of the accident, but was not driving. He stated that he did not know the name of the man who was driving, but he said he had warned the driver that a curve was approaching and he was driving at too fast a rate. He said the driver would not slow down.

William E. Ray of Plymouth was driving south on South Main street Monday during the heavy rain storm. He applied his brakes to slow down, but lost control of the car and went into the guard rail next to the spring. He was taken to St. Mary hospital when he lost consciousness shortly after the accident.

The third accident took place Friday morning at Griswold and Main street. Police report that the driver of a truck heading south on Griswold halted for the stop sign and then pulled out into the intersection to observe the traffic. A motorist traveling west on Main was struck by the truck.

Northville police received a call from Mrs. Jean Howard of 430 North Center requesting an ambulance for her small son who had been run over by a riding

WINNING DISPLAY--This is the fruit display which won 16-year-old Narda Foreman of 49824 West Seven Mile a blue ribbon, \$600 and the highest honors in the fruit and vegetable division at the Michigan State Fair. The tree is made up of apples, while the sky is made of plums. Only four exhibitors were allowed to enter the class, and Narda was the youngest entrant.

State Fair Winners

Very proud parents are Mr. and Mrs. Robert Davidson of 46876 Eleven Mile road, Novi. Their children Robert, Jr., 11 Richard, 8, and Gayle, 4, showed POA ponies at the Michigan State Fair September 4-6 and did very well.

Gayle and Rob won 1st with Tonka in POA western turnout. Gayle and Rick won 1st with Tonka in POA Indian costume. Gayle's pony Tonka was 6th and Richard's pony Arrow 3rd in POA gelding at halter.

In open pony horsemanship Rob had 3rd riding Tonka and Richard 8th riding Arrow. Richard had 5th showing Tonka in open childrens showmanship.

Fire Calls

The police department and fire department answered two fire calls this week. Last Wednesday they answered a mutual aid call to Salem township where they fought a house fire.

A rubbish fire broke out Sunday at the Taft and Eight Mile road gravel pit.

Obituary

WILMER H. KNEPPRETH

Wilmer H. Kneppreth, 61, died suddenly Friday at Mount Carmel hospital in Detroit. He lived at 280 New Court, Walled Lake. He is survived by his wife Sadie.

Born July 11, 1904 in Milwaukee, Wisconsin, he came to this area 10 years ago. He lived in Northville for a few years. He moved to Walled Lake two years ago. He was employed as a salesman for the Garwood Industries in Detroit. Others surviving besides his wife are his father, Herbert F. of Walled Lake; a son, Herbert, of Walled Lake; a daughter, Mrs. Elizabeth Goebel of Ypsilanti; a sister, Mrs. Harriet Adducci of Chicago, Illinois; and three grandchildren. Visitation was at Casterline Funeral home.

Funeral services were held Monday at 9 a.m. from Our Lady of Victory Church. The Reverend John Wittstock officiated. Burial took place Monday afternoon at Maple Hill Cemetery in Cadillac.

Corrections

In last week's obituary notices Mr. Lester C. Johnston was incorrectly identified as (Mrs.) Lester C. Johnson, and his mother's name was given as Mrs. Irene O'Neill when, in fact, it is Mrs. Irene Johnston. The husband of Mildred Marie Braun was identified as Oliver Warner and her father as Oscar. Her husband's name is Arthur H. and her father's is Oliver. We hope these families will accept our sincere apologies.

from the

PASTOR'S STUDY

Pastor Norman A. Riedesel
First United Presbyterian Church, South Lyon

A lady told her minister one time, that she wished to confess to her sin of pride. "I sat for an hour before my mirror some days ago," she said, "admiring my beauty."

"Oh," said the minister, "that was not a sin of pride. That was a sin of imagination!"

It is not just imagination that in the fall, nature puts on her loveliest garb. Trees and bushes everywhere become ablaze with color. From a window in my home, again and again, I marvel at the appearance of a certain tree. "A thing of beauty is a joy forever."

Certainly God is a lover of the beautiful. And He who takes such great pleasure in the beauty of the out-of-doors, takes even greater pleasure in the beauty of people. He is pleased when we look attractive. He is even more pleased when we develop beauty of character.

We develop loveliness of character when we cultivate a healthy relationship with Him, when we attend church regularly, when we seriously study the Bible, when we faithfully have our private prayers, when we strive to learn and fulfill His purposes for us, when we love Him and our fellowmen.

As life moves along, moreover, our features take on the appearance of our character. If we live selfishly we increasingly become unattractive. If our minds are filled with resentment and ill will we begin to look that way. If we have high ideals we grow beautiful. No one can help his appearance when he is born. But we make ourselves look as we do after we have lived a period of years.

A century and a half ago Betsy Patterson of Baltimore was regarded as the most beautiful woman of America. The charm of her beauty was acknowledged in the highest circles of Europe. Also she became fabulously wealthy.

Yet in middle life she confided to a friend that she was completely bored with life. "I am dying with ennui," she said, "I am tired of reading and of all my ways of living and of having lived."

Such was the melancholy confession of a woman who had great beauty of body, and delighted to adorn that body, but had no beauty of the soul, the hidden beauty of the heart.

There was once a blind man who was married to a lady who was not at all considered pretty. But they were a very congenial, happy couple.

One day to her great distress the lady learned that her husband was going to gain his sight. The poor woman thought, "He has never seen me! He has no idea how I look! He is going to despise me now!"

There was nothing however that she could do. She simply had to make the best of the matter. Her husband did regain his sight. He was just as affectionate as ever. He expressed no disappointment nor displeasure whatsoever with his wife.

Some months later the couple were entertaining guests in their home. During the evening for a few moments the man happened to be in one room with some of the guests and in full view in an adjoining room was the wife, also with guests. After a few minutes the man said to his guests, "I have always said that even a blind man can tell beauty. I could not have found a more beautiful wife, even if I had been able to see!"

Rather astonished the guests looked in the direction the host was looking. There was the wife unselfishly as always concerned with the happiness of her guests. They could see the light of her character shining through her physical features. For the first time they realized that she was beautiful.

"Worship the Lord in the beauty of holiness," "Strength and beauty are in His Sanctuary," Psalm 96:9,6.

This takes nerve! Imagine dropping into space with nothing but a "silk umbrella" between you and eternity! Yet men do it every day, and they trust that umbrella as we would trust our best friend.

Faith is something like that white parachute, as thousands upon thousands of Christians can testify. Faith upholds you and supports you, no matter how rough the going may be. Without faith in a loving God, man is very much alone . . . and man was never meant to deal with life's problems by himself.

Like the first parachute jump, faith isn't easy at the beginning. It takes courage to hand over the reins of one's life, but you can be sure of one thing . . . you'll always land on your feet. Strengthen your faith by attending the church of your choice.

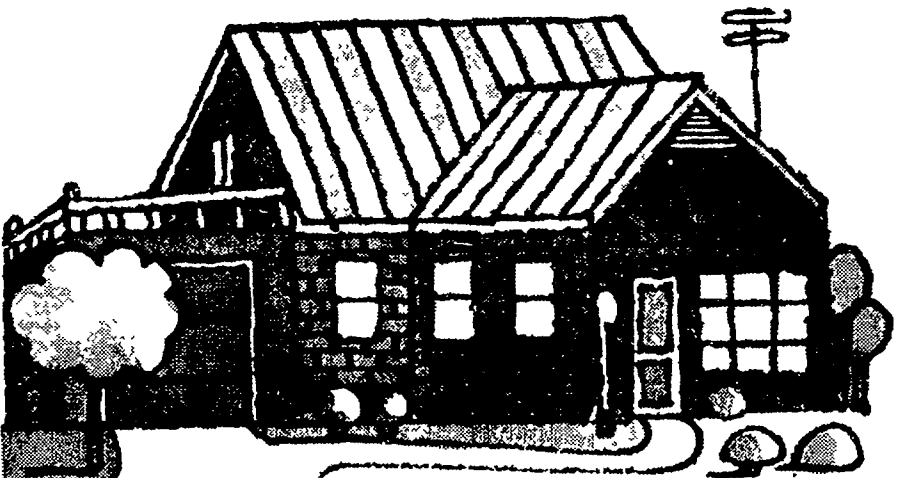

Day	Book	Chapter	Verses
Sunday	Deuteronomy	4	1-8
Monday	II Kings	18	19-25
Tuesday	II Kings	18	26-36
Wednesday	II Kings	19	15-20
Thursday	Proverbs	3	21-27
Friday	Isaiah	30	15-19
Saturday	Hebrews	10	32-39

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

You build a new home to get exactly what you want

why not get the heating system that gives you exactly what you want

Electric heat is custom heat. There's a thermostat in each room so you can dial the exact warmth you want . . . in the baby's room, the den, the kitchen, every room! Electric heat is the clean, modern heat. No drafts or cold spots. You get even heat from head to feet. Ideal for your new home.

It's also a good choice as supplemental heat for your present home—to warm up a chilly bedroom or new family room.

The cost? That depends on your particular home. Electric heat may be your most economical heat. It won't cost you a penny to find out for sure. Just call Edison for a free estimate.

EDISON

A lower all-electric rate saves you as much as 26% on your heating bill if yours is an All-Electric Home. More reason than ever to enjoy all-electric living.

Local Shops and Attic Trunks Yield Ladies' Fashions

Fall fashions from Northville shops will share the Meadowbrook country club runway with yesteryear fashions from attic trunks as Northville Woman's Club opens its 73rd year October 1 with a luncheon-fashion show.

Club members and neighbors have delved into trunks to find dresses and accessories that were "the mode" 100 years ago -- at the turn of the century -- and in the early 1900s. Their

1965 counterparts will be supplied by Freydl Women's Shop, Alice Rebecca Salon and Merchant Furs.

Oldest costume in the show, according to Mrs. E. V. Ellison, chairman for yesteryear fashions and show commentator, will be an ensemble from the Civil War era belonging to Mrs. Charles Yahne.

Mrs. Yahne's costume -- a heavy wool plaid in grey, black, and white -- was the "Sunday

best" dress of her paternal great-grandmother, Jane Montgomery. In 1860, Mrs. Yahne relates, this ancestor raised the sheep, sheared the wool, carded and dyed it and spun the yarn and then wove the fabric before actually sewing the dress.

This was possible, Mrs. Yahne says, because the Montgomery family had acquired skills as weavers in Ireland before coming to the United States in 1830.

Mrs. Montgomery lived in what was known as Nankin, an area near Ford and Inster roads.

Others lending old-time treasures are Mrs. Levi Eaton, Mrs. Fred Vanatta, Mrs. Jack Burkman, Mrs. Thad Knapp, Mrs. Hugh Godfrey, Mrs. John Canterbury, Mrs. E. M. Starkweather, Mrs. Richard Martin, Mrs. C. H. Schoultz, Mrs. C. H. Bloom, Mrs. George Merwin, Mrs. R. M. Atchison, Mrs. Roger Harrison and Mrs. Hugh McKay.

A plumbed beaver hat and

beaded strap pumps have been coordinated with a taffeta coat, all of the 1911-14 period. This look of elegance will be contrasted with the easy-line fashions for today's living from the Main street shops, according to program chairman, Mrs. D. H. Clark.

Members who will model vintage costumes, fashions from the local shops and furs from Merchant Furs include Mrs. D. E. Hannabarger, Mrs. Clifton D. Hill, Mrs. George Kohms, Mrs. Hiram Pacific, Mrs. Wil-

Ham Slattery, Mrs. Yahne, Mrs. E. O. Weber, Mrs. John Stuyvenberg, Mrs. Atchison, Mrs. McKay, Mrs. Merwin.

Youthful 1965 fashions will be modeled by young daughters and friends of members. They include Mrs. D. H. Clark, Jr., Sonia Clark, Kay Tyler and Cathy Bishop.

As is traditional, past presidents of the club will be honored at the luncheon at which Mrs. William B. Crump, president, will preside. It is to be a guest day meeting.

Deadline for luncheon reservations, which are being taken by Mrs. Canterbury is this Friday.

Masons Meet

The final section of a Fall Royal Arch Festival will be held by Union Chapter No. 55, in the Northville Masonic Temple next Saturday. Both the Most Excellent and the Royal Arch Degrees will be conferred. Chapter opens at 5:00 p.m. followed by a 6:30 Ladies Night dinner.

IT'S TRUE

A good tonic and remedy will do wonders for your health. Be sure it is made from pure herbs and not from harmful dopes or chemical drugs which often have unwanted side effects. You can't buy a better tonic than O-JIB-WA BITTERS, the all-herb medicine made from God's herbs. This famous remedy has brought safe effective results to millions during the past 50 years and can help you too.

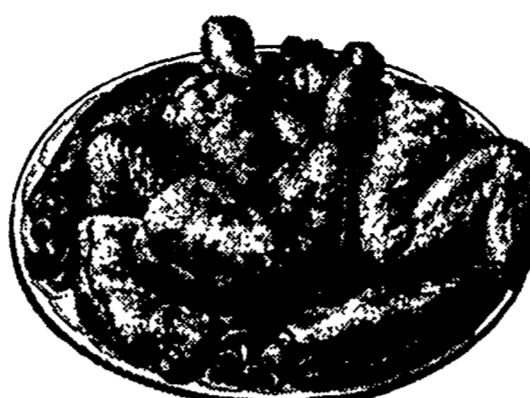

MRS. HUGH MCKAY models a modern fashion from the Alice Rebecca Salon collection of current styles. This ensemble flatters the pert housewife who lives at 45924 West Seven Mile road.

MRS. CHARLES YAHNE in plaid Sunday dress of the Civil War era will be contributing several period fashions to the show.

THE MOD LOOK of today's designers is modeled by Mrs. E. O. Weber, left, and an Empire waistline design is worn by Mrs. John Stuyvenberg.

Northville Township Minutes

The regular meeting of the Northville Township Board was called to order by Supervisor Merriam on Tuesday, September 7, 1965, at 8:00 p.m.

Members present: R. D. Merriam, Alex M. Lawrence, Wilson D. Tyler & James H. Tellam. Members absent: Marguerite N. Young.

Recording secretary: Margaret H. Tegge, Deputy Clerk. Consultant: Mr. John Ashton, Twp. attorney. Visitors: Several township residents and Mr. Bill Sliger of the Northville Record.

The minutes of the regular board meeting of August 3, 1965, were accepted as written. Treasurer's report for the month of August 1965, was approved as submitted.

The following were reviewed: Township Office Receipts for August 1965, \$1,213.75; Water & Sewer Commission receipts for August 1965, \$5,437.65; Township bills payable \$4,062.23; Water & Sewer Commission bills payable \$8,355.

Tyler moved, supported by Tellam that the township bills be allowed for payment. Ayes: All. Motion carried.

Tellam moved, supported by Tyler, that the Water & Sewer Commission bills be paid. Ayes: All. Motion carried.

The Building Inspector's report was presented for review.

Planning Commission meeting minutes of August 31, 1965 and Board of Appeals minutes of August 4 and 17, 1965, were approved as submitted.

Correspondence:

1. Mosher Associates' letter of August 4, 1965, was presented for discussion. After discussion, it was moved by Merriam and supported by Tellam that the new engineering fees as submitted by Mosher Associates be approved. Ayes: All. Motion carried.

2. The petition of John Northrup regarding vacating an easement in Shadbrook was brought up for discussion.

The board having no objection, Tellam moved to adopt a Resolution stating:

That the township board has no objection to the granting of this petition and does not intend to instruct the township legal counsel to file any objections on the proceedings. It appears no public utilities, upon investigation would have affected this properties vacation or alteration. Seconded by Lawrence. Ayes: All. Motion carried.

Old Business:

1. Contracts with City of Northville (Fire & Library)

Lawrence moved, supported by Tellam that the Library Contract with the city of Northville be accepted and signed. Ayes: Merriam, Lawrence and Tellam. Nays: Tyler. Motion carried.

Tellam moved, supported by Lawrence, that the Contract with the City of Northville covering rental of the fire hall be approved and signed. Ayes: All. Motion carried.

2. Committee Appointments - Police Protection Study

Mr. Tellam presented an out-

line regarding policies and objectives regarding police protection.

A committee of seven members was proposed by the board. Names of committee members were presented as follows:

Mr. Eugene Guido, Mrs. Constance Wilson, Mr. H. O. Evans, Mr. Hugh McKay, Mr. Richard Endress, Mr. E. O. Weber, Mr. Fred Hembrey.

Mr. Merriam moved, supported by Tellam, the nomination of the seven citizens be accepted as submitted. Ayes: All. Motion carried.

Mr. Tellam stated that he would call a meeting on September 17, at 8:00 p.m. at his home and asked that committee members be notified by letter.

3. Amended Zoning Map No. 15 - Rezoning from AG to R-1-H. Tellam moved, supported by Lawrence, the recommendation of the Planning Commission be accepted to rezone the property so described and to adopt Zoning Map No. 15. Ayes: All. Motion carried.

New Business:

1. Edenderry Hills Sub. No. 4. Tellam moved, supported by Lawrence, that a Resolution be adopted granting final approval of Edenderry Hills Sub. No. 4 and the clerk be instructed to sign same. Ayes: All. Motion carried.

2. Mr. Merriam explained the need for a garbage and rubbish ordinance, stating that he had inspected a situation in the township with Mr. Adelson of the Wayne County Board of Health which was very poor and was attracting rats.

Mr. Merriam further stated that Mr. Adelson had suggested the Township adopt a local ordinance covering garbage and rubbish disposal, and presented a copy of such an Ordinance from Grosse Pointe which he felt was very good.

Mr. Tellam and Mr. Tyler were given the ordinance for

study, with the understanding that it will be returned to the township office by the 23rd of September.

3. Smokier Towne Houses.

Mr. Merriam stated that Smokier & Co. wanted to start construction on one unit of the Towne Houses plus the Community building at once. Tap charges for Community buildings were not on the township schedule of fees so Mr. Mosher would be submitting information to the board members shortly as to the suggested charge.

Tabled for further consideration.

No more business, Mr. Lawrence moved to adjourn. Meeting was adjourned at 9:45 p.m. Margaret N. Young, Clerk

Night Siren May Go

Northville's piercing fire siren may be silenced in the near future - at least at night - if the proposal of City Manager Roger Rehberg to the city council last week is adopted.

He suggests a "quick alert system" with individual receiver sets installed in department members' homes. Cost was estimated at \$200 each.

In addition to speeding firemen to a fire faster when "first seconds count most", Rehberg suggested the added benefit of eliminating a citizen "parade to every fire in town," which sometimes hampers firefighting. Rehberg said he also has mentioned the proposal to township officials who seem interested in sharing costs, according to percentage of fires. The council agreed to consider this and other proposals at its next work session.

Rehberg also pointed out the necessity for the township's fire tanker to be under a heated cover before winter. It was suggested that an addition to the city de-

He Converts Tubes into People

If you have some old television or radio tubes around the house, don't throw them away. Instead give them to 13-year-old Peter Lindberg who will turn them into works of art.

Peter makes sculptures from old tubes by finding "something that looks similar to a body and building it to make a person." He patterns the figures after himself. The first model he made -- about a year ago -- was a boy playing the bazon. He plays the bazon in the Northville junior high school band. Another figure shows a boy with a yoyo -- and Peter likes yoyos.

He adds, "Napoleon Solo is my favorite television star, so I made one with a feather in his cap and all, and called him Na-

poleon Solonoid." He adds, "I like pop singing, so I made a group of three people, one with drums, one with a guitar and one with a saxophone. I call them the Feedbacks."

It takes him from a few hours to several days to complete a figure. He works in the basement of his home on Dubur street.

How did he get started on his "junk sculptures"?

He explains that "one day I was taking an old TV apart and found

something that looked like a person's body, and so, just for fun, I built it up. I've been doing it ever since."

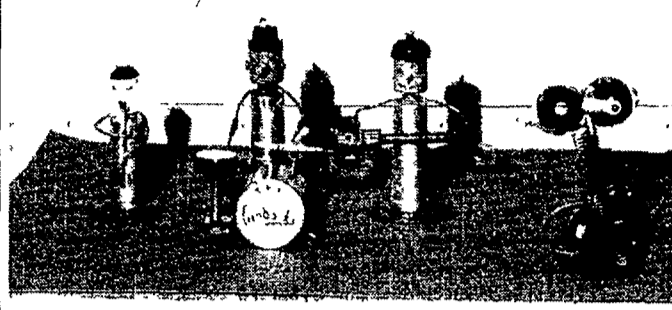

His sculptures were on display at the Hartley-Powers Gallery until the end of the week. Peter, a Detroit Free Press carrier, has Mrs. Hartley as a customer.

He says, "one day I went to the gallery to collect, and I brought in my singing group with me. She asked me if I'd bring the

others down to show her. She liked them, and put them in the window."

Mrs. Hartley reports that the figures have created quite a stir since she put them on display. In fact, she decided to leave them in the window for a few extra days to give even more people a chance to see them.

Despite his promising start in the world of art, the eighth grader still says, "I'd like to work in electronics."

THE FEEDBACKS--This singing group was made from old TV and radio tubes by 13-year-old Peter Lindberg. He has been making his "junk sculptures" for a year now.

NOTICE TO ALL CITIZENS of The City of Northville CONCERNING RUBBISH AND GARBAGE PICKUP

While it is most likely that you and the great majority of our Northville citizens do comply with all the garbage and refuse code requirements, we enclose a copy of the code for your information.

We would like to present our plan to remove some problems with a few of the garbage containers around the city:-

- After October 1, 1965 the garbage collector will place a red tag on all those containers that do not meet with the health and sanitation requirements so that the citizen can acquire a new container according to the enclosed code.
- After two tags have been wired to the cans, then future garbage collection by the city will be withheld until a new can is provided.

We are sure that you will want to help, as you have in the past, to make sure that Northville maintains its high standard of sanitation and neatness.

Thank you.

Respectfully,

Roger R. Rehberg
Roger R. Rehberg
City Manager

FOLLOWING ARE ORDINANCE REGULATIONS OUTLINING WHAT WILL BE COLLECTED, SIZE AND KIND OF CONTAINER, ETC.

CHAPTER 6--GARBAGE AND RUBBISH

Sec. 4-601-Definitions
Sec. 4-602-Rules and regulations governing collections from households and other places
Sec. 4-603-Location of garbage cans
Sec. 4-604-Refuse other than garbage in cans
Sec. 4-605-Scattering refuse
Sec. 4-606-Burning garbage, etc.
Sec. 4-607-Burning leaves, etc.
Sec. 4-608-Glass, bottles, etc.
Sec. 4-609-Collection location
Sec. 4-610-Collection time
Sec. 4-611-Special sanitary provisions
Sec. 4-612-Scavenging and private collections
Sec. 4-613-Penalty

Sec. 4-601-Definitions -- (a) 'Garbage' shall be held to mean and include all animal and vegetable refuse from kitchens and household waste that shall have been prepared for or intended to be used as food, or shall have resulted from the preparation of food, and all animal and vegetable refuse from private premises, public food establishments and institutions where foodstuffs, intended for human consumption have been prepared, used, offered for sale or stored.

(b) 'Rubbish' shall be construed to mean and include bottles; crockery; tin cans; metal vessels; trimmings from lawns, trees, and gardens; knocked down pasteboard and wooden boxes; paper; ashes; and all waste not classed as garbage which may be produced by the normal operation of dwelling places, households, apartment houses, office buildings, restaurants, hotels; institutions, and commercial establishments.

(c) 'Commercial rubbish' shall be construed to mean waste material from trade or manufacture, and includes drain oil, auto parts, whole packing boxes, etc., and shall not be allowed to be placed upon village property, alley, or street and shall be disposed of by the owners to the satisfaction of the city council.

(d) Exceptions. -- Rubbish is not to include discarded or new building materials, sidewalk and driveway pieces, commercial waste, or trees (unless such trees be cut to at least four foot lengths and be not over six inches in diameter). This type of waste is to be removed from private properties by the owners or lessee.

Sec. 4-602 Rules and regulations governing collections from households and

other places. -- (a) During intervals between collection days, garbage, ash and rubbish shall be kept and stored separately. A sufficient number of containers for refuse accumulating between collection days shall be provided by the household, store owner, or other person or persons served. All refuse containers, shall be maintained in good clean condition by owners thereof, and promptly replaced when no longer fit for use. The combined weight of any container and its contents shall not exceed 100 pounds; provided, however, that containers for refuse shall not be so small that requires several containers for each household.

(b) Receptacles that are badly broken or otherwise fail to meet the requirements of this ordinance, may be deemed to be rubbish, and, after due notice to users, be collected as rubbish by collectors.

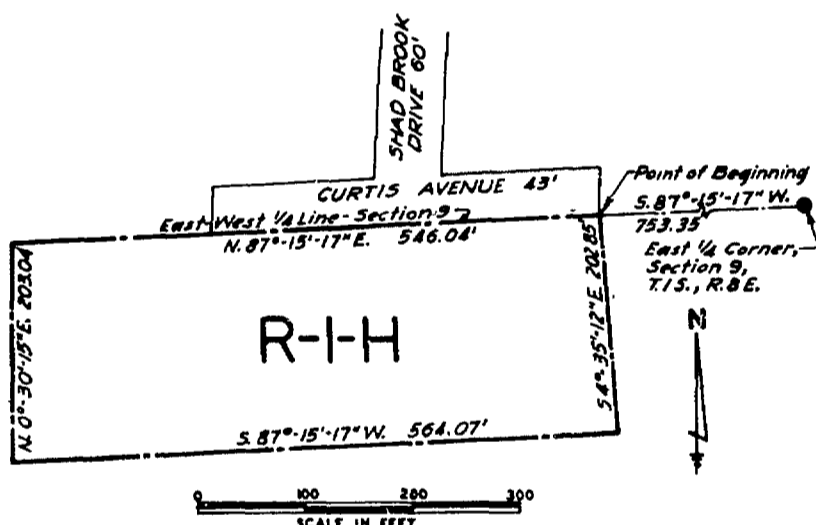

(c) Containers for garbage shall be of metal, and they shall be watertight with tight fitting covers, to prevent disturbance of their contents by children and dogs, and to prevent the propagation of rats and flies and other insects.

(d) Containers for ashes shall be of metal of sturdy construction and must have adequate handles for handling and prevent spillage. Hot cinders or ash shall not be placed in ash containers.

(e) Containers for rubbish may be of wood or metal or, if a rigid container, not desired, large burlap, canvas or similar cloth bags may be used. Covers, rigid containers are desirable to prevent scattering of contents by the wind and breeding place for vermin. When the rubbish to be removed exceeds in volume the capacity of the containers regularly employed, it may be wrapped in bundles securely tied, or, as in the case of discarded furniture, it shall be broken reduced in volume so as to permit easy and speedy handling. The greatest dimension of such bulky articles shall not be more than four feet.

(f) Garden rubbish shall be placed in containers of wood, metal or paper in order to facilitate its handling. Branches shall be cut to four feet and tied securely and compactly in bundles.

AMENDMENT TO THE ZONING ORDINANCE #1-R of THE TOWNSHIP OF NORTHVILLE

For The Gardener

This column on gardening information is compiled by the Northville branch of the National Farm and Garden Club.

CHRISTMAS CACTUS SPECIAL

How do you get a Christmas cactus to produce many flowers at blooming time? The amount of light received by the plants has a direct bearing on when, and how well they bloom. This is a point overlooked by most growers.

The Christmas cactus MUST have eight weeks of "short days" Remember the number eight—at the end of the eighth month or shortly thereafter, see that your plant has only eight hours of light each day for a period of at least eight weeks. This is vitally important, as it gives the plant an opportunity to form buds, which it cannot do with longer hours of light.

And don't forget that artificial light can throw the plant off its schedule, even though it may not be especially bright nor shining directly on the plant. The normal flowering period for the Christmas cactus is from November to January. However, they can be brought into bloom at almost any season simply by shortening their days for the proper length of time.

During the rest time, give a little less water, although at no time should they be allowed to shrivel from lack of moisture. They should be potted in the richest soil you can find, and it should have enough partially-rotted humus in it to make it very loose.

The Christmas cactus is an epiphyte, growing upon trees or other objects in its natural habitat. Here its roots lodge in dead leaves and other debris that might collect in the crotches of trees, and this airy, rich medium is what they prefer.

When grown in a pot, drainage should be perfect, and the soil should not be packed tight around the roots. Christmas cactus never likes direct sunlight if it is too hot; it scorches the leaves. But early morning sunlight will benefit the plants. They like a fairly cool place, good ventilation or at least good air circulation, and really appreciate extra moisture in the air.

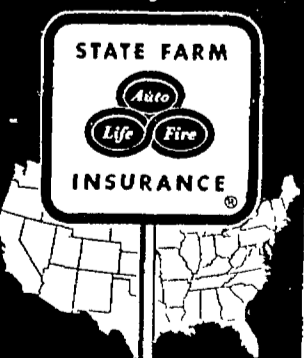

In addition to providing as much moisture as possible, try giving your plant a misty spray of tepid water every day while it is in active growth; you'll be rewarded by new growth even from previously-dormant nodes. Feed the plant lightly but regularly while it is growing most rapidly but omit any supplemental feeding during its fall rest.

Even the best of care, however, will not produce the much-sought flowers unless you remember your eight. Eight hours light only, for at least eight weeks—and you'll be amazed at your plants response.

Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to South Lyon, New Hudson, Novi, is scheduled for Tuesday, September 28. Goodwill trucks collect household discards of clothing, shoes, hats; toys, most types of furniture and other household discards. To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative Mrs. Albert Kingon telephone number GE 8-3971.

NOVI HI-LITES

Mrs. H. D. Henderson
FI 9-2428

Mrs. Belle Walter, formerly of Novi and now living at Ormond Beach in Florida had the misfortune to break her hip in a fall recently. She is a patient in Hall-fax District hospital at Datona Beach.

In the Alma College chapel the president of the University officiated at the wedding of Richard Tift and Mary Kay Monroe Friday, September 17.

The bridegroom's twin brother, Robert acted as best man and his sister Miss Tift was the bridesmaid. A reception was held at Mt. Pleasant following the ceremony.

The bride is a graduate nurse from Henry Ford hospital and the groom is a science teacher in Novi Junior high. For the present the newlyweds reside in Lansing.

BLOOD BANK

Although the committee had hoped for more donations at the Red Cross Blood Bank at the Novi community building last Friday, the donations exceeded last years by a small margin.

Those in charge were Miss Eugenie Choquet, new blood release bank chairman, and Mrs. Galah Fried chairman of the Novi blood bank last Friday.

Others who gave of their time were: Mrs. Diana Ward, Mrs. Dorothy Ludwig, Mrs. Lavere Webster, Mrs. Florence MacDermid and Mrs. Lillian Krezel.

The Novi school mothers club, president, Mrs. Dorothy Farrah and vice-president, Eleanor Smith and others furnished and served supper to the workers. The Novi chapter 47, Blue Star Mothers, Messdames, H. Mandlik, A. Klesner, M. St. Onge, M. Ward, H. Burnstrum and L. Henderson worked all day in the clinic; the Novi Cab Co. furnished transportation and Novi Girl Scouts baby sitting service.

The following is a list of all those who registered to donate blood:

Rhoda C. Atherton, Andrew A. Bertoni, Audrey Blackburn, James E. Boggs, Edward Boggs, Everett E. Baley, Ralph J. Batterson, Charles H. Boyer, David J. Brooks, Norwood Balke, John R. Churchill, Earl Clarke, Mary De-Rosia, Gilbert A. Downs, Shirley M. Evans, Lester Fishback, Dr. Lyle Fetting, Galah Fried, Ralph G. Goddard, Harry J. Grant, A. J. Heslip, Clare E. Highlin, Florence Harris, Raymond E. Jordan, Marja Killen, Ann Kaminski, Ruth L. Lutz, Dorothy Ludwig, Charles W. Ludwig, Freeman J. Lytle, Barbara Marsh, Sophie Martin, Margaret Marshall, Mary Jane Masters, Dwight K. Miller, Lester Monger, James Nicolow, George Ortwin, Harold Ortwin, Leo Pantaleo, William Paquette, Donald L. Par-ta, Irene Price, William A. Price Jr., Norman F. Quay, Laura M. Reuther, Angela Rackov, Glenn Schenimann, George Spencer, Corinne Smith, Fredrick Simon, Donald Soge, Eugene M. St. John, William D. Skeltis, Lawrence Smith, Evelyn Tuck, Ray Warren, Donald Woodward and Diana Ward.

On Saturday a day after the Novi Blood Bank, a pint of blood was released to a patient in St. Mary Hospital who is a Novi resident.

Mr. George Takas is a patient at St. Mary hospital in Livonia where he underwent major surgery last week.

Mrs. Fred Mandlik, Mrs. R. E. Ward, Mrs. John Klesner, Mrs. Al Pritchard and Mrs. Ethel Smith attended an all day meeting of the South East District of the Department of Michigan Blue Star Mothers last Friday in Fowlerville.

Stan Gillett, son of Mr. and Mrs. Victor Gillett and Kay Gillett, daughter of Mr. and Mrs. Vincent Gillett are leaving Saturday for East Lansing where they are enrolled at Michigan State University. Stan will major in electrical engineering and Kay is taking an executive secretarial course. Among other Novi boys and girls going to Michigan State are Frank Steinberger, who is a junior this year majoring in chemical engineering, Candace Ronk of Echo Valley is also a junior at State. The sophomores include Rebecca Romanow of West Grand River, James Mazel of East Grand River, Diane and Dawn McCollum of Eleven Mile road.

Among those registered to attend Central University at Mt. Pleasant are Jeff Crawford, Brenda Coburn, Nancy Christianson, and Sally Winters. Larry McCollum, Lynn MacDermid have left Novi to attend college at Hillsdale, Tom Bingham is attending Northern Michigan University at Marquette this year and Sue F'Geppert is in her junior year at Eastern M.U. Sharon White and Bob Taylor have returned

for their junior year at Detroit Bible College.

Robert Cotter of Eleven Mile road suffered a slight stroke last week on Tuesday. His friends will be glad to know he is much improved this week.

Mrs. Ted Slentz and her daughter-in-law, Mrs. Robert Slentz and children Betty and Mike, made a trip to Charlotte today to visit Mrs. Sadie Van Patton.

Mrs. Mary Skeltis and Mrs. Connie Yope attended a bridal shower for their niece, Jeannie Weise in Warren this past Sunday. Miss Weises' cousins, Mrs. John Tymensky and Mrs. Anthony Skeltis also were present for the shower. Recent visitors at the home of Mr. and Mrs. James Erwin were their daughter and son-in-law, Dr. and Mrs. C. W. Gilman and family from Bonita, California.

House guests at the Erwin home at the present time are the latter's sister and her husband, Mr. and Mrs. Edward Heldenreich, from New York State and the former's sister, Mrs. Martha McLaren, from Beverly Hills, California who is spending the summer months in Michigan.

James Erwin, son of Mr. and Mrs. J. W. Erwin has entered Michigan State university where he is a student in agricultural engineering.

Mrs. Lester Fishbeck is back home again recuperating after spending some time in the Pontiac osteopathic hospital.

Recent visitors at the home of Mr. and Mrs. Vincent Hayes on Twelve Mile road were Mr. and Mrs. Lloyd Henry of Coldridge, Nebraska. The Henrys also visited their daughter and family the Joe Hayes at South Lyon.

Mr. and Mrs. Frank Hardy of Sarasota, Florida, formerly of Novi have also been recent visitors at the Vincent Hayes home.

Sunday evening, Mr. and Mrs. Vincent Hayes went to South Lyon to help their son, Joe celebrate his birthday at a family gathering.

Mrs. Gerald Race hosted her pinocle club of eight at her home on Dixon road Wednesday evening. The guests were Messdames Lien, Cook, Klesner, White, Mitchell, Seeley and Hayes.

Jerry Davis, son of Mr. and Mrs. Warren Davis of Twelve Mile road was injured while riding his bicycle on Twelve Mile road Saturday. He was struck by a car and was taken to Botsford Community hospital with multiple cuts and bruises.

Mr. and Mrs. J. D. Mitchell returned Sunday evening from a ten day vacation spent in Minnesota, Wisconsin and the Upper Peninsula where they visited Mrs. Mitchell's relatives at Iron Mountain.

Mrs. Wirt Lee of Winter Park Florida came up by plane this week to visit her daughter, Mrs. Russell Button and family.

Kathy Ward was the guest of Rose Button at the Northville Swim club Sunday afternoon.

Attending the football game at Tiger Stadium on Sunday were Bill Rackov of Fonda street and John Duncan of Walled Lake. They said it was a very good game.

NOVI METHODIST CHURCH

September 26 is Christian Education Sunday. Topic "How to be a Christian Without being Religious."

October 3 is World Wide Communion Sunday.

The Ann Arbor District board of instruction meeting will be held on Thursday, September 30 from 1:30 to 9:00 p.m. This is an important meeting called by Bishop Loder for Commission chairmen.

Miss Fulmer, retired deaconess, was the speaker at the discussion group meeting this past Sunday. They also made plans for nomination of new officers.

Officers.

Sunday morning service 9:00, church school 10:10 and Wesley choir practice at 11:20 directed by Mrs. Russell Button.

Senior choir practice and official board meeting at the church Wednesday evening.

NOVI BAPTIST CHURCH

A reception and food shower was held in Flint Hall on Sunday evening following services for Mr. and Mrs. Gerald Reimer and son, Myron.

Mr. Reimer will be forming a new adult Sunday school class to include anyone married in the age bracket 20-30 years. He will also be directing the senior choir and looking for new choir members. Practice every Wednesday night following prayer meeting.

Mrs. Reimer will be assisting with organ and piano, teaching the 4th grade girls class and working in the church office.

Another addition to the music will be Dave Ardelen a student from Grand Rapids School of Bible and Music. He will be directing singing during morning worship, will be working with the youth choir and teaching 5th grade boys Sunday school classes also directing youth choir for ages 13 to 19. Meeting at 5:15 Sunday afternoon.

Last Wednesday evening Pastor Barnes started a class during Bible Study on the Life of Paul. All those present were asked 162 questions and following the course of study they will be asked these questions again to determine the value of the course of study. Anyone wishing to take the course may contact Pastor Barnes for any make up material.

Prayer meeting will follow the Bible study and prayer requests may be given to the pastor.

Vera Vaughn circle is continuing the canning for Southland and will be working on Thursday of this week at 9:30 a.m. at the church under the leadership of Mrs. Lippert. The circle also purchased 28 juvenile chairs for use in the Sunday school department this week and are planning to purchase 25 of the large chairs.

Anyone wishing to contribute may contact their president Mrs. J. Anglin.

The ladies would like to thank those throughout the community who have helped on their various projects, the Betty Crocker coupons, the white material, clothing for the clothing bank and jars for canning.

St. B.Y. met at the home of Lawrence and Corinne Smith Saturday night and made plans for the fall program. They also plan to meet at church next Saturday evening and go to "The Misfits." Adult drivers are needed. Call church for time of departure or if you need transportation.

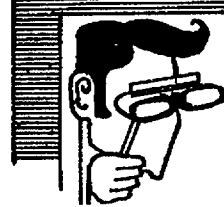

Promotion Sunday will be October 3 and during the coming week Orientation classes will be held for new teachers, starting on Tuesday morning for Cradle roll department, on Friday evening for junior department of which Bob Taylor is superintendent.

On this coming Sunday the beginner department will meet with superintendent Mrs. Brent Munro following morning service and in the afternoon, the primary department with superintendent Gerr Stipp. Following evening service, the adult department will meet.

In addition to the present classes in this department, there is being formed a new class for those 60 years and over under the direction of Mrs. Henry Worral. Next Wednesday evening the youth department will meet.

The entire church will be honoring the teachers at a Workers Appreciation dinner at 6:30, Friday, October 1.

Committee in charge of the food is Mrs. D. Roberts, Mrs. C. Burton, Mrs. Corinne Smith.

OUT OF THE PAST

ONE YEAR AGO

The first general meeting of the newly organized Northville Community Chamber of Commerce has been called for Tuesday, September 29.

A reception was given by the congregation of the First Methodist Church of Northville honoring the Reverend and Mrs. S. D. Kinde on their 25th wedding anniversary Sunday afternoon. The 300 guests were received in Fellowship hall at the church.

Northville's Steve Judy returns to the No. 1 quarterback position this fall for the Michigan State Spartans. He'll be the only 1963 regular returning to the Spartan backfield.

Jim St. Germain qualified for the United States Golfing Association's 64th National Amateur championship at Canterbury Golf Club in Cleveland this week. At 17 Jim is the youngest competitor in the field of 64 golfers.

Frank Jadzinski, Wixom's only police chief in its seven-year history, has resigned.

Detroit water lines will soon be inching their way toward Novi, village officers have learned.

FIVE YEARS AGO

A raging wind storm swept down out of the north last Thursday afternoon on the heels of sweltering heat, leaving a wake of uprooted trees, broken branches and dangling power lines in the Northville-Nowi area. The storm lasted little more than 20 minutes, but the reports of damage swamped area police departments for hours.

All interested Novi women are urged to attend the first fall meeting of the newly organized Novi Women's Civic Club which will be held September 14. A talk by Al-bert Marbul of Consumers Guide on "Thrill and Saving of Money" will highlight the meeting.

Jackie George, 17, of 9138 West Seven Mile, was judged champion horseman at the State 4-H Club Show in East Lansing.

Two young Northville lasses walked away with ribbons last week at the Michigan State Fair pony-tail contest. Bonnie Ann Hunt won first place in the five-to-six year old group with her 28-inch pony-tail, while Peggy North won third place in the 11-to-12 year old group with a 32 3/4 inch pony-tail.

Uta Rosenbrock, a dark-haired fraulein from Konigsberg, Germany is Northville's new exchange student. Seventeen-year-old Uta arrived last month for a year's stay with the Lawrence Filkin family of 621 Fairbrook.

FIFTEEN YEARS AGO
The new motion picture, "Waves of Green", which brings to the screen in technicolor some of the outstanding success stories of American agriculture was shown Wednesday at the North-

village Optimist Club.

The annual Harvest Festival will be celebrated at the Methodist church house this Sunday and Monday.

Dr. Walter K. Belasco announced the opening of his office for the practice of optometry at 501 West Dunlap street this week. He graduated last year (1949) from the Northern Illinois College of Optometry.

This month marks the twenty-fifth anniversary of Mr. and Mrs. William Bailey as ballroom and tap dancing instructors in this vicinity. The Bailey Studio was located on Randolph street for 16 years previous to 1947, when it moved to the present location on East Cady street.

Engineering is now underway by the Michigan Bell Telephone company for the introduction of extended area service between Northville and four of its neighboring communities to become effective next year. Customers in Northville will be able to make calls without paying toll charges to Farmington, Plymouth, Walled Lake and South Lyon.

Forty-eight Northville young people have enrolled in colleges and universities for the fall term.

St. Paul's Lutheran church will celebrate the annual Mission Festival, Sunday September 15. The women will serve a potluck dinner at noon.

About 15 Rotarians, wives and friends attended the Boston-Detroit baseball game Tuesday. E. M. Bogart was in charge of arrangements and saw that everyone was well cared for near the third baseline.

A picture showing the Detroit Lions professional football team and football's history and growth will be shown at several Northville service clubs this week.

Five hundred persons attended the opening of the Northville Center Recreation September 14 when Mayor Carl H. Bryan rolled the first ball in the bowling lane, scoring a strike.

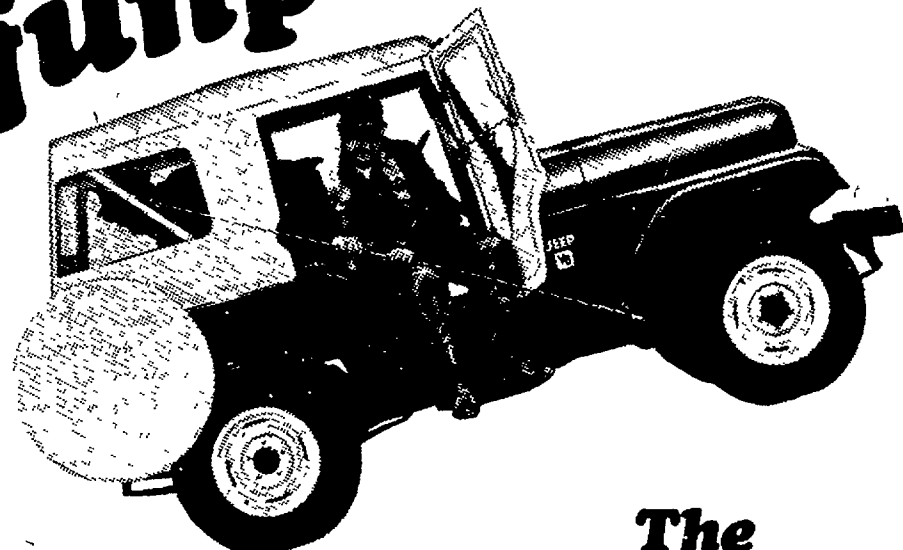

10-Year-Old Wins 'Bearcat'

Ten year old Charles Dickey, 108 Randolph, became the proud owner of a miniature Stutz Bearcat sports roadster powered by a 12-volt dry cell battery recently.

He was the lucky winner of a Dad's Old Fashioned root beer promotion at Kroger's in Northville. Presenting keys to young Dickey is store manager Ed Barnes.

New 'Jeep' V-6 funpower!

The Flying 'Jeep' Universal

Now...two great engines: hot new 155 hp "Dauntless" V-6, or world-famous "Hurricane" 4. The 'Jeep' V-6 zooms along the highway like it had wings...that's why we call it the Flying 'Jeep' Universal. And, of course, off the road is 'Jeep' territory! 81" or 101" wheelbase, hard or convertible tops, new colors, trim, bucket seats. KAISER JEEP CORPORATION

You've got to drive it to believe it! See your 'Jeep' dealer.

State Boosts Aid to Mental Care Centers

LANSING — Great strides in community treatment of the mentally ill are expected to result from a legislative change made this year.

The law, known as Act 54, previously provided for a 50-50 matching plan between the state and the locally establishing a community mental health center.

At the strong urging of the state mental health department and many local planning agencies, the legislature this year raised to 75 per cent the maximum state contribution.

MANY communities, some

spokesmen said, just did not have the funds to establish meaningful programs under the 1964 law at the 50 percent level.

State Mental Health Director Dr. Robert A. Kimmich encouraged the adjustment in the funding provision of the law.

He contended during discussion of the 1965 change that Michigan could substantially improve its total mental health program by making the community services law effective.

The year ahead will just begin to tell the story of whether this law, somewhat a pioneer effort in the nation, is now written as

needed to make community mental health programs meaningful.

EVOLVING from rather modest beginnings, Wayne State University has come to be one of the "Big Three" in state institutions of higher learning. It will mark its 100th year in 1968.

University officials describe its history thusly: "The simple unpretentious beginnings of medical education in Detroit 100 years ago did not forecast either the size or prestige of the medical center here or the extent of Wayne's commitment to a program of teaching, research and

service within that center. During the first 50 years only two other colleges emerged to stand beside medicine.

"The second 50 years have seen half a score of colleges, divisions and schools come into being. This expansion in program... in synopsis the history of Wayne, is the measure both of the growth of organized knowledge in these decades and of the efforts made to provide the education which today is so important to students and so vital to the community."

BACK IN 1868, a college of medicine and a college of education were in operation. Later

years saw the addition of colleges of liberal arts, pharmacy, engineering and a graduate school under jurisdiction of the Detroit Board of Education.

Wayne University became an entity in 1933 when these several units were united. Thereafter the Detroit City Law School became part of the University and primary units were added to provide degrees in social work, nursing and business administration. The latest addition, in 1959, was Montclair College, a kind of honors college.

The "State" designation was added in 1956 when the Legislature started a gradual change

from city to state support of the 10 schools and colleges. Many of Wayne's some 50,000 students still are commuters and part-time enrollees but its changing character has made it much more than the "streetcar campus" title it bore in fairly recent years.

THE APPROACH of winter brings many hazards to the unwary. Not the least of these are the icy highways and the thinly-iced waterways.

Another, more consistently deadly danger, however, does its worst damage in the winter months and requires real vigilance to detect before it is too late.

This is the danger of carbon monoxide poisoning, described by the experts as the "silent killer."

WARNINGS are issued widely each year at the start of winter against this cold-weather hazard but still the headlines annually relate many needless deaths from this cause.

"Everyone must realize that this deadly enemy lurks in wait in many places," says State Health Director Dr. Albert E. Heustis. "It awaits unsuspecting victims in homes, garages, cars, schools, factories, motels, house trailers and even fishing shanties."

Carbon monoxide is present wherever there is combustion: in canned heat, gas refrigerators, furnaces and auto engines. To protect against this colorless, odorless poisonous substance adequate ventilation is required and annual checks of gas furnaces and appliances is recommended.

Mississippi Holds Many Secrets

BABSON PARK, Mass. — Every place and every thing has its advantages and its disadvantages. Many times we have been asked where are the best places to live in the United States. Among favored spots we have mentioned is Baton Rouge, Louisiana. Yet it was only a few days ago that the latest hurricane wreaked tremendous losses on the people of New Orleans. New Orleans is only a few miles from Baton Rouge. Certainly this must look peculiar to the many people to whom we have mentioned favorably the city of Baton Rouge. However, we still firmly believe in that city.

The greatest drainage area in the United States is along the Mississippi River. Three quarters of the rain which falls on the U.S. brings something of value to the states of Louisiana and Mississippi and adjoining territory. The Mississippi brings down to the Gulf of Mexico the best loam in the United States. This loam has made a most valuable soil, which is now being developed by thousands of citizens whose ancestors settled on this peninsula. First they cut down the woodland and then they redrafted certain lands that were suitable for top Rouge and new Orleans.

Yet in reading about the latest hurricane "Betsy", a person might think that this section of the United States would be a dangerous place to invest money. We believe this would be a distorted point of view.

Most people invest only in what they see. Although this is a trait

that all of us have to a certain extent, it unfortunately means that too many will discover only what hits the headlines. This is especially true today concerning what is coming down the Mississippi River every day and every night. The most valuable soils in the whole nation — being washed down the Mississippi River — contain certain minerals and chemicals which have still undiscovered powers for nourishing and revitalizing the human body. Millions of people may one day be strengthened by this now untapped wealth.

We have recently been reading a book entitled "Scientists Betwixt what they accomplished in their 'woodshed'. They were the discoverers (not inventors) of radium. The book also describes farming. And the richest land in the United States is between Behind The Inventors", by Roger Burlingame. The first chapter traces the remarkable story of Madame and Pierre Curie and

the work of William C. Roentgen, who discovered the X ray. This ray was emitted by a Crooke's Tube. The tube was covered with opaque paper, and Roentgen observed fluorescences on a screen some distance from the tube. This radiation he called X ray.

Today, other unknown chemicals may be coming down the Mississippi River and going into the Gulf of Mexico which have unknown powers for helping millions of people in poor health. When this is mentioned to certain professors and holders of "doctors' degrees", they frequently respond by claiming that if many more valuable unknown substances were likely to be available from America's greatest river, they would have described them in scientific and other magazines.

We learned many things when in college... but the principal thing was that there are more valuable resources unknown today than there are known. This could well apply to what is being washed down the Mississippi River and going to waste in the Gulf of Mexico.

We still feel that great discoveries lie ahead for the drug companies. Even though the

stocks of such concerns are very high, they surely have appeal for "the long pull". Who knows what opportunities will be found by the drug companies that examine the components now going to waste in the Gulf of Mexico. Baton Rouge will overcome the losses given by "Betsy". It may well grow to be one of the richest and most useful cities in these United States. We advise owners of land in this part of Louisiana not to be discouraged. Think of the way Florida has suffered in the past from successive tropical storms... and of how she has risen each time to new heights of prosperity.

NORTHVILLE RECORD-NOVI NEWS-SOUTH LYON HERALD

FOOTBALL CONTEST

Here are the Rules

Take a plain piece of paper and number down the left hand side from 1 to 20.

You will notice that each square below is also numbered from 1 to 20 and each contains a football game to be staged this coming weekend. To complete your entry you must do the following:

- (1) after each number on your paper write the name of the sponsor of the corresponding square.
- (2) following the sponsor's name — write the name of the winning team.
- (3) in addition you must pick a score on the outcome of the game in square 20. This will be used in the case of a tie and then the contestant whose score is closest to the actual score will be declared the winner.

Be sure to write your name, address and phone number plainly on your piece of paper (your entry).

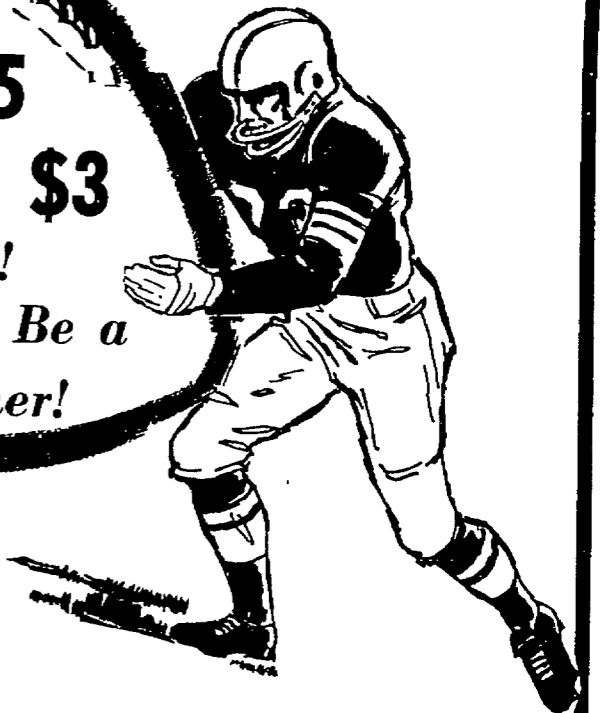

Enter just once a week, but you may enter as many weeks as you wish. In case of tie, prize money will be split.

Copies of the contest will be posted at The Northville Record and South Lyon Herald office each week.

Entries must be postmarked or brought to either of our offices no later than 5 p.m. each Friday.

Employees of The Northville Record - Novi news or South Lyon Herald or sponsoring merchants are not eligible.

First Prize \$10
Second Prize \$5
Third Prize \$3

SPEAKING for The Record

By BILL SLIGER

A seven-member committee is slated to begin a study to determine the need for additional police protection in Northville township.

Presumably, township officials believe that present service needs beefing up -- at least sometime in the near future -- or the committee could come up with the conclusion that everything's fine the way it is ... end of report.

Undoubtedly, the committee will advance several possible proposals.

It's fortunate that one of the township board's more influential members holds a strong conviction that newspaper people (unlike engineers) have no place in government, either elective or in advisory capacities (a theory, that if universal, could have cut JFK's career in the bud). Because I must confess that I would enter such a study with some rather strong preconceived ideas.

When I drive from my city office to my township home, I can't tell the difference. When I attend my city church, buy groceries at my city store, visit my city or township friends or pay my city, township or school district taxes, it all seems the same.

When I talk to Township Supervisor Merriam or City Mayor Allen, they strike me as interested in the same problems. And when I call the fire department to my township home, I can barely tell that the engines left a city fire hall and are manned by city residents.

I realize there's an imaginary line that determines which is city and which is township. But the distinction relates to me only through people.

These people have cooperated to provide our community with an excellent volunteer fire department. There are countless other areas where cooperation could improve services in both the city and township.

The key is "community" thinking, a long-range plan for Northville that fails to recognize imaginary boundaries.

It is easy to visualize a department of public safety dedicated to protecting the community against fire and crime. It isn't beyond the realm of possibility that such a department could have a citizens committee composed of both city and township residents as an advisory body to review and assist in the direction of its operation.

I firmly believe that both the city and township would benefit if our fire and police departments both served the entire community.

Northville Republicans gained a strong new member two weeks ago.

Newcomers to the community are the William F. McLaughlins. He's the executive vice chairman of the Republican state central committee, a full-time position.

Until six months ago McLaughlin spent five years in managerial work with the United Detroit Theatres and nine years with the Cinerama Theatres as director of publicity and advertising. Throughout this period he worked for and closely with Governor Romney and his campaigns.

Mr. and Mrs. McLaughlin and their three pre-school boys live at 592 Reed.

You can look for brighter days ahead in the Northville business district.

Merchant members of the chamber of commerce have agreed to pursue purchase of mercury vapor street lights for the downtown area. Del Black is heading up the project and the goal is "new lights by Christmas".

Speaking of Black, the aggressive shoe salesman was given a big spread in "Footwear News", the industry's official publication. Part of his advice for success to fellow retailers was "consistent newspaper advertising".

Bless you, Del.

Teenagers Dispute Council Decision

To the Editor:

Does it seem fair that Northville's teenage volunteers have to go to other communities to solicit funds for ALSAC (Aid to Lukemia Stricken American Children)? This came about because Northville's City Council refused to give a permit to let us march for a perfectly worthy cause.

We wouldn't be questioning the ruling of the Council except that it seemed to be based on personal opinions. The day after the city council meeting we researched the ordinance concerning this type of solicitation and

found that we weren't included in it. The ordinance stated that solicitors are defined as people going from door to door selling goods for a profit-making organization. However, ALSAC is a benevolent, non-profit organization and is not required to obtain a permit, as is a solicitor.

We were denied permission to raise money for St. Jude's Research Hospital with the explanation that: 1) the people of Northville do not want to be bothered with people knocking on their door each week asking for donations, and 2) since we weren't affiliated with the United Foundation organization they (the council) wouldn't grant us permission to march.

If these reasons are valid, then why were Northville township residents very receptive to the marchers, and why did they donate over sixty dollars to our cause? If these reasons are valid, then why does the council allow the Mother's march and the Red Cross Drive?

We can see the council's point of view in supporting the United Foundation while acting in the best interests of the community. However, we are not convinced that the reasons given for the denial of permission are fair to the marchers, the residents of Northville, and to the stricken children in St. Jude's Hospital.

We sincerely hope that this matter will not go unnoticed. Respectfully, Nancy Ather-ton, John Remington, Kathy Bishop, Peggy North, Randy Calliguri, Stephen Chismark, Lynne Laird,

Janet Funk, James Kleinsorge, Sue Conley, Rosie Frontera, Rebecca Lyke, Karen Hembrey, Larry Thibos, Penny Peterson, Linda Lemon, Mike Turnbull, Susan Petz, Susie Hill, and Jack Crawford.

Thanks Citizens

We wish to express our appreciation to the citizens of Northville for their patience during the time we have been resurfacing city streets.

We hope the improvement will make up for the temporary inconvenience.

Here's the Answer

A Gas Dryer does much more than just replace the clothesline

IN ADDITION TO ENDING
LIFTING, LUGGING AND
HANGING CLOTHES ON WASHDAY
A WORK-SAVING GAS DRYER
WILL DO ALL THESE EXTRA JOBS

● VALET SERVICE—wrinkles can be removed from corduroy, velveteen or wool garments by placing them in dryer for short tumbling period with damp sponges or bath towels. Place sponges or towel in dryer before putting in clothing to build up steam. Use medium heat setting. Bath towels leave lint on dark cottons, so damp, colorfast sponges are best. There must be moisture to release wrinkles and prevent shrinkage. Remove garments before completely dry and hang on wooden or plastic hangers until completely dry.

● FLUFFING OR DUSTING draperies, chenille bedspreads or other articles that need airing. Place in dryer on "no heat" setting and allow to tumble for 5-10 minutes.

● REMOVING MOTHBALL ODORS from clothes that have been stored. Use "no heat" setting and short tumbling time.

● BATHING SUITS & SNOWSUITS can be dried in pre-heated dryer with bath towels (which have been in dryer during preheating). Dark towels are advisable with dark fabrics.
