

School Board Action Illegal

Why the Fuss?

By BILL SLIGER

Why should a newspaper get so excited about a little thing like a school board appointment made in private session? Is it just the press "blowing things up" as usual? I don't think so. A very important principle is involved and a "letter to the editor" and "Speaking for The Record" point this out on page 8B this week.

It should be made very clear that the appointments involved (Spear and Ellison) have nothing whatsoever to do with the point being raised.

It's the clear-cut flaunting of proper rules of conduct and incidentally, but no more importantly, the law.

If our board can meet secretly

ly and make appointments (and raise salaries), why can't it take other action that might lead to increased tax levies? I am sympathetic to the board and its objectives and appreciative of the efforts of its members in serving the community. But I sincerely believe it is the responsibility of the newspaper to keep the public informed ... and call a check on any elected body that moves too swiftly.

I believe the Northville board of education must meet again, publicly, to make the appointments of Spear and Ellison. And I think any increase in salary should become effective at that time and date.

That's why all the fuss.

Action taken by the Northville board of education at an executive session Monday evening, November 4, was illegal.

At the meeting, not publicly announced, the board adopted a proposal made by Superintendent Alex M. Nelson to name Raymond Spear assistant superintendent and designating E. V. Ellison as administrative assistant.

The action violates school code statutes as amended in 1959. The school code, written in 1955 and revised in 1959 and 1961 provides the following: "All business which the board of any district is authorized to perform shall be done at a public meeting of the board".

The Northville board of education admittedly called the November 4 meeting during an executive

session on Monday evening, October 25. Only school board members and the superintendent were aware of the meeting. No effort was made to inform the public or the press.

An authority on school law told The Record that "reasonable effort" must be made, either by posting or advertising, to make a specially-called board meeting "public".

"It cannot be assumed that just because all board members have been informed and that all are in attendance that the meeting can then be declared public and action taken", the expert stated.

Northville's school board is somewhat split on its opinion of the session at which time the appointments were made.

One member stated at Monday

night's public meeting that he "knew it was a private session and saw no reason why action couldn't be taken".

Two others regretted that the meeting was private "in the interest of good community relations".

The Superintendent has stated that it was an oversight and that he had intended to inform the

But at its regular meeting Monday night the board took no action to reconsider its executive session appointments and make them official by repeating the action in public meeting. (See story elsewhere on this page dealing with Monday night's meeting. For The Record's opinion of the school board action, see "Speaking for The Record", page 8B).

IT'S VETERANS' DAY—Today is the day for honoring the war living, much as Memorial Day each May honors the war dead. In Northville the American Legion post sponsors a pancake breakfast, served at the hall from 5:30 to 10 a.m., and at 7:30 p.m. will conduct a flag burning ceremony. Residents are invited to bring old flags to be burned in the proper manner. Yesterday Legionnaires and their auxiliary presented gifts to veterans at Maybury sanatorium. Shown raising the flag are Legionnaires John Steimel, Vice Commander Lloyd H. Moore and Louis Katzbeck. This Veterans' Day both American Legion and VFW organizations are emphasizing their support of the United States' policy in Vietnam. The VFW is sponsoring "Operation Boost" and the Legion "Show Your Colors".

Appointment Splits Board In Township

Northville township board members can't agree on the appointment of a superintendent for the township's water and sewer department.

William P. McDermott, chairman of the water and sewer commission, has recommended the appointment of Treasurer Alex Lawrence to the new post.

Supervisor R. D. Merriam and Clerk Marguerite Young approve of the recommendation, but Trustee James Tellam and Wilson Tyler oppose it.

It became evident at last week's regular meeting that a deciding vote could not be taken when Supervisor Merriam ruled it would not be proper for the treasurer to vote on the question.

In establishing need for a part-time manager of the water and sewer department McDermott pointed to the growth of the township's water and sewer system

and the increasing demands for service. "Development has already reached a stage where good practice would center responsibility for the water and sewer systems in one person answerable to the water and sewer commission," McDermott noted.

"We'd like to see some form of organization start before chaos takes over," said McDermott.

Trustee Tellam reminded Merriam that he had made a pre-election statement that he would head up the water and sewer department. The supervisor replied that this was true but that the job had become too big.

"Does Alex have time?", Tellam asked. And the supervisor replied that he did because he didn't have to be in the office as often or on business trips to Detroit.

Tellam questioned the time available to the treasurer for the job. He won support from Trustee Tyler who complimented the report by McDermott but suggested the need was "overstated." Tyler suggested that the building department would be more logical for sewer and water management. He said the building inspector was now inside all the time and could handle the job. He said it would also be more economical.

Tellam called for a tabling of the matter for further study. But he concluded that he "didn't think the treasurer should handle the job".

The motion to table was defeated with the supervisor, clerk and Treasurer Lawrence opposing the trustees. But when a motion to approve the appointment was made, Supervisor Merriam stopped the action by stating that the treasurer should not be permitted to vote.

Although no salary has been set, it was suggested that the part-time water-sewer manager would be paid \$75 to \$100 monthly.

The board then learned in the November 3 meeting that no action had been taken on the proposed Seven Mile road sewer because bids ran far higher than estimates.

Another matter on the December agenda will be a proposal to pave West Main street from Clement to Woodhill. Supervisor Merriam said the road commission would pay one-half the cost of the estimated \$7,000 project.

Hearing Called For Improvement Of Randolph St.

A December 6 public hearing was scheduled Monday night by the Northville city council to start special assessment machinery rolling so that Randolph street can undergo improvements early next year.

The project, which will include paving, curbs and gutters, culvert repairs and curve removal, is estimated at some \$122,500.

Monday night the city council accepted City Manager Roger Rehberg's report on determination of need. The manager estimated that about \$18,250 of the

total cost would be assessed against Randolph street property owners.

Assessments against abutting property are set at 25 per cent, but Rehberg noted that assessment estimates will be made on the basis of a 30-foot asphalt road, as normally installed, instead of a 33-foot concrete street as planned. His report called for assessing the same as other residential streets, but noted that heavy traffic on Randolph prompted additional width and use of concrete.

Council plans call for improvement of Randolph early next year.

In other business Monday night a contract was approved for city sidewalk snow removal this winter. The council also okayed the manager's request for a bi-monthly trash pick-up by the city's department of public works to remove items too large for the weekly collectors.

It will begin later this year. Approval was also given to a change in residency requirements for city employees. Department heads must live in the city, as always, but DPW, fire and police department employees may live within a five-mile radius of the city limits.

Bids were waived and approval given to permitting Oakland Paving to continue working for the city in improving streets at the same unit price. The next project is Northville Estates streets. A limit of \$2,500 has been set on the work.

In final business the council reluctantly approved issuance of building permits for two lots in Oakwood subdivision. At the request of the owners, Benetke and Krue Builders, the lots were divided to face in another direction. The planning commission had opposed the plan, but the city attorney ruled there was no legal basis for the objection.

The owners of the lots told the council they did not think the proposal constituted bad planning, but councilmembers indicated it would land-lock other lots.

School Building Bids Scheduled for January

Construction bids for the new Northville elementary school will be taken early in January, C. Henry Haberkorn, administrative coordinator for architects O'Dell, Hewlett and Luckenbach, told Northville school board members Monday.

Haberkorn reported that with end-of-the-year holiday season approaching it would be impossible to get contractors to bid sooner. Earlier in the meeting Superintendent Alex Nelson told the board that arrangements have been completed for the district's bonds to go on the market December 1. The board approved publishing bond sale notices and set a special meeting to open the bonds and enter into a contract to sell them at 7:30 p.m. December 1.

Sewer problems seem solved, Haberkorn informed the board, reporting that he and a representative of the Wayne county health commission had inspected the Eight Mile road site and have located a substantial area with gravel substrate to permit septic field installation. Haberkorn also said he presently is working with the road commission regarding access and egress routes to the school. Haberkorn and Nelson were to meet Tuesday to discuss the senior high school addition plans.

At the request of the board in October Haberkorn had compiled comparative costs of heating the new school electrically and with gas, as originally recommended and approved. When gas-hot water heat appeared to be going to cost approximately \$859 less yearly without initial additional construction costs for electricity, estimated at between \$5,000 to \$10,000, the board agreed to go ahead as planned. Haberkorn pointed out that electric heat could be more feasible

when planned in conjunction with air conditioning and suggested it as a possibility for the junior high school.

Nelson and Northville City Manager Roger Rehberg were scheduled to meet Wednesday with Wayne county road commission representatives to discuss a proposed stop-go light at Eight Mile and Sheldon roads. Board president Wilfred C. Becker indicated he also would attend the meeting.

Eugene Cook, board trustee, asked them to explore the possibility of an overpass for students, similar to one at Holly school.

Turning to scholastic matters, Donald B. Lawrence, board secretary, said the board has been discussing the possibility of ungraded classes but no step toward such action actually has been taken. He stated that from his study, he was "for it" but it would call for a "more costly educational program" to obtain a comprehensive depth. He added that he feels the public will want the program, also, but would like more information about how it can be instituted.

Raymond Spear, assistant superintendent, reported that an inservice program is planned relative to ungraded and team-teaching programs. He suggested also the possibility of a college-credit course for teachers. He said programs also could be organized at the lay person level to inform the community on what ungraded classes can accomplish.

Spear told the board that 14 high school students now are involved in a cadet teaching program being conducted at American school. It was reported that a bus load of about 23 teachers attended the MEA conference in Detroit last week. James F. Kipfer, board trustee, said he was on a panel composed largely of Northville people at the confer-

ence session Friday and that it was well attended by Northville teachers.

At the outset of Monday night's meeting a question was raised by Board Member Lawrence questioning action taken at the November 1 meeting. He pointed out that The Record in reporting Elroy Ellison and Spear's new appointments had said they were made in a meeting "unannounced to the public and press."

Pointing out that he is interested only in "good community relations," Lawrence stressed his belief that the board must make the public cognizant of every meeting and that the "press and the public should be here when definitive action is taken."

After Superintendent Nelson explained he had taken word of the appointments to Publisher William Sliger and had apologized for an oversight in not calling the press to the meeting, the board discussed whether the meeting was a continuation of the executive session held following

its October 25 meeting or whether it was a special session. Trustee Robert Shafer said he interpreted the meeting as a continuation of the earlier session and questioned whether the board was interested in the press or in "getting school business done."

Lawrence immediately replied that this was not his understanding and that he would not have been willing to take action in executive session. Nelson gave the opinion that the board could take action whenever a quorum was present.

After William Crump, board treasurer, commented that "Sliger's the only one who's never wrong," the board went on to deal with the night's agenda which included a discussion of the future of the district's hearing and vision program, which, it appeared if continued would have to be extended to parochial schools upon request.

The board adjourned to an executive session at 10:38 p.m.

Livonia Wants 10 Acres In Northville Township

Livonia has asked Northville township for 10 acres of land so that the neighboring city might realize an additional annual revenue of \$600,000.

Township Supervisor R. D. Merriam informed board members of the proposal at last week's regular meeting.

Specifically, Supervisor Merriam said that Livonia Mayor Harvey M. Moelke had stated that Livonia's population has increased from 60,000 in the 1960 census to some 95,000 now. He explained that a new census could be

taken under the provisions of a state law if the city's borders are changed.

And, Merriam reported, the Livonia mayor estimated that sales tax returns to the city would amount to an additional \$600,000 per year if the added population could be credited.

Merriam explained that the 10 acres proposed are located at Five Mile near Haggerty, a site that is slated for condemnation when the new state expressway is constructed.

"This has fiscal implications that I can't tolerate," commented Trustee Wilson Tyler.

But the board finally decided to leave the matter for Livonia attorneys to clarify and present for consideration.

A legal question still remains as to whether a special census can be used as a basis of gaining additional state funds. If it cannot, or if Northville township declines to cooperate, Livonia must wait until the 1970 census to gain the additional revenue.

Charter Sought Rose Bowl Bound?

Going to the Rose Bowl? There's a movement afoot in Northville to establish a charter for the annual New Year's Day parade to lend support to the Spartans of Michigan State and more especially, Quarterback Steve Yoville of Northville.

Organizers of the effort point to a charter from Northville to the enjoyment of the experience and have more to say.

But management must be made immediate. So an appeal has been issued to all interested Northville residents to call FI 9-2600 as soon as possible so that it might be decided where there are enough local residents planning to make the Rose Bowl trip that a charter can be reserved.

NEW ADDITION—Work is well underway on a 60 by 100-foot addition to the Foundry Flask and Equipment company at 456 East Cady street in Northville. The firm manufactures flasks for the automotive industry and is undergoing its second major expansion in the past two years. Completed two years ago was a 120 by 150-foot addition plus office space. Harold Bittner, treasurer and office manager, stated that increased business has forced the expansion and that plans are already underway for another addition. He said present plant employment would probably increase from 100 to 120 when the new machine shop and welding area is completed by the first of the year.

GIFT BOOKS—Presenting two books which trace the history of the Women's International League for Peace and Freedom to Northville Librarian Miss Kathleen Sprenger are Northville-Plymouth branch Chairman Mrs. Rodney Grover and branch Treasurer Mrs. Cy Frid, left.

Women for Peace Give Books

Northville's public library was presented with two books of interest to women who would like to know what they can do towards relieving tensions of the modern world.

Saturday the Northville-Plymouth branch of the Women's International League for Peace and Freedom presented the books. One, a biography of a Nobel

Peace Prize winner and prominent league member, Emily Greene Balch, is entitled "Imperial Bostonian."

The second book is a record of the 50 years that the organization has been in existence. It has the organization title.

The gifts were made as an observation of the League's 50th anniversary and was coupled with

an identical presentation to the Plymouth public library. National Book Week was chosen.

Mrs. Rodney Grover, 361 South Wing, Northville, chairman of the local branch, and Mrs. Cy Frid, 515 DuBuar, treasurer, made the presentation here.

The local chapter now has 17 members.

"A BAZAAR with a boutique" -- one of the enticements arranged this year by the committee working on the annual Holly Mart bazaar to be given next Friday and Saturday, November 19 and 20, at Northville Methodist church will be a booth of hand knit and sewn items bearing the label "Holly Mart Originals."

Always one of Our Town's most popular pre-holiday bazaars, the Holly Mart this year will be a two-day event with a varied program of additional activity, including a luncheon-fashion show next Saturday with five local stores participating. Luncheon also will be served next Friday.

Items to have the "original" label are the wonderful hand knits, such as the mittens, for which the Holly Mart is noted, and hand sewn wearables. Other booths will be brimming with Christmas decorations, candy and baked goods. Last year's popular children's shop downstairs with wee prices for wee folk will be repeated. The bazaar will be open from 10 a.m. to 5 p.m. November 19 and from 10 a.m. until noon November 20.

Tickets for Saturday's chicken-casserole luncheon and fashion show are available in advance only from Mrs. John Stubenvoll, 349-1913, or from bazaar chairman Mrs. W. H. Swank, 349-0301, or any worker. A feature of the event will be show ticket holders with "lucky stocking" numbers matching them to Christmas presents tagged with corresponding numbers at the various booths. The presents were donated by local merchants.

"FASHIONS FOR ALL AGES" will be shown from the Little Peoples Shop, Brader's, Alice Rebecca, Freydl's Woman's shop and Lapham's store. Mrs. Donald Hoover and her two daughters will represent the Spinning Wheel shop with fashions sewn by Mrs. Hoover.

Special features of the fashion show will be a suitcase-packing demonstration by Miss Donna Navetta and modeling of an original travel wardrobe by Mrs. William (Joan) Lepper with Miss Navetta as commentator. The latter is a fashion moderator and commentator. She conducts classes in modern jazz dance. Both women are in a group that model for Emily K. Murphy, a coordinator and commentator of fashions in the Detroit-area.

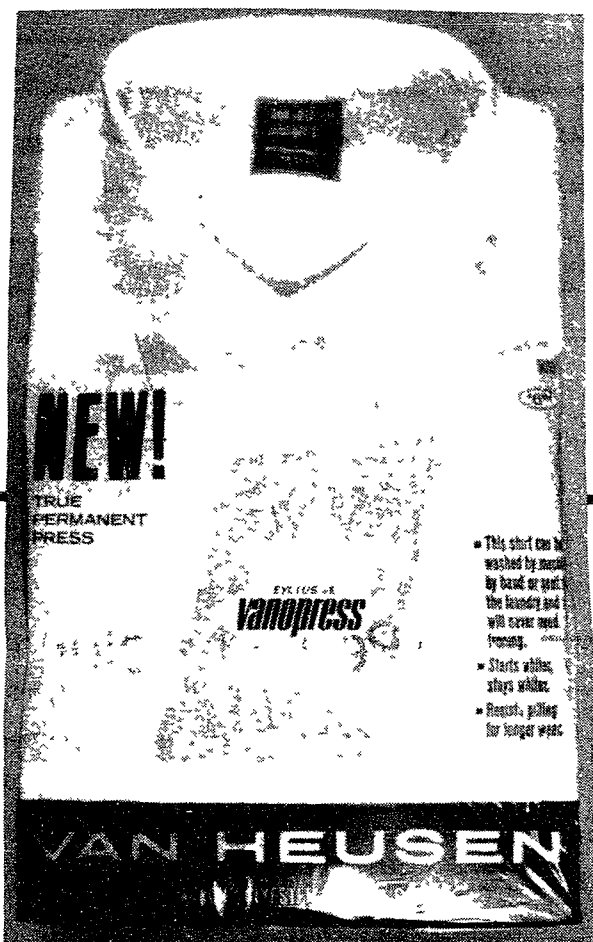

HOLIDAY ACTIVITIES this year will be mingled with bridal events for Mary Welch who has set December 18 for a Christmas-season wedding to Arthur Voisin. Saturday she was honored at a luncheon shower for 16 guests at the home of Mrs. Charles Yahne, Jr., on Eaton drive. She and her fiancé previously were feted at a Halloween costume party given at the new home of Mrs. A. E. Jones on Six Mile road. Co-hostesses for the party and miscellaneous shower were Mrs. John Blackburn, Mrs. Donald Schwendemann, Mrs. William G. Williams and Mrs. Philip Fisher.

NEWSPAPERWOMAN, dress designer, author, lecturer, anti-Communist worker and a voice of Voice of America -- all are career-facets in the life of Anna Chan Chennault, widow of the famed Flying Tiger leader. She is to bring a first-hand "Report From the Far East" to a sold-out audience at Northville's second Town Hall program of the season at 11 a.m. next Thursday, November 18, at the P and A theater.

Because of the interest in this Oriental lady, who is reputed to be "lovely and charming", the town hall committee has made arrangements to have her books available at Town Hall. These include her latest book, "Chennault and the Flying Tigers," a complete story of her husband's life, and "A Thousand Springs", whose title comes from a Chinese poem: "In the mountains a night of rain, Above the treetops a thousand springs--."

Mrs. James Tellam is in charge of book sales.

Mrs. Duane Butler, FI 9-0248, will be taking reservations through Monday for the celebrity luncheon following the lecture at Meadowbrook country club. Mrs. Robert Lang will be hostess at the speaker's table at the luncheon. Mrs. Clifton Hill is in charge of theater arrangements.

NORTHVILLE

Anna Chennault to Report On Far East at Town Hall

A "Report From the Far East" will be brought to the Northville Town Hall audience by a voice heard weekly in Free China, Red China and Southeast Asia over the Voice of America as Anna Chennault, widow of General Claire L. Chennault of the famous Flying Tigers, speaks at 11 a.m. Thursday, November 18, at the P and A theater, Northville.

She will be introduced by Paul Williams, public affairs director of stations WWJ and WWJ-TV, Mrs. W. R. Slattery, town hall chairman, announced this week.

Mrs. Chennault now makes her home in Washington with her two daughters, Claire Anna and Cynthia Louise, but returns to the Far East each year to her second home in Taiwan to keep abreast of developments there.

Anna Chan Chennault comes from a wealthy and distinguished old Chinese family. She was graduated from Ling Nan university in 1944 at the age of 19. She became the first member of her sex to serve as a war correspondent for China's largest news agency. It was during this period that she met and interviewed the famed war hero who became her husband.

Mrs. Chennault's latest book, "Chennault and the Flying Tigers," is the first complete story of her husband's life and of the daring volunteer American pilots he organized into the Flying Tigers. The book is based on official papers, letters and reports as well as on the Chennaults' private papers, diaries and conversations.

Anna Chennault's previous best-selling book, "A Thousand Springs," which Hollywood bought for the movies, was sub-titled "The Biography of a Marriage." In it she related with great tenderness and admiration for her late husband how he maneuvered his forces on many fronts in the closing days of World War II, before the couple could be married.

Among the obstacles was the difference in their ages -- she was 24, he was 54. There was the fact that to her family, who never had married outside the Chinese people, Mrs. Chennault explains, the General was a foreigner and on that score alone not suitable as a husband, much as they admired him personally. In addition, she writes, there was his firm decision to remain a Baptist while

she was a Catholic with the further church problem that he was a divorced man.

Yet the world-famous general and the virtually unknown newspaperwoman were married in 1947 and for 11 years before the general's death in 1958 had what those who knew them regarded as an unusually happy marriage.

Mrs. Chennault's best-selling book, "A Thousand Springs," was only her second book published in English, but she also is the author of 12 books -- novels, essays, short stories -- published in China. Two of them were best

Friday -- Pizza or potato soup

sellers.

In addition, working at Georgetown university in the machine translation research at the institute of languages and linguistics, she produced two new Chinese dictionaries, simplifying the complex language for machine translation research.

Mrs. Chennault also is a dress designer creating fashions which "fuse Chinese and American chic." Her designs have been shown widely in United States and Latin America.

As a militant fighter against Communism, she is president of Chinese Refugee Relief, a private program established with the late President Kennedy's blessing to aid Chinese refugees in Hong Kong, for which former Presidents Hoover and Truman served as honorary co-chairmen. She also is president of the General Claire Lee Chennault Foundation, an organization to bring a closer relationship and understanding between the East and West.

Chinese Refugee Relief was organized in Washington in June, 1962, when more than 15,000 new refugees appeared in Hong Kong and Macao in a mass exodus from Communist China.

Amerman PTA to Hear "New Math"

"The New Math" will be the topic for the second Amerman PTA meeting of the year to be held at 8 p.m. Monday in the multipurpose room. It will be explained by Mrs. Margaret Johnson, mathematics consultant in the Walled Lake school district.

Mrs. Johnson divides her time among eight schools in the Walled Lake district, working most of the time with the teachers individually. She observes their classes and will "demonstrate-teach" while teachers observe her methods.

A graduate of the University of Michigan, Mrs. Johnson also teaches an adult education class in New Math in Walled Lake. The program is the second of four Amerman PTAs scheduled for the year.

Local Teachers Active in Contab

Several Northville educators took part in the Michigan Education Association teachers conference Thursday and Friday.

Appearing on a symposium concerning discipline were High School Principal Fred Stefanski, School Board Member James Kipper, High School teacher Mrs. Rosella Lee and a Northville senior, Susan Hill.

Richard Rusche was chairman of the conservation program "Recent Trends in Game Management."

Miss Florence Panatoni was a member of a panel discussing methods of involving students in play production.

The engagement and approaching wedding of Ella Laverne Neuhaus and Theodore Ruhland is announced by her parents, Mr. and Mrs. Peter J. Neuhaus, 46841 West Twelve Mile road, Walled Lake. The bridegroom-elect is the son of Mr. and Mrs. Francis J. Ruhland of Detroit.

The wedding is to be November 24 at St. Matthew's Lutheran church in Walled Lake. The bride-elect attends Northville high school.

Fire Call

Firemen were sent to put out a leaf fire at the Recreation Building on W. Cady street Thursday at 1:25 p.m.

Bruce Turnbull Models in Detroit

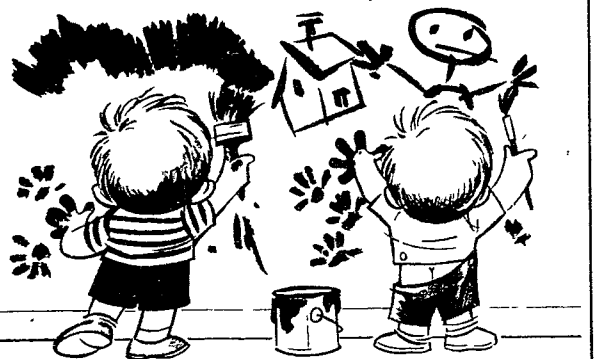

Brian Turnbull, five-year-old son of Mr. and Mrs. Bruce Turnbull, 350 Eaton drive, appeared Monday in two fashion shows given at the Montgomery-Ward store on Grand River in Detroit by Simplicity pattern company.

Of the 14 children participating in the shows all were high school girls except for Brian and a four-year-old girl. The high school students were the top seamstresses in their Detroit school classes. The two little children modeled pajamas and bathrobes.

WHY SETTLE FOR LESS? ...only a magnificent Magnavox COLOR TV

brings you Perfect Color Pictures AUTOMATICALLY without critical fine-tuning

The Montclare 21--model 2-T550 In hand-crafted Contemporary fine furniture, with two high fidelity speakers, tone control, and convenient Channel Selector Windows. \$525

Plus...all these exclusive features which make it today's most advanced Color TV

- Automatic Color--always makes color pictures appear instantly... perfectly... and keeps them that way without critical fine-tuning which usually degrades pictures.
- Brilliant Color Tube--brings you brighter, more vivid 265 sq. in. pictures that are far superior to other color TV makes today!
- Chromatone--adds thrilling dimension, depth to color; warm beauty to monochrome--eliminating drab, dull gray and black pictures on most other makes.
- Quick Pictures--come on in just 12 seconds; four times faster than others.
- Color Purifier--(degausser) automatically keeps all pictures pure, both monochrome and color, even if set has been moved.
- Most Reliable--precision "bonded circuitry" just as in today's space-age military electronic equipment--assures trouble-free dependability. No old-fashioned "hand-wiring!"

COME IN TODAY--choose from our widest selection of Magna-Color styles. Other Magnavox TV from \$89.90.

Speaking Of Horses

By ROBERT GEAKE

Copp's Riding School of 44201 West Ten Mile road held its second annual horse show on October 23 and 24. Riders from Lansing and from Canada participated in the show as well as several local residents. Riders from our area who won prizes at the show are given below.

Armon Barton won second place in the open Western Pleasure class riding Jupiter. Bill Miller took fourth in the Pony Express Race, third in Men's Clover Leaf, and fourth in the Rescue Race riding Ragmup, while Kay Miller won fifth place in the Ladies' Cloverleaf Race.

Kathy Romano of Novi placed fifth in Junior Cloverleaf and sixth in a pleasure class. Lillie Barton of West Ten Mile road won fourth place in the Ladies' Flag Race, fifth in English Pleasure, and sixth in the Cloverleaf, riding Pixie. Roger Barton won first place in Junior Pony Express, third in the Junior Three-legged Race, fourth in the Junior Cloverleaf, and fifth in the Ride and Lead event.

Maggie Sargent won the Ride and Lead Class and took three other honors. Nancy Byrd of Willowbrook in Novi won second place in the Three-legged Race. Marge Rowland took the English Pleasure trophy. Dr. Kay, Robert Boesky, Gary Clarke, and Alan Abrams won two ribbons each. Jeff Zambler of Nine Mile road and the Lazy Z Riding Stable took four ribbons. Arnie Sandebras, Mel Siegal and Avery Warneck each placed in two events riding horses belonging to Copp's Riding School.

Carol Gore and Gloria Compito also won several honors in the English classes. Rick LaFontaine and Rick LeBlanc rode as a team captured first place in the Rescue Race and fifth place in Pony Express. Rick LaFontaine also won the scurry jump.

Miss Ellarene Copp, owner of the riding school, reports that the show was very successful and that another show is being planned for next year.

The NORTHVILLE RECORD

Displaying the form that has made him a threat all season long, End Jerry Imsland hauls in a 25-yard pass for a first down on the Brighton 45. The Mustangs went 75 yards for the go-ahead TD on this drive.

Three Final Period TD's Win for Mustangs, 29-18

The Northville Mustangs roared from behind Friday night to score 21 points in the final quarter, squelching an upset bid by a determined Brighton grid squad.

By winning 29-18 in the season finale, Northville gained undisputed third place in the Wayne-Oakland Conference with a 4-2-1 record.

Bloomfield Hills won its first league title by beating Holly, 20-7, while Milford was disposing of lowly Clarenceville, 35-0, to cop second place. Bloomfield finished with a 6-1 record, Milford with 5-2.

Northville was forced to do it the hard way. And a blocked punt by Linebacker Dan Bongiovanni provided the spark that the Mustangs needed just after Brighton had taken a 10 point lead in the final quarter.

With Brighton set to punt on its 30, Bongiovanni raced by blockers from his spot wide on the line and blocked the punt. It rolled to the seven yard line. Two plays later, Northville had a TD, closing the margin to 18-15.

Still time was against Northville. Only a little over three minutes remained in the game as the Mustangs held and took a punt on its 25 yard line.

Two sensational catches and two decisive penalties paved the way to the goal line, however, and Fullback Dave Boerger cracked

ed over right tackle to score the first of his two TD's to give Northville a 21-18 lead. Daley Hill's kick was perfect and the score was 22-18.

With only a minute remaining in the game, Northville decided to hang on to the pigskin, but Boerger simply wasn't content. He slanted off right tackle, broke the hold of two tacklers and raced 30 yards into the end zone to seal the victory.

Northville's prime weapon? The same one that has been so successful all season long -- the pass. Baughman threw 35 times, completing 18 for 198 yards. Two of his passes were intercepted.

Northville ran only 15 times, and those out of sheer necessity. Brighton maintained its early-game momentum by intercepting a Northville pass on the Northville 29 later in the second period. Rosswurm ran around end 22 yards to the seven, and two plays later, Flowers bulled into the end zone. Kick for extra point was blocked and Brighton led, 12-2.

Another wayward pass from center set up Northville's first TD before the end of the first half. Brighton's punter fielded the ball, and was tackled immediately on the 14 yard line.

Baughman hit Swiss for eight yards, then Imsland faked inside, cut outside and caught the ball near the sideline in the end zone.

The kick was wide as Brighton walked off the field at halftime, leading 12-8.

Brighton fumbled the second-half kickoff, Northville recovered and moved goalward. But after a 28 yard pass completion to Imsland on the Brighton 9, the Bulldogs stiffened to take over on the five.

Like the lull before the storm, the third period was quiet as neither team scored.

Brighton began the tempest by opening a 10-point lead once more at the beginning of the fourth period on a 24-yard scamper by Rosswurm around end after a pass interception. Flowers was stopped short of the goal line on the extra point run. Score: 18-8.

Bongiovanni then provided the big break for the Mustangs with less than four minutes remaining in the game. He blocked a punt on the 30, which rolled back to the Brighton seven.

When Brighton blanketed the receivers, Northville called on Boerger. He dove into the end zone for the TD. Hill's extra-point kick was good as Brighton led, 18-15.

Next time it got its hands on the ball, Northville drove 75 yards for the TD -- thanks to two sparkling catches and two penalties.

Baughman fired to Halfback Mike Turnbull incomplete, then looped a long pass down field to Imsland who had beaten the secondary. The ball soared two feet over his outstretched fingers.

It called for a repeat. Imsland faked short, wheeled around a hounding defensive back and legged it down field. He out grappled a defender for the ball and a first down on the Brighton 45.

On the next play, Baughman unlimbered an arching pass down the opposite side to his other end, Steve Evans, who duplicated Imsland's feat by leaping high

over a defender to grab the ball. It was good for a first down on the Brighton 21.

Over - aggressiveness got the best of the Bulldogs two plays later. They roughed the passer, and were penalized to their 11, another first down for Northville. Boerger then hit over right tackle for six yards, but on the play, a personal was called against Brighton. Northville took the penalty, moving the ball to the two yard line.

Boerger dove to the one and a first down. Baughman sneaked over for the TD, and Hill converted to give Northville its first lead of the ball game, 22-18. Only 1:50 remained.

Content to run out the clock, Northville stuck to the ground, sending Baughman through for three yards. Boerger ran off right tackle for six yards.

Boerger then stunned the fans. He slanted off right tackle, broke the hold of one tackler, then another and raced 30 yards into the end zone. Hill added his third extra point for a 29-18 lead with just seconds left.

Diplomats Coming to Northville

Cage Tilt to Feature Diplomats, Faculty

Basketball 1965-66 will make an unusual, if not hilarious debut next Monday in Northville.

The Harlem Diplomats, Canada's version of the Harlem Globetrotters, will play the local faculty in the high school gymnasium. N club is sponsoring the game, which will begin at 8 p.m.

The Diplomats, rapidly becoming world renowned, recently played in Mexico, Cuba, Nassau, Brazil and Venezuela.

While playing before 200,000 fans last season, they compiled a 173 to 4 won-lost record. This season they're undefeated.

Featured are Dick Harvey and Goose, Jr., the court comedians, and Pete Russell, slick ball handler and tricky dribbler.

Junior High Gridders Win

Northville Junior High ended their football season with a blaze of glory by beating Novi Junior High 34-13.

Brad Conklin led the scoring for Northville with three Touchdown runs totaling 135 yards. On the first TD Conklin went 50 yards for the score. After picking up a Novl fumble he ran 70 yards for the second Northville score.

On a pass play from Steve Utley, Conklin ran 25 yards for his

third tally of the game. Dave Veresh of Northville went in for the fourth touchdown.

Brian Myers scored the fifth TD on an end reverse. Extra points were scored by Veresh, Mark Young and Conklin.

Novi was only able to get past the Northville defense twice. Doug Schoot and Dave Adema went in for the touchdowns for Novi. John Davey scored the extra point for Novi on a pass.

There's Two ! Players of Week

Two gridders share Player of the Week honors this week. They're Fullback Dave Boerger and End Steve Evans.

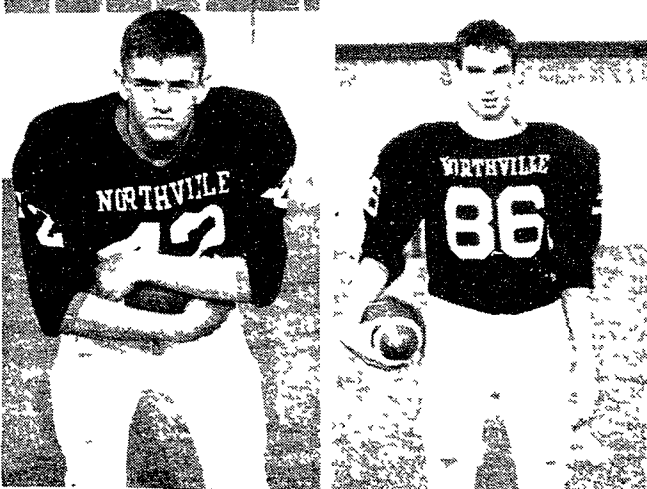

Boerger, who transferred to Northville last year, was instrumental in the Mustangs' victory over Brighton. It was he who bulled into the end zone from two yards out to start Northville's comeback in the fourth quarter.

And he put out "that extra effort" to give Northville its final TD. With the Mustangs attempting to "run out the clock," Boerger slashed over right tackle, broke away from two tacklers and raced 30 yards into the end zone.

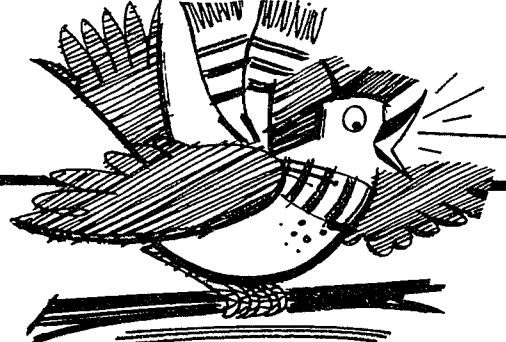

Dave, whose parents are the Reverend and Mrs. Charles Boerger, also lettered last spring in baseball.

At tend Evans gives Northville another flanker who puts his height to advantage (six-three) to grab passes over defenders' heads. He made a key reception against Brighton to give Northville a first down on the Brighton 21. Northville scored moments later to go ahead.

Besides his football accomplishments, Evans is a pitcher on the baseball squad and a forward-center on the Mustang cage team. A senior, Evans is the son of Mr. and Mrs. H. O. Evans of Woodhill.

Officials Cite Failure to Stop In Salem Deaths

Failure to heed a stop sign resulted in death for three Detroit area persons involved in a train-car collision Saturday, October 30, according to the Washtenaw County Road Commission authorities.

The fatality victims include: Paul M. Shapiro, 27, of Oak Park, and passengers in his car, 13-year old James P. Morris and 14-year old Wallace Struss, both of Detroit.

Shapiro and Morris died instantly about 4:15 p.m. when Shapiro's car went through the stop sign at a Salem township railroad crossing and was struck broadside by a locomotive moving at 55 miles per hour.

Shapiro's car was headed east on Six Mile road about 150 feet east of Pearl street in Salem village when the accident occurred.

Charles Raymor, 58, of 7894 Dickinson in Salem village, told authorities that he saw the brake lights on Shapiro's car flash on momentarily as it approached the crossing. He said the brake lights went off after a few seconds, and the car moved forward on to the tracks.

George Scarbrough, 53, the engineer of the Chesapeake & Ohio Railway locomotive involved in the accident, told Sheriff Douglas J. Harvey he was headed southeast on the tracks, with his locomotive pulling only a caboose. The engineer said he began sounding his warning whistle one-fourth of a mile northwest of the Six Mile road crossing.

Scarbrough said one of his crew pointed out the car approaching the crossing as the train came around a curve and headed toward Six Mile road. The engineer said he applied the brakes of his locomotive 500 feet northwest of the crossing at a point where a spur track enters the main track.

Wallace Struss, seated in the front seat beside Shapiro, was taken to University Hospital where he died.

A third passenger, Thomas Goldberg, 13, of Detroit, was released from University hospital after treatment.

Competition Keen in Quiz

With the football season coming down the home stretch and championships getting closer, the winners of the football contest are getting closer in their predictions.

Only one mistake, the Army-Air Force game, made Everett Greer, 40560 Six Mile road, Northville the winner of the week. The sophomore at Northville enters the contest every week but won for the first time.

This week most entrants missed the winner of the Army-Air Force game. All three of the winners picked Army. Other than doubting the ability of the Cadets other entrants had scattered losers.

The second winner of the year for the Bunn family with two wrong is Markay. The Bunn of 9791 Mathews road, South Lyon enter every week. Markay, 11, had the help of her brother John, 16 in this weeks entry.

Third place with two wrong goes to Ron Asher, 453 Grace street, Northville. His entry this week was his first for the season and a winner. Asher was closest on the breaker, but still 21 points wrong.

Among the six who had two wrong this week was Lion's coach Harry Gilmer's daughter Fran. Miss Gilmer didn't give Green Bay credit for a very strong defense she picked Detroit 27-17. Her father's team won, but by a 12-7 score.

from the PASTOR'S STUDY

Father Edward Battersby, Pastor
St. Joseph's Church, South Lyon

It is now a very long time since Robert Burns, the great Scottish poet, wrote "If we could see ourselves as others see us, it would from many a blunder free us." Though written long since, the simple truth of the words remain.

Perhaps the poet had in mind the admonition of Christ to be more conscious of the beam in our own eye before we concern ourselves with the mote in the eye of our neighbor.

Any writing mirrors the author, reflects the personality, exposes the inadequacies of the writer. Being conscious of this fact and fully aware of the truth of our Lord's and the poet's warning, articles continue to be written. Though the pen may be mightier than the sword, it does not cut so clean, and is itself a dangerous double edged weapon.

We hear on all sides a clamor for peace. It is right we should, for we do not live in peaceful times. This may be true because we seek this elusive blessing in the wrong places and in the wrong way. Like any other virtue, peace must have a firm foundation if it is to endure. Christ reproached the house built on sand. Peace to be effective must be built on peaceful individuals. To qualify as a peaceful individual we must first of all be at peace with ourselves. If we do not possess this first requirement, our efforts to bring peace to others can only result in activities reminiscent of Don Quixote's "Tilting at Windmills."

In the age in which we live it is not easy to be at peace with ourselves. This, perhaps, occurs from insufficient knowledge of ourself. We cannot come to know ourself if we are constantly distracted. We live in a world of distraction. Our

culture is becoming one of distraction. Our advertising, our entertainment, our literature sometimes even our religion is calculated to distract. We have truly become "People A go-go."

It is not too far fetched to assume that Christ had this thought in mind when he invited His disciples "to come aside with me". Spiritually, physically, psychologically such withdrawal from the distractions of everyday living is vital. It is through such a method that peace within the individual can be attained. On another occasion Christ rebuked those

who criticized the apparent indolence of Mary -- "Martha, Martha you are busy about many things -- Mary has chosen the better part --".

It is impossible to attain personal peace if our physical activity runs constantly ahead of thought and spiritual processes. We cannot give what we do not possess. To bring peace to others we must first be at peace with ourselves.

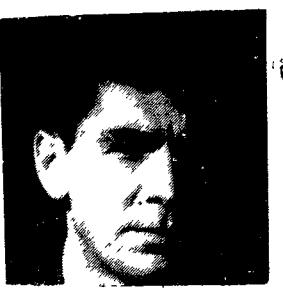

How wise than are we if we cease occasionally, at least, the frantic pursuit of the world. Think seriously of the invitation of Christ -- "come aside with me --".

Grandma baked pies today and we had a good laugh together over the story she used to tell me as a little girl of a lady who baked pies and marked them to tell them apart. Half she marked T M for 'Tis Mince, the others T M for 'Tisn't Mince.

It's such fun having Grandma live in our house. Her stories of the old days, her understanding humor, and her joy in living spark our lives. She needs no label. That she's a Christian glows in everything she does. No matter what the circumstances, she meets people and situations with love and goodness. Full credit is hers, that none of the problems that we feared when she came to live with us have developed.

Yes, I'd say Grandma has rubbed off on all of us. We all go to church now and we're much happier because of it. We've learned from Grandma that happiness comes from doing good and loving God.

Why don't you go to Church and take your family with you?

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are:

(1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We can keep you in hot water.

In fact, we guarantee it!

SATISFACTION GUARANTEED
BY
DETROIT EDISON

An electric water heater is for the people who don't like to run out of hot water. We're so sure you'll like one, we guarantee your satisfaction -- for a whole year! What do we mean by satisfaction? Simply this: If you don't get all the hot water you want, when you want it, you get all your money back, including any you may have spent on installation. And it doesn't matter where you bought your electric water heater. The Edison guarantee still applies. No strings attached. Fair enough?

EDISON

P.S. Average-size families with electric water heaters pay as little as \$3.88 a month -- a standard rate -- for hot water. How much are you paying?

NOVI HIGHLIGHTS

by Mrs. H. D. Henderson
FI 9-2428

Mrs. Glen C. Salow was honored at a retirement luncheon by Mrs. George Atkinson and Mrs. Francis Denton at the Atkinson home on Fonda street last Saturday. The ten guests were teachers and retired teachers with whom Mrs. Salow had worked in the Novi Schools. They came from Livonia, Plymouth, Ypsilanti and Novi.

Sunday visitors at the home of Mrs. George Atkinson were her nieces and family, Mr. and Mrs. Archie Woodall and children of Detroit, also Mrs. Atkinson's nephew, James Hagle of Port Huron.

Kay Gillett and Stan Gillett, cousins attending Michigan State university came home to spend the weekend with their parents, Mr. and Mrs. Vincent Gillett and Mr. and Mrs. Victor Gillett for the first time since registering at MSU.

Mr. and Mrs. Erwin F. Geppert and daughters Noel and Sue spent the weekend in Manistee. Noel was maid of honor at the wedding of her friend, Laurie LaFur and Darrell McCaslan Saturday afternoon. On the way home Sunday they stopped at Grand Lodge to visit Mrs. F. Geppert's aunt, Mrs. Bessie Loomis.

Mrs. Cecil LaFond, who is division chairman of Lyon township United Fund drive, and her husband attended the victory celebration of the U.F.F. at the Statler Hilton ballroom in Detroit last week.

Houseguests of Mrs. Marie LaFond last week were her sister-in-law, Mrs. Donald LaFond, and her cousin, Mrs. Francis Washbrook from Windsor. Expected company this week are Mr. and Mrs. Edward Klopinski and children of Delta Junction, Alaska. Mrs. Klopinski is Mrs. LaFond's niece.

Mrs. Hiram Holmes and daughters, Mary and Jo Ellen Steinberger were luncheon guests of Mrs. John K. Klaserner in Plymouth last Friday. The occasion was a birthday celebration honoring Mrs. Holmes.

Sunday guests at the home of Mr. and Mrs. John K. Klaserner were Mr. and Mrs. Clarence Otto and son, Jeffrey, of Lima, Ohio who are relatives of Mr. Klaserner.

Mrs. Hildred Hunt, Mrs. Otto Rexin and Mrs. Clyde Wyatt attended the annual National Farm Bureau meeting in Lansing Tuesday. They attended a luncheon-center meeting at Kellogg Center.

After Fire

Farm Crest Back in Business

Farm Crest Farms Dairy was back in business at its Six Mile road site this week.

Employees began immediately after last week Tuesday's devastating \$100,000 fire to restore operation of the dairy, which was saved. And crews began hauling debris from the re-

mains of a 200-foot stanchion and storage barn which burned from its east end to within 30 feet of its west end.

Firemen controlled the blaze at this point to save the adjoining dairy. The smaller of three silos was pulled down and the two remaining tested for possible

use. Jim Angevine, plant manager, said that the bottling operation resumed Thursday at 1 p.m. Although firemen earned his praise for stopping the fire short of the dairy, lack of water and electrical service caused the two-day shutdown. Some 1200 gallons of

milk were shipped to other users and 450 gallons soured during the down period.

All 106 of the cattle were transferred to the George Chapman farm in Salem the night of the fire and are now housed on the Chris Nielson farm at Meadowbrook and 10 Mile road.

Cause of the fire has not been officially determined. Arson was suspected late last week.

Investigation was made of a man reported to have been in the area at the time the blaze started, but polygraph tests have proven inconclusive, according to Wayne County Sheriff's deputies.

CLEAN UP—Crews were hard at work cleaning up debris at the Farm Crest Dairy barn on Six Mile road Friday. Gaping at left is the remains of a once 200-foot long stanchion and storage barn. Firemen controlled the blaze at this point and saved the adjoining dairy.

In Uniform

FORT KNOX, KY. - Pvt. Thomas E. Bongiovanni, son of Anthony F. Bongiovanni, 223 S. Wing, Northville, completed a radio course at the Army Armor Center, Fort Knox, Kentucky, November 5.

During the course Bongiovanni received instruction in basic radio

theory and was taught the Morse code.

The 22-year-old soldier entered the Army in June 1965.

Bongiovanni is a 1961 graduate of Northville High School and attended Cleary College, Ypsilanti.

Put ZIP In Plate Application

Northville Postmaster John Steimel today urged patrons applying for their 1966 motor vehicle license plates to include their ZIP CODE in the space provided for on the 1966 application form.

"Including the ZIP Code will greatly reduce the number of steps usually required in sorting and distribution of the plates by the post office under the old system. ZIP Code will, therefore, not only expedite handling of the 1966 plates but will also insure speedier delivery to the patron," Postmaster Steimel said.

The ZIP Code for Northville is 48167.

Schoolcraft Announces
Night Class Registration

Students will register for the second semester of the Schoolcraft Evening College January 3, 4 and 5, 1966, according to Dr. Dell Reed, Dean of Academic Instruction and Director of the Evening College. However, students are being counseled now and are making class selections for the new semester which will begin classes on Monday, January 10, 1966. Students planning to enroll in the college for the first time in January are encouraged to complete the application for admission as soon as possible. All students are encouraged to make appointments with the Office of Student Affairs to meet with counselors to select the appropriate classes for the second semester.

A broad selection of classes, both technical and academic, is available to the evening students. Courses offered for the first time in the evening include Advanced Metallurgy and Heat Treat, United States History, Calculus, Logic, International Relations, and Qualitative Analysis.

Further information pertaining to course offerings and admission can be secured at the college any week day and any evening except Friday by going to the Office of Student Affairs.

"Nearly 1,000 students are enrolled in the first semester session," Reed said, "And an equal number is expected to register for the session opening the first week of January, 1966."

After Fire

Farm Crest Back in Business

Farm Crest Farms Dairy was back in business at its Six Mile road site this week.

Employees began immediately after last week Tuesday's devastating \$100,000 fire to restore operation of the dairy, which was saved. And crews began hauling debris from the re-

mains of a 200-foot stanchion and storage barn which burned from its east end to within 30 feet of its west end.

Firemen controlled the blaze at this point to save the adjoining dairy. The smaller of three silos was pulled down and the two remaining tested for possible

use. Jim Angevine, plant manager, said that the bottling operation resumed Thursday at 1 p.m. Although firemen earned his praise for stopping the fire short of the dairy, lack of water and electrical service caused the two-day shutdown. Some 1200 gallons of

milk were shipped to other users and 450 gallons soured during the down period.

All 106 of the cattle were transferred to the George Chapman farm in Salem the night of the fire and are now housed on the Chris Nielson farm at Meadowbrook and 10 Mile road.

Cause of the fire has not been officially determined. Arson was suspected late last week.

Investigation was made of a man reported to have been in the area at the time the blaze started, but polygraph tests have proven inconclusive, according to Wayne County Sheriff's deputies.

CLEAN UP—Crews were hard at work cleaning up debris at the Farm Crest Dairy barn on Six Mile road Friday. Gaping left is the remains of a once 200-foot stanchion and storage barn. Firemen controlled the blaze at this point and saved the adjoining dairy.

FORT KNOX, KY. - Pvt. Thomas E. Bongiovanni, son of Anthony F. Bongiovanni, 223 S. Wing, Northville, completed a radio course at the Army Armor Center, Fort Knox, Kentucky, November 5.

During the course Bongiovanni received instruction in basic radio

theory and was taught the Morse code.

The 22-year-old soldier entered the Army in June 1965.

Bongiovanni is a 1961 graduate of Northville High School and attended Cleary College, Ypsilanti.

Put ZIP In Plate Application

Northville Postmaster John Steinel today urged patrons applying for their 1966 motor vehicle license plates to include their ZIP CODE in the space provided for on the 1966 application form.

"Including the ZIP Code will greatly reduce the number of steps usually required in sorting and distribution of the plates by the post office under the old system. ZIP Code will, therefore, not only expedite handling of the 1966 plates but will also insure speedier delivery to the patron," Postmaster Steinel said.

The ZIP Code for Northville is 48167.

Schoolcraft Announces
Night Class Registration

Students will register for the second semester of the Schoolcraft Evening College January 3, 4 and 5, 1966, according to Dr. Dell Reed, Dean of Academic Instruction and Director of the Evening College. However, students are being counseled now and are making class selections for the new semester which will begin classes on Monday, January 10, 1966. Students planning to enroll in the college for the first time in January are encouraged to complete the application for admission as soon as possible. All students are encouraged to make appointments with the Office of Student Affairs to meet with counselors to select the appropriate classes for the second semester.

A broad selection of classes, both technical and academic, is available to the evening students. Courses offered for the first time in the evening include Advanced Metallurgy and Heat Treat, United States History, Calculus, Logic, International Relations, and Qualitative Analysis.

Further information pertaining to course offerings and admission can be secured at the college any week day and any evening except Friday by going to the Office of Student Affairs.

"Nearly 1,000 students are enrolled in the first semester session," Reed said, "And an equal number is expected to register for the session opening the first week of January, 1966."

New State School Law Faces Court Test

LANSING — Church-state separation questions arose twice in the 1965 legislative session.

One involved Michigan's Amish community which wants to educate its children with its own teachers, who necessarily lack the requirements for state certification. Since Amish believe in no more than an eighth grade education, their teachers do not meet state standards.

The Legislature took no action on this but left the matter to the State Board of Education, which said the religiously-oriented people must send their children to a proper school.

The second question brought the lawmakers in more deeply. A law was passed, called the school auxiliary services law, which

apparently will now go through a full court test on the question of constitutionality.

At issue is the provision of state funds to local school districts which furnish a number of non-instructional services to private schools. Among these services might be street crossing guards, bus service, or special counselors for handicapped children.

The question of constitutionality was raised even while the bill was in the early debate stage, but proponents urged this be left to the courts to decide.

Legislators on both sides of the question thought they could satisfy all by specifying that their intent was to assist children as citizens rather than give public aid

to religious groups which operate schools.

By requiring school districts to supply these non-instructional services to private institutions if they are provided to public schools, many toes were stepped on.

A court test on constitutional grounds could easily put this bill aside for a long time.

The better part of the mountain of laws enacted this year will not become effective until some time next March, some 90 days after the session is formally adjourned in December.

Headline - getting legislation was just a small percentage of laws, most of which took effect immediately upon signature by the Governor.

Previous to the next session, some attention will be given to the other measures such as an important change in the motor vehicle code.

Reckless driving has long been a serious charge under the law and will remain so. In many cases it was difficult to prove and enforcement officers held back except in instances of serious injury accidents or repeated law violations.

This year the Legislature decided to carve a mid-step in the traffic code to provide an offense to be known as careless driving. It will describe violations essentially similar to reckless driving but of lesser degree of severity.

In the law careless driving is defined as operating a vehicle

on a highway or other public place, including parking lots, "in a careless or negligent manner or without the use of ordinary caution and prudence."

To distinguish between the two, reckless driving is defined as driving "in willful or wanton disregard for the safety of persons or property."

Whether the definitions will ease the difficulty of proof is very questionable, but lawmakers saw the change as a means of meeting more situations with greater equity.

A reckless driving conviction carries a mandatory minimum-maximum jail or fine sentence of 5-90 days or \$25-\$100. The maximums set under the careless driving section are the same, but

no minimum penalties are set. It happens every year and this is no exception. Michigan skiers again will have more winter resorts to choose from than ever before.

This year some 87 winter sports centers open will keep Michigan high on the state rankings in terms of ski area numbers.

Estimates are that the number of persons using the facilities for skiing, ice fishing, skating, tobogganing and sledding will also reach a new record.

Pre-season count last year was 85 winter sports areas in Michigan. This year the list shows three new centers, two which will be in their first full season, and two others are opening after being closed for several years.

Most areas of long standing seem to be increasing in business volume, as evidenced by several major expansion projects to add slopes, instruction programs, convenience equipment, eating facilities and lodging places.

Going into the 1965 season, 50 of the centers will be open daily; 42 will feature night skiing; 38 have snow-making equipment; and nearly all have some type of eating facilities. The lure to learn is also great. Equipment can be rented at 65 centers and 61 offer expert instruction.

The expansion of this business has been statewide. There are now 16 winter sports centers in the upper peninsula, 39 in western Michigan, 20 in the Eastern portion and 12 in the highly populated Southeast corner.

Some Ideas for Saving Tax Dollars

BABSON PARK, Mass. — It's time for a word of warning: Don't wait until the last few days of the year to think of ways to save taxes on 1965 income. Develop a careful, logical approach to this important subject... early, before the Christmas rush. And, while you are at it, consider the tax savings possible for a longer period than just this year.

There are many ways available to reduce taxes. We are not referring to "loopholes", or to any devious means of avoiding payment of just levies. The avenues open are specifically provided for by federal laws.

Although the federal laws apply in all fifty states, there are many variations in their application to each individual; and, of course, state tax regulations differ widely from one area to another. This is particularly true of savings to be accomplished by the proper application of laws covering gifts,

trusts, and wills. For your own protection, be sure to obtain the services of a lawyer especially trained and qualified in the above fields.

The few weeks remaining before the end of this year afford special opportunities for reducing your final tax liability for 1965. First among the most popular methods is the adjustment of capital losses against capital gains. If you already have capital gains you may want to sell assets, now held at a loss, to cut down your total liability. Remember that 50¢ of short-term loss (property held less than six months) can wipe out \$1 of long-term gain. But do not sell anything unless you have good investment or business reasons for it!

Savings from charitable, educational, and religious contributions are important during coming weeks. These come "off the top" ... whittling down the biggest tax bites in your upper brackets. These are deductible only if made to accredited institutions; no matter how great the need, individual gifts cannot be claimed. Sometimes "double savings" can be effected by making your contribution in property on which you have a big gain. You may even retain the original cost, donating just the appreciation. Thus, you as donor get credit for the gift and, at the same time, you escape paying the capital gains tax.

Single individuals with estates above \$100,000 and married people with assets over \$200,000 had better do some thinking about the big slice Uncle Sam will take when they die. For some, gifts within the exemption limits of the gift-tax law may be the answer. For others, certain types of trust can help save more for their heirs.

this year, some relief may be had by proper use of the gift-tax exemption. Each year, you may make tax-free gifts of up to \$3,000 to as many individuals as you wish; and if you are married, you can give double this amount. Remember, this is an annual exemption; so you have a few weeks left to make use of your 1965 gift-tax privilege. In addition to the annual feature, you also have a lifetime exemption from tax on a gift up to \$30,000 (\$60,000 if married) ... which may be made in lump

sum to one person, distributed to different individuals, or given at different times.

No discussion of tax savings could be complete without a reminder to be sure and make a good will. Even where the person involved may think he is too poor, much can be saved - if not in taxes - in human friction and misery. The laws of the states have strange ways of dealing with your property after you are gone. So, no matter how little you leave, be sure your wishes are carried out. And for this job you want a

legal adviser who is a real specialist in this field.

Finally, for those whose estates fall in the upper death-tax brackets, there are many tax-saving avenues open. If you have such a problem, ask a qualified lawyer about what an irrevocable trust may do for you. Also inquire of him about testamentary trusts, life insurance trusts, term trusts ... and about the Uniform Gifts To Minors Act. These are all ways that will help you do more for your loved ones with the funds you have available.

YOUTH PERFORMS—Northville Woman's club was entertained at its Friday meeting by several talented members of the high school. Top, the Jazz Band, which Director Bob Williams proudly calls "one of the most professional groups I have ever worked with," played five renditions ranging from "In the Blue of Evening" to "Tequila". Right, Miss Nancy Shafer donned an appropriate costume for her humorous reading as a part of the forensic department portion of the program. Also on stage that day was a girls' triple trio.

Missionaries Learn in Wixom

First Baptist church of Wixom is helping in the training of missionaries.

Working under the direction of the Rev. Robert V. Warren, are two missionaries from the International Interiors Inc. of Farmington. For nearly eight months these interns will work with the pastor and do the everyday jobs of a minister. They are assigned jobs to do at the church that increase their background and improve areas in which they already have training.

Mr. and Mrs. Art Rhoads are the husband and wife team currently working at First Baptist. Both of them are assigned duties by Warren. They are now heading up the youth groups in the parish. Mrs. Rhoads helps with the secretarial work, and Rhoads even drives the school bus. Mrs. Rhoads is in charge of the Junior Church Worship Hour. In addition to these duties they are calling and canvassing the immediate Wixom area every afternoon. Warren explained that under the program the interns must put in a minimum 40-hour week.

These are some of the duties they perform to help the residing minister with during the three weeks that they are in Wixom each month. They also spend one week each month at the headquarters in Farmington learning how to handle the obstacles in the missionary field.

This year 125 missionaries are serving their internship in the Detroit area. Not all of the missionaries are Baptists, Warren said, some come from other denominations. The missionaries who come from Mission Boards throughout the country are paid \$15 per week, by the church. The church must also provide them with a place to live. In the case of the Rhoads it is \$30, per week since both are missionaries.

Warren further explained that this program also serves as a "weeding out process" for those who are not sure that they should work as missionaries, or find during that period that they are not suited for this type of work.

Both Mr. and Mrs. Rhoads are the children of missionaries. Rhoads' parents are working with the Marine Medical Mission in British Columbia. Rhoads also worked with the Indians there.

Rhoads attended Le Tourneau Tech in Longview, Texas, Northwest Tech Institute in Portland, Oregon, Flint Junior college, and Houghton College, New York.

At Houghton, Rhoads worked as assistant business manager of the college, head resident of the men's dormitory and the assistant dean of men.

Mrs. Rhoads was also graduated from Houghton college with a degree in English and Secondary Education.

While they are serving their internship the Rhoads are living in the home of Mrs. Edith Porter of Wixom, who is also a member of the First Baptist church.

Gerald and Mavis Reimer, of Winnipeg Manitoba, are serving their internship at the First Baptist church of Novi. After the program ends they expect to be assigned to the Greater European Mission in Austria.

SCHOOLCRAFT COLLEGE

PHONE 591-6400

18600 Haggerty Road (between 6 and 7 Mile Roads)

Livonia, Michigan

ANNOUNCES THE SECOND SEMESTER

Sixteen Weeks—January 6—April 27, 1966

COLLEGE SESSION

REGISTRATION: January 3, 4 and 5, 1966

Courses may be taken by those who wish to work toward the completion of a degree, who want to upgrade their occupational skills, or who want to continue their education for any reason.

WHO MAY ATTEND: All bona fide residents of the College District are eligible. The College District includes the School Districts of Clarenceville, Garden City, Livonia, Northville, and Plymouth. Non-residents may enroll at Schoolcraft College only after they have completed all parts of the matriculation procedure. This includes completion and return of the admission form, payment of the \$10 application fee, completion of all sections of the counseling examinations, and filing of high school transcripts, and transcripts for any college work completed previous to enrollment at Schoolcraft College. This must be done several weeks previous to registration at Schoolcraft College. Non-residents who are employed by industries or businesses which have branches in the College District whose employers are paying all or part of the tuition, are charged resident fees and may enroll as non-matriculated students. It is to the advantage of all students to be enrolled as fully matriculated students.

HOW MUCH DOES IT COST: Resident tuition is \$8.00 per semester hour plus a 50¢ per semester hour student service fee. The total non-resident tuition and fee is \$12.50 per semester hour. All students entering the College for the first time must pay a \$10.00 non-refundable application fee in addition to the tuition and student service fee.

HOW DO I APPLY: Evening College students wishing to accumulate college credit must complete all parts of the application and take the counseling tests. Details are included in the application materials. Applications may be obtained at the Admissions Office. This should be done immediately. (New students who have completed the application and have taken the counseling tests will be notified when they may make appointments to arrange courses with a counselor).

Applicants not wishing to accumulate college credit must make application and pay the \$10 application fee. These students do not take the counseling tests, and are limited in choice of subjects to those courses having no prerequisites or requiring specific levels of achievement or background. These students are encouraged to complete the application forms immediately, but may complete application forms at the time of registration.

SPEAKING for The Record

By BILL SLIGER

There's an unsolicited "letter to the editor" on this page that deserves special mention.

It's the type that restores your faith. Maybe the newspaper isn't alone; maybe it is important that the formality of announcing school board meetings is observed; maybe someone is reading our stories.

I'm referring to the letter from Arthur T. Miller. I don't know him, but I like the way he gets to the point.

In our page one story last week announcing the appointment of Ray Spear as assistant superintendent and E. V. Ellison as administrative assistant we purposely inserted the following:

"In other business during Monday night's meeting, which was unannounced to either the public or the press..."

We had hoped that someone would pick it up and, perhaps, care enough to respond. It isn't that we hadn't already let our displeasure be known to the proper authorities. It's just that you sometimes wonder at the effectiveness of the same voice shouting the same old story.

Now we have a partner... a citizen who thinks that public elected officials should conduct their meetings publicly. Private sessions on certain subjects are occasionally necessary. But never when official board action is to be taken.

If there wasn't a past history connected with last week's meeting, we might be inclined to overlook the incident.

When we've heard a philosophy expounded on the board that all decisions should be reached in private session and a harmonious front presented at public meetings with "hand-out" publicity releases for the press... or that illustrations of school building plans need not be published for public perusal because it's the board and not the public that must decide on detail of design... then we become alarmed that maybe this philosophy has lulled the board into a public-be-damned attitude.

For the sake of objectivity, however, it should be pointed out that there are two sides to every story.

And the explanation for failure to inform the press and invite the public was "forgetfulness".

The meeting was held without the press or public present, without the services of the paid secretary who normally takes notes at all public meetings -- just in the presence of the board members and the superintendent.

And it didn't occur to the board or superintendent that this was a private meeting. (One board member said this week, however, that he realized the session was private. He saw nothing wrong in taking action at closed meetings).

(Let's hope that the board doesn't forget that it must ask the public for additional operating millage next June to open our new schools).

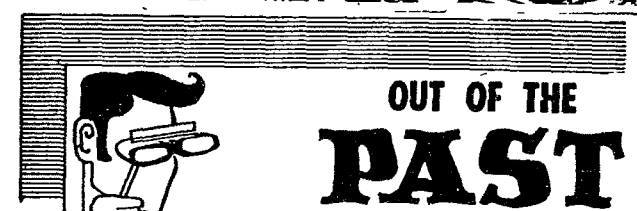

There's a page one story in The Record this week regarding a unique request from Livonia. The mayor of that fast-growing city has asked Northville township to let Livonia annex 10 acres so that a new population census could be requested.

It seems there's a law of some kind that provides for a revised census count if a city's borders are changed. And Livonia would stand to gain an additional \$600,000 annually in state revenue based on the growth of the community since 1960.

This recap is by way of getting around to the best reply I've heard to such a proposition. It came from Northville Township Attorney Edward Draugelis.

He advised the Northville board that Livonia should be reminded that there's more than one way to change its borders: "it could give up 10 acres to Northville".

Maybe Next Year

ONE YEAR AGO

Construction continues on Gulf Oil company's \$12.5 million petroleum redistribution center in Novi. The site on Grand River and Seely road will pump nearly eight million gallons of gas, and 4.5 million gallons of fuel oil into tanks on the 23-acre tract. This center will also include a truck center and office building will be the largest in Michigan.

Harry Himmelstieb, former owner of Braders dept. store died at his retirement home in Southern Pines, North Carolina. Himmelstieb, 70, was the owner of Braders from the mid-forties until his retirement in 1963.

Dr. Paul Lovewell, 59, died Friday in Detroit Osteopathic hospital. Lovewell, who was born in Northville, practiced medicine here for 30 years.

The Northville Board of Education told the Novi Board of Education to be prepared to teach its own tenth grade next year. Because of an overcrowded situation in Northville's high school, if Novi were to keep its 10th grade next year the load at Northville would be reduced by 80 students.

FIVE YEARS AGO

The Northville Economic Development Committee proposed that a permanent committee be established to promote industrial and commercial development in the community. The committee said an industrial tax base is urgently needed. In a "conservative" estimate, not including city and township taxes, the report stated that school and county taxes would increase to 170% of the 1959 levies in the next ten years. No attempt was made to project future city or township taxes. The study confined itself to the school district.

Although the nation voted Democratic at the polls Tuesday, Northville went Republican. The record 3,509 vote topped the 1956 record by 385.

Monday night the Northville city council voted to pay the Justice of the Peace a salary rather than fees. The salary was established at \$2,400 per annum, the justice now receives a \$3.50 fee for each case.

Almost 90% of all qualified electors turned out to shatter all voting records in Novi and Wixom. In Novi, a Republican stronghold, the voters went against the national and state trends and did

not vote Democratic. Wixom on the other hand went democratic.

Novi's Sure Shots enter their third year of activity. The purpose of the club, co-sponsored by the National Rifle Association and the Department of Conservation, is to reduce hunting accidents and to improve hunter safety.

FIFTEEN YEARS AGO

Record numbers of Northville voters went to the polls, Tuesday to give the G.O.P. candidates the most votes. Harvey Kelly (R) polled 1042 ballots compared to incumbent Governor G. Mennen Williams (D) 587 votes. In Novi a total of 1021 ballots were cast with Republicans winning there in all major offices.

Northville's optimist club presented the high school with the D. Harper Britton trophy. The trophy will go to the high school home room that gets out the most votes in the general election.

Northville's coordinating council is gathering information for the annual community calendar. All village organizations are asked to report their lists of officers and meeting dates to provide an accurate account.

Cub scouts will canvass the Northville area December 2-9 for the White Cloth Drive. The cloth, which is used for Northville area cancer victims, must be clean and white.

Delores Bell, 17, was crowned as queen of Northville high school at halftime ceremonies during the Northville-Plymouth game Friday.

Novi and Northville both maintained their republican stances in the Presidential and gubernatorial balloting. The report from the state Thursday gave Franklin D. Roosevelt the nod over Wendell Wilkie.

An intercity meeting of the Rotary, in which Milford joined Northville to hear the Honorable Elton R. Eaton describe the problems of crippled children in Michigan, was held Tuesday.

Julius Porath and Son, Northville, will enter nine purebred Belgian draft horses in the 1940 Live Stock show to be held in the Chicago Stock Yards.

Winter recreation program sponsored the First Annual Halloween Party for 200 Northville children Thursday. As a feature of the party the children were led through the business district by the Northville Drum and Bugle Corps.

Legionaries from the 17th District convened, Thursday evening in the Legion Home in Northville for the monthly district meeting.

Why Secret School Sessions?

Editor
The Northville Record
Northville, Michigan
Dear Sir:

I have just learned of the specially called, unannounced meeting of the Northville School Board on Monday, November 1, 1965. At this meeting two per-

Likes Action By Manager

The Chickens Come Home to Roost!

At the expense of twelve firefighters, with up to 25 years of service to the community, who resigned en masse in January 1964; and twelve police officers, with up to 12 years of service who resigned (two were railroaded out for bucking the clerk) between December '59 and July '65; "the chickens have finally come home to roost!"

At last it appears that we have a manager whose got some guts and good common sense.

Perhaps he can convince some of the uninformed and misinformed newcomers to our community to vote out some of that deadwood in the higher echelon and start moving progressively.

Well done, Manager Rehberg, and good luck - You may need it. Railroaded Out in '64"

Praises Work Of Firemen

To The Editor:

I wish to express my thanks to the many individuals and to the Fire Departments from Northville, Salem, Plymouth township, South Lyon and Lyon Township, for their very excellent cooperation and hard work in fighting the fire at Farm Crest Dairy last week. Also, to the various Police Departments for their assistance.

I should like to take this opportunity to let the general public know that the "Mutual Aid" system which has been developed between the various communities does a wonderful job. Because of this system and the excellent help from individuals in the entire area, the Dairy Plant and offices were saved.

I sincerely appreciate the efforts of all who were involved. Robert A. Haass, Owner Farm Crest Farms

sonnel positions were filled. I have no complaint about the filling of these positions. What bothers me considerably is the publicly elected body holding a secret meeting. Two questions are raised in my mind regarding this action by the School Board. Why was it necessary to hold this meeting without the public or the press being invited or even informed, and how many meetings such as this have been held in the past without the knowledge of the people or the press?

I feel that the Board of Education has a definite commitment to the people of this community. They are responsible to the people, and therefore, should inform the people immediately as to their

motives in holding a secret School Board meeting. Their reasons or their motives may be perfectly good, but how are we to know if we are not informed?

Very truly yours,
Arthur T. Miller

More Longhair Support

To the Editor:

We would like to add our views to the current controversy about long hair for males. It seems long hair is considered immoral and indecent. Perhaps some people forget long hair has a longer and more honorable history than

that this group held a meeting discussing public problems and questions of school policy and you were not invited to attend that meeting and had no opportunity to report the facts first hand?

EDITOR'S NOTE - It bothers us.

Reply to Book Fee Letter

To the Editor:

I have waited to answer the letter on "School Book Fees", this long for I am hopeful by now you have investigated the situation and had your questions answered.

I was happy to find that there are, and I hope always will be, parents who are interested in these problems. Two years ago I also wanted this same question answered and I proceeded to write a letter to Mr. Spear, and as busy as a man could have been at that time just starting into a new school, he said, to get in touch with as many parents who had voiced their concern on this. Out of all, I was the only one that appeared. Their concern for their pocket book was no greater than their time.

This does not answer although any of your questions. To my understanding, several years ago the people of Northville voted against the Board of Education furnishing the Elementary schools with books, these were to be rented, but they were to supply

the Secondary's. The public may request this change and have it appear on a June ballot. Whereas the Board of Education will furnish these books out of the General Fund. The General Fund is made up of your Taxes and State Aid.

There then is a chance, if it is voted on, that there would be an increase in your taxes, let's say, one half to one mill, for the Board of Education to furnish these books. Now then, to get these books back in shape and brought up to date, it is costing about 12 dollars for a first grader, around \$20 for a third and \$21 for a fifth, if YOU paid full price. As you can see it is a lot less to rent than to buy. The home owner, now feels that they are taking the brunt of the whole rebuilding system, but do not forget the renter and trailer who is also participating.

Now both systems stand before you. Again it is up to you. I am wondering if you will do anything for or against this, or wait and have it done for you. The seedlings have sprouted now stand together and take care of them.

Thank you
Mrs. B.C.

Many times it seems to us each child must fit into some sort of niche, or take part in some activity the school offers. If there is nothing the child is interested in, he is labeled oddball. And we should all admit, that in our college-oriented system, there just is not something for everybody. The boys under direct fire have been no behavior problem to the school only as regards their hair, which we consider a problem the school has made for itself, and which in fact has been magnified anyway. We feel the school should direct its energies to more important things, instead of this type of trivia.

It has become fashionable to be tolerant of those different than ourselves in regard to race and religion. It now remains for us now to become more tolerant of those the same as we.

Now! '66 Chevelle Malibu by Chevrolet

'66 Chevelle Malibu Sport Coupe (foreground) and new 4-door Malibu Sport Sedan.

Two racy new hardtops

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevies in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle. Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.
