

# Tyler Urges City-Township Consolidation

In a letter submitted to The Record this week a Northville township board trustee calls for joint effort by city and township to solve mutual needs and encourages appointment of a study commission "to effectuate consolidation of the City and Township of Northville".

Wilson Tyler, a banking official and resident of 19772 Meadowbrook serving his first term on the five-member township board, declared in his "seasoned

wishes" letter that he believes "one government for the area would be most advantageous and desirable ...".

Tyler's letter strikes at an area of sensitivity that has existed since the incorporation of Northville as a city in 1956. A previous attempt at incorporation with boundaries wider than the present limits failed in Northville and many of the "battle wounds" inflicted in those elections still remain unhealed.

The complete text of Tyler's letter follows:

A Township Trustee's "Seasoned" Wishes --

That in 1956 and thereafter all Northville city and township people will resolve to cooperate and participate in joint efforts and in area efforts to bring about solutions to our mutual needs for: police protection; fire protection; refuse disposal; water distribution; and, other needs developed as these are satisfied.

"That our frame of reference will be associated more frequently with our most common (most expensive, too) interest - school district area.

"That our frame of reference be open to considerations of area solutions where the common need is not in fact confined or limited by political boundaries and where a more prompt, economical, and efficient service operation is possible through such a solution.

"To the extent we accept and

take positive action we shall be: looking and moving forward - not standing still or moving backward; economizing - not wasting in defense of a status quo; consolidating - not fragmenting; accomplishing - not dreaming; satisfying needs - not looking for assistance.

"To the extent this is all or partly done we will be taking action to bring about ONE government for the Northville area. This may be a cherished dream

of some, repugnant to others. This public servant believes one government for the area would be most advantageous and desirable from the standpoints of finance, service administration, future enjoyment and use of the area by individuals and businesses, and future development of the area.

"Believing the future will bring no better moment for action, it also is my "seasoned" wish and recommendation that a study

commission take steps immediately to effectuate consolidation of the City and Township of Northville.

I shall be happy to learn of individual interests in this matter -- particularly as they may relate to desires to work toward accomplishment -- and Season's Best Wishes,

Wilson D. Tyler, Trustee  
Northville Township  
19772 Meadowbrook Road

## Edw. F. Angove Dies Suddenly

Edward F. Angove, a member of the Northville board of education, died suddenly Tuesday after suffering an apparent heart attack in Grand Rapids. He was 47 years old.

Funeral services will be held Friday at 2 p.m. at the First Presbyterian church. Visitation will be at Casterline Funeral Home.

Mr. Angove, who was division sales manager for Winthrop Laboratories, a pharmaceutical firm, was in Grand Rapids on business. He was found unconscious in his motel room Tuesday at

approximately 1 p.m. Reports received here stated that he was dead upon arrival at St. Mary's hospital in Grand Rapids.

Mr. Angove had lived most of his life in Northville, moving to the community in 1931. He was a graduate of Northville high school as well as Michigan State University. He was well known throughout the community for his interest in the school system. An avid sports fan, he attended nearly all of Northville's varsity games.

The Angove family had just recently moved into their newly constructed home at 18449 Donegal court in Edenderry subdivision.

Mr. Angove is survived by his wife, Louise (Alexander), and three children, Larry, 19, Mary Lynn, 13, and Ronnie, 10; his mother, Mrs. Percy C. Angove of 249 Hutton street in Northville; a brother, Robert L. of Bloomfield Hills; and a sister, Mrs. Murray Foster of Sylvania, Ohio.

Mr. Angove was born in Ionia, Michigan on April 23, 1918, the son of Percy C. and Eloise Salvo Angove. He was elected to the board of education in 1960 and has served as board treasurer. He was a member of the First Presbyterian church.

## Novi Gets Man For School Job

On again.

Novi Schools have again received word that Robert Young, superintendent of Freeland Community Schools, will accept the position of superintendent in Novi.

Board of Education President William McDermald in Novi announced Friday that following an executive session last week Young was offered an additional \$1,000 yearly salary.

Young telephoned his acceptance Thursday evening. He promised to visit the local school system Tuesday and to attend a special board session here Wednesday.

Young, 40, will replace Tom Culbert, who resigned during the summer, and relieve acting superintendent Gerald Hartman for full-time duties as high school principal.

He was the board's top choice

of 21 candidates interviewed in recent months and was a unanimous selection of the board in executive session, said McDermald.

Originally he was offered up to \$12,000 yearly salary. But when he declined the position last week after having accepted a week earlier, the enticement was raised to \$13,000 yearly. A 1-1/2 year contract to June of 1967 is offered.

Young had told the board in a letter declining to come that he had been convinced to stay at Freeland to continue programs begun during his administration there.

McDermald said that one reason the Novi board became enthusiastic about Young is that he was superintendent at Freeland during a time when that system went through a similar phase.

## City, Township Schedule Public Planning Hearings

Public hearings relating to future planning in both the city and township have been scheduled for January.

Both the city and township hearings come as a result of planning studies made under the federal government's 701 Plan, which provides grants to communities for such projects.

The hearings differ, however, in that the city hearing has been called by the planning commission, an advisory body, for the purpose of introducing its comprehensive or "master" plan. It does not employ any zoning changes and, after acted upon by the planners, remains for the city council to adopt either formally or "in principle".

The township hearing has been called by the planning commission at the township hall on Tuesday, January 11 at 8 p.m. It calls for introduction of a new zoning ordinance for the township. The township study also included formulation of a comprehensive plan, but this will re-

main as a plan for the future in which the proposed new zoning will serve as a tool towards accomplishment.

If the planners recommend the zoning ordinance, it must then go to the township board for formal adoption.

Three changes in the township's new zoning ordinance have

Offices will be open Saturday until 1 p.m. Advertising copy or news items may be telephoned to F1 9-1700.

## Downs Awarded 60 Race Nights

Northville Downs was awarded 60 nights of racing in a split-meet for the 1966 harness season.

The announcement was made by State Racing Commissioner Barry Beeman on Tuesday.

Northville Downs will open its first meeting on March 25 and close after 25 nights of racing on April 23. The sulkies will move to Wolverine Raceway in Livonia for 54 nights from April 25 to June 25 before returning to Northville for another 35 nights of racing from June 27 until August 5.

## Architect, Board to View School Building Ideas

Northville board of education took a look at the district's athletic program, heard a progress report on the hiring of two elementary principals and conferred with its attorney on elementary and junior high site purchase plans during a three-hour session with a full agenda Monday night.

A committee-of-the-whole session also was scheduled with the architect for 7:30 p.m. tonight to review teachers' recommendations and establish priorities for the elementary and junior high construction.

Board Attorney James Littell was instructed to complete plans for purchase of the Eight Mile road elementary site from the Salvation Army this month and to work with Thompson-Brown company toward acquisition of the Taft road junior high site after the first of the year inasmuch as the expansion bonds were scheduled to be signed December 2 with at least a portion of the money to be available then.

A barrier to purchase of the junior high site appeared to be removed as board Trustee Robert Shafer contacted acting City Manager Philip Ogilvie seeking abandonment of the Bernhardt sp-

ring water line easement through the property. The city agreed to abandon the right-of-way easement if the board and Thompson-Brown company would assist the city should a suit ever result from such action.

In Littell's opinion the easement actually is abandoned now.

## Novi Voters OK Bonding

Novi school voters approved a \$735,000 bond issue Monday by a 2-1 margin, signalling the go-ahead for building expansion which will allow high schoolers to enroll in that district.

A light turnout of 371 taxpayers cast 254 votes YES and 117 votes NO.

Construction is expected to begin next spring on additions to the existing Taft road junior high school which will make it a junior-senior high school for up to 650 students.

The expansion will allow Novi students to phase out of Northville schools during the next three years.

## It's Vacation Time

Christmas vacation will begin for most area children about noon December 23 with a few being dismissed a half day earlier, at the close of school December 22.

Northville junior and senior high school students will be dismissed at 11:15 a.m. next Thursday with elementary pupils dismissed at noon. Classes will resume at regular hours January 3. Northville administrative school offices will be closed Decem-

ber 24, 25, 26 and 31 and January 1 and 2.

Pupils at Our Lady of Victory Catholic church school also will be released at noon December 23 to coincide with public school bus schedules. Classes also will resume there January 3.

Classes at St. Paul's Lutheran school in Northville will be dismissed for Christmas vacation at 2:30 p.m. Tuesday, the end of the school day and will resume at regular time January 3.

## Doris Day Look-Alike Wins 1400 Tickets

Carol Louise Jones, daughter of Mr. and Mrs. A. E. Jones, 43550 Six Mile road, Northville, looks a lot like Doris Day to movie promoters - but to Northville junior and senior high school students she must be Miss Santa.

As one of two Detroit-area winners in a Doris Day look-alike contest Carol has been awarded a special preview showing of Miss Day's new movie, "Do Not Disturb," at 1:30 p.m. Thursday, December 23, at the Mai Kai theater in Livonia.

She has given the 1400 seats for this performance to the Northville board of education to invite students in grades six through twelve and their par-

ents to attend the showing.

With the Northville junior and senior high schools recessing at 11:15 a.m. that day students may attend the movie merely by presenting themselves at the theater.

Carol was faced with the problem of what to do with 1400 seats after her mother entered her picture in the contest, which she heard on television. She submitted a picture taken by Mrs. George Jerome in 1963 when the Michigan State college senior's hair was shorter than it is now. The picture reveals that blonde Carol, like Actress Day, has freckles.

Carol, who is just 21, was amused, her mother relates, when she mentioned she had

entered the contest. She was unbelieving when Mrs. Jones called East Lansing to report she was a winner.

Even with lots of friends it's hard to fill an entire theater. When it also became apparent that there might be a tax situation with a private showing, the Jones family decided to extend the Christmas time invitation to Northville students and their parents.

It seemed appropriate, too, to give the gift to the school where Mr. Jones serves as athletic director.

So, from the Jones family -- and probably Doris Day -- it's Merry Christmas at the Mai Kai December 23.

"Doris Day"

## Ask 35 Acres To Join City

A request for annexation of a 35-acre township parcel to the city of Northville will come before the governing bodies of the city and township at their respective meetings on January 3 and 4.

The action is being taken to permit construction of a proposed \$10 million development of homes and apartments by the Thompson-Brown Company in the vicinity of Eight Mile and Taft roads.

Through James Littell, attorney for Thompson-Brown, both the city council and township board have been approached on the matter. The bodies have been asked to permit the annexation by joint action, thereby removing the necessity of a special election.

Robert H. Carey, president of Thompson-Brown, has given township officials assurance that lots in the 35-acre will exceed original 90 by 125 foot dimensions, even though the latter size exceeds the requirement of present township zoning.

New plat designs were drawn by Thompson-Brown to meet township board requests and have met with approval of both city and township officials.

Attorney Littell said that the formal petitions for the annexation would be filed with the city and township this week. The matter will appear on the city's January 3 agenda and at the January 4 meeting of the township.

Township Supervisor R. D. Merriam stated that board members have met with residents of Taft Colony and explained development plans.

Annexation to the city is necessary so that the homes can be served with water and sewer facilities.

The new Thompson-Brown project will introduce the "cluster" or "open space" concept of development. The apartments will be located at the northwest corner of Taft and Eight Mile while the homes north of Eight Mile will be divided from the multiple dwellings by an open-area park.

This kind of development permits dwelling units to be constructed in clusters surrounded by open space rather than the traditional requirements of so many square feet per building lot.

Thompson-Brown expects to complete subdivision improvements in 1966 so that construction of models can begin early in 1967.

Specifically, the 35 acres lies on the south side of Eight mile road just west of Taft. It adjoins the Taft Colony subdivision in Northville township.

Altogether, Thompson-Brown has acquired some 135 acres from Mrs. Gerald Taft and has submitted plans for a development of 225 homes plus an equal number of apartment dwellings.

The major portion of the development, 100 acres, lies to the north of Eight Mile road in the city.

Only single dwelling residences will be constructed on the south side of Eight Mile. Some 75 lots are platted in this area. Five of the 35 acres have been offered for purchase to the First Methodist church for a possible new church edifice.

Township officials have indicated a willingness to cooperate with the request providing certain safeguards are initiated for abutting township re-

## Northville Bell Going to College

One of Northville's old school bells will go to Schoolcraft Community college this Christmas season as a gift of the Northville board of education.

Action was approved Monday night by the Northville board at the request of Dr. Gordon R. Forrer, Schoolcraft trustee whose letter pointed out that Northville was the only district of

the participating districts which make up the college district not represented on campus by a bell.

The action was able to be taken as Elroy Ellison, administrative assistant, located the lone bell still remaining from earlier schools. He reported that Mrs. Margaret Tege confirmed a bell still was hanging in the building now being used for Northville township offices.

## Fall Injures Eugene King

Eugene King, former Northville chief of police and recently appointed administrative assistant for the city, is recovering at St. Mary hospital from injuries received in a fall at his home.

King suffered severely torn

muscles in his back when he fell on the backdoor stairway to his home. He was hospitalized Tuesday evening, December 7 and is expected to remain in the hospital until the end of next week.

**Mr. and Mrs. Thomas Long  
Open House to Honor Newlyweds**

A ceremony in the Seneca, South Carolina, Presbyterian church at 4:30 p.m. November 26 united in marriage Carol Ann Smith and Thomas Edward Long of Northville.

The bridegroom's parents, Mr. and Mrs. Glenn C. Long, will honor the newlyweds at an open house from 3 to 7 p.m. this Sunday at their home at 411 East Baseline road.

At the wedding Mr. Long served as best man for his son. The Reverend Cantey C. DuBose, Jr., of Atlanta, Georgia, officiated.

The bride, daughter of Mr. and Mrs. Garland Smith, was given in marriage by her father. Her gown of imported peau de soie was embroidered with seed pearls and teardrop crystals. It was styled with a scoop-neck bodice and a raised waistline from which a floating front panel and cathedral train, both edged in beading, extended. The elbow-length veil was gathered through a high open crown of crystals and seed pearls. She

carried long white roses and orchids.

Mrs. L. C. Barefield of Columbus, Georgia, matron of honor, and Miss Kathy DeVita, of Charlotte, North Carolina, maid of honor, wore long gold chiffon gowns with underlay bodies of Chantilly lace. Headpieces were gold peau de soie bows with gold illusion veils. They carried bronze chrysanthemums.

Bridesmaids in similar attire were Miss Rebecca Cumbie of Central, Mrs. Charles Chastain, Miss Elizabeth Hudson, Miss Teresa Richardson, all of Seneca. Pamela Franklin of Cornelia, Georgia, cousin of the bride, was flower girl.

Ushers were the bridegroom's brother, James Long; James Rufner, Dikran Ornekian, John Hostetter, all of Clemson university; Ed Lewis, Birmingham, Alabama; and Michael Smith of Seneca, brother of the bride.

The bridegroom is a senior at Clemson university where he is a member of the Block C Athletic Club. The bride is a grad-

uate of Brenau Academy, Gainesville Georgia, and attended Limestone college in Gaffney.

The brides parents entertained at a reception at Oconee country club following the ceremony. Following a trip to Gatlinburg, Tennessee, the newlyweds are making their home at 15-R Mills road in Clemson.

CHRISTMAS IS getting together with friends and filling the home with the greens and other decorations of the season. In this Yuletide spirit a group of neighbors on Reservoir road in the hilly area of Northville road and the Hines parkway have planned a Christmas Walk for next Monday morning.

Because residents were creating Della Robbia wreaths and other special decorations, the idea of a neighborly "walk" to view each other's efforts was born. Its originator Mrs. Walter Gall has invited the group to her home at 16441 Homer afterward for a potluck luncheon. She is being assisted by Mrs. Cass Hoffman, Mrs. Charles Clark and Mrs. William Switzer.

A HOLIDAY OPEN HOUSE was given last Saturday evening by Mr. and Mrs. Walter Couse at their home at the end of Edenderry road. Guests were neighbors who have moved into Edenderry during the past two years.

The greens are up at the home of Mrs. Orin A. Hove, 18395 Pinebrook drive, who will entertain 24 guests for luncheon this Friday. These will

be Mrs. Hove's fellow volunteer workers at Northville State hospital. Co-hostesses will be Mrs. Thomas Lovett and Mrs. Larry Robertson.

In her decorating theme Mrs. Hove is using vigil lights and the wooden Swedish cookie tree her husband created last year. It is hung with fresh lady apples, straw ornaments and decorated cookies.

A FAREWELL open house at the home of the Crispin M. Hammonds, 47100 Timberlane, December 5 was attended by almost 100 friends of Willis and Ruth Stafford who left Northville last week to make their home in Roselle, Illinois. Among church, city and township friends and officials attending were the Bruce Potthoffs of Birmingham. He was a former Northville City manager.

Northville also will be losing another active family as Mr. and Mrs. Leland Mills of 314 Dunlap are making plans to move to the West Chicago area in January. The Mills' now are house-hunting there as Mr. Mills already is working in Villa Park. While Mrs. Mills admits she will miss her music interests here, she says she is looking forward to associations in Chicago where she formerly studied.

A CHRISTMAS TEA for the Sarah Ann Cochran chapter, Daughters of the American Revolution, will be given at 1 p.m. Monday at the home of Mrs. Carl Bryan, 726 West Main street.

A program on American Music will be presented by Mrs. Roland Bonamici, guest speaker. Hostesses who will assist Mrs. Bryan are Mrs. George Zerbel, Mrs. Norman Saunders, Mrs. Edmund Snyder and Mrs. Frederick Campbell. Members are invited to bring guests.

A MUSICAL CHRISTMAS PARTY was given by Mrs. W. G. Williams Saturday afternoon at her home at 446 Eaton drive for her 20 piano students. After performing for each other they played a musical game and had refreshments.

Mrs. Williams' students are Mary Stephens, Sheryl Schwendemann, Leslieanne Brasure, Margaret and Judy Morse, who played a duet, Janet Ogilvie, Kim and Jeff Davis, Mary Lou Langtry, Mary Hanley, Roberta Day, Judy and Mike Bogart, Prudence Hartt, Cathy Mapes, Sarah Horner, Carol Weber, Gregory Freydl, Nancy Weidner and Ruth Kester.

FOR THEIR CIVIC Christmas stocking Northville residents are adding to my request for yellow parking lot dividers: a library drop box (Mrs. Alexander Nelson) and a mail box drop for cars directly across the street from the post office on the east side of Wing street.

Mrs. George Jerome also has a practical gift suggestion born of sad experience: she suggests that women who customarily wear dark clothes be given white scarves to wear at night. (Mrs. Jerome's mother was hit by a driver as she was crossing a Northville street at night last week.)

# Woman's Club to Hear Of Christmas Folklore

Carols, customs and legends of Christmas will be retold by Dr. Haydn Morgan of Ann Arbor as a highlight of the annual Christmas tea to be given by Northville Woman's club at 2 p.m. Friday in the Northville Presbyterian church fellowship hall. The program also traditionally honors new members.

Six new members will be welcomed officially by Mrs. William Crump, president, and will receive holiday corsages from

Mrs. E. V. Ellison. They are Mrs. Ward Hummel, Mrs. Harold Lane, Mrs. William Switzer, Mrs. Alexander Nelson, Mrs. Richard Cooper and Mrs. Robert E. Vick.

Mrs. Paul Beard, program chairman of the day, will introduce Dr. Morgan, who will be accompanied by his wife.

Born of Welsh parentage in Van Wert county, Ohio, he holds B.S. and M.A. degrees from New York university and an honor-

ary L. H. D. from Findlay college in Ohio. He served as head of the department of music at Eastern Michigan university from 1941 to 1963. Prior to that he served as supervisor of music in Findlay, Buffalo State Teachers college, New England Conservatory of Music in Boston, Harvard university and University of Southern California.

A member of the American Society of Composers, Authors and Publishers; Michigan Composers club and American Choral Directors association. Dr. Morgan has had more than 100 choral compositions and cantatas published.

He served as conductor of the Orpheus club of Detroit from 1953-63 and has been active as adjudicator and conductor of festivals for the Michigan State Vocal association.

Tea arrangements and decorations are under the chairmanship of Mrs. E. O. Weber and Mrs. John Walker, assisted by Mrs. John Stuybenberg, Jr., Mrs. John F. Brown and Mrs. Hugh McKay.

# Baptists Presenting Christmas Cantata

"A Song Unending," a Christmas cantata, will be the Christmas time candlelight presentation of the Northville First Baptist church choir at 7 p.m. Sunday in the main auditorium of the church.

The hour-long cantata will be under the direction of Dewey Gardner, accompanied by Miss Susan Berryman at the organ and Miss Joyce Stuckey at the piano. Wilbur Berryman is narrator.

The program will commence with a soprano solo, "Come Unto Me," by Miss Jo Ann Kitzman followed by a trumpet arrangement of Christmas music performed by George Berryman. Two vocal selections will be presented by the girls' trio composed of Miss Kitzman, Miss Sus-

an Berryman and Miss Renee Westphal.

Featured soloists of the cantata will be Miss Kitzman, Mrs. Audrey Westphal, sopranos, Mrs. Norine Berryman, alto, Donald Gardner, tenor, and William Sauber, baritone.

Other members of the adult choir include Adell and Susan Kluff, Marilyn McDaniel, Hazel McCoy, Gertrude Spradling, Ila Black, Miss Westphal, Clarice Behler, Shirley Custer, Janice Kitzman, Martha Kadey, Del Black, John George, Rick McCoy, Ray Westphal, George Casteel and George McDaniel.

Organist Gardner will present a prelude of Christmas music. The public is invited by Pastor Robert Spradling to attend this service.

Sure, SELF-SIZER Slacks Look Good

But wait till you try them on!

Smart slacks are plentiful, although you usually have to pay more for such fabrics and workmanship. But only patented SELF-SIZER is so sinfully comfortable. Relaxes when you do, expands with you, spoils you for anything else. The secret's in the exclusive construction... no snaps, buckles or rubber waistband! Made with belt loops or tab front, in young men's slims or regulars. Come on in, the comfort's fine!

### 1-Card of Thanks

A warm thank you for many cards, visits, flowers and gifts at the time of my accident.  
Rosa Maltop  
H50p

We wish to express our sincere thanks and appreciation to all those who have been so kind since the loss of our loved one, Vernon C. Loeffler. A special thanks to all police departments, Pastor Barnes, Novi Fire Dept., business people of Novi, Fred Casterline and our neighbors.  
Dorothy Loeffler & Family

I would like to thank everyone who remembered me during my recent illness and stay at St. Mary's hospital.  
Johanna V. Funke

We wish to thank our friends and neighbors for their kindness in our time of sorrow; also the Methodist ladies for the lovely dinner and Rev. Kinde. Extra thanks to Casterlines.

Mrs. Grace Calkins  
Mr. & Mrs. George Calkins  
Mr. & Mrs. Kenneth Calkins

Thank you to the graduates of 1948 and friends for the contribution to the Methodist Living Memorial Fund. It is deeply appreciated.

The Family of Thomas R. Workman

**AN APPEAL TO YOUR GOOD JUDGMENT**

This is an appeal to the people in this area to use their COMMON SENSE in purchasing a new or used car. Like any business, we must sell our merchandise for slightly above, at or near our cost in order to survive and anything added to our cost must be passed on to the consumer. This means that the so-called FREE TELEVISION SETS, TRIPS, TURKEYS, or you name it, have to be paid for and you the customer are the one who pays, however, there are times when a business man must offer SPECIAL INDUCEMENT to sell their products and NOW IS THE TIME we at Berry Pontiac offer the finest selection of new '66 Pontiacs we have had for some time. We have the finest selection of the very best used cars in excellent condition, appearance and mechanical, and at the lowest possible prices not inflated with the cost of gimmick items.

When the spring market arrives there will be a greater demand for these cars and prices will rise substantially. If you need to replace your present car or feel the need of a second car, your good judgment will tell you to do it now at Berry Pontiac's low, low prices.

Remember, Berry Pontiac  
**DOES NOT GIVE YOU:**

FREE T.V. SETS (Which you pay for)  
FREE TRIPS (Which you pay for)  
FREE GIFTS (Which you pay for)

**BUT DOES GIVE YOU:**

1-THE FINEST SELECTION OF CARS  
2-THE LOWEST POSSIBLE PRICE  
3-THE VERY BEST FINANCIAL TERMS WITH MINIMUM DOWN PAYMENT  
4-SERVICE AFTER THE SALE  
5-THE BEST ALL AROUND DEAL

We wish to take this opportunity to wish you a very Merry Christmas and the best in the New Year.

# 'Give-away' Game Won by Northville

Who said basketball was an organized sport? Perhaps it is, but there was no indication of it last Friday night at Clarenceville where Northville and Clarenceville hooked up in a travesty on the game.

Players from both sides threw the ball away like it was a hot piece of merchandise. But Northville managed to hang on to it long enough to squeak out a 58-57 victory for its third straight this season.

How many turnovers were there? Nobody kept any game statistics on the number of violations and fouls, but Northville Coach Dave Longridge ventured a guess. "There must have been 9,000," he said, still non-plussed after the players had hit the showers.

And the game must have added as many years to Longridge's coaching life. His cagers were odds-on favorites to coast to their third win in a row, but it was anything but a foregone conclusion once the whistle had blown.

Make no mistake about it, Clarenceville was up for the Mustangs. The Trojans scrapped for

all they were worth, but in the final analysis, Northville, laden with superior talent, almost beat itself.

Only semblance of an organized attack took shape in the final quarter when Northville put its height advantage to good use and took a nine point lead, 50-41, with three minutes remaining in the game.

The comfortable margin was short lived. Again Northville resorted to its Barnum-Bailey tactics, throwing the ball away to give Clarenceville a comeback opportunity. The Trojans took advantage of it.

They outscrapped the Mustangs under the boards, getting the second shot in close to cut the margin to 58-55 with just 14 seconds left. Clarenceville's Dave Milarch then stepped to the line in a one-and-one situation, which 12 seconds later proved to be the turning point. He missed the free throw.

Northville Forward Mark Cushing nabbed the rebound, and passed out of danger, or so it seemed. With just two seconds showing on the clock, Cushing was

HONORED—Roger Kline, Jerry Inmland, Speaker Tony Mason, Doug Asher, Tom Baughman and Mike Turnbull.

# Banquet Honors Gridders

Football once again grabbed the sports spotlight last Tuesday night when the over 50 gridders were feted at the annual banquet held at the high school.

A capacity audience, composed of football players, their fathers and local football supporters applauded award winners and a fiery speech, delivered by Tony Mason, University of Michigan assistant football coach.

All-state End Jerry Inmland was given the golden ball as Most Valuable Player of the Year. The 6'3" senior broke every local pass receiving record the past season.

Lineman of the Year was Junior Guard Roger Kline, who, at 155 pounds, held his own with much bigger men. He was also a standout at defensive end.

For the record breaking second year in a row, Halfback Mike Turnbull was singled out for the Sportsmanship Award. He was especially rugged in the defensive backfield.

Receiving the Sideline Coach's Awards were Sophomore Tackle Doug Asher and Quarterback Tom Baughman. These are awards given annually by Hal Smurthwaite, an avid Mustang fan who resides in Bloomfield Hills.

Perhaps the highlight of the evening, and surely the most surprising event was the speech given by Mason that held everyone spellbound.

The swarthy, balding coach, spoke with the exuberance of a college football freshman and with the religious intensity of a revival preacher.

Not a pin dropped throughout Mason's speech, his 17th in the last 18 days. Tired though he may have been, Mason attacked his subject with vigor.

"What does success mean to you?" he bawled at the young people, his self declared audience. "Power, wealth... doesn't it count any more how success is achieved?" he asked.

He then went on to tell the things, he feels, add to a successful person. And he made it emphatically clear that the "ingredients necessary to make an All-American also make a good citizen."

First, he said, it takes spiritual soundness. "Be proud of your religion. Speak not against any man. Thank God for the chance to play football."

His two biggest thrills as a football coach? Not a victory or any one particular play. Mason cited the attitude of his players at the University of Michigan, who twice humbly bowed their heads in prayer before going on to victory. The first time, it was against Michigan State, the second before the Rose Bowl victory over Oregon State.

The second ingredient that makes for an All-American, Mason

said, was courage. "Courage isn't running into a brick wall; that's stupidity. Courage is having the strength of your convictions."

America needs men with courage, he intoned. "Men that are different, not radical. A person who can be a man and behave like one."

You must excel; he shouted, making his third point. "You-- must--win. There is no place for losers, he said.

His final point--"you must have respect." Respect your body, he declared, and it will take care of you. "Be strong physically, so you can be the best."

With added intensity, and with the calm assuredness of a man unashamed, he then urged respect for parents. "Fellows, they love you, they don't want you hurt," he beseeched those who might think their parents "square."

Another hush fell over the audience as Mason turned to the fathers, and said "When is the last time you've said, 'I love you? I love you, son,' he almost whispered. Pointing directly at the audience to single out the fathers, he said, "If you have to buy a car to gain his love, how does it feel to be a failure?"

Finally, he urged respect for "your girl."

His final words were followed by prolonged applause.

Master of ceremonies was Cliff Hill. The banquet was sponsored by the Northville Service club.

# Jayvees Continue To 'Press' for Wins

The sky's the limit, and Coach Bob Kucher's junior varsity cagers may just reach it. Early indications are that the Colts are higher than a kite now.

They've scored no less than 223 points in three games, which they have won in walks, or rather by running. That's Kucher's formula for winning.

His charges, employing the same tactic used by most college powers, press the opposition where it hurts -- to lose the ball, that is. And that's in the opposition's back court.

One mistake is fatal there, especially with Kucher's cagers around. Time after time, the Colts have harried opponents into making bad passes, and that done, a Colt merely intercepts and scores.

It looks easy, but the Colts have been at this scrambling type of ball for over a year now.

They started as hard-working freshmen last year under the coaching eye of Kucher. Players

# Wrestlers Win Again

Wrestling is looking up at Northville high school.

Under new Coaches Jack Townsley and Roy Wilbanks, the Northville matmen won their second of three matches this year, 38-15 over visiting Willow Run last Wednesday.

Despite the victory, Townsley is reserving comment. "Willow Run wasn't as strong as in previous years," the coach said. "We'll have to meet stiffer competition before we know our own strength."

Northville lost its opening match to Livonia Bentley, 39-13, then came back with victories over South Lyon and Willow Run, admittedly of lesser stature than Bentley. Bentley, flush with victories, is a strong class A mat team.

Although Townsley noted "We made a lot of mistakes", he lauded three of his wrestlers who turned in fine performances.

Dennis Cook at 127 pounds and Marty Richardson, undefeated at 112 pounds, both pinned their opponents. Townsley also praised Chuck Keegan, who "wrestled well" to gain a decision over a touch opponent.

Five other Mustangs recorded victories. Tom Wright, Bob Sprenger, Mike Haley and Vic Carter pinned their men, and Dave Grondin gained a decision. Northville matmen will journey to Grosse Ile Friday.

# CAGER Of Week

**CAGER OF THE WEEK**—In his first starting assignment, Forward Glenn Deibert sparkled due to the flu that had sidelined Forward Mark Cushing. Coach Dave Longridge called on Deibert, a junior, to go against Clarenceville. Deibert responded with some solid backboard work, and kept the Mustangs in contention in the first half. He wound up with 13 points, even though he was benched in the second half because of foul trouble. The 6' 1" cager is the son of Mr. and Mrs. Glenn Deibert of Napier road.

# Milford Next On Cage Trail

The Northville cagers, who play Milford on the road tomorrow night, hope to take up where the gridders left off.

For those of you who are short on memory, the Northville football team upset a gigantic Milford team, 19-7, in a classic battle played in the mud.

It'll be just about the same story Friday on the basketball court -- minus the mud, of course. Milford will be big and strong. The Redskins' 260-pound tackle, John Griffith, who also towers 6'5", will hold down the center job.

He may just be the man to match Northville's tall front line in the rebound department. At least, he won't be giving any ground.

That's not all the Redskins have. In Mike Yeager, they have a playmaker and solid outside shooter, who is now in his third cage year on the varsity.

Yeager spearheads the flexible Milford attack. According to Northville Coach Dave Longridge, the Redskins can run or play a deliberate, patterned offense. And they can press all court.

If results against a common foe mean anything, then the Mustangs will have to play some smooth ball to get by Milford. Highly favored Northville barely edged Clarenceville last Friday, 58-57, while Milford beat the same team, 79-70.

Milford had troubles of its own last Friday, however, as Bloomfield Hills won its first game of the season, 74-54, over Milford.

# Safety Aids Asked for Salem RR

A Salem township railway grade crossing at which three youths were killed when their car and a train collided October 30 has been recommended for flashing-light signals and restricted siding use.

The Michigan Public Service Commission passed down these and other recommendations in a memorandum of an inspection conducted at the site November 16. Railroad Safety Inspector G. E. Magoon filed the memorandum. The memorandum was sent to a resident at the crossing, township officials, relatives of the deceased, the Washtenaw county sheriff and road commission officials, railroad and state agencies and four newspapers which

covered the inspection. Specifically, Magoon's recommendation said: "It is recommended that the crossing ... be provided with automatic flashing-light signals encompassing both the main-line

## Assault Attempt Reported

A 15-year-old Northville high school girl reported to police Monday that a man attempted to assault her while she was walking to school.

The girl told police that a man, described as about 35, heavy set, and 5 ft.-8 or 10 inches tall, attacked her while she was walking to school through the grounds of Eastlawn Convalescent Home. She said the man wore a silk stocking over his head.

The incident took place at approximately 7:25 a.m. Police report no suspects in the case.

track and siding, to be equipped with short circuits, cut-out and re-start devices ...

"That the railway issue written instructions with copy thereof to be provided this commission, which will restrict the use of Salem siding to trains (including locomotive and caboose) or other equipment of less than 21 cars in length ... with appropriate signs to be erected along the siding marking occupancy in such a manner as to place the train or equipment in a position equidistant from Salem crossing and Chubb road crossings.

"That cars or railway equipment should not be stored on the Salem spur track, and that no train should occupy any portion thereof except for actual switch-

ing purposes." Weekday and weekend traffic counts taken after the inspection showed an average of over 1,000 vehicles of all types per day, with a low of 812 on Monday and a high of 1,722 on Sunday and 1,570 on Friday.

## Woman Hit By Car Here

A Northville woman was struck and injured by a car Saturday at 7:20 p.m. when the driver of the car was unable to stop in time to avoid hitting her.

St. Mary hospital reported Tuesday that Mrs. Ruth Enright, 404 West Main street, is in fair-to-good condition with back injuries. Mrs. Enright's son-in-law and daughter are the Rev. and Mrs. George Jerome of Northville.

The driver of the car, Norman Lundstrum, of 145 East Main street told police that he was driving west on West Main street when he saw a woman dressed in dark clothes cross directly in front of his car, about 30 feet west of Wing street. He said that he applied his brakes but was unable to stop and avoid hitting her. It was raining when the accident occurred.

Following a second accident Saturday night two drivers and a passenger were treated and released from St. Mary hospital. They were victims of a rear-end collision at South Main and Gardner streets.

Gerald Musselman, 17 of 24400 Le Bost, Novi, was making a left hand turn from South Main onto Gardner when he was hit by Nick Holoweyko, Jr., 32, of 430 North Center street, police reported. Donald Needham, 17, of 41066 McMahon, Novi, a passenger in the Musselman car, was the third person injured.

## OBITUARY

**JUDSON L. CALKINS**  
Funeral services were held Saturday from the Casterline Funeral Home for Judson L. Calkins who died December 8 at the Whitehall Convalescent home of Novi. The Reverend S. D. Kinde of the First Methodist Church officiated. Burial was in Oakland Hills cemetery in Novi. The son of Ira and Addie Calkins, he was born June 16, 1887, in Highland, Michigan. He is survived by his wife, Grace. A Northville resident for 50 years, he was a retired accountant for the C&O Railroad.

In addition to his wife Grace, he is survived by two sons, Kenneth of Northville and George, of Gaylord; and a sister Mrs. Eva Lawrence, Harrison, Michigan; six grandchildren and several great grandchildren.

**EMILY B. MULL**  
Emily B. Mull, 7035 Tower road, South Lyon, died Tuesday, December 14, at the age of 88. She succumbed in Annapolis hospital, Wayne, to a lingering illness.

Born October 11, 1877 in Sheffield, England to John S. and Sarah Ann Broadbent, she was preceded in death by her husband, Benjamin, in 1924. She came here from Detroit 13 years ago.

Survivors include two daughters; Mrs. Robert (Ethel) Huddleston, South Lyon, and Mrs. R. Kleinhardt, Lexington, Michigan; a son, Andrew of St. Clair Shores; five grandchildren and one great-grandchild.

Funeral services were set for today (Thursday, December 16) at Casterline Funeral Home in Northville, the Rev. David T. Davies, pastor of the St. John's Presbyterian church of Plymouth, officiating. Burial will be in Forest Lawn Cemetery, Detroit.

## In Our Courts

Drivers drew the largest fines this week in the Northville municipal court of Judge Charles McDonald.

Alex A. Schrader of South Lyon pleaded guilty to driving under the influence of liquor on December 6 and was fined \$90 and a 90 day suspension of driver's license.

A 2,500 word theme on reckless driving, a fine of \$55 and 30 days probation were assessed to Robert L. Bentley, 18, of Whitmore Lake. He was charged with reckless driving on Eight Mile road.

Charges of improper license plates and defective muffler and tail pipe drew a fine of \$35 for Larry H. Schwab of 122 South Rogers street.

James A. Derbin was sent back to DeHoCo with an additional 75 days tacked on to his sentence after he escaped on December 1. Barbara Holmes, 20, of Detroit was fined \$30 when she pleaded guilty to possession of alcoholic beverages at the Maybury Sanatorium on December 12.

Another patient at the sanatorium, Brenda Butler, 23, of Detroit, was also fined \$30 on the same charge.

In the court of Novi Justice of the Peace Emery Jacques, last Thursday, Francis Janowitz was found guilty of driving under the influence of liquor and fined \$100. Novi police issued the violation on December 9.

## Novi Hires Young

Continued from Page 1  
in of high school grades as now being conducted in Novi. Freeland graduated his first twelfth graders last spring.

Superintendent of Freeland Schools since 1962, Young previously was principal and superintendent of Peck community schools for two years, and was principal at New Baltimore and Anchor Bay schools the prior four years. He has been teaching since 1951.

Young is a graduate of Central Michigan University with a bachelor's degree and attended Wayne State University for his master's degree.

He is a veteran of military service, married and has four sons. Ironically, according to McDermaid, Young's Freeland school was one visited by the board with an architect during preliminary investigations for a school building proposal, having been one which developed with a phase-in program.

Young will arrive here just in time to catch the curtain raising for Novi's building expansion project. An election seeking approval of a \$735,000 bond issue to finance expansion of the junior high school to accommodate senior high school students was held Monday.

The junior high school building on Taft road, which presently houses seventh, eighth and ninth graders, will have one wing extended with science suites and will have another complete wing added.

Its present capacity of 350 pupils will be increased to 650 with these and lesser expansions included in the building project. At present enrollment rates, this expanded facility will be adequate

for junior-senior high school needs until 1972 the board believes. Phase-in of ninth graders was accomplished this past year and tenth graders will be added this coming fall. Eleventh and twelfth graders will follow in the ensuing two years, per agreements with the Northville board of education.

Northville Schools have traditionally accepted Novi high schoolers but space needs there have forced discontinuation of the arrangement.

## Christmas Musical, Play Set in Novi School

The Novi junior high school department of music will present their annual Christmas Concert Tuesday evening, December 21, 1965 at 8:00 p.m.

The program will be presented in the Commons Area of the Junior High school. Participating groups include the 7th grade Beginning Band and the Junior High School Band and Chorus.

The program also includes a Christmas play entitled "Quiet Christmas" presented by the Junior High drama group. The play is directed by Sharron Smith Novi faculty member.

The public is cordially invited to attend the Christmas Concert with admission being complimentary.

The Junior High music program is in its second year of operation. According to Keith Rolston, music director, the program is progressing very well.

### The Coming of Christmas

CHRISTMAS TIME of the year means many things to many people. A few of the more representative pre-Christmas activities are here: Upper left, nativity scenes like this one at Northville High appear. Upper right, packages are wrapped for loved ones. Lower left, the holiday tree is decorated. Lower right, Joe Litsenberger and Elmer Balko at the post office process huge piles of mail. Center, everyone digs deep to keep the Christmas Spirit spreading.

Reverend Paul E. Barnes, Pastor  
First Baptist Church of Novi

When God Loses His Memory  
Is such a thing possible? God lose His memory...God forget? I know I forget; I make myself a note and I even forget to look at the note! And how many times have we said, "I'd forget my head if it weren't attached." But God, surely God doesn't. I thought He was omniscient; knows everything. Yes, He is omniscient. He does know everything; but look at this verse that is found in Isa. 43:25, "I, even I, am he that bloteth out thy transgressions for mine own sake, and will not remember thy sins."

When we lose our memory it is a sign of weakness. When God loses His, it is a mark of strength. When we forget, it is because we cannot remember. God forgets because He will not remember. Now there are three things I want you to remember about this subject.  
I. It Is Fatal To Forget The Sin That God Remembers.  
Any sin that is unconfessed God remembers and because He remembers, it forms a barrier between you and your fellowship with God. Isa. 59:2 says, "But your iniquities have separated between you and your God, and your sins have hid his face from you, that he will not hear." Achan, in Joshua chapter seven, thought he could bury his sin in the ground only to sadly discover that he could not hide it from God. David was a king and it looked as though he had gotten away with sin. Then the finger of Nathan, the prophet, was pointed in His face as he said, "Thou art the man." No, in these cases God remembered

their sin. HOWEVER:  
II. It Is Folly To Remember The Sin God Forgets  
I John 1:9 is a verse that every Christian should memorize, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." This is a great promise for the child of God. It says God will forgive and cleanse. Sometimes my little five year old boy comes in the house as dirty as can be. So, my wife puts him in the bath tub and he comes out clean and looking brand new. It is as if he had never been dirty and you know, that is what God does for us. He cleans us by the blood of His Son Jesus Christ, and it is as if we had never sinned. Yet, some Christians will brood over confessed sin. How foolish! It is actually doubting God to worry about confessed sin.

III. It Is Only Safe To Forget The Sin That God Has Forgotten.  
The Bible tells us in II Cor. 5:21, "For he hath made him to be sin for us, who knew no sin; that we might be made the righteousness of God in him." This verse tells us that because Christ has taken the penalty of our sin, we can be made righteous, that is as if we had never sinned. The Bible calls it a new birth, a spiritual re-birth. The apostle Paul said in II Cor. 5:17 that it is a new beginning because we are new creatures when we are in Christ. When this is true and we have committed our lives to Jesus Christ we can know that our sins are forgiven that God has removed them as far as the East is from the West. Yes, God will remember them against us no more, He will lose His memory.

Poinsettias for Grandmother, a puppy for brother Joe, stationery is perfect for Aunt Sue.

"Tis the season to be jolly," carol the loudspeakers in the department stores, but each year it becomes harder. Days are frantic with shopping, wrapping, and addressing. There's too much to do, too many things to remember; Sally's school play, a white elephant for Joe's Scout party, the Kirby's gala on the twenty-second.

There's no time for thinking, but sometimes late at night; a moment for reflection. In the rush of doing all the right things have we forgotten our reasons for doing them? Have we come bearing gifts, like the Magi, with hearts empty of the wonder and awe that was theirs?

Perhaps we need to hear anew the age-old story of a tiny Babe wrapped and gently laid in a manger while shepherds quaked and angels sang. The door of your Church stands open. Worship there the newborn King this Christmas and every Sunday.

## THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# City of Northville Public Hearing for Proposed Library Commission Ordinance

An ordinance to provide for the appointment of Library Board Commission to serve the Northville Wayne County Library. The city of Northville ordains: NORTHVILLE LIBRARY ADVISORY COMMISSION

**I. CREATION**  
There is hereby created a Library Advisory Commission whose function shall be to advise and assist the Northville City Council and the Northville Township Board in the provision of library service for the City of Northville and the Township of

Northville, in cooperation with the Wayne County Public Library Board.  
**II. MEMBERS, NUMBER, APPOINTMENT, COMPENSATION, TERM, REMOVAL AND VACANCIES**  
Such Library Advisory Commission shall be comprised of seven (7) members, three of whom shall be appointed by the Northville City Council and three to be appointed by the Northville Township Board. The seventh member shall be appointed by a majority vote of the members appointed by the Northville City Council and the Northville Township Board. Members shall serve without compensation.

Members shall be appointed for a four-year term, except that on the first appointments, the Northville City Council and the Northville Township Board shall each appoint one member for a period of four years, one for three years, one for two years, and the Library Commission's initial appointment of the seventh member shall be for a term of one year. Terms shall begin January 1st.

The Northville City Council and the Northville Township Board and the Library Commission may remove members selected by them for inefficiency, neglect of duties and malfeasance in office. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as the original appointments were made.

**III. ORGANIZATION**  
Said Library Commission shall, immediately after appointment, meet and organize by the election of one of their members as Chairman, and by election of such other officers as they may deem necessary. Meetings of the Commission will be held bi-monthly, and as often otherwise as may be deemed necessary by the Chairman. Minutes of proceedings of the Commission will be maintained, and copies will be transmitted regularly to the

Northville City Council and to the Northville Township Board. The Commission will adopt by-laws for the orderly conduct of their meetings and may adopt rules and regulations governing the proper process of their functions as may be deemed necessary, provided that all such rules and regulations before taking effect, must first be approved by the City Council and the Township Board, and provided further that any such rules or regulations as apply to the internal operation of libraries of the community shall first be approved by the Wayne County Public Library Board.

**IV. PURPOSE**  
The Commission shall have the following functions:  
1. Prepare specific reports and submit recommendations on library matters coming to its attention or presented to it by the City Council, the Township Board, or the Wayne County Public Library Board.

2. Create and maintain public interest, raise funds, and conduct related activities in the interest of the library or libraries of the community.

3. Receive gifts to the library and administer trusts.  
4. Submit to the City Council and the Township Board each calendar year, an estimate of the budgetary needs of the library system for the forthcoming fiscal year, including the City's and the Township's portion of the cost of library operation and the provision of facilities.

5. Represent the City and the Township in dealings with the Wayne County Public Library Board in matters concerning the provision of County library service.

**V. ADMINISTRATION OF THE LIBRARY**  
The Wayne County Public Library Board shall administer the library as long as a contract for library service shall be in effect between the City of Northville and said Library Board and between the Township of Northville and said Library Board. During such period the librarian and his, or her staff shall be appointed, and employed under the regulations of the Wayne County Civil Service provisions.

The Library Commission here established shall be responsible for keeping the City Council and the Township Board advised concerning the satisfactory performance of services covered by said contract and for the satisfactory performance of those library needs and services not covered by such contract with the Wayne County Public Library Board.

This ordinance shall be effective ten (10) days from passage. A public hearing to consider adoption will be held at 8 p.m. December 20, 1965 at the Northville City Hall.

Martha M. Milne,  
City Clerk

DEER, AND HOW! Most of a 22-deer kill brought back by a large party of area deer hunters who escaped the 'shoot 'em up Michigan north woods' and went in search of 'more and bigger deer' in the Rocky Mountains of Colorado is shown here. Twenty bucks averaging eight points, and two does were collected by the party of 12, seven of whom were local. Ron Shoebridge, Salem; Dick Sackette, Plymouth; Robert Totten, Plymouth; Paul Livingston, Northville businessman; Fred Monjo, Union Lake, and Ralph Foreman, Northville, were the happy returnees Monday. Totten, the leader, said he has hunted that area four years now, after Michigan hunting which he has done since age 14 went stale. These hunters' comments bore out the current controversy in which Michigan hunters are petitioning for a repeal of the 'any deer' kill provisions of Michigan law.

### FIX-IT TIP

Clean copper with washing with soap and water, rinsing and drying. Then remove corrosion spots by rubbing with hot vinegar and salt, hot sour milk, buttermilk or a piece of lemon dipped in salt. Rub on immediately with a soft cloth. Lacquered copper should not be polished at all as the polish will remove the lacquer coat.

# Ask Safety Aids for Salem Crossing

Continued from page 1  
78 mph, over this portion of the railroad. Such trains run each way daily, Mondays through Fridays. There are two passenger trains each way on Saturdays and Sundays. Freight service consists of 8 trains each way on Tuesdays through Saturdays, and 7 trains each way on Sundays and Mondays, all at speeds to 60 mph. Railway representatives advised that a 60 mph speed restriction was in effect on the curve located just south of the siding and Chubb road, a point some 4,000 feet east of the subject crossing. Discussion of Railway train operations brought advice that one of the regular freight trains was a turnaround movement, Plymouth - Lansing - Plymouth, which operates Mon-

days through Saturdays and performs all local work enroute. "Examination of the crossing quadrants revealed the following:  
"Northeast Quadrant: Visibility relatively good, although several large deciduous trees and the usual line of Railway communication poles are present. From 150 feet east of the crossing (on the roadway), visibility is estimated to be clear of obstruction up to some 350 to 400 feet of the track area. From that roadway point, greater visibility is somewhat obstructed due to the trees and poles. From a roadway point 100 feet from the crossing, a view is available to the curve (and including a part thereof) north of the crossing,

some 1,700 to 2,000 estimated feet distant.  
"Southeast Quadrant: Although this is the smaller of the two east quadrants, visibility is clear up to the point where the track assumes the rising gradient, at about 2,000 feet, from a roadway point about 300 feet east of the crossing. As an approach is made to the crossing, on the roadway, the amount of visibility measurably increases with up to 3,200 feet being available at the crossing.  
"Northwest Quadrant: Obstructions to vision in this quadrant are present in the form of local residences, natural or cultivated growth on private property, and a freight shed or elevator building located close to the west rail of the spur track at a point some 530 feet north of the crossing. These factors prevent any long distance view of the track area from a roadway point greater than 200 feet west of the crossing. At 200 feet, it is possible to view about 350 feet of the track area north of the crossing. The view improves with approach to the crossing, so that at 100 roadway feet there is a 550 to 600-foot track view and at 50 roadway feet there is approximately 650-700 feet of view. At a point 30 feet from the crossing, it is possible to view up to about 1,700 feet of the track area to the north.  
"Southwest Quadrant: For all practical purposes, this quadrant is blind to virtually any view of the track area south of the crossing until the observer is within 35 feet of the crossing. When within 35 feet, it is possible to view a northbound train appear around the track curve south of the siding and Chubb road. This would be a distance of about 4,000 feet. Obstructions in this quadrant consist of residences and buildings on private property, including a profusion of natural and cultivated deciduous and coniferous trees and bushes on private property near the apex of the quadrant.  
"The crossing is of a combined plank and pavement nature. It is protected by properly located advance warning signs and reflectorized crossbuck signs, plus Road Commission installed 36-inch "Stop" signs and "Stop Ahead" signs. In addition, railroad crossing signs have been painted in white on the pavement some 250 feet from either side of the crossing. Road Commission representatives advised that the "Stop" and "Stop Ahead" signs had been installed several years ago. All signs were in good condition.  
"Two accidents have occurred at the crossing, one a fatality in October of 1965 and one a non-fatal in December of 1964. The crossing is physically located on the east side of Salem, Michigan.  
"Discussion of Railway operations elicited information to the

effect that the Railway maintains a 6,750-foot controlled siding at South Lyon, Michigan, a point some six rail miles northwest of Salem, with this controlled siding being designated and used as a meeting point for trains. It was also advised that the only trains that might use the siding, or spur, at Salem for train meet or switching purposes would be the aforementioned turnaround local or an occasional work service train or equipment. When the Salem siding or spur is used, it is with both the knowledge and permission of the train dispatcher, due to the nature of control over entrance and exit therefrom, and Railway representatives pointed out that Railway Operating Rule No. 103(c) is applicable to switching movements made over the Salem crossing. Examination of the cited rule discloses that switching movements must be protected by flagging by a crew member.  
"Consideration was given to the desirability of installing automatic protection for the crossing, and it was suggested that the crossing be equipped with automatic flashing-light signals and half-roadway gates. In this respect Railway representatives pointed out that the use of Centralized Traffic Control for train operations and the limited access to, egress from, and use of the Salem siding eliminated any possibility of multiple occupancy of the crossing.  
"In response to inquiry, such representatives advised that the turn-around local train usually consisted of up to 10 cars, with a work service train being comparable in this respect. To this it was suggested that the Railway issue operating instructions restricting the use of the Salem siding to trains of 30 cars or less with it being understood that none of the cars would be over 50 feet in length, with the same restriction to apply to the storage of cars in the siding. It was further suggested that such a train or stored cars be so positioned on the siding as to be equidistant from the crossing of Six-Mile road in Salem and the crossing of Chubb road. These suggestions were accepted and agreed to by the Railway representatives. In view of these facts, it was the opinion of this inspector and others that the installation of half-roadway gates was not warranted. These suggestions and the type of traffic control ensure the absence of any possibility of multiple crossing occupancy, and avoid inadvertent or unnecessary signal activation when the siding is occupied.  
"There was no disagreement as to the need for installation of automatic flashing-light signals, although representatives of the Road Commission indicated they could not commit the Commission at that moment. But such representatives did volunteer the opinion that the Commission would not object to such an installation.  
In discussion of switching and other movement on the siding and in the immediate vicinity of the crossing, it was agreed that short circuits for the signals should be installed on the siding, together with circuit cut-out and re-start devices. It was understood that the main-line signal circuits would have to be commensurate with train operating speeds in the area.  
"Since the inspection, an opportunity has been available to further consider the limitation on the number of cars to be stored, or train size, on the Salem siding.  
"Inasmuch as the turnaround local can be expected to have been 5 and 10 cars in its train, as the prime user of the siding, it is felt that a reduction in the number of cars (30) previously considered is warranted. It is felt that a total of 20 stored cars, or a train not over 20 car-lengths long (including locomotive and caboose), based upon a 50-foot sized car, is the limit to which the siding should be occupied.  
"With allowances of 500 feet for siding turnouts and the unusable distance between the Salem crossing and the south end of the siding, and a usable space of 1,000 feet (20 cars at 50 feet per car) for storage or occupancy in the middle of the siding, this will leave almost a quarter-mile of empty siding track both south of the Salem crossing and north of the Chubb road crossing.  
Appropriate signs should be erected along the west rail of the siding which will mark that portion which can be occupied, for the benefit of train and engine crews. Cars should not be stored on the spur track, and no train should occupy any portion thereof except for actual switching purposes."

# THANK YOU

## Mr. and Mrs. Shopper

The GREATEST — THE BIGGEST — Clothing Sale in our firm's 31 year history comes to a dramatic ending. A tremendous sale wherein thousands upon thousands of sales slips were written. At the beginning of the sale it was our earnest desire to clear our store of all Fall and Winter stock in which an overinvestment in inventory existed and at the same time make room for thousands of Christmas gift items that were crowded into our stockroom for lack of showroom space. Now we have that needed room and today we have our shelves, display racks and tables filled with all NEW MERCHANDISE for your inspection, approval and selection. MERRY CHRISTMAS TO YOU ALL.

See . . . . .  
Our complete store with its 3 floors now has on display thousands of dollars' worth of fabulous merchandise. We have by studying the wants of the people of our area brought into each department throughout our store the exact items you wish to look through and select from. And as always here at DAVIS and LENT, we will endeavor to so understand the word SERVICE that its application will start the moment you enter any of our departments. . . . The Men's Clothing and Furnishings and Hat Departments on our main floor, the Boys' Department on our lower level and Teen Shop for Young Men on our second floor.

See . . . . .  
We most cordially invite you to visit DAVIS and LENT. You will see all new Christmas merchandise, some held in reserve in our stockrooms during the sale and much of it bought for late Christmas business and just received into our store and placed in our various departments, namely, our clothing department, pants and slacks department, dress and sports shirt department, belt and suspender department, sweaters and hosiery and underwear departments and all others.

What Price Government ?

LANSGING--Expansion of state government sometimes occurs in such a fashion that the full impact is rarely noticed until someone points it out.

Over a period of years you may read that the Mental Health Department has expanded services, enabling its institutional waiting list to be reduced. This is real progress, you note.

State Police get a shorter work week. You observe that the previous hours were unreasonable. Officials say more troopers are desperately needed. You agree: it's rare that you see a State Police car on the road.

NEW FEDERAL PROGRAMS are requiring state implementation. You side with legislators or other officials who say, "We're paying the tax dollars to Washington so we might as well get some more back."

The legislative system itself needs considerable revision in terms of operating methods and staff situations. This sounds reasonable.

It just follows then that the executive office must take on more manpower to keep abreast of the new and expanded services offered.

On and on goes the list, but the changes are scattered over a period of time. Each is con-

sidered independently. Then comes the statistician who notes that state employment has jumped nearly 5,000 in the past five years to about 37,000 people. This means a payroll of an estimated \$245 million annually.

He notes that much of the \$55 million increase in the state wage cost during the past year went to mental health, social welfare and other areas of current primary concern.

The legislature added about 100 employees last year, and the Governor's office staff and payroll have more than doubled in the five-year period.

The one bright spot, the statistician notes, is in the Revenue Department. The staff has been cut from 711 to 666 and Commissioner Clarence Lock boasts it is costing considerably less to bring in the tax dollars.

AMUSEMENT HAS BEEN voiced in several corners of the State Capitol about the latest Democratic Party stand on fiscal reform.

This one says 1966 is the deadline for action on tax revision, or words to that effect. It has been presumed for several years that any such revision would likely include a state income tax.

The amusement is that this party statement is getting to be old hat. Under the last two Democratic governors, fiscal reform was written into the party's platform.

MINORITY RANKING in the legislature was then given as the reason for failure to accomplish it.

In the first term of Republican Gov. George Romney, the Democrats agreed with him (and their party's long-standing position) but said they could not find enough opposition-party lawmakers to get it passed.

This year's fiasco speaks for itself since it is still so fresh in mind. The Democrats strung Romney along before they finally admitted they couldn't bring in the votes themselves.

WHAT WILL HAPPEN next year while the Democratic majority is still firm is not too difficult to forecast. After all, a short session is planned to allow the lawmakers maximum campaign time. The Dems hope to keep the upper hand.

Strong party stand or no, it must be remembered that while the Democratic legislators are members of the party they rarely have great numerical strength on the State Central Committee, which sets down such state-

ments as the 1966 deadline for action.

Of course, failure to fulfill the party's platform plank or subsequent policy statements can always (at least until 1967) be blamed on lack of agreement with Romney on details of fiscal revision.

\*\*\*\*\* IRATE CITIZENS sometimes come up with a solution to any community problem. In more cases than not, it usually starts out with, "Why don't they just..."

Take for example, the problem of a town intersection which happens to be part of the state trunkline system. The problem is too many accidents. The citizen's immediate idea is, "Why don't they just put up a traffic signal?"

Highway Department officials, plagued by this query year in and year out, study each situation but try to emphasize that a stop light is not useful as a device to prevent accidents.

Several intersections in the state can be cited by department officials as examples of what happens when a traffic signal is installed after study of local complaints.

It frequently runs in statistics like this: one-year before and after studies showed accidents went up from 4 to 15 at an intersection where a yellow flasher was replaced by a stop light. Ten persons were injured before the new signal. After the installation, 15 were injured and one killed.

"Traffic engineers have known for some time that stop-and-go signals often cause more accidents than they prevent," says department spokesman Harold Cooper. "Stop-and-go signals have only one purpose and that is to assign the right-of-way at heavily traveled intersections."

"Our experience shows a general increase in accidents can be expected after installation of a new signal," said Cooper. Only about half the increase can usually be attributed to rear-end collisions involving motorists who forgot the new signal was there.

Industry-Wide Bargaining Waivers

BABSON PARK, Mass. - Arguments have been common over the pro's and con's of industry-wide labor negotiations, such as have existed for some time in steel. For the most part, steel executives have tended to favor such bargaining in their field.

Out of the coal industry came the idea of solid-front negotiations, developed by its "Big Daddy", John L. Lewis, president of the United Mine Workers. This spread in 1955 to the Steelworkers, an off-shoot of the UMW. But, the way it looks now, the scene is shifting again.

mean fewer big tie-ups. One employer move in this direction has been seen in the New York newspapers. Originally, all of the city's papers closed down if one publisher was struck. But in the blow-up before last, one paper withdrew from the arrangement and kept printing while the others closed down.

Advertisement for Northville Camera Shop: "Sorry, No Swingers... but Gifts for ages. CAMERAS from 9.45 Viewers, Slide Trays, Film Storage \$1.79 up Northville CameraShop 200 S. Main 349-0105"

Most union authorities, at least in steel, have seemingly been satisfied with industry-wide deliberations. Now they are inclined to take a second look. After all, the United Automobile Workers did better than the Steelworkers in their latest settlement terms; and they bargained with each concern individually. So, steel labor leaders have established a committee to see if they can't improve their bargaining techniques.

What will it mean to labor in general if industry-wide negotiations are dropped? For one thing, labor would then have little chance of forcing huge strikes that threaten the nation's welfare. This, in turn, would lessen the necessity for government interference at -- or in the shadows behind -- a bargaining table.

Insiders know that many of the rank and file in steel want the union to take on the companies one by one. They think they can get more that way in wages and benefits. Also they believe they will have a brighter chance of settling special job differences of non-economic nature at the company level.

Labor planners recognize that, in steel, they are under a new regime. I. W. Abel has replaced David J. McDonald as president of the Steelworkers, and he is not afraid to change tactics if he thinks it will be more rewarding for his membership. Negotiations this year seemed cumbersome to many unionists. Also, they feel that the government will always intervene when a whole industry is threatened, as it did in 1965 and other years before that.

# Let's Keep Christmas Safe

Dear Santa:

It's that time of year when all us little kiddies are expected to prop ourselves on your lap and whisper into your ear the things we want under our Christmas tree.

Let's be practical, Santa dear. First of all I want a good prop under that tree. You see, with all that tinsel, popcorn, greeting cards, fancy bulbs, lights and big angel on top, if that tree fell it could really damage something—or someone.

And, please, you Jolly Old Man, don't let anyone's Christmas be ruined by a fire kindled in those beautiful boughs. Faulty electrical equipment and dry pine needles pose a bonfire threat on their own. But crisply wrapped packages and

joining by us kiddies to get at them on that fair morn increase the danger greatly. I want a white Christmas, not a black aftermath.

As for the gifts I'd like wrapped in that crisp paper, Santa, let me submit first of all that I am thankful just to have the wonderful gift of Christmas and the holiday spirit that makes people want to give to others. Sometimes I wonder about this spirit, however. I see so many people muttering at the store counters, "Oh, and I'd better not forget Aunt Maude."

Is Christmas giving really an obligation? Will I someday be a social outcast because I did not remember every single person? It seems to me that with all this wonderful spirit I would

automatically remember those who have made themselves dearest to me.

Gosh, Santa, when you come sliding down our chimney, I guess the only thing I really want you

to have with you is a seasonpass to a Happy New Year.

Love,

Prudence

## SPEAKING

# for The Record

By BILL SLIGER

There's a song that Sophie Tucker made popular that has as much truth as rhythm. You've heard it .... "some of these days, you're going to miss me honey".

Don't start celebrating. This isn't my swan song.

But I think the lyric often applies when the threat of losing a fellow employee suddenly arises. Somebody does a job so well, he's hardly noticed -- until he leaves.

The tune must be running through the minds of the members of the Northville recreation commission. The other night Recreation Director Ken Conley submitted his resignation. The joint city-township body asked him to reconsider, at least for 90 days. He agreed.

There are no ruffled feelings. It's just that Northville's recreation program is growing and has reached proportions that make it more than a one-man, part time job.

Ironically, Conley helped create the problem. Under his enthusiastic direction the local recreation program has expanded its base as well as its number of participants.

Conley figures he works between 1300 and 1500 hours per year on recreation. In addition he holds down a full-time teaching job. His recreation position pays \$3600.

The money and the hours are part of the problem, but they're not the major concern. There's a manpower shortage that's created by the budget.

Conley likes his job, and with funds to obtain assistance he'd undoubtedly enjoy remaining.

The program is growing and will continue to grow. It totals some 1300-1400 participants including 950 children in the summer schedule.

There's the skating rink, swimming, an active senior citizens group, the Theatre Guild, nine or 10 scout troops -- all must be properly scheduled and the Scout Building maintained.

The recreation department expects to become involved in the use of the new swimming pool at the high school. And this is certain to attract wider interest.

Presently, the recreation department operates under an annual budget of \$13,600. The city pays \$6,500, the township \$4,300, while other funds are made up from registration fees and sponsorship of teams and projects by businesses and organizations.

Northville has an excellent recreation program. But it cannot rest on its laurels. The challenge will become greater as population increases. The community -- city, township and school district -- will have more problems than operating funds. Space and facilities will also become critical.

It's evident that now is the time to plan for this growth. Conley's resignation has triggered the realization. The recreation commission is well aware of the problem and will formulate a recommendation to the holders of the purse strings -- the city council and township board.

They'll ultimately have to determine how far we can go financially with our recreation program.

## Nowicki For Chief

To the Editor:

Myself and other local citizens support former Northville police officer, Ray Nowicki for Northville chief of police.

Nowicki was a member of the Northville police department from November 1953 until his resignation in December of 1959. Prior to Northville, he was a member of the Wayne County Sheriff's department (assigned) as an investigator with the bureau of investigation assigned to the secretary of state's

office attached to the motor vehicle division. Presently, he is employed in traffic safety engineering (with the state motor vehicle division) involving transportation.

During his tour of duty in Northville he gained the respect and cooperation for all that knew him. He is dedicated, sincere and honest. Let's support Ray and bring him back. He has the experience required.
