

# It's Sidewalk Sale Time

## Squeeze To Hit Schools

A proposal to use rooms at the First Presbyterian Church of Northville was scrapped Friday in favor of rearrangement of present facilities to temporarily accommodate classes slated for Moraine elementary school.

The board of education decided against use of the Presbyterian church rooms Friday evening primarily because of their small size.

Temporary housing has become necessary because of the delay in completion of the new elementary school. Officials are now hopeful that the new school will be ready by or before Christmas.

According to a survey by Superintendent Alex Nelson and his staff, the rooms offered by the church are about one-half the size of normal elementary classrooms — too small for housing 25 students in each.

Among other reasons given for declining the offer were: Requirement of door jams, requirement of a fire alarm system, no playground space, questionable eating and office space, undesirable space for bus unloading and loading, minimal coat hanging facilities, and limited toilet facilities.

Here is how the school plans to accommodate the students in existing facilities:

1. Partition the multi-purpose room at the Amerman school, creating two classrooms.
2. Move the Amerman school faculty room to the kitchen.
3. Convert the Amerman school library-art room to a classroom.
4. Move the Main street faculty room to the reading center.
5. Convert Main street library to a classroom.
6. Convert Main street art-music room to a classroom.
7. Move the counseling office at the junior high school to the faculty room.
8. Move the faculty room at the junior high school to the unused basement room.

All of these changes, officials estimate, will provide for eight classrooms.

While Assistant Superintendent Raymond Spear agreed that these rearrangements are not desirable, he was of the opinion that teachers would not object since they represent only a temporary arrangement and since the only other solution is for half-day sessions or a combination of half-days and some classroom rearrangement.

He said he saw nothing in the teacher contract now up for approval that would prohibit this temporary arrangement.

In other action Friday, the board approved the appointment of Joyce Rood of Leelanau as the high school counselor, replacing William Hensch, who resigned earlier this summer. The new counselor, who holds a master's degree from the University of Michigan, was hired at a salary of \$8,035.

Board members also authorized the hiring of a part-time band instructor to assist Band Director Robert Williams. The assistant, not yet hired, will primarily assist in wind instrument instruction, particularly at the sixth grade level.

Following formal action, President Wilfred Becker ordered the board into an executive work session to discuss administrative salaries.

Northville merchants will move their counters outdoors Saturday for the annual Sidewalk Sale.

The event, which always produces a bonanza of savings for shoppers, promises to be bigger than ever this year.

General Chairman Del Black reports that nearly every Main and Center street merchant is participating in the sale.

In addition special displays will be set up either on Main street, which will be blocked off to traffic between Main and Hutton, or along the sidewalks.

These displays include:

—The Woman's Society of Christian Service and the Wesleyan Service Guild of the First Methodist church selling

cakes, candies, cookies and other baked goods;

—The Jaycettes, selling various novelties;

—Detroit Edison company;

—The Northville Teen Club with a grab bag attraction for children;

\*\*\*

## Merchants Meet

A monthly meeting of the Northville Retail Merchants association will be held tonight at 8 p.m. at Del's Shoe store.

Final plans for sidewalk sales day will be made, and members will discuss other upcoming retail promotions.

— C. R. Ely and Sons Garden Center;

— Northville Mothers' Club bake sale;

— Northville's three auto dealers — John Mach Ford, G. E. Miller Sales and Service and Rathburn Chevrolet — displaying cars and trucks;

— Northville Rotary Club travelogue display;

— A refreshment wagon.

The sale will get underway at 9 a.m. and continue until 9 p.m.

An example of many of the savings that may be found on the sidewalks in Northville Saturday in advertisements throughout the pages of this edition.

Chairman Black promises clear skies to go along with the outstanding savings.

This familiar scene will be repeated Saturday in Northville when merchants conduct their annual Sidewalk Sale.

## Detroit Water... Monday!

## September Completion Seen for Randolph Street

An optimistic city manager told the council Monday night that Randolph street improvements will be completed by "early September".

The strike-delayed project has been a source of concern to residents and promises to cause problems for school buses.

But Manager Ollendorff reported that work was now progressing satisfactorily and that all work preparatory to paving would be completed by Labor Day. Paving would require an additional five days, he stated.

In addition to checking the progress of improvement projects the council covered a variety of other matters including awarding a bid to pave a wing street parking lot, awarding a bid for workmen's compensation insurance, hearing reports on installation of a traffic light at Center and Eight Mile road and a pedestrian crosswalk on Main street, plus other agenda items.

In his Randolph street report the manager noted that new bridge walls had been poured and that a temporary footbridge would be installed across the street Thursday (today). The deck to complete the bridge is scheduled for delivery within a week, he stated. Installation of the storm sewer at the east end of Randolph was completed this week, while the remainder will be installed in a week. Sanitary sewer and gasoline installation should be completed this week, Ollendorff reported.

Northville Trucking, Paving and Excavating was awarded the contract for paving the Wing street lot between Main and Dunlop streets. The winning low bid was \$8,245.50.

The city's workmen's compensation policy was awarded to Ken Rathert of Northville Insurance Agency. Although the bids of two firms were identical, the council awarded the bid to Rathert on the basis that his agency was located in the city.

## Europe Trip Ends Sadly

A bicycle trip through Europe by 10 Northville youngsters with Teacher John Hyde had a sad ending last Wednesday, (August 10) when one of the boys was injured in an auto accident when returning home.

Tom Frounfelter, 17, is confined to St. Joseph's hospital in Ann Arbor suffering from a hip injury and seven fractures of the pelvis.

The youth, son of Mr. and Mrs. L. E. Frounfelter of 46780 Timberlane, was riding with his parents on the Ohio Turnpike when the accident occurred. Mr. Frounfelter, who was driving, reported that his car slipped on an oil slick and went off the road into a ditch. The car did not overturn, but the car door opened and Tom and his mother fell out. Mrs. Frounfelter was bruised, but not seriously injured.

The accident occurred near Norwalk, Ohio where Tom was hospitalized for several days before being moved to Ann Arbor. He will remain in traction for three weeks, when he is expected to be returned home for recuperation.

Riding with the Frounfelters were Barbara Bogart and Robin White, who had also been on the four-week trip through Europe, and their daughter, Debbie.

Returning in other cars were Tim Dickinson, Bill Forsyth, Chad Hines, Roger Kline, Dave Orphan, Bill Sliger, Bryan Tabor and Hyde.

## Advisory Body Gets First Call

An organizational meeting of the newly-named citizens' advisory committee has been called for Monday, September 12.

The city council appointed the 15-member committee in July. The September 12 meeting will mark the first get-together of the group.

Specifically, the committee will be asked to "study, advise and assist the city council regarding the determination of community needs and the relative desirability, feasibility and priority of various community improvement actions and programs".

The council will meet in study session August 29 to establish guidelines and provide direction for the committee.

## Exit City's Ground Wells

The big switch from Northville well water to Detroit water is expected to take place Monday.

City Manager Frank Ollendorff announced to the city council Monday night that preparatory installations will be completed this week. But he noted that testing and possible leaks could delay the actual conversion to the Detroit supply until Monday.

All water users will be notified by mail of the exact switch-over day, Manager Ollendorff stated.

Detroit water enters Northville through an Eight Mile road transmission line. It extends along Baseline to Center street and then southward through the city.

Connection to the city system and installation of the meter recording the amount of water used by the community was made on Center street at the end of Baseline.

A line has been installed from this point and extended westward along the Baseline road easement to the city reservoir and water tower.

Manager Ollendorff said that all Detroit water will be transmitted first to the 450,000 gallon ground reservoir and then pumped into the adjoining

450,000 water tower. The northern half of the city will be served from the water tower and the southern half from the ground reservoir.

Detroit water will be received at 55-pounds of pressure, which will be maintained, the manager stated.

Water supplying Northville will come from Lake St. Clair through the Belle Isle station. Some areas of Detroit are supplied through the Detroit river. By 1969 another source of Detroit water will be Lake Huron.

Most noticeable change in the Detroit supply will be its softness. Director of Public Works Bud Hartner pointed out that the iron content of Detroit water is much less than the Northville ground supply. He said that the reduction in iron deposits will make the water clearer than the present supply, but he advised that this may take a month because of iron deposits presently in the lines.

Aside from its clearness and softness, the principle advantage to Northville is that Detroit water offers an unlimited supply. Present ground wells are running to capacity and if the switch to Detroit water had not been made, the council had been told that it must seek two new well sources.

Manager Ollendorff also pointed out that the Detroit supply will allow Northville to meet future needs without additional capital outlay.

Water users will note one other change: Detroit water will cost more. To the average residential user the combined water-sewer service bill will go up about 50 percent.

An average quarterly water bill amounts to about \$5.15, Manager Ollendorff pointed out. This bill will now become \$7.65. The biggest residential users of water would experience an increase from \$20 to \$29 quarterly. Commercial and industrial users of water will find increases from \$0 to 100 per cent.

## Attorney Rules On Randolph Assessments

City Attorney Philip Ogilvie told the city council Monday night that Randolph street residents may delay payment of their special assessments if they desire.

In an opinion ordered by the council after one of the residents refused to pay the assessment with their tax bill, Ogilvie noted that the assessment may be withheld, but it will be subject to four per cent penalty after September 1 and another 1/2 of one per cent per month beginning in March.

The special assessment for improvement of Randolph street is being opposed in court by residents. Ogilvie noted that if residents pay the assessment and the court rules the assessment was illegal, the money will be returned. If an assessment is unpaid, and it is ruled a valid assessment by the court, the assessment is subject to the delinquency interest.

## Fred Holdsworth Named Principal

Northville's new high school principal comes from Berkley where he has been assistant principal for the past nine years.

He is Fred A. Holdsworth, 44, a father of four school-age children. Recommended by Superintendent Alex Nelson, Holdsworth's appointment was approved by the board of education here Friday evening.

In his written recommendation, the superintendent said in part: "In addition to having the necessary training, this candidate has experience under a very capable high school administrator. He is a tall, (6' 2", 273 pounds), well dressed individual with a lot of poise and self assurance. His academic achievement indicates a high intelligence."

A native of Berkley, Holdsworth earned his bachelor of science degree from Wayne State university in 1949. Three years later he was awarded his master's degree in secondary administration from the same institution. In 1963 he received an education specialist degree from Wayne.

From 1949 until 1956, he was a social studies teacher and baseball coach in the Berkley school system, and the following year he was named assistant high school principal.

A veteran of World War II with the

High School Head

PERFECT FIT—City Engineer Harold Penn and Bud Hartner, director of Public works, make an in-the-trench inspection of the Detroit water connection line at Center and Baseline. A meter will be installed at the same point to record total use of water.

# CAR Group Hosts Meeting

The Michigan State Society, Children of the American Revolution, was host last weekend for the Eleventh Annual Mid-Western Regional meeting held at Greenfield Village.

Mrs. George Merwin of Northville is Senior President, working with State CAR President Paul VanDorpe.

The three-day event started with a punch and swim party Friday evening as the approximately 110 guests began arriving. The region is composed of Illinois, Indiana, Kentucky, Michigan and Ohio.

Guest speaker of the evening was

Steven Jordan of Northville who spoke on the first day of the American Revolution in Boston.

The regular business session was held Saturday with special guests Dave Cherney of California, President of the National Society, CAR, and Mrs. Edwin H. Themeyer, Ohio, Senior National President. Joe Hinds of Kentucky conducted the meetings as National Vice-President, and his senior was T. W. Jones of Indiana.

Eleven national officers and chairmen presented their objectives for the coming year. Three senior national of-

ficers were also registered.

The Saturday evening banquet was followed by an oratorical contest won by the Illinois entrant. Dancing to music of the Chavelles ended the evening.

Sunday morning devotional services were held in the Martha Mary Chapel. Heien Vincent, Michigan First Vice-President, was in charge of the meeting. Members then toured the village before departing for their respective states.

Mim' and Jackie Merwin of Northville and Larry Willoughby of Plymouth participated in the meeting on various committees.

Mr. and Mrs. Paul Lundstedt

Mrs. William Edward Frost

## They Exchange Vows

# Gazlay-Lundstedt

A candlelit First Presbyterian Church of Northville was the setting for the August 7 wedding of Julie Gazlay and Paul Lundstedt. Greens and majestic daisies and gladiolus decorated the church and altar.

The ceremony was performed by the Reverend Lloyd C. Brasure with music provided by Mr. and Mrs. William G. Williams.

Mr. Williams sang a solo of "Until." The song, "Wedding Benediction" was used as a prayer.

The bride was escorted down the aisle by her father to the accompaniment of the "Trumpet Voluntary". The daughter of Mr. and Mrs. Francis P. Gazlay of 221 South Rogers, she wore a gown of Irish lace with a train falling from the shoulders.

Her veil of silk illusion was designed and made by Mrs. James Cowie. She carried a cascade bouquet of stephanotis and Amazon lilies.

Maid of honor Janice Williams wore a floor-length yellow linen gown with moss green accents. Her cascade bouquet was made of white daisies centered with yellow.

Also in yellow linen gowns were bridesmaids Mrs. Fred Ross, Gail Lundstedt and Martha Gazlay.

Attending the groom, the son of Mr. and Mrs. Ralph N. Lundstedt of Detroit, as best man was Fred Ross. Ushers were Larry Sikora, Marcus Wells and Chris Gazlay.

The groom's mother wore mint green brocade with matching accessories. Mrs. Gazlay wore a deep blue outfit with matching accessories.

A reception was held in the church hall following the ceremony. The 200 guests were from Beulah, Flushing and Marquette, Michigan, Nebraska, and Maryland.

For a wedding trip to New Orleans the new Mrs. Lundstedt wore a basque dress in cool summer print and carried a white coat.

Both newlyweds are graduates of Olivet college where Julie was a member of Sigma Beta sorority and Paul was affiliated with Kappa Sigma Alpha fraternity.

Their home will be at 9131 Crest, Detroit.

# Lamp-Frost

Wearing a white peau de soie gown she designed and made herself, Mary Louise Lamp became the bride of William Edward Frost Saturday evening at First Baptist church of Northville.

The double ring ceremony was performed by the Reverend Robert Spradling. The organist was a personal friend of the bride's, Louise Rossi, music director of Warren Consolidated Schools.

The bride is the daughter of Mrs. Otto H. Lamp of 49300 W. Nine Mile road, and the late Mr. Lamp. The bridegroom is the son of the Robert Frosts of Livonia.

The bride's gown was fashioned with an empire line and bell sleeves. Its coat look was emphasized by alencon lace and seed pearls.

She carried a bouquet of gamelias and white carnations. Mr. Lee BeGole, a close family friend, escorted her down the aisle.

Attending her as maid of honor was Janice DeHoon. Bridesmaids were Shirley Lamp, Ethel Lamp and Mrs. Gerald Nester, the groom's sister.

They wore turquoise floor-length gowns which the bride also designed and made. The dresses featured squared necklines, short sleeves, an inverted pleat in front, and a back panel falling from a bow at the shoulders.

The bride's mother was dressed in navy blue with pink accessories. Mrs.

Frost wore a pink linen dress. Best man was Gerald Visel. Seating the guests were Gerald Nester, Samuel Palise and David Visel.

A reception immediately followed the wedding at the church hall. Afterwards the newlyweds left for a trip through New York State.

When they return, they will reside in Royal Oak.

The bride is a graduate of Northville high school and Eastern Michigan University. She is employed as a teacher with Warren Consolidated Schools.

The bridegroom is also a Northville high school and Eastern Michigan graduate, where he was affiliated with Delta Sigma Phi fraternity. He is employed with Leading Hydramation, Livonia.

## New Students

The orientation program for new junior high school students will be held Monday, August 29, at 9:30 a.m.

## Girl Wins Award

A Northville resident is among 26 Schoolcraft college students awarded scholarships for the 1966-67 academic year, Edward McNally, dean of student affairs, announced this year.

She is Kaye Gotts, daughter of Mr. and Mrs. Robert Gotts of 223 Linden street. Kaye is a 1966 graduate of Northville high school.

The scholarship - for \$50 - was awarded by the Plymouth branch of the American Association of University Women.

# about WOMEN

## Announce Engagements

Rickie Jean Pantalone

Mr. and Mrs. John Pantalone of East LeBost drive, Novi announce the engagement of their daughter, Rickie Jean, to Seaman Signalman-Stricker Dwayne Miller, son of Mr. and Mrs. John Voskhul of Shamrock Hill, Walled Lake.

The bride-to-be is employed at Michigan Seamless Tube company, South Lyon. Her fiancé is serving with the United States Navy aboard the U.S.S. Sacramento.

No wedding date has been set.

Lou Ann Casteel

Mr. and Mrs. George Casteel of 649 Horton have announced the engagement of their daughter, Lou Ann, to William Steven Hudson, son of Mr. and Mrs. William Hudson of Hurricane, West Virginia.

No wedding date has been set.

The bride-elect is attending Midwestern Baptist School in Pontiac. Her fiancé attends Bob Jones University, South Carolina.

\*\*\*

Marianne King

Mr. and Mrs. Charles F. King of 19911 Woodhill announce the forthcoming marriage of their daughter, Marianne, to Joseph L. Lepczyk III. He is the son of Lieutenant Colonel and Mrs. Joseph L. Lepczyk of Athens, Greece.

The wedding will take place September 17 in the First Methodist church of Northville.

Marianne is a Northville high school graduate. She received her B.A. degree from Northwestern University, Evanston, Illinois, and her master's degree from Michigan State University. She will return to Michigan State to continue as a research assistant in the Electrical Engineering department.

Mr. Lepczyk will also be attending Michigan State.

*I look upon every day to be lost, in which I do not make a new acquaintance.*

-Samuel Johnson

## CORNER

Mr. and Mrs. Clarence Maynard and their children, Kent and Shannon, pose with two of their

pets, an Appaloosa horse named Yawkee Lad and Paddy, one of their collies.

Two horses — one an Appaloosa and one a Tennessee Walker — were mainly responsible for the Clarence Maynard's family move to Northville. The horses, which the Maynards own, had to be boarded away from the family in Farmington, where they lived previously.

So the family decided to find a home where they and their horses could both dwell. Their answer was a home and barn located at 44700 Thornapple Lane. They moved into their new home the last day of December.

Now the whole family can ride more often. The Maynards' two children, Shannon and Kent, are enjoying that fact this summer.

Shannon, 15, is a tenth grader at Northville high school. Her brother Kent

is 13 and an eighth grader at the junior high school.

Their parents, Clarence and Jill, both attended high school in Dearborn, but went to different colleges. Clarence attended Michigan State, while Jill went to Wayne State.

Mr. Maynard is a supervisor at the Ford Motor company in Dearborn. His wife is a secretary for the Farmington board of education.

This summer she only works mornings, and has her afternoons free to work on their house — and horses.

The whole family's love for animals doesn't end with horses however. They also have two collies, a cat and two rabbits. The rabbits just happened to be living at their home when they moved in, so they decided to keep them as part of the family.

## Mothers' Club Forms Annual Bridge Marathon

The fourth annual Bridge Marathon is now being organized by the Northville Mothers' Club. It will run from September through May.

There will be mixed couples' play in the evenings and daytime play for women. For the first time another group will be established, if enough interest is shown, in the evenings for women who work or are busy during the day.

Rules will be the same as in the past, with each hostess collecting \$1 per person. Proceeds will go toward special items the schools need. In other years the club has purchased pull-down screens, projectors, equipment for the band, podiums, and many other items.

The Mothers' Club also sponsors the local teen club, the Cavern.

At the end of the marathon, prizes will be given to winners in each group — \$50 for first, \$20 for second, and \$10 for third.

This year's chairman, Mrs. Blake Couse, explains that everyone is welcome to join. She says, "It's a nice opportunity to meet new people in the community."

Other committee members are Mrs. Bernard Bach, Mrs. William Secord, Mrs. John Canterbury and Mrs. Eugene Cook.

To sign up for the marathon, or for further information, call Mrs. Couse at 349-3069, Mrs. Bach at 349-2306, or Mrs. Secord at 349-0823.

**PERFECT HAND**—The Mothers' Club can't guarantee a perfect hand of 13 Spades as held by Mrs. Blake Couse, but there'll be plenty of fun for participants in the club's fourth annual Bridge

Marathon that will run from September through May. Around the table with Mrs. Couse, Marathon chairman, are (l to r) Mrs. William Secord, Mrs. William Sliger, and Mrs. Bernard Bach.

## News Around Northville

Mrs. George Mellen of 205 Baseline has returned from a series of visits throughout the United States. Her trip ended with a weekend in Pittsburgh, Pennsylvania. Before that she travelled to Deep Creek Lake, Maryland, Oklahoma City where she visited her cousin, and West St. Paul, Minnesota where she visited her daughter, Cynthia Raymond and her family. Mr. Raymond is the city manager of the city.

During her visit Mrs. Mellen saw her daughter dance in a production of the "Music Man" starring Bert Parks. The play was staged on a platform in the middle of a lake. The audience viewed it from their cars parked along the shore.

The buffet supper sponsored by the Willowbrook Community Church is tonight from 5-8 p.m. in the church social hall. Tickets will be sold at the door at \$1.50 for adults, and \$.75 for children.

Russell Merithew, representing Plymouth State Home and Training School, was among nearly 75 pharmacists and representatives of hospitals and nursing homes who attended a two-day workshop on hospital pharmacy at Ferris State College August 3 and 4. The workshop was centered on the administration of the Medicare program. Dr. George F. Archambault, pharmacy consultant to the United States Public Health Service, was the guest expert who discussed the program.

Mr. and Mrs. Gale Calhoun and family of 4000 Grand River have returned from Searcy, Arkansas where they attended social events honoring her parents, Mr. and Mrs. John R. Burkett, golden wedding anniversary.

Mike Conley and Mark Gazlay have just returned from a canoe trip on the AuSable River. They spent seven days alone, making their start at Grayling and ending up on the beach of Lake Huron at Oscoda. They portaged seven dams and covered 240 miles. Mike's parents are Mr. and Mrs. Kenneth Conley of 302 Orchard Drive, while Mark is the son of Mr. and Mrs. Francis Gazlay of 221 South Rogers.

Miss Ada Fritz, retiring president of Delta Kappa Gamma Society, visited Stoke, Vermont, home of the Trapp Family Singers, and Boston, Massachusetts recently in-between attending conventions in Canada and Cleveland, Ohio.

A final reminder that the Thursday Night Ladies league will hold an organizational meeting tonight at 7 p.m. at Northville Lanes. All women interested in bowling are welcome to attend.

The Theodore R. Chisolms, who lived at 46805 South Chigwidden, have a new address on Bentley street in Detroit.

Mr. and Mrs. Walter White celebrated their first wedding anniversary Sunday. Mrs. White is the former Lynn Wineman.

This will be a big weekend at Meadowbrook Country Club. Friday a seafood buffet dinner is scheduled for the contestants in the Invitational Golf Tournament. Saturday night the Golden Anniversary Invitational Dinner Dance will be staged, with dinner and dancing in the ballroom. The winners of the Invitational will be presented during the dance. Music will be provided by Dave Farley.

The Salow family reunion was held Sunday at the Glenn Salows' home. A total of 59 family members were present.

The Lloyd H. Green American Legion Post and Auxiliary are planning a combined installation of officers this Sunday at the Legion Hall. The public is invited to attend.

## Name Residential U-F Head

Mrs. Thomas Duke, Torch Drive residential chairman for Region 44, named Mrs. Gale Calhoun, 4000 Grand River, residential chairman for Novi. Mrs. Duke's region also includes Lyon, Farmington and Commerce.

"Mrs. Calhoun will be in charge of organizing and supervising women volunteers calling on Novi residents for contributions during this year's drive. We are very pleased she has accepted this important post," Mrs. Duke said.

This year's drive will be held from October 18 through November 10 and will seek operating funds for nearly 200 health and social services.

Mrs. Duke said that women volunteers are enthused by recently released UF statistics showing that one Torch Drive dollar can buy an hour's oxygen for a sick child in a hospital; two dollars can buy a whole week of food and shelter for a leader dog; five dollars can buy a complete physical therapy treatment for a crippled; and ten dollars can buy a two months use of a wheelchair for a home-bound cancer patient.

Anyone needing help provided by a Torch Drive service should call Community Information Service (CIS) 833-3430. The trained workers at CIS are trained to assist in referring anyone in need of help to the proper agency or agencies for his particular need.

# Sophomore Wins Carriers' Award

Thomas J. Wheaton, a 10th grader at Northville high school, was awarded one of fifty Detroit News carriers-salesman scholarships of \$500 each at an awards luncheon held August 10 at the Statler-Hilton Hotel, Detroit.

Edwin K. Wheeler, vice president and general manager of The News, presented the awards. Guests at the luncheon were fathers and district managers of the award winning youths.

Clyde T. Wheaton was present to see his son honored. The funds will be held in trust for 15-year-old Thomas by the Student Aid Foundation of Michigan until he enters the college of his choice.

Winners of the scholarships were selected by the foundation from a field of 774 applicants on the basis of scholastic aptitude, character, citizenship and performance of their newspaperboy duties.

# Play Tryouts Begin Tonight

Tryouts are being held tonight and Friday, and again August 25 for parts in the Plymouth Theatre Guild's production of "Desert Flower". The musical will be held in late October.

Tonight and tomorrow vocal and dialog tryouts will be held at 853 Church street, Plymouth at 7:30. For information, call 453-3548.

Dancing tryouts will be held August 25 at the same time and place.

The play is being directed by Kingsley Page. Musical directors are Martin Zurn and Ellen McNeiece. Choreography is being handled by Mary Stephens and Jan Schwarze.

FI 9-1700

# College Corner

by Nancee Slattery

Ferris State college has been titled Michigan's foremost "special-purpose" college. It maintains four schools and a department of education in which students prepare for specific goals.

The schools are Commerce, Pharmacy, Technical and Applied Arts, and General Education. The last school prepares the students for transfer to one of the other schools at Ferris or to other colleges.

Ferris, which began in 1884, remained a private college until 1950 when it became one of the state colleges. Almost simultaneous with its charter as a state college, a major portion of the campus was destroyed by fire.

Since then the school has been rebuilt and expanded. It now covers 400 acres in Big Rapids. The campus features 20 residence halls with adjacent dining halls, married students' apartments, and many attractive classroom and administrative buildings.

A total of 6,800 students will begin the new year at Ferris on September 23, one of the latest opening dates among Michigan colleges.

As in previous years, the students will enjoy a wide spectrum of activities — concerts, lectures, film festivals, plays, music productions, clubs, fraternities and sororities, and athletic events.

Ferris has a large intramural program for both men and women, as well as having several varsity teams. Students are able to use the Health and Physical Education facilities, and swim in the new olympic size pool.

CHUCK SOMERS was one of 700 students named to the Dean's Honor List at Ferris for academic excellence during spring quarter. To be named to the Dean's List a student has to maintain at least a B average.

The son of Mr. and Mrs. Richard Somers of 18900 Valencia, he is enrolled in the School of Pharmacy. He graduated with the Northville high school class of 1963.

Another Ferris student, RUSS STRAITH, is enjoying his summer job at the Ford Rouge Engineering Plant. He'll be a junior at the college this fall. His parents are Mr. and Mrs. Doug-

las Straith of 23866 Woodham. Russ is a 1964 Northville high graduate.

Other news — KENT HUNTER, son of Mr. and Mrs. Robert Hunter of 46901 W. Main, attended summer school at Lutheran Concordia College.

# Nab Wayne Man With Stolen Car

A Wayne man was apprehended by Novi police last Thursday for stealing an automobile.

Thomas Forrester was turned over to Redford township police the same day for having stolen the car near the Redford township police station.

According to police, the owner left the key in the ignition of his car while he was making a phone call. Ten minutes later, when he returned, police said the car was gone.

Novi police made the arrest after Forrester's wife, from whom he was separated, called in to report that she thought her husband had stolen a car.

Police said she told them that her husband had transported her to her parents' house in Novi in the stolen vehicle. She also reported that he had driven into the side of her car in Wayne.

# Local Women Attend Seminar

Several members of the Delta Kappa Gamma Society, Alpha Nu Chapter of Northville and Plymouth, attended conventions recently.

Miss Ada W. Fritz, retiring president of the local chapter, and Miss Ruth Knapp attended a Seminar on Purposeful Living July 18-22 at the Queen Elizabeth Hotel, Montreal.

The speakers were Pauline Frederick, radio and news commentator from New York; Dr. Ethel Alpenfels of the School of Education, New York University; and Miss Lisa Sergio, Danford lecturer and commentator from Washington D.C.

August 9-13 several members attended the International Convention in Cleveland, Ohio. Every state in the union and five Canadian provinces were represented among the 1600 women teachers.

Speakers included Olive Marcoux of Canada, Dr. Carolyn Guss, the international president, and Miss Lisa Sergio.

Local representatives were Miss Fritz, Miss Knapp, Mrs. Leona Theeke, the new local president, Mrs. Myrtle Funk, and Mrs. Orpha Moshimer.

**TRAIN MISHAP**—Miraculously, no one was hurt early Tuesday morning when a train brushed another engine and was derailed. Heading in the same direction on the main track, the double-engine train brushed the yard train and jumped the track, digging deep into the shoulder of the hill. According to reports, the yard

train on a side track failed to stop when approaching the main track and was derailed. Heading in the same direction on the main track, the double-engine train brushed the yard train and jumped the track, digging deep into the shoulder of the hill.

**FIRST AT LAST**—Runnerup four previous times, Mrs. Kenneth Martens (third from right) finally copped the Meadowbrook Country Club's championship Friday, breezing in with a 12-stroke lead over her nearest challenger, Mrs. Edward Johns, with whom she shakes hands. She scored a 54-hole total of 266, while Mrs. Johns took second with 278. Mrs. Kurt von Gruben (right) carded a third-plac 284 and Mrs. Pierce Tilley a fourth-place 295.

# WIXOM

Mrs. Charles Ware MA 4-1601

Coleen Callahan and Susan VanGeison spent the weekend in Sherwood, Michigan as guests of Susan's grandparents, the Charles Van Glesons.

On Sunday Wesley McAtee and family attended a family reunion at Ethel Park. The McAtees were at Gaylord and Elk Rapids over the weekend.

Mrs. Bruce Shear from South Lyon was a dinner guest of the Herbert Abrams Sunday.

Mrs. Patrick Brady of New York is the guest of her aunt, Mrs. Charles Ware. On Monday the Wares and Mrs. Brady toured Greenfield Village.

On Friday the Wares attended the wedding of Carol Purgatore and Eugene Sullivan at Immaculate Heart of Mary Church, Detroit and the wedding reception at Roma Hall.

Mrs. Edythe Barnett, a Baptist missionary, will be the speaker at the Bible study class at the Wixom Baptist church on Wednesday evening. Mrs. Barnett is from New Mexico where she has done missionary work there for several years.

Mrs. Nina Parker spent a few days as the guest of Elmer Sturdevant and family of Pontiac.

Mrs. Katherine Wasson and Mrs. Blanche Bersuder of Ann Arbor were Saturday dinner guests of Mrs. Lottie Chambers.

Mr. and Mrs. Fred Waara have returned from a vacation in Mississippi. The Robert Tromblys have returned from their vacation in California.

Miss Jane Madigan of Pontiac Trail is spending her vacation with her parents, the Henry Madigans. Jane is taking nurses training at Highland Park hospital.

Mrs. Florence Keenan travelled to Kalamazoo last week to watch her son Bill graduate from Western Michigan. Mary Keenan also is attending Western.

Miss Hilda Furman and Mrs. W. S. Lovejoy of Milford have returned from a four-day trip to Dallas Lake, Indiana.

# Jim's Better

The condition of Jim Weidner, who suffered a fractured vertebra in his neck as the result of a diving accident, was reported as improved this week.

The 19-year-old son of Mr. and Mrs. William Weidner of 672 Fairbrook, Jim is confined at Mt. Carmel hospital. He was injured Wednesday July 27 in a shallow, home pool.

Mrs. Weidner reported this week that her son is undergoing physical therapy and is now moving his legs freely. Movement of the fingers is also improving, she stated.

Jim is expected to remain at Mt. Carmel for another three weeks. He's in room 233.

Know Your Newspaper Better

**Are We Fair in Our News Reports?**

We think we are. In our news columns, we do our best to bring you facts only . . . without expression of personal opinion of reporters or editors.

**We Always Do Our Best**

. . . to give you both sides in our news reports, if there are two sides. Or three sides, if there are three. Everyone deserves fair representation in a news report.

**Who You Are Doesn't Matter**

. . . if the publisher of this newspaper were caught speeding on Main street . . . or anywhere else . . . you'd find it reported in this newspaper . . . more than likely on the front page! And so with the banker, the baker, the candlestick maker . . . and the advertiser, too. Business accorded this paper does not buy protection against news reports.

**This Is Only Right . . .**

To be fair, a newspaper must report what happened . . . to whom . . . where . . . how . . . and why—without regard to who it is . . . or his position . . . or how much money he has . . . or how good a friend he is of the editor. This is this newspaper's news policy—a policy we believe fair and equitable to all.

# Pets—Even Alligator Highlight Big Show

If the Northville Recreation department's Pet and Doll show isn't the biggest event of the year for youngsters, then its fast laying claim to that distinction.

Over 300 tikes turned out to march in the parade and to compete in the judging that followed, with small cash prizes going to the winners in each category.

"There must have been around 450 people in attendance at the judging," said Recreation Director Ken Conley. "It's the biggest pet and doll show that we have had."

In keeping with the festivities, employees of the recreation department scared up costumes of their own and marched along with the youngsters in the parade.

Aside from the usual entries, there were some unusual ones, including an alligator that took first prize as the most unusual pet, chickens and a pony. After all the excitement of the parade and contest were over, 325 ice cream bars were distributed to the participants.

Here's a complete list of the winners:

**PRETTIEST FLOAT:** 1 - Susie Evans, 2 - Kathy Deal, 3 - Rebecca Kaake.  
**MOST ORIGINAL FLOAT:** 1 - Debbie Mullen, 2 - Jeff Rushlow, 3 - Barbara Schmidt.

**PRETTIEST DECORATED BIKE:** 1 - Margaret Boland, 2 - Julie Faustyn, 3 - Jane Faustyn.  
**SMALLEST PET:** 1 - Jamie Pitak, 2 - Steve Chism, 3 - Diana Brown.

**MOST UNUSUAL PET:** 1 - Mike Behr (alligator), 2 - Patsy Mahoney (chickens), 3 - Jay Latard (pony).

**MOST VARICOLORED CAT:** 1 - Susan Mahoney, 2 - Patty Van Sickle, 3 - Becky Wangeman.  
**LARGEST CAT FAMILY:** 1 - Paula Hodge, 2 - Gail Henderson, 3 - Rose Harman.

**BIGGEST CAT:** 1 - Susan Green, 2 - Patty Johnston, 3 - Brian Holoman.  
**WHITEST CAT:** 1 - Rick Walker.  
**CUTEST KITTEN:** 1 - Andrea Clarke, 2 - Tom Walters, 3 - Roby Clarke.  
**PRETTIEST CAT:** 1 - John McIntosh,

2 - Louis Katzbeck, 3 - Karen Tiffin.  
**BLACKEST CAT:** 1 - Melissa Lovett,

1 - Mark Van Ingen.  
**SMALLEST CAT:** 1 - Jerry Walter, 1 - Doug Walter.  
**PRETTIEST DOG:** 1 - Diana Sellers, 2 - Eliza Shiffin.

**MEANEST LOOKING DOG:** 1 - Donna Wilder, 2 - Brenda Boyd  
**HOMELIEST DOG:** 1 - Lynn Faustyn, 2 - Cathy John.

**MOST VARICOLORED DOG:** 1 - Bev Marroni, 2 - Teresa Follino.  
**SMALLEST DOG:** 1 - Jeff Rushlow.  
**SHAGGIEST DOG:** 1 - Tom Sissom, 2 - Steve Bell.

**FRIENDLIEST DOG:** 1 - Sharon Thomas, 2 - Teresa Follino, 3 - John Snyder  
**BIGGEST DOG:** 1 - Vicki Forgett, 2 - Mona Sullivan.

**LARGEST FAMILY OF DOGS:** 1 - Richard Schnieder, 2 - Beth Hay.  
**SMALLEST PUPPY:** 1 - Earl Bingley, 2 - Donna Gregg.

**CUTEST PUPPY:** 1 - Phil Grondin, 2 - Jackie McCann.  
**BLACKEST DOG:** 1 - Mark Owens, 2 - Rich McKernan.

**WHITEST DOG:** 1 - Jim Shoner.  
**PRETTIEST DOLL:** 1 - Susan Eisele, 2 - Kathy Harold, 3 - Lora Eisele.  
**OLDEST DOLL:** 1 - Sharlene Holloman, 2 - Denise Downey, 3 - Chris O'Leary.

**SMALLEST DOLL:** 1 - Rebecca Kaake, 2 - Roxanne Shoner, 3 - Julie Marroni.  
**BIGGEST DOLL:** 1 - Carol Turnbull and Mary McIntosh, 2 - Sandra McIntosh, 3 - Me'inda Rotto.

**CUTEST DOLL:** 1 - Sally Eisele, 2 - Lori Smith, 3 - Patty Mallette.  
**BEST HOMEMADE DOLL:** 1 - Robin Bell and Pam Bingley, 2 - Linda Prom, 3 - Claire Saurer and Kim Bingley.

**LARGEST COLLECTION OF DOLLS:** 1 - Jill Boyd.  
**BEST DRESSED DOLL:** 1 - Carol Eberhart, 2 - Carol Turnbull, 3 - Mary McIntosh.

**BEST FOREIGN DOLL:** 1 - Venessa Patterson, 2 - Lisa Capp, 3 - Mary McIsaac.  
**LARGEST COLLECTION OF FOREIGN DOLLS:** 1 - Susan Brown, 2 - Lori Tella.

# Sports

## Pavers, Rams Clinch Knothole Pennants

It was a tight squeeze but both the Pavers and Rams came through in the clutch to win pennants in the Knothole baseball and softball leagues, respectively.

The Pavers had the toughest scrape. They dropped a 13-5 decision to the second place Angels as the Pavers' ace pitcher, Steve Grigg, returned from vacation and went on a wild spree. He walked the Angels to victory.

But Grigg, who has been the Pavers' Man Friday, dueling Jim Wallace and the Athletics to a 2-2 tie in a game called at the end of five innings because of rain. It clinched the pennant for the Pavers.

It's Grigg who kept the Pavers right in the thick of the chase for first place. In one contest he struck out 16 in seven innings. His season record was 9-2-1. Without him in the lineup, the Pavers lost their only other game.

According to Gordie Hammond, who handled Knothole play along with Terry LaRue, Mike Gilner was the most powerful and consistent hitter in the baseball circuit.

And defensively, Hammond singled out the Dodgers' Jerry Van Hellemont as a veritable vacuum cleaner around the infield. In a crucial game against the Pavers, Van Hellemont made seven sparkling stops and threw a man out at the plate to preserve a 2-1 victory.

The Rams clinched the softball pennant in a little more convincing fashion by thumping the Colts in the last game of the season. Coupled with the Tigers loss, the Rams moved undisputed into first place, breaking last week's tie at eight wins and two losses apiece.

The Rams' Dave Cook never tasted defeat on the mound as he gained credit for every one of the Rams' nine victories. Hammond reported that Cook, with his sharp control, averaged over two strike outs per inning.

To the Rams, also, goes the distinction of having the league's top hitter in the lineup. He is Tom Marzoni, Hammond said.

**KNOTHOLE BASEBALL (Final Standings)**

Pavers	9-3-1
Angels	8-3
Athletics	7-4-1
Dodgers	6-5-1
Giants	4-7
Indians	4-9
Yankees	1-10-1

**KNOTHOLE SOFTBALL (Final Standings)**

Rams	9-2
Tigers	8-3
Cubs	8-3
Clippers	8-4
Colts	3-8
Lions	2-9
Panthers	0-10

### Allen Park Buries T-Birds in Tourney

Allen Park lashed out 11 hits and buried the Spagy T-Birds under them to win, 8-1, in the opening round of inter-city tournament play Monday at Ecorse.

While Allen Park was pounding three pitchers, the T-Birds could muster only four singles. Barry Deal had three and Craig Turnbull one.

### Jim Juday Eyes MSU Grid Spot

One of the smallest contingents ever to be invited to Michigan State Spartan football practice will open drills for the 1966 season September 1.

Included among the 66 invited is Northville's Jim Juday, one of 14 ends. Jim, the brother of Quarterback Steve who graduated last year, followed his brother's steps in football in high school. He was a sparkplug in football, basketball and baseball at Northville high school.

A junior at Michigan State, Jim will report for physical examination on August 30 and pictures of the squad will be taken August 31, with practice getting into full swing the following day. Two-a-day practices are scheduled until the season home opener September 17 against North Carolina State.

Twenty-three lettermen from last year's national and Big Ten champions will head this year's squad. Aside from the usual round of seven Big Ten games, MSU will face independents Penn State and Notre Dame.

It's Duffy Daugherty's 13th season as head coach.

### Hey Gridders!

It won't be long now. Football practice for Northville high school varsity and junior varsity candidates will begin in less than two weeks. Target date is August 29, Athletic Director Dave Longridge reminded gridders this week.

Equipment will be issued from 8 to 11 a.m., beginning next Monday, and continuing for one week through Monday, August 29. No equipment will be issued, however, until physical examination and history cards have been completed. Longridge pointed out Students in grades 10, 11 and 12 are eligible to try out for the varsity. Ninth and selected tenth graders will eventually comprise the junior varsity squad.

**NEW BALLPARK**—There's a new ball park in the future of many Novi youngsters, thanks to the generosity of some interested Novi residents, Mr. and Mrs. J. T. Assemany and Paul Bossco. It is being constructed on the Assemany property across from their home at 46400 10 Mile road near Beck road. Equipment for preparing the field was donated by Bossco, owner of a construction firm. If everything goes as scheduled, the field,

designed for Little League and Babe Ruth baseball and football, will be ready next spring. Undertaking the sodding and building of bleachers will be Assemany, who will donate time and materials. Assemany said that he hopes some local organized league for youngsters will come forward and claim the field as its home. In the picture above, giant earth movers go to work under the guiding hand of John Bobbio, construction supervisor.

**WEEKEND WINNER**—"We'll go some place we haven't been before," said Harold Penn, last week's winner of a free weekend at any Albert Pick Motel or Hotel. Presenting the certificate to Penn is Percy Mackenzie of the Northville Camera shop, one of the

20 local sponsoring business establishments. Looking on are Mrs. Penn and 11-year-old son, Stephen. Not pictured are the other three children, Jim, Margaret and Enid. The Penns reside at 46150 West Main Street.

## Teacher Shortage Cut to 2 in Novi

Shortage of teachers for the Novi school system was cut to two last week as the board of education approved contracts for four new teachers.

Contracts were approved for Marie Beck, who will teach high school English, \$5,500; Joellen Webb, high school social science, \$5,500; Winifred Ling, second grade, \$5,500; and Mary Dale, elementary library or sixth grade, \$6,434.

The superintendent indicated that filling of the two remaining vacancies will be extremely difficult. He said all of the area colleges and universities had been contacted without success.

Teacher staffs for the high school and Novi elementary are complete, he said, but a vacancy for a sixth grade teacher at Orchard Hills is unfilled as is an elementary music position.

The superintendent indicated that classes could be conducted with the pre-

sent staff but that it would not be easy or desirable with two vacancies open.

A staff dinner - an annual affair here - was approved for September 7 at the high school beginning at 6 p.m. An estimated 90 staff members, including custodians and bus drivers, are expected to attend as are board members and their wives.

The board decided against having a speaker for the occasion, concluding that the dinner program should be kept as informal as possible.

Earlier action by the superintendent in ordering new furniture was approved. Dale ordered the furniture from American Seating, which quoted the lowest price among three companies contacted. Cost is \$2,877.90 with delivery within weeks. Quotations also were received from Brunswick at \$3,290 and from Peabody at \$3,144.

The furniture includes 80 elementary desks, four teachers desks, and four files.

Quotations from two firms for wall tables were tabled pending a study of needs at the high school.

Contracts also were awarded to low bidders on gasoline, fuel oil and milk. The winners and their bids were: Marathon, 18.7 cents for gasoline; Standard, 9.74 cents for fuel oil; and Guernsey Farms Dairy, 5.6-cents per half-pint of bottled white milk and 6.2-cents per half-pint of bottled chocolate milk.

A quotation from Novi Realty - the lone bidder - for bus insurance at a total cost of \$833.47 was also accepted.

Payment of all outstanding bills related to the new high school addition but one were approved. The lone exception was a bill from the architect.

## Boy, 10, Admits 150 Break-ins

A 10-year-old Northville youth who admitted breaking into 150 homes and business establishments over the past five years was sent to Wayne County Juvenile home when apprehended last week.

Police said the youth will be held at the home until the juvenile court decides the boy's future.

He was picked up on suspicion on August 11, police said, after a neighbor reported that his house had been robbed, adding that the youth was one of the few who knew where the money was. He later admitted the robbery, police reported.

Questioning revealed the boy had been involved in several other recent robberies, including one in which he stole a revolver and apparently later shot into a Northville home, police said. No one was hurt. The boy claimed he was going to use the weapon to pull a stick-up, police said.

## They're Winners

The following persons won prizes at the "climate clinic" openhouse conducted by Eckles Heating company last week end:

Mrs. Leo Crane and Mrs. Nora Dudley of Northville, Moistaire humidifier and air cleaner; Mrs. Lonnie Brashear, Livonia, the grand prize Iron Fireman gas furnace.

## Obituaries

**CLYDE R. CAREY**  
Clyde R. Carey, 71, died Sunday at Veterans Hospital, Ann Arbor. His home was in Barton City.  
He lived in Livonia until 1956, where he owned a garage business for 30 years, from 1924 to 1954.  
Born June 14, 1895 in New Hudson, he was a member of Alcona County Veterans of WWI and Myron Beal Post #32 American Legion.

He is survived by his wife, Nettie; also, by a brother, Cecic Carey of Lexington; and a sister-in-law, Mrs. Robert Litsenberger of Northville. He was preceded in death by a brother and sister.

Funeral services will be held today at 1 p.m. from Casterline Funeral Home, with the Reverend Lloyd Brasure of First Presbyterian Church of Northville officiating. Interment will follow in South Lyon Cemetery.

\*\*\*\*\*

Dawn E. Hardesty was buried Tuesday on her 14th birthday.

The South Lyon high school student suffered an acute asthmatic attack during the 4-H show at Pontiac Saturday and died enroute to Pontiac General hospital. Daughter of Mr. and Mrs. Dean Hardesty of 9385 Currie road, she was born August 16, 1952 in Garden City.

She attended schools in Northville until the seventh grade. For the past two years she had been a student at South Lyon.

She was a member of the Salem Federated Church and its Pioneer club, the Girls' athletic leagues in Northville and South Lyon.

Her grandparents are Mr. and Mrs. W. C. Stooks of Northville, and Mr. and Mrs. Cloyd Hardesty of Northville. Miss Hardesty also is survived by a brother, Robert, and sister, Debra, both at home, and many uncles, aunts and cousins.

She lay in state at Casterline Funeral Home until Tuesday morning. Services were conducted from the Salem Federated church, with the Rev. Ivan Speight officiating.

Burial was in Washtenong Memorial Park, Ann Arbor.

\*\*\*\*\*

**DR. HAROLD DAVID HENDERSON**  
Dr. Harold David Henderson, 72, a retired dentist, died Saturday at St. Mary hospital, Livonia. He lived at 43446 Fonda street, Novi.

Surviving him is his wife, Laney, who for years has written Novi Highlights for this newspaper.

Born June 6, 1894, in Mason, Dr. Henderson moved to Novi three years ago after practicing dentistry for 19 years in Mason, and before that, 19 years in Harbor Beach. He retired in 1961.

Besides his wife, Dr. Henderson is survived by a son, Dr. Charles Henderson of Holt; a daughter, Mrs. Robert (Lois) Colby of Ithaca; two stepsons, Edward Rix of Plymouth and Victor Rix of Falls Church, Virginia, and three grandchildren.

Dr. Henderson was a member of the First Methodist church of Northville, a past worshipful master of Huron Lodge, Harbor Beach, a life member of the Masonic Lodge in Mason, past president of the Harbor Beach Rotary club and past president of the Mason Kiwanis club.

Funeral services were held Wednesday at 10 a.m. from the Casterline funeral home, with the Reverend S. D. Kinde officiating. Burial was at Evergreen cemetery.

## Readers Speak

### Would-be Constable Airs Views

To the Editor:  
I have been a challenger at the polls for far too long not to know the regulations on write in votes ... but if you had seen the vultures go check the rules and regulations of elections it would have done your heart good. At least they learned something.

Was I serious? If there had been the required amount of write in votes would I have gone through with it? Yes, of course I would, many of you may not be aware of it but there are women constables in Michigan.

Can I handle a gun, yes, I can. I was taught by the late Lieutenant Vern Loeffler and former police officer Roy Hallock of the Novi police department. Would I carry a gun? No I don't think so unless it was a special case where one would be absolutely required. Far too many accidents happen with guns... common sense has always been a better factor. I was taught to shoot with a 38 Colt police special but personally own an automatic and have been licensed to have one in the home for over six years.

About the previous four elected constables not getting their fair share of Novi business - this is true. One fact I want to state is a J.P. may give his work to whomever he wishes. However, does it not seem strange that they would bypass their own community where they too are elected officials? By the same token, how would these justices like it if all the township and village which runs into the thousands of dollars be handed to justices in adjoining communities, where they would not have a reciprocal agreement, and they would not get one dollars worth of village or township business? I can assure you they would scream loud and clear.

It makes me feel a little ill when a man goofs up his case, then is referred to as constable when in reality he is not because he was NOT re-elected more than four years ago ... so he gets himself appointed special deputy of Oakland county so that he can continue to serve Novi papers ... just what are his interests in Novi? He has no roots here.

Did I work as police dispatcher 72 hours a week, yes, I did and with no pay... for some of us believed in the future of our village and would do what we could to breath life into our town. Money was not available, but some of us believed that you the people should not be without police protection and so I volunteered to do this service for you with no pay. Do you know that the first council signed a personal note so that the village employees such as the D.P.W.; police; volunteer firemen, clerk, inspector and one day clerk and dispatcher could be paid along with the building inspector?

I believe in this village and have

faith in it and would not trade what it offers with any other adjoining community. Perhaps our charter needs a little work on it so that any one obtaining employment in our village must become a resident within six months. I am not for these people who obtain positions here and live in another community for they contribute nothing to the growth of our village ... these are just the takers not the givers.

For, those of you who wrote me in

for constable, my everlasting thanks... at least I would have tried to serve you to the best of my ability and within the jurisdiction of the law.

What's the  
second most  
important name  
on the checks  
you write?  
Your bank.

The check you sign is more than a piece of green, or blue, or pink paper. It's a bank. Your bank.

At NBD it's the largest bank in Michigan - with well over \$2 billion in total resources right there backing up your name.

It's 88 offices, so you're never

very far from your money. It's thousands of well-trained men and women ready to help you pay all your bills as quickly and easily as possible.

It's two convenient checking plans: Econ-O-Checks for a smaller balance, Regular Checking for a bigger balance. It's all the many services you

want most from your bank: good savings plans, quick action on a loan, good family money management, trust services, safe deposit boxes.

Any bank can open a checking account. But only NBD can give you something else just as important. Our good name.

## Municipal Court

For airing a family dispute in public, a Detroit man and wife were each fined \$27.50 and costs of \$5 when arraigned Monday in Northville Municipal court on charges of drunk and disorderly conduct.

Guy Butler and his wife, Irene, were taken into custody at 9:51 p.m. on August 6 for using foul language as they argued in the alley parking lot at Northville Lanes, police said. They both pleaded guilty as charged before Judge Charles McDonald.

Another Detroit man, Louis Werthmann, 36, also pleaded guilty to drunk and disorderly conduct and paid a fine of \$27.50 and \$5 costs. He was apprehended August 5 at Northville Downs.

In the only other case to come before Judge McDonald Monday, Shawn O'Brien, an 18-year-old from Farmington, was fined \$20 and \$5 costs for speeding August 7 on Eight Mile road.

# Novi Courts

Four men were cited for reckless driving in Novi justice court. Three were assessed stiff fines and the fourth's sentence was suspended due to mitigating circumstances.

Charles Smith, 43, of Dearborn and Robert Farnsworth, 47, of Farmington were fined \$85 and \$15 costs. Both pleaded guilty to the charge at their trials held August 4, after pleading innocent earlier at their arraignments.

According to police, Smith crossed the center line nine times as he drove south on Novi road from 12 Mile road to 10 Mile road. Violation occurred July 26 at 1:43 a.m.

Farnsworth was ticketed on August 1 for the same violation. Novi police reported that Farnsworth drove off the roadway twice as he proceeded east on Grand River from Novi road to Haggerty road.

Durwood Burton, 20, also from Farmington, was fined \$75 for a reckless driving incident that took place at 2 a.m. on July 18. He was weaving from one side of the road to the other, police said, as he drove east on Grand River avenue.

Sentence against Ervin McCardle, 21, of Walled Lake, who was reportedly wanted since April for desertion from the Marines, was suspended since he was in custody of the Marines at the time he was to appear in court.

Police said that McCardle was also faced with the possibility of losing a leg as a result of an accident that occurred while Novi police were chasing him aboard his motorcycle.

He was speeding down 14 Mile road and East Lake drive at 10:19 p.m. on July 23, police said, as they chased him.

Driving too fast for conditions on South Lake drive, police said McCardle's motorcycle flipped in the air and McCardle was seriously injured. He was taken to Botsford General hospital in Farmington, where Marines picked him up, it was reported.

Ossie Hinote, 22, a Plymouth resident, was also cited for reckless driving and fined last Thursday a sum of \$35. Police said they chased Hinote from 19 Mile road to Eight Mile road as he drove south on Novi road at speeds exceeding 85 miles per hour on July 23. He pleaded guilty at his arraignment.

Two men, Terry Dees of Novi and Frederick Ermal of Pontiac, were both fined for aiding and abetting under-age youths in procuring liquor.

Dees, who lives at 47235 11 Mile road, paid \$25 in fines and \$10 costs for buying liquor for a juvenile on July 16.

Police said Ermal was driving west on Nine Mile road on July 31 with seven minors and liquor in the car. Ermal was fined \$35 and \$15 costs at his arraignment August 4.

Three persons were arraigned on charges of speeding.

Cited for driving 70 miles per hour in a 50 zone, James Hadwin, 19, of 604 Oakland, Northville, was fined \$20 at his arraignment Friday. He was ticketed

at 1:05 a.m. on July 18 as he drove south on Novi road.

Rita Boginski, 46, of Detroit also paid a \$20 fine Thursday for speeding 75 miles an hour in a 55 zone as she drove east on July 26 on Grand River avenue near Haggerty road.

Marc Stretten, an 18-year-old from Union Lake, pleaded guilty before Judge Robert K. Anderson last Thursday, and paid \$20 for speeding 55 miles per hour in a 30 mile zone. Police said he exceeded the speed limit on Novi road and East Lake drive at 2:10 a.m. on April 16.

A Wayne man, 21-year-old Daniel Wallace, was fined \$50 on a charge of being disorderly at the Bob-O-Link golf course club house. Police said Wallace refused to leave when ordered and had to be taken out by police on July 28.

George Elmer, 36, a Detroit resident, was fined \$25 for loitering August 6 on Novi road near 12 Mile road. He was arraigned August 8 before Judge Anderson.

For dumping a junk car on Paramount street between 13 Mile road and Wainright street, Jerry E. Napier of Novi was fined \$50 and put on probation for 90 days at his trial held last Thursday. Napier lives at 117 Bernstadt street.

Harold Frederick, 19, of Farmington, pleaded guilty to having liquor in his possession and paid a \$25 fine and \$5 costs when arraigned August 8 before Township Judge Jacques. He was apprehended at 1:04 a.m. on July 31 near Nine Mile and Meadowbrook roads.

Three persons were cited for driving without an appropriate driver's license.

Charles Marshall, 229 Austin drive, Novi, originally stopped August 2 for driving a vehicle with a defective exhaust, pleaded guilty to the charge and paid a \$7 fine. He also paid a \$15 fine for not having a Michigan operator's license.

Edgar Corbine, 22, of Detroit, was assessed a \$10 fine and \$10 costs for driving August 1 without a driver's license.

And Raymond Ford, 25, who lives at 226 1/2 High street in Northville, was fined \$20 for driving on a denied operator's license. His infraction occurred at 11:45 a.m. on July 11.

Joyce Cadotto, 22, of Detroit, was fined \$15 by Judge Anderson last Friday. She was charged with careless driving July 28 as she drove east on Grand River.

Wesley Wiseman, 28, a Northville resident who lives at 8620 Chubb road, pleaded guilty to driving May 5 without front license plates on his car. He paid a \$20 fine, assessed by Judge Jacques.

Paul M. Willard, 22, of Detroit, cited for being disorderly at the Walled Lake Amusement park on August 1, was found guilty and fined \$15 and \$5 costs last Thursday. Police reported he resisted arrest when police attempted to break up a fight in which he was involved.

## Local Youth Attends For Musicians

Daniel McGarry, 42061 Nine Mile road is among 690 high school musicians from 14 states and Quebec who are participating in Michigan State University's summer Youth Music Program August 1-20.

The program provides private and group instruction in music, music theory, music literature and conducting. Each student has the opportunity to take part in a variety of musical groups—festival bands, symphonic band, concert band, jazz bands, orchestra, mixed chorus, girls chorus and ensembles.

Instruction is by MSU and visiting university faculty and top high school teachers. Guest conductors from six cities head the major musical aggregations.

The students use their own instruments. They are housed in university dormitories and have access to university musical, recreational and cultural facilities. They appear on radio and television. Their music is recorded and they give public performances.

Four bands, the orchestra and the chorus will present a public concert in University auditorium, Saturday, August 20. Three units will perform at 11 a.m., and three at 1:30 p.m.

The Vivaldi Gloria by chorus and orchestra and a chamber music concert will be presented at 7:30 p.m., Friday, August 19. An earlier concert featured many groups playing the light classics.

UNCANNY BALANCE?—Not on your life. The truck owned by the J. J. Zayti Trucking Company, is being righted by a wrecker not in the picture, after the truck was involved in a collision early Monday morning. According to police, the truck unavoidably hit a car that swerved out of control, as it traveled west on Eight Mile road near Taft road. Neither the drivers, nor two passengers in the car driven by Douglas Road of Farmington were seriously injured. The front axle and tires were ripped off the truck when it subsequently hit a curb, and the car was damaged extensively.

Noted critic and test driver Tom McCahill remarks on the new 'Jeep' Wagoneer.

**"If I had my choice of any car on my test lot, I'd pick the 'Jeep' Wagoneer"**

Recently, in *Mechanix Illustrated*, Tom McCahill said, "My front yard usually resembles a clearing house for a hot car ring. At present, better than \$50,000 worth of autos stand there broiling in the hot Florida sun...of the whole kit and caboodle, my choice would be the 'Jeep' Wagoneer." Nearly everyone who's driven the new 4-wheel drive 'Jeep' Wagoneer agrees it's the most versatile car ever produced. "It rides like the best Detroit has to offer," says McCahill. "But it'll go places you just wouldn't dream of going in an ordinary car. And, it looks just as much at home in the parking lot of the most posh country club as it does next to a prairie campfire." Concluding his article, McCahill said, "The Wagoneer is built like a bank vault and, if my calculations are worth a hoot, it will experience a lot less trouble in five years than many of the fancy Dats that can crack above 130, and easily eat you out of house and home." Test drive a 'Jeep' Wagoneer today.

You've got to drive it to believe it. See your 'Jeep' dealer. Check the Yellow Pages. SEE 'JEEP' VEHICLES IN ACTION ON "WORLD SERIES OF GOLF," SEPTEMBER 10-11, NBC-TV

READY, ROLL 'EM—With Granny in her rocking chair at 321 Rayson Street, camera crews shoot

film in preparation for a commercial that will be seen on TV this fall.

**She's a Man**

**'Granny' Plugs Oil In TV Commercial**

Northville and Novi are scheduled to appear this fall on TV—but only for about 60 seconds.

Both communities will serve as the stage for Marathon Oil company's new television commercial, advertising a free trip to the Rose Bowl. It will be shown 60 seconds during football games. Scenes were shot at the James Fowkes residence, 321 Rayson street, at a mailbox on the corner of Rogers and Thayer streets, and at the Marathon station on Novi road next to the expressway.

Leading character will be a white-haired lady, the typical Granny complete with shawl and spectacles, who hears the commercial as she sits rocking in a chair on the front porch of her old but quaint white home.

She leaps inside to hear the commercial, rushes to her nearest Marathon dealer and then barely catches the postman at the corner mail box.

To get the desired effects, the advertising agency producing the film pulled some tricks out of the bag. Most of the flowers displayed in

front of the Fowkes home were artificial.

Granny is in fact a man, over six-feet: Jim O'Neill. He was selected because of his convincing and entertaining portrayal of Granny who appeared in a commercial shot some two years ago.

O'Neill said that Granny was one of 22 original McSweeney characters he played, his introduction to acting. The McSweeneys were a family that settled in Indiana somewhere.

The film will be semi-animated, it was reported. Action was shot in frames, a device commonly used in cartoons, then they will be pieced together and flashed on screens to get Granny to move, a mile a minute.

Why was Northville and vicinity selected? Mrs. Fowkes said that she was approached last week Tuesday after advertising workman scoured the Detroit suburbs for two days. "They wanted an old house with a big lawn," she said.

One of the men directing the production piped up: "We wanted a town that was quaint and neat. Northville was ideal."

**Frosh on Campus For Orientation**

Orientation sessions for freshman students began this week on the Schoolcraft College campus as college officials set in motion procedures leading to the registration of an expected 2,800 students beginning Monday, August 29, and the start of classes for the fall semester on Thursday, September 1.

Divided into groups of approximately 200 each, freshmen were assigned to one of six orientation sessions scheduled for Monday, Wednesday and Friday mornings and afternoons.

According to Registrar Norman E. Dunn, a pre-registration information packet has been mailed to all Schoolcraft students, including freshmen who have been tested and counseled. The packet includes a schedule of fall se-

mester classes explaining registration procedures, the name of the student's faculty advisor and a pre-registration appointment time and date with the advisor.

A page is provided in the class schedule to permit the student to prepare a tentative weekly class schedule.

Registration will start on the campus at 1 p.m. Monday, August 29, and continue through Wednesday, August 30. Students enrolling in the day classes or planning a combined day and evening program must register in person, Dunn explained.

Student enrolling in evening classes may register either in person or by mail.

**Torma to Head Child Guidance**

Board president, John F. Boyle, announced the recent appointment of Soine A. Torma, NASW, as executive director of the Northwestern Child

Guidance Clinic.

"Torma has a long list of mental health accomplishments to his credit", Boyle stated, "starting after his release from a prisoner of war camp on the Japanese main island in 1945." Torma is a survivor of the Bataan death march and spent 42 months as a prisoner of war.

After earning his master's degree at the University of Michigan, Torma worked as a student counselor at Suomi college and later as a social worker for the Department of Social Welfare.

In 1956, he was instrumental in the founding of several child guidance clinics in Michigan's Upper Peninsula serving as branch supervisor.

Northville is a participant in the northwest clinic, and Mrs. Crispin M. Hammond was the group's charter president.

# Northville City Council Minutes

The regular meeting of the Northville City Council was called to order by Mayor Allen at 8:02 p.m. on Monday August 1, 1966 at the Northville city hall.

Present: Allen, Black, Canterbury, Carlson and Kester. Absent: None. Council requested City Manager to list the four basic types of contracts on Urban Development, in the fourth paragraph, page three of July 18, 1966 minutes of council meeting.

Minutes of council meeting of July 18, 1966 then accepted.

Moved by Carlson, supported by Kester, that bills in the following amounts be accepted:

General	\$33,015.72
Water	3,695.92

Unanimously carried.

Communication from Mrs. Audrey Nieber, 18010 Beck road, Northville, was read regarding the need of a traffic light at 8 Mile road and Center. Mr. Canterbury talked with Mr. Harrison, Wayne County Road Commission's Traffic Safety Division, in regard to this matter. Sid Frid is checking into this and a letter is being sent to Mrs. Nieber informing her of the progress.

Acting Clerk read the letter from the Clerk of Novi, Michigan, stating that further consideration of the rezoning request of Edmund P. Yerkes, will be given at next regular meeting of the Village Council, Monday, August 1, 1966 at 8 p.m. City property is not within the stipulated 300 ft. and letter is to be filed.

Clerk read communication from Poole, Warren & Littell, in which they enclosed an executed copy of a Petition on behalf of Northville Public School District for annexation to the city of 10 acres of land in Section 4, Northville township. Copies of this resolution should be made and sent to the council members.

City Manager read letter sent to residents of Randolph street, expressing regret at delay in the job due to strikes and stating we expect completion date to be the first week in September. About ten citizens were present at the council meeting expressing their objections to various conditions they are experiencing. City manager assured them he and other personnel were doing their utmost to keep conditions as satisfactory as possible.

Mrs. Steencken cited not being able

to pay her city taxes without paying the Randolph street Special Assessment. City attorney could give no immediate answer as to the legality of this question but will have an answer by the August 15 meeting and city will send out letters to all parties concerned.

Sid Frid emphasized that the Sanitary Sewer for Northville Heights Sub #1 should not go through the whole line - a relief sewer is necessary. Mr. Penn and city manager are to make a study of this.

North Wing Street Parking Lot paving - City manager reported that Oakland Paving picked up plans but did not submit bid. He was instructed to re-advertise for bids to be received by August 15.

North Center Sidewalk - Roll #66-2 - After discussing this matter it was decided to go ahead with the contract on a 2/3 and 1/3 basis.

Dump Box for DPW truck - City manager quoted price from Elton's Welding Service for this dump box at \$998.00. Council questioned why this truck was purchased without the dump box. City Manager authorized to purchase this dump box at the price of

\$998.00 from Elton's Welding Service.

Garbage and Rubbish pick-up - City manager read the provision on the contract with Mr. Brooks, which expires Sept. 1, 1966 but can be renewed. The general opinion is that the residential pick-ups are satisfactory; however, the commercial pick-ups are not. City manager will confer with Mr. Brooks to arrive at a satisfactory solution to the problems and whether we should advertise for bids on this contract.

City manager read the letter received from Marcel Jelinek, 417 W. Dunlap, regarding fence they are erecting in line with their neighbor's but which is not 18" back from the sidewalk, putting it on city property. City council thinks a fence ordinance is much in need and Mr. Kester and city manager will work on this matter. A letter is to be sent to Mr. Jelinek which will absolve city from any responsibility in respect to accidents caused inasmuch as it is on city property.

Citizen Robert Reed, 545 Randolph street, was present and remarked how his property is being used as a public thoroughfare while Randolph street is under improvement. City agreed to be responsible for any damage to his property.

Workman's Compensation Insurance - This insurance has to be renewed August 1, 1966 but has a 30-day grace period. We are to advertise for bids by the 15th of August in order to award the contract. If this is not ready by the 15th a Special Meeting will be called.

Moved by Black, supported by Kester, to give City Manager permission to divert the work of excavating from one contractor to another at 70¢ per yard in order to expedite the Randolph Street project. Unanimously carried.

Mr. Kester suggested that in front of the Main street parking lot there should be a double yellow line and city manager to confer on this with the chief of police.

Also, at Dunlap and Hutton streets a yellow line is needed.

Mrs. Carlson remarked about the garbage and rubbish collection at the residence on Wing street across from the city hall.

There is no extra rubbish pick-up scheduled for the present time.

Councilman Black remarked he had been told that Silver Springs is not a very nice sight - also back of Cloverdale's and Spagnuolo's is not kept in good shape.

A discussion followed regarding Griswold street extension. Council agreed this matter definitely should be kept alive and a meeting should be arranged with Oakland County to see what can be done.

Novi sewer - City manager and city attorney expect to meet with Mr. Alexander some time this week.

Regarding clean-up at Center and Maplewood by Benicke & Krue - city attorney and city manager will see that definite action is requested of them in this direction.

Mayor Allen wishes a letter of thanks to go to Wayne County Road Commission for repairing section on Seven Mile road and South Rogers.

City Manager to get quotes on prices for removing diseased Dutch elm trees.

Mrs. Carlson requested branches from trees on Mrs. Dixon's property

on Beal street be trimmed and city manager will take care of this matter.

There being no further business, the meeting was adjourned at 11:05 p.m.

Respectfully submitted  
Hilda Boyer, Acting Clerk

## Township Proceedings

Northville Township Hall, Wednesday, August 3, 1966, meeting called to order at 7:30 p.m.

Members present: R. D. Merriam, Supervisor, Marguerite N. Young, Clerk, Alex M. Lawrence, Treasurer, Wilson D. Tyler, Trustee, James H. Tellam, Trustee.

Consultants: John Ashton, Township Attorney, L. W. Mosher, Township Engineer.

Visitors: Mr. Jack Hoffman of the Northville Record, Mr. and Mrs. William Smith, Mrs. Eleanor Hammond.

Trustee Tyler presented his letter of resignation to Supervisor Merriam and same was read by the Clerk. Mr. Merriam expressed regret.

Trustee Tellam moved that Trustee Tyler's letter of resignation be accepted with regret. Treasurer Lawrence seconded. Motion carried unanimously.

Bernard W. Baldwin having received the largest number of votes at the Primary held August 2, 1966, Trustee Tellam moved that the Board appoint Mr. Baldwin to fill Trustee Tyler's remaining term of office. Treasurer Lawrence seconded. Motion carried unanimously.

Treasurer's report was read and accepted.

Office receipts and Water & Sewer Commission receipts for July 1966 and Bills payable and Water & Sewer Bills Payable were brought under discussion.

Trustee Tellam, supported by Lawrence, moved that all bills be paid. Motion carried unanimously.

Building Inspector's report for July 1966 was discussed and accepted.

Planning Commission minutes of July 26, 1966 and Appeal Board minutes of July 23, 1966, were reviewed. Discussion of Dr. Gizynski's proposed convalescent home, Doctor's Clinic and dwellings followed.

Correspondence:  
1. Letter from Plymouth Community Chamber of Commerce inviting elected officials to a Joint Governmental Dinner meeting on Friday, August 5, 1966 was read.

Supervisor Merriam discussed the different projects to be studied by the five community group which included a joint police authority and a joint incinerator authority.

Old Business:  
1. Treasurer Lawrence moved the adoption of Resolution #66-22 which instructed and authorized the Supervisor and Clerk to execute a Service agreement with the State of Michigan Department of Mental Health. Trustee Tellam seconded. Motion carried unanimously.

2. Trustee Tellam moved that the Township Board formally award the contract for the Seven Mile Sewer to the

Don Gargaro Company in accordance with their proposal submitted June 6, 1966, and direct Mosher associates to notify the Don Gargaro Company that the contract was awarded by Board Action on August 3, 1966. Treasurer Lawrence seconded. Motion carried unanimously.

3. Resolution from Northville School Board - Annexation of the Moraine Elementary School Property to City of Northville.

Clerk Young moved that the subject be tabled for further study and be brought up for discussion at the September meeting. Treasurer Lawrence seconded. Motion carried unanimously.

New business:  
1. Appointment - Northville Township Canvassing board.

Section 30b of Act governing Board of Canvassers states that any member of the Board vacates his office if any member of his immediate family becomes a candidate for any elective office in the community he serves. Eugene Guido therefore being disqualified, Trustee Tellam moved that the Board appoint Mr. Fred M. Hembrey, democrat, to serve out the term of Eugene Guido on the Northville Township Canvassing Board. Treasurer Lawrence seconded. Motion carried unanimously.

2. Keller request to refund cost of Building Permit.

Supervisor Merriam explained the situation to the Board and referred to Legal Council. Mr. Ashton's opinion was that the township should not become involved until the Builder and the owner applicant had settled their differences.

3. Insurance for township constables.

Letter from C. Harold Bloom Insurance Agency stating cost of insuring constables covering false arrest, libel and slander, defamation of character and wrongful entry for a maximum of \$25,000 and \$50,000 was read and discussed.

Treasurer Lawrence moved that the board take out insurance to cover the three constables. Trustee Tellam seconded. Motion carried unanimously.

4. Supervisor Merriam brought under discussion the No Hunting Act which was voted in at the August 2, 1966 Primary Election. He stated that he thought the township should be well posted a week prior to the hunting season by the township government and that the township constables should be alerted to watch for offenders. He further stated that there had been complaints about shooting in the gravel pits in the township and possibly the township board should adopt a Firearms Ordinance. It was agreed that this matter should be presented at the next Annual Meeting of the Township.

5. Suggested changes to the Township Swimming Pool Ordinance.

The recommended changes suggested by the Township Building Department were discussed. When referred to Mr. Ashton stated that from a legal standpoint he was afraid that the Township was getting off a deep end as some of the changes recommended would be very difficult to police.

It was decided that the matter would be held until the changes could be discussed with the Wayne County Board of Health.

No further business, Lawrence moved, supported by Tellam to adjourn. Meeting was adjourned at 8:45 p.m.

Marguerite N. Young,  
Clerk

**NEW MIRACLE FABRICS AND A Gas Dryer TAKE THE DRUDGERY OUT OF IRONING**

*Waltz thru Washday!*

Cut ironing time with a work-saving GAS DRYER

Today's smart new gas dryers are designed with "Wash and Wear" clothes in mind. Many new fabrics come from the drier ready to wear. And your whole washing will require less ironing - towels will be fluffier, synthetics and other delicate fabrics gently dried at the proper temperature. Yes, with a gas drier you'll truly Waltz through Washday. It's too late for last week's laundry - but see your Gas Appliance Dealer and let a gas drier help you do your ironing.

John Hasley

### John Hasley To Attend Conference

Three local, teen-age business executives have been named official delegates to the 23rd National Junior Achievement (J.A.) Conference (NAJAC) at Indiana University, Bloomington, August 21-26.

John C. Hasley, 16, of 41010 Malott drive, Novi; Miss Chris Sherry, 17, 47035 North Territorial road, Plymouth, and John M. Griffin, 17, of Garden City, are the honored trio.

To qualify as a NAJAC delegate, an Achiever must have an outstanding record. All three were officers of Craftco, an Industry Award winning J.A. company counseled by the Engine & Foundry Division of Ford Motor Co., Dearborn. Young Hasley was president, John Griffin, vice president - manufacturing, and Miss Sherry, vice president - sales.

The firm manufactured aluminum coat hangers and conducted their business operations from the Plymouth J.A. Business Center at 585 West Ann Arbor trail.

President Hasley also won a Junior Executive Award. Chris distinguished herself by winning the J.A. Vice President - Sales title for southeastern Michigan in a contest sponsored by the Sales/Marketing Executives of Detroit. Her award included an expense-paid trip to NAJAC. She was also voted Miss Achievement of Plymouth. At Bloomington, she will compete for the national V.P.-Sales title.

All three youthful industrialists will confer with leading administrators from business and industry to discuss problems, successes, how to improve over-all operations of their small-scale firms, and exchange ideas on new ventures.

This fall Miss Sherry will enter her senior year at Plymouth High school and Hasley will become a junior at Northville high. Griffin is a graduate of Franklin High school.

The 100 delegates from southeastern Michigan, the largest J.A. area in the world, will be part of the 1500 representatives expected from more than 200 areas of the international organization that teaches youth an understanding of the free enterprise system.

# NOVI HI-LITES

by Mrs. H. D. Henderson

Mr. and Mrs. Donald Tuck and children, Dennis and Lori, returned last Tuesday from a camping trip to Wisconsin Dells. Their guests were Mr. and Mrs. Ken Philo and Kevin and Peter of Garden City and Mr. Philo's mother, Mrs. Vi Philo. On Tuesday of last week Mrs. Vi Philo returned to her home in England.

Mr. and Mrs. Al Gow moved last week from their home on Novi road to their new home at 28398 Thorny Brae at Kendlewood and Twelve Mile road, Farmington.

The Gow's daughter and her husband, Mr. and Mrs. William Newman and their son, Mark, also moved last week into the house just vacated by Mrs. Newman's parents.

Mr. and Mrs. David O'Leary and children of Winter Park, Florida are visiting friends and relatives in Michigan. They were at the Henderson home on the weekend and when they return from visiting relatives at Lake City and Merritt they will again visit Mrs. Henderson before returning to their home in Florida.

Mr. and Mrs. Howard LaFond and sons, Tony and Mathew, spent their vacation in the upper peninsula. Due to the illness of a son Mathew, they returned after one week. After several days in Mt. Carmel hospital, Mathew was able to return home last week.

Mrs. Marie LaFond and her daughters, Mrs. Pat Schoultz and Mrs. Connie Konetschy, spent Monday visiting friends in Carleton.

Mrs. Harold Sigsbee and Mrs. Hoban spent last Thursday at Ann Arbor. They had luncheon at Lord Fox restaurant and spent the afternoon shopping.

Mr. and Mrs. Harold Sigsbee and daughter, Louise, visited the latter's brother and his wife, Mr. and Mrs. Coleman in Detroit this past Sunday. Daughter Louise is spending a few days with her cousins, Westly, Joyce, Tom, Easter, Connie and Louise Coleman.

Art and Rich Sigsbee and Bob West-sau were at the Sigsbee cabin in Harrison over the weekend.

Mrs. Lou Westphal and Mrs. Don Bingham are having a few days of vacation at Houghton Lake this week.

people, who attended Camp Baraket near Fairview, Michigan this year, sang several songs they had learned at camp. Janet Warren gave a testimony regarding her camp experiences. Title of the evening message was "Faith Reaches Beyond Outer Space." Special music was supplied by a singing trio, Gloria Bugn, Joan Balite and Sharon White.

The "F.T.C." project is continuing with work on the church steeple by the men of the church at Ray Warren's home on Tuesday, Thursday and Friday at 6 p.m. and on Saturday at 8 p.m. and continuing through the day. All men and boys are welcome to come. Following the work on the steeple many other projects are planned at the church building.

College and business age persons are making their plans for attending the VCY Cruise to Bob Lo. Guest speaker will be Dave Grant. He is a graduate of Central Bible Institute, attended Bob Jones university and has worked with Campus Crusade for Christ. He also is producer of the film, "Teenager Diary". On the second deck will be a special teenage film entitled, "Car Fever" and special music will be presented by the Cathedral Quartet. Anyone planning to go can contact Sharon Allen for tickets 349-3116 or call church office. Time of departure will be 6:30 from church.

Canning time is being planned by V.V. circle again this year for Southland Bible Institute. Anyone wishing to contribute produce is asked to contact Mrs. Eileen Coburn, president, and call her at 349-2704 or at the church

office. Jar lids and sugar are also needed and may be brought to the church and placed in vestibule.

Following service Sunday night, the college and business age group and high school youth group met at the home of Sandy Baker for Bible baseball. The teams are headed by Jay Warren and Dick Story. Devotions were brought by Pastor Clark, next week the group will

meet at the parsonage for continuation of Bible baseball based on John, Chapter 10.

Next Sunday evening will be youth Sunday and the college age group will be planning the service. Jay Warren will bring the message, and special music will be presented. In addition, the Hiawatha Campers will review some of their experiences.

"Mitten Bay Marina" Now Open

## New Marina Opens at Kent

A new boat dockage facility called the "Mitten Bay Marina" is now open at Kent Lake in Kensington Metropolitan Park near Milford, David O. Laidlaw, park superintendent, announced this week.

There are 36 new slip rental spaces available on a seasonal basis for boats up to 22 feet. The new marina is well-protected from the wave action of Kent Lake and from the winds.

Landscaping and paved parking are yet to be completed at the site.

"We have expanded our marina facilities because of the increased demand for slip rental spaces at Kensington Metropolitan Park and in particular to accommodate the larger boat owner", stated Laidlaw.

With the opening of the Mitten Bay Marina, the park now has a total of 136 slip rental spaces.

For additional information on this new facility persons may contact the park office: Phone 685-1561 (Milford)

**AWARD**—A special institutional award, presented in connection with a national student competition sponsored by the Paralyzed Veterans of America, was given to the Wayne State University School of Medicine by Lee M. Gresham (seated, left) of Wixom and Robert Hopkins (far right), vice president. Accepting the award were (standing): Dr. Ernest Gardner, dean of medicine, and Dr. Joseph N. Schaeffer, director of the Rehabilitation Institute, Detroit. (See "Top of Deck Column", page 10-B, for information concerning Gresham).

## Nursing Grads Find Jobs

If the experience of the first class of practical nurses to graduate from Schoolcraft College in July, 1965, is any criterion, members of the class which received nursing certificates on July 22 have a rosy employment prospect.

Of the 23 graduates in the July, 1965 class, 20 were working in their new field within four months after receiving their certificates. Of these, 18 found jobs within two months, and five of them began work immediately after graduation.

According to Mrs. Harriet H. Sattig, R.N., Schoolcraft director of nursing education, 16 of the graduating PN's were employed in hospitals in the Detroit area, two others went to work in nursing homes and two more found employment in physicians' offices.

Of the three graduates not employed, one married and left the area, and two others were ill and unable to work.

Seven of the graduates were employed by the Garden City Osteopathic Hospital, where the student nurses take some of their practical training during the one year course.

"Employment opportunities for practical nurses are extremely good," said Mrs. Sattig. "Any nurse who wants to work has no trouble finding a job. We could place 60 nurses, if we could get them for training."

## NOVI METHODIST CHURCH

Rev. Robert A. Mitchinson and family are returning this week from a three-week vacation in California visiting their parents.

Next Sunday Rev. Mitchinson will be back in time to fill the pulpit again.

After services the church and vacation Bible school will hold their annual picnic beginning at 12:15.

## WILLOWBROOK COMMUNITY CHURCH

The Willowbrook Community church will hold its annual buffet supper on Thursday, August 18 from 5 to 8 p.m. Regular service Sunday at 10 a.m., vesper service, Sunday evening at Lake-side Camp in Brighton at 7 p.m. Rev. Harold Mann of Ann Arbor will conduct the service.

## NOVI BAPTIST CHURCH

Sunday morning the message was entitled "Rest in Weariness" and special music included a vocal solo by Pastor Clark. In the evening the young

## WHO ARE THE SAFEST DRIVERS IN THE WORLD?

This is going to come as a shock to a lot of folks who have become alarmed over our highway safety lately, but we are—all of us much-criticized and harassed U. S. drivers. Furthermore, we have rung up this record while coping with the world's fastest and heaviest traffic. Europe has twice the number of fatalities measured on a mile-for-mile basis and Japan has six times as many. The percentages are growing as other countries come into the auto age and their traffic density intensifies.

JOHN MACH

The auto industry is hard at work on safety improvements to make cars foolproof, so let's keep on trying to turn out more foolproof drivers. Where road and vehicle faults should show up, nine out of ten accidents on curves result from bad driver judgment. Almost half of all fatalities occur at night, though there is far less than half the daytime traffic then. Driver judgment again. During the hot weather, be sure to keep your tire pressures up to recommendations. Low pressure causes heat, the greatest enemy your tires have. If you're trying to stop smoking, here is a helpful thought: a recent safety study showed that smokers are involved in four times as many accidents as non-smokers. See you next week.

## NOVI COMMUNITY SCHOOLS

OPENING DATES TUESDAY & WEDNESDAY  
September 6 - 7, 1966

NOVI HIGH SCHOOL - (Grades 7-10)

Enrollment:  
Pupils who enrolled last June need not report until the following time:  
Tuesday, September 6 8:30-11:00 a.m. Grades 7-8  
Wednesday, September 7 8:30-11:00 a.m. Grades 9-10.

Thursday, September 8 First full day of School; 8:30-3:30

NEW students in the Jr. and Sr. High school who have not yet enrolled are asked to report to the principal's office on Monday, August 29 thru Wednesday, August 31, during the hours 9:00 a.m. - 3:00 p.m.

High School Time Schedule:  
All pupils 7th - 10th grades 8:30 a.m. - 3:30 p.m.

School Lunch Program:  
Excellent lunches may be purchased at all schools or students may bring a lunch from home and purchase milk. Costs are as follows:  
Elementary grades 1-6 single lunch \$ .35 weekly ticket \$1.75  
Secondary grades 7-10 single lunch \$ .40 weekly ticket \$2.00  
Milk - all grades single bottle \$ .02 weekly ticket \$ .10

## NOVI ELEMENTARY SCHOOL & ORCHARD HILLS ELEMENTARY SCHOOL

Enrollment:  
Tuesday, September 6 - 9:00-11:30 a.m. Grades 1-6  
Wednesday, September 7 - 9:00-11:30 a.m. Grades 1-6  
Thursday, September 8 - 9:00 - 4:00 p.m. First Full Day of School

Bus Schedules:  
School Busses will operate on regular schedules as follows and follow established routes: Students will be required to walk to the nearest bus stop. Students who are living within approximately 1 mile of the school will be requested to walk.

Busses to Northville: Begin routes at 7:50 a.m. to arrive at school by 8:30.  
Busses to Novi Elementary and Orchard Hills Elementary: Begin routes at 8:30 to arrive at schools by 9:00.

Charges for Book Rental & Supplies:  
Kindergarten \$3.00 (plus \$2.50 per semester for cookies and milk total \$8.00)  
Grades 1 - 6 - \$6.50  
Grades 7 - 10 - \$9.00

On-the-Job Training for Inmates

LANSING — An innovation started just six months ago by the State Corrections Department will soon begin paying at least part of its own way.

Some 57 inmates are involved in a program in which they work outside the prison compound during the day and return to their penal home at night.

Earnings of the men reached \$30,000 at the six-month mark. One third of each inmate's earnings is set aside to support his dependents.

The Corrections Department also stresses a small portion of the earnings to help defray the operating costs of the work-pass program.

Department Director Gus Harrison says the plan is working exceptionally well. Both the employers and the inmates involved are pleased with the arrangement.

Harrison said a number of employers participating in the program have indicated they would like to maintain their inmate-workers after parole.

Most inmates in the program indicate they appreciate the confidence placed in them and the opportunity to help support their families.

Under the program, no inmate convicted of a sex offense or assaultive crime is allowed to participate. Inmates are placed in jobs only if the regular labor supply is short.

DESPITE THE REAMS of newspaper copy written in the past three years when accidents have been on a steady rise, Michigan's death toll on the highways continues to skyrocket.

High weekend counts and a rising rate of multiple-fatality crashes this year recorded a boost of 10 per cent over the 1965 rate in the first seven months of the year. July count was

1,203, compared to 1,092 in the same period last year. Many study groups work year-round to seek ways to better inform the public to the need for awareness of highway safety.

State police increased road patrols on weekends; put airplanes in the sky to spot traffic violators who pose highway hazards. Still the toll climbs.

Highway officials work constantly to determine effective mechanical safety features. Nearly \$5 million will be spent in the current fiscal year for overhead sign illumination, pavement edgemarking, median guard rails, bridge pier reflectors, skid-proofing and other devices believed to enhance driving conditions.

Truckers, bus drivers and many

motorists drive with their vehicle lights on in the daytime to serve as a reminder of the need to keep safety in mind. ONE YEAR after the issuing of colored photographs on driver's licenses, state employees were serving the bulk of Michigan's population, but full takeover of this operation by the state was not in sight.

Local police or sheriff's offices previously processed the sale of new and renewed licenses, but many balked at the extra work involved in getting out the new style licenses in mid-1965.

Secretary of State James M. Hare indicated a willingness to have his department take over the entire process. Funds were not provided for this, so instead it is taking place gradually. Agencies which process the license

applications are paid on a straight fee basis per license. Most of the units which changed said it no longer was a paying proposition.

Hare said recently the state is now serving about 60 per cent of Michigan's licensed drivers. Although the state has taken over only 23 stations out of 150 in Michigan, many of these are in the heavily populated areas.

Central administration of his major licensing function has been urged by several official organizations, but without specific funds for it, Hare's office can only accommodate the function when it becomes necessary because the local agency refuses to continue.

Roger Babson Over-65 Market

BABSON PARK, Mass. — They are a minority, but quite a massive one. They are not heard from very often as a group, but they represent a huge and stable market for retailers and service dispensers of all kinds.

Distributors, ad men, clothiers, food marketers, TV programmers, and a host of other commercial entrepreneurs would do well to give them more attention. We refer to the approximately 19 million men and women over 65 now living in the U.S.

In days gone by, it was popularly assumed that those over 65 were about ready for pasture. But healthier living, medical break-throughs, and more intelligent over-all personal care have laid that myth away.

The retired population is to an amazing degree lively, mobile, and interested in everything that is going on. It is foolery to ignore this responsible, responsive group and act as though only the young were worth soliciting in selling, entertainment, recreation, and promoting our wares.

Only one TV station, for example, has come to our attention as directing a program series beamed toward the older viewers, catering specifically to their interests and needs.

This New York channel has joined forces with the N.Y. State University to bring retired men and women a wealth of seasoned suggestions on such widely diversified topics as keeping trim by exercise, selective purchasing, drawing up wills to avoid exaggerated probate costs, tips on home repair, saving money on staples, and part-time jobs.

WHILE MANY folk are able to retire with at least a moderate nest egg to smooth their later years, many are not. It is here that social security and other forms of public assistance

contribute importantly to the economic stability of this group. During 1966 alone, just about \$20 billion will be paid out under the Old-Age, Survivors' and Disability Insurance System, the core of the federal social security program. Much of this money will go to about 11 million retired workers. The rest will help support our economy through its distribution to 8.7 million dependents of retired, disabled, or deceased workers, and to one million disabled who are under 65.

Even though many fear medicare as a first step toward total socialized medicine, its effects will be favorable in terms of maintaining the purchasing power of retirees. As of this last July, most persons over 65 came under the protection of hospital-cost provisions. And it is estimated that some 95% of these have signed up for the additional coverage of doctors' bills and services under the voluntary insurance plan.

This means, of course, that our over-65 big minority will feel less reluctant to spend money for travel, pleasant extras, and even occasional "luxuries" than they did before.

The impact of this radical innovation may not be especially spectacular at any given time, but it will add to the fundamental purchasing strength of our older citizens.

As long as consumer prices take a continually larger chunk out of personal income, the buying psychology of those no longer working is inclined to become steadily more cautious. This will still be true to a considerable extent, but the knowledge that health costs will be taken care of in case of trouble will make many more willing to spend for other purposes.

There are other significant cushions for the economy brought about under the broad coverage of the Social Security Act of 1935. Joint federal-states Public Assistance programs are giving benefits to better than 8 million persons at the present time. Even with unemployment low as it is, it is thought that some 3 million or more people will have received jobless payments in the course of 1966. When you also take into consideration the enormous number of federal, state, municipal, and industrial pensions now functioning, it is not surprising that consumer sales hold so well even when the stock market and international events advise "caution."

Schoolcraft Receives Grant For Periodicals

Schoolcraft College has received a \$5,000 grant under the Higher Education Act of 1965, for the acquisition of library materials, President Eric J. Bradner has announced.

The grant has made possible the addition of microfilmed back issues of one newspaper and four periodicals to the library's reference section.

They include The New York Times, daily and Sunday issues of 1956 through 1961 with indexes; Time, from 1923 through 1957; Saturday Review (of Literature) from 1924 through 1950; New Republic, from 1914 through 1956; and Partisan Review, volumes 1 through 22.

Acquisition of the four periodicals completes the library's collection of each publication from its first to its current issue, according to Librarian Patrick Butler.

The Schoolcraft library, Butler said, now receives regularly issues of 368 different publications. These include 302 magazines and periodicals, 13 daily and weekly newspapers, 16 indexes and 37 U.S. government periodicals. In addition, the library has 580 bound volumes of many of the general circulation periodicals.

# SPEAKING for The Record

By Bill Sliger

The lead story in the Farmington Enterprise last week heralded a remarkable event.

An eight-column headline announced: "Township to Cooperate in Consolidation Study". And the subhead further revealed that support had been pledged on a non-partisan basis.

It may be only coincidental that the city of Farmington is currently considering annexation of a 2,000-acre township industrial park; or that township voters recently voted down incorporation as a separate city.

Whatever the motivation, it appears that the city and township of Farmington have decided to face up to all alternatives; to call some kind of a truce and to begin acting like a community.

The proposal that an objective, non-partisan study of consolidation of the city and township into one government be undertaken was first made by the Farmington Democratic Club.

To remove partisan politics from the issue the Farmington board of commerce voted to name a fact-finding group to "study the aspects of unification of Farmington city, township, the Village of Quakertown and the Village of Wood Creek Farms."

The big differences between city and township living are taxes and services. Like anything else, you pay for what you get. Township residents in Northville pay 1.25 mills, while the levy in the city is 12.5 mills. The spread is similar in Farmington.

Although he agreed to the impartial study, the Farmington township supervisor, Curtis Hall, pointed out that "I agree that the proper way for this 36 square mile area to develop is as one community, but the different financial problems and the different concepts in zoning lead me to believe that this can't be worked out in two months, six months, or two years. When the tax level and the level of services are somewhat similar as a matter of efficiency and operation, we can talk about consolidation."

I have long believed that a blue-ribbon community study committee would quickly uncover economies, broaden understanding and set a path for area development that would avoid many of the differences that frequently arise between city, township and school authorities.

Almost without exception these differences can be traced to lack of communication... proper liaison between bodies. But the isolated, by-design maneuvers flourish in the well-

cultivated atmosphere of misunderstanding.

There are many examples where inter-community cooperation in Northville could have saved taxpayers money.

I can't believe that it was necessary to conduct separate "master plan" studies under the federal 701 plan for example.

The city and township each received nearly \$20,000 from the federal government to conduct concurrent studies. Each contributed nearly \$5,000 to the studies.

Obviously, the plans for both communities overlap, particularly in setting forth residential, commercial and industrial zoning areas and providing for future school sites.

Working together with a single planner the program would not have cost the federal government \$40,000 and the local governments \$10,000.

It's also probable that an over-seeing citizens' committee would have had some early ideas that would have been helpful to the school board and its new West Eight Mile road Moraine school.

It would have known, for example, that township property on the same side of Eight Mile road as the school was slated for annexation to the city by the developer. And it might have predicted that sewer, water and police protection could be extended to the school site if more than just a 35-acre site were annexed. It might have pointed out that the city would have had both sides of Eight Mile road to special assess for extension of utilities, thereby saving the school district the expense and uncertainty of septic fields and wells.

Without exception informed and impartial observers of divided communities know that long-range salvation lies with cooperation and consolidation.

Perhaps Farmington has set an example that will become contagious.

Instead of waiting to see whether or not our neighbor develops to our satisfaction, or finding fault with one another, we should join our resources in one strong effort to improve the entire community.

A committee to study the prospects is a logical first step.

## Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries pickup, ask the operator for toll-free Enterprise 7002.

## Get Me a Lawyer--I Want to Make an Arrest

"Either you're scared into hibernation or you're scared into doing something."

Obviously, Lee Gresham of Wixom was scared silly when doctors told him a dozen years ago he'd never walk again. This guy's about as inactive as Cassius Clay dancing around Brian London.

But he can't walk.

Lee was a young man of 35, married with three children, and an up and coming agent for the Internal Revenue department when he was permanently crippled in an accident 15 years ago. He lived on hope for a brief while but soon resigned himself to a lifetime without the use of his legs.

Instead of hibernating, however, he took advantage of his college education, driving himself to rebuild weakened shoulder and arm muscles, to learn how to care for himself and his family despite the handicap.

And he's still driving. More than 35,000 miles annually in managing a healthy business and holding down his third term as president of the Michigan chapter of the Paralyzed Veterans of America.

A husky, athletic-looking man who the dictionary defines as a paraplegic (a person paralyzed below the waist), Lee has none of the inhibitions that often haunt the cripple.

Through his association with PVA, this cripple helps others from withdrawing into a shell of helplessness and depression. He and the PVA also take up the paraplegic's cause in finding him housing, transportation, and employment.

All of this, however, is as useless as the paraplegic's legs without self-determination.

Take Lee for example.

"At first I operated an insurance agency," he recalls. "It wasn't anything spectacular, but it made money. Later, I bought a set of hand (driving) controls. It worked, but I figured I could make a better one. So I designed one and had it built."

That's when he formed the Gresham Driving Aids company.

He made \$100 that first year. Today he's the largest manufacturer of driving aids in the United States, producing almost as many aids as the two or three dozen other manufacturers combined.

But don't get the idea that Lee's a rich man. He isn't. He merely aims to be one. He's still producing his aids in a small frame outhouse behind his

unpretentious Wixom road home. Little businesses can become big businesses, he notes with his eye on the Ford plant across the street. "Do you know that of the 24 million handicapped persons in the United States, a million of them require special equipment to drive their cars?"

No, I didn't know it. But I've got a hunch Lee's determined that about a million of them will one day be using his equipment.

And another thing, Lee says one reason he moved to Wixom a year and a half ago from Detroit was to be closer to Lansing where he is the chief supplier of aids to Oldsmobile.

But I've a hunch he's camped on Ford's doorstep for another reason.

Lee Gresham

NORTHVILLE DRUGS

134 East Main

Al Laux, R. Ph.

## OUT OF THE

# PAST

ONE YEAR AGO...

...A clamp-down on "extra" refuse pick-ups was ordered by the city council when it was revealed that public works trucks had been hauling four to six truckloads each Friday.

...Two boys and two girls were apprehended by Northville Officer Bill McGee after they stole equipment from the DPW yard.

...A 26-year-old Southfield man with a long string of previous traffic violations became the second person to die on Novi highways within five days. And both accidents occurred on Grand River, less than a mile apart.

...The Northville city council made its final appointments to the municipal authority. Joining John Stubenvoll who was appointed chairman and given a three-year term are: Charles Altman, Jr., and Scott Krause, two years; and Richard Lyon and Jack Ruland, one year.

...The temperature didn't quite blow the lid off Northville or Novi, but what seemed like boiler pressure heat Sunday sent the thermometer soaring up, up, up. The mercury finally stopped at an official 94 degrees, hottest day on record in this area since the weather bureau office was established at Willow Run in 1947.

FIVE YEARS AGO...

...With only a week at his new job, Novi's superintendent of schools, Tom Culbert, liked what he found.

...Novi notified Oakland county that it is interested in an offer of 2,900 sewer taps from Wayne county and intended to take the necessary procedures to formally enter into the project.

...A super market and shopping center for Novi?

It's familiar talk with a hollow ring to many residents of Novi, but Willowbrook subdivider, the late Paul LeBost, guaranteed a super market under construction by the spring of 1962 at 10 Mile and Meadowbrook roads.

...One way or another, Northville was going ahead full blast with its street improvement program. Just how fast it proceeds was to be decided when council members adopt a plan to initiate a 25 percent special assessment program.

...Thieves looted \$498 from C. R. Ely and Sons Coal and Fuel Oil company, 316 North Center street.

...Vandals sprayed a bright orange enamel paint on seven new automobiles parked by John Mach Ford sales in the Northville Downs lot.
