

Area Church Services to Hail Blessings of God

Just as the Pilgrims gave thanks for their blessings centuries ago, so too members of area churches will count their blessings in Thanksgiving services today and tomorrow.

A United Protestant Thanksgiving service will be held in the First Methodist Church of Northville tonight, with the Rev. Lloyd Brasure, pastor of the First Presbyterian Church, delivering a sermon titled, "Give Us Our Daily Bread."

Rev. S. D. Kinde will preside at the 8 p.m. service, which will feature music arranged by Al Travis, church organist. The offering will be given to the Christian Rural Overseas program to feed and clothe the needy people.

A special speaker will deliver the Thanksgiving message tomorrow morning in a 10 o'clock service at the First Baptist Church of Northville, according to the Rev. Robert Spradling, pastor. The church choir, under the direction of Dewey Gardner, will provide music appropriate for the occasion.

Title of Pastor Charles Boerger's Thanksgiving sermon tomorrow morn-

ing will be "Can God Continue to Bless Our Nation?" based upon Psalms 103, verse 10. The St. Paul's Lutheran Church service will begin at 10:30 a.m.

A community Mass will be held at 8 a.m. tomorrow morning at Our Lady of Victory Catholic Church, according to Rev. Father John Wittstock. The collection, he pointed out, will be used for the poor and needy of the parish.

General Thanksgiving gatherings are planned at the Full Salvation Union beginning at 1 p.m. tomorrow, with spontaneous participation by members. A 5 p.m. dinner will be held in the church basement, Pastor James F. Andrews said.

A Thanksgiving Song Service will be held this evening at the Novi Methodist Church from 7 to 8 p.m., according to Rev. R. A. Mitchinson. The choir will present four numbers and the congregation will sing the remaining hymns. A similar service is planned for tomorrow evening at the

New Hudson Church of which Rev. Mitchinson also is pastor.

The young people of Willowbrook Community Church will host the congregation at an 8:30 breakfast tomorrow morning. They'll serve pancakes and sausage. A brief worship service will follow. The regular Thanksgiving sermon was delivered Sunday morning.

"Thanksgiving, The Master Key" is the title of the service planned at the First Baptist Church of Novi, Rev. Gib D. Clark announced. A family worship service in which families will provide Gospel reading, prayers, testimonies and recitations has been planned.

A Thanksgiving fellowship supper is

planned tonight at the First Baptist Church of Wixom, beginning at 6:30 service is planned, with the Rev. Robert Warren delivering a short message.

The Evangelical Lutheran Church of the Epiphany will join with area churches in a Thanksgiving service, sponsored by the Plymouth Ministerial Association, at the First Presby-

terian Church of Plymouth tonight at 8 p.m.

Thanksgiving will be observed at 10:30 a.m. tomorrow at the First Church of Christian Scientist, 1100 West Ann Arbor Trail, Plymouth. Sermon readings from the Bible and the Christian Science textbook will bring out the close relationship between prayer and Thanksgiving.

City Finances Feeling Squeeze

A financial squeeze triggered by the loss of revenues from the cancelled spring racing meet at Northville Downs last spring and compounded by a heavy public improvement program is beginning to pinch the city's general fund.

City Manager Frank Ollendorff told councilmembers Monday night that it might be necessary to borrow money by issuing tax anticipation notes, a practice common to school districts but unprecedented in the city of Northville's history.

Actually, the city will spend less money during its fiscal year from July 1, 1966 until June 30, 1967 than it will record in receipts. But it is a victim of timing. Receipts will lag behind expenditure obligations, the city manager reported.

He projected the following financial standing for the city's general fund operation: end of October (present), \$62,000 surplus; end of November, \$28,000 surplus; end of December, even; end of January, \$22,000 deficit; end of February, \$11,000 deficit; end of March, \$31,000 deficit; end of April, \$47,000 deficit; end of May, \$37,000 deficit; end of fiscal year on June 30, a \$12,000 surplus.

Manager Ollendorff pointed to several reasons for the predicament. Originally, he pointed out, the city budget was projected balanced at \$626,000 in expenditures and receipts. A surplus of some \$88,000 was anticipated to begin the fiscal year, but because of the strike which closed Northville Downs during the 25-night spring meet, this surplus was reduced to \$44,000. In addition, the city undertook one of its biggest years of public improvements including street paving, sidewalk installations, sewers, water mains and offstreet parking facilities. Most of this work, amounting to some \$268,000, will be completed this winter, rather than in the spring as is normal.

Furthermore, some financial assistance would have been received from assessments levied against property owners on Randolph street. These revenues are being held up pending the results of a suit against the city brought by Randolph residents protesting the assessment.

Actual expenditures by the city during the current fiscal year will amount to \$597,000. Receipts will amount to \$609,000. But even the latter figure could be reduced should Northville Downs be awarded all its racing dates in the summertime, rather than a split meet in spring and summer. This would delay receipt of state rebates from racing revenues.

If necessary, the council is prepared to borrow funds from the city's cemetery fund, as well as applying for permission from the state municipal finance commission to sell tax anticipation notes.

Look for 33% Hike In Winter Tax Bills

Winter taxes will take a substantial jump in both the city and the township of Northville, officials revealed this week.

The increase will be up 33 percent in the Northville school district portion of the township, 11 percent in the Plymouth school district portion of the township, 33 percent in the Wayne county portion of the city, and 23 percent in the Oakland county portion of the city.

Township Supervisor R.D. Merriam explained that the greatest part of the total increase is a result of increased school millage, with a lesser part due to an increase in state equalization.

Merriam noted that the county's equalized millage for the Northville school district increased from 30.57 last year to 42.41 this year, the county up from 9.27 to 10.02, and the community college from 1.18 to 2.28. In the Plymouth district portion of Northville township, equalized school millage is up from 31.81 to 34.74.

The total equalized millage of the Northville school district portion of the township is up from 42.20 to 55.99, and in the Plymouth district from 43.44 to 48.32.

Assessed valuation of property within the Northville school district portion of the township, Merriam said, increased from \$12,019,860 to \$12,209,130. In the Plymouth district, it decreased from \$1,324,250 to \$1,322,490. The overall increase is \$187,510.

Actual Northville school millage is up 7 mills to 32.9. But when the new and higher state equalization factor is computed against this figure, the equalized millage becomes 42.41 in the township.

The state equalization factor is up from 1.18 last year to 1.28, which according to state officials, brings the township assessment up to near 50-percent of true value of property. Fifty-percent assessment is now required by law.

To determine taxes, township property owners may multiply their assessments times the equalized millage rate. For example, a property owner with an assessment of \$5,000 should multiply the assessment times \$5.99 per thousand and if he is within the Northville school district, or \$48.32 if he is within the Plymouth school district.

Another method of mathematically accomplishing the same thing is to multiply the assessment times the equalization factor of 1.28. For the assessment of \$5,000 this becomes \$6,400. To determine the exact tax paid for each taxing unit the taxpayer then can multiply the individual millage times 6.4. County levy is \$6.07 per thousand dollars of equalized valuation, township is \$1.00, Schoolcraft college is \$1.77 and the Northville public schools levy is \$32.90. Total tax in the township to be levied against equalized valuations is \$41.74 per thousand dollars of equalized assessed valuation.

Harold Penn, city assessor, revealed that the total equalized millage of the Wayne county portion of the city has increased from a 1965 figure of

41.40 mills to this year's millage of 55.23. This latter figure includes 42.81 mills for school, 2.30 for Schoolcraft, and 10.12 for county (includes intermediate school district).

In the Oakland county portion of the city, the total equalized millage has climbed from 39.74 last year to 49.118 this year. The latter figure includes 40.20 mills for school, 2.16 for Schoolcraft, 0.036 for intermediate school's, 6.59 for the county, and 0.132 for county debt service.

Penn explained that the greater school millage in the Wayne county

portion of the city is due to a larger equalization factor. In Oakland county the equalization factor is 1.21, while in Wayne county portion of the city it is 1.288. (Last year the factor was 1.22 in Oakland, 1.18 in Wayne.)

Also, part of the difference, he said, results from a higher county millage in Wayne county than in Oakland county.

The Oakland county assessed value of the city is \$3,681,600, while the assessed value of the city in the Wayne county portion is \$8,945,920.

COMING DOWN—The old John Mach Ford agency building on Main street is being razed this week. Now owned by the Northville Area Economic Development Corporation, the site will be purchased by the city and converted into a parking lot.

For New Development

To Extend Detroit Water From Northville to Novi

Novi Village Manager Harold Ackley appeared before the Northville city council Monday night requesting city permission for extension of a city of Detroit water line from Northville into Novi.

Specifically, Ackley asked the council to approve plans for constructing a line from the corner of Baseline and Grace into Novi. The 16-inch line would run north on Grace to Maplewood then west to Center street and north along Center to the Novi village limits at the 8 1/2 mile line.

A gatewell for the special connection was installed at Grace and Baseline when the Detroit line was constructed through Northville.

The council had no objections to the plan, but asked that Detroit provide assurance that the installation will not reduce local water pressure and also to determine whether Novi or Detroit will own the line within the city of Northville.

Ackley said that these questions would be explored and that final engineering plans would again be submitted to the city for approval. Novi hopes to begin construction of the line as soon as possible. Ackley said it will serve a new subdivision just north of the Northville city limits on both sides of North Center street.

The development, planned by the Harry Slatkin building company, in-

cludes some 389 living units, both single family dwellings and apartments, on 108 acres all within the Northville school district.

Novi is presently supplied Detroit water in the Willowbrook subdivision area on Ten Mile road from a water line extending north on Haggerty road to Ten Mile.

Hearing Called On Rezoning

A December 19 public hearing has been called by the city council to consider rezoning six lots near the southwest corner of Rayson and Hutton from R-2 to R-2A (multiple dwelling).

Approval was recommended by the planning commission at a November 15 hearing when Mrs. Elsie Freydl petitioned to rezone two lots which she owns in the area. One of her lots faces Rayson and the other Hutton. Planners added four more lots to the request. Three-quarters of the land in the block is zoned commercial, a portion R-2A and the remaining R-2. Planners are asking that all the remaining lots be zoned for multiple dwellings.

The hearing will be held in the council chambers at city hall at 8 p.m.

HOME GROWN—Bob Harrison (left) and Rex Balko didn't have to go far to bag this five-point buck. Harrison, 18, shot it Saturday on the Napier road Balko farm just north of Nine Mile road. Meanwhile, Bob's father, Novi Councilman Ray Harrison, was doing his hunting in the Upper Peninsula. Word was received that he had

shot an eight-pointer. But imagine his surprise when he learns he must share hunting honors and yarns with his son who didn't even leave home. Bob and Rex saw two other bucks Saturday morning on the Balko farm and missed with one shot. Rex, 15, is the son of Mr. and Mrs. Fred Balko, Jr.

Hit-Run Kills Man On Napier Road

A 48-year-old Farmington man was killed Monday in a hit-and-run accident, the second traffic fatality on Wixom roads this year and the fourth within city limits.

Alton F. Kruger of 24684 Hathaway was pronounced dead at the scene of the accident on a barren stretch of Napier road between 12 Mile road and Grand River avenue.

A passing motorist notified Wixom police at 10:15 a.m., shortly after the accident, police said.

The body was found near the shoulder of the southbound lane, immediately across from Kruger's car, which was parked on the shoulder of the northbound lane.

Wixom police at first thought that Kruger had parked his car and walked across the gravel road to investigate deer prints. His car was unmarked.

While examining the road later, however, police found blood marks in the middle of the road about 55 feet north of the body, Police Chief D'Arcy Young reported.

Police theorize that the hit-and-run vehicle was a truck, because glass would have smashed on a car had it been involved.

Kruger, a pipe fitter who works for a Detroit firm, leaves his wife and a daughter of high school age. He is assumed to have been coming from or going to a job assignment.

A man was killed last June on Loon Lake road when the car he was driving went out of control and rolled over. Two persons have been killed on state highway I-96 in Wixom, a 17-year-old youth while he was retrieving a chair from the expressway and a man in a collision.

HIT AND RUN VICTIM—This was the scene Monday on Napier road between 12 Mile and Grand River where police investigated the death of Alton F. Kruger, 48, lying in the road after being hit by an unidentified vehicle.

Four Couples Exchange Wedding Vows

Strange - Reinmann

In an evening ceremony at her parent's home, Virginia Ann Strange became the bride of Henry H. Reinmann November 15.

The bride is the daughter of Mr. and Mrs. George Strange, 422 Dubuar street. The bridegroom's parents are Mr. and Mrs. Fred Reinmann of Cheboygan.

The 8:30 p.m. service was conducted by Justice of the Peace Ralph Foote of Plymouth.

For her wedding the bride wore a brocade suit and a beige net hat. Attending the couple were Mr. and Mrs. George K. Strange of Detroit, a brother of the bride.

A reception was held in the home for the immediate family and a few friends. Later the newlyweds left on a Northern Michigan wedding trip. They will make their home in Cheboygan.

Ellenwood - Wiley

Edith M. Ellenwood and Robert Clare Wiley were married October 29 at St. Paul's Lutheran Church, Northville.

Performing the 6 p.m. wedding ceremony was the Rev. Charles F. Boerger, pastor of St. Paul's. The bride is the daughter of Mrs. Gay Ellenwood Kulczycki of Troy and the bridegroom is the son of Mr. and Mrs. Otto C. Wiley of 529 Horton street.

Given in marriage by her stepfather, Joseph Kulczycki, the bride wore a white satin gown with lace bodice and trim and a chapel train. She carried white mums.

Miss Marka Ellenwood, maid of honor, wore a gown of turquoise lace over taffeta and she carried yellow mums. The flower girl was Doreen Calloway, cousin of the bride. She wore a taffeta gown and carried a bouquet of yellow mums. Ring bearer was Steven Wiley, nephew of the bridegroom.

Serving the bridegroom as best man was his brother, William. Another brother, James, and Gary McDermid, were ushers.

Warren O. Zabell provided organ music, and the church was decorated with yellow and white carnations and mums.

Following the wedding a reception was held in the home of the bridegroom's parents. For her going away outfit, the new Mrs. Wiley wore a black and white houndstooth check suit and a corsage from her wedding bouquet.

The bride will join her husband, a specialist 4th class soldier in the United States Army, when he returns to Schweinfurt, Germany. He has one more year to serve.

Kushner - Bellinger

Carol Kushner of Royal Oak and Willard J. Bellinger of Novi were married October 29 in St. Columban Church in Birmingham.

The bride is the daughter of Mr. and Mrs. Martin Kushner of Colver, Pennsylvania, and the bridegroom is the son of Mr. and Mrs. Owen D. Bellinger of 44000 12 1/2-Mile road.

Performing the ceremony was the Rev. Father Thomas Kenny. For her wedding the bride wore a white dulcette satin gown with a de-

tachable waltz train, fashioned with a princess bodice and controlled A-line skirt. Alencon lace accented with seed pearls bordered the sleeves.

Attending the bride were Shirley Trupkovich of Royal Oak, Deanna Bellinger of Novi, and Nancy Graham of Pittsburgh. All wore long satin coral gowns and carried a white rose and mums.

Judy Vyhnaek was the flower girl, Gary Vyhnaek the ring bearer.

Serving the bridegroom as best man was Ivan King of Plymouth. Ushers were Donald Bellinger of Kalkaska and Jim Graham of Pittsburgh.

Following the wedding, some 200 guests attended a reception at Timberland Hall. Later the newlyweds left on a two week trip to Florida.

The bride is a registered nurse graduate of Mercy Hospital School of Nursing in Johnstown, Pennsylvania. She is employed at William Beaumont hospital in Royal Oak.

A graduate of Northville high school the bridegroom attended Ferris State college. He is employed at Harold Turner Ford in Birmingham.

Byard - Jones

Lucy Llewellyn Byard exchanged wedding vows with Howard Jones at a family ceremony Saturday evening, November 19, at the home of her parents, Mr. and Mrs. John Begle, on Nine Mile road.

The Reverend Lloyd Brasure, minister of Northville Presbyterian church read the service in front of the family room fireplace which was banked with greens and white chrysanthemums. A floral bridal piece and white tapers on the mantel completed the candlelight setting.

The bride wore a white wool dress with tucked bodice and carried a nosegay of white roses and button mums. Mary Ruth Reid was her honor maid. The bridegroom son of Mr. and Mrs. Howard Jones of Chigwidden drive, asked James Weidner to be his attendant.

At the reception immediately following, the bridal table was covered with the family heirloom banquet cloth of Madeira and lace which had belonged to Mr. Begle's mother. The centerpiece was an arrangement of white and copper mums. Antique Chelsea china which had belonged to Mrs. Begle's mother was used to serve the wedding cake.

THANKSGIVING is even more meaningful than usual when its your first feast in a new home. Among the Northville families who are in new homes this holiday season are the Blake Cousins.

The harvest table in the family room of their distinctive Greek Revival home in Edenderry will be set Thursday for the family, including grandparents.

Earlier this month a group of bridge-playing friends of Blake and Carol surprised them with a housewarming. Antique-appreciating guests admired the couple's attention to detail which has resulted in authentic chair-rails, mop boards and other seldom-seen today woodwork.

Near-by on Pleckford road in Shadbrook Dr. and Mrs. Charles Fountain are hoping to have friends in to share their first Thanksgiving in their new home, which they moved into from Haggerty court. Mrs. Fountain says that while their home is considered Dutch-colonial in Michigan, in Montreal, their hometown, it is considered French-colonial. They are planning to furnish it in country French furniture reminiscent of Quebec.

THE ROBERT FOUST family of Meadowbrook road will be having Thanksgiving dinner Thursday with a family gathering that totals 55 relatives!

Women Plan Holiday Mart

Six area women are busy making preparations for a "Holiday Mart" to be held at St. John's Episcopal Church, Plymouth, on December 2.

They include Mesdames Kenneth Clarke, Harry Copp, Richard Enders, Leroy Ordling, Alex Nelson and Bruce Thomas.

Plans call for the mart to open at 10 a.m. and run until 9 p.m., with tea served during the day and a lunch at noon. A sandwich bar also is planned.

Featured attractions will include a gift shop, a children's only booth, candle and Christmas decoration booth, bake shop, country store, post office.

Births

A son, Gregory James, was born Wednesday, November 9 at 12:11 a.m. at St. Mary hospital in Livonia to Mr. and Mrs. Richard Takas, 8581 Hix road, Plymouth. Both Mr. and Mrs. Takas are graduates of Northville high school. Mrs. Takas is the former Sarah Mellen. Maternal grandparents are Mr. and Mrs. George B. Mellen, 205 East Baseline road, Northville, while paternal grandparents are Mr. and Mrs. George Takas, 23770 Meadowbrook, Novi.

Mr. and Mrs. James O. Hammond (the former Sharon Myers) of Marquette announce the birth of a baby girl, Susan Elisabeth on November 4. The baby weighed 8 pounds, 1 ounce.

Paternal grandparents are Mr. and Mrs. Crispin Hammond of Northville and the maternal grandparents are Mrs. Pasquale Buonicoito of Northville and Mr. Harold Myers of Walled Lake.

Mr. and Mrs. Ray W. Doeksen of Ypsilanti announce the birth of a son, Ray William, on November 7. The baby weighed 8 pounds, 8 ounces at birth in Sinai Hospital.

Grandparents are Mr. and Mrs. R. W. Doeksen of 480 Orchard drive and Mrs. Edith Zechen of Detroit.

Mr. and Mrs. William Chizmar, formerly of this area and now residents of Saline, announce the birth of a son, William Samuel, at St. Joseph's hospital in Ann Arbor on November 9. Grandparents are Mr. and Mrs. Herman Dresselhouse.

tives! Explaining that she has a large family, Mrs. Foust says Thanksgiving always is reunion time when aunts, cousins, etc, gather in a large hall for a buffet feast. This takes place in Springfield, Illinois, where the Fousts will be visiting her mother.

THIS HOLIDAY season many clubs and organizations have reserved early December dates for Christmas festivities to leave the days near Christmas for family functions.

Past Matrons of Orient chapter will hold their annual Christmas dinner party at 6:30 p.m. Saturday, December 3, in the Northville Masonic Temple. Guests to be entertained include past patrons and their wives, honorary members and husbands of the hostesses. Special guests will be Mr. and Mrs. Harold Penn, new worthy matron and worthy patron of the chapter.

On the party committee are Mrs. Howard Atwood, Mrs. E. E. DeKay, Mrs. C. N. Ely, Mrs. Charles Wilson, Mrs. Kenneth Pelto, Mrs. Wilbur Johnston, Mrs. Pat Patterson and Mrs. Don Green.

Also scheduled for December 3 is the Candlelight buffet to be given by Northville Mothers club at Livonia Knights Inn from 6:30 to half past midnight.

NORTHVILLE NEWCOMERS club members will meet in the lobby of Northville State hospital at 10 a.m. Tuesday for a one-and-a-half hour tour of the facilities. Because it is necessary to know how many will be taking the tour, Mrs. Kingsley Purton, president, asks that members call her at 349-4220 by Friday. There will be discussion time on the tour. Afterward Newcomer members who wish will lunch at Lofy's in Plymouth.

Mrs. Purton invites any newcomers to the area who are interested to come. Newcomers who would like to belong to the club and receive the newsletter which details trip news and other club activities are asked to send their \$2 fees now to Mrs. Robert Kucher, treasurer, at 43796 Parkgrove court in Northville.

TOWN HALL jottings: At almost every one of the luncheon tables at Meadowbrook country club luncheon after Ann Landers' talk there was a Town Hall'er wearing Winter White. These include dark-haired Mrs. Donald Ware, Mrs. R. M. Atchison in a turtle-neck casual, Mrs. Maxwell Austin with the contrast of a black velvet beret. Luncheon hostess Mrs. James Tellam wore raspberry wool with matching George Washington bow in her hair.

Mrs. Harold Wright, just back from a few days of seeing the shows in New York, wore a paisley-kerchief hat.

Knits were much in evidence. Mrs. Robert Lang who presided at the luncheon table was in a moss-green and turquoise knit suit. Ann Landers wore a navy-and pink knit AND a platinum, full-length mink. The unusual pin on her suit was created with an uncirculated silver dollar - a present from her editor.

In Junior Miss Pageant Visit with Judges Key to Selection

Greatest emphasis in judging girls for the upcoming Jaycee Junior Miss Pageant here next week will be determined during a judges conference, Jaycee officials revealed this week.

Each girl will have a personal conversation with the judges — still not named, who will check the contestant on mental alertness, personality, sense of values, clarity of expression, knowledge and perception, personal appearance, human relations, activities and honors.

Thirty-five percent of the judging will be based upon this informal visit. In addition, each contestant will be

judged upon her scholastic achievement (15-percent); creative and performing arts (20-percent); poise and appearance (15-percent); and youth fitness (15-percent).

Participants in the pageant, which will be held at the high school auditorium on December 10, must be between the ages of 16 and 19, and a senior.

Each contestant must give a three-minute talent performance. Her talent may be singing, dancing, playing a musical instrument, dramatic reading, art display, dress designing, etc., or she may give a three-minute speech on a subject of her choice.

Schoolcraft Gives to U-F

The first Schoolcraft College United Fund Drive has reported contributions of \$1,317 from college administrators, faculty members and employees, President Eric J. Bradner has announced.

The bulk of the funds, \$1,232, was earmarked for the Wayne County United Foundation drive. The balance was distributed among the Plymouth Community Fund, Whitmore Lake Torch

Drive, Ypsilanti Torch Drive and the Ann Arbor UF Drive. Donors at the college had the option of designating the UF organization of their choice.

"We are pleased with the response to this wholly voluntary campaign," said Dr. Bradner, in announcing the total. "A number of our people not only contributed through the college, but made individual contributions in their home communities as well."

Dyslexia is a reading disability due to a frequently unrecognized nervous disorder.

Justice Court

A 41-year-old man from Thousand Oak, California, was fined \$100 in Novi justice court on a reduced charge of reckless driving.

Winston A. Stevenson, 41, was ticketed October 16 as he was traveling south on Novi road between I-96 and 12 Mile road. He was arraigned last Thursday before Justice Robert K. Anderson.

James F. Nagy, 27, of Southgate was fined \$30 for speeding 60 miles per hour in a 30 zone on West road. He pleaded guilty before Justice Anderson.

Richard R. Ledford, 17, was also fined \$30 for speeding 55 miles per hour in a 25 zone on South Lake drive near Buffington street. Presiding Justice of the peace was Emery Jacques.

Allan Patterson, 21, of Farmington paid a \$25 fine and \$5 costs on a charge of having liquor in his possession on October 31.

Dominick Petille, 22, of Detroit, nabbed for speeding 60 miles an hour in a 40 zone, was fined \$25 by Justice Jacques.

Russell Helicker, 19, cited for speeding 45 miles an hour in a 30 zone, pleaded guilty before Justice Anderson and paid a fine of \$20.

Leonard E. Fronrath, 40, of Livonia pleaded guilty to speeding 70 miles per hour in a 50 zone and paid a fine of \$20, assessed by Justice Jacques.

Jefferson Riddell, 23, of 112 East Dunlap street was fined \$20 for speeding 55 miles an hour in a 40 zone on Novi road. He was arraigned last Thursday before Justice Anderson.

Charles W. Plyler, 19, of Farmington was found guilty of speeding 60 in a 40 zone on Grand River near Novi road. Justice Anderson fined him \$20.

Charles Parks, 29, of Walled Lake pleaded guilty before Anderson on a charge of driving without due care and caution in a construction zone on Novi road. He was fined \$20.

Says Ann Landers

'Thou Shall Not Get Caught' Our Eleventh Commandment

Ann Landers, author (by her own definition) of an "agony column for help," undoubtedly is running one of the world's largest mail-order businesses.

Her mail, forwarded weekly to her in Chicago by the 664 newspapers carrying her column, runs to 30,000 letters a month. These, she told Northville's full-house Town Hall last Thursday, are a "blizzard that blows in from Mexico City, Maine, Canada—all over the world."

Commenting that some people like to tell about their operations, Ann Landers declared she tells how her mail works. She and 11 assistants see that ALL letters with a return address get personal replies. To help them direct people to local service agencies, she said, her office at the Chicago Sun-Times maintains a file of agencies in every city that prints the column.

Constant checking with agencies and authorities has given her astronomical telephone bills, she confided, so that she now subscribes to the \$1,900-a-month service enabling her to call anywhere in the United States at any time.

Almost half her mail is from men, Ann Landers told her Northville audience, who mostly are worried about women—their mothers and daughters, sometimes, but usually their wives or girl friends—or both!

A quarter of her mail, she continued, comes from teen agers.

Ann Landers was as direct as her readers have come to expect as she told her audience that reading this mail convinces her that "we are paying dearly for our money-oriented culture in which we know the price of everything and the value of nothing."

Declaring that "prosperity has grown fatty tissue around our consciences," she said that there seems to be an eleventh commandment "thou shall not get caught."

Her surprisingly deep voice for such a small personage became vehement as she recited the outcomes of the recent elections in the south as examples of present-day thinking. She brightened, however, as she declared she was "happy" about the Michigan election—"I love Governor Romney."

In discussing teen agers she quoted one boy who wrote, "Please tell parents kids don't want everything they ask for." Many teenagers, she said, are unmotivated with divorced or unhappy parents supplying no example of how to live. Giving 15 billion dollars as the amount of teen age spending annually, Ann Landers said young people have too much unearned money and, thus, are being denied "the joy of earning, the thrill of achieving."

In a question-and-answer session later at the Meadowbrook country club

celebrity luncheon Miss Landers firmly told her audience that if they objected to suggestive rock-and-roll lyrics on local stations that letters to the station, the sponsor and the FCC can get results. She also gave her opinion that girls 16 years old should not be "bleaching or dyeing."

Other comments from 10 years of column writing:

"If Tarkington wrote 'Seventeen' today, he would have to call it 'Twelve.'"

"More divorces are caused by falling asleep than any other reason."

"I am against interfaith dating and interracial marriages. This has nothing to do with civil rights. Marriage presents enough problems without two races or religions."

"I believe in keeping out of married

children's lives—but it's not easy when you see your grandchildren eating jelly sandwiches for dinner."

Miss Landers stressed that she believes everyone needs a source of strength outside himself and that whatever gives emotional support—religion or friendships—one should get.

In her column, she said, she feels her primary purpose is service—getting help and strength to those who need it. While not its purpose, she added, a little humor thrown in can "take the sting out of misery."

And Town Hall goes Thursday found a little humor could brighten the very direct comments of a young-looking 48-year-old grandmother who was very much "on the scene."

INTERNATIONALLY READ Columnist Ann Landers, center above, chats with Mrs. George Kohn and Jean Day, right, The Record's woman's editor who in-

roduced her to last Thursday's Town Hall audience. Below, the guest speaker confers with Mrs. Robert Lang, who presided at the luncheon.

Woman Injured In Novi Crash

Injured in a car collision, a Chelsea woman reportedly required medical treatment for neck and arm pains. The accident occurred on Grand River in Novi.

Mrs. Raymond J. Belanger, 55, complained of pains after the accident that took place in front of Thomas Steel Forms, Inc.

Her husband, Raymond, 56, was driving east on Grand River on November 14 when a car driven by Alfred J. Bailey of Novi pulled out of a parking lot, hitting the Belanger car, it was reported.

Bailey, 55, who lives at 44240 11 Mile road, was ticketed for failing to yield the right of way.

OBITUARIES

LESLIE E. WRIGHT

A member of the Lloyd H. Green American Legion Post 147 was killed in combat in Vietnam on November 8.

Killed by small arms fire and grenades aboard a helicopter in which he was riding was Sergeant Leslie E. Wright, 37.

A military funeral and burial was held at Ft. Benning, Georgia on November 17.

Sergeant Wright, who had been in Vietnam since October 5, was the son of Mr. and Mrs. J. W. Wright of Phoenix City, Alabama. They were originally from Livonia. His wife, Katie, also lives in Phoenix.

A member of the First Infantry Division, Sergeant Wright had been in the Army for the past 19 years.

Other survivors include two brothers, Howard of Northville, John W. of Farmington; a sister Mrs. June Broussard of South Lyon; and several nieces, nephews, aunts and uncles.

THEODORE R. CHISOLM

Theodore R. Chisolm, 65 of Detroit died November 19 at Detroit Memorial Hospital. He had been ill for the past year.

Born September 6, 1901 in Bailey, Mississippi, he was the son of Thomas and Lilly (Williams) Chisolm. His wife, Lyda, survives him.

He moved to the Northville area in 1959 and then earlier this year he moved to Detroit.

Mr. Chisolm was a member of the First Baptist church of Northville, the International Union Operating Engineers Local 522, and Friendship Lodge, No. 417 F & AM.

Besides his wife, he is survived by a son, Theodore of Westland; a daughter, Mrs. Gneilar Leeman of Des Moines, Iowa; several brothers and sisters, and seven grandchildren.

Funeral services were conducted from the Casterline Funeral Home on November 22, with the Rev. Robert Spradling of the First Baptist Church of Northville officiating.

Burial was in Grand Lawn Cemetery, Detroit.

BILLIE RUSSELL CANADAY

Billie Russell Canaday, 22, of 49770 West Ann Arbor trail was fatally injured in an automobile accident on Ann Arbor road near Beck road on Friday, November 18. He died at St. Mary Hospital.

Born March 12, 1944 at Fairmont, West Virginia, he was the son of Herbert and Alice (Morrison) Canaday of Plymouth, who survive him. A graduate of South Lyon high school, he was employed by the Whitman Barnes Corporation of Plymouth.

Besides his parents, he is survived by a brother, Herbert of Plymouth; and two sisters, Linda Canaday of Plymouth and Mrs. Minnie Watson of Northville.

Funeral services were held yesterday, November 22 at Casterline Funeral Home, with the Rev. Robert Spradling of the First Baptist church of Northville officiating.

Burial was in Riverside Cemetery, Plymouth.

Shotgun Blast Injures Youth While Hunting

A 14-year-old boy was seriously injured by a shotgun blast in a hunting accident near here Tuesday, November 15. He is reportedly recovering "remarkably well" in St. Joseph's Mercy hospital in Ann Arbor.

Kenneth Van Buren, son of Mrs. Robert Trotter, 3001 Seven Mile road, was struck from the rear from a 20-gauge shotgun being carried by his 12-year-old brother, Michael, State Police report.

The two boys were walking across a field near their home when Michael, walking ten feet behind his older brother, tripped and fell, and the gun discharged, its blast striking Kenneth in the shoulder area, according to the police report which was confirmed by the boys' stepfather, Robert Trotter.

Multiple penetration of the chest wall caused damage to the lower left lung, diaphragm and spleen, but the angle of the pellets path was away from the heart, hospital spokesmen and Trotter said.

Trotter credited prompt action by Michael in summoning his parents, and by the state police and ambulance, which had Kenneth at the hospital within 30 minutes.

Visitors are allowed in Kenneth's hospital room 465, for brief periods. The accident was the second hunting mishap in this area this season, and the second involving juveniles.

Little Change Seen in 1967 Grain Program

The 1967 feed grain program — except for a few basic changes — will be the same as in previous years, Alfred Haack, chairman of the Oakland county agricultural stabilization and conservation committee, has announced. Basic changes will be a higher loan rate, higher total price-support, and the elimination of voluntary diversion for payments except on small farms for which diversion payments earned may be higher than in 1966.

The chairman pointed out that the program will encourage farmers to divert from 15 to 18 million acres in 1967, compared with 30 million acres of corn and grain sorghum land diverted in 1966. (As announced previously, barley is not included in the 1967 feed grain program.) Loan rate for corn for 1967 is increased 5 cents a bushel and the price support payment rates stay the same as for 1966. This means a price-support loan of \$1.05 per bushel, national average, and payment of 30 cents a bushel. Loans will be available on all corn produced on participating farms. The price-support payments will be computed on the projected yield of acres planted, up to 50 percent of the base acreage.

All farmers will divert 20 percent of the farm's corn-grain sorghum base in order to qualify for price-support payments and loans. Except on small farms, there will be no diversion payments. The payment for additional diversion was dropped from the program in view of the need for increased production and the possibility of encouraging the diversion of too much acreage as well as to simplify the program.

For small farms, the diversion program provisions for 1967 are the same as for 1966, but payments will be higher. Farms with feed grain bases of 25 acres or less will again be eligible for diversion payments equivalent to 20 percent of the support (loan plus price-support payment) for the qualifying diversion (20 percent of the base acreage) and 50 percent of the support or any additional acres diverted, up to the total base. Producers with bases of more than 25 acres who divert 25 acres and plant no feed grains will be eligible for diversion payments equivalent to 20 percent of the support on 5 acres and 50 percent of the support on 20 acres.

Conserving-base and acreage-substitution features of the 1967 program will continue as in 1966. Soybeans will again be eligible for planting on permitted acreage without loss of corn-sorghum price-support payments.

Chairman Haack said that the program sign-up period will begin early next year with wheat program sign-up being held at the same time.

"What's a GAS INCINERATOR got that I haven't?"

"Maybe I don't look so good... but I do lend a bit of atmosphere to the place. And I'm quite a *dusting* card when it comes to flies and varmits! What's so great about a Gas Incinerator... always bragging about its health and cleanliness—that it doesn't even smog when it consumes rubbish and refuse. Well, I'm not taking any more 'garbage' from them! You'll see... replacing me with an automatic Gas Incinerator will make a big difference in their life!"

You, too, can end trash and garbage problems by switching to a new, smokeless, odorless Gas Incinerator

The appointment was made by chairman George Googasian at an Oakland county Democratic convention, held in Pontiac.

Northville City Council Official Minutes

November 7th, 1966
The regular meeting of the Northville City Council was called to order by Mayor Allen on Monday, November 7, 1966 at 8:00 p.m. at the Northville city hall.

Members present: Allen, Black, Canterbury, Carlson, Kester.
Members absent: None

The minutes of the previous regular meeting were read. One correction was cited; 1st page beginning with "Councilman John Canterbury, etc." should be changed to read "amount and size of building" instead of "or". Approved as corrected.

Moved by Kester, supported by Black that bills in the following amounts be paid after Del Black's question re voucher #1597 was explained by City Manager: General \$129,348.56, Water 14,649.66

Unanimously carried.
Clerk read communication from Miss Linda Kate Edgerton, Secy., Northville Historical Society, offering their cooperation in planning the coming Centennial Celebration in 1967. This matter to be put on the agenda for the December 5th meeting of the Council.

Clerk read communication from Board of Appeals concerning Mr. Alfred Parmenter. Council requested City Manager to check into this matter and report at December 5th meeting.

Communication from Consumers Power Co., requesting permits to install gas mains on portions of Hill Street and Taft Road. Council expressed no objection.

Sid Frid commented on status of unpaved streets in Northville. Council was of the opinion that a priority list of street paving should be received and reviewed by Council each year. Suggested that citizens submit requests in writing to Council. The City Manager is to make a priority report for a spring project.

Randolph Street — Miss Edgerton complained about conditions on Randolph Street. Council felt that everything was done to expedite the job with as little inconvenience as possible to the citizens. The contractor is responsible for the stakes they have removed and City Manager will check further into this.

City Manager stated that Planning Commission mentioned approving of minutes by Council. John Canterbury felt Council should give direct attention to reading minutes of various committees. Mayor Allen suggested that all minutes of committees be accepted by the Council and placed on file. A motion to this effect was made by Kester, supported by Carlson. Unanimously carried.

Minutes of Planning Committee, Zoning Board of Appeals and Building Report accepted and placed on file. This included in the above motion. Unanimously carried.

Rental of Northville well water to client of Blasney and Smith — City Manager reported that Water Department and Planning Committee had no objections to the selling of water to the developers. City Manager and City Attorney given permission to go ahead with the negotiations.

Removal of Nutter house at 122 E. Dunlap — Mrs. Older requested permission to cut down the tree at the new location of the house on Rogers Street and also cutting a limb from the tree on E. Dunlap Street. City Manager to determine what should be done in this regard. Motion by Canterbury, supported by Black that bid in the amount of \$115.00 be accepted and completion bond be changed from \$1,000. to \$200. Unanimously carried.

Library building lease — Motion by Carlson, supported by Kester to instruct Mayor and City Clerk to execute agreement for leasing of old Library Building to Northville School System. Unanimously carried.

Garbage and rubbish pickup for commercial business — Discussion on this matter followed. John Canterbury suggested a letter be sent to each person involved, explaining the full details of what is proposed and the manner of billing, also advising them that prices are effective Dec. 1, 1966. Motion to follow this procedure made by Carlson, supported by Kester. Unanimously carried.

Housing Code — This to be put on the

agenda for next regular council meeting.
City Manager reported that John Carlo would like to meet with Council about proposed traffic route. City Manager to contact him and request he be present at Work Session, Monday, Nov. 14th.

Pure Oil Company's intention to erect station on Rathburn property — Council to discuss this at work session on Nov. 14th.

Police Chief requested removal of stop sign at Center and Baseline and resolution therefore was adopted. (Resolution on record) Moved by Canterbury, supported by Kester that said resolution be adopted. Unanimously carried.

There being no further business the meeting was adjourned at 11:45 p.m. Respectfully submitted, Hilda Boyer, Acting Clerk

November 14, 1966

The Special Meeting of the Northville City Council was called to order by Mayor Allen at 8:10 p.m., Monday, November 14, 1966 at the Northville City Hall.

Present: Allen, Black, Canterbury, Carlson and Kester.
Absent: None

The City Attorney explained present situation of parking fine schedule for the City of Northville and related his conversation with Judge McDonald, Livonia Asst. City Attorney and personnel at City of Plymouth regarding this matter. The Chief of Police for Northville was present and approved MPA's suggestions except parking meters.

At the request of Judge McDonald, the Council recommended following schedule:

Over-time Parking — \$1.00 within first 24 hours.
\$3.00 after 24 hours but within 10 days.

Prohibited Parking violation — \$5.00 Moved by Carlson, supported by Kester to authorize the City Manager to extend present contract with Duncan Parking Meter Co. to purchase 72 additional meters (Total cost — \$4,177.50) under same stipulations as stated in contract. Unanimously carried.

City Manager presented following recommendation for meters:

Presbyterian Church — 23 meters. Existing lot on Dunlap E. (between Miller Garage and 122 E. Dunlap St.) — 19 meters.

Front half (west) of N. Wing St. Lot — 30 meters.

These meters will register 1 hour — 5¢, 2 hours — 10¢, 3 hours — 15¢, 4 hours — 20¢, 5 hours — 25¢.

There being no further business, the meeting adjourned at 8:50 p.m.

Respectfully submitted

When A Man Gives Thanks...

When a man gives thanks he is recognizing how small a part he himself has contributed to this world's abundance.

When a man gives thanks he is expressing his affection for and his dependence on those who constantly share the experiences of his life.

When a man gives thanks he is laying aside his discontentments to rejoice in the more numerous and more meaningful satisfactions that have marked each passing day.

When a man gives thanks he is escaping from the webs of pride, greed and self-addition that could otherwise imprison his soul.

When a man gives thanks he is meeting God on God's own ground. For God is God! And we are His children.

When a man gives thanks he is discovering his greater need. For all that God has provided is but the threshold to all that God promises.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) for his own sake (2) for his children's sake (3) for the sake of his community and nation (4) for the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

John J. Fricke, Vicar
Holy Cross Episcopal Mission, Novi

Since we are in the midst of another National Thanksgiving I can't help but recall the story in Luke's account of the Gospel. Our Lord journeyed toward Jerusalem by way of Samaria and Galilee, and on His way met ten men that were lepers. He healed these unfortunate souls, all ten; yet only one would return to give thanks. He, who was to return to give thanks, is called the grateful leper, and our Lord blesses him for his gratitude. But the story has other lessons for us if we are willing to listen. Our Lord was beginning a leisurely trip to Jerusalem, and as he came to that small village in Samaria he was confronted by ten men who had been afflicted by one of the most hideous of physical ailments. Such was their lot that they had banded together in their misery. They were outcasts, forced to live outside the gates of the city, and surely no one who was whole would have anything to do with them. It is interesting to note that the lepers knew "their place" and kept their distance, yet they dared to call out as our Lord passed their way: "Jesus...mercy!" And our Lord did have mercy. As He promised, they were healed as they went to show themselves to the priest. Only one, however, came back in thanksgiving.

Isn't it strange how rare real gratitude is today? Isn't it a bit sad how we so often are like the "nine", and so seldom like the "one"? We too take God's gifts for granted...as if we deserved them. But when we see real gratitude expressed it is joyful and joyful thing. There is joy and healing in gratitude, and it gives a new meaning and a new dimension to life.

Gratitude is the real sign of Christianity, for our religion is one of great gratitude to the Heavenly Father. The very word "grace" comes from the same word as the word gratitude. How sad a day it must be in the athlete's life when he wants to be thankful...and has no one to thank.

This portion of the Gospel according to St. Luke suggests that it might be well for each one of us to count our blessings. At the Last Supper our Lord took bread and gave thanks, and possibly today many of you will pause a moment before slicing "the old bird", but what shall you do this time tomorrow? It is easy for us to forget to do this...especially if we are so overwhelmed by man's achievements that we think that bread comes from the baker and does not depend ultimately upon the forces of nature and the providence of God. Without God's aid, there can be no harvest at all.

In truth I am suggesting that each one of us learn to live a Eucharistic Life.... which means the life of thanksgiving. We shall take bread and give thanks...but we shall also take all of God's good gifts and give thanks with great joy. Then, like the Samaritan leper, we shall learn the healing power of Christian gratitude.

Orchard Hills Baptist To Sponsor Revival Meet

The Orchard Hills Baptist church will launch their revival meeting this coming Sunday, November 27. The services will continue through December 4 at the church's new location on Novi road, north of Nine Mile. The meeting will convene nightly at 7:15.

Rev. E. Clay Polk will be the special speaker. Rev. Polk is pastor of the Columbia Avenue Baptist church, Pontiac. He was recently reelected as president of the Baptist State Convention of Michigan, SBC.

Special music and congregational singing will be under the auspices of Bill Valade, music director of Orchard Hills.

Nursery facilities will be provided every service. Everyone is cordially invited to attend.

E. Clay Polk

To the Editor: After the response, printed last week to Mr. Richard Heslip's letter regarding UNICEF and the U.N., I feel some support should now be printed.

T. N. Heslip 51305 W. 7 Mile Northville *****

To the Editor: You have received a number of letters opposing Mr. Heslip's viewpoint quite strongly. I would advise those who have been so critical to investigate the problem before they make a final statement.

This book is one of the most thoroughly documented and informative books on the UN you could find. There is a double standard guiding the UN and I hope it's not too late to awaken the American public.

Mr. Charles J. O'Neil *****

To the Editor: In my letter I stated that I believed the United Nations was controlled by Communism which makes it something evil. In reply, the editor and maisters tell me how much good UNICEF does.

I can prove the statements I have made, but Rev. Merrell refused to let me show him a filmstrip which proves these points. He also refused to let me show it to the people of his church.

I believe the people of the community should have both sides and are then very capable of making up their own mind. I am making the arrangements for the showing of the film strip and a film showing the atrocities of the UN in the Congo followed by open discussion.

Sincerely, Richard C. Heslip

To the Editor: The subject of the United Nations, its beginning, its purpose, its accomplishments and its failures is too broad and complex to relate in a letter of this type.

It is about time that the American public became informed as to why their sons died under the banner of the United Nations. The American people should learn that the idea of such an organization as the United Nations was conceived by the Communists.

It would just seem to me that the American people are too smart to fall for the "peace at any price" jargon that is being sold by the U.N. peddlers. The American people have a deep responsibility to their children and grandchildren to learn more about the United Nations.

Respectfully submitted, Emery E. Jacques Jr. Novi Township Justice of the Peace *****

To the Editor: I invite the defenders of the United Nations and its agencies to dispute these facts:

1. Sixteen U.S. government figures involved in the original planning of the U.N. were subsequently connected or identified in sworn testimony as Communist agents.

2. Since its founding eight different men have headed the UN military staff as Undersecretary General controlling the military and atomic energy affairs of the U.N.

3. The UN was established in 1945 and since that time Communists have imprisoned over 750 million persons by taking control of Albania, Hungary, Yugoslavia, Rumania, Bulgaria, Czechoslovakia, North Korea, Manchuria, East Germany, China, Tibet, Northern Laos, Cuba and North Vietnam.

4. UN troops destroyed the free anti-Communist government of Christian Morse Tshombe in Katanga to force it to submit, under a reign of bombing and military terror, to a Communist controlled coalition government in the Congo.

Now, how on earth can an organization promote peace in the world when entrenched within it is the most aggressive peace destroying force the world

Goodwill Pick-Up

The next visit of Goodwill Industries pickup trucks to South Lyon, New Hudson, Novi is scheduled for Thursday, December 1. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, ask the operator for toll-free Enterprise 7002.

has ever known - International Communism!!!!

M. R. Kornegger Plymouth *****

To the Editor: If people would spend a little time reading facts on the past history of the UN, instead of sugar coated propaganda, they would find Mr. Heslip is not as misinformed as some would like to think.

Terry Tennant

To the Editor: I am questioning the use of Biblical quotes in defense of the UN by Pastor Merrell because nowhere in the UN charter, covenants, declarations, or anywhere else does the United Nations grant even the slightest acknowledgment of God.

A noisy band of propagandists, official and unofficial, has been presenting the United Nations to the American people as a shield against war and to build a world government, to make the United States a part of it, regardless of our Constitution, laws, and traditions.

representing the United States may not be deliberately trying to do this treasonable work, but the best that can be said for them is that they are dupes. Some mighty important people who are United States citizens are not only going along with this scheme, but are daily and hourly contributing all their efforts in that direction.

Sincerely, George & Ann Norton 1087 Allen Drive Northville.

Kiwanis Club in Wixom Switched to New Division

The Kiwanis Club of Walled Lake, which may soon have a new name, has been moved from the 5th to the 7th Division in Michigan.

Other clubs in the 7th Division include Drayton-Waterford, Holly, Lapeer, Pontiac, Pontiac North, Pontiac West, Rochester, Utica, Walled Lake, West Bloomfield.

Members of the board of directors are expected soon to vote to change the name of the club, which meets at 6:30 p.m. each Tuesday at the Aunt Jemima's

Kitchen restaurant in Wixom, to "Inter-Lakes-Kiwanis Club".

Among the upcoming events planned by the club are an awards night for school bus drivers on December 6 and a ladies night program in Detroit on December 10.

Recent programs included a film presented by Richard Tobin through the courtesy of the Michigan Bell Telephone company and a film on hunting, presented by John Finlayson.

Plan College Seminar For Area Businessmen

A decision is to be made sometime in December on the kind of business seminar that will be sponsored by Schoolcraft college in cooperation with area chambers of commerce, Fred Stefanski, director of evening college, revealed this week.

Presidents of area chambers of commerce met with college officials earlier this fall to plan a seminar for business owners and managers.

But to obtain reactions and requirements of business people to such a seminar, prior to actually pinpointing topics and dates, a questionnaire is being circulated among businessmen throughout the college district.

According to Stefanski, tentative plans call for the seminar — to cover an eight week period, with one two-hour session per week — to start in late January.

Suggested topics from which businessmen have been asked to indicate preference include:

Record keeping and credit in profitable management; financing short and long term needs; personnel management and problems; policies and business decisions of management; choosing a form of business organization — what businessmen should know about law; business location and layout; effective advertising and sales promotion;

Taxation: a key factor in business decisions; economics — the role of economics in small business management; community growth — the elements of long-range planning; your image — creating a favorable image in your community; security — pilferage, shoplifting and shrinkage protection; forms of insurance.

A college instructor and guest speakers will be assigned to each of the sessions selected for the seminar, Stefanski said.

Questionnaires may be obtained at the Record office.

Post Office to Airlift Overseas Letters

A new postal program aimed at speeding delivery of mail and packages to military posts overseas has been launched, Acting Northville Postmaster John Steimel announced this week.

"Henceforth all first class mail, personal sound recordings — voice letters, and parcels weighing five pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas," Steimel said.

Also, a recently enacted law permits second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed force serving in Vietnam, he said.

The postmaster explained that parcels meeting the above specified size and paid at surface rates will be moved by surface transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels, the postmaster general has directed that all parcels be clearly marked upon acceptance at the post office with the letters, "SAM" (surface airlift mail).

This will eliminate, said Steimel, the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Vietnam or other overseas military post offices.

Steimel also reminded area residents that Christmas parcels weighing five pounds or under, though they are given airlift priority from San Francisco to Vietnam, should be mailed no later than December 1. Airmail, he said, should be sent no later than December 10.

The 1966 Christmas postage stamp, Steimel has announced, is now on sale at the Northville post office. Designed from the central portion of Memling's oil, "Madonna and Child with Angels", which was painted on wood about 1480.

Historians Hear Talk on Fiddler, Dance Caller

A Livonia history buff, who presently is preparing a history of that community, was guest speaker last week at the second meeting of the Northville Historical Society.

Dominic Paris, history teacher at Livonia Franklin High school, read excerpts from a diary of the late Volney Gunning, a colorful pioneer fiddler of this area a half-century ago.

During his presentation, mention was made of John Tinham and his wife, Belle, who were residents of this community for many years. The latter couple once lived in the John Canterbury home on Randolph street, sometime after the home was used as a girl's academy under the direction of Rev. Sylvester Cochrane. Mrs. Tinham will be remembered by oldtimers as the pianist at the Old Alseum theater here.

Tinham and Gunning were fiddlers and callers for dances in the area in the latter part of the 19th Century and the early years of this century. Gunning also was a caller at dances sponsored by the late Henry Ford at Dearborn, at the Ford home, and at Greenfield Village.

Paris, who is on a one-year sabbatical from his high school classes while preparing a comprehensive history of Livonia, has already written two booklets on the history of the community. He is a past trustee of the Michigan Historical Society.

The next meeting of the local historical society is scheduled for January 17, with Wynn Wakenhut, local surveyor, as guest speaker. Wakenhut will discuss methods of surveying used in the early history of Michigan while recalling some of the colorful stories related to this work.

Other meetings scheduled on the society's 1966-1967 calendar include a slide program on Michigan museums by Solon Weeks on February 21; a film on March 21; slides on the settlement of early Michigan by Ferris Lewis on April 18; and a history presentation on Northville by Helen MacCarthy.

Area residents, especially those interested in the history of the community and history in general, are urged to attend the society's meetings. Persons who may have questions about the organization or its programs are asked to call Mrs. Ruth Starkweather, FI 9-1537.

Coach Predicts Stronger Football Team Next Year

"I think we'll be bigger and stronger next year," Coach Alex Klukach predicted this week after his Northville gridders wound up a so-so 4-5 season.

Reason for Klukach's optimism stems from the fact that 20 lettermen will be returning, most of them in the line. "We'll have almost the same line as last year," Klukach stated.

Only 11 lettermen will be graduating this fall from a team predominantly made up of underclassmen who gained invaluable experience.

And there's help on the way from some promising members of this year's junior varsity (see adjacent story).

Although Klukach is losing a minimum of players, filling the vacancies left by Jim Zaytl, Roger Kline, Daley Hill and Pat Hall will be difficult.

Zaytl was the team's top runner. He gained 591 yards in 107 attempts for a 5.5 average per carry. He also caught seven passes for 97 yards, completed four of five passes for 73 yards and handled Northville's punting, besides going all the way on defense.

Hill, small for a fullback but a

gritty runner, was second in rushing with a total of 255 yards, coming on 75 tries. He averaged 3.4 yards.

Captain Kline was a defensive stalwart at end and Hill was a rugged guard who was injured and missed Northville's last three ball games.

Also departing will be Quarterback John (Chris) Holman. He completed 36 of 118 passes, good for 538 yards. Thirteen of his passes were intercepted.

Other departing seniors are Steve Kehrer, Dave Karrer, Mike Davy, Ron Jones, Mike Moody and Richard Myers.

Talk of returning veterans makes Klukach's eyes light up. Both ends Gregg Carr and Bob Hubbert will be back, plus Ends Dave McMillan and Bruce Boor to back them up.

There's Tackles Dan Conklin and Kim Marburger, and Guards Terry Fraser, Ron Asher, Rick Suckow, Glenn Heffner and Fred Hicks. With a plethora of guards, some will undoubtedly be shifted to other line positions, Klukach said.

The backfield will be inexperienced, Klukach stated, but it's promising. Quarterback chores will fall to Stan Nirder, who was quarterbacked the jayvees and Joe Andrews, who saw varsity action, primarily as a defensive halfback.

There are three returning halfbacks: Ron Gloetzner, Barry Deal and Dennis Mathews.

Sophomore Pat Caley is ticketed for duty either at fullback or as a tailback. Deal might also get the call at tailback.

It all augurs well for the Mustangs next year.

College Harriers Take 12th Place

Schoolcraft college's cross country team, champions of the Michigan Community Junior College Athletic Conference, placed 12th in a field of 18 teams in the national championships in Florida.

Coached by Tony Rizzo, the harriers thus finished their most successful season.

Mike Turnbull Plays for MSU

Mike Turnbull, son of Mr. and Mrs. Bruce Turnbull of 350 Eaton drive, played with the Michigan State university freshman football team that finished out its two-game season against Notre Dame Friday night.

Young Turnbull, who played defensive halfback for the Northville squad, played defensive end for the MSU freshman team which finished the season with a one-and-one record. The frosh edged Indiana and dropped Friday's contest with Notre Dame, 27-30.

Free Vietnam Calls Offered

Free telephone calls to servicemen overseas by parents or close relatives are being offered again, this year by Local 4015 of the Communication Workers of America.

James Fagen, Plymouth Local representative, announced this week that 15 three-minute calls will be paid by the union as its part in the CWA Christmas "Hi Mom Program" next month.

Some 40 calls will be sponsored by the CWA throughout the metropolitan area.

Interested persons are asked to call or write Fagen at KE 2-0286 (15886 Denby, Detroit 39).

TOURNAMENT ACTION—Schoolcraft's Don Crawford (10) and John Felmet battle for a rebound in the local community college's opening game of the season in the Schoolcraft Invitational basketball tournament.

Schoolcraft beat Monroe Community college in this game, 71-44, won in the second round, then lost in the finals Saturday.

Cagers Meet South Lyon Tuesday

Northville to Floor 'New' Team

Northville will take on a new look when it takes to the floor next Tuesday evening at South Lyon to open the 1966-67 basketball season.

One are the big three of Jerry Imsland, Steve Evans and Mark Cushing, who depended on height and bruising play under the board to capture a share of the Wayne-Oakland Conference crown, and posted a 15-6 record.

Only three veterans who saw substantial action last year are returning. They're 6' Jim Zayti, a regular last year, 6'1" Glenn Deibert, a forward, and 5'10" Pat Hall, a guard.

Two cagers brought up from the Jayvees last year for tournament play, Jim Peterson and Joe Andrews, also saw spot action, but not enough stamp them as steady varsity hands.

Coach Dave Longridge indicates that he's depending heavily on Peterson, a 6'2" forward-center, and Andrews, a peppy guard, along with other members of last year's jayvees who posted a 15-3 record.

Some needed height will be forthcoming in the likes of 6'2" Chuck Frogner and 6'2" Randy Pohman, but they have yet to perform under varsity fire. Dennis Mathews, a Jayvee last year, is scheduled to see plenty of action at guard.

Nelson Hyatt, a letterman sophomore last year who provided the winning spark several times, will be standing by.

"We'll be quicker," Longridge said. "Although we're not as tall as last year, we have five boys who will give us good all-around rebound strength."

Longridge indicated he will use two basic offensive patterns this year, along with the fast break. "We'll run more," he stated.

With one cut still to be made, these are the members of this year's varsity squad: Ken Boerger, Randy Burnett, Ralph Robinson, Ron Jones, Gregg Carr, Bob Hubbert and Doug Swiss.

In South Lyon, Northville will face a squad with three veterans returning.

They're Junior Bruce Taylor and Senior Larry Brown, both forwards who stretch just over six feet, and Guard Chuck Bovol, who, at 5'9", is the potential team leader.

It's highly unlikely that the Mustangs will manhandle South Lyon as they did last year. With Imsland, Evans and Cushing controlling the boards, Northville won, 72-45.

"We'll be short on experience this year," Longridge declared, "and this will probably hurt us in the early going. We should progress with every game," Longridge concluded.

Last year, the Mustangs jumped off to a fast start, slipped a bit in the River Rouge tournament against tough competition, but came back to hold their own and gain a tie for the W-O title.

Highlight of the season last year was Northville's sweep of three games to win the district title. Holt eliminated Northville in the first game of the regionals at Howell, but not before Northville twice fought to tie the score and send it into overtime.

"Even the Everglades couldn't make my test Jeep' Wagoneer say uncle"

Mechanix Illustrated's Tom McCahill goes on a turkey shoot with 'Jeep' Wagoneer.

During my road test of the new 4-wheel drive 'Jeep' Wagoneer for *Mechanix Illustrated*, I took it on a turkey shoot in the Florida Everglades. Getting there was half the fun. The Wagoneer cruised effortlessly as fast as the law allowed. Its power steering is smooth and easy; the ride soft as silk. But when I got there, I flipped it into 4-wheel drive and plunged into the muck of the swampland. This comfort-

able, cushy car plowed through like an assault vehicle. It was uncanny that a handsome, luxury station wagon like the Wagoneer could perform in the boon-docks with the same easy-going attitude it had on the highway. It's just about the perfect all-around car—good looking, comfortable and, in 'Jeep' 4-wheel drive, it'll just about anywhere you've got a mind to take it. What more could you ask for?

You've got to drive it to believe it. See your 'Jeep' dealer. Check the Yellow Pages.

It's all over for another year.

And final honors for the football contest went to Jane Skelly, 101 Hill street, Northville. She receives \$10 for her entry with only five misses and a prediction of a Detroit victory over Baltimore by a score of 21-14, just one point off the actual score of 20-14. Second and third place winners also missed just five games. Brian Simms had the next closest prediction of the Lions-Colts score, so he won the \$5 second prize. Brian lives at 9791 Mathews road in South Lyon.

Third place money was split between V. Stuckey, Meadowbrook road, Northville, and John Verbos, 60870 Nine Mile, South Lyon. Their pro game score predictions had identical point spreads. None of the contestants predicted the MSU-Notre Dame tie, so all missed that game. Other frequently missed games were the upset of Arkansas, Wisconsin's win over Minnesota, Illinois' loss to Northwestern, Duke's victory over North Carolina and, of course, Detroit's win over the Baltimore Colts.

Imsland Tops U-K Freshmen As Pass Receiver

Jerry Imsland, former Northville high school star end and all-state selection, was the top pass receiver on the University of Kentucky freshman football team, it was announced this week.

From his split end position, Imsland caught 11 passes for 140 yards in the Kittens' four games this fall. His longest reception was for 19 yards against the Vanderbilt frosh.

The Kittens won three of their four games. They lost their opener to Tennessee, 21-14, then they beat the Virginia Tech Frosh, 37-8, the University of Cincinnati frosh, 21-14, and the Vanderbilt frosh, 42-8.

Only time can tell on something like this," Freshman Coach Phil Owen said, "but I believe this Kitten team will send more material up to the varsity than any previous Kentucky freshman team. We signed 38 freshman for this season, and we got 38 real football players—plus a few more who came out from the student body. You can't beat that percentage."

top-sided decision in the championship round of the Schoolcraft Invitational tournament last Saturday.

Coach Bob Leggat's cagers started off with a bang, trouncing Monroe Community college last Thursday, 71-44. In the second round, Schoolcraft whipped Highland Lakes Community college Friday, but by a closer margin, 66-57.

Schoolcraft's hopes of going all the way were dashed Saturday night when Lorain (Ohio) community college raced to a convincing 86-54 victory. Schoolcraft thus broke a long losing streak, including 18 winless games last season, and posted their third and fourth victories as against 32 losses in two seasons.

Rutgers Standout

New Brunswick—A Northville youth has been named to the Dean's List of the Rutgers College of Arts and Sciences for academic excellence.

He is Michael W. Horner, 351 S. Rogers, sophomore mathematics major.

Names of the 699 students who qualified for the honors' list during last year's spring semester were announced by Dr. Arnold B. Grobman, dean of the college.

Talbot Enters Golf Tourney

Richard Talbot, 40160 Fairway III drive, will represent the Northville area in the fifth annual Perry Como Amateur Invitational Golf Tournament which gets underway tomorrow at St. Lucie Country Club in Port St. Lucie, Florida.

Word of Talbot's entry came from Chick Harbert, former Meadowbrook Pro, who now is vice president of public relations for General Development corporation of Miami, Florida.

The 72-hole tournament, with TV star Perry Como as host, opens Thanksgiving Day, and ends the following Sunday, November 27. This year's field has been limited to 260 men and 120 women. The 380 entrants have already accepted invitations.

The championship flight in both the men's and women's divisions will be played from scratch, while other flights will be played according to full handicaps over the 6,547-yard Saints and the 7,010-yard Sinners course.

Como, who makes his winter home in nearby Jupiter, will be on hand for the four-day event and will present the trophies at the awards dinner.

Romney May Lose 'Tight Rein' On State's GOP Legislators

LANSING - Even before all the Nov. 8 votes were tallied, the challenge of the year ahead was clear. Everyone proclaimed the near-sweep a major feather in the political cap of Governor George Romney. Republicans and Democrats differed beyond this consideration. The former saw only the victory. The Democrats consider it a new challenge.

the spokesman said he based his forecast on two factors. First, Romney will now be spending much of his time wooing potential 1968 GOP Convention delegates. Second, the chief executive will have more difficulty dealing with legislators of his own party than he did with Democrats the past two years.

'Sea of Dirt' Drowning Nation's Larger Cities

BABSON PARK - Where will you be living in 1991? Will you be in a brick and steel complex connected by miles of asphalt and concrete streets, gasping for breath under a blanket of filthy and polluted air? It may well be... unless we act now.

The University of Massachusetts has already begun to make people more knowledgeable by offering an extension course on air conservation. Through such study of the basics of meteorology and their role in air pollution, we can acquire more information about air

quality criteria and types of air pollutants. "Knowledge is power." Armed with it, we can lick this problem and produce a healthier, happier, more prosperous nation in the bargain. But this will be possible only if we act on this knowledge now.

Over many of our larger cities today, there is a "sea of air" as much as three miles deep. Caught up in this sea is a mixture of mud, grit, smoke smog and various gaseous substances. Together, these compose the murky air which we describe as haze and smog.

Dr. Walter Orr Roberts of the U.S. National Centre for Atmospheric Research, Boulder, Colorado points up the seriousness of our air pollution problem in this dire prediction: "In coming years thousands of people will die in our cities simply because they breathe."

Once upon a time, you could look up at a great cloud of smoke hanging in the sky above a city and be pretty sure that it really was smoke. Today, so many different substances comprise this air mass that you can no longer be sure exactly what is lying between the sun and the earth.

Sand, cement, coal, and other substances in the air help to compound the problem. In far too many communities, laws regulating the disposal of industrial wastes are either ignored or poorly enforced.

THE POISONS in our air are now also a major contributor to the growing problem of water pollution. We just do not know how many people fall victim to respiratory and virus ailments because of poisonous substances in the air, in our streams, and even on occasion in our drinking water.

Steps are being taken to cut down on the harm rendered by fumes from auto exhausts. If that does not work, we may have to ban cars from downtown areas of the largest cities and - as a health measure - force people to use public transportation in going to and from these areas.

We talk about the need for land conservation and water conservation. There is an equally great necessity for air conservation. Neither more stringent laws nor more comprehensive control programs can do the job as quickly and as thoroughly as it must be done.

SPEAKING for The Record

By BILL SLIGER

It won't be long before those winter tax notices will be arriving.

Not a very appropriate subject for Thanksgiving, but Northville school district voters must certainly be aware that their December tax bills will be considerably higher than last year's. A page one Record story points this out in detail.

Last June voters approved a millage increase of seven mills for funds to operate our schools. In addition, Schoolcraft community college district voters also okayed an increase in millage from one to 1.77 mills.

Altogether city and township voters will experience an increase of one-third in their winter tax bills this year. About 85 per cent of the increase is directly attributable to the aforementioned school millage hikes. The balance comes chiefly from an increase in the equalization factor, applied by the state to bring local assessments up to the 50 per cent level as determined by county and state tax officials.

Residents of the Oakland county portion of the city won't feel the tax hike quite as much as Wayne county residents, specifically because the equalization factor in Oakland county is lower than in Wayne county.

This gobble-dee-gook means little or nothing to the average homeowner and taxpayer. He only knows what his tax bill shows.

And generally speaking he has prepared himself for increases that can be attributed to costs of providing education.

But don't try to confuse him with equalization factors and local assessments versus state equalized valuations. Even the experts who deal in these matters regularly will tell you it's all too confusing.

There is, however, one thing you can mark down as the gospel. There would be more equity for the majority of the taxpayers in Northville (or any other community depending upon property taxes for operation of schools, government, etc.) if a general reappraisal of all property was made.

It makes little difference at what level assessments are made - 10 per cent, 30 per cent, or 50 per cent - so long as the same rules are applied to all properties. Then when the state comes along and applies its equalization factor, whether it's zero or 1.28 or 2.5, each particular property is affected to the same degree.

But if undeveloped land and lots, for example, are being under-assessed in the eyes of the state these officials merely increase the value of the total area by the amount they believe the land to be under-assessed.

County and state tax officials determine what the valuation of the city and township of Northville should be. If

local assessments fall short of their figures, then the difference is automatically added. This becomes the "equalization factor" - or that percentage needed to bring local assessments up to where the state says they should be for the purpose of levying school, county and township taxes.

The inequity develops when the shortage occurs chiefly in one area, such as in raw land versus buildings, for example. The building owner, who has been assessed properly, is penalized because the land owner is under-assessed.

Undertaking reappraisal is a thankless and most unpleasant task for governmental officials. In most instances their checking of property for tax assessing purposes is greeted with sour looks and grumbles.

But, as a matter of fact, even though a property owner's assessment might be raised, it's more likely that his tax bill will be lowered because the equalization factor will be reduced (ideally to zero) when the properties that have been grossly under-assessed are brought up to proper levels.

A LOOSE LEAF

By ROLLY PETERSON

For all its philosophical and theological niceties and its brilliant wit, Peter Shaffer's drama, "Royal Hunt of the Sun," is rescued from mediocrity by a moment of truth.

It comes in the final act when Pizarro, conqueror of the Incas and captive of bitterness, weeps for the death of his foe-turned-friend, Atahualpa, the God-King of the Incas.

This ostensible act of love makes the play a moving human drama by providing a touchstone of truth. Until then, Shaffer's satirical digs at Christianity and man's cupidity are academic. They do not involve the audience; they merely entertain.

Shaffer's is no mean talent, however. He couched a modern dilemma - man's quest for eternal identity in the face of death - in a unique historical context, the early 1500's in Spain and South America. He chose an appropriate vehicle, Pizarro's historical quest for gold.

But Shaffer makes gold only a means to an end. He focuses on Pizarro's internal conflict, his dying ambition to escape the finality of death. Pizarro cannot live in his children, for there are none. He cannot resort to religion; it has deserted him. There is only one way; conquer the Incas and bring back

In Our Courts

For driving under the influence of alcohol, a 51-year-old Novi woman was assessed a \$75 fine and \$5 costs Thursday in Northville Municipal court.

In addition, Mrs. Bernice D. Yee, 53963 Nine Mile road, had her license suspended for 90 days. She pleaded guilty before Judge Charles McDonald. The incident occurred Thursday at Center and Main streets.

Two Warren youths pleaded guilty to having liquor in their possession November 14 on Seven Mile road at Sheldon road. Gail Hertz, 19, and Dale E. Hayes, 18, each paid costs of \$25 when arraigned November 14.

Joseph Alexander of 46425 West Seven Mile road was fined \$25 and \$5 costs for failing to stop for a school bus on November 7 on Northville road north of Five Mile road.

A patient at Maybury Sanatorium, David Byrd, pleaded guilty to a charge of possession of alcoholic beverages on sanatorium property. He was fined \$25.

Fine was suspended but Bruce Nolte, 17, of 46050 Neeson street paid costs

of \$15 for careless driving on the junior high school parking lot.

Thomas W. Fagan, 43, of 46120 Fonner Court E, cited for failing to yield the right of way which reportedly resulted in a property damage accident, paid a \$10 fine and \$10 costs at his arraignment November 14.

Thomas R. Peterson, 17, pleaded guilty to altering a driver's license and was assessed \$15 costs. He lives at 19665 Meadowbrook road.

Joel F. Symmes, 17, of 23820 Lynwood drive was found guilty of failing to stop on command of a police officer, but fine and costs were suspended.

Clayton Corbin in the role of Atahualpa, the Inca God-King, as he appeared in "The Royal Hunt of the Sun," a drama by Peter Shaffer. It was the first of six plays in the Play of the Month series, produced under the aegis of the Professional Theatre Program of the University of Michigan.

ARE SNOW TIRES WORTH THE TROUBLE?

It's a needless question to most motorists who know they'd be stuck a dozen times during the Winter without them. But there are still a significant number of drivers who stick to the well-travelled roads in Northville and vicinity and think they're unnecessary.

Driving skill and "feel" of the tires on the road can go a long way to get you out of heavy snow. Skill won't help much though if you're stuck without momentum behind a stalled driver on a hill. Or if you're sliding out of control on an icy incline.

Snow tires average 50 percent better traction in snow and 36 percent on ice. That's safety worth having.

Metal studded snow tires are more expensive but the stopping margin is tremendous. Ice rink tests showed studs improved starting traction 200 percent and stopping 60 percent. Recaps seldom prove a long term economy and are not advisable for high speed driving. Snow tires heat up faster than standard treads and sustained heat can separate a tread from the tire carcass.

Snow tires come in many qualities, some so poor they're dangerous. To remove any doubts, seek out a quality new car dealer.

A passing motorist asked a Vermont farmer stalled in deep snow if he was stuck. "Nope. Would be if I was trying to get out."

Top of the Deck

by JACK W. HOFFMAN

Britt Crowther's a short man, barely chest high to one of the two animals sharing the basement room with crates of strawberries and crabmeat.

"How'd you like to wrestle with one of 'em?" he laughed, swinging open the big wooden door. "Pretty good size, eh?"

No, thanks Britt. The crate of strawberries was more my size.

Standing on all fours and staring at a frozen crate was a 493-pound lion. And over in the corner, his head covered by a couple of boxes was a smaller companion with a similar looking tail.

Britt is the chief chef at Hillside Inn over in neighboring Plymouth. After stuffing a pan full of meat into the oven he'd invited me downstairs to the restaurant's walk-in freezer.

So now as the icy breeze chilled my bones, I stroked the big guy's back and listened to Britt explain how two full-grown lions happened to find their way into this un-jungle like setting.

"They'll be on our New Years menu," said Britt. "A special that went over big last year. Last year we had a smaller lion than either of these two. "They're pretty scarce. We've had our order in for these a long time. We got 'em from a brokerage firm out of Detroit. I think they may have come from Custer State Park. I don't really know, but I doubt if they came direct from Africa."

The chef said the animals came frozen, drooped over a couple of sawhorses. It took six men to carry them to the

basement. The largest is seven-feet long, four feet high. The smallest, 415 pounds.

Who will cut 'em up? I asked.

"Me."

Have you given 'em names?

"Nope. But the guys who carried 'em down here had a few names for 'em."

Britt, my wife may want to cook one up for me someday. What would you advise her?

"Well, I'm going to roast these fellows. It'll take about a week to thaw them, about an evening to prepare for the oven."

"I'm going to roast one of them with a beer gravy, the other with a wine sauce. That way the folks will have a choice. The neck I'll make into a stew, the bones and trim into a consomme! I'll roast 'em whole, then cut 'em up for serving."

Britt says it will take from four to five hours to roast one of the animals. The most important single ingredient in properly preparing lion, he said, "is starting them at the right oven temperature." He declined to give out his secret.

And because lion has little flavor of its own, Britt will give it some flavor with his own special recipe.

What kind of meat would you compare it with? I asked.

"Probably veal. Just like with veal, you can bring out your own flavor with lion."

I was tempted to ask him about that beer gravy, but I was beginning to take on that stiff look of the lions so I ended our conversation.

Outside, Britt slammed the door shut and put the padlock back in place.

The lock is probably for the protection of guests. 'Cause like a friend of mine said, "Those lions are gonna be awfully mean when they're thawed out and find their insides missing."

Receive Top Awards

Two boys, William Tesch and Tim Taggart, were presented with Webelos badges here Thursday night at the YFW hall. Presenting the top Cubscouting awards is Ted Bacalis, Webelos leader, as Cubmaster Jerry Rotta and James Schrot look on. Boys who joined Cub Pack No. 721 this fall and received their Bobcat pins are: Fred McKernan, Jamie Schrot, Mike Bogart, David Frogner, Richard Lobdell, Douglas Webster, Keith Nalte, Charles King, Chuck Smith, Walter Arm-

strong, Scott Boyd, Mark Price, Douglas Mullen, Sam Hollis, Bill Earehart, John Turner, James Eaker, Ty Cola, Joey Patterson, Ken Skelly, Larry Goss, Steve Bell, John Dugan, Gary Winemaster, Kenneth Garrette, Steve Knope, Michael Greer, Bruce Turner, Kevin Busch and Eric Lampela. Cub Scout officials have announced that they are in need of uniforms. Anyone wishing to donate or sell uniforms are asked to call Mrs. Robert Green at 349-3461.

Evicted Family

Fails to Find Home; Search Continues

Evicted from their trailer homesite on Ridge road a week ago, a Northville township couple continues their search for a place to live.

Mr. and Mrs. Lloyd Boursaw and their four young children are living temporarily with friends, Mr. and Mrs. Elden Whalen and their four children, in a rented home at 43000 Eight Mile road.

"Everywhere we turn we run into a deadend," Boursaw said Monday. "We had an offer to move the trailer to Gerald avenue but there's a legal dispute there so it would be senseless to move and then be forced to move again. But we're still hoping."

Meanwhile, several persons who have called The Record since last week's article appeared have been referred to the Boursaws. Also, township officials and the office of Congressman Weston Vivian have joined in the search

for either a trailer site or rented quarters within the financial means of the family.

Boursaw and his wife support themselves with part-time jobs. He is unable to work full-time because of a back injury. Although they reportedly are eligible for welfare aid, they have declined to accept it.

The Boursaw trailer, which was moved to the side of Ridge road upon eviction of the family, has now been moved to the Eight Mile road address while the search goes on.

HONORED—William P. Scott, manager of Edison's office in Northville, was honored by the company recently upon his 40th service anniversary. Scott, who joined Detroit Edison in November, 1926, as a student engineer, is a member of the Northville Chamber of Commerce and a retired member of the American Society of Architectural Engineers. For the past 30 years he has made his home at 4311 South Wayne road in Wayne.

Crusty Heater? Here's Remedy

Now that Northville has "iron-free" water, how do you remove scale from electric water heaters?

This newspaper passed the question from readers on to the Detroit Edison company. Here is the company's answer:

"Our customer services division suggests opening the drain valve at the bottom of the heater, draining off water until it runs clear and then closing the drain valve.

"The solids will lay in the bottom of the tank, like stones in the bottom of a stream. In electric water heaters, the heat is generally applied directly to the water inside the tank. The accumulated scale will not affect the efficiency of the electric heater or the quality of the water."
