Vol. 96, No. 33, 16 Pages, Two Sections • Northville, Michigan - Thursday, December 29, 1966 • 10¢ Per Copy, \$4.00 Per Year In Advance

Business Area Rezoning Set for Public Hearing

A full house is expected Tuesday night when the Northville planning commission holds a public hearing to consider rezoning some 20 acres in the city's central business district,

The proposed rezoning would reserve five acres in the middle of the central shopping area for buildings and 15 acres surrounding the building sites

The building core would be zoned CBD (central business district) and surrounding parking area CBP (central business parking).

Notices have been sent to all property owners within the business district and to those within 300 feet of the proposed CBD-CBP area.

Planners have taken the precaution of reserving the community building in the event the council chambers of the city hall are filled to over-flowing. The hearing is scheduled for 8 p.m.

The proposed rezoning is considered important "first step" by the planning commission in the initiation of its master plan as it applies to the central business district.

Although the proposed master plan calls for creation of a "shopping mall" in Northville, the CBD-CBP rezoning is not related to the mallidea. Application of CBD-CBP zoning classifications would, instead, designate where buildings would be located and parking provided in the commercial area.

The intent of the rezoning has been defined by advocates of the proposal as a means of gaining controls over de-

and without the introduction of struc-

tures or enterprises that would not con-

tribute to the attraction of customers

Examination of Melvin Morrow and his twin brother, Marvin, 20, and Jimmy Frame, 19, will be held probably in January in Northville Municipal court before Judge Charles McDonald.

Melvin Morrow lives at 3981 Woolman Oval, Ypsilanti, Marvin Morrow at 2321 North Saginaw, Flint, and Frame at 9675 Woolman Oval, Ypsilanti. Bond on each was set at \$15,000, following their plea of not guilty.

Leads provided by witnesses and Northville police led to the apprehension of the three suspects within 24 hours after the robbery at 8:20 p.m. on December 20, it was reported.

Sheriff's deputies first stopped the trio in Dearborn, Northville Police Chief Samuel Elkins said, but as one was being questioned, the two others sped away. Later, through reports furnished by Northville police, the remaining two suspects were taken into custody in Detroit, Elkins said.

They were booked and jailed prior to being arraigned before Judge Mc-Donald. Unable to immediately post bond, the three accused men were remanded to the county jail, it was reported.

Three men, one brandishing a shotgun and all wearing masks covering half their faces entered the camera shop, Robert Webber, the owner, said. Within three or four minutes, Webber stated, the robbers carried off three tape recorders, three projectors and three cameras, and apparently raced to their car parked near Main and Beal

streets. "I wanted them out as fast as possible," Webber said. "I told them how to open the cash register when they

were having difficulty." Immediately after the holdup, Web-

David Hoffman suffered only a bad scare and chills after he was fished from Walled Lake where he had been skating when thin ice near the channel gave

As Sergeant Richard Faulkner and Officer Bob Starnes were patroling on South Lake drive, a woman motorist flagged them down, Faulkner reported. She told the policemen that a boy had sunk through the ice in the lake, Faulkner said.

"His head was bobbing up and down in the channel area about 600 to 700 feet off shore," Faulkner said. The two officers then picked up a 14-foot plank and rushed across the ice to the youth whose efforts to grab the edge of the ice failed as the ice kept breaking, Faulkner report-

stomach, extended the board to the youth, Faulkner said, and he, Faulkner, held onto a citizen who was holding Starnes' legs. They dragged the youth to safety and he was rushed to a doctor.

Officer Starnes, who was thoroughly drenched by water as ice sagged under his weight,

ber said he notified police and they arrived in seconds.

with the following gifts:

Lest readers of this column be tempted to "push the panic button", however. let me state that it would be unwise to expect a major depression in 1967. Our greatly expanded economy still has a considerable degree of momentum. The spotlight on 1967, therefore, should focus upon those factors which are likely to cause a breathing spell in economic activity. Politicians and labor leaders have a phobia against even a hesitancy in business, and rush headlong into measures designed to treat a case of pneumonia when cold

pills would be more appropriate. 1. Although business and financial problems loom large in the prospects for 1967, I must first warn readers that the greatest danger for the year ahead does not exist on the domestic front. Surely it will be developments abroad that will hold the gravest threat to our country. These could be economic as

well as military or political. 2. I foresee no war between the United States and Russia in 1967, However, tensions between the two world leaders may seem to reach the breaking point as the Kremlin "goesall out" to create diversions to our efforts in Vietnam. Look for Moscow to throw salt on festering wounds in the Middle East, Africa, and Germany,

3. I am also hopeful that a direct clash between Red China and the U.S. can be avoided in 1967. Internal dissensions are rampant throughout Mainland China, and a great scramble for power is in full swing. Sabre-rattling may help to unify the people; but pressing problems of low productivity, plus the demands of her nuclear pro-

to admit its part.

Northville Mayor A. M. Allen made a personal visit to the site and last week told the city council that "manmade drainage ditches and culverts originating in Connemara subdivision are directing water into Northville". Public works' crews from Northville constructed a "dike" that protects the backyards from flooding. But it does not correct the problem. Instead it serves only to make the pond deeper,

admitted the mayor. "We can't afford to build a drainage water from de velopments in Novi", the mayor concluded. He directed the city attorney to check into the law involving the changing of natural water flow.

Before Northville Heights number two was developed, the water from higher land in Novi could find its way into and across open land. And the Novi manager therefore points out that previously there was no problem of accumulating water.

It's of little consequence to residents along Sherry where the blame lies. They'd like a solution.

It appears likely that Northville Heights number two, which lies along the northern boundaries of the city of Northville north of Amerman elementary school, may be only the first of several areas involving drainage problems between Northville and Novi.

Extensive development is planned on both sides of the Northville-Novi border in the near future. And aspaved roads, sidewalks, patios and rooftops replace the absorbency of mother earth with hard surface, there'll be more rivers seeking low spots to flood.

Maybe the officials should adopt a younger viewpoint and just forget the problem. Then they could create skating ponds in the winter time and fishing holes and swimming pools in the sum-

Council Sets Meeting Date

Because of the New Year's holiday Monday and a planning commission public hearing on CBD-CBP rezoning Tuesday, the Northville city council has scheduled its first regular meeting

for 1967 on Wednesday, January 4. Meetings, regularly held the first and third Mondays of each month, are held in the council chambers of the city hall and begin at 8 p.m.

One of the items on the agenda is a public hearing on a new ordinance providing stricter regulations for new subdivisions. Among the provisions are concrete paved streets and underground utilities.

about WOMEN

News Around Northville

Among the Cadets from St. John's Military School who are spending the holidays with parents and friends is Donald M. Hummell, son of Mr. and Mrs. Ward L. Hummell, 47139 Grasmere. His furlough began December 21 and ended January 4.

Hummell is a senior at the Episcopal boarding school.

Cadet Stephen Lawrence, son of Mr. and Mrs. Donald Lawrence, Northville, Michigan, is home on a 15-day furlough from Kemper Military School and College, Boonville, Missouri. Christmas vacation for the 560 cadets attending the school this year began December 20th and continues until January 3rd.

Mr. and Mrs. Glenn Messer and son returned from Huntington, West Virginia to spend the holidays with their

Have a Happy New Year!

Tuesday, December 27, when Denene Kay Boyden of Wayne and Robert Victor Smith of Long Island, New York were united in marriage.

A wedding of local interest took place

The ceremony took place in St. Mary's Student Chapel in Ann Arbor with the Rev. Father Raymond Sayers officiating. A reception for 75 guests followed at the Boyden home in Wayne.

The bride is the daughter of Mr. and Mrs. Robert H. Boyden, residents of this city before moving to Wayne some years ago. Maternal grandparents are Mrs. Merle Wheeler of Woodland, who attended the wedding, and the late Mr. Wheeler, a former teacher in the Northville school system. Mr. and Mrs. H A. Boyden, paternal grandparents, attended the wedding as did their daughter, Mrs. Wayne Forester (Mary Louise) and Mr. Forester and daughter, Megan, of Royal Oak.

A 1964 graduate of the University of Michigan, the new Mrs. Smith will continue as a teacher of science at Wayne Memorial high school.

The bridegroom is the son of Mrs. Robert A. Smith of Long Island, New York and the late Mr. Smith, the former coming with her daughter, a resident of Texas. Mr. Smith received hisbachelor of science degree in pharmacy from St. John's university and holds a master's degree from the University of Michigan. Currently he is a doctoral student in pharmaceutical chemistry

Following a plane trip to Bakersfield, California, where the bride taught last year, the young couple will reside in Ann Arbor.

Winter Classes Set in Plymouth

A special invitation to Northville area residents to take advantage of the upcoming winter program in adult education and recreation in Plymouth was extended by Director H. E. Woolweaver this week.

Registration for all classes, high school credit and others, will be taken at the Plymouth high school, adult education office, January 30 and 31, 9 to 5 during the day and 7 to 9 during the evening. Details about the program and related fees may be obtained by calling GL 3-3100, extension 4.

DYE WORK RE-WEAVING

TUX RENTAL FREE MOTH PROOFING

In Our Town

By JEAN DAY

IN COMPUTING our year-end assets (or, in less swinging language, "counting our blessings") it is apparent that Northville women are making their full contribution to civic and cultural life in our town.

It is encouraging to find, as the Northville Jaycettes have, that young women are making significant service contributions. Announcement is made this week that the Javcette service award to the outstanding young woman between 21 and 35 will be presented to Jean Arlen (Mrs. Robert Arlen) of 44560 Country lane.

The mother of three young daughters, who are three, eight and eleven years old, Mrs. Arlen has found time to be active in politics, education, community beautification and 4H work.

In announcing Mrs. Arlen as the Jaycette award recipient, Mrs. Richard Norton, award chairman, lists her accomplishments: Jean Arlen is recording secretary of the Northville-Plymouth Republican group, precinct No. 1 Republican delegate, chairman of the Northville township beautification committee, a member of the recently active township horse study committee to evaluate land requirements for keeping horses, a 4H worker and a member of the Morgan Horse association. In addition, she and her husband are the new president-team of the Main Street elementary PTA.

Jean Arlen's interests also are home-centered as she watched over the construction of their authentic Cape Cod-type dream home just a few years ago. In the process she developed her knowledge of antiques to a professional level. Besides exhibiting in area shows, she had the honor of being invited to have a booth at the 1966 Goodwill Antique show held last fall.

She will be honored locally by the Northville Jaycettes at their next meeting on Wednesday, January 4. Her name has been forwarded to Ann Arbor, Mrs. Norton says, and her accomplishments will be considered in the state Jaycette contest to select four outstanding young women of Michigan. Her name was entered in the local contest by E. O. Weber, Northville township Republican

NEXT MONDAY Jean Arlen will be reaping one of the rewards of her preelection campaign work as she and her husband are planning to attend the inauguration ceremony for Governor Romney in Lansing.

With the E. O. Webers they plan to attend the January 2 ceremony in the Lansing Civic Center at 10:30 a.m. and the tea dance from 4 to 8 p.m. with

music by the Glenn Miller orchestra. (They will be spectators at the first 'dual" inauguration - this is the first time a governor has been sworn in twice. To complete legal requirements and also keep his personal faith Romney will be sworn in Sunday at his Bloomfield Hills home.)

Republican workers in the area are finding that they are on more if in one invitation list for the lnauguration if they have helped individual candidates as well as the party. By Christmas the mail had brought the Arlens a total of five invitations - "They really must intend me to be there," smiled Jean

THE LEONARD Kleins of Fermanagh court and their two teen-age daughters, who were Young Republican helpers, also are planning to attend the inaugural.

Mrs. Klein was honored last month by being asked to become a member of the Detroit Consumer Marketing Panel headed by Mrs. Marjorie Gibbs, Detroit Consumer Marketing agent.

"I just HAD to have Ruth Klein on the panel," Mrs. Gibbs said, "after we met when I spoke to Northville Woman's club in October." Mrs. Klein, a home economics major herself, introduced the marketing specialist, who also had praises for all "those intelligent and pleasant women" she met here.

TWO high-school age young women have been selected for the 1967 Youth for Understanding Program and will be off to Europe next summer. Janet Ogilvie, daughter of Mr. and Mrs. Philip Ogilvie, and a Northville high junior, recently received official word that she has been accepted. Earlier Karen Stefanski, daughter of the Frederick Stefanskis, received the same good news. Both girls will live in European homes to be assigned later.

BECAUSE this is a community in the true sense with a Main street, a shopping hub, governmental units, local professional services, etc., it's a "practically perfect" place from which to wish all a Happy New Year.

Capacity Crowd Sees Christmas Program Here

A capacity crowd was on hand last week as Main Street elementary school children presented a colorful Christmas program in the junior high school gymnasium (community building).

The cast included Mark Dougher as the narrator; Diane Sellers as the first angel; Susan Heckler, as the second angel; Deborah Puckett as the third angel; Robert Bloomhuff as St. Peter; and Brian Mills as Gabriel.

Opening carols by third graders included "Christmas Is Coming", "O Holy Night", "We Three Kings", with a solo by Anita Sweany, and the Three Kings by Brent Ashby, Jeff Johnson, and Victor Lonn.

First and second graders then pre-Bisented, "Oulittle Town of Bethlehem" and "Zumba Zumba".

Later the first and second grades presented "Away in A Manger", "O Come Little Children", "What Child Is This" and "The Seven Joys of Mary", with a solo by Leann McElroy, and a duet by Jessica Bacsanyi and Pam-

Fourth and fifth graders presented wide variety of numbers including:

"Go Tell It on the Mountain", "Rise Up Shepherd and Follow", "The First Noel", "Jesus, Jesus Rest Your Head", "O Come All Ye Faithful", "Mary's Lullaby", "Angel Band", "I SawThree Ships", "Jingle Bells", "Up on the Roof Top", "Silent Night", and "Joy to the World",

History Group Sets January **Meeting Here**

Northville area residents interested in the early history of this vicinity are reminded of the upcoming meeting of the Northville Historical Society on Tuesday, January 17.

The meeting will feature a fascinating talk by Wynn Wakenhut, Northville surveyor who lives in Connemara subdivision. His talk will be entitled, "Surveying in Michigan".

Concerning the men who "chained" Michigan prior to the time Michigan became a state, it places special emphasis on the surveying of this particular area, especially as it involves the importance of Baseline road.

Two other meetings are scheduled later in the year. A film will be shown on March 21, Ferris Lewis will show slides on the early settlement of Michigan on April 18, and the society's annual meeting, featuring sides and taped interviews on Northville history. will take place May 16.

Rotary Travel Film on Tap

Northville Rotarians will get the New Year off to a flying start next Thursday with the third in its series of travel and adventure programs.

On tap is a fascinating film about Scotland, appropriately titled "Scotland Afore Ye", narrated by Jonathan Hager, a former American and European news-

"Scotland Afore Ye" puts Scotland before the viewer in all its rugged splendor. Traveling the high roads and the low roads, Hager's film discovers the country's historic cities and the unspoiled grandeur of its romantic lochs and bens.

Among the visits will be a tour of Edinburg, Glasgow, the bonnie banks of

Loch Lomond and the beauties of Scotland's varied coastline. The film will show Scotland's sheep and shaggy Highland castle, her superb fishing, Highland games and ancient customs captured in brilliant color.

"All in all," promises Rotary chairman Kenneth Rathert, "it's a person-to-person story gathered by trained reporters and spiced with gentle humor, a spectacular - yet intimate - look at a

In filming "Scotland Afore Ye", Hagar had the help of his wife Mary Munroe, a one-time reporter for the Glasgow Herald.

Like the previous two programs, "Byways in Britain" and "Desert to Dixie" next week's film will be presented in the Northville high school auditorium at 8 p.m.

Tickets may be purchased from any Rotarian or at the door.

SELF ANALYSIS QUIZ

AND EXCAVATING Do You Frighten Men Away?

by Jane Sherrod Singer

It is normal for men and women to be attracted to each other and normal for people to want a happy marriage and a family Some women attract men like magnets while others, 6 despite their beauty or good grooming, send all the males scurrying away. Here are some questions to determine whether or not you are a female ogre as far as men are concerned.

1. Do you insist on opening your own doors, getting into your coat without help, carrying heavy packages, etc. when your escort is around?

2. As a child, did you side with your mother against your father and/or the other males in the family?

3. Do you subtly hint to your escort that you are ready for marriage? Are you prone to see more faults in men than good points?

Do you lean on men, asking their help and advice on everything from your clothes to politics? 6. Is your conversation spiced with juicy

telltale tidbits about the private lives of others? Do you usually organize your dates by telling your escort what to wear, where

you wish to go and how to behave? Do you think that over affection, such as kissing, caressing, holding hands, etc., is the way to a man's heart? Do you often provide the money, tickets

and/or transportation for your dates? If your escort seems tired, worried or in a dark mood, do you show your disgust , for his weakness?

Northville City Council Minutes

The regular meeting of the Northville City Council was called to order by Mayor Allen on Monday, December 5, 1966, 8:00 p.m. at the Northville City Hall.

Present: Allen, Black, Canterbury, Carlson, Kester (late). Absent: None. The minutes of the November 21 meeting were approved with one cor-

rection: page 2 - paragraph 1. Moved by Carlson, supported by Black that bills in the following amounts

be paid: \$43,991.73 🦩 General 5.811.50

. Unanimously carried. A petition, signed by 4 residents of Grandview drive and 6 from Spring Drive, was read by the Clerk reminding Council of the previous request which had been presented to council to pave Grandview, Spring and Scott Avenue. Mayor Allen asked that this petition be acknowledged by replying that the request will be considered in the coming year's budget.

Relative to the request from Salvation Army to solicit on the street using a "kettle", it was agreed that this comes within the present policy of

City Mgr. Ollendorff read the letter from Mr. Meyers, Inter-County Highway Commission, and the rough draft of the ceply concerning the northsouth route for the City of Northville. Minutes of the November 15th Plan-

ning Commission were accepted and ordered placed on file.

Moved by Black, supported by Carlson that James Allen be appointed to fill the unexpired term of Alfred Parmenter on the Zoning Board of Appeals expiration of term on July 1, 1968 and David Biery to fill unexpired term of Jefferson Baker - expiration of term on July 1, 1967.

Unanimously carried. Moved by Carlson, supported by Black to appoint James Cutler to the Board of Review for a 3 year term, January 1, 1967 to January 1, 1970. Unanimously carried.

Moved by Black, supported by Carlson that Louese Cansfield be appointed to the Library Advisory Commission to fill the unexpired term of Elizabeth Chapman - expiration of term on January 1, 1970. Unanimously carried.

The city manager reviewed the ordinance to water tap fee and discussed the possible fee for the Junior High school building. City manager and city engineer are to research this matter and report with a recommendation to council.

Mr. Kester joined the council meeting at 8:50 p.m.

The City manager read his report (copy attached) on costs for the Detroit Water connection and said the Detroit Water Board Inspector has approved the job. Council would like a letter of acceptance from the Detroit Water Board for this job.

City Attorney is to draft an agreement between the Northville Public School System and City of Northville for \$15.00 per hour for snow removal. and salting of Northville High school driveway for December 19th meeting.

City Manager reviewed City Parking Lot improvements and after some discussion by the council it was agreed that the city manager relay the thinking of the council to the Municipal Parking Authority (sketch attached showing Shoppers' Lots 2 hr. free; No Parking 2-9 p.m. and Employees Lots - 12 hr.

It was reported - Moved by Kester, supported by Canterbury that a lease agreement between the city of Northville and the Northville Economic Development Corporation for the sum of \$1.00; from date of signing to August 1, 1967 be approved. Unanimously carried.

City manager reported on "advance

acquisition grant"; Federal government will give grant to help acquire property - they will pay interest up to 3-5 years if use is same as when original request was made.

City Clerk read two resolutions concerning Absentee Ballot Procedure for Counting and asked Council to consider a like resolution:

Moved by Allen, supported by Canterbury that the resolution as read by the City Clerk (copy attached) regarding change in Absentee Ballot Counting Procedures be adopted. Unanimously

Moved by Kester, supported by Carlson that the penalty date for Oakland County taxes (1966) be changed from Jan. 19 to February 14, 1967. Unanimously carried.

Police report for December, 1966. was read, accepted and placed on file. City attorney discussed a proposed change in the Subdivision Ordinance and it was unanimously agreed that this ordinance and the Housing Code be held over until a special meeting, to be held on Monday, December 12, 1966.

There being no further business, the meeting adjourned at 11:10 p.m. Respectfully submitted

Martha M. Milne City Clerk

BRIGHTEN CHRISTMAS-Thanks to employees of the Western Electric company of Plymouth, youngsters at the Wayne County Training School enjoyed a brighter Christmas. With money that they otherwise would have spent on cards and gifts for each other, employees purchased more than \$800 worth of gifts-toys, television sets and a sewing machinefor training school children. On hand to accept the donation last week were Dr. Pasquale Buoniconto and Dorothy Pearson of the school (left). Representing employees at Western Electric (I to r) are Margaret Bagnall, Diane Mennell, Carl Perry, Keith Stevens, James Sinn, James Mitchell and Douglas Patti-

Official Minutes of Northville Township

Northville Township hall, Tuesday, December 6, 1966. Meeting called to order at 7:40 p.m.

Members present; R. D. Merriam, Supervisor, Marguerite N. Young, Clerk Alex M. Lawrence, Treasurer, James H. Tellam, Trustee, Bernard W. Baldwin, Trustee.

Consultants: John Ashton, Twp. Attorney, L. W. Mosher, Twp. Engineer. Visitors: Mr. Tom Healy, attorney for residents in Southeast Section of township, Mr. James Littell, attorney for Greenspan Bldrs., Mr. Staub, Greenspan Bldrs., Mr. Victor Jarvis, attorney for Crews Die Casting Co., Mr. Jack Hoffman of the Northville Record, and approximately 10 township residents.

No questions or corrections, the minutes of the township board meeting of November 1, and Joint meeting of the Township Board and Planning Commission of November 15 were approved as submitted.

Treasurer's monthly report was reviewed. No questions, approved as submitted.

Office receipts, Water & Sewer Commission receipts for November 1966 and Bills payable were reviewed. Mr. Baldwin moved, supported by Mr. Tellam, that the bills as submitted including the invoices submitted by Draugelis & Ashton, be paid. Motion carried unanimously.

Building Inspector's report for Novembér 1966 was submitted.

There were no questions of the minutes of the Planning Commission meetings of November 15, 22, and 29th, 1966. No questions of the Appeal Board minutes of November 10.

Correspondence:

1. Delinquent Personal Property Taxes for Year 1960 - Petition of Louis H. Funk.

Supervisor Merriam explained to the board that this petition stated that all delinquent personal property taxes for the year 1960 would be stricken from the tax rolls of Wayne County and would no longer be considered an asset · of the township.

2. Letters - township of Plymouth and Plymouth Community school district regarding Agreement of Sanitary sewer facilities for the Tanger Elementary school.

Supervisor Merriam advised the Board that Plymouth Township had requested a change in the Agreement and that the Plymouth Community School board be asked to assume the maintenance of the sewer in Five Mile road. Otherwise the agreement was satisfactory to their board. If the change was agreeable to the township board, he would like authorization for him to sign the agreement.

Mr. Baldwin moved, supported by Mr. Lawrence, that the Supervisor be given authority to sign the Agreement as it had been modified.

Motion carried unanimously.

Old Business: 1. Rezoning from R-4 to R-M of Five Mile road property owned by Greenspan builders as recommended

by Township Planning Commission. After due discussion and consideration Mr. Baldwin moved, supportzed by Mr. Tellam, that the Property has recommended by the Planning Commission in their minutes of October 11, 1966, described as: Beginning at Southeast corner of Sec. 14; Thence due West 357,24 feet along the South Line of said Section; Thence North 04 degrees 23' West 784.74 ft.; Thence due west 682.27 fl.; Thence North 04 degrees 36' West 375.33 ft.; Thence North 82 degrees 49'40" East 323.00 ft.; Thence North 04 degrees 36' West 270.00 ft.; Thence South 82 degrees 49' 40" West 323.00 Ft.; Thence North 04 degrees 36' West 30,03 Ft.; Thence North 82 degrees 49' 40" East 1054.12 Ft. to the East line of said Section; Thence South 03 degrees 54' East 1590,65 feet along said East line to the point of beginning and containing 22,31 acres, more or less, except easement over the West 161.5

Ft of North 30 feet as set forth in easement recorded June 13, 1957 and except that portion thereof lying westerly of a line parallel to and 690 feet west of the east line of Section 14, (excepted portion consisting of 3.4 acres, moreor less) be rezoned on the Zoning Mapfrom R-4

to R-M for the following reasons: 1. That the rezoning is adjacent to property on Five Mile road zoned as Local Business

2. The property fronts on a Main Thorofare which ultimately will be tied into a North-South Expressway

3. On the westerly side is a church which is non-residential in character

4. That multiple dwelling classification will not in anyway adversely effect the welfare or safety of the citizens in the area

Motion carried unanimously.

2. Glen Meadows Subdivision. Mr. Mosher advised the board that he had received a revised plan which was adequate to indicate what the designated fill would be and which showed a quantity of 5,700 cu. yds. required. He recommended that the board accept the plan and suggested the board set the proper Surety Bond at \$2.50 a cu. yd. of required fill which would make the amount \$14,250 - That no lot be built upon until the indicated fill be done on the lot and all of the fill be done within one year of the time of receiving the Surety

After further discussion, Mr. Tellam moved, supported by Clerk Young, that the Township Board approve an extention of time of 90 days from this date within which the owner is to supply a Surety Bond of \$14,250 which will assure the filling of this area in compliance with the plan approved by the Township Engineer and that the Surety Bond is approved as to form by the township attorney and that further upon receipt of this approved Bond, the Final approval of the Preliminary Plat, Revision of 11/28/66 of Glen Meadows Subdivision will take place.

Motion carried unanimously.

New Business

1. Resolution - No penalty on 1966 Taxes until March 1, 1967

After due consideration, Mr. Tellam moved, supported by Mr. Baldwin, that the township board adopt Resolution #66-29 and waive the penalty date on 1966 Real and Personal Property Taxes and no penalty be charged until after February 28, 1967. Motion carried unanimously.

2. Wayne County Drain Commission - Interceptor Payments

Supervisor Merriam read letter from Wayne County Drain Commissioner which stated in part that Northville township had Installment No. 14 due Dec. 1, 1966 in the sum of \$2,040.36. Also, Installment No. 15 (final) on Dec. 1, 1967 in the sum of \$1,931.06 Upon payment of these installments it will receive its prior share of the surplus

in the amount of \$3,125.51. He stated that if the township paid the two installments this year, they would save \$100 in interest plus receiving the surplus amount of \$3,125.51 now. The balance due the Township from this Bond Issue would be paid back after all communities had paid in full which would probably be a matter of five years.

There was question of whether the Township would receive the surplus at once or whether they would be kept waiting.

Mr. Baldwin moved, supported by Mr. Tellam, that the Township prepay installment #15 providing that the Township have assurance that the \$3,125.51 will be remitted to them immediately.

Motion carried unanimously 3. Shoup Voting Machines

Clerk Young read letter from Shoup Voting Machine Agency stating in part that they would recommend the Board purchase two new machines for delivery after July 1, 1967 to protect themselves against any price increase.

General discussion followed with no

final decision.

Suggestion was made that someone from the Wayne County Election Board be asked to attend the next Board Meeting and advise the Board of their recommendations.

4. Petition from residents of Waterford Area for Street lights.

Supervisor Merriam informed the Board that he did not feel the petitioners were aware that street lights would have to be on a Special Assessment basis and there being no one from the area attending the meeting, it was decided to obtain a cost estimate from the Detroit Edison and find out how many lights would be required.

5. Application for Land Fill in Waterford Lake Area

Supervisor Merriam informed the Board that the Crews Die Casting Company were applying for a land fill in the Waterford Lake Area, had paid their initial charge for the investigation and wished to develop the area into an Industrial Park which the industrial zoning would allow. He asked Mr. Jarvis. Attorney for the Crew people if he wished to address the Board.

Mr. Jarvis stated that the present owners had owned the property for four years, that formerly it had been owned by Ford Motor, that the present owners wished to remove the dam and allow the water to flow naturally and fill the land so that it would be usable. The purpose for asking for the fill was two fold. It would be a benefit to the owners and it would be a benefit later on a sindustrial property. All of the work would be done in accordance with the land fill ordinance. It would come under the supervision of the Township and the Township Engineer would have to approve the plans. It would eventually be a benefit tax wise. There would be considerable engineering required and that was why they were approaching the Township Board to consider the application. If it was feasible and approved, then they would proceed with the engineering work necessary to provide the Township with the assurance they would need.

Supervisor Merriam said that Mr. Mosher, Mr. Stromberg and he had covered the whole area with Mr. Jarvis.

Mr. Mosher stated that of the 79 1/2 acres involved, approximately 32 acres were in the pond. Some 40 acres of the property, not all of it under water, has been designated as a flood plain and, under the ordinance cannot be used as a landfill unless the Board waived this restriction. That it would require a very adequate channel as 53 sq. miles are contributory to this area. That Detroit rubbish was better than most for sanitary land fill. The Board considerations would be

l. If the area is acceptable of a sanitary landfill

2. The Township be responsible in maintaining an ample flood plain

3. In the Township Landfill Regulations it required that areas which would be streets and building sites have to be filled with earth only. For industrial development, it would probably be necessary to waive this requirement.

Supervisor Merriam stated that this application was under consideration at this meeting only to decide whether the request should be referred to the Planning Commission for sufficient examin-

Mr. Tellam moved, supported by Mr. Baldwin, that the Township Board refer the Crews Die Casting Company's application for land fill to the Planning Commission for consideration and request a report to be made at the Monthly Township Board Meeting in March 1967.

Motion carried unanimously. 6. Manager of Water & Sewer Department

Supervisor Merriam informed the Board that he didn't have sufficient time to take care of all the details of the Water & Sewer Department and that it should be under one administrator. That the Township has trouble calls, there should be a telephone available

night and day and that the Water & Sewer Commission had recommended that Mr. Lawrence, who was thoroughly familiar with the work entailed, be appointed as manager.

Mr. Tellam said that he had not changed his thinking regarding this matter,

Mr. Baldwin said he was sure that Mr. Lawrence was qualified but that at previous Annual Meetings it had been emphasized that the Treasurer's office was a full time job and to say now that he could do both jobs would be a sign of "not leveling with the people". For this reason only, he could not approve the appointment.

Supervisor Merriam withdrew his request but asked that Mr. Tellam and Mr. Baldwin try to come up with an alternative.

7. Gerald Street Supervisor Merriam brought under discussion the possible acquiring of Gerald Street by the Township, saying that he had talked with Mrs. Fons who had referred him to her son. He informed the Board that there were interested parties who would like to buy property in the area for small manufacturing but would not consider it because of the private road. By acquiring the road and making a public road of it. the area could become a better tax base since it is zoned industrial.

No action.

8. Recreation Committee Supervisor Merriam referred to the joint effort by the Township and City to run the Recreation Committee, stating that the present manager was resigning as of January 1st, 1967 and since they had not been able to fill the post, the Northville School Board had been approached. They seemed quite willing to take over the administration of the program but they would expect the Township and City to contribute the same amounts toward the program.

9. Executive Meeting An executive meeting of the Township Board was set for Tuesday, December 20th, 1966 at 8:00 p.m. in the Township Hall.

APPOINTMENTS 1. Planning Commission - Luke Bathey and Leonard Klein terms expiring

Upon being advised that both appointees were willing to continue serving. Mr. Baldwin moved, supported by Mr. Lawrence, that Mr. Luke Bathey and Mr. Leonard Klein be appointed to the Northville Township Planning Commission for a three year term.

Motion carried unanimously. Mr. Joseph Fiorilli asked for some explanation of the large raise in Real taxes. He was given a detailed report showing the break down and percentages of increase.

Meeting was adjourned at 10:30 p.m. Marguerite N. Young, Clerk Note: The above minutes are subject to correction.

Special Meeting Of City Council

The special meeting of the Northville City Council was called to order on Monday, December 12, 1966, at 9:30 p.m. at the Northville City Hall.

Present: Allen, Black, Carlson, Absent: Canterbury (excused) and Kester (excused). Thé city attorney reviewed the Sub-

division Ordinance with the Council and

explained recommended changes. Moved by Black, supported by Carlson to approve the Subdivision Ordinance, as amended at the December 12 meeting, for publication and set the date of the Public Hearing for the 1st regular meeting of the Council in January, 1967, 8:00 p.m. at the Northville City hall. Unanimously carried. Aves: Allen Black, Carlson, Nays: None.

City manager partially reviewed the Housing Code and asked Council to review same and call him if there are any questions on this code as this will be on the December 19th agenda.

There being no further business, the meeting adjourned at 11:05 p.m. Respectfully submitted,

Martha M. Milne City Clerk

They happened to be called "The

It may be just coincidence, but the name fitted Clarkston's cagers like a snug glove last Friday night as they mangled the previously unbeaten Mustangs from Northville, 84-49.

Like the predator wolves that stalked Michigan's forests around the turn of the century, the Wolves took the floor at Clarkston bristling for battle. It was a slaughter.

The galloping Mustangs who had run four teams into the ground with their quick pace simply couldn't find their stride. In fact, they panicked in the face of barred teeth.

Turn Dan Fife, the Wolves' prolific scorer and leader, and you turn the pack. That was the pre-game strategy. It backfired as Guards Randy Nicholson and Tom Allen peppered the nets from outside to score 13 and 18 points, respectively.

Although kept at bay in the first half (he scored only nine points), Fife got his points. He broke loose in the second half for 21 points, many of them coming against reserves. Sixteen of his 30 points were scored at the free throw

Defensively, the Mustangs were lambs. Their zone press didn't phase the determined Wolves, and Fife dribbled unmolested up court and passed off to teammates who scored on easy set shots from within 15 feet of the basket.

The Wolves ran with abandon, nipping at the Mustangs heels with a tenacious man-to-man defense and scampering down floor on the fast break before the Mustangs, young and gangly, could recover.

Clarkston was thirsty for victory. Even with the game safely in the bag (63-37 at the end of the third quarter), and with Coach Dave Longridge substituting freely, the Wolves kept pouring it on. With less than three minutes remaining in the game, Coach Bud McGrath finally pulled Fife and Allen.

By chewing up the Mustangs, Clarkston firmly stamped itself as the best in the league. The Wolves lead the Wayne-Oakland Conference with a 4-0 mark, having convincingly disposed of Bloomfield Hills, and now, Northville.

Back of them are Northville and Holly, 3-1, followed by Bloomfield Hills, West Bloomfield and Clarenceville, all 2-2. Milford, and Brighton are 1-3. "We fell apart," Longridge said.

"They beat us off the backboards, 56-26. That was our poorest showing. They used a sagging defense, figuring we wouldn't hit from the outside. They were right. We didn't." The Mustangs hung close in the

first quarter even though Clarkston dominated the boards. Northville trailed, 18-12, as Nicholson and Allen tallied on set shots as Northville concentrated on Fife. "We blew an early chance," Long-

ridge said. That's when Northville trailed by 18-12 at the outset of the second period and had three golden

Novi Drops 2nd Cage Tilt, 74-23

That's how Novi Coach Jim Ladd summed up his team's second defeat in two outings last week Wednesday. Whitmore Lake poured it on and walloped young Novi, 74-23.

The Wildcats simply couldn't find the target, hitting on only 11 of 42 shots from the field, while Whitmore Lake was canning 28 of 59 for almost 50

Whitmore Lake played an aggressive, tight defensive game to shut Novi out inside, both on shots and rebounds.

when it counted," Ladd explained. "They were experienced and big; we're a little too green." A school which includes only freshmen and sophomores, Novi high school is competing for the first time against four-year high schools.

Pacing the Whitmore Lake attack was D. Spicer, a six-foot forward. He had 21 points. Percy Wright, a 6'2" forward garnered 16 and Kevin Caskey,

a 6'3" center, scored 11 points. Novi didn't have a man in double figures. Ken Osborne led the Wildcats' assault with seven points, followed by Lee Snow's six and Gary Boyer's four. The Wildcats' game was further crippled when Guard Jon Van Wagner pulled up lame and was forced to sit out a

Whitmore Lake was unrelenting in

Coach Milan Obrenovich's jayvees continued their winning ways by dumping the Whitmore jayvees in the preliminary game. It marks the third triumph in four games for the ninthgraders.

The varsity and JV squads will return to action tomorrow night when they travel to play DeWitt high school. The game is a makeup of a previously scheduled clash. Tuesday the Wildcats will host West Bloomfield.

opportunities on a break away, a fast break and a steal. They missed all

Then Clarkston made its move, inching into a 37-26 lead at halftime. Beaten on the boards, on the fast break and on defense, Northville still was in shooting distance of the lead.

But Clarkston capitalized on Northville's defensive lapses cashing in on three free throws and a lay-up and dog shot by Fife for a 44-26 Clarkston lead. Northville quickly chopped six points on a set shot by Jim Zayti and two re-

bound shots by Joe Andrews, but Clarkston surged back into a comfortable lead on the wings of the fast break.

Andrews and Center Jim Peterson led the Mustang scoring with 12 points apiece.

Charity Tosses Catch Colts Short

The Northville Colts were fouled up last Friday night.

They lost their first game of the season to Clarkston, 66-59, as 29 fouls were whistled against them, three of which were technicals.

Clarkston converted 22 of 39 free throw attempts to win the game. Northville bagged 26 field goals, to Clarkston's 22. But Northville converted only seven of 16 free throws.

"We had only four free throws through three and one-half quarters," Coach Bob Kucher said, "and we were in foul trouble early."

Starters Stan Nirider and Craig Turnbull fouled out of the game as did reserve Greg Marshall. Gregg Carrand Ralph Robinson, two other starters,

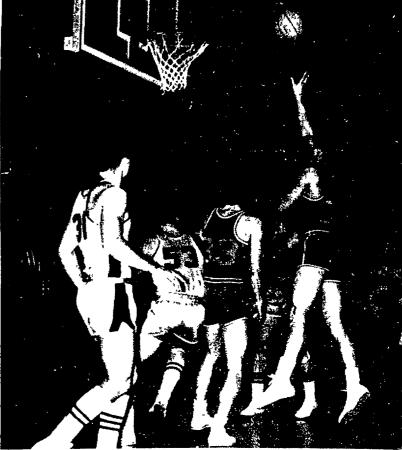

had four fouls apiece. Jeff Tay' r had three. Nirider got four in the first half, further hampering the Colt attack.

Two technicals were called because players did not raise their hands within the required three-seconds and a third was called because a player failed to hand the ball to the referee; he bounced it instead, Kucher said.

Despite the foul handicap, Northville led through three quarters. The Colts led. 34-38, at halftime and by four points entering the final quarter.

"We didn't play a good ball game," Kucher said, "We weren't ready and turned the ball over 26 times. They played good ball."

The Colts have a 4-1 record overall.

THE GENTLE TOUCH-Jim Zayti pushes the ball gently toward the basket as Glen Deibert (33) awaits the rebound. The ball arched through the net, one of the few times for Northville as Clarkston breezed to victory.

4 Lettermen Buoy College Swim Team

Four returning lettermenare among 18 candidates who answered Coach Gordon Young's first call for practice as the Schoolcraft College varsity swimming team began preparations for an 11-meet schedule starting Friday.

The lettermen bolster an otherwise young squad comprised of 12 freshmen. The monogram winners are Doug Jaskierney, Plymouth, co-captain of the 1966 team that compiled a 6-5 record; Mike Ferrell, Detroit; Lawrence J. Fitzgerald, formerly of Garden City and now living in Whitmore Lake, and David Ebstein, Livonia. Jaskierney, a jack-of-all distances,

swam in 100-, 200-, and 500-yardfreestyle events last year as well as individual medley. Lawrence, another versatile swimmer, saw service in the butterfly, back stroke, and medley e-

Young is making his debut as Schoolcraft swim coach this year. A counselor at Thurston High, the one-time Michigan State University football player was former football and wrestling coach at South Redford High, and heads the summer swim program for the South Redford school district.

Still lacking a pool of their own, the Blue and Gold swimmers will split their practice sessions between the 20-yard Northville State Hospital tank and the 25-yard pool at the Wayne County Training School. Home meets will be swum at the Stevenson High pool.

Other than the four lettermen, Young's squad roster consists of two sophomores and the dozen freshmen.

The sophomores are Bob Ryver, a diver and free style swimmer from Garden City who was not eligible last year; and George Water of Livonia, a transfer student from the University of

Michigan. The freshmen group is made up of Robert Lescoe, Darrell Knox, Mike

The young coho were raised in Michigan hatcheries and planted as four to sixinch fingerlings. Within three months, several of the fish measuring over 15 inches and weighing up to two pounds had been caught in nets in Lake Michi-By early September, anglers were catching them on hook and line in the

"adults". From Lake Michigan, at least, the Conservation Department's early expectations of five to nine pound adults appear overly conservative. The fish now show promise of coming in much larger - perhaps some even of record size. 5. Most of the two-year-old fish in this year's runs were males, as was

expected. The \$64 question in the entire introductory attempt is, of course, whether female cohos can produce fertile eggs in the Great Lakes environment. If they can, the success of the introduction is assured, according to

Having collected a ripe female coho in November and fertilized the eggs, the Department hopes to score a grand slam by hatching Michigan's first "native" salmon!

6. Efforts to revitalize the Great Lakes fishery received another boost within the last few weeks when the State Washington donated more than 1,000,000 chinook, or king salmon, eggs Michigan. Fingerling chinooks hatched from these eggs will be planted next spring in a Lake Michigan stream yet to be selected.

7. The tremendous nuisance problem of alewives glutting lakes Michigan and Huron stands to be greatly reduced if the coho and chinook salmon both become established to add to current stocks of lake trout and steelheads. The alewife, a small low-value fish, currently accounts for an estimated 90 percent of all fish, by weight, now in lakes Michigan and Huron. It is crowding out other desirable fish, such as the yellow perch and cisco. Happily, it is a natural food for both the coho and chinook.

In a nutshell, the unfolding story of success and promise suggests that fishing for both trout and salmon will continue to improve steadily during at least the next 10 years.

The Michigan Department of Conservation will continue to plant lake trout in lakes Superior and Michigan. Meanwhile, it will, with available federal aid, continue to beef up the Great Lakes fish management program in all waters.

A major program is being planned to open up new stream spawning and fishing areas. Old dams will be removed, and fish transfers and ladders will become a part of the Michigan scene. Key land areas will be acquired for public access and stream habitat protection. Whenever possible, streams will be improved for greater fish production.

On the Great Lakes, additional marinas and harbors of refuge will be added by the Waterways Commission, now a division of the Conservation Department, to accommodate the fishing fleets.

A major rebuilding of state fish hatcheries is also being planned. Not only do salmon need to be reared, but coaster brook trout and steelheads (lake-run rainbows) will be produced to step up the existing runs.

A few years in the future, the chinook offers a possibility of really superb big-game fishing.

We got outplayed all around."

percent. What's more, the Trojans from

"We couldn't make the big play

its attack, outscoring Novi by quarters, 18-5, 20-6, 13-4 and 23-8.

TINY TOTS' PARTY—These preschool children, all of whom attend the Northville Cooperative nursery school, got into the Christmas party swing December 21 with a party of their own. Held at the scout-recreation

building, the party included refreshments and a visit from Mrs. Claus (Mrs. Marge Binder), who passed out small gifts in front of the tree. The children picked out the tree on a day trip and helped to decorate it.

Police Cases Down In Novi Last Month

Of 262 complaints filed during November in Novi, only nine remained open, the monthly police report revealed.

All seven breaking and entering, three stolen car and three felonious larceny cases were closed, as were 13 incidents of malicious destruction of property. But Police Chief Lee BeGole pointed out that vandalism was on the rise

Other significant cases closed include simple larceny (4), delinquent minors (12), assault and battery (2), driving under the influence of liquor (4), traffic violations arising from citizen complaints (17), traffic investigations (15), traffic accidents (16, dog complaints (13), dog bites (3) and an accidental shooting.

Number of total cases for the month of November declined nine from last year's total of 271 complaints. During November of 1965 and 1966, 249 complaints were registered.

There was a drastic decline in the

'City' Boosters Meet Thursday

A meeting of the Novi cityhood committee will be held next Thursday evening to organize and prepare promotions calling for the incorporation of the community.

River office of C. A. Smith, the meeting will be open to all residents wishing to help promote incorporation of Novi.

Specifically, plans will be drawn up for promotional meetings in Novi homes and for programs before Novi civic and fraternal organizations.

number of traffic tickets issued (138), compared with 223 during the same month last year. 280 verbal warnings were issued however.

The drop was due to vacations, officers attending school, the number of cases requiring more extensive investigation and the fact that policemen now work a five-day week, instead of six, Chief BeGole explained.

Three officers, Gordon Nelson, George Biggs and Robert Starnes, have completed a basic police training course at Schoolcraft college. Chief Lee BeGole completed a 13-week course at Oakland university on December 13.

OBITUARY

ANTHONY JOHN UMBRICHT

Five-year-old Anthony John Umbricht, son of Mr. and Mrs. Emil and Doris (Thompson) Umbricht, died suddenly at his home on December 21.

A kindergarten pupil at Amerman elementary school, he was born August 18, 1961 in Northville. Besides his parents, he is survived by a brother, Michael and a sister, Jeannie; his maternal grandparents, Mr. and Mrs. Horace Thompson of Plymouth; and several aunts and uncles, Herman and Sherman Thompson of Plymouth, Mrs. Vincent (Evelyn) Bohannon of Athens, Tennessee, and Mrs. Iago (Violet) Cantrell of Athens. Tennessee.

Funeral services were conducted December 23 from the Casterline Funeral Home, with the Rev. S. D. Kinde of the First Methodist church of Northville officiating. Burial was in Rural Hill cemetery.

Disputes Accuracy Of Hearing Story

Dear Pen Pal

Last week's editorial is well stated that facts are essential in any decision of public interest.

You best practice what you preach inasmuch as facts on my spouses and my opinions in the Ford decision were not correctly quoted.

This decorator on the corner said he was concerned about the appearance basically, inasmuch as we have the best looking corner in this little town, since we have been occupying it. (You take note of this looks bit — and spruce up your printing hut).

The quaint charm of this town should

Hits Zoning Plan For Novi Heights

To the Editor:

Merry Christmas to the Novi Planning Board. How nice to learn 3 days before Christmas that on their own motion they are considering putting M-1 (light

She's Disgusted By Flag Misuse

To the Editor:

Having gotten to the post office early this morning, I was there when the flag was raised and I was appalled to see it carried out, all balled up, like a piece of dirty linen, and used to push open the door on the way out.

It would seem to me, that our government offices should be aware of the proper respect and handling of our nation's flag.

Perhaps some Boy Scout or a grade school youngster could come over after school and show them the way to take down and fold the flag, and the proper way to raise it.

> Sincerely Yours, Mrs. Donald Kushmaul 47131 So. Chigwidden Dr. Northville, Michigan

manufacturing) next to our homes in Novi Heights Subdivision.

This issue was already turned down by the Novi Village Council because 75% of the council was not in favor of it. The proposed amendment is virtually the one that Mr. Boscoe wishes. Why does one gentleman have so much influence? The owner of MN 401 asked for rezoning of his land before the planning board a month or two ago, and was turned down. Now his land is in the proposed amendment.

It was my belief, that a planning board is to design a plan that suits not only today, but many tomorrows. I can't believe that the Novi Planning Board is doing this, when they change their mind every month.

I am against this proposal because of my own proximity to it, but moreso, because it can not help Novi to be chewed up by spot zoning. To put some manufacturing zoning next to the railroad is one thing, to put light manufacturing next to a residential subdivision when Novi is only 10% developed is unnecessary.

As I said, Merry Christmast to the Planning Board, and I hope their new year is happy. I'm not sure mine will

> Sincerely Annie Nichols (Mrs. Neil Nichols)

be maintained and improved upon. We hope the plan will add to the appearance of the community — time will tell.

To elaborate more specifically on the appearance aspect of the plant, little time was allowed to consider a possible colonial atmosphere to the exterior of the facility. The Ford representative stated it would break his heart to build that type of architecture. Many hearts of the older residents will be broken because of progress and changes necessary in the community. However, this will be the most noticeable piece of architecture on Main street in the village. The Ole Water Wheel, we understand will remain. To visualize a colonial fascade along the entire addition is not difficult to accomplish and would certainly be an asset to the overall concept of planning of a unique colonial future. This could be a feather in Ford's cap

and a change from the ordinary modern industrial buildings. Not that

ern industrial buildings. Not that modern plants are unattractive but the overall affect in this instance could be very rewarding. We know by now that "Ford Has A Better Idea" and they could even win an award for industrial architecture by utilizing the present natural setting, etc.

Spouse Beverly was inquiring as to time element. The Ford man stated projected production schedules are through 1970. That gives us 3 good years to count on. We need the money (we have 1 down and 3 more to go with the reading, writing and arithmetic) and certainly hope the "budget boys" don't live it up to the hilt but sait a little of it away — just in case Ford says bye-bye!

Other than that - it was a very good show-w-.

Bruce & Beverly McAllister

Views Fiscal Reform

To the Editor:

Many are the areas of concern for Michigan legislators. Socio-economic problems, the result of a rapidly expanding economy, will be subject to considerable study and hoped-for action. Any list would include: traffic safety, senior citizen tax relief, water resources, pollution, highway expansion, school drop-outs, expansion of areas for vocational education, fiscal reform, and increased educational opportunities for all.

Probably no one area will receive more pro's and con's than fiscal reform. Unfortunately fiscal reform seems to be a misnomer for "tax someone else but relieve mine". In a day of increased needs in all State service areas, more funds will be needed just to stay where we are. Any

additional funds must then come from additional taxes.

Some areas in which revisions must be considered affect foods and prescription drugs, senior citizens, and property taxes. However, any new tax which brings in money which will result in no additional funds because of changes in present taxes would not provide for present or increased needs.

It is useless to attempt to "fool ourselves" that new or additional funds will be available without greatly reduced services or a tax not now levied by the State. What is wrong with an income tax? Do we go backward, stand still, or go ahead in a dynamic society? Legislators must make a decision.

Louis E. Schmidt Representative-elect

As 'Tight Money' Market Continues

Babson: '67 Home Construction to Lag

Continued from Page 1

gram, should restrain Red China from direct attack upon the United States,

4. The struggle for leadership of the Communist world camp will continue unabated throughout 1967. Full political attack will be mounted by the Kremlin against Peking. It will be touch and go, however, whether Russia can persuade her wavering satellites to sign a final manifesto reading Red China out of the Party.

5. Recent elections in West Germany have fanned the embers of nationalism into a tiny flame. This has surely thrown a scare into Russian leaders. I predict that they will take a harder line against Germany in 1967 than in some time.

6. Heavily armed with Soviet wea-

pons, the Arabs of the Middle East — squared off against Israel — present a grave threat to world peace. Nevertheless, I do not believe that Russia or the United States can afford a direct confrontation at this time; hence my forecast that the smoldering conflagration there will not erupt into World War III.

7. While all reasonable people are

hoping for a genuine peace in Vietnam, I predict that the issue will not be resolved in 1967. Though the tide of battle is swinging in our favor, we may be forced to increase our commitment in order to retain this upper hand.

8. I predict, therefore, that military

spending will be raised in 1967. This can help soften the impact of any easing in the private sector of the economy.

9. Turning now to domestic conditions, I foresee a definite deceleration in business activity in 1967. The fantastic boom is in need of a rest. Instead of the strong uptrend of recent years, I look for a high level of industrial production early in the year; but unless some new stimulus is introduced, I fear that a cresting-over pattern is likely to develop as 1967 progresses.

10. I forecast a continuation of the tug of war between inflation and deflation in 1967. Tight credit, and increased productive capacity resulting from the flood of business capital expenditures in recent years, are deflationary. However, I can see no substantial relief from the inflation in labor and other operating costs. In short, we can have "cost-push" inflation co-existing with deflation.

II. A key factor in the business and financial outlook for 1967 is taxes. With defense outlays climbing, I look for a rise in corporate and personal taxes in 1967. Moreover, I forecast that various levies at the state and local levels will continue to increase.

12. The tightening tax squeeze on all fronts will worsen as the year advances. And there will be rising complaints from both businessmen and employees that social security taxes are becoming unbearable.

13. Results of the recent elections indicate that the headlong run of the Great Society Program must take a breather along with the economy.

14. One of the primary reasons for expecting a deceleration in the economy is the likelihood that business capital expenditures may ease. Tight credit, suspension of accelerated depreciation guidelines, and suspension of the tax credit on business capital outlays will be tough obstacles to surmount

15. Except in defense industries, I look for an abrupt switch during 1967 from a business policy of inventory accumulation to one of inventory liquidation.

16. I forecast that scarcity of credit will continue to be a problem with which business must contend in the early part of 1967.

17. However, I do foresee enough of an easing in credit to permit more orderly monetary conditions. If the economic situation falters badly, money rates will, of course, move downward sharply.

18. I predict that commercial and industrial building will trend lower in 1967, reflecting the tapering off in capital outlays.

19. Mortgage money should remain scarce in 1967. Hence, residential building should see another disappointing year.

20. 1967 opens with the building of

single homes in a state of crisis. Starts are down over 40% from year-earlier levels. As a result, I forecast that the Administration will leave no stone unturned to stimulate construction of houses as soon as possible. At best, however, it may be midyear or after before this important part of our economy can contribute much strength to over-all business.

21. Although new housing starts may remain in the doldrums for most of 1967, I confidently forecast that the year will see the beginning of a great boom in the construction of new, modern nursing homes.

22. Despite President Johnson's request for cutbacks, public construction should enjoy a fairly good year; the emphasis will be on bridges, dams, and water and sewer systems.

23. The expected declines in residential building and in commercial and industrial building notwithstanding, I forecast that waterfront property will remain a good inflation hedge.

24. Labor stands at the crossroads as the new year opens. Things never looked better for nailing down record wage and fringe gains; however, neither the public nor the Congress is in any mood to tolerate long, costly, and inconvenient shutdowns. I freely predict that there is more likelihood in 1967 of restrictive labor legislation than at any time since Taft-Hartley was put on the books. Union chiefs are aware of this, and they may act with more strike restraint than most people now expect.

25. 1967 promises to be a year in which many managements will be fighting a "rearguard" action to control climbing labor costs. The defense build-up will maintain hiring pressure in

some, industries; but $_{l}$ even more activities will be wielding the paring knife.

26. I do not look for price and wage controls in 1967, unless our defense expenditures rise far above what is now contemplated.

27. An encouraging aspect of the

1967 outlook is the affluence of consumers. I forecast a further upward trend in personal incomes, due to higher wage rates. However, if taxes are raised, take-home pay may not show a rise commensurate with the gain in gross pay.

28. Retail trade held up well in 1966,

but there was a note of lethargy throughout the year. The pattern is not expected to show much change in 1967... with gains in dollar volume largely reflecting price inflation. Though consumers will have more money to spend, tight credit, high borrowing costs, and higher price levels could cause some tightening of purse strings.

29. Spending for food, apparel, and general merchandise should be greater in 1967. Also, consumers will devote a goodly portion of their spending budget for leisure activities, vacation, and travel.

30. Durable goods may not fare so well. Demand for home appliances, color TV sets, and furniture may be hampered by tight credit and high borrowing costs, plus the lethargy in new home building.

31. I forecast a decline in new auto sales. However, with the increase in the population of driving age, and with the record rate of personal income, new car sales could hold within 10% of 1966's.

1966's.

32. Soaring living costs will hit the headlines more often in 1967. Ire will be directed most strongly at runaway service expenses — especially medical

- and at advancing red meat prices. 33. Despite new highs in the cost of living, I predict there will be many signs of deflation in the midst of inflation. Chief among these will be sliding profits, rising bankruptcies and foreclosures.

34. Industrial commodity prices should be firm to slightly higher. Selective price markups will be necessary to offset wage hikes.

35. Profits began to wobble in the final half of 1966. I am convinced that hesitancy will give way to decline during the year ahead. Big squeeze on margins will come from soaring costs, especially labor.

36. But profits results will also vary widely from one company and one industry to another, as sales volumes sag, hold, or advance.

37. The combination of less vigorous business, pinched profit margins, and stringent credit conditions points to an increase in business failures, shaking out the financially weak and inefficient.

38. Collections may be more difficult in 1967 on business accounts, consumer installment and charge accounts. and mortgage debt. I forecast a further rise in nonfarm real estate foreclosures.

39. Barring crop failures, I forecast another goodfarm production year. Farm prices should rule firm to slightly higher in 1967, but higher costs may result in a slight drop in net realized farm income.

40. Nevertheless, farm equipment manufacturers should enjoy good business. Sales of fertilizers and insecticides should post gains.

41. 1967's stock market promises to be one of vicious selectivity. I am expecting the old aristocracy of the blue chips based on past performance to be replaced by a new aristocracy of superable management based upon hopes of good future performance.

42. I forecast, however, that 1967 will still hold many dangers for the speculator. I urge readers not to borrow money to buy stocks, and I urge investors to buy for growth and basic investment values.

43. The safest kind of long-term bonds are available now at prices affording very close to the highest income returns of the century.

44. World opinion on the future price

of gold has blown hot and cold many times in recent years. Though lately in the shade, I predict that gold will again be in the spotlight before 1967 is out. 45. I forecast that the dollar will

will continue shaky.

46. Certainly, Congress will become more and more critical of the looting going on under cover of the Adminis-

not be devalued in 1967, but the pound

tration's War on Poverty.

47. As 1967 wears along, the high hopes for more constructive conservative action by the 90th Congress will give way to increased doubts as a legislative stalemate develops. Republicans will have enough strength to stop the most liberal Administration bills, but not enough to launch a program of their

48. There will be a lot of talk in 1967 about the economy's "still growing". But I warn readers to examine carefully the advance in Gross National Product which I am forecasting here. Biggest part of the increase will come from higher prices and wages.

49. I foresee that a breathing spell in the economy can prove helpful. The prolonged prosperity has bred waste, laxness, and inefficiency.

50. As the economy cools off in 1967, readers should beware of reassurances that our problems are only temporary and will soon be followed by a decade of boom conditions. The promised land may be only across the river, but it is always wise to test the depth of the water before wading in. That is behind my forecast that 1967 will be a good year for businessmen and investors to have strong confidence for the future, but to proceed with caution and restraint until the uncertainties just ahead have been resolved.

Meet Your Policemen

Roger J. Beukema

A native of Pontiac, he graduated from Plymouth high school and attended Los Angeles City College for one year. He joined the Northville police department six months ago.

Prior to coming to Northville, Beukema worked for the Los Angeles County Sheriff's Department and the city of Plymouth police department.

His professional police education includes a 16-week academy program with the sheriff's department in Los Angeles and nine weeks of schooling with the Southeastern Michigan associ-

ation of Chiefs of Police.

He and his wife, Patricia, have no children.

Lawrence E. Towne

Joined the Northville police department six months ago. His previous employer was C. R. Ely & Sons of Northville.

Towne, 27, served eight years with the United States Marine Corps, four years with military police units. He was discharged with the rank of sergeant.

Born in Indianapolis, Indiana, he attended Junior Officers school at Camp Pendleton, California, and for nine weeks he attended the Southeastern Police Chiefs association school for police officers at Royal Oak.

He and his wife, Jacqueline, have four children, Bruce Alan, 6, Mark Aaron 5, Jon Eric 4, and Minda Lynn 2.

from the PASTOR'S STUDY

The word for "scapegoat" appears

only in the sixteenth chapter of Levit-

icus. The scapegoat was one of the two

goats used in the sin-offering by Israel on the great day of atonement. Aaron,

the high priest, was to take two he-goats

and cast lots upon them... "one lot for

the LORD, and the other lot for the scapegoat." (Lev. 16:8) The goat upon

which the LORD'S lot fell was to be of-

fered for a sin-offering. But the goat to

which the other lot fell, Aaron was to

present alive before the LORD 'to make

atonement with him, and to let him go for a scapegoat into the wilderness."

Although there are diversities of opin-

ion for the meaning of the scapegoat, it

is quite commonly agreed that the offer-

irg of the two goats was constituted one

offering, and that the offering of the scapegoat was a symbol of the expiation What all this means to us today is

that Christ fulfilled the one sin-offering of the two goats. When He was crucified He not only bore our sins, but took them away. "Behold, the Lamb of God, which taketh away the sin of the world." (John 1:29) God made His beloved Son the Scapegoat for our sins. Only a God of love for a sinful world could make such a provision. We acquire this provision by placing our faith in the Person, Jesus Christ. He is the Scapegoat for us to escape Hell. Do you have the God-provided Scapegoat to take away your sin?

Students to Present First Methodist Service

Student Recognition Day will be observed Sunday, January 1, at the First Methodist Church of Northville, Sunday School will meet at 9:45. The two worship services will be combined into one service at 11:00 a.m.

The call to worship will be led by Miss Jill Rockafellow of Schoolcraft college; the responsive reading led by Allen Jones of the University of Michigan; the scripture lesson readby David Orphan of the U. of M.; prayer by Miss Bonnye Belle Bradford, a Michigan State university student.

High school students will be seated in the choir loft. The soloist will be Don Valentine.

director of Music. Northville high school.

The guest minister will be the Rev. Grant Wessel of Flint, director of foren-

E.U.B. WILLOWBROOK

COMMUNITY CHURCH On Wednesday, December 28 the youth fellowship attended the Youth Rally in Ypsilanti.

Rev. Flessner, conference director of stewards, will be directing the stewardship enlistment program at Willowbrook Community church during the month of January. The first week of January is Bible week with special emphasis on study of the scriptures. The first week of January is also universal week of prayer.

The regular WSWS meeting scheduled for January 2 has been canceled because of the holiday.

Holy Communion will be celebrated on Sunday January 8.

NOVI METHODIST CHURCH

The regular Sunday morning service will be held at 9:30; church school at 10:45, Wesley choir practice at 11:00 and adult choir rehearsal at 7:30 Wednesday at the church.

The nominating committee met Tues-

day from 7 to 9 in the church. The Wesley choir and adult choir combined and went caroling Friday evening. After caroling, the WSCS served coffee and doughnuts to the carolers numbéring 27.

-The-Wesley choir sang at-the services Christmas morning, Choir practice for next week has been canceled.

HOLY CROSS EPISCOPAL MISSION

After weeks of hard work the parishioners of Holy Cross Church held its first service in the new church on Ten Mile road at 7:30 Christmas Eve.

Church services were also held in the church at 11 o'clock Christmas Day with Rev. Fricke in the pulpit.

Rev. C. B. W. Maddock of St. Paul Memorial Episcopal Church in Detroit has been transferred from Grace hospital to Ford's Hospital.

NOVI BAPTIST CHURCH

Last Saturday night a group from the Novi Baptist church went to the Billy

Spot Burglars; They Escape

A Novi couple returning home from shopping surprised burglars who ran out the door and fled into adjacent

About \$8 in change was stolen from the home of Mr. and Mrs. Vern La-Vassaur of 21399 Beck road, it was reported. The house was ransacked, police said.

LaVassaur chased the thieves with gun, but they escaped, Novi police reported. "The size of two sets of foot prints found in the snow," Police Chief Lee BeGole said, "indicated the burglars were teenagers."

BeGole advised home owners to leave a light on when absent from home. "Be aware of thieves who knock on doors to check to see if anyone is home," BeGole added.

Use Our Fast Working Want Ads

THE WIFE'S CAR

Most everyone has heard about the mythical "little old lady" who lived mostly in the imagination of used car salesmen. According to legend, she never drove her car (the one they

According to legend, she never drove her car (the one they were selling) more than 30 miles per hour. And only on short trips, attending church functions and the like.

This sales approach is guaranteed not to work on mechanics, who know from experience this kind of driving is hardest of all on a cor. It is unfortunate, but most cars get more short-trip, cold engine driving than distance highway trips.

In two car familles, the wife's car is the short-trip one.

A cold engine develops tremendous moisture (five quarts of WATER to every gailon of gas) from condensing air sucked in through the carburetor. This is the cause of muffler rusting.

Unburned fuel from rich starting mixtures forms crankcase acid. The acid corrodes

pistons, rings and bearings causing an engine to burn oil years before its time. The remedy is frequent oil changes — never less than once a month in Winter regardless of mileage and every two months in Summer.

It tokes ten miles of driving to replace the energy used in one starting. Occasionally, give your car a 30-minute drive at high speeds to recharge the battery and help the engine clean itself. That plus regular simple maintenance, will make your car last langer.

Walker Rally and won the Bible that was givento the church having the largest group. Plans are being made to attend the January Jubilee featuring the Harold Smith Majestic Singers and Clayton Erb on January 21 at 7:30 p.m. at Davison High Auditorium.

Special music at the Christmas morning service included a solo by Mrs. Charles Stewart and in the evening carol singing led by Dave Clark. Other special music included a vocal solo by Glenda Diem accompanied by Sue Presnell and a solo by Alice Sinden. The film, "Glory to God in the Highest," was shown.

Watch Night Service will begin at 10:00 with a film, fun and fellowship followed by prayer at midnight with the theme being "Thy Vows are upon me O

A progressive dinner was held by the

Senior Hi Young people on Friday night. They met at the church and then went to the home of Mr. and Mrs. Loreng for appetizers, to the home of Mrs. Diem for salad and to the home of Mrs. Springfield for spaghetti then to the church for ice cream. This wasfollowed by a scavenger hunt after which they returned to the church for devotions led by Jay Warren, a Bible College student.

NOVI REBEKAHS Full degree team practice will be

held at the hall on Thursday, January 5. The Independent Rebekah club will meet on Monday, January 9 with Mrs. George Atkinson and Mrs. Frances Denton as hostesses. The new officers of the Independent club are Blanche Clutz, president, Rowena Salow, vice president; Frances Denton, secretary,

The next regular meeting will be at the hall Thursday, January 12.

Installation practice will be held at the community building January 13. Installation of the new Rebekah officers will be held on Saturday, January 14 at the Novi Community building. CUB SCOUT NEWS

Novi Cub Scouts had their monthly pack meeting and Christmas party Thursday evening December 22 at the Community building with approximately 125 adults and scouts present.

A skit was put on by Den 4 and the flag ceremony by Den 10. Den 5 made tooth pick Christmas trees and made favors for the convalescent home. They all sang carols and were treated to punch and cookies. Each scout gave 25¢ towards the purchase of a toboggan for the Methodist's Children's Home.

Bear Badge awards were given to Fred Fisher and Larry Brownlee.

The Rebekahs, sponsoring institution gave each Cub Scout a Christmas candy cane.

Mr. and Mrs. William Boyd of Somerville, Massachusetts are the parents of a son born December 24. Mrs. Boyd is the former Roberta Kirkwood. The maternal grandparents are Mr. and Mrs. Robert Kirkwood and the paternal grandparents are Mr. and Mrs. Lawrence Boyd of Novi.

William Boyd was admitted to the Michigan Bar Association this December at the same time Anthony Pollizzi was also admitted to the Michigan bar association. Mrs. Pollizzi is the former Bonnie Kirkwood, daughter of the Rohart Wirkwoods of Novi.

These Events Made Headlines in '66

JANUARY

In Northville ...

...E. O. Weber was appointed to the Northville board of education to fill the unexpired term of Edward F. Angove. who died a month earlier. Weber had lost a re-election bid in June, 1965, to Donald B. Lawrence.

...A \$20 million development of more than 800 homes was announced by the Thompson Brown company on some 340 acres of property on both sides of Six Mile road near Brad-

Richard Juday, flanked by sons Steve (left) and Jim, recovered from a heart attack in time for the football banquet honoring Steve in January.

...A drive to sell \$40,000 worth of 15-year debentures yielding six percent interest was launched by the Northville Area Economic Development corporation.

... More than 300 friends and relatives attended a banquet honoring Northville's All-American Steve Juday, MSU star quarterback. Juday, who told the audience that the tribute was his "greatest thrill", received tributes and awards from the Governor, State Legislature, American Legion, City of Northville and his former high school coaches.

..Traffic stopped suddenly on Northville road when a freak train derailment plunged two loaded boxcars down an overhead trestle onto the roadway andadjacent embankment. completely sealing off the underpass.

... The bouncing ball stopped. A new superintendent of schools was hired. Thomas Dale, superintendent at Kingston, was appointed to the position, which earlier had been accepted and then later rejected by Robert Young.

...David Fried resigned his seat on the Novi board of education because he moved to Bloomfield Hills. Fried had been a member of the board for five years, most of which were marked by stormy sessions.

...Novi planners shelved a revised rezoning request entered by Charles Lapham of Northville for commercial and industrial designations for a Novi road site.

In Wixom...

... The new Wixom branch of the Birmingham-Bloomfield Bank was officially opened on Wixom road.

... Herbert Abrams, Wixom postmaster since October 1. 1946, closed out his 37-year postal career by retiring. ... Charter changes that could raise the mayor's salary from \$150 to \$2,400 annually were being considered.

... Construction began on the new headquarters of Acromag Incorporated, which at the time was located in Redford. The plant was being built on 16 acres of property on Wixon, road.

News About Schoolcraft

Three films from France, and one each from Austria, England, Italy, and Russia have been scheduled for the Schoolcraft college winter semester film series starting Friday, Jan. 27.

In announcing the schedule, Wayne Dunlap, chairman of the college's humanities division, reminded Schoolcraft district residents that each film will have two performances and that the public is admitted without charge.

Performances are scheduled for 2 p.m. and 8 p.m. in the amphitheater in the Forum building.

The series opens on January 27 with the 1961 French film, "Cleo from 5 to 7," the story of 90 minutes in the life of a beautiful young girl faced with the possibility of an incurable cancer.

Other films in the series are: -

February 3 - "The Good Soldier Schwiek," 1961 Austrian satire on war, based on the post-World War I satirical Czech novel by Jaroslav Hasek.

February 17 - "Forbidden Games." A five-yearòld war-orphaned girlanda young boy become playmates in an unconventional game of their own making; the building of a cemetery for dead pets and insects. French, 1952.

March 3 - "Rififi." A French film classic of 1956 this is the story of a carefully planned, brilliantly executed jewel robbery.

March 17 - "Kind Hearts and Coronets," the 1949 English comedy which did much to establish the reputation of Alec Guinness, who portrays eight characters, each murdered in a different way.

March 31 - "Ballad of a Soldier." A modern Russian film classic, it is the story of a peasant soldier's sentimental journey to his home during a wartime leave.
April 14 - "The Bicycle

Thief." Vittorio de Sica's postwar masterpiece struck the film world with the impact of an A-bomb. Few films of the past 20 years have matched it for critical or popular acclaim. ********

Johannes (Joop) Doorn, who led the Schoolcraft College soccer team to an undefeated season last fall, has become the college's first All-American athlete.

The National Junior College Athletic Assn. picked the 19-year-old freshman for one of the forward cpots on its second-team All-American. The selection was announced by George E. Killian, editor of the Juco Review, NJCAA official publication.

A native of The Netherlands, the 6-2 foot, 173 pound former Livonia Franklin high athlete scored in every game as the Blue and Gold swept through eight opponents in its first year of intercollegiate competition in the sport.

These Events Made Headlines in '66

Continued from Page 4

things a new high school and two new 20-room elementary schools

.Bids for the new high school addition in Novi came in

nearly \$75,000 under architectural estimates. ...A dash across Eight Mile road ended in disaster when an eight-year-old Novi boy, Jeffrey Peapples, was struck and killed by a car.

...Shortage of council members forced adjournment of both a public hearing and the regular Wixom council meeting. ...The Wixom police department played a key role in

breaking up a "hot car" ring. Of the 35 stolen cars, 10 of them were taken from the parking lot of the Ford Plant in Wixom, Six suspected were arrested.

NOVEMBER

In Northville...

... Traditional Republican majorities prevailed in Northville township with Incumbent Supervisor R. D. Merriam turning back Democrat Joseph Fiorilli, 784-495, and Mrs. Crispen Hammond, GOP candidate for clerk, downing Democrat Mrs. Eugene Guido, 890-356.

..Reconstruction of a short stretch of Base Line road at the eastern limits of the city and acquisition of right-ofway property on Sheldon road were included in the Wayne county road department's 1966-67 budget.

...A poll taken at the Northville junior high school P-TA open house revealed that the majority of parents attending preferred mixed dancing partles only at the senior high school level.

...Razing of the old John Mach Ford agency building on Main street was begun, making way for a city parking lot.

A seven-year-old Detroit youth drowned in June in Walled Lake.

... Harold S. Hartley, a cabinet maker who used the music of Bach and other masters as the catalyst in writing thousands of poems, died suddenly of a heart attack.

...The heaviest early snowfall in history blanketed the area but within days had nearly disappeared.

...Both legs of a 36-year-old Detroit man were amputated just below the knee following an accident in which a nine and one-half ton "I" beam fell on him at Paragon Bridge and Steel, Inc.

...R. J. Alexander, superintendent of the Oakland county department of public works, predicted that Wixom's proposed sewer system would be fully operative within 15 months.

...Someone stole a prize Thanksgiving turkey, which was to be given away by Aunt Jemima's Kitchen restaurant on Wixom road. The 35-pound bird was taken from its cage.

... A 48-year-old Farmington man was killed in what appeared to be a hit-and-run accident on a barren stretch of Napier road between 12 Mile and Grand River.

DECEMBER

In Northville ...

...The large two-story house sold by the city to a lone bidder for \$115 started a lengthy trip from its original site at 122 East Dunlap across town to a new location on Rogers near Dunlap. It sparked plenty of criticism of homeowners, who complained of having trees damaged or removed and blocking of traffic during movement.

...A subdivision study plan providing for 345 homes on the south side of Six Mile road adjacent to Bradner was introduced to the township planning commission.

... Approval for rezoning of 19 acres on Five Mile road from single family residential to multiple dwelling classification was handed down by the township board.

...Ken Conley, a man whose name had become synonomous with the Northville Recreation department, submitted his resignation effective December 31.

...Lynn Susan Tiilikka was crowned Northville's Junior Miss queen in the first annual contest of its kind conducted by the Northville Jaycees.

... Because the low general contracting bid for the high school addition did not meet all of the specifications laid

PARA CONLISION

by 12 Noon, Friday, January 6th.

down by the architect, the board of education decided to readvertise for bids.

... The school board also scrapped its revised application for ownership of the Fish Hatchery property and decided to seek ownership under its original application, which calls for the facility to be used for classroom work and recreational purposes.

... A one-million dollar addition to the Ford Motor company's Northville Valve Plant was given the go ahead by the board of appeals, which granted permission for a variance in the city's building code.

In Novi...

...A policy governing student conduct - which authorizes the use of corporal punishment (spanking) - was approved by the Novi board of education by a 4-1 vote.

...On the heels of a decision by an Oakland county circuit court judge that Novi need not meet a statutory 'population requirement of 500 people per square mile,' the village council set April 4 as the day residents will vote on the city incorporation question.

...Flames charred the second story of the Charles Cherry machine shop and water damaged machinery on the first floor during a three-alarm fire on Grand River near Novi road.

Legislative Bills have Many Lives

Lansing - Michigan citizens can see the beginning of a legislative session which promises to be very interesting for those who understand the procedure.

To the unitiated, however, the myriad activities which attend the lawmaking process can be very confusing. Newspaper accounts can easily give the impression a bill is dead when actually it can be revived in numerous ways.

By law, the Michigan legislative session starts each year at noon the second Wednesday of January. Proposed laws are known as 'bills' from the time they are introduced until they have been passed by both houses and been considered by the Governor, when they become "laws" unless turned down by the chief executive.

Between introduction and final approval, the bill is designated by number and/or title. It is read a first and second title, usually by title only, when it is formally introduced.

At this time it is referred to a committee for study. If approved by the committee; it is brought back to the membership of the house where it was introduced. Debate follows, first informal and then the "third reading" or formal stage.

If a, bill passes by recorded vote after third reading, it goes to the second house for the same procedure of committee consideration and floor debate and vote and is sent to the

Confusion can arise if a bill fails in either house. It can be re-referred

to committee and brought out again at a later date in the session, or it can be reconsidered for an additional

RECENT EMPHASIS in education is to provide high school learning for every child and advanced training to all who desire it.

Vast programs of financial aid, in forms of scholarships and loans, were established in an attempt to assure

Result of this trend has been almost astronomical growth of both public and private colleges and universities in terms of physical expansion and enrollment hikes.

Now comes a Michigan State University spokesman with considerable rank urging thought to the idea that colleges are being taxed for education to the point of diminishing re-

MSU has seen its enrollment more than double in the past 15 years. Its faculty has grown from 900 to more than 1,900 in the same period. Graduate student enrollments have nearly tripled. The campus has developed into a small city, requiring bus service to transport students from dorms to classrooms.

Dr. Howard R. Neville, MSU provost, is not offering a firm plan for slowing down future growth of the institution. He is simply offering ideas to be considered.

Beginning

New Year

With hopes held

high, we begin this

year, promising our

faithful customers

they justly

"THE QUESTION now arises: Might we best serve our land and time now by developing and emphasizing quality in every branch of our undertaking?"

Without management of size in line with available resources, Neville contends the university cannot meet its obligations to the students it seeks to

Expansion of programs has been nearly as extensive in the past 15 years as the enrollment and staff levels. Neville suggests it is time to level off this area of expansion also.

In short, Neville suggests it is time for MSU to consider the essential question of whether it is as good as

"Pairings" will soon be made for one of the oldest traditions in the 14year history of Michigan Week: the Mayors' Exchange. Held each year on the Monday of

the annual brag week, the exchange of local executives gives the individuals involved just a brief look at each others problems.

The past several years nearly 500 communities have taken part in the exchange. A similar number is expected for the 1967 observance the third week in May.

Monday of Michigan Week is designated as "Our Government Day," when various departments of government at all levels hold open houses and special recognition is given to public officials.

For several years, participating communities have been given the option of being exchanged in population classifications or in a general grouping.

Plans are made early for the ex-

changes so that participating towns know who their guest will be and committees and the citizenry can give a royal welcome to the visiting dignitary from another Michigan community.

SPEAKING

for The Record

The city of Northville is wasting little time in getting down to serious business in the New Year.

Next Tuesday evening the planning commission will hold a public hearing to consider central business district and central business parking zoning.

The subject is not a new one; CBD and CBP zoning were officially adopted as classifications more than a year ago. But specific application of the zones has never been made.

CBD zoning is proposed for a five acre section in the heart of the business district. It would permit general commercial business activity.

CBP zoning is proposed for a 15acre area completely surrounding the CBD section. It would extend north to Dunlap, south to the track area, east to Wing street and west to Hutton.

The five-acre business section roughly forms a vertical rectangle with its western border parallel to the Main street entrance to the parking lot behind the First Methodist church. It extends northward through the Cloverdale Dairy building and south to existing track parking on Center street. The eastern border of the CBD area is ragged jutting as far east as the theater and the central parking lot on Main

CBD zoning, which would replace existing C-2 and some R-3 (residential) zoning, is more permissive as far as types of business activity allowed than C-2. It permits a wide variety of commercial enterprises and allied seryices, thus fostering an advantage of small-town business centers over shopping centers.

Quite naturally, merchants and business district landfords are deeply concerned over the proposed rezoning. They have most to gain or lose by the success or failure of the plan.

It's doubtful that planners will take any action at the hearing. Too many questions, arguments and proposed revisions are certain to be heard. When a decision is reached, it will be in the form of a recommendation to the city council which must then call a second public hearing and decide whether to officially accept, reject or revise the

As a matter of information, which might prove helpful to those planning to attend next week's hearing, the following data was acquired from Planning Commission Chairman George Zerbel. Naturally, it defends as it outlines the proposal, but it may also clear up some misunderstandings.

--Presently, all business property is zoned C-1, C-2 or C-3. The change is being recommended because studies have shown that many of the provisions of these classifications are inadequate to meet present and future needs of a prosperous central business district.

-- Tuesday's hearing is not a meeting to determine whether or not there should be a shopping mall in the CBD. The planning commission's recently completed comprehensive plan and report indicates that in order to properly service the needs of the community between now and 1985, approximately 20 acres of land will be needed in the central business district - divided so that five acres are reserved for buildings and 15 acres for parking, walks and drives. The proposed CBD-CBP zoning would provide shopping surrounded by convenient parking.

-- The CBD-CBP zoning will provide a plan for developers; it will serve as a guide for the Municipal Parking Authority in providing necessary land for parking needs; it will permit organizations such as the Chamber of Commerce and the Northville Area Economic Development Corporation to actively solicit new and badly needed businesses; it will result in more business for present merchants, and will benefit the community at large through convenience and a larger tax base.

--It is the opinion of planners and professional consultants that the rezoning will not decrease, but rather increase property values as the area develops. This applies to land slated for CBP as well as CBD zoning.

--While residential use is not permitted either under CBD or CBP zoning, such use may be continued as long it exists at the time of rezoning. The property can be continued to be used for residential purposes by the present owners or subsequent purchasers of the

Planners, who have spent more than three years studying a master plan for our community, are convinced that the time for rezoning is now. They point out that it gives "teeth" to enforcement and will enable proper development of the business district. They believe their plan will head-off the development of a new commercial area on the community's borders which could lead to the deterioration of the city's central business district.

Tuesday night the voice of the public will be heard. And planners welcome reaction. They're hopeful that some voices may ring in support of the plan.

My 'either or' New Year's resolutions:

I will either insist that the church carry an insurance policy on my life when I next canvassfellow members for funds ... or I'll simply knock, toss in a box of envelopes and run,

Either the school board will discontinue its secret meetings ... or I will continue to wonder if its private jokes are better than its public ones. I shall either refuse to put a zip code

number on my letters ... or insist that the Postmaster General send me his wife's measurements.

Either the next door neighbor shall quit complaining about the appearance of my lawn ... or I will send an army of crabgrass over to moonlight.

I shall insist that either my youngest son give up his ragged blanket ... or I will drag along a comforter when I next take my wife out to dinner.

Either the Northville township board will take the Moraine annexation question off the top of the table ... or I'll begin suspecting what goes on beneath

I will either refuse to put together another one of those simple "assembly toys' ... or send the manufacturer a

time-bomb kit. Either the United States Army will send me my 1954 discharge papers posthaste ... or I'll re-enlist and give the

Viet Cong the advantage. I will either insist that my children get better report cards at the next marking period ... or I will vote 'no' on that next proposition.

Either the road department will patch up the holes out front ... or I will not tell them about the grader I saw disappearing into one of the cracks. I will either wear my seat belt every day ... or ask the court to take you off the road.

Either Novi village and township officials will begin working for the betterment of a single community ... or I will write the obituary of both towns.

I will either fix the drip in the bathroom sink, paint the eaves, clean out the

think up a new batch of excuses. Either Governor Romney will declare his intentions soon ... or I will lose another bet.

garage and prune the rose bushes ... or

Either Police Chief Lee BeGole will continue to give me slices of bologna ... or I'll simply have nothing to write about and starve.

I will either catch more fish, play better golf, shoot finer pool ... or I will cheat.

And either I shall disregard all New Year's Resolutions ... or postpone them until 1968.

It's anybody's guesshow it all began. Some say it began in a stable in Chicago when an irate milkman punted Mrs. O'Leary's lantern. Or did it start with the Pilgrims, who, itching for sport yet short on worldly goods, unflinchingly kicked a rock around for fun?

Whatever its origin, football has snowballed. At one time, the sport was strictly a Saturday affair. Sunday was a day of rest reserved for the Lord. And the season was confined to three months, September through November.

New Years day became the highlight of the season. College powerhouses faced each other just for the sheer fun of flexing their muscles. Avid followers whetted their appetites for 45 days after the end of the regular season, waiting for the grand bowl busts that rangin the

No longer. With ever increasing momentum, football has inchedinto everyone's life, primarily through the expansion of television; it has burgeoned into the national past time with millions upon millions of people watching King Football for six months of the year, August through January.

The merry-go-round of games, both professional and college, being played before, during and after the holiday season are typical of the mania now gripping the nation. Untangling this season's fare of post season football games would short circuit the most sophisticated computer, aside from driving the most erudite football fan out of his grid mind.

There's the Blue-Grey, the North-South and the East-West games, the Cotton, Rose, Gator, Sun, Liberty, Orange, Sugar and ad infinitum bowls, the AFL and NFL playoffs, the AFL and NFL all-star games and the baby and grandest spectacle of them all, the Super Bowl, pitting the best of the AFL against the NFL elite in the grudge battle of the century.

The pattern is indelibly clear. Football will soon pervade every corner of the earth. Life, in fact, will become a game of football, a thing of internation-

By stretching our imaginative wings and taking a look into the future, perhaps we can grasp the implications of today's developments. The scene is the White House.

Mr. President. Mr. President. Please, Mr. President. It's urgent. Quiet, Vince. You ought to know better than to interrupt while I'm watching a football game. Air Force is beating Navy, 332 ships to only 29 planes. Our stragegy is working.

But, Mr. Roselle, it's the hot line from Moscow. The Russians are upset. Well, just don't stand there. Who beat 'em?

China. How?

They blitzed with an aerial attack. Spread formation of some sort, Mr. President. They dropped a new hydro-

The score, man, the score. What was the score?

I don't know. Mr. President. But reports say it was a holocaust. Russia was taken completely by surprise. Lombardi, you're getting senile.

You're slipping. Shape up or you'll lose your job as secretary of state. Then it's down to the Packers for more training. It took you long enough to get to the big time up here. I'm trying my best, Mr. Rozelle. Oh, yes, Jackie Kennedy just called.

She said she wouldn't be able to make it for today's game. She's reading a book, something about The Death of a President. Look at Navy, Vince. They're com-

ing back. Look at that prevent defense. The whole fleet's using anti-aircraft missiles. Air Force can't defend against that. What a game. Convey my personal congratulations to the secretary of de-

Mr. President, Mr. President, here comes your wife.

What do you want?

It's time to eat, dear. Maybe Vince would like to join us with the rest of the cabinet. We're having fried footballs and gravy, served on a hot gridiron.

What's for dessert?

Your favorite. Chocolate coated bubble gum. And the cabinet has promised to give you the pictures of the football players.

I only need one card to win. Which one, dear?

Mao Tse Tung, the guy who perfected the take-over by subversion. (They get up and walk toward the dining hall. The president has a portable TV in hand.) You know, I really admire that guy. Did you happen to hear the score of China's victory over Rus-

No, dear, but we're scheduled to play the Chinese next.
