Land First, Then Buildings

City Council Approves Reassessment Program

Land and building valuations in the city of Northville will be updated this year.

The action was recommended by City Manager Frank Ollendorff and unanimously adopted by the city council Monday night.

Manager Ollendorff told the council that the recommendation was prompted by information gained from county tax officials that the city's equalization factor would jump from 1.29 to 1.43 next year unless valuations were upgraded.

A two-step program was outlined by the manager:

- 1 -- Immediate appraisal of all land;
- 2 -- A summer program to reassess all buildings.

Ollendorff pointed out that to reduce the equalization factor for next winter's school and county taxes the new assessments would have to be recorded in advance of the board of review hearings in March.

To accomplish a complete reassessment program before March would be impossible, he noted. Therefore, he suggested to the council that all land, both developed and undeveloped, be reappraised. This, he said, could be completed by mid-February so that property owners could be notified at least two weeks before the March 14 and 28 review board meetings.

Officials from both Wayne and Oakland counties have promised to cooperate in the reassessment program, Manager Ollendorff stated. One of the objectives of the program will be to reduce differences in assessments between the Wayne and Oakland county portions of the city.

Chiefly, however, the reason for undertaking reassessment of property is to provide equity among all taxpayers.

Threat of a factor increase magnifies the inequities. Simply stated, if all property owners are not assessed on the same standard the equalization factor — which is multiplied against assessed valuations to determine the "equalized valuation" for the purpose of levying school and county millage — penalizes certain property owners more than others.

The ideal objective is assessment at the state-required level of 50 per cent, thereby removing the equalization factor entirely.

Councilmembers know this and have set this as their objective for next year.

Manager Ollendorff explained that county officials have said that city land assessments are relatively lower than building assessments. He proposes to bring all land assessments to 40 per cent of market value immediately. This, he reported, would be approximately the present level of buildings.

This summer buildings will be reassessed at the 50 per cent level and that time land will also be raised from 40 to 50 per cent. Such a program — under county direction — should result in elimination of the equalization factor

for the tax year of 1968-69.

Because city (summer) taxes have always been levied against local assessments (not state equalized valuations), the raising of assessments to the 50 per cent level will result in a reduction in the city millage levy.

Presently, the city levies 12.5 mills against valuations that range from 20 to 40 per cent of market value. A hike to 50 per cent of market value should result in a lower city millage rate.

Councilman John Canterbury pointed

this out in supporting the manager's request for reassessment.

"Many residents oppose doing anything (reassessing). It's important that we have public understanding on what we are trying to do," said Councilman Del Black.

Mayor A. M. Allen expressed concern that city taxpayers might be burdened with heavier school taxes than other tax areas outside the city but within the school district because of the reassessment. Manager Ollendorff pointed out that each specific area is examined separately by county and state authorities and different equalization factors assigned depending upon each assessing procedure used.

State law now requires that all taxes are levied against assessments based upon 50 per cent of market value.

Manager Ollendorff and City Assessor Harold Penn will undertake the reassessment of land immediately. The manager said he would hire at least one competent real estate agent to assist in the program. He said county experts had also promised assistance.

The summer program of building reassessment would require more help.

The city last undertook a complete reassessment of land and buildings in 1957. Township property was reappraised five years ago. Township Supervisor R. J. Merriam said the township has no immediate plans to reappraise, although the subject has been discussed by the board.

Clarke, Hoffman Draw Appointments

Two job assignments were made by the city council Monday night and the recipients were A. R. Clarke, Manufacturers National Bank vice president, and Jack Hoffman, Record managing editor.

Clarke was tapped by the council to determine what action should be taken on recognition of the proposed centennial celebration. Although Northville celebrated its founding centennial in 1927, it has been pointed out that 1967 is the 100th anniversary of its incorporation as a village.

The council has asked Clarke to discuss the matter with interest groups and individuals and decide if a celebration should be attempted this year.

Hoffman was named by the council to chairman the annual Michigan Week observance in May.

Novi Gets Sewer Grant

Hope had all but died Tuesday when United States Senator Philip Hart's office announced that \$1 million has been reserved for construction of the joint city of Walled Lake-Novu village sewer disposal system.

Because of the flood of applications for federal funds, admittedly in short supply, officials of both communities had just about ruled out the prospect

of securing any portion of their request for \$1.7 million in aid. But then the Housing and Urban Development Commission took action.

Construction of the \$4.36 million sewage system will thus begin this year, barring the unforeseen. The project was set in motion some five years ago, but has suffered intermittent delays.

Cavern Dance Boosts March of Dimes Drive

The Northville March of Dimes' campaign received its first major contribution this week and it came from The Cavern, Northville's Teen Club.

A benefit dance staged Saturday night at the high school gymnasium netted \$100 for the Dimes' campaign. Actually, the dance attracted more than 200 youngsters and grossed nearly \$300. After expenses for disc jockeys and the band the club's profit amounted to \$100, which was turned over to John Steimel, March of Dimes chairman.

Cavern members working on the dance project included Dave Karrer, entertainment chairman; Robin Armstrong, publicity; Kris Boor, refreshments; Jane Forrer, chaperones and police; Sandy Northrup, decorations; and officers, Bob Collacott, president; Stacey Evans, secretary; Kris Wistert, corresponding secretary; and Robin Moon, treasurer.

Meanwhile, Mothers March Chairman Mrs. Hiram Pacific announced that she had appointed the remaining captain for the upcoming house-to-house canvass.

Joining those already named to captain solicitations in the Northville area is Mrs. C. W. Fountain, 39701 Haggerly court. Other captains include Mesdames Walter Carter, Warren Stoddard,

W. R. Flaherty, Richard Rusche, James Tellam, Lulu Wilt, Stuart Campbell, Donald Van Ingen, William Kleinsorge, Lloyd Phillips, Bernard Baldwin, Richard Booms, Calvin Chen and Charles George.

The official Mothers March date is

Tuesday, January 31. However, collections locally will begin the preceding Friday, January 27, according to Mrs. Pacific.

Campaign funds will be used to combat birth defects — the second-greatest killer in the United States.

CAVERN CONTRIBUTION—Robin Moon, treasurer for The Cavern teen club, turns over a check for \$100 to John Steimel, March of

Dimes chairman. The teen club contributed its proceeds from Saturday night's dance to the local campaign.

IT'S OFFICIAL—Wallace Nichols became a full-fledged member of the Northville city council Monday night. He's shown above being sworn in by Clerk Martha Milne while fellow council members wait for him to join them at the table. Nichols was named last week by the council to succeed Councilman Fred Kester, who will soon move from the community.

\$5,000 Lower

New Bids Save School Money

It will take longer to build but the Northville high school addition will cost less as a result of rebidding for general contracting work.

With five contractors submitting new bids Monday night, the low figure came in \$5,000 less than the previous low bid of \$579,000.

On the basis of unofficial bids opened by the board of education, C. H. Reisdorf & Sons came up with the lowest base bid at \$574,000, and J. V. Moriarty was second low at \$577,800. In original bidding, these two firms submitted base bids of \$579,000 and \$595,643, respectively.

Other bidders and their figures, originally and Monday night, were:

Felker Construction company, \$598,709 and \$589,583; Matthew Lalewicz, Inc., \$617,700 and \$593,280; and DeMare Brothers Construction company, \$599,700.

DeMare did not bid originally. Companies that did not rebid included Leslie Construction, Pinkert Construction, and Salvaggio & Sons.

Board members had decided late in December to rebid the general contracting portion of the building project because Reisdorf had conditioned its low bid on the basis of completion by February, 1968. Moriarty and all other original bidders conformed to bid specifications requiring a September, 1967 completion.

In re-advertising for bids, the board left the completion date up to the bidders. Thus, Reisdorf stipulated that it could complete the project within 360 days, J. V. Moriarty within 350 days.

The board is still hopeful that the classroom facilities will be completed by September of this year, with the swimming pool coming later.

The new bids were turned over to the architect for review and recommendation. Awarding of a contract, based upon the findings of the architect, will take place next Monday night.

Bids already let for the project include Gillies, Inc., mechanical at \$226,685; Gillies Electric company, electrical at \$96,845; and State Wide Equipment, science equipment at \$11,005.

In a recent budget analysis of building projects, the total high school addition costs were pegged at \$1,086,759. Total estimated budget for all building projects was set at \$3,383,498.

The school bond issue approved by voters — including a separate \$500,000 swimming pool issue — totals \$3.3 million.

Projects still under consideration

include purchase of an elementary school site, a change in the high school drive, a bus garage, and an overpass at Moraine elementary school.

While the board has not officially authorized the overpass, it has obtained a cost estimate of \$20,000, and through its architect submitted preliminary drawings of an overpass to the county. The architect said Monday that a final site plan will be submitted to the county as soon as a report has been received from the Detroit Edison company relative to positioning of lines.

In School

How's Olive, Pumpkin, Cocoa for Color Scheme?

Architects' plans for the senior high school library addition and interior color schemes for the new junior high school were studied by the Northville board of education at its January 9 meeting.

A general color scheme of off-white and beige with accents of olive, cocoa and pumpkin colors was approved by the board. Hallway floors will be of light terrazzo and locker rooms in greens.

The board studied a revised plan for the senior high library that would provide for the use of audio-visual equipment in an individualized study concept. Three alternates ranging in cost from an estimated \$7,000 to \$27,000 for equipment were considered. The board

instructed its architects to obtain additional installation costs.

The board approved purchase of four pianos at \$473 each (total \$1,892) from George Lockhart, who was low bidder.

It reaffirmed its request to have the board attorney obtain impartial appraisals of a possible Bradner road school site after a meeting with Thompson-Brown representatives regarding possible purchase of a 10-acre site in the subdivider's proposed plan left unchanged the Thompson-Brown price of \$5,000 per acre. President Wilfred Becker pointed out the offer gave no sewer or water guarantees. Robert Froelich suggested the board might also consider another site, more in keeping with the master plan of Northville township.

The board okayed payment of \$97.50 to the City of Northville for snow removal on school property during November and December. Elroy Ellison reported that the city had indicated it probably will be willing to extend the removal service to the new Moraine school when it opens.

Possibility of assessing the school tax in half-year installments was discussed and Superintendent Alex Nelson was instructed to talk with city and township officials. It might result in a saving of \$6,000 to \$7,000 in interest charges to the school, it was pointed out.

Township OK's Subdivision Rules

An ordinance establishing regulations governing subdivisions was adopted by the Northville township board last week Tuesday. Text of the ordinance appears on Pages 8-B and 7-B.

The regulations provide standards, procedures and rules for preparation and filing of subdivision plats.

Recommended by the township planning commission after revision of several sections upon the advice of Robert Carey, president of Thompson Brown developers, and the township attorney, the ordinance containing the regulations drew the approval of the board. Trustee Bernard Baldwin was absent.

In other business at last week's special board meeting, members adopted a schedule of fees for review of subdivision and development plans and established regulations governing water service connections.

The former sets planning consultant and engineering fees and provides for a township charge of 15-percent of the total fees to offset township expenses.

CHAMBER DINNER—More than 100 members of the Northville Community Chamber of Commerce attended a dinner meeting at Thunderbird Inn last week. Chamber President Robert Webber pre-

sided over the program that included a preview of proposed north-south routes by George Clark of the city's citizens advisory committee, and introduction of a business course at Schoolcraft college by Fred Stefanski, shown speaking.

Film on Russia Set February 1

"It will be one of the most exciting programs of this year's series."
That's the promise of Kenneth Rathert, chairman of the Rotary Travel and Adventure Series, as he and his committee begin preparations for the February 1 program titled simply "Russia".
The color film will be presented by Dick Reddy, who traveled to the Soviet Union three times in the past three years to record this unusual story on Russia.

Newlyweds Move to Texas

Following a honeymoon skiing trip, newlyweds Mr. and Mrs. James M. Jiggins are taking up residence in Mineral Wells, Texas, where the bridegroom is stationed with the United States Army.

Holiday greens and red poinsettias decorated the altar for the double ring candlelight ceremony at the Northville Methodist Church on Friday evening December 23, when Barbara Lee Forsyth became the bride of James Michael Jiggins. Rev. S. D. Kinde officiated at the ceremony with organ music provided by Mr. Albert Travis and soloist, Mr. John Hyde, singing "Oh Lord Most Holy" and "The Pledge".

Parents of the couple are Mr. and Mrs. Fraser Forsyth of 19851 Fry road and Mr. and Mrs. Lester Jiggins of South Lyon, formerly of Northville. Given in marriage by her father, the bride wore an American pea taffeta "A" line gown with a chantilly lace bodice scattered with seed pearls. It featured a Bateau neckline, long lace sleeves, and a detachable chapel length train which was appliqued with chantilly lace. The elbow length illusion veil was accented by the taffeta bow scattered with seed pearls. She carried a cascade of white carnations, white gardenias, holly, and red berries.

The matron of honor, Cathy Schuster of Northville, wore a mint green floor length dress of crepe featuring a scoop neckline, elbow length sleeves, and a chiffon train of a slightly darker shade of mint green. A double green bow held her veil. She carried a cascade of red carnations, holly, and red berries.

The bridesmaids, Miss Carol Thomas, of Livonia, cousin of the bride, and Miss Beverly Forsyth, sister of the bride, wore dresses identical to the one worn by the matron of honor. They carried cascades of white carnations, holly, and red berries.

Serving his brother as best man was Major Lester Jiggins, USAF, of New Jersey. Groomsmen and ushers included James Juday, Michael Myers, and William Weidner, all of Northville, and William Forsyth, brother of the bride. For her daughter's wedding, Mrs. Forsyth wore a light blue brocade dress with blue and white accessories. The bridegroom's mother wore a blue-green brocade dress with green and white accessories. Both mothers wore corsages of white gardenias.

Following the wedding, a reception was held at Roma Hall in Livonia with 300 guests attending, including the bride's grandparents, and great-grandmother of Detroit. Guests also attended from New Jersey, Illinois, Detroit, Southfield, Allen Park, Lansing, Royal Oak, Birmingham, Pontiac, Garden City, Wayne, Brighton, Howell, Farmington, Plymouth, Livonia, South Lyon, Novi and Northville. A catered meal was

served with vocal entertainment by Tom Parmenter, cousin of the bride, and the Burt Kuhlman Four.

For the wedding trip, the bride chose a powder blue knit dress with navy and white accessories. A dark blue wool coat with a gray fur collar completed her outfit.

Mrs. James M. Jiggins

Local Gallery Opens Exhibit

An opening reception at the Hartley-Powers Gallery on Main Street is planned Friday from 7 to 9 p.m. The occasion is a special exhibit of paintings, prints and tapestries by Plymouth art teacher, Mrs. Jessie Hudson.

Many of the paintings were inspired by a visit to her native Scotland made by Mrs. Hudson last summer and the paintings will be both abstract and realistic in feeling. Also featured will be some stitched designs, a fairly new departure for this artist.

Four tapestries by Mrs. Hudson were chosen for exhibit at the Michigan Artist-Craftsmen show in Grand Rapids last fall and went on to Schoolcraft college. Five tapestries are currently hanging in an invitational exhibit in the Rackham Building in Detroit under the auspices of the Extension Service of the University of Michigan, Detroit branch. Two landscape paintings by Mrs. Hudson were accepted as part of the juried exhibit of the Ann Arbor Art Association now hanging in the Rackham Galleries in Ann Arbor.

The exhibit at the Hartley-Powers Gallery will continue through February 5.

Engagements

Carol Jean Austin

Mr. and Mrs. Charles Austin of 9430 Brookline, Plymouth, announce the engagement of their daughter, Carol Jean, to James Raymond Honsinger, son of Mr. and Mrs. Dean Honsinger, 9884 Currie road, Northville.

Mr. Honsinger is a graduate of Northville high school and presently is employed as a barber at Chuck's Barber Shop, Northville.

No wedding date has been set.

Marjory Johnson

Mr. and Mrs. Claire Johnson of Harbor Beach, Michigan announce the engagement of their daughter, Marjory Clare, to Frederick Carter Ahrens, son of Mrs. Frances Ahrens and Mr. Edward Ahrens of Harbor Beach.

Miss Johnson is a music teacher in the Novi community school system. Her fiancé is employed by the Michigan highway department.

A July wedding is planned.

In Our Town

By JEAN DAY

A FORTY-YEAR milestone was marked Monday as 66 members and guests of the Northville-Plymouth Sarah Ann Cochrane chapter, Daughters of the American Revolution, gathered for lunch in Plymouth.

Appropriately, the Sarah Ann chapter's birthday was celebrated with music by a 14-member group of madrigal singers from Stevenson high school, a tier cake—and a serious, thought-provoking program, "While Brave Men Die," presented by A. J. Brandt Jr., a professional engineer and head of his own consulting firm.

Mrs. Harry Geltgey of Plymouth, regent, resided (and presented a most fashionable DAR image in a green wool with cerise embroidery.) She credited Miss Elizabeth Etz, chapter chaplain, with much of the party planning and work. In her prayer, Miss Etz pointed out that the chapter with its present membership of 110 holds "a respected place in our communities." It has grown from 14 members when it was organized December 13, 1926.

The name, Sarah Ann Cochrane, was suggested for the chapter by the Burton historical section of the Detroit public library after the founders were advised against naming the chapter for the ancestor of any one member. In 1837 five-year-old Sarah Ann Cochrane came with her parents, the Reverend Sylvester and Hannah Simmonds Cochrane, and brother from East Poulney, Vermont, to Vermontville, Michigan. After five years there and a year in Howell Reverend Cochrane was called to the "new school" Presbyterian church in Northville.

While preaching in Northville he founded the Northville Academy. Sarah Ann and her brother both taught there until the school closed in 1857. After graduation from the Monroe Female academy in 1858 she re-opened the school as a girls' school. In 1860 her health failed and the school was closed.

After the death of her parents and brother, Sarah Ann in 1883 entered the service of the Detroit public library to support herself, DAR chapter records report. She made a special study of the Dewey Decimal System and under her supervision the library was catalogued. She died in 1917 and is buried beside her parents and brother in Northville.

SARAH ANN COCHRANE records also report that Sarah Ann was patriotic as "our beautiful silk flag, presented to us by Mrs. Thad J. Knapp of Northville belonged to her. The flag was a bequest to Mrs. Knapp from Sarah Ann Cochrane."

One member of the first slate of officers still is living in Plymouth. She is Mrs. Dwight Peck, who was the first first-vice-regent.

In addition to Miss Etz present chapter officers and committee chairmen from Northville include Mrs. Maxwell Austin, Mrs. Claude Crusoe, directors; Mrs. George Merwin, constitution week and state CAR chairman; Mrs. Donald Hiller, librarian.

Other chairmen include Mrs. Frank Martin, Mrs. William Bake, Miss Ruth Knapp, Mrs. Eugene Entz and Mrs. James Sample.

FRAN HARRIS, special features coordinator of the WWJ stations, holds among her many achievements the distinction of being the first woman in TV in Michigan.

In radio at WWJ from 1930 through 1964, she went on television in October 1946 and continued until 1964 when she assumed her present management post. A Detroit native, she attended Highland Park junior college and then received her A.B. degree from Grinnell college in Iowa.

With an almost yearly list of awards and citations, she is well able to discuss "What's With Women" at the guest day meeting of Northville Woman's club at 2 p.m. Friday in the Northville Presbyterian church.

In 1965 she was named Soroptimist Woman of the Year. In 1964 she was named one of Detroit's ten top women by the Central Business District association. She has served on the governor's commission on the status of women, in advertising, professional journalism,YWCA, consumer marketing and United Community services posts. Her husband is a customs broker. She is the mother of a daughter and two sons—and the grandmother of two.

It's also a personal joy to report that Fran Harris is just as pleasant and genuine as she appeared on radio and television—as Northville women will discover Friday.

SLIM AND TRIM classes for Northville women are set to begin at 7:30 p.m. next Monday night in the junior high boys' gymnasium (formerly the community building) under sponsorship of the Northville recreation department, Robert Prom, director, announced this week.

This will be the second season for the popular exercises classes which were started last winter. Again this year Mrs. Eugene Guido spearheaded arrangements to make Northville mothers "Slim and Trim for Spring."

The first session last year, she recalls, brought out 62 women, who exercised for an hour and then played volleyball. Mrs. Guido says she is quite sure there will be many "repeaters" signing up for the 12-week series at \$5 next Monday night.

She suggests interested women who haven't been previously come in slacks, jeans or shorts and knee-socks—just "whatever's comfortable." Mrs. Guido said that the larger boys' gym has been reserved for the exercises this year to give more space for those slimming high kicks. She admits she worked to get the classes in Northville because it's hard to plan on driving too far to other courses offered. Now she's hoping lots of Northville women will feel the same way to insure a successful second season.

Last season's members might like to know that the small profit from the sessions was used by the recreation department to help buy children's tee shirts for their athletic programs.

DAR BIRTHDAY SOUVENIR—A copy of the map of Revolutionary War battlefields which was presented to each of the 66 members and guests attending the 40th birthday luncheon of the Northville-Plymouth Sarah Ann Cochran

chapter, Daughters of the American Revolution, Monday is examined by Miss Elizabeth Etz, chaplain (left), Mrs. Maxwell Austin and Mrs. Claude Crusoe, chapter directors.

NEW PRESIDENT — Merritt Meaker, newly elected president of the Northville Senior Citizens Club

accepts the gavel of leadership from the club's first president, Mrs. Horace Boyden.

Senior Citizens Elect Meaker 1967 President

Merritt Meaker, 45801 West Seven Mile road, was elected president of the Northville Senior Citizens club at the group's annual meeting Tuesday night in the scout-recreation building.

Meaker succeeds Mrs. H. A. Boyden, first president of the club, who has served three years. During her presidency the group, which was formed with 44 charter members, has grown to about 16 active and 14 inactive members. Meaker is a retired Northville high school teacher.

Other new officers are John Blackburn, first vice-president; Mrs. C. M. (Ruth) Chase, secretary; and Miss Ruth Knapp, treasurer.

In turning the presidency over to Meaker, Mrs. Boyden credited much of the success of the active club to Kenneth Conley, Northville recreation director, who helped arrange charter outings to Detroit plays and other charter trips.

Although Mrs. Boyden is no longer president, she will still remain active as a member of the executive board which is comprised of the four new officers and six at-large members. Besides Mrs. Boyden, they are Mrs. Beatrice Janchick, Mrs. Lee Eaton, Mrs. Cass Bolton, Mrs. Edward Reid and Mrs. Percy Angove.

Refreshments were served following the regular business and annual sessions.

Judges Named For Junior Miss State Contest

Appointment of six judges for the upcoming state Junior Miss Pageant in which a Northville girl will compete was announced this week.

Judges will include:

Sister Mariam Fidelis, I.H.N., administrator of Marygrove college; W. W. Kent, assistant dean of the Meadow Brook School of Music and assistant professor of music of Oakland university; Daryl Sanders, Detroit Lions offensive tackle; Joanne Antczak, stylist for the Bobbie Brooks company; Wendell Smith, 1966-67 Michigan Jaycee president; and Charles E. Skala, vice-president of the Kelly Girl Division, Kelly Services, Inc.;

Representing Northville in the pageant will be Lynn Tiilikka winner of the first annual Northville Junior Miss Pageant sponsored by the Northville Jaycees.

The pageant will be held January 27 and 28 at Pontiac Northern high school. Sponsors of the state pageant are the Pontiac Jaycees.

The winner will be crowned "Michigan's Junior Miss" by Miss Bonnie Britton, last year's winner, and will represent the state in the American's Junior Miss Pageant in Mobile, Alabama. The winner will receive \$1,600 in scholarship awards.

The two preliminary talent performances at Pontiac will be held Friday evening and Saturday afternoon. The Saturday evening final performance will be open to the public.

Northville's Pamela Smith Cops Second Straight VFW Title

Sponsoring winning combinations is becoming a trademark of Northville's VFW Post.

For the second consecutive year, Pamela Smith, daughter of Mr. and Mrs. M. R. Smith, 20114 Woodhill, has walked off with first prizes in both the local and district competitions of the Voice of Democracy contest. Pamela is a junior at Northville high school.

Also copping top prizes was Margarita, a senior at Ladywood high school, who took second place in the 4th district contest after winning first place for her high school.

Both schools are sponsored by the local VFW post.

Other local prize winners at Northville included Karen Stefanski, second place; Jan Browa, third, Phil Kennedy, fourth; and Chuck Mann, fifth.

Second prize winner at Ladywood was Loretta Kling, followed by Charlene Fox; third, Mary Ann Gable, fourth; and Connie Foley, fifth.

This marks only the second year the local VFW post has sponsored the contest, yet it has come up with district winners both years.

The local first-place winners will each receive a \$500 government bond, while second place winners will receive a \$100 bond. Each of the top five winners will receive a plaque.

Presentation of prizes will take place at Northville high school Friday morning and at noon at Ladywood.

The Voice of Democracy contest is 20 years old. It gives youngsters in participating schools across the country an opportunity to sound off on what democracy means to them. The contest was originated by the Radio Broadcasters of America on a small, local basis, but soon grew to nationwide participation.

Casting about for an organization qualified to handle it, the RBA approached the Veterans of Foreign Wars. Ten years ago the VFW took the project under its wing and has since sponsored contests at the local, district, state and national levels.

Speeches are written and then taped

by each entrant and judging is based upon these talks, thus assuring a more

impartial opinion.

This year a total of \$13,500 in

scholarships will be given to the top five national winners.

1-Card of Thanks

The family of Frank Fairfield wish to thank their friends and neighbors, Rev. C. F. Boeger and the Casterlines for the many acts of kindness during the illness and loss of our loved one. Special thanks to the men of the L. E. Myers Co.

The family of Ernie Proffitt extend their heartfelt thanks to their many friends and relatives for their kindness and sympathy during the loss of their loved one. Special thanks to Rev. Fred Trachsel, Phillips Funeral Home and the wonderful neighbors.

We wish to thank our many friends and relatives who helped to make our 50th wedding anniversary party such a memorable one for us. The many beautiful cards, gifts, flowers and all the other wonderful ways in which we were remembered on our special day were truly appreciated. Special thanks to Mr. and Mrs. Herb Brody and Norman, Mr. and Mrs. Clifford Broegman and Mr. and Mrs. Lee Bennett.

Leo Harwood & Family would like to express their thanks to The Nov News, Nov Police Department, Casterline Ambulance service and all of the local and other organizations and are most grateful for the many personal thoughts expressed and the numerous flowers, cards and letters written by all persons concerned while I was confined in the Botsford Hospital.

SCHOOLCRAFT CLASSES - Construction of a new 32-classroom liberal arts building for Schoolcraft College is expected to begin in the spring. The build-

ing, as seen in the architect's rendering, will also house an amphitheater seating 170 persons and will be equipped for lectures, movies and college drama.

Early Purchase Possible

Novi Band Uniforms Get Boost

Novi high school bandmen may have uniforms by next fall; if not, it appears pretty certain they'll have them by the spring of 1968.

At any rate, investigations into prices, materials and styles of uniforms is underway following last week's regular meeting of the Novi band of education.

Appearing before the board, representatives of the Novi Band Boosters club reported the results of their campaign for funds while urging the board to consider appropriation of funds to purchase some 80 or more uniforms.

Although board members gave no promise of money, they nevertheless left little doubt that the next budget probably will include an allocation for uniforms. At the same time, the board thanked club members for their efforts, conceding that results of the club's fund-raising campaign indicates "the community is behind this thing".

Club members reported that \$2,060 had been raised for uniforms, with about \$1100 of that total resulting from the club's sale of community calendars. They indicated that several more projects are planned in coming months and that they are hopeful of raising another \$1,000 by next September.

Total cost of the uniforms, explained Band Director Keith Rolston, depends a good deal upon the kind of uniforms selected, but primarily upon the number of uniforms desired. He said the board must decide whether the band will eventually include four grades - nine through 12 - or just 10 through 12. He indicated that he personally would like to have a four-grade band.

Rolston said that in order to insure delivery of uniforms by the opening of school next fall and the football season, the uniforms would have to be ordered in March. However, he added that if they are ordered later, they will arrive in time for major spring band activities in 1968 - including Band Day at the University of Michigan.

One difficulty in ordering uniforms early, he suggested, would be the matter of properly fitting bandmen. For example, he pointed out that eighth graders could be fitted this year because they will be ninth graders next fall. Growth during the interim months could cause a problem.

However, Trustee Carl Rowley contended that uniforms should be ordered on the basis of a projected number of bandmen at each grade level over a period of years. He suggested that the uniform companies are sufficiently experienced to handle such a problem.

Optimists Hear Steel Salesman

Thomas P. Kelleher of Republic Steel Corporation was a guest speaker yesterday at a dinner meeting of the Northville Optimist Club at the Thunderbird Inn.

His address was titled "Let's Get Involved".

A graduate of Xavier university in Cincinnati with post graduate work at the University of Tulsa law school, he joined Republic Steel in 1956 after serving two years with the military police.

His first assignment with Republic was selling pipe in the oil country of Oklahoma. In 1962 he was transferred to the corporation's Detroit sales office.

Interested in sports and barber shop quartet singing, he is a member of the Knights of Columbus, Home Owners Association and Toastmasters, and is active in political and parish activities.

perenced "to tell us what sizes will be needed."

The board members invited club members to return in March - or before - with specific cost and style details so that they can incorporate this information in their budget studies which will get underway probably in March.

In other board business last week,

WIXOM NEWS

Mrs. Charles Ware - MA-4-1601

Mrs. Lillian Byrd was installed as Noble Grand of the Rebekahs of Novi on Saturday, January 14. There were 150 persons in attendance.

Luncheon guests of Mrs. Mildred Gibson on Thursday, January 12 was Mrs. William O'Brien of Wolverine Lake. On Saturday, January 14 Miss Ruth Rose and Miss May Anson from Royal Oak also were luncheon guests of Mrs. Gibson.

On Friday Miss Hilda Furman and Mrs. Mildred Gibson were dinner guests of Mrs. Helen Goodman in Dearborn Heights.

The Hickory Hills board of directors of the Civic Association held its regular meeting on Wednesday January 11.

On January 22 and 23 the silent movie, "The Parable," will be shown in St. Williams Parish Hall. This movie was first shown as a daily feature in the Protestant Pavilion at New York's World Fair. Admission is free to all faiths.

On Wednesday evening the 18th a two hour recollection period was preached by Father Paul Carmalett for all women, old and young at St. Williams Parish hall.

Mrs. Geraldine Gidley is in Pontiac Osteopathic hospital.

Thursday evening at 7:30 p.m. the Sunday school teachers workers conference will be held at the Wixom Baptist church.

On Friday evening January 20 the invincible group of the Wixom Baptist church will meet at the home of Mrs. Ray York for a potluck supper.

Sunday dinner guests of the Robert Merklers were Miss Shirley Chapman and Lynn Wiley from Monroe and Mr. and Mrs. William Merkel from Monroe.

Mrs. Ray Lahtee will be hostess for the extension group meeting Thursday. A cheerleading clinic was held at Cosmo High school in Warren. Seven cheerleaders attended from Walled Lake and won two first prizes. They competed against 30 schools.

Mr. and Mrs. Cyril Abbott were dinner guests of Mr. and Mrs. Pete Buck of Farmington.

Miss Hilda Furman, Mrs. Lottie Chambers, Mr. and Mrs. Lillian Byrd, Mr. and Mrs. Roy Byrd, Mr. and Mrs. George Morris, Mrs. Bertha Bannerman, Mrs. Rae Clemens, and Mrs. Harold Rocker and Janet, all from Wix-

members briefly discussed requirements for a graduation policy to be prepared in advance of a full high school schedule. In working with Superintendent Thomas Dale in the policy's development, officials will be concerned with devising guides for a college preparatory education that meets university requirements and the requirements of the North central association while providing basic education for terminal students.

The board also voted to hire Calvin Schmucker as an English teacher to replace Mrs. Marie Beck, who will leave the system at the end of the current semester. His starting salary was set at \$5,500.

A letter from Herbert Koester, requesting a refund of \$106 for what he considered was an "illegal" increase of his taxes was read to the board. Because it was Koester's impression that the board had based its budget upon a lesser assessment than was actually set, Dale was instructed to reply to the letter, pointing out that the budget was a "realistic" one based upon the actual district assessment.

News Around Northville

Mr. and Mrs. Joe Litzenberger of Fonner road and Mr. and Mrs. Aubrey Gates of Napier road attended the trailer show at the Civic Center in downtown Cleveland last Thursday.

Charles A. Smith, representing the Northville Rotary club, has been named chairman of the Northville area 1967 Easter Seal campaign.

Mrs. Carl H. Johnson of 800 West Main street has been in Chicago for the past week on a business trip. A buyer for the Greyhound Corporation, Mrs. Johnson reports that the congestion resulting from the multi-million dollar fire at the McCormick Place has been staggering. Hotels are filled with people who had planned to either exhibit at or visit the facility, she said.

Mrs. Erma Hughes, who has been the house guest of Mrs. Beth Lapham at her home on West Main street for several months, left Tuesday for Louisiana.

Mrs. Hughes, who has a master's degree in art from the University of Michigan, is working on her doctorate at Scripps college in California and will be visiting museums in St. Louis.

BIRTHS

Mr. and Mrs. Eric Peterson of Detroit announce the birth of a baby boy, Robert Allan, born January 8, he weighed six pounds, 14 ounces.

Paternal grandparents are Mr. and Mrs. Allan Peterson of Northville, maternal grandparents are Mr. and Mrs. Robert Slaughter of Detroit.

Mr. and Mrs. Richard Houghton of North Miami, Florida announce the birth of a baby boy, Richard Michael, January 14.

The 7-pound, 6-ounce baby is the grandson of Mr. and Mrs. William G. Williams, 446 Eaton drive, and the great grandson of Mrs. Robert Williams, Sr. of the same address. Another great grandmother, Mrs. Arthur Chenoweth lives in the Fairbrook Apartments here.

Mr. and Mrs. William Gabb, Jr., whose parents live in Northville, announce the adoption of a baby boy, James Mitchell, born December 31, 1966. The new addition to the Gabb family joins a brother, Douglas, and a sister, Diane. The Gabs live in Garden City.

Leaves Hospital

Leo Harrawood, Novi councilman and businessman, has returned home at 24042 Willowbrook drive from Botsford General Hospital where he has been seriously ill for two weeks.

What was originally thought to be a heart attack was later determined to be a blood clot.

on her trip south.

Northville Senior Citizens will meet at 6:30 p.m. Tuesday, January 24, for a cooperative dinner and social hour in the scout-recreation building. The meeting place has been changed from the originally scheduled junior high boys' gymnasium because of a game being played that evening.

The Main Street Elementary P-TA open house will be held Thursday (today) at 8 p.m.

The January meeting of the Base Line chapter of the Questers antiques society will be held at the home of Mrs. Harry Deyo, 808 Church street, Plymouth, at 1 p.m. Monday.

Mrs. Deyo will present a paper on the history of wallpaper.

Robert Prodder, a Northville high school senior and a member of Northville high school's orchestra, has been invited to play first chair with the trumpet section of the Livonia Symphony in a performance at 8 p.m. this Saturday at Bentley high school.

He is the son of Mr. and Mrs. Arthur Prodder.

GOP Club Plans Supper

The regular monthly meeting of the Greater Northville Republican Club was held on Wednesday evening, January 11 at the Homer road home of Mr. and Mrs. C. A. Hofman.

Reports of current activities and plans of both the 19th and 2nd Congressional Districts were presented.

Plans were formulated for a "Lincoln Day" potluck supper to be held on Sunday, February 12, at 5 p.m. in the Northville community building. All Northville area Republicans are invited to attend.

Novi Motorist Seriously Hurt

A 26-year-old Novi man was injured seriously early last week when his car went out of control and hit a tree on South Lake drive, pinning him in the vehicle.

Francis K. Sulla, 1520 Paramount, was taken to Botsford General hospital and transferred to St. Joseph's in Pontiac. He was reported in serious condition with multiple fractures.

According to Novi police, Sulla was driving south on East Lake drive around 2:04 a.m. when his car went out of control, skidded off the road and hit a tree broadside. Sulla was pinned in the wreck 15 minutes before he was freed, police said.

He was bleeding profusely from the neck and facial cuts, police reported, and the car was a total wreck.

50TH ANNIVERSARY-Mr. and Mrs. Elston Poole of 25130 Seeley road were feted at an open house in their home Sunday in celebration of their Golden Wedding Anniversary. Married January 11, 1917 in

Detroit, they have been residents of Novi for 20 years. Among the 150 guests were three sons, two daughters, 18 grandchildren, three great grandchildren and two sisters.

CITY OF WIXOM NOTICE OF PUBLIC HEARING

The City of Wixom Planning Commission herewith notifies that a public hearing will be held Monday, February 13, 1967 at 8:00 P.M. at the Wixom City Hall on that part of the Master Plan for the City of Wixom relating to the Major Thoroughfare Plan. Such plan provides for future street widths for major or secondary streets. Adoption of such plan will be undertaken in accord with Section 101.11 of Ordinance No. 28 of the City of Wixom, Oakland County Michigan.

A map of the above mentioned Thoroughfare Plan is on display in the City Offices at 49045 Pontiac Trail, Wixom, Michigan.

Ralph Armstrong
Chairman

Wixom Planning Commission

Re-elect BeGole

Chief Lee BeGole of the Novi police department was re-elected to the board of directors of the Oakland County Law Enforcement association last Thursday night.

Newly elected president of the organization is Carl Carter of the Detroit Edison company, replacing Detective Lieutenant Merlin Holmquist of the Birmingham police department, who became a member of the board.

NOTICE OF PUBLIC HEARING

OF PROPOSED AMENDMENTS TO THE ZONING ORDINANCE OF THE VILLAGE OF NOVI, MICHIGAN

NOTICE IS HEREBY GIVEN That a Public Hearing will be held on proposed Amendment to the Zoning Map of the Zoning Ordinance of the Village of Novi to include the following changes:

On petition of Mr. A. A. Holcomb and May H. Babbitt the Board has been requested to rezone land in the N.W. 1/4 of Section 24, T.1 N., R. 8 E. Village of Novi, Oakland County, Michigan, being more particularly described as:

Commencing at the N.W. Section Corner on the East-West Section line of Section 24; thence S. 0 degrees 17' 40" E., 721.49 feet to a point; thence S. 89 degrees 59' 00" E., 60.00 feet to the point of beginning; thence S. 89 degrees 59' 00" E., 1400.00 feet; thence S. 89 degrees 41' 38" E., 525.05 feet; thence S. 0 degrees 22' 40" E., 623.32 feet; thence N. 76 degrees 58' 58" W. 579.95 feet; thence S. 18 degrees 36' 20" E. 439.24 feet; thence N. 71 degrees 28' 40" W. 1288.06 feet; thence N. 0 degrees 17' 40" W. 502.87 feet to the point of beginning, containing 29.33 acres, from an M-3, General Manufacturing District, to an R-3, Mobile Home District.

This area lies about midway between Grand River and Eleven Mile Road with a frontage of 502.87 feet along Meadowbrook Road and extending east to within about 730 feet from the center of Seelye Road.

This hearing will be held at 8:00 o'clock P.M. Eastern Standard Time at the Novi Village Hall, located at 25850 Novi Road, February 13, 1967.

OFFICIAL NOTICE OF SALE \$60,000.00
CITY OF NORTHVILLE
Counties of Wayne and Oakland, Michigan
TAX ANTICIPATION NOTES

Sealed bids for the purchase of tax anticipation notes of City of Northville, Wayne and Oakland Counties, Michigan, of the par value of \$60,000 will be received by the undersigned at Northville City Hall, 215 West Main Street, Northville, Michigan, until 8:00 p.m., Eastern Standard Time, on the 30th day of January, 1967, at which time and place they will be publicly opened and read.

The notes will be dated February 1, 1967, will mature September 1, 1967 and will bear interest at a rate or rates not exceeding 4% per annum. Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser, which paying agent qualifies as such under the statutes of the State of Michigan or of the Federal Government. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from February 1, 1967 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the municipality. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the Operating Tax due and payable July 1, 1967.

A certified or cashier's check in the amount of 2% of the par value of the notes drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the municipality must accompany each bid as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at Northville City Hall, Northville, Michigan.

The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Notes".

Martha Milne
City Clerk, City of Northville
APPROVED: January 10, 1967
STATE OF MICHIGAN
MUNICIPAL FINANCE COMMISSION

Whew! Mustangs Cool Lakers' Hot Pace

It's the little things in life that count. Like a switch in defensive tactics.

That's what triggered a Northville comeback last Friday night, enabling the Mustangs to whip West Bloomfield, 66-57, and take a firmer grip on second place in the Wayne-Oakland Conference.

West Bloomfield, playing on the friendly confines of its home court, was hotter than a comet. The Lakers looked anything but tail enders as they peppered the nets with amazing accuracy from outside and raced to a 17-7 lead early in the first quarter. And Coach Art Paddy's boys kept up the torrid shooting pace through five minutes of the second quarter.

But then the complexion of the game changed radically. Coach Dave Longridge switched his cagers from a zone

to a man-to-man defense. The strategem worked to perfection as Northville, led by Jim Peterson, stormed back to take a three-point lead and eventually gained a 33-33 tie at halftime.

Still battling, West Bloomfield tied the game at 39-39 all midway through the third quarter, before Northville took and maintained it through the remainder of the game. Northville's biggest margin was 65-53 in the dying minutes.

Peterson's 23 points paced the victory that kept Northville in second place; the Mustangs have a 5-1 league mark. Clarkston remained in first place with a 6-0 slate by beating Milford, 83-61. West Bloomfield now occupies the cellar all alone with a 1-5 record.

Second-place (4-2) Holly will come to town tomorrow night. Leading the Broncos' attack is Gregg Averyhardt, a 6'2" center. Although not especially big, Holly floors a scrapping squad that, lost by only seven points to Clarkston. "We look for plenty of trouble from them," Longridge said.

Holly posted its fourth victory of the season Friday by nipping Clarenceville, 65-62, and in the other game, Brighton (2-4) moved into a three-way tie for fifth place with Bloomfield Hills and Milford by beating Bloomfield, 75-65. Clarenceville has a 3-3 mark. West Bloomfield's performance was

solid even in defeat. Coach Paddy has been plagued by injuries this year, including one that sidelined his ace, Tim Molner, for the season. What's more, only seven varsity Lakers suited up for the game, two being out also with injuries.

"We got off to a slow start," Longridge said of his Mustangs. That they did. And West Bloomfield was as hot as the Mustangs were cold through most of the first half.

With three minutes remaining in the second quarter, however, Longridge called for the switch to man-to-man and Northville caught fire, scoring 10 consecutive points to take a 33-30 lead. Peterson and Jim Zayti had four points apiece and Guard Pat Hall two to account for Northville's points in the spurge. West Bloomfield didn't quit, how-

IT'S HIS FORTE—Forward Jim Zayti, a senior and team leader, flies high in the air to score on the play that he executes with abandon—the base line drive. It's his trademark and has established Zayti as one of the Mustangs' top scorers.

They're Varsity Potentials

Young Cagers Swamp Opponents

What makes a winning basketball team? Sound schooling in fundamentals, years of diligent practice and devotion to the game.

On the basis of records, Northville is providing that schooling in fundamentals and the practice needed to produce a winner. Undeniably, the records would also attest to a certain devotion to the game.

How else would you account for the string of wins amassed by this year's seventh, eighth and ninth grade teams? Together, they have lost only one game, which is significant enough. But even

more promising for future years is the ease with which the three teams have won.

Take note, 48-5, 50-13, 51-19, 32-16, 44-11, 40-23, 40-18, 61-45, 68-46, 60-29, 36-13. Enough? The list's as long as your arm.

Unquestionably, talent plays an important part. But undeveloped, misdirected, it can all go to waste. This is where fundamentals come in. It's the responsibility of coaches to bring out that talent as apparently Burson, seventh grade coach, Omar Harrison, eighth grade coach and Dave Madden, freshman coach, are doing.

Each has been using similar formulas to win ball games. They're teaching the all-court press, a patterned offense, and team play.

"We've been running off patterns on a man-to-man defense," Madden explained. "On defense, we're using a man-to-man press all court." And it's worked.

Willow Run, a perennial basketball powerhouse, came to town last Friday night and pinned the only loss of the campaign on the Northville frosh, 58-43. Northville scrapped, but it just wasn't good enough.

Spearheading the freshman attack are Guards Adams and Mills, two deft ball handlers and play makers, who also were named co-captains by their mates. "They handle the ball very well," Madden stated, "that's why we haven't had any trouble with the press. Either can bring the ball up court and

doesn't waste any time doing it."

Center is held down by Scheffer, who reaches 6'1" and does the job on the boards. Myers, a forward, also is a strong rebounder, says Madden. On the other wing is Hubbard, who has grown about one inch since the beginning of the year and now is 5'10". According to Madden, he's got a soft corner shot and maneuvers well under the basket.

There's a strong bench that Madden says he feels free to call upon, including Dave Veresh, Dave Coe, Fred Holdsworth, Bruce Griggs, Dale North, Dave Johnston, Jim Penrod, Rex Balko and Will Solnoer.

In their most recent outings, the seventh and eighth grades polished off Novi, the eighth winning, 40-23, with Bernie Bach leading the way with 18 points, and the seventh winning, 40-18. Billie Andrews, 17 points led the attack.

The prolific scoring and the winning records mean one thing: years of good basketball ahead for Northville.

NOVI JUNIOR HIGH BASKETBALL

Tomorrow	Highland	Home
Monday	Milford	Home

The Northville freshmen first played Novi and walked off with a 60-29 victory. Terry Mills with 19 points and Brian Myers with 11 paced the team.

Next, it was Milford Highland by a 36-13 score. "We fell flat a little bit," Madden said, and the frosh only played six-minute quarters because Highland's ninth grade is in the junior high school, thus invoking junior high rules. Rich Adams scored 11 points, Mark Scheffer eight.

Starting his first game, Ron Hubbard

with 18 points paced Northville to a, 61-45, hard-fought victory over Brighton. "They ran well," Madden said, "but we ran better." Myers and Adams each tallied 12 points.

Madden's crew then played a rough West Bloomfield outfit and won, 68-46, thanks to strong performances by Mills, who scored 18 points, and Scheffer, who bagged 17.

They're 5-2

Matmen Win, Lose

Northville lost its second wrestling match of the season last week before coming back to upend South Lyon, 27-18. South Lyon now has suffered only two losses, both of them to Northville.

Our Lady of Sorrows of Farmington made it two losses in a row for Coach Jack Townsley's wrestlers by copping a 28-21 victory. In the process, OLS beat two formerly undefeated Mustangs, Kurt Olewnik and Dan Conklin.

That leaves only two Northville wrestlers with unblemished records — Marty Richardson and Dale Ashby. Both have won all eight of their matches.

"We didn't wrestle very well," Townsley said after the loss to OLS. He pinpointed one reason why his boys are having difficulties in 1967 after going undefeated in five matches in 1966 — a rules change that adds two pounds to each weight division.

Other teams, according to Townsley, have heavier wrestlers whom they can drop down to meet the new weights. But Northville, thin in heavier weight classes, must retain already light wrestlers against heavier foes.

That's one reason for Kurt Olewnik's first loss of the season, Townsley said. What's more, Olewnik was fighting the flu. Despite implementation of the weight change, there was a pleasant surprise. Against OLS, Al Earehart pinned his man to provide Northville with its first win in the 180-pound class. Earehart weighs 163 pounds.

"The individual matches were close, spirited and well fought," Townsley said of Northville's match with South

Lyon. "We cleaned up early," Townsley added. "We were ahead, 27-5, then lost the last three matches."

Colts Win Re-Match At West Bloomfield

It was the re-match of last year's contest, but this time there was a different ending. Northville beat West Bloomfield's jayvees, 61-58.

"We battled back," Coach Bob Kucher said.

er said. That's under-statement. Down by as much as 10 points in the first half, smaller Northville had to pull out all the stops to beat towering West Bloomfield, a team with a front line averaging 6'3".

Last year, the Colts traveled to West Bloomfield with visions of an undefeated season in the Wayne-Oakland Conference dancing in their heads. West Bloomfield picked up a loose ball under its basket with a second remaining on the clock and arched it into the net for a 54-52 victory. That took care of Northville's dreams.

Kucher learned something from that game. He knew full well that West Bloomfield is tough on its poorly lighted, slippery court, especially since the little Lakers practiced beating the zone press that Northville is proficient at.

Expecting a fully prepared and a "high" opponent, Kucher reached in his bag of cage tricks. Northville began the game using a man-to-man press. West Bloomfield, however, dominated the boards and adjusted. Kucher's cagers switched to a zone press in the second half, took West Bloomfield by surprise and scored four straight baskets to tie the game. It was see-saw til the end.

When Northville took the lead with only one and one-half minutes left in the game, Kucher called for relaxation of the all-court press and instructed his boys to fall back into a zone. It protected Northville's lead and won the game.

Jeff Taylor, who has an uncanny eye, scored 23 points to lead the Colts. Sporting about a 60 percent field goal average for the season, Taylor continued his hot pace, hitting seven of 10 field goal attempts and nine of 10 free throws. Ralph Robinson scored 13 points and Gregg Carr 10 to give support.

Jim Bayes, a 6'4" center, tallied 26 points for West Bloomfield. Curtis Briton, a 6'2" forward, scored 18.

The Colts are now 6-4 overall and 4-2 in league play.

Trotting Group Taps John Carlo

John Carlo, executive manager of the Northville Downs, has been elected to the board of directors of the United States Trotting Association.

The election took place during a meeting of the association Monday in Detroit. The association controls all standard bred racing in the United States.

Wixom Elementary To Hear Naturalist

Richard Mortemore, naturalist for the Huron-Clinton Metropolitan authority, will be the guest speaker at Wixom elementary school in Wixom on Wednesday, January 18.

Students will hear a lecture entitled "Nature Trails in Winter". The appointment was requested by Ethel Muggler, principal at the school.

The authority is a regional park agency serving the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne.

Among its attractions are the Nature Centers at Kensington Metropolitan Park near Milford, Stony Creek Metropolitan Park north of Utica (both open year-around) and Lower Huron Metropolitan Park near Belleville, which is open May through October.

Nature trails are open year-around at these sites as well as at Metropolitan Beach near Mt. Clemens and Hudson Mills Metropolitan Park

BONING UP FOR DEBATE - (l-r seated) Susan Jenesel, Karen Stefanski, (back) Kurt Kinde, Buzzie Collocott and John Bunn, members of the varsity B squad.

Excellence Award in Offing

Debaters Post Enviably Record

For unparalleled excellence, it's hard to beat the record of the Northville high school debaters. Under the direction of Miss Florence Panattoni and Mrs. Mary Brown, the local debaters have compiled an enviable record, including:

-a 7-1 team mark in state debates,

-a team record of 9-1 in the Wayne-Oakland Conference, good for a first place tie with Clarkston

-21 wins and seven losses in the Novice Detroit area league

-defeat of Birmingham Seaholm in the semi-finals of the Royal Oak Kimball tournament, but lost to Belleville,

last year's state champions, in the finals.

In other words, the Northville debaters are well on their way to winning another award for excellence presented annually by the University of Michigan to teams that win over 75 percent of their debates.

It's an unimpeachable record, compiled largely through the untiring efforts of the indefatigable "Miss Pan", as her students invariably call her. Debate had been dropped at Northville high school. But Miss Pan came along in 1952, revived it and coached Northville to the state semi-finals and its first excellency award. They've won one every year since.

Debating the question, "Resolved that the foreign aid program of the United States should be limited to non-military assistance," this year's crop of debaters is another strong contingent, equally as strong as past teams which have gained the state semi-finals three times and the quarter finals five times.

The top foursome of Pam Smith and Glenn Deibert (affirmative) and Cristie Becker and Kathy Erwin (negative) have established a 7-1 record in state debates against such schools as Cody, Redford Union, Troy and University of Detroit high. They will represent Northville Saturday at Belleville in the district eliminations of the state debating tournament.

Carrying the school colors in league competition were varsity debaters Karen Stefanski and Sue Jenesel (affirmative) and Kurt Kinde and John Bunn (negative). Alternate is Buzzie Collocott.

Heading up Northville's novice squad are Pam Witzke, Kim McCormick, Debra Forsyth, Wayne Miller, Rosemary Van Fossen, Meredith Hartt, Jeanette Gensley and Gregg Balko. They debated such teams as Dearborn, Belleville, University of Detroit high, Dominican, Grosse Pointe and Country Day.

Readers Speak

Scooped Again!

To the Editor:

So you believe the groom is always neglected in the description of a wedding. Not always. I have a clipping in my scrapbook that has been there for more than twenty years. I omit the name of the bride, her parents and the officiating clergyman, though the clipping does not.

"The groom is a popular young bum who hasn't done a lick of work since he got shipped in the middle of his junior year at college. He manages to dress well and keep a supply of spending money because his softhearted old fool of a dad takes up his bad checks instead of letting him go to jail where he belongs.

"The bride is a skinny, fast little idiot who has been kissed by every boy in town since she was twelve years old. She paints like a Sioux Indian, sucks cigarettes in secret, and drinks mean corn liquor when she is out joy-riding at night in her Dad's car. She doesn't know how to cook, sew or keep house.

"The house was newly plastered for the wedding and the exterior was newly painted, thus appropriately carrying out the decorative scheme for the groom was newly plastered also, and the bride newly painted.

"The groom wore a rented dinner

suit over athletic underwear of imitation silk. His pants were held up by pale green suspenders. His patent leather shoes matched his state of tightness and harmonized nicely with the axle grease polish of his hair. In addition to his jag he carried a pocket knife, a bunch of keys, a dun for the ring and his usual look of imbecility.

"The bride wore some kind of white things that left most of her legs sticking out at one end and her bony upper end sticking out at the other."

From the Fountain Inn (S. Car.) Tribune.

OBITUARIES

NORENE LUEDTKE

Mrs. Norene Luedtke, 48 of 226 Church street died suddenly Sunday, January 15 at her home.

A life-long resident of Northville, Mrs. Luedtke is survived by her husband, Leonard, son Kerry of Northville, son David, United States Marine Corps aboard the USS Providence, sister Phyllis Kreeger and brother Donald Kreeger, both of Northville.

Funeral arrangements were incomplete at the time of publication. For information call Casterline Funeral Home Fl 9-0611.

CHARLES W. HELIKER

Charles W. Heliker, 71, died of a heart attack while fishing January 10 in Howell. A resident of Howell, he formerly lived at 36310 14 Mile road in

Walled Lake.

Born January 22, 1895, in Farmington township, he was the son of George and Mary (Graham) Heliker.

Surviving him are his wife, Elizabeth; two sons, Richard and Stan of Walled Lake; a sister, Mrs. Sarah Murray of Pontiac; a brother, James of Union Lake, eight grandchildren and two great grandchildren.

A retired farmer, Mr. Heliker lived 52 years in Walled Lake before moving to Howell, where he lived for the last 10 years.

The funeral was held at 1 p.m. Friday at the Casterline Funeral home, with the Reverend Robert Warren, pastor of the Wixom Baptist church, officiating.

Burial was at the North Farmington cemetery.

THEODORE J. BUDEK

Theodore J. Budek, 62, of 17685 Ridge road, died suddenly Saturday, January 14 at his home.

Born February 12, 1904 in Pellston, he was the son of Joseph and Amelia (Schmidt) Budek. His wife, Jenny, survives him.

A resident of the community since 1953, he was a fixture builder at Foundry Flask & Equipment company and a member of Epiphany Lutheran Church of Plymouth.

Besides his wife, he is survived by several children, Mrs. Melvin Jones of Stanton, Mrs. Lynn Cooper of Ottawa Lake, and Patricia, Christine, Marita and Joseph, all at home; a sister, Mrs. Florian Kendra of Three Oaks and a brother, Simon of Pellston.

His body was in state at Casterline Funeral Home prior to the funeral service held at Epiphany on January 16, with the Rev. David Strang officiating.

Burial was in Rural Hill Cemetery.

R. R. Jensen

Jensen to Head GM Committee

R. R. Jensen of Northville, general manager of General Motors' Hydramatic Division, has been appointed chairman of the GM Ypsilanti Plant City committee for 1967 by GM President James M. Roche.

Another Northville resident, Bernard W. Baldwin, personnel director for Hydramatic Division, also is a member of the committee.

Jensen lives at 47055 Chlgwidden Drive, South, and Baldwin lives at 19810 Meadowbrook road.

The committee is responsible for guiding and coordinating GM's community relations activities in the Ypsilanti area. It is one of 60 such committees across the nation where GM has facilities.

Jaycees Seek Top '66 Citizen

Nominations for the annual Distinguished Service Award presented annually by the Northville Jaycees are now being sought.

Persons wishing to nominate a person for the award are asked to telephone or write Ralph Long, Jaycee chairman, at 440 Eaton, 349-1169. Background information and details about the nominees public service are required.

The winner will be honored at a dinner program sometime in February. Last year's winner was Russell Amerman, former superintendent of the Northville school district.

DOWN FIRE - Smoke billowed from one of the Downs barns Thursday as firemen fought the \$2,000 fire.

\$2,000 Fire Hits Downs; Barn, Equipment Damaged

Fire caused an estimated \$2,000 damage to one of the concrete barns just south of the Northville Downs track Thursday morning.

According to John Carlo, Downs executive manager, most of the damage was to equipment stored inside the barn. The roof and rafters of several stalls were burned or scorched, he said.

A horse inside the blacksmith shop, housed at one end of the barn, was quickly led to safety before Northville firemen raced to the scene.

Firemen - a total of 13 - battled the fire and smoke for nearly two hours, using four mobile units, according to Assistant Chief Louis Westfall.

Westfall said witnesses believed the fire was started by a stove explosion inside one of the tack rooms near the blacksmith shop. The blaze ignited hay and straw and quickly spread to adjoining stalls through the rafters.

St. Paul's School Plans Paper Drive

A paper drive to help raise monies for St. Paul's Lutheran school will be conducted this weekend in Northville. Persons wishing to contribute old newspapers or magazines are urged to drop them off at the school parking lot anytime Friday through Sunday or call either 349-1122 or 453-3000.

from the PASTOR'S STUDY

Reverend James Andrews
Full Salvation Union

"And he said, I seek my brethren; tell me, I pray thee, where they feed their flocks" (Gen. 37:16).

Joseph had lost his brethren in a deeper sense than he realized when his father sent him to find them at Dothan. His dreams concerning the will of God had stirred up the sins of jealousy and selfishness in his brethren and those sins separated him from them.

When he told the man who found him wandering in the field, "I seek my brethren," little did he realize how far he would have to go and how much he would have to suffer before he finally found them in that deeper sense down in Egypt.

Sin has separated all of us from our brethren and turned every man's hand against his neighbor to such an extent that now we are unable to recognize each other in Christ.

Again and again we have sold our brother into Egypt. We meant it for evil but God has meant it for good — "To preserve a posterity in the earth and to save our lives by a great deliverance."

The night of division shall in God's will give way to the day of Union and all of God's own shall be made one in Christ. "What a day, what a glorious day that will be," when all of us are made known unto our brethren and the sin that has divided us is all washed away and we are able to see Jesus revealed in a many membered body perfectly joined together in the same mind and in the same judgment, all speaking the same thing with no division among us.

In such discerning of the "Lord's

Body" there is a great deliverance from sickness and death. A posterity is preserved in the earth." May God grant that no one in his blind unbelief will refuse to even now cross over Jordan, as it were, and find his brethren.

Let us not turn back into the wilderness of the working of men's minds which produces religious babylon, but let us go on in and possess our inheritance in the saints—"Oneness in Christ"—Full Salvation Union; which is to be found more in a living consciousness filling us than in the intellectual grasp of an idea.

It is not necessary to die in the wilderness and to bleach our bones out there. Today is the day of "Full Salvation Union." Now is the accepted time.

How foolish it is for men to barricade themselves behind their own reason and in a defeated spirit project off into the dim and distant future the blessing of eternal life which Christ now offers in that "Oneness" for which He prayed. Yes, how foolish it is to say that such a reality can only be realized after we die—that we cannot be made "one" now.

A way with such unbelief! We can be made perfect in "one" now! "I can, I will, I do believe." "Oh Christ help thou mine unbelief."

"I seek my brethren" wherever they may be scattered—in modernism, in infidelity, in humanism, or in any of the many religious sects in Christendom or in the religions of the East. Wherever you may happen upon them tell them for me that James Andrews is seeking his brethren.

Reimers Attend Witnesses Meet

Representing the Plymouth congregation of Jehovah's Witnesses at Ypsilanti last week end were Mrs. Russell Reimer and children of Northville. The occasion was a three-day Bible seminar presided over by H. A. Fetzik, district director of Witness activity in three states.

"I was amazed," said Mrs. Reimer, "at the unusual attention devoted to the youths of our organization. The entire program Friday evening was centered on the problems of the young people today and in offering practical solution to those problems. Keeping the family circle intact by regular family Bible study of the right kind and by doing things together as a family was cleverly demonstrated in a series of skits presented by the young people themselves."

Fifteen congregations comprising Michigan Circuit No. 8 were invited to the meet which drew more than

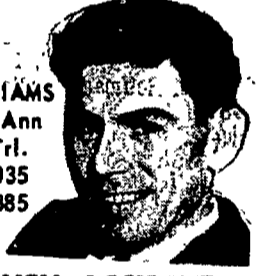

1,000 delegates. The affair was held at Ypsilanti high school.

Income Tax Season:

Yes, it's that time again. Unfortunately, injury and illness have no season. It's time to check your income protection program now. Call me today.

WOODMEN ACCIDENT AND LIFE COMPANY

Why do people with hard-to-heat rooms turn to electric heat?

It's pure and simple

Electric heat is the clean, modern heat—no flame, no fumes. It's a snap to install—costs less, too—because it's more compact and needs no flue. And only electric heat is 100% efficient; the heat is created right where it's used. It's also economical. You can buy an attractive, low-operating-cost unit for as little as \$35-\$40 (plus thermostat and installation). And we're talking about a unit that can turn a 12' x 20' polar region into a tropical delight. Just dial the warmth you want, and you get it. Give us a call. We'll send an Edison Heating Specialist to discuss equipment, installation, and operating cost with you. No obligation, of course.

EDISON

fantastic future

Today, the earth. Tomorrow, the moon. What next? Even twenty years ago we would have found it hard to accept the idea of man going out into space—landing on the moon—consorting with the stars—hurtling around the earth. What will things be like twenty years from now, and what will we accept then?

Living on the threshold of the space age, it is easy to be carried away by the stranger-than-fiction events that happen every day. Because of this, we need more than ever the steady force of the Church in our lives: No matter what happens, we may be sure that the Church will continue to endure as it has through the centuries. God's House will be with us in all its majesty, as will His word.

Even the astronauts themselves have shown again and again that the Church is a deep part of their lives. Be sure to make and keep it a part of yours.

OUT OF THE PAST

ONE YEAR AGO...
...A proposed \$10 million development of homes and apartments was given the greenlight when joint action was taken by the city and township permitting annexation of 35 acres into the city.

...Northville township's planning commission unveiled its new comprehensive zoning ordinance at a public hearing.

...Building activity in the city increased more than \$1 million in 1965 over 1964, Building Inspector C. Oscar Hammond reported.

...Tryouts for "Bell, Book and Candle" was scheduled by the Northville Theater Guild.

...Pamela Smith and Janet Funk were winners of the VFW-sponsored Voice of Democracy contest.

...A petition to operate a sanitary landfill on the Eight Mile road property of Councilman Philip Anderson was denied.

...Clyde H. Schoultz, 72, of 495 Cady street, a life-long resident of Northville, died.

FIVE YEARS AGO...

...The late William D. Flint recalled some of the early business places that once existed in Novi. Among these were Sackner's tile factory, Vogts, sawmill, and a large hotel at the northeast corner of Novi road and Grand River. To attend Northville schools from Novi in the late 1880's, he said he would go to the Novi train depot and hitch a ride on the hand car by helping the second hands pump down to Northville. It was fun going down, he recalled, but coming back was hard work.

...First prize for the best outdoor Christmas decorations in Northville went to the George Kohs family of 473 West Cady.

...Joyce Stevenson and Lucille Merriam were awarded diplomas from Michigan State university.

...Mary Church was a guest lecturer at the Woman's club meeting.

...Skating continued at the fish hatchery because flooding difficulties delayed opening of the new rink on Cady street.

...The Ely Oil Kings, Northville's bid in the Garden City Senior Men's hockey league, dropped their first two games.

TEN YEARS AGO...

...Latest Northville candidates to enter the council race were former councilman Stoney Field, E. C. Welch, and A. Hoffman. Earlier petitions had been filed by Earl Reed, incumbent, and Harvey Ritchie. Councilman John Stubenvoll had announced he would not seek re-election.

Evans Company Declares Dividends

Evans Products Company's board of directors today declared a cash dividend of 15 cents per share payable January 31, 1967 to common stockholders of record January 16.

In addition, the directors declared a 4% common stock dividend payable March 6, 1967 to stockholders of record on February 6. This is the fourth consecutive 4% stock dividend paid by Evans commencing in 1964.

Evans Products Company, with executive offices in Portland, Oregon, is a diversified manufacturer and distributor of transportation equipment and building products.

HOW TO READ CAR ADS

There are several schools of thought on automobile advertising.

Some dealers subscribe to the idea of listing cars without prices with the purpose of attracting customers interested in particular models. Others list prices, but pick out a stripped-down model they can advertise at a low price.

Still other dealers advertise terms, like "as little as so and so down" etc. to interest buyers with little cash by emphasizing small payments. Then there is a type of price advertising in which the dealer advertises cars at unbelievably low prices.

Eliminating prices is often a quality dealer's defense against unethical competitive price advertising. Advertising terms alone is inadequate since good credit will enable any dealer to grant terms to suit you.

The most straightforward type describes the model with accessories and states the actual price at which it can be bought. Take a double look at very low advertised prices. If they look impossible, they likely are, since no dealer is in business to lose money.

Check out the dealer's guarantees and service policies with customers you may know. They are just as important a part of the "deal" as the car and the price. Above all, keep future service in mind when you buy.

JOHN MACH

In Metropolitan Area

Multiple Developments Soar

Population of the four-county Detroit Metropolitan area has increased 10.8 percent since 1960, officials of the Detroit Metropolitan Area Regional Planning commission revealed this week in its January issue of the Regional Reporter.

The population of Wayne, Oakland, Macomb and Washtenaw counties increased from the April 1960 census of 3,934,800 to 4,359,000 as of July 1, 1966.

"So far," they reported, "the gross gains for the 1960s are not keeping up with those of the 1950s. The region increased 784,000 during the previous decade. At the present rate of gain, the total increase for the current decade will run around 679,000."

Macomb county with a gain of 144,196

since 1960 showed the greatest numerical increase as well as the highest percentage gain of 35.6 percent. Oakland county was not far behind with an addition of 139,741 for a 20.2 percent gain.

Out-Wayne county (exclusive of Detroit) had an increase of 131,847 for a 13.2 percent gain. Washtenaw county added 38,560 to register a 22.4 percent gain. The city of Detroit for the second year made a gain over the previous year, adding 10,000. But the 1966 Detroit figure of 1,940,000 is still some 30,144 below the 1960 census of 1,670,144.

Commission officials stated that they are interested in doing a multiple housing study, but that such a study is

still in the "proposal stage". They invited comments from interested citizens concerning this study.

NOVI HIGHLIGHTS

Mrs. H. D. Henderson FI-9-2428

Friday evening, 6 to 7:30 p.m. a moose Swiss steak dinner will be served at the Novi Methodist church. The dinner, sponsored by the Discussion group, will be served by the men of the church. Tickets may be purchased at the following business places in Novi: Mobil Oil, Standard Oil, Novi Drug, Trickey's, Trotter's, Harbin's, Novi Auto Parts and Mobaraks. For information call Garland Killen.

Members of the Birthday club had a luncheon at the home of Mrs. Robert Brown in New Hudson on Wednesday of this week. They honored Mrs. Otis Fletcher, who will be leaving with her family for Arizona next week.

Mr. and Mrs. Floyd Darling were the Sunday dinner guests of their son and daughter-in-law, Mr. and Mrs. Tom Darling at Walled Lake.

Mr. and Mrs. Charles Johnson of Columbus, Ohio came up for the weekend to visit the latter's parents, Mr. and Mrs. Dan McGilivray.

Mr. and Mrs. Dan Ritter and son, Tom and daughter Florence, have returned from three weeks of vacation in Florida. They spent some time with Mrs. Ritter's father at Ocala. They gathered shells at Santabell Island, visited St. Petersburg, watched the sponge divers at Tarpon Springs and visited other interesting places in Florida.

Mr. and Mrs. Byrle Hines took their dinner and picked up Mr. and Mrs. Joe Pollock and went over to Highland to be with the other sister, Mrs. Lydia Fuller for their annual get-together Thursday.

Saturday night Mr. and Mrs. Byrle Hines were the dinner guests of Mr. and Mrs. Byrle Hines Jr. at Highland.

Mr. and Mrs. Duane Bell and Mr. and Mrs. William Springer of Willowbrook were among the guests at the Target Busters Gun Club annual game dinner in South Lyon this past Saturday evening. Included on the list of wild game served were goose, venison, bear, antelope, rabbit and pheasant. Approximately 100 were present.

Melvin Guntzville celebrated his 13th birthday at a party last Saturday. Melvin had 22 guests and they had their party in the three-car garage. They spent most of the time sidding after which a beautifully decorated cake, made by Mary Louise Taylor, was served.

Mrs. Lyle Fettig spent two days of last week visiting her mother, Mrs. Leonard Schlipa, at Mt. Ayr in Iowa.

Miss Eugenie Choquet has started a Jr. First Aid class at Glengarry School, Walled Lake.

Mrs. Virginia Burnham of Fonda street gave a bridal shower last Thursday evening, honoring Mrs. Mike Eastland of Union Lake. The 17 guests present came from Northville, Union Lake, Walled Lake and Novi.

A get together for the family and friends of Mr. and Mrs. Mike Eastland was held in Garden City Saturday evening. Mrs. Burnham was among the guests present.

Today Mrs. George Atkinson and Mrs. Glen C. Salow were the luncheon guests of Mrs. Leo Crane in Plymouth.

Mr. and Mrs. James Frisbie called on Mrs. Francis Denton, who is a patient in Mt. Carmel Hospital, Detroit, this past Sunday.

After spending several days with her aunt, Mrs. Marie LaFond, Mrs. Rose Gouin returned Tuesday to her home in Windsor.

Sunday dinner guests of Mr. and Mrs. Lloyd Coleman were their son-in-law and daughter, Mr. and Mrs. Ronald Slobor of Detroit, and Mr. and Mrs. Kenmore Elderling of Fenton.

Mrs. Louis Tank is a patient in the Redford Community hospital. She is having a general check-up.

Mrs. Ruth Starkweather of Northville, Mrs. Laney Henderson of Novi and Mrs. Mildred Schwarz of Detroit were the luncheon guests of Mrs. Emma Gilmore in Southfield last Wednesday.

Mrs. Gertie Lee gave a party for her ceramic students last Tuesday evening. They played bunco with prizes. Mrs. Lee gave each student a ceramic gift and served a dainty lunch.

NEWS FROM WILLOWBROOK

Mr. and Mrs. Ralph Rivers had a house full of company on Sunday when their children and grandchildren came to dinner. They were Mr. and Mrs. John Stanbarger and children of Taylor, Mr. and Mrs. Ralph Rivers Jr. of Lincoln Park and Miss Joan Rivers of Romulus.

Last Monday evening Mr. and Mrs. Ralph Rivers were the supper guests of Rev. and Mrs. B. Walker in Southgate.

Last Sunday Mr. and Mrs. Robert Laverty were hosts at a belated holiday dinner. Their guests were aunts and uncles from Detroit, Mrs. Victor Michalowski, Mrs. Paul Knox, Mr. and Mrs. John Otrompke and Mrs. Laverty's parents, and Mr. Laverty's mother, James Needham, son of Mr. and Mrs. Thomas Needham, who is with the Marines stationed at the Quang Qual Province in Operation Sierra, presently is located on the air strip.

FIRST BAPTIST CHURCH

All ladies planning to attend the winning women's retreat on March 3, 4 and 5 should plan to get their registration in as soon as possible as there is a limit as to the number of women who can be accommodated. Program this year includes a special speaker, Dr. Anna Mow of Roanoke Virginia,

Jane Jones of Coronada, California and Jill Renich, president of Winning Women. Housing will again be in motels in Sarnia, Ontario and there will be buses for transportation to the John Moran Auditorium in Port Huron. Contact Mrs. Lawrence Smith for additional information.

Roller-skating will be on Thursday night and everyone is encouraged to meet at the church at 6:15 and leave by 6:30 for Island Lake. This is open to the whole family and anyone planning to drive is asked to call the church office.

Open House at the new parsonage on Taft road will be held next Sunday afternoon from 3 to 5 p.m. The Vera Vaughn Circle will have charge of the refreshments.

There is a Christian Workers Banquet on Friday January 20 at 6:45 p.m. at Berkley Community church. The special speaker will be Dr. Culbertson, president of Moody Bible Institute, and special music will be by the Royalheirs, Mr. Music-Chuck Ohman, and the duet team, Cate and Sonnenberg. Anyone wishing to go should contact Sunday School secretary Mrs. Presnell at the church office. This program is being sponsored by the Michigan Sunday School association.

There is a need for children's clothing, girl's clothing, ages 2, 3, 4, 6 and boy's, 8 years, size 10. Clothing may be brought to the church any time. HOLY CROSS EPISCOPAL MISSION

The annual dinner will be held next Sunday January 22 following the morning service at the new church on Ten Mile road.

Mr. and Mrs. E. Elton Poole celebrated their 50th wedding anniversary Sunday, January 15 at an open house at their home on Seely road.

NOVI METHODIST CHURCH

On Monday the second class of church study, "Acts, Then and Now," was held at the church.

Choir rehearsal is scheduled Wednesday evening at 7:30 p.m. The WSCS met on Wednesday this week and the EUB members of the Willowbrook Community church were guests. Miss Lonna Pelton of the Peace Corps was the speaker. Miss Pelton spent two years in Bolivia and three years traveling in South America. Her parents are Mr. and Mrs. Orville Pelton of Clark street. Confirmation classes are slated Saturday for the eleven and twelve year olds. Sunday January 22, the Jr. Hl MYF will meet at 6 p.m. and the Sr. High MYF at 7 p.m.

The quarterly conference meeting of the New Hudson and Novi churches will be held in the Novi church Tuesday, January 24, at 7:30 p.m.

EUB WILLOWBROOK COMMUNITY

The meeting of the Stewardship Steering committee will be held on Monday and Wednesday in the Willowbrook Community church at 8 p.m.

The Jr. Fellowship will hold its regular meeting at 4 p.m. Friday in the church. The fourth, fifth and sixth graders are invited to continue the mission study and take part in other enjoyable activities.

Jr. Catechism will be held Saturday at 9 a.m. All sixth graders are encouraged to be present. The fourth and fifth are invited to take part.

Sr. High Catechism will be held at 10:15 p.m. Saturday. Seventh, eighth and ninth graders are urged to participate in this class of instruction. There is still room for more young people to join this group.

Choir practice will be held at 8 p.m. Wednesday. New members are invited to join.

The Willowbrook Community church Loyalty Dinner will be served at Aunt Jemima's Pancake house at 7:30 p.m. Monday, January 23.

NOVI REBEKAH AND ODDFELLOWS

Saturday evening, January 14, the Lodge Deputy Kathryn Bachert and her installing staff installed the officers of the Clyde and Novi Lodges in a joint installation. Novi officers installed were: Noble Grand Lillian Byrd, Vice Grand Shirley Carter, Warden Margaret Marshall, Conductor Grace Frisbie, Recording Secretary Flossie Eno, Financial Secretary Ann Ortwine, Treasurer Vivian Curtis, Musician Gladys Tremper, Inside Guardian Jennie Champion, Outside Guardian Betty Wilson, Chaplain Leona Buffmyer, Right Supporter to Noble Grand Thelma Cheeseman, Left Supporter to Noble Grand Blanche Clutz, Right Supporter to Vice Grand, Sue Watson, Left Supporter to Vice Grand Irene Staman. After installation the degree team put on their drill and a delightful lunch was served.

Tuesday evening, January 17 Mr. Earl Gray of Plymouth with his installing staff installed the following IOOF officers in the Novi Lodge: Noble Grand Glen C. Salow, Vice Grand Roy Marshall, Recording Secretary Russell Bolton, Financial Secretary Duane Bell, Treasurer James Frisbie, Warden Gail Enders, Conductor Dempsey Ebert, Outside Guardian Alfred Gow, Inside Guardian Glen Salow Sr., Chaplain James Mitchell, Right Supporter to Noble Grand Erwin Martin, Left Supporter to Noble Grand Hadley Bachert, Right Supporter to Vice Grand Tony Olivich and Left Supporter to Vice Grand Rudy Wendland. A lunch was served after installation. The next regular meeting of the IOOF will be Tuesday, January 24.

The Past Noble Grands club will meet tonight, Thursday, January 19, at the IOOF Hall at 6:30 p.m. with Laree Bell and Lulu Whittington as hostesses.

Practice for the New Rebekah officers will be held Wednesday, January 25. The next regular Rebekah meeting is slated for Thursday, January 26.

NOVI GOODFELLOWS

Fifteen Goodfellows met at the Rosewood Saturday evening and elected new officers. They are: Chairman Richard Bingham, Vice Chairman Lee BeCole, Secretary Florence Harris and Treasurer Frazer Staman.

Among the organizations represented were: Rotary club, Board of Commerce, Farm Bureau, Blue Star Mothers, Village of Novi, Novi Women's Republican Club, Civil Defense, Rebekahs and IOOF.

NOVI GIRL SCOUTS

On Tuesday this week all registered adults met at the home of Carol

Mason on LeBost street. They discussed the financial report.

Junior Troop No. 913 - Diane Muenchow led the girls in learning some new songs.

Junior Troop No. 1027 - Worked on their badges.

Brownie Troop No. 165 - put on skits about the Three Bears and Cinderella.

New Junior Troop - Mrs. Turpin is doing a good job taking care of the troop during the absence of their leader, Mrs. Clarence Rice, who had the misfortune to fall on the ice and break her leg. Mrs. Rice is working with the troop from her home during convalescence.

Anyone who has a uniform not in use please contact neighborhood chairman, Edna Miller, FI 9-2339.

NOVI SCHOOL MENU

Monday - Irish stew, meat, vegetables, bread and butter sandwiches, fruit and milk.

Tuesday - Chicken, biscuits, gravy, mashed potatoes, bread, butter, buttered carrots, pudding and milk.

Wednesday - Sloppy joe hamburgers, Buns, potato chips, harvard beets, hot gingerbread, whipped cream and milk.

Thursday - Cook's surprise, bread, butter, hot vegetable, dessert and milk.

Friday - No school end of semester.

GIRL SCOUT BROWNIE TROOP

Number 351 - had election of officers. Elected: Gaye Coburn, president; Shannon Lovett, vice president; Robin Stipp, secretary; and Penny Skeltis, treasurer.

ASSISTANT MANAGER—
George K. McCutcheon of Bloomfield Hills has been named assistant manager of Ford Tractor and Implement Operations' North Central Office, headquartered in Wixom. Formerly stationed in Brussels, Belgium as regional tractor manager for Ford's European Tractor Operations, McCutcheon succeeds Carl M. Erickson.

Truckers Pay Third Of Taxes

Nearly one-third of the money given the city of Northville from the Michigan Motor Vehicle Highway Fund for the 1966 fiscal year was collected from truckers, the Michigan Trucking association revealed this week.

Distribution to Northville totaled \$37,200, with an estimated \$11,234 resulted from taxes paid by truckers. Total distribution to Wayne county and 33 communities in Wayne amounted to \$36,845,644, with an estimated \$11,127,384.

The MTA determined the amount of highway-user taxes paid by trucks based on the Michigan Department of State Highways accounting of the Motor Vehicle Highway Fund proceeds, plus distribution of federal-aid highway money.

Michigan highway-user taxes, the source of the highway fund, are primarily comprised of vehicle registration fees, motor fuel and motor carrier privilege taxes. About two-thirds of the total proceeds of \$274 million is collected from sale of motor fuel, and one-third from automobile, truck and trailer registration fees.

Truck payments account for 30.5-percent of the total, although trucks comprise only 16-percent of the vehicles using the roads, the MTA emphasized.

The formula for distribution of the Michigan Fund is 47-percent to the state truckline fund, 35-percent to counties and 18-percent to cities and villages.

Federal highway-user taxes are levied on motor fuel, lubricating oil, parts and accessories, tires, tubes and tread rubber, new trucks and trailers and motor vehicle use.

Subdivision Regulations of the Township of Northville

ORDINANCE NO. 24

An ordinance establishing regulations governing the subdivision of land; providing standards, procedures and rules for the preparation and filing of plats, and to provide for preliminary and final approval or rejection of such plats by the township of Northville, Wayne County, Michigan; and imposing penalties for the violation of this ordinance.

THE TOWNSHIP OF NORTHVILLE ORDINANCES:

ARTICLE I - TITLE AND PURPOSE SECTION 100. TITLE.

This Ordinance shall be known and may be designated as the "Township of Northville Subdivision Regulations Ordinance."

SECTION 101. PURPOSE:

The purpose of this Ordinance is to regulate and control the subdivision of land within the corporate limits of the Municipality, in order to promote the public health, safety, comfort, convenience and general welfare of the inhabitants of the Municipality; to provide means for carrying out the Municipality's responsibilities relative to the platting of land under the laws of the State of Michigan, and to provide for the orderly growth and harmonious development of the Municipality, consistent with the Master Plan and Zoning Ordinance; to secure adequate traffic circulation through coordinated street systems so as to lessen congestion on the streets and highways; to ensure adequate provisions for water, drainage and sanitary sewer facilities, and other health requirements; to achieve the maximum utility and livability on individual lots; and to provide logical procedures for the achievement of these purposes.

ARTICLE II - DEFINITIONS SECTION 200.

The following definitions shall apply in the interpretation and enforcement of this Ordinance.

1. ALLEY - a dedicated public way of twenty-six (26) feet or more in width affording a secondary means of access to abutting property and not intended for general traffic circulation.

2. BLOCK - that property abutting one side of a street and lying between the two nearest intersecting streets, or between the nearest such street and railroad right-of-way, unsplit, unseparated, river or live stream; or between any of the foregoing and any other barrier to the continuity of development.

3. BOARD - the Township Board of the Township of Northville.

4. CLERK - the Township Clerk of the Township of Northville.

5. CUL-DE-SAC - a minor street of short length, having one end open to traffic and being permanently terminated at the other end by a vehicular turn around.

6. EASEMENT - a specific area of land over which a liberty, privilege or advantage is granted by the owner to the public, a corporation, or some particular person or part of the public for specific uses and purposes, and which shall be designated a "public" or "private" easement depending on the nature of the user.

7. FINAL PLAT - a map of all or part of a subdivision prepared and certified as to its accuracy by a registered engineer or land surveyor. Such map must meet the requirements of the Plat Act, Act 172 of the Public Acts of 1929 as amended, and be acceptable for recording in accordance with that or succeeding Acts.

8. IMPROVEMENTS - grading, street surfacing, curbs and gutters, sidewalks, crosswalks, water mains, fire hydrants, sanitary sewers, storm sewers, culverts, bridges, and other additions to the natural state of land which increase its value, utility or habitability.

9. LOOP STREET - a minor street of short length with two openings to traffic, beginning from the same street, and projecting parallel to each other and connecting at their termination by a loop.

10. LOT - a parcel of land separated from other parcels on a preliminary or record plat for the purpose of sale, lease, or separate use.

11. MAJOR THOROFARE - an arterial street of great continuity which is intended to serve as a large volume trafficway for both the immediate Municipal area and region beyond, and may be designated in the Municipality's Major Thorofare Plan as a major thorofare, parkway, expressway, or equivalent term.

12. MARGINAL ACCESS STREET - a minor street parallel and adjacent to a major thorofare and which provides access to abutting properties and protection from through traffic.

13. MASTER PLAN - the comprehensive land use plan for the Municipality, including graphic and written proposals indicating the general locations recommended for the streets, parks, schools, public buildings, zoning districts, and all physical developments of the Municipality including any unit or part of such plan separately adopted, and any amendments to such plan or parts thereof adopted by the Planning Commission.

14. MINOR STREET - a street supplementary to a secondary street intended to serve the local needs of the neighborhood and of limited continuity used primarily as access to abutting residential properties.

15. MUNICIPALITY - the Township of Northville.

16. PERSON - individual, partnership, firm, corporation or association.

17. PLANNING COMMISSION - the Planning Commission of the Township of Northville.

18. PRELIMINARY PLAT - a map indicating the proposed layout of a subdivision in sufficient detail to provide an adequate basis for review and to meet the requirements and procedures set forth hereinafter, the same being the proposed plat referred to in Section 4, Act 172 of the Public Acts of 1929, as amended.

19. PROPRIETOR - includes the plural as well as the singular and may mean a person, firm, association, partnership, corporation, or any legal combination of them or any other legal entity proceeding under these regulations to effect a subdivision of land for himself or for another.

20. PUBLIC RESERVATION - a portion of a subdivision which is set aside for public use and made available for public use and acquisition.

21. PUBLIC UTILITY - any person, firm, or corporation, municipal department, board or commission, duly authorized to furnish, and furnishing under governmental regulations to the public: gas, steam, electricity, sewage disposal, communication, telegraph, transportation or water.

22. PUBLIC WALKWAY - a right-of-way dedicated for the purpose of a pedestrian access through residential areas, and located so as to connect to two or more streets, or a street and a public land parcel.

23. SECONDARY STREET - a street intended to serve as major means of access from minor streets to major thorofares with considerable continuity within the framework of the Major Thorofare Plan.

24. STREET - a right-of-way dedicated to public use, which provides vehicular and pedestrian access to adjacent properties whether designated as a street, highway, thorofare, parkway, road, avenue, lane or however otherwise designated, comprising all the land between right-of-way lines whether improved or unimproved, and may include pavement, curbs and gutters, shoulders, sidewalks, parking areas, lawn areas and other areas within the right-of-way lines.

25. SUBDIVISION - the division of land as defined in Act 172, of the Public Acts of 1929, as amended.

26. TURN-AROUND - a widened section at the terminus of a cul-de-sac, loop or dead-end street, providing for installation of a roadway loop of a large enough radius so that entering vehicles may proceed around such loop and return in an opposite direction.

27. WORDS - single words shall include the plural and masculine words shall include the feminine and neuter.

ARTICLE III - PLATTING PROCEDURE AND DATA REQUIRED

The preparation of a subdivision for platting shall be preceded by a preliminary investigation and shall go through two stages including Preliminary Plat and Final Plat and in accordance with the procedure as follows:

SECTION 300. PRELIMINARY INVESTIGATION:
Prior to the preparation and filing of a Preliminary Plat, the proprietor may meet informally with the Planning Commission in order that he may become familiar with these Regulations and with the proposals of the Master Plan as they affect the area in which his proposed subdivision is located. The proprietor shall concern himself with the following factors:

a. The area of the proposed subdivision shall be properly zoned for the intended use.
b. An investigation of adequacy of existing schools and the adequacy of public open spaces including parks and playgrounds to service the proposed subdivision shall be made by the proprietor.
c. The relationship of the proposed subdivision to major thorofares and plans for widening of thorofares shall be investigated by the proprietor.
d. Standards for sewage disposal, water supply and drainage of the Municipality and health standards of Wayne County and the State of Michigan shall be investigated by the proprietor.

SECTION 301. PRELIMINARY PLAT PROCEDURE:
The procedure for preparation and submission of a preliminary plat of a land area to be subdivided shall be as follows:

a. FILING - The proprietor shall submit the following to the Clerk, at least twenty (20) days prior to the regular Planning Commission meeting:
(1) Three (3) copies of a letter of application for a preliminary plat review.
(2) Ten (10) copies of the Preliminary Plat, including one reproducible septa or approved equivalent transparency.
(3) Written statement verifying prior submission of preliminary plat to the Board of Wayne County Road Commissioner and other governmental agencies having jurisdiction.
b. DATA REQUIRED - The preliminary plat shall contain the following information:

(1) Proposed name of subdivision.
(2) Location by Section, Town and Range, or by other legal description and an area map showing the general relationship of the proposed subdivision to the surrounding area within one-half mile at a scale of not less than 1"=500'.
(3) Names and addresses of proprietor, designer, engineer or land surveyor who designed the subdivision layout. The proprietor shall also indicate his interest in the land as to whether it is a fee interest, land contract interest, option to purchase interest, or purchase agreement interest. If proprietor holds only an option to purchase or purchase agreement interest the actual owner must countersign all submissions and identify his interests.
(4) Scale of preliminary plat, 1" equals 100', as minimum acceptable scale.
(5) Date, north point and scale.
(6) Layout of streets indicating proposed names, rights-of-way widths and connections with adjoining platted streets and also the widths and locations of alleys, easements and public walkways, and also lot lines, public utility easements, public easements, and street rights-of-way on land within two-hundred (200) feet of the proposed plat.
(7) Topography drawn as contours with an interval of not more than two (2) feet. Elevations shall be on U.S.C. & G.S. datum. Where existing surface will remain substantially unaltered, proposed grades of streets shall be shown by superimposed contours in a characteristic clearly distinguishable from the existing ground contours. Where substantial alteration of existing ground surface is proposed, a separate contour map shall show the proposed revised ground surface and street grades.
(8) Layout, numbers and dimensions of lots, including building setback lines showing dimensions. If any outlots are proposed in the plat, the specific purpose of each outlot shall be indicated.
(9) Indication of proposed uses of parcels to be dedicated or set aside for public use or for the use or property owners in the subdivision or lands set aside for future street connections to adjacent tracts.
(10) An indication of system proposed for sewage disposal by a method approved by the Michigan Department of Health and the Board shall be provided by the proprietor.
(11) An indication of system proposed for water supply by a method approved by the Michigan Department of Health and the Board shall be provided by the proprietor.
(12) An indication of storm drainage proposed by a method approved by the Board and, if involving county drains, the proposed drainage shall be acceptable to the County Drain Commissioner.
(13) In the case where the proprietor wishes to subdivide a given area but wishes to begin with only a portion of the total area, the preliminary plat shall include the proposed general layout for the entire area. The part which is proposed to be subdivided first shall be clearly superimposed upon the overall plan in order to illustrate clearly the method of development which the proprietor intends to follow. Each subsequent plat shall follow the same procedure until the entire area controlled by the proprietor is subdivided.

SECTION 302. PRELIMINARY PLAT REVIEW BY PLANNING COMMISSION:
The Clerk shall place the proposed preliminary plat on the agenda of the next regular Planning Commission meeting which follows the submittal, by no less than twenty (20) days. Should any data required in SECTION 301 of this Ordinance be omitted the proprietor shall be notified of the additional data required, the Planning Commission shall delay further action until the required data is received. The Planning Commission shall approve, approve with conditions, or disapprove the preliminary plat. The Planning Commission shall review a preliminary plat in the following manner:

a. All the details of the proposed preliminary plat shall be reviewed with reference to the requirements of the Zoning Ordinance of the Township of Northville, as amended, the various elements of the Master Plan, and the design standards of this Subdivision Regulations Ordinance. The Planning Commission may, at their discretion, transmit copies of the proposed preliminary plat to the Municipal Engineer and Planner for their technical reviews; and the Planning Commission shall transmit copies of the preliminary plat to the Municipal Departments concerned with the development, and may transmit a copy to the School Board for review and recommendations.
b. It shall be the duty of the Planning Commission via the Clerk's Office to send notice by registered or certified mail to the proprietor and to the owners of land immediately adjoining the property to be platted of the presentment of the preliminary plat and the time and place of meeting of the Planning Commission to consider said preliminary plat; said notice shall be sent not less than five (5) days before the date fixed therefore.
c. The Planning Commission shall recommend approval, conditional approval, or disapproval of the proposed plat within thirty one (31) days from the date that the plat first appeared on their agenda.

(1) Should the recommendation be a conditional approval and therefore tentative and if the proprietor shall in writing have waived the time requirement set forth in SECTION 303 of this Ordinance, the preliminary plat shall not be forwarded to the Board until said conditions have been satisfied by the proprietor. The revised preliminary

plat shall be marked as a revision and shall follow the filing procedure required in SECTION 301.

(2) Should the Planning Commission recommend disapproval of the preliminary plat, it shall record the reasons in the minutes of that meeting. A copy of the minutes and a copy of the preliminary plat shall be forwarded to the Board.

(3) Should the Planning Commission find that all conditions have been satisfactorily met, it shall recommend preliminary approval of the plat; the Chairman and Secretary shall make a notation to that effect on each copy of the preliminary plat, returning one copy to the proprietor, forwarding five (5) copies to the Board via the Clerk's office with recommendations for preliminary approval, and retaining one (1) copy which shall become a matter of permanent record in the Planning Commission files.

SECTION 303. PRELIMINARY PLAT REVIEW BY BOARD:
The Board will not review a preliminary plat until it has received the recommendations of the Planning Commission. Following the receipt of such recommendations, the Board shall consider the plat at a meeting, where the matter is placed on the regularly scheduled agenda and shall make such recommendations in writing as it deems fit and proper. Such meeting shall be held within thirty (30) days of the date of the regular Planning Commission meeting at which the Preliminary Plat was approved or disapproved.

a. Should the Board approve the preliminary plat, it shall be deemed to confer upon the proprietor, the right to proceed with the preparation of a final plat.
b. Preliminary approval shall not constitute approval of the final plat. It shall be deemed as approval of the layout submitted on the preliminary plat as a guide to the preparation of a final plat.
c. The approval of the Board shall be effective for a period of eighteen (18) months. Should the final plat (as indicated in the following SECTION 304) in whole or in part not be recorded within this time limit, the preliminary plat must again be submitted for approval in accordance with the provisions of this Ordinance. Provided, however, that if only a portion of the preliminary plan is recorded within the eighteen (18) month period, and thereafter progress on the remainder of the preliminary plan shall be unreasonably deferred the Township Board may rescind approval of the unplatted portion of the preliminary plan.
d. No installation or construction of improvements shall be commenced before the final plat has been recorded, nor before the engineering plans have been approved by the Municipality and other governmental agencies having jurisdiction. Provided, however, that where the Township Board finds that an undue hardship would otherwise result, it may by resolution grant permission to the proprietor to proceed with installation or construction of certain improvements in accordance with approved engineering plans, beyond the limits of the recorded portion of the preliminary plat when said improvements are contained in easements granted to the Township.
SECTION 304. FINAL PLAT PROCEDURE:
The procedure for the preparation and submittal of the final plat of land area to be subdivided shall be as follows:
a. FILING - The proprietor shall submit the following to the Clerk:
(1) Three (3) copies of the application for a final plat review.
(2) Five (5) linen-back and ten (10) paper copies of the proposed final plat.
b. DATA REQUIRED - The final plat shall comply with the provisions of Act 172 of Public Acts of 1929, as amended (The Plat Act), and with the instructions and requirements set forth in the Plat Manual of Instructions Relative to Making and Filing of Township, Village and City Plats, issued by the Auditor General's Office, Lansing, Michigan, and shall contain the following information:
(1) Indication that necessary easements along side lot lines for street light drop-outs have been granted to the appropriate public or private utility.
(2) The final plat shall conform substantially to the preliminary plat as approved, provided that final platting may be done in sections as set forth in SECTION 301, b. (13) of this Ordinance.
(3) The subdivider shall submit an abstract of title certified to date with an opinion from an attorney-at-law as to title showing all interests of record, or at the option of the subdivider, a policy of title insurance for examination in order to ascertain as to whether or not the proper parties have signed the plat.
SECTION 305. FINAL PLAT REVIEW BY BOARD:
The Board shall review the final plat within two (2) weeks after the date of filing with the Clerk and shall take action to approve or disapprove the final plat within thirty (30) days of its submission, unless this time requirement is waived in writing by the proprietor. The Board shall require of the proprietor as condition of final plat approval, a cash deposit, certified check or surety bond whichever the proprietor elects, running to the Township of Northville to insure, within the time specified in the contract, the performance of any contract relation with the Township of Northville relative to improvement of

public places other than roads and streets and shall require either a cash deposit, certified check or surety bond whichever the proprietor elects, running to the Township of Northville for the full cost, as estimated by the Township Engineer, of any required public sanitary sewer, water, and drainage facilities to insure the installation of such required public sanitary sewer, water, and drainage facilities, within the time specified in the contract, after approval of the plat; provided, that the Township shall rebate to the proprietor as the work progresses, amounts of any cash deposits equal to the ratio of the work completed to the entire project. All improvements shall conform to the applicable standards of the Township of Northville.
a. After the Board has approved the final plat, no change shall be made therein unless said final plat is resubmitted for review and approval in accordance with all the provisions of this Ordinance.
b. Upon approval of the final plat by the Board, the subsequent approvals shall follow the procedure set forth in the Plat Act.
c. When the plat bond as required in Section 23 of Act 172 of Public Acts of 1929, as amended, has been received by the Clerk, he shall transcribe certificate of approval of the Board on the Plat and deliver it to the Clerk of the County Plat Board.
d. No installation or construction of improvements shall be commenced before the final plat has been recorded, nor before the engineering plans have been approved by the Municipality and other governmental agencies having jurisdiction.
Provided, however, that where the Township Board finds that an undue hardship would otherwise result, it may by resolution grant permission to the proprietor to proceed with installation or construction of certain improvements in accordance with approved engineering plans, beyond the limits of the recorded portion of the preliminary plat when said improvements are contained in easements granted to the Township.
ARTICLE IV - DESIGN STANDARDS SECTION 400. MAJOR STREET LOCATION AND ARRANGEMENT:
The proposed subdivision shall conform to the various elements of the Zoning Ordinance and the Master Plan and shall be considered in relation to existing and planned major thorofares and secondary thorofares, and such streets, shall be platted in the location and the width indicated on such plan.
SECTION 401. MINOR STREET LOCATION AND ARRANGEMENT:
The proposed subdivision street layout shall include minor streets so laid out that their use by through traffic shall be discouraged. The street layout shall provide for a continuation of streets in adjoining subdivisions or for the proper projections of streets into adjoining property which may be subject to future subdivision.
SECTION 402. STREETS IN RELATION TO OTHER RIGHTS-OF-WAY:
Should a proposed subdivision border on or contain an expressway, or other limited access highway right-of-way, the Board may require the location of a street approximately parallel to and on each side of such right-of-way at a distance suitable for the development of an appropriate use of the intervening land as for residential, parks in residential districts or for commercial or industrial purposes in appropriate districts. Such distance shall be determined with due consideration of the minimum distance required for approach grades to future grade separation.
SECTION 403. MARGINAL ACCESS STREETS:
Should a proposed subdivision border on or contain an existing or proposed major thorofare, the Board may require marginal access streets, reverse frontages with approved screen planting contained in a non-access reservation along the rear property line having a minimum width of fifteen (15) feet, or such other treatment as may be necessary for adequate protection of residential properties and to afford separation and reduction of traffic hazards.
SECTION 404. RESERVE STRIPS:
Reserve strips controlling access to streets shall be prohibited.
SECTION 405. STREET RIGHTS-OF-WAY WIDTHS:
Street rights-of-way widths shall conform to at least the following minimum right-of-way widths:
STREET TYPE R/W WIDTH
a. Major thorofare - 120 feet
b. Secondary Thorofare - 86 feet
c. Minor Streets - 60 feet
d. Marginal Access Streets - 35 feet
e. Cul-de-sac Streets - 60 feet (terminated with a 110 foot diameter turn-around)
f. Loop Streets - 110 feet (terminated with a 110 foot diameter turn-around)
g. Turn-around - 110 foot diameter
h. Alley - 26 feet
SECTION 406. HALF STREETS:
Half streets shall be prohibited, except where absolutely essential to the reasonable development of the subdivision in conformity with the other requirements of these regulations and where the Board finds it will be practicable to require the dedication of the other half when the adjoining property is developed. Wherever there exists

adjacent to the tract to be subdivided, a dedication or platted and recorded half street, the other half shall be platted.

SECTION 407. STREET GEOMETRICS:
Standards for maximum and minimum street grades, vertical and horizontal street curves and sight distances shall be established by resolution of the Township's Board and shall in no case be less restrictive than the standards of the Board of Wayne County Road Commissioners.
SECTION 408. STREET INTERSECTIONS:
Streets shall be laid out so as to intersect as nearly as possible to ninety (90) degrees. Curved streets, intersecting with major thorofares and secondary thorofares shall do so with a tangent section of centerline fifty (50) feet in length, measured from the right-of-way line of the major or secondary thorofare.
SECTION 409. EASEMENTS AND UTILITIES:
Location of utility line easements shall be provided along the rear or side lot lines as necessary for utility lines. Easements shall give access to every lot, park or public grounds. Such easements shall be a total of not less than twelve (12) feet wide usually six (6) feet dedicated from each lot or parcel. In all new residential subdivisions public utility service facilities shall be constructed underground as set forth in the following Section. Recommendations on the proposed layout of public utility easements should be sought from all of the public utility companies serving the area. It shall be the responsibility of the proprietor to submit copies of the approved preliminary plat to all appropriate public utility agencies.
SECTION 410. REQUIREMENTS FOR UNDERGROUND WIRING:
The proprietor and/or subdivider of a residential subdivision shall make arrangements for all local distribution lines for telephone or electric services exclusive of main supply and perimeter feed lines when located on section or quarter section lines to be placed entirely underground throughout a subdivided area provided, however, that when a subdivision overlaps a section or quarter section line, said main supply and perimeter feed lines located on such section or quarter section line shall be placed underground. The Planning Commission may waive or modify this requirement where, in its judgment, circumstances exist which render compliance impractical. Conduits or cables shall be placed within private easements provided to the service companies by the proprietor and/or subdivider or within public ways. Those telephone and electrical facilities placed in dedicated public ways shall be planned so as not to conflict with other underground utilities. All telephone and electrical facilities shall be constructed in accordance with standards of construction approved by the Michigan Public Service Commission.
SECTION 411. BLOCK DIMENSIONS IN A RESIDENTIAL SUBDIVISION:
Blocks within subdivision shall conform to the following standards except where, in the opinion of the Planning Commission, physical conditions may justify a variation:
Block Length (in feet)
Measured Between R/W Lines
Maximum
a. Blocks containing lots of 85' or less in width 1,275
b. Blocks containing lots of more than 85' and not more than 110' in width 1,650
c. Blocks containing lots exceeding 120' in width 2,250
Large lot subdivisions of one-half acre or greater shall not be restricted by the above dimensions of the block length when the lots do not exceed a 3 to 1 ratio of depth to width. All other patterns, which cannot be described as having blocks shall be reviewed and approved by the Planning Commission, and shall be subject to adjustment by the Planning Commission.
SECTION 412. STREET LIGHT EASEMENTS IN RESIDENTIAL SUBDIVISIONS:
Easements three (3) feet in width shall be provided where needed along side lot lines so as to provide for street light dropouts. Prior to the approval of the final plat for a proposed subdivision, a statement shall be obtained from the appropriate public utility indicating that easements have been provided along specific lots. A notation shall be made on the final plat indicating: "The side lot lines between lots (indicate lot numbers) are subject to street light drop-out rights granted to the Detroit Edison Company."
SECTION 413. PUBLIC WALKWAYS IN RESIDENTIAL SUBDIVISIONS:
Locations of public walkways may be required by the Planning Commission to obtain satisfactory pedestrian circulation within the subdivision, where blocks are approved to exceed the standard maximum length. Right-of-way width of all such public walkways shall be at least twelve (12) feet and shall be in the nature of an easement for this purpose.
SECTION 414. PUBLIC RESERVATIONS IN RESIDENTIAL SUBDIVISIONS:
When consideration is given by the proprietor to the allocation of areas suitably located and of adequate size for playgrounds, school sites, parks, and recreation facilities, as indicated in the Master Plan and Zoning Ordinance, said

adjacent to the tract to be subdivided, a dedication or platted and recorded half street, the other half shall be platted.

SECTION 407. STREET GEOMETRICS:
Standards for maximum and minimum street grades, vertical and horizontal street curves and sight distances shall be established by resolution of the Township's Board and shall in no case be less restrictive than the standards of the Board of Wayne County Road Commissioners.
SECTION 408. STREET INTERSECTIONS:
Streets shall be laid out so as to intersect as nearly as possible to ninety (90) degrees. Curved streets, intersecting with major thorofares and secondary thorofares shall do so with a tangent section of centerline fifty (50) feet in length, measured from the right-of-way line of the major or secondary thorofare.
SECTION 409. EASEMENTS AND UTILITIES:
Location of utility line easements shall be provided along the rear or side lot lines as necessary for utility lines. Easements shall give access to every lot, park or public grounds. Such easements shall be a total of not less than twelve (12) feet wide usually six (6) feet dedicated from each lot or parcel. In all new residential subdivisions public utility service facilities shall be constructed underground as set forth in the following Section. Recommendations on the proposed layout of public utility easements should be sought from all of the public utility companies serving the area. It shall be the responsibility of the proprietor to submit copies of the approved preliminary plat to all appropriate public utility agencies.
SECTION 410. REQUIREMENTS FOR UNDERGROUND WIRING:
The proprietor and/or subdivider of a residential subdivision shall make arrangements for all local distribution lines for telephone or electric services exclusive of main supply and perimeter feed lines when located on section or quarter section lines to be placed entirely underground throughout a subdivided area provided, however, that when a subdivision overlaps a section or quarter section line, said main supply and perimeter feed lines located on such section or quarter section line shall be placed underground. The Planning Commission may waive or modify this requirement where, in its judgment, circumstances exist which render compliance impractical. Conduits or cables shall be placed within private easements provided to the service companies by the proprietor and/or subdivider or within public ways. Those telephone and electrical facilities placed in dedicated public ways shall be planned so as not to conflict with other underground utilities. All telephone and electrical facilities shall be constructed in accordance with standards of construction approved by the Michigan Public Service Commission.
SECTION 411. BLOCK DIMENSIONS IN A RESIDENTIAL SUBDIVISION:
Blocks within subdivision shall conform to the following standards except where, in the opinion of the Planning Commission, physical conditions may justify a variation:
Block Length (in feet)
Measured Between R/W Lines
Maximum
a. Blocks containing lots of 85' or less in width 1,275
b. Blocks containing lots of more than 85' and not more than 110' in width 1,650
c. Blocks containing lots exceeding 120' in width 2,250
Large lot subdivisions of one-half acre or greater shall not be restricted by the above dimensions of the block length when the lots do not exceed a 3 to 1 ratio of depth to width. All other patterns, which cannot be described as having blocks shall be reviewed and approved by the Planning Commission, and shall be subject to adjustment by the Planning Commission.
SECTION 412. STREET LIGHT EASEMENTS IN RESIDENTIAL SUBDIVISIONS:
Easements three (3) feet in width shall be provided where needed along side lot lines so as to provide for street light dropouts. Prior to the approval of the final plat for a proposed subdivision, a statement shall be obtained from the appropriate public utility indicating that easements have been provided along specific lots. A notation shall be made on the final plat indicating: "The side lot lines between lots (indicate lot numbers) are subject to street light drop-out rights granted to the Detroit Edison Company."
SECTION 413. PUBLIC WALKWAYS IN RESIDENTIAL SUBDIVISIONS:
Locations of public walkways may be required by the Planning Commission to obtain satisfactory pedestrian circulation within the subdivision, where blocks are approved to exceed the standard maximum length. Right-of-way width of all such public walkways shall be at least twelve (12) feet and shall be in the nature of an easement for this purpose.
SECTION 414. PUBLIC RESERVATIONS IN RESIDENTIAL SUBDIVISIONS:
When consideration is given by the proprietor to the allocation of areas suitably located and of adequate size for playgrounds, school sites, parks, and recreation facilities, as indicated in the Master Plan and Zoning Ordinance, said

Northville Township Subdivision Regulations

Continued from Page 6-B

areas shall be provided by one of the following methods:

- a. Dedication to the Municipality.
- b. Reservation of land for the use of property owners by deed or covenants.
- c. Reservation for acquisition by the Municipality or School Board within a period of two (2) years. Said reservation shall be made in such a manner as to provide for a release of the land to the proprietor in the event that the Municipality or the School Board does not proceed with the purchase.

Due regard shall be shown by the Board for preserving outstanding natural features such as scenic spots, water courses or exceptionally fine groves of trees.

SECTION 415. LOT SIZES AND SHAPES IN RESIDENTIAL SUBDIVISIONS:

Lots within subdivisions shall conform to the following standards:

- a. Lot widths, areas, and building setback lines shall conform to at least the minimum requirements of the Zoning Ordinance of the Municipality.
- b. Residential lots having excessive depth in relation to width shall be avoided when possible. A depth-to-width ratio of 3 to 1 shall normally be considered a maximum.
- c. Corner lots in residential areas shall be plated a minimum of at least fifteen (15) feet wider than the minimum widths required by the Zoning Ordinance for interior lots in order to permit conformance to setback lines on side lotted streets.
- d. Lots intended for purposes other than single-family residential use shall be specifically designated for such purposes.

SECTION 416. LOT ARRANGEMENT IN RESIDENTIAL SUBDIVISIONS:

Lots within subdivisions shall conform to the following standards:

- a. Every lot shall front or abut on a street.
- b. Side lot lines shall be at right angles or radial to the street lines, or as nearly as possible thereto.
- c. Residential lots abutting major thoroughfares or secondary thoroughfares, where marginal access streets are not desirable or possible to attain, shall be plated with reverse frontage lots with an approved screen planting contained in a non-access reservation along the rear property line having a minimum width of fifteen (15) feet, or such other treatment as may be adequate for protection of residential properties, or with side lot lines parallel to the major traffic streets.
- d. Lots shall have a front-to-front relationship across all streets. Any deviation shall require the review and approval of the Planning Commission.

SECTION 417. NATURAL FEATURES IN RESIDENTIAL SUBDIVISIONS:

The natural features and character of lands must be preserved wherever possible. Due regard must be shown for all natural features such as large trees, natural groves, water courses and similar community assets that will add attractiveness and value to the property, if preserved. The preservation of drainage and natural stream channels must be considered by the proprietor and the dedication and provision of adequate barriers and easements, where appropriate, shall be required.

SECTION 418. REQUIRED IMPROVEMENTS:

It is the purpose of this section to establish and define the public improvements which will be required to be provided by the proprietor as conditions for final plat approval.

- a. **SANITARY SEWERS** - When a proposed subdivision is located within, adjacent to or reasonably near the service area of an available public sanitary sewerage system, sanitary sewers and other required appurtenances thereto shall be installed in such a manner as to serve adequately all lots.
- b. **STORM DRAINAGE** - An adequate storm drainage system including necessary storm sewers, drain inlets, manholes, culverts, bridges and/or other appurtenances, shall be required in all subdivisions.
- c. **WATER SUPPLY** - When a proposed subdivision is located within, adjacent to or reasonably near the service area of a public water supply system, water mains, fire hydrants and other required water system appurtenances shall be constructed in such manner as to adequately serve all lots shown on the subdivision plat, both for domestic use and fire protection.

ARTICLE V - IMPROVEMENTS

SECTION 500. STANDARD DETAILS, STANDARD SPECIFICATIONS AND GENERAL SUPPLEMENTARY CONDITIONS:

The Township of Northville Standard Details, Standard Specifications and General Supplementary Conditions as adopted and amended from time to time by Resolution of the Township Board shall be complied with.

SECTION 501. COMPLIANCE REQUIRED:

The approvals required under the provisions of this Ordinance shall be obtained prior to the installation of any subdivision or project improvements within the Township of Northville, in public streets, public alleys, public rights-of-way, and public easements, and/or under the ultimate jurisdiction of the County of Wayne. All subdivision or project improvements within the Township of Northville installed in

public streets, public alleys, public rights-of-way, or public easements, and/or under the ultimate jurisdiction of the County of Wayne and/or the Township of Northville shall comply with all of the provisions and requirements of this Ordinance.

ARTICLE VI - FEES

Fees for review of the Preliminary Plat and for engineering and inspection fees, and other applicable development charges shall be established by Resolution of the Township Board and shall cover the cost of inspection and supervision resulting from the enforcement of this Ordinance.

ARTICLE VII - SEVERABILITY

If any section, paragraph, clause, phrase, or part of these Subdivision Regulations is for any reason held invalid by any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of these Regulations; and the application of those provisions to any persons or circumstances shall not be affected thereby.

ARTICLE VIII - REPEAL

All ordinances and amendments thereto enacted and/or adopted by the Township Board of the Township of Northville inconsistent with the provisions of this Ordinance are hereby repealed, as of the effective date of this Ordinance. The repeal of existing ordinances or parts of ordinances and their amendments does not affect or impair any act done, offense committed or right accruing, accrued, or acquired or liability, penalty, forfeiture or punishment incurred prior to the time enforced, prosecuted or inflicted.

ARTICLE IX - VARIANCES

SECTION 900. GENERAL:

The Township Board of the Township of Northville may authorize a variance from these regulations when, in its opinion, undue hardship may result from strict compliance. In granting any variance, the Board shall prescribe only conditions that it deems necessary to or desirable for the public interest. In making its findings, as required herein below, the Board shall take into account the nature of the proposed use of land and the existing use of land in the vicinity, the number of persons to reside or work in the proposed subdivision and the probable effect of the proposed subdivision upon traffic conditions in the vicinity. No variance shall be granted unless the Board finds:

- a. That there are special circumstances or conditions affecting said property such that the strict application of the provisions of this Ordinance would deprive the applicant of the reasonable use of his land.
- b. That the variance is necessary for the preservation and enjoyment of a substantial property right of the petitioner.
- c. That the granting of the variance will not be detrimental to the public welfare or injurious to other property in the territory in which said property is situated.

ARTICLE X - VIOLATIONS AND PENALTIES

Any person, persons, firm or corporation or anyone acting in behalf of said person, persons, firm or corporation violating any of the provisions of this Ordinance shall upon conviction thereof, be subject to a fine of not more than one hundred (100) dollars and the cost of prosecution or in default of the payment thereof by imprisonment in the County Jail for a period not to exceed ninety (90) days, or both such fine and imprisonment in the discretion of the Court. Each day that a violation is permitted to exist shall constitute a separate offense. The imposition of any sentence shall not exempt the offender from compliance with the requirements of this Ordinance.

ARTICLE XI - NECESSITY AND EFFECTIVE DATE:

The provisions of the foregoing Subdivision Regulations are hereby declared to be immediately necessary for the preservation of the public health and safety and are hereby ordered to take immediate effect.

Made, passed and adopted by the Township Board of the Township of Northville, Michigan, this 10th day of January, A.D., 1967.

Marguerite N. Young, Clerk.
We certify that the foregoing was duly adopted at a meeting of the Township Board held on January 10th A.D., 1967, by the following vote:

Yeas: Tellam, Lawrence and Young.
Nays: None.
Absent: Baldwin
Robyn D. Merriam, Supervisor
Marguerite N. Young, Clerk
Date: January 11, 1967.

Counselors

Elect Hyde

At a January 10 meeting of the Northwest Wayne County Counselors Association held at Schoolcraft college, John Hyde, a counselor at Northville high school, was elected treasurer.

Outgoing president and treasurer were Donald Brown and Mrs. Violet Bradford, respectively. Both are counselors at the local high school.

Dinner was served at the meeting, attended by about 50 counselors. Fred Holdsworth, principal of Northville high school, was a guest of the counselors.

December 19, 1966

The regular meeting of the Northville City Council was called to order by Mayor Allen on Monday, December 19, 1966, 8:00 p.m.

Present: Allen, Black, Kester and Carlson (late)

Absent: Canterbury (excused)

Minutes of the regular meeting of December 5, 1966 and the Special Meeting of December 12, 1966 were approved.

Moved by Kester, supported by Black to pay bills in the following amounts:

General \$15,643.67
Water 7,269.25

Unanimously carried.

An invitation from the Village of Novi to attend an Open House on Wednesday, December 21, 1966 was read to Council.

Received a "thank you" note from Charles Altman for invitation to the Civic Recognition dinner on December 8.

A communication from the Liquor Control Commission to approve a request from Eileen M. Ramsey for Arthur B. Ramsey being dropped as her partner and William E. Boyd being added as partner with her on 1966 Class C and SDM licenses held at 105 N. Center street, Northville, Michigan. This to be referred to Police Department for report to Council at first possible meeting. Mrs. Carlson joined Council meeting 8:15 p.m.

Letter and proposed resolution for requesting membership in Southeastern Michigan Council of Governments read. Council is to receive copies of letter and resolution.

The Clerk read the notice of the Public Hearing as it appeared in the Northville Record requesting change of zoning of Lots 660, 662, 659a1a,

659a1b-b, 659a2, 661, 663 and the east portion of Lot 668 having a dimension of 70.09 feet on the north lot line and 74.4 feet on the south lot line of Assessor's Northville Plat No. 7, being a part of the N. E. 1/4 of Section 3, City of Northville, Wayne County, Michigan from an R-2 (Two Family Residential District) to an R-2A (Restricted Multiple Dwelling District).

Moved by Carlson, supported by Kester that the above Zoning Ordinance Amendment be adopted. Unanimously carried.

City Attorney read the Application for said Tax Warrants. He also read the resolution for operating for next succeeding fiscal year. Moved by Black, supported by Carlson to accept said resolution. Ayes: Carlson, Kester, Allen and Black. Nays: None. Carried.

City Attorney read the resolution for publishing "Official Notice of Sale of said Tax Warrants".

Moved by Kester, supported by Carlson that said resolution be adopted. Ayes: Kester, Allen, Black and Carlson. Nays: None. Carried.

City Manager reviewed the parking lot improvements and stated that the Municipal Court had accepted the recommendation of Council on fines.

City Manager stated he would recommend a standing committee to investigate property acquisition - said committee would be able to discuss prices and have standing authority to negotiate for property. Moved by Kester, supported by Carlson that Mayor Allen be chairman; City Engineer, City Manager and Councilman Black be other mem-

bers. Unanimously carried.

City Attorney read the proposed Snow Removal agreement between the City of Northville and Northville Public Schools. Moved by Black, supported by Kester to approve the snow removal and salting agreement as revised (addition of retroactive date of November 1, 1966). Unanimously carried.

Moved by Carlson, supported by Kester to change the date of the next regular Council Meeting from Tuesday, January 3, 1967 to Wednesday, January 4, 1967. Unanimously carried.

Moved by Carlson, supported by Kester to approve following dates and times for the City of Northville 1967 Board of Review:

Tuesday, March 14 - 1 to 4 p.m. and 7 to 10:00 p.m.

Tuesday, March 28 - 9 to 12 noon and 1:30 to 4:30 p.m.

Unanimously carried.

Housing Code was discussed and reviewed.

City Manager answered Mayor Allen's question regarding water tap for Junior high school by saying that City Engineer is researching this.

Mayor asked if City Attorney had been able to contact Mr. Bond, Novi Village Attorney - Mr. Ogilvie had not. Mr. Allen explained that his opinion as to responsibility regarding pond located north of Northville Heights Sub. #3 had changed since he had made a more detailed tour of the area. He estimates that 1/3 of Commemora drains into the area just north of the city and is then diverted into the City of Northville. City Attorney was asked to inspect this area. The City Manager reported that dirt is being brought in and placed so that if the water should flood it will go east and into the street.

Councilman Black asked regarding street lights for the business district - also mentioned that the fixtures of the street lights are dirty. City Manager is to talk to Detroit Edison and report at next meeting.

Councilman Black reported that the Recreation Committee had advertised for Recreation Director - they had received 5 applications and after two committee meetings had designated Robert Prom of Northville as the new Director of Recreation, beginning January 1, 1967. Council instructed that a letter of appreciation for Mr. Kenneth Conley's faithful service as Recreation Director be sent.

Councilwoman Carlson asked that the DPW Dept. be thanked for the beautiful decorating of the City Hall Christmas tree.

City Attorney told Mrs. Carlson he would have a rough draft of the Beautification Ordinance for the scrap book by the January 4th meeting.

Councilman Kester reported a large crack in new blacktopping on East Main street (in front of 160 E. Main). City Manager is to check this.

Question was asked regarding enlarging of Auto Wash at Hutton and E. Main street. City Manager reported this building had been stopped.

There being no further business, the meeting adjourned at 11:30 p.m.

Respectfully submitted,
Martha M. Milne
City Clerk

January 4, 1967
The regular meeting of the Northville City Council was called to order by Mayor Allen on Wednesday, January 4, 1967, 8:00 p.m.

Present: Allen, Black, Kester, Canterbury and Carlson.
Absent: None.

Minutes of the regular meeting of December 19, 1966 were approved.

Moved by Carlson, supported by Kester to pay bills in the following amounts:

General \$26,912.20
Water 921.46
Other Government 42,639.82

Unanimously carried.

City Manager read communication from First Presbyterian Church requesting a sign be put up asking that "quiet" be maintained.

City Manager read communication from Village of Novi regarding Zoning Public Hearing.

There were five residents present from Northville Heights Subdivision #2. Mr. Fialon, a resident, acted as spokesman and presented the errors they are encountering with their new homes. The City Council directed the City Manager to take steps to have corrections made.

Mr. Ackley, from Village of Novi, was present in regard to tying into Detroit water. He would like a letter from City of Northville assuring them that they can go ahead with plans and specifications. The City Manager to see that such a letter is sent him.

The Planning Commission minutes of December 5, 1966 meeting were accepted as presented.

The monthly financial statement was accepted as presented.

Annual report on the Police Department will be available for the next regular council meeting.

The public hearing on the Revised Subdivision Ordinance was adjourned to February 6th. Mr. Carey was present and asked to meet with the Planning Commission, as did Mr. Kelly, of Detroit Edison company. Moved by Black, seconded by Carlson, that public hearing be adjourned to February 6th. Unanimously carried.

RE Junior high school water tap fee - the City Manager is to find out how other communities treat this matter.

Continued on Page 10-B

Revision of fee structure is to be taken up at a future meeting.

RE Southeast Michigan Council of Governments - Motion by Kester, seconded by Black to adopt the resolution joining Southeast Michigan Council. Unanimously carried.

A special meeting was scheduled for Monday, January 9, 1967.

RE Application for Certification of Workable Program - The City Manager is making corrections in this matter. City Council will look this over at the special meeting.

RE Snow Removal - There is dissatisfaction in the manner in which Mr. Cole is cleaning the sidewalks. The City Manager to request Mr. Cole to be present at the special meeting on Monday, 1/9/67.

RE Beautification Ordinance - The City Attorney is to work on the beautification ordinance.

Mr. Canterbury stated he had been requested by Mr. Ray Jackson, to attend meeting on Saturday, January 28, of Northville Estates Civic Committee. City Manager to report information in regard to obtaining a party to re-appraise property in the city.

City Attorney stated that trial on Randolph street special assessment will begin January 18.

Group pictures of the current Northville City Council were distributed to the council members, clerk, attorney and city manager - courtesy of William Sliger of the Northville Record. Councilman Black said he would be responsible for having these pictures framed.

There being no further business, the meeting adjourned at 11:55 p.m.

Next Council meeting January 16th.

Respectfully submitted,
Hilda Boyer
Acting Clerk

January 9, 1967
Mayor Allen called the Special Meeting of the Northville City Council to order at 8:10 p.m. on Monday, January 9, 1967 at the Northville City Hall.

Present: Allen, Black, Canterbury, Carlson and Kester.
Absent: None.

The Clerk read the advertisement asking for bids on Motor Vehicle Insurance as it was printed in the Northville Record.

The City Attorney opened, and examined, the following bids:

(1) Harold Bloom Insurance Agency - \$1501.96.

(2) Rathert Insurance Company - \$1135.78.

(3) Paul Folino, Farm Mutual Insurance (State) - \$1304.88. (includes \$50.00 membership fee but not \$52.50 for uninsured automobile coverage)

Moved by Canterbury, supported by Black to award contract insuring City of Northville Motor Vehicles as covered in specifications as submitted by Northville Insurance Agency in the amount of \$1135.78. Unanimously carried.

Councilman Canterbury commented that he felt that if the vehicles not covered in the above specifications for motor vehicle insurance were of a sizeable number, it would be wise to go out for bids. City Manager is to send Council list of all insurance policies, indicating which have been bid.

City Attorney is to check on liability of volunteer firemen on their trips from home to Fire Hall or scene of fire.

Moved by Kester, supported by Canterbury that rate for Northville Junior high school water tap fee be \$2200 or \$1000 if the work is done by others than city forces. Unanimously carried.

After some discussion of lighting in the Northville Business district; moved by Black, supported by Carlson to authorize the City Manager to place an order with Detroit Edison company for 24 light poles to be installed at a rate for operation no higher than \$87 additional per month than the present rate. Unanimously carried.

City Manager explained that Mr. Robert Cole had been asked to be present to discuss problems concerning snow removal from sidewalks in the City of Northville. This problem was reviewed in detail; the City Manager is to compile, throughout the year, a report of where and when snow removal has been accomplished by Mr. Cole and (2) Mr. Cole is to provide sand and use same on any icy sidewalks for which he is responsible for snow removal - this to be done on January 10, 1967. Council unanimously agreed that Mr. Cole should receive the total \$2,000 due him on January 2, 1967.

Moved by Carlson, supported by Kester to adopt resolution naming Frank Ollendorff as Street Administrator for the City of Northville in all transactions with the State Highway Commission as provided for in Section 13 of Acts 31, Public Acts of 1951. Unanimously carried.

Clerk read a letter from Councilman Fred Kester, tendering his resignation as a City Councilman effective immediately, January 9, 1967. Mayor Allen thanked Mr. Kester for his faithfulness in performance of duties on the Northville City Council. Moved by Black, supported by Carlson to regrettfully accept Mr. Kester's resignation from Northville City Council effective immediately (January 9, 1967 - 9:45 p.m.) Unanimously carried.

Moved by Canterbury, supported by Carlson that an appointment of W. Wallace Nichols to fill the unexpired term of Mr. Fred Kester inasmuch as

Continued on Page 10-B

Northville Public Schools Annual Report - 1965-66 School Year

SUPERINTENDENT'S REPORT

The following general report to date includes the financial report of the period 1 July 1965 to 30 June 1966.

We welcomed Mr. Fred Holdsworth as Principal of the High School replacing Mr. Fred Stefanski who went into Community College work; Mr. Ronald Horwath as Assistant High School Principal replacing Mr. LaGene Quay who now has his own Principalship in Sparta, Michigan; Mr. David Longridge as the District's Athletic Director; Mr. Robert Stafford as the Principal of Amerman Elementary School. The new positions of Director of Guidance was filled by Mrs. Violet Bradford; and Director of Transportation by Mr. Charles Kehrer.

New members to join the Board of Education were Mr. Robert Froelich, Mr. Stanley Johnston and Mr. Richard Lyon.

In addition to our regular staff, the following new teaching positions were created: 5 Elementary classroom teachers; 3 Junior High School classroom teachers; one Senior High School classroom teacher; one Junior High School counselor; one elementary remedial reading teacher; one District Speech Correctionist; one elementary librarian; one elementary art teacher; one elementary music teacher; one district Visiting Teacher; one Library Aide; one part-time Vocal Music Teacher. There are, at the present time, 130 professional members on the Northville Public Schools' staff.

Professional negotiations resulted in a Master Agreement between the Northville Public Schools School District and the Northville Chapter of the North Wayne County District of the Michigan Education Association covering the period July 1966 to 30 June 1967.

Salary increases granted teachers averaged \$1,021.00 per teacher. The raises ranged from a minimum of \$500.00 to a maximum of \$2,200.00. All non-certificated personnel received increases according to their position assignment.

A school-wide study of the district's curriculum is being carried on. One-half day release time per month is provided for faculty study of this subject. Educational resource consultants have been involved to aid in the study.

Proposals requesting the transfer of the surplus Federal property in Northville (Fish Hatchery) were submitted to Washington, D. C. The original proposal to use the property and facilities as an Outdoor Laboratory was denied. Final decision has not been made. If transfer is to be made to the School District, it appears that it will only be made on the basis of Special Education use as it might fit in with the State Plan for providing educational experiences for the mentally retarded.

Three new buses were purchased; two a replacement and one an addition. An automobile was purchased for transportation needs of the administrative staff. A station wagon has been purchased to transport Special Education students to several area Special Education Centers.

Meetings were held with representatives of the parochial schools to implement the State's Auxiliary Services Act. The Northville Public Schools School District is providing Our Lady of Victory and St. Paul's Lutheran Schools with Speech Correction and Remedial Reading services. In addition, we are assisting these schools with testing services and materials as well as Psychological services upon request.

We participated in the Federal Aid programs to education; Public Act 89-10 (Title I which provided funds to enable us to operate a remedial program during the summer of 1966 and Title II which provides monies for the purpose of expanding our library materials); and in areas of the National Defense Education Act (reimbursement for various types of instructional equipment, textbooks as well as financial assistance with our testing program materials and counseling services).

We operated a successful summer typing program. Representatives of the governing bodies of the School District, City, and Township met on a regular basis in an effort to resolve mutual problems and promote greater cooperation.

The Moraine Elementary School is nearly completed. The ground-breaking ceremony of the New Junior High School began the construction and this project is underway. Bids have been received and have been awarded on the construction project for the additions to the High School.

Studies have been made of the future educational needs of the District with a view to land purchases.

The firm of Miller, Canfield, Paddock and Stone of Detroit were retained as legal counsel for the District, and the firm of Keller, Thoma, McManus, and Keller as legal counsel for all negotiations with personnel of the District.

The accounts and records of the District for the fiscal year ending 30 June 1966 were examined by John L. Stewart, Certified Public Accountant, according to generally accepted standards of auditing, embracing the new system of internal control and accounting procedures. Verification or tests of the several accounts and records were made and found to be in order. Direct confirmation of cash collections from such revenue sources as tax and interest collections, state aid and tuition were made. As a part of the examination of the recorded collection of taxes and interest on delinquent taxes, a series of tests were conducted to determine that the amounts collected had been properly apportioned between and deposited in the General Fund and the several Debt Service Funds in accordance with the millage assessed for the several years.

The school membership records were examined by a representative of the Child Accounting Division of the Wayne County Board of Education.

The Student Activity Funds were examined and found to be in order. In the opinion of Mr. John Stewart, CPA, the audit of the fiscal operation fairly represents the Revenues and Expenditures of the various funds of the District for the fiscal year ending 30 June 1966, in accordance with generally accepted principles of accounting and the accounting procedures as contained in the Revised Uniform Accounting Manual as issued by the Superintendent of Instruction for the State of Michigan.

Investment of Building and Site funds as governed by State Code has earned for the District to date a total of \$111,115.28.

All financial records, reports and audits are available for your examination in the Office of Superintendent. You are welcome to visit with us concerning the audit report or any other matter relative to our school district.

Operate Mission Hospital in Ivory Coast

Brothers Patch African Bodies, Save Souls

Patching bodies and saving souls—that's the work of a Novi physician who, along with his family, will return to Africa later this month to rejoin his brother, also a missionary doctor.

Doctors John and Dwight Slater, who probably are the only brothers in the world to combine medicine with mission work, both have lived in Novi's Willowbrook subdivision—in the same house. The latest resident at 24544 Border Hill is Dr. John Slater, his wife Marlon and their three children, Kenneth, fourth-grader at Orchard Hill, Karen, first grader at the same school, and four-year-old Sheryl.

Home on furlough since May of 1965, he studied surgery at Grace Hospital in Detroit until July and then went on a coast to coast speaking tour with his wife. He and his family will return to the Ivory Coast mission hospital in Ferkessedougou on January 27.

Brother Dwight, his wife and their five children who are presently at the mission hospital, lived here in the same house from June of 1964 to February of 1965 while on furlough.

Both doctors are affiliated with the Conservative Baptist Foreign Mission Society.

The unusual brother-doctor team had its beginning back in 1954, when Dr. Dwight, upon completing his internship at Harper Hospital, went to Belgium to study French and tropical medicine preparatory to a life of mission work. Meanwhile, Dr. John began work for his medical degree at Wayne State university. Four years later Dr. John left for Belgium to follow in his brother's footsteps, who by then was serving as the only doctor in a Congo mission hospital.

The wives of both men are college graduates and registered nurses.

Following Dr. John's studies in Belgium, he joined his brother in the Congo and they worked together there for about one year until riots, which threatened their lives and the lives of their families, forced them to flee in January, 1961.

It was a harrowing experience, recalls Dr. Slater, one that he remembers with mixed reactions. He was thankful that his family escaped with their lives, saddened that their little mission hospital had to be abandoned.

"Our families were able to escape to the border by car," he says, "but we were forced to remain at our posts for about a week until a special detach-

ment of United Nations troops came to our aid. Even though it was only a patrol of some 30 Nigerian soldiers, their appearance was enough to scare 150 Congolese soldiers into hiding until we left."

It was only a short time later when the countryside was reddened with the blood of atrocities that rocked the world.

Because they were forced to leave behind all of their personal possessions, Dr. John and his family returned to the United States to get re-equipped. Meanwhile, his brother and his family went to the Ivory Coast preparing to reopen the Ferkessedougou hospital, the young nation's only private hospital, after having been closed for four years.

Six months later Dr. John rejoined his brother in Africa. Two years later his brother and family returned to the United States, living in Novi while he took a year of surgical training at William Beaumont Hospital in Royal Oak.

When Dr. John returns to the Ivory Coast this month, he and his brother and their families will be together for two years before Dr. Dwight returns again on furlough. Dr. John's new tour of African duty will cover the next four years.

The Ferkessedougou hospital is located in the northern part of the county—in the plains region where grass grows eight feet high, villagers live in mud huts with thatched roofs, and the temperature ranges from 80 to 95-degrees in the shade during the wet season and from 90 to 105-degrees in the shade during the dry season.

They'll be going back to the dry season, a little different than the icy weather they've been experiencing here.

But the entire family's excited about the return. "Naturally, we're anxious to get back. There's a lot of back work to catch up on, and Dwight can sure use the help."

Returning by boat, they'll be taking a Chevrolet station wagon with them that will become a family car and a hospital ambulance. And there's boxes and boxes of hospital supplies, personal goods, and, of course, the children's Christmas gifts.

Some 10 or more Baptist churches from New York to Washington support Dr. John and his family in their mission work, while an equal number or more support his brother and family.

The mission hospital, with its 50 beds, is staffed by the brothers (when

they're together), two American registered nurses (not their wives), and eight African nurses aides. The doctors' wives manage their own houses, which are located on the hospital compound and comfortably furnished, and assist their husbands nightly in the business of hospital administration, which includes keeping records, writing letters, ordering medicines, and unthreading the reams of red tape in getting supplies through customs.

Their children attend a mission boarding school in Bouake, the nation's second largest city some 180 miles south of the hospital.

The services of the hospital are not free. African patients, explains Dr. Slater, pay 10-cents for a visit, 10-cents a day for a hospital bed. In addition they pay for medicine at cost. The two doctors are paid directly by supporting churches, not with funds paid out by patients.

One of the most difficult obstacles in operating the hospital, explains Dr. Slater, is the wide numbers of languages spoken by the people. The trade language of the nation's 4-million population is Bambara, the official government language is French, but there are some 30 basic languages spoken by the villagers.

The wide range of languages and customs accounts in part to the hospital's practice of not providing meals for patients. This work is left to either the patients themselves or their relatives. "They simply could not eat a single menu that we might prepare; it would be like asking an Italian to eat all Chinese food."

Because many of the patients are brought to the hospital from hundreds of miles away, their relatives live-in with them at the hospital, sleeping with the patient, on the floor next to his bed, or on the hospital grounds "if it isn't raining".

Patients come with the same kinds of medical problems common in the United States, Dr. Slater says, plus a great many tropical diseases. In addition to these, the two doctors conduct about 300 operations annually.

But besides treating illnesses and performing operations, an equally important function of the two doctors is "bringing Christ to a people who might not otherwise meet Him."

Each day either one of the doctors or an African convert conducts a religious service on the hospital grounds,

attended not only by the patients but also by the dozens of relatives living at the hospital.

"In the early 1960's," Dr. Slater beams, "there were only about 500 believers. Today there are 8,000, with

between 100 and 300 converts annually at the hospital."

Nevertheless, in a country as large as Michigan, Ohio and Indiana combined, there is untold work to be done, physically and mentally, he concedes.

What is his most gratifying satisfaction from a work he plans to devote his life to?

"There is no greater satisfaction," he answers unhesitatingly, "than seeing a man or woman who lived in constant fear of one or more evil spirits—whether it be a chicken feather or a mound of dirt—find safety and a new outlook on life through the words of the Bible."

PACKING—Dr. and Mrs. John Slater of 24544 Border Hill have been packing goods for several weeks in preparation for their forthcoming trip to the Ivory Coast where he and his brother, Dr. Dwight, operate a mission hospital. Besides a mountain of their own belongings, many boxes of medicines and supplies will accompany them on their boat trip.

First choose Cadillac. Then choose the year.

The decision to purchase a Cadillac—regardless of model or year—is the wisest move a motorist can make. Cadillac's remarkably luxurious interiors and superb driving qualities are unmatched. Cadillac's renowned durability, craftsmanship and advanced engineering also gives it long-lasting value—and its owner loyalty ranks highest in the world of luxury motoring. You, of course, are best prepared to judge which model is most suited to your needs and your budget. But avoid compromise with a lesser make. For no other car at a comparable price

can provide you greater pleasure and satisfaction than the Standard of the World. And, of course, most previously owned Cadillacs—even those several years old—feature a complete complement of conveniences such as power

brakes, steering, windows and seats to provide more driving pleasure than many of today's new cars. See your authorized dealer and let him help you select your favorite model . . . whether it be new or previously owned. Then all the wonderful rewards of Cadillac ownership can be yours as soon as today or tomorrow.

Charge Woman With Assault

Examination of a Northville woman accused of attacking her stepson with a butcher knife was held last week Tuesday afternoon in Northville Municipal court.

Mrs. Duane B. Briggs, 33, of 321 Yarkes, pleaded not guilty and was bound over to circuit court for trial on a count of felonious assault. Bond was set at \$1,500.

"I cut him," she was reported to have told police.

According to Northville police, the incident occurred around 2:30 a.m. last week Wednesday as 16-year-old Duane was sleeping in his bed.

He was taken to St. Mary hospital, Livonia, where numerous stitches were required to close wounds on his thumb, arm, thigh and scalp, police reported.

Council Minutes

Continued from Page 7-B

Mr. Nichols has shown a interest in civic and governmental affairs, has faithfully served on the Northville City Planning Commission and participated in other community activities and also shown an interest in the Northville City Council by running in the 1965 City Election and achieving a good placement in said election. Unanimously carried.

City Manager is to present a brief but concise report on suggested changes in the Housing Code - this matter to be on the January 16th agenda.

There being no further business, the meeting adjourned at 11:35 p.m.

Respectfully submitted
Martha M. Milne
City Clerk

SAFETY AWARDS—Over the past four months, these boys and girls who attend the Main Street and Amerman elementary schools were singled out for outstanding work as patrol boys and service girls. Presenting a pen and pencil set (top) to Jimmy Shoner is Harry Smith, principal of the Main street elementary school. Others looking on are (l-r) Susan Shoner, Walter Armstrong, Brian Mills, (back) Susan Heckler, Joan Blough and Robert Ledgerwood. In the bottom picture, Mrs. Marion Petrock, sponsor of the Amerman safety boys, presents a pen and pencil set to Blair Robinson, while (l-r) Mandy Bacalis, Stacey Balko, Gordon Rushlow, (back) Jeff Karr, Rick Norton and Mary Horwath look on. Absent was Patty Wheeler. Given only to boys, the pen and pencil sets are donated by Manufacturers National bank. Yet to be determined is the award to be given to the girls.

'Cleanest Town' Entry Received

Northville's entry in the 1966 National Cleanest Town Achievement Award contest has been received at contest headquarters in the Nation's Capital.

The contest, which is the oldest and largest of its kind in the United States, is sponsored by the National Clean Up-Paint Up-Fix Up Bureau.

"The active, civic-minded people in this community should be commended for their efforts," said R. H. Hackendahl, Director of the National Clean Up Bureau.

"As a result of the efforts put forth by its citizens, the city is a healthier, safer and more attractive place in which to live," Hackendahl reported.

The contest entry, in scrapbook form, will be judged with entries from other cities and towns throughout the country. All entries are judged in one of the following two classifications: Class 1 - communities conducting a clean up campaign and Class II - communities sponsoring a year-round civic improvement and beautification program. Judging will be the latter part of January and the results will be announced then.

Those communities receiving either an engraved Trophy, a Distinguished Achievement Award, or a Certificate of Honorable Mention will accept their awards at the National Cleanest Town Conference, February 20 and 21, in Washington, D.C. The National Award of Excellence, the Trigg Trophy, will be awarded to that city, regardless of classification, that the Judges deem best exemplifies the principles of the Bureau's nationwide community betterment program.

The Mayor and a delegation of citizens have been invited to attend the Conference and to accept any award the city may capture.

The National Cleanest Town Achievement Award contest has been held each year since 1929.

Tax Cut Prospect Tied to Fiscal Reform

LANING — Michigan's four per cent sales tax could conceivably undergo its first cut in history this year if proposed fiscal reform is accomplished by the legislature.

Gov. George Romney is very aware that he will need more Democratic support for his tax revision plan if it is to pass.

At least one Democratic legislator has already indicated he could help the Governor if certain conditions were included to make the revision adequate, equitable and fair in his mind. One of the conditions cited by Rep. George F. Montgomery, D-Detroit, is that the sales tax be dropped from food purchases.

REMOVAL of the sales levy on food has been proposed many times before, usually in bill form combined with prescription drug sales.

Since so many other things are sold in grocery stores these days, most of the ideas presented in past sessions

have specified that the tax-free status would apply only to grocery items: meats, fruits, vegetables and some staples, but not to candy, soft drinks and alcoholic beverages.

Basic theory behind proposed elimination of the sales tax from food and drugs is that the low income family spends a big share of its funds on these items and deserves a break.

Michigan's sales tax has never been decreased since it was first enacted in 1933.

In 1961, following a vote by the people, the legislature raised the rate from three to four per cent.

NEW LAWS affecting motorcycle drivers were just barely in effect this year when another batch of new proposals were thrown into the legislative hopper.

Why the big concern? Part of the reason is the fact that motorcycle registrations have nearly tripled in the past three years.

Another reason is the disproportionately high accident rate involving these vehicles. In three short years, the cycles have become a major law enforcement problem.

Protective helmets, certain lane regulations, and competency in rental uses were put into the law for cycle drivers by the 1966 legislature.

This year the lawmakers are being asked to provide separate written and road tests for drivers of motorcycles apart from the exams given for auto driver licensing.

Motorcycle driver education and certain equipment specifications, including mufflers, brakes and horns, also come in for attention in this year's proposed laws.

Law enforcement officers have found in the past three or four years that motorists are not yet acclimated to the heavy invasion of cyclists on the roads today. The number registered is near the 100,000 mark, where three years ago it was 39,000.

In many European countries where motorcycles and scooters have been commonplace for years, they pose no more traffic hazard than autos.

Average age level of cycle drivers also is considered a factor in the high accident rate. Generally the cyclists fall in the age group which also has a high ratio of auto accidents.

WAITING-LINES must have an attraction for some people. It just isn't their nature to plan far enough ahead to avoid the rush.

The Secretary of State's office says 1967 will be no exception to the pattern of previous years, when the last few days in February saw people standing in long lines to meet the Feb. 28 deadline for re-registering motor vehicles.

Sales of license plates, the token of registration, begin each year on November 1.

A fair number of people purchase the new plates by the end of the calendar year, presumably mainly for income tax purposes or so they can install the plates before bad weather and rust-producing chemicals make it difficult to remove the old ones.

Most people, however, wait until close to the deadline and by their own delay make the registration process a nerve-racking one for all concerned.

A reminder at this point might not be effective in beating the line-waiting stage, but motorists should remember that Michigan's motor vehicle accident claims law affects the registration process again this year.

In addition to having the old registration form, motorists must be prepared to prove they carry liability insurance on the auto. Drivers with proof of insurance pay \$1 annually into the accident claims fund, but those who do not show insurance records must contribute \$35 when they register a car.

Roger Babson

China Uprising May Signal End of Isolation

BABSON PARK, Mass. — The news coming out of mainland China — where Communist Party Chairman Mao Tse-tung's leadership is being challenged — is confused and garbled. But the uprisings are signs of hope that China may now be on the way to throwing off the shackles which have kept her isolated from the rest of the world.

Like Stalin, Chairman Mao has been a forceful, unyielding leader. He and his cohorts worked hard and suffered much in the long, successful effort to impose Communist rule on China. While China under his rule never has managed to make the widely heralded "great leap forward," she has pulled herself up from the ruins of World War II to become a more viable country than ever — and even to become a nuclear power of some stature.

But now it appears that Mao has not moved with the times...that a number of the trusted comrades whom he himself put into places of power in the Communist Party organization in China have stood up to challenge his sole

leadership and to oppose his hard-line policies. As a result, Mao has lost his grip on the party apparatus.

THE CHALLENGE to Mao's power has been building up for a couple of years. His performance is being criticized by seasoned party members, many of whom have held high position in Chinese Communist circles for a long time. Some of these men were Mao's comrades during the "long march" which preceded his rise to power in the late 1940's.

The opposition to Mao and his ideas is not an anti-Communist revolt. Those who are leading it are themselves Communist and decidedly anti-capitalist. They remain loyal to Communism, though they question Mao's rigidity which has caused relations with Russia to be strained and which has isolated China from the world. They are also very much concerned because Chairman Mao has not made more headway in solving China's pressing problems of food shortage and population increase. Already 750 million strong, China each year is adding 20 million more mouths to feed.

Chairman Mao's answer to his critics has led to the present growing rebellion against his ideas. With Mao, purity of Communist doctrine apparently comes first, taking precedence even over other Chinese interests. Instead of fighting back within the party apparatus, Mao has chosen to form the "Red Guard", composed mainly of immature, fanatical students.

This Red Guard was set up for Mao's personal protection and for the purpose of imposing his hard-line brand of Communism on the people. It is the spearhead of Mao's "cultural revolution", which is nothing more nor less than a series of bloody purges intended to scare off the opposition.

AT STAKE in China is Mao's own fate and the fate of the Communist leaders who oppose him because they covet his power...but also because they believe Chinese interests would be better served by a softer Communist line. At stake, too, is world peace and China's place in the world.

Chairman Mao is still the idol of the masses. He is wily and resourceful. Despite this rebellion and perhaps some wider defections still to come, he could yet emerge on top. But even if the present opposition is suppressed and its leaders liquidated or banished, it will not be held in check forever. What we are seeing now is the beginning of a change in China, — a move toward a more open society. If it succeeds, China and the whole world will benefit.

Vivian Returns To Conductron

Conductron Corporation, electronics firm headquartered in Ann Arbor, announced this week that a former officer and former director of the firm, Dr. Weston E. Vivian, is returning as a vice president of the firm.

For the past two years, Vivian has served in Congress in Washington as United States representative for the 2nd congressional district. Vivian's term in Congress ended last week.

One of the original founders of the firm, Vivian, an engineer and scientist, participated in its rapid growth from a handful of persons in 1960 to a multi-million dollar business in 1964, at which time he was elected to Congress. In the intervening two years, Conductron has become a fifty million dollar a year business, with over 2,500 employees located in Michigan, Missouri, California, Texas and other states.

One of Vivian's responsibilities with the firm will be to introduce to public use novel pollution abatement equipment recently developed by the firm, including new auto exhaust smog reduction devices and water wastes purification equipment.

During his term as congressman, Vivian had been a recognized supporter and advocate of more aggressive national programs for pollution abatement, particularly reduction of water pollution in the Great Lakes area.

SPEAKING for The Record

By BILL SLIGER

A New York Times columnist recently likened a situation to a defense offered by a youth who had killed his mother and father.

He appealed to the court for mercy on the basis that he was an orphan.

Sounds a little ridiculous until you think about it for a while. Then it becomes downright sickening as you consider the loopholes through which known offenders have squeezed to escape punishment.

Usually this is accomplished with the assistance of a smart lawyer, sometimes because of an apathetic or fear-ridden public that "doesn't want to become involved".

A frightening trend, which has probably produced most of the avenues to loopholes, is the emphasis by the courts on protecting the rights of the individual.

What about the rights of the "aggrieved" individual?

Law enforcement officials are deeply concerned. FBI Director J. Edgar Hoover wrote in the FBI Law Enforcement Bulletin of November:

"Recent court decisions seem to place more emphasis on the conduct of the police officer than on the conduct of the criminal. The question of guilt is obscured and lost in a maze of procrastinating technicalities and legal joustings. Many times, truth, which often exposes guilt, is only a secondary objective; the main search is for error or a technical loophole for the murderer or hoodlum".

It is easy to argue on behalf of the protection of a citizen's individual rights — to fair trial, to being considered innocent until proven guilty, to equality for all citizens of the United States.

These are inherent objectives of our great democracy. But is an "equal" balance being maintained? It would not be difficult to argue with good evidence that what many seeking "justice" and "equality" really want is an advantage... a slight edge.

They do not want to assume the responsibility and obligations of law-abiding citizenship that goes along with equality.

The President's appeal in his State of the Union address last week for an end to all bugging devices on the basis that a citizen's privacy should not be

invaded may sound noble and in the proper American spirit. If it is as bad as one would be led to believe by the strong appeal for its curtailment, then it should never have been condoned in the beginning. It is a longtime practice, knowingly permitted, that has suddenly become alarming in the light of publicity.

Personally, I believe "bugging" should be permitted — on a qualified basis. Where reasonable evidence of wrong-doing can be proven by a law enforcement agency, I believe there should be judicial authority to grant a "permit to bug", and this evidence should then be admissible in a court of law.

Indiscriminate invasion of a citizen's privacy is certainly intolerable. But we return to the definition of "citizenship" and the responsibility for peaceful conduct that it carries. If one violates this aspect of citizenship, he should be made to recognize that he also sacrifices his right to privacy.

I do not believe that we can wage a battle against crime by giving all the weapons to the criminals.

I thoroughly agree with the conclusions of Mr. Hoover who said:

"That we must reawaken in every citizen a fierce devotion to supremacy of law and equal justice;

"That we must forever renounce the idocy that associates glamour and heroism with lawbreakers;

"That all criminals must be brought to the bar of justice for realistic handling, not merely maudlin sympathy;

"That means must be provided to defeat the enemies within our borders who are puppets of enemies from without;

"That we must insure by every lawful means that differences are resolved in the courtroom, not in the street;

"That we must adamantly insist that each individual is held responsible for the natural and probable consequences of his acts.

"Let the hoodlum, the racist, the demagogue, and the exponent of anarchy know that the great, quiet power of this Nation lies in her law-abiding citizens, and they will stomach no more. The choice is ours. The time is now."

A LOOSE LEAF

By ROLLY PETERSON

One irrefutable fact emerged from ABC's hour-long production of "Sex in the Sixties" last week — an obviously more candid attitude toward sex prevails today than just 10 years ago.

What formerly was entertained in private has now become a public matter. Witness symptomatic things, the topless girls, the mini-skirts, increasing nudity in magazines and generally, a more frank approach on the part of young people. The production, which focused on attitudes on the University of Michigan campus, is testimony itself to this growing liberality.

Yet, for all its kaleidoscopic approach, the interviews, the psychedelic music, indeed, the technical skill of the producers in handling a very explosive subject, the essence of the sexual explosion, as it is called, remained a mystery. We are still flapping at the whys of today's sexual attitudes.

The reason is apparent to anyone who has attempted to examine "the whys" of his sexual behavior. It's a particular

problem, one deeply imbedded in personality that does not admit any easy explanation. Understanding it is tantamount to understanding ourselves.

Although ABC did not illuminate any astounding facts, it presented provocative opinions worth our consideration.

There has definitely been "an explosion of sexual expression." The question is, however, how much will it continue to grow. What are its limits? One interviewee stated that we are approaching "Scandinavian permissiveness," which, we would assume, means a more blase approach to sex. Whatever we are getting further afield from what "Playboy's" Hugh Hefner calls, "The Puritan ethic."

One of the most enlightening visits was into a U of M room where four college girls discussed sex. They had suddenly obtained freedom; parents were no longer there to supervise activities. There was a decided, serious acceptance of freer sexual expression. Virginity, they agreed, was no longer a forerunner of marriage.

Among those expressing opinions on sex were the authors of the sensational book, "Human Sexual Response," Dr. Robert Masters and Dr. Virginia Johnson. Through their clinical studies in the laboratory, the sexual act is no longer a mystique. It has been viewed objectively for the first time by scientists, the men who triggered the present revolution.

It is these same men, the scientists, who offer a means of gaining a more healthy perspective on sex. The answer: sex education as it was shown practiced in Flint, Michigan. By teaching youngsters about sex in the classroom with parents in attendance, foresighted Flint educators have taken the first step toward the realization that "sex is a healthy, dignified, realistic component of everyday living."

Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday.

To arrange for a Goodwill Industries truck pickup ask the operator for toll-free Enterprise 7002.

A Late Christmas Card?

by JACK W. HOFFMAN

What's a rebel really like?

He's a big man, rather on the paunchy side, who looks like he could easily handle himself in an old-fashioned donnybrook; and he's a gentle man who concerns himself over a daughter's lost kitten.

He's a college graduate, an intellect; and he's as common as the press operator around the corner.

He's an executive for an industrial giant, trouble-shooting in California this week and New York next; and he's a small-town boy out of Nebraska who still gets excited over the smell of country air.

He's a blunt, aggressive guy who wades unhesitatingly into the sheriff's department ready to fight incompetence; and he's a fellow like you or I who cower a bit when a police siren forces us to the curb.

He's a rebel; and he's Arch Vallier, husband, father, Plymouth commissioner and Wayne county's most controversial supervisor — a man of paradoxes.

Archibald — even his name is a paradox — hasn't always been a rebel, and he even questions whether the word best describes him. He first became interested in government when, as an Army ordnance officer during World War II, he spent his spare hours sitting in the galleries of the Legislature up at Lansing. It was exciting and he promised himself that one day he would take an active part in it.

Six years ago he was elected Plymouth's representative on the board of supervisors. Two years later his role in government increased with his election as a city commissioner. His four-year term on the commission expires this year; his second, four-year term on the board of supervisors has another two years running.

Vallier considers himself a crusader for government efficiency, a man who likes a good fight. "I've got no ax to grind," he quips, "I'm just for good government, fighting complacency and lack of consideration for people."

What kind of image does he think he projects in his periodic forays? "I couldn't care less."

Major targets of his wars have included the sheriff's department, the august, three-member road commission, and even the kingdom of Dearborn's mayor, Orville Hubbard. Needless to say he hasn't picked up many friends along the way. But they don't bar their doors to him. It wouldn't pay.

Vallier admits that his initial experiences in storming political castles were pretty trying. "It was awfully lonely at first; and it took a while before my children (two daughters, now 18 and 20) got used to their father being involved in controversy." Even fellow board members shunned him; now at least they tolerate him.

He credits a willingness to work and the news media for his

success, which today includes several top committee posts such as chairmanship of the sheriff's committee and membership on the airport, tax equalization, and legislative committees. He's bucking now for the real plum — ways and means — "but I want to keep the others too."

"Without them (news media) I'd be nothing, just a supervisor from a little town shouting in the wind."

He prides himself in the fact that he's been "100-percent accurate" when leveling barrages at political castles. Accuracy is especially important when you begin stepping on big toes, he suggests. That's why he spends a good deal of time just gathering and assembling his ammunition. "They can't figure it out; they want to get me, but they can't. They've tried, sure, and someday they may succeed. Re-apportionment of the board may be their answer."

Some of his information comes by way of tips, some is supplied by the news media, and some he digs up himself. ("I can walk into an office and smell it.") All of it is substantiated. His recent charges that meals at Metropolitan Airport were overpriced, he explains, did not come out until after many weeks of gathering menus from airports around the country. And each time he picked up a menu, a witness was along. Just in case.

Policing is a continuous process for Vallier. He's gathering information right now, he says, for another attack on Metropolitan and its pilot, the road commission, which he contends is neither capable nor able to efficiently operate the giant complex. Even though he's convinced he probably will never succeed in pruning the road commission from airport responsibility, at least by attacking inefficiency "we'll make them do a better job." And he's now got a prosecuting attorney's opinion that will help him pry open files in the sheriff's department.

Ironically, it's his "toes be damned" philosophy that prevents him from realizing a personal ambition — to sit on the ground floor of the Legislature rather than in the gallery as he did 20 years ago. A "somewhere between" a liberal Republican and a conservative Democrat, neither party could trust him to toe the mark, he admits. Politicians enjoy his attacks whenever they involve their political opponents, but they wince when the attacks touch one of their own.

A couple years back he attempted to gain a senate seat, running as a Democrat "but the union crushed me in the primary. Even if one party supported me, I'd probably never be re-elected."

So the rebel contents himself with fights at the county level, advising all that "if you do a good job, you'll never hear from me."
