

# Services Signal Christ's Death, Resurrection

The poignant story of Christ's death and resurrection will be retold in word and music beginning tonight as area churches conduct services marking the conclusion of Lent.

Many plan special services tonight (Maundy Thursday), tomorrow afternoon and evening, and then Easter Sunday.

Those planning services tonight include the First Presbyterian Church of Northville, with an 8 p.m. Communion service; Holy Cross Episcopal Church of Novi, with Eucharist at 7:30 p.m. under the theme, "The Passover"; Orchard Hills Baptist Church, with a revival service beginning at 7:15 p.m.; Willowbrook Community Church, with Communion at 8 p.m.; St. Paul's Lutheran, with a 7:30 p.m. Communion; and the First Methodist Church of Northville, Communion at 7:30 p.m.

A candlelight, Communion service was held Wednesday evening at 7:30 p.m., at the First Methodist Church of Novi.

The First Methodist Church of Northville and the First Presbyterian Church of Northville will conduct a Union service at 1:30 p.m. at the Presbyterian Church, with a special message by the Reverend S. D. Kinde entitled "The High Cost of Our Salvation."

**PRESBYTERIAN**  
An Easter sunrise service is planned at the Northville Presbyterian church by the high school group beginning at 7 a.m., followed by a breakfast in Fellowship Hall. Featured at this service will be a drama under the direction of Mrs. George Weiss. Regular services will be held at 9:30 and 11 a.m., with presentations by the Bell Ringers accompanied by the Chancel and Harmony choirs.

**BAPTIST**  
The Baptist churches of Northville, Novi and Wixom also will join in a Good Friday service. To be held at Wixom between 1:30 and 2:30 p.m., the service will include a sermon by the Reverend Gib Clark of Novi, with special music by the host church and Northville. A sunrise breakfast is planned at the Northville Baptist church beginning at 7 a.m. Sunday, followed by regular worship service at 11 and the Sunday School at 10.

Sunday evening Northville Baptist will have an Easter Musicale, with music furnished by the choir under the direction of Dewey Gardner, at 7:30 p.m. \*\*\*\*\*

The Reverend Robert Warren of Wixom Baptist will deliver a sermon, entitled "He Lives", at the Sunday 11 a.m. service, which will include dedication of children. A special feature that morning will be a Sunday School rally at 9:45 a.m., with a message by Lt. Wilbur LeGree of Flint "Singing Cop" fame. A Baptismal is scheduled for Sunday evening at 7.

Lt. LeGree also will be a featured speaker at Wixom Baptist's father-son banquet Saturday at 6:30 p.m. \*\*\*\*\*

A sunrise breakfast at 7:30 for the youth of Novi Baptist Church will be held at Aunt Jemima's restaurant in Wixom. Later at 9:45, the Sunday School will emphasize the resurrection story by slides and film strips.

The 11 a.m. service at Novi will include the message, "I Am The Resurrection", and a choir presentation of "Christ Arose", with Mrs. Florence Foster as pianist.

At 6 p.m., Novi's three youth groups will meet for a session entitled "Gravity Upward". It will include special music.

An hour later, at 7 p.m., the church will hold its regular service, featuring a feature length motion picture portraying the spiritual impact of the Gospel message of the Living Christ. \*\*\*\*\*

Revival meetings begun last Sunday will continue tonight, Friday, Saturday and Sunday at Orchard Hills Baptist Church. All nightly services begin at 7:15. In addition regular worship service will be held Sunday at 11 a.m., Sunday school at 10 a.m. and training union at 6 p.m. \*\*\*\*\*

**METHODIST**  
The adult choir will perform at the 1 p.m. Good Friday service tomorrow at the First Methodist Church of Novi.

On Easter Sunday both the adult choir and the Wesley choir will sing at the sunrise service at 7:45 and the regular service at 9:30. The youth of the church will participate in the early service, immediately followed by a

**EASTER EGG HUNT**—The annual Easter egg hunt, sponsored by the Northville Jaycees, will be held

Saturday morning at 10 a.m. The Jaycees are planning a special treat this year: a magician's

show later in the day. See pg. 8-B. \* \* \* Incidentally, the eggs won't be as colorful as those

above—which rate as the subjects for The Record's first four-color, page one picture.

## Spring(?) Vacation Starts

Spring vacation for public and parochial school students will be a day longer this year in the communities of Northville and Novi.

The "spring fling," the last recess before the end of the school year, will commence with the dismissal of classes today. Classes for Northville and Novi public schools, Our Lady of Victory school and St. Paul's Lutheran school, both of Northville, will resume Monday, April 3.

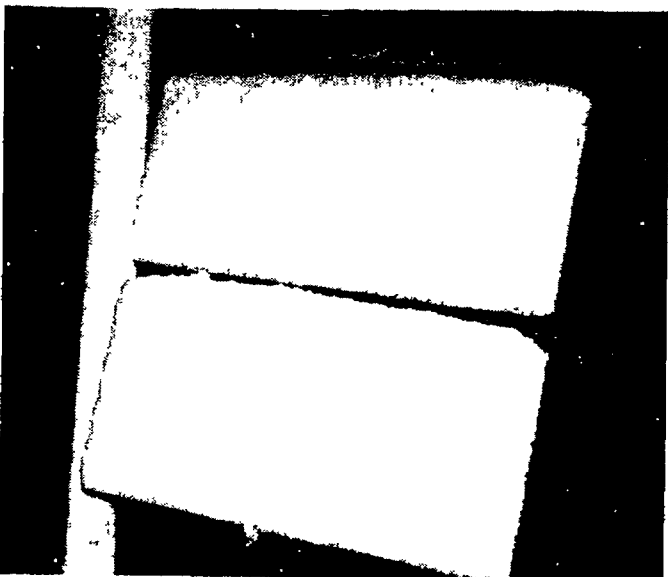

Wixom students attending Walled Lake schools are already on vacation, having been dismissed last Friday. Classes will resume Monday.

Last year, the Northville and Novi systems followed a similar schedule, with schools recessing the week prior to Good Friday. It meant a five-day vacation.

Reason for the six-day vacation was explained by Raymond Spear, assistant superintendent of Northville public schools. It came as a result of agreement between the administration and teachers, he said, and is in accord with the vacation of surrounding school districts.

Thomas Dale, superintendent of Novi schools, said the wish to coordinate bus schedules with Northville, where Novi juniors and seniors attend school, and the fact that Easter is earlier this year are Novi's prime reasons for the change.

Only three or four districts in Oakland county, Dale pointed out, are following the earlier vacation schedule. The Walled Lake Consolidated school district is one of them.

**SIGN OF SPRING**—This picture was taken at midnight on Monday. It's the city hall sign covered by a damp snow and a scribbled reminder that spring has arrived.

## Special Edition Next Week

The Record will publish a special full-coverage "election edition" next week.

Pictures, biographies and statements from six candidates running for two seats on the city council will be published.

The candidates have been asked to comment on the most important issues facing the city council in the immediate future.

Competing in the April 3 election for the two four-year terms are incumbent Wallace Nichols, Paul Folino, Charles Lapham, Frank Pauli, Arthur Prodder and Charles Toussaint.

While only city voters will go to the polls next week, the March 30 edition will be delivered to all area homes—in Northville, Novi and Wixom.

Merchants are invited to use the full-coverage bonus to kick-off spring promotions.

## City Eyes 30% Millage Cut

City residents can expect a reduction in their tax rate.

The rare circumstance came about as the result of reassessment recently undertaken in the city to bring all real property values up to the state-required level of 50 per cent.

Presently, the city millage rate is 12.5, or \$12.50 per thousand dollars of assessed valuation.

City Manager Frank Ollendorff reported to the council Monday night that it appeared likely that the city can drop its rate to 8.8 mills (\$8.80 per thousand dollars of assessed valuation) and obtain the same number of tax dollars that it received last year from existing property.

The result to taxpayers would be a reduction of 3.7 mills on city (summer) taxes. Whether this represents an increase, decrease or no change in tax bill to the individual taxpayer depends upon the amount of change in property assessment.

## Group Elects Canterbury

John Canterbury was elected president of the Northville Area Economic Development Corporation last week. He succeeds Fred Kester as head of the non-profit community development group.

New officers named with Canterbury are Donald Lawrence, vice president, Crispin Hammond, treasurer, and William Davis, secretary.

Lawrence remains as president of the broad economic development committee of which the corporation is a legally-formed arm for the purpose of securing loans, making acquisitions and otherwise transacting business.

The proposed millage reduction is exactly 30 per cent. If the assessment of an individual property was not increased more than 30 per cent, then the property owner will enjoy no increase or cut in city taxes.

Because the city has not yet completed its 1967-68 budget, no action was taken on the new millage rate. It is considered likely, however, that the council will aim towards a budget that

fits the proposed 30 per cent millage reduction.

Actually, the city will receive more money in local property taxes even if the reduced mill rate is adopted. New buildings have added \$1,000,000 in assessed valuation to the city. Total assessed valuation of the city following reassessment and including new buildings is \$19,000,000 compared to \$12,627,220 in 1966.

## McDonald Must Resign as Judge

Sale of the Novi Inn, well-known tavern located at the corner of Grand River and Novi roads, will cost Northville its municipal judge, Charles McDonald.

Purchase of the tavern by McDonald from Mrs. Esther Tinkham has been announced. Only approval of transfer of the tavern license by the Michigan Liquor Control Commission remains to make the transaction official.

Judge McDonald stated this week that the purchase was being made as an investment and that he would continue his law practice with offices in Redford.

But he would be forced to resign his post as municipal judge for Northville, McDonald pointed out.

State law stipulates that no one holding a law enforcement position, such as judge or police officer, can hold a tavern license.

McDonald said it would probably be 30 days before the state acts on the transfer. Monday night the Novi village gave its approval to the transfer.

Judge McDonald has two more years from next July to serve on his current

term. He has been in office for six years. The elective post must be filled by an attorney residing within the city limits.

Judge McDonald

## Hatchery Use Plan Underway

A plan for recreational use of the Seven Mile road fish hatchery property was given approval of the city council Monday night.

Details must still be drawn by the city manager for council okay before an application is submitted to the federal government for acquisition of the 15-acre parcel.

It was also indicated that township and school district cooperation had been informally received and that a recreational use plan as recommended by Recreation Director Robert Prom would be discussed with township and school officials before filing.

The property lies partly in the city and township. An application by the school district to acquire the site without cost was denied, while a Wayne State University application for use as a biological center was withdrawn.

Monday night the council heard Prom point to an urgent need for more recreational area. He said that use of the Ford Field for baseball and other recreation activities might be lost when the plant completes an addition and expands its parking area.

Councilmembers were uncertain as to the best way to proceed on the acquisition. It is understood that purchase may be made for community recreational purposes at 50 percent appraised cost.

The total figure for land and buildings on both sides of Seven Mile road has been estimated at "under \$90,000".

Prom noted that the site could be developed into ball diamonds, tennis court, skating ponds, outdoor basketball courts and shuffle boards. He said that some of the ponds could be retained for canoe instruction and nature study.

The recreation director also sees use of the large hatchery building on the south side of Seven Mile road. He listed quarters for senior citizens, teen club, scout meeting rooms and exercise facilities.

Councilman John Canterbury noted that the city might consider several approaches—purchasing the area south of Seven Mile road at half-price, not acquiring the north side at all or buying it at full price to remove any federal regulations.

In other business the council approved a recommendation by Manager Frank Ollendorff to purchase a Burroughs Sensimatic accounting machine at an estimated cost of \$7,500. The equipment will be used for bookkeeping and water bills. The manager said the machine was needed to increase accuracy, improve record keeping and avoid the necessity of hiring additional clerical help.

## But It Doesn't Hurt Some High Court 'Pinches' Police

Have recent Supreme Court rulings hampered local police departments in fighting crime?

Apparently not in Novi, but in Northville and Wixom that is not the case according to Police Chiefs Samuel Elkins and D'Arcy Young, who, along with many other police agencies across the country, contend that the policeman must now battle both the law and the criminal.

"Like every police department," says Young, "we're living with it but that doesn't mean we like it."

The bone of contention is the 1966 Supreme Court ruling as pertains to the Mirandi versus Arizona case in which the high court, by a five to four decision, insisted that the rights of the criminal suspect be safeguarded.

Out of that ruling came the "Miranda

Warning", which many police departments are now using when arresting suspects. The warning is:

1. You have the right to remain silent.
2. Anything you say can and will be used against you in a court of law.
3. You have the right to talk to a lawyer and have him present with you while you are being questioned.
4. If you cannot afford to hire a lawyer one will be appointed to represent you before any questioning, if you wish one here.

Furthermore, should a suspect waive these rights policemen must ask two questions:

1. Do you understand each of the rights I have explained to you?
2. Having these rights in mind do you wish to talk to us now?

"It's not so much that we don't believe the suspect should have these rights; it's that the Supreme court has told us what we can't do but hasn't told us what we CAN DO," argues Young.

"Any policeman who says this ruling has not hampered him in some way doesn't know what he's saying. We've felt it and so have all of them."

Not so, says Novi Police Chief Lee BeGole.

"Our position is that we will not argue with the Supreme Court," says BeGole. "We agree that the ruling makes more work for us, but it does not hamper us."

BeGole, without checking his files, figures about 40-percent of the suspects picked up for crime in Novi demand these rights—about the same percent-

# It's Official! She's Salem's Postmaster

Up until Monday evening Mrs. Eleanor L. Tanner of 9590 South street, Salem, was simply Mrs. Tanner who had

charge of zip code 48175. Now she is the Honorable Mrs. Eleanor L. Tanner, officially postmaster of Salem. And her children are gleefully calling her "Honorable."

After four years as acting postmaster, and keeping her own "company" in business with numerous letters attempting to swing a permanent post, she received confirmation of an October, 1966 "promotion" Monday.

Mrs. Tanner took over the now 68-patron post office in the general store of tiny Salem community in March, 1962 upon the death of postmaster John Thomasson. Mrs. Claire Hines, proprietress of the Salem general store, is her required clerk in the 4th class office.

Mrs. Tanner had been an employee under Thomasson since 1955 and was a temporary clerk until a year ago. Then she was made a "permanent" clerk and learned that this meant her job was secure.

"But I kept worrying, worrying, worrying. As a widow it means quite a bit to know whether you are going to have a job the next day, you know."

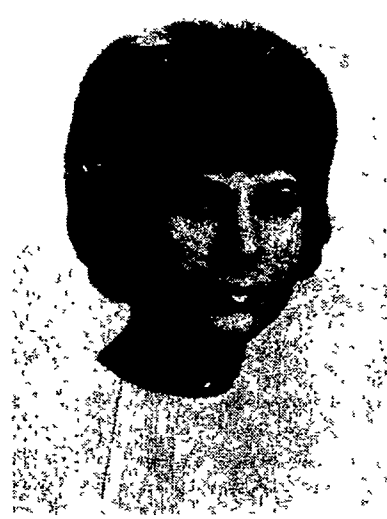

She has lived in Salem all her life; has two children, Jim of Plymouth and Sharon Burgess of Salem; and is a member of the Salem Federated church. Stepping out onto the wooden porch of the store in which her tiny cubicles takes up a front corner, she posed under the faded wooden shingle which proclaims:

"U. S. Post Office, Salem, Michigan."

And she told the photographer of her children's jibes.

Kornelia Fust

## Engagements

Mr. and Mrs. Gael Downer of 46050 Frederick street announce the engagement of their daughter, Jean Louise, to Michael Scott Knauff, son of Mr. and Mrs. C. S. Knauff of Portsmouth, Ohio.

Miss Downer is a student at Michigan State university. Her fiancé is a graduate of the University of Michigan.

A September wedding is planned.

Mr. and Mrs. Edward Fust of 25911 Clark street, Novi, announce the engagement of their daughter, Kornelia Tamara, to Mr. Daniel Joseph Loynes, son of Mr. and Mrs. Fred Loynes of 26550 Taft road, Novi.

Both are graduates of Northville high school. She is attending Wayne State university and he Lawrence Tech. No wedding date has been set.

## Girl Scout News

At the annual meeting of the Huron Valley Girl Scout Council held March 16, 1967, Mrs. George H. Zerbel, 543 West Dunlap, was elected to the Council board of directors as a member-at-large.

In addition to the board elections, the meeting (held at the First Presbyterian Church, Ann Arbor) featured recognition

of the outstanding contribution to scouting made by Mrs. Harry Crooks of Ann Arbor.

Mrs. Crooks has given 17 years of volunteer service and was recognized especially for her outstanding contribution to the work of finance management. She has carried assignments as a board member, committee chairman, trainer, leader and officer in the Council.

Nine thousand six hundred fifty-three Girl Scouts are members of Huron Valley. More than 2,500 adult volunteers in Washtenaw, Livingston and Western Wayne counties contribute to the program.

## BIRTHS

Mr. and Mrs. Robert E. Schlenker of Ann Arbor are the proud parents of a new baby boy, Robert William. Born two weeks ago in St. Joseph hospital, Ann Arbor, he weighed eight pounds, five ounces.

The Schlenkers live at 307 Potter avenue. The mother is the former Maureen O'Brien.

Maternal grandparents are Mr. and Mrs. William F. O'Brien, 18831 Beck road, Paternal grandparents are Mr. and Mrs. Erwin Schlenker of Ferndale.

A 7 pound, 6 ounce baby boy was born to Mr. and Mrs. Jay Zayti of 47500 Eight Mile road on Tuesday, March 14 at Henry Ford Hospital. Grandparents of the baby, who was named Jeffery Peter, are Mrs. William Zayti of Palm Beach, Florida and Mr. and Mrs. William Schmidt of Harzburg, West Germany.

## In Our Town

By JEAN DAY

THE LUSH GARDENS of Hawaii which boast some 300,000 varieties of blooms would be appealing any time, but in contrast to a bleak March in Michigan they've been especially enjoyed by vacationing Northville residents.

Mr. and Mrs. Donald Boor are just back from almost three weeks on the islands. As a gardener Mrs. Boor was delighted to see so many cactus plants blooming, and as a golfer she and her husband played the course carved from volcanic rock at the resort being developed by Laurance Rockefeller with a 12-million-dollar hotel at Honolulu on the island of Oahu. En route home they visited in Los Angeles and in Albuquerque, New Mexico, where they saw Mrs. Boor's brother, Dr. Richard Watts, and his family.

Now it's son Ken's turn to vacation. He's home this week from Kiski prep school near Pittsburgh where he is a second generation student (his father also went there). He has the good news that he has been accepted at Michigan next fall.

Mrs. Claude Cruseo also is home after spending five days in the outer islands and five days in Honolulu. She and a Detroit friend cruised on the S.S. Lurline, but Mrs. Cruseo reports it was a rough crossing with high winds.

In Hawaii she ran into Fran Boor and also Mrs. Clyde Schoultz and Mrs. Claude Ely. The latter Northville travelers were visiting the fabulous Fern Grotto and found themselves on the same tour boat with Mrs. Cruseo.

Mrs. Ely and Mrs. Schoultz, who visited Hawaii with a senior citizens group from Ann Arbor, returned earlier this week after making stops on the west coast. Mrs. Ely visited in Huntington Beach while Mrs. Schoultz went on to San Jose.

MEXICO CITY, the ruins at Yucatan and then New Orleans were on the spring vacation itinerary of Mr. and Mrs. Richard Martin who are back in time to welcome son Rick home from Bradley school in Peoria the end of this week. Frank, on vacation from Cranbrook, will be here until Saturday when he leaves with Cranbrook's varsity track team for meets in the South. A main stop will be Chapel Hill, North Carolina.

Dr. and Mrs. F. F. Ishac are back from a week's vacation in Miami.

TWO Northville Woman's club members were honored with life memberships at the annual tureen luncheon meeting concluding the club's 74th year last Friday.

Signifying that she has been an active member for 25 years Mrs. John Blackburn received a certificate and a corsage from Mrs. E. V. Ellison, club president. A similar certificate will go to Mrs. N. C. Schrader, who also has attained 25-year status.

Mrs. Ellison accepted the club pre-

sidency for another year and reports she already is making plans for the 75th anniversary year.

Also re-elected were Mrs. Blake Couse, vice-president; Mrs. Claude Cruseo, treasurer. Mrs. Robert Shafer is recording secretary, and Mrs. Robert Bogart, corresponding secretary. Directors are Mrs. R. M. Atchison, Mrs. A. R. Clarke, Mrs. William Soellner, Mrs. W. B. Crump and Mrs. Paul Beard. Mrs. Charles Yahné headed the nominating committee and presented the slate.

Mrs. Ellison announced that Mrs. Leonard Klein will head the program committee for the anniversary year. She will be assisted by Mrs. E. O. Weber, Mrs. Robert Yoder, Mrs. James Tellam, Mrs. Hiram Pacific, Mrs. Yahné and Mrs. William Slattery.

As is traditional, the "fun" portion of the program was a comedy skit presented by the club's new members under the chairmanship of Mrs. Alex Nelson. The original skit, a visit to a toy store with timely assistance from St. Patrick's Day leprechauns, was written by Mrs. Glenn Jordan.

Among Northville Woman's club members attending the annual Woman's Day program at Crowley's in downtown Detroit Monday under sponsorship of the Detroit Federation of Woman's Clubs were Mrs. H. A. Boyden, Miss Ruth Knapp, Mrs. F. A. Wagoner and Mrs. Armin Grossman.

AREA QUESTER clubs will meet for a Spring Quater Day Tuesday, April 25, at Botstord Inn. The Northville Base Line club voted at its meeting Monday to attend in place of holding its regular April meeting. For members only, there will be a workshop session followed by luncheon and an afternoon program on Shaker crafts. Mrs. Paul Beard is in charge of local reservations. The group of antique lovers met Monday with Mrs. Orin Howe to hear about ironstone china markings and designs.

### CALENDAR

- March 24-31 - Northville schools' Easter vacation.
- March 26 - Easter
- March 28 - Northville Senior Citizens' cooperative dinner, 6:30 p.m. social hour to follow, junior high boys gym (Community building)

## JH P-TA Sets Meeting Tuesday

A talk on "The Life of a Junior High Student" will highlight a meeting of the Northville Junior High P-TA Tuesday. The meeting will be held in the junior high school library beginning at 8 p.m. Guest speaker will be Dr. Robert Troutman, director of Michigan State University's teacher education center with offices in Pontiac.

Dr. Troutman received his BA degree at Dickinson State college and his PHD at Colorado university. He has been in the education field for 15 years, serving as teacher, principal and superintendent at the junior and senior high school level.

Another feature of next Tuesday's meeting will be a performance by the eighth grade glee club. Refreshments will be served.

All parents - whether they are P-TA members or not - are invited to attend the meeting.

## 2 Area Women Attend Institute

Two area women are among persons who attended Northern Illinois university's special education institute. They are Mrs. Frances Jackson, school building supervisor for the Plymouth State Home and Training School, and Miss Ann Dougherty of Whitmore Lake, a peripatologist.

The three-day institute, which ended March 17, is the first in the United States to devote attention to the blind child at the retarded level. Dr. Robert F. Topp said. He is dean of NIU college of education.

Sponsored by the Illinois office of the state superintendent of public instruction and NIU's special education department, the institute's participants included persons from 18 states and the District of Columbia. A grant from the US office of education supported the workshop.

## She's to Sing In Competition

Mrs. Dale Henry of 41038 Malott drive, Novi, will sing in the tenor section of the South Oakland County Suburbanette Chapter when the group competes with other Sweet Adeline choruses at the Jack Tar Hotel in Lansing April 1. Mrs. Henry has been an active member of this chapter for six years and has sung with the chorus in four Regional competitions, also serving one term as timekeeper on the judge's panel. The Henry's four children are all interested in barbershop singing and have expectations of joining The Echoes, a chorus of children of the S.O.C. members.

The S.O.C. chorus has taken the regional championship on five occasions in competition with 35 chapters of 1200 members from Region #2 which comprises chapters in Michigan, Windsor, and part of Ohio.

Dr. Albert Burke

William Oltmans

Cindy Adams

## Five Speakers on Tap

# Town Hall Spotlights New Series

Dr. Murray Banks, who "sugar coats" with humor advice on emotional and psychological problems of modern life, will be the first speaker of the 1967-8 Northville Town Hall series, Mrs. Robert Brueck, Town Hall chairman, announced Thursday.

He is to be followed by Dr. Albert Burke, known for his provocative TV program, "Probe;" Willem Oltmans, Dutch journalist who is to discuss "Trouble Spots in Focus;" and ABC-TV correspondent Cindy Adams who will talk on "Woman's Role - East and West." Completing the five-lecture series will be Richard Adler, composer-lyricist, known for such hits as "Pajama Game" and "Damn Yankees."

Tickets, sold for the series only, now are available at \$10 at Northville Town Hall, Box 93, Mrs. Brueck, 349-2250, may be contacted for further information. Tickets for the present 1966-67 and for the 1965-66 Town Hall series were sell-outs.

**Dr. Murray Banks**

Dr. Murray Banks, who will appear at the opening Northville Town Hall program October 19, 1967, is to tell "What To Do Until the Psychiatrist Comes." He has gained a reputation through his lectures and records of being one of the few men in his field "who can make you think logic and laugh."

Dr. Banks covers all the panicky subjects - marriage, children, mothers-in-law, mice, money, ambition, ped-wetting, ducktails, growing old - or young, and adds a few thousand words on sex "just to let us know he will talk on anything."

While delivering what seems to be a frivolous and superficial attitude toward life's problems, Dr. Banks really is telling how to face up to reality, by showing how to use what one has to advantage.

**Dr. Albert Burke**

Dr. Albert Burke will discuss "Ideas in Conflict" when he appears November 16, 1967. Acclaimed by the New York Times as "an exciting new voice - provocative, sensible and challenging," Dr. Burke is lauded for making Americans THINK.

Dr. Burke is a scientist, an economist and an expert on world affairs. He has lived in Russia, China, Germany, Czechoslovakia, in Latin America, among the American Indians.

On his programs he covers a wide variety of international and domestic issues including conservation, the importance of natural resources, air pollution, racial discrimination and Cuba. However, his main objective is to alert the American people to the dangers of Communism and to get them to think and to act. His fan mail for this type of show is considered staggering as he has averaged 5,000 letters a week - 99 per cent favorable. His book, "Enough Good Men - A Way of Thinking," was published in 1962.

**Willem Oltmans**

Willem Oltmans, who will appear February 15, 1968, has been given the

nickname "The Flying Dutchman" as he is constantly traveling to the hot spots around the globe in order to cover in person history-in-the-making. His topic will be "Trouble Spots in Focus."

Netherlands-born and Yale educated, the young Dutch journalist has covered the major news events of the past decade working as an American correspondent for Dutch and Belgian newspapers and television networks. He also has broadcast his incisive analyses of the news, both here and abroad.

As a result of his family affiliations and his activities as a Dutch journalist in Jakarta writing for Holland's best known papers and magazines, Oltmans came to know personally many political and business leaders in Southeast Asia. During this past summer, he toured the length and breadth of Africa. On his fourth visit to the Dark Continent in ten years.

**Cindy Adams**

In the new famous "Sukarno, An Autobiography" as told to Cindy Adams, President Sukarno refers to a new tropical fish he had just acquired as the "Cindy fish" - further explaining, "It's the most aggressive fish I've ever seen." The fact that Cindy Adams is aggressive, vivacious, vibrant and charming is one way of explaining a varied and remarkable career as writer, actress and model.

She will be speaking to Northville Town Hall March 21, 1968, on her concept of "Woman's Role - East and West."

Mrs. Adams has circled the globe more than half a dozen times. Her travels have taken her on interviews with the Empress of Iran, Prime Minister Nehru, President Sukarno, the King and Queen of Thailand, the Duchess of Windsor, Soraya and, in the United States, President Eisenhower, Ambassador Adlai Stevenson, John Wayne and Richard Burton.

As a syndicated columnist for the North American Newspaper Alliance,

her chatty "Cindy Says" column about New York people and places appears from Long Island to Honolulu. She currently is ABC-TV correspondent. She has had articles in magazines and is a contributor to the new United Nations magazine, Vista.

Before turning to a fulltime writing career in 1957, Mrs. Adams was a model, winning 57 beauty titles and appearing on the covers of leading magazines.

**Richard Adler**

"Musical Comedy - The Composer and His Songs" is the topic Richard Adler will speak on April 18, 1968 on the final 1967-8 program scheduled.

Among Adler's well-known hits, in addition to Pajama Game, Damn Yankees, Almanac, When in Rome and A Mother's Kisses are such tunes as "Rags to Riches," "Hey There," "Hernando's Hideaway," "Steam Heat," "You've Got To Have Heart," "Whatever Lola Wants," and "Everybody Loves a Lover."

He was born in New York City in 1921. He graduated from the University of North Carolina with an A.B. degree and a major in dramatic art. In 1946, he was a production assistant with the Broadway company "On Whitman Avenue." In the same year he took a job with the Celanese Corporation of Amer-

ica in their advertising department where he remained for four years.

He also has produced many Democratic spectaculars, including the inaugural gala in 1965 and the New York birthday salute for the late President Kennedy at Madison Square Garden.

## Urge to 'Do Something' Puts Riley in Driver's Seat

When John Riley of Northville retired from his position with American Motors, he was looking for something he would like to do. As he says, "not just something, but something I would like." Then last fall, he read in The Northville Record that Red Cross was looking for volunteers.

Today, Riley is constantly on the move ... he is a volunteer for the Red Cross transportation service. His primary responsibility is making the

blood runs from Red Cross to the hospitals. For years Riley had a desk job, and this is one reason he enjoys driving a Red Cross station wagon. He never knows where he will be sent next. Riley lives at 19821 Westhill.

This month Red Cross is looking for volunteers to help in service to military families, transportation, office, food service and blood program. Persons wishing further information on how they can volunteer are asked to call the Red Cross, 422-2787.

John Riley

your MICHIGAN BANKARD welcome here

Let Every Heart Rejoice! It's

Sing "Alleluia!" Christ is Risen...and the Divine Miracle of Easter, the glorious message of Easter live forevermore. At this holy, happy season, voices raised in song and prayer are eloquent with gratitude for God's great gift to man, for hope fulfilled and faith triumphant, for spiritual blessings manifold, and joy everlasting.

At Eastertide, the light that shines in a youngster's eyes, the sound of a young voice joyously proclaiming the glory of the Day may well symbolize for all of us the hope and promise that is Easter. As we gather in the House of the Lord, with our family and friends, may the Easter season bring to us spiritual strength and joy.

# Woman's Club Wraps up Season with 'Rib Tickler'

RAGGEDY ANN and Raggedy Andy frolic in the toy shop skit written by Mrs. Glenn Jordan. Andy, left, is Mrs. Richard Huston while Ann is Mrs. David LaFond.

A BASIC BLACK dress is the basis for a skit for Northville Woman's club members last Friday in which Mrs. C. A. Hoffman, left, shows ways it can be varied on Mrs. Paul Robinson. In keeping with tradition, new members enact the "fun" program.

PERT AND POLKA-DOTTED, Mrs. Armin Grossman pops out of one of the toy shop boxes designed by Mrs. Kimsey Bell. Others in the club cast were Mrs. Charles Fountain and Mrs. Robert Brueck. The skit was under the direction of Mrs. Alex Nelson.

'A BEARDED GENTLEMAN', Mrs. Harold W. Price, escorts Mrs. Earl Reed onstage during the production, for which Mrs. Fred A. Wagoner was pianist.

'SHIRT AND PANTS' make the scene on Mrs. Orin Hove, left, and Mrs. A. B. Kline.

LEPRECHAUNS, as befitting St. Patrick's Day, open the toy shop box to free ballerina Mrs. Samuel McSeveny. Leprechauns are Mrs. Eugene Guido and Mrs. S. D. Kinde. Watching are Mrs. William Bake, an old-fashioned girl, and Mrs. H. D. Ledgerwood, a top-hatted man.

A 25-YEAR Certificate of active membership in Northville Woman's club is presented to Mrs. John Blackburn, left, by Mrs. E. V. Ellison, club president, at the annual meeting last Friday.

## WE WANT YOU TO TAKE YOUR TIME AT OUR O.K. LOT

You won't be pushed or hurried by our salesmen. We realize that a quality used car is a major investment. We want you to look them all over...ask questions...we'll answer them as accurately as possible. Try out any of the cars that interest you. It's the sensible way to make a decision. We want you to be satisfied. For an example, here are just a few:

1966 CHEVROLET CAPRICE 2 DR. HARDTOP  
Dark blue in color with matching interior. This car looks and drives like a much more expensive automobile. Equipped with whitewalls, automatic transmission, R&H, power steering and brakes.

1965 CHEVROLET IMPALA 4 DR. HARDTOP  
A really fine family car. Dark green in color. Equipped with automatic transmission, R&H and whitewalls, also power steering for the convenience of the lady of the house.

1964 CHEVROLET BELAIRE 2 DR. Dark blue. Equipped with R&H, power steering and automatic transmission. This is not a fancy dalled up car but a good car for the person who expects and will get a lot of economical trouble free miles at a very low initial investment.

1963 OLDSMOBILE CUTLASS 2 DR. Light brown in color with automatic transmission, power steering and power brakes, R&H.

**SPRING BEES-O!** Man Winter may have forgotten that Tuesday marked the start of spring, but certainly not this family of bees that swarmed in the window of the top floor of The Record building. It was a natural thing to do because from that vantage point they'll be able to spot the first flowers to pop open.

**DEAN WATERMAN HONORED**—Schoolcraft college Dean Emeritus Lois L. Waterman is seen in two views above at dedication ceremonies Sunday, March 12, of the campus center which bears her name. The ceremony included unveiling of an oil portrait of Miss Waterman by College President Eric J. Bradner. Several hundred persons, including public officials and Michigan educators, attended the ceremonies in which the col-

lege faculty and administrative staff was attired in formal academic regalia. Dean Waterman joined the Schoolcraft staff in May, 1962, and served as its first dean of student affairs until her retirement in 1965. The \$750,000 center, opened in the fall of 1966, houses eating facilities, a student lounge, student activities offices, the college health office, a bookstore, and an instruction area for the culinary arts program.

## Annual Meet Set For 'River' Council

An impressive list of speakers headlines the program for the annual meeting of the Huron River Watershed Council, scheduled to take place April 19 at the north campus commons of the University of Michigan.

Area members of the council include Wixom, South Lyon, and Green Oak township. The council was organized in 1965. Its purpose is to promote the wise and orderly use of the Huron River as a natural resource.

The meeting will open with a morning session, beginning at 10 a.m., for presentation, discussion and approval of the budget and program. Following this session a luncheon will be served for council representatives, alternates and guest speakers.

The afternoon session, to begin at 1:30 p.m., will include these topics and speakers:

"The Southeastern Michigan Water Resources Study" by Colonel Edward Bruce, district engineer for the United States Army Corps of Engineers.

"Water Quality in the Huron River

Watershed", by Professor John Gannon, department of environmental health of the University of Michigan.

"The Federal Water Pollution Abatement Programs", by Dr. Alan Hirsch of the federal water pollution control administration.

"Outdoor Recreation and Water Pollution in the Great Lakes Region", by Roman Koenings, regional director of the bureau of outdoor recreation for the U.S. Department of the Interior.

"The State Commitment and Community Responsibility", by Loring Oeming, executive secretary of the Michigan Water Resources commission.

"The Meaning of Regional Planning in the Metropolitan Area", by Paul Reid, executive director of the Detroit Metropolitan Area Regional Planning commission.

"Regional Water and Sewer Programs", by Gerald Remus, general manager of Detroit's Department of Water Supply.

## Meet Your Policemen

Richard Faulkner

Sergeant Richard Faulkner, juvenile officer, joined the Novi Police department in July, 1961. He is chairman of the Novi Youth Protective Services association and member of the Michigan-Ontario Juvenile Officers Association and the International Juvenile Officers association.

His police training includes a basic course in law at Wayne State university, courses in accident investigation and school safety education at MSU as well as MSU seminars on juvenile problems, and police juvenile officers training through a grant from the National Institute of Health.

Born in St. Paul, Minnesota, the 30-year-old officer has been a Michigan resident since 1941. He was graduated from Walled Lake high school in 1957 and spent three years in the United States Army.

Sergeant Faulkner and his wife, Irene, have three children, Richard Jr., 6, Melissa 5, and Todd 2, as well as two foster children, David and Johnetta Watts, 8 and 10.

Lawrence Beamish

Born and educated in Detroit, 37-year-old Lawrence N. Beamish joined the Wixom police department in October of 1958. He served with the United States Navy, attaining the rank of second class petty officer. His police training includes a juvenile training course at Wayne State university and law enforcement and traffic investigation courses at Michigan State university. Beamish is a member of the Oakland County Law Enforcement association, the Michigan-Ontario Juvenile association, and the Walled Lake Youth Protective association. He also is a member of the Wixom Planning Commission. Married, he and his wife, JoAnn, have two children, 18-month-old Kathy, and a new baby boy, James Lawrence, born March 4.

## Jaycees Eye Novi Chapter

Young men of Novi were reminded this week of an organizational meeting scheduled this evening by the Farmington Jaycee chapter.

The meeting—for the purpose of organizing a Jaycee chapter in Novi—will be held at the Novi community building at 8 p.m.

All interested young men, 21 through 35, are invited to attend. Members of the Farmington chapter will explain the Jaycee organization, its history and concepts.

Basic objectives of the Jaycees are:

1. To make the community a better place in which to live.
2. To develop leadership qualities of among its own members.
3. To offer educational, recreational and social activities for young men of similar ages.
4. To encourage young men to take an active part in the affairs of the community, state and nation.

200 games: D. Matly 234, T. Bauer, 212, A. Soublier 208, E. Forsyth 205, J. Oja 203.

ery in St. Joseph Hospital, Ann Arbor. Frank Robison and Bertha Bannerman repeated their marriage vows before Rev. J. Albert McCrory at the Crossroads Presbyterian church, Walled Lake, on Monday, March 20 at 3 p.m.

Sunday dinner guests of the Charles McCallis were Mr. and Mrs. Gordon Marshall and two children from Windsor, Ontario.

Mr. and Mrs. Fred Burleigh of Continental Bar, Wixom flew to Hawaii on March 4 for a 15-day stay. On their return they spent two days in San Francisco, returning home Tuesday March 21.

Mr. and Mrs. Michael Coe are the proud parents of a new son, Kevin Michael, born March 17 at Botsford hospital. Grandparents are the Kenneth Cruthers and Howard Coes of Wixom. Kevin has a five year old sister.

Mr. and Mrs. Fred Wagnitz and Mr. and Mrs. Alfred Gaedt and Miss Mildred Bogart have returned from a three-week vacation in Florida. They went all the way to Florida Keys. They were at Zepher Hills two weeks. They visited the Cris Nissens at Naples and the Pettis at Dade City and the Lorry Morris at Sarasota.

Mr. Charles Thomas has returned home from University hospital, Ann Arbor.

Mr. Reg Aston from Tawnton, England will be a guest of the Charles Thomas and James Rollos. He will fly from England April 20.

Wixom elementary school and St. Williams Catholic school closed for Easter vacation on Friday March 17 and will reopen for classes on Monday March 27.

Services at St. Williams Catholic church for Easter start Thursday evening with washing of twelve parishioners' feet, representing the 12 apostles, followed by Mass. Then follows an all-night vigil before Blessed Sacrament at altar of repose. On Good Friday services will be from 1 to 3 p.m. and Stations of the Cross at 8 p.m. The church will be bare until eleven p.m. on Holy Saturday when the lighting of the new fire will be started outside the church followed by a procession of lighted candles to the church. Then lighting of Easter Candle followed by Baptism of New members with Mass starting at midnight. After Mass all people are invited to be Pastor Father Jones' guests to donuts and coffee at the parish hall.

Mrs. Mary Barry of Beck road is in St. Joseph hospital, Pontiac having had surgery.

Mr. and Mrs. Wesley McAtee have returned from a nine-day trip to Miami, Sarasota, Fort Lauderdale, Lake Wurst. They returned home Sunday. Mr. McAtee fished in the Gulf with Cris Nissen.

## Speech Entries Win 12 of 15

Northville swept 12 or 15 places in the district forensic competition Saturday at Northville high school to qualify 16 students for the regionals.

First and second place qualified for the regionals to be held sometime in April in Dearborn. Inkster and Clarkston took one first apiece and Livonia Stevenson copped a second. Clarenceville did not place.

Northville swept five events and won the only place in multiple reading. Here are the Northville winners: Oratory: (1) Doug Swiss, (2) Roger Kline.

- Humorous Reading — (1) Kurt Kinde, (2) Jack Crawford.  
Girls Extemporaneous — (1) Pam Smith, (2) Virginia Round.  
Declamation — (1) Cris Becker, (2) Steve Hughes.  
Radio — (1) John Bunn, (2) Sue Bosak.  
Interpretative Reading — (1) Inkster, (2) Debbie Forsythe.  
Multiple Reading—(Northville) Glenn Deibert, Barbara Bogart, Brian Tabor, Bill Sliger, Allison Lyke, Caroline Collicott and Steve Jordan.  
Boys Extemporaneous — (1) Clarkston, (2) Stevenson.

**FORENSIC WINNERS**—Winners in the district forensic competition held Saturday at Northville high school are (l-r) Brian Tabor,

Buzzie Collicott, Barbara Bogart, Sue Bosak, Debbie Forsythe, Steve Jordan (back) John Bunn, Kurt Kinde, Jack Crawford, Roger

Kline, Glenn Deibert, Doug Swiss and Bill Sliger. Others were absent.

# Sunny Side Seen for Spring Sports

**SPRING SPORT?** - Track is called a spring sport, but the only spring in this picture comes from the legs of (l-r) Phil Serwatowski, Everett Greer and Bill Harrison. Despite the newest blanket of snow on the first day of Spring, Tuesday, the Northville thinclads will open the track season tomorrow at Ypsilanti - inside, of course. They will compete in the Huron Relays against other teams from South-Eastern Michigan.

## On the Upswing Here

### Track: A 'Neglected Sport'

A neglected sport, track has been on the upswing at Northville high school. Coach Ralph Redmond's boys finished fourth in the conference last year, unprecedented in the last decade at the school on the hill.

That's not all. Redmond and his newly acquired assistant, Paul Osborne, are expecting greater things this year. To do it, Northville will have to dislodge either defending champion Clarenceville, runner-up Bloomfield Hills, or perennial track contender Milford.

Any way it looks like a tough row. Just like the tennis team, the tracksters lack depth and they are young. But Redmond's tacitly hoping that some newcomers can round into shape to back up 12 returning veterans in the race for points.

First test of this year's squad won't be long in coming - tomorrow, as a matter of fact. That's when Northville will compete in the Huron relays at Eastern Michigan university. The following week, on March 31, the track men will compete in the Spartan relays at Michigan State university.

"We'll be strong in the speeds through the 440," Redmond declared. And three prepsters are the coach's reason for optimism. They are Chuck Keegan, Jack Crawford and Bill Harrison.

Keegan is pegged as the top man in the 100-yard dash, based on a :10.2 performance this summer in AAU meets in the Detroit Metropolitan area. Keegan, who was showing significant improvement as a sophomore last year, was injured, thus sidelining him for the conference meet.

Jack Crawford is Redmond's choice to finish second behind Keegan in the 100, but Crawford's the man predicted to win for Northville in the 220. Who's second? None other than Keegan.

Harrison, just a junior, was a winner last year in the 440, and figures to improve on that performance. His best time is :51.3.

These three youths are also expected to help out in the relays, Keegan and Crawford will run two of the four legs in the 880 yard relay and Harrison will enter the mile relay. Al Earehart and Greg Carr, to veteran runners, will also run in the mile relay.

In the high and low hurdles, where the Mustangs failed consistently to place last year, two experienced cinder men Jim Peterson and Randy Simpson, will be competing. A newcomer, Ron Gloetzner, will also get a crack at the low hurdles.

In the field events, where North-

ville is considered strong in three of four events, Gloetzner is expected to give a boost. A pole vaulter, he is said to have flown as high as 12' 3". At the present time, however, the number one spot goes to Mike Ratliff, a veteran, who has soared 11'. Following him are Earehart (10'6") and Carr (9'6").

Back at his specialty, the high jump, is Peterson, who was Northville's best last year. "He has cleared 5'10" already in practice," Redmond pointed out. It's a mark that should make Peterson a serious contender in the high jump this season.

Redmond is also counting on Bill McDermaid (5'6"), sophomore Phil Kennedy and Frosh Jeff Dawson, both of whom jump around 5'.

McDermaid is the only returning veteran in the long jump, but Keegan, who jumped as far as 20 feet the past summer, will enter the event for the first time. McDermaid's best is 18 feet.

The absence of Dan Conklin, leader of the local shot putters last year, hurts Northville's chances in the event. According to Redmond, Conklin has decided to work this year. That means the burden will fall on Bill Christenson, Bob Hicks and Tom Hotchkins. Christenson threw 40' last year and Redmond is hoping for improvement.

With no proven boys in the fold, Northville is hurting in the 880, the mile and two mile. Dave Orphan, holder of the Northville record in the mile at 4:34, has graduated, and a topflight distance man, Senior Roger Kline, has decided to work, Redmond reported.

There are experienced veterans, however, from which Redmond and Osborne, who is working with the distance men, can pick. They're Doug Hazlett, Earehart, Carr, Phil Serwatowski and George D'Haene. Expected to give help in the distances are Everett Greer, Dale North, Chris Kline, Glenn Heffner and Daryl Holloman.

to come back to the links: Seniors Mike Hlohenic and Keith Mueller, Junior Jerry Asher and Sophomores Billie Thomas, Tom Fagan and George Neisch. A successful season, as far as Jones is concerned, would be a third-place finish in the league and qualification for the state tournament. The kids must improve to do it, Jones said.

Jones picks Bloomfield Hills and Milford for the top two spots.

Northville will be battling for third place with Holly and a young Brighton outfit.

Because of inclement weather, practice will probably begin after the Easter vacation - thanks to Meadowbrook country club, and the Brae Burn and Brooklane golf courses, who annually open their doors to the high school golfers.

## 'Somewhere in the Middle', Forecasts Golf Coach

"We'll be somewhere in the middle, I think," That's the opinion of Golf Coach Al Jones. In that case, it will be another lean year for Jones whose teams have compiled impressive records during his six years of coaching.

Five successive years his teams qualified for the state class B golfing tournament. The string was broken last year when Northville missed the state event by losing to Fenton by one stroke.

The Wayne-Oakland title has been a bit more elusive. Three times Northville has blown the conference tournament on one bad hole. Jones can vaguely recall winning the W-O title once.

There are six veterans expected

## Sports Buffs See Novi Improvement

Improvement. In a word, that's what's expected of Novi's track and baseball teams this spring when practice gets underway after the Easter vacation.

Although veterans will be returning at seven of nine positions, Baseball Coach John Osborne says the work is cut out for his hopefuls if they hope to improve on last year's record of 3-7.

"We'll have to improve our hitting, pitching and fielding," he stated. His biggest problems are catching and third base.

Rotation of Lee Snow from the pitching mound to behind the plate may be one solution to the catching dilemma. When Gary Boyer isn't working on the mound,

Osborne indicated, he would probably be moved to short.

Returning at first base is Paul Faulkner, and at second, Phil McMillan. In the outfield, Osborne's tentative lineup includes Pat Haley, Andy Pantaleo and Jeff Adams, holdovers from last year's ninth grade squad.

### TRACK

Coach Fred Hanert has his boys working on weights in preparation for full-scale practice, which will begin April 3. A turnout of about 20 thinclads is predicted.

Sophomore Jon Van Wagner is once again expected to pace the team. Last year he soared 5'11" in the high jump and 10'6" in the pole vault.

It's doubtful whether the so-called minor sports - cross country, wrestling, track, tennis, golf and yes, even baseball - will ever match football and basketball for popularity at high school sports.

But if the publicly neglected sports are to make gains at the gate, around the hot stove, or in the Old Mill, there's nothing like winning to start tongues flapping.

Admittedly, cross country is in water, the cold water of neglect at the bottom of the sports barometer. Scidom do the local harriers win.

Wrestling was a different story this year, however. Coach Jack Townsley's boys had their most successful season, winning 12 and losing only four. Although the spectator turnout was disappointing, the talk was at least luke warm, a marked improvement.

But both cross country and wrestling were working at a disadvantage. They were competing against big-name sports; cross country against football and wrestling against basketball.

Now comes the spring, the time when minor sports, as well as the birds and the bees, hold sway. Football

and basketball are fading into memory.

And if there's any validity to the statement that "winning's the thing," then there's hope on the horizon for coaches of spring sports. Even if the golf, tennis, track and baseball teams don't walk off with Wayne-Oakland Conference flags, every solitary one should be in contention.

Golf appears to have the roughest go. But then, probability of coming up with another golden era of the Jims (St. Germain and Berton) are a million to one.

## 2-Way Battle Seen in Race For Tennis Title

A two-way battle shapes up in the Wayne-Oakland Conference tennis race. And Northville's one of the two teams. Clarkston is the other.

In the early going, Clarkston may have the upper hand, for an all-veteran team is returning. Northville beat the same Wolves twice last year, the last time by a slim 3-2 margin.

Northville, on the other hand, must find replacements for netmen who were instrumental in winning the W-O championship last year, posting a 13-5 dual meet record, and placing third in the regional and Walled Lake Invitational tourney.

Northville will field a young team this year, one that figures to come on stronger as the season progresses. Of the 21 boys out for beginning workouts this week, only four are seniors and three are juniors.

"We should be fairly tough," Coach Dick Norton predicted.

Vacancies were created by the graduation of Norbert Parent, Northville's number two singles man and runner-up in the conference singles, and Larry Thibos, sometime singles man who combined with Dick Hart to win the league doubles crown.

Back to defend his singles title and to anchor the team is Jim Long, a willowy senior. He and Parent tied for the W-O championship, which forced the two local netters to come back to Northville for a playoff at Cass-Benton park. Long edged Parent.

Four lettermen and 16 other netmen will vie for the number two and three singles spots and four positions on two doubles combinations. The four Mustangs who saw considerable action last year were Randy Burnett, Ken Boerger, Bruce Durham and George Kosh.

Coach Norton is hoping that two transfer students, brothers Dane and Mark Alexander, will "provide needed depth." They indicated potential winning form last summer in brief workouts at Cass Benton park. Dane is a sophomore, Mark is a senior.

## Novi Residents Get Sports Call

The call went out this week to Novi residents interested in the formation of a formal recreation program for Novi children.

Making the appeal is C. J. Comito, under the auspices of the Novi Youth Protective association.

As chairman appointed to head up recreation activities, he is asking that residents interested in such a program call him at GR 6-0572 in the evening or simply write to Comito at 39413 Burton drive, Novi.

## Northville Nine Eyes Another Title

Quasi-popular baseball, under the guidance of Coach Bob Kucher, should be a sunshine sport once more. In his two seasons on the job, Kucher's teams have won 29 games while losing only 12.

Last year was Kucher's best. Competing against mostly class A and strong class B teams ("our most ambitious schedule"), the Mustangs won 19 of 22 games, tied Clarkston for the W-O championship with a 12-2 record, and were runner-up to Southfield in the Pontiac Press baseball tournament, losing 5-1 in the title round.

Several key players from the squad are graduated. Steve Evans, now twirling for the University of Michigan freshmen, is gone and with him, a 12-2 record and a .080 earned run mark. Other regulars departed are First Baseman Jerry Instand, the leading slugger, Second Baseman Bob Bartski, Third Baseman Dave Boerger and Outfielders Mike Turnbull and Phil Andrews.

Not all has been lost, however. Returning are eight lettermen, including Catchers Doug Swiss and Randy Pohlman, Pitchers Dennis Primeau and Steve Kehrner, Third Baseman Doug Anglin and Outfielders Pat Hall and Chris Holman.

"We're solid in the outfield, catching and pitching," Kucher stated, "but we'll have to rebuild the whole infield, both regulars and back-up men."

To get "the strongest infield possible," Kucher must scrutinize new players for adequate replacements or do a juggling act. There will be pre-season testing, experimentation and more testing.

Shortstop is the key and the biggest problem at present. Defense is half the high school game, and the shortstop must plug the gap between second and third or the team can concede defeat. It's as simple as that.

First, Kucher will be trying to turn up a shortstop from the top prospects of last season's jayvee squad which posted a 10-3 record. That would mean Infielders Bill White, Stan Nirider and Barry Deal will get a long, hard look.

Primeau, who has had limited experience at shortstop, would be a logical choice, if it weren't for the fact that he is Northville's prime hurler. Primeau was 6-0 on the mound last year and had a .081 earned run average. Since Primeau will see constant

duty as a pitcher, Kucher would like to have a "regular," dependable shortstop. If he can't find one, the junior twirler may be joggling between the mound and short.

Kucher is contemplating another move among veterans that could solve the problem at short. Letterman Junior Doug Anglin could get a shot at short, leaving his more familiar third base position, where he saw spot action backing up Boerger.

In that event, Captain Swiss, one of the best prep receivers in the state, may be called on to try out at third the Northville coach said. Chances are better, however, that Swiss will remain behind the plate where, as a savvy catcher, he can coax maximum mileage out of the pitchers.

Although there's a hole to fill at second, where Bartski roamed last season, the problem isn't as acute as the one at short. Here, Larry Biddle, newcomer, may move in nicely. Other former JV's will be given a shot at the keystone.

Leading hitter on the jayvee squad was Bob Hubbert, a first baseman, now a junior. He's a natural. But should difficulties crop up, Kucher indicates that he might call on Pohlman, normally a catcher.

Catching presents no problem with Swiss and Pohlman ready for duty. And the outfield falls into the same category, although it is not as deep.

In centerfield will be Pat Hall, a speedster who developed into a fair hitter. Chris Holman, a senior like Hall and a better batsman, will get the call in left or right field.

Providing Kucher can field a solid infield combination, Primeau may even be switched part-time to the outfield where he saw major duty when he wasn't pitching the past season.

Up from the reserves are two promising outfielders, Dave McMillan and Joe Donner. Donner is a long ball hitter.

Despite the loss of Evans, the pitching stacks up as better than average. Primeau, a right hander, heads the list. Another veteran hurler is Steve Kehrner, a lefty who had an up and down season last season, but is expected to become a steady pitcher.

Bill Skelly, showed signs of coming of age on the JV's. With more experience, which he is sure to get, he could develop into Kucher's third starter. Jeff Taylor, up from the jayvees, will also get a thorough workout on the mound.

# Northville Township Official Minutes

Monthly meeting Northville Township board, Tuesday, March 7, 1967—Northville township hall, meeting called to order at 7:30 p.m.

Member present: R. D. Merriam, Supervisor, Marguerite N. Young, Clerk; Alex M. Lawrence, Treasurer; James H. Tellam, Trustee; Bernard W. Baldwin, Trustee.

Consultant: John Ashton, Twp. Attorney, L. W. Mosher, Twp. Engineer. Visitors: Bill Sliger, Northville Record, James E. Littel, Legal Council for Dr. Gzyski, Joseph Skwiercz, Business manager for Dr. Gzyski, Earle McIntosh, Developer Glen Meadows Sub. Gunnar Stromberg, chairman Twp. Planning Commission, Thomas Armstrong, Eleanor Hammond, Approximately 10 township residents.

Minutes of the Township Board meeting of February 7, 1966, were approved as submitted.

Treasurer's monthly report for February 1967 was reviewed. No questions, it was approved as submitted.

Twp. Office receipts and Water & Sewer Commission receipts for February 1967, were reviewed.

Bills payable for the township and water and sewer commission were presented. After due consideration, Mr. Baldwin moved, supported by Mr. Tellam, that the bills be paid. Motion carried unanimously.

Building Inspector's report for February 1967 was presented. There being no questions, it was pronounced approved.

Planning Commission minutes of February 28, 1967, were accepted as written.

Supervisor Merriam informed the board that the township equalization factor would probably be increased from 1.28 to 1.41 in 1967 taxes, due to a 10% valuation increase which Wayne County called an economic factor. The county feels that land is worth 10% more than when it was last assessed.

Correspondence: 1. Letter of resignation as Township Chief Building Inspector from Mr. R. B. Willis was read. Resignation to take effect April 10, 1967.

Mr. Lawrence moved, supported by Mr. Baldwin, that his resignation be accepted and a letter of appreciation for service rendered, be written him. Motion carried unanimously.

2. Proposed purchase of executive chairs and one dozen folding chairs. Quotations from Schrader Furnishings were submitted to the Board by Mr. Merriam. He stated that he had requested Silver's Office Furnishings to submit a quotation also but it had not been received.

The executive chair in Vinyl was priced at \$63.55—Fabric \$68.25. 12 Durham folding chairs—delivered by truck \$58.00—f.o.b. Factory \$48.00.

It was decided to wait until a quotation was received from Silver's before placing an order.

Old Business: 1. Committee of 100—proposed resolution requesting membership.

Proposed resolution from the Committee of 100 and letter from them asking that the township join as charter members of the council, were read. Mr. Merriam called the board's

attention to the fact that participation would be voluntary, with the right of withdrawal, and suggested that the township join in their effort.

After general discussion of Joint Authorities, Wayne County Board of Supervisors and possible overlapping studios, it was decided to take no action.

2. Shoup Voting Machines. Letters from Mr. Walter Rae, local representative of Shoup Voting Machine Company and Mr. Martin Schott, Executive Vice President of Shoup Voting Machine Company were read.

Mr. Schott's letter stated that their production lines were running at maximum and conditions due to the 1968 Presidential Election, indicated that they would continue to do so until the 1968 Primaries and if the township was anticipating a need for additional machines, the township should contact them at once.

Clerk Young urged that the board not procrastinate. The township needed two more voting machines and the need for them would be greater at the 1968 National Election.

After discussion, Mrs. Young moved, supported by Mr. Baldwin, that the township board authorize purchase of two new Shoup voting machines, same as is presently being used.

Motion carried unanimously. 3. Convalescent Home Complex—Dr. Gzyski petition.

Letter of transmittal to the township board from the township planning commission was read. (Letter attached)

It stated that the planning commission wished to advise the township board that the planning commission was against the township board's recommendation to the planning commission, that the application be granted as originally filed, and listed reasons why.

The planning Commission recommended that zoning changes be made to allow construction of most of the project. The OS-1 zoning to be allowed on Parcels A, B and C as shown on the map and RM zoning northerly to a line parallel to Stoneleigh which area approximated 560 ft by 500 ft. This would allow the construction of the Doctor's clinic, professional offices and the nursing home. It would not allow any RM area for retirement housing construction.

Their expressed fear being that apartments other than low-density, one level retirement apartments might be erected because the RM zoning in the township zoning ordinance was not classified so as to restrict to one story apartments. Attached to the letter of transmittal was a draft recommended by Vilican-Leman whereby the RM—multiple Family Residential Districts could be broken down in the zoning ordinance to RM-1 Low Rise—Low Density, RM-2 Low Rise—Medium Density and RM-3 High Rise—High Density districts. This draft had been presented the Planning Commission at the February 28th meeting and it was suggested that time be taken to establish this new zoning designation, including one that would permit retirement housing only before granting the RM zoning for the retirement construction.

Mr. Vilican's letter dated Oct. 25, 1966, wherein he recommended the ap-

proval of the OS-1 rezoning—the RM zoning for the convalescent home and the approval of rezoning of 42.8 acres from R-2 to RM for the Retirement Village was referred to. Clerk Young asked that the Planning Commission had approved enough to satisfy the original need for the rest home and OS-1 use.

After more discussion, Mr. Littel representing Dr. Gzyski, asked to be heard. He stated that he could not agree with any of the conclusions as set forth in the letter of transmittal to the township board from the Planning Commission. He did not question their right but he did say that they were not sound basic reasons for making a zoning decision. He insisted that from the beginning the Doctor had asked only to be given a specific low density use for the convalescent home and retirement village. The fact that he had asked for a RM use was not his fault but it was the only use under the Zoning Ordinance that would permit a convalescent home and retirement village. He asked that the project be put in a zone that would permit a low density use. He discussed the time involved in developing a site plan, additional surveys and the complexities of a financing program for a three to five million dollar project such as this. In referring to financing, he stated that at present they were negotiating with a large insurance company who was considering financing of the project because of its pioneer aspects in the field of medical care and housing for the aged and its relationship to newly instituted Medicare. The insurance company would not consider any part zoning. It would either have to be the whole project or nothing. There was one alternative—the northerly 800 ft. of the property dropped off to a depth that made it impossible for them to use for retirement housing and if the Board was so inclined, it could propose the RM zoning to the crest of this hill.

Mr. Baldwin and Mr. Tellam favored granting zoning changes proposed by the Planning Commission and then pursue an amendment to the zoning Ordinance to provide for low-density multiple dwellings.

After further discussion, Clerk Young moved that the Northville Township board amend the township zoning map in accordance with the application as originally published for a Public Hearing before the Planning Commission but excluding that part of the property lying north of the projected northerly line of Opello road. Mr. Lawrence seconded. Ayes: Lawrence and Young. Nays: Baldwin and Tellam. Supervisor Merriam, who votes only in case of ties, voted aye. Motion carried.

4. Request from Northville Public Schools for annexation of Moraine School property to City of Northville and overpass on Eight Mile road.

Letter from Mr. Alex M. Nelson, Northville Public School Superintendent, was read. He requested a letter from the township board indicating willingness to allow annexation by the City of Northville of the ten acres on which the Moraine School is located. Also, if the construction of an overpass at the Moraine site become a reality, would the township be in a position to assume a share of the cost.

Supervisor Merriam informed the board that he had discussed the annexation informally with the city manager and had been informed that the city were not interested in this annexation unless the full acreage west to Beck road could be annexed, giving them a tax base for the cost of police protection.

Discussion followed with Mr. Baldwin moving that this request be tabled until such time as the township have an expression from the city of Northville. Mr. Lawrence seconded. Motion carried unanimously.

5. Earle McIntosh Bond for Glen Meadows Subdivision.

Mr. McIntosh had presented the board with two copies of an agreement wherein the Detroit Bank & Trust were holding \$14,250 in escrow allowing Mr. McIntosh one year to fill and grade the low areas in Glen Meadows Sub.

Mr. Ashton advised the board that he had checked the agreement and in his opinion it was sound.

Mr. Tellam moved, supported by Mr. Baldwin, to authorize the supervisor to approve and execute the Escrow Agreement.

New Business:

1. Letter from Wayne County Road Commission—request to allow abandonment and discontinue part of Bradner road.

While discussing the request, Mr. & Mrs. Northrop of Bradner road asked to be heard. They were inquiring about the paving of Bradner road and why Thompson-Brown were initiating the petitions for this. They were advised that Thompson-Brown were proposing to subdivide the land from Six Mile south to Franklin road on the east side of Bradner and the Wayne County Road Commission were requesting that Bradner road be paved. There was more discussion of how many signatures were needed to set up the special assessment for the paving.

No action was taken on Wayne County Road Commission's request.

2. City of Detroit invoice for installation of 1" water tap at 15615 Bradner road.

Supervisor Merriam explained to the board that the City of Detroit had invoiced the township for \$444.17 for one water tap at the above address. That the charge was very high. Prior to this time the highest charge on a single tap had been \$172.00. The township had billed the owner for this amount and they had protested the charge. He was asking that the township board set a fee for this type of tap so that all residents would be treated the same. The board was agreeable and it was decided that the Water & Sewer Commission should make a study and present the township board with some figures to be considered.

3. Cusumano Bros, property at Seven Mile and Northville road.

Supervisor Merriam informed the board that the market on this property had been vacated, was a traffic hazard and a health hazard and was inquiring what could be done to have it removed.

Mr. Ashton stated he had no ready remedy as to how the township could require them to remove it but suggested that the Building Inspector take a look at it and if they are in violation of the code, then the Township could take steps.

Appointment: Supervisor Merriam advised the board that he had appointed Mr. Burton Williams as a member of the Board of Review to replace M. C. Gunsell as he had been authorized to do at the February board meeting.

Mr. Baldwin stated that Mr. Vilican had suggested that the township look into the setting up of Building Codes for the building of multiples as the Boca Code did not cover multiple building. Mr. Vilican suggested that the township write the Boca People for their requirements.

Mr. Baldwin was advised that the Boca People had been written by the Building Inspector with no results but Mr. Merriam said he would write them and see what information he could obtain.

No further business, Mr. Lawrence moved for adjournment. Meeting adjourned at 11:00 p.m.

Marguerite N. Young, Clerk

## Novi Motorist Injured As Car Spins out of Control

Eleven stitches were required to close a wound in the knee of a 24-year-old Novi man, injured when his car spun out of control early Friday morning on Grand River and smashed into a tree.

William E. Matlock, 41480 Grand River, was taken to Botsford General hospital, Farmington, where he received treatment and was released the same morning.

After returning from the hospital, Matlock reported the accident to Novi police. He said he was headed east on Grand River avenue at approximately 35 miles per hour when he lost control of his car as he was trying to avoid a dog.

The vehicle spun 132 feet, he said, and crashed into a tree on the north side of the road. The right front and rear fender of the car were damaged.

## Donald Hummel Wins Stripes

Among the Cadets at St. John's Military school in Salina, Kansas receiving recent promotions was Donald M. Hummel, son of Mr. and Mrs. Ward L. Hummel, 47139 Grasmere.

Hummel, a senior, was promoted to the rank of platoon sergeant at the junior Reserve Officers Training Corps school.

**DANGER**—With the official enactment of a new law last week, all slow-moving vehicles with a maximum potential of 25 miles per hour must now display a brightly-colored "danger" emblem shown here by Howard Balko (on tractor) and Zolie Visnyak, representatives

of the local Farm Bureau. Backed by the Farm Bureau and supported by a number of public spirited members of the legislature, the new law is aimed at reducing rear-end collisions. The triangular emblem features yellow-orange fluorescent paint.

# High Court Pinches

Continued from Page 1  
age that demanded rights before the high court ruling.

"It's not hurting us," he says. "As a matter of fact it's keeping us on our toes so that when a case goes to court we know it won't be tossed out. Sure, it puts a little more pressure on the police officer but he's just as effective as ever."

In Novi, police officers carry a plastic-coated card bearing the "Miranda Warning", and the officers read the card to their suspects.

"That doesn't mean," explains BeGole, "that I'm pointing a gun at him with one hand and telling him his rights by holding the card in the other. It just means we're careful."

BeGole points out that he would object to the warning if it were carried to an extreme. He said he wouldn't like it if, for example, he asked a burglary suspect on top of a store building what he was doing up there and later had the case dismissed because he failed to read the warning before he asked the question.

"You'll find," BeGole says, "that the guy with a criminal record has always kept his mouth closed and demanded an attorney. It's an unwritten rule among hardened criminals that they don't talk even if they steal a church and the steeple is sticking out their back pocket."

"The smaller departments may not notice much difference," says Elkins, "but certainly the larger departments which handle many more felony cases are being hurt. I know from personal experience what it's doing to departments like Inkster."

"Some policemen are so scared of losing a case that they refuse to ask even basic questions (name, address, etc.) before bringing a suspect into the station."

Several years ago about 99-percent of the time a policeman could get a confession and a complete story from suspects, estimates Elkins. "Not anymore."

The big problem, Elkins says, is that there are so many uncertainties about the ruling. Few police departments view it the same way, and this uncertainty is itself a hampering device, he contends.

Elkins points out that his police officers also carry cards with the "Miranda Warning". Sometimes upon booking of a suspect, the police officer will even let the suspect read the card besides telling him what it says, Elkins explains.

Young concedes that the hardened criminal has always been "closed-lipped". "That's not the problem. What about the other guys who haven't got a second-grade education? So you give in the 'warning', but how do you assure the court that he understood what you told him? The guy can always say he didn't understand and there goes your case."

A confession isn't worth much, Young explained, even if it is signed after the suspect declined to ask for an attorney. "You've got to prove to the court that you gave him the opportunity and he declined."

BeGole and Elkins safeguard con-

fessions by having them made in the presence of witnesses.

Also, Elkins says he usually asks the suspect to make a similar statement to the prosecutor, thus providing police with two confessions.

All three police officials agree that one problem is determining at what point the warning must be given the suspect.

BeGole believes that the suspect, upon arrest, must be apprised of his rights. "He should not be asked any questions enroute to the police station if he has not already been read the warning".

Young believes the police officer, under the Supreme Court ruling, may question the suspect up to the point where he begins to accuse him of the crime. At the point routine questioning stops and accusations begin, the warning must be given the suspect, says Young.

In essence the two officers are in agreement because once a suspect has been detained—taken by car to the police headquarters—he is technically under arrest, they note.

# Hail Risen Christ

Continued from Page 1

breakfast. Church school will begin at 10:45 a.m.

\*\*\*\*\*

The traditional Easter sunrise service at the Northville Methodist church will feature an Easter play by the Methodist Youth Fellowship at 7 a.m. An Easter breakfast will follow at 7:45 to 8:15 in the Fellowship Hall. It will be served by the men of the church.

Regular Easter worship services will be held at 8:30 and 11 a.m., with the sermon theme of "Knowing the Risen Christ".

\*\*\*\*\*

Because no Good Friday services are planned at Willowbrook Community Church in Novi, the Rev. R. A. Mit-chinson, pastor, is encouraging members of his congregation to attend services of neighboring churches.

However, special Easter services are planned, beginning with a breakfast at 7:30 a.m. sponsored by the youth fellowship and followed by a service. Later, at 11 a.m., the regular worship service will emphasize the Risen Christ message in Handel's Messiah—entitled "I Know That My Redeemer Liveth".

LUTHERAN

The children's choir will perform at the 1 p.m. Good Friday service at St. Paul's Lutheran Church, and the senior choir will perform at the 7:30 p.m. Communion service that evening.

An Easter breakfast is planned between 8 and 10. It will be preceded by a 7 a.m. sunrise service at which time Holy Communion will be celebrated. Following the 9:15 a.m. children's hour, the Easter Festival service will be held at 10:30 a.m. Both the junior and senior choirs, together with a trumpeter.

Messages for the three day services at St. Paul's include "After All I Have Some Pride" on Maundy Thursday, "Calvary's Three Crosses" at the 1 p.m. service tomorrow, "Let's Not Talk About Death" at 7:30, and "Christ Livest We Live Forever" at both Easter services.

\*\*\*\*\*

Communion will be celebrated tonight at the Evangelical Lutheran Church of the Epiphany beginning at 7:30 p.m.

An Easter sunrise service will be conducted at 7 a.m. with Communion, and an Easter breakfast at 8 a.m. The regular Easter worship service will be held at 11 a.m.

\*\*\*\*\*

CATHOLIC

Low Mass, with Communion during Mass only, is scheduled for 8 a.m. today at Our Lady of Victory Catholic Church. Tonight at 8 p.m. a High Mass will be said, with Communion during Mass.

Liturgical services—Communion and Veneration of the cross—are planned for Good Friday beginning at 2 p.m. At 7 p.m. tomorrow will be the Public Way of the Cross.

Easter vigil services are slated at 11 p.m. Saturday, followed by Easter Mass-Holy Communion at Midnight. Masses also are scheduled for 8:30, 10:30 and 12:15 on Sunday. There will be no 7 o'clock Mass Easter Sunday.

Confessions will be heard tomorrow between 7:30 to 8 a.m., from 4 to 5 p.m., and after evening Mass; on Good Friday from 1 to 2 p.m., after services

# Wixom Police Hunt Missing Woman

An intensive search has begun for a 34-year-old Wixom mother who has been missing for almost two weeks. Police do not preclude the chance of foul play.

The woman is Mrs. Lee Barrett, wife of Walker Barrett of 428 North Wixom road.

She was last seen in her home by her three young boys, whom she sent off

to school around 8 p.m. on Friday, March 10.

Barrett, who works at the Wixom Ford plant, is baffled by his wife's disappearance. In their 15 years of marriage, he told police, Mrs. Barrett has never been gone any longer than one day.

Her car was recovered Monday, March 13, in a Pontiac parking lot. Through a picture, the parking lot attendant identified Mrs. Barrett and said that she had checked the car, a 1962 Thunderbird, between 12 noon and 1 p.m. on March 11 and walked away, police said. The parking lot is located two blocks from a bus depot.

She is thought to be wearing a white, rose-flowered ski jacket, blue slacks and light green slippers. She took no other clothes from home, police reported.

Mrs. Barrett, who worked at the Novi Convalescent home, did not report for work on Saturday or Sunday, March 11 or 12. A check of friends, neighbors and relatives did not turn up any further clues.

She is described as white, 5'8" and between 125 and 130 pounds. Any one having seen her or knowing of her whereabouts is urged to call the Wixom police department at 624-1111.

## COURTS

An 18-year-old Northville youth was fined \$38.50 and sentenced to four days in the Detroit House of Correction in Northville Municipal court Tuesday.

Patrick M. Curtner, 101 East Baseline road, pleaded not guilty at his arraignment March 14 and at his trial. But Judge Charles McDonald found him guilty of having liquor in his possession March 8 on East Main street at Griswold street.

## Wixom OKs Credit Building

The way was paved for construction of a new building to house the Wixom Credit Union when the planning commission granted a special approval use at its meeting March 13.

Under operation since 1961 and presently housed within UAW local 36 building on Wixom road, the Wixom Credit Union building will be located on the north side of Pyle Industries on Wixom road.

The special use was granted because the use was closely allied to industry, it was reported.

The planning commission also set a public hearing on the preliminary plat of the Detroit Finnish Camp association.

## Spring Sprouts Bad Checks Too

Besides warmer weather, the advent of spring also means an increasing number of "hot" checks.

That's the word from Northville Patrolman Phil Young, who warned area merchants to be on the lookout for men and women cashing "bad checks".

The surest way to prevent bad checks from being cashed, he said, is to ask for the patron's operators license. "Don't cash any check without an identification," he warned.

# U-M Picks Hyde For Special Class

With the naming of a high school counselor as a participant in a special summer leadership program at the University of Michigan, Northville high school moved a step closer to a cooperative training-employment program.

John Hyde, presently a part-time counselor at the high school, was selected for U-M's leadership development program designed to prepare persons for leadership roles in administration of vocational and technical education.

Hyde was one of 20 persons selected for special training from a group of 38 persons who were invited to U-M for testing and interviewing.

Hyde, who has been with the Northville school system for eight years, is a part-time academic guidance counselor this semester as he completes his master's degree work at the U-M in vocational education. He already has a M/A degree in teacher education.

The leadership development program consists of two parts: An intensive eight-week summer workshop which will start on June 28, and an internship program and field experiences beginning in the fall of 1967 and continuing through the school year.

The summer workshop includes lectures, discussions, field trips, small group seminars, committee work and independent study. Its purpose is to give participants an understanding of and to provide experiences in effective leadership practices. The workshop is interdisciplinary in nature, involving sociology, economics, political science, and psychology.

In making his recommendation for the hiring of nearly two-dozen additional teachers for the 1967-68 school

year, Assistant Superintendent Raymond Spear included a request for a co-op educational teaching station. However, the hiring of such a teacher awaits a re-evaluation of the entire recommended list of teachers by Spear in the wake of last week's school board decision to authorize only 12 additional teachers.

# School Buses Back in Action

Although snow forced closure of Moraine elementary school Tuesday, bus transportation had resumed early last week following a one-day refusal of drivers to transport children to the school because of "unsafe" conditions having to do with the unloading of children from the buses.

During the internship, each participant will be engaged in a variety of experiences of the local school district in which he is involved, under the supervision of a school administrator.

Because of the muddy parking lot and drive, buses were unable to make a turn-around and were temporarily unloaded off Eight Mile road, sparking the drivers' refusal to drive for safety reasons. (See letter to the editor on Page 10-C).

During the internship the trainee attends one Saturday seminar each month for the purpose of sharing experiences encountered and to get support and help for tasks which are coming up.

According to Assistant Superintendent Raymond Spear, the problem was resolved by having buses pull into the school entrance and then back into the service drive, thus avoiding the necessity of making the turn-around.

To qualify for the special program—which has been in existence only three years—the teacher must be nominated as one who "possesses high leadership potential". The number of nominations received each year has ranged from 250 to more than 400. Applicants are carefully screened by the university and those considered best qualified are tested and interviewed. Finally, 20 persons are selected and invited to participate.

No action has been taken against the two drivers involved, although school officials have labeled their action as "unauthorized".

# ARE YOU LOOKING FOR A USED CAR BARGAIN?

Good. It's perfectly possible to find one. All you need is a little patience and some common sense knowledge - mostly of what to avoid.

Bear in mind that what you are seeking to buy is UNUSED mileage or life left in the car. Since the odometer reading is easily altered, this is often the least reliable of the ways to judge car value. In any case, high mileage does not always mean excessive wear. Much more important is how the car has been cared for. Was the oil, filter and lubrication regularly? Was the car in a wreck? Was it driven carefully? Serviced regularly? Quality new car dealers know the success of their new car franchise depends on successfully merchandising their used cars. They are much more likely to guard their reputation for reliability by selecting only sound used cars for resale in the first place.

Dealers retailing used cars traded in by their customers should be able to check the service record of the car from their own shop records and personal knowledge. If a car carries an unusually low price, ask yourself WHY? Used car prices vary considerably according to condition. If a car was not worth reconditioning, it might be possible for the dealer to sell it cheaply without loss. But it could prove far costlier to you in the end.

John Mach

# In Uniform

GREAT LAKES, ILL. - Seaman Recruit Gregg H. Penn, 19, USN, son of Mr. and Mrs. Harold W. Penn of 46150 West Main street and Seaman Recruit Donald M. Wilber, 18, USN, son of Mr. Donald James Wilber of 19639 Clement road has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station. In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

USS FRANKLIN D. ROOSEVELT - Electronics Technician Second Class William E. Schreiber, USN, son of Mr. and Mrs. Dominic E. Schreiber of 16119 Beck road, has returned to Mayport, Florida from combat duty off the coast of North Vietnam, aboard the attack aircraft carrier Franklin D. Roosevelt.

As a member of the FDR, he assisted in the launching of over 7,000 combat and combat support missions against North Vietnamese military combat targets.

The carrier, named for the 34th President of the United States, sailed over 94,000 miles since leaving Mayport in June of 1966. That distance is equal to approximately four trips around the world, following the line of the equator.

During her deployment with the Seventh Fleet, the FDR also visited the ports of Rio de Janeiro, Brazil; Subic Bay, Philippines; Yokosuka, Japan; and the British Crown Colony of Hong Kong.

Laredo, Texas - Second Lieutenant Robert J. Pietras, son of Mr. and Mrs. Andrew J. Pietras of South Lyon has entered U.S. Air Force pilot training at Laredo AFB, Texas.

He will fly the newest Air Force jet trainers and receive special academic and military training during the year-long course. He will be awarded silver pilot wings upon completion of the Air Training Command flying program.

Lieutenant Pietras, a graduate of Northville high school, received a BA degree in education in 1964 from Michigan State University.

The lieutenant was commissioned in 1967 upon completion of officer training school at Lackland AFB, Texas.

His wife, Julia, is the daughter of Mr. and Mrs. Leo Jones of Berrian Springs.

Robert Pietras

# In Two-Part Program

# Easter Egg Hunt Slated Saturday

A combination Easter egg hunt and a magician's act will highlight Saturday's fun-filled Easter program sponsored by the Northville Jaycees.

Plans call for an Easter egg hunt in the morning for younger children and an afternoon magician's act for the older children.

All Northville children, from the toddler through 8 years of age, are eligible to take part in the egg hunt to begin at 10 a.m. on or near the high school football field - just north of the Eight Mile road cutoff.

The afternoon show, to take place at the junior high school gymnasium (community building) between 6:30 and 7:45 p.m., is especially for children 5 through junior high school age. The show will feature Felix Lorenz,

local expert in the field of magic. According to Joe Kluesner, Jaycee chairman of the event, the program is being staged in two parts this year so that the younger children are grouped together for the egg hunt. "They'll be searching for eggs with children of their own ages. Some of the eggs (the chocolate kind) will carry special notations entitling the finder with a prize."

Prizes also will be awarded to some lucky youngsters attending the afternoon magician's show.

Merchants sponsoring prizes include Guernsey Dairy, Krogers, Northville Drug, Northville Theater, Northville Hardware, Spagy's and Gambles.

In the event of rain or foul weather, Kluesner said, the egg hunt will be postponed.

# P-TA to Launch Fair Into Orbit on May 19

The 1967 P-TA community carnival will carry the way out theme of way out space.

Carnival Chairman William Heffner of 21000 East Chigwidden announces his rockets are now being fueled for the annual evening of fun and games scheduled for the enjoyment of all area residents.

"Space Fantasy" will be held Friday, May 19, at its traditional center city site in and around the

junior high school. Each P-TA organization is currently seeking interested persons to help with committee assignments and make sure the whole show really hits a high orbit. Chief astronaut Heffner advises there is plenty of room left in the control room for anyone who would like to help put in the planning stages or on carnival day or both. A quick phone call to 349-4488 will do the trick.

**Can You See the Face of Christ?**

Address

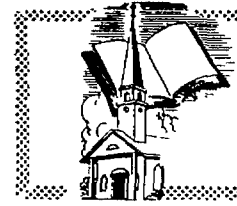

It's there, right in the middle of this unusual picture. In most cases it takes a few moments to detect His face but some people spot it almost immediately.

A few hints—Look at the picture from a distance of 10 to 15 feet. The image is full-

face and centered in the photograph. The mottled effect at the extreme right and left of the picture is not a part of the picture and is confusing. The top of the photograph cuts the head at the base of the forehead. Clearly visible after being detected are eyes, nose,

cheekbones and beard. The picture is correctly placed. Don't turn it or reverse it. When you finally see Christ's face it will have jumped out at you and you'll wonder why you didn't see it sooner.

(Read the Legend About the Picture of Christ on Page 5-C)

## from the PASTOR'S STUDY

Roy Pippins, Minister  
Church of Christ, South Lyon

Many people spend their lifetime searching for answers to questions. Many of these questions seem to us to be unimportant, but to these individuals these questions are important, they will not stop till they have the answers. Our greatest concern must ultimately be the density of the soul.

Though temporal issues may dominate most of our thinking, they are insignificant when compared to the consequence of the soul.

An understanding of the nature of man tells us why this is so. Man's origin on the earth is described in the Bible as follows: "And the Lord God formed man from the dust of the ground, and breathed into his nostrils the breath of life and man became a living soul" (Gen. 2:7).

Throughout the remainder of the Bible we learn that the spirit or soul of man is far more important than the physical body. For example, Solomon wrote: "Then shall the dust return to the earth as it was; and the spirit shall return to God who gave it." (Ecc. 12:7). Hence each man is endowed with an eternal soul or spirit which God will reclaim at death. This is what Christianity is all about. Christianity is a religion of the soul. He said, "Fear not man that can only destroy the body; but fear God who can destroy both body and soul in hell (Matt. 10:28).

The greatest question, then, concerns the salvation of the soul. The Bible teaches that the great salvation made possible through the sacrifice of Christ, is accomplished by the grace of God and the faith of man: "For by grace are you saved through faith; and that not of yourselves: it is the gift of God" (Eph. 2:8).

The gift of God's Son was an expression of God's grace. (John 1:17). Christ shed his blood as an expression of grace (Rom. 3:25). The church purchased by the gift of Christ is an expression of grace (Acts 20:28; Eph. 5:23-25). The giving to man the inspired Word is an expression of grace.

Just as grace was expressed by God, so faith is demonstrated by man. This saving faith is first created in the human heart through the hearing of God's word (Rom. 10:17). This faith leads a person to accept the fact he is a sinner and needs to be saved. It causes him to know that Jesus is his only hope for this salvation (John 8:24). This faith will cause him to have Godly sorrow for his sins and to turn from them in genuine repentance (Acts 17:30). Faith through the good confession (Rom. 10:10). This faith will also lead a person into the water where he will meet his Lord in a like figure of his death: that he might be raised in the likeness of his glorious resurrection (Rom. 6:4-5). Jesus had said, "He that believeth and is baptized shall be saved (Mk. 16:16). This will cause his soul to be cleansed of all past sins, make him a member of the church of The Lord. Then faith guides the Christian in his worship, service, and devotion to God as he is led by the Word of God which is a product of the grace of God.

Yes, God's abundant grace has provided man with everything necessary to answer life's greatest question. Man must respond with a faith which worketh by love (Gal. 5:6).

You have only one life, only one soul, only one Saviour. How will you answer life's greatest question?

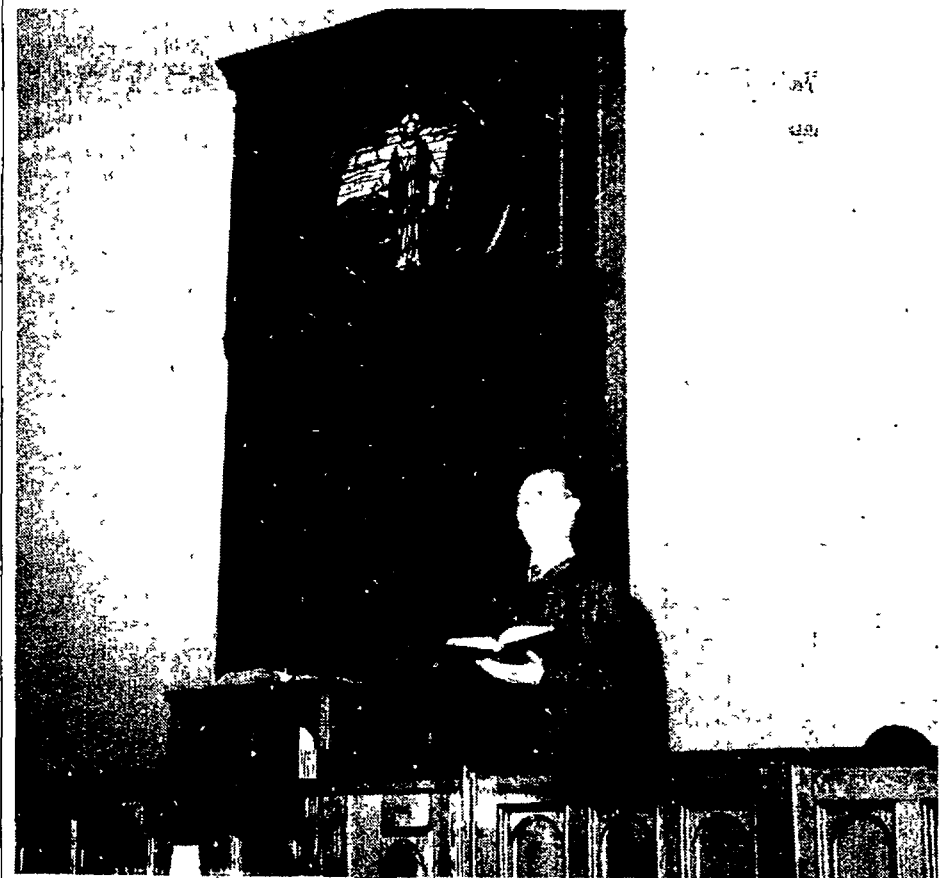

## Plan Salem Cantata

Salem Federated Church choir will present the beautiful cantata, "Hallelujah, What a Savior", Easter Sunday evening at 7 p.m.

The cantata is another of John W. Peterson's inspiring works, blending

Scripture and music into a story of the Crucifixion and Resurrection of Jesus Christ.

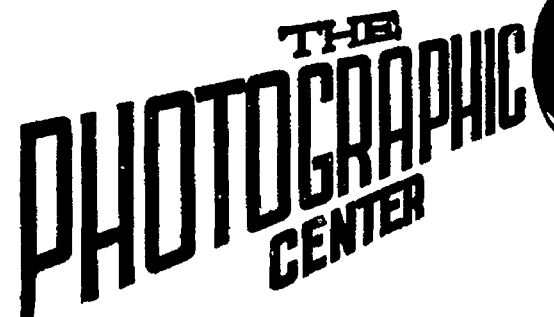

Open to the public, the cantata will be given in the church, located in the heart of Salem.

**EASTER MUSIC** - Like William Williams of the First Presbyterian Church of Northville, choir members throughout the area have

been practicing for Easter Sunday services. With their music they will hail the Living Christ.

## It Is Not A Pretty PICTURE

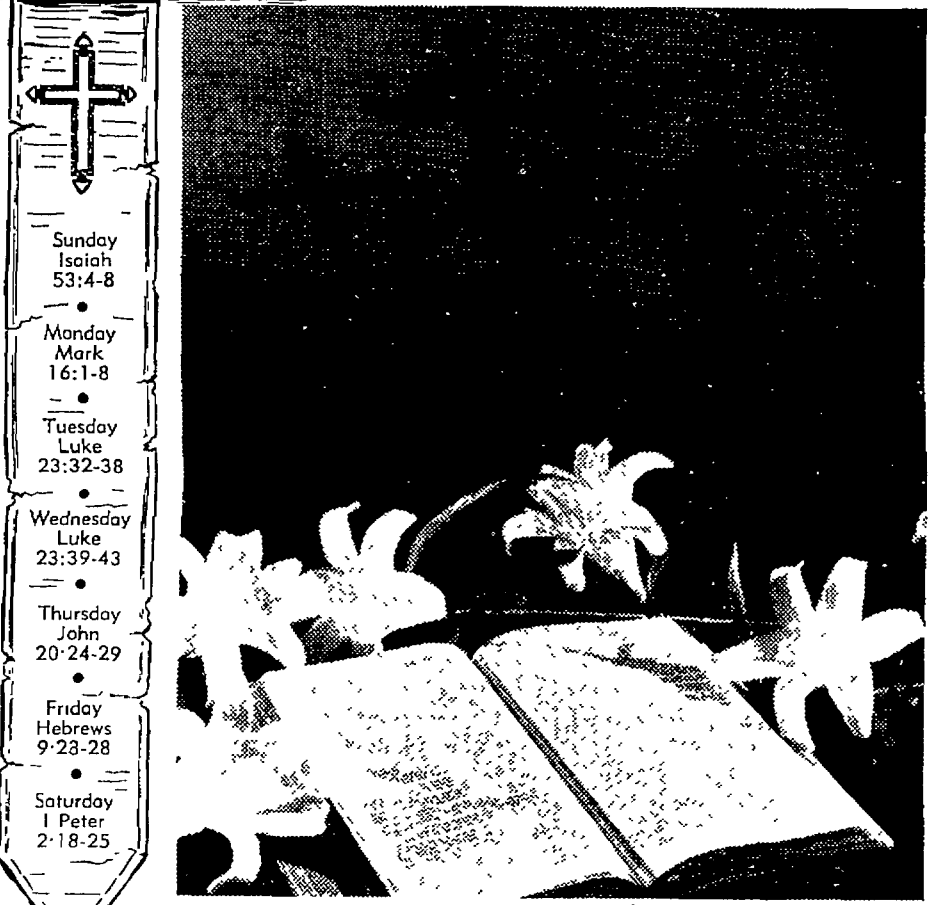

The crosses in the shadows were real. Three hung there and died in agony . . . two for their own wrong doing . . . one for charity.

That chapter to which the Book lies open — it tells of the scandal . . . the indignity . . . the injustice—and the pain. The lilies? . . . symbols of what men call Easter Day! And where the women found the tomb empty . . . and were afraid to believe He was risen . . .

IT is not a pretty picture, IT is the stark reminder of man's distrust of God . . . and God's love of man.

And you'll let nothing keep you from worshipping your Lord when you stop thinking of IT as a pretty picture. IT happened.

For you — IT happened.

Copyright 1967 Keister Advertising Service, Inc., Strasburg, Va

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Michigan Mirror

# Law Machinery Bogs Down Under Load

LANSING — Monumental job. The annual effort to produce laws for Michigan starts with a gigantic mess which legislators make for themselves. They then set a time when they will stop dealing with the mess. In the meantime, they work hard to clean up as much mess and produce as much sound legislation as possible.

At the March 16 deadline for introducing bills, some 2,000 had been assigned to committees in the Senate

and House. Each committee will consider those they consider most important. The rest will die at a specified time.

The mess results from the large number of bills introduced, but which have little or no chance of becoming law.

Legislators find it easier to tell important constituents they will introduce a worthless bill than to explain the bill is valueless. This results in

part of the glut. Another batch of bills are introduced to needle certain groups in the state by legislators who use the procedure as a bargaining or political tool.

Then there is the group of repeaters, bills which are introduced year after year. This year's crop includes proposals dealing with the following: Sunday liquor sales, legalized dog racing, repeal of the one-man grand jury system, bans on non-returnable bottles, a requirement that trading stamps be redeemable in cash.

DUPLICATE BILLS add to the total number. Frequently, in an effort to get more attention or as a safeguard, supporters for a bill will see that it is introduced in both the Senate and the House.

This step sometimes backfires when Senators and Representatives begin amending the proposals during their considerations. When the bill passes the one chamber, the other is unwilling to consider the different version.

Much sound work is done in the committees. The chairman decides which of the bills deserve consideration first. He must also weigh the balance of time remaining to consider the other important bills. Bills which have not been acted upon by deadline time die automatically. It is assumed many bills will die, and not many people care about that.

There is not always time to consider all problems which need attention. It is up to the committee chairman to do the best he can.

For all its weaknesses, the procedure works. Probably no system could guarantee that all needed laws would be put into effect at the proper time. It does produce "too many laws." It doesn't always produce the right law at the right time.

But it works. Compared to perfection, it falls short. Compared to other methods, it looks pretty good.

To improve takes sounder thinking; more professional decisions by a higher percentage of legislators. As our society gets more and more complex and the need for more responsible legislative action becomes more acute, indications are that the system will meet the challenge. It will sharpen up too. MENTAL ILLNESS no longer bears

ment now can be effective without permanent commitment.

This is borne out in a report of the Michigan Mental Health Department which shows that some 700 children, up to 18 years of age, are patients at state mental institutions. These are not to be confused with retarded children, whose numbers are much greater and who usually require very long-term care.

Not too many years ago, a child with mental problems might have been the stigma once attached to it. Treat-

protected within the home in the belief he was "going through a state." When he reached adulthood, and the problem still was evident, he then might have received help in the form of hospital care.

Adolescence, the 10-14 year age group, apparently produces the majority of mental problems of youth. Of the 700 children in state hospitals, this age group is the largest.

Relatively short-term hospitalization for mental illness is now the trend among children. Almost half of the 700

patients have been under hospital care for less than six months. At the other end of the scale, 45 have been hospitalized for five years or more.

HOME ORIGIN does not seem to have a distinct bearing on mental illness, the report shows. The present patients come from 61 of the state's 83 counties.

The most populous counties have committed the greatest numbers of course, but Wayne County's patients, for example, exactly equal the state average in terms of commitments per 1,000 population.

## Roger Babson

# 'Resources' Need Uncle Sam's Help

BABSON PARK, Mass. — Once the Vietnam War is out of the way, hopefully Uncle Sam will turn his time, attention, and money toward more effective development and use of our natural resources. These include the land itself and its produce, the minerals under the land ... and also the minerals under the sea.

We have set many records in the field of agricultural production and have built up a promising chemurgic industry. Yet there is so much more we need to do to make our land still more fruitful and to use our agricultural wastes to better advantage. We possess vast mineral resources. Yet there is a great deal more we could do by way of research, development, and extraction.

Still we have at least been aware of the potential of our land and mineral resources. By comparison, we have sadly neglected the mineral wealth that lies at the doorstep of our long coastal borders. The small beginnings made by us so far in this field must be greatly expanded — and soon — for the economic pressures of the coming years will be greater than those we are now encountering and we shall need our ocean wealth to keep us a strong and self-reliant nation.

As we look back over the two decades that have passed since the end of World War II, we can see the many changes that have occurred in our everyday life. Our nation has become more highly industrialized. Our metals and chemicals industries have expanded far beyond our expectations. Vast markets have opened up as new uses have been found for traditional raw materials and as new materials have been introduced.

There is a very good chance that a breakthrough resulting from oceanographic studies and explorations will open up a marine minerals industry of huge potential. Within the next ten

or fifteen years, we may well have a government-sponsored National Oceanographic Agency to rival the National Aeronautics & Space Agency. Before the year 2000, we could be extracting from our offshore areas commercially valuable deposits of minerals, including precious metals.

FIRST, we must prepare to penetrate the secrets of the sea. Steps are already being taken on both the Atlantic and Pacific Coasts of continental U.S., and in Hawaii. In the New York area, local capital is financing the construction and the ultimate voyage of a deep submergence vessel in which Swiss oceanographer, Dr. Jacques Piccard, will make a six-week, 1,500-mile observation journey beneath the Gulf Stream. Dr. Piccard plans to submerge to a depth of about 300 feet off the Miami coast, drifting with the current to Nova Scotia and descending to depths of as much as 2000 feet.

In California, a somewhat similar project is under way, sponsored jointly by a Bureau of Mines Marine Technology Center and the Coast and Geodetic Survey. There the emphasis will be more on exploring and mapping the continental shelf with a view to minerals exploitation, while Dr. Piccard's journey will perhaps concentrate more on observing marine life.

Of course, we know so little about the sea and her secrets that there are bound to be disappointments and setbacks in the effort to discover the extent of the ocean's wealth and how best to extract it.

Right now any minerals taken from the sea would be costly to haul up and to transport to refineries and ultimate markets. But one day we shall learn to make them truly competitive with land minerals. In the process we shall also learn a great deal about marine life and its vital potential as food for man.

## News About Schoolcraft

Representatives of mathematics departments of 10 Michigan community colleges met at Schoolcraft college recently (March 6) to discuss formation of a formal organization of math instructors in two-year colleges in the state.

Delbert Piller, chairman of the Schoolcraft mathematics division and presiding officer at the conference, appointed a steering committee which will make recommendations on the proposal at a meeting at Schoolcraft on May 11. Harriett Emery, mathematics instructor at Schoolcraft, was recorder for the session.

Other colleges represented were Jackson Community college, Monroe County Community college, Henry Ford Junior college, Highland Park Junior college, Oakland county Community college (Highland Lakes campus and Auburn Hills campus), Flint Community Junior college, Washtenaw Community college, Lansing Community college, and Macomb County Community college.

Promotion of Robert L. Breithaupt to Director of Culinary Arts and Director of Food Services has been announced by Schoolcraft College Vice-President for Instruction John H. Brinn.

## One of those days when your phone means so much

You're weathered in with a houseful of kids. So you call for the weather report and learn it's a stay-at-home day. But... you had places to go to and things to do. So, you cancel your appointment at the hairdresser's. Call the drugstore and order more of the baby's special formula... just in case. And then you call your friend to tell her the shopping trip is off. What else in your home does so much for you, and costs so little?

# C. R. ELY & SONS

316 N. CENTER

NORTHVILLE

349-3350

# OUT OF THE PAST

FIVE YEARS AGO...

Two Northville youths were injured when a home-made rocket they were making exploded, forcing wood splinters into the arms of both and the eyes of one. Injured were Tom Bogart and Kent Hunter.

Petitions are curious things. They have both "starters" and "stoppers". A petition with a bigger "starter" than the "stopper" presented a week earlier set in motion again to pave East-High-Elm and Walnut streets by the 25 percent special assessment plan.

One-hundred and ninety-seven tested and true recipes supplied by exactly 100 Northville-Novu area cooks were compiled into an attractive "Kitchen Diary" booklet. The recipes, contributed by 99 women and one man, had appeared in The Northville Record-Novu News during the preceding two years as a feature of the women's pages.

Northville's Mustangs battled to a 56-49 win over a strong Marysville team and then flew past Clarkston 78-47 to thunder over the hardwoods at their first Class B regional championship.

Northville's center, Dan Brown, was named to the All-Suburban starting five basketball squad.

Fire destroyed the second floor of a two-family residence at 334 Yerkes.

TEN YEARS AGO...

In a long-awaited decision Judge Frank L. Doty returned 95 acres annexed by the city of Northville from Novi township June 21 to the township.

The Oakland county circuit court judge ruled the election void by reason of a vote fraud.

The suit was filed by Warren Products, whose plants lie in the area north of Baseline and west of Novi road. The trial was held in January.

Judge Doty based his decision on two of the three points charged by company attorneys as reasons for terminating the election illegal.

The election to annex the land passed by a wide margin in Northville. Residents in the affected area voted for it five to one.

Three plate glass windows at Glenn Long plumbing and heating on Seven

Mile road were reported smashed.

Groundbreaking ceremonies for a new home for Our Lady of Victory Catholic church were held at the Orchard drive site. Construction on the \$215,000 structure was to begin immediately and was expected to be finished in mid-December.

The new Northville Downs' barns were quickly occupied after a unanimous decision by the board of appeals lifted the zoning regulation restricting their use.

Dr. H. S. Willis, superintendent of Maybury Sanatorium, offered his resignation to accept a position as superintendent of the North Carolina Sanatorium. He had been at Maybury since 1930.

Fire of undetermined origin threatened, for a period, destruction of the James Spagnoulo property on North Center street.

Rev. and Mrs. W. Leslie Williams of the Methodist church held an open house in the new parsonage at the corner of West Dunlap and Rogers street.

The voters of Novi township were slated to vote April 7 on the proposal to set aside certain moneys to erect a town hall and building. The township board approved a plan utilizing certain lands made available for such purpose by bequest.

Mr. and Mrs. William W. Bell of 29100 Wixom road observed their Golden Wedding Anniversary with an open house at their home Sunday, March 23.

Feeling that the board of publication had no right to censor the news columns of The Michigan Daily, a student publication at the University of Michigan, Fred Warner Neal resigned from his position as associate editor. Neal had been the Waste Basket columnist for the Northville Record for the four previous summers.

Democrats, 125 in number, gathered in the A. L. Sheppard garage, 216 Fairbrook avenue, for the first rally of the year.

From his winter home at Ways, Georgia, Henry Ford said that reports that he planned to shut down his plants, including the one in Northville, in the event of a strike were "absolutely untrue".

During the week Frank Brown of this village was called to Detroit to estimate the probable cost to replace the glass that was broken out of the General Motors building during the recent strike and he gave his opinion that it would cost \$800 to repair the damage.

At Flint during the progress of the strike hundreds of seat cushions and hundreds of yards of material were soiled and damaged to the extent that they were a complete loss. It cost the state more than \$500,000 to maintain the state troops during the period of the "sit down", it was reported.

FIFTY YEARS AGO...

In the sudden death of Nelson Bogart, March 19, the community lost one of its most loved citizens. Born on the family homestead in Novi, in 1867, he was a graduate of Northville high school and Cleary college, afterward teaching school for some years.

A sample of water from the Sadler spring was reported to be "good, bacterially, containing no colon bacilli" by Health Officer Dr. T. H. Turner at the University of Michigan.

At the Novi Republican caucus the following were nominated: Supervisor, George Newbound; clerk, Fred W. Durfee; treasurer, Don E. Matthews; justice of the peace, Samuel L. Morgan; member of the board of review, George Merwin; constables, Dan E. Matthews, William Holmes, Rollin J. Porter and Ullie A. Tibbits.

## The Legend Behind Christ's Picture

(See Picture on Page 1-C)

A Chinese photographer was riding one day through the snow-covered countryside of interior China. His soul was troubled. He had been witnessing a great movement toward Christianity among his friends since the Japanese invasion.

He longed to know the truth of what he had been hearing from Christian missionaries. As he rode along, he said: "Lord, if I could only see Thy face, I would believe."

Instantly a voice spoke to his

heart; "Take a picture, take a picture."

He looked at the melting snow forming pools of water here and there revealing the black earth. It was an unattractive scene. Nevertheless, being thus strangely compelled, the man descended and focused his camera on the snowy roadside.

Curious to know the outcome of the incident, he developed the film at once on returning to his home. Out of the black and white emerged a visage of tenderness and love. It was the face of Christ.

## 560 Teens Enjoy Cavern's Dance

A record 560 teen-agers flocked to The Cavern dance last Saturday, drawn by Bob Seger and the Last Heard, a popular Detroit singing group.

Chaperoning were Mr. and Mrs. James Tellam and Dr. and Mrs. John Brown. Three Northville policemen and one auxiliary policeman were also on hand to handle the capacity crowd.

It was also announced by the Northville Mothers club that the money to be paid to Otis Smith, former Michigan Supreme court justice and recently appointed a U-M regent, for his appearance locally, was donated to the Cavern at Smith's request. The money is earmarked for the purchase of recreation equipment.

Cavern members and friends are presently preparing posters for the

next dance, scheduled for April 1 and featuring "The Endless Chain."

And the Entertainment committee is planning for "A Battle of the Bands," to be held April 15. Seven bands already have been lined up, it was reported.

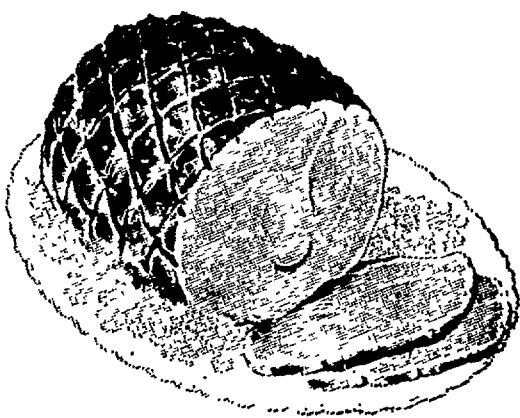

## Rathert Wins Honor

Kenneth A. Rathert, son of Mr. and Mrs. Kenneth R. Rathert of 450 Maplewood, was one of 301 Valparaiso university students given recognition for academic achievement at the annual spring honors convocation March 15.

The program honored those students who earned a grade average of 2.5 points or better under a 3.0 system during the fall semester of 1966-67.

# NOVI HIGHLIGHTS

**Mrs. H. D. Henderson**  
FI-9-2428

**NOVI NEWS**  
Mr. and Mrs. John Klaserer, Sr. of Beck road entertained the William Klaserers of Novi last Sunday, honoring Steven's 7th birthday.

Mrs. Ethel Smith of Taft road and her son and daughter have just returned from a week in Florida. Her son, Lawrence, flew them there in his own plane.

Sunday Mrs. Mae Atkinson entertained Mr. and Mrs. Archie Woodall and their three children of Detroit. Mrs. Woodall is Mrs. Atkinson's niece. Other dinner guests were Mr. and Mrs. Hadley Bachert of Novi.

Rev. and Mrs. Dean Parker of Trenton were dinner guests of Mrs. Fred Garlick on Saturday evening. The occasion was a celebration of Mrs. Garlick's birthday.

Robin Fox, daughter of Mr. and Mrs. William Fox, was confirmed Sunday at Novi Methodist church. Their daughter, Mrs. Ronald Pastor of Garden City, attended the confirmation and was honored at a birthday dinner at her parent's home following the service.

Mr. and Mrs. William Fox enjoyed a St. Patrick's dance at the Elks in Plymouth on Saturday evening.

Sue F'Gepert enjoyed a weekend at home. She attends Eastern Michigan university.

Noel F'Gepert is spending her week of spring vacation with her parents in Novi. She is a teacher at the Lutheran School for the Deaf in Detroit. The Novi Pin Pointers have the

following team standings:		
Alley Cats	71.5	28.5
Sancabars	63	37
Eckles' Oil	50.5	49.5
Wide Awakers	50	50
Cockrum Farms	49	51
Novi Vending	41	59
Rezell Drugs	40.5	59.5
Strike Queens	30.5	69.5

The members of the bowling teams are having a luncheon at Andy's Steak House, South Lyon on Wednesday, March 29, following bowling. Baby gifts will be presented to club members Barbara Pietron and Sandy Kerutis.

Mr. and Mrs. Russell Race of Twelve Mile road are enjoying the warm weather in Bradenton, Florida. They expect to return home in mid-April.

**NOVI METHODIST CHURCH**  
Last Sunday a reception of members was held. Several were also received from the confirmation class.

Sunday afternoon, March 19, a group from the Methodist church visited Whitehall Convalescent home and conducted a short worship service.

The Senior MYF met at the church Sunday evening. The Dearborn First Methodist Church youth were guests.

Tuesday, March 21, the 24-hour Prayer Vigil begins at 9:00 a.m. Someone was at the church through the 24 hour period, ending Wednesday at 9:00 a.m. It was a special Vigil for Peace.

The youth will meet at the church at 4 p.m. Thursday for Easter worship service rehearsal. This is for all MYFRs.

Confirmation class meets at the church at 11:00 a.m. Saturday.

Youth will hold second rehearsal for the early Easter service at 3:00 Saturday afternoon.

**HOLY CROSS EPISCOPAL**

The ECW is collecting all kinds of trading stamp books, and Betty Crocker coupons to equip the parish and the church school. Please bring these items to Charlene Merritt or Irene Price.

Jimmy Ruland of Echo Valley is still on the critical list at Mt. Sinai Hospital. He would appreciate receiving cards or letters.

**EUB COMMUNITY CHURCH**  
Catechism class will be meeting again Saturday. They are coming near the close of the study. Easter Sunday the class will be received into mem-

bership.  
Plans are being made for an adult membership class. Any interested adults are encouraged to contact the pastor.

There will be no "Y" hour on Easter Sunday.

Rev. Norris will attend a special denominational meeting on Tuesday and Wednesday, March 28 and 29 at Haven Hubbard Home in New Carlisle, Indiana. Rev. Norris is chairman of Health and welfare of the Michigan Conference of E.U.B.

**GIRL SCOUT NEWS**  
Brownie Troop No. 161 is still working on paper mache animals.

Troop No. 165 members have finished making curler holders.

Troop No. 351 decorated eggs for Easter and reviewed songs learned last week.

Troop No. 519 made Easter baskets for patients at Whitehall Nursing Home.

Junior Troop No. 713 girls are working on cooking badges at the homes of Mrs. Barbara Turpin and Mrs. Barbara Branch. Last Saturday they baked a cake. On Wednesday the girls went to the home of their leader, Mrs. Harriett Rice, where they held a Girl Scout birthday party.

Junior Troop No. 1027 members continued practice for a program to be presented at the Mothers club meeting on March 20. Girl Scout cookies were distributed. The mothers club sponsors Troop 1027.

At the Junior Troop 913 meeting the White Squaws presented the flag ceremony. Girl Scout pins were presented to the registered committee mothers. Mrs. Evelyn Sale is a new member of the committee.

The following badges were given out at the Court of Awards:

Cooking, Debbie Turpin; water fun, Debbie Turpin and Kathy Lane; story telling, Carrie Adams and Robin Diebel; my home, Carrie Adams; cyclist, Kathy Lane and Pam Dietrick; hospitality, Martha O'Neil and Kathy Lane; books, Robin Diebel and Carol O'Neil; backyard fun, Kathy Lane; Health, home and safety, Carrie Adams, Robin Diebel, and Carol O'Neil; pen pal, Carrie Adams and Vicki Kuick, art in the round, Robin Sale; active citizen, Carol

O'Neil; and housekeeper, Kathy Lane.  
Cadet Janice Miller received her collector badge, my camera, health aid, personal health, sign of the arrow, and sign of the star.

Second year pins were awarded as well as some first year pins.

Cookie selling awards went to Jeanie Adams, for 101 boxes, first place; Carrie Adams second with 70 boxes; Leslie Garner, third, 69 boxes; Kathy

## Justice Court

Three youths were fined in Novi Justice court for having liquor in their possession.

James A. Giglio of Milford and William H. Dempsey of Walled Lake, both 18, were fined \$20 apiece for having liquor in their possession in the parking lot of the Novi Community building.

Philip W. Ingram, 19, of Farmington pleaded guilty to the same charge and also was fined \$20. He was cited near the intersection of Grand River and Novi road.

Two Livonia men were fined for driving on expired licenses. Louis H. Marchard, 23, and Edmund S. Abdo, 45, pleaded guilty to the charge and paid \$20 apiece. Marchard was ticketed on Novi road near 12 Mile road and Abdo was ticketed on East Lake drive.

For driving without a muffler on his vehicle, Richard L. Tauriain, 19 of Farmington was fined \$20.

Koper A. Peler, 29, of Lincoln Park paid a \$25 fine for driving with a defective exhaust on Novi road near Grand River.

Failure to stop for a stop sign resulted in a \$20 fine for Randall O. Whitlow, 18, of Southfield. The violation occurred on Haggerty road at Grand River.

## Revival Talks To End Sunday

The Orchard Hills Baptist Church, Northville, is participating in a Revival effort nightly this week. The meeting will conclude this Easter Sunday evening.

The Evangelistic helpers are Dick Martin and Jim Davis, who are presently enrolled in a theological seminary. "They have been an immensely helpful team to the church," Pastor Fred Trachsel said.

A nursery is provided for each service. The church is located on Novi road, north of Nine Mile. Services begin at 7:15 nightly.

## INVITATION TO BID

**City of Wixom, Michigan GARBAGE AND RUBBISH PICK-UP**

Sealed bids will be received at the Wixom City Hall, 49045 Pontiac Trail, up until 8 P.M. on April 11, 1967, for a one (1) year contract for the fiscal year beginning July 1, 1967 and ending June 30, 1968 to collect garbage and rubbish at the curb from approximately 500 homes, once weekly and two additional pick-ups, one in the spring and one in fall on "Clean-Up Days."

Bids will be opened April 11, 1967 and must include a statement that the bid price quoted will hold good through the month of May. Bidder will be required to post liability insurance in an amount set by the City and in addition must show certificate of Workmen's Compensation Insurance. Bidder will further be required to post a performance bond in the amount of \$2,000.

The Council reserves the right to reject any and all bids and to accept the bid that in the opinion of the Council is in the best interests of the City.

Donna Thorberg  
Dep. City Clerk

## INVITATION TO BID

**City of Wixom, Michigan ROAD OILING**

Sealed bids will be received by the Deputy City Clerk, Wixom City Hall, 49045 Pontiac Trail, up to 8 P.M. Tuesday, April 11, 1967 for oiling 20,676 lineal feet of roads in the City of Wixom.

Application to be 50% asphalt base road oil applied with the correct degree penetration for penetration and to be guaranteed dust-free until Labor Day of 1967, subject to contract agreement. Bidders will be required to furnish certificate of liability and Workmen's Compensation Insurance.

Bids must include a statement that the bid price quoted will hold good through the month of May and all bids must be plainly marked as to their contents.

The Council reserves the right to reject any and all bids and to accept the bid that in the opinion of the Council is in the best interests of the City.

Robert J. Trombley  
Department Public Works  
City of Wixom

## INVITATION TO BID

**City of Wixom POLICE CAR**

Sealed bids are invited for one 1967 model Mercury Police car subject to trade-in of one 1966 model Mercury police car. Specifications may be picked up at the City Clerk's office.

All bids must be received by the Deputy Clerk not later than 8 P.M. March 28, 1967 at the City offices, 49045 Pontiac Trail, Wixom, Michigan.

The City Council reserves the right to accept or reject any or all bids and to accept the bid that in the opinion of the Council is in the best interests of the City.

Donna J. Thorberg  
Dep. City Clerk  
City of Wixom

## Legal Notice

To the Supervisor and Clerk of the Township of Northville, Wayne County, Michigan.

Sirs:  
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on March 2, 1967, decide and determine that the certain street described in the minutes of said Board should be a County road under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said street are hereby made a part of this notice, and are as follows:

Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices, 7th Floor, City-County Building, Detroit, Michigan, at 9:00 a.m., Eastern Standard Time, Thursday, March 2, 1967.

Present: Chairman Neudeck and Vice-Chairman Kreger.

\*\*\*\*\*  
"Commissioner Kreger moved the adoption of the following resolution: BE IT RESOLVED By the Board of County Road Commissioners of the County of Wayne, Michigan, that the following described section of road be and it is hereby taken over as a county road and made a part of the county road system of the County of Wayne:

A strip of land 86 feet in width in the N.E. 1/4 of Section 14, T. 1 S., R. 8 E., Northville Township, Wayne County, Michigan, described as beginning at a point on the North and South 1/4 Section Line of said Section 14, said point being located S. 1 degree 34' 40" E., 864.71 feet from the North 1/4 Corner of said Section 14; thence S. 1 degree 34' 40" E. along said 1/4 Section Line 211.78 feet; thence N. 88 degrees 25' 20" E., 43.00 feet, thence northerly on a curve concave to the S.E. (radius equals 457.00 feet, long chord bears N. 20 degrees 13' 25" E. 339.45 feet) a distance of 347.78 feet; thence N. 42 degrees 01' 30" E., 300.00 feet; thence northerly on a curve to the left (radius equals 543.00 feet, long chord bears N. 20 degrees 58' 30" E. 390.07 feet), a distance of 398.99 feet; thence N. 0 degree 04' 30" W., 110.00 feet to a point on the Southerly Line of 120 foot wide Six Mile Road; thence S. 89 degrees 55' 30" W., along said Southerly Line 86.00 feet; thence S. 0 degree 04' 30" E., 110.00 feet; thence Southerly on a curve to the right (radius equals 457.00 feet, long chord bears S. 20 degrees 58' 30" W., 328.29 feet), a distance of 335.80 feet; thence S. 42 degrees 01' 30" W., 300.00 feet; thence Southerly on a curve to the left (radius equals 543.00 feet, long chord bears S. 31 degrees 42' 05" W., 194.62 feet), a distance of 195.68 feet to the point of beginning. To be designated Bradner Road constituting 0.200 mile of County Road.

The motion was supported by Commissioner Neudeck and carried by the following vote: Ayes: Commissioners Neudeck and Kreger. Nays: None."

\*\*\*\*\*  
THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 8th day of March, A.D. 1967.

# Christian Scientists To Hear Lecturer

A Christian Science lecturer coming to Plymouth on Friday, March 24 will discuss today's "identity crisis" and how a deepened understanding of

man's relationship to God can help. The speaker will be Jane O. Robbins, C.S., of Boulder, Colorado. Her visit here is being sponsored by First Church of Christ, Scientist, Wayne and other Christian Science Churches.

The lecture begins at 1 p.m. in the Mai Kaf theatre, corner of Plymouth and Farmington roads. It's titled, "Freedom To be Yourself." Admission is free and the lecture is open to the public.

Miss Robbins is a native of Ontario, Canada. During World War II, she was a service pilot with the Army Air Force. After the war, she spent some time in Alaska and flew as a bush-pilot in the Nome-Point Barrow area. Later, she became a representative for an aircraft corporation in Illinois.

In 1955, she moved to Colorado and began devoting her full time to the public practice of Christian Science healing. She is now on tour as a member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts.

Jane O. Robbins

## Schools Face Driver Shortage

"One of our biggest headaches, is the shortage of drivers."

So spoke Charles Kehrer, bus driver superintendent for the Northville school district, following a special class held here Monday for drivers.

"We're short four drivers - and we don't seem to be able to get anyone to fill the vacancies," he said. "Right now we've got nine regular drivers, two who can drive only in the morning, a maintenance man and a mechanic - and I'm the mechanic."

Drivers, he explained, work about four hours each day, earning between \$2.20 to \$2.50 per hour.

Monday's class, held in the high school cafeteria, was conducted by Eastern Michigan university's continuing school bus driver education program. An instructor from the university's staff conducted the session, he said.

Purpose of this meeting, he explained, was to review proposed laws currently before the State Legislature. In addition, results of a recent school bus test were discussed and recommendations pertaining to current operations considered.

# Our Legislators Report....

From Rep. Louis E. Schmidt:

Time, taxes and the minimum wage occupied the attentions of legislators last week as it became apparent that this is the busiest legislative session ever. The House of Representatives passed, with immediate effect, the bill to exempt Michigan from Daylight Savings Time and returned the measure to the Senate. The House passed the bill 64 to 43 and then voted 74 to 33, exactly the number of votes necessary, to give the bill immediate effect after the Governor signs it, as he is expected to do. Another vote was taken in the Senate to give the measure immediate effect on March 16.

If for any reason the exemption bill is not signed into law in time, Michigan will be required to observe Daylight Savings Time from the end of April to the end of October.

The House of Representatives defeated by a margin of 69 to 31 a bill which would have allowed guest passengers to sue the driver of a motor vehicle involved in an accident for negligence. Currently, passengers may sue the driver only if the ride was paid for or if the much more serious charge of gross negligence can be proved. Legislation to amend this stipulation of the Motor Vehicle Code has been put forth in previous years and, like this year's proposal, roundly defeated.

A fiscal reform plan following the guidelines suggested by Governor Romney is expected to come up for legislative debate within the next week. There are many alternative ideas being considered to the basic plan submitted by the Governor. A "fair-share" plan, which would remove all regular and extra-voted property taxes for school operation, was introduced in the House last week with bipartisan support of 35 co-sponsors, 23 Republicans and 12 Democrats. This package would levy a 4.75 percent flat-rate personal income tax, with taxes of 8 percent on both corporations and financial institutions. Tax relief proposals include repeal of both the intangibles and business activities taxes, as well as eliminating the school property taxes. School operations would be financed by the revenue from the income, corporate and financial taxes. An estimated total of \$921 million in new revenue would be produced by the program with an over-all tax reduction of approximately \$610 million. This would result in a net revenue gain of about \$311 million, and proponents of the plan claim it would provide an estimated \$100 million more for Michigan schools above what they are now receiving, while maintaining other essential state services at present or improved levels.

U. S. Representative Marvin L. Esch has announced the opening of the Second Congressional District Office at 200 East Huron in Ann Arbor.

"I hope all people in the 2nd District will take advantage of this new facility," Esch said. "It is completely a service-oriented operation and not concerned with partisan politics in any way."

An auxiliary office in Monroe is expected to be opened later in the month. The exact location and phone number will be announced at that time.

U. S. Representative Jack McDonald returned from his first inspection trip of the naval base at Guantanamo Bay, Cuba, "a little unnerved."

"As we flew into Guantanamo protected by a fighter escort, I was a little shaken to see rows of pillboxes dotting the perimeter of our outer defense," said the Congressman.

"But what hit me hardest" he continued, "was to see a hostile force, armed with the most modern and sophisticated weapons, encamped within sight of our lines. So far as Castro is concerned, he is at war with us. At least that's the only conclusion I can draw when I see an army posed night and day with guns pointed at our people."

On the eve of Congressional hearings on the President's new crime legislation, Esch has challenged the adequacy of the government's organization of its crime fighting machinery. "Today that organization is less than

optimum," Esch said, adding, that without a thorough reorganization, the President's crime proposals would "merely lack a new wing onto an archaic and rambling house. We need blueprints for a new house."

As an example of what he called "organizational sluggishness," Esch said that he has discovered that there are over 20 law enforcement or investigative agencies of the Federal government in 8 separate Cabinet Departments, four other independent agencies and the President's office.

Senator George W. Kuhn has introduced a proposed constitutional amendment restoring to the legislature the responsibility for reapportioning itself every 10 years.

If the legislature failed to reapportion itself within the first 150 days of the start of its regular session every tenth year, the task would be turned over to a five-member, nonpartisan commission appointed by the governor with the advice and consent of the senate, Senator Kuhn said.

At present, under the constitution adopted in 1963, reapportionment is carried out by an eight-member, elected commission, four of whom are chosen by the two major political parties.

"The present, evenly divided, politically oriented commission is grossly inadequate to reapportion the state in an orderly manner," the senator said. "We must not allow ourselves again to get into a situation like we went through when the stalemate on the commission wound up in the eight-man supreme court."

"The proposed amendment, if adopted, would insure against another chaotic situation in 1970.

"Being non-partisan and of an uneven number, the special apportionment commission would have a much better opportunity to produce a fair, well-reasoned apportionment formula if the legislature failed to act in the allotted time," said Kuhn.

# Malinowski Named Engineer for Auditors

Donald L. Malinowski, of Northville, who received a bachelor of science degree in civil engineering from Wayne State university in 1963, has been appointed facilities engineer with the Oakland County Board of Auditors, department of facilities and operations, with offices at the Oakland county service center, in Pontiac.

Prior to joining the authority in July of 1964, Malinowski worked for the engineering staff of the City of Detroit, department of public works, and also for the Michigan Department of State Highways, traffic research division. Malinowski and his wife and their two daughters reside at 336 North Ely drive.

For the past 2 1/2 years Malinowski has been a member of the engineering staff of the Huron-Clinton Metropolitan authority, a regional park agency with eight recreation sites throughout the counties of Oakland, Wayne, Macomb, Livingston and Washtenaw. One of its major attractions is Kensington Metropolitan Park.

1965 Sedan de Ville

Low-price.

1964 Sedan de Ville

No matter what price car you are planning to buy, you owe it to yourself to consider Cadillac. First, there is the great new 1967 Cadillac. Noticeably more agile in its handling, smoother and quieter in its operation, more luxurious in its appointments . . . it is by far the finest Cadillac in history. However, if a new Cadillac is presently not feasible, your authorized dealer now has a wide selection of previously owned Cadillacs at just about any price you wish to pay. And that price will buy more

luxury, distinction and motoring pleasure than a similarly priced car of lesser stature. For example, both the 1965 and 1964 models shown provide you with a big 340-horsepower V-8 engine . . . Turbo Hydra-Matic transmission . . . power brakes and steering . . . cornering lights . . . and many other conveniences. So when you think of your next car—think of Cadillac. New or previously owned, in whatever price range you choose, Cadillac is sure to reward you with unsurpassed motoring enjoyment.

# Official Minutes of the Northville Board of Education

FEBRUARY 13, 1967

Meeting was called to order by the Secretary, Stanley Johnston, at 7:30 p.m. at the library of the Junior High School.

Members Present: Mr. Johnston, Mr. Eugene Cook, Mr. Robert Froelich, Mr. Richard Lyon, Mr. Donald Lawrence, Alexander M. Nelson, District Superintendent; Elroy Ellison, Administrative Assistant.

Members Absent: President Wilfred Becker, Mr. James Kipter, Raymond Spear, Assistant Superintendent.

Visitors Present: (65) See Register. Mr. Johnston, the Acting President declared that a Quorum of the Board was present and directed that the Board proceed with the regular order of business.

In response to the Questions from the Floor, Chief Elkins, of the Northville Police Department, gave a report on the proposed traffic sign to recommend for the Moraine School site and stated it would read 40 M.P.H. He also reported that applications were still being considered for the job as adult Crossing Guard, indicating that the response to advertisements were not very good.

Next discussed was the question of the proposed overpass at the Moraine School site. The Board explained that the proposition was still under consideration and was being studied by the architect.

Next discussed was the question relative to school bus transportation.

Motion No. 469, by member Lawrence, supported by member Cook, and unanimously carried that the agenda be adopted as presented.

Motion No. 470, by member Cook, supported by member Lyon, and Unanimously carried that the minutes of Regular meeting of 9 January, and Special meeting of 23 January be approved as previously read.

Information regarding tenure was distributed to members of the Board. Superintendent Nelson stated that teachers transferring from out of state are not automatically on tenure.

Motion No. 471, by member Lyon, supported by member Cook, and unanimously carried that the resignation of Rosanne Weinberg, Speech Therapist, be accepted as recommended by the Superintendent, and that she be granted release from contract at expiration date.

Superintendent Nelson presented salary recommendations for Secretarial Staff in the form of a proposed policy "Classified Personnel". Soliciting each member to offer suggestions for improvement.

Motion No. 472, by member Froelich, supported by member Cook, and unanimously carried that administrative salary be adjusted on two positions, as previously reviewed by the Board of Education, Superintendents salary \$16,200, and Assistant Superintendent salary \$15,000; effective 1 January 1967.

Motion No. 473, by member Lawrence, supported by member Lyon, and unanimously carried that the Financial Report be approved as presented. (Appendix I to these minutes).

Motion No. 474, by member Cook, supported by member Lawrence, and unanimously carried that the Stadium Account Report be accepted as submitted with certificate of deposit C OF D to be identified as No. 14902. (Appendix II to these minutes).

Motion No. 475, by member Lawrence, supported by member Lyon, and unanimously carried recommending that the Budget Report be received as presented. (Appendix III—to these minutes).

Motion No. 476, by member Cook, supported by member Lawrence, and unanimously carried that the Bill Warrants and Payroll be approved as audited in the amount of 109,835.10. (Appendix IV to these minutes).

Motion No. 477, by member Cook supported by member Lawrence, and unanimously carried that the Warrants on the Building and Site Fund be approved as audited in the amount of \$195,376.50, with the exception of check No. 86 to be discounted 2%. (Appendix V to these minutes).

Motion No. 478, by member Cook, supported by member Lyon, and unanimously carried that the Warrants for the Cafeteria Account be approved as audited, in the amount of \$5,750.31. (Appendix VI to these minutes).

Motion No. 479, by member Lyon, supported by member Froelich, and unanimously carried that the recommendation of administration to purchase three Everett Planos @ \$69.00 each for a total of \$1,707.00 for the Moraine Elementary School be accepted and approved. A former bid accepted was cancelled by the Superintendent due to the inability of the manufacturer to supply a steel back to the planos in time.

Motion No. 480, by member Lawrence, supported by member Cook, and unanimously carried that Audio Visual Equipment Bid be awarded to the low bidder with 3 Projector Tables 26" @ \$22.00 for a total of \$66.00; 3 Tape Recorders with case @ \$148.50 for a total of \$445.50; 6 Projection Screens 50 x 40 with tripod @ \$29.20 for a total of \$175.20; 3 Single Concept Projectors @ \$61.80 for a total of \$185.40; Olson Anderson Company for a grand total of \$872.10; 3 Wall Projection Screens 70x70, @ \$20.90 for a total of \$627.00; Engleman Company; 4 Record Players @ \$45.00 for a total of \$180.00; 3 Projector Tables, 16" @

\$20.00 for a total of \$60.00; 3 Overhead Projectors @ \$118.00 each, for a total of \$354.00; 1 Rear Projector Unit @ \$145.00; 2, 16MM Projector @ \$475.00 for a total of \$950.00; 24-7" Audio Tape reels @ \$1.50 for a total of \$36.00; 12-5" Audio Tape reels @ \$1.00 for a total of \$12.00; 12 empty 7" reels @ .60 for a total of \$7.20; 6 Empty 5" reels @ .45 for a total of \$2.70; 3 Film Strip Projectors with case @ \$99.20 for a total of \$297.60; for a grand total of \$2044.50 to Linda Atchinson.

Mr. Tucker, architect from O'Dell, Hewlett and Luckenbach, Inc. presented recommended specifications for the construction of the proposed overpass at the Moraine School site over Eight Mile Road, with the due date for bids to be scheduled for 27 February 1967, and construction date to begin ninety days from receipt of bids, recommending Board approval. Discussion followed; The question of control for children using the overpass was presented with possible solutions of fencing and changing the driveway proposed. The possibility of parental responsibility being important to the crossing at Moraine or use of the proposed overpass was next reviewed. Motion No. 481, by member Lawrence, supported by member Lyon, and unanimously carried that authorization be granted to the architect to advertise for bids on the overpass, approving the specifications as presented, over Eight Mile Road at the Moraine Elementary School site.

Motion No. 482, by member Cook, supported by member Lawrence, and unanimously carried that specifications on Library Equipment Bid be revised to include the audio tutorial system with thirty-two study carrels to be included in specifications drawings.

Motion No. 483, by member Cook, supported by member Lawrence, and unanimously carried that authorization be granted to the contractor to proceed with six duct lines and eight T.V. outlets and twenty-two electrical outlets at a price not to exceed \$2800.00, as recommended by the architect.

Motion No. 484, by member Froelich, supported by member Lawrence, and unanimously carried that a minimum charge of \$1,000 for tap at new Junior High School site, plus \$1,200 charge for line serving area, exclusive of materials furnished or installed by the City, be accepted as stated by the City Manager and recommended by the City Council.

Pursuant to Board direction the legal description of the proposed school site at Bradner Road has been forwarded to attorney's recommended independent appraiser, concerning Thompson - Brown property, ten acres at \$5,000 per acre.

Superintendent Nelson reported that the easement thru the Salvation Army property from the Taft Colony area was denied by the Salvation Army. The Superintendent was directed to present to the Board recommendations for the situation in lieu of the easement.

Superintendent Nelson reported that negotiations with Mr. Kellogg resulted in his approval for easement of the Junior High School proposed sewer line through his property, provided tap-in privileges were granted to him, and that the necessary legal agreement be drawn up by the Board of Education Motion No. 485, by member Lyon, supported by member Lawrence and unanimously carried that approval be granted for the tap-in privilege in exchange for the easement.

Superintendent Nelson reported that the revised proposal for the acquisition of the Fish Hatchery property was not acceptable to the Department of Health, Education and Welfare, and that the City of Northville requested an outline for any use available to the District should the City be successful in the acquisition of the property.

Next discussed was the proposal for a School Bus garage and other necessary projects. Motion No. 486, by member Lyon, supported by member Cook, and unanimously carried that a study and survey be made relative to a desirable location for the proposed school garage, providing funds are available.

Superintendent Nelson presented a proposed policy for Student Behavior to each member, soliciting Board study and suggestions from the Board. He reported that the proposed policy was being studied by both the Administration and teachers.

Motion No. 487, by member Froelich, supported by member Lyon, and unanimously carried accepting administrative recommendation that an Equivalency Diploma may be granted upon completion of the following requirements and conditions:

1. The student must be at least 20 years of age before receiving an Equivalency Diploma.
2. The student must score 250 points on the five tests within the General Education Development Test or an average score of 50 for the total test.
3. The student must score at least 40 points on each test within the General Education Development Test.
4. The General Education Development Test must be taken at a North Central Accredited School.
5. Northville High School of the Northville Public Schools must be the last school attended by the student and he must be a resident of the North-

ville Public Schools, School District. Superintendent Nelson presented a proposed policy re: Junior High School Dances for Board study and solicited suggestions. General discussion followed, action delayed until next meeting, 27 February 1967.

Upon request, the Board agreed to meet with City Attorney Philip Ollivie, City Manager Frank Ollendorf and City Police Chief, Mr. Sam Elkins, in Executive session relative to the recent school bus vandalism.

The proposed policy, as recommended by a Board of Education Committee, relative to School Bus Transportation was next discussed. Member Lawrence requested more time to study the proposed policy. Action was deferred to the 27 February 1967 meeting.

Due to severe weather and increased bus maintenance transportation for field trips and other special trips have been curtailed reported Superintendent Nelson.

Motion No. 488, by member Lawrence, supported by member Cook, and unanimously carried that ratification and approval of the lease arrangement for the 1967, 66 passenger bus, from McFadden Corporation, on a month to month basis at a rate not to exceed \$154.60. Discussion followed.

Correspondence regarding snow removal by the City for the intervening years from 1962-63 through 1965-66 was distributed to the Board. Motion No. 489, by member Cook, supported by member Froelich and unanimously carried that action to the request be tabled. Discussion followed: There were some serious questions and objections raised.

RESOLUTION: Purchase of Special Education School Bus.

Motion No. 490, by member Cook, supported by member Lyon, that the following resolution be adopted:

WHEREAS, the Northville Public Schools, School District furnishes transportation to its pupils; and

WHEREAS, it is deemed advisable by the Board of Education of the Northville Public Schools to purchase one (1) Ambassador V-8 4 Door 880 Station Wagon as a Special Education Bus from

Garden City Rambler, Inc., of 33468 Ford Road, Garden City, Michigan upon title retaining contract in form annexed hereto as "Exhibit A" and to pay therefor in accordance with the following statement of transaction:

STATEMENT OF TRANSACTION  
Total Cash Purchase Price \$2,409.50  
Unpaid Balance \$2,409.50, Deferred Balance \$2,409.50, Plus 4% per annum simple interest.

WHEREAS, the useful life of the bus is estimated at two (2) years; and WHEREAS, it is deemed advisable that the School District retire the obligation of said title-retaining contract by annual repayments as follows:

1 February 1968	\$1,204.75
1 February 1969	\$1,204.75

and to pay in addition thereto interest at the rate of four (4) percent (%) per annum.

NOW, THEREFORE, resolved by the Board of Education of said School District as follows:

1. That this School District purchase from Garden City Motors, Inc., the following described Station Wagon: One Ambassador V-8 4 Door 880 Station Wagon, Vehicle Identification No. A7KA82N136201, paying therefor the cash price of Two Thousand Four Hundred Nine Dollars and Fifty Cents (\$2,409.50) at a deferred balance of \$2,409.50 payable in annual installments of:

1 February 1968	\$1,204.75
1 February 1969	\$1,204.75

and in addition thereto interest at the rate of Four percent (4%) per annum on the principal unpaid balance from time to time outstanding.

2. That the President and Secretary of the Board of Education of said School District be and they are hereby authorized and directed to execute said title-retaining contract for and on behalf of said School District and that upon execution thereof and purchase and delivery of the above described vehicle thereunder, the same shall be delivered to the above named seller.

3. That the Secretary of the said School District be and he is hereby authorized and directed to deliver a certified copy of this resolution to the above-named seller on behalf of the said School District.

Adopted: Ayes 5, Nays 0.

I hereby certify that the foregoing is a true, complete and compared copy of the resolution adopted by the Board of Education of the Northville Public Schools, School District, County of Wayne, Oakland and Washtenaw, Michigan, at a regular meeting held on February 13, 1967, the original of which resolution is part of the Board of Education minutes.

Stanley Johnston, Secretary  
Board of Education  
Northville Public Schools  
Northville, Michigan 48167

Progress report was made on the current status of the school buses due to the vandalism. Damage was estimated at \$800.00 to \$1,000.00 labor and parts.

A hearing is set for 27 February, in the City-County Building, relative to abandonment and discontinuance of a portion of Bradner Road near Six Mile Road. This property borders School District's seventeen acres. Concern was expressed relative to access and the Superintendent was directed to obtain current information relative to the access.

Superintendent Nelson reported that nominating petitions must be filed with the secretary of the Wayne County Intermediate School District Board of

Education not later than thirty days prior to 5 June 1967.

Superintendent Nelson distributed a Tax Rate Study to members of the Board of Education.

Motion No. 491, by member Lawrence, supported by member Lyon and unanimously carried that the previous action of the Board of Education relative to installation of RCA equipment at the Moraine School site be rescinded.

Motion No. 492, by member Lawrence, supported by member Froelich and approval of additional signs for the Moraine School area, approximate cost \$1,500 installation and \$2.00 to \$2.50 maintenance cost per month. Vote: Lawrence, yea; Froelich, yea; Lyon, yea; Johnston, yea; Cook, yea. Result of vote: 4 yeas; 1 nay. Motion declared carried. Suggested that City or Township pay for part of the cost.

Initiation of an annual award for outstanding contribution of a High School student to school citizenship, sponsored by Mr. Jerry Fisch, award was reported by Superintendent Nelson. Motion No. 493, by member Lawrence, supported by member Froelich and unanimously carried that the recommendation be tabled directing administration to set up a program for the award.

Information relative to the Twelve Month school program is available for Board study in the Superintendent's office.

Minutes of the 11 January Curriculum Work Session were distributed to the Board by Superintendent Nelson.

Motion No. 493, by member Cook, supported by member Froelich, and unanimously carried awarding the Mobile Platform bid to the low bidder, Mc Fadden Corporation, at a price not to exceed \$3390.00 for stage, steps, choral risers and rails.

A private hearing was scheduled for 20 February, 7:30 P.M. for the purpose of reviewing recommendations of the Superintendent concerning the recent vandalism and forthcoming negotiations.

There being no further business the meeting adjourned at 10:30 P.M. Stanley Johnston, Secretary

\*\*\*\*\*

Northville Public Schools School District, Board of Education, Minutes-Special Meeting, 27 February 1967.

Meeting was called to order by the President, Wilfred Becker, at 7:30 P.M. at the Library of the Junior High School.

Members Present: Mr. Becker, Mr. Stanley Johnston, Mr. Eugene Cook, Mr. Richard Lyon, Mr. Donald Lawrence, Mr. Robert Froelich, Mr. James Kipter, Alexander M. Nelson, District Superintendent, Raymond Spear, Assistant Superintendent, Elroy Ellison, Administrative Assistant.

Members Absent: None

Visitors Present: (36) See Register. The President declared that a Quorum of the Board was present and directed the Board to proceed with the regular order of business.

President Becker called for questions from the floor. A general discussion followed with the Board answering questions.

Motion No. 474, by member Johnston, supported by member Cook, and unanimously carried that the agenda and appendix be adopted as presented.

The Board was informed that the 1966-67 NDEA Title III Allocation is \$4.00 per pupil. Local share increased 2.4%. Northville total allotment \$6,319.47 with 51.3% local or \$3,241.89 and 48.7% NDEA or \$3,077.58.

Superintendent Nelson reported that the State Fire Marshal found no Objections to the partial occupancy of the new Moraine Elementary School, after his inspection. The Wayne County Department of Health passed inspection on the water supply and well system at the new school site, and that their inspection indicated that the construction was in accordance with the approved plans and specifications for sanitation. The Superintendent also reported that it was necessary to close the Moraine School on Thursday, 23 February because of well failure and no water in the building.

The pedestrian overpass was next discussed, and bids were opened and read. Motion No. 495, by member Cook, supported by member Froelich and unanimously carried that the bids be accepted and turned over to the architect for review, with recommendations to the Board at the 13 March meeting.

The question of the Transportation Policy was next discussed. Citizens representing several areas in the school district presented their views in supporting the proposition that bus service be provided in these several areas.

The School Attorney, Mr. Schwarze, advised that the Transportation Policy adhere to the State School Code, and that rules and regulations be subjected to negotiations with the drivers. Further discussions followed. Motion No. 496, by member Johnston, supported by member Froelich, and unanimously carried that the first two and two-thirds pages of the Transportation Policy, proposed by the Board of Education Committee, dated 10 February 1967 be adopted covering: Transportation Policy; Transportation Personnel Duties and Responsibilities; Scheduling of Buses; Routing of Buses; Riding Limits and further that any deviation from this policy be handled by the administrator. There is to be no change in present school bus policy for thirty days, with the effective date

of this newly adopted Transportation Policy to be the first day of school after Easter vacation.

The proposed Junior High School Policy was next discussed. The Superintendent presented a suggested policy as requested by the Board, suggesting that the policy concern itself with the specific item dancing, and that rules and regulations governing other activities be established as an Administrative guide. He reported that several schools had been contacted, and that each school contacted did not have written policies governing the Junior High School activities. Motion No. 497, by member Cook, supported by member Lyon that all social activity at the Junior High School be concluded by 5:30 P.M. and that no social dancing be authorized or approved. Member Kipter moved that the motion be tabled. Vote: Kipter, yea; Froelich, yea; Cook, yea; Johnston, yea; Lyon, yea; Becker, yea; Lawrence, yea.

Vote: Motion declared lost. Original motion before the Board resulted in Cook, yea; Lawrence, yea; Lyon, yea; Froelich, yea; Becker, yea; Johnston, yea; Kipter, yea. Vote: motion declared lost. Superintendent was directed to review proposed policy with Junior High Principal.

Mr. Becker gave a brief report on the Wayne County School Board Meeting, recently attended by Mr. Becker, Mr. Nelson and Mr. Spear.

President Becker in reporting on the Wayne County Intermediate School District Budget stated that the Intermediate School District is to do things for School Districts they cannot do for themselves. With the Wayne County Intermediate School District taking over responsibility for all transportation.

A letter of appreciation, from Mrs. Couse, for flowers sent to Mr. Couse was read by Secretary Johnston.

Announcement of an exhibit to be held Monday thru Friday, 13 March thru 17 March, at the Moraine Elementary School, was next read. Exhibit open until 9:00 P.M. on 15, 16 March only.

Copy of a communication received from Jefferson Riddell was distributed to members of the Board.

A letter of appreciation was read from Assistant Superintendent Raymond Spear for being given the opportunity to avail himself of the knowledge and experience of attending the Superintendent's Conference in Atlantic City.

Motion No. 498, by member Lawrence, supported by member Cook, and unanimously carried that the resignation of Administrative Assistant Elroy Ellison be accepted and that he be paid vacation time and Member Cook appended that a letter be written to Mr. Ellison in appreciation for his years of service. President Becker announced that we are unable to pay him the salary he will be getting. Mr. Ellison requested the floor, stating that this is with no animosity that I feel the need to tell you that I am not leaving for a better position. I am fed up on Board members making decisions that the administration should make. Ruthless treatment by administration. Reverse decisions made my job difficult. Double talk, administration says one thing and Board members say another.

A year ago I ask for an executive session with the Board and since that time I have not been too popular with my boss, I did this after conferring with two lawyers. With the increase of administrative salaries the Administrative Assistant was completely bypassed. Superintendent increase \$1200, Assistant Superintendent \$2500. Principals \$1,000. I felt the public should be told. At this point Mr. Fiorilli rose and addressed Mr. Ellison with the statement: "I am disappointed in the legacy you are leaving us with", and turning to the Board, "I feel that you should do your homework before appearing before the public and show some unity". Mr. Ellison then stated that it would be good practice for me to request an audit at this time.

The following notes and payment schedule were checked and verified by Mr. Ellison Motion No. 499, by member Lyon, supported by member Cook and unanimously carried that ratification and approval of payment on the following bank notes be approved. Check # Note #35834 (26 Sept. 1966) on bus 12, Principal & Interest \$1,517.94. Check #02060 Note #37549 (29 Aug. 1966) on bus 11, Principal & Interest \$1,500.48. Check #02062 Note #39775 (Nov. 1966) Principal & Interest \$1,501.94. Check #02063 Note #41674 (Nov. 1966) District Automobile, Principal & Interest \$1,046.98.

Motion No. 500, by member Cook, supported by member Kipter and unanimously carried that authorization and approval for a temporary secretary in the Central Office be granted and that authorization and approval for payment of Bill Warrants at the second meeting in March be granted, if necessary. A committee composed of members Kipter, Froelich and Cook for the purpose of setting up job specifications for the vacancy now existing in the Central Office and conduct a terminal interview with Mr. Ellison, who agreed to cooperate with the committee.

The communications between Mr. Canterbury and President of the Board was next discussed.

There being no further business the meeting adjourned at 10:00 P.M. Stanley Johnston, Secretary

## Northville Council Minutes

The regular meeting of the Northville City Council was called to order by Mayor Allen on Monday, March 6, 1967, 8:00 p.m. at the Northville City Hall.

Continued from Page 8-C

cerning this application. Mrs. Audrey Becker, 543 Dubur street, requested she be allowed to re-iterate her plea of February 20, 1967 for this application to be disapproved. Mr. Gadioli, proprietor of Northville Lanes spoke in his own behalf. Cass Hoffman, owner and operator of Livonia Lanes and Doris Malby of Merriwell Lanes, Wonderland, spoke, representing bowling establishments having youth bowling teams and cocktail lounges.

After questions from council and general discussion, moved by Carlson, support by Nichols, that application for Resort Class "C" license for a Cocktail Lounge at 132 S. Center be approved.

Ayes: 3 (Carlson, Nichols and Allen)  
Nays: 1 (Black) Carried.

Approval of Purchase Agreement of Lot 202, Assessor's Northville Plat #3 Between the city of Northville and Northville Area Development Corporation.

City Attorney read the Purchase Agreement for Lot 202, Assessor's Northville Plat #3 in the amount of \$21,124 between the City of Northville and Northville Area Development Corporation.

Moved by Black, support by Nichols,

## Northville Man Gets VFW Post

Leslie M. Fry, Reno, Nevada, commander-in-chief of the Veterans of Foreign Wars of the United States, has announced the appointment of William Durham, 16933 Northville road, as National Aide-de-Camp, recruiting class.

In announcing the appointment, Commander-in-Chief Fry said, "The V.F.W. could not continue to lengthen its record of accomplishment in the fields of veterans benefits, national security, community service, youth projects - to name a few - without the fine work of such men as Mr. Durham in recruiting members. It is through the diligence of these men that the V.F.W. has enjoyed its growth through the years. Mr. Durham is serving his community, his state and his country, and I am happy to publicly commend his fine efforts."

to approve purchase agreement between the City of Northville and the Northville Area Development Corporation as presented by the city attorney. Unanimously carried.

Recommendation from City Manager Regarding W. Cady street Property: The City Manager reviewed his Memo #67-12 regarding the W. Cady street property. City manager recommended that council encourage the Northville Area Development Corporation to purchase the property of Mrs. Jean Bingley at 120 W. Cady street, Northville.

Attorney's report on Northville Heights subdivision #2 Drainage problem:

City attorney reported that Mr. Ackley, Mr. Hartner, City Manager and he had met on February 22nd and walked over the problem area; mentioned dike that had been built.

City manager and city engineer are to determine what will happen if this pond is filled - also determine if permission can be obtained from Mr. Slatkin and the Village of Novi to do this.

Mr. Stevens of Northville Heights Sub. #2 asked that he be contacted about any developments relative to this matter.

Recommendation from City Manager regarding installation of 2 outdoor panels on south side of 21300 Novi road and owned by the Guernsey dairy:

City Manager explained the background of notice of Novi Board of Appeals meeting on Tuesday, March 7, 1967 at the Novi Village Hall. Mayor Allen and Councilman Nichols will attend this meeting.

Recommendations from citizen's advisory committee:

This to be discussed at a Work Session on Monday, March 13, 1967, 8:00 p.m.

Budget Schedule - Discussion: This to be discussed at a Work Session on Monday, March 13, 1967, 8:00 p.m.

Recommendation from City Manager regard partial payment for signals at Moraine School:

City Manager reviewed the payment for signals at the Moraine School on W. Eight Mile road. Approval given for city's 1/4 share which will be \$200 to \$300.

Discuss Authorization to engineer improvements for Novi road-Allen drive intersection:

City Manager stated he had obtained an estimate of \$2,000 for this and would like permission to have some engineering done.

Councilman Nichols suggested that alternate plans be investigated.

Recognition of "Association of Northville Policemen":

City manager read the letter from patrolmen of the city of Northville requesting recognition from City of Northville Council. City Manager recommended that the council act on this as soon as possible.

Moved by Black, support by Carlson, to approve the "Northville Ass'n. of Policemen". Unanimously carried.

Moved by Black, support by Carlson, to have a special meeting on Monday,

March 13, 1967, 8:00 p.m. to act on Resolution approving organization of Association of Northville Policemen. Unanimously carried.

Ambulance study committee resolution: City Manager reviewed his Memo #67-13 on Ambulance Service. Moved by Carlson, support by Black, to adopt resolution establishing Ad Hoc Ambulance Service Study committee. Unanimously carried.

Public hearing on Subdivision Ordinance to be adjourned to April 3: After discussion, the Public Hearing adjournment date was set for Monday April 16, 1967, 8:00 p.m.

Appointment of Beautification Commissioners Members: Moved by Carlson, support by Nichols to appoint following people on Home Beautification Commission: William Becker, 1 yr; Mrs. Whittington, 1 yr; Ed Welch, 1 yr; Beatrice Carlson, 2 yr; Essie Nirider, 2 yr; Mrs. Jas. Dingwall, 2 yr; Mrs. Wm. Slattery, 3 yr; Mrs. Alice Eaton, 3 yr; Mr. Jerry Rotta, 3 yr; Unanimously carried.

City attorney reminded council that Fred Kester had been a member of the election commission and because of his resignation this vacancy should be filled before the 1967 City election. Moved by Allen, support by Carlson, to appoint Councilman Black to fill vacancy on Election Commission. Unanimously carried.

There being no further business, the meeting adjourned at 12:05 p.m.

Respectfully submitted,  
Martha M. Milne, City Clerk

\*\*\*\*\*

Mayor Allen called the Special Meeting of the Northville City Council to order at 8:06 p.m. on Monday, March 13, 1967 at the Northville City Hall.

Present: Allen, Black, Canterbury, Carlson and Nichols.

Resolution concerning the organization of the Northville Policemen's Ass'n. was discussed. Attorney Ogilvie had checked with Michigan Labor Mediation Board and reported the resolution is satisfactory from legal standpoint. Questions regarding the inclusion of sergeants in the organization and the desirability of a written contract was discussed.

Moved by Nichols, support by Carlson, to adopt resolution recognizing the Association of Northville Policemen. Unanimously carried. (on file).

Meeting adjourned at 8:30 p.m.

Frank Ollendorff  
Acting Clerk

\*\*\*\*\*

Special meeting of the Northville City Council was called to order by Mayor Allen at 12:18 a.m., Tuesday, March 14, 1967 at the Northville city hall.

Present: Allen, Canterbury, Black, Carlson and Kester. Absent: None.

Moved by Black, support by Carlson, to include on agenda necessity for a Special meeting at 11 a.m., Tuesday, March, 1967. Unanimously carried.

Moved by Black, support by Canterbury, to consider composition of membership of the Northville City Board of Review (1967). Unanimously carried.

Mr. Wm. Sliger, Northville Record, is to be notified of special meeting.

There being no further business, the meeting adjourned at 12:25 a.m.

Respectfully submitted

Acting Clerk

\*\*\*\*\*

Special meeting of the Northville City Council was called to order by Mayor Allen at 11:05 a.m. on Tuesday, March 14, 1967.

Present: Allen, Black and Carlson. Absent: Canterbury and Nichols.

Mayor Allen stated that the Special meeting was called to consider resignation of James Cutler from 1967 City of Northville Board of Review. Clerk read Mr. Cutler's letter, wherein he resigned because of "a possible conflict of interest" as he had been a member of the assessing group doing the current re-assessment program.

Moved by Carlson, support by Black to accept the resignation of James C. Cutler from the 1967 City of Northville Board of Review. The clerk read unanimously carried.

After some discussion, moved by Carlson, support by Black, to appoint Kenneth Rathert to the vacancy, created by Mr. Cutler's resignation, on the 1967 City of Northville Board of Review. Unanimously carried.

There being no further business, the meeting adjourned at 11:25 a.m.

Respectfully submitted  
Martha M. Milne  
City Clerk

March 13, 1967, 8:00 p.m. to act on Resolution approving organization of Association of Northville Policemen. Unanimously carried.

Ambulance study committee resolution: City Manager reviewed his Memo #67-13 on Ambulance Service. Moved by Carlson, support by Black, to adopt resolution establishing Ad Hoc Ambulance Service Study committee. Unanimously carried.

Public hearing on Subdivision Ordinance to be adjourned to April 3: After discussion, the Public Hearing adjournment date was set for Monday April 16, 1967, 8:00 p.m.

Appointment of Beautification Commissioners Members: Moved by Carlson, support by Nichols to appoint following people on Home Beautification Commission: William Becker, 1 yr; Mrs. Whittington, 1 yr; Ed Welch, 1 yr; Beatrice Carlson, 2 yr; Essie Nirider, 2 yr; Mrs. Jas. Dingwall, 2 yr; Mrs. Wm. Slattery, 3 yr; Mrs. Alice Eaton, 3 yr; Mr. Jerry Rotta, 3 yr; Unanimously carried.

City attorney reminded council that Fred Kester had been a member of the election commission and because of his resignation this vacancy should be filled before the 1967 City election. Moved by Allen, support by Carlson, to appoint Councilman Black to fill vacancy on Election Commission. Unanimously carried.

There being no further business, the meeting adjourned at 12:05 p.m.

Respectfully submitted,  
Martha M. Milne, City Clerk

\*\*\*\*\*

Mayor Allen called the Special Meeting of the Northville City Council to order at 8:06 p.m. on Monday, March 13, 1967 at the Northville City Hall.

Present: Allen, Black, Canterbury, Carlson and Nichols.

Resolution concerning the organization of the Northville Policemen's Ass'n. was discussed. Attorney Ogilvie had checked with Michigan Labor Mediation Board and reported the resolution is satisfactory from legal standpoint. Questions regarding the inclusion of sergeants in the organization and the desirability of a written contract was discussed.

Moved by Nichols, support by Carlson, to adopt resolution recognizing the Association of Northville Policemen. Unanimously carried. (on file).

Meeting adjourned at 8:30 p.m.

Frank Ollendorff  
Acting Clerk

\*\*\*\*\*

Special meeting of the Northville City Council was called to order by Mayor Allen at 12:18 a.m., Tuesday, March 14, 1967 at the Northville city hall.

Present: Allen, Canterbury, Black, Carlson and Kester. Absent: None.

Moved by Black, support by Carlson, to include on agenda necessity for a Special meeting at 11 a.m., Tuesday, March, 1967. Unanimously carried.

Moved by Black, support by Canterbury, to consider composition of membership of the Northville City Board of Review (1967). Unanimously carried.

Mr. Wm. Sliger, Northville Record, is to be notified of special meeting.

There being no further business, the meeting adjourned at 12:25 a.m.

## For Comprehensive School Study

# Amerman Gets State Post

Former Northville School Superintendent Russell Amerman recently was appointed coordinator of a state-wide drive to acquaint school superintendents with a study of the State Department of Education.

His work is already well underway. Amerman, 67, is serving in a liaison capacity, arranging county and regional meetings with superintendents for Dr. J. Alan Thomas, director of the study.

The K-12 study began last August with a \$200,000 legislative appropriation to conduct what State Superintendent of Public Instruction Ira Polly calls an "objective study of the means, the kinds and the extent of financial aids provided to public school districts from the legislature, and its relationship to all other revenue sources."

The study covers all aspects of educational finance from kindergarten through twelfth grade. Pre-school programs and non-collegiate adult programs offered by K-12 districts also are included.

Examples of topics include present and projected costs at different educational levels such as curriculum; school building, transportation, and teachers' salaries.

Once material has been collected, the data will be stored on electronic tape for instant retrieval during the analysis phase of the study. It is hoped that much of this information may be retained, and kept up-to-date, for the on-going decision processes of state and local administrators, boards of education and legislatures."

In addition to this information system, the study will culminate in a report summarizing the findings of the study, and the recommendations of the study team.

The study is being conducted for the department by the Midwest Administration Center of the University of Chicago. Dr. Thomas is assistant director of the center and has been associated with school finance studies in Illinois, Ohio and Missouri.

Amerman's appointment is the first field-staff assignment in the study. Superintendent of Northville schools for 32 years before his retirement nearly two years ago, he was principal of Northville high school for six years. He is a graduate of Hillsdale college, and he received his master's degree from the University of Michigan.

Amerman is married and has two children. He lives at 212 West street.

Russell Amerman

## Police Cases Up in February; Set New Record

The Novi police department logged a record number of cases - 283 - for the month of February, topping by 53 the previous record set in 1965.

Among the cases were 31 motor vehicle accidents and eight breaking and entering incidents, involving many hours of investigatory work, Novi Police Chief Lee BeGole said.

Juvenile cases and calls resulting from high winds and inclement weather were also up, the chief reported.

"Another factor in the increase of cases this February," Chief BeGole stated, "was the presence for the first time in the community of trailer courts. While exceptionally well planned and administered and having high caliber residents, they nevertheless add people to the village and the more people you have the more demands you get for police service," the chief said.

Total number of traffic violations written the past month was 114, down 128 from last year's high of 242 in February.

Chief BeGole gave two essential reasons for the decline in tickets issued: "the fact that officers now work only 40 hours per week and the fact that increasing time was consumed answering calls and investigating open cases. "Yet, we patrolled enough to keep roads safe," the chief said.

## News Around Schoolcraft

Kenneth Hulsing, chairman of the Schoolcraft College Foundation membership committee, has announced the start of a membership drive for the non-profit corporation organized recently to develop endowment funds for the college.

The campaign for members will start April 1 and continue through June, Hulsing said. He added he had called a meeting for Thursday, March 23, at 8 p.m. at the college to acquaint campaign leaders with the details and objectives of the drive.

"We expect this campaign to generate a great deal of public support both for the college and the Foundation and that it will acquaint the citizens of this area with our long-range goals," Hulsing explained. "On the basis of our preliminary contacts, we are confident of a successful campaign and look forward to considerable public support."

\*\*\*\*\*

Schoolcraft College Board of Trustees Wednesday night (March 15) purchased a 5-ton dump truck and authorized calling for bids on the second phase of the campus beautification program.

The truck contract was awarded to Bill Brown, Inc., Livonia, on a low-quotation of \$8,307 for the rolling stock to be used by the

college maintenance department.

Other bidders were North Brothers, Garden City, \$8,422; Leo Calhoun Ford, Inc., Plymouth, \$8,512; G. E. Miller Sales & Service, Northville, \$8,732; and GMC Truck Division, Dearborn, \$8,937.

Trustees also authorized landscape architects Eichstedt-Grissim Associates, Grosse Pointe, developers of the campus long-range beautification program, to ask for bids to cover the campus mall and its surrounding buildings. The first phase of the program was planted last fall.

\*\*\*\*\*

Howard Kahn, assistant to Dr. Eric J. Bradner, president of Schoolcraft college, has been appointed chairman of the public relations section for the 1967 annual meeting of the Michigan Association of Junior and Community Colleges. The meeting is scheduled for October at Delta college.

# SPEAKING for The Record

By BILL SLIGER

A circuit court ruling that recently declared the city of Plymouth's charter invalid also applies to some 75 other Michigan cities - but not Northville.

Plymouth's charter provides that to hold elective office a person must have been a resident of the city for at least two years "and for two years the owner of property located within and assessed for taxes by the city of Plymouth".

Northville's charter has the same residency requirement, but no provision setting forth the necessity of owning property.

Specifically, the Northville charter says "no person shall hold any elective office of the city unless he has been a resident of the city for at least two years immediately prior to the last day for filing petitions for such office and is also a qualified and registered elector of the city on such day and throughout his tenure of office".

Wayne County Circuit Court Judge Victor A. Baum called the section of the Plymouth city charter which limits the eligibility for seeking public office to electors who are tax-paying property owners "undemocratic and unconstitutional".

The judge declared "this section of the charter denies a poor man the right to seek office in the place in which he lives. By the same token it also deprives a rich man - one who rents a residence and who may have a fortune in tax exempt assets - to become a candidate. Either one is not in keeping with democratic principles."

Plymouth's city council has filed an appeal before the three-member circuit court of appeals. Some 75 cities in the state have similar provisions in their charters, a condition that apparently influenced city fathers in their decision to file an appeal.

The court test of the Plymouth charter came about as the result of the candidacy of the Reverend Peter Schweitzer, an associate minister of the Methodist church, who brought suit against the city when his petition was denied on the basis that he was not a

tax-paying owner of property in the city limits.

The court ruling means his name will now appear on the April 3 ballot.

A council career as old as the city itself closes officially April 6 when the council swears in newly elected members.

John Canterbury, mayor pro tem and a councilman since city incorporation in December, 1955, is retiring from office.

The contributions of Councilman Canterbury to Northville transcend city boundaries and include far more than time.

His forthrightness has not always won friends for Councilman Canterbury. But to those who appreciate his ability to analyze and draw meaningful conclusions he is respected for his willingness to speak up.

Northville is indebted to John Canterbury for his contribution of talent and time that is limited by a demanding job.

In the many years that this reporter has observed Canterbury's service one quality stands out that must eventually prevail in all public servants if we are to truly succeed in providing the best community for Northville's future.

Although elected to serve the city, his judgments have always been weighed on the basis of the welfare of the total community - city, township and school district. He has not been "locked in" by thinking that confines itself to "city limits" or today.

A student of political science, his reasoning is simple and sound. Unfortunately, his motives are sometimes suspect by those who misunderstand.

Let us hope that all public bodies within our community are served by more John Canterburys and that his retirement from the council does not conclude his service to other community programs.

## Readers Speak

# 'Safety Factor, Not Mud Halted Buses'

To the Editor:  
The story appearing on the front page of last week's paper regarding bus transportation to the Moraine school contained some untrue statements. I would like to correct those statements and make clear some of the points brought out in the story.

The drivers' refusal to drive was only indirectly due to the mud. We did not object to the mud. It was the unsafe methods used in loading and unloading children that we objected to.

On Monday afternoon, I had to back out on to Eight Mile because I did not receive any instructions until I arrived at the loading dock on the school grounds. At that time I was told to back out and go to Northville Estates and wait until I was called to drive out onto Eight Mile and load my passengers on Eight Mile road. This upset me because of the high speed limit, the hill which obstructs vision, and the failure on the part of some drivers to stop for a school bus flashing a warning.

I notified my superior and the principal of Moraine School that I would not drive my elementary run on Tuesday morning. My action was "unauthorized" but since I am legally and morally responsible for the safety of my passengers I have the responsibility of providing safe transportation. When I cannot provide safe transportation, I have the authority to refuse to drive.

On Monday evening I personally called every parent on my route to explain the situation. I informed them my action was "unauthorized" but even at the risk of losing my job, I had to refuse to drive until safe measures were taken.

Mrs. Hay did not call parents on Monday night as reported in the paper. Instead, she went to the Superintendent with her feelings on the subject. The parents on her route were notified Tuesday morning. Bus service to Moraine was also denied Shadbrook, Edenderry, and Taft Colony. The paper or Mr. Spear forgot to mention that fact.

On Tuesday morning I drove my car out to Northville Estates and watched the unloading procedure to see if it was safe. The children were walked across Eight Mile from Northville Estates by Mr. Nelson and Mr. Spear, Chief of Police Elkins was on the scene. Also present was Stan Johnston, member of the school board. Luckily all cars stopped to let children walk across the street. I hate to think of the tragedy if a car had come speeding over the hill at the wrong time.

Mr. Johnston had a bus go into the parking lot to try to turn around so that we could unload and load on the school grounds and pull out of the driveway safely. When his method proved satisfactory, we held a meeting in the bus garage with drivers and administrators and all drivers agreed to go back to work. I then notified the parents on my route I was back on the job.

In all fairness to myself and Mrs. Hay, I think it should have been stated that four buses failed to pick up Moraine students which contributed to the

## Calls for Solid Administration

To the Editor:  
When you have a servant and pay him good money you expect to call the shots, not vice versa. But this is exactly what Superintendent Alex Nelson is doing!  
From what I have read and heard this man should be removed. We, the voters, should not have to wait until June of 1968 to get a good man.

When we are paying good size school taxes, we should be able to get more teachers and supplies for the children, not a bigger salary for the superintendent and his assistant.

None of our children are in school yet, but the oldest starts in September and I cannot see this school system fall flat but this is what will happen if we don't get a good solid administration.

Mrs. J. H. Walasky

## Sees Town Losing Its Image

To the Editor:  
Once upon a time there was a lovely little community called "Northville", a town of shady streets and friendly folks where people liked to drive on a Sunday afternoon.

Schools were good with over 70 percent of the youngsters going on to some form of higher education, many of them making the Dean's lists along the way.

Teachers enjoyed taking their youngsters on field trips because they were complimented on the decorous behavior, as opposed to places they'd taught before.

The men in charge of the schools were fine dedicated people who had grown up and developed themselves along with the system they served, and they took pride in their work.

But, things can always be better, so Northville investigated new philosophies of education, unfortunately becoming a victim of progress along the way.

Our school board showed extremely poor judgment in accessing the administrative qualifications of the man they chose to run the school system.

absentee list. It should also be made clear that there are always several absences even when all buses run according to schedule. Four of the students on my bus route were absent Tuesday - one due to illness and three due to lack of transportation.

Assistant Superintendent Spear said refusal to drive without authorization constituted a violation of contract. This remark seems rather strange to me because the bus drivers have no con-

## She Opposes School Sponsored Dances

To the Editor:  
In attending the Parent Teen Counsel meeting on March 8th a thought struck me after I arrived home. Where was the man (Mr. A. Nelson by name) who should have been very interested? Was he hiding behind the stage or was he absent on purpose?

After a lot of talk about "water under the bridge" the meeting was thrown open to those attending as to how, with the combined effort of police, schools merchants and of course the general public, the social activities for the upcoming generation could be improved. Since when has it become the business of the Board of Education to extend itself into other areas except education?

The "Dance was brought up - which is really the only social event for the younger (under 21) group. The last one I heard talk held the key and didn't have the courage to open the door. The youngsters themselves gave her the answer.

**EDITOR'S NOTE:** This newspaper welcomes letters to the editor. We ask that they be received at this office by Monday noon for publication the same week and that they be limited to 500 words. All letters must contain the signature of the writer but names will be withheld on request. This newspaper reserves the right to edit letters for brevity and to avoid profanity or libelous statements.

## Praises Teen Club

To the Editor:  
Since I've been following the success of the CAVERN club in the Northville Record, and have heard reports from various enthusiastic members, I decided to stop in to see "the action" for myself last Saturday night. I asked some questions - looked around - saw many happy teens having a "ball" - and wondered if our town really understands what the CAVERN means to these hardworking members.

The most important point must be that this is a club started by teenagers, and completely run by teenagers. They are an incorporated organization, have their own rules, hire top bands, order and sell refreshments, and decorate on occasion. A member of Mother's club, their sponsor, attends their meetings every Sunday afternoon in an advisory capacity. She has been amazed with the managing ability and innate fairness of this group. Lately we have heard about the laziness and selfishness of youth. Perhaps it's the parents who are at fault. We don't give our teens a chance to find out what they CAN do. They anticipate their dances and cooperate with the high school schedule of Friday night affairs. However, since they realize that dancing isn't the answer to the social needs for every teen, the desire for a building becomes greater as they hope to offer pingpong, games, etc.

The CAVERN advertises in surrounding schools and they sell tickets to between 300 and 500 teens per dance. Thus they more than make expenses and now boast of approximately \$1200 in their bank account. With this money they hope to fulfill their biggest wish - a building of their own. This will require effort from all of us. Lacking an

## Sees Town Losing Its Image

We are living with the resulting chaos that has filtered right down to the students. Northville is now a town shunned by new teachers, families and all who seek a tranquil place to live.

Don't lose heart. There IS something we can do about it besides wring our hands. Two seats are coming available on the School Board, plus the unexpired term of Mr. Lawrence, currently being filled by Mr. Martin. It is vital that these be entrusted to the most competent businessmen we can find!

Mr. Martin's qualifications are unquestionable and if we can get two more men of his caliber we will have level headed, thinking people in charge.

Be sure to study the candidates carefully, attend meetings where they are introduced and ask questions. Encourage good people to run. Take care that you VOTE yourself and if you can't be here apply for an absentee ballot in time.

The future of Northville depends on us and if we fail it will be because good people do nothing. Hopelul

tract to violate. In addition, I would like to make it clear to the public that I am responsible for my passengers and according to a representative of the Wayne County Intermediate School District and the Coordinator and Consultant from the Michigan School Bus Driver Education Program sponsored by Eastern Michigan university and Western Michigan university, I have the authority to refuse any operation that I feel is unsafe.

## School Sponsored Dances

THEY want their social activities separated from the school. As far as social activities are concerned in Northville, there has been little or none in the past 12 years that I have lived here, for young or old. If adults wanted entertainment they drove to it, some still do and so do their youngsters as we knew this was the way it was when we came here, simply because we looked before we came.

Is the general public now expected to donate time and effort as well as money to keep a few happy for a few hours each week and then find in a short time they want something else like so and so has? Certain activities will never satisfy everyone and everyone will never be completely happy all the time. This is not really the point by any means. The board has no business in this field as a board. If they want it as a personal thing it should be done on a personal basis and have nothing to do with the school. Let the board get down to the business that they were hired to do, that being educating the future generation, and stay out of the entertainment field. I'll see to it that the ones I have the responsibility of raising find their own social activities which are to my liking...

I think the cramp comes when parents refuse to give up even a few hours of their time or change their code of living and just plain face their own responsibilities, but do expect someone else to see that their youngsters stay out of trouble and have FUN FUN FUN while they go their merry way having

## Thanks Police

"Angel" to supply a building they are looking for someplace centrally located, near police and fire protection for a permanent CAVERN.  
My hat is off to these ambitious members and to the adults who have the sense to let them organize and run their own club. Parents chaperone every dance along with three local policemen. This promotes a feeling of "hometown" protection so vital to the security of both teens and parents of these teens! As parents, let's give them a helping hand when they ask for it, and work with them when they need it. Let's be proud of the self-reliance that the CAVERN is fostering among these young people.

H. O. Evans

"The play is not 'about' something; hopefully, it is something."  
Perhaps it's a matter of semantics, but Arthur Miller, one of the few articulate playwrights in America today, was telling us something significant about his play, "After the Fall."

And it became substantial when the University Players at Trueblood auditorium in Ann Arbor put on their production of "The Fall," a play written specifically for the opening of the repertory theatre at New York's Lincoln Center in 1964.

A play is not a toy, Miller was saying. It is not an amusement. Nor is it the recreation of an experience. It is an experience, perhaps terrible, but an experience nevertheless, which cannot be dismissed with a label.

To draw the audience into the life-drama, Miller created an especially devastating device, one that the University Players poignantly portrayed and imbued with the vigor of life. The mind of his main character, Quentin, was made the stage, to afford us an intimate view of his dilemma.

The play began as many other plays have begun, with Quentin chatting with the audience as discursively as he would talk with a friend. But the candid atmosphere soon disappears and the taut drama sets in.

His thoughts - at times disjointed, yet allied - are unveiled before us. People move only when he thinks of them, pricks them to life, so to speak, as he recalls incidents in which they are involved. Quentin's life is bared, much as a patient's thoughts are bared to his psychoanalyst.

And Quentin has need for therapy. He has reached a crisis in his life where he is on the verge of despair. An aging man, he is befuddled by the aimlessness of his life, one that had seen him destroy two marriages and his career as a lawyer. He works a reverse alchemy: everything he touches turns into death.

The people of this community are indirectly paying me to transport their children to and from school and they deserve the peace of mind that they can receive from knowing a bus driver is concerned first and foremost with the safety of their children.

Sincerely,  
Mrs. Charles Kehrer  
46090 Norton  
Northville

their own brand of fun.

The oldest girl worked and saved her money and we shopped for a car for her (making sure it was safe) so she could go back and forth by herself, since the transportation is less than adequate between my home and Northville. This girl takes her brother and drops him off at the junior high then she and her sister go to the high school, then she reports for work at 2:00 p.m. This may not seem like much to others but to me anyone with this much initiative has earned some credit and I see that she gets it. I'll fight for her every step of the way. I feel this is MY job as well as MY responsibility and if I don't ask anyone to share the expense MY OWN BUSINESS as well. She earned this car and she has my permission to drive it as long as SHE is my responsibility and I'm willing to accept it.

The mode of dress was also brought up. School is a place to learn, not a place to put on a Burlesque Show to see who could wear the least or how much of the human body could be exposed without being arrested. Who is really to blame for today's fashions? Do the ones still in school design the things and put them on the market? I don't think so; the 'in' crowd follows along like a bunch of sheep on someone else's suggestion.

Hair is another thing that has come to a pretty pass. Let's make Northville a place where you can tell at a glance which sex you are looking at. The statement that men wore their hair long in the 18th century is very silly. If we are going back that far to pick up some of the styles let's go all the way and give up the advantages we have in the 20th century as well. It is just not possible to go forward only part of the way. One thing all should remember is - To be treated with respect we must all look and act the part.

I am one of the many  
Mrs. C. J. Cox

## Thanks Police

To the Editor:  
We wish to thank the Northville Police for their diligent efforts in rounding up stray dogs in Northville Estates.  
Mr. & Mrs. Glen Cogsdill  
47238 S. Chlgwidden

Art Heslip, whose hair is as white and plentiful as the milk that his 38 cows produce, was sharing a Saturday conversation with three of his sons.

The subject was the milk withholding campaign launched last week by the National Farmers Organization. The campaign is sort of a barnyard boycott.

Although he isn't the kind of a guy you'd expect to see carrying a picket sign, Art is plainly sympathetic to the NFO's goal: a larger share of the money that my wife plunks down for a quart of milk.

"I told the hauler that if things got close and they were really pushing this thing, why naturally, we would hold our milk off the market too."

Like most other dairy farmers, he contends that the farmer's share of a two-bit quart of milk is disgracefully inadequate.

So even though he and many other Michigan farmers may not be dues paying members of the militant NFO, they support its aims and, if necessary, they're willing to keep their milk at home in hopes of giving NFO a hand. Ironically, the dairy farmer's biggest voice in the state, the Michigan Milk Producers association, is opposed to the boycott.

Specifically, the NFO is battling for a two-cent a quart increase - not much in terms of today's big paychecks - but for the guy down on the farm it's enough to keep the 'for sale' sign off the barn for awhile longer.

Most of those 'for sale' signs already have been tacked up. There are only two dairy farms left in Novi, only one in Northville. And in nearby Lyon-Green Oak, the largest dairy farmer is selling his herd next month.

How much is Heslip paid for a quart of milk?

"For February milk I got 11 cents a quart, for January I got 10.68, and for December 11 cents a quart. That's what the dairies paid for milk they put into a bottle.

"The sad part of it is that we don't know what we're going to get for our milk for the month of February until the 15th of March."

Furthermore the price of milk paid the farmer, Art emphasizes, has not increased in proportion to food prices. He notes that five years ago he was paid 10 cents for January milk, 9.35 cents in February.

"You know yourself that when you go to the store the price of milk doesn't vary from month to month.

"Now, when I say I got 11 cents, that's at the farm. I have to pay the dairy to haul this milk and hauling charges are anywhere from 20 cents to 30 cents a hundred weight. (A hundred weight of milk is equivalent to 46 1/2 quarts).

"These prices I'm quoting you are for what we call 'base milk.' If we have more milk than that base we don't get paid as much for it, although it still may go into the bottle."

Referring to the dwindling number of dairy farmers in this area, he points out that "it isn't only because we're so close to the metropolitan area. You go out a ways and the fellows are quitting the milk business because they can sell what they produce on a farm without putting it through cows.

"One of these days a quart of milk is going to cost 50-cents. I believe that - unless something is done, because these farmers that are going out of the dairy business are not going back."

One of Art's sons dramatized the decreasing number of farms by noting that there are more employees in the federal department of agriculture today than there are farmers in the United States.

Dairy farmers, Heslip says, are selling their herds because the work's too hard and confining for the financial reward. He points out that it takes from 15 to 20 more cows today than 10 years ago just to stay at the 1957 economic level. And those additional cows mean additional work.

Even so, the number of cows are dwindling too. "There are fewer cows today than 10 years ago."

Fortunately, the housewife who is demanding more milk than ever is able to find it in the store, despite the decreasing number of farmers and cows, because the cow is giving a third more milk than formerly and she's living twice as long.

But according to Art, the day isn't far off when the demand will outstrip the supply - probably within the next five years. So if the farmer "can hold out" until then, he'll be in a position to demand and receive a "fair share" for a quart of milk.

Meanwhile, Art's hoping the NFO gets the extra two cents and he offers this grisly word of caution:

"A lot of people have been surprised at these race riots. Well, when we have a food riot in this country they'll know that we're really in for something... because a race riot is nothing to a food riot. And it can happen here."
